MAYOR YOUNG and City Council President Carl Levin announced Wednesday that, with or without federal approval, the city plans within 48 hours to begin demolishing hundreds of dangerous federally-owned houses in Detroit. Elmer Binford, local director of the Department of Housing and Urban Development, said the city would have to pay HUD some \$14,000 for each house it tears down without permission. The city says it intends to pay nothing.

THREE AMERICANS who discovered how viruses may cause malignant tumors in humans won the 1975 Nobel Prize in Medicine on Thursday for accomplishing "a giant step in cancer research." Sweden's Karolinska Institute awarded the \$143,000 prize to David Baltimore, 337; Howard Martin Temin, 41; and Renato Dulbecco, 61, all veteran cancer researchers, "for their discoveries concerning the interaction between tumor viruses and the genetic material of the cell." They will collect their prize in Stockholm on December 10.

NEW YORK CITY escaped fiscal default and financial chaos by an eyelash Friday when a teachers' union agreed at the last minute to grant a \$150 million transfusion from its pension funds into municipal coffers that were running dry. United Federation of Teachers President Albert Shanker yielded to intense state and city pressure after once reneging on the promised money in union pension funds. Once Shanker agreed to spend the money, the board of trustees for the pension system quickly approved his decision.

VALIUM, THE DRUG most often prescribed by doctors to treat anxiety, has become the number one choice of drug abusers, according to a study released by the National Council on Drug Abuse in Chicago. Dr. Jordan Scher, executive director of the council, said the statistics in the study released Friday, "mean that an excellent drug for medical purposes is being overused medically and is certainly being abused by drug abusers." Research shows Valium currently is contributing to four times as many drug-related deaths in the Chicago area as it did last year, he said.

FOR THE 14TH TIME in their last 15 games, the Minnesota Vikings defeated the Detroit Lions in Bloomington, Minnesota on Sunday. This time by a score of 25-19. The combination of a fumble on the opening kickoff in the second half and a questionable call by an official spoiled the day for the Detroit team. The win kept the Vikings unbeaten at 5-0 in the Central division, with the Lions holding down second place with a 3-2 record.

HANDGUN OWNERS would have to pass a State Police exam and investigation under a bill proposed Monday by Rep. Stephen Monsma, D-Grand Rapids. The legislation would license handgun owners after 14-day waiting periods and limit them to one gun in the home. Additional guns could be stored elsewhere, he said. Five-year licenses would cost \$5, he said at a news conference. Current gun owners would be allowed one year to get a license.

City Balks On Change Of Elections

State Attorney General Frank Kelley Vetoes Proposed Amendment to Charter

Michigan Attorney General Frank Kelley vetoed a proposed amendment to the City of Grosse Pointe's charter which would change the local election voting day. The Council was thus forced, at the regular Monday October 20 meeting, to rescind its motion to put the proposal on the November 4 ballot.

The proposed amendment, passed by the council on August 18, 1975, would have brought The City's charter in line with state election laws by changing the voting date from the first Tuesday in November to the Tuesday succeeding the first Monday in November in odd years.

State Takes Precedence
Mr. Kelley advised the council that state law takes precedence over city charters in this matter and therefore, Mr. Kelley did not wish to have the question placed on the ballot.

There are three instances through the year 2000 where the first Tuesday in November falls on November 1 in odd-numbered years and would conflict with state election dates. The first instance would be November 1977.

Mayor Butler Discloses Farms Named Beneficiary By Late Benjamin H. Long

Prominent Attorney's Will Stipulates City Will Receive One-Third of Residue of Estate after Widow's Death

In a surprise announcement before the Farms Council Monday night, October 20, Farms Mayor William Butler revealed that The Farms has been named as a partial beneficiary in the last will and testament of the late Benjamin H. Long.

Mr. Long, a prominent Grosse Pointe attorney and long time Grosse Pointe resident, died at his home on August 12 of this year.

The wording of the will stipulates that The Farms will receive one-third of the residue of his estate after the death of his widow, Henrietta. The will further stipulates that the endowment be used "exclusively for the benefit of the people of The Farms, as The Farms council sees fit."

Beautiful Gesture
Mayor Butler said it was a "beautiful and touching gesture from a wonderful man. The Farms will gratefully accept."

In other action before the council, a communication was received from the State Liquor Control Commission requesting the council to adopt a resolution recommending for approval or disapproval the liquor license transfer of Devon Kelly's Pub.

Devon Kelly's Pub is one of the three bars in Mack avenue that resorted to hiring security guards last summer to help control noise, parking and litter problems, at the request of the bar's residential neighbors. The other two bars involved were

DiamondLil's and Piper's Alley.

Devon Kelly's current owner is Robert A. Cuson. The potential new owners of the bar are: James A. Addison, 22, of The Park, who will be the actual manager of the premises; Eli Ozeirey, 36, of Southfield; Cynthia L. Cohen, 26, of Franklin Village; Christopher J. Dasaro, 23, of The Park; and Louis J. Dasaro, 21, also of The Park and brother of Christopher.

Are Old Friends

The five applicants have known each other for varying periods of time stemming from family relationships and school friendships. The potential new owners promised to work with the council on problems consistent with the three pubs in Mack avenue. The owners also mentioned modification plans for the bar; new carpeting, new paint job, new fixtures and a new name—"Pointers Pub."

They also mentioned new additions to the bar's lunch menu, plus the potential removal of pin balls from the pub.

Councilman James Dingeman proposed to approve the application on the condition the new owners agree to knowledge of three conditions: removal of the pinball machines, knowledge of parking and security guard problems, plus the nearness of the residential areas."

Passed Unanimously

The proposal to approve was passed by a vote of 7-0. The council also took action on a communication from Robert D. Dunwoodie, Hearing Officer, requesting the council to set a hearing date to review the decision and order of the Hearing Officer rendered August 20, 1975, regarding the residence at 452 Madison avenue.

The unoccupied house at 452 Madison avenue is owned by Mrs. Marie Randazzo, and has been a problem for the council since at least 1969.

At the August 20 hearing the officer made the following decisions: that the owner of the property and a representative of The Farms

LWV Plans To Present Candidates

Informed Electorate Goal of Forums Scheduled For Both Woods and Farms

With the idea of getting out an informed electorate in the upcoming Woods' and Farms' Council elections, the League of Women Voters of Grosse Pointe (LWV) is holding candidates' forums before the election in each city.

The Farms forum will be held on Tuesday, October 28, at 7:30 p.m., in the City Hall, 90 Kerby road. The eight candidates for the four contested seats will be present. JoAnn Kelly will moderate the forum, assisted by Audrey McConachie.

10 Seek Woods Seats

The Woods forum will be held on Wednesday, October 29, at 7:30 in the Municipal Building, 20025 Mack avenue. The 10 candidates for the three available seats will be moderated by Mrs. Joseph Thompson, assisted by Harriette Slowin.

The Farms candidates are: Patrick N. Clarke, Lloyd A. Semple, Harry R. Fruehauf, Jr., Warren J. Delp, Wallace D. Riley, W. James Mast, John W. Murphy and James H. Dingeman.

The Woods candidates are: George S. Freeman, Robert Trinklein, George Cueter, Roger Graef, Joan M. Mullian, Brian M. DeFour, William E. Plumb, George S. Lilly, Mary Lee Graham and Albert Abend.

Guides Available

A voter's guide will be available at the forums. These guides will give biographical material on each candidate and their answers to two questions: 1. Why I am running for the Council, and 2. What I feel are the issues facing The Woods or The Farms. These guides will also be on file at the Central and Woods branches of the library.

Frances Higbie, LWV service chairman who is arranging the meetings, says that the purpose of the forums is to give citizens the opportunity to hear candidates speak and to ask them questions.

Councilmen serve four-year terms. There are seven members on each of the two councils.

Woods Dedicates New Complex at Lakefront Park

Swimming Pool Is Largest in State and Second Biggest in Country; Entire Project Cost \$1,680,000

Dark, overhanging clouds and a brisk damp, cold wind failed to deter the dedication of the Woods' new Lakefront Park Swimming Complex and Tennis facilities on Sunday, October 19. The new outdoor pool is reputed to be the largest in Michigan and the second largest in the United States, with Toledo, O., claiming the honor of having the biggest.

The park is located at 23006 East Jefferson, just west of Nine Mile road, St. Clair Shores. The Woods pays taxes on the 13-acre land to the City of St. Clair Shores, which in effect makes it a private park, for the exclusive use of Woods residents and their guests.

Dignitaries Attend
Attending the ceremonies were two State senators, officials from the Woods, Shores and St. Clair Shores, and other civic dignitaries.

The dedication was opened by Woods City Administrator Chester Petersen who welcomed all in attendance and thanked them for being present. He then introduced Woods Mayor Benjamin Pinkos, who in his opening speech expressed his appreciation to the residents of his community for approving the bond issue making the construction of the huge complex possible.

The mayor then introduced the State and local dignitaries and guests on hand for the ceremonies. Mayor Pinkos called on Charles Van Hove, chairman

EMS Retracts Shores Charge

Michigan Department of Public Health, Emergency Medical Services (EMS) Chief, Joseph W. Hull, said he had "misinterpreted his records," when he announced last week that the Shores' ambulance service was understaffed.

The Shores actually has 18 licensed attendants on its force, rather than three, as Mr. Hull reported, (NEWS October 18).

The mix-up resulted from a filing system quirk that he was not aware of, Mr. Hull said. Files of licensed attendants are not kept by city, as he assumed, but are arranged by county.

Shores Director of Public Safety, Joseph Vitale, said "I'm sorry that it appeared that we were understaffed. The city fathers out here have always been very conscientious about keeping up with State requirements."

"We've got two or more licensed attendants on duty at all times," he added.

Mr. Hull repeated his claim that The Park and The Farms are understaffed, with only one licensed attendant each.

Cite Traffic Problems in Woods Area

Residents Ask Council for Relief; Claim Congestive Flow of Vehicles Is Dangerous

Residents of Brys drive Helen, Canton and old Eight Mile road, nearly filled the Woods council chambers on Monday, October 20, to beg for relief from the heavy vehicular traffic on their streets. Motorists, it was claimed, are using these streets, especially Brys drive, as short cuts to Mack avenue.

Not only are the residents complaining about the car traffic, but also about the heavy trucks and semi-trailers, which are prohibited from using these streets. Signs are posted to that effect.

The citizens claimed that approximately 2,100 vehicles of all types, not only use their thoroughfares, but the drivers ignore traffic control and truck prohibition signs. Speeding is another problem. All these factors, and more, not only are hazardous to the children and people living in these streets, but also cause damage to property.

Damage to Property

As one woman living in Brys told the council, there have been a number of occasions when motorists, not stopping for the stop sign at Helen, which deadends at Brys, have driven straight ahead and onto her property, causing considerable damage.

There is a large section of Brys drive that make a sharp turn and deadends on Eight Mile road; Helen road, coming from Harper, deadends at Brys, and the section of Canton, where the trouble fomented, deadends at Eight Mile. Eight Mile is north and its center is the Wayne-Macomb County line. Canton is the city limits line between The Woods and Harper Woods; north of Eight Mile is St. Clair Shores in Macomb.

YSD Views Report on Marijuana

Detectives Relate Nation-wide Figures to Present Situation in Pointe Area

By Roger A. Waha

Nationwide survey results indicating that more young people are smoking marijuana were recently viewed in relation to the Pointe area by the Youth Service Division's (YSD), four detectives.

An Associated Press story earlier this month said the National Institute on Drug Abuse released four new surveys costing \$2.2 million which reported, among other information, that marijuana use among 12-17-year-olds almost doubled between 1972-74.

Based upon marijuana incidents reported to the YSD for its investigation between 1971-74, plus the thoughts of division detectives based upon their own experiences in this area, the national surveys regarding the use of pot generally parallel such usage in The Pointe.

Decided Drop

From 1971-73, known marijuana cases along with total drug related incident reports showed a steady increase in frequency. However, in 1974, there was a decided drop both in the number of reported marijuana incidents and in the overall total of drug-related offenses.

The rise and subsequent fall of both marijuana cases and total incidents for that period looks like this: 1971—marijuana, 69 reports; total incidents including such categories as opium, cocaine, etc., synthetic narcotics and "all other," 120 reports.

1972—marijuana, 122 cases, total incidents, 182; 1973—marijuana, 139 reports, total incidents, 199; and 1974—marijuana, 82 cases, total incidents, 111.

While these figures show the fluctuation of these offenses and provide an indication of trends in usage, the hazy area of unreported cases over this period always remains.

Shift in Drugs

There was a "tremendous increase" in the use of marijuana until the summer of 1974 when cases leveled off, said Det. Patrick Fagan, South High School district, who quickly added more young people then experienced with alcohol.

He felt the marijuana usage survey reflected The Pointe area up to the summer 1974 decline. The detective attributed this drop to two possible factors: the availability of "good" marijuana, which was difficult to obtain, and the introduction of chemicals, e.g., PCP, an animal tranquilizer, among the student populace.

In fact, Det. Fagan stated he has been noticing a shift towards harder drugs in cases which he has been investigating. For example, in the last two months, four PCP incidents, one heroin and one cocaine case have crossed his desk.

He feels hard drug usage tapered off in the early 1970's towards a shift in the use of marijuana. Preliminary analyses of substances conducted at the YSD office last year indicated mainly marijuana or hashish, he said. "Now, it appears as though reported cases in our office indicates a shift back to hard drug usage."

Consistent Cycle

Det. Fagan stressed the fluctuation of usage of various substances over a period of time on the parts of various people. In citing the student population at any given time period, he said there will be students who refrain from using drugs, students who will use alcohol, students who will use marijuana and, finally, students who will use hard drugs.

As part of this cycle with new students entering high school and others graduating, he stressed the hope of in-

The distributor in your car is the heart of the
ignition system; it controls cylinder firing. The dis-
tributor consists of a number of components that
relay the battery's low-voltage electricity to the spark
plugs. Each one of these distributor components —
cap, rotor, advance assemblies, breaker points and
condenser—has to be kept in suitable condition and
properly adjusted so that they will deliver to the
correct plug at the correct moment.

