 A BILL THAT would guarantee malpractice insurance for every Michigan doctor was adopted by the State Senate today. The bill, approved by a 33-1 vote, was then sent to the House for consideration. The legislation would create a State malpractice fund to provide coverage for new doctors and high-risk physicians who have been experiencing increasing difficulty in obtaining insurance. The insurance protects doctors in lawsuits brought by dissatisfied patients. Those doctors covered by the fund would pay assessments to operate it. Other doctors would be required to pay into the fund if a high number of malpractice suits drained the fund.

 PRESIDENT FORD last night asked for nearly \$1 billion in aid for South Vietnam in a speech before a joint session of Congress. The President also requested authorization to send in U. S. troops to rescue Americans and up to 200,000 South Vietnamese. Mr. Ford asked Congress to appropriate \$722 million in new military aid and \$250 in humanitarian aid. Many in Congress expressed surprise at the request for military aid especially since Mr. Ford's earlier request for half as much money for the country was already turned down by Congress.

 U.S. MARINES covered by fighter-bombers flying overhead Saturday completed the evacuation of some 270 American civilians from Phnom Penh. The last helicopters flying out came under rocket fire from Communist-led Cambodian forces. No Americans were hurt. A U.S. Army major said the fire was not returned. American fighter-bombers from the carrier Okinawa and bases in neighboring Thailand flew protective cover for the evacuation. They did not launch any attacks during the evacuation.

Sunday, April 13
 A NEW REGIME pledged Saturday to defend Phnom Penh against rebel forces, and the United States said it would parachute food, ammunition and medicine into the besieged city to help out. Gen. Sak Suthsakhon, armed forces chief of staff, announced that he had taken over leadership of the government as the head of a committee. Meanwhile, President Ford will press Congress vigorously to approve his request for \$222 million in military aid for Cambodia because Cambodian officials have decided to continue their fight, White House officials said Saturday.

Monday, April 14
 LEBANESE RIGHTISTS and Palestinian guerrillas clashed Sunday in suburban Beirut, leaving a reported 29 persons killed and 19 wounded. Members of the rightist Phalange party, which is opposed to armed guerrilla presence in Lebanon, and the Palestinians gave conflicting versions. Police refused comment.

Tuesday, April 15
 THE CAMBODIAN insurgents, in a sudden large-scale attack, drove to the edge of this capital Monday, pushing thousands of frightened refugees from the outskirts into the city. It appeared that the final battle for Phnom Penh had begun. Meanwhile, President Ford apparently won agreement from key senators Monday for speedy consideration of his emergency request for military aid to South Vietnam and contingency powers to help in any evacuation.

South Swimmers Win Second League Crown

NH Booster Club Sets Big 'Swim For Sports' Event

Hundreds of Volunteers to Participate in 24-Hour Fund Raiser Which Begins Friday Afternoon, April 18; Monies Will Be Used to Support School's Athletic Programs

By all measures that anyone's been able to determine, last year's "Swim for Sports" at North High School turned out to be the most successful event of its kind ever held. So with that kind of success, and the serious need for supplemental funds to keep the boys and girls sports programs going at North, the big event is going to be repeated.

The first of hundreds of volunteers in the 24-hour swim event will dive into the North pool at 4 p.m. sharp Friday, April 18.

From that moment on, right through the night and on until 4 p.m. Saturday, April 19, there'll be swimmers in the pool constantly, each one collecting on pledges made by friends and neighbors for each lap completed.

Cites Cooperation
 "We couldn't have been more heartened than we were by the interest and cooperation we got in 1974," said David Marsteller, who's co-chairman with Dick Cooper of the 1975 "Swim for Sports."

"The student swimmers, citizens and students who pledged their money, and the faculty and adults who supervise the event, give us every reason to think we might even beat last year's fantastic success."

"It won't be easy," Mr. Marsteller said, "but I think that by working together, and having some fun doing it, we can do the job."

The maximum number of lengths allowed for each swimmer has been certified by a member of the athletic department faculty who's familiar with each student's capabilities. Laps will range from one to a maximum of 200.

Under Supervision
 "Parents and faculty members will be on hand supervising every aspect of the event for every minute of the 24 hours," said Mr. Marsteller. "We'll also have people especially assigned to watch for pool safety, which went so beautifully last time."

Every swimmer will receive a certificate for his or her participation, and a free ticket good for a soft drink and popcorn.

In addition, the students with the highest total dollar amount of pledges will be invited to swim during night hours with pizza, hot dogs, movies and table tennis available, plus use of the gym, all under adult supervision. These will be the swimmers certified for the longest endurance and the largest dollar amounts.

"If we do well enough — and we certainly plan to exceed last year — we'll have a free dance for all participants Saturday, May 10," said Mr. Marsteller. "We'll announce the details after the (Continued on Page 4)

Man Shot To Death In Farms

Suspect Is Charged with Second Degree Murder after Police Receive Family Trouble Report

The Farms recorded what police termed its first death by firearms Wednesday, April 9, when a St. Clair Shores man was shot to death in a Moross road home.

John Kefalonitis, 41, of 418 Moross road, has been charged with second degree murder by Farms police. He was released from their custody Friday, April 11, after posting a \$20,000 bond.

Kefalonitis is charged with the murder of Pavlos G. Athanasopoulos, 38, of 22645 Carolina, St. Clair Shores. He was pronounced dead on arrival at Saint John Hospital at 10:16 p.m. Wednesday night.

Assistant Wayne County Medical Examiner Opas Ratanaproke said the cause of death was multiple gunshot wounds.

HW Police Assist
 Farms police stated they were called to the Moross road address at 10:09 p.m. on a report of family trouble and a man with a gun. On arrival, police said, the wives of both men were outside the residence and told police a man had been shot inside.

Responding Officers Clarence Reichling and Gordon Evans found Athanasopoulos lying in a corner in the living room with blood running from his mouth and summoned an ambulance which transported him to Saint John Hospital.

Kefalonitis was apprehended by Harper Woods Officers Mike Hodges and Ron (Continued on Page 6)

Drainage at Park to Be Improved

Woods Authorizes City Engineer to Prepare Comprehensive Plan for Lake Front Park

By Roger A. Waha
 A comprehensive drainage system plan for the entire Lake Front Park is on the horizon as The Woods Council, based upon the recommendation of City Administrator Chester E. Petersen, unanimously authorized the city engineer to immediately proceed in the preparation of such a plan.

This action was taken at the regular meeting Monday, April 7.

"We want to coordinate such drainage installations with the present swimming pool complex and tennis court construction program," said Mr. Petersen. Such work will be done this summer with the monies coming from bond issue proceeds. He estimated the cost at around \$45,000.

Potential Problems
 In his review of the park plans presented by the architectural firm of Tarapata, MacMahon, Paulsen Associates, Inc., of Bloomfield Hills, R. Marlin Sumner, city engineer, St. Clair Shores, said he has initiated the necessary permits required for the improvements.

However, Mr. Sumner cited two potential problems in relation to drainage.

In reviewing the grades of the parking lot, he notified a representative of The Woods' consulting engineering firm that catch basins be installed inside the lot so as to eliminate run-off within the park site. He said the final submission of the plans indicated no intention to provide interior run-off.

Mr. Sumner also felt the park would require additional drainage structures to eliminate ponding within the grounds.

Great for Ducks
 In exploring past problems which necessitated this action, Mr. Petersen said, "We've always had some bad pools of water in the park, especially in the area where the new pool complex will go."

He stated this situation was particularly bad in the spring. However, for the ducks it was great as for several years many web-

Brr-other! GP Survives Cold Spells

Area Makes It Through One of Roughest Winters in Memory, According to Weather Bureau Info

Although it is difficult to determine what is the normal precipitation, as far as The Pointe is concerned, there is no doubt that the area came through one of the roughest cold weather spells as far back as can be remembered.

This is according to information released by Wendell Baker, superintendent of The Farms Water Filtration Plant, 29 Moross road, where official U.S. Weather Bureau gauges are maintained.

Records showed when the cold snap first took hold in November, and continued through early April, The Pointe area had a total snowfall of 43.7 inches, with the heaviest, (15 inches), falling during a two-day period on December 23.

Could Be Worse
 The community then experienced another 10 inches before the month ended.

The total snowfall from November to date could have been much worse.

There were a number of warm days during the six-month period in which a total of 12.75 inches of rain (Continued on Page 2)

FLEC to Present Big Workshop on Alcoholism At Saint John April 23

Public Urged to Participate in Event Which Features Five Separate Topics; Many Outstanding People in Field Will Share Their Expertise

An alcohol workshop for community leaders will be presented by the Family Life Education Council, (FLEC), on Wednesday, April 23, in Saint John Hospital's new Center for Health Education, 22101 Moross road.

Titled, "Community Leaders Look at Alcoholism — Whose Responsibility?", the workshop hopes to reach representatives from community organizations who will then share their knowledge with their group memberships.

John H. Williams, M.D., president of FLEC, notes that the workshop is designed for public participation and urges groups who have been contacted to send representatives.

Can Ask Questions
 Church groups, schools, service clubs and youth organizations have been invited to send two representatives to the workshop where they will have the opportunity to hear leaders in the alcoholism field discuss the prevention and treatment of alcoholism. They also will have the opportunity to ask questions of the experts.

Display booths will be open at 7 p.m. and the formal program will begin at 7:30 p.m. Joseph Lanz, a member of the Grosse Pointe Jaycees, and Mary Evelyn Self, are acting as co-chairmen of the seminar.

Mr. Lanz, commenting on the purposes of the workshop, said, "We know most people have no problem with drinking. The focus will be on the facts about alcohol use and abuse and what is responsible drinking. We feel privileged that so many outstanding people in the alcoholism field are willing to share their expertise with us."

Focus on Youth
 The program will begin with an overview on alcoholism by Dr. Russell Smith, nationally known speaker and expert on the subject as a (Continued on Page 2)

Cottage Gets Accreditation

Cottage Hospital of Grosse Pointe has received a two-year accreditation from the Joint Commission on Accreditation of Hospitals, (JCAH), according to Cottage administrator Ralph L. Wilgarde.

This accreditation is the highest the commission gives and is the result of an on-site survey made last December 18-19 by field representatives of the Joint Commission's Hospital Accreditation Program.

Accreditation indicates that Cottage Hospital operates according to the high standards set by JCAH.

Cottage is one of approximately 5,300 general hospitals throughout the United States that have earned this recognition.

The accreditation surveys are voluntary. Mr. Wilgarde pointed out it is not legally necessary for a hospital to be accredited, but health care facilities seek accreditation because it represents a benchmark of quality that is higher than governmental licensure alone, he said.

The Joint Commission began in 1918 under the auspices of the American College of Surgeons. It was incorporated in 1951 with the support of its present member organizations: the American College of Surgeons, the American College of Physicians, the American Hospital Association and the American Medical Association.

Judge to Say If Hit-Run Suspect Will Stand Trial

A decision on whether a 31-year-old Woods woman should stand trial in the hit-and-run death of Farms Officer Kenneth Pine was delayed by Farms Municipal Judge Robert H. Pytell until Wednesday, April 16, (after press time).

In a pre-trial examination held Wednesday, April 9, the judge delayed his decision until after attorneys on both sides of the case can submit briefs on their positions. Judge Pytell said he would use the week-long interval to review several points of law and the testimony at the exam.

Officer Pine died March 17 from injuries suffered the night before when he was struck by a vehicle on Mack avenue while issuing a traffic violation.

Permit Okayed for Boat Wells

A resolution, proposed by Woods Councilman Roger A. Graef, formally requesting that the Milk River Drainage Board issue a permit for the installation of electrical service for Lake Front Park boat wells, subject to four conditions subscribed to by the city, was unanimously approved by the council.

This action was taken at the regular meeting Monday, April 7.

Stanley R. Quackenbush, chairman of the Milk River Drainage Board, had indicated earlier consideration would be given the request if the following conditions were met:

- Such installation will be at no cost to the Drainage Board;
- The installation will not interfere with the operation or maintenance of the drain;
- The Woods will hold the Milk River Drainage Board and the Drainage District harmless over any matter regarding such installation or its subsequent use;
- The Woods will remove such installation upon 90 days notice by the Drainage Board in the event that such removal is necessary for the maintenance, operation or improvement of the drain.

