BLOCK GRANT HEARINGS SET

Our Good Luck Has Continued into The New Year

While The Pointe has been fortunate so far this year in relation to snowfalls, the chilling memories of last January's blizzard remain etched in the mind. This citizen, for instance, took a quick break from the monumental task at hand during the height of the storm in which the area received 17 inches of snow on top of a half-foot already on the ground. Schools and businesses both closed after a record snow, wind and ice storm crunched the midwest. Hopefully, there will be no instant replays this year... but don't hold your breath.

HEADLINES of the WEEK

As Compiled by The
Grosse Pointe News

Thursday, December 28
THE PEOPLES TEMPLE commune in Guyana was stocked with thousands of doses of drugs smuggled into the country. Survivors of the mass suicide said some of the drugs were used to brain-wash or control those wanting to leave the cult. A list of the drug inventory found in the cult's Jonestown settlement showed large supplies of downers and depressants. Medical officials said such drugs could promote suicidal tendencies.

Friday, December 29
A UNITED AIRLINES DC-8 airliner with 172 people aboard crashed in a residential neighborhood near Portland, Ore. International Airport and broke apart Thursday night, killing at least 10 persons and demolishing several houses, officials said. One survivor said the passengers were calm and had been warned that they were crashing. The plane, which did not catch fire, apparently smashed into a tree on its descent, split in two and was ripped into pieces on the city's outskirts. Authorities said the pilot said, "Mayday! Mayday! Engines are flaming out."

Saturday, December 30
WITH A MANDATE from the beleaguered shah of Iran, a prominent opposition politician began the difficult task of forming a new government Friday to lead this nation's country out of its crisis and preserve remnants of the tattered monarchy. Anti-shah violence raged on, and though it was less intense than earlier this week, the shah sent his mother and several other members of his immediate family by Iranian Air Force jet to Los Angeles.

Sunday, December 31
IN THE DRAMATIC end to a two-year investigation, the House Assassinations Committee concluded Saturday that President John F. Kennedy "was probably assassinated as a result of a conspiracy." The panel, reporting the findings of its \$5 million investigation, also said the "circumstantial evidence available" indicated a conspiracy in the assassination of Martin Luther King Jr. in Memphis on April 4, 1968. The stunning Kennedy conclusion, based on scientific information only made available to the committee in recent weeks, contradicted the Warren Commission's 1964 report that Lee Harvey Oswald was solely responsible.

Monday, January 1
BOTH THE HOUSTON Oilers and Los Angeles Rams moved a step closer to the Super Bowl with convincing playoff victories yesterday. The Oilers surprised the New England Patriots, 31-14, while the Rams defeated the Minnesota Vikings, 34-10. With its win, the Oilers will play the Pittsburgh Steelers, who defeated the Denver Broncos, defending American Football Conference champions, 33-10, on Saturday, for the title. Meanwhile, the Rams will tackle the Dallas Cowboys, who rallied to defeat the Atlanta Falcons, 27-20, on Saturday, for the National Conference crown. Both championship games will be played on Sunday.

Tuesday, January 2
IRANIAN PREMIER-designate Shapur Bakhtiar announced the formation of a new government Monday and the shah emerged from isolation for the first time in months to confirm that he wants to leave Iran temporarily. Thousands of Americans and foreigners spent New Year's Day at the Tehran airport waiting to flee Iran and the bloody clashes between troops and anti-shah protesters that continued Monday in several cities. Sources in the Moslem opposition said the death toll was between 700 and 2,000.

GPP Police Clear Five R/A Cases

Five juveniles arrested by Detroit Police in November admit to incidents

Five juveniles, arrested by Detroit police on charges of robbery armed, (R/A), on November 27, were recently questioned by Park detectives, with the interrogation clearing five similar cases committed in The Park between last July to November, said Park Police Chief Henry O. Coonce.

The juveniles, all arrested following a store holdup in Chalmers avenue, Detroit, were in possession of a .38 caliber revolver taken during a robbery of Art's Party Store, Kercheval and Wayburn, early in November, the chief said.

Detroit authorities are charging the juveniles with two counts of R/A.

Warrants Sought
Chief Coonce said his department has obtained warrants for the crimes in The Park, the robberies of Art's Party Store, The White Tower Restaurant, Jefferson and Wayburn, The Steak 'N' Eggs Restaurant, Jefferson and Westchester, a gasoline service station and a delivery truck driver, all of which occurred between July and

Woods Planners Table Action on Occupancy Law

By Roger A. Waha
The Woods Planning Commission, based upon a referral from the council, considered an ordinance governing the number and types of certain business, commercial, professional and service establishments in the city at its regular meeting Tuesday, December 26.

City Awaits Approval Of \$225,000 Bond Issue For Renovation of Park

Municipal Finance Commission Slowed Down by Voter Approval of Headlee Amendment But Architects Move Ahead on Improvement Plans at Neff

By Susan McDonald
The bond issue okayed by City voters in September to renovate the lakefront park has still not been authorized for sale by state officials. But that's not stopping project architects, John Stevens and Associates, from moving full steam ahead on plans to spruce up Neff Park in time for the 1979 swimming, sunning and boating season.

The architects have been holding regular meetings with city staff and the committee appointed by the council to plan the bond issue and oversee the \$225,000 renovation.

"We're still as enthusiastic as ever," reports committee member Clifford Cromford. "The details are coming in at a good pace and we're ready to go."

Slowed Down
Financing of the project was seemingly assured last September when City voters, by a 3-1 margin, approved the \$225,000 municipal bond issue for the project.

Though it usually takes 60 to 90 days to get bond approval from Michigan's Municipal Finance Commission, the approval of the Headlee Tax Limitation amendment this fall has slowed the commission down.

Hundreds of communities have rushed bonding proposals to the commission in the hopes of beating Head-

lee's restriction that mandates all issues be approved by voters after last December 22.

As a result, consideration of The City's relatively small bond issue was delayed somewhat. While it did reach the commission's agenda last month, it was not approved because of a "technical problem," according to City Manager Thomas Kressbach. But he is confident the problems will be resolved soon.

Meanwhile, plans for the renovation are proceeding on schedule and architects have begun advertising for bids for some of the work.

Main Portion
The largest portion of the project will be devoted to the park pool. It'll get a new filtering system that's "the best available today," said Mr. Stevens. "We'll have absolutely clear water all summer long."

May Teach Students to Save Lives

Citizen Conducts One-Woman Crusade in Health Education Council Special Project

By Susan McDonald
Where better to teach the lifesaving technique known as CPR than in the schools? First, the kids are a captive audience. Second, they're eager to learn anything new.

"The thought of being able to save someone's life is thrilling to a youngster, whereas to many adults it's a frightening thing. We worry about failure, lawsuits. Kids have a pure and simple impulse in an emergency."

That's Sandra Cleland's reasoning. And that's why the Beverly road resident is heading a special project of Grosse Pointe's Health Education Council aimed at bringing CPR, (Cardiopulmonary Resuscitation), training to Pointe high schools.

Needs Volunteers
She has the support of the school system, and help from both the Michigan Heart Ass'n. and Bon Secours Hospital, 468 Cadieux road, to set up a training program.

Now all she needs are a few dozen volunteers from the community who are willing to spend a couple of hours each month to first learn the technique and then help pass it on at North and South High.

Those volunteers should show up for the first training program, a two-night affair, Tuesday and Thursday, January 23 and 25, at Bon Secours Hospital's auditorium, from 6:30 to 9:30 p.m.

"Even if people don't want to go on to become instructors, at least they can come these two nights to learn the basic technique," Mrs. Cleland explained. "It may help them save a life."

Instructors' classes are scheduled for Wednesday evenings at 4 p.m. at Bon Secours, beginning February 28 and continuing through March 28, Ray Ingham, from the Michigan Heart Ass'n., will conduct the course.

Credit Technique
Anyone wanting more information should call Mrs. Cleland at 885-8954. She's bound to convert even the most skeptical caller into a CPR-enthusiast with her

enthusiasm. (Continued on Page 4)

Survey to Aid GP Farms in Seeking Funds

Municipality to Make Another Try to Obtain Block Grant Monies for Variety of Projects; Officials Hope Study Will Be Completed by End of January

By David Kramer
The Farms, despite repeated defeats in attempts to get federal funds through the Community Development Block Grant program, will make one more try, this time armed with a special needs survey. The survey is designed to show block grant administrators an area in the city where a certain percentage of the residents qualify as having low-to-moderate incomes.

If it qualifies, The Farms could be eligible for up to \$300,000 in block grant money that it has accumulated over a three-year period.

City Clerk Richard Solak said, while new federal guidelines are forthcoming, the past rule has required the area for which the funds are sought to have a 29 percent population of low-to-moderate income citizens.

Eye War Memorial
He said the area the survey would be considering includes the On-the-Hill business district, Mapleton road and a portion of Muir road.

The Farms Council at a recent regular meeting authorized the undertaking of the survey, which will be done by a private firm. Mr. Solak said he hopes it will be completed by the end of January.

Farms administrators also are looking into the possibility of getting federal money for the renovation of the War Memorial, under the premise the Center is of great benefit to senior citizens.

Mr. Solak said that project "requires further investigation," adding "it's not the intention of Mr. Bremer," (City Manager Andrew Bremer), to use block grant funds already allocated to seniors through Seniors Onward for Change, (SOC).

(The Farms, unable to qualify for federal money so (Continued on Page 2)

Music Classes Set at Center

Classes in music theory and music appreciation will be offered at the War Memorial, 32 Lakeshore road, early in the new year under the direction of Frederick de Haven, music director of Christ Episcopal Church, Grosse Pointe.

Both classes are scheduled on Monday evenings, beginning January 8 and continuing through March 26. "Music Theory" is scheduled at 7 p.m. and "Music Appreciation—The Age of Romanticism" at 8 p.m.

The fee for each class is \$45 for the 12-week term. For more information, call the Center at 881-7511.

Park's New FIRM Became Effective on January 3

The Federal Insurance Administration has informed Park Mayor Matthew C. Patterson that a new Flood Insurance Rate Map, (FIRM), will become effective on Wednesday, January 3.

"This date indicates the effective date for the authorization of the sale of first and second layer flood insurance coverage at actuarial rates for all new construction and substantial improvements to existing structures within our community," the mayor said.

"First layer coverage on structures built prior to January 3, 1979, will continue to be made available at subsidized rates, unless substantial improvements are made to the buildings."

Mr. Patterson said the actuarial rate zones applicable to The Park are indicated on the FIRM. The actuarial rates for insurance on a structure increase as the first floor elevation of the building decreases below the base flood levels established for the city.

In addition, he said, it should be pointed out that on January 3, the FIRM supersedes all previous maps for the purpose of determining whether individual properties are located inside or outside the area having special flood hazards.

Woods Eyes Projects for 1978, 1979

Citizens Have Chance to Offer Suggestions, Comments on January 8, 15, As Part of Program

By Roger A. Waha
A combined total of three public hearings on Community Development Block Grant, (CDBG), projects will be held in The Woods this month to comply with block grant regulations.

The council at a recent regular meeting set the dates of Monday, January 8, and Monday, January 15, for the trio of hearings.

Administrative Aide Gerard E. McNamara reported that two public hearings are required. The first is to obtain suggestions for projects and the second is to solicit comments on projects.

Still Necessary
Officials said the city complied with the first requirement, i.e., obtaining suggestions for projects, for its 1978 program when the council on October 16 voted to try again with the resubmission of applications totaling \$126,675 in grant funds after the city was originally denied such funding earlier.

The city's original application for funds, viewing \$120,000 per year for three years for a variety of water and sewer projects, plus street work, failed to materialize. However, the community wasn't disqualified from the program and remained eligible for funds.

Mr. McNamara noted the council had already conducted public hearings on projects that were submitted and rejected by HUD, (Department of Housing and Urban Development). But it was necessary to conduct a hearing for community comments on 1978 projects which were accepted for funding.

This hearing date is set for the 8th and will focus upon the \$126,675 program which views the minor home maintenance and repair program for senior citizens with SOC, (Seniors Onward for Change), acting as a subcontractor, plus water and sewer improvements.

Under Review
Such projects are planned for the northwest corner of the city. Mr. McNamara said, with the home maintenance and repair program also serving elderly, low-to-moderate income persons in other areas of the city.

The Woods' share of the home maintenance and repair program is placed at \$15,000 with \$8,325 coming from CDBG monies and \$6,675 from the already approved special needs allocation of the community.

City Administrator Chester E. Petersen indicated last week that a complete breakdown of projects remains under review and will be ready for the meeting of the 8th.

He noted that the installation of water mains is one area definitely being viewed with the hope that two phases of work over a two-year period, i.e., 1978 and 1979 will be forthcoming.

(Continued on Page 2)

City Council Sets Hearings

Citizens are invited to comment upon The City's 1979 application for Community Development Block Grant funds from the federal Housing and Urban Development department at two public hearings next week.

The meetings are set for Monday, January 8, at 10 a.m. and Monday, January 15, at 7:30 p.m. Both will be held in the city offices, 17147 Maumee avenue.

The City expects to receive about \$80,000 through the program for 1979. A list of proposed projects is not yet available at city offices.

NOTICE OF ANNUAL MEETING

Notice is hereby given to members of the Colonial Federal Savings and Loan Association of Grosse Pointe Woods that the annual meeting will be held in the office of the Association, 20247 Mack Avenue, at 2:00 p.m., Wednesday, January 17th, 1979.

Planners Table Action

(Continued from Page 1) lated that any present holders of a certificate be renewed for issuance for 1979.

As it turned out, the commission tabled any action on the proposal, which had been considered for emergency adoption by the council, pending the receipt of further information. It's now scheduled to be on the group's Tuesday, January 23, meeting agenda.

We were concerned at how to look at the law, said commission chairman George Rinaldi, who also noted, for instance, that some buildings are occupied and reoccupied by different types of businesses.

As a result, the commission indicated it wished to review the initial background of the law, which was adopted in the early 1970's, while requesting a breakdown on the number of occupancies which sell and/or serve alcoholic beverages, e.g., the number of establishments which have Class C liquor licenses and businesses such as drug stores which have licenses permitting the sale of beer and wine by the bottle.

While some commissioners reportedly questioned why they should be concerned over the law in the first place, Mr. Rinaldi felt the council took the right action in referring the matter to the commission for its input "because of the overall planning concept (of the law) for the whole community."

In reviewing the background of the law, City Administrator Chester E. Petersen said there was a concern over the preponderance of hairdressing salons in the community and related concerns of officials over traffic and parking problems. As a result, the measure was

drafted in an attempt to limit their future expansion.

Noting the measure was based upon similar ordinances enacted throughout the country toward controlling the growth of a community, Mr. Petersen said, "The concept, here, was to control occupancies and the development of Mack avenue so there would be no preponderance of one type of occupancy that would not be in the best interest of the community."

GPF Survey

(Continued from Page 1)

far, passed on some of its money, \$8,526 in special needs funds, to SOC for use in a program of minor home repairs. All the Pointes but The Park have done likewise.

Projects Viewed

Mr. Solak said, while the entire \$300,000 may not be obtained, "We feel we'll get a substantial portion of it" as a result of the survey. The cost of the survey, he noted, is one approved use of the federal funds, and thus there will be no direct cost to the city.

The money obtained could be used for various projects, which may include home improvement, street repairs and improved streetlighting.

Improvements made in the On-the-Hill district would go toward implementing the master plan The Farms has been looking at for the area for over a year.

The Woods and City recently conducted similar surveys in "target areas" of their communities.

Grant Projects Viewed

(Continued from Page 1)

"We want to include as many varied projects per year as we feel this will be more palatable to HUD," he said.

Not Completed

Citizen comments on the 1978 program isn't the only action that will take place on the 8th. At that time suggestions also will be solicited for 1979 block grant projects.

Then on the 15th the third public hearing will be held—this time to obtain comments on proposed 1979 projects. Mr. McNamara reported that the pair of hearings on 1979 projects must be conducted prior to the February 1 submittal deadline.

As for the 1979 program, Mr. Petersen said a breakdown of projects and costs hasn't been completed as yet, although he indicated a hope that more surveys, similar to the one conducted by Nordhaus Research, Inc., of the northwest area this fall, would transpire.

(After the city's original application for funds was rejected, the municipality had to demonstrate that the beneficiaries of projects were predominantly low-to-moderate income families, a main criteria for receiving monies, according to federal guidelines. With this in mind, Mr. Petersen proposed that the demographic survey be conducted, with the county reimbursing the city for its \$2,200 costs, and the survey helped the community on the block grant program front.)

Need Advisory Group

While officials continue their drive toward specifics for the 1978 and 1979 programs, Mr. McNamara had earlier noted that projects or portions of projects may be carried over and completed under subsequent entitlements, with the city looking at around \$120,000 per year for a three-year period.

In relation to CDBG program requirements, besides the hearings, Mr. McNamara pointed out that it's necessary for the council to address the requirement of a citizens' advisory commission.

Only cowards accept defeat—it is a challenge to the brave.

