**Youth Bureau Commences New Year at Active Pace**

The Youth Service Division, (YSD), which is coming off a record case total of 1,028 for 1978 over the previous record total of 829 in 1977, started off the new year with a busy January.

A total of 57 offenses were referred to the YSD last month, an increase of 23 incidents over the 34 of both January 1978 and 1977.

Malicious destruction of property, 17 reports, was again the category of greatest incidence with 14 identified juvenile males being involved. Eight of these reports have been suspended pending the receipt of new information, while three remain under continuing investigation.

Runaways, eight cases, involved five boys and three girls. One girl was apprehended and turned over to the Wayne County Department of Social Services, Protective Service, to give the family a cooling off period to solve a disruptive problem, the YSD says.

Four boys and one girl were arrested and returned to their parents, (four of the five having travelled out of state, and being arrested in several southern states). Meanwhile, one girl and one boy returned voluntarily.

This number of runaways is an average rate for the month of January, the division notes.

Larceny, seven reports, burglary, four, and unlawfully driving away of an auto, one, involved six identified juvenile males, (in company of two identified adult males). Six of these cases have been suspended, while investigation continues on two.

Assaults, five cases, continue to appear to be on the rise, with these incidents involving nine juvenile males, says the YSD.

One accosting incident was an offense against three children 11 years and under who were returning to school after lunch. The driver of the involved auto and the passenger were white males estimated by the children at between 18 to 20 years of age.

Candy was offered and a vehicle door was opened by the passenger in an attempt to entice the children into the car. But the youngsters fled and reported the incident to a teacher at school.

As the license plate wasn't noted by the children and the auto description was imprecise, the case has been suspended for now, but the general description of the vehicle, a white compact, and of the two suspects involved, has been noted by patrol officers and YSD detectives.

"This is probably another of the prank incidents which high school age youths find exciting. But the community is reaping the benefit of the intense safety program initiated two years ago, and parents can take some comfort in knowing that their children are instinctively reacting with self protecting procedures," the division states.

The only drug-oriented incident reported were two marijuana or hashish cases which involved two juvenile males.

One bomb threat and one false police report also were received.

Bomb threats, usually by phone call to a local school, are handled via a pre-planned building check by school personnel and YSD officers. These offenses are impossible to run down unless investigation is aided by an unusual break, the division says.

False police reports are rare, but occasionally a youngster, for his own advantage, attempts to place blame elsewhere. "It is his/her good fortune when the ruse is revealed and he and his peers realize reports are thoroughly investigated and he cannot easily manipulate people," the YSD adds.

**No Dog Cases Reported Yet**

By David Kramer

The Park's and Farms' much heralded "dog shuttle" ordinances apparently will have to await the onset of warmer weather to see just how effective they are, as neither city has used its law yet, police officials say.

The cities passed ordinances last year making it a misdemeanor for a dog owner to allow his pet to defecate in a public place, or on private property other than his own, unless the owner picked up the mess immediately afterward and disposed of it "in a sanitary manner."

Both laws were passed last fall after numerous complaints were received from residents throughout the summer. Those residents, however, must have gone indoors like the rest of us since then, as no complaints had been received since.

Farms Police Chief Robert Ferber said he expects to get some complaints "when the snow melts and we see what we've got," but added he predicted that the ordinance would not be used that much anyway.

"It's a way we can react if we get a complaint," the chief said. "But it wasn't intended to be a high-volume ordinance."

**Town Meeting Set for Park**

The Grosse Pointe Park Civic Ass'n. has scheduled its annual Town Meeting for Wednesday, March 7, at the Pierce Junior High School auditorium, 15430 Kercheval avenue at 8 p.m.

Park Mayor Matthew Patterson, City Manager John Crawford and several council members will be on hand to answer questions of the community regarding any subject citizens feel is important.

Following last year's Town Meeting, several council members and residents felt that the meeting was extremely constructive since it brought together the officials of the community and the residents in an informal setting where many issues could be explored.

This year the meeting would appear to be very timely, considering the controversy which has risen relative to the city using Community Development Block Grant funds.

Al Thomas, president of the Civic Ass'n. said, "I certainly hope the community comes to our Town Meeting to ask the council about this controversy. There's been far too many rumors regarding these funds and I believe it's a good time for the whole issue to be cleared."

All residents are invited.

Both laws were passed last fall after numerous complaints were received from residents throughout the summer. Those residents, however, must have gone indoors like the rest of us since then, as no complaints had been received since.

