THREE AMERICAN astronauts returned safely to earth today after a voyage in space with Soviet cosmonauts. The splashdown at 5:20 p.m. ended the Apollo space exploration program. "Everything went great," said commander Thomas P. Stafford. "It was a great ending to the Apollo project." With this statement, along with the perfect splashdown, a pioneering age for the American space program, which first carried man to the moon, came to an end.

PRESIDENT FORD today vetoed the 35th bill since he took office when he cut down the \$7.9 billion Federal aid to education bill proposed by Congress. The bill, Mr. Ford said, is "too much to ask the American people — and our economy — to bear." The house set September 9 as the date to attempt to override the veto. Mr. Ford said the bill would add too much to the growing Federal budget and increase inflationary pressures, while adding it was \$1.5 billion more than he requested. Most of the money in the Education Appropriation Act was to be directed to grade schools, and colleges beginning July 1.

Saturday, July 26
THE TURKISH Government today took control of all 20 U.S. military installations in the country. The move came in an angry response to continuing U. S. arms embargo of Turkey. The Turkish cabinet declared that all bilateral defense treaties with the U.S. were no longer valid. In Washington, President Ford said the take-over will "work to the detriment of critically important U.S. security interests. In view of these damaging developments, the House should reconsider its vote refusing to permit resumption of arms sales to Turkey."

OFFICIALS ARE continuing to piece together the wreckage of the Air Force Reserve cargo plane which crashed in a field near Imley City on Saturday, killing five crewmen. Gen Roy M. Marshall, commander of the 403d Tactical Aircraft Wing at Selfridge Air National Guard Base, said the plane was taking part in a regular training program when it crashed. Saturday's crash was the first suffered by the 403d.

POLAND GAVE President Ford a rousing welcome today as he arrived in the Soviet bloc on the second leg of his European tour and heard an appeal for "no more war." Thousands lined Warsaw's King's Track boulevard to cheer Mr. Ford and Poland's Communist party chief, Edward Gierek, as they rode into town in an open black convertible from Okcie military airport. The President and Mrs. Ford flew in from Bonn where Mr. Ford has assured Western allies that America's commitment to them remained as solid as ever.

A DOCTOR-SPONSORED study of medical malpractice suits filed in the Detroit area from 1970-1974 contends that a small number of lawyers collected millions of dollars in fees, although most of the suits never got to court. The Physicians Crisis Committee, made up of physicians who organized a year ago to fight the high costs of malpractice insurance, determined many doctors were threatening to withhold their services or leave the State because the insurance was too costly or too unobtainable. More details of the survey are being released later today.

Congressman Nedzi Joins Regatta Fun

Farms Boat Club Commodore JOHN MURPHY, (left), welcomes Congressman Lucien N. Nedzi, (D-14th District), who came from Washington, D.C., to participate in the club's 23rd Annual Regatta held Friday-Sunday, July 25-27.

The Farms Pier Park was site of a variety of activities all weekend long with residents, local and state officials participating in games, dances and parades. More regatta news can be found on page 4.

Park Police, City Facing Arbitration

Association Members Unanimously Reject Offer of 7 1/2 Percent Wage Increase, Cite Demands

Wage negotiations between The Park and the Grosse Pointe Park Police Officers Association, (GPPPOA), may have to go into arbitration, according to information released by City Manager Robert Slone and Alan Waterstone, attorney for the association.

Mr. Waterstone said association members have unanimously rejected an offer of a 7 1/2 percent wage increase, plus other benefits offered by The Park.

On the negotiating team for The Park are Mr. Slone, City Clerk Nunzio Ortisi and City Attorney Richard Rohr. Representing the Association are Patrolman Michael Kortas, president, and Patrolmen Andrew Meeker and David Hiller.

The GPPPOA claims of the 60 police departments in the Detroit area, The Park Police Department, in wages, is tied for 44th place; in shift premiums, the department is in 57th place; in longevity pay and paid holidays, 53rd place; and in number of allowed vacation time, the department is in 31st place.

Mr. Waterstone said in the past The Park and the association have always come to an agreement, but this is the first time that the association has filed for arbitration.

He said the association is asking for higher pay to conform to the cost of living; a switch to Blue Cross hospitalization from John Hancock, the current carrier; a better pension plan than now exists; and a better uniform allowance.

Mr. Waterstone charged that the crime rate in The Park has increased many times since 1955, when The Park had 25 patrolmen protecting the city, and that the population has increased. However, in the 20 years, the police force has not expanded and has remained virtually the same, although the officers' responsibilities have increased considerably.

He said association members are getting paid more today than in 1955, but with the increase in the cost of living, the current pay equals that of wages in 1955.

"We have been treated fairly and courteously by the city's representatives during our negotiations, and we like to feel that we, too, have been fair and courteous," said Mr. Waterstone. "But we have reached a point of no agreement on certain demands for a new contract. The old contract expired Monday, June 30, and we have had 13 meetings with city representatives since April 18."

Mr. Slone said the GPPPOA has been offered a 7 1/2 percent increase in pay, upping wages from \$14,500 to \$15,500 the first year.

In the second year, effective August 1, 1976, the offer would be 7 percent.

GP Symphony, Jacobson's Plan Concert under Stars

"Symphony under the Stars" is the title of a new venture on the part of the Grosse Pointe Symphony Society and Jacobson's.

The pop concert, which is set for Friday, August 8, will serve as a benefit for the orchestra as well as give the community an opportunity to hear selections played by Grosse Pointe's own musicians.

The evening begins with a buffet dinner in the St. Clair Room at Jacobson's, 17030 Kercheval avenue, from 6:30-8:15 p.m. The concert will begin at 8:30 p.m. in D'Hondt Way, directly behind the store.

The orchestra will perform under the direction of conductor Felix Resnick. "The Merry Wives of Windsor" by Nicolai will lead off the program. "Ballet Suite" excerpts by Rameau will follow.

Cites Need For Citizen Cooperation

Farms Police Chief Stresses Need for More Resident Input to Fight Crime in Light of Two Incidents

Citizen cooperation with Farms police is not quite what it could be, according to police records.

Farms Police Chief Robert Ferber is concerned about the public attitude as reflected in two separate incidents last week in the community.

One of the cases involved the refusal of a Farms resident to sign a complaint against a suspected bicycle thief who was apprehended Sunday, July 20, by off-duty firefighter James MacIntosh.

Another incident came to light when a Farms resident reported the theft of two bicycles from his home on Thursday, July 24. His next door neighbor, the victim said, had witnessed the theft but did not immediately inform him or the police.

"Twenty percent of our cases are dropped because of lack of prosecution," according to Chief Ferber.

"We are losing \$3,000 worth of bicycles each month in The Farms," he continued. "Without citizen support behind us we aren't going to solve much of anything."

Farms Judge Robert Pytell supported Chief Ferber's statement, saying, "If criminals know they won't be prosecuted they will come back again and again."

"In effect we are just encouraging crime by not prosecuting," added Judge Pytell.

NAMED TO UF POST

Farms resident Carlton M. Higbie Jr. of Gorey, Higbie and Associates, Inc., a management consulting service, has been named chairman for Special Gifts in the United Foundation's 1975 Torch Drive. In his top volunteer post, Mr. Higbie will direct the pre-campaign solicitation of specially selected individuals, family groups and foundations.

Info from SEMCOG Questioned

City Officials Respond to Survey Showing Decline in All Municipalities

By James J. Njaim
Administrative officials of the five Pointes have one thing in common and that is an emphatic disagreement with a recently released survey report of a population decrease in The Pointes, which, Pointe officials charge, is not true.

The survey, made by the Southeast Michigan Council of Governments, (SEMCOG), showed a drop in The Pointes' population from April 1, 1970, through July 1, 1974.

Pointe officials not only wondered on what basis SEMCOG arrived at the minus figures, but all were unanimous in stating that they are inclined toward the annual population survey, taken each May, by The Grosse Pointe School District. This, they said, is a truer tabulation.

Varying Losses
The SEMCOG report showed the following:

On April 1, 1970, The Woods had a population of 21,878, and by July 1, 1974, the figure dropped to 20,700, a loss of 5.4 percent.

The Park: April 1, 1970, the population count was 15,067, and by July 1, 1974, it was 14,500, or a drop of 7.3 percent.

The Farms: April 1, 1970, the count was 11,701; on July 1, 1974, it dipped to 10,900, or minus 6.8 percent.

The City: on April 1, 1970, the number of people was 6,637, and by July 1, 1974, it went down to 6,350, a percentage loss of 2.3.

The Shores: The April 1, 1970, count was 2,907, and by July 1, 1974, it was 2,810, or a loss of 3.3 percent.

Says No Decrease
Michael M. Glusac, executive director of SEMCOG, stated, in part, in a letter to Park City Manager Robert Slone, who questioned a minus 17.3 percentage printed in the "Detroit News," (obviously a typographical error), the figure should have been minus 7.3.

Mr. Glusac said a four-page handout, "Estimating Population: A Look at Methodology," is an attempt to put in layman's terms the technical aspects of estimating population.

The Pointe administrative officials had this to say about the SEMCOG report: Mr. Slone: "Grosse Pointe Park records do not show any decrease in population. The records show that more families are moving into the city all the time."

"We count our population as reported by the Grosse Pointe School District census each May. We have very few vacant homes, and homes are being sold by families moving out to other families taking possession. We have full reliance on the annual School District census."

FOP to Hold Annual Picnic

The Fraternal Order of Police, (FOP), Grosse Pointe Lodge No. 102, will hold its annual picnic at the Windmill Pointe Park, at the foot of Alter road, on Monday, August 4. All regular and associate members are invited to partake of hot dogs and refreshments.

The National Fraternal Order of Police will hold its annual convention in Nashville, Tenn., from Monday-Saturday, August 11-16.

Representing Lodge No. 102 at this event will be Woods Public Safety Officers Stephen Petrick and James Fowler and Park Patrolman Andrew Meeker, who is the Lodge's current president.

Proposed Restaurant Discussed

Woods Citizens Want to Know More about Establishment Because of Past Problems in Hampton-Mack Area

By Roger A. Waha
Several Hampton road residents, who cited past problems with some of the clientele frequenting the Lochmoor Lounge, 20934 Mack avenue, wanted to learn more about a proposed restaurant and its prospective customers at that location.

This transpired at The Woods Council's regular meeting on Monday, July 21. The citizens were in attendance as the solons unanimously approved the transfer of Class C and SDM Licenses from Harold W. Mack and William H. Palm to William and remodel the present lounge to accommodate his restaurant and cocktail lounge requirements.

Want Assurances
In its action, the council only approved the transfer of the licenses with the final decision on this matter resting with the State Liquor Control Commission, (LCC). As for the proposed remodeling of the building consisting of 20934 and 20930 Mack and 1875 Hampton road, the Planning Commission (Continued on Page 6)

Woods Moves to Protect Citizens in Performance Of Home Improvements

City Administrator Petersen Issues Memo Saying Building Permits Will Be Required in Remodeling, Re-roofing, Re-siding and Building Repairs Work; Resident Expresses Pleasure at Action

By Roger A. Waha
A member of The Woods Beautification Commission, who has expressed a concern over the quality of workmanship on the home improvement front in The Pointe area, said he was pleased with an action taken by The Woods in relation to building permits.

William Koczara, who does maintenance and alteration work on homes and businesses, cited an inspection division administrative memo issued by City Administrator Chester E. Petersen on Thursday, July 17.

