## HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

**Thursday, September 4**  
AFTER NINE HOURS of often-heated debate before a packed public gallery, the Israeli Parliament on Wednesday approved the interim peace agreement with Egypt by a vote of 70-43. There were seven abstentions. Former Defense Minister Moshe Dayan defied party discipline and voted against the agreement negotiated by U.S. Secretary of State Henry Kissinger, as did his ally in the Rafi faction of the Labor Party, Mordechai Ben-Porat. The vote was taken by roll call rather than the usual show of hands at the request of the opposition.

**Friday, September 5**  
THE OFFICE OF SENATOR PHILIP A. HART announced that the senator was undergoing tests in Bethesda Naval Hospital after doctors discovered a small cancerous growth under his left arm. Sen. Hart found the growth late last month and entered the hospital earlier this week. An examination performed after the growth was removed disclosed that it was malignant. A spokesman in his office said that further tests are being conducted to determine the primary source of the malignancy. His condition is listed as satisfactory.

**Saturday, September 6**  
LYNETTE FROMM, 28-year-old follower of cult killer Charles Manson, was arrested Friday as she attempted to assassinate President Gerald Ford. She was apprehended seconds after she pushed a gun through a crowd and pointed it at Mr. Ford from two feet away as he shook hands with well-wishers outside California's capitol in Sacramento. Investigators said she apparently pulled the pistol from a holster strapped to her right leg on the outside of her calf under a flowing red robe. Conviction of the attempted assassination of a president carries an automatic life sentence.

**Sunday, September 7**  
AN EARTHQUAKE striking in the mountainous southeastern section of Turkey Saturday killed at least 2,300 victims in the tremor-prone area's worst disaster since 1966. Teams of army and civilian rescue workers pulled bodies and survivors from the rubble, mostly the remains of modest two-story mud and brick peasant dwellings. Government officials in Lice, a town of 9,000 inhabitants 45 miles north of Diyarbakir, said rescuers recovered 1,300 bodies from collapsed buildings there. More than 2,300 bodies have been counted and several other towns have still not been heard from.

**Monday, September 8**  
ARMED LOUISVILLE law enforcement officials were aboard all school buses Monday when Jefferson County schools resumed classes after a weekend in which the community was racked by anti-busing riots. Local, state and federal officials announced Sunday that 570 city and state police, national guardsmen and U.S. marshals would be aboard the buses while other officials stand guard at schools and along bus routes. At least 70 persons were arrested Sunday night in the fourth straight day of anti-busing protests.

**Tuesday, September 9**  
THE MICHIGAN Public Service Commission's professional staff has recommended that Detroit Edison Company get a \$105.9 million rate increase, which would be the largest utility increase ever granted in Michigan. A nine percent increase would add about \$1.72 to the monthly bill of an average residential customer using 500 kilowatt hours of electricity.

## Helping Keep Streets Safe for Children

Visual reminders to motorists that "School's Open—Drive Carefully" from Automobile Club of Michigan are now in use in Grosse Pointe. JACK HINSBERG, Assistant Manager, viewing poster at left, joins SGT. GEORGE BLAIR, placing the poster, and ERNEST ALDEN, Defer School Safety Patrol sponsor, to the right, to display this year's campaign poster at the intersection of Vernor and Nottingham in Grosse Pointe Park. Looking on is Safety Patroller, BILL

RATSEK, son of Mr. and Mrs. William Burns. In the background is civilian crossing guard, CHARLES SEELY, a member of the Safety Team, guiding school children across the intersection. Hinsberg points out that eight youngsters died in school bus-related mishaps in Michigan last year. Another 101 pedestrians aged 5- to 14-years were killed and many of these were walking to or from school.

## Woods Council Studies Subject Of Sign Control

Lengthy Discussion between Solons and Businessmen Ends in Unanimous Referral to Committee of the Whole

By Roger A. Waha  
A proposed amendment to Ordinance No. 198 which would have eliminated all open roof and solid roof signs in The Woods by January 1, 1978, was unanimously referred to the Committee of the Whole, (C-W), by the council after a discussion, which ran over a half hour, concluded between the solons, members of the Planning Commission and representatives of the Mack Avenue Business Men's Club.

This action was taken at the regular meeting Monday, September 8.

At the same time, the council unanimously adopted an amendment to Ordinance No. 327 which provides for the equitable distribution of the number and type of business, commercial, professional and service establishments within the city, plus an amendment to a section of Zoning Ordinance No. 88.

**Different Views**  
A main reason for the Planning Commission's recommendation to the council regarding the elimination of roof signs rests in the area of beautification. However, several businessmen said compliance with such a proposal would cause unnecessary expense and hardship, and hurt them on the advertising front.

Mayor Benjamin W. Pinos told the businessmen the council will consider the questions they raised, while noting the proposal could come back in the same form or with some changes to the solons. But at this point in time he didn't know what its exact content would be.

E. D. Grady, a member of the Planning Commission, reviewed some of the commissioners' thoughts on the proposal. He stated in the group's early deliberations, statistics provided by City Administrator Chester E. Petersen were considered.

(Mr. Petersen told the council there were approximately 54 roof signs along Mack avenue in The Woods which totaled around 18 percent of such business places. However, he noted, around 82 percent or 246 establishments were in compliance with the proposed ordinance as it is now. He also stated eight roof sign frames were currently not in use at this time.)

## Police Search For Black Cat

Farms police are requesting citizen aid in capturing a cat that has bitten three children during the last week. The cat is described as a large black male, with a white spot. It is believed to run in the Mount Vernon, McMillan, Beaupre and Chalfonte area.

## August Rainfall Sets New Record for Pointe

Normal rainfall during the month of August is 3.28 inches, but last month The Pointe was deluged with a total of 7.74 inches, according to official U. S. weather gauges maintained at the Farms Water Filtration Plant, 29 Moross road. This was in close proximity to the reported 7.83 inches that fell in Detroit. No records were immediately available at the Filtration Plant to determine how last month's rainfall compares to the last wettest August recorded. However, if it is in any way similar to that of Detroit's, that city's last record downpour was 7.7 inches in 1964. The maximum rainfall for any single day last month occurred on August 3, when 1.98 inches came down on The Pointe area; the minimum was .02 of an inch on August 5. From August 15 through August 31, the total precipitation was 4.74 inches, it was officially disclosed. So far this month, from September 1, Labor Day, through Tuesday, September 9, the rainfall was recorded at 83 of an inch in The Pointe, as compared to the 1.04 inches in Detroit for the same period.

## Some Sting Taken from Assessment

One-Half Mill Reduction Offsets Raise in Property Values But Slightly

By Susan McDonald  
A reduced millage rate for Grosse Pointe taxpayers, approved in the 1975-76 school budget, will take some of the sting out of the raised property assessments which most will be paying this year. The one-half mill reduction will offset slightly the State's evaluation increase of up to 10 percent for some Pointers.

The millage reduction is possible because of a surplus in the district's debt retirement fund. It is part of a three-year plan, which began last year, to reduce the surplus and stabilize the tax assessment.

**Budget Approved**  
The budget was approved Monday, September 8, at the School Board's regular meeting at the North High School auditorium. Superintendent of Schools Dr. James A. Adams, said the "main focus for improvement this year has been in the instructional area of the budget."

Besides a variety of new programs, the \$20,611,614 budget reflects inflationary pressures and the inclusion of several hundred thousand dollars of funds, normally spent on cafeteria and athletic operations, but not formerly included in the budget.

Excluding these "paper increases" the district will be spending 7.7 percent more on education in the coming year.

**New Programs**  
New programs funded by the budget include art courses in elementary schools, (\$80,000), a planning and evaluation department, (\$25,000 plus the cost of a secretary), and an administrative intern program.

A 300 percent increase in allocations to the summer school program also was included in the budget because of the marked success of last year's summer school which had a 50 percent increase in attendance.

New supplies and equipment will be bought with an additional \$40,000, to "make the efforts of our teachers more effective through the availability of materials," according to Dr. Adams.

The hiring of new teachers and \$30,000 for last minute staffing needs also was included, allowing the Board to surpass its 1974 millage commitment to improve teacher-pupil ratios. The (Continued on Page 2)

## Grid Squads Ready to Open

Four local football teams will open their seasons this weekend, striving to improve upon their records of last season.

University Liggett, which boasted a 6-2 mark last year, travels to Whitmore Lake tomorrow, September 12, for a 7:30 p.m. contest before returning home to play Cranbrook Friday, September 19, at 4 p.m.

Austin opens at South Lake on the 12th in a 8 p.m. game and then faces Finney Sunday, September 21, in a 1 p.m. contest at South High School. Last season, the Friars finished at 3-6.

Meanwhile, South's Blue Devils host Notre Dame Saturday, September 13, at 2 p.m. and then journey to Port Huron for a 7:30 p.m. game on the 19th. The Devils stood at 5-4 last year.

Finally, North High School will start its season at home against Port Huron Northern Saturday, September 13, at 2 p.m. On Saturday, September 20, NHS visits L'Anse Creuse for a 1:30 p.m. contest. North posted a 5-4 record last year.

## Memorial's Dinner Set For Monday

All Members Invited to Annual Event in Center; To Hear Reports, Elect Directors

The Grosse Pointe War Memorial Association invites all its contributing members to the Annual Dinner meeting Monday evening, September 29, at 7 o'clock. All are urged to attend. Dinner will be followed by the Center's Children's Theatre presenting excerpts from "The Sound of Music" under the direction of Mrs. Sydney Reynolds. Paid reservations are requested in advance at \$6.50 per person, tax and service included.

Following the dinner and entertainment, Frederick C. Ford, Jr., president, will conduct a very brief meeting at which time the Center's finances will be reviewed along with the accomplishments of the past year and plans for the future. New directors will be elected to the board and retiring officers and board members will be thanked for their volunteer services.

## ANNOUNCES CANDIDACY

Pointer Charles M. Keefe has announced his candidacy for the Republican nomination for the 14th Congressional District seat in next year's election. Mr. Keefe plans to run against Congressman Lucien Nedzi. The district includes all of the Pointes.

## Park Pondering Edison Proposal to Sell Street Lighting System to City

Tentative Asking Price for Entire Facilities in Municipality's Boundaries Between \$750,000 and \$900,000

A Detroit Edison representative approached the Park council on Monday, September 8, to feel out the council's attitude toward the purchase of the company's street lighting facilities. The tentative asking price would be between \$750,000 and \$900,000 for the approximate 1,077 poles, underground cables and other equipment.

The Edison representative, Jack Gallagher informed the solons that not only will the sale provide much needed cash for his firm, but it will also considerably reduce the city's street lighting bill, which totals about \$90,000 a year.

He said that the one drawback is that the company does not want the sale on term payments, but "hard cash," which might mean that the Park would have to float a bond issue to raise the money.

City Manager Robert Stone said that having a city-owned street lighting system is not new to the Park. The city had owned and operated its own system prior to 20 years ago, about 1955, at which time it sold the system to Detroit Edison.

One advantage to the community, Mr. Gallagher said, is where Edison is assessing costs of \$18 a month, in round figures, for a single 400-watt mercury light fixture, and \$14.75 for each residential street light fixture each month, the cost figure would drop to about \$4.25 for each light.

## Speeder Hurt in Chase Fugitive from Hospital

A chase involving police from The Farms and The City took place in The Farms early Thursday morning, September 4.

The high speed drama started when a Farms police car carrying Cpl. Otto Glanert and Sgt. Eugene Boylan spotted a 1970 station wagon carrying two passengers north on Fisher with a broken tail light.

When police tried to pull the car over, it suddenly took off at a high rate of speed. The officers put out a call for assistance and gave chase. After running a light at Kercheval, the fleeing auto turned down a number of side streets trying to lose its pursuers.

