

Grosse Exaggerations?

By A. PRYOR

The word "colossal," over-used by movie producers, is a weak adjective to describe Radio City's Music Hall where we went to see the movie "Intermezzo A Love Story," which is excellent. The reason we couldn't get the column in last week is that we were lost in the ladies' room at Radio City for three days.

Suppose we ought to mention the Fair because so little has been said and written about it. The most interesting exhibit of what a country produces is in the Argentine Building which is mentioned so seldom. The other buildings were disappointing to us after all we'd heard about them. And thereby we end

our coverage of the Fair. Drove back to New York by way of the Triborough Bridge and down the Hudson River Parkway which is a great improvement in New York's traffic madness. Saw the "Queen Mary" tied up at the dock and wearing a very drab shade of grey from steam to stern.

We couldn't wait to get to the too-much-talked-about "21" for lunch and by the looks of the place nobody else could wait either. The part we liked best, is the thing least said about it, their "underground" system installed during Prohibition. It's a huge storage cellar that spreads out under at least three houses. When a secret brick is poked whole walls open up and reveal an untold number of bottles of liquor and wines. Once they were raided by "New York's finest," who failed to discover their secret and never got any further than the canned tomato department. Recently they took G-Man Hoover on a tour of friendly inspection, which means that if Prohibition ever comes back, "21" will have to map out new blue prints for their likker hideout!

The first things we had on our what-to-do-at-night list were El Morocco and the Stork Club. Sorry, but we couldn't see the attraction in either. They're nicely decorated night clubs with good music and the same crowded, stuffy, smokey atmosphere that prevails in most night spots no matter who patronizes them.

Went to the Automobile Show at Grand Central Palace and fell in love with the new Buick Convertible. The one we saw was silvery-pearl in color and was upholstered in white leather. Woo-woo! The Ford Show is at the Astor Hotel so we tramped over there and while we like the new models we think the Astor is a poor place to show them.

Among the things we enjoyed most are the Museum of Modern Art which everyone ought to see; the excellent food and service at Patsy Restaurant and Ann Miller of Scandal who is not only beautiful but tap dances faster than our teeth can chatter in January. Hildegarde, the Danish blonde entertainer at the Savoy Plaza provided another of our favorite pastimes.

Had lunch at the River Club, which is viddy naze and refueled. Saw Attorney General Frank Murphy and former Ambassador James Gerard making quiet whoopy over a couple of dishes of chocolate ice cream.

In our wanderings we ran across Father Hyland, the Padre of Denmore Prison, where the criminally insane are sent. He told us some of his interesting experiences and we were surprised to find him quite young, good looking, and enthusiastic about his work. He refers to the prisoners as "my boys" and assured us that during mass, the murderers make the best altar boys! Among the many things he told us, the most harrowing is that one inmate has spent twenty-six years in solitary confinement. Whatever crime the poor devil committed hardly seems worth it. He told us that Irwin, who murdered the Gideon girl, is an avid reader of classics and that he does a lot of sculpting (with soap) in his spare (?) time.

Saw the opening of George Abbott's musical "Too Many Girls" and we'd give it four Fidler bells. Everyone who is anyone, (except us), was in the audience. A sea of stiff shirts, black ties, hunk of jewelry, perfume, furs and LONG HAIR. Afterwards we went to the Nine O'clock Club where most of the young gather to dance the Conga. Brenda Frazer was there showing off

Speakers - Refreshments and Dancing Feature Meeting

Professor James K. Pollock, Ph. D. of the University of Michigan, spoke on the topic, "Whither Germany?" at the initial meeting of the newly organized Grosse Pointe University of Michigan Alumni Club, at 8 p. m. Wednesday, Oct. 25, in the auditorium of the Pierce Junior High School, Grosse Pointe.

A member of the political science department of the University, Professor Pollock was Election Official in 1935 at the Saar Plebiscite and served as Chairman of the Michigan Civil Service Reform Commission. He is the author of numerous books in the fields of political science and European history including, "Hitler's Decrees," 1934; "Source Book in European Governments," 1937, and "German Civil Service Act," 1938.

Following the speech, there was a period during which Professor Pollock answered questions directed to him from the audience. Refreshments were served in the Girls' gym of the Junior High School and a get-together and dance was held in the boys' gym.

