## From bobby socks to The Clash

By Joanne Gouleche

North High School Principal Bruce Feighner paused a minute and then explained what it takes to be a high school principal in the 1980s:

"Be sure you like people, that you have unbounded energy, that you are inquisitive about what makes people do certain things, that you are also inquisitive about learning the necessities of day-to-day operations and that you are diplomatic in how you deal with teachers, students, parents and the public.

"You can like people, but maybe not everything that they do."

IT'S A TALL order for anyone with such aspirations, but it's a creed Feighner has come to live by in his 28 years as a secondary school administrator — the last 13 of those years at Grosse Pointe North.

This week, Feighner submitted his resignation to the Board of Education. He will leave the school system in June, and says it's really time to say goodbye: "I have more than 40 years behind me and I am 62 years old. I figured it's time to leave. Sure, I'll miss it. But that's the challenge — to find something else that is rewarding."

It was after service in the U.S. Army's 33rd Infantry Division in the South Pacific that Feighner got his first teaching job as a vocal music teacher at Royal Oak High School in 1946. Feighner also coached baseball and was a student class advisor then, but his experience in teaching music soon led him to director of music education for the entire school system. Music still remains a first love for Feighner and he often conducts at school functions.

In 1955, Feighner was named

assistant principal at Royal Oak High School. The following year he became principal at Jane Adams Junior High School in Royal Oak and in 1963, returned to Royal Oak High School (renamed George A. Dondero) as principal until 1970, when he joined the Grosse Pointe School System.

In the '50s, Feighner observed bobbysocks, visits to malt shops and Elvis Presley. Now, it's leg warmers, visits to video arcades and anyone between Barry Manilow and The Clash. Just how much have student attitudes changed during the last 30 years?

Feighner believes the dramatic enrollment declines school systems have been facing in recent years has, in some way, affected the mood of students.

"One of the things that contributes to change in student attitudes is the mere size of the schools. In 1970 we had about 2,500, now we have 1,510 students. The density has something to do with people's reaction.

"YOUNG PEOPLE are more apt to act out of common sense when they are not in large groups," Feighner added: "Schools do nothing other than reflect what is going on in the community."

Teacher attitudes, Feighner said, have been "relatively positive" at North High School. "The teachers here have been able to adapt themselves to several changes."

Feighner's day at North begins

at 7:30 a.m. when he greets teachers and students as they come into the building. Then it's on to a series of appointments and review of college applications. Two or three times a week Feighner attends committee meetings in addition to meetings after school and returning for school functions in the evening.

Feighner says his job has been helped along by the good relationship he has enjoyed with students and teachers alike.

"Education, by its very nature, seldom provides one with immediate gratification. Students usually don't come up to you after the day and say thank you. They usually do it 10 years later when they come back to you."

North Assistant Principal Florence Miller called Feighner "one of the finest administrators" she has ever worked under. English teacher Frank Guns, who joined the school system the same year Feighner was appointed, said North's resigning principal "is always friendly and is always there when you need him. His help with class projects and teaching assignments has been great."

DEPUTY SUPT. JAMES HOEH, a former principal at Grosse Pointe South High School, gave high marks to Feighner for his long reign as secondary school administrator:

"The most impressive aspect of Bruce's long career as a high school principal is the time period in which he has held that position.

His initial appointment came in the quiet early '60s, continued through the turbulent student revolutionary years of 1968 to 1974, and then through the comparative calm in the high schools during the late '70s and early '80s.

"Not many high school principals, especially in metropolitan locations, have survived those drastic changes and, of those who have, Bruce is one of the very few who has maintained a positive attitude through it all," Hoeh said.

Looking back at his years at North, Feighner marvels at the community support of the Pointe's public schools. "It's evidenced in the parent cooperation for students."

With no immediate plans for the future, Feighner said he and his wife, Maryhelen, who recently retired after 37 years as a public school teacher, may travel. Feighner added he would like to get involved with his first love - vocal music. "It's a facet of my life that I might get started on again."

This week, the school system announced that a national search has already begun for Feighner's replacement. Administrators hope to fill the post by early June. The school system is advertising the position in major university and education journals. Application deadline is April 1.

## State fund loss irks the cities

By Mike Andrzejczyk

Grosse Pointe officials are worried about the delay of revenue sharing funds due from the state. The delay won't cause any immediate cash flow problems for them, they said.

The payments, scheduled to be mailed to municipalities and school districts Monday, Feb. 27, according to the state Office of the Budget, include quarterly payments of income, sales, single business and other taxes.

The payments were delayed by Gov. James Blanchard as part of his plan to balance the state budget. Blanchard, who has hinted the delay may become permanent, said the state is \$900 million in the red this year, with a residual debt of \$700 million.

According to press secretary Sue Carter, passage of Blanchard's 38 percent increase in the state income tax could mean resumption of the revenue sharing payments as the state cash flow problem swindles.

Pointe officials remain hopeful they will get the delayed payments and said the tax increase would be helpful to insure their receipt.

PARK CITY Manager John Crawford said the delayed payments "could very well mean a very difficult situation" for the city if the money is not received by May.

The Park expected about \$525,000 in state shared revenue. This fiscal year and is about \$250,000 short, he said.

The tax increase "would be a big help, obviously," Crawford said, if it means cities will get their payments. If not, the state should consider paying interest on the delayed payments, treating them like loans from local units.

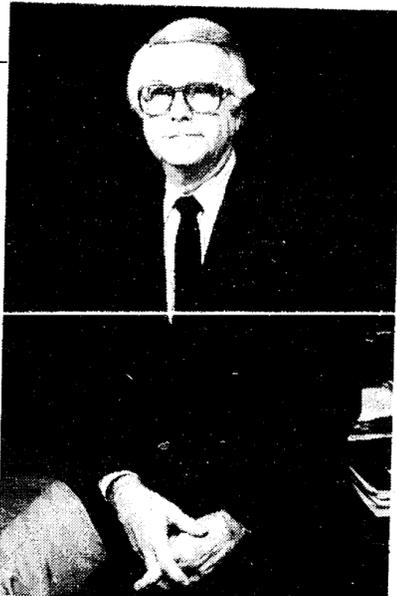

Four of the five Pointes have lower residential property assessments which could mean lower property taxes, the lion's share of municipal general fund revenues. Crawford said the Park has not calculated the total tax dollar loss from the lowered assessments. Millage rates will be set after adoption of a budget, he added.

The addition of property from the Wayburn block may partially offset the loss in property tax dollars, he said. The property was added to the Park's rolls after the court settlement of a long-standing border dispute between the Park and Detroit.

(Continued on Page 2A)

Grosse Pointe's State Rep. William Bryant, a Republican, and Sen. John Kelly, a Democrat, both discuss Gov. Blanchard's proposed income tax increase in separate columns on today's editorial page.

"One of the things that contributes to change in student attitudes is the mere size of schools... The density has something to do with people's reactions. Young people are more apt to act out of common sense when they're not in large groups" — Bruce Feighner, retiring principal of North High School.

## fyi

for your information

By Tom Greenwood

"The Winds of War" swept through the news room last week, with the majority of reporters and editors agreeing that the series was well worth watching.

While it must be admitted that one curably romantic co-worker referred to the dramas as "The Winds of Bore," it got the current staff to wondering what type of paper the 1941 crew put out on Dec. 11, 1941, four days after the attack on Pearl Harbor.

### Yellowed Journalism

A little digging dredged up a yellowed, fading edition of the News with a rather stiffly worded three line, four column headline declaring "Pointe Hastens to Muster Defense Against Threats Produced by Japanese War."

Other front page stories included "Draft Board Given Orders," "Pointe's Ability to Aid in War is Checked," "Two Japs Questioned" and "Brother of Local Draft Clerk in Thick of Battle."

The last story told the exploits of Edward J. Kirk, stationed on a cruiser in Pearl Harbor on the day of the attack.

Inside, an advertisement for the Punch and Judy Theater pushed a double feature with Errol Flynn and Fred MacMurray in "Dive Bomber" and Henry Fonda and Joan Bennett in "Wild Geese Calling."

The Cinderella showed Sonja Henie and John Payne in "Sun Valley Serenade" along with Red Skelton in "Whistling in the Dark."

On the opposite page, the Chicken in the Rough Restaurant offered one-half a chicken (or frog legs), biscuits and a jug of honey, plus "gobs of shoe string potatoes" for 60 cents. Delivery was free.

### Bucks for Buicks

Turner Buick advertised a 1941 Buick 46S for \$995, with a 1939 Buick Fordor (with radio and many extras) for \$565. At the Farms Market bacon was 39 cents a pound, spring lamb was 28 cents, prime rib was 39 cents and a pound of butter was 39 cents.

A four bedroom home on Meadow Lane, with two baths, game room, screened in porch, oil heat and two car garage was \$10,000. In the higher rent district on Moran Road, a home with paneled library, first floor lavatory, screened terrace, air conditioned heating plant, semi-attached garage, four bedrooms, two upstairs baths, game room and large lot went for \$18,500.

Closer to home, the Grosse Pointe News was a nickel a copy, or \$1 a year subscription.

### Crime Pays

Other 1941 editions of the paper showed a rough and tumble style that leaned upon lurid headlines, auto accidents, suicides and crime, crime, crime. The Grosse Pointe Snooze it was not.

Jan. 30, 1941 readers woke up to such cheery front page headlines as "Woods Slayer Pleads Guilty," "Loot From Pointe Homes Found in Home of Robber," "Third Offenders Trial Postponed" and "Ice Boaters Miss Death."

Oh yes, there was also a photo of a smiling murderer beneath the headline "A Killer Awaits his Fate." Another edition showed a murdered man sprawled across the front page. Found on Lakeshore Road, the victim was dismissed as merely "a small time gambler." Ho hum.

Perhaps the zenith in lurid stories was that of March 27, 1941, beneath a headline that screamed "Detroit Tragedy Roars into Pointe as Killer Rushes Victim to Hospital." The lead paragraph read "A sordid romance came to a tragic end at 4:30 p.m. Wednesday in the Grosse Pointe Cottage Hospital with the death of a 29-year-old married woman, shot twice by an enraged lover." Hello National Enquirer.

### Racist Reading

Racism was rampant, but written and taken in a very casual, matter of fact way. One front page story was headlined "Colored Gal Displays Yen for Louis XV." The sub-head read "Beauteous Jeffie Mae gets 60 days for being light fingered with flatware." To top it off, the story was written in a southern black dialect!

When black actor Stepin Fetchit made a personal appearance at the Vogue Theater, the GP News ran his photo with the outline "He's Lazy" beneath it and the description of the actor as "The world's laziest man."

Asians fared no better. One story told of a Chinese born, naturalized American citizen drafted by the Army, then rejected because of his difficulty in understanding English. The last paragraph of the light hearted "White Man's Burden" story read: "Today the Chinese lad's back at the laundry board. Everything is ironed out and Yu Fook Ning will best serve his country by keeping the civilian population clean and neat."

Such a story written today would have instant results. (The noise you hear overhead is Jesse Jackson and Co. winging their way to Metro Airport.)

### Now and Then

All in all, a trip down memory lane via "The Winds of War" and the Grosse Pointe News was a bit disturbing, yet curiously comforting.

Disturbing, because problems facing the country don't seem to have changed all that much in 40 years. Crime is still selling newspapers and America is still fighting yet another world-menacing 'ism.

Comforting because we faced major problems then and survived. Why not now?

Incidentally, a personal opinion of "The Winds of War" Loved "Winds," hated "War."

Cong. George Crockett, Jr., (right) a Democrat who represents Grosse Pointe Park and City as well as the east side of Detroit, toured his Pointe contingent in a SEMTA Connector bus Monday, making one stop at the Neighborhood Club where he met with a dozen local officials including Grosse Pointe City Manager Thomas Kressbach, (left) and past president of the League of Women Voters Frances Schonenberg (center). Crockett's tour of the cities included stops at city parks, review of homes rehabilitated with funds provided by the federal Department of Housing and Urban Development and lunch at the Old Place. The City and Park became part of Crockett's 13th Congressional District last year under a new reapportionment plan based on the 1980 census.

## Gunmen hit Treder Pharmacy

Farms police are on the lookout for two armed men who robbed Treder Pharmacy, 18544 Mack Avenue, of a large number of drugs on Thursday afternoon, Feb. 10. It is the sixth time in two years the local store has been robbed, police said.

