

Special Board Meeting Slated

A special meeting of the Board of Education will be held Monday, June 23. The meeting will be a year-end wrap up session which will include end-of-the-year payment of bills and related fiscal matters.

The board meets in the Board of Education building, 389 St. Clair avenue, at 8 p.m.

Woods Denies Request for Special Election

(Continued from Page 1) Initiatory petitions signed by at least five percent of registered voters at the time the petition is submitted. This means at least an estimated 700 signatures would be needed to mandate the council to place this question on the ballot.

To Explore Petitions Mr. Boyd, who said many seniors are striving for such a complex not only for themselves but for others who will soon become senior citizens, indicated he will definitely explore this possibility.

If the seniors decide to circulate petitions to have this matter placed on the November ballot, they would have to be submitted to the city on or around August 1.

On this point, city officials suggested that at least 1,000 signatures be obtained in case some aren't valid. All signatures on petitions will be carefully checked and they must be exactly the same as those on voter registrations.

At the same time, City At-

Bars Agree to Hire Guards

(Continued from Page 1) a disruption occurred recently on a Thursday night the council requested that security guards be hired for three nights per week.

In an interview prior to the council meeting Mr. Cuson and Bill Demorest, of Piper's Alley, outlined their feelings on the issue.

"I would be dishonest to say that no more problems will occur," Mr. Cuson said. "But we're interested in fostering better community relations."

Maintain Businesses Both men said that as Pointe residents themselves, in addition to being Pointe businessmen, they are striving to maintain their businesses in the best possible way for the community. Both cited the considerable amount of money invested in the interiors and exteriors of the bars.

To Study Law

(Continued from Page 1) Mr. Petersen stated less than 10. Our concern is over the deterioration of the homes regarding their upkeep, and that this situation doesn't spread, he said.

"Grosse Pointe Woods and the other Pointes have taken great pride in maintaining their property values," said Mr. Petersen, who added this problem isn't limited to The Woods only. He felt that a concerted effort of all the Pointes would be needed to check and eliminate such conditions.

For his part, Mr. Petersen would not only like to see the adoption of a rigid home maintenance ordinance but would like to include specific property standards, e.g., regulations governing noxious weeds, all in one swoop.

But he questioned, "How far can you go in this?" in relation to preparing an ordinance which doesn't infringe upon an individual's "home rule" in relation to his residence.

"We have gone out of our way to create an atmosphere that's conducive to the tastes of Grosse Pointers," Mr. Demorest stated. "The return traffic is an indication they like our businesses."

Both men contended that the clientele at all three bars, trouble-makers included, comes primarily from the Pointe.

Mr. Cuson, who estimated he has been in the bar business for about 15 years, said he operates on two basic premises — no destruction and no disturbance, inside or outside.

"We now make it a practice to sign a complaint against violators," he asserted. "We feel it is our obligation to do so."

The two noted other ways besides prosecution in which they are trying to resolve

their problems and be assets to the community:

- Mr. Cuson has organized the Mack Avenue Business Association to study and discuss common problems to area businesses such as parking.
- All three concerns employ additional staff within their premises to check identification of patrons.
- The businesses are now studying the possibility of increasing street lighting in the area surrounding the bars in an effort to discourage groups from congregating.
- The businesses say they cooperated fully with The Farms Police Department during the past year in finding means to re-route traffic away from residential areas. In his report to the council, Farms Police Chief Robert Ferber said, on the whole, his department has received excellent cooperation from the businesses.
- In an effort to boost community relations all three bars employ primarily Pointers, (about a total of 60), sponsor athletic teams and have proposed a flea market and picnic for the community.

Want Feedback Mr. Demorest said the Mack avenue block one year ago was declining and said he hopes the residents realize the value of having concerned persons running the businesses.

"The three establishments will bend over backwards if the residents will cooperate," he said.

Both men stressed they are looking for constructive feedback from concerned residents.

"There are always going to be some problems," Mr. Cuson said. "It's unrealistic to assume there won't be. But we are trying to minimize them."

have been submitted by the seniors to the council. Two proposals were cited. One is to amend the city charter to exclude a portion of Ghesquiere Park from requiring a three-fifths vote of the people for using it for purpose other than park related.

He had earlier noted the present charter requirement — if such a question was placed on the ballot that three-fifths of those voting at a specific election would have to approve the ballot proposition in order for such a complex to be built on park property.

The second proposal was a request for an advisory vote as to whether or not citizens would approve a concept for a housing authority to build such a complex at the park.

At this stage, however, both proposals aren't definite. What specific wording, if any, comes to the fore depends on the seniors and the possible advice of legal counsel on this matter. The only concrete action was the council denying the special election.

No Guarantee Mr. Pinkos also pointed out there's no guarantee that such housing would become a reality at the park even if the voters approved it.

He indicated that, more often than not, the council would go along with the wishes of voters; however, he stressed there were many other things that had to be done, e.g., possible rezoning of the property, and that the seniors had a right to deny the use of the park for such a complex.

Finally, a resident who lives near the park said he was against such housing. He felt it was unfair to have the entire city vote on this question which involves a minority of citizens, i.e., seniors, and which directly affects only residents who live near the park.

Lesser Charge Plea Accepted

A pre-trial conference was held Tuesday, June 10, in the Wayne County Prosecutor's Office in the case of a 34-year-old Gary, Ind., man, who was originally charged with receiving and concealing stolen property, reported Woods police.

At the conference, police agreed to accept a plea of attempted receiving and concealing stolen property over \$100 in value from Cecil McIntosh.

Officers said if McIntosh doesn't enter a plea a trial will be scheduled for mid-July on the original charge. McIntosh also is facing a speeding charge in The Woods, stemming from the same incident in April. His court date on that is scheduled for Wednesday, June 25.

After being arrested for speeding along Mack avenue, officers learned the car he was driving was reported by Oak Park police as having been stolen.

At the time of his arrest, McIntosh told police he borrowed the car from a friend. It was ultimately learned that his friend had been arrested on a felony warrant for failure to return a rented vehicle in mid-April. Police added the friend was the renter of the auto.

