THE 1975-76 National Hockey League season opened Tuesday night with the Pittsburgh Penguins defeating Washington, 4-2. The Detroit Red Wings opened against the St. Louis Blues Wednesday night in a game which ended in a 1-1 tie. The Philadelphia Flyers and the Montreal Canadiens were considered by most to be the "best bets" to win the Stanley Cup.

ANDREI SAKHAROV, who helped produce the Russian hydrogen bomb but later became the leading critic of the Soviet system, won the 1975 Nobel Peace Prize Thursday for his lonely human rights campaign. In giving the peace award to a Russian for the first time, the Nobel Prize committee cited Mr. Sakharov's "fearless effort in the cause of peace among mankind," and his warnings against "bogus detente" between East and West.

JAMES P. HOFFA, calling the request "insulting" and "outrageous," has nixed a State Police request that he take a lie-detector test to answer questions about the disappearance of his father, former teamster's president James R. Hoffa. Mr. Hoffa, 33, said he considered the request "outrageous. I was highly insulted. I exploded. I almost threw them out of my office." Lt. Col. Forrest J. Jacobs, deputy director of the State Police, confirmed that the request had been made.

THE BOSTON RED SOX erupted late in the game to beat the Cincinnati Reds, 6-0, in the World Series opener Saturday. For Red Sox pitcher Luis Tiant, it was a doubly important day. Not only did he shutout the powerful Reds, but it was his single in the seventh inning that started a six-run rally which gave the Sox the victory. He only allowed five hits in posting the shutout.

FIVE CREWMEN were held under armed guard in West Palm Beach Sunday after one of them reportedly admitted killing his captain and three officers during a mutiny aboard a Panamanian cargo ship on the high seas. Manfred Oppermann, captain of the vessel which rescued the five crewmen after their 220-foot ship sank northeast of Cuba, said one of the five confessed to killing the four West German officers of the freighter, Mimi. Meanwhile, the Coast Guard suspended its two day search for the missing officers.

WITH LITTLE advance notice, President Gerald Ford signed Monday a congressional resolution authorizing civilians to man early warning stations in the Sinai. With photographers and reporters as his only witnesses, Mr. Ford said the United States must continue its diplomatic efforts with the nations of the Middle East "in order to sustain the momentum toward peace generated by the Sinai agreement." Mr. Ford called the Sinai accord between Israel and Egypt "a significant step toward an overall settlement in the Middle East."

Rotary Club Installs New Officers

Work Pleases Architects of Woods Project

Designers View Lake Front Park Improvements As Dedication Day Approaches for Citizens, City Officials; Ceremonies Set for October 19

By Roger A. Waha

From the architectural point of view, satisfaction is the keynote of The Woods' Lake Front Park improvements project which features the reconstruction of the 13-acre site including a new swimming pool complex, new bathhouse, renovation of the existing bathhouse into a facility for senior citizens and other groups, eight new hard-surfaced and lighted tennis courts expanded parking facilities and landscaping.

As dedication ceremonies, scheduled for Sunday, October 19, at 3 p.m., drew near, TMP Associates architects Maurice B. Allen, AIA, the designer, and Richard K. Albyn, AIA, project director, viewed their work which began last fall.

Both felt The Woods received good value for its money, while citing the overall quality of the work. In calling the workmanship "tops," Mr. Albyn mentioned the timing of competitive bidding for the project. "If any one received value for its money, the city did," he said, while noting the community entered into the bidding market when it was "tight."

Project Goes Well

There's no such thing as a perfect job, but Mr. Albyn stressed this project has gone very well. He felt the quality of the contractor can make or break such a project and emphasized the city had a "darn good contractor" in Brenca. TMP has worked with Brenca before, he said, and has a good rapport with the company. He also cited the city for its cooperation throughout the planning and construction period.

Design preparations were started last October with the work being wrapped up at Thanksgiving time, said Mr. Allen. At the end of last year, (Continued on Page 2)

Committee Makes Plans For Event

Flurry of Activity on Docket in Honor of Nation's 200th Birthday

The school system's Central Bicentennial Committee will meet for the first time today, but most of the schools aren't waiting around for the official recommendations to kick off their celebrations.

At the School Board's regular meeting Monday, October 13, eight elementary, middle and high schools presented a flurry of plans already in the making to honor the nation's 200th anniversary.

Flag raisings, tree plantings and historical plays are among the more traditional events on the drawing boards at most schools.

In addition there will be scores of special classes and presentations, ranging from studies of flag symbolism at Maire School to the formation of a Pierce School Hall of Fame. All activity is geared to make 1976 a special year for Pointe youth.

Plan Mini-Classes

Students, though, will not be the only ones celebrating through the schools. A reunion at Montieith in March or April will gather young and old staff in the birthday observance.

Kerby School plans to put parents in the students' seats for a series of mini-classes exploring Grosse Pointe's local heritage.

And in most schools PTA or PTO councils are getting involved with fairs and plays with bicentennial themes.

At Parcels Middle School the main flagpole is already hosting a new bicentennial flag and the PTO has endowed a tree-planting beautification project with its first funds.

Trombly School's new principal, Eric Follo, reports second graders there have already bought and planted their first bicentennial tree.

Will Set Guidelines

Meanwhile, the official Bicentennial Committee will be coordinating system-wide activities and recommending guidelines for the celebration in each school.

The group's membership consists of an elected representative from each school, the art and music departments, a parent from each school, representatives from each high school and from the administration.

The elementary schools will be represented by Rosalie Bryk and Mrs. Eric H. Truhol from Barnes; Lillian Kolby and Mrs. Paul W. Fish from Defer; Dee Maddock and Mrs. Richard DeRonne from Ferry; Rita Flaherty and Mrs. John Krato from Kerby; and Fran Beyrle and Mrs. Bruce Sanders from Maire.

Tests Prove Elms Diseased

Michigan Department of Agriculture tests have confirmed that 10 elm trees in Three Mile drive are carrying Dutch Elm disease.

Several residents of that neighborhood commissioned the tests this July because they questioned the accuracy of the Park's sight-testing of trees slated for demolition. The tests this July because months and cost the residents between \$10 and \$15 per tree.

At the Department of Agriculture five to six branches from the tops of the suspect trees underwent extensive heat testing to determine if they carried Dutch Elm disease.

City Manager Robert A. Slone said he welcomes anyone to send branches up to the State for the heat test.

"We certainly don't want to tear down a tree if it's not infected," he said.

"But the testing is a slow process and once that disease gets started it spreads very quickly," he added.

This child locator sticker, featuring two Koala bears on a chartreuse background, could save a youngster's life in the event of a fire, report Woods public safety officers.

Through a joint program, the Grosse Pointe Woods Police Officers Association and the Grosse Pointe Woods Public Safety Auxiliary are spending around \$200 to provide an estimated 5,500 stickers for ready pick-up by citizens at departmental headquarters.

The stickers, which are currently available along with a letter explaining their purpose, should be used to identify sleeping areas used by small children in the home to expedite their rescue in case of fire.

Worth Expense

"If we save one child's life, (in the event of fire), it will be worth every penny of expense," emphasized Lt. Jack Patterson, who added the stickers also could be used to identify sleeping areas of invalids.

It will be a great aid for firefighters and could save critical seconds in locating youngsters, indicated Public Safety Director Henry Marchand.

City Administrator Chester E. Petersen agreed.

"It's a very good program and certainly should help the public safety department when they make a fire run to determine the location of children and invalids," he said, while noting that the city had a similar program for invalids in the past but nothing directed toward children.

While these stickers should be a big help in locating children and invalids in the case of fire, officials realize a (Continued on Page 4)

Ambulance In GP City Is Equipped

Additional Apparatus Installed Bringing It in Line with State Regulations

By Susan McDonald

The City Police Department's ambulance was equipped with additional first aid and resuscitation equipment last week, bringing it in line with Michigan Department of Public Health, Emergency Medical Services, (EMS), regulations, according to City Manager Thomas Kressbach.

The City also has made tentative plans to send three police officers and three firefighters to an advanced first aid training school in Harper Woods, he added.

Others Understaffed

The City was informed in September 1975 that its ambulance license would not be issued because of the lack of licensed attendant, and The force.

Under State law, requirements for licensed ambulance attendants must be renewed every three years.

Joseph W. Hull, a chief in the EMS department, said that "in reviewing files on the other Grosse Pointe community ambulances I have found that The Park and Farms, each with one licensed attendant, and The Shores with three, are all seriously understaffed according to department standards."

Park Firefighters Handle Two Back-to-Back Blazes

The Park Fire Department responded to two alarms, the first on Tuesday, October 7, and the second on Wednesday, October 8, both in Lake Pointe road and within a block of each other.

The first was a three-alarm blaze to which City and Farms firefighters and equipment were called in to assist, according to Park Fire Chief Phillip Costa.

The Tuesday fire, of unknown origin, started in the basement of a two-family flat at 2:43 p.m. The upper flat, No. 1243, is occupied by the Robert Dailey family, and the lower, No. 1245, by the Richard Roose family, the chief said.

The cause of the conflagration, which took over two hours to extinguish, is still

Career Education Plays Important Role in Pointe Public School System

Coordinator Explores Function of Expanding Program, His Plan Which Involves Three Phases of Preparation at Elementary, Middle, High School Levels

By Susan McDonald

Several years ago the number of Grosse Pointe students being directly prepared for a job in school was limited to a few hundred or so high schoolers involved in co-op or vocational programs. All that, though, is changing quickly. Career education has come to Pointe public schools involving each and every student, from first grade through 12th, in preparation for the inevitable world of work.

"A person's job often determines where they live, play and even where they worship," said Dr. Charles Hitch, coordinator of Vocational and Career Education. "It's only one of the life-roles we are trying to prepare the kids for, but it is certainly the most important one."

Reflects Trend

This emphasis on vocational education comes in response to public demands, according to Dr. Hitch, and reflects a nationwide trend in education. In Michigan that trend has been supported by the State legislature's 1974 "career act" and thousands of dollars of State aid.

This year Grosse Pointe received \$106,057 in State vocational funds.

Dr. Hitch's plan for the schools involves three phases of career preparation.

In elementary classes students are taught "career awareness." They discuss their parents' occupations, jobs around the school and their neighborhood and the

ethics of a good worker.

Jan Thompson, an elementary teacher at Kerby School, says she tries to supplement these discussions with activities in her classroom. Students form mock peanut selling companies with a business manager, salesmen, accountants and packagers, or a publishing house, where they fill out job applications for author, editor, assembly line or press positions.

"We discuss everyone's job," she said, "even Santa Clause's, and then we see how they relate to each other."

Switch in Emphasis

In middle school the emphasis switches to career exploration. Students are taught to evaluate their own talents and interests and to relate them to specific career possibilities.

The next step is career preparation in high school. The vocational program, one aspect of this phase, involved more than 1,300 students last year. This fall it has been expanded with new courses in dental aids, automotive, technical drafting and radio and television.

Besides these, students can be trained for clerical, secretarial, health, interior design or commercial foods work, or a series of non-paying (Continued on Page 4)

Six Candidates File in GP City

George W. Cotichio was the only new name among the six candidates who filed nominating petitions for the November 4 election in The City.

