

SPECIAL ELECTION TUESDAY

HEADLINES

of the WEEK

As Compiled by The
Grosse Pointe News

Thursday, March 8

PRESIDENT JIMMY CARTER, hopeful that a Middle East peace "has come within reach," departed for treaty negotiations in Cairo and Jerusalem. Saying his treaty hopes were "tempered by realism," he reminded the Israelis that eventually he expects a broader peace settlement resolving the Palestinian question. U.S. officials are not ruling out an initialing of a pact on the trip, though they acknowledge too many details remain for Mr. Carter to be able to wrap up a treaty entirely.

Friday, March 9

A \$42.3 MILLION grant will be sought by the City of Detroit for financing its share of two huge downtown development projects, sources close to Mayor Coleman Young said. The projects — a major shopping center on the Kern block and the Max Fisher housing project on the riverfront — have been in the development stage for more than two years. Ground breaking for the shopping center could begin as early as May, it was said.

Saturday, March 10

IN A WILD MELEE on the ice of the frozen Gulf of St. Lawrence, Canadian police yesterday arrested eight American animal lovers who sprayed baby seals with bright red dye to save them from hunters, authorities said. No one was seriously hurt in the fracas. The "save the seals" mission was organized by writer Cleveland Amory and set out last Saturday from Boston aboard a 192-foot converted sailing vessel, Sea Shepherd. Mr. Amory was not arrested.

Sunday, March 11

WITH LITTLE public debate, the Carter administration appears to be shaping a new, tough-line policy to protect "vital" U.S. interests in the oil-rich Persian Gulf. Using emergency provisions of the Arms Export Control Act, the President this weekend bypassed a 50-day waiting period in order to speedily deliver heavy weapons to North Yemen, an Arab state under attack from its Soviet-backed neighbor, South Yemen. It was the first time Mr. Carter used the emergency provision to bypass Congress' weapons sales rules. And top-level officials say the U.S. now is prepared to use military force in the region if necessary to assure the continued flow of oil to the West.

Monday, March 12

PRESIDENT JIMMY Carter failed in a day of intense negotiations Sunday to nail down an Egyptian-Israeli peace treaty. But it will still be too early to tell whether his historic peace mission would pay off. A grim sounding Israeli Prime Minister Menachem Begin hurried to a special cabinet session Sunday night after a state banquet at which he told the President, "We want a real peace treaty. It cannot last a few months or even years."

Tuesday, March 13

SEVERAL CONGRESSMEN called Monday for resumption of a limited military draft and compulsory conscription for all 18-year-olds in the start of the first full-scale debate on the issue since the Vietnam war ended. The debate, which is expected to reach the House floor, centers on legislative demands that the administration deal with critical manpower problems, especially shortages in the reserves.

Group Looking Forward to Bob Hope

Getting ready for a big event are, (from left to right), **LEO KALYVAS JR.**, general co-chairman, **DR. WALTER DIGIULIO**, general chairman, **DR. ALPHONSE GIORDINO**, general chairman, and **ANTHONY GIORGIO**, chairman, dinner committee, who are all smiling over the fact that the one and only Bob Hope will be the star attraction at the Saint John Hospital Guild's 19th Annual Stag Dinner Party. It's slated for Tuesday, May 15, in the Renaissance Ballroom at the Detroit Plaza Hotel. Proceeds will benefit the hospital, in its service to the community, and tickets, at \$150 per man, are tax deductible.

Saint John Prepares for Stag Dinner

Bob Hope Scheduled to Headline Big Event at Detroit Plaza Hotel on May 15

Saint John Hospital Guild will hold its 19th annual Stag Dinner on May 15 in the Renaissance Ballroom of the Detroit Plaza Hotel.

The festivities begin at 5:30, with cocktails and hors d'oeuvres, followed by a four-course dinner at 7:30 p.m.

The entertainment for the evening will be the one and only Bob Hope. The program also will feature "The Dazzlers" and Eddie Santini's Orchestra. Two cars will be presented that evening, a 1979 Grand Prix owned by Jim Causley and a 1979 Plymouth Horizon donated by Hoot McInerney.

Proceeds from the event will help thousands of patients at Saint John Hospital by making possible the purchase of an Electron Microscope which will enhance the hospital's diagnostic capabilities.

In past years proceeds from the dinner helped build Saint John Hospital's Center for Community Health Education, helped purchase a CT Scanner, improve and expand Patient Services and helped establish a Renal Dialysis Program.

Walter DiGiulio, MD, is chairman of the Stag Dinner. Others on this event include Anthony Giorgio, dinner chairman; Leo Kalyvas Jr., co-chairman for reservations, sales and host; and Alphonse (Continued on Page 8)

Business Demands Cause GP City Mayor to Resign

By Susan McDonald
City Mayor John King announced he will step down from office this month in the midst of his fourth term because of increased demands from his legal practice.

The mayor said he will officially tender his resignation at the conclusion of the council's next meeting Monday, March 19. The council will then select a new mayor from its ranks and will appoint a resident to fill the council vacancy through November of this year, when Mr. King's term was to expire.

"My business has grown tremendously over the last few years, and in all fairness, I feel I can't adequately do both jobs any more,"

Park Council Enacts Cab Bond Plate Amendment; Okays Other Cities' Plates

Municipality Opened to Competition from Other Taxi Firms Which It Will Recognize, Regardless of Community Issuance; Owner of Eastside, Inc., Pleased with Action

By James J. Njain
The Park Council on Monday, March 12, did not repeal its Taxicab Ordinance, which would eliminate the practice of the police department's inspection of cabs and the issuance of bond plates each year. However, it did amend the ordinance which leaves taxicab transportation wide open to any firm engaged in the business having bond plates from any community.

The amended law, which goes into effect on Sunday, April 1, means that any cab with valid plates, regardless of community issuance, can be for hire in The Park, allowing drivers to pick up and drop off passenger fares.

The amendment, interpreted by City Attorney Harold Deason, means that The Park will continue to annually inspect vehicles of the Eastside Cab, Inc., the only firm operating in the city and other Pointes, to make sure they are in a good and safe operating condition. The firm is issuing a bond plate for each cab passing inspection at a cost of \$50 per plate.

Expresses Satisfaction
Robert Case, owner of Eastside Cab, Inc., who for the past 32 years has been serving The Park and the other Pointes, expressed satisfaction with the amendment through his attorney Gilbert Metry. The firm owner has had 18 cabs operating in The Park, with Park bond plates.

Under the provisions of the amendment, his cabs bonded by Detroit also can operate under the same conditions that will be made available to cab firms from

other cities, including Harper Woods and Detroit.

"Under the provision set forth in the amendment," said Mayor Matthew C. Patterson, "the cab companies can now operate under competitive conditions, which should be good for the business."

It was pointed out that The Park will not have to inspect vehicles of the firms of other cities because this is done by the respective police agencies. The companies could not obtain bond plates without passing inspection requirements.

The original amendment, as drawn up by the Park Ordinance Committee, chaired by Councilman Douglas Graham, would take The Park out of the bond plate business, which would, in effect, be the death knell of the Eastside Cab firm.

First to Receive
According to Mr. Case, who was present at the first reading of the ordinance amendment at a public hearing held at Pierce Middle School on Monday, February 26, abolition of the issuance of the bond plates would eliminate about 75 percent of his business in The Park and other Pointes.

This, he stressed, would put him completely out of business. (Continued on Page 2)

City Eyes Collection Of Rubbish

Tight Budget Forces Study of Elimination of Backyard Trash Pickups for Curbside; Savings of \$47,000 Eyed

By Susan McDonald
The pressures of a tight budget have forced City council members to consider cutting one of the most convenient of the community's special services — backyard rubbish collection.

The council gave the go-ahead on Tuesday, March 6, to a study aimed at implementing a curbside trash pickup program possibly as early as this spring. The matter will be reviewed by the council again, however, before the new program goes into effect.

While the backyard pickups are convenient, especially for senior citizens, they are costly. City Manager Thomas Kressbach estimates that cutting the program will save the city about \$47,000 a year, an amount equivalent to that raised by about two-thirds a mill in City taxes.

Looking for Ways
By instituting curbside pickups, the city will be able to reduce its work force by two positions, saving about \$35,000, and cut equipment costs for the small, three-wheeled Cushman trucks, by about \$12,000 a year.

The City has been looking for ways to cut costs and improve efficiency since it reached its 20-mill charter tax limit several years ago.

Last spring it narrowly avoided layoffs in the police and fire departments by levying an additional 0.7 of a mill special rubbish tax. Including debt retirement, The City's millage rate is now 22.31.

But any additional tax increases to cover The City's continually rising utility, insurance and labor costs, may be prohibited by the Headlee Tax Limitation amendment, which was approved by state voters last November.

Implementation of Headlee is now in the hands of the state legislature.

"Every indication we have — about state legislation, the Headlee amendment and the national economic scene — seems to show there'll be continued pressure on our budget," Mr. Kressbach told the council.

"We've implemented a public safety consolidation to

Farms, Shores Considering Suit Against WCRC

Battle of Lakeshore Road Continues As GFP Council Requests Its City Attorney to Research Possibility of Legal Action; GPS Solons May Consider Matter on March 27

By David Kramer

It looks as if the Battle of Lakeshore road may end in court after all, as the Farms Council asked its city attorney to research the possibility of pursuing legal action against the Wayne County Road Commission, (WCRC).

A final decision on whether to take the road commission to court is expected to be made by the council at its next meeting, said Carl G. Buzawa, who is researching the matter for City Attorney George McKean.

Shores Village Attorney William Killebrew, meanwhile, acknowledged that Mr. McKean's law firm had asked him whether The Shores would be willing to join in legal action. Mr. Killebrew, however, stated the Shores Council hasn't yet discussed the possibility of a lawsuit.

Wants to Be Sure
He said he assumes the matter will be brought up at the council's next meeting on Tuesday, March 27.

"We have always taken the position we don't want to pay anything," he said. "We pay our bills and we expect the county to pay theirs."

He added, though, he would have to be "reasonably sure of success" before recommending a lawsuit to the council.

Lawrence G. Campbell, representing Mr. McKean, told the Farms Council at its Monday, March 5, meeting that the city's chances of succeeding in a lawsuit "certainly wouldn't be a lay-up."

Both his law firm and Mr. Killebrew's "suffer the same insecurity as to whether we have a good chance," he said.

The city's best chance in a court action, he noted, would be to prove the policy of the road commission was uniformly and wrongly applied throughout the county, rather than trying to prove the county was neglecting its duties.

Opinion Cited
An informal opinion on the matter from Attorney General Frank Kelley, though, stated that a 1964 law mandates the commission to maintain its roads "in reasonable repair so that they are reasonably safe and convenient for public travel."

It also states the law imposes possible liability for (Continued on Page 2)

New, All-Weather Track To Be Built at South High

By Susan McDonald
A \$109,000 all-weather track and new outdoor concession facility were added to this spring's list of building projects at South High School at the Board of Education's Monday, March 12, meeting.

The championship, eight-lane track will be built this summer as workers complete the first phase of construction of an Industrial Arts addition to South High.

That \$2 million project, which will add modern auto wood and metal shops to the school, is expected to be completed late this fall.

The School Board last spring budgeted \$50,000 to repave South's cinder track, but Monday night accepted the low bid of \$107,238 from

Open Field Seen for Board Seats

June 11 Date Is Set for Annual Election to Fill Pair of Vacancies

By Susan McDonald

Two seats on the Board of Education will be up for grabs this June and it appears it will be a wide-open race, with both incumbents choosing not to run for another term of office.

The election date is set for Monday, June 11. The last day for filing petitions for candidacy, which must be signed by at least 35 registered voters, is Monday, April 9.

The terms of William Huettelman and Robert Warner will expire this spring. Both trustees said they do not plan to run for re-election. Mr. Huettelman, a former Woods councilman, has served on the School Board since 1971. Mr. Warner was first elected to the Board the same year.

Different Precincts
Voters will select two candidates to fill four-year terms on the Board from July 1, 1979, to June 30, 1983. The last day to register to vote at local city halls for the school election is Monday, May 14.

Voting precincts for many Pointers will be different this year from past years for school elections only.

The Board last month proposed realigning school precinct boundaries to bring them into conformance with municipal boundaries. The change is expected to save the schools \$7,500 a year in duplicate paperwork costs.

The City, Park and Farms Councils have approved the realignment. The Woods and Shores are expected to okay the move at meetings this month.

Director of Business Affairs Larry Rankens said the school system plans to notify voters of precinct changes before the June election.

GPW Voters To Consider 2 Questions

Council Shares Views on Pair of Tavern Licenses; Cable TV Franchise for Community Also on Ballot

By Roger A. Waha

Woods voters will consider two questions at a special election Tuesday, March 20, with the referendum question governing the issuance of two tavern licenses dominating the advisory question on cable television.

Based upon the successful initiatory petition drive of specialty restaurant owners Charles Moraco and Ronald Serba of Le Cafe Francais, 20311 Mack avenue, and Edward Barbieri and his son, Edward Jr., of Da Edoardo, 19767 Mack, citizens will consider an ordinance amendment providing that the council may approve or signify its approval of the issuance of two tavern licenses in the city.

Tavern licenses permit the serving of beer and wine only, not liquor. The restaurant owners, who have been interested in obtaining such a document for some time, stress the need of being able to serve a glass of wine with their meals, while expressing no interest in serving liquor.

No Guarantee
The Woods could have up to 15 Class C or tavern licenses pending council approval, with the solons most recently giving their okay for a fifth C license in the community by citing Gabby's Restaurant, 19299 Mack.

If the voters approve the referendum question, that's no guarantee that the council will approve the issuance of the tavern licenses to Le Cafe and Da Edoardo, or to any other establishment. On the other hand, if residents nix the question, no such documents will probably be issued.

The initiatory petition drive of the restaurant owners is the third in less than two years. Jack Degriek of Grosse Pointe Woods Recreation, 20422 Mack, and Alex Barty of Gabby's, who were both interested in a Class C license, were successful in their efforts and the council, in each case, signified each business as the most preferred applicant in approving the documents.

And while a majority of the council at past license hearings have expressed favorable feelings toward Le Cafe and Da Edoardo regard- (Continued on Page 6)

GPW Planning Joint Meeting

A planned joint meeting between the Woods Council and the Harper Woods Council was discussed at the regular council meeting in The Woods Monday, March 5.

Councilman Thomas Fahrner suggested that a joint dinner-type meeting be held at the Lochmoor Club within a month so officials could explore problems affecting each municipality. With The Woods acting as host.

When asked if such a session would be open to the public, City Attorney George Callin stated under the "Open Meetings Law" it would have to be.

During the discussion, Councilman John Sabol offered a substitute motion that the session be scheduled but that it be held in The Woods council chambers. His motion was ultimately approved 4-1, with Mr. Fahrner voting "no" and Mayor Benjamin W. Pinkos and Councilman E. D. Grady excused from the meeting.

Mayor Pro Tem George S. Freeman indicated some of the problems which would be viewed include traffic along Brvs drive and Roslyn road affecting both communities, the loosing of water mains and senior citizens housing.

Considering Suit

(Continued from Page 1) personal injury or property damage resulting from inadequate maintenance.

Mr. Kelley's opinion, sought by Rep. William R. Bryant, said that while cities and villages may voluntarily contribute to the resurfacing costs of a county-owned road, "the Wayne County Road Commission is without authority to compel cities and villages to contribute."

The Farms and The Shores have been in dispute with the road commission since 1976, when the cities refused to sign agreements calling for a one-third sharing of the resurfacing costs. Since that time, the cities' requested share has been reduced first to 12 percent, and more recently, to 8 1/2 percent.

Both reductions were due to increased federal participation. Last fall, the county placed Lakeshore road on the top of the priority list for federal funds under the Federal Aid Urban System program. The latest reduction was due to a revised Federal Highway Act, which upped federal funding from 70 to 75 percent of the total cost of the project.

Not Too Concerned

The Farms, then, is now being asked to pay \$12,500 for resurfacing the portion of Lakeshore between Moross and The Shores. The total estimated cost of that project is \$112,500.

The entire portion of county-owned road in The Farms, (from Warner road to The Shores limits), has never been estimated for repair, the commission said. But a "very preliminary estimate" puts the figure at \$465,000, of which The Farms would be asked to pay \$38,750.

Using 1976 figures, The Shores would be asked to pay roughly \$29,000 of a total estimated cost of \$348,000.

That figure applies to the entire county-owned stretch between Vernier road and The Farms' limits.

William G. Sutherland, assistant director of transportation for the road commission, stressed the figures were "preliminary estimates based on a typical mile." He said he wasn't too concerned with the threat of court action, saying it has been determined the commission has a right to request local sharing.

"It, (a suit), would keep their lawyers busy," he said. "They'll probably spend more in lawyers' fees than they would if they participated."

Only Communities

The Farms and The Shores remain the only communities in Wayne County who have refused to participate in the resurfacing of county-owned roads, he said, adding there may be some cities which haven't yet needed such projects for their roads.

Mr. Sutherland said a suit by The Farms and Shores would be the first since the one-third share policy of the commission was adopted in 1975, when increasing costs and a fixed income were blamed for the move.

Several Farms council members have termed the road commission's policy "blackmail" and are afraid that participation in the Lakeshore resurfacing would set a precedent for similar participation in the resurfacing of other county-owned roads, namely Moross road and Mack avenue.

Seven University Liggett School, (ULS), students are finalists in the National Merit Scholarship Corporation's 1979 competition.

The students are among 14,000 Merit Finalists and 1,200 Achievement Finalists in the country who are competing for 4,600 college scholarships.

Finalists in the competition are ULS seniors Adam B. Davis, William P. Fleischmann, Kevin A. Hutchison, Elizabeth F. Jones, Glen W. Kirlin and Noel V. Nevins. Leslie A. Brown is a finalist in the 1979 Achievement Scholarship competition for Outstanding Negro Students.

Trash Collection

(Continued from Page 1) improve our efficiency, but we have to keep searching for new ways to cut costs. In a city our size, there just aren't that many possibilities."

Part of the estimated \$47,000 savings from elimination of backyard trash pickup will be offset by a cutback in federal CETA, (Comprehensive Employment Training Act), funds to the city.

Due to changes in federal rules governing CETA, Mr. Kressbach expects to lose all four of his CETA employees, including two currently employed in the Public Works Department, which handles trash collection.

The same rules will probably eliminate funding of CETA employees—at about \$11,500 per job—in the other Pointes by this October. The Woods will be hardest hit as it currently employs 14 CETA workers, while The Park has six and The Farms, two.

Under a curbside rubbish pickup program, residents would be required to pack their trash in plastic bags, (at least two mils thick), and haul it out to the street sometime after 4 p.m. on the day before collection is scheduled.

Taxi Law

(Continued from Page 1) business, as far as the cab service was concerned. He also runs a mini-bus service and has a contract with the Grosse Pointe School Board to bus exceptional children to various schools. These are not affected by the new amendment.

Mr. Case, a Park resident, is a disabled World War II U.S. Army veteran, and was the first to receive Detroit bond plates for his cabs when he organized his firm shortly after his discharge in 1946. Thirty-two years ago, he applied for and was issued bond plates permitting him to operate in The Park.

The other Pointes do not issue cab plates, but under their respective ordinances recognize Park plates, which allows his cabs to pick up and drop off fares. Cabs from other cities could drop off fares, but were prohibited from picking up passengers.

A petition signed by 90 percent of the business and commercial people in The Park, and by Bon Secours and Cottage Hospitals, plus many elderly residents who depend on the service offered by the Eastside Cab firm, had been presented to the Park Council.

YEPEZ HONORED

Dominican High School junior Ylisse Yopez has been named a finalist in Wayne State University's Manuscript Day competition. Another Dominican student, Lisa Gigliotto, was runner-up in the same competition.

Hawaii Returns To DIA Series

Bicycling humorist Stan Midgley will present this season's second showing of "Hawaii, Isles of Enchantment" for the George Pierrot World Adventure Series at the Detroit Institute of Arts Sunday, March 18, at 2:30 p.m.

United Airlines will fly vanda orchids from Honolulu for each woman in the audience plus four floral arrangements from the Hawaii Protea Cooperative to be presented as door prizes.

Mr. Midgley's excursion through the Pacific paradise takes viewers to Waikiki Beach, Pearl Harbor and Sea Life Park.

The "Merchant of Mirth" also highlights attractions on the central island of Oahu, followed by many more on outlying Maui, Kauai, Lanai, Molokai and the "Big Island" of Hawaii itself, from volcanic craters to a Polynesian-style cattle ranch rodeo.

Mr. Midgley will present two other shows for the World Adventure Series including "Colorado Adventure - 1978," March 25, and "Southern California, Los Angeles to Las Vegas, April 1." For information on those programs write the World Adventure Series, Detroit Institute of Arts, Detroit 48202.