Farms Police Chief Robert Ferber said he expects to get some complaints "when the snow melts and we see what we've got," but added he predicted that the ordinance would not be used that much anyway.

"It's a way we can react if we get a complaint," the chief said. "But it wasn't intended to be a high-volume ordinance."

Park Lt. Gordon Duncan also believes the law will be used during the summer months, but adds that many people who are coming in to renew dog licenses have indicated they are complying with the law by carrying shovels and bags when they walk their pet.

Woods to Review Land Use Plan

(Continued from Page 1) give officials direction on zoning decisions, Mr. Rogers called it the foundation for the zoning ordinance. His report said such a plan is intended to serve as a guide for future development and possible redevelopment of the community...

mission hadn't given more attention to the land use plan in the past, (despite some verbal presentations by the consultant on the proposal early last year). Former commission chairman George Rinaldi indicated that the group was involved in a variety of other areas and that the land use plan hadn't surfaced as the number one priority.

Some of these areas included various sub-committee work and reports on the proposed property maintenance code, the zoning ordinance update project and on several proposed ordinances affecting portable signs, outside parking of motor vehicles at gasoline service stations and their storage, et al.

On Seniors' Housing During the discussion, newly elected Commission chairman Charles Van Hove, (Mr. Rothenburg is the new vice-chairman), said voters on two occasions defeated a proposed senior citizens housing complex at Ghesquiere Park and suggested that this area be deleted from the plan.

Mr. Rogers responded by saying if an action transpires, other suggested locations, such as the Seven-Mack Shopping Center and a potential school site, should remain as feasible recommendations.

Adults Group Forms at Club

The Neighborhood Club is kicking off the Adults Only Club with a wine tasting party on Friday, March 2, at the club, 17150 Waterloo avenue, at 7:30 p.m.

Adults, 21 and older, are invited to attend and both singles and couples are welcome.

The cost is \$1.50 per individual and may be paid at the door, but advance reservations must be made by Wednesday, February 28, by calling the club at 885-4600. Future events will be discussed at the party.

City Administrator Chester E. Petersen suggested the commission could give tentative approval to pages one through 25, (encompassing the table of contents, lists of tables and maps, existing land use study and a socio-economic profile), of the 49-page plan and authorize the deletion of seniors' housing at Ghesquiere toward reducing the work involved during the final review.

However, Mr. Rinaldi said such an action could transpire just as quickly in February.

The proposed plan, (copies of which are available for review at city hall, 20025 Mack avenue), also contains goals and objectives eyeing such areas as residential, commercial and office, public and semi-public land uses and off-street parking.

A section on land use itself explores such categories as single family residential, two family residential, multiple dwelling residential, commercial, offices, public and semi-public uses and parking.

Fee Schedule Eyed

It also includes implementation measures viewing local street and parking plan, zoning, subdivision regulations, property maintenance code, capital improvements program and citizen understanding and support.

On the subject of a proposed fee schedule for planning review of subdivision and/or development plans, something the commission has been interested in adopting, Commissioner Peter Gilzean moved that this matter be tabled to a meeting subsequent to the February session and his colleagues unanimously agreed.

Saying the costs of reviewing site plans are now assumed by the city, Mr. Rogers indicated these could be passed onto a developer, the practice in many other communities.

The commission is currently considering two proposals in this respect, one from Mr. Rogers and another from Mr. Petersen, with such a fee schedule encompassing site plan review, subdivision review, petitions for rezoning, special meetings requested by a developer, et al.

As for a further exploration of the zoning ordinance update project, written reports were scheduled to be submitted from three commission sub-committees to City Attorney George Callin for his review. This subject also may be on the agenda this month.

Brown Named To GPW Board

The Woods has a new member on its Pension Board as the council at its regular meeting Monday, February 5, unanimously named Donald E. Brown of Hidden lane to the position for a three-year term.

Mr. Brown, who will be the citizens representative on the board, was nominated by Councilman E. D. Grady, who said Mr. Brown expressed interest in the post and would be available for meetings.

The general attorney for Michigan Bell Telephone Co., Mr. Brown received his Bachelor of Arts degree from the Detroit Institute of Technology, his juris doctor degree from the Detroit College of Law and his Master of Laws degree from Harvard Law School.

St. James Sets Lenten Services

At the first Vesper on Ash Wednesday, February 28, Holy Communion will be celebrated. The sermon will be on the question addressed to Jesus by his disciples on the night the Lord's Supper was instituted, "Lord, is it I?"

