APPARENTLY Republican State Senate hopeful John Lauve had his balloon burst twice on election day. Besides losing the election to incumbent John Kelly, Lauve's campaign workers were cited at three different locations for distributing campaign literature too close to the polls.

According to police reports, Lauve campaign workers at the Woods City Hall, Mason and Parcells schools were distributing helium filled balloons too close to the voting sites.

Some apparently found their way into the buildings, violating election laws that state no campaign literature can be distributed within 100 feet of a polling place.

Lauve workers complied with police orders to move their soliciting away from the buildings and to distribute balloons only to persons leaving the polling sites. Police don't know who made the original complaints.

The Grosse Pointe News fielded a call from an irate taxpayer this week. "Did you know Congress is due for another automatic pay raise?" he asked. "No, we didn't," we replied. But darned if it isn't so.

The caller told us to check out last week's edition of the Kiplinger Washington Letter (Nov. 5) at the library, and there it was in black and white. The pay raise amounts to a 27 percent boost for the "servants of the people." That translates from a current \$60,662 per year (not counting various perks and expenses) to a hefty \$77,300.

What particularly rankles is that the raise is automatic and can only be stopped if the solons vote to kill it. To quote the newsletter: "Only protests from the public will stop it. The time is ripe for a congressional pay raise. Elections are over-members are 'safe.' "

Just thought you'd like to know in case you suddenly feel like contacting your man in Washington.

Better call in a second alarm, Chief! The News' classified ad section fielded this ad last week. "For sale: fire engine seat - 100 years old. Original red and black paint" followed by phone number.

While the item was unusual, what tickled them was the seller's afterthought. "Makes a terrific love seat!"

Wonder if it comes with a smoke detector?

Don't close our schools' parents say

By Joanne Gouleche

"I want my children to have the same education here that I did. If you close schools and the birth rate goes up, where are those children going to go?

"We like our neighborhood schools. We want to keep them.'

Nancy McDonald's comments summed up, for the most part, the feelings of other parents at Parcells school last week: Don't close schools in Grosse Pointe.

MORE THAN 400 people came to hear the first public remarks of the school's committee studying the future organization of the Pointe public schools on Nov. 4. The committee is particularly interested in the impact of the increasing enrollment decline in the school district over the last 10

'To date, there have been no formal recommendations made by the steering committee, despite rumors which say our work is done and there will be schools closed. This is not so.

Dr. Charles Weidig, chairman of the committee's staff/programs/instruction study group, told parents his peers identified several societal trends impacting on school enrollment closings, including a decreased birth rate, changes in family structure and real estate costs and interest rates affecting young families moving as committee chairmen outlined into the community.

Grid Iron Heroes!

The South High School Blue Devils are playoff bound. Coach Russ Hepner's varsity squad this year wrapped up its first perfect season since 1954 and will face Mil-ford Lakeland this weekend in its first test for the state Class A championship. The Blue Devils compiled a 9-0 record this season with a final hard fought 14-10 victory over a stubborn North High School squad at North last Saturday. Showing the style which he has displayed all season long as South's number two halfback is Steve Suminski (No. 6 in dark jersey) gaining ground in last week's win against the Norsemen. All in all it has been a great fall for Grosse Pointe as North, South and University Liggett teams won six championships in boys cross country, golf, soccer, and girls tennis and field hockey. Shores voters to decide \$1.3 million face-lift

Voters in Grosse Pointe Shores will be asked next month to approve a \$1.3 million bond issue for the renovation of the village's 67year-old municipal building.

keeping with the building's barrier free design. In addition, offices currently in the basement, which sometimes floods, will be moved elsewhere. A new front entrance, terrace and landscaping will be constructed, complete with ramps for handicapped persons, Schroeder said.

According to Schroeder, the village has a number of reasons for deciding on the renovation. Among them were two suicides in the last two years in the lock-up. the most recent being last June when a St. Clair Shores man hung himself with his shirt after being arrested for drunk driving.

Although the cells have been cleared by the State Corrections Department, Schroeder said the lock-ups will have to be renovated to comply with current state standards.

ANOTHER expediting factor was the collapse of a wet plaster ceiling last August in the Village Superintendent's office destroying equipment, papers and memorabilia in the office. No one was injured. Architects, however, told the village that all ceilings on the first floor of the same design could also

collapse, Assistant to Superintendent Michael Kenyon said.

There is also no office space to spare in the present building, chroeder said. The detective bureau and fire marshal share a basement office, while the building inspector and other office workers use the council chambers when meetings and court are not in session, Schroeder said. With the renovation, there will be enough office space for present and future needs, he noted.

The maturity of the bonds has not been determined, Kenyon said, although it could be between 20 and 25 years, whichever offers the village the best financial deal. If voters approve the issue, the village will then go to the state Municipal Finance Commissionfor its approval, issuance and sale of the bonds, Kenyon said, adding it could be three to four months after the election before the work could begin.

Because construction could possibly weaken the wet plaster ceilings, the municipal offices may be moved to the Vernier

Power returns as U-M Regent

By Barbara Greenough Acker

For parents who are sending their children to the University of Michigan, the re-election of Sarah Goddard Power as a U of M regent may be a comforting factor in the face of rising education costs and state funding cuts.

Not only is Ms. Power sensitive to the important function that the U of M serves in Michigan, but she is a former Grosse Pointer

Burglars hit four City homes

Grosse Pointe City police this week reported a rash of burglaries to homes on Neff, Lakeland and Washington between Friday and Saturday, Nov. 5

Reports said someone forced their way through the front door of a Neff Road home Friday, Nov. 5, and ransacked the entire premises, taking \$100 in cash. A Lakeland resident left his home about 5 p.m. Nov. 6, and returned about 11 p.m. and discovered a rear door open. Police said thieves took a drawer containing silverware and assorted jewelry from a master bedroom.

Another Lakeland resident reported to police someone had pried open a rear door sometime Saturday evening, Nov. 6, and took several pieces of gold jewelry. The house had been completely ransacked, police said.

More than \$500 in items were taken from a Washington Road home Friday, Nov. 5, by thieves, police said. Reports said while the thieves left many expensive items untouched, burglars made an attempt to steal the owner's 1982 Cadillac, but were unsuccessful because of a anti-theft device.

Police said they believe the burglaries are the responsibility of one person but have no susin touch with the needs of the community's U of M student popu-

Ms. Power, raised in the Farms and a former student at University Liggett School, was re-elected for an eight year term. She feels the major challenge facing the university is to preserve U of M's research and technology status as a national leader in attracting both students and industry. She supports an emphasis on robotics and computer research, which will lead to the creation of new

jobs in the high technology area.
"The salvation of the automobile industry — Michigan's biggest job source — may well lie in large part in the technological excellence of the University of Michigan," said Ms. Power. She cites the phenomenal growth of the microchip industry in California's Silicon Valley that was due Stanford University's technological developments and

"The University is keyed to economic recovery," Ms. Power noted, revealing that 11 years ago Michigan ranked 21st among the states in per capita support for higher education; today it ranks 37th.

Although enrollment has dropped very little from last year, the administration still must take a look at itself internally and determine the value of its programs and departments. The university must remain varied and diversified in order to attract students while at the same time maintaining its high quality of education amidst shrinking funds and increasing inflation, Ms. Power

Woods proposes liquor ordinances

By Mike Andrzejczyk

The Woods City Council last week approved for second reading and possible adoption Monday, Nov. 15, two ordinances aimed at limiting the number of carry-out beer, wine and liquor sales licenses along the city's business

strip.
The proposed ordinances would require a Specially Designated Dealer (SDD) or Specially Designated Merchant (SDM) licensee to come before the Planning Commission for approval. The new business could not be within 500 feet of a present dealer, school or church, according to the new

to sell carry-out beer and wine. The ordinances make selling

liquor carry-outs a special use for the city's business strip and C-2 High Intensity City Center District, the city's portion of the Seven Mack Center north to Bournemouth Road.

The proposed rules for liquor licenses came after five months of discussion by the council and planning commission. The council recommended the planning commission come up with the rules last July after the council decided not to sue the Michigan Liquor Control Commission to stop what they called proliferation of the licenses along Mack.

After City Attorney George Cat-lin told the council the city couldn't win such a suit, the coun-

If enacted, the ordinances would give the city some control over the issuance of licenses, Catlin said. Under present MLCC guidelines, a business can get an SDM or SDD license if the owner has no prior criminal record, has adequate physical plant to handle the sales, and meets zoning regulations and ordinances.

The only businesses that can't get SDMs or SDDs are gas stations, the MLCC said.

Shores voters reject nuclear freeze question

By Barbara Greenough Acker

While voters throughout the state of Michigan approved four of the seven proposals on the Nov. 2 ballot, Pointers, with the exception of

Woods residents, were less inclined to favor passage.

Proposal A, which allowed the legislature to rescind the exemption of state legislators from civil arrest during legislative sessions, was the only measure passed by a wide margin by all five Pointes. A was also approved by state voters.

The controversial Proposals D and H were both approved by the state, although H won a higher percentage of the vote. According to the Michigan Constitution, the proposal with the most yes votes will be enacted, although supporters of D feel the entire issue may end up in

D was approved by Woods residents, 4413 to 3748, while H received approval from the Park, the Farms and the Woods by a much nar-

rower margin. The nuclear freeze issue, Proposal E, was passed by all but Shores voters and was enacted in eight of the nine states, including Michigan,

where it appeared on the ballot. Proposals B and G, calling for a constitutional department of state police and the election of a public service commission respectively, were soundly defeated by all five cities as well as the state. The state police will remain under the authority of the governor and the threeman utility commission will continue to be appointed by the governor

for a three year term. Proposal C, defeated by both Michigan and all of the Pointes, would have prevented a lending institution from using a due-on-sale clause to

foreclose a mortgage or land contract. The U.S. Supreme Court had previously dealt with major aspects of C by ruling that federal lenders could indeed enforce due-on-sale clauses, while President Reagan signed a bill in October effectively doing the same for state institutions.

It was, to put it mildly, a fantastic party. More than 1,500 persons showed up Sunday night at Eastland Mall for the first Brian Bahr, "Handicappers International Party-ers" Show. Inc. The party, given with handicappers in mind, was the brainchild of the Pointe's Brian Bahr, (center right) who became a quadraplegic after an accident in 1976. One of the first to show up at the party was Brian's friend Ray Robertson (center, left). Party-goers were entertained by 10 different rock and roll, jazz and country western bands. Add models, celeberity "look likes", ventriloquists, belly dancers, media personalities, can-can girls, puppets, magicians, wheel chair games and a fashion show and a good time was had by all. As an added surprise. Brian and a few assorted friends spent the night in the Presidential Suite at the Westin Hotel, compliments of an anonymous donor. Although he's tired, Brian reports he's hoping to repeat the party next

The movies will give the public a look at the late Princess Grace this Christmas, when the "Birth of Christ' will premier on prime time TV. The movies on the Crucifixion and Resurrection of Christ are to follow in the 1983 Easter season. The movies will not be shown while Fr. Peyton is visiting Grosse Pointe.

Woods man gets citation for help to police

A 29-year-old Woods man has been honored by the Woods City Council for his actions in helping police capture three men who attempted to break into a jewelry store last month.

Bruce Kaselitz, of Severn Road, received an honorary citation from the council for his efforts which police and council members said were beyond what was expected and led to the arrest of three Detroit men.

According to police, Kaselitz drove up to Woods police on patrol about 3 a.m. Saturday, Oct. 2, and told them he had seen three men trying to break out the front window of Pat Scott Jewelry, 19491 Mack. According to reports, when the three men spotted Kaselitz, two hid behind bushes while a

third began walking away.

Police went to the store and captured one man on Mack near Newcastle. They then spotted one car traveling at a high rate of speed pursued by Kaselitz's car. He pulled over to tell officers that the other two men involved were ahead of him, police said.

When Kaselitz saw officers could not call in the information he took off in pursuit of the suspects, police said. He was able to flag down an unmarked Detroit police car which radioed the information to other cars in the area, police said.