She's Retiring after 32 Years

Ruth Galster, Grosse Pointe resident for the past 50 years, will retire after 32 years with the Wayne County Department of Health. Miss Galster was the first employee of the Health Department when it was established in 1943. She has been Office

Manager, Secretary to the Board of Health and Personnel Officer.

A graduate of the Grosse Pointe school system and the Detroit Business College, Miss Galster taught typing and stenotyping. She has been a member of the Michigan Public Health Association for the past 31 years and was presented with an honorary membership in that association in 1964. She served on its Board of Directors and was Chairman of the Records and Statistics Division and served as Chairman on various other committees.

Miss Galster is an active member of the First English Evangelical Lutheran Church in The Woods. A retirement dinner will be held at the Holiday Inn's Chamberlin Room, Monday, June 23.

Nab SCS Man On U-P Charge

A 21-year-old St. Clair Shores man stood mute at his arraignment in The Woods Municipal Court Wednesday, June 11, on a charge of uttering and publishing, (U-P), a 14-year felony, reported Woods police.

The examination of Michael Raymond Krausman was scheduled for yesterday, June 18. He was held on \$2,500 bond or two sureties pending his exam date.

Krausman was arrested on Tuesday, June 10, after attempting to cash a check at Manufacturers National Bank, 21303 Mack avenue. Police said the suspect allegedly stole a blank check, made it out to himself for \$85 and then endorsed it.

At the scene, bank personnel checked with Father John Sullivan of St. Lucy's Church, St. Clair Shores, on whose account the check was written. Father Sullivan told officers he didn't write the check.

The suspect was held at the bank by personnel until police arrived.

Seventy-five Lions, their ladies, friends and relatives were in attendance. A family style dinner, dancing, plus the festivities in connection with the installation of the new officers, was enjoyed by all present.

Immediate past president, Marty Lannace, handed the gavel over to president elect Robert Carver during ceremonies.

Mr. Carver, an 11-year resident of The Woods, is an active and hard working member of the club. When not engaged in a Lion project, he is assistant manager of Professional Services for Blue Cross-Blue Shield.

Lion Thomas A. Clark, a long time resident of The Woods, was in charge of ceremonies. He has the distinction of being a founding charter member of the club, past president and district zone chairman.

Woods Explores Possible Suit in Population Battle

By Roger A. Waha
Woods City Attorney George Catlin is currently trying to enlist the support of the other Pointes and Harper Woods in a possible class action suit in relation to the battle between The Woods and the Office of Revenue Sharing, (ORS), over the city's population figure.

Population is one criteria towards computing revenue sharing funds, (along with per capita income and tax effort), and The Woods is upset over an ORS decision which city officials said decreased the city's population figure.

City Administrator Chester E. Petersen said last week that the ORS "arbitrarily and capriciously" made a decision to decrease our population based upon a report prepared by the Southeast Michigan Council of Governments, (SEMCOG), rather than base its decision on information supplied by the community, which included the school census and city records.

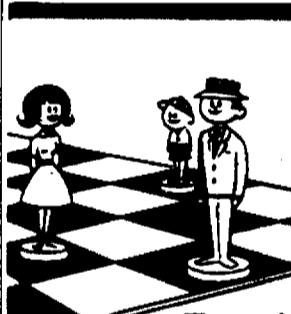

At the Monday, June 2, regular council meeting, the solons referred this matter to the Committee of the Whole and authorized Mr. Catlin to provide information on a possible class action

suit. He had previously suggested this mode of action, i.e. to solicit or contract other Wayne County communities affected by such a ruling to join in a concerted effort towards fighting it.

Mr. Catlin said he hopes to receive information from the other Pointes and Harper Woods within 30 days on whether or not they would participate in such a suit. Mr. Catlin said the other city attorneys would have to consult with their respective councils before any decisions are made.

In their final decision, the ORS said they would use the census population estimate of 20,818 for The Woods for entitlement period six, (July 1, 1975, through June 30, 1976), rather than the city's figure of 22,233 for the year 1973.

Because of this, the city stands to lose more in State revenues because the State adopts the same figures the Federal Government utilizes, noted Mr. Petersen.

Seeking Funds for Seniors

(Continued from Page 1) The approximately 3,100 seniors, (residents 60 and over), in the city and establish a priority of need with regard to low income and mental and physical disabilities.

Mrs. Sutton said, "We have not, as yet, prepared our budget, but should we be successful in obtaining these funds, the City of Grosse Pointe Woods will be required to match them to an amount not exceeding 10 percent."

Mr. Petersen, when questioned regarding the administration and control of such a program, stated it would have to be operated by The Woods with the monies coming to the city.

To Study Items
Voting for the application were Mayor Benjamin W. Pinkos, Councilmen Conrad A. Naegel, Ronald R. Kefgen, John Sabol and George S. Freeman. Nixing the application were Councilwoman Joan M. Mullan and Councilman Rodger A. Graet.

Mrs. Mullan said the reason she voted "no" was her feeling that the senior citizens would be "used as pawns in an intergovernmental power struggle."

At the same time, she wanted to see what the city could do to answer the problems raised in Mrs. Sutton's letter regarding the three purposes of fund usage. So she moved to have the trio of items referred to the Committee of the Whole for further study and her colleagues unanimously agreed.

Views Ruling

(Continued from Page 1) too broad, and asked Judge Kirwan to determine exactly how much the nursing home may expand and renovate its facilities.

If those increases are too vast or sweeping in nature, City Council will appeal Judge Kirwan's decision to the Michigan Court of Appeals. City Attorney Hinks said the challenge would be made on the basis of existing ordinances in The City.

Mr. Hinks said The City would not challenge the judge's constitutional ability to overturn the council's decision, nor did Judge Kirwan challenge the constitutionality of The City's zoning ordinances, he said.

The issue, Mr. Hinks said, is whether the nursing home will be allowed to expand in order to meet state regulations, or whether it will not be allowed to expand in order to meet city regulations.