At this point a police unit from The City, driven by Sgt. Dick Clark and his partner Officer Dick Lanski pulled up behind the station wagon and tried forcing it to stop. Between Stephens and Cleverly, The City unit pulled alongside and was struck broadside as the fleeing driver tried to force the police car off the road. The unit from The City then fell behind and maintained the chase. At this point the officers were joined by another unit from The Farms. As the fleeing car headed east on Kercheval, hitting speeds of 70 m.p.h., the driver attempted to turn onto Provenal, lost control, went through a fence and struck a light pole, pinning the (Continued on Page 2)

## Schools Pay Honor to 65 For Service

Volunteers Helping with Special Programs Awarded Certificates of Merit

The many Grosse Pointe volunteers who act as chaperones, consultants and assistants to special school and library programs were honored by the School Board on Monday, September 8, at the second annual volunteer awards program for distinguished service at the North High School auditorium.

The 65 award winners have volunteered their time to staff libraries, class trips, bake sales, reading clinics and many special tutoring programs throughout the past year.

## Given Certificates

As they filed up to podium at the Board's regular meeting Monday, each volunteer received a signed certificate of merit for distinguished volunteer service from Superintendent Dr. James A. Adams and Board President Joan R. Hanpeter.

Nominations for the award were screened by the Volunteer Awards Advisory Council, which was formed by the Board in 1973. The criteria for selection included "not only the amount of time devoted by a volunteer, but also the extent of responsibility which a volunteer carried in the fulfillment of his duties," said Dr. Adams.

## The Honor List

Those honored include Sue Auch, Mary Ellen Aurelius, Hannelore Bertram, Carol Ann Brophy, Brenda Bunnell, Martha Bickley, Evelyn Brammer, Kay Candler, Gilberta Carion, Marion Coyle, Jeri Dancy, Eleanor Davidson, Dorothy Dickerson, Kay Digregorio, Laura Donath, Shirley Douglas and Marilyn Doyal.

Other honored volunteers include Shirley Dupree, Myrtle Everett, Alice Face, Rosamode Fosatti, Lollie Gerhardtstein, Johanna Gilbert, Patricia Griffin, Lee Hansen, Georgia Hartkop, Anne Haughton, Millie Hoffman, Cynthia Huebner, Janet Inley, Harriet Jones, Clare Kay, Sharon Klimchuk, William E. Lacey and Gerald Ladd.

More are Virginia Ladd, Mary Lou Laush, Joan McKibbin, Toula Macres, Juanita Mallmann, Stelene Ma (Continued on Page 2)

## Farms Council Meets Sept. 15

The Farms Council has announced it will hold its first meeting of the month on Monday, September 15, at the city hall, 90 Kerby road. The council usually schedules its meetings for the first and third Monday of each month. Since Labor Day fell on the first Monday, plus September having five Mondays this year, the decision was made to hold the meetings on the third and fifth Mondays of the month.

### Kiwanis Plans Auction of Art

The Kiwanis Club of Grosse Pointe will sponsor an Art Auction on Friday evening Oct 3, in the Fries Ballroom at the Grosse Pointe War Memorial. A champagne preview will take place at 7:30 p.m. and the

auction will begin at 8:30 p.m. Selections will include original signed oils, lithographs and woodcuts, as well as metal sculptures. Artists such as Chagall, Picasso, Dali, Maurice, Lieberman, Mercier, and many new talents will be represented. Individual piece values will range from \$1 to \$500. A large selection will fall in the \$10 to \$100 price range.

Tickets are on sale through members of Grosse Pointe Kiwanis Club, a number of business establishments in the Grosse Pointe area or by mailing a check to the Grosse Pointe War Memorial c/o Kiwanis. Tickets are \$1.25 advanced sale and \$1.50 at the door.

### Millage Rate Sliced

(Continued from Page 1) overall staffing rate for 1975-76 will be about 55 professionals to 1,000 students, as opposed to the 53 staff-1,000 students of last year.

An unappropriated reserve of \$145,000 for emergency needs and \$269,000 for a future reserve also was included. "I thought it was disastrous not to have a reserve," said Dr. Adams. "This way we can be sure to be ready for most any emergency need."

Special education and Vocational and Academic Skills Training, (VAST), programs will get a special boost this year because of increased State and county allocations. The Board plans to establish three new vocational programs as it extends the VAST program to North

High with \$118,685 of Federal funds redistributed by the State this year.

Remedial reading and programs for the mentally, physically and emotionally impaired also will get a boost with \$445,500 in State assistance and \$435,000 from Wayne County.

For the second straight year transportation costs have taken a larger bite out of education costs. This year's 24 percent increase is due mainly to the busing of students to western Wayne County for special programs, according to Thomas W. Ott, assistant superintendent for business affairs.

#### Revenue Breakdown

The State equalized valuation for Grosse Pointe has again determined that the district will not qualify for any basic funds. Local revenues will account for more than 93 percent of the total budget. The breakdown as follows:

- \$445,500 in State assistance.
- \$435,000 in county assistance.
- \$118,685 in Federal assistance.
- \$18,311,240 in local revenue.

### Police Chase

(Continued from Page 1) driver inside.

The shaken, but unharmed passenger was removed and taken to The Farms police station. He was identified as John Lee Stockton, 33, of Detroit. The driver of the car was taken to Saint John Hospital, after being freed from his car by The Farms Fire Department.

He was identified as Wilbert J. Baker, 32, of 565 Manistique, Detroit.

A police inspection of the wagon found it to be carrying open beer cans. The car also was carrying improper license plates.

A check run on Baker revealed he was wanted by the Calhoun County Sheriff for traffic warrants.

Baker was charged with fleeing and eluding, felonious driving and driving with a suspended license.

Stockton was not charged and was released by police.

At Saint John Hospital, Baker was treated for minor injuries and was due to be released to Farms police Saturday morning, September 6.

But a routine bed check at 10 a.m. Saturday morning showed Baker to have fled the hospital.

Detroit police also were notified to be on the lookout for Baker.

**Man Charged With Assault**

Kenneth W. Wallace, 18, of 12826 Canfield, Detroit, was arrested by Park police on Friday, September 5, and charged with assault and battery, (AB). He was arraigned before Park Municipal Judge John Urso and released on \$100 bond pending examination which was scheduled for yesterday, September 10.

According to information released by Lt. Gordon Duncan, there appeared to be no apparent motive for the attack against Robert Brooks, a Mack avenue store owner, and a 19-year-old female employee, as Brooks and the girl were closing the store at 7:06 p.m. on the Friday date.

Wallace, who was with a male friend, approached the girl as she waited for her employer to lock the store, and threw an arm around her neck and forced her against the store building. When Mr. Brooks shouted at Wallace to release the girl, Wallace withdrew his arm, then struck the man in the face with his fist.

When the woman employee yelled at the assailant, he turned and struck her in the face with his fist, and Wallace and his companion then fled west on Mack. Several citizens standing on the corner hailed a passing Park scout car driven by Officer Collin LaLonde. After obtaining information and a description of Wallace and the second man, the policeman began a search.

A citizen standing at the corner of Alter road, informed Officer LaLonde that he had seen two men running east from Alter to the south alley on Mack. The patrolman drove through the alley and saw Wallace running into the rear of a bar.

Officer LaLonde called for assistance and entered the bar, just as Wallace was running out the front door. As the policeman emerged through the front door, he saw Wallace being held captive by two citizens, and took custody of the suspect after placing him under arrest.

At this point, a Detroit scout car crew arrived at the scene with Wallace's friend in custody and released him to Officer LaLonde. At the Park station, Wallace was formally charged with assault and battery, and his companion was released without charge when he proved he had nothing to do with striking the store owner and the employee.

Lt. Duncan said that Wallace had been drinking before the incident.

**Volunteers for Probation Program Keeping Busy**

Members of the Grosse Pointe Volunteer Probation Program will have a busy schedule over the next four weeks covering both meeting and seminar activities.

A pot-luck dinner and general membership meeting will be held Friday, October 3, in fellowship hall, Grosse Pointe Unitarian Church, 17150 Maumee avenue, beginning at 7:30 p.m.

The highlight of the evening will be the swearing in of all volunteer members of the program, plus the presentation of identification cards by Judge George N. Bashara Jr. of the Michigan Court of Appeals, a member of the programs' Board of directors.

Meanwhile, the board of directors will meet Wednesday, September 17, at the Family Life Education Council headquarters, 20943 Mack avenue, at 8 p.m.

On the seminar front, some of the program's volunteers are scheduled to attend two different gatherings. Volunteers in Probation is sponsoring a conference Tuesday-Wednesday, September 16-17, at the Criminal Justice Institute, 6001 Cass, Detroit.

The contab will feature a wide selection of criminal justice video cassette tapes on such topics as presentence investigations and counseling drug concerns. Sessions begins at 10:30 a.m. on the 16th and 9 a.m. on the 17th.

The main theme of a seminar set for Friday-Saturday, October 3-4, at the Stouffer Inn, Northland, is "Power and Powerlessness in Probation." The main speaker for the forum will be Dr. Gordon

Blush, a forensic psychologist who has done extensive work in the criminal justice system. He will focus upon dynamics of alcohol and drug abuse and what the volunteer probation officer should look for and interpersonal counseling and dynamics of interviewing among the topics.

Finally, the summer issue of "Volunteer Views," the program's newsletter, notes under a "Did You Know That..." section, 60 volunteers have been trained, 53 probationers have been assigned to volunteers, six probationers have "graduated" from the program and to date 93 pre-sentence investigations have been completed.

**Group Needs More Clowns**

More clowns are needed by the Youth Division of The Bicentennial Committee, reports Arthur J. Kuehnel, chairman of the clown procurement committee.

As of Monday, September 8, a total of 30 youths said they would participate as clowns but 20 more are needed, he said.

A pot luck dinner will kick off the first meeting of prospective clowns Tuesday, September 16, from 6-9:30 p.m. at the Lake Front Park.

Mr. Kuehnel requests those who would like to be clowns, along with young people who plan to bring a dish for the pot luck, to call him at 881-8186 before Sunday, September 14.

(Continued from Page 1) sign frames left on buildings were considered eyesores by the commission, said Mr. Grady. In viewing the long term upgrading of the Mack avenue business district, officials felt it was only right to have an equal set of standards for present businesses as well as for potential new businesses.

The commission viewed similar ordinances not only in the immediate area but also those of other outstate cities. Mr. Grady felt this proposal wasn't taking away the right of advertising but would be taking away "a signing procedure which was not an attractive way to represent businesses along Mack."

Commissioner Thomas Fahrner stated along Mack several buildings have blank signs and the commissioners didn't want this. "I don't want Grosse Pointe Woods to look like a sign selling operation. I want it to be an attractive community," he stressed.

On the businessmen's side,

Mitchell Aubrey, president of the Business Men's Club, said he had no objection to sign standardization but was against doing away with roof signs entirely.

**Stress Need**  
If the ordinance is passed as proposed, the small businessman would be hurt irreparably via expense and the loss of advertising, he stated. He felt this would cause undue hardship on the businessmen.

Echoing this feeling was another businessman who said the proposal would force him to take down his roof sign causing hardship on the advertising and expense fronts. He added some of the signs cost in the area of \$4,000-\$5,000 and questioned why they should be removed as long as they were safe.

Yet another businessman said he depended on the signs for advertising while adding he couldn't afford placing ads in the newspapers.

Finally, another businessman emphasized, "If you take away advertising from the small businessman, you will have empty stores," (over a period of time).

While roof signs would have been ultimately eliminated by the proposal, flat or face signs would be permissible. "The proposed ordinance takes no advertising away but regulates it right against the wall as in The Park, City and Farms along Mack avenue," noted Mr. Petersen.

**Appeals Viewed**  
Other highlights of the discussion included:  
● Building Inspector Earl Wakely said one or two businesses erected signs in violation of the new proposed

**Edison Offer**

(Continued from Page 1) paying the full cost, including installation labor.

**Will Produce Figures**  
Mr. Gallagher will contact officials of Edison for an evaluation survey of the system, and bring the facts and purchase price to the council at the next meeting scheduled for Monday, September 22. He will also present figures on the cost of electrical energy, besides what Edison would assess for maintenance, as opposed to what it would cost The Park, if it did the work with city manpower, provided the city should decide to buy the system within its corporate limits.

ordinance within the last five years.