The suspects' car was later stopped in the City, police said. The three men were arraigned the next day on charges of attempted breaking and entering and were remanded to Wayne County Circuit Court. Bond was set at \$25,000

After he had relayed information to Detroit police, police said Kaselitz returned to Mack and Newcastle and asked officers what he should then do. He was asked to fill out a witness statement which police said gave a good account of what happened and valuable information about what the three suspects were

wearing.
According to one of the involved officers, Steven Backlund, "the action of Mr. Kaselitz that morning led to the arrest of the three breaking and entering suspects, and goes beyond what is expected of a resident by our department in an incident such as this.

"I'm not being 'prima-donna-ish' when I say that. Lots of people say 'I hope to be,' but I believe that if I know something, it'll happen.''

Tony's appearance with the DSO in a "Young People's Concert" is set for 11 a.m. and 2 p.m. on Saturday, Dec. 18, in Ford Au-

You can be sure Tony will be up for it and to it. Mom and dad and the rest of the family will be cheering him on. There's a lot of talent there. Older sister Heather, 14. is involved with the Grosse Pointe Children's Theater and was, in fact, one of three permanent hosts on TV2's "Kids World" television program.

Younger sister Bridget, 4, doesn't do anything yet but look cute, which she does very well. But her time will come. You can bet on it.

Woods Mayor George Freeman has been named to the newly formed Municipal Self-Insurer's Pool by the Board of Trustees of the Michigan Municipal League.

The pool was formed under Public Act 138 of 1982, legislation initated at the request of the Michigan Municipal League.

Cities which belong to the pool could pay for insurance through the Self-Insurer's Pool. Although the premiums may be the same, officials said the discounts offfered by the pool for coverage may be greater than those offered through private insurance com-

The municipal pool is currently processing enrollments and will operate on a self-funded basis to Wollenweber, Huntington Woods city manager; John Patriarche, Michigan Municipal League directions operate on a self-funded basis to cover exposures involving property, inland marine, general and public officials liability, police professional, auto liability, physical damage and allied lines.

Other members of the ninemember board of directors named by the MML include; Richard Huleber, Allen Park city comptroller; Robert Anderson, Traverse City city manager; Her-bert Freye, Norton Shores city administrator; Joseph Mann, Mid-land mayor: Michael Tyler, Berkley finance director; Mark

tor; and Eugene Berrodin, league administrator of insurance ser-

Meadowbrook Insurance Group of Southfield was contracted by the municipal pool to perform services which include underwriting, marketing, claims and loss control services, placement of excess and allied coverage lines. The company was selected among seven bidders, according to the MML, because of the company's reputation, staff, experience and in-house data processing capacity.

Children's Home hit by thieves

The Children's Home of Detroit in the Woods was broken into sometime between Sunday afternoon, Oct. 31, and Monday morning, Nov. 1, according to police. Thieves escaped with a television set, two video game players and several game cartridges, reports

Police were called to the scene Monday morning by school officials. Officers found a halfgallon bottle of cider and a tire iron lying in the grass near the building. The tire iron, according to reports, may have been used to pry open a casement window.

One office window was pried open about three inches, police said. The thieves then moved to the east side of the building where they pried open another casement window, pushed out an inner screen and entered, police said.

Taken from an office was a weather alert radio and a set of headphones, reports said. The desk drawers, cabinets and wall lockers were also searched. Taken from a desk drawer were \$6 and a stop watch, reports said.

The thieves then entered an adjoining storage room, searched it and left property scattered about the floor, reports said.

Cabinets under the sink were searched and left open, while a candy cart, normally against the east wall of the room, was pushed to the center of the room, reports said. Numerous bags of potato chips were scattered in the middle

of the room, according to reports. A desk and cabinets in the room were searched, with the contents of one cabinet spread about the

floor, reports said. Two gallon-jugs of apple cider were taken were in the building, police said, from a refrigerator.

Taken from the storage room were a 19-inch television set, two video game players and several game cartridges, police said. Also taken was a tan backpack containing new running shoes, a T-shirt and a pair of white socks.

Police said a full inventory of completed by the school. It was said. Police are investigating.

but they could have spent a good deal of time inside the office and storage room. Police added, however, that only the two rooms were searched.

The thieves apparently left the building through a side door just north of classrooms, reports said. A canvass of residents in the area losses and damage was being turned up no witnesses, reports

Why open NBD Trust Company of Florida?

Simple. We want to be there when you're there.

We know the meaning and the importance of convenience. So do our customers. Especially those who spend all or a substantial part of the year in Florida, and those of you who are thinking of retiring to Florida soon. And that's why we've recently opened NBD Trust Company of Florida in West Palm Beach.

We're prepared to handle all of your trust needs, no matter where you are in Florida. Our officers can set up new trusts, transfer an existing trust, help with estate planning, offer tax advice and manage portfolios quickly and

conveniently. You'll have the support and experience of National Bank of Detroit behind you, too, via a computer terminal linking us to NBD's Trust Division.

Our parent company NBD Bancorp, Inc., with assets exceeding \$12 billion, operates NBD Trust Company of Florida with the same expertise as National Bank of Detroit. And that's important to know. NBD is on the leading edge of new banking and communication technology such as in-home banking. Through the combined capabilities of NBD and its affiliated Florida

trust company, customers are given a level of service and convenience heretofore unavailable.

NBD Trust Company of Florida is there to help with your trust needs in Florida and in Michigan. For information or to arrange an appointment, please call John F. Fralick at (305) 659-0800 today.

At National Bank of Detroit, we're proud to have one of the largest, most advanced computer systems in banking. At the same time, we know that good customer service requires more than software and high-speed printers. It takes good people behind them. People who are just as concerned about your satisfaction as they are with data bases.

Take our exclusive CRIS system. Every teller at every NBD branch has a special terminal linked to our main computers. When you come in to do your banking, your teller can "call up" every one of your NBD accounts at computer speed. Your transactions are processed quickly and at less than half the error rate of banks using more old-fashioned methods.

But our computer capabilities offer you even more. All of NBD's automatic teller machines are linked to our main computers One of America's through a "safety" computer that takes

over even in the case of a power failure. So the chances are remote that you'll ever find an NBD 24-Hour Banker out of commission.

Something else. If you're an NBD Unibank customer, each month you receive an easy-to-follow computer printout of your NBD account transactions, payments and investment earnings.

Finally, NBD's computer system has the extraordinary potential to serve you in the future. We see a day when you'll be able to bank at NBD from your home, using only a telephone or possibly even a home video system.

As you can see, you benefit from some of the best brains in the business when you bank at NBD. You get the most advanced computer system and the people behind it.

> With that kind of teamwork so close why would you bank anywhere clse?

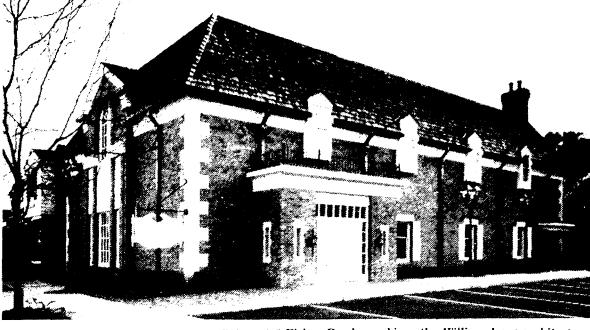

HELP US CELEBRATE **OUR 25TH!**

We're proud to say our Mack-Cadieux branch has been servicing the Grosse Pointes and Detroit's east side for 25 years! And we want all of our customers to join in the celebration during our special anniversary party. Come on down Friday, November 12 to take part in the festivities.

And thanks to everyone, for helping us grow!

Newly-opened Comerica Bank-Grosse Pointe, 415 Fisher Road, combines the Williamsburg architectural style of the past with modern banking methods and equipment. Included in its full range of individual customer and corporate banking and trust services is a special personal banker feature.

Banking, continental-style

The old Indianhead logo is gone, along with the rows of traditional teller windows and "form line here" signs at the new Comerica Grosse Pointe bank which opened its doors last week on Fisher Road and St. Paul.

Comerica is the new name for Detroit Bank Corp., whose principal operation is Detroit Bank and Trust. The Pointe office was the first to open with the new name, new logo replacing the familar Indianhead and "new business approach" including personalized customer service.

Donald R. Mandieh, chairman and chief executive officer of Comerica, described the Grosse Pointe operation as "banking in dala, who has been working as as-the continental fashion," at a sistant vice-president in the firm's

Tell me about your high gas heating bills

and I'll tell you how you can save up to 20%* with Ameri-Therm.

For years I've talked with people who are tired of wasting fuel and money. Gas rates keep going up, so they come to me for advice.

Every day, for homeowners like you. I correct the money-wasting problem of gas energy loss with Ameri-Therm® Vent Dampers.

The problem is very common: When a furnace, boiler or water heater shuts off, warm air is quickly lost up the chimney Energy escapes, but you still end up paying for it. People want to save as much as

they can, so I tell them to keep heat inside with an Ameri-Therm Vent Damper.

Ameri-Therm is the thermally actuated vent damper that's:

- Proven in millions of locations
 Saves up to 20% on fuel bills
- · Popular choice of American

Learn to be a Heartsaver

People interested in obtaining cardiopulmonary resuscitation (CPR) instruction are invited to the free class at Cottage Hospital of Grosse Pointe, 159 Kercheval Avenue, on Thurs-

day, Nov. 18, from 7 to 10 p.m.
The Heartsaver program is held in Boardroom A and B on the lower level of the hospital. Reservations should be made in advance by calling the hospital's Education department at 884-8600, extension 2390.

The Heartsaver class offers basic instruction in CPR training. Participants learn some basic anatomy, the most common heart attack signals, and how to respond when heart attack occurs. Certified instructors teach rescue breathing, one-man CPR, and the obstructed airway maneuver. Those who successfully complete the class receive a card for one year certification in MIchigan.

The Cottage Hospital CPR Heartsaver class is conducted by the Cottage Hospital Education department in cooperation with the Committee on Emergency Cardiac Care of the American Heart Association.

There are twice as many aspirin overdose deaths as fatalities from sedative and barbiturate overdoses combined, according to VA hospital doctors.

Woods may ban garage

If you're planning a garage sale in the Woods, the city may have some new rules for posting signs by mid-November.

The Woods council approved for second reading and possible adoption an ordinance that will require signs advertising a garage, yard, basement or rummage sale to be placed only on private property and to be taken down nightly.

The proposed ordinance, an amendment to the 1975 city code covering signs, will require residents to place signs no larger than 24-by-30 inches only on private property, display them only during the hours of the sale and remove them nightly.

Council members said the ordinance is in response to the growing popularity of garage sales and the failure by some sale-holders to taken down signs after the sales are over.

Residents holding a sale mid-block may post signs nearer the corner by obtaining the permission of property owners. Those holding the sale will be responsible for removing the sign nightly at 7 p.m., council members added.

Second reading is scheduled at the Monday, Nov. 15, meeting. If adopted, the ordinance would take effect 20 days after.

Dr. Synwold speaks Sunday

Dr. Royal Synwold, president of the Michigan Council of Churches, will deliver the morning sermon at Redeemer United Methodist, 20571 Vernier, Harper Woods, this Sunday, Nov. 14, at 10:30 a.m. He will also address adult church school classes at 9:15 a.m. on the theme, "Connected We Stand." Dr. Synwold has been assistant

to Bishop Edsel Ammons of the Michigan area, United Methodist Church since 1976. His writings have been printed in the Michigan Christian Advocate, Pulpit Digest and Pastoral Psychology Pastoral Psychology

Rotary sponsors a year abroad

By Elizabeth Doble South High

A lower drinking age? The choice of no school? Skiing nearly year 'round? It's all there in Finland, according to Betsy Berriman who spent a year in there as a foreign exchange student.

student exchange when she joined the foreign exchange club during Club, a service organization, sponsored her year abroad

Just what does one encounter in Finland? According to Betsy, there are many differences between U.S and Finnish life.

Families are smaller and close knit," she said. School is different is well. Students have a choice of schedules during the week. They can come in at 8, 9 or 10 a.m. and

competitive since Finland has and there isn't much pressure to only three universities. Betsy added that after grammar school and a national exam students can choose high school, vocational school, or no school at all.

nan who spent a year in there as foreign exchange student.