This permit request was approved by the Drainage Board at its Tuesday, April 8, meeting.

Displays at Library Reflect Artist's Touch

By Nancy Kramer
 Fortunately for Grosse Pointe, Mrs. J. Sidney Probert, of Rivard boulevard, is a compulsive collector. And just as fortunately, she's artistically gifted.

Otherwise Pointers would never be pleasantly distracted by the glassed-in display case and table near the rear door of the Central Library and they would never see the artifacts they contain or hear the stories they were intended to tell.

Ellen Probert has been creating those displays about once a month for approximately one year now. Her most recent work, on view now, centers around a Bicentennial theme, in conjunction with National Library Week which continues through Sunday, April 20.

The questionnaire, which requests "yes" or "no" answers to all except the final optional question, is as follows:

- (1) During the past year, have you taken part in the recycling of glass, cans, paper?
- (2) If the opportunity to recycle newspapers were available, would you be willing to (a) bundle and save your newspapers, (b) drive them to a collection point, and (c) only bundle and save newspapers if curbside pickup were available?
- (3) If the opportunity to recycle glass were available, (Continued on Page 2)

Volunteers from the two organizations will take a random sampling.

"Recycling saves energy, money and natural resources," claims Tim Lozen, director of EAN, which has been exploring possibilities of a comprehensive recycling program, including paper, glass and tin cans, in the five municipalities.

Presents Facts
 Colleen D'Agostino, Environmental Quality chairperson of the LWV, says, "Proper management and use of new techniques could eliminate difficulties which have arisen in the past."

According to Mr. Lozen, the five Pointes collect approximately 155 tons of trash a day at a cost of \$10 per ton.

Of this amount, 12 tons are glass, which can be sold for \$20 a ton; 11 are metal, saleable at \$10 per ton; and 80 are paper, whose price has fluctuated from \$3 to \$40 per ton.

If recyclable material were hauled to purchasers, it would leave only 42 tons a day to be trucked to the incinerator and the landfill.

result of his work with youth and adults who are experiencing problems with alcohol. Dr. Smith will be introduced to seminar participants by Judge George N. Bashara Jr., chairman of the Michigan Advisory Commission on Substance Abuse.

Five separate workshops will follow the keynote address. "Alcohol and Youth" will be directed by Ray Hillen, director of social services for the Catholic Youth Organization and an organizer of an alcohol education program that is widely used in school systems.

"Alcohol and the Family" will be the workshop topic of John Parker, director of the Mayor's Committee on Human Resources Alcohol Treatment Program.

View Highway Safety
Roland Austin, director of the General Motors Alcohol Program and Ralph Koss, industrial service director of Insight International, Inc., will conduct the workshop entitled "Alcohol and Business."

A workshop dealing with "Alcohol and Women" will be directed by Mrs. Ronald W. Morin, acting coordinator of the Michigan Women's Task Force on Alcoholism.

"Alcohol and Highway Safety" will be discussed by

James Fleming, coordinator of the Oakland County Highway Safety Program. At this workshop booth a breathalyzer will be demonstrated. Workshop participants will have the opportunity to visit the many display booths which will have literature on

specific programs such as Project Headline's alcohol counseling program, the Cavanaugh Treatment Program, Alcoholics Anonymous, Alateen, the National Council on Alcoholism, FLEC, Center Point, the Wayne County Highway Safety Department and the Catholic Youth Organization.

The seminar is the major educational undertaking of the Alcohol Planning Committee which was formed from the broader Alcohol Study Committee organized in 1973. The members participated in an extensive educational program which studied alcohol education programs and available treatment resources.

It is hoped that through this seminar the representatives will be able to discuss the problems of alcohol with members of their group through reports, mini-workshops and films.

Assisting in the planning of the workshop are Dr. Andrew Dahl, program chairman; Art Sherman, display booth chairman; and Pepper Whitelaw, publicity.

Other committee members include Rev. James Bates, Mrs. Bruce Bockstanz, R. Larry Hawkins, Mike Jasinski, Stewart McFadden, Farms Municipal Judge Robert Pytell, Mrs. Robert Sullivan, Mrs. Perry TeWalt and Mrs. Robert Warner. Mrs. F. James Robinson is chairman of the FLEC booth.

Assisting at the workshop will also be members of FLEC and the Grosse Pointe Jaycees.

Makes It Possible

The workshop is being made possible by a grant through the Grosse Pointe Jaycees from the National Institute on Alcohol Abuse and Alcoholism.

FLEC is supported by individual and group memberships and contributions from residents in The Pointe and Harper Woods areas. FLEC supports a variety of programs including Center Point Crisis Center, Dialogue Adult Hotline and a student volunteer program.

The FLEC officers are located at 2043 Mack avenue. The telephone number is 885-3510.

Set Sights on Workshop

JOEL LECHNER, (left), joins MARY EVELYN SELF and JOSEPH LANZ, co-chairmen for FLEC's alcohol workshop, in making plans for the seminar to be held Wednesday, April 23, in Saint John Hospital's new Center for Health Education. The seminar, titled "Community Leaders Look at Alcoholism—Whose Responsibility?" is designed to reach community representatives with information on alcohol use and abuse so that they can pass on their knowledge to members of their organization.

came down.

With one inch of rain equivalent to 10 inches of snow, and if the area had had a continuous cold snap, that rain could have added another 127.5 inches of snow, for a total of 171.2 inches smothering The Pointe!

Breaking that down, it comes to approximately 5.7 feet!

Gives Breakdown

The following is a breakdown of the precipitation from November to Monday, April 14, according to Mr. Baker:

November — 3.5 inches of

snow and 3.66 inches of rain. On December 2-3, a total of 15 inches of snow was on the ground. During the balance of the month, another six inches fell.

In January, the snowfall was 3.2 inches and the rainfall, 3.17 inches. In February, the area saw a total of 8 inches of snow during the 28 days of that month, plus 2.91 inches of rain.

Last month, 5 inches of snow and 1.9 inches of rain dropped. On April 1-2, when heavy sleet and rain storms caused a complete blackout and telephone disruption for at least 40 minutes in The Woods, Shores and Farms, 13 of an inch of sleet struck The Pointe on April 1, and 3 of an inch on April 2.

The sleet and rain also knocked out the Pointe-Harper Woods police-fire emergency radio system.

Following the sleet on April 1, one inch of snow came down. The following day two more inches fell. So far this month, Mr. Baker said 1.93 inches of rain soaked The Pointe before above freezing weather broke through.

OKAY AGREEMENT

The Woods Council unanimously authorized Mayor Benjamin W. Pinkos and City Administrator Chester E. Petersen to sign a trenching agreement with Detroit Edison for electrical service at the Lake Front Park as part of the improvements project. The city's request was for three phase, underground service. This action was taken at the regular meeting Monday, April 7.

The one and only cure for love is marriage—and it's not guaranteed to be permanent.

Woods Agrees with Views On Fence Line, Net Courts

The Woods Council unanimously approved a recommendation from the Citizens Recreation Commission to retain the existing fence at the Lake Front Park along Jefferson avenue between the roadway and the houses and not move it closer to Jefferson in order to gain additional space.

This action was taken at the regular meeting Monday, April 7.

In his motion to okay the recommendation, Councilman Ronald R. Kefgen, Parks and Recreation Committee chairman, also stipulated that the location of the eight new tennis courts be kept as in the original park plan. The commission was for this action, too.

At its Tuesday, March 18, meeting, the commission decided to keep the fence line as is, especially since the group felt that the tennis courts should remain as originally planned.

Commission members said the additional area gained by moving the fence line would not be extensively used due to the closeness of Jefferson and the noise from traffic.

The cost factor, in relation to use, would not warrant

moving the existing fence, they said.

As a result, due to construction, the present fence should be repaired or replaced with new materials where necessary, members felt.

On the tennis courts, the commission cited several reasons for leaving the layout as planned. These include:

- The space, as provided, between the courts could be used for some type of control house and would be needed should courts be desired in the future.

- The courts, as presently proposed and laid out, are much more pleasing in appearance than would be the case if they were crowded together. Aesthetics plays a role, here.

- The present proposed layout lends itself to ready access to the courts with ample room for waiting players and spectators.

- It was the commission's understanding that any change in location would result in an additional charge to the city of approximately \$1,200 which is an unnecessary additional cost.

OKAY WHITE CANE SALE

The Woods Council unanimously approved a request from The Woods Lions Club to conduct its White Cane Sale on Saturdays, April 26 and May 3, from 6 a.m.-1 p.m. at the corner of Verner road and Mack avenue. White Cane Week will be held from April 28-May 4. This action was taken at the regular meeting Monday, April 7.

Liquor License Bill Supported

The Woods Council, via a unanimously passed resolution proposed by Councilman Rodger A. Graef, has expressed its support for House Bill No. 4254, with qualifications. This action was taken at the regular meeting Monday, April 7.

This bill, which allows a local legislative body a voice in the granting and renewal of liquor licenses, is presently pending in the State House of Representatives and has been referred to the Committee on Liquor Control.

The resolution notes that the bill omits from its applications the local legislative control where the population of any county is 1,000,000 or more.

The council then requests that the bill be amended so that the legislative body of a local community can be a determining factor in the granting of licenses, irrespective of the size of the county.

Finally, the solons endorse the bill with the qualification that the provision exempting counties of 1,000,000 population or more be removed from the bill so as to make the bill operative regardless of the size of the county.

A copy of the measure was sent to the representatives who introduced the bill and referred it to the liquor control committee, and to Senators John Hertel and Joseph Snyder, along with Representative William Bryant Jr.

Volunteer Lends Helping Hand

MRS. LOU WILMOT, R.N., a member of the Patient Service Guild of the Women's Auxiliary to Cottage Hospital, serves as a volunteer in the hospital's recovery room. Here, she takes the pulse of a patient who has just come out of surgery. In the background is MABEL WRIGHT, R.N., head nurse in the recovery room.

Cottage Honors Its Volunteers

Those pretty women in pink uniforms and teenagers in red-and-white striped dresses at Cottage Hospital will be wearing white carnations when they are honored by the hospital during National Volunteer Week, Sunday-Saturday, April 20-26.

Of the 398 members of the Women's Auxiliary to Cottage Hospital, more than half

of them are active at the hospital every week, according to Ralph L. Wilgarde, Cottage administrator.

"They are busy in a variety of jobs," Mr. Wilgarde says, "with emphasis on service to the community through serving those who are ill."

The Auxiliary's work is done through five guilds: the Gift Shop, the Sunshine Guild, the Book Cart Guild, Patient Service Guild and General Guild.

The Gift Shop, Sunshine and Book Cart Guilds function for the convenience of patients and visitors, while the General Guild supports the goals of the hospital by fund-raising and other activities, Mr. Wilgarde said.

Members of the Patient Service Guild assist at nursing units, in the X-Ray, Physical Therapy, Development and Medical Records departments, in the Emergency Room and Recovery Room, and in admitting, purchasing and other offices.

"We are pleased to give tangible recognition at least once a year to our volunteers and their invaluable services," Mr. Wilgarde says.

Hillsdale Choir Sings Tonight

The Hillsdale High School Concert Choir will give a concert tonight, Thursday, April 17, at 8 p.m., in Saint Paul's Lutheran Church, 375 Lothrop road.

The concert is in reciprocity for the visit of the South High School A Cappella Choir to Hillsdale in February.

Members of the South Choir are providing housing and meals for the visitors.

SH Has Fine Swim Season

South High School's swimming team won its second Eastern Michigan League championship in as many years of competition in the EML.

Continuing undefeated in league competition, South had an overall record of 13-1, losing only to the Rochester Adams High School team, which eventually went on to finish fourth in the State championships. The highlight for South swimmers of the dual meet competition was on February 7 when South beat North, 51-32 to capture the Grosse Pointe Trophy.

