Thursday, April 12 STRIKING TEAMSTERS RETURNED to work Wed-nesday under a tentative agreement reached with the trucking industry. The White House said that the contract would fall within President

Jimmy Carter's seven percent wage and benefit guidelines. The 10 day strike was mainly over disagreement on how often the cost of living allowance, (COLA), would be applied. A Washington source said the contract called for an initial raise of 80 cents per hour, plus two more annual increases of 35 cents an

hour. The current average wage is \$9.60 per hour.

Awards Set for Presentation at Lawyers' Wives-Sponsored Ceremony in Observance of Law Day

Michigan Court of Appeals Judge George, N. Bashara will be the speaker at the ceremony.

The "Concerned Citizen's Award" is sponsored by the organization to commemorate Law Day, (May 1), a day set aside by a joint resolution of Congress and the President.

Praise Involvement

The three recipients of this year's awards are Kani Auld of Merriweather road, James McAllister of Hillcrest road and James Williams of Mt. Vernon road. All three, by their alertness and quick action, were responsible for the prevention of a large scale fire at a Hillcrest road residence last fall and the apprehension of two arsonists, according to

the organization. "It is such action that pro motes the safety and wellbeing of community," the Lawyers' Wives state, while citing the importance of citizen involvement.

Meanwhile, Ann Kondak of Hawthorne road, who as a member of the League of Women Voters of Detroit looked into cable TV several years ago, addressed the council, urging the solons to have public hearings to explore the subject completely.

She felt the establishment of a cable TV study committee, encompassing representatives from various segments of the community who would be most concerned with public and educational use, would be a viable route.

Mrs. Kondak indicated that some important considerations include the franchise should be granted only for a specific number of years, in the area, Mr. Wells told up to 10; that the cable TV provide full service or lose its franchise, such as a threeyear time period; and that there should be adequate provision for public access and community channels.

Must Keep Control At the same time, she noted many communities have granted franchises without adequate investigation and safeguards for the inter-

ests of their communities. "Many franchise companics have wooed councilmen with favors, free travel and of merit in the Michigan vacations. Park Accepts Bid for Stand

Park Council members, via a 5.1 vote, accepted the bid of B & A Concessions to operate the refreshment station windmill Passes Beek at their regular meeting Monday, April 9.

The bid was approved un der a two-year contract with the stipulation that B & A must remit a minimum of \$2,000 to the city.

The concession stand had previously been under the supervision of Lawrence and Betty Lavigne of Bedford road for the last seven years.

Councilman George J. Verdonckt voted against awarding the bid to B & A because he felt that the Lavignes have been residents of The Park for a number of years and that there have been no formal complaints against them

According to statements to the council by City Manager John R. Crawford, the refreshment stand has been losing money since 1969.

Mrs. Lavigne, who was resent at the meeting, stated that as far as she was concerned, she really couldn't understand why there has been a decline in sales.

She pointed out, however that bees were becoming a real problem and that the refreshment stand is situated in a way where it is not readily accessible to all those who enter the park,

In her opinion, she and her husband were doing the "best job" they possibly could.

Three blds were initially received by the council, including that of the Lavignes. B & A operates concessions n The Woods and In St. Clair

Revamped Land Use Plan Eyed by GPW Officials

By Roger A. Waha

Areas of the city north and south of Vernier road were Exprored by the Woods Planning Commission in relation to a proposed land use plan, which took on a new shape at the commission's meeting last menth.

The key adjustment at that time was the change in residential districts, which are now being viewed in a density of dwelling units classification versus the former plan of categorical housing types, e.g., single family, two family and multiple dwelling residential,

Armed with a future land use plan map for the year 2,000 with specific color codes identifying low density, low medium density, medium density and high density residential areas, along with office, commercial, public, semi-public and parking, the commissioners made over 20 motions, most of which concurred with specific density designations throughout the

The commission will continue its exploration of areas along Mack, south of Vernier road, when it meets Tuesday, April 24, in the council chamters at 7:30 p.m.