According to reports, the two gunmen entered the store shortly before 2 p.m. through the front door and announced a hold up, telling the pharmacist and his assistant they wanted "all your control three to four drugs or I'll blow your heads off."

While the drugs were being gathered, one of the thieves came around the counter and helped

place the bottles of narcotics into paper bags, then ordered the victims to lie on the floor.

Both men kept one hand in their pocket at all times, giving the impression they were armed. At no time was money asked for, reports say.

The gunmen left via the front door and were seen running south on Touraine Road.

Taken in the robbery were 1,000, 500 and 100 tablet bottles of Preludin, Dilaudid, Demerol, Seconal, Doriden, Percodans, Empirin 3, Empirin 4, Tylenol 3 and 4.

Area witnesses described one of the thieves as a fair skinned white male, clean cut and 24 to 26 years of age. He had a medium build, was about 6 foot 2 inches and appeared to be right handed.

He was wearing blue smoked sun glasses with blue and white stripes. He was also wearing clean, expensive looking blue jeans.

Robber number two was a fair skinned, white male, 25 years old and of medium build. Witnesses

said he was 5 foot 9 inches, with dark brown hair. He was nice looking and also wore blue smoked sun glasses.

He was seen wearing an expensive looking dark blue nylon ski jacket, with light blue stripes around the shoulders. Police believe the men made their escape in a Ford, possibly Galaxie model, tan or beige in color with primer paint on the bumper. The car was seen facing south on Touraine Road.

Police believe the two men who robbed Treder's may also have been responsible for a similar robbery at Zimmerman's Pharmacy, 16901 East Warren, on Tuesday, Feb. 1.

In that robbery, both men matched the same description given in the Farms hold up. At that time, escape was made in a black AMC Jeep.

Farms police report this is the sixth robbery at Treder Pharmacy since January, 1981. Two gunmen have been captured and convicted in two of the previous five robberies.

Dr. Tietjen also has been active in the Lutheran unity movement

in the United States. This movement culminated in the decision of 5.5 million Lutherans in the Lutheran Church in America, American Lutheran Church and the Association of Evangelical Lutheran Churches, of which St. James is a member congregation, to form one Lutheran church by Jan. 1, 1988.

A member of the Commission for a New Lutheran Church, Dr. Tietjen is one of 70 representatives from the three uniting church bodies.

**Cities lose state funds**

(Continued from Page 1A)

**WOODS CITY** Administrator Clerk Chester Petersen said the city is in no immediate trouble financially, adding the Woods "can squeeze by" if the state makes its sales tax payments of \$221,000 to the city by June 30. The Woods would be short \$137,000 in state shared revenue should the sales tax payments be made, he said.

Petersen was not mollified by the claim the income tax increase could free up state revenue sharing funds. The governor, he said, "was trying to bail the state out at the expense of cities and school districts." There were no assurances the income tax increase would mean the resumption of payments, he said.

Lowered property assessments may mean a reversal of a trend of recent years where cities rolled back millage rates because of increasing assessments, Petersen said. Cities may roll up the millage, but that decision will not be made until after budget deliberations, he added.

Shores Treasurer Ellen West said the village had been conservative in estimating its state shared revenues. Although the collections were down from the year before, the village had collected about \$91,000 so far, she said.

Grosse Pointe City Manager Thomas Kressbach said the delay did not put the City "behind the eight ball," although the delayed payments means a loss of interest revenue on the invested funds.

The income tax increase "would be most helpful," he said, since cities had budgeted for the money. The City receives about \$300,000 from the state for its general fund. If those funds are reduced, cities would have to either raise taxes or cut services or some combination of the two, he said.

**MEANWHILE**, Blanchard's tax increase proposal has barely begun its trip through the state Legislature, but has already drawn fire from Republican legislators.

State Rep. William R. Bryant, House Minority Leader Emeritus, said the tax hike would increase the size of state government, deflate the state's recovery and hand the governor a chance to lower taxes when it is politically expedient.

A more realistic approach to the crisis is finding out what the deficit truly is, what cuts can be made, and filling the difference with a possible temporary tax hike, he said.

Budget projections are "overly pessimistic," he said. The projections could be self-fulfilling and hurt the state's "soft recovery" now under way, he added.

State Sen. John Kelly, D-Detroit, conceded the budget may be pessimistic, but pointed out that former Gov. William Milliken, during his tenure, had painted overly optimistic pictures of recoveries and deficits. A change is needed in the accounting practices used to develop budgets to take some of the politics out of the process, Kelly said.

Any budget-balancing program based on overly pessimistic or optimistic projections is not fair to the electorate, Kelly said. Some options he prefers are a smaller tax hike, indexing the increase to economic trends and other formulas, he said.

"It takes as much time to get out of a recession as to get into one," Kelly said, adding the current slump was four years old. "The governor proposes," he said. "We make the law."

**Andy Williams will croon for Samaritan**

Grosse Pointe attorney William G. Povlitz is among the supporters of the Samaritan Health Center working on plans for a Friday, Feb. 25 "Extravaganza '83" featuring entertainment by Andy Williams, Gladys Knight and the Pips and appearances by "Dallas" stars Audry Landers and Ken Kercheval.

The \$125 per person benefit will be held in the Renaissance Center's hotel grand ballroom beginning at 6 p.m. with a cocktail reception, followed by a gourmet dinner, entertainment and dancing to the Johnny Trudell Orchestra.

Funds will be donated to the Samaritan Building Campaign, which is currently constructing an \$86 million replacement facility for St. Joseph Mercy and Evangelical Deaconess Hospitals on Detroit's east side.

For more information, call 259-8703.

"Featherie" once was the Scot's name for a golf ball. The first golf ball, in fact, was a leather pouch stuffed with feathers, boiled white. When it dried, the leather shrank but the feathers expanded, and this made it round.

## Local experts debate insanity plea issue

By Michael Raveane

A prominent local prosecuting attorney last week said the insanity defense should be abolished to protect society from dangerous people who may be released from mental institutions and go on to commit more violent crimes.

Robert Healy, assistant prosecuting attorney for Wayne County, told an audience at the Grosse Pointe War Memorial that legal insanity and mental illness are hard to define, and that the insanity plea is outdated.

"I don't want to see psychiatry predicated on scientific notions that have very little validity at this time," Healy said. "We simply do not have the capability to understand why a man acted a certain way at a certain time."

Healy made his remarks Feb. 9 at a public forum presented by the Council of Sponsors, which hosts a series of lectures on controversial issues. Grosse Pointe Dr. Douglas Sargent, a professor of clinical psychiatry at Wayne State University and an attorney, also participated in the forum.

Healy said until 1960, mental patients who committed serious crimes were either sent to prisons or to mental hospitals. "The key was thrown away," he said. "Either way, the criminal was gotten rid of... the interests of society were not affected."

Healy said the science of psychiatry is not advanced enough to determine why a person commits a crime. It is generally accepted that someone with a mental illness is not responsible for his actions and does not know right from wrong, Healy added.

Healy pointed out that confinement from society is necessary "if a guy pulls the trigger and intends to shoot a person."

"We don't care why he did it," Healy said. "What we do care about is that he who did it is

*'We simply do not have the capability to understand why a man acted a certain way'*

dangerous and we have to protect society."

Treatment for mentally ill criminals, Healy said, should come under the sphere of criminal institutions rather than medical institutions "where they can be let back out."

"We have to make up our minds who the jailers should be," he added.

Healy, who has been involved in at least 1,000 felony trials, criticized methods used in court during an insanity defense.

Psychiatrists will be called into testify to the sanity of a suspect. Healy said that many of them are "professional witnesses" who cannot be relied on for an objective testimony.

"You go to the doctor who is going to tell you that your client is nuts," Healy said. But the prosecutor will find a doctor who will dispute this. "He gets his guy, I get my guy. One goes one way, the other goes the other way. The jury can't make up its mind."

Although Healy had strong criticism for the insanity defense, he said that lawyers rarely use it because of an obvious flaw. "In using the insanity defense, you pretty much have to admit that your client did it."

Nationally, the total number of successful insanity defenses is less than 1 percent, Healy said. Even though the number is small, Healy added "some really dangerous people" have found their way out of mental institutions, putting the credibility of the existing system for dealing with these people in jeopardy.

Dr. Sargent, opposed to abolishing the insanity defense, challenged Healy on some points.

Dr. Sargent pointed out there would be little hope of helping mentally ill criminals if they are placed in criminal institutions as Healy suggested. He said it makes little sense "to threaten, to warn or punish them after the act," because they do not have the capacity to understand right from wrong.

A basic problem with abolishing the insanity defense, Dr. Sargent said, is that it diminishes the opportunity to prevent crimes by the mentally ill. The drawback, he said, is that Healy's solution means that a killing or some other crime would have to take place before the criminally insane person can get help. Abolition will deprive psychiatrists from learning more about these problems, he said.

"If there is such a thing as mental disease, we should do all we can to treat or cure it," Dr. Sargent said.

As for courtroom tactics, Dr. Sargent believes the interplay between the defense and prosecuting attorneys will produce the truth. He added its reasonable to call psychiatrists to testify because the calling of professionals to the stand is a standard practice.

Although Dr. Sargent acknowledged there are problems with the system he is not willing to do away with the insanity defense.

"Like all other questions, is the principle worth sacrificing in order to protect society at large? I think not," Dr. Sargent said.

Every mental patient who goes back into society and commits a crime represents a failure to the system, Dr. Sargent said, adding the successes in the system often do not get as much publicity as

the failures. As an example of a failure, Dr. Sargent mentioned the case of John Hinckley, Jr., who was found not guilty by reason of insanity for his assassination attempt against President Reagan.

He said Hinckley and his family were given bad advice by psychiatrists which may have induced him to plot the assassination of Reagan. Dr. Sargent called the Hinckley case a "scenario designed for tragedy."

Such failures, Dr. Sargent said, lead to a loss of faith in the science of psychiatry.

### Senior men man the telephones

Senior Men's Club of Grosse Pointe members will telephone area residents Feb. 19 to help the War Memorial in its annual Family Participation Campaign.

The War Memorial says it is \$70,000 short of its goal of \$200,000 to meet operational expenses of the civic, cultural and educational center. The non-profit center is not supported by taxes and relies solely on contributions and proceeds of its sponsored events to support itself.

Patricia James, of the War Memorial staff, said that to date 1,992 donors have contributed, leaving 3,000 donors yet to be heard from.

"Culture, education and a civic arena make life in a highly technological society more human," Dr. Mark R. Weber, director of the center said. "Perhaps now in these difficult economic times, we need to support cultural centers more than ever."

## Cottage talks with Henry Ford continue

**By Mike Andrzejczyk**  
Possible cooperative agreements between Henry Ford Hospital and Cottage Hospital are still being discussed by administrators, members of Cottage's board of trustees said.  
While no specific services have been discussed with Henry Ford, one of the state's largest medical agencies, the hospital's board of trustees continues to look for ways to trim the cost of health care through such agreements, they

said.  
Cooperative and shared service agreements among hospitals are common, board second vice-president Robert Lambrecht said, and Cottage is talking with a number of hospitals about a variety of shared service agreements.  
"We see that as something that's going to become more common as hospitals try to cut duplication of services and still offer a wide range of services," Lambrecht said. He added that

community hospitals feel the pressure more than larger hospitals.  
"We continually discuss such things," Board President Robert Valk said. The discussions center on specialty areas where each hospital is strong.  
Areas where Cottage would like to improve its service include advanced cardiac care, advanced cancer therapy, and several general gerontology programs, Valk said. These would be of particular

interest to the continuing care of older persons in the area.  
The major reason for shared service and cooperative agreements is economy, he said. "The cost is going up. Unless we're able to do some sharing, the cost will continue to go up," he said.  
Community hospitals look to larger medical agencies because major hospitals have a higher level of technology available to them, Valk said. He pointed out that all the talks are still in the preliminary stage.

The most recent formal agreement the hospital entered into was with Bon Secours Hospital for the joint purchase of a \$1.6 million Computed Tomography scanner. While the scanner itself is located in Bon Secours, a cable link between the hospitals allows Cottage doctors to use the machine.

"It's a very expensive field," Valk said. "If two do it, it's a lot cheaper than one. We wouldn't be serving the community if we weren't continually doing it."

## Stop smoking clinic planned

A five-day stop smoking program will be offered at the Harper Woods Community Center, 19748 Harper at Allard, beginning Monday, Feb. 21, by Henry Ford Hospital.