● City Attorney George Catlin said, in answer to a query from Councilwoman Joan M. Mullan on an appeal apparatus in hardship cases, the proposal provides for this.

As written, upon application to the Planning Commission, an extension of time, not to exceed two years, may be granted for the removal of roof signs beyond January 1, 1978, upon such conditions as may be required by the commission to insure the safety of such structures.

But beyond this, there was no further appeal procedure in the content of the proposal with Wayne County Circuit Court being the next step in such a case.

**Climax Reached**  
● Councilman John Sabol felt all Woods businessmen have a sincere desire to upgrade their establishments, and said the elimination of roof signs would beautify the community and increase the business ability of such places.

What brought the discussion to a close were comments from Mrs. Mullan and Councilman Rodger A. Graef. The council's representative to the Beautification Commission, Mrs. Mullan cited the irony of her "no" vote on the proposal. She stressed, "I don't want beautification at the cost of tyranny."

While not convinced the Business Men's Club totally represented all Woods businessmen effected by the proposal, Mr. Graef said he felt the measure left a lot to be desired and offered a substitute motion, (the first motion moved for adoption), to refer it to the C-W. His colleagues agreed.

**Number Increased**  
Meanwhile, the amendment to Ordinance No. 327 increased the maximum numbers of business occupancies in two categories, medical and dental offices and clinics, plus retail stores. Medical and dental offices were increased from 64 to 70, while retail stores jumped from 80 to 90.

Mr. Petersen noted that medical and dental offices already had the maximum number, while retail stores were one over the limit of 80. As a result, he recommended an increase in the maximum numbers of both categories to the council based upon the advice of Mr. Wakely of the need for such an amendment.

The alternative to this would have been through the Board of Appeals route for future occupancies.

Mr. Petersen added he didn't foresee any more changes in the measure in the near future.

**Alter Districts**  
The amendment to a section of Zoning Ordinance No. 88 altered two residential use districts in the schedule of regulations limiting the height and bulk of buildings, land use and area for residential purposes.

Mr. Wakely said the changes would affect the R-1D and R-1E districts.

In the R-1D category, under the minimum size lot per unit classification, the area in square feet was increased from 6,000 to 6,200.

Under the minimum floor area classification in R-1D, the square footage of one story per unit rose from 1,000 to 1,100, while in the R-1E category, it jumped from 720 to 1,000.

Finally, under the minimum area, two floors, classification, the square footage of "total one and a half and two story per unit" increased in the R-1D category from 1,400 to 1,540, while in the R-1E category it was hiked from 1,008 to 1,400.

Mr. Petersen said this action upgraded the minimum requirements in these two districts.

**DRIVE INTELLIGENTLY**

Did you know you could actually lose up to 10,000 miles of tread life in one busy day of extremely bad driving? Tire testing experts have done it with continuous jack-rabbit starts, screeching turns and panic stops, which can rub and peel off thousands of miles of tread life prematurely. So drive intelligently.

# First Federal Savings of Detroit proudly presents a new Grosse Pointe office. And free Timex watches for savings deposits.

The way Grosse Pointers have become First Federal customers in continually increasing numbers over the years, there was no question that the time had come for a new, more spacious office.

And now that it's time to open that new office, there's no question that a selection of fine Timex watches make an ideal new-office premium offer.

So come and see both—the office and the offer. During our Grand Opening Celebration that begins September 12.

We think you'll like our new Williamsburg Colonial design—as much as you'll like the handy, free parking lot, our expanded drive-up window

service, our additional safe deposit facilities, as well as the roominess of the office itself.

And we think you'll like the watches a lot, too. There are two groups of them:

For a \$500.00 deposit to a new or existing First Federal savings account, you can choose one of four men's or women's watches by Timex.

For a \$5,000.00 deposit to a new or existing First Federal savings account, you can choose from three men's or three women's watches of even finer Timex quality.

Naturally, we're encouraging you to act quickly, because the offer is valid only while the supply

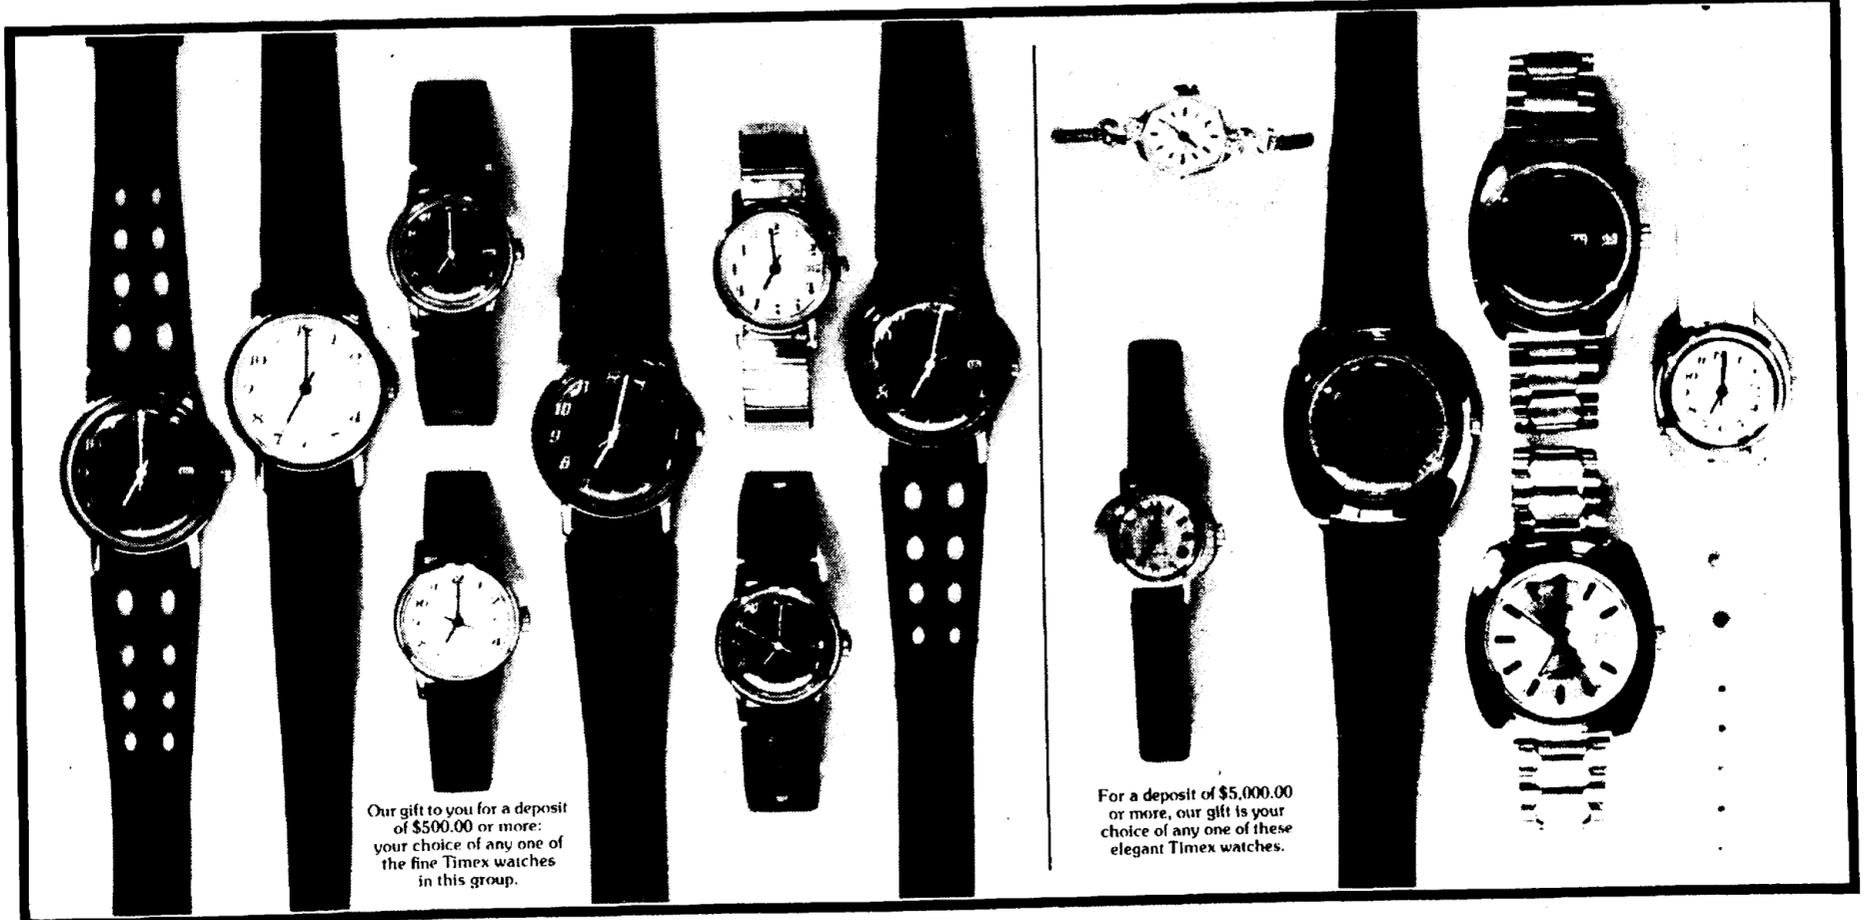

lasts, and the particular model you want might not be available for the entire offer period. Watches are available only at First Federal's new Grosse Pointe office. And, Federal Regulations permit only one gift per account.

And speaking of offers, we'd also like you to have a free copy of "A Brief History of Grosse Pointe 1679-1975." Handsomely illustrated, the pamphlet traces the community's development all the way back to christening of "Lake Sainte Claire."

So come in and say hello to the people who pay the highest interest you can get anywhere on insured savings. That's us.

**MEEK PROMOTED**  
The National Bank of Detroit has announced the promotion of Kenneth Meek Jr. of The Woods to mortgage manager in the bank's Grosse Pointe region. An NBD employee for three years, Mr. Meek receives and processes mortgage applications for residents of The Pointe area. He holds a B.A. and an M.B.A. degree in finance from Michigan State University.

**First Federal Grosse Pointe Branch to Hold Grand Opening Ceremonies September 12**

Hans Gehrke, Jr., chairman of the board of First Federal Savings of Detroit, will host grand opening ceremonies for the introduction of the Association's newest permanent branch office.

Located at 633 Notre Dame, near Kercheval Place in Grosse Pointe, the handsome colonial building will be officially opened on Friday, September 12 at 9:00 a.m. with ceremonies that will include local officials and notable citizens. Business hours for the new office are 9:30 a.m. to 4:30 p.m., Monday through Thursday, and 9:30 a.m. to 6:00 p.m. on Fridays.

Said Mr. Gehrke, who is a resident of Grosse Pointe: "First Federal Savings has been a part of Grosse Pointe for 20 years. With our new, enlarged facilities, we hope to show our appreciation for the many fine customers we have had through the years, and also make a greater contribution to the entire community through better service."

The new office will feature an almost 50 percent increase in floor space, as well as more safety deposit boxes, convenient drive-in facilities, and free parking for 24 cars.

Assistant vice president and branch manager Peter Waggoner will continue in his position as Grosse Pointe manager, and will oversee the distribution of premium gifts that will be given away to customers who open new accounts during the introductory, grand opening period.

The gifts consist of a wide selection of Timex watches, one group for accounts opened with \$500 or more, another group for accounts of \$5,000 or more.

In addition to expanded financial service to the Grosse Pointe area, First Federal Savings is also demonstrating its policy of cultural enrichment through the commission of several works of art which will be on permanent display in its Grosse Pointe office.

"La Cote du Lac," an original oil by artist William House of Grosse Pointe, is a representation of the Grosse Pointe lake shore as it looked at the end of the 19th Century.

Carefully researched, the painting shows many of the original mansions built by the captains of business and industry of early Detroit. A free guide to the buildings in the painting has been prepared by First Federal to aid the viewer's pleasure.

In addition, artist Thomas Marker, known for his marine paintings of the Great Lakes, has executed an outstanding series of pen and ink drawings of some of the early homes that graced the Pointe.