Session Eyes Proposal E

The Woods Council at its regular meeting Monday, December 18, unanimously authorized that any of its members be permitted to attend the Michigan Municipal League's annual regional meeting, (Region III), on Thursday, January 25, in Inkster.

At the same time, the motion stipulated that City Administrator Chester E. Petersen, City Comptroller-Assessor Frederick G. Hornfisher and City Attorney George Catlin also be permitted to attend, with all officials participating being reimbursed for necessary expenses.

Scheduled to be reviewed at the session is the recently passed Headlee amendment, (Proposal E), and how local units of government can cope with what some officials consider the serious financial implications of the legislation.

Meet, Eat And Enjoy?

Restaurant reviewer Mary Conway thinks there's at least one person out there who wasn't too pleased with the latest edition of her "Meet, Eat and Enjoy Greater Detroit," a guide to bars and restaurants in the area, co-authored with Harry Satchwell.

Mrs. Conway reported to City police that someone left a gift wrapped box of animal wastes on the front porch of her Rivard road home Christmas Eve Sunday, December 24.

She told police that she feels the "gift" was from a restaurant owner who received a poor review in the guide.

Review of GPW's Zoning Ordinance Plan Continues

The subject of Woods Planning Commission sub-committee reports on planning consultant Brandon M. Rogers' progress report on the zoning ordinance update project was viewed at the commission's regular meeting Tuesday, December 26.

At that time, the commission voted to table the matter until each of three sub-committees puts its report in writing for the review of City Attorney George Catlin.

This is scheduled to transpire before the commission's next meeting on Tuesday, January 23, at which time the item is set to appear on the agenda.

The next step is for the entire commission to consider each sub-committee report as compiled by members and Mr. Catlin.

All three sub-committees are responsible for reviewing definitions contained in Mr. Rogers' progress report, while other subject matter is broken down per group as follows:

- Commissioners Paul Rothenberg, sub-committee chairman, John Kennedy and Peter Gilezan will review minimum floor area per dwelling unit, non-conforming uses and buildings, off-street loading requirements and off-street parking space requirements.

- Commissioners George Couillard, sub-committee chairman, George Rinaldi, commission chairman, and Raymond Lynch are exploring off-street parking lot development regulations, greenbelt requirements, lot split regulations, sign control and site plan review regulations.

- Commissioners Charles Van Hove, sub-committee

chairman, Philip Patanis and Robert Sabo are focusing upon multiple family residential districts, RO-1, restricted office district, P-1, vehicular parking district, and statements of purpose.

The preparation and review process for officials has been a long one.

Mr. Rogers' initial progress report viewing recommended zoning ordinance amendments and additions was dated last March 17, and contained 15 chapters.

At that time, he said, "Since the zoning ordinance is the principal land use control to carry out city development policy decisions, suggestions for improvement or modifications are requested so that the ordinance will reflect the best judgement of the commission (as) possible."

Then last March 28, the commission requested that City Administrator Chester E. Petersen, City Attorney George Catlin and Building Inspector Earl Wakely meet as a special sub-committee to review the March 17 report and Mr. Rogers' analysis of needed improvements and known problems in the code.

On September 25, Mr. Rogers met with Mr. Catlin to view the merits of the group's recommendations. As a result, with further input transpiring, the planning consultant prepared a revised, updated series of zoning amendments and additions.

The report, dated September 28, contains 4 chapters with one on architectural review being deleted.

This document is the one being reviewed by the three sub-committees of the commission.

Dog Rescued From Icy Lake

Peter J. Cracchiolo of Lakeshore lane called the Shore Public Safety Department Monday, December 31, at 4:05 p.m. to report that the family's pet female Sheltie was missing from the house.

At 5:20 p.m., the same day, an unknown motorist entered the station and informed Sgt. Stanley Otulakowski that a dog was seen running on the ice of frozen Lake St. Clair.

PSO John Trevillian was dispatched to the area and saw the animal, a brown-white-black dog, about a 100 feet off the breakwall opposite 521 Lakeshore. The officer called to the animal which approached, but about eight feet from the breakwall, the ice broke and the dog was left stranded on an ice floe.

Mr. Cracchiolo was notified of his pet's predicament and he went to the scene, but when he arrived, the dog was about 15 feet from the wall on the ice floe, in open water. The floe broke under the weight of the dog and the creature fell into the icy water.

Officer Trevillian and Mr. Cracchiolo called to the pet which began to swim toward shore. When the animal reached the edge of the wall Mr. Cracchiolo's son, Peter, leaned over the edge, with PSO Trevillian hanging onto the young man's trouser belt, and Officer Bruce Darlington, who had arrived, holding onto PSO Trevillian.

The younger Cracchiolo reached down and grabbed the dog and brought it to the safety of the shore, none the worse for the experience.

New Law Eyes Piling of Snow

A new state law designed to eliminate piled snow as a traffic hazard is in effect this winter, reports the Michigan Department of Transportation in a news release.

Basically, it prohibits businesses and citizens from dumping snow on roadways and shoulders or piling it so high at driveway entrances that it obstructs the vision of motorists.

Under the law, enacted last spring, snow, ice or slush may not be removed from a driveway or other property and placed across a roadway or its shoulders. Snow piled near a driveway entrance must not obstruct the view of a motorist entering the roadway.

Pushing snow from a driveway to the opposite side of the road also is prohibited.

"Citizens or hired snowplowing services usually clear driveways after the highway crews have cleared the roadway and shoulders," said John P. Woodford, department director.

"The snowplowing vehicle moving back and forth across the roadway from the driveway in itself is unsafe, but the snow that this activity leaves on the pavement is spread down the roadway and makes a slippery spot that is hazardous and could be the cause of an accident."

Violation of the new law is a misdemeanor. Both property owners and persons hired to remove snow are responsible for any illegal snow-removal activities.

In addition, any accidents caused by illegal snow removal will leave violators

open to lawsuits for public liability and property damage.

Both the Transportation Department and Michigan State Police encourage property owners to make special plans for snow removal from their property. They recommend that snow be pushed away from the roadway and to the sides of the driveway for its full length.

Large businesses may find it necessary to truck snow from their parking lots.

For a charge to be filed, a police officer must witness the violation, or a citizen may file a complaint.

"Careless dumping or piling of snow into the roadway can present a serious traffic hazard," said Col. Gerald L. Hough, state police director. "This new law should help control dangerous snow-removal practices."

GERHKE RETIRES

The board of directors of First Federal Savings of Detroit recently elected James A. Aliber to the post of chairman of the board and chief executive officer, to succeed Pointer Hans Gehrke Jr., who retired Monday, January 1. Mr. Gehrke, who has been with First Federal for 38 years, has been chairman since 1969. He will continue as a director and chairman of the audit committee.

Natural Food Restaurant Opens in G.P. Park

Etched glass, greenery, original works of art create a casual yet cultural ambience.

Happy, healthy diners surrounded by original art which is for sale, therefore changes frequently.

Woody West, host and waiter, patiently explains the menu, preparation of food.

Harvest Park adds a new dimension to east-side dining. All foods are natural - no preservatives, additives or colorings. All dishes are made to order. AND all vegetables arrive fresh daily from the Eastern Market.

Owner, Ron DiLaura, was converted to natural foods four years ago when he served as road manager for John Sebastian. "An important part of my job was to locate natural foods and natural food restaurants for my boss throughout the states, and all over the world."

Out-standing soups, salads, sandwiches and a daily special prepared from 11 a.m. to 3:30 p.m. Tuesday through Thursday, Friday and Saturday until 9 p.m. You'll enjoy quiches, fondues, tempuras, hot chapati comes stuffed with garbanzo with jalapeno cheese.

Just for fun, and scrumptious eating, try the "McDonald Burger." It's a pound of deliciously seasoned grain and soy burger with special sauce, tomatoes, sprouts, lettuce, cheese, cucumber, onions on a sesame seed whole wheat bun. Ron's home baked bread list includes such wonders as spinach-cheese, mushroom, tomato, sesame-onion, pumpkin, coriander, carrot-turkey.

Try an assortment of conopsea with tempting cakes like carrot-pineapple, pumpkin-pine, zucchini, banana.

All this and so much more at . . .

Cancel Meeting on GPW Code

A scheduled Woods Planning Commission sub-committee meeting, set for last month to continue an exploration of a proposed property maintenance code for the city, failed to materialize because of conflicts over the holiday period.

As a result, the group, which had already met on October 25 and on November 2 with a sub-committee of council members, is now planning to meet sometime this month, said commission chairman George Rinaldi last week.

Officials who are scheduled to participate in the January session, he said, be-

cludes himself, are Commissioners Paul Rothenberg and John Kennedy, City Attorney George Catlin, Building Inspector Earl Wakely and City Administrator Chester E. Petersen.

The objective of the various sub-committee sessions is toward preparing a draft of the code for the consideration of the entire commission based upon input obtained at the sub-committee level.

A possibility remains that such a draft could be ready for the total commission at its Tuesday, January 23, meeting.

A preliminary focus of the sessions so far has been in regards to how far a citizen should go in bringing a building up to code, with not only an eye on specific regulations but also on cost factors.

With the month's delay in the property maintenance code sub-committee meeting, the consideration of planning consultant Brandon M. Rogers' preliminary draft of a land use plan for the city has been postponed until February.

At that time, Mr. Rinaldi indicated he hopes the draft will be viewed.

Cases Cleared

(Continued from Page 1) November.

City authorities and St. Clair Shores police have already obtained, or are in the process of obtaining, warrants against the five for similar crimes committed in their communities, the chief said.

As far as his department is concerned, noted Chief Conoce, charges have already been filed against the youths with Wayne County Juvenile Court authorities.

About now—this time of year people begin to put into motion the thoughts they have had for about six months. It's a big move and they are going to put their house up for sale and move to different areas. Some go into retirement, others step up into grander homes. Promotions dictate sell and leave the community. All this commotion is called Real Estate sales and it's the largest industry in the world!

Now with all this going on for hundreds of years wouldn't you think that it would be a relatively simple thing to second guess the market? Perhaps this is what makes it such a fascinating business—it's unpredictable!

Bankers know the market well. At least they know it well enough to respect it and be very cautious. This is probably why some of the fearless have been so terribly successful. It's possible to be lucky but not possible to be continuously lucky.

What this is getting to is how you sell your home and assure yourself that this is the time to sell! Grosse Pointe Real Estate Co's sales associates make market studying an important part of their career. You first establish a base price or value and go from there. They can show you what you could get by selling now. They can show you what might happen if you wait. They can make you aware of the market and the pitfalls. Call Grosse Pointe Real Estate Co. 882-0087 now. You may decide it's best to wait a few months—on the other hand you may decide now is best. At least you'll be doing something with the benefit of expert knowledge in this field and with confidence!

Yule Sales Reviewed

(Continued from Page 1) and "Fairies" were both solid sellers.

Mr. Sladen, who also is president of the Hill Merchants Ass'n., said the Fisher road, Hill and Village merchants all made positive efforts to improve shopping during the season.

On-the-Hill, the improvements took the form of a catalog of the stores and Christmas lighting.

"Excellent Month" Kimberly Flowers sold out of everything before the holidays, said its owner, Ronald Serba, (also known as Ron Kimberly), despite his worries that sales would be down. He estimated a 10 percent increase in sales from last year, and it wasn't all in poinsettias either, but also in his entire stock of permanent and fresh ar-

rangements. A spokesman for Jacobson's said the store had "an excellent month with good selection and good stock in all areas." While he declined to be specific, he said the store had an "excellent increase from last year."

Not all the merchants were ecstatic about their year, however. Sloane Barbour, sales manager at Pointe Electronics, said his sales were off about 20 percent from last year's record year, with stereo components, particularly the high quality ones, accounting for the drop.

Color TVs and small items such as clock-radios were actually up this year, but not enough to offset the downward trend of the stereos.

"Our business fluctuates with the stock market," Mr. Barbour explained. Since the stock market has declined, people are reluctant to make a major investment.

Mixed Reviews

An area that met with mixed reviews was the ski equipment market. Blaming the lack of snow, Fred Lassaline of Grosse Pointe Ski and Tennis said his sales were "down a little bit." True to his expectations, however, was the boom in cross country ski equipment. Clothes did well also, with downhill equipment accounting for the drop in sales.

Pete Schummer of Schummer's, however, said his business was up 18 to 20 percent. At least part of the increase, however, was due to the expansion of his store.

"We think we're very fortunate because last year we had about 17 inches of snow on the ground at this time," he said.

As with his competitor, Schummer's cross country equipment accounted for a large increase in sales, up a whopping 60 percent from last year.

May Teach

(Continued from Page 1) wealth of data and success stories about the technique.

According to the Michigan Heart Ass'n., many of the 600,000 people who will die of heart attacks this year could be saved if bystanders witnessing the attack were trained in CPR.

The technique is credited with a substantial drop in fatal heart attacks in Seattle, Wash., where one out of three citizens has received CPR training through a concentrated public health program.

Closer to home, the City of Southfield is aiming at the same, one out of three goal, with a training program that involves half a dozen community agencies.

The technique itself is simple, involving opening and maintaining an unobstructed airway, providing artificial ventilation by mouth-to-mouth breathing and providing artificial circulation by external cardiac compression.

"Time to Learn" It can save the lives of victims of drownings, poisoning, suffocation, choking, electrocution, smoke inhalation and drug overdose, as well as heart attack, the Heart Ass'n. says. According to one 1977 estimate, there are at least 12 million Americans who have learned the CPR method.

But, beside all those statistics, Mrs. Cleland has a more personal reason for carrying on her one-woman crusade in Grosse Pointe.

A year and a half ago, her father died after a sudden heart attack. "He died all alone, and my first reaction was to wish so hard that I was there when it happened," she said.

"Then it dawned on me: I wouldn't have known what to do if I had been there. So, with five kids, and another on the way, I decided it was time to learn."

Men Gardeners Enjoy Party

A Christmas party was enjoyed by members of the Men's Garden Club of Grosse Pointe and their wives on Tuesday, December 19.

The event was held at the estate of the late Eleanor and Edsel Ford in The Shores.

A giant Christmas tree in the great hall was gaily decorated and arrangements of greens were used throughout the rooms which the members toured.

The program consisted of a talk with color slides by Mary Ellen Case and Helen Beaumont. It was entitled "Seeing Nature Through The Camera Lens: Wildflowers, Mushrooms And Butterflies." Both are members of the Photographic Society of America and the Grosse Pointe Camera Club. The results of their efforts showed great beauty and excellent photography.

Awards chairman Simon Schorer announced this year's awards which went as follows: the Harry T. Schorr trophy recipient, Harold E. Lee, the De Petris trophy, Harry Hagley, and the service award, Wilson G. Rodgers.

Community Projects chairman T. De Maire announced the Special Award, which is given by the local garden club in connection with the Men's Garden Club of America, would go to Dr. Albert C. Howe "in recognition of meritorious contributions to the quality of the nation's beauty and environment," and is known as the Beautification Award.

Dr. Howe is chairman of the Woods Beautification Commission.

North DECA Hosts Party

The North chapter of DECA, (Distributive Education Clubs of America), recently hosted students from the Foundation for Exceptional Children at an informal Christmas Party and shopping trip through "Rainbow Bridge," the student-operated school store at North.

Twenty-five children from the foundation arrived in the morning accompanied by several staff members and the director, Dorothy Martins. DECA members passed out the cookies and cider, while a surprise guest from the North Pole visited with the children and gave them each some early Christmas gifts.

After their visit with Santa, the kids were off shopping at "Rainbow Bridge," searching for just the right presents for parents, sisters and brothers. Each child received some help in making selections from their very own DECA "personal shoppers."

With their shopping trip behind them, the kids retired to a classroom where, with the assistance of additional DECA members, they wrapped each of their Christmas purchases.

DECA faculty advisors for the nearly 100-member organization are Thomas Bous and Brian Killian of the Business Education Department.

Park Resident Burned in Fire

A Park resident suffered first and second degree burns on the right hand and forearm on Tuesday, January 1, when a pan of paraffin wax he was melting on the kitchen stove ignited.

Fire Chief Phillip Costa said the burns resulted when the victim, Raymond Regner of Audubon road, attempted to carry the flaming pan of wax outside. The hot wax spilled on his hand and arm.

Mr. Regner was conveyed to Bon Secours Hospital by emergency ambulance where the burns were treated and he was released.

"People should realize that paraffin wax is highly inflammable," Chief Costa said, "and should never be melted in a single boiler pan. To melt this substance, a double boiler pan should be used, with the bottom or bigger pan containing water. This is the proper method of melting."

"If the paraffin is melted in a single pan, there is always the chance that the fumes emanating from the wax could ignite. There also is the possibility that the spreading fumes might burst into flames, spreading the fire into other parts of the kitchen and perhaps throughout the house."

"There is considerable difference between paraffin wax and regular candle wax, but both can be dangerous if the substances should burst into flames."

It was not disclosed for what purpose Mr. Regner was melting the paraffin.

Nothing is sure in life, but the surest things seem to be expenses we hadn't counted on.

