**Young dancers to perform**  
 The Grosse Pointe War Memorial will present its annual evenings of ballet on Thursday and Friday, June 18 and 19. The spring program is always performed by the entire ballet department. The youngest dancing in their first program began their training last fall and are turning six. The intermediate and advanced students have danced in many ballets and are capable of a nearly professional performance. The young students will be dancing with the older ones in the Dance of the Hours from the opera "La Gioconda" by Ponchielli and also an original ballet called Circus. Some of the girls in the Dance of the Hours are Renee Baeten, Cathy Deronne, Karla Finger, Kristin Finger, Wendy Heavner, Dianne Heisner, Jeanne Leithauser, Anna Platt and Lisa Ward. Younger students in the same ballet are Jennifer Collier, Anne Koenig, Readene MacArthur, Lisa Marini, Carryn Maslowski, Kim Owens, Kristen Skaff and Miya Yoshitani. Tickets are \$2 for adults and \$1.50 for children 12 and under. The performance will begin at 8 p.m.

**Police seek link between City, Park robberies**  
 The late-night thieves who confronted residents last week in Grosse Pointe Park with pistols and demanded their money may be the same culprits responsible for the shooting-robbery of a Grosse Pointe City man last month. Park Police Chief Henry Coonce theorizes the thugs, described by their victims as black and in their early 20s, are the same group prowling the area for "easy money." Park police reported a man approached a woman on Kercheval and Wayburn on May 23 about 10 p.m. and threatened her with a gun while he wrestled away her purse and fled down a nearby alley. Last week police said two men approached a couple as they were getting out of a car in front of their home on Wayburn about 12:30 a.m. One man, armed with a handgun, demanded the woman's purse and ripped two gold necklaces from her neck, police said. A second thief fled with the man's wallet and watch. Chief Coonce said "it's probable" those same thieves were responsible for the hold-up attempt last month of a Grosse Pointe City man who was shot in the chest when three men in their early 20s confronted him in his driveway about 4 a.m. City police are still pursuing leads in the case. Public Safety Director Bruce Kennedy said Harper Woods and Detroit police have reported similar robbery incidents.

**Police seek link between City, Park robberies**  
 The Park's Coonce said his department doesn't have any solid leads or suspects in the two armed robberies in his city.

**Good vision for drivers**  
 People with poor eyesight that is not fully correctable by glasses in some cases can drive safely if they recognize their limitations. They should drive slowly and avoid expressways, where sharp vision is required for quick decisions. The following suggestions may help to save a life if one has poor eyesight:  
 • Keep glasses clean, and don't wear frames with wide sidepieces.  
 • Try to avoid driving in bad weather, at dusk, or at night.  
 • Wear "prescription quality" sunglasses in bright light.  
 • Do not wear sunglasses or tinted lenses when driving at dusk or at night.  
 • Keep your windshield clean—inside and outside. Remember, sharpness of vision can deteriorate so slowly as to go unnoticed. To be on the safe side, see an ophthalmologist—a medical eye specialist—for a routine eye check up. Presented in the interest of better vision by:

## School election is Monday

A light turnout is expected Monday, June 8, when Grosse Pointe voters will fill two seats on the Board of Education. Only two candidates are running for the office, incumbent Catherine Brierly and Dr. Ernest Buechler, principal of Wayne Elementary School in Detroit.

Dr. Buechler will replace Laurance Harwood, who decided not to seek re-election after eight years on the Board.

Both candidates are running for four-year seats on the board.

Last year six candidates competed for three seats on the school board and in 1979 there were 11 running for office. A "no contest" school election has not been held since the early 1970s when William Huettelman and Robert Warner ran unopposed.

He ran unsuccessfully for a seat on the School Board in 1979, coming in fifth place in a field of 11 candidates.

Polls at all 10 elementary schools will be open as usual from 7 a.m. to 8 p.m. although the school system is cutting costs by reducing the number of poll workers on duty.

Because of the lack of competition — (no write in candidates have surfaced so far) — the two candidates haven't done much campaigning. Both have attended some end of the year PTO gatherings to meet parents, according to Mrs. Brierly.

Mrs. Brierly, 43, was appointed to the School Board in 1979 and ran a successful campaign for a one-year seat last June, beating former Board member William Huettelman. A resident of the Woods, she is a graduate of South High School.

## 14th GOP moves to Pointe

Dick Sanderson, chairman of the state House and Senate reapportionment committee for the Republican Party was guest speaker for the May 21 meeting of the 14th Republican Congressional District Committee.

Sanderson told the group the Republican Party's goals in this year's reapportionment are to provide equal population in each district, fair representation of minorities, and election of representatives equal to the percentage of Republican voters.

The meeting was the first held in the 14th District's new home at the War Memorial, 32 Lakeshore Road. The GOP's old headquarters on East Warren, where the group met for 25 years, was closed at the end of April, according to Alfred R. Reuther, Jr., 14th District chairman.

## Five locations in GP to recycle motor oil

The next time you take a load of returnable bottles to the store or drop some old clothes in a collection box, you might consider recycling something else — your used motor oil, which can be returned to one of several new oil recycling centers in Grosse Pointe Woods.

As part of a statewide oil conservation and environmental protection project, five local service stations will become used oil recycling centers. The project is aimed at those who change their own motor oil and normally dump the used oil down sewers, in vacant lots, or even in the toilet where it eventually pollutes the water system.

The recycling effort is supported by a 1980 state law that encourages the recycling of used oil through reprocessing as long as the final use is environmentally sound. The effort is coordinated by the West Michigan Environmental Action Council (WMEAC) which uses a state grant to provide signs and bumper stickers to promote about 75 project participants statewide.

The local effort is managed by the Grosse Pointe Woods Beautification Commission. Used oil from all types of motors may be recycled as long as it has not been mixed with gasoline, according to Commission Chairman Jean Rice.

About half of the oil used industrially and privately to lubricate machinery is lost in the process. The other half can be recycled into lube oil, commercial and industrial heating fuel, or a dust control agent for dirt roads. Yet about 25 percent of the potentially recyclable

oil is lost when motorists dispose of their dirty oil in sewers, drains, and the ground, according to WMEAC's publication "Michigan Environments."

Gas stations, which usually sell their used oil to haulers for about 5 to 12 cents a gallon, are used as recycling centers in the WMEAC project. Those motorists who recycle their dirty motor oil will not be paid for it.

Since the project's start in 1979, a network of more than 70 collection centers have successfully recycled about 75,000 gallons of oil, according to WMEAC.

WMEAC suggests using plastic gallon jugs to collect used oil and make sure they are capped. Transporting the oil can be done neatly by putting the jugs in a box and stuffing newspapers around them to prevent spilling.

Then take it to one of the following service stations:

- Joseph's Service Center, 20700 Mack near Vernier.
- Tom Lemanski Service, 20397 Mack at Lancaster.
- Miracle Mile Station, 20065 Mack at Kenmore.
- Ray Summers Service, Union 76, 19733 Mack at Alford.
- Sears and Roebuck, Morris and Mack.

Used oil from cars, lawnmowers and outboard motors is acceptable as long as the oil is not mixed with gasoline.

Studies estimate used oil could meet up to 50 percent of the lubricant oil demand in the U.S. and supply one percent of the total energy demand, according to WMEAC.

Nationally, do-it-yourself oil changers are estimated to be responsible for dumping about 338 million gallons of used oil into the environment. In Michigan, that translates into 20 million gallons of used oil that is wasted. WMEAC says the goal of its recycling project is to recover that oil.

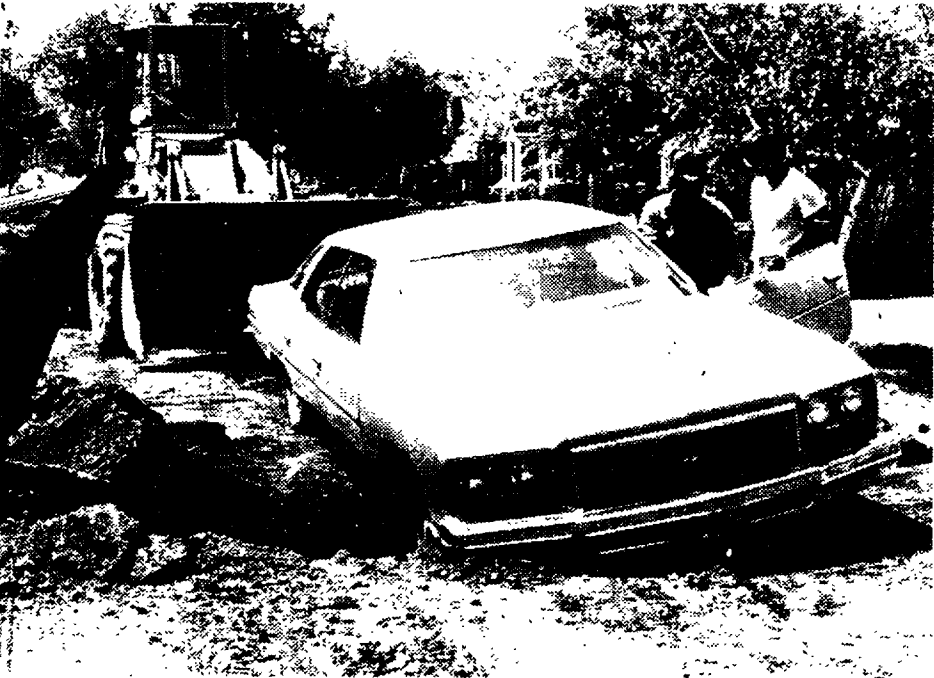

**U.S. Leads in Red Meats**  
Despite the fact that the United States has only 11 percent of the world's cattle, only 15 percent of the world's hogs, and less than 2 percent of the world's sheep, it is the world's number one meat producer and consumer of red meat. The nation's red meat output of 17.1 million tons last year accounted for 22 percent of the total world output, and was more than 50 percent above that of Russia.