Year of The Child Saluted

The International year of The Child was saluted by Girl Scouts and Brownies on Girl Scout Sunday, March 11. Participants included, (from left to right), MELISSA RUH, DANETTE RUH, MARILYN RUH, leader, CINDY MELLOW and INGRID BAER who were making their sign to carry in a parade showing countries where Girl Scouting is active.

Miss Graham's ace qualified her for the 18th annual Rusty Nail Hole-in-One Sweepstakes, a national competition sponsored by the Drambuie Liqueur Co. of Edinburgh, Scotland.

Girl Scout Sunday Proves Worthwhile Experience

The Grosse Pointes once again proved themselves unique in Southeastern Michigan Sunday, March 11, when the Girl Scouts and Brownies of Neighborhood 114 hosted Girl Scout Sunday at Grosse Pointe Memorial Church.

While Girl Scouts and Girl Guides throughout the world celebrate Girl Scout Sunday individually or with their troops, the Grosse Pointe neighborhoods are the only ones in this area of Michigan to take it upon themselves to celebrate with each other.

It is a large task requiring months of planning and preparation, leaders say.

Neighborhood 114 is comprised of the 20 Girl Scout and Brownie Troops at Kerby, Grosse Pointe Academy, Saint Paul and Monteith Schools, plus the senior-level troop sponsored by the Grosse Pointe Congregational Church.

These girls and their leaders, under the direction of Agnes Kay of Balfour road, worked together to present a program that celebrated the Five Worlds of Scouting with song and inspiration.

The festivities started with a salute to the International Year of The Child, and the countries throughout the world that have Girl Scouting were represented by a parade of signs which had been made by the troops.

Annamarie Monahan of Senior Troop 385 introduced the program and Elizabeth Brazili from Saint Paul spoke about the World of The Arts. Stephanie Smith of Monteith continued with the topic World of The Out-of-Doors, followed by Kathy Herrinton from Kerby School with World of People.

The Worlds of Well-Being and Today And Tomorrow were explained by Laura Timmis of the Academy and Temior Scout Suzanne Clark. These presentations were a composite of each troop's feelings about what the Girl Scout Worlds meant to them.

Wendy Millies from Monteith also spoke about the Juliette Low World Friendship Fund.

The ceremonies were extremely well received and the warmth of the occasion was evident in the enthusiastic singing to the organ accompaniment of Leslie Sanders.

Dear Grosse Pointe Woods Residents:

We need your vote on March 20, 1979 approving the beer and wine licenses (no liquor) for the city of Grosse Pointe Woods.

In our fine dining restaurants we serve entrees which should be accompanied by the correct wines. In order to do this we need your help, just as you helped us in our successful petition drive this past December.

Each of us our own property and buildings. We have a combined residency and business experience of over 40 years in the city of Grosse Pointe Woods. We want to continue in business here in a qualitative manner.

Naturally we are proud of our establishments and elated at the compliments paid us, by you, our patrons. However, without a glass of wine we cannot exist.

"A meal without wine is like a day without sunshine." Please help us add some sunshine to your life.

New Track

(Continued from Page 1)
 South High Principal William Mogk was thrilled with the Board's approval of the new project.
 "This will be a first-rate track. It'll allow us to have a full track program and to host just about any major league meet," Mr. Mogk said.
 "We're at a point here where we're bringing South High into the 1970's with the new Industrial Arts building, all the plaster and repair work on the inside and the new track. I couldn't be happier."

The expanded track will encroach upon the school's baseball field, according to Mr. Mogk. That will force the school's varsity teams to move to another field, probably Elworthy, for their games, he said.
 School Board Trustee Robert Warner voted to approve the track project, stressing that it is not just a facility to benefit varsity track teams at South.

"The track is an integral part of our physical education program; a thousand kids will use it, not to mention all the joggers from the community who are out there pounding the cinders every morning," Mr. Warner said.
 "There are a lot of miles for a lot of people to get out of this project."

In addition to the track, the South athletic field will get a new concession stand this summer, to be financed in part by a \$10,000 gift from the South Dad's Club. The concession stand will cost the schools \$15,000. The facility will be similar to one recently constructed at North High School with financial help from that school's Dad's Club.

Director of Support Services Ben Zenn said the new track will be ready for use by next fall.

Students Join History Day

Sixteen students from North High School last month attended a special History Day at Eastern Michigan University, sponsored by the university's history faculty for students from high schools throughout the state.

Part of the day's program was an examination in history given to those who wished to participate.
 Wendy DePalma, a junior at North, won first prize for all juniors tested in United States History. She was presented with a book, "The Encyclopedia of American History."

King Resigns

(Continued from Page 1)
 The City Council on Tuesday, March 6, approved the purchase of a new, yellow-and-white fire truck in the amount of \$75,942 from Emergency One Co.

The firm's bid was the highest of two received for the new pumper. The council turned down FMC Corp's bid of \$74,820 because of Emergency One's shorter delivery time and certain other features that officials liked on the Emergency One truck, according to City Manager Thomas Kressbach.

The new, aluminum truck will pump 1,250 gallons of water per minute, and will have a commercial chassis with semi-custom body. Administrative Assistant Lee Birmingham said that only two firms came through with bids on time even though five firms were contacted.

Part of the cost of the new vehicle, \$22,500, will be covered by The City's 1978 Community Development Block Grant allocation.
 Company officials promised to have the new truck on the road within 90 working days.

Other council members also expressed disappointment over Mr. King's resignation.

"He's done a tremendous job as mayor," said Councilman Lorenzo Browning. "Jack had the foresight to see what was coming up and take steps to avoid any problems before we encountered them."

The job of mayor, like the council, is an unpaid position, and City Manager Thomas Kressbach pointed out it takes a hefty commitment of personal time and energy.

"He's a fine guy to work with," Mr. Kressbach said. "I've always had a good personal working relationship with him and I'm most appreciative of what he's done for the community."

Councilman Arthur Fetters agreed, saying, "The community owes him a great debt of gratitude for the job he's done."

FARLEY APPOINTED

The appointment of James T. Farley Jr., the son of Mr. and Mrs. James Farley Sr. of Colonial road, as executive producer, Radio News, NBC News, was recently announced by Jo Moring, vice-president, Radio News, NBC News, to whom he reports. In his new position, Mr. Farley is responsible for the quality and content of NBC Radio News programming. Prior to this appointment, he had been manager, NBC Radio News, since May 1977. From March 1976 until May 1977 he was Manager, News Programs, for NBC Radio's News and Information Service, (NIS).

Cinema League Visits Portugal

Ester Porter will present "Portugal Mosaic" at the Monday, March 19, meeting of the Grosse Pointe Cinema League in the War Memorial's Friars auditorium, 32 Lakeshore road, at 8 p.m.

This super-8mm color movie was filmed on an 1,800-mile photographic tour of a scenic country which is only a little larger than the state of Maine.

In Lisbon, the narrow is taken through the narrow, winding streets of the Alfama, the city's oldest district, formerly inhabited by the Saracens. The busy fish market and the Hieronymite Monastery, considered the jewel of Manueline art, are the jewel of style which reflects the Portuguese love of the sea, also is shown.

In near-by Sintra the Pena Palace, where Portugal's last king, Manuel II, lived until he was forced to flee the country in 1910, is visited.

A stop is made at the picturesque fishing village of Cascais. According to local legend it was a fisherman from this town who discovered America 10 years before Columbus.

Traveling north historic Nazares, whose inhabitants claim to be descendants of the Phoenicians, is presented.

A visit also is paid to Oporto, the center of the port wine industry. In the countryside, the viewer stops at a forest of Atlantic pine to watch resin dripping into small pots attached to the trees.

Among rural scenes of special interest are a shepherd wearing a lamb's wool greatcoat as he herds his swine and a young shepherd playing his flute as he oversees his flock.

After reaching the northernmost point of Portugal's western coast, the viewer goes inland to the beautiful southern coast known as the Algarve, held by the Moors until the 13th century. Here scenes at Praia da Rocha and other beautiful resort areas are pictured.

The public is invited to attend the program without charge. A reception for members and their guests will follow the presentation.

GPW Considers Amending Law Governing Businesses

By Roger A. Waha

An ordinance amending the city code and viewing the number and types of businesses in The Woods will be considered by the council at its regular meeting Monday, March 19.

The council approved the measure for a first reading on Monday, February 26, after the Planning Commission at its January 23 meeting approved several changes in the maximum number of business, commercial, professional and service establishments in the community. Besides some changes in maximum numbers, other classifications were deleted and new ones added.

While the measure cleared its first reading hurdle without change, the council may still make any adjustments it deems necessary on the 19th.

Approved Planning Commission changes included, according to City Administrator Chester E. Petersen, the following: banks, savings and loan, stockbrokers and financial institutions, from eight to 12, with such a classification being encouraged for its high tax base; beauty salons, from 19 to 17; and beer, wine, liquor and party stores, from four to two.

More are business and professional offices, from 100, an amount the city is now over, to 120; drug stores, from six to eight; and medical and dental offices and clinics, from 70, (there is almost 80 now), to 85.

Deletions included new car dealerships and cocktail lounges, with the latter being classified under restaurants serving alcoholic beverages, five. Other restaurant categories are carry out only, maximum of four, and internal seating, maximum of 10. The Children's Home also is now in a new classification all to itself.

The original ordinance was drafted and approved in the early 1970's toward giving officials some control toward limiting the types and growth of various businesses.

In noting the objectives of the ordinance, Councilman George S. Freeman felt changes were now being made toward accommodating various businesses, which he indicated could defeat the original purpose of the measure.

Councilman John Sabol questioned how the measure would be enforced, asking if there would be problems in this respect?

"Similar ordinances have been held constitutional in California," said City Attorney George Catlin, who felt it's enforceable while noting, in this respect, it must be

helped in with the general health and welfare of the city.

Mr. Sabol, in expressing some concern over the sale of alcoholic beverages at a variety of establishments, and ensuing restrictions for some but not others, said the measure was "a useless ordinance," which could be expanded or contracted at the will of the council.

In fact, he felt the council might be left open to appeals or prosecutions of all kinds from people who feel it's too restrictive or not restrictive enough, he added.

"To my knowledge, there is no case decision in the state on this type of ordinance but I've seen cases in California," reiterated Mr. Catlin. The city attorney also noted that the needs of a community change over the years, with the Planning Commission currently immersed in a proposed land use plan.

On any potential court test of such an ordinance, Mr. Catlin focused upon one test as being the reasonableness of a relationship of a particular restriction to the needs of the city. Overall, he felt, the courts would find it constitutional, although it might be deemed unreasonable in a small minority of categories.

For his part, Councilman Robert E. Novick wanted specific criteria for all categories and their numbers and wanted to avoid an additional expansion of categories in the future if possible.

Meanwhile, Councilman E. D. Grady wanted to have a quarterly update of such numbers to keep a better eye on the total situation.

Two Holdups Occur in GPF

Robbery incidents of the Apparent Track took place in The Woods during a four-day period, with both occurring along Mack avenue.

Farms police took a report of an assault from a Roseville man, Jack R. Asman, who said he was mugged behind Pipers Alley, 18696 Mack, early Friday morning, March 2. He said he was getting into his truck when two men jumped him, hitting him over the head with pistols.

He received head wounds requiring a total of 23 stitches to close, police said, and in return was able to slash the chest of one of his attackers with a carpet knife he carries for his business. Taken from him was about \$150, he told police, plus his license and stereo tapes from his truck.

The man described his assailants as black and about 6'2" tall.

Clark Taylor of St. Clair Shores said he was leaving Josef's Fashion Door, 18546 Mack, via the back door on Monday, March 5, when a man knocked him down, grabbed his briefcase and ran down the alley.

The case contained papers, an electronic calculator, and a check book. The man's attacker was described as white, between 6' to 6'2" tall, with blond medium length hair. He had a husky build and was wearing a blue parka, he said.

Lifesaving Classes Set

The Department of Community Services of the public school system will offer three classes in advanced lifesaving this spring.

Beginning in late March the seven-week courses will be held on Monday evenings at Pierce Middle School, 15430 Kercheval avenue, Tuesday evenings at South High School, 11 Grosse Pointe boulevard, and Thursday evenings at Brownell Middle School, 260 Chalfonte road.

Persons enrolling in the classes must be 15 years of age or older and capable of passing a preliminary swimming test. Each class is limited in enrollment, and registration will be taken on a first-come, first-serve basis.

For further information or to enroll call the Department of Community Services at 343-2012.

St. Pat's Day Disco Slated

A free "Discoiture," an evening of disco dancing and demonstrations plus a fashion parade of disco styles from Jacobson's and Ups and Downs of Eastland, will be staged in the War Memorial's Crystal Ballroom, 32 Lakeshore road, March 17, St. Patrick's Day.

This evening is a complimentary one in connection with the War Memorial's 1979 Family Participation Campaign. It is aimed both at the young adults, married and single, and the more mature who are young in heart.

Ricky Dove will get the evening started and everybody "loosened up." The first disco style show will feature the two men's and women's disco fashions from Jacobson's modeled by couples from Mr. and Mrs. Ted Forrest's disco classes at the Center.

Following this first show, the Forrests will demonstrate the Manhattan Hustle and everyone will disco down until the break when Paddy's punchy punch will be available to add to the congeniality.

After the break, a second all female disco style show will be staged by Eastland's Ups and Downs using their own models. Then the lights will flash and the beat will heighten for a good St. Patrick's Day climax.

Chuck Chrisman is rigging a super light and sound extravaganza for the evening. Free tickets for the affair should be picked up in advance at the Center's office.

Sale Benefits Senior Center

The Village Club's craft class plans to hold a White Elephant Sale and Flea Market this spring to raise funds for a senior citizen addition to the Neighborhood Club, 17150 Waterloo avenue.

Donations of appropriate articles for the sale, (no clothing or footwear will be accepted), may be made at the Neighborhood Club in care of Jon Austin.

DOES GROSSE POINTE WOODS NEED ADDITIONAL LIQUOR OR TAVERN LICENSES?

CONCERNED CITIZENS SAY "NO"!!!

VOTE TUESDAY, MARCH 20, 1979

WHY?

Our city now has (5) five "C" establishments on Mack — IF APPROVED, the total will be (7) seven facilities for dispensing alcoholic beverages.

The increased traffic flow will require an expanded police department resulting in an INCREASE of your city property taxes.

The addition of BARS will not enhance your property values.

Our city will receive little, if any, additional tax revenues by granting additional licenses.

State Liquor Control Commission rulings indicate that our city could have a maximum of 15 licenses which would be located on a 2-mile strip of Mack.

IS THIS WHAT YOU WANT?

Special Election in GPW March 20

(Continued from Page 1) ing tavern licenses, that's no total indication that the solons, upon a favorable vote, will cite the restaurants.

All Respond

The council has recently indicated some exhaustion over the initiatory petition process. In an informal poll conducted by the NEWS to clarify any doubts as to where each official stood on the tavern licenses question, this feeling was apparent in some cases.

At the same time, if some members were weary and/or concerned over the process, a majority of the council did express some sympathy for the two specialty restaurants.

Each member was asked how he would vote on the tavern licenses question on the special election ballot, and all councilmen responded.

Mayor Benjamin W. Pinkos — While saying he would vote "no" on the question, he stated if the people vote "yes" he would seriously consider only Le Cafe and Da Edoardo, despite what he felt were parking problems at both restaurants.

"I would have to concern myself with the proper amount of parking for the two applicants," said Mr. Pinkos, who noted once a tavern license is issued there's no control over the selling of the businesses, hours of operation, et al.

(The owners have given no indication of selling their businesses, while previously stressing the contributions their businesses have made in the community, and their hope to continue in this direction.)

beer and wine, documents in this case, Mr. Sabol called the tavern license "a tempered down C license."

The councilman said the owners can reapply, if granted tavern licenses, for a C license at a later date. (This is possible, according to City Attorney George Catlin, but only if the entire initiatory petition process ensues once again, with the council having the final say.)

(It also should be reiterated that the restaurant owners have told the NEWS that under no circumstances do they want to serve hard liquor at any time.)

Mr. Sabol also indicated an uneasiness over the entire process, including Mr. Catlin's legal opinion to the council on the upgrading issue.

Mr. Catlin told the council that a tavern license may be upgraded to a C license only upon the approval of the local governing body. It cannot be upgraded or changed into a C document without amending the city's ordinance by a vote of the people and approval by the council.

Mr. Sabol added he felt that any additional licenses wouldn't be a benefit to the city.

Councilman Robert E. Novitke — While saying he has some reservations both ways, he stated he wouldn't oppose the issuance of two tavern licenses if they remain as such.

While not 100 percent certain, Mr. Novitke said he would vote in favor of the question in considering both Le Cafe and Da Edoardo.

Stating he has been to both restaurants, he felt the serving of wine for such eating establishments, or like businesses, was fine.

Councilman Thomas Fahrner — While saying both Le Cafe and Da Edoardo were two "really nice places," he said he would vote "no" on the question.

"I don't think we need any more licenses in our city," he stated, while expressing some concern over the floodgates opening up if further licenses are issued.

"I've had it with the total process and it would be hard to convince me even if there's a 'yes' vote, (from citizens), to vote in favor of tavern licenses," he added.

"I won't tell you how I'll vote but I'll say how I feel," he stated.

Mr. Grady said he believes there's a need to have under state liquor licensing requirements a way of providing specialty restaurants with a non-transferable tavern license, which cannot be upgraded, to provide table service.

Nice Additions

Sympathetic to the needs of specialty restaurants, he said he has been working with Sen. Harry DeMaso and Rep. William Bryant to press for such legislation, while recognizing potential odds against it in eying liquor and restaurant lobbies.

Indicating both Le Cafe and Da Edoardo are nice additions to Mack avenue, Mr. Grady felt the parking situation wasn't too severe in considering the evening use of both establishments when Mack and nearby metered parking is generally open. (Da Edoardo, for instance, currently opens only in the early evening.)

On the proposed legislation, Sen. DeMaso, in a letter to Mr. Grady, said Senate Bill No. 1687, providing limited beer and wine licenses, is in the process of being prepared by the Legislative Service Bureau and will be introduced in the near future.

In further exploring the legislation, Rep. Bryant, who said he has been in contact with Mr. Grady, said it looks at a new kind of beer and wine license for restaurants — one which is limited, isn't transferable and cannot be upgraded to a Class C document.

He felt the idea behind such legislation is that a number of communities might be reluctant in creating a "marketable commodity" such as a liquor license.

On Cable TV

Rep. Bryant also felt the proposal would be reasonable and helpful in assisting some businesses, while adding the bill will probably be introduced in a matter of weeks.

Mr. Grady, in expressing his appreciation to both Rep. Bryant and Sen. DeMaso for recognizing the needs of The Woods and other communities, felt such pending legislation would be beneficial and helpful to cities and to individual establishments.

On the cable television advisory question, voters will be asked, "Should the city council proceed with an investigation and possible authorization of a cable television franchise which would provide for installation of a cable network, at no cost to the city, and a voluntary subscription fee to the individual user?"

The council earlier this year received communications from two different cable television companies, with one company representative giving a presentation, regarding any interest officials might have in having such a system in the city.

As a result, the council decided to place this question on the ballot to obtain citizen input on the matter.

Polls will be open from 7 a.m. to 8 p.m.

"Unfair Question"

If tavern licenses are issued and we can contain parking, great, the mayor said, "but I don't know how we can do it." Once a license is issued, he indicated the city can no longer control parking.

"I would prefer to see Le Cafe and Da Edoardo above any and all others," stated Mr. Pinkos, while saying the parking problem was a tough one.

If the parking problem can be solved and the people approve the question, the mayor felt there would be no problem in issuing the licenses.

Councilman George S. Freeman — He felt this was an "unfair question of the press to ask," saying the public is the one who will decide. "For me to try to influence the people by the way I vote, it's not fair."

Mr. Freeman also stated the public hearing, with a variety of information being brought out, will be an important factor, while noting he doesn't know what will happen until this matter is discussed in the council chambers. "There are so many, many factors," he added.

Councilman John Sabol — In past council votes citing both GPW Recreation and Gabby's as, respectively, the most preferred applicants, he has voted "no."

Like Mr. Freeman, Mr. Sabol wondered if this was a correct question for the press to ask, and subsequently said he would vote "no."

Upgrading Issue

"We need no additional C licenses," he stated. When it was mentioned that voters are considering tavern, i.e.,

beer and wine, documents in this case, Mr. Sabol called the tavern license "a tempered down C license."

The councilman said the owners can reapply, if granted tavern licenses, for a C license at a later date. (This is possible, according to City Attorney George Catlin, but only if the entire initiatory petition process ensues once again, with the council having the final say.)

