Capitol's Approval Needed to Establish Pointe's Post Office

Postmaster Huston Says It Is Impossible for Him to Keep Temporary Christmas Branch Open; Neff Continues Battle

Norbert Neff, clerk of Grosse Pointe City, who has been active in the matter of postal facilities for the Pointes, has contacted Postmaster Huston of Detroit to persuade the Detroit office to continue the Christmas Post Office that was opened in the City property on January to care for the Christmas rush of mail.

Postmaster Huston said it would be impossible to do this as the office was opened only for that emergency use and was made possible only by the extra expense allowance granted to the postmaster to meet the holiday business.

Tax Produces Pay Problem

Will Grant Commissions The Detroit office, however, will be more than willing to grant commissions to responsible parties to open contract stations, if such can be secured in the Pointe area, who will be willing to do so within the salary allocation available for such establishments.

Already provision has been made for one such station in the Pointe area, at the residence of Waldemar Watzke at 18316 Hick, near McKinley. This station will be open for business on Monday, January 4.

Meanwhile Mr. Neff is persisting in his efforts to effect the opening of one or more other similar stations at convenient locations in the Pointe.

Such arrangements are regarded, however, as only temporary expedients. The main object is to prevent the establishment of a fully equipped branch office of the Detroit general postoffice in the Pointe. This can only be brought about when the authorities at Washington give their approval.

It is this permanent solution of the postoffice problem to which the Postmaster Louis Huston has pledged his best efforts.

People Appreciative

The sincere appreciation of the people of the Pointe area is expressed to Superintendent of Parks O'Connor and Leland L. Lewis, Detroit, for the very active and expeditious manner in which the work was discharged for the two weeks the office was in operation.

Mr. Neff has received several letters voicing such sentiments and many letters urging the need of a postoffice in the Pointe area.

The need for centrally located postoffice here is growing more and more evident because of the increasing number of residents.

It has been carefully estimated that the average saving in travel time for those on the Pointe

Uncle Sam has a brand new heir—the New Year of 1943! He has high hopes for the little fellow, whose first spoken word was "Victory!" Because that's what '43 is bringing to the folks of the U.S.A. and all our allies. Join the celebration in honor of the new arrival, and help him fulfill his destiny—by buying more War Bonds and Stamps from now on... which will buy the fighting ships and tanks, planes and guns that will make '43 the Year for Victory!

Year 1942 Saw Many Changes and Outstanding Events

When the year that is expiring now was brand new we were just starting to make the first small beginnings in our civilian organizations for war which had been thrust upon us by the attack at Pearl Harbor.

It has been a strange year; for all of us a solemn year; for we have found an antidote for the depression of spirit in entering into the countless war activities which civilians must carry on. Yet evildoers will go on. His execution would mean the instant collapse of every national activity including the support of the 5,000,000 young men who are out there on land, on sea and in the air doing that thing which it has been the supreme responsibility of young manhood to do since human society existed.

What direction our lives have taken during the year just closed, colored largely by the war, is interestingly disclosed in a perusal of the headlines of the News in its 52 issues for 1942.

These have been culled out of the information and entertainment of our readers to give a fair cross section of what we have done or tried to do, of the play, the work and the service that has occupied our time.

There are presented as they were recorded in the columns of the News in each weekly issue, and are necessarily condensed into these sentences.

Employees of Farms Best Paid in State, Labor Leader Says

John Mazer of A. F. of L. Fighting for Increases in Pay; Discloses Starting Victory in Smaller Village

The officials of the Park village have been making a study of the pay of village employees for the last two months and have reduced their conclusions to a definite schedule of pay for each employee. At the meeting on Monday night a resolution was adopted directing the Village Manager to certify these figures over to the War Labor Board, as provided by law.

Bus Company Splits Melon

\$45,000 in Cash Is Divided Among 74 Employees; Top Amount Is \$700

Lake Shore Coach Lines, Inc. gave substantial recognition of its appreciation of the loyal service of its employees at a Christmas party held in its offices at 11420 Eddie on Saturday, December 19. A bonus of \$45,000 in cash was divided among approximately 75 of its employees who shared in the happy prize in proportion to the length of their continuous service.

First Baby Contest Sponsored by News

The Grosse Pointe News, in cooperation with a representative group of its selected advertisers, again features its 43rd annual "First Baby" contest, which will result in a scholarship for the first child to be born in 1943 in the area served by this newspaper.

Rules and the list of prizes for the contest will be found on Page 3 of this issue.

Joe and so this point the line was drawn too late as all those who had put in one full year of continuous service, prior to the distribution of the bonus, qualified for the top amount of \$700.

The lowest ratings on the list got \$121. In the division of the prize of \$45,000 in cash, given to the men who had gone into military or naval service during the year, while they could not receive credit for the full year of service they did not lose out.

Needless to say, the distribution of this large sum among a comparatively small number of men made a very merry Christmas and an exceedingly happy New Year for all the lucky men of the transit corporation and for the carrying needs of the Grosse Pointe area.

Fifteen Draftees Sent Off to War

Fifteen draftees under the charge of acting corporal Robert Graham of 815 Lake Shore road, were sent off to war on Saturday morning at the Neighborhood Club in the form of a breakfast feast.

Second Clara Seaman Frank Tickle, the Grosse Pointe boy who enlisted on June 10 and was in active service long enough to encounter many adventures by land and sea, including being torpedoed, was at the breakfast and gave an interesting extemporaneous talk on some of his experiences, which held the breathless interest of his listeners.

Donald Crain, whose wife is the Secretary of the Breakfast Club, gave a brief but inspiring talk. Under the informal atmosphere which attended the gathering, various persons were called upon for entertainment offerings.

High schoolers played the piano and Dr. Paul Ewert, Superintendent of the Grosse Pointe schools, who is also an accomplished musician, played several selections.

Taxes Are Now Payable at Township Offices

The attention of the taxpayers of the township is called to the official advertisement of Township Treasurer Adolph L. Sherman, appearing in this issue of the News.