Last Friday was just one of those days for cars in the Pointe. First thing in the morning, a Dean Lane woman mistakenly hit the gas instead of the brake when reaching the bottom of Moran Road at Lakeshore. Wet, shaken, but otherwise unhurt, (above), she shot about 40 feet into the lake before abandoning her Oldsmobile to the depths. The auto was recovered by Otto Glannert, a Farms police corporal, aided by Leon Sehojan, the Coast

Guard and Eastside Towing. We don't know if the car was rustproofed. Meanwhile, (below), on Hawthorne Road in the Woods, it looks like a Chevrolet was fleeing from a car eating bulldozer, only to be swallowed by an equally-hungry hole. Actually, the dozer was there to help pull the hapless horseless carriage out of the street after its driver accidentally drove into the ditch.

## Armed man robs druggist in the Farms

A young man armed with a knife robbed a druggist at Tredex Pharmacy, 18544 Mack, Thursday morning, May 28. According to police reports, the man entered the pharmacy, walked around a counter armed with a steak knife and demanded drugs,

specifically Valium and Percodan. The druggist handed over two bottles of Valium and one partial 500 count bottle of Percodan. The man fled the store, leaving in a 1978 dark brown Cadillac waiting in an alley behind Mack

Avenue. The pharmacist described the robber as a young white male, 160-170 lbs., in his early 20's with neatly cut brown hair. He was wearing a light tan jacket and dark sunglasses.

### Electric car test in Woods

Coal to kilowatts to electric cars is the goal of Detroit Edison's new Electric and Hybrid Vehicle Demonstration program, in cooperation with the U.S. Department of Energy (DOE).

Detroit Edison will operate 24 electric cars under a three-year cost-sharing agreement with DOE. Sixteen of the cars will be leased to Detroit Edison employees, including Allen Dickenson of the Woods, for their personal use to obtain data on electric cars in normal commuting and family travel situations. Six of the cars will be put into the company's pool car fleet and the remaining two will be used for security patrol.

The program is unique, according to George O. Murray, who is in charge of the Detroit Edison electric car program, because it is the first time a demonstration site operator will lease electric cars to typical families for everyday use.

"Electric cars will take employees to work and play, to the supermarket and the shopping mall, to the movies and to friends' houses, and for a Sunday afternoon drive," Murray said. "About 90 percent of automobile trips people make are within range of today's electric cars."

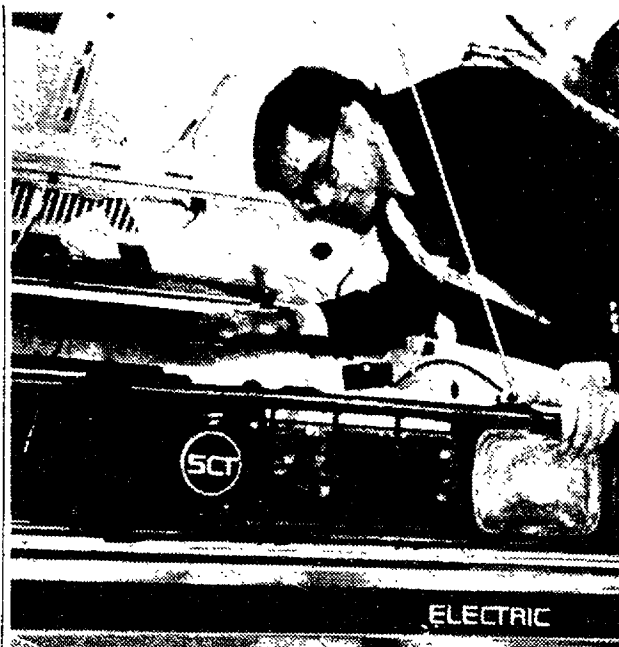

"Scientists and engineers all over the world are working toward breakthroughs in battery design and car body weight reduction," Murray said, "and Detroit Edison, through its participation in this Department of Energy program, will be gathering data on electric car performance, energy consumption, safety, maintenance, electric costs and other pertinent items. This information will be passed on to the Department of Energy for analysis. DOE will make the information available for future electric car engineering and manufacturing design."

The Electric Power Research Institute (EPRI) has stated that as many as 13 million electric cars could be regularly charged by American electric utilities by the year 2000 without increasing the need for electric generating capacity, since most of the charging would be done at night when demand for electricity is low. By running on electricity, these 13 million cars would save the equivalent of 100 million barrels of oil per year.

Detroit Edison recently reported that during 1980 it used less oil than in any other year since the 1973 Mid-east oil embargo. More than 90 percent of the electricity generated by the company's power plants in 1980 was produced from coal.

Watts under the hood? Grosse Pointe Woods resident, Allen Dickenson, takes a closer look at the electric motor of a converted American-built Volkswagen Rabbit to find out. Dickenson, a Detroit Edison employee, will begin driving the electric car around town at the end of June to gather data for a joint program conducted by Edison and the U.S. Department of Energy.

Strawberries, apricots, apples, raspberries, peaches and cherries are all members of the rose family. Expert criminologists estimate that only one of 100 arsonists in the United States is apprehended.

### Motor City concert Sunday

The Motor City Theatre Organ Society will present Barry Rindhage of Saginaw at the console of the Wurlitzer 2/6 Theatre Organ at the Punch and Judy Theatre, 21 Kercheval, on Sunday, June 7, at noon.

It is another of the group's regular free mini-concerts given the first Sunday of each month at the Punch and Judy.

In addition to his concert, Rindhage will accompany a short silent film. He has been involved in theater organ activities for about 15 years. A graphic artist by profession, Rindhage also enjoys including the pipe organ in graphic arts designs for pipe organ-equipped restaurants, record jackets, and promotional materials. He has assisted in the restoration of the pipe organs in the Temple Theatre, Saginaw, Michigan Theatre, Lansing, and the Capitol Theatre, Flint.

The Motor City Theatre Organ Society is a non-profit corporation of more than 450 area residents. Its purpose is

to preserve and restore the theater pipe organ, in its original setting where possible, and to foster interest in its music. The society purchased the Redford Theatre in order to preserve the Barton 3-manual 10-rank theatre pipe organ permanently in its original setting and to provide a home for the Society. All work at the theatre is performed by volunteers from the membership who

spend countless hours maintaining organs at the Royal Oak Theatre, where the organ is owned by MCTOS, the Punch and Judy Theatre in Grosse Pointe Farms and the Michigan Theatre in Ann Arbor.

Membership in the society is open to all interested individuals. Refreshments will be served in the lobby by members of the committee. Doors open at 11:30 a.m.

### Watercolor workshop set

The War Memorial will host two three-day workshops with Marilyn Derwenskus.

Watercolor Flower Painting will be given Tuesday, Wednesday and Thursday, from 9 a.m. to 3:30 p.m., June 23, 24 and 25. The accent will be on interpreting the essence of early summer blossoms and perfect subject matter is found in the blooms in the Memorial's Trial Gardens.

Landscape Painting by the lake interpreted in watercolor will be taught Tuesday, Wednesday and Thursday, August 11, 12 and 13 from 9 a.m. to 3:30 p.m.

Both workshops are primarily for experienced painters training to see and design pictures, have keener perceptions and develop drawing and painting skills and techniques. Slides and critiques will be the main teaching methods and while basics will not be dealt with, beginning watercolorists will be admitted to the workshops based on prior interviews with the instructor.

Fee for each series of three all day workshops is \$50. Students are asked to bring sack lunches and enroll in advance, if possible, through the center's 32 Lakeshore Road office.

# Your June utility bill may be the most important one you'll receive all year.

When you open the envelope containing your June utility bill you will find a very important booklet (or you might receive it as a separate mailing.)

It describes the new Michigan Residential Conservation Services program featuring a Home Energy Analysis.

The new service is offered by eight major Michigan utilities and meets the requirements of the Michigan Public Service Commission and the 1978 National Energy Act. It's available to all homeowners and renters who pay energy utility bills.

Even if you and your family are already conserving energy, the Home Energy Analysis can show you how to save more.

For a \$10 fee, you will get a complete inspection of your home by an energy specialist from your utility. You will learn how effective your present insulation, weatherstripping, caulking and other energy cost saving measures are, and you will be provided with information on specific things you can do to reduce energy waste.

You also will receive a written computer analysis giving you estimates on how much recommended improvements will cost and how long they will take to pay for themselves. Information on contractors who can do the work, details on financing, tax credits and Home Weatherization Grants for low income persons also will be provided. After the work is completed, you may have it inspected by your utility.

Some of the recommendations may cost very little or nothing at all. Some you may be able to do yourself. Others will require the services of a contractor. In any case, the Home Energy Analysis puts you under no obligation to carry out any of the recommendations. However, you probably will want to do at least some of these, because now you will know a great deal more about how to make your home energy efficient.

Whether or not you decide to have a Home Energy Analysis, please read

the booklet that comes with your June bill or by a separate mailing. It lists many things you can start doing right now to save energy and money. The booklet also tells you about assistance you can get from your utility to help you make your home more energy efficient—with or without the Home Energy Analysis. Lists of contractors and lenders, as well as do-it-yourself information also are available from your utility.

You can sign up for your Home Energy Analysis by returning the postcard in the booklet or by getting in touch with your utility. The sooner

you sign up, the sooner you can start reducing energy waste in your home.

The Michigan Residential Conservation Services program is conducted through the utilities listed below. You can select any one of which you are a customer to perform your Home Energy Analysis.

### Cottage Auxiliary nets \$2,000 from run

Josette Hosking, president, Cottage Hospital Auxiliary, announced today that the Auxiliary will present \$2,000 to the hospital as a result of the 3.1 mile "Start a Healthy Habit" Fun Run/Walk, which was sponsored by the group in May. The proceeds from the run are part of the Auxiliary's \$25,000 pledge for 1981 which will benefit the hospital's new ambulatory surgical unit.

The "Start a Healthy Habit" Fun Run/Walk attracted 455 entrants. Many entrants also obtained pledges to the hospital for each of the miles completed. Mrs. Hosking commended the hard work and enthusiasm of the auxiliaries, the race committee, hospital employees, who worked on the event, and the Harper Woods Jaycees, who helped man the route as race marshals.