YSD Studies Marijuana Use in Pointes
(Continued from Page 1)

creasing the amount of young
people in the "refrain from
any drug use" category.
Another point cited as part
of the survey's in the As-
sociated Press story revealed
55 percent of the three mil-
lion high school seniors in
the class of 1975 experimen-
ted with illegal drugs, and
two-thirds thought marijuana
use should be legal or only a
minor violation.

In relation to this, the story
quoted Dr. Robert L. Du-
Pont, institute director, as
saying, "It is apparently in-
evitable that young people
are going to experiment with
cigarettes, alcohol and mari-
juana, and that this experi-
ence will lead too many
young people to a regular
pattern of undesirable use of
these drugs."

"Jury Still Out"
On the experimentation
front, Det. Fagan and his
three colleagues concurred
that experimentation will al-
ways take place among
young people.

At the same time, Det. Fa-
gan cautioned that "the jury
is still out on the harmful
effects of marijuana," while
giving many young people
credit for disciplining them-
selves in the area of sub-
stance abuse.

For his part, Det. Donald
Schmaltz, South district,
agreed that the nationwide
surveys indicating increased
marijuana usage among
youths between 12-17 years
from 1972-74 is reflected in
The Pointe.

Despite the tailing off in
such usage in the division's
1974 annual report, the de-
tective said, "I can't see any
falling off in the use of mari-
juana. There have been lots
of unreported incidents which
we know of, such as contacts
from parents, with the in-
cidents themselves not be-
ing put on paper. I would go
along with the increase and
the survey report."

Parents Take Charge
In exploring such incidents,
Det. Schmaltz stated par-
ents in The Pointe are taking
steps in marijuana usage
cases such as seeking advice
and disciplining their chil-
dren themselves. And these
cases, he noted, were not
formal complaints.

"Marijuana is so prevalent
that it doesn't begin to faze
people as it did a couple
of years ago," he said.
People are accepting such
usage more, "not that it's
right, but there's more ac-
ceptance," the detective stated,
in making his point.

"We talk with lots of in-
dividuals who have experi-
mented with marijuana but
these people are not every-
day users," he continued.
"There are very few people
who haven't been in contact
with it," (marijuana).

As for hard drug usage,
Det. Schmaltz said heroin is
almost non-existent "with
us," like cocaine, and that a
reason for this could resolve
around its availability. He
also emphasized that "en-
forcement is stronger than
ever."

"Talk Is Cheap"
During the last six months
there has been an increase

in PCP, which has been sold
as LSD to unsuspecting buy-
ers, he stated. "There's a
small group of young people
who are involved in chemi-
cals, but these aren't as ac-
cepted as marijuana has
been."

Meanwhile, Det. Wayne
Baum, North district, viewed
the subject of repeaters re-
garding usage. He indicated
in many cases the same
people who use marijuana
are the same ones who are
often involved in other in-
cidents, while noting there
have been some new con-
tacts on this front.

That marijuana usage is
widespread among young
people in The Pointe area,
he said, "I don't want to give
it a lot of credence."

He asked, for example,
"How much truth is there in
the rumor young people are
partying down on week-
ends?" While adding, "In my
experience, talk is cheap."

As for the decline in divi-
sion reports regarding mari-
juana usage in 1974, Det.
Baum offered this opinion:
At the peak of such usage, it
was "cool" to be seen doing
it; now, individuals could be
participating in a closed situ-
ation. As a result, there pos-
sibly may be no decline in
smoking marijuana.

Drug Education
The detective also stressed
another point on the educa-
tional front. The YSD has
spent a lot of time in class-
room situations on the haz-
ards of violating the law and
in drug education, in rela-
tion to controlled substances,
he said.

But Det. Baum added it's
an intangible thing in mea-
suring the effectiveness of
such presentations.

His North district associate,
Det. Stuart Gerow, felt the
overall nationwide surveys,
particularly regarding the
growing use of marijuana
among young people, weren't
indicative of The Pointe
area.

In saying the community
doesn't follow the national
trend, Det. Gerow had words
of praise for Pointe young
people.

"The young people are
more disciplined in all areas
of total activity than they
were two years ago" regard-
ing such usage, he said.

Learned Lesson
Many learned their lesson
from those who made mis-
takes, the detective contin-
ued, while citing not only the
use of drugs in this regard
but also respect for property.
"The young, (today), are
more mature and sophisti-
cated," he added, while giv-
ing the school system credit
for this result.

At the same time, Det.
Gerow realizes that mari-
juana is accepted by young
people as something less ab-
usive than alcohol. He said
youths smoke it at parties,
for instance, but are more
careful about such usage.

If it eventually becomes
legalized, it isn't progress,
he stressed, while empha-
sizing the need for more re-

search on the effects of
smoking marijuana.

As for the use of hard
drugs among young people,
he felt they were disciplin-
ing themselves in this area.

"Great Concern"
Finally, other results of the
surveys as reported in the
Associated Press story noted
300,000 of the 19 million
young men between 20-30
years of age used heroin with-
in the last year, while an-
other one to two million used
other illegal drugs and seven
million smoked marijuana.

The story indicated that
usage was increasing because
marijuana is more readily
available now and because of
the "contagious phenom-
enon" that challenges non-
users to follow their friends'
example.

While citing his opinion
that criminal penalties are
not the answer and his sup-
port of the growing trend
among states to decrimi-
nalize marijuana use, the
story quotes Mr. DuPont as
saying, "The steady increase
in the use of licit and illicit
substances is of great con-
cern to use."

On the bright side, accord-
ing to the story, Mr. Du-
Pont said the majority of
those who experiment with
drugs either stop or only use
them occasionally, and the
number of "hard core"
heroin addicts has apparant-
ly stabilized at about 400,000
persons.

Center Classes Offer Fitness

Classes in Karate, Yoga and Ballet offer fitness at Grosse Pointe War Memorial, each differently instilling mental and body disciplines.

Karate is taught on Friday nights from 7 to 9 p.m. for an eight-week term beginning October 31. Both beginning and intermediate students are enrolled and men and women, boys and girls are all welcomed to attend. The instruction is by members of Wayne State University Karate Club under the direction of Sang Ku Shim who introduced Korean Karate to this country. Discipline, mental alertness and techniques of defense are all learned. The fee is \$20 for the eight-week term.

Yoga is taught at the Center in both day and evening classes. The evening class term begins Wednesday, November 5, 7:30 to 8:30 p.m. extending to January 5 skipping the holidays. Taught by Richard Probert, S.R.F. trained, the evening class welcomes both sexes and teens as well as adults.

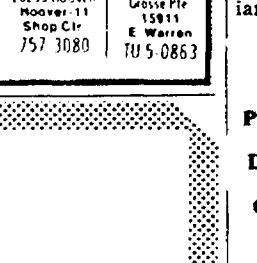

A daytime yoga class is taught by Betty Locke, S.R.F. trained, on Tuesdays, 10:15 to 11:15 a.m. for women only, beginning November 11. Both eight-week yoga terms are offered for a fee of \$20. Yoga tones the basic organs and brain through exercise, stances, concentration and relaxation.

Adult Ballet taught by Mary Ellen Cooper begins a new term November 24 with classes scheduled week day evenings Tuesdays, Wednesdays and Thursdays. The 10 week term is \$27. Classes are accompanied by Mrs. Charles Cooper pianist and the Cecchetti or Traditional Italian Ballet is taught.

The Council's other proposed charter amendment, designating the council members as the official City Planning Commission, was approved by the attorney general's office and will appear on the November 4 ballot. This change is necessary if The City is to receive \$22,900 in Housing and Urban Development funds to develop a master plan.

Park Fire Chief Warns On Flammable Clothing

Do you know that flammable garments are still being sold on the market, especially children's sleepwear? And, do you know that different types of fibers, blends and flame retardant finishes used in sleepwear require different kinds of laundry products?

Park Fire Chief Phillip Costa said that according to a law passed in July 1973, children's sleepwear, from sizes 0 to six must be flame retardant. As a matter of fact, the U.S. Commerce Department went a little further and banned the sale of any flammable sleepwear up to six 6X, the chief pointed out. Nevertheless, 50 percent of burns from flammable clothing occur with children between six and 16 years of age, making it essential that standards be established for clothing in larger size garments, other than sleepwear, such as underclothes, shirts, slacks and so on, Chief Costa said. A number of States are now passing legislation which hopefully will make the future search for clothing safe.

Until such time the laws are passed, said the chief, be careful how and with what you wash flame retardant clothes. Always wash them with phosphate-based granular or heavy-duty laundry detergents.

In most instances, the label

on the package will indicate the phosphate contents of the product. If this type of detergent is unavailable in your market, then use a heavy-duty liquid detergent. Follow label instructions on how to use these on flame retardant garments. Here are a few examples:

1. 100 percent polyester—machine wash in warm water and tumble dry to retain flame retardant properties. Do NOT use soap, bleach, or low phosphate detergent. Do NOT send to a commercial laundry.

2. 100 percent modacrylic—machine wash in warm water. Tumble dry. Do NOT iron.

3. 100 percent cotton—machine wash in warm water. Tumble dry. Use DOUBLE recommended amount of concentrated low suds phosphate detergent powder or a non-phosphate heavy-duty liquid detergent. Do NOT use soap, bleach, or other nonphosphate detergent. Do NOT launder in hard water. Home laundry only.

4. For fabrics made of 80 percent rayon and 20 percent nylon — machine wash in warm water. Tumble dry. Do NOT use bleaches or softeners.

"The way to stop tragic burn accidents, is prevention," Chief Costa said, "revention is the key word, so when you buy clothing for your children, or yourself, check them out thoroughly."

Park Complex Dedicated

(Continued from Page 1) gave a brief history of the project. The invocation was then given by the Reverend Ralph V. Barton, pastor of Our Lady Star of the Sea Church. Richard Albyn, AIA, architect, whose firm designed the pool and complex, after stating that the swimming pool was the largest in the State and second only to the pool in Toledo, remarked that he had not seen the Toledo pool, but as to its claim of being the largest in the country, "that will have to be proven." He introduced Clarence Bentley, AIA, and together they presented Mayor Pinkos with a beautifully colored architectural drawing of the entire complex.

Took 13 Months

Mr. Albyn pointed out that it was almost 13 months to the day his firm was commissioned to do the project and work on the complex was begun on January 8, and after 400 days of labor construction, the work was finally dedicated.

Mr. Jack W. Brickel of Brencal Contractors, Incorporated, presented a huge key to Mayor Pinkos, who accepted it on behalf of the people of the Woods.

"I accept this key on be-

half of the people of Grosse Pointe Woods," the mayor said, "with heartfelt thanks to those who worked so hard for this moment, especially Don Hallman, director of Parks and Recreation, and Mr. Van Hove and his committee. Above all, we should pay tribute to the people of Grosse Pointe Woods, rather than to the brick and mortar that you see here. Without the approval of the people of our city for the bond issue, this complex would not have been built."

Lions Present Flags

Not to be outdone, The Lions Club of Grosse Pointe Woods, which had contributed three huge aluminum flag poles, presented Mayor Pinkos with a large flag of the United States, a State of Michigan flag, and a Bicentennial flag, which were raised by personnel of Loomis Battery of Metropolitan Detroit, dressed in full, colorful uniforms, with sidearms and sabers, under the command of Battery Commander Greg Humphrey.

The audience sang the "Star Spangled Banner" led by Herman Klein, Grosse Pointe North High School choir director, accompanied by a large number of the GPNH Band, under the direction of Nathan C. Judson.

Others in Program

Commander Douglas Shrieves of the Grosse Pointe Woods American Legion Post 303, led the Pledge of Allegiance to the flag; which was followed by a solo — "This is My Country," by Jacobs, sung by GPNH student Steve Hagg, as he strummed his guitar.

Conclusion of the ceremony was a prayer of benediction by the Very Reverend Paul F. Keppeler, pastor of The First English Evangelical Lutheran Church.

After the closing of the ceremonies, refreshments were served at the new bathhouse, and a tour of the facilities was made by the audience.

The "Valkyries" of GPNH under the sponsorship of Mrs. Thomas A. Brennan, were on hand to tell the "Bathhouse Story."

Woods Traffic Problems

(Continued from Page 1) On October 7, a petition bearing 94 signatures of residents of the area affected, was presented to the Woods, asking for relief from what they believe is a hazardous situation.

Will Continue Study

Mayor Benjamin Pinkos informed the people, that the petition has been received and placed on file, which means that the issue will still be under study, and the study will be conducted by traffic experts.

"We members of the council are not experts in vehicular traffic matters," the mayor said, "and that is why we must rely on opinions of persons who are qualified in making findings in such matters. A further study of the situation will be made and the decisions of the experts will be made known to the residents of the area involved."

"Mr. Petersen (Chester) our city administrator-clerk, will convey a directive to Director of Public Safety Henry Marchand to instruct officers to strictly enforce the prohibition of commercial truck traffic from using the streets in question, and to issue violation tickets to drivers ignoring this ordinance restriction."

AAA Cooperates

Mayor Pinkos said that it is possible that traffic experts of the Automobile Club of Michigan will again be asked to assist in making the study. The AAA has always cooperated with the Woods and other communities in solving serious traffic problems, he added. As a matter of fact, the AAA has already made some suggestions which might alleviate a great part of the existing problems, he added.

In a letter to Mr. Petersen, Director Marchand stated that Brys drive is not unique in that there are several other residential streets within the city that handle as many or more vehicles a day. "Suggestions, such as mid-block stop signs, traffic bumps, barriers and restricting traffic to local residents, are not only illegal," the director stated in his letter, "but would place the responsibility of accidents on the city."

Many Fail To Stop
"Other suggestions, such as one-way streets would only tend to increase the

volume of traffic. A review of the traffic citations issued in September 1975 do bear out the fact that some motorists fail to stop for the stop signs at Helen avenue. Of the 20 citations issued on Brys drive, west of Mack, 18 were issued for failure to stop for the stop signs at Helen."