Mr. Cotichio will challenge Stanley Kazul for the office of municipal judge.

Mayor John L. King filed to run for reelection, while council incumbents Lorenzo Browning, Jeanette Duffield and Arthur Fetters also filed by the Saturday, October 11, deadline.

Big Loot Lost, Found, Recovered

Woods Officers Have Hectic Hour But Succeed in Returning Around \$1,437 in Cash to Complainant

A money bag containing around \$1,437 in cash and three checks with a total value of \$372.65 fell from the roof of a car where it was inadvertently placed and was recovered by some youths, who split the money.

Then, the juveniles were ultimately traced through the work of an off-duty Youth Service Division, (YSD) detective, who recovered all the cash.

This activity took place in just over an hour's period on Sunday afternoon, October 5.

Bag Topples

Woods police reported the action began when the complainant, a restaurant manager, said he was taking the day's receipts to the bank. He placed a canvas bag containing the cash and checks on the roof of his car while he put other items inside.

He then drove from the parking lot and went several blocks before realizing he left the bag on the roof. The manager quickly stopped, discovered the bag was gone and checked the street, without any luck.

Meanwhile, a witness told the manager he saw the bag topple from the roof at Mack avenue near Hawthorne. He spotted two youths leave a beer store, cross Mack, pick up the bag and immediately leave the scene.

Armed with a description of the pair, police put out a broadcast on them.

Plays Hunch

At this point, YSD Det. Wayne Baum, who was in the station, played a hunch based upon his experience and checked a street in the proximity where the incident occurred and spotted several youths.

One of the juveniles closely matched the description of a wanted youth. Through his exchange with the group, three of the four boys, who police said were involved in this incident, came up with the money which they had split between them.

After Det. Baum reported all the cash had been recovered, police took two of the youths to the Grosse Pointe Baptist Church, 21336 Mack, where the discarded bag was found.

Shores Slates Big Meeting

An informational meeting focusing upon the street lighting ballot proposition, which Shores voters will consider at a Tuesday, November 4, special election, will be held in the council chambers, 795 Lakeshore road, on Tuesday, October 21, at 8 p.m.

The regular council meeting will begin at 7 p.m.

Village voters will decide whether the municipality should borrow the principal sum of not to exceed \$200,000, and issue general unlimited tax bonds of the community for the purpose of acquiring the existing street lighting system now owned by Detroit Edison, and to construct additions to the system.

All Shores residents are urged to attend the meetings.

Shores to Start Enforcing School Bus Ordinance

By James J. Njaim

Beginning Friday, November 7, officers of The Shores Public Safety Department have been instructed to issue violation tickets to motorists failing to heed flashing stop signals of school buses picking up and dropping off resident-students, according to information released by Director Joseph Vitale.

The Shores had passed a School Bus Ordinance, as part of its traffic code in June 1970, for the eventual day it may be needed, although there are no schools in the Village.

There has been no need to enforce the law since it was enacted, but in the past two years, more and more resident-students have been

Trio of Boys Get Involved

Three juveniles, the youngest 14-years-old, knew something was wrong when they saw a youth running down Lakepointe road on Sunday, October 12, with a woman's purse under his arm. They gave chase and lost the suspect, but were instrumental in his apprehension when they informed a Park officer of his approximate location. Police received information on their monitor radio at 2:50 p.m. that a woman had her purse snatched at Jefferson and Philip in Detroit, and that the thief was seen running towards The Park. Further information dis-

closed the suspect was seen on Jefferson, between Nottingham and Beaconsfield. Park scout car crews searched the area without success. Patrolman David Hiller was stopped by the three young men, all Park residents, who informed him of their chase. They said they lost the suspect in the 100 block of Lakepointe.

Officer Hiller continued his search through the alleys and saw the suspect, identified as Michael D. Alston, 17, of 465 Drexel, Detroit, in a garage, at the rear of 1066 Lakepointe, counting money, allegedly taken from the purse.

Alston was placed under arrest and his rights were read to him before he was taken to The Park station. Detroit authorities were notified of the apprehension and arrived to take Alston in custody.

Park Lt. Gordon Duncan said it was refreshing to note the three local boys were not afraid to become involved when they became certain that something was amiss.

School Awards To Continue

The Board of Education announced it will continue its annual Volunteer Awards Program to honor the contributions by unpaid citizen volunteers who work on the many programs in the schools and libraries.

"We have come to rely so heavily on the kindness and dedicated efforts of our fine volunteers that it is only fitting that they should be honored," said Board president Joan R. Hanpeter.

Named to the advisory council in the program's third year were Thomas E. Candler, Ruth Flom, Forrest Geary, William L. Hurley, Donna Marrs, Laura Mackeben, Nancy Quinn, Frank Sladen, Louise TeWalt, Joan Warren and Charles P. Woodbury Jr.

The committee screens the nominations, considering not only the amount of time devoted by a volunteer but also the extent of responsibility carried.

Nominations may be made by any adult resident of the Grosse Pointe school district and must be submitted by June 1, 1976.

Last year 66 awards were granted.

South Plans Homecoming

"Reflections" is the theme of this year's South High School Homecoming which will begin on Saturday, October 18, with a parade beginning at 12:30 p.m.

The parade will begin at the Neighborhood Club and will wind down Kercheval avenue to the South field in Fisher road. The homecoming game against Roseville High will begin at 2 p.m.

The homecoming dance will be held at South from 8:30 p.m.-12 midnight.

Committee chairmen for this year's homecoming are Ellen Cerutti, dance; Julie Jay, parade; Karen Van Hantler, publicity; Janet Agne, spirit week; and Lori Donnelly, pancake breakfast.

City, Police Talks Resume

The hearing date for The City Police Officers Association's unfair labor practices suit against The City has been postponed indefinitely.

The suit concerned a \$225 per man clothing allowance, provided for under the old contract, that The City had refused to pay until a new contract had been settled.

It was dropped because "we have set up a satisfactory procedure for the clothing allowance for the time being," according to the officers' Teamster negotiator, James Allen.

The funds will now be kept in a bank account from which the officers may draw to buy new uniforms.

The officers, represented by Teamsters Local No. 214, and management will resume bargaining today, October 16.

President Ford Has Big Fan

The children at Kerby School got a boost last week when a personal letter from President Gerald Ford came to their school.

Actually the letter arrived addressed to 11-year-old Therese Stocking, who had taken it upon herself to write to the president requesting him to visit Kerby on his recent trip to Detroit.

The president's refusal did little to dampen the student's spirits as Therese was just thrilled to get an answer.

"I'm a real celebrity around here," she said.

"The principal took my picture and it's going right up on the bulletin board."

Salvation Army Bid Granted

The Woods Council at its Monday, October 6, regular council meeting, granted the Salvation Army Harbor Light Center permission to conduct its annual sale of "The War Cry."

Members from the center will go into The Woods on Saturday, November 29, and Saturday, December 6, from 10 a.m.-5 p.m. to sell magazines.

The proceeds from the sale will be used in the center's rehabilitation program.

Surveillance Pays Off In Drug Sale Arrest

A month long police surveillance, which included the participation of three Youth Service Division, (YSD), detectives, climaxed with the arrest of a 20-year-old Woods youth Wednesday, October 1, on a delivery of a controlled substance charge.

In this incident, the confiscated substance was PCP, an animal tranquilizer, based upon an analysis by the State Police Crime Lab in Warren. The suspect, David Costan, of Blairmoor court, was arraigned on the charge before Woods Municipal Judge J. Patrick Denis on Friday, October 3. Police said he stood mute and a plea of not guilty was entered for him by the court.

Costan was released after posting 10 percent of a \$1,500 bond, (or two sureties), pending his examination date which was scheduled for yesterday, October 15, after it was a journeé from Wednesday, October 8.

YSD Det. Patrick Fagan reported the division initiated the investigation which included the participation of several Macomb County undercover agents. The work began when the YSD received information that drug-related activity, i.e., sales, were transpiring at a location in The Woods. A "team" was then assembled with one agent being the principal during the original surveillance and in bringing the division up to date.

Then on the 1st, YSD Dets. Donald Schmalz and Wayne Baum joined Det. Fagan, while the principal agent and other agents combined forces to effect the arrest after they learned a sale was to be consummated that evening. A hand-to-hand sale was allegedly made to the undercover officer and the suspect was then arrested.

Det. Fagan added the maximum penalty on this charge is seven years in prison and/or a \$5,000 fine. Modeling in the show are Pat Bachman of The Farms and Mary Kelly of The Woods. Following the show, a belly dancing demonstration will be given. Tickets may be purchased at the door or by calling 884-2169 or 778-1343.

Agony Eased For Citizens

Two Woods public safety officers recently received letters of praise from citizens that the latter were recipients of violations in each instance.

A Detroit resident said, regarding Officer Michael Geneaux and the issuance of a radar ticket, "Per telephone call to your violation department, I was informed that the ticket was \$10. Although I was on my way to church and did get the ticket, the officer was real, real nice to me."

"I never had an officer as nice as he was. Nice ones like this are very hard to find."

The second letter was in relation to Officer Thomas Hunke and the issuance of a violation which cost the citizen \$20.

"Even though receiving any traffic citation is an irritation and upsetting," she said, "Officer Hunke by his courtesy and helpful attitude made it almost pleasant."

"It was refreshing to be treated as an intelligent adult who had made an error than as an errant child."

"This type of officer does more for police/community relations than any advertising or public relations program can."

'We Care' Stickers

potential danger always exists if youngsters panic and scatter from their sleeping area to another part of the house and, for example, hide inside a hallway closet.

Want Own Design

While such a sticker for identification type program isn't unique, it's a "first" for Woods public safety officers on the sponsorship front.

This program was in the planning stages for around a year. When asked why it took so long for the end result, Lt. Patterson said the officers wanted their own design, plus the fact it started out as a "voluntary thing." However, the expense made it necessary to go to a funded program.

"We wanted our own design to differentiate this sticker from other stickers on homes," he continued. "This is different, it will show up and we'll know immediately what it's there for."

In an effort to make Woods citizens aware of the

It's necessity that creates the will to change — first comes the vision, then the plan.

availability of the stickers, information is being distributed throughout all city schools. Officers also will be ready and willing to answer any questions related to the program.

Must Be Visible

The letter accompanying the sticker urges residents to place the first sticker on a front window location readily visible to responding fire personnel.

Additional stickers should be located, (one to a room), on the most visible window of each child's room. The adhesive back side should be placed on the upper portion of the prime window, and not on a storm window.

Police added they wanted to express their appreciation to Auxiliary Officer John Collins for his assistance in handling the artwork, layout and printing of the stickers.

Woods Okays MML Expenses

The expenses of three Woods councilmen who attended the Michigan Municipal League's (MML), annual meeting at Mackinac Island September 3-6 were approved for payment by the solons at the regular meeting Monday, October 6.

Those receiving approval included Councilman George S. Freeman in the amount of \$388.32, Rodger A. Graef in the amount of \$320.25 and John Sabol in the amount of \$373.