Originally, the commissioners, before specifically defining density types, viewed possible housing types and specific zoning in relation to density. However, as the discussion got underway, they decided to delete any direct relationship between density, possible housing types and zoning.

Low density was defined units per acre, while low medium density was defined at from six to seven, Medium density, which caused some disagreement, was ulfimately pinpointed from eight to 12, while high density was left from 13 to 21 or higher.

Despite the deletion of specific zoning with an attempt to focus only on denscommissioners made references to housing types and current zoning in relation to density anyway.

In a communication to the commission, city planning consultant Brandon M. Rogers indicated possible housing types in relation to density would be discussed in a revised text.

"Through proper platting, site plan review, planned unit developments, transitional uses, etc., housing types can be mixed. However, in low and low medium density areas, (which make up a majority of the proposed land use plan), it apduplexes or multiple dwellings," he said.

The objective of the latter action was to maintain needed flexibility to give an opportunity to realize the value of the land and to give developers something to develop, according to Commissioner Paul Rothen-

burg. commissioners then viewed the northern and southern sides of Vernier road, often going on a blockby-block basis. The majority of these areas were approved in the low, low medium and medium density categories.

Commissioner John Kennedy expressed some concern over density classifications and felt that much of the area, particularly on the north side of Vernier, as from one to five dwelling should be low and low medium. (The land use map indicates a majority of the north side to be in the medium density category.)

However, Mr. Rothenburg disagreed, saying the commission should look at where the city might be in the year 2,000 and beyond. He urged possible housing types and his colleagues to take a forward look into the future, while eying the possibility ity classifications, several of desirable multiple aweilings along the way,

> For his part, Commissioner Peter Gilezan agreed, saying members shouldn't look at the areas as they exist today but consider what might happen 15 to 20 years from now. We must plan properly and provide proper induce ments for developers," he stressed, while feeling what can be tolerated by the community as a whole at any given point should be con-

The building's security system was activated at closing time that night, and no intrusion alarm was received, eading to the conclusion the theft took place during busi-

ness items.

Both the FBI and the Detroit Institute of Arts were notified of the theft, the former because the theft of a work of art is a federal offense, and the latter because it is part of a network of museums, which cooperate to help find stolen art.

William Fair, owner of the restaurant, said he was interested primarily in the return of the "namesake" of his establishment. Any pros-ecution of those responsible is secondary, he noted.

He suspects that whoever took the painting may have been on a "souvenir hunt," and probably didn't reckon with federal involvement in the case.

Farms Det Earl Field noted that sale of the art work would be difficult, as would display in the home.

One of the finest areas for growing grapes in the United States is the Napa Valley of California. Napa is an Indian word for plenty, and the Napa Valley does have an abundance of grapes. Vignerons of the Napa are constantly at work trying to match grapes with climate and soil so as to bring out the best in the grapes. They are following the same procedures that Europeans have followed for generations in experimenting and tasting, but have the advantage of the knowledge already gathered by the European growers.

The Grosse Pointe Camera Club will gather for an an. nual business meeting Tuesday, April 24, at Brownell Middle School, 260 Chalfonte avenue, at 7:45 p.m.

Nature print and slide competition will be discussed. Visitors are welcome.

The Chamber Singers, who have performed throughout Michigan and in Canada, last presented Bach's "The Passion According to Saint Matthew" on Palm Sunday.

Mr. Davies, their director, has performed in the U.S., Great Britain and Europe and frequently appears on radio and television.

The Calvary Center, in its 18th month, offers a variety of programs for older adults. It is a food and friendship site, serving about 150 meals a day. In addition it offers home chore assistance, grief counseling, free blood pressure checks and a variety of classes, ranging from self defense to Bible study.

Tickets to the May 12 performance are \$3 for general admission, and \$1 for youths and senior citizens.