Earlier Ruling
Perhaps the last such confrontation in The City involved Bon Secours Hospital in a 1971 ruling.

The hospital, like the nursing home, located in a residential area, wanted to expand its facilities. Council denied the hospital variances in the zoning ordinances and an appeal was made by the hospital.

The result of that standoff was compromise—one which brought the hospital most of the variances it wanted, but in a modified form.

Big Seminar

(Continued from Page 1) National Council on Alcoholism, Catholic Youth Organization, Alcohol Use and Abuse Program, Center Point, Northeast Guidance Center and FLEC were among the many organizations who had display booths and materials on hand for those attending.

The purpose of the seminar was to provide community leaders with accurate information on alcoholism and give them the opportunity to participate in discussions on alcohol use and abuse so that they could share this information with members of the organizations they represented.

It was the consensus of the group, in their evaluation of the seminar, that this was an exciting step forward in educating the public on alcoholism and that more such programs should be planned in the future.

The program was made possible by a grant through the Grosse Pointe Jaycees from the National Institute on Alcohol Abuse and Alcoholism.

FLEC has a 27-minute, 16mm film, "Conspiracy of Silence," which takes one family from college days through the breakup of the family because of alcoholism. This film contains factual information on alcohol use and abuse and can be previewed by any community organization.

The FLEC office also has alcohol educational materials, referral resource listings, a speaker's bureau and a summary report of the proceedings of the Alcohol Awareness Seminar.

Efforts of Pair Aid Scout Troop

Boy Scout Troop No. 19 of Maire School has been active for approximately three years until the efforts and ambitions of two men in the community took charge.

The following scouts received recognition for advancement. Carter Hines received his Scout Award. Thomas Caputo received his Home Repairs merit badge and advanced to Tenderfoot. Gregory DesRosiers received his merit badge for Music and also the Tenderfoot award and year pin.

St. Paul Association Slates Bob-Lo Cruise

The Seventh Annual Bob-Lo Cruise sponsored by the athletic association of Saint Paul's-on-the-Lakeshore is scheduled for Friday, June 27.

Saint Paul cruisers will leave from the Bob-Lo dock behind Cobo Hall and sail directly to Bob-Lo Island which has been reserved for the evening for the exclusive use of members of the athletic association and their guests.

Cruise chairman Bill Raynal, of Lewiston Park, stated that over 500 tickets have already been sold and the prospect for a record turnout is already a certainty. He attributes this ticket sale surge to the change in the evening's made this year by the

Cruise Committee. In past years, Mr. Raynal noted, the cruise has been simply that, a cruise for three or four hours up and down the river and out on the lake. "We have expanded that idea to include a stop over at Bob-Lo Island so that everyone will have an opportunity to enjoy the many fun things which the island has to offer," he said.

"We also have eliminated the buffet dinner which meant a lot of time spent standing in line waiting to be served. Now everyone will get a simple, but substantial box dinner which they can eat at their leisure on the way to the island. It is in keeping with the more casual, relaxed atmosphere we

want to create this year. "Now it is the adults turn to have a fun-filled evening aboard the boat and at Bob-Lo Island. Above all, we have lowered the price to \$10 per person for the whole package without sacrificing any of the good things that everyone has enjoyed," he added.

In addition to the dinner, continuous music for dancing and refreshments will be available. On the return trip, the winning raffle tickets will be selected and a "Windfall" prize of \$10,000 will highlight the evening.

All proceeds from the affair will support the athletic program at Saint Pauls. Over 250 youngsters from the third through eighth grades participated in inter-scholastic competitive sports during the past school year and over 600 students from first grade through college level utilized the parish facilities.

"Such an all-encompassing program costs a great deal

of money," said ticket chairman Marshall Downs, of McMillan road. "Coaches' salaries, uniforms, equipment, team entry fees, facility maintenance and travel expenses all call for a substantial yearly budget, provided mostly by the athletic association. The Bob-Lo Cruise is the association's major fund raiser."

Cruise tickets are priced at \$10 per person and are available from members of the athletic association or by calling 885-3014.

'Inflation' Hits Parking Tickets

A City woman, who received a total of 60 parking tickets on two cars registered in her name, pled guilty to not paying the tickets in The Woods Municipal Court Wednesday, June 11, and was fined \$300.

Woods police reported that over the past year the tickets, which were placed on the autos at a business located in Hampton road, near Mack avenue, were never paid. As a result, City Attorney George Catlin recommended that a warrant be issued in the case in which

Barbara Grimm was the defendant. Police added if each of the 60 tickets were paid within 48 hours, they would have cost \$1 apiece.

Two Cyclists Hurt in Park

Two cyclists, one 16 years old and the other seven years old, both suffered broken legs in separate accidents in The Park on Friday, June 13.

The motorist who struck the older boy was issued a violation ticket for going through a red light, and the driver who hit the younger boy was exonerated of blame, according to information released by Lt. Gordon Duncan.

The 16-year-old, Edward Chavarrria, of 1044 Bedford road, was struck at 3:40 p.m. at Jefferson and Bedford; and the seven-year-old, identified as Bruce T. Benoit, of 1333 Yorkshire road, was hit at 5:39 p.m. and tossed from his bike at Yorkshire and Charlevoix.

Lt. Duncan said that Chavarrria was pedalling his bicycle north on Bedford and went through the green light at the Jefferson intersection. He was hit by a car driven by Ester M. Naert of St. Clair Shores, who, according to witnesses, went through the red traffic signal, striking the boy and knocking him to the pavement. The teenager sustained a broken left leg.

The youth was conveyed to Bon Secours Hospital by Park firemen in their emergency ambulance for treatment.

Police investigators at the scene issued the woman a violation ticket for failing to stop for a signal light. A court date is pending.

Young Benoit, according to the lieutenant, was pedalling his bike in the street and came to a stop at Charlevoix. The driver of the auto that struck the youngster, Robert J. Hitt of Fraser, was traveling east on Charlevoix.