City Administrator Chester E. Petersen also received council approval of his expenses in the amount of \$544.60 for the same meeting at the September 15 meeting.

Career Ed

(Continued from Page 1) jobs, such as child development and family management.

The courses are formed and managed by advisory committees that include teachers, administrators and industry representatives and are aimed at providing entry level skills.

Another important aspect of career education in high school is the co-op program. It is limited to about 300 students each year because of the lack of industry in The Pointe area, according to Dr. Hitch.

Nevertheless, it is here that Dr. Hitch has had some of his most shining successes. "One young man worked at Jacobsen's shoe department. While on co-op he sold \$25,000 worth of shoes in one year," he said.

"When he went on to Michigan State University as a business administration major he was able to walk into Lansing's Jacobson's store with no problems. When he graduated he was offered a top management position there."

Dr. Hitch hopes to expand the career education program each year. The next step, he says, is to have a set of clear objectives approved by the Board of Education this year and to begin in-service training of teachers.

"The one thing kids want today is a job — and we're going to do our best to relate that to a life-long career," he added.

Woods Studies Request For Bicentennial Parade

The Woods Bicentennial Commission is pushing for total community participation as it begins to prepare plans for a giant parade to be held on July 5, 1976, according to chairman Robert E. Trinklein.

Plans, submitted to The Woods Council at its regular meeting Monday, October 6, were unanimously referred

to the Committee of the Whole for further study in an effort towards building up a complete program.

Mr. Trinklein requested that the east section of Mack avenue from Cook road to Vernier road be closed off as the parade route on July 5.

Men's Garden Club to Meet

Mrs. Paul H. Rieker, of Southfield, will speak on the collection of cut glass when the Men's Garden Club of Grosse Pointe holds its 22nd Annual Dinner Friday, October 17, at the Grosse Pointe Hunt Club. The dinner begins at 7 p.m.

She will speak on "The Brilliant Period—1880-1915," the years of the most productive period in the cut glass industry.

Mrs. Rieker's interest in cut glass commenced some six years ago when she received a cut glass bowl for a Christmas gift. She discovered that there are many excellent books and catalogs on the subject, museums with fine cut glass collections, and shows to attend in Michigan and elsewhere sponsored by collectors and dealers.

Her talk will include some of the history, methods of design and cuttings, patterns, signatures or trademarks, collecting, what to look for and what to avoid.

She is a member of the Glass Collectors Club of Toledo, O., one of the most active groups of knowledgeable people in this field.

The Men's Garden Club of Grosse Pointe is affiliated with Men's Garden Clubs of America. It is one of the largest male garden clubs in the country.

T. A. DeMaire, current president, will officiate at the dinner.

AARP Chapter to Get Charter

The Grosse Pointe Chapter of the American Association of Retired Persons, (AARP), will receive its charter under the normal organization at a formal meeting Monday, October 27.

This will be held in the Center for Health Education at Saint Joseph Hospital starting at 1 p.m.

The charter will be formally presented by Frank J. Ryan, assistant State director, South East Michigan AARP, marking a year of concentrated effort begun by the steering committee in October 1974.

In addition to this important step in the history of the Grosse Pointe Chapter, the meeting will be under the auspices of Saint John Hospital and Dr. Thomas J. McBryan. There will be a conducted tour of the hospital's new facilities, and Dr. McBryan will speak to the group.

It is also expected that artist Milton Kennitz will be at the meeting with copies of the Bicentennial Calendar which he designed and which will be offered for sale, with profits going to Saint John Hospital as a community service project of The Grosse Pointe Chapter.

Looking ahead to the November 24 meeting, which will resume the schedule at Grosse Pointe Memorial Church, there will be an address by a Detroit Edison engineer on the subject of energy conservation. The December meeting program will include music by a South High School choral

group. Parking for the October meeting will be available in the huge area at the rear of the hospital, and there is access from the shopping center lots as well.

Even a scientist must feel that space is limited when he tries to park his automobile.

Parking Ban Lifted in GPP

Parking restriction signs which have been up for only three weeks, were ordered taken down by The Park Council on Monday, October 13, following the presentation of a petition bearing the signatures of residents of 17 of the 28 homes in Grand Marais, between Jefferson and Essex.

The signs prohibited parking on the east side of the street from 8 p.m.-6 a.m. David W. Pethick, who resides in the 900 block of Grand Marais, was instru-

mental in preparing and gathering signatures opposing the signs. His petition disclosed that of the 28 homes, persons living in seven of them favored the ban and four had no opinion. "No Parking" signs on the west side of the street, which have been up for some time, will not be affected, it was said.

The petitioners, who reside in the one-block area of Grand Marais, said they would be more than willing to reconsider the reinstatement of the signs in the future if a problem should arise.

Club Greet New Member

The Mid-Century Toastmistress Club welcomed a new member, Mrs. Jean Anderson, at their Tuesday, October 7, meeting at the Central Library, 10 Kercheval avenue. Mrs. Anderson lives in The Woods and is also a member of the Grosse Pointe Woman's Club.

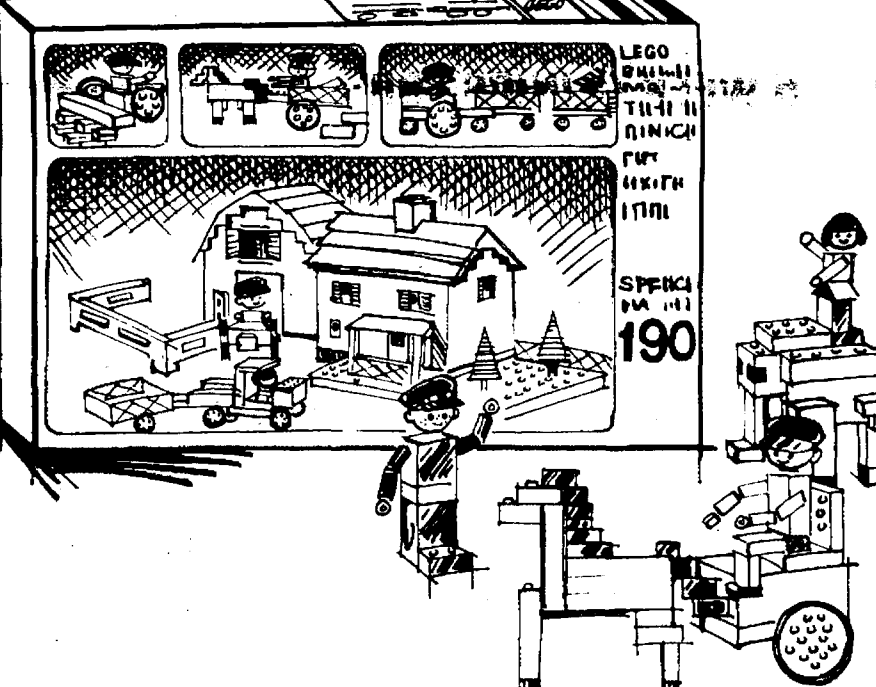

Mid-Century has designated October as the month to focus on International Women's Year. Meetings entitled "Your Place in Today's World" and "The Woman of the Future" provide an aid in developing a positive approach to increasing self-worth, self-motivation and self-determination, the club feels.

The club's next meeting Tuesday, October 21, will be a joint session with the Redford Club. Mid-Century will host this meeting with refreshments following the program. Meetings are held on the first and third Tuesdays of each month at 9:30 a.m. in the Central Library.

Further information on the club may be obtained from Mrs. Carl Nolte at 881-0582.

Park Residents Receive Fire Prevention Pamphlets

Every household in The Park, whether residents allow fire personnel to inspect their homes or not, were given pamphlets containing vital information on the prevention of fire, reported Fire Chief Philip Costa.

The distribution was in conjunction with "Fire Prevention Week," which this year began on Sunday, October 5, through Saturday, October 11.

"As far as we are concerned," said Chief Costa, "fire prevention is all-year-around and our firefighters are ready and most willing to inspect any home on the invitation of the householder. 'No fireman will be allowed to enter a home without the permission of the residents, and if they do enter, will just inspect the house and point out fire hazards, if there are any, and what to do to eliminate them.'"

The pamphlets tell what to do to prevent fires in the kitchen, living or family room, basement, garage and storage room, bedroom and even outdoors. This is what everyone should do, the chief emphasized:

Kitchen: All electrical appliances and tools should have a testing agency label. Have appliances repaired if they are not working right.

Don't overload outlets; water and electricity combined cause shock. Have dry hands; don't stand in water. If an appliance gets wet, have it serviced.

Don't store things over the stove. People receive burns when reaching; turn pot handles so children can't pull them down; wear tight sleeves when cooking, as loose-fitting clothes can catch fire.

Living or family room: Use large ash trays; before you go to bed, look under cushions for burning cigarettes; use a metal fireplace screen for the fireplace. Have the chimney checked and cleaned regularly.

Put lighters and matches where small children won't find them. Use special outlet covers so children's fingers won't penetrate. Allow air space around the television and stereo to prevent overheating. If the TV doesn't work right, it can be a fire danger. Have it checked out. Keep portable heaters away from people and combustibles.

Bedrooms: Buy a smoke detector and install it outside your sleeping area. It should have a testing agency label. Plan two escapes from each bedroom. Smoke in a chair, not in bed. Don't overload electrical outlets.

Basement, garage and storage room: Store gasoline and other flammables in tight metal containers. Don't use flammable liquids near heat, a pilot light or while smoking. Have heating equipment cleaned annually.

Clean up work benches. If a fuse blows, find the cause, (replace a fuse with one of the correct size.) Sort and remove rubbish. Don't store things near the furnace or heater.

Outdoors: Is your roof fire retardant? If it is not made of tile or slate, the roofing should be labeled Class C. Don't use gasoline on a grill fire. Once the fire has been started, never use lighter fluid either. Use dry kindling to revive the fire.

Move lawnmowers away from gasoline fumes before starting and cool the motor before refueling. Use flashlights, never fire, inside a tent and buy a flame retardant tent. Install a lightning protection system.

School Bus Law

(Continued from Page 1)

ing to heed the flashing bus signals will be let off with only a warning, Director Vitale pointed out.

A State Law makes it mandatory that all motor vehicles stop on school bus signals. Failure to do so means that violators will be cited for the offense. The statute, however, exempts communities from charging drivers for not complying with the law if no signs are posted within a community's corporate limits.

If the school bus is stopped, or if the signal is flashing and the bus drive waves to motorists, driver are free to do so.

Otherwise, if the signal is on, motorists must come to a complete stop at least 10 feet behind the bus.

This also applies to drivers on the opposite side of the road, unless the thoroughfare is separated by an island, such as in Lakeshore road, or by some other form of safety barrier.

Director Vitale said all school system officials in the area using buses to pick up their respective students, and all public and private school bus officials and drivers, have been informed of the impending enforcement.

As a safety measure, student passengers getting off buses must pass in front of the vehicle from which they emerge, it was pointed out.

Police Lodge Sets Election

The Fraternal Order of Police, Grosse Pointe Lodge 102, held a meeting on Monday, October 6, at the Grosse Pointe Yacht Club and nominated officers for 1976.

