 years has been a single residential unit community and should remain as such.  
 Mayor William Butler told the audience that for some time the council and the people have been aware that the entire city has been zoned as a single residential unit community.  
 "Cases have been coming down from both Appellate and Supreme Courts in which judges are saying that it is incumbent on a city to take into consideration the needs of its citizens, and to zone a community entirely as single family is hazardous at best," the mayor said. "If we do not face up to this problem, there is a real danger that some unscrupulous subdivider, which we fortunately do not have at the present time, might take our present Zoning Ordinance to the Wayne Circuit Court and have it

declared unconstitutional as far as the single family residence requirement is concerned and then we will be confronted with multiple and cluster housing, or what have you, and we will be without any guidelines whatsoever. It will be more intelligent of this council if we could adopt a zoning ordinance for multiple and cluster housing and be reasonably safe in residential character, such as density, sideyards, set backs and traffic flow.  
**Adopt Land Use Plan**  
 "After much discussion and publicity and a public hearing in June 1972, we have adopted a land use plan, prepared by our city consultants. Section 5.4 of our plan tells what we are talking about. Bear in mind that this was adopted by the council over a year ago." Mayor Butler said that at

some future date, there may be a limited section of land placed in the multiple zoning district, which is not on the present zoning map. It is believed that such a zoning ordinance could be adopted for such a zoning district.  
 Such a zoning ordinance should provide, 1. A multiple standard to take in the present character of the community and its general trend of urban population development; 2. Eliminate uncertainties that may deter potential investors from embarking on a multiple development project. 3. Eliminate uncertainties that may adversely affect present land owners; and 4. Provide a procedure for permitting multiple zoning if such an occasion should arise.  
**Regulations Necessary**  
 The regulations should determine the height and area of buildings, yards, court and other open spaces; lot size requirements should be set; maximum percentages should be set of the area of the building it occupies; every person should have the right to apply for rezoning of this property for multiple dwelling district and thereafter this request should be reviewed by the council as it relates to the objectives as set by the ordinance, and the council should have the right to review this as it relates to this planning district and thereafter the council on its own initiative should have the power to revise the plans for the rezoning of this district.

incidentally, he jokingly stated, costs the taxpayers a considerable sum of money.  
 He said that after the ordinance was completed, it was made available to the public for approximately a month for study prior to Monday night's public hearing.  
**Has 12 Sections**  
 The ordinance, as prepared by Villican and Leman, has been divided into 12 important sections, the first of which is very, very important.  
 The mayor stressed the new ordinance does not change the classification of any property in the Farms now; it merely establishes procedures whereby certain property can change classifications if the council sees fit to do so.  
 Two new clauses in the ordinance describe certain multiple housing, and another describes certain cluster-type housing. Also new is a section pertaining to office districts.

After the pros and cons for the subdivision of Rose Terrace, and the assurance of the council that the ordinance was not enacted to favor those who proposed the development of the estate, the council adopted the new law, which will go into effect 20 days after publication.  
 The lone nay vote was cast by Councilwoman Nancy Waugaman who gave the following reason as her opposition, after stating that she endorsed all sections of the law except Article VI, which pertains to the RM Multiple-Family Residential District:  
 "This proposed Zoning Ordinance is of vital importance to every resident in our city. However, it appears to me that many of our citizens are not aware of the importance of this document.  
 "Since being elected a member of this Council, I have worked for improvements in our Zoning Ordinance. Much has been accomplished. Even though I do not concur with all categories, it does incorporate many of my objectives. There are many fine improvements such as:  
 1. Requirement for site plan review; 2. Up-dating parking requirements at Cottage Hospital; 3. Establishment of standards for tennis courts, swimming pools and other recreational facilities; 4. Setting-up a new Office District; and 5. Provision for Single-Family Cluster Housing.

"Although I heartily endorse most sections of this Ordinance, I cannot in good conscience support it in its present form because of Article VI RM Multiple-Family Residential District for two fundamental reasons:  
 1. It establishes a Multiple-Family Residential District. I am convinced that this changes, rather than preserves, the integrity and character of the city . . . and is not in its best interest.  
 2. Even if multiple zoning should ever be legally mandated, there is no precedent that I know of which would compel us to allow the conversion of large residential structures to multiple-family housing. Regardless of criteria set forth in this Ordinance, this is an open invitation and establishes a precedent. It is my judgment that this is not in the best interest of our city.  
 "I believe that our present single-family residential zoning as it exists today is a 'reasonable' use of property in Grosse Pointe Farms. Further, from the legal materials presented to date, I find no decision which persuades me that such zoning cannot be successfully defended in the unique circumstances present in Grosse Pointe Farms. In my opinion, it is in the best interest of our city and citizens to do all we can to preserve single-family residential zoning.  
 "Therefore, I would like to offer an amendment to the motion that is on the floor. My amendment is to delete Article VI RM Multiple-Family Residential District, and all sections or subsections directly dependent thereon, from this proposed Ordinance."  
 This died for lack of a second to the motion.

### Vandals Visit Mason School

Someone shattered 28 windows at Mason School, 1640 Vernier road, sometime between 4 p.m. Thursday, July 12, and 7:45 a.m. Friday, July 13.

The custodian showed Woods Public Safety Officer Patrick Fagan 10 broken windows on the school's westside; seven on the eastside, and eight on the northside, all of which were 13- by 16-inches. One 14- by 22-inch window was smashed in the rear door on the building's northside.

A four-foot broom handle, left at the scene, may have been used to smash the windows, police said. No entry was gained inside the school.

### Police Destroy 'Pot' Gardens

Farms police confiscated 220 Cannabis Sativa plants, the scientific name for marijuana, from the back yard and roof of the residence of Mrs. Delphine Dodge Petz in Touraine road on Thursday, July 5.

Mrs. Petz, granddaughter of the late auto pioneer, Horace E. Dodge, was at her summer home in Wolverine, Mich., and apparently was not aware of the illegal pot that was growing on the premises.

Det. Earl Field said the plants, some of them as high as five feet, were brought to his attention by two informants, who noticed the marijuana in the back yard.

Field went to the resi-

dence, and after making sure that the plants were indeed "grass," returned to the station to pick up Det. Sgt. George Van Tiem. Chief Robert Ferber was also informed of the illegal plants growing in the Petz yard.

Field then called Dets. Michael Ferrance and Donald Schmalz of the Youth Service Bureau. The Farms detective, accompanied by Van Tiem, the two YSD officers, and Farms Sgt. Arnold Parson and Patrolman Clarence Reichling, both in marked scout cars, went to the Petz residence, and after obtaining permission to enter the yard, began "harvesting the pot."

Field said that he and the other policemen pulled out the plants by the roots. There were 200 growing in an area of about 14 feet by 14 feet and were from four to five feet tall. After they were pulled out of the ground, they were placed in 10 bundles of 20 each and tied.

Field said that two daughters of Mrs. Petz, Susan, 23, and Barbara, 18, who admitted the police officers to the property, were very cooperative.

As the officers were about to leave, Susan, informed them that there were several of the plants growing in boxes on the roof of their three-story house, and gave the policemen permission to enter the building.

Schmalz, who is an expert climber, using a safety belt and ropes, went to the roof, from a third floor bedroom, and found 20 more of the plants, taller than those on the ground. These were lowered into the waiting hands of the other officers below.

Before leaving, Field said, a number of pieces of paraphernalia in the home, including pipes and seeds, were confiscated.