Professor Pollock's talk marked one of the first public functions to be held in the new Pierce Junior High School auditorium, the finest of its kind in Michigan. Through the courtesy of Dr. E. R. VanKleeck, superintendent of the Grosse Pointe schools, those attending were given the opportunity to tour the building under the guidance of Miss Bernice Moors, dean of girls, and a member of the Board of Governors of the University of Michigan Club.

Outstanding University organizations and personalities will distinguish the program planned for the current year by the new alumni group. The University band, frequently called, "The Fighting Hundred," to appear on the November program. At the January meeting head football coach, Fritz Crisler, will illustrate a talk with movies of the various sports at Michigan. Alexander Grant Ruthven, who has just completed ten years as president of the University, will come from Ann Arbor to speak during the March meeting. A dinner dance in May will

By CONNIE ARNOLDY
Grosse Pointe High School Journalism Student

"All contacts between home and school are part of a program to make your boys and girls the fine contributing citizens of our commonwealth you want them to be," declared Mr. Paul A. Rehmus, principal, to the 125 parents and students who gathered in the Grosse Pointe High School auditorium last Wednesday evening for the 7B open house.

Mr. Rehmus continued, "We would like to have you feel that this is the first of a series of attempts to bring you closer to the school." He cited the 7B open house, 8A open house, three-year plans, and other activities in which parents are expected to participate.

An outstanding current event, of very pertinent and timely interest to all in this community, is the extraordinary sale of Monarch Canned Goods now being held at Kaplan's Market, 17015-21 Kercheval avenue. In "The Lion of the Vigilantes," J. A. B. Sherer write about William T. Coleman and the life of old San Francisco.

There is a new book for those interested in gardening, "Chemical Gardening for the Amateur," by C. H. Connors and V. A. Tiedjens, gives practical instructions for the amateur who wishes to experiment with this new method.

Defer School News

The 1B children of Mrs. Marians room and the 1A children of Miss Walter's room gave the program for the October Assembly in the George Defer School Friday, October 20, 1939.

The program opened with a march played by the first grade rhythm band. Five little girls holding big paper pumpkins sang the Jack-O-Lantern song. Then the curtains parted to disclose a corn field in the fall. Corn stalks were lined up at the back of the stage behind a paper fence made by the children with pumpkins and Jack-O-Lanterns peeping out between the stalks of corn. The music started and out danced several brightly colored leaves. The North Wind entered and blew the leaves about. Then Dame Winter came and covered the tired leaves with snow. This was followed by a Hallowe'e poem. The story of Hallowe'en night was told by pantomime and dancing. The program closed with the rhythm band playing the Brownies dance. We were most happy to have so many mothers attend our assembly.

Fleet Reserve Assoc. Ladies Auxiliary Dance

The Ladies' Auxiliary of the Fleet Reserve Association are sponsoring a dance Friday, October 27, in the S. N. H. club rooms at John R Street and Six Mile Road. The proceeds from this Navy Day affair will be used by the welfare chairman, Mrs. Charles Timeus, at Christmas time to fill baskets for the needy and unfortunate.

Mrs. Clarence Boeckman, National Regional Vice-President of the organization, will be in the receiving line with the unit president, Mrs. Ferd Young and Mrs. Ira Mason, Vice-President.

"Disputed Passage" Author To Speak At Town Hall

Lloyd C. Douglas, author of "Disputed Passage," the moving picture which had its world premiere in Detroit last week, will speak before the Detroit Town Hall audience in the Fisher Theatre next Wednesday, Nov. 1, at 11 A. M.

Dr. Douglas' first Detroit appearance in several years will be doubly exciting, for his new book, "Dr. Hudson's Journal," will also be released on this date.

Although Dr. Douglas has never studied medicine, the medical passages in his books are so authoritative that he receives thousands of letters addressed to him as a medico. During his years in Ann Arbor, Mich., as a popular minister he was in daily contact with the sick and dying, and of course with physicians.

His fan mail is so heavy that a great deal of his time is spent writing advice to the deserving who seek his guidance. Within three years after the publication of his first novel, "Magnificent Obsession," this clergyman had the fiction minds of a cynical age at his feet and the motion picture producers at his finger tips. His other novels, including "Green Light" and "White Banners" have been sensational moving picture hits.

Dr. Douglas will speak on "The Release of Galatea"—an inspirational lecture based on the story of the Greek sculptor, Pygmalion, and his statue, Galatea, which came to life. The theme of his talk is a symbolic way of saying "bringing things to life" is based on his new novel on which he is working. Tickets are available at Grinnell's Music Store, RA. 1124, for \$1.10 and \$1.65 including tax.