The election of officers will take place on Monday, November 3, at the Yacht Club, with those picked to head the organization taking office on January 3.

Seeking his third term as president is Park Patrolman Andrew Meeker, who will be opposed by Woods Youth Service Det. Patrick Fagan.

Seeking to unseat incumbent vice-president Park Patrolman David Hiller are Shores Sgt. James Jurcak and Farms Patrolman Philip Miglio.

Unopposed for their offices are Woods Public Safety Officer James Fowler, secretary, and Park Lt. Gordon J. Duncan, treasurer.

Seeking the post of conductor are Park Patrolman Michael Kortas and Woods Public Safety Officers Cpl. Robert Setchell and John Albrecht.

Opposing each other for post of guard are Woods Det. Everett J. Plumb and Public

Safety Officer Stephen Petrak. Those elected will serve a one-year term.

OKAY PAYMENT

The third partial payment in the amount of \$1,900 for the 1974-75 audit was unanimously authorized for payment by The Woods Council

at its regular meeting Monday, October 6. The payment was to Coopers and Lybrand for services rendered to August 31, 1975.

The \$500 Million Dollar D&N Story

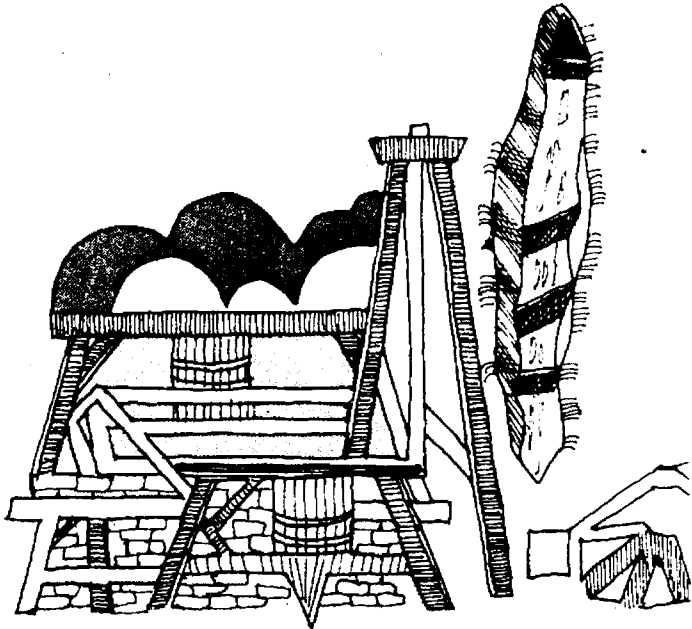

Detroit & Northern Savings, founded in the midst of a copper mining boom in the Upper Peninsula in 1889, has reached \$500 Million in assets.

Detroit & Northern Savings —

\$500 Million strong — with 35 offices throughout Michigan.

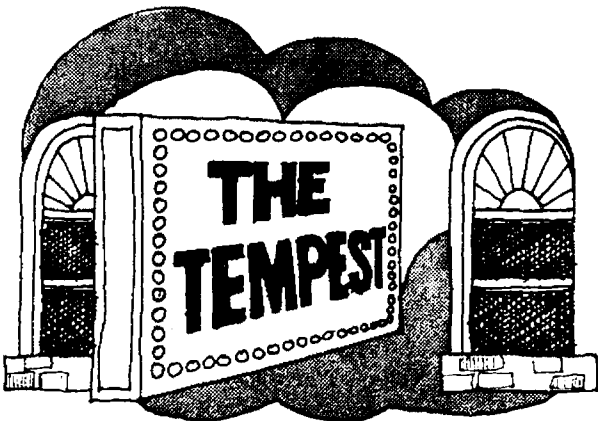

86 years of helping people.

Wow, do we have a story for you.

The year was 1889. Quincy Mining Company's famous copper mine — Old Reliable — in Hancock, Michigan was going strong. Miners received a monthly wage of \$56.72. Copper sold for 18½ cents per pound.

Then, as today, savings needed to be guarded and financing was needed for new homes. Consequently, "Northern Michigan Building and Loan Association" was founded on January 22, 1889 in Hancock. After the first year of operation, Association assets reached \$35,000.

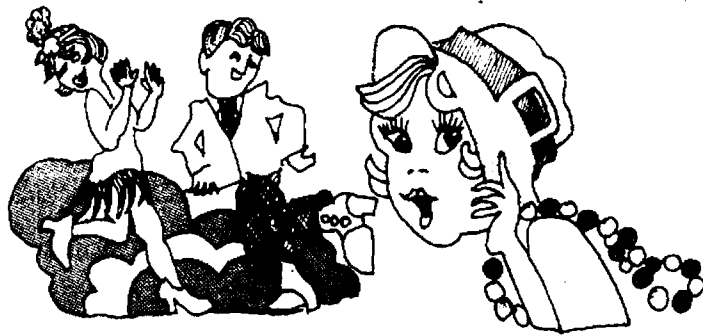

In 1902 opening night tickets for "The Tempest" at the new, Kerredge Theatre in Hancock, Michigan, sold for \$40. That was the year the Association moved its headquarters to 100 Quincy Street in Hancock. Assets had surpassed a half million dollars and grew further to \$1,900,000 by 1910.

The year 1914 brought a big demand for housing with the growing auto industry downstate. To meet the need for home financing, the Association opened an office in Detroit and changed its name to "Detroit & Northern Michigan Building & Loan Association." In 1917 a D&N office was opened in Flint as that city became a leading producer of automobiles.

1920, the Ouija board was the rage. Hamburger was 10¢ a pound. Silent movies were sweeping the nation, and D&N was still growing, with assets of over \$6,000,000.

1929, the Stock Market crash and the beginning of the United States' worst depression. But D&N never closed its doors and continued to take savings and make loans throughout the depression period.

1945, Harry Truman became President of the U.S.A. and D&N continued to grow. By 1950 D&N assets had grown to \$18,600,000, double what they were 20 years earlier.

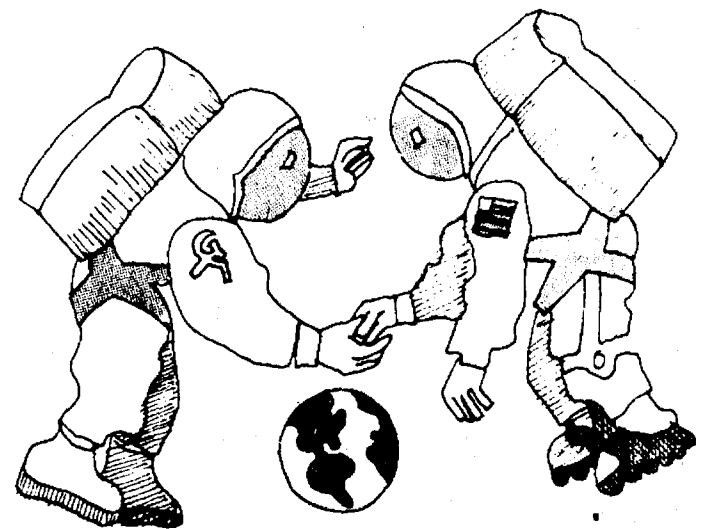

The 1950's brought television, Eisenhower and the Sputnik. D&N expanded and opened offices in and around Detroit, Flint and across the Upper Peninsula. Today D&N has a total of 35 offices throughout Michigan.

In 1950, D&N also adopted its present name of "Detroit & Northern Savings & Loan Association."

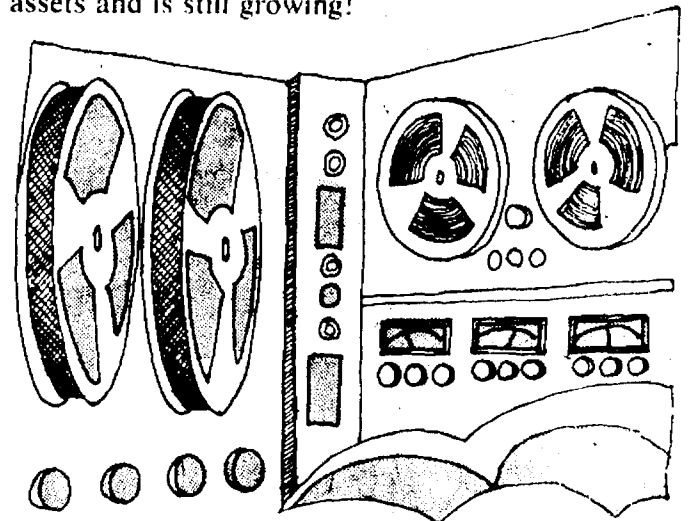

By 1960, D&N's assets had zoomed to over \$94,000,000. The 60's brought Civil Rights demonstrations, unprecedented economic growth, and the first man on the moon.

1970, the Ouija board was popular again and the price of hamburger had increased to 65¢ a pound. D&N had attained a quarter billion dollars in assets.

In 1972 D&N's beautiful new headquarters building in Hancock opened. With 54,600 square feet of office space, it was planned to meet the future needs of a growing financial institution.

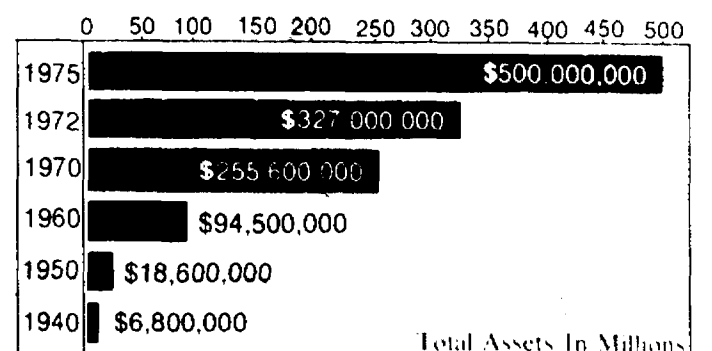

1975, America and Russia are brought together in space; and D&N hits a milestone of \$500 million in assets and is still growing!

We at D&N look forward with confidence to the challenges and opportunities in the years ahead. With careful planning, progressive programs and with your continued support, the billion dollar mark is not far distant. We thank our many customers and friends and deeply appreciate the support of the people of Michigan without whom our story would not be possible.

It pays to know a DETROIT BANK-er better.

"Maybe you can't afford to get the highest interest for your savings."

Everybody wants to get the best return from their savings. But having your money readily available is important, too. To make sure you get the best of both, it pays to talk to a DETROIT BANK-er. Someone like Fred Davis, Officer-in-Charge at the Detroit Bank & Trust main office.

What's the highest annual rate I can get for my savings? "Our highest annual return is 7-1/2%, but there are these important things to consider. To get this rate, you must leave at least \$1,000 on deposit for six full years, and secondly, there are rather stiff penalties imposed by Federal regulations for early withdrawals. This is true for all banks."