Ambulatory or one-day surgery is prescribed when physicians decide an overnight hospital stay is not required for a patient following surgery. In the Cottage Hospital unit, patients will have the use of a hospital bed until they are well enough to return home. Ambulatory surgery has been cited as a hospital cost containment measure, saving individuals and insurance companies up to one third of hospitalization costs.

### Center plans photo courses

Courses in both advanced and basic photography will be offered this summer at the War Memorial. The basic class will be held Thursdays, June 18-July 16 from 2 to 5 p.m.

An advanced photography course will be held Wednesday evenings, June 17-July 15 from seven to ten o'clock. This class is for those who understand the camera but wish to improve their photographic abilities. The ability to create photographs, use camera settings effectively and use interchangeable lenses will be stressed.

Assignments will be made on color slide film. A 35mm adjustable camera is required.

Exploration into the use of light and color will be made to bring about moods and effects. Students will be responsible for their own 35mm camera, film and for film developing. Cost for each course is \$55 for five weeks.

## Sisters of Bon Secours celebrate

In recognition of their 100 years of service in health care throughout the U.S., the Sisters of Bon Secours began a nationwide, year-long celebration at the Provincial House, Marriottsville, Md., on May 24.

The Sisters began the day with the celebration of the Liturgy of the Eucharist. The Most Reverend J. Francis Stafford, D.D. Auxiliary Bishop of Baltimore, was the principle celebrant and homilist. A Centenary Anniversary Dinner was followed with a special afternoon program featuring the Sisters' theme for the Centennial year: "Remembering and Going Forward in Faith."

Sister Justine Cyr, Provincial of the Sisters of Bon Secours in the U.S. and Father Edward J. Frazer, S.S., Provincial of the Subsidiaries, delivered opening

remarks. A congratulatory message from Sister Yvonne Moreau, Superior General of the Sisters of Bon Secours from the Generalate in Rome, Italy (headquarters of the Sisters of Bon Secours), was read to those assembled.

Special acknowledgement was given to those Sisters celebrating their 50th jubilee as members of the congregation in 1981. The Sisters' commitment to care for the sick, the poor and the dying was commemorated with an audiovisual program.

Originally established in the U.S. in 1881 in Baltimore, Md., upon the request of Archbishop Gibbons, Archbishop of Baltimore, the Sisters of Bon Secours were among the first nurses to provide home health care to the sick and dying. They lived in the homes of their patients for weeks, even months at a time, often only returning to their community for one day a week. Their mission to help all to wholeness — spiritually and physically — to help alleviate suffering, and to help people to understand and believe that there is a God who loves them, has carried the Sisters into a variety of endeavors and locations throughout the nation in the past 100 years.

Today, the Sisters of Bon Secours minister to the sick

and aged in six states through a wide range of programs and medical facilities, including two nursing homes, a community medical center, a rehabilitation facility treating alcoholism and chemical dependency and a home for handicapped children. They care for the sick at four hospitals, including Bon Secours in Grosse Pointe.

Their progressive work in ministry encompasses pastoral care, home health care, outreach programs and mobile primary care to the poor. In addition, their spiritual center in Marriottsville, Md., provides an opportunity and environment for people to participate in programs, retreats, and services that challenge, support and enhance the individual's search for affirmation of God's presence in the modern world.

The progressive focus of the Sisters of Bon Secours will be evident in their Centennial festivities, which are designed to highlight not only the achievements of the past, but the goals of the future as well. According to Sister Justine Cyr, the Sisters' vision of tomorrow is quite clear.

"Our conception of health care is a wholistic one which includes the spiritual well-being of the person, as well as the physical. We recog-

nize the importance of human love and compassion used along with good medicine and sophisticated techniques," she said.

"Our Sisters have been hopeful and fearless. The church needs such women, women of faith, who are poor in the sense that they know they are not doing their own work, but the Lord's. Our Sisters have a real sense of the power in their personal presence, and the power to heal, the power of love and compassion and understanding."

"I look forward to our having an impact on the national health care scene through our efforts to humanize the delivery of health care and by cooperating with the Catholic Health Association in its attempt to consolidate the efforts of Catholic health facilities in this country."

Each Bon Secours sponsored health care facility in the United States will host a series of programs, celebrations, receptions and dedications. The civic community is invited to join the Sisters and their co-workers on these happy occasions. Included on the calendar are a national jubilee in October 1981, to be held in Marriottsville, and a final celebration of the event in May, 1982.

## Pointe Players wrap up year

By Rick Richner  
South High

South's play group, the Pointe Players, will hold its annual banquet June 6 at the home of Pointe Player Peter Huebner.

Several awards will be presented at the banquet. Three "Freddy" awards will be given to the best actor, best actress, and for technical leadership in the group. "The Freddy Awards are named after former Pointe Player directed Fred Nelson," according to Bruce Kefgen the group's current director.

There will also be an award for Forensics, called a "Gerri" award. That award is named after Geraldine Bertovick, a former forensics coach, and current counselor at North High School.

Then next year's Pointe Players officers and new International Thespians Society members will be announced.

"The Thespians Society is the same type of honorary society as Journalism's Quill and Scroll, and academic's Honor Society," according to Kefgen. There are new inductees this year.

"On the evening of the banquet," added Kefgen, "the new inductees must provide the entertainment for the evening. This usually in-

cludes singing, dancing, skits, or scenes from plays."

In order to be a Pointe Player and attend the banquet, each person must amass 30 hours of work on one of the productions during the year. The players performed two plays and three one-act segments from different plays during the school year.

## Sister Pat is administrator

Sister Patricia Eck, C.B.S., last month was named Bon Secours Hospital's new Associate Administrator, according to Sister Ruth Ann Belfi, C.B.S., who announced the appointment at a Board of Trustees meeting.

Responsible for all departments involved in patient care, Sister Pat began her duties on May 11.

A recent recipient of a master's degree in health administration from the Virginia Commonwealth University, Sister Pat completed her residency with the Sisters of Mercy Health Care Corporation. She spent one month of her residency at Bon Secours Hospital.

A native of Richmond, Va., Sister Pat entered the community of the Sisters of Bon Secours in 1966. She has her bachelor's and master's degree in nursing.

## Chemists meet at Wayne State

Grosse Pointe Park resident Richard Lintvedt will join over 100 leading chemists at universities in this country and abroad at a special conference on chemical reactions at Wayne State University June 10-12, according to the school.

The conference on inorganic reaction mechanisms will explore intermediate steps in chemical reactions, an understanding of which is required for further technological advances in a number of areas.

Industrial chemists, for example, need to understand intermediate chemical reactions to hasten manufacturing processes.

One of the major speakers will be a member of the National Academy of Sciences, Henry Taube of Stanford University, who received the National Medal of Science in 1977.

Other leaders in the field of inorganic chemical reactions slated for major addresses are Noel Hush of Australia's Academy of Science; Dale Margerum, Purdue University; Norman Sutin, Brookhaven National Laboratories; and Ralph Wilkins, New Mexico State University.

The conference, to be held in WSU's General Lectures Building, is sponsored by the National Science Foundation, Dow Chemical Corp. and WSU's Chemistry Department.

### Summer theater plans for kids

Sally Reynolds, director and producer of Grosse Pointe Children's Theatre, announced plans for a Summer Drama Workshop which will take place the last two weeks in June at the Grosse Pointe War Memorial.

There will be sections for grade school, junior high and high school students. Voice and diction, characterization, stage movement, animation, monologues and dialogues will be included according to the age and experience of each student.

Registration for the course will be on Saturday, June 13, from 10 a.m. to noon in the Alger House of the Memorial Center, 32 Lakeshore Road. The course begins June 15 and runs through June 26, Mondays to Fridays, and since classes will be limited in size, advance registration is advised. Fee for the drama workshop is \$50, all materials included.

Mrs. Reynolds has worked with Children's Theatre for 34 years. She holds a Bachelor's degree from Michigan State University and a Master's from Wayne State University, both in drama. While at Wayne State she worked especially in the field of children's theatre. Aside from teaching drama nine years at Liggett School, she began the Grosse Pointe Children's Theatre 27 years ago under the sponsorship of the Grosse Pointe War Memorial.

She also has directed adults in many plays at the Fine Arts and Theatre Arts Societies of Detroit and other groups. Ms. Reynolds has been involved as an actress locally, both in amateur and professional productions. She had roles on *The Lone Ranger* and *Green Hornet*.

For further information please call 885-6219.

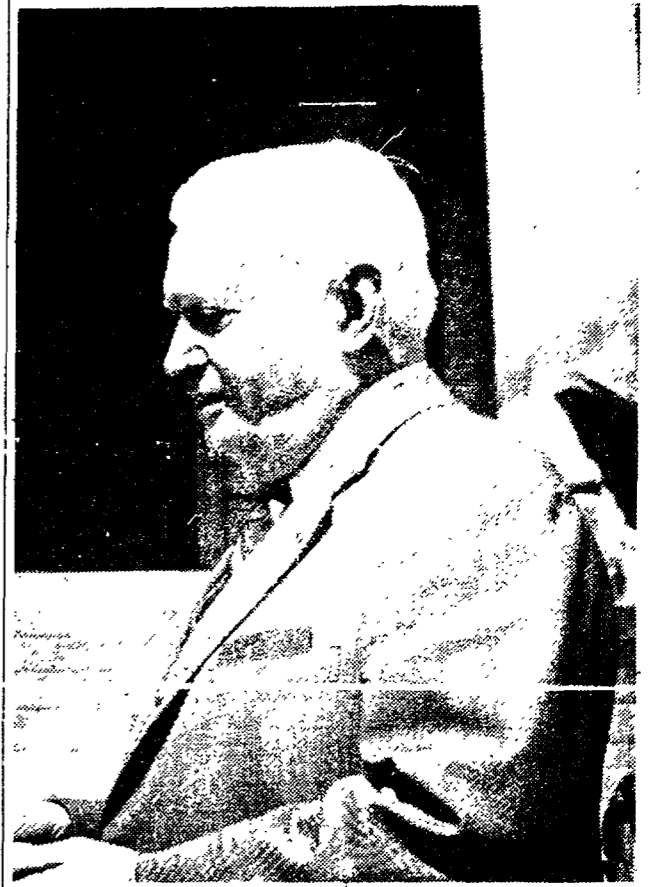

### Diabetes group winds up drive

Several of the most active members of the Juvenile Diabetes Foundation in the Grosse Pointe area held a "grassroots" fund raising drive during the month of May. Although the Foundation is a licensed charity, with a southeastern Michigan chapter located in Lathrup Village, it has no established organization in the Grosse Pointe and surrounding area. The drive, therefore, was conducted by word of mouth and the placement of canisters in local stores.