As Mr. Hitt approached the Yorkshire intersection, the boy suddenly darted out onto Charlevoix and into the path of the man's vehicle. The driver was unable to stop in time and hit the boy, tossing him to the pavement. The lad suffered a broken leg.

When police arrived, Mr. Hitt, according to witnesses, had picked up the boy and conveyed him to Bon Secours Hospital. The witnesses told investigating officers the boy was at fault in that he had darted out into the intersection and into the path of the automobile.

Mr. Hitt was exonerated of blame. Bruce was given a juvenile violation ticket for darting out into moving traffic and riding on the street.

Lt. Duncan said that children under the age of 12 years, when riding their two-

wheelers, must ride on the sidewalk. This is under a city ordinance controlling the use of bicycles, he pointed out.

Judge Pytell Hears 10 Cases

Farms Judge Robert H. Pytell held court Wednesday, June 11. All 10 persons appearing that day were found guilty.

Michael E. Alkire, of 1787 Newcastle road, pled guilty to driving a cycle on the sidewalk and having no cycle endorsement. He was fined \$15 on the first charge and \$10 on the second.

Excell B. Jiles, of 15102 Freeland, Detroit, pled guilty to having no operator's license on his person and was fined \$15 plus \$10 in court costs.

City Fireman Saves Life; Praised by Farms Chief

City Firefighter Al "Skip" Fincham saved the life of a handicapped little girl the morning of Tuesday, June 3, and received special commendation from the Farms police chief for so doing.

The girl is 2½-year-old Lisa Spain, daughter of the J. N. Spains of Harvard road, who attends special classes for the handicapped at Memorial Church, 16 Lakeshore road.

Responding to a call for assistance from The Farms, because the Farms' ambulance was detained on another matter, City Firefighter Fincham administered mouth-to-mouth resuscitation to Lisa, who had momentarily stopped breathing.

He administered the resuscitation twice, once at the scene and once on the way to Saint John Hospital in a Farms police car. Because of her handicap, a resuscitation mask could not fit properly over Lisa's face.

In a letter to City fire chief Robert Marshall, which was subsequently read into the record at a City Council meeting Monday, June 16, Farms police chief Robert Ferber commended Firefighter Fincham for his actions.

"As the result of the prompt professional actions of Firefighter Fincham a life was saved.

THE CAR YOU LEASE SHOULD BE AS ECONOMICAL AS THE CAR YOU'D BUY.

Just because a leased car is often a business expense (and tax-deductible) is no reason to lease a gas-burner. The tax money you save with your gas deduction is never as much as the money you shell out at the gas pump. So Uncle Sam isn't paying for your extravagance... you are.

Lease a Volvo from us and you can lessen the impact of the high price of gas. By burning less of it. For example, our 164 tested by the EPA got better mileage than full-size domestic models (15-22), which compares very favorably with domestic compacts.

Stop in. We have other Volvos even more economical, and a variety of leasing plans to choose from — any one of which could reduce your gas deductibles while increasing your bank depositables.

Visiting Elders Offer Program

Elder Scott Wall and Elder Shelby Beattie, representing the church of Jesus Christ of Latter Day Saints, are currently in The Pointe area calling on families and sharing a family activity called "Family Home Evening."

This activity is designed to bring added love, understanding, communication and fun to all family members, they said.

Both elders are serving a full two-year mission for the church. Elder Wall is from Bountiful, Utah, while Elder Beattie is from Rexburg, Idaho. They have come to Michigan on their own time and money to share with everyone the family idea.

Noting that no other institution can take the place of the family or fulfill its basic functions, they stated, "Our lives outside the home are richer, more productive and more satisfying when our lives inside the home are united in family love and solidarity."

The "Family Home Evening" is devoted to things that family members enjoy doing together and also includes a learning activity. Both said they would appreciate the opportunity to demonstrate this evening with.

The experts tell us that all matter, animate or inanimate must have rest, or it gets "out of order". Accidents may occur, the whole organism may slow down or even stop completely. If you pride yourself on how much you can do without rest periods, you show that you are unable to think constructively about what your body needs. Every activity calls for a corresponding period of rest. Take a long night's bed rest in the quiet and privacy of your own room. You will be amazed at how the world will brighten.

Motorist Hurt In LS Crash

Francis Kruse, 18, of 38 South Deeplands, complained of chest and head injuries after he lost control of his car on Lakeshore road and crashed into a Detroit Edison pole on Sunday, June 15, at 1:22 a.m.

Sgt. James Jurcak, Cpl. Chester Painter and Public Safety Officer Daniel Healy, all of The Shores Public Safety Department, arrived at the scene of the accident in front of 699 Lakeshore and found the vehicle in the southbound lane of Lakeshore. Kruse, identified as the driver, was the only person in the auto at the time of the crash, it was said.

He was conveyed to Bon Secours Hospital by PSO Healy in the emergency ambulance. Police said there was extensive damage to the utility pole and Edison was notified.

According to an official report, Kruse was traveling south on the road when he lost control. The car left the roadway and slammed into the pole. The officers said there was extreme damage to the left front of Kruse's auto, which had to be towed to a service station.

Sgt. Jurcak, who wrote out the report of the incident, said Kruse was either tossed out of his car by the force of the impact or fell out.

Since an unknown caller had reported the accident and there were no witnesses, Kruse was not issued a violation ticket.

Take the time to look at your problems in the right light and you'll seldom have the blues.

Visiting Rotarians Given Welcome

The Grosse Pointe Rotary Club recently hosted members of several Finnish Rotary Clubs through a program of group study exchange. Six Rotarians who spent a week staying with Pointe families included, (from left to right), TARI HAAHELA, TIMO VUORI, LASSE RASI, HEIKKI HELEVUO, VALTO HOLOPAINEN and HENRIK KAHELIN.

Renaud Retires after 37 Years

Frederick Renaud, head engineer at Brownell Middle School, retires June 30 after 37 years as an employee of the Grosse Pointe Board of Education. Mr. Renaud has been at Brownell since it opened in 1938.