(It also should be reiterated that the restaurant owners have told the NEWS that under no circumstances do they want to serve hard liquor at any time.)

Mr. Sabol also indicated an uneasiness over the entire process, including Mr. Catlin's legal opinion to the council on the upgrading issue.

Mr. Catlin told the council that a tavern license may be upgraded to a C license only upon the approval of the local governing body. It cannot be upgraded or changed into a C document without amending the city's ordinance by a vote of the people and approval by the council.

Mr. Sabol added he felt that any additional licenses wouldn't be a benefit to the city.

Councilman Robert E. Novitke — While saying he has some reservations both ways, he stated he wouldn't oppose the issuance of two tavern licenses if they remain as such.

While not 100 percent certain, Mr. Novitke said he would vote in favor of the question in considering both Le Cafe and Da Edoardo.

Stating he has been to both restaurants, he felt the serving of wine for such eating establishments, or like businesses, was fine.

Councilman Thomas Fahrner — While saying both Le Cafe and Da Edoardo were two "really nice places," he said he would vote "no" on the question.

"I don't think we need any more licenses in our city," he stated, while expressing some concern over the floodgates opening up if further licenses are issued.

"I've had it with the total process and it would be hard to convince me even if there's a 'yes' vote, (from citizens), to vote in favor of tavern licenses," he added.

His Timing

Councilman George Cueter — "I haven't made up my mind," he said, while noting the timing of the election was poor and that it's a burden on the taxpayer to pay for a special election, (priced at between \$2,000 to around \$4,000).

If the voters approve the question, stated Mr. Cueter, "I would have no objection to maybe voting in favor of issuing tavern licenses to Le Cafe and Da Edoardo but they have a lack of on-site parking."

He also said both are "super great restaurants which meet the needs of those who enjoy that type of food." (French cuisine with Le Cafe and Italian cuisine with Da Edoardo.)

In admitting he had earlier stated he would have no objection to those types of businesses having a tavern license, Mr. Cueter criticized city officials of the past for the parking situation along Mack through the years.

THERE IS SOMETHING NEW IN OUR MEATS!

Our MEATminder gauge helps you serve tastier roasts and save money, too.

The MEATminder gauge we put in our roasts keep you from over-cooking them, shrinking them and wasting money. MEATminder pops up when roasts are cooked to their plump, juicy best. More meat to serve, better meat to eat. Another way we help you eat better for less.

Free booklet at our meat department.

Pick up your copy next time you're in. Tells all about our new MEATminder gauge and how it helps you cook better roasts.

Another way we help you eat better for less.

MEATminder Gauge in our meats doesn't change anything you now do. It simply tells you when meat is cooked to perfection.

beer and wine, documents in this case, Mr. Sabol called the tavern license "a tempered down C license."

The councilman said the owners can reapply, if granted tavern licenses, for a C license at a later date. (This is possible, according to City Attorney George Catlin, but only if the entire initiatory petition process ensues once again, with the council having the final say.)

(It also should be reiterated that the restaurant owners have told the NEWS that under no circumstances do they want to serve hard liquor at any time.)

Mr. Sabol also indicated an uneasiness over the entire process, including Mr. Catlin's legal opinion to the council on the upgrading issue.

Mr. Catlin told the council that a tavern license may be upgraded to a C license only upon the approval of the local governing body. It cannot be upgraded or changed into a C document without amending the city's ordinance by a vote of the people and approval by the council.

Mr. Sabol added he felt that any additional licenses wouldn't be a benefit to the city.

THE COTTAGE HOSPITAL OF GROSSE POINTE

Our 60th Year as a Community Service Hospital

—progressive... dedicated...
a full medical service facility
... proud to be part of the Grosse Pointe Community

The Emergency Room is staffed 24 hours daily by a physicians' group especially trained in emergency medicine, including cardiac care.

In 1978, Cottage Hospital completed the renovation of the original permanent building built in 1928.

Many of Cottage Hospital's more than 400 Auxiliaries volunteer their time through patient services and other guilds.

Nursing care at Cottage Hospital means being concerned for the needs of the individual patient.

Nearly 500 area residents were tested last year during the respiratory function clinics.

A new learning disabilities program for both children and adults recently began in the speech therapy department.

The executive diagnostic clinic was established to provide businessmen and women with a comprehensive series of examinations for annual physical check-ups.

The Stroke Club provides emotional support and methods of self-help to stroke patients and their families following hospitalization.

Each year, hundreds of prospective parents learn advanced methods of childbirth preparation at Cottage.

The summer student orientation program provides an "inside look" at hospital careers for undergraduate college students.

Grosse Pointe public high school students can receive nurses' aide and orderly training each summer through the medical co-op education classes.

Ralph L. Wilgarde, Administrator; Henna A. Kennedy, R.N., assistant administrator

Sixty years ago, a small hospital opened in a cottage on Oak Street, now Muir Road, during a severe influenza epidemic. The birth of Cottage Hospital, it was also the beginning of Cottage's tradition of service to the Grosse Pointe community.

From the hospital's work as the local distribution center for penicillin in the early 1940's to its service after World War II providing hometown care for the war-wounded—from its early development of a local blood bank to its designation by Civil Defense in the early 1960's as a hospital equipped for disaster relief — Cottage has endeavored to focus on the needs of our community.

Today, with a medical staff of 350 and more than 700 employees, Cottage is a 200-bed general hospital with a program for community outreach and a plan for meeting the needs of the community.

Each year, hundreds of community residents participate in the hospital's many clinics, classes, and health related activities such as the Alcoholics Anonymous and its satellite groups, Al-Anon and Al-A-Teen which hold their meetings at Cottage Hospital. The hospital's psychiatric department is the largest facility of its kind in the north eastern suburbs. It works closely with other mental health and family agencies in the community.

Responding to the emergency medical needs of our area, Cottage's Emergency Room is staffed 24 hours daily by a physicians' group especially trained in emergency medicine, including cardiac care.

In addition, Cottage Hospital provides outpatient services in speech therapy, x-ray, physical therapy and occupational therapy.

At Cottage Hospital, the dedication of our employees, the continual self-audit of our medical staff, and an attitude of caring for the individual needs of the patient, are important factors in Cottage's service to the community.

As Cottage Hospital enters its next decade, we assure you that those qualities of patient care which have earned a good reputation for Cottage in the past, will not be lost as we continue to meet the needs of our community family. Maintaining a high standard of medical and nursing care, we will continue to make every effort to contain the rising costs of hospitalization which confront all hospitals today.

It is an honor to serve and be a part of the Grosse Pointe and the greater north-eastern suburban communities.

Farms Reports Brownell B-E

An unlocked window was used to gain entry to Brownell Middle School, 260 Chalfonte avenue, Monday evening, March 5, and the culprits made an unsuccessful attempt to pry open a walk-in safe.

Assistant Principal Frederick Baker's office was broken into by smashing a plate glass door window, police report. A radio and typewriter in the room were damaged, and the desk was upset.

Police have no suspects in the case, although they were able to take a partial footprint at the scene.

High ideals are all right, but don't try to force all of your acquaintances to accept them.

Trio to Face Circuit Court on B-E Charges

Three Detroit men, who are charged with breaking and entering with intent to commit larceny, have been bound over to Wayne County Circuit Court for trial for their alleged involvement in the break-in of Lochmoor Jewelers, 20926 Mack avenue, early Sunday morning, February 25, reported Woods police.

Det. Charles Philip Hamel also reported that Hudson is being charged with receiving and concealing stolen property over \$100 based upon his alleged involvement in the first of two break-ins at the Alaska Fur Factory, 19525 Mack, on Wednesday, February 21.

The detective said the suspect wore a fur coat allegedly taken from Alaska during his Woods hearing and was then promptly charged with receiving and concealing. He was arraigned on this charge Friday, March 9, and bond was set at \$5,000. His exam is scheduled for Wednesday, March 21.

This action was taken at the Woods Municipal Court examination of Raymond Ivey, 25, of Tuller street, Keith Garette, 24, of Wildemere street and Michael Dennis Hudson, 19, on Wednesday, March 7.

Both Ivey and Garette are out on a \$10,000 bond, while Hudson is being held in the Wayne County Jail in lieu of \$20,000 bond and on a parole hold. Their pre-trial hearing is set for Thursday, March 22.

Classes meet Tuesdays, Wednesdays and Thursdays in the Terrace room of the Center, 32 Lakeshore road. Parents can choose a morning or afternoon session from 9 to 11 a.m. or from 1 to 3 p.m. Children attending two days a week pay a tuition of \$96, while those attending three days a week pay \$144. Both classes require a \$3 material fee, and the term is 12 weeks in length.

Starting June 18 through September 1, instruction will be given in Camp Number One, beginner-intermediate, from 11 a.m. to 12 noon; Camp Number Two, advanced, from noon to 1:30 p.m.; and Camp Number Three, expert, from 1:30 to 3 p.m. The cost is \$2.50 per hour.

Another innovation for winners of the second competition will be a workshop where the playwrights will have the opportunity to work with directors and actors in preparation for possible revisions for showcase productions.

Cottage Holds Pediatric Tours

A special children's tour of Cottage Hospital, designed for pediatric patients who are scheduled for admission within 30 days, has begun at the hospital.
Designed to help alleviate a child's fears of unfamiliar surroundings while a patient, the program also helps make hospitalization an easier burden for parents by acquainting them with hospital facilities available for their child's convenience.

Michigan. The program features Fred Rogers, J. Mister Rogers' Neighborhood, a public television program.
The hospital pediatric patient program is held on the second and fourth Saturday of the month beginning at 1 p.m. Youngsters and their parents tour the facilities and meet the people in the admissions and laboratory departments.

They also learn the location of the operating and recovery rooms, and each child is allowed to sit on a recovery room cart. The balance of the program consists of the video presentation and refreshments.

Ralph Wilgarde, administrator, said children are encouraged to ask questions about the hospital and the health care professionals they will meet while patients.

While at the hospital, families learn about the children's play area, a special kitchen designed for ambulatory patients and a bookcart that makes daily rounds with juvenile selections. To their delight, children also learn that as patients they are eligible for a small gift from the "treasure chest."

Reservations for the Saturday tours for pediatric patients are necessary and can be made by calling 884-8600, ext. 2315.

Van, Pick-Up Owners Polled

Do owners of vans have more fun than owners of pick-up trucks? There is no exact answer, because the question was never asked.

However, the Michigan secretary of state did ask owners of both vehicles many other questions during a recently completed survey covering operation of all motor vehicles in Michigan.

The analysis of pick-up trucks and van ownership and usage was part of a comprehensive effort by the secretary of state to study motorists' behavior driving habits and mileage driven to improve the capability of the department to identify problem drivers and develop new programs to help curb accidents.

A report from the survey, presented to the Society of Automotive Engineers convention Thursday, March 1, in Detroit, shows owners of pick-ups and vans drive considerably more than the average, although not all of their driving is done in these vehicles.

Pick-up owners average 44 miles of driving per day and van owners average 39, while the average for drivers of other vehicles is only 25 miles per day.

Other facts revealed in the study show the following:

- Most owners of vans and pick-up trucks are male.
• Owners of both types of vehicles have slightly worse than average driving records.
• Operators of pick-up trucks did more driving on rural roads than drivers of other vehicles.
• Vans are driven more for social and recreational activities than other vehicles.
• Usage of vans is highest among 25- to 35-year-olds and 55- to 65-year-olds.
• One third of all households with children have some use of a van or pick-up truck.
• One sixth of all drivers living alone have some use of a van or pick-up and half of these "singles" use the van or pick-up as a second vehicle.

Cottage Eyes Volunteers

Volunteers are needed now at Cottage Hospital to work with patients in the hospital's horticultural therapy program.

Mrs. Margaret Hutchings, director of volunteer services, said both men and women are needed who have an interest in plants and who would like to share that knowledge with patients.
"There are no special skills involved, however, we are seeking people who like to work with others in a group setting."

For more information about volunteer opportunities at Cottage, contact Mrs. Hutchings at 884-8600, ext. 2455, between 8 a.m. and 4 p.m. Monday through Friday.

Special Music Planned at P&J

Beautiful music, recreated in a traditional candlelight setting, followed by a wine and cheese party for the audience and musicians, is becoming a Pointe tradition at the Punch and Judy Theater's current chamber music series.

The next concert in the series will be on Tuesday, March 20, at 8 p.m. and will feature special guests Chris Birn, guitar, and Douglas Cornelson, recorder. This promises to be one of the most attractive events in the series by "Solisti Barocchi," a five member chamber ensemble made up of Detroit Symphony Orchestra musicians. Pointer Faith Foster is the group's soprano.

Mr. Birn, in addition to appearing with many fine chamber ensembles and performing numerous solo recitals, also extends his performance to jazz and contemporary idioms. He is on the faculties of both Oakland and Wayne State Universities.

Meanwhile, Mr. Cornelson has been a member of the Detroit Symphony Orchestra

since 1970 where he plays clarinet and he has appeared at the Brunch with Bach series as recorder soloist. He also is a member of the music faculties of both Oakland and Wayne.

The management of the theater, 21 Kercheval avenue, is hoping for a larger than ever turnout for this concert, partly because of the appeal and popularity of the two featured instruments, the guitar and recorder, and also because an awareness of the chamber series at the local landmark has been growing steadily.

Attendance at the concerts since the series began last November has been increasing. The candlelight setting is designed to recreate the romantic atmosphere that originally was the setting for chamber music performances.

The theater itself is acoustically the most superior place in the metropolitan area for performing and hearing chamber music according to the members of "Solisti Barocchi."

The audience is invited to a post-concert wine and cheese party, as guests of the Punch management, in the theater lounge.

Tickets are on sale at the box office and at Harmony House, 19683 Mack avenue. Main floor seats are \$4 and loge seats are \$5. There is a special group rate, (10 or more), of \$2.50 per person and there also are special discounts for students and senior citizens.

For further information, call the Punch at 343-0484.

Two Programs In One Slated

The Widowed Persons Service Club is planning a program and social meeting on Sunday, March 18, at the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue, from 3 to 5 p.m.

This month's program is actually two programs in one. Starting off the program, Maureen DuFour, director of volunteer services, Bon Secours Hospital, will talk on hospital volunteerism. During the second half of the program, Woods Officer Paul Crook will discuss crime prevention and show the film, "Senior Power."

Everyone is welcome and no reservations are necessary, and the church requests that people attending use the rear door.

The Widowed Persons Service meets the third Sunday of the month, but will not be meeting in April due to Easter.

Officer of Year Sought by FOP

Nominations for the 1978 "Peace Officer of the Year" in Michigan are now being sought from all state law enforcement departments and agencies by the Michigan Fraternal Order of Police, (FOP).

The annual FOP award is a gesture to recognize a deserving police officer for initiative, dedication and professionalism—the three attributes upon which judging of all entrants is based.

Local police departments and other law enforcement groups will be submitting letters of recommendation to the FOP until May 15. Entries cover police actions taking place during the period of January 1 to December 31, 1978.

FOP State Award Chairman Louis Perreca of the Macomb County Sheriff's Department, notes, "While a nominee must be a police officer, he need not be a FOP member. We hope every department in the state will submit an officer's name."

Nominations may be sent to Mr. Perreca at P.O. Box 304, Armada, 48005, or to officer Ed Rothermel, FOP secretary, 4489 18th street, Wyandotte 48182.

The officer selected will be an expense-paid guest at the next State FOP Convention and will also receive a cash award. In case of ties, duplicate awards are presented.

Lodge 102 is the local FOP organization, encompassing officers in the five Pointes and Harper Woods.

SJH Starts Patient Bingo

In an attempt to provide some diversion for its patients during hospitalization, Saint John Hospital, (SJH), has initiated a program of Patient Video Bingo. (TV Bingo is approved by the State of Michigan Lottery Division.)

The program is under the direction of Virginia Douglas, director of volunteer services, and is handled completely by hospital volunteers. Patients will have an opportunity to play every Wednesday from 2 to 3 p.m. on the hospital's closed circuit television channel. Volunteers are stationed on each floor while the numbers are being called.

When a patient has a bingo, the volunteer verifies it by calling the TV Studio. The winners are given a gift certificate to the hospital's gift shop.

Four games are played each Wednesday. Spot announcements regarding hospital activities, which are of interest to the patients, are broadcast between games.

Donations of gifts from community merchants are welcome. When donations are made, the name of the donor will be mentioned on television. Those merchants wishing to make contributions should contact the volunteer office at 343-3680.

This is another way in which Saint John Hospital is endeavoring to make patients' hospital stays more pleasant, officials say.

Contact Line Begins Service

The Contact Line, a 24-hour telephone service to help people in time of crisis, began its ministry for Greater Detroit on Thursday, March 1.

Individuals who call 894-5555 will be in contact with the center, staffed by volunteer counselors who will give assistance by telephone and make possible referrals. This teleministry will augment crisis telephone projects already in existence.

Graduation ceremonies for the nearly 200 telephone volunteers, who have completed a 20-week training session, were held in the Metropolitan Methodist Church, 8000 Woodward avenue, on Wednesday, February 28.

The new service is one of 85 in cities in the U.S. and it's felt more than 50,000 calls will be made during the first year.

Center Hosts Disco Dance

The popular "Cat And Company Travelling Disco And Light Show" will return to the War Memorial, 32 Lakeshore road, for another disco dance for young people. The Cat has performed monthly at the Center to a packed ballroom of dancing high school and junior high students each time. They will again be spinning records on Friday, March 23, starting at 8 p.m. The success of the dances is attributed by the Center to the increasing return of young students' interest in dancing and to the very elaborate disco light show with strobes, flashes, beacon lights and special visual projections, along with a good sound system and assortment of disks. The Cat provides continuous danceable music of the audience's choice all night with the exception of the Disco Dance contest, where couples compete for prizes of record albums and free tickets. It is open to all students in the Pointes of high school and junior high age. Tickets are \$3 a couple and \$1.75 single, and dress is casual. For further information, call the Center at 881-7511.

Quit Smoking Clinic Slated

The Saint John Hospital Guild will present a five-day Smoking Withdrawal Clinic on Monday, March 26, at 7:30 p.m. It will continue through Friday, March 30. The clinic will be held in the Peter A. Whyte Memorial Auditorium, Saint John Hospital, 22101 Moross road, Detroit.

The program is sponsored by the Saint John Hospital Guild in cooperation with the Saint John Hospital medical staff and is presented as a community service.

Heading the clinic will be John H. Burrows, MD, an oncologist from the hospital's medical staff, Arthur W. Weaver, MD, chief of head and neck services at Veteran's Hospital also will participate.

Other speakers include James W. Landers, MD, pathologist, Saint John Hospital staff; Donald Smith, MD, oral surgeon, Veteran's Hospital; and Jacques Beaudoin, MD, thoracic surgeon, Saint John Hospital staff.

According to the Michigan Cancer Foundation, which is cooperating with the guild in presenting the program, these five-day Smoking Withdrawal Clinics are among the most effective means yet devised to aid smokers in breaking the habit.

For further information and free tickets, call the Saint John Hospital Guild office at 343-3674.

New Law Eyes Parking Lots

An ordinance amending city administrator authority, (now subject to approval) to restrict parking according to posted signs. In the past, only limited authority was available, e.g., lots equipped with meters.

A main focus was the lot behind the municipal building which contains signs marked "reserved," e.g., for council members on meeting nights.

Tickets had been issued to vehicles parked at that location but it wasn't until last year that a violation was successfully challenged and the case was thrown out of court. Since that time, no further tickets had been issued, Mr. Catlin said.

Prior to the successful challenge, the tickets had been issued under the general parking ordinance and didn't specifically apply in the aforementioned cases. With the new law, this situation has now changed.

At the council meeting of the 26th, the question on the issuance of such tickets arose. It was asked, "Would citizens who paid such tickets get a refund?" The answer was "probably not." It also was pointed out that until the one case contesting such a ticket happened, others had apparently not occurred.

The measure approved on the 5th says such regulations shall provide for the hours during which a lot shall be in operation, the meter fees to be charged for legal parking, the restricting of any such lot to use by certain authorized vehicles or spaces by such vehicles and any other information required to properly advise motorists using the lots of regulations affecting such usage.

Serious Crime Declines On Detroit Area Buses

The dozens of Grosse Pointe-ers who catch a bus to work each morning will be glad to hear that serious crime is declining on Detroit-area buses, according to a news release from the Southeast Michigan Council of Governments, (SEMCOG), transit security committee.

The committee recently received year-end statistics detailing 1978 transit crime for the tri-county area that are expected to help police agencies and transit systems provide even greater public safety on buses and at bus stops.

The new data shows that total serious crimes, which range from armed robbery and assaults to vandalism and drug offenses, are down from 3,245 in 1977 to 2,235 in 1978, a 31 percent decrease.