The worship will be enriched with special music by the Chancel Choir, directed by Herman Cleir.

At the Lenten Vesper on Wednesday, March 21, the four choirs of the congregation will offer a variety of music at a special Lenten Musicales, with the participation of the Chancel Choir, Children's Choir, Handbell Choir and the Guitar Choir/Singing Group.

At the other four Vespers, March 7, 14, 28 and April 4, the congregation will sit as the jury in The People vs. Jesus of Nazareth, a dramatic presentation of the Lenten message through which John, Pilate, Herod and James will be placed on the witness

stand and examined by prosecution and defense attorneys.

### July Date Set for Fire Truck

The Woods' new Seagrave 1,250 gallon per minute fire pumping engine will probably not be delivered until late July, reported Public Safety Director John Dankel. Both he and City Administrator Chester E. Petersen visited the Seagrave factory in Clintonville, Wis., on Thursday, February 15, to find out what was causing the delivery delay, (as officials originally expected the apparatus in March). In December 1977, the council accepted the bid of the Youngs Equipment Co., Inc., of Southfield in the amount of \$74,000 for the truck and at the first of the year, the scions learned the city probably wouldn't receive it until June. With that, the council gave

### Gets 15 Days For Prowling

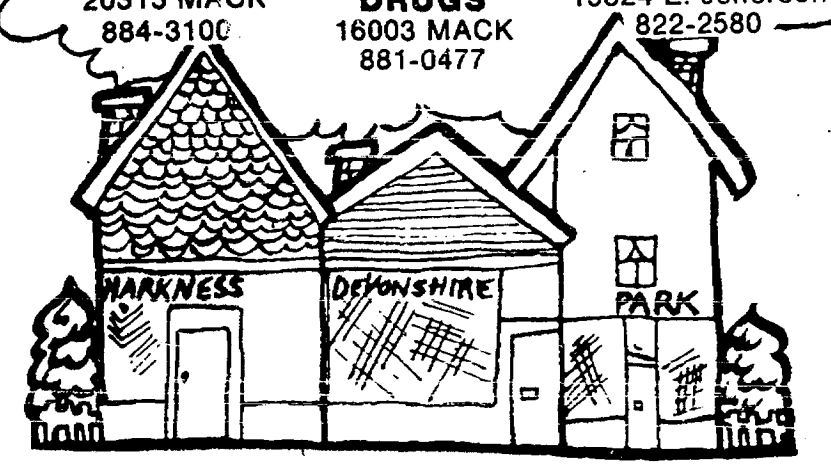

Two men were arrested by Farms police early Friday morning, February 9, after a Lothrop road resident heard noises in her back yard and called the station. Dispatched to the scene were Officers Gary Mayer and David Beekman, who enroute observed a car turn onto Lothrop from Kercheval. They stopped and arrested the driver, Gary Anthony Covington, of Marlborough, Detroit, who police said couldn't satisfactorily explain his presence there. Cpl. Ronald Wooten, meanwhile, had gone to the Lothrop home to take a report from the resident. He found a second man, identified as Victor Henry Altobelli, also of Marlborough, Detroit, crouching behind a car. Several tools were found the next day in a pouch by the car. Altobelli pled guilty to the charge of prowling and was sentenced to 15 days in the Detroit House of Correction on Wednesday, February 14. Covington was released on \$1,000 personal bond on a charge of violating the controlled substance act, after police found a small amount of suspected marijuana on his person. His arraignment was scheduled for Wednesday, March 14, before Farms Municipal Judge Robert Pytell. According to police reports, Covington admitted to dropping Altobelli off on Lothrop road, but denied knowing what Altobelli had in mind.

## From Another Pointe of View

By Janet Mueller

There's a fascinating exhibit at the International Institute, "The Arab World in Perspective," a comprehensive view of Arabic culture from 3500 B.C. to the present day.

It's a story as old as civilization, for it was in Egypt and Mesopotamia, (now Iraq), that the first known sophisticated, urban centers evolved.

It is a story of a people who devised the first alphabets, the concept of Monotheism, the numerals used today all over the world, (and if you don't think THAT'S something, try subtracting XLVII from MCMXIV).

It is a story of achievements in math, astronomy, medicine, architecture and law, depicted through artifacts, drawings and photographs contributed by the Detroit Institute of Arts, the Iraqi, Syrian and Egyptian Embassies, the Detroit Council of the Arts and private collections of the Arabic community.

