PROBABLY NO WINDOW DISPLAY in the Pointe has ever attracted such attention as this one of Davidson's Market on Kercheval avenue between St. Clair and Notre Dame. Produce used includes pumpkins, gourds, cauliflower, cranberries, raisins, grapes, oranges, apples, chinese cabbage, nuts, jugs of cider, celery, corn and parsley. The American Eagle is front and center and the grotesque little fellow on the right is said to impersonate Kay Kayser.

16-Year-Old Finds Pointe Too Confining

Young Westerner on Adventure Bent Returned to Wide Open Spaces

The 16-year-old boy from the wide open spaces of the west, who was picked up by Farms police at Kercheval and Moross on the night of October 18, toting a loaded rifle, has been returned to the less confining atmosphere of his home.

When the youngster was arrested on suspicion he told Officers Roberts and Sylvester that he was from Reno, Nev. He couldn't remember where his parents were. He was given a bed for the night and when his memory didn't improve the next day, he was sent to the Juvenile Detention Home.

Further questioning of the lad produced the final admission that his home was in Hydesville, California. He had had an argument with his father, had forged his father's name to a check for \$385 and set out to see the world.

He told the police he had bought the gun, a 22 calibre rifle at Ray's Hardware store, on the day he was arrested. He frankly admitted he intended to use the unwieldy weapon to stake a stickup to replenish his fast diminishing cash reserve.

The police of Hydesville were contacted and father arrived several days later to claim the young prodigal. The officials at the detention home released him in the custody of his parent. The gun was confiscated and is added to the Grosse Pointe Farms police collection.

City's Late Registrants Must Re-register Nov. 5

According to an opinion received by Attorney A. L. Meder, of Grosse Pointe City, from the Attorney General of the state, the registration of voters which the City Clerk's office admitted to the rolls between the dates of October 16 and 19 will have to be made over when the registrants appear at the polls on election day.

The error occurred from the fact that the old registration law which was in force up to the amendment passed last year, permitted the registration of voters in villages and townships of less than 35,000 population up to the second Saturday preceding the election. This provision was omitted

Customer Full of Hooch And Anger Airs Opinions Of State's Liquor Store

Argument in Kercheval Avenue Retail Branch Witnessed by Park Police Commissioner Homer Fritsch

A citizen of the Park (claiming 12 years residence) was a visitor in the Park police station Saturday morning, filled with anger and hooch.

He was fresh from the State Liquor store on Kercheval, whose attendants, he loudly proclaimed, had done him dirt. His story—he had gone in there to purchase a much needed bottle of liquor, as was his inalienable right as a free citizen of the sovereign state of Michigan. The only brand on display from which purchases are made, that came anywhere meeting his discriminating taste, was a certain well known brand for which he paid the cashier and then presented his receipt slip for the bottle to the sales clerk.

Here the trouble began. He observed a bottle of Canadian Club being wrapped up for another customer and let out a loud protest at the store's not having that on display. Much angry colloquy had followed. Then two officers appeared on the scene who had been requested by the store management, and the irate citizen was escorted to the police station, claiming at the same time that he had been short changed by the store. Not only short changed, he said, but no change at all. He claimed that the money he had paid for the bottle awarded him, was not returned at all and that more over they had said they wouldn't sell him any liquor at all. The latter charge seemed quite reasonable under the circumstances. But what maddened up his whole story about the unfounded money was that Park Police Commissioner Homer Fritsch, who just happened to be in the store to make an incidental pur-

Bennett Resigns His Shores Post

Arthur Hart Bennett, who has been superintendent of the Grosse Pointe Shores village for the past 24 years has resigned. Mr. Bennett would have reached the compulsory retirement age of 68 on March 1, next and at his request his resignation was accepted on October 15 to take effect immediately. Mr. Bennett will remain in the office until March 1, to give his successor, Thomas K. Jefferis, the benefit of his experience.

Mr. Jefferis is 34 years old, married and has two children. He has been a resident of the Detroit area all his life and of recent years a resident of the Shores village. He, like Mr. Bennett whom he succeeds, is a graduate of the University of Michigan.

Mr. Bennett has served under every president the Shores village has had. The Commissioners of Grosse Pointe Park have backed up the opinion of Village Manager Everett B. Lane by officially going on record as opposed to passage of Proposal No. 2 on the Sales Tax Amendment, to be voted on next Tuesday.

Falling Beam Crushes Out Life of Boy

Thomas Petrak Believed to Have Knocked 1500 Pound Girder Off Truck

Thomas Petrak, a boy 11 years old, whose home was at 3616 Cadieux road, Detroit, just north of Mack avenue, had his life crushed out by a falling I-beam that had been on a trailer in the construction yard of the George R. Cook Construction company at St. Clair and Mack.

The police believe the accident occurred between 7:30 and 8:30 o'clock Tuesday night. No one is known to have been with him at the time of the accident.

A woman walking on the sidewalk at that point about 8 o'clock stumbled over a bicycle that had been left on the sidewalk, and the City police on their rounds found the machine there about 11 o'clock. The bicycle belonged to the boy.

The heavy iron beam which fell on him was 21 feet long and weighed about 1500 pounds. It was a device used by the construction company to scrape off and smooth concrete prior to giving it a new top dressing.

The theory is that the beam had not been properly deposited on the trailer and that when the boy was climbing around it was so near a balance that his small weight toppled it over. The City Police are investigating the possibility that other boys may have been there at the time.

The boy's chest was crushed in and he must have been killed instantly.

Valuable Rings Just Disappear

Mrs. George B. Shaeffer of 528 Cadieux road, has reported to the police that a wedding ring and a 2 1/2 carat diamond ring valued at \$2,500 have disappeared from her home. She does not charge theft, but neither can she understand how they disappeared so quickly.

She had laid them down on the edge of the sink in her kitchen and had been out of the room but a few minutes when they were gone.

The police have aided her in a diligent search looking into every receptacle and crevice of the property where they might have been thrown, but with no results.

FALSE ALARM
A false alarm was turned in at 7:24 p.m. October 29 from the fire box at Richard School.

Council's Attempt To Usurp Powers Resisted by Neff

City Clerk Defends Position When Check-Signing Procedure Is Questioned by National Bank of Detroit

At a regular adjourned meeting of the Grosse Pointe City Council Monday night, October 28, the long discussed question as to the improper signing and countersigning of the City's checks came up again. The question was raised some time ago by the banks which are depositaries of City funds, and last August the council passed a brief ordinance reciting that all of the powers and duties now exercised by the City Clerk should be equally exercised by the Deputy City Clerk.

The City Clerk is a duly elected officer of the City chosen by the vote of the people. The Deputy is an officer selected by the Council. The question raised by the banks was prompted by the practice that the City has fallen into for the past few years of issuing many checks that were only signed by a single person.

Norbert P. Neff is the elected City Clerk. He says that he has neither signed nor countersigned a city check for several years. Neil Blondell is the City Assessor and in addition has been designated by the council as Deputy City Treasurer. After the passage of the ordinance last August Mr. Blondell was immediately named Deputy City Clerk, to have and enjoy under the ordinance all of the powers of the electorally-elected City Clerk.

This arrangement seemed satisfactory to all the banks, except one. The National Bank of Detroit apparently thought that inasmuch as the City Clerk was elected by the people some written expression should be obtained from him as to his willingness to hand over or share all of his powers with another official whose powers stemmed only from his selection by the Council.

Accordingly a brief paper appeared in the Council Monday night, which was prepared apparently by either the bank or by the City Attorney, which was in substance an appointment by Neff of Blondell as his deputy.

With this came the request from the bank, "Please have Mr. Neff sign this." He has virtually been ordered by a majority faction of the Council to do this.

Mr. Neff's reactions to this are varied and earnest.

He said that if he signed this it would be with his own interlunatic "for the sole purpose of signing checks."

Mr. Neff says he is perfectly willing that either Mr. Blondell or anybody else shall sign or countersign the checks, but he is a long way from agreeing that all of the powers and duties for which he was elected by the people shall be shared equally with some other person. That wasn't what he had in mind when he was elected City Clerk, nor does he think it was intended by those whose majority votes elected him.

The office of City Clerk was created by the charter of the city which was adopted by the vote of the people in 1934. Four years after its adoption an attempt was made to amend it in 13 different items but these were repudiated at the polls. Since then there have been only two minor amendments in no wise affecting the duties of the offices now involved in the present dispute. The last amendment had to do with the creation of the pension fund system just put in force last spring.

Kids' Halloween Pranks Monotonously Repetitious

Police blotters of the Pointe carry the recital of a list of youthful misdoings that might be construed as Halloween pranks if the avid reader didn't realize that they are a monotonous repetition of what goes on practically every week of the year.