The memo says that a building permit will be required in four different areas, (but not necessarily all limited thereto), and that the issuance of such permits will only be to licensed State contractors registered with the city, unless otherwise provided for in the building code ordinance.

Immediately Effective
The four areas include: (1), remodeling, including new partitions, (residential and commercial); (2), re-roofing, (residential and commercial); (3), re-siding, (aluminum, masonry, asphalt or wood, etc.); and (4), building repairs, (basement waterproofing, masonry cracks, etc.).

This action became immediately effective. Now all contractors doing remodeling, re-roofing, re-

siding and building repair work in the city will need a building permit, be licensed by the State and pay the permit fee, which will be based upon the inspection division's estimate of the cost of the work being accomplished, said Mr. Petersen.

"Our building code, (1975 BOCA code), requires all contractors to register their State licenses with the city before they obtain any permits," he noted.

Improved Quality
Building Inspector Earl Wakely said, prior to the new directive, the city never required building permits in the four aforementioned areas. With this action, he felt the quality and workmanship of such jobs would be ensured, with the city making certain contractors have licenses.

On this point, Mr. Petersen emphasized, "The main reason for this is to protect our residents against fly-by-night contractors who aren't held responsible for their work."

When asked if Mr. Koczara was a "sparkplug" in this area, Mr. Petersen replied in the negative but mentioned that he has been a proponent of such action.

For his part, Mr. Koczara (Continued on Page 6)

Seek Funds For Local Programs

Woods Senior Makes Presentation at Hearing on New Social Services Plan

By Roger A. Waha
In an effort to make funds available to implement a variety of proposed social services programs in The Woods, one city official and one citizen participated in a public hearing on the Michigan Annual Social Services Plan developed by the State Department of Social Services.

Gerard McNamara, administrative assistant, and Gordon Long, representing The Woods Senior Citizens Commission, attended the hearing Tuesday, July 22, in Cobo Hall along with an estimated 300 people representing many agencies who currently receive State funding for social services programs.

The purpose of this hearing, in which Mr. Long made a brief presentation as the commission's representative, along with several other previously held hearings, was to obtain citizen input towards the consolidation of many programs under the plan which will be funded under Title XX, as amended, to the U.S. Social Security Act.

Cites Next Step
While the new plan doesn't make all social services available to everyone in need, it does for the first time make it possible for such programs to be outlined mainly by decisions made within the State with citizen participation, according to the July edition of "Semscope," publication of SEMCOG, (Southeast Michigan Council of Governments).

In noting that the theme of Mr. Long's presentation was to give monies to the community directly for program implementation, Mr. McNamara said, "By and large, various social programs do not reach the State Pointes."

The presentation was made in anticipation of something happening in 1976-77 regarding the new plan. In relation to this, Mr. McNamara cited the next step for the city—"We hope we could try to convince the parent agency, (i.e. State Department of Social Services), to divert funds to the community. This is our objective. We must show a need for this, rather than go to an agency for aid."

Proposal to Abolish Municipal Courts Hit

The Woods Council, via a unanimously passed resolution, has taken a strong stand against Senate Bill No. 966, which proposes to abolish all municipal courts in the State on January 1, 1977.

This action was taken at the regular meeting Monday, July 21. The Woods, like all Pointe municipalities, has a municipal court system.

The measure says the function of the city's municipal court is "ideally suited to the needs of the community," and stresses that the adoption of legislation abolishing municipal courts in the State is "a further infringement upon the principles of home rule."

of a number of communities in the State with the district court system has shown that "such system is costly in additional manpower, secretarial staff and in the use of facilities."

Thus, the council urges the defeat of this bill in the State Legislature where the proposal is under consideration.

Councilman Roger A. Graef, who proposed the resolution, urged that it be sent to Governor William Milliken, Senators Joseph Snyder and John Hertel, Representative William R. Bryant Jr., members of the Judiciary Municipal League and all communities in Wayne, Oakland and Macomb Counties who have municipal courts.

Woods Offers Election Forms

Nominating petition forms for the upcoming November election in The Woods are available at city offices, 20925 Mack avenue, for five seats.

Prospective candidates for the office of mayor, a two-year term, three council seats, four-year terms, and municipal judge, a four-year term with the current office expiring this December 31, are urged to obtain the petitions.

All forms must be returned to city offices between Friday, August 1, and by 5 p.m. on September 8.

Make a resolution to live each day well and live it usefully. One love that never seems to wither is the love of money.

Dispute SEMCOG Report Seek Funds for Programs

(Continued from Page 1)
Foran, acting city manager, stated: "We disagree because we feel that SEMCOG has no basis for the population drop figure as far as our community is concerned, therefore we consider the count inaccurate."

"We would have to take our own census to prove that it would agree with the Federal Government census, taken every 10 years. Going back to 1940, and to the last Federal Census in 1970, our city population has been growing and is still growing. It has not diminished in the past 30 years."

Farms City Comptroller Carroll Lock had this to say: "I would be interested to find out the basis of SEMCOG's figures. Our population figures are based on the Grosse Pointe School District's annual census, and the last census by the district showed that we had lost some people, but not in the magnitude SEMCOG related in its report."

"We have no vacant buildings in our city, and the School District census showed a drop in the student enrollment, not in the adult population."

"SEMCOG does not provide a basis for its percentage figure, and it has nothing to substantiate its count, which does not coincide with the school census."

Woods City Administrator Chester E. Petersen stated: "We say that SEMCOG's count of dwelling units is not accurate, and that can be proven by our tax assessment rolls and the number of persons residing in each dwelling."

"We are in the process of taking a 'Petersen-Gallup-Type' poll, based on the process of a five percent sampling of each voting precinct, which we feel will show a truer picture in our community."

"SEMCOG definitely is in error regarding our population figure. Our 'Gallup-Type' poll will bring out a more accurate figure."

Shores Village Superintendent Thomas Jefferis said: "The Grosse Pointe School District's Census, taken annually in May, does not show a loss. As a matter of fact, the last School District census showed the village population had jumped to 3,599. We are more inclined to accept the District's population count, which we believe gives a truer picture, than that of SEMCOG."

"I don't know on what basis SEMCOG based its figures, but it is certainly not accurate as far as we are concerned."

(Continued from Page 1)
He felt there could be a possible combination of elements, however, such as having the city contract with some agencies while making sure monies come into the community."

Many Programs
In his statement, Mr. Long said senior citizens make up around 14 percent of The Woods' population. Of the seniors' population, alone, "approximately 10 percent live close to the poverty level. There are approximately 300 home owners with an earned income of less than \$6,000."

He continued, "The burden of the senior citizens on the community is intensified by the competition from the average 35-year-old citizen."

"In the past the community was built by the seniors who now cannot utilize the resources that (they) helped provide."

In expressing his feeling that The Pointe has been isolated from social services offered by the State and Wayne County, Mr. Long said, "We are separated geographically and economically. We are isolated by the image of wealth."

He then said the community has the resources and the will to implement the following programs, (for which, Mr. McNamara said, funds received would be used):

Employment opportunities, health related services, home-maker services, housing im-

provement services, individual and family counseling, information and referrals, socialization and transportation.

Gather Data
"We urge the Department of Social Services to make these funds available to our community. Let us manage our affairs within the guidelines now established," concluded Mr. Long.

In viewing the purpose of the hearings, Mr. McNamara stated, "A variety of social services are being supplied to a whole range of recipients, and are administered by different agencies. They will be consolidated under one program, Title XX."

Continuing, he said, "The State Department of Social Services wanted to review the programs with the intent of gathering data towards structuring the new Title XX program."

Mr. McNamara pointed out many agencies currently participate in these programs which are being consolidated, and noted the July 22 hearing drew representation from the Wayne County Department of Health, Visiting Nurse Association of Metropolitan Detroit, Homemakers Service of Metropolitan Detroit and groups representing senior citizens, the American Indian and other community organizations.

Co-chairmen of the hearing were Conrad L. Mallott of SEMCOG and Detroit Councilman Clyde Cleveland.

LOCK BIKES
Thieves are stealing around \$3,000 worth of bicycles per month in The Farms, according to Police Chief Robert Farber. He stresses that all bicycles should be kept locked within a garage at all times and should never be left in plain view in front of a home.

New Student Sign-Up Urged

Students new to the Grosse Pointe school district who plan to attend grades nine through 12 at North High School during 1975-76 are urged to telephones for an appointment at 886-8100.

G. Bruce Feighner, principal, indicated that appointments will be scheduled with counselor Neil Curtis from 9 a.m.-3:30 p.m. from August 11-22.

Mr. Feighner requests that parents attend the counseling session and that the family have in its possession the student's last report card.

Shores Seeks Trough Site

The Shores Parks and Recreation Committee is seeking a new site for the nearly 60-year-old horse water trough which sits curbside on Vernier road outside The Shores Municipal Building.

Village Superintendent Thomas K. Jefferis told The Shores Council that the trough has been knocked over and scrapped by large trucks and vehicles traveling on Vernier since it is situated so close to the street.

The trustees agreed with Mr. Jefferis that a safer, permanent location should be found for the historic stone piece.

Mr. Jefferis said the Girls Friendly Society, a church-oriented group, presented the horse trough to the village in 1918.

The council members referred the matter to the Parks and Recreation Committee for their consideration and recommendations.

The action was taken at the Tuesday, July 22, council meeting.

Tourney Has Many Winners

A total of 335 young people competed in the 1975 Roland Gray Tennis Tournament which concluded Friday, July 21. Bill Vanderhoef was the big winner of the tourney, which is sponsored by the friends of Henry L. Caulkins II. Winners in the various age groups join members of Mr. Caulkins' family, seen in the top row. They are, (beginning third from left), JACK CAUKINS, HENRY CAUKINS, MR. Farms Boat Club's Annual Regatta Draws over 9,000 Persons

By Barbara Bruno

Last Saturday and Sunday, July 26-27, dawned sunshiny and warm, the exact weather conditions ordered by the Grosse Pointe Farms Boat Club for their 23rd Annual Regatta.

It was a regular family affair this year as hundreds upon hundreds of Farms residents took part in a variety of events held at The Farms Pier Park. According to official attendance records, 4,300 persons were at the park Saturday and 3,604 used the facilities Sunday.

The regatta weekend actually began Friday evening, July 25, with a teen dance which drew around 1,500 "teens of all ages" according to Boat Club secretary Betty Lardner.

Dignitaries Attend
Residents weren't the only ones to join in the fun. Among the dignitaries spotted in Sunday's parade were Congressman Lucien N. Nedzi who came from Washington for the festivities, State Rep. William Bryant Jr., Wayne County Sheriff William Lucas and Wayne County Commissioner Erv Steiner.

Retiring Farms Mayor Wil-

liam Butler led the local officials including Farms Councilmen Joseph Fromm and James Mast and Municipal Judge Robert Pytell. Not ones to miss out on the fun, City Manager Andrew Brember and Fire Chief Warren Schultz mingled among the crowds from morning 'til night all weekend long.

An annual highlight of the regatta is the crowning of Miss Grosse Pointe Farms on Saturday evening. This year's winner was Jennifer Peters, 17, of Moselle place, who's a senior at South High School.

Ellen Maiouly, 16, of McKinley avenue, was selected runner-up. Seven girls entered the contest which was judged by Mr. and Mrs. John Mazur, Mr. and Mrs. Ted Forrest, Adrienne Mauritz, fashion model, and Charlie Manos, "Detroit News" columnist.