Betsy first became interested in Betsy colder region of the Laplands.

"I skied for 10 kilometers nonstop. I'll never do that again," she said. Betsy also enjoyed the Finnish night life. On Friday and Saturday nights kids walk around the center of town watching people or going to clubs. There is much more drinking, she said.

"People consume a lot more alcohol out there - it's incredible Finland has the world's highest percentage of alcoholics," Betsy said. "It's really much more acceptable. The drinking age is 18

not drink.

However, drunk driving laws are much steeper. "Because of expense of owning a car, people are very careful," Betsy explained. "People won't drive if they drink—they'll have someone drive them."

There are some aspects of life in Finland Betsy would like to see here in Grosse Pointe.

"I like the idea of a town place where kids can always go. In Grosse Pointe you only see people at parties.

There also were aspects of the exchange Betsy said could be improved. She thinks tougher acceptance policies are needed to make sure students are mature enough to spend a year abroad. "It's so easy to be influenced by what's around you. You need maturity to handle that.

Betsy said she learned a great deal from her experience, mostly about other countries.

"Americans have an idea about America — they don't know a lot about other nations," she said. "Finland depends a lot on other countries. It must maintain diplomacy between the U.S. and Russia. This really made me appreciate what I have and what I gained from other nations.

One of the pluses retirement brings is the leisure it provides to pursue hobbies and interests. Some people come to this phase in their life with established goals, happy they have the time to spend delving deeper into a subject or project that they set aside to pursue when there was more time.

Others who are leaving the work force find themselves pondering what to do with their free time.

For those who are joiners there are boundless apportunities. In this area, the Grosse Pointe school system, the War Memorial and the Neighborhood Club, among others, offer classes, activities and clubs enough to fill anyone's calendar.

Some people are not joiners. They enjoy working alone whether it be gardening, painting, geneal-ogy or some other interest.

If you are deciding how to spend your free time and would like to pursue an interest that you could work on alone but one that would also provide you with an occasional opportunity to mingle with others or focus on travel, you might like to study some period in

HISTORY, LIKE literature can open up many vistas of exploration. It can increase your appreciation of all forms of the arts

It is likely that your curiosity has been piqued when reading a good historical novel or seeing a play about a particular period in history and you have expressed a wish to know more about that period in time

For instance, readers of the John Jake series of historical novels — and from their enormous success, there are many - have asked themselves how much of the background material is fact and how much is fiction. Or take a novel like "Gone With the Wind." How much of that really hap-

Both of these authors concentrated on periods in American history. Both became best-selling authors. There is no doubt that both were good storytellers but it is likely that some of their popularity was due to the fact that Americans are interested in the history of their country. If you are among them, you might want to spend some time learning about your country's history. It could become absorbing.

be garnered from the era, particularly now, when we are seeing how other countries are struggling for independence and when we are going through considerable hardship. From the pages of history of that period, we can gain courage to keep going in these strenuous times. How could we do otherwise after reading of the hardships endured by those who won this coun-

Your pursuit of knowledge need not be confined to history books. There are novels, plays, poems, essays and biographies that are good sources of information and are enjoyable to read. And then there are trips you can make to see where it all happened. First hand knowledge is always the best and you might discover some truths that differ from the history books

If you are interested in the Revolutionary War, as a point of focus, a trip to Boston could offer you some interesting insight. There is a painless history lesson there, free for the taking on this 350-year-old city's streets. Just follow Boston's Freedom Trail.

Along the way you may find that the tale of the midnight ride of Paul Revere, described in Longfellow's poem, is not really historically true but is actually a

Both Paul Revere and William Dawes began the warning ride but never finished it because of a Redcoat ambush en route from Lexington. Maybe you cherish (or hate) that poem, depending on whether you had to memorize it or just read it for enjoyment. Whatever, as a history buff, you will want to set the record straight and Boston is the place to go to do just that.

There are sights to see in the area and other lessons to learn. They are charted out for you. If you look carefully you will see a red line down sidewalks and across streets, connecting most of the attractions along the way.

YOU MIGHT WANT to start in Charleston across Boston's Inner

Harbor. The Bunker Hill monument is here. Near it, is the USS Constitu-tion, "Old Ironsides." It is the oldest commissioned warship in the whole world and welcomes visitors

Parking is available at this site but at a premium at other points of interest, so it is best to leave your car in Boston, taxi or take public transportation to Charleston, then walk into Boston.

Across the Charleston Bridge is the predominately Italian North End. If you are hungry, you'll find any number of restaurants and bakeries where you can eat lunch.

On North Street is the Paul Revere House, the oldest wooden frame house in Boston. It is from this house that Revere left for his historic ride in 1775.

The Paul Revere Mall is here presided over by a statue of Paul Revere on a horse. At one end of the Mall is Old North Church. It is there that two lanterns were hung on April 18, 1775. They signaled that Redcoat troops were crossing the Charles River to begin their march to Concord to try to confiscate the Colonial arsenal. And here is where the story of Paul Revere as recounted by Longfellow becomes recognized as legend

rather than history.

The British could have marched out by a land route but that would have taken longer and required only a one-lantern signal. The lanterns were not meant for Revere. who was already on his way across the Charles River in a rowboat. The lanterns alerted his support people to have a horse ready, and to dispatch someone else if Revere didn't arrive.

Faneuil Hall, just under the expressway, was the headquarters of the early Boston Town meetings that Samuel Adams used to fan the flames of revolution. Peter Faneuil built it in 1742 and donated the building to the town. He figured that a first-floor food market would attract people to the second floor town hall. Publicmeetings are still held in this building and food is still sold here and in the adjacent Faneuil Mar-

The Boston Massacre which helped to precipitate the Revolutionary War was started by Boston soldiers who fired on a crowd. Actually the soldiers, it is contended, were provoked and Paul Revere's subsequent engravings of the event were distorted for political purposes. The site of the Massacre is marked by a ring of cobblestone in a traffic island opposite Old State House.

The Old State House was built in 1713 and served as headquarters Take the period of the Revolu- for the Colonial Government where patriots such as John Hancock, who was the first governor of the Commonwealth, and John Adams, the second President of the country, based their activities.

NEXT DOOR at 15 State Street is the Visitor Center of the Boston National Park. Here you may view an audiovisual program, look at dis-plays and get information from helpful Park rangers about Boston's historic attractions.

Further down the Freedom Trail is the Old Corner Book Store, once a gathering place for Emerson, Hawthorne, Thoreau, Whittier, Harriet Beecher Stowe, and Julie Ward Howe. Not far away is the Old South Meetinghouse where Benjamin Franklin was baptized and where town meetings too large for Faneuil Hall were held. One of these meetings adjourned to Griffin's Wharf for a little skirmish recorded in history as the Boston Tea Party.

On the Old City Hall lawn, Benjamin Franklin is immortalized in the first portrait statue erected in Boston. It is also the site of the first public school in the country. It was established in 1635 on a street appropriately named School Street.

The first Episcopal church in Boston was started in 1749 at the corner of Fremont Street. It was called King's Chapel. After the Revolution, it became the first Unitarian Church in America. It is here that William Dawes is given credit for his part in Paul Revere's ride. The words on his tomb in the King's Chapel Burying Ground convey the message that he, too, took part in the morning ride. Dawes took the longer 'by land" route out of Boston as a hedge against sending only Revere who could be - and was captured. Dawen escaped back to Boston and Dr. Samuel Prescott carried the message to Concord.

Tracking down the true story of Paul Revere is just an example of how fascinating the study of history can be. The same opportunity for on-the-spot research to check out what has been read is available for all the periods in our history. Pick you favorite, whether it be the Civil War, World War I or the Viking period. You will learn and you will have fun.

Take a bite out of crime

By Det. Earl Field

Car manufacturers have installed ingenious devices in today's automobiles designed to make stealing one more difficult, according to the Michigan Anti-Car Theft Campaign Committee

For the novice car thief or joyrider, the interlocking steering wheel, transmission and ignition system has proven a formidable match, but for the professional car thief, it is a piece of cake.

Despite attempts to make cars more theft-proof, there is little a motorist can do to stop a professional thief from stealing cars that offer the least challenge. And today there are several commercial theft devices on the market designed to make the thief's job

Following is a checklist of items sold through commercial outlets and many auto parts stores. None is foolproof, but all offer some

measure of protection.

Locking devices — These are available in many forms.

• Ignition replacement locks are high security locks which are more pick- or pull-proof than the original ignition lock. Keys used in the lock can only be duplicated by authorized locksmiths or the manufacturer.

• Cuff-type locks surround the ignition lock and steering column housing, making it harder to pick or pull the ignition lock out of the steering column.

· Headless door locks made of solid metal are used in place of the manufacturer's flare-top door locks to prevent the door from being opened with a coat hanger.

· External hood locks bar entry to the engine compartment on cars that don't have internal cable-type hood locks.

• Pedal clamps and steering-wheel bars prevent the steering-wheel from turning or the ac-

wheel from turning or the accelerator from being pressed.

Also available are gas cap, side vent, wheel, battery and CB

Disabling devices - These interrupt different automotive systems, making it impossible to drive a stolen car more than a short distance, if at all.

· Activated fuel locks stop the flow of gas from the tank to the carburetor. The car can be driven only a short distance on the gasoline left in the carburetor.

• Ignition "kill switches" often are self-arming and go into action as soon as the key is turned to Off. Others are set by throwing a hidden switch. All make it impossible to start the vehicle.

Alarms — Some are loud sirens

or bells while others utilize the car's horn. All are activated when the alarm system detects tampering with the vehicle.

• Switch alarms are placed on the vehicle's doors, hood and trunk. When the alarm system is needed, it is activated by a key. If any one of the protected areas is tampered with, the alarm sounds.

• Electrical sensing alarms detect any electrical drain and activate the alarm. This could be an interior light going on, the ener-gizing of a starter or the brake

lights coming on.

• Motion and sound detection systems activate the alarm when the motion or sound level of the vehicle changes. A person sitting in the car or turning on the igni-

tion would sound the alarm. For those mechanically inclined, here's a do-it-yourself tip: remove the ignition coil wire and rotor cap. Without these, there is no way the car can be started unless the thief has an identical set handy to replace them

Anything you can do will help. But more importantly, leaving your car unlocked with the key in the ignition is an open invitation to become another victim of the billion dollar auto theft problem.

When Jan. 1, 1983, arrives, it will be a new have gained seven seats, from 40 to 47, during his two terms. In the event the GOP wins conpolitical ball game in Michigan with the Democrats taking control of the governor's office, trol of the House in 1984, however, he still might consider running for the speaker's job. retaining control of both houses of the Legislature, keeping other state elective offices and the U.S. Senate seat that was up for election this year and even gaining control of the supposedly nonpartisan Supreme Court.

YET REP. WILLIAM R. Bryant, Jr., of Grosse Pointe is one Republican who not only survived the Democratic sweep of high offices in Michigan but actually is optimistic about GOP chances for the future, especially in the Legislature.

Bryant apparently has some reason for his optimism. An easy victor in his bid for a seventh term, Bryant points out there will be five more Republicans in the Legislature after Jan. 1 that there are now. The Republicans gained one House seat and four in the Senate. That leaves the GOP a minority in the 63-47 division in the House and the 20-18 split in the Senate but it also means, in Bryant's view, the GOP will be strong enough to sustain a position of "loyal opposition" to Democratic programs and, even more important, make a strong bid for control in 1984.

He sees as a further GOP asset the fact that the public now will realize that the entire ball game will be the Democratic responsibility because that party will hold both the governor's office and the Legislature. In the past, with Republican William Milliken in the governor's chair, many Michigan residents failed to realize that the Legislature was controlled by Democrats who could and often did throttle the Republican governor's proposals and weaken his programs.

Bryant himself is stepping down as the min-ority leader in the House at the end of the current term but is a candidate for chairman of the House Republican caucus. This position is not as demanding a one as minority leader but it is a part of the GOP leadership team. Bryant sees Rep. Mike Busch, Saginaw Republican who has been floor leader of the past four years, as his likely successor.