Take them for what they are; here's what happened in this line in just the Farms during the last fortnight. A picket gate was stolen from the back yard of Dr. Purvis, 383 Moran road. Flares set to guard a project on Charlevoix avenue in the city were stolen and replaced where there was no project, at Chalfonte and Mt. Vernon in the Farms. The house number was torn off and thrown in the street at the residence of Mrs. C. C. Riggs, 82 Muskoka road. The windows were soaped.

Air was let out of all the tires on cars of guests at the residence of Mrs. Cameron Currie, 180 Lewiston. The suffering guests included H. M. Campbell of 858 Lakeland, E. E. Holton of 1008 Bishop, Mrs. Phelps Newberry of 110 Cloverly.

Windows were soaped at other residences on Muskoka road. Tomatoes were thrown at the houses at 268 Kenwood court and at 293 Moran road. Cars were driven on the lawn of properties in the Calvin-Mack area. And across the black convertible top of a chic black Cadillac roadster parked on Ridge road was written in white chalk: "Kill Roy Was Here."

Gubernatorial Candidate to Give Address

Kim Sigler, Senator Homer Ferguson, Fred Alger Slated for Speeches

The pre-election furor in the overwhelmingly Republican Pointe will reach a climax Saturday night when the Michigan standard bearers of the GOP come here for a final rally to be held in Grosse Pointe High School.

Kim Sigler, gubernatorial candidate, will be the principal speaker. His address will be broadcast over Radio Station WJLB from the high school auditorium at 9 o'clock. He has also announced that he will devote ample time to answering any questions the audience may care to fire at him.

Senator Homer Ferguson, who has been active throughout the campaign, especially in behalf of his colleague Arthur Vandenberg (whose duties with the UN keep him from taking any part himself), will definitely be at the high school rally, it was stated Tuesday. Ferguson is not standing for reelection this year; Vandenberg is.

It was announced last week that the party leaders hoped to get Senator Ferguson to the Pointe for this meeting. He has now stated he will be here and will speak.

A third speaker will be the Pointe own candidate for Secretary of State, Frederick H. Alger of East Jefferson avenue. He accompanied Sigler on most of the tour of 83 counties of the state made earlier in the campaign and has appeared with the gubernatorial candidate at the majority of his meetings in the Detroit area.

The Democratic candidate for governor, Murray D. Van Wageningen, made his only Pointe appearance of the campaign on Tuesday when he spoke at a rally held by the Grosse Pointe Optimist Club in the Dorothy Mary Dining room on Fisher road. Sigler had addressed the same group some weeks previously.

Former Governor Wilbur M. Brucker, of Provençal road, Grosse Pointe Farms, has held much to do with arranging the Pointe Republican rally. He has been active throughout the campaign in behalf of all the Republican candidates.

With the Pointes registered in record-breaking numbers, next Tuesday is expected to be the busiest day in history at local polling places. One of the most hotly contested fights is expected to be that for Congressman from the 14th District, incumbent Louis Rabaut, Democrat, is opposed by Harold F. Youngblood, Republican. The five Pointes have but a small part of the 14th District's population and Rabaut has in the past been able to muster enough support outside of the Pointe to keep him in office.

Residents Kick Over Paving Job

Residents of Lincoln road protested to the City Council Monday night on the damage done to their properties by the recent paving operations. Several of the complainants were extremely earnest in their protests.

They were dissatisfied with the kind of work done and claimed that the concussion of the heavy machinery used had damaged the walls and plaster of the houses in several instances. There was also complaint of the quality of the materials used in the back fills behind curbing. This matter was discussed several weeks ago. At that time the charge was that the heavy claylike materials used would not permit the growing of grass or shrubbery. A promise was made then by the engineers to have all such material removed and suitable growing soil substituted.

UNLOCKED CAR RANSACKED
Alfred Sakstrup of 12755 Northlawn, Detroit, reported to the police October 26 that sometime between 10:30 and 11:30 o'clock the night before, his car had been ransacked while it was parked on Fairfax between Barrington and Pemberton. The thieves had taken several items out of the compartment and a large black brief case from the rear seat. He had left his car unlocked.

Thieves Rob Restaurant

"Hungry" Boys Suspected After Discovery of Rifled Cash Register

A call from the Harvard House restaurant at 17016 Mack avenue Saturday morning said the place had been robbed some time between 9:30 o'clock the night before and 7:30 that morning.

The thieves had entered through an unlocked window in the rear and had rifled the cash register, in which however only a small sum of money had been left.

Patrons of the restaurant the evening before had observed a couple of boys, apparently about 17 and 12 looking longingly in the window at the guests, eating. The impression given was that the boys were hungry but their relatively good clothes belied that possibility.

When the late guests were about to speak to them they hurriedly moved on, turning into the vacant lot adjoining the restaurant building and disappeared in the shadows in the rear. The police say it is a good guess that the "hungry" looking boys were the thieves and they may even have helped themselves to some of the food in the kitchen department.

Park Floodgate Bids Rejected

The school district is not the only public agency that has run up against the vast increase in the cost of construction. The Park village found this out when the Commissioners recently opened the bids for the check gate in the main sewer on Jefferson avenue intended to prevent back flooding from Detroit in time of high water.

The bids were all greatly in excess of the estimate of costs and the village rejected all of them and will advertise again. In connection with this same sewer and storm water drainage problem it has also been decided to block off that northwest section of the village from direct connection with the Detroit sewer system, as now exists.

This sewage will then be diverted to the Park's own lines and thence go into the Detroit lines along with the rest of the village's drainage.

The purpose here also is to prevent back water coming into the homes in time of storm. This area has suffered greatly from this cause in recent floods this summer.

It was estimated the floodgate would cost slightly more than \$6,000. All the bids received were for more than \$10,000.

Presbyterians Gather Tuesday

Dr. Harold A. Dalzell of New York, Executive Director of the 27 million dollar Presbyterian Restoration Fund, will be the main speaker at the Detroit Presbyterian meeting to be held at the Grosse Pointe Memorial Church next Tuesday morning, November 5, at 10 o'clock.

Other speakers will be George M. Kirk, business man from Pueblo, Colorado and a member of the National Layman's Committee, and Rev. Bousman, who was a missionary in the Philippines and a Japanese prisoner of war.

Both of these speakers will tell of their recent experiences in Europe and Asia. They are on a speaking tour of Michigan. According to campaign chairman, Louis A. Komjathy, the Restoration Fund Campaign in the Detroit area is making splendid progress. More than half a mil-

lion dollars has been raised to date by the seventy Presbyterian Churches.

Industry will either be the cradle or the grave of post-war democracy.

Newly Promoted Officers Installed at Ceremonies Held by Farms Trustees

Walter Hoyt Becomes Chief of Police; Rice, Barton and Paisley Take Over Higher Ranks as of Midnight, Monday, October 28

The installation of newly promoted officers of the Farms police and fire departments attracted some 80 persons to a ceremony in the Farms Municipal Building Monday night. All of the village trustees excepting President James K. Watkins, who was out of town, members of the departments and friends of the officers were on hand for the formalities.

Village Clerk Harry Furton was master of ceremonies. He introduced Trustee Gervais Grylls, president pro tem of the village, who introduced the other trustees. The presentation of badges to the men officially taking over their higher ranks at midnight Monday, was made by Trustee George Schlaepfer, police and fire commissioner.

Walter Hoyt became chief of

the police department. Sergeant William Rice, who has been acting chief, became a full lieutenant of police. Jack Paisley, formerly a patrolman, became a sergeant of police. Jim Barton was made fire lieutenant filling the vacancy created by the retirement of Oscar Labadie.

Justice of the Peace Kenneth L. Thomas, representing the American Legion, in which Chief Hoyt is most active, presented the chief with a miniature chief's badge, the gift of the Legion. Following the ceremony, coffee and doughnuts were served in the firehouse.

Dream Converted Into Nightmare

An attempted robbery was discovered simultaneously with the realization by Wendell Goddard of 350 Provençal road, that what he thought had been a dream, was in fact stark reality.

Mr. Goddard told the Farms police that he awakened about 3 a. m. on October 24 and saw a man's form in the window of his bedroom. Mistaking the vision for a dream, Mr. Goddard rolled over and really went to sleep.

When he got up the next morning he found a ladder leaning against the window sill. Apparently the would-be burglar knew very well he wasn't dreaming when he saw Mr. Goddard rise up in his bed.

Thurber to Head Infantile Drive

Donald M. D. Thurber of Nef road has been named campaign director and administrative assistant for the Wayne County Chapter of the National Foundation for Infantile Paralysis.

Mr. Thurber has been Michigan representative for the National Foundation in charge of out-state work for the past three years. He will direct the March of Dimes drive from January 15 to Jan. 31.