Fish, Snake And Gorilla Make Headlines in 1978

1978 was a newsy year for the human race. It had its share of wars, floods, earthquakes, inflation and other untoward events.

It also was a big news year for wildlife, according to a survey by the National Wildlife Federation. It was the year in which a tiny fish, the small darter, stopped construction of a \$120 million dam in Tennessee and a diamond-back rattlesnake, concealed in a mailbox as a murder weapon, bit and nearly killed a Los Angeles attorney.

It was a year in which hundreds of other animals made headlines.

A few of them made the news tickers by getting kidnapped—a 75-pound Galapagos turtle named Little Rock that was whisked from a Brooklyn motel room; a large octopus that was eventually abandoned on the floor of a San Francisco ladies' room; at batch of snakes val-

ued at \$5,000 abducted from a Glen Burnie, Md., reptile house; and nine pigs.

Well, it was originally one pig, stolen from a farm in Washington County, Mo., but by the time she reached St. Louis she had produced eight piglets.

There also were a lot of animals who were harshly reminded that it's a man's world: Willie the Whale, who strayed into port at Cherbourg, France, and paralyzed harbor traffic for five days before dying of starvation; thousands of fish who were poisoned in Dijon, France, when a disgruntled employee poured \$800,000 worth of his boss's fine burgundy into village sewers; a deer who crashed through a Beltsville, Md., woman's bathroom window and landed in her bathtub; and a colony of eager beavers who were trapped and relocated when their dams flooded pastures, fields and gardens around Moscow, Idaho.

Some critters made news by making unusual adjustments to man's presence. A city-wise fox set up house-keeping under the bleachers in Yankee Stadium. And in Baltimore, Md., a peregrine falcon, normally a bird of the wilderness, settled on the 32nd floor of a downtown building. Her new neighbors named her Scarlet.

The animal who behaved most like a human in 1978? It would have to be Koko, a 130-pound California gorilla who's learned 275 "words" in the sign language used by the deaf. Koko learned to lie, insult and swear in sign language—all human failings.

This year people came up with some new ways to make a living with the assistance of animals. A Virginia man hit the road with Victor, a wrestling bear. Victor never loses, and celebrates his wins by licking the faces of his prostrate human challengers.

In England, a peishop began selling cockroaches. The shop owner said they make ideal pets because they don't eat much and you can go on vacation and leave them on their own.

In an attempt to keep coyotes from preying on ranchers' sheep, biologists in western Canada reported that they are trying to convince coyotes that sheep just don't taste good. They're injecting dead sheep with lithium chloride and then leaving them for the dog-like wild animals. The lithium chloride doesn't kill the coyotes, just gives them an upset stomach.

In Washington, D.C., government scientists announced that they're trying a different tactic. They're attempting to train a shaggy-haired Hungarian dog, the Komondor, to protect sheep from coyotes. In preliminary tests, they said, the hulking 120-pound watchdogs—which can cost up to \$500 — intimidated caged coyotes simply by walking past them.

If the tests succeed, the use of Komondors may turn out to be the shaggy dog story of 1979.

Police Recover 2 Stolen Cars

A car that was stolen in Detroit was recovered by Park police and one that was stolen in The Park was recovered by Detroit officers on the same day, Wednesday, December 27, according to Park Police Chief Henry O. Coonce. By coincidence, both were 1973 Ford's.

The auto recovered in The Park was reported stolen by Ozell Flunory of Crocuslawm, Detroit, to Detroit authorities on Monday, December 25.

Park Officers Robert Michael and Howard Carl, while on routine patrol at 12:58 a.m., found the Flunory vehicle parked in front of a fire hydrant in the 1800 block of Somerset. Evidence showed that the ignition was damaged, apparently when the wires were "jumped," it was said.

At 9 p.m., police of Detroit's Sixth Precinct, Grand River Station, called Park authorities to notify them of the recovery of a car reported stolen from in front of 1427 Nottingham. The auto was parked on Lozier street and was out of gas. No damages were reported.

A vehicle registration found in the car revealed that it is owned by Frederick Palmer Blair of Woodside, East Lansing, who had notified Park police of the theft on December 27.

CPW Boat Club Names Officers

The Grosse Pointe Woods Boat Club's annual election of officers and directors was held at the December meeting at the Lake Front park. The following officers will be installed at the January meeting and will be honored at the 19th annual commodore ball on February 3.

Commodore David P. Clark of West Doyle place, vice-commodore Ted Krause of Linville road, treasurer Herbert Gould of Moorland drive and secretary Nan Van Egmond of Anita avenue.

New directors are Dewain Belote of Wedgewood drive, Bud Gill of Fleetwood road, Gil DeSandy of Hampton road and Fred Schwartz of Brys drive.

Craft Classes Being Offered

Craft classes to help fill drab winter hours will be offered this term at the War Memorial Center, 32 Lake shore road.

Chair seat weaving, both cane-splint and fibre rush, will be taught Thursdays, January 11 to February 22, from 7 to 9 p.m. The instructor is Mary Herbert who was trained at Greenfield Village by Sandra Richards.

Students are asked to bring a chair selected for seating to the first class. The course fee is \$35.

Cindy Carson will discuss making needlepoint rugs in two workshops Monday, January 8 and 15, from 1 to 3 p.m. The course fee is \$9 plus \$65 for materials.

For more information call the center at 891-7511

Smoking Habits Explored

Americans smoked over 600 billion cigarettes last year at an average cost of \$250 per smoker, reports the Michigan Heart Ass'n. in a news release.

There has been an alarming increase in smoking among teenage girls, little change among women smokers and some decrease in the number of middle-aged men smokers.

"All of this is startling in light of mounting evidence that cigarette smoking is bad for one's health," said Dr. Richard Antell, Flint internist who is president of the association.

"It is estimated that cigarette smoking is responsible for more than 325,000 premature deaths each year in the U.S., more than one third of them from heart attacks," Dr. Antell said.

"A smoker runs twice the risk of heart attack and five times the risk of stroke of a non-smoker, and research is beginning to uncover the reasons for this.

"For instance, a heart researcher recently reported the findings that cigarette smoke seems to speed up dramatically the natural deterioration of tiny arteries inside the heart which fuel the muscles that enable the heart to pump blood," Dr. Antell said.

"He observed that these arteries in a 40-year-old who has been smoking for 20 years look like the arteries of a 70-year-old non-smoker.

"Those same arteries supply oxygen to a series of fibers which carry electrical

impulses that control heartbeat. When those fibers are deprived of well-oxygenated blood, they can cause abnormal heart rhythm which may lead to sudden death."

Other facts which research has brought to light:

- Cigarette smoke contains a dozen gases which are proven health hazards, among them carbon monoxide — the same lethal gas present in car exhaust — which forces life-giving oxygen out of the red blood cells.
- Industry has set a "safe" limit of carbon monoxide at no more than 50 parts per million. Recent American Heart Ass'n. research measured carbon monoxide at 90 parts per million within a three-foot radius of a smoker, so that not only the smoker but innocent bystanders in his vicinity have an increased risk.
- Ninety percent of nicotine is absorbed into the body when smoke is inhaled, constricting the blood vessels. And in case you think you're safe because you don't inhale, 10 percent of the nicotine is still absorbed even when you don't.
- Cigarette smoking increases both blood pressure and the rate of heartbeat.
- There are encouraging facts, however," said Dr. Antell, "even for someone who has been smoking for years. If you stop smoking, your risk of heart attack and stroke that usually decreases almost to that of someone who has never smoked.
- "Post-heart attack patients who quit smoking cut their chance of death and further coronary attacks in half. And people with diagnosed coronary heart disease have been found to be able to tolerate more exercise after quitting."

COMPETITION

Today's automation has caused many folks to realize they can earn only what they're worth.

Group to Study Toxic Materials

The National Wildlife Federation, (NWF), has received a grant from the U.S. Environmental Protection Agency to carry out a toxic substances project.

The end product of the study will be a citizen's participation handbook, for use by individuals and citizens groups as well as by state and local toxic substances regulators.

Dr. Edward Segel, of Chevy Chase, Md., has joined NWF, the nation's largest citizens conservation organization, as coordinator of the project. Dr. Segel, who holds a Ph.D. degree in physical-organic chemistry from the University of Chicago and was formerly vice-president of the United States Brewers Ass'n.

He holds nearly a dozen patents and has been published in numerous scientific journals.

As coordinator of NWF's toxic substances project, Dr. Segel will meet with experts from industry, government and academia to gain an understanding of all sides of the toxic substances control issue. For purposes of illustration, the study will focus on the problem in New Jersey.

Morning Art Class Slated

Life painting and drawing will be taught in the War Memorial's new art wing during the winter term by Daniel Rosbury, protégé of Robert Wilbert and instructor at Macomb County Community College.

Students will work at times with a model and may choose any media they prefer. Classes are three hours long and continue for 10 weeks, on Thursdays, January 11 to March 15, from 9 a.m. to 12 noon. The fee is \$50 for the term.

This course is open to both beginning and advanced students. The classes combine the use of live models with prints, photographs and slides illustrating a variety of figurative handling including portraiture as well as the full figure.

For further information, call 881-7511.

GP Woods Doctor Advises Cut Down Fat

Research on the relationship of food and cancers of the intestinal tract has led a Woods doctor at Harper-Grace Hospitals to recommend that people reduce the amount of fat and increase the amount of fiber in their diet to help prevent bowel cancer.

Dr. Norman Nigro, a specialist in surgery of the colon and rectum, and a professor of surgery at Wayne State University, released his findings in an article to be published soon in the Journal of the National Cancer Institute.

While his research was done with animals, Dr. Nigro told a recent meeting of the American College of Surgeons in San Francisco that the findings should be used by the public in an effort to prevent cancer.

In his experiments, Dr. Nigro tested diets containing 35 percent fat and 10 percent fiber and another containing 6 percent fat, (normal for animals tested), and 20 percent fiber. Cancer-causing chemicals were injected into the animals in both groups.

Rats on the high-fat diet developed twice as many tumors as those receiving less fat. The addition of 10 percent fiber to a high-fat diet had no protective effect whatever, leading Dr. Nigro to believe the "cancer challenge" of so much fat was too great to be influenced by the fiber.

In the second part of the experiment, the rats that were fed a normal amount of fat, (6 percent), plus the 20 percent fiber had a significant reduction in the number of intestinal tumors compared to animals on a fiber-free diet. The fibers used were wheat bran, cellulose and alfalfa. The first two were more effective than the alfalfa.

Dr. Nigro said, "For years dietary fiber has been considered unimportant in the human diet because it has no appreciable nutritional value."

However, many studies done recently, including this one, suggest that fiber may indeed have an important role in health maintenance. Its precise action is not clearly understood as yet, but it does add bulk to the contents of the large bowel improving its function. It generally shortens the time it takes for food to pass

through the large intestine, and it may alter chemical reactions that take place in the bowel.

Dr. Nigro said the results of the animal study suggest that the risk of large bowel cancer in humans may be lowered by a reduction in the amount of fat and an increase in fiber in the daily diet. This can be done by eating less butter, vegetable oils and especially less meat, and especially less meat, that has a high fat content, such as beef. Vegetable spreads are now available that contain 25 percent less fat than either butter or olcomargarine.

Grosse Pte. Farms Jeweler Awarded Title by American Gem Society

Edward F. Kiska of Kiska Jewelers, 63 Kercheval on the Hill, Grosse Pointe Farms has been awarded the title of Registered Jeweler by the American Gem Society.

The Society, an association of fine jewelers pledged to the vigilant protection of the buying public, awards the title to jewelers obtaining advanced professional knowledge and skill by taking prescribed gemological courses and passing demanding examinations.

Kiska has had 29 years experience in fine jewelry. The last 15 of which he has spent as a jewelry store owner. He is a past president of the Hill Association. Golf is his hobby.

President Sallie Merton of the American Gem Society said: "I want to congratulate Kiska on achieving a level of skill reached by only some 1600 retail merchants in the United States and Canada. He has qualified as a Registered Jeweler through his personal desire to increase his knowledge of gemology, and through the store's subscribing to business principles set down by the Federal Trade Commission, Better Business Bureau and the Society's own code of ethics."

No Word Yet On SCS Woman

St. Clair Shores police last week reported no information has been received from any source as to the whereabouts of a St. Clair Shores woman who was last seen walking along Lakeshore road near Provençal late Saturday afternoon, December 2.

The missing woman, Freda Hoover, 73, of North Shore drive, was observed walking toward Grosse Pointe Shores around 4:45 p.m. on that date by a friend, Rose Channell of Briarcliff place, who was in a car.

St. Clair Shores Police Lt. Robert Rusch said on Friday, December 29, that any citizen who has information on the woman's whereabouts should call the investigation bureau at 778-2200.

When last seen, the woman, described as 5'5" tall, about 150 pounds, with dark brown eyes, grey hair and wearing eyeglasses, was wearing a beige cloth coat, below the knees length, black shoes and socks, a man's hat with its brim down and carrying a black handbag.

Obituaries

LLOYD A. BEEMER
Services for Mr. Beemer, 68, of The Woods were held on Tuesday, January 2, at the A. H. Peters Funeral Home. He died on Thursday, December 28, at Cottage Hospital.

Mr. Beemer was the retired professional and trade relations director for Parke, Davis and Co., where he worked since 1935.

A native of Corunna, he received his pharmacist's degree in 1930 from Ferris State College. He did graduate work in the Harvard advancement management program and served in the U.S. Navy Hospital Corps during World War II.

In 1977 he was named pharmacist of the year by the Michigan Pharmacists Ass'n., of which he was a member. He also was a member of the American Pharmaceutical Ass'n., the Metropolitan Detroit Pharmaceutical Ass'n. and the Harvard Business School Club of Detroit. He was a past president of the Michigan Academy of Pharmacy.

Mr. Beemer is survived by his wife, Avis, a daughter, Mrs. Barbara Baker, and four grandchildren. Interment was at White Chapel Cemetery.

DR. LARRY M. WHEELER
A memorial service for Dr. Wheeler, 60, will be held today, January 4, in the Grosse Pointe Memorial Church at 5 p.m.

He died Monday, January 1, at Cottage Hospital.

Dr. Wheeler was a graduate of the University of Iowa where he also earned his Doctorate in pharmaceutical chemistry. He joined the research staff of Parke, Davis and Co. in 1943 where he has been director of product development for many years.

He was vice-president for pharmaceutical research and development at the time of his death.

Dr. Wheeler has been guest lecturer for the Wayne State University College of Pharmacy since 1950 and served on the Dean's Advisory Committee since 1967.

He was a member of the Gowanig Golf Club and the Detroit Boat Club.

Dr. Wheeler is survived by his wife, Alice; a son, Gregory; two daughters, Mrs. Kaye Chase and Leah; his father; one brother, one sister and one granddaughter.

Memorial tributes may be sent to the Salvation Army or the Grosse Pointe Memorial Church.

Interment was in the Grosse Pointe Memorial Church columbarium.

RUDOLPH J. SCHULER
Services for Mr. Schuler, 86, of Kercheval avenue were held Thursday, December 28, at Our Lady Star of the Sea Church and the Verheyden Funeral Home.

He died Sunday, December 24, at Bon Secours Hospital.

A native of New York, N. Y., Mr. Schuler is survived by his son, David J.; his daughter, Mrs. Barbara Beupre; one sister and 15 grandchildren.

Interment was at Mount Olivet Cemetery.

CHARLES L. CLEMENTS
Services for Mr. Clements, 88, of Harcourt road were held Tuesday, January 2, at Saint Clare de Montefalco Church and the Verheyden Funeral Home.

He died Saturday, December 30, at Bon Secours Hospital.

A native of Detroit, Mr.

Clements is survived by his wife, Edna Jane; a son, Edward H.; two daughters, Mrs. Mary Jane Paige and Mrs. Corinne Dunn; 14 grandchildren and 10 great-grandchildren.

Interment was at Woodlawn Cemetery.

DR. CLYDE B. SIMSON
Services for Dr. Simson, 66, of Lakepointe avenue were held Friday, December 29, at the Verheyden Funeral Home.

He died Thursday, December 28, at his office in Lafayette avenue.

A New York native, Dr. Simson is survived by his wife, Mary; two sons, Dr. Michael and Dr. William; two daughters, Mrs. Mary Ann Wayman and Mrs. Susan Pittman; and six grandchildren.

Tributes may be made to the Children's Unit of Lafayette Clinic.

Cremation was at Forest Lawn Cemetery.

ALBERT A. HEMERYCK
Services for Mr. Hemeryck, 63, of Thero Mill drive will be held today, January 4, at Saint Clare de Montefalco Church at 10 a.m. Arrangements are being handled by the Verheyden Funeral Home.

He died Sunday, December 31, at Bon Secours Hospital.

A native of Detroit, Mr. Hemeryck is survived by his wife, Mary; a son, Robert; a daughter, Mrs. Shirley DeLaere; one sister and five grandchildren.

Memorial tributes may be made to the Michigan or American Cancer Societies.

Cremation was at Forest Lawn Cemetery.