The Grosse Pointe representative says he is 3,726 in the Pointes and 21,805 to 9,088 in the seventh state championship leaving the minority leader's job in line with his pledge to serve in it for two terms, which he now has done. He pointed out that the Reincluding the Grosse Pointe News, hope that talented boys and girls are publicans in the House, while still a minority, will be a long time.

Trade-offs on school closings

enrollment appeared to be the major cause for concern of the 500 people attending the meeting of the Committee to Study the Future of the Grosse Pointe Public Schools last week.

From the discussion, it was clear that parents who have children in school generally oppose school closings - which is an understandable position — but many other arguments both in favor of and in opposition to school closing proposals made it apparent that certain tradeoffs are involved in school closings.

THUS THE instructional curriculum committee suggested that among the trends which could result from school closings would be decreased property values, exit of students to non-public schools, altered pedestrian and traffic patterns and even the exit of families to other communities if they are concerned that

even more schools might be closed. The finance study group reported that based on 1981 dollars, the estimated annual costs saved, if buildings are disposed of, range from \$150,000 to \$200,000 for elementary schools, approximately \$360,000 for junior high schools and approximately \$1.3 million for high schools. But it noted that, with perhaps the exception of a high school, "the closing and disposal of any one school does not result in a terribly significant number (of dollars) when viewed in the context of the system's total \$31 million budget for the year."

In material distributed to people attending the session by the Advisory Steering Committee, it was pointed out that the saving for closing an elementary school would translate into a potential saving of about \$1.35 for each \$10,000 of state equalized value for each taxpaying household in the Pointes, assuming a corresponding reduction in the millage rate. For a home assessed at \$100,000, for example, that would mean a tax reduction in these circum- ought to be made on the basis of the best inter- ity. stances of \$6.75 per household, since the SEV is one-half the assessed value.

declining enrollment imperils certain elective walk to the school closest to their homes.

Rentention of quality education in the Grosse courses, decreases flexibility in grouping stu-Pointe school system in the face of declining dents, requires more retraining of staff members assigned to new grades or different subjects, reduces opportunities for a broad program of student activities, and increases fragmentary and or part-time teaching assignments which cause loss of program continuity, lost teaching time and less scheduling flexibility.

Bryant sees the Legislature having to face two major problems, either at the so-called lame duck session which opened this week, or

at the new session starting in January. They

are reform of the unemployment compensation

program and needed improvement in the

state's transportation system. The unemploy-

ment compensation program requires reshap-ing in order to raise funds to repay the state's borrowing from the federal unemployment fund and to keep it in line with programs in neigh-

boring states. The transportation program is required by the deterioration of the state's

highways and bridges. Both are likely to re-

from the schools' heavy dependence on the property tax simply because it is no longer a good measure of ability to pay.

AFTER SIX terms in the Legislature, Bryant

now finds himself the second ranking Repub-

lican in the House but obviously thinking more

about future accomplishments than about re-

entire 13th District, would indicate he can keep

A third major problem involves the state budget which once again is running in the red

quire additional state taxes.

Such arguments, of course, merely note the effects of declining enrollment. Nobody is advocating bussing more students into Grosse Pointe or even suggesting a higher birth rate to offset declining enrollment. So what the school system has to consider is the best way of dealing with a declining enrollment without seriously impairing the quality education offered in the Pointes.

This year's enrollment of 7,805 represents a 41.5 percent decline from the 13,337 in the peak year of 1970-71, but the number of teachers has been reduced only from 676 to 498, a cutback of 26 percent in the same period. However, what recognize and applaud these that means is that average elementary class size has been brought down from 26 in the peak year of 1970-71 to 23.6 in 1980. In 1982, the figure dropped to 22.4. The number of administrators since the peak year of 1970-71 has been cut from 39 to 38, which, on the face of it, would indicate the possibility of greater savings in this area.

THE PUBLIC meeting served a useful purpose in airing the arguments pro and con and in informing the public about the trade-offs involved in any school closing decision. What also must be considered in the making of any decision on school closings are the special interests involved. They include not only the parents of children attending schools selected for closing but also the teachers and administrators whose jobs may be jeopardized. The point is that the decision to close or keep a certain school open their schools and our communests of the community as a whole and not to protect jobs of teachers and administrators and The same source indicated that low and/or not even to make it possible for children to

Although I was not able to see all these young athletes in action this fall, I did enjoy the good fortune of watching several contests involving the girls and boys from North, South and ULS. I was particulary impressed with the following qualities our athletes demonstrated good sportsmanship and fair play; a dedication and commitment to working hard and giving his or her best effort; and a support and concern for teammates which produced a sense of team spirit.

I believe it is important to qualities and to encourage our young athletes to continue to reflect these important values in their lives. High school athletes do not have to be "macho" or exclusive in their attitudes toward other students, and they don't have to be poor sports and bad losers. Instead, these girls and boys can be thankful and appreciative of their experiences and be a positive influence among their teammates and school-

Would you believe . . . still MORE Christmas Fairs in the offing? The weekend after this will see a pair of them: Assumption Greek Orthodox Church's annual three-day Christmas Fantasy and a one-day holiday bazaar, with several special features, running from 10 a.m. to 6 p.m. Saturday, Nov. 20, in Saint Ambrose Catholic Church's Parish Hall.

The Assumption extravaganza will feature beautiful, handmade gifts, a boutique of professionally fashioned items from leading wholesalers around the country, a wide variety of holiday arrangements and ornaments and a Country Store stocked with homemade delicacies, jellies and basket arrangements, plus a children's-only Kiddie Korner. Luncheons and dinners will be served daily. The menu includes marvelous spinach and cheese pies, Greek salad and Greek style chicken with rice pilaf - and, for those who prefer less exotic fare (each to his own taste, but they don't know what they're missing!), all-American Coney Islands. Carry-outs will be available.

The Bake Shop will, as always, offer Greek pastries ideal for freezing now and serving during the holidays. Santa and his helpers will, of course, be on hand to usher in the season. The Christmas Fantasy runs from 9 a.m. to 7:30 p.m. Friday and Saturday, Nov. 19 and 20, and from 12:30 to 4 p.m. Sunday, Nov. 21, at Assumption Cultural Center on Marter Road, at the border of Grosse Pointe Woods and St. Clair Shores.

Over on the other side of town, at the Grosse Pointe Park Detroit border, several dozen tables rented by local artists will feature a variety of Christmas crafts a week from Saturday in Saint Ambrose Parish Hall, Maryland at Hampton Road. Here you can find straw and bread dough ornaments, crocheted goods, wooden toys, stained glass gifts, antiques, handmade stationery, costume jewelry and pinecone wreaths.

There'll be a special section devoted to imported Polish art items. Looking for just the right touch for an elegant holiday? Bring your Christmas cards and have them signed in flowing script by Fred Lenard, who is also offering a nice line of placques in calligraphy for gift giving.

Food available for purchase at the Saint Ambrose Fair ranges from hand-dipped chocolate to homemade deli, popcorn, cakes, cookies and other baked goods. Luncheon will be served, and Santa has promised to drop by at 11:30 a.m. and stay until 1:30 p.m. Bring your camera: Mr. Claus loves to pose for pictures with the littlest shoppers, who are invited to take their gift lists to their very own Secret Corner where elves will help with low-cost purchases.

The Poet and The Painter

A reception and poetry reading will be held this Sunday, Nov. 14, from 3 to 6 p.m. at the Poetry Resource Center on Beaubien near Lafayette to celebrate the publication of "Sub Rosa," a collection of poems by Detroit area writers M.L. Docksey, Susan Sage and Doreen Tay-

Summer rites for Linda Brown

Irwin Martin exchanged marriage vows Saturday, July 3, at Grosse Pointe Memorial Church. The Reverend David Antonson of ficiated at the 12 o'clock rites, which were followed by a reception at the Grosse Pointe War Memorial. The newlyweds vacutioned in San Francisco, Calif., and Acapulco and are at home in southern California.

For her wedding, the bride, daughter of Mr. and Mrs. Richard Brown, of Woods Lane, chose a designer gown fashioned of white Italian chiffon. The gown's renais-sance neckline and bodice were enhanced by beaded and reembroidered French Alencon lace. The full bishop sleeves and lace cuffs were accented with Brussels net and Schiffli embroidery.

Highlighting the gown's full cathedral length train of circular chiffon was an elaborate nem of Schiffli embroidery. Matching Schiffli lace accented the Juliet crown and English illusion of the bride's veil. Doreen, daughter of Mr. and Mrs. Burt Eddy Taylor, of Ridge Road, grew up in The Pointe. She attended Grosse Pointe South High School and recently took her Bachelor of Arts degree from Wayne State University. She'll be reading, along with her co-authors, from "Sub Rosa" during Sunday's reception, and will be available to sign copies of the book, brought out by "Corridors," a publication of the Detroit Writers Guild. Wine and cheese will be served.

Well-known local artist V. Durbin Thibodeau, of Broadstone Road, has work, an enamel, in the 49th International Exhibition of Miniature Painters and Sculptors in Washington, D.C. Actually, it was to be expected: Virginia's exquisite miniature enamels enjoy an international reputation. They've been exhibited, among many other places, in the South of France.

The opening tea for members and exhibitors in this year's Washington international miniature show is this Sunday, at the Arts Club of Washington.

Food for The Mind Next Thursday

M.B. Blackwood, the Canadian Consul-General to the United States, and Mrs. Blackwood will be guests next Thursday, Nov. 18, at a very special, open-to-the-public meeting, sponsored by the International Committee of the Detroit Branch American Association of University Women, at 7:30 p.m. at the home of Mrs. Byron Chambers, 183 Lakeview in The Farms.

Mr. Blackwood will discuss "International Relations between Canada and The United States." There is no admission charge but reservations are requested; those who plan to attend are asked to contact Rose Barton at 885-3605.

The Women's Connection of Grosse Pointe, an independent group which evolved from the American Association of University Women's Grosse Pointe Branch Women's Center, will present Certified Financial Planner Margaret Southworth as guest speaker at a dinner program next Thursday, Nov. 18, from 6 to 9 p.m. at the home of Loretta Skewes, 1173 Yorkshire in The Park.

The evening is open to the public, at an \$8 charge for the dinner plus a \$2 donation, with reservation deadline this Sunday, Nov. 14. Checks, payable to the Women's Connection of Grosse Pointe, should be mailed to Bonnie Randolph Gibson, 831 South Oxford Road, Grosse Pointe Woods, Mich. 48236.

Margaret's topic next Thursday will be "Financial Planning Strategies for the 80's." She will instruct the group in how to be financially independent by avoiding the 10 mistakes most people make and by following investment and tax strategies used by the pros.

The Women's Connection of Grosse Pointe, composed of members from the Women's Center and the larger community, offers contacts and networking, socializing and support and interaction with concerned women representing many interests, professions, business and home backgrounds. WCGP views women as a kaleido-scope of talents and gifts who, through mutual concern and support, can promote the personal and professional growth of their sex.

Further information on next Thursday's meeting or WCGP in general may be obtained by contacting Bonnie Gibson at 881-0610 or Dorothy Crocker at 886-6183. Dorothy, incidentally, along with Mary Leech and Jan Arndt, represented the Grosse Pointe Branch at AAUW's recent Northeast Central Regional Conference which brought 420 women from Michigan, Ohio, Indiana, Illinois and Wisconsin to Kalamazoo.

The program theme, "Some Leaders Are Born Women," focused on being a member, a manager, a mayor and a mentor and explored marketing skills designed to advance women toward equity and to increase membership in AAUW. Among the speakers at the two-day conference were Ely Peterson, national co-chair of ERAmerica, Antonia Glasser, Cornell Eleven plaintiff, Eleanor Kesim, Mayor of Elkhart, Ind., and Marilyn King, marketing manager, Ford North American Automotive Operations.

Plan DRC party . . .