For more information about the program, or the introductory session call the Henry Ford Hospital Health and Lifestyle Center at 876-2630.

## Woods, Shores officers get commendations

Departmental award boards met recently for the Woods and Shores public safety departments to make commendations for officers' actions during the year.

In Grosse Pointe Shores, officers Ronald Klotz and Harry Hamilton received commendations for individual initiative, public safety director Joseph Vitale said. Both officers spent off-duty time taking part in seminars and training civilians and members of the Power Squadrons, he said.

Sgt. Daniel Healy received an individual initiative award for his work as coordinator of the Shores' emergency medical service program, Vitale said.

"Sgt. Healy donated his own time and effort in coordinating seminars for public safety departments for other cities and neighboring counties," he said. "He was instrumental in putting together seminars in water rescue, vehicle rescue and other subjects."

and Bruce Darlington received life-saving awards for their work in a fire last July, Vitale said. The two were on patrol when they spotted smoke coming from the roof of a home. Entering the home, they found it smoke-filled and helped an elderly woman to safety who otherwise might have asphyxiated, Vitale said.

Woods officers receiving letters of commendation and departmental commendation awards include Sgt. James Davidson, for his efforts in observing a possible "pigeon-drop" confidence game. Although no arrest was made, Woods Public Safety director Jack Patterson called Davidson's work good crime prevention.

Officers Steven Backlund and Thomas Hunke received letters of commendation for their recovery of a stolen vehicle. Patterson said the two officers, through their investigation, may have prevented another crime from being committed.

commendation for his off-duty assistance in recovering a stolen automobile and helping Detroit police make two arrests. Officers Kirk Risk and John Ross also received awards for their apprehension of three youths attempting to break into Parcels School.

Officer Michael Makowski received a letter of commendation for his off-duty assistance in the apprehension of a car thief, Patterson said.

In addition, four officers are being considered for awards after a Monday, Jan. 31, meeting of the Woods awards board, Patterson said. Officers Richard Elsey and Risk were nominated for a letter of commendation for their efforts in spotting a fire at a Woods pet shop while on patrol. Patterson said the officers' work and early warning kept the fire from spreading into what may have become a blaze involving a number of buildings along the Mack business strip.

## Retirement is focus of forum

An in-depth look at the quality of life in retirement years will be the focus of the fifth all-community Senior Forum at the War Memorial on Wednesday, Feb. 23, at 9 a.m. The forum, entitled "Life Goes On," has been planned for adults of all ages and is open to the public without charge.

The keynote speaker will be Ronald E. Trunsky, M.D., associate chairman of Psychiatry and Chief of Inpatient Psychiatric Services at Sinai Hospital. Dr. Trunsky, who is on the faculty of the Wayne State University School of Medicine and the Michigan State University School of Human Medicine, will draw his talk from his extensive work and experience with older people.

Issues to be covered will include the importance of continued mental growth in later years; keeping up with life in an era when tech-

nical changes are replacing continuity; and how to prepare for continuing development in later years.

Following Dr. Trunsky's talk, the audience will break for coffee and small group discussions and then will reconvene for a question-answer period.

Wednesday's forum is sponsored by the Senior Forum Board of the Grosse Pointes and Harper Woods and War Memorial. Dr. Mark Weber, executive director of the War Memorial, will chair the meeting.

Community residents who will lead the discussion groups are Edward Allardice, Theodore Fleming, Howard Hush, Roberta Humphries, Susan Mozena and Frances Schonenberg.

Members of the program committee include Weber, Allardice, Hush, and Woodburn Ross.

Dr. Ronald E. Trunsky will deliver the keynote address at the "Life Goes On" forum next Wednesday.

Marie Boyle-Asmus and Don Ross in a duet from Grosse Pointe Theater's "A Musical Celebration."

## 'A Musical Celebration' With Grosse Pointe Theater

Grosse Pointe Theater is celebrating its 35th season of plays, 20th year in Fries Auditorium and first year in the new rehearsal hall at 315 Fisher Road so, it has decided to do something special for the community to celebrate.

The community theater group does more than simply put on plays each year. Scholarships are given to local drama students to further their college education, a high school drama festival for the local high schools is sponsored and extensive renovation of the Fries Auditorium stage was funded in part by the Theater group. At Christmas, individual members donate funds to be distributed to various charities along with proceeds from its bazaar. Less than two years ago, GPT purchased the old, run down nursing home at 315 Fisher Road and has renovated it into a rehearsal studio.

The new rehearsal facility is now in full operation but there is still a great deal of additional work to be done. GPT's board of directors — in looking for a means of raising additional funds to continue the renovation — decided to do what the group does best. The result is "A Musical Celebration".

## Cinema League will travel to Switzerland

The Grosse Pointe Cinema League will present two films when it meets Monday, Feb. 21, at 8 p.m. in the Grosse Pointe War Memorial's Fries Auditorium, 32 Lakeshore Road.

"Every End is a New Beginning" is a journey through central Switzerland and its mountains, valleys, towns and villages. Visited are the capital city of Bern, historic Fribourg on the River Saane and the town of Gruyeres, perched high on a rocky crag with its medieval ramparts.

Other sights visited are Lauterbrunnen, the health resort of Grindewald, Lucerne and Zurich.

The second film is "Take a Little Trip," a light-hearted look at a motor trip through New York state, including Niagra Falls, the Finger Lakes region and the Adirondacks. The film ends in Toronto, Canada.

The public is invited to attend the movies free. The social hour following the movies is limited to Cinema League members.

A joyous trip down memory lane with music from many of the musicals performed over the past 20 years.

The music-filled evening will begin Wednesday, Feb. 23, through Sunday, Feb. 27. Tickets are available for every evening except Saturday, Feb. 26, and the donation is tax-deductible.

Preceding performances on Feb. 23 through Feb. 26, theatre-goers can dine in the Crystal Ballroom of the War Memorial. Theatre Buffet tickets are available up until three days in advance of each performance for \$12.50 each (tax and tip included). Patrons must secure tickets for the performance from the Grosse Pointe Theater by calling 881-4004 prior to ordering buffet tickets. Call the Center at 891-7511 to order buffet tickets or for more information.

## Club is calling all local artists

The Grosse Pointe Artists Association has announced the opening of its annual winter application period.

If you are a Grosse Pointe artist interested in joining an active association dedicated to the promotion of the fine arts, your application will be welcome, according to Jerry Crowley, publicity chairman.

## Teachers focus on behavior

Eighty Grosse Pointe teachers, counselors and administrators recently attended a workshop at North High School focusing on "Understanding and Eliminating the Self-Defeating Behaviors of Underachievement."

Educators and counselors Marna L. Beard and Michael J. McGahey helped teachers learn new ways to deal with students who are not working up to their

potential in the classroom.

Ms. Beard and McGahey told teachers underachieving students tend to engage in behaviors that defeat themselves. Students then create and maintain a continuing cycle of poor performance.

The counselors presented another teacher workshop on underachievement at North High School on Feb. 11.

**Zorba dinner  
theater tour**

Many people may miss seeing "Zorba," because transportation to Masonic Temple poses such an obstacle. Because of this, the War Memorial will sponsor a worry-free evening with "The Man," Thursday, March 3.

The evening will begin at the center at 6 p.m. with dinner of beef shish kabobs, broccoli spears, Greek salad with Feta cheese and more. After dinner a chartered bus will transport theater-goers to Masonic Temple Auditorium where they will be directed to their specially reserved orchestra seats.

Dinner, theater and round-trip bus transportation are \$41.50 per person. Call 881-7511 for more information.

**Auto Club continues food drive**

The Automobile Club of Michigan is asking its employees, customers and concerned persons and community groups to donate food which will be distributed to various community service agencies as part of its "Operation Food Basket" food drive statewide.

Locally, the Auto Club office at 19299 Mack in the Woods reports it has collected 33 boxes of canned food and non-perishable goods for distribution through the Neighborhood Services organization.

"We've had a pretty good response," branch manager Nita Capitan said. "So far, we've delivered nine boxes on Jan. 5 and 21, and with what we have now and what's in the basket, we should be ready to deliver about 15 more boxes by next week."

The goal of AAA's food drive is at least one can of food per week per employee, customer or concerned resident, the company said. If every Auto Club member were to bring in one 16-ounce can a week, an estimated 2,400 tons of food would be collected monthly, the company added.

"There are 700,000 individuals out of work statewide and unemployment figures remain at record-high levels," Auto Club

president Jack Anvignone said. "We are very concerned about our neighbors. We want to do all we can to help."

Capitan said the drive received a very good response after its kickoff last December that continued until Christmas. Collections have tapered off slightly, but response is still good, she added.

Next week's delivery, Capitan said, was boosted after a group of St. John Hospital employees held a department collection at the hospital and dropped the donations off at the Auto Club.

The Auto Club has food baskets at 60 Auto Club branches and claim centers during the drive, which the company said will continue as long as the need for food for the hungry persists. The Club is seeking canned food, including tuna fish, peanut butter and vegetables as well as non-perishable items such as macaroni, rice and cereal. Other foods needed include jello, dried milk and cocoa mix.

Food may be dropped off during regular Auto Club business hours. The Mack office is open 8:30 a.m. to 5 p.m. weekdays.

**Hertel calls for U.S. job board**

U.S. Rep. Dennis Hertel, D-Detroit, said recently he plans to introduce a measure calling for the formation of an Economic Development Board to develop a national job bank.

According to Hertel, the national job bank would be an innovative way to turn the tide of double-digit unemployment. The purpose of the board will be to anticipate employment needs nationally and coordinate efforts to fill those needs with qualified people, the congressman said.

"Essentially the board would

act as a repository of developing employment needs and, in a timely manner, help develop ways to meet those needs from the existing pool of individuals seeking employment," Hertel said.

The congressman hopes the U.S. Employment Board would establish and oversee a National Employment Bank, a computerized listing of jobs. In addition, the board would conduct studies to determine future employment possibilities and shortages; make recommendations regarding training and retraining programs to meet changes in the labor market; and look into the feasibility of relocating individuals to meet changing labor needs, Hertel said.

Hertel said under the terms of his proposal the board would include the secretaries of Commerce, Education and Labor, the chairman of the National Science Foundation and presidential appointees from labor and business.

"My purpose in this legislation is to establish a more comprehensive and up-to-date method to deal with unemployment surges before they occur," the congressman said, pointing out Michigan has suffered from double-digit unemployment for more than a year and currently leads the nation with a jobless rate near 18 percent.

According to the congressman's aides, the measure was expected to be introduced during the first session of Congress. The bill would most likely go to the Education and Labor committee, aides added.

**Exchange Club joins child abuse program**

The Grosse Pointe Exchange Club has joined a national effort with other affiliate Exchange Clubs to combat child abuse.

The National Exchange Club Foundation for the Prevention of Child Abuse has been formed to raise money and promulgate programs to detect and rehabilitate abused children and their parents.

The Exchange Club says more than 2 million American children are victims of child abuse and about 2,000 died of their injuries last year. Studies show that most imprisoned criminals suffered from some kind of physical or sexual abuse when they were children, the club says.

To learn more about the effort or to make a tax deductible contribution write Exchange Club, 740 University Place, Grosse Pointe City, 48230.

Information not misinformation

Ordinarily we don't advertise. We feel that "being persuaded" has more to do with the kind of light and conviction that came to St. Paul than with advertising. But we've placed this ad because we feel it's time to make available some accurate information about Christian Scientists and what we really believe.

For example: maybe you've heard that Christian Scientists are "against doctors." That's not a fair statement. Yes, we do believe strongly in Christian healing—as distinguished from "faith healing." In this secular time, we believe it's crucial to humanity that the practical power of prayer survive. But we also totally support free moral choice, and we love and value humanitarian efforts wherever they're found.

Or maybe you've read something recently that labels Christian Science as a "cult." You may or may not agree with what Christian Scientists believe, but you can easily determine there's nothing about us that fits this derogatory category. We've been a democratically organized church of lay members on the American scene for over 100 years. Church services and Reading Rooms are open to all. And anyone who's attended a church service knows of the emphasis on Christian prayer, quiet reasonable thought, and individual spiritual experience.

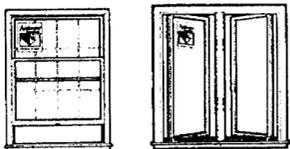

As we said, the reason for this ad is to offer information instead of misinformation. And if you send the coupon, be assured there is no follow-up of any kind—phone, letter or personal.