The policemen said that the plants and other items will be incinerated.

### Woods Hearing Delayed Again

A Woods Board of Appeals hearing on the request of S. D. Palazzolo, owner of the land at Mack avenue and Fleetwood, for a variance in off-street parking requirements in order to permit the construction of an office building, has been adjourned once again.

The council unanimously approved a motion to adjourn the hearing until the Monday, August 6, meeting. For Mr. Palazzolo was unable to consult with his architect regarding a possible alteration in his plans to permit further parking spaces, and to consider the cost involved. He is deficient by four spaces.

At the regular meeting Monday, July 2, the council okayed a motion to adjourn the hearing to the July 16 date.

### Woods, City, Farms Honored by AAA at Luncheon

(Continued from Page 1) been consistently among the nation's leaders in developing special programs to keep pedestrian accidents and fatalities at a low level," said Mr. Measel, "and it is particularly gratifying that Grosse Pointe and Grosse Pointe Farms also have been honored."  
"Each of the more than 40,000 citizens in the three Grosse Pointe communities deserves recognition for helping the cities establish their fine pedestrian safety records," Mr. Measel also paid tribute to those in various city departments and business firms who helped the three cities in their pedestrian safety control program.  
The Woods, which has gone 15 years without a pedestrian fatality, also received a first-place Award of Excellence for cities in the 10,000 to 25,000 population class. The city's pedestrian injury rate of 13 per 100,000 population was significantly lower last year than the inventory's group average of 50 per 100,000 population.  
Besides Mr. Boutin, The Woods was represented by Public Safety Director Henry Marchand, Traffic Safety Officer Stephen Petrik, Lieutenants Roland Symons and Jack Patterson, Public Safety Officer Patrick Fagan and Councilmen Roger A. Graef, Conrad A. Naegel, Benjamin W. Pinkos and Kenneth W. Boerner.  
When first hearing of the award last month, Officer Petrik expressed his pride by thanking the teachers, safety patrols, school safety sponsors, the parents and the children, themselves and the roles. At that time, however, he unintentionally forgot to mention the "women of all seasons," the school crossing guards, and wanted to praise them, too.  
City representatives at the luncheon included Police Chief Andrew Teetsart and Municipal Judge Douglas L. Paterson, while Farms "reps" were Police Chief Robert Ferber and City Manager Andrew Bremer, Jr.  
The State of Michigan received its second straight Award of Excellence for pedestrian safety Wednesday, July 18, when a plaque was presented to Governor William G. Milliken. Michigan has been cited in competition with 26 other states, and only Kansas finished with higher honors.  
A total of 2,067 cities and 26 states entered this year's National AAA Inventory, which reviewed accomplishments for 1972. Cities and states were evaluated with others of comparable size and characteristics.

### Impasse in Bargaining

(Continued from Page 1) police work and firefighting, and we want our salary to reflect this," Officer Fagan said. In this respect, he also mentioned another job, emergency ambulance service.  
"If the city has another proposal, they should contact us," he added.  
As for a specific 1973-74 salary figure for a public safety officer who has completed four years of service, Officer Fagan said this has yet to be decided. Last fiscal year's contract specifies a salary of \$13,750 per year for completion of four years service.  
On the other hand, the association's position to the city appears unclear. "I don't know what their going into arbitration for," said City Administrator Chester E. Petersen. "What are you arbitrating?" He noted there was an "impasse" prior to mediation but the mediator worked out a compromise which the association turned down. On the other hand, he said, the city accepted the tentative settlement.  
Right now, Mr. Petersen stated, "We have nothing on the table to consider" regarding any further demands. "The next move is theirs. We don't know what they want," he continued. "We thought we had a settlement."  
Public safety officers receive a basic police salary plus a public safety premium pay, he said. Each man receives \$900 for firefighting duties, according to Officer Fagan.  
As for the varying viewpoints on whether a public safety officer has one job or two jobs, Mr. Petersen said, "To my knowledge this was never discussed in our negotiations. All these duties are specified for a public safety officer. A man knows these

### Eye Property

(Continued from Page 1) The residents wanted action against Pointe Dodge stemming from oil waste which washed from the service garage area onto the street and alley during a rainstorm on Thursday, June 28. Waste oil, which floated on the street's flooded portion, swallowed up about 14 lawns between the sidewalk and the curb.  
Mr. Catlin is currently in touch with the Pointe Dodge attorney regarding liability for the damage sustained from the oil wash. An answer is expected within a week on whether Pointe Dodge will pay for the destruction. If they do not pay, the city will, Mr. Catlin added.  
The mess was apparently caused when the sewer backed up out of the dealer's hoist pit, (which contains a grease and oil interceptor), came up to the floor level and then washed the oil with it down Newcastle road, according to Building Inspector Earl Wakely.

### Tennis Courts

(Continued from Page 1) percent of those who made pledges are not even tennis players, they are just Shore residents who wish to support the community. Even some people who have their homes up for sale are making contributions. It really makes you feel good when you see this in your community," Mr. Haigh commented.  
Persons wishing to contribute to the two new courts may send checks to Mr. Haigh's residence, 28 Hawthorne road, made payable to the Village of Grosse Pointe Shores.

**Attend Foreign Policy Meeting**

Bruce Feighner, principal of North High School, and William Christofferson, principal of Brownell Junior High, were two of five educators from Michigan attending the National Foreign Policy Conference for Educators in Washington, D. C. on Thursday and Friday, June 28 and 29.

The conference was sponsored jointly by the National Association of Secondary School Principals and the Social Studies.

Many ranking State Department officials were present and presented materials which demonstrated the policies which guided their relationships with the portion of the world for which they were the official representative of the United States.

Speakers included John Richardson, Jr., Assistant Secretary for Educational and Cultural Affairs; Richard L. Sneider, Assistant

Secretary of State for East Asian and Pacific Affairs; Barbara M. Watson, Administrator, Bureau of Security and Counselor Affairs; Joel Bernstein, Assistant Administrator, Bureau of Technical Assistance, Agency for International Development, and Joseph J. Sisco, Assistant Secretary of State for Near Eastern and South Asian Affairs.

Others were Michael P. Balzano, Jr., Director of ACTION (Volunteer Groups); George S. Springsteen, Deputy Assistant Secretary of State for European Affairs; Philander P. Claxton, Jr., Special Assistant to the Secretary of State for Population Problems; Deputy Secretary of State Kenneth Rush, and Secretary of State William Rogers, who hosted a reception on Thursday evening, June 28.

The general topics of discussion ranged from the population growth and its challenge to human destiny through the development of U. S. policy in the several areas of the world and the problems of narcotics control to the ever-timely matter of cross-cultural communication.

Mr. Feighner and Mr. Christofferson were able to bring materials from the State Department which will be made available to teachers in the classrooms as they work with young people in developing a feeling for the democratic process in action.

**Pair Arrested on Six Counts**

Two area youths had to be forcibly handcuffed when they were arrested by Farms police on Sunday, July 8, when officers claimed that the pair showed resistance after they were stopped following traffic violations. The pair were in the same car.

Arrested were Dennis J. Griffin, 18, of 490 Bourne-mouth, and John Maramonti, 20, of 18258 Rolandale, Harper Woods. They were stopped by Patrolmen Kenneth Pine and Gerald DeBurghgraeve.

According to the officers, who were on routine patrol at 11:45 p.m., a 1964 Mercury was observed going east on Mack avenue without a right tail light, and when the driver, identified as being Griffin, stopped for a traffic signal at Calvin, the back lights failed to operate.

