## HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, August 30  
**JOHN J. SIRICA**, Chief Federal Judge, ordered President Nixon to turn over his Watergate tapes for the judge's private inspection. Sirica declared the President has no absolute right to decide what evidence a grand jury shall have. Sirica delayed the ruling for five days to give the President's attorneys time to appeal. Nevertheless, the White House said Nixon would refuse to comply with the order. Sirica did say in a 21-page opinion accompanying his order that he would review the tapes and censor those portions which are not related to Watergate.

Friday, August 31  
**RESEARCH ENGINEER** at Ford Motor Co. along with two Romanian officials was arrested Thursday by FBI agents in an alleged conspiracy to sell details of a secret Ford glass-making process to a Portuguese firm and to the Romanian contacts. FBI officials said that the Ford employe, John Cahit Akfirat, 39, of Ann Arbor, had systematically removed and copied complete details of the plans from the Ford files and was planning to fly to Portugal Saturday. Akfirat was charged with two counts of conspiracy and held on a \$100,000 bond.

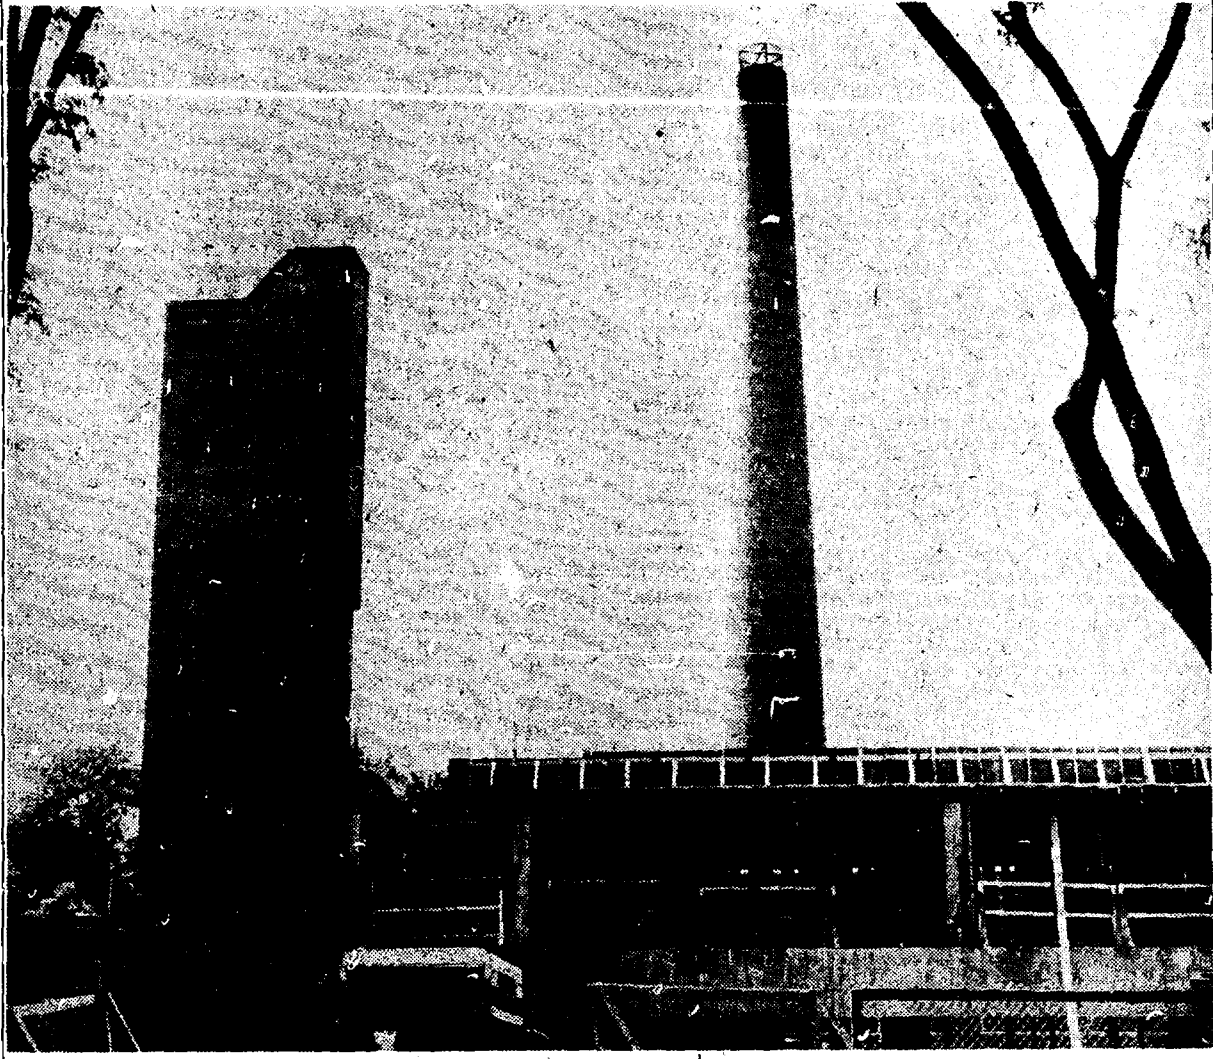

Saturday, September 1  
**DIRECTOR JOHN FORD**, winner of six Academy Awards, died Friday at his Palm Desert, Calif., home. He was 80 years old. His distinguished career spanned the film's silent years through the mid-1960's, and included Oscars for "The Informer," "The Grapes of Wrath," "How Green Was My Valley," "The Quiet Man" and two world War II documentaries. A rear admiral in the U.S. Naval Reserve, Mr. Ford also was well known for his portrayal of the American West on the screen, e.g., "Stagecoach," "My Darling Clementine," "She Wore a Yellow Ribbon" and "Cheyenne Autumn."

Sunday, September 2  
**TWO BRITISH SEAMEN** were hauled from the ocean floor Saturday after spending 76 hours in a mini-submarine. Roger Mallinson, 35 and Roger Chapman, 28, climbed out of the sub unassisted after it was lifted 1,375 feet from the bottom of the Atlantic. The men were laying a transatlantic cable off the coast of Ireland when the rope that was lifting them to the surface broke. British, American and Canadian experts combined forces to execute the underwater rescue.

Monday, September 3  
**BILLY MARTIN**, the outspoken manager of the Detroit Tigers, was fired Saturday by general manager Jim Campbell. Martin was completing a three-day suspension on Sunday for ordering his pitchers to throw spitballs. The reason for the firing, according to Campbell, was a culmination of events that occurred during the year. "There was a breakdown in company policy inater," Campbell said. Martin's suspension was a contributing factor to the dismissal.

Tuesday, September 4  
**A TROPICAL STORM** in the Gulf of Mexico caused thousands of persons to flee inland along the Texas and Louisiana coasts. The storm, called Delia, turned unexpectedly around a low-pressure area in the Gulf and headed toward land. Dr. Robert Simpson, director of the National Hurricane Center in Miami said that the storm is not expected to be of hurricane proportions and should reach land, somewhere west of the Louisiana-Texas border late Tuesday.

## Bon Secours Contributes to Cleaner Air Campaign

The 150-foot chimney rising from the hospital's power plant will be dismantled and a huge trash compactor will replace the incinerator for disposal of waste materials as part of the institution's big expansion program. The project will not only improve the quality of the air, but will eliminate the aesthetic eyesore the chimney presented.

## Given Life Sentence in Glancy Case

**Judge Thomas Foley** also recommends **Henry Reed, Jr.** never be paroled.

Detroit **Henry Reed Jr.**, 27, who was found guilty of first degree murder in the beating death of **Alfred R. Glancy Jr.**, was sentenced to life imprisonment in Wayne County Circuit Court Wednesday, August 29. His imprisonment is to be served at hard labor.

**"Superb Job"**  
Shores Public Safety Director **Joseph Vitale** said, "All officers involved in the investigation did a superb job."

**Edward Williams**, 22, also of Detroit, is scheduled for trial Tuesday, September 25, on the same charge.

Both **Reed** and **Williams** have already been convicted for the breaking and entering of an occupied dwelling. (Continued on Page 2)

## Stolen Items Recovered Before They're Missed

Normally police receive a report of a breaking and entering after which they try to recover any property that might have been stolen. Or, they might even apprehend a burglar, or burglars, in the act of committing a crime.

On Monday, August 27, **Patrolman Timothy Mink**, while on patrol north of and on **Maryland**, at 2:20 a.m., recovered stolen property before any report was made to the authorities.

## Faces Charges of Trying To Run into Police Cars, Pointing Gun at Officers

**Detroit** charged with **Dangerous Weapon in A Motor Vehicle, Felonious Assault; Woods Police Set Up Roadblock to Make Arrest**

A 22-year-old Detroit man, while driving on Mack avenue pointed a revolver at two Woods public safety officers after attempting to hit their scout cars late Wednesday morning, August 29. He was ultimately apprehended after police set up a roadblock in front of The Woods Municipal Building, 20025 Mack avenue.

The man is being charged on two counts based on the recommendation of Assistant Wayne County Prosecutor **Caroline Floresca**: dangerous weapon in a motor vehicle, (carrying a pistol in a motor vehicle), and felonious assault. He has been taken to Wayne County General Hospital. Police said as soon as he is released he will be picked up and arraigned on the warrants.

While going south on Mack, Officer **James Fowler** reported the man tried to hit his scout car broadside. The officer looked to his left to discover a black revolver pointed towards his face. At this point, the man continued on Mack with the officer, who radioed for assistance, in pursuit.

**Officer Hears Call**  
While with a violator at Mack and Lancaster, Officer **Ronald Hayden** heard Officer **Fowler's** call. The man approached his scout car which was pulled into the right traffic lane. As he passed on the

**Ordered to Halt**  
In his report, Detective **Thomas Podeswick** of the Youth Service Division said he saw the suspect being pursued by both scout cars. He then slowed almost to a stop

## Jaycees Slate 'Grease Ball'

The Grosse Pointe Jaycees will be having a nostalgic "Grease Ball" featuring music of the '50's and '60's Friday, September 7, at the air conditioned Allard House in Harper Woods. The festivities begin at 8 p.m.

The purpose of the "oldies but goodies" party is to raise funds for the Jaycees so they can continue their community activities. The affair is presented by both the Jaycees and their wives.

## Bike-A-Thon To Be Held On Sept. 29

Expect 6,000 to 8,000 to Take Part in Event for March of Dimes

According to experts, the fastest growing thing in Michigan next to crabgrass, the price of food, and a 40-year-old's waistline, is bicycling.

That heartening news added speed to the wheels already in motion for the 1973 March of Dimes Bike-A-Thon, open to all bicyclists. It will be held on Saturday, September 29, at Metropolitan Beach in Clinton Township.

