House Takes Double Beating in Big Blow

Photo by Holly Angell

The Tuesday, June 26, storm gave the death blow to this elm tree located at 918 Lochmoor boulevard. There were three other reports of trees on houses in The Woods, another in Lochmoor and two in Clairview road. The winds and lightning felled trees and branches throughout The Pointe, The Shores being the hardest hit.

(Continued from Page 1)
a Hawthorne road residence, while numerous side doors were torn off. A South Edgewood drive home at the corner of Lake Shore had two large trees thrust across the property.

Vernier road was blocked by fallen trees, as was Hawthorne and Roslyn. Trees were felled on Hampton, while Lake Shore was partially blocked by fallen limbs.

A Shores resident had some anxious moments after his son and a friend went out on the lake in a 20-foot Chris-Craft before the storm came. At 6:30 p.m. he checked the well and found the boat still out. So police contacted the Coast Guard who reported, an hour later, the boat had returned safely back.

Meanwhile, the Grosse Pointe Yacht Club reported no damage to any boats nor wind damage to the building.

THE WOODS — As in The Shores, Department of Public Works personnel were working long hours to clean up heavy debris, particularly on the city's eastern limits near The Shores. But, overall, The Woods wasn't "hit hard," said Public Safety Director Henry Marchand.

The Public Safety Department received 28 calls between 5:26 and 8:32 p.m. from residents reporting fallen trees, downed wires and a flooded street. The storm also shattered the front window of Schummers Ski Shop, 20782 Mack avenue, police said.

Four reports of trees toppled on homes were received. These occurred at 896 and 918 Lochmoor, and at 19980 and 19981 Clairview. Two large trees also were blasted on the front property of The Woods Presbyterian Church, 19950 Mack.

The Lochmoor Club escaped serious damage although two large trees were thrust across the club's fence, and many limbs and branches were scattered about the grounds. No serious damage was reported at the Lake Front Park.

THE CITY — Around 4:15 p.m. police received a call of a funnel in the area of Lincoln road and Chalfonte. The area was checked and no damage was reported. Several funnel reports were received by the department.

Unlike The Shores and Woods Public Safety Departments, which reported no flooded basement calls, City police had a couple such reports, one from a Maumee avenue resident and another from a Rivard road citizen. Police also received various "wires down" and broken limb reports.

Some tree limbs were broken at Norbert Neff Park, along with a couple of downed wires, but no serious damage was sustained.

THE PARK — Numerous reports of broken limbs and sprawling wires were received by police, along with two transformer fires. There also was a flooded basement report.

No serious damage was reported at the Windmill Pointe or Three Mile Drive Parks.

The storm caused a blackout on the 700 block of Westchester but officials reported this appeared to be a "local" problem, as it happened only in this block.

THE FARMS — Tree limbs were down in eight locations, it was reported, while The Pier-Park escaped destruction.

One tree was toppled by the wind near the shoreline, (aided by soil erosion), at the Crescent Sail Yacht Club. No boats were reported damaged.

In comparison to other areas, e.g., Birmingham, Royal Oak, Southfield, Troy, a Detroit Edison spokesman said, "Relatively speaking, Grosse Pointe was not too badly hit."

Many Downed Wires
Fifteen houses in the Vernier and Morningside drive area were out of service via downed wires. This, he said, was the biggest problem area in The Pointes.

The spokesman added, "The Detroit division extends into Grosse Pointe. About 20,000 customers were out of service in that division, and most of these were in the northwest section."

Meanwhile, Michigan Bell reported Thursday afternoon, June 28, its forces had been working since the Tuesday storm restoring telephone service in The Pointes. But due to the continued wind and rain an estimated 500 residents were still out of service, (as of 5 p.m. on the 28th). Michigan Bell trucks were still working in the area on Monday, July 2.

"Besides the individual lines out of service, more than 100 cases of cable trouble—wet and damaged cable—have also been reported," the spokesman said.

G. A. Webber, district plant manager for the area, stated local repair crews have been aided in restoring service by outstate repairmen.

Catch Speeder after Chase

Gregory Ian Stahl, 18, of Muskegon, traveling at high speed attempted to elude Farms police during a chase on Sunday, July 1, at 2:15 a.m., but was apprehended in a driveway in Mt. Vernon, where he turned off his car lights and ducked down on the front seat. A second driver, with whom Stahl was said to be racing, escaped.

According to a report submitted by Patrolmen Timothy Morrison and Johannes Winter, while on patrol south on Belanger, from the Mack alley, they saw two autos traveling south on Belanger at a very high rate of speed.

Both motorists continued on Belanger to Chalfonte, then turned west on Chalfonte, still at high speed, to Lothrop, then made a fast turn south on Lothrop.

The patrolmen said they turned on their scout car flasher and siren, which the drivers ahead either failed to hear or completely ignored. The pursued motorists disregarded a stop sign at the Beaupre intersection, and drove west on Beaupre, still at high speed, then south on Mt. Vernon.