The policemen said they saw Griffin change erratically from the right to the left hand lane without giving a signal and stopped the pair at the Calvin intersection.

When Griffin was asked for his operator's license, the officers said, he produced a temporary permit issued to adults learning to drive. Maramonti, owner of the vehicle, is a licensed driver, and the permit was being used legally, it was added.

DeBurghgraeve said he went to the passenger's side of the auto, and as Griffin was fumbling in the glove compartment for the car's registration, a plastic bag, containing what appeared to be marijuana, fell out and onto Maramonti's lap. Maramonti attempted to shove the bag back and tried to cover it with paper.

Both Griffin and Maramonti were informed that they were under arrest for violation of the Controlled Substance Ordinance, and ordered out of the vehicle.

Maramonti got out of the car and was searched by DeBurghgraeve, but nothing was found. Maramonti was then ordered to step away

from the automobile, but he refused to comply with the directive and started toward the officer, who held him at arms length. When Pine ordered the man to stop, the second command was obeyed, but not without Maramonti shouting in a loud voice.

Griffin was asked to place his hands atop the vehicle, but refused, and was forced to do so by Pine. The policeman said that while searching Griffin, the youth turned as if to strike him. The officer handcuffed Griffin and placed him in the scout car.

When the arrested pair were in the police vehicle, the officers searched their car and found another bag of suspected marijuana. Griffin and Maramonti were taken to the station.

Both were released without bond, but not before Griffin was given a violation ticket for driving a motor vehicle with defective equipment, one for improper lane usage, another for interfering with an officer, and a fourth for violation of the Controlled Substance Ordinance.

Maramonti was issued a violation ticket for interfering with an officer, and another for violation of the Controlled Substance Ordinance.

The pair are scheduled for an appearance in court on August 1.

### Woods Okays Paving Plans

Five streets and three alleys in The Woods will soon be spruced up as part of the city's asphalt street surfacing program.

The council at the regular meeting Monday, July 16, unanimously awarded a contract to Detroit Asphalt Paving Company in the amount of \$73,294.75 based upon the city engineer's recommendation. The low bid was \$13,000 below the budget allotment for such work, said City Administrator Chester E. Petersen.

Surfacing will begin on or before Saturday, September 1, as specified in the motion.

The streets include Torrey road from the Torrey road pumping station to Clairview court; South Oxford road from Wedgewood to North Oxford; South Renaud road from a point east of Holiday to North Renaud; Lochmoor boulevard from Wedgewood to Sunningdale drive, and Country Club drive from Mack to the western city limits.

Meanwhile, the alleys include those west of Mack between Prestwick and Seavern, east of Mack between Brys drive and Roslyn road and east of Mack between Anita Avenue and the southern subdivision line.

A request from Councilman Benjamin W. Pinkos regarding the resurfacing of the Lake Front Park road adjacent to the Milk River along the boat docks, (north side), remains under consideration.

Mr. Petersen said this will be investigated further with the city engineer to see if it's feasible to surface the road at this time, because it's contemplated additional sheet piling will be installed on both sides of the channel. He

### Police Tumble To 45 Mark

With one game remaining in Macomb-Oakland Police Softball League play, the Police police team stands at 4-5.

The club evened its record with a 12-4 win over Sterling Traffic Sunday, July 8, and then fell below .500 again with an 8-4 loss to the Macomb County Sheriff's Department Sunday, July 15.

Their final contest, before the playoffs begin Sunday, July 29, will be against the F.B.I. Sunday, July 22. The game will be played at the L. W. Baumgartner Field, 15 Mile road near Schoenherr. It's scheduled for 9 a.m. on diamond one.

### Cyclists Plan Tour of Pointe

A tour of The Pointe highlights the Sunday, July 22, excursion of The Cadieux Bicycle Club's Touring Division. Members will meet at The Woods Municipal Building, Mack avenue and Torrey road, at 10 a.m. before starting out.

Further information on this trip may be obtained by calling road captain Marcel Vaene at 776-1018.

The group enjoyed a tasty pancake breakfast Sunday, July 8. The club reports it especially "hit the spot" after members rode 20 miles around Metropolitan Beach.

Then on Saturday, July 14, club riders peddled around Belle Isle. This ride took the group off the "beaten track" as they rode over the inner roads. The club notes most members were unaware that species of wildlife roamed the island in their natural habitat.

### Parents Club Pays Off Bill

**'Fun Lovers' Cause Trouble**

Two men who were apparently having some fun, ended up causing trouble for Shore police and some citizens Friday, July 13. The men, in a yellow canoe, were found creating a disturbance for other boaters and distracting traffic on Lake Shore road.

Chester Painter spotted Tim Martin, 26, of Arizona, and Pete Agnoe, 25, of Flint, Mich., both of whom were visiting a Lake Shore residence, on the lake in front of 579 Lake Shore holding onto the fiber glass boat and waving their hands around.

As a result, nearby boats approached and traffic came to a stop as several men went towards the sea wall to see if Martin and Agnoe needed assistance. When "help" approached, the two men would start to laugh, tell everyone they were all right and get into the canoe, police said.

**Hole-in-One Wins Big Prize**

A hole-in-one wins a \$10,000 silver-grey Mark IV during the Lochmoor Club's 30th annual invitational golf tournament Wednesday, July 18, through Sunday, July 22. BILL FARRAH, (right), donor of the auto, presents the keys to tournament chairman KENNETH ADLER. Looking on are members of Mr. Adler's committee who are, (from left to right), JOSEPH

FRAUENHEIM, JR., FRED WOLF, STUART DAVIDSON, vice-chairman, DONALD DYKSTRA and ROBERT HAYS, golf chairman. The hole-in-one must come on the 16th hole during tournament play. Mr. Adler said it's the easiest hole on the course, the one most often holed, so it's likely one of the 320 entrants will win.

**Six Pointe Teams to Play  
In Little League Tourney**

Six Pointe Little League teams, of 23 clubs overall, will compete in the District Six tournament starting Saturday, July 21, at the Hamtramck Memorial Stadium 8700 Joseph Campau. The district includes teams from the Pointe, Hamtramck, Harper Woods and Macomb County, according to Pointer Arthur H. Getz, district six administrator. The one-game elimination tourney for the 11- and 12-year-olds concludes Saturday, July 28, with the finals. Local teams include the G.P. Woods Americans and G.P. Woods Nationals, the G.P. Park Americans, plus G.P. City and G. P. Farms. Mr Getz, who has been af-

iliated with the Little League program for 20 years, said this year marks the 20th anniversary of the Hamtramck Little League, who will be "great hosts." "Hamtramck is the only Little League in this part of the country who has won the national tournament," (1959), he added. The winner of the District Six Tourney plays the winner of the District Five competition, with that winner going to the State Tournament in Grand Rapids. Then the State tourney winner goes to regional action in Illinois. Finally, that winner goes to Williamsport, Pa., for the World Series. In opening action on July 21, the Woods Americans face the Hamtramck Americans, and the Park Americans play Selfridge Field. Both games start at 9:30 a.m. At 12 noon, the Park Nationals tangle with the Clintondale Nationals. Then at 5 p.m., the Woods Nationals play L'Anse Creuse. On Sunday, July 22, The City faces The Farms in an "all Pointe" opener at 12 noon.