Riding high on the enthusiasm for cycling, the March of Dimes, annual sponsor of the Bike-A-Thon, has joined forces with the Michigan Bicycling Federation which boasts membership of more than 10,000.

**Fight Birth Defects**  
Together they are reaching out to Michigan cycling enthusiasts for help in raising money to fight against birth defects and to aid those children already afflicted. All funds raised from the Bike-A-Thon will go to the March of Dimes programs in birth defects research and support of local programs.

Come rain or shine a total of six to eight thousand are expected to participate this year. The Bike-A-Thon will offer challenges to the expert and accomplished bicyclist as well as the average rider. For the first time, both a 50-mile and a 100-mile course will be offered.

The 50-mile course, where everyone can ride, starts between 8-10 a.m. It consists of a 7.15 mile lap on the Beach Parkway, traveled seven times, to equal 50 miles.

The 100-mile course, open only to experts or accomplished riders, begins between 6:30-8 a.m. It will extend from Metro Beach to Port Huron and back for one lap on the Metro Park course to equal a sanctioned 100-mile Century Ride. The ride must be concluded within ten hours.

## Cyclists' Driving Leads to Arrest; Find 3 Weapons

Stiletto, Straight Razor and Pistol Discovered in Search of One Rider; Other Had Changed Address on Driver's License

Erratic driving led to the arrest of two motorcyclists by Woods police, and further charges, Friday evening, August 31. **Roger Allan Ellison**, 25, of Detroit, is charged with carrying a concealed weapon based on a warrant recommended by Assistant Wayne County Prosecutor **Dale Devlin**.

**Ellison** was arraigned on this charge Saturday, September 1, before Woods Municipal Judge **J. Patrick Denis**. Bond was set in the amount of \$10,000, two sureties and his examination date was scheduled for yesterday, Wednesday, September 5.

**Faces Other Charges**  
**Ellison** also is charged with changing lanes without signaling and with the throwing of missiles. His court date on these charges is scheduled for Wednesday, September 19.

Another cyclist, **James Morang**, 30, of Ferndale, who was riding near **Ellison**, is charged with changing lanes without signaling and failure to change the address on his driver's license. His court date also is scheduled for the 19th.

**Public Safety Officer Frederick Lovelace** spotted **Ellison** and **Morang** driving in an erratic manner along Mack avenue at Blossom lane. While following the pair north on Mack, the officer saw them change lanes several times in front of cars without signaling.

**Tosses Wine Bottle**  
At **Lochmoor** and **Mack**, Officer **Lovelace** turned on the overhead lights and flashed the cyclists with spotlights. At this time, police said **Ellison** threw a wine bottle back towards the officer. It shattered in the street.

After turning on the siren, Officer **Lovelace** pulled the pair over at **Mack and Lancaster**. (Continued on Page 4)

## Almost Wins Lottery Prize

**Woods Public Safety Officer Albert Abend** had \$10,000 in the palm of his hand... almost.

He had the winning State lottery numbers for August 30 on the SAME ticket. That meant \$10,000 automatically and a chance at the \$200,000 grand drawing.

But, (are you ready for this?), those "winning numbers," 408 and 161, were on his ticket for the September 6 drawing. So he missed the "big time" by only a week.

Besides acknowledging the frustration of the loss, Officer **Abend** roared in a tearful laugh, "I hope those numbers repeat themselves at the September 6 drawing."

Alas, so near and yet so far.

## Farms Police Chief Issues Warning on Use of PPVs

PPV stands for People Powered Vehicle. A PPV is a two-seat, three-wheel, fiber glass "toy" which may be pedaled by one or both of the occupants and which may reach speeds of up to 30 miles an hour. They may be rented or purchased in The Pointe.

As things stand now, according to Farms Police Chief **Robert K. Ferber**, the operation of a PPV on the public streets and sidewalks, is not only dangerous, but it is in violation of a state law.

"This type of vehicle, which is actually a toy, although it costs several hundred dollars, is extremely dangerous on the public thoroughfares. Since they are so small, it is difficult for motorists to see them," the chief said. "A person, or persons in one of

## Teacher Pay Contract Not Yet Settled

Negotiations Continue as NEWS Goes to Press; Both Sides Hopeful of Settlement

Negotiations between the Grosse Pointe Board of Education and the Grosse Pointe Teachers Association continued over the Labor Day weekend but a contract settlement was not reached. However, the teachers will be in the classrooms on the opening day of school on Thursday, September 6.

**Carl Lord**, president of the Education Association, met with his teachers on Tuesday morning and recommended that they return to the classroom without a contract. Mr. Lord spoke before more than 400 Grosse Pointe educators and shared the latest proposals offered by the board.

**Hold Long Sessions**  
GPEA and Board Negotiators met Saturday, September 1, with State Mediator **Leon Cornfield** for 18 hours in the hopes of concluding an agreement fair to both sides.

This meeting was followed by 16 hours of intensive negotiations on Labor Day. While the issues were narrowed, the progress was extremely slow, according to a GPEA release.

"Teachers as well as community residents have been affected by increased prices in the marketplace," Mr. Lord stated. "The consumer price index published by the Bureau of Labor Statistics indicated an April to April increase of 5.9 percent, the basis by which previous contracts have been settled in Grosse Pointe."

**Show Good Faith**  
Mr. Lord went on to state "The teachers have demonstrated a willingness to negotiate and have shown good faith by returning to the classrooms. We are exceedingly confident that the district will provide equity to its teachers."

**William O'Connor**, chief negotiator for the Board of Education, said that "it seems we are fairly close to reaching a contract. We will be meeting tonight (Tuesday) and hopefully will have a settlement." He went on to say that the hang-up in negotiations is in the second year of the contract.

**Reports Progress**  
**Lawrence Kennedy**, Assistant Superintendent of Schools, said "We made reasonable progress over the weekend. We have spent a great deal of time and there has been

## Faulty Boiler Cause of Soot

A malfunctioning boiler at Detroit Edison's River Rouge power plant was found to be responsible for the cloud of black greasy soot which covered parts of Windsor, Detroit and The Pointe Monday, August 27.

The Air Pollution Control Division of the Wayne County Health Department filed a civil suit against Edison Friday, August 31, in an effort to prevent similar occurrences. Attorneys said they will be asking that Edison be required to install pollution monitoring equipment in all its Wayne County power and heating plants.

Edison has offered to pay residents who "suffered actual property damage and have proof." Anyone with a claim to file should write the Detroit Edison Legal Department, 2000 Second, Detroit, 48226, or call 237-7500.

Edison suggests that if you have something soiled, leave it for the adjuster to see, or take pictures of the damaged property before cleaning it. And keep receipts for cleaning bills and materials.

For minor cases, the company suggested an application of soap and water to remove the soot.

### YSD Agent Explores Role of School Liaison Officer

(Continued from Page 1) maintain contact with his department. He's responsible for one police agency — his own.

On the other hand, the Youth Service Division utilizes the "detached approach" where its officers operate directly from the departments, and then go to the schools which provide facilities for their work. And unlike the State trooper, Youth Service Division personnel are responsible for five police agencies, (i.e., one in each Pointe). "We have to have a closer relationship with our five departments," said Agent Ferrence, who also stressed "increased communications" and the "work between police, students and the school system on common problems."

**Mood for Interaction**  
Group seminars were held on many topics and the two which most interested Agent Ferrence were "Communication Skills" and one on the relationship between the school administration and the police department.

Dr. Walter Gregory, from Kalamazoo, gave an eight-hour presentation on "Communication Skills." "He dealt with not only communications but with self-defeating behavior. He discussed how to talk to an individual and how to set up a mood for interaction," said Agent Ferrence.

A fascinating aspect of his presentation is the fact that body language, i.e., physical bodily movement, comprises 58 percent of communication, while 35 percent resides in voice tone and only seven percent in the actual spoken word, according to the agent.

The doctor went on to apply this to dealing with people on a day-to-day basis with examples geared towards law enforcement. **Explore Pattern**  
Agent Ferrence cited an example of how a youngster

sets himself up to commit a crime, not focusing on the "why" of it. Here, one explores a pattern and the development of thought processes such as developments in a particular area at a particular time at a particular

house leading a youth to commit a burglary—"How everything fell into place to commit a crime," he said. "I was impressed with communication skills three years ago. Everyone in the community should be interested in all these things. Many are. Many people in the school system are aware of these things."

"This is the basis. All activity hinges on communication. If you can't define your problem correctly, then you can't come up with a way of handling the problem. Everything is hinged on one element," emphasized Agent Ferrence.

**Maintain Order**  
The presentation on the relationship between the school administration and police centered upon the common problems and the basic philosophies of each.

As an example, the agent cited the maintenance of order. "In the classroom, it's hard to give information to a class if it's in total disruption. A teacher must get a student interested so order can be maintained."

And police officers also have to maintain order in a community. "We can't maintain order with overt threats. We can't force people to change. The alternative is to convince an individual to maintain order so more things can be accomplished. Disruptive behavior gets a person into trouble. He can accomplish more without any physical action."

Other wide ranging topics discussed included "Cultural Considerations" and "Basic Research."

### Detroit's 911 Not for Pointe

As of Saturday, September 1, Detroit began the operation of its 911 Emergency Telephone Network, after several months of testing and installation work by Michigan Bell Telephone and Detroit. This is a single emergency number for police, fire and ambulance services.

Police and Fire authorities of all the five Pointes wish to stress to the citizens of their respective communities that 911 is only for Detroit, NOT The Pointe.

Residents of The Pointe are asked to dial the numbers of their respective police and fire stations in emergencies. Otherwise, if they dial 911, Detroit will receive the call and will have to relay any message to the Pointe authorities. This will cause a delay, when every second might count.

Detroit Mayor Roman Gribbs informed the administrative officials of The Pointe that the emergency number has been implemented.

"Since it is technically possible for a resident of The Pointe to call 911 and reach the Detroit center," the Detroit mayor stated in his letter, "provisions have been made to transfer such calls back to your own Police Departments."

"Although very few such calls are anticipated, Michigan Bell Telephone has installed direct lines from Detroit Police Headquarters which will be used to transfer any 911 calls from your city."

### Schools Open

(Continued from Page 1) progress on a couple of the issues.

"Yet we have a way to go on the economic issues of the second year. The big problem is the economic advances for 1974-1975."

The board and teacher negotiators met on Tuesday evening with mediator Mr. Cornfield to continue contract talks. The teachers met on Wednesday, September 5, in the Parcels Auditorium to review the progress made and hear the details surrounding the issues on the table.

### Points Gun

(Continued from Page 1) in front of the detective as officers yelled, "Halt — Police!"

The man turned sharply to the right because of stopped traffic and attempted to drive down the curb lane. After going several car lengths he stopped and was ordered out of the vehicle.