TM Talk Set For July 12

Transcendental Meditation, (TM), is a simple, mental technique providing deep physical rest and spontaneous development of mental potential on a systematic day to day basis.

Consistently growing numbers of Pointers verify the practicality of the technique by their regular practice. This is the case across the country as over 11,000 Americans learn TM each month.

An introductory lecture welcoming all Pointers will be given by Lewis and Andree Leonard, of Maumee avenue. The Leonards are teachers of TM and directors of the International Meditation Society, a non-profit educational organization. The lecture will be held at the War Memorial at 8 p.m. Thursday, July 12.

For further information, call Mr. Leonard at 882-7211.

Men slacken their speed when bad things begin to ride them.

The car, driven by Stahl, turned into the driveway of 232 Mt. Vernon, stopped and Stahl turned off the car lights and ducked down on the seat.

Morrison and Winters said that the driver of the other vehicle continued on Mt. Vernon to Charlevoix, made a turn west on Charlevoix and disappeared.

The officers said they approached the car in the driveway and arrested Stahl on a charge of reckless driving. They took the youth to the station where they ticketed him for the offense. A check of the license plate on the auto, a 1969 Cadillac, was registered to a Park resident, who had loaned the car to Stahl.

Stahl told the arresting officers that he knew the operator of the other automobile, but would not place him behind the wheel.

Stahl was released after posting a bond of \$50, pending a court hearing scheduled for Wednesday, July 25.

Given the name of the other motorist, Morrison and Winter went to the person's home and informed his parents of what had taken place and advised them if their son continued this method of driving, he might hurt or kill himself, or possibly others. The parents said they are attempting to get their son to sell his car, but they cannot control his driving, since he drives a truck on family business.

Woods Reports Decrease In Bike Thefts This Year

By Roger A. Waha

Bicycle larcenies in The Woods have shown a marked decrease this year from January 1 to June 28 in comparison to last year.

An estimated total of 95 thefts have occurred this year as against 133 larcenies from January 1 through June 1972. Nonetheless, June 1973 was a heavy month in thefts as some 35 bikes were snatched up to the 28th.

Detective Everett Plumb said most of the bikes have been taken from open garages, from along Mack avenue and those which were left unattended.

He urged residents not to leave their bikes unattended at any time. "Bicycles should be locked when parked and garage doors should be closed," he stated. The detective also stressed the importance of all bikes being licensed. This, he said, helps in tracing the vehicle if stolen and in apprehending potential thieves.

Speaking about apprehension, Woods Corporal Thomas Kerving nabbed an 18-year-old Detroit youth Sunday, June 24. The youth was in possession of a girl's bike which was stolen from a Kenmore road residence, police said.

The youth is charged with receiving and concealing property under \$100 based on a recommendation from the Wayne County Prosecutor's office.

Then on the following day, Public Safety Officer Wayne Baum stopped two Detroit girls who were driving with a boy's bike protruding from car trunk. One 18-year-old is charged with larceny of a bike under a city ordinance.

As for recoveries, Detective Theodore Hinz said there have been more recoveries so far this year in comparison to 1972.

Although the June figures haven't been compiled as yet, the May figures show a drop in property losses via bike thefts in 1973 as against 1972. From January 1 through May, losses totaled \$3,807 as compared to \$4,341 for the same period last year. And in the value of property-recovered category, no amount is listed for 1972 while bikes with a total value of \$748 have been recovered this year.

Dog, Postman Share Loyalty

By Holly Angell

In this era of future shock and instant replay, it's unusual to see any sort of regularity and on-going tradition. Of course, there are a few recurring themes in our life; day, night, the NEWS on Thursday morning and Michigan weather, consistent in its inconsistency.

However, it has been brought to our attention that a ritual is being carried out every morning in Rivard boulevard. And it has been going on for a number of years.

It is almost classic in its conception — a storybook event — the old tale of a dog and a postman.

The cast of characters includes the dog, Ralph, owned by Rivard resident Mrs. Nettie Duffield and the cigar-smoking, short-sporting postman, Bob Brorson.

The two are inseparable friends. Ralph waits for Bob to arrive in the morning, follows him on his route down Rivard to Jefferson and sometimes over to Roosevelt place. Then it's up Rivard and back home again. If Ralph is not waiting outside when he arrives, Bob opens the door and whistles for him.

Owner Mrs. Duffield is unsure when the eight-year-old mutt began taking up with the postman, but she thinks it's at least three or four years ago. And Ralph is over-endowed with that worthy dog quality—loyalty. He will not follow any of Bob's vacation replacements.

Ralph's loyalties and companionship have not gone unrewarded. Bob occasionally slips him a dog biscuit and presented him with a rubber bone at Christmas time.