**WILL THERE REALLY BE A MORNING?** Drama based on the autobiography of Hollywood star Frances Farmer, here portrayed by Susan Blakely, (as opposed to Jessica Lange, who is being touted for an Oscar for her role in the title of the current theatrical release *Frances*.) Ms. Farmer's life is traced from her chaotic childhood in Seattle to her emergence as one of the top film personalities of the 1930's. Success is underscored by her deteriorating personal life, an unsuccessful marriage, a tortured love affair and a raging war with the mother who is determined to control her life. Lee Grant, John Heard, Melanie Mayron and the great Royal Dano co-star. Ultimate survival from a season in hell.

## Defining school state aid

By Dr. Kenneth Brummel  
Supt. of Schools

Among the factors that should be considered in relation to the March 7 millage election are the sources of revenue for operating the public schools and libraries.

One reason that a successful millage election is so crucial to our operation is that so much of our revenue is from local sources - between 95 percent and 98 percent. This is true for both the schools and libraries.

The rest of our operating revenue comes from county, state and federal sources. County and state funds account for 1 percent of the school's total revenue and 4.9 percent of the library's income, and federal monies account for 0.8 percent of the school's revenue while the library receives no federal money at all.

Perhaps the one issue that needs the most clarification is the payment of state aid to our public schools. In order to clarify that issue, an understanding of terminology is necessary. In nearly all local situations where the term state aid is used, the reference is to "Categorical State Aid for Special Education," although we do receive small amounts of state funding for vocational and driver education programs and our cafeteria operation.

Our schools receive no funds for general use from the State of Michigan because we are an "out-of-formula" district. We are "out-of-formula" because the State Equalized Valuation (SEV) of local real estate, when computed on a per pupil basis, puts us over the amount necessary to qualify for general state aid. The only programs for which the state permits "out-of-formula" districts like Grosse Pointe to receive funds are generally those which the state requires all school systems to offer such as special and driver education. Even then, the state aid received only partially covers the expenses of those programs, and local monies must be used to pay the rest of the costs.

Most of the state aid we receive must be used to offset partial expenses of our special education programs - speech correction, remedial reading, psychological testing, homebound teaching, pre-school screening, teacher consultant and social work service, and programs for mentally and emotionally impaired and learning disabled students. In addition to providing these programs for our own public school students, our school system also operates these programs for more than 370 students in the community's private and parochial schools.

Of course, one of the problems that schools have been encountering more and more often is the cutback of state funds, even for the programs mandated by law. These cutbacks are due to the financial condition of the state, and make it very difficult for schools to continue operating special programs when the state indicates at the beginning of the year that it will provide certain amounts of money, but then substantially reduces these funds throughout the school year.

With this understanding of the sources of our revenue, I trust our voters will consider the tremendous importance of locally generated revenues to the continued successful operation of our public schools and libraries, and approve the March 7 millage propositions.

### Teens give Reagan high marks

America's leading high school students think President Reagan is doing a good job, believe prayer has a place in the public schools, and are not as racially prejudiced as their counterparts were eight years ago.

These are among the findings in the latest "Who's Who Among American High School Students" Annual Survey of High Achievers. The 13th annual poll revealed

that most of the top high school juniors and seniors (48 percent) think Reagan is doing well with the economy. Fifty-four percent rate him high on domestic policy and another 47 percent like his foreign policies. However, 34 percent, a plurality, rate him below average on social programs.

Not surprisingly, 76 percent want the economy to be our government's top priority. An overwhelming majority (91 percent) believe a balanced budget is important to maintain a strong economy.

On social issues, more than three-fourths think prayer should be allowed in public schools. They also think "scientific creationism" (biblical creation) should be taught along with evolution theory in public schools (73 percent). In any case, 78 percent do not think books should be removed from school libraries or banned from classes.

Unlike the "Who's Who" teens who answered the poll in 1974, this year's high achievers do not feel racial prejudice. None of the black students queried and only five percent of the white teens said they feel racial prejudice against others. In 1974, 20 percent of those polled said they felt prejudiced.

Although most (44 percent) believe that interracial dating is okay, they said they would not participate. Another 40 percent approve of interracial marriage.

## The State of the County

The state of the county, it appears, is no better than the state of the union or the state of the state. In fact, it may be worse, in some respects, the public was told by Wayne County Executive William Lucas in his State of the County address.

Continuing the tough talk he has adopted since his election in November, Lucas warned that the county's total deficit is now up to \$331 million, which is more than the county's budget for the current year. Citing that fact, Lucas called for more concessions by county employees and a harder look at expensive county services, such as those provided at heavy cost by Wayne County General Hospital.

**THE EMPLOYEES** and their unions promptly struck back at the county executive, pointing to the concessions they already have made and to the importance of county services in general. But their basic attitude remains as it has been

in the past. It is that the county exists to hire and pay exceedingly well the employees who perform the county's services.

It is true that closing the hospital would apparently cost 1,100 jobs but if the care of indigents can be provided elsewhere at less cost, then the county should adopt Lucas' proposal. If the closing cannot be accomplished, the least that should be done is to reduce the hospital's deficit which Lucas estimated at \$13 million a year.

Lucas has promised no tax increase but will have to seek a renewal of the one-mill property tax that expires this year. Unfortunately, without the revenues from that additional mill, the county's deficit will continue to grow, but without further concessions by employees and actions such as the closing of Wayne General, the public may be unwilling to continue that levy. Throwing good money after bad doesn't appeal to taxpayers very much these days.

## A reversal at Oxford

A half century ago, on Feb. 9, 1933, members of the Oxford Union, the debating society at England's prestigious Oxford University, voted by a 275-to-153 margin to support the motion, "That this House will in no circumstances fight for its King and Country."

That vote created a political storm in Britain. Oxford was called a hotbed of decadence and communism and one critic mailed in a box of 275 white feathers. But it had a wider effect. Many American university student groups, swept along on a tide of isolationism, adopted their own version of the Oxford pledge. And in Germany, Adolf Hitler, newly come to power, saw the Oxford vote as proof of his conviction that the democracies lacked the will to fight.

In a dramatic reversal of positions, however, on Feb. 9, 1983, exactly 50 years later, members of the same Oxford Union voted down by a 416-to-187 margin the revised motion, "That this House would not fight for Queen and Country."

**LEADING THE** opposition last week was Max Beloff, British writer and academician, who 50 years earlier as an Oxford undergraduate had supported the original Oxford pledge. This time, Beloff said, according to the New York Times account, "I wish to apologize to the memory of those who died and beseech this House not to make the same mistake, and vote against this motion."

"Those of us who voted for the original motion have a duty to make atonement and to warn against the kind of foolish arrogance which led us to make statements which were factually and morally untrue," he said. "In fact," he went on, "most of those who in this House said they would not fight did in fact fight in the war." Beloff himself was among them until discharged for medical reasons.

So what significance can we read into the shift in the Oxford Union's position about fight-

ing for Queen and Country?

For one thing, it reflects a more realistic position than the idealistic one taken in 1933. For another, it reflects British public opinion more accurately than an affirmative vote would have done. One day after the Oxford Union stoutly rejected the 1983 Oxford pledge, for example, the Church of England defeated by a 338-to-100 vote a motion calling on the British government to scrap its nuclear arms. That, too, was a vote against pacifism and unilateral disarmament, even though the church body also called on all nations to renounce the first use of nuclear weapons.

**TODAY THERE** appears to be little support in the Western world for unilateral disarmament or even a unilateral freeze on nuclear weapons. There is, however, strong support for universal disarmament as well as a nuclear freeze by all nations. If, however, the Soviet Union has already achieved a nuclear superiority, as some U.S. officials contend, a universal nuclear freeze would freeze the USSR into superiority, and weaken the U.S. nuclear deterrent that has kept the peace (more or less) since the nuclear age dawned.

Max Beloff said that in 1933 he and other students taking the Oxford pledge were really voting against World War I and its terrible waste of human life. Today's students, realizing that pacifism did not halt the onslaught of World War II, seek a universal freeze or universal disarmament. Unfortunately, those goals may be impossible to achieve, which leaves us with the alternatives of further increasing the balance of nuclear terror or taking at least small steps to control the growth of armaments. There is little question which choice most people would make but doubts arise as to whether the Soviet Union will ever agree to any meaningful limitations that bar the superiority it appears to seek.

## One View from the Capitol

By Rep. William R. Bryant, Jr.  
State Representative

The state budget situation is further heating up as the Governor fights the call by Republicans for much higher cuts, as we question his very low revenue projection and loudly say no to his tax proposal.

There is a major problem for the fiscal year and a lesser one for next fiscal year but we are really not stupid enough to hand the Governor a bundle of new tax money to expand government or to provide a tax cut at some politically opportune time. But, more basic than that, taxes should never be raised without a clear proof of critical need.

We have told the Democrats that if they want the Governor's proposal, they can put up all the votes for it. If, however, they want to be reasonable, we'll talk, but Gov. Blanchard's proposal, which would increase state income tax withholding by 57 percent, is ridiculous.

His claimed \$900 million deficit is probably \$150 to \$200 million too high. Only \$60 million of his proposed \$225 million in cuts are solid, real cuts.

Democrats have even intimated they may try to get Republican votes for a permanent tax increase for the general fund by threatening to pass a new reapportionment plan for 1984 and beyond, making various Republican seats Democratic seats. It is a stupid game we will not play with the future of our state. Our response to them is simply, "Go ahead, Democrats, and try it if you think you can get away with it. But if you pass a bill and Gov. Blanchard signs it, which would create districts drawn to assure Democratic majorities in the House and Senate for the decade, we will simply circulate petitions to put it on the November, 1984 ballot and let the people judge your abuse of power and your greed."

Power does corrupt.

## A Democrat's View of Lansing

By State Senator John Kelly

After the gimmick of Gov. Milliken's "temporary" income tax hike and 14 years of questionable accounting by the Republican administration, the state government must now reconcile the crisis that faces us. For years we have been fed false statistics and watched the treasury manipulated from the generally accepted accounting procedures so that we are now projected at a deficit of more than \$900 million dollars in the coming year with other unfunded liabilities of over \$700 million dollars.

It was only last May while I was sitting in Gov. Milliken's office that he was trying to convince me that "the economy will recover in August with a rebound that will amaze everyone." These rosy words were intended to lure me into voting for the income tax increase but he failed. Michigan's economy, like that of the entire U.S. will take years to recover and therefore any adjustments we make in the economy will have to be geared toward a post-recovery period of at least three years.

Newly elected Gov. Blanchard's Crisis Team has taken the least imaginative way possible to resolve the problem — increase taxes. The Crisis Team recommended a 1.5 percent open-ended increase in the income tax and a .25 percent surcharge, a program designed to do little more than maintain the status quo.

The most important question is not how do we maintain what we have. Rather, the question should be how do we change the state's economic structure so that in the future we don't face the same cyclical-ridden automotive dependence. I view my job in the Democratic Party as to produce a coherent industrial and economic policy for Michigan and to adequately find that effort as a condition precedent to any request for higher taxes even if temporary.

Over the next several months our task should be to avoid additional partisan arguments and propaganda over who can cut the most from whom, and get down to the task of rebuilding Michigan.

## Ad draws concern from St. Paul

To the Editor:

Over the years, the Grosse Pointe News has given considerable space to St. Paul on-the-Lake and its many activities. Most recently Peggy O'Connor's page one story about Ed Lauer is a splendid example of how your fine newspaper has reflected the many developments not only

within our own parish but within the community at large.

In a spirit of cordiality may I express concern about the advertisement that appeared on page 11-A of the Feb. 10 issue, "Moral Disaster in Detroit."

I'm confident this ad does not reflect your paper's response to Archbishop Edmund Szoka's position in regard to abortion and the appointment of Sister Mary Mansour to head the Michigan Department of Social Services.

But the ad does give the totally unwarranted impression that Archbishop Szoka ap-

proves of abortion and even Sister Mansour's role as head of a political entity that finances abortion on demand.

I understand that both the Detroit Free Press and the Detroit News refused to run this ad, slanted and biased as it is. Perhaps some such discretion on the part of the Grosse Pointe News would have avoided the confusion that inevitably results among the people who read it, especially the Catholic residents of this community.

## We must save the whales

To the Editor:

Attempts to save the whales are being scuttled by four nations (Japan, USSR, Norway and Peru) which refuse to accept the overwhelming 25-7 vote of the 1982 International Whaling Commission meeting calling for an end to the killing of whales by 1985-86.

