No blue Mondays for Star's principal of the year

By Joanne Gouleche

Don Sloan has had his eye on more than 200 girls for the last 12 years.

Even as the father of five daughters, all those pretty young ladies were an adjustment in the beginning, but now it isn't quite so hard . . . if he keeps a box of Kleenex nearby for an occasional teardrop or two.

If you're in the dark so far, Don Sloan is not Don Juan, but considers himself lucky anyway to walk the halls each day as principal of the all-girl Our Lady Star of the Sea High School in Grosse Pointe Woods.

"If anytime I deserved to be principal, it was my first year here, especially with 250 girls," Sloan recalled in his office last week, "It was quite an adjustI began keeping boxes of Kleenex in my desk for certain situations," he said grinning.

Sloan will step into the limelight next week at a Regina High School awards banquet where he will receive the distinguished Catholic Association of Secondary Administrators' (CASA) principal of the year

SELECTED BY his peers for the honor, a modest Sloan said it's an achievement he was surprised to accomplish. CASA, a professional organization of 44member schools, meets six times a year to discuss mutual areas of concern, along with problems at each of the schools.

"It (CASA) gives Catholic administrators a unified voice,"

ment that year and that's when said Sloan, who was president of the group for two years,

> Sloan is also active in other organizations, including the executive Athletic Board of the Archdiocese of Detroit and serves as president of the Association of Non-Public Schools in Grosse Pointe-Harper Woods for Educational Cable TV.

The University of Detroit graduate left his director of teacher personnel position at the Archdiocese of Detroit to come to Star in 1969. Earlier, during his tenure at co-ed Servite High School in Detroit, Sloan taught English and coached varsity football, basketball and baseball and was athletic director for two years and later served as assistant principal.

When he was approached for

the principal's position at Star, Sloan admits he was apprehensive because he was a lay person in the field and he just didn't know what to expect from 250

He remembers well, though, his first year at Star when one day some senior girls stormed his office and took him hostage. "This was all in jest, mind you," Sloan said assuredly.

Sloan explained the girls surrounded his desk, tied his hands behind his back, blindfolded him and drove him to a nearby restaurant. "They called the school and said 'if you want your principal back, you have to call off school today." The girls later treated him to lunch.

Sloan said five daughters Denise, Mary, Laura, Maureen

and Lisa weren't always so lucky if they caused a little trouble now and then. All five attended and were graduated from the school. One of two sons was graduated from Star's elementary school.

little awkward. But I say they adjusted well. I don't think it caused any special problems, maybe some razzing here and there from some of the girls.

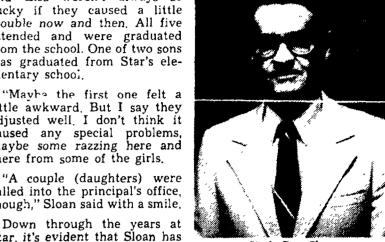

"A couple (daughters) were called into the principal's office, though," Sloan said with a smile.

Down through the years at Star, it's evident that Sloan has managed to develop a fatherly love for all of his 200-plus girls.

"I enjoy a small school. You get to know the faculty and teachers quite well. It's more of

The legislation is expected to be signed by Gov. Milliken. It will take effect if all five municapilies approve resolutions endorsing the new court by May.

In order to make that decision, the cities began a study last week that will provide concrete financial and policy information about the proposed

district court. The Woods council, which earlier rejected funds for the study, voted to allocate \$1,400 to the effort at its March 1 meeting. Similar allocations had already been approved by four other cities.

The item was brought before the Woods council by Councilman Jean Rice, who said the money will be well spent. It was approved unani-

The study by Coopers & Lybrand, Inc., which audits four of five cities involved, is scheduled for presentation to the city managers on or before April 1, according to David Vincent, head of the company's study team.

Vincent said the study won't be made easier because the company performs audits for the cities because

'The chief concern is money," she said. "The financial burden for us will be the greatest.'

Mrs. Galvin said the village would not need certain services proposed to be in a new court building, such as a central dispatch for public safety departments or a firing range, and added the village could not accommodate the location of the court.

The schools' controversial summer tax proposal may be dropped but not entirely forgotten as a contingent financial plan for the school district.

At a special Board of Education conference meeting Monday, Supt. Ken Brummel told trustees the "timing" of the proposal concerned him. "I'm recommending at this time that we do not implement the summer tax procedure," Brummel said: "Basically, I am concerned with the timing of the plan."

The board will vote on Brummel's recommendation at its regular meeting Monday, March 8, at 8 p.m. at Brownell Middle School.

"I WAS delighted to read the superintendent's recommendation,"
Trustee Roger Mourad said. "So much of it would have caused confusion and lack of faith in the community."

In a memo to the board, Brummel said the summer tax plan should not be dismissed entirely and added: The timing for a summer tax collection program now would impact negatively on many citizens who planned their cash flow to take advantage of recent new tax saving opportunities such as the establishment of the IRA accounts."

Brummel introduced the summer tax plan to the board last December when a technicality in the state school code was removed allowing the district to implement a full or split summer tax collection.

A 100 percent summer tax collection would generate about \$2 million for the system, administrators said. They also pointed out the summer tax plan would help meet many expenses incurred during the first half of the schools' fiscal year. Ninety percent of the district's revenues come from local property taxes.

This week Brummel said the increase in interest income to the schools under the tax plan would "come at the expense of more than a majority of the taxpayers and local financial institutions."

The superintendent added the school system does not presently need the additional summer tax revenue and explained it can raise its tax rate if additional funds are needed.

Some board members have conceded in the past they had problems with the tax plan, and were not sure of the real consequences to Grosse Pointe taxpayers.

Monday night, however, board members were not willing to sweep the tax plan under the rug, yet. "It's something we ought to take a look at once in a while," Board President Jon Gandelot said.

Brummel echoed the mood and said the board should continue to support moves in Lansing to adopt legislation giving communities the authority to implement a summer tax

The superintendent added: "It is possible that changing financial conditions at the state or local level might make it reasonable for the board of trustees to begin summer tax collection."

STATE BANKING associations are behind the lobbying effort in Lansing, Brummel said, because they are finding it less desirable to continue loaning money to school systems.

"Yet we have been successful in selling tax anticipation notes these past years and until such time as that becomes a serious problem and/or we encounter other financial difficulties, a summer tax collection ought not to be initiated," Brummel said.

Trustee Joan Hanpeter recommended her colleagues send a resolution to Lansing supporting a voluntary summer tax collection

The summer tax plan was turned down four years ago when the state's school code prevented the proposal from being carried out. At that time. the code said school taxes must be collected at the same time munici-

The tax man cometh, local values are up

County presses are running a hit behind schedule, but those long-awaited 1982 tax assessment notices should be going in the mail this week to all property owners in the Pointe. Beginning next week, local Boards of Review will start their annual spring ritual of listening to "aggrieved" taxpayers in the five cities and this year, because of wholesale reassessment

brought on by a change in state tax laws, the aggrieved are expected to be more numerous than ever.

Assessments will increase on almost all properties in the Pointes, except for a few businesses. The average increase will be in the 10 percent range on residential. Business values are up too, but only by about 5 percent in most communities.

THIS YEAR'S increases are far below the 20 to 29 percent hikes homeowners have witnessed during the last two years, reflecting a downturn in the real estate market. Because of the more modest increases, a few of the cities may avoid the automatic reductions in tax rates mandated by the Headlee Tax Limitation amendment. Headlee forced cities to cut tax rates when increases in property valuations exceeded increases in the Consumer Price Index (CPI) for the same period. The CPI for the current period is 10.6 percent.

City assessors increased the local valuation of property this year in line with a 30-month study of sales figures by the Wayne County Bureau of Taxation. County officials considered using a 12-month study of sales to compute increases this year, but determined the change would not make a significant difference, according to Grosse Pointe City Assessor Dennis Foran

Woods police union heads to arbitration

By Mike Andrzejczyk

The labor dispute between Grosse Pointe Woods and its public safety officers' union spilled over from the bargaining table to council chambers Monday, Feb. 22 when union president Thomas Hunke charged the union was being forced into arbitration to receive what it considers a better pension plan.

Speaking before an audience replete with officers and their families, Hunke told the council that the city's refusal to bargain pension improvements left the union no alternative but to seek an arbitrator.

The officers have been working without a contract since last June. A union meeting was scheduled for Tuesday, March 2 to formulate a final offer to the city that will be turned over to an arbitrator.

"We don't like to go to arbitration. but the council has forced us to go," he said. "They're paying us less than straight police departments.

A strike or sick-out by officers is out of the question, Hunke said adamantly.

"I would never recommend a strike.

The Blue Flu is out as far as I'm concerned," he insisted. "I wouldn't call for a strike and I wouldn't participate in one.'

The union has offered to accept a wage and benefit freeze for one year in order to receive a better pension plan, Hunke said.

"There are guys who are here for while (a long time from retirement) who are willing to sacrifice wages and benefits for the pension. We don't get social security because of our early retirement."

Response to Hunke's presentation came from Mayor George Freeman who told the audience the council did not bargain contracts, that such actions were performed by a designated representative of the city who worked under guidelines presented by the council.

"We aren't going to bargain here in council chambers with you," Freeman said. "We have made an offer we think is fair. We have approved a pension increase in a contract

With a lot of money and some hard campaigning, Robert Clark hopes to convince Grosse Pointe voters by this June of his desire to be a school board trustee "of the people," as he puts it.

"I just don't want to be a trustee in title only, but a trustee of the people," said Clark, the first person so far to file petitions to challenge incumbent Jon Gandelot for his fouryear scat in the June 14 election.

Clark, 23, blames the current seven-member board for not effectively communicating its policies and decisions to Grosse Pointe taxpayers.

"PEOPLE TELL me, at least around here, they don't know what's going on with the school board," said Clark, a Grosse Pointe Woods resident. "They only know what's going on by reading the newspaper or by attending meetings, but many people don't even do that."

Clark said if he secures a spot on the board he will encourage his constituents to write letters and will personally "make myself as visible as possible." Clark said he "plans to go to the people" throughout his campaign during the next four months. The 1972 graduate of North High

Alice Belfie will offer a mini-series on Life Management focusing on stress I, covering the human response system, the physiology and psychology of stress and relaxtion and coping techniques. The class is a prerequisite in order to take Stress II and Stress III sessions.

Stress II will be held on March 16. and students will practice techniques, learn to maximize inner control and communicate more fully. Tapes will be available for purchase in class. This class will be followed by Stress III on March 23. Students will practice breathing and relaxation techniques, sharpen sensitivity to inner and outer functions, posture control, muscular tension and habits of mental and emotional stress as well as practice correct assertiveness skills. Miss Belfie is a graduate of Wayne State University with a M.A. in Recreational Therapy and is on the faculty of Wayne State University, Wayne County Community College, Schoolcraft College and Macomb Community College.

Two sessions are offered - one from 12:30 to 2:30 p.m. or the evening session from 7:30 to 9:30 p.m. Each session is \$7.50, or all three sessions for \$22.50.

The Adult Piano Course II for adults taught by Joseph Galema at the War Memorial is for the advanced beginner. Prerequisites are the ability to read primary chords in C. F. and G Major and to play a C Major scale. Students will learn keyboard theory and technique reading in sharp keys, use of the damper pedal and varied accompaniment patterns with emphasis on reading musical notation.

The class is limited in size to allow for individual attention. The fee for 10 two-hour lessons is \$60. The class begins March 4 and runs through May 6 on Thursdays from 1 to 3 p.m.

Galema received his B.A. in Musicfrom Calvin College, his M.A. from the University of Michigan and has 55 credit hours toward his Ph.D. at the University of Michigan. He has served as the director of music at Trinity Episcopal Church in Farmington Hills and assistant organist-choirmaster at Christ Church.

"I know just about every girl here by first name. Every time I make a request, the cooperation is always there. Sometimes, though, the girls' actions aren't always right. You talk to them and let them know you still love them."

ONE SPECIAL problem common to Catholic principals, Sloan has found in his years at Star, is that administrators never quite know what their enrollment is going to be each September.

"In the public schools, you can depend on the census count. You are never sure about enrollment here," Sloan said.

Peak capacity at Star is 270 girls, Sloan said, but the school has officially enrolled about 200 girls this school year.

"And now the economic situation doesn't help either. Star of Sea Parish subsidizes tuition costs, so it helps to lower tuition here," Sloan said.

As principal of Star, Don Sloan has stood on the premise that education can be rewarding as long as you like kids.

"Looking back, there has never been a Monday where I didn't look forward to coming to work. Working with kids just keeps you young.

"Sometimes, though, I have to watch myself that I don't end up joining their antics. Some of the things they do, I did," Sloan said with a wink.

"There are teachers in the school system who would gladly conduct a feasibility study. The board doesn't have to spend that kind of money. I'm in favor of a new pool,"

On proposed summer taxes, Clark said there is waste going on at board offices, but he thinks Grosse Pointe teachers are not paid too much in comparison with other school systems.

Incumbent Gandelot has said he will announce next week his decision to seek a second term in office.

Gandelot, an attorney in private practice, handily won his 1978 bid to office over John Bruce, a four-year board incumbent. During that campaign, Gandelot spoke out on low teacher morale, excessive administra-

tive spending and large class sizes.

After his election to the board, Gandelot later served as treasurer and vice-president. Last summer, trustees re-elected Gandelot to a second term as president.

Persons seeking the \$400 a year position on the Board of Education may file nominating petitions at board offices, 389 St. Clair, no later than p.m. April 12. Candidates need 20 signatures of registered voters in the Grosse Pointe school system.

Local teens register for draft

By Tom Greenwood Turning 18 brings the teen age male of today a number of new and serious rights and obligations. He can

vote, sign legal documents, get married and purchase a home. An added responsibility is registering with the Selective Service System at the nearest post office.

The end of February brought with it the end of a 30-day grace period for 18-year-olds who heretofore had not registered with the Selective Service System either 30 days before or after their 18th birthday.

While the U.S. currently relies on an all volunteer defense force, the decision to continue with draft registration was made by President Reagan in January, 1982.