Notification is given that township taxes are now payable at the Township Tax Office at 15115 E. Jefferson. The tax includes the Cash and School tax as well as the Township tax. Payments can be made up to and including January 10, 1943, after which is probably 4% will be added.

Heavy Rains Flood Woods

Two Sections Affected; Pres. H. A. Gieschev Calls Special Meeting

The Country Club woods and the Woods Redraws precinct lines were affected by heavy rains reported flooding of streets and basements Monday and Tuesday, due to the heavy rains and melting snow.

Woods President Alois Gieschev called a special meeting of the village commission to consider the problem. The village commission reported that the water was running down from the high ground in Gratiot Township, where there are no sewage facilities to intercept the water, and was overflowing the Woods sewage treatment station.

Gieschev and a committee of commissioners attended a meeting of the Wayne County Road Board of Tuesday and brought the problem to the attention of the county board, saying that they can do nothing about it because they have no trunk lines in that vicinity.

Overseeing Park Resident Sends Police to Rescue

Gratit Police of 1428 Lake Park called the Park Police on Tuesday afternoon and reported that a car was running in a garage in the alley between Lake Park and Beaconsfield and was being driven by a man.

Apparently there was no open door. The police hurried to the alley and found a car running and being driven by a man. The police immediately called the neighborhood police.

Not observing any openings for escape in the place, they immediately arranged suitable vehicle.

Maryland Avenue Youth Is Missing

Ludwig Berkens of 1415 Maryland has been missing from his home since 2:45 Tuesday afternoon, December 22. He is 18 years old, five feet ten and one-half inches tall, and weighs about 155 pounds. He has dark, wavy hair, brown eyes, and a long, straight nose.

When last seen he was wearing a dark suit, a white shirt, and a dark tie. He was last seen walking down Maryland Avenue, near the intersection of 14th Street.

His father, Mr. Berkens, is a police officer and is very anxious to find his son. He has offered a reward of \$500 for information leading to his safe return.

Aged Italians Appreciative

An air raid warden's sincerity paid a dividend in Grosse Pointe this week. It was not large, but with it came a tug at the heart.

The story begins last Spring. The warden, whose name the Office of Civilian Defense withheld, was at that time visiting every house in his block, following out his code of instructions to the letter—and more.

The neighborhood was not prosperous. Attics and stairways of the rented houses were crowded with water buckets and pails of oil for enemy bombers to use as incendiaries.

Warden is Patient. Patiently, the warden went about his task—urging people to clean up their premises, to provide water buckets and pails of oil to equip a dark refuge for use in blackouts.

He preached conservation of food, clothing, heat. He urged families to collect their scrap rubber, iron and tin and turn it in. He compelled against spreading rumors. He advised War Stamp and Bond buying.

Both appeared grateful over the interest shown in them by the warden. One would guard that nobody else had ever called on them to pass the time of day. They were pre-fascist Italians who hated Mussolini, and both had become American citizens.

This warden got results. He kept busy, so much so that the elderly couple slipped from his mind except that he remembered how quickly they had fallen in

It will never spear a Jap. Never sink a sub. Yet an electric turbo-generator is a weapon of war—a deadly weapon. And this one is doubly so. Because it is destined for use in a Detroit Edison Power Plant, where it will generate power for a host of war industries in this area. It is deadly because the flood of war products from Southeastern Michigan will help tip the scales and seal the doom of our enemies.

NOT A SECRET WEAPON

But the turbo-generator is not a secret weapon. All the world knows that the United States has more electric power to forge the tools of victory than all the countries of the Axis combined. The Detroit Edison Company is a conspicuous example, with 5½ times the capacity that it possessed in World War I. Without that tremendous capacity, it is unlikely that the Detroit area could have become—so quickly—the bustling arsenal that it is today—producing planes, guns, tanks, ships, and countless other instruments and materials of war for the free peoples of the world.

WHY AMERICA IS SUPREME

Why is America supreme in electric power? The answer can be found in the American economy of abundance, based on the concept—"The more electricity that is used, the less it costs to

produce it. And the less it costs, the more it will be used." Influenced by the public benefits to be gained from this policy, the electric companies of America have consistently followed a program of improvement and expansion in order to provide the most dependable service for their customers and the greatest abundance of electric power for the country.

TWO YEARS TO BUILD

Now this new turbo-generator is being added to The Detroit Edison Company's generating capacity. Since it takes nearly two years—and approximately a million and a half dollars—to complete one of these huge marvels of modern science, you can see that your electric company has always had to prepare for the future far in advance. The new generator which brings its urgently needed power at this critical time was on order long before the blow at Pearl Harbor shocked a peaceful people and set the wheels of war production turning madly.

ENOUGH FOR 250,000 FAMILIES

This newest turbo-generator provides an additional 75,000 kilowatts—or enough electricity to care for the normal needs of 250,000 average families. Yet this 75,000 kilowatts is only a small portion of the entire present Detroit Edison capacity. In a world of peace, this added

capacity would have been utilized to assure ample electric power for homes and industries. It would have offered further assurance of the dependable service to which the customers of The Detroit Edison Company have become accustomed. It would have meant greater comfort and convenience for larger numbers of people. It would have brought added promise of the continuation of the reasonable rates for electricity which customers of The Detroit Edison Company enjoy. But circumstances have changed its immediate destiny. Marked for continuous action behind the lines, this industrial weapon will be devoted largely to the grim needs of war.

A MODERN MIRACLE

There are many vital elements that participate in the complete cycle for the production and supplying of electricity to homes and industry. However, the turbo-generator is the heart of the enormous operation. It is the mechanism that converts the energy of extremely hot steam at high pressure into electric current. The Detroit Edison Company, in selecting a General Electric turbo-generator, gave well-merited recognition to 40 years of leadership in the building of these great machines and in improving their design to obtain greater efficiency. Your section of the Country is getting the finest equipment that technological skill has devised—the most reliable equipment that money can buy.