So if I came to you with \$1,000, what kind of savings account would you recommend? "We offer six different savings plans at Detroit

Bank & Trust. The one best for you would depend on many things. Whether or not you were married, how long you could afford to leave the money in the bank, and what savings goals you had in mind. You may come in looking for 7-1/2% interest, but may find out that it's the availability of money that you need more than a higher interest rate. You might end up choosing a 5% annual rate on our regular passbook account, but you'll be able to get your hands on your money any time you need it."

What's the best way to start saving? "You just have to make up your mind that you're going to set aside a certain amount each week or every payday for savings. The amount really isn't as important as regular deposits are."

How can I get that regular savings habit?

"The easiest way I know of is to use Check and Save at Detroit Bank & Trust. That's where you authorize us to take a certain amount from your checking account each month, or bi-monthly, and put it into your savings account. It's very painless."

Why should I get to know you better? "The better I know you, the more help I can be to you, not only in directing you into the type of savings plan that will best suit your needs, but also helping you with your other banking requirements. As DETROIT BANK-ers, we always try to look out for the best interests of our customers. We're here to serve you!"

"The amount you save really isn't as important as regular deposits are."

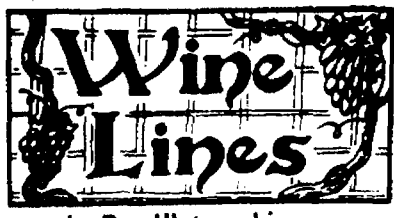

"Many people who come in looking for the highest possible interest rate often choose a regular passbook savings account because it's more convenient."

"We try to direct people into the type of plan that's going to fit their needs. We always try to look out for the best interests of our customers."

you ought to know a DETROIT BANK-er better

All fine red wines, but notably Burgundy, claret and vintage port, as well as some white wines, throw a harmless but unsightly sediment. Decanting or pouring the wine off into a new, clean container, separates it from its sediment. This needs a steady hand and a good eye. To decant wine, hold the neck of the bottle against a strong light and gently pour the wine into a new container; as soon as any sediment appears stop pouring, even if it means leaving behind a few inches of wine. Decanting means that the wine can be moved freely, and gives it a chance to breathe.

Homecoming Happy for NHS

By Bob Ewancki
Playing before a packed bleachers, full of screaming, rowdy Norsemen fans, North High School rolled past Lakeview, 13-6, in the annual homecoming game Saturday, October 11.

The victory kept North in the running for the Bi-County League title. The festivities began with the parade, led by North's marching band. The Norsemen gridders then kept on marching when they scored the first touchdown of the day. It came when Rich Seagram dashed 17 yards into the end zone.

In the first half, North hit for another score. This time Rob Burns found Dave Gurbada free for a 23-yard touchdown toss. This made the score 13-0.

Lakeview picked up their only touchdown in the first half, but muffed the extra point kick.

After the crowning of the homecoming queen, Lake-

view returned to the field to muster an attack that almost crowned the Green and Gold. Quarterback Bob Carr was passing North's secondary to pieces. He was picking his way downfield hitting his receivers constantly. Steve Fazzola was the major ground gainer for the Huskies. Miraculously, Lakeview did not score in the second half.

In the fourth quarter, workhorse Seagram came up with two crucial interceptions to spoil the Huskies comeback. One of the interceptions occurred on the one yard line to save North's fate.

The Norsemen came up with a drive following the interception that almost resulted in a score. Seagram raced toward the goal line but got hit and fumbled in the end zone. But when the clock ticked off the remaining seconds, North had not let its fans down.

Deserving recognition for North was Gary Shammus, a special utility man, who performed well on kick-offs, and Rick Quinn, who always comes through when you need him. North meets Brabec in an away game Friday, October 17, at 8 p.m.

Austin Smacks East Catholic

By Paul T. Denis
The Austin football team recorded its fourth shutout of the year with a 43-0 victory over East Catholic on Sunday, October 12. The homecoming victory was the Friars' fifth straight win.

A balanced offensive and defensive attack was prevalent again this week as the defense held East Catholic to only 28 yards rushing and no yards passing.

Meanwhile, the offense racked up 303 yards on the ground and 43 yards in the air. Tom Kasunic led the offense with 125 yards in 11 carries and two touchdowns, both of which came on 14-yard runs.

Rich Cousins scored Austin's first touchdown on an 11-yard run. The scoring drive was marred by two Friar fumbles, which were recovered for gains.

Quarterback Joe Sabatella scored on a one-yard run capping a drive which was helped along by two face masking penalties on East Catholic.

Other touchdowns came on a 12-yard run by Bill Ibianski and a two-yard run by Keith Kroll. Senior kicking specialist John Pollack added five extra points.

The Friars also scored a safety when the East Catholic center snapped the ball over the head of his punter and out of the end zone.

The Friars' league record is 3-0 with two games remaining. Next week's opponent is Holy Redeemer. The game will be played on Saturday, October 18, at Southwestern High School.

Austin's final league game of the season will be against Centerline Saint Clement at South High School on Sunday, October 26. Austin is tied with Saint Clement in the league standings.

Guest Minister Speaks Oct. 19

The Grosse Pointe Congregational Church, 240 Chalofonte, will feature Dr. James E. Walter, president of Piedmont College, Demorest, Ga., as a guest speaker on Sunday, October 19, at both the 9:30 and 11 a.m. services.

The 19th has been designated "Educational Sunday" and Dr. Walter's theme will be "By Their Fruit."

Fumbles Hurt South In Loss to Mt. Clemens

By Rick Thomas
South's Blue Devil football team suffered its first setback in five games Friday, October 10, when powerhouse Mount Clemens, coming off an upset loss two weeks ago, took advantage of two costly South fumbles and unleashed the running power of Jeff Lee to take a 20-15 decision.

In total yards and other statistics, South was far ahead of Mount Clemens. Fumbles, however, were the Devils' demise as they were quickly turned into touchdowns by the Bathers.

South drew first blood in the second quarter when senior Pete Boll ran three yards off tackle for six points. The conversion kick was good, and South fans were already expecting an overwhelming victory.

All fell soundless, however, when on the ensuing kick-off, Lee streaked down the right sideline for an 80-yard touchdown. A two-point conversion made the score 8-7 for Mount Clemens.

The Bathers added six more points later in the period when they recovered a South fumble at the 20-yard line. Mount Clemens quarterback Steve Bullock then guided his team to the South three-yard line, and scored himself around end. The half ended with Mount Clemens out in front, 14-7.

The Devils came out of the locker room fighting as they drove downfield on the running of Boll, Dave Wyborski, and Mike O'Sullivan.

Boll scored his second touchdown of the day from 11 yards out, and he added two more points on the conversion. This made the score 15-14 for South, but again, Clemens struck fast as Mount Clemens scored after Lee carried the ball 20 yards to the South five-yard line. The conversion was stopped short, but the damage had been done.

The fourth quarter was one of desperation for the Devils as they encountered several setbacks. South went to the air in order to move into Mount Clemens territory, but a Tim Corbett pass was intercepted by the Bathers to stop one drive.

With about three minutes left in the game, Mount Clemens missed a 35-yard field goal attempt. The ball then went back to South who promptly moved it upfield to

the Mount Clemens 20-yard line. Then, with only 44 seconds remaining, Corbett went around left end on an option but was met solidly by a gang of Bathers and fumbled. Mount Clemens then simply ran out the clock.

The season title race is far from over for the Devils, however. With a 3-1 league record, South is tied for second with Mount Clemens and East Detroit. Port Huron Northern leads the league with a 4-0 record, but faces its toughest part of the schedule near the end of the season when Northern meets South and East Detroit in consecutive games.

On Saturday, October 18, South celebrates its homecoming with a game against Roseville, a team expected to have done better this season, but who have been plagued with injuries.

ULS Crushes Harper Woods

Senior Bill Albrecht scored five touchdowns on runs of 17, four, two, five and seven yards and picked up 144 yards rushing to lead University Liggett to a 46-8 romp over Harper Woods last weekend.

The Knights victory was in marked contrast to their Friday, October 3, game in which ULS looked bad in an 8-0 loss to Hamtramck. In that game the Knights could muster no consistent offense. They often moved in between the 20-yard lines but were not able to penetrate further.

The first half of the Harper Woods game looked like a repeat of the previous contest as at the half it was 6-6. The Knights offense was impaired by the loss of sophomore back Will Hummel. Earlier in the year Hummel set a ULS single game rushing record of 230 yards, but due to a pinched nerve, he could not play against Harper Woods.

In the third quarter the Knights came to life as they exploded for 33 points behind the running and scoring of Albrecht and the passing of senior quarterback Jim Tait.

The win raised the ULS record to 2-3 overall and raised its Metro Conference mark to 2-2. The Knights' next game is Friday, October 17, against a tough Lutheran East squad.

Pointers Nip Forest, 3-2

The Pointe's Sherwood Forest hockey team opened its exhibition season with a 3-2 win over Forest, Ont., Saturday, October 11, at the Grosse Pointe Community Rink.

Forest opened the scoring early in the first period on a goal by Bryan Wilson, formerly of the Port Huron Wings. But Sherwood's captain Mike Stecko tied the contest two minutes later on a set up from newcomer Ronnie Willet.

In the second period, Wilson netted his second goal to give Forest a 2-1 lead. However, with one minute left in the period, Dan Crass scored to deadlock the contest once again.

Both goalies were "hot" in the third period but with less than three minutes remaining, Ken Murry picked up a loose puck and went in alone to score the winner for the Pointers.

Sherwood opens its regular season against Lucan, Ont., Saturday, October 25, at the Community Rink. Game time is 7:30 p.m.

St. Clair Home Hit by Fire

Fortunately for Catherine Basberg she was out of the house when a fire struck her St. Clair avenue home on Sunday, October 12.

The blaze, which was reported by a neighbor at about 9 p.m., destroyed the entire stairway leading to the second floor, a dormer in the back of the house and part of the roof. City Fire Chief Robert Marshall said smoke, heat and water damage was extensive throughout the house.

Fourteen firefighters battled the two-alarm blaze with Park firemen assisting.

Woods Nixes Residence Bid

By Jim Cnockaert
The Woods Council, by a vote of 5-2, adopted a motion denying Rudolph Palombit, of Palombit Construction Co., permission to set up residence in the second floor studio of a commercial building he owns at 1933 Vernier road.

Mr. Palombit also had planned to move his company, located at 19874 Mack avenue, to offices in the rear of the building, while renting out the front offices to prospective accountants and lawyers.

Voting against the motion were Mayor Benjamin W. Pinkos and Councilwoman Joan M. Mullan. Those members who favored the motion were Councilmen Conrad A. Naegel, John Sabol, George S. Freeman, Ronald R. Keegen and Rodger A. Graef.

Several area residents attended the Board of Appeals hearing at the regular council meeting Monday, October 6, to request that the council not grant Mr. Palombit permission to occupy the studio and move his company there.

Peter Manos, of 1930 Van Antwerp road, (immediately behind the building), claimed there was insufficient parking facilities to handle both the cars from the front offices and the trucks from the

construction company in the back.

Mr. Manos also complained that, in the past, cars using the rear parking area had damaged his and neighboring fences.

