Sutton Puts Blame For Students' Riot On Parents, Schools

Farms Police Commissioner Says Lack of Discipline Is Responsible for Attitude of Youngsters

Indignation over the student outbreak which took place on Fisher road on September 19, is expressed in a letter from John R. Sutton, Jr., of Merriweather road, police commissioner of Grosse Pointe Farms. Parents and school officials are blamed by Mr. Sutton in the letter, printed here in its entirety.

Mr. Robert Edgar,
c/o Grosse Pointe News,
Punch and Judy Building,
19 Kercheval Avenue,
Grosse Pointe Farms 30, Mich.

After the recent uncalculated disturbance by the high school students on Fisher Road in making a nuisance of themselves, it is about time that someone in the Grosse Pointe area, who also has children, should blame the parents of these high school students for the increasing disregard of law, decency and order. Frankly, the fathers and mothers of this Community should be everlastingly blamed for the actions of their youngsters. Discipline and chastisement are, apparently, completely lacking in a large percentage of their homes to a point that is disgraceful.

"My boy, or girl, wouldn't do such a thing" is a statement only applicable to a moron. Time and again youngsters of adolescent age have been apprehended by the police in the various villages only to have no complaint filed against them by the injured party who is overpowered by the influence the blind parent may have in the social or business world, perhaps hurting his personal pocketbook, and the result is that the misdoer goes off with only a lecture by the police.

Parents here in the Pointe protect their offspring to the extent of hurting said 'brats' not only in their future role of hoped-for good citizens but in continually frustrating the efforts of the police departments in properly controlling juvenile delinquency.

If more time was spent in ascertaining what the teen-agers were doing and what were the tendencies of the youngsters they were around with instead of taking it for granted that they were behaving themselves, in lieu of social climbing, cocktail parties and just plain 'don't give a damn,' we would not have a fairly sizeable portion of our boys and girls

Riot Deplored By Clemenston

High School Principal Calls Performance of Students Disgraceful

Walter Clemenston, principal of Grosse Pointe High School, was questioned Tuesday concerning the attitude of school officials on the Fisher road disturbance.

"It was a disgraceful performance," Mr. Clemenston said. It seems a pity that when a school has such a fine reputation as Grosse Pointe High that a few irresponsible, misguided, wild youngsters could do something like this to spoil it. When something like this happens it creates a reputation that outshadows all the fine achievements of the present and past student bodies."

Mr. Clemenston stated that he hopes the police will do everything in their power to fix the blame for the uprising and added that the school will have its own punishment to add to any punishment the courts may mete out. The principal did not wish to state just what form this punishment would take but said:—"We have decided upon it and I can assure you it is something they will not like."

"Aside from the lawlessness of the students' action, it was a very dangerous thing to do," Mr. Clemenston said. "I have pointed out to the boys we have questioned that one of the cars might have been occupied by a person with a weak heart. Suppose they had been responsible for a death, which might easily have happened."

Harvest Moon Weaves Spell

A private watchman employed in the Park was the cause of quite a gathering on Devonshire road very early Thursday morning.

In response to his report that there was a light burning in a home where he knew all the occupants were out of town, five police officers picked up the call on their scout car radios and rallied around to lend whatever assistance might be necessary.

The meeting was adjourned when it was discovered that the mysterious light was nothing but the reflection of the bright harvest moon.

Good, Fair and Indifferent Male Voices to Ring Again

The Grosse Pointe Men's Chorus swings back into vocal action on Wednesday evening, October 3 after a summer's recess. Rehearsals and informal singing sessions start on that date. All meetings are held in the High School building.

This organization was started several years ago when it was discovered there are many men in the community who like to sing without being too technical or professional about it. The barber shop quartet you can be satisfied in congenial company with good, fair and indifferent voices for accompaniment.

Police State Leaders Will Be Punished

Car Containing 3 Women Nearly Upset in Fisher Road Disturbance

An outbreak of hoodlumism at the Grosse Pointe High School has aroused the public and police officials and the latter are determined that it will be stamped out immediately. Scores of youngsters have been questioned and a number have admitted participating in an outbreak that amounted to a riot on Fisher road on Wednesday afternoon September 19.

As police officers describe the affair, it grew out of arguments which started in the Tower lunchroom on Fisher road opposite the high school. Altercations between students and Lena Chkeroff, owner of the lunchroom have been frequent in the past.

There was a disturbance there Tuesday afternoon and Lena called City of Grosse Pointe police to clear out the students. The following day another disturbance started in the lunchroom and again Lena called on the police for help. During the argument a showcase was broken.

The City police broke up the affair and chased the students out of the building. Several hundred students are reported to have been milling around and there was considerable excitement. While moving across Fisher road back to the school building someone conceived the bright idea of halting traffic.

The idea is hardly an original one. There have been complaints of the students stopping cars before. Wednesday there were plenty of participants in the scheme.

One of the first cars stopped contained three women, one of them an elderly resident who is still said to be suffering from the frightening experience.

A score of youngsters swarmed over the car, grabbing bumpers and fenders and climbing all over the machine. According to Farms police, who answered the riot call, they almost upset the car, scaring the daylight out of the occupants.

Another car stopped was that of John W. Lange of 281 Roosevelt place. Mr. Lange is so incensed he is demanding action by the School Board and is willing to appear in any capacity to

Henry Ford II Is Promoted

Succeeds Grandfather as President of Great Motor Concern at 28

Henry Ford II, succeeded his grandfather, Henry Ford, resigned, as president of the Ford Motor Company last Friday. He has been executive vice-president since April 1944, a director of the company since Dec. 19, 1938, and a vice-president since Dec. 16, 1943.

Henry Ford II is now 28. He lives with his wife and two children on Provençal road, Grosse Pointe Farms. Formerly a lieutenant in the Navy, he was released after the death of Edsel Ford, his father, in 1943, to return to the company at his grandfather's side during the crucial war production period.

Henry Ford remains a director of the company, but wishes to devote more of his time to his many other personal interests. He requested the other directors to "consider the appointment of my grandson, Henry Ford II, as my successor."

Pole Is Felled In Auto Crash

Two cars were damaged and a light pole knocked down in an automobile accident at East Jefferson and Edgemont in Grosse Pointe Park at 2:41 a. m. Sunday.

William Wallingford of 22407 Glen court, St. Clair Shores, was proceeding west on Jefferson when he collided with a car driven by Victor H. Taylor of 8162 East Jefferson. The Taylor car crashed into a light pole, knocking it down.

Both machines were badly damaged but the owners were able to drive them away.

Expert Says Buses Should Be Rerouted

Park Commission Hears Recommendations From Association Engineer

A recommendation that bus routes be shifted was heard Monday night at the meeting of the Grosse Pointe Park Commission. The recommendation came as the result of a survey which has been made by W. L. Potts, traffic engineer of the American Automobile Association.

The report of Mr. Potts included suggestions on parking signs, stop signs, lights, proper setback of signs, etc., but it was primarily concerned with safety measures affecting the rerouting of buses and avoiding bus turns on narrow streets.

Among the suggestions for rerouting the Pointe's only public transportation system was one that the Charlevoix buses should proceed from the Detroit city limits east on Jefferson to Lakepointe, thence to Vernor highway, thence east to Fisher, thence to Charlevoix and from there on following its present route. Returning, the Charlevoix line would stay on Charlevoix from Fisher to Maryland, thence south on Maryland to Jefferson and west to the limits.

Mr. Potts recommended that the Kercheval line be rerouted so buses would continue on Jefferson east to Lakepointe, north to St. Paul, east on St. Paul to Fisher, thence to Kercheval and continue on the present route. Returning, the Kercheval line would run, if the recommendation is followed, along Kercheval west to Maryland, south on Maryland to Jefferson and west to the limits.

Park officials will make a further study of these recommendations and are expected to confer with heads of the Lake Shore Coach Lines before any action is taken.

Park Commission Approves Auto Club's Plan to Erect Building on Jefferson Ave.

Block Between Nottingham and Somerset Will Be Occupied By Two Structures of Colonial Architecture

The way was cleared Monday night for the building of the beautiful clubhouse which the Automobile Club of Michigan has proposed erecting at the corner of Somerset and East Jefferson avenue in the Park. The Park commission, which last year was forced to frown on the proposal because of the opposition registered by a number of village residents, has passed a resolution approving the project.

Action came after the Village Planning Commission had recommended that the building be approved. A public meeting will have to be held wherein the residents may express their opinions, following which the commission would have to approve an amendment to the present zoning ordinance declaring the land on which the building would be erected to be in a commercial zone.

However, it is believed there will be little trouble in this. It was found that most of the objections raised previously were made by residents who did not live near enough to be affected. Since then most of the property along Somerset north of Jefferson has been bought for the purpose of creating a new housing development and the buyers are strongly in favor of the clubhouse.

Permission has already been granted Tom Boyd to build a large service station and automobile salesroom on East Jefferson from Nottingham road to the property on which the auto club would build. Plans for the Boyd building, which will extend down Nottingham for 155 feet north of Jefferson, have already been approved. It will be a one-story Colonial building. The auto club also proposes to build a Colonial building and the Park commission feels the two structures will add greatly to the beauty of that section of the Park.

George Vawter of Buckingham road, head of the development company that bought the Somerset road property, has announced that the first house to be built in the development will be located on the northeast corner of Somerset and Jefferson, directly across the street from the proposed clubhouse. It is felt that this should alleviate the fears of any who think that commercial building will continue further up Jefferson avenue.

War Plants Get Deadline

Park Commission Says They Must Quit Operating in Village Six Months Later

The status of war plants allowed to operate in the Village of Grosse Pointe Park as an emergency during the crucial production period, was settled Monday night at the meeting of the village commission.

There are five or six such small plants in the village and their owners or managers have made frequent inquiries lately as to just where they stand in the village picture.

Their answer came Monday when the commissioners announced that they would be allowed to operate for six months after official V-J Day, which was September 2. After that ... finis.

Expensive Ride Taken by Driver

Two traffic violation cases were heard in Park police court Wednesday morning.

