## FIREWORKS SHOW TO DRAW 8,000

### HEADLINES

of the  
**WEEK**

As Compiled by the  
Grosse Pointe News

Thursday, June 27

**SENATOR (Pass the Biscuits, Pappy) O'DANIEL**, of Texas, threatens to talk the OPA extension bill to death by a one-man filibuster . . . expires by limitation Sunday night, unless Congress agrees and the President signs a substitute measure . . . proponents of the substitute think they can wear him out by keeping the Senate in continuous session.

**OPA OFFICE IN SAN FRANCISCO** files suits for \$9,000,000, treble damages, against alleged black marketing operations by 40 West Coast lumber concerns . . . action follows quickly after a nouncement from OPA in Washington of an intensified drive against black markets in lumber and other building materials which have skyrocketed home-building prices . . . designed particularly to clear the path of obstructions against veterans' housing.

**FOREIGN MINISTERS** reject Russian plan for Trieste . . . wanted the city and district made autonomous territory under Yugoslav sovereignty, or, as her extreme concession, autonomous under joint Italian and Yugoslav sovereignty, with a house of representatives and two governors, one Yugoslav, the other Italian. Byrnes and Bevin want it kept Italian, but if question cannot be settled that way to refer it to the 21 nations' conference. Molotov says it would be a mistake to disrupt the peace conference with this question.

**GOVERNOR KELLY** has been requested to call a special session of the State Legislature to enact a soldiers' bonus law authorizing payments of \$250,000,000 . . . claimed it can be easily financed by taxes on beer and cigarettes. Committee urges a bonus on the rate of \$10 per month for each month of domestic service and \$15 each month of foreign service, with a maximum of \$500 for each veteran or for the dependents of men killed in war.

**MAYOR JEFFRIES** causes blank petitions for larger share of state revenues for cities and towns to be given policemen and firemen for circulation for signers . . . mayor says "get 'em."

**DETROIT GOT ITS SECOND TORNADO** in ten days last night when a twister does great damage in a section of the city bounded by Tenth and Fourteenth and Lafayette and Jefferson . . . no direct loss of life but several severe injuries reported . . . weatherman Oak says it was most "unusual" and we may not have another in 200 years.

**SENATOR "PAPPY" O'DANIEL** OF TEXAS, stopped cold in his threat to filibuster the OPA substitute bill to death by the Senate adopting a one-hour limit to talk after O'Daniel had already used up eight hours . . . look for final vote today.

**THE BIG FOUR** Foreign Ministers' meeting in Paris received a pleasing shock in the Russian ready acceptance of the granting of the Dodecanese islands to Greece, formerly held by Italy.

**COL. MAX KOEGL**, long wanted for criminal trial as commandant of the Flossenberg Concentration Camp where 48,000 inmates were murdered, hangs himself in his cell at Nurnberg, less than 24 hours after his arrest.

**THE MONOPOLY OF VANADIUM**, closely connected with Uranium as a base for atomic energy, is charged against six firms, with two holding 95 percent of the available supply . . . promise of large scale anti-trust litigation looms.

**WORD FROM CHICAGO**, World's meat center, says that half of the Nation's meat shops are closed by shortage of meats.

**DETROIT FEDERATION OF TEACHERS** says that Mayor Jeffries' use of policemen to collect signatures to petition is a shocking abuse of administrative authority.

**BRITAIN STARTS RATIONING** bread and flour on July 21. (Continued on Page 2)

### Rotarians Make Presentation to Bon Secours Hospital

MEMBERS OF THE GROSSE POINTE ROTARY CLUB have presented oxygen tents to both Bon Secours and Cottage Hospitals. This picture was made during the presentation to Bon Secours and shows from left to right, Rotarians FIRE CHIEF EDWARD RECTOR of the Park, WILLIAM MOIR, FRED KOPP, ERNEST GRAMHAM, (almost hidden), and DR. ROBERT K. O'NEIL, SISTER LUCRETIA, in white, and SISTER MARY GERT RUDE, hospital superintendent, are admiring the gift. The presentations were made Friday night. The tents cost approximately \$600 each.

### Love Speaks Too Harshly For Grandpa

Sympathy for Spooners Overcome by Language They Buit About

A citizen of Grosse Pointe Park living near the foot of Grand Marais, complained to the police last Friday that young people surcharged with Spring and Summer time thoughts are getting into the habit of making the vicinity of his home a parking place.

He had no particular grievance against the spooners, he said, but inasmuch as he had a granddaughter of tender years residing in his home he preferred that the conversation bruited about the place be kept from her tender ears.

The police promised to give him all assistance possible in working out his social problem.

### WANDERER RETURNS

Tom Follis, the 15 year old boy who disappeared from his home at 1429 Bishop road last Monday night, and for whom the Park police sent out a teletype message, apparently had had his wanderlust satisfied by Saturday afternoon and came back home. The police cancelled the "search-for" message.

### Lightning Plays Too Close To News Office for Comfort

The big storm, about the umpteenth of the season, which hit the Pointe last Thursday shortly after noon, concentrated much of its wrath in the immediate vicinity of the NEWS building.

Lightning struck the large tree fronting the vacant lot opposite the Punch and Judy Sodette, at Kercheval and McMillan. This lot is owned by C. W. Toles, who plans to erect a real estate office there. The bolt cut two large gashes down and through the main trunk of the tree and it is feared it may have to be cut down.

On the other corner of the NEWS block, at Kercheval and Oak, another lightning bolt

### Fantastic Bids for Addition To Vernier School Postpone Needed Relief Program

Lowest Bid from Five Contracting Firms is \$10,000 to \$15,000 Higher Than Board of Education Estimates

With the lowest bid from five contracting firms of \$31,357 for the construction of a four-room temporary Quonset Hut addition to the Vernier School, the Board of Education, at a meeting on June 21 was inclined to believe that all bids should be rejected, but felt that further study should be given to the question and a decision made in a meeting on July 18. The amount bid was \$10,000 to \$15,000 higher than they estimated, even after due allowance was made for increased building costs.

The Board of Education felt that even with the extreme necessity and urgency for this building that the expenditure of this amount of money for a Quonset Hut type of building to be added to the Vernier School would be seriously questioned as a wise expenditure by most of the citizens in the community.

Bids were received from five firms on June 20 and reviewed by the Board in a special meeting on June 21. No action was taken at that time because the Board wished to give further thought to the matter and to see if there was some way that this very badly needed space might be provided at a lower cost.

The Superintendent and staff made a careful appraisal of ways and means to reduce the figure and reported that even with certain eliminations and substitutions and by the most careful use of labor from the school organization, this figure could be reduced only to approximately \$26,000.

Various alternatives were estimated, such as reducing the size of the addition and provide two rooms rather than four; the use of other materials and other plans. All of them, however, seemed to result in extremely high cost for very low quality of school building.

Just what the next step will be on this if these bids are rejected, is difficult to determine since every possibility seems to be exhausted. It is probable, however, that if they are rejected, the Vernier children of the sixth grade will have to continue transportation arrangements to the Defer School.

This alternative might take care of the congestion for another half year and possibly for a full year but beyond that there would be no space in the school system to which any children from the east end might be transported.

Knocked down two large high tension wires, temporarily cutting off power and light in the vicinity. Detroit Edison repair men were on the scene quickly after Farms policemen had blocked off the street, and placed scout cars to guard the dangerous wires.

The driving rain which fell for an hour again inundated many Pointe basements and streets were flooded over the curbs in many places.

A tree on the George Johnston property on Lothrop road between Kercheval and Grosse Pointe boulevard, was also struck by lightning and will have to be replaced.

### Cupid Loses To Morpheus By Decision

Kindly Cops Interrupt Vigil D'Amour on Complaint of Neighbors

Saturday night about midnight a call was received at Park Police quarters from the Gilbert H. Colnot home at 1155 Audubon, saying that a strange car was parked in the driveway.

When the police investigated they found a man asleep in the car. He was no mere youth, but a man 49 years old. He aroused himself sufficiently to tell that he had taken a girl, whose name he did not know, home in his car. She had gotten out in the neighborhood and she told him to wait and she would come back.

For convenience he had driven into the nearest driveway and then settled down to a vigil d'Amour, but, like Conrad in search of his youth, had fallen asleep.

Officers Dilloway and Kesteloot, full of human understanding, kindly suggested that he pick out some less conspicuous place for his wait.

### Argument Ends With \$50 Fine

Choice of paying a \$50 fine or spending 10 days in jail was given Thomas Herbert Fenton of 8100 East Jefferson, when he was given a hearing on an assault and battery charge before Justice Kenneth Thomas in the Farms police station on June 28.

Fenton was charged with attacking William and Harry Michaels of Oak street on the night of June 6. After an argument which started on Kercheval avenue in front of the Punch and Judy bar, Fenton followed the Michaels brothers and started a fight on Oak street. He broke a pair of glasses and a nose in the melee.

A companion of Fenton's was cleared of taking any part in the fight. Fenton paid the fine.

It's people who see through each other that can really help to see each other through.

### 35 Pointers Named Delegates to State Convention Friday

Fred M. Alger Named Chairman of 14th Congressional District Republicans at Meeting Held Thursday

Full and enthusiastic support of all Republican nominees of the Primary of June 18, was pledged Thursday night at the Republican Convention of the 14th Congressional District, of which all the Pointes are a part. The meeting was held in the auditorium of Southeastern High School on Fairview avenue, Detroit.

Delegates to the State Convention to be held on July 5 were named, together with their alternates. There will be 115 delegates from the district, and 35 of them will be from the Pointe.

The district convention was called by the Republican State Central Committee and was called to order by Harold Youngblood, nominee for Congress in the district.

Frederick M. Alger of 17700 East Jefferson avenue, City of Grosse Pointe, was named permanent chairman and Arthur W. Sempliner, permanent secretary. Chairman Alger named his committees and the credentials committee reported approximately 275 accredited delegates present.

The convention passed a resolution recommending that the Republican Party at its state convention on July 5 adopt a resolution recommending to the next session of the Legislature that the Legislature use its power to create new boundaries for the State Senatorial and United States Congressional Districts now within Wayne County, "to correct gross inequities now existing."

The resolution pointed out that more than 300,000 voters in Detroit and Grosse Pointe have not been represented in the House of Representatives at Lansing because of the election of 21 members by general ticket. The difficulty of voting for 21 members in the primary and general election was cited and it was recommended that a constitutional amendment should be submitted to the people at the Spring election of 1947, which would provide the necessary authority to the Board of Supervisors of Wayne County to provide for election of members of the House of Representatives by election districts.

The Republican party in the last regular session of the Legislature attempted by constitutional amendment to remedy this situation, and lost by only one vote because of opposition of the Democratic members from Wayne County.

Pointe delegates named to attend the State Convention on Friday include: Fred M. Alger, Anna M. Luce, William M. Adams, Percy Donovan, Esther Ford, William Cudlip, Sidney Small, Ralph L. Barrows, Richard S. Hickey, William H. Hoffman, Harold Marsh, Clarence J. Winkler, H. Terry Snowway, Edward M. Hartwick, Helen R. Dean, H. G. Ottmer, Wilbur M. Brucker, Claire Canfield.