**DUIL Arrests Show Increase**

State Police reported a 10 percent increase in arrests for driving under the influence of liquor in Michigan during the first five months of 1973 in comparison to 1972. Reporting for all police agencies, the State Police said there were 18,027 arrests through May of this year. Figures show that 73 percent of those arrested and tested were at, or above, the 0.15 percent blood-alcohol level, and 17 percent were in the 0.10 to 0.14 percent blood-alcohol level range. The presumptive intoxication level is 0.10 percent. Only 414 arrests were made in the 0.08 to 0.09 percent blood-alcohol level range, the state's new "impaired" level. Since the new impaired level did not go into effect until May 1972, previous year comparisons are not valid.

### Little League Results

**G. P. WOODS-SHORES**  
The Woods-Shores Little League closed out its 1973 season last week. A total of 630 boys played on 48 different baseball teams, which was the largest enrollment in many years.

In the American League, the Kansas City Athletics, under the guidance of manager Bill Claravino, swept to the pennant while sustaining only one defeat all season. The Athletics put together a fine team which was very strong on offense featuring one of the best hitting clubs seen in a long time.

The National League pennant was won handily by the Cincinnati Red Legs under manager Nick Rini. This was the third consecutive pennant for the powerful Red Leg team.

Last week these same two teams met each other in the "World Series" to determine The Woods city championship. The Series was a best "two out of three" affair, with the Red Legs emerging victorious in two straight contests.

In the first game, the Reds scored nine runs in the top of the first inning on seven

hits before reliever Bob Brown came in and stopped them. The Athletics scored two runs in their half of the inning making the score 9-2 at the end of one.

After six innings the game ended by a 9-2 score as both pitchers fired shutout ball for the last five innings. Jeff Mager of the Red Legs pitched a fine ball game allowing two runs on only three hits.

Bob Brown, who pitched 5 1/2 innings for the Athletics gave up six hits. Two of the three Athletic hits were by Phil Georgeson. The hitting stars for the Reds were Dave Monark with three doubles and Dave Fry with three hits.

The second game was a see-saw affair with the lead changing hands several times. The Athletics opened a three-run lead in the first inning on Paul Johnson's homer. In the second inning, the Reds pushed across six runs to take a temporary lead. The A's, not to be outdone, scored three runs in the third on three hits and held an 8-7 lead going into the fifth inning. But in the bottom of the inning the Reds pushed across the tying run.

Both teams were held scoreless in the sixth, so the game went into extra innings. In the bottom of the seventh the Red Legs loaded the bases with only one out, and Dave Fry hit an infield grounder allowing Jimmy Jara to score the winning run.

Dave Fry pitched the first six innings for the Reds, but had to be relieved by Monark in the seventh. Mark Claravino pitched six innings for the A's in a hard fought contest.

Both teams are to be commended for winning their League pennants and putting

on such a fine "World Series" for Woods fans.

The hitting stars for the series were Dave Monark, with five hits, including four doubles, and Dave Hinz, also of the Red Legs, with five hits.

**FARMS-CITY ALL-STAR GAME**  
By Joseph L. Fromm  
The Grosse Pointe Farms All-Star team from the AAA League defeated the Grosse Pointe City All-Star team, 9-2, Monday, July 9, in a well played game for both clubs. The All-Star teams were composed of 12-year-old players from both leagues.

The Farms took a 3-0 lead in the top of the first inning on a walk to Tom Martine of Portland and doubles by Rob Dice of Portland and Tom White of Denver. Then the Farms increased its lead to 4-0 in the third on base hits by Chris Manos of Hollywood and John Couzens of Phoenix.

G.P. City came back with a run in the fourth on a walk to Tom Inley of the Pirates and a fielder's choice by Dane Lachusa of the Pirates.

Rob Dice then singled in the fifth to drive in Bill Rappman of Sacramento to increase The Farms lead to 5-1.

The City came back in the sixth with one run on a walk to Mike Howell of the Giants and a single by Jim Miller of the Senators.

The Farms put the game out of reach with four runs in the eighth. Mark Minkwic of Portland was hit by a pitch. Chris Manos got his second hit of the game driving Minkwic to third. Four straight walks to Kevin McGarry of Louisville, John Zavel of Phoenix, John Couzens of Phoenix and Whit Stewart

### GPSSA Has High Scoring Games

Although Schavi's split two games last weekend, the club still leads the Grosse Pointe Softball Association, (GPSSA), with a 9-3 overall mark.

Schavi's nipped Carissimi, 7-6, on Saturday, July 14, then fell to Keg-A-Brew, 6-4, on Sunday, July 15.

In other Saturday action, Fontana Brothers dumped the East Warren Binjers, 9-6, and Art Van blasted the Marauders, 14-1.

On Sunday, the Marauders routed the Binjers, 12-5, as

Joe Connolly belted a grand slam homer. Carissimi handed the Challengers an ex-cruciating defeat, 18-0, behind David Decker's four-hitter.

Schavi's leads the Division A standings, followed by Art Van, 8-3; Carissimi, 8-4; Fontana Brothers, 6-5, and the Binjers, 2-10.

Division B standings find Keg-A-Brew, 7-4; the Marauders, 7-5; Kessler Electric, 5-5; the Athletics, 1-9, and the Challengers, 1-10.

**I BET YOU DIDN'T KNOW**  
Brought to you By **TED EWALD**  
Here's one I bet you didn't know... Baseballs used in big league games have not always been white... In the late 1930s, an experiment was tried with yellow baseballs in a game between Pittsburgh and Brooklyn... It was thought spectators might be able to follow the ball better if it were colored yellow... But, the idea never caught on... It would seem strange today seeing a game with yellow baseballs, wouldn't it?  
There is much talk today about Henry Aaron's attempt to beat Babe Ruth's home run record of 714 but here are eight major league baseball records that I believe will never be broken:  
1. Ty Cobb's record of 4191 lifetime hits.  
2. Babe Ruth's lifetime record of 2056 walks.  
3. Lou Gehrig's 2164 straight games.  
4. Reger Hornsby's batting average of over .400 for a five year period. (1921-1925) .397, .401, .384, .424, .403.  
5. Joe DiMaggio's 56 game hitting streak.  
6. Cy Young's 511 games won in his career.  
7. Charles Radbourne's 60 victories in one season.  
8. Walter Johnson 3508 lifetime strike outs.  
I bet you didn't know that Ted Ewald Chevrolet according to Chevrolet Motor Division rankings, earned the number 1 position in customer sales satisfaction in the metropolitan area.

Offensive standouts for the Braves were Steve Metz and Roland Vandembroek who both doubled and D. J. Kiska who scored three runs.

Dan Couvreur got the only White Sox hit, a single with one out in the last inning.

**FARMS MAJORS**

By Rosalie Higgins  
The regular Major League schedule of play closed with the Yanks taking the league title trophy with a season record of 19-2. The remaining teams finished in the following order: Pirates, Indians, Reds, Red Sox, Tigers, Giants and Phils.

On Tuesday, July 3, the four leading teams were matched in play-off games for the Farms Cup. Kerby Field No. 1 fans saw the Yanks and Indians battling it out for a spot in the final game. The Yanks took the

Indians, 5-3, behind the pitching of Bob Baker. This victory capped Baker's brilliant '0-0 record for the season.

Glen Williams of the Indians knocked out another homer for his team. Williams was the league's leading home run hitter for the season.