Kids to Celebrate At Parties Tonight

Five Grosse Pointe community parties are scheduled for tonight, Thursday. Children of elementary school age who live in the vicinity of Trombly or Defer schools may attend either of those parties from 7 to 9 p.m. Junior high school boys and girls may attend either the party at Pierce School or the Neighborhood Club. The senior high school party will be held in the Grosse Pointe High School.

As in past years, there will be no admission charge for the elementary school parties at Defer and Trombly schools. Tickets purchased tonight at Pierce School, Neighborhood Club, or the high school, will cost 50c. However, most students have purchased their tickets for 25c through the various schools. The Junior and Senior high school parties will be held from 7:30 to 11:30 p.m.

The Mothers' Club of Grosse Pointe High School will again serve food at Pierce, Neighborhood Club, and the high school for a small charge. Mrs. Leon Jacobi, president of the Mothers' Club, is serving as general food chairman. Assisting Mrs. Jacobi are Mrs. Charles Ellis, Mrs. Harold Davis, Mrs. Edward Gehrig, Mrs. William Rossiter and Mrs. Howard Quackenbush.

Church Windows Honor War Dead

Grace Church will dedicate three beautiful stained glass windows which have been installed in the Chancel of the Church in a service to be held next Sunday Morning, at 11 a. m. The Rev. Armin Frohne, vice-president of the Michigan-Indiana Synod of the Evangelical and Reformed Church will preach the sermon.

These windows are a memorial to the three men from the congregation who gave their lives in the Second World War, Louis F. Berendt, George Downey, Jr., and Donald C. Smith. They represent also an offering of thanks-giving for the part of those service men and their families who safely returned.

Situated directly in the rear of the altar the symbolism of the windows has been planned accordingly. The Alpha and the Omega, symbols of God and His presence, appear in the side windows. The figure of Christ with hands outstretched in invitation occupies the central window. Beneath these central figures the artist has placed three symbols which represent "faith," "hope" and "love," the three great fruits of the Christian life.

Thief Displays Preference For Small, Valuable Items

A thief broke into the Alvan Macauley home at 735 Lake Shore road Friday night and made away with a bronze ash tray, a needlepoint knitting bag and about \$100 in cash. The money was taken from Mr. Macauley's trousers pocket in the room in which he was sleeping.

The thief entered the house through a small window in the rear after slashing the protecting screen. From the very small dimension of the window through which he entered the Shores police believe it was the work of either a very slim man or a half grown boy.

City Employees Want More Pay

The employees of the city, Local No. 661, AFL, who recently were granted a 3c per hour increase by the Morgan committee are dissatisfied with size of the pay boost.

They sent a letter to Council Monday night to this effect. The raise applies to the hourly wage employees in the streets and public works departments. The matter was referred back to the Labor Relations Committee.

Danny Gifford On Loose Again

Farms police were informed on October 29 that Danny Gifford has escaped from the Boys' Vocational School in East Lansing.

Danny is the 16-year-old Oak street boy who confessed to a number of crimes in the Farms during the past summer, including house breakings and robberies. While on probation to the juvenile division of probate court, he ran away and was arrested in Missouri, from where he was returned to the Farms by Sergeant Elmer Labadie.

He was subsequently sentenced to serve a long term at Boys' Vocational School.

That same night there was another theft at the home of Stephen DuBrul at 900 Sunningdale drive, which the police think was the work of the same thief. There he got about \$75 in cash. Another robbery which happened on Provençal road the night before netted nothing for the thief but his presence was disclosed by a ladder which he left standing alongside the house.

The Monday morning previously there was also an attempted robbery at 762 Lochmoor. The thief got nothing at this address either.

Chief Goelette of the Woods says the thief seems to be on the hunt for only small articles of high value, with a special preference for the wallets of the men of the household.

Chinese Hospital Given Memorial

A memorial fund created by friends of little Ann Louise Schenck, 2½, daughter of Mr. and Mrs. William W. Schenck of 1416 Kensington road, who died on October 20, will be used to help rebuild a hospital in Hengyang, Province of Hunan, China.

The child's mother requested that no flowers be sent, but that the money be given to the Restoration Fund of the Presbyterian Church in the U.S.A. More than \$500 was contributed by friends of the family, members of the Eastminister Presbyterian Church, 937 Manistique.

The Rev. T. D. Moldenke, pastor of the church, has announced that the church's \$15,000 quota of the \$27,000,000 fund will be used for the most part for memorials to be designated by members and organizations of the church.

FALLS OUT OF CAR

Little Susan Harper, 6, of 325 Moran road, tumbled out of a car in which she was riding to school on the morning of October 18. She landed on her head, but was able to attend classes.

Orphans Given Fine Party By Members of Rotary Club

The usual weekly talk or entertainment feature which the Rotary Club has at its Monday meetings gave way last Monday to the entertainment of 50 small girls, 25 each from the Protestant Children's Home of Detroit and 25 from the Catholic Home of Saint Vincent's Orphan Asylum of 529 McDougall avenue, Detroit.

Each member had one of the little girls as his table companion and apparently they derived as much enjoyment out of the occasion as the children themselves. The children's enjoyment was obvious.

Following a bounteous repast the entertainment feature following consisted of impromptu drawings by Karl Larsen, commercial artist of Detroit. He drew quick pictures of various members, which were presented to the little Miss who was his table companion. Three or four sketches were also made of the very young ladies themselves, which they took away with them.

After this Sergeant Wayne Fernelius of the Detroit police department, now on leave to carry on a safety education campaign among school children, carried on the program. Sergeant Fernelius played on a guitar, on which he is no mean performer, and delighted the youthful audience with his Charley McCarthy and Phinocchio stunt, through

whom ventriloquist Fernelius conveyed an impressive lesson in song and rhyme on safety in street crossings and all the problems affecting street safety.

Bags of candy and toys were given each little girl and one of them won the beautiful basket of flowers. Sums of money were also presented to one little girl at each of the four tables with which she was to buy ice cream for the other girls.

This is an annual affair with the Rotarians but judging from the expression of many of the members it may be made a semi-annual function.

Beginning December 1, Sergeant Fernelius is to be sponsored by the Ford Motor company to carry on a safety campaign among the school children of Detroit and vicinity.

Sammy W. LeVigne of 3041 LeVick, Detroit for speeding 45 m.p.h. paid \$15 and \$5 costs.

Auto Mutilated In Park Garage

P. J. Berger, of 872 Pemberton, reported to the police Friday morning, Oct. 25, that someone had entered his unlocked garage the night before and mutilated his 1946 Buick car. They had broken the cigarette lighter, the dome light, the gas tank cover, the windshield wiper and done a general minor damage job to the interior of the car.

At the same time a Hudson car parked in his driveway had been entered and building plans and specifications, of no conceivable use to youthful thieves had been stolen. They had also taken a filled-out building priorities application. Both cars had been left unlocked.

Pierce Students To Hear Author

In connection with National Book Week, November 10 to 17, the Pierce Junior High School students will have the privilege of hearing Miss Elizabeth Howard Mizner, author of Sabina, Adventure for Alison, Dorinda, and Summer Under Sail, the latter to be released this winter.

Miss Howard, which is her pen-name, was born in Detroit, but has resided in Grosse Pointe for the past 20 years. She is a graduate of the University of Michigan, having received her Master's Degree in history there. She spent a period of time teaching history in a girl's college in Georgia. All of her children's books, have a historical background. Her talk to the students of Pierce Junior High school will be, "Activities of Boys and Girls of Junior High School Age During the Nineteenth Century", as based on the research done in the preparation for her books.

On November 15, the Pierce Junior High school pupil's Library Club will preside at a tea for their mothers and the faculty of Pierce Junior High school. At this time, they will present book talks on a number of the books recently added to their library. Refreshments will be made and served by the students of the Home Economics Department under the direction of Miss Greenhoe, and Miss Johnson. The art decorations prepared by the seventh and eighth grade art classes under the direction of Mrs. Meldrum, will provide a pleasing background for the books displayed.

Next Tuesday's Real Issue

The election that will confront the American people next Tuesday is one of the most vital they have ever faced. For the first time in our national history a foreign country, dedicated to a political, social and economic ideology utterly hostile to the American ideal, is attempting by blatant, open appeal and by poisonous boring-within tactics to influence our congressional elections. The unconcealed purpose is to undermine the structure of true democracy in its greatest champion among the nations of Earth.

The election on Tuesday is the most formidable challenge that has ever faced democracy in its long upward climb on the pathway to human betterment. Its issues far outstrip any of the ordinary disputes on which we have been accustomed to settle our domestic disagreements.

For four quadrennial administrations of the Federal Government the real democracy, as practiced and held true by the American Commonwealth, has been on the defensive.

The issue is clear. The introduction of the Russian experiment into the lives of many of the people of this country has made it so. Some of our people, happily not numerous, have been the unwitting catspaws of a band of foreign schemers who talk democracy and practice despotism.