"The goal of all traffic engineers is to make traffic flow as expeditiously as possible with as little impediment as possible." Director Marchand said. Any additional steps taken to impede traffic on Brys drive will only increase the possibility of accidents, add to the noise and confusion and lead motorists to commit traffic violations, according to the director.

Robert V. DeCorte, traffic engineer, Traffic Service Section Safety and Traffic Engineering (AAA) made study and A. C. Gibson, manager had this statement to make in his letter:

Rush Hour Problem

"Much of this traffic volume occurs during the afternoon rush hour. It appears that motorists may be using Brys drive to travel from I-94 expressway to Mack avenue. This count is higher than other streets in the area, but still is not an alarming number of vehicles."

He had these suggestions to offer, after he made a study:

1. Additional guide and street signs directing motorists to Eight Mile road should be installed at the I-94 exit ramps. Many motorists might be confused by the existing signs and end up lost on old Eight Mile and find Brys drive an easy way to Mack. This may be especially true for truck drivers.

Would Remove Signs

2. The stop signs at Helen and Brys should be removed. Stop signs can lure many people into a false sense of security. The "feeling" is that stop signs reduce speed and traffic volumes. As indicated by the comments of local residents who live near the Brys-Helen intersection, many drivers fail to stop and many of those that do, do so carelessly. Also, selective speed enforcement is difficult when drivers are accelerating and decelerating.

3. Selective enforcement should be continued all along Brys drive, especially during the afternoon rush hours. The 2,000 or so vehicles per day do not present a hazard to local residents just by their mere presence on the street. The danger occurs when these drivers do not drive sensibly and when local residents, adults or children, wander into the streets carelessly.

Skills/Talent Courses Added

As the result of a survey of elementary school students and parents, five new courses have been added to the Skills/Talent program in Grosse Pointe elementary schools.

The courses, which began Monday, October 13, include "Wonderland of Words," (etymology), in English; "Calculators" and "Designs in Geometry" in math; "Map Making" in social studies; and "Money Matters" in consumer economics.

The 15 courses in the program will be offered in three nine-week cycles.

Water Level Still Problem

The high water level of Lake St. Clair is still posing problems for boaters at the Lake Front Park reported Woods Parks and Recreation Director Donald J. Hallmann in a recent monthly report.

This condition "still prevents many of our boats that usually could go under the bridge, (from doing so, making available limited docking facilities on the lake side of the bridge."

He felt if the water continues to hold at its present level, it will be necessary to bump, according to the city ordinance, approximately 15 boaters next spring.

"This is not a firm amount due to some people selling their boats, and it is possible that some of the craft may be able to be moored in the spring on the downriver side of the bridge," he continued.

Mr. Hallmann added residents continuously express the desire to have the existing bridge removed and relocated near the pumping station at the south end of the park so that "those who are involved will not have to engage in the bumping process."

Church Slates Film Happenin'

The Grosse Pointe United Methodist Church is launching its Every Member Commitment Program this week with a series of Eight House Happenings and a Youth Happening. The congregation has been invited to attend one of the House Happenings which begin Thursday, October 23 and continue through Monday, November 3.

The theme of the campaign is "Spirit of '76". The theme will be presented in a 25-minute film that has been created by Cecil Sessions with the assistance of Rudy Ollila and Mrs. Walter Billquist. Robert Montgomery is creating the audio for the film. It explores this idea with scenes of the congregation at work and worship.

Senators Pay Woods Tribute

A special tribute, suitably framed, was presented to the Woods council on Monday, October 20, by State Sen. Joseph M. Snyder, 26th District, in which a section of the Woods is included. The tribute also bore the signature of State Sen. John H. Hertel, 2nd District. A large area of the Woods is part of his district.

The tribute lauds The Woods for receiving the coveted American Automobile Association's grand award for traffic safety for the fourth time since 1966 and the achievement of 17 years without having a pedestrian fatality.

The tribute, in part, stated that The Woods' outstanding safety record is the result of efficient traffic patrols, law-abiding citizens, well-posted signs, and various safety programs initiated by the Woods Police Force, which has enhanced the level of safety consciousness of the community.

In 1974, the city was proclaimed the leader in the national AAA survey of traffic safety of cities of less than 50,000 people. Mayor Benjamin Pinkos accepted the tribute on behalf of the city.

Burglar Robs Woods Home

A burglar took advantage of an unlocked rear bedroom window in the home of Mr. and Mrs. John Aitken, 1440 North Renaud, to enter the residence and make off with a lady's solid white gold diamond wrist watch and several pieces of sterling silver items, according to an official Woods Public Safety Department report. The break-in occurred on Tuesday night, October 14.

Mrs. Aitken told authorities that she was the last to leave the house, which was about 7 p.m. She said she returned at 9:30 p.m. to discover a china cabinet door open and the rear door of the house ajar and the house ransacked.

Mrs. Aitken told investigating officers that the thief had taken her watch, with a diamond band, valued at \$750. Also missing, she stated, were two sets of sterling silver creamer and sugar bowls, value unknown; and a set of sterling silver candle bases, and a sterling silver dish, values not known.

The watch was taken from the master bedroom, and the other articles from the dining room, it was disclosed. The thief did not bother to close the bedroom window after entering, police said.

The burglary was assigned to officers of the Detective Bureau for investigation.

The winners were selected on the basis of a "Bicentennial Minute" composition and current events test scores. Runners-up at North were John Kennedy and Mark Brandon; at South they were Rodney Shene and Janice Rosinski.

Pointer Earns 'Lost' Medal

Clarence E. "Bud" Day Jr., of Bishop road, was authorized to be awarded the China War Memorial Medal, (K'and Chan-Nien Chang), by his Excellency James C. H. Shen, ambassador of the Republic of China to the United States.

It was presented at a recent banquet held at the Detroit Boat Club. Madame Anna Chennault, widow of the famed general, Allen Bennett, retired Air Force General, and H. M. H. O'Young, consul for the Republic of China in Chicago, presented the award.

The China War Memorial Medal, known as the "Lost Decoration of World War II," commemorates service in China with America's Chinese allies in the defeat of the Empire of Japan. The decoration was authorized by the Chinese government at the end of World War II — 30 years ago.

The general confusion then existing in China apparently resulted in the documentation being misplaced. It, (the medal), was generally considered to be a myth by those

who had heard the rumors about it.

One persistent individual, Graham K. Kidd of Florida, who had served in the 14th Air Force Headquarters in Kunming, Yunnan, China, kept investigating.

After 29 years, he succeeded in locating a copy of Circular No. 166, U.S. Forces, China Theater, dated 29 September, 1945. The Chinese government authenticated the award and announced that members of the Flying Tigers—14th Air Force Association would receive this decoration.

children CAN'T HELP WONDERING.

And they wonder a lot about God. They seem to have a natural awareness that He's here, and that He's important. But they want to know more.

In the Christian Science Sunday School, God's nearness and goodness become practical realities to children. They study and discuss weekly Bible Lessons, and how to apply their truths each day. They learn to look to God for His unfailing help.

No need for your child to go on wondering. Let him start discovering, at our Sunday School. We'll be delighted to welcome him and his friends.

Woods Okays Two Requests

The Woods Council gave its unanimous permission to City Treasurer Helen L. Fox and City Comptroller-Assessor Frederick G. Hornfisher to attend two different sessions. This action was taken at the regular meeting Monday, October 6.

Mrs. Fox received approval to attend the Municipal Finance Officers' meeting in Kalamazoo Tuesday-Wednesday, October 21-22, (with permission being made in the 1975-76 budget for expenses incurred), while Mr. Hornfisher received approval to attend the Annual Assessor Course at Ann Arbor December 1-3 with the reimbursement of all necessary expenses.

Center Offering Theater Buffets

Full dinner theater is offered Grosse Pointe Theater patrons at The War Memorial. Candlelight buffets will be served in the Crystal Ballroom on all Wednesday, Thursday and Friday nights throughout the season and is being offered on Tuesday night, November 11, for the production of "Man From La Mancha" on an experimental basis.

Tables may be reserved for any number. The cost of the dinner is \$7.50 including punch bar, tax and service. Paid reservations are requested in advance.

Park Complex

(Continued from Page 4)

the people were treated to a water show, with Don Hallman as the emcee.

The exhibition was performed by the Garden City Synchronized Swim Team, Mrs. Joseph N. Rusis, coach; and the East Lansing Diving Team, Don Brown, coach.

"The entire complex," said Mayor Pinkos, "cost about \$1,680,000, which will be paid off by not quite 1.3 mills added to the taxpayers' tax bills. This would amount to about \$25 a year to the average home owner.

"This complex will be used for a long period of time. The heating system will warm the water for earlier than usual use of the pool, and a longer period before it is closed down for the late fall and winter season."

To Renovate Bathhouse
The mayor said that the old bathhouse will be renovated for general passive use, such as card playing, reading, and so on, and in the cold winter days it can be used as a place to warm up by participants in winter sports.

The double Olympic swimming pool with diving tank and wading pool has 34,378 square feet of water surface, and holds 1,134,300 gallons of water; A sun deck of 76,000 square feet surrounds the pools.

Although competitive swimming and diving have been well accommodated in the design of the new pools, the entire facility is primarily for the use of Woods residents, as a community, family-type recreation.

There are 10 new tennis courts available for use of tennis enthusiasts.

The parking lot will have room for about 350 cars, it was said.

Young Execs Plan Hayride

A new Young Executives group will celebrate its inauguration with a Halloween hayride and spaghetti supper at the Longhorn Ranch on Friday, October 31.

The group will leave The War Memorial at 8 p.m. via chartered bus with free beer

and set-ups aboard. At the ranch, the group will ride hay wagons and enjoy a bonfire before returning to the lodge for dinner. All are encouraged to wear costumes and fifths of liquor will be awarded as prizes. The cost of the entire evening is \$10 and reservations must be made at The War Memorial office by October 25.

The group is also planning a Chicago weekend December 5-7. The weekend includes round trip train transportation in a special coach, transfers to hotel and back to the train in Chicago, accommodations for two nights at the Sheraton-Chicago hotel, an evening of theater on Saturday and a ticket to the Bears-Lions game on Sunday. Portage, taxes and escorts are included at \$94.50 accommodations for triple or \$99.50 for sharing twin bed accommodations. Deposits of \$20 should be made by November 15.

The group is forming at the War Memorial and is open to all Grosse Pointers and their friends who are in executive or junior executive positions and are in their twenties or thirties, including both singles and young married.

Devil Gridders Down Roseville

By John Palfy

South's Blue Devil gridgers overcame chilling temperatures and a steady drizzle to post a 15-12 Homecoming victory over Roseville last Saturday.

The win brings South's EML record up to 4-1, tying with Mount Clemens for second place behind undefeated Port Huron Northern.

Pete Boll led the Devils with a touchdown and two point conversions as he placed an offensive attack that gained all its 233 yards on the ground.

Supporting Boll's 89 yards in 13 carries was Dave Wyborski's 71 yards in 21 carries and Mike O'Sullivan's 47 yards on 4 runs. South's five passes fell incomplete, marking the worst aerial attack of this season.

Brian Myers and Rob Worrel each picked off Roseville passes as the secondary yielded only 21 yards on four completions in nine attempts.

Roseville returned a blocked punt into the end zone to establish a 6-0 half-time lead, but South went ahead in the third quarter as Boll scored on a 14-yard run.

Roseville regained the lead, 12-7, before Wyborski capped a 10-play, 78-yard drive with a four yard touchdown plunge. Boll completed the scoring by running the two point conversion around end.

The Devils will visit L'Anse Creuse North for a 1:30 league game this Saturday, October 25.

SJOLANDER HONORED
Barbara Sjolander, a counselor at Brownell School, has been elected president of the Michigan School Counselors Association.

Thieves Enter GP Park Home

A burglar broke into the home of Mr. and Mrs. Bernard Segnee sometime between 4-10 p.m. on Saturday, October 11, while the family was away. Entrance was gained by breaking a window glass at the rear of the house.

Information released by Park Lt. Gordon Duncan revealed the burglar took a portable television set from the basement, and an alarm clock from one of the bedrooms. The total value of the loss was around \$150.

The lieutenant said evidence showed that the house had been gone through, but it appeared that nothing else was missing.

The matter is under investigation by officers of the Detective Bureau.

The prospect of an ordeal is worse than the ordeal itself.

A man who is successful is not necessarily a man of means.

It's much better for any man to wear out than to rust out.

It pays to know a DETROIT BANK-er better.

"You can actually write yourself a loan by writing a check."

One of life's more frustrating moments occurs when your checkbook balance is insufficient to cover a planned purchase. Now there's a way to write yourself a loan by simply writing a check as we learned by talking with Mike Robinson, Manager of the Grand River-Middlebelt office of Detroit Bank & Trust.

**How can I
write myself a loan?**
"With Ultra/Chek at Detroit Bank & Trust, you simply write a check for the full amount you need to make a particular purchase or to give yourself extra money whenever you need it. Ultra/Chek is a personal line of credit of at least \$500 which you can use by intentionally or accidentally overdrawing your Detroit Bank & Trust checking account by \$5 or more. With Ultra/Chek, your checks are good regardless of the balance in your

checkbook as long as you don't exceed your line of credit."

**Can Ultra/Chek keep my
checks from "bouncing?"**
"Yes. Many people use Ultra/Chek not only to make planned purchases, but to protect against "bouncing" a check. Of course, we encourage our customers to keep their checkbook in balance, but anytime you write a check that overdraws your account, Ultra/Chek will cover it up to your line of credit."

**How much
does Ultra/Chek cost?**
"There are no charges whatsoever until you actually use your Ultra/Chek line of credit. Once you do the finance charge is lower than many installment loan plans or charge card transactions. Once you activate your Ultra/Chek line of credit, you'll receive a

statement each month showing the amount borrowed, interest charged, total owed, minimum payment due and the amount of credit still available to you."

How can I get Ultra/Chek?
"Sit down with any DETROIT BANK-er at Detroit Bank & Trust and fill out an Ultra/Chek application. Easy-to-use, convenient Ultra/Chek protection for your checking account is another reason why you ought to know a DETROIT BANK-er better."