They may be obtained through Calvary Senior Center, 4930 Gateshead, from 9 a.m. to 4 p.m., Monday through Friday. Tickets also will be available at Parcells one half hour before the

The city returned to normal garbage pickups on the 16th after abandoning them for a full week in favor of picking up downed limbs. Director of Public Services John DeFoe said that further tree debris pickups will octrash pickups.

Mr. DeFoe estimated about two-thirds of the brush pickup had been completed, but added that more seems to be coming out of back vards after the first bunch is picked up. The city has just begun a survey to determine further damage to city trees that haven't yet fallen.

While few complaints were received about the lack of garbage collection, Mr. De-Foe noted that the DPW did get rid of spoiled food from residents whose refrigerators went out

Police Chief Robert Fer ber, in a news release, reminded residents not to put any tree debris in the streets, as it could result in "major traffic safety problems." The area between the curb and the resident's lawn is the proper place for pickup.

Chief Ferber also requested residents not to park on the streets during daylight hours through Sunday, April

THE PARK

A clean-up bill of about \$22,000 has been estimated for the massive job of clearing hazardous trees and branches in The Park attributed to the ice storm.

Park Public Service Director James Ellison stated that the city obtained two outside tree contractors in addition to one sewer contractor to help remove the several loose tree limbs and branches that remain on Park streets.

tained in the community. Officials also believe that some isolated residences in the city were still without power earlier this week. Department of Public Works Director Leonard Ocelnik released some stag-

gering figures on Tuesday morning, April 17, while reporting that half the city has been cleaned up. He indicated 38 trees

alone on city property would have to be removed because of damage, while 275 yards of brush has already been picked up. Meanwhile, 120 pounds of chips have been ground up.

DPW personnel have already put in 400 hours of regular time since the storm struck and 184 hours of overtime. Crews are currently working 12 hours a day as the clean-up continues.

Limbs and electrical lines continued to fall in isolated areas of The City throughout last week, long after the ice and wind storm had passed, Electrical fires were still being reported as late as April 14 in Lincoln road. The day before a limb tree

knocked out the primary power line to Bon Secours Hospital at 4:30 p.m. The hospital closed its doors to all but "life threatening" emergencies until 7 p.m. when power was restored. An emergency generator maintained basic services to critical areas during the blackout, while some patient rooms, labs and the x-ray facilities were without power.

Club Slates T-Softball

The Neighborhood Club is starting another season of T-Softball, which has become one of its most popular spring programs. Last year there were over 300 boys and girls participating

T-Softball will run for seven Saturdays starting April 28 and finish with a Detroit Tigers baseball game on June 16. There will be a separate program for boys first grade will practice from 9:30 to 10:45 a.m. and second graders will practice from 11 a.m. to 12:15 p.m.

T-Softball is a low competition program with emphasis placed on skill development and enjoyment. Drills will teach the fundamental skills of throwing, catching and hitting, while creating an enjoyable learning experience for all.

The club is now taking registrations for the pro-gram. Office hours are from 9 a.m. to 5 p.m. weekdays and from 9 a.m. to 12 noon Saturdays. Final registration is Monday, April 23, from 6 to 8:30 p.m. at the club, 17150 Waterloo avenue.

T-Softball relies heavily on volunteers, and the program needs help. Those interested in becoming instructional leaders, and those with questions, should call 885-4600.

Little League Receives Funds

Park Little League baseball was unanimously granted the sum of \$3,500 by council members at their regular meeting Monday, April 9.
The money had been prev

iously budgeted for fiscal year 1978-79. President of the Park's little league team, Larry Harding, appeared before the solons to request that an ad-

ditional \$3,500 be budgeted for fiscal year 1979-80. According to Park Clerk-Comptroller Nunzio J. Ortisi, the money is allocated for items such as uniforms, bats. balls, umpire fees and field Sunday School 10:30 A.M. maintenance. (Infant care provided)

"The increased spending for the third straight season comes as a surprise when lodges responding to our season-end survey reported warm Christmas holiday, and girls. Kindergarten and then bitter cold and an early March thaw," states Joseph Ratke, Auto Club touring manager.