Those who deny freedom of speech, freedom of the press, freedom of the ballot and even freedom of conscience to their own people, have the effrontery to recommend to us that we, who have possessed them all throughout our entire history, should surrender them.

They damn all of these things under the idiotic charge that it is a part of the "capitalistic" world's machinery for enslavement of the masses.

May God protect America from the day when we cease to be a capitalistic country, under which alone these freedoms can be retained.

We have with us another group, who see in the growth of the Russian concept their own personal elevation to political leadership and, they hope, their eventual elevation to vast power. Much of the domestic discord that has beset us in recent months derives directly from this scheming crew.

No real American wants any part of it. Were it not for the befuddlement that has laid hold of a considerable group of people here the whole communist preachment might be passed over as a mere nightmarish spectre.

But to the rest of the world where valiant men and women are standing in deadly fear of this social poison that blows from the steppes of Russia, the menace is very real and very near. They are looking to America, which is more truly today than ever in the war years, the citadel of Democracy, to strengthen their spirit and their sinews with a rebuke to the foes of true Democracy next Tuesday with a salvo of votes that will echo farther and faster around the world than did the shots at Concord Bridge.

Any candidate for public office who is known or well suspected to be an associate or sympathizer with the Soviet model for human society deserves an adverse vote at America's free elections next Tuesday.

They will not be hard to find. Even a casual examination in their political past will be sufficiently revealing.

Pointe Well Represented

Grosse Pointe has been signally honored this year in having several of its outstanding and most public spirited citizens selected as standard bearers of their respective parties in the elections next Tuesday.

Frederick M. Alger, Jr., who comes of a family long identified with the civic and industrial life of the community and of the State and Nation is the candidate of the Republicans for the second highest state office, that of Secretary of State. In addition to Mr. Alger's commendable background he possesses within himself the qualities and familiarity with public affairs which will make him a valuable public administrator. He was a Lieutenant Commander in the Navy in World War II.

Another Grosse Pointer, Judge James N. McNally has been named by the Republicans as their candidate for the highly important office of County Prosecutor. No one questions Mr. McNally's special qualifications for the office. Added to his fine qualifications for the Prosecutor's Office, he has just returned from a long term of active duty in the Navy in the Pacific area, which should be no mean endorsement at the polls.

Although Grosse Pointe constitutes scarcely more than a tenth of the population of the 14th Congressional District both the Republicans and Democrats have seen fit to pick their candidates from this same corner of the district. Harold F. Youngblood will carry the flag for the Republicans and the present Representative from the district, Hon. Louis C. Rabaut, does the same for the Democrats. Henry T. Gage, of 305 Rivard, has been selected as the Republican's candidate for the first legislative district.

All in all Grosse Pointe has done exceedingly well for itself in this year's line up of candidates. It's up to the Pointe to treat them well.

Murray's Confession

Evidence of the extent to which the Commies have infiltrated into and in some instances succeeded in dominating some divisions of the CIO is significantly shown in the latest expression of Philip Murray, president of the organization, on the subject.

It was reliably reported from the closed session of the CIO Executive Committee in Cleveland the other day that Mr. Murray said he was so sick and tired of the machinations of this group that he had about made up his mind not to accept the presidency for another term.

This should be a pointed revelation to the public and particularly to the large proportion of decent, clearthinking Americans who make up CIO membership, of the imminence of this peril. This situation is real, despite all the skeptical questions advanced by the doubting Thomases in and outside its ranks.

Grosse- Exaggerations

A. PRYOR

"You are old, Father William," the young man cried,
"The few locks which are left you are gray;
You are hale, Father William, a hearty old man,
Now tell me the reason, I pray."

"In the days of my youth," Father William replied,
"I remembered that youth could not last;
I thought of the future, whatever I did,
That I never might grieve for the past."

(Robert Southey)

A more-serious-than-you-think organization is "Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America." We received a letter from those worthies recently, concerning their Jubilee, to be held in Masonic Temple on Saturday, November 9, at 8 o'clock. Idly perusing the list of officers, we came upon the name of a man who comes under the heading of . . . "Founder and Permanent Third Assistant Temporary . . ." Anyone any idea about that???

Advice to wives: If you and your family move to a new house in a different neighborhood . . . better put a tag on your husband for a few weeks until he KNOWS where he lives. A Good Samaritan called to tell us of a night he had with a local "tipsy artist" . . . after an evening of free imbibing. The first thing Mr. Whoopitup did when he left his host's house at 2 a.m., was to crawl into the car belonging to our informer. When the latter started to go home a few minutes later, he found Mr. Whoopitup trying frantically to start his car. He tried so hard, that he ripped the gas pedal right out of the floor. Our hero offered to drive the little man home and asked where he lived. "I dunno," he mumbled helpfully. "We just moved."

After a great deal of thought concentration, cajoling, suggesting, etc., he finally got out of the little man: "Dunno the street . . . but it's a hundred somethin' . . . yeah, that's it . . . a hundred somethin'." When our hero looked helpless about the whole thing, Mr. Whoopitup decided the thing to do was go back into the house they just left, wake up their erstwhile hosts and ask to use their telephone book. This they did . . . but, of course, Mr. Whoopitup's new address was not in the book since they had moved the previous week. Finally, our Good Samaritan suggested they drive up and down streets . . . see if he might recognize his new home. THIS they did until about 4 a.m. All the time . . . little diggy-doodle mumble . . . "Sa-hundred somethin'." His wife was waiting on the front stoop with a rolling pin. That's how they finally found the house.

There is a French restaurant in New York, known to be about the most expensive in the country. If anyone is interested, send us 25 cents (money, no stamps) and the headline from the last 72 issues of the Grosse Pointe News and we'll be glad to divulge the name. Anyway, the strange tales about the place are worthy of print, from time to time. The latest concerns the little woman (from the mid-West, no doubt) who'd heard about the place and wanted to try it, so she could "tell the girls at home." When the waiter brought the menu she was startled to find the entire thing in French (which she could neither read nor speak nor understand). She was more than startled at the prices, which were in plain English. Finally, she saw something for \$2.50 . . . the cheapest thing on the menu. Hoping to hide her ignorance, she pointed to the item and said to the waiter, "I'd like some of this, please. I won't even attempt to pronounce it," she added, with a giggle, hoping she'd get away with it. The waiter went into a tizzy of remembrance . . . in French, of course . . . but since understanding each other was futile, he shrugged his shoulders and finally left. In a short while he was back . . . placing before her, with all the flourish of a Maitre D'Hotel . . . a medium sized bowl of mustard sauce! That's all, brother.

Another tale on our desk this A.M. concerns an 8-year-old girl who is "crazy over horses . . . horses . . . horses." One morning her Dad took her out to the Fairgrounds to see some of the early morning works and to "visit" some of the stables. On closing day at the track, the child's mother went to the races and came home sadder but wiser. The child quizzed her about everything and especially insisted upon knowing who won each race. Finally in exasperation, the mother said, "I simply CAN'T remember who won every race . . . and anyway what difference would it make to you? YOU certainly haven't heard of them." "That isn't so," protested the indignant child. "When Daddy took me out there that morning I MET most of the horses."

Community Chest Drive

The annual drive for the support of the Community Chest is in full swing again and all of the arguments for its support in years gone by hold with equal force this year. The war is over, but all of the aftermath of war, with its human misery and wretchedness, remains largely as a charge upon the generosity of the people.

Experience has demonstrated for the past generation throughout the country that those problems of charity and social service which devolve on the community can be best met by a pooling of the forces in a common agency which is usually known as the Associated Charities or Community Chest.

All of the earlier arguments which used to be heard against this method of handling have long since been dissipated. We know now that these responsibilities of the community are better handled, both from the standpoint of efficiency and cost, if brought under the general supervision of a single organization and that it is a convenience to the givers if a single collection is made yearly rather than each organization, great or small, be left to its own ingenuity to arrange its financial support.

The great purpose of caring for the dependents of society in an adequate manner appeals to everyone. It is a responsibility which no right thinking man or woman would shun.

Give as generously as your resources permit and let your conscience be the measure of your giving.

Heavy Straws

The earnestness of the American people in their quest for a world wide and secured peace is evidenced in the manner in which they seize upon trifling incidents as encouraging a hoped-for rapprochement between ourselves and the Russians in our painful but unparalleled journey towards a common goal.

Only the other day a small misunderstanding on certain provisions in the Bulgarian treaty was quickly cleared up by a little more expert translation of certain phraseology and immediately one of our great illustrated weeklies broke forth in a whole series of pictures; smiles, backslapping and all between the Yanks and the Russians.