Vital Shore Guarded By Pointe Patriots

of Local Members of Coast Guard Reserves Published
For First Time; Their Record Unblemished by Sabotage

Few Grosse Pointe realize the splendid contribution the men of their own community have made to the protection of the vital water highway that runs for many miles past the Detroit area.

This water route has long been one of the most important in the world with its enormous tonnage passing the Pointe in the course of a year of water transportation, but during the eight years of the year in which the route is open it is also one of the most important in the movement of the materials of war in the whole world.

It is the responsibility of the United States Coast Guard to protect this highway. While the organization has been expanded the vast coast which it must protect on the oceans and the Gulf of Mexico still leaves it dependent in a great measure on the volunteer citizenry of the coasting territories.

Here along the Detroit water front this help has been forthcoming on a great scale. Hundreds of citizens have joined up with the Coast Guard Reserves and these men, many of whom engaged during normal hours important war industries and careers in essential private business, are giving long hours of their time, often devoted to the private recreation, to this important protective service.

Yuletide Joy and Tragedy Intermingled

Christmas joy and Christmas tragedy are intermingled in one of those human interest stories which jump up from time to time. This one has to do with a very well known figure in the Pointe . . . Mary Kellenny, who teaches dancing lessons to the children of so many localities.

In private life Mary is Mrs. William A. Fritsch, and her husband is a sergeant in Uncle Sam's fighting Army. Sergeant Fritsch left her in early July and in due time his family was informed that he had arrived in London. Periodically since, up to November 4 to be exact, cables have arrived, apprising his wife of his welfare and keeping her informed of his location.

Since the last of the last cable, there has been considerable anxiety in Sergeant Fritsch's family. With the great activity in Africa it was a fairly safe guess that he was in the thick of things, vulnerable to all the accompanying dangers.

Then, on Christmas morning, in the midst of a WJR broadcast which carried messages from boys in the services stationed the world around, came the voice of Sergeant William A. Fritsch. He had been chosen to represent the men stationed in London, probably because before he joined the army, he had achieved an enviable reputation as a public speaker in the employ of the Chrysler corporation.

The Christmas joy, naturally, was contained in the news to his family that he was still in London, still well and safe. But this joy had to be related to Mary and the rest of the family by close friends who had heard Bill. The tragedy lay in the fact that neither Mary nor any member of the family happened to be listening to the radio at that time. They didn't have the supreme thrill of hearing his voice.

OCD War Club To Be Formed

John J. O'Brien Is Head of Project Locally; Council To Be Set Up

Formation of Neighborhood War Clubs in every section of Detroit and Wayne County is to be undertaken by the Wayne County Council of Defense, Robert H. Stadler, chairman, announces.

To lead the organizational activities of the war clubs, Stadler has appointed Professor Preston H. Scott, head of the Speech Department of Wayne University, as at present leads the city and county OGD Speakers' Bureau.

Want War Brought Home
"The basic idea behind the formation of Neighborhood War Clubs is to bring the war home to every resident of Wayne County," Stadler said, "to get vital war information into every home rapidly and accurately and to promote a spirit of cooperation in neighborhood enterprises such as discussion meetings, car sharing plans, salvage drives, conservation programs here and in the city, health, welfare, housing, sale of war stamps and bonds and consumer activities."

John J. O'Brien, as chairman of the Civilian Service Corps for the Pointe area, is organizing all service groups here and is in charge of the Neighborhood War Club project locally.

His plans call for the formation of a council composed of the leaders of all the various war organizations such as the Home Front, Bond and Stamp sale promotion groups, Victory Gardens, Hostess Corps, War Transportation Committee, etc.

Mr. O'Brien is maintaining headquarters in the AWT's offices on Kercheval avenue and may be reached at TUredo 1-1050.

Village Manager Duties Clarified

The Commissioners of the Village of Grosse Pointe Park have passed an ordinance defining the powers and duties of the Village Manager.

The purpose has been to clarify the duties of the manager and iron out confusion and inconsistency which have accumulated with the years since the creation of the office. The new measure will also simplify the procedure for the manager and make clear for him a more exact understanding of his responsibilities and limitations.

The subject is explained in detail in the official publication of the complete ordinance that appears in this issue of the News.

Do not anticipate the happenings of tomorrow, but discover it in today.

USE BOTH THESE AIDS

to boost PRODUCTION in war plants!

Skilled workers can produce only as well and efficiently as they can SEE. That is why good light is so important in war plants. Machine output depends in large degree on the speed and accuracy in which operators, and seeing must be clear, sharp, effortless. GOOD LIGHTING helps to make it so.

But there is another production tool almost as important as good lighting, and that is COLOR CONTRAST. Machines in factories are often painted a drab green, deep gray or black, blending into a dark solid mass. This—combined with dull walls, floors and ceilings—makes seeing difficult even under large amounts of illumination. Valuable "light" is "blasted up" and much of it wasted. There is no contrast between the machine and the work, between a gray stamping and a gray press. Eyes strain to see, hands are slowed down, hazards are multiplied.

A paint brush provides a simple and inexpensive solution. By painting the working areas of machines a lighter color, CONTRAST is provided between the work and the background, making it easy to see. And because eyes are instantly attracted to the bright spot, the lighter color "spotlights" the danger point—the point of work—and accident hazards are automatically reduced.

Detroit Edison Lighting Advisors will be glad to advise you on the combined use of LIGHT and COLOR CONTRAST to boost production in your plant. Call RA 2100, Lighting Division. The Detroit Edison Company.

All Work and No Play Makes Jack, but Dulls Points

Calendar is Dreary As Localites Labor

Energy Expended in Furthering War Effort Instead of Planning Glittering Social Functions; Servicemen Benefit

Looking back over the social events in Grosse Pointe during this war year of 1942 brings home the effect of world conflict on the local way of life. Parties were reduced to a minimum because people were busy in service organizations.