Also: Miles Culehan, C. Joseph Belanger, Dr. Rex P. Granson, Edward C. Parker, Harold O. Love, Edmund Kuhlman, Raymond Sarber, Ward Van Deusen, Fay Conley, William Kirby, Dr. Clarence I. Candler, Trent A. McMath, Genevieve Nutto, George A. Nicholson, Jr., Ralph Kirby, Clifton S. Goddin, Marvin Blaess.

He carries the argument further. The proposal of donations to the Metropolitan Club for outfitting baseball teams for Pointe youngsters was the thing that touched off the veterans' issue in the City Council. When City Attorney Meder submitted an opinion that it would be illegal for the City to donate to the Metropolitan Club fund, the matter of the veterans' fund was then brought up and decided against. The Metropolitan fund is entitled to support from the various Pointes under the heading of legitimate expense, opines this same official. "It is an expense, justified in that it combats juvenile delinquency, and it is a very cheap bill for this cause," he says.

Grosse Pointe Farms, Woods, Shores and Park have all contributed to both the Metropolitan Club fund and the Veterans' Council. The City has not.

### Police Decide Man's Castle Must Include Cherry Trees

A neighbor living on Notre Dame who is enough of an ornithologist to love birds, reported to the City police very early Saturday morning, that he had seen another neighbor, a Mr. Delbarba, shooting robins out of his (Mr. Delbarba's) cherry tree.

The police went around and found Mr. Delbarba. Questioned about the bird episode, he denied that he had shot any birds. The police inferred from this that he might have shot and missed. At any rate the neighbor still insisted he had seen Mr. Delbarba shoot.

The police were thereupon confronted by a nice point, whether

### Kiwanis Club Sponsors Big Woods Event

Harry Heilmann to Give Kids Pointers; Ford Car Going to Winner

Everything is set for the annual Fourth of July Fireworks Show which the Grosse Pointe Kiwanis Club is again sponsoring at Mason Field on Vernier road. The event this year is expected to be attended by at least 8,000 persons.

Prior to the show, games, races and coin scrambles will be held for the young fry and a baseball game is scheduled for the older boys.

Harry Heilmann, Tiger baseball broadcaster and former Big League great, has promised to be on hand to give the boys some tips on fine points of the game. The highlight of this year's show will be the presentation of a brand new 1946 Tudor Ford. The car will be on the grounds and the winner will be able to drive it home.

During the past year the service club has helped provide for the education of a little girl afflicted with spastic paralysis, and a boy who is the victim of creeping paralysis. It has sent boys and girls to summer camps, provided dental care for indigent children, sponsored a small boys' baseball team and presented a fully equipped camp trailer to the Girl Scouts of the Pointe area.

The proceeds derived from this year's event will be used to carry on this and similar work.

### Triple Crash Injures Four

Woman Blamed for Crash Involving Two Private Cars and Lake Shore Bus

An accident involving a Lake Shore bus and two private cars at Charlevoix and Buckingham Thursday afternoon sent four persons to Bon Secours hospital for treatment.

The bus going west, collided with a car owned and being driven south on Buckingham by Mrs. Teresa M. Reichle of 3875 Bewick, Detroit. Joining the melee was a third car driven by James J. McDonough of 21757 Ridgeway, St. Clair Shores. A fire hydrant was struck by the bus.

Mrs. McDonough had two fractured ribs and Mrs. Reichle had one broken rib and suffered severely, the hospital people said, from shock. Another man and woman were treated for minor injuries and sent home.

Mrs. Reichle was given a ticket as responsible for the accident.

### Breaks Shoulder In Fall at Pier

Mrs. William Rice of 144 Mapleton road, wife of the acting chief of police of Grosse Pointe Farms, suffered a broken shoulder in a fall at the Farms municipal pier on Sunday night.

What had been planned as a quiet day for the Rices, turned out to be pretty hectic. They were returning from a drive to spend the remainder of the sabbath resting on the porch, when they decided on stopping at the pier. Five minutes later the accident occurred.

X-rays were taken at Cottage Hospital and the break, in the cap of the humerus bone, was set on Monday morning.

### Purse Stolen At Park Beach

Miss Catherine Greig, of 565 Barrington road, reported to the police last midweek that a purse was stolen from a Park beach bench, where it had been left unattended for several hours.

The purse contained her beach pass, house key and an unknown amount of small change.

The man convinced that he was right is somehow not as convincing as the one who admits he was wrong.

## Headlines of the Week

(Continued from Page 1)

**STATE HIGHWAY DEPARTMENT** opens a campaign to keep the States' highways neat and clean.

**Saturday, June 29**  
**PRESIDENT TRUMAN VETOES THE OPA** extension bill. Democratic leaders of the Senate had urged Truman to sign it; Barkley said it is the "best we can get out of Congress now; we must either take this or nothing." . . . all members of the National Wage Stabilization Board unite in signing a statement saying the bill would "inevitably lead to uncontrolled inflation." . . . Bowles said it would serve only to "legalize inflation and bring on ultimate collapse" and kills off the charge of his critics that he was interested in the maintenance of price control to continue his job, by resigning, effective July 1, even before the Senate had acted on the substitute measure. . . . the bill had retained only rent control, had removed control from many other items and in many instances left the decision to commissions to be set up for control in individual cases of items or entire industries.

**SECRETARY OF STATE BYRNES** told the Ministers' conference in Paris yesterday that he intended to demand a showdown today on calling a 21-nation conference for the making of peace treaties. . . . exasperated by Russian obstruction he says "I give notice that I am going to insist on a discussion of a peace conference Saturday and I want no misunderstanding." . . . was speaking directly to Molotov over the Ministers' conference head. . . . Molotov says, "Of course, any member of the Council can speak any time he wants to day or night." . . . Byrnes re-emphasizes, "I want a decision on it Saturday—one way or the other."

**CIVILIAN PRODUCTION ADMINISTRATOR JOHN D. LONG** says we may well be headed "for an era of unprecedented production and prosperity" but warns that price rises may set off a new wave of wage demands and production-crippling strikes.

**CHICAGO POLICE** find seven points of similarity between fingerprints of a University of Chicago student, William Heirens, and those left of the Degnan kidnap-murder ransom note.

**DR. BERTRAM LOW-BEER**, associate professor of radiology in the University of California, discloses that secret treatments extending over a period of five years have demonstrated that radioactive phosphorus applied with com-

mon blotting paper has proved a cure for skin cancer in as high as 98 per cent of cases. This is the first announcement of the efficacy of atomic energy in the realm of medicine.

**Sunday, June 30**  
**OPA CONTROLS END TO-NIGHT**, but president asks the Nation to observe prices already set, implying that he hopes that a modus vivendi can yet be found to fill the gap until the Congress passes a law that he can sign.

**THIS NATION AND THE WHOLE WORLD** on the qui vive awaiting the atomic bomb drop on Bikini. . . . when it came at 5:30 p. m. Detroit time, the blast for which elaborate radio setup had been made, is scarcely heard in this country due to bad radio conditions, although the shouts of observers were clearly heard.

**PEACE TALKS MOVE NEARER** . . . the strong demands of Byrnes for an early peace conference, to which he had asked a reply by Saturday, believed to have moved Molotov to his expression that in two or three days he thought the ministers "could agree to take this momentous step."

**TOP UAW/CIO OFFICIALS** say that Communists have been barred from policy-making levels of the Union but deny that any purge of left wing minorities is contemplated.

**SHANGHAI No. 1 WORLD RUMOR FACTORY**, reports that General Chiang Kai Shek has rejected a compromise plan for Chinese peace backed by General Marshall, who immediately launched a new move against outbreak of war of extermination between the Nationalists and Communists.

**THOUSANDS OF BRITISH TROOPS**, armed with tanks, armored cars and jeeps, swarm into Jewish cities and towns in Palestine to put an end to a state of anarchy. . . . are ferreting out terrorists. . . . all communities so occupied are under a strict curfew and an industrial and communications paralysis grips the country. . . . more than 7,000 Jews already arrested and 33 killed.

**FORD WILL SHUT DOWN ALL plants** at midnight, July 3 and remain closed until Monday, July 8. . . . salaried employees to be paid.

**A BRITISH COMMISSION** investigating atomic energy says that a bomb similar to the ones

that dropped on Nagasaki and Hiroshima, if dropped on London, would snuff out 300,000 lives.

**Monday, July 1**  
**FIRST REPORTS OF THE ATOMIC BOMB** tests on Bikini appear in morning paper. . . . the cloud of smoke and fire shoots to an altitude of 50,000 feet. . . . Blandy, head man of "Operations Crossroads", says the test was a success. . . . Twenty vessels are damaged with three sunk in mighty blast. . . . most animals placed on target fleet to test effect of blast on animal life, surprisingly survive. Heaviest ships, battle ships and like, withstand blast best. . . . the old Nevada, the red painted target battleship, as with the battleship New York and heavy carrier Saratoga, are only negligibly damaged. . . . more reports due as fast as the authorities release.

**PAUL A. PORTER**, OPA administrator, predicted a few hours before the expiration of OPA that Congress would restore price and rent controls and urged all Americans to exercise self-restraint in the meantime.

**130,000 PERSONS PACK BELLE ISLE**, seeking relief from the torrid heat.

**AMERICAN MEDICAL ASSOCIATION** in session in San Francisco is told that chemicals extracted from the pituitary glands of animals can convert animals into giants or dwarfs and there is every reason to believe they would have the same effect on human growth or retardation. It will be long before these can be applied to human growth or retardation as large scale production is extremely slow and complicated and expensive.

**GENERAL McNARY** reports that American food imports have relieved slightly the German food situation.

**EBEN AYERS**, a Presidential Secretary at the White House, says that telegrams received there are running 50 to 1 in support of the President.

**CRITICISM PILES UP AGAINST Mayor Jeffries** for his

## Dryers Lighten Mother's Work

Automatic home dryers are lightening mothers' baby-raising chores. Supplementing automatic home laundry equipment, the automatic dryer tumbles the baby's diapers dry and fluffy in short order, ready for re-use without ironing.

Heated to germ-destroying temperatures, the diapers are sanitized in the drying process. Their fluffiness just can't be duplicated by the old and laborious method of drying on a line. What's more, with a dryer, there is no waiting for a clear day to launder, or hanging

Navy's value; says there will still be navies in the future and that America's will still remain the most powerful. . . . one phenomenon of the event was the goats still seen calmly eating hay on the deck of the USS Pennsylvania, following the blast. . . . had been specially trained at Cornell laboratories to withstand shock.

**THE LABOR DEPARTMENT'S SPOT MARKET PRICE INDEX** for basic commodities soared 7.7 points, to 206, for the first day without OPA. . . . this jump compares with one of 2 for the preceding week. . . . index now 97.5 per cent higher than on Sept. 1, 1939.

**ENRICO DE NICOLA** inaugurated Monday as the provisional President of the Republic of Italy.

**HOUSE VOTES TO REVIVE OPA** until July 20 but Senate seems more concerned with long range control. . . . Bowles, on his way out of OPA, takes time out to urge States to freeze rents.

**THE BIG FOUR FOREIGN MINISTERS' COUNCIL** approves a French proposed boundary for Yugoslavia and Italy and Russians agree to placing Trieste under United Nations' rule. . . . America and Britain's agreement would remove the last obstruction to writing peace treaties for Italy and the Balkan states. . . . Molotov suggests that the internationalization of Trieste be made a permanent provision rather than a ten-year stop-gap arrangement.