Outstanding individual performers this year were junior diver Pillsbury and senior Drew Gary Jackson. Both set South varsity and pool records in their respective events, as well as establishing several records in opponent's pools.

Both also participated in the Michigan High School Class "A" State Championships. Jackson turned in an outstanding performance to capture second place, be named to the "Detroit News" All-State Second Team and be eligible for All-American honors. Overall, the South team finished 19th out of the 49 schools competing in the championships.

At the recent Dad's Club Winter Sports Awards Round-up, Pillsbury and Jackson were presented the Most Valuable Team member award. Captain Craig Swanson received the Outstanding Sportsmanship Award, while Mike Scott was named the Most Improved Team Member.

Library Displays

(Continued from Page 1)
ed in seeing. We said, 'sure'." Prior to that time she'd been devoting most of her display coordination talents to the cases at Grosse Pointe Memorial Church. She's been at that for about three years. The current church exhibit deals with the library, which she found in her research, had its inception in the church.

In 1894 or 95, a committee set up at the church opened a library that anyone over 10 years of age could use. "I was amazed," Ellen says, "to discover that." A little later on, the library was housed in a small stone building located in what is now Elworthy Field.

She has lived in The Pointe all her life, was raised in the house she lives in now—one that her father built in 1927. She graduated from South High School and also from the Detroit Art Academy, where, among other things, she studied display but never really did anything with it.

Ellen worked in an Ohio historical museum and in a department store. She was a secretary for some time. "But my main career after school," she notes, "was in the newspaper business," where she held a number of writing positions with the "Detroit Free Press."

Ellen considers herself a "good customer" at the library and feels her display work there falls right in line with other interests because, "it's creative."

Besides doing stage make-up for fun, working with the drama group at Grosse

Pointe Memorial Church, she's recently been giving talks to groups in the area, illustrating how to date old family photographs by studying the costumes and jewelry.

Creativity runs rampant in the Probert family. Mr. Probert is self-employed, a writer and editor. His calligraphy shows up in many of Ellen's displays, via signs and labels. His lettering, Ellen explains, draws people's attention to her displays in the first place.

Mr. Probert is very much involved in tracing family lineage and is a member of the Detroit Society for Genealogical Research.

The Proberts have three sons. Jim, with the Indian collection, is now 20 and lives in Traverse City. "He's a great outdoorsman," his mother observes. "He just went up there and never came home, except to pick up his things."

Richard, 24, earned a Fine Arts degree from Wayne State University about two years ago and is a sculptor. He also teaches yoga at the War Memorial and in Southfield.

John, 25, is a writer and lives near the Wayne State University campus. He goes to school part time while holding down a civil service job.

Ellen confesses she really isn't much of a joiner. "The only thing I belong to is a DAR chapter my grandmother helped found in Ohio. I just wanted to keep the membership in the family," she explains.

Her creative endeavors consume much of her time and she never seems to find them tiresome.

In fact, she's looking forward to utilizing a collection of antique car photographs in one future display, and a set of old books on house-keeping and cooking in another.

As for dreaming up those display ideas, "I can usually think of something," she maintains, "and I have the materials to rely on." In addition to her own collections, she has a wealth of information available at the library.

"It's kind of nice to do something for them," she reflects on her volunteer duties at Central Library. "After all, they've done so much for everyone else."

Drainage

(Continued from Page 1)
footers took the opportunity to utilize the ponds for their private swimming holes.

Another problem revolves around the height of the Milk River which runs through the park, plus ensuing efforts via the installation of sheet piling to control the water. He said this created a dam like effect and concerns over the run-off of water from the park into the river. This will have to be corrected.

Finally, Mr. Petersen stated new drainage will be installed in the area of the new parking lot and tennis courts. In this regard, he cited the fast run-off of water on asphalt and the necessity of controlling it.

Schools Offer Sacred Concert

The combined Music departments of North and South High Schools will present a Sacred Concert Sunday, April 20, at 3 p.m., at Our Lady Queen of Peace Catholic Church, Bournemouthe and Harper avenues, Harper Woods.

North High's Concert Choir, under the direction of Herman Klein, and the A capella Choir of South High School, under the direction of Leonard Riccinto, will perform three works.

The first, "The Symphony of Psalms," by Igor Stravinsky, is written in the contemporary style and scored for Choir, Orchestra and two pianos. The South High School Symphony Orchestra, under the direction of Russell Reed, will accompany during this work.

The second selection will be the "Missa Brevis" by Allan Hovhaness, written for choir, bass solo, strings and organ. The bass solo will be sung by David Ludwig, South senior who also sings in the Christ Church Choir. The strings section of South High School's Symphony Orchestra will perform, and Mr. Klein will be at the organ.

The finale will be "The Song of Thanksgiving" by Ralph V. Williams. This composition is scored for choir, soprano solo, speaker and orchestra. The solo will be performed by Mrs. Christina Judson, music teacher at Brownell Middle School.

Fred Nelsen, English teacher at South, former drama coach and member of the Players Club of Detroit, will be the speaker. The North High Symphony Orchestra, under the direction of Nathan Judson, will accompany and Mrs. Jan Riccinto will be at the organ.

The community is invited to attend the concert.

TO PLACE CANNISTERS

The Woods Council at its regular meeting Monday, April 7, unanimously approved a request from the Detroit-Grosse Pointe Alumnae Chapter of Delta Delta Delta to place Mongoloid Foundation Cannisters with local merchants. Cannisters will be placed only with those merchants willing to accept them and they will be left out for one month upon the chapter's receipt of council permission.

You can save on your income taxes by starting your own retirement plan now.

Your DETROIT BANK-er has information and a FREE brochure about new legislation that makes it possible for you to start your own retirement plan by opening an Individual Retirement Account at Detroit Bank & Trust.

You can save on your income taxes and start saving for retirement at the same time. Here's how the plan works:

You're eligible for an I.R.A. if you're not currently participating in a retirement plan. Any employed or self-employed person who is not currently covered by any other retirement plan is eligible to open an Individual Retirement Account (I.R.A.). If you are already covered, but have a working spouse who is not, he or she is eligible.

A tax-shelter makes your money worth more now . . . and when you retire. All contributions to your I.R.A., up to 15% of your earned income (maximum of \$1,500 annually), are fully deductible.

Likewise, interest earned on your I.R.A. is exempt from income tax until it is withdrawn. When you finally do begin making withdrawals from your I.R.A., you are taxable only on the amount drawn out each year. And when you retire your effective rate of taxation will probably be lower.

If you invest \$1,500 (before taxes) at the beginning of each year, here's what you could accumulate.

At the end of	With the help of a tax-sheltered I.R.A.	Without the help of a tax-sheltered I.R.A.
5 years	\$ 8,861	\$ 6,376
10 years	20,506	14,213
15 years	35,808	23,845
20 years	55,914	35,683
25 years	82,335	50,232
30 years	117,054	68,112

(Table assumes taxpayer is in a 25% tax bracket and all figures are based on a 5 1/2% investment return.)

If you make withdrawals before you reach age 59 1/2, unless you become permanently disabled, you must pay penalties on the amount withdrawn. Withdrawals must begin before you reach age 70 1/2. Your Detroit Bank & Trust I.R.A. will be kept current with all present and future requirements of the Internal Revenue Service.

Make deposits as often as you like—up to \$1,500 annually. Regulations permit you to contribute a maximum of \$1,500 each year, or 15% of annual wages, whichever is less. Just \$25 will open your I.R.A., then it's up to you how much you want to deposit (in amounts of \$25 or more) up to the maximum each year. And you can add to your account each payday, or deposit it all in one lump sum.

It only takes a few minutes to put your future in motion. Opening an Individual Retirement Account is as easy as opening a savings account. Visit any office of Detroit Bank & Trust and ask about an Individual Retirement Account. Just \$25 gets you started and your DETROIT BANK-er can set up a Check & Save automatic transfer for you so that you can make regular deposits from your checking account into your I.R.A.

Talk to your DETROIT BANK-er today about an Individual Retirement Account. It's a tax-shelter for you now and a positive step toward securing the uncertain years ahead.

St. James Lutheran Church Marks 35th Anniversary

Saint James Lutheran Church, McMillan road near Kercheval, will celebrate its 35th anniversary at the 9:30 and 11 a.m. services on Sunday, April 27.

The guest speaker at both services will be Dr. John Tietjen, newly-elected president of Concordia Seminary in Exile, (Seminex).

The chancel choir, under the direction of Herman A. Clein, will sing during the services which will be conducted by the two pastors, Reverend George E. Kurz, who has been pastor since the congregation was formed, and the Reverend George M. Schelker.

Orchid arrangements donated by Jerry Kulaja from his extensive personal orchid collection, will be placed throughout the church in honor of the 35th anniversary. A coffee hour will follow both services, giving people the opportunity to meet Dr. Tietjen.

"The Christian Century," an ecumenical weekly magazine recently named Dr. Tietjen as one of 20 Christians throughout the world whose presence in the Christian community in 1975 "will have made the gloom more

bearable and will have provided creative leadership into a new day."

A native of New York, Dr. Tietjen was graduated from Concordia Seminary of St. Louis in 1953, and returned to the seminary in 1969 as its president. Dr. Tietjen also is a member of the English District, to which Saint James belongs. He became president of Seminex this past January.

Seminex began when the majority faculty and majority student body of Concordia Seminary considered it the only way to remain faithful to their calling as ministers of the church and at the same time continue to speak against actions within the Lutheran Church — the Missouri Synod, which they believe would obscure the Gospel and bind the Word of God.

Saint James Congregation was organized with 14 communicant members on April 30, 1940. Services were held in the library of South High School during the first year and for the succeeding eight years at the Punch and Judy Theatre.

The present church building, with offices and school rooms added in 1955, was completed in December 1948. The following charter members of Saint James Church are members of the church congregation: Marvin Asmus Jr., Edward Bauman, Mrs. Leo Carr, Mr. and Mrs. Walter Faust, Mr. and Mrs. John Fuchs, Pastor and Mrs. Kurz, Ernest Moeller Sr., Dr. and Mrs. Austin Neeb and Mr. and Mrs. Harold Rieth.

The congregation's 35th anniversary offering will be the gathering of the "Love Loaves," plastic loaves of bread in which to place a gift of gratitude at mealtime to help feed the hungry throughout the world. The "Love Loaves" will be gathered on Sunday, June 15.

YSD Reports Drop in Cases

Sixty-six offenses were referred to the Youth Service Division, (YSD), for their action last month. This was a decrease of four complaints over February's total and also a drop of four cases under the March 1974 total.

The overall case load through March is 196. This is a rise of 37 incidents over the same period last year.

Malicious destruction of property was the category of highest incidence as 18 such cases were reported, involving 35 identified male juveniles.

The types of vandalism included damage to vehicles and buildings via snow/ice balling, pellet guns and rocks and spray painting private property.

Violation of the Controlled Substance Act was the second category of highest incidence with 14 such cases being processed, along with two juvenile abuse of alcohol incidents.

There were 11 marijuana or hashish cases and these involved three male adults, 15 male juveniles, two female adults and one female juvenile. The other incidents were classified under sale or consumption of alcohol.

APPROVE MEASURE

The Woods Council received and placed on file a letter from the State Water Resources Commission citing its approval of the city's ordinance for soil erosion and sedimentation control. The communication cited the commission's pleasure with the city's "initiative in this matter." The council's action was taken at the regular meeting Monday, April 7.

Scout Project Big Success

Boy Scouts of Troop 156 in The Farms recently completed one of their most successful fund raising projects.

The scouts sold a wide range of lawn and garden products from a well known manufacturer, and delivered them free of charge in The Pointe area.

The proceeds will be used to support the troop's extensive camping program.

Center Offers Organ Study

The opportunity to obtain electric organ instruction for personal and family pleasure will be offered at the War Memorial.

Stella May will teach small groups of students on the organ in the Terrace room on Thursdays, April 17-June 5, from 7:30-8:30 p.m.

Offer Good for Any Model or Year Chevrolet Offer Expires April 30th

One of America's great Cadillac Dealerships is less than ten minutes from Grosse Pointe.