Mr. Renaud has been called upon to open other buildings in the system: Parcels Middle School and Poupard Elementary School.

A member of an old Grosse Pointe family, his predecessors farmed along Lake Shore road in The Shores. His wife, Margaret, was born in the house next to their residence in Kerby road. Queried about his plans for the future, Mr. Renaud said he hopes to relax and travel. He has visited all the states and hopes to make a trek to Florida in the winter. A trip to Europe, to include contacts with Mrs. Renaud's family in Belgium, is another possibility.

Mr. and Mrs. Renaud are the parents of two married children, Mrs. Patricia Golla and Frederick C. Renaud II, and have four grandchildren.

Center Slates Ballet Evenings

Grosse Pointe War Memorial's Corps de Ballet will present the Annual Evenings of Ballet in the Center's Fries Auditorium Thursday-Friday, June 26-27, at 8 p.m.

The productions are under the direction of Mary Ellen Cooper, who has run the Center's Ballet Department for 20 years.

This year's ballet productions present the elementary students led by four advanced students in Margaret Widdemar's poem "The Procession" set to the music of Robert Schumann. This scene from the Child's Book of Verse introduces the various flowers that bloom in succession through the year from May pinks, in which senior students Pat Blinkhorn, Katy Elsey, Gail Hammond and Mimi Oakman dance a pas de quatre, to the last purple asters danced by very young ballerinas Sarah Bernard, Mimi Bowman, Carla Singer, Jennifer Hueftle, Alicia Klett, Janna Miller, Jennifer Payne, Michele Quinn, Heather Robbins, Julie Ryszewski, Lisa Ward and Susan Sobson.

The second half of the program will be "The Planets" by Gustav Holst danced by intermediate and advanced students. The seven planets depicted are Mars (war), Venus (peace), Mercury (messenger), Jupiter (jollity), Saturn (age), Uranus (magician) and Neptune (mystic).

Tickets for the Evenings of Ballet are on sale at the Center's office, open 9 a.m.-9 p.m. except Sunday. Admission is \$1.75 for adults; \$1 for children under 12.

Bikes 88 Miles for Heart Fund

Receiving a trophy from Sir Graves Ghastly for raising the fifth highest amount of money in the recent Michigan Heart Association "Heartfund Cyclethon" will be Park resident Bruce Elliott.

The award will be presented at 2:30 p.m. Thursday, June 19, at Farrell's Ice Cream Parlour in Southfield. The cyclethon took place May 4 at two locations, Oakland University and Dearborn.

By cycling 88 miles, Mr. Elliott raised a total of \$338.20, falling less than \$9 short of the third place finisher. First place finisher Kevin Degen, of Birmingham, raised a total of \$1,858.08.

Mr. Elliott, of Nottingham road, had more than 50 sponsors from the Detroit Metropolitan area, each of whom pledged about 10 or 15 cents per mile for the duration of his ride.

Michigan Heart Association spokesperson Harriet Newman said the cyclethon, which was co-sponsored by the American Youth Hostel Association, should raise between \$40,000 and \$50,000.

She said about \$35,000 has already been collected from the cyclethon, but seemed uncertain whether last year's total of close to \$50,000 could be matched.

May Incidents Drop Says YSD But Yearly Total Up

A big decrease in complaints processed was reported by the Youth Service Division, (YSD), during May. A total of 49 reports were received, a decrease of 20 cases under April and a drop of 13 under the May 1974 total.

However, the total of complaints processed through May is still ahead of the total for the same period last year. Through last month, 314 incidents were handled, an increase of 16 over 1974.

Larceny/theft was the category of highest incidence last month as 14 such cases were reported, a substantial jump over the April total. The main reason for this hike is the seasonal increase in bicycle thefts.

At the same time, the YSD says that other major categories showed decreases in the rate of occurrence.

Malicious destruction of property, (MDP), reached five cases, down 50 percent from the previous month; violation of the Controlled Substances Act, four cases, down 33 1/2 percent; and runaways, four, down 60 percent. All four runaways were arrested and transported to the Wayne County Youth Home.

In general, except for larceny/theft, all types of offenses dropped in May, says the YSD.

Two applications for petition were filed with Wayne County Juvenile Court last month. Of these one has been

accepted for court action. Already through mid-June, 14 applications have been filed. The breakdown of total cases shows larceny/theft, 14; MDP, five; violation of Controlled Substances Act and runaways, four; violation of weapons laws and other criminal contacts, three.

More are robbery, burglary, other assaults and family trouble, two; and arson, fraud, possession of stolen property, sex offenses, violation of liquor laws, disorderly conduct, threat/nuisance and mischievous children complaints, one.

Mr. Krajenke, who purchased the dealership 12 years ago, has been very active in community affairs in the Pointes.

In addition to being one of the founders and first president of the Kercheval-in-the-Park Business and Merchants Association, he has sponsored Babe Ruth League baseball teams in The Woods and is presently a sponsor of the Pointe Police softball team.

Mr. Krajenke was graduated from U-D High in 1940 and participated in almost all sports at the school. This included playing on the football team which won the city championship Goodfellows game in Briggs Stadium.

A past president of the metropolitan Buick Dealers of Detroit, Mr. Krajenke also is a member of the board of directors of U-D High's Dad's Club.

Woods Hires New Officers

Two new officers have been hired by The Woods Public Safety Department. They are John Harwood, 23, who originally joined the department as a police cadet in April, and Paul Shields, 29.

Public Safety Director Henry Marchand said Officer Harwood is currently attending the Criminal Justice Institute for seven weeks of training. After that, he will report to the department for duty. Officer Shields will graduate Monday, June 23, from Macomb County Community College where he's attending police recruit school.

Officer Harwood, who resides in The Farms, is a South High School graduate. He also has a Bachelor of Science degree in criminal justice and was graduated from Michigan State University last year.

A Roseville resident, Officer Shields is a graduate of Royal Oak Dondero High School and has an associate degree in data processing from Oakland Community College. He also was in the U.S. Army for almost three years and held the rank of sergeant.