Many of the larger homes have been equipped for emergency hospitals in case of air raids. And Mr. has become in many cases Pvt. or Lieut. So-and-so, address, some distant part of the globe. The glitter has been dulled for the duration as Grosse Pointe works for victory.

Many a Pointer has been earning money in war industry, but the long hours have made them too tired to want to spend any of it in revelry, not to mention the fear of being criticized for extravagance in wartime.

The social calendar of the past year included, on January 2, the engagement of Corine Wilcox to Ensign Ted Grace. January 10 saw the marriage of Marjorie Treadwell and Herbert Ross. January 11, the Victory garden program was planned on January 15.

February 1st was the wedding day of Irene Malinowski and Lieut. Louis N. Macomber. February 19, at the Colony Club, a United Nations Bride Luncheon was held. February 21 Virginia Davis became the bride of Lieut. Richard B. Mocher.

The Twelfth of March saw the wedding of Marjorie and Walter D. Wagner, and the formation of a women's membership group by Mrs. Edwin Kriehoff. Palm Sunday, March 29, Nancy Randall and Serg. Leslie P. McDougall, Jr., were married.

The Grosse Pointe unit of the AWW was formed at a meeting April 8. Two weddings on April 11 were those of Elizabeth Harker and William Court, and Dorothy Russell Tomy to Max Schilling, Jr.

May 5 was the wedding date for Mary Elizabeth Powell and Robert A. Fleming. The engagements of Lois Evelyn Northrup and Pierre Pont on the ninth and Virginia Kosselin and Charles L. Coe on the twentieth, were two other May events.

June was really a busy month for the local ladies and gents. On the eleventh the Hostess Corps was formed to entertain the service men. June 15 was the big day for 17 of the season's debutantes when they made their debut at the Country Club.

On June 17 the engagement of Josephine Ford to Walter Buhl Ford was announced. June 30 was the last party of the season for the debutantes at Al Green's.

July 17 Peggy McNeil became Mrs. Frederick Freilinger. July 22 was Mackinac race week, and many saw the Hostess II of Grosse Pointe win the race at Mackinac Island.

Happy New Year!

Wedding Bells Will Ring for Them Saturday

The wedding of JOSEPHINE FORD, daughter of the Edsel B. Fords of Lake Shore road, and WALTER BUHL FORD, II, son of Mr. and Mrs. Frederick Clifford Ford of Bishop road, will take place Saturday afternoon, January 2, at 4:30 p. m. The Rev. Francis B. Creamer will officiate at the ceremony, to be performed in the Christ Church chapel.

Josephine's maid of honor will be Patricia Happer, and the bridesmaids will be her sister-in-law, Mrs. Benson Ford, Mary Lawrie, Mrs. Wadsworth Coughlin of Forest Hills, Long Island, and Eleanor Hartwell of Pittsburgh.

Mr. Ford's best man will be his brother Alfred, and the five ushers will be William Ford, Josephine's younger brother; James A. Finkentat, George Coughlin, Richard P. Hunt, of Buffalo, New York, and Robert T. Isham, of Lake Forest, Ill.

There will be a reception at the Edsel Ford home after the ceremony.

This picture, taken by Robert Lackenbach of the Grosse Pointe News staff at the time of their engagement, so far as is known, is the only one taken to date of the young couple.

More Tin Cans Badly Needed

That less than half of the empty tin cans at the disposal of Pointe households are being prepared for contribution to the next tin can salvage collection drive, is estimated by officials in charge of rubbish collection for the city.

Their estimation is based on the number of tin cans daily picked up and deposited at dumping grounds by city rubbish collection crews. In requesting that citizens start saving now for the next tin can collection drive on January 16, Terry Bannan, chairman of the Wayne County Tin Salvage Committee, pointed out that the tin can salvage drive is the rubbish heap is virtually irreplaceable. Only 44 tons of the 100,000 tons of tin used in this country last year were produced here.

Nearly 90% of American consumed tin formerly came from Malaya, now held by the Japs. And not only the tin content, which is 1% of each can, but also tons of salvage steel are being wasted, Bannan said.

Because of lack of interest on the part of housewives, an approximate total of ten tons of tin and 1,000 tons of scrap steel content in tin cans are daily thrown away, according to Washington tin salvage sources. The eradication of these losses can be accomplished, and total tonnage in Detroit's next salvage drive doubled, Bannan stated. If citizens will accumulate all tin cans empty during the days immediately preceding collections.

For the next drive, tin cans should be prepared, as before, by removing can labels, washing and flattening.

Murray Dancers Have Big Season

It's a dizzy holiday season for Arthur Murray dancers in their studios at the Statler Hotel. They're whirling and pivoting in double-time to answer the demands of all the Detroiters who want to learn to dance for New Year's Eve.

The seasonal increase in pupils is augmented this year by servicemen, wandering in by dozens to "learn what it's all about, so that they can attend all those dances they give for us." Other men in uniform apply for instruction at the request of their superior officers, who demand that they "do something about your dancing, so that you can dance with my wife at our next party."

Servicemen particularly are appreciative of the national aspect of the Arthur Murray system of instruction—that system which is based on steps and methods set up by Arthur Murray in New York to be used by branch studios all over the country.

At this time, Doris and Cy had their first four teachers and pupils in Detroit, and finally there was no interruption in Chicago, Toledo or Los Angeles.

Co-directors Cy Andrews and Doris Estlin are conducting a double celebration at the studio this year: one for the holiday season, and one for the growth of the Detroit branch studio since they opened it here in May, 1938.

At this time, Doris and Cy had their first four teachers and pupils in Detroit, and finally there was no interruption in Chicago, Toledo or Los Angeles.

The Detroit studios were the first branch office in the country. There are now 45, all over the United States, which were set up after the success of the system was proved in Detroit. Opening

Town Hall Books Kathryn Garten

Kathryn Turner Garten, "First Lady" of book reviewers, will return to Detroit Town Hall at the Fisher Theatre for her third annual engagement Wednesday morning, January 6, at 11 o'clock.