However, great decisions often await upon unobserved trifling incidents of the moment. If the fleeting come-at-headers smile of a young girl or Lloyd George's snuff box at Versailles can equally alter the course of a man's private life or of a community of nations, maybe the agreed-upon size of a Bulgarian gunboat may affect the course of empire or the progress of world wide political and social ideologies. Who knows?

Talley Rant

by Helen Talley

It has been like old times down at the docks; people and bands and parties to welcome good QUEEN BESS. The CONARD LINE has just about burst its buttons with generosity. They brought over a batch of English newspaper men, all expenses free, and they are taking back seventy-five American journalists and cameramen. I am told, who won't even have to spend tipping money. There was a huge dinner with dancing the first night in and a buffet and dance the second night, with practically everybody in town on board having fun.

MR. MOLOTOV and his COSSACK CHOIR of NO NO boys came in on the ELIZABETH. He was obliged to take the wheel for a spell of steering, and immediately threw her two degrees off her course. Everybody got very excited. They thought he'd ram our LADY OF LIBERTY or run the QUEEN up the EAST RIVER. So they slapped his hands and took Eliz away from him. The fire boats put on a good show with hundreds of hoses streaming to the skies. Flags waved, people yelled, and the ship's band played RULE BRITANNIA. Somebody must have said, "Just play something RUSSIAN," because much to everybody's surprise they nose-dived into the VOLGA BOATMEN.

MR. MOLOTOV took it all with very good grace, as though he were used to it. MR. GROMYKO joined him, and after MR. MOLOTOV had pulled out a pocket comb and arranged his thin grey hair to his taste, they stepped into cars and rode off up the street for the usual razzle dazzle. "Look boys, we're all comrades," I hear. This time, however, there was a noticeable apathy. Very little ticker tape streamed from the windows, the telephone books stayed in their racks and the people on the streets were interested but unusually undemonstrative.

Out at the old World's Fair grounds, the NEW YORK BUILDING has been slicked up to greet the visitors. Red, white and blue flowers are massed in the gardens and the flags of 51 nations float in the autumn breezes. The women delegates' clothes and MR. MOLOTOV'S guard add color to the occasion. The guard consists of three tall SOVIET comrades wearing high, shining boots and very gaudy uniforms. The ageless MRS. WELLINGTON KOO always appears smartly dressed, but since her husband is Chinese ambassador to France, and she has lived in Paris for years, one wouldn't expect anything else. Before the war when I was on a committee organized by MRS. TEDDY ROOSEVELT JR. to call attention to, and to help, the poverty stricken CHINESE who were then fighting the Japs, MRS. KOO allowed us to show some of her magnificent jade jewels. I believe we charged a dollar a look.

It is interesting to note, I think, that although there are many women at the meetings, there is only one who heads a delegation. She is MRS. PANDIT OF INDIA. Seven others are either members or alternates. There are 250 seats set aside at each meeting of UN for the general public but at the first session half of those were vacant. Possibly people thought there would be such a rush and mob that they couldn't cope and just stayed home. The same interpretive system as was used in the NEURENBURG trials is being employed at the UN meetings. The listener, with earphones adjusted, simply presses a button and hears the speech then being made, translated simultaneously into the language he selects.

One of the cutest tricks in New York was started by one of the cutest tricks out of Grosse Pointe—JEANNE BRADLEY. When JEANNE was graduated from Finch this summer, one of her fellows sent her a silver whistle. On the card it said, "Whistle when you want me." Now CARTER, TIFFANY and all the others are advertising the little silver and gold gadgets. They say you can positively get one of three things—a man, a taxi or a dog.

A friend of mine came across a rainy day. From boredom, he fumbled through a box of ancient family pictures. That led to a trunk where he remembered some old fashioned silhouettes of his great grand-parents hand clipped out of the usual black paper. Pleased, he took them into the kitchen for a dusting. "Lawdy, MR. VICTOR," said the colored retainer, "ah didn't know y'all had a black grannappyy."

Hospitals Plan Open House Week

The hospitals in the Detroit area which maintain schools for nursing will keep open house during the week of November 4.

The purpose is to stimulate interest among young women just finishing high school and all other women between the ages of 18 and 38 who have been entertaining the idea of adopting nursing as a career, to go to one of these hospitals on its designated open house days for observation and general information on the steps to be taken in taking up nursing as a career.

This program has been arranged by the Detroit Community Council on Nursing, which has its headquarters at 51 W. Warren, phone Temple 1-1600. Inquiry there will obtain all needed information.

The Council states that a real emergency exists in the Detroit area. A recent survey made shows that the hospitals of the area need 2,000 more nurses to be adequately staffed.

As the Twig Is Bent

By FRED M. KOPP, R. Ph.
Children particularly need health protection. As the twig is bent, so the tree inclines. Everything depends upon the growing, formative years. Not alone character, but sound teeth, straight sturdy bones, a pure bloodstream, must be protected, built and nourished. All this calls for expert medical attention and frequent checkups. It means a careful, generous diet, serums as advised by the physician, guarding against childhood ailments.

Only a thoroughly experienced prescription pharmacist should be trusted to compound the medicine your doctor prescribes. This is the 125th of a series of Editorial Advertisements appearing in this space each week. Copyright

Race Across Street Ends With Accident

Joe Bell, 14, of 4125 Lakeview, is a lucky boy. When he and three companions, on their way home from a football game, decided to race across the street at Mack and Calvin on October 27, Joe ran straight into a passing car.

The car was driven by Jean M. Everett, 17, of Pleasant Mills, Ind. Joe broke the windshield and chipped a tooth. Otherwise he was not injured. Police Officers Hilgendorf, Jarrett, Seelow and Roland took him to Cottage Hospital for examination and he was released and taken home.

"BRITAIN CAN MAKE IT"

Leave it to the British to coin a phrase while the rest of the world is counterfeiting CLICHES—not only coin it but cash in on it.

What a follow through! With everyone aware that BRITAIN CAN TAKE IT—to open their first peacetime exhibition with the line that BRITAIN CAN MAKE IT!

With the certain birthright of the race, born with its tongue in Shakespeare's cheek, the natives of the tight little, right little isle, make any publicity phrase-monster sound like some backward rabe mewling at the colored alphabet blocks in his play pen.

The English are, in fact, such masters of le mot juste that one can really understand the awesome attitude of one Gypsy Rose Lee, who, informed by her publishers that her book was to be published in London inquired: "Who will make the translation?"

The Britain-Can-Make-It Exhibition, now on view in London at the Victoria and Albert Museum, is no worldshaking Hollywood Bowl-Over; nor is it the New York idea of a World-of-Tomorrow Fair. But both of these exhibits, if you recall, were all front and no back. The Britain-Can-Make-It Exhibition has both back and backbone. Not to mention the backing of the British Empire.

The twin purposes of this peacetime display are first to placate the patient islanders with a glimpse of future merchandise and second, to show the world

keeps her orders in the future books. A gesture that does more for the morale of the average London housewife than a new Molyneux model for herself.

Among the lines of Britishers at the exhibition may be squatters, but never quitters. With them all, Britannia still rules the waves—because Britannia never waives the rules.

And that is why, boys and girls, Britain can make it—and make us like it.

The Big Word on this sunny

side of the Atlantic, sartorially speaking, is the scuttling of the fashion order known as L-85. This order, aimed at saving American materials in wartime, was filed in the bulging Washington wastebasket with the rest of the controls. This means you can bring on the accordion pleats and court trains without fear that the CPA will get you if you don't watch out.

On the Monday morning after L-85 was scuttled, some New York stores were already offering three piece ensembles—probably run up by Dunninger and the magicians union over the week-end. In Detroit fashion shops welcome the release from control as a factor in making clothes more interesting. Incidentally, pets, it can't affect your winter or resort wardrobe, since all those collections are already designed. And all of them so strictly de luxe that no one need wait up for spring.

That generous and gentle entrepreneur, Mr. Henry Reichhold, has admirably succeeded in his plans to bring music to the masses rather than the classes. It is therefore rather anachronistic to treat the premiere of the Symphony Season as the opening of Snobby Lobby. Music, like all the arts, has had its patrons down the ages. In the old La Scala Opera House, the Italian Princes beamed from their boxes. In the Met, some of the dazzling dowagers began to look as if they were old enough to have been there at the founding—feeding sugar to Mrs. Astor's pet horse.

Music Hall is a young people's place. They can hear Brahms one night and Boogie Woogie the next night, which denotes a cosmopolitan culture, unknown to the more provincial Philistines.

The girl who caught our eye at the Symphony Opening, amid the iron curtains of empire and sable, was a dusky little danciel with real stars in her eyes. She was wearing a shimmering rain cape, a Little Red Riding Hood. Her escort had worn his navy raincoat in the Navy before it was surplus material. Slipping out of her raincoat, she stood there, clad as a Carnegie model in a model not by Carnegie. It was a black satin dinner suit

which did THAT for her fabulous figure. One of those black magic numbers on which she could ring in changes all season.