A station search revealed the suspect had six rounds of ammunition in his left pants pocket and six more rounds in his right pants pocket.

Police said four scout cars and eight or nine officers took part in the road block.

### Issues Warning

(Continued from Page 1) are bicycles, he dispatched copies of the State Law to all Pointe and Harper Woods city managers and to all police chiefs and directors of public safety of the six communities in which he pointed out a section of the Public Act of 1971, on what is meant by a bicycle. It reads as follows:

"Section 1. Sections 4 and 32 of Act No. 300 of the Public Acts of 1949, Section 32 as amended by Act No. 134 of the Public Acts of 1969, being sections 257.4 and 257.32 of the Compiled Laws of 1948, are amended and Section 660a is added to read as follows:

"Sec. 4. 'Bicycle' means a device propelled by human power upon which any person may ride, having two tandem wheels either of which is over 20 inches in diameter. It includes pedal bicycles with helper motors rated less than one brake horsepower transmitted by friction and not by gear or chain, which produce only ordinary pedaling speeds up to a maximum of 20 miles an hour."

Chief Ferber said that he has issued a directive to all personnel of his department to issue violation tickets to any citizen operating a PTV on the city's public rights-of-way. The operation of such vehicles on private property, of course, is a different matter, he added.

**Bar in Woods Gets Violation**

The Nightingale Lounge, 2091 Mack avenue, was hit with a violation for allegedly serving a minor and a 17-year-old youth was charged with possession of an altered driver's license and using fraudulent identification to purchase alcoholic beverages.

This activity resulted from a routine bar check by Woods Lieutenant Allan Selby and Sergeant Peter Thomas on Friday, August 31.

The officers spotted four youths sitting in a booth with mugs of apparent beer in front of them. All appeared as if they were under 18 so the officers requested proof. They were found to be 18 years or older but Joseph Richard Lucido of Harper Woods was under age.

Police said Lucido showed a driver's license with an altered birth date, as the year "55" had been changed to "53". When confronted with this, Lucido said he was, in fact, only 17. The glass of beer served to him was confiscated as evidence.

Frank J. Losh, lounge owner, was told Lucido was 17 and his identification was fraudulent. Mr. Losh said he had just arrived at the bar and his bartender had been in charge of the lounge.

It was discovered Lucido had been served by a waitress who said he offered as proof the driver's license which she did not notice was altered. The waitress also told police the confiscated beer was the second beer she

had served him. The officers advised Mr. Losh a violation report would be turned in to the Liquor Control Commission on this incident.

At the station, Lucido was given a ticket for possession of an altered driver's license. His court date is scheduled for Wednesday, September 19.

He also was issued a city ordinance citation for violating a section of ordinance 292 which says, "Every act prohibited by State law as a misdemeanor is hereby prohibited." The State law referred to as a misdemeanor is a section of the Compiled Laws of 1948 as amended by Act 79, P.A. 1971, which says that a person under the age of 18 who uses fraudulent identification to purchase alcoholic liquor is guilty of a misdemeanor.

Lucido was released on \$25 bond on this charge, pending his scheduled court date on the 19th.

**HOPE FOR ALCOHOLICS**

The 450,000 Michigan alcoholics are getting help through services of the National Council on Alcoholism, Inc. (NCA). A United Way of Michigan (UWM) service, NCA is helping alcoholics to recover through medical care, psychiatric counseling and group therapy. The council is supported through contributions to local United Way campaigns.

The center will offer organ lessons for the first time this fall. Special classes for children and teens will be given on Thursday afternoons, 4 to 5 p.m. and 5 to 6 p.m., September 20 through November 8. Note reading and key board and organ theory will be taught by Stella May.

**Warns Against PPV's in GPW**

Operators of PPV's, (People Powered Vehicles), in The Woods will be issued a violation if spotted by a public safety officer. These three-wheeled vehicles hold two passengers sitting side-by-side.

Public Safety Director Henry Marchand reports that under the Uniform Traffic Code, PPV's do not fall under the classification of bicycles. Under Section 3.4, the PPV is classified as a "Toy Vehicle."

Therefore, the director says, they are not permitted on streets or roadways except while actually crossing a street at a cross walk.

"The department's official policy will be not to allow the operation of such vehicles on Woods streets," he emphasized. In this respect, Director Marchand noted PPV's were low to the ground and hard to see. "Motorists are not looking for something that low, and these vehicles take up as much room as a compact car."

The director added violations will be issued for the operation of PPV's on a public street, with the possibility of impounding a vehicle depending on the seriousness of the traffic violation.

**Key '73 Group Plans Meeting**

The next meeting of the Key '73 group of church cooperation for Pointe congregations will be held at St. Paul Lutheran Church, 375 Lothrop road, Tuesday, September 11, at 6 p.m.

An important item on the agenda will be further discussion of the formation of the Grosse Pointe Association of Churches. The congregations of all the churches located in The Pointe have been invited to join the association by the Cooperation Task Force of Key '73.

The Task Force includes Rev. Charles Sandrock, St. Paul Lutheran; Rev. John McCreight, Grosse Pointe Memorial; Mrs. Betty Kackley, St. James Lutheran; Frank McDonald, St. Clare de Montefalco; Egon Koenig, First English Lutheran; Harold Batties, First Christian Reformed, and Harry Steinkampf, St. Paul Lutheran.

The purpose of the Grosse Pointe Association of Churches is to provide means whereby churches can work together effectively in such areas as evangelism, stewardship, publication-communication, social action, worship, Christian education and pastoral ministry.

Some drivers consider an open road an invitation to open up.

Youth Arrested After Ejection

An 18-year-old youth was arrested by Woods police and charged with unnecessary noise and hitch-hiking while in the area of the Lochmoor Lounge, 20634 Mack avenue, early Friday morning, August 31.

Michael Anthony Juif of The Woods was released after posting a \$25 bond pending his Wednesday, October 24, court date on the two charges.

While on beat duty in the parking lot behind the lounge, Public Safety Officer Patrick DeVine heard shouting from the north side of the bar. He then spotted Juif walking from the lounge's side door.

At this time, he was shouting repeatedly as he walked, police said. The shouting could be heard by Officer Bruce Marone who was stationed in the parking lot near some Hampton residences.

Juif crossed Mack and began to hitch-hike at the south-bound curb lane. Officer DeVine called for him to return but Juif continued to walk away and shouted an obscenity at the officer.

The youth was ultimately detained by a scout car going north on Mack until Officer DeVine arrived. In his report, the officer said Juif appeared intoxicated and had a strong odor of alcohol on his breath, his speech was slurred and he swayed slightly while standing. Juif was then transported to the station.

Harold Palms, Lochmoor Lounge owner, told police the youth was loud and obscene in the bar, and was ejected.

Happy Combination Nets Pointer Teaching Position

By Sally Duff The strongest believers in Fate, Chance and Luck are those few persons who have recently graduated, or not so recently graduated, from college and have received a teaching position.

The Education Fate certainly was looking after Pointer Elizabeth Wernet, who has always wanted to teach elementary education.

Miss Wernet was graduated from Western Michigan University last April with a Bachelor of Science degree with her three minors in elementary education, health education and creative arts.

Realizing that teaching positions were not easy to come by, Miss Wernet wrote numerous boards of education, in

and out of state. Some would not even take applications; others would take them only at the end of August. The possibility of teaching began to look more and more bleak. But, as Luck would have it, Miss Wernet's mailman mentioned an opening at Tyrone Elementary School in Harper Woods. Not wanting the opportunity to slip through her fingers, Miss Wernet went over to Tyrone where Chance had made it possible for her to have an interview with the school principal, who happened to be available.

Soon after, Miss Wernet received a phone call saying that the job was HERS!

So, if you are one of those unfortunate graduates, maybe it's time for you to take up the faith of Fate, Chance, and Luck . . .

League to See Taiwan Films

The Island of Taiwan, Formosa, Nationalist China, will be the featured film at the first meeting of the Cinema League. The color and sound film, entitled "Chinese Adventures," will be shown on Thursday, September 13 at 8 p.m. in the Fries Auditorium at the War Memorial.

Dr. Walter W. Theuerle, a Flint physician and a member of the Photographic Society of America, will be the scheduled speaker. He is a world traveler, a motion picture photographer and has won honors in the field of travel films.

Dr. Theuerle and his family rented a car for two weeks and traveled throughout Taiwan. They visited many remote areas of the island in order to capture a unique view of the Chinese people, their land and their culture. The public is welcome to attend.

Bike-A-Thon

(Continued from Page 1) Bicycle Federation along with the Slow Spokes of Macomb, the county's famous bicycle organization, will patrol and maintain safety on both courses as well as regulating procedures at each checkpoint.

The Bike-A-Thon is a means by which participants receive donations from sponsors for the March of Dimes for each mile ridden in the 50 or 100 mile course.

Each cyclist must pre-register and may obtain forms from any Hardee's Restaurant, neighborhood bike shops, or by calling the March of Dimes office in Wayne County at 84-6000 or in Macomb County at 465-1378.

Upon receipt of the registration form, the March of Dimes will send each cyclist a sponsor form. Each rider obtains sponsorship from friends, relatives, neighbors and local merchants who pledge 10c, 25c, \$1.00 or more for each mile the participant rides. There is no limit to the number of sponsors.

Then on Bike-A-Thon Day, September 29, the riders will ride the course for which they pre-registered. Each rider will carry a route card which will be validated at various checkpoints as proof of the distance ridden.

The sponsor then pays the amount pledged for the number of miles shown on the route card. It will be up to the cyclist to collect the money from the sponsors and turn it in to the March of Dimes.

This is an event for all ages and for the entire family. Anyone who rides a bike is welcome. If you don't own a bike, there are more than 125 bike shops willing to rent you one. Spend a Saturday in the park and ride on—so others may walk!

Arrest Cyclist

(Continued from Page 1) caster.

A search revealed the following articles on Ellison: one half-inch knife, nine and one-half inches in length; one straight razor, 10 inches long, and one .22 caliber "Rohm" pistol with six live rounds of ammunition.

Police said a check revealed that no registration was on file for the pistol, which was entered into NCIC, (National Crime Information Center), as a found, recovered gun.

A Detroit woman, who was a passenger with Ellison, was released without being charged.

Slate Refresher Course for RNs

Saint John Hospital is offering, as a community service, a "Refresher" course for registered nurses, who have a current Michigan license, but have been out of nursing for five years or more.

The six-week program consists of 120 hours of lectures, demonstrations and exhibits, along with practical experience, Monday through Thursday, from 9 a.m. to 3 p.m. Those nurses who complete the course should be able to work a minimum of two days a week, which will include weekend duty.

The course is geared to ensure the patient centered care by giving inactive nurses the opportunity to become acquainted with advances in medicine, nursing and hospital operations that have occurred since they actively worked in the health care field. It will also provide them with the reassurance they need to reenter their profession.