First Federal has also compiled and published a brief history of Grosse Pointe that will be available in brochure form to customers and non-customers alike. This public service is provided in the belief that business can be better conducted in an atmosphere of understanding and appreciation for its environment and historical roots.

**Woods Resolution Backs Bryant**

(Continued from Page 1) discriminatory" to local communities that are situated in counties containing a population of over 1,000,000 people.

It states such discriminatory provisions of this statute provide that local legislative bodies must approve the issuance of Class C bar licenses as a prerequisite to approval by the LCC, but cities located in counties of more than 1,000,000 population have no such voice or approval authority over the issuance of such licenses.

"Unequal Treatment" The measure then notes that Rep. Bryant introduced the bill which would eliminate the "basic unequal treatment" being afforded to local governments within counties of more than 1,000,000 population "by providing that all Class C licenses would require approval for issuance by the local legislative body without regard to the population of such county."

It finally stresses the city's

support of the "home rule" concept and "the philosophy that local government should retain local control over those matters that effect the quality of life within their community."

The resolution cites the council's appreciation to Rep. Bryant for his efforts and urges the House Committee on Liquor Control to take early favorable action on the bill.

A copy of the measure was scheduled to be sent to all Wayne County communities to solicit their support for the bill's passage.

**Ordinance Viewed**  
In the suit against the LCC, the city, besides asking the court for the temporary and permanent restraining orders, requested the court to declare Ordinance No. 89, adopted by the electorate on November 4, 1952, to be valid and a legally binding law which restricts the council to approval of only three Class C licensed establishments within the city.

This measure provides that the council shall not approve and/or signify its approval of the issuance of any future or any additional Class C and/or Tavern Licenses to be issued by the LCC.

Related to this point is the fact that the LCC in July 1971 notified the city that, under the 1970 Federal census, the municipality's population was such that The Woods was entitled to have 15 Class C licensed establishments in accordance with the population formula contained in State statutes.

Focusing upon Ordinance No. 89, the suit says that since November 1952, the council, abiding by the law's provisions, has "consistently signified disapproval" of any request by the LCC for the proposed issuance of any additional Class C licenses "for

He recently retired from the Andersen and Co. accounting firm where he was a partner in the tax division. He is now a consultant to the firm.

**Five 'Porgy' Dates Added**

Five additional performances of Michigan Opera Theatre's season-opening production of "Porgy and Bess" have been added to the previously announced schedule. Dr. David DiChiera, general director of the opera company, has announced.

"This means that we will present 10 performances of 'Porgy' between October 3 and 11 at the Music Hall in downtown Detroit," Dr. DiChiera said. "We're including these extra shows so that everyone will have an opportunity to see George Gershwin's classic work about life on Catfish Row during the 1920's."

"This will be the first Detroit production of 'Porgy', so we anticipate a big demand for seats."

Tickets may be ordered by mail or phone by contacting MOT at 350 Madison avenue, Detroit 48226, or by calling 963-3717. Beginning September 15, tickets may be purchased at all J. L. Hudson and Grinnell stores throughout the state, or at the Music Hall box office, 963-7680, between 10 a.m. and 6 p.m., Mondays through Saturdays.

Evening performances will begin at 8:30 p.m., with the exception of the Sunday, October 5, Family Night, which starts at 6:30. Curtain time for the two matinees, October 8 and 11, will be 1:30 p.m.

**Men Gardeners Meet Sept. 18**

Harold Thomas, owner of Harold Thomas Nursery, Livonia, will speak on "Trees: The Roots of the Problem" when the Men's Garden Club of Grosse Pointe holds its first fall meeting Thursday, September 18, at Brownell Middle School, 260 Chalfonte avenue.

A native of Xenia, O., Mr. Thomas first became interested in landscaping and horticulture when the local high school offered a course in agriculture. When his family moved to Farmington, he enrolled and completed the "short course" in those subjects at Michigan State University.

In 1936, he commenced business in Redford Township and continued there until 1950, except for the years 1941-1945 when he did landscaping work while in military service for the United States Army.

His company was one of those selected to landscape the New York World's Fair.

Mr. Thomas will cover shade trees, evergreen ornamental trees and their places in residential landscape design. The program will be a "Ladies Night" and also will feature a members' flower show. All gardeners in the area are invited to attend.

**Pointe Police Named to All-Stars**

Five Pointe police officers out of 12 players selected were recently named to the all-star squad of the six-team Blue Division of the Metro Police Softball League. who led the Pointers in runs scored while finishing second in batting at .550; Shores Officer ARCHIE GRIEVE, team leader in home runs with 12; and Shores Officer JOHN TREVILLIAN, co-manager, batting leader at .557 and "number one" in total hits and two baggers. The Pointers won their division with a 15-1 record and were runners-up in the playoffs with a 5-2 mark.

**Workshop Views GP Churches**

Two Pointe churches will be the subject of the first on location photography workshop conducted by former War Memorial photography instructor Joseph P. Messana on Saturday, September 27.

The pair of local churches, Saint Paul's, 157 Lakeshore road, and the Grosse Pointe Memorial Church, 16 Lakeshore road, will be photographed by class members as part of the fall workshop which begins Saturday, September 20, with a free slide lecture and orientation at the Henry Ford Centennial Library, Dearborn, and concludes December 6 with a Christmas party and critique session.

Beginning at 10 a.m., the special double session at both churches includes four hours of shooting with a stress on interiors, stained glass windows and exterior views. This session runs \$13 for a full day.

Other highlights include a visit to a famed Frank Lloyd Wright designed house in

Bloomfield Hills, (limited to 20 people), and a special fall color session at Lechworth State Park, New York.

Mr. Messana, who has had 150 color spreads in a variety of travel and architectural magazines in the past 12 years, along with several one man shows, said those who are interested in an information sheet on the workshop should write him at 5574 Lakewood avenue, Detroit 48213, and include a self addressed stamped envelope.

For immediate information, he may be reached at 821-6619.

Hypertension means high blood pressure, or pressure is above normal. Blood pressure varies with individuals, and with individuals at different times. Emotions such as fear, anger, and worry cause blood vessels to constrict, and this increases the blood pressure. Hypertension is more frequent among the middle aged, but it may occur at any age, even in babies. The average age of its onset is in the thirties. It is important to be tested for high blood pressure regularly by your physician.

Most cases of hypertension can now be controlled with modern drugs. At THE PARK PHARMACY, 15321 E. Jefferson, Grosse Pointe Park, our professional pharmacists keep alert at all times to make sure we have the latest medications available. We work closely with your doctor to keep him informed of any new drugs. We also keep a full line of non-prescription medications, beauty aids, greeting cards and baby supplies. The resident said when he came home for lunch, the milk chute door was slightly open and several items were found missing. These included eight gold water goblets with an estimated total value

of \$120 and eight gold champagne goblets of the same total amount.

Other goods taken included a half case of champagne, \$32; a French cradle-style phone, \$45; and two gold platters, \$70.

More items taken include a silver punch bowl, three fifths of liquor and camera flash attachments, all of unknown value.

Police said entry was apparently gained through the chute as all doors were locked.

### Friar Harriers View 'B' Title

Austin will field a cross country team which looks to be one of the best in Michigan Class "B" this fall.

The squad which was ranked fifth in the State last fall has lost only John Monahan of The Shores last year's Class "B" mile champion, who will attend the University of Michigan, and one transfer student to South High School from its top five runners.

The varsity squad will be fortified by Senior co-captain Ron Lang, junior Dan MacLellan, sophomore Brad Cwycyshyn and freshman Tom Lewis.

As Austin competes to capture the State title this fall, several Pointe residents will be instrumental in the fighting Friars' quest.

Among the Pointers will be senior Ernie Chiodo of The Park, who was a State finalist in the mile last spring as well as finishing 27th in the State in cross country last fall.

Senior Paul Denis of The Woods has been running for only seven months, but has averaged 100 miles each week of the summer to gain a solid foothold on varsity.

Aikido Class Set by Schools

The highest ranking Aikido master in the United States will give a free demonstration of little known Japanese martial art, Wednesday, September 17, at at Richard School, 176 McKinley avenue.

The demonstration by Takashi Kushida, a seventh degree black belt, will begin at 7:30 p.m., in the gymnasium. The demonstration is an introduction to a 10-week course sponsored by the school systems' Department of Community Services.

Aikido could be translated as "the way of harmony with the spirit, (life force)."

It has been gaining a hold in recent years in some North American cities including Detroit, Ann Arbor, Flint and Wyandotte.

It is often initially defined in terms of what it is not. Aikido is not competitive, such as judo, it is not aggressive, such as karate.

A central concept and goal in Aikido is harmony — not only with the outside world and other people, but within yourself.

Persons who wish to enroll in the Aikido class should call 885-3808.

Flexing Hurts Tires

Lots of flexing may build up human bodies, but too much flexing tears down tires. Underinflation causes an extreme "giving" motion in the rubber and fabric, which overheats and strains the bond between layers of tire material.

**Youth to Face Circuit Court**

An 18-year-old Detroit youth, who's charged with entry without permission with intent to commit larceny, waived his Woods Municipal Court examination Wednesday, September 3, and was bound over to Wayne County Circuit Court for trial, reported Woods police.

The Circuit Court arraignment date for Duane Allen Hampton is scheduled for Tuesday, September 30. The suspect is currently out on \$1,500 bond.

Hampton and a 16-year-old juvenile were arrested on Saturday, August 16, for their alleged involvement in taking a pair of bikes from the attached garage of a Woods home.

The case of the juvenile was referred to the Youth Service Division which filed a petition on the youth with the Wayne County Juvenile Court charging him with entry without breaking with intent to commit larceny.

**Lawyers Win Softball Title**

Several Pointers were among members of the Tanielian-Bohan team which won the coveted Jack Dougherty Memorial Trophy Wednesday, August 27, in Lawyers Softball League action.

The winners defeated the Plunkett-Cooney team, 9-1, to cap a perfect season — the first in the league's eight year history.

Jim Tanielian of The Shores provided the big blow for his squad with a bases loaded single to drive in two runs early in the game. With that, plus fine defensive play and Rick Schmidt's three-hit pitching, Tanielian-Bohan coasted to victory.

Winning the trophy meant even more to Mr. Tanielian and Pointer Richard Bohan because they grew up with Mr. Dougherty, a Pointer attorney, who drowned last year in a boating accident on Lake St. Clair.

Other Pointe members of the winning team, according to Mr. Tanielian, included Steve Kinsley, Mike Kingsley, Earl Ward, Charlie Pfeiffer, Mike Brady and trainer Bill Curley. Local members of the runners-up Plunkett-Cooney squad included Tom O'Leary, Jim O'Leary, Larry Donaldson and Stan Prokop.

The trophy was originally instituted by "The Legal Advertiser" newspaper in 1968.

**Report Cases Of Vandalism**

Two incidents of malicious destruction of property were reported to Woods Officer Charles Philip Hamel within a 15-minute period Wednesday morning, September 3.

In the first instance, a Hampton road resident said someone knocked down a 12-foot section of white picket fencing along the side of his home.

A neighbor, a Roslyn road citizen, said she came home about midnight and stated the fence was up at that time. Police said it could not estimate the cost of the repairs.

The neighbor also said that sometime during the night someone threw four bricks into her swimming pool. She heard the noise outside but didn't see anything upon checking.

The woman also stated that somebody tossed debris into her pool on Sunday, August 31. And when she reached into the pool, she discovered that acid was thrown into the enclosure as she burned her hand.

The woman added there had been large groups of teens hanging around the vicinity lately.

**Pointers Named To Art Group**

### Hunt Club Has Tennis Tourney

The Grosse Pointe Hunt Club completed its annual club tennis tournament last month with the names of the winners being engraved on the club's new trophy donated by Robert and Jennie Muir.

It will be on permanent display at the club and the names of winners in following years will be added.

This year's winners also will receive personal trophies at the club's party following Tennis and Crumpets Saturday, September 13. Jim Bruno survived a slow start to win the men's singles championship over Dr. Milton Hoffman with scores of 1-6, 6-3, 7-5.