**EVIDENCE TIGHTENS AROUND 17 year old William Heirens** as the Degnan murderer. . . . fingerprints and misspelled words identical.

**THE PARIS ATTORNEYS** who defended Petain, chief of state in the Vichy regime, now serving a life sentence for collaboration with Germans, ask President Bidault for clemency for their aged client. . . . Petain, the hero of Verdun, now 90 years old.

**HEAVY ARMORED VESSELS STOOD UP BEST** in the Bikini atomic blast. . . . Forrestal, Navy Secretary, says blast proves the

clothes in the basement or attic. Like 1-2-3, the owner of an automatic home dryer merely tosses the clothes, helter-skelter, into the dryer porthole as they come from the washing machine. She sets a dial and forgets about the whole thing. The dryer shuts off automatically when the clothes are dry. They can't burn. . . . They are untangled and nicely fluffed, due to the gentle tumbling action.

At a Laundrette in South Bend, Ind., where a test Bendix dryer was installed, the greatest demand came from families having young babies. Mothers found the machine spelled "no more diaper rash" and that their babies were unchafed in the fluffy, soft "triangles."

The dryer also was popular among people with difficult pieces such as chenille bedspreads and quilted bedpads. As word spread that "drying in a Bendix dryer beats drying on the line," demands for the test machine rose and appointments were required for its use.

**HOUSEHOLD HINT**  
 After kitchen woodwork has been painted, rub wax on the places which will be most used. The wax will protect the paint from both spotting and washing, and can be renewed more easily than the paint.

Teamwork, not less work, more dividends or more pay, is our hope for holding to democracy in industry.

## War Memorial Study Group Wants Opinions of Pointers

Issues Reminder That July 15 Is Final Deadline for Entries in Big Essay Contest for Ideas

Alger Sheldon, chairman of the Study Group which has been gathering public opinion on the type of war memorial Grosse Pointe should provide for its sons and daughters who participated in the last war, wishes to remind the public that the deadline will be reached on July 15 for the decision on the prizes for the best suggestions.

These prizes of \$100 each will be paid to the writer of the best suggestion from the three groups, represented by the ex-service men and women, the student group and after these two, from the general population.

Mr. Sheldon has in his possession a considerable number of such essay-suggestions. He says the committee is disappointed in not having received more from the strictly student group and urges more students give heed to the subject quickly. A good many suggestions have been received from former service men, but these have come chiefly from men who have already been dis-

charged and are home. This, of course is natural, as those still remaining in service are too far from home to participate actively in the discussion.

The awarding of these prizes had already been postponed for one month and July 15 is the positive deadline.

In addition to the individual expressions he has also received several petitions signed by a number of persons, specifically expressing the preference of the signers for a particular type of memorial.

This suggestion contest does not mean that the winner will designate the type of memorial which will ultimately be adopted. Many other factors will be judged, such as utility, memorial character, original cost and cost of upkeep and attractiveness as a permanent contribution to the physical appearance of the community.

The purpose of the Study Group is to ascertain the sentiment of the people of Grosse Pointe on the general subject; first, whether most of the people favor a memorial at this time, and then, what form it should take.

The Group's recommendation will be determined largely by what is developed from a study of the composite opinion of the community.

The group has made it clear from its inception that it desires above all to learn what the people want. This can only be reached by a general participation of the people in the discussion.

## Rubbish Truck Badly Burned

On Tuesday afternoon last week a truck belonging to the Greater Detroit Landscaping Service company and loaded with rubbish, caught fire from some unknown cause in front of 1134 Kensington road and made a hopeless mess of the body of the truck before it was put out by the Park firemen.

In the absence of any known cause of fire the firemen believe it a good guess that either a careless employee or some passerby dropped a burning cigarette into the load, much of which was composed of highly inflammable dry rubbish.

## Solons Brave Tiny Tempest

Park's Clerk Gets His Raise Following Executive Session in Chambers

At the last meeting of the Park Village Commissioners, a small tempest in a coffee-pot which threatened the serenity of the legislative brew was settled without either the use or breaking of any egg shells.

When the presentation of the current village bills was reached on the agenda Commissioner Sage feelingly announced that he wanted a brief executive session before the bills were acted upon. A look of mystification came over the features of the rest of the Board, but obligingly they fled out into the little smoke-filled executive room across the hall where real decisions of state are made.

There was a deep buzzing of speculation among the marooned bystanders in the assembly room. Some opined that certain travel and expense accounts were in for a closer looksee. Nobody hit it right. The Commissioners were out only a brief period and when they came back immediately approved the bills for payment without a tremor.

Mr. Sage, at whose urging the brief star chamber was held, was good humoredly non-committal. Explanation a few days later, dug out by a painstaking and conscientious reporter, with a broad and deep sense of his responsibility to his public, etc., etc., unearthed the horrid mess.

There was a monumental item of \$5 per month increase, inserted for the first time, in the salary of Bill Stamman, as Village assessor. This figure out to the hefty raise of \$60 a year. Stamman's salary as Village Clerk is fixed in the village charter at \$2,500 a year. That couldn't be raised without an amendment to the charter and that scarcely seemed worthwhile.

His salary as Village Assessor is \$1,200 per year, and this seemed an appropriate point at which to toss Bill a small bone, even if his voice is a little too muted when he reads the minutes, so down went the staggering sum of \$5 per month. This seemed also fair, to some, in view of the substantial raises granted to the men who handle the rubbish and do other heavy mental work.

But watchdog Sage had other notions. Five dollars is \$5; and besides he didn't like Bill's low reading voice anyway.

So, when the executive session got seated, the item. The other Commissioners opined that whatever digressions from complete harmony might exist between them and the Village Clerk it would be, really, rather small potatoes to deny this modicum. It was quickly decided and Bill got his well earned raise.

Stamman didn't know anything about the later unpleasantness when spoken to about it by a NEWS man the other morning.

With a wry face he said "this \$60 per year raise is fine of course, but in view of the \$180 a year I am tapped for the pension fund it's a long way from jacking up the 'take home' pay that's so popular now-a-days."

When they discover the advantages of the big gate, as they will when the next downpour occurs after installation, they will bless the slight increase in the cost to the taxpayers rather than criticize, as is the taxpayers' wont.

## Park Going Ahead with Plan To Install Backwater Gate

Manager Lane Getting Help from Engineering Firm in Ann Arbor to Handle Installation Problems.

Village Manager Everett B. Lane is losing no time in acting on the authorization given him by the Park Village Commissioners to install a back water gate or check in the big storm water sewer going down Jefferson avenue. This is the big sewer which takes the overflow from the combination sanitary and water sewer, which parallels the big conduit, and from which the village's pumping station pumps in time of high water.

It was Mr. Lane's discovery that the flow in this line was reversed by pressure from Detroit in times of high water which prompted his recommendation to the Village Commissioners that the check gate be put in.

He is in communication with the firm of Shoecraft, Drury and of Ann Arbor and hopes to have them down here next Friday to check with him and make a physical examination of the problem.

This was the firm that had a large part in the installation of the Park's present sanitary and storm sewer system many years ago, and it was their familiarity with the local problem that caused him to recommend to the Commissioners that they be brought into the present picture.

The firm is one of the most responsible in water and sewage engineering in the country.

Mr. Lane himself is a graduate municipal engineer and his skill in municipal engineering problems have saved the Park much money already where ordinarily it would have been necessary to retain outside talent.

The big gate will be installed at some point in the neighborhood of Barrington, depending for its exact location on checks with the old maps and conclusions of the coming examination.

It is going to cost the village a pretty sum, probably \$10,000 to \$15,000, but if it will do the work expected of it, it will be money well spent. Mr. Lane is confident it will go far towards relieving the village of the nuisance which has been a sore point with the owners of several hundred cellars and basements in the Park.

When they discover the advantages of the big gate, as they will when the next downpour occurs after installation, they will bless the slight increase in the cost to the taxpayers rather than criticize, as is the taxpayers' wont.

## Picks Hard Way To Make Escape

Evelyn Miller, 12, of 458 Belanger road, Grosse Pointe Farms, escaped serious injury on the night of June 27 when she ran her bicycle into a car at Mack and Manor. The bicycle was crushed.

Almaron H. Ketzler of 419 Manor, driver of the car, took Evelyn home. She said she had been trying to escape from a boy who was chasing her on his bicycle.

Mrs. Miller told Farms police that Evelyn apparently escaped with a scratched back.

Two Cars Tangle On Ridge Road

An automobile driven by Margaret Ann Hammond of 680 Rivard boulevard, crashed into the rear of another on Ridge road just east of Lewiston at 4:04 p.m. June 27.

Reed A. Shankwiler of 1867 Edison, driver of the other car, said Miss Hammond agreed to pay for the damage.

## Helen McMeekin Becomes Bride

A campus romance which continued as a navy romance when both the bride and bridegroom went off to serve their country, ended at the altar of Christ Episcopal Church on June 22. That is the day Helen McMeekin, daughter of Rev. and Mrs. Francis H. McMeekin of Tieton, Washington, became the bride of Allen B. Williams, III, son of Mr. and Mrs. Barton Williams of Grosse Pointe Farms.

Following the wedding ceremony, there was a reception at Gowanic Golf Club.

For her wedding, Helen chose a tailored suit of powder blue gabardine. She carried a trim bouquet of gardenias and stephanotis.

Mrs. Larry Gentile of Grosse Pointe Farms was matron of honor and seven-year-old Judy Williams, sister of the bridegroom, was flower girl.

James W. Kimmel of Stoyestown, Pa., was his cousin's best man.

Here for the wedding was the bridegroom's aunt, Mrs. A. W. Musser, who also makes her home in Stoyestown.

In the fall, Mr. and Mrs. Williams will resume their studies at Ohio State University.

## A Trio of the Pointe's June Brides

The traditional bridal month of June was duly observed in Grosse Pointe this summer with scores of girls choosing the "lucky month" for their weddings. These three brides are, left to right, MRS. RALPH G. GUY (the former Lenora Sassmanhausen); MRS. WILLIAM RICHARD LUDWIG (Dorothy Ellen Castricum); and MRS. ANDREW JAMES MILLER (Jane Hazel Stocking). The Sassmanhausen-Guy wedding took place June 22 in Mt. Zion Lutheran Church. The Castricum-Ludwig ceremony was held in Christ Church Chapel, Grosse Pointe, last Saturday. The Stocking-Miller wedding took place also last Saturday in Grosse Pointe Memorial Church.

## Derricks Attending Wedding in Omaha

Robert O., Jr. Will Marry Marjorie Baker in Saturday Ceremony; Couple Due in Pointe after Honeymoon

Leaving this Thursday for Omaha are members of the Robert O. Derrick family who will attend the wedding of son, Robert O. Derrick Jr., and Marjorie Baker, daughter of Mrs. Frank W. Baker of Omaha and the late Mr. Baker.

Their wedding will take place on Saturday afternoon and following a wedding trip, Bob will bring his bride to the Pointe to visit his parents at their home in Ridge road.

In late September they will go to New Haven, where Bob will begin his sophomore year at Yale.

Mrs. Edward Askin Skae, Bob's sister, who is Summering at Harbor Pointe, will join Mr. Skae in Chicago today. In turn,

they will join Mr. and Mrs. Derrick senior, Elizabeth Derrick, William Book and Harry Finckstaedt, Jr., to fly to Omaha for the wedding.

Mr. Skae will act as Bob's best man while Bill and Harry are to be among the ushers in the wedding party.