William B. Stout Addressed Richard Parent-Teachers

The Pere Gabriel Richard School Parent Teacher Association got off to a flying 1939-40 start last Tuesday evening, when a total of 250 parents throughout the classrooms and visited with the teachers, and then went to the auditorium and listened to a speech "Transportation—Today and Tomorrow" by William B. Stout.

In the several classrooms, the teaching staff made careful preparations to show the parents the type of work being done. Parents were greeted by the teacher or the room mother. Pupils' work was on display on their labeled desks, on the bulletin board or in scrap books. Activities going on were ably presented. There were a number of Indian projects, airplane activities, natural science exhibits and others.

Lawrence King conducted the main part of the meeting which was started off by an excellent community sing led by Elizabeth Ellis and which included several discussions besides the talk of the evening. Dr. E. R. Van Kleeck made remarks about the high level of test results in the Richard School, and the progress being made in acquiring the additional playground site. The principal, Clarence J. Messner, welcomed the parents and made note of the fact that they were always welcome as visitors to the school.

Refreshments were served in the luncheon by a committee composed of Mrs. Ryan, Mrs. Rogers, Mrs. Stephenson and Mrs. Moore. The social hour was a most successful one. It is the hope of the organization that the remaining meetings will be as successful as the first.

Present Condition In Village Very Serious

On page 4 is published a proposed building renumbering ordinance for the Village of Grosse Pointe Farms, which ordinance is recommended after several years of studying the best possible means to correct an unwieldy system of numbers in use in the Village for many years.

Some of the conditions which exist in the Village at the present time are very serious. The more important of which are the difficulties encountered in the Post Office Department in the sorting of mail due to the fact that streets having house numbers beginning with number (1) are found at Lake Shore Road, Grosse Pointe Blvd. and in some cases even as far up as Charlevoix Avenue. There is also a big variation in numbers at intersections; these vary as much as several hundred apart which makes it extremely difficult for Police and Fire Departments to immediately service emergency calls.

Another condition which exists at the present time is that on certain streets in the Village it is impossible for the Building Department to establish a number for new houses since all available numbers within certain blocks have been used.

In one case in the Village, houses having only six numbers apart are found to be a mile from each other; such a condition makes it extremely difficult for merchants making deliveries, for Utility Companies to properly record and read meters, for visitors and other persons coming into the Village as strangers to locate addresses.

Knowing that the residents of the Village of Grosse Pointe Farms are not desirous of having a high system of numbers, such as is used in the City of Detroit, the officials of the Village have taken this fact into consideration and in the proposed system it will be noted that a low system of numbers have been used.

It is intended that the change in the numbering system will be made after the holiday season when the Christmas heavy mail period is over. Representatives of the Post Office Department and Public Utilities have signified their willingness to cooperate in helping to make the change over in order to make it as convenient as possible for the residents of the Village.

All merchants making deliveries throughout this Village will be furnished, upon request, lists showing changes from old numbers to new number in order to avoid the possibility of errors in deliveries.

The greater part of the residents of the Village have been aware that a change in the numbering system has been under consideration for sometime and have signified their willingness to cooperate.

Pointe Graduate Awarded Scholarship

He was awarded the scholarship from the university for his outstanding work during his freshman year in which he received an average of 86, placing him on the dean's list. He is now at Yale as a sophomore in the Sheffield School of Science.

INTRIGUING NEWS FROM ANN AMAE BEAUTY SALON

"There IS something new under the Sun!" Or is it only new to our reporter, who has returned quite thrilled over a "back-stage" visit, as it were, to the Anna Mae Beauty Salon, 14530 E. Jefferson? In any event, the latest thing out in beauty aids, according to Joy Smith, proprietrix of the Salon, is the Arnold Electro Vaporized Mineral Bath. Miss Smith explained its wonders in just a few words. To wit: With only the head exposed, one lies full length incased within the Arnold cabinet. Then, marvelously, the patient's body is entirely surrounded by moist warm air and electrically vaporized mineral and pine oils. Upon emergence from this delightful experience, one is placed in the capable hands of Madge Erman, noted Swedish Body Masseuse, who has just lately become associated with the Anna Mae Salon. The final outcome of the treatment, according to Miss Smith, is that one leaves completely relaxed and refreshed ready at once either for work or for play.

Trombly School Notes

Over 225 people were present at the first meeting of the 1939-40 season of the Trombly Parent-Teacher Association which was held Wednesday evening, October 18.