That same night, fans at the Kerby Field No. 2 saw the Pirates and the Reds slugging it out. Jim Davey pitched the Pirates to a 7-5 win over the Reds. Kevin Rinke of the Reds slammed out a homer for his club.

The Yanks and the Pirates battled in the final duel for the Farms Cup Friday, July 6. Ed Ranger of the Yanks, with an impressive 8-0 season record led his team to a 4-1 over the Pirates, and for a second year the Yanks are in proud possession of the Farms Cup.

**FARMS CLASS C**

The regular season finished as it started, with exciting, well-played baseball. Three games on Saturday, June 23, were necessary to determine the final standings and play-off berths.

Richmond met Albany to complete a suspended game

of April 30, and determine the league championship. The game began at the top of the eighth with the score tied at 2-2, and 16 minutes later, Gary Lewis tripled in the winning run for Richmond and pitcher Jeff Smith. Richmond finished 13-1 and Albany, 12-2, as these two evenly matched, finely coached teams battled to the very end.

Playing at the same time were Rochester and Buffalo, with a victory necessary for sole possession of fourth place. Buffalo, in last place with two wins, did not give in and, behind the no-hit pitching of John Murphy, defeated Rochester, 4-0.

Syracuse had one rainout game remaining with Miami and a victory would mean a three-way tie for fourth place. The result was an 18-7 victory for Syracuse and pitcher Bob Reith.

Toledo, Syracuse and Rochester then began their playoff to decide fourth place. In game one, a pitching duel between Paul Gutwald of Syracuse and Doug Roby of Toledo resulted in a 4-3 victory for Toledo. In game two, Toledo broke open a tight game in the fifth inning to best Rochester, 12-6. This game decided fourth place.

Columbus, 11-3 on the season, met Richmond in the first game of the playoffs. Steve Wayman pitched for Columbus and Ricky Gallagher started for Richmond. Columbus came out the winner, 1-0. Albany took on Toledo Saturday, June 30, and had too much power for the inspired but very tired Toledo team as they came away with the victory.

**BUYING A SECURITY SYSTEM?**

When you buy an apartment at **The Jefferson Apartments** Grosse Pointe's newest condominium... you get not one, but a network of the most modern security systems to guard you, your home and your possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

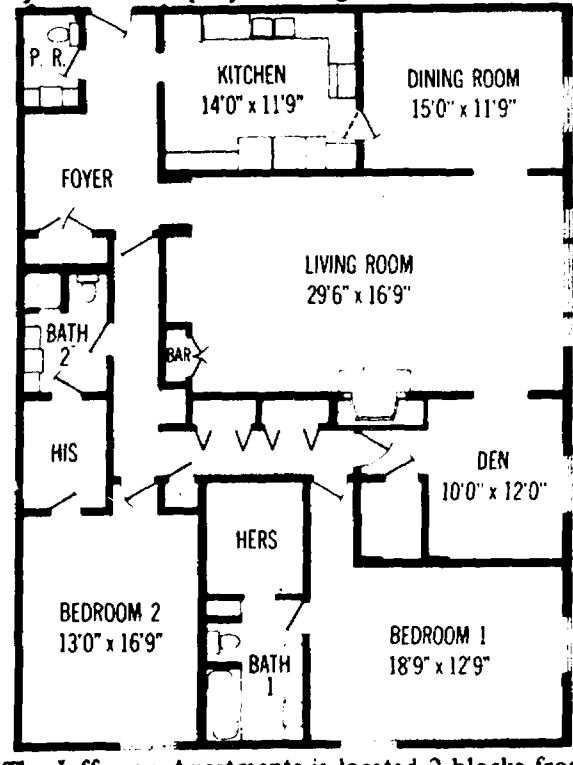

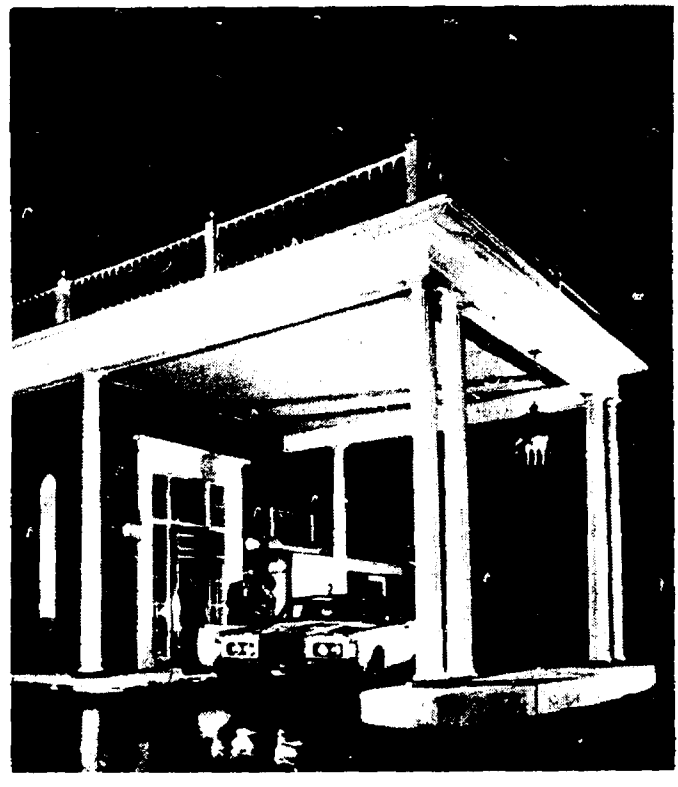

AN ON-GUARD ALERT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of any intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment.

Further elements of security are the uniformed doorman-attendant and resident caretakers.

Besides security, you also get really gracious living. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, individual heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet. Natural fireplaces, naturally.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged. The Jefferson Apartments is an adult community. Residents are home owners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

### U-LS Theatre To Give Play

The University - Liggett Summer Theatre Workshop will present its workshop production, "The Roaring Twenties" on Friday, July 27, at 7:45 p.m. in the Liggett campus theatre in Briarcliff drive.

The play, written by Edward Trigger, is a comedy about a family, set in the year 1927, and features music and dancing.

This is the second season for the summer theatre which this year is made up of 16 young performers from all the Grosse Pointes and Harper Woods. Many of them bring to the workshop musical, dance, acting and stage effects experience.

Duane Bondy, drama coach at Liggett, is directing the play with Barbara Wood as student director. Renee Bondy is musical director and Laura Bashara student choreographer.

Tom Keydel is art director and boys' costume designer. Chris Bondy and Miles O'Brien are working on lighting and set production.

Members of the cast include Laura Bashara, Harriet Clarke, Richard Dahling, Jeff Eugenides, Denise Howes, Paul Herrington, Greg Johnson, Tom Keydel, Jana Mast, Marcia McBrien, Mary McBrien, Colleen Nelson, Miles O'Brien, Ken Roach, David Urban and Barbara Wood.

Admission to the play is free. For information, call the Liggett campus at 886-4220.

### Optimist Club Helps Groups

The Grosse Pointe Optimist Club dispersed monies from their Youth Fund to two worthy organizations at a recent dinner meeting at the Alger House of the War Memorial Center.

Miss Agnes Crow accepted a check on behalf of The Michigan League for Crippled Children which will sponsor 25 handicapped girls and boys at Camp Grace Bentley this summer, and Maurice Vermeulen was the recipient of Optimist support to The Foundation for Exceptional Children for its outstanding work in the community.