For the past two years, Seymour Cadillac has been chosen as one of the top Cadillac dealerships in all America in the Cadillac Master Dealer Program.

Selected by the Cadillac factory management on the basis of points for each of the myriad of dealership operations, it is valid reason for the Agency's claim to being... "the standard for Cadillac dealerships of Southeastern Michigan."

Accomplishing this didn't just happen in that the dealership did start the race from a very good starting position. Its building, built during the '20's, was one of Detroit's original Cadillac 'factory' showrooms and service centers. It is consequently perfect for a true Cadillac operation. No costs were spared. And the dollars today Seymour Cadillac is the beneficiary of those dollars and the craftsmanship they bought. Almost daily, customers comment on both the efficiency and the warmth of the operation.

And then, of course, there are the Seymour people. General Sales Manager Paul Mika has spent his total businesslife with the dealership and has worked in every phase of its operation. His knowledge works for both customers and the company. The Assistant Sales Manager of the firm is Al Zaleski.

Leasing is the direction of Bill Anderson. Boasting 19 years in the business he, too, has experience in all operations. He believes much of the success of the leasing department comes from its commitment to "good, solid, equitable business deals between business men."

Frank Bromley, one of the true veterans of Detroit's automobile business, is Used Car Manager. Seymour Cadillac counts on him — and you'll find you can, too. He takes the cars in on trade, he has them reconditioned, he prices them and he sells them. And the company stands behind his efforts and his product.

And then there's the Service Department and its head man Les Goodhue. Les, most probably, more than any other person in the organization is responsible for Seymour's extremely high percentage of repeat patronage. It is, after all, the efforts of him and his men who give truth to the promise of complete customer satisfaction after the sale. Another most valued employee in service is Shop Foreman Grady Killingsworth.

These then are the men, who along with all the rest of the staff, have helped the Agency to say to you... "One of America's greatest Cadillac dealerships is less than 10 minutes from Grosse Pointe."

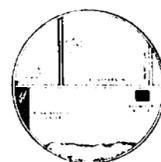

Want the ultimate in quality? The ultimate in prestige transportation? The ultimate in driving comfort?

Come to Seymour Cadillac. Our continuing success has been built on our truly Cadillac treatment of our valued Seymour Cadillac customers.

Bon Secours Hospital Holds Awards Dinner

Eugenia VerHoye, R.N., was named Bon Secours Hospital's employe of the year at the annual employe awards dinner held at the War Memorial Tuesday, April 8.

Miss VerHoye, operating room coordinator, has been an employe of Bon Secours for 23 years, starting as a staff nurse.

"Jean has worked effectively and harmoniously for the past 23 years with patients, surgeons, and administrators," said Doris Heath, director of personnel.

"Through capable and efficient management she has created an atmosphere conducive to the highest standards of quality performance."

A second special award went to Bruce Lothian for Suggestion of the Year. Mr. Lothian, plant supervisor, recommended that the hospital discontinue the practice of maintaining a hot standby steam generator.

The reliability of new steam generators installed in the hospital's plant in 1974 eliminate the need to keep a back-up generator operating continuously. In the event of mechanical failure, the new back-up steam generator could be brought to the optimum heat level in one hour.

His suggestion will save the hospital upwards of \$2,500 a year in fuel savings.

In addition to the Employee of the Year awards, special service awards were presented to employes who have worked at Bon Secours for five, 10, 15, 20, 25 and 30 years.

Clara Reyntens, a registered nurse on the midnight shift, received top honors after completing 30 years of service to Bon Secours. She was presented with a garnet and diamond ring as a token of the hospital's appreciation.

Twenty-five year honorees were Cecilia and Rita Visnaw, and William Roche of the nursing department.

Twenty year awards went to Rose Gehringer, Ralph Godsey, Julia Grzanka and Shelia LeSueur, nursing, and William Sloan, security.

Fifteen year awards went to Charles Cote, radiology; Bernita Czyniecki, Mary Perry, and Veva Vananda, nursing; and Carol Matters, patient services.

Ten year awards went to Janet Dion, Dorothy Fine, and Mary Shea, laboratory; Pamela Flowers, Sibbie Jones, Virginia McCarthy, Rejane McCormack, Ann Pagano, and Virginia Seachrest, nursing; and Raymond Peters, building service.

Five year awards went to Gerald Bartkiewicz and John Coltman, materials management; Rosalind Brunson and Deborah Schroeder, patient services; Margaret Cross, Marjorie Dutts, Carol Gavie, Mary Guzman, Louisa Helou, Dora Jay, Martha Khalidi, Sue Loreda, Mary Milligan, Patricia Molloy,

Joyce Russell, Luray Sparre, Tibor Szabo, Josephine Vitale, Mary Wolozyn and Christine Zablocki, nursing.

Other recipients include Janice Ellis and Evelyn Hagen, food service; Nancy Fisher, building service; Doris Heath, personnel; Nancy Helminiak and Madeline Touchette, radiology; Concepcion Hilla, patient accounting; Raymond Ingham and David Methric, cardiopulmonary services; Betty Kosmatin, accounting; Leila Richardson and Madeline Simone, environmental services; and Dorothy Suhrreich and George Lindbloom, laboratory.

Park's Board of Review Receives Assessor's Praise

Payments of \$100 each was approved to three members of the Park Board of Review, who sat in two sessions reviewing tax assessments of property owners who might have had complaints on their taxes being too high. Payment approval was given by The Park Council at its regular meeting Monday, April 14.

The payment of \$50 for one session held on March 11, and another \$50 for one held on March 25, is provided under The Park City Charter and is to compensate the three members for the time lost on their regular business or employment, according to Herbert Heger, city assessor and director of public services.

Mr. Heger disclosed the three members of the Board, Earl Perkins, Herbert Schumann and Oswald Zeidler, did an excellent job. Just 42 persons were given consideration, out of the 51 who appeared, the assessor added.

He said nine citizens and property owners appeared merely to obtain information, or were denied a lowering of levies.

Any person protesting his tax levy, and whose request is denied as being too excessive, has 30 days to appeal to the State Tax Tribunal in Lansing, Mr. Heger pointed out.

Tornado Safety Hints Offered

The months of greatest tornado frequency are from March to early fall. With this in mind, the American Red Cross offers a variety of safety hints.

The term "tornado watch" means tornadoes may be expected to develop, while "tornado warning" means a tornado has actually been sighted.

When a tornado approaches, the Red Cross suggests the following steps:

- If you are in an office building, go to an interior hallway on the lowest floor or to a designated shelter area.
- If you are in a factory, move quickly to the section of the plant offering the greatest protection.
- If you are at home, stay in your basement. If you have no basement, go to the center of the house on the ground floor, in a small room such as a closet or bathroom or under sturdy furniture. Keep some windows open on the side away from the storm, but stay away from them.
- If you are in a mobile home, leave it and look for a nearby sturdy building, or if necessary, in a ditch, culvert or ravine. A mobile

home with secure tie-downs will help to prevent overturning and lessen danger but it is not safe for protection.

• If you are in a school, you should follow prearranged instructions to go to an interior hallway on the lowest floor. You should avoid auditoriums, gymnasiums or other structures with wide, free-span roofs.

• If you are in open country, or in a building not of reinforced construction, lie face down in the nearest depression and protect your head with your arms. Do not take shelter in an automobile.

Shooting

(Continued from Page 1)

Western at Mallina and Kingsville at 10:27 p.m. after police radioed that the suspect had left the scene reportedly traveling on foot.

He was turned over to Farms authorities by Harper Woods police. The Farms Detective Bureau is still investigating the circumstances surrounding the case.

Kefalonitis will undergo an examination on the charge Wednesday, April 30, in The Farms Municipal Court.

The Board of Review did an extremely fine job, and are to be commended for the way they took everything into consideration before making their decision, he noted.

"Sitting on the Board of Review is a rough job," the city assessor said, "and a thankless one. You have to have a 'tough skin' to be able to take the comments and jibes of irate taxpayers, and you also have to have a compassionate heart for the very few indigents who find it hard to pay their full taxes. The members must be wise, in knowing how much to lower the taxes for these people."

As The Park's tax assessor, Mr. Heger must determine each year what the tax levy on property must be, and by virtue of the position of assessor, he is automatically the secretary of the Board of Review.

Each community is bound by State law to have a Board of Review, and also under the law, each protesting taxpayer not satisfied with his local Board's decision has the right to appeal the decision to the State Board for consideration.

People who take advantage of another's weakness exhibit a serious weakness of their own.

Notre Dame Nips SH, 1-0

By Lisa Roumell
In their opening game Friday, April 11, South High School's baseball team was defeated by Notre Dame, 1-0. The tight contest, which took place after South's first five scheduled games were cancelled because of poor weather, was played at Elworthy Field and hosted by Notre Dame.

Bill Abraham, pitching for South, allowed Notre Dame only two hits, while South picked up five. Both Notre Dame's hits, a single and a triple, came back to back in the first, accounting for the game's only score. South's first hit was off the bat of Bob Glass in the first inning. In the third, Rick Pfeiffer hit a double and became the only base runner to reach third for South. Two more singles came from Brian Cammett and Chad Morris in the fourth.

The last hit for South came in the seventh on a single by pinch hitter Rob Worrell. South coach George Dutch had this to say about the opener, "We did very good. I think the reason we lost is because of errors and a missed bunt signal that might have tied the game." With South's season just getting under way the starting lineup is still uncertain. The strengths of this year's team seem to be strong pitching, a good third baseman and the outfield. The infield is being improved as is the hitting. After five weeks of practice, the team is ready to face EML competition.

Seek Suspect

Woods police are seeking information on an unarmed robbery suspect, whose composite picture, based upon a witnesses description, is seen above.

The culprit is allegedly involved in taking the wallet of a 17-year-old Hawthorne road youth outside of Arnold's Drugs, 20853 Mack avenue, Friday afternoon, April 4.

The youth told investigating officers the suspect followed him into the drug store and bumped into him on two occasions while he was shopping. As a result, the youth felt the man may have been trying to lift his wallet.

After he left the store, the youth said the suspect grabbed him, spun him against the store's wall and said, "Give me your wallet." The complainant stated the man had his right hand in his pocket as though he might be armed, although no weapon was seen.

Fearing the suspect might have a weapon, the youth removed his wallet which was immediately grabbed. The man then went to a vehicle parked on Hollywood avenue and left going south on Mack.

The youth said the wallet contained a driver's license and some pictures. The suspect was described as between 18-19 years of age, around 6' tall and weighing about 160 pounds. He had brown eyes, a medium complexion, dark brown shoulder length hair and a dark brown mustache. He wore a blue Navy pea coat, blue jeans and a college-type graduation ring with a gold band on a right hand finger. His car was described as a 1964-65 black, four-door Ford which contained a green college-type decal in a circular shape on its rear window. If you have seen someone resembling the person described in the composite, call the detective bureau at 886-2700.

War Memorial Sets Trio Of Gourmet Evenings

A series of gourmet evenings are being presented at the War Memorial by some of The Pointe's professional restaurateurs and their chefs. They will furnish recipes, demonstrate preparations and offer samplings of some of the specialties of their cuisine.

Included in the series are William Demorest, proprietor of The Pointe's newest restaurant, Pipers Alley. He will appear with his chef Robert Imesch on Wednesday, April 30, at 8 p.m. Pipers Alley's presentation will concentrate on sea food. Recipes and dishes they will prepare and present will include oyster and hot shrimp entrees, frog legs, baby sea scallops, fantail shrimp and Quiche Lorraine.

Diamond Phillips, proprietor of both The Old Place and The Golden Lion, will be on the program with chef Gene Amerigan on Monday, May 5, at 8 p.m. The series will wind up Tuesday, May 13, at 8 p.m. when Bronze Door chef John O'Brien presents the recipes, manner of preparation and results of his servings of Beef Wellington and flaming desserts.

These evenings are limited to 100 people so the Center requests early subscription to the series for \$9. Attendance on a single evening basis at \$3 will be possible if space permits. Reservations are now being taken in the Center's office, 32 Lakeshore road.