The parents had an opportunity first

to visit the classrooms, see various activities in progress, and see some accomplishments of the children thus far this year.

The program opened with two delightful songs by Miss Tekla Loeber. Mr. Taylor Seiber, the president, outlined the objectives of the P. T. A.

and introduced Mr. Royce Howes, war editor of the Detroit Free Press, who talked on "Focusing the War News." Dr. Van Kleeck discussed current problems such as population gains, and present and future expansion needs of the Grosse Pointe schools.

After the business meeting, many enjoyed a social hour in the gymnasium. The mothers of the children in the 5A, 6B and 6A grades, with Mrs. Frank Williams as chairman, served the refreshments.

Much credit is due the room mothers for the success of the membership drive. 380 paid memberships were reported.

EUGENE'S DINING ROOM ATTRACTING GROSSE POINTERS

The trek of Grosse Pointers to Eugene's, we hear, continues apace. This smart cosmopolitan restaurant, located at 13901 E. Jefferson at Lakeview is rapidly acquiring the status of "cafe extraordinaire." Its menus abound with items unusual, and its cuisine we are informed is unexcelled this side of New York.

Catering in particular to those in search of the exotic in food tastes, Eugene's nevertheless offers American menus of outstanding quality. No doubt it is this happy combination, one might say, of the "aristocratic" with the "democratic" that causes customers of Eugene's to exclaim, "Here, at last, is the ultimate in dining out."

Grosse Exaggerations

(Continued from Page One)

in dark glasses. Ended up at the famous "Reuben's" Restaurant where most people go for four a. m. breakfast. A veritable kosher Paradise!

In closing we'd like to add that New York is the same old New York, only more so. If there is any depression here, everybody's keeping it a secret. The sidewalks and streets are jammed with people and cars; the theatres, restaurants and night clubs are packed day in and day out. The same flat-heeled, Dobbs-hatted women fill every tea room, Longchamp's restaurant and Alice Foote MacDougall's. The same cafe society faces—young, old, pretty, sagging or lifted, jam the night clubs and cocktail lounges. In every shop and store you are greeted with the same "May I help you, Madam?" by bleached and dyed women, dressed in black, with faces painted like Indians on the war path. The captains and waiters are the same snobs they always were and can still "pick a hick" with the instinct of a bloodhound.

Our final toast: "Buildings, buildings, buildings, taxis; town cars, roadsters, people, people, people; hardness, glitter, noise, rush, dust and gasoline smells—LADIES AND GENTLEMEN we GIVE you New York!"—We'll take Grosse Pointe.

Quick War Relief Given by Red Cross

Shipwrecked American Citizens, Wounded Poles, Refugees, Repatriates Aided

Washington.—The American Red Cross moved quickly at the onset of hostilities in Europe to organize relief for war sufferers and give aid to American citizens stranded in danger zones or rescued from sea-warfare catastrophes.

Red Cross officials pointed out that following contact of German-Polish forces on September 1, the organization made available medical relief for civilians and armies of Poland; provided aid for Americans repatriating from Europe as they landed in the United States ports; granted medical and maintenance assistance to American survivors of the "Athenia," first sea casualty of the war; gave financial aid to the American Hospital in Paris, France; and developed a comprehensive communications system to allay the fears of distraught relatives.

Norman H. Davis, chairman, cabled the International Red Cross Committee in Geneva on September 1 asking what relief would be needed from the American Red Cross. In a first step in consolidating Red Cross relief forces throughout the nation, 3,700 Red Cross chapters were authorized to begin producing refugee garments and to accept contributions for war relief.

A quick response from the Polish Red Cross to Chairman Davis' cable to the International Committee resulted in an American Red Cross appropriation of \$50,000 for the purchase of 45 items of medicines, and for army blankets and a quantity of large hospital tents capable of housing 50 stretcher cases each.

A grant of \$25,000 was also made to the American Hospital in Paris to evacuate American patients from the hospital and to purchase in the United States a 100 bed hospital unit for shipment to the American organization, it was said.

To meet needs which were thought likely to result from bombardment of rural villages and the passage of hostile armies, the Red Cross called upon 21 of its large city chapters to roll surgical dressings of a special new type for European warfare injuries. More than 500,000 yards of gauze were purchased and 40,000 pounds of cotton, enough to make 157,000 surgical dressings.