These are but two of the many groups which benefit from the support given the Optimist Club each fall when the Annual Optimist Show is presented at Parcels School auditorium, and it is the interest and support of the many Optimist friends and the Grosse Pointe communities which make it all possible.

Marvin Robertson, president, reports plans are well under way for the upcoming 1973 show, and hopes Pointers will look forward to the date announcement.

## A List of Splendid Ideas for Summer Amusement

By Holly Angell

Here we are. It's the middle of July—horrors! Summer is one third over and already there are hints of fall. Bathing suits are on sale and Seventh Avenue will soon be dictating wools.

And too, usually after the fourth of July, that initial summer thrill of being out of school, of having endless hot days, has worn off. Summer projects planned early in May have hopefully been completed but probably forgotten. Now what? You only go around once; you want a change of pace.

Well, to rejuvenate that sagging summer spirit, we've compiled a list of suggestions of things to do. You don't have to do all of them. In fact, you don't have to do any of them. But you can't say we didn't try.

First of firsts, read "Dandelion Wine" by Ray Bradbury. That famed science fiction writer has taken a different subject—a 12-year-old boy during the summer of 1928. It's timeless and filled with summer rituals and life. The chapter about tennis shoes is particularly noteworthy. You'll never feel the same about your Keds again.

Why not collect something. Maybe you already have—then put it in collectible order. The list of collectible items is endless; stamps, buttons, shells, fossils, bottles, match boxes, postcards, valentines, spoons, comic books, autographs, "New Yorker" covers, campaign buttons, bumper stickers, license plates, people.

Watch A Sunrise  
Awake at 5:30 and walk, run, drive or bike down to the lake for a three-dimensional spectacular. A sunrise! Like snowflakes, no two are alike. It's an inspirational way to start the morning. And an early way too.

Go ahead, do it. You always wanted to. Buy a five scoop ice cream cone and prove to yourself that you can eat the whole thing. Then take the rest of the day off.

Get to know your local police and fire departments. Probably the only time you've been in the buildings is to pay a ticket. This time be an interested observer.

Or attend a Council meeting or watch a court session in action.

Learn from Ants  
Buy an ant farm—those see-through plastic boxes which put on display the intricacies and business of ants. You are there as the colony digs its tunnels and stores its food. Fun for the whole family. Rated G. Ants are always on the go—they may exhaust you.

Weed the garden. Then put those weeds to delicious use. Delve into "Stalking the Wild Asparagus," obtainable at the libraries, and find out which weeds are edible and make a salad. Invite your friends to partake.

Break a habit. Why be consistent in life? Give up smoking. Quit biting your nails. Take baths instead of showers. Brush your teeth from bottom to top instead of top to bottom. Eat scrambled eggs instead of fried.

Go Ice Skating  
Taste a preview of winter. Go ice skating at the Grosse Pointe Community Rink. Or if the ice skates are packed away, try roller skating.

Plan a Manet picnic. (clothed of course). Girls, pull out those sun hats and flowery dresses; men, it's white and linen. Fore-go the fried chicken and hard boiled eggs for wine, cheese, fruits and pate.

Speaking of wine, get to know some this summer. Try a different bottle each week and take your taste buds on a trip. There are plenty of books to start you off in the right direction. Red Mountain is a no-no.

Rent a tandem. The Shell gas station on the corner of Jefferson avenue and Alter road has a number of bright yellow ones. Take along a friend and/or sweetheart. And pretend your sweat in the good old days.

Fulfill a suppressed desire. Jump in the fountain at the War Memorial. Zelds and Scott Fitzgerald were famous, (infamous), for their nude dunkings in the fountain in front of the Plaza in New

York. We advise keeping your clothes on. P.S. Don't get caught.

Take Music Lessons  
Begin studying a musical instrument. Even though you may not have the patience to sit at the piano for 10 years, a small investment can purchase a recorder. Lovely sounds and simple tunes come quickly. Or perhaps a guitar. Banjo? Kazoo? How about the drums? Your neighbors will love it!

Be ambitious. Clean-up, fix-up, paint-up. There must be some drawer in your house that needs straightening or a bookcase that should be made more solid or a bathroom that desperately wants to be a different color. Do it now. And then pat yourself on the back.

Give a sparkler party. Gather all these sparklers you never used on the fourth, invite some friends over and light a group of them at once. Not the friends! But don't just stand there, run, twirl them around, throw them in the air. A fleeting moment of sheer beauty.

Try Going Dancing  
If you want to drive it, spend an evening dancing at Metropolitan Beach. Monday nights have been set aside for square dancing. Don't be shy—they'll teach you to Virginia Reel and everything. Go into a store you've never been in before. Even the most dedicated shopper hasn't frequented all of them. There are a multitude that are begging to be discovered. You just never know what you may find.

Take to jigsaw puzzles. They can be addictive. There are a variety to choose from; art works, scenes, geometric designs. And just when you think you are getting adept at fitting pieces together, try the ULTIMATE puzzle—Little Red Riding Hood's Hood—it's solid red!

Learn to Recite  
Memorize poetry. It's very good for the soul and can come in handy on those romantic picnics. Just think how you'll impress your friends. We recommend Emily Dickinson for beginners. Or you may have a favorite. Of course, there's always Shakespeare.

Play with immortality. Take out that camera and preserve something. Be visual and visceral.

Get to know your Grosse Pointe. Explore it in detail. There are many hidden lanes you don't know about. And innumerable new streets, just and about to be completed.

Write a letter. Break that long note at Christmas time syndrome and surprise a friend, relative or even enemy with a summer thought. If all your acquaintances live within a 50-mile radius of Detroit, write them anyway. What a shock!

It Depends On You  
Indulge in nostalgia. It's the current fad, you know. Take out some of those old records and carry yourself back to... well, it all depends on your age and era. Do the old dances or even the new dances, (are there any?). Be gay and heartless.

Stick to your sunbun. Every summer you plan to look like a California surfer. And every summer the weather is unworthy, your body is unworthy or you just don't seem to have the time. An old refrain. So far the summer has provided some good rays. So sit out and roast. You'll look gorgeous!

Let's get going. There's nothing worse than regretting. If you don't like our list, make your own. The possibilities are limitless. Even if you're not a summer person, you can always nurse the hope for an early snow, and start those Christmas lists.

## From Another Pointe of View

By Kathy Duff

Another chapter of Grosse Pointe history will come to a close with the demolition of the Alfred R. Glancy, Jr., home in Lake Shore road. Much like an old soldier, the magnificent English-styled mansion will slowly fade away as it will be sold—plate by plate—at a public auction Saturday and Sunday, July 21 and 22.

Pointers interested in taking a last look at the spacious estate, certainly one of the most gracious along the shoreline drive, will have the opportunity at the preview exhibit today, Thursday, July 19, and tomorrow, Friday, July 20. The house will be open from 10 a.m. to 4 p.m., and tickets may be purchased at the door for \$2 each.

In offering suggestions for the best-way-to-best-the-crowds, all that can be suggested is that Pointers use their best Election Day strategy. Often persons will wait in line for two hours before a preview opens, only to have some of their friends walk right in at 2 p.m.

### Many Items Being Sold

A great variety of family possessions will be for sale during the weekend auction. The articles vary from Mrs. Glancy's 131-piece Royal Copenhagen dinner set, to Mr. Glancy's collection of 35 antique mechanical banks.