The men's doubles team of Denny Cavanaugh and Tom McCarthy showed awesome power as they defeated Dr. Hoffman and Ed Larson, 6-1, 6-0.

The ladies singles title went to Beverly Nicholson as she defeated Jennie Muir, 6-1, 6-4. Carol Harper and Emmy Grow teamed to defeat Gloria Schmidt and Barb Johnson, 6-2, 7-6, to take the ladies doubles crown.

Rollin Allen and Emily

Gail beat back a late rush by Bill and Betty Kohr to win the mixed doubles title, 6-3, 7-6.

The club had hoped to establish its Club Championship Tournament as a clay court contest but bad weather this year forced the finals indoors. However, most of the early rounds were played on clay.

The club was very pleased by the diversity of those who made it into the finals which officials said spoke well for the balance of players within the club's tennis membership.

### Club's Center Awaits Teens

Nothing to do after school? Need a place to loaf away an afternoon? The Neighborhood Club, 17150 Waterloo avenue, suggests you stop by their Teen Center, which has already opened for the fall.

From 3:30-5 p.m. on weekdays, seventh through 10th grade teens can enjoy billiards, table tennis, floor tennis, table soccer, television or the fast moving game of air hockey which will be added in the near future.

Beginning in October, lounge hours will be 3:30-5:30 p.m. weekdays, and 12:30-3:30 p.m. on Saturdays.

John Shaheen, club program supervisor, notes, in addition to the usual table games, monthly tournaments will be sponsored in everything from pocket billiards to "battleships."

Sports equipment, such as floor hockey sets, footballs and soccer balls also will be available for teens to check out for outdoor use. There is no fee for any of these teen activities, added Mr. Shaheen.

### NHS Harriers Grab Victory

By Diane Marsteller

North High School's cross country team ran last weekend in the 11th Annual West Bloomfield Invitational meet which featured 25 teams and 175 runners in the three-mile event.

Dave Lewis led the way as North totally ran away with the honors with a low score of 33 points. Kalamazoo Loy Norrix was second with 71 points.

Lewis was first with a time of 15:31 and Jeff Stafford was second at 15:47. Bill Weidenbach was sixth overall, Dale Savage took eighth and Rob Peleman was 16th to give North their 33 points.

Others running for the Norsemen varsity were Rick Quinones in 28th place and Mark Kennedy in 36th place.

Coach Tom Gauerke was delighted with the squad's performance as this is one of the big meets of the year.

### Austin Prep Opens Grid Season on September 11

Austin Prep will enter this football season with a totally new look.

Instead of playing in the Catholic League Central Division against predominantly Class A schools, the Friars will duel with members of the Catholic League A-East Division.

The team's wishbone offense also should add to the new look.

Head coach Pete Pucher and his entire staff, with one exception, begin their third year guiding the Friars football fortunes.

Eighteen returning varsity lettermen and 10 members from last season's freshman Catholic League championship team are expected to play key roles. Speed is a strong point with four backs able to cover 40 yards in under five seconds wearing full equipment.

This will be the fourth season as a varsity starter for fullback and captain Tom Kasunic, a 6'2" 192-pounder. Last year Kasunic led the squad in number of carries, rushing yardage, total offense and touchdowns and also did the punting. He'll go two ways, playing safety on defense.

The prime reason that coach Pucher decided to install the wishbone was because of Kasunic's bruising power as well as the speed of sophomore Bill Ibianski.

Last fall Ibianski dominated the statistics on the freshman team and just missed gaining 1,000 yards in seven games. Not big at 150 pounds, he is a natural ball carrier who has had no trouble adjusting to varsity competition.

Senior Keith Kroll, a standout on the track team, and speedster Rich Counsman, a junior who can play either tight end or halfback, provide other scoring threats.

Senior tackle John Ramm, a 6'3" craftsman who tops the scales at 206, is the man being counted on to open the holes on the line. Another dimension is added by kicking specialist John Pollock, a senior, whose foot gave Austin an overtime victory against Finney High in 1974.

Team spirit has reportedly been excellent, with a knee injury to sophomore standout Kevin Norris being the only negative note. Norris, a 195-pound, 6'1" lineman will miss the entire season.

Austin opens its schedule against two non-league opponents, South Lake tomorrow, September 12, and Finney High on Sunday, September 21. Five division clashes follow and then a finale against Bishop Gallagher from the Double A Division on November 7.

### Center Classes to Start Again

Courses which have received enthusiastic reception at the War Memorial will be repeated this fall.

Slymnastics, a course which enables one to keep slim, trim and fit as well as graceful with rhythmic exercises and dance, is again taught by Richard Dove on Monday afternoons, September 22-January 12, from 1:15 to 2:45 p.m. The fee is \$35.

Folk Guitar I and II also are being repeated on Monday evenings under the direction of Harvard graduate, Alexander Suezek, who has masterminded most of the musical events at the Center for the past several years.

A master of the guitar and nine languages, Mr. Suezek teaches his students to accompany themselves and others in songs of many lands through an increasing mastery of chords.

Folk Guitar I for beginners meets from 6:45-8 p.m. September 22-November 24, and Folk Guitar II for intermediate and advanced students meets the same evenings from 8-9 p.m. The fee is \$22 for 10 weeks.

Off the Loom Fibre Techniques for Making Rugs and Wall Hangings will be offered Tuesday afternoons from 1-3 p.m., September 23-November 11. The course will cover basic techniques, designs on backing and graph paper, color shapes, both one and two dimensional, and

flat and stuffed hangings. Janet Kelly, B.F.A., Wayne State and a graduate of Arts and Crafts, is the instructor. The fee is \$40 for eight weeks and the course is strictly limited.

Water Color classes with "Who's Who" instructor Ingrid Hofer will be given Thursday mornings from 9-11:30 a.m. The course is limited and advance enrollment is requested. The fee is \$45 for a term of 10 lessons beginning September 25.

Les Dentelles Aux Fuseaux the delicate art of making lace with multiple bobbins on pillows, will be taught by Mrs. James Ruffner on Thursday mornings, September 25-November 13, from 9-11 a.m. Here, ladies learn the art of making lace to add elegance to linens, lingerie and pillows. The fee is \$36.

### Young Gridders Set Schedule

The Little League Football Red Barons, which includes boys from 9-12 years of age who reside in The Woods, Farms, Shores and Harper Woods, will open their season Sunday, September 14, against the Roseville Rebels at Roseville.

Other games are scheduled for Sunday, September 21, St. Clair Shores Black Knights, North High School; Sunday, September 28, Sterling Heights Chargers, University Liggett.

More include October 4, East Detroit Tiger Cats, East Detroit; October 12, Roseville Raiders, University Liggett; October 19, Mount Clemens-Barracudas, Mount Clemens; October 26, St. Clair Shores Green Hornets, University Liggett; and November 2, Grosse Pointe Lions, North High.

All freshman games begin at 1 p.m. followed by the junior varsity and varsity games. The East Detroit game is at night with the freshman beginning at 6 p.m. The public is invited to attend all games.

### Indian Guides Seek Members

South High School will be the setting for two short meetings of the Grosse Pointe Y-Indian Guides Federation at 7:30 p.m. Tuesday-Wednesday, September 16-17. The purpose of the organization is to foster the companionship of a father and his son. Membership is open to all fathers of first, second or third grade boys who attend school in the Pointes.

The good turn you hope to turn into a good trade seldom works.

Deal in futures — to get ahead one must look forward, always.

Keep promises on a sound basis — don't be a trust buster.

## 'Instant' Food for Thought

Completing my shopping in one of the sprawling malls located in the suburbs last week, I stopped for lunch in one of the restaurants numbered among the many clothing, sporting and variety stores.

Once inside I ordered a turkey sandwich and a glass of iced tea.

What I received seemed to be something different.

The sandwich was served on a corrugated paper plate along with a small plastic spoon.

The turkey was a gray circular mass that had a metal taste to it, as if carved from a tin turkey. The mayonnaise I ordered on the sandwich lay next to it, sanitarily wrapped in little plastic packages.

The iced tea was instant, with the taste and color of rusty water. It sat in a styrofoam cup. The sugar and lemon for the tea were combined in another package labeled "for my convenience."

After finishing my "food," I deposited one cup, one plate, one spoon, two mayonnaise packages, two sugar and lemon packages and one napkin in a waste basket on my way out.

My total time in the restaurant couldn't have been over 10 minutes.

Walking away, I couldn't help but wonder how the idea of convenience had been changed. Restaurants used to cater to their clientele, but the roles now seem reversed.

Plastic packages and plastic food seem to be the only things available to the consumer today. Everything is instant or as near to it as possible.

Apparently the idea is to quickly move vast herds of patrons in, feed them processed, artificially flavored foods and make them deposit their litter on the way out.

Freshly brewed iced tea with lemon wedge is becoming increasingly scarce these days. One company advertises its instant product by saying "now that's real iced tea." Believe me, it isn't.

Even more rare is the restaurant serving that great American delicacy, the unfrozen french fry. The usual fare offered is a crinkly-cut soggy imitation that tastes and resembles deep fried cigars.

If you know of a restaurant serving fresh "fries," patronize it while you can, before it becomes "civilized."

While I am not a gourmet, neither am I the unthinking slob without taste buds food processors wish me to be.

Some may accuse me of stirring up a "tempest in a teapot," but what goes into that pot should be of concern to all of us drinking from it.

The idea of factories grinding out tons and tons of processed food for our consumption is appalling.

Restaurants and fast food chains are big business, and business should be allowed to make a profit. But if that profit comes at the price of flavor and variety, I protest.

This is one consumer who wouldn't mind paying a little more for freshness and flavor, and a little less for "convenience."

## Letters to the Editor

Dear Mr. Edgar:

First Federal Savings of Detroit wishes to extend its thanks to you for your personal interest in our project, "A Brief History of Grosse Pointe," a public service brochure which will be available to all visitors to our new branch office in Grosse Pointe.

"A Brief History of Grosse Pointe," was undertaken with the wish to help create the atmosphere of understanding and appreciation for our "roots" in which business and civic pride may flourish. Your newspaper provided

an excellent research source — and our task could not have been completed without many hours of checking and cross-checking information from issues of "The Grosse Pointe News," both past and present.

Although this is the first project of this nature we at First Federal have executed, it has been a fascinating one that encourages us to do more. Your newspaper added to this inspiration and we are deeply appreciative.

Sincerely,  
Peg McCarthy  
Project Coordinator

## What Goes On at Your Library

By Arthur M. Woodford Chief of Central Library

Money is a subject that everyone seems to be interested in these days. This includes publishers, booksellers and libraries too. Books about money, in all its various forms, have been among the most frequently requested titles at the Grosse Pointe Public Libraries this year.

Published back in January, Martin Mayer's THE BANKERS (Waybright and Talley) was an immediate success. Mayer is remembered for his MADISON AVENUE USA, WALL STREET: MEN AND MONEY, and THE LAWYERS. In this new book he turns his pen on the country's troubled banking industry. Writing in layman's language, but also providing much information that will be enlightening to professionals, he warns the reader up with a quick history of banking and a short course in banking principles. Then he concentrates on the "revolution" that hit U.S. banks in the 1960's and the pressing problems — inflation and high interest rates — that threaten today. Mayer interviewed hundreds of bankers, and he gets them down on paper as interesting individuals; and his descriptions of complex operations are lucid and stimulating. He is dubious about government-sponsored studies that recommend less banking regulation, and is convinced that while booming expansion of banks in the 1960's was necessary at the time, "there is a counterrevolution in their future."

This next book is a novel about banks and banking and has been one of the top circulating books at all three of our libraries — THE MONEYCHANGERS (Doubleday) by Arthur Hailey. One thing we've come to expect from Hailey's popular, commercial novels (remember WHEELS?) is a thoroughly researched background. This newest book, an inside look at American banking, is no exception. Another Hailey knack is choice of subject, his ability to pick a background that touches just about everyone. He's done it again, and this is perhaps his best effort.