So if you seek a little stability in your life, go follow Ralph and Bob—they are always around.

Children's Art Camps Offered

A three-week art camp will be held on the grounds of Grosse Pointe War Memorial July 9-27. It will be under the direction of Donald Schrom, art instructor of University-Liggett school.

The art camp is divided into two groups. The period from 9:10-3:30 daily on week days is devoted to children ages 5-9; boys and girls from 10-15 will meet from 10:30 to noon.

In the camp, which will be held in the lakeside gardens and grounds whenever weather permits, the young people will be taught the principles of color and design. They will be instructed in drawing and painting and also in three dimensional work such as wire sculpture and paper craft.

Enrollments for the art camp are being taken now in the Center's office. The fee is \$24 for three weeks instruction plus a materials cost of \$4.

Burglar Robs Farms Store

Joseph Elias of Lavon, St. Clair Shores, informed Farms police on Friday, June 29, that a woman employe arrived to open his place of business, The Fashion Door, 18546 Mack avenue, at 6:30 a.m., and discovered that the place had been forcibly entered.

Elias said that as she was about to enter she found that the front door had been kicked open, resulting in the latch being broken and the door splintered.

Officers dispatched to the scene, were told that the burglar, or burglars, took approximately \$260, total of the previous day's receipts, and petty cash was taken from a front office desk.

A cigaret machine near the broken door had been forced open and an unknown amount of change and packages of cigarets were taken. Also missing, the store owner said, was six dollars from a can near the coffee machine in the office, and four dollars from a soft drink machine, which appeared to have been opened with a key, since no marks were apparent indicating a forced entry.

The matter was referred to Det. Sgt. George Van Tiem for further investigation.

Full Pool at Woods Park

(Continued from Page 1) were angry and she wanted to know if the "lost pool time" would be extended into the fall. Mr. Hallmann said, depending on the weather, the pool would stay open until the second or third week of September. "If the weather is such that we don't have people come down, the pool will be closed," he stated.

While the pool situation has improved, some 10 percent of the park was flooded due to the Milk River overflowing in the area of the Grosse-Gratiot Drain Pumping Station dam. The problem still existed on the 2nd. This flooding was caused by the rainstorm of Thursday evening, June 28, Mr. Hallmann said.

The park, by the way,

escaped serious damage due to the storm which racked The Pointe area Tuesday evening, June 26.

Jail Sentences

(Continued from Page 1) Leperance was in another room and not aware of any commotion.

Two of the youths removed Leperance's glasses, so he could not see and one held a vase over his head while the other two teens searched the house. When they could find nothing they robbed Leperance of his wrist watch and a wallet containing \$30.

As the foursome were about to leave through the front door Patrolmen Paul Konefke and Andrew Meeker, searching the neighborhood after receiving a radio dispatch to look for suspicious males in the area, saw the youths. On seeing the officers the youths slammed the door shut and tried to leave by the dining room door.

Unable to open this door, one youth dove through a closed window, and three others fled out the rear door. Konefke and Meeker ran to the rear of the house and saw the four running from the scene and gave chase on foot. The policeman observed the young men run into a garage at 1017 Balfour, and called for assistance. Other officers arrived and surrounded the building and the youths were arrested.

Gas Shortage

(Continued from Page 1) limitation on regular gas only.

One attendant told the NEWS he has no allocation problem. "There's no point in allocating gas at a neighborhood station like this. I'd just be running out to fill the same customers' tanks each day," he stated.

With the shorter hours and numerous Sunday closures, Pointers had best keep their tanks near the top. For there's always a chance, if you're dwindling near the empty line, that the last station you visit might be closed.

Defer Sentence of Coin Thief

Henry George Cramer, of Moross road, Detroit, who was arrested by City Police on Friday, April 13, for breaking and entering Coins and Stamps on Mack avenue, has his sentence deferred one year.

On Wednesday, May 16, he entered a plea of guilty for attempted breaking and entering. On Wednesday, June 27, he appeared in Circuit Court before Judge James N. Canham who deferred his sentence.

Palmer Signs With Chicago

Twenty-year-old Rob Palmer has signed a contract to play with the National Hockey League's Chicago Blackhawks. The son of Mr. and Mrs. Robert Palmer of The Woods agreed to terms Friday, June 29.

The All-America center from the University of Denver turned down an offer from the World Hockey Association's Houston Aeros to accept the Blackhawks' contract.

Palmer has played varsity hockey for Denver for the last three years. He was voted All-League and earned All-America honors this past season. Palmer netted 25 goals and had 41 assists.

On April 13, City Police Officers Donald Boyer and David Teolis received a radio report that the burglar alarm was ringing at Coins and Stamps, 17658 Mack avenue.

When they arrived at the scene they discovered that the back door of the building was open. Officer Boyer entered through the rear and began searching the area with his flashlight.