Handling the sale, which is expected to realize \$250,000, is H. O. McNierny, Stalker & Boos, Inc., of Birmingham. An official of the antiques gallery said that catalogues may be purchased at the preview for \$6.50. The catalogues will provide the ticket of admission for two people going to the auction on Saturday and Sunday. The auction begins at 11 a.m. both days and will take place under tents erected on the estate lawns.

"It's a general misunderstanding that the preview is actually a tour or exhibit. The preview is set up so that persons may examine objects they wish to bid on at the sale. If a person wishes to know the expected bidding range of an item, there are lists available at the preview of the anticipated going price," the gallery official commented.

In reviewing the price lists, some items are expected to be sold around the \$30 mark. However, (Continued on Page 26)

## Short and to The Pointe

The NEWS mistakenly reported in the Thursday, July 12, edition that Pointers MR. and MRS. THOMAS SCHOENITH were elected to the advisory board of the Atlantic and Pacific Tea Company. The information was incorrect, and the NEWS regrets any confusion resulting from the misinformation.

ROBERT HERDEGEN, son of MR. and MRS. R. T. HERDEGEN, of Merriweather avenue, was named to the Dean's List at Rockford College. He also was elected president of the 1974 senior class in balloting this spring.

Participating recently in the summer youth program, "Explorations in Careers and Knowledge," at Michigan Technological University, were DON FORBES, son of MR. and MRS. JAMES BROWN, of Nottingham road, and FRED GERIGERY, son of MR. and MRS. FRED GERIGERY, of Beaconsfield avenue. With an accent on "doing things," the two Pointers spent one week in Exploration 6: Forestry, which took place at the Michigan Tech Forestry Center. The exploration included classroom instruction, laboratory work and forest field work.

Michigan Technological University in Houghton recently named six Pointers to spring quarter Dean's List. From The City were MARK BROMLEY, son of MRS.

Right before your very eyes, it can change straight hair into a headful of ringlets. Or make corkscrew curls. Or tame too-way hair. Or smooth bangs. Or almost anything. In fact, it's so magic (okay, so it's really a curling iron, but that doesn't make it any less magic!), it's almost like owning two different kinds of hair. If you'd like to do something a little different without doing anything radical, see us. We love to practice magic:

Both attendants wore dresses fashioned with navy and white plaid organza skirts and navy bodices. Baby's breath, blue bachelor buttons and stephanotis formed their floral bouquets.

Hugh Conklin served as his brother's best man. Another brother, Tom Conklin, acted as an usher, along with Louis Agnone, brother of the bride.

For her daughter's wedding, Mrs. Agnone chose a full-length dress of maize chiffon print, accented by a matching jacket. Mrs. Conklin selected a gown fashioned with a pink skirt and white bodice.

The couple are spending two weeks in San Francisco on a wedding trip before returning to Southfield for the summer. This fall, they will make their home in San Francisco where Mr. Conklin will attend the University of San Francisco Law School.

A family reunion was held Sunday, July 15, at the Grosse Pointe Park Pier to honor MRS. STELLA C. RINEY, whose 81st birthday was Thursday, July 12. Her four daughters, GERRY, MARGE, BERNADETTE and CHRIS, along with their families which include 19 grandchildren and 14 great-grandchildren, all brought food for the cook-out. One daughter, DOROTHY, who lives in Oregon, could not be there. They plan on making it an annual event.

## Hutzel Volunteers Raise \$90,000

Four Grosse Pointe women cut a ribbon of surgical gauze recently to open a new emergency suite at Hutzel Hospital in the Detroit Medical Center.

Ribbon snippers included Mrs. Robert Niccolini, of Wedgewood drive, Mrs. David D. Williams, of Lake Shore road, Mrs. Eugene C. Mathliver, of Lakeland avenue and Mrs. Warren Wilkinson, of Woodland place.

They are members of the Hutzel Hospital Volunteer League who donated \$90,000 to furnish and equip the department.

Hospital trustees, doctors and employees looked on during the ceremony that initiated the new suite to public service.

The colorfully decorated suite, staffed by 25 full-time employees, replaces the hospital's crowded former emergency room which last year handled 16,315 cases.

Robert E. Mack, M.D., president of the hospital, said Hutzel's new emergency room will be used until emergency care facilities of all hospitals in the Detroit Medical Center are combined at a new Detroit General Hospital which will be built in the Medical Center.

Hutzel's new emergency facilities include three private examining rooms, a six-stretcher area, separate rooms for clean and dirty utensils, a comfortable waiting room, a medication room, suture and cast room and an office for the head nurse.

Mrs. Eugene Shafarman, of Detroit, the newly-elected president of the Hutzel Hospital Volunteers, said money for the emergency room equipment was raised through bake sales, rummage sales, bridge parties, an annual dinner dance, revenue from the hospital coffee and gift shops, and from contributions. Mrs. Wilkinson was League president during the fund raising.

Special guests at the dedication were members of the family of the late Mrs. John K. Ford, a former president of the Volunteer League. The Ford family was a major contributor to the emergency room fund.

The \$90,000 contributed to the hospital to purchase equipment for the emergency suite was one of the largest projects undertaken by the

Hutzel Volunteer League. The donation brings the League's gifts to the Hospital to \$375,000.

This money has purchased a heart catheterization laboratory and supportive equipment, kidney dialysis machine, cobalt therapy unit, special surgical table, 100 electrically-controlled beds, nursery equipment, a nurse call system, and furniture for a chapel and a patient lounge.

The league also contributes time through a variety of activities including operating a lending library and gift

cart for patients, and by staffing the coffee shop, gift shop and information desk.

Men and women interested in joining the League or in working as volunteers should contact Mrs. Shafarman at 888-6711.

Attending a two-week session of ensemble participation and classroom instruction at Western Michigan University is DAVID COOLIDGE, JR., son of Mr. and Mrs. DAVID A. COOLIDGE, of McMillan road. He will be a senior at South High School this fall.

Recently named to the Dean's List at Rensselaer Polytechnic Institute was engineering major, ALAN MEYERS, of Blairmoor court.

ALICE LYNN SESSIONS, daughter of Mr. and Mrs. Cecil R. Sessions of Hampton road, became the bride of Marc Joshua Lonoff, son of Mr. and Mrs. Richard Lonoff, of Douglaston, N.Y., on Saturday, July 14, in the gardens of the Grosse Pointe War Memorial.

## Alice L. Sessions Wed to Mr. Lonoff

Bride's Oberlin College Friend, Lynn Schubert, Plays Flute During the Ceremony

The gardens of the Grosse Pointe War Memorial were the setting for the Saturday, July 14, wedding of Alice Lynn Sessions and Marc Joshua Lonoff. A reception in the Crystal Ballroom immediately followed the 6:30 o'clock rites at which the Reverend Perry A. Thomas, officiated.

For the outdoor ceremony, the bride selected a gown of white eyelet with a blue embroidered trim between the tiers of the skirt, and around the square neckline, empire waist and puffed sleeves. Her fingertip veil was attached to a Juliette cap of beaded eyelet. She held a bouquet of sweetheart roses, baby carnations and blue baby's breath.

The bride is the daughter of Mr. and Mrs. Cecil R. Sessions, of Hampton road, and the late Mrs. Geneva Sessions. Traveling from Douglason, N.Y., for the wedding were the bridegroom's parents, Mr. and Mrs. Richard Lonoff.