THE MONEYCHANGERS unlocks the doors to a big Midwest commercial bank, one of the top 20. The president's imminent death sets off a power struggle for the top position. The two combatants are Roscoe Heyward, a competent if limited moneyman, and Alex Vandervoort, a flexible and far-seeing officer. Through their struggle and its effects on the First Mercantile American Bank's daily life, readers become privy to the inner sanctums of the money-changers. Individual stories are engaging and dramatic, but the dominating and irresistible element here is the institution itself.

The biggest book of this group, literally and figuratively, is SYLVIA PORTER'S MONEY BOOK (Doubleday). Recently honored for her avidly followed writing on economics as one of the ten "Women of the Year," Ms. Porter is probably best known for her syndicated column. In her new book she covers the entire spectrum of money: earning it, saving it, borrowing it, investing it and enjoying it. Smartly she begins by helping the consumer-reader pace himself by "class" in terms of earnings. Through more than 1,200 pages and 28 detailed, but clearly organized chapters, she provides accurate basic facts and guidelines for personal and family finance. It is an invaluable volume, covering "everyday matters" (budget, borrowing, shopping, health), milestones like children, divorce, wills and funerals — and finally, consumer rights and where to find help. This is a resourceful companion through the economic jungle.

This last book published just a couple of weeks ago is certain to be as big a best seller as the above three titles. It is John Kenneth Galbraith's MONEY: WHEN IT WENT (Houghton, Mifflin). Galbraith is at his brilliant and stylish best in his discerning and often dryly amusing history of money, its forms, uses, abuses in Western economies from the Romans of antiquity to the free-enterprise fundamentalism of Nixon and Ford. Here the renowned economist, confronted by the currently exposed "fatal flaws" in the Keynesian system of governmental interventions, is at his most relaxed and most enjoyable. Galbraith handles the enormously complex forms and functions of money and monetary systems with clarity, discussing paper currency, banking, the financing of wars, the Federal Reserve and the FDIC, capitalism's characteristic boom-and-bust cycles, and today's unprecedented one-two wallop, inflation and recession.

## From Another Pointe of View

By Janet Mueller

As you enter the foyer of the War Memorial's Fries Crystal Ballroom next Thursday, on your way into the fabulous fall Grosse Pointe Horticulture-Bonsai Show, (there's a big story telling all about the show on page 16 of this paper), keep an eye out for the handmade needlepoint rug fashioned by members of the Garden Club of Michigan.

Actually, you won't really have to keep an eye out for the rug—you'll SEE it, and you'll LOOK at it, and you'll stop to marvel at its exquisite workmanship.

The rug's a beauty: it's not easily passed by . . .

It was designed by Peggy Gotfredson, executed by 12 Garden Club of Michigan members who each completed one square. It will be given away at a cocktail party at the Country Club Thanksgiving weekend, with Garden Club members and the boards of Cottage Hospital and the Grosse Pointe War Memorial in attendance.

Or is it 1975? That's the fascinating you-never-know thing about today's hair. It can be as romantic as the turn of the century. As vampish as the thirties. Or as geometric as the year 2000. Girls just don't have to look like other girls anymore. They can look like themselves. Or any self they want to be. It's all done with hair. Their own. And some that isn't. And the secrets of a very skillful hairdresser. If you'd like to indulge in a little self-expression, see us. And name your year.

## Horticulture-Bonsai Show Set September 18

Hours Are 2 in The Afternoon to 9 in The Evening; Everyone Is Invited to Submit Specimens; Junior Entries Are Especially Welcome

The annual autumn Horticulture-Bonsai sponsored by the Grosse Pointe Garden Center and the Grosse Pointe War Memorial Association has been scheduled for next Thursday, September 18, in the War Memorial's Fries Crystal Ballroom.

Pointe home gardeners, young and older, are invited to enter specimens from their summer crops of flowers, fruits and vegetables, to help make this the biggest, best show ever staged.

Judging will be on merit of entry, with special sections for Juniors 12 and under.

The show runs from 2 in the afternoon until 9 in the evening. The closing hour's a bit later than in the past, but this year it was decided to extend the hours so friends, family members and others who work during the day may view the exhibits, including Bonsai trees produced and maintained by participants in the Garden Center's Bonsai classes.

Keith Scott, nationally-known expert from the Cleveland Bonsai Club, will be on hand to judge and evaluate the Pointers' work. Last year, local enthusiasts exhibited 72 rare and unusual specimens of the art of cultivating miniature trees in the Japanese manner.

"Two Hundred Years of Hospitality in American History" is the theme of the invitational Bicentennial table arrangement section. Four tables will be featured: 17th Century Colonial, by Mrs. Frederick A. Studer; 18th Century Williamsburg, by Mrs. Henry S. Reynolds, of The League Shop; 19th Century Victorian, by Mrs. Peter E. Biglin; and 20th Century Contemporary, by Mrs. Clarence Kramer, who won first honors in the recent Village Flower Arrangement Competition.

James Farquhar will continue the courtesy he has extended for many years, composing a grouping of plants, all from Grosse Pointe Florists, around a garden fountain.

Mrs. Arthur O. A. Schmidt, Garden Center president, has appointed Mrs. David C. Lowe to head the Horticulture committee and Mrs. Monte J. Edelen and Mrs. Harley G. Higbie to co-chair the Bonsai committee.

Mrs. Lowe recently invited everyone to a final planning session and buffet luncheon at the Oxford road home of her daughter, Mrs. Robert J. Flood, Jr., where the combination of fun and work, plus a lovely summer day, proved very successful. Workers' rewards were slips of fragrant rose geranium from the Floods' garden.

Two garden clubs, the Vil-

lage Garden Club, Mrs. Robert Everett, president, Mrs. Joseph Caskey and Mrs. William Post, representatives, and Deeplands Garden Club, Mrs. Edwin G. Evenden, president, Mrs. Stuart Davidson and Mrs. Urban W. Borsch, representatives, are assisting the committee this year.

Others bid to the luncheon meeting included committee members Mrs. John Veech, Mrs. C. Bayard Johnson,

Mrs. Henry S. Walker, Mrs. George Rapp, Mrs. David N. Viger, Mrs. Henry N. Peabody, Mrs. Harold R. Smith, Mrs. Schmitz, Mrs. James A. Lafer, Miss Marie Louise Anderson, Mrs. Harry W. Frost and Garden Center President Dorothy Schmidt.

The Mesdames Higbie, Edelen and Ogden were there, too, to coordinate Bonsai section plans.

Included in the show are annuals, biennials, perennials, gladioli, berried shrubs, roses, fruits, vegetables and edible greens, plus, of course, Bonsai.

There is no exhibit entry fee. Specimens should be brought in between 8:30 and 10:30 o'clock Thursday morning, so judging can begin at 11. No entry may be removed until 9 that evening. Each person may submit

only 10 different specimens—one entry in each variety. Flowers should have foliage attached and stems should be of pleasing length, clean, and with no insect damage. No artificial gloss may be used.

Entry tags may be obtained early at the Garden Center Room in the War Memorial.

Admission to the show is free.

Plants by Lite will have a special display, and Environmental Action Now will staff a Concern table.

Added inducement to at-

tending the show is a chance to walk through the exquisite formal gardens maintained in front of Fries Auditorium in memory of the Russell Algers, and to view the Garden Center's famous Trial Gardens on the War Memorial's lakeside lawns, planted and maintained by a committee headed by Mrs. Richard P. Joy, III, and Mrs. Robert Russell.

Garden club members volunteer their time to keep the Trial Gardens beautiful, spending hours weeding and watering the specimen plants.

lesley College, holder of a Masters degree in Education from the University of Michigan, will be teaching at the Chapin School.

The bridegroom, also a Grosse Pointe High School alumnus, was graduated from Hamilton College and holds a Masters degree in Business Administration from the University of Penn-

## Plan Welcome Wagon Potluck

sylvania's Wharton School. He is a portfolio manager in the Trust Department of the Chemical Bank, New York City.

Appliques of Alencon lace, re-embroidered and studded with seed pearls, accented the ivory organza gown selected by the former Miss Sweeney for her wedding. The dress featured long sleeves, a scooped neckline and a chapel train.

Medallions of matching re-embroidered lace were scattered over her ivory illusion veil, and she carried an arrangement of gardenias, stephanotis and ivy.

Carrying white rubrum lilies and ivy were honor matron Mrs. Daniel R. Kirby, of Poughkeepsie, N.Y., honor maid Sheila M. Sweeney, sister of the bride, and bridesmaids Sara A. Sweeney, another sister, and Mrs. Stephen B. Parker, of Minneapolis, Minn., and Anne M. Snyder, sisters of the bridegroom.

Their short-sleeved, A-line frocks of aquamarine cotton were printed with white flowers and ornamented with heavy white cotton lace.

W. Howard T. Snyder acted as his son's best man. Guests were seated by Donald N. Sweeney, III, brother of the bride, Michael Lordi, of New York City, and George O. Goldner, also of New York.

The bride's mother wore a pink and white print. The bridegroom's mother also selected a print gown, in green and pink.

## Mrs. John S. Snyder

In Christ Church, Grosse Pointe, Saturday, August 2, SHARON MARGARET SWEENEY, daughter of Dr. and Mrs. Donald Neil Sweeney, Jr., of Three Mile drive, was married to Mr. Snyder, son of Mr. and Mrs. W. Howard T. Snyder, of Hillcrest road.

## Bailey-Pitsch Rites Are Read August 30

Cruising to Bermuda following their wedding Saturday, August 30, in Saint Sebastian Church, Byron Center, Mich., were Thomas C. Bailey and his bride, the former Kathleen Pitsch, daughter of Mr. and Mrs. Loren Pitsch, of Byon Center.

They will be making their home in the Detroit area.

The 3:30 o'clock rites at which Monsignor Herman Zervas and Monsignor Thomas Martin presided were followed by a reception in Byron Center's Knights of Columbus Hall.

Satin roses trimmed the former Miss Pitsch's white Qiana gown and hat. Her six

attendants, two in seashell, two in clay and two in terracotta nyesta jersey, wore felt cloches trimmed with roses matching the color of their frocks.

They were Laura Pitsch, honor maid for her sister, and bridesmaids Gloria Pitsch, another sister, Susan Schroeder, Mrs. Clarence Pitsch, Kathleen Lamb and Mrs. Darryl Rettig.

They carried strawflower bouquets. Walter A. Bailey, III, was best man for his brother. They are the sons of Mrs. Robert Hawksley, of Stephens road, and Walter A. Bailey, Jr., of Troy.

Ushering were Bruce Kaselitz, Mr. Rettig and Dale, Gary and Lewis Pitsch, brothers of the bride. Altar boys were Loren Pitsch, Jr., and Steven Pitsch, two more brothers.

Music for the ceremony

was furnished by Robert Hawksley, organist, Barbara Bailey, the bridegroom's sister, and Mrs. Hawksley, who chose a rust Qiana gown and shawl, with a wrist corsage of yellow tea roses, for her son's wedding.

The bridegroom's mother selected a coral chiffon dress and caps. Salmon tea roses formed her wrist corsage.

Out-of-town guests included the bridegroom's grandmother, Mrs. W. A. Bailey, of Boca Raton, Fla., and Jack Gardner, William Misant, Thomas DuFour, Bert Foote, Betty Brogan and Mrs. C. R. Brogan, all from the Pointe area.

Mr. and Mrs. Julian Lange came from Oakwood, O., William Robertson from Farmington. Arriving from Grand Rapids were Mr. and Mrs. Richard Lange, the Charles Fishers, Alvin Kline, Robert Kline and Sally Kline.

# Linda Lyons Wed To Steven E. Hicks

The Reverend Roy A. Beltz Comes from Indianapolis to Preside at His Granddaughter's Nuptials in The Pointe

At home in St. Clair Shores are Mr. and Mrs. Steven Ellis Hicks, who vacationed in Washington, D.C., following their marriage Saturday, July 5, in Grosse Pointe Woods Presbyterian Church.

Mrs. Hicks is the former Linda Denise Lyons, daughter of Mr. and Mrs. Lawrence D. Lyons, of Wyckoff, N.J.