Work Continues On YSD Budget

Preparation of the Youth Service Division, (YSD), budget for fiscal year 1975-76 is continuing, reports Woods City Administrator Chester E. Petersen, YSD coordinator.

In the budget, costs are allocated between all Pointe municipalities and the School Board, each of whom has to approve such participation. Mr. Petersen, who's back on the job for several hours a day after undergoing surgery last month, said after the budget is formulated he wants to meet with the YSD's Board of Managers, (including all Pointe city managers and a School Board representative), as soon as possible to consider the proposal. The Woods is managing municipality of the division.

The Grosse Pointe Children's Theater, located at the War Memorial, is putting the finishing touches on two productions and is looking forward to sharing songs, dances and stories with the community.

The musical "Cheaper by the Dozen" will be presented on two weekends in the War Memorial's Fries Auditorium. On two Fridays, April 25 and May 2, and Saturday, May 3, the show will begin at 7:30 p.m.

Three matinee performances also will be held. On Saturday, April 26, show times are 11 a.m. and 2 p.m. and on May 3, the musical begins at 2 p.m. Evening show tickets are priced at \$2 for adults and \$1.50 for students. Matinee ticket prices are \$1.50 for adults and \$1.25 for students. Reserved tickets are required and may be purchased at the War Memorial, 32 Lakeshore road. Group rates and reservations may be obtained by calling 886-1926.

The story "Cheaper by the Dozen" is woven around the life of the William Gilbreth family during the 1920's. The adventures of the Gilbreths and their 12 children are interpreted by the cast through song and dance.

Woods Park All Torn Up

"We're in a mess at the park," said Woods Parks and Recreation Director Donald J. Hallmann in reference to construction work which is already underway on the \$1,622,000 Lake Front Park improvements project. "The park will be torn up for approximately two years due to the construction," he stated.

During this "transition" process, some picnic areas, grills and playground equipment will not be available for use. In this regard, Mr. Hallmann asked all citizens for their cooperation and urged them to "be patient."

He said the department has had many queries as to whether or not the "old" pool will be used this year, and emphasized that it will definitely be used this summer.

Groundbreaking for the improvements project, which includes the construction of three new swimming pools, (malt pool and diving and wading pools), and eight new tennis courts, took place on March 15.

Know Your Schools

By James A. Adams
Superintendent of Schools

Those readers of this paper who attend meetings of the Board of Education know that a portion of each regular monthly meeting is devoted to an educational presentation. At last Monday night's meeting on April 14, the presentation was entitled "Our Students Who Excel."

We invited seven students from each high school who are representative of those who have received awards and certificates of various kinds this year to discuss their interests with the trustees and the public.

And a more impressive group of intelligent, articulate, young people would be hard to find anywhere! The range of interests in which these students excel almost staggers the imagination.

For example, North High's Brenda Spiewak received Wayne State University's Junior Science and Humanities Award. She was selected as the presenter of a paper on "Adie's Syndrome" at the recent symposium held on Wayne's campus. For her efforts she has been selected for a trip to West Point.

Bob Coyle of South also was on hand to describe his high school record and his personal interests. Not only has he been active in the Student Association and on the yearbook staff, he also was selected to attend the Presidential Classroom for Young Americans in Washington, D.C. And, in addition to serving as vice-president of South High's Thespian Troupe, he is a member of the male octet, "The Crazy Eight."

On Monday night we also heard from Charles Van Becelaere, a student of French at North High School, who was the only high school student who served as an interpreter at last fall's World Energy Conference held in Detroit.

Let's take a look at this year's accomplishments of three more North High School students: Doreen Krzysik, Mark O'Beski and Bob DeClaire.

Doreen is one of North High's seven Wayne State University Merit Scholarship winners. This is a full tuition scholarship for four years—so long as she maintains a 3.0 grade point average.

Mark received a speech award from the Veterans of Foreign Wars and was a district winner in the "Voice of Democracy" competition.

Bob is a winner in art. He is the recipient of the top regional award in the Scholastic Art Contest. Bob also took first place in the Mercy College Art Contest and received blue ribbons for an ink drawing and a watercolor in the recent Scholastic Awards competition.

North High School's David Wybo is the recipient of a scholarship from Northern Michigan University. He also is one of the three North winners among the top 100 of 21,000 high school students in the 18th Annual Michigan Mathematics Prize Competition, (along with James Klimchuk and Amy Lowichik).

Let me report on three fine students from South High: Kathy Genter, Gail Hammond and Philip Johnson.

Kathy received a Wayne State Merit Scholarship, she has a varsity letter in gymnastics and also has earned a Phi Beta Kappa certificate. Her other interests are the ski club and the Theatre Guild.

Gail Hammond is strong in the English field, having received a commendation for poetry in the "Detroit News" contest and an award from the National Council of Teachers of English.

A member of the Honor Society, she received an Honorable Mention in the Scholastic Art Contest. She also holds a Letter of Commendation in the National Merit Scholarship competition. Gail also has distinguished herself in the Elementary Professional Ballet Examination. In past years she has been on the Debate Team and is a member of Phi Beta Kappa.

Philip, a member of the National Honor Society, also is on the "Tower" staff. He received both a Gold Key and an Honorable Mention in the recent "Detroit News" Scholastic Writing Awards. He is chairman of South's Student Advisory Curriculum Committee and is a Ruling Elder at the Grosse Pointe Memorial Church.

North High School's Fredrick Van Horne was a participant in the Junior Science and Humanities Symposium at Wayne State as a presenter of a Humanities paper on "Counter Revolution in South Carolina." (He did this last year—it is most unusual for an 11th grader to be a presenter of a Humanities paper).

As a result of his presentation he was selected to go to Massachusetts to the National Symposium. As a junior, Fredrick scored a perfect

five on the Advanced Placement test in history. He is a National Merit Semi-Finalist.

Another trio from South High who discussed their interests at Monday night's meeting of the Board of Education are Judith Kienle, Stuart Kurtz and Bill Spencer.

Judy has to her credit a National Merit Letter of Commendation, a designation as Presidential Scholar in math and science at Kalamazoo College and two awards in the Michigan Mathematics Association Prize Competition. A member of the National Honor Society, she also is in Phi Beta Kappa, the Blue Dolphins, the Marching Band and the Grosse Pointe Symphony.

Stuart Kurtz is a National Merit Finalist, the recipient of an Honorable Mention in the Santa Clara Math Competition and the winner of two awards in the Michigan Mathematics Prize Competition. Stuart is in the Chess Club, is a Junior Assistant Scoutmaster and a math tutor.

Bill Spencer, Varsity Club president, has been named All-State Cross Country. A member of the National Honor Society, he is a scholarship candidate.

Although topics for educational presentation so far this year have ranged the gamut from the district's program for the trainable mentally impaired to our current thrust for the development of written school district policies, I can't think of a more pleasant—or important—group of people to consider than our fine students.

When I become completely engrossed in the serious problems that confront us in the day to day operation of the school system, I become rejuvenated as I take a look at our "Product"—the fine young men and women who excel in so many varied and productive ways.

Group to View Park Dockage

A letter to Woods city officials focusing upon the expansion of marina facilities at Lake Front Park was unanimously referred to the Citizens Recreation Commission by the council at the regular meeting Monday, April 7.

The communication from L. P. Sullivan, of Moorland drive, stressed the need for additional dockage at the park for both small and large boats.

Mr. Sullivan was appointed by the Grosse Pointe Woods Boat Club chairman of a committee to recommend specific proposals and also to coordinate their implementation.

Councilman Ronald R. Kefgen, Parks and Recreation Committee chairman, said Mr. Sullivan and possibly other representatives will meet with the Citizens Recreation Commission at the group's May meeting to give a presentation on this subject.

Antiques Show Features Something for Everyone

Antiques and collectibles from around the world will be displayed for sale at the 20th annual Antiques Show and Sale, sponsored by the Rotary Club of Grosse Pointe tomorrow-Sunday, April 18-20, in the War Memorial Center.

Proceeds from the Show will go towards supporting ongoing community projects and for the funding of new community undertakings.

Out-state and local exhibitors will display an array of items including furniture, jewelry, clocks, books, primitives, glassware and other articles.

Chairman Peter C. Higbie said there will be something for every lover of the old.

Mrs. John Hougoumster of Troy, N.Y., will exhibit her enormous collection of reference books on antiques. Everything you always wanted to know about antiques can be found in her library.

This is the first showing of these books in this area.

The unique German Village of Columbus, O., is coming to The Pointe through the German Village Antiques Shop, which will display un-

usual antiques and collectibles.

Ronald Sallee, son of the famous art glass dealer, Mrs. Opal Sallee, will display beautiful art glass pieces. Many vases, paperweights and other glassware will be on exhibit.

The Pointe's own "clock man," Lucian Allaer, will accept clocks and music boxes in need of repair. Everyone will have an opportunity to see his expertise through his finished products that will be on display and for sale.

Working with Mr. Higbie are the following Rotarians: Frank J. Sladen, Jr., co-chairman; Clarence F. Wascher, promotion; Robert A. Kehrer, catalog; John R. Cobau, advertisements; Fred M. Sibley Jr., sponsors; Philip Ardussi, tickets; John A. MacCartney, treasurer; B. Benton Harvey, show arrangements; William B. Laffer, Rotary candy store and bake sale; and Ervin A. TV Set Taken from Hunt Club

Someone entered the Grosse Pointe Hunt Club, 655 Cook road, and took a 19-inch, portable color television set and stand from the second story tennis lounge, reported Woods police. The set was valued at around \$409.

Officer William Desilets was shown the possible exit

route used by the culprit or culprits — a fire exit door. Below the door, the officer found several sets of footprints in the soft ground which appear to have been made by persons carrying a heavy object.

The set was found missing by an employee.

Let's Talk Real Estate
by John E. Brink

Worried about the big move? Buying or selling a home is one of the biggest financial decisions a family ever makes, and very confusing to say the least. This is a time when you need the objective guidance of professionals who work at this day in and day out, with comparative values at their finger tips. Do-it-yourself projects are fine when you can go back and correct your mistakes, but buying or selling on your own can be very costly.

If you are selling, call GROSSE POINTE REAL ESTATE CO., 20087 Mack Ave., 882-0087 and let us give you an estimate of your properties market value. Your entire real estate transaction will always be handled in a highly professional way and we give our personal attention to even minute details. "We Love Our Business." Open: Mon.-Sat. 9-5, Sun. 12-5, other times by appointment.

DID YOU KNOW?
Let us do the showing. Well meant help from the owner is often confusing and diversionary.

One View From The Capitol

By William R. Bryant, Jr.

If you're planning a camping trip in Michigan, and I hope you are, remember that you can make campsite reservations ahead of time.

Michigan's experimental campsite reservation system is continuing at least through this summer. Up to 50 percent of the campsites in 70 State park campgrounds can be reserved between Thursday, May 1, and September 30.

All requests for reservations must be made to the park where you want to stay. You can reserve a spot for a period of no less than four nights and no more than 15.

Applications are available at any State park, from the Parks Division in Lansing, from any Department of Natural Resources regional, district or field office, or from my office in Lansing.

They must be in the hands of the park manager at least 15 days prior to the starting date of the time you request.

The application must be accompanied by a check or money order for the entire camping fee plus a reservation fee of \$2, made payable to the State of Michigan.

You can make your reservation in person or by mail, but not by telephone. Separate application forms must be submitted for each park and each camping period with the fee.

All reserved sites will be assigned by the park manager. No particular individual site may be reserved. Refunds will be made only when cancellation for the entire reservation is made and received by the park no less than 24 hours before the beginning date of the reserved period. The \$2 reservation fee is not refundable.

Addresses and telephone numbers of the parks and recreation areas participating in the reservation program, along with the camping fees, are available in a brochure accompanying the application forms.

For more information, write Parks Division, Department of Natural Resources, Stevens T. Mason Building, Lansing, 48926, or my office at the Capitol Building, Lansing, 48901.