For those registered nurses whose children are now grown, and who have time on their hands, this is a great opportunity to receive the educational reinforcement they need to once again pursue their nursing careers.

For further information on this program, please contact Mrs. Vivian Ziegler, at 881-8200, extension 364. Class sessions are slated to begin Monday, October 15.

Attempt Theft At Mack Store

An attempted unarmed robbery occurred at the Chicken Basket on Mack avenue on Wednesday evening, August 29.

A Detroit juvenile who was working in the store told City Police Officers Richard Lanski and Jerome Petz that three white males, all about 18 years old, entered the store at 8 p.m. and asked for the money in the cash register.

The boy told them he would not give them any money. He then went to the rear of the store and picked up a butcher knife to frighten them away. The three left and were last seen driving a white Ford.

The complainant also stated that the same three men came into the store on Monday and demanded money.

Stolen Goods

(Continued from Page 1)

At 3:36 p.m. on the same day, William Oullette of 1253 Balfour phoned police that he had just returned from vacation and discovered that his house had been forcibly entered and a number of items were missing.

Oullette was asked to come to the station to look over the items recovered by the sergeant and patrolman. On viewing the recovered property, the homeowner produced proof that the projector, and the contents of the suitcase and the suitcase itself were his.

Missing, Oullette told the authorities, is a .30 caliber Carbine rifle, which was taken from his house.

Police also found that the bicycle on which the projector was attached, had been stolen from a garage at 1361 Somerset, and was owned by Curt Ralstrom. He claimed his property.

**Set Pre-Trial For Shoplifter**

A pre-trial conference for a 26-year-old Detroit man, who's charged with larceny from a building, is scheduled for Thursday, September 13. Woods police reported this date was set at the Wayne County Circuit Court arraignment of John Reynolds Thursday, August 30.  
 The suspect is being held in lieu of \$1,500 bond, two sureties, at the Wayne County Jail, police added.  
 Reynolds, dressed in woman's clothes, was arrested by Farms Patrolmen Samuel Cardella and Johannes Winter for shoplifting at J. C. Penney's, 19251 Mack avenue, Wednesday evening, August 8.  
 He was taken to the Woods station where he told police his name was "Karen Hughes." A station search revealed a tan dress inside his outfit. Recovered articles which were discarded prior to his arrest included a blouse, pants and leather handbag.  
 Reynolds was taken to Saint John Hospital after complaining of heart palpitations. He subsequently escaped from the hospital. He was re-arrested by Woods Officers Patrick DeVine and Patrick Fagan after an on-foot yard-to-yard search in the Hillcrest and Frankfort area. His second apprehension occurred shortly after midnight Thursday, August 9.  
 At the station, Reynolds told police he had given false information about his name and sex earlier, and then identified himself.

Each will discuss her own ideas on what type of care program should be used to develop quality roses. Dr. Charles McKenna is program chairman.  
 Preceding the program will be coffee and dessert at 7:30 p.m. Mrs. Louis Parent and Mrs. Henry S. Walker are hostesses.  
 All flower lovers, and particularly rose buffs, are invited to attend.

**Thieves Enter Magic Mirror**

Someone broke into the Magic Mirror Coiffures, 19718 Mack avenue, and snatched cash and articles with a combined value of around \$300.  
 Cerrito Pellegrino told Woods Public Safety Officer Stuart Gerow the culprits ransacked a desk drawer and took about \$169 in cash, including \$3 or \$4 in pennies. The drawer contents had been dumped on the floor but were cleared up before police arrived. The thieves also pushed a variety of items off several shelves behind the desk onto the floor. These, too, had been cleaned up.  
 Approximately 18 Spornette Natural Bristle Brushes were stolen from the shelves. The brushes were valued at \$7 each for a total loss of \$126.  
 Meanwhile, around \$5 in dimes were taken from a phone bank located on one of the shelves. Miscellaneous hair trinkets, of minimal cost, also were stolen.  
 No other items appear to have been taken at this time.  
 Entry was gained by breaking a 12-by-eight-inch pane of glass in the front door, enabling the culprits to reach in and unlock the door, police said.

### Court Delays Pair's Hearing

The trial of two young men arrested by Farms police officers on July 8, will be held on Wednesday, September 12, postponed from August 1, according to official court records.

The accused, Dennis J. Griffin, 18, of 490 Bournemou, and John J. Miramonti, 20, of 19258 Rolandale, Harper Woods, will be given a hearing before Farms Municipal Judge Robert Pytell.

In the July 19 issue of the NEWS, the story of their arrests was published under the headline of "Pair Arrested on Six Counts", which apparently was misinterpreted as meaning both were charged on six counts each.

The facts are, Griffin was charged with four offenses: driving a motor vehicle with defective equipment, (defective tail light), one for improper lane usage, another for interfering with an officer, and the fourth, for violation of the Controlled Substance Ordinance. Miramonti was charged with two offenses: interfering with a police officer and loitering in a vehicle where marijuana is unlawfully kept.

It was also stated in the story, that Miramonti was the owner of the vehicle, stopped by Patrolman Gerald DeBurghraeve and Kenneth Pine, at 11:45 p.m. on the July 8 date. The true owner is Dennis Griffin's brother, David, of the Bournemou address.

The officers said in an official report that they stopped the pair at the Mack and Calvin intersection.

While Griffin was looking through the glove compartment for a registration to prove ownership of the vehicle, a plastic bag, containing what appeared to be marijuana, fell out and onto Miramonti's lap. According to the arresting officers, Miramonti attempted to shove the bag back and cover it with paper.

Griffin and Miramonti were ordered out of the vehicle and searched, but nothing was found on their person.

After being searched by DeBurghraeve, Miramonti was ordered away from the

car, but Miramonti shouted in a loud voice "I don't have to", and started toward the policeman who held him at arms length. Pine ordered the youth to stop and Miramonti obeyed.

Griffin was ordered to place his hands on the car, but refused to comply and was forced to do so by Pine. The patrolman said while searching Griffin, the youth turned as though to strike him, whereupon, Griffin was handcuffed and placed in the scout car with Miramonti.

While the accused pair were sitting in the police car, the officers said they searched Griffin's auto and found a small bag of suspected marijuana.

A scientific analysis of the substance in the bags by competent police experts proved that the contents of the bags were indeed marijuana, containing a total of 3.5 grams, or less than an ounce of the weed, most of which were seeds.

Both Griffin and Miramonti emphatically asserted that they did not interfere with the policemen, nor did they refuse to comply with the orders given them. The youths specifically denied any prior knowledge of, or any intent to possess the illegal weed.

### Theatre Slates Tryouts Sept. 12

Tryouts for "A Funny Thing Happened on the Way to the Forum," Grosse Pointe Theatre's season opener, will be held at Fries Auditorium, 32 Lakeshore road, on Wednesday September 12, at 7 p.m.

This zany piece of slapstick and burlesque, written by Burt Shevelove and Larry Gelbart, features music and lyrics by Stephen Sondheim. The play ran 964 performances in its original Broadway run starring Zero Mostel, and was recently revived with Phil Silvers playing the major role.

Director Joyce Schultheiss is seeking men and women of all ages. Each applicant will be required to sing a song from the show, read lines, and do a bit of dancing. The men are asked to wear shorts (costuming will be Roman) and either a short-sleeved or sleeveless shirt. Ladies should wear similar revealing clothes. In addition to the standard range of characters (young, old, beautiful, ugly, large, small), Mrs. Schultheiss is looking for several "show girl" types (including twins), who must be able to sing and dance well, and three men who must sing, dance, and play every kind of role from slaves to soldiers.

### Motorcyclist Hurt in Shores

A 16-year-old Woods youth apparently lost control of his motorcycle and struck a curb on Lake Shore road early Friday evening, August 24.

Richard Cavatio was transported to Bon Secours Hospital by Shores police, with the hospital reporting he was treated and released the same day. A 15-year-old Woods youth, who also was riding on the cycle, was not injured.

Public Safety Officers Dan Healy, Robert Bensinger and Archie Grieve were dispatched to the area of 1100 Lake Shore to investigate the accident.

The officers discovered that Cavatio had been going north and was negotiating a curve when he attempted to change his lane position from left to right. He then struck the east curb forcing the cycle on its side. The vehicle travelled some 35-feet along the grass adjacent to Lake Shore before coming to a halt.

### St. Paul Has New Pastor

The Rev. Kenneth R. Lentz, Th.D., will be installed as associate pastor of St. Paul Ev. Lutheran Church, 375 Lothrop road, at the 11 a.m. service Sunday, September 9.

Mr. Lentz served here as vicar for one year during his training at the Lutheran Theological Seminary, Columbus, O., from which he graduated with the Bachelor of Divinity degree in 1957.

Prior to his theological training, he received a Bachelor of Arts degree from Capital University, Columbus, Ohio, following his seminary work. Mr. Lentz enrolled at the University of Heidelberg, Germany; he was promoted to Doctor of Theology upon acceptance of his dissertation, "The Life and Theology of Joachim Oporin, Professor and Teacher of Heinrich Melchior Muhlenberg."

He was ordained into the Holy Ministry in 1970 at his home church, New Lebanon, O. In January, 1971, he was called as pastor of St. John Ev. Lutheran Church, Dola, O. The son of Mr. and Mrs. Russell L. Lentz, Pastor Lentz will reside in the Eastland Apartments, Harper Woods.

His duties at St. Paul will lie in the areas of education, youth, evangelism, plus general pastoral responsibilities.

Preaching for the installation will be the Rev. James L. Schaaf, Th.D., associate professor of church history at the seminary in Columbus.

The worship services at St. Paul return to the regular fall schedule on September 9 at 9:30 and 11. Sunday School is conducted for all ages at 9:30 with additional classes for beginners, (3-5), at 11. A nursery is available at both hours.

### Hutzel Hospital Becomes Kidney Treatment Center

Hutzel Hospital has been selected to become the headquarters for adult kidney transplant operations and kidney disease treatment facilities in the Detroit Medical Center.

The announcement was made jointly by John C. Donaher, Jr., executive vice-president of the Detroit Medical Center Corporation, and Robert E. Mack, M.D., president of Hutzel Hospital.

Dr. Mack also revealed Hutzel's tentative plans to open a 20-bed center to perform reduced-cost treatment using artificial kidney machines on ambulatory patients outside the hospital. Such a center, to be located near Hutzel, would be the largest in Michigan and the only major kidney dialysis center in Detroit's central city.

The centralization of kidney transplant and treatment service means that the other adult acute care hospitals in the Medical Center — Grace, Harper and Detroit General — will transfer patients for kidney transplants to Hutzel Hospital, 432 East Hancock avenue. Hutzel, a general hospital which also has the Medical Center's sole unit for obstetrics, is also developing specialties in gynecology, gynecological oncology (cancer), and the treatment of infectious diseases in adults.