"Please understand, while it is the duty of all young men to register for the draft within a 60 day period of they will be drafted," said Major James Meinershagen, Executive Officer, of the Selective Service System, currently run by members of the armed forces reserves.

"The U.S. currently does not have an active draft system, and the president said it would only be activated during a time of 'extreme national emergency.'

Grosse Pointe Cable TV recently received city authorization to switch CSPAN Cable Network live coverage of the U.S. House of Representatives from channel 25 to channel 32, one of two channels set aside for local government access.

Local government will continue to have access to channel 18, on which text messages about upcoming council meetings are broadcast. The cities also may take back channel 32 at a later date if they need it, according to Grosse Pointe Cable TV Vice-President and General Manager Michael Reynolds.

Reynolds said the switch of CSPAN channels was necessary March 1 because of a cable communications satellite change. The switch was approved last month by councils in the five cities covered by Grosse Pointe Cable, including the Park, City, Farms, Woods and Harper Woods.

In response to concerns expressed by Mayor Douglas Graham at the Park's Feb. 22 council meeting, Reynolds said the cable system plans in the near future to provide munici-

According to Major Meinershagen, currently 88 percent of eligible Michigan 18 year olds have complied with the registration law, compared

with a 77 percent national average. "During the height of the Viet Nam war, the U.S. registration averages never dropped below a 98 percent level, even with all the protests going on nationally," said Meiner-

"The system believes the reason the registration level is lower now is because people haven't had to register since 1975, so they're sort of complacent out of the habit. Also back during the Viet Nam era, your draft card was sort of looked upon as proof of age. If you were "carded" in a bar, one of the items they asked to see was your draft card. Now there aren't even any cards to carry around anymore. Everything goes into a computer bank and the registrant is notified of verification via

letter usually within three months.' Meinershagen pointed out that failure to register with the Selective Service System was a violation of the law, subject to a possible felony conviction and penalties of up to \$10,000 and or five years in prison.

"Possible prosecution rests with the Justice Department and not with

Reynolds said it may be arranged by contacting COMCAT, the local cable club, or making arrangements with cable staff members. Reynolds said the Grosse Pointe system is now reaching 45 percent of the homes, which compares to a 40 percent national average for a system.

Films, flowers at the library

The Friends Film Forum will present seven short films from around the world Thursday, March 4, at 7:30 p.m. Titles such as "Boynng," "Adventures of an "" and "Why do you smile Mona Lisa" are awardwinning samples from Hungary, Czechoslovakia and France. This program length is 74 minutes. It will be held in the Exhibition Room of the Central Library, 10 Kercheval Avenue.

On Saturday, March 6 at 11 a.m., Michael Sands, botanist from the Belle Isle Conservatory, will address library patrons on how to prepare flower beds efficiently and economically. Sands has 16 years of practical experience and will share ideas on how to create an "English Garden," how to plant and care for flowers in clay soil and how to make the most of small spaces. He will answer questions.

Eugene Wolonick and his daughters will present the history of the Py-sanky Thursday, March 11, at 7:30 p.m. These Ukrainian Easter Eggs have become a beautiful addition to

many American homes. No audience participation is required, this is not a workshop. Seating capacity is limited.

Saturday, March 13, at 2:30 p.m., the Family Matinee at Central Library will be "The Bermuda Triangle," a documentary based on the best-selling book of the same title. the Selective Service System," said Meinershagen, "It's just our responsibility to get as many people to comply with the law, whether they like it or not."

And there are some people who don't like it.

In a letter sent to area newspapers dated Feb. 8, 1982, the administrative board of the Central United Methodist Church, on Woodward Avenue, in Detroit, publicly served notice that it would offer sanetuary to persons who refuse to register with the selective service system.

"Basically, we have noticed overt and subtle militarization drifts developing in this country," said Daniel Young, 29, assistant pastor at Central United, "It's not good, It's not Christian and it's not working toward a peaceful society. We are offering protection from a selective service system that basically does evil."

According to Pastor Young (who himself was a conscientious objector during the Viet Nam War), the church's stand goes beyond the position taken by the United Methodist Church of Michigan.

"They counsel support for persons on either side of the question," said Young. "Both persons in service or against the draft. So do we, but we offer more than that-not only support the decision not to serve, but also not to register. We're not sure how many we could handle, but they'll all receive personalized political sup-

Pastor Young pointed out his church has had a long history of providing sanctuary to conscientious objectors, dating from World War I through the Viet Nam era. "At that time, we had one young man who stayed here in the church for months. The authorities at that time honored the idea of sanctuary. We're not sure what the Reagan administration would do. If they did come into the church for someone, we wouldn't offer any physical resistance though."

On a more local level, students at South High School seem to grudgingly accept the law and with it a pos-

sible future call to arms.
"Yeah, I registered," said Tom Wilson, an 18-year-old senior. "But I waited 'til the last day. I can understand why they have it. I just hope they don't have to put it to use."

"My birthday is coming up in July," said John Socia, 17. "I don't like the idea of registering, but I also don't like the idea of paying a fine or going to jail. I don't want to go to war, especially if it's a war that Reagan starts. If they attack us, okay. Then I'll go, but not be-

"Right, none of this 'stop com-munism stuff'," said Dan Levitt, 17. "I think the registration is a good idea, although I don't see how they can enforce it. How would they get ahold of the 800,000 who haven't regintered so far? I'll go if there's a war, but only if we're directly at-

"Sure, I'm going to register," said Bill Fiscus, 17. "I'm not sure what's going to happen. I've looked into the Air Force, even took the aptitude test. They'd like me to enlist, but I don't know. I just don't know.'

According to Selective Service System records, over 6.6 million young men have registered so far, with 800,000 still outstanding by the middle of February.

"We are confident that the great majority of young people will recognize their responsibility and register," said Major Meinershagen. "The procedure is very simple. All they have to do is visit their nearest post office and fill out a simple form with name, address, telephone number, date of birth, and Social Security number. After a postal clerk checks to see that it's legible and complete, the registrants signs and dates it. We currently do not have a draft. But we do have a right to ask everyone to comply with the

Park to test new parking plan

The Park Council last week agreed to run a pilot test of new parking regulations designed to make it easier for the city to plow snow, pick up leaves and clean streets in areas that have heavy street parking.

The pilot will be conducted on Beaconsfield Road between Jefferson and Essex and may be expanded to other areas of the community, including Wayburn, Maryland, Lakepointe, Beaconsfield, Nottingham, Somerset and Fairfax.

Under the regulations, parking will be allowed on one side of the street on all days except one, when it will be allowed on the other side of the street between 8 a.m. and 5 p.m. The regulations will insure that each side

of the street will be clear of autos at least once a week so public works crews can plow snow, collect leaves and clean the street.

The schedule "will aid greatly in all public works operations and reduce the need for an emergency to be declared in these areas," according to a memo from James G. Ellison, Park assessor and director of public works.

In order to plow snow in those areas now, Ellison said the city has to first post "no parking" signs, enlist police to broadcast the message over bull horns and then tow away cars that remain. The operation takes twice the time of normal plowing, he

Area fourth in UF drive

United Foundation Torch Drive volunteers raised the fourth largest amount in the United States in support of a United Way campaign, according to a report the hospital boardrooms. made recently by Donald V. Seibert, chairman of the Board of Governors of United Way of America, at a news conference at the Salvation Army's Washington, D.C.

Campaign results from the nation's 2,100 United Ways indicate that ranking above Detroit are New York, Chicago and Los Angeles, respectively. In New York, it is an areawide campaign where the amount raised is based on campaigns in the tri-state area of New York, New Jersey and Connecticut.

In addition to resporting campaign results, volunteers of United Ways described initiatives in local communities to strengthen their ability to deliver services to people and meet increased needs.

Locally, at the United Foundation board meeting, the Honorable Richard H. Austin, Michigan's Secretary of State and chairman of the UF's Central Allocations Committee, reported that the UF has allocated \$401,500 in special funds for projects that address the increased needs locally brought about by high unemployment and reductions in govern-mental funding in certain programs.

State representatives William Bryant of the Farms and William Ryan of Detroit addressed health related issues pending in the state legislature at the Cottage Hospital Auxiliary's open house Monday, Feb. 22 in

Over 100 people, including local city officials, attended the breakfast meeting which included an information session and hospital tour.

Speaking on the senate resolution to create a special committee to investigate why health care costs are so high in southeast Michigan, Bryant said he expects an adversary relationship to continue between hospitals and the legislature.

"The legislature will put as much of a squeeze as they can on providers without putting them out of business," he said, "and it will continue throughout the foreseeable future." Bryant also said he reflected the feelings of many when he said he was much more comfortable with the second cycle of bed reduction planning prepared by the Comprehensive Health Planning Council of Southeastern Michigan.

This was in spite of the fact "that many say there may be no real cost containment involved with bed reduction anyway," he added.

On the issue of amending the Mental Health Code to allow psychologists to sign certificates of hospitalization (House Bill 5114), both representatives concurred with opponents of the bill, noting it seemed inconsistent that those who admit patients would not have the power to treat

Representative Bryant said he believed the state mental health code has granted so many rights to mental patients that the changes have worked to deny them treatment.

Douglas A. Sargent, M.D., J.D., a psychiatrist from the Farms, presented the position of the Michigan Psychiatric Society. He said that because psychologists are not licensed to perform medical functions, they are

patient care in the hospital. He continued that the potential diversity of authority also hampers the care of patients in hospitals, where the treating physician might disagree with the certifying psychologist on the need for commitment, yet be forced to care

for the patient who, in his view, does not require it.

The legislators also expressed concern about the issue of licensing respiratory therapists. The plan is supported by respiratory therapists, but is seen by others as an action which may contribute to higher health

Chairman for the event was Ella C. Carroll. Members of her committee were B.R. Maile, Rosemary Bertrand, Ann Liebold, and Lucy Voight. Josette Hosking, president of the Cot-tage Hospital Auxiliary, opened the

Police issue warrant in Woods abduction

allegedly assaulting his mother-in-law

Grosse Pointe Woods police issued a felony warrant in the name of the estranged husband of a Woods woman in connection with a break-in and assault Sunday, Feb. 21 at the woman's home on Anita.

An arrest warrant for felonious assault and possession of a firearm during the commission of a felony was issued Tuesday, Feb. 23 and signed by Municipal Judge J. Patrick Denis in the name of Ricky Calvin Carter.

Carter allegedly broke into his estranged wife's home on Anita early Sunday morning, Feb. 21, and abducted her and her three children after

marijuana.

and threatening his brother-in-law with a gun, police said Police were called to a home on Anita by a resident who said a man

was pounding on his door and yelling that someone had broken into his home and threatened him with Police were met by Carter's brother-in-law and mother-in-law, both

Warren residents, who told police Carter had supposedly broken into the rear bedroom of his estranged wife's home with a gun and abducted her and her three children.

Officers went to the scene of the break-in and found no one.

The brother-in-law told police he

was in the kitchen of the home about 5 a.m. when he heard a commotion in the back bedroom. He opened the bedroom door and turned on the light, he told police, and saw a man he identified as Carter standing in

the room, allegedly pointing a gun at him. The brother-in-law than ran from the house, he told police.

In the meantime, Carter's motherin-law came into the home and saw what was going on, reports say. When she tried to call police, Carter ripped the phone from the wall socket, she said, and then began pushing her around the kitchen and finally out of the house, reportedly telling her if she returned, he would kill her.

The mother-in-law told police Carter's estranged wife was sleeping in another bedroom, and her three childran had been sleeping on a couch in the living room when Carter allegedly broke in

Carter then allegedly ushered his estranged wife and the children into a gray Chevrolet pick-up truck, and drove them to Fraser, where all were later released unharmed

Carter and his wife were separated by court order, police said.

Pay board formed in the Woods

Grosse Pointe Woods will soon have an agency only a few cities in the state have - a local officers' compensation commission to evaluate and determine salaries for clected city officials.

Woods City Council voted 6-1 to enact an ordinance which sets up a five member commission to determine the salaries for the mayor, council members and Municipal Court Judge J. Patrick Denis, Councilman John Sabol voted against the ordinance at the Ucb. 22 meeting.

"I didn't think there was a need for one," Sabol said, adding the council had been asked to consider such a board once before.

The commission was first considered in June, 1980, when the proposal was brought up by Councilman Frederick Lovelace and then Councilman E. Daniel Grady, Grady said the idea of the commission was to evaluate and review the work of council members and other elected officials using the methods of business to determine compensation

The mayor and council members now receive \$600 and \$400 respectively per year for serving the city. In addition, each is covered by a \$10,000

Lovelace noted the commission was scheduled to meet in odd-numbered years, and wouldn't be empowered to meet and evaluate anything until next year,

Councilman Thomas Fahrner noted that while the workload for council members has increased, compensation has only gone up \$100 in 25 years,

Another purpose of the commission, according to Councilman Robert Novitke, would be to review and make recommendations about the streamlining of procedures within city gov-ernment. The recommendations for salaries and streamlining would be brought before the council, who could reject them by a resolution passed by a two thirds majority.

The five members of the commission, who will serve staggered fiveyear terms, will be appointed by the mayor, with a majority of the council concurring. The members will not be paid, but will be reimbursed for expenses incurred in the performance of their duties

As with other mayoral appointments, the mayor will solicit registered voters of the city who are interested in serving on the commis-

A member, employe or member of the immediate family of a member or employe of the legislative, judicial or executive branch of the city government will not be allowed to serve on the commission under the ordinance

The registered voters will then submit biographical sketches for the council's review. Appointments will then be made with concurrance of the council within 30 days after the ordinance takes effect March 13.

The commission will meet in public session and will comply with the Freedom of Information Act. Its earliest meeting could be held in January, 1983,

The city of Warren also formed an elected officials' compensation commission in March, 1972.

The commission will meet for 15 session days every other year and shall make its salary determinations and other recommendations within 45 days after its first meeting, according to the ordinance. The determinations and recommendations would then be filed with the City Clerk and become effective 30 days after the filing unless the council rejects them.