The Grosse Pointe contingent will return to the Pointe on Sunday.

## Barbara Coulter In All-State Band

Professor Earl V. Moore, Director of the School of Music of the University of Michigan, announced that Barbara Coulter, daughter of Mr. and Mrs. Marshall G. Coulter, of 438 Madison, Grosse Pointe Farms, has been chosen to be a member of the two-week All State High School Band, conducted by the University of Michigan, from July 8 to July 21.

This eleventh annual high school music group will include three separate two-week sessions for band, orchestra, and chorus. The band will be directed by Dale C. Harris, the orchestra by Elizabeth Green, and the chorus by Marguerite Hood. Guest conductors will include William D. Revelli, Joseph E. Maddy and Maynard Klein.

The purpose of the All-State groups is to provide special

training and experiences in band, orchestra and choral music for youth of high-school age. The daily schedule includes sectional rehearsals, public performances, concerts, broadcasts, and elective courses in student conducting, baton twirling, theory and harmony, ensembles, and solo playing. Each student also receives private lessons from the artist members of the National Music Camp faculty. Organized recreation in swimming, tennis, and outdoor sports is directed by the Department of Physical Education and Athletics of the University of Michigan.

## From Another Pointe of View

by Jane Schiermerhorn

The atomic bomb:  
Now we suppose there are those who will say we're exceedingly flip to dare to mention the atomic bomb in a society column . . . and to them we graciously AND thoughtfully bequeath last Sunday's heat . . .

Personally we refuse to discuss the atomic bomb with anyone . . . and when local authorities push us into a wall to tell us about it, we confess that we try to look wise but in our head we are saying the alphabet backwards and not listening at all . . .

We agree wholeheartedly with Bugs Baer who says (and we hope this is read lightly enough so the remark will be credited to us) that he knows just one thing about the bomb . . . if it is here to stay, we aren't . . .

And the reason we're mentioning it now . . . is that we DO think we know of one of its results besides many bad pictures in the daily papers . . . (which the eminent sports writer of The Detroit Times, Edgar Hayes said looked like one of the Tigers sliding into third base).

### ATOMIC BOMB HITS EFFICIENT MISS

You'd have to know Misses P. to appreciate the fact that she is magnificently efficient . . . and she can always make two and two add four . . .

We work in the same office . . . and for weeks when she told us she was posting things . . . we thought this was a British way of saying she had mailed a letter . . . but learned later she was writing numbers in a book . . .

She doesn't hold too much with this society writing we do . . . but she'll graciously take our telephone calls if we happen to be out in search of new adjectives to describe the season's debs . . .

This note in front of us . . . convinces us that the atomic bomb WAS far-reaching . . . for Misses P. has gone berserk . . .

### A WEDDING STORY WE'VE NEVER WRITTEN

Her notes might very well be finished and carefully written copy BY us . . . but from her they are world-rocking . . .

She has taken down notes on a wedding . . . One of the bridesmaids, she writes, wears a shower bouquet. And the senior usher, she writes, is a cousin of the groom . . . which would be libel if WE said it . . .

It all brings back too vividly a society writer we knew before the atomic bomb was ever mentioned . . .

Who would leave us helpful notes on our typewriter to the effect that Mrs. Smith of Rivard boulevard was giving a luncheon on Monday, Tuesday, Wednesday, Thursday, Friday.

### HOW TO MAKE LOVE TO A POOL OWNER

Did-ju-no . . . That practically any Pointer who happens to own a pool on his property . . .

Will be a friend for life . . . if the social page writers won't bother to mention he has gone away for the Summer, etc., etc. It seems that there is a regular ring of folks who search the social pages for just such items and then on the first hot night grab their bathing suits . . . drive out to the home of the vacationing pool owner . . .

And inform the servants that the owner urged him to come and swim in the pool in his absence . . .

Last Summer there was an epidemic of this . . . and some of the pool owners have told us the uninvited not only used the pools all they wanted . . . but brought beer along to make the party merrier . . .

### COMPLIMENTS FOR THE TIEDEMAN

Will those three young beauties . . . the Tiedeman girls . . . Mary, Sara and Nella . . . please step up for a moment . . . ?

We'd like to pass on something ever so nice which was said about you by a group of your mother's and father's friends this week . . .

Young folks in general were being discussed . . . And one of those present said that of all the girls at the Pointe, the Tiedeman girls had the nicest, most gracious manners. You remember to tell your hostesses you've had a nice time . . . you are courteous to "hostess ups" . . . and your manners in general, unaffected and sweet, are a joy to all who know you . . .

Now you can run right back to your fun . . . but know you . . . that a nice thing to have said?

### THANKS, I NEVER TOUCH THE STUFF

Another comment on the younger generation:  
The repeal of prohibition . . . and the exit of the hip flask . . . have made all Pointers really enjoy giving deb parties this year . . .

Cocktails and highballs aren't gobbled down as they were a few years back . . .

And the stag line is as casual about them as it is about wall paper . . .

Where once it was considered by some quite chic to get looping at every dance . . . it would be found boring to the deb of today . . .

## Short and to the Pointe

Assisting MRS. CHARLES R. MURPHY when she presented her daughter, LIZI, to her friends last Thursday afternoon in their Balfour road home were senior hostesses MRS. MASON P. RUMNEY, MRS. HENRY SHELLEN, MRS. BUTLER HIGBIE, and MRS. E. R. GRANGER.

The debutante was assisted by BARBARA ALLEN, DIANE DWYER and CARY SHELLEN.

Just a few of the Pointers on hand to welcome home Karl Krueger, director of the Detroit Symphony Orchestra, last Thursday at a reception in Music Hall were MRS. JOHN WENDELL ANDERSON, MR. and MRS. BURT EDDY TAYLOR, ROBERT TANNABILL, DR. and MRS. ALFRED WHITTAKER, MR. and MRS. JOHN J. O'BRIEN, MRS. ROY D. CHAPIN, MRS. JAMES O. MURFIN, MR. and MRS. FREDERICK S. FORD, MRS. RUSSELL A. ALGER, MRS. JEROME H. REMICK, MRS. RALPH HARMAN BOOTH, MRS. JOHN S. NEWBERRY, MRS. HUGH DILLMAN, DR. and MRS. FRED T. MURPHY and OSCAR WEBBER.

MR. and MRS. HENRY REICH-HOLD of Bloomfield Hills were hosts at the reception for the conductor who has recently returned from an European concert tour. Mr. Krueger spoke informally on his travels.

MRS. FRED M. ZEDER was one of several assistants for MRS. GEORGE BALDWIN when the latter presented her daughter, HEIDI FLANNERY, to society at a garden tea last Tuesday afternoon at her home on Orchard Lake.

MRS. A. LEON CLAYTON of Pittsburgh is the guest of her

## 21st Birthday Party Honors "Billy" Ford

Brother and Sister-in-Law Are Hosts to 150 Guests at Dance on Lakeside Floor at Little Club

Honoring William "Billy" Ford on his 21st birthday, his brother and sister-in-law, Mr. and Mrs. Benson Ford were hosts at a dance for 150 guests at the Little Club on Tuesday evening.

Twenty-first birthday parties for the Edsel Ford children are a tradition at the Pointe which already has celebrated those of Mrs. Walter Buhl Ford II (Josephine Ford); Henry Ford II, and Benson Ford.

Guests were principally Billy's contemporaries and members of his family, including his mother, Mrs. Edsel Ford, Mr. and Mrs. Walter Buhl Ford, Mr. and Mrs. Henry Ford II, Mr. and Mrs. Lynn C. McNaughton (Mrs. Benson's Ford's parents); Mr. and Mrs. Ernest Kanzler, and Robert Tannahill.

Guests congratulated Billy and proceeded to the dance floor in front of the club on the lake. Les Brown's orchestra was imported from the East for the birthday dance.

In the early morning hours, guests stopped dancing for a buffet breakfast.

This Summer Billy will join his mother at their Summer home in Seal Harbor, Me. In the fall he will return to Yale for his junior year.

The youngest son of Mr. and Mrs. Edsel Ford, Billy most closely resembles his father, the late Edsel Ford. He is an ardent tennis player and during the war was a member of the United States Naval Reserve.

To compliment MR. and MRS. WENDELL ANDERSON, who recently returned to their Pointe home from Bellevue, Pa., Bermuda, MRS. JEWETT DWYER gave a dinner party on Wednesday evening. The Andersons will leave again soon following the Fourth of July for their home in Bermuda.

## Lovely Party Given By Arthur Gardners

Little Club Is Scene of Gala Event Honoring Debutante Daughter Joan; Club Transformed to Garden

The Little Club—scene of many outstanding parties given by Mr. and Mrs. Arthur Gardner of Grosse Pointe and Washington—was chosen as the setting for the debutante last Saturday evening when they presented their debutante daughter, Joan, to their friends.

The club was transformed into a formal garden for this important occasion with flowering dogwood trees, flaming roses climbing on trellises. The drawing room was done as a formal green garden.

Joan was gown in white mousseline de soie with silver stencilling used on the full ball skirt and repeated on the puffed sleeves and the off shoulder neckline. She carried her father's orchids of palest pink.

Mrs. Gardner wore hydrangea blue lace.

Tiny tables were set on the moonlit terrace of the club and in the wee small hours, 500 guests had breakfast.

The Gardners are staying with her brother and sister-in-law, Mr. and Mrs. Wendell Anderson of Vendome road while they are back in the Pointe.

For her debut and also the large dance which the Andersons are giving this Fourth of July for their children, Lindsay, Wendell, Jr., and John II, Joan has two houseguests. They are Betty Easton of Washington, D. C., and Fay Caulkins of New York.

Preceding the dance, Mr. and Mrs. Anderson entertained at a dinner party in Joan's honor. Guests included Lindsay Anderson, Diane Dwyer, Sally Whitehead, Cynthia Tompkins of New York, Julie Hudson, Janet Staley of Rye, N. Y., Betty Staley, Dorothy Bennett and Joan Lambert.

William Ford, Frederick Campbell Jr., Fred Farr, Charles Hodges, William Coakley of Cleveland, Jack and Wendell Anderson Jr., Jack Caulkins, Douglas McClure, Ben Paddock Jr., and Arthur Gardner Jr.

sister, MRS. GEORGE L. DEVOS of Pemberton road.

MRS. ROBERT BENCHLEY, JR., of New York (Mary Carleton Dickinson of Grosse Pointe) is vacationing at Siasconset with her small daughter, ELIZABETH.

Her many friends at the Pointe said goodbye last Sunday to ANN DAVIS, daughter of the Frank Davises of Burns drive, who is off to attend University of Mexico's Summer sessions. She'll return this autumn to Vassar to complete her senior year.

One of the final debutante events of the current season will be the reception to be given next Tuesday afternoon from 4 until 6 o'clock by MRS. WILFRED V. CASGRAIN and MRS. EDWARD H. MURPHY to introduce their daughters, ISABELLE CASGRAIN, and MAUREEN MURPHY at the Casgrain residence in Willow lane.

During the week JEAN MUIR PREBLE, daughter of MR. and MRS. NORMAN HOSMER PREBLE, announced August 12 as the date of her marriage to EDWARD E. STRITTER, son of MR. and MRS. KARL A. STRITTER of Nahant, Mass. Jean will be married at an afternoon ceremony in the Rivard boulevard home of her parents.

