You'll see many familiar faces, members of the Grosse Pointe Theatre group and friends, for nearly 120 local people were involved in this film that funds for Wayne State Unifeatures a pie fight, a five-foot chicken and a bus versity's clinical neutron tooling down Kercheval with 50 passengers crammed inside singing "Give My Regards to Broadway."

The plot - if it makes any difference - involves the mythical Germanic country of Pithenstein, (shaped like a beer stein); the country's sacred sword; a pair of Pithenstein princes; numerous chase scenes; a bumbling orphan named Sheer Luck Holmes who is trying to solve the mystery of the sword's disappearance; and a guru named Foxini whose crystal is a Brunswick bowling ball. ion Merchandising major, The outsize chicken is fond of pizza. # Forster's Presents the first limited edition Heritage Heirloom:

# Numbered, registered and magnificent.

When yesterday's heirlooms were produced, the craftsmen of the time labored to create a few furniture masterpieces. Heritage<sup>®</sup>, a fine furniture maker of present-day renown, captures classic standards of quality and workmanship to initiate a series of limited editions, appropriately called Heirlooms.

The first is the magnificent secretary bookcase shown. Rich with inlays and carving, it is a blend of some of the world's precious woods: boxwood, imported English yew, mahogany, maple and cherry. Finest crowned glass is used in the wood doors. Eleven brass locks secure doors and drawers. The final touch is a clear, lightly distressed, almost natural hand-rubbed finish.

Only 275 of these superb cases will ever be produced. Each is numbered and registered in the name of the original owner. Forster's interiors has one of them on its floor now for your personal inspection.

### Pointe **Counter Points** By Pat Rousseau

Terrific Terry . . . conies in fashion colors at Walton-Pierce. Bright pink, green, yellow and purple ... not every piece comes in every color and the idea is to mix the brights. A terry wrap with a Velcrose closing can be worn as a wress or skirt. There are jogging shorts, slacks, Vneck tops, shirt jackets. There are also jackets in traditional white and terry wrap robes in soft shades. Talking about robes, there are lovely floral print robes. Some come with gownz. A fresh pink and white stripe robe with a zip front matches a pretty nightie with a deep flounce at the hem. Moving on the other departments in Walton-Pierce, we spied smart, natural straw sun hats by Halston and they're nicely priced. In sportswear, there is a delightful collec-tion of separaties by Betty Hanson. Take her ping and white striped seersucker jacket that reverses to solid pink and pair it with a striped skirt. There are striped blazers that can top solid pink skirts in the group. Travelers will love the navy and white print dress with a nicely cut white polyester print in green and white or blue and white and fashioned it into a dress and jacket with white braid. One of the lovelicst new cocktail dresses is from Jack Bryan. Black pleated chiffon is trimmed with touches of black satin.

### Ski Prix '80 Coming to DAC

The current ski season is barely over, and already the Michigan Ski Association is looking forward to 1980: an Olympic year, with the Winter Games scheduled to be held here in the United States,

It's imperative, says the association, to get our ski team off to a super start.

So Samuel H. Greenawalt, association president, has appointed H. James Gram, of Moran road, chairman of Ski Prix, a benefit dinner dance and silent auction with all proceeds going to the United States Ski Team.

Ski Prix '89 will be held Saturday night, November 10, at the Detroit Athletic Club, where Jim Gram served as president in 1977. Plans are in progress to occupy an entire floor or two, to allow the auction tables, dinner, dancing and entertainment areas a continuous flow.

And despite the fact that November seems very far away, the association encourages all friends of skiing to mark their calendars NOW . . . for the Prix is Detroit's traditional ski social event of the year. No way do you want to miss it!

A REALTOR<sup>®</sup> is a licensed real estate broker who is a member of the local Board, the State Association, and the National Association of Realtors: Through membership; he or she is voluntarily pledged to an established Code of Ethics. A REALTOR<sup>®</sup> works at being a real estate professional.

As a member of local, state, and national Boards, REAL-TORS® have the opportunity to exchange ideas on a regular basis with other professionals. They can speak out on taxes, licensing, and other legislation which affects property transactions. Rosés, like other wines, come in many different qualities, tastes and prices. Perhaps the best known foreign roses are the Portuguese pinks like Mateus and Lancers. After they became popular in the United States, Almaden vineyards in California planted vines of the grenache grape of the Rhone Valley and produced American Grenache Rosé. Perhaps the most famous rose of all, renowned for its sturdiness, dry - and fruity combination, and its ability to stand up to substantial dishes, is the wine of Tavel. And where is Tavel? In the Rhone Valley where the Grenache grape is growing.

### Q. Saw your ad two weeks ago. Are your court time prices really that low?

- A. They certainly are. We've generally been lower than all other year around clubs. You can play here for as little as \$1.00 per hour.
- Q. And your membership costs are lower too?
- A. Not only \$15 to \$55 lower but we're the only club with intermediate and senior citizen memberships at special prices.
- Q. What's this about gas savings?
- A. We're up to a gallon-of-gas-per-trip closer to most Grosse Pointers. And Juniors don't have to be driven, they can bicycle to our club.
- Q. Just how inexpensive is indoor tennis?
- A. It's about the same cost as bowling or the movies, which is a lot less than most people think.
- Q. We hear your Clubhouse is famous.
- A. Yes, it's been a showplace in the industry nationally since it was built in 1971, known for its intimate, friendly atmosphere. Our playing surface is also the best there is, Bolltex, and we are air-conditioned for your comfort.