Ford House plans concerts

On Sunday, March 7 at 4 p.m. the Lyric Chamber Ensemble will present its third concert of the 1981-82 season. The program is dedicated to Beethoven's violin and piano sonatas and includes the Sonata op. 12 No. 1, op. 30, and the famous Kreutzer Sonata. The artists are two prominent musicians of the Detroit area: DSO Assistant Concertmaster Joseph Goldman and the planist Fedora Horowitz.

The concert will take place in the Great Gallery of the Edsel & Eleanor Ford House.

One week later, on Sunday, March 14 at 7 p.m., pianist Fedora Horowitz will play a "Mostly Sonatas" recital. The program includes Haydn's Sonata in E-flat major, Debussy's "Images," Ravel's Sonatina, and Schubert's Sonata op. posth. in B-flat major.

Following each concert a wine reception with the artists will be held in the formal dining room of the Edsel & Eleanor Ford House. The gate opens half an hour before the concert.

Single tickets are \$7.50. Students and senior citizen \$5.00. Reservations are required by calling 352-4276.

Beverly Road man injured in fire

A Grosse Pointe Farms resident was seriously injured in a fire that occurred in his home on Beverly Road on Wednesday, Feb. 10.

According to reports, George Fulgoni, 79, suffered serious burns on his leg when his bathrobe caught fire while he was trying to light a cigarette. The fire then spread to his bed and the rest of the room.

Fulgoni's wife managed to extinguish the flames on the robe and dragged her husband into the hallway, where

the fire quickly spread. Firefighters Jack Fischer and Robert Gmerek braved the smoke and flames in the hallway to remove Fulgoni from danger. Fulgoni was taken to Bon Secours hospital by members of the Farms Fire Department.

According to Farms fire reports, the bedroom was completely destroyed.

The coldest week of the year in the United States usually is the two or three days on either side of Feb. 7, according to records that date back to 1900.

Purse snatching Woods homes robbed same night

In what police say are two unre-A 74-year-old Park In what police say are the lated incidents, two homes on Lochmoor in the Woods were broken into the night of Sunday, Feb. 28, with the burglars escaping with silver, 1, while she was bring-ing groceries in from her cash, and, in one case, the victim's car.

Police were called to the first home about 11:30 that night by the owners who said they had returned home and noticed the kitchen phone off the hook and evidence the home had been burglarized.

The investigation at the scene showed one set of footprints that led up the driveway of a house next door, then across a fence and into the rear yard of the victim's home. A back door leading to an enclosed porch was pried open, and a small pane of glass on an inner door leading into the main portion of the home was broken.

Taken from the dining room were about a dozen silver knives and forks. Upstairs, the victims' jewelry boxes were rifled and an unknown amount of jewelry was taken. Also, about \$100 in cash was stolen.

About 35 minutes later, another Lochmoor resident called police to say he had been awakened by a cold draft, and upon investigating, found a window at the rear of his house had been broken and the home had

been ransacked.

Police discovered that two persons had removed an outer storm window at the back of the home and broken the inner window to gain entry.

Reports indicate that the two burglars first may have tried to get in through a south door of the home by breaking a small window above the lock. A security latch, however, foiled their attempt. Police believe the door was used as an exit by the

Once inside, the robbers rifled numerous drawers and took from the dining room an unknown amount of silverware in a gray felt bag, a knife and fork set and an electric carving knife.

They then headed upstairs where they rifled an unoccupied bedroom and removed a jewelry box from the top of a dresser. They entered the victim's bedroom, where he was sleeping, and took the man's wallet containing \$200 and a spare set of keys to his 1976 dark blue Cadillac. which the robbers drove away with.

The jewelry box was found on the west side of the home with the victim's wallet inside.

The victim told police he heard nothing, because of deafness in one ear, reports indicate. He told police he may have been sleeping with his good ear to the pillow.

declared "Ann Tompert Day" at St. Paul Grade School. It was the day told the class she grew up on a small farm near Detroit, at the corner of Tompert (the former Anna Mae Bakeman, class of 1934) addressed the fourth grade class at St. Paul on Mack Avenue and Vernier Road where the Big Boy Restaurant is located. Her father raised vegetables her experiences as an author.

The visit was initiated by the to sell at their roadside stand and she can remember waiting on cus-

tomers when she was six. "I suppose we were what would be called 'underprivileged' today, but we weren't aware of it," Mrs. Tompert said. "We had few toys so we had to rely on our imaginations. Books were the most important part of my life because my life has been so influenced by what I read as a child, am very committed to the idea of fostering positive values in my books for children," Mrs. Tompert said.

After her years at St. Paul, she went on to earn a B.A. Summa Cum Laude from Siena Heights College in Adrian, Mich. and taught for the next 20 years.

Mrs. Tompert began writing toward the end of her teaching career, and is the author of many books for children including "Little Fox Goes to the End of the World,"

Prime Time-

For Senior Citizens——

Oh money, money, money I'm not necessarily one of those who think thee holy But I often stop to wonder

How thou cans't go out so fast when they comest in so slowly. -Ogden Nash By Marian Trainor

Nash's lament is aptly put and applicable to today's trying

Most senior citizens, even those with assets beyond Social Security and pensions, would subscribe to the humor as well as the content of the verse.

Those whose incomes are much more limited may find it funny but bitterly so.

However like the weather, the economy is a condition that must be endured with firm faith that things are going to get better for they certainly can't get much

In the meantime, while we tighten our belts, pull ourselves up by our bootstraps, batten down the hatches and all those other bulwarks that have been suggested to weather the economic storm, what practical concrete course can we steer to survive until the buffeting winds subside?

On the surface it may seem that those with incomes from investments and interest from savings have no worries. Admittedly their problems are much less than those who in a lifetime of work have not been able to acquire such assets, but in these troubled times, preserving the nest egg and making sure the return on laid-away assets keeps up with inflation, poses a problem.

Obviously money in a savings account at 5.5 percent interest. beyond what might be needed for any emergency, is not the answer.

Money-market funds, interest-wise, are much more attractive, but a close analysis reveals that while you may earn 16 percent interest by investing in those funds and the inflation rate is 12 percent, you are realizing about 4 percent profit. After income tax this 4 percent shrinks to 1 percent.

The new All-Savers Certificates that allow you to earn up to \$2,000 a year per couple taxfree is another form of investment that could help to stretch that income, However, it would take more than \$10,000 to earn that interest. Also, unless your tax bracket is higher than 30 percent, the certificates won't more than a money market fund and you have tied up your money for a year.

ANOTHER METHOD of keeping more of your income from being taxed is investment in public utility common stocks. To take advantage of this option, which is an annual exemption of \$750 on dividends, you must reinvest in more stock of the same utility. There is no brokerage fee attached to this plan. Since utility companies pay at a rate of 13 percent, reinvestment of dividends is a good way of accumulating more shares without more taxes. Obviously, however, if you are dependent on interest realized from investments for your day-to-day living, this method of making more from what you have is not for

Another form of investment in common stock of utilities takes the form of long-term capital gains. Again you must be in a financial position to defer income from investments. Under this plan, dividends are not reported as income on your tax return but when you sell the stock you will have to report your profit not on the price you originally paid but on the purchase price reduced by dividends received. The advantage here is the long-term capital gains are taxed at a much lower rate than income.

Money can be saved or any of these forms of investments by contacting the sources yourself, rather than through a broker.

All-Savers Certificates are available at any bank. The performance of 75 money-market funds are listed in the Sunday edition of the New York Times. The advertising columns there as well as in your local newspapers provide the addresses where you can contact firms which handle these funds.

If you decide that utilities are where you want to make your money work for you, you can write directly to the company for information. Names and addresses of utility companies are also found in the New York Times or your local newspaper.

These are some of the options

open for people who have money to invest. Then there are those whose lifetime savings are already invested in their home. Some of these older people with their reduced retired income, can no longer support that home. Taxes, maintenance and now soaring utility bills. have made it impossible or just not practical to go on living in a house which may be more room than they need.

Balancing off the pros and cons of 'toughing' it out in familiar surroundings rather than in the restricted life of an apartment or condominium, a decision is sometimes reached that economically, the smaller quarters with the many maintenance and security services which are offered, is the better choice.

Reasoning that money from the sale of the house could be invested in securities that would pay enough interest for easier if not as preferable living, the decision is made to sell.

However in these days of tight money and high interest rates it is difficult to find a buyer who can assume the mortgage, if there is one, or finance a new mortgage if the home is owned

In order to sell the home, today's owner may be offered the option of what is termed "creative mortgage" financing.

On the surface, these offers do not seem to be all bad. The seller agrees to a nominal down pament and to carry a two-year first (or second) mortgage.

The problem is that the purchaser may be less able at the end of two years than he was at the time of purchase to meet the obligation. When his happens the seller may have to renegotiate the loan by agreeing to smaller monthly payments or longer period of grace.

In the meantime, the seller who has counted on this money may have to make some adjustments in his own obligations.

If the decision is made to chance such an arrangement the risks can be reduced by having a bank handle the administrative aspects of the loan and the collection of the monthly payments.

Another possibility to avoid problems is private mortgage insurance. For about .05 percent of the amount, the insurance company will keep the checks coming if the purchaser defaults.

But no matter what your assets are or how clever you are in extending and preserving your holdings, you will probably find it necessary to adopt some of the practices that those who have less follow. Even if you really don't need to, it's sort of fun and a challenge to

beat the system.

ONE OF THE best sources of preserving buying power is to make use of the information that the government provides which may be secured from the Consumer Center in Pueblo. Colo. This center offers many pamphlets about countless subjects that affect your pocketbook and your health. A letter or postcard will put you on a mailing list of publications available. Most of them are free.

Another means of making less go far is careful shopping. Coupons, particularly when stores feature double value, are one source of savings on necessities. Another is shopping specials. A careful perusal of newspaper ads for the week can be profitable in terms of dollars saved. Planning menus around specials or buying one to use and one to save, can result in further sav-

Another method of economizing is making special treats at home. While it is pleasant to go out occasionally, on a steady basis it is much more pennywise to treat yourself at home. A banana split or hot-fudge sundae made with a fudge sauce you have made yourself can lift the spirit at a fraction of the cost of purchasing it at the local confectionary.

If you are a widow and living alone, inviting a friend, man or woman, to share your economical home-cooked dinner is bound to result in that person returning the compliment either in their home or at a restaurant.

It is a welcome change to go out for dinner and it is possible to enjoy that pleasure even on the most prudent budget.

Some pointers to cut the cost of the check include dining out for lunch rather than dinner. Most restaurants offer a lunch menu almost identical to the dinner menu but at a 20 percent to 30 percent cheaper price.

Height of the average Japanese has gone up notably since World War II. Credit better food. Classroom chairs and desks already have been shuffled to accommodate the bigger young-

Among the historical footnotes is this horror story: One Dennis Otley, a tailor in Askrigg, England, locked his wife in their family home every morning before he went to work -- for 52 years.

Pollsters surveyed not just one nation or continent but the whole world sometime back in the hope they'd find a pastoral society of people who were happy despite poverty. They couldn't find any.

Enter Headlee from the right

Richard Headlee, the Farmington Hills Insurance executive and property tax cut enthusiast, last week officially tossed his hat into the widenlast week officially tossed his hat into the widening ring of candidates seeking the Republican nomination for governor. He makes the fourth well-known entry and because of the retirement of Republican Gov. William Milliken the end may not yet be in sight.

Paraphrasing Calvin Coolidge, Headlee said, "The business of Michigan is business. The bottom line is jobs, opportunity and self-esteem." That theme is no surprise. Headlee is openly and enthusiastically pro-business. He wants new state leadership "to send a message to the entrepreneurs of the world," inviting them to come to Michigan and promising not only to welcome

them but to work with them.

HEADLEE IS also gunning for the conservative vote. He says he's about eight on an imaginary scale of one to 10 with 10 being the most conservative. On the same scale, he rated Milliken "between two and three;" Lt. Gov. James Brickley at "three or four;" and L. Brooks Patterson, Oakland County prosecutor, and Sen. John Welborn, Kalamazoo, at "eight, 8½ or nine." Brickley, Patterson and Welborn are other wellknown GOP announced candidates.

Headlee's own ratings raise the possibility of trouble ahead. With three candidates dividing the right wing of the GOP, Brickley conceivably could win by following a Milliken-like middle course. Headlee, however, makes it clear he is not wor-

Headlee himself has a past, of course. He's author of the Headlee property tax amendment and talked so much about tax relief in recent years he is known as a one-issue candidate. No doubt he will broaden his appeal during the campaign, even though he will be counted on to remain on the right side of the GOP road.

YET POLLSTERS already are saying the Democrats hold the edge in the governor's race this year. The Detroit News quoted two pollsters, Peter D. Hart, a Democrat, and Robert M. Teeter, a Republican, as saying that Michigan's severe economic problems and the lack of a GOP incumbent make a Democrat the early election favorite. Many Democratic politicians feel the same way and 10 of them already have indicated they plan to seek to succeed Milliken.

Headlee has good connections with the Reagan administration and heads a state organization to promote support for the President's policies. But that may not be an asset in an economicallydistressed state in which Reagan policies are under a good deal of criticism.

Headlee has entered center stage from the right but in the months shead it will be interesting to note whether he will keep that position or try to edge into the middle of the road that served Milliken so well in his years as governor.

A bad week in the Pointes

This is, to state the obvious, not one of Michigan's best years. Nor is it such a good year for the Pointes.

Take for example, last week's front page. It reflected the kind of news we have become accustomed to reading about Detroit in recent years,

but not about Grosse Pointe. Rep. William Bryant of Grosse Pointe, the state House minority leader, was quoted in one story as warning Pointe mayors and city administrators that quarterly payments of state revenue sharing with the cities may be delayed and other payments could be cancelled. The reason? The state had finished fiscal 1981 with a \$225 million shortfall in revenue, even after deep cuts in state appropriations and services.

TO ADD TO municipal troubles, the heavy snow in the winter wonderland of Michigan has forced the five Pointes to spend more for snow removal, salt and overtime pay for public works employes who manned the municipal equipment during the cleanups. A story about the costs of winter contained only one bright note: the bad haps this spring it will be for man as well.

weather apparently did contribute to a decline in

A third front page story reported a further rise in unemployment in the Pointes with the figures ranging from 6.9 percent in the City to 10.6 percent in the Park. In all, 1,950 persons were counted as out of work in December in the Pointes as contrasted with 1,600 in November.