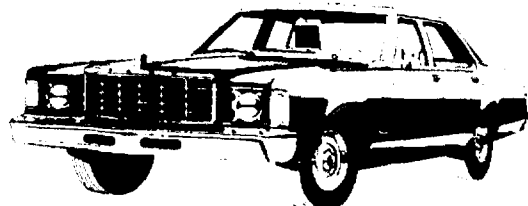

He was joined in his request by Peter M. Rausch and Paul J. Grandis, both of Van Antwerp, and Dr. Gary J. Cooper, of Vernier road.

Mrs. Mullan said she based her "no" vote on her feeling that not enough evidence had been presented in the case and that more time was needed for study.

Are you where you want to be financially?

Manufacturers Bank has a new program to help you determine where you are now financially, where you should be and how to best get there.

We call it the Personal Financial Planning Program. A way we think we can help you learn how to build more property and capital . . . and how to put it to work for you. It's all contained in a six-part, non-technical, home study course.

Here's what you learn:
How to make money with investments. What you can do to get more out of company retirement plans, profit sharing, even a life insurance plan. What you can do yourself to build capital with things like savings accounts, home ownership, or a business of your own.

Then there's information on how to handle taxes to you and your family's advantage, the setting up of trusts and wills to leave your family more of your estate and how to control your cash flow.

Testing Yourself
After each lesson there's a short quiz you can give yourself. It helps you review the material and evaluate your understanding of it. Included is a postpaid envelope in which you mail your answers to us. We'll give you an explanation of the correct answers.

A Computerized Financial Analysis
At the end of the course we will furnish you with a strictly confidential financial analysis of your present financial status. This could be the most valuable part of the plan because it shows you exactly where you stand financially and what your future capital and income requirements are.

And it's all part of Manufacturers Bank's Personal Financial Planning Program in which you can enroll for \$35.00.

We'll Help You Plan Your Trust and Estate.
Once you've completed the program and have received your Financial Analysis we suggest you review it with your attorney. Our Trust Department will also be available to offer its services in working with you and your attorney in setting up your financial plan.

Remember, it's all done very confidentially. And it's specifically tailored for you.

GP Lions Win One of Three

The Grosse Pointe Lions varsity rebounded from its first loss of the season last week with a resounding 48-0 victory over the Sterling Heights Chargers Sunday, October 12, at Elworthy Field.

The large Parents' Day crowd, which included Park Mayor Mathew C. Patterson and City Manager Robert A. Slone, plus City Manager Thomas Kressbach of Grosse Pointe City witnessed the rout.

During pre-game ceremonies, the color guard from the Marine Corps Recruiting Center in Detroit accompanied by two representatives from each of the Lions squads and four representatives from the Chargers presented the colors to the accompaniment of the Star-Spangled Banner played by the Chargers' official bugler.

At the beginning of each game the boys and the cheerleaders were accompanied onto the field by a parent. The color guard started the day properly and the varsity ended the day the same way. During the varsity game the Pierce Middle School band, under the direction of Joseph Bauer, played a selection of fight songs.

Ted Formanczyk scored three touchdowns and two extra points in capping an

extraordinary day on both offense and defense. Mike Allen scored two touchdowns and an extra point and made one of the key defensive plays of the game when he stopped a sure touchdown with a solid ankle tackle from his cornerback position.

The other touchdowns were scored by end Eric Frakes on a pass from quarterback Darryl Nihem and by outside linebacker Rick Overby, who took his record interception of the season 65 yards for a touchdown.

Extra points also were scored by Dave McAllister, Charlie Wilmoth and Jerry Coyle, who ran well all day.

The coaching staff was high in its praise of Steve Root, who played both offensive guard and halfback. Much of the yardage all day was made over the position of tackle Eric Mikesell. Allen Kozlowski did yeoman service at both center and defensive tackle and made his presence felt in the Charger backfield regularly.

The defensive backfield, spearheaded by Charlie Wilmoth and Dean Graham, tightened up its pass coverage and completely closed down the Chargers passing. Outside linebacker Pat Sullivan came up with another interception and made several rugged tackles at key points in the game.

The defensive coaching staff praised the play of Chris Kohut, playing his first game at the tough tackle position, and Stuart Campbell, who played tough all afternoon at outside linebacker and defensive halfback. The staff also singled out Dave Reeder who played an almost perfect middle linebacker position.

The Lions junior varsity held off the Chargers until late in the fourth quarter before bowing, 6-0. Again this week it was a defensive game with Mike Sullivan a one-man wrecking crew. He was assisted by Pat Fleming, John Gregg, Eric MacMichael and Robert Morosi.

Harry Constant directed the hard running of Greg Rivard, John Strabel and Morosi to keep the pressure on the Sterling Heights team, but the visitors shut off the Lions attack each time they crossed the 50-yard line.

The Chargers freshmen team broke open a close game by completing an 80-yard touchdown pass on a third down and 10 yards to go play.

Trailing 6-0, the Lions had moved the ball, by passing and running, to the Chargers 20-yard line early in the fourth quarter. But they fell inches short of a first down. The Lions defense held for two plays before the long scoring pass.

The Chargers scored their third touchdown following a fumble late in the game, which ended 18-0. Strong performances for the Lions were turned in by Jim Arnold, Dale Graham, Tony Tocco, Nino Corrado, Kurt Allen, Jim Brabb and Brian Brabb.

The coaching staff and members of the board of directors of the Lions expressed their appreciation to those who participated in making Parents Day a huge success. The Lions' next games will be on the road when they meet the Roseville Raiders on Sunday, October 19.

British Police Sergeant Tours States on Grant

A peace officer from the United Kingdom, (Great Britain), is a guest in the United States because of a grant by the English Speaking Union, (ESU) whose National Headquarters is based at 16 East 69th street, New York, N.Y.

Under the grant he is visiting various law enforcement agencies, big and small, primarily studying traffic control.

For the past few days he has been the guest of a Park family, and as in all cities he has visited so far, he has been given VIP treatment.

The fact he is determined to know all phases of traffic control and police work is proof that he is a dedicated police officer and a man who loves his work.

Touring the States on the ESU grant is Sgt. Anthony Arthur Kirk, of 20 Lyndon Crescent, Louth, Lincolnshire, England. He is 37 and married, and on his present

job is engaged in traffic patrol duty, a post he has held since July 1971. He is a veteran of the British Armed Forces serving from 1959-1962. After his honorable discharge, he joined The Constabulary, becoming a police constable in Grantham, Lincolnshire, concentrating his main efforts on traffic control. After serving in several towns, he was promoted to sergeant in July 1971 and continued to serve on traffic patrol duty.

Sgt. Kirk's main objective in his United States tour is to study police operations with emphasis on road traffic law enforcement, road accident prevention and investigation of traffic control and flow.

He has a deep professional interest in traffic control, accident prevention and investigation, enforcement of traffic laws, training of police officers, types of equipment and vehicles used, crime patrols, liaison between police and vehicle manufacturers, road construction markings and surfaces, police-public relations and conditions of service of police officers.

His personal interests include British military history, light classical music, reading, especially biographical books, boating, sailing and motor vehicles.

Sgt. Kirk said he is willing to speak on the British Police System, (photographs and Lincolnshire Police publications); the English Civil War of 1642-49; general life in the United Kingdom today; and local history of Lincolnshire, (via slides).

"I applied for the scholarship," said Sgt. Kirk, "for three reasons. First, to broaden my outlook and experience of life and travel and meeting of other people, not just those whose profession is similar to mine, but people from various walks of life.

"I want to listen to their points of view and the reasons for them. And I want to learn something of the conditions and quality of life in the U.S.A.

"Second, I want to increase my professional knowledge by meeting and speaking with persons engaged in the administration of law. I want to discover what steps are being taken by highway authorities and motor vehicle manufacturers to reduce the number of road accident victims.

"I want to speak with police officers who serve the community and enforce the law, to see and discuss training with them, and learn the methods used to prevent accidents and the manner of investigating them.

"And finally, I hope to be able to contribute to my hosts a greater knowledge and understanding of the British way of life and something of our traditions and customs, and also to describe something of the attitude of the British 'bobbie'."

South Girls Outswim NH

South High School's girl's varsity swim team defeated their cross-town rivals from North, 111-63, in a meet held on Tuesday, October 7 at North.

An impressive South team captured eight first places in comparison to two for North. South also took command in the diving competition.

Meagan Montague, of South, took first place in the 200 individual medley and the 100-yard butterfly, while her sister, Mickey, came out ahead in the 50- and 100-yard freestyle.

For North, Patti Hallmann recorded a time of 1:13 in the 100-yard breaststroke, which qualifies her for the State Meet to be held in Ann Arbor.

The other first place for North was taken by Margaret Wittmer in the 100-yard backstroke.

This was just a small setback for the North squad, which is currently working towards a Bi-County League championship under coach Peggy Van Eckoute.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

The advent of our bicentennial has produced a number of fine new novels about the Revolutionary War era. Many of these volumes are well written—books of real quality. But some of the old standards are still books to be read and reread. I'm thinking particularly of the novels of Kenneth Roberts.

Throughout all of his books, Mr. Roberts proved himself a sound historian and able novelist. These stories of our nation's early years are built upon skilled research. He knew the period and the men, and recreated the country and the atmosphere of the time with unusual vividness.

The setting for Mr. Roberts' first novel ARUNDEL, (published in 1929), is the garrison house at Arundel in southern Maine. Steven Nason joins with his friend Benedict Arnold on the hazardous expedition against Quebec. Nason's recollections of the hardships and dangers of the expedition, its blunders and failure in spite of individual acts of heroism, make up the bulk of the narrative.

The account of the unsuccessful storming of Quebec is especially good—a pitiful story of defeat.

The sequel to ARUNDEL is RABBLE IN ARMS. The principal villain of this tale of the American Revolution is the American Congress, the hero is Benedict Arnold. The story relates the adventures of the men from Arundel who fight with the American forces in the campaign, ending with the battle of Saratoga. Men and events are seen through the eyes of one Peter Merrill who tells the story.

THE LIVELY LADY, (the sequel to RABBLE IN ARMS), is satisfying both as a spirited adventure story, and as an authentic historical novel of the War of 1812. The hero is Richard Nason, son of Steven Nason of ARUNDEL fame. Richard sets out from Maine in 1812 as captain of the sloop "Lively Lady," and proceeds to harry British shipping. He captures prizes, loses one ship, gets another, is finally captured and sent to Dartmouth Prison. Nason wins his freedom at last, and finds again the original of his "Lively Lady."

The last of the series of Arundel chronicles is CAPTAIN CAUTION. It is early 1812 and Daniel Marvin, an Arundel mariner, is returning from China on the "Olive Branch," an armed merchant barque. On board is Corunna Dorman, the headstrong young daughter of the captain. The barque is captured by the British. Marvin escapes and from then on it is a race between Dan and his enemy, Captain Slade, for the possession of the "Olive Branch" and Corunna.