Has New Twist
Mr. and Mrs. Edmund Fairchild, pageant organizers, arranged for a barber shop quartet and members of the Grosse Pointe Childrens Theater to entertain the crowd as the judges made their decisions. Marge

Hudson emceed. A new twist in this year's contest was a question and answer period where the contestants drew questions from a container and answered them on the spot. Miss Peters was asked who she admired most in the world and replied Billie Jean King since she has done so much to advance the position of women in the sports world.

Saturday's activities started at 9:30 a.m. with power boat racing under the direction of Neil Williams. "A good crowd turned out," Mr. Williams commented. "For those who slept in they missed some exciting racing."

He said the course was extended into a larger oval shape this year to give the bigger boats a chance to open full throttle on the straightaways.

Mr. Williams said two of the boats went inside the marker buoys and so had to complete an additional penalty lap but other than that the races went off smoothly.

Racing Winners
John Marcus, an only entry, won the Class A hydros. In the small outboard division, Brian Simon, Don Sanford and James Allor took

first, second and third, respectively. The only large outboard entry, took home a first place trophy. The small inboard division was won by Jim Stauder who was followed by Fred Albrecht and Dick Gallagher.

Russell Zablocki led the field in the large inboards. Ken Stokwell and John Drummy followed him across the finish line.

Three categories of sailboats, board, planing and keel, raced under the direction of Ed Knott. In the first division, J. Verbeke, A. Adams and D. Zidstra came in first, second and third.

The planing boats were led by A. Spindler followed by K. Cottrell and C. Minkwic. In the keel class, J. Sauer came in first followed by P. Frank and S. Gorenflo.

All Are Winners
The younger generation took over Saturday afternoon as they filled into the park grounds astride decorated bicycles. Two categories were established this year so the amateurs would not have to compete against the semipro, (those youngsters who had parental assistance.)

Chairman Virginia D'Hondt, co-chairman Mildred Koepplin and judges Marion Stetson, Billy Jacoby, Ann Devos and Ann Dziuba had a tough time deciding if cardboard trains looked better than storybook characters.

In the end, all the children ended up winners since each received a complimentary ice cream certificate for Baskin-Robbins 31 Flavors. Radios, cameras, walkie-talkies and records were among the prizes for the top

winner in each division. **Top Trio**
The top three amateurs were Mary Sue Stonisch, 12, of Lakeshore road, who took first place for her queen of hearts theme; Drew Reger, 9, of Beacon Hill, who won second for his monkey imitation; and Susan Stetson, 9, of Cambridge road, who placed third for her turtle on wheels.

The more elaborate designs of the semi-pros included the flower-adorned plane of the Red Baron which was first place winner Mary Leonard's entry. Mary is 7-years-old and lives in Hillcrest avenue.

Runners-up were Jimmy Pappas, 3 1/2, of Fisher road, who rode in a locomotive, and Geri Weske, 8, of Hillcrest avenue, who dressed as Daisy Mae from the Lil' Abner comic strip.

Vile for Prizes
Adults vied for prizes later Saturday afternoon in the shoe kick event and the egg toss. Karen Kolp, of Mapleton road, kicked her shoe the farthest. She was followed by Carol Pillsbury, of Merriweather road, and Susan Kelly, of Champine place.

For the egg toss, men and women teamed as partners. Sometimes it looked as

though they really wanted to see how long they could keep the egg from breaking but, at other times, it appeared one partner was out to smear the other with a gooey mess. Jeff Bremer, of Hillcrest avenue, and his partner, Lou Ann Mohr, of Pittsford, Mich., outlasted all other contestants in the distance they could toss their egg. (Later testing proved the egg was not hard-boiled!)

Dr. and Mrs. Stanley Dziuba, of Ridgmont road, and Mr. and Mrs. Sonny Gorenflo, of Merriweather road, were runners-up.

Big Parade Held
Many adults continued their partying Saturday night at the Sabeturday dance for which the Lou Krause Band provided music.

A parade of convertibles, antique cars, motorcycles and marching bagpipe players was lined up by parade marshal Rick Shannon. It wound its way through The Farms Sunday bringing the regatta right to the residents' doorsteps.

Members of the Moslem Highlanders and Americans entertained the crowds along with music from a callopie on wheels. Some of The

Farms' finest men in blue assisted in keeping the parade orderly.

Boat Club Commodore John Murphy welcomed all participants and thanked them for contributing to the festivities. Other officers present to give their greetings were vice commodore Robert Maddox, rear commodore Donald Burns, secretary, Mrs. Lardner and treasurer George Gerow.

Swimmers Perform
The pool was cleared of all swimmers late Sunday afternoon so members of the synchronized swimmers, under the direction of Beth Boerner, could perform for spectators.

The final event was held Sunday evening as Sandy Smith, of Whitcomb drive, won the grand raffle prize—a trip to Las Vegas for two for four days and three nights plus \$200 in spending money.

Throughout the weekend-long festivities another face familiar to regatta-goers could be seen passing out candy, entertaining the crowd and helping lost children find mom and dad. It was Frank Dansbury behind the clown makeup, a most welcome addition to any regatta.

HW Rotarians Hold Meeting

Father Harry E. Hoffmaster, president of the Rotary Club of Harper Woods, held his first 1975-76 meeting Tuesday, July 15, at Stouffers Restaurant of Eastland Center. He announced that the theme for his term will be "The Spirit of '76 — A Dream to Share."

Other officers are Robert R. Bulgarrelli, first vice-president; Carlos Babini, second vice-president; William B. Ferguson, treasurer; and Alfred H. Thoms, secretary.

Bicycle Thief Caught in City

A Detroit youth was referred to the Youth Service Division, (YSD), after being arrested for the theft of a five-speed bicycle from a Woods residence.

The youth was apprehended by City Officers Donald Boyer and John Drummond on Thursday, July 24, after he was observed going into a driveway on Lakeland avenue, as if avoiding the policemen, according to the report.

When asked why he had varied his travel, he told the officers there was no real reason, he just "wanted to." After taking the serial number and checking through the

Law Enforcement Information Network, (LEIN), machine, the officers learned that the bicycle he was riding was stolen. They then placed the youth under arrest and conveyed him to the station.

His parents could not be notified and he was then taken to the Wayne County Youth Home. The YSD has the option of filing a petition with the Wayne County Juvenile Court on the youth.

Woods Okays Sale of Lot, Accepts Repair Work Bids

The Woods Council unanimously accepted several bids in action taken at the regular meeting Monday, July 21. One of the bids was for the sale of a vacant lot at Hollywood avenue and Marter road which had a minimum bid of \$13,500. The only bid submitted was in the amount of \$13,750 from Lorenzo and Elide Ribaud of Detroit and this was approved.

No bids were submitted on a second vacant lot at Hollywood and Marter so this matter was referred to the Committee of the Whole, (C-W), for further study. The minimum bid required on this parcel of land is \$21,000.

The Marter Road Pumping Station had occupied these sites. This property is zoned for single family dwellings. Meanwhile, the council accepted the bids of the Lanzo Construction Co. for concrete repair/replacement work, the majority of which, according to City Administrator Chester E. Petersen, will be done north of Vernier road from the west city limits to Marter road. He said such work is scheduled for completion around October 15.

While Lanzo was the apparent low bidder on two items, repair of concrete street sections and replacement of six-inch drive approaches and six-inch sidewalks, another company was the apparent low bidder on concrete curb re-capping and complete removal and replacement of concrete curb. Still another was the apparent low bidder on four-inch sidewalk replacement.

Board Okays Magazine Bid

The Board of Education accepted the bid for magazines for libraries and departments within the school system from the Turner Subscription Agency in the amount of \$5,912.77.

The bid was the low bidder among five bids submitted to the board.

The school system will purchase magazines for all the schools on a collective basis rather than through individual orders for each periodical. This is expected to result in a savings to the school system, according to School Board president Joan Hanpeter.

The bid was accepted at the Monday, July 14, School Board meeting.

factors, (including the apparent failure of one of the companies to send along a list of cities and clients for whom they have done concrete work), Mr. Petersen recommended that bids for all the work be given to Lanzo.

"This office is of the opinion that the best interests of the city would be served by awarding the total 1975 concrete repair/replacement contract to . . . Lanzo . . . inasmuch as this firm has also previously done satisfactory work in our city and would be the apparent low bidder, based upon quantities, for all of the combined items," he stated in a memo to the solons.

The cost breakdown per item shows: repair of concrete street sections, \$1.75 per square foot; concrete curb re-capping \$2.25 per lineal foot; complete removal and replacement of concrete curb, \$4.25 per lineal foot; replacement of four-inch sidewalk, \$1 per square foot; and replacement of six-inch drive approaches and six-inch sidewalk, \$1.10 per square foot.

Mr. Petersen said much of the work is sidewalk repair with principal curb re-capping set for Hampton and Roslyn roads.

The scope of the project includes the following: the replacement of approximately 28,000 square feet of four-inch sidewalk and around 1,600 square feet of six-inch sidewalk, plus around 2,500 square feet of driveway approach work, about 8,500 square feet of street repair work and 10,000 lineal feet of curb re-capping work.

In another item, the council referred several questions on the concrete work regarding the placement of the sun shelter at the Lake Front Park to the C-W.

Win Doubles Title

SUSAN MASCARIN, 11, (left) and ANNA VAN WALLEGHEM, 12, teamed up to win the doubles title in the United States Tennis Association's girls' 12 national championships Friday, July 25, at the Chatham Tennis Club in Savannah, Ga. The Pointe duo defeated Shelly Solomon of Fort Lauderdale, Fla., and Kathrin Keil of Albuquerque, N.M., 7-6, 6-3, in the finals of the event. Miss Mascarin and Miss Van Walleghem, who took a 5-2 win in the tie-breaker to capture the first set, won over 31 other doubles teams.

Woods Cites Anniversary

While The Woods Council unanimously denied a request for a group park permit for Sunday, August 17, for a couple celebrating their 50th wedding anniversary because such permits aren't permitted to be issued on Sundays and holidays, the solons gave their blessings for the celebration on any week day, (Monday-Friday), between August 12-19.

This action was taken at the regular meeting Monday, July 21. Councilman Roger A. Graef's motion also stipulated that Parks and Recreation Director Donald J. Hallmann be notified of the decision regarding the gathering for residents Mr. and Mrs. Jay Thorpe.

At the same time, Councilman Ronald R. Kefgen suggested that the mayor be authorized to send a congratulatory message to the couple and Mr. Graef agreed to incorporate this into the motion.

The request came from Sara L. Patrosso, of Edmunton drive, on behalf of Mr. and Mrs. Thorpe. She said the group will consist of about 25 non-residents and 10 residents.

Woods Okays Funds Transfer

The Woods Council at the regular meeting Monday, July 2, unanimously concurred in the recommendation of City Comptroller-Assessor Frederick G. Hornfisher regarding the transfer of funds for the end of the 1974-75 budget year.

The council approved resolution states that the sum of \$150,593 in the 1974-75 unappropriated surplus account of the general fund be transferred into the general fund account as the beginning balance of the adopted 1975-76 budget.

It also says any other excess revenue collected in the general fund, unencumbered general fund appropriation, together with excess funds, be transferred to the reserve for sick days account.

(Continued from Page 1) sion will have to give its approval on the design and elevation plans.

Citing a past history of noise and littering problems they said have plagued them, (and which resulted in the city taking action to close the parking lot behind the lounge at 11 p.m.), the residents wanted assurances there would be no "instant replays" with the proposed restaurant.