On September 2, the American Red Cross announced it was organizing to meet repatriating American citizens at seaport cities through chapter reception committees. Citizens without resources were given temporary shelter, and added to resettle in their former homes or work.

Between September 5 and 7, the American Red Cross cabled \$20,000 through the State Department to help American survivors of the "Athenia," who had been taken into Irish and Scotch ports.

"The Red Cross is not interested in the origins of the present conflict," Chairman Davis declared following his cabled offer of assistance to the international Red Cross Committee. "As part of the great International Red Cross it is our duty to do what we can to aid the helpless civilians who will suffer during the hostilities."

An Inquiry and Information Service was organized through which contact would be made with relatives of Americans in the belligerent countries. Red Cross chapters were instructed to accept funds for the purchase of supplies for impartial distribution and funds for purchase of supplies for a designated country to be expended through the Red Cross society of that nation.

Mrs. Frederick J. Dykstra, of the advisory board of Cadillac Society, Children of the American Revolution, will open her home on Hildale Avenue, Friday evening, October 27, to members of the senior group of the Society and their guests for a costume Halloween party, at seven-thirty o'clock.

Mrs. Talbert L. Grimm, new senior president, will be assisted by Marilyn E. Savage, junior president, in receiving the guests. Russell V. Allman, Jr., entertainment chairman, and his committee, are in charge of arrangements and reservations.

On Saturday afternoon, from two-thirty to five o'clock, Mrs. Dykstra will also entertain members of the junior and primary age groups of the Society at a Halloween frolic. She will be assisted by Mrs. Robert Hale Peterson, junior director.

Dean Murphy Heads Floor Show at the Club Royale

Dean Murphy, ace impersonator and impressionist who has played command performances for Franklin and Eleanor Roosevelt and the King and Queen of England while they were here on their recent visit, is the newcomer to the Club Royale this week.

Dean, who is still in his early twenties, mimics everyone of the stage, screen, and radio. His satirical impression of the First Lady of the Land, and President Roosevelt is a comedy classic and one which pleased the Roosevelt's so much that he was invited to the White House to perform for the family. John Barrymore has said of Dean that he can sound more like Lionel Barrymore than Lionel does himself. Bette Davis is another of his staunchest admirers.

Blonde and beautiful Della Carroll, who walked out on Vienna because Adolf Hitler ordered her to do something more than pearls and rose petals, will do her sensational "rose dance" in this week's show. This is the dance which won her such applause when she appeared in the Congress of Beauty show at the New York World's Fair this summer.

Chene and Armstrong, ballroom and musical comedy dancers, share honors with Dan Houston and Elizabeth Harden, song and dance team in romantic bits from musical operettas. Betty Guyon sings ballad rhythms and the Eight Royal Dancers offer new routines directed by Portia Thompson. Music for shows and dancing is done by Danny Demetry's orchestra.

Wayne U. Adult Classes at Maie

Two Adult Education Classes sponsored by Wayne University will be started at Maie School next month. On Wednesday, November 1st, Mrs. Sherman will give the course "Psychology Applied to Family and Community Life" dealing with the practical application of psychological principles to the problems of the adults individual in his relations with the members of his family and the community at large. It will be held from 9:00 to 10:00 a. m. in room 212. On Friday, November 3rd from 1:00 to 3:00 p. m., in room 212 a course in dressmaking will be in charge of Mrs. Eckert. The class will learn the professional finishes which give a garment a custom-made appearance including such features as zippers, tailored pockets, the manipulating of plaids and stripes and tailoring details.

It is not necessary to live in the Maie School district to enroll in one or both courses. The only charge is a small registration fee.

Red Cross Nurse Reserve at Peak

Disaster Service, Home Nursing, Health Education, Keep Thousands Busy

Washington.—The Red Cross reserve of registered nurses qualified for immediate duty is stronger than ever before, Miss Mary Beard, director of the American Red Cross nursing services, announced.

"We now have a first reserve of 15,000 unmarried nurses under 40 years of age available for duty with the Army, Navy or government nursing services and subject to call by the Red Cross for disaster work," she said. "This is 700 more than any previous first reserve registration."

Miss Beard pointed out that the increase has been gradual and that only registered nurses meeting rigid requirements of training and physical fitness are enrolled. All classes of nurse reservists, including nurses now employed by the Red Cross, bring the reserve corps total to 44,283. During the World War of 1914-18 the American Red Cross mustered nearly 20,000 nurses for duty with Army, Navy and Red Cross hospitals, at home and overseas.