James West of 214 Hancock, Detroit, had an expensive session when he answered charges of driving a car after his license had been revoked and of driving recklessly, causing an accident in front of 15034 Mack avenue on September 21. He paid \$75 fine and \$5 costs on each charge for a total of \$160.

Alphonse Friedrich of 5220 McClellan, Detroit, charged with speeding on East Jefferson on September 9, was fined \$5 and ordered to pay \$5 costs.

Arrests Solve Long String of Cases That Have Bothered Pointe Police

The wave of automobile thefts that has swept through the Pointe during the last month, appears to have been solved with the arrest of two teen aged boys, both residents of the City of Grosse Pointe.

The names of the boys are being withheld pending further investigation into their past records and additional questioning which is expected to clear up more cases which have bothered police during recent months.

The solution of the auto thefts began with the arrest of one of the youngsters by East Detroit police at 2:10 a. m. on September 22. He had been caught speeding 60 miles per hour on Gratiot near Eight Mile road. He did not have

Tax Foots Bill For Street Work

Repairs made to Park streets during the summer cost approximately \$30,000 but all of this was paid out of the village's share of the state gas and weight tax and was no burden on village taxpayers.

Reporting on the repairs that have been completed, Everett Lane, village manager, told the Park commissioners Monday night that resurfacing was done on Maryland from Mack to Vernor highway, on Three Mile drive from Mack to St. Paul and on Westchester road from Jefferson to Windmill Pointe drive.

Single seal coats were given Buckingham road between Kercheval and Jefferson, Devonshire road between St. Paul and Jefferson, Nottingham road between Vernor highway and St. Paul, and Harvard road between Maumee and Jefferson.

Big Water Leaks Plugged in Park

Water leaks that were totaling some 67,000 gallons per day, have been repaired in Grosse Pointe Park, according to a report made at the commission meeting Monday night by Commissioner William Gillette.

A waste water survey that was carried on during the summer under the direction of Village Manager Everett Lane disclosed the great loss. The repairs will save the village about \$1,800 per year, it has been estimated.

ORIENTAL RUGS

ARE PRACTICAL

Home makers want floor coverings that are practical. Well, do they know that soil, wear and cleaning are hard on ordinary type of floor coverings?

From years of experience, we can truly say that Oriental Rugs are the only kind of floor coverings that can take the punishment they receive: Because they are made up of choice wool and dye; because they are woven by hand; because they are made with figured patterns; so they are made to endure. That's why they are luxuriously practical; that's why they retain lasting beauty and value.

help the police punish the misguided youths. Mr. Langs is a lawyer.

Seven boys were picked up immediately by Farms police and taken to headquarters for questioning. All of them denied taking any part in the disturbance and were released later that afternoon. Since that time a systematic schedule of questioning has been conducted by the police under Sergeant Elmer Labadie.

Farms Police Commissioner John R. Sutton, Jr., is plenty mad about the affair and orders have gone out to find the guilty parties and punish them to the full extent of the law. Chief Joseph Trombley, Lieut. Eugene Bol and Sergeant Labadie have all stated there will be no letup in the investigations until blame is fixed and punishment meted out.

Conferences have been held in the High School between the police and school authorities. Charges of responsibility for the trouble are flying thick and fast. Police officials point out how handicapped they are under the law in their efforts to put a sudden stop to such nonsense. They would like to be able to walk into such a mob with night sticks swinging. The kids are smart enough to know that their tender age protects them from rough treatment. As a result they display a cocky, defiant attitude that is described as maddening.

If the youngsters are under 17, the law demands that they be dealt with by Juvenile Court. If they are 17 or over they can be taken before a justice court in the Farms and dealt with. Sentence is limited to a fine or jail sentence, or both. Fines have little effect on the youngsters, the police say. Papa pays the bill and all is forgotten.

The punishment that really sinks in on this age group, according to the police, is to put them on probation. This makes it mandatory for them to report to court officials periodically, usually weekly, and they hate the inconvenience and shame of this procedure.

Parents are coming in for a large share of the blame in such cases. It is generally agreed by all that if home discipline was what it should be, there would be none of this sort of business.

Compulsory military training is also being advocated freely in the Pointe by many officials. "A year of rigorous training under a hard-boiled top-kick would do these kids more good than anything in the world," is the way one police officer expressed this opinion.

RICHARD SCHOOL

The first meeting of the Richard School Parent Teacher Association for the 1945-46 school year comes on Tuesday evening, October 2 with a very instructive program being planned.

The visitation of the parents in the classrooms at 7:30 will be dispensed with this time, such visits to take place after the auditorium program. The auditorium program will begin at 8:00 p. m. and will consist of a brief business meeting conducted by Charles Scheid, P.T.A. president; a discussion of some school problems and policies by the principal, Clarence Messner; and the introduction of teachers and officials of the P.T.A.

Following this auditorium meeting all parents will proceed to the several classrooms of their children where there will be an informal discussion headed by the teacher. The discussions will center around such topics as the daily program, methods used in teaching certain materials, textbooks and workbooks used in our schools, desirable traits and habits of conduct the home and school can cooperatively inculcate, the record system and the report cards.

DEFER SCHOOL

Defer school opened its doors to an enrollment of 395 pupils, 50 of which are bus students. A fine group of boys and girls from Vernier school are in the 6-B for the first time this year.

Four teachers are new to the Defer faculty: Miss Josephine Cole teaches music; Mrs. Hays, 5-B homeroom; Mr. Vernon Hicks, physical education.

John Snay retired from the custodial staff after 21 years of service. This vacancy was filled by Alphonse Eggermont.

Beginning this year special emphasis will be placed on a new health program. This includes a daily health class and a physical education program. The aim in physical education is to offer a well-rounded program of instruction in skills and games to all boys and girls. This also includes rhythms for all grades. At the present time upper grade boys are practicing on the fundamentals of football-passing, catching and punting. When these have been learned, boys in each class will participate in touch football. Girls are playing soccer, kick ball and are

learning the fundamentals of tennis. These games will comprise the program for the first six weeks of school.

An expansion in the art program will bring Miss Eleanor Hermosader, art counselor, to Defer classes on Friday mornings.

A change in the fifth and sixth grade day was effective this year. The special classes meet in the morning; the core program is carried on in the afternoon.

A troop of reporters from the 6-B group was organized to gather the news. They are: Sally Ayling, Mary Barbour, Richard Craig, Jeneene Dial, Michael Gashin, James Meade, Harry Monreal, Pauline Schmidt, Laura Lou Smith and Marjorie Verge.

Classrooms are busy with new units. The 5-A's in Miss Crandall's room prepared an eye-catching bulletin board on communication. Mrs. Hays' 5-B's have made an extensive collection of Michigan pictures.

Citizens' Committee Says Law Would Put Teeth in New World Peace Organization and Cut Standing Army

Ernest Kanzler, Major J. Bell Moran, Col. Phelps Newberry, Dr. Aaron C. Toole and Lt. Col. Leonard J. Harding, president of the Wayne University Alumni Association, are the newest additions to the state-wide Michigan Division of the Citizens Committee for Military Training of Young Men.

The committee seeks to get Congress during its current session to provide for one year of universal military training for all young men between the ages of 17 and 21. It believes that by giving such training to approximately 1,000,000 young men each year the United States can put teeth in the new world peace organization, eliminate the need for a large professional standing army, and render unlikely an unprovoked attack by any dictator nation.

The committee urges every citizen of Michigan to write at once to his congressman, senators and President Truman, expressing his approval of legislation

providing one year of universal military training, and also to write at least ten of his friends urging them to do likewise.

Lt. Gen. William S. Knudsen is honorary chairman of the Michigan Division, and Herman F. Luhrs of Flint the chairman. Mrs. Fred T. Murphy is chairman of the Women's Committee.

Two Are Injured In Auto Accident

Two persons were injured in an auto accident in front of 233 Moross road Sunday afternoon about 4 o'clock.

Victor E. Young of 11665 Cascade avenue, Detroit, driving a Hudson west on Moross, admitted that he took his eyes off the road and crashed into a parked car owned by Arthur Socia.

Florence M. Laughlin, 23, of 6052 Doyle, a passenger in Young's car, suffered severe lacerations of the left knee, forehead, nose and left side of head. Young suffered severe lacerations of the chin. Both were treated in Cottage Hospital by Dr. Williams.

Young's car was damaged to the extent of \$100, according to the Farms police estimate. The Socia car suffered \$75 worth of damage.

Young was given a ticket for reckless driving and Fred Keller was given a witness ticket.

John R. Kerby Dies in Home

John R. Kerby, 56, former clerk of the Village of Grosse Pointe Farms, died Saturday in his home at 194 Moross road. Funeral services were held in the Verheyden Funeral Home on Mack avenue Wednesday morning.

Survivors include his wife, the former Corinne Backman; children, Tech. Sgt. John, USA; George, Mary Catherine, Eugene, Staff Sgt. William, USA; Mrs. Rosalie Tamm and Seaman 2/C Paul, USNR. There are also four brothers, Earl, Fred, the Rev. G. Harold and Edward.

WHEEL, TIRE STOLEN
Mrs. M. Kaplan of 858 Lakepointe reported to Park police on Monday that someone had jack-knifed up her car and stolen a wheel and tire between the hours of 12:15 a. m. and 2:30 p. m.

Print Night Set By Camera Club

The Grosse Pointe Camera Club will hold its second meeting of the season at the Neighborhood Club on Tuesday evening, October 2.

A special print night has been declared by the club's president, Robert Stellwagen, and each member is required to bring at least four prints for submission to the judges for criticism. Doctor C. J. Marius has been chosen as the critic.

The club expects a banner year due to the fact that photographic materials are now being rapidly released for civilian use and arrangements are being made for the acceptance of new membership.

An invitation has been issued to the public who may be interested in photography.

smart-alecky, big-headed, defiant, and lacking all respect for other people, their parents and the decent community in which they live.

At present they seem to go out of their way to cause trouble such as damaging automobiles, breaking lights, blocking traffic, etc., with parents condoning it as mere mischievousness. Apparently neither the teachers, the Parent-Teachers organizations nor the heads of our school system have any influence or control over the youngsters, either in school or out.