Mr. Anton, who recently purchased the Graffiti Restaurant and Lounge, 111 Cadillac Square, Detroit, after managing the lounge for around 18 months, told the council and the citizens he's striving for a family-oriented restaurant with prices half-way between Kavan's (Colony East Restaurant), and the Golden Lion.

Proposed Restaurant Discussed in Woods

While seeking the businessman's trade, he said it would be more extensive than the businessman's lunch format with the average menu item running in the area of \$3 while others would cost around \$5.95. He projected the current cost of renovation, including kitchen work and interiors, at around \$100,000, while the restaurant's proposed hours would be 11 a.m.-1 p.m.

Situation Would Change One Hampton citizen told Mr. Anton of the "extreme problems we've had" in the immediate area. She said, "We've gone through hell. The police get tired of hearing our calls." The resident felt the immediate area was "run down terrible" because of some of the clientele frequenting the lounge.

Mr. Anton told her that some of the current individuals frequenting the lounge tried to provoke an incident with an LCC investigator and himself while the pair reviewed the proposed renovation. "We're not going to cater to the existing clientele," he stressed, while adding the business will have to conform to all existing codes.

In emphasizing the total proposed renovation of the building towards the objective of a family restaurant, Mr. Anton felt current problems in relation to the parking lot behind the lounge would change because of a

different clientele. (The citizens in the past complained about the amount of noise, e.g., squealing tires, shouting, honking horns, which originated, they said, from lounge customers).

Another resident wanted to know if the transfer of licenses would affect the 11 p.m. parking curfew, and was told it would not.

Parking Viewed In relation to the parking question, still another citizen expressed concern over potential, overall parking problems in the immediate area if the proposed restaurant becomes a reality.

She told Mr. Anton there's adequate parking now. But with the restaurant, and possibly more customers, she felt there would be an overflow of parking in front of homes on Hampton.

It was then noted that parking wasn't only available behind the lounge, (with the lot containing 30 spaces), but also along Mack and in the bigger lot at Ridgemoor road and Mack. Building Inspector Earl Wakely noted while the larger lot was busy during the day, it was less so in the evening.

Familiar with past complaints from residents, Mr. Wakely added, "Parking isn't as much of a problem as the clientele" regarding citizen concerns.

Besides Mr. Anton, his attorney, George Dakmak, also tried to reassure residents that the situation would

Arbitration on Horizon

(Continued from Page 1) tive July 1, 1976, the pay will be increased another \$500, making wages \$18,000, and by January 1, 1977, another \$600 would be added, which would

make the wages a total of \$18,600.

Mr. Waterstone said this hike is not what it seems to be. It actually amounts to \$16,300 as the pay increase progresses.

Association members rejected the city wage offer by an overwhelming vote on Tuesday, July 22, claiming the entire package offered by the city was insufficient.

At the last two meetings between The Park and association representatives, Richard Terepin, of the State Mediation Commission, has been the mediator.

Mr. Waterstone said a demand for arbitration was filed with the Detroit office of the Michigan Employment Relations Commission, (MERC), last May. The request has been forwarded to Lansing and The Park and the association are awaiting the naming of an arbitrator to listen to both sides.

Final arbitration rulings are binding on both sides, it was said. This is according to provisions stipulated by Michigan Labor laws.

Aid Citizens

(Continued from Page 1) is delighted with the memo's content.

"Work performed on buildings should be performed by State licensed contractors on jobs \$200 and over because it's State law," stressed Mr. Koczara. He also felt contractors should register with the city in which they do their work.

This was one of the main reasons why he joined the Beautification Commission, and for the past two and a half months he has been pursuing this matter.

He added the commission tabled the item because of other priorities, e.g., the efforts towards beautification of the Mack avenue business district, but he kept working in this direction.

In a final note, he cited a "Detroit News" article published last November which emphasized a view of the Home Improvement Council of Metropolitan Detroit—that work done on homes by unlicensed tradesmen is risky on many fronts including the qualifications of personnel who perform the work for which they contract.

Board Accepts Tax Note Bid

The Board of Education accepted a bid for \$6,950,000 in tax anticipation notes from the National Bank of Detroit, the lowest bidder with an interest rate of 3.89 percent.

The school system will use the funds for operating costs until December when school taxes are collected. The fiscal year began July 1.

The three bids received by the Board were opened at the Monday, July 14, meeting. The trustees' choice was made after a brief recess where attorneys and trustees made sure the bids were in proper order.

Let's Talk Real Estate

by John E. Brink

How would you evaluate your present home? Could you put a price on it that would be fair both to you and to a prospective buyer? How long will it take to sell your home? The answer to each of these questions is "Without expert help, home-selling is a gamble." If you set a price that is too low, you are cheating yourself. If you ask too much, your house is liable to become tied up on the market indefinitely — and the longer it stays there, the more difficult it will be to sell. Why gamble? Let us help you.

Small nicks in a car's finish are usually best repaired with an inexpensive touch-up kit available from your dealer. With a little more effort, you can repaint cracked or scratched areas, too. But if the area to be repainted is quite large, let a professional body man do the work. If you are painting an unpainted blemish, always use coarse sandpaper on the area first, in order to remove damaged paint. Sand to bare metal in the marred area, and roughen a one-inch border of good paint before you begin to paint.

Pulls 'Fast One' at Merit Woods

A man pulled a larceny by trick at the Merit Woods Pharmacy, 19325 Mack avenue, when he took a money order for \$189.50 without paying for it. The incident was reported to Woods police Friday afternoon, July 15.

After entering the store, the man asked for the order in the aforementioned amount. An employee made out an American Express money order and gave it to the man.

The suspect then said he wanted a Traveler's money order because he needed a receipt because the order was an alimony check for his ex-wife. The employee said a stub was attached to the made out order which he

could tear off and use as a receipt.

So the man took the American Express order from the employee, put it in an envelope and began to seal it. He placed it in a half folded newspaper and started rubbing it as though he was attempting to seal it better, police said.

At this point, the employee requested \$189.50 in payment. The man said he left his wallet in the car, took an envelope from the newspaper and gave it to the complainant. The employee was asked to hold it while the suspect went to fetch his wallet.

However, when the man didn't return after several minutes, the employee opened the envelope and discovered an American Express money order which wasn't filled in and made out for only 20 cents. He contacted police immediately.

Officers said American Express will follow through on both orders and will keep in contact with the department.

Panel Includes Pointe Trustee

Grosse Pointe Board of Education trustee and secretary Mrs. Melissa Maghiesse has been named to a committee of school board members, parents and educators by the Wayne County Intermediate School District to review special education programs offered by local school districts in the county during the coming year.

The committee, known as the Act 18 Visitation Committee, includes eight members and is required by State law. The intermediate district coordinates all special education in the county and disburses to local districts nearly \$14 million raised by a one mill county wide special education tax.

The Act 18 Committee is charged with reviewing all programs offered or planned to make certain there is an adequate and qualified staff of professionals and paraprofessionals and that classroom facilities and learning resources are adequate.

Dr. James Greiner, assistant superintendent for Special Education Services for the intermediate district, said the committee's visits would assure that all physically, mentally and emotionally handicapped children in Wayne County would receive the same quality of service.

The committee has the authority to recommend the expansion, reduction, consolidation or termination of existing programs or the start of new programs.

Shores Okays Selection Of Brady As New Clerk

Edmund M. Brady Jr., 34, of Willow Tree place, was sworn in as Shores Village Clerk Tuesday, July 22, to fill the unexpired term of Dr. Clifford B. Loranger who recently moved from The Shores and had to give up the post.

Mr. Brady, appointed by Village President Gerald Schroeder and unanimously confirmed by the trustees, was sworn in by Village Superintendent Thomas K. Jefferis, acting clerk, at the village council meeting. After a round of greeting by all trustees, Mr. Brady assumed the post at that session.

According to village charter, the village clerk is on the board of registration and on the election inspection commission. As clerk, Mr. Brady will keep the corporate seal and the official bonds, papers and records of the village.

He also will serve as the general accountant of the village and will keep the books, documents and papers that pertain to bonds and properties.

In accepting the appointment, Mr. Brady said he is looking forward to serving as clerk. "I am very pleased to succeed probably one of the longest standing clerks in the Grosse Pointes and perhaps the State," he commented.

He added that he is continuing a family tradition of service to The Shores as his late father was a Charter Member of The Shores Planning Commission, a member of the Township Board and also served as Justice of the Peace.

Mr. Brady is an attorney with law offices in the Guardian Building. He and his wife have a young son and daughter.

The regular election for village clerk is scheduled for the third Tuesday next May.

Woods Signs Pact for Funds

The Woods Council by a 5-1 vote authorized Mayor Benjamin W. Pinkos or Mayor Pro Tem George S. Freeman to sign a contract with Wayne County in order that the city may receive additional grant funds via the CETA, (Comprehensive Employment and Training Act), program.

This action was taken at the regular meeting Monday, July 21.

The contract is an extension of the program in which the city has been participating. Under the pact, the municipality will receive \$42,443 for use in paying the salaries and fringe benefits of full-time employees at the Lake Front Park, Department of Public Works and office personnel.

City Comptroller-Assessor Frederick G. Hornfisher said these monies specifically come under Title II which will continue for three more months.

After that period, he said Title VI would take over. Mr. Hornfisher said he hoped, between the two, to have enough funds to carry all 16 employees under the program through next June 30.

"When the money runs out under Title II, we hope to move those employees under Title VI," he noted. Employees under Title VI include one administrative aide and a police cadet.

The resolution as adopted by the council says the city has previously received from the United States Department of Labor - Manpower Administration - certain financial grants for the comprehensive employment and training program of the Federal Government, as administered by Wayne County.

It also states the city's desire to continue in the program by applying and receiving additional grant monies pursuant to a contract with Wayne County as the managing agency for the program.

The sole negative vote was cast by Councilwoman Joan M. Mullan, who felt such participation in this program invited outside control of local government. Mayor Benjamin W. Pinkos was excused from the meeting.

Fire Damages Park Residence

A three-alarm fire destroyed the family-sun room of the residence of a Park woman on Sunday, July 27.

The alarm was called in by the lady at 9:10 a.m. when she awoke from a nap due to her dog's barking.

She immediately discovered smoke coming out of the family room.

Park Assistant Fire Chief David Taylor, on arrival, said it was a "running" fire, i.e., there were definite flames in the room, and called for Mutual Aid assistance.

The City and Farms Fire Department responded with full compliments of men. City firefighters hooked up their hoses to hydrants, while Farms personnel aided with manpower.

Park Fire Chief Phillip Costa, who was called to the fire scene, said it is believed the fire was caused by the faulty wiring of a lamp. Firemen battled the flames for 40 minutes before putting it out, the chief said.

He said, although the flames were confined only to the room, there was extensive damage throughout the building because of the intense smoke and heat.

"I certainly must compliment all the firemen who were at the scene," said Chief Costa. "They did a great job. Damage, except that caused by the heat and smoke, was kept to a minimum. I want to express my appreciation to the firefighters of The City and The Farms for their assistance."

The chief said the most fortunate incident regarding the fire was that two large glass doors leading from the family room were closed keeping out oxygen. Had they been open, fire damage would have been more extensive.

He said it was hard to estimate the monetary damage, which will be left to the determination of insurance adjusters.