If these governments continue to resist all reasonable attempts to change their pro-whaling policies which diminish the effectiveness of whale protection measures, then I strongly support stern economic sanctions against these nations, as provided for in existing U.S. legislation. I hope this effort will receive the editorial endorsement of your newspaper.

## Board says thank you

To the Editor:

At the Board of Education meeting on Jan. 10, a committee of citizens and staff members presented to the Board of Education its recommendations concerning the future organization of the Grosse Pointe schools. Those recommendations resulted from a lengthy study over the past year and involved hundreds of volunteer hours on the part of members of the committee.

On behalf of the Board of Education, I wish to thank, publicly, the committee for its concerned efforts on behalf of quality education in the Grosse Pointe schools. While all of the steering committee members and sub-committee participants deserve our gratitude, I particularly wish to note the outstanding contribution made by the chairperson, Edward Deeb, and also the fine work of Dr. Jeff Barry who wrote the final report and recommendations.

The report itself is now under review by the administration and members of the Board of Education. The work of the committee and the report will certainly assist the board in reaching a decision that we hope will enhance educational experiences for current and future Grosse Pointe children.

## From Another Pointe Of View

By Janet Mueller

A picnic in February? Well . . . why not? It certainly beats hanging around the house, which is the general occupation of Michigan residents during the Grey Month. But if you're going to picnic in February, you really should do it up brown. So why not accept Channel 56's invitation to attend Le Pique-Nique Francais and Art Auction on Saturday, Feb. 26, at Somerset Mall?

The evening starts at 6:30 p.m., with a champagne preview of the 100-piece Fifty-Six Collection of works by artists who are well-known both in Michigan and on the international scene. They (the works, not the artists) will be auctioned off following an elegant French supper, with all proceeds going to help support the Detroit area's only public television station.

Richard Kozlow, Aris Koutroulis, Sarkis Sarkisian, John Glick, Marie Woo, G. Alden Smith, George Bayliss, Herb Babcock, Chagall, Miro, Sam Francis and Dali are among the artists represented in The Fifty-Six Collection.

Obviously, to present an evening of this magnitude requires hours of volunteer time. Among these serving on the 1983 committee for this annual event, featuring art works of special interest/value donated to the 56 TV Auction, are Mr. and Mrs. Henry Ford II, Mr. and Mrs. Richard Manoogian, Judge and Mrs. Peter Spivak, Mr. and Mrs. Ross Maretsky, Mr. and Mrs. Victor Wertz, Mrs. Joseph Vance Jr., Mrs. George Van Wallegem, Mr. and Mrs. Tom Schoenith, Dr. and Mrs. Kim K. Lie, Mr. and Mrs. Richard Doerer (Mrs. Doerer, Dotie, is general chairman of the TV Auction this year) and Walter Keating.

Tickets for Le Pique-Nique are \$25 per person, and are available by calling 873-7200, Extension 200.

**Present Detroit Debut Concert Series at DCMS**

For the concert artist there is a long standing tradition: to launch one's career with a New York debut, thereby hoping to obtain words of commendation from a New York critic.

This was relatively affordable 10 or 15 years ago, and there were then three or four newspapers, each with at least one music critic, in New York. The odds of pleasing one of them were favorable.

Today a New York debut costs between \$8,000 and \$12,000, covering professional handling of the hall rental, program and ticket printing; box office services, newspaper, radio or television advertising, posters, fliers, mailings, personal appearances and the professional entertainment of important personages — and these expenditures don't guarantee an audience, let alone more than one review.

There are, however, many other cities in the United States that are highly cultured and have audiences ready to listen to performances by talented young artists and knowledgeable critics who are willing to review them.

The Detroit Community Music School and Great Lakes Performing Artist Association, with the cooperation of Station WQRS, Timeless FM 105, have joined forces to present 10 outstanding young performers in a new Detroit Debut Concert Series at 8 p.m. in DCMS' Broughton Auditorium on the third Mondays of February, March and April.

The first concert, Monday, Feb. 21, will feature duo-pianists Grant and Winn, winners of the 1980 Munich International Competition, in a program of works by Messaien, Mozart and Liszt.

Featured Monday, March 21, will be Geoffrey Tozer, pianist, Gold Medalist, Arthur Rubinstein Competition (program; Beethoven, Liszt, Franck), and Constance Barron, soprano, and Brian Connelly, pianist, in "A Time for Singing," ranging from gospel to musical theater to classical song.

The series' final concert, Monday, April 18, will present Duo Vivo: Laura Hunter, saxophonist, and Brian Connelly, pianist, performing music by Schumann, Platti and Creston, and the Golden String Quartet in a program of music by Zupko and Smetana.

Tickets for the series or individual concerts may be purchased in advance by contacting DCMS, 831-2870, or at the door.

**WSU Faculty Wives gala . . .**

Grosse Pointe's PAULINE M. THOMAS (right), president of the Wayne State University Faculty Wives Club, is pictured with GINKA GEROVA-ORTEGA, flutist, featured performer in the Faculty Wives gala benefit concert and art exhibition set for Saturday, Feb. 26, at 7:30 p.m. in the Alumni House Lounge on the WSU campus, and GLADYS TRUJILLO-KALDOR, chairman of the evening program and one of its featured artists. WSU President David Adamany is honorary chairman of the event. Pointers Virginia Downing, Mary Hagman, Evelyn Brammer, Tulo Polgar and Hanna Mammen are among those serving on the committee planning it. Information on tickets at \$8 per person, including a meet-the-artists champagne and hors d'oeuvres buffet, may be obtained by calling 646-1329; larger donations are encouraged as there is a tremendous need, especially for loans, among the students at Wayne.

Internationally-known Ginka Gerova-Ortega, who resides in Bloomfield Hills, will present a program including compositions by Blavet, Poulenc, Mozart, Reinicke and Szeligowski. She is a member of the Faculty Wives Club, and has graciously offered to donate her time and exceptional talent to benefit the WSU Scholarship and Loan Fund.

Professor Toma Schwartz, pianist, a recitalist and solo performer in many European cities before coming to the WSU Music Department in 1972, will accompany her. Professor Schwartz teaches and continues to give concerts.

The paintings on exhibit that

evening will be for sale. The artists include Berta Leone, whose varied art experiences range from drawing for film animation to designing, teaching and exhibiting drawings and paintings in regional and national shows. She was recently honored by a one-woman show at the Governor's Mansion in Lansing, and her work is represented in the K-Mart International Art Collection at K-Mart's World Headquarters in Troy, She, too, is a member of the WSU Faculty Wives Club.

W. Alonzo Allen, Emeritus Professor of Art at Wayne State, retired last December after 40 years of teaching art and experimenting with various styles and procedures in support of that teaching. He has recently returned to a very early love: landscape painting. At the 21st annual Christian Art Show in East Lansing, Professor Allen received an award for his painting "Tower of Babel."

The post-Impressionistic paintings of Gladys Trujillo-Kaldor, born in Bogota, Colombia, are Matisse-like, and often reflect her love for her native country. Her awards are numerous. Her paintings are in permanent collections throughout the world. She received a bronze medal in October, 1982, at the Prix du Centenaire de Raymond Duncan in Paris for her painting "Solitude."

**To host World Day of Prayer**

World Day of Prayer, the annual observance, sponsored in the United States by Church Women United, that unites women of faith in 170 countries on six continents around the globe, will be celebrated this year on Friday, March 4. Locally, the service is scheduled for 1 p.m. at Grosse Pointe Congregational and American Baptist Church.

Theme for the 1983 World Prayer Day, written by Christian women from the island nations of the Caribbean who, representing a rich mixture of races and cultures, are seeking a new Caribbean identity, is "New Persons in Christ."

The service reflects its authors' joy in the newfound independence of their countries and the new opportunities opening up to women socially, politically and within their own churches.

This will be the 96th consecutive year that World Day of Prayer has brought together untold thousands of women in global witness. The service, translated into many languages, may well be the most widely used Christian literature in the world, apart from the Scriptures.

Church Women United brings together more than one-half million Protestant, Roman Catholic and Orthodox women into one Christian "community of caring." World Day of Prayer offerings make possible Church Women United's mission which includes the Intercontinental Grants for Mission program that funds national and international projects.

**When is the time for multi-images?**

When a film, video or slide presentation alone cannot tell the story effectively, the multi-image presentation might be the key to more effective communications. Representatives from Newman Communications will be on hand at the Tuesday, Feb. 22, dinner meeting of the Woman's Advertising Club of Detroit at the Sheraton-Southfield Hotel to explain how this dynamic tool can be utilized.

Cocktails will be served at 5:30 p.m., dinner at 6:30 p.m. The program begins at 7:30 p.m. Reservations at \$14 for Women's Ad Club members, \$15.50 for guests may be obtained by contacting Rita Walby at 775-3221.

Multi-image presentations, especially effective for sales and marketing programs, use numerous slide projectors simultaneously. Film and/or video clips may be intercut with the slides. More elaborate shows may involve live entertainment, original music and the production of promotional materials.

**Slate Macomb Art Society's meeting**

Renaldo Minervini, known for his portraits, will be special guest artist at the Macomb Art Society's meeting next Tuesday, Feb. 22, at 7:30 p.m. at the Spindler Park Recreation Building, 1-94 and Stephens Drive in East Detroit, giving a demonstration in pastels. All are welcome. Guest fee is \$1.

leadership ability, awareness and involvement in community affairs, friendship with women of similar interests, ages and goals and association with executive women in the parent organization.

The main activity of the new club will be the sponsorship of a student aid award for a physically handicapped young person. Members will also work for responsible social change at local, national and international levels, the recognition and encouragement of the achievements of women and the initiation of fund raising activities to support community need and community quality of life projects.

Val Capper, president of the Pointe Soroptimists, says that since there are no other Venture groups in the metropolitan Detroit area, members need not be residents of or employed in Grosse Pointe. Any metropolitan area applicant is eligible, and welcome, and applicants for Venture are encouraged from the community at large. Judi, 824-4710, Val, 881-2344, or Pat Olis, 884-7180, will be happy to answer prospective applicants' questions.

A Venture Club information meeting has been scheduled for Sunday, Feb. 27, at Assumption Cultural Center. Official chartering of the club will take place on March 23.

**DSO League Adds Membership Category**

In mid-January, at the Detroit Golf Club, the Detroit Symphony League approved a sixth classification for membership in its organization. The by-laws were changed to add Sustaining to the Active, Associate, Provisional, Life and Honorary classes, enabling any firm, organization or individual who desires to support the objectives of the League but does not wish to fulfill Active obligations to join as a Sustaining Member.

Sustaining Members will be entitled to all privileges of the League except voting and holding office. Active Members must purchase tickets and attend at least three concerts of the Detroit Symphony Orchestra each year, must attend the League's annual meeting and one other business meeting and must participate annually in at least two projects sponsored by the League.

Current fund raising projects include the Detroit Symphony Orchestra/WQRS Radio Marathon, running next week on WQRS-Timeless FM 105 and culminating Sunday, Feb. 27, with the Marathon Music Fair offering a selection of jazz, chamber and ethnic music groups representing a cross section of the Detroit musical scene performing in different sites on the Promenade Level of the Westin Hotel from noon to 6 p.m. and a 2:30 p.m. DSO concert in Ford Auditorium, Gary Bertini conducting.

At the Westin, strolling magicians, jugglers and mimes will add to the fair atmosphere. General admission tickets are \$5, \$8 and \$10. Patron tickets, at \$50, include a post-concert afterglow party in RenCen's Riverfront Ballroom, and may be ordered by sending checks (with self-addressed, stamped envelopes for ticket return) to Ford Auditorium, Detroit Marathon Concert, 20 East Jefferson Avenue, Detroit, Mich. 48226. General admission tickets are available at Ford Auditorium and all CTC outlets. Further information may be obtained by calling 567-1400.

Another current Detroit Symphony League project is the Music Box Boutique at Ford Auditorium. Spring will see the publication of the League's new cookbook and the debut of the 1983 League Showhouse, to be open for a month beginning May 24. Incidentally, the League's 1982 Christmas Walk raised almost \$20,000 for the Detroit Symphony Orchestra.

The League also serves as a hospitality committee for guest conductors and musicians. It members are volunteer ushers at DSO Meadowbrook Summer Music Festival concerts. Frequent social events, some related to fund raising projects, others not, dot the annual League calendar, and it welcomes both men and women interested in supporting the Detroit Symphony Orchestra as members.