Pointe area coordinator, Nancy Tewes conceded that it was very difficult to get anything going. But, she said, "We do fairly well."

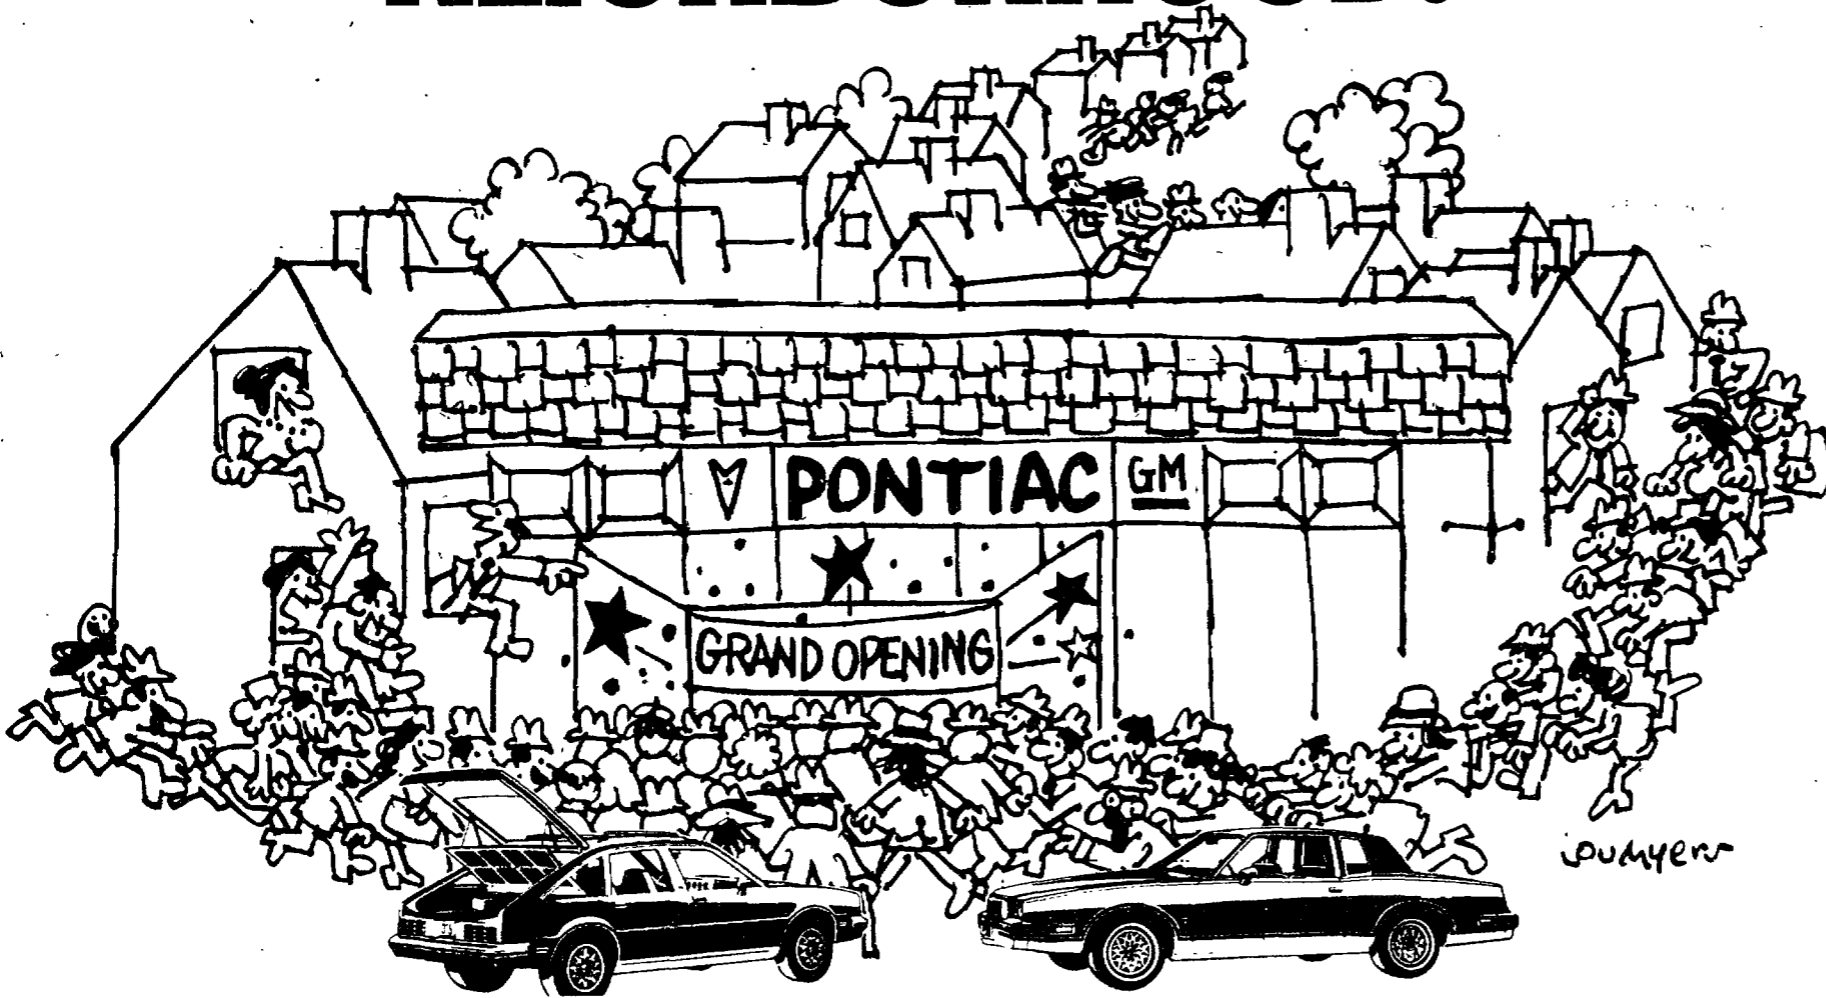

The Foundation would like to organize a chapter in the Grosse Pointe area and asks that anyone interested call Nancy Tewes at 886-0647.

### State honor for Cisler

Walker E. Cisler of Grosse Pointe Park was in Lansing May 21 to receive one of 25 Michigan Minuteman citations from Gov. William Milliken. The awards honor citizens who regularly "take a minute" to speak up for their community and state. Cisler is a 1953 founder of the Greater Michigan Foundation which sponsors the statewide Michigan Week observance. Other Minuteman award winners were Doris De Deckere, and Oscar Frenette.

# MORE PONTIAC KNOW-HOW COMES TO YOUR NEIGHBORHOOD.

## RAY LAETHEM PONTIAC-GMC, Inc. GRAND OPENING!

June 4th, 5th and 6th Thurs., Fri. and Sat.

**KNOW-HOW IN OUR NEW PONTIACS.** Our 1981 line-up offers exciting innovations from Research and Development. Engineering and Design that combine to make up Pontiac's new Efficiency System. In all gasoline-powered models, this System includes GM's Computer Command Control. A series of sensors continuously monitors engine temperature, engine speed, throttle position, altitude, barometric pressure and oxygen content in the exhaust. Tiny computer chips in the electronic control module analyze this data, then regulate the carburetion for a precise air-fuel mixture. But that's just the beginning.

Pontiac know-how shows up in many exciting ways. For example, Grand Prix glides into 1981 with dramatic new aerodynamic lines. LeMans and Grand LeMans 4-door sedans show

the world a formal new roofline. And Phoenix Pontiac's 'X' car, invites you to enjoy the advantages of front-wheel drive.

**KNOW-HOW IN OUR STAFF.** Our people have even more information for you on all our new Pontiacs, and on top-value used cars, too. They're ready to deal. And they probably have more ways to arrange financing for you than a bank.

**KNOW-HOW IN OUR MODERN SERVICE DEPARTMENT.** We know the importance of service. Our qualified service technicians use Pontiac know-how and the right equipment to get you back on the road in the shortest time feasible.

Three training programs presented by the Voice of Reason will be staged in June at the Grosse Pointe Unitarian Church, marking the first time such programs have been offered outside of Oakland County.

The Voice of Reason is a national organization created to respond to religious conservatives who are imposing their views on personal privacy and free inquiry. Founded by Dr. Sherwin T. Wine, leader of The Birmingham Temple in Farmington Hills, the Voice of Reason has chapters in three states including over 20 organizations in the state of Michigan.

The training programs will be held June 8 and 15 at the church, 17150 Maumee, Grosse Pointe City. Each session begins at 8 p.m. The June 1 program, led by Dr. Wine, discussed the separation of religion from government.

The June 15 program will discuss evolution, creationism, science and pseudo-science. **Prime Time**  
For Senior Citizens

By Marian Trainor

"There are some who do and some who don't. And some who will and some who won't."

This bit of doggerel aptly describes the differences in attitudes among older workers concerning retirement. There are those who can't wait to get out of the work force and settle down to enjoy their hard-earned leisure. There are others for whom work is their mainstay in life. Forced retirement for them is tantamount to being put out to pasture. Without work they are lost.

The point is, both views should be respected. A mandate stating that a worker may, if he wishes, stay on the job is accepted. A law saying that a worker must work until 68 to get full Social Security benefits is resented and rightly so. It doesn't allow for individual differences. Persons wishing to retire at 65 or younger may not have the constitution to continue working.

They may have health problems which may or may not be related to the job. Some work is more stressful than others. Again, early retirees may have included in their life plan travel, moving to another climate or part-time work at something they enjoy more.

When they are slotted out of the work force because of age. This occurs in spite of the fact that employers who have taken older workers into their companies have rated their performance highly and their dependability as outstanding.