CLARENCE C. BERGER
Services for Mr. Berger, 58, of The City were held on Saturday, December 30, at the R. G. and G. R. Harris Funeral Home.

He died on Wednesday, December 27, at his home.

Mr. Berger worked as a park guard for The City and was a hall monitor at South High School. He was a member of Ebenezer Baptist Church and a veteran of World War II.

He is survived by his wife, Mary Elizabeth; two daughters, Mrs. Florence Seydel and Mrs. Martha Welker; two sons, Ensign Clarence M.,

USN, and Albert; one brother; one sister and four grandchildren.

Memorial contributions may be made to the Ebenezer Baptist Church, 21001 Moross, Detroit.

Interment was at Acacia Park Cemetery.

DR. FRANK CURTIS
Services for Dr. Curtis, 86, of The Farms and Big Rapids, were held Saturday, December 30, at the Verheyden Funeral Home.

He died Wednesday, December 27, in Big Rapids.

An orthopedic surgeon, Dr. Curtis retired in 1962. Before his retirement, he practiced medicine in the Detroit area for more than 40 years.

He was an instructor at the University of Michigan and Wayne State University Medical Schools, chief of orthopedic surgery at Grace Hospital, a clinical assistant at Children's Hospital and staff consultant at Highland Park General Hospital.

Dr. Curtis was a member of the Michigan and Wayne County Medical Societies, the Michigan Orthopedic Ass'n. and the American Academy of Orthopedic Surgeons. He also was a 32d Mason.

He is survived by several nieces and nephews.

Interment was in Big Rapids.

LANCE SKINNER
Services for Mr. Skinner, 79, of The Farms, were held Thursday, December 28, in the Barbour Chapel of Grosse Pointe Memorial Church. Arrangements were handled by the Verheyden Funeral Home.

He died Tuesday, December 26, in Bon Secours Hospital.

A retired classified advertising manager for the "Detroit News," Mr. Skinner joined the newspaper's staff in 1929 as a classified advertising salesman. He was appointed manager of the department in 1953 and served in that position until his retirement in 1965.

A native of New Canaan, Ont., and a World War I veteran, Mr. Skinner enlisted in the Canadian Army at the age of 16 and served in France, where he was decorated for valor and received a field commission as lieutenant.

He is survived by several nieces.

Memorial tributes may be sent to Grosse Pointe Memorial Church, 16 Lakeshore road, Grosse Pointe Farms 48236, or to the charity of your choice.

Cremation was at Forest Lawn Cemetery.

Documentary Eyes Palestine

From 1918 to 1948, Britain held the mandate for Palestine — with the responsibility for establishing a Jewish homeland and assuring the civil-rights of non-Jewish populations.

The tumultuous history of this era that resulted in the birth of Israel is the subject of "Palestine," a three-part documentary airing Thursday, January 18, 25 and February 1 at 9 p.m. on Channel 56.

Originally produced for television in England, "Palestine" is "best viewed as a debate about history that remains deeply contentious," according to producer Richard Broad.

To help clarify this history, Mr. Broad asked two eminent historians — Yehuda Bauer, professor of holocaust studies at the University of Jerusalem, and Walid Khalidi, professor of political studies at the American University in Beirut — to present the respective Jewish and Arab positions as the narrative unfolds.

Part one of the trilogy, entitled "Promises," is an account of how Britain's support for a Jewish homeland in Palestine culminated in the Arab revolts of the 1930's.

"Rebellion," part two of the series, traces the history from 1937 and describes the impact of World War II on Jewish nationalism.

The last part is called "Abdication," and it recounts the political maneuvering and guerrilla fighting that led to Israel's declaration of independence in 1948.

You Can Eat Without Guilt Says Nutrition Expert

There are junk food junkies, health food faddists and tucked away in Michigan State University's Department of Food Science and Human Nutrition, a nutrition revolutionary of sorts, who says that there simply are no good or bad foods.

Gilbert A. Leveille's background suggests he's not biting off more than he can chew when it comes to the subject of nutrition. He has a PhD in nutrition and biochemistry from Rutgers University and is chairman of his department at MSU. He also serves as a nutrition specialist for the university's Cooperative Extension Service.

His idea of understanding includes a "nutrient density" analysis, which compares the amount of nutrients provided by a food to the food's energy content.

To explain how this concept enters into food choices, Dr. Leveille compares food requirements for a teen-age boy and girl.

"Generally, a teen-age boy will be very active, have a high energy requirement and be eating a lot of food, so his individual choices need not emphasize high nutrient density foods.

"On the other hand, a teen-age girl may be less active, not growing as rapidly as her male counterpart and often more concerned about keeping her weight down. Therefore, she must have a more nutrient dense diet because she is eating less food. She can ill afford to include very many low nutrient density foods in her diet," he concludes.

As a nationally recognized expert in his field, Dr. Leveille is trying to help eradicate the widespread guilt associated with eating snacks like potato chips and soda pop and that all-American meal, a hamburger, french fries and milk shake.

Even if a food contains so-called empty calories, it still has some nutrient value, he points out, because calories are a nutrient.

Dr. Leveille believes eaters

The message Dr. Leveille delivers is not difficult to digest. "Fundamentally, a balanced diet based on selections from the four food groups is still as good as anything we have," he believes.

After a person has fulfilled the basic dietary needs, snacks or other "fun" foods may be added, as long as caloric intake does not rise above the level needed to maintain proper weight, he says.

Dr. Leveille practices what he preaches. To counteract the 150 low nutrient dense calories contained in his favorite before dinner drink, he "pays the price by jogging."

The current movement to ban vending machines from schools is impossible for Dr. Leveille to swallow.

"Banning something is rarely a solution. The notion that kids are filling up on soft drinks and potato chips doesn't hold," he says. He adds that, in a recent study conducted by two of his staff members, milk was frequently listed as a top snack item by the children surveyed.

Through he believes the U.S. has the best nutrition in the world, Dr. Leveille admits that some congressional factions disagree. He characterizes the congressional approach to nutrition as simplistic, with its goal being to put either red or green labels on food, in a stop-or-go manner.

The nutritionist doesn't mince words when it comes to the health food phenomenon, calling it nonsense. He says health food devotees may find the products psychologically appealing, but lower cost alternatives can usually be found in the supermarket.

Similarly, Dr. Leveille says food supplements like alfalfa or yeast tablets make no significant nutritional contribution, despite claims to the contrary. That's what he would like to see greater

governmental regulation of health foods, subjecting them to the same controls found in the rest of the food industry.

Most vitamins, according to Dr. Leveille, are probably a waste of money, with people taking a tablet every day as insurance. And, he says, as pill popping continues, there's potential for a real problem, with people taking a variety of pills in large amounts.

Despite food fads, Dr. Leveille is a continual optimist when it comes to American nutrition.

"There's no point in giving people a guilt hang-up about food," he says, "especially when the major criticism about our food is only that it's abundant and high quality. That may be a problem for persons with a sedentary lifestyle, but it can be corrected by more physical activity."

by John Lundberg

It is said that a French general used to order his troops to present arms every time they marched past his favorite vineyard. Alexander Dumas, the author of the *Count of Monte Cristo*, and a well known cook in his time, said that certain wines should only be drunk kneeling, with head bared. Wine has been praised and condemned in literature, myths, and folktales for centuries. It has been blamed for breaking up families, causing wars, and leaving drinkers with hangovers. It has been praised as a pathway to religious fulfillment, a truth serum (in vino veritas — in wine is truth), and a generally delicious beverage.

If you discover that your bar has been depleted after the "holiday rush," now is the time to come to PARKIE'S PARTY SHOPPE, 17255 Mack, Corner of St. Clair, Detroit. You will find a wide selection of beverages in a variety of convenient sizes along with premixed cocktails and other party delights that are a sign of a well stocked bar. Replenish your beverage center from the excellent selection to be found at PARKIE'S PARTY SHOPPE. Open 10-10 Mon.-Thurs., 10-11 Fri. & Sat., noon-10 Sun. Tel. 985-0626.

Asthma Studied by Association

Asthma affects six million children and adults in this country, but all its causes are not clear. Yet

Working with a research grant from the American Lung Ass'n. — the Christmas Seal people — William W. Busse, MD, is investigating the role viruses may play in asthma. Dr. Busse, assistant professor of medicine, Uni-

versity of Wisconsin Allergy Laboratory, is taking white blood cells called leukocytes from asthmatics as well as non-asthmatics and exposing them in the test tube to rhinoviruses, which cause the common cold, and an influenza virus.

Dr. Busse is examining the different reactions of the leukocytes to the viruses and is attempting to find out if the effects of the viruses can be reversed with drugs.

In his investigation, Dr. Busse is exploring a new line of research that developed in the 1970's suggesting a possible link between viruses and asthma. Several years ago, in fact, Dr. Busse with other researchers studied schoolchildren who had frequent episodes of asthma and found that of 61 episodes in this group, 42 of them were associated with a respiratory infection. The episodes occurred most frequently during severe infections and only occasionally during mild ones.

Dr. Busse's grant is one of 24 Christmas Seal research grants supported this year by the association. These highly specialized grants in the area of lung disease provide "seed" money to young investigators and stimulate further avenues of critical research.

Safe Boating Class Offered

A free Safe Boating Course will be offered at the War Memorial early in the new year to get folks ready for the spring boating season.

Registration for the class will be held at the Center, 32 Lakeshore road, on Tuesday, January 9, at 7 p.m. The class will meet every Tuesday at 7:30 p.m. through April 3. Though there is no charge for instruction, there will be a small fee for textbook and supplies.

The course is presented by the U. S. Coast Guard Auxiliary Flotilla 12-12 and the examination at the conclusion of the course, if passed, earns students a Safe Boater Certificate from the U. S. Coast Guard.

Auxiliary Coast Guard officers will discuss the legal responsibilities of boat operators and owners, the use of radios, aids to navigation, rules of the road, weather and first aid, piloting, boat handling, marine engines, sailing and marlinpike.

For more information, call the Center at 881-7511.

Bloodmobile Comes Jan. 5

The Red Cross Bloodmobile will be stationed at Saint John Hospital, 22101 Moross road, on Friday, January 5, from 10 a.m. to 4 p.m. For an appointment, call 881-8200 during blood drive hours.

Fr. Lentine Given Award

Fr. Peter Lentine recently received congratulations from Cardinal John F. Dearden on being named the recipient of the Spring '79 Fr. John Farrell Award.

The pastor of Saint Philomena Parish, Detroit, Fr. Lentine, who also is Detroit-Grosse Pointe Vicariate and diocesan consultant to the Cardinal, will attend the Institute for Continuing Theological Education in Rome.

The John Farrell Award was begun by Cardinal Dearden in the fall of 1972. It is given to priests whose pastoral service deserves recognition, and whose life has been open to continued growth and renewal.

The award consists of a three-month stay in Rome to participate in the Institute for Continuing Theological Education conducted at the Graduate House of the North American College, and a grant toward expenses.

Fr. Lentine was ordained in 1950 and served as associate pastor at Wyandotte, Saint Elizabeth's, and Detroit, Assumption Grotto, Saint Matthew's and Saint Rita's, prior to being named pastor of Saint Philomena in 1968.

MILLER PROMOTED
Edward J. Miller of Raymond road was recently promoted to vice-president in the National Division of Manufacturers National Bank of Detroit. A graduate of Regis College in Colorado, Mr. Miller is currently working toward a MBA degree at University of Detroit.

Auto Club Says Michigan's Mills, Bridges Recall Past

The creaking sound of waterwheels and the echo of horses' hooves against hand-hewn timbers still can be heard in Michigan's mills and covered bridges, according to Automobile Club of Michigan.

Products from livestock feed to tangy apple cider continue to be produced by mills scattered throughout Lower Michigan while a few have been converted to other uses, including a theater and a restaurant.

Although more than a century old, some of the covered bridges listed by Auto Club still carry light vehicles. Others have only recently been built as part of parks, picnic areas and resorts.

The tiny community of Ada, near Grand Rapids, is home of the 125-foot Ada Bridge, which in 1867 was the first to span the Thornapple River. It now is open to foot traffic only.

Visitors to Fallsburg Bridge, north of Lowell, will see a 100-foot structure built in 1871 across the Flat River.

And, just two miles north, a roadside table near White's bridge, is a favorite stop for picnickers and photography buffs. The 116-foot span was built with wooden pegs and hand-cut nails in 1869 and carries auto traffic across the Flat river.

At 282 feet, St. Joseph Bridge near Centerville, is the state's longest covered span. Constructed in 1887, it too, can be driven by auto and seen from a nearby riverside park.

Those wishing to photo-

graph the 46-year-old Strick Bridge, a 40-foot-long structure on private property near Niles, must call 616-683-3329 a week in advance.

Five other bridges are of more recent construction. Newest is at Bay Valley Inn, near Bay City. Until 1972, when sides and roof were installed, the 72-foot structure was a railroad bridge.

Alpena County's 60-foot-long Fletcher Park Bridge, near Long Rapids, was built in 1968 with hemlock timbers from the park's own groves.

Tourists can feed goats, deer and elephants and see other animals near Richmond in southeast Michigan, where a 20-foot covered bridge was built over the Salt River in 1965.

Reserved for golfers, the covered bridge on Detroit's Belle Isle golf course can be seen from the island's Oakwood drive. The 70-foot span was built in 1913 of wood and concrete.

The only covered structure not original to Michigan is the 146-year-old Ackley bridge in Dearborn's Greenfield Village. Moved from Pennsylvania in 1937, it is used by the village's horse-drawn carriages and persons on foot.

The village also is home of what may be the oldest mill in America. The Cape Cod Windmill, moved there in 1936, was built in the early-to-mid-1600s and is one of a dozen mills on display.

The oldest state business on its original site is Manchester's E. G. Mann and Sons Feed Mill. Tours of this water-powered mill must be arranged in advance by calling 313-428-7077.

Holland's Windmill Island is the site of a 200-year-old Dutch windmill still grinding flour that visitors may purchase.

In fall, tangy apple cider is enjoyed by visitors to several water-driven mills. Two are in Rochester and Parshallville.

In Rochester, the historic Sinton-Kalamazoo Canal is carried over the Yates Cider Mill by a picturesque wooden flume and anglers can fish for trout alongside another Rochester-area mill, the Point Creek Cider Mill.

Power for cider making at Tom Walker's Grist Mill near Parshallville comes from a turbine turned by water from Ore Creek.

Other mills have been saved from the wrecking ball and are now serving a variety of other purposes.

A 90-year-old flour and grist mill at Homer now is the home of True Grist Ltd. Dinner Theater, while, in Rockford, a mill more than 100-years-old has become the Old Mill Restaurant in that city's restored Squires Street Square.

Brownell PTO Sets Meeting

The Brownell Middle School PTO will meet Monday, January 8, to view Dr. Morris E. Massey's new film, "What You Are Isn't Necessarily What You Will Be," in the school choir room, C-11, at 8 p.m.

The film is the sequel to Dr. Massey's popular "What You Are Is What You Were When." In the sequel he elaborates on how a significant emotional event can change people's behavioral patterns.

In the film, Dr. Massey looks at a "traditional group," 40- to 60-year-old, analyzes an "in-between group," 30 to 40, a "rejection group," 20 to 30, and describes the "synthesis group," 10 to 20 years.

For more information call the school, 260 Chalfont avenue, at 343-2115.

Cinema League Tours Rockies

The Grosse Pointe Cinema League will present "Rail Tours Canadian Rockies," a super 8mm color movie by Ken Utter, when it meets in the War Memorial's Fries Auditorium, 32 Lakeshore road, on Monday, January 8, at 8 p.m.

Mr. Utter, who is president of the Michigan Railroad Club, filmed this program during an extensive tour by rail from Windsor, Ont., to Vancouver, B.C.

There are scenes enroute of Medicine Hat, Alberta; Winnipeg, Calgary and Banff while on board the Canadian Pacific streamliner, "The Canadian."

Magnificent glaciers are photographed near Banff, and the scenery is viewed near Chateau Lake Louise.

Vancouver, with its lovely Queen Elizabeth Park, Stanley Park, Chinatown and Big Trees, is shown.

In Victoria, B.C., a visit is made to the Parliament Buildings, Butchart Gardens and Empress Hotel.

The public is invited to attend this program without charge. A reception for Cinema League members and their invited guests follows the presentation.

Face the difficulties and trials of life in the proper way—just turn your back on them.

March of Dimes Cites Athletes on Jan. 15

The Metropolitan Chapter March of Dimes will hold its Ninth Annual Sports Award Dinner Monday, January 15, at the Raleigh House, Southfield, to honor area sports greats.

Emceeding the affair will be nationally prominent sportscaster, Dave Diles, in a streamlined program featuring film clips of the athletes.

As a special tribute to Joe Louis, all guests will be asked to autograph a three and one-half inch by five inch photo of the world champion. Mrs. Joe (Martha) Louis will accept the award and take the autographed tribute back to Joe in Las Vegas.