CHARLES MURPHY JR. of Pleasantville, N. Y. has arrived to spend the Fourth of July week end with his fiancée, NANCY BIGELOW, and her parents, the THOMAS PADDOCKS.

CARLISLE FROST who is visiting in Bald Peak, N. H. will join her parents, the OWEN C. FROSTS of Washington road at their Summer home in Wolfboro, N. H. in a fortnight.

MRS. HERBERT HENRY of Urbana, Illinois, is spending the week of the Fourth of July with the MARTIN PRESTON'S and MRS. WHEELER of Ridgemont road.

MR. AND MRS. WILLIAM A. TARPEY of Buckingham road are scheduled to sail July 7 on the S. S. South American. Enroute they will visit Houghton, Isle Royale, and Duluth.

Attractive visitors at the Pointe are Mrs. Barry Osmasten of New York City and her sub deb daughter, Joanna, who are the guests of Mr. and Mrs. C. Henry Buhl of Ellair place.

Joanna and Lydia Buhl were former classmates when they went to school in Palm Beach, Fla.

Mrs. Osmasten and her daughter will leave this week-end to return to the East.

## Three Generations

Picture by Fred Rannels

A three generation picture that makes social news this summer includes the Pointe's gracious MRS. ARTHUR H. BUHL, her daughter, MRS. J. STEWART HUDSON, and granddaughter, DEBUTANTE JULIE HUDSON. Julie, a summer deb, will be feted during the Christmas holidays at a ball to be given by her grandmother. This picture was taken last week when Julie made her formal bow to society.

## June Bride

Kathryn Reed repeated her nuptial vows to William Moore Saturday, June 29 at 11 o'clock in St. Paul's Church in Grosse Pointe Farms.

Kathryn, who is the daughter of Mr. and Mrs. John P. Reed of Kerby road asked Jean Poole to be her maid of honor, Betty Jirasek and Elizabeth Heffron, bridesmaids, and her sister, Ann to be junior bridesmaid.

The bride wore a dress of white net skirt with a fitted lace bodice forming a scalloped peplum over the skirt. A finger tip veil fell from a matching scalloped lace Juliet cap, and she carried a cascade bouquet of gardenias, roses, and stephanotis.

The maid of honor and bridesmaids were in lime green faille with matching hats. Their bouquets were shades of lavender and purple summer flowers.

The best man was Robert Moore, brother of the groom with J. Thomas Reed, William Reed, brothers of the bride, Joseph Tilton and William Richter ushering.

For her daughter's wedding Mrs. Reed chose a floor length dress of light blue nylon taffeta, with a rose flowered hat, matching gloves, and a corsage of rose buds.

Mrs. William Moore, Sr. wore a floor length melon dress with matching hat trimmed with green veiling, and blending accessories, and corsage.

Following the ceremony a breakfast was given at the Whittier Hotel and a reception in the

evening at the Alger Club in Grosse Pointe, after which the bridal couple left on a wedding trip through northern Michigan.

Out-of-town guests here for the wedding included the bridegroom's mother, Mrs. William Moore of Philadelphia; Mr. and Mrs. Roy G. Flagler of Oak Park, Illinois; Mr. and Mrs. Harold Flagler of River Forest, Illinois; Mr. and Mrs. A. V. Criss of Parkersburg, West Virginia; Robert Friedhof of Sharpsburg, Pennsylvania; and Edsel Schultz of Sandusky, Michigan.

The engagement of two popular young Pointers was told at the dinner party which Mr. and Mrs. Fred A. Rohn of Balfour road gave at their Summer home on the Canadian shore last week.

They announced the engagement of their daughter, Jacqueline, to Frank Hubbard Parcells, son of Mr. and Mrs. Charles A. Parcells of Rivard boulevard.

The engagement of two popular young Pointers was told at the dinner party which Mr. and Mrs. Fred A. Rohn of Balfour road gave at their Summer home on the Canadian shore last week.

A distinguished visitor in town, the French portrait painter, Charles L. Sasportas, was guest of honor at an evening reception given last week by Mr. and Mrs. Carl Smith in their Grosse Pointe boulevard residence.

## Portrait Painter Guest in Pointe

Among the prominent persons who have been painted by Sasportas are E. T. Stotesbury of Philadelphia, Lady Peel (Beatrice Lillie), Supreme Court Justice Owen J. Roberts, Gov. James H. Price of Virginia, Thomas B. and Rodman Wannamaker and members of the DuPont family.

## McMillan-Manierre Wedding Saturday

Grosse Pointe Memorial Church to Be Scene of Ceremony; Young Couple Skip Usual Round of Parties

This Saturday afternoon at 4 o'clock, Anne, youngest daughter of Mr. and Mrs. James Thayer McMillan, will be married to William Manierre, son of Mrs. E. Harrison Manierre of Lake Forest, Ill., and Cyrus Edson Manierre of New York City.

The wedding will take place in Grosse Pointe Memorial Church with Rev. Frank Pitt officiating.

Referring to keep the wedding week free of dinners and luncheons, Anne and her fiancé will attend only one party—the rehearsal dinner which will be given Friday evening at the Little Club by her parents.

Present will be members of the wedding party and the bride-elect's uncles and aunts, Mr. and Mrs. Allen F. Edwards and Mr. and Mrs. Harold Fletcher Wardwell.

Mrs. Edward B. Caulkins, Jr., is to be her sister's matron of honor. The bridesmaids include Mary Elizabeth Hodges, Peggy Fenley, Mrs. George Webster and Esther Palmer.

Cyrus E. Manierre, Jr., will be his brother's best man and besides seven out of town groomsmen, Anne's brother, William McMillan, is also to be an usher.

Mrs. Manierre, mother of the bridegroom-elect, is to arrive Friday from her Lake Forest home and will be at the McMillands' for the week-end.

Following the church service, Mr. and Mrs. McMillan have invited the wedding guests to a reception in their home on Essex boulevard.

Yacht Club Plans For Busy Fourth

Festivities on the Fourth of July at the Grosse Pointe Yacht Club have been planned for all with the Holiday Breakfast in the main dining room from 9 until 11:30 as the first event.

The breakfast guests will be able to view the annual Grosse Pointe Yacht Club Regatta with the starting gun scheduled for 10:30.

The children come in for their share of fun in the afternoon with a circus. There will be a magician to amaze them; dogs, clowns, monkeys and ponies to entertain them.

Dinner music from 5 to 9 with dancing under the stars from 9 until closing time completes the day's activities.

Just a few of those planning to attend are Mr. and Mrs. Frederick Allison, Jr. with Freddy, Judy, and Bobby; Mr. and Mrs. Richard Martin with Jerry and John; Mr. and Mrs. Eugene T. O'Keefe with Dennis and Judy; the Elmer Benkins with Joanne and Carolyn; and the John Muelers with Janet and Judy.

### PERSONAL APPEARANCES

MARGARET GOODENOUGH never looked snappier than she did when wearing that beautifully draped print with the geometric design in electric blue, shrimp, black and white. Her "off the face" white straw with the band of white flowers framed her face becomingly.

FRANNIE SHELLEN (Mrs. Alger) can always be depended upon to be smartly and individually costumed. She proved this again in a beige crepe afternoon dress, well cut and tailored. This was adorned with a gold sunburst pin and a narrow gold necklace intertwined with a single strand of pearls; these were in perfect accord with her delicate features. A stunning white hat with a black egret feather perched on one side completed the costume.

SUE STROH was outstanding at a recent reception in a striking black crepe, which caught the eye because of its simplicity and good lines. With this she wore a darling black bonnet with a wreath of beautifully made pink roses encircling the crown, and I might add, that it certainly didn't hurt her good looks any!

### PILFERINGS

Have you heard the story Elhel Barrymore tells about the raccoon coat she once bought as a Christmas gift for her son, Sam Colt? He wore it for the first time at a New Year's party at Tallulah Bankhead's. The next day he couldn't find his raccoon coat although he searched every place for it. Nor could Miss Barrymore be made to understand how it is possible to lose anything as large as a raccoon coat. . . . Colt didn't recover it until the following New Year's Eve, when he went to another party again at Tallulah Bankhead's. Before he left Colt opened the door of the guest closet, and there, still on a hanger, was his raccoon coat!

When General Mark Clark was asked about his position in Austria, as compared to the administration of the Russian zone, he replied, "Here are the Russians with 150,000 troops. And here am I," sighed General Clark, "with my cocker spaniel!"

Just before she bought her flight ticket to Paris, the 79-year-old Lady Mendi confided that she has been receiving hormone treatments. The doctor who has been administering the hormones assured her: "You're young enough now to become a mother." . . . "Thanks, doctor," replied Lady Mendi, "but I never cared to."

### PLEASANT RUMORS

The prevailing weather led me to one of the most beautiful and unusual pool houses, and I hope by sharing it with you to convey a sense of its coolness and refreshing smartness. The C. Henry Buhl pool and pool house are situated at the foot of a spacious lawn, the lake at one side with a view of their lovely house at the other.

The pool house has a screened porch on the pool side, having a blue tiled floor. The furniture consisting of chairs, sofas and tables are of wood painted a dark blue and modern design. One square table has a glass top and beneath is an ivy plant set in the base. Two end tables hold identical lamps with blue glass bases and white shades. In the corners are large hurricane lamps standing about three feet high with huge candles within. There are occasional chairs of wrought iron painted white with blue leather seats. The sofas and other chairs contain soft squishy cushions covered with blue or white woolly fabric. The windows and doors leading to the poolhouse are framed by white wooden shutters.

When one enters the main room the attention is instantly drawn to the walls which are covered with a stunning Chinese hand painted paper. The background is an interesting shade of midnight blue with an allover pattern of bamboo trees, flowers and birds in shades of lighter blues shading to pearly grey. At one end of the room is a bar with mirrored walls; glass shelves hold glasses of all sizes and shapes with "jackets" in red or blue. The bar has narrow panels of mirror and the top is wood painted a dark blue. Four chairs of chrome with seats of blue leather are placed before this. Cartier made an unusual clock for the bar, using a clear glass whiskey bottle having a lucite clock within; the works being visible from one side, and the numerals painted on the face, in white.

The Chinese influence is seen in the design of the wooden furniture; two long side tables painted a dull white are against one wall holding identical lamps with dark blue glass bases and white shades. One table holds two interesting pieces of coral, one of white and the other a lovely red color. The other table has two porcelain figures of sailors; one in blue and the other in white.

The room has a recess in the center of which is a fireplace. Above this is a large rectangular piece of blue glass attached to the wall. Two small sofas on either side are covered with slip covers of heavy white material, piped in red. A standing drum is painted in blue and white and becomes a table holding ash trays and a cigarette box of blue and white porcelain.

At the end of the room opposite the bar is a large sofa and before this is a coffee table, having a roulette wheel imbedded in the center. In one corner stands a piano painted the same dark blue color used throughout the room. A table containing a radio is at one side of an upholstered chair, the table painted white and the chair covered in a blue fabric.

A square glass topped table of wrought iron painted white is at one side with four chairs having blue seats.

The wooden dining table in the center of this large room is painted the same dull white color with eight chairs having blue cloth seats. In the center is a large crystal fish filled with white flowers. At either side are two smaller fish, of Steuben glass formed like sun fish.