Beyond the age factor there persists the youth-oriented view that because there are limited jobs in the economy younger people should have them.

These policies and priorities have developed in part because of lack of understanding of what the aging process is. Aging is universal. Everything and everybody ages. Aging is individual. Each person ages differently. There are young-old people. There is much to be said for Dean Martin's quote: "People are like good wine; they age well and get better as time goes by. The only thing that is going to make you get old is if you think old."

Another consideration — aging is normal. It is not a disease. Nevertheless the state of aging is used by personnel directors, physicians and society in general to categorize and stereotype older people as well as to impose detrimental conditions upon them.

However the meaning of the term aging is changing. Older people are here in greater numbers and they are refusing to accept society's negative views and action. They are becoming more militant. They are better-educated, healthier and more able and articulate. Through the media and various organizations they present workshops on ways and means of promoting better conditions for older citizens. They are better informed on strategies that will further their causes, with some success.

**THE NATIONAL** Council on the Aging recently decided to study the feasibility of undertaking a national campaign to pass a constitutional amendment that would prohibit discrimination and compulsory retirement based on age. It may well be that the amendment will not be enacted, at least not in the near future. But a campaign for such an amendment would focus attention on the problems of older workers, just as campaigning for the Equal Rights Amendment has focused attention on the women's movement. Such movements as this are geared for those who want to remain active. Some do not.

There are old-young people who for some reason or another settle into an old age pattern earlier in life. However most older people no longer

Senior citizens are invited to join friends and neighbors on Thursday afternoons for cards, chess, checkers and other games.

The Department of Community Services of the Grosse Pointe Public School System is making room A-105 of North High School available for the use of seniors from 1 to 3 p.m. starting June 18 and continuing through Sept. 3

No advance registration is required. Individuals should bring their own cards and board games.

**Center still needs donors**

Grosse Pointe War Memorial's 1981 Family Participation Campaign is still \$5,517 short of the \$170,000 goal necessary to balance the budget for the new fiscal year beginning Aug. 1. More than 360 givers of record have yet to be heard from and many Grosse Pointers who use the civic center have never given to its maintenance.

John Worcester, chairman of the campaign, and the other members of the board of directors are writing personal notes on behalf of the fund drive and an appraisal day is scheduled for June 21 from 1 to 5 p.m. when Stalker and Boos will appraise items at \$5 each and contribute donations to the Center Drive.

A big benefit bridge and fashion show is being staged by Mrs. William Kabbush and other Pointe women.

Follow up will be continued by the Center staff who wish to thank all those who have donated already to help maintain the Center. The War Memorial was given outright to the community with its three buildings, Alger House, Fries Auditorium and Art Studios together with its ground and gardens. Fees cover programs and services but not the upkeep of the buildings. All gifts to care for maintenance are tax deductible.

Including both domestic and foreign patents plus extensive cross references, the U.S. Patent Office has 24 million documents on file.

### Program will highlight War Memorial fall tours

Grosse Pointe War Memorial will hold a symposium on its fall educational tour programs on Monday, June 8, at 8 p.m.

Representatives who have prepared the unusual "Round the World" itinerary will explain it in detail along with illustrated material. The tour is carried by Northwest Orient and Pakistani Airlines and features the Peoples Republic of China, rarely visited Nepal, India, highlighted by the pink city of Jaipur, Pakistan's colorful cities of Lahore and Islamabad and a comprehensive tour of Egypt.

Dates are Oct. 10 through Nov. 3 and the price including escort, guides, sightseeing, meals, hotels and airfare Detroit-Detroit is \$3,950.

A trio to Germany and Switzerland Sept. 20 to 27 will also be reviewed. Airfare Detroit-Frankfort/Munich Detroit on Pan American is included as well as all land transportation and hotels with continental breakfasts.

The itinerary begins in Weisbaden followed by a short cruise on the Rhine and a tour of the Black Forest with overnight at the famous Spa of Baden Baden. Then its on to Lucerne, a center from which all Switzerland may be visited. The trip winds up with a tour through the Austro-German Alps and sightseeing in Munich with an evening at the famous Oktoberfest.

Cost with all land and air transportation, escort, guides, portage, taxes, hotels, continental breakfasts and admission and sightseeing is \$999.

The tour of Brussels, Paris and The Chateaux Country personally conducted by Mireille Wilkinson, native of Belgium and France, Oct. 3 to 10 will be reviewed by her. Included is direct round trip flight from Detroit to Brussels where sightseeing is conducted and an evening on the Avenue Louise. Then it's on to Paris for five nights at the St. James and Albany on the Rue de Rivoli across from the Tuilleries and Louvre and also fronting the high fashion world along the Rue St. Honore and around the Palace Vendome. It is in the historical and magnificent heart of Paris.

All accommodations have small efficiency kitchenettes just completely done over. Cost is \$999.

Finally, Oct. 16 to 18, there is a fall color Huck Finn tour aboard the Delta Queen

out of St. Louis, pictures of which will be shown. Included is round trip airfare, a sightseeing tour of St. Louis and a cruise up the river past the Alton dam and the pictographic Piasa Bluffs to Mark Twain country. Sumptuous meals and fabulous Dixieland Parties are included from \$399 up depending on cabin selection and domestic air fare increase.

All Pointers interested in any of these educational tours may attend the June 8 meeting.

### Suburban crime is forum topic

"Who Commits Crime in Your Neighborhood?" is the title of the June 18 Third Thursday Forum sponsored by the Crime Prevention Task Force of the Grosse Pointe Inter-Faith Center for Racial Justice.

The forum will address stereotypes about suburban crime. Chief Robert Ferber, Grosse Pointe Farms, Sgt. Dick Murphy, Farmington Hills, and Inspector James Humphries, Crime Prevention Section, Detroit Police Department, will be featured panelists.

The forum will be held at Christ Church, Miller Hall, 61 Grosse Pointe Boulevard, Grosse Pointe Farms, from 7:30 to 9:30 p.m. on June 18. Admission is free. Refreshments will be served.

For more information, call 882-6464.

### Pointers to tour Europe

Two Grosse Pointers who are members of the Wayne State University Men's Glee Club will spend a good part of their summers traveling and singing abroad this year.

Robert Brooks of Beaconsfield Avenue, and David Cragg of Buckingham Road, both students at Wayne State University, will be departing June 22 to accompany the WSU Men's Glee Club on its European tour.

The Glee Club, under the direction of Dr. Harry Langford, will be representing the U.S. at the annual Danish-American Fourth of July festival in the Rebild National Park where some 25,000 people gather outdoors to celebrate the American Fourth of July.

Other high points of the tour will include the Eisteddfod competition in Liangollen, North Wales where the Glee Club will be competing in the Male Choir competition with approximately 15 other male choirs from around the world. In 1968 the WSU Glee Club members won first prize in the same competition. They are hoping to repeat that win this year.

The 35-member tour group has worked to raise the money for the tour by holding a 24-hour Sing-A-thon, a telethon, bake sales and many extra concerts.

### Bach Society concerts set

Grosse Pointe concert organist Huw Lewis will lead off the St. John's Bach Society series of concerts beginning Thursday, June 4, at 8 p.m. at St. John's Episcopal Church, 50 East Fisher Freeway.

Lewis, of Middlesex Boulevard, will perform Thursday with the St. John Choir in "Sei Lob und Preis mit Ehren," "The Life of Christ" and Symphony 5 for Organ.

The next concert will be Sunday, June 7, at 3 p.m. at the church when the Chamber Works Detroit Orchestra, Bach Society Chorus, flutist Shaul Ben-Meir and Lewis perform Cantata 78, Cantata 80, Sonata in C minor for Violin, flute and continuo, and the Coronation Anthem.

The final concert of the series will be presented at 8 p.m. Tuesday, June 9 by organist Catharine Crozier.

Tickets to all concerts are \$5 or \$3 for senior citizens and students. They may be purchased at the door. For more information call St. John's at 962-7358.

## Drop in gas consumption reflects loss in revenues

State revenue for work on highways, roads and streets and other transportation systems plunged by 27 percent in the first quarter of 1981 compared with the same period a year ago, the Michigan Department of Transportation (MDOT) said recently.

The decrease, the biggest single-quarter drop ever recorded, was chiefly the result of a continuing decline in gasoline consumption and removal of the March 31 deadline for yearly registration of autos and most other vehicles.

Proceeds from motor fuel taxes declined from \$115.43 million to \$103.4 million, down by 10.4 percent.

A shift in the expiration date for vehicle registrations from March 31 to the driver's birthday resulted in a 42.8

percent decline in weight tax revenues. Collections for the January-March quarter fell from \$146.68 million to \$83.91 million. They will increase in the other three quarters of the year, although registration of commercial vehicles is down sharply.

Fuel and weight tax income was further reduced for cities, villages and counties whose populations declined or failed to keep pace with average statewide growth in the 1970-80 decade.

Detroit suffered the biggest dollar loss as its regular quarterly take declined from \$11.488,784 in 1980 to \$7,227,475 this year. It lost another \$2,655,021 for the first quarter only, reflecting a census adjustment for the first three quarters of 1980 and reducing its net income for the January-March period to \$4,572,454.

The National Board of Medical Examiners recently announced the appointment of Pointer Bernard H. Marks, M.D., Professor and Chairman of Pharmacology, Wayne State University School of Medicine, as Chairman of the board's Part I Pharmacology Test Committee.

As a Test Committee Chairman, Dr. Marks also serves as a member of the board, composed of 76 members representing the academic community, national professional organizations, state licensing boards, students, residents, the federal government and the public.

The National Board of Medical Examiners, a voluntary, non-profit non-governmental organization, is committed to the development of high quality evaluation programs for the health professions.

Marks, a resident of the Woods, also serves on many other national organizations in medicine.

## Florida Palm Loss Heavy

During the past nine years, 95 percent of the coconut palms in Dade County, Florida (which includes Miami and Miami Beach), have been destroyed by disease. Many of the lost trees have been replaced with Malayan dwarf palms, which produce coconuts faster but are shorter—growing only up to about 60 feet tall.

Mrs. Miller's portraits are displayed at the University of Michigan's Law School, and her work has been purchased by both the Detroit Institute of Arts and the San Diego Museum of Art.