Some readers may question the publication of such depressing news. We concede it can be overdone. Yet if we hold a mirror up to society, we cannot be held responsible for what we see reflected there. It would be pollyannish, and worse, to pretend that services aren't being cut back or that the winter isn't a costly one for municipalities in Michigan or that unemployment is nonexistent in the Pointes.

Yet for the optimist there is always hope of improvement in conditions. With the lengthening of the hours of daylight and the warmer rays of the sun come hints of spring. That is always a time of renewal and rebirth in nature and per-

A pox on all potholes

finally has come to pass, that agency has the opportunity to put its political machinations on the back burner and get on with its road maintenance tasks, including the improvement of Lakeshore Road in the Pointes.

Michael Berry, the attorney who served as the \$10,000 a year part-time head of the commission, stepped down after the UAW, plagued roblems, reportedly got fed u the bad publicity generated by the commission's approval of a controversial contract with a new union of its highest paid managers and department heads, and suggested Berry retire.

There is no guarantee, of course, that the board of county commissioners, which will fill the Berry vacancy, will have the good sense to pick a strong leader for the task. Yet with many of the county commissioners thinking about running for the new board that will take effect next Jan. 1, perhaps they will realize they could refurbish their images by making a good nonpolitical choice for a change. That's a lot to expect, in light of the board's record, but it would make sense in view of the public support expressed for the charter reorganization of government last November.

In fact, a good appointment by the county commissioners to the road commission could help both boards climb out of the potholes of public

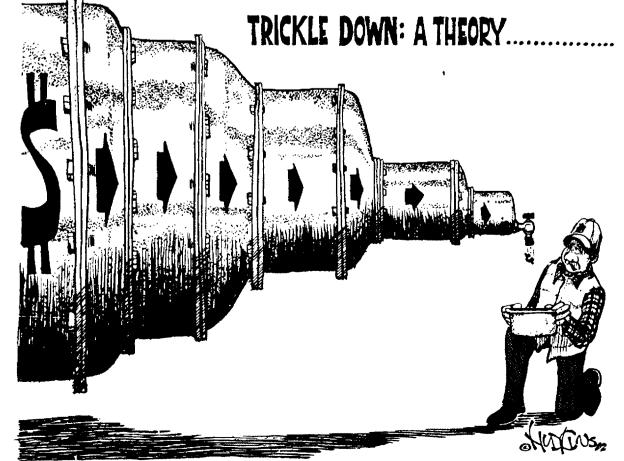

disapproval in which they currently languish. As for the potholes on Lakeshore, they continue to get bigger and deeper because the road commission and the city of Grosse Pointe Farms cannot get together on financing the resurfacing

Now that the long-rumored resignation of the chairman of the Wayne County Road Commission of the road. The county commission clearly has a responsibility for maintaining this county road but has pleaded poverty and sought a share of support from the Farms. There the impasse currently stands. But it is an impasse a new and more resourceful road commission chairman could

> While the Lakeshore potholes increase in size, they still have not yet reached the proportions of one on the Wayne State University cam-A secretary in the university's physical plant department emerged from a taxi on her way to work in mid-February and fell into an eightfoot deep hole filled with water. The cab driver and four passing pedestrians rescued her and sent her off to the WSU Health Center for examination. She told the campus newspaper, the South End, a child easily could have drowned in

> WE SUGGEST that unless those Lakeshore potholes are filled in soon, the Pointes may be able to offer an example to compete in size with the one at WSU. When the county commissioners finally pick a successor to Berry, we suggest the Farms council arrange to drive him down Lakeshore to give him some firsthand evidence about the imperative need for resurfacing that pock-marked street. People are not yet drowning in the potholes but their cars are taking such a beating that some owners are deferring new car purchases. They don't want to submit new cars to such treatment.

Following this line of reasoning to the ultimate, we can even blame the road commission for contributing to the continuing depression in the auto industry.

Council should compromise on video ordinances

The recent article published in your newspaper concerning the limitation of the number of video games at the Esquire Theater upset me greatly. I feel that this game room is a legitimate business.

The city council of Grosse Pointe Park is terribly one-sided in its view of this situation. It is not trying at all to compro-

mise with the theater,

By limiting the number of video games in this theater's game room, it is quite likely that the patrons would become less occupied by the games, and therefore more apt to engage in disorderly conduct,

In order for the young people of Grosse Pointe Park to entertain themselves, they must travel a fairly long distance. The Esquire Theater is about the only local entertainment center.

Limiting this theater's business, in my opinion, is not a reasonable answer, the young people of this society won't cause problems if they are busy playing "Space Invaders."

Schools should heed the Farms' example

To the Editor:

The school board must sharpen its pencils and cut the school budget now, as we, the property taxpayers, have cut our family budget to fight inflation. In the future, if school enrollment drops 5 percent or more, the board should cut spending by 5 percent or more. A good place to cut expenses would be the cost to taxpayers of school employe spouse and children's dental and eye care fringe benefits, now chargeable to taypayers. These fringe benefits are outrageous because many school taxpayers have no funds left for their own dental and eye care, after paying their excessive Grosse Pointe School

To control excessive school budgets in the future, taxpayers should elect taxpaying citizens to the school board. These new board members must have been forced into getting a loan from a bank in order to pay their school taxes this year. These new board members would never be swayed into excessive spending of tax funds by special interest groups, no matter how

Compliments to city workers

To the Editor:

I wish to compliment the Grosse Pointe snow removal crews. During the snow storm on Sunday, Jan. 31 and on Wednesday, Feb. 3, they did a magnificent job on our streets and sidewalks.

The news media called these inclement experiences winter storms I and II, but I called them terrible. Although I like snow as a skier, it is not very pleasant when 13 inches fall in one night. These storms buried the streets and sidewalks of our community, leaving us helpless in this veil of white.

The snow removal crews worked all through the night uncovering the pavement so pedestrians and motorists could make their way through these winter wonderlands. These efforts produced some of the finest snow removals in southeastern Michi-

As a student at South High, I patiently awaited for the school closing. It was decided between 1:30 and 6 a.m. that the system would be shut down. The closing was decided because of terrible driving conditions in other communities (not because of the roads in Grosse Pointe). Teachers living in those areas could not attend school in Grosse Pointe.

This difficult task was performed with fantastic success. As a proud citizen of Grosse Pointe I would like to thank our snow removal crews for doing such a wonderful job.

> Sean T. Burke Grosse Pointe Farms

To the Editor:

Most people don't write complimentary letters to news-papers, but I just had to express my gratitude and applaud the excellent job that the work crews did on the streets during the past snowstorms,

The crews had most of the streets passable by morning and kept them clear while the snow continued. The major streets, in particular, were done superbly. I appreciate the great job of the work crews.

Get the Pointe?

To the Editor:

As one who drives the full length of Lakeshore Road, I would like to erect two signs along the road.

First sign would be as you enter Grosse Pointe Shores, "This beautiful road has been brought to you by the cooperation of the Grosse Pointe Shores City Council."

The second sign would be erected in Grosse Pointe Farms and would read: "This lousy road is brought to you through the stubbornness of the Grosse Pointe Farms City Council."

H. Draper From the other 'Pointe' are, because of the terrible hardships they had paying their school property tax.

Those proposed new summer tax collections sound more like another school tax increase to my ear, which is tuned in on the ways that taxes are increased without appearing as tax raises. When our tax assessments in-

professional the lobby groups—crease again this year, the board should follow the example of the city of Grosse Pointe Farms and keep the actual millage rate 1 percent under the current inflation rise per year. Such action would be a welcome start in controlling school tax inflation each year.

James S. Allor Grosse Pointe Farms

Grosse Pointe taxes well spent

To the Editor:

I am writing in regard to recent complaints to your paper on rising taxes in our community. The citizens of Grosse Pointe have many advantages that residents of other cities, who sometimes pay higher taxes, live without.

In the one week when we were dumped on with 20 inches of snow, we saw how well some of our taxes are spent. With the TV and radio stations telling people not to drive, most Grosse Pointe streets were entirely passable. Our streets are some of the best snow-plowed roads around.

Not many other cities as small as the Grosse Pointes have as many parks and recreation areas. Within Grosse Pointe City alone, the smallest Pointe, residents have access to the large waterfront park, the Neighborhood Club, and Elworthy Field, Taxes pay for the pools and the public tennis courts, too.

Probably the most important of all is our public school system. Our students receive some

of the highest quality educations in the country which is proved yearly by the high test scores the students receive. No one should complain about school

There are many more examples of how well the taxes from Grosse Pointe are spent, but these are some of the more obvious. Any citizen who lives in this area should be able to see that the taxes are not wasted and must go up.

Cable TV is lousy in Park

To the Editor:

I wish to take issue with the letter to the editor in the Feb. 18 issue regarding how good cable T.V. is. It may be good in the Farms but, believe me, it is lousy in the Park.

I was an initial subscriber and we have had nothing but problems. It continually gives a fuzzy or wavey picture or no picture at all. Even the company admits it has problems in the Park, but apparently it is not capable of correcting them.

At one point I waited six days for service, finally getting it after four phone calls complaining. I don't consider a six-day wait to be anything but poor service.

I don't know what the term of the contract is, but for my money a change should be made as soon as possible.

testing is slated Free health tests will be provided

for everyone over age 18 for 22 days, Wednesday, March 17, through Wednesday, April 7, via Project Health-O-Rama, sponsored by WXYZ-TV Channel 7, Blue Cross/Blue Shield of Michigan and the United Health Or-

ganization, a Torch Drive Agency.

More than 4,000 volunteers, members of such organizations as the American Red Cross Southeastern Michigan Chapter, the Council of Catholic Women, the Southeast District of the Michigan Association of Hospital Auxiliaries, the Michigan Cancer Foundation and Women for the United Foundation, stationed at more than 60 sites throughout seven counties of southeastern Michigan, will provide

the Project's working hands.

In The Pointe area, testing will be run from 10 a.m. to 4 p.m. Sunday, March 21, at St. Clair Ambulatory Care Corporation on Moross Road; from 9 a.m. to 4 p.m. Friday, March 26, at Calvary Senior Center on Gateshead, just off Mack Avenue; and from 11 a.m. to 7 p.m. Monday, Tuesday and Wednesday, April 5, 6 and 7, at Eastland

Basic, free tests at each site include height and weight, blood pressure, anemia and vision. An optional blood test will again be provided, for a minimal handling fee of \$7. These chemistries test for kidney disease, liver disease, cholesterol, diabetes, bone disease, gout and more. Such blood tests usually cost from \$50 to \$80.

In addition, many sites also will offer free special tests for hearing, glaucoma, oral cancer, sickle cell, lead poisoning and pulmonary func-tion, and pap tests. All of these tests offer a health care savings of up to \$150 per person.

Last year, 30,156 people took advantage of the testing, representing a \$4 million health care savings to the community. Six thousand of those tested in 1981 had one or more abnormal test results.

'The goal of the 1982 Project is three-fold," explains William F. Har-sen, executive vice-president, UHO, and one of the Project directors. "We want to heighten people's awareness of their health in the positive sense of having more and better information about their bodies.

'We look to the testing to point up potential problems before they become more serious - even irreparable.

"And, quite simply, these are hard times in Michigan: this is a great op-portunity for people to save money on health care." Harsen adds that the Health-O-Rama tests "are not in any way to replace an examination by a p.ysician — and participation does not totally provide a clean bill of health."

The Bell Pioneers will be providing specific site and test information between 10 a.m. and 3 p.m. Monday through Friday, from next Wednes-day, March 10, through Tuesday, April 6. The public can call 353-8900.

Health-O-Rama March is annual meeting month for Pointe AAUW

Thursday, March 18, at 12:15 p.m. at the Grosse Pointe War Memorial. The afternoon program will be a guided tour of The Pointe's community center, conducted by the War Memorial's Docents, focusing on the beautiful furnishings and appointments of the facility, such as a Majolica urn (circa 1470) and an Italian 14th century campaign desk.

Background information on the War Memorial and the Alger family, who donated their home to create the community center, will be given. Res-ervations must be in by a week from tomorrow, Friday, March 12, and may be made by sending checks for \$9 per person, payable to the Grosse Pointe AAUW, to Julie Demchak, 1238 Balfour Road, Grosse Pointe Park, Mich.

The AAUW Chorus will be performing this spring for the American Association of Retired People and at various retirement homes. All members who enjoy singing are welcome to join the group, which rehearses at 9:15 a.m. at Saint Paul Lutheran Church, Chalfonte Avenue at Lothrop Road. The chorus rehearsed there last Monday, March 1, and will rehearse there again tomorrow, Friday, March 5, and on Monday, March 29, and Monday,

A Chance to Preview this Year's Met Week

Popular lecturer and opera specialist Jack DuBois, host of WDET-FM's "Detroit Opera House," will focus on plots, the main musical themes, the composers and the featured singers of the seven operas being brought to Detroit in May by the Metropolitan Opera Company in a six-week survey, Metropolitan Opera '82, Wednesday evenings, March 17 through April 21, from 7 to 8:30 p.m. at the Wayne State University Northeast Center in East

His class is designed for the general public, and the seven operas slated for this year's Detroit season — Tales of Hoffmann, Madama Butterfly, Il Trovatore, The Magic Flute, Norma, The Barber of Seville and Rigoletto — rank high on the list of everyone's favorites. Cost is \$38, with fee reductions available. Registration information may be obtained by calling 577-4665.

A Chance to Learn Communication Skills

DuBois, as you know, is a Grosse Pointe resident, and so is Dr. Eugenie Beall who'll be conducting a workshop, Effective Letters and Memos, this Saturday, March 6, from 9 a.m. to 1 p.m. at WSU's Northeast Center. It's designed for the business community, to help office managers, assistants and secretarial staff "cut out the jargon and verbiage" and express even the most complex ideas simply and clearly.

Dr. Beall, who is on the WSU staff, has taught the workshop at in-house training sessions for business and industry. It's offered Saturday at \$28 by University Courses in Adult Education, which also is presenting DuBois' course. UCAE is an outreach program of Wayne State and the University of Michigan that brings university quality, non-credit courses "to the people" in many southeast Michigan neighborhoods.