Cramer then ran out of the rear of the building and fell to the pavement when Officer Teolis yelled out to him. He dropped at his side a coffee can containing a bag of dimes, totalling \$101.10, 77 Morgan silver dollars valued at \$1,095.25 and a right hand glove.

Patrolman Timothy Morrison of The Farms found beside Cramer three bags of coins; two bags of quarters valued at \$335.55 and \$466.25 and a bag of dimes valued at \$1,562.80.

Cramer was placed under arrest and taken to the City police station. There they found 11 Morgan silver dollars, value unknown, in his pockets.

There was no restitution to Coins and Stamps in the sentencing.

It's not what you do, but how, that makes life a success.

Park Officer Organizes State-Wide Police Group

Park Patrolman Edward B. Serwach, who believes in professionalism in law enforcement, did more than talk about it; he organized a group called the Michigan Professional Police Association (MPPA) early this year and now has approximately 100 dues paying members.

Serwach, 30, the first president of MPPA, said that if law enforcement is ever to attain true professional status, members must work toward that goal, and work together in achieving the highest ethical and professional standards possible.

He believes in gathering useful and educational information regarding crime detection, traffic control, preparing evidence, laws of arrest, crime prevention and similar police problems, and, believes that the best way to do this is through education.

"We intend to keep those in law enforcement work abreast of new developments and opportunities open to them," Serwach said. "All gathered data, including books and newspaper clippings, will be open to qualified members."

The officer said that his group is planning to publish a 70-page quarterly magazine, "The Michigan Police

Officer," to be distributed to all members.

Serwach pointed out that the media will contain only articles about the latest law enforcement developments and trends in Michigan, with the first issue, about 10,000 copies, expected to be printed sometime this month. These copies will be sent to members and to libraries throughout the state, he pointed out.

He stressed that the MPPA is not in competition with other police organizations such as the Fraternal Order of Police or the Police Officers Association of Michigan, but will supplement the activities of these organizations.

Serwach said that it is not the intent of his group to become involved in wage disputes, or charities such as widows and orphans funds, but only to promote the education of law enforcement.

Serwach is a senior at Wayne State University, majoring in Police Administration.

He said his organization is open to persons engaged in law enforcement, law school students interested in law enforcement, and associate and honorary members. Honorary members, who contribute to law enforcement throughout the state, will pay no dues. To belong to this category, these members will be chosen by a panel from the MPPA, he added.

Anyone interested in joining the MPPA may write to the group's office at 481 West Columbia, Detroit, 48201; or 105 East Washenaw, Lansing, 48933.

FENCE APPROVED

At a meeting held on Monday, June 18, the Farms council granted Burt Eddy Taylor, Jr., of 280 Ridge road, permission to obtain a permit to erect an extension of an existing six-foot fence which would form a fenced-in back yard on his property. Under an existing Fence Ordinance, property owners must obtain permission from the council to put up fences above the allowed four feet.

Portland tied the score 3-3 with two runs in the third. Tom Martindale walked with the bases loaded scoring John Meier from third.

John Gallagher was the winning pitcher for Denver. Steve Groehn of Denver drove in the winning run against Sacramento in the bottom of the sixth for a 7-6 win.

Babe Ruth Results

PARK, CITY, FARMS
The Burger Chef White Sox picked up four wins in a 12-day span to take over first place in the American League's second half with a 6-2 record.

Bill Howell, relieved by Dan Couvreur and Chris Martinelli, pitched and batted the White Sox to a 10-7 decision over the Metropolitan Club Indians Wednesday, June 13. Howell drove in three runs and Couvreur, two, while both Darrell Graham and Steve Nitzsche were picking up two hits apiece for the Sox.

Couvreur's pitching and hitting combined with Nitzsche's long home run, and Bob Montgomery's double, led the White Sox to a 9-6 victory over the Kotlar Enterprises Yankees Tuesday, June 19.

On Saturday, June 23, Howell, pitching the first five innings, and John Knipp, the last two, combined to beat the Grosse Pointe Park Police Officers Association Giants, 8-1. Howell, Montgomery and Tony Senagore provided the batting punch in this game.

Senagore, striking out four while giving up only four hits, pitched the Sox to a 6-2 win over Sears Tigers Monday, June 25. Offensive highlights included two hits by Rick Ruffner, a squeeze bunt by Joe Vier and a steal of home by Art Behm.

The Trevor Steel Red Sox also were hot winning four games out of five including a 7-4 first half playoff game against the Yankees Sunday, June 17.

Charley Murphy's pitching and the hitting of Rick Thomas, Steve Coates and Tom McCubbin sparked the Red Sox and puts them into a game against the Indians to decide the first half champ which, as of this writing, has yet to be played.

Other Red Sox wins included a two-hitter by Rick Pfeiffer Monday, June 18, over the Tigers in a 4-2 game, a 12-3 decision over the White Sox Thursday, June 21, pitched by Rick Thomas that included two hits apiece by Murphy, Coates, Pfeiffer and Bob Boydell, and a 13-4 win over the East Side Key and Bike Cardinals on June 23.