The Detroit Review Club celebrates its 91st birthday next Wednesday, Nov. 17, at a Presidents' Day gourmet luncheon at the Royal Eagle Restaurant, located in the Parkstone Apartment on Parker Avenue. All DRC past-presidents will be honored, per tradition, at the 1982 edition of this annual party, including the Grosse Pointe past-presidential quartet pictured left to right above: MRS. JAMES MULLANEY, MRS. AARON E. WILCOX, MRS. FRANK SCOTT PERKIN and MRS. ROB-ERT KEFGEN, Mrs. Robert G. Kales, another Grosse Pointe past-president (1966-68) and Mrs. Perkin (1974-75) are in charge of the '82 birthday luncheon, with assistance from Mrs. Wayne Garrett, of Farmington Hills, who presided over the DRC in

Although the club was actually born Nov. 30, 1891 (the day on which Winston Churchill celebrated his 17th birthday), this year's birthday party will be in mid-November, when the Sun is in Scorpio, in order to honor several past-presidents born in this dynamic sign. Mrs. William Bondesen (1953-54) and Mrs. L. James Keller (1960-62) are two of them.

Other past-presidents include Mrs. Wynn Wakeman, of Ann Arbor (1948-49), Mrs. Louis M. Hopping, of Northville (1951-52), Mrs. Marvin Dahnke, of The Pointe (1964-66). Mrs. Marion Crawmer, of Detroit (1970-72) and former Grosse Pointe resident Miss Vera Brown (1975-77

Mrs. Robert Gerisch, of Bloomfield Hills, current president, will act as official hostess. Post-luncheon, Mrs. Kales will introduce the guest speaker, Dr. Helen Suchara, past-president of the International Institute, former director of Student Teaching and professor of Education at Wayne State University, who will show pictures and describe "Christmas the Polish Way."

Helen has traveled extensively to study the teaching of languages in England, France, Germany, Italy and Poland. She has served as advisor and mentor to more than 450 Masters degree candidates, and guided more than 30 toward the successful completion of their Doctoral dissertations.

Prior to her retirement from Wayne, she served on several university committees. She was consultant to the team which negotiated an exchange between WSU and Jagellonian University of Cracow, Poland: that effort resulted in the establishment of a Polish Studies Program in the WSU Office of International Exchanges.

Dr. Suchara has served as an officer of the Association for Childhood Education International, which sent her to Taiwan as their representative on a study seminar. Her articles have appeared in a variety of journals

and university publications.

She is a WSU Women of Wayne Headliner Award winner, and was recently designated a WSU professor emeritus.

MOT presents 'Treemonisha'

Michigan Opera Theatre's Detroit premier of "Treemonisha," Scott Joplin's ragtime musical, opens tomorrow, Friday, Nov. 12, at the Music Hall and will run there for nine performances through Sunday, Nov. 21.

Tickets ranging in price from

Tickets, ranging in price from \$8 to \$27 for evening shows, \$6 to \$17 for Wednesday and Sunday matinees, are available now at the Music Hall box office and all CTC outlets. Further information may be obtained by calling 963-7680.

The MOT production borrows the costumes and scenery designed by France Colavecchia for the original Houston Grand Opera presentation, which debuted in 1975 and also ran for three weeks at Kennedy Center and seven weeks on Broadway. It was revived by the Houston Grand Opera last year.

In the lead is Carmen Balthrop, the performer most identified with the role of Treemonisha. Ms. Balthrop starred in both Houston productions, on Broadway and in

recent film. Detroiter Delores Ivory, featured last season as Serena in MOT's "Porgy and Bess," is cast as Monisha. Dorceal Duckens will play Ned. Both singers were cast in the Houston revival.

Mabel Robinson is directing and choreographing the Detroit engagement, and Tania Leon will conduct the orchestra. Ms. Leon is the first woman to conduct a MOT

Grand Marais gardeners meet

The Grand Marais Branch of the Woman's National Farm and Garden Association met this month on Monday, Nov. 8, in the Washington Road home of Louella Schuur for a noon luncheon, hosted by Peggy Cole and Nell Valley, followed by Grace Harrison's program: "Starting Your Garden in November" and "Companion Planting to Keep Out Pests." Mrs. Harrison, a Master Gar-

Siblings can be taught to live with each other

siblings can make the difference in whether your family life is orderly (relatively speaking) or chaotic. It can also influence whether you are able to enjoy your children or find them

Your child's sibling relationships are important to her now and in the future. They will set many of the life patterns for how she will deal with others who are close to her, and they will strongly affect her feelings about herself

Her interactions with her brothers and sisters can be stormy or calm, loving or angry, cooperative or competitive - and often all within a brief time period. The following are a few guidelines from Growing Child, the monthly child development newsletter. to help you help your growing child to get along as harmoniously as possible. as often as possible, with her siblings.

of reacting to things that happen. Each has special strengths and weaknesses. Each has his own rate of growth and his own pace of doing things. Each is drawn to different ac-

tivities, things and people.

It is natural to compare the times at which your first and second children walked, talked or were toilet trained. It's understandable to wonder why your third child is afraid of the water when your first two learned to swim when they were infants. But it's im-

portant to let each child be herself. Notice the things that make each of your children unique, and encourage them to develop their own special talents. Accept your children's differences and you will help them to accept themselves and each other.

• Try to spend time each day alone with each of your children. If you can arrange it, it would be good to set aside at least 10 or 15 minutes a day that each child can look forward to and count on as his or her own special

The "Sing America!" revue, especially selected for families with young people ages six through adult - children younger than five will not be admitted to the theater - follows a group of modern day youngsters on a journey back in time to explore their American heritage by way of favorite songs and musical crazes of the past.

Advanced genealogists, guided by Carol Ring, will focus on proofs, citing resources, calendar, analyzing a pedigree and finding new paths.

give your oldest 15 minutes in the evening after the younger ones are in bed. If you can't do this regularly each day, then try to find a regular schedule you can stick to at least once This "special time" should be that

spend 15 minutes each afternoon with

your preschooler while her little brother takes his nap. Or you might

child's time with you to use as she wishes. You can offer a story, a game or simply an understanding ear - but let her choose. These special times with you will help you get to know and enjoy each of your children more while you help them each to feel spe-cial to you. You may find that this gives you more time for yourself, too, as your children stop competing for your attention at other times.

• Try to provide your children with opportunities for cooperating with each other in planned activities or daily routines. When you go to the supermarket you can have the youngster who is sitting in the grocery cart look for one item you need in each aisle, then have another child get it and hand it to the child in the cart. Or you can ask your older child to

teach your toddler how to use the toilet when he's ready. In addition, be sure to notice and compliment your children any time you see them working and playing together coopera tively: "Tommy, thank you for helping Michelle get dressed. You're really a help to me." "Angela and Ann, I'm so glad to see you're enjoying playing dress-up together.'

• Set limits that you think are fair for each of your children. Let your children know what the limits are and what the consequences of breaking them will be. Then try to stick to these rules as well as you can, changing them (with your children's knowledge) when they no longer seem approp-

riate.
This kind of planning ahead can avoid many fights and jealousies over such things as who goes to bed at what time and who gets to do what. You will probably still get some protests of "It's not fair that I can't stay up as long as she does!" and so on. But it is fair for children of different ages to have different limits, privileges and responsibilities. When they know what to expect, each child can look forward to growing into new ones.

Try to plan time for the family to meet together. It might be a good idea for family members to talk together them, personally and as a family. You probably already do this informally at

you share on weekends.

Sometimes it's hard to get everyone together at the same time, especially if you work odd hours or if your chil-dren are involved in many different activities. But it's important to try to have some time together as a family to enjoy each other's company. And each family member has responsibilities to the family as well as expectations and needs of it. These can be worked out to mutual satisfaction when the family gathers together and tries to support and understand each

If squabbles occur frequently between siblings over household duties, this might be discussed at a family meeting. Sometimes it helps to make up a chart listing each family member's duties for the week or month; then household tasks nobody likes can be assigned on a rotating

The attempts and perseyerance in trying to resolve matters construc-tively and supportively in a family provide a good example for your growing child: a model of what a family can do for one another and how to fos-ter this mutual understanding.

Allowances for the children arex another common topic of discussion for a family meeting. This can some-times be a source of rivalry between older and younger children; again, you can help each child to understand why they get the amount they do. At the same time, you can explain a little about what it costs you to run the household, including food, clothes and other things children need. This might help them understand the family's economic situation and their part in it

a helpful lesson for their future. In addition to using the family meeting time to work out problems, you can use it to help your children understand and like each other better. Give each child, even the youngest, a time to express himself. Try to pay equal attention to each child, even the quietest. Show interest in what each child shares. Try to keep any one child from monopolizing the conversation; be kind and supportive but firm about giving each person an opportunity. The children will learn from your example (in time, if not right away) to respect each other as you respect each of them.

For more information on the physical and social development of children up to the age of six, write to Growing Child, PO Box 620N, Lafayette, Ind. 47902. When writing, include your about things that are important to child's birthdate. A year's subscription them, personally and as a family. You to the Growing Child newsletter is

Release regional perinatal care state guidelines for Michigan

have the potential for receiving the very best in pre- and post-natal care thanks to a comprehen-sive set of "Guidelines for Re-gionalized Perinatal Care!" just released by the Michigan State

Medical Society.

MSMS President James H. Tisdel, M.D., a Port Huron obstetrician-gynecologist, says the guidelines, which were two years in development, are "voluntary and are offered to physicians and hos-pitals involved in local health care planning.

'Fortunately, most pregnancies and deliveries are relatively routine, but as physicians and health care personnel we must be prepared for the potential or actual problems encountered by high risk mothers and babies." Doctor points out. The guidelines are a series of recommendations designed to help organize the most effective and cost-conscious care for mothers and newborns on a

regional geographic basis.
The MSMS notes that it is simply not feasible for every hospital to have every degree of sophisti-cation and trained personnel for the special care of those mothers and infants who have unusual or highly complex problems associated with pregnancy and birth.
It is for this reason that Michi-

gan has developed a voluntary regionalized approach to handling problems at various levels in hospital units utilizing existing community and hospital resources.

"These guidelines in no way replace the medical expertise and judgment of the attending physician who must ultimately decide which level and degree of care is needed by the expectant mother in his her care," the MSMS presi-dent notes. "Nor do the guidelines

Polish genealogical workshop is slated

The Polish Genealogical Society of Michigan will present a Polish Records Workshop Saturday, Nov. 20, from 10 a.m. to 3 p.m. at the Church of Jesus Christ of the Latter Day Saints on North Woodward Avenue in Bloomfield Hills, with Daniel M. Schlyter, Slavic consultant and Certified Genealogist of the Genealogical Library in Salt Lake City, Utah, and author "The Handbook of Czechoslovak Research" as featured speak-

Louise Newby, director of the Genealogical Library in Bloom-field Hills, will conduct a tour of that library and show the new microfiche on Poland. A free packet of maps and information sheets will be given to the first 100 registrants. Booksellers will offer books, maps, charts and other items of genealogical interest, and prizes will be awarded.

Registration fee is \$15. Checks should be made payable to the Polish Genealogical Society of Michigan and sent to Kenneth A. Merique, 21184 Parkcrest, Harper Woods, Mich. 48225.

Expectant mothers in Michigan impose new referral patterns: physicians used to referring pa-tients to a particular medical center may continue to do so.

The MSMS Committee on Maternal and Perinatal Health which developed the guidelines will review them automatically every two years to make sure they adhere to developing and evolving technology. The same committee has produced, over the years, a series of Maternal Health Desk Reference Cards widely used by physicians as a reference source for specific information about a wide range of problems associated

with pregnancy and childbirth.
"The number one aim of the guidelines is to set standards aimed at assuring that every pregnant woman and her newborn will receive the highest quality care appropriate for their situation." says Doctor Tisdel. "Secondly, we want to make sure that perinatal care is responsive to the needs identified by consumers and the public.

There is a need for the public to understand the issues involved the MSMS points out. "While every mother wants to have her child in a setting close to home, it must be understood that certain complications and problems encountered in pregnancy may dictate that the baby be delivered in a more sophisticated medical setting which is properly prepared to handle high risk pregnancies. This may occasionally mean having a child in a medical setting 25 or more miles away, says Doctor Tisdel.