The statistics are provided by four sources: the Detroit Department of Transportation, (D-DOT), the South-eastern Michigan Transportation Authority, SEMTA, and two units of the Detroit Police Department, the Crime Analysis and Prevention Section and the "Bluebirds," a plainclothes transit security force.

"This is great news for us and for our customers," said John Zube, head property guard for D-DOT, who is a member of the transit security committee, "especially since the statistics show a marked decrease in serious crime on D-DOT buses."

D-DOT bus drivers reported 134 Part I crimes, including serious offenses like felonious assault, robbery and larceny, in 1978, compared to 175 in 1977; and 776 Part II crimes, (usually misdemeanors), in 1978, compared to 812 in 1977. Part II crimes include simple assault, vandalism, prostitution, drunkenness and other misdemeanors.

"The 1978 drop in crime on D-DOT buses is even more dramatic when you look back at 1975," Mr. Zube stated. "That year our drivers reported 1,572 crimes, compared to 910 in 1978."

Mr. Zube credited the Detroit Police Department's Bluebird Unit, which SEMCOG helped establish, for the significant drop in transit crime.

"The Bluebirds started to ride our buses in late 1976," he said. "Prior to that we had no police on buses except on a random basis. Since they came, we have experienced a 70 percent cut in reported incidents."

Egg Decorating Set at Center

Martha Wichorek and her assistants from the International Institute, will demonstrate the fine art of Pysanky, the Ukrainian technique for decorating Easter eggs, on Saturday, March 24.

These intricately designed eggs are traditionally handed down from one generation to another.

The demonstrations will be held at 11 a.m. and 2 p.m. in the Crystal Ballroom, 32 Lakeshore road. There is no admission charge. However, complimentary tickets should be picked up at the Center office so Mrs. Wichorek can bring enough of the needed supplies.

Participants should bring their own raw eggs, first wiped in vinegar. There is a \$2 charge for supplies which includes wax, stylus and design sheets and dyes.

Adults as well as children are welcome. They can learn the technique and decorate an egg or two under the guidance of the women from the Institute and still have ample time to practice and do more eggs at home before Easter.

The War Memorial will have additional eggs for sale in case some break. Members of the Youth Club also will be available to assist younger children. It is suggested that young people especially bring an apron or smock.

NHS Students Visit Lansing

North High School's chapter of DECA, (Distributive Education Clubs of America), visited the state capital last month, meeting with Gov. William Milliken to express their concern about distributive education.

Accompanied by advisor Brian Killian and instructor Nancy Hornfisher, the students were shown around by John Cavanaugh, nephew of former Detroit Mayor Jerome Cavanaugh, and Richard Schlaff, executive assistant to the governor.

The students also met with Rep. William Bryant and Sens. Dennis Hertel and John Kelly.

NOTICE OF HEARING ZONING BOARD OF APPEALS

Notice is hereby given that the Zoning Board of Appeals will meet in the City Hall at 90 Kerby Road, Grosse Pointe Farms, on

MONDAY, APRIL 2, 1979

at 8:00 p.m. to hear the appeal of Mr. and Mrs. Frank Hilgendorf, owners of the premises located at 72 Mapleton Road, from the denial of the Building Department to issue a Permit for the construction of a front vestibule and a new family room addition to the rear of their home at the foregoing address. Such Permit issuance was denied for reason that:

1. The residence located on the foregoing premises is non-conforming for reason that it projects into the required open front and side yard space in violation of the provisions of Article XIII, Section 1300 and Article IV, Section 402, Item 2 of the City's Zoning Ordinance, and in accordance with the provisions of Article XV, Section 1502, Item 4-A of the City's Zoning Ordinance, no such structure may be enlarged or structurally altered unless a variance is granted.
2. The proposed addition of a family room to the rear of the home located at the foregoing address further infringes upon minimum required open rear yard space of thirty feet, leaving a rear yard of 25 feet, 10 inches, and thereby requiring a variance from the provisions of Article XIII, Section 1300 of the City's Zoning Ordinance.
3. The proposed addition of a vestibule to the front of the home located at the foregoing address further infringes upon minimum open front yard space of 20 feet, leaving a front yard of 13 feet 3 inches, and thereby requiring a variance from the provisions of Article XIII, Section 1300 and Article IV, Section 402, Item 2 of the City's Zoning Ordinance.

The Hearing will be public. Interested property owners or residents of the City are invited to attend.

The Council authorized the City Manager and one or two other members of the Administrative Staff to represent the City at the Michigan Municipal League's Annual Legislative Conference which will be held on March 21, 1979 in Lansing, Michigan.

The Council adopted a resolution requesting the Grosse Pointe Public School System's consideration of the concept of an exchange of properties between the City and the School System concerning the School System's property along Kercheval Avenue and a portion of the present roadway area of McMillan Road.

Upon proper motion made, supported and carried, the meeting adjourned at 11:35 p.m.

Requests for Use of Net Courts Approved in GPW

By Roger A. Waha
Two requests for the use of tennis courts at the Lake Front Park were approved by the Woods Council at its regular meeting Monday, March 5.

Both requests were from Ken Gutow, tennis coach at North High School, and Don Zysk, net coach at South High, in relation to upcoming tournaments.

On Friday, May 18, both asked for the use of courts from approximately 9 a.m. to 4 p.m. for a Class A Regional Tennis Tournament involving both Pointe schools and about 10 others from the surrounding area.

We are making this request this year because the courts at South High will not be in use, (because of construction), and the courts at North are being resurfaced this spring and summer, they said.

"We, (the Grosse Pointe schools), would still like to host the Class A regional, (as we have in the past), so that the Michigan High School Athletic Ass'n. will continue to invite one of the two Grosse Pointe schools to be host of this very important meet," they continued.

The coaches added all schools in the regional are required to have a supervisor and/or coach present, while state high school rules are "very strict" regarding dress, language and conduct.

Woods Parks and Recreation Director Donald J. Hallman felt the city should honor the coaches' request with the stipulation that the group use only eight of the courts, with two being open for use by citizens.

Do to the fact that the park will be open and personnel will be on duty, he felt no financial charge should ensue.

The council agreed with Mr. Hallman's recommendation via a 4-1 vote with Councilman John Sabol voting "no."

Mr. Sabol questioned if the schools should be charged for use of the courts, with City Administrator Chester E. Petersen indicating he

made a recommendation to that effect but Mr. Hallman felt no charge was necessary.

The city administrator went on to say that the schools charge the city rental for every room in the schools it utilizes for elections and "we should reciprocate by charging for city facilities."

Mr. Sabol agreed, saying a fee should be imposed. However, the majority of the council disagreed, with Mayor Pro Tem George S. Freeman and Councilmen Robert E. Novitke, Thomas Fahrner and George Cueter voting in favor. Both Mayor Benjamin W. Pinkos and Councilman E. D. Grady were excused from the meeting.

On the second request, both coaches wanted to use the courts on Saturday, April 28, from approximately 9 a.m. to 3 p.m. for an invitational tournament involving both Pointe schools and two Flint schools.

"We understand that Don Zysk and I would be in charge," coach Gutow said, "and that nobody would be on the courts without the coaches present. We also understand that the park would be left in the same condition, (no litter, etc.), and very closely supervised for the entire day."

Mr. Hallman, in indicating that the park wasn't officially open at that time, felt that the city should honor the bid. He recommended that the group should be charged a total of \$18 which would cover the cost of one man, (at \$3 per hour), to check the gate and the park.

The original motion was to approve the request for the six-hour period with a \$4 per hour charge per court, equaling 10, for custodial help and cleanup work. This would total \$240.

Mr. Sabol felt that \$4 figure wasn't enough for time spent by workers preparing the courts and the park, while Mr. Novitke stated he would hate to see the city make a profit on this type of function, saying the fee was too high. Meanwhile, Mr. Freeman felt \$18 was too low and \$240 was too high.

As it turned out, after more discussion, Mr. Petersen was asked to call Mr. Hallman at home in an effort to clear up any unanswered questions.

He reported that Mr. Hallman said, because of the demand last year, it was anticipated to get the courts open and ready for play during the last week of April. At the same time, sufficient manpower would be available to help police and take care of the tourney.

Mr. Petersen added he reminded Mr. Hallman that personnel would be taken away from other duties because of the event.

With that info, the motion was amended and a flat fee of \$75 was approved.

NHS Advances To Regionals

North High School cagers rolled to two impressive victories in taking district honors at South High. The Norsemen routed Detroit Finney, 73-44, on Friday, March 9, and nipped Detroit Southeastern, 42-39, on Wednesday, March 7.

Glen Williams was the big gun in both games for the Norsemen, pumping in 17 points in each. Bob Brown, meanwhile, netted 16 in the Finney contest.

Against Southeastern, a solid fourth quarter gave North the win. In that frame, the Norsemen outscored their opponents, 19-6. Williams, in fact, scored 10 of his points in that quarter.

North faced Detroit Osborn on Tuesday, March 13, at Highland Park, (after press time), in regional action.

NH Natators Number One In League, Invitational

By Wright Wilson
While finishing a strong regular season schedule, North High School's varsity swimming team made mince-meat out of the rest of the Bi-County League, (BCL), as they finished on top in both the regular season standings and the Bi-County Invitational Meet.

In a recent non-conference competition, North disposed of Warren Woods, 120-50. GPN had eight firsts and all of the second places included in their tally.

The 200 medley relay team of Taylor Henkel, Mark Stoyka, Dave Howe and Vince Cusumano won the first event. Howe was a double winner as he posted victories in the 200- and 500-yard freestyle events at 1:48.3 and 4:46.5. The latter was a new varsity and pool record.

Other fine times were turned in by Dave Oberstki, with 1:00.4 in the 100 butterfly, Tom Shook's 58.1 clocking in the 100 backstroke and the threesome of Cam Brady, Greg Prokopowicz and Steve Mediodia, who swept the first three places in the 100 freestyle.

The Norsemen then out-pointed South Lake's Cavaliers to raise their BCL record to 5-0. The final tally of 135-37 was helped by North's winners in all 11 events. The Norsemen swept seven events and had one double winner in Cusumano. Vince took the 50 free in 23.1 and won the 100-yard freestyle at 54.7.

North had six different winners in the other six individual swimming events. They were Howe, (200 free), Stoyka, (200 IM), Shook, (100 fly), Henkel, (100 backstroke), Brad Dillman, (500 free), and Eric Tech, (100 breaststroke).

A clash with the number one-ranked Ann Arbor Pioneer team saw North receive its first dual meet loss of the year. The final score was 100-72.

The Norsemen had a trio of first place winners in the meet. Cusumano posted a 23.5 in the 50 free, while the 500 free went to Howe in 4:50.6. Shook's 58.3 was good enough to capture the 100-yard backstroke.

The result put the overall record of the Norsemen at 10-1. Some of the team's member's were not overly disappointed by the loss since it was to the defending state champions.

Senior Howe commented, "Before the season started, we anticipated only a fair year for the team, but we've been swimming great—we're still undefeated in our league and ranked sixth in the state. I really think this team has a lot of potential."

The sixth league foe was Clintondale, which the Norsemen handily defeated, 129-63. GPN boasted 10 winners in the 11 events. This rounded out the BCL schedule at 6-0 for North, giving them first place outright. This also

Joe Portera, a Detroit clothier who lives in Stanhope avenue, recently took second place in the "elite men's dual slalom" ski race at Crested Butte, Colo.

South Cagers Fall in Playoffs

South High School's varsity basketball team, in a comeback season, fell by one point in overtime to Southeastern High in the first round of the state playoffs, 69-68.

The game, played on Monday, March 5, ended the Blue Devils' 1978-79 season with a record of 11-9, a figure that betrays the second half of the year's 8-2 figure.

High scorer for the Devils was Glenn Piche, with 20, while Bob Baker had 17. "I thought we did a pretty decent job," said coach Chuck Hollosy. "Southeastern shot the ball from the outside very well against us."

Both Baker and Piche received honorable mentions in the "Detroit Free Press" All-Suburban team, while Baker made the All Eastern Michigan League team and Piche got another honorable mention.

Piche is the only basketball player in the school's history who lettered in his freshman year. A sophomore this year, he's one of the reasons coach Hollosy is optimistic for next year, despite the loss of senior Baker.

"I was very happy with the season," coach Hollosy said. Glenn and Bob were the only players who returned from last year and we built on that. We were a small club and we started off very slowly.

"All a high school coach can ask for is to work harder and get better and this club did that," he continued. "They always scrapped and came from behind well."

The Grosse Pointe Lil' Wings Squirt AA travel hockey team, remains undefeated in Adray League playoff action following a 3-1 victory over Allen Park on Tuesday, March 6, on home ice.

These well matched teams have tied in two previous encounters but the Lil' Wings prevailed in the third meeting. Strong team play and hard skating were the deciding factors as the Wings' defense was exceptional at both ends of the ice and goalie Bill Tecos was sharp.

The Lil' Wings playoff record now stands at 4-0-1. Scoring against Allen Park went as follows: D. J. Ketelbut from Mike Fulgenzi, Joe Sullivan from Mike Kramer and Andy Roy from Doug Avedisian and Kramer.

South Netters Use Elworthy

The City Council recently agreed to allow the boys tennis team at South High School to hold practice sessions and tournaments on the city's Elworthy Field tennis courts during March, April and May.

The tennis team is being forced off the school courts by construction of a new Industrial Arts building on the site.

The team will use six courts daily, Mondays through Fridays, between 3:30 and 5:45 p.m. During eight home matches, scheduled to begin in late April, the team will use seven courts.

City Manager Thomas Kressbach said he plans to review with school officials the feasibility of their furnishing some of the net supplies for the courts this spring.

In addition to the boys team, South's girls tennis players hold their fall meets on the Elworthy site, located at Waterloo and St. Clair avenues.

Coach Wood has just returned from Chicago where, along with Jack Kramer and Chet Murphy, he was one of the main speakers at the Midwest Tennis Coaches Clinic.

He also was one of the directors of the nation's third largest tennis workshop held last month at the Eastpointe Racquet Club.

Know Your Schools
By Dr. William Coats, Superintendent of Schools

In a society as dependent on science and technology as ours, it is important for students to learn about scientific processes, products, philosophy and impact. Our educational philosophy is that a "scientifically literate" person is one who has a general understanding of methodology, (process), and knowledge, (content).

To insure that there is an appropriate balance between process and content in our elementary science curriculum, a committee was formed last year to review the existing program and develop a plan for examining various instructional materials.

Serving on the committee were teachers Juanita Arndt, Don Brenner, Audrey Burdett, Darlene Cooper, Betty Frounfelder, Judy Morlan, Linda Schoonbeck and administrators Don Bassett and Dr. Alfreda Frost.

In order to learn what other school systems were doing in elementary science, the committee visited local districts and met with Dr. Lamoine Motz of the Oakland Intermediate School District. Dr. Motz is an authority in elementary science curriculum and was able to inform the committee of national trends in that area.

As a result of meeting with Dr. Motz and their visits to other schools, the committee recommended using instructional materials from three publishing companies on a pilot basis. Six teachers in each of the six grades are using the new materials this year following an orientation session conducted in the fall.

During the afternoon of our Monday, February 19, Staff Development Day, teachers involved in pilot programs participated in a session explaining the new science texts, labs and supplemental materials. That session was followed by a panel discussion on the elementary science program moderated by Barnes Elementary School Principal Jack McMahon.

All materials from the three publishers have been available in each elementary school for the examination of teachers not involved in the pilot programs.

Their opinions as well as those of the piloting teachers and all principals will be combined in a summary of the strengths and weaknesses of each set of instructional materials.

That summary will be the basis of a recommendation to the Board of Education for the purchase of new elementary science materials next year.

One View from the Capitol
By William R. Bryant Jr.

Most people simply cannot understand how a child can attend school for 13 years and not be able to read, write and do simple arithmetic.

House Republicans, in our Taxpayer's Agenda, part of our "Your Ideas" program, stated that we support full consideration or mandatory testing of progress and testing for graduation from high school, because we believe the people want and deserve better results from 13 years of school.

There also should be ways to remove the disruptive troublemaker from the normal classroom, and we have pledged to find them. This may work best with greater use of student courts. We also have pledged to push for early passage of school aid appropriations, to alleviate the burdens of the property tax which supports so much of our school program and to increase the proficiency of our teachers and improve the environment for teachers.

These are some of the points outlined in the House Republican Taxpayer's Agenda, a 17-point outline designed to reflect and respond to the priorities of Michigan citizens. I am interested in finding out your ideas about the things that affect you, your families and our community, and I will strive to see that your priorities are heard.

I know, for instance, that most of you oppose strikes by employees paid with your tax dollars. I support a calendar for teacher bargaining which would require early serious bargaining.

Arbitration is an alternative way to settle a teacher or other public employee labor dispute, but we must seek limits to the whim of arbitrators and keep awards within wage guidelines and available tax dollars. After all, you must work within your own budgetary limits and government should spend your tax dollars prudently.

Many of you have children who are in college or approaching college age and you are discouraged by the huge costs of higher education. In our Taxpayers' Agenda we have suggested placing greater reliance on community and junior colleges to reduce some of the burden.

But we also must find ways to keep the tuition increases of our colleges and universities in check. And we must provide high quality vocational training and work-study programs as an alternative to college.

You and I both know that some of the best jobs in the world are the skilled trades jobs using one's hands and head to create tangible things of usefulness and beauty. This alternative must be available for all our people, and I think that more training and better placement programs are necessary steps.

Restaurants Deserve Chance at Licenses

For the third time in less than two years Woods voters will consider an ordinance amendment providing that the council may approve or signify its approval of the issuance, (in this instance), of two tavern licenses in the city at a special election Tuesday, March 20.

At the two prior elections, Class C liquor licenses were the focal point of Jack Degriek of Grosse Pointe Woods Recreation and Alex Bardy of Gabby's Restaurant and both were successful recipients after favorable votes and council action.

However, in this case, Charles Moraco and Ronald Serba, owners of Le Cafe Francais, and Edward Barbieri and his son, Edward J., owners of Da Edoardo, who conducted a successful initiatory petition drive to get this referendary question on the ballot, say they are only interested in a tavern license, which permits the serving of beer and wine. They also have emphasized the need of being able to serve a glass of wine with meals prepared at their specialty restaurants.

While the NEWS, like the majority of the council, is finding the initiatory petition process tiring and while concerns remain over a flooding of similar efforts in the future, both Le Cafe and Da Edoardo do deserve the opportunity to provide beer and wine only at their respective establishments.

The owners have previously stressed under no circumstances do they want to serve hard liquor. That's all to the good because the NEWS not only feels hard liquor would be inappropriate for their small, tastefully decorated establishments but also because of a potentially big strain on nearby parking.

As it is now, there are some problems in this respect, (as there is all along Mack avenue), regarding on-site parking, although both restaurants do have numerous metered spaces located in their vicinity.

In recommending a "yes" vote on the tavern licenses question, the NEWS is aware that even if the vote is favorable, the council may not cite any establishment for a tavern license. But, at the same time, and not only because the owners conducted the petition drive and may be recipients of an inherent sympathy because of this fact, it remains worthwhile to place this question in the council's lap for further exploration.

For the type and style of both restaurants would readily accommodate a glass of wine with meals—and the NEWS feels the owners deserve a chance to obtain the tavern licenses.

Seniors' Meals Growth Urged

A resolution urging expansion of the home-delivered meals program for senior citizens has been adopted by the Wayne County Board of Commissioners, according to a news release.

Introduced by Commissioner Martha G. Scott and adopted by the board on Thursday, March 1, the resolution appeals directly to President Jimmy Carter and the U.S. Department of Health, Education and Welfare, (HEW). It asks the President to reinstate a \$100 million national allocation for the program that is excluded from his proposed 1979-80 budget that takes effect October 1.

In addition, the resolution requests the HEW to quickly establish operating guidelines which will free \$80 million already allocated for an adjunct program across the nation.

Under the authorizing section of the Older Americans Act of 1965, excluded from the executive budget, Wayne County now provides about 2,600 single hot meals per day including meals at The Pointe's site housed in the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue. The same provisions restrict home delivery of these to 15 percent.

A separate section of the Act, Title VII operating in Wayne County only since February, funds an additional experimental program delivering two meals per day—one hot, one cold—to 200 seniors each day in Highland Park and Hamtramck.

Declared Mrs. Scott, "We want the regular program continued, throughout the nation as well as in Wayne County, and we want the special program in my district to be carried on in the other parts of the county, too."

Mrs. Scott represents District Seven that encompasses Highland Park and Hamtramck and is chairman of the board's Human Resources Committee which oversees the county's Nutrition Task Force appointed to expand and improve hot meal services for seniors.