Susan Sessions served as maid of honor for her sister. Also dressed in long blue and yellow plaid voile gowns with embossed daisies were bridesmaids Kathleen Allen, a cousin of the bride and Catharin Griffith. Their dresses were fashioned with yellow bodices, square necklines

and ruffled sleeves. White picture hats trimmed with yellow ribbons completed their outfits. They carried bouquets of white daisies, yellow roses and blue baby's breath.

Acting as best man was Larry Kohn, of New York City. In the usher corps were Larry Goldman, of Evanston, Ill., and Paul Falon, of New York, N.Y.

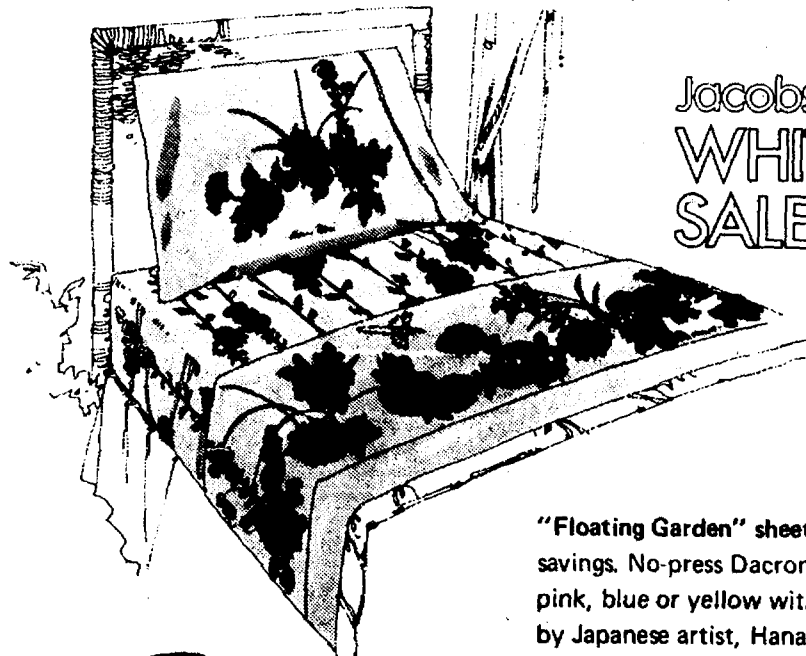

A nephew of the bride, Stephen Nagler, served as ring bearer.

For her daughter's wedding, Mrs. Sessions chose a long coral chiffon dress accented by a cymbidium orchid corsage. The mother of the bridegroom, Mrs. Lonoff, selected a long mint green chiffon dress also accented by a cymbidium orchid corsage.

After their return from eastern Canada, the couple will make their home in Cambridge, Mass., while Mr. Lonoff works on his Doctor's in economics at the Massachusetts Institute of Technology.

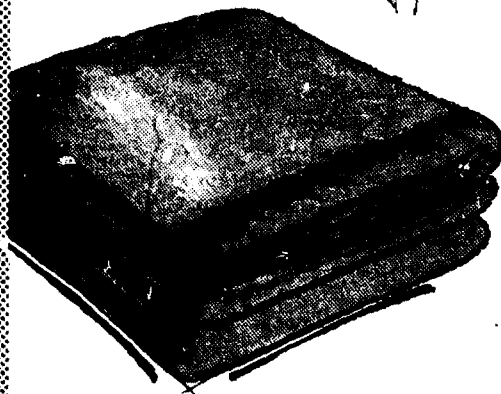

MARY ANNE DANAHEY, daughter of MR. and MRS. JOHN DANAHEY, of Vernier road, recently began summer classes as a freshman at Antioch College. Under the college's four-quarter, experienced-based plan of education, students are required to alternate periods of study with work or other experience off campus. ## Harper Opens Webber Center

Doctors and employees at Harper hospital are eagerly counting the days until the huge new 354-bed Webber Memorial Building is ready to receive its first patients.

George E. Cartmill, hospital president, said, "We plan to begin moving patients into the building this fall just as soon as the facilities are ready and before the formal opening and dedication ceremonies."

The Webber building, now about 90 percent completed, is being added to the north side of the hospital located at 3825 Brush in the Detroit Medical Center. It also connects with Grace Hospital and will physically link the two hospitals which have announced their intent to merge.

The Webber Building is only part of Harper's construction project. The Hospital also will renovate a large portion of its present building and build a 450-car

parking deck to complement the 750-car parking structure built three years ago.

At that time, when the entire project has been completed, Harper will have a total of 783 beds for patients and will be one of the largest hospitals in Detroit as well as the largest of the six hospitals in the Detroit Medical Center. It is also a principal teaching unit of the Wayne State University School of Medicine.

The Webber Building has a 3 1/2 acre single floor below ground level which will house 24 operating rooms, a 25-bed surgery recovery room, extensive diagnostic laboratories, x-ray and nuclear medicine units and sophisticated facilities for diagnosing and treating cardiovascular and gastrointestinal problems.

Upper floors will contain 144 semi-private bedrooms, four intensive care units each with 10 beds, and a 26-bed general clinical research unit for use by doctors in investigating treatment of disease under carefully controlled conditions using special laboratories and highly-trained technical personnel.

A large wing of the building will be the new headquarters of the Kresge Eye Institute of Wayne State University which provides diagnosis, treatment, re-

search and teaching concerning the eyes. The Institute is directed by Robert S. Jampel, M.D., chief of ophthalmology at Harper and chairman of the department of ophthalmology at the medical school.

Also located in the Webber building will be the Harper Hospital administrative offices, a 250-seat auditorium for medical meetings, a chapel, large medical library, the hospital's main kitchen and central supply department, and a coffee shop for visitors.

The Webber building's entrance, on John R. at Alexandrine will become the front door of Harper Hospital, replacing the present entrance on Brush Street.

The Webber building is named in honor of a distinguished Detroit family that has contributed significantly over the years to the development of Harper Hospital.

The late Richard H. and Oscar Webber, brothers, served as trustees of the hospital for more than 50 years. They were nephews of the late Joseph L. Hudson, also a member of the Harper board for 25 years, and founder of Detroit's largest department store. Another member of the Webber family, James B. Jr., a nephew of Richard and Oscar, also served on the Harper board from 1948 until his death in 1956 at the age of 45.

Continuing the family tradition of service, Joseph L. Hudson, Jr., a grandnephew of Joseph L. Hudson, was elected to the Harper board of trustees in 1957 and now serves as chairman.

Ground for the Webber building was broken in February, 1970. Architects are Smith, Hinchman & Grylls Associates of Detroit. The general contractor is Utley-James, Inc. of Pontiac. Anthony J. J. Rourke, M.D., of New Rochelle, New York is the hospital consultant.

## RC Pays Honor To Volunteers

A Pointe woman and long-time Red Cross volunteer was among those recently honored for years of service to the American Red Cross, Southeastern Michigan Chapter.

Mrs. Gilbert (Robina) Whelden was awarded a 25-year service pin at the annual Red Cross Recognition Ceremony held aboard the Bob-lo Boat.

Mrs. Whelden began her Red Cross career as a hospital volunteer. She combined volunteerism with her job, a nurse's aide, at what was then Women's Hospital.

During World War II she became a Food Service volunteer and participated in mass feeding at Harper Hospital, Detroit General and in the Romulus "Alert Room" canteen.

For the past decade Mrs. Whelden has worked continuously in Red Cross Service to Military Families, (SMF). She is a former chairman of the SMF advisory committee and board member of the Red Cross Southeastern Michigan Chapter.