Children up to the age of 17 who need kidney dialysis or transplants will continue to be treated at Children's Hospital, under the direction of Larry E. Fleischman, M.D., director of renal (kidney) dialysis at Children's Hospital, the Medical Center's pediatric facility. Dr. Fleischman is also assistant professor of pediatrics at the Wayne State University School of Medicine.

The Medical Center transplant program, conducted in conjunction with the School of Medicine, is one of the largest in the state, according to Franklin D. McDonald, M.D., chief of the Section of Nephrology (kidney disease) at Hutzel Hospital and chief of the Division of Nephrology in the Department of Medicine at the School of Medicine.

Transplant surgeons are James M. Pierce, M.D., of Renaud road, chief of the Department of Urology at Hutzel Hospital and professor and chairman of the Department of Urology at the Wayne State University School of Medicine; Jerry C. Rosenberg, M.D., professor and chief of transplantation in the Department of Surgery at the medical school; Bageshwari P. Sinha, M.D., assistant professor of urology in charge of renal preservation, and Yvan J. Silva, M.D., associate professor of surgery. All are on the medical staff at Hutzel Hospital.

The proposed outpatient dialysis center would be supervised by Hutzel Hospital, but operated by a publicly owned corporation, National Medical Care Inc., headquartered in Brookline, Mass. The firm operates kidney dialysis centers in 20 cities, performs more than 100,000 dialysis treatments a year and serves more than 10 percent of all kidney failure patients in the country.

The proposal for the Hutzel dialysis center will be part of the overall construction and renovation plan which the Detroit Medical Center Corporation will submit this fall for approval by the Greater Detroit Area Hospital Council and the Comprehensive Health Planning Council of Southeastern Michigan.

Dr. McDonald said that because the ambulatory dialysis center plans to operate on a 24-hour-a-day basis, the costs of outpatient dialysis can be reduced by 30 to 50 percent from its present cost which exceeds \$200 per treatment.

The cost of dialysis is paid by Blue Cross, other insurance companies, or the U.S.

Social Security Administration.

Effective last July 1, any wage earner who has worked long enough to be covered by social security is eligible for free treatment of chronic kidney disease after the third month of dialysis. The same coverage also applies to dependents of eligible wage earners.

Dialysis uses a machine often called an artificial kidney to remove impurities from the blood of patients whose kidneys are not functional. Without such treatment the patients would die. Many patients with kidney failure are dialyzed three times weekly while being prepared for a kidney transplant.

There are between 4,000 and 5,000 dialysis treatments performed annually in the Detroit Medical Center hospitals. During the 12 months ended June 30, 1973, there were 34 kidney transplants in the center's hospitals, 25 on adults, nine on children.

Dr. McDonald said about 40 to 50 transplant operations will be performed in the Medical Center this year. Since last March all those done in the Medical Center on adults have taken place at Hutzel Hospital. Those on children up to the age of 17 have been — and will continue to be — performed at Children's Hospital.

An operating room at Hutzel Hospital is being specially equipped to accommodate the increased number of transplant operations. In addition, the hospital will maintain its 4-bed in-hospital dialysis center for patients who need more intensive care than can be delivered at an outpatient facility.

Dr. McDonald, who will supervise the outpatient dialysis service as well as inpatient care, came to Detroit last year from the University of Michigan where he was associate professor of internal medicine.

Previously he was assistant in medicine at Peter Bent Brigham Hospital, Boston, where he also served as a research fellow. He has also been a special research fellow at the National Heart Institute and Harvard Medical School.

Dr. McDonald, who has written a number of scientific papers based on his kidney research, pointed out the necessity for having a large kidney treatment program in the Detroit Medical Center by quoting statistics of the National Kidney Foundation. The foundation has reported that more than 100,000 Americans die of kidney disease annually and an estimated 3,300,000 persons have unrecognized and untreated kidney disease. Dr. McDonald said 8,000 to 10,000 kidney deaths could be prevented annually through proper treatment.

### To Recycle Old Phone Books

Environmental Action Now, along with the Michigan Bell Telephone Company, is preparing to collect for recycling old telephone books from the Grosse Pointe-Harper Woods area.

For the first time, phone books are able to be processed due to a new policy by the phone company. Michigan Bell is using a non-varnish cover and a new glue which melts at low temperatures. This enables paper recycling companies to utilize the potential yield of phone books.

The metropolitan directory and Yellow Pages together weigh about seven pounds. Multiply this by about 30,000 houses in the area and the tonnage of recycled paper should be tremendous.

EAN asks for the cooperation of local homeowners. Residents should bring their old phone books on Saturday, September 22 from 10 a.m. to 4 p.m. to one of two locations: Grosse Pointe Memorial Church, 16 Lake Shore road, or Grosse Pointe Woods Municipal Bldg., 20025 Mack ave. There will be trucks and crews at both places.

The money earned by this drive will go toward the maintenance of EAN's new headquarters at Ferry School as well as the salary of its new director-naturalist who will be working with schools and organizations in the area.

### To Face Trial on Gun Charge

Harry Reidel, 51, of Hamilton, O., stood mute at his examination before Park Municipal Judge William E. Speer on Wednesday, August 29, on a charge of felonious assault. He was represented by a court-appointed attorney.

The court entered a plea of innocent for him and bound him over for the next trial in Circuit Court. Reidel was remanded to the custody of the Wayne County Sheriff's Office in lieu of \$5,000 continued bond, two sureties.

Reidel, who has no known address, is accused of the felonious assault charge on August 19, when he aimed a revolver at Park Sgt. George Blair, when the officer stopped him after Reidel left the scene of a hit-and-run property damage accident which occurred in the 70 block of Barrington.

The policeman was stopped by a citizen who witnessed the incident and pointed out Reidel as the accident driver. Blair stopped the man.

Reidel, who was in possession of a revolver, aimed it at the sergeant, who ordered him to drop the weapon. Reidel only lowered the gun and fled dashing in between houses.

Blair's radio call for assistance brought scout car crews from the Park, Farms and Detroit, a total of approximately 12 police officers, who searched the area. Fifteen minutes later, Reidel was located hiding in the bushes in the rear yard of 837 Pemberton and taken into custody by Park Patrolmen Robert Chester and Steven Molitar.

Lt. Gordon Duncan said that the man was unarmed at the time he was arrested, having apparently tossed the weapon, a nickel-plated revolver of unknown caliber, away along the route of his flight. To date, the gun has not been found, the lieutenant said.

They will reside in the recently purchased Rectory at 1040 North Renaud road, the exact location on which St. Michael's original Chapel, (the former Remmore Caddy House) stood.

**I BET YOU DIDN'T KNOW**

Brought to you By TED EWALD

Do you have any idea who was the biggest man ever to play pro football? ... Answer is Les Bingaman who played for the Detroit Lions from 1948 through 1954. He set the pro football record in 1954 when he weighed in at 349 pounds.

Here's a football oddity ... There are 5-yard penalties in football and there are 15-yard penalties — but, oddly enough, there are no 10-yard penalties ... And, nobody has ever come up with a good reason why there aren't any 10-yard penalties in football.

Can you imagine a football player scoring 100 points himself in one football game? ... Did you know that such a feat was once accomplished? ... Back in 1916, Leo Schlick of St. Viator College in Indiana scored 100 points against Lane College ... Schlick had 12 touchdowns and kicked 28 extra points in that game, which his team won 205-0. By the way, scores that high were not unheard of in 1916 ... That same season, Georgia Tech, for example, beat Cumberland 222-0.

## Candy Strippers To Be Honored

While many of their friends spent their summer days at beaches or parks, 14 teenagers have devoted much of their vacation to volunteer work at Hutzel Hospital, in the Detroit Medical Center.

The volunteers, known as candy strippers because of their colorful red and white striped uniforms, get no pay for their work, but provide valuable service to the hospital.

For most of the youngsters, their summer experience has provided their first insight into what goes on in a hospital, but a few of them are old hands at hospital "show talk" being daughters of hospital staff members or doctors.

Among the daughters of employees are Mary and Margaret Jarvis, of Pemberton road, daughters of Robert Jarvis, the hospital's assistant director and controller.

Mrs. Warren Wilkinson, of Woodland place, past-president of the hospital's Volunteer League, and chairman of the candy stripper program, said the teenagers perform clerical and non-technical tasks in the x-ray department and laboratories, work in the coffee shop which is operated by the Volunteer League, and visit patients with books, magazines and items from the hospital's gift shop.

Mrs. Wilkinson and other members of the Volunteer League will reward the candy strippers with a luncheon in their honor early in September. Among those volunteers who will be honored is Candy Lee, of Lakeland avenue, who has contributed her time as a candy stripper.

Your neighbors will include an award winner of one of the highest civic honors; an art collector who lends his paintings to the museum; a member of an outstanding Detroit banking family; a well-known connoisseur, restaurateur; a sportsman who is an international winner in yachting circles; an outstanding advertising executive; a retired board chairman, those who take an active part in the city's industry and social life and one of Detroit's leading realtors and land developer who knows a great place to live when he sees it.

Why They Bought. Some bought before the building was finished. Others have looked around and thoughtfully compared condominium living to home ownership and apartment renting, they then made their move to the Jefferson Apartments.

They were influenced by the convenient prime location, all new construction and truly gracious living. Here is a typical spacious floor plan of an apartment home which features 9 foot ceilings, natural fireplaces, individual heating and cooling, top of the line G. E. kitchen with an icemaker and a washer-dryer. A wet bar is conveniently located for entertaining. Insulated walls, floors, plumbing and windows insure maximum quiet.

There are three separate elevators and approximately a thousand square feet of private storage. Exterior maintenance, gardening and snow removal are arranged. The Jefferson Apartments is an adult community. Residents are homeowners and enjoy tax deductions and the investment security of being a property owner and equity advantages.

A network of the most modern security systems guard them, their home and possessions.

A CLOSED TV MONITORING SYSTEM covers the entrance, outside parking areas and inside garage. The caller can be viewed from a selected channel on the owner's TV set in each apartment. The doorman and manager's office views the same areas.

THE ENTRY COMMUNICATIONS SYSTEM is a new system conceived and engineered by Michigan Bell Telephone Company. Using a touchtone panel telephone in the lobby, the caller dials the owner's apartment. This enables each party to have a private conversation. During the time the caller is in the entrance vestibule, he is under surveillance by the concealed TV camera.

AN ON-GUARD ALERT SYSTEM features a control panel in the manager's apartment and the attendant's office. This notifies of any intrusion into any apartment when the occupants are away. The doorman or manager controls the system by activating the apartment's security supervision at the request of the owner.

THE FIRE PROTECTION ALERT SYSTEM gives added protection to all occupants of the building and will insure notification of each individual occupant of a fire in an unoccupied apartment.