Schools Gather Food for Needy

As the only student member of the Pointe's Hunger Coalition, 15-year-old Gayle Queller, a North High student, has taken it upon herself to organize help for the hungry through Grosse Pointe public schools.

Her food-collection barrels will be located at each of the 15 schools for one week each throughout the year. This week they are at Poupard, where they will stay until Friday, October 24.

Gayle is asking that high-protein canned foods, such as rice, beans, sugar, flour or peanut butter, be sent with the children to school. From there the food will go to Saint Bernard's Church, in Fairview, Detroit, and be distributed to needy Detroit-area families.

Drivers from North High's Inter-Act and South's Key Club are helping Gayle out with her biggest problem — transportation. If parents are as generous as Gayle expects though, she will need more drivers to help transport food in the future.

Drawing the cork requires special care, especially with old wine, but it does not necessarily require skill. There are many types of corkscrews available. The ideal corkscrew has a wide metal thread and is long enough to penetrate well into the cork. A type popular with waiters is the one that has a small blade for cutting the capsule, a screw, and a lever device all in one. This is a compact and efficient instrument. Pneumatic extractors are adequate and quick. The needle pierces the cork out of the bottle.

PARKIE'S PARTY SHOPPE, 17255 Mack, corner of Guilford, 885-0626 features a fine selection of top quality wines for you to choose from, and we give a 10% discount off of our already low prices for wine purchased by the case. Norsemen Golfers Enjoy Good Season

Relaxing after a winning season and a second place showing in the State Class A. Golf Championship held Saturday, October 19, in East Lansing, are the members of the North High School golf team. Front row, left to right are: MARK SCHADLER, TOM PURSEL, Coach DICK DIDUR, ERIC OZAR and MARK MARSHALL. Back row, left to right are: JOE GORSKI, SCOTT BOWLES, DOUG LANGS, STEVE RADULOVICH and KEVIN FITZ-SIMMONS.

North competed against 21 other teams for the state's top honors. The tournament was won by Kalamazoo Loy-Norrix with an overall score of 325 for 18 holes.

North captured second with a team score of 336. Four other teams tied for third with a score of 340.

Senior Mark Marshall scored the second low for the course with a total of

79 for the tournament. Carl Robb of Utica Eisenhower won with the low score of 78.

North qualified for the tournament by outclassing a field of 21 other teams in the Class A High School Regional Golf Championship held Friday, October 10, at the Romeo Golf Club.

The team won the tourney with a total low of 315 for the course.

shot a 74 and tied for second in individual standings. Tom Pursel and Eric Ozar each shot 80 and Mark Schadler completed the foursome with an 81.

The Norsemen finished the regular season with a 20-1 record under Coach Dick Didur. The only team to defeat North was Cranbrook, who were originally beaten by the Norsemen earlier in the season.

North Topples Roseville, 14-6

By Nick Manzella

The Norsemen football team won its third consecutive game Friday, October 17, as it defeated the Roseville Brabec Cougars, 14-6. The win kept the unblemished away record intact, bringing it to a perfect 3-0. Their Bi-County record is 4-1, second in the league.

North got off to a fast start after receiving a Roseville punt early in the first quarter. North moved the ball

well upfield and deep into Brabec territory. Andy Georgesson climaxed the drive with a 13-yard run for the game's first score. Pete Richards added the extra point, making the score 7-0. Roseville was unable to mount a scoring threat throughout the first half as the strong Norsemen defense repeatedly halted the Cougars scoring threats.

After receiving a turnover in the second quarter, North's offense once again drove well. Quarterback Rob Burns' one yard plunge followed by the extra point upped the score to 14-0.

The third quarter was a battle of the defense for both sides. Neither team's offense had any success as the third quarter came to a halt with North maintaining their 14 point margin.

The Norsemen defense, led by Rich Seagram and Don Wollenzin hung tough and kept Brabec off the scoreboard until late in the fourth quarter when Roseville scored a touchdown with 20 seconds left in the game.

North faces their toughest opponent this year on Saturday, October 25, as they play the undefeated Lakeshore Shoreans on North's home field.

Game time is 2:00.

Fortunately the enamel of our teeth is the hardest substance in the body, and if it is given proper care daily, it will last a lifetime. Each tooth has two important parts: the roots, which anchor it to the jawbone; and the crown. The permanent teeth begin to calcify shortly after birth, and the first four erupt at about six years of age. When all the permanent teeth have come in, there will be sixteen in each jaw, for a total of thirty-two teeth. You only get one set of permanent teeth so take care of them.

For prompt, professional service, visit THE PARK PHARMACY, 15324 E. Jefferson, Grosse Pointe Park. As a safeguard in filling your prescriptions, we maintain complete "patient profile" records of your allergies, immunities, and other health data. (We can also use this information to refill any prescription you may have lost). Stop in and look over our full line of health and beauty aids, baby supplies, greeting cards and liquors. We also sell and rent all kinds of convalescent aids — walkers, crutches, wheel chairs, etc. THE PARK PHARMACY is open Monday through Thursday until 8 P.M., Friday and Saturday until 9 P.M., and Sundays from 10 A.M. until 3 P.M.

THE GROSSE POINTE PUBLIC SCHOOL SYSTEM ANNUAL FINANCIAL REPORT

The following report is a summary of the financial condition and the financial transactions authorized by your Board of Education in support of the total Educational program of the Grosse Pointe Public School System for the fiscal years ended June 30, 1974 and 1975. The Board of Education wishes to supplement the financial data with a few brief comments:

In accordance with State Law, all funds received and disbursed by The Grosse Pointe Public School System are maintained under three major classifications, or Funds which broadly indicate the function. These are:

GENERAL OPERATING FUND
BUILDING AND SITE FUND
DEBT RETIREMENT FUND

GENERAL OPERATING FUND

As indicated by the title, this fund provides for all activities of the School System, other than those specifically designated as Building and Site or Debt Retirement.

The General Fund receives the bulk of its revenue from two main sources. The first and largest source is from tax levies on real and personal properties within the school district. The second is from State Aid. Expenditures from the General Fund are made in accordance with a budget prepared by the Superintendent of Schools and as reviewed and adopted by the Board of Education.

Comments on the General Fund operation:

For the year under review we report that the School System received no basic per pupil membership allowance under the 1973-74 State Aid Act. Our School System does not qualify for basic membership State Aid because our State Equalized Valuation per pupil is greater than the equalizing factor contained in the applicable distribution formula.

The System, however, does qualify for some State assistance in financing our special education programs, such as Remedial Reading, Mentally and Physically Handicapped, Emotionally Impaired, Teacher Aides, Social Workers and School Psychologists.

The Board of Education continues to be committed to the concept of a balanced budget and will periodically review its financial condition and consider necessary adjustments to finance the educational programs within available income.

Lions Gridders Take 2 Games

A cold, rainy Sunday at the Roseville Junior Sports Stadium was the scene of the October 19 meeting between the Roseville Raiders and the Grosse Pointe Lions Little League football squads.

The Lions varsity came from behind twice in scoring a 20-15 victory that featured some of the hardest hitting ever by a Lions squad.

Mike Allen, the Lions main outside threat, broke two long runs that netted 105 yards for the touchdowns that broke the Raiders backs.

Allen, from his defensive halfback position, also made two open field tackles, saving possible touchdowns, and intercepted a Raider pass with one minute to go, assuring the Lions victory.

Head coach Jack Currie called Allen's all-around play "one of the best performances by a Lions player all year."

End Dean Graham took a Darryl Nihem aerial 35 yards for the other Lions' touchdown and intercepted a pass from his safety position which chopped off a Raiders rally. The Lions "Chinese Bandits" defensive unit accounted for the other points with a safety in the fourth quarter.

Coach Jim Duff was pleased by the hard running of halfback Charlie Wilmoth and his quick reactions in moving up to stop the Raiders sweeps on defense. End Eric Frakes' 40-yard jaunt with a pass in the third quarter was noted as one of the outstanding plays on offense.

Coach Kevin Sullivan was high in his praise of middle lineacker Dave Reeder, who, along with his usual fine play, came up with his fourth and fifth fumble recoveries of the year.

Coach Gary Reeder singled out Eric Lundburg for his solid tackle play which was the catalyst forcing the Raiders safety, and middle guard Scott Sucklings' harassment of the Raider quarterback.

The coaching staff commented on the versatile play of Steve Root, who, for the second week in a row, was a key to the Lions success by playing three different positions.

Coming from behind to win was a strong boost to the Lions team character.

It was a wet, windy field and a determined Raider defense that kept the Lions off balance as the junior varsity lost 19-0.

While the Lions did not score, it was not until the fourth quarter that the game was lost. The running and passing of the Lions made the game closer than the score suggests, with Harry Constant, John Strabel, Dave Fitzgerald, Dave Christofferson and Joe Leto leading the attack.

The Lions defense turned in another fine game in keeping the Roseville team from scoring more. Mike Sullivan, Greg Rivard, Eric MacMichael and John Gregg were defensive standouts.

The Grosse Pointe Lions freshmen team drove the ball the entire length of the field three times before finally punching over for a touchdown late in the fourth quarter against a stubborn Roseville Raiders squad. The Lions' 7-6 victory on a cold, wet day was marked by excellent blocking and gang tackling.

The Lions moved with the opening kickoff by passing and running down to the Raiders three yard line where their touchdown bid was thwarted. Another long march in the third quarter was stalled by penalties.

The Lions defense, led by John Tavery, Judson Kotas, Bob Coddens, Kurt Allen, Jeff Bodkin, Doug Ross, Matt Van Tiem, Sean Caverly and

and Matt Lutz was equal to the task however and held the Raiders scoreless for three quarters.

Defensive coaches Nick Kotzian and Skip DeSmyler noted that the key to this victory was that their players did not yield any long scoring plays until the Lions had scored.

No team has scored against the Lions via sustained marches this year. However, this young squad has been victimized by "long bombs" and their improvement in this game was very encouraging.

The Lions winning scoring drive covered 84 yards, with Ned Sparrow scoring the touchdown with only one minute of play remaining and Ross adding the extra point.

Passes from John Kline to Dan Edgar, Jim Arnold and Ross loosened the Raiders defense. For the last six plays of the march the Lions stuck to the ground—running behind the blocking of Tony Tocco, Tom Gibney, Cordell Brackett, Steve Carrier, Jon Verbiest, Mark Fikany and Dave DeSmyler.

Aided by a long pass completion, the Raiders scored with seconds remaining in the game. However, the defense rose to the occasion by stopping the extra point attempt to preserve the victory.

The Lions next game will be played at Elworthy Field on Sunday afternoon, October 26, against another Roseville entry, the "Rebels."

Austin Defeats Holy Redeemer

By Paul T. Denis

The Austin football team won its sixth game of the season on Saturday, October 18, trouncing Holy Redeemer, 36-0. The Friars recovered five fumbles and intercepted a pass in recording their fifth shutout of the season.

Once again the defense was excellent, holding Redeemer to 29 yards on the ground and giving up 75 yards in the air. Meanwhile, the offense racked up 258 yards, all on the ground. Keith Kroll led all ball carriers with 150 yards in 11 carries. Rich Counsman added 94 yards in 13 carries.

Kroll also scored two touchdowns, the first one a 60-yard dash on the third play of the game. His second touchdown came on a 55-yard burst in the second quarter. Bill Ibianski also scored in the first quarter on a spectacular 70-yard punt return.

Kroll and Ibianski led the team with six touchdowns apiece. John Pollack added an extra point and his fourth field goal of the year to put the Friars up, 22-0, at the half.

In the second half, Austin added two more touchdowns. Bob Neville scored on a four-yard run and Rich Counsman raced 47 yards for the other. Pollack added another extra point to finish the scoring.

The overall stats for the year are the best in Austin's

history, according to coach Pete Pucher. Never before has an Austin team won six games in a single season. The offense has been averaging 323 yards per game while the defense has held opponents to only 106 yards per game.

The offensive backfield boasts six runners who are averaging over five yards per carry with at least 25 carries. Keith Kroll is leading the pack with an 8.9 yard average in 54 carries. Bob Neville is averaging 7.5 yards on 32 carries while fellow junior Rich Counsman has averaged 6.6 yards in 27 carries.

Sophomore Bill Ibianski is averaging 5.9 yards on 53 carries. Senior fullback Tom Kasuc, the work horse with 63 carries, is averaging 5.6 yards, while junior quarterback Joe Sabatella has averaged 5.1 yards in 40 carries.

At this point, Austin has clinched at least part of the league title. A Friar victory over Centerline Saint Clement this Sunday will give them sole ownership of the title. The game will be played at Grosse Pointe South field starting at 1 p.m.

Most of the good things that come to people have to be paid for in some manner.

Girl Basketball Teams Rebuild

By Sue Fancett

The Grosse Pointe North girls' varsity basketball team is currently in the midst of a rebuilding year, and their 15 Bi-County League record will prove that.

The girls are working under a new coach, Mrs. Lorain Dieterle, who is replacing Miss Carole Currin. Mrs. Dieterle had previously coached girls basketball at St. Peters in Harper Woods for 14 years.