## From Another Pointe Of View

By Janet Mueller

Mark your calendars now and start praying for beautiful weather in late July, for there's going to be another gorgeous Grosse Pointe Garden Tour this summer.

Plans for it were finalized at the annual meeting of the Grosse Pointe Garden Club Council on May 26. Dates are Friday, July 24, and Saturday, July 25, and that's all we're telling you at the moment because, at the moment, that's all you need to know. We'll give you numerous details on this joint project of 18 local garden clubs later in the season.

Other major business at the Garden Club Council's annual meeting was, as always, election (Continued on Page 4B)

This is 30 minutes of peace and quiet.

Or catch up on Vogue. Or just sit back and close your eyes. No children, no bosses, no telephones, nothing will bother you. We'll see to that. True, our first concern is making your hair look marvelous. But we also want your time spent with us to be time-out from hurry and responsibility. If this appeals, see us. We specialize in turning off the world when we turn on the dryer.

The Fine Arts Society of Detroit will have a ball when it meets this Saturday, June 6, at Lochmoor Club. It will be a Diamond Jubilee Ball, celebrating Fine Arts' 75th birthday, and will include a candlelight dinner and dancing to the music of Art Quatro, under a revolving globe of sparkling light.

President Gerald L. Stoetzer, of Littlestone Road, will preside pre-dinner at the annual meeting. Since Fine Arts is an acting society, reports can be expected to be amusing and/or whimsical.

Much excitement has been created within the society by Maestro Antal Dorati, composer and Conductor Laureate of the Detroit Symphony Orchestra, and his charming wife, concert pianist Ilse von Alpenheim, who have recently accepted honorary membership in Fine Arts.

They join a roster of famous people in the arts who have been listed on Fine Arts rolls as Distinguished Honorary Members, including Maestro Ossip Gabrilowitsch, first conductor of the DSO, and Mrs. Gabrilowitsch, born Clara Clemens, daughter of Mark Twain; Maestro Walter Damrosch; composer Richard Strauss; violinist Fritz Kreisler; soprano Mary Garden; violinist Maud Powell and actress Jesse Bonstelle.

A rather recent addition to the list of honorary members is Julie Harris, an actress from our own Grosse Pointe community.

The Fine Arts Society welcomes as new active members Mrs. David J. Sutter, of Stephens Road, Howard Blood, of Hillcrest Road, and Mr. and Mrs. Philip Gillis, of Kensington Road.

**Win ribbons at 'Greenery'**

Blue ribbon winners at last Thursday's Grosse Pointe Garden Center flower show extravaganza "The Greenery," held in the Grosse Pointe War Memorial, are proudly showing off their awards, while Garden Center board members are already planning their next event: an old-fashioned English Garden Party tea, to be held in the War Memorial's lake-side Trial Gardens Thursday, July 9, from 12:30 to 2:30 p.m. Everyone who likes gardens is invited.

Judges at the Horticulture-Bonsai Show, delighted by the many beautiful specimens of garden and house plants and flowers offered for their consideration, found it extremely difficult to make their awards decisions.

First, second and honorable mention ribbons were finally placed, and winners

of the first place blues included Mrs. Daniel Johnson, Mrs. H. R. Smith, Mrs. Harley Higbie and Mrs. Fernande Biglin.

Others were Mrs. Edward Forman, Mrs. Manfred Whittingham, Mrs. James McMillan, Mrs. Donald N. Sweeney, Mrs. Arthur A. O. Schmidt, Mrs. Elsie Caulkins, Mrs. Frances Schmitz, Mrs. Harry M. Jewett II and Ms. Lenta Robbins.

Especially noteworthy were Mrs. Foreman's purple Lupine, Mrs. Schmidt's jade tree and cactus, Mrs. Jewett's ivy trained in a large circle and Ms. Robbins' "Black Pagoda" Aeschylantus.

Winners of Bonsai blue ribbons were Mrs. Julian Hayden, Mrs. Grace Poppen, Ms. Mary Lairgne, Ms. Lucille Langbauer and Reg Skewes.

**Old Dominion picnic reprise**

The third annual Old Dominion Day picnic, a coming together of alumni, present-day students and accepted freshmen at all four-year Virginia colleges and universities, is scheduled for this Sunday, June 7, at the University Liggett School playground and fieldhouse.

Each year has seen an increase in attendance, and this year's co-chairmen, Bob Ottaway (University of Virginia) and Bill Smith (College of William and Mary) are confident that 1981 picnic attendance will greatly exceed last year's 150 picnickers.

Grosse Pointe's Anita Unger (Old Dominion University), in charge of reservations, reports they can be accepted through tomorrow, Friday, June 5, by mail or telephone. She, too, feels that early returns suggest a record turnout.

Cost is \$6 per alum or spouse, \$3 per present-day student and \$2 per child. Incoming freshmen are the guests of the Old Dominion Day party committee.

Dennis Velie, a graduate of Randolph-Macon College, has volunteered to act as Chief Cook. Bottle Washers will include Jim Large (Washington and Lee), Karen Hostetter (Mary Washington), the husband and wife team of Lind and Bill Vaughn (Randolph-Macon Women's College and Virginia Military Institute), Elizabeth Thomas (Hollins College), Jane Moran (Westhampton College), Walter Spain (Virginia Polytechnic Institute) and Ethel Burwell (Sweet Briar).

Quinn Thomas, the Grand Old Man of the University of Virginia's Class of 1957, will be manning the beverage supplies.

**Macomb Secretaries seat officers June 10**

The Macomb Chapter of Professional Secretaries International will install officers and initiate new members at a dinner meeting Wednesday, June 10, starting at 6 p.m. at Fernhill Country Club in Mount Clemens.

Further information may be obtained by contacting Goldie Thornton at 987-2670 or 792-5487.

**Plan Navy League Ball**

Photo by Donna C. O'Keefe

Meeting recently at Lochmoor Club, where the Detroit Women's Council of the Navy League of the United States will present its 31st annual Navy League Ball Saturday, June 13, to make plans for a fabulous party were (seated, left and right) MRS. FRANK NAIR, member of the National Advisory Committee and treasurer for the Detroit Women's Council which was originally organized by Mrs. Thomas K. Fisher Jr., and MRS. ROY WHITLOCK, the Detroit Council's immediate past-president, newly elected state president of the Navy League and, like Mrs. Nair, a member of the National Advisory Committee; (standing, left and right) MRS. EMIL GROB, a former vice-president of the Detroit Council, who is sponsoring the party at Lochmoor, and MRS. AARON E. WILCOX, member of the Council's advisory board and its long-time publicity chairman.

Sara Whitlock is chairing this year's ball: a "Patriotic Revival." Official hostess will be Mrs. Anthony Kunert, the Council's current president, who will greet special guests including the honorary chairman, Mrs. John J. Spittler, whose husband, immediate national past-president of the Navy League, will be the guest speaker.

The cocktail hour begins at 6:30 p.m. Seating is at 7:30, and dinner follows the traditional Color Guard ceremony. Lieutenant Commander Ronald Falice, USNR, will sing the National Anthem, "Oh Canada" and "God Bless America." The five-piece Together orchestra will play for dancing from 8:30 to 12:30 a.m.

Assisting Mrs. Whitlock on the ball committee are Mrs. Roger Harter, in charge of protocol; Mrs. Fred Wood, program chairman; Mrs. Grob, club arrangements; Mrs. Lyle Harvey and Mrs. James Glander, invitations; Mrs. Eric Demrose, decorations; Mrs. Nolan Kirkman and Mrs. Richard Gagne, prizes; Mrs. Wilcox, publicity; and Mrs. Nair, tickets.

Party proceeds will assist the Council's many projects relative to the Navy, Marine Corps, Coast Guard and Merchant Marine, the Sea Cadet program and the Council's annual awards programs. One of these awards is traditionally presented to the United States Naval Academy graduate midshipman with the highest scholastic record in chemistry. Mrs. Whitlock made that presentation in Annapolis last year. This year, member Mrs. Donald Schoene represented the Detroit Council and presented the award May 27 while attending her son's Annapolis graduation ceremonies.

Guest speaker John J. Spittler has been active in Navy League affairs on the local, state and national levels for more than two decades. He has served as both president of the Columbus, O., Council and the Ohio State Council; during the latter term, he received the Navy's Meritorious Service Award for activities in the field of education which brought about establishment of an Oceanic

For the second year, Mrs. Robert Kefgen will open her Wicks Lane home and colorful, flower-filled garden to members and guests of the Detroit Review Club, welcoming women from Bloomfield, Birmingham, Troy, Farmington Hills and Detroit as well as Canada to a mid-June Friendship Tea.

It is said that those born in the sign of Leo are grand party givers, great fun to be with, and this is certainly true of enthusiastic, friendly and highly motivated Blanche Kefgen, past-president of the DRC, whose party last year was so popular and well attended that everyone is looking forward to this year's reprise.

It's set for two weeks from today, Thursday, June 18, from 2 until 4 in the afternoon. It's chaired by DRC's current president, Mrs. James Mullaney, who was born under one of the friendliest signs of the Zodiac, Gemini, the Heavenly Twins. Besides the Review Club's new officers and directors, the tea committee includes Mrs. A. Edmond Allan, recently returned from a two-month stay at Green Valley, Ariz., Mrs. John Griffin, Mrs. Gilbert Guymer and Mrs. Arthur Olechauski.

**Italian movie to end Ethnic Identity series at International Institute June 7**

Director Ettore Scola's "We All Loved Each Other So Much," final film in this year's Ethnic Identity Film Series at the International Institute of Metropolitan Detroit, will be shown this

Sunday, June 7, at 3 p.m. at the Institute, located on East Kirby Street at the corner of John R in Detroit's University/Cultural Center. Cost is \$2 for adults, \$1 for senior citizens and children,

including complimentary Italian pastries and coffee, served at a reception with Italian music. Members of Detroit's Italian community will be represented. The film is spoken in Ital-

ian, with English subtitles. "With our series of foreign films we've tried to show some of the major political and social themes of various cultures and introduce the general community to those

local cultures in Detroit at the same time," explains Mary Ball, executive director of the International Institute.