The ceiling is painted the same dull white color and over the center table the indirect lighting is hidden from view by a wide panel of mirror having a broad border of blue glass. In each corner of the room is a panel of frosted glass banded with chrome concealing the lights.

On one side is the men's dressing room, the decor being in blue and white and on the other are the ladies' quarters; red and white being employed in their decoration.

With the use of red, white and blue in the poolhouse there is no "Fourth of July" feeling, due to the Chinese motif and the exquisite taste used in its decoration. The Buhls have entertained so delightfully in this "Blue Room" that everyone agrees that it is a wonderful spot to chase away the blues!

## Pointers of Interest

Mrs. Ben R. Marsh of Rivard Boulevard

Mrs. Ben R. Marsh always had a desire to make "things" of silver, but she thought that the producing of household articles would be her favorite pastime until she learned to make jewelry, then found that this gave her the most satisfaction. She has been working in silver for about six years. The first piece of jewelry she produced was a circle pin with a design of a daisy and leaves. From this she branched out into bracelets of woven chain, or bangle bracelets, and broad bands with applied designs and, needless to say, identification bracelets.

She has made all sorts of pins, cuff links, necklaces and lockets. The household has been enriched by the addition of well designed cigarette boxes, sandwich plates, bowls, serving spoons and forks. At present she is working on a pair of composites and it is the height of her ambition to make a candelabra. After viewing her work I feel safe in stating that this ambition will be realized and have a beautiful fulfillment.

The silver Mrs. Marsh uses comes from the largest mill in the world, this is located in Connecticut. It is "new mined" silver; resmelted silver often has flaws so she prefers not to use it. Her products are entirely hand made, as she starts with sheets of silver and wire of different gauges. Some so-called "hand made silver" is made with dies or castings, hence not really hand made.

Mrs. Marsh also does all of her own designing. These are made on transfer paper first, then transferred to a sheet of silver; cut out with a jeweler's saw and shaped on a lead block with response tools. The lines are put in with lining tools. Mrs. Marsh says she works as she does with her sewing; trying to make the silver do as she wishes, working by the trial and error method and sometimes by knowledge. The assembling is done with hard silver solder, the excess being removed with jeweler's files. Buffing with tripoli removes scratches and construction marks. The silver is

then oxidized and the last polish is given by a stick composed of rouge and pumice. This seems a strange use for Milady's artificial pink cheeks! Mrs. Marsh has a quarter horsepower buffing machine and she says that is where the dirty work begins!

Mrs. Marsh's daughter attended Stephens College several years ago, and Mrs. Marsh was asked to address the art class there on jewelry making. She creates many pieces with stone settings, but says that it is very difficult to find unset stones and is constantly looking for them. The last one she was able to procure, she found in a jewelry shop, where they had been in the safe for 25 years.

Every Tuesday she goes to the Marine Hospital under the Arts and Skills program of the American Red Cross to instruct those hospitalized. She says that they are very interested in making rings and bracelets and in learning how to set stones. Mrs. Marsh says it's fun to make a bracelet and then take a part of the design and work out earrings and a necklace to match. Her children heartily endorse her interest in silver as Mother works the silver, and they work Mother, for many of their Christmas gifts so its a sort of "three in one" hobby. The recipient, the donor and the producer are all made happy through the same product.

Next week:  
Mr. Harold DuCharme

## Pointe Counter Points

by OLIVE H. LARNED

"DON GRAY'S SUBWAY SHADE SHOP" — isn't that an intriguing name? It's cool and inviting you must admit, and you'll find the entire basement floor of the building at 15001 East Jefferson, corner of Wayburn, filled with Venetian blinds, window shades and the largest and most varied stock of linoleum in Detroit. MR. GRAY has been in the decorating business and has had vast experience with shade and linoleum problems; so don't bother to ask Mrs. Anthony, just call Lenox 9661, or better yet, go to see what he has to offer. You'll find just what you're looking for, that I promise.

There's a new bathroom story at the GROSSE POINTE HARDWARE shop on Jefferson, and such a clean and pretty one. Mastercraft Plastics have created towel racks, hooks, soap dishes, tumbler holders, toothbrush holders, and you know what holders. If you don't know, all I can say is, that it ain't the Sears and Roebuck catalogue! If your bathroom lacks space to accommodate all the towel racks that you wish, there is a towel bar which can be fitted to the side of the wash basin. All of these fixtures are made of lucite looking plastic, so easily cleaned and so clean looking. If you prefer chrome, the same gadgets can be had, to shine in your bathroom. The GROSSE POINTE HARDWARE also has a "Handy Hose Holder," but this is for the lawn or garden. It will hold the hose rigidly in any desired position for only 49 cents. Think how happy Father will be to sit and watch the watering being done by remote control!

"PARTIES BY VAL" is the answer to any question in connection with any kind of party. This ingenious company has just branched out from New York and is located in the United Artists Building, 1200, and may be called at Randolph 3208. They are prepared to take care of all arrangements such as invitations, food, flowers, photography, music, entertainment, anything that you can think of, or they will handle any one of these separately. They will even act as a dress consultant for men or women! If you're often a bride's maid, but never a bride, it wouldn't surprise me if "PARTIES BY VAL" wouldn't find the right party for you!

Would you be interested in a cocktail shaker that won't leak or drip? The KAY PARCHER GIFT SHOP on Fisher has one of spun aluminum, well designed. And the top, which is made of bakelite and lined with cork, comes off easily, which is a joy in itself, but neither will it pop off when you are shaking like mad! It's very smart looking and acting for \$10.00. Other bar accessories include silver plated heavy, heavy corkscrews for only \$3.60, and bottle openers for \$3 including Federal tax. I saw a beautifully designed silver strainer for \$3, including tax. It looked like an old English piece. You couldn't find a better offering, strained relations or no!

Some people have an aversion to air conditioning, as may be read elsewhere on this page and if you are one such, I know just the place for you. HAWTHORNE HOUSE has huge fans which keep it delightfully cool and make it one of the more pleasant places in which to see all your friends. On the very hot nights they are serving cold roast beef and turkey and have carefully thought out menus to appeal to the most jaded of appetites. They are still baking their delicious cakes with genuine 100% flour as they had a large supply on hand. People are taking advantage of their catering service and HAWTHORNE HOUSE receives many compliments on their hors d'oeuvres and tea sandwiches, cookies and pastries. I needn't tell you how delicious the lunches and dinners are, unless you have never been there. In that case, tastin' is believin'!

The thought of food takes me into the kitchen, which reminds me that I saw the most beautiful sink at the GROSSE POINTE HOME APPLIANCE SHOP on Jefferson in the Oldsmobile Bldg. Made of stainless steel so that it will always shine and look like new; it cannot rust, tarnish, nor become disfigured. From the decorating point of view it will blend with any color scheme. It comes in three sizes, 34" - 60" - 72". You may have single or double sinks, and the storage space which is spacious includes drawers and shelves which have been enameled white. The booklet put out by the Tracy Co., which makes this superlative sink, states that "the smartest housewives in America own Tracy sinks." The GROSSE POINTE HOME APPLIANCE SHOP says that there must be smart housewives in Grosse Pointe as there's many a home being beautified by a Tracy sink. Well, all I can say is—let's not be dumb!

SCHETTLER'S have a wonderful new rubber crib sheet, put out by Kleintert, called "Sturdy-Flex" sheeting. It comes in two sizes, 36 x 54 for \$1.75 and 27 x 36 for 85 cents. This is rubber you can't erase, but it can be boiled and is unaffected by oils, grease, etc. It may be stitched on a sewing machine so that many water proof items for use in the home may be made from it. Speaking of water proofing, and not to be indelicate, may I remind you that this is the time when non-perspirants and deodorants are a definite must. But then, is there any time that they aren't? And have you discovered the cooling effect of bath powder mists, or the generous use of dusting or talcum powders? Schettler's have a variety to offer you so that the most discriminating may be satisfied.

As I write this, it would seem that the O.P.A. restrictions would be lifted and Henri looks like a new man. He feels that this will mean the end of the black market in food stuffs and that the foods which have been kept off the market will now be released. He thinks that we ought to be able to have the meat counters filled again. Do you remember those happy days? And of course Henri's meat counters were always pretty special, as he is noted for his quality of meats. Of course, tomorrow may be another story, I do not wish to get your hopes up, but if this doesn't come true, don't tell Henri I told you, and if it does come true, do tell Henri I told you!

## Questions and Answers Forum

By Mrs. Anthony

Welcome to our friendly corner of personal queries. Address all letters to Mrs. Anthony, Grosse Pointe News, 99 Kercheval Avenue, Grosse Pointe Farms 30, Mich. For personal answers include a self-addressed, stamped envelope.

Dear Mrs. Anthony:

When in High School I went around with a boy named Roy. After graduating he joined the Air Corps. He trained in this country for over two years then went overseas for a little over a year. While he was in training in this country, he wrote me regularly, telling me that he loved me and asking me to wait for him. He asked me to visit the camp where he was stationed, but my family would not allow me to do this. I wrote friendly letters to him, but thought it foolish to become really engaged during the war.

When he was home on a thirty-day furlough he spent only three days out of that time with me because his mother expected him to be with the family and their friends. When he went back to his field I wrote him of my hurt and disappointment and bawled him out for being run by his mother. He answered in a nice letter, telling me that he understood my feelings and that he was very sorry but that he could not have done differently, because of his family, but that he loved me more than ever and guessed that I loved him more than I was aware of. I guess that he was right as I am now convinced that I do love him and so I feel worse than ever as he has returned, been home for two months and has never called me nor tried to see me. Should I call him, or write him, or have a friend tell him how I feel? Or do you think I should leave him alone and hope that he will come back to me?

M. L. W.

I am sorry but it seems pretty obvious that the young man is not interested in you at present. When he was in the service, away from home, people and things looked differently. Mail was eagerly anticipated and mailed for the link with the civilian world and home. The men discovered that a love letter was far more likely to extract a quick and lively response from a girl than a newsworthy friendly letter. So the boys wrote love letters as means to an end, without any serious thought as to the effect upon the recipient. I understand from having talked with officers responsible for censoring outgoing G.I. mail that some men were writing ardent love letters to anywhere from five to ten girls at the same time.

On the other hand it is possible that your young man was sincere in telling you that he loved you the time that he did but his feelings have since changed. The return to civilian life requires a great adjustment and he may think that marriage is a present impossibility so that it is better not to continue your affair.

I strongly advise against your being the aggressor. If he is interested in seeing you he will arrange it. Men do not like being run after and do not respect a girl for doing so. Take an interest in other men. Make it your business to meet new men and go out with them. Don't moon over this old affair as I am afraid that it is ended. Remember that there are other fish in the sea as the old adage says and it's up to you to use the right bait!

Dear Mrs. Anthony:

I have always longed to write and I have completed some stories but I do not know how to go about having them published, granting that they are worth publishing. Would you please advise me as to the best procedure? Thank you in advance for any help in this matter.

MISS J. M.

I have been told by several successful writers that the best procedure is to send your stories to reputable magazines first. If they are accepted and printed then it is advisable to procure the services of an agent for future work. But you are in a better position to come to terms with an agent and will receive more consideration if you have had something published before consulting an agent. Should you wish the names and addresses of some agents please send me a self-addressed and stamped envelope and I will be glad to give them to you.