In her talk, "What To Read and Why?" Mrs. Garten will discuss in her vivid narrative style some of the leading books of the year.

This popular reviewer of literature inherited her great flare for story telling from her father, an Indiana minister. She has given book talks over KIDS radio books, and has lectured in all the leading cultural centers. When not lecturing she is able to absorb the contents of five or more new books a week, and interpret them without notes.

Franklin P. Adams, erudite star of "Information, Please," will be the second attraction on the post holiday Town Hall Series, appearing at the Fisher Theatre, Wednesday morning, January 13.

There with 2 studios and four teachers, they have expanded in four years to include 26 dance studios, two teachers' rooms, 2 interview offices, a sound studio and a private office.

The personnel now includes 34 teachers, 2 secretaries, a receptionist, an interviewer and a supervisor. Arthur Murray studios occupy the whole Bayview side of the Hotel Statler, the whole Park side, and one quarter of the Washington boulevard side on the second floor.

In their double celebration this year, they are including free lessons for servicemen, which are given in the studios at certain hours on three days during the week, and several nights in classes at the Y.

SPARS Seek Enlistments

False Rumors Spiked by Ensign Bartlett, Coast Guard Officer

Smashing false rumors that enlistments of young women for SPARS has stopped, Ensign Richard H. Bartlett, Coast Guard Recruiting Officer, has announced a new drive to enlist 1,000 recruits.

The rumor that the SPARS quota had been reached in this area has gained wide circulation. Ensign Bartlett, to counter the rumor stated: "I don't know who started the false talk; it might have been subversive elements, or maybe just idle chatter, but I do know it's not true!"

Women between 20 and 36, without dependent children, and with a high school education can enlist. The age limit for officers is 30, and they must have two years of college. Training of SPARS will be at America's most famous colleges.

Those who enlist will receive primary training. SPARS are assigned to shore-based Coast Guard units to replace absentees and to assist in training young men anxious to join the fight overseas.

Pointing out that advancement for SPARS joining now will be rapid, Ensign Bartlett said: "Ratings of Yeoman, Radio Operator, Storekeeper, Pharmacist, Paymaster, and others will be given to those who join early." Pay increases with each rating. Although officers' ratings are equivalent to ratings found in the Navy, SPARS will not be subject to the same limits of the United States.

SUGGESTIONS FOR LATE NEW YEAR'S EVE PARTY

SURIMM RABBIT SANDWICH 10 Servings
Butter, 2/3 cup
Chopped onion, 2 tablespoons
Chopped green pepper, 1 cup
Fresh cooked shrimp, 2 lbs.
Toast, 10 slices
Butter, 2 tablespoons
Flour, 2 tablespoons
Milk, 1 cup
 Worcestershire Sauce, 1 tsp.
Dry mustard, 1/4 tsp.
Salt, 1/2 tsp.
McClure's Imperial Cheddar Cheese, 1/2 pound

Meat batter, add chopped onion and green pepper and cook very slowly 5 minutes. Add shrimp, mix carefully with a fork and cook slowly until shrimps are hot. Prepare a generous amount of the shrimp mixture on each slice of toast, and cover each portion with the following sauce.

Make a cream sauce with the butter, flour, milk and seasonings. When well cooked and smooth, remove from fire and add the cheese, and stir occasionally until cheese is melted. Keep

Stuffed Green Peppers 12 Servings
Green peppers, 12
Kosher salt, 1/2 cup
Kosher pepper, 1/2 cup
Bread crumbs, 1/2 cup
Worcestershire sauce, 1/2 cup
Salt, 1/2 tsp.
Pepper, 1/2 tsp.

Cut a slice from the top of each pepper, remove the seeds, and fill them 5 minutes in a salad dressing. Mix lightly with the sauce. Spoonfuls of the stuffed peppers, the tomatoes, cucumbers and eggplant. Sprinkle the peppers with this mixture, stand them upright in baking dish, sprinkle the remaining salad dressing over them, and bake in a moderate oven, 225°, 25 min.

V-8 Hot V-8 may be heated and served piping hot without any addition. Chop cucumbers may be sliced in hot V-8 just before serving

FAITH. HOPE. AND Patience...

As we look into our bag of words for the joyous, merry greetings of the Holiday Season, we are stopped by a dark shadow of the titanic events that have rocked the world...

A shadow which seems to hide the gleam of the Christmas Star, and seems to dim the pealing of Christmas Chimes... But through the gloom there shines a thin white ray of light, a promise of future years of Peace on Earth and liberty for those to whom it is so dear.

To you and yours, we wish the strength and courage to work... and fight... and wait.

HAPPY NEW YEAR!

Salute the New Year... With a Pledge to Victory!

We thank you for the confidence shown our organization by your purchases! May 1943 be good to you... to all America... is our sincerest wish!

Casino to Help Crooks Will Give Concert

Ten per cent of the New Year's Eve gross income at Fischer's Casino, 1220 Washington boulevard, will go to the boys in the armed services for their entertainment, according to an announcement by Herman Fischer of 461 Fisher road, owner of the Casino.

SERGEANT VERNIER OLDEST
Correcting a story which appeared in the News several weeks ago, Serge Vernier is the oldest man on the Grosse Pointe Park police force in length of uninterrupted service.

Spare-Time Country Squire Crooks Will Give Concert

Nestled in the Pocomo, miles remote from even tiny Toboggan, Pa., lies the strict and exclusive Buck Hill Falls. Crooks was able to finance a few years of study abroad. He made his opera debut at Hamburg in 1927 and finally, in 1932, landed a berth at the Metropolitan. At that time he also went to the radio for more than a decade and recipient of signal honors from all corners of the world, the most exotic being honorary Doctor of Medicine of the Fiji Islands.