The comic film, praised by critics in Detroit and New York when it first appeared, examines 30 years of recent Italian social history.

It concerns three idealistic young Italian men who fought in the Italian Resistance in World War II and follows their lives into the 1960s and 70s.

"We All Loved Each Other So Much" is packed with references to many great Italian films, ranging from Vittorio De Sica's "Bicycle Thief" to "La Dolce Vita" by Federico Fellini, with walk-on performances by Fellini and Marcello Mastroianni from the latter film.

The film showing is a Cass City Cinema Production, funded in part by the Michigan Council for the Arts. Tickets are on sale now at the International Institute and will be available at the door Sunday.

### Bon Secours volunteers get hospital 'thank you'

Over 400 of the volunteers at Bon Secours Hospital who donated more than 60,000 hours of their time to the service of others during 1980 were honored at a pair of champagne receptions and dinners early in the spring. They sampled hors d'oeuvres while sipping the champagne, served from a bubbling fountain in the hospital's Richard C. Connelly Science Hall, then feasted on filet mignon served with stir-fried vegetables and a desert of pistachio or butter cream cake.

Sister Ruth Ann Belfi, C.B.S. R.N., president of Bon Secours board of trustees, brought thanks from the hospital staff and the Sisters of Bon Secours. She recalled her own days as a Guild Girl at Bon Secours Hospital — those days led her to join the community of the Sisters of Bon Secours.

John Tatum, the hospital's executive director, stressed the importance and tremendous value of the volunteers. Other Bon Secours Sisters who were on hand to thank the volunteers included Sister Jean Aulenback, R.N., Sister Mary Lucy DeRitis, Sister Lucretia Gottschall, R.N., and Sister Mary Catherine Rogers, R.N. Sister Bernita Holahan, S.S.J., director of the Health Science Library, also attended the dinner.

Special thanks were extended to Mrs. James Curto, who will receive a special pin for her 10 years of volunteer service to the hospital. Gift certificates from the Bon Secours Hospital Gift Shop were awarded to James McCarthy, Mrs. Joseph Henry, Mrs. Carmen Francis and Mrs. Virginia Allor. Many volunteers also received geranium prizes.

The volunteers, ranging in age from 19 to 85, perform a vital role at Bon Secours Hospital. They act as patient greeters, radiology hostesses, patient visitors and menu and library aides. They also deliver meals and act as social service, laboratory, central sterile and book cart aides.

"Bon Secours is unusually lucky to have such a wonderful, dedicated group of volunteers," says Maureen DuFour, director of Volunteer Services. "They are a great help to the staff in the hospital's goal of excellent, compassionate patient care."

Bon Secours also has a group of Junior Volunteers, who contributed over 9,500 hours of their time to the care of others during 1980. These Juniors were honored at a picnic luncheon May 2; each received a candy striped pin indicating the hours he or she contributed to the hospital. Sister Ruth Ann Belfi was on hand here, too, to personally thank the young people, ranging in age from 14 to 17, and tell them about the importance of her volunteer work to her own future as a Sister of Bon Secours. A 300-hour pin was presented to Barb Hermes, Amy DeDecker and Valerie Zynda received 200-hour pins. Pins recognizing 150 service hours were presented to Terri Aude, Cindy Costea, Patti Finn, Joanne Jacobson, Renee Johnson and Nikki Post. Pins recognizing 100 service hours were presented to Lauren Bilinski and Kathryn Paton.

Pins recognizing 50 hours of service were presented to Nicole Allen, Dover Bell, Sally Bills, Denise Bubeck, Michele Champine, Susan Charen, Lesley Cocol, Michele Clark, JoAnn Cullen, Bridget Damm, Kimberly Day, Lyla Dorghale, Debbie Gibney, Stephanie Gire, Sharon Goulet, Danett Groth, Michelle Hernandez, Jennifer Kuzel, Loreta Manasa, Lori Mauch, Jill McHugh, Mary Naglich, Pat Naglich, Renee Ouellette, Jennifer Owen, Cheryl Park, Michelle Pack, Verdell Rickett, Heather Rogers, Kathy Sabit, Pamela Schwartz, Christine Stock, Debbie Thorne, Beth Valenti, Lynn Wayman, Kathleen Weber and Kim Wynn.

The Bon Secours Junior Volunteers assist with patient care, bringing water, and acting as companions to patients during meals. They also work with Red Cross volunteers when patients are admitted or discharged.

"Our Junior Volunteers are very special people," notes Maureen DuFour. "They are willing to do anything they can that will make things better for the patient."

Part of the picnic afternoon's activities included a fashion show, featuring models from the Miss J Board, presented by Linda Brucia and Linda Saja of Jacobson's.

### Leading Lochmoor

Lochmoor Club held its 64th annual President's Ball in late May, honoring its current president JAMES A. ZAKEM who, with his wife ZINA, headed a receiving line that included other officers and their wives: Vice-President John and JoAnne Spring, Treasurer Joseph and Laura Tolari and Secretary Earl and Margaret Boonstra. The party began with cocktails and hors d'oeuvres. Dinner, prepared by Chef George Lakey II, featured Lebanese specialties suggested by Mrs. Zakem. After dinner, Mr. Zakem was presented with a commemorative plaque bearing a gavel and a silver tray engraved with the signatures of each member of the board of directors. Mrs. Zakem received two dozen red roses and the gold medallion she is wearing in the picture above. The inscription on the reverse of the medallion, which bears the Lochmoor Club crest, reads "First Lady, Lochmoor Club, 1981."

Kenneth Adler, a Lochmoor past-president, emceed the evening. He and his wife Patti served with the Springs as chairmen of the event.

Among the guests were the Zakems' entire immediate family, including son Alex and his wife Maggie, daughter Naomi and another son, Dr. James F. Zakem, who flew in from Nashville for the party. Several of President Zakem's seven sisters and their husbands also were present. A special guest was Dr. Paul Dwaihy, who has been the Zakems' family doctor for 43 years. James Zakem served as an Engineering Officer on a United States Navy destroyer

## North JV ends year on winning note

By Bob Waldeck

Grosse Pointe North's JV baseball team concluded a very fine season with a split of a doubleheader against Roseville Brablec on May 22. The Norsemen finished the spring with a 9-3 Bi-County record and an overall mark of 17-5. They finished in a tie for first with Lakeshore.

North blitzed Brablec in the opener, 12-0, as southpaw Dave Waldeck hurled a two-hitter. He fanned 11 batters for his third win of the year. North scored a run in the first inning when Joe Haas drew a walk with the bases full. The Norsemen put seven more runs on the board in

the fifth inning when Frank Reid and Waldeck started the rally with walks. Rick Stroebe and Dennis Cyr hit run-scoring singles followed by a walk to Haas and a two-run single by Mike Hall. Fred Schultz then blasted a three-run homer into the parking lot. North added four runs in the sixth inning as

Waldeck singled, Kevin Dundon walked and Stroebe singled in a run. Marty Mitchell reached first on an error as two runners advanced home before Mike Marasco batted in run number 12. Stroebe led the attack with four singles while Schultz hit the homerun. Waldeck hit a pair of singles and Bob Bava, Dundon, Cyr, Marasco and Hall had a single each.

## Babe Ruth

(Continued from Page 1C)

The Rangers attack was paced by Bill Denler, Scott Miller, John Mulier, and Mike Williams Sergeant was the winning pitcher. On May 18, the Brewers defeated the Mets (Park), 9-7. Neil Haaz and Mike Santo each contributed a double to the Brewers' offense. Holland had a triple for the Mets. Sparked by the great outfield play of Kevin Doyle, Surprenant and Doug Gray, the Brewers withstood a late inning rally by the Mets to achieve their fourth victory of the season. Rick Jungwirth was the winning pitcher. The Brewers defeated Ahee (Woods), 8-0, on May 23. Dave Maddox pitched the first no-hitter in the All American League this year as he struck out 15 Ahee batters. The Brewers' offense was sparked by Mike Santo who had a double and three RBI. Maddox and Rick Jungwirth also contributed key hits in the Brewer victory.

# Safe Boating Week begins June 7

Ted W. Angott, Vice-Commander of the United States Coast Guard Auxiliary recently encouraged the mayors of all the Pointes and the president of the Shores to designate the week of June 7 National Safe Boating Week, locally.

The mayors readily agreed to such a resolution for several reasons — most notably the 1,300 lives lost annually in boating accidents.

Angott, the Vice-Commander of Public Affairs, said that the Auxiliary consists of some 350 members in Wayne, Oakland and Macomb Counties.

The purpose of the Coast Guard Auxiliary are two-fold: to check all vessels in the area for regulations and seaworthiness and to assist boaters in trouble.

- Here are some handy rules of thumb for all boaters:
- Know how to swim
- Properly equip your boat
- Know how to use all equipment
- Practice all rules of boating safety and courtesy on the waterways

The mayors commended Ted Angott and the United States Coast Guard Auxiliary for their efforts at promoting safe boating in their cities.

The proclamation stated, "We are extremely proud of your work and we are happy to have your facilities on the lake. Lake St. Clair is one of the most heavily traveled waterways anywhere."

"We certainly appreciate all the safety precautions you have educated us with for the safe use of our lake."

# North's dream year ends at districts

By Tim Saunders North High

The high school baseball district playoffs at Grosse Pointe North last Saturday, May 30, and with one swing of the bat the Norsemen's previously undefeated season came to an abrupt end.

The Norsemen, who were 28-0 going into the game, went against Harper Woods Bishop Gallagher and on the strength of a sixth inning, two-run homer by Mike Stevenson, Gallagher pulled out a 2-0 victory.

Bill Babcock took the loss, his first as a Norseman, despite giving up just five hits.

The Norsemen, who had won earlier in the week over Clintondale 3-0, became the first team ever to go undefeated in the Bi County and their 44 game winning streak was the best since Center Line St. Clement's in 1973.

For the Norsemen the loss brings to an end their fantastic season. They were ranked first in the state throughout the regular season. They also lost the chance to be the first team ever to win the state title twice.

Coach Frank Sumner stated that his team "lost like the true champions they are, with dignity and pride."