Honorees for the evening will include Pointer Peter Stroh, president of Stroh Brewery, "distinguished com-

unity citizen of the year," Charlie Sanders, former Detroit Lion, "distinguished athlete citizen of the year," Bruce Norris, owner of the Detroit Red Wings, "Sportsman of the year," "Nick" Kerbaw, "special service award," and Ron LeFlore, "Tiger of the year."

More honorees include: L. Carr, "Piston of the year;" Dale McCourt, "Red Wing of the year;" Trevor Francis, "Express player of the year;" Thomas Hearns, "boxer of the year;" Ronnie Ford, "Detroit Caesar of the year;" Rick Leach of U of M and Ed Smith, MSU, co-winners, "collegiate athlete of the year;" Jeanne Maxwell,

"jockey of the year;" Elvira Toeper, "bowler of the year;" Glen Johnson, "golfer of the year;" and Joe Falls, "the marathon award."

Tickets for this year's sports award dinner are \$40. For further information, call the March of Dimes at 864-6000.

COFFEE CONSUMPTION
In 1950, 77.4 percent of the U. S. population drank coffee, according to International Coffee Organization reckoning. By 1977, only 57.9 percent of Americans drank coffee. Based on total population, coffee consumption per person dropped from 35.7 gallons per year in 1970 to 26.9 gallons in 1977.

If you're dissatisfied with the interest your savings account earns, now's the time to do something about it.

Compare your savings account with these:

| Type of Account | Minimum Amount | Annual Rate | Effective Annual Rate | How and When Paid |
|----------------------------------|----------------|---|-----------------------|---|
| 8-Year Certificate | \$1,000 | 8% | 8.24% | Paid and compounded quarterly. |
| 6-Year Certificate | \$1,000 | 7 3/4% | 7.98% | Paid and compounded quarterly. |
| 4-Year Certificate | \$1,000 | 7 1/2% | 7.71% | Paid and compounded quarterly. |
| 2 1/2-Year Certificate | \$1,000 | 6 3/4% | 6.92% | Paid and compounded quarterly. |
| One-Year Certificate | \$1,000 | 6 1/2% | 6.66% | Paid and compounded quarterly. |
| Regular (Daily Interest) | No Minimum | 5 1/4% | 5.35% | Paid and compounded quarterly. |
| Six-Month Investment Certificate | \$10,000 | The interest rate for this account is determined on the date the account is opened. Call any branch office or our hot line, (313) 965-2020, for the current rate. | | Compounded continuously.* Paid at maturity. |

*Federal regulations require a substantial interest penalty for early withdrawal from certificate savings accounts. *Applies only to initial and renewal periods of Six-Month Investment Certificates beginning on or after December 21, 1978.

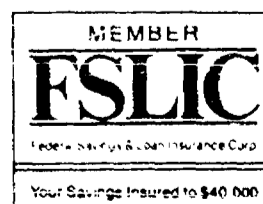

Now that quarterly savings interest is being paid, and many certificate savings accounts are maturing, you should take a very close look at the interest your account has earned.

Savings accounts at First Federal Savings of Detroit earn the highest annual interest rate any savings association or bank can pay on insured savings. If your savings account doesn't earn that much, you owe it to yourself to be dissatisfied and to do something about it.

Realtors Elect Two Pointers

Two Farms residents, John W. Lambrecht and Gari W. Kersten, were recently elected officers for 1979 of the Detroit Board of Realtors. Mr. Lambrecht, who was named first vice-president, is also vice-president of the Lambrecht Realty Co. He formerly served as the board's treasurer. Treasurer for 1979, Mr. Kersten is vice-president of the Detroit Bank and Trust Co. Other officers elected at the board's recently held meeting included Lois W. Foltz, of Detroit, president, who is only the second woman leader of the group in its history. Harper Woods resident Woodrow H. Briggs was elected secretary.

Think Safety on Fireplaces

Winter is the perfect time to curl up in front of a crackling fire. But before operating your fireplace or wood burning stove, take time to make sure they will not be a fire hazard. The Insurance Information Institute in a news release offers these suggestions:

- Make sure your chimney and flue lining are in good condition and free of blockage.
- Never use your fireplace or stove as an incinerator or garbage disposal. Be careful about throwing papers and other objects into the fire.
- Always keep a screen in front of the fireplace and keep flammable objects and household furnishings away from the fire.
- Do not leave a fire burning unattended, especially through the night.
- Consider leaving a window open a crack for ventilation, especially if your house is tightly insulated.

Wood burning stoves have become more popular recently because of their practicality and charm. But they also can cause tragic fires when improperly installed or used. Check with your local fire department if you have any doubts as to proper procedures, advises the institute.

Pointer Dives On WMU Team

Pointer Barb Thompson, a South High School graduate, is a member of the 1978-79 Western Michigan University, (WMU), women's swim team, and is one of two divers listed on the roster. In 1977-78, the team had a 5-7 dual meet record and will attempt to overcome early season inexperience to improve upon that mark. Miss Thompson is a freshman at WMU.

POINTER TEACHES
Pointer contractor-builder Gustave A. Renner II will conduct a course, "Restoring Old Homes for Profit and Fun," beginning Monday, January 22, at Oakland University Division of Continuing Education.

CITY OF Grosse Pointe Public Hearing Notice

Notice is hereby given that the City of Grosse Pointe has applied for participation in Wayne County's 1979 Grant Program for Community Development Block Grant Funds. Citizen participation by individuals, neighborhood groups, and/or private non-profit corporations is invited to obtain ideas and comments concerning projects for the City's 1979 application. Public Hearings for this purpose will be held Monday, January 8, 1979 at 10:00 A.M.; and Monday, January 15, 1979 at 7:30 P.M. at the Municipal Offices, 17147 Maumee. Funding in the approximate amount of \$80,000 may be available for approved eligible projects.

T. W. Kressbach
 City Manager-Clerk

GPN-1-4-79

CITY OF Grosse Pointe Farms MICHIGAN

Summary of the Minutes December 18, 1978

The Meeting was called to order at 8:00 P.M. Present on Roll Call: Mayor James H. Dingeman, Councilmen Jack M. Cudlip, Nancy J. Waageman, Joseph L. Fromm, W. James Mast and Lloyd A. Semple.

Those Absent Were: Harry R. Fruchauf, Jr. Mayor James H. Dingeman presided at the meeting.

The Council adopted a resolution honoring Members of the Grosse Pointe South High School Girls' Tennis Team, "the Devils", for their success in winning the Class A State Tennis Championship.

The Council adopted a resolution honoring Members of the University-Liggett High School Girls' Tennis Team for their success in winning the Class B-C-D State Tennis Championship.

The Minutes of the Regular Meeting of December 4, 1978 were accepted as submitted.

The Council approved a tentative agreement between the City and the Grosse Pointe Farms Police Lieutenants and Sergeants Association regarding wages and benefits for Fiscal Year 1978-79.

The Council approved the low bid of Kimberly Fence and Supply Incorporated, in the total amount of \$2,122, for the construction of fences and gates at the Department of Public Works yard located at 311 Chalfonte Avenue.

The Council adopted a resolution honoring the student newspaper of Grosse Pointe South High School, "The Tower" for having been chosen by the National Scholastic Press Association as the best high school weekly newspaper in the nation.

The Council approved the schedule of Regular Meetings of the City Council for the calendar year 1979.

The Council approved the re-appointment of Mrs. Lucile Handlos to the Board of Review for the three year term expiring in January, 1982; and further approved the re-appointment of Mrs. Jean Bartoszewicz and Mrs. Marilyn Stanitzke to the Election Commission for two year terms expiring in January, 1981.

The following Report was received by the Council and ordered placed on file:

A. Police Department Report for the month of November, 1978.

The Council adopted a resolution acknowledging receipt of the "Report on Examinations of Financial Statements and Supplemental Data" for the fiscal year ended June 30, 1978.

The Council adopted a resolution authorizing the Administration to contract for a professional survey of certain areas of the City to substantiate eligibility for Community Development Block Grant Funds.

The Council adopted a resolution to hold a Closed Session immediately following the Regular Meeting on this date for the purpose of discussing strategy and negotiation matters pursuant to the negotiation of a collective bargaining agreement with an employee group.

Upon proper motion made, supported and carried, the meeting adjourned at 9:30 P.M.

JAMES H. DINGEMAN Mayor RICHARD G. SOLAK City Clerk

GPN-1-4-79

SOMEONE'S MISSING, HERE . . .

Parents! True, teachers are the key to teaching children the basic skills. But even teachers can't do it all.

Parent help, at home, can strengthen a child's skills in many areas. As a first step, find out from your child's teacher how your youngster did on the Michigan Educational Assessment tests, in reading and math.

Then, ask the teacher how you can help strengthen these skills at home.

PARENT'S CAN MAKE THE DIFFERENCE in building better basic skills for children

Stop Smoking Clinic Slated

The Saint John Hospital Guild will present a five-day Smoking Withdrawal Clinic on Monday, January 22, at 7:30 p.m. It will continue through Friday, January 26. It will be held in the Peter A. Whyte Memorial Auditorium, Saint John Hospital, 22101 Moross road, Detroit.

The program is sponsored by the Saint John Hospital Guild in cooperation with the Saint John Hospital Medical Staff and is presented as a community service.

Heading the clinic will be John H. Burrows, MD, an oncologist from the hospital's medical staff. Participating in the clinic program will be a leader in the anti-smoking crusade, Arthur W. Weaver, MD, chief of head and neck services at Veterans Hospital.

Other speakers include James W. Landers, MD, pathologist, Saint John Hospital staff; Donald Smith, MD, oral surgeon, Veterans Hospital; and Jacques Beaudoin, MD, thoracic surgeon, Saint John Hospital staff.

According to the Michigan Cancer Foundation, which is cooperating with the guild in presenting the program, these five-day Smoking Withdrawal Clinics are among the most effective means yet devised to aid smokers in breaking the habit.

For further information and free tickets, call the Saint John Hospital Guild office at 561-3229, ext. 547.

ULS Enjoys Yule Season

University Liggett Upper School faculty, students and parents gathered Wednesday, December 20, for a Christmas Festival of Lessons and Carols at Grosse Pointe Memorial Church and a Christmas Feast at the War Memorial.

The festival of nine lessons and carols was a new feature of the traditional University Liggett School (ULS), gathering this year.

Rev. George Andrews, school chaplain and dean of student life, planned the traditional service, which consists of Christmas readings and carols.

ULS faculty and students read and carols were sung by the several Upper School singing groups as well as by the assembled school community.

The Christmas Feast that followed the afternoon service was held in the War Memorial's Crystal Ballroom. The evening, planned by the ULS Upper School Parents' Ass'n., included a turkey dinner, Christmas songs and an original, student-written play.

What Goes On at Your Library

By William T. Peters,
Director of Public Libraries

As we start a New Year it should be a sobering fact that the news events of today will for the most part be the trivia of tomorrow.

Trivia is described in the dictionary as matters or things that are of very little importance, inconsequential, unessential, insignificant, commonplace and ordinary.

Trivia is found in all books but the happy hunting grounds are almanacs, books of lists, encyclopedias, year-books, government publications and histories of the stage, screen and sports.

First, some political trivia. Calvin Coolidge, 30th president of the United States, was born John Calvin Coolidge. Herbert Hoover was sought by both the Republican and Democratic parties to become their candidate for president in 1919.

Hoover clarified the question of his party affiliation by announcing that he was a Republican, and that he would not be a candidate. Alas, a few years later he changed his mind.

President Taft considered his nine years as Chief Justice of the Supreme Court his greatest public honor.

President Gerald R. Ford was born Leslie Lynch King in Omaha, Neb. John F. Kennedy won the Pulitzer Prize in 1957 for his book, PROFILES IN COURAGE.

Some famous animals you may have forgotten. Chips, first U.S. sentry dog sent overseas in World War II, was awarded the Silver Star and the Purple Heart medals. Nipper is the dog who is the trademark of RCA Victor. Checkers was Richard Nixon's dog. Fala belonged to FDR, and Him and Her were Lyndon B. Johnson's two beagles.

Paul Revere made his famous rounds aboard his horse Brown Betsy and Jessie James never robbed a bank without his horse Siroc. Napoleon rode to battle astride Marengo. Black Jack was the name of the riderless horse at funerals of Presidents Hoover, Kennedy and Johnson. John Wayne's horse was named Duke, now John Wayne is called Duke. Dale Evans had a horse she called Buttermill.

Michigan trivia includes the astounding fact that Michigan is the number one salt producer with an estimated 71 trillion tons remain-

ing under the ground — another 71 tons cling to the bottom of Michigan cars.

More boats go over the Mackinac Bridge than under it. Michigan's shoreline is longer than either this nation's Atlantic coastline or Pacific coastline. Navy beans, cherries and state parks also are big in Michigan.

Few writers think they are physicians, but many physicians thank they are writers. A few who proved they were include John Keats, the poet; Anton Chekov, Russian playwright and novelist; Sir Arthur Conan Doyle, creator of Sherlock Holmes; and Michael Crichton author of ANDROMEDA STRAIN.

Smallest book ever published by moveable type is a type catalog which measures .1131 of an inch by .1131 of an inch and a thickness of .059 inches, published in Scotland in 1975. Largest book is THE LITTLE RED ELF by William P. Wood. The book is 7 feet, 2 inches high and 10 feet across when open.

Well, that's about the long and short of it, trivial as it may seem. Now that we have the trivia behind us, HAPPY NEW YEAR.

Letters to The Editor

To the Editor:

We would like to thank three young men who helped us Christmas Eve when our motor over-heated and blew a hose on the exit ramp of Old Eight Mile road and I-94.

They appeared out of the blue you might say, pushed us to the side of the road out of the way of traffic. Also our thanks to the gentleman who lives in the house at the corner who supplied the tape with which the boys temporarily repaired the hose, the water for the radiator and the jump cables to get us started again.

The young men then followed us home to see that we got there without further trouble. They even helped my aged father out of the car and held his arm to guide him up the slippery driveway. One young man called his father from the house to tell him why he was late.

You were our Christmas angels and we will never forget the kindness you offered us this Christmas Eve.

Mr. and Mrs. T. Quillin, and Mr. and Mrs. L. Potvin, Of Grosse Pointe Woods.

WIDE COVERAGE

Some 164 million persons under age 65 are now protected by one or more forms of private health insurance, including 147 million protected by catastrophic coverage. Private health insurers paid out an estimated \$43.5 billion in benefits in 1977.

What's New on THE HILL

By Pat Rousseau

For the "early bird" . . . stop at the League Shop for your Valentine Day cards while the selection is good . . . 98 Kercheval Avenue.

50% off all Christmas goods at Seasons of Paper, 115 Kercheval.

Izod for boys have just come in at Young Clothes including swim trunks, terry shorts, terry tops and jeans including cover-ups . . . everything for that trip south . . . 110 Kercheval Avenue.

After the holidays let the Greenhouse give you a complete treatment . . . have a nail wrap; a hair cut with shampoo and set and a facial by Anna. Start the New Year by looking your loveliest and feeling your best . . . 117 Kercheval Avenue.

The spring Bleyie sport separates are in at Maria Dinon, 11 Kercheval . . . slacks, jackets and skirts. The January sale is still in progress on a selection of beautiful winter fashions and there is plenty of cold weather remaining to utilize these specials.

TOMATOES ON TOP

The tomato is the number one vegetable in the U. S. Fast food restaurants gave the tasty champion a big boost . . . because tomatoes are a prime ingredient in catsup, chili sauce, tomato paste and tomato sauce used so extensively on popular fast foods.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

You think that once the Grosse Pointe Celebrity Series line-up is finalized, there's nothing to do but sit back and enjoy the lectures, right?

Wrong! It may not quite be Murphy's Law, (if something can go wrong, it will), but after 25 years of Celebrity Series sponsorship, the Bon Secours Hospital Assistance League has learned to expect the unexpected—and to cope.

So when Mary Ann (Mrs. John A.) Boll learned that Peter Duchin, whom she firmly expected to take center stage at Woods Theatre I next Thursday morning, had no idea that that's where he was expected to be—and because of a scheduling conflict, couldn't make a last minute adjustment and come—she didn't just sit down and cry.

(Well, maybe she did, for a minute: but only for a minute.) Mary Ann MOVED.

She got on the telephone. She got a list of alternative speakers, and considered them . . . and she thought: "Peter Duchin is one of our main drawing cards; our people expect to see him." And she thought: "This is one of those crazy mix-ups that nobody wanted, not me, certainly not Mr. Duchin." And she thought: "Maybe if I call him directly, and explain the situation . . ."

And she did. And he couldn't have been nicer. And it WAS one of these crazy mix-ups that nobody wanted.

And after several calls, back and forth, Mary Ann and Peter, good friends by now, arrived at a solution that fit both their schedules.

Peter Duchin will NOT be appearing at Woods Theatre I next Thursday morning. NOBODY will be appearing at Woods Theatre I next Thursday morning. There will be NO Celebrity Series lecture in January.