High risk mothers often include teenagers, diabetics, those over 35 having their first child, povertylevel females who may not be getting proper nutrition and alcoholic or drug abusing mothers, as well as those who have a variety of other health problems like high blood pressure or heart trouble, the MSMS observes.

"In summary, the focus of perinatal concern for all health professionals should be on the prevention of problems for the childbearing woman, her fetus or her infant," says Doctor Tisdel. "Our job is to educate both professionals and the public to recognize this fact. The guidelines being widely disseminated seek to set forth feasible standards to do just

"We want health professionals and the public alike to know that top quality care is available in readily accessible locations when the need for it is there," concludes Doctor Tisdel

The published guidelines are being sent to all Michigan hospitals, local medical societies, individual physicians, health planning agencies, local health departments and various consumer groups with an interest in the is-

The armadillo is on the move in The States

National Geographic News Service

Armor-clad and clumsy, armadillos look like little dinosaurs. When frightened they vault straight up in the air: a reflex that is often fatal when the "enemy" is an automobile passing over them.

Armadillos have other startling characteristics. Their gestation period, due to delay in development of the embryo, can be as long as 20 months - almost as long as that of the elephant. And armadillos and their cousins are the only mammals known to bear identical quadruplets routinely. Derived from a single fertilized ovum, the quadruplets are all of the same sex and contain identical sets of genes.

Then there's the armor. Eleanor E. Storrs, who has studied armadillos for 10 years, describes them in a recent issue of National Geographic: "The nine-banded armadillo (Dasypus novemcinctus), which is the only species (out of 20 in the Western Hemisphere) that inhabits the United States, is born with leathery fore and of chiefly with leathery fore and aft shields that protect its back and sides. Between these are nine movable bands . . . that add some flexibili-

ty. The head and tail are also armored, but the underbelly is unshielded; the skin there is thick and covered sparsely with coarse

hair."
Along with tree sloths and antieaters, armadillos are the only living remnants of the order Xenarthra, which evolved and flourished in South America beginning about 55 million years ago.

Two and a half million years ago, scientists say, armadillos migrated into what is now the United States. But all of the migrants vanished about 5,000 to 10,000 years ago. Now survivors from Mexico are staging a remarkable comeback, one of the most rapid expansions in mam-malian history, in the southern United States.

The tens of thousands of ninebanded armadillos that now exist in Florida are probably descendants of a fecund few that escaped from captivity near Cocoa, Fla., only half a century ago," Storrs

From Mexico, armadillos had moved to southern Texas by the late 19th century, then spread north to Kansas and Missouri and east toward Florida. Recently these Texas hordes, which reached the Florida Panhandle in the early 1970s, have collided with the descendants of the escaped armadillos, which moved up from peninsular Florida into the Panhandle.

NOTICE OF PUBLIC HEARING Fox Creek Facilities Plan

Notice is hereby given that the Wayne County Drain Commissioner will hold a public hearing on the proposed Fox Creek Facilities Plan. The hearing will be held at 6.30 P.M. on Tuesday. November 30, 1982 at the Grosse Pointe Park City Hall on 15115 East Jefferson Ave. Grosse Pointe Park, Michigan 48230. The purpose of the hearing is to receive the comments and views of interested persons on the Fox Creek Facilities. Plan.

This facilities plan offers solutions for the reduction of overflows of combined sewage from the Creek Study Area into Lake St. Clair and into the Detroit River. The study area consists of the Cities of Grosse Pointe, Grosse Pointe Farms, and Grosse Pointe Park, and the Village of Grosse Pointe Shores. Part of the combined sewage involved originates in said cities and a part comes into said cities or into the Fox Creek Enclosure Drain from the City of Detroit, from the City of East Detroit, City of Center Line, City of St. Clair Shores and City of Roseville as members of the South Macomb Sanitary District, from the City of Grosse Pointe Woods, City of Harper Woods and Village of Grosse Pointe Shores as members of the Northeast Wayne County Sewage Disposal System of which the South Macomb Sanitary District also is a member. The drains and sewers in hich the combined sewage is presently transported or may hereafter be transported into, through or from the Fox Creek Study Area are commonly identified as follows

> Black Marsh Drain Milk River Drain Grosse Pointe Interceptor (Wayne County) Jefferson Relief Interceptor (Detroit) Detroit River Interceptor (Detroit)
> Lake Shore Interceptor (Macomb County)
> Fox Creek (Detroit)
> Conner Creek (Detroit)

and local sewers, drains and facilities in the cities, village, district and system above named

The facilities plan proposes both regional and local solutions. The regional solutions are:

a) An interceptor sewer in East Eight Mile Road from Marter Road to Hoover Road, or b) Retention basins in Detroit at Conner Creek

Local solutions include

at A retention basin or treatment facility in each study area community, or

b) Sewers for separation in Grosse Pointe and sewers for storage in Grosse Pointe Park and Grosse Pointe Shores

City of Grosse Pointe

17147 Maumee Grosse Pointe, MI 48230

In addition the facilities plan proposes the use of certain existing interceptors for the storage of combined sewage during storms. The facilities plan includes an assessment of the environmental impacts of the various proposed solutions. The estimated cost of the proposed facilities is \$17,000,000 to \$30,000,000 depending on type of alternative and degree of pollution removal

bridesmaids Mrs. Arthur Allan Neef Jr., Mrs. Paul Edwards, the bridegroom's sister, and Dr. Kathy Burgio and Joanne Walters, both of Baltimore, Md., wore identical gowns of layered, powder blue silk chiffon over taffeta, with satin ribbons at their waists, and carried arrangements of red roses and baby's-breath.

Mr. Kalsher, son of Mr. and Mrs. Joseph Kalsher, of Butte, Mont., asked John McKenzie, of Butte, to act as best man. Guests were seated by Arthur Allan Neef Jr., brother of the bride, Mr. Edwards, Mr. Vail and Ronald Sherwood, of Tulsa, Okla.
Flower girl was Kimberly Mc-

Kenzie, the bridegroom's niece. Ring bearer was Andrew Neef,

the bride's adopted son.

The mother of the bride wore a floor length dress of apricot silk chiffon, bordered at the neck with cristal beading. Matching beading accented her long sleeves. The bridegroom's mother chose a dress of pale blue Chartilly lace over Alice Blue chiffon. Each mather were a cumbidium orchid mother wore a cymbidium orchid corsage.

Honored guests included the bride's maternal grandfather, Dr. Arlington Faye Lecklider, and her paternal grandmother, Mrs. Arthur Frederick Neef.

Break up Grosse Pointe! That may well be the cry following the most successful fall season in Pointe sports history Pointe high school and grade school sports teams have been racking up league, district, regional and state championships faster than George Steinbren-

ner goes through managers. There hasn't been this much excitement in Grosse Pointe since they paved Mack Avenue - and for good reason. This fall, Pointe sports teams have accounted for an amazing total of 11 league championships, seven regional championships and five state championships.

I can already hear the Pointe critics out there saying: "What do they feed those kids in Grosse Pointe? They sure can't be winning all those titles on croissants and Perrier." And who could blame those critics? In the public's mind, sports championships are won by the Escanabas, the Livonias and the Sterling Heights of sports, not the Grosse Pointes.

EVEN THE guys in charge aren't too sure about what went right this season.

"I can't explain it." North athletic director Thomas Gauerke said "It's just got to be that the kids and coaches have done an outstanding job, trying harder. All I can say is that we're really pleased."

Gauerke's Norsemen won league championships in football, girls' cross country, boys' cross country and soccer: regional titles in soccer and in boys' and girls' cross country; and a state Class A boys' cross country title. No wonder Gauerke says he's pleased.

Over at South, the Blue Devils racked up league championships in football, boys' cross country and tennis. The girls' tennis team won its seventh consecutive state Class A title and there may be a Class A state football title in South's future.

But University Liggett School wins the championship of championships this fall. The Knights got the little stuff out of the way early, winning league championships in soccer, tennis and field hockey, before taking regional golf and girls' tennis titles and finally winning state Class D championships in golf and soccer and a Class C-D state tennis title.

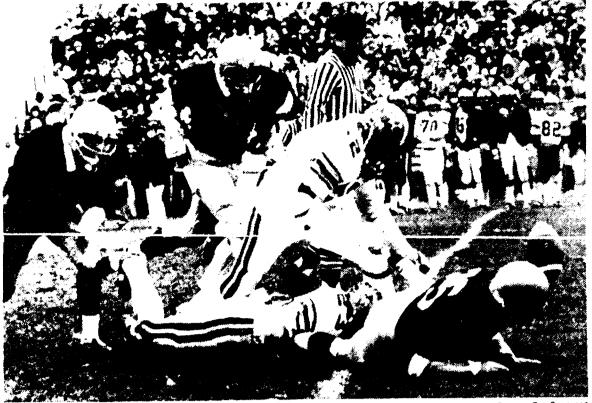

"We really can't pat our-selves on the back," South High athletic director Chuck Hollosy said. "We're a financially stable school district. Our coaching staff has stayed stable and the morale has, too. That's opposed to schools which have problems and have to drop feeder programs and coaches. That can't help but hurt the morale of coaches and in turn, athletes.

Well, there's no morale problem in Pointe schools this fall, according to sports officials from the schools. The pride and excitement generated by a winning team (or in this case, teams) have spilled over into the schools, coaches and teachers say. And what could be wrong with that? The feeling that comes with being able to say: "We're No. 1!" is a great one and is experienced far less often than it should be.

TAKE MY word for it (my alma mater, Detroit Servite, struggled through a winless football season this year, so i ought to know) winning five state championships is an accomplishment of which the entire community should feel

And if players, coaches, students and Pointers in general want to gloat a bit, let them. After all, it isn't every week or even every year, that a community's schools win 11 league titles, seven regional titles and five state championships - not to mention the soccer, tennis, basketball and volleyball championships chalked up last week by St. Paul, St. Clare and Our Lady Star of the Sea High

And it feels great.

 ${m Whew!}$

It was close - right up until the last-two-minutes kind of close - but South managed to overcome tipped passes, interceptions and fumbles to edge crosstown rival North, 14-10, and earn a state playoff berth. At right, Jim Arnold waits for a tipped pass. Above, star halfback Paul Hawk fumbles. At right, below, North intercepts a pass intended for South's Brian Rathsburg.

It's on to the playoffs for South

Grosse Pointe South's varsity football team completed the first undefeated season for a South team since 1954, by beating cross town rival Grosse Pointe North, 14-10, on a bitter, cold Saturday afternoon, Nov. 6.

The Norsemen scored first, putting the Devils behind, 7-0. The cold caused fumbles and turnovers on each side. The Devils' defense was able to hold the Norsemen in a scoring drive, forcing the Norsemen to opt for a field goal. At the end of the first half, the score was 10-0 and South's Devils were behind for the first time this entire season.

The Devils came back in the second half when quarterback Bill Crow connected with Jim Arnold for a 14-yard touchdown pass. South's defense performed outstandingly as they shut down the North offense time and time

With less than two minutes remaining in the game, Crow connected on a screen pass with Paul Hawk who then blazed 88 yards to put the Devils up 13-10. Andy Landauer kicked his second extra point of the game, making the final score 14-10. The story behind the Devil's success was, once again, an aggressive defense.

Assistant Coach Al Moebus claimed, "The entire defense was outstanding. I can't point out one player as a standout because it was the defense as a whole that was great."

Steve Carrier recovered a Norsemen fumble as did Steve Reynolds. Middle linebacker Jim Hartman recovered two fumbles. Ken Fromm made an important interception, returning it almost 15 yards. Brian Rathsburg also had an interception.

Hartman led the defense in tackles with nine solos and 13 assists. Outside linebacker Steve Carrier had eight solos and nine assists; Steve Reynolds had seven solos, and eight assists; and Tony Tocco had seven solos, six assists.

"This is the best football team I've ever coached," South head coach Russ Hepner said this week. "They've played and practiced consistently for the entire season.

"They ran every play in every practice all year like it was a ballgame.

Hepner credited his senior cocaptains with pulling a young team together. We got great leadership out of Hartman and Fromm. Our seniors and co-captains held the juniors together.