Driver Charged On DUIL Count

Hamoud N. Mothena, of Essex road, Dearborn, was issued a violation for driving under the influence of liquor on Sunday, June 15, and faces a City Municipal Court date of Wednesday, July 9.

Mothena, according to police reports, hit the brick wall in front of the Grosse Pointe Nursing Home, 315 Fisher road, and then left the scene. Police picked Mothena up at Jefferson and Lakeland, and reported they could smell liquor on his breath. According to reports, Mothena admitted having some beer. He was taken to The Farms station where he was given a breathalyzer test and was released on a \$50 bond, pending his court date.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

She's well-loved in Palm Beach circles as a gracious hostess and a hard worker for charities... as she was similarly well-loved here in The Pointe, before she and her husband deserted us 10 years back to make their home in his beautiful Lost Tree Village.

She's Clara (Mrs. E. Llwyd) Ecclestone — and she has a new job.

She'll serve as chairman of the 1976 Palm Beach Heart Ball Auction.

Next year, for the first time in the history of the Heart Ball, there will be separate Auction and Ball chairmen, for the Ball and its related events have grown too large to be directed by one person.

Mrs. Ecclestone already has made a few preliminary plans—she has an Auction date and location in mind—but, since nothing's definite yet, she's keeping them under her hat through the summer.

Auctions are nothing new to her; this will be her fourth. She has been chairman of the Cancer Society Auction, the Mental Health Association Auction, (she served, too, as Mental Health Association Ball chairman for three years), and was last year's Heart Ball Auction co-chairman.

Heart is not new to her, either. She chaired the

Open Eight Pointe Gardens For Tours

Small and Large Lots Featured on This Year's Roster; Hours Are 1 to 5 O'clock Tomorrow And Saturday Afternoon

Eight local gardens will be opened tomorrow, Friday, June 20, and Saturday, June 21, between 1 and 5 o'clock, for the second annual Tour of Grosse Pointe Gardens sponsored by the Grosse Pointe Garden Club Council.

Tickets at \$2.50 each may be purchased at any of the Tour gardens during Tour hours. Proceeds aid the Council in its Grosse Pointe beautification program; specifically, monies raised via the 1975 Tour will continue the Council's landscaping program at Grosse Pointe South High School.

Among the gardens to be shown this year is an evergreen yard, 66 trees and 50 bushes, well laid out on a 50-foot lot in Neff road, planned for easy maintenance by its owners, Mr. and Mrs. J. S. Goodman.

Shrubs and trees include taxus hicksie, japonica, euonymus, forsythia, mock orange, illex, arborvitae, azaleas, juniper, lilac, dwarf dogwood, rhododendron, pyracantha, mahonia aquifolium and cotoneaster, with additional color created through the use of dwarf hyacinths, a climbing white rose, tea roses, lilies-of-the-valley, rudbeckia, iris, tree peonies, tulips, trolious, daisies, delphinium and ranunculus.

The Goodmans have used various ground covers, including pachysandra, ajuga and ivy, and have added their own personal touches: an

antique four-piece iron grill, a gold weathervane on the garage, bronze quadrant on the terrace, four urns, an antique foot scraper and an antique hitching post horse.

Their petite garden, accented by a slate patio and brick paths, is enclosed within a stockade fence.

The front of the Woodland place home of Mr. and Mrs. George N. Monro, III faces east, and their front yard blooms with begonias, hardy azaleas and pansies, accented with ivy and hanging baskets of ivy and Wandering Jew.

The northern end of their back garden is in color from spring to fall with potted geraniums, begonias and hydrangeas, accented with ivy. The rear of the grounds is planted with trees which provide a background for tulips, daffodils and narcissus in the spring, begonias, orchids and fuchsias in the summer and fall. Climbing roses and hanging baskets of trailing begonia and impati-

ens, with ground cover of mint and parsley, decorate the back of the house.

In the early spring, the south end of the garden bursts with blossoming apple, peach and pear trees. Late spring and early summer color comes from eggplant, cucumbers, tomatoes, lettuce, onions, pole beans and broccoli. Zinnia, straw flowers, aster and calendula bloom from late summer until fall frosts. The Malcolm R. Stirtons have taken advantage of an extra large lot in Lothrop road to develop a park-like atmosphere with a large central grass panel completely enclosed by perimeter planting and flowers. Because of numerous birds, they've provided a homemade "strawberry preserver;" a chicken wire and latticework cage with an easily removable top that protects their everbearing strawberries but does not re-

Lynn Ford Bride Of Paul D. Alandt

Cut-Out Embroidered Floral Motifs Accent Her Swiss Silk Organza Gown; Jack Frost Roses, Stephanotis and Ivy Form Her Bouquet

A reception at the Lakeshore road home of her parents, Mr. and Mrs. Benson Ford, followed the Saturday, June 14, wedding of Lynn McNaughton Ford and Paul D. Alandt. He is the son of Mr. and Mrs. Clayton P. Alandt, of Mack avenue.

The Reverend Robert F. McGregor and Monsignor Francis X. Canfield officiated at the 4:30 o'clock rites in Christ Church, Grosse Pointe.

The former Miss Ford's gown, designed by Walton Pierce of embroidered Swiss silk organza, featured a rounded neckline edged with cut-out embroidered floral motifs, long, slender sleeves ending in two layers of fluted organza, and a cathedral train.

Crushed organza accented with a love knot in back circled her waist.

Her cathedral length French silk illusion veil outlined in cut-out embroidered flowers fell from a cap applied

with more cut-out floral embroidery, and she carried a cascade of Jack Frost roses, stephanotis and ivy.

Stephanotis accented honor maid Hadley Mack's Colonial bouquet of yellow daisies and baby's-breath. Bridesmaids, their bouquets accented with golden garnet roses, were Meredith Mason, Christine McNaughton, the bride's cousin, Mrs. Alexander P. Gage, Mrs. Dennis Adams, Susan Bowen, of Cleveland, and Nancy Wilkes, of Columbia, Tenn.