It is about time we take off the kid gloves and place the blame for the misdoings of our teenagers right where it belongs—the parents and the schools.

Very truly yours,

Fathers' Club Plans Busy 1945-46 Season

The board of directors of the Dominican High School Fathers' Club held the first meeting of the season on Sunday, September 23.

Plans for an active social season were announced by A. M. Olmstead, president. The first event will be a stag social to be held in Roosevelt Vanner Hall at 8 p. m. on October 16. A Feather party will be held in the school on November 16.

Plans call for a theater party in January, a card party and dance in February and another stag social in April.

Members of the club will hold their first meeting on October 3 in the school library.

Fireplaces are nice in the home, but have and use a metal screen that will keep children away from the fire and the fire where it belongs.

Auto Drivers Go Haywire As Restrictions Are Lifted

Traffic Safety Association Finds Increases in Violations Which Cause Majority of Accidents

Once each month a dozen men gather around a chart in the offices of the Traffic Safety Association of Detroit. The men are representatives of the agencies engaged in a continuing battle against accidents: the Police Department, Traffic Engineering Bureau, Public Lighting Commission, the schools, the Association and others. The chart is one of the important guides to their efforts.

Listed at one side are the traffic law violations which cause Detroit accidents. Running horizontally from each violation is a tabulation which reveals, by months, the number of accidents each violation has been responsible for. The final column carries the percentage of increase or decrease from the previous month. If there is a decrease, the percentage is printed in black ink; increases are in red.

A few days ago the traffic safety representatives gathered for their September strategy meeting. They got quite a shock. With two exceptions, the figures in the final column were red. The exceptions were pedestrian violations and defective automobile equipment.

Hit-Run Driver Sought by Police

The license number of the car which figured in a hit-run accident at Bishop and East Jefferson Sunday morning about 9:30 o'clock, is known to the Park police.

Edmund Kendra of 3329 Maybury Grand, Detroit, told the police he had parked his car on the north side of Jefferson avenue. His wife and baby were with him. A 1937 Dodge going west on Jefferson struck the rear of the Kendra car and sped on. Kendra was able to obtain the license number.

Fine, Probation, Given Car Thief

Charged with stealing a car in Grosse Pointe Park last July 23, Willard Sanders of 1142 Maryland avenue was placed on probation for three years and ordered to pay a \$50 fine when he appeared before Judge Thomas Maher in circuit court on September 21.

The car stolen was owned by Clarence St. Croix of 809 Kitchener. Sanders was arrested the same day by Detroit police of the 12th Precinct.

Bad Check Earns Passer Probation

Charged with passing a bad check in Grosse Pointe Park on August 1, Thomas Kent of 1297 Iroquois, appeared before Judge Thomas Maher in circuit court on September 21.

Kent was placed on probation for two years and ordered to make restitution for the \$20 check he gave to Joseph Correa of 15412 Mack avenue.

Vacant House Damaged Again

The vacant house at 228 Cloverly road, owned by Augustus Ledyard, has again been the scene of malicious mischief perpetrated by youngsters.

This property has been the subject of numerous police reports in the last few years. It has been vacant for a long time. Last Saturday another complaint was received and Officer William Dansbury went through the house with Dave Smith, chauffeur employed by the family. They found more windows and some mirrors broken. The first floor has now been boarded up.

Charity Should Begin at Home

What Is Grosse Pointe going to do about creating a permanent memorial for the men and women of the community who served their country in the armed services during World War II?

It would seem that "the time is now" to get a constructive program started.

The Grosse Pointe Honor Roll Association, organized for the purpose of compiling a complete record of the Pointe's service personnel and to create a temporary shrine to honor them, has done a good job. Despite criticism from some disgruntled sources, the fact remains that the shrine on the High School campus, in the opinion of this writer, is a far more fitting temporary memorial than any we have seen in scores of other towns and cities throughout the country.

The Honor Roll Association has as complete a roster of the Pointe's service personnel as it is possible to compile, in permanent record form in the library in Pierre Junior High School. As a result of its campaign conducted several years ago, it has paid for the temporary shrine and has a balance of \$4470 to contribute toward a permanent memorial.

The attitude of the Honor Roll Association toward the creation of a permanent memorial is likewise admirable. Conversations with officers of the association held during the weekend disclosed that they are extremely anxious to avoid any semblance of grabbing the spotlight in any such move. They express the opinion that community demand should dictate the procedure to be followed, and suggest that it would probably be best for a new group, drafted by the community, to head such a movement. The association stands ready to lend assistance in any way it can.

So far, so good. But attitudes won't create a permanent war memorial for the Pointe. Action is necessary and as we always say, the sooner the quicker. The men and women to be honored are returning home by droves. It won't be very long before practically all of them are back home for keeps.

That the Pointe should have a war memorial is most fitting. One of the wealthiest communities in the world, the Pointe is sadly lacking in the matter of memorials. Whatever we have in the way of fine buildings and recreational facilities were created by necessity. Even the various community park benches are restricted to the use of the residents of the particular village or city in which the park is located. No statue, no fountain, no memorial gate, no carillon beautifies the Pointe.

What form should the memorial take? This should be decided by the men and women it seeks to honor. They know their own community and its needs... and what is more, they know their minds. Suggestions are in order, but the final choice should be theirs.

It should be a comparatively simple job with the records now in the possession of the Honor Roll Association, to contact practically every man and woman eligible to state a choice. A center could be designated in the Pointe such as the AWWV Hut, where those already discharged could register and vote.

There is no particular hurry necessary about the actual building of a memorial, but it is high time that some organization started the work of collecting the money with which to build it.

No one knows how much Pointe money is donated each year to movements and charities, worthy and unworthy, outside the limits of the Pointe. It is safe to say that the amount could be reckoned in millions. Drives for money to be used strictly for Pointe projects are scarce indeed, and usually they have a very tough time achieving their goal.

When Detroit wants to raise money for this or that, be it Community Chest, Red Cross, Symphony or what not, more often than not Pointers are called on to head the drive organization. Big names seem to have much to do with the success of campaigns. Grosse Pointe is full of big names and it would seem the time is here when some of them should get behind a purely Pointe drive, to create a fitting memorial for the thousands of men and women who went to war... and especially to the more than four score who gave their lives.

The drive should not be one of short duration and high pressure. It should be started immediately and continued through all the long period which will be required to determine the wishes of those the memorial will honor. The entire community should be behind it. Small and large organizations within the Pointe should take an active part.

The goal should depend upon the type of memorial the servicemen and women choose. When they have signified their wishes, every effort should be made to give them something better than they ask for.

If they want a community tennis court, or a community swimming center for year round use, build the best tennis or swimming center in the whole country. If they want a stadium that could be used for all manner of athletic events, give them a stadium that will be the envy of every community in America. If they want a memorial library, create a library that will leave nothing to be desired.

Let's be selfish in this thing. Grosse Pointe can afford to honor these men and women in a magnificent manner. The money is here. Let's keep enough of it here to create a lasting, useful, beautiful memorial that will reflect credit upon the Pointe through all the years to come and constitute an adequate expression of thanks to those who kept the war so far from this lovely community.

Welcome

The commissioners of Grosse Pointe Park are to be congratulated on approving the proposal of the Automobile Club of Michigan to build a beautiful new clubhouse on East Jefferson avenue at Somerset road.

The club has served its purpose well during the war years when it has been located in the Packard building and previously nearer the Pointe limits. It is comforting to know it will continue to maintain a Pointe branch and if the organization erects a structure in keeping with the fine name it has gained through years of service to hundreds of thousands of Michigan motorists, the building will be a welcome asset to the Pointe.

Grosse-- Exaggerations

A. PRYOR

"I must down to the seas again to the vagrant gypsy life.
To the gull's way and the whale's way where the wind's like
a whetted knife;
And all I ask is a merry yarn from a laughing fellow-rover,
And quiet sleep and a sweet dream when the long trick's over."
(John Masefield)

This is going to be about false teeth... and since we still have all of our original ivories... we haven't any particular axe to grind except that it kills us to hear people say... "Well at least the teeth I have are mine." In most cases, the teeth of the speaker would look much better if they'd been bought in a store. You know... one of those 'if he had one white one, he'd have a set of pool balls' idea. Those folk are the ones who usually pull that ridiculous line about having their OWN horrible looking teeth.

With all the newspaper hullabaloo about 'fixed' tickets, black markets, illegal liquor running, corrupt government, Jackson Prison sports and delayed prosecuting action on criminals... we were amused last week when a woman called to tell us a policeman had brought her seven year old son home with a complaint about him using 'obscene' language!!! Pardon us while we laugh up our leg-o'-mutton sleeve.

A local woman stopped in one of those 'quick-repairing-of-your-suit' places recently to have her husband's suit fixed. As she walked in the place, a male customer (the only occupant in sight) was sitting behind the desk, coated and hatted... using the telephone. When he hung up, he got up to walk into the back room, and grinned at our heroine as he passed her, smartly dressed in his underpants!

We don't know why it should... but the sign in staterooms on some boats, that reads, "If you wish a ladder to descend from upper berth, please phone the operator"... tickles our risibilities. The phone is not, of course, in the upper berth, so one must perforce dig the occupant of the lower berth out to do the phoning. A friend of ours, who ALWAYS sleeps in an upper berth, even when he doesn't have to... made a trip recently on the Buffalo boat... and although he occupied a stateroom alone, he slept in the upper berth.

Having a pixie mind, he jumped from his berth in the morning, called the operator for a ladder, then unlocked the door and hopped back up again... The startled Steward who brought it, didn't make any comments, but he DID leave the room a little hastily.

A young couple we know, whose aged aunt and uncle live with them, had a bad fire in their house about a year ago. The fire started late at night in the attic, where, unfortunately, the young husband had stored several boxes of shells along with his hunting rifles. It wasn't until these started to explode all over the place... that the fire was discovered.