## Local Graduate Appointed Football, Basketball Head

Was Under Contract to Yankees Before Entering Navy for Four Years' Service Including Much Combat

Reorganization of the physical education and interscholastic athletics department of the Grosse Pointe secondary schools was completed last week by the appointment of Edward Wernet as head coach of football and basketball. Wernet will teach boys' physical education classes in the Grosse Pointe High school in addition to his coaching assignments.

Mr. Wernet is an honor graduate of the Grosse Pointe High School and of the Western Michigan College of Education. While a student in the local high school, Wernet earned letters in football, basketball, baseball and track. He was named honor man of his high school graduating class on the basis of his outstanding scholastic, athletic, and citizenship record. Wernet earned letters in football, basketball, and baseball in college. He was captain of the Western Michigan College football team in his senior year. He was awarded the Athletic Scholarship Medal of Western Michigan College in 1937 because of his athletic record and high scholarship.

Mr. Wernet completed nearly four years of service in the United States Navy, seeing combat service in the Mediterranean, Caribbean, and Pacific before his discharge as a Lieutenant (J.G.) in December, 1945. Wernet's military record also includes 20 months service as Chief Specialist in Athletics at the Newport, Rhode Island, Naval Training Station. His duties in this position included basketball and baseball coaching.

Wernet has had five and a half years experience as a teacher and athletic coach in Vassar and Owosso, Michigan. He also played professional baseball during the summer months after graduation from college. He was under contract with the New York Yankees at the time of his enlistment in the Navy in 1942.

Wernet's appointment as head coach of football and basketball has the enthusiastic endorsement of Frank Banach, who was recently named head of the interscholastic athletics department of Grosse Pointe High School. Howard Poe, new head of secondary school physical education, also strongly recommended the appointment.

Wernet's appointment was reported to the Board of Education at a meeting on June 27 by Dr. Paul L. Essert. Members of the Board expressed great pleasure in the naming of a graduate of the local high school with such an outstanding athletic, scholastic and military record.

## 136 Entries In Regatta At Boat Club

52nd Annual Event Draws Huge Fleet to Battle in Light Air on River

By FRED RUNNELLS

A light wind which swung from the southeast to east and then finally settled down to a beautiful sailing breeze around in the south by mid afternoon of the 52nd Annual Detroit Boat Club regatta last Saturday sent a large fleet of 136 boats "ghosting" around the two triangular courses.

The large boats sailing the long course, 18 miles, found fair winds along the first leg of the race but the smaller boats traversing the nine mile course had a tough time of it on the run up against the current to the first marker.

As the long-course boats reached the first mark the breeze swung around to the east and the second mark was made on a close haul where again the wind shifted around to the south and the boys had an easy time crossing the finish line without too much hard work.

As usual Blitzen, the Mackinac Queen, was first to finish, for the fourth time this year, but was forced to come down to fourth place on corrected time behind Charley Buysse's Last Straw, the winner of last week's Mills Trophy race at Toledo, Vitesse and Spookie in the cruising Class A handicap class.

Fred Temple's eight meter Thisbe sneaked away from the rest of the fleet to win by 5 minutes and thirteen seconds over Shamrock, Armida, Venture and Pin-tail, which followed in that order.

The six meters sailing the short course, were topped by Jack Duncan's Noreg with a long five minute lead over Charley Beck's Djinn.

The regular winner in all regattas in the DYRA in the 22 square meters, Al Grundy's Joel VII, worked out a comfortable lead to win pretty much as she pleased.

Ray St. John, sailing Starling, a 30 square meter, did the same in his class.

Enio Nurne's Pin received a basketful of breaks in the Star class competition and won over Dick Miller's Fleet Star by less than a minute. The break came on the second leg where the entire fleet became becalmed, broiled in the burning sun while the light breeze made up its mind from which direction to blow.

Nurne was in the most favorable spot when the breeze came up from the east and gave him the lead he needed to win. At that time Fleet Star, Al Allardyce's Thistle and the writer's boat Li'l Stinker, sailed by her former owner Meryl Amo, sat back and waited for their break. Miller was the first to move and then Allardyce but the Li'l Stinker liked the spot she occupied in Lake St. Clair and drifted while Bill Gmeiner's Prest worked her up and out in front, leaped he held up to within 100 yards of the finish. Li'l Stinker came through with flying colors to nip Gmeiner by fifteen feet to hand the "pickle boat" position to the last.

The big fleet of Lewist 110's, ten boats in all, had similar trouble traversing the short course and again Bob Jenks proved he is a good light weather sailor by coming in first for the second straight time over Bob Greig, Dave Sutter, Fred Pessel, Stu Graham, Mal Southerland, Jim Crowe, Jack Hock, Don Hanna and Pete Van Osdel. This victory marked Jenks' fifth victory in his last five starts which has given him a commanding lead over the rest of the fleet on points.

Those snappy little Snipes, one of the hottest racing classes on the lakes, were again shown the way home by that winning combination of Sandy Free, skipper, and Bruce Davenport, who have been showing the older and more experienced Snipers how to sail these tricky little boats. Incidentally Bruce comes by his sailing naturally because he has been practically raised on boats. His dad, Dave Davenport, is the DYRA Commodore and one of the most popular sailors on the Great Lakes.

In the evening the Boat Club invited all competing sailors to the Club for outdoor dancing and the presentations of the swell silver trophies for the first three place boats in each class. This type of trophy was accepted with gusto and marked the first time this year that a club has given trophies that are useful as well as ornamental. Most clubs give bunting flags for place boats and we hope the Boat Club has set a precedent for future regattas.

Entries have been received from New York, Newark and Chicago, and Commodore Robert Lemt of the Detroit Model Powerboat Association expects to have 60 entries in this first renewal of the International since the war.

DETROIT RACING FANS are clamoring for a match race between Diamond Dix and Sir Sprite, the two speedsters who each won a division of the \$10,000 Turf Handicap at the Detroit Track last Saturday.

## 36 Hole Medal Tournament Arranged for Youngsters

The Detroit District Golf Association is again co-operating with the Women's District Golf Association in sponsoring a 36-hole Medal Tournament for boys and girls between the ages of 12-18. The event will be held at Red Run Golf Club, Monday and Tuesday mornings, July 8 and 9. Entry fee will be \$1.00. Junior District activities suffered as a result of the war, as did all other tournaments, and if we can judge from the interest in golf affairs here in the district, and in other parts of the country that have been re-instated this year, it is indicated that the turnout for this event should also be a record-breaker, and we can expect to see the future champions of this district under real pressure on a real golf course which will be a true test of their abilities.

Many of the Junior stars of previous years can be easily recalled to mind. Some of them were: Hope Seignous; Margaret Russell; Marjorie Row; Mrs. W. H. Bretzloff, Jr.; Walter Burkeno, Mike Dietz; Drew Eggleston; Chuck Eggleston; Bob Fyfe; Dick Whiting; Bill Barclay; Jack Emery; Lloyd Martz; Sam Koc-

They are only a few of the better-known players, and there are many more who have done themselves proud since graduation from the Junior ranks.

As in other years, it is imperative that Juniors establish their handicap at their respective Club, at least three scores must have been turned in to their Club Handicap Committee and forwarded to Mr. Robert E. Howell, Chairman, 1024 W. 7 Mile Road, Detroit 3, Michigan.

Mr. Howell also requests that the chairmen of the men's and women's tournament committees send to him a list of all their juniors between the ages of 12-18, together with their handicaps, so that his committee can properly group them in respective flights.

The Gragg and Scherer team kept its record spotless in the Grosse Pointe Hardball League on Sunday, June 30, by whipping St. Clair Shores, 16-9. Roberts Cronin hit home runs and Cronin got four hits in five times at bat. He batted in five runs. This gives the team a record of seven wins without a loss.

Miller Anderson, named in the two diving events, and Jack Hill, best in the 220 and 440-yard free style races, topped the Ohio State choices. Other selections: Robert Anderson, Stanford, 50-yard free style; Hal Hirose, Ohio State, 100-yard free style; Dave Mclay, Williams, 1,500 meter; Robert Cowell, Navy, 150-yard backstroke; Charles Keating, Cincinnati, 200-yard breast stroke; and Ohio State's medley and free style relay teams.

Michigan placed second in the two relays and Matt Mann III was second in the 1,500 meters. Michigan State's best rating was third by Abel Gilbert in the 220. Bill Frew of Wayne received fifth place in the 50-yard free style.

## Pointer Wins District Golf Laurels Again

Fred Kammer Takes Championship for Second Year in Row; Set for Nationals

For the second straight year Fred Kammer, of Washington Road, Grosse Pointe, Country Club amateur, won the Detroit District amateur golf championship, by defeating Chuck Menefee, 7 and 6. He was presented with the huge trophy at the end of the tournament by W. B. Crawford, tournament official.

Kammer's next tournament will be the sectional qualifying trials for the National Amateur in August. He plans to pass up intervening tournaments because of his work.

Al Watrous, Oakland Hills professional, offered this opinion of Fred's chances in the Amateur: "Fred's chances are as good as those of any amateur in the country. There is a possibility that he will be the 'dark horse' of the tournament. He has a better chance than any amateur in the district because of his knowledge of the course."

The sectional trials will be held at the Country Club of Detroit on August 27 and if playing on his own home course has any advantages Kammer is a cinch to go to Short Hills, New Jersey, in September, where the finals will be played. Again Kammer will be playing on a home course because he played Baltusrol Golf Club course regularly for 20 years, from 1920 to 1940, before coming to Detroit.

"I saw the last National Amateur there in 1928, when I was 14 years old," Kammer recalled. "George Von Elm defeated Bobby Jones for the title. I tried to enter, but the official said I was too young. I was shooting the Baltusrol course in 75 at the time. I have since done it in 68."

## Pontiac's Lightning Fleet Skippers Trim Detroiters

Tricky Winds and Sand Bars of Cass Lake Add to Fun As 26 Boats Jam Course in Inter-City Series

By FRED RUNNELLS

Detroit Lightning skippers traveled to Pontiac last Sunday in what was hoped to be a victorious adventure for Detroit in the second series of their third annual Detroit-Pontiac home and home sailing competition. Things didn't exactly go according to plans for Detroit, which was loaded with GOOD skippers who didn't know the trick winds of Cass Lake where the Pontiac Yacht Club is located.

Before the start of the first race of the two race series, the Pontiac skippers pulled a psychological trick on Detroit by telling them about all the shallow spots in the lake and where to watch for them. This stunt paid off well for Pontiac because Detroit skippers not only had to watch for these shallow spots but had to try to make their little ships keep up with the home town sailors who knew the good spots in the lake.

Twenty-six boats hit the starting line in a bunch, 13 from each organization, a wing and wing run for about a mile. It was a sight to see the fleet battling for advantageous positions to round the first mark and as a result all the boats converged at this spot at approximately the same time. Then the fun began. "Sea room" was the excited call heard most frequently and the scraping of top sides as the boats crunched their way around the mark for the beat to windward. On this leg of the race the boats started stringing out in single file, splitting tacks and trying all the tricks in the game.

At the second mark there wasn't as much of a scramble and Detroit held the first three positions, with Pontiac holding the next six places leading the large fleet.

Although Detroit won the first three positions Pontiac had a superior number of boats ahead of the rest of the Detroit fleet to garner a total of 143 points for the first race as compared to Detroit's 133. This, incidentally, was the closest Detroit had come to beating Pontiac in the series started three years ago.