## Mellos-Brieden rites celebrated

Annunciation Greek Orthodox Cathedral was the setting for the wedding of Betsy Ann Brieden, daughter of Mr. and Mrs. Bryan J. Brieden, of Handy Road, and Thomas Peter Mellos, son of Mr. and Mrs. Peter A. Mellos, of Livonia.

Father Ernest Blougouras and Father Al Hillebrand presided at the 3:30 o'clock rites Sunday, November 14. After a reception at the Grosse Pointe Yacht Club the newlyweds left to vacation on Captiva Island. They are at home in Grosse Pointe Park.

The bride was attended by her sister, Sara Brieden, as honor maid, and by bridesmaids Laurie Brieden, another sister, Cathy Mellos Counts, sister of the bridegroom, and Carrie Aretakis.

Steve Mellos acted as best man for his brother. Ushering were Hans Brieden, the bride's brother, Anthony Chronis, of Chicago, and Emanuel Papisifakis. Ring bearers were John Counts, the bridegroom's nephew, and Joshua Lefel, the bride's nephew.

Special guests were the bride's grandmother, Viola Kane, of Fowerville, and the bridegroom's grandparents, Mr. and Mrs. Sam Stathes.

The new Mrs. Mellos, a Grosse Pointe South High School graduate, holds a Bachelor of Science in Nursing degree and is currently working for Bryan Biologicals, Inc. Her husband, who holds a Bachelor of Arts degree from the University of Michigan, is a sales representative, with UCO Optics.

## Miss Curtiss speaks vows

Dr. and Mrs. William Phelps Curtiss entertained at a buffet supper reception in the gardens of their Sunningdale Drive home, where summer flowers decorated a white tent and baskets of flowers and candles centered pink-clothed tables, following the late afternoon marriage of their daughter, Margaret Cristy Curtiss, and Arthur Sewall Hyde on Sunday, August 8, in Greenfield Village's Martha-Mary Chapel.

The Reverend David B. Antonson presided at the 5 o'clock service for which the bride chose a cap-sleeved, floor length gown of white eyelet, ruffled at neck and hem.

A garland of tiny, white flowers held her fingertip veil. She carried a garden bouquet of freesia, lilies-of-the-valley, rosebuds and baby orchids, in shades of lavender and pink with white accents.

She was attended by Lisa Marie Lien, of North Bergen, N.J., who fastened a white lily in her hair and wore an ankle length dress of an-

tique cotton voile in misty shades of pink, grey and lavender.

Mr. Hyde, son of Mr. and Mrs. Lewis Huntington Hyde, of Winchester, Va., asked Philip B. Glaize, of Winchester, to act as best man.

The mother of the bride accented her blue, afternoon length dress with a lily waist corsage. The bridegroom's mother also selected an afternoon length dress, navy and white in color. Her corsage was an orchid.

The newlyweds vacationed in Canada, visiting Quebec City and Nova Scotia. They are at home in Ypsilanti Township.

Out-of-town guests included the bride's sisters and brothers-in-law, Catherine Curtiss, of San Francisco, Carol and Jack Leibe, of Silver Spring, Md., and Cynthia and Charles Ireland, of Ann Arbor.

More were the bridegroom's sisters and brothers-in-law, Anne Hyde, of Boulder, Colo., Mr. and Mrs. Craig C. Williams, of Menlo Park, Calif., and Mr. and Mrs. John

Mrs. Arthur S. Hyde

Crawford, of Berryville, Va., and his brother, Lewis Huntington Hyde III, of Boulder.

Still others were the bridegroom's godfather, Theodore White, of West Falmouth, Mass., his godmother, Mrs. Philip Glaize, of Winchester, and his uncle and aunt, Mr. and Mrs. Allan Richardson, also of Winchester.

## U. of M. Dekes welcome a brother . . .

Former President GERALD R. FORD took time out this past week to meet with some Delta Kappa Epsilon fraternity brothers in Ann Arbor, including Park resident DAVID K. EASLICK JR. (far right), president of the Rampant Lion Foundation, a Deke charity, who presented "Brother" Ford with a gift to the Gerald Ford Foundation, research arm of the Ford Library in Ann Arbor, and several undergraduate members of the DKE University of Michigan Chapter, among them Pointers (left to right) BRIAN CONNORS, ALLEN SCHWARTZ, NOEL HABEREK JR., RICHARD ROLAND, DAVID ROLAND, JOHN HURLEY, KEVIN IRELAND, ROBERT HICKEY and H. MICHAEL BUHLER. Ford, a University of Michigan graduate, member of DKE from the Class of 1935, was in Ann Arbor with fellow former President Jimmy Carter to participate in a two-day conference of the newly-formed Domestic Policy Association, a coalition of national philanthropic organizations which studies and advises on domestic policy issues. It was the second time Ford and Carter have met since Carter left office; the first was at the funeral of Anwar Sadat. Easlick, a lawyer with Butzel, Long, Gust, Klein & Van Zile, is president of the Rampant Lion Foundation, founded in April by local alumni and quickly adopted by the fraternity's interna-

tional headquarters to serve as the main charitable vehicle of DKE alumni. Farms resident Richard P. Kost, vice-president and director of Trust Investment for National Bank of Detroit, is the organization's treasurer. Retired insurance executive R. T. Johnstone, who resides in Grosse Pointe City, is another trustee. Other local Deke alumni who have played a key role in the initial success of the Rampant Lion, which has already raised more than \$100,000, include Peter A. Dow and Geoffrey C. MacGlashan. The foundation supports universities and colleges at which Delta Kappa Epsilon, founded at Yale in 1844, has a presence, and generally benefits higher education. DKE came to the University of Michigan in 1855. There are presently 55 undergraduate members in Ann Arbor who maintain a chapter house and a 105-year-old meeting place. Grosse Pointers currently have a significant hold on the chapter leadership, with John Hurley (City) serving as president, Matt Howell (Farms) as vice-president, Dick Roland (Woods) as steward, Rob Hickey (Farms) as rush chairman and Al Schwartz (Woods) and George McKean (Farms) as social chairmen. Park resident Noel Haberek is pledge trainer. Farms resident Mike Buhler is corresponding secretary. Another Pointer represented in the undergraduate ranks is Robert Kost.

## Sports Week

By Peggy O'Connor

If it was 1974, I'd probably be out celebrating today, the first day of spring training for my beloved Detroit Tigers. For in 1974 — and in a number of years before that — my calendar had only two days of major significance: Opening Day and the Beginning of Spring Training.

But this is 1983 and my mad passion for baseball and the Tigers has faded under the harsh light of my sarcastic sensibility where professional sports are concerned. Still, today is the first day of spring training, at least for some of the Tigers, and that tends to bring back some baseball memories.

- As a foolish child, I thought baseball was a lot of hokey — that is, until my father made me sit down and see what it was all about. We watched a game together and he patiently explained every nuance of the sport to me. That was nice of him and his strategy might have worked all by itself, even if he hadn't chanced to pick a game where Cincinnati Reds' star Pete Rose won the game with a head-first slide into home in the bottom of the ninth. One look at that excitement and I was hooked . . . and my father was never the wiser.

- I knew I had found a best friend when Marianne Verbeke, a classmate of mine, happened to mention that she loved baseball, and she was especially fond of the Tigers. For me, a sixth grader who planned to marry a baseball player so she could get into games for free, finding another person who liked baseball even half that much was something close to a miracle. And I knew from the start she was a great baseball fan.

My baseball buddy and I had some memorable times at Michigan and Trumbull. We took the bus to the ballpark nearly every Saturday during baseball season. We'd buy cheap seats and sneak down into the more expensive box seats and try to act like we belonged there. We attended seven consecutive Opening Days, managing to schedule a doctor's appointment or a relative's "death" in order to get out of school. My friend came from a small family, so I usually let her borrow a few of my "doomed" relatives.

We went through everything with the Tigers: the 1968 World Series, the 1972 half-pennant and the rest of the years, mostly lean ones. We had fun when games were exciting and even more fun when they weren't. Once when the Tigers fell behind the Boston Red Sox, 15-0, in the third inning, Marianne managed to keep things interesting by figuring out the exact distance and angle from the Red Sox' bats to the left field seats — where most of the balls were going that evening. When things got worse for the Tigers, we laughed harder, competing against each other to see who could shout out the square root of the batter's jersey number quicker or read the players' names backwards the fastest. Silly stuff, but it was great fun.

Marianne is in Brooklyn, N.Y., now, a Ph.D. candidate at New York Polytechnic. And the saddest part of realizing my baseball buddy would become a long distance best friend was knowing that Tiger games just wouldn't be as much fun anymore. But she's still a baseball fan. And I knew my original hunch was correct: she hates the Yankees and roots for the Mets — a perfect indication of a knowledgeable baseball fan.

- I can't think about baseball without recalling that baseball items comprise the biggest portion of my sports memorabilia collection. My collection includes box seat covers "borrowed" from Tiger Stadium the night the Tigers won the American League East title in 1972. And I've got pictures and autographs of Al Kaline, Don Wert and Mark "The Bird" Fidrych, as well as those of some Tiger forgettables. I've got buttons and banners and even a bit of bluegrass — a piece of turf from near the first base position of my hero, Norm Cash.

But my most cherished piece of memorabilia is the Detroit Tiger World Series program given to me by my grandfather. My grandfather was a firm believer in the old, "children should be seen and not heard" bit — especially when it came to girl children.

So when he discovered that one of his granddaughters was a baseball fan — and a noisy one at that — he nearly disowned her. But I hung in there, reciting facts and figures about baseball until I was blue in the face and agreeing with him when he said old time baseball was better. It was tough for a while, but he came out of it with an attentive audience for his baseball lore and I came out of it with his grudging respect and his 1945 program. He gave me the book, (telling me not to tell my cousins I had it) as we sat and watched the 1971 World Series on television. And that week, I realized that my grandfather was right: old time baseball, like old time baseball fans, was better. I never did get a chance to tell him, because, old fan that he was, he waited until he found out who won the series and then he died.

- So, while I don't celebrate spring training anymore, I'm glad it comes around each year. It gives me a chance to remember when my life was as simple as "three up and three away." And it reminds me not to think too harshly of the overpaid men who play a boy's game.

It also reminds me of how much joy a simple game can bring.

### Pierce cagers end season

Pierce Middle School's seventh grade basketball team closed its season last week with victories over Brownell, 43-29, and South Lake, 34-19, to end the campaign with a 10-2 record.

Doug Lucas paced the Trojans in both contests, scoring 19 points against Brownell and 14 against South Lake. Lucas was high scorer for the season with 133 points, for an 11.1 per game average.

Pierce led all the way against Brownell, holding a 21-15 halftime edge. Dino Marcus chipped in

with nine points, while Ian Thompson added six and Nick Saros had four.

The South Lake game was a one-sided affair, with the Trojans ahead 24-7 at the half. Thompson tallied eight, while Dave Pocket and Marty Saad added four apiece.

During the season, Coach James Ireton's charges defeated St. Clair Shores-Rodgers, L'Anse Creuse Central, South Lake, L'Anse Creuse South and Mt. Clemens Seminoles. Pierce split encounters with Brownell and Parcels, to account for its only two setbacks.

## Chris packs 'em in

By Peggy O'Connor

The name Chris Evert Lloyd means a lot more to tennis than just a great player with over 100 singles titles to her credit. It means a guaranteed star attraction at tennis clinics and workshops all over the country.

University Liggett School tennis coach and athletic director Bob Wood found that out last Friday night when Evert Lloyd participated for just two hours in his seventh annual tennis workshop — and wound up making the two-day event the most successful yet.

"It was unbelievably successful. The USTA folks were amazed, they couldn't believe the draw we had. We definitely are the second largest tennis workshop in the country," Wood said this week.

More than 300 high school, college and teaching professionals attended the two-day tennis workshop last weekend, up from 238 last year. And anyone who tried to find a parking space at last Friday evening's event knew that a record crowd was in the making for the open session portion of the workshop.

"We had about 650 people come to hear Jack Kramer and Chris," Wood added. "You need big names like that to draw — and Chris Evert Lloyd is the biggest of big names. People who come to the clinic find those stars fun to see and talk to."

"But the people they really learn from are the USTA clinicians, people like Lew Brewer, Jeff Frank, Gayle Godwin, Jack Groppe and Bob White — those five are the ones who do the job in workshops like this."