In spite of the panic and excitement, our young friends had time to be amused at the picture of the aged aunt and uncle standing timidly in the doorway of their bedroom, one of them asking in a hushed whisper, "The Japs?"

A woman just phoned to read a letter from her Naval Officer husband... somewhere in the Pacific. Unfortunately, we cannot reveal the name or type of ship he's on, nor can we give the officer's status on board... but suffice it to say he is a "big shot."

After the boat reached one of the Islands in the Pacific, where they were due to "park" for 24 hours, our hero asked for shore leave for 10 hours or so and it was granted. When he returned from leave, there just wasn't any boat! He frantically signalled the port director, who told him the boat had sailed 4 hours ago, but had joined another fleet not far off and would be parked there.

After much cajoling... and considerable cussing thrown in... he managed to get one of the Navy's fast small boats to take him to the site of the 'other' fleet. In as rough a sea as the Pacific can produce, he made a 50 mile trip out to sea... and was delighted to spot the fleet... then undelighted to find his boat among the missing!

Our hero boarded the lead boat and asked to see the Captain. Since the penalty can be death... for 'missing the boat'... he didn't have to convince the crew that his purpose was urgent, even if the Captain DID have to be wakened out of a sound sleep. Fortunately the Captain happened to be a sympathetic soul. He not only gave ear to our hero's plight, but he also intercepted a code message telling the exact direction of the missing boat and where it was headed for. He then arranged for the fast craft to take our hero on his way.

Some hours later, after an exhausting trip through heavy seas, he finally boarded his own ship which was on its way to Japan. He STILL dreams at night of firing squads, gallows and the guillotine.

A woman called to tell us another small fry story about her 6-year-old son. A next-door neighbor, a football player, hurt himself and had been using crutches for sometime. Junior 'haunted' his hero every day asking questions about football... finally said, "Are you going to play football this fall? Because I want to come to watch YOU."

The be-crutched one said he was going to play and added, "But you won't be able to pick me out because we all wear the same uniforms."

"I'll find you alright", replied the small fry, "I'll just watch for the crutches."

Show Them the Light

The performance of a group of High School students on Fisher road recently was a disgraceful exhibition that had no place in the Pointe or any other civilized community. If those who participated in it are not shown the error of their ways there is something sadly lacking in their parents, in our police forces, and in our school authorities.

Office of Veterans' Affairs Lansing

AMERICAN RED CROSS

Important to Veteran

A basic principle underlying the local counseling center is the utilization of existing agencies whether they be federal, state or local, public or private.

In this connection too much praise cannot be given the American Red Cross for the fine way in which it has cooperated in the program for the veteran.

At the inception of the state's program representatives of the mid-western area offices at St. Louis, Missouri came to the Executive Office and offered complete cooperation. The Dear-

born offices at the Veterans' Administration Facility have been most helpful at all times and the state director has participated in most all counselor training courses conducted by the Office of Veterans' Affairs.

The American Red Cross Camp and Hospital Councils

have rendered invaluable services to the Michigan Veterans' Vocational School at Pine Lake. Many comforts now enjoyed by the veteran-students were made possible by the Red Cross.

As the rate of discharge steps up mounting social problems face the communities of Michigan. Again in philosophy of the Michigan Plan of Veteran Assistance proves its soundness. Only by all agencies working together in harmony can the problems be successfully met.

Here the Red Cross plays an important role. The Home Service section makes available assistance to dependents of veterans, assists veterans in preparing and filing claims against the Veterans' Administration, assists in making family and social adjustments, expends fund for relief and in many other ways makes the road back easier for the veteran.

THIS WEEK in SPORTS

By FRED RUNNELLS

Thurs., Sept. 20

NIMRODS all over the nation declared a war of their own with the opening of the 1945 eighty day Duck season. The season officially opened at 6:37 a.m., 30 minutes before sunrise. Ducks were reported to be plentiful in several sections with hunters getting their limit in short order. Shells appeared to be plentiful too with many, sky shooters and barrel stretchers aiming at high fliers.

BOB FELLER, Cleveland fireball artist, helped the Washington Senators pennant cause no end when he set the Tigers on their collective ear with a one-hit pitching performance to win 2 to 0. Washington trails the Tigers by one full game.

Fri., Sept. 21

TIGERS AND SENATORS are doing everything possible to back their way into the American League pennant. It seems both teams are a little shy in taking the flag. Cleveland whipped the Tigers, 6 to 1, after Al Benton, all but had the game won in the eighth inning when the Tribe pushed across six runs. The fourth place New York Yankees tripped the Senators by the same score to keep the league standings the same.

THE GAS HOUSE GANG from St. Louis threw more fuel on the National League pennant chase when they blanked the league leading Chicago Cubs, 2-0, and pulled within 2 games of the lead.

ALL AMERICAN JOHNNY PINGEL, former Michigan State footballer, will take over his coaching duties, under Charlie Bachman at MSC, as soon as he receives his discharge from the Army.

Sat. Sept. 22

"BO" McMillan's poor 111 boys from Indiana did it again when they upset U. of M.'s Wolverines 13-7. Last year it was these same poor 111 boys that whipped Fritz Crisler's powerful eleven in a surprise upset in the Big Ten conference race.

HAL NEWHOUSER kept the Tigers in the thick of the American League pennant race by setting down the St. Louis Browns, 9-0.

FISTS FLEW when American football made its bow in war-torn Berlin's Bomb Bowl game which was won by the 1105th Combat Engineer group over the Group Control Council, 18 to 7. The argument arose when the two coaches didn't agree with a decision in the third quarter.

Sun. Sept. 23

DETROIT LIONS capitalized on a recovered fumble in the second quarter to win 10-0 over the Chicago Cardinals in their National Football League opener. Femenbock, Lions' left half-back, recovered the Cardinal fumble on the Cards' 36 yard line and scampered down the sidelines unmoled for the first score of the season. A conversion and a field goal accounted for the remainder of the score.

WASHINGTON SENATORS split a double header with the Philadelphia Athletics to finish their 1945 season while the Tigers were being shut out by Nelson Potter's two-hit performance, 5-0. The Tigers have a one game advantage over Washington at present but must win two of their four remaining games to win the flag.

Monday, September 24

PHIL TERRANOVA, former world's featherweight champion, practically K.O'd Leon Spencer after the bell had sounded ending the eighth round of the scheduled ten round bout at Arena Gardens. Terranova landed three solid blows on Spencer after the bell and Spencer was out on the ropes. Spencer being unable to answer for the ninth round forced the referee to award a T.K.O. to Terranova in the ninth.

U. OF MICHIGAN, still smarting from the licking it took from Indiana last Saturday, began intensive drills for the renewal of football hostilities with its old rival, Michigan State, next Saturday afternoon at U. of M. stadium.

Tuesday, September 25

LUCKY TIGERS still had Lady Luck riding on their kiddie car today. Rain forced the cancellation of the Tiger-Cleveland game and gave Steve O'Neill's battered pitching staff an additional day of rest. Detroit's are crossing their fingers in hopes the weather man will order more rain for Wednesday which would cancel the Cleveland game and insure the Tigers of the pennant even though they would drop their last two games with St. Louis.

LEROY WILLIS changed his training site from George Williams gym to the Brewster Recreation Center. The reason isn't because Willis is superstitious but because he has a new style he is developing for his bout with Bill Eddy this Friday night at Olympia. Eddy a couple of weeks ago won the Michigan Championship by beating Willis and the title will be at stake in their next bout.

Kid Thieves

(Continued from Page 1)

the registration papers for the Mercury he was driving.

City of Grosse Pointe police were notified of the arrest and Lieutenant Van Beclere and Officer Teetaert returned the youngsters to the Pointe. He admitted stealing the Mercury from the Emery Hatch garage at 588 Lincoln road.

Questioning by the police produced the information that the youth had taken the Hatch car on several previous occasions and that he had had a duplicate set of keys made to facilitate these frequent extractions of the vehicle from the Hatch garage.

The boy further admitted that he had taken the car about midnight that night and gone to the Clover Lane riding stable at 19704 Ten Mile road, where he had stolen a saddle he intended to take into Detroit and sell. The saddle was found on the back seat of the car and its theft had been reported to St. Clair Shores police earlier in the morning.

The youngster said that on several previous occasions he had used the Hatch car to give rides to a large group of his friends and he provided the names of half a dozen of these pals, both boys and girls.

An accomplice was also named and he was soon picked up by the City Police. The boys were kept in the Juvenile Detention Home, where the police questioned them on various occasions. Their stories changed frequently, but the police were able to piece together fragments to weave the whole tale of a long list of thefts.

They admitted taking a 1937 Ford from Harvard road at Mack one night in August. They stole a Buick from Lincoln road and Waterloo late in August. They confessed it was they who took Dr. John Blake's Buick from in front of 464 Neff road on September 14. City Police Chief Tom Trombly found this car himself on Sunday, September 16, at Masonic boulevard and Gratiot, where the boys had abandoned it after puncturing a tire.

They said they had taken the keys from Mr. O'Dell's Oldsmobile early in the evening of September 9, in front of 694 Lincoln, intending to steal it later that night. They confessed to stealing license plates from the Bryant car at 682 Lincoln. These plates were later found on the O'Dell car. They also said they had taken five white tire rims from a car parked on Buckingham road some time ago.

Questioning of the youngsters still continues and with the progress the police are making it is believed most of the car thefts reported for some time past will be admitted by the active pair.

More thefts by the pair revealed Tuesday included stealing a car owned by Judge Joseph Uvick on Sunday, September 2. They also admitted that they were mixed up in a hit-run ac-

cident at University place and Mack recently.

A third boy was implicated and has been definitely hooked up with some of the jobs, Chief Trombly said Tuesday afternoon.

The youngster arrested in East Detroit had an argument with his family several months ago and apparently has been living on his own since. The police investigation revealed that he has been sleeping in empty garages and haylofts. A quantity of things he had stolen have been recovered, including sleeping bags, blankets, shirts, tire rims and other items.

Detective Lieut. Arthur Loubeen working with the City powers of Grosse Pointe Park has lice on the case. He has also questioned the youngsters and various accessories stolen in the Park have been recovered.