The entire starting lineup of Pete Mogk, Dave Monark, John Menzo, John Clem, John Mueller, Eric Schubert, Scott Young and Craig Stafford were all named to the all Bi County team as were pitchers Bill Babcock and John Hackett.

# North JV ends year on winning note

By Bob Waldeck

Grosse Pointe North's JV baseball team concluded a very fine season with a split of a doubleheader against Roseville Brablec on May 22. The Norsemen finished the spring with a 9-3 Bi-County record and an overall mark of 17-5. They finished in a tie for first with Lakeshore.

North blitzed Brablec in the opener, 12-0, as southpaw Dave Waldeck hurled a two-hitter. He fanned 11 batters for his third win of the year.

North scored a run in the first inning when Joe Haas drew a walk with the bases full.

The Norsemen put seven more runs on the board in

the fifth inning when Frank Reid and Waldeck started the rally with walks. Rick Stroebe and Dennis Cyr hit run-scoring singles followed by a walk to Haas and a two-run single by Mike Hall.

Fred Schultz then blasted a three-run homer into the parking lot. North added four runs in the sixth inning as

Waldeck singled, Kevin Dundon walked and Stroebe singled in a run. Marly Mitchell reached first on an error as two runners advanced home before Mike Marasco batted in run number 12.

Stroebe led the attack with four singles while Schultz hit the homerun. Waldeck hit a pair of singles and Bob Bava, Dundon, Cyr, Marasco and Hall had a single each.

Brablec took the second game, 3-0, as the Norsemen went flat, allowing three unearned runs in the second inning as the defense fell apart behind pitcher Joe Haas.

Brablec stifled North's offense as Mitchell and Bava recorded the only hits for the Green and Gold.

We are having a serious problem with our drainage system in the main kennel and annex. Due to an overload on our septic tanks which results in flooding of the shelter we must hook up to the city sewer system. This will cost money! Many of our animals were forced to stand in the water, several became ill and some died. We cannot let this continue but we cannot do anything without your financial help. Won't you please help us so that we may continue to serve the Wayne and Oakland counties. Thank you. The Oakland Humane Society, 38788 Mound Road, Sterling Heights, MI 48077.

## A SUMMER SETTING FOR YOUR SON

Are you concerned about him? Did he have a bad year in school? Does he need some structure in his life, some direction? Or does he just need a month of living with and nurturing from a person with high standards?

I have a river cabin with acreage in a beautiful wilderness setting in the U.P. I will take a maximum of three boys (ages 13-17) to live with me for the entire month of July. We will have fun together, plan together, work together, pray together, learn together and grow together!

Activities are open and could include fishing, canoeing, building, camping, cooking, berry picking, reading, hiking, playing board games, and side trips throughout the U.P. I'm offering your son a unique, invaluable relationship at a critical time of his life.

I am a high school teacher and long-time coach, married and father of four. I have a great love for my family, my friends, my students, and for God and His world. I would like to share that love with your son. The exact dates are somewhat negotiable. The cost is \$5,400. Please include name, address, phone, age of your son, and brief biography. I will get back to you immediately. Send inquiries to P.O. Box 2592, Ann Arbor, Mich. 48106.

### Camp Fire's Wathana accepting registrations

Camp Fire's Detroit Area Council has opened registration for its 1981 resident camping sessions at Camp Wathana. Programs begin June 24 and continue through Aug. 15. Registration before June 7 allows for a \$15 discount.

The 370-acre camp, located near Holly is approximately one hour from Detroit. The camp is open to both boys and girls, ages 7 to 17, whether or not they are members of Camp Fire. The program is flexible, centered around camper interest and need.

Also featured this summer will be special camping sessions for senior citizens and families.

Camp Wathana includes a lodge, dining hall, cabins for sleeping, bathroom and shower facilities. A spring-fed lake provides swimming, fishing and boating opportunities.

A newly produced brochure, Wathana 1981, contains information on all session times offered, dates, program content for various age levels, registration and list of camper's needs, plus cost. The brochure is free through Camp Fire Detroit Area Council, 51 West Warren Avenue, Detroit, Mich. 48201 (telephone 833-2670).

### SH trackmen place third

By Dawn Loeniskar South High

Turning in a respectable performance, South's boys' varsity track team placed third out of five teams at the EML meet at South on May 19.

Making all-league status were Mike Arbaugh in the high jump; Chuck Jansen in the discus; Pat Boll in the 200-meter dash; John Szymanski in the shotput; Bill Peattie with a 4:42 mile and Bruce Collinson in the two mile.

Setting a school record while attaining all-league status was Paul Hedemark with a 13 foot, 3 inch pole vault. Setting a new record while narrowly missing all-league status was John Fischer with a long jump of 20 feet, 7 inches. In doing so, he broke the old record by a full foot.

Coach Ed Bonne commented, "I thought he had an outside chance of scoring, but he missed third place by an inch or two."

The Spring Sports Awards Banquet will be held June 6.

### ULS team on win track

May started out well for the ULS boys' track team. On May 5, the team avenged an earlier loss by defeating Southfield Christian, 69-63.

Junior co-captain Jerry Steketeer led the ULS team to victory winning all four of his events—the long jump, 100 yard dash, 440 relay and the 200 y-rd dash. Other first place finishers for ULS were Warren Hardy, in the shotput; Ron Schocker, in the discus; the 440 relay team of Steketeer, Charley Kennedy, Tony Alcantara and Steve Jackson; the 880 yard relay team of Jeff Lucas, Jeff Zack, Jim Kitchen and Bill Scarfone; Alcantara in the pole vault; Jim Wood in the 880 yard run and Dave Van Elslander in the two mile.

On May 7, Huron Valley Lutheran came to ULS for a meet with the host team and Lutheran Northwest. Although Huron Valley had some very good performers, it could not match the depth of the ULS team. ULS collected 109 points, Huron Valley Lutheran, 39 to Lutheran Northwest, nine.

First place finishers for ULS included Steketeer in the 100 and 200 meter dash; Jackson in the high jump; Alcantara in the pole vault; Van Elslander in the 1600 and 800 meter runs; Dave Mott in the 400 meter run;

### North scholar athletes named

By Lisa Pollina North High

The recipients of the 1981 Grosse Pointe North Scholar Athletes awards were announced by Thomas Gaukerke, athletic director, on Awards Night Monday, May 18.

In an unusual coincidence, the boys' and girls' winners ended up in a tie. John Clem and Peter Mogk were the winners for the boys. Andrea Evanski and Cathy Schmidt received the award for the girls.

Among the many credits to his name, Clem is captain of the football team as well as the baseball team at North and has a 3.5 grade average. Mogk, not to be outdone, is president of the Varsity Club and is captain of the soccer team and carries a 3.9 grade point average.

Evanski was deserving of the award as she was captain of the girls' softball team and co-captain of girls' basketball while maintaining a 3.5 grade point. Equally deserving was Schmidt, captain of the cross country team. She was nominated the most valuable for the track team while having a 3.4 grade point average.

### Crazy quilts on display

Crazy patch quilts, a popular accessory in the Victorian parlor, are brightening the Round Hall of the Detroit Historical Museum June 2 to Nov. 15, as the museum's fine collection of Victorian crazy quilts and throws is displayed in an exhibit entitled "Crazy Mixed-Up Quilts."

The earliest type of patchwork done in this country was probably the crazy patch, for thrifty women of the New World recycled every scrap of cloth to produce needed bedcovers.

Through the years, as women has access to more elaborate and ornamental materials from Europe, intricately designed, pieced and appliqued quilts were produced.

The crazy quilts again became popular following the Civil War, not just as a bedcover made up of odds and ends but as a decorative "throw" to be displayed in the parlor. Throws were of all sizes, shapes and colors, and frequently included sentimental patches of wedding dresses, baby clothes, prize ribbons or other remembrances.

Uneven patches of ribbons, velvet, silk and cotton were joined by a variety of embroidery stitches. The success of a crazy patch was judged not by pattern or color but by the originality of the embroidery.

A special workshop in conjunction with the exhibit will be held for crazy quilters age 16 and up on Saturday, July 11. Participants will create their own original crazy quilt sampler in addition to touring the exhibit. The workshop, which runs from 10 a.m. to 1 p.m., will be taught by Emily Pryor. Fee is \$5. Reservations and material information may be obtained by calling 833-9721.

Wood placed second in the one mile with the time of 4:44.1, took third in the 880 yard run turning in a time of 2:09.4 and also ran a leg of the mile relay team.

The 880 yard relay team of Lucas, Kitchen, Alcantara, Kennedy, Jackson and Steketeer placed second, and the one mile relay team of Mott, Matt Carstens, Wood and Van Elslander ran third in 3:52.7. The efforts were the amazing parts of the meet. Coaches Doug Norris, Don Johnson and Jay Peacock were very pleased with the individual performances.

### South leader sees changes

By Scott Bowles South High

South High's Student Association (SA) constitution may be revised next year, according to SA president Joe Magee.

Magee said the constitution, a list of guidelines for class officers, elections, and other school activities, was out of date and had to be "modernized."

"Changes have to be made in the constitution," he said, "I don't know one person who read it. I'm sure most South senators and officers do not know the opening line of the constitution."

Magee said the revisions would have been made this year, except other more important responsibilities came up, such as the school elections, and the changes had to be postponed.

"We have proposed a lot of additions and changes for the constitution," Magee continued, "including different responsibilities for class officers and voting procedures in elections. I will sit with officers next year and talk with them about changes."

Magee said in order to revise the constitution, the SA officers will make a committee, take "a couple" students from the junior, sophomore and freshman class, and vote on the rough draft of a revised constitution. If two-thirds or more of the voters approve the revisions, the revisions will go into the constitution.

Magee said there are seven articles so far that could go into the constitution.

"The constitution is much too in-depth," he said. "We will probably take a more broad attack. It (the constitution) is not God. We do not need to follow it word for word. It can be changed every year to suit our specific needs."

Although revision of the school constitution is important, Magee expects the event

to be played down. "I don't see much student concern over the changes," he said, "even though in the long run everyone will be affected. The only ones interested right now are the ones working on the revisions—the SA officers."