Mrs. Clarence E. Maguire Chairs Committee Planning Big Celebration Honoring National Council's 50th Anniversary

Mrs. Henry Domzalski will open her Windmill Pointe drive home next Thursday, March 1, for the Federated Garden Clubs of Michigan, District One, tea celebrating the 50th anniversary of the National Council of State Garden Clubs.

The tea committee, chaired by Mrs. Clarence E. Maguire, immediate past-president of the Grosse Pointe Garden Center, includes the Mesdames David C. Lowe, Denton Emmert, Ralph Dashner, Robert S. LeFevre, Urban W. Boresch and Elliott H. Phillips, Miss Louise Owen and the hostess, Maralyn Domzalski.

There are 57 garden clubs, with 2,400 members, in District One, and the tea is open to all garden club members and their friends.

That means a BIG party... so it will be presented in two shifts, from 1 to 3 o'clock and again from 3 to 5 o'clock. District arrangers will deck the Domzalski home with floral arrangements. An informal fashion show will be presented by La Strega Boutique.

All presidents, from District One and members of the District board will serve as hostesses, among them Pointers Mrs. Rex Brophy, Mrs. Frank E. Dittmer, Mrs. Elmore Frank, Mrs. Lawrence Gottfredson, Mrs. William Habert, Mrs. Jere A. Krieg, Mrs. Henry Kuhlman, Mrs. John E. Park, Mrs. Bernard Pearce, Mrs. Byron Phillips and Mrs. Manfred Whittingham.

The tea donation of \$8 will provide three Michigan Foundation Scholarships named in honor of the three Michigan women who have served as national garden club presidents: Mrs. Joseph H. Brewer, of Grand Rapids, (1941-43), Mrs. Jamie Johnson, of Dearborn, (1959-61), and Mrs. William H. Barton, of Lansing, (1969-71).

The scholarships will be awarded on the basis of merit and need. They usually go to students in the fields of Horticulture, Floriculture, Landscape Design or Environmental Education.

At the present time, the Federated Garden Clubs of Michigan has scholarship students at Michigan State, the University of Michigan, the University of Michigan-Dearborn, Adrian College, Hope College and Ferris State University.

They are selected by their colleges to receive the Federated Garden Clubs funds.

## LINC Plans An Art-full Evening

Photo by Bonnie W. Perkins

Mr. and Mrs. John S. Albright will open their Windmill Pointe drive home Friday, March 2, at 7 o'clock for LINC's annual party, and among those planning a delightful evening including an open bar, hors d'oeuvres and an opportunity to mingle with some of Michigan's fine artists—all for a tax deductible donation of \$10 per person—are, (seated, left and right), hostess SUE AL-

BRIGHT and -committee member YUGEL MIKEL, (standing, left to right), JUDY SIMONDS of Jacobson's, which will be highlighting some of the party art works in their Kercheval avenue windows, ALICE METRY, VICKI FUGER, chairperson, and SANDRA BOAK, whose Artist Forum represents the artists, holding a portrait by Pointer Robert Tyrrell.

Sculpture, watercolors, acrylics and oils will be on display. There will be a silent auction of works valued from \$25 to \$250 plus many donated prizes.

Party committee members, besides those mentioned above, include Peggy Baer, Joan Coyle, Rita Goss, Mary Beth Jagger, Jane Merrell and Bonnie Perkins, who took the picture above.

Reservations are limited. They may be obtained by sending checks payable to

Operation LINC to Judy Mathews, 179 Hillcrest Lane, Grosse Pointe Farms, Michigan 48236. All reservations will be held at the door.

The evening's proceeds will benefit agencies being helped by Operation LINC. (Linking Individuals with Needs in the Community), founded in 1971 as a pilot program of the Junior League of Detroit, an independent, non-profit organization since last June. LINC's volunteers coordi-

nate and distribute donated goods and services to community organizations—more than \$128,000 worth of goods to 100 Detroit metropolitan area agencies last year alone.

Barbara Willett is LINC's current president.

## Mothers to March Against Birth Defects

Door-to-Door Campaign to Run for One Week; Many Volunteers Are Needed; Much of Money Raised in Area Stays in Area

Pointers Diane Egan Soloman, Judy Luahiwa, Ethel Zoiad and Stella Craig are serving as key volunteers for this year's March of Dimes Mothers' March on Birth Defects.

The door-to-door campaign opens Thursday, March 1, and will run through the following Thursday, March 8.

It is a nationwide effort: an important source of support for both local and national March of Dimes programs.