One novel by Mr. Roberts that many Grosse Pointe readers might enjoy because of the book's local setting is NORTHWEST PASSAGE. The novel's central figure is Major Robert Rogers, American ranger commander who led the expedition against the Indian town of St. Francis in 1759, and whose dream was to find an overland passage to the Pacific. The narrator is Langdon Towne, who accompanies Rogers on his adventures. The book falls into three parts: the St. Francis expedition; Rogers' trip to London; and his career as governor of Michilimackinac.

One of Mr. Roberts' best known books is OLIVER WISWELL. The background for this novel of the American Revolution is Paris, Boston, New York, Kentucky and South Carolina. The story is told by Oliver Wiswell, a New Englander, who is loyal to the mother country. It is the Revolution as seen by the men who the founding fathers called Tories and who called themselves Loyalists. This account is a clear exposition of the "other side" of the American Revolution.

In LYDIA BAILEY a young Maine lawyer searching for a missing woman, arrives in Haiti just as Toussaint's bloody uprising begins. He finds the girl, and from that point the extremely elaborate plot carries them through an encounter with Tobias Lear, the evil genius of Jefferson's State Department; spirited engagements against the French; capture by Barbary pirates and slavery in Tripoli; and, finally, the Tripolitan War and its intrigues and political jealousies.

The novel BOON ISLAND, (published just before Mr. Roberts' death in 1957), is built around the wreck of the "Nottingham Galley" off the coast of Portsmouth, N.H., December 11, 1710. During a snow storm the vessel goes on the rocks, but the crew manages to leave the ship and climb the ledges which make up Boon Island. This is a study of hunger and cold, greed and endurance, treachery and loyalty.

These then are the novels of Kenneth Roberts. Exciting tales, packed with action and adventure, and with history.

Unitarians Get New Minister

The newest member of the cadre of Grosse Pointe Clergy, the Rev. Fred F. Campbell, minister of the Grosse Pointe Unitarian Church, has taken up his duties at the church, located at 17150 Maumee avenue.

He is the church's first full-time pastor since the retirement of Dr. Harry Meserve last year, and is currently getting to know the members of his congregation and becoming involved in the community's temporal and spiritual life.

Born in Houston, Tex., on October 31, 1936, Rev. Campbell earned a B.A. in Philosophy in 1959 from Earlham College, Richmond, Ind., and a B.D. from Meadville Theological School in 1967. After he was graduated from Earlham, he spent three years in the U.S. Navy as a commissioned officer.

For the past eight years, he has been the minister of the Unitarian Universalist Church in Little Rock, Ark. During those years, his efforts helped to double the membership of the Little Rock congregation.

In the tradition of the Unitarian ministry, Rev. Campbell has been active in the social life of the communities in which he has lived. He was a member of the Arkansas Mental Health Association, Little Rock Urban League, Arkansas Arts Center and the Ministerial Alliance.

He was a member of the board of directors of the Arkansas Council on Human Relations and the Arkansas ACLU. He served as a professional resource person for Operation Contact, (a crisis telephone service), and was on the board of Family Service Agency of Pulaski County and served as president of same during 1974.

He also organized, in 1972, the advisory board of the Comprehensive Mental Health Center and served as its first president.

Rev. Campbell and the former Ann P. Reynolds have been married for 14 years. They have two children, Craig, 12, and Judith, 11, and are making their home in Westchester road.

Bal Africain Guests To Dance Masked

Costumes Are in Order for This Year's DIA Gala; Mrs. Ferdinand Cinelli to Announce Awards to Center for Creative Studies Students

The 12th annual Bal Africain, to be presented by the African Art Gallery committee of the Founders Society Detroit Institute of Arts Saturday, October 25, at the museum, will this year, for the first time, be a masked costume ball.

Proceeds assist the Art Institute's purchase of traditional African and contemporary Afro-American art, related exhibitions, lectures and study programs.

Honorary chairman of the 1975 Bal Africain is His Excellency A. A. Rattray, Jamaican Ambassador to the United States, who with his wife, Mrs. Rattray, is coming to Detroit for the party.

Bal Africain '75 also will honor Howard University, Washington, D. C., one of America's prestigious institutions of higher learning. Dr. James E. Cheek, president of Howard, and Mrs. Cheek will attend, representing the University.

A patrons' champagne reception begins the evening at 7 o'clock in the museum's Great Hall. Mrs. Norma Galliff is patron chairman. Patrons, (\$100 per couple), will enjoy the Ambassador's Dinner at 8 o'clock in the North Court with Panchito and Mariachis providing dinner hour music.

The ball portion alone may be subscribed separately at \$15 per person. Jimmy Wilkins and his Orchestra and the James Tatum Trio will provide continuous music in the Great Hall for dancing from 9:30 to 2 in the morning.

Following dinner, Mrs. Ferdinand Cinelli, of Country Club drive, scholarship chairman, will announce awards to several students at the Center for Creative Studies. All guests have been requested to wear masks, donning them as they enter the Great Hall following dinner. Costumes are encouraged — but black tie is acceptable. A special attraction will be the unveiling of sculpture made by the Ba-Songe people of the Ba-Luba tribe, originating near the headwaters of the Congo River, a purchase of the Robert H. Tan-nahill Fund of the Founders Society, for the African Art Gallery. Other honorary chairmen for the Bal Africain are State Supreme Court Justice and Mrs. G. Mennen Williams, Detroit Mayor Coleman A. Young and Michigan Governor and Mrs. William Milliken. Bal Africain administrative chairman is Arthur D. Coar, chairman of the AAGC and a museum trustee. Saturday workshops in maskmaking are being held in the museum's North Court, artists assisting ball guests in designing and crafting unusual disguises for the ball. A donation of \$1 covers basic materials, but mask makers have been asked to supply their own special fabrics or trims.

Read Fox-Bennett Rites In Mid-July

Bride Is An Immunochemistry Laboratory Technician at Children's Hospital, Bridegroom a WSU Medical School Student

Exchanging marriage vows Friday evening, July 18, in Ann Arbor's First United Methodist Church were Cheryl Lynn Bennett, daughter of Mr. and Mrs. Harvey J. Bennett, of Ann Arbor, and Brian Wells Fox, son of Mr. and Mrs. Thomas C. Fox, of Radnor circle.

The 7:30 o'clock ceremony at which The Reverend Fred B. Maitland presided was followed by a reception in the Social Hall of the Church.

The newlyweds vacationed in Petoskey and are at home in Wayburn road, Detroit, where he attends Wayne State University Medical School and she works as a laboratory technician in Immunochemistry at Children's Hospital.

Both received Bachelor of Arts degrees in 1973 from Albion College.

For her marriage, the former Miss Bennett selected a white satin gown fashioned with an A-line skirt and long, sheer sleeves. Pearl beading defined her Empire waist.

Her sheer white veil was fingertip length, her flowers a cascade of miniature carnations, yellow Sweetheart roses and baby's-breath.

She was attended by honor maid Marsha MacDonald, of Ann Arbor, and bridesmaids Katherine Lemm, of Long Beach, Calif., Paula Romonovsky, of Midland, and Martha Spaeth, of Wyandotte, in sky blue crepe frocks, A-line skirted and Empire-waisted, styled with short, sheer sleeves. Daisy mums, yellow carnations and round bouquets.

Best man was Timothy E. Kahn, of Capac. Ushers were Seth Norman, of Lancaster, O., Craig Bennett, brother of the bride, and T. Bruce Fox, the bridegroom's brother.

The bride's mother's floor length dress of yellow satin featured a daisy lace overlay and long, lace sleeves. The bridegroom's mother's pink jersey gown, also floor length, was styled with long sleeves and a mandarin collar.

Out-of-town guests included the bridegroom's grandparents, Mr. and Mrs. H. Bruce Wells, of Chicago, his uncle Charles B. Wells, of Philadelphia, and the bride's uncle and aunt, Mr. and Mrs. Harold E. Baily, of Adrian.

Afternoon Rites Are Followed by Reception at Holiday Inn, Windsor; Pair Will Be Making Their Home in Detroit

Alison Mary Choate chose a lace-trimmed, hooded gown of ivory maracaine jersey for the Sunday, September 28, ceremony at which she became the bride of Gary Adams Benjamin. White daisies and baby's-breath formed her bouquet.

The new Mrs. Benjamin, who had been making her home in Nottingham road, is the daughter of Mr. and Mrs. Robert Choate, of Detroit.

The Robert Bennamins, of Piqua, O., are the bridegroom's parents.

Attending the bride was Katherine Quale Wratkowski,

in a long, green gown, carrying daisies and yellow roses.

Best man was Peter Phillips, of Mobile, Ala. Dan and Ted Benjamin seated the guests.

Mrs. Choate selected a green jersey gown and a yellow rose corsage for her daughter's wedding. The bridegroom's mother wore pink jersey, with a white rose corsage.

Ellen Mary Cheetham continued a family tradition, selecting the dress and veil previously worn by her mother and sister for her own marriage Friday, September 19, in Our Lady Star of the Sea Church to Timothy Michael Traister.

The CHARLES E. FISHERS, of Merriweather road, congratulated two daughters on receiving university degrees this year. JOANNE LOUISE FISHER, graduated from Grosse Pointe High School in June, 1968, awarded a Bachelor of Arts degree by Oberlin College in May, 1972, received her Juris Doctor degree from Wayne State University Law School June 24. The gown of ivory satin and duchesse and rosepointe medallion lace featured a full skirt ending in a circular train. A Juliet cap touched with seed pearls caught the ivory illusion veil.

In rust crepe frocks with detachable capes, carrying Colonial arrangements of autumn mums, strawflowers and baby's-breath, were Mrs. Lee Timothy Glancy, honor matron for her sister, and bridesmaids Mrs. William Fisher, Barbara Hammer, Mildred Rowe and Mrs. Peter Watson.

Let's Talk Real Estate

by John E. Brink

You are always better off, all the experts say, to price your house at or near fair market value. Homes are much more difficult to sell if they are overpriced. In fact, your overpriced home may linger on the market so long that you finally accept an unexpectedly low offer for it—just because you are tired of waiting. Do not make an amateur guess at what your house is worth—you may only be cheating yourself. Let an expert handle the whole procedure for you, you will be saving yourself time, trouble, and money, too.

Let GROSSE POINTE REAL ESTATE CO., 20087 Mack Ave., Grosse Pointe Woods, 882-0087 show you how home ownership can be within your reach. We cooperate with all the real estate firms in this area so we have a large number of listings to show you. Beauty Comes Out of Straw

Members of the Jenny Lind Club of Detroit gathered last Tuesday, October 14, in the Lochmoor boulevard home of Mrs. Gordon Buehrig for brunch and a workshop/demonstration by Mildred Webb on fashioning traditional Swedish Christmas ornaments out of straw.

Legend has it that the or-many years ago, when the crops failed in Scandinavia and, as Christmas approached, parents, concerned that they would have no money to buy gifts for their children, fashioned toys and dolls out of straw, the material at

hand.

Mrs. Webb's personal collection of several hundred ornaments ranges from angels to crosses to "Thor's Goat," who brings Christmas presents in Scandinavia.

She harvests the wheat she uses, soaks it overnight and ties it with bright-colored cotton yarn, also used wet so it tightens when the knots are dry.