Further elements of security are the uniformed doorman-attendant and around the clock resident caretakers.

The Jefferson Apartments is located 2 blocks from a beautiful park with boat slips, 3 blocks from Grosse Pointe Village shopping, 20 minutes from downtown Detroit by bus.

Don't worry about selling your home. Visit us and learn of our new trade-in program for your home, and our new pricing policy.

The model apartment is open 12 to 5 daily except Wednesday. Enter on Neff or St. Clair Roads.

**SH Coach Sets Sights On Plus Football Season**

By Len Singer

Russell Hepner, head football coach at South High, feels that the key to the Blue Devils season will be keeping the veteran ball players healthy.

"We have 14 returning lettermen, and they're as good as any ball players we've had," Coach Hepner said. "A number of them will be playing both offense and defense, so staying away from injuries will be important."

"We have our most experienced players on the first unit, but we also have six sophomores on the varsity roster. We're always looking for sophomore talent, and sometimes bring them up from the JV's during the season."

Coach Hepner feels this team can be better than last year's, which had a 5-4 record.

Can Be Better

"If we stay away from some of the mistakes we made last year, we can be a better team," Coach Hepner stated.

"Last year we were better than our record showed. We lost a couple games by one point because we made some mistakes. But, the teams that beat us had a combined record of something like 30-4, so you can see they were beating some other people," he said.

Two key members of the offensive and defensive line graduated last year, as well as the starting quarterback and fullback. Other lettermen will fill the line, and Dave Hyde, last year's back up quarterback, and Mark Isley, a junior fullback who saw action last year, are expected to fill the backfield adequately.

Of the 22 starting positions, 17 will be filled with lettermen. Five players will be playing both offense and defense.

Probable Starters

On offense, the probable starters will be: Stu Cam-

mett, senior, left end; Bart Dickson, senior, left tackle; Eric Jones, junior, left guard; Dan Blake, senior, right guard; Fred Kregler, senior, right tackle; Spencer Gaardner, senior, center; Kevin Kovanda, junior, split end; Mike Monahan, senior, left halfback; Rob Heidi, senior, right halfback; Mark Isley, junior, fullback, and Dave Hyde, senior, quarterback.

Starting on defense will be Stu Cammett, right tackle; Bart Dickson, left tackle; Eric Jones, left end; Dan Blake, linebacker; Fred Kregler, right end; Tom Steen, junior, linebacker; Tom Vandemastock, senior, linebacker; Tom Harwood, senior, left halfback; Tom Fuller, senior, right halfback; Steve Morrison, senior, safety, and Bill McConnachie, senior, monster.

The Border City League, which the Blue Devils usually play in, has folded. They will be playing this year in the Eastern Michigan League.

Home Opener

"Being that this is a new league for us, we are not too familiar with the competition," Coach Hepner said. "We figure Mt. Clemens, Port Huron Northern and East Detroit to be the teams to beat."

The Devils will open their season at home, Saturday, September 15, against Ann Arbor Pioneer. Their first league game will be the following week at Port Huron. The team will play nine games, closing their season at home against North High.

"We always close our season against North, and it's one of the best rivalries in the State," Coach Hepner said. "Last year we beat them and ruined their perfect season. So far, the series stands at 2-2, so this is the rubber game."

"The competition is hard and the sportsmanship is good in these games. Being that it's the last game of the season, it gives the players something to look forward to, even if the team hasn't done well all season long. Last year we were only 4-4 going into that game, but beating them was one of the high points of our season."

Hopefully, this year, the Devils will have many more high points before their final game with the Norsemen.

**Pair Charged With Fighting**

Two 18-year-old youths were arrested by Woods police early Saturday morning, September 1, and charged with tumultuous conduct-fighting. The pair were apprehended in the immediate area of the Lochmoor Lounge, 20934 Mack avenue.

Mark Stephen Orman of The Woods and Dale Robert Mantay of Harper Woods were both released without bond. They are scheduled to appear in court Wednesday, September 19, on the charges.

While on duty at the municipal parking lot at Hampton road and Mack, Public Safety Officers William Lentz and Donald Sun spotted the pair leaving the lounge and proceed towards their auto parked in the Hampton bay.

Before they reached their vehicle, they began swinging at each other in karate fashion and at first only seemed to be playing, police said. But as the fighting continued, it appeared to become more serious. By the time the fight was stopped by the officers, it had continued for one to one and a half minutes in the middle of Hampton road.

Police reported both youths had been drinking and were uncooperative. The pair told the officers they were only playing.

**Letters to the Editor**

Dear Sir:  
 First of all I should like to commend Officer Gordon Evans of the Grosse Pointe Farms Police Department who assisted me promptly, efficiently and sympathetically to stop a major plumbing leak which occurred in the early morning hours of last Tuesday.  
 In retrospect I should also like to commend the Dog Warden, (Officer William Fowler), who last fall carefully urged a frightened squirrel out of my living room and on outdoors before any real damage was done. This led to the expenditure on my part of \$60 for the installation of a pair of heavy duty chimney screens.  
 Now I have some problems: since I am away intermittently both for short and long periods—I can manage the mail and delivery prob-

lems—but what do you do about the Independent Postal Carriers who occasionally hang a plastic bag over the front doorknob—or election workers with election literature?  
 I should occasionally like to do an errand on my bicycle—but have been unable to locate a safe place to chain it either on the Hill or near the Post Office. Couldn't there be a small bicycle rack installed near these places and perhaps also near some of the other shopping areas? Sometimes I pedal out Lakeshore—mainly on the sidewalks—the Shores has depressed sidewalk intersections—but not the Farms.  
 In any event I am very glad to have the protection of our well-trained, courteous Police Force.  
 Sincerely yours,  
 M. H. Cooper

He transferred to Michigan Wisconsin in 1969 as manager of Administrative Services.  
 A native Detroitier, Jennings attended Southeastern High School, Wayne State University and is a graduate of Detroit Institute of Technology.  
 He is a past commander of the Grosse Pointe Power Squadron, a board member and president of the Detroit Area Council of Camp Fire Girls, vice chairman of American Gas Association Personnel Committee and chairman of the Natural Gas Transmission Employee Relations Group.

**Farms Officer Nabs Tipplers**

If John E. Krotec, 21, of 18095 Pelkey, Detroit, was not seen on the seawall along Lake Shore road, drinking wine, he might still be free, temporarily at least.  
 Farms Patrolman Johannes Winter stated in an official report that he was patrolling on Lake Shore at 1:47 a.m., on Monday, September 3, when he observed two men standing on the breakwall, drinking from a bottle.  
 Winter approached the pair and placed both under arrest for investigation, a radio message to the station for a Law Enforcement Information Network (LEIN) check on the two men, revealed that Krotec was wanted on two warrants by the Detroit authorities. It was not revealed what the warrants were for, but one was that Krotec was wanted on a \$500 bond and the other on a \$25 one.  
 Krotec was held for Detroit police when he was unable to post \$25, and released to officers of Detroit's Jefferson avenue Fifth Precinct for further disposition. Krotec's companion was not wanted by any law agency and was released.  
 Before being taken into custody by the Detroit policemen, Krotec was issued a violation ticket for drunkenness and is scheduled to appear in Farms municipal court on October 10.

**Young Thieves Invade Church**

Someone took a candle stick holder from the altar of the Grosse Pointe Woods Presbyterian Church, 19550 Mack avenue, according to a Woods Department of Public Safety report.  
 A Harper Woods resident told Officer James Fowler Tuesday, August 28, he spotted three juveniles in the church the preceding day. He went after the youths who disappeared somewhere inside. Upon checking, he found a door going to the outside ajar and thought the youngsters had left.  
 But on the 28th, the holder was found missing and the candle was discovered in some flowers near the church. The holder, of unknown value, was 18 inches tall and made of brass. Located at its base is a plaque inscribed "in memory of..."  
 The youths were described as white, with blond hair and about 6, 8 and 10 years of age, respectively.

**Plan Masters Swim Program**

The Grosse Pointe Swim Club announces that a Masters Swimming Program will be made available to residents of The Pointe. This AAU activity will be sponsored by the Swim Club under the auspices of Grosse Pointe Community Services.  
 Men and women from 25 to 75 can avail themselves of a two night a week session, one hour each night at Grosse Pointe North High School pool. Coach Tim Kennary and his assistant will conduct easy workouts to start with and attempt to build stamina. A person need not have any competitive experience but Masters meets are held in Michigan if competition is an aim.  
 The purpose of the program will be to build physical fitness under the direction of professional coaching. The Pointe is one of the first Michigan communities to organize such an activity.  
 For information on the Masters Programs call Community Services at 885-3808 or Swim Club President Jack Shook at 884-3728. Enrollment will start immediately, while the program will begin sometime in October.

**What Goes On at Your Library**  
 By Virginia Leonard

I was delighted to find an article in the February 1973 issue of ESQUIRE entitled "In Praise of the Short Story—and not a minute too soon," by Irwin Shaw. I'm sure you are familiar with this author; he has written both novels and short stories, such as LOVE ON A DARK STREET, MIXED COMPANY, and TIP ON A DEAD JOCKEY.  
 For years I have been trying to "sell" short stories to patrons, and now I find a writer who feels the same way I do.  
 His article starts thus: "I met Somerset Maugham once. He said to me, 'Young man, I envy you... because you are an American and write short stories. There is a short story on every street corner in America. I have to go through a whole country to find one.' In those days, too, there was often heard the cliché, especially among Europeans, that the American genius, whatever that might be, was most accurately expressed in the short form. Although I was aware that Scheherazade had not gone to the University of Chicago and that neither de Maupassant nor Chekhov had grown up in San Francisco..."  
 With six or seven novels behind him, Mr. Shaw feels that he can talk about short stories, as well as novels and the present American scene. He thinks that drama is not finished, that people still read novels, and that (surrah!) short stories are still being written in the United States. He says, however, that the appreciation of the short form in the past 40 years has declined.  
 Fashions change, of course. People may not like to read short stories as much as they once did, or they may prefer other types of reading, but the writing of them is still as good as ever. Perhaps one of the reasons for their decline is that the writing of the short story is not the most lucrative profession. Never was there a year, Mr. Shaw confesses, that he could pay his bills solely from the money he made writing short stories.  
 These stories are sometimes written easily. The author says that Sally Benson, for example, could come into the office of the NEW YORKER and, without taking off her hat, write a charming story by lunch time, and then go merrily on her way. John O'Hara once confided to Mr. Shaw that after several drinks and a good dinner he could finish off a story before going to bed. Shaw says his own is the "usual process... one of long, slow accretion and even longer and slower construction." He continues that he has had to struggle with many an idea for six months. One story of his that was published recently was on his desk for 20 years.  
 Mr. Shaw tells us that the only critic who wrote the one good review he ever received was Otis Ferguson. "It seemed to me to reveal marvelous intentions in my work that I myself had not fully understood until then..."  
 Ferguson, naturally, was the first and I imagine the only critic who was killed in World War II."  
 One point the author makes delights me immensely—one I hadn't thought of: In a novel the protagonist and the other characters do not change fundamentally. If you write a short story, the one you write today may be sad—the one you write next week may be joyful. "In a novel or play you must be a whole man. In a collection of stories you can be all the men, or fragments of men, worthy and unworthy, who, in different seasons, abound within you." "For these reasons, among others, it is probably fair to report that the short story is alive and fairly well and living in ten thousand typewriters." I wish that some would come out of mine! Alas for talent, time and practice. Every day I see a short story and I wonder why I do not write it down. Fear of failure, perhaps?  
 I've written other columns about short stories; how handy they are to have on your bedside table, how one can read just one story before retiring, which is more satisfactory than reading part of a novel or part of a piece of non-fiction. Short stories come in paperback and can be read on buses, by passengers in cars or while waiting for a friend. They can even be reread, if one appeals to you, and you're still ahead.  
 What about John O'Hara's THE HORSE KNOWS THE WAY, HAT ON THE BED, etc. One of my favorite authors, now deceased, is Flannery O'Connor. Have you read her tremendous EVERYTHING THAT RISES MUST CONVERGE? Another author well known to us all is John Updike who wrote THE MUSIC SCHOOL, PIGEON FEATHERS, etc. What would we do without James Thurber, whom I dearly love? In the world we live in today we need more James Thurbers. So, think again about the merits and delights of the short story—and try one!