In the Cardinal game, Murphy was again the winning pitcher and, in addition, helped his own cause by banging out two hits, Coates

and Pfeiffer also contributed offensive support.

The only Red Sox loss during this span was a closely contested second half game against the Indians in which Brian Cammett out dueled Thomas, 2-1. All the Indians scoring came in the first inning when Chad Morris walked, Bob Neville tripled and Cammett singled. Thomas doubled Dave Eversen home for the only Red Sox run in the third.

In the only National League action reported, the Grosse Pointe Optimist Club Braves dumped the Indians, 10-9, on June 23 and then won again the next night over the Giants, 13-11.

In the game against the Indians Bob Glass became the winning pitcher when Andy Costopoulos singled home Roland Vandebroek in the bottom of the seventh inning. D. J. Kiska, in addition to getting the victory for the Braves in their win over the Giants, also picked up two hits as did Jack Brabb.

District level tournament play for the Babe Ruth 13-year-old All-Stars will get under way on Saturday, July 7, at the Clintondale field. GP's American League team plays the Clintondale Majors at noon and the All-American League squad faces the L'Anse Creuse North team at 2:30 p.m.

Grosse Pointe's National League will go up against the Clintondale Minors at 5 p.m. that same day.

Tournament competition for the League's 14-15-year-olds does not start until Friday, July 13.

Rain Limits GPSA Action

Field conditions limited the action of the rain-plagued Grosse Pointe Softball Association, (GPSA), to only a handful of games this past weekend.

Despite the two-for-three performance of Jim (Jimbo) Frazio the East Warren Bingers suffered a crushing defeat at the hands of Keg-A-Brew, 15-1, on Saturday, June 30.

Other action saw the Marauders lose to Kassier Electric, 14-9, while Art Van beat Schaivi's in a close battle, 12-10. Hank Chase again had the hot bat for Art Van going three-for-four.

On Sunday, July 1, the Marauders suffered their second loss of the weekend as Keg-A-Brew picked up its second win in an extra inning game, 7-5.

Steve Grob hit a round tripper and Rick Motschall went three-for-four to lead Art Van to victory over the Challengers, 15-5, in the final contest of the day.

Being perfect is easy — follow the advice you give others.

Development Pact Cancelled

The Shores-based Concord Circle Company, which entered into an agreement with The Woods last September regarding the development of two lots of the Beaufait Koch-Tesmar Subdivision, (in the area of Mack avenue and Hawthorne), has decided not to pursue the matter.

Last September the council okayed the installation of a six-car parking facility on one lot, provided a single family residence was erected simultaneously on the other lot, (Mack and Hawthorne area). But the company, after receiving construction bids, decided not to pursue that venture and has entered into an agreement to sell the property. The company added the buyer had no intention of following this program.

It also directs that the present owner(s) of the lots be notified under the city's zoning ordinance that the lots may not be used for parking other than the owner's personal vehicle without specific permission from the Board of Appeals.

Present Play at Monteith

Monteith School sixth graders, members of Mrs. Marceline Wroble's class, presented the play "Cinderella" to kindergarten through third graders during the last week of school.

The children wrote and directed the five-act play themselves as well as designing the scenery. And the audience was most appreciative. The cast of characters included: Sue Barton as Cinderella; Sue Uppleger as the Fairy Godmother; Kathy Spencer and Ann Zenoni as the stepsisters; Ashley Adams as the Prince; Kelly Cowper as the stepmother; Lynn Fancan as the messenger, and Jamie Hackett as the narrator.

Kevin Rinke directed. Sue Nelson, Ruth Martin, Colleen Carlson, Karen Fine and Mary Sanders assisted.

Pointers Earn Letters at MSU

Six Pointers were recent recipients of varsity letters for spring sport competition at Michigan State University.

Ronald Hebert of The Woods, and Thomas McGohey and Michael Richard, both of The City, earned varsity letters in lacrosse.

In tennis, Doug Graham of The Park received a varsity letter. Meanwhile, Tom Wilson of The Shores was presented a varsity letter in track.

Mike Fricke of The Woods received a junior varsity award for his participation in baseball.

Competition is a necessity — without it there's no progress.

Cite Bicycle Safety Rules

By Holly Angel

Repetition can be soporific. But frequently it is necessary, especially in the case of bicycle safety.

There have been two recent articles in the NEWS concerning bike riding regulations, stressing the importance of following the rules during the summer months when bicycles abound.

However, two minor accidents in Grosse Pointe City involving bikes and cars, as well as numerous observed and unreported near misses, stress the need for reprimanding and reminding.

Bicyclists and motorists follow the same rules. This means that both must drive on the right side of the road, come to a stop at intersec-

tions, use lights at night and signal for turns.