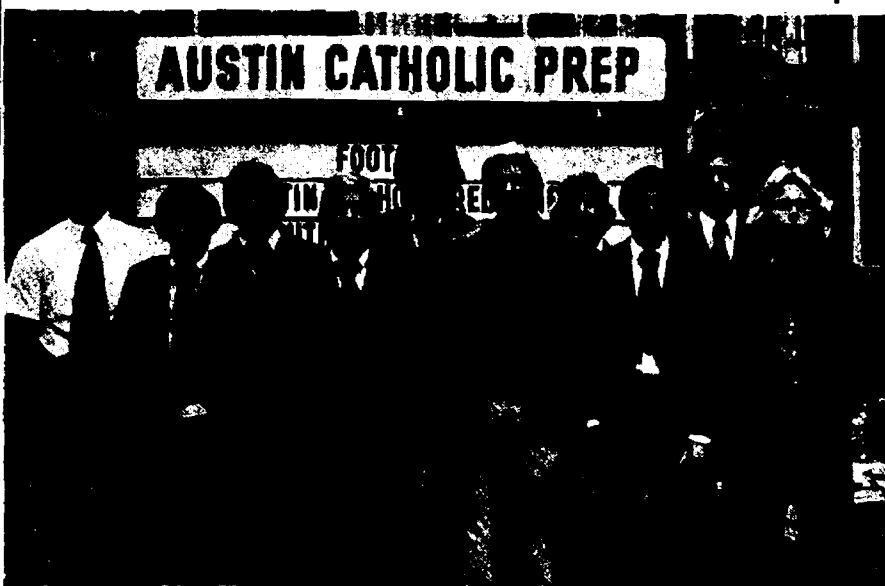

North has one player, junior Tracy Arsenault, returning from last year's varsity. Tracy is a co-captain and the spark plug of the North defense.

The mainstay in the North offense is co-captain Estelle Hermann. Estelle is a junior and should provide some exciting moments for North the next two years.

The only victory so far this season came against the Clintondale Dragons, 48-31 on October 2. Estelle Hermann paved the way with 19 points. Mary Spagnolo hit for 12 points and Teresa D'Angelo added 11.

At best, it looks like North will have a championship team in a couple of years, but until then, Mrs. Dieterle will be concentrating on building for the future.

Austin Linksmen Are Division Champs

With a 6-8 league record and a league division championship win under their belts, the Austin High School golf team stands beneath the school banner. Representing Austin on the links this year were—front row, left to right, RYAN MULLA-

NEY, JIM HIRSCHFELD, BOB PEARODY, JIM VAUGHN and TOM CLEYMEN. Second row, left to right, coach HARRY MILLER, DAVID VAN EGMOND, TOM CHASE, KEVIN MITCHELL and TOM McDONALD.

Hard work and determination were the reasons for Austin's league division championship and third place finish in the Catholic League standings according to Austin Coach Harry Miller.

Austin won the East-West Division Intersectional by defeating Gabriel Richard by

one stroke, 163-164, on Monday, October 13. Jim Hirschfeld sank a 30-foot putt and Tom Cleyman a five-foot putt for the Austin victory.

In the finals, held Thursday, October 16, at Rackham Golf Course, Austin came in third with a score of 337. Bishop Foley was second

with a score of 336 and Catholic Central took top honors with a total of 319.

Jim Hirschfeld and Tom McDonald were medalist winners for Austin.

Austins' posted a 6-5 overall record, with two non-league losses to top rated North High School.

Sherwood Ties Dresden, 5-5

Grosse Pointe's Sherwood Forest hockey club closed out its exhibition season with a hard-fought 5-5 tie against Dresden, Ont. The game was played at the Shelby, Mich. arena.

Sherwood jumped off to a fast start with three early goals. Dwight Thomas opened the scoring while Ken Murly added two more.

The lead didn't last long as Dresden came back with three goals of their own to tie the game as the first period ended.

Dresden grabbed a 4-3 lead on a power-play goal early in the second period, but Grosse Pointe's captain Mike Stecko tied the game with a short-handed goal. Late in the same period, John Tucker provided Sherwood with the

go-ahead goal which ended the period with Grosse Pointe holding a 5-4 lead.

In the final period, Dresden, one of the new entries in the league, took 28 shots before tying the game with 25 seconds remaining. Outstanding goaltending by Grosse Pointe enabled it to hold on to the 5-5 tie. Dresden outshot Sherwood, 48-32.

Sherwood opens its regular season on Saturday, October 25, at the Grosse Pointe Community Rink against Lucan, Ont. Game time is 7:30 p.m.

What we need more than the new look is a new outlook.

Center Depicts Japanese Life

A travel movies depicting some of the significant aspects of Japanese life will be presented at the War Memorial Wednesday-Thursday, October 22-23, at 8:15 p.m.

Entitled "Magic Road, Kyoto to Tokyo," the film is by Gene Wiako. It highlights family life, customs, weddings, dances, occupations and hopes and dreams of the Japanese in their everyday life.

The film will be preceded by a Japanese banquet in the Crystal Ballroom. The complete evening, dinner and film is \$8.75. The film only is \$2.75.

Switch in Time Means Danger

Michigan's switch from Daylight Saving to Eastern Standard Time at 2 a.m. Sunday, October 26, means added danger for many motorists returning home from work in the darkness, according to Automobile Club of Michigan.

"Although children walking to school in the morning will have an extra hour of daylight, motorists returning home from work will be faced with darkness an hour earlier and driving during the most dangerous period of the day," stated Arthur Gibson, Auto Club's Safety and Traffic Engineering manager.

"Nighttime driving during the final three months of the year accounts for two-thirds of Michigan's fatal traffic accidents," Gibson added.

To aid motorists in adjusting to driving in late-afternoon darkness, Auto Club suggests these simple precautions, following Michigan's time change:

Reduce driving speed and increase distance between vehicles.

Be particularly alert to pedestrians and bicyclists. Begin long-distance trips early and arrive at destinations before dark.

Remember not to look directly into glaring headlights. Center vision should be focused on the right edge of the traffic lane while oncoming light should be kept in the motorist's side vision.

Be sure windshields, headlights and taillights are clean to insure maximum visibility.

Your loudest critics are very seldom anxious for your welfare.

Opportunity some times looks much bigger going than coming.

Save money in your attic this winter.

Insulate!

At the direction of the Michigan Public Service Commission, Michigan Consolidated is again offering a low-cost home ceiling insulation program designed to conserve Natural Gas and hold down heating costs.

Last year, nearly 42,400 Michigan Consolidated customers installed ceiling insulation, saving over one billion cubic feet of Natural Gas, and cut their home heating costs by up to 17%.

Enough Natural Gas was conserved to heat over 7,600 additional homes this winter.

If you still haven't taken advantage of this easy, low-cost program, now's the time to act. Many homeowners can install insulation themselves for about \$125. Our free handbook

tells you how. Get your copy at any Michigan Consolidated Business Office, most building supply outlets or write or call us.

Or, we can have the job done for you by one of our participating subcontractors and add the cost to your monthly gas bills. The cost? About \$250 for homes with less than 1,000 sq. ft. of ceiling area. You can pay cash. Or, you can pay over an extended period at an interest rate of 1% monthly on the unpaid balance. (ANNUAL PERCENTAGE RATE OF 12%.)

So why not save money in your attic this winter with our low-cost ceiling insulation program? You'll be cutting your heating costs up to 17% and helping our country conserve its Natural Gas supplies, too.

Seniors Boost Housing Issue

The Grosse Pointe Woods Senior Citizens Heritage Group is continuing its campaign for a housing complex on Ghesquiere Park this week by distributing flyers to every home in The Woods.
The flyers, urging a "yes" vote on the issue during the Tuesday, November 4 election, point out that the housing complex would not cost taxpayers but would be financed by a bond issue to be repaid from rental income.

(Continued from Page 1)
make an inspection of the premises; the two shall make a list of potential repairs; a notice of potential repairs shall be posted; within 30 days of the notice the property owner must obtain building permits to proceed with repairs; if the owner fails to comply or delays the obtaining of the permits for 60 days, the owner shall demolish the building at her own expense; if the owner refuses to demolish the building. The Farmers will be allowed to take any necessary action to remedy the problem.
Hard to Contact
According to City Clerk, Richard Solak, the problem lies "in the inability to contact Mrs. Randazzo and keep the property in proper repair. She makes the minimum repairs to meet the standards and then lets the repairs slip. Basically the house is unsafe and unsightly."

In their action upon the matter, the council voted 6-1 to set Monday, November 17, as the hearing date to review the decision. Mayor Butler closed the matter by saying that "Mrs. Randazzo will be notified at least 10 days in advance of the hearing, and we will call her on the day of the hearing. Every legal and personal consideration will be made by the council to handle this problem."

Know Your Schools

By Dr. James A. Adams
Superintendent of Schools

Last Friday noon I attended a meeting of the Wayne County School Superintendents. With my counterparts from other districts in the county I learned what we had been surmising from newspaper accounts in recent weeks: the State of Michigan again may not be able to pay to school systems money already promised and committed because the State's revenues are not as high as had been projected.

As residents of the Grosse Pointe school district know, this is not a new occurrence. You may recall that during the 1974-75 year we sustained a cut in State funds of \$122,000. Even if no further cuts are made by the State in disbursements to school districts, it appears that our loss will again be in the \$100,000 range for 1975-76.

Last week it appeared that the State of Michigan would realize a shortfall of \$130,000,000 in anticipated revenues. As of Monday morning, October 20, it has been reported at \$200,000,000. So the additional cuts being discussed now may account for an additional decline in our revenues. If the cut were to be two percent, we would anticipate a loss of \$200,000 (out of an expected \$445,000 from

the State for Special Education). How does a Board of Education and an administrative staff cope with such a dilemma? Most of that money is earmarked for salaries to personnel under contract for a year. And most of the personnel are committed to job responsibilities in programs that are mandated by the State!

When will we know our financial fate? As these things usually go, probably not before mid-November, and it could be well into December. The Governor is meeting this week with legislative leaders. After he issues his Executive Order, there will be general discussions. A vote on such an Executive Order can only be made by members of the Appropriations Committee, which can only vote to accept or reject—not to amend. Therefore, to make changes, they would have to reject the proposal and to begin a new round of bargaining.

During a meeting with the Governor later this month I expect to outline our district's concern about the impact of the proposed cuts not only on this year's State-mandated educational programs, but also on those of the future.

DYC Natators Active in Meets

By Nancy Hurd

Two meets kept Detroit Yacht Club (DYC) swimmers busy on Saturday, Sunday, October 11-12, with an A meet held at the Windsor Aquatic Club's fifth Annual International Invitational, and also a C meet at the Garden City community pool.

At the A meet with medals and all, the boys 200 free relay, consisting of 13-14-year-olds, took second place and a silver medal. The team is made up of Nick Trost, Toby Lindheim, Todd Lindst, and Howie Anderson. Nick Trost also took first place at \$9.5 in the 100 fly, a third in the 200 free, a fifth in the 100 free and a fourth in the 100 back and a fourth in the 200 IM.

The same team also placed fourth in the 200 medley relay. Other swimmers not placing but improving their times were Jack Nelson, Jerry Carroll, Tricia Carroll, Denise DeSantis, Bill Brownell, Pete Dever and Laurel Baculis.

The C meet provided a great show. Liz Oliver did a marvelous job in the girls 11-12 age group in the 200-yard free by taking a first with a time of 2:31.6, making an A time, and taking a fourth in the 100 fly.

Chris Oliver, Peter Kroha, Brad Field, Jay Imus with alternate Pat McKeever placed second with a time of 1:26.5 for the boys eight and under 100-yard free relay, and also a first at 3:25.5 for the 200 free relay.

The eight and under boys placed Chris Oliver in sixth

place for the 100-yard IM, a fifth in the 25 free, a fifth in the 25 fly, a third in the 25 back and a third in the 50 free. Chris also made his B time.

The same age group gave Jay Imus a second at 24.4 in the 25-yard breast. The boys 10 and under 100-yard free found Ken Baculis third and first at 43.7 in the 50-yard back. He also made his B time. Brett Karmey took a third in the boys 11-12, 50-yard back and a fifth in the 100 free, improving his times.

The boys 13-14, 200-yard back placed Bob Brownell fourth and also sixth in the 100 breast, second in the 100-yard free at 1:05.5 and fourth in the boys open 200 free.

In the same age group, Greg Tarrant took a second in the 100 breast at 1:26.4 making a B time, third in the 200IM in the boys 13-over category, second in the 200 free at 2:16.6 and fourth in the 100-yard fly.

Dan Kroha took a fourth in the boys 10 and under 50-yard free. JoAnna Ortiz took a fifth for the girls 10 and under 50 free and a third for the 50-yard back.

New swimmers going to their first launching were Bridget McKeever, Elissa Field, Brad Field, Pat McKeever and John LaFleur. The rest of DYC "old timers" who improved their times but did not place were Doni Santo making B times, Lori Hurd making a B time in the 100 breast, Mike Santo, Dan Kroha and Muffy Kroha.

Young Skaters Start Quickly

By John C. Brooks

The newly named "Pointe Dodge" Chargers opened the season as members of the Michigan National Hockey League. In this eight-team league they will be playing against the best in the 9-10 age group.

Their opponents will consist of the following teams: Little Caesars, Dino's, District #2, Fraser, Michigan Bulldogs, St. Clair Shores and Sterling Heights.

On Tuesday September 23, the Chargers opened against District #2. It was a hard checking game and one played well by the Pointe boys, who had only been together for four practices prior to the contest. They were not able to win but earned a 2-2 tie.

The first goal was put in by Tommy Dow who took a pass from Scott Brady at 8:02 of the first period. District #2 came right back with two goals. But Tony Amore came to the rescue with a super shot after a great pass from defenseman Brian Volice.

The second game of the year found the Chargers pitted against their perennial foes, the Fraser Hockey Association. The Chargers went scoreless the first period while Fraser was able to score early in the frame. Marty Wittmer then notched his first score on a pass from Tony Amore to tie the game 1-1.

In the third period the hard work and rugged conditioning demanded by coach Bob Valice paid off. The Chargers put in three goals while the Fraser boys were only able to turn the light on once. Jimmy Trybus set up by Gary Dennis and Marc Tirikian scored cleanly. Two unassisted goals were scored, the second of the game for Marty Wittmer and the second of the season for Tom Dow.

On Saturday October 4, the Chargers travelled to the Winter Wonderland Arena to play a non-league game against the Detroit Stags and lost, 4-1.

The boys played what had to be one of the most exciting games that this season will witness on Tuesday, October 7. Little Caesars, who are always tough, proved to be no different this year. With six seconds remaining in the final period, they pulled their goalie and tucked one in to tie the game 2-2.

On Thursday, October 19, the boys won their second game and helped goalie George Zinn to his first shut-out, 8-0, over Dino's. On Saturday, October 11, the boys won again, defeating Dearborn 4-3.