Their dresses of yellow and green satin striped net were also designed by Walton-Pierce. Sleeveless, they featured bateau necklines and were circled at the waist

Grosse Pointe Academy Chapel Is Setting For Afternoon Service at Which She Speaks Vows to Leland George Henken

Entertaining at a reception at the Country Club of Detroit following the Saturday, June 14, wedding of their daughter, Sheila Rorick Robinson, and Leland George Henken, son of Mr. and Mrs. Arthur Bernard Henken, of Breese, Ill., were Mr. and Mrs. Frederick James Robinson, II, of Merriweather road.

Setting for the 4 o'clock rites, at which Father Paul Desch presided, was the Grosse Pointe Academy's Sacred Heart Chapel.

The newlyweds are vacationing at Pointe-aux-Barques. They will make their home in Chicago.

The bride's gown was fashioned with a full skirt ending in a fan-shaped train of white nylon marquisette, a hip-line bodice, long sleeves and a deep oval neckline outlined in heirloom lace.

Her rosepointe veil, an heirloom in her mother's family, was enhanced by a wide border of stirred bridal illusion. Her flowers were white orchids, baby's-breath and stephanotis.

In long, sleeveless frocks of yellow and white checked gingham, white lace accenting their scoop necks and Empire waists, were honor maid Mary Elizabeth Dunn, of Boca Raton, Fla., and bridesmaids Merrill Elizabeth Robinson and Bailey Baker Robinson, sisters of the bride, Margaret Elizabeth Fisher, their cousin, Marlana Ellen Dossin, Melinda Marion Leone and Mrs. Douglas Weiss.

They carried arrangements of yellow roses, white daisies, baby's-breath and green ferns.

Arthur Bernard Henken, Jr., came from Carlyle, Ill., to act as his brother's best man. Ushering were Frederick James Robinson, III, the

bride's brother, Steven Charles, of Chicago, William R. Linden, of Washington, D.C., Edward Dumas, of Valparaiso, Ind., Rodney Klassovity, of Denver, Colo., and Robert Archibald, of Bay Village, O.

Mrs. Robinson chose a street length dress of aqua voile, long-sleeved and ruffled at wrists and neck, with green accessories matching her green grosgrain belt. She pinned white carnations to her purse.

The bridegroom's mother wore a sleeveless, short dress of peach silk, beaded at the

neckline, with a deep pleated collar. She pinned white carnations to her beaded purse.

Out-of-town guests included the bride's maternal grandparents, Mr. and Mrs. Marvin H. Rorick, of Perrysburg, O., the Bernard R. Boeschens, also of Perrysburg, Mr. and Mrs. Howard M. Love, of St. Louis, Mo., the E. Neal Grays, of Hilton Head, S.C., the Richard P. Roricks, of New Canaan, Conn., M. H. Rorick, Jr., of Maumee, O., and Phyllis Henken and Diane Schall, both of Afton, Mo.

 strict light and air, or harvesting. Because of deep shade across the rear of their yard, they've developed that area mainly as a natural wild garden, with full ground cover of violets, wildflowers, spring flowers such as daffodils, tulips and lilies-of-the-valley and, in summertime, impatiens.

They chose all their shrubbery, including forsythia, lilacs, beauty bush, honeysuckle, mock orange, privet, jethred, buddleia, pyracantha and roses, for its flowering ability. Their perennials include iris, peonies, chrysanthemums, lilies, yucca, phlox, yarrow, coralbells, lythrum, shasta daisies, veronica and sedum. Geraniums, marigolds, zinnias, snapdragons, verbena and petunias are among their annuals.

Their "accent" pieces are unique: a capital from the re-modeled United Artists building, a Japanese lantern and a decorative recirculating fountain near the house.

Privacy, tranquility and space describe the Norman Birds' garden, also in Lothrop road. Slight screening in front for maximum privacy and separation of areas matches the color of the house, the same as the bark of the white dogwood trees.

Fencing for privacy is carried out as well at the back of the house, where three patios offer varying degrees of sun and shade during the

day, the elevation of land adds charm and interest, and a wall of differing textured woods, comprising an abstract pattern, and be seen through an enclosed porch.

The small flower garden area along the wall in the lower level back yard is planted with delphinium, poppies, daisies, primroses and annuals. The Birds' extensive collection of pots, mostly from Florence, Italy, add splashes of color throughout the summer.

Highlight of the Birds' front yard is a magnificent box elder, surrounded by a large bed of ivy. In the back, looking up from the sunken garden, there is a second box elder among various other shade trees, plus enough space for a play area and guest house.

In early spring, azaleas furnish a blaze of color along the small hillside in back of Dr. and Mrs. W. J. Scott's garden in Stephens road. These moisture-loving plants need special care: the acid soil requires a special fertilizer that has to be applied several times during the growing season.

The Scott garden is terraced front and back. Eleven elms furnish most of its shade, but there's room, too, for a crabapple tree, pink and white dogwood, evergreens, rhododendrons and a McIntosh Apple tree, as well as tea roses and a few annuals.

Sweet Thanks From Cottage Auxiliary

All Cottage Hospital employees, including Administrator RALPH L. WILGARDE, (left), and Board President JOHN N. McNAUGHTON, were guests of the Cottage Women's Auxiliary at a recent Ice Cream Social "in appreciation of their cooperation." Balloons, red tablecloths and a choice

of chocolate or strawberry sundaes made the occasion a lively one in the Hospital board room. Standing are two of the hostesses, MRS. VIRGIL P. GOODMAN, (left), Auxiliary second vice-president, and MRS. JOHN R. BARLOW, president.

The Henry Earles' Italian garden in Cloverly road utilizes various types of evergreens to form hedges and borders encircling flowers and figures. There is a striking

contrast of green and white, with junipers forming a background for the formal setting.

English ivy, yews and closely-trimmed boxwoods surround 400 white begonias and fountains, statues and artifacts from Rome, Venice and Florence are placed throughout the garden. Pots of red geraniums bloom on the terrace.