# Liggett Takes Second in Moet

University Liggett School's (ULS), boys track team started its season on a good note on Tuesday, April 10, by finishing second in a Tri-meet against Greenhills and Whiteford, Greenhills won the contest, taking almost every event and collecting a total of 119 points.

ULS made strong showings, placing second with all its relay teams. John Bencie took second in the high jump and fourth in the 110meter high hurdles and John Brooks took a second in the discus to lead the Knights to 28 points and second place over the 20 point effort of Whiteford.

Then, Thursday, April 12, brought complete joy to Liggett when it beat visiting Memphis High School, 80-52. A strong team effort showed that when a first place in an individual event wasn't taken, the club did place second and third.

Individual winners were Bencie, winning both the 120yard high hurdles and 220-yard dash; John Kitchen, the shot put; Brooks, the discus; Bob Fenton, the mile; Brian McCabe, 440-yard dash; Glen Kirlin, 330 low hurdles; and Don Chamberlin, 880 yard run.

The 440-yard relay team of Tony Alcantara, Bencie, Kitchen and Kirlin, and the mile relay team of McCabe, Dave Mott, Chamberlin and Fenton, also were victorious. This being only the second

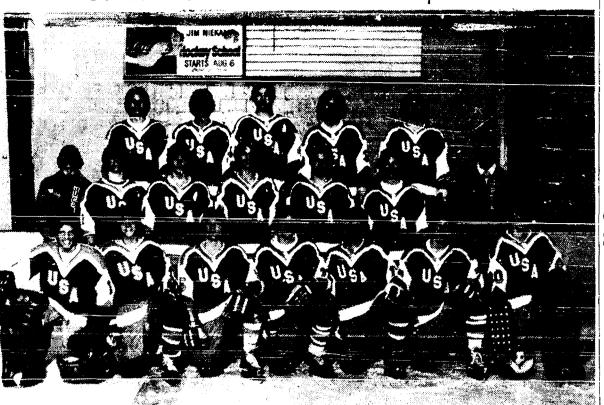

meet of the young season, there were some large improvements in performances. Team efforts such as first and second place in the shot put by Kitchen and Brooks, a sweep of the 220-yard dash by Bencie, Alcantara and Jason Smith were pleasing marathoners recently took a to first year coach Jay Pea- trip to Boston, where they cock.

Tom Wilson, also of Memphis, won the pole vault and ran second in the 120-yard high hurdles. The next ULS boys track three and a half hours.

If you think Detroit's image has undergone a change lately, wait until you see what two young filmmakers have done to Grosse Pointe!

This Saturday, April 28, at midnight, Channel will present the television premier of "Sheer Luck Holmes and the Pithenstein Sword."

It's a 73-minute, slapstick comedy produced and directed by Dale Pegg and Dennis Wickline. Shooting sites included the Grosse Pointe War Memorial, the Vernier-Mack avenue area and Lambardi's Restaurant.

You'll see many familiar faces, members of the Grosse Pointe Theatre group and friends, for nearly 120 local people were involved in this film that funds for Wayne State Unifeatures a pie fight, a five-foot chicken and a bus tooling down Kercheval with 50 passengers crammed inside singing "Give My Regards to Broadway."

The plot - if it makes any difference - involves the mythical Germanic country of Pithenstein, (shaped like a beer stein); the country's sacred sword; a pair of Pithenstein princes; numerous chase scenes; a bumbling orphan named Sheer Luck Holmes who is trying to solve the mystery of the sword's disappearance; and a guru named Foxini whose crystal is a Brunswick bowling ball. The outsize chicken is fond of pizza. One show-

Terrific Terry . . . comes in fashion colors at Walton-Pierce. Bright pink, green, yellow and purple . . .not every piece comes in every color and the idea is to mix the brights. A terry wrap with a Velcrose closing can be worn as a wress or skirt. There are jogging shorts, slacks, Vneck tops, shirt jackets. There are also jackets in traditional white and terry wrap robes in soft shades. Talking about robes, there are lovely floral print robes. Some come with gowns. A fresh pink and white stripe robe with a zip front matches a pretty nightie with a deep flounce at the hem. Moving on the other departments in Walton-Pierce, we spied smart, natural straw sun hats by Halston and they're nicely priced. In sportswear, there is a delightful collection of separaties by Betty Hanson. Take her ping and white striped seersucker jacket that reverses to solid pink and pair it with a striped skirt. There are striped blazers that can top solid pink skirts in the group. Travelers will love the navy and white print dress with a nicely cut white polyester print in green and white or blue and white and fashioned it into a dress and jacket with white braid. One of the loveliest new cocktail dresses is from Jack Bryan. Black pleated chiffon is trimmed with touches of black satin.