He said those factors were the major cause of a one percent drop in skiers this season compared to a year

Mr. Ratke said the spending jump was mainly the result of increased costs of lift fees, food and lodging plus more night skiing and three more areas operating than in the past.

Auto Club based its figures on 40 of 58 lodges responding to a statewide survey which inquired about dollars spent, number of skiers, skiable days, opening and closing dates and skiers from other states visiting Michigan.

Twenty-three lodges reported increased spending, ranging from five to 41 percent. Three lodges reported spending was the same as last season and nine took in less money. The drop at those lodges with a spending decrease ranged from one to 50 percent.

West Michigan's major areas led lodges reporting revenue increases. Crystal Mountain near Thompsonville cited its ski-by-the-hour rates and night skiing for "major increases in our mid-Michaywe near Gaylord, week package plan," which Nearly 400 inches of s brought revenues up 21 per-

Two for one sounds like a good bargain. Most people would agree, but that isn't cialization of children in always the case when studual grade classrooms, comdents from two grade levels are put together in one class in what is known as a dual grade classroom.

With declining enrollments and the high cost of having classrooms with too few students, operating neighborhood schools at times can result in having dual grade classrooms. Because we are committed to maintain the neighborhood school concept, it will be necessary to continue some dual grade classes at the elementary level.

To address the issue of dual grade classrooms, a committee has been formed which will work with Director of Elementary Education Alfrieda Frost, and Ferry Elementary School Principal Audrey Burchett.

Serving on the committee are teachers, Rita Flaherty, Betty Frounfelter, Jean Norine Kittel, Dorothy Kotcher, Loraine Lieder, Lynn Olds, Eleanor Pawluk and Carolyn Zysk, all of whom have taught in dual grade classrooms at least

The committee plans to identify problems which are unique to dual grade classes. consider alternatives and recommendations for minimizing those problems and develop procedures to implement dual grade teaching strategies.

Survey to Aid Handicapped

Parents of handicapped children can check the efforts of local public schools in providing an adequate education to their child by filling out a survey form provided by the National Committee for Citizens in Educa tion, (NCCE).

Under the Education for All Handicapped Children Act, (Public Law 94-142) each public school system is required by law to provide an adequate education for handicapped children if they are to receive federal funds.

In Michigan, public schools are required to provide an education to handicapped students from 0 to 26 years

Each handicapped child receives an Individual Education Plan, (IEP), in school that is specifically designed for each handicapped student. It is revised annually and parents must be notified of any program change.

Schools to Lay Off 17 Teachers

In response to continually shrinking enrollment the Board of Education last week laid off 17 Pointe teachers effective at the end of this semester.

The layoff list is the smallest in recent years and Trustee Joan Hanpeter commended the school administration for keeping the numbers low.

Five of the dismissed teachers will be offered parttime jobs later on this spring, according to Superintendent Dr. William Coats. In total, number, which pays rewards the layoffs reduce the number of full-time positions on the payroll by 12.5.

The system expects to lose 372 students next year, to bring total enrollment under 10.000. Since the beginning of this decade school system more than 25 percent.

Farms Det. Earl Field was growing each year across the country on dwellings, businesses and automobiles," Det. Field said.

"The loss is made up for by all citizens with arson causing blighted neighborhoods, loss of jobs and income, loss of business taxes, increases in insurance premiums, and higher taxes for additional police and fire protection. It also results in the loss of personal property that may be irreplaceable.'

Det. Field received instruction in fire science, psychology, scene diagrams, arson law and new concepts in firepolice teamwork at the investigation scene,

Vehicle arson fires, of which The Farms has a stillunsolved case, also were explored. A nother unsolved Farms arson case involves a garage fire in Chalfonte road last year.

Det. Field would like residents to know the arson control confidential telephone up to \$1,000 for information leading to the arrest and/or conviction of anyone on arson charges. Those with tips are urged to call collect, (517) 322.0469.