Mrs. Scott said that each meal available under both programs provides one-third of daily nutritional needs. A 50-cent donation is requested for the meals, but any eligible senior unable to pay will still be accommodated, she explained.

Under the regular hot noon meal program, services exist at 48 locations convenient in the county, she said. Both programs are administered.

Cottage Cites Its Employees

Nineteen employees of Cottage Hospital, representing more than 225 years of current service, received service awards recently at a cocktail and dinner party at the Lochmore Club.

Nearly 100 people, including award winners, board of trustees members, department heads and previous award recipients gathered to hear W. Merritt Jones Jr., board president, describe employees as one of the hospital's most valued assets—people who helped Cottage earn a reputation for excellent patient care.

Ralph L. Wilgarde, hospital administrator, and Mr. Jones presented 25-year awards to Maisie Holstin of The Woods, and Marjorie Ryan, RN, of The Park, both of the nursing department. Bertha Edger-ton, also of the nursing department, a resident of Detroit, received her 20-year service award.

Clarence Knapp, laundry manager, and Violante Wollesen, RN, both of Detroit, received 15-year service awards.

Those recognized for 10 years of service included Pointers Robert MacDonald, hospital controller; Richard Rosella of the housekeeping department; and Lucille Ross of the dietary department.

Others are Gertrude Hildred, Arthur Burton and Anna Rothe, LPN, and Jessie VanAcker, LPN, of the nursing department and Anna Parker of the housekeeping department.

Still more are Ellen Fox, RN, and Madona Lauth, RN, of the nursing department, Virginia Bauder of the admitting department, Clarence Kampenski of the nursing department, Erika Krueger, RN, of the nursing department and Ethel Sheill of the x-ray department.

Board of trustees members Mrs. Sterling E. Graham Jr. and Mrs. Miles O'Brien, both of The Farms, were responsible for dinner arrangements.

Letters to The Editor

To the Editor:

Rep. William Bryant's "One View" dissertation on progressive and regressive taxes appearing in your March 8 edition was interesting. It typifies the non-specific generalized views presently held by our state legislators.

In my view this may be done to create a condition of confusion to justify inaction on the implementation of the recently passed Headlee Amendment.

Mr. Bryant's statement that people vote to have property taxes levied is not entirely the whole picture. Since 1964 there have been more tax dollars levied without a vote than direct millage voting. This is due to the SEV, (state equalized valuation), formula application—a legacy of the Michigan State Constitution of 1964.

Thank you for printing Mr. Bryant's articles as they are a great aid in communication from our legislature in Lansing.

Sincerely,
Louis J. De Perro Jr.
Of North Renaud Road,
Grosse Pointe Woods

To the Editor:

I wish to respond to the letter written by Daniel A. Schaitberger, of Yorkshire road, wherein he states that the Grosse Pointe Park City Council joined with Wayne County to receive HUD funds in 1975 without the benefit of legal opinion or without regards of the opinions or attitudes of the citizens of the community.

He also disclaims membership in an organization whose cause he supports and states that the citizens have not had a right to make a decision each year on participating in the Wayne County Community Development Block Grant Programs.

The Grosse Pointe Park City Council has, each year since 1975, held two public meetings to obtain citizen input on the Wayne County Community Development Block Grant Programs.

Prior to the passage of the Open Meetings Act (Act 267, P.A. 1976), Executive Sessions of the City Council and administration allowed the City Council an opportunity to review the details of each program and to include the legal research of these programs before the public meetings were held.

Today, in compliance with the Open Meetings Act, our workshop sessions cannot consist of a quorum of the City Council, and therefore, two meetings or more can be held for the City Council to obtain the detailed background necessary prior to the public meetings.

The City Council does proceed cautiously each year in deciding whether or not to participate in the Wayne County Community Development Block Grant Programs. This, too, is their responsibility as elected officials.

The seven members of the City Council are elected at large to represent the best interest of the City of Grosse Pointe Park. They are elected to the City Council with the trust and confidence of the citizens of Grosse Pointe Park to assure that the quality of service and the administration of the services received are the very best which can be provided with the tax dollars paid by the citizens.

There has not been a requirement to hold a Referendum Vote of the citizens for the City of Grosse Pointe Park to participate in the Wayne County Community Development Block Grant Programs. To the best of my knowledge, none of the 32 other participating Wayne County communities have done so.

Sincerely,
City of
Grosse Pointe Park,
Matthew C. Patterson,
Mayor

Celebrate Lent With Musicals

Saint James Lutheran Church in McMillan road near Kercheval avenue, will continue its mid-week Lenten Vespers on Wednesday, March 21, with its traditional Lenten Choral and Musicals Vesper Service, beginning at 7:30 p.m.

This Musicals, prepared by Herman A. Clein, director of music at Saint James Church, will capture through song and other musical instruments the "Many Moods of Lent." It will feature the adult Chancel Choir directed by Mr. Clein, the Children's Choir led by Mrs. Frank Dickey, the Handbell Choir under the leadership of Mrs. Herman Mozer and "His Children, Singing," a group with guitar accompaniment directed by Michael Dixon.

The worship will include a homily by Pastor George Schelter, whose message on the suffering of Jesus will combine the ministry of the Word with the ministry of music.

The congregation invites friends in the community to join them in this Lenten meditation.

NHS Students Score in Math

Three students from North High School have scored among the top 100 of more than 24,000 students who participated in the recent Michigan Mathematics Prize Competition.

Ronald Milka, Peter Prokopowicz and Risto Setala were honored at an awards program Saturday, February 17, at Eastern Michigan University.

The program featured presentations by Dr. Irving Kaplanski of the University of Chicago, speaking on "The Art of Arrangements" and Dr. David S. Johnson of Bell Laboratories who talked on "How Hard Is The Game of Checkers?"

College scholarships were awarded to more than 40 of the winners at the banquet. The scholarships and the awards program are supported, in part, through contributions by the Burroughs Corp., which provides scholarships for the first place winners, Michigan Bell, the Michigan Council of Teachers of Mathematics and the Kuhlman Corp.

John Bingham, North marsh department chairman, served as the high school supervisor for North students participating in the competition.

Flaherty Named
Former Pointer William E. Flaherty was recently named president of Blue Cross and Blue Shield of Florida. A graduate of Wayne State University, Mr. Flaherty began his business career at the J. L. Hudson Co. and also served as vice-president of Blue Cross of Michigan.

POINTER NAMED
Robert R. Schoonbeck of Kensington road has been appointed officer-in-charge of the Corporate Trust Division at Manufacturers National Bank of Detroit. Mr. Schoonbeck is a graduate of Michigan State University and has a law degree from University of Michigan. He is a member of the Detroit Life Insurance Trust Council, Detroit Junior Chamber of Commerce and American Arbitration Ass'n.

Library Has Art Display

Barbara Rumney Hoag, a native Pointer who recently returned after 30 years in Connecticut, will display about 20 of her water color paintings at the Central Library, 10 Kercheval avenue, this month.

The daughter of late Grosse Pointe City Mayor Mason P. Rumney, Barbara graduated from Grosse Pointe High School in 1935 and has had several shows locally since she returned from the east.

Let's Talk Real Estate
by John E. Brink

Running along our Mack border all the way to Whittier, Hayes and Seven Mile is an area of Detroit of special significance. Geographical in size to our Grosse Pointes with slightly more homes it is "governed" by a fantastic group of local associations. There is only one other area that comes to mind that compares with this kind of community spirit and that is the Indian Village.

This small area on the east side of Detroit has seven associations: AWARE, DARE, DEAR, NEAR, NO, ONE and WHISK. All have to do with the area residents on this eastside.

We feel it is because of these, strongly backed by the area residents' association that the property values in this area have risen so dramatically. And remember, the welfare of our neighbors directly helps the property values in our Pointes. So we publicly thank the residents of this eastside community.

This brings us to our own back yard—Grosse Pointe. We do need a number of associations to represent us. Some of the problems regarding Federal funds might not exist if we had 3 or 4 good strong associations in the Park area to represent the community feelings. Oh, don't get this wrong, there are associations in the Park and they are excellent but we need more that are just as conscientious. It's easy to keep a community, or block posted on events through people you trust. Good things can be up for a vote but the voters will vote no if they don't understand.

There are things happening regarding property values right now. If you are considering buying or selling the associates at Grosse Pointe Real Estate Co., 682-0087, can tell you some very valuable things. Why not call us right now!

EACH AGE A PLATEAU OF STRESS

Family Interaction Linked to Mental Health

A popular phrase is "I've got to find myself!" The family demonstrates — every age brings about adjustment to new phases of living. Each plateau we're commissioned to "find ourselves."

NORTHEAST GUIDANCE CENTER provides services for all ages. When there are emotional/mental difficulties in an individual, usually the family members are counselled as well. If problems of daily living become overwhelming, the staff is there to help before a crisis . . . in a crisis . . . after a crisis!

Mother at home has responsibilities also, and confusion, priorities. If she is employed outside the home, her burden is twofold.

Community Mental Health Center Defined by New Director

By Jonathan L. York, Ph.D., Executive Director Northeast Guidance Center

In my first two months as Director of Northeast Guidance Center, I have spent a good deal of time speaking with people in our community. What has impressed me the most is the excellent reputation of the Center for the services it has provided to thousands of residents. Of course, it is my objective to work with our staff, Board of Directors, volunteers, and other supporters to continue to deserve this well-earned reputation.

Yet a significant number of people have asked, "Just what is a Community mental health center?"

The answer to this question, while complex in terms of funding, regulations, etc., is quite simple in philosophy. A community mental health center such as Northeast Guidance Center, is an organization created for and dedicated to the promotion of positive mental health in the community it serves. From the many articles in this issue of the *Guidance Gazette*, one can see that there are varied approaches to this lofty objective.

Some of our services are designed for those who may have already experienced some form of serious mental illness, to enable them to lead productive and satisfying lives away from institutions. On the other hand, much of what we do is dedicated to prevention of mental illness and the promotion of mental health through a broad range of activities:

For example, teaching classes to new parents, working with community groups to promote a better quality of life, consulting with school teachers to enable them to work with the "problem child."

We support the old adage that "an ounce of prevention is worth a pound of cure," and try to gear our activities toward that goal. Thus our services emphasize early identification of potential problems, whether in a school-age child or a retired person. We strive to enable that person and his or her family to change and grow to full potential.

Obviously, the greater part of the activities of a community mental health center are directed toward the "mental health" portion of the name. But equally important is the "community." Northeast Guidance Center is owned and operated by a Board of Directors composed entirely of people who live in our area and who represent its great diversity. It is through this Board and our Staff that we respond to the needs and desires of the community.

No person is refused service because of inability to pay . . . no community group denied assistance or consultation.

While there are many services we provide which are required by Federal or State law, we must also never lose sight of the unique problems and potentials of the northeastern Wayne County area. Therefore, we can not afford to become complacent, to rest on our laurels. We must continue to grow and change with our growing and changing community! I personally am excited about becoming part of this community, and hope that I can help Northeast Guidance Center fulfill its promises and potentials to you.

information station

This column in this annual supplement to the Grosse Pointe News is designed to inform the residents of the Grosse Pointes, Northeast Detroit, and Harper Woods about Mental Health and the services provided for their use by the NORTHEAST GUIDANCE CENTER.

Perhaps you have asked some of the questions below . . . or maybe some answers will provoke your questions! A call to the Guidance Center at 824-8000 will provide information, answer a need, set up an appointment.

Isn't the NORTHEAST GUIDANCE CENTER just for children?

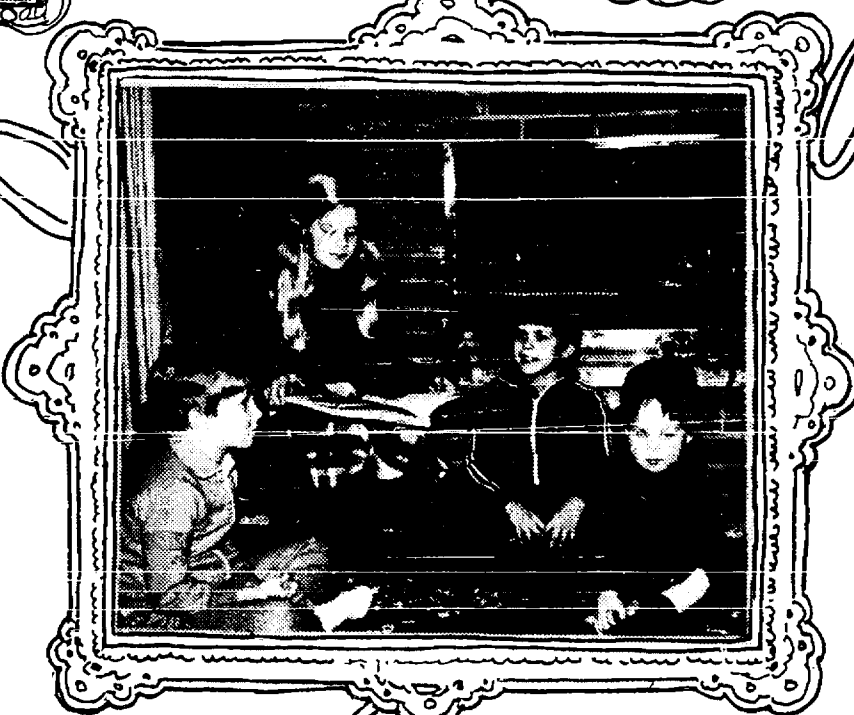

Absolutely not. It is a COMPREHENSIVE Mental Health Center with services and programs for all ages, male and female: for children, adolescents, adults, elderly. Your confusion perhaps comes from the fact that in the early years it was called Northeastern Wayne County Child Guidance Clinic, however, the name was changed to the present NORTHEAST GUIDANCE CENTER when programs became more extensive and covered all age groups.

Grandparents must prepare for retirement . . . what to do with their time; how to show interest in their children without interfering.

Father going to business everyday is confronted with responsibility, decision, dilemma, family duties.

Children, too, have anxieties; getting through school, developing self-esteem. In adolescent years, the strain of "finding oneself" is probably the most crucial.

Can anybody ask for consultation at NGC?

The area served is bounded by Connor on the West, Eight Mile Road on the East, I-94 Freeway on the North, and Detroit River on the South. However, calls from outside this "catchment" area will be referred to an appropriate Center.

How much does it cost to get help for mental or emotional problems?

Cost is based on your ability to pay. No one is turned away who cannot pay. Federal law mandates that all citizens should have treatment available regardless of ability to pay. For those who are able, fees are based on a fair assessment of income. Most health insurance programs cover treatment at Northeast Guidance.

High school and college kids are so up-tight nowadays... can they go to Northeast Guidance to "find" themselves?

Yes, young adults and adolescents who are having serious problems with school, peers, self-esteem, are encouraged to seek out help before emotional breakdown occurs. You'll note that we refer to "mental health" ... important aim is to PREVENT a crisis. Call 824-8000 and a mental health worker will advise you how to proceed.

When do I get to do my "thing"? I'm middle-aged, have raised a family; don't know where to go from here ... I'm so depressed all the time.

If the depression becomes pervasive and you are unable to function, you should call for help. If it is urgent, call Crisis Intervention any hour of the day or night at 824-8000.

Grandma lives with us and she is always telling us how to raise our daughter. Her feelings are hurt if we tell her we'd like to do it our way. Isn't there some place for her to spend some time away from home?

You bet. Northeast Guidance Center is expanding their program for the elderly. They can steer her into activities geared to older adults. Other members of your household may be asked to come to the Center for consultation. Sometimes family is counselled as well as individual.

We invite you to read on — the articles in this supplement relate to us all at some time or other. You may be surprised to learn what resources are in our own neighborhood!

Grandparents

"If you divide the word Grandparents, you get Grand" Parents! Actually (they) are parents who brought their children through all the rough times, the yelling, the fighting, the growing-up stages. Now they can give the grandchildren mostly good, fun and exciting times. (It's) someone to spend their money on and give their love to. I really feel lucky to have my grandparents."

— Jon Pastoria, Age 14

"A lot of people think grandparents are unable to take care of themselves anymore, and just waiting practically to die. They should be even more respected ... they have lived a lot longer ... and are actually much smarter and wiser than us. Grandparents balance things out. They keep the old ways going ... a lot of time for the better. Grandparents are really a very special part of my life, and I'll always respect mine."

— Rich Pastoria, Age 14

Northeast Guidance Center Progress Report

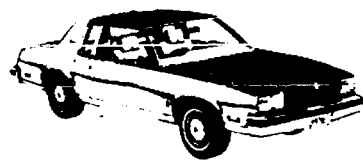

For Full Year Ending September 30, 1978

| | |
|---|--------|
| ADULTS began treatment in Adult Services Programs | 660 |
| ADULTS were provided services | 1,166 |
| Visits to ADULTS OUTPATIENT SERVICES | 11,600 |
| CHILDREN began treatment in Child Services Programs | 374 |
| CHILDREN were provided services | 571 |
| Visits to CHILD OUTPATIENT SERVICES | 2,902 |
| Days of Treatment, Socialization and Recreation for Adults in the ADULT DAY TREATMENT PROGRAM | 2,023 |
| Days of Treatment, Education and Recreation for Children and Adolescents in the CHILD DAY TREATMENT PROGRAM | 4,653 |
| Emergency Calls were responded to through CRISIS INTERVENTION PROGRAM | 6,149 |

Comparing the above to an equivalent period last year, noteworthy trends are that we continued to show INCREASES in emergency response through our CRISIS INTERVENTION SERVICE, and the number of visits to both CHILD OUTPATIENT and ADULT DAY TREATMENT.

Dawn to dusk on a tankful. That's the new diesel-powered Cadillac.

An estimated cruising range of **540** miles based on EPA estimated mpg (city) mileage figure . . . and **756** miles based on estimated highway mpg . . . dawn to dusk on an average day. That's the available diesel-powered Fleetwood Brougham and DeVilles. These range figures are obtained by multiplying the

car's 27 gallon standard fuel tank capacity rating by the EPA estimated miles per gallon rating (city) of **20** mpg . . . and the highway estimate of 28 mpg. Remember: Compare the estimated mpg to the estimated mpg of other cars. You may get different mileage and range depending on your speed, trip

length and weather. Your actual city mileage and range will be less in heavy city traffic. Your actual highway mileage and range will probably be less than the highway estimate. Cadillacs are equipped with GM-built engines produced by various GM Divisions. See your Cadillac dealer for details.

PROFESSIONAL STRUCTURE APPLIED TO VOLUNTEERS Coordinator Mike Spooner Sees New Approach

By Christine Eickhorst Michael received his Bachelor's Degree in Social Work from Western Michigan University and will receive his Masters Degree in June. What is very exciting about that's our local Mike is what he is doing with the Volunteer Agency. Volunteer services are being revamped. Up to this time, the use of volunteers has been relatively unstructured with no named system for obtaining and retaining them. Mike Spooner, Coordinator of Volunteer Services as an Administrative Aide from Wayne State University, sees an effective volunteer program as a means of giving better service to the community. He also feels

that each volunteer should have a beneficial experience and thus has designed and proposed a program which is now being implemented.

First comes the request for volunteers from the various Programs at the Center. They are directed to the Volunteer Coordinator. He identifies the volunteer's role by putting on paper exactly what the volunteer will be doing; the time commitment, the training needed, and a basis for evaluation.

When a specific need reaches the Coordinator, his job is to recruit person(s) to fill the position. One of the functions of the Assistance League is to provide service as volunteers to the Guidance Center. Anyone in the community may volunteer also, and Mike says he will be glad to hear from you!

The next step is for the prospective volunteer to come in for an interview. At this point Mike explores the volunteer's interests as well as background. The volunteer then meets the supervisor of the specific activity. The supervisor details the job and the volunteer, in accepting the responsibility, signs a service contract of commitment for a certain amount of time.

The volunteer is now ready to be trained as a quality volunteer. This person will have an orientation period. At this time he/she will learn skills needed, practices and regulations of the program. Being able to listen empathically is a necessary attribute in working in the mental health field. Mike feels this training is a very important part of the suc-

cess of the program. If the volunteer knows what is expected and has the skills to handle what one is confronted with, the volunteer is happy and supervisor has gained a valuable person to give clients better care!

An innovation in this program is that of evaluation of the volunteer's services as well as the volunteer's evaluation of his/her experience. This may be used for future job recommendations! It gives a basis on which to judge one's work. The volunteer's assessment will help the Center to continually make the experience more meaningful and useful.

Northeast Guidance Center has done a great job getting this program started. Now we need volunteers to make the program work! Volunteers can work with varying ages and programs in mental health, as well as to assist in many critical office, clerical and research areas.

The groundwork for the professional volunteer experience has been laid. If you are interested and want to make a commitment, call Mike Spooner at 824-8000!