Take Honors Lightly
These honors rest lightly enough on the six-foot-two frame of 43-year-old Richard Crooks. He has more than 40 years of league between operas, concerts and broadcasts than to room the Pocomo, ride horseback, ski, ski, romp with his dogs, "Blac" and "Rose of Tredde," or just tell his \$1,000,000 lungs out amid the hills.

Alexander Richard Crooks was just another Jersey kid until the magnificent Schumann-Heyne gathered him up and kissed him after hearing his silvery soprano back in 1912. From then on he had a goal and he made it on his own. He carried ice, wielded a paintbrush, peddled insurance,

Colony Theater Changes Hands

Joseph Ellul, one of Detroit's best known theatrical operators, who assumed ownership of the Colony theater at 1855 Mack avenue the middle of this month, has already perfected changes which will place the playhouse in the "Performance Class" with local theater-goers.

Better sound and lighting equipment has been installed and popular prices to prevail in view of the step-up in the class of pictures to be shown. It has been learned.

Courses to Train O.C.D. Messengers

Two Office of Civil Defense messenger courses for boys start next week. One course is for boys over 15 and the other is for boys from 12 to 15.

These courses give valuable training to boys. Ten hours are spent on first aid. Another ten hours are spent on the duties of messengers, blackout, air raid warning system, fire bombs, high explosive bombs, gas, gas and air raid shelter.

For Boys Over 15
For boys over 15, a five class two hour course on first aid will be given Thursday nights starting January 1 at the Grosse Pointe High School. Inquire at the office for room number. There will be no meeting during examination week. Boys should bring 60c for Red Cross First Aid book. The teacher will be Leo Spencer, a physical education instructor.

At the conclusion of the first aid course, Henry Cook and H. Thompson and C. D. Messengers instructors, will give the ten hour course covering messengers' duties, etc. to boys who have not already had it.

For Boys Under 15
For boys under 15 and over 12 who are not affiliated with any other boy scout troop, H. Thompson Stock and A. V. Lancaster, scoutmaster of Troop 25, will give a twenty week combined program starting at 7:30 p.m. Tuesday, January 5 at the Grosse Pointe Memorial Church. Boys need not join the troop in order to take the course.

Scoutmaster Lancaster tells the following instances which show the vital value of first aid. Some time ago a boy cut an artery in his wrist at school. Blood was spurting out and the teacher did not know first aid. A troop 25 scout saw the injured boy, applied a tourniquet and saved the boy's life.

Woods Recreation Books Big Match

Saturday evening, January 2, at 8:30 P. M., a bowling match between Dirty Trout's Allstars and Chuck Hanneman's Stars will be held at the Grosse Pointe Woods Recreation for the benefit of the boys in the service.

Dirty Trout's team consists of Billy Hough, Roy Cullenham, Hal Newberger and Al Wojcikowski.

Members of Hanneman's team are Fred Critchfield, Don Shepard, Cal Talhamas, Hank Stevenson and as an alternate, Hal Stables.

The Woods Recreation House team, composed of John Schultz, Joe Stalowe, James Gardiner, John Gonda, and Herb Matheux, will bowl the winners of the first match.

A seasonal reservation for the matches at Madison Square Garden in New York. Although he says baseball is "all right," cricket to him is the better game. An honorary member of the exclusive Surrey, Yorkshire, and Middlesex Cricket Clubs of England, Primrose proudly wears the specially striped ties of these organizations. An American friend tells of visiting him in London some years ago and being kept awake until 3 o'clock in the morning "just to hear on the wireless some cricket scores from Australia."

Tickets for the joint recital of Richard Crooks, tenor, and William Primrose, violinist, are available at Grinnell's Music Store on Woodward avenue.

An Ordinance Defining the Powers and Duties of the Village Manager

VILLAGE OF GROSSE POINTE PARK ORDAINS: SECTION 1—Definitions as used in this Ordinance:

1. Administrative service means:

(a) All services rendered by the Village to the public including, without limitation, the general utility of the foregoing, police, fire, water and other utilities, sewage disposal, refuse and garbage collection, waterfront and other parks and public places, maintenance, other public health, other public works and general office;

(b) Duties performed by the Departmental Officers: Duties to be performed by the Clerk (except as Clerk of the Commission and the Assessor (except as member of the Board of Review), the Comptroller, the Chief of Police (except as an Election Commissioner), the Chief of Fire and the Building Inspector, whether or not such duties involve services included in (a) above;

(c) Duties vested in the Village Manager by virtue of the Charter;

(d) Such other matters as the Commission by resolution may place in charge of the Village Manager; excluding from (a) and (b) above any matters which the Commission by resolution hereafter expressly removes from the charge of the Village Manager.

2. Departmental Officers means:

(a) The Clerk, the Treasurer, the Assessor, the Comptroller, the Chief of Police, the Chief of Fire, the Building Inspector and the deputies of the foregoing (subb), however, the exceptions stated in (b) below and any other officer which the commission by resolution hereafter designates for the purposes of this Ordinance as a Departmental Officer.

(b) Notwithstanding (a) above, the term Departmental Officers does not include the Clerk when acting as Clerk of the Commission or as an Election Commissioner, the Assessor when acting as a member of the Board of Review, the Chief of Police when acting as an Election Commissioner, nor the Comptroller when establishing or supervising accounting controls or when auditing accounts of the Village, its departments, employees and officers, or when making reports to the Commission. All such officers when performing the duties herein enumerated shall be responsible exclusively and directly to the Commission.

(c) Employees means all persons connected with the services of the Village except the President, Commissioners, Departmental Officers, the Village Manager and the Village Attorney.

SECTION 2—General Authority and Responsibility of the Village Manager:

1. The Village Manager shall be the administrative officer of the Village and, under the direction of the President and the Commission, shall be in complete charge of the administrative services of the Village and of its departments and equipment. It shall be his duty to see that all administrative services are performed and that all properties and equipment are cared for in a sufficient and economical manner, and to comply with the provisions hereof and of the Charter. He shall be responsible to the President and to the Commission.