They headed for the stairs. But if, factually theirs was a balcony reservation, actually it was a season's reservation on A Pink Cloud—reserved for the season in Music Hall. And it was more than imagination, when one glimpsed the magnificent Maestro, Karl Krueger, glancing up at the finale, with a special bow for the boys and girls on the Pink Clouds in Music Hall.

U. of M. Alumni Will Hold Party

The alumni of the Grosse Pointe University of Michigan Club will hold their first get-together of the year on Friday, November 8, at 8 o'clock.

This event will be a mixed bridge for all former Michigan students and their friends to be held in the gymnasium of the Pierce Junior High school. There will be door and table prizes. Refreshments will be served during the social hour.

Reservations may be made

through the chairman, Mrs. Bruce Proctor, TU. 2-8270.

ODD FACT

Because they had been unable to find a place to live, a veteran and his wife marched up and down New York's Fifth Avenue for two hours one day carrying an umbrella on which was a sign: "This is our only roof." They had four offers of rooms from passers-by.

Patricia Kleinschmit To Be Bride on Nov. 9

Mr. and Mrs. Charles Raymond Salisbury, Jr. Will Make Future Home in Piedmont, California

Sunny California skies will be shining regularly on Grosse Pointe's Patricia Kleinschmit after she becomes the bride of Charles Raymond Salisbury, Jr. on Nov. 9. The young couple will head west after their marriage to make their home in Piedmont, Calif.

In the meantime, Pat is busily dashing from one party to another and completing last minute plans for the ceremony which will be held at 8:30 in the evening at Grosse Pointe Memorial Church.

The pretty bride-elect, daughter of Mr. and Mrs. Arthur W. Kleinschmit, of Rivard boulevard, has asked Mary Margaret Wendell to be her maid of honor. The six bridesmaids will be Janice Salisbury, sister of the bridegroom-elect; Elaine Kleinschmit, a cousin of the bride-elect; Mrs. Fred Post, of Chicago; Justine DePetris, also of Chicago; Martha Metzler, of Decatur, Ill.; and Muriel Collins, of Glencoe, Ill. Pat's little niece, Susan Kleinschmit, will be flower girl.

Arthur Kleinschmit, Jr., will be the best man. The ushers will be Clarence Kleinschmit, Pat's brother; Harold Havre, of Piedmont; Robert Brown, Herbert Bartlett, Herbert Mendelson, Jr., and Fred Post. Also a member of the wedding party will be young Arthur Kleinschmit III, who will be ring bearer.

The many parties honoring the bride-to-be are well underway. Last Friday Elaine Kleinschmit was hostess in her home on Muirland avenue for a table top shower. Next Saturday Justine DePetris will honor Pat at a

luncheon and kitchen shower to be held at the Grosse Pointe Yacht Club.

Both Pat and Charles, the son of Mr. and Mrs. Charles R. Salisbury, of Piedmont, Calif., will be honored at a dinner and gadget shower on Sunday evening with Dr. and Mrs. William Moffett and Mr. and Mrs. John Palmer Hodges as joint hosts. The following day Mrs. Clarence Kleinschmit will be hostess at a tea honoring the bride-elect in the home of her mother, Mrs. Herbert Bartlett on Kenwood court.

The spinster dinner will be given on Thursday evening at the Whittier, with Mary Margaret Wendell as hostess. That same evening Arthur Kleinschmit, Jr., and his father will be co-hosts for the bachelor dinner. On Friday the bride-elect's parents will be hosts for the rehearsal dinner at the Statler, which will be preceded by a cocktail party given by the junior Arthur Kleinschmit in their home on Lochmoor boulevard. After the wedding ceremony, the reception will be held at the Grosse Pointe Yacht Club.

We often learn to make a living without ever learning to make a life.

Miss Moorhead Pointer's Bride

Effie Lou Moorhead, daughter of Mr. and Mrs. Blair Moorhead of Anita avenue, Grosse Pointe Woods, was married on October 19 to Dewey W. Williams, son of Mr. and Mrs. William Williams of Ridgemont avenue. The ceremony was performed in the Penthouse Tower rooms of the Metropolitan building.

Officiating at the double ring rites was the Rev. C. J. Kepple, pastor of the First United Community Church.

Following the ceremony a buffet luncheon was served in the Tower to 150 guests and a reception was held later in the home of the bride's parents.

Effie Lou's bridal gown was of embroidered white illusion net with a sweetheart neckline. A tiara of seed pearls held her illusion veil and she carried a cascade bouquet of white carnations. Miss Hildegard Brauns was her only attendant. She wore an aquamarine illusion net dress, with a headdress of red roses and a bouquet of American Beauty roses.

James E. Hallead was Dewey's best man and Don Conley, John Hughes and John Moorhead, brother of the bride, seated the guests.

Dewey is a graduate of Grosse Pointe High and served for the past three years in the South Pacific and China Theaters with the Marine Corps.

The young couple are now honeymooning in Canada and upon their return will live on Nesbitt avenue in Grosse Pointe Woods.

Local Women Helping Put Chest Drive Over

Many Social Leaders Busy Directing Units and Canvassing for \$5,800,000 Goal Set in Annual Campaign

Grosse Pointe's social leaders have added the red feather to the list of requisites for the well-dressed woman of the month. As the 1947 Community Chest campaign gets underway, they will be working industriously for Grosse Pointe's contribution the \$5,800,000 goal set for this year.

Holding top responsibilities in making Grosse Pointe's drive a success is Mrs. Thomas F. Padlock. As a vice-chairman of the Metropolitan Unit, she will organize workers in the Grosse Pointe and Indian Village areas. Mrs. James B. Webber, Jr., who has been receiving first hand information about the drive from her husband, who is general chairman this year, will be busily scouting about collecting those contributions.

Mrs. Max Stringer and Mrs. Alfred H. Whittaker are zone captains, their main job being to organize the workers. Directing solicitation in Grosse Pointe will be Mrs. Howard M. Bingham. Her sister-in-law, Mrs. Richard W. Jackson will be soliciting for contributions. Out in Bloomfield Hills, Mrs. Charles T. Fisher, Jr. will be assisting the Women's Committee for the drive.

Mrs. Edsel Ford and her daughters-in-law, Mrs. Henry Ford II and Mrs. Benson Ford will all be taking an active part in assuring the success of this year's Community Chest. Mrs. Edsel Ford's interest in the drive started many years ago when she

How to Store Potatoes

Since light causes potatoes to turn greenish and taste bitter, they should be covered with cloth or paper or stored in a dark place—preferably where the temperature is about 40°. Below that, there is danger of freezing. Be careful not to bruise, as bruises open the way for decay.

A word to the wives is sufficient... and that word is "hurry!" For you can keep these firm, thick-skinned potatoes all winter long but we can't... not at A&P's thrifty prices. In fact, we predict that they'll be snapped up in no time by smart shoppers who recognize a good buy when they see one. So if you want your share of our Michigan beauties, better borrow the family car, express wagon or baby carriage, and come and get 'em today!

PERSONAL APPEARANCES

One of the most eye catching costumes at a recent wedding was that of HELEN LIVINGSTONE'S. A beautifully draped black satin gown worn sans chapeau made an excellent foil for Helen's golden locks. I don't know whether Helen most became the gown or the gown most became Helen, but together they were becoming.

I never saw VIRGINIA PADDOCK look as well as she does in that brown crepe outfit—the gold clips at either end of the slash across the front are a snappy touch and that cute poke bonnet effect of brown felt with the Kelly green ribbon worn with it, adds the final fillip.

FLORENCE SATTLEY gets our vote for being one of the best and most tastefully dressed gals in the Pointe and she exemplified our right choice once again when seen in a deevine dull black crepe, (known as the basic black), adorned only by a beautiful diamond brooch and worn with the best looking hat we've seen this fall. This consisted of a sort of half hat with a great fluff of opey at one side and a veil of the same shade. This had chameleon-like quality; in some lights it appeared to be the palest of blues and in others grey or buff color. Whatever it is I know where she can find a buyer should she wish to be a seller!

SWANK: Elsa Maxwell engaged in a social exchange with Toots Shor, the restaurateur. Miss Maxwell mentioned her intimate friend, Barbara Hutton, Shor, unimpressed, replied, "As a matter of fact I don't want her in my joint!" "You mean," asked the overwhelmed Elsa, "that you honestly don't want Barbara Hutton to be a steady customer in your place?" "Who needs her?" was the restaurateur's frank answer. "She's always on a diet and she doesn't drink."

Pointers of Interest

MR. JAMES CURTO OF RIVARD BLVD.