Retirement is Another Plateau

Above, two who have adjusted to retirement with zest are Helen and Coyle Fisher. They find fulfillment in music and entertainment to those who may need cheering up. Retirement can bring about stress, depression, confusion, especially if not properly planned ahead. New focus is to help older adults improve quality of life after productive years.

“struggle has its reward”

A biology student watched an emperor moth trying to break out of its chrysalis. It struggled and squirmed to escape its prison. The young man decided to help the moth by cutting the narrow end of the cocoon. The struggle ended and the moth broke out, but its wings were imperfect. It was unable to fly. Before night it sickened and died. The well-meaning youth robbed the moth of the painful struggle which would have resulted in symmetrical and strong wings.

Struggle is nature's road to growth and inner strength. We betray our best selves when we try to avoid the necessity for hard work, for struggle, and for sacrifice. Others are crippled when we provide them with the means by which they steer clear of responsibility.

Society is obsessed with the desire to make life easy and comfortable, yet security is a poor choice as a final goal for life. Security is desirable, but not at the expense of great accomplishments. Even suffering makes its contribution when it helps us to develop our highest potentials.

Injustices and inequalities are an inevitable part of life. Often, looking back, the fact that we were forced to battle against difficult odds proved an

advantage, preparing us to cope with a crisis or with a situation which otherwise we might not have been able to handle. What appeared to be an injustice, or a disappointment, became the ladder by which we climbed to higher achievements.

Our society encourages individuals, businesses, and communities to turn to the government for help whenever they encounter a difficult problem. Too often they fail to consider that those who receive benefits from the government must be prepared to accept its direction and control. Better by far is the independence which is earned by a combination of hard work and wise planning.

Inner strength and the ability to withstand the storms of life are essential if we are to build moral and spiritual fiber. Goethe wrote: "Character is best formed in the stormy billows of the world." An unrelenting and painful battle against adversity will help you to discover lasting truth and to find those values which stand the test of time.

You can have wings! Don't try to escape the hardship and struggle out of which come life's greatest rewards.

Why We Have Community Mental Health Centers

by Magdi Graham

In 1963, Federal legislation made Community Mental Health Centers possible by establishing a network of publicly funded services for the general population, regardless of race, age, or ability to pay. The emphasis called for reduction or closing of State hospitals, upgrading of quality care in those remaining.

These mental health clinics are funded by an eight year federal grant with financing originating at state and county level, as well as private donations, insurance sources and fees.

Assessing mental health care in '78, the President's Commission on Mental Health cited a general opinion of the professional field: that a patient will recover more rapidly and be integrated into society if he remains near his community, friends, family and familiar surroundings. The shift from non-community, large state hospitals to community-based care provides a greater public awareness, understanding and acceptance for those with mental illness or disability.

Comprehensive Community Mental Health programs (such as Northeast Guidance Center) are required by law to offer emergency service, inpatient, outpatient, partial hospitalization, consultation, education, screening for commitment, services to the elderly and to children.

Detroit Wayne County Community Mental Health Board is under the direction of Mel Ravitz, Ph.D. Its mission is to provide mental health services to the residents of Wayne County through independent service contract agencies. There are seven operational Comprehensive Mental Health Centers in Wayne County:

- 1) Northeast Guidance Center
13340 East Warren, Detroit
- 2) Detroit Central City
10th Floor Industrial Bldg., Detroit
- 3) Operation Hope (Northwest)
13940 Tireman, Detroit
- 4) Six Area Coalition (Downriver)
1771 Dix, Lincoln Park
- 5) Southwest Detroit
1700 Waterman, Detroit
- 6) Peoples Place (Westside)
5050 Joy Rd., Detroit
- 7) Detroit East
531 Seyburn, Detroit

There are also other contract agencies serving immediate neighborhoods to which clients may be referred.

A major priority of mental health services is to act as prevention centers. The Commission Report notes that existing personal and social supports are one of the great resources in maintenance and prevention, i.e., volunteer groups, schools, religious institutions, self-help groups like Alcoholics Anonymous, Foster Grandparents, etc. These links with the community play significant roles in our developing mental health system.

Board Reflects Area It Serves

By Marianne McGuire,
Board Member

The thirty-six member Board of Directors of Northeast Guidance Center is responsible for setting policy and priorities for long range planning and the direction of the Center. The Board also serves to assure that this policy is carried out. The day to day operation of the Center is entrusted to the Executive Director and the Staff.

Board members are expected to be actively involved and are requested to attend the monthly meetings (the second Thursday of each month), as well as meetings of committees on which they may serve.

Potential Board members must live within the area bounded by Connor, Eight Mile Road (Vernier), I-94 Expressway, and the River. Federal requirements also dictate that the Boards' ethnic, age, educational, regional and sexual composition reflect that of the above mentioned catchment area.

If you are interested in mental health and are willing to give time and energy serving as a member of the Board of Directors, call 824-8000 and request a nominating questionnaire be sent to you.

Dr. Jonathan L. York Assumes Director Chair at Center

By Florence Kliber
With the beginning of the New Year, the Northeast Guidance Center welcomed its new Executive Director, Dr. Jonathan L. York. He comes to Detroit from Lansing where he had been associated with St. Lawrence Hospital Community Mental Health Center since 1974.

He has provided technical assistance to mental health centers in the Great Lakes area and throughout the country in the sphere of services to older adults.

Dr. York is a graduate of Yale University and received his Ph.D. at Michigan State University. Originally from Columbus, Ohio, he and his wife, Kathy, and son now reside in our community.

Dr. York's special interest is with the elderly and he is empathic to their needs to find fulfillment. He is concerned about the high suicide rate among older citizens, especially in white males; about their nutrition (or lack of it); about their depression, loneliness.

The new Director is enthusiastic about our local mental health center. He exclaims, "We have quality staff... good support from

the community. Dr. Eli Rubin has established a firm foundation from which we will respond to the future demands of the community."

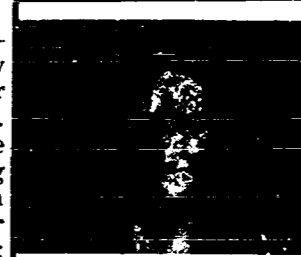

Quoting Dr. Angela Kennedy, Acting Director until the new appointment, "The Board of Directors and staff are excited about the knowledge, training, accomplishments, and enthusiasm that Jon brings to this Center and to the Detroit-Wayne County mental health arena!"

To this the Assistance League adds a hearty welcome to Dr. & Mrs. York. We look forward to working with him. We are impressed with his candor and genuine interest and are eager to accept new challenges with him to augment and enrich services of the Northeast Guidance Center.

Emergency! Crisis Intervention Offers Turning Point

By Mary F. Leech
It's a crisis! You can no longer cope. You've tried to handle the problem yourself... but nothing works. You're panicky, feeling helpless! You know you must act, but you don't know what to do. CALL 824-8000.

But it's the middle of the night! CALL 824-8000. Someone is available 24 hours a day.

But it's Sunday as well as a holiday! CALL 824-8000. Someone is there seven days a week, every week of the year.

The person answering the crisis call is trained to help the caller. Immediate attention is given when there is a crisis. Action depends on the situation. If immediate intervention is not needed, the worker will ask the caller to phone or come in the next day to discuss his/her problem further. Suggestion may be made as to what will help the client work through the crisis.

Sometimes the client is referred to one of the programs of Northeast Guidance Center such as: Children & Adolescent Day Treatment, Outpatient Family Counseling Program, or the Crisis Intervention Treatment Program. Perhaps another community resource will be helpful to the client, like Project Headline for drug abuse.

Crisis Might Recur
Though immediate help can be given at the time of the call, many crises are likely to recur. Thus, the

Crisis Intervention Treatment Program was developed over a six-week time period, staff works with the client on learning new ways to cope with problems. Basically, we learn to handle difficulties as children by watching parents and other adults in their environment. But sometimes these methods no longer work, or can't be applied to new situations. It is here new techniques must be learned. Usually the six-week period is adequate to develop new skills for coping.

Occasionally calls for information are received on the crisis line. For instance, there may be a physical problem, or the caller is outside the resident area encompassed by Northeast Guidance Center. These callers are always advised where to find appropriate aid.

Northeast Guidance Center wants to give the best help as soon as possible. If immediate intervention is needed, it is given. If action can wait until the next day, someone will see the person then. There is no long wait for an appointment, and money shouldn't be of concern. Fees are based on one's ability to pay — no one is turned away for lack of funds.

Everyone at some time experiences crisis, though the rest of life may run smoothly. It is at this point that Northeast Guidance Center can be helpful. If you feel overwhelmed, un-able to cope, need to talk it out... CALL 824-8000!

Parents are Integral Part of Child Day Treatment

By Carol F. Karry
Staff members of the Child and Adolescent Day Treatment Program of the Northeast Guidance Center are continuing their campaign for the community to view this program as a family centered one... with parents being an integral part of the treatment team during each phase of treatment. Not expected to take a "passive" role in the treatment of their offspring, today these parents are encouraged to actively participate in the initiation and implementation of their child's individualized care plan.

Dr. Edward Swart, Clinical Psychologist who is Acting Director and Clinical Supervisor of the Child and Adolescent Day Treatment Program, stressed the point of view strongly subscribed to by staff members of the program: that "whether or not a parent is involved in the creation or perpetuation of the problem, to optimize our intervention they must share in the solution."

From the first day of the child's admission into the program, parents are included by signing an agreement regarding the problems seen and goals established. Following this admission procedure, an intense, thorough, evaluation process is begun by the clinical members of the team. The team consists of a social worker or psychologist, special education teacher

and milieu therapist. During this process (usually lasting two months) parents are seen at least once a week to share information, develop rapport with the staff and formulate goals. A home visit by the case worker is made at least once. Thereafter, each parent is strongly encouraged to come to the center and actively follow the child's progress. Every three months throughout the entire course of therapy, the treatment plan and progress made are discussed with the parents at length.

Dr. Swart also pointed out that depending on need, parents may continue to be seen individually or in selected small groups. To further stimulate parental involvement with the program and alleviate their concerns, socialization activities, a parent outreach program and a "self help" group have also been established at the Center.

HELPFUL THERAPY Art and Music Stimulate Communication

"A child... finds freedom of self-expression through various art forms."
By Carol F. Karry
Art and Music Therapy, a rather new and highly innovative method of treatment, is being employed in the Child and Adolescent Day Treatment Program at Northeast Guidance Center.

Visible signs of the program's success are seen, according to Dr. Edward Swart, Acting Director and Clinical Supervisor of Child & Adolescent Day Treatment. Children otherwise unapproachable using more academic modes of treatment, suddenly begin to "communicate" through various forms of art and music.

Temporarily discontinued last year due to a shortage of funds, a grant received from the Michigan Council of the Arts, with matching funds from the Foundation for Mental Health, has enabled the program to be reinstated and expanded.

How does the incorporation of art and music prove therapeutic? Dr. Swart explains,

"Our Art Therapist, Wendy Watson-Cheyfitz, uses multi-media art forms;

Art Therapist Wendy Watson-Cheyfitz employs art and psychology with children in Child Day Treatment program. The group above is molding clay. Ms. Cheyfitz, Master in Art, is dedicated and innovative in helping them express themselves.

clay, pottery, water colors and drawings, determined by the individual need. A child who is restricted verbally and behaviorally finds freedom of self-expression through various art forms. The overly passive or aggressive child may discover a new means of expression. It may be a positive outlet for aggression, thereby enabling that child to be more cooperative during other phases of treatment.

"We also find that some children with pervasive fears or preoccupations 'come out' in their drawings, making it easier for them to verbalize those feelings. It is not as threatening to children to talk about a 'picture,' as opposed to themselves."

Ms. Mary Walsh, registered Music Therapist, embodies the use of music into various kinds of activities. Music is truly a universal language. As Dr. Swart explains, "Whether an instrument is being played or a song is being listened to... or danced to or dreamt to... or worked to... music can motivate the child... and soothe..."

This new Art/Music Therapy Program is just one form of treatment in a multi-faceted approach employed by the staff at the Northeast Guidance Center. They have become integrated with academics, recreation, occupational, group, family and individual therapy.

Hopefully, based on the success noted during its term of operation, the Michigan Council for the Arts will allocate sufficient funding to meet the Program's goal. That goal is provision of full-time Art and Music Therapists for the benefit of these emotionally troubled children.

Women's New Freedom May Impose Pressure

Superwoman may have more than one job

Superwoman

By Kathy York

Statistics show that women are more likely than men to take advantage of the counselling services at Northeast Guidance Center, and other mental health centers! An interview with Mary Meyer, ACSW, Program Director of Outpatient services at NGC shed much light on this phenomenon.

Part of the answer to this question may lie in women's greater willingness to admit to having problems requiring the assistance of an outsider. But a major part may also be due to the many personal and social problems that women are experiencing in our changing society. As women escape some of the traditional limits that our culture has imposed, they are faced with a new set of obstacles with which to cope.

There are new freedoms for women which when incorporated into their lives, bring about new pressures not experienced until now. Working mothers often find themselves not only accomplishing a full time work week, but also fulfilling the responsibilities of full time homemaking, too. This sort of pioneering on the part of women is stressful and often outside help can be very valuable.

There are other specific times when women seek out help. According to Ms. Meyer those times are generally centered around the crisis that accompanies divorce, loss of a parent, children leaving home, and growing older. Altered roles forced on women at these times can be confusing and make coping difficult.

What can therapy do to help women who are experiencing this dilemma about what their role should be?

"The major idea in this area," began Ms. Meyer, "is to convince women that they have choices and can control their lives!" The emphasis of therapy is to help build a strong self-image and a confidence in decision making.

Does this philosophy apply to all women?

"To all women" was the emphatic reply!

"Once a woman establishes who she is, she is also going to be better able to cope because she will be comfortable with her role, and confident in meeting the demands of it."

Therapy often conjurs up years of intense analysis; on the contrary, many benefit from very few sessions.

"The aim is to pinpoint the problems, understand them and then figure out the best way to cope with or change them," says Ms. Meyer. Therapy will not magically make all problems go away, but it can aid in making a person feel more able to deal with what is really wrong, and more confident in making decisions.

"Women are strong, dynamic people," concludes Mary Meyer. Women should feel comfortable in the knowledge that should they wish to seek guidance, it is available at the Northeast Guidance Center. Call 824-8000.

Commentary

From the Forties Plateau!

By Marion B. Lisotto

In a recent conversation with a small group of women of varying ages, the question arose "When Is It My Turn?" So many plateaus in the lives of women: education, career, marriage, motherhood, caring for parents. It seems there is never time for one's self, always doing for others.

What does a woman do when she finds herself with a busy husband, with children in college . . . alone most of the time? Some find

it necessary to return to a job in order to supplement family income, not necessarily for personal fulfillment. Sometimes health does not permit one to work. Week-ends become 'a drag.' Are we really unhappy or lonely in this bustling world of 1979?

Perhaps we have to look at ourselves from a different perspective. Times have changed. "Carpe Diem" is a phrase we heard in college — Seize the Opportunity! Now is the time to do yourself a favor. No

matter what your position, live for now, today — The Present.

There is so much to do! MY TURN is now! What better time than The Present? Return to school, revive old talents, learn new ones, volunteer, work part-time. Provide transportation or meals for local agencies . . . or visit senior citizens.

Life is one continual series of happenings if we look ahead . . . try again! Seize the Opportunity! When is it MY TURN? Now . . . The Present!

Adult After-Care Is Bridge To Real World

By Jan Arndt

Joe is chronically disturbed. Although he is only 29, he has been treated in a state mental hospital for nearly 10 years! In the past he has been diagnosed as schizophrenic, but the staff at the hospital feels he has improved enough to become a productive member of the community.

Within fourteen days after his release, the Northeast Guidance Center receives a discharge packet of information about him. This includes a description of his problem, medicine he is taking, length of hospital stay, social history, description of home situation, etc., and name of hospital worker who can be contacted for more information.

After careful study of these records and seeing how he actually functions, the Guidance Center staff has decided to place him in the AFTER-CARE OUTPATIENT service. He will be monitored carefully and will receive many hours of help specially geared to those who have been hospitalized.

Basic skills taught

There are 250 active clients in AFTER-CARE at the Northeast Guidance Center. There is no waiting list. The clients have many, varied needs. Some may be very disturbed and others only lacking in socialization skills. Some need to learn basic living skills like cooking, handling money, hygiene, etc. The goal is to provide a community support system so they can become productive members of the community and not return to a hospital.

All kinds of classes are offered in AFTER-CARE, from physical fitness to nutrition to creative skills. In addition, a therapist and physician are seen regularly. The all-important opportunity to socialize in an informal setting is also provided.

Joe is progressing reasonably well in this new atmosphere and though he

still has problems, he is beginning to learn to relate to others. He is hopeful he will be selected to participate in a new pilot hot lunch program.

Selected AFTER-CARE clients will be given an opportunity for initial training and employment experience so that the client can get a job in the community. This program will be run like a restaurant serving clients and staff members.

"Working with food is a good place to start," stated Gary Bernstein, Service Supervisor of AFTER-CARE OUTPATIENT SERVICES. "It's a gratifying and normal thing to do."

This whole community support concept is just beginning. A series of units are anticipated. Clerical and maintenance are other areas where living and job-related skills may help the client adjust to the non-institution world.

There is a destiny which makes us brothers

None goes his way alone —

All that we send into the lives of others

Comes back into our own.

Editorial Commentary

WE'RE ALL HANGING ON BY OUR THUMBS!

"STRESS is an integral part of living," a profound psychologist said. "When there is no more STRESS, you're ready to be buried!"

When you think about it, we are all walking the tight-rope of sanity ... coping with everyday pressures and anxieties. This is called LIVING. Some of us handle it better than others. Just as we are born with differing talents, so also our capacity to withstand stress varies.

How come then, we are so suspicious or fearful or insecure with those who have had mental or emotional breakdowns, sought help and have grasped a new lease on life? Employers are reluctant to hire, neighbors are shaky about them moving into the neighborhood, some specialized schools won't admit them!

"There but for the grace of God go you and I!" It's long pastime that society takes another look at our tolerance for the differences, the weaknesses and the strengths among us!

Mental Health Center Reaches Out to Elderly

Programs put "OOMPH" in Senior life

By Beth Kastner
"Think then you are Today what Yesterday you were —

Tomorrow you shall not be less." (from The Rubaiyat of Omar Kahyyam)

This is exactly the way the Northeast Guidance Center has set out to help other adults! There was a time, and not so long ago, when the elderly in this country took a back seat to the rest of our society. They were "put on a shelf," they were considered "out of tune," they were largely ignored. What a terrible waste! All of that knowledge and experience we preferred not to deal with. But happily the pendulum has begun a slow swing back to normalcy.

Rosie Raglin, Director of NGC Consultation, Educa-

tion and Prevention Program, tells that gaining the Seniors' confidence, making the elderly know the Center was able and willing to help, was the first step. "We had to build a rapport with older people in our community," said Rosie. "It was a feeling that had to come naturally. They had to feel comfortable with us before we could help them."

The Northeast Guidance Center staff visited Senior Citizen Homes and groups to give introductory presentations. The Center advertised its desire to work with older people by giving a Senior Citizens Luncheon. The well-attended affair was just the vehicle needed to let the elderly know that the Center was available to teach, to listen, to consult. It opened the lines of communication.

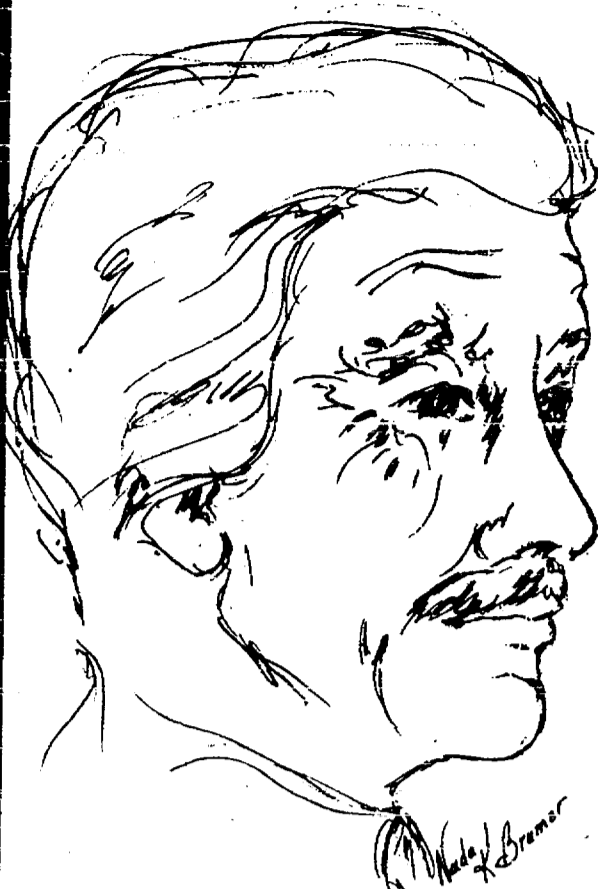

Word spread. Today an extensive program, well accepted by the Seniors, is under way.