Thieves Enter Barnes School

After discovering a shattered 36 by 42-inch window in the gymnasium at Barnes School, 2090 Morningside drive, Tuesday, July 22, engineer George Green called Woods police to investigate.

Besides finding another broken window, 28 by 41-inches, in the hallway, police were told the culprit took several articles.

Found missing were eight six-ounce bottles of pop and two bottles of ice cream topping.

Retired Pointer Keeps Inventing

Retirement doesn't arbitrarily mean that you have to stop contributing to society.

At least that's what Carmin Guerrero, 79, of Washington road, has demonstrated with his numerous contributions to the Smithsonian Institute since his retirement from General Motors as a mechanical engineer in 1961.

Mr. Guerrero has donated literally lists and lists of inventions, papers, books and discoveries to the Institute, most of which dealt with some aspect of the automobile industry.

The amazing thing is Mr. Guerrero has had no formal education whatsoever past the eighth grade.

Born in Brazil, he joined GM in the Dayton, O. division in 1921. Prior to that he was a tool model and gage maker. Mr. Guerrero trained himself through correspondence courses in mathematics, pneumatics, hydraulics, physics, analytical chemistry and other subjects.

Most of the subjects that Mr. Guerrero does work on are far too complicated for the man on the street to understand.

(How does "Spectrographic Detection of Formaldehyde in an Engine Prior to Knock" grab you?) But he just keeps on plugging them. As a matter of fact, he's working on a book which he hopes to submit to the Institute shortly.

After some major contributions in 1973, Mr. Guerrero received a letter from the deputy director of the Smithsonian saying, "Your interest and generosity are deeply appreciated. It is chiefly because of persons such as you that our collections continue to grow and improve."

Maybe Mr. Guerrero will work on some ideas to help the growing traffic congestion problem that is occurring in most major cities across the country.

Mass transit, Mr. Guerrero?

THE PARK PHARMACY

Herbal remedies were the beginnings of medicine as we know it today. For example, there are many Chinese herbal remedies of four thousand years ago which were effective in treating disease. One such treatment was the use of the juice of a certain Chinese fir for the treatment of asthma and bronchitis. Not until 1878 was it discovered that this juice contains the alkaloid ephedrine, today almost indispensable in the treatment of pulmonary disorders.

Check your medicine cabinet periodically to make sure you have adequate first aid medications. Professional pharmacists at THE PARK PHARMACY, 15324 E. Service Award Given Cartmill

George E. Cartmill, of Touraine road, president of United Hospitals of Detroit, will receive the 1975 Distinguished Service Award of the American Hospital Association. The presentation will be made Tuesday, August 19, at the Association's national meeting in Chicago.

In addition, Mr. Cartmill received the Michigan Hospital Association's annual Homming Memorial Award. The award is presented each year for the most outstanding contribution to hospital statesmanship in the field of facilities and construction.

Mr. Cartmill began his hospital administration career at Harper in the Detroit Medical Center in 1946, while he was studying for his master's degree in hospital administration. After receiving the degree from Columbia University, he joined the hospital's administrative staff and advanced until becoming the chief executive officer in 1952.

He held that position until last year when Harper Hospital and the Grace Hospital merged to form United Hospitals of Detroit and elected him president.

Mr. Cartmill has won many honors for his service to hospitals. Last year he received the American College of Hospital Administrators' Gold Medal Award for Excellence in Hospital Administration.

He also has received the Meritorious Service Award from the Michigan Hospital

Association, the Award of Merit from the Tri-State Hospital Assembly and an honorary membership and citation from the American Dietetic Association.

Mr. Cartmill has served as chairman of the board of trustees, highest elected office of the American Hospital Association, the Michigan Hospital Association and the Greater Detroit Area Hospital Council and is currently vice-chairman of the board of directors of Michigan Blue Cross and Blue Shield.

He was appointed by President Lyndon B. Johnson to serve on the National Advisory Commission on Health Facilities and serves on a number of hospital-related committees and organizations.

GPW Boy Wins Soap Box Race

After a long rain delay and nine heats of racing, Mike Leflie, 15, of Littlestone road, and his seven-foot, black soap-box car took first place in the Detroit and Metropolitan Soap Box Derby Saturday, July 19.

Mike took the 1,000 foot Derby Downs track at Mound and Outer Drive in 26.5 seconds.

Explaining the reason for his success, he said, "I just kept on trying and trying for five years to win that race."

The reward for his stamina is a \$100 savings bond, a trophy and a trip to the nationals in Akron, O., on Saturday, August 16. First place in that race will yield \$3,000 and a trophy.

Mike, who will enter the 10th grade at Austin this fall, spent eight months building his wood, fiberglass and metal car. He designed it himself, too, taking many ideas from other cars he's seen in his five years of racing.

The things you try to do over are usually only half done.

Brownell PTO Aids Pine Fund

More than \$100 was donated to the Kenneth Pine Memorial Fund by the Brownell PTO following a bike-a-thon at the school last spring.

A check for \$103.56, representing 10 percent of the proceeds of the event, was recently presented to Farms Police Chief Robert Ferber by Mrs. Marieke S. Allen on behalf of the PTO.

She noted that the wrapping up of the project and pledge collection was a slow process but was finally completed this month.

"The family of Officer Pine has been close to our hearts," she wrote. "With this check goes the sincere wish that the concerted efforts of the kids, staff and parents at Brownell will ease the burdens a bit for Mrs. Pine and the children."

She added that the success of the bike-a-thon can be attributed largely to the time and energy put in by The Farms Police Department and particularly Officer Joseph Belanger and Chief Ferber himself.

The police chief thanked Mrs. Allen on behalf of Officer Pine's family, while adding he is looking forward to viewing the video tape and slides of the event in the fall.

Officer Pine died March 17 after he was struck by a hit-run driver the night before while on duty. A memorial fund in his name was established by the Grosse Pointe Farms Police Officers Association, 90 Kerby road.

Woods Nixes License Try

A request for a vendor's license to stencil house numbers on curbs was unanimously denied by The Woods Council at the regular meeting Monday, July 21.

The request, which came from Peter Diamond, 15, of Fairford road, was approved by Public Safety Director Henry Marchand. However, City Administrator Chester E. Petersen told the council that a large number of residents in the past have complained about having numbers on the curb.

It also was noted that permission from individual homeowners isn't needed because such proposed work would be done on city property.

Mr. Petersen said the youth first intended to contact homeowners regarding a fee for such stenciling. When asked by the council the purpose of such work, Mr. Diamond stated it was to make money for himself.

Councilman Rodger A. Graef said while some homes need better identification numbers, the curb wasn't the best place for it. He then moved to deny the request and his colleagues agreed.

Police Softball Team Powers to Four Wins

By Mark Brecht

The Grosse Pointe Police softball team took four games during the past week as they opened the Neighborhood Club playoffs with two victories and concluded their regular season in the Metro Police Softball League with a doubleheader sweep.

The Pointers began the club playoffs Monday, July 21, with an 18-11 victory over previously unbeaten Woods Sport Shoppe. The Pointers scored in every inning in the see-saw battle which featured 39 hits between the two teams.

Pacing the Pointers were Mark Brecht, (Farms), and Paul Crook, (Woods), with home runs.

Officers Crook and John Trevillian, (Shores), each had four hits, while Mike VanDeginste, Pat DeVine and Mike Cavanagh, (all of The Woods), had three hits apiece.

The second game with the Nomads was devoid of the lusty hitting of the previous day. However, the Pointers prevailed, 6-3, as Mike Kortas, (Park), pitched a strong game while rapping out three singles. Officers Crook and Brecht chipped in with two hits and two RBI's apiece.

The Pointers, who dominated the Metro Police league with a 15-1 record, put the finishing touches on a fine season with wins over the Roseville and Warren Police Departments with 15-9 and 22-8 conquests, respectively.

In game one, Officers Trevillian, Kortas and John Kriza, (Farms), had perfect days at the plate each going three-for-three. The trio also drove home 10 of the Pointers' runs.

Meanwhile, against Warren The Woods "dynamic duo," Officers VanDeginste and Devine accounted for eight runs scored, seven hits and five RBI's, in addition to making two double plays.

Bruce Marone, (Woods), and Ted Hinz, (Woods), had three hits each with Officers Hinz, Trevillian and Cavanagh socking home runs in the rout.

As the playoffs conclude, the Pointers will embark on a trip to Dayton, O., for the National Fraternal Order of Police Softball Tournament Friday-Sunday, August 1-3.

CCD Hosts July 4 Games

The Country Club of Detroit, (CCD), hosted its annual Gynkhana Games "at the cabin," for a very enthusiastic crowd Friday, July 4.

Celebrated every Independence Day, the Gynkhana is a special event put on by the parents of the CCD for the sport and enjoyment of their children as well as themselves. Co-chairmen of this year's games were Mr. and Mrs. George G. Black and Mr. and Mrs. Frederick Ollison III.

The organizers of the games always strive for new and different races in which children can compete. Toddler/grandparent, cracker/whistle, father/daughter beer and tray relay, and the mother/daughter broom race are just some of the races that kept the large crowd amused for hours.

In addition to the races, the Gynkhana also sponsors a fire truck and ambulance demonstration by The Farms police and fire departments, pony rides for the little ones and a sky-diving exhibition.

This year's viewers were given a special show as one of the skydivers landed in the trees adjacent to the golf course.

Other committee members who helped organize the day were Mr. and Mrs. John Adair, Mr. and Mrs. Ronald Dirgbauer, Mr. and Mrs. Horace N. Carpenter, Mr. and Mrs. C. Howard Crane II, Mr. and Mrs. Edward S. Evans III, Mr. and Mrs. Eugene Gargaro, Mr. and Mrs. Scott Hester and Mr. and Mrs. Thomas Jeffs.

More are Mr. and Mrs. Edward F. Lambrecht Jr., Mr. and Mrs. Donald E. McKnight, Mr. and Mrs. Robert Ollison, Mr. and Mrs. Roger K. Powers, Mr. and Mrs. Thomas Quilter, Mr. and Mrs. William Rands III, Mr. Bruce M. Rockwell and Mrs. Jack W. Stephenson.

Woods-Shores Splits Games

The Woods-Shores 13-year-old Babe Ruth baseball team, the District Two champions, met Alpena in their first game of the double elimination State tournament Saturday, July 26, in Port Huron and lost 3-2.

The contest was decided by Alpena's strong pitching and Grosse Pointe's defensive lapses.

Grosse Pointe tied the game 1-1 in the first as Tom Shook walked, stole second and came home on a throwing error. The Pointe's Bob Brown started on the mound and Tim Mitchell relieved in the fourth.

The Pointers bounced back on Sunday, July 27, to defeat Niles, 12-2, in a game called in the fifth inning on the Babe Ruth mercy rule. Brian Eagle pitched three-hit ball and completely handcuffed the Niles hitters. Tom Shook drove in three runs with a hit in the third inning and from then on poor defense by Niles and many walks resulted in the one sided win.

Woods-Shores will continue play until they lose again with the State winner going to Noblesville, Ind., for the Midwest regional.

Coach Rick Zarenek feels if the pitching can stay strong, The Pointe has a good chance to go all the way.

Drought Ends For Natators

The end of a 13 year losing streak, which included over 70 straight defeats for the Grosse Pointe Hunt Club swimming team, was marked on Thursday, July 17. The team has been coming close to victory in other meets but never quite put it together.

Under the direction of coach Ray Kay, the Hunt Club defeated the Detroit Boat Club in a dual swim meet held at the Hunt Club. The score was 258-215.