But Friday's star, Evert Lloyd, who is among the female tennis stars who have been illusive objects of Detroit-area tennis promoters' affections, said in a brief press conference that Detroit has been "unlucky" in attracting tennis professionals. "It's not a question of commitment, but occasionally injuries and things have come up." She ended up making a "tentative" commitment to the tour's Detroit stop next fall.

The 28-year-old tennis star also noted that being considered a senior lady on the tour wasn't a problem. "I'd rather be 28 than 18. I

feel young. I have to if I'm going to run around chasing that little yellow ball."

Evert Lloyd has tried to avoid the grind many tour players suffer through. "Borg played Wimbledon five years in a row and that must have really drained him. Nobody but the top players know what he went through. I took two or three months off at the beginning of the year, and that helped me; he played 35 or 40 tournaments a year and that really burned him out."

But Evert Lloyd, like Borg, said she'll know when it's time to quit. "I take one year at a time, I don't like to get roped into anything. When I stop enjoying it, I'll quit."

Evert Lloyd also said that the idea of competing with the three or four new faces that always seem to arrive on the tour helps keep her fresh. One of those "new faces" Evert Lloyd talked about was the Pointe's own Susan Mascarin.

"Susie dominated when she was the world junior champion. But when she started in the pros she had a tough year. That's not a bad thing, as a result I think she's working a lot harder. She's got a lot of potential; there are five or six 18 year-olds like Susie who are very close to breaking into the top 10."

"She's got a lot of potential and it's important that she stays determined."

### Club softball sign-up set

In 1982, 490 girls in grades three through eight participated on 35 teams. This year, the 16th season of girls' softball at the Neighborhood Club, promises to be another good one.

Softball registration is now being accepted at the Neighborhood Club, 17150 Waterloo. The deadline for registration is Tuesday, Feb. 22. Individual memberships are \$10, family memberships are \$20.

Practices and games will be held as close to home as possible.

## NH tankers qualify

By Paul Regelbrugge  
North High

North's varsity swimmers continue to shred their opponents last week, as they swamped Clintondale, 82-44, and surprised Brother Rice, 75-52. Tom Cobau, Balir Schoof, Joe Schmidt, and Tim Monahan qualified for the state meet against Brother Rice.

Winners against Clintondale included the 200 medley relay team of Eric Zimmerman, Scott Hess, and David Chadwell; Scott Brown in the 100 and 200 free; Mike Reynolds in diving; Zimmerman in the 100 back; Scott Hess in the 100 breast; and the 400 free squad of Adam Brady, Jay Cobau, Chadwell and Steve Henkel.

Brother Rice fell victim to the 200 medley relay unit of Jim Strong, Monahan, Zimmerman, and Schoof; Schmidt in the 200 free (state qualifying time); Cobau in the 50 free (state qualifying); Schoof was second in the 50 free (state qualifying); Monahan in the 100 fly (state qualifying); Strong in the 100 back; Schmidt in the 500 free; and Mike Woods in the 100 breast.

### Cagers split

Splitting their games last week, North's JV cagers lost to Fraser, 53-50, and defeated Southlake, 55-49. The freshmen crushed Southlake, 54-25, before losing to Oakwood, 58-48.

For the JV, Art Szymanski scored 14 points, Craig Engel had 14 and Keven Weidinger had 11 in the Fraser loss. Robert Skuras hooped 16 points in the Southlake win. Dan Kopitzke added 12.

Freshman Craig Como scored 18 points and had eight rebounds against Southlake. Eric Walters bucketed 20 points alongside 10 rebounds in the Oakwood defeat and Como had 12 points and nine rebounds.

### Matmen eye state

North took the first step toward advancing wrestlers into the state meet as they were victorious in the Bi-County League meet, scoring 179 points to top closest competitor L'Anse Creuse's 150 points.

"The team did a good job considering two injuries that we had," said North Coach Larry Aceto. "Everyone really came through."

First place wrestlers for North were Dave and Greg Fleming, Greg Fobare, Pat Marlow, Fred Schultz, and Ken Werenski. Peter Moody, Cedric Patmon, and Dan Norey were second, Pat Armstrong was third and Steve Kenneally was fourth.

"We're in a tough district but I think we'll have about three or four making it to the regionals," Aceto said. "As for the state, I'd say about three, but everyone's just going to have to do very well."

### Varsity streak at five

North's varsity basketball winning streak reached five games last week with a 43-39 win over Fraser and a 50-47 conquest of Lake Shore.

Mark Davey led North scorers in both games with 18 points apiece. Dreis VanLanduyt added 12 against Fraser and Rich Pelt had 12 against Lake Shore.

"We're putting things together very well now," said Coach Ray Ritter. "We just have to keep winning to win the league."

The Norsemen are now 9-7 and will host Clintondale on Friday, Feb. 25 at 7:30 p.m.

### Gymnasts qualify

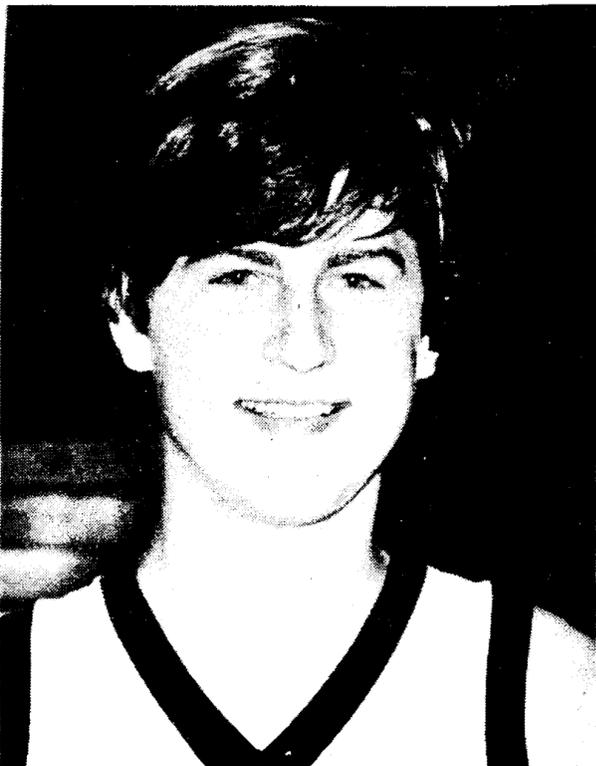

After North's Karen McCarthy and Cindi Tsangalias put on excellent performances at the highly competitive Pioneer Invitational, the gymnastics squad scored a team qualifying score for the regionals with a 115.4-85.05 victory over Lakeview.

McCarthy placed ninth on the vault (8.7) and fifth on the floor (8.85), and Tsangalias was eighth on the beam (7.95) among 55 performers per event.

In the Lakeview meet, McCarthy put on another incredible performance, finishing first in all four events. Tsangalias finished second on the vault, beam and floor, Karen Willaert was third on the vault and bars, and Andi Thompson was third on the floor.

### Spikers split

Lynne Barton and Dawn Dunlap led North's spikers to a 15-12, 15-9 win over Brable before losing to L'Anse Creuse, 2-15, 15-13, 8-15. Jan Hamilton served six points in the second game.

Stark Langs is turning heads at Brown University, and it isn't just because of the sophomore's 6-10 height. The South High graduate is currently leading the Brown University basketball team in scoring (12.1 points per game) and in rebounding (10.0 per game). Although Brown is just 2-10 this year, Langs' performance has merited praise from his coach, recognition in the Ivy League and earned him a spot as subject of Providence R.I., Journal-Bulletin feature story.

### Brownell cagers end year

The Brownell eighth grade boys' basketball team ended its season on a high note with two big wins last week.

Brownell first thrashed Pierce, 53-18 as captain Brady Kraushaar led all scorers with 30 points. Caven West put in 11 points and co-captain Jim Dara scored four points. Mark Bente, Bill Gryzenia, Doug Hagen and Taylor Lincoln scored two points each for the victors.

The Bullets won their last game of the season by outscoring

L'Anse Creuse South, 41-33. "We kept our composure throughout the game," commented coach Al Devine. "My boys played as a team. They really wanted this one."

Kraushaar again led all scorers with 19 points. West scored 10, and Dara scored five points and had four assists. Co-captain Tim Piche scored four points and Bente scored two points. Hagen put in one point and played a great defensive game, grabbing eight rebounds. The Bullets finished the year in second place with an impressive, 9-3 record.

# ULS cagers win again

The University Liggett School basketball team moved its record to 13-2 with two victories at home last week. The Knights crushed Lutheran Northwest, 56-17, in a hopeless mismatch on Feb. 9 and came right back the next day to earn a close decision over Ann Arbor Greenhills, 68-54. Junior center Brian Hunt continued to pace ULS statistically, leading the team in scoring and rebounding in both games with 18 points and 8 rebounds against Northwest and 19 points and 12 rebounds against Greenhills.

The game against Lutheran Northwest was never a contest as the ULS team jumped in front, 18-1, in the first quarter and coasted to an easy win. The game with Greenhills was an entirely different story, however, as the team failed to capitalize on easy scoring opportunities early in the game and had to rely on clutch free throw shooting in the fourth quarter to preserve the win.

ULS was ahead by six at the end of the first quarter and held a 25-20 halftime edge but saw its lead slip away to a 39-39 tie after three quarters. A quick spurt to start the fourth quarter gave the Knights a six-point lead and crucial free throws by J. T. Parks,

Larry Van Kirk, Brian Hunt and Dave Chamberlin kept Greenhills from closing the margin. Parks and Van Kirk contributed 18 and 13 points respectively, while Chamberlin added 10 rebounds. The team travels to Maumee, Ohio for a weekend tournament, this Friday, Feb. 18.

## Icers pull surprise

The ULS varsity hockey team surprised top-ranked class A power Fraser High School last Wednesday, Feb. 9, earning a 6-3 victory at McCann Rink.

The attack was led by the forward line of senior wings Tom Dow and Marty Wittmer who had two goals and an assist each, and freshman center Rob Wood who had a goal and three assists. The goal that started it all came from Bill Searfone with the assist going to Jim Raymo just 1:06 into the game. ULS took a 3-0 lead into the locker room after the first period, and traded goals with Fraser in the second.

Fraser cut the lead to 4-2 with 3:48 left in the game on a short handed goal. ULS struck back seven seconds later with a power play goal. With 1:48 left ULS got a short-handed goal of its own to

take a 6-2 lead. Fraser scored the last goal with a minute left in the game on a power play.

Goaltender George Zinn turned aside 35 shots in one of his usual outstanding performances. "We needed a good game from everyone in order to win this one," said ULS Coach Jay Peacock, "... and we got it."

The win raised the ULS league record to 6-4-3 with an overall record of 10-5-3. The Knights go to the Southfield Civic Arena to take on Detroit Country Day School, Feb. 19.

## Spikers sweep

The University Liggett School varsity volleyball team played a doubleheader at Baptist Academy last week. Thanks to ULS' bumping, setting, spiking and serving skills — displayed by team members Laurie Evans, Debby Lubera, Lisette Wolfe, Lisa Van Dellen, Sue Gouda, Susan Hudson, Merritt Meade, Muffy Hastings, Barb Roman and Elizabeth Warren — the team was able to win 15-0, 15-2, 15-4 and 15-6, its 11th win of the season.

The girls' next home match is a doubleheader Friday, Feb. 18 against Plymouth Christian at 4 p.m. (By Debbie Lubera).

The eighth grade basketball team at Parcels completed an undefeated season, earning a 12-0 record. Team members included, from left to right, (front row) John Laskarides, Louis Melhem, Jay Messner, John Helsher, Mike Hitch, C.J. Anderson, Paul Altobelli, Mike Miller, Ken Gutow; (back row) Jamie Wheatley, John Grierson, Anthony Meier, Chris Dudeck, Robert Olds, Jamie Eliades, Kevin Sheehy, Scott Reiter, David Justice and Mike Gates.

There will be a try out session for 13 year-olds only on March 25 at 6:30 p.m.

Replacements are required for managers and coaches who have had to "hang up their spikes." Anyone interested in assisting as a manager or a coach should contact Al Hillenbrand at 343-0181 after 7 p.m.

## Gojuryu tournament set for Feb. 27

The event begins at 10 a.m. and concludes at 5 p.m. The action includes self-defense and board breaking demonstrations as local and out-of-state teams engage in form and fighting competition. Tickets are available at the door at \$2.50 for adults, \$1 for children 12 and under. Phone reservations may be made by calling 886-3590.