More volunteers are needed. The number to call to offer marching services, or for more information, is 864-6000.

Traditionally, the Mothers' March has been held in January, March of Dimes Month, as it was originally launched in Phoenix, Ariz., in 1950.

But the volunteers suggested that a later month might be better, because January weather is inclement in much of the country, so this

year, for the first time, the mothers will march in March.

And not only will mothers be marching. The drive's slogan is "You don't have to be a 'Mother' to March." Volunteers of every kind—students, Girl Scouts, senior citizens, husbands, wives, members of church groups—will be calling on their neighbors, asking their support and informing them of March of Dimes programs.

Because much of the money raised in the area stays in the area, the Detroit Metropolitan Chapter has been able to contribute heavily to birth defects centers such as the C. S. Mott Center at Wayne State University.

It has supplied intensive care equipment for infants

and monitoring equipment for high-risk mothers at major hospitals in the Detroit area.

It has assisted the Sickle Cell and Tay Sachs Clinics and the Spina Bifida Association, composed of parents whose children have open spines.

The chapter gave 60 health career scholarships to area

high school students last year. It is active in genetic counseling programs and provides a Health Department nutritionist as well as local research grants.

The first National Mothers' March chairman was Helen Hayes. She was followed by Jane Wyatt. Opera star Beverly Sills is today's national chairman. Ms. Sills recently

gave a benefit performance in Detroit that raised almost \$40,000 for the Metropolitan Chapter.

The Mothers' March not only raises funds to support research and medical programs but serves as an opportunity to educate the community about the need for better prenatal and perinatal care.

## Aerobic Dancing Fever Rages in Grosse Pointe

Aerobic Dancing Fever continues to spread throughout the Grosse Pointes.

Over 300 women are enthusiastically dancing their way to fitness at nine area classes sponsored by the Detroit Eastside YMCA.

Aerobic Dancing by Jacki Sorensen is a physical fitness sport with two main objectives. Number one is cardiovascular fitness. Number two is to have fun.

The growth of this fitness sport in The Pointe area is representative of Aerobic Dancing's national growth in recent years. Local women are among 40,000 participating in 30 states and several foreign countries.

The success of this program lies in its motto: HAVE FUN! KEEP FIT! Aerobic Dancing is one of the most effective Physical Fitness Programs because it's a sport played for the sheer enjoyment gained during the activity.

Originated in 1969 by Jacki

Sorensen, it is a system of cardiovascular conditioning which strengthens the heart and lungs by forcing the body to demand increased amounts of oxygen over a long period of time. Each one-hour session of Aerobic Dancing includes warm-up and flexibility exercises, a series of vigorous dances and a cooldown period.

Students are taught to monitor their heart rates and calculate the most beneficial and safe working heart rate range.

The routines are choreographed to all types of music, including show tunes, rock, country, disco and old favorites.

Each carefully-tested and scientifically-evaluated session runs 12 weeks. Students may choose to attend a two- or three-times-a-week session.

Because each session contains all new dances, Aerobic Dancing is a lifetime fitness program. Woods resident Gayle Arnold, who is enjoy-

## Cottage Auxiliary Ends Quarter Century

Photo by Mike Buhler

MRS. JAMES E. ST. DENIS, retiring president, brought Cottage Hospital Auxiliary's 25th anniversary year to a grand close by presenting a check for \$30,000, to be used for the benefit of the hospital, to RALPH WILGARDE, Cottage's administra-

tor. The auxiliary, founded by a small group of civic-minded Grosse Pointe women in 1953, has expanded to a membership of more than 400. Auxiliaries put in 5,000 hours of hospital work in the founding year. Over 50,000 hours were logged in 1978.

From the original purchase of an Isolette in 1954 to operating tables and a surgical lounge in 1977, the auxiliary has contributed \$343,000 in equipment and services to the hospital.

Auxiliaries provide Christmas decorations, tray favors for patients, live plant ar-

rangements, magazines and books for public areas. Each baby born at Cottage during the Christmas season is sent home in a Santa stocking which, like the Easter Bunny bunnings now being sewn, was made by a volunteer.

Each year, in June, the auxiliary gives an Ice Cream

Social for hospital employees and staff members.

The auxiliary is always delighted to welcome new members. Prospective auxiliaries may contact Margaret Hutchings, Cottage's director of volunteers, 886-8400, for further information.