Letters to the Editor

To the community:

*Perhaps you sent a lonely card,
Or sat quietly in a chair,
Perhaps you sent a funeral spray,
If so we saw it there,
Perhaps you spoke the kindest words,
As any friend could say;
Perhaps you were not there at all,
Just thought of us that day,
Whatever you did to console our hearts,
We thank you so much whatever the part.*

After the expiration of your new car warranty, many of the subsequent problems you have with your car can be diagnosed and solved at specialty shops. These deal with specific jobs, such as wheel alignment, and have been around for many years. Any of the specialty shops can offer good bargains. Some owners or managers will know little about repairs, however, since they are business men. It is always best to know who you are dealing with, and to find out his abilities before you allow extensive work to be done on your car.

We have been serving the area for many years and are proud to bring you Chrysler Corporation's new car warranty and service policy. "The Clincher." When you buy a new Dodge from POINTE BODGE, INC., 18001 Mack Ave., 881-7210, you automatically receive this great policy and your only responsibility is to take care of your car and follow guidelines found in the Operator's Manual, which includes normal maintenance items.

AUTO FACTS:

Wheel cylinders are prone to corrosion and should be checked when brake linings are being replaced.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

One very popular form of reading at our library is the biography. Be it the story of a modern explorer or a nobleman of antiquity, this type of book has a wide and regular readership.

Here are a number of fine biographies that have been added to the collection of the Grosse Pointe Public Library during the past several months.

CAPTAIN SCOTT, (Saturday Review Press), by Peter Brent is a crisply written, soundly researched book. The story of the tragic and heroic death in 1912 of Robert Scott in the wastes of the Antarctic has ever since captured people's imagination.

In this fully-illustrated account of the life of Captain Scott, Mr. Brent describes not only the events surrounding Antarctic exploration in the early years of this century, but also the complex character of this remarkable man—introverted, self-disciplined, in many ways a very conventional figure, yet a dreamer and capable of passionate love.

The illustrations, which are excellent, share roughly equal space with the text. One can peer again and again at these men of a self-consciously heroic age. Tragedy has made their faces haunting.

In the introduction of his book **NELSON**, (Saturday Review Press), Roy Hattersley states that "Horatio Nelson, (1758-1805), one of the greatest seamen of all times, is the authentic hero of British history."

Here the author has presented a rounded portrait: Nelson is vain, egotistical and "awkward" with his superiors; at the same time he inspires both love and respect in his men and is a great tactical commander.

Mr. Hattersley tells the story chronologically, detailing the great victories—the Nile, Copenhagen, Trafalgar—and dovetailing the naval career into the personal life, where the reckless passion for Lady Hamilton constitutes the high drama.

This is a lively text with an abundance of outstanding illustrations.

Probably the best written book of this group is Robert Lacey's **SIR WALTER RALEIGH**, (Atheneum). Raleigh was the most colorful and exciting of all the great Elizabethans. Explorer, poet, pirate and scientist, he was Queen Elizabeth's most famous courtier and the archetypal Renaissance gentleman.

This is a free-flowing, lucid and altogether entertaining narrative. Mr. Lacey has a gift for narrative flow, interjecting quotations in proper context, getting his facts across, but never losing sight of the fact that his subject was first and foremost the adventurer and that any account of his life must be an adventure story. Thus Mr. Lacey is less concerned to discover Raleigh through his written words than in his actions.

This is a long book, but it is a difficult one to put down.

In **THE EAGLES DIE**, (Harper & Row), a huge, intensively researched book, George B. Marek seeks to capture the drama and flavor of the tumultuous period when Franz Joseph and his beautiful Elisabeth ruled imperial Austria.

While Mr. Marek does not scant the political side, he is essentially a romantic biographer who accents the human and cultural—so he is at his best when writing about people. His portraits are exceptional; Vienna comes to life with her musicians, poets, scientists and philosophers.

Even if tragedy is once again retold, Mr. Marek's meticulous presentation of the facts does not diminish its drama.

In his preface Jean Orioux asks us to accompany Talleyrand for his 84-years, "to let him live for a spell." And live he does—magnificently—in this long, closely researched biography, **TALLEYRAND**, (Knopf).

To read about this carefully masked aristocrat, to experience the unveiling, is an exciting and moving adventure. He was vilified in his own time by the envious, and the calumnies have persisted, but what emerges from these pages as we thread through the mazes of the "ancien regime," the years of revolution, Napoleon, the restoration and the July monarchy, is a man ahead of his time, a man steadfastly loyal to France, a man of peace.

Excellent translated, this was a best seller in France. Canadian history professor W. Stanford Reid has produced in **TRUMPETER OF GOD**, (Scribners), a biographical-historical study of the 16th century Scottish religious reformer John Knox.

For some, this book may be too overwhelming in its detail. But readers seriously interested in Knox and his dedicated, often fanatic attack on the dissolute court of Mary Stuart and a scandal-ridden church, will find this informative reading.

Knox's famous confrontations with Mary Stuart are played down by Mr. Reid in favor of his religious conversion and his role in laying the foundation of the Presbyterian Church in Scotland at a time when both England and France were maneuvering for control of that country.

This is a provocative, scholarly work.

CRAIG WILLIAM MCCAUGHRIN, son of DR. and MRS. WALTER SCOTT MCCAUGHRIN, of Lakeland avenue, has received his Ph.D. from the University of Pennsylvania. Craig, graduated from Grosse Pointe South High School in 1961, received his Masters degree in Political Science from Wayne State University. He is now an associate professor at the University of Pennsylvania and lives with his wife GRETA and their three children in Wallingford, Pa.

Center Begins Follow-Up On Campaign This Week

Follow-up begins this week on the War Memorial Center's 1975 Annual Family Participation Campaign. Combination solicitation letters and postage free remittance envelopes are in the mail to all Pointe families who haven't responded to the drive.

The campaign for funds necessary to keep the Center's doors open beyond July 31 is just over the half way

point with less than a month and a half to go until Memorial day, May 26.

This is the target date to achieve the \$125,000 to balance the budget for the new fiscal year beginning August 1.

To date, \$66,046.35 has been received from 3,302 families compared to \$71,400.50 from 3,792 donors at this point in the 1974 drive.

The Memorial Center is nearly three-quarters self supporting. The buildings and lakeside grounds were outright gifts to the five Pointes.

The Center uses no tax monies or United Foundation gifts and is an active community and cultural Center which runs at full schedule day and night.

Even in the face of rising utility and maintenance costs, operations have been kept at a minimum consistent with standards.

All gifts to support the Center are income tax deductible. The Memorial is as much a part of The Pointe's way of life as its schools, churches and libraries.

The Center hopes all contributing members will repeat or enlarge their gifts where possible and that all Pointers will participate in this community investment.

No gift is too small, all are greatly appreciated and absolutely necessary, the Center adds.

This is a hairdresser Looking at your face

In other words, this is a hairdresser that cares. He doesn't consider his clients faceless ladies in shapeless robes. He considers them interesting individuals. Which is why he studies their faces and clothes and asks about the lives they lead and the way they really see themselves. It's also why he gets the most beautiful results. This kind of hairdresser isn't easy to come by. But if you come to our place, you'll find quite a few. You see, it's the only kind of hairdresser we believe in. Sketched by Bart Edmond & Ron Kotes.

Alliance Views French Exhibit

"It is a large collection," she states, "and very exciting and dramatic. Many of the paintings are enormous, of course, colorful and full of action."

"The French Romantic period has never been shown before anywhere, and until this presentation most of the paintings had never been studied which is remarkable in as much as the literature, music and ideas of the period are so well-known."

Alliance members will lunch in the North Wing Court before joining Mrs. Kruse for the tour of the galleries.

Area Tri-Sigma Alumnae Celebrate Founders Day

Mrs. George H. Stover opened her Vincennes place home for Grosse Pointe daytime alumnae group of Tri Sigma Monday, April 14 for an Annual Founders' Day "Commitment" ceremony honoring the founders of their sorority, eight young women of "Farmville Normal School" (Longwood College), in Farmville, Va., on April 20, 1898.

In 1839 citizens of Prince Edward County, Virginia, were alert to the need of higher education for women and petitioned the Virginia legislature for a charter to set up an institution that would serve their daughters in much the same way that nearby Hampden-Sydney was serving their sons.

In its curriculum, the little "Seminary," later called "Farmville Female College," dealt mainly with music, Latin, Greek, English, French and etiquette with some mathematics and philosophy.

Following establishment of a public school system in 1870, the need for properly trained and qualified teachers became apparent.

The people of Farmville purchased the Seminary hoping the proposed Normal School might be located in their town and on March 7, 1884, the legislature passed the bill giving them the distinction of playing a large role in the founding of the first institution for the education of teachers in the state.

The young women who came to the State Normal School in Farmville were native Virginians. Their early education had been received from governesses and elementary schools, private and public.

The young ladies of the Normal School became acquainted with the young men at Hampden-Sydney and invited them to their school's social gatherings. Reciprocally, at Hampden-Sydney between terms, boys were permitted to invite the girls of the sister school in Farmville to their dances.

The Kappa Sigma men of Hampden-Sydney and Randolph-Macon Men's College helped to formulate the first constitution and the writing of the Ritual of Initiation for Tri Sigma.

Mrs. John W. Nelson, president of the Grosse Pointe alumnae group was mistress of the Founder's Day ceremony at Mrs. Stover's. She was assisted by Mrs. Charles R. Jaeger, Mrs. Jay Jodway, Mrs. Robert C. McCort, Mrs. Robert E. Quarters and Mrs. Dennis Wheeler.

Tri Sigma Eastern Michigan University Chapter, Omicron, will honor Sigma's Founders at a noon banquet on Sunday, April 20, in Leuthers Inn, Saline. Area Sigmas may still reserve by calling 885-8547.

FREDERIC E. GILLESPIE, son of MR. and MRS. HARRY W. MELLE, of Lakeland avenue, is a new member of Phi Kappa Theta social fraternity at Tri-State College, Angola, Ind. The Grosse Pointe South High School graduate is majoring in Mechanical Engineering at Tri-State.

DOMINICA PUCCI pose with their granddaughters, PAMELA BAKER and LUCIA McMULLIN BRIDENSTINE who will model children's fashions.

Soprano Gives Farewell Tour

Internationally renowned soprano Elisabeth Schwarzkopf, now on her farewell concert and recital tour of the U. S., will appear with the Detroit Symphony Orchestra in concert tonight, Thursday, April 17, and Saturday, April 19, at 8:30 o'clock in Ford Auditorium.

DSO Music Director Aldo Ceccato will be on the podium for a concert of music by composer-conductors Lully, Mendelssohn, Wagner, Mahler and Strauss.

The orchestral music on the program includes a suite drawn from Lully's operas "Alceste" and "Theseus," the Nocturne, Scherzo and Wedding March from Mendelssohn's incidental music to "A Midsummer Night's Dream" and Wagner's "Siegfried-Idyll."

Mme. Schwarzkopf will sing three songs by Gustav Mahler: "Des Antonius von Padua Fischpredigt," "Ich atmet' einen Linden Duft" and "Rheinlegendchen" and five by Richard Strauss: "Ruhe, meine Seele," "Meinem Kinde," "Mutterlaendlein," "Morgen" and "Zueignung." Elisabeth Schwarzkopf has appeared with the Detroit Symphony Orchestra on four previous occasions, most recently at Meadow Brook in 1969. Her operatic career began at the Berlin Opera and led to performances all over Europe and an eventual identification with the role of the Marschallin in Strauss's "Der Rosenkavalier."

Equally praised for her faultless singing of German Romantic Lieders, Mme. Schwarzkopf has appeared to unanimous acclaim in concerts and recitals all over the world.

"You simply have to relish the magic of Schwarzkopf's art which is rare in these parlous times," wrote one Chicago critic last year, "as she explores the intimate,

metaphysical, wondrously calm world of Strauss's 'Morgen', a song she has made her very own."

Tonight's concert will be followed by a "Reprise Reception" for the audience and artists, sponsored by the Junior Women's Association for the DSO.