FOOTBALL SEASON HERE

A sure sign of football season was recorded on the Park police blotter this week. The entry said: "A noisy crowd of students, mostly from Southeastern High School, were around Cupid's evidently celebrating a football victory. We warned them."

When Your Doctor Prescribes Vitamins

By FRED M. KOPP, R.P.H.

Before a doctor prescribes Vitamins he ascertains through diagnosis which ones are lacking in sufficient amount in your system.

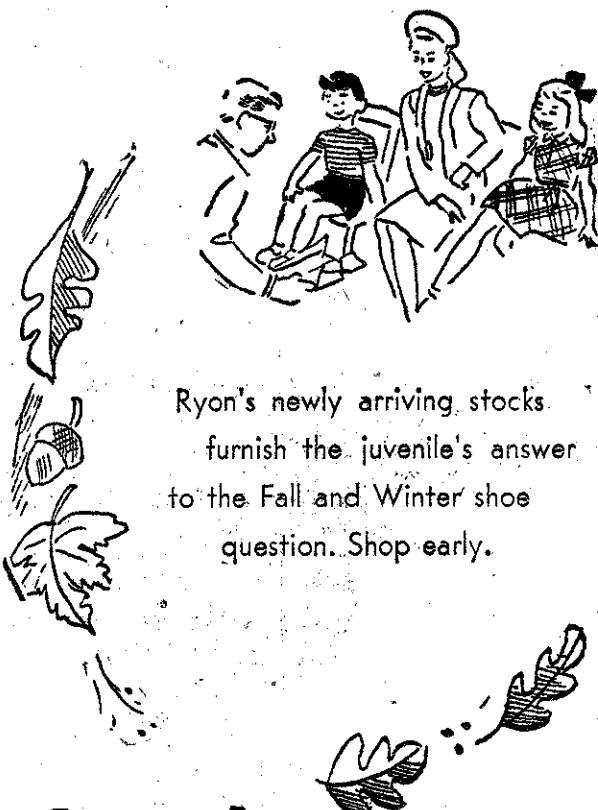

Then he proceeds to prescribe the one, or combination that you need, and you may rest assured the Vitamins he advises you to take will be of the unquestioned quality of those products by outstanding pharmaceutical firms.

The doctor will also tell you how many to take each day, and the best results will be obtained when you consistently take the number he prescribes.

It was almost a debut . . .
At the Charles Beecher Crouse residence Tuesday afternoon when "gift bouquets" started to arrive before the tea Mrs. Crouse gave for her daughter, Ann . . .
But Ann is not a debutante . . . and the flowers were just a charming compliment to the attractive young woman . . .
Who leaves this very day (Thursday) to spend the Winter in New York City . . .

ANN CROUSE LEAVES FOR EAST

Mrs. Crouse and Ann received in the sitting room of their home on Provencal road . . .
The former chose a frock of French blue crepe . . .
While Ann wore a printed street length dress splashed with high blue and pansy toned flowers . . .
Guests at the tea were Mrs. Crouse's friends and their daughters . . .

Incidentally . . . Mr. and Mrs. C. are accompanying Ann to Manhattan this evening . . . and will see her settled . . .
Before returning to their home at the Pointe . . .

MRS. CHARLES MORGANA FETED

Turn the tables . . . (then you'll have daughter feting mama) . . . and you have the wonderful tea party . . .
Given by Mrs. Maxwell Bates . . . for her mother . . . Mrs. Charles A. Morgana last week . . .

The party marked Mrs. Morgana's birthday anniversary . . .
And took the form of an afternoon tea . . .
With the arrival of many, many friends of long years standing . . . to make it quite one of the nicest galas we've heard about in a long time . . .

Daughters of the Pointe N. B.: One mother was overheard to remark she wished HER daughter would get the same lovely idea as Betty Bates . . . and give her a party! . . . might be a good idea this autumn . . . if debuts are out . . . daughters can fete mamas) . . .

THE PARTIAL GUEST LIST

Mrs. Morgana . . . was smart in a simple black frock . . . and simply beaming with fun . . .
Mrs. Brewitt Semmes and Mrs. Albert A. Griffiths assisted Betty at the tea table . . .

And just a few of the guests included:
Mrs. Albert LeGro . . . Mrs. Henry E. Beyster . . . Mrs. Frank Scott Clark . . . Miss Annie Ward Foster . . . Miss Sara E. Burnham . . . Mrs. Henry P. Williams . . .
Mrs. Donald Van Zile (she's the first person we ever saw wearing lucite slippers and we've NEVER forgotten) . . . Mrs. Hoyt Post . . . Mrs. Griffith Ogden Ellis . . .
Mrs. William Bruce Howard . . . Mrs. A. D. Wilkinson . . . Mrs. B. E. Hutchinson (and you know the soigne Mrs. H. would be wearing a trim cape with her autumn costume!) . . .
Mrs. Morley Morgana . . . Mrs. J. Blinn Stone . . . Mrs. Frank Kelly . . . Mrs. Charles W. Morris . . . and Mrs. Harrington E. Walker . . .

Birthday gifts were very much in order . . . and there was a veritable shower of clever birthday cards . . .

THE WHISTLING GIRL IS HOME

In our salad days . . . our ears bowed low in tribute to Doris Quelette's ability to whistle . . .
[We once met "the Whistle" of the Ruth Etting program . . . she was married to a newspaper photographer and after the ceremony gave up trilling to the point where we could never persuade her to peep one note] . . .
Back to Doris . . . well . . . she's back . . . after to long a stay in California which she adores . . .

Planned Parenthood Leader

MRS. J. STEWART HUDSON of Lothrop road, is vice-chairman of the Special Gifts Committee which launched the campaign of the Detroit League for Planned Parenthood to raise \$24,440.00 to extend the League's work in the field of family relations and to maintain present clinics and referral services. The Special gifts solicitations were augmented this week by the mailing of several appeals. Funds raised by Detroit will in part assist the Michigan League for Planned Parenthood which must raise \$44,763.32 in order to continue its services and educational policy throughout the state.

More Lincoln road news follows that MRS. PHILIP I. WORCESTER has returned with her daughter, MARY KATE, after summering at Walloon Lake.

DR. and MRS. E. C. BAUMGARTEN opened their fall social season by dining a group of friends in their home on Windmill Pointe drive last Saturday evening.

Four years in the Navy, plus overseas duty in the Pacific, netted LIEUT. GEORGE N. MONRO III a ticket to civilian days again, and he and PEGGY plan to reopen their Touraine road house the first of the month. Right now they are settling affairs in Washington, while young GEORGE IV and STEVEN are making things lively for their grandmother, MRS. WOOD WILLIAMS, of Stanton lane.

S/SGT. WILLIAM P. HERBERT arrived home from the ETO to bring about the first re-

road way are Bill's sisters, MRS. JOHN J. CARSON, from Ottawa, and MRS. AMES W. HOWLETT, JR., who will soon exchange her Boston, Mass., address for a Mapleton road one.

Welcomed back to the Pointe last week was MRS. WILLIAM T. BARBOUR, of East Jefferson avenue, who spent the warm weather in Nantucket. MR. BARBOUR preceded his wife by several weeks.

BOB KANZLER hurried in from Seal Harbor, Me., with his parents, the ERNEST KANZLERS, of Touraine road, just in time to pack for his initial year at St. Paul's School in Concord, N. H. ERNIE, JR., is home for a few more weeks before trekking out to the Arizona Desert School in Tucson. The senior Kanzlers and KATRINA will occupy themselves this winter with plans for remodeling their new home on Lake Shore road.

MR. and MRS. WILLIAM F. B. HENDERSON, of Chicago, renewed old acquaintances in the Pointe last week as they were feted by the W. J. ATHANSONS, of Neff road.

The DISTRICT NURSING SOCIETY will hold its regular meeting and sewing session at 11 a.m. October 3 in the home of MRS. BRUCE HOWARD, 16632 East Jefferson avenue.

In their Yorkshire road home again are MR. and MRS. ALBERT R. MOORE, who recently journeyed down to Marion, O., for a reunion with Mrs. Moore's parents, the J. W. NEVILLES.

Lavender asters and blue delphinium decked the tea table at MRS. MAXWELL R. BATES' birthday tea for her mother, MRS. CHARLES MORGANA, last week. Gathered in Mrs. Bates' home on University place were close friends of the honor guest, for whom MRS. ALBERT A. GRIFFITHS and MRS. S. PREWITT SEMMES poured.

Gloria Diesing Weds At Evening Nuptials

Daughter of John A. Diesing Will Make Home in North Hollywood, Calif., Following Marriage to Robert B. Hamilton

The glow from lighted tapers was reflected in the candle-light satin gown which Gloria Diesing chose for her wedding to Robert B. Hamilton, of Burbank, Cal., in Salem Lutheran Church Saturday evening.

Gloria is the daughter of John A. Diesing, of Washington road, and Bob is the son of Mrs. Robert A. Hamilton, of Pontiac. The Rev. Norman Mentor performed the 7:30 service. Antique lace outlined the round neckline of the bride's dress, which was further distinguished by long, pointed sleeves, fitted bodice and full skirt ending in a train. A double cluster of orange blossoms caught her long veil, and she carried a white bible adorned with baby gardenias.

Four bridesmaids, Elinor Buck, Barbara Brown, Ann Johnson and Jean Schultz, preceded her in the bridal procession, as did Gloria's two sisters, Mrs. Raymond Foresman, as matron of honor, and Doris Diesing, as maid of honor.

Their frocks of taffeta were fashioned with bouffant net skirts, sweetheart necklines, three-quarter length sleeves and a large bow of the taffeta at the right waistline. Mrs. Foresman and Doris wore aqua, while the bridesmaids were in rose pink. Their harmonizing bouquets of gladioli and tiny silver caps completed their costumes.

Mr. Hamilton asked his brother-in-law Wilbur Johnson, to serve as best man, and Richard Johnson, Raymond Foresman, William Rachelles and Harold Blair seated the guests.