E. Detroit

marched through eight straight wins with an almost fearsome precision, had a bit of trouble getting untracked against crosstown foe North last Saturday.

"We were a little tight last Saturday. That's the first time I've sensed it. But our poise in that ballgame, trailing with two minutes left . . . we were a very poised group," Hepner said.

Hepner never expected his charges to go undefeated, especially after last year's 4-5 record and first losing season in 10 years. Our No. 1 goal was to be .500 after last year. And even when we had won five in a row this year, some of the kids said 'at least we would finish above .500.

Now the Blue Devils will enter the regional phase of the Class A state playoffs. South will face Milford Lakeland (9-0) at Southfield Lathrup this Saturday, Nov. 13, at 1:30 p.m. Hepner said he knows

The Blue Devils, who had his team has to face a very tough

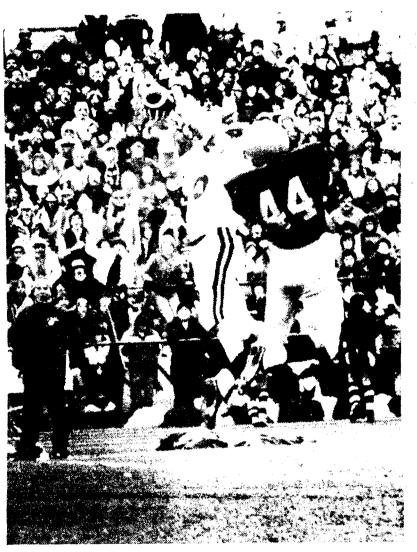

'Milford is a great team. Six of their nine wins were shutouts. They throw well, have outstanding receivers and good running backs. They'll be tough."

But South is just happy to be in the position to play in the playoffs. "We're happy we're one of eight Class A teams who can still put on the pads and play another week. I told the kids: 'I'm cutting down on the lecturing, let's just go out and play football."

(Compiled by Greg Buck and the Grosse Pointe News).

competition Oct. 30. But it was a disappointing finish for South, as the girls finished 18th out of 23 teams in the Class state championship. Sophomore Meg Moisen earned All-State honors by placing in the top 10 of 161

Earning All-League honors in the EML title meet were South runners Suzanne Cebrowski, Megan McCoy, Kathy Mastroianni, Barb Giroux, and Moisen. Finishing behind South were Anchor Bay, Mt. Clemens, L'Anse Creuse North and Roseville. South was undefeated in league competition and finished 12-2 overall in gaining its fourth straight league title.

In the regional finals, South's Moisen, Cebrowski, Giroux, Mc-Coy, Mastroianni, Liz Kane and Nancy Solterisch earned the right to advance to the finals. Moisen was second in a 125-runner field at the regional, with her personal best time of 19:33 for 3.1

South also dominated in the JV state regionals placing Kerry Bruce, Tricia Posselius, Jennifer Meehan and Mary Jo Kalmar in the top 10.

EML All-Academic honors went to South senior runners Cebrowski and Kane. The honor is given to seniors with two or more years on a team who maintain a grade point average of 3.0 or greater.

Mike Adray, sponsor of various baseball and hockey teams, has been named 1982 United Foundation Sportsman of the Year, and Molly Brennan, former captain of MSU track team and Rhodes Scholar, has been named 1982 United Foundation Sportswoman of the Year.

The announcements were made recently at the UF's 14th annual Sports Day Luncheon in the Great Lakes Ballroom at the Michigan

UF Sportsman and Sportswoman of the Year were selected for their outstanding contributions to the tri-county area through involvement in athletics. Ballots were sent to sports writers and sports broadcasters in the metropolitan Detroit area.

Gompeting against Brennan who broke 12 MSU records and was a three-time All-American and four-time Big Ten track star, were Detroit promoter and award-winning athlete Emily Gail, World Skating Team member Connie Paraskevin, professional bowler Aleta Rzepecki and University of Detroit basketball forward Cheryl Williams.

Adray sponsors over 600 Little League Teams, 26 Class A through E baseball teams, approximately 50 men's and women's slow pitch softball teams, basketball teams, soccer teams and a 100-member wrestling club.

He also founded the area's Adray Community Hockey Leagues to which a number of Grosse Pointe teams belong.

Adray has raised funds to provide academic scholarships to players in his hockey league.

Schmidt, Denis lead North to state title

By Craig Van Vliet

country team ran away with the state Class A championship at Flint IMA Brookwood golf course last Saturday, Nov. 6, led by first place winner Joe Schmidt and second place finisher Mark Denis.

North's score of 64 points was the lowest team score recorded in a state championship meet in years. Runner-up Catholic Central, which had been ranked No. 1 and picked to win the meet, scored 108 points. Warren Tower placed third with 139 points.

North placed Schmidt first, Denis. second: Scott Cooper, 14th; Brian Boutell, 21st; Joe Carroll, 26th; Pete Strek, 69th; and Doug Shepke, 82nd.

It was an exciting race for the large following of North fans who journeyed to Flint to cheer their team on. From the gun, Schmidt was running with the top group when he broke away from the pack at the 4,000 meter mark and immediately opened up a gap of 30 yards. Denis moved right out after Schmidt.

The nearly exhausted Schmidt crossed the finish line in 15:37, followed by Denis in 15:41.

North coach David McEvers explained the incredible victory as the result of last year's learning experience. "The kids learned their lessons last year when they fell flat on their faces," McEvers said. "This year there were no mistakes and they won the state title.'

Schmidt was a little more demonstrative in his feelings on the race. "This is the happiest day of my entire life. These guys are the greatest people in the entire world and I love every one of them."

The surprise of the day had to be Mark Denis' second place finish which resulted in an incredible one-two state meet finish for North. "This is the greatest thrill in my life," Denis said. "We've been waiting for this for four years and we finally got it."

Brownell Cagers majoring in criminal justice at FSC. end year at 9-3

The Brownell eighth grade girls' basketball team won its last two games of the season. Brownell crushed Chippewa Valley Wyandot, 53-14. Co-captain Julie Cook was a catalyst of the Bullets with

her season high 21 points.
Captain Mary Wachter scored
12, co-captain Marcia Wright put
in 10 points, and Eleanor Allen
and Mary McCormick scored four points each. Brownell won its last game of the season defeating Lake Shore Rodgers, 24-18. Brownell's Cook led all scorers with nine points and dished off many assists. Wright scored six, Wachter put in five and Allen had three points.

'I am very pleased with my girls, they all played great for me this season. They have compiled an impressive 20-4 record in their two years at Brownell," com-mented coach Al Devine. The Bullets ended the season at 9-3.

'Coach told me to stay in front The Grosse Pointe North cross of the pack, that there were no ountry team ran away with the superstars in the race except Schmidt. So when Schmidt made his move to break open the pack, I followed right after him," Denis said after the race.

> "And with the crowd cheering me on I gave it my all.'

Schmidt and Denis were not the only members of the team to perform outstandingly well. Cooper, who ran the finest race of his life, finishing 14th and earning All-State honors, said of the win, "We all ran our best and that's all we wanted to do. To do our best and

Boutell, who placed 21st, said he knew from the start his team was going to win. "After the first 100 yards, I knew we were going to win. But I couldn't believe we won by that much.'

North's Joe Carroll was grateful for the moral support of the Pointe fans. "When I heard people yelling that we were winning, it got my adrenalin going and my legs moving.'

In the girls' portion of the state cross country meet, North finished a disappointing 13th place. Crosstown rival Grosse Pointe South finished in the 18th spot. Meg Moisen ran an outstanding race for South, placing 10th in the girls' 5,000 meter with her time of

Title bid ends for North

By Paul Regelbrugge

North's most successful soccer season came to an abrupt and painful end last Wednesday, Nov. 3, in the state semifinals at Livonia Stevenson. Stevenson's Larry Witkowski kicked the ball out of goalie Dave Loren's hands and into the back of the net for a 2-1, sudden-death, triple overtime vic-

tory.
To reach the Stevenson contest, the Norsemen crased a 1-0 halftime deficit against Chippewa Valley to win, 24, on goals by Paul Regelbrugge and Marc Tirikian. The win gave North the regional championship and secured it a top

five state ranking.

In what many observers labeled as the "true final," No. 2 rated North stunned top ranked Stevenson and a crowd of over 4,000 when Tirikian slammed a rebound past Stevenson goalkeeper Ken-Burt just one minute into the

What followed was a combination of sheer North hustle and willpower as they managed to contain and shut out Stevenson's highly potent forward line until. with 10 minutes left in the game, Spartans' defender Chris Banyai tied the score on a header.

After completing two five-min-ute overtime periods, the two teams went into sudden-death overtime, in which, on a controversial play. Witkowski put an end to what North coach Guido Regel-brugge called, "an epic battle and a fantastic season.

(International soccer rules state that a player is not allowed to touch the goalie and or the ball once it is in the goalie's possession. Witkowski's apparent infraction in front of a partisan Livonia crowd was not called and the play crushed North's dreams of a state championship.)

It's a terrible shame," coach Regelbrugge said. "For as long as the kids live, they'll feel that a bad call by an official beat them. The boys did everything I asked of them and more - the game plan was executed to perfection, but we did not prepare for the referee to allow a goal like this."

North on the soccer map, as evidenced by the favorable comments and expressions of congratulations from coaches and spectators around the state.

North gridders fall

An 87-yard touchdown pass from Bill Crow to Paul Hawk with 1:45 left to play gave Grosse Pointe South a 14-10 come-from-behind football victory over North last

Trailing, 10-0, on the half, the Blue Devils' conquest of North was by no means perfect. Their eight turnovers attest to that fact, but on the other hand, the Norsemen had five themselves.

Scott DeClaire put North on the board in the first quarter on a 23yard touchdown run. Dave Bergeron then booted a 33-yard field goal at the end of the first half to make it 10-0.

South countered with 5:13 remaining in the third quarter when Crow hit Jim Arnold on a 13-yard touchdown pass. The Norsemen then held off the top 10 state ranked Blue Devils until the "big play" with under two minutes re-

"We've been a victim of the big play all season, which led to our three losses," claimed a disap-pointed North Coach Frank Sumbera. "We played a good game, really. It was just that last play that did us in.

Although quarterback Chris Bingaman completed only four of 13 passes for 67 yards, North was able to run the ball very well. De-Claire gained 140 yards in 19 carries and Fred Schultz added 70 yards on 14 runs.

Defensive standouts for the 6-3 Norsemen were Scott Brady with 10 tackles. Schultz with seven tackles and an interception and Joe Weidenbach, who intercepted two

The J.V.'s record slipped to 7-3 with losses to Lake Shore, 26-22, and Clintondale, 23-22. Ann Norton scored eight points

to lead all scorers versus Lake Shore, and Joanna Parsons scored six against Clintondale.

Ellen Gouin's eight point performance led North's freshmen to a 24-11 conquest of L'Anse Creuse.

North wins cross country

"They really worked hard at it this season after what happened last year," said an overjoyed North coach Dave McEvers on the Norsemen's fourth state cham-pionship in nine years. "It was quite a team effort in every respect.

In an unbelievable performance, Joe Schmidt and Mark Denis finished one-two to lead a pack of over 165 runners from 24 schools. Scott Cooper was 14th, also good enough to join Schmidt and Denis on the All-State team. Brian Boutell placed 21st and junior Joe Carroll earned the 26th position. Peter Strek (69th) and Doug Schepke (82nd) also ran excellent races but only the top five finishers from each school are eligible to score points.

Unfortunately, Lady Luck didn't touch the girls with the same efficiency. Previously ranked sixth in the state. North didn't look that good as it placed what coach Charles Buhagiar called a "disappointing" 13th of 24 teams.

"It was a very disappointing end to an otherwise excellent season for us," Buhagiar said. "It was cold and the girls may have been nervous, but there's really no excuse for what happened. It

was the same for everybody."

The top five finishers for North were junior Janet Wesselman, in 18th place, Martha Whitaker, 23rd, Stacie Williams, 70th, Kelly Four-nier, 85th and Colleen Carroll, 95th.

Star's Tunas are tops!