Commonwealth Carousel of Films

"The Royal Wedding" and other films on Yorkshire, Wales, New Zealand and Canada will be presented by the Daughters of the British Empire in Michigan at the Grosse Pointe War Memorial's Fries Auditorium a from tomorrow, Friday, March 12, at 8 p.m. The film presentation will be followed by an afterglow in Fries Ballroom, featuring wine and savories served by local members of the DBE.

It's all open to the public, and the tickets, at \$6.50 per person, include the refreshments. Reservations may be made by calling 885-5309 or 882-4820. The evening's proceeds will assist the DBE's aims of supporting local philanthropies and four homes for the elderly in the United States including the British Home in Brookfield, Ill., which accepts retirees from Michigan and elsewhere in the midwest.

A Great Group Gets a New Name

Do you have the winter blahs? Get out and join the Friends of Vision at a noon luncheon Thursday, March 18, at the Golden Lion, where the guest speaker will be Barbara Youngblood, assistant Food Service director and chief clinical dietician at Cottage Hospital. You say you've never heard of the Friends of Vision? That's probably because they've just changed their name.

The Friends of Vision, known for the past five years as the Detroit Institute of Ophthalmology Auxiliary, remain interested in the work of the DIO and dedicated to raising money for teaching and research programs related to diseases of the eye. to be? The making of a new rose is the topic of the Grosse Pointe Rose Society meeting to be held next Wednesday, March 10, at 7:45 p.m. in the Exhibition Room of the Grosse Pointe Public Library, Kercheval Avenue at Fisher Road

The program will include a 16mm color sound movie by Jackson & Perkins Company of Medford, Ore., and a series of slides taken by Paul Desmet at Nor'East Miniature Rose Nursery

in Rowley, Mass. The movie, "Two for the Show," follows the "two years of loving care" each rose plant receives before reaching the public. It traces the two-year growing and production cycle at Jackson & Perkins' Wasco, Calif., fields. Planting, budding, cultivating, harvesting, grading, packing and shipping

are all visually presented The Nor'East slides cover what is done in order for a miniature rose to reach the marketplace, including cuttings, mist propagation, growth me-diums and shipping. Mr. Desmet has

Pisanky Easter Egg workshop offered

The Eugene Holonick family will conduct a workshop on the old world art of Pisanky (Ukrainian Easter eggs) Wednesday, March 17, from 7 to 9 p.m. at the Macomb YWCA, located on East Ten Mile Road in East De-

troit.
The class will deal with the history of Pisanky and traditional symbols, as well as basic decorating techniques. Fees of \$5.50 for YWCA members, \$7.50 for non-members, include a materials kit consisting of a stylus, a cake of beeswax and design sheets. Individual dye packets may be pur-chased at a nominal charge from the instructors, for use at home.

The instructors will supply dyes and all other materials for workshop par-ticipants — but each student is asked

to bring two or three RAW eggs.

Enrollment is limited, therefore advance registration is necessary. Further information may be obtained by calling 772-4435.

MOT on tour as of March 1

Michigan Opera Theatre is extend-ing its 11th season Opera-in-Residence tour with full scale productions of Puccini's "Madame Butterfly" in four Michigan communities and at one state university this spring. The "Butterfly" performances climax the com-pany's week long residency in each host community.

The tour begins with the Lake Shore Schools. St. Clair Shores officials have declared March 1 to 6 Michigan Opera Theatre Week, and "Madame But-terfly" will be presented in the Lake Shore High School auditorium at 8 p.m. Saturday, March 6.

Other highlights of MOT's residency in St. Clair Shores include performances of "Opera Event," a musical revue that explains the world of opera, and a fully costumed new production of "Alice in Wonderland," Robert Chauls' one act opera based on the Lewis Carroll classic, plus master classes in arts management, make-up and costumes, lighting and vocal techniques, led by MOT staff.

Similar programs are planned in the school districts of Utica Rochester and Mount Clemens, and at Eastern Michigan University.

"Michigan Opera Theatre does much, much more than producing five operas each season at the Music Hall," explains Dr. David DiChiera, MOT general director. "Opera-in-Residence demonstrates our commitment to broad programs. It makes opera an intimate part of each com-munity by involving local residents in

workshops, assemblies and the actual opera production."

"Madame Butterfly" is staged with

MOT singers filling the principal roles. Local residents serve as choristers and technical aides, with the part of Trouble, Butterfly's son, filled by a

child in each community on the tour.

The title role in MOT's Opera-in-Residence "Madame Butterfly" will be sung by prize winning Canadian soprano Deborah Jeans, acclaimed for her portrayal of Mimi in the Canadian Opera Company'a "La Boheme." Tenor Jerry Minster, a member of MOT's Overture to Opera Company whose recent engagements include roles with the Lake George Opera Festival in New York and concerts with several southwestern Michigan symphonies, will sing Pinkerton.

Bass-baritone Ronald Dean Williams, who recently returned to Detroit after studying in California, is Sharpless, Kathleen Segar, a MOT artist intern who played a featured role in the company's premier of "Angush," will sing Suzuki

Others in the cast are Dan Boggess as Goro, Valerie Errante as Kate Pin-kerton and Junius Marris in the double role of Bonze Yamaduri.

Director is Joseph Bascetta, assis tant stage director for three MOT mainstay productions. Conductor is Barrett Kalellis, whose credits include opera and orchestral performances in Ann Arbor, Grand Rapids and

GP Boat Club has a ball

Grosse Pointe Boat Club members, anxious for the 1982 season to arrive, gathered at the lakefront on a recent Saturday night — but got no closer to the water than the Fries Ballroom dance floor at the Grosse Pointe War Memorial.

Occasion was the club's annual Commodore's Ball during which Chuck Howe turned over the wheel to Thomas Guthat, who will command the club fleet in the summer of '82. In honor of his year as commodore. Howe was presented with a gas detector for his boat.

Nearly 100 attended the dinner Regina High Guild dance. Most were from the City of Grosse Pointe, for many members keep their boats at the City's pier, but members came from as far away as Rochester. The dancing tunes were supplied by the Grosse Pointe Senior Men's Club Music Makers.

The evening's agenda included the club's annual meeting at which William Quinlan was elected vice commodore and Dale Scrace was elected rear commodore. Charles Keersmaekers, Peter Christensen and Chuck Weiss were elected directors.

The Grosse Pointe Boat Club, organized in 1956, currently has about 120 member families. It conducts a number of functions at the City Park pier each summer as well as weekend rendezvous at various points on Lake St. Clair. It also conducts a summerlong series of sailing races.

Membership information may be obtained by writing to Grosse Pointe Boat Club, P.O. Box 36265, Grosse Pointe, Mich 48236.

March Hare Affair Saturday . . .

Dinner, dancing, spring fashions and a silent auction are all part of the fun in store for guests at the March Hare Affair this Saturday, March 6, at the Detroit Athletic Club. Tennis & Crumpets, Inc., and Hudson's are joining forces to present this benefit for Children's Hospital of Michigan, under the aegis of CASSANDRA (Mrs. Walter M.) BELENKY (center), of Windmill Pointe Drive, general chairman, pictured checking out a feature story on Children's with fellow Pointers (left and right) MAUREEN (Mrs. Don) BECKER and SUSAN (Mrs. Arthur J. Jr.) ROHDE. Honorary chairmen of the evening, which will feature Neal Shine, managing editor of the Detroit Free Press, as guest speaker, are Mr. and Mrs. Arthur Buhl Hudson, also of The Pointe. Information on tickets, at \$75 per person, may be obtained by calling Community Relations at Children's Hospital, 494-5373.

Continue Bach Brunch at DIA

Brunch with Bach, the Detroit Insti- Richard Strauss. tute of Arts' popular Sunday morning informal chamber music series, continues throughout March with concerts scheduled for 10 and 11:30 a.m. each Sunday in the museum's Crystal Gallery. Tickets, at \$7 for the full brunch (main course, fruit, bread and beverage), \$6 for the continental brunch (nut bread and butter, fruit compote. cottage cheese and beverage), or \$3 for the coffee and concert only, may be purchased through the DIA's ticket office, 832-2730.

Advance reservations are necessary. It is suggested that children younger than five are too young to attend.

Featured artists this Sunday, March 7, are Fergus McWilliams, horn, and works of Dukas, Saint-Saens and fice.

Performing works by Schumann, Schoeck and Weber the following Sun-day, March 14, will be Lux Brahn, clarinet, and Hanny Schmid-Wyss, piano. The following Sunday, March 21, brings "Bach's Birthday Party," featuring Faluto e Basso: Thomas Cir-

baroque harp.

The New Heritage String Quartet promises an all-Haydn program, in honor of the composer's 250th birth-

tin, baroque flute and recorder, and

Daniel Jencka, harpsichord and

day, for Sunday, March 28.

Detailed "Music at the Art Institute" brochures, outlining the Guitar and Lute Series, the Keyboard Series, gallery and other concerts as well as Brunch with Bach, may be obtained Muriel Kilby, piano. They will perform by contacting the museum's ticket of

ROSE TERRACE

I'm happy about all the ribbons and trophies, but the greatest satisfaction for me is by mg my childhood dream come true.

On top of Ole Smokey

It was cold and wet that night in Maryland. I was helping Mom with the dishes when my brother Dave came running into the house shouting, "The mare just threw a colt Come see"

To me it was the most perfect colt I'd ever seen in my life. A beautiful animal the color of blue-grey smoke. My Dad said that d be his name. Smokey

Dad said that'd be his name. Smokey.

I spent every spare hour I had with that colt. Then one morning at the breakfast table, Dad announced, "Sandburg Stables'll be coming to fetch Smokey today."

"You're selling Smokey?" I cried. "Why can't we

keep him? Can't I ever have a horse of my own?"

"Honey, we can't afford to raise horses for money, then keep'em around for pets. We need that money.

Smokey's a fine young colt but we have to sell him. Maybe someday we'll have enough to keep one just for you."

Maybe. Well, what with the cost of feed and labor,

Maybe. Well, what with the cost of feed and labo "maybe" never came for my folks. Eventually, the ranch was sold and I went off.

As soon as I got a job, I joined the Payroll Savings
Plan and started buying United States Savings Bonds.

I wasn't really sure what I was saving for I guess I
didn't ever want to find myself in a position where I'd have

to sell something I loved just to get along.

I never knew what happened to Ole Smokey until a few years later. I was telling Linda, a friend at the office, how my car had broken down on the way to work. She offered to drive me home. "But I've got to stop and pick up my daughter at riding school," she said.

I was glad to find a way home. "Thanks, I don't mind

the stop, and I love horses.

We pulled up next to the fence and watched her

we puned up next to the lence and

daughter dismount. As she led the horse toward us I recognized Ole Smokey.

The owner was talking to Linda, so I asked as

casually as I could, "Is that horse for sale?"

He looked at Smokey, shrugged and said, "Anything's for sale if the price is right."

for sale if the price is right."

Right then I knew why I'd saved all those Bonds.
The price was a bit stiff for a school horse, but the Bonds had grown over the years and I knew I had enough.

As it turned out, Ole Smokey had a lot of talent no

one had ever asked him to use. A friend of mine, who trained jumpers, took him over the hurdles and was astounded. "This horse could be a great jumper. Where'd you find him?"

And a great jumper was what he became. He jumped

in horse shows from here to Madison Square Garden.
I'm happy about all the ribbons and trophies, but the greatest satisfaction for me is having my childhood dream come true. Sitting up on top of Ole Smokey, riding across the green fields knowing he is my very own.

When you join the Payroll Savings Plan, those U.S. Savings Bonds stack up and bring you closer to your future dreams, and the dreams for your country's future.

Pointer of Interest

If the United States government is ever in the market for an ambassador, it might do well to start its search right here in Grosse Pointe at the Oxford Road home of Dr. Steve Tsangalias. The government will, however, have to wait at least until Dr. Tsangalias' term as Grosse Pointe Rotary Club president expires this July. If the government ever did tap Dr.

Tsangalias for such a position, it would probably find him just what Rotary did: a warm, easy-going man with a smile that could melt the heart of the coldest diplomat.

It would also find that Dr. Tsangalias has already logged more travel miles than the most inveterate ambassador, beginning with his journey to the United States in 1960 from his na-tive Alexandria, Egypt. "Although I am Greek in origin, I

happened to have been born in Alexandria, where I went to school at Alexandria State University. I came to the United States in 1960 where I began my career at Wayne County General Hospital. I then came to Bon Secours Hospital as a resident ... that's where I fell in love with this community."

BUT BEFORE HE got to this community, Dr. Tsangalias gave himself the chance to fall in love with the rest of the world. "I've always been interested in traveling. On the way here to the U.S. I spent six weeks in Europe." Dr. Tsangalias made that trip with a little help from his friends. He had been allowed to take only \$56 in hard currency from Egypt and was only able to make his European stops thanks to money mailed to him by friends. That love of travel and the idea of one friend reaching out to another stayed with Dr. Tsangalias.

He was a resident for two years at Bon Secours, then finished his Plastic Surgery training at Wayne State University and Grace Hospital. He went into private practice at Bon Secours, Cottage and Saint John Hospitals and has been at his Kercheval Avenue offices since 1968.

"It's a tremendous experience.... galias found a way to put his love of travel and his natural affinity for people together and give back a little to the community which was now his own. Rotary called and Dr. Tsangalias their countries. They are our best ambassadors." listened. He was invited into Grosse Pointe Rotary and was involved in various stages until his election as president last year. Dr. Tsangalias, a very busy professional, undoubtedly fit into the mold he describes today as the type of man Rotary looks for. "We are on the lookout for busy

men. We know busy men are workers and will provide service to the community and serve as international ambassadors," Dr. Tsangalias says. And while Rotary may have felt Dr. Tsangalias fit its bill, he felt the same way

The Rotary Club began in Chicago in 1905, and Grosse Pointe Rotary is one of over straight. "We're not just a service or-19,000 clubs in operation in the world today. The clubs are autonomous but they must abide by the guidelines of the international body: to be a com-munity service organization and to be an international service organization. Fulfilling those guidelines keeps Grosse Pointe Rotary and its president, Dr. Tsangalias, very much oc-

"A LOT OF WHAT we do has to do with peace and understanding throughout the world. Locally, we function through the Grosse Pointe Rotary Foundation. Our interest is in spearheading projects and allowing the community to take over the day-to-day funding of the projects."