The relay teams made up of Ann Hoffman, Julie Kozlowski, Laura Measelle, Jenny Peabody, Ted Williams, Glen Kirlin, Jay Cobau, Greg Peabody, Patty O'hare, Susan Measelle, Lee Ann Seymour, Robin Locniskar, Mike Jay, Carl Haller, John Cobau and Ron Harper swept the first four events.

Individual firsts went to Laura Measelle in breaststroke, fly and free; Jeff Measelle in breaststroke, backstroke, fly and free; Sue Trowell in breaststroke; and Matt Brinker in breaststroke, fly and free.

Other firsts were earned by Ann Hoffman in breaststroke, fly and free; Patty O'hare in free; Carl Haller in free; Amy Quarters, back, and Eric Peabody in back.

Only six fourth places were recorded by the Seahorses in 40 events, which helped them win.

Laura Measelle shattered the pool record in the girls 10 and under fly with a time of :16.4 seconds. She is in the running for the inter-club championship for that event to be held later this month.

Officer Hurt in Smash-up

Park Patrolman Alan Pretty suffered two broken wrists on Wednesday, July 23, following a collision between his motorcycle and an auto at Cadieux and Sioux, Detroit. The officer, who was off-duty, was taken to Bon Secours Hospital by a Detroit unit of the Emergency Medical Service, (EMS). According to information given to The Park Police Department by Detroit authorities, Officer Pretty was riding his motorcycle north on Cadieux, when a woman motorist, Gene Verille, of 17152 Sioux, Detroit, slowed to make a left turn onto Cadieux from Sioux. Patrolman Pretty also slowed and, thinking the woman was going to stop, continued ahead. The Detroit report disclosed that Mrs. Verille failed to stop and attempted to make a left from Sioux onto Cadieux. The officer tried to stop to avoid a collision but failed and his cycle slammed into the left front fender of the turning vehicle. The force of the impact

sent Patrolman Pretty sailing through the air. He landed on the pavement on the other side of the woman's auto. The cycle was totally demolished and there was extensive damage to the front end of the car. Park Lt. Gordon Duncan said the officer, whose wrists were placed in casts, will be unable to report for duty for at least six to eight weeks. The lieutenant said Detroit police issued a violation ticket to the woman, charging her with interfering with closely approaching traffic on a through street. She is scheduled for a hearing in Detroit Traffic Court on October 15. Two persons who witnessed the accident said Mrs. Verille was at fault.

Pointers Take Part in Meet Several Grosse Pointe Club, (GPSC), natators competed in the Michigan AAU Long Course Swimming Championships Friday-Sunday, July 25-27, at Southfield. Frances Shook won the 50-meter breast in a State record time of 38.1. She was second in the woman's open 200-meter breast, losing to Becky Beviz, University of Michigan's Big Ten champion. Frances also was second in the 100-meter breast and placed in the 50-meter back and the 100-meter backstroke. In girls 11-12, Whitney Semple was a silver medalist in the 50-meter backstroke with a time of 35.4. Then, in girls 13-14, Debbie King placed in the 50-meter free and the 100-meter free. Tim Nelson placed in both the 100- and the 200-meter breaststroke event. This was his last meet with the Grosse Pointe Swim Club as he will soon move to Fort Lauderdale, Fla. In 15-18 girls, Megan Montagne placed in the 50-meter free, the 100-meter free, both senior and age group breast events and the 200 I.M. Tom Hessburg was second in the 100-meter breaststroke and missed winning the event by one hundredths of a second. The State long course championships end AAU competition in Michigan but many of GPSC's swimmers will compete around the mid-west for the balance of the summer.

Pointers Take Part in Meet

Letters to The Editor To the Editor: Sometime during the evening of Monday, July 21, two planters were stolen from in front of the Mole Hole gift shop on Notre Dame in the Village. The planters were red enameled milk cans filled with a hundred pounds of dirt and planted with spikes and red and white petunias. The thieves selected the pair with the nicest plants from a choice of four. The remaining two are even more securely anchored now. If anyone in the community notices a pair of recently placed, planted milk cans with red and white petunias, please call it to the Mole Hole's attention. This is disappointing to the Village merchants who are trying so hard to make the area more attractive. Bill Lafer

The Grosse Pointe Woods Americans, defending champs, were eliminated in semi-final play, while the Grosse Pointe Park Americans were defeated in quarter final action. The Woods Americans advanced to the semi-finals by pouncing the Mount Clemens Americans, 8-3, on Tuesday, July 22. Karl Kurtz, who fired a five-hitter, was backed by Don Luberto's two home runs and Mike Seagram's solo blast. The Park Americans, meanwhile, dropped a 2-1 contest to the Shelby-Utica Americans on Monday, July 21. Then on Wednesday, July 23, the Clinton Valley Americans dumped The Woods club, 21-11. Clinton Valley's Bob Smith blasted three homers, while Mike Whittier smacked a grand slammer. Seagram led The Woods' attack with two home runs. Arthur H. Getz, District Six administrator, said, "The City of Grosse Pointe were exceedingly fine hosts for the tournament," while adding that The Pointe was well represented by the six local teams which participated. These also included The Park Nationals, Woods Nationals, The Farms and the City.

Motorist Rams Police Vehicle

A Detroit motorist offered two excuses to a Shores public safety officer after striking the rear end of the officer's scout car on Wednesday, July 23. But this did not deter the policeman from giving the motorist a violation ticket for reckless driving.

Cpl. Daniel Fronczak said he was cruising north on Lakeshore road at 35 miles per hour when he looked into his rear view mirror and observed a car, driven by Gregory Cook, 24, of 1232 Meadowbrook, approaching at what appeared to be an excessive rate of speed. Cook was driving at an estimated speed of between 50 and 55 mph, police stated.

CCD Natators Set Records

The Country Club of Detroit, (CCD), swimming team extended its season mark to 3-1 by defeating the Detroit Golf Club, 493 1/2 - 361 1/2, and the Detroit Boat Club, 495 3/4 - 373, after losing to Oakland Hills Country Club, 407-464, all in recent action.

The win over the Golf Club was achieved with record efforts by Julie Robinson in the girls' 10 and under 25M fly and Mike Bernard in the boy's 13-14 breaststroke and fly.

Others swimming well for CCD were the boys' and girls' 8 and under relay teams consisting of Don McKnight, Fred Allison, Ken Fruehauf and Pierre Stroh for the boys and Hague Ollison, Barrie Hamilton and Beth Summers for the girls.

A club record in the girl's 200M free style relay, (one from each age group), was established by Whitney Semple, Ann Cohen, Cathy Graham and Julie Robinson with a time of 2:10.0.

Mark Mullin's fine swim in the boy's 10 and under 25M fly was good enough to win the event and place him in the top rankings in the interclub league.

Swimming well for CCD against the Boat Club were co-Captains Rick Speer and Cathy Graham in the 15-18 age group, Ace Dickson in the boy's 11-12 age group and Christie Deutsch in the girl's 11-12 age group.

Christie is currently ranked third in the interclub rankings for girls' 11 and 12, 50M backstroke while her teammate, Whitney Semple is ranked first.

In the Boat Club meet, the girl's medley relay consisting of Patty Gorman, Cathy Graham, Julie Robinson and Whitney Semple established a new Country Club standard with a time of 2:33.4.

Fine performances by Julie McNair, Mary Cohen, Liz Oldham, Kirk Purdy and Pat Berns contributed to the victory.

Fire Damages Shores Home

Fast action by Shores public safety officers prevented a fire from spreading at the home of Robert F. Roney, 840 Lakeshore road on Wednesday, July 23. When the alarm was received, The Shores Public Safety Department called The Farms for help under the Mutual Fire Aid Pact, but Farms firefighters and equipment were not needed.

Shores Public Safety Director Joseph Vitale said Mr. Roney called in an alarm at 2:58 p.m. when he saw smoke at the northwest corner of his house.

Mr. Roney said after calling in the alarm, he noticed that an Edison wire had shorted. He immediately disconnected the main electrical lines and turned off the main fuse in the fuse box.

Chief Vitale and Lt. Charles Wenrich, who also is the village fire marshal, said the electrical wiring shorted out because of crossed telephone wires, apparently aided by a bird's nest on the crossed wires.

Damage to the house corner was minor, but the fire caused considerable smoke to accumulate in the attic of the residence. Shores firefighters aired the smoke out with large fans.

The Farms Fire Department, which dispatched a full compliment of men and equipment, received the praise of Director Vitale.

Two Motorists in Big Trouble

Two motorists stopped by Shores public safety officers for law infractions on Lakeshore road were found to be wanted by other police agencies on traffic warrants. Both were arrested on Monday, July 21, and had to post bond for the other departments besides The Shores department.

Gerald E. Stepp, of 18227 Admore, Dearborn Heights, was stopped at 12:10 a.m., and a check with The Shores station on the Law Enforcement Information Network, (LEIN), machine revealed that Stepp was wanted by Dearborn Heights on a \$25 traffic warrant.

The man was taken to the station where he posted a bond on the other law agency's warrant, and was issued two violation tickets, one for having studded tires on his vehicle, and another for driving while his operator's license was suspended.

For the latter two offenses Stepp was required to post a bond of \$150 and is scheduled for a Shores court hearing on August 27.

The second person to be arrested was Elestheria A. Giannaras, of 22830 East Beaconsfield, Detroit, who was stopped at 1:29 a.m. for having only one headlight on her car. She did not have her operator's license with her.

A check on the LEIN machine revealed that she was wanted by Fraser authorities on a \$50 traffic warrant. Additional information received showed that her license had been suspended.

The woman posted a bond of \$50 to guarantee her appearance in the 39th District Court of the City of Fraser. She was ticketed by Shores police for insufficient headlights; for driving while her license was suspended, and for having no valid operator's license on her person.

She posted an additional \$150 bond, and is scheduled for a hearing in The Shores on September 2.

Police Accuse Racing Driver

Dennis Marcel Priem, 27, of 19994 Woodland, Harper Woods, told a Shores public safety officer that he did not know why the officer stopped him. Priem will have his day in court on Wednesday, August 27, to explain to the judge.

According to an official police report, Public Safety Officer Bruce Darlington was patrolling a 10 p.m. Lakeshore road at 10:23 p.m., on Tuesday, July 15, when he observed Priem going north at a high rate of speed.

The officer gave chase and, during the pursuit, observed that the right tail light of Priem's vehicle was out. PSO Darlington stated he attempted to catch up to the other vehicle, which was weaving from lane to lane,

with Priem giving no signals while changing lanes. The officer finally was able to get behind Priem and paced him at more than 60 miles per hour in the 35 mph zone.

Priem, the policeman said, came to a stop for a signal light at the Moross road intersection, turned right on Moross and reached Kercheval, where he was forced to the curb.

PSO Darlington said he ordered Priem to remain in the car, but the man refused. He exited and remained standing outside the vehicle. The officer said Priem claimed he had no idea why he was being stopped and was informed of the violation.

The officers radioed for assistance and Sgt. Stanley Otulakowski and PSO John Trevillian arrived at the scene to assist in taking Priem to the station.

Priem was issued a violation ticket for reckless driving and was released on a \$75 bond pending his court date.

What Goes On at Your Library

By Arthur M. Woodford Chief of Central Library

Games are for kids, right? Wrong! Games are for people of all ages. Now I'm not talking about bridge, or chess, or poker, I'm talking about games like dominos, or marbles, or Monopoly. Here, let me show you what I mean.