HOWEVER, on Thursday, April 5, at 12:30 o'clock, (note the time change; the Celebrity Series' regular hour is 11 in the morning), Peter Duchin will step on stage at Woods Theatre I and deliver (Continued on Page 26)

In The Bag for Assistance League

An "off-beat but up-beat" afterglow is being planned by the Assistance League to the Northeast Guidance Center at the Lakeshore road home of DOROTHEA VERMEULEN, (holding the bag), following Charity Preview Night at the Detroit Auto Show Friday, January 12, at Cobo Hall. In total contrast to the elegant preview, which benefits Boys Clubs of Metropolitan Detroit and

the Easter Seal Society for Crippled Children in addition to the Guidance Center, afterglow guests have been asked to "brown bag" their own spirits and come for fun and games, a "deli" menu and a great time—for \$9.99 per person. Holding the other half of the bag is JANE MARSHALL, (seated), while JUDY SIEBER, (back) looks on.

The games, around a roaring fire, will include backgammon, chinese checkers, monopoly and others, for every guest is encouraged to bring "the favorite game your child received for Christmas." The Assistance League will provide, as prizes, VERY small cars.

The party is open to league members and their guests who attend the Charity Preview, for which tickets are \$30 per couple. The

and ROSE B. MATUJEC of Huntington boulevard, Master of Arts, and NANCY L. ZIEMSKI, of Pemberton road, Bachelor of Business Administration. (Continued on Page 18)

preview, with four disco bands plus other entertainment, is open to the general public.

Hattie (Mrs. James R.) Pfannenschmidt is honorary chairman. General chairmen for the Assistance League

are Jane (Mrs. Roger) Marchall and Judy (Mrs. Thomas) Sieber. Mrs. Vermeulen is reservations chairman.

Ticket information may be obtained by calling the Northeast Guidance Center, 824-8000.

Ford Estate Fete Slated January 21

Grosse Pointe Symphony Women's Association to Sponsor Cocktail Dance; Mrs. Paul J. Kelley Is General Chairman

One of the loveliest parties of the New Year will be a cocktail fete Sunday, January 21, from 5 to 8 o'clock at the Edsel and Eleanor Ford House on Gaukier Pointe in Lakeshore road.

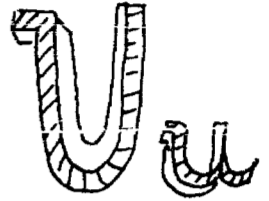

Guests will step into the Great Hall, a spacious entry where they may check their wraps, and move on into a gracious drawing room overlooking Lake St. Clair.

They may wander into the handsome library or into the study, and will most certainly do some dancing in the gallery where Art Quatro's Trio will be playing and the

big fireplace will be blazing warmth and welcome.

The Grosse Pointe Symphony Women's Association is sponsoring the black tie optional event, one of the first social occasions to take place in this marvelous setting.

It's by invitation only, open to all members of the (Continued on Page 15)

Miss Ramey Bride of Ensign Burnett

Relatives Form Arch of Swords for Couple As They Leave Church Following Thanksgiving Weekend Wedding

Saint Anne's, founded in 1692, in Annapolis, Md., was the setting for the Saturday, November 25, wedding of Debby Sue Ramey and Ensign Christopher T. Burnett.

The bride, daughter of Mr. and Mrs. Carness F. Ramey, of Allegan, was graduated from Allegan High School in 1975 and attended Hood College, Frederick, Md.

She is now enrolled in the School of Nursing at Norfolk General Hospital, Norfolk, Va.

The bridegroom, son of Commander and Mrs. H. Weston Burnett, of Westchester

road, was graduated from Grosse Pointe South High School in 1973 and from the United States Naval Academy in 1977.

He is communications officer aboard the recently commissioned U.S.S. Stump.

For the double ring ceremony at which Father Richard Landis officiated, the bride chose a traditional gown accented with Alencon lace motifs and a court train of white silk organza.

Her attendants wore off-the-shoulder frocks in different pastel shades, ranging from pale pink to blue.

Sheila Wentzel, of Annapolis, was honor matron for her sister. Bridesmaids were Karen Burnett, of Hanover, N.H., sister of the bridegroom, Mary Lou Silva, of Washington, D.C., Elizabeth Wildes, of Portland, Me., Nancy Thomas, of Hanover, Pa., and Allison Horne, of Springfield, Pa.

Nandy Wentzel was junior bridesmaid and her sister, Heidi, was ring bearer.

Lieutenant Weston Dyer Burnett, USN, returned from The Philippines to serve as his brother's best man. Ushers were Kendrick Wentzel, of Annapolis, and Ensigns Greg Baran, of Staten Island,

N.Y., Duane Baker, of Columbus, O., and Jose Galvan, of Los Angeles, Calif.

The newlyweds passed under an arch of swords, held by relatives, as they left the Episcopal church.

Swords were held by Vice Admiral George Dyer, the bridegroom's grandfather, Captain C. Ray Smith, USN, uncle of the bridegroom, Commander Burnett, the bridegroom's father, Lieutenant Colonel Donald Burnett, USAF (Ret.), uncle of the bridegroom, Lieutenant Weston Dyer Burnett, USN, the bridegroom's brother and best man, and Lieutenant Commander Kendrick Wentzel, USNR, brother-in-law of the bride.

The newlyweds vacationed in New England and are at home in Virginia Beach, Va.

Guests who traveled from Grosse Pointe to Maryland for the wedding included Mr. and Mrs. Minard Mumaw.

Wed in Annapolis

Marriage vows were exchanged Saturday, November 25, in Saint Anne's Episcopal Church, Annapolis, Md., by DEBBY SUE RAMEY, daughter of the Carness F. Rameys, of Allegan, and Ensign CHRISTOPHER T. BURNETT, son of Commander and Mrs. H. Weston Burnett, of Westchester road.

Rice-Vachon Vows Spoken

Sharon Rose Vachon, of St. Paul avenue, and William Michael Rice, of Kelly road, Detroit, were married Friday evening, December 22, at Saint Ambrose Catholic Church.

The 6 o'clock ceremony at which Father Thomas Krell presided was followed by a dinner at Loshmoor Club.

The newlyweds will return from a vacation in Mazatlan, Mexico, to make their home in St. Paul avenue.

The bride, a second grade teacher at Mason School, daughter of the late Mr. and Mrs. Clarence Stephen Vachon, wore a long gown of

candlelight Qiana styled with full sleeves caught into narrow cuffs.

Her headpiece was an ivy wreath. She carried a gardenia and ivy bouquet.

She was attended by a cousin, Janet Craig (Mrs. Thomas Robert) Wolohan, formerly of The Pointe, formerly of Frankenthum, in a long, beige crepe dress, ivy in her hair, carrying a small ivy and gardenia bouquet.

Mr. Rice, son of Blanche Rice and the late Michael Rice, asked his son, William Michael Rice, Jr., to act as best man.

MOT Moving In New Year

Sweeping and dramatic changes in policy have been announced by David DiChiera, general director of Michigan Opera Theatre.

Beginning with the 1979 season, the ninth since the company's founding, MOT will present all productions in the fall, September 7 through October 28.

In addition, for the first time in its history, MOT will offer some productions in both the original language and English.

"Our company has grown to the point where we can now offer a more diversified season which will meet the demands of a broader audience," Dr. DiChiera explains.

"Consolidating the season will facilitate the presentation of performing opera in dual languages.

"I also believe that the concentration of opera within an eight-week season will create an exciting cultural challenge for Detroit audiences."

Concerning the languages in which the operas will be given, Dr. DiChiera stresses the long-standing controversy among opera lovers everywhere.

"Under the new policy, each production will be given in English—but some of the more familiar operas will also be heard in the original language.

"This will enable MOT to bring in opera stars of international renown, (many noted European artists either cannot or will not sing in English), and continue to foster young, talented American singers."

MOT, long a leader in the presentation of American opera, will open its ninth season with Scott Joplin's "Treemonisha" starring Carmen Bathrop, who will recreate the title role she per-

formed with the Houston Grand Opera and on Broadway.

Miss Bathrop scored great successes in MOT's "Carmen" and "The Pearl Fishers."

"Treemonisha" opens September 7 and will run for nine performances, through September 16.

Verdi's "Il Trovatore," MOT's second production, will include two performances sung in Italian by Metropolitan Opera star Martina Arroyo, who is interrupting her international tour to launch MOT's first dual language production.

"Il Trovatore" opens September 24 and runs for five performances, until September 30.

Puccini's popular "La Bohème," MOT's second dual language production, opens October 8 and will run for five performances, through October 14.

Final production in this landmark MOT season will be the first major production in the United States of Tchaikovsky's "Joan of Arc," starring the Metropolitan Opera's Mignon Dunn.

Miss Dunn will alternate with Canadian Opera star Lynn Vernon, who was featured in a CBC broadcast of the Russian masterpiece.

"Joan of Arc" opens with Miss Dunn on October 22. It will close MOT's ninth season October 28.

"These developments mark a milestone for MOT," says Dr. DiChiera, "and are part of the natural evolution of an innovative company such as ours."

To Sell Candy For Camp Fire

It's time to place your annual Camp Fire candy order.

Over 4,500 Camp Fire members will be taking individual pre sale orders throughout Wayne, Oakland, Macomb and Livingston Counties, January 5 through 12.

This year's public sale dates are February 9 to March 4.

The Detroit Area Camp Fire Council's selling goal for 1979 is 100,000 units of candy.

This year's candy comes in three choices: Heath Mint Truffles, Heath Toffee Miniatures and Stuckey's Salted Peanuts. All are priced at \$1.50 per box.

The annual candy sale remains the single largest fundraising effort of Camp Fire Girls Detroit Area Council. Proceeds from it provide 38 percent of the council's yearly operating budget, and also help support Camp Wathana, a 380-acre resident facility near Holly.

Camp Wathana is open all year for a variety of camping experiences for non-members as well as Camp Fire members. Opportunities range from a summer resident program for girls ages 6 to 17 to group and family outings in the fall, winter and spring.

Persons wishing information on how to purchase Camp Fire candy may telephone the Detroit Area Council office, 333-2670. Camp Fire is a Torch Drive agency serving the four-county area.

Lawyers' Wives Share Christmas

Photo by David Kramer

Once again, Grosse Pointe Lawyers' Wives and their guests helped make Christmas merrier for the neglected and dependent children of the Wayne County Youth Home by bringing gifts for the youngsters, who otherwise would receive very little, to the annual Pointe Lawyers' wives Christmas Tea. Accepting the presents on behalf of the Home were The Honorable GLADYS BARSAMIAN, (far right), Wayne County Pro-

bate Court Judge, and ARTHUR RUHL, also of the Wayne County Probate Court, pictured above with MRS. T. NEAL COMBS, (far left), Christmas tea chairman, MRS. JAMES DAOUST, (center), Grosse Pointe Lawyers' Wives president, and MRS. DONALD PETRULIS, (second from right), who opened her Elmsleigh lane home for the holiday party.

Review Club to Open Year

The Detroit Review Club begins the New Year Tuesday, January 9, with a luncheon meeting at Dearborn Inn. Mrs. Robert Keifgen, of Wicks lane, DRC president, will serve as official hostess and conduct a short business session after the program.

Mrs. C. D. Chapin, DRC's literary chairman, will present Mrs. Robert Choate who will review Theodore H. White's newest best seller: "In Search of History."

The book is Mr. White's major literary work since his "Making of the President" series.

Mrs. Choate, born in Arbroath, Scotland, came to the United States at the age of 17. She majored in Sociology

at the University of Michigan.

Married to an attorney and the mother of four, she has always been interested in reading, especially intrigued by biographies and non-fiction although she also reviews fiction.

Potpourri Day For Deeplands

Plan Party at Ford Estate

(Continued from Page 13) association and to their special friends, but will be limited to 150 people... so those early reservations really do count.

There will be a donation, (\$75 per couple, \$38 per single, \$100 patron couple, \$50 patron single), which will include both porter parking at the front door and the house party.

Special flower arrangements are being planned, and delicious hors d'oeuvres. Mrs. Paul J. Kelley, of Sunningdale drive, is chairman of the evening.

Her committee includes Mrs. Leonard C. Hopkins, of Shore Club drive, co-chairman; Mrs. Joseph J. Marshall, of Harbor Hill, hostess chairman; and Mrs. Kim K. Lie of Windmill Pointe drive, ways and means chairman.

Reservations are the responsibility of Mrs. Gerald L. Stoetzer, of Littlestone road, who may be reached at 851-7345. Reservations cut-off date is Tuesday, January 16.

President of the Grosse Pointe Symphony Women's Association is Mrs. Lyndie R. Martin, of Middlesex boulevard.

The Pointe Symphony Women gather Thursday, January 18, at Lochmoor Club for a general meeting and luncheon planned by social chairman Mrs. Henry Drettmann, of Windmill Pointe drive, assisted by reservations chairman Mrs. Arthur O. A. Schmidt, of Lakecrest lane.

Guests will be greeted at

the door by Mrs. Herman Mozer, of Fisher road, and Mrs. John J. Nolan, of Ridge road.

In charge of the decor for the winter get-together, which begins with a business meeting at 11 in the morning, (luncheon will be served at 12:30), are Mrs. Laddy Rice, of Hawthorne road, and Mrs. William Butler, of Lexington road.

Tickets are \$7.50 per person. Reservations may be made by calling 885-5938.

No general luncheon meeting of the Grosse Pointe Symphony Women's Association is complete without an excellent, enjoyable program, and this month's is no exception.

Mrs. Elmo Joseph, of Maumee avenue, the association's program chairman, has arranged for a ballet, entre deux, "On Their Toes," presented by Lorna Simmons, founder of the Detroit Ballet Society, featuring Sandra Cardew and Steve Schoeberlein, both former ballet Society students now dancing with the non-profit Detroit Chamber Ballet.

Ms. Simmons, a former Farms resident, trained with Osvalds and Mirdza Lemanis of the School of American Ballet in New York City, official school for the New York City Ballet, and danced professionally with the New York City Opera.

She holds Bachelor of Arts and Master of Arts degrees from Wayne State University. With Louis Ravanal, she founded the Detroit Ballet Society in 1971, to produce dancers for the Detroit Chamber Ballet.

Vows Spoken In Colorado

Exchanging marriage vows Tuesday, December 19, in Aspen, Colo., were Susan Flintermann and James Cuseo who spent the Christmas holiday in Grosse Pointe with her parents, Mr. and Mrs. Edgar D. Flintermann, of Grayton road, and will make their home in Aspen.

The former Miss Flintermann is a graduate of Grosse Pointe (South) High School and the University of Michigan.

Mr. Cuseo, who like his bride has been living in Aspen, is the son of Mr. and Mrs. Frank Cuseo, of Santa Rosa, Calif., and was graduated from Cal State in Sonoma, Calif.

Women's Page—by, of and for Pointe Women

Priorities Are Essential For Working Mothers

One in every three mothers with pre-school children in the United States has full-time jobs—at home and outside employment.

Women who combine motherhood and career can meet the dual role creatively by setting priorities that are important to them," says Merrily Baldwin, Extension home economist for Roscommon County.

It is not easy to lower the guilt rate among working mothers who think they should be at home, Ms. Baldwin pointed out to her Michigan State University College Week class, sponsored by MSU, the Family Living Education Program of the Cooperative Extension Service and the College of Human Ecology.

"Feeling guilty isn't the same as being guilty," she said, "but you can help your children not make you feel guilty by clarifying what they expect from you and doing all you can to keep communication channels open."

Leaving notes in lunchboxes, writing letters and actually mailing them, putting loving messages on a child's bedroom chalkboard in the morning... all will help a child keep contact with a mother while she is away.

One mother said that if she comes home early her four-year-old daughter usually is watching television, is

surprised to see her and resents intrusion on her privacy.

"That behavior among children may suggest they are capable of adjusting to more than they are given credit for," Ms. Baldwin noted. "A mother can get into the parent-child relationship again once she comes home, but she doesn't have to dive in head first.

"Have family members attach little messages to the refrigerator that say how they are feeling," she suggested. "This can hasten the re-opening of communication."

At dinner or any appropriate time, have all family members tell something that happened that day to make them happy. Plan an occasional activity that gives mother and child time alone.

Ms. Baldwin also pointed out that working mothers may have to deal with verbal abuse from current or potential employers who don't trust their dependability because children are at home.

"Just let them know you will provide alternative child care, a problem you can adequately handle."

Some women spend more time at home by finding only part-time work or teaming up with another woman and convincing an employer to split the working day between them.

"No matter what kind of decision a mother makes—whether or not to pursue outside work, how to adjust afterwards—she should decide what is most important to her instead of always deferring to others.

"Pursue hobbies, spend time alone or with friends and do things you love doing," Ms. Baldwin encouraged.

"A mother who takes care of her own needs, it has been shown by psychologists, is more able to meet the needs of her family."

The John F. Noonans

At a morning ceremony Saturday, September 23, in Grosse Pointe Memorial Church STACEY FLOER, daughter of the Donald S. Floers, of Washington road, became the bride of Mr. Noonan, son of the John F. Noonans, of Birmingham.