Engaged

LAURIE LOWDEN and Scott Mustapick has been announced by her parents, Dr. and Mrs. William H. Lowden, of Wellington place. A spring, 1980, wedding is planned.

Both the bride-elect and her fiance, son of Mr. and Mrs. Gerald Mustapick, of Tequesta, Fla., are students at Catawba College, Salis-bury, N.C., from where he will be graduated this summer.

Mr. Mustapick's corporation, Stonewood Homes of Palm Beach, Fla., is associated with G. Mustapick Enterprises, Inc.

Miss Lowden is a direct descendant of Captain John Parker, who served under General George Washington during the American Revolution, and of the Bird family of Savannah, Ga., and Charleston, S.C., benefactors of The Citadel, Her maternal grandparents are Mr. and Mrs. Harold S. Parker, of Madison, N.J.

She is also related to the Lowden family of Hinsdale, Ill., and Indiana, with ancestors who served in the Indiana Legislature during the

Two Swingle Singers Dates

Detroit Symphony Orchestra assistant conductor Kenneth Jean will be on the podium for a pair of unique Weekender Pops concerts Friday evening, April 20, at 8:30 o'clock and Sunday afternoon, April 22, at 3:30 e'clock in Ford Auditorium.

Featured performers will be the internationally famous Swingle singers who practice an ancient art: that of using the human voice to imitate In Scotland, folk archivists

call it Mouth Music. In New Orleans it's known as Scat Singing, as practiced by Louis Armstrong and others. In their appearances w

the DSO, the group will present an unusual rendition of popular favorites by Gershwin, Porter and Kern.

The original Swingle Singers were a French group, much the rage in the 1960's. They disbanded in 1973 when their creator, Ward Swingle, an American musician, tired of performing Baroque compositions with nonsense syllables.

He moved to England to put together a new group with an infinitely wider and more varied range of composers and styles

Now, in addition to the non-verbal Bach, Handel and Mozart that made the group a household word, their repertory includes Berio Britten, the Beatles, Joplin French and English part songs, Paul Simon, Stevie Wonder, Gershwin, Porter, Kern and much more.

This is their first North American tour in more than five years, and their first appearance with the DSO since their debut here in 1971.

Tickets for both perform ances are available at \$8.50, \$7 and \$5. They may be purchased at the Ford Auditorium box office.

As fashion becomes softer, more luid, hair naturally follows suit. Tired of stark, geometric lines, women are once again seeking strictly feminine hairstyles. Consequently, curts are bigger than ever. Some are tight, crazy curls others are looser for a tousled effect. Even cut short, hair today demands the soft and lazy movement of curls and waves.

Viennese Ball Set at Center

The magical evening of lilting Johann Strauss waltzes annually staged in the Crystal Ballroom and floodlit formal gardens of the Grosse Pointe War Memorial will take place this year Saturday, May 19, from 9 o'clock to midnight.

It's a perfect time of the year — not too hot — and the fragrant, white wisteria trees of the formal gardens disappointment. Tables will should be in bloom, providing be reserved for parties. a charming setting for strolling. Couples can imagine they are in the beautiful Prater in Vienna, where Strauss' statue stands surrounded by spring flowers.

Music for dancing will be by the Johann Strauss Salon Orchestra, directed by Allen Warner. There also will be interludes of lieder and Schrammel music by Alexander and Maribel Suczek, with all patrons invited to join in song.

The ballroom will be candlelit. Crystal chandeliers will reflect on the glass walls. Tables will be set cabaret style, with an ample area left for dancing, and a fine selection of German wines from the Moselle will be available.

Waltz gowns and black tie are suggested as attire for the evening.

Patrons and guests are limited to allow room for waltzing, so it is suggested that tickets at \$8 per person

"And there are thousands of others who understand that the symphony is one of the jewels of Detroit."