A number of Grosse Pointe participants have been bene-

fitting from Aerobic Dancing for three or four years. When asked about class, students speak in exclamation points. Suzie Barbour, a three-day-a-week student, says, "Aerobic Dancing gives a frenzied mother a chance to kick her heels up and dance! Besides being a total fitness program, Aerobic Dancing is a blast—you feel like a Dallas Cowboy cheerleader for one solid hour!"

"It benefits you physically and lifts the slightest trace of depression."

Many women insist they keep coming for the mental therapy. "You lose yourself in the music... it's an emotional release as well as a fantastic way to keep fit."

Kathy Letscher of Grosse Pointe Woods adds, "There's nothing better for relaxation of the mind and toning of the body."

Jacki Sorensen, originator of Aerobic Dancing, began dancing at the age of six. She had extensive theatrical dance training throughout high school before dancing professionally.

She shifted her abilities to choreography while attending the University of California where she obtained her Bachelor of Arts degree. In addition, Jacki Sorensen has done graduate work in exercise physiology.

She originated the Aerobic Dancing concept in 1969 and choreographs all of the dances.

Ms. Sorensen has been a Clinician for the President's Council on Physical Fitness and Sports since 1972. She

has also been asked to serve on the advisory board to The Women's Sports Foundation, a national, non-profit organization founded in 1974 to encourage female participation in athletics.

The foundation will be relying on her expertise as the authority in the areas of fitness and dance.

## 'Bal Masque' to End Month of February

There is a flurry of activity among members of the Alliance Francaise de Detroit as they put their finishing touches to plans for a gala ball to be held Wednesday, February 28, at the Detroit Athletic Club.

The Bal Masque (Masked Ball), is the Detroit Alliance's annual fund raiser, the purpose of which is to extend a scholarship to an exceptional student whose major field of study is the French language.

Costumes will abound at this fun soiree. It will feature music and entertainment by the Frank Koval Orches-

tra, preceded by a copious repast a la Francaise.

The custom of masked balls originated in Catholic countries of Europe as a celebration to mark the last day before the advent of Lent.

The most famous revelries are those observed in France and, here in the United States, in New Orleans, La.

The best-known name for this traditional celebration which culminates in an evening masked ball is Mardi Gras, ("Fat Tuesday"), referring to the antiquated French practice of parading a fat ox through the streets

during the festivities.

The French population of New Orleans organized their first Mardi Gras in 1857. Except during war time, it has been celebrated in New Orleans every year since.

This year's Bal Masque is co-chaired by Mrs. James Merriam Barnes and Mrs. Bernard Mueller.

Other members of the committee include Mrs. Charles Blessing, Mrs. Adolfo Brane, Marcia Eder, Rita Garas, Mrs. Frederic Michels, Mr. and Mrs. Marco Nobili, Mrs. Robert Sillery and Jennifer Tobin.

The bal begins at 6:30

## Tune Music School Pianos

Edward Doerner, of Country Club drive, joined fellow members of the Detroit-Windsor Chapter of the Piano Technicians Guild recently for a day of piano tuning at the Detroit Community Music School.

This marks the eighth year that guild members have donated their time and skills to tune the school's 35 pianos.

The Detroit Community Music School has offered quality music and dance instruction to Detroit area citizens for over 50 years. Last year over 1,000 adults and children participated in the school's broad program of musical services.

share an interest in encouraging promising young piano students, and for the past seven years the school has hosted the guild's prestigious Piano Competition for students in grades seven through 12.

This year's competition is open to students in all Michigan public or private schools and to residents of Ohio and Ontario living within a 75-mile radius of Detroit. Deadline for entry is April 29.