The tail-enders in the first race just barely beat in a squall which would have caused considerable trouble if it had hit a half hour earlier. All skippers and crews headed for the clubhouse in a downpour of rain that threatened to cancel the second race, but after an hour's wait the storm broke and the boys were back on their boats preparing for the starting gun.

The outlook didn't look any too bright for the second race as a flat calm moved in after the storm and it appeared that the fleet would "ghost" around the long course.

Again the start was a wing and wing run, but the breeze just wasn't there to give the boats a push and the starting

line looked like a rush hour in a New York subway station.

The breeze freshened slightly and the fleet moved towards the first mark in a bunch and again the crowding prevailed as in the first race.

Team racing was prevalent, which caused many a skipper to get a little hot under the collar. One little blond youngster really got hot when yours truly forced him to sail away past the mark while two Detroit boats moved up two places in the race. The kid was heard to say, "I always like people and I always sail a clean race, but now I ain't going to like no one no more." The kid squeezed this writer out but a couple of feet at the finish and that made him happy, but he didn't realize he had lost two places to two other Detroit boats.

Pontiac dominated the second race by taking first and second for top honors to give their fleet a commanding lead, 122 points to 88 for Detroit, for a grand total of 265 points as against 221 for Detroit, to retain the home made trophy which consists of the bottom of a household oil can with the spout cut off and a metal funnel inserted. On each side of the funnel are soldered a couple of cleats and on the front a piece of tin cut in the shape of a streak of lightning. The entire trophy is painted bronze and mounted on a wood base.

From the fleet the skippers in both fleets battle for the trophy one would think it was made of solid gold trimmed with emeralds and diamonds. But that's the way sailors are. They don't care what the trophy looks like. It is just the honor of winning it and having their name inscribed on it.

Series such as this one have done more to increase the interest in yachting than all the commercial publicity ever written about a particular class of sail boat.

## With the Boys

**JAMES R. MARSHALL, Jr.**, of 607 Lincoln road, has been given his honorable discharge from the Navy at the Personnel Separation Center, Naval Base, Bremerton, Washington. His rank was HA 2/c.

Young Marshall enlisted in the Navy two years ago this month as a hospital corpsman. He spent three months at Great Lakes, then was sent to California to Corps School. After passing his V-12 examinations, he was sent to Willamette University in Salem, Oregon, later transferring to the University of Washington in Seattle.

Marshall has taken so many pre-medical subjects that when he enters the University of Michigan this fall, he hopes to be in his last pre-med year. He will go to Harvard University for his medical degree.

## Takes Devious Hospital Route

The Park police sent out a signal for the apprehension of a youth last Thursday, who had been missing from his home for two hours, after he was supposed to go to a hospital for an operation.

The telephone said he was 16 years old, 6 feet tall and weighed 118 pounds, wore a grey checked suit, had a greyish green gabardine rain coat and no hat. He had with him an extra pair of shoes when he left but no other extra clothing.

## Auto Burglars Do Through Job

Paul Wernet, of 1328 Lakepointe notified the Park police Saturday that while his car was parked on Beaconsfield just south of Mack the evening before, car thieves had done a thorough job on it, gaining access by forcing the ventilator window with a jimmy of some sort.

Among other items they took, they did not overlook the slip covers from both the front and rear seats.

## Conference Held By Police Chiefs

Chief of Police Tom Trombly of Grosse Pointe City attended the Michigan Police Chiefs' conference this past week in Tropic, Michigan. He is a member of the important Communications Committee for the year 1945-46.

The chief reports that probably the most important action taken by the conference with respect to expressing the attitude of the police heads of the state towards law enforcement, was its strong support of a resolution, which it adopted, favoring the one-man grand jury system, but not condoning the individual action of certain members.

## Accidents Jump In Hot Weather

In hot weather, you're only as safe as your tires and this year that isn't safe enough.

This was the warning of the Pointe Police Departments as the arrival of summer brought an upsurge in traffic accidents caused by blowouts.

Even in normal times the advent of hot weather is the signal for closer attention to tire defects and inflation. This year, police point out, there are literally millions of tires that can't take it.

As a tire rolls over the road, heat is generated inside. The faster it rolls the hotter it becomes. There being a limit to all things, sooner or later it blows, depending on the tire.

There are several precautions motorists can take to prevent accidents caused by blowouts, police point out. Some of them are:

Drive slower; remember, the faster you drive the hotter your tires become.

Keep your tires inflated to the proper pressure. Heat builds up more rapidly in under-inflated tires.

Inspect your tires frequently for cuts and bruises.

Be sure your steering mechanism, brakes, lights and windshield wiper are in good condition.

Obey the law and drive sensibly.

## Christian Scientists Shipping Food Parcels

Members of the local Christian Science Church are preparing and shipping food parcels to those in need in England and other countries. Names have been secured and the packages are shipped direct to individual addresses. It is planned to continue this work for four months, or longer, if the need continues to exist.

During the war, many articles of clothing and bedding were prepared and shipped by local Christian Scientists to war sufferers abroad.

## Church News

### CALVARY LUTHERAN

During July and August the regular morning worship service will take place at 8 a. m., beginning July 7. Sunday school will begin as usual at 9:30 a. m.

Saturday afternoon movies have been inaugurated for children and continue this Saturday, July 6, with the showing of "Romance on the Range." As support by the community increases, it is hoped that more films of superior quality may be procured. All showings are held at Calvary Lutheran Church, Grosse Pointe Woods, beginning at 2 p. m.

### ST. JAMES LUTHERAN

The regular quarterly meeting of the voting members of the congregation will be on Monday, July 8, at 8 p. m., at the home of John Heinze, 900 Rivard. Dr. Austin Neeb, president of the congregation, will preside.

### POINTE CONGREGATIONAL

The Grosse Pointe Church is represented this week at the Olivet High School Conference II meeting at Olivet College by the following: Sallie Slocum, Delegate; Mrs. Lyndle R. Martin, Conference Nurse; Bruce Preston, Counselor; Charles W. Scheid, Conference Director.

Mr. Scheid will preach on the subject, "The Requirements of Peace."

### NO COMPETITION ?... THERE'S PLENTY OF IT

More than any other private business, the utility is in direct and continuous competition with the theories and, in some sections of the United States, with the works of those who would turn private business into government business.

The Detroit Edison Company competes for your business in your home, because there is nothing which compels the use of electricity exclusively in the operation of many household appliances.

Industries are free to build plants for the manufacture of their own electric power, and a few have done so.

Because of the existence of real competition, The Detroit Edison Company is required to produce so efficiently that the industrialist cannot afford to generate his own power.

Detroit Edison is required to serve the home so well that its occupants will PREFER electricity.

Beyond all this is the ever-present fact that our customers—you, the householder, the farmer, the merchant and the manufacturer—expect nothing less than the BEST from The Detroit Edison Company. We are in constant competition with that standard of price, dependability and service which you fix for us—with your idea of what Detroit Edison should be.

Upon our ability to meet that competition depends our right to survive and prosper.

Direct competition by another electric company is eliminated by law as a matter of public policy. That policy permits exercise of the economies of mass purchases and mass production without wasteful duplications. The safeguards of public regulation are combined with the enterprise and efficiency of private management.

The objective and the result—extraordinary service at reasonable cost.

## Primordial Urge of Kids To Get to Swimmin' Hole Plagues Law Enforcers

Trespassing Complaints Pour in As Warm Weather Sends Scores of Youngsters, and Oldsters to Lake Shore

The combination of the hot weather and the primordial instinct of all boys to go in swimming as soon as the ice moves out of the ol' swimmin' hole, gave the police of the Park and City a busy weekend last week.

Complaints poured in from

lakefront dwellers that boys were out in force with complete disregard of private rights. It presented a nice social problem as well as a legal one. It was hard to deny the youngsters access to any part of the natural lake front, but law and private rights couldn't always be reconciled with the irrepressible desire of youngsters and some elders to get under water away from the heat of the overlying atmosphere.

Three separate complaints came in from the foot of Trombley road. A complaint from 737. Bed-

## Youths Admit Bus Robbery

Detroit Police Pick Up Gang Confessing to Theft Committed on June 8

A gang of Detroit youths have confessed to stealing a money bag from a DSR bus while it was parked at Mack and Seven Mile road on the night of June 8.

Ism Kimbrough, driver, said he left the bus alone for just a few minutes while he went into Angelo's restaurant. When he returned, the bag had disappeared.

On June 27, Detroit Police Officers Ruedisuch and Brownfield picked up some youngsters for breaking windows in a Detroit school. They were later questioned by Detroit police and Sgt. Elmer Labadie of the Farms department.

Kenneth Haines, 15, of 10246 Beaconsfield, admitted he stole the money, amounting to \$12, and divided it with Dave Coult's, 16, Robert Coult's, 15, Douglas Haulley, 16, all of 4004 Garland, and Charles Dietz, 15, of 14946 Chelsea.

All of these boys were on probation to juvenile court and they are now being held in the Juvenile Detention Home.

Picked up with them was an 18-year-old girl from Kelly road, who is still being questioned to determine what part she may have had in this and other misdemeanors of the gang.

## City Bond Sale Set for August 1

The City of Grosse Pointe is ready to sell its recently authorized issue of \$300,000 saving bonds, and will officially advertise the sale as soon as legal approval has come through from Lansing. This is expected momentarily.

The sale will be on Thursday, August 1. The bonds will be redeemable at the rate of \$20,000 annually and will bear a maximum rate of 1 1/2 per cent.

## Rotary Seats New Officers

William Moir Takes Over Reigns as President of Service Commission

The recently elected officers and directors of the Grosse Pointe Rotary Club, were inducted into office at the meeting Monday noon in the Whittier.

Those inducted were: president, William J. Moir; vice-president, Dave Burnett; secretary, Dr. Robert O'Neill; treasurer, Claude Jurgensen; directors: Robert Boyer, Willard Hosking, Earl Holzbach.

Under the Rules of Rotary the retiring president and the ex-president immediately preceding him are automatically members of the board of directors, giving a board of five. These are Frank Palmer, retiring president, and Al Meyer.

This is Doctor O'Neill's eighth consecutive term as secretary.

Chief Clerk of Draft Board 57 Finishes Job

Mrs. Francis S. Wilkoff, who has been Chief Clerk of Draft Board No. 57 for the past two years, submitted her resignation to take effect last Saturday.

Mrs. Wilkoff will be succeeded by Victoria F. Kirk, who has been a member of the Board staff for five years.

KOOLSHADE\* Sun Screen will make it delightfully cooler!  
Put an end to sweating in rooms on the sunny side.  
It's Sun Heat pouring through windows that makes some rooms unbearably hot! KOOLSHADE\* stops that heat outside... often keeps rooms 15 degrees cooler! This bronze fabric (made like a tiny Venetian blind—as fine as insect screen) is automatic, completely effective. No glare... reduces sun-fading. Full view and ventilation. Keeps out insects.

### Humpty Dumpty Has Understudy

Kenneth Buber, a 14 year old boy, who gave his home address as 4161 Thirtieth street, Detroit decided to go a fishing Saturday, and picked out as the most promising piscatorial pasture, the lake just off the sea wall backing the Rumney place on Jefferson avenue.

With even less explanation than that given Humpty Dumpty, of greater value fame, he fell off. Bystanders fished him out and the City police took him to the police station, where his skinned nose and cut eye were patched up and the youngster sent on the back track home in a bus.