Mr. and Mrs. C. E. Hicks, of Renaud road, are the bridegroom's parents.

The 11:30 o'clock ceremony at which The Reverend Roy A. Beltz, of Indianapolis, Ind., grandfather of the bride, and The Reverend Roger DeNoyelles presided was followed by a reception and champagne brunch at Lochmoor Club.

Soloist during the rites was Don Freeze, of Pontiac, a friend of the bride and bridegroom, who played guitar and sang "The Wedding Song" and "The Lord's Prayer."

An Empire-waisted gown of candlelight chiffon, trimmed in silk Chantilly lace and featuring a lace cathedral train, was the former Miss Lyons' choice for her late morning wedding.

Her floor length candlelight chiffon veil, accented with Chantilly lace appliques, fell from a cap trimmed in matching lace, and she carried a dried floral bouquet featuring silk roses,

baby's-breath and lilies-of-the-valley.

In floor length frocks of pastel floral print styled with sheer cape sleeves were honor maid Marilyn Swiecki and bridesmaids Sue Cross, of Hoffman Estates, Ill., Till Modonas, of Grand Blanc, Mrs. Rick Fine, the bridegroom's sister, and Chris, Joanne and Dawn Vuokko, of Wyckoff, the bride's step-sisters.

Their dried flower nosegays of baby's-breath and strawflowers were accented with blue silk flowers to blend with their dresses and the pale blue tuxedos of the male members of the wedding party.

Gary H. Hicks was best man for his brother. In the usher corps were Jim Hicks, another brother, Mr. Fine, Larry Lyons, of Flint, the bride's brother, Paul Safran, Greg Ulmer and John Bergman, of Columbia, Ill.

The bride's mother wore an ensemble featuring a beige crepe skirt and blouse and a white lace jacket. The bridegroom's mother chose a floor length gown of turquoise lace. Cymbidium orchids formed both mothers' wrist corsages.

# Mr. and Mrs. S. E. Hicks

Marriage vows were spoken in Grosse Pointe Presbyterian Church Saturday, July 5, by LINDA DENISE LYONS, daughter of Mr. and Mrs. Lawrence D. Lyons, of Wyckoff, N.J., and Mr. Hicks, son of Mr. and Mrs. S. E. Hicks, of Renaud road.

## From Another Pointe of View

(Continued from Page 15)  
For the rug is a fund-raising device to provide monies for the joint Bicentennial Project approved by the Garden Club of Michigan's governing board last spring, and the Project benefits both Cottage and the War Memorial, in accordance with the Garden Clubbers' wishes: they voted that their Bicentennial Project be a Grosse Pointe community effort.

So... the Garden Club of Michigan will provide funds for landscaping at Cottage Hospital, now in the midst of an expansion program. More than 150 assorted trees and plants are to be placed on an approximately 310 by 20-foot strip along Muir road, extending from the Kercheval avenue sidewalk to the Hospital's main entrance.

This site, highly visible from Kercheval, was picked because the old front of the Hospital, facing Kercheval, will not be ready for landscaping for at least two years.

The second phase of the Bicentennial Project involves landscaping a four-foot high concrete seawall extending the width of the War Memorial's property, not only to improve the seawall's looks, but for safety purposes: to keep young people from climbing all over the wall and its concrete buttress on the water side.

This planting will include Pfitzers, Rosa Rigosa, Black Pine and two Hawthorne trees at each corner, all chosen for their ability to survive in a lakeside setting during Michigan's rigorous winters.

All this costs, of course... hence, the needle-pointe rug. It was on display at Cottage this summer, and will be on display in-the-Village and on-the-Hill this fall, when it's not being exhibited at a special event, such as the Horticulture-Bonsai Show.

Mrs. W. Warren Shelden, general chairman, is seeing that the rug gets around. If you don't happen to catch Peachy on her peregrinations through The Pointe, you could try telephoning her at 881-9377 for rug tickets.

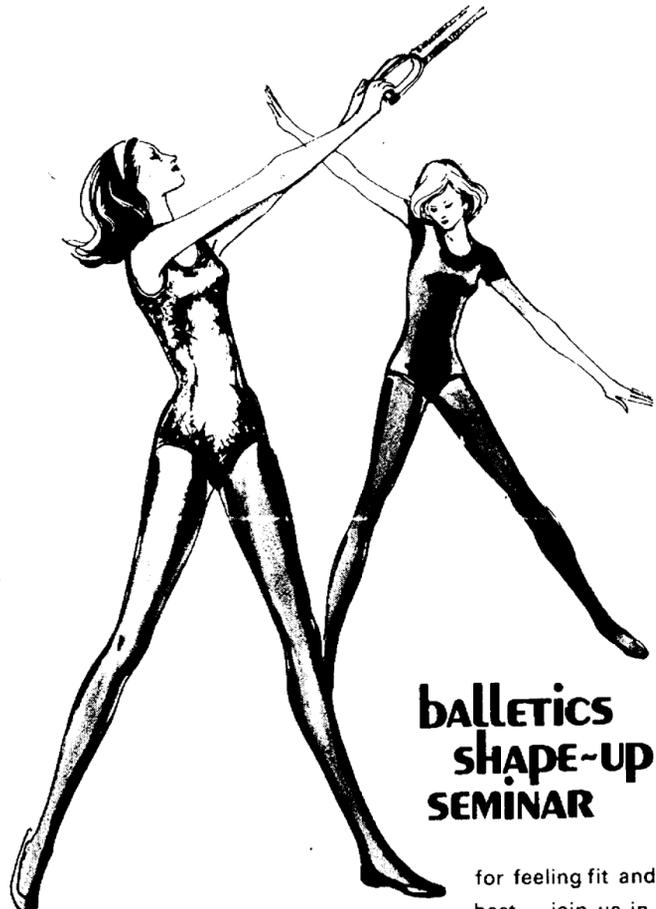

Or you could try telephoning Mrs. Richard Turner at 889-0065: Emily has rug tickets, too.

## Dinner To Herald Symphony Opener

**Detroit Athletic Club Will Be Scene of Traditional Pre-Concert Party Sponsored by Symphony Women's Association**

Mabel Sattler's inability to say "no" to a civic cause has plunged her temporarily into a novel project: "porcelainizing" flowers for centerpieces to be used at the Women's Association for the Detroit Symphony Orchestra's annual DSO opening night dinner.

The subscription party heralding the Detroit Symphony's initial concert of the 1975-76 season next Thursday evening, September 18, in Ford Auditorium, will be held at the Detroit Athletic Club.

It's a black tie evening, beginning with Dutch Treat cocktails at 5:30 o'clock. Any opening night concert-goer is invited—but reservations are limited, and allocated on a first-come, first-served basis. Dinner chairman is Mrs. John L. Denman. Her committee chairmen include Mrs. William H. Bagley, Jr., in charge of invitations, who gave an addressing party at the Detroit Golf Club August 7.

Among the 25 women who

hand-addressed 1,800 invitations for the subscription dinner were the Mesdames William R. Shaw, Douglas Dameron, Robert B. Winter, Lloyd H. Diehl, Joseph E. Risdon, Frank A. Germack, Edward Pierson, Richard Schmid and Joseph Diack.

Mrs. John P. St. Clair is in charge of reservations, Mrs. Jerome P. Johannigman of hostesses and Mrs. Sattler of decorations.

And so . . . a few weeks ago . . . Mabel, who makes her home in Webber place, and 15 members of her committee spent the day at the Ranger Estate in East Jefferson avenue, applying a secret porcelainizing process to flowers for some 40 table bouquets.

Husband Herman has be-

come philosophical about Mabel's civic activities. "Every time I accept an assignment, I assure him—in good faith—that it will be the last time," she says, "but the next time I'm asked, I find myself accepting again."

Joining Mabel in the Ranger Estate Flower Brigade were Mrs. Harry W. Taylor, Women's Association president, Mrs. Denman, Mrs. Johannigman, Mrs. Germack and fellow Pointers Mrs. George A. Simon, Mrs. Paul W. Sage and Mrs. William H. Bundesen.

Among other Pointers involved in the gala are Mrs. Troy W. Maschmeyer and Mrs. Carl Weideman, who helped address invitations, and Mrs. John T. McMullen, who will serve in the hostess corps.

Just prior to opening night, next Wednesday, September 17, the Women's and Junior

Women's Associations for the Orchestra are joining forces to co-sponsor their second annual Box Social for DSO members.

It's held on the lawn outside Ford Auditorium, next to the obelisk, at 12:30 o'clock, at the finish of the Symphony's morning rehearsal.

Each committee volunteer brings five box lunches. All are hoping the weather will cooperate, as it did last year, to produce a perfectly beautiful day.

Guest soloists, members of the DSO board and DSO office staff have been invited to join the 97 Orchestra members at this casual, relaxed, fun-filled afternoon.

Co-chairing the event are Mrs. William R. Shaw, Women's Association past-president, and Mrs. Eric Wiltshire, past-president of the Junior Women.

Auditions are open to children, ages 9 to 14, and high school students, ages 14 to 18. They should have experience in either classical ballet or acrobatics; expertise in both areas is not necessary.

available from some PTA groups; more information may be obtained by calling the EAN office, 884-5138.

The course runs for six consecutive Tuesday afternoons. The first two sessions feature classroom-type instruction. The remaining four will be field trips, to learn about Grosse Pointe's own Hawthorne Nature Trail and discover how to assist school groups, when needed, on field trip excursions.

This course should prove particularly attractive to those who have taken previous courses. Volunteer guides will be needed Sunday, October 12, for a walking tour of the seven-acre Stackpole Estate in Grosse Pointe Shores.

The tour will be open to EAN members, guests and others interested in seeing the formal gardens and wooded areas.

**People Visit Other Luxury Communities. They Buy In Wabeek Pines.**

Most people are pretty careful shoppers. Especially, when you get into the luxury home market. Our residents are representative of some very important businesses; professionals, executives in automotive and industry. And they spend their dollars very wisely.

They look at location. That's the first step where Wabeek Pines wins over others. Wabeek Pines has wooded areas, lakeview and golfview lots. It is secluded and private... and quiet. Built on the former estate of Senator James Couzens, you inherit an address of distinction.

Next comes value and quality. Wabeek wins again! With spacious floor plans and beautifully detailed custom-like features. There are some good tax advantages, too. Along with deductions of interest and real estate taxes, Wabeek Pines qualifies for the \$2000 tax credit\* next April.

But the turning point comes when you consider the individual attention to customization, so that you can have your manor home detailed just the way you want it. With all the accoutrements of luxurious living that you're accustomed to.

So shop around. Check out what other communities call "luxury." Then visit Wabeek Pines to see the real thing. You'll see why Wabeek Pines sells itself to the smart and successful people.

Wabeek entrance is located on West Long Lake Road west of Telegraph between Franklin Road and Middlebelt Road. Take Wabeek Lake Drive to Pine Ridge Lane. Turn left at the gate house to Information Center and models.

## Miss Bosel Bride Of Mr. Masserang

Both Work at Glen Peters School, Mount Clemens; He Is Also Studying for His Masters Degree in Special Education

An Empire-waisted maracaine jersey gown, its sleeves and chapel train trimmed with self-ruffles, was Jacqueline Anne Bosel's choice for the Friday evening, August 29, ceremony, in Saint Peter's Church, Mount Clemens, at which she became the bride of Donald Walter Masserang.

Hand-beaded pearls and crystals accented her illusion V-neck of Alencon lace over net. Her headpiece was a crown of white rosebuds, baby's-breath and stephanotis, and she carried a cascade of matching flowers, with ivy.

She is the daughter of Mr. and Mrs. Dewar A. Bosel, of Mount Clemens. Mr. and Mrs. Leo H. Masserang, of Beaufait avenue, are the bridegroom's parents.

The 6 o'clock rites at which The Reverend Vincent Welsh presided were followed by a reception in Mount Clemens' Camelot Hall, after which the newlyweds left to vacation in Toronto.

They are making their home in Davis and working at Glen Peters School, Mount Clemens. The bridegroom is also pursuing studies toward his Masters degree in Special Education, at Eastern Michigan University.