As Riccardo outlined details of the public appeal for funds, he pointed out that an all-out effort to reach and encourage people in Detroit and all of Michigan to support the orchestra would be launched immediately through direct mail, radio and television and print ad-

vertising. The importance of a dedicated team of workers was acknowledged as Riccardo introduced business and civic leaders from the metropolitan Detroit area who have rallied to the support of 1979's Sound Investment by accepting appointments to key campaign posts.

Serving as co-chairman for this year's drive is William C. Ferguson, vice president of Operations, Michigan Bell Telephone Company.

Heading the various campaign categories are James A. Capolongo, vice president and general manager, Ford Motor Company; Alexander M. Cunningham, group vice president, Overseas Operations, General Motors Corporation; Gordon T. Ford, should be as intensely in-partner, Gordon T. poration. Although DSO Music Director Antal Dorati was unable to be present in person, the renowned maestro sent greetings and wishes via videotape for a successful campaign.

He described exciting projects in the orchestra's near future, including the first United States performance outside New York City of the great Strauss operatic masterpiece "The Egyptian Helena," the release of new recordings and the orchestra's first European tour.

Dorati began with a comment on the situation of the orchestra: "Artistically it is, I think, on a very hopeful, good and rather smooth road to what we call perfection.

Dorati included an expression of thanks for those orchestra members who give their lives to it, those who raise the necessary dollars and those who provide the funds which assure the very existence of this precious cultural institution.

Wishing the campaign leaders luck in 1979, Dorati concluded: "I wish that you Company; Manown Kisor, Jr., are with ours, because only

Parents Need Child's Eyes

We may joke about some adults are going to become Inn. first-time parents.

Dr. Ray E. Helfer, a pediatrician and professor in the MSU Department of Human Development, explains: "Just because a person's childhood didn't prepare him or her for adulthood doesn't mean the skills can't be learned."

He acknowledges, however, that it's easier to learn those skills as a child.

Helfer has written a book, "Childhood Comes First," which he calls a crash course in childhood for adults. The main premise of his philosophy is that a person must experience childhood if he/ she is to function positively as an adult.

"For example, it's essential for a child to learn that how you feel is different from what you do." Helfer says. By doing this simple exercise, Helfer explains, adults can begin to expand their response options, which may not have developed when they were children. They can also begin to judge the consequences of each response and which are acceptable, which are not.

The course also deals with the senses. Helfer believes that the suppression of adults' sense of touch and the ability to use the eyes to transmit messages interferes with their ability to reach newborns, because these two senses are communication tools necessary at that stage

of infant development. "In newborns, the sensory system is more developed than the motor or cognitive systems," he explains. He adds that the sense of touch and the use of the eyes is and Wesley, are earmarked relatively easy to redevelop

INVITATION FOR BIDS

The City of Grosse Pointe Woods will receive sealed bids for Installation of Water Main Loops and Sanitary Sewers Replacement until 4:00 P.M. Eastern Daylight Time, on Tuesday May 1, 1979 at the office of the City Clerk at 20025 Mack Avenue, Grosse Pointe Woods, Michigan at which time and place all bids will be publicly opened and read. Bids are invited upon several items and approximate

quantities of work as follows: 3591 Lin. Ft. of 8 inch diameter Water Mains, with all necessary valve installations and appurtenances to loop deadened water mains.

331 Lin. Ft. of 8 inch Sanitary Sewer, with 4 manholes. Contract documents may be examined at the office of the City Clerk, or may be examined or procured

at the office of the Engineer, after noon Monday, April 16, 1979. Copies of the contract documents may be obtained by depositing Ten (\$10.00) dollars with the Project Engineer, Pate, Hirn and Bogue, Inc., for each set so obtained. Plans and Specifications will be mailed

upon receipt of separate check in the amount of \$5.00 per set, not refundable. A certified check or bank draft, payable to the order of the City of Grosse Pointe Woods, negotiable U.S. Government Bonds, or a satisfactory bid bond executed by the bidder, and an acceptable surety in the amount equal to ten percent (10%) of the bid price for Water Main & Sanitary Sewer Installation, shall

be submitted with each proposal. The successful bidder will be required to furnish and pay for satisfactory performance and payment bond or bonds.