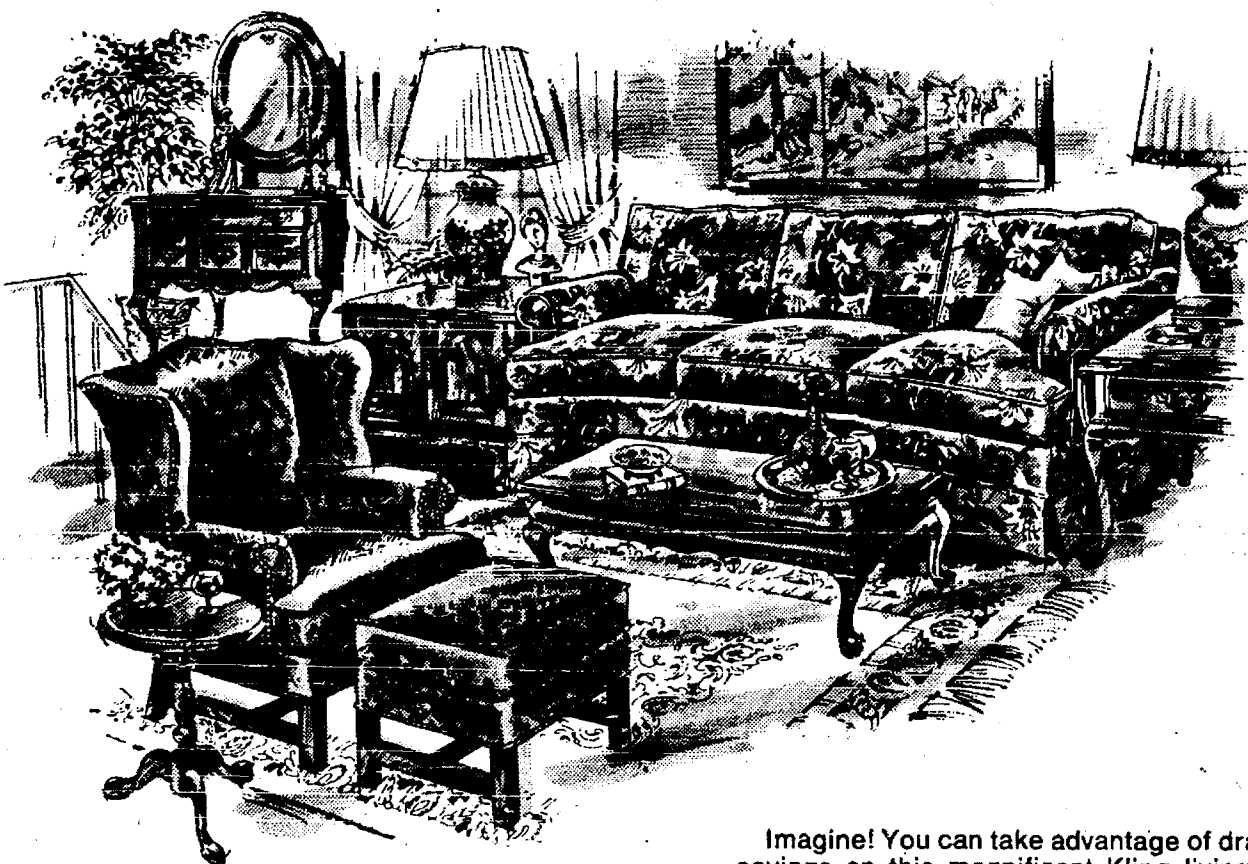

First place winner will be considered for appearance with the Detroit Symphony Orchestra and will receive a \$100 savings bond. Further information may be obtained by calling 831-2870.

Speaker: Jay E. Cantor, Head of American Paintings, Christie, Manson & Woods International, Inc., New York, New York  
When & Where: Thursday, March 8 at 8:30 p.m. in the Henry Ford Museum Theater, Dearborn, Michigan.

## Orchestra Hall's Friends Inaugurate Adopt-A-Seat

Renee Vandewater, Friends for Orchestra Hall president, has announced that Gordon Staples, concertmaster of the Detroit Symphony, and Margaret Winkelman, community cultural leader, have accepted the chairmanship of the Adopt-A-Seat fund raising program at Orchestra Hall.

The program offers individuals the opportunity to have seats renovated in their name or the name of anyone they designate, for a \$100 contribution. A restored seat

from the auditorium is on display in the lobby.

"Since Orchestra Hall began holding concerts," Mrs. Vandewater explains, "the Friends have recognized an urgent need to refurbish its seating. We have the audience. Now, we need the seats."

"Music lovers throughout the Greater Detroit area have a personal stake in the restoration of the hall," Mr. Staples says. "There are very few concert halls in the country — even in the world — that can approach its superb properties."

"It is a thrill for the musician to perform and the audience to listen to a concert in Orchestra Hall."

Mr. Staples adds that there are artists who are anxious to perform at Orchestra Hall but whose following is such that the utilization of the entire hall would be necessary to accommodate the audience they would draw.

Orchestra Hall currently has 1,000 usable, though not restored, seats on the main floor and another 1,200 in the balcony, in complete disrepair.

Jean Pierre Rampal is scheduled for April, Isaac Stern for May," Mrs. Winkelman observes. "Both chose to perform in Orchestra Hall because they feel that only this hall can do justice to their artistry."

"How sad for all the music lovers who will be denied the pleasure of hearing them if the rest of the house is not yet restored! A thousand seats get filled so fast, as recent experiences have shown."