The Chargers will be traveling to Canada twice within the month with back-to-back weekends, the first to Kitchener, Ont. on Saturday, October 25, followed by a trip to Toronto the weekend of November 1.

The team, which stands 3-1-2 at this writing consists of nine forwards and four defensemen plus one goalie.

The forwards are Tony Amore, Scott Brady, Gary Dennis, Tom Dow, Peter Moody, Rick Stroebe, Marc Tirikian, Jimmy Trybus and Marty Wittmer. The defensemen are Timmy Askew, Mark Brooks, Marty Montagne and Brian Valice, while George Zinn tends goal.

GRIN AND BEAR IT
Trying to keep up with living expenses today can turn into a comedy of arrears.

One View from the Capitol

By William Bryant

Gov. William Milliken, Detroit Mayor Coleman Young and SEMTA, (Southeastern Michigan Transportation Authority), have agreed, generally, on a way to restructure the SEMTA Board and provide a local tax source to match State funds and qualify for Federal funds for a regional transit system.

The Joint Committee on Transportation, of which I am a member, recently met with local officials to hear arguments for and against the proposal.

Main complaints come from Oakland and Macomb Counties. They want more representation on the board of SEMTA and dislike the three-

county auto weight tax proposed to provide needed local matching dollars.

The Federal government has stalled the SEMTA application for at least six months, forcing it to restudy a possible all-bus alternative to rapid transit.

But in that six months we need to resolve the policy and political questions and be ready to present an application in time for serious consideration by the Federal agency.

The Detroit area needs better transportation.

Colonial Dames Hear Program on Coverlets

Mrs. Robert C. Palmer, of Lakeshore road, presented a program on Colonial Coverlets for members of the Elizabeth Patch Chapter, Colonial Dames of the Seventeenth Century, Wednesday, October 22, at Lochmoor Club illustrating her talk with examples of heirloom, museum quality quilts and handmade quilts.

Barons Blank Barracuda 11s

The Grosse Pointe Red Barons football team traveled to Mount Clemens to meet the Mount Clemens Barracudas at Memorial Stadium on Sunday, October 19. Despite the foul weather, a large crowd was in attendance to watch the Big Red Machine sweep all three games.

In the freshmen game, the Red Barons battled poor field conditions, the weather and an inspired Barracuda defense, but still managed to defeat their opponents 13-0. Craig Haase scored the first TD for the Barons on a delayed slam up the middle behind the solid blocking of Will Jackson, Tom Cobau and Jim Seagram.

In the 4th quarter, Greg Fleming ripped into the Barracuda secondary, broke three tackles and scampered into the end zone for the final TD. Phillip (Snake) Garner, dragging two tacklers with him, banged in for the PAT.

Sam Abdoo intercepted a pass and Buddy Marzejon recovered a fumble to pace the defense. David Nurmi and David Fitzsimmons played excellent defensive football.

At the junior varsity level, Matt Lehman, Jim Strong, Mike Bautista and John Bautista scored TDs to lead their unit to a 26-0 win. Tom Van Pelt passed to Strong for one extra point and David Babcock accounted for the final PAT. John Bautista's TD came on a 57-yard return of an intercepted pass.

The defense again proved equal to the task as they recorded yet another shutout. Outstanding defensive performances were turned in by Mark Hoffman, Chris Turzak, Kyle Kurtz, Joe Cardosi, Steve Lesha, Scott Eaton and Mike Sloyka.

Tom Brown scored two TDs, and Chick Steepe, Bruce Stewart, Ross Lewis, Jon Clem and Robert Schaefer each scored once as the Red Barons varsity whipped the Barracudas 47-0. Jim Lane, Schaefer, Clem, Lewis and Brown added extra points to account for the balance of the scoring. Stewart's TD came on an 80-yard pass play from QB Scott Turnbull.

Karl Kurtz, Chris Annas and Schaefer intercepted passes to spearhead the defense. Bob Livermore played fine defensive football and was awarded the Big Kick for the afternoon.

The next game for the Red Barons will be Sunday, October 26, against the St. Clair Shores Green Hornets. This day has been designated Parent's Day. The public is invited to attend.

What Goes On at Your Library

By Arthur M. Woodford
Chief of Central Library

It is now more than a year since Richard Nixon's resignation. But it will be a long time before we know the full true story, (if indeed we ever do), of the scandal called Watergate. To future scholars, the contemporary writings about Watergate will be of major importance.

One of the most important of these volumes is Carl Bernstein's and Bob Woodward's **ALL THE PRESIDENT'S MEN** (Simon & Schuster). These two "Washington Post" reporters whose investigative journalism first revealed the Watergate scandal, tell the way it happened from the first suspicions, through the trail of false leads, lies, secrecy, and high-level pressure, to the final moments when they were able to put the pieces of the puzzle together and write this account that won the "Post" a Pulitzer Prize.

An excellent "view-from-the-inside" is Jimmy Breslin's **HOW THE GOOD GUYS FINALLY WON** (Viking). Apart from writing novels Breslin has been, for a long time, an excellent reporter. During the summer of 1974, when it became obvious that Nixon's struggle to stave off impeachment was nearing a climax, Breslin spent a good deal of time with his friend "Tip" O'Neill, House Majority leader, in gathering information for this book. O'Neill, Peter Rodino and John Doar are the chief "good guys" and their stories—within-stories make fascinating reading.

Compiled by Leon Friedman, **UNITED STATES v. NIXON** (Chelsea House) gives the story of Watergate as a legal and constitutional landmark in our history. From Judge Sirica's first opinion on the subpoenaed Presidential tapes to the unanimous decision of the Supreme Court, this volume presents the legal steps—the actual briefs, decisions, even the verbatim transcript of the unprecedented three-hour

Mini-lectures, 20 - minute presentations on 15 different techniques ranging from quilting, gold leaf transparencies and tinselling in the decorative field to marbelizing, hand-coloring and elevations in the decoupage field, will be featured during the show.

Decorative arts exhibits will include miniatures, can-

dle mold lamps, reverse dimensional glass painting, country carving, paper tole, decorative painting, frame making, macrame, quilling dimensional flowers and quilting.

On display will be the Bicentennial Quilt Ms. Beebe and her students are fashioning for the Detroit Historical Museum. It depicts persons, places, things and events in the State of Michigan during the past 200 years, and includes President Gerald Ford's signature.

A special exhibit by the National Guild of Decoupeurs will feature items that have been judged by a national panel, according to standards established by the Guild. Categories include illuminations, vue d'optique three-dimensional scenes, elevations, mother-of-pearl, repousse, under varnish, under glass, on a mirror, and ribbon decoupage.

Mrs. D. H. Lutz, of Dallas, Tex., will be showing her silk illusions. Examples of marquetry, using fine wood veneers to achieve decorative

patterns, will be presented by Mrs. Allan R. Mitchell. An entry donation of \$1 is requested, to defray the costs of the exhibit. Mini-lectures are 50 cents each.

Among the estimated 4,000 turnout will be groups from Toronto, Buffalo and Cincinnati. Snacks will be available, and a light dinner will be served Friday evening, at \$3 per person, from 5 to 6:30 o'clock.

The National Guild of Decoupeurs was chartered in 1971 for the purpose of distinguishing the fine art of decoupage as an art in itself, and to encourage a high level of quality in workmanship.

Membership is earned by submitting a box, which is judged. Members then share in learning experiences, advancing from Layman to Journeyman to Mastercraftsman through established standards in the Guild.

Inquiries concerning membership may be directed to Headquarters, National Guild of Decoupeurs, P. O. Box 5119, Grosse Pointe, Michigan 48236.

the Detroit Symphony Orchestra, Mrs. Ray W. Macdonald, of Lochmoor boulevard, stands ever ready to do her bit . . . and just look at the bit they've got Florence doing now!

Seems the DSO Women have a new fund-raising project, "Santa Helps the Symphony," a Home for the Holidays Christmas Catalogue dreamed up by Tom and Diane Schoenith, (in the midst of having a new baby, and moving into a new home), who've been collecting merchandise for the past year.

The Schoeniths have donated the booklet to the Women's Association, along with all proceeds. Tom and Diane will introduce the catalogue and sneak-preview its wares at a cocktail party Sunday afternoon.

From then on, until December 8, it's order-taking time. Women's Association President Mrs. Harry W. Taylor notes that many members are planning coffees to distribute the Christmas Catalogue to their friends, and Santa will get into the act, handing out booklets to business executives to help them with their Christmas lists.

And who do you suppose has agreed to get into a Santa costume to make the initial business contacts in downtown Detroit and the New Center areas? Who else but Florence Macdonald . . . Bet she does well at Burroughs.

Women's Association members will fill the orders from inventory stored in a W. D. Gale warehouse. Co-chairmen of the project are the Mesdames C. Vernon Cox, Raizemond B. Parker, Bernard Craig and Richard Schmid.

Carol Livingston Wed September 6

She Speaks Vows to Karrick Michael McKinney in Grosse Pointe Memorial Church; They Are at Home in East Lansing

Carol Ann Livingston's choice for her Saturday, September 6, wedding to Karrick Michael McKinney was an ivory silk organza gown styled with a Duchesse lace bodice. Matching lace appliques accented her full skirt.

A lace cap held her double, cathedral length illusion veil, and she carried an arrangement of white Sweetheart roses, baby's-breath and stephanotis, with coral accents.

The new Mrs. McKinney is the daughter of Mrs. James John Livingston, of Fisher road, and the late Mr. Livingston. Mr. McKinney is the son of the David Karrick McKinneys, of Ann Arbor.

A reception in the Grosse Pointe War Memorial's Fries Ballroom followed the 1 o'clock rites in Grosse Pointe Memorial Church, at which The Reverend John McCreight officiated.

The newlyweds vacationed in Toronto and are making their home in East Lansing.

The bride was attended by her sister, Barbara Livingston, as maid of honor, and by bridesmaid Alison Kirk, both in Empire-waisted, floor length, halter frocks of coral organza, with matching caplets.

Their dried flower bouquets featured zinnias and strawflowers, in coral shades. Their matching garden hats were trimmed with dried flowers.

David Elston, of Brown City, was best man. Ushers were Thomas McKinney, of Kalamazoo, brother of the bridegroom, Milton Weatherhead, of Fairfax, Va., and Robert Rippe, of Scottsdale, Ariz., cousin of the bride.

A suede belt accented the bride's mother's V-necked,

long-sleeved tan dress. The bridegroom's mother chose a pastel floral print organza dress and jacket ensemble. Both mothers selected orchid corsages.

The bride was given in marriage by her cousin, James A. Hynes, of Winnetka, Ill.

Coming from Ann Arbor for the ceremony were the bridegroom's sisters, Susan, Manette and Pippa McKinney, his great-aunt, Mrs. Norton Brotherton, and his cousins, Arthur and Barbara Allen.

Other out-of-town guests included the bridegroom's grandparents, Mr. and Mrs. Alfred Thomas, of Hackensack, N. J., and Mrs. Francis F. McKinney, of McMillan and his uncle and aunt, Mr. and Mrs. Nicholas Smith, of Mason, and their family.

Mrs. Hynes came from Winnetka with her husband. Here from Chicago were the bride's great-aunt, Mrs. D. P. Hynes, and cousins, Mr. and Mrs. William Pope. Another great-aunt, Miss Martha Bott, came from Little Rock, Ark.

Coming from Cuyahoga Falls, O., were the bride's uncle and aunt, Mr. and Mrs. Joseph DiLauro.

KATHRYN THAYER WILLIAMS, daughter of Mr. and Mrs. JOHN E. WILLIAMS, of Merriweather road, has enrolled as a freshman at Muskingum College, New Concord, O.

Wratkowskis Wed At St. James

Early Evening Rites Are Followed by Reception at University Club; Alencon Lace Accents Bride's Peau de Soie Gown

Mr. and Mrs. James Alan Wratkowski vacationed on Georgia's Jekyll Island following their Saturday, September 6, wedding in Saint James Lutheran Church. They have returned to make their home in Grosse Pointe Park.

The former Katherine Adele Quale, of Nottingham road, daughter of Mr. and Mrs. Franklin Quale, of Harvard road, Detroit, chose an ivory peau de soie dress, accented with re-embroidered Alencon lace, for the 5 o'clock rites.

Matching lace edged her long mantilla. Yellow roses, stephanotis and baby's-breath formed her bouquet.

She was attended by honor maid Alison Choate and bridesmaids Susan Browne, Susan England and Sheryl Butzine, in pale mint green

jersey frocks, carrying arrangements of daisies and yellow mums.

Mr. Wratkowski, son of Mr. and Mrs. Ted Wratkowski, of Minneapolis, Minn., asked Douglas Glenn, also of Minneapolis, to act as best man.

In the usher corps were David Wratkowski, brother of the bridegroom, Michael Petrovich and James Butzine.

For the ceremony at which Pastor George Schelter presided, Mrs. Quale chose a gown of turquoise silk jersey. The bridegroom's mother wore a pale green lace knit.

Stephen Marr Claims Peggy Walsh as His Bride

Stephen Douglas Marr, son of Mrs. Robert Barie Marr, of Berkshire road, and the late Mr. Marr, claimed Margaret Elizabeth (Peggy) Walsh as his bride Saturday, October 4, at a 1 o'clock nuptial Mass in Saint Mary's Catholic Church, St. Clair.

Father Jerome Swierzb, associate pastor, officiated at the ceremony, assisted by The Reverend Robert J. Bickley, rector of Saint Columba Episcopal Church, and the bridegroom's brother, Brother Andrew Marr, of Saint Gregory's Abbey, Three Rivers.

The bride, given in marriage by her brother, Dr. John James Walsh, of Mill, Wis., is the daughter of Mrs. John James Walsh, Jr., of St. Clair, and the late Mr. Walsh.

After a reception and breakfast at the St. Clair Inn and Country Club, the newlyweds left for an extended vacation in the New England States.

The former Miss Walsh wore an ivory peau de soie wedding gown, fashioned with a bodice of re-embroidered Alencon lace. Matching lace edged her hem and train.