**To Hold Adult Ballet Classes**

Mary Ellen Cooper, who for 20 years has taught ballet at Grosse Pointe War Memorial, is forming an Adult Ballet Troupe this year.  
 Classes in the traditional Italian or Cecchetti method will be held for adults in the Center's Recreation Room on Wednesday and Thursday evenings, beginning September 19 and 20, from 7:45 to 9 p.m.  
 The fee is \$27 for 10 classes.  
 "As the Spanish proverb says, 'He who would bring home the wealth of the Indies, must carry the wealth of the Indies with him,' so it is in travelling, a man must carry knowledge with him if he would bring home knowledge."

On Thursday, September 13, at the Grosse Pointe War Memorial, the members of the Christ Child Society will offer wares from 13 booths of unusual and interesting items. Although Christmas may seem to be months away to the members of the Society, preparations have been going on for months for the pre-sale and for the annual "Merry Mart '73."

This year, the "Mart" will be held on Thursday, October 25, at the Raleigh House in Southfield. For the pre-sale, which will be open from 10 to 2 o'clock, all the booths will be stocked with handmade items for which the Society has been known over the years. This year, a new booth will be offered called the "Merry Wood". It includes hand-painted step ladders, a child's chair, magazine racks and the very popular "ecology boxes". As always, the women of Christ Child do the handmade knit items, needlecraft items and baked goods. The needlecraft booth this year features caftans, mother-daughter aprons and "Snoopy" plaques for the wall.

The Christmas booth will feature unusual and colorful items. This year is known as the "gingham" year because gingham ribbon is used in many, many ways. By canvassing shops in Detroit, Florida and California, various Christ Child workers at home and on vacation shopped ribbon shops and came home with great ribbon to be used in the wreaths that are so very new and attractive. A "Partridge in a Pear Tree" is another great new item.

As usual, many Pointe women are active in the planning of "Merry Mart" '73. General chairman Mrs. Frank Neward, of Livonia, asked Mrs. Sally Meier to be east side co-chairman. Pointers include Fashion Show Chairman, Mrs. Shad Kozlowski with Mrs. John Tulloch as her co-chairman. For the Award committee, Mrs. Thomas McGann and Mrs. Richard Gallagher are co-chairman. The Baked Goods booth has Mrs. Walter Bernard as its chairman with Mrs. Joseph Fromm as one of her co-chairmen. The Boutique booth has been organized by Mrs. Thomas Hosea as chairman and Mrs. Daniel Sullivan, Mrs. William O'Neill and Mrs. Alan Devine as her co-chairman.

The Christmas booth has received much help from Pointer Mrs. Walter Jarvis, and Mrs. David (Continued on Page 16)

## These are little miracles.

Otherwise known as conditioners. They give body and bounce and life and lustre to hair that hasn't all the body and bounce and life and lustre it needs. The only thing we would point out is this: different heads need different conditioners. We tell you if you need one and if so, which one. And each time you come in we double check the situation. Like to buy a little miracle? We sell them, most reasonably.

## Goodwill Ladies Plan Luncheon

The Women's Association of Goodwill Industries will open its 1973-74 activities on Wednesday, September 12, with a sandwich luncheon in the Goodwill Building on Brush at East Grand Boulevard.

Following the 12 o'clock lunch Russell Albrecht, executive director of the League for the Handicapped-Goodwill Industries, will speak. His remarks will focus on the theme: "Challenge In the Future."

An on-going program recently inaugurated by the agency is the residence for

former women patients in state institutions for the mentally retarded. The Michigan Department of Mental Health provides funds for their care and the testing-rehabilitation services at the League-Goodwill.

It is hoped that this personalized assistance will make employment in either competitive situations or sheltered workshops possible for these former patients.

A similar facility for men is operated by the League-Goodwill in the former Howard Mission building. Mr. Albrecht expects this type of service to be expanded as the State continues to decentralize the care of retarded adults.

Membership in the Women's Association is open to any person who is interested in service to the handicapped clients and employees of the League-Goodwill.

## Tennis & Crumpets

(Continued from Page 13) benefit chairman is Mrs. Gerald E. Warren, of Merriweather road.

The two women certainly have their hands full as, besides two weekends of tennis activity, the entire affair is climaxed by a dinner dance at the Country Club of Detroit on Saturday night, September 22.

The dinner dance follows the final playoffs held on the

Country Club tennis courts that afternoon. Immediately after the tournament finals, there will be exhibition tennis featuring members of the University of Michigan Tennis Team, champions of the Big Ten this year.

The team is lead by Victor Amaya and Freddie DeJesus, two of the nation's top ranked Juniors in 1972. They will play a singles match and also participate in a doubles match with Eric Friedler, the 12th nationally ranked Junior, and Jerry Karzen, co-holder of the Big Ten Doubles Championship.

The dance promises to be a festive affair as 1,000 Pointers can break training that night after keeping in top tennis condition for the past few weeks. Well, at least the A-class.

It's generally known that the B and C classes have the best time during the tournament as the competition is more relaxed. Some C ranked tennis teams consider themselves winners if they finish the set!

One word of caution to anyone who is not in the tournament: Forget about reserving a tennis court that first weekend as ALL Pointe area tennis courts will be used by Tennis and Crumpets players.

Matter of fact, one bride is lamenting the fact that she planned her wedding for Saturday, September 15, as most of her friends are involved in the tournament. It might be one of the only times that the mother of the bride is hoping for rain on her daughter's wedding day!

## Museum Shows 1920's Fashions

Fashion trends that startled in the 1970's are not all that new as a backward look at "Ten Fashions of 1928" in the Detroit Institute of Arts North Wing on Wednesday, September 12, through Sunday, October 21, will show.

Mrs. Stella Blum, associate curator of the Costume Institute of New York's Metropolitan Museum, made the selections for this special loan show and points out similarities in lifestyles.

"Each period focuses on youth and involves feminine liberation. The 1920s hair 'bob' and ideal boyish figure were a version of today's unisex. Both periods saw breakthroughs in sexual morality and authority undermined—it was Prohibition and the Teapot Dome scandal in the '20s.

"Fashions mirrored abstract elements in art of the period. Geometric in design, dresses were animated by the freedom of women who discarded corsets and showed their legs for the first time in centuries. Jazz, the Charleston and the Black Bottom pulsed with new rhythms and the classically simple costumes of the '20s reverberated with ruffles, fringes and beading echoing each motion," commented Mrs. Blum.

This nostalgic backward glance at fashion will be complemented by a companion exhibition of books and sheet music at the Main Library through Sunday, September 23, titled "1928 — The Last Glad Year."

## Ethnic Festival To Go Mexican

This weekend, festival-lovers can "head south" to downtown Detroit for the Mexican Ethnic Festival on the riverfront, a part of the City's summer Festival series and of the Detroit Mexican-American community's celebration of Mexican independence Week.

Theme for the three-day event, Friday through Sunday, September 7, 8 and 9, is "peace." During Friday evening's opening ceremonies, four white doves will be set free to represent the four summers that Detroit's Mexican-American community has presented a Festival.

Pinatas, clay pots covered with colorful fringed paper and suspended on rope, will be filled with candies and prizes. They will be broken each evening for children enjoying the Festival. Breaking pinatas is a popular Mexican custom, observed at birthdays and during the Christmas season.

Featured entertainment at the Festival will include Mexican folk dancing, singing and strolling mariachi bands. Mexican foods such as tacos, tamales, enchiladas, burritos, carnitas, pastrys and Spanish rice will be available, as will tequila, margaritas and Mexican beer.

The Festival will begin at 6 p.m. Friday and continue noon to 11 p.m. both Saturday and Sunday.

Detroit Library Looks at 1920's

For those who affectionately remember the "roaring twenties," or to whom the fade and frolics of that period appeal, the Detroit Public Library has assembled a nostalgic exhibit of books and sheet music that were popular in "1928—The Last Glad Year."

The exhibit will be on view through Sunday, September 23, in Adam Strohm Hall at Main Library, and is a companion exhibit to a display of fashions of 1928 which will be on view Tuesday, September 11, through Sunday, October 21, at the Art Institute.

1928 was marked for Detroiters by the completion of the Penobscot and Fisher buildings and the opening of the Detroit Zoo, notable for its barless exhibits. Women were seen smoking in public, and it was fashionable to play contract bridge, dance the Charleston, and flout Prohibition.

Automobile production passed the 4-million-per-year mark. Disney's first Mickey Mouse cartoons were shown, but the big movie news was the switch from silents to sound, with Al Jolson breaking box office records singing "Sonny Boy" in the "The Singing Fool."

A relatively large number of best-sellers of 1928 are still remembered today, and are featured in the Library exhibit: Thornton Wilder's "The Bridge of San Luis Rey" both led the fiction best-seller list and won the Pulitzer Prize; Mazo de la Riche's "Jaina" signalled the start of her long series about the Canadian Whiteoaks; S.S. Van Dine's mannered society detective Philo Vance solved "The Greene Murder Case"; and Felix Salten's "Bambi" was a Book-of-the-Month Club selection.

Sheet music from the Library's large Historical Sheet Music Collection also indicates a number of "Standards" dating from 1928: "But- ton Up Your Overcoat," "I'll Get By As Long As I Have You," and "Mack the Knife."