Stacey Floer Wed to John Noonan

She Carries Heirloom Lace And Borrowed Sixpence at Morning Rites in Mid-September; Pair at Home in Minneapolis

Father William Smith, an Air Force chaplain, officiated at the autumn wedding of Stacey Floer to his nephew, John F. Noonan, in Grosse Pointe Memorial Church.

The 10 o'clock rites Saturday morning, September 23, were followed by a reception at the Grosse Pointe War Memorial.

The newlyweds vacationed in Michigan's Upper Peninsula. They are at home in Minneapolis.

The bride, daughter of Mr. and Mrs. Donald S. Floer, of Washington road, wore a gown of white organza styled with a mandarin neckline and cap sleeves edged in scalloped, loop, Duchesse lace.

A floral bouquet design lace motif accented her Empire waistline. Matching lace motifs were scattered at the hem of her cathedral length train, which was outlined with the Duchesse lace.

Her short, bouffant veil was fashioned of illusion. She carried a Colonial arrange-

ment of yellow roses, baby's breath and ivy, and "something old, something borrowed," heirloom Belgian lace and a sixpence belonging to Mrs. Richard Knapp, of Orchard Lake.

Sue Floer, who came from Springfield, O., to serve as her sister's honor maid, and bridesmaids Mrs. Geoffry Thomas, Mrs. Mark Juett and Cori Scarbrick wore floor-length, cap-sleeved frocks of chamolis-colored Qiana, styled with scoop necks and Empire waists.

Rust streamers accented their bouquets of rust and white mums.

Flower girl was Katie Noonan, the bridegroom's sister. Their parents are the John F. Noonans, of Birmingham.

Mark Juett was best man. Guests were seated by the bridegroom's four brothers:

Society News Gathered from the Pointes

Do American Kids Find Life a Headache?

A survey of average intake of drugs conducted by a team of Michigan State University research scientists has shown that 40 percent of fourth to sixth graders use aspirin in a typical week, and that 25 percent take aspirin without parental knowledge. The findings came in a survey of thousands of college, elementary and high school

students to determine the average use of all drugs including aspirin and alcohol. The boys and girls who used aspirin without parental approval indicated that their parents would not have objected had they known of the use. In fact, some youngsters said their parents had given them permission to use aspirin whenever they felt ill.

Among college-age students, one of every four had used aspirin during the 48 hours prior to the interviews, with women, (33 percent), reporting a rate twice that of males, (17 percent).

The MSU findings are reported in an article, "Patterns of Aspirin Use Among American Youth," in a recent issue of the International Journal of the Addictions. Conducting the study were Lawrence R. Krupka, professor of Natural Science, and Arthur M. Vener, Cyrus S. Stewart and Mary Margaret Zaenglein-Senger, professors of Social Science.

They undertook the study because of a lack of data concerning the use of non-prescription drugs available to the general public from supermarkets and drug stores. Previous studies have stressed the consumption of illicit drugs such as heroin and marijuana.

Of all the drugs investigated in the three surveys of college, elementary and high school students, aspirin was consistently used at high rates by all age groups.

Headaches, tension, restlessness, insomnia, colds and "a feeling that a headache was coming on" were given as reasons for taking aspirin.

The researchers noted, however, that aspirin is not intended to combat insomnia or restlessness, and has little or no effect on bacteria or viruses.

In attempting to explain their findings that women used aspirin much more than did men, the investigators suggested that women may be more socialized to readily admit discomfort and thus ingest drugs to alleviate pain and stress.

The high use of aspirin could not be explained simply on the basis of relieving

Yachtswomen Meet Jan. 11

Yachtswomen begin the New Year with a meeting Thursday evening, January 11, at 8 o'clock at the Great Lakes Yacht Club where the program will feature a Delta Airlines representative with a Delta film, courtesy of the Schmidt Travel Service, on "How to Pack Your Luggage."

Hostesses are Pointers Bette Savage, Helen Jean Reichling and Beverly Stevenson, Barbara Orr, of St. Clair Shores, Marlene Kryger, of Sterling Heights, and Gladys Breedlove, of Roseville.

menstrual discomfort. Even girls who had not reached puberty consumed larger amounts of aspirin than did preadolescent boys.

College seniors, both men and women, ingested more aspirin than freshmen. The increased usage by individuals approaching graduation, the professors said, may indicate increased stress related to the anticipation of entering the world of work.

"Although proper use of some aspirin can be beneficial, merchandising efforts of a spirin manufacturing companies have been so successful," said the MSU researchers, "that most of the population is not aware of the harmful aspects of aspirin use such as stomach ulceration, bleeding and kidney damage."

They suggested that drug education programs should begin early and include parents as well as children. Harmful effects of such easily available drugs as aspirin should be emphasized.

Children should learn to avoid using drugs as a crutch in facing the stresses of modern living.

To Marry

Mid-August wedding plans are being made by MARY LYNN SEARS and Kenneth Doss whose engagement has been announced by her parents, Mr. and Mrs. Raymond Sears, of Yorktown road.

The bride-elect, an alumna of Grosse Pointe North High School and West Suburban School of Nursing, holds a Bachelor of Science degree in Nursing from Wayne State University. She is a Registered Nurse at Bon Secours Hospital.

Her fiance, son of Mr. and Mrs. Harold Doss, of Marcellus street, Detroit, was graduated from Finney High School and is completing work at Lawrence Institute of Technology for a degree in Architecture. He is employed by Cunningham Engineers.

Woods Garden Club to Meet

The Grosse Pointe Woods Garden Club will hold its anniversary party this year at the Stonehurst road home of Mrs. Frederick Leonard. The potluck luncheon starts at noon Tuesday, January 9.

Slate Salvation Army Auxiliary's Meeting

The Auxiliary to the Salvation Army has scheduled a meeting for 11 o'clock Monday morning, January 8, at the Royal Oak Corps headquarters, to be followed at noon by a brown-bag sandwich luncheon, (dessert and coffee will be served), for which reservations are being taken by Mrs. Enid Gee, 642-5145, and Mrs. Frank Voorheis, 646-2309.

The program, at 1 o'clock, will feature Dr. Linda Logsdon, psychiatrist, whose topic is "Coping with Stress."

Grand Marais Club to Meet

Mrs. Thomas Carey will be assisted by co-hostesses Mrs. J. Ross Bush and Mrs. Frank McIntyre when she opens her Cadieux road home at noon Monday, January 8, for Grand Marais Garden Club's monthly luncheon and business meeting, to be followed by a membership participation program.

Double Treat at Pewabic

A unique combination of attractions at Michigan State University's Pewabic Pottery in East Jefferson avenue will be open to the public free of charge starting Sunday, January 14.

"Pots That Potters Admire," an exhibit of ceramic pieces collected by Michigan potters from other potters, will be featured on the historic pottery's first floor.

The display will be unusually eclectic in character with contemporary and his-

toric pots, American and foreign designs, sophisticated and folk pieces — each the personal choice of an artist who wishes to share his pleasure in it with other collectors and the general public.

In the Pewabic Museum on the second floor, Michigan potters will stage a Pewabic Benefit Sale to initiate a Pewabic endowment fund to help insure the continued operation of the pottery as an adult ceramic school, gal-

Mrs. R. J. Vande Giessen

At an early afternoon ceremony Saturday, December 30, in Yorkville Community Church, Richland, CAROLYN KAY MARTIN, daughter of the George Martins, of Roland road, spoke her marriage vows to Mr. Vande Giessen, son of Virginia McGowen, of Richland, and Ronald Vande Giessen, of Mattawan.

lery, museum and historic site.

A successful endowment fund could help ease the financial burden the university has carried in restoring the pottery and maintaining its programs and services since 1966.

Through MSU's Lifelong Education Programs, avocational and college credit

courses are offered in this unusual historic and professional setting, an "oasis" of culture across from Water Works Park on Detroit's East Side.

Pewabic will be open noon to 5 o'clock the first Sunday of the combined program, returning to its regular hours, noon to 4:30 o'clock weekdays, through the closing of the exhibit and benefit sale February 3.

Free parking is available at the pottery.

Winter Wedding for Miss Martin

She Fashions White Satin Gown, Trimmed With Lace And Pearls, In Which She Speaks Vows to Raymond Vande Giessen

Carolyn Kay Martin, daughter of Mr. and Mrs. George Martin, of Roland road, was married Saturday, December 30, in Yorkville Community Church, Richland, to Raymond John Vande Giessen.

Special instrumental music during the 1 o'clock ceremony at which The Reverend William Sherbert presided was by flutist Cherri Vande Giessen, the bridegroom's sister.

The rites were followed by a reception at the Gull Lake Country Club. The newlyweds will make their home in Holland, Mich.

The bride made her white satin gown, trimmed with lace and pearls. Her veil was fingertip length. She carried a Christmas bouquet of red Sweetheart roses, white stephanotis, holly and baby's-breath.

She was attended by honor maid Elaine Scott, of Allen Park, and bridesmaids Andrea Lohman and Judy Steimle, both of Holland, in

dresses of mint green polyester, identical in pattern to the bridal gown.

Each carried three long-stemmed red roses, stephanotis, holly and baby's-breath.

The bridegroom, son of Virginia McGowen, of Richland, and Ronald Vande Giessen, of Mattawan, asked

to act as best man. In the usher corps were Charles Hohnbaum, of Plymouth, Keith Drew, of Zeeland, and the bridegroom's brothers, Robert McGowen and Doug Bortman. The mother of the bride wore a floor length gown of yellow silk. The bridegroom's mother selected a two-piece dress of burgundy velvet.

Open Church Women's Year

The ladies of the Grosse Pointe Congregational American Baptist Church gather next Tuesday, January 9, for their first meeting of the new year.

Mrs. Bernice Bates, president, will officiate at a business session at 11:30 o'clock in the church lounge and the installation of officers immediately following.

Post-meeting, the Naomi Group will serve luncheon in the social hall. The program, arranged by Mrs. William Reid and Mrs. Paul Weber, will feature Mrs. Allan Neef showing slides of her recent trip to China.

Reservations must be received by noon Monday, January 8, at the church office. Baby sitting will be available.

Mrs. Bates will continue to serve as president. Installed as first, second and third vice-presidents, respectively, will be Mrs. Alex McNeill, Mrs. Robert Choate and Mrs. E. Richard Peterson, sharing the second vice-presidency, and Mrs. Dudley Arnold.

Mrs. Benjamin Prescott will serve as recording secretary, Mrs. Charles McNair as corresponding secretary, Mrs. Reid as treasurer.

Committee chairmen will include Mrs. Herbert Kohls, special projects; Mrs. Henry Holcomb, spiritual life; Mrs. Leonard Slowin, social concerns; Mrs. George Polen and Mrs. Roscoe Shaw, friendly service; Mrs. Frank Turpin, culinary; and Mrs. Richard Allor, publicity.

 By Dick D'Andrea

SUN SPOT — "ARUBA"

ARUBA — 72 square miles in size and 15 miles off the coast of South America. It takes about three hours to explore the tranquil beaches that offer all water sports and beautiful coral reefs to explore by snorkeling and scuba diving, with sunken ships for the experts. Tennis is also available at several hotels. Horseback riding is becoming very popular along the beaches and through the countryside, which is remarkably like the American West, with its tall cactus and gigantic boulders. Duty free shopping along Nassaustraat's six blocks is excellent for liquor, cameras, watches, perfume, china and linens. Also, Aruba has several gambling casinos.

Excellent charter values depart weekly at your choice of hotels from luxury to native comfort. For suntan information, contact the Sun Desk at TRAVELWORLD, 21127 Mack Avenue, 882-8190.

Grosse Pointe Real Estate CO.

OPEN HOUSE SUNDAY 2 - 5 1372 Balfour — 4 bedroom — Grosse Pte. Park

UNIQUE APPEAL

Inter war builders had the art of constructing spacious houses which had that indefinable, but instantly recognized quality of character. This colonial has all of that plus the added artistic touches of the present owners. The bright accommodation offers four bedrooms, with a prepared 3rd floor. There's a new kitchen, breakfast room, parquet floors, a truly useful basement, and fishpond — the complete answer to your next family home.

RARE OPPORTUNITY

Occupying a choice position in one of the most desirable locations in the Shores — a step from the Lake — this well designed Georgian mansion exudes an air of quality and distinction epitomizing the elegance one associates with that great era. The interior boasts 10 excellent bedrooms, 5 1/2 baths, generously proportioned reception rooms — all in a spacious atmosphere. Externally there is a secluded pool. The owners have commissioned us to consider offers for this prime investment.

NOT TO BE MISSED

A Cape Cod style of undisputable quality which cannot be justified by words alone, and must therefore be inspected to be fully appreciated. This very well appointed two bedroom gem has many delightful features including — may we mention it — a superbly finished basement. Do call us for the details on this impeccably presented home.

ONE OF A KIND

Without doubt one of the most attractive and interesting properties in the Pointes — this Micou built treasure is quite unique. With two lovely bedrooms and a family room, the location is almost rural, yet only a block from the Lake. An opportunity to acquire a home of distinct individuality.

DETROIT PROPERTIES

Lots of people are switching to the close-in area in Grosse Pointe. Please call for details of our listings, both single family and income.

VACANT PROPERTY Lakeshore — 250 x 235 — \$78,000. St. Clair Shores — six lots — \$24,000.

INCOME PROPERTY Maryland — 6/8 — \$55,000. Alter Rd. — 4/3 — \$48,000

COMMERCIAL PROPERTY Office and Warehouse — Charlevoix — \$85,000.

Center Hosts WSU Classes

Three courses for college credit will be offered this winter term at The War Memorial Center through Wayne State University's College of Life Long Learning. Tuition is payable to Wayne State and a registration fee of \$5 also must be paid in advance to the War Memorial, 32 Lakeshore road.

St. John Plans Health Program

Are you concerned with your health, fitness and vitality? Would you, your family or friends like to know how to save someone who is choking, reduce your risk of getting a heart attack, learn more about jogging and exercise, diet management and a variety of information regarding the marvels of the human body?

Saint John Hospital's Center for Patient Education is offering an evening film program for the showing of widely acclaimed and nationally produced films on these and other health topics. This program is scheduled for Thursday, January 19, from 7 to 11 p.m. in Saint John Hospital's lower level conference room and auditorium.

Thief Reformed By Yule Spirit

This year's annual touching Christmas story award has to go to the would-be bad check writer who, after purchasing a lot of clothing with stolen checks, was apparently overcome with the Christmas spirit and had to return the "gifts."

Farms police were called the day after Christmas with a report that an employee of Young Clothes, 110 Kercheval avenue, had found a bag containing clothes outside the rear door of the store. Clothes from that store and others were found in the bag along with a note printed in pencil, stating "I stole Xma from you, the girl with the checks, and me."

The note also contained the printed name of the young St. Clair Shores woman whose checks had been stolen and used to pay for the purchases. State police had been notified of the loss of the checks, and payment had been stopped on the account prior to the purchases.

BIG TAX BITE
Revenues from property taxes, which were \$25.2 billion in 1967, reached \$60 billion in 1977, says the National Ass'n. of Realtors. They have increased at a rate of \$5 billion a year since 1975. Taxes on property supplied more than 80 percent of local revenues.

- Youngblood
Realty, Inc.

- COZY, charming and clean are only a few words to describe this four bedroom, two full bath English Bungalow in the Woods. At \$68,900, central air and a natural fireplace, shouldn't you be the first to call us?
- NEW TAX SHELTER?** We have just the thing for you! A 2 family flat, 6-6 unit in Grosse Pointe Park with separate basements for \$36,500!
- ½ BRICK DUPLEX in a lovely Detroit area. Beautifully decorated. OWNER TRANSFERRED — almost immediate occupancy. What a way to start your home ownership!
- UNUSUAL 6 room brick ranch, 2 bedrooms, living room that measures 30 feet. Professionally landscaped front with sprinkler system. Lot measures 100x350 with fully cycloned fenced back yard with fruit trees. Fireplace in dining room; no basement; central air. A real potential gas saver; nice residential East Detroit neighborhood two blocks from Eastland station.
- INSTANTLY YOURS . . . JUST ADD YOUR FURNITURE AND FAMILY AND MOVE IN.** This 1½ bath beauty could be yours if you're pressed for occupancy, and with three bedrooms, and a spacious family room, two car garage and prime Harvard location close to the Village, should run, not walk to the phone . . . we'll take care of the rest.
- DYNAMITE DEAL.** Extra cute cottage at a delicious \$21,500 price, just off Warren. This two bedroom, low maintenance home is ideal for a couple and it's loaded with extras, like central air and fireplace. Look again at the price . . . everyone has to start out somewhere, and this is a cute home in a nice section of Detroit!