2. All Departmental Officers and all employees connected with the administrative service shall be directly responsible to the Village Manager for the performance of their respective duties.

3. The Village Manager shall have power to employ, discipline and dismiss employees connected with the administrative service, subject to applicable provisions of the Charter and of law and subject, where applicable, to the disciplinary requirements of the rules and regulations governing the department concerned.

4. Without in any way limiting the generality of the foregoing, the Village Manager shall (a) have power, prior preliminary Commission authorization, to make contracts and contract debts in a sum not exceeding twenty dollars for any one purchase or debt contracted; (b) Prepare and submit to the Commission the annual budget; (c) Attend all meetings of the Commission, with right to take part in the discussion; (d) He may be authorized by the Commission, unless expressly determined by the Commission; (e) Recommend the adoption of such measures as he deems advisable; (f) Make reports to the Commission in such detail and frequency as it shall require.

SECTION 3—Standards to Be Followed by Village Manager:

1. The Village Manager shall perform his duties in accordance with accepted standards of municipal administration, the directions of the Commission and the directions of the President. Where any similar matter has already been acted on by the Commission, he shall follow the policy expressed or implied by such action.

2. In any case where the application of the foregoing rules is a reasonable doubt or where the result is, in the opinion of the Village Manager, he may, where a new question of policy is involved, the Village Manager shall consult with the President or the Commission appointed to the department concerned, or he may refer the matter to the Commission as a whole.

3. Nothing in the foregoing is intended to limit the powers and authority of the Village Manager. He shall be authorized for the advice and counsel of the President or any Commissioner, and he shall be entitled to request the advice and counsel of all or any of them on any matter.

SECTION 4—Regarding Departmental Officers:

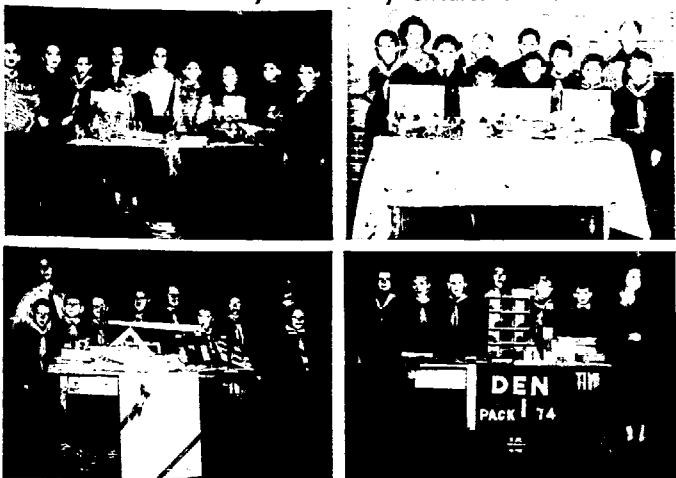

1. The Departmental Officers shall perform their administrative duties as directed by the Village Manager. The Village Manager shall ask for but shall not be obliged to follow the recommendations of the Operating Officers with regard to matters within their respective jurisdictions.

2. If the Departmental Officer does not agree with the action directed by the Village Manager, the Departmental Officer may ask that the matter be referred to the Commission and the Village Manager shall do so at the earliest opportunity. Where any action directed by the Village Manager would, in the opinion of the Departmental Officer, be illegal or clearly opposed to the best interests of the Village, the Departmental Officer shall be under a duty to refer the matter to the Commission.

SECTION 5—Procedure for Bringing Matters to Attention of Commission:

The monthly Cup Award for the Den having the greatest number of individual advancement awards went to three Dens: Den No. 2, Den No. 6, and Den No. 8 which had identical percentages and shared the honors. Next month marks the expiration of the present Pack Charter as members of the Detroit Area Boy Scouts. With the renewal of the Charter, sponsored by the Richard School Parent Teachers Association, Philip Dexter, who has been the assistant Cubmaster for the past year will take over the leadership of the Pack with W. E. Landis as his assistant.

Leon K. Lindahl, present Chairman of the Pack Committee as well as president of the P.T.A., will continue on in his capacity as Chairman. The Pack year registration will have more than 85 Cub Scouts, which is an all-time high in membership.

Rabaut to Participate in Party for Drafts

Congressman Louis Rabaut, who is the proud head of a family of unusual musical talents and himself a vocalist of no mean ability, has promised to attend one of the sendoffs for the service men from the Point at the earliest date that can be arranged to fit into his busy official schedule. Mr. Rabaut will make the address on the occasion and will be accompanied by four of his children, who since attending his daughters has composed several inspiring patriotic songs and will sing several of these. The definite announcement of the time of Congressman Rabaut's appearance should assure the presence of a large number of Grosse Pointers on this occasion.

HOUSEWIVES HELP STEER SHIPS WHEN THEY TURN

It is an undoubted truth, that the less one has to do, the less time one finds to do it. One day, one prearranged can and take to the meat dealer or cooperating agency in the neighborhood when a pound or more is collected.

COMMISSION OKAYS BILL

The Park Commission directed the payment of bills aggregating \$26,000 at the meeting on the 28th. These cover, in addition to the usual supplies and materials for the month, a subscription for the payment of a debt on the payment of interest coupons due on Village bonds payable at this time.

NAVY NEEDS OFFICERS

Qualified men between the ages of 19 and 30 may still be considered for appointment as commissioned officers in the United States Naval Reserve. Lieut. Comdr. D. P. Welles, in-charge of the Detroit Office of Naval Officer Procurement, said today.