In V-necked peach polyester halter frocks and matching capelets, their embroidered edges fastened with tie closings, were honor maid Janet Thol and bridesmaids Jill Bosel, sister of the bride, Nancy Masserang, the bridegroom's sister, Laura Honninger and Linda Charbeneau, both of Mount Clemens.

They carried fireside baskets filled with peach carnations and white daisies.

Robert Masserang was best man for his brother, Philip Serre, William Gauthier, Michael Rhodes and Jerald Bosel, the bride's brother, seated the guests.

J'Aimee Bosel was her sister's flower girl. Derrek Greenberg, the bride's godchild, was ring bearer.

The bride's mother wore a floor length dress and jacket ensemble of yellow polyester. The bridegroom's mother selected mint green chiffon, also floor length, featuring long sleeves and a cowl neck.

## The D. W. Masserangs

Married Friday evening, August 29, in Saint Peter's Church, Mount Clemens, to Mr. Masserang, son of the Leo H. Masserangs, of Beaufait avenue, was JACQUELINE ANN BOSEL, daughter of the Dewar A. Bosels, of Mount Clemens.

## The Leigh A. Ferrys

BRENDA LEE POGUE, daughter of the Robert B. Pogues, of South Renaud road, was married to Mr. Ferry, son of the A. S. Ferrys, of Mount Lebanon, Pa., Saturday evening, July 26, in Grosse Pointe Woods Presbyterian Church.

## Ferry-Pogue Rites Celebrated July 25

Bride's Ecru Voile Gown Is Victorian in Style; She Is Attended by Her Sister During Evening Ceremony

Exchanging marriage vows Saturday, July 26, in Grosse Pointe Woods Presbyterian Church were Brenda Lee Pogue and Leigh Anthony Ferry, who have returned to make their home in Wendy Lane after a Michigan vacation.

The 7:30 o'clock rites at which Dr. Ray Kiely, of Grosse Pointe Memorial Church, presided were followed by a reception at Lochmoor Club.

For her evening wedding the bride, daughter of Mr. and Mrs. Robert B. Pogue, of

South Renaud road, chose a Victorian gown of ecru voile. Stephanotis, baby's-breath and ivy accented her cymbidium orchid cascade.

She was attended by her sister, Janet Kay Pogue, in a floral print frock, also Victorian in style, carrying a basket filled with pink and lavender roses, carnations, daisies and baby's-breath.

Mr. Ferry, son of Mr. and Mrs. A. S. Ferry, of Mount Lebanon, Pa., asked Thomas Haverstock, of Chicago, Ill., to act as best man.

Robert B. Pogue, III, of Fort Lauderdale, Fla., brother of the bride, ushered.

Mrs. Pogue chose a pale green chiffon gown for her daughter's wedding. The bridegroom's mother wore a dress of beige tapestry. Both mothers selected orchid corsages.

## Church Slates Fall Barbecue

One of The Pointe's earliest fall events is, traditionally, the Grosse Pointe Memorial Church Barbecue, scheduled this year for next Monday evening, September 15, from 5:30 to 7:30 p.m.

It will take place outdoors, behind the Church, weather permitting—if not, in Fellowship Hall.

Grilled-to-order steaks will be served, as usual, with corn-on-the-cob, sliced tomatoes, hot French bread and home-baked pie, for a \$3.50 donation. For the younger set, with smaller appetites, there's a hot dog dinner available, donation \$1.25. All that comes with the hot dogs, of course.

Red checkered tablecloths add to the old-fashioned community social flavor of the evening, and, one again, the Four 'N' Eight French train will be on hand.

This will be the 15th annual autumn barbecue sponsored by the Church's Young Married Couples in connection with the Women's Association Fair Committee. Rich and Carol Marks are general chairmen this year.

Their committee includes Frank and Barb Westover, in charge of tickets, Ben and Nancy Henderson, volunteers, and Cheryl and Gary Dettloff, decorations. The John McLaughlins, Jim and Polly Pattee, the Bill Kumes, Gordie and Kay Kieran, Doug and Judy Ballantyne, the Rial Hamanns, Jim and Barb Bierbusse, Cort and Joan Johns, the Charles Liebolds, Karen, Wininger and Mark and Jay O'Keefe will be seeing that things move along, everyone having a good time, barbecue night.

Reservations may be made by calling the Church office, 882-5330.

The Grosse Pointe Artists Association will present its 16th Annual Fall Art Festival, co-sponsored by the Grosse Pointe War Memorial, outdoors on the War Memorial's lawns Saturday, September 13, from 10 in the morning until 5 in the afternoon. MRS. STANLEY F. DOLEGA, (left), is serving as co-chairman of the exhibit, which will feature 180 local and outstate artists and craftsmen this year. Her two co-chairmen are MRS. JOHN R. MCKINLEY, (center), and MRS. THOMAS JEFFERIS.

## Seeking DSO Subscribers

Among Pointers active in the Detroit Symphony Orchestra's Neighbor-to-Neighbor 1975-76 season ticket sale project are MRS. RAY W. MACDONALD, (left), who recently hosted a letter-writing coffee at her Lochmoor boulevard home, and MRS. V. O. BARRETT, (right), Grosse Pointe chairman for the DSO Women's Association Subscription committee, pictured with MRS. JOHN T. McMULLEN, general chairman of the Association's New Subscription committee.

More than 25,000 personal notes are being mailed to prospective subscribers via the Neighbor-to-Neighbor drive, spearheaded by members of the Women's Association, the Orchestra's board of directors, present season ticketholders and contributors.

Each participant is pledged to write a personalized message to 25 friends and acquaintances, inviting them to share the benefits of the DSO's subscribers. A detailed season brochure accompanies each letter.

Other Pointers involved in the project are Mrs. Charles Endicott, Mrs. Pierre V. Heftler, Mrs. Robert Kazmarek, Mrs. Paul J. Kelly and Mrs. Vollrad J. von Berg.

## Kappa Kappa Gamma Alumnae Start Season

Mrs. Gordon Tanner, of Lincoln road, president of the Detroit Alumnae Association of Kappa Kappa Gamma, welcome all area alumnae to become involved this season not only in Kappa's national project of Rehabilitation, but in any of Detroit Alumnae's special interest groups ranging from needlepoint to music, tennis to bridge.

Mrs. William Huettelman, program chairman, has scheduled first meetings of the season for Tuesday, September 16. Mrs. Laurance Harwood will welcome one group to her Moran road home at noon. Mrs. Thomas Christensen will open her Thorn Tree road home for an evening group meeting at 8 o'clock.

Any Kappa newcomers to the area are invited to contact Jeanne Jodar, 824-4532, chairman of hospitality and membership, for further information. Mrs. Richard Roland is in charge of Detroit Kappa's volunteer efforts at the Detroit Rehabilitation Institute.

## 'Pitch' Week Boosts Detroit

September 12 through 19, proclaimed "Pitch For Detroit Week," by Mayor Coleman Young, will feature special tours, exhibits and fun events on the Kern Block, while giving recognition to contributions and projects by groups and individuals who are all "pitching" for Detroit to rekindle a sense of pride in their city.

"As we went around telling the story of the Junior League of Detroit's Rediscover Detroit—Bicentennial '76 Calendar—if we wanted to contribute something to Detroit's image-rebuilding campaign—we found people wanting to do something also," explains Alice Oldham, of Ridge road, coordinator of Pitch for Detroit Week.

"Organizing these efforts into a week of activities produces a unique opportunity for Detroit, as many of these events are not usually available."

Pitch for Detroit begins tomorrow when an exhibit of Detroit Commemorative Stamp designs opens at the Detroit Historical Museum.

College students from the Center for Creative Studies, Oakland Community College and Wayne State University submitted stamp designs to represent Detroit in its 275th birthday year to the rest of the nation.

Saturday is Belle Isle Day. Free bus tours of the Island narrated by experts in Belle Isle lore start from the Uniroyal parking lot at the entrance to the Island at 11, 1 and 3 o'clock. Reservations, suggested to insure a seat, may be made by calling 965-8319 during business hours.

There will be special stops at the greenhouses and behind-the-scenes at Scott Fountain, not usually open to the public.

For the more hearty, a bike rental spot in the Uniroyal lot will be open from 11 to 4 o'clock. Bikers may enjoy a more leisurely tour, with special bike map in hand. Cost is 75 cents per bike, with a \$2 deposit.

Belle Isle's Casino is housing two special displays during the week. Glen Scotts will exhibit his sensitive photographs of Belle Isle. Possibilities for Belle Isle will be shown via the works of Dan Kiley, noted landscape architect, engaged to create an over-all plan to restore the Island by the Junior Leagues of Detroit and Birmingham and the Friends of Belle Isle.

The plan, when finished, will be given to the City for its use.

**Anne Is Leaving Atlanta**  
Anne Skae, named one of Atlanta's 10 Outstanding Young People for 1975 during the annual Dogwood Festival in April, is leaving the south. The daughter of Mrs. Edward A. Skae, of Preston place, and the late Mr. Skae, arrived in Georgia in 1967, as a programmer trainee in Honeywell Information Systems' Atlanta office.

She's just been named director of Government, Education and Medical Marketing for the company's North American operations. The promotion necessitates her transfer from Atlanta to H.I.S. headquarters in Waltham, Mass., a Boston suburb. It hasn't been all work and no play for Anne, who managed to combine career achievement with an active commitment to her community. She served as chairperson of the Atlanta Junior League of Professionals, was a member of the Eggleston Children's Hospital Auxiliary and served with the High Museum members' guild and young careers group.

She was involved in Volunteer Atlanta, and was a frequent guest speaker at management development programs for women.

Professionally, in Atlanta, Anne worked her way up to systems representative. She was named systems specialist in Health Care when the computer side of the company was reorganized in 1969, was promoted to Health Care market manager two years later, and was named Industry Marketing manager in 1973.

An alumna of Smith College, she completed the Advanced Executive Development Program at Georgia State University in Atlanta.

## Ladies of Holy Cross to Hold Greek Bazaar

Attention focuses Sunday on Detroit's art and architectural heritage. Griswold, long known as Detroit's "Money Street," will be center of a walking tour conducted by Tom Molleman, Detroit historian. Tours leave from the Jefferson avenue entrance of the Michigan Gas Building at 2 and 3 o'clock.

The Michigan Society of Architects has scheduled open houses for Sunday. All have taken old buildings and renovated them, keeping their businesses in the downtown area.

Smith, Hinchman & Grylls, (455 West Fort street), Rosetti Associates, (601 Washington blvd.), William Kessler Associates, (733 St. Antoine), and James Hibberly Associates in Harmony Park, (1455 Centre), will be open from 2 to 4 in the afternoon.

Detroit Artists are being featured during Pitch for Detroit Week in nine galleries in the metro area. Arwin Gallery, Kastle Gallery, Birmingham Gallery, Gallery 7, Habitat, Klein Vogel, The Little Gallery, Yaw Gallery and London Arts Gallery will

all be showing their favorites. A do-it-yourself sculpture tour to leisurely view downtown's collection of sculpture is another Sunday event. Detroit Adventure members will be at the Kern Block to pass out tour booklets between 2 and 4 o'clock.

Week-long events include a 19th century Circus Memorabilia exhibit at Greenfield Village; the Computerization of a Newspaper display by the Detroit News at Detroit Bank & Trust's main branch; an exhibit by Detroit News cartoonist Art Pointier at the Henry Ford Centennial Library, Dearborn; and an Antique Bell exhibit by Mrs. K. A. Brock at Manufacturers National Bank, Main and Washington boulevard branches.

The Kern Block will be the scene of week-long people events. Monday, September 15, is Dance Day. Tuesday, September 16, is Music Day. Wednesday and Thursday will feature a pitching contest between downtown companies' softball teams. Chrysler is bringing its historical Block Friday, September 19. Detroit Tonight will base its bus at the Kern Block, taking people on tours of the city's ethnic areas and pointing out places to dine. Tours leave between 11 and 2 o'clock. Cost is \$2.

The Tigers' September 19 night game will climax this week of activities, saluting all the "pitches" made for Detroit during the Week.