The Program has been given an additional boost with the arrival of Dr. Jonathan York as Executive Director of Northeast Guidance Center. Dr. York has spent the last several years developing a nationally acclaimed mental health program for older adults in Lansing, Michigan.

Varied approaches are employed. Consultation and education areas are essential. Then there is the innovative prevention aspect. It is indeed impressive. Compare it to the vaccine. Compare it to the vitamin pill. It is such an aggressive form of treatment! Staff did not wait for people to become reclusive

or unable to leave their residences. A "Meal-On-Wheels" program went to them. They did not let the elderly become stale, cooped up in the same environment each day. They helped Dial-A-Ride become a reality. So Seniors could be out and about with some security, lessons in basic self-defense were available.

A favorite preventive program is one that the elderly "man" themselves! The Center provides the telephones and they are on their own. They call it "Telephone Re-assurance." It is a time for those Seniors who are able, to reach out to those who need a little extra OOMPH . . . to those who need a little lift to get them back to what they were yesterday . . . so that "tomorrow you shall not be less!"

A CASE HISTORY

Fear in Retiring Years

By Marion B. Lisotto

He was born in 1904 which makes him now 75 years of age. He had the usual general education and earned an engineering degree as well. After many years in the 9 to 5 groove, the magical age of "retirement" arrived. He settled down to a more sedate type of life. He continued to assume duties of various organizations as secretary or treasurer. He was active in music, travel, photography and public speaking.

This gentleman was like his friend of German descent who, after retirement, took up guitar and oil painting. He remarked that he was so busy there never was enough time! These men are not like some who

seem to waste away after retirement.

After ten years out of the business world, our first man reached his 74th year with subtle indications of fatigue, shortness of breath — early warning of cardiovascular problems to come. He slowed down considerably. After a brief hospital stay, he came home feeling revived. Then, another slump ending in pneumonia and return to the hospital.

A very real fear emerges. Each of us has very private thoughts which we share with no one! So it was over the past few years this intelligent, knowledgeable gentleman harbored a very real "fear." He was convinced he had a dreaded disease! When the problem

surfaced, nothing his family or doctors could say reassured him. He knew he had been cured of pneumonia, but was not gaining strength. His clothes did not fit, so he wore only his nightclothes. He had no interest in desk work, personal banking, nor his beloved activities. He didn't even go outside because of the weather. He was giving up!

What do you do? Sit and watch him vegetate? . . . of course not! His loving wife realized what was happening and picked up the reins. They sought special consultation. After one lengthy period this gentleman saw his errors in judgement and made a complete turn around. Some people just

have to be shown logically the medical whys and wherefores. After all, would you expect less of a civil engineer? A concrete explanation, rationalization was all it took. Our friend at 75 began a gradual climb to physical and emotional health.

This is only one true example of crisis with the elderly.

We're fortunate to have a community mental health center in our own neighborhood — THE NORTHEAST GUIDANCE CENTER. Please do not let your loved ones fall by the wayside when help is readily available. Encourage them to seek professional advice. They will thank you! Call for help at 824-8000.

"The Red Garter Revue" Review

By Marilyn Wheeler

Show biz came to the Assistance League in October when "The Red Garter Revue" was presented to the community at Grosse Pointe North's Performing Arts Center. To the audience we probably looked like dyed-in-the-wool actors and dancers. But three weeks of exhausting rehearsals were behind us and we did have determination!

thought ... 1-2-3-kick. One false kick would cast 100 eyes upon me. After a few rehearsals I felt I had run the Boston Marathon. If anything, the show was giving me vibes ... "I'm out of shape!"

Our talented Director, Garry Bruch, was a likeable chap although at times unpredictable. For try-outs I dusted off my tap shoes, tugged at my Danskins, smiled and tried to look svelte (nearly impossible feat!). He had to eliminate gals with two left feet, and the suspense was breathtaking. I made it ... worked feverishly learning my routines.

Opening night I had a case of dry teeth. Someone said to slather my uppers with Vaseline (sounds awful!), but to my surprise, my lips slid apart into a smile!

"Have you had your hormone level checked lately?" asked Fran as I began to perspire. Heavens, hot flashes!! Come to think of it, it did seem a bit tougher dancing this year!

At the finale the last night of the show, I felt a void. It wasn't the "ham" in me. What I was going to miss was the closeness of all those wonderful people. We'd been bawled out together, praised, laughed over near-disasters together. We were a family for 3 weeks. I was really going to miss our Director, too, who inspired us to go beyond our limits and give of ourselves. That's what it was all about ... giving of ourselves, for we received so much more in return. Garry believed in our cause and our latent talents and in his own way, brought out the best in all of us ... and we had a HIT!

Mrs. Douglas Cooke, League President, Mrs. Maschmeyer, and Kathy Maschmeyer. The event was planned by Co-Chairwomen Barbara Jay and Virginia Vallee.

Mr. and Mrs. Santa Claus (Susan and Gary Switzer) opened SANTA HAUS to the children. (Seated) Dave and chairwoman Sande Belfore welcomed grown-ups who had preview supper at the Haus.

League President Cites Community Support

By Ellen Cooke, President Assistance League to The Northeast Guidance Center

What a year for the Assistance League! Our successful projects have reached out to the community, with an inviting hand, for support of our Mental Health Center. We like to think our projects add a little zest to life in our area. Our activities depend a great deal on the cooperation of our community. This year we had record attendance at our "Red Garter Revue" and visits to The Santa Haus. Two gentlemen called to donate "Santa-time" because of their admiration for our Assistance League. Awareness is so important. No longer will we tolerate the image that we have nothing better to do with our time than plan and give cocktail parties. We do that on occasion ... but we also work very hard to earn our \$40,000 a year for mental

health (that's what it's been lately.) We are happy to have the financial, physical and emotional support of the residents. Without it we could never achieve our goals prompted by the ever-growing needs of the Northeast Guidance Center. Good mental health is important to everyone! And the future looks bright! We have exciting times in store in activities — and we have welcomed our new Executive Director of NGC, Dr. Jonathan L. York. We owe ourselves a big pat on the back for our accomplishments this year ... and all the past thirteen years. Thanks everyone! If you'd like to jump on board the Assistance League bandwagon, new member information is at 824-8000.

Life

By Fran Pastoria

Life presents itself a birth so new and shiny
 Full of joy,
 Sometimes it's a girl, if not a baby boy.
 What can I give you child to send you on your way?
 Shall I give you wealth?
 Then you'd need not toil
 But how would you ever know your worth?
 Maybe I'll give you fame and maybe in the giving
 You'll return your gift by giving it away.
 After thinking all this over, there's only one thing
 I can give you to assure your happiness all your days.
 I'll give you Love — for if you have Love you will Live with Brotherhood - Patience - Charity and You'll understand the mysteries of Life — For to give Love is to give all.

From Another Pointe of View

By Janet Mueller

One of Detroit's contributions to the world of architecture is Pewabic Pottery, where the distinctively designed and colored tiles that embellish some of the city's greatest buildings and homes were created.

The tiles are within eyesight of thousands of Detroiters daily . . . but the East Jefferson avenue pottery, its history and unique craft remain unknown to many.

Something's being done about that. An exhibit, "Pewabic in Architecture," recently opened at the Detroit Historical Museum. It is the joint effort of James E. Conway, the museum's curator of Architectural History, and Thomas Brunk, Pewabic's historian/archivist.

And Mr. Brunk's book, "Pewabic Pottery: Marks and Labels," has just been published by the Historic Indian Village Press.

It's a fascinating compendium, illustrated with some remarkable photographs. There's Mary Chase Perry, (before she added Stratton to her name), demonstrating the Revelation China Kilns in Boston or Washington, D.C., circa 1897/98.

There's a 1920-or-so photo of Mrs. Stratton and her fellow Pewabic founder, Horace James Caulkins, in front of the pottery, which moved from its original atelier in Alfred street to East Jefferson in 1907.

It's still headquartered there, though it's now an art rather than a commercial endeavor, associated with Michigan State University. It has its own museum, and many of the actual tile samples (Continued on Page 18)

Five Pointes Club to Meet

Five Pointes Garden Club gathers Monday, March 19, at 12:30 o'clock in the Moorland Drive home of Mrs. James R. Lindsay for dessert and a business meeting followed by a houseplant exchange by members.

Un Peu Fou... Mais Tres, Tres Gail!

Committee members for the Grosse Pointe Alliance Francaise scholarship fund raiser, a dinner and dance "Aux Chapeaux Fous," (crazy hats), put their heads, complete with you-know-whats, together to discuss plans for the party, set for Saturday evening, March 24, at the Assumption Greek Cultural Center in Marter road. Left to right, (standing), are MRS. DENISE CONTROULIS, in charge of hostesses, MRS. GEORGE

KAPPAZ, decorations, and MRS. JOSEPH J. MARSHALL, reservations. Left to right, (seated), are MRS. GEORGE R. MIKHAIL, beverages, MRS. RUSSELL H. AXSOM, general chairman, and MARCO NOBILI, Pointe Alliance president, who prepared the delightful invitations. Committee members not pictured are Mrs. S. Sidney Newhouse, Mrs. Elmo L. Joseph, John G. Conley and Mrs. Arthur Rooks

The party is open to the public as well as to Pointe Alliance members. The fun begins at 6:30 with a cash bar-and-cocktails hour preceding dinner at 7:30 o'clock. There is ample, attended parking.

In addition to American dancing of all sorts there will be French country dances directed by Nanou Caillet, for which you don't need a partner . . . just join the fun and whirl in the round to music by the Kowal Orchestra.

And there will, of course, be prizes for the most humorous and crazy hats. You may wear an old bonnet or a new football helmet. You may make your own headgear using cardboard boxes, paper bags or baskets. You must let your imagination run wild, "express your suppressed desires" in the words

of President Nobili. In other words: let it all hang out. Tickets at \$25 per person, (\$10 tax deductible), \$35 per patron, (\$20 tax deductible), may be obtained by sending checks, payable to the Alliance Francaise de Grosse Pointe, to Lenore Marshall, 35 Harbor Hill, Grosse Pointe Farms, Michigan 48236. The checks should be received on or before next Monday, March 19. Reservations will be held at the door. The number to call for further information is 881-2706. The menu will be as follows: Hors-d'Oeuvre a la

Robespierre; Potage aux Poireaux — Cream of Leek Soup; Veau au Citron — Veal with Lemon; Asperges Hollandais du St. Helois — Asparagus; Salade a la Maxim; Sorbet Framboise de Pigalle — Sherbet; Fruits et Fromage de Chevre de Sevre — Fruits and Cheese; Cafe Nature et Cafe Decaffeine — Regular Coffee and Sanka; Patisseries de l'Asile de Charenton preparees par le Marquis de Sade — Pastries from the Charenton Asylum prepared by the Marquis de Sade. And there'll be wine to wash it all down.

To Focus on Child Abuse and Neglect

Junior Leagues of Michigan Among Sponsors of Three-Day Program to Create Local Action Plans Which May Serve As National Models

The Governor's Conference on Community Prevention of Child Abuse and Neglect opens in Detroit today, Thursday, March 15, and will continue through Friday and Saturday, March 16 and 17, at the Renaissance Center.

The conference, which is being coordinated by the Michigan Chapter of the National Committee for the Prevention of Child Abuse, will create local action plans for prevention of child abuse. The National Committee for Prevention of Child

Abuse has indicated that in many respects Michigan may become a model for other states to follow in developing local programs; consequently, the activities in Detroit may have a national impact. A young thing started it. America adopted it. The question is, can everyone wear it? Our opinion is this. Young interesting things can, absolutely. Less young types can too, but modified. Tuesday Musicale To Present Shirley

Artist Concert in WSU's Community Arts Auditorium Will Be Subscription Lunch at McGregor Center

Tuesday Musicale of Detroit will present George Shirley, one of America's most versatile tenors, in an open-to-the-public recital Tuesday morning, March 27, at 10:30 o'clock in the Community Arts Auditorium of Wayne State University.

The former Detroit, a Wayne State graduate, is firmly established on the international opera and concert circuit. His most recent local appearances include the Laundslager Series and the

Detroit Symphony Orchestra's presentation of "Elektra." He has chosen, for his Tuesday Musicale Artist Concert program, arias from (Continued on Page 23)

Watercolors At Lochmoor

Watercolors by Canadian-born Kenneth Rumble, who studied at Meinzing Art School in Detroit and after a career in fashion illustration for 15 years with Robert Simpson Company in Toronto and the J. L. Hudson Company in Detroit, decided to free-lance, are on display this month at Lochmoor Club.

Mr. Rumble, who resides in Lochmoor boulevard with his wife, Mary Jane, and daughter, Shan, maintains a studio in Mack avenue and teaches art at Macomb Community College. While he studied watercolor painting under Sister Matsusaka, he is also self-taught.

Girl Scout Cookie Sale Is Underway

"Pewabic in Architecture" also uses extensive photographs and manuscripts to document the pottery's development through the formative and highly successful years when Mrs. Stratton, her husband, architect William B. Stratton, and Mr. Caulkins guided Pewabic, linking its name and tiles with some of Detroit's architectural gems.

Among them are Belle Isle's Scott Fountain, the Church Public Library and Institute of Arts, Christ Church Cranbrook and many Grosse Pointe mansions, for during the height of Detroit's 20th century development Pewabic was synonymous with elegant and graceful architecture.

Today, as an MSU Lifelong Education Programs ceramic school, museum, gallery and historic site, Pewabic continues as a living, vital influence on the area's art life.

Two of its recent graduates, Betty Lurie and Ken Thompson, are featured in a show currently on display at the Pewabic gallery. Betty works in the difficult medium of porcelain, using very sophisticated shapes with sensuous lines and smooth surfaces in a style which is both contemporary and feminine.

Thompson takes a traditional craftsman's approach (Continued on Page 32)

More than 19,000 Detroit area Girl Scouts are participating in the sale, which coincides with nationally-observed Girl Scout Week: March 11 to 17.

This year, Granola cookies join the five popular, traditional varieties — chocolate mint, peanut butter patties, vanilla sandwiches, shortbread and PB's, (peanut butter sandwiches).

The cookies are packaged in family size boxes which sell for \$1.25 each. The colorful outer wrapper focuses on the national Girl Scout career exploration program and highlights the theme "Make A Dream Come True," picturing Girl Scouts involved in troop activities which are also career oriented.

"Approximately 45 percent of our total operating budget is raised by the cookie sale," explains Mrs. Charles R. Kinnaird, of Moran road, Girl Scouts of Metropolitan Detroit president.

"With the approval of the United Foundation, we conduct this once-a-year fund raising event to supplement our Torch Drive funds and Girl Scout camping fees. The revenue we raise helps support the many programs and activities we offer our mem-

bers on a year-round basis."

For safety reasons, the GSMD Council does not allow its Girl Scouts to sell cookies door-to-door. Through the cooperation of merchants and other local businessmen, more than 600 cookie booths, staffed by adults and girls, have been set up in neighborhood stores and banks. "The participation and cooperation of parents is a key factor in making our cookie sale successful," Mrs. Kinnaird notes. "Nearly 1,400 volunteer men and women help organize and conduct this annual event."

As area manager, Mrs. Maghielse is in charge of a territory which includes East Side Detroit, Highland Park, Hamtramck, Harper Woods and Grosse Pointe.

Among her assistants, members of a committee to assign troops to cookie booths, is Susan Witzke, of Somerset road.

Nancy A. Lepley, of Blairmoor road, is Grosse Pointe area manager. Her assistants include Carol Calcaterra, of Oxford road, Cathy Christiansen, of Lochmoor boulevard, Peg Lewis, of Lincoln road, Anita Unger, of Audubon road, Linda Kinder, of Bedford road, and Norma Stone, of Lancaster road.

East Pointe Adelines Sing in Grand Rapids

Sweet Adelines' East Pointe Chapter, one of the region's newest, is singing in Grand Rapids in the annual Border Lakes Regional Quartet and Chorus Competition which opens today, Thursday, March 15, and will run through Sunday, March 18.

This will be the woman barbershop chorus' second regional competition. Linda Liddicoat, chorus director, a member of the 1978 cham-

panion quartet "Bass-ically Four," this year is eligible to compete in the Novice Director category.

Pointers singing with the chapter include Pat Scully, of Beaconsfield avenue, Pat Kimel, of Middlesex boulevard, president, who may be contacted for further information at 821-8766 or 527-7100, Ellen Newak, of Hawthorne road, and Julie Strayer, who teaches in the Grosse Pointe School District.

Rehearsals are held on Thursday evenings from 7:30 to 10 o'clock at Chippewa Junior High School, East Jefferson avenue at 10 1/2 Mile road. Visitors are welcome.

East Tri-Sigma Group Has A Full Schedule

Mrs. Thomas J. Prince was assisted by co-hostesses Mrs. Timothy Brown, of Fairholme road, and Mrs. Michael T. Welsh, of Severn road, when she opened her Broadstone road home to members of Sigma Sigma Sigma's Grosse Pointe East Alumnae Group Thursday, February 8.

The Mesdames Brown and Welsh presented a "Bringing Back the Bandbox" project evening devoted to making old-fashioned bandboxes, covered and lined with wallpaper prints, to hold lingerie, scarves and miscellany for personal use, gifts and benefit boutique items.

At the business meeting following a recess for refreshments, Mrs. Robert G. Schuch, of Littlestone road, philanthropic chairman, announced that the chapter's contribution of \$400 had been sent to Children's Hospital of Michigan, earmarked for Play Therapy. Tri-Sigma's national philanthropy.

Mrs. Welsh, president, reported that the Sigma Senior Send-On Luncheon will be held Saturday, March 24, in the Hilton Airport Inn, Romulus, with a cash bar open from 11:30 to noon and luncheon featuring an entree choice of Crabmeat Quiche or Maurice Salad, at \$6.50 per person.

The five Detroit area Tri-Sigma alumnae groups annually cooperate in honoring collegiate seniors of the University of Detroit's Beta Tau Chapter and Eastern Michigan University's Omicron Chapter at luncheon and a formal ceremony of transition from collegiate to alumnae sorority life, inviting and welcoming the graduates into

Rites at Academy For Miss Mueller

Noon Ceremony at Which She Speaks Vows to Edwin James Jones, II, Is Followed by Reception at Grosse Pointe Hunt Club

A long-sleeved, scoop-necked gown of taupe de soie was chosen by Mary Frances Mueller for her noon marriage Saturday, February 17, in the Grosse Pointe Academy Chapel to Edwin James Jones, II.

Her heirloom lace mantilla had been brought from Spain many years ago by her maternal grandmother, and worn by all the girls in the

family. The bride carried a cascade of white daisies, stephanotis and baby's-breath. She is the daughter of Mr. and Mrs. Carl T. Mueller, of

Laura Barlow To Say Vows

Mr. and Mrs. J. Lee Barlow, of Cadieux road, are announcing the engagement of their daughter, Laura Marie, to Lawrence Radgowski, son of Florence Radgowski, of Sterling Heights, and the late Bernard Radgowski.

The bride-elect, a Grosse Pointe South High School graduate, holds a diploma as a Medical Assistant from the Carnegie Institute of Detroit.

Her fiancé, a graduate of Warren's Cousino High School, attended Macomb County Community College, received a certificate in Culinary Arts and is now a baker at Sweetheart Bakery. A June 2 wedding is planned.

Berkshire road. Mr. and Mrs. Edwin Iago Jones, of Wixom, are the bridegroom's parents.

The rites at which The Reverend Barney Davis, head of the Newman Club at Wayne State University, officiated were followed by a reception at the Grosse Pointe Hunt Club.

Donna Mueller Bouch came from California with her husband, Stephen, and their sons, David and Michael Jon, to serve as her sister's honor attendant. Michael Jon was ring bearer for his aunt.

Bridesmaid was another sister, Mrs. Carl I. (Helen Jeanne Mueller) Spencer, of Puyallup, Wash.

After a vacation in northern Michigan, the newlyweds are at home in Inlay City.

Child Abuse Conference

(Continued from Page 17)
The Child in Michigan February 20, referred to the upcoming Governor's Conference on Community Prevention of Child Abuse and Neglect as an example of Michigan's commitment to children and to the International Year of the Child.

More than 1,000 participants are expected at the conference, which will be opened by Governor Milliken and Detroit Mayor Coleman Young.

It is seen as a springboard for continued growth and encouragement of local community networks so that citizens, (both volunteer and professional), will join together to develop action plans for prevention efforts in their own communities.