A draped headpiece of heirloom lace, joined at the back with a spray of waxed orange blossoms from her maternal grandmother's wedding veil, held her long, silk net veil.

Honor maid Elaine Dumont Werner, of Cincinnati and Toronto, and bridesmaids Marjorie Sue Hock and Julianne Mattas, both of St.

Clair, wore flared, floor length frocks of aquamarine matte jersey, styled with long, slim sleeves and flared shoulder capelets.

Flower girl Catherine Julie Fraser's long, ivory lace dress was gathered at the waist and accented with an aquamarine lining and sash.

The bride carried a nosegay of white and ivory dried flowers with aquamarine accents, similar to her attendants' bouquets. Her aunt, Mrs. Mark Denny Walsh, created all the arrangements.

At a private, family ceremony before the fireplace in the East Emory court home of her parents, Mr. and Mrs. William John Glynn, Patricia Ann Glynn spoke her marriage vows Saturday, September 27, to William George Haarz.

Immediately after the noon rites, the newlyweds joined friends and family in the Grosse Pointe Yacht Club's Oval Room for a luncheon reception.

The bride wore her mother's wedding gown, an original design of candlelight satin with inserts of Chantilly lace in leg-of-mutton sleeves. Matching lace trimmed her Sweetheart neckline. The 100-year-old lace originally belonged to her great-grandmother.

Her train was cathedral length. Her elbow length silk illusion veil fell from a lace cap embroidered with seed pearls, and white roses centered her Stephanotis and ivy nosegay.

Laura Glynn, honor maid for her sister, and bridesmaid Deborah Titterton wore identical, floor length,

persimmon frocks. Their bouquets were old-fashioned nosegays of dyed-to-match roses.

Mr. Haarz, son of Mr. and Mrs. William John Haarz, of East Clairview court, asked Bryan Melvin to act as best man. Guests were seated by Walter Petersen, the bridegroom's brother-in-law.

The bride's mother wore a street length dress of pastel blue wool knit. The mother of the bridegroom was in pale pink. Both mothers pinned cymbidium orchids to their purses.

Out-of-town guests included the bride's grandmother, Mrs. R. E. Schlingwein, of St. Louis, Mo.

The newlyweds vacationed in Quebec, Montreal and Toronto. They will make their home at St. Clair Shores' Riviera Terrace.

Setting for the wedding of Justine Ann Grout and Joseph C. Locricchio Friday evening, October 3, was Saint Clare de Montefalco Church. The Reverend William Sullivan, O.S.A., a close family friend, originally from Chicago, now stationed in Villanova, Pa., officiated at the 6:30 o'clock rites.

The former Miss Grout, given in marriage by her brother, Robert Edward Grout, wore a cathedral-

trained, princess style ivory satin gown and illusion veil, both trimmed in Alencon lace and applied flowers studded with ivory pearl beads.

She carried an arm bouquet of long-stemmed white roses and her paternal great-grandmother's gold rosary.

Reay-Gilmore Rites Revealed

Mr. and Mrs. John C. Gilmore, who moved from River road to Grand Blanc last September, entertained at a reception at the Traverse City Golf and Country Club following the wedding of their daughter, Nancy Lynne Gilmore, and Patrick William Reay.

Father Ronald Granowski officiated at the 7 o'clock rites in Immaculate Conception Church Friday evening, August 15. The following day, out-of-town friends and relatives were feted at the Gilmores' summer home at Elk Lake.

Venice lace trimmed the Empire bodice of the bride's white maracaine jersey gown. A matching lace cap caught her lace-edged mantilla, and she carried a Colonial bouquet of miniature blue and white carnations and white Sweetheart roses.

In long-skirted, halter-necked frocks of blue floral print and short, matching jackets were honor maid Pamela Candler and bridesmaids Kelly Mara, Cyd

Archer and Tami and Linda Reay, the bridegroom's sisters.

Apple green velvet streamers trimmed their pale blue picture hats. Matching streamers accented their white fireside baskets filled with daisies and miniature blue carnations.

Mr. Reay, son of the Matthew W. Reays, of Traverse City, asked Peter Norcross to act as best man. Ushers were Leo Maxbauer, Bob Quick and Mike Bryant, all of Traverse City, and John Fagan, of East Lansing.

Self ruffles trimmed the bride's mother's long-sleeved, Empire-waisted gown of pale pink Qiana jersey. Her flowers were pink and white carnations. The bridegroom's mother chose a peach plaid voile dress and jacket and a peach carnation corsage.

The newlyweds vacationed on Mackinac Island and are at home in Marquette, while the bridegroom pursues Marketing and Business Administration studies at Northern Michigan University. The bride, a 1973 Grosse Pointe North High School graduate, attended Northwestern Michigan College in Traverse City. The bridegroom was graduated from Northwestern Michigan this summer.

People Visit Other Luxury Communities. They Buy In Wabek Pines.

Most people are pretty careful shoppers. Especially, when you get into the luxury home market. Our residents are representative of some very important businesses; professionals, executives in automotive and industry. And they spend their dollars very wisely.

They look at location. That's the first step where Wabek Pines wins over others. Wabek Pines has wooded areas, lakeview and golfview lots. It is secluded and private . . . and quiet. Built on the former estate of Senator James Couzens, you inherit an address of distinction.

Next comes value and quality. Wabek wins again! With spacious floor plans and beautifully detailed custom-like features. There are some good tax advantages, too. Along with deductions of interest and real estate taxes, Wabek Pines qualifies for the \$2000 tax credit* next April.

But the turning point comes when you consider the individual attention to customization, so that you can have your manor home detailed just the way you want it. With all the accoutrements of luxurious living that you're accustomed to.

So shop around. Check out what other communities call "luxury." Then visit Wabek Pines to see the real thing. You'll see why Wabek Pines sells itself to the smart and successful people.

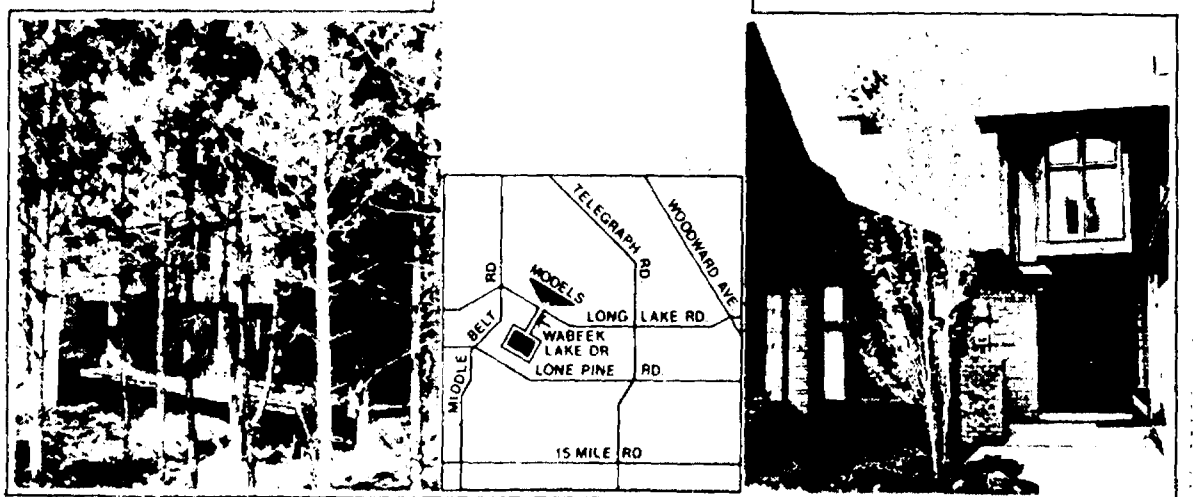

Wabek entrance is located on West Long Lake Road west of Telegraph between Franklin Road and Middlebelt Road. Take Wabek Lake Drive to Pine Ridge Lane. Turn left at the gate house to Information Center and models.

Golden Treasure Fete for Saint Clare

Saint Clare de Montefalco's Archconfraternity will present its annual fall luncheon and style show, featuring fashions from Michelle's Boutique and a Gourmet House buffet, next Wednesday, October 29, at noon in the Saint Clare auditorium. Reservations for the Golden Treasure party, at \$6.50 per person, may be made by calling MRS. WILLIAM Decklever, (left), at 885-1015 or MRS. DONALD EMMERICH, (right), at 882-3324. Among other "treasure ladies" are MRS. GEORGE DANIELS, (second from left), and MRS. ROGER JACKLYN, this year's chairperson.

Inside the Mothers Club

At the October Grosse Pointe South High School Mothers' Club executive board meeting, President JoAnne Mills reported that a get-acquainted mixer for South High students new to Grosse Pointe had been very successful for those who attended. S.A. representatives, club presidents and class officers were all on hand to welcome the new students and inform them of the many activities at South.

In an effort to involve more people, the Faculty vs. Parent volleyball game has been changed to an evening of fun patterned after the Television program "Anything Goes." Teams of faculty, parents and students will compete by doing silly stunts assigned them.

Green plant parties will begin soon. A tear-off sheet will be included in the next Newsletter for those who wish to host or attend a party. Plants will be sold at minimum mark-up, proceeds used for Mothers' Club activities.

The Grosse Pointe Garden Center has requested a donation from the Mothers' Club to help fund the project to beautify South High School. A \$100 donation was approved by the board, with the intention to give more if the Spring Fertilizer Sale is successful.

Mary Lou Wood, South High's parent representative to the School System's Athletic Study committee, reported that, in order to make recommendations, the committee felt it was best to learn first about the athletic programs currently available. Mrs. Wood said the committee felt an administrative athletic coordinator would be of great benefit to the system.

School Board President Joan Hanpeter attended the meeting to present a proposed policy on the Role of Parent Clubs. The School Board is in the process of drawing up such a policy, but wants feedback from the Parent Clubs to assist them.

Violeta McClure, faculty representative, reported that the average class load for students at South was 5.8 hours this year. She said this was a very high average. Counselors have met with all ninth grade students and will soon set up appointments to meet with every ninth grader and his parents.

The modified open campus is in effect this year during lunch hour. This means that students within walking or biking distance of school may go home for lunch. Seniors only are free to leave the campus in cars. For the

safety of the senior students, however, Mrs. McClure advised that parents know where their children are going during this time period.

The Christmas Tea and Choral Concert committee has been selected and is already at work. Both High Schools sponsor this event as a public service to the community. It is hoped that Senior Citizens, especially, will attend. Admission is free.

It was stressed that North High's Performing Arts Center belongs to all the schools, and is now under the direction of the Department of Community Services so it will be more widely used.

The Christmas Tea and Choral Concert will be held at the Center Wednesday afternoon, December 3.

Walton Pierce has agreed to put on the fashion show for the Spring Scholarship Benefit, using its own models. The board approved using tables this year with the cost, if any, to be reflected in the price of the tickets.

A second order for plastic leaf bags has been placed, as demand was greater than anticipated.

All parent volunteer positions in the school have been filled, with the exception of

Pointe Braille Club Gathers

Mrs. A. Lawson Potter opened her Fairholme road home for a recent meeting of the Grosse Pointe Braille Club, called to order by Mrs. W. A. Huegli, president, during which two appointments were made to replace members who had moved away during the summer.

Mrs. Loris Mitchell succeeds Mrs. M. M. Turnow as treasurer, Mrs. John Millett has accepted Mrs. Ann Baker's assignment as Braille teacher at the Grosse Pointe Central Library.

Mrs. Thomas Chisholm reported on various in-progress assignments, and mention was made of the next meeting of MATVI. (Michigan Association for the Visually Impaired), scheduled for November, in Ann Arbor.

The board approved sending a letter to the National Honor Society requesting that employment be considered equally with student activities as a requirement for admission to the Society. If this is not possible, another society should be formed for those students who attain high academic performance and also are employed during non-school hours.

The \$233 left over from the Walk-a-thon will be transferred to the Gerry Gerich fund. This is part of the Fund for Academic Enrichment earmarked specifically for South High. Some money from this fund will be used this year to bring Robert Theobald to the school to present a program to the Social Studies classes.

Seek Adult Girl Scout Leaders

Back-to-school time is back-to-Scouting time, and hundreds of Detroit-area girls may be left out of the fun this fall simply because there aren't enough Girl Scout leaders to go around.

For this reason, Girl Scouts of Metropolitan Detroit, in cooperation with other Girl Scout councils throughout the country, is conducting an intensive adult recruitment campaign.

"Our goal is to make Girl Scouting available to every girl who wants to be an active member," explains Jan (Mrs. Thomas) Coulter, of Westchester road, GSMD president.

No special skills or experience are required to be a Girl Scout volunteer. Free training in leadership and other skills is provided by GSMD.

Training classes are set up at various locations, during the day and in the evening, to offer volunteers maximum convenience. Additional assistance is available at all times.

Volunteers are needed to serve in numerous capacities, including leaders, assistant leaders, committee members and consultants. Additional information may be obtained by contacting the Girl Scouts of Metropolitan Detroit, 961-8921.

"Although we currently have approximately 6,000 dedicated adult volunteers, we still need many, many more. We're looking for all interested adults, men as well as women, who enjoy working with young people."

"There is a mistaken tendency to believe you must be a parent of girls in order to be a Girl Scout volunteer," Mrs. Coulter adds.

"This is definitely not true. Thousands of men and women, singles to senior citizens from every ethnic, economic and educational background, are in Girl Scouting."

Valerie Lentini is Attended by her Sister During Early Autumn Rites; Pair Are at Home on the Island

studded with seed pearls, edged her A-line skirt and full chapel train.

A lace Juliet cap held her illusion veil, and she carried a crescent of pale coral talisman roses, orange-tipped carnations, baby's-breath and leather-leaf, tied with ivory ribbon.

Mrs. Thomas Rautio, of Saule Ste. Marie, was her sister's honor attendant. Bridesmaids were Julie Porter, the bridegroom's sister, Mrs. Thomas Lewis of Long Beach, Calif., Lisa Brock and Cathy Clune, both of Cheboygan.