Attention is called to the fact that not less than the minimum salaries and wages set forth in the contract documents must be paid on this project and that the Contractor must ensure that employees and applicants for employment are not discriminated against because of their race, color, religion, sex or national origin, in accordance with Executive Order 11246 Equal Employment Opportunity and Notice of Requirement for Affirmative Action to ensure Equal Employment Opportunity.

Contractor must comply with the Davis Bacon Act July 2nd, 1964 (Title 40s276A) the Equal Employment Opportunity Act September 28, 1965 No. 11246, All United States Department of Labor Regulations & Standards Title 29, 1, 3 & 5, and Title 18 U.S.C., Section 874 known as "Anti-Kickback Act" and the Federal Occupational Safety and Health Act of 1970. The City of Grosse Pointe Woods reserves the right to accept or reject any or all bids or to waive any informalities in the bidding.

Bids may be held by the City of Grosse Pointe Woods for a period not to exceed ten (10) days from the date of opening of bids for the purpose of reviewing the bids and investigating the qualifications of bidders, prior to awarding the Contract. .

A Ugandan priest and a bishop from Puerto Rico will be visiting Saint Michael's Episcopal Church, 20475 Sunningdale drive, shortly after

The Rev. Dunstan Bukenya will spend the weekend of April 20 to 22 in the parish. Currently working on a Master of Divinity degree at the Seminary of the Southwest, Austin, Tex., Father Bukenya has held many responsibilities in his native country of Uganda. The 35-year-old priest has

studied at Bishop Tucker Theological College, Mukono Uganda: Makerere Univer sity, Kampala, Uganda, and the University of East Africa. After completion of his studies he was a lecturer at Bishop Tucker College, the central theological school of the Anglican Church in Uganda. There he taught African studies and theology and was the assistant director of studies, with special responsibility for extra-curricular work. For three years he was principal of the Diocesan Bible College.

His graduate work at the Texas Seminary is being assisted by grants from Saint Michael's Episcopal Churchwomen.

DeSarla, hostess; and Mrs. William J. Shetler,

The guild maintains its headquarters in Grosse Pointe, at 807 Rivard boulevard.

It is a non-profit organization, dedicated to the preservation and study of the 300-year-old art of decoupage. It has researched and established decoupage standards for sculptured prints, creative cutting, elevations, illuminations and three-dimensional compositions, decoupage on and under glass, wood and ceramics, and the use of fabrics.

By executing different techniques, which are then judged, members may advance from Layman to Journeyman to the coveted Mastercraftsman.

So far, there are nine Masters in the country They'll all be in town for the convention, with displays of their work, and there will be special exhibits from the Decoupeurs Guild of Ontario and from the New England Guild of Decoupeurs. A \$1 donation is suggested to view the exhibit and help support the guild's educational objectives.

Daughters of The British Empire

Moving into May, the Daughters of the British Empire will hold their annual convention at Dearborn Inn Thursday and Friday, May 10 and 11. Mrs. Russell H. Skitch, M.B.E., of Balfour road, is

the group's national president.

Delegates from 32 states are expected to attend, according to Mrs. William Koontz, first vice president, in charge of convention arrangements, and Mrs. William Appleyard, president of the DBE in the State of Michigan, reports that special invita-tions to a luncheon hosted by the local organization for the national board and all out-of-town visitors are being issued to Governor William Milliken, Detroit Mayor Coleman Young, British Consul General Alan Linton and Canadian Consul and Senior Trade Commissioner Frank Harris.

The Daughters of the British Empire support Homes for the Aged in the United States and assist various local charities.

Last year, their honorary president Mrs. Peter Jay, wife of the British Ambassador to the United States, presented a SCAMP vehicle on the DBE's behalf to the Detroit Medical Center.