CLERK, GROSSE POINTE PARK

An Ordinance Defining the Powers and Duties of the Village Manager

VILLAGE OF GROSSE POINTE PARK ORDINANCE

SECTION 1—Definitions as used in this Ordinance:

- Administrative service means:
 - All services rendered by the Village to the public including, without limiting the generality of the foregoing, police, fire, water and other utilities, sewage disposal, rubbish and garbage collection, waterfront and other parks and public places, maintenance, other public health, other public works and general office;
- Duties performed by the Departmental Officers:
 - Duties to be performed by the Clerk (except as Clerk of the Commission and except as an Election Commissioner), the Treasurer, the Assessor (except as a member of the Board of Review), the Comptroller, the Chief of Police (except as an Election Commissioner), the Chief of Fire and the Building Inspector, whether or not such duties involve services included in (a) above;
- Duties vested in the Village Manager by virtue of the Charter;
- Such other matters as the Commission by resolution may place in charge of the Village Manager; excluding from (a) and (b) above any matters which the Commission by resolution hereafter expressly removes from the charge of the Village Manager.

2. Departmental Officers means:

- The Clerk, the Treasurer, the Assessor, the Comptroller, the Chief of Police, the Chief of Fire, the Building Inspector and the deputies of the foregoing (subject, however, to the exceptions stated in (b) below) and any other officer which the Commission by resolution hereafter designates for the purposes of this Ordinance as a Departmental Officer.
- Notwithstanding (a) above, the term Departmental Officers does not include the Clerk when acting as Clerk of the Commission or as an Election Commissioner, the Assessor when acting as a member of the Board of Review, the Chief of Police when acting as an Election Commissioner, nor the Comptroller when establishing or supervising accounting controls or when auditing accounts of the Village, its departments, employees and officers, or when making reports to the Commission. All such officers when performing the duties herein enumerated shall be responsible exclusively and directly to the Commission.
- Employees means all persons connected with the administrative services of the Village except the President, Commissioners, Departmental Officers, the Village Manager and the Village Attorney.

SECTION 2—General Authority and Responsibility

- The Village Manager shall be the administrative officer of the Village and, under the direction of the President and the Commission, shall be in complete charge of all administrative services of the Village and of its properties and equipment. It shall be his duty to see that all administrative services are performed and that properties and equipment are cared for in accordance with the provisions hereof and of the Charter. He is responsible to the President and to the Commission.

- All Departmental Officers and all employees connected with the administrative service shall be directly responsible to the Village Manager for the performance of their respective duties.

- The Village Manager shall have power to employ, discipline and dismiss employees connected with the administrative service, subject to applicable provisions of the Charter and of law and subject, where applicable, to procedural requirements established by rules and orders governing the department concerned.

- Without in any way limiting the generality of the foregoing, the Village Manager shall (a) have power, but preliminary Commission authorization, to make leases and contract debts in a sum not exceeding Two Dollars for any one purpose; (b) receive and disburse funds for any one purpose; (c) Attend all meetings of the Commission, with right to take part in the discussion; (d) Be a member, officer, of all committees of the Commission; (e) Recommend the adoption of such measures as he deems advisable; (f) Make reports to the Commission in such detail and frequency as it shall direct.

SECTION 3—Standards to Be Followed by Village Manager:

- The Village Manager shall perform his duties in accordance with accepted standards of municipal administration, the directions of the Commission and the directions of the President. Where any similar matter has previously been acted on by the Commission, he shall follow the policy expressed or implied by such action.

- In any case where the application of the foregoing rules is in reasonable doubt or where the Village Manager, in the opinion of the President, has raised a new question of policy is involved, the Village Manager shall consult with the President or the Commissioner appointed to the department concerned, and he may refer the matter to the Commission as a whole.

- Nothing in the foregoing is intended to limit the powers under which the Village Manager may act for the advice and counsel of the President or any Commissioner, and he shall be entitled to request any advice and counsel of all or any of them on any matter.

SECTION 4—Regarding Departmental Officers:

- The Departmental Officers shall perform their administrative duties as directed by the Village Manager. The Village Manager shall ask for, but shall not be bound to follow, the recommendations of the Departmental Officers with regard to matters within their respective jurisdictions.

- If the Departmental Officer does not agree with the action directed by the Village Manager, the Departmental Officer may ask that the matter be referred to the Commission and the Village Manager shall do so at the earliest opportunity. Where any action directed by the Village Manager would, in the opinion of the Departmental Officer, be illegal or clearly opposed to the best interests of the Village the Departmental Officer shall be under a duty to refer the matter to the Commission.

SECTION 5—Procedure for Bringing Matters to Attention of Commission:

- Except in extraordinary circumstances (a) en-

Nursery School Seeks Location

At the Park Village Commissioners' meeting Monday night permission was asked by Joel Bremer of 556 Macarobes building speaking on behalf of Olive and Margaret Miller, to open a nursery school at 911 Barrington.

The Miller ladies have conducted a nursery school in the Pointe area for nearly twelve years. For the last four years they have been located on Ridgecrest road in the Farms, but the building there was burned out on November 8. The school is presently functioning in the Grosse Pointe Memorial Church, where it was first started 12 years ago, and is expected to move prior to removing to Ridgecrest.

The institution is registered with the National Association for Nursery School Education at Washington. It handles children from two years through five years, up to primary grade.

On presentation of the request for permission to locate in the Park the question was voted by the Commissioners as to their jurisdiction in such a matter.

COMMISSIONER VANDERBUSH

It was a matter of zoning, disposition might be made, but this did not seem to come in this context. It was explained to Mr. Bremer that all of the lots in this parcel were sold originally under restriction, and that he was limited their improvement to family dwelling house construction, and apparently his first position would be to contact the residents of the neighborhood and ascertain their position on the matter of having a Nursery school in that location.

Mr. Bremer was not aware of this situation and stated he would contact the people of the neighborhood and might appear again before the Commission at their next meeting two weeks hence.

HOUSEWIVES HELP STEER SHIPS

When they turn in waste kitchen fats for salvage. These fats contain glycerine, used on steering gears for all ships, whether merchant ship or warship. Strain fat drippings daily into a clean jar and let it stand. It is an undoubted truth, that the less one has to do the less time one finds to do it. One year, one procrastinates, one can do it when one will, and therefore one seldom does it at all.