The conference is sponsored by the Michigan Committee for Prevention of Child Abuse, the Michigan Department of Social Services and the Junior Leagues of Michigan.

Co-sponsors include the Michigan Departments of Education, Mental Health, Public Health and State Police.

Junior League of Detroit Child Advocacy committee members Mrs. C. Howard

Crane, II, Mrs. Charles S. Davis, III, and Mrs. Paul R. Schweitzer have served on the accommodations committee and the publicity committee.

Thirty additional Junior League of Detroit members will act as hostesses during the three-day conference.

Quester Focus Is on Folk Art

Windmill Pointe Questers will meet Monday, March 19, at the Edmunton drive home of Mrs. Joseph Fresard for coffee at 9:30 o'clock preceding a business session chaired by Mrs. Leo Hardwick, president.

Guest speaker Mrs. Richard Rinke, of the Questers' Petting Pointe Chapter, will present a paper on American Folk Art detailing decorative designs and their place in the nation's early history.

Wine Lines
 by John Lundberg

About half of the wines that emerge from the Bordeaux region in France are whites. Graves is the northernmost point of the major white wine producing area of the Bordeaux region, and is known for its dry wine. The southernmost point is Sauternes, where in a hot, moist climate, some of the best and most elegant sweet wines in the world are produced from the same grape as the other Bordeaux wines. Somewhere in the middle of these two areas is Entre-Deux-Mers, the Bordeaux major area for solid everyday wine.

Whatever your preference, foreign or domestic wines or other beverages, PARKIE'S PARTY SHOPPE, 17255 Mack, Corner of St. Clair, Detroit, offers the selection of quality beverages to please your taste. Center Drive Lags Behind

The Grosse Pointe War Memorial Ass'n. is most grateful to the 2,824 early donors to the 1979 Family Participation Campaign Fund Drive.

However, the campaign is far behind the 1978 drive both in dollars received and the number of contributors responding. Last year, 3,199 contributors had given \$78,571.27. The receipts to date in the present campaign are \$71,736.

The goal necessary to balance the budget for the fiscal year August 1, 1979, through July 31, 1980, is \$155,000. The target date to achieve this goal is Memorial Day, May 28.

Since so many Pointers were out of town during the winter months and may not have received the first mailing on Valentine's Day, follow-up letters will be sent this week to all Pointe resi-

dents who haven't responded as yet. To this effort will be added a telephone campaign which will begin April 25. The War Memorial is three-fourths self supporting. It receives no tax monies and must raise the balance of the funds needed through the Family Participation Campaign if it is to continue to offer the many cultural and educational programs to the community that it has in the past.

All gifts to the War Memorial are income tax deductible, and donations in whatever amount are needed and much appreciated, Center officials add.

Breathers Club Meets March 20

The March meeting of the Eastside Breathers Club, sponsored by the American Lung Ass'n. of Southeastern Michigan, will be held on Tuesday, March 20, at the Georgian East Extended Care Facility, 21401 Mack avenue, from 1:30 to 3 p.m.

The topic of Tuesday's meeting is a brief talk on the psychological aspects of lung disease by Dr. Warren Banks. A group discussion will follow.

The Breathers Club is a mutual support group for people suffering from chronic lung diseases — emphysema, bronchitis and asthma—and their families. The club offers professional information and help on how to cope with respiratory ailments.

It is open to anyone who would like to join and no dues are required.

For more information, contact Sue Hoeflinger at the American Lung Ass'n. at 981-1897.

Power Is Topic Of New Class

A class about the "Positiveness of Power" will be held at North High School, 707 Vernier road, from Monday, March 19, through April 23 from 7 to 9:30 p.m.

The class will be conducted by Joanne Roth and Sharon Liall, with a focus on psycho-physical exercises aimed at relieving stress and sharpening the senses.

Tuition is \$21. The course is offered by the public schools' Department of Community Services and Wayne County Community College.

Students Score At Art Exhibit

South High School student Joy McElroy captured the prestigious Hallmark award, along with two Blue Ribbons and two Gold Keys, in the recent Scholastic Art competition sponsored by Twelve Mall.

Her drawing, "The Feast," was one of five selected for the Hallmark, and will be sent to New York to compete on a national level.

South students won 23 of the 400 awards distributed at the exhibit. There were more than 3,300 entries to the show from the southeastern Michigan area.

In addition to Miss McElroy, South students Amy Sloan, Paula Reichert, Mary Jo Blennan, David Hopp and Victor Vettorello will have Blue Ribbon works sent to New York City.

The exhibit was juried by a panel of university art instructors and local artists.

TAKES MEDAL

Chuck Stoyka of Lochmoor boulevard, a former North High School swimmer, took a silver medal in judo while representing Michigan State University, where he is a freshman. Stoyka competes in the heavyweight division. His silver medal was won in competition at the Midwest Collegiate Judo Tournament held recently at Marquette University, Milwaukee, Wis. Nine major university and college judo teams took part in the tournament.

HOUSE FOR SALE

Should you sell it yourself?

If your house is being sold, perhaps now is the time for us to get together . . .

Would you fill your own teeth? Would you fight your own case in court? . . . Certainly not—unless you were a dentist or a lawyer.

Yet, some well-meaning people, who would not dream of filling teeth or playing lawyer, will attempt to sell their own real estate! Probably waste precious weeks or months . . . and, if they sell it at all, get a "panic price."

REMINDER: relying on experts pays dividends! What does a realtor provide that you can't?

- Objectivity
- Competition
- Referrals
- Finances
- Experience
- Security
- Maximum exposure

Remember this one Key Fact . . .

1. Statistically, our efforts will net you More than you can get for yourself.
- PLUS: 82% of all who try to sell their own homes eventually turn to a realtor.

QUESTION: Wouldn't you like your house to have these benefits as well as the following aids working for you?

- Guardian Home Warranty Protection
- Nationwide Referral Network
- Guarantee Trade-In Plan
- Powerful Mass Media Advertising

It's A Mini English . . .
And It's A Maxi-Value!

1145 Nottingham

If we could "bottle" the charm in this choice home, we could all retire. On the other hand maybe you'd like it all for yourself. There's three bedrooms and a double garage . . . the rest we invite you to see Sunday!

Three New Opportunities

This first "opportunity" has so many exciting fine features that we seriously doubt it will survive a week on the market. Let's start with location . . . the best, just off Kercheval in the City. And what a family room . . . a brand new "Jensen" addition with it's own fireplace! How about a sundeck, just off the family room, a modern, spacious kitchen and four bedrooms, including a lav just for the master suite? Your call to us just might get you there in time!

Your next opportunity: a two family flat, in the Farms under \$90,000! Total income is now \$675, and there could be favorite terms on the purchase. Need we say more?

REAL ESTATE: STILL THE BEST INVESTMENT YOU CAN MAKE!

In Case you haven't heard, Detroit's Hot, with prices higher each month you wait, so this well built face brick three bedroom bungalow at \$23,500 will soon have a new owner, especially when you discover where it's at!

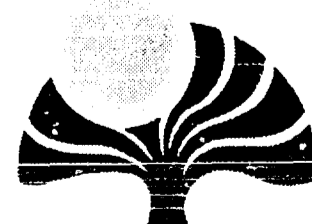

If it's a choice location you're after under \$90,000 consider this "Heart of the Village Location". The family will appreciate the two full baths and the three bedrooms and den (which can easily be a fourth bedroom if needed) the garage is attached. If it sounds good let us show you thru!

MAJOR PRICE REDUCTIONS makes this good deal a lot better . . . especially when it's a center entrance colonial with four generous bedrooms and two full baths plus a lav on the first and in the basement. If we've got your attention, how about a big family room with a pegged oak floor? If you're still with us, please call!

EXTRA-NICE RANCH Sharp is the word for this 3 bedroom brick ranch located on a low-traffic street in Harper Woods. More good news is that it has central air, too. The bad news is that it may be sold by the time you see this ad. Call now!

SPECIAL CUSTOM RANCH—Unusual 6 room brick ranch, 2 bedrooms, living room that measures 30 feet. Professionally landscaped front with sprinkler system. Lot measures 100 x 350 with fruit trees. Fireplace in dining room; no basement; central air. A real potential gas saver; nice residential East Detroit neighborhood now at an extra reasonable \$64,500!

What about a great rental on Trembley? This spacious three bedroom has two full baths, a modern kitchen and a great family room for \$575, and occupancy is immediate!

SPANKING NEW ON THE MARKET is this three bedroom ranch with a large family room and two car attached garage. Move-in condition makes the home on a tree-lined street a delight. Full basement sports a recreation room, laundry room and, for the handy man, a workshop complete with built-in work bench. Do yourself a favor and see the house Sunday afternoon with Betty Morris. The address is 23055 KIP-LING (near Marter Road) in St. Clair Shores.

OFFERING THE BEST of both worlds, this Cape Cod influenced house at 272 WIL-LIAMS has bedrooms on both the first and second floor. Seeing is believing and you would not have guessed that inside there is a large living room with fireplace, a formal dining room, an enclosed garden room, a family room with bookshelves and bar, three full baths and four bedrooms. The location is mid-way between Kerby and Brownell schools and a short jog to the Farms Pier Park.

BY APPOINTMENT ONLY

JUST WHAT SO MANY HOUSE PROSPECTS DE-SIRE. A four bedroom colonial on a private court in the heart of Grosse Pointe Farms. Just recently redecorated. Features a cathedral ceiling, family room with fireplace and a window wall which opens from this room onto a brick, enclosed patio. There is a formal dining room and the living room also has a fireplace. Attractive ballast brick has been used to floor the family room and foyer. Large kitchen with eating space and a first floor laundry make this house a serious contender if you want location and eye appeal both inside and out and almost no yard to maintain.

Pointer of Interest

MRS. RICHARD C. MERTZ, JR., OF ROSLYN ROAD

By Ann Wallace

"Why is his head so thin? Why is his nose so tiny?" Strange questions one would assume. But not when asked by fourth, fifth or sixth grade children when shown a piece of sculpture or other art work.

This involvement of children is an example of how the Art to the Schools program, sponsored by the Detroit Institute of Arts, helps to bring art to children in hopes they will visit the museum voluntarily and understand some of what they are seeing.

Volunteers, who have been trained by the Art Institute, visit schools in the metropolitan Detroit area, bringing examples of art, slides and a verbal presentation to the children.

Four-Year Veteran
Alyssa Mertz has been a very enthusiastic worker in the 11-year-old program for four years. "It is a beautiful idea and the children are so enthusiastic," says Alyssa.

Mrs. Mertz spends one afternoon a week visiting a school that has requested a visit from Art to the Schools. She started training for the program by enrolling in the Introduction to Western Art course taught by Michael Farrell, adjunct curator at the DIA and assistant professor of Art History at the University of Windsor.

"That was a terrific course," notes Alyssa. "I learned about the artists and the period of time in which they lived. Their art represents their way of life in their lifetime." "It was a non-credit course, with about 10 people enrolled. A participant must be a member of the DIA's Founders Society or pay a small fee."

More Training
Alyssa adds that, following the course, she took instruction once a month in how to present her art knowledge to students in a class. It was given by Jim Bridenstine, assistant curator, Department of Education and director of the Art to the Schools program at the DIA.

"Discussions of how to present our subject to the children were so helpful," continues Mrs. Mertz. "Emphasis was given to involvement of the children by encouraging them to ask questions about the copies of works of art, (touchables), that we bring with us."

Slides also are brought along and the students. Alyssa notes, are encouraged to ask questions and comment as the presentation continues.

Each volunteer is assigned one of five talks the first year, to be given at a school as close as possible to home. Two talks may be assigned in succeeding years.

The programs are available Tuesday and Thursday afternoons through May 17.

Focus on Africa
"I have been giving the African art presentation,"

Lee's Inc. . . has a good selection of "almost-new" apparel including clothing and furs. You can buy them at a fraction of their cost. Lee's will also buy your unneeded fashions and furs. Bring them to 20339 Mack Avenue, Mon., Tues. and Thurs., 10-4. 881-8082. Open Mon. through Sat., 10-5.

Wright's Gift And Lamp Shop . . . is the most convenient place to take your lamp to get a new shade. They have a wide selection. They also can do most repairs while you wait. Stop by 18650 Mack Avenue next to the Grosse Pointe Post Office. Free parking.

Are You Planning A Party . . . Either luncheon or dinner. Perini's is the perfect place to hold it. You and your guests will enjoy the relaxed atmosphere, delicious food and cocktails and adequate parking. Call 371-2484 for reservations . . . 10721 Whittier between Harper and Kelly.

Must See . . . the new selection of rattan furniture in the window of Wicker World and more on display inside 20643 Mack Avenue. Included are lovely dining groups and rattan swivel rocking chairs in a variety of painted and stained finishes.

children—and, of course, in art.

"Anyone may apply to be a volunteer, not just former teachers like myself. The volunteers now include men, young mothers, those with older children and retirees." In the past year, Mrs. Mertz notes, the number of talks given by 36 speakers amounted to 838, involving 523 schools and 25,794 children! It is indeed a busy time.

Special Programs
Special talks also were given to the Saint Clair Art Association, drug addicts at Memorial Hospital, emotionally impaired adults, blind and deaf children, mentally retarded and brain damaged children, a sight saving class and adults at the Dancy School in Detroit.

Since the training of the Art to the Schools program volunteers is similar to that of Docents, (they work with in the institute itself, conducting tours, etc.), they, as well, conduct groups through special exhibits such as the Matisse Cutouts.

"One Wednesday afternoon a month," continues Mrs. Mertz, "the volunteers get together for some socializing by, for example, touring through the DIA, the Detroit Science Center or the Dexter Ferry House."

"We also have dinners for social evenings with our husbands, wives or friends. My husband is 'tickled' with the whole idea."

Anyone interested in volunteering time to the Art to the Schools program is encouraged to call Margot Camp at 833-7885. Their efforts will be greatly appreciated.

Has Boat, Plane

Dr. Mertz, a native of Grosse Pointe Shores whose parents are Mr. and Mrs. Richard Mertz, of Hampton road, has many interests, notes Alyssa, including trips in his boat and plane, and landscaping at home.

"When we can, we travel with him," says Alyssa. "We all enjoy working in the yard, especially the children, as they can work with their father."

"He is a very busy man, so we do appreciate the hours we spend with him. My art work fills in the many hours when my husband finds it difficult to be with us."

A school requesting a presentation by Alyssa, or another volunteer, must make arrangements for the talk in advance. The school provides a slide projector, screen and designates a classroom of students to receive the program.

Kids Love Masks

"The students are very enthusiastic and they like to become involved," explains Alyssa. "Depending upon the teacher, the students can be prepared ahead of time, or not, for my visit."

"the little store" . . . of Grosse Pointe is celebrating St. Patrick's Day by offering a wide variety of Irish coffee mugs and our own favorite recipe for brewing Irish coffee. Since Spring is just around the corner, we'd love you to see our beautiful silk flower arrangements which are sure to perk up the spirits. For those who are in the process of making wedding plans, we would love to help you with your household trousseau. We have a wide selection of gifts for showers and weddings. We also have a bridal registry.

New in our Gadgets Department, is the Magic Mop which attracts cooking grease like a magnet and our Tullen Kitchen Cutters to cut everything from cellophane to chicken joints and never need sharpening. Some Old World Discoveries . . . we have wicker bun warmers to keep bread warm while at the table. There's a new assortment of paper napkins and party invitations. Watch for the Aspenglas sale. All this and more at "the little store", 17037 Kercheval between St. Clair and Notre Dame.

Pointers DENNIS DONAHUE, MOLLY MEURER and ROBERT STOCKWELL were named to the fall Dean's Honor List at Northwestern Michigan College.

Fall Dean's Honor Roll students at Hillsdale College included MEGAN GORMLEY, daughter of MR. and MRS. JOSEPH GORMLEY, of Cadieux road, a sophomore Spanish major, and STANTON SMITH, son of MR. and MRS. S. K. SMITH, of Preston place, a junior, who both achieved 4.0 grade point averages. Achieving at least a 3.0 were ELLEN ENGELBRECHT, daughter of MR. and MRS. HARRY ENGELBRECHT, of Harvard road, a sophomore majoring in Psychology, GAIL GARDNER, daughter of DR. and MRS. MAX GARDNER, of Carmel Lane, a junior Biology major, and KIMBERLY STRICKER, daughter of DR. and MRS. E. P. STRICKER, of South Duval road, a senior majoring in Economics and Business Administration. More were senior RICHARD DANFORTH, son of DR. and MRS. ROBERT DANFORTH, of South Oxford road, a History major, KATHLEEN CHUBA, daughter of MR. and MRS. THOMAS CIUBA, of Colonial road, a senior majoring in Biology, and BERNADETTE ROBERTS, a junior Art major, daughter of DR. and MRS. WILFRID ROBERTS, of Fairford road.

Named to Murray State University's fall semester Dean's List was JENNIFER GROEHN, of Lothrop road.

Trowel, Error Club to Meet

Trowel and Error Garden Club members will bring a sandwich to a workshop program at the Stanhope avenue home of Mrs. Richard Piper, who will be assisted by co-hostess Mrs. David McDonald, next Thursday, March 22, starting at 10:30 in the morning.

"It really doesn't seem to matter as they quickly get engrossed and we are off. My program with the African art interests them because there are many masks that are shown on the slides. The children just love them."

The Art Institute hopes that this enthusiasm for the art that is brought to the children will spill over to their families and friends so that everyone will be encouraged to visit the institute, enjoy viewing its many art works and take advantage of its many educational programs.

Art to the Schools is presented, at no charge, by the Art to the Schools Committee of the Founders Society and the DIA's Education Department.

The five programs this year include African art, Mrs. Mertz's hailwick, American, which surveys art produced in our country from the Colonial era to the present; and Ancient World, which examines sculpture and architecture of the earliest civilizations such as the Near East, Greece and Rome.

The Modern segment investigates the origin and development of the art of our time. Artistic Techniques looks at the various materials and methods artists use.

The Teacher Learns
"The nicest part about all the preparation," says Mrs. Mertz, "is that I love to learn, but without the pressure of exams or papers to write.

proach to (high-fire stoneware, with subtle color accents against an earthen palette. For viewers, it's a choice rather like that between white and whole wheat bread.

Their work may be seen from noon to 4:30 o'clock Mondays through Saturdays until the May 31 closing. Admission to shows and parking are free at Fewabic.

The exhibit at the Historical Museum will run through Sunday, June 3, after which the museum plans to make it available as a traveling exhibit.

The Historical Museum is open from 9:30 to 5 o'clock Tuesday, Thursday, Friday and Saturday, from 1 to 9 o'clock Wednesday and from 1 to 5 o'clock Sunday.

Another Exhibit to Note

A trio of Pointers, David A. Mitchell, Louise Jansson Nobili and Lee Anne Miller, are represented in the annual exhibition of works by faculty members of Wayne State University's Department of Art and Art History.

It runs through the month in WSU's Community Arts Gallery. Gallery hours are 9 to 9 o'clock weekdays, 1 to 5 o'clock Saturdays.

A Toast to Elfrida

Elfrida Miller received a plaque praising her "outstanding volunteer work in Rey's Syndrome patient care, research, fund raising and program development" at a dinner sponsored by the Rey's Syndrome Study Center in February.

Mrs. Miller, who lives in The Pointe with her husband, William, (they are the parents of a 22-year-old son and an 11-year-old daughter), became a volunteer at Children's Hospital of Michigan three years ago this month.

She served in the Intensive Care Unit, and with the encouragement of Dr. Edgardo Arcinieg, Rey's Syndrome Study Center director, who also happens to be a Pointer, assumed responsibility for many Study Center activities.

She now spends at least two full days—often more—at Children's Hospital. She is also active in First English Lutheran Church and the Bayview Yacht Club.

The Study Center was organized in 1974 following a severe outbreak of Rey's Syndrome, a serious ailment which occurs in some children when they are recovering from flu.

It is supported by parents and community organizations and composed of researchers from Children's Hospital and Wayne State University School of Medicine who are seeking the cause of Rey's.

We prepare our program for ourselves.

"An evaluation form from the Art Institute is given to the teacher of the classroom I am instructing. He or she fills it out and sends it to the institute."

Sometimes, Alyssa notes, someone from the institute will visit her classroom, just to add assistance if necessary. Their comments about the presentation are always so encouraging, and most of the time, very complimentary.

"I have visited the schools in Detroit and surrounding areas," continues Alyssa, "including some schools in Grosse Pointe, such as the Grosse Pointe Academy, Saint Paul's School and other private schools."

Alyssa's life is a full one—wife, mother and homemaker—all of which give her much satisfaction.

"My work as a volunteer with the Art to the Schools program," she says, "not only benefits many children—it benefits me tremendously. I just love it!"