Muggins . . . Sebastopol . . . The Magic Pentagram . . . The Cheater . . . A "Cool" Puzzle . . . Sympathy . . . Matador . . . Sir Tom . . . Fort Madison . . . The Gemini.

These are a few of the dozens of games that can be played with the little black tiles called dominos. The game, as known in Europe and America, is over 200 years old, and is played all over the world. Far older is the Oriental form of the game, which can be traced back to the second century, A.D.

In THE DOMINO BOOK, (Nelson), author Frederick Berndt tells us the rules for over 175 versions of the game, some simple and some complex. All are a challenge to the player's logic and mathematical prowess. Many of the games, all of the solitaire games, and most of the puzzles in this book, were

created by the author and are published here for the first time. This next book will tell you everything you forgot about immies, mibs, glassies, pures, pee-wees, etc., and how to play Ringer, Boss-Out, Last Clams and more than 50 other marble games.

It is THE GREAT AMERICAN MARBLE BOOK, (Workman), by Fred Ferretti. Here we have the complete compendium of marble lore, marble games and marble sensitivity. How to play marbles and how to play marbles better.

This book will tell you how to shout "Tenst," "Rolliesst," "Knucks Down Tight!" and also what those things mean. It will also tell you how to become really good at an ancient sport. How to play at least as well as the Pharaohs, the cavemen, the Aztecs, Odysseus, John Donne and Pee Wee Reese. But more importantly, it will tell you how to have some good old-fashioned fun.

Since its invention during the Depression, an entire mystique has grown up around the Parker Brothers' real estate trading game—Monopoly. This may be true perhaps, because over the years Monopoly has been played with equal fervor and fanaticism by children and adults alike.

THE MONOPOLY BOOK, (McKay), by Maxine Brady traces the history of the game, and its impact on the game-playing public. One of the principle functions of this book is to explain and clarify the rules of Monopoly, and show how to avoid some of the obstacles that get in the way of just playing the game.

It also catalogs some of the many strategies that operate during a good game, but which most players seem unconscious of, even when they themselves are using the strategies to excellent advantage.

Monopoly is not, says the author, "merely a game of chance. There are definite techniques by which you can improve your chances of winning."

Dominos, marbles and Monopoly are alright, but how about a real game you say? Well, how about backgammon and Charles H. Goren's MODERN BACKGAMMON COMPLETE, (Doubleday). Though as old as chess, until lately backgammon was a very popular game only in the Near East. Suddenly, it has caught the public's fancy.

Backgammon combines the skill of good play with the thrill of good luck. Though the roll of the dice determines each move, it is how you make the move that is the key to winning play.

More than 200 diagrams and illustrative games, analyzed and explained move by move, make the instructions in this book easy to follow and the intricacies of backgammon disappear even without the help of a backgammon board.

If backgammon isn't your game, how about MAH JONG ANYONE?, (Tuttle), by Kitty Strauser and Lucille Evans, or THE SCIENCE OF CHECKERS AND DRAUGHTS, (Barnes), by Tom Wiswell, or LEARN CHESS QUICKLY, (Doubleday), by A. I. Horowitz.

No matter what your game, from slam bidding to erecting hotels on Boardwalk, all these books and more are available at your Grosse Pointe Public Libraries.

Festival Sets Four Concerts

Meadow Brook debuts by three important musical artists and the return of several popular old friends will be featured attractions at the Festival's four concerts this Thursday through Sunday, July 31 to August 3.

Pianist Rudolf Firkušny makes his first Festival appearances tonight and Saturday evenings at 8:30 o'clock performing two concerts with the Detroit Symphony Orchestra. Pianist Cy Coleman and conductor Margaret Harris make their DSO debuts at the 6:30 o'clock Pops concert Sunday.

The "old friends" are Minnesota Orchestra Music Director Stanislaw Skrowaczewski, who has conducted the DSO three times previously including his Festival debut last summer, and the Preservation Hall Jazz Band which first appeared at Meadow Brook in 1972 and has returned every year since.

Skrowaczewski will conduct the DSO and Rudolf Firkušny in the two classical concerts Thursday and Saturday evenings. Preservation Hall will appear Friday evening at 8:30 in the fifth concert of the Festival's jazz series.

Maestro Skrowaczewski is conducting two different programs this week. Tonight's works include Mozart Piano Concerto in B-flat major K.450 and the Bruckner Fourth Symphony, both being performed for the first time at Meadow Brook.

Haddad, honor maid for her sister, in a lace-trimmed pink voile gown, full-skirted and long-sleeved, and bridesmaids Diane Semmler, Nursing Supervisor at Saint John Hospital, Gail Haddad, another sister, and Mrs. William J. Haddad, their sister-in-law.

Two wore frocks printed in a multi-colored floral-on-beige pattern. The third was in lace-trimmed blue voile.

Dr. Charles Boul, of Burlington, Vt., a classmate of the bridegroom at Albion College and Wayne State University Medical School, was best man.

Ushers included Ted Hebert, of Lansing, brother of the bridegroom, Robert Kaczmarek and Richard Davis, of Cambridge, Mass.

Gail Haddad and Mrs. William Haddad provided the music, singing three songs during the service.

The bride's mother wore a long-sleeved, jewel-necked

voile gown, floral-printed in shades of lavender and pink, the bridegroom's mother a formal length dress of pink chiffon with a matching jacket. Both mothers selected pink cymbidium orchid corsages.

The newlyweds vacationed in Aspen, Colo. They will be making their home in Ludricksburg, Germany for the next two years.

The bride attended Central Michigan University and is a graduate of Providence Hospital School of Nursing. The bridegroom completed his Family Practice residency at Saint John Hospital.

Four Pointe Girl Scouts Widen Their Horizons

Summer travel adventures range from a backpacking trip in Wyoming to a fashion career seminar in Dallas for four Grosse Pointe Girl Scouts selected to participate in the Scouts' Wider Opportunities Program.

Carole-Lee Laffler, of Senior Troop 327, plans to investigate a possible career in field ecology and wildlife management as she joins "Women in Wildlife," a two-week camping and hiking trip in Worland, Wyo.

Carole-Lee is one of 160 Scouts selected to participate in this event.

Her younger sister, Christine, of Cadette Troop 846, will explore the diverse elements which make up Midwest America as she engages in "Bubble, Bubble, Toil & Trouble" which begins in Gary, Ind.

Among field trips scheduled for the 72 BTT girls are tours of Chicago, a steel mill, a dairy farm and the Dunes National Lakeshore.

Carole-Lee and Christine, daughters of James Laffler, are both students at Grosse Pointe South High School.

Senior Scout Sandra Jacobs, of Troop 327, will demonstrate her interest in helping others by traveling to

Kansas City, Mo., to participate in "Aides to Handicapped Girls." Sandra is one of 26 Scouts selected to spend 12 days at an established camp assisting 40 physically handicapped girls.

Her duties will include feeding, dressing and lifting the campers, as well as helping them enjoy many traditional camp activities.

Sandra, daughter of Mr. and Mrs. Ronald Jacobs, is a senior at Grosse Pointe North High School.

An interest in the fashion field led Susan M. Garski, of Senior Troop 327, to apply for "Dallas Presents: Fashion Careers." Susan and 124 other Girl Scouts from throughout the country were selected for this event which highlights all aspects of the fashion industry, designing, manufacturing, selling, modeling and advertising.

The Scouts will go through a dress factory to see how clothes are made, tour the Dallas Apparel Mart Building, see designers at work and visit the stockroom of a high-fashion store to watch the uncrating, pricing and placing of new merchandise.

They'll meet and have an opportunity for many discussions with numerous profes-

sionals in the fashion field. Susan is the daughter of Mr. and Mrs. Lawrence J. Garska. She attends Our Lady Star of the Sea High School.

During each of these events, except for the Wyoming wildlife trip, the girls will live either in a college dormitory or at an established campsite. In addition,

SEEING IS BELIEVING and we believe this masterfully designed and beautifully decorated contemporary has the ingredients to please most everybody. A three level plan places three bedrooms and two full baths on the top floor. An immense living and dining area with guest powder room is at grade level. Down a few steps is a large family room AND a studio. Two backyard patios are gained through window walls in the family room and living room.

HOPE SPRINGS ETERNAL and we hope you won't miss this exquisite example of a Georgian center hall colonial, which is situated just a few feet from the lake. The two story foyer features a circular staircase from which all the major first floor rooms are gained. In addition to the formal living and dining rooms are a library, a card room with built-in bar and a garden room. There is a master suite plus four other bedrooms, all on the second floor.

A "MUST SEE" is this gracious French country house being offered in one of the best locations of Grosse Pointe Farms. From the curb the house appears overpowering, but inside you'll find just four comfortable, family bedrooms and two more bedrooms over the attached garage. The first floor has a beautifully proportioned living room which is a step down from the large foyer with its circular staircase. The library is as large as many living rooms, and the dining room formal enough for a State dinner.

CUSTOM BUILT FRENCH style home on a large lot. Five bedrooms, three and one-half baths, paneled den and attractive family room looking onto lovely garden. A fine home in the Farms, a short distance from the lake.

ANOTHER FINE custom built brick ranch is offered by Edgar & Associates. Situated on South Renaud this elegant three bedroom ranch features a family room and library. A finished basement includes a recreation room with fireplace, wet bar and a laundry room. It has central air conditioning and a zoned sprinkler system. Just reduced in price.

DESIRE THE GRACIOUS life style and tempted to move into a house which has just been updated in all departments? Then you will want to see 1321 Berkshire, a newly decorated English featuring five bedrooms, and a jazzy kitchen. There is an extra large dining room and family room, both newly carpeted, and with new window treatments. A new sidewalk, new sod and extra large garage are extra inducements.

Muti-Media Show Concludes 10th Year

The windows and dark on donations from Pointers according to SHEP director, to keep the program going," Sister Annette Zipple.

Parents and visitors moved from room to room to experience the girls' multimedia presentation that included photographs, paintings, ceramics, drama and creative writing.

Cues such as "move as if you're in the jungle — now pretend you are floating in space—now the ocean," guided dancers in the church's blue room. The girls wore costumes that they had made themselves as they swirled in front of flashing slides to electronic music.

An exciting new feature to this year's program was the musical direction of former Pointer David Gregory. Recordings of his various compositions on violin, piano and synthesizer played in many of the display rooms.

Mr. Gregory also provided live music for the dancers and worked with the girls in dancing and musical instruction for several weeks.

An artist-in-residence for the Michigan Council for the Arts, Mr. Gregory works with children as musical director of the Children's Repertory Group in New York. He also is on the staff of Martha Graham's and Alvin Alley's.

The SHEP program, now in its 10th year, includes girls from 33 Detroit area schools. It is a local bridge between racial, religious and economic lines in an educational and creative effort.

The program was created in 1966 by the Academy of the Sacred Heart in Grosse Pointe and was held for many years in local churches.

GROSSE POINTE PUBLIC SCHOOL SYSTEM RETIREES ETHEL R. GRAY, FRANK J. WELCENBACH AND AGNES WEITZEL, (LEFT TO RIGHT), MENDEL AND ANIBEL LUCATSKY, (NOT PICTURED).

By Janet Mueller

Anibel and Mendel Lucatsky met in Idaho, where she was teaching in junior high. He was supervisor of Music at her school. Now they're both taking early retirement, she as Music teacher at Maire and Ferry, after 18 years in Grosse Pointe, he as Music teacher at Kerby and Trombly, after 20 years' Grosse Pointe service.