Grosse Pointe Rotary applied that approach to such local projects as the Elworthy Field tot lot — which the club built and equipped — the FLEC Center Point building and the Neighborhood Club senior citizens' building. According to Dr. Tsangalias, Rotary contributed \$55,000 to the Rotary contributed \$25,000 to the seniors at the Neighborhood Club.

"We are presently looking into Seniors Onward for Change . . . I know they need help. We're not looking for projects that require year-to-year funding. We don't want them to have to depend upon us," Dr. Tsangalias

says.
Grosse Pointe Rotary also sponsors four scholarships, two each at both

four in a row. That makes this a work-

Rotary is also involved in the group study exchange program which entails an exchange of young business or pro-fessional men from two districts in the world for six weeks.

THIS YEAR A GROUP of six men from India will be visiting The Pointe in May. "We will be involved in showing them points of interest here which pertain to their businesses. We feel this is further enhancing international understanding," Dr. Tsangalias says.

> "For many years we had an antique show. In the early 70s someone decided to have a party the night before the antique show and ask the guests to bring in any white elephant items to auction among themselves. We had fun, so we did it the next year, too. Only by this time the party had grown so large it was moved to what later became the Mike Dilber dealership on Kercheval Avenue. "Five years ago we abandoned the show in favor of the party, which went on to Jacobson's. then to its present site at the Grosse Pointe Yacht Club."

> Last year, Dr. Tsangalias says, Rotary in Grosse Pointe disbursed a total of \$35,000 - the highest ever. Although the results of the Feb. 20 Auction Party are not known. Dr. Tsangalias says he thinks the Pointe Rotary will meet or exceed last year's revenues of

about \$35,000. "We hope we will have more funds to turn back to the community. It's been good to us . . . it certainly has been good to me.

THE DEDICATED 112 members of

Grosse Pointe Rotary who want to East Indian Ethnic Sunday

Exotic eyes, graceful hands and Hindu temple rhythms will fill the stage of the International Institute this Sunday, March 7, when a festival of Indian classical and folk dance highlights the Institute's 2 to 4 p.m. East Indian Ethnic Sunday program.

In addition to a one-hour dance per-

formance by the Vidyanjali Dance Troupe of Michigan, samples of Indian cuisine provided by Mrs. Harminder Bagga, Mrs. Bhajan Tuteja and the Indian children of Detroit's Burton international School will be served.

"This is the latest in a series of monthly Ethnic Sundays presenting the cultures of different countries," explains Mary Ball, executive director

of the International Institute which is located on East Kirby Street, across from the Art Institute, in Detroit's University/Cultural Center.

Cost for the program, including food, is \$4 for International Institute members, \$5 for non-members. Advance reservations are necessary; call the Institute, 871-8600, to find out how to make them. 'Ireland: Land of Saints and Scho-

lars — Castles Too" will be the theme of the next Ethnic Sunday program, on March 21. It will be followed by an Argentine Ethnic Sunday on April 25. An International House Tour is scheduled for May 16, a German Wine Tasting for May 23.

MITE DIVISION

The playoffs have turned out to be filled with upsets and close exciting games. With eight more games to go, the finalist spots are still up for grabs among the seven teams. The Rangers and Maple Leafs have led the two divisions but each still has its toughest games ahead.

Rangers-Red Wings

Sean Darke of the Rangers and Peter Bogos of the Wings each hit for a goal as the two teams struggled to a 1-1 tie. Strong defensive play by both teams marked this fast-paced game. Goalies George Petersmarck of the Wings and Stefan Teitge of the Rangers broke up numerous scoring opportunities throughout the game.

Canadiens Storks

The Canadiens rebounded from a pair of tough weekend games to overpower the Storks, 8-1. The first period was scoreless but the Canadiens opened the second with three quick goals, two from Eric Kisskalt and one from Harl Rao. Thad Zak finally countered for the Storks but a five goal barrage by the Canadiens in the third period wrapped it up. Scott McMillan scored two and Emiliano Lorenzini, Nicky Lorenzini and Kevin McCracken added the others.

Flyers-Maple Leafs Billy O'Keefe and Kevin Bai had a goaltender's showdown as they both got shutouts in the scoreless tie. Again, strong defensive play made tho difference as a number of breakaways were thwarted by last ditch defensive moves. O'Keefe and Bai made numerous saves on scrambles out in front of the net and on a number of hard shots from around the slot.

Red Wings-Canadiens

The Red Wings added to the season champion Canadiens' playoff problems by defeating them, 1-0, on a last minute goal by Peter Bogos. The Canadiens came close but the puck went past the goal line after the horn had gone off. Wings goalie Petersmarck was kept busy by repeated Canadien attacks but held on for his

Fivers-Storks

A penalty shot and a last second winning goal highlighted what was probably the most exciting game of the season as the Flyers squeaked past the Storks, 3-2. Eight minutes into the game, Don DeSeranno of the Flyers was hauled down from behind on a breakaway, and was awarded a penalty shot, the first of the Mite season. He connected for the goal and a minute later, Jody Hartingh

hit the net, putting the Flyers up 2-0. The second period belonged to the Storks as Brad Dunlap put together back to back unassisted goals to tie it up for the Storks. Flyer goalie Ryan Perkins was kept busy with a number of shots by Warezak, Rajt and Harder.

In the third period, Flyer defensive stalwarts Jason Chevaller and Andrew Stroble helped contain the Storks with just seconds left in the game. DeSeranno broke away and slid the puck in the net with one second left on the clock. The victory kept the Flyers' playoff hopes alive as they try to capture the Mite playoff championship for the third year

Maple Leafs Seals

The Maple Leafs continued their domination of their bracket of the playoffs as they beat the Seals, 2-1. They opened the scoring in the second period when Lanny Tracy, assisted by Gotfredson and Goodyear drove a shot past Pat Pisogna. Gary Spicer countered for the Seals less than a minute later on an assist from John Brennan. Late in the third period, Mark Schweitzer took a pair of passes from Crane and Yates and put the game winner in the nets. Rangers-Maple Leafs

One of the toughest back and forth battles of the playoffs saw the Rangers and Maple Leafs battle to a 2-2 tie on Feb. 28. Billy Robb put the Leafs on the board in the first period and Matt Moroun quickly responded for the Rangers. Midway through the second period, Stephen Tucker of the Rangers scored, but Cullen McMahon of the Leafs again tied it up. The remainder of the game remained scoreless even though each side made some strong offensive pushes on the

Seals-Storks

The Seals turned on the power early in the game to take a 3-0 lead over the Storks on goals from Jeff Osborne, Greg Semack and Louis Talierico before the Storks were able to hit the net. Tommy Rajt connected early in the third period for the Storks and their first line mounted a strong assault on the Seals. But Tallerico hit for his second goal of the game and Jeff Huntington, a stalwart defenseman for the Seals followed with his first career goal to wrap it up for the Seals with a 5-1

PEE WEE DIVISION

Coach Ben Chapman's Islanders wrapped up the second half Championship in the Pee Wee Division with a victory over Gary Berger's Titans on Feb. 28. The Flyers captured runner-up honors followed Red Wings and Titans.

For the overall season, the Flyers put together the best record with 14.5.7. The Hawks finished the season in second, followed by the Red Wings, Islanders and Titans.

A double elimination playoff series starts this week to find trophy winners for this annual climax to the season. With the close play throughout the season, a lot of good hockey will be seen in the Pee Wee division in the next two weeks.

Sailboat racing: Sarnia to Alpena

One of the two long distance sailing races run each year for local sailors is the MORC Sarnia to Alpena Race. This year's event begins on Saturday, July 24, a week after its better known big brother, Bayview's Port Huron to Mackinac Race. The biggest difference between the races is that the Sarnia to Alpena is for boats 30 feet and under. However, because of its growing popularity, it will be open this year to boats up to 36 feet in length.

With all the pre-race festivities and a resort city finish, the Sarnia to Alpena race offers all the excitement and fun enjoyed by the Mackinac racers except the sailor does not have to have the experience and sophisticated equipment.

Sailors who have never been in a long distance race find this one a good place to start. It gives them an opportunity to test navigation skills. day and night sailing and a variety of wind conditions Last year's race was a typical example. The first 23 hours were run under spinnakers, before the sailors hit flukey winds and fog. The finish of the 140 mile race was done by most on a beat or a reach, depending on where sailors approached Alpena. Normally the race lasts around 36 to 40 hours.

There are three elements of a race like this that make it enjoyable all year long. There's the preparation,

the race itself and the cruise back home. For most, the preparation and the cruising are as much fun as the

Preparation begins usually as the boats are finishing the last race. The "We should of ..." or "Next year, "We should of ... " comments abound as the we'll racers hit shore. In the dead of winter many of the racers are setting up their vacations and crew members' vacations to allow time for the race. There are also arrangements for the motels, getting cars up north and planning the boat move to the Sarnia Yacht Club - an adventure in navigating up the St. Clair River among the freighters.

Planning the menu for meals during the race also takes some doing. Some of the crews get by on bags of sandwiches and lots of candy bars while others have gourmet meals that foster absolute ingenuity in packaging so that all the components are easily stored and easily cooked on the limited cooking facilities.

During the winter there is also a lot of studying up on weather forecasting and navigating. Even though the MORC group provides up-to-date weather forecasts before the race, the real test is to anticipate what is going to happen so you can plan your

route accordingly. The night before the race, families and friends visit as the boats are getting packed up. Putting things where they can be found in the dead of night is a challenge to even the most proficient pack-rat. After the dockside partying, skippers and crews

Marlies fail title bid

Sterling Heights in the Adray League playoffs, the Grosse Pointe Marlboro Bantam A travel hockey club roared through its next four contests without a loss. However, a tie with Fraser in the second playoff round cost the Marlies a chance to compete in the Adray championship tournament.

Although Grosse Pointe and Fraser completed the playoffs with identical records. Fraser was declared the winner based on the net goals scored 'net goal against formula. The Marlies were similarly eliminated at the last moment of the district level playoffs in an overtime game. Despite the ouster, Grosse Pointe has played exceptional hockey since the first of January—compiling a record of 14-4-2.

In the Fraser game, Grosse Pointe broke out on top with Jeff LeFebvre's unassisted first period goal. Right winger Jamie Parker followed that with a picture-perfect goal in the second period. Bob Rogers and LeFebvre set up Parker's tally. Fraser got back in the contest late in the second period and then tied the game just before the final buzzer

Grosse Pointe got into high gear in the next game with Avon and came away with a 6-3 victory. Marlie stalwart Walter Connolly continued his team scoring leadership with two goals. Joe Sullivan, Tom Ugval, Rogers and LeFebvre provided single goals to aid the Marlie cause. Assists went to Eric Warezak, Kevin Tisdale, Greg Henchel, Sullivan, Rogers and Connolly.

Warren became the next Marlie victim in a 10-0 Grosse Pointe runaway. Captain Greg Henchel led the Marlie assault with his three-goal hat trick performance. Sullivan, Rogers and LeFebvre each contributed two goals to the cause; George Jerome scored once.

Walter Connolly led the playmaking with five assists: Ugval, Tisdale, Henchel, Jerome and Mike Fulgenzi also drew assists.

The Marlies completed the Adray playoffs with a satisfying victory over arch-rival St. Clair Shores, 3-1. Grosse Pointe opened the scoring when Tisdale fed linemate Ugval a nice centering pass and Ugval beat the goalie from right in front. Henchel put the Marlies up, 2-0, after taking a pass from LeFebvre. Sullivan continued the Grosse Pointe domina-

After an opening round loss to tion when he scored, unassisted, after a rink-long dash.

St. Clair Shores scored later in the game, but it was too little, too late. Marlie goalies Coley Connolly and Al Van Deweghe were brilliant during the district and league playoffs, registering three shutouts. During the 10 game series, they allowed only 1.5 goals per game while their teammates filled the enemy nets with 30

Except for a few exhibition games in the Detroit area and a March trip to Toronto, the season is just about to draw to a close for the Marlies. The Marlboros have a 28-19-6 record since play began in October.

North High gymnasts in regional

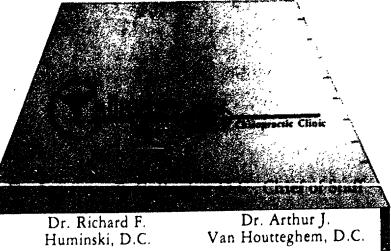

For the first time. Grosse Pointe North High School's gymnastics team has qualified for regional competition as a team. North received its fourth qualifying score on Feb. 24 with a victory over Romeo, 116.0-101.65. The win improved North's record to 9-0.

On Feb. 26, North beat Lake Shore, 115.8-107.4. The girls' last dual meet was against South on March 3 (after press time). Prior to the meet, North coach Gretchen Madison said she felt her squad was well prepared for the meet against cross-town rival South.

Highlighting North's win over Romeo were Cindi Tsangalias' firsts on both the vault and the beam, with 77 and 74, respectively. Karen Mc-Carthy received a first on the bars and floor with a 7.85 and 7.85. Denise Parker received a second on the bars with a 7.65.

Against Lake Shore, McCarthy and Tsangalias shared second place on the vault with a 7.6 each. McCarthy also placed first on the bars, beam and floor against Lake Shore. Other outstanding performances were turned in by gymnasts Denise Parker, Alisa Jaques and Jeanne Saunders.

The league meet will be held at North High School at 11 a.m., this Saturday, March 6.

Cal 20 Fleet elects officers

Detroit Cal 20 fleet officers were elected in a meeting at Crescent Sail Yacht Club Feb. 23. The officers for 1982 are Art Spindler, Fleet Captain; Bill MacNaughton, Secretary; Beth Moran, Treasurer; George Petersen, Measurer; Ross Kogel, Social Chairman and Ralph Deeds, Publicity.

