"THE RED CROSS IS TOPS!"

-plain talk from

the fighting man who knows

Wherefer the going is toughest-in desert and jungle and alien land-there vot will find the Red Cross at le-by-side with our eleven million fighting men and women. Coffee and doughnuts and companionship—is this all the Red Cross offers Let's see—

-ff a soldier at camp must be found quickly, perhaps notified of trouble at home, who helps him obtain leave, and advances rail road fare and money if necessary? THE RED CROSS

if it is humanly possible, who gets your letters in to the boy prisorer of war-and was gets his letters out? THE RED CROSS

if a soldier is wounded, who provides him the blood YOU gave, who cares for him is his convalescence, who provides sym-pathy and comfort and understanding? THE RED CROSS,

These are just a few of the services our men and women are grateful for There are many others When you dig into your pocket this year for your annual Red Cress contribution dig deeper than ever before. Can your money be spent for any worther cause?

WE'RE POINT WACKY, TOO!

E'RE glad to have harrassed housewives as our guests...

Many of them tell us that eating in our restaurant is the only thing that keeps them from going completely wacky on points. We're glad to help out. It's our business to know how to plan menus and get the most out of good food.

But we're point wacky, too! Yes, restaurant food purchases are "pointed" just as yours are at home. Far be it from us to suggest that we could do a better job than a wife or mother, but when they get to the end of their rope, we want them to come here. There's just simply no sense to both of us going wacky!