Assisting Mrs. Buehrig at Jenny Lind's October meeting were the Mesdames Charles Brown, Tymon Tolle, Neill Peters and Hira Her-rington.

Wedding In July For Cecile Mullen

Venice Lace Accents The Ruffle-Hemmed White Chiffon Gown in Which She Becomes Bride of James Baker

Mrs. A. J. Agostini came from Ionia to sing at the wedding of her niece, Cecile Maryann Mullen, daughter of Mr. and Mrs. F. W. Mullen, of Brys drive, and James Baker Friday evening, July 25, in Saint Joan of Arc Church.

A reception at the Knights of Columbus Hall, Warren, followed the 7 o'clock rites for which the bride selected a ruffle-hemmed gown of white chiffon. Venice lace accented her bodice and sleeves. Matching lace edged her floor length veil.

She wore the cross her mother had worn at her wedding, and carried an arrangement of white and yellow daisies, yellow baby roses and baby's-breath, with looped, white ribbon.

Her honor attendants were her sisters, Leone Grace Mullen, of East Lansing, and Gerry Sue Lepere. Their yellow frocks were long-skirted and Empire-waisted, fashioned with gathered bodices and stand-up collars. They wore short jackets of yellow and white lace and carried bouquets of white and yellow daisies, baby's-breath and yellow ribbon.

Bridesmaids, in mint green, their bouquets accented with green ribbon, were Judith

Lynn Alfes and Beth Chernecki.

The bridegroom, son of the Morton Bakers, of Howell, asked William Murray to act as best man. Ushering were James Thomas Baker, Arnold Wilcox and Thomas Torcellini.

The bride's mother's long, sleeveless gown was rose-colored. Baby pink roses formed her corsage. She wore a coordinated flowered shawl, edged in the rose-colored material of her dress.

The bridegroom's mother wore a white shawl and a long, white, sleeveless gown with a beige lace bodice. Her corsage was fashioned of baby yellow roses.

Out-of-town guests included the Agostinis, the Z. E. Daults, Stephen Dault, Janet Dault, Mr. and Mrs. Dexter Walker and Mrs. Dale Byce, all of Alpena, the Gerald E. Daults, of Chicago, Paul T. Mullen, of Kalamazoo, Anne Saddler and Deborah Silverstein, of Midland, and Peg Soper, of Niles.

The newlyweds are at home in Walled Lake.

League Fetes New Members

Four "old" members of the Assistance League to the Northeast Guidance Center, Mrs. Ronald Moore, Mrs. David Tyler and Mrs. John Williams, all Pointers, and Mrs. Douglas Cooke, of Harper Woods, extended a warm welcome to the League's new members recently.

The quartet of veterans opened their homes to 60 recruits and their husbands, who enjoyed informal potluck lasagne suppers, casual, sit-on-the-floor parties during which they met the League's board members and heads of special projects.

Over cocktails and dinner, the newcomers learned more about the Assistance League's many activities, ranging from weekly games nights at Alcamo Hall to volunteer programs at the Guidance Center's Day Treatment Unit.

Chief planners for the welcoming parties were Mrs. John Jagger, of Buckingham road, and Mrs. Julius Horvath, of Whittier road.

Pointer of Interest

MRS. THOMAS CONWAY, III, OF LINCOLN ROAD

By Tom Greenwood

This was to be my first interview for "Pointer of Interest" and I was rather apprehensive about it. How would I handle it? I mean, what do you ask a woman who's eaten everything in Detroit? "Uh, tell me, Mrs. Conway, it is true you once overdosed on French onion soup? What's it like having more cholesterol than a 12-egg omelet?"

As far as that went, what would she look like? Anyone who's eaten in over 500 different restaurants in 12 months has got to be voted the Best Small Group of the Year—right?

Summoning my confidence, and humming "Roll Out the Barrel" under my breath, I walked up and knocked on the front door.

After a few seconds, the door opened and I was closely scrutinized by Charlie Chan.

Not THE Charlie Chan of "Number One Son" fame, but Mrs. Conway's pet Shih-Tzu, and the absolute terror of every squirrel on Lincoln road. Standing behind Charlie was Mary Conway, no Marge the Barge but a petite blond lady with a firm handshake.

Diet Drink, Anyone? Once inside, she gave me a warm smile and a choice of a cold diet Pepsi, diet 7-Up or diet ice water. I chose the Pepsi.

Once settled in the den, a nut brown room filled with comfortable leather chairs, books and an air of relaxation, I gathered my journalistic talents and tossed her my first devastatingly trick question. "Uh, tell me about your family."

"Well," she said with a smile, "my husband, Thomas Conway, III, is a successful broker for the Reynold Co. I have four sons, Tommy is 16 and plays the guitar. George, who's 15, plays the piano. My third son is John, and he plays the coronet. Finally, my youngest son is Michael. He's 11 — and he plays baseball."

While Mary answered my question I mentally reviewed what I knew about this lady. Mary Conway, a housewife and former copywriter for J. L. Hudson's who has just co-authored her first book, "Meet, Eat and Enjoy Detroit."

In her book she covers over 500 restaurants spread across seven counties in South-eastern Michigan. The book is divided into four sections. The first, "Familiar Places," lists 130 top-quality restaurants with a reproduction of each restaurant's menu. Included is pertinent information on hours and locations.

The second section, "Exotic" features 70 examples of Detroit's wide variety of ethnic restaurants. From anisette cookies to zucchini, this section has it all.

Health Food, Perhaps? In "Potpourri," the third section, the authors offer some 250 places to go for the unique, from health food palaces to post-theatre suppers.

The final section proves to be the most fun, with recipes from the Detroit area's prize-winning restaurants plus two of the authors' favorite con-

coctions. Also offered is advice on the use of chopsticks, how to break a lobster's heart (as well as claws), plus other informative and entertaining topics.

Swimming out of my information fog, I caught the word "baseball" and leaped into my second question.

"Why did we do it? Well . . . Harry and I met at a party one night, and we started talking about the usual things. We ended up talking about our favorite restaurants, and then about the need for a book on the selections our area offers."

One thing lead to another, and we actually found ourselves writing the book.

Mary believes quite strongly that Detroit offers some of the best eating establishments in the country.

"I feel we're number one mainly because of our ethnic restaurants. We're nicely spread out here, not congested like New York. We've got a huge selection and most of it is very, very good.

When it's good, it's very good, but when it's bad . . . Where's The Carb? "Some restaurants were so bad, you wouldn't believe it. The food tasted worse than anything I've ever had, and that includes most medicines." There were a few funny moments on the calorie campaign too.

"There was one restaurant," Mary said with a giggle, "where things happened that were unbelievable. We had this one waiter who must have been 90 years old. He tottered to the table, bumping into chairs and things. Our butter dish had warm water in it and was melting the butter. When we mentioned this, the waiter poured it out onto the floor next to our table.

After that, the tops to the salt and pepper shakers fell into the salad he was preparing for us. It was funny, but sad: This used to be one of the top-rated restaurants in the Detroit area. But no more."

Needless to say the sad, the bad and the funny didn't make it into print.

The book wasn't just a money-making proposition to Mary. It was also a personal campaign to help dispel Detroit's image.

"What started out as a hobby has become a crusade. We're very tired of Detroit being put down generally, and in particular its reputation of being a wasteland restaurant-wise. People are finally getting into the battle to upgrade Detroit and I'm very happy about that."

A Dessert Of Thanks The battle has also been appreciated by others who've noticed the book. Mary has

received letters of thanks and congratulations from the Detroit Common Council lauding her for her efforts on Detroit's behalf.

After taking a pull on my Pepsi, I mentioned to her my earlier thoughts on what she must look like after consuming millions of calories in the line of duty.

"Well," she said, smiling, "sometimes we'd eat in nine or 10 different restaurants in one day. Not full course meals, but just samples of a variety of things they had to offer. Harry Satchwell, my co-author gained weight and so did I, but I've been so busy that I've just burned it off. I guess I'm maybe five pounds heavier than my usual weight right now."

Checking my sales figure information, I mentioned that the book is doing well after being out for only a short time.

"We sold out the first printing—6,000 copies—in the first two weeks," said Mary, with a trace of well-deserved pride. "We just got the second printing in yesterday, 15,000 copies, and that's really going well, too."

While the original book may be finished, supplemental issues will keep Mary busy for some time to come. "We absolutely plan to update the book every year. I'm lucky because this book is a combination of business and pleasure. My mind is constantly stimulated by the ideas behind the food."

'Bests' Do Battle The next 45 minutes were lost as we tortured each other with descriptions of great meals consumed by interviewer and interviewee. Ladies of spicy barbecue sauces competed with steaks, chops and seafood banquets.

The "best" argument waxed and waned across the den: Our "best" pizzas, hamburgers, corned beef sandwiches, soups, pickles, spaghetti, veal cordon bleu, lox and cream cheese sandwiches, souvlakis and racks of lamb did battle with each other.

In the end we sat back, two ravenously hungry combatants ready to eat a cardboard box if someone were to offer it to us.

Seizing the initiative, I threw one last question at her. "You're going to be executed tomorrow," I stated. She looked startled. "What's your last catered meal?"

I sat back with a smug smile, knowing the torture my question would cause. I watched as the agony of indecision crossed her face. . . . After a few minutes of indecision, Mary Conway gave me her "ultimate" menu.

"Well, I'd start out with a martini from either Hobb's Restaurant in Ypsilanti or the Saint Clair Inn. Appetizers would include stuffed mushroom caps from The Golden Mushroom, Oysters ala Ernie from Joe Muers and cold shrimp with remoulade sauce from the London Chop House.

Warming up to her task she continued, "Soup would be Senegalese soup from the London Chop House. It's a chicken curried soup," she added for my benefit.

"My salad would be the Taboulee salad from The Sheik. My main course would be salmon with mustard sauce from Joe Muers. Vegetables would be creamed spinach, again from Joe Muers, with the fresh vegetables served by Jim's Garage.

"My dessert . . ." here she hesitated, "My dessert would be the crepes from the Money Tree. Finally, the wine served during the meal would be Roederer Crystal Champagne."

With this, she settled contentedly back into her chair. I decided not to tell her about the corned beef with mayonnaise sandwich on raisin bread I'd had for lunch.

After chafing a few minutes longer, I decided it was time to leave. Giving Charlie Chan a farewell pat on the head, I walked to the doorway with Mary. She promised to read the article, and I promised to give her my recipe for Zucchini bread.

As I walked to the car, I ruminated on the interview. It hadn't really been all that bad. The dog hadn't bitten me and the talk and Pepsi had flowed like wine.

As I drove away, I came to the conclusion that Mary Conway was more than just a successful author and a knowledgeable gourmet. She was also a pretty good cook.

We have added a sandwich selection that is available after 9 p.m. Very, very popular . . . a "mini" night out at Perini's on Whittier. Join the many Pointers who are enjoying cocktails, choice wine and our famous Kentucky Hot Brown sandwich, or our luncheon menu at \$2.95 that is available anytime day or night. 10721 Whittier, between Harper and Kelly, DR 1-2484.