By Olive Larned

Seventeen years ago a son was born to Mr. and Mrs. James Curto and this event created the desire in Mr. Curto to start a collection which would grow through the years with the growth of his son, increasing in value as time went on and making an interesting heritage. At this time he was given an 1802 penny and this furnished the incentive to start a coin collection.

His first step was to get in touch with coin dealers, several of whom he found in Detroit. One of these dealers, Mr. William Fratcher of the Michigan Stamp and Coin Co., was, and still is, his mentor. In 1928 Mr. Curto joined the Detroit Coin Club and later became president of the organization. He is also a member of the American Numismatic Association and the American Numismatic Society.

Mr. Curto says that a collector, as a rule, starts with the coins of his own country and then specializes in coins of one denomination. The condition of the coin is most important. A collector wants his coins unused if possible. Most people have the false belief that any old coin is valuable because of its age, but this is not true.

Mr. Curto says, "A rare coin is so classified due to the low number coined and the condition; the finer the condition the rarer the coin. The aim of all collectors is to secure all coins in as near mint condition as possible." The three mints in the United States are located at San Francisco (coins

from this mint bear the letter S); Denver, whose coins are marked with a D, and Philadelphia, whose coins have no mark. The coins from the San Francisco and Denver mints are more valuable because their coinage is less than that of Philadelphia and scarcity increases the value of coins.

"The Numismatist," a magazine for the coin collector, published in 1933 an article by Mr. Curto on the scrip used in Hamtramck during the time the banks were closed. His next article dealt with the scrip used by the Dearborn Board of Education. He had seven articles published last year and one, entitled "Preservation and Restoration of Paper Money" was awarded the prize by a jury of seven Eastern editors. Mr. Curto's interest, in the main, is in Michigan scrip and tokens.

Mr. Curto is considered an authority on Sutter tokens, being the author of the first compiled list of Sutter tokens to be published. This is a fore-runner of a new series which will deal exclusively with tokens issued by and for the armed forces of the

United States. Included in this series will be Sutter tokens, Post Exchange, Canteen, Ships store, Indian Traders and tokens used in frontier forts, camps, barracks and clubs. Henceforth the coins of the Armed Forces series will be numbered according to Mr. Curto's compilation.

Some men spend their vacations hunting game; Mr. Curto spends his in hunting unlisted varieties of mining scrip and tokens and his leisure in writing about them. He says that the most popular series of United States coins are those known as the "commemoratives." As may be inferred from the name, these are coins issued to commemorate an special event such as a centennial or world's fair.

Mr. Curto has an extensive and more interesting collection, including Indian wampum, and wooden coins, and he laughingly remarked that he was indeed fortunate in possessing a wife who sympathized with his hobby as more and more space in their home had been required for his collection as it grew through the years. He added that he would be very happy to advise or talk with anyone who is interested in coins and is sure that anyone taking advantage of his gracious offer would be greatly benefitted, as Mr. Curto is so eminently qualified in this line.

Questions and Answers Forum

By Barb Beranek and Mary Londres

Dear Barb,

Here I am trying to write you a letter and surprisingly enough I have nothing to write. Nothing... that's quite a subject. What is it? It probably is when you go to the grocer and ask for one lamb chop and he heartily responds, "Sorry." Then you half ask, in a whisper, "Any soap?" His quaint reply, "What do you want?" "Oh, nothing. Well, thank you, anyway." With that you walk to the door. Just at that moment the delivery boy is opening the door on the other side and you receive the worst half of the deal. Swearing under your breath, you glare at him and he returns with, "Huh?" "Oh, nothing," is your intelligent answer.

Or, when you've finished eating a piece of cherry pie, and look down at the empty plate and your very existence has vanished forever to a place of utter darkness you know nothing of, except for the fact that it feels a little heavy at this time.

The nothingness between one telephone pole and another, one Democrat and Republican, the bridge party on October the tenth and the one on November the tenth. All these things (and more) play a part in the life of our western civilization. But, I sometimes wonder if most people bother to think about these matters. Anyway, you can be sure the subjects won't be brought up in Congress.

I would imagine that to most students of learning the vocabulary words, Saskatoon, deuterocanonical and so forth, mean absolutely nothing. Even I had a little trouble—but they are in the dictionary—I should know.

for it took me two hours to find them.

Of course, the expression of nothing on one's face when a multitude of friends ask you such delightful questions as, "Why do the birds fly at north-west angles?" "Why does paste stick?" "Why doesn't the world end?" "How come the word pheasant starts with 'p' instead of an 'f'?" All these and heaven, too, you do not understand. Speaking of heaven, I wonder if the population really plays harps, and if they do, are they ever flat?

You know, there really is nothing quite so clear as a blank page. That absolutely nothingness boosts one's ego. It gives one a feeling of superiority. Did you ever fall off a log? Well, I haven't either, but there must be a feeling of nothing

when you're in the air. Could it be?

Remember last summer when one stinky fly was bothering you during that balmy sun bath you were indulging in, and every time you went to swat it it just wasn't there? In its place was nothing. It certainly was a good feeling swatting nothing, especially when under that nothing was your nose. Well, anyway, you always wanted a different shape. But I really don't believe that particular one suits you.

As I so aptly heard it said once, the nothingness of the inside of out, or visa-versa (if you get what I mean). How about explaining it to me? After all, you're the intelligent half of our whole. Explain that one, too.

As I've already hashed this over pretty well, I now refuse further worry about this grave problem. Besides, I have nothing more to write, so—

As Ever,

MARY.

HI-LITES

By PAULA BEAUPRE

On Friday night, NANCY STAHL gave a party for some of her feminine friends. The group started out at the Punch and Judy then topped the evening off with cokes and potato chips at Nancy's dwelling. Nora Allord, Dodo Backman, Joanne Athanson, Jo Mannino, Marty Mauer, Bark Kelly and yours truly were some of the gals who joined in the merry-making.

JO MANNING played hostess to the same group of girls on Sunday afternoon. After taking in a movie, the lassies raided the Hawthorne House-icebox, which provided them with chocolate pie and peppermint ice cream.

Another group caught the early train to Ann Arbor this week end to see the Michigan-Illinois contest. Football enthusiasts, BETTY HUETTEMAN, JEAN KULKA and JOAN KRAUSMAN were the lucky "3" for this week.

Even more students thronged to the Youth Club Party this week than last. It seems as if these Friday nite dances are going to be real successes if you can judge by attendance of the fellows and gals. Some of the huge crowd seen playing ping-pong and dancing were: Sally Nacy and Vince Oliver, Marg Clark, Jack Auckland, Joan Beaupre, Rosemary Wrubel, Joan Carrier, Ellie Allard, John Hutton, Philip McGahey, Betty Sheridan and Al Moir, Tom Dietz, Nancy Rockwood, Henrietta Sutton, Bob McBride and Joanne Krehnbrink, and Don Williams.

Others gathered by the "juke box" included: Jack Clarke, Ed Rotarius, Jane Lodewyk and Fred Maddock, Chris Woe and Jack Trombley, Ed Quirk, John Poppreuter, Pierre Belanger, Charles Bould, Bob Van Tiem, Bob McLaughlin, Alice Fauser, Margaret Wortley, Phyllis and Eileen Moore, Bob and Bill Sharp, and Jim Shane.

The U. of D.-Drake game began the evening last Friday for George Heidt, Ted Vernier, Ray Huette-man, Don Simpson, Ralph Cender, Bob McBride, and Al Campenhaut. After the football game, the fellows stopped at school for the Youth Club dance then continued on to AL CAMPENHAUT'S house for a get-together, which climaxed the strictly stag evening.

Another gathering of girls started their evening of fun at the Punch and Judy. After the movies, the girls trekked over to MARY LOU VERNIER'S home for eats and refreshments. Carol Staub, Nancy Downey, Judy Henneke, Mary Lou Vernier were included in the list of party-goers.

The "SPINSTERS SPIN" is being sponsored by the Juniors this Friday. Its time now for the girls to do the asking, cutting in, and (incidentally) pay the check! Ask your fellows now and be at St. Paul's on Friday at 9 p. m. Let's see everyone there!

St. Paul will challenge Annunciation this Sunday in the sixth game of the season. The kickoff will be at 2:30 p. m. at Grosse Pointe High field. How about a big turnout here too!

Studies Public Administration

John P. Keith, formerly of Oxford road, recently began studies at the Institute of Public Administration in New York City leading to a degree of Doctor of Public Administration.

Mr. Keith, who attended Grosse Pointe High School before entering the University of Arizona, is a member of the first class accepted by the Institute since before the war. The Institute has been a pioneer in the field of training for government since 1906, when it was founded as the New York Bureau of Municipal Research.

After receiving his B.A. degree from Arizona last year, Mr. Keith attended summer school at the University of Michigan. He completed his graduate work for the degree of Master of Public Administration at Wayne University.