- AND NOW FOR \$175,000**—"The question is" Did you know there's a fine Grosse Pointe Shores Ranch that's just off Lakeshore Drive that could be exactly what you desire? You wouldn't want to buy the wrong ranch would you? You might unless you take a 15 minute look-see. It could be the most rewarding quarter hour of your life.
- SACRIFICE SALE**—Owner has ordered us to sell his beautiful quality-built home immediately, if not sooner! He'll consider reasonable offers for this two bath property situated in a beautifully convenient area of the Woods. Why not take a moment to walk through. It's a classic opportunity to beat next spring's higher prices, and save thousands of dollars.
- OCCASIONALLY, THERE IS SOMETHING NEW UNDER THE SUN . . . (OR BUILT IN GROSSE POINTE)** If you're the person who wants their home to convey excitement and pride of ownership as well as livability; architecturally engineered, for today's demanding needs in energy efficiency and exuding the look of tomorrow in its carefree contemporary facade, then stop just thinking and talking about it, let us show you a home destined to be one of the Pointes most admired by those who "march to a different drummer."
- ATTENTION MERCHANT AND BUSINESSMEN** LOOKING FOR A COMMERCIAL BUILDING IN THE "POINTES" on a major street in Grosse Pointe we have an excellent opportunity for anyone who understands "tax shelters!" All brick exterior, one story with approximately 800 square feet (20x40) and it's presently very well decorated. If you could purchase this investment for \$30,000 with \$5,000 down on a land contract, isn't it important enough to stop whatever you're doing, and let us show you through immediately!

A Word to the Wise...

OUR CLASSIFIED ADS REALLY MEASURE UP

When you're in business, the more people that know about you . . . the more business you'll have. Don't sell our Classifieds short. They can prove a vital selling force for you. Other advertising mediums just don't measure up to the sizable audience and quick response our Want Ads can bring you . . . and at the most reasonable prices.

In fact, our Classifieds fill the bill when it comes to buying, selling or renting just about anything at all! The Listings cover a diversified field of categories, and they're tailored to save time and money for you. You're sure to find whatever you're looking for whether it's an antique clock or a new home . . . a buyer for your car or a tutor for your child!

The Classifieds are a smart way to do business. Give us a call and let us put them to work for you. You'll be glad you did.

WE KNOW YOU'LL LIKE THE LOOKS of this one from the street. Now step inside and see how this little big house "opens" up. There is a formal living room with fireplace across the front of the house. Beyond the separate dining room is a glass and enclosed porch. A well proportioned family room with bar, full bath and guest bedroom and another smaller bedroom.

A SURPRISE awaits you as you enter this brand new contemporary home. An unbelievable entrance hall with skylight sets the stage as you wander into a spacious living-dining area all set for your precious area rugs on hardwood floors. Imagine a grouping around the huge fireplace enhanced by the stately cathedral ceiling. There's so much more to see—call for an appointment if you have the urge to be "with it." A steal at \$135,000.

JUST OFF JEFFERSON—ON WASHINGTON ROAD is this brand new, southern colonial with four bedrooms on the second floor. To complement the living and dining rooms is a den plus step-down family room with fireplace and a cathedral ceiling.

LOCATION, LOCATION, LOCATION—Renaud in the Shores. This center entrance plan offers six bedrooms, family room and library, finished basement. Four fireplaces and a paneled games room. Family living and entertaining are in harmony with this family room. Built-in speakers, movie screen, complete wet bar, indoor grill and many extras.

THREE BEDROOM COLONIAL with a first floor lavatory and a large, paneled room makes its brief appearance on the market. We say brief because at the price of \$28,500 it should sell quickly.

THIS FOUR BEDROOM colonial comes on a private street in the Farms and offers seclusion yet close proximity to Kerby School and the Pier Park. Newly decorated, the first floor plan which includes a large laundry, formal dining room, family room with brick floor, beamed cathedral ceiling and fireplace.

AREN'T YOU GLAD YOU WAITED? That gracious English house with wide halls and generously proportioned rooms is now available and in a location which is most desirable. Beautiful paneling and gum wood accented interior give this offering that something extra. There are four bedrooms on the second floor and a fifth on the third. There are so many extras which include a three car garage.

COMMERCIAL PROPERTY on Kercheval in the Pointe. One story 30x40 building has plenty of rear parking plus new gas furnace.

Detroit Symphony Dates

(Continued from Page 16) hito. At the Art University of Tokyo, he combined conducting with instrumental studies. He became chief conductor of the NHK Symphony in 1950, since 1960 he has led the NHK Symphony on a number of tours throughout the world. Maestro Iwaki was appointed chief conductor of the Melbourne Symphony in 1973. He now divides his time between his post in Tokyo, Melbourne, and his home in Europe. Leonid Kogan is among the Soviet Union's leading cultural ambassadors. He has been hailed as one of the contemporary giants of the violin. Born in 1924, he was recognized as a child prodigy at the age of seven and was accepted at the Moscow Conservatory. Five years later, while still a student there, the famous French violinist Jacques Thibaud predicted that the 12-year-old would become one of the great contemporary violinists. Mr. Kogan now gives concerts all over the world. He made his United States debut with the Boston Symphony Orchestra in 1950.

Pointer of Interest

Photo by David Kramer

MARCO NOBILI, OF EAST JEFFERSON AVENUE

By Janet Mueller

Twenty years ago, Marco Nobili designed and built a solar house in Grosse Pointe, and in the land of Cape Cod/English Tudor/French Provincial, eyebrows were raised. But it worked, that modern house. It settled into its setting.

Technically, it is small. Actually, it is spacious. The rooms flow, one into another. The ceilings don't press down. It is a house for two people and many friends.

And three flags, American, Italian and French, for Dr. Nobili has lived in three worlds.

He was born in Florence, Italy, to an Italian father and French mother, both members of the aristocracy. One grandfather was a Florentine writer. A great-uncle was an ambassador, representing Italy in Brazil and Germany.

They were all tall and lean, and Marco was no exception. When he was 18 he received the proper formal wear, tails, from his ambassador great-uncle. They used good materials in those days. "I still wear those tails when we go to the opera."

Two Languages Spoken As a toddler he received two languages. "Luckily," he says, "my mother did not know a word of Italian when she married my father." So Marco, his brother and sister spoke French as well as Italian. Later, thanks to an American aunt, came a working knowledge of English.

And that was fortunate, for when World War II came Marco was ready. Growing up was the family home in Florence and summers at the villa near Pisa. There was also Milan for a while, where Marco's father worked as an engineer and his mother, taking advantage of a neighborhood situation which included people of all classes, saw to it that her children met and mixed with the local children.

"My mother was very democratic." And practical. She was of the French nobility, yet she never tried to isolate her children. And she wanted each of them to be able to do something. For one never, after all, knew what life might bring. When Marco, trained as an architect, told his friends he was going to work, their reaction was astonishment. "Why, if you don't have to?" The business of the well-born, bred and heeled young Florentine was to enjoy life.

Well, Marco Nobili was all for that. And more. Returned as Professor He is a graduate of the University of Florence. He earned his Ph.D. in Architecture from Milan Polytechnic. He eventually returned to the University of Florence as an assistant professor.

In World War II he was drafted into the Italian Army. When the Germans took over Italy he hid out, waiting for the Americans. He joined the American Army's Engineer Corps. There he made his first contact with Detroit, through Americans who encouraged

him to send drawings to Smith, Hinchman & Grylls. He came to the United States with \$50 in his pocket and the promise of a job at \$1.50 an hour. And all went well, for a year, until it was discovered that he'd entered the States on a non-working, tourist visa. He had two choices: marry an American or leave the country and re-enter according to the rules.

The first choice was no choice. Louise hadn't come on the scene. So Marco Nobili found himself one day in New York, headed back across the Atlantic, and it so happened that that day there was a Swedish ship in New York, also headed back, and Marco knew some Swedish architects. Landed in Sweden He landed in Sweden in about the same financial condition he'd landed in the States, got a job and worked at rebuilding his kitty. He took the opportunity to see Scandinavia and visit Italy. A year later he was back in the States, admitted legally as a non-quota university professor. Within five years he was a citizen. "And every minute I'm grateful to be here."

Macomb Secretaries To Meet January 10

The Macomb Chapter of the National Secretaries Association has scheduled a dinner meeting for next Wednesday, January 10, at 6 o'clock at the Little Cafe. Reservation deadline is today, Thursday, January 4. The meeting, at which the chapter's Secretary of the Year will be selected, is open to all area secretaries and guests. Further information may be obtained by calling Carolyn Kott, 529-0522, evenings.

of furniture arc of his own design and making. He likes to work with wood. He enjoys book binding. He is a self-confessed fanatic at tennis and skiing, on the courts three times a week, on the slopes as often as he can make it up to Otsego Ski Club.

They Love Music He loves music. So does Louise. They've gone to professional teachers to learn to sing art songs and opera, just for the enjoyment of it. Marco plays classical guitar and Louise plays the recorder; they like to invite a friend or two, fellow musicians, over to form a trio or quartet.

They love masked balls, for there's great fun in dressing up and letting down one's hair, indulging in the fantasies. Marco learned the minutiae for the Alliance Francaise Bicentennial Year Pageant. In britches and wig, dressed as Cadillac might have been, he danced it.

And he had a ball. Why not, if one is committed to a thing, a place, a situation, enjoy it? "I enjoy everything I do. I enjoy where I am." He and Louise go back to Italy every other year, but Marco wastes no time joining after Italy when he's in the States, after The States when he's in Italy. Why dull the delight of being where one is?

They Can Be Crafty The Nobilis can be crafty, however. They've been known to sneak into Florence, hide out in a pension in the heart of town and revel in a few quiet, private days before "coming out" and being swept up in a swirl of relatives and friends. They like to travel and they travel a lot. They've visited all the states, starting on their honeymoon when, Marco recalls, motels were \$4 and \$5 a night! That was really another world.

Marco Nobili is president of the Alliance Francaise de Grosse Pointe, a non-profit organization designed to promote French culture, language and civilization. The Pointe Alliance does its promoting via a varied program of lectures, in French and English, and activities, ranging from a French folk song sing-along to a Junior Member dessert contest. And just about anything you can think of in between.

All-Interest Group It's an all-age, all-interest group. You don't have to speak French to feel at home in it, (but if you do speak French, you'll feel at home), and it's fun.

There is no similar Italian organization. Dr. Nobili does not find that a bit surprising. "Italians never get together." There's an historical reason for this: Italy as a country is younger than the United States. (Remember your history. Unification of Italy: 1861). A Roman is a Roman, a Florentine a Florentine. "It's all fragmented," explains Dr. Nobili, quoting an old saying: "If you have two Italians, you have three political opinions."

By birth, Marco Nobili straddles the French and Italian worlds. While living in the American one. "My life has been very complicated, dangerous, dramatic... and pleasant." Yes, but is it a success or failure? That depends on how you look at it. For someone who landed in the United States with \$50 in his pocket, Marco Nobili has soared.

Honest View of Self On the other hand: "I wanted to design beautiful buildings. I am not, like Kessler, one of the higher architects. I jumped jobs. I went into teaching. I never acquired a business mind."

Short and to the Pointe

(Continued from Page 18) Grosse Pointe South High School graduate GERARD A. GREINER, of Middlesex boulevard, has enrolled in the freshman class at Rensselaer Polytechnic Institute, Troy, N.Y.

University of Detroit alumnus VITO CUSENZA, a Pointer, has been appointed to the U. of D. Alumni Association's 90th term for one year.

Marietta College senior RICHARD REDMOND, JR., son of the RICHARD REDMONDS, of Three Mile drive, is a head resident assistant in Douglas Putnam Dormitory for the 1978-79 academic year. He is a 1974 graduate of Grosse Pointe South High School.

Summer term degree candidates at Michigan State University included MICHAEL F. SAGGAG, of Notre Dame avenue, Bachelor of Arts in History, MARY J. POLLINA, of Lothrop road, Bachelor of Arts in Travel and Tourism Management, DONALD A. BROWN, of Torrey road, Bachelor of Arts with honors in Spanish, RICHARD J. LEHETER, of Lochmoor boulevard, Bachelor of Arts in Financial Administration, THOMAS R. MORATH, of Van K drive, Bachelor of Arts in Accounting, and ELIZABETH PICKFORD, of Hawthorne road, Bachelor of Science in Chemical Engineering. More were TERRANCE L. ALBRECHT, of Buckingham road, Master of Labor and Industrial Relations, MARY L. ALVIN, of Nottingham road, Master of Arts in Business and Distribution Education, and SUSAN K. SEYMOUR, of Sunningdale drive, Master of Arts in Audiology and Speech Sciences.

JANET WALSTON, of Westchester road, whose husband is THE REVEREND RICHARD O. WALSTON, was the representative of Lutherans in the Detroit metropolitan area attending the annual fall meeting of the Capital University Association, Columbus, O. Mrs. Walston is a 1963 graduate of Capital University, owned by the American Lutheran Church.

And he wouldn't trade places with anybody. For Marco Nobili life is an art, and the art of life is more than what you do. It is what you are. So he opted for the things that would enrich life: many interests, many experiences, good food and good friends. If that meant his good work would never be great, so be it.

He found his greatest pleasure in teaching students. He found his greatest hope in the persistence of personal loyalties.

A Love Out of Past Once upon a time, in another world, Marco Nobili was in love with a German girl. And she with him. She was committed, fully, to the Third Reich, and yet... when Marco went into hiding for six months on a farm, waiting for the Americans to drive the Germans out of Italy, this girl — this politically-committed girl — gave him a pass with a swastika on it, identifying him as someone who worked for the Germans. Fake ID from one real

person to another. Chalk up one more victory for the individual. And keep chalking them up, and politics be damned: the world is a success.

And this individual, Marco Nobili: is his life a success? "For 64 years, I have been able to eat — and I haven't been eaten by anyone else yet." A good quote on which to end an article. But what's most important is that Marco smiles as he says it.

Help at Hand For Overeaters

Overeaters Anonymous meets Thursday mornings, at 9:30 o'clock, at the Grosse Pointe Unitarian Church in Maumee avenue, between Neff road and St. Clair avenue. The meetings are open to all who are interested in losing weight and keeping it off.

Belle Biscayne to Open Year at Potluck Dinner

Belle Biscayne Chapter of the American Business Women's Association has scheduled its first meeting of the year for next Thursday, January 11, at Saint Lucy's Church. The evening begins at 7 o'clock and will include a potluck dinner as well as a White Elephant auction. It is open to members, and their guests.

From Another Pointe of View

(Continued from Page 13) what well may be the Celebrity Series' finest lecture in its quarter-century history.

All Celebrity Luncheon reservations booked for next Thursday at Lochmoor Club will be honored Thursday, April 5.

Welcome Home!

About 18 months ago, Josephine and Bob Powers sold their home in Whittier and moved to Hope Ranch, Santa Barbara, Calif., and all their Grosse Pointe friends were sad, because nobody wanted to see the Powerses go so far away.

Now all those Grosse Pointe friends are happy, for Josephine and Bob are back, ensconced in a lovely home in Alger place.

Fact is: they simply couldn't stay away. Home is home, after all. Lake St. Clair, icebound, is lovelier to a long-time Pointer's eyes than the Pacific; besides, (in the words of Robert B. Powers), 'California is too crowded and there are too many kooks there!'

Goal for Boys' Clubs

Completion of the Sports Arena at Camp Drusilla Farwell on Harsens Island has been a continuing goal for the Women's Association of the Boys' Clubs of Metropolitan Detroit.

The outdoor activity area, when done, will provide facilities for tennis, basketball, volleyball, hockey and skating for the hundreds of Detroit area youngsters who visit the camp each year.

This year, with proceeds from the Boys' Clubs share of tickets for the 1979 Detroit Auto Show Charity Preview, the Boys' Clubs Women hope to see their Sports Arena camp project successfully completed.

Tickets for the Cobo Hall gala Friday, January 12, are available by calling the Boys' Clubs, 894-3500. The Preview begins at 7 o'clock, and the Boys' Clubs Women will end the evening with an afterglow, for association members and their guests, at the Detroit Club.

Boys' Clubs, the Easter Seal Society and the Northeast Guidance Center are the charities selected by the Detroit Auto Dealers Association, Auto Show sponsor, to share Preview Night proceeds this year.

Each receives monies from its sale of Preview Night tickets, at \$15 per person, tax deductible.

Previewers, in addition to assisting the local charities, get an advance look at the Auto Show, which opens officially Saturday, January 13, and a chance to meet Detroit's automotive industry leaders.

They also get special entertainment, this year in a disco theme.

To Air Work of Beethoven

"A Beethoven Festival," by WTVS, mark the first time in television history that all nine Beethoven symphonies have been presented in one public television series.

In addition, it is the first time the entire symphonic repertoire of a major composer has been contained in one television series. The symphonies, complete with interpretive commentary by Maestro Dorati and hosted by noted actor E. G. Marshall, were videotaped during the DSO's two-week-long Beethoven Festival held in November, 1977, to commemorate the 150th anniversary of the composer's death.

Each Saturday evening program will be repeated the following Sunday at 6 o'clock. The programs, produced

person to another. Chalk up one more victory for the individual. And keep chalking them up, and politics be damned: the world is a success.

And this individual, Marco Nobili: is his life a success? "For 64 years, I have been able to eat — and I haven't been eaten by anyone else yet." A good quote on which to end an article.

But what's most important is that Marco smiles as he says it.