"While \$100 is a considerable sum," Mr. Staples notes, "it is not out of reach of most music lovers who wish to do something for the community. And these contributions are tax deductible, of course."

More than 70 seats have already been subscribed for renovation, according to Mrs. Winkelman, "but with more than 2,000 seats remaining to be renovated, there should be enough to go around."

"This is a people project," Mrs. Vandewater states. "It is for the working people of this community who love music and who want to have a hand in the rebirth of their city."

## Pottery Topic For Fox Creek

Weller Pottery will be the subject for study when the Fox Creek Chapter of Quarters meets next Thursday, March 1, at the Devonshire Road home of Mrs. Robert Priest who has a lovely collection of Weller and will give a paper on the pottery for her guests.

Assisting the hostess at dessert time will be Mrs. Fred Winfield.

Mrs. E. G. Evenden's Rivard boulevard home was the setting for the chapter's meeting this month.

Mrs. Carson Grunewald presented an illustrated talk on Blenheim Palace, and Mrs. Evenden spoke briefly about her recent trip to Sydney, Australia, showing pictures of Paddington, the picturesque, 19th century Sydney area that is currently undergoing preservation and modernization.

Mrs. Eugene Chosy was co-hostess for the February gathering.

## To Marry

The engagement of KATHLEEN G. WISNIEWSKI and Michael C. Dodge has been announced by her parents, Mr. and Mrs. Zenon Wisniewski, of Lochmoor boulevard. A March 31 wedding is planned.

Mr. Dodge is the son of Mrs. Dolores S. Keith, of St. Louis, Mich., and Harold Dodge, of Bay City.

## Pointers Love Aerobics

(Continued from Page 17) Jacki Sorensen visited Grosse Pointe last spring and held a Dance-in at North High School. Over 300 Michigan Aerobic Dancing enthusiasts "hustled," "shuffled off to Buffalo" and "disco lunged" with Jacki.

Aerobic Dancing was introduced to the Grosse Pointe area in the fall of 1974 by Marilyn Smith, formerly of Grosse Pointe.

Ms. Smith, now living in Toledo, is an area manager and a Clinician with Aerobic Dancing, Inc.

She held the first area classes at Saint Lucy's Church. Classes are currently conducted there through the Macomb YMCA.

Two students in Ms. Smith's first class, Jan Gibney and Judy Wagner, became instructors in 1975 and have enjoyed teaching new sessions since that time at other area locations, under East-side YMCA sponsorship.

The five certified Aerobic Dancing instructors servicing the Grosse Pointes are

Jan Gibney, Martha Popovich, Carolyn Skaff, Jane Thimme and Judy Wagner — all Pointe residents.

While fitness is a large part of their lives, these ladies also are involved in family and community life.

Jan Gibney and her husband, Terry, are Park residents. They have four sons. Jan has done school volunteer work and last October worked for the Detroit Free Press Marathon as a volunteer.

Martha Popovich lives in the Woods with her husband, John, and their son. She is an active member of the Grosse Pointe League of Women Voters and is currently on its board of directors.

Carolyn Skaff, her husband, Mike, and their three children also are Woods residents. Carolyn is president of the Brownell P.T.O.

Woods resident Jane Thimme and her husband, Jerry, have three sons. Jane is an American Association of University Women mem-

A Pap test clinic is scheduled there for next Monday, February 26, from 9 to 4:30 o'clock. Appointments may be made by calling 881-2413.

# Old Brands Not Missed.

—National Smoker Study

## Research shows 14 out of 15 MERIT smokers find total "taste" satisfaction.

Low tar MERIT has proven that it delivers the flavor of high tar brands—but can it satisfy smokers *long-term*? A nationwide research effort confirms it.

**Confirmed:** 85% of MERIT smokers say it was an "easy switch" from high tar brands.

**Confirmed:** 9 out of 10 MERIT smokers not considering other brands.

**Confirmed:** Overwhelming majority of MERIT smokers say their former high tar brands weren't missed!

And in interviews conducted among current high tar smokers:

**Confirmed:** Majority of high

tar smokers rate MERIT taste equal to—or better than—leading high tar cigarettes tested! Cigarettes having up to twice the tar.

**Confirmed:** Majority of high tar smokers confirm taste satisfaction of low tar MERIT.

This ability to satisfy former high tar smokers over a long period of time could be the most important evidence to date that MERIT is the first real taste alternative for high tar smokers.