Following the ceremony the bride's father was host at a reception in the Whittier.

Endocrine helps give most women a younger-looking face and throat

Seems too good to be true, doesn't it. But it's a fact. ENDOCREME, can, for most women, help improve the skin itself, not merely its superficial appearance. For thousands ENDOCREME . . . with its 8-year record of success . . . is getting results hitherto thought impossible through use of cosmetics. This is because it contains ACTIVOL™. ACTIVOL™ . . . a great modern achievement . . . is a scientific replacement for woman's own natural, skin-vitalizing substance. When ENDOCREME is absorbed by the skin, it helps to restore the normal growth of cells and tissues. Thus, most skins tend to take on new youthfulness, to become fresher, firmer, smoother, more alluringly beautiful again. Isn't this the best way you can invest your cosmetic dollars? Many report vast improvement in only 30 days.

Quite Contrary

Light Thoughts on Heavy Stones
Junior Versus National League

by mary madison

Hypnotized all week we've been, delving into the spell-binding Handbook of Gems in the Morgan Collection, by the curator, Mr. Herbert P. Whitlock. Ice cube diamonds; . . . traffic light rubies . . . and emeralds blithe as an Irish shamrock . . . the same lapis lazuli with which Great Catherine tiled her bath chambers . . . and jade figurines in whose carving Chinese lapidaries dedicated their lives to the jewel lore of the ages . . .

It is all pertinent to the post war upswing in the precious gem market. That upsurge recalls the sage observation of that Celtic philosopher and friend, Peter Monaghan: "The poor and oppressed peoples of all nations long since learned the wisdom of never investing money in anything you can't jump over the back fence with." That sentence implies even more than it explains—it is the poor-but-potentially-rich who see the value of precious jewels.

This back-fence financing theory, spoken with that wistful slanting smile of Peter's that still comes to us across the Unknown, recurred to us the last time we were in Cartier's when we saw the president of the establishment escorting to a private jewel table two proudly shabby figures—the gentleman in a peasantish suit and his lady in a babouska, in the strictly Russian sense of the word, meaning grandmother. Now, these two had nothing to interest the Fifth Avenue passerby — but they DID interest the president of the world's greatest jewel firm. And watching them, with their little bag of priceless marbles, we could smile again with Peter at the wisdom of back-fence financing, triumphant over the Germanical mind.

To such extremes may this theory be carried that, in the case mentioned by Mr. Whitlock, Henry IV, de Sancy, recovered in this strange manner his almost shaped white diamond, weighing fifty three carats. This gem he entrusted to a faithful courier, who enroute to his sovereign was laywaded, robbed and slain by enemies. But Henry the Fourth knew his man. And ordering performed history's first post-mortem, he recovered the fifty three carat diamond which his servant had swallowed for the greater glory of La Belle France.

Doubling one's money is viewed as excellent return on most investments — in the case of gem transactions the returns are often astronomical flights. Diamond value on large stones increases in proportion to the SQUARE of the weight, so that a three carat stone is worth not just three but nine times the value of a one carat stone. In the case of rare stones, the value is restricted only by the marketability. To wit; the sky is the only ceiling.

After the million dollar publicity Mrs. Evalyn Walsh McLean has reaped on her blue Hope diamond, we were let down to learn that her husband paid just \$300,000 for the stone at a Paris auction. The world's largest and less publicized diamond being the "Star of Africa" in King George VI of England's crown. Still, when Evalyn entertains at those receptions, she drives you gaga with her headlight, counting the house like a Broadway press agent.

But Evalyn Walsh McLean, with her forty carats of ice is not the happiest woman in Washington. The happiest one we ever saw was the little girl at the diamond counter, with her Silver Winged Warrior, holding up her hand with a little half-carat blinker — THAT diamond blinded them both—it being the headlight on their Honeymoon Express!

Planning Fashion Show

THE GROSSE POINTE YACHT CLUB will be the scene of a fashion show and bridge luncheon on October 13, starting at 1:30 p.m. The event is being given for the benefit of St. Paul's Altar Society and the Parish Council. Jacobson's will stage the fashion show. Shown making plans for the party are left to right, Mrs. John L. Schmitt, show chairman; Mrs. Van Husan Moore, vice-president of the Parish Council of the National Council of Catholic Women; and Mrs. George L. Heidt, chairman of table prizes. The picture was taken in Mrs. Schmitt's Washington road home when the committee met Monday afternoon.

Week-end Gay in Northern Resort

With duck hunting season heralding the advent of autumn, several Pointers have reopened their summer homes at Pointe aux Barques, among them Mr. and Mrs. Charles A. Dean, Jr., of Lewiston road, and the C. Wallace Toles, of Lincoln road.

The Deans lingered in the city long enough to fete their son-in-law, Lieut. (j.g.) Charles T. Mohler, and Mrs. Mohler at a cocktail party and buffet supper. The young naval officer reported to San Francisco for Pacific duty last week.

Another festive gathering honoring Cynthia and Charles was the party at Pointe aux Barques engineered by Mrs. George S. Baker, of Rivard boulevard, and her son-in-law and daughter, the Frederick L. Colbys, Jr.

Mr. and Mrs. Toles motored up for the shooting last week-end for their first trip since July. Mrs. Toles' mother, Mrs. W. I. L. Stearns, joined the hunters.

Valparaiso University Guild to Meet Monday

The Valparaiso University Guild will start its season's activities with a regular meeting in Harmonie Hall at 2 p. m. Monday, Oct. 1. Luncheon will precede the meeting at 12:30.

Mrs. Calvin Gauss, president, will preside, and Betty Roberts will speak on plastic surgery.

The guild has announced that the following Pointe girls are leaving October 1 to enroll at Valparaiso University: Shirley Auch of Grayton Road, Dorothy Gaertner of Beaconsfield avenue, Carol Droegge of Hunt Club drive, Barbara Faust of Lakepointe and Nadine Lehman of Lakepointe.

Miss Avonne Devine Is Bride of Ensign

Pointe Girl Marries Ensign William H. Merritt III in Gesu Church; Trip to California Follows Wedding Reception

Ensign and Mrs. William H. Merritt, III are motoring to California following their wedding Tuesday morning in Gesu Church. The bride is the former Avonne Devine, daughter of Mr. and Mrs. Joseph Devine, of Kensington road, and Bill's parents are Mr. and Mrs. William H. Merritt, Jr., of Woodingham drive.

Father Rolff officiated at the lovely 10 o'clock ceremony, which preceded a marriage breakfast at the Whittier and a reception in the Devine home.

For her nuptial dress Avonne selected a gown of white net characterized by a lace bertha collar, long sleeves and full skirt. Her finger-tip veil of illusion fell from a cap of orange blossoms, and her arms were filled with white orchids and stephanotis.

Jane Creed was the bride's maid of honor and only attendant. She wore a frock of dusty pink fashioned with silk jersey bodice and net skirt. Her head-dress was of matching ostrich plumes and velvet ribbons, and she carried an arm bouquet of pink sweetheart roses.

Lieut. (j.g.) Richard Thomas, USNR, was the ensign's best man.

Ushering the guests were Paul Berg and Ensign Lawrence Miazga, USNR.

A royal blue wool dress with matching hat was Avonne's travelling costume. She will remain with Bill until he receives sailing orders. A member of the USNR, the ensign has just returned from a year's duty in the Pacific.

New Pointer Christened In Christ Church, Boston

Christ Church in Boston was the scene of a lovely christening September 18 when tiny Sally Leigh Sorge, daughter of Lieut. and Mrs. Jay Sorge, was baptized.

Sally's grandparents, Mr. and Mrs. Ervin Sorge, of Moross road, traveled to Boston's oldest church for the occasion. Her aunt, Harriet Sorge, accompanied them. A supper party for the family followed the christening.

Lieut. Sorge is stationed at Harvard University with the Coast Guard.

Pointe Couple Leave for South

Following a wedding trip through northern Michigan, Mr. and Mrs. Stanley Schockey will return to make their home in Charlevoix.

The bride is the former Mrs. Mildred Hardesty, of Beaconsfield road, and the bridegroom formerly resided on Moran road. The bridal pair repeated their vows at a simple afternoon ceremony on September 15. For the occasion the bride chose a smart street-length frock of royal blue crepe which she accented with navy accessories.

The couple were attended by Mr. and Mrs. Carl Krimell.

Wedding guests were welcomed at a reception following the service at the bride's home on Beaconsfield road, after which members of the wedding party and close friends of the families gathered for a wedding dinner at the Whittier.

Blue Devils to Face Ferndale in Opener

Grosse Pointe High Football Squad Reeks With Talent With No One Yet Assured of Starting Berth

Grosse Pointe High finds itself enjoying a multitude of gridiron talent during practice this fall. After three weeks of strenuous practice Coach Bill Healy is finding it hard to pick a starting line-up to face Lincoln Park High of Ferndale this Saturday afternoon on the Blue Devils' home field.

On taking inventory of his charges Healy is well fortified in the line from tackle to tackle. The only weak spot on the team is at the end positions but this may be solved when a few blisters heal and make available two fast boys as substitutes. Three boys for each position in the line are battling for a starting assignment.

The backfield situation is brighter than in many years with the two complete sets of backs also trying to get the nod for the first game.

This season Healy has followed the trend toward the "T" formation, made famous by the Chicago Bears in recent years and copied by many of the bigger colleges. The "T" is practical only if a coach has an extremely fast backfield that can employ plenty of deception. With this combination a team can be a crowd-pleaser because the brand of

football is wide open with every play being a possible scoring threat. G.P. has just what it takes to make the "T" click and "IF", as Healy puts it, "we can just get by Ferndale we should have a successful season."

If you recall it was Ferndale that started Grosse Pointe on the skids last fall and the Blue Devils were rounced on every succeeding Saturday thereafter. The entire squad is determined to overcome the defeatist attitude that gripped the team last year, and start off on the right foot to a winning season.

Names of the most promising players on this year's squad are withheld in this story because not one boy is certain of a starting By Fred Runnells.