By Mary Unti Star of Sea

The Tunas are tops again. Our Lady Star of the Sea High School's varsity basketball team, coached by Margaret Spindler and Warren Gravelin, captured its second league championship in two years by earning an 11-1 record.

The Tunas' only loss came early in the year. Playing well against East Catholic, the girls came up short, 54-46. Mary Unti led the scoring with 16 points and 16 rebounds. Marisa Ventimiglia added 13 points; sophomore Cindy Winiarski played excellent de-fense for Star.

Star went on to win its next eight games, capturing the league title. The Tunas beat St. Clement, 44-29, with the team playing well. Maureen Boyle led with 15 points: Unti pulled down 14 rebounds.

Unti pulled down 14 rebounds. Star then took an easy win over Servite, 44-17. and defeated St. Florian, 49-35, with Ventimiglia scoring 13 points and Boyle adding 11. Unti had 14 rebounds.

Star then defeated Pontiac Catholic, 52-22, and topped a strong Holy Rosary team, 40-35, with Boyle scoring 15 points and Chris Bourgoin adding 10 to lead the Tunas.

the Tunas.
Then came a decisive win over East Catholic, 62-51. Boyle again dominated, scoring 18 points and picking up 20 rebounds. Ventimiglia chipped in with 15 points. The Tunas used Boyle's 16 points and Unti's 18 rebounds to beat St. Clement, 42-33, then jumped all a 15-0 mark for the first unbeaten

Bourgoin added eight.

The Tunas are now headed for city and state playoff action, including the Catholic League play-offs at the University of Detroit's Calahan Hall.

Star's varsity has parlayed a combination of height, hustle, leadership, solid fundamentals and the overall desire to win, into a 12-1 record.

This year, the varsity has held its opponents to a meager 35.6 point per game average by employing a well-executed man-toman defense. The offense was also well-balanced, averaging 53.2 points per game, with Maureen Boyle, Ventimiglia, and Unti-averaging in double figures in points and rebounds — a feat earning them All-League and All-Catholic honors.

Outstanding defensive ability earned Colette Elie All-League honors. Strong ball handling and passing by Bourgoin, Tracey Fliney, Lisa Kady and Theresa Licardello helped strengthen offensive punch, while Nancy Monahan and Cindy Winiarski strengthened board control.

For the first time in the 13-year history of basketball at Star, the JV and varsity squads have captured their league championships.

Star's JV team broke several school records this season: earning

over Servite, 58-22, to end the season. Ventimiglia led the scoring against Servite with 19 points; and holding opponents to a 26.3 point per game average.

Helping to earn Star's sixth JV championship in eight years were Kari Mascar, Anita Carron, Lori Molitor, Anne McCarthy, Marisa Bautista, Lisa Wild, Michele Calcaterra, Meghan O'Toole, Anita Pugliese, Mary Ellen Sattler, Cindy Allor and Cheri Cavanaugh.

Calling all ice skaters . . .

Ice skaters who aspire to be "discovered" by national ice shows should take note: auditions for ice skaters for Walt Disney's Great Ice Odyssey, America's newest live entertainment spectacle, will be held next Friday, Nov. 19, at noon at Joe Louis Arena.

The Great Ice Odyssey, currently appearing at the arena through Nov. 21 and featuring Mickey Mouse, Donald Duck, Goofy and a host of world-class skaters, is seeking young skaters with good skating skills to audition for this ice show.

Interested skaters must be high school graduates, 18 or older, and be available for travel. Personality, appearance, weight and ability to learn routines are important. Women should wear leotards and tights and men should wear slacks and a shirt to auditions.

'Since the season opens on Monday, travel will be spaced over the preceding weekend (Nov. 12 to 14) and traffic congestion should be minimal," Auto Club Travel Operations Manager James Drury said last month.

More than 720,000 hunters should travel to deer camps by the Nov. 30 conclusion and spend an estimated \$250 million in

To help ease possible jams, shippers using the Saginaw River have been asked to restrict traffic during peak travel times Nov. 12 to 14 and Nov. 16 to 17.

The State Department of Transportation expects northbound traffic to be heavist from 4 to 9 p.m. Friday, Nov. 12, 8 a.m. to 4 p.m. Saturday and 8 a.m. to 2 p.m.

Many hunters are expected to prolong stays in the north because of the weekday opener, but southbound traffic should be heavier than normal between 2 and 5 p.m. Tuesday and Wednesday.

Mackinac Bridge officials estimate that hunter-vehicle crossings should nearly equal last year's total of more than 16,000.

The Auto Club will provide traffic bulletins via radio for traveling hunters between 3 and 11 p.m. Friday, from 8:15 a.m. to 4 p.m. Saturday and from 2:30 to 11 p.m.

Grosse Pointe Soccer **Association** News

5:30 p.m. The Grosse Pointe Soccer Association Girls' Travel Division will hold tryouts for the spring league at Brownell Middle her best game ever on defense. School on Chalfonte Avenue.

There will be two travel teams this spring — one under 12 team for girls born between Jan. 1, 1971 and Dec. 31, 1972 and one under 14 team for girls born between Jan. 1, 1969 and Dec. 13, 1970. All under 12 girls should be at the Brownell

Field at 4:30 p.m. to meet with John Braithwaite. All under 14 girls should be at the Brownell Field at 4 p.m. and meet with Joe Johnston and Barb Edwards. Each age tryout will last approximately one hour.

Registration forms will be given to your child and if accepted to one of the travel teams, the child must return the form by Nov. 30 to Barb Edwards. Your child will be notified within a week of tryouts. When returning registration. include a \$35 check made payable to GPSA (\$70 maximum for two or more children), two current pictures (a must) and a copy of the child's birth certificate (only if child did not play in the 1982 fall house or travel league).

This will be the only tryout held, rain or shine. If interested you must attend. House registration details will appear at a later date.

THE GPSA girls 11/under league came to a very successful conclusion last week. The Stallions completed their undefeated season with a 2-0 win over the Mustangs to become the season and playoff champions. The game was even until the end of the third quarter when Shana Sine broke through to score the first goal.

Elaine Haberer scored the second goal with five minutes to go in the game. Laura Mott was the anchor of the Stallions defense. Halfbacks Brook Snella, Donnell Stocker and Martha Gove and McHugh and Drew Pesler.

On Monday, Nov. 15, from 4 to fullback Laura Jeffs played a strong game. For the Mustangs, Vicky Spicer spearheaded the offense while Cathy Foley played

> The playoff for third place between the Cougars and Strikersended in a 1-1 tie after both regulation time and a 15-minute overtime. Alexandra Anglewicz scored the goal for the Cougars. Andrea Chapin and Julie Gayman played outstanding on offense while Megan Leadbetter at fullback and Samantha Peslar at halfback had very solid games.

On Nov. 6 in the semifinals, the Strikers met the Stallions and lost. 2-0. Heavy parkas hindered mobility for the players, but credit goes to Stallion goalies Hillary Johnston and Melissa Cavanaugh for their goaltending. Both goals were scored by Sine and Jeanne Haberer. Courtney Mack played a fine game.

THE 14 AND under season concluded with a game between the under 14 travel team which finished second in the Michigan Youth Soccer League, and a house league All-Star team. The game was well played by both teams and ended in a 0-0 tie. Goalies Debbie Wilson, Marcia Wright and Tracy Beckenhauer made great saves to prevent goals.

The All-Star team was made up of Tara Albrecht. Eleanor Allen, Mary Allen, Tracy Beckenhauer, Cindy Bowman, Sarah Dow, Michelle Franks, Katie Harrison, Gretchen Kogel, Beth Mercier, Katie O'Rourke, Marcia Wright, Michelle Zablocki and Miya Yoshitani.

The GPSA sent thanks to coaches Dick Harrison, Bob Leadbetter, Candy Bousquet, John Owens, Mark Cook, Stuart Dow, JoAnn Case, Charlie Johnston, Carol Sine, Don Mott, John

Wait ends; ULS is 'D' soccer champion potential. They have fulfilled their Parks, and next year's captain team, with a record of 18-1-1, led

By Matt Carstens ULS

It all started Aug. 23, with pre-season practice for the University Liggett School varsity soccer team. Even then, the members began speaking of the state championship set for Nov. 6, in Flint. They fought their way through the season, undefeated in 95 percent of their games. Last week, the day they had prepared for came. The Knights played Western Michigan Christian's varsity team for the Class D State championship and the 10 weeks of competition and drilling paid off for ULS as it walked away with the championship trophy.

The Knights felt comfortable with themselves in the game, knowing the only factor they needed for victory was to play their own game, and the Marty Wittmer got the first of ULS' two goals early in the game. Larry Van Kirk passed a free kick behind Western Michigan's defense as Wittmer sprinted to drill the ball into the back of the net.

for his 33rd goal of the year.

The second goal came later in the half as Robby Wood took the ball down the field himself. He stopped 20 yards to the left of the net, turned quickly and fired, placing the ball just out of reach of WMC's goalie. The goal brought the half to an end with ULS on

top, 2-0. The second half became the defense's game. Rob Ryan, John Fern, Harold Colby and Dan Bowen continued to take the ball away from the Western Michigan Strikers. Dan Bowen was injured in the half and senior Matt Carstens came into the game to continue Bowen's fine job. Jeff Rasimas also lent his skills to the defense.

WMC managed to score once in the second half for its only goal near the end of the game. Rick Roberts blew past the WMC defense also to score but the goal was disallowed by the referee for a penalty that had occurred prior to the play. The play ended the

game 2-1.
Coach David Backhurst said of the game, "The team has always had the potential to be state champions but the key was to get them to believe it, to fulfill their

potential."

The game ended the Knights' season with an 18-1-1 record. ULS' league, the MIAC, recognized 11 players from ULS in its awards. Larry Van Kirk, Marty Wittmer, Rob Ryan, Rick Roberts and Robby Wood were chosen to the first team. Harold Colby, John Fern, and Dan Bower were chosen to the second team. Bill Tettlebach, Johannes Homan and Jeff Lucas were given honorable mention. Coach David Backhurst was named the MIAC Soccer Coach of the Year.

The most Valuable Player award was shared by Marty Wittmer and Larry Van Kirk. Bowen received the Most Improved Player award while Ryan received the Coach's Award for his tremendous effort made the entire season.

The ULS defense and goalies. Jeff Lucas and Brian David allowed only 22 goals while the ULS offense scored 108, dominating its opponents throughout the year.

ULS honors athletes

On Nov. 3, the ULS community gathered for the 1982 Fall Athletic Assembly to pay tribute to outstanding student accomplishment during the fall sports season. Parents, faculty and friends ap-plauded as a variety of awards were presented to the student athletes.

Varsity golfers, with a record of 10-6, plus city, regional and state Class D championships, were given awards, letters and certificates. Most Improved Player award went to Sean Thomas and Most Valuable Player award went to Murray Sales.

After being awarded certificates and pins, the entire varsity field hockey team, with a record of 9-1-1 and its eighth league championship and winner of the Michigan Invitational Hockey Tournament, was itself determined to be the Most Improved. Most Valuable Player for 1982 was Muffy Hastings.

Varsity football players, with a 2-6 record, were awarded letters. The Most Improved Player award went to Oscar Alcantara, Most Valuable Player award to Jeff

was named. Steve Georgi will captain the 1983 Knights.

As the cross country team, (5-3) were Most Improved Player, Jim championships. Rayma: Most Valuable Player, Kurt Schneider; and next year's co-captains, Chris McCabe and Kurt Schneider.

The girls' varsity tennis team, with a 9-6 record and its third consecutive regional and state Class C-D championship, was awarded letters. Most Improved Player was Susan Andrews and Robby Wood, Students awarded Most Valuable player was Windy 1982 Second Team All Conference

Finally honored was the soccer Harold Collec-

by Marty Wittmer, a new school record holder for goals, and owners of the MIAC championship earned its letters, also announced and the regional and state Class D

> The ULS varsity soccer garnered several awards at the 1982 Michigan Independent Athletic Conference All-Conference Soccer Selections, Students awarded 1982 First Team All Conference were Larry Van Kirk, Marty Wittmer, Rob Ryan, Rick Roberts and were John Fern, Dan Bowen and