"Maintenance of the Nurses Reserve is provided by our charter and is in line with Red Cross policies of prevention and preparedness, but the peace-time work of our nurses is equally important," Miss Beard said.

The director explained that more than 2,000 nurses, chiefly home hygiene and care of the sick instructors, were

regularly engaged in visiting the sick, aiding physicians in examining school children, conducting inoculation programs to stamp out contagious illness, launching trial nursing services in out-of-the-way communities, and carrying on important health education work to qualify family groups to care for sickness at home.

All nurses who are needed for Red Cross nursing activities are drawn from the Red Cross reserve of qualified nurses, Miss Beard said.

Last year Red Cross public health nurses made more than one million visits on behalf of the sick and gave skilled care to 272,729 persons. Last year, in schools and clinics, nurses cooperated with physicians in examining 585,575 children, and aided in the task of correcting defects. Children examined were enrolled for the most part in rural schools where this type of preventive service is rare. There are 655 Red Cross nurses engaged in this work in 477 communities.

In the field of health education, Red Cross nurses have instructed more than 1,000,000 family members since 1914 in how to care for the sick at home and have set new standards of hygiene for the family. Last year the Nursing Service held 4,505 classes in home hygiene and care of the sick and awarded certificates to 61,295 persons who passed examinations on the subjects taught.

"Because the nucleus of all Red Cross nursing activity is our nurses' reserve, it is a source of great satisfaction that each month the list of applicants increases," Miss Beard said. This service to the public is supported by the men and women who join as members of the Red Cross, through their local chapters, during the Red Cross Week, November 11 to 30.

Trombly News

The 4A boys and girls at Trombly School are expecting a visit from Mr. Campbell of the Michigan Humane Society. He will show a movie and tell about a day's work at the shelter. The 4A's have visited there and learned that the Society was organized to prevent cruelty to animals, birds, and sometimes children. If a stray animal comes to you, call the Humane Society and they will find a home for it.

All of this interest in the care of animals came through a unit of study on Pets, and they are planning a Pet Show for the near future.

A Visit to the New Library

The second grade from Trombly School had a very enjoyable trip to the library in the John D. Pierce Junior High School. They were interested in seeing the new library, and in hearing Miss Roemer explain how to make good use of it. After discussing their visit, the children wrote this record of their trip:

OUR TRIP TO THE LIBRARY

We learned to be quiet in the library so we won't disturb other people. We learned how to take care of books.

We learned how to get a library card. We found that we may keep a book for two weeks. We may take out two

books at a time. We may renew our books for two more weeks. If our books are over due, we have to pay a fine of two cents a day for each book.

We learned to be careful of the new furniture.

We learned to always use the door on our right hand side.

We saw how the new cards are stamped.

We saw the room where the librarians can cook and eat and rest.

We saw the room where the new books are prepared to send out.

We saw the place where the adult books are kept.

We saw the head librarian's private office.

We saw the place where the magazines are kept.

We saw the main desk where we check out our books.

Have you ever visited the Goodwill Industries? The 6B grade at Trombly School has! We left school at 12:35 on October 13. The Goodwill is located at Brush and Congress Streets. We all appreciate the kindness of the mothers who drove us down in their cars.

When we got there we looked at the first floor which contained an antique shop and clothing store. Some little children's dresses cost from 25c to 45c. Some other things the building contained were a clock shop, a furniture shop, and a repair and paint shop where the furniture and toys we send in our Goodwill bags are repaired. All the work is done by handicapped persons.

We think the motto of the Goodwill is a very good one. It is "Not Charity But a Chance."

Rehmus Addresses Parents

(Continued from Page One)

Pierce school, the 7B class of 45 is only one-fourth of what it has been in the past at the High School. Mr. Rehmus assured the parents that their children would receive the same attention to which the other students have been accustomed. He pointed out that there are only two sections of 7B's, permitting no more than 25 in either group and thereby increasing individual instruction and guidance.

Preceding and following the program in the auditorium, the students showed the building to their parents, introducing them to the various teachers. The parents were given an opportunity to learn the nature of the class work and how each student is progressing.

The program was opened by John Nelson, 7B, student chairman, who introduced the various parts of the program.

The 7B dramatic club under the direction of Mrs. Zella Sloggett, English instructor, presented a one-act play entitled "Six Ghosts."

The plot concerned five girls who, in order to obtain a prize donated by one of the girl's fathers, dressed up as ghosts, scaring the boys out of a house which was supposedly haunted.