Along the white stone wall near the entrance are two 14-year-old espalier pear trees. The walls of both terrace and greenhouse are covered with euonymus, and a beautiful old wisteria vine outlines the front of the garage.

The side garden, extending the length of the property, is planted with leucotoeb, azaleas, euonymus, japonica and spruce trees. A mass of rhododendron grows along the east side of the house.

Planted for easy maintenance, the Ridge road garden of Mr. and Mrs. Burt Eddy Taylor, Jr., is entered through a gate, opening onto a Japanese landscape-in-miniature where an old bronze lantern offers enlightenment along the road of life. Behind a small pool stand two gods, the prayer and the guard rock. A river of ajuga flows through hills covered in pachysandra and myrtle.

The dried river bed leads to a stone patio dividing the yard. It surrounds a hard maple tree, at the foot of which is a collection of Michigan rocks.

Completing this section of the Taylor's garden are a fern and daylily bed and a secluded brick patio surrounded by forsythia, viburnum, spreading cotoneasters, ilex holly and English ivy.

Among the flowering trees are dogwood, Japanese dogwood, redbuds, dwarf beeches and sourgums.

Charlotte Dey's Muskoka road garden was planted in

1925 and includes a pool surrounded by ivy, a dogwood tree with pachysandra, and, because of a great deal of shade, few annuals.

In the spring Miss Dey enjoys tulips, forget-me-nots and mertensia. In June her eyes rest on begonias, jthlox and funkia. Among her many flowering shrubs are several varieties of lilac (syringa).

Ramblers form an arbor, and flower beds are edged in ivy. Over the years, a dogwood has replaced an apple tree, and one of two original hawthorns has given way to an euonymus.

Accenting everything is the lead figure of a little boy. Charlotte found him in Edinburgh, and brought him home from Scotland to her Pointe garden.

The Garden Club Council has prepared a brochure-with-map, under Mrs. Urban W.

Bicentennial Calendar Stars Student Work

In a recent art competition sponsored by the Junior League of Detroit the work of 14 college students was chosen to illustrate Detroit's official Bicentennial calendar.

Based on the theme "Rediscover Detroit," the second annual competition drew 110 pieces of art created by Detroit area students. Competition criteria stipulated that entries must not only measure up to a stringent artistic standard but present a reflection of Detroit and the Bicentennial.

Gertrude Kasie of the Ger-

trude Kasie Gallery, W. Hawkins Ferry, Detroit historian, William Bostick of the Detroit Institute of Arts, and J. Edward Bailey, Detroit News photographic columnist, served as judges.

The winning students received awards in a presentation ceremony in the National Bank of Detroit main office lobby, where the entries were recently exhibited.

Pat Adams, Oakland Community College student from Farmington Hills, received a \$300 check for her first place entry, "Spirit of '76,"

Gail Worley Wed To Albert Farrell, III

She Wears her Aunt's Traditional Candlelight Satin Gown, With Accented and Styled Lace and a Chapel Train

Vacationing for a week at a lakefront cottage in northern Michigan following their wedding Saturday, June 7, in Martha-Mary Chapel, Greenfield Village, were Mr. and Mrs. Albert Farrell, III.

They will make their home in West Lafayette, Ind., while he attends graduate school at Purdue University.

The former Gail June Worley, daughter of Mr. and Mrs. Louis E. Cabrera, of Van Antwerp road, wore her maternal aunt's wedding gown of candlelight satin, styled with a silk net yoke trimmed with re-embroidered Alencon lace, and a chapel train.

A lace-covered cap caught her re-embroidered Alencon lace mantilla. She carried a Colonial arrangement of baby's-breath, stephanotis and pink Sweetheart roses. Baby's-breath, miniature pink carnations and pink Sweetheart roses formed the Colonial bouquet carried by Mrs. Scott Seregny, of Ann Arbor, the bridegroom's sister, who served as honor matron.

Bridesmaids, carrying baby's-breath and miniature pink carnations, were Kath-

leen Moore, the bride's cousin, Mrs. Gary Westberg and Karen Olsen. Their pink crepe frocks, Victorian in style, featured ecru lace yokes.

The bridegroom, son of Mr. and Mrs. Albert D. Farrell, of Riverview, asked Mr. Seregny to act as best man. Ushers were William Maddocks, Michael McManus and James Mouchet.

For the 6 o'clock rites at which Father Gary Bueche presided and the dinner reception following at the Chamberlin, Mrs. Cabrera chose an aqua chiffon gown with sequin-trimmed lace inserts accenting her chiffon sleeves. The bridegroom's mother's V-necked gown of mint green chiffon was long-sleeved and styled with a beaded bodice.

Coming from New York City for the ceremony were Mr. and Mrs. Warren Farrell.

The bride's silk organza gown was Empire-waisted, overlaid with lace on the bodice and accented with white daisy embroidery. A wide-brimmed, daisy-dotted organza picture hat held her

long veil, and she carried a single long-stemmed rose.

\$28,000 For Guidance Center

Outgoing Assistance League to the Northeast Guidance Center President Mrs. Vincent J. Lisotto presented a check for \$28,000 to Dr. Eli Rubin, director of the community mental health center, at the League's annual meeting held in late May at the Grosse Pointe Yacht Club.

It's a record contribution for the Assistance League ladies, due to the record-breaking success of several 1974-75 fund-raising projects—in particular, a weekly games night at Alcamo Hall, under Mrs. Thomas Arndt's aegis, which alone raised half the \$28,000 total.

Other projects included the annual Guidance Gazette supplement to the NEWS, a fall dinner-dance, the recent Country Fair at Austin Prep School and several bake sales.

Heading the slate of new Assistance League officers elected at the annual meeting are Mrs. John Jay, president, and Mrs. Arndt, president-elect.

Mrs. Arthur Spindler will serve as first vice-president, projects, Mrs. Roger Marshall as second vice-president, membership, and Mrs. Christopher Mannino as third vice-president, arrangements. Recording secretary is Mrs. Kathy Souther, corresponding secretary is Mrs. John Stewart and treasurer is Mrs. John Williams.