The rules are simple but they frequently are not observed. As a result, driving becomes a treacherous experience for motorists and a dangerous one for bicyclists.

Bicycle safety inspections and lectures are conducted on the elementary school level. There are no programs for older bikers who should be the wiser ones. A restatement of the more important rules will hopefully refresh some memories.

Bicyclists should keep close to the curb while riding in the street and should also ride single file.

When riding at night, bikes must be equipped with a front headlight which can be seen at least 500 feet ahead and a rear reflector that can be seen 50 to 300 feet behind. It is also advisable to wear light clothing during the evening.

Bikers must obey all traffic signs and signals. They should also check the street for cars when entering from driveways and alleys and signal when turning.

There should be no more than one person on a bike. Equipment should be checked periodically, especially brakes, to insure working order.

Motorists must also follow the traffic laws and be on the look-out for bikers. It is only through mutual cooperation and adherence to the rules that the idea of safety can become a reality.

Owners of Bar Must Pay Fine

The owners of the Pointer Bar, 18666 Mack avenue, were found guilty on three counts of Liquor Law violations by the Michigan Liquor Control Commission, following a hearing on June 11, Farms authorities were notified on Monday, July 2.

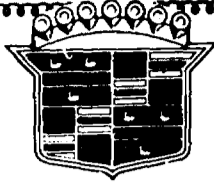

The owners of the bar were named as being Vaso Misich of 3962 Gray, and Veljko Misich of 3556 Springle, both of Detroit, who acknowledged the violations.

It was not disclosed if one, or both owners were in their establishment when the violations occurred, but under Michigan law, proprietors of places selling or dispensing alcoholic beverages are held responsible, even if an employee commits an infraction and the owner is not present.

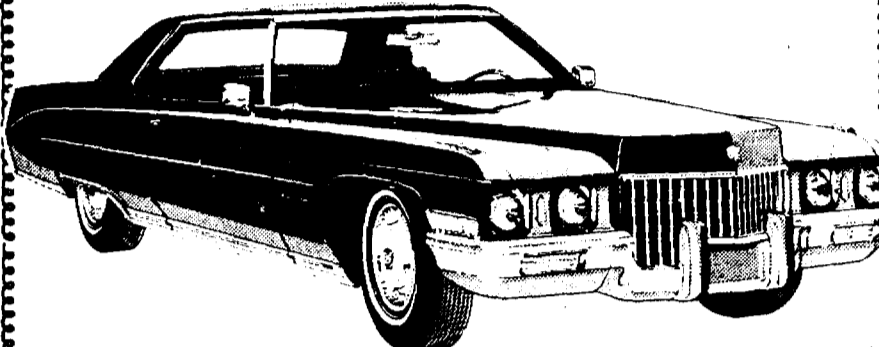

The Misiches were found guilty of selling to an intoxicated person; intoxicated person loitering; and intoxicated person consuming.

The owners were fined \$50 for each violation, or a total of \$150, which must be paid by Monday, July 23, or their liquor license will be suspended for a period of 10 days on each count, or a total of 30 days.

NBD Features 'Music Hall'

The original recording of Frank Sinatra's farewell to the Dorsey Band in 1941, a photo of 15-year-old Louis Armstrong with his first horn, and the story of the waltz that closed Chicago's famed Aragon Ballroom are among hundreds of big band memorabilia featured in a display that opened Tuesday, June 19, in the National Bank of Detroit's main office.

Dubbed the "NBD Music Hall," the enclosed gazebo-like display is designed to recall sights and sounds of the typical 1940's ballroom. It is replete with soft lights, potted palms, velvet curtains and photos of six of the era's most famous band leaders.

The big bands that will be "appearing" in the summer-long display include Benny Goodman, Duke Ellington, Tommy and Jimmy Dorsey, Count Basie, Glenn Miller, and Harry James.

Each band will be featured for two weeks. Accompanying the sounds will be a series of rare photographs taken by a well-known New York photographer, William S. "Popsie" Randolph.

In addition to the photos, the exhibit includes original recordings made by the featured bands and played for visitors from the "family radio" in the center of the display.

One of the most nostalgic and enjoyable features of the exhibit is a series of eight 4x6' montages made up of hundreds of pictures of the singers, musicians, and entertainers popular during the big band era. One montage contains a magazine article that tells about the night Wayne King, "The Waltz King," played the last waltz ever heard in Chicago's Aragon Ballroom.

The exhibit will be open to the public weekdays from 9 a.m. to 5 p.m. The schedule of featured band leaders is: Benny Goodman, June 19-29; Duke Ellington, July 2-13; Tommy and Jimmy Dorsey, July 16-27; Count Basie, July 30-August 10; Glenn Miller, August 13-24; and Harry James, August 27-September 7.