They wore silk jersey frocks, each in a different autumn color: burgundy, bronze, teal, yellow and coral. Ecru Irish lace trimmed their throats, bodices and wrists.

They carried lighted candles in glass-enclosed lanterns circled with fall flowers matching their frocks, and wore headbands of ecru entwined with baby's-breath. Flower girl Laura Rautio, the bride's five-year-old niece, carried a basket filled with multi-colored mums.

Armin Porter served as his brother's best man. Groomsmen were Matthew Porter, another brother, Jerome Lentini, the bride's brother, and the bridegroom's Kenyon College fraternity brothers, Lee Finkel, of Pittsburgh, Pa., and Craig Waggaman, of

Washington, D.C.

Mrs. Lentini wore a floor length gown of shaded mauve and a matching coat trimmed in sable at wrists and throat. Her corsage was a purple-throated white orchid.

The bridegroom's mother chose a long gown of orchid silk, fashioned with a ruffled portrait neckline and a matching, curved hemline. She wore tiny orchids in her hair.

The new Mr. and Mrs. Porter rode in an enclosed brougham, behind two chestnut hackneys, to their wedding reception at The Island House. Among the 300 guests were many Pointers, including the bridegroom's uncle and aunt, Mr. and Mrs. Leander McCormick-Goodhart, Mr. and Mrs. William Klingbeil, Mr. and Mrs. Wesley R. Johnson, Mr. and Mrs. Rex Ciavola and former Pointers Mr. and Mrs. Joseph Oeming, who now reside in Saginaw.

Special guests were the bride's grandparents, Mr. and Mrs. Dominic Anthony, of Lake Worth, Fla., and the bridegroom's grandmother, Mrs. Phil Porter, of Cleveland.

The newlyweds vacationed in Canada and have returned to Mackinac where Phil is Curator of Exhibits at Fort Mackinac and Valerie is a maintenance and guide official for the State Park.

The Phil Porters

VALERIE LENTINI and Mr. Porter exchanged marriage vows Sunday, September 7, in historic Ste. Anne's Church on Mackinac Island. She is the daughter of Dr. and Mrs. Nicholas Lentini, of Cheboygan. The William C. Porters, of Hampton road and Mackinac Island, are the bridegroom's parents.

Gail Hillger Bride Of Glenn T. Bandy

Hermosa Beach, Calif., is Newlyweds' Home; They Vacation in the South Pacific Following Late September Rites

A reception at the Grosse Pointe Yacht Club followed the marriage of Gail Diane Hillger, daughter of Mr. and Mrs. Frederick Hillger, of Lexington road, and Glenn Thomas Bandy Saturday evening, September 27, in Saint James Lutheran Church.

The bride wore her mother's cathedral-trained wedding gown of ivory satin with an Alencon lace overlay re-embroidered in seed pearls. A cap of seed pearls held her triple-tiered, fingertip-length illusion veil. She carried an arrangement of baby's-breath, white Sweetheart roses and stephanotis.

Honor attendant Judith Hodgerson, of Chicago, and bridesmaids Gaye Bandy, sister of the bridegroom, and June Crosier, both of Los Angeles, Calif., wore long-sleeved, Empire-waisted frocks of aqua Qiana, styled with gathered bodices.

Baby's-breath, white carnations and tiny white straw-flowers formed their bouquets.

Mr. Bandy, son of Mr. and Mrs. John Bandy, of Covina, Calif., asked Dana Skulsky, of Los Angeles, to act as best man. Glen Hillger, the bride's brother, and Mike Dianich, of Los Angeles, seated the guests.

Pastor George Kurz presided at the 6 o'clock rites, for which the bride's mother chose a long gown of mint green pleated chiffon. The bridegroom's mother wore a long dress and coat ensemble of blue polyester crepe.

The bride's grandmother, Mrs. H. C. Schoonmaker, selected a blue crepe dress, long-skirted and chiffon-sleeved. She, like the bride and bridegroom's mothers, pinned cymbidium orchids to her purse.

The newlyweds vacationed in the South Pacific, on Tahiti and Moorea, and are making their home in Hermosa Beach, Calif.

Among six Michigan State University alumni receiving awards this year from MSU's College of Communication Arts and Sciences Alumni Association at the fifth annual meeting and reunion of the MSU alumni group was JOHN S. PINGEL, of Peach Tree lane.

Christine Ann Boruta chose a traditional gown of ivory silk organza for her marriage Friday evening, August 29, in Our Lady Queen of Peace Church to James Lewis Garver. The Reverend Daniel Compto presided at the 6:30 o'clock rites.

Alencon and Brussels lace accented the bride's sheer sleeves, high neck and Empire waist. Matching lace edged her mantilla, caught by a Camelot cap.

She carried a round bouquet of stephanotis, white roses and baby's-breath.

She is the daughter of Mr. and Mrs. Leonard Boruta, of South Rosedale court. Mr. and Mrs. Lewis Garver, of Harbor Springs, are the bridegroom's parents.

Auditions for DGOA Grants Are Slated

The Scholarship committee of the Detroit Grand Opera Association has announced dates for the Grinnell Foundation of Music \$2,500 opera scholarship, the Elizabeth Hodges Donovan \$1,000 Memorial Award, the Henry E. Wenger \$1,000 Memorial Award and other awards given through the Metropolitan Opera National Council Regional Auditions program.

Preliminary auditions will be held in Ford Auditorium Sunday, January 4, beginning at 9:30 o'clock. Final auditions date will be announced following the preliminaries.

Purpose of these auditions is to discover new operatic talent and to help and encourage young singers in their careers.

The Grinnell Foundation of Music \$2,500 opera scholarship, the Elizabeth Hodges Donovan Memorial Award and the Henry E. Wenger Memorial Award are for advanced study in voice and operatic training under the supervision of the DGOA Scholarship committee.

The Metropolitan Opera National Council Regional Auditions also offer many opportunities for young singers to compete for a possible Metropolitan Opera Association contract and other cash prizes, including the Mrs. Frederick K. Weyerhaeuser Award of \$2,000.

Applicants must be in the following age brackets: Sopranos 18-30, Mezzos and Contraltos, 20-30, Tenors 20-30, Baritone 20-32, Basses 20-33. Photostatic copies of birth certificates or similar proof of age must be submitted with applications. No age waivers are granted to former or present members of the armed services.

Applications are now being accepted for the 1976 auditions. Completed forms must be returned by noon December 19.

Requests for application may be made by writing Mrs. Sam B. Williams, Scholarship chairman, Detroit Grand Opera Association, Ford Auditorium, Detroit, Michigan 48226.

DOWNGRADE No community was ever put on the map by a group of citizens who just sat around and pointed out its defects.

The next league game was played against District 2 at the Ice Box on Friday, October 3. In this game, the Blues began to evidence cohesiveness and co-ordination in their line play. As a result, District 2 was overwhelmed 4-0 in a contest where Grosse Pointe's scoring power was evident. Pat McKee playing goal gained his first shut out of the season.

Scoring honors went to Scott Seaver who garnered two goals, one on an assist from David Merlo; John Klein exploded a slap-shot from the point for an unassisted goal and the final unassisted goal went to Erich Avedisian.

On Saturday, October 4, the

Hockey Blues Show Talent

The Grosse Pointe Hockey Association's entry in the Pee Wee Division of the Michigan National Open League, the Grosse Pointe Blues, launched its new season on Tuesday, September 23, against the Michigan Stags in a game played at the Grosse Pointe Hockey Arena.

Returning from the National Championship Bruins were Scott Seaver, Michael Fredal and Michael Eugenio. Moving up from last year's Pee Wee "A" Team were Tom Smith, Don Hiles, Steve Valice and Paul Treder.

Boys advancing from last year's Squirt Open Team were Erich Avedisian, Tim Luzadre, John Mueller and Pat McKee. Boys joining the G.P.H.A. for the first time and playing on the Blues were John Klein, Nicholas Melnyk, Tom Koltvedt and David Merlo.

With little time to prepare for this season's campaign, the Blues met the Michigan Stars on Tuesday, September 23, at the Grosse Pointe Arena. The Blues held the Stars to two goals to the end of the second period and in the third period John Kline fired a slap-shot from the point notching a score for the Blues.

MR. AND MRS. WALTER R. HOWELL, JR., OF RADNOR CIRCLE

By Janet Mueller

One day in early autumn, Walter Howell happened to be passing through Ortonville when he saw this great, big statue of a steer. Now Walter knew that he and Sue were scheduled to be featured in this column within the next few weeks, as co-chairmen of the third annual Beef and Bingo benefit for St. Paul's School and CCD (Confraternity of Christian Doctrine) classes, and that being featured in this column involves a picture, and that Barbara McLeod, Beef and Bingo publicity chairman with her husband, Bud, had managed to locate a live steer somewhere around Marine City, which, everyone felt, would make an excellent "prop," (emphasizing the prize beef in Beef and Bingo) . . .

Walter also knew that live steers MOVE. Picture this: Sue and Walter Howell and a photographer racing around a field following a moving steer, which doesn't realize that for a still picture it's necessary to stay still.

It would have been a unique way to spend an October afternoon. Permission Granted. The Howells consulted with Mrs. McLeod, who agreed that the statue would be both effective and stationary, and, since Walter had to go up to Bay City on business, he and Sue could make it a business/pleasure picture-taking stop in Ortonville.

Unfortunately, when they got to Ortonville, they couldn't find the statue. Seems it really WAS a prop, being used to advertise a local church festival, when Walter first spotted it: now the festival was over, and the statue had vanished. Back to beef-on-the-hoof in Marine City? Or . . .

Down to Eastern Market! and into a meat locker, (appropriately coated and hatted, of course—Sue was so glad she'd had her hair done for the picture when that helmet went down on her head), and the result you see above: the Howells admiring some excellent beef-off-the-hoof.

It's a darn good, news-worthy picture. Gift of Flowers. Walter is no stranger to Eastern Market. He's in the insurance business; one day, one of his clients at Eastern Market gave him some flats of flowers. The Howells planted as much as their Radnor circle yard could hold, then found themselves with flowers to spare.

They gave the extras to St. Paul's pastor, Monsignor Francis X. Canfield. The following spring, Walter asked the Monsignor, "What kind of flowers do you want this year?" and one thing led to another . . .

The Howells take care of a plot of land behind St. Paul's Church. "We call it our farm." They've put in 13 rose bushes, some dogwood trees, 1,000 tulips. They've weeded, fertilized and pruned. They've had a grand time; they're having a grand time. ("Walter," Sue

knows what to take." So she asked around, and discovered that the field that covered her major interests, from history to metaphysics, was called, (surprise!) Theology. "Religion really is exciting! It gives you something FOR your life."

Sue is sharing her excitement with St. Paul's eighth graders. She's a volunteer, teaching the Old Testament to two different classes for one period each week.

Sue and Walter Howell both enjoy golf. Sue plays a lot of tennis, too, and the whole family likes to head north to Oscego for skiing.

Family Vacations. Vacations are usually family affairs. "One year, we rented a motor home and visited all our friends in Michigan who had cottages."

Another summer they rented a 40-foot houseboat and cruised south, to Cedar Point and Put-In-Bay. Sue was blissful. "I sat on deck, and all I did was read."

There were, however, a few hairy moments when the steering went out in the channel in front of the Detroit Light with an ocean-going freighter bearing down on the 40-footer. "And boy! did he look big!"

Walter coped, (what else, the alternative being death, was there to do?) and got the steering going, manually. **Very Busy Sportsmen**

The Howells, former Rebel owners, have a sunfish for Lake St. Clair boating now. They're a hiking family, and they're very much into Little League. Walter served as a coach, manager and finally president of the Farms Little League. Trip is currently a Little League team manager.

Walter's been a cubmaster at St. Paul's. Sue's done her bit for the Girl Scouts. They both worked on last year's Beef and Bingo, and enjoyed it, and they enjoy chaireing it this year.

St. Paul's Beef and Bingo '75 will be presented Friday evening, November 7, starting at 7 o'clock in St. Paul's School gymnasium. It's \$12.50 per person donation for drinks, a build-your-own-sandwich buffet, cocktail hour entertainment by Ernie Swan, pianist at the Pontchartrain Hotel's Salamander Room—in short, for everything. There are no optional extras.

Monies raised will benefit both St. Paul's School and the Parish Confraternity of Christian Doctrine classes.

Work Divided Up It's not, Sue and Walter maintain, a difficult thing to organize, once you divide the work to be done into committees and find the people to fill them.

They did take on the chairmanship with the idea of bringing in new faces, and they have: with the exception of themselves, John Imesch, who advised Beef and Bingo last year, and Mrs. Joseph A. Hoski, who's a third-year veteran, the Beef and Bingo '75 chairmen are all new in their jobs. Some are even new in the parish.

The Howells called on friends, former committee members and perfect strangers for help. They kept their eyes open. A couple from down the street knocked on Sue and Walter's door one night. "They'd come to complain about how fast our kids were driving."

Walter asked them in, sat them down, agreed that something should, and would be done . . . By the time they left the Howells' house, the complainants were all signed up to work on Beef and Bingo.

Fishers Handle Funds. Having or having had children at St. Paul's School was not a pre-requisite for Beef and Bingo committee assignments. Take Sandy and Wal-

ter Fisher, for instance, in charge of the party's finances: their children go to school next door, at the Grosse Pointe Academy, and Sandy and Walter have been very active in Academy projects.

No reason why they can't be active in a project benefiting St. Paul's School, too. Other committee chairmen, their assignments ranging from decorations to bartend-

ers, (Walter Howell headed that corps last year), are the Conrad J. Ankiels, Mr. and Mrs. J. Addison Bartush, the Charles M. Bayers, the Carl D. Crafts, Mrs. Robert L. Goffredson, Mrs. Edward Dorsey, Mrs. Don T. Galvin, Mrs. Anthony Fisher, Mrs. Lorenzo D. Browning, Mrs. Hoski and Mr. Imesch. Barb and Jim Boettcher, 885-0375, are coordinating ticket sales.