Tickets for the concert are available at Ford Auditorium Box Office, 961-0700, all Hudson and Grinnell's ticket outlets. A limited number of tickets at \$1.75 for students and senior citizens is available at the Box Office beginning at 7:45 o'clock on concert nights.

DSO Welcomes Pianist Tocco on April 20

Prize-winning young pianist James Tocco returns to his home town for a concert with the Detroit Symphony Orchestra this Sunday, April 20, at 3:30 o'clock. On the podium will be DSO Conductor-in-Residence Paul Freeman, and the program will include Dvorak's "Hussite" Overture, Barber's "Adagio for

Strings," Respighi's "Pines of Rome" and Frederic Chopin's Piano Concerto No. 2, played by Mr. Tocco. James Tocco is one of few American pianists to have won prizes in eight major international competitions including the Leeds, Queen Elisabeth and Moscow's famed Tchaikovsky Interna-

tional Competition, and to have toured throughout North and South America, Europe and the Middle East—all before reaching the age of 30. He was born in Detroit and took his initial training here before studying with Magda Tagliaferro at the Salzburg Mozarteum and later with Claudio Arrau. Besides his recordings and appearances with the Chicago, Baltimore, Milwaukee, Montreal and National Symphonies, he has performed with the DSO twice before, in 1968 and 1973.

Detroit Rose Society Holding Celebrity Night

Jim Zimmerman, of Dayton O., will be the speaker at the Detroit Rose Society's annual Celebrity Night, to be held Friday, April 25, at 8 p.m. in the Grosse Pointe Congregational Church.

Mr. Zimmerman, who has only been showing roses for the past five years, has compiled a record which includes 165 trophies in his Buckeye region, 13 Queens of Shows, 14 Miniature Queens, several Kings and Princesses of Shows, 10 Buckeye District trophies and two National trophies.

He also has kept a performance record of his roses, noting bloom production, how long it takes for repeat blooms and how different varieties re-germinate. He is a consulting Rosarian and an accredited judge.

The public is invited to hear Mr. Zimmerman's program.

Women's Aeronautical Group Will Celebrate

Mrs. Harold B. Stanbury, of North Renaud road, president of the Women's Aeronautical Association of Detroit, Inc., will officiate at a short business meeting following dinner at the Troy home of Mrs. Fred W. Lindbloom, Association treasurer, next Tuesday evening, April 22.

Mrs. Lindbloom is serving as hostess at the dinner and games party celebrating the Association's 47th anniversary and the Bicentennial Era. A special, rare collection of Air Post Stamps and First Day Covers and Commemorative United States Stamps will be on display.

Miniature wooden airplanes, candle-topped, will decorate the anniversary cake.

David Kliber To Claim Bride

Mr. and Mrs. William Garth III, of Franklin Village, are announcing the engagement of their daughter, Elizabeth Maria, to David Lawrence Kliber, son of Mr. and Mrs. Edward F. Kliber, Jr. of Audubon road.

Elizabeth attended Western Michigan University and Lake Erie College in Ohio. Her fiancé, a graduate of South High School and Western Michigan University, is presently employed at Michigan National Bank.

A June wedding is planned.

Society Hosts Pruning Talk

The Grosse Pointe Rose Society will stage a rose pruning exhibition Sunday, April 20, from 2 to 4 o'clock in the home of Mr. and Mrs. Sterling S. Sanford, in 279 Hillcrest road, one block south of Moross road, between Ridge and Beaupre.

Elmore Frank and Harold Lee, of The Pointe, Bruce Romant, of Pleasant Ridge, and Angelo Tavaglia, of Detroit will demonstrate pruning.

Mr. Frank is a past president of the Grosse Pointe Rose Society and of the Men's Garden Club and is an accredited judge of Horticulture of the Men's Garden Club of America. Mr. Lee is also past president of the Grosse Pointe Rose Society and past editor of Rose Pointes, the Rose Society's monthly bulletin.

Mr. Romant is director of the Great Lakes district of the American Rose Society which consists of all of Michigan and Ontario. Mr. Tavaglia is the only honorary member of the Grosse Pointe Rose Society and is a past president of the Detroit Rose Society and a consulting Rosarian.

All the demonstrators have won many blue ribbons and trophies in local and state rose shows. The talk on pruning will include tips on the early care and feeding of the rose bed.

The public is invited to attend the session. Hostesses for the afternoon will be Mrs. Gaylord Hulbert, Mrs. Harold Lee, Mrs. Ralph Urso and Mrs. Sanford.

Initiated into the Hillsdale College Kappa Chapter of Kappa Kappa Gamma February 1 was ANDREA GRAHAM, daughter of the D. E. GRAHAMs, of Radnor circle.

AAUW Groups Set Meetings

The Contemporary Literature group of the Grosse Pointe Branch of the American Association of University Women will meet next Tuesday evening, April 22, to hear Franziska Greiling speak on her experiences as a student of Joyce Carol Oates, award-winning author of many best-selling novels and short fiction.

The meeting will be held at the Fisher road home of Flora Temple. Members are invited to bring their own creative writings to share with the group.

On Thursday, April 24, the Play Reading group will

gather at the home of Sue Beaudry, in Bishop road. This month's selection is Butterflies are Free, by Leonard Gershe. The story concerns a young man, blind from birth, who has broken his home ties and is trying to make a life for himself in a New York apartment.

The Dinner Discussion group's final meeting of the season will feature a progressive potluck dinner on Saturday, April 26.

Members and their husbands will gather in small groups for cocktails and dinner, with the full group assembling for dessert at the end of the evening.

From Another Pointe of View

(Continued from Page 13) must be taken to the War Memorial next Wednesday, April 23, between 9 and 1 o'clock.

Men and women, junior, (ages 13 to 18), and child, (13 and under), entries have been registered. There'll be a \$1.50 general admission fee, for the Needlepoint Fair is a fund-raiser, designed to raise money for the Colonial Dames to underwrite the refurbishing of Whitby Hall at the Detroit Institute of Arts.

You all know Whitby Hall: it's that fascinating, complete house in the museum's American Wing. When it was brought to Detroit from Philadelphia and re-built inside the DIA in 1927, the Colonial Dames gave furniture for its decoration.

Now the Dames have pledged \$30,000 to refurbish the ONLY authentic Colonial House in metropolitan Detroit. Robert Arlt, of New York, is painting it. William Denler and Company is doing the draperies and upholstering at cost. Materials are being provided, also at cost, by Mr. and Mrs. Ed Bitter of New York's Scalamandre.

The Whitby Hall restoration is a superbly appropriate Bicentennial project for the local Colonial Dames, for the object of their Society nationally is the collection and preservation of manuscripts, traditions and relics of by-gone American days and the preservation and restoration of buildings connected with the early history of our country.

QUIETLY STATED ELEGANCE

A "MUST SEE" is this gracious French country house being offered in one of the best locations of Grosse Pointe Farms. From the curb the house appears overpowering, but inside you'll find just four comfortable, family bedrooms and two more bedrooms over the attached garage. The first floor has a beautifully proportioned living room which is a step down from the large foyer with its circular staircase. The library is as large as many living rooms, and the dining room formal enough for a State dinner.

A TRULY magnificent home located in Grosse Pointe Shores only steps from the water's edge. This regal almost new southern colonial features a view of the lake, a master bedroom with natural fireplace, a den, as well as a family room, central air conditioning and landscaping that compliments the elegant home it surrounds.

Just a few feet from Lakeshore Drive in this Georgian colonial with five bedrooms and four bathrooms. Entering into a gracious two-story foyer with circular staircase is a fine beginning. To complement the well-proportioned living room and dining room is a library with fireplace, family room and garden room. Centrally air conditioned and first class in all departments.

Woods Group Picks Officers

Members of the Beautification Commission of Grosse Pointe Woods met Tuesday, April 8, and held an election of officers.

Dr. Albert Howe, DDS, who urged the city last November to create such a group, is commission chairman. Jesse Lowther was named vice-chairman, Don Dungan, secretary-treasurer, and Charles Moraco, publicity chairman.

The objective of the group is to promote beautification projects in the city and to consider both the community's immediate needs and long-range goals.

Thirteen citizens, including the aforementioned foursome, were appointed members of the commission by the council at the regular meeting March 17. Each will serve a one-year term expiring January 1, 1976.

Other members are William Kozara, Thomas Smith, Joan P. Smith, Peter Coutos, Carol Rodrigues, Michael Zolik, Ronald Serba, Richard Allor and Marcia Mercadante.

Councilwoman Joan P. Mullan, the council's representative to the commission, said the officers met Monday, April 14, and the entire group will gather Tuesday, April 22.

Menzo Fires NH No-Hitter

Junior right hander Mike Menzo fired a no-hitter in leading North High School to a 3-2 win over East Detroit in its opening game of the year last week.

North coach Frank Sumbers said this was the second no-hitter in the school's history and added both East Detroit runs were scored as the result of errors. In all, North committed four bobbles.

Leading the offensive charge were Jerry Cardoni with a two-run double and Dave Walz, who had an RBI single. North had a total of three hits.

NH Musicians Set Marathon

The North High School Bands and Orchestra will host an Instrumental Music Marathon on Saturday, April 19, in the North cafeteria.

The marathon, which is being played by the Concert Band, the Symphony Band and the Symphony Orchestra, will run from 8 a.m. to 8:35 p.m.

Each organization will play for four hours, the Concert Band, from 8 a.m.-noon, the Symphony Band from 12:15-4:15 p.m. and the Symphony Orchestra from 4:35-8:35 p.m.

The individual musicians will be taking pledges for the amount of time they are going to play. Some may be playing four or eight hours, depending on their group.

The pledges are usually taken in the amount per minute.

The 10 musicians with the highest total amount of pledges will receive free tickets for a Bob-Lo outing the Bands and Orchestra will take at the end of the year.

The public is invited to listen in on the Marathon any time during the day.

Drama Critic Sets Seminar

Jay Carr, drama and music critic for the "Detroit News," will hold a drama seminar at the War Memorial Center on Wednesday, April 23, at 8 p.m.

He will analyze and discuss the current Broadway productions of "Candide," "Equus" and "Sherlock Holmes."

This evening is designed as a part of the educational New York Drama Tour being conducted by the Memorial Association. However, in addition to the tour members for whom this seminar is being held, guests are welcome for a \$2.50 lecture fee.

Those who talk about visions usually refer to nightmares.

Bruins Mites Win Ice Crown

In a hard fought struggle in the playoffs of the Grosse Pointe Hockey Association Mite Division the Bruins emerged as the champions in 1974-75 season play. The action concluded late last month.

After suffering a 1-0 defeat to the Kings in the first game they were under pressure to win all remaining games as another defeat would mean elimination from the competition.

The second game with the Flyers was by far the most exciting. With only six minutes left to play the Bruins were down, 4-1. But Tony Tharenos scored to narrow the gap, and George Krappmann quickly pumped in two goals, giving him the "hat trick" to tie the game.

The Bruins then won it in overtime on a goal from John Weber.

After this come-from-behind victory the Bruins were a "fired-up" hockey team. In the final games they were up against the Seals who proved to be no contest for the strong Bruins as they dynamited their way to 6-0 and 3-1 wins to gain the coveted Costello Cup, the ultimate objective in the mite division.

After the final game each player was introduced on the ice by Alan Henchel, coach of the Flyers, who also presented the Costello Cup to Jim Barker, Bruins coach.

Throughout the 34 game season the Bruins powered in a total of 150 goals allowing the opposition only 38.

Leading the group of alternate goalies, Rob Pytell turned in six shutouts, giving up only two goals. Craig Lenhard posted four shutouts, while Tony Ugval had three. Rankin Barker and Tony Tharenos each added one shutout.

The high scoring of the Bruins often came in groups of three as "hat tricks" were scored by John Weber, Keith Kovalick, Rankin Barker and George Krappmann.

A line made up of three eight-year-olds played very strongly scoring 72 goals with 55 assists. This line consisted of captain John Weber, alternate captain Keith Kovalick, center Tom Dombrowski, de-

fenseman Rob Pytell and captain Tony Ugval.