For Mendel, it's the end of a 35-year teaching career. "I went into teaching because I like to impart what I can to others, especially to young people."

Born in Minneapolis where he was graduated from North High School, Mr. Lucatsky earned his Bachelors degree from the University of Minnesota, his Masters from Brigham Young University. He has also studied, over the years, at the University of Michigan, Wayne State University and the University of Southern California.

Prior to coming to The Pointe, he taught at the grade school, high school and college level, and his profession took him from the Midwest to the west, Macomb, Ill., to North and South Dakota as well as Idaho.

Anibel decided to make music her career when she was a little girl. She was going to be a performer—and then, in college, it occurred to her that while performers sometimes starve, teacher-performers always "ave a profession to fall back on.

Mrs. Lucatsky was born in Mason City, Iowa, where she was graduated from high school. She holds a Bachelor of Music degree from Minneapolis' McPhail College of Music.

She attended Drake University, Des Moines, as an undergraduate, and has also studied at Indiana University and Iowa State Teachers College as well as the American Conservatory in Chicago, where she was a student of violin. She had taught in five states before arriving in The Pointe.

She is a violinist, ("A very professional one," Mendel interjects), who has always played with a lot of groups. She has been concertmaster of a number of symphonies.

Both Violinists
Mr. Lucatsky's instrument also is the violin. He has played since he was a child, and has been concertmaster of several orchestras. He has consistently played with chamber groups, and has given solo recitals.

Naturally, the Lucatskys play together a great deal. They share an interest in gardening, too, and in listening to records, and they love to travel. They've never been to Europe; now that they'll have the time, they'd love to go.

Anibel and Mendel live in St. Clair Shores. They have no plans to move right away, although they may eventually head for a warmer climate. Their retirement emotions are mixed: "I'm looking forward to being able to really play the violin again, and to having more energy to do the things I had no time and energy for before," Mendel muses, "but I will miss the associations with my colleagues, naturally."

Ethel Gray came to Grosse Pointe to conduct a workshop nine years ago, because Reg Sienkiewicz asked her to. Mr. Sienkiewicz, Grosse Pointe's Director of Pupil Personnel, had been Ethel's boss in Berkeley. When he asked her to stay, Ethel again said, "Yes."

Commuter Since '68
So, since 1966, Ethel has been a commuter. It will be nice to see the sun rise in Royal Oak on a Monday morning, turn over in bed and go back to sleep, knowing it's not just a half-hour more before you have to get up, get out and get on the road.

Actually, Ethel rather liked commuting in spring and fall. Winter, she admits, wasn't so hot.

Agnes was born in Stratford, Ont., where she was graduated from Stratford Collegiate. She decided very early to dedicate her life to teaching as a career. "Children have always been very dear to me", and, believing that to be successful as a teacher one had to pursue various areas of training to meet children's needs, for many years she spent her summers taking college courses.

Back to Kindergarten
"My first ambition was realized when I qualified as a Specialist in Kindergarten and Primary Grades. I taught kindergarten for 15 years in the same classroom where I had started school as a kindergartener."

She was graduated with a Bachelor of Arts degree in Liberal Arts from Queen's University, Kingston, Ont., then took postgraduate work in Arts, Crafts, Drama and Speech.

"The Arts and Crafts led to teaching Adult Education for six years. It was fun teaching the parents of some of my young students."

She was director of Speech for the City of Stratford. She constantly kept on with her own studies: "After becoming certified in Secondary Teaching, I took Speech and Hearing at Iowa, Michigan and Wayne State University." She picked up her Master of Education degree in Special Education, with a Speech major, from WSU in 1960.

She did take one year off, when she and Grant J. Weitzel were married in 1952. The lady-of-leisure bit didn't take. "I have always felt it a privilege to teach and be with children, so I was happy to return to my profession."

Home At Last
The Weitzels moved into their West Emory court home after years of apartment living. They love having a house, and especially a yard: "It rewards us with blooms through three seasons. We have many feathered friends, too." They love living in The Pointe: "We chose our first home with the idea that we should be happy living permanently in Grosse Pointe, with its beautiful lakefront, all its cultural advantages — and four seasons."

They have traveled extensively, "although sometimes too hurriedly," and are looking forward to more travel. "Now we will be able to be more selective, and more leisurely." Williamsburg, Va., Kennebunk Beach, Me., and Michigan's Color Tour country are among their favorite haunts.

Last summer, they were in Maine and the Canadian Maritime Provinces: Nova Scotia, New Brunswick and Quebec. That completed their coast-to-coast coverage of Canada. They've cruised to Saguenay and Bermuda and through the Caribbean, spent a month motoring in Britain two years ago, bussed from Edinburgh, Scotland, to London and visited Germany in 1965, and traveled through Germany, Austria, Switzerland, Northern Italy and back to London, via car and plane, in 1966.

Short and to The Pointe

(Continued from Page 13)

RICHARD MONTAUK, son of the HOWARD S. MONTAUKS, of Hollywood avenue, has received a Bachelor of Arts degree in English from Brown University, where he was a member of the cross country and track teams, the Pre-Law and Film Societies and was elected to Phi Beta Kappa in his junior year.

ANN ROGERS, daughter of MR. and MRS. NORMAN T. ROGERS, JR., of North Deeplands road, received her Associate in Science degree June 7 from Endicott Junior College, Beverly, Mass. She completed off-campus work experience in Education and Child Care, her major field of study, during the regular college internship period, received an inscribed silver plate for her work with Project Concern, an organization of Endicott volunteers in community service, and served as president of her residence hall.

MR. and MRS. J. ROBERT FOLEY, of Merriweather road, announce the birth of their third daughter, SARAH ELIZABETH, May 3. Mrs. Foley is the former MARYLYNNE WALKER, daughter of the JOSEPH J. WALKERS, of Muir road. Paternal grandmother is MRS. JOHN SMITH FOLEY, of Merriweather road.

Receiving Masters degrees in Business Administration from Boston University this May were CHARLES L. MOORE, of South Renaud road, graduated with honors, and GEORGE C. BALLANTYNE, of University place.

They've been around in the United States a good deal, too. "We always have fun planning and arranging our own trips," says Agnes, adding that she and Grant have by no means exhausted their list of Places We Want To See. "My husband and I would like to return to Austria. And we have a dream: to go to Australia and New Zealand."

Does China Painting
One definite item on Mrs. Weitzel's future agenda is plenty of time to use her kiln. "China painting is one hobby I have studied extensively in preparation for retirement." She's equipped, too, to work with glass, sagging to make plates, dishes and free forms, and hopefully there will be time to return to her outdoor landscape painting.

"Who knows?" says Agnes. "I may even get out my looms to weave!"

The Grosse Pointe Schools have been Frank Welcenbach's whole professional life, his dedication, and though he made up his mind to take early retirement a while ago, he knows the wrench hasn't come yet. But when this year's leaves begin to turn . . .

"Terminating a professional career in a school system that captured and held my thoughts and efforts over the years is not an easy task," he wrote in his letter of resignation. "School teaching puts one on the 'cutting edge' of life in relating and working with students, parents and colleagues."

"This is 'the' distinct domain of the Grosse Pointe Public School System, and I shall always cherish my being a part of it and contributor to its human and educational dynamics."

Mixed Emotions
It's not easy to "turn off" a career, in the same community, after 39 years, and Mr. Welcenbach admits honestly to mixed emotions . . . nonetheless, he figures it's time to put this stage of his life aside, and move on.

Not, of course, on from Grosse Pointe: Frank and Katherine Welcenbach, (she's on the University Light School staff), will continue to make their home in Nottingham road.

"My greatest love is reading," Frank muses. "I'll do more of that. My gardening will continue. We have a house and we enjoy it."

"We have no specific plans for travel, other than our usual visit with relatives in Milwaukee. For the last two years we've taken a winter vacation in Biloxi, Miss.; I'd like to continue that."

"I can't see any reason to get away from Michigan during the summer." Mr. Welcenbach enjoys bowling, and golf more than bowling, and a good game of bridge, although, working,

Jamaica Hello
It's a "Jamaica Hello" this summer for Michael J. O'Berski, son of Dr. E. W. O'Berski, of Chalfonte avenue, as he sets off on a two-year Peace Corps stint.

Michael, a recent Michigan State University graduate, will be teaching and organizing Industrial Arts programs at secondary schools in Jamaica. He leaves tomorrow for the West Indies.

Music Under The Stars
Grosse Pointe's first Symphony Under the Stars Pops Concert is scheduled for a week from tomorrow, Friday, August 8, in Jacobson's D'Hondt Way. It will feature Felix Resnick conducting the Grosse Pointe Symphony in an evening of show tunes, ragtime, waltzes . . . something for everyone.

Mrs. J. Ross Bush, of Pemberton road, is general chairman, Mrs. Carolyn Barnhart, of Neff road, coordinator of the program presented by the Grosse Pointe Symphony Society and Jacobson's.

Assisting Mrs. Bush are Mrs. Rudolph Stonisch, Jr., of Lakeshore road, and Mrs. John Edgar, of Broadstone road, ticket chairman and co-chairman, respectively, Mrs. Barbara Ferry, of Washington road, program chairman, and Mrs. Judie Bailey, of Fisher road, publicity chairman.

Tickets at \$3 for the concert only, \$6.50 for a 6:30 to 8:15 o'clock buffet dinner in Jacobson's St. Clair Room plus the concert, scheduled to start at 8:30 o'clock, (\$5.50 for children under 12), are available at Jacobson's Credit Office or by contacting Mrs. Stonisch or Mrs. Edgar.

Reservations with checks must be in by next Monday, August 4. In case of rain, the concert will be re-scheduled for Friday, August 29.

MR. and MRS. GEORGE WILLIAM SISKO, of Matawan, N. J., announce the birth of a son, GEORGE THEODORE (Teddy) SISKO, April 24. Mrs. Sisko is the former YVONNE COLLIOD, daughter of former Pointers MR. and MRS. THEODORE R. COLLIOD, who now make their home in St. Clair Shores.

MARY LYNN SEARS, daughter of MR. and MRS.

RAYMOND SEARS, of Yorktown road, was among 54 student nurses receiving diplomas from the West Suburban Hospital School of Nursing, Oak Park, Ill., June 29. She served as treasurer of the Student Missionary project and experienced the project first-hand last summer in Kenya, East Africa. She plans to spend this summer in The Pointe before enrolling in Wheaton College next fall.

Masters From WSU
He holds a Masters degree from Wayne State University. He's studied at Merrill-Palmer Institute, the University of Michigan, Boston University and, (post-Masters), WSU, on a self-selection basis, concentrating on courses that would be helpful in his work, increase the breadth and depth and subtlety of his interests, rather than working for a specific degree.

He's recognized and admired within his profession. He has served as chairman of the System's elementary principals on several occasions and as a director of the Michigan Association of Elementary Principals, as treasurer of the latter group's board and chairman of the Evaluation of Teachers committee.

He's served three years on the State Curriculum committee. He's been a member of the District's Philosophy Workshop and Curriculum Planning committee, has chaired the Arithmetic Textbook committee, has served on the Grosse Pointe Community Values Study Group and the Systems-wide Written Policy Development committee—and somehow found time, for many years, to act as faculty advisor to Trombly's Boy Scouts and Cub Scouts.

Trombly's pupils, parents and staff, past and present, speak of him with love.