The cast consisted of Carol Corey, first Ghost; Barbara Russell Secretary, Garole Catrium second Ghost; Marcia Gail Hamilton, third Ghost; Suzanne Kamm, fourth Ghost; Peggy Williams, fifth Ghost; Bill Brace Sam, Thomas Shilson the father, and the members of Sams gang who were Jerry Du Mahant, Frank Levenseller, Michael Graham, Fram Brossey, and James Farguhar.

Mr. John Finch, instructor of music, led the 7B chorus in two selections, a one-part song, "The Glendy Burk" by Foster and two-part song "Follow The Gleam" by Douglas.

Preceding the songs by the 7B chorus, the girls in the 7B gym class presented a short skit titled, "Around the Gym." The girls explained the things they had learned during the first four weeks of school. They held a relay to see who could dress most quickly and a contest to see who could unlock a lock first. They explained why towel fees were necessary, and why intramural sports are held. In conclusion the girls played a short singing game they learned in gym called "The Carasol."

Mr. Charles Salzer, dean of boys, was introduced to the audience by John Nelson, as were Mrs. Ruth Flom, dean of girls, and Mr. Vincent Peterson, seventh and eighth grade advisory chairman.

Several exhibits in the classrooms were of special interest. The clothing classes had an exhibit of garments made by the various sewing groups in the school, many of them to be worn by the girls themselves.

The library had an exhibit of miniatures which different students had collected and of books interesting to seventh graders.

Mr. Vincent Peterson was well pleased with this year's open house.

"Evidently both parents and students feel that open house serves as a very valuable function. This shown by the large attendance at the open house. Seventy-six per cent of the parents were present and the students were there one hundred per cent," said Mr. Peterson.

To close the 7B open house refreshments, consisting of hot chocolate and cookies, were served to the parents and students in the cafeteria.

U. of M. Alumni

(Continued from Page One)

terminate the club's activities for the year.
The new University of Michigan Club came into existence on September 12, 1939, at a session attended by 89 when alumni launched a community or interested Michigan men and women, called together by merely announcing the gathering in the Grosse Pointe Review newspaper. In its birth it enjoys the "blessing" of the University of Michigan Club of Detroit, the dominant alumni organization of the metropolitan area.

The meeting was held in the John D. Pierce Junior High School and was under the chairmanship of M. M. Sheaffer, '14, who was later elected by the Board of Governors to the Presidency of the Club.

Regent John D. Lynch, '10, '12, a Grosse Pointe resident and also a Governor of the University of Michigan Club of Detroit, was the first speaker introduced by Dr. Sheaffer. Others who spoke during the evening were District Director George Meader, '27, J. D. '31, of Ann Arbor, and Alumni Association Secretaries T. Hawley Tapping and Robert O. Morgan.

Regent Lynch headed the nominating committee, whose report resulted in the election of the following Governors: Dr. Sheaffer, Mrs. Isabelle Callahan Murphy, '27, Angelene Maliszewski, '38, O. Z. Ide, '12-'14, Francis A. Marcano, '38, Mrs. Mary Stelthorn Hammer, '33m, Leslie Young, '261, Earl H. Kuhn, '27arch, Vincent L. Peterson, '29ed, A. H. '31, Bernice D. Moore, '25, Howard D. House, '26, '281, George E. Parker, '21. These Governors elected Mrs. Murphy to the Vice-Presidency; chose Miss Maliszewski as Secretary, and named Judge Ide to the Treasurership.

Sale of T. B. Seals 'Big Business' Now

The annual sale of tuberculosis Christmas seals is classified as 'Big Business' Miss Frances Brophy, seal sale consultant for the National Tuberculosis Association, told tuberculosis workers at Saginaw, Detroit and Powers district meetings this week. The national association's mailing list of over ten million pieces a year rivals the lists of the largest mail order houses in this country, she said.

To enable business houses to get their seals in time for use on Christmas greetings or other correspondence in December early orders on the basis of a firm's mailing list should be solicited. Making provisions for affixing the seal to the customer's mail or product had come to be a part of the business of selling the seal, according to Miss Brophy.

Clubs whose members would be approached elsewhere should be asked to buy 'Christmas Seal' bonds prepared in several denominations for the benefit of groups who wish to contribute to tuberculosis work or the business men whose mailing lists might not call for any large quantity of seals, Miss Brophy said.

Whatever the sales procedure, Miss Brophy reminded salesmen that the work financed by seals and bonds had the respect of the nation, but that few give, without solicitation, to any cause.