New Center Board Members are Dr. Robert Luby, William Keenan, Mrs. Robert L. Hull, Mrs. George Houchens, Mrs. Donald McGuire, Mr. Joseph Donofrio, Jr., and Mrs. Randolph J. Agley.

The NEGC is a major mental health agency for the Northeast Wayne County area, including portions of Detroit, Harper Woods and the Grosse Pointes.

Vandals Visit Mason School

A report of malicious destruction to property took Woods Public Safety Officer Patrick McMath to Mason School, 1640 Vernier road, Saturday, June 30.

At the scene, the officer discovered four juveniles, five, eight, seven and five years of age, inside. (An eight-year-old was not present at the scene but was reported to have been in the school at the time of the incident).

The officer was told two 12 by 14-inch windows were shattered on the building's west side. The juveniles also were reported to have started up a garden tractor, stored inside the building, and run it into a six-foot ladder, causing extensive damage.

Prior to the officer's arrival, the parents of the involved juveniles were called. When they arrived, the kids

were released and informed they would be contacted by the Youth Service Division. The parents said they would pay for any damages.

Bon Voyage For Mackinac

Pointers will have an opportunity to give a cheering champagne send-off to the Mackinac Race Fleet on Saturday, July 21.

The Grosse Pointe War Memorial is chartering a bus which will leave the Center at 7:30 a.m. The first stop will be the Black River berthing area in Port Huron.

There the crowd will witness the crews preparing their boats for the start and will give them a champagne toast as they leave the river to take their places on the starting line.

The bus will then cross the Blue Water Bridge into Canada while watching the boats jockeying into position for the start.

The chartered group will gather on the shore of Lake Huron in Canatara Park where they will be served brunch prepared by the Center's caterers. It is during brunch that the group will watch the boats take off into the lake for the long race.

The complete outing — transportation, review of the Fleet, champagne, and brunch — is just \$8.50. Reservations, which are limited, will be made in order of receipt of checks at the Center's office.

A noble aim has good points, but won't always pay its way.

BUYING A SECURITY SYSTEM?

When you buy an apartment at **The Jefferson Apartments** Grosse Pointe's newest condominium . . . you get not one, but a network of the most modern security systems to guard you, your home and your possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