Parcels seventh grade basketball team finished with a 10-2 record, the best seventh grade finish in Parcels' history. Team members included, from left to right, (front row) John Guibord, Chris Mazey, Brian Peltz, Jim Deyonker; (back row) Roger Fong, Jay Tobias, Karl Schultz, Mark Demanigold, Russell Rice, Dave Van Dale, Steve Neiman and Steve Langs.

## Cagers end perfect year

Parcels eighth grade basketball team wrapped up a perfect 12-0 season last week with a 49-19 win over St. Clair Shores Rodgers.

Paul Altobelli led the scoring for Parcels with seven points; David Justice and Mike Hitch chipped in with six points each. Jamie Wheatley, Robert Olds, John Grierson and Kevin Sheehy had four points each and Chris Dudeck, Louis Melhem, Mike Miller, Scott Reiter, Jay Messner, John Laskarides and John Helsher also got into the scoring column.

Carl Anderson, Ken Gutow, Mike Gates, Jamie Eliades and Tony Meier also played a good game for Parcels.

The team had entered the Rodgers game with a perfect 11-0 record thanks to a 58-30 victory over South Lake earlier. Scott Reiter led Parcels with eight points and Laskarides had six for the winners. Miller, Gutow and Meier chipped in with five points as 15 players had a hand in scoring for Parcels.

Parcels' seventh graders didn't do too badly themselves this year, recording a 10-2 mark for their best finish to date.

The team ended its season with a convincing 43-11 win over St. Clair Shores Rodgers. The win was a result of a strong defensive

effort and the offensive contributions of 11 players who got into the scoring action. Dominic "Magic" Martilotti led all scorers with 12 points while Russell "Hustle" Rice added eight points.

The seventh graders had racked up their ninth win with an earlier 39-34 victory over St. Clair Shores Southlake. After trailing 14-4 in the first quarter, Parcels roared back to tie the score at 23-23 before going on to the win.

"Jumping" Jay Tobias and Marc "The Defender" Demanigold led the defensive effort, holding Southlake back while Steve "Leaping" Langs and Tobias led all scorers with 10 points each. Rice and Martilotti added four points each for Parcels.

**CPAs offer help with state taxes**

In addition to filing your 1982 federal income tax return, don't forget you may be required to file a return for the State of Michigan. In fact, you may be required to file a Michigan return even if you do not have to file a federal return, according to the Michigan Association of CPAs.

Who should file a state return? Those with a federal adjusted gross income greater than the total amount allowed for Michigan personal and dependency exemptions or those who are eligible for a refund. The deadline date is the same for federal and state returns. It must be postmarked by April 15 to avoid paying a penalty. For 1982, the tax is to be computed using an annual average rate of 5.1 percent. The amount for each tax exemption remains at \$1,500.

Copies of the tax forms and instructions can be easily obtained at local offices of the Michigan Department of Treasury, post offices, banks or tax return preparers.

The Homestead Property Tax Credit is available to all homeowners and renters with special credit computations available to senior citizens, servicemen, veterans, blind persons, paraplegics, quadriplegics and totally and permanently disabled persons. If your credit exceeds your tax liability, you may receive a refund up to a maximum of \$1,200.

Some claimants may qualify for credit under more than one category. They should compare and choose the one that works to their best advantage. Special rules apply to claimants who are not husband and wife, but who jointly own and occupy the same dwelling. These also apply for separated or divorced claimants and taxpayers with a business in their home.

The credit for homeowners and renters in general equals 60 percent of the amount by which their property taxes, billed in 1982, exceeds 3.5 percent of their household or spendable income. The interpretation of household items allows the exclusion of such items as energy assistance grants and tax credits, certain government payments to third parties or for homestead repair, state and local income tax refunds and the first \$300 of awards, lottery and bingo winnings to the extent these items are included in the federal adjusted gross income.

In addition, to health and accident insurance premiums paid by the taxpayers for themselves and their families are deductible from household income.

Renters will base their claim on 17 percent of the rent paid which will be considered in lieu of taxes in the computation of the credit. Where meals are included in the rent paid or if you live in tax-exempt housing which pays a service fee in place of property taxes, a separate computation is required to determine the tax eligible for credit. Persons living in a mobile home park may claim \$3 per month and 17 percent of the rent paid. Residents of adult foster care homes, nursing homes, homes for the aged or substance abuse centers are not eligible for the home heating credit.

The property tax credit claim forms include a section for claimants with Dependent Children (ADC) or General Assistance (GA) benefits to calculate their prorated credit amount. The credit is reduced by the ratio of ADC or GA to total household income. For example, if 75 percent of your household income was ADC or GA benefits and 25 percent was wages, your credit would be 25 percent of the property tax credit calculated before proration.

This year there is a phase out of the Homestead Property Tax Credit for claimants whose household income exceeds \$65,000. Beginning with \$65,000.01, the credit is reduced by 10 percent and is further reduced by 10 percent for each \$1,000 of household income above \$65,000. Therefore, you will not have a credit if your household income is over \$74,000.

Home heating credits and supplemental fuel costs payments are claimed on separate form, MI-1040CR-7. A married couple or a single person maintaining a household may be eligible for a home heating credit. The primary requirement is that household income may not exceed the income ceiling for the number of exemptions claimed. The income ceiling ranges from \$7,257 for one exemption to \$13,429 for six or more exemptions. Forms and instructions are included in the yellow booklet containing special property tax credit forms MI-1040-1, 2, and 3. The MI-1040CR-7 form is not included in the regular tax forms booklet.

An income tax credit is available to Michigan residents who purchased and installed a solar, photovoltaic, wind, ground, water heat pump or a low lead hydro system in their residence. Application for the credit is made with the Michigan Department of the Commerce Energy Administration. The credit is claimed on Form MI-1040CR-6. Information concerning weatherization and consumer energy education can be obtained by dialing toll-free telephone number 1-800-292-4704.

You may also claim a credit for contributions to colleges, universities, public libraries, public radio and public television stations located in Michigan. The maximum credit for these contributions is \$200 on a joint return or \$100 on a single return. There are also credits available for income taxes paid to Michigan cities and income taxes paid to another state.

Contributions of artwork also qualify for a tax credit. Donation of artwork created by the giver qualifies for credit if artwork is donated for public display to the State Art in Public Places Fund or to a Michigan municipality for display in a public place. Donations of money and of artwork not created by the taxpayer qualifies for credit if it is made to a Michigan municipality or to a nonprofit corporation affiliated with a Michigan municipality and art institute therein or for the benefit of a Michigan college, university, public library, or public broadcasting station. The fair market value of the artwork must be determined by an independent appraiser when the donation is made. Claim credit on line 18 of Form MI-1040.

Michigan income taxpayers who are entitled to a refund may authorize the Department of Treasury to deduct \$2 from the taxpayer's refund for donation to the Children's Trust Fund to assist victims of child abuse. Spouses filing a joint return may authorize a \$4 total donation. Taxpayers who wish to donate must be entitled to a refund of at least the amount of the donation. Donated amounts will reduce your refund.

The CPAs point out that if any

of the following items were included in your federal adjusted gross income, be sure to claim a deduction for them. These include retirement or pension benefits from a Michigan public retirement system, retirement or pension benefits from other sources up to a maximum of \$7,500 or \$10,000 on a joint return, refunds of state or city income taxes and proceeds and prizes won in the Michigan lottery or state regulated bingo games. A deduction is also allowed for contributions as defined in the Michigan Election Code or the Federal Election Campaign Act of 1971.

If you were entitled to a deduction for married couples when both are employed as claimed on line 29 of the federal income tax return, then you must add this amount back on line 10b of the Michigan return. This deduction on the federal return was intended to alleviate the higher taxes paid on the second spouse's income because of the federal graduated income tax rates. This situation is not present in Michigan's flat tax rate system.

If any of your federal schedules show a loss of either in business, farm, rentals, or capital or if you have made adjustments to income on your federal form 1040, then you must include a copy of these schedules with your Michigan return.

There are special rules for jobs tax credit deductions, capital gains on properties acquired before October 1, 1967, non-residents, income derived from another state, persons moving into or out of the state, net operating losses and extension of the due date of the return and amended returns. You should seek professional assistance in these areas.

Before mailing your returns be sure you have completed the following items: the return has been signed by you and your spouse; your address on the return is complete; Copy 2 of your Form W-2 is attached; mathematical computations have been checked; a check is attached for any balance due and if you have an over-payment, it has been indicated whether it is to be refunded or applied to next year's estimated tax payments.

Individuals may be subject to other Michigan taxes in addition to the State Income Tax. An intangibles tax return, Form-C-6606, is required if owners of intangible property (such as stocks, bonds and land contracts), which is not a component part of business income as defined by the Michigan Single Business Tax Act, if the total dividends and interest exceed \$5,000 in the case of an individual filing a single return, or \$10,000 in the case of a husband and wife filing a joint return. A use tax return, Form C-3001, is required if you made any purchases or rentals from sources outside Michigan.

The Michigan Association of CPAs also reminds you that if any changes are made to your federal return because of an audit or amended return, make sure that the Michigan Department of Treasury is notified. If additional taxes are due, you may be liable for a negligence penalty if you fail to notify the state within 60 days of any such changes.

The period for amending your return is four years from the due date of the return. Accordingly, claims for 1978 can be filed until April 15, 1983. Claims for 1982 must be filed by April 15, 1987.

**Pointers on staff**

**Shaping a new county government**

By Mike Andrzejczyk

For Warren Brush and Carolynn Traum, county reorganization isn't something to read about in newspapers. For both these Pointers, it's a daily occurrence.

Brush, who lives in the Woods, and Ms. Traum, a Park resident, both work on County Executive William Lucas' staff. Ms. Traum is an assistant press secretary, while Brush is responsible for financial matters on the transition team.

For Brush, working for Lucas is like old times. He spent eight years managing the budget and payroll for the Wayne County Sheriff's Department when Lucas was in charge there. Before that, Brush spent 18 years in managing budgets and finances for Ford Motor Co.

Although his position doesn't have a specific handle, his area of activity is clearly defined. "I'm responsible for finance," he said, and there isn't another finance person on the executive's staff. Therein lies the challenge.

"THE BEST part of the job is the challenge of working on your own with almost total freedom," he said. "It's not like a 9 to 5 job. I handle anything that centers on finances, budget or staff questions."

Brush, married and the father of two children, said one of the greatest obstacles is getting con-

rol over the cash flow in the county. Pre-reform, current cash management was at the "pre-pen and ink stage" and bringing the system into the 20th century is no easy task.

"The hardest part is that with so few people on the staff, we're putting in 10-hour days just to keep abreast of everything," he said.

Brush is considering running for local political office. "If I make a contribution," he said. His other community affiliations include the presidency of the Fraternal Order of Police Associates. He also served as an auxiliary police officer in the Woods.

As president of the Fraternal Order of Police Associates, Brush said the goals of the group are to expand its membership and make it an organization that people want to belong to. The group, he said, is sponsoring a fundraising breakfast Saturday, Feb. 12, from 9 to 11 a.m. at the Barrister House for Lucas' county sheriff appointee Loren Pittman.

The breakfast is one of the few ways to get Pittman out for the community to meet and talk to, Brush said.

Two of Brush's current projects are the formation of a cash management committee to oversee investments, deposits and payments, and the computerization of the county's treasury office.

"We're trying to tighten up on the cash control," he said.

MS. TRAUM, 22, a South High graduate who received her degree in public relations from Central Michigan University, said her job of media liaison is varied, I'm kind of a girl Friday."

Her duties include setting up interviews and press conferences, she said, while acting as go-between for press secretary Bill Johnson and the local media.

She got the job after a number of interviews, Ms. Traum said. Before that, she worked on gubernatorial candidate Richard Headlee's campaign. The opportunity to work with the county during the transition, she said, is "phenomenal."

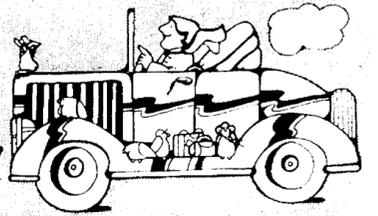

"I'm just thrilled with the opportunity," Ms. Traum said.

The best part of the job, although hectic at times, is "having a hand in reshaping county government," she said. "I very much agree with Bill Lucas."

Credit a scientist named Paul Siple for devising a way to calculate the "wind chill factor." As an Eagle Scout at age 19, he went with Adm. Richard Byrd to the South Pole.