His theme was "Youth Marches on," and in this address the pastor spoke of the many evils which confront modern youth and stressed the fact that, "we are challenged today by a defiant enemy, but we of the church are equipped with a mighty weapon and are assured of a glorious victory."

Other speakers were the Rev. H. L. Yochum, President of the Michigan District of the American Lutheran Church, the Rev. W. Sund, Dearborn, and the Rev. H. Koch, Executive Director of the International Luther League.

"Everlasting Punishment" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, October 29, 1939.

The Golden Text (Ezekiel 18:31) is: "Cast away from you all your transgressions, whereby ye have transgressed; and make you a new heart and a new spirit: for why will ye die, O House of Israel?"

Among the Bible citations is this passage (Proverbs 28:13): "He that covereth his sins shall not prosper; but whose confesseth and forsaketh them shall have mercy."

Correlative passages to be read from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 22): "Justice requires reformation of the sinner. Mercy cancels the debt only when justice approves."

Fund Wages War on Human Need

Spinach makes them strong. At least the spinach that goes inside. These homeless babies are being cared for in the Sarah Fisher Nursery.

All the resources of medical science are mobilized in the fight against sickness by Fund Agencies. Last year they gave 180,593 days' hospital care to the needy.

Last year one out of every four babies born in the metropolitan area was cared for by the Visiting Nurse Association, a Fund Agency.

America's answer to foreign "Isms" is the dedication of more than a million Boy Scouts to American ideals. In the Detroit area Scouting has Community Fund support.

Family service and care of the aged are among the services offered by the 80 agencies who depend upon the Community Fund.

Reportorial 'Expeditionary Force' Off to Front

They look as if they might be the General Staff—but they're actually war correspondents boarding a France-bound plane in England. They wear the new official uniform for correspondents, which is similar to a British officer's, except for special badges marked "C".

Still Flying Seaplane for Record

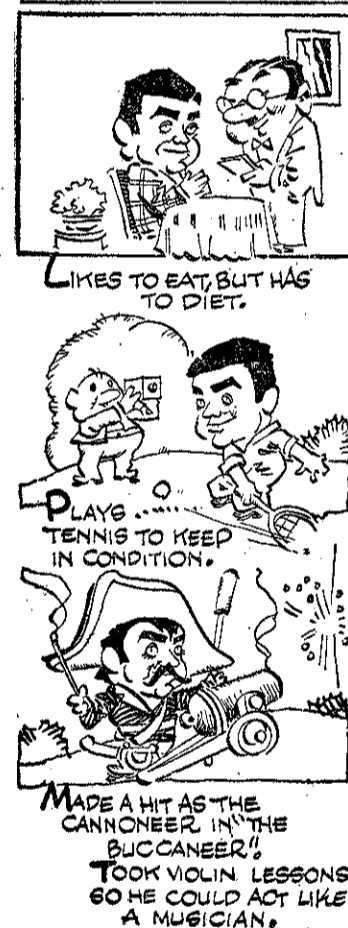

Still up in the air about this endurance flying squabble are Clyde Schlieper, left, and Wes Carrol, piloting their seaplane over Long Beach, Calif. Leading by 48 hours when the Muncie, Ind., pair landed, the California flyers hope to make their record hold for both land and sea light airplanes.

Perfect for the sophisticate is this streamlined up-and-down hairdo. The hair is drawn rather severely up at sides, with the waved sections disappearing into the back rolls instead of being finished in top-knot curls. There's a thick roll behind each ear, and a swirl across the back of the head. A smaller roll is posed just above the forehead.

GIRL Scouts

The members of Troop 85 miss Dora Jean Weakeley very much. They all have sent her a letter or card.

For their nature study, they are planning to paint fall scenes and make winter bouquets.

The troop is planning a Halloween party at the Mason School. This will be only for scouts.

Each meeting of the troop is opened with a new game. The business meeting follows and usually lasts until six o'clock.

Troop 131 held the third meeting for this year on October 17. At the meeting, they had as guest Mrs. H. H. Wallower.

Some of the girls collected leaves, so the rest of the troop identified the leaves. The troop then selected a few girls to make scrapbooks on leaves and important articles.

The troop made the final plans for the trip to Camp Metamora which was to be taken Sunday, October 22. The troop received one dozen boxes of Christmas cards which they will divide up to sell.

A Halloween party is to be planned at the next meeting.