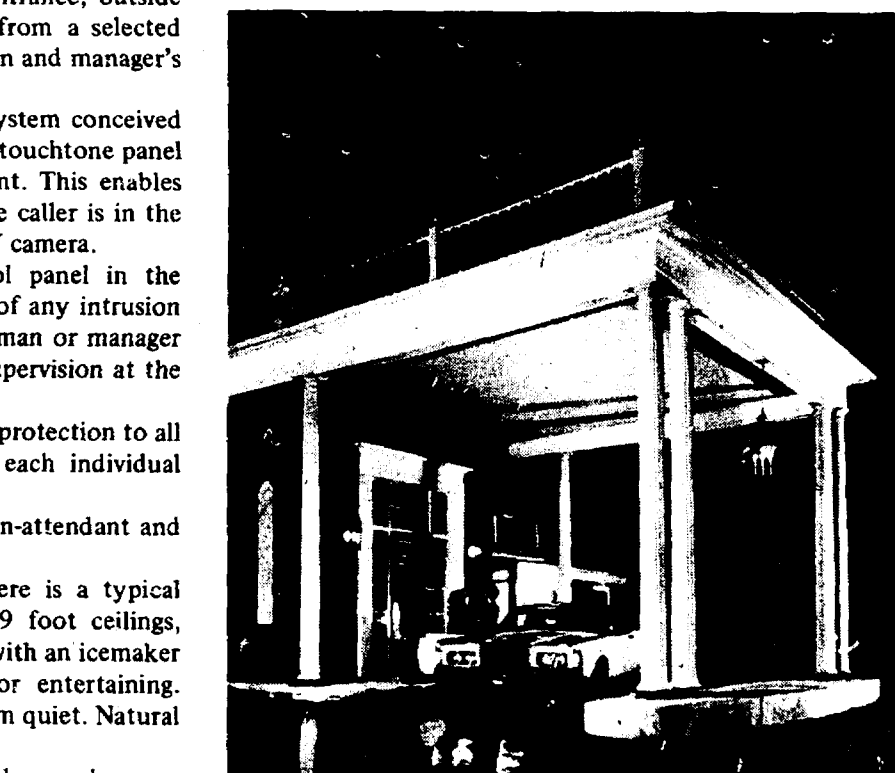

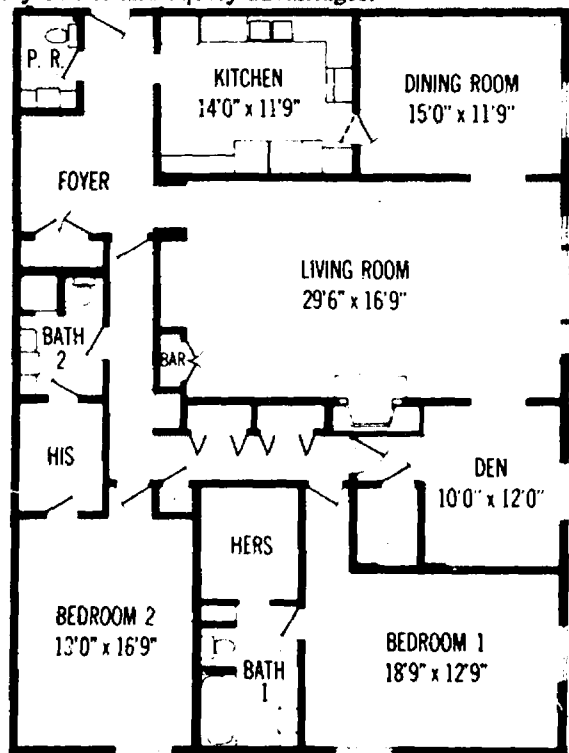

AN ON-GUARD ALERT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of any intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment.

Further elements of security are the uniformed doorman-attendant and resident caretakers.

Besides security, you also get really gracious living. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, individual heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplaces, naturally.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged. The Jefferson Apartments is an adult community. Residents are home owners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

Award Grant to NEGC

The National Institute of Mental Health has recently awarded the Northeast Guidance Center, (NEGC), an annual grant of approximately \$100,000 to finance youth services. The grant as written has two major programs.

One program is to answer the call for help from frightened teen-agers who have run away from home, had a bad trip on drugs, are in trouble with the police, or need an objective, trained third party to talk with.

A twenty-four hour hot-line emergency response system will be established to coordinate emergency action for the youth services programs in the northeast Wayne County area. The objective is to provide support services for these programs with a back-up clinical and consultative staff.

The other major program of the grant is to set up services including Community Outreach, Emergency Housing, and related Center programs. The purpose is to help the youth of our communities find alternatives to the abuse of drugs. A name has not been chosen for this program; it will be worked similar to Insight and Center-point, and focus mainly on the Jefferson-Chalmers, Jefferson-Mack communities.

Both grant and programs are a direct result of concerned citizens efforts from the Grosse Pointes and Jefferson-Mack-Chalmers areas.

The NEGC is a major mental health agency for northeast Wayne County and currently provides a number of programs and services for community residents.

Possible Moth Visits NEWS

A huge winged thing, (possibly an emperor moth), with a wing span of some five to six inches landed on a window frame at the NEWS office Monday morning, July 2. Some employees stormed out the front door in wonderment as they approached the brown beauty.

A few studied the alleged moth for at least a minute, others less so. Some even decided not to venture outside and remained in the office to view the beast from a window, (for no one really knew if this was a KILLER moth).

It stayed perched for well over an hour. Then it was discovered to have flown away. Where? No NEWS employee knew, (for the employees were "fighting" a tight deadline due to the July 4th holiday).

Even the NEWS advertising manager, the likeable William Adamo of Windsor, Ont., went out to see the alleged moth, which obviously wasn't from "across the way" because it didn't flinch when Bill hummed "O Canada."

Happy July 4th everybody.

Now is the time for all Pointers to come to the aid of their symphony... A Champagne Dinner-Dance benefiting the Maintenance Fund of the Grosse Pointe Symphony will be held next Friday night, July 13, in the Crystal Ballroom of the Grosse Pointe War Memorial.

Tickets are priced at \$15 per person for the event which may be Black Tie, or something less fancy, depending on the mood of your group. The evening will start with a champagne cocktail hour at 6:30 p.m., followed by dinner and dancing at 8 o'clock. Mrs. John J. Eagan, of Provençal road, may be called at 884-9040, for additional ticket information.

"Our symphony recently completed its 20th year of providing Grosse Pointe with quality symphonic music. Generally regarded as one of the top community orchestras in Michigan, the Symphony was started over a coffee cup in 1954 as Thomas Nestor, John Sweeney, Jr., and Cass Piotrowski discussed their dream to found a symphony orchestra in Grosse Pointe.

Similar casual meetings followed, including one at Mr. Sweeney's old schoolhouse in Mack avenue. The first season was launched on March 7, 1954. For those breakfast table mathematicians reading this article, 1973 marks the 20th season as there were TWO concert series that first year.

The orchestra began rehearsing at Pierce School and the first concerts were held in the Parcels auditorium. Since the construction of North High School, in Vernier road, the concerts have been held there.

The concert program has grown from a fold-over in 1954, the Symphony's first season, to a 24-page publication in 1973. The expansion of the program reflects the general growth of the orchestra, from a membership of about 100 persons in 1954 to its current membership role of 580 persons.

Emphasis has always been placed on the non-profession musicians in the orchestra: the wife/mother/housewife who has kept up her interest in violin, the husband/father/businessman who has