Police Seeking Pot-Smashers

A resident of Meadow lane called the Farms police department last Friday to complain that youngsters were amusing themselves by going up and down the street, taking flower pots from yards and porches and smashing them in the street.

Lieutenant Bolo has put a detail on the case and it is expected the young pot-smashers will be tracked down and punished.

Beauty Counsellors Plan Large Expansion of Plant

Beauty Counsellors, Inc., located at Sadioux and Mack in the City of Grosse Pointe, is working on an expansion program that means an expenditure of about \$100,000 and the employment of some 200 more persons.

G. W. Beeman, president, talked of the company's plans this week, following action taken last week by the city council amending the zoning ordinance governing commercial property along Mack avenue.

This property, under the ordinance, was reserved for purely local businesses, with the idea of keeping large industries doing a national, and international business out of the city. It was at the request of Beauty Counsellors that the amendment was passed.

Mr. Beeman said the concern has been buying up land for the past two years and now owns all the property adjoining its present building, up to Loraine.

The present building will be enlarged at a cost of about \$100,-

000. The lovely colonial architecture of the present structure will be followed in the addition. More space for manufacturing and offices will be provided. When complete the company will occupy 30,000 square feet.

Asked how this would affect employment in the Pointe area, Mr. Beeman said about 200 more persons would be needed when the addition is completed. The company policy is to employ local persons wherever possible.

Building plans are being pushed, Mr. Beeman said, the company wishing to get the expansion completed as soon as possible.

CHURCH BOOKS DAMAGED

Stalker to Speak To Garden Group

The Grosse Pointe Branch of the Woman's National Farm and Garden Association will hold its regular monthly meeting on Monday, October 8 at 2:30 o'clock in the home of Mrs. Herbert J. Woodall at 40 Oxford road.

Dr. Hugh Stalker will be the speaker and his subject will be "A Doctor Looks at Gardens." There will be arrangements of flowers and vegetables from members' gardens. Canned fruits and vegetables and best single

specimens from flower and vegetable gardens will be shown. These will be auctioned off.

Mrs. Frederick S. Ford and Mrs. Frank Goldie will be chairmen of the day and Mrs. Woodall, hostess.

Adele Shoub on Dean's List at Heidelberg

Miss Adele Amy Shoub, daughter of Mr. and Mrs. A. W. Shoub, 1309 Nottingham road, Grosse Pointe Park, a sophomore at Heidelberg College, Tiffin, Ohio, is one of 50 students named to the Dean's List for their high grade averages during the second semester, 1944-45, it was announced this week at the college.

The Dean's List, published at the end of each semester, is a list of honor students who have received a point average of 2.3 or better out of a possible 3.0 during a previous semester. The privilege of optional class attendance is given to those whose names appear on the list for at least three semesters.

so happy may find the answer in The Bard's benediction on the quality of mercy—"It is twice blest—it blesseth him that gives and him that takes." Not only does this great lady's left hand never know what her right hand is giving—but both hands go right on working after others have idly folded in their laps.

Mrs. Newberry's Christmas decorative objects for hospital and Navy bases has now reached the staggering total of 10,000 pieces—all made entirely by herself for the Red Cross. According to Mr. Garth, the art dealer supplying her with materials, she keeps exceeding her own quotas. If Mrs. Newberry was surprised at our praise, as she continued her handiwork all through the humid months, she will reap more heart warming tributes from the boys overseas—in the little-boy depths of their hearts.

MAGGY'S FIVE-SECOND ENTRY

Well, I really have only five seconds for my diary, as I am planing back from Detroit to New York, with a tall, dark and handsome line of a young millionaire from Grosse Pointe. I mean I was in Detroit, modeling for Harry Conover at the verry fancy fashion show put on by The Junior League and Saks Fifth Avenue. All I heard was talk, talk, talk about The Junior League and The Tiger Team. And, after seeing The Junior League in action, why I think The Junior League can lick The National League.

This here Motor Romeo keeps pursuing me, because he says it is open season on husband bunting at The Pointe and he is trying to escape captivity. So I tell him I am really not inarested in husbands, except other girls because it is safer for everyone that way. So he begs, please, please, please can't he give me a ring when we get to New York. So I am going to tell him that I have thot it over, and he CAN give me a ring—and make it a star safire set in dimonds.

CHESTER O. BOOTS, pharmacist's mate, third class, USNR, 25, 1012 Bishop Road, Grosse Pointe Park, Mich., is a member of the USS SOLACE, hospital ship which has just been awarded the Navy Unit Commendation for outstanding work at Pearl Harbor.

Scene of the formal presentation of Secretary of Navy James Forrestal's commendation was a Portland, Ore., shipyard, where the vessel docked recently after completion of seven trips to Okinawa. It was her first voyage to the States since December, 1943.

The Solace, nicknamed "the workhorse of the Pacific," also participated in operations at Guam, Saipan, Tarawa, the Admiralties, Kwajalein, Eniwetok, Peleliu and Iwo Jima, treating some 27,000 patients.

TECH. SERGT. IRVING BOOK of 442 Neff road, City of Grosse Pointe, was discovered at the Bremen Port Command in Germany

PFC. BERNARD J. CURRAN, son of Mrs. Mary Curran of 1021 Maryland avenue, is an associate editor of "The Grandstander," official newspaper of Camp Twenty-Grand of the 89th Infantry Division in France.

"The Grandstander" scooped the ETO with the first messages of the Jap surrender, distributing 5,000 small mimeographed copies containing the big news, by cub plane.

PFC. JAMES W. INSELL of 1059 Maryland avenue, Grosse Pointe Park, has been awarded the Bronze Star Medal for heroism in the Rhineland, Ardennes and Central Europe, according to word received from the Public Relations Section, ETO. Insell is a rifleman and had previously been awarded the Combat Infantry Badge.

MALCOLM M. JOHNS, who served three years as chief specialist in music in the Navy, has been detached from service, and is returning to his former position in the Grosse Pointe Memorial church as assistant organist and director of the boys' and girls' choirs.

Lieutenant William Morrison Awarded Bronze Star Medal

FORT LEONARD WOOD, Miss. April 1945 in the vicinity of Kierspe Bahnhof, Germany. After a combat patrol had been turned back by heavy fire from an enemy 20mm gun, Lieutenant Morrison volunteered to go forward with a five-man group of infantrymen to place fire on the gun. Advancing over exposed terrain, the group was surrounded and cut off from the remainder of their unit for three hours. By calling for artillery fire at close range, Lieutenant Morrison was able to drive the enemy back and succeeded in destroying the gun. His great courage and inspirational leadership enabled the battalion to advance into the town and complete its capture.

"Mary's like a LITTLE LAMB in her all-electric kitchen"

"Just before the war Mary and I moved into a new home equipped with an all-electric kitchen. Mary's whole attitude about kitchens changed immediately. She used to be impatient with the way a kitchen ties a woman to the home. Now she's very happy with her homemaking tasks. Her electric range gives such uniform results that failures and disappointments are a rarity, and the automatic features make cooking much easier. Perhaps her favorite helper is the electric dishwasher. I did a little time-study of her dishwashing and found that the dishwasher saves her about one working day every month. My mechanical mind is fascinated by the garbage disposal unit in the sink. My wife says it's a real convenience—this way we never really have garbage. Well, I could go on a good deal longer about the help she gets from her mixer, juicer, percolator and toaster—and I guess I don't even need to mention her electric refrigerator, for everybody recognizes now that there's no other method of refrigeration that equals the modern, electric way. Boy! Our all-electric kitchen sure has made a difference in our household."

Electric kitchen equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time.

It's not too early to be thinking about what electricity can do for your home in the days to come. Forward-looking families are giving careful consideration to all the labor-saving, comfort-making conveniences that electricity can provide. They have learned by experience that the old-fashioned way is the wasteful way. They know that the magic of electricity can make their living better, safer and happier. They are about to turn on the electric life.

Fighting for 10 consecutive months in the line on the Western Front with only 10 scattered days out of contact with the enemy, the Eighth Division captured 316,187 prisoners, the equivalent of 30 German divisions. Its campaigns included punching a hole for the armor in the Normandy Breakthrough; closing in on Brest and capturing the Crozon Peninsula; clearing the Germans from the last fringes of the bloody Hurtgen Forest and capturing the town of Hurtgen itself; crossing the Roer River, taking Duren and pushing on to Cologne and the Rhine; splitting the Ruhr Pocket in a lightning thrust; and crossing the Elbe River in northern

Sweet Sixteen Club Has Party

The Sweet Sixteen Club held its second birthday party on Wednesday, September 19 in the home of Mrs. William M. Adams on University place. Assisting hostesses were Mrs. Ben Rush, Mrs. Leonard Slowrin, Mrs. Frederick Farr and Mrs. Walter Frizzell.

The oldest member present was 83 and the youngest 70. This group of sixteen meet twice a month in homes of the members. Most of them did not know each other when they organized and have gained a great deal of pleasure out of the companionship of the last two years. Many of the members live with sons and daughters and have come from communities all over the United States.

Present for the party were Mrs. Thomas Beattie, Mrs. Lela M. Wignam, Mrs. Jane Geisel, Mrs. Claudia Coleman, Mrs. Alice Shed, Mrs. Ella Fleming, Mrs. Bertha Barnard, Mrs. Charles Kuhn, Mrs. Elsie Graise and Mrs. Elizabeth Maxwell.

Members not able to attend included Mrs. Agnes Parsons, Mrs. Anna Issler, Mrs. Emma King, Mrs. Georgis Olinger and Mrs. C. F. Meek.

Anyone interested in joining this group is urged to call Mrs. Adams at Tuxedo 1-1305. Transportation is provided.

COLD WEATHER SIGN

A furnace backfired in the Vanlayan home at 539 University place Sept. 17, filling the basement with smoke. The City fire department responded to the call.

TOMATO THROWERS
Complaints that boys were throwing ripe tomatoes at passing motorists took Farms Police Officers Crooks and Yacks to Chalfonte and Mt. Vernon Sunday evening. The boys had disappeared when they reached the scene.

WHO selects your clothes?