At the election meeting another active season was planned including 13 DRYA races on Saturdays beginning May 22, a 39-race Sunday main and jib series at CSYC May 23 through Oct. 3 and a 14 race Wednesday evening series at CSYC May 26 through Aug. 25.

Also on the agenda again this year are Tuesday evening races sponsored by GPYC as well as Thursday evening races sponsored by the Farms Pier. The LaBatt's Challenge has been tentatively scheduled for Aug. 7. This popular event which drew 15 Cal 20s and Ensigns in 1981 will be expanded to include Catalina 22s this year. The start will be at CSYC and the finish at the Thames River light in Canada.

night and back to Detroit on Sunday. Aug. 8.

The Fleet's annual steak roast will be held this year at Jack and Janie McAllister's July 25.

Several new members have joined the fleet since last year: Dan Fye whose "Windsprint" will be at CSYC; Sam Smith and Tom Roberts who will be at the Park Pier; Bill and Frances Twiddy and Mike and Ann Ryan at the City Pier. Cal 20s at the south end of Lake St. Clair now total 40. Twenty-two are actively raced, making the Cal 20s one of the largest and most active one design fleets on the Lake.

This year two members of the Detroit Cal 20s Fleet were elected commodores of DRYA clubs, Mark Williamson at Edison Boat Club and Jack McAllister at CSYC. Also, Gene Bertelsen was elected Rear Commodore at CSYC, and Joe Moran became DRYA "C" Course representative. For information, call 885-7839.

Bocci walks to third in New York

Jeanne Bocci, of the Park, walked to a third place finish in the 1982 USA/Mobil Indoor Track and Field Championships held Friday, Feb. 26 at the Madison Square Garden in New York.

Bocci, who qualified for this na-tional indoor TAC event with a 7:23 mark set at Cobo Hall on Feb. 21, recorded a 7:39.05 for the mile to reach third place. Sue Braddock, of Southern Cal RR, finished first-she holds the world's record for the mile walk at 6:58 4.

As one of the top four athletes in this national championship, Bocci is qualified to receive a national ranking. She also received the five points accorded to the third place finisher.

Boccl says she will pass up competition in the Boston Marathon this year. She will turn her attention instead to training for the international race walking team which will travel to Norway in August. Team trials will be held in June; the top four race walkers in the United States will make the team.

Star cagers in CYO semi-finals

Our Lady Star of the Sea's 78er girls' basketball team has won its first two games in the C.Y.O. City Championship playoffs after finishing first in C.Y.O. league play.

In its first playoff game, Star met St. Ladislaus and took an immediate lead enroute to a 25-13 win. Star came out hustling and led 21-5 in the first half before dropping its press and allowing St. Lad's to get back into the game. Michelle Mc-Carron scored 10 points and Marissa Bautiste hit for six. Meagan O'Toole, Theresa Schena, Lori Rea and Whitney Savel hit for two points each.

In the tournament's second round, Star met Eastside Vicariate in what turned into a cliff-hanger. Star managed a 10-4 first quarter lead, then fell behind, 13-12, in the second quarter, but picked up in the second half to ensure the 30-24 victory.

McCarron scored 18 points and Michelle Calcaterra had six. O'Toole, MaryBeth Simon and Bautista had two points apiece.

Star's girls will play this Saturday, March 6, in the semi-finals at Bishop Gallagher High School.

Bantam North Stars win two

The Bantam North Stars are on a winning streak and with a 15-4-2 record are still in contention for the Metro-East League title.

In weekend play, Coach Arnie Stenzel's North Stars topped Fraser, 3-0. Goalie Ed Brady was outstanding in his shutout performance. Goals were scored by David Rice (two) and Tom Gebeck with assists by Casey Quick (two) and Peter Guzzardo.

The North Stars went on to outshoot Berkley in a 5-3 win. Scott Quatro was in goal for the North Stars this time. Quick had a big night with a hat trick and two assists. Guzzardo scored twice and Rice was credited with two assists. Other forwards contributing to the team are John Petrilli, Scott Stenzel and Matt Wietrzykowski

Assistant Coach Jack Frakes credited defensemen Bill Adlhoch, Chris Albright, Randy Bower, Steve Elie and Evan Frakes with their best efforts of the year in recentl play.

South gymnasts win again

South's gymnastics team won another meet Feb. 25 beating Fraser 102.9-85.5. Andrea Bay dominated the meet, placing first in one event and second in the other three.

Bay won on the bars, with Cookie Stronski placing second. Phylis Ayoub placed first on the vault; Bay and Suzy Wilson tied for second. Bay's second on the beam was followed by Karen Howe in third. Bay and Michele Chergezen tied for second on floor exercises; Ayoub was third. (By Trevor Dinka).

South volleyball: South's varsity and JV volleyball teams competed against Anchor Bay on Feb. 23 and Port Huron Northern on Feb. 26.

The varsity lost against Anchor Bay 15-8, 15-10. Top scorers were Ann Schwarz, who served seven points, and Kathy Emmerich, who served six. The team was victorious over Port Huron Northern, 15-1 and 16-14. In this game, top scorers were Carol Rosasco, who served 13 points and Ann Schwarz had one kill and five spikes.

The JV beat Anchor Bay, 15-7, 9-

15, 16-14. Tina Maher served 11 points, Mary Kukucka served ten points and Bev Zuelch had one kill and nine spikes. The JV then was defeated by Port Huron Northern, 15-10, 7-15, and 15-1. Maher was also high scorer in this game, serving 13 points; Ann Schwarz had two kills and six spikes.

The varsity played in the Pre-Districts on Tuesday, March 2 (after press time). If the team won the pre-Districts, they will compete in the Districts against Grosse Pointe North High School at Regina. There will be a regular season game on March 5 against Roseville.

The overall record for the varsity is 4-10, and 4-9 in the league. The JV is 9-4 overall and 10-4 in the league. (By Brooke Reuther).

JV basketball: Despite losing three players to the varsity, the JV played tough basketball, splitting its games in last week's action. The JV opened with a 49-47 loss to Anchor Bay on a last second bucket that decided the game. John Bruch had his best game

of the season, with 12 points and 10 rebounds Jim Corbett also scored 12 and Dale Graham helped out with nine points and nine rebounds.

The Devils followed that game with a big, 48-30 win over Port Huron Northern. Corbett led the team with 20 points. Matt Lane also played well, dropping in eight points. The JV will meet Roseville on Friday, March 5, in an attempt to improve its 7-11 record. It will be the last game of

Freshman basketball: The freshmen raised their basketball record to 10-6 by trouncing Anchor Bay, 61-37, last week. Leading by just six points at the half, the Devils outscored their opponents, 38-20, in the final 16 minutes of play to wrap up another

Rick Whitney led a balanced attack with 14 points, and Mike Williams added nine. Alex Mellos contributed eight points, while Steve Palffy added six. The frosh wrapped up their season on Tuesday, March 2, against Tower (after press time), (By Kevin

North wrestlers place seventh in district

By Paul Regelbrugge North High

Coach Larry Aceto's Norsemen placed seventh out of 18 teams in the district wrestling meet held early last week. Junior Greg Fleming won his weight class for the second straight year to qualify for the regionals. The only other Norsemen to qualify was senior Jon Baker, who placed fourth.

Just missing qualification were Dave Fleming, Matt Simon, Pete Moody, Greg Fobare and Pat Marlow. Swimming: North's swimmers defeated Lakeshore 104-68 last Tuesday in the league meet.

Winners for the Norsemen were Strong, Baldwin, Stoyka and Cobau in the 200 medley and Joe Schmidt in the 200 I.M. Others were Steve Hankel in the 50 free; Steve Mediodia in the 100 butterfly; Schmidt, the 500 free, Jim Strong, the 100 back; Rob Baldwin in the 100 breast and the relay team of Cobau, Schmidt, Stoyka

North gymnastics: The girls qualified for the regionals for the first time as a team last week when they routed Romeo 116.0-101.65. North is now 9-0.

Cindi Tsangalias and Karen Mc-Carthy co-starred for North. Tsangalias was first on the vault and on the beam while McCarthy won on the bars and the floor events. Also deserving recognition were Denise Parker and Andrea Thompson. North J.V. basketball: Chris Binga-

man's and Mike Hall's 14 points

apiece led North to a 44-43 win over Brablec before the Norsemen were edged by Fraser, 57-56. Bingaman scored 21 points against Fraser; Steve Wheatley had 11 points and Tim

Sheridan 10. North volleyball: There was no Joy at North again for the girls' volleyball teams as all three squads lost

their matches. The varsity lost to Lake Shore, 15-0 and 1615. Dawn Dunlap served five points in the second game.

The JV fell to Lake Shore 7-15, 5-15. Beth Bunnell and Marlene Preisz were the top scorers with

eight and six points, respectively. Lake Shore also did away with the freshmen via scores of 15-1 and 15-11. Paula Harms and Dawn LaGrasso scored three points each in the second

North basketball: The Norsemen once again split their games last week beating Fraser, 66-61, before falling to Clintondale, 42.39 The league loss to Clintondale keeps North in third place in the Bi-County but crushes any dreams for league championship North may have had.

With North 11-7 overall and 7-4 in the Bi-County, coach Ray Ritter commented, "we didn't play that well against Clintondale. They definitely deserved it." The lone bright spot of the game was North's ability to come back from a nine point deficit (39-30) to tie the game with just two minutes to play before the Dragons once again pulled ahead.

Against Fraser, Andy Pflaum and Rich Pelt came off the bench to score 10 and seven points, respectively.

Free manual helps fight urge

The American Lung Association of South-eastern Michigan (ALA SEM) is offering a selfhelp manual that teaches former smokers to learn about their own personal triggers to smoke, and to cope with them. The manual, "A Lifetime of Freedom From Smoking," is the second manual in a two-part Freedom From Smoking pro-

Some typical triggers include playing cards, bowling, having a drink, finishing a meal, drink-ing coffee, concluding a job, making a sales quota, facing a family crisis, being reprimanded by a supervisor, having a meeting, finishing the laundry, watching TV, going to social functions, talking on the telephone, reading a newspaper, watching someone else smoke a cigaret, taking a work break and coming to the end of a working day.

The program teaches former smokers to select coping techniques to deal with the smoking urges triggered by these events. Some suggestions include doodling, exercising, going for a walk, stretching, doing a crossword puzzle and working on a hobby.

The coping techniques are part of a change in lifestyle recommended by the program. Other changes, especially for the smoker who has recently quit, include: avoiding smoking places and people, establishing a program of physical fitness and using physical activity as a way to cope with the urge to light up, learning to assert yourself when others are smoking, rewarding yourself, learning to use deep breathing techniques to deal with tension, watching your diet and weight.
Order the manual by calling 963-3029.

The ULS Boys' varsity basketball squad boosted its overall record to 16-2 as it easily defeated a much weaker Lutheran Northwest team, 89-48, on Feb. 26.

By Michael D. McCarthy ULS

The Knights took control of the game early at a fast and furious pace, and Northwest realized it could not keep up when it found itself on the short end of a 46-26 halftime score. The second half saw more of the same, for the Knights dominated every facet of the match.

As in other recent contests, Coach Antone J. Gallaher effectively used his bench in order to produce a season high 89 points. While all players contributed to the point total, J. T. Parks and Michael "Snatch" Paolucci led the team with 17 each. Senior Jeff Peters continued his streak of good play by contributing 11 points, and Larry Van Kirk and Brian Booty" Hunt added 10 apiece.

The Knights are presently 9-0 in league standings, and have already secured the Michigan Independent Athletic Conference league championship. ULS will host Southfield Christian on Friday, March 5 at 8 p.m. in their final home stand, and they will try to preserve their unblemished league record in the last conference game of the season.

ULS cagers reach 16-2 Academy of the Sacred Heart, 15-3, 15-1. The team played strongly and Elizabeth Warren headed the team with her powerfull serves. The team traveled to Southfield Christian on Feb. 17 to face a strong opponent. ULS crushed Southfield Christian, 15-6, 15-5. The JV record is 7-1.

Academy cagers roll to eighth win

The Grosse Pointe Academy girls' basketball team played almost flawlessly last week in trouncing Oxford Kingsbury School, 47-6. Sarah Dingeman led a balanced scoring attack with 12 points, followed by Susie Ingrao with 10 points and Noel Berry with nine points.

The Commodores are currently 8-0 on the season with their season finale coming up this week against Bloomfield Roeper School.

The Grosse Pointe Academy boys' varsity was not as fortunate as it dropped a high-scoring, 61-50 game to Luckett Christian of Warren. The Academy's Kirk Haggarty was high scorer with 26 points. The team's record fell to 5-3.

LOST some time ago: black male cat, very gentle, about 2 years old. 822-2020 or 824-8069.

FOUND on Groesbeck and 15 Mile. I was running away from home because nobody really cared about me. I still had my animal welfare league tag and was looking for my foster home. Now I'm well-fed and clean and loved again. I am a 2 year old female Old English Sheep dog. I'm big but very gentle. My name is "Panda". I am spayed and had all my shots. I dearly love little children and get along with other pets. Please call "Donna" my foster mother if you'd like to adopt me, 543-9020.

THOUGHT I had found a home but the neighbors complained I was the third dog there. So, after four days of being warm and well-fed, it's time to look again. I am a year old, pure white, mostly Shep-herd male. I might have a touch of Samoyed. The tips of my ears are honey-colored. My foster mother calls me "Spirit". I like children and other pets. I'm getting shots, being house-broken and will be ready for adoption in a few days. Please help me. Call Elsie 773-0954.