Another line consisting of captain Rankin Barker, alternate captains Tony Tharenos and George Krappmann, Ken Fruehauf, Craig Lenhard and John Hogan turned in 66 goals and 51 assists. This group of seven-year-old boys will be returning next year.

Yet another line scored 12 goals and 8 assists. Ray Bauer, in his first year of competitive hockey, was solid in the playoffs being over-

present and alert in his defensive position. Other line members included Tim Bohan, Steve Gaskin, Bobby Jewett, David Ketchum, Tim Lenhard and Tom Ugval.

Much credit for the Bruins season lies with coach Barker and assistant coaches Nick Tharenos, Bob Lenhard and Thad Ketchum. Acting not only as sponsor but also as a staunch supporter was Carlo Ugval. An enthusiastic group of parents also proved to be an asset to the team as they were always present to cheer them onward to the championship.

MRS. ROBERT S. LEFEVRE, OF LINCOLN ROAD

By Janet Mueller

Basically, she's an artist. Basically, she loves creating things, decorating, arranging flowers... so how come Lora LeFevre is running around with lists and notebooks and charts, managing again?

Lora, (it's a Welsh name), is general chairman of the 1975 Grosse Pointe Memorial Church Fair. It's not scheduled until next fall, November 6 to be exact, but there's the traditional Preview coming up two Thursdays from today, May 1, at the Church, from 10 to 3 o'clock.

The Preview is the place to check out what the Memorial Church Fair craft corps has been doing, and to place special orders for special merchandise.

Starts Out Decorating "I always start out on the decorating committee," Lora muses, "but then the next year, or the year after that, I end up running the project." She doesn't quite know how or why.

It's a fabulous way to meet people, certainly. But there comes a point when Lora, surrounded by loose leaflets, asks herself, "Why am I in here doing the paperwork, when I want to be out there doing the decorating?"

The obvious, simple answer is, of course, that people have found out Lora CAN manage a project, well. It's a gift: there aren't that many people around who can do it.

And it IS a fabulous way to meet people, especially if you happen to be new in the community.

Technically, the LeFevres are Pointe returnees, although if you take a 20-year break from any community the community, and you, will have changed somewhat when you return.

Lora and Bob are both from the East, she from Upper New York State, he from Connecticut. Bob is Sales Manager for Borden Chemical's Automotive Division.

Two Ohio Decades A business transfer brought them originally to The Pointe, where they spent four years before another transfer took them to Columbus, O. After two decades in Columbus Bob was transferred again three years ago, back to Detroit, and the LeFevres once again became Pointe residents.

They'd enjoyed their Ohio years. "Columbus," Lora explains, "is a college town, and it does offer an awful lot." Their children had grown up there. Lora-the-Artist had made a very satisfying life for herself.

"I ended up doing flowers for friends' weddings. I hand-painted crafts and sold them in shops."

With a partner, she accepted theme decorating assignments for local clubs. She was active in the Columbus Gallery of Fine Arts, doing flowers for openings and art work for the Gallery's theme dances.

"This," she says, with a gesture encompassing Grosse Pointe, Detroit, the whole

metropolitan area, "is starting all over."

Mother of Four The children, with the exception of Lora Beth, the youngest, a South High School senior headed for Ashland College in the fall, remain Ohio-oriented.

Sally Jane, 26, working at Ohio State, is a voice major who has just auditioned to get back into Music School. Gary is a junior at Ohio State. Scott, (he comes between Sally Jane and Gary), recently married, is in landscaping.

Despite physical separation, they're a close, loving family. A South High teacher once asked Lora Beth what her family did together. "We laugh a lot," was Lora Beth's reply.

When they do get together, they have a lot to talk and laugh about. The LeFevres are "doers." Gary spent spring vacation in British Honduras with an OSU scuba diving group. Sally Jane, into Transcendental Meditation — she's an accredited TM teacher — was in Spain for a while. Bob and Lora are just back from a Jamaica vacation.

"I do miss the kids and their activities," Lora admits. "I'm used to being busy. I've been the Scout Troop route, the PTA route, et al."

Is Involved Here And enjoyed it... but she's enjoying her Pointe life, too, and it's not exactly an uninvolved life. Lora is on the decorating committee for the Detroit Institute of Arts.

She volunteers at the Detroit Artists Market. She's on the board of the South High School Mother's Club.

Then there's the Memorial Church Fair: Lora, returning to The Pointe, also returned to Memorial Church. One of her children was baptized there. "It (Memorial Church) really offers something for everyone, and it's a fabulous place to meet people."

If you happen to be general chairman of the biennial Memorial Church Fair, (Memorial Church and Christ Church present their Fairs, Grosse Pointe's biggest Christmas Fairs, in alternate years), involving virtually every woman-of-the-church, and many men, providing funds for Memorial Church Women's Association operations and projects for two full years, your opportunities for meeting people become endless.

Lora does have a general co-chairman, Sallie (Mrs. Joseph H.) Spitzley, who's lived here all her life. "She's terrific. I'm willing to do the work, but you have to know the people. Sallie knows everybody."

"Joy to the World" Theme for the 1975 Memorial Church Fair is Joy to the

World. The May 1 Preview is actually a mini-Fair-in-itself. Samples of the wares to be offered at the big fall Fair will be displayed and orders for merchandise taken. Some things will be for sale Preview Day, and by seeing "what goes well," the Fair workers will know which items to stockpile, which to ease up on.

Another purpose of the Preview is to make money for supplies to keep the Fair workers working.

There'll be a salad luncheon available at the Preview, served from 11:30 to 1:30 o'clock, and representatives from the 20 or so booths and boutiques will be on hand to display their handicrafts: knitting and sewing, jewelry and needlepoint, pillows and a potpourri of special items including applied denim shirts and hand-painted purses.

The tin cutters have been at work making their exquisite decorator pieces. So have the shell workers. A special Parcel Post Department will feature surprises from all over the world. There'll be plants and baked goods, heirlooms and white elephants, and — new this year — a Men's Booth, spotlighting male-created crafts.

A new Memorial Church Cook Book, combining recipes from the past three Memorial Church Cook Books and adding new ones, is scheduled to be off the presses by fall, ready for Fair sale.

"And we're trying to get together a needlepoint rug for silent bids," Lora notes.

Fair Workers Busy Memorial Church Women and their friends are busy now at Fair projects all over town. Lora has nine groups meeting at the Church on Tuesdays. Others work in private homes. The workers range in age from the teens on up into the 80's. Their interests and talents are varied; their purpose is not.

"This is our one big money-maker," Lora explains. Fair-raised funds provide the budget for the Memorial Church Women's Association for two years.

From that budget, the Association contributes to the international missions of the United Presbyterian Church in the USA, missions that, last year, helped 484 churches and 64 hospitals and medical missions overseas, aided 75 new churches to get established and supported educational programs in 15 countries.

From that budget, the Association contributes to national Presbyterian missions supporting seven theological seminaries and 54 church-related colleges, providing scholarships for over 600 students, aiding 26 hospitals and subsidizing chaplain service for 150 prisons.

From that budget, the Association contributes to the Detroit Presbytery's local missions and programs.

In-Church Projects From that budget, the Association appropriates funds for its own in-church operations and funds for its own mission projects. "We're supporting an Indian woman in Colombia, putting her through Medical School. When she graduates, she'll be the first woman M.D. in Colombia."

Memorial Church Women are also supporting a Human Resources Program in Lebanon designed to make the people self-supporting, and a project at Ramallah near Jerusalem designed to help refugee women develop marketable skills.

Short and to the Pointe

(Continued from Page 13) STEPHEN C. MARSTON, son of MR. and MRS. D. MARSTON, of Middlesex boulevard, has earned placement on the Dean's List for the fall semester of the school year at Boston's Berkeley College of Music where he is a Music Education major.

DR. JAMES J. LIGHTBODY, of Harvard road, assistant professor of Biochemistry at Wayne State University School of Medicine, has been awarded a \$21,664 grant renewal for research directed toward presensitization in kidney transplants.

Grosse Pointe North High School senior BRENDA SPIEWAK has been invited to West Point, N.Y., as a result of the excellence of her presentation at the 11th annual Southeastern Michigan Junior Science and Humanities Symposium sponsored jointly by the United States Army Research Office and Wayne State University. Brenda is one of six students from the local symposium invited to present her paper at the national meeting, joining approximately 300 other students and teachers from all over the country who will be in attendance as guests of the United States Army, sponsor of the program. Brenda's paper, "Adies Syndrome — Some Characteristics of Patients Who Develop Tonic Pupils," is based upon her research in the University of Iowa's summer science training program last year.

Among 13 members of Western Michigan University's 1974-75 swim team who received varsity letters for their efforts in an 8-5 dual meet season plus a fifth place Mid-American Conference finish is sophomore GARY HOFFMAN, a Grosse Pointe North High School graduate.

Member of the team of three Oberlin College Mathematics majors which ranked among the top 10 teams in the prestigious William Lowell Putnam Mathematical Competition held each December was senior KENDALL H. BARKER, elected to Phi Beta Kappa as a junior, son of MR. and MRS. DAVID H. BARKER, of Kerby court.

Among eight outstanding Creighton University alumni honored by their alma mater at the annual Creighton Alumni Merit Awards Banquet April 5 will be JANUARIUS A. MULLEN, of Provincial road, 1930 Creighton School of Law graduate, former chairman of the Detroit Chamber of Commerce and former United Community Services board chairman.

Among 173 University of Michigan students initiated into Phi Beta Kappa March 22 were SUZANNE JANE WEEB, of Chalfonte avenue, WESLEY ROBERT JOHNSON, of Ridge road, MARY LOUISE MANDICH, of Still

This, Lora LeFevre feels, is the main purpose, the main point of the Fair: to raise the funds that will enable the Association to continue to support these missions and programs. The fellowship the Fair engenders is a delightful dividend.

Still: Lora thinks that fellowship is fabulous. "That's what got me started. I was 'new'... I went over to the Church and volunteered to work on decorating for the Fair. It was odd: almost everybody else on that committee was 'new,' too..."

Managing Again Now she's working for another Fair, but not on decorating. Lora, who started with canvas in college, moving on to crafts and flowers, who thinks creating is "fantastic... very rewarding," who would like to get into a part-time decorating business, doing weddings and parties. ("After all, I did do that in Columbus"), is back managing again.

From Another Pointe of View

(Continued from Page 19) And the object of that object is to create a popular interest in Colonial history that will, in turn, stimulate a spirit of true patriotism and a genuine love of country in all Americans.

The National Society, founded in 1891 in Philadelphia, (there are now 42 State Societies; the Michigan Society was begun in 1896 in Detroit), raised funds to restore Sulgrave Manor in England, the ancestral home of George Washington.

It maintains 81 Museum Houses in all parts of this country. It equipped operating rooms on hospital ships in World War II and provided recreational and personal supplies for the wounded on two hospital ships in the Vietnam War.

It raises money annually for the Indian Nurse Program. It gave "primers" in five languages to immigrants at ports of entry to the United States, and a monument in Arlington Cemetery in memory of the men who died in America's wars.

Among the Michigan Society's projects and activities have been the furnishing of two rooms in the Grant House at the State Fair Grounds and the financing of construction of the Blacksmith Shop in the Detroit Historical Museum.

The Michigan Society also aided in furnishing the Moross House. It troups two slide shows, "The History of Michigan" and "George Mason - Patriot," to local schools. It sponsors monthly bus tours of Historic Detroit Churches with the Detroit Historical Society handling arrangements, and wrote and published "Historical Michigan Courthouses," donating copies to all historical societies in the state.

The needlepoint rug is a superbly appropriate Bicentennial piece de resistance prize for the Michigan Colonial Dames' Needlepoint Fair. It was designed by Mrs. Jonathan T. Walton and Peggot and numbers among its motifs the Grasshopper weather-vane from Boston's Faneuil Hall, Mount Vernon's Dove, (designed by George Washington), and a 19th century Butterfly from the Shelburne Museum, Shelburne, Vt.

Now here's a "modern" historical note to end this column — and bring you to the Fair — President Ford's daughter, Susan, is submitting one of the first pillows she needlepointed for display...