YOU pick them out, of course. You pay for them, you wear them... but it's important to know just who originally "buys" them.

At KILGORE and HURD the "buyers" are the men who run and own the business... men of wide and pleasant acquaintance... men whose tastes and activities are, no doubt, very much like your own. That is why materials, colors, patterns in our clothing stocks maintain a standard of good taste so consistently dependable.

NOW THAT THE WAR IS OVER...

TELEPHONE manufacturers are reconverting to civilian production as fast as they can. Michigan Bell already has launched its \$120,000,000 five-year post-war program of expansion and improvement. We will step it up as rapidly as sufficient equipment and trained manpower become available.

Between a third and a half of the 125,000 families now waiting for service can be cared for as soon as enough telephone instruments are produced—a matter of months.

To fill the majority of orders, however, instruments alone won't do the job. Thousands

of miles of wire and cable will have to be produced and placed—central offices enlarged—many new ones built. Central office equipment will have to be manufactured and connected into the system. Much of this is slow, painstaking hand-work.

So, many of those now waiting will not have service for a long time. It may take nearly two years before telephones can be installed generally without delay.

If you are waiting, we appreciate your patience. We promise to provide you with service just as quickly as possible.

Kid Bits

by JOANIE WILLIAMS

We are thinking very low and nasty thoughts about Fate as we sit propped up in bed with our trusty box of kleenex trying desperately to write our trial column from odd bits of information that have drifted in by way of sympathetic notes and phone calls.

We were, however, up and around last Monday to wave good bye to KATIE KALBFLEISCH as she gathered up some last minute things and left for Walnut Hill, Mass. with promises of seeing us long about Christmas time.

Seems others are ditching the old home town for new excitement too. Frinstance BETSY BAUMAN, JOAN CLARK, BARBY LANDIS, PAT 'n GLORIA SURTMAN, 'n BEV McLELLAN all headed up toward Michigan State last Sunday, while CAROLE PIERSON shoved off for Greenbrier, GINIA ROBINSON to Lake Erie College, SALLY BAKER to West Hill, LOIS McENERY 'n BARE WOOD to Marjorie Webster, BARB ALLEN to Stevens, 'n lots more too. In fact almost every where you look, somebody isn't.

BEV BROWN gave a swell farewell dinner for BETSY BAUMAN last week end, with Maggie Hansen 'n B. J. Auch as the rest of the gals and Fred Auch, Jeff Welscher, Don Barrett, 'n Don McPhail to make it even.

Undaunted by the manpower shortage, ANNIE LEININGER gave a scrumptious hag (oh how we hate that word) party with Donna Dahlen, Mary Lou Ewing, Mary Thorn, 'n Andy Klingbeil all there just to prove that the party was misnamed.

We hear a heeep' kids went out to yell their heads off at the big Michigan-Great Lakes game a week ago. A few of the headless kids are: Jack Tanner, Don Barrett, Jeff Welscher, Fred Auch, 'n Don McPhail in one bunch. Dick Finch, Dave Kaiser, Don Kelly, 'n Dick Carter in another; and Maggie Hansen, Barb Moran, Pat Robinson, 'n Alma Larson in still another.

The Welcome Home committees are all anxiously awaiting MARINE PVT. GEORGE EVERSMAN who's expected home on a furlough from Parris Island almost any minute.

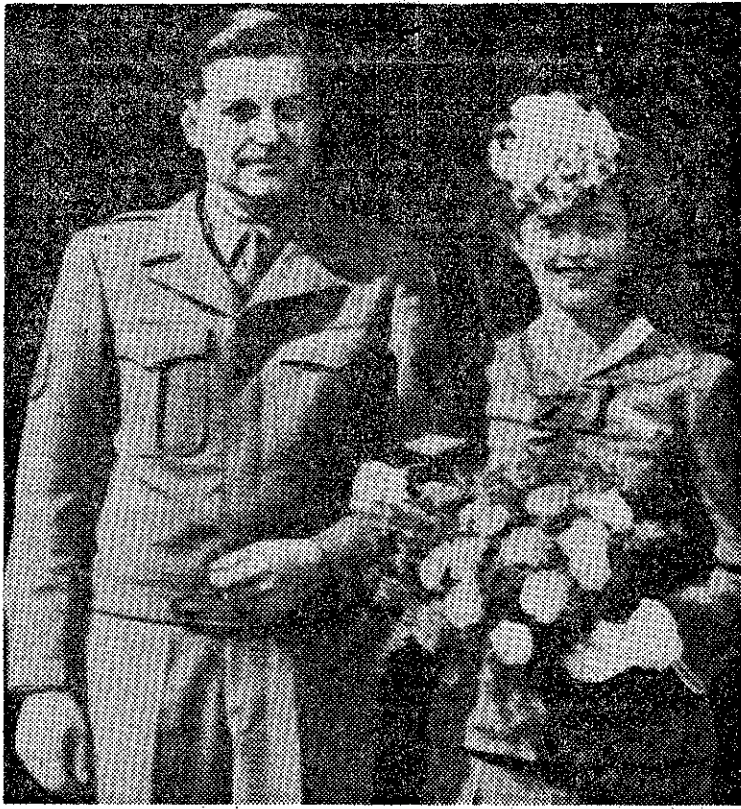

By the time this column's in print, DOTTY WULZ will probably have recovered from the surprise party her mother's giving her Saturday night to celebrate her weekend home.

'N last of all, just so you won't forget, the first B. S. A. Dance at the High School is Saturday, Sept. 29th and it's called the Varsity Hop. I spect it's gonna be pretty special with LETTY KRETSCHMAR 'n committee wearing their fingers to the bone over the swell decorations, Walt (Jim) Bailey's keeping a well trained ear out for the perfect band, and Bill Baker is tracking down something good to eat, (or drink). B. J. Auch's taking care of the invitations and Andy Creamer's doing a swell but double job as chairman while the co-chairman's home with a cold.

COLLEGE BUYS SKELETON

A 20,000-year-old mastodon skeleton, discovered in a marsh on the farm of Dale Keith, near Plainwell, Allegan county, has been purchased by Michigan State college for its museum. The bones were uncovered by workmen digging a drainage ditch and are believed to be in a good state of preservation. Prof. Joseph W. Stack, director of the museum, is directing the work of exhuming the skeleton of the elephant-like, prehistoric beast.

Pointer Takes English Bride

STAFF SERGEANT JOHN HUME, JR., son of Mr. and Mrs. John Hume of 1105 Maryland avenue, was married in England on August 11 according to word received here.

The bride is MARGOT TINGLE, widow of Capt. H. G. Tingle of the RAF. The ceremony was performed in Chelmsford Cathedral, with a reception following in "The Chase." The honeymoon was spent in Essex and London.

James Halstead, director of the American Red Cross was Sergeant Hume's best man and the bride's brother-in-law, John Tingle, gave her away. The bridegroom's parents have since received word that after reporting back to his squadron in Erbach, Germany, Sergeant Hume is now on his way home for discharge.

Adult Education Courses To Include Many Subjects

Adult Education Classes sponsored by the Grosse Pointe Board of Education will open Tuesday, October 2. Classes will be offered at the following schools: Grosse Pointe High, Mason, Trombly, Defer, John D. Pierce, and the Board of Education building.

The program for the coming year will include classes and discussion groups in nearly all areas of adult education. One may plan for many evenings of enjoyment by participating in one or more of these groups. Instruction will be offered in: Slip covers and Draperies, Sewing, Tailoring, Millinery, Interior Decorating, Home Nursing, Typing, Short-hand (beginning and advanced), Bookkeeping, Effective English

Usage, Practical Speech, Art (watercolor, charcoal, pastels), Art (oil), Art (commercial), Ceramics, Woodshop, Machine Shop—Metal, Photography Industrial Design, Carpentry Fundamentals of Home Building, Chorus (men), Dramatics, Gym and Swimming (men and women), Badminton, Ball room dancing, Bridge (beginning and advanced), Spanish—Conversational (beginning and advanced), Esperanto, Citizenship Preparation, Child-Parent Relationship.

If there are types of courses other than those listed that you would be interested in, please call.

For class reservations or information—call the Grosse Pointe Board of Education—Niagara 2000—Extension 25.

Drownings in Vicinity Cause Park to Fence Dump Grounds

The Village of Grosse Pointe Park is going to spend \$750 to build an institutional type fence around its rubbish dump on Quinn road near Mt. Clemens in Clinton Township. Commissioners meeting Monday night approved the recommendation made by Everett Lane, village manager.

Mr. Lane reported that Clinton Township officials had requested that a fence be erected. The dumping ground, about four acres in area, is practically a gravel pit, mostly full of water. There have been several drown-

ings recently in the location in similar properties, but none on the Park-owned site. Concern over these accidents led to the request made of the village.

VETERANS AT MSO

Approximately 300 veterans of World War II will be enrolled as new students at Michigan State college this fall. In addition, many of the more than 300 ex-servicemen enrolled during the past year will be back to continue their studies.

Army life still predominates for SGT. and MRS. THOMAS C. FOX, and MARCIA, who are again at Fort Jackson, S. C., after their stay here with his parents, MR. and MRS. CLARENCE L. FOX, of Lewiston road.

The FRANK WEBER, JR.'s guest book is seeing its heyday now that the MAJOR and MRS. WEBER and young "CHIP" are established in their new home on Lakeview road. The Webbers came in from California where Mrs. Weber and "Chip" made their temporary home while the major was overseas. He is to be stationed here in ordnance.

MR. and MRS. W. COLBURN STANDISH, of Lakeland avenue, were recent hosts at a birthday dinner at the Boat Club feting MRS. FREDERICK DANA STANDISH II.

Studying began in earnest this week for POLLY MULKEY who is schooling at Southern Seminary in Virginia this year. Her parents, the PHILIP MULKEYS, of University place, drove her down for the opening day.

It was "home coming" recently for the EDWARD FREIMUTHS who are back at their Bishop road home. They returned home from California, where the doctor has been serving with the Marine Air Corps, via Yosemite and Yellowstone National Parks.