Burglar Rams Closed Garage

A burglar used an unconventional method to force his way into a garage on the property of Mr. and Mrs. Sabre Dakko, 423 Moross road, which occurred while the family was absent from home between August 24 and August 31, according to information released by Farms police.

Patrolman John Kraiza, who took the report, said that the thief, or thieves, backed into the garage door to force it open, after which they took a girl's 10-speed bicycle and large heavy cabinet.

Mr. Dakko told the officer that the cabinet, which weighs approximately 200 pounds, contained copies of his income tax returns for the years 1967 through 1972, and sales slips of recent purchases. Total loss of the bike and cabinet was said to be more than \$100.

Dakko said that whoever drove out of the garage, either struck the center beam, or pulled it, moving the structure six inches off its base and causing it to lean forward at an angle. The cost of straightening or repairing the garage was not given.

One View From The Capitol

Most of the past two weeks I have spent working on Detroit housing problems. Detroit is an old city and home ownership city. Over 40 percent of the dwelling units were built before 1920. That figure alone indicates a severe problem. We have many homes in Grosse Pointe which were built before 1920 but just think of the problems even middle class people have keeping up such homes. The plumbing and wiring go bad, the foundation and roof have serious problems. The furnace is probably ready for replacement a second time. Window frames are shot. The garage is about ready to crumble.

Judge Paterson Has Big Docket

City Municipal Judge Douglas Paterson presided over a large and lengthy court session on Tuesday, August 28. Out of the 20 cases heard, 11 persons were found guilty, one person found not guilty, two cases dismissed and one case discontinued.

Furthermore, two of the persons in the advisement cases had to return to the owner bikes which they had stolen.

The cases are as follows: Joseph Poissen, of Beaconsfield road, pled guilty and was found guilty of violating a stop law. He was fined \$25.

## Fashionscope '73 To Debut Sept. 19

Members of the Junior League of Detroit are making final arrangements for their 21st annual fund-raiser in conjunction with J. L. Hudson's. The fashion show, called "Fashionscope Vintage '73" will be held on Wednesday and Thursday, September 19 and 20, beginning at 12 noon.

This year's show promises to be a great fashion happening as Liz Groves, Vogue Magazine editor, will be coming from New York to commentate the show. Also adding her fashion know-how will be Hudson's Madelyn Coe, known in Detroit's fashion circles as one of our top fashion co-ordinators.

Fashionscope '73 also offers another "plus"—namely that luncheon will be served in Hudson's 12th floor auditorium during the fashion show. And no one needs to feel guilty about eating lunch while watching skinny models parade down the runway in new fall fashions, as Hudson's has promised its calorie-wise Maurice salad and French wine.

The show is open to the public. Proceeds from the fashion show fund-raiser will be directed to the Junior League of Detroit's Community Trust Fund which presently supports Operation LINC, the Kern Block Pavilions, summer youth programs and other community projects. Tickets, which include lunch, are priced \$30 for Sponsor, \$15 for Patron and \$10 for General Admission. Pointe women who wish to attend Fashionscope should contact either Mrs. Theodore Oldham at 885-2161, Mrs. Alexander Gibson at 884-4365 or the Junior League office in the Grosse Pointe War Memorial at 881-0040. Tables seat 10 persons, so groups wishing to reserve a table should indicate in their reservations.

Another first this year, besides the inclusion of lunch, will be a round-trip bus to Hudson's from the Grosse

Pointe War Memorial. The bus is scheduled to depart at 11:15 a.m. and to return by 4 p.m. Women wishing to avoid the hassle of driving downtown and then finding a parking space, should include an additional \$1.75 per person for bus reservations.

Besides fall fashions modeled by League members, a "Fashion Clinic" will be narrated by Madelyn Coe. Miss Coe will give tips on how to achieve this fall's "Component Costuming" which emphasizes the autumn tonalities, wine colors (burgundy, rose, champagne), tawny tones (beige and cream) and the copper tones. Also emphasized in the fashion show will be the bigger and bulkier sweaters for Fall '73, the latest in fake and real furs, new coat silhouettes and the latest in evening wear.

Acting as chairman of the Fashionscope is Mrs. William R. Bryant, Jr., assisted by Mrs. Joseph F. Maycock, Jr. Also involved in Fashionscope, which is one of the League's main fund-raisers, are Mrs. John R. Nicholson, secretary; Mrs. Eugene A. Gargaro, public relations; Mrs. Samuel J. McKim, III, Mrs. Clarence J. McLeod, Jr., Mrs. William L. Hurley, Mrs. Edmund M. Brady, Jr., Mrs. William G. Adhock; Mrs. John F. McCaffrey and Mrs. James L. Simpson, sales; Mrs. Peter B. Short, awards; Carole Williams, models; Mrs. Kenneth Monroe, decorations; Mrs. Theodore Oldham and Mrs. Alexander J. Gibson, co-chairmen; and Mrs. William D. Leonard, treasurer.

The current president of the Junior League is Mrs. Alfred R. Glancy, III. For Pointers not entirely

The Symphony's one-day stay filled Interlochen's 1,400-acre campus with music of an all-Tchaikovsky program. The event marked the orchestra's first appearance under its highly acclaimed young Italian conductor other than in the metropolitan Detroit area. During the mid-day open rehearsal, Mr. Ceccato conducted wearing Interlochen's traditional red sweater. The evening's performance drew a near-capacity audience to the 4,000-seat Kresge Auditorium.

Other Pointers present for the Interlochen concert were Mr. and Mrs. Charles M. Endicott, Mr. and Mrs. Edward P. Frohlich and son Robert, Mr. and Mrs. Pierre R. Hettler, Mrs. Joseph A. Vance and Mrs. R. Alexander Wrigley.

Mrs. Endicott is a member of the Detroit Symphony Orchestra Board of Directors and the Women's Association for the Detroit Symphony Orchestra.

Mr. Frohlich is a member of the Interlochen Board of Trustees and the Detroit Symphony Orchestra Board of Directors, while Mrs. Frohlich is a member of the Women's Association for the Detroit Symphony Orchestra.

Mr. Hettler is vice-president of the Detroit Symphony Orchestra Board of Directors, and Mrs. Hettler is recording secretary of the Women's Association for the Detroit Symphony Orchestra.

Mrs. Joseph A. Vance is a member of the Women's Association for the Detroit Symphony Orchestra.

Mrs. R. Alexander Wrigley, a member of the Detroit Symphony Orchestra Board of Directors, is immediate past president of the Women's Association for the Detroit Symphony Orchestra.

sure of what the Junior League is, it is basically an educational and charitable organization. It aims to promote voluntarism, to develop the potential of its members for voluntary participation in community affairs and to demonstrate the effectiveness of trained volunteers.

Junior Leaguers have volunteered in over 70 community agencies and each member contributes an average of well over 100 hours a year. Sixty years of service equal over two million volunteer hours and over \$700,000 invested in Detroit.

Operation LINC and the Kern Block Pavilions are current beneficiaries of Junior League efforts. LINC is an acronym for Linking Individuals (as resources) to Needs in the Community. It finds human and material resources to meet specific community needs.

The orange and yellow pavilions on the Kern Block in downtown Detroit, were built at a cost of \$22,000 and given by the Junior League to the city this year. The Junior League promotes and coordinates activities on the Kern Block with the Department of Parks and Recreation.

## Barbara Buell Bride July 21

The Mary Martha Chapel in South Sudbury, Mass., was the setting for the Saturday, July 21, wedding of Barbara Ann Buell and Dennis F. Sullivan. The rites, officiated over by the Reverend R. L. Freeman, were followed by a reception at the Longfellow Wayside Inn in South Sudbury.

For the candlelight ceremony, the former Miss Buell wore a white silk dress trimmed in pink embroidery. The dress featured a long train.

The bride, who is the daughter of Mrs. Berneice Buell, of Brys drive, and the late Mr. Buell, asked Patricia Supple, of Chestnut Hill, to serve as maid of honor. She was dressed in a pink and green print silk gown.

Carry Sullivan, of Los Angeles, acted as his brother's best man. Acting as usher was a cousin of the bridegroom, Berry Morin.

The bridegroom is the son of Mr. and Mrs. Francis Sullivan, of Los Angeles, Calif.

For her daughter's wedding, Mrs. Buell selected a peach gown accented by a gardenia corsage. Mrs. Sullivan, mother of the bridegroom, wore a pale blue gown also accented by a gardenia corsage.

Traveling to South Sudbury for the wedding festivities were John Buell, brother of the bride, and his family, of Wicks lane; Margarette Buell, the bride's aunt, of Detroit; Mrs. Jean Ruckstahl, of Bloomfield Hills; and Maureen Sullivan, sister of the bridegroom, of Los Angeles.

The bride was graduated from Grosse Pointe South High School. She moved to Chestnut Hill when she was employed by American Airlines as a stewardess. She was later employed by Massport.

A party was held in their honor at the Wicks lane home of John Buell, brother of the bride, on Wednesday, July 25, for the Michigan relatives.

Following a vacation in Northern Michigan, the couple will make their home in Anaheim, Calif.

## Miss Davies Says Vows September 1

Garden Ceremony and Reception Followed by a Wedding Trip to the Smokies and Virginia Beach

Terese Elizabeth Davis and William Peter Duell were married in a late afternoon garden ceremony on Saturday, September 1, at the home of the bride's parents. The bride is the daughter of Dr. and Mrs. Windsor S. Davies, of Lake Shore road; the bridegroom is the son of Mr. and Mrs. William Duell, of Lancaster road.

The Reverend Eugene Locke presided over the 5 p.m. rites which were followed by a reception also held in the garden.

The bride selected a floor length, ivory linen gown designed with a high neck and short capped sleeves, banded with Alencon lace. Her half-hat of matching lace secured a veil of imported silk illusion.

The former Miss Davies carried a crescent-shaped bouquet of white roses, stephanotis and pink sweetheart roses.

The maid of honor, Nancy Smith, and attendant, Mrs. Alex Buchanan, the bridegroom's sister, wore light pink and aqua crepe gowns with fitted high-waisted bodices and jeweled necklines.

Wearing ivory picture hats with velvet streamers to match the dresses, they carried bouquets of white daisies and pink sweetheart roses.

Mrs. Davies chose a floor length gown of blue and emerald green patterned silk organza. Completing her outfit was a corsage of ivory cymbidium orchids. Mrs. Duell wore a floor length gown of patterned chiffon with a corsage of gerberas.

Mr. Duell asked Frederick J. Burch to act as best man. Windsor R. Davies, the bride's brother, was the sole usher.

Following a wedding trip in the Smokies and Virginia Beach, the new Mr. and Mrs. Duell will make their home in St. Clair Shores.