KOOP! A Rich, full bodied, blend of exciting, unusual antiques, gifts, and collectibles; That's whats on hand at Colonial this week, and you can smoke that in your SNOWPLOW Meyers, 8 foot, pipe without fear of cancer, heart disease, liver disorder, or pancreas disfunction. Yes, the crazy man's really out done himself this week! A fantastic amazing, incredible, and MIRROR 41½ x 29½, gilt wow are just a few of the edge frame. Suitable over expletives old Wacky heard from the crowds that jammed his place Saturday Heck, even his Parrot said, "Such a deal"! No wonder, among the things they saw were: some beautiful, deep blue, Val St. Lambert crystal, and outstanding shell shaped, Herrend, porcelain dish, hand painted egg shaped, box, a boxed set of Lenox, crystal, brandy glasses, a jazzy, Whitting Davis, handbag, a collection of 78 RP.M. records including some jazz and swing, 3 additions to our extensive Goebel Hummel collection, and still another, Royal Doulton figurine. I'd go on, but I'm sure you'd rather Wacky spent his money on more goodies. So, if you want to know about EVERY-THING you'll find at the Colonial Shop, you'll just have to drive out to 25701 Jefferson, near 10 Mile. Monday through Saturday, 11 to 6 p.m., or call 772-0430. Your Master Charge and Visa are welcomed,

MONEY! If you want it, here it is, come and get it! Yep, as usual, Wacky's dishing out lots of lute for pretty near everything: Hummels, Royal Doultons, pre-1965 Christmas plates, Knick Knacks cups and saucers depression glass, Fiesta ware, Hall Jewell Tea, Roseville pottery, Russell Wright, old dolls, cups and saucers, old jewelry, furniture, sets of dishes, and bric-a-brac - are just a few of the things he's looking for; 1 item or better still, a house full! If you can't bring your things to him, he'll gladly call on you, and all transactions are strictly confidential. So, if you've got stuff you no longer need or use, why not convert it to cash by calling Wacky today at 772-0430.

Top 10 heat world with border clashes

By Joy Aschenbach National Geographic News Service

Borders. Half the nations of the world are arguing over them, like neighbors fighting over international

On the oil-rich Arabian Peninsula, half a dozen countries can't agree where to draw lines between them. In a South American jungle, Venczuela claims a chunk of Guyana that

would shrink it by almost two-thirds. Along the longest militarized horder in the world, the Soviet Union and China haven't straightened out all of their 4,150 miles of icy differences. In the Bay of Bengal, a new island popped up between India and Bangladesh after a storm 11 years ago, creating a still-unsettled conflict. And in Europe last year, the King of Spain didn't go to the British Royal Wedding because of the 277-year-old

dispute over the Rock of Gibraltar. With 167 independent nations now competing for Earth's land, the number of border and territorial disputes has escalated steadily since World War II. "There's no escaping it," one geographer said. "There are even disputes about the disputes - and not just on land." Boundary conflicts are fast moving offshore as future rights to the sea are staked out. Many of today's border clashes are considered "dangerous" because the world's superpowers have taken sides in them.

The 10 "hottest" are scattered over three continents, according to a National Geographic News Service survey of some of the nation's leading political geographers and U.S. government authorities.

From more than 25 serious disputes cited by the experts, the 10 were judged most likely to erupt or to have far-reaching world impact. Five are in Asia, four in Africa, and one in South America. By region, they

Israel-Arab neighbors — War over what Israel's shape on world maps would be started the day after the Jewish state was proclaimed in 1948. Since then Israel and its Arab neighbors have fought four bitter wars.

Today's explosive situation stems specifically from the Six Day War of 1967 when Israel captured Egypt's Sinai Peninsula, the Gaza Strip, Syria's Golan Heights, and Jordan's West Bank and its sector of Jerusalem.

Israel has resisted retreating to its pre-1967 borders and recently formally annexed the Golan Heights. Declaring its perpetual sovereignty over the Syrian land, it still holds to its schedule to evacuate the last section of the Sinai in April. On the other fronts, the Israeli-occupied territories remain powder kegs in the complex Middle East crisis.

Iran-Iraq — The ancient Tigris and Euphrates rivers meet and flow to the sea through a short stretch of waterway, the Shatt al Arab, that separates two old enemies and has become the flash point of their border clashes.

Iraq reopened the old dispute in 1980 by terminating a 1975 agreement that had split the Shatt al Arab down the middle, giving shared sovereignty to the two hostile nations. In the 1975 pact, Iraq had given up its sole control of the waterway, which had been secured by a 1937 boundary settlement putting the Shatt al Arab inside its borders. Iran had never accepted that ruling

India-Pakistan-Rivalry over treasured Kashmir has figured in three wars and countless skirmishes between India and Pakistan.

The Kashmir dispute erupted after British rule ended in 1947, and pre-dominantly Hindu India and Moslem Pakistan were created.

Wedged between the two, Kashmir, with a majority Moslem population and a Hindu ruler, could have joined either of the new countries or elected independence. When the maharajah hesitated, some of the Moslems, backed by armed Pakistani tribesmen, revolted. To stop the invaders, the maharajah offered to accede to India in exchange for military aid — a move Pakistan opposed.

In 1949 the United Nations established a cease-fire line that divided the state, leaving the Vale of Kashmir and a majority of the population under Indian control.

Greece-Turkey — A cease-fire line cuts across the island of Cyprus dividing its capitol, Nicosia, and its population of Greeks and Turks.

With Turkish Cypriots in the north and Greek Cypriots in the south, there is still no permanent solution

Charity Suczek teaches March 9

A new class by Grosse Pointe's own master cooking teacher has been scheduled by the public schools' Department of Continuing Education beginning on Tuesday, March 9. "Charity Suczek Presents Recipes

From the Three-Star Restaurants of France" is a five-week class based on her own intimate knowledge of French cuisine.

Mrs Suczek, whoe own apprenticeship with Fernand Point at the legendary Restaurant de la Pyramide in Vienne, France, inspired her to present an all-new-for 1982 series based on recipes and techniques used in other threestar French restaurants.

"The authoritative red-covered Michelin guide to restaurants and hotels gives one star to an institution offering une tres bonne table, a twostar entry is worth a detour and a three-star establishment - there are only 21 of them in all of France is worth the entire trip, Mrs. Suczek said. "Dining out has become high theater, and nowhere in the world is it a more dramatic spectacle than in the three-star restaurants of France."

For information on the new class call 343-2178.

to the stalemate. Before Cyprus won independence from Britain in 1960, the Turks favored partitioning the Mediterranean island. The Greeks, who make up nearly 80 percent of the population, sought political union with Greece.

In 1974 Turkey invaded the island following a Greek Cypriot coup. To protest the invasion, Greece pulled out of NATO and did not rejoin until 1980. Greece is once again threatening to withdraw, a move that could make it less likely to accept the status quo on Cyprus. The two countries also are currently tangling over valuable air and sea rights in the Aegean.

China-Vietnam - Since the end of hostilities in South Vietnam, Vietnam has clashed with its neighbors, fighting battles along borders with both China and Kampuchea.

In early 1979 Chinese troops attacked northern provinces of Vietnam as "punishment" for Vietnamese provocations along their common border, according to Beijing. The Chinese attack was also considered a retaliation for Vietnam's overthrow of China's ally in Kampuchea.

Accusing each other of trying to change the border between them, China and Vietnam also have competing claims to the Spratly and Paracel island groups in the South China Sea, where there are prospects for

Ethiopia-Somalia - Ethiopia's furnace-hot Ogaden region has been the home of countless generations of Somali nomads. And neighboring Somalia has gone to war at least twice to aid guerrillas trying to turn the desert land into a new Somali nation.

Backed by the Soviet Union and Cuba, Ethiopia has so far successfully resisted giving up the Ogaden, which represents about one-fifth of its ter-ritory and is strategically located in the Horn of Africa.

Independent since 1960, Somalia has sought the unification of all territories traditionally occupied by Somali tribes, including about 20 percent of what is now Kenya.

Libya-Chad-Plagued with internal tribal strife since its independence from France in 1960, Chad is currently torn apart by at least three bands of rebel forces, the strongest headed by its former defense minister Habre.

Neighboring Libya, under the regime of Col. Maummar Qaddafi, has had designs on the vulnerable country since 1973 when it occupied Chad's 60-mile-wide Aozou Strip along their common border. Two years later Libya announced that it was annexing the strip, which is believed to be rich in uranium.

ULS takes fifth in state debate finals

The University Liggett School Varsity Debate Team's performance in the State Finals at Central Michigan University on Feb. 5 and 6 helped the squad capture fifth place.

David Wu, Charles Colby, Randy Gibson and John Hadjisky represented the School and debated the topic: "Resolved — that the federal government should establish minimum educational standards for elementary and secondary schools in the United States.'

This is the second consecutive year that ULS has qualified for the State Debate Finals. In 1981 the varsity team finished ninth in its division.

At the 1982 state finals, ULS was also awarded a trophy for excellence in debate by the Detroit Free Press. The honor recognizes highly consistent performance to a school winning more than 75 percent of its debates

during a year. The team has started to make plans for the next year's resolution and to add other competitions to their roster. Future debates will be held at Northwestern University, Harvard University and the Bronx School of Science allowing ULS debaters to expand their schedule and compete national-

Students head for New York

By Dawn Locniskar South High

Twelve members of Grosse Pointe South's Foreign Exchange Club left for Rye, New York, Feb. 21 in connection with a short-term exchange with Rye Country Day High School.

The students are seniors Barry Burton, Yoichi Inakage and Shigeo Kotake and juniors Karla Finger, Jeannie Geist, Dawn Locniskar, Amy Race. Elizabeth Shipton and Bonnie Walker. Others are sophomores Kristin Allen, Megan Bonanni and Mary Ulbrich.

They were picked by adult advisors from applications submitted in late January, Primary factors in the decision are grades and how the student gets along with others.

"This is a very good program. I enjoyed Middlebury very much and hope that we have as much fun this year as we did last year," said Ms. Geist, who participated in last year's

exchange with Middlebury, Vermont. While there, the students will take two trips in New York City, attend a school play and either a hockey or a basketball tournament. The students

will also attend three days of school, "The Rye students do attend a private school," commented adult advisor Mrs. Stephen Schrader, "so they are under a certain amount of pressure. They are not allowed to leave school for field trips, and they have a lot of homework. As a matter of fact, when they come here next month it will be on their vacation

In late 1980, Libya intervened in Chad's worsening civil war, sending in troops to back the government in power. Afterward Qaddafi announced a "merger" of the two countries, a move, that angered much of Africa. Libya pulled its troops out last November, but apparently not from the

disputed Aozou Strip.

Morocco-Western Sahara — A 9 foot-high sand wall stretches 400 miles across the desert to defend Morocco's claim to Western Sahara, a former Spanish colony on Africa's west coast.

Completed last year, the giant sand dune - reinforced with a series of forts - is a pivotal factor in the intensified war with the Algerian and Libyan-backed guerrillas who want an independent western Sahara republic. Some of the fiercest fighting in the six-year struggle between Mcroccan troops and the native Polisario Front occurred late last year.

Morocco has sought to absorb the territory, which is rich in phosphates, since Spain relinquished it in 1976. A large imperial state in per-colonial times, Morocco contends the colony is

its rightful heritage.
Namibia-South Africa-Angola—Outside of South Africa itself, mineralrich Namibia stands as the last major colonial African territory dominated by white apartheid. Although it is on the verge of independence, its north-

ern frontier is still war-torn. South Africa, which was given custody of neighboring Namibia under a 1920 League of Nations mandate, refused to give up control despite a 1966 United Nations order revoking

the mandate. In recent years, South Africa has launched massive raids into Angola, Namibia's northern neighbor, where Namibian guerrilla forces trying to oust South Africa are based.

Late last year South Africa and the guerrilla South-West Africa People's Organization agreed to the terms of a U.N. proposal that could lead to Namibian independence in 1983. But still a thorn in Namibia's side is the key Atlantic coast enclave of Walvis Bay, which would remain under South African control. Located west of the Namibian capital, this seaport and fishing center was administered by South Africa prior to the 1920

mandate and is claimed as its own.

Argentina-Chile — For the first time in centuries, the Pope had to step into a South American land dispute in late 1978 to stop a near-war over the ownership of three tiny islands at the southernmost tip of the continent.

Inhabited only by a handful of fishermen and insignificant in themselves, the islands may be stepping stones to deep-sea oil and mineral rights, and to claims to Antarctic territory. The century-old tug of war between Argentina and Chile over the Beagle Channel boundary line is the final frontier conflict along their 3.298-mile border.

Earlier arbitration gave Chile the three islands. Contending that Chile is a Pacific coast country, Argentina has refused to recognize its new foothold on the Atlantic. Argentina is expected to reject the Vatican view, which also reportedly considers the

islands Chilean. Almost all of the border disputes were triggered by the breakup beginning after World War II of the vast colonial empires. Putting added pressure on many of these borders are Cold War confrontations and the discovery of prized natural resources.

The arming of the Third World by the superpowers "will provide emerging nations with the military capacity to launch border wars, or in revolutionary situations, to dismember countries," pointed out political ge-ographer Saul B. Cohen, president of New York's Queens College.

Recent discoveries of oil and minerals are turning some obscure lands that were ignored in the past into places worth fighting over. "With oil exploration going on, the possession of even a minuscule, barren island like the newly emerged mudbank in the Bay of Bengal can have a significant impact on the economic fortunes of its possessor," explained Dr. Joseph E. Schwartzberg, political geographer at the University of

Minnesota. When sea boundary disputes also are counted, "there is practically no country on Earth that is free from some sort of territorial insecurity,'

one geographer commented. Even at the bottom of the world, disputes are eventually expected to erupt over carving up the Antarctic ice. Already Argentina, Chile, and Great Britain have overlapping claims to the Antarctic Peninsula. To reinforce Argentina's position, an Argentine woman gave birth in 1978 to the first baby born in Antarctica.

Victorian craft classes slated

Nine "one night stands" scheduled by the public schools' Department of Continuing Education will begin the week of March 8.

Three are slated for Monday, March 8. They are "Heartworm Disease of Dogs: Detection, Treatment, and Prevention," "Survival Tips for Singles" and "Woodworking Techniques: Using Nails and Wood Screws."

A "Special Sugar and Sweets Aversion Clinic" will begin Tuesday, March 9. Slated for Wednesday, March 10 is a repeat of the popular workshop. "Building Two-Way Communication. "Bridge Clinic: Play-of-the-Hand" will begin Friday, March 12.

Three special daylong classes on Saturday, March 13 are "Special Self-Hypnosis Clinic," "Seminole Patch-work Workshop" and "Workshop in Embroidery-on-Perforated Paper: Revival of a Victorian Craft.'