Service as you like it is rendered by the "Hourly Aide." This efficient organization under the wise guidance of MRS. WILLIAM K. WILLIAMS of Beaupre road, is prepared to offer you household assistance in the form of children's nurses (who will sit—but only when there's no work to be done!), maids, cooks, waitresses, stamstresses, butlers and gardeners. These assistants may be procured by the hour. Laundresses and cleaning women are provided for as long as you please. Maids, cooks and waitresses may be secured as "fillers-in" on a temporary employment basis. For "HOURLY AIDE" call Nlagora 0792.

Speaking of household assistance, have you seen the new "Lectrik Silver Kleener plate," at the Grosse Pointe Hardware? It is guaranteed for five years. That ought to assure its sale, but the manufacturer knows that it's so good that he offers you your \$2.50 back if you are not satisfied, and he isn't running any risk, believe me. The method of cleaning is so simple—even Mortimer Snerd could do it! Just put the plate in a pan of warm water, add a pinch of salt and your silverware and watch the tarnish disappear—it is possible to clean about 100 flat pieces in one minute—sounds like magic, doesn't it? and think of the saving of wear and tear on fingers and dispositions! Is the silver wearing off of your silver plate? Don't despair—"Nu-Silver" will make it like new. This product has pure Government Treasury Department domestic silver in it and will put a coat of silver on any metal such as copper, brass, bronze or zinc. Not only the clouds have silver linings, the Grosse Pointe Hardware provides them too.

You may not have the Duchess of Windsor's jewels, but then neither has she! But for those that you do have, FEPETS have the loveliest new jewel cases made of silk. These are suitable for the top or drawer of a dressing table and make excellent traveling companions as they are so light. Another traveler's aid is the silk cosmetic bag with separate spaces for creams and lotions. There are so many pretties—and "practicals"—stocking cases, lingerie sets, pin-cushions and a delightful pin roll, containing of all things, pins! needles, thimble, and 11 threads. A most acceptable gift—acceptable to anyone's purse and anyone would be grateful to accept—consists of a "make up" cape of washable material, a washcloth case—and "Dento-pak," a plastic case containing a short handled tooth brush and small tube of you can imagine what all for \$3.75. These may be purchased separately, natchelly and I can think of many reasons for carrying "Dento-pak" in one's purse—need I say more? There are hankies and hankies and hankies to appeal to all tastes—"some for show and some for blow" but for Christmas gifting, it will be wise men and women who do their selecting early at FEPETS.

You know that charming old English song, "Who'll buy my violets?" PASELK could never sing that—everyone buys his pots of Russian or African violets, (the name means nothing—they are the same violets.) They should be kept in the light, but not in the sunlight—they bluster just like redheads do under the sun's rays. Be sure to water them from the bottom, and when the blooms fade, remove them to permit new blooms, otherwise they will go to seed. Never allow them to stand in the water in a saucer continually—they don't like wet feet any more than you do. Mr. PASELK knows; they told him so. Bring a breath of the woods into your home with these violets. They make for happiness.

Those who have been in the Army may not wish to be reminded of their service, but they will always want military brushes and PROPER'S have the best looking sets in saddle leather cases. The brushes have nylon bristles and lucite backs and are yours for \$10. Let me remind you that handkerchiefs, robes and scarfs to be hand-monogrammed for Christmas gifts must be chosen now. Do not put off until tomorrow, what you hope to have for December 25th. For your convenience PROPER'S will be open Thursdays, Fridays and Saturdays until 9 p. m. until you can guess when.

Everyone knows, or should know, the exquisite perfumes of Reta Terrell obtainable at KOPF'S but did you know that they are made only from white flowers? Miss Terrell says, "Where nature denotes color to the bloom, she compensates by endowing it with a richer, more exotic scent." And she finds that her perfumes have an unusually deep and lasting fragrance. Some of them are English white lilac, white camellia, freesia, gardenia, white heliotrope, Russian white violet, lily-of-the-valley and one she calls, "Ochi Chornia" ("Dark Eyes") whose essence is derived from the white tobacco plant—when you wear that, I bet smoke gets in his eyes! These intriguing scents come in perfumes, toilet waters, bath oils, skin sachets and bath powders. A pillow of sachet having a glass flower bouquet and tied with satin ribbon contains a perfume bomb for rescenting when the original fragrance becomes faint. The gift packages are adorable and include scented lingerie and hankie cases. This is a case where not only seen' is believin' but smellin' will convince you and KOPF'S will be only too glad to convince you.

PETER PAN has items of interest for the very young men about town, sized 2-6 and such smart items, solid colored cotton Jersey shirts, to be worn with all wool plaid or shepherd checked shorts—\$4.95—made me wish that I had a young squirrel to dress. The camels hair and Melton cloth coats made me think of "like father, like son" and there are leggings and caps to match—these are only for son. The latest in leather jackets (Capekin) are trimmed in calfskin, hotch! These are in size 2 to 8, for \$16.95. Item of interest—the Boys' department formerly catered only to those up to size 8, but now Peter Pan is prepared to take care of young men up to size 12. There are overcoats in larger sizes, and alpaca lined macinaws, the latter in water repellent material—sizes 6-12—\$13.50. Please tell PETER PAN I told you this good news.

A leopard is known by his spots and so is a careless person. No matter how careful you are there comes a time in the life of all clothing when the decision must be made to leave home and go forth in search of cleaning. Fortunately, you have the choice as to where your clothing will go and I hope that you will decide to let the QUEEN CLEANERS show you what an excellent job they can do. Of course they do all types of cleaning, but all of 4100, or if you want to be thriffter, go to the QUEEN CLEANERS' Kercheval avenue branch, between Neff and St. Clair.

Grosse Pte. Runs Rampant Over Highland Park, 22-0

Serra and Johnny Rummel Big Factors in Victory. With Ed Isbey Also Playing Usual Stellar Brand of Ball

By FRED RUMNELLS

Outplayed in the early stages of the first quarter, a scrappy Grosse Pointe football team Saturday fought back doggedly to run rampant over the hapless Highland Park Polar Bears to the tune of 22 to 0 and vault back into a challenging spot in the Border Cities League race.

Before a capacity crowd of screaming, deliriously happy high school students and parents, the Blue Devils served fair warning on the Fordson Tractors, their next opponents and arch rivals, that next Saturday's annual battle will be no taffy pull, but a knockdown dragout battle which could see the Pointers tied for second place in the Border Cities League standings, if they are victorious.

The Blue Devils want this game because of the possibility of a Fordson victory over the Wyandotte Bears, one week hence, which could tie the three teams for first place in the final standings.

Highland Park threatened twice during the first quarter when two pass plays put the ball on the Blue Devils' 11-yard line. At this point the Pointers got the best break of the game when a holding penalty against the Parkers nullified the second pass, which had netted a 38-yard gain, and put the ball back to Highland Park's 35. Up to this point the Blue Devils were definitely victims of a natural letdown after their hard game against Wyandotte a week previous, and it looked very much as though the Parkers would spring a surprise upset.

The Parkers tried valiantly to duplicate that pass play on third down but Louie Champagne knocked the ball out of the receiver's hands on the 9-yard line and the Parkers were forced to kick out of bounds on the Blue Devils' 23. Nick Serra and Ed Isbey took over at this point and in four plays put their team out in front, 7 to 0. Serra cracked the center of the line for no gain on first down but Isbey surprised the Polar Bears on a beautiful fake pass and circled his own right end to carry the ball to midfield. Serra on the next play chugged through a hole in left tackle and smashed his way into the open. No less than five men hit him in his struggle to get free but he successfully shook himself clear and romped to the one foot line before he was pulled down from behind. Isbey circled right end for the score, with Flom throwing one of the prettiest blocks on the last man between Isbey and the goal line.

"Big" Flaughier split the up-rights with his kick and the Blue Devils 90-piece band accompanied the cheering spectators with a rousing tune. Highland Park threatened the Blue Devils goal line again shortly after Flaughier kicked off to Williams, who took the ball on the 3-yard line and raced back to his own 40. From here the Parkers uncorked a beautiful passing attack which carried the ball down to the Pointers' 7-yard line. They could go no farther when the Blue Devils dug in and took over on downs.

Big Johnny Rummel rocked the Parkers back on their heels with a booming punt to the Highland Park 40. The Parkers were not discouraged and opened up again with their aerial circus but this time Allen intercepted on his own 27 after Serra had deflected the ball away from the intended receiver.

The balance of the first half saw the Parkers trying desperately to score through the air, but each time the Blue Devils rose to the occasion and intercepted or held on downs to stymie the Parker attack and the score stood at 7 to 0 in favor of the Pointers at the half time intermission.

The spectators enjoyed an unusual treat during the intermission when the Grosse Pointe senior band and the white-trousered Brownell Junior High band combined to go through a series of marching formations to appropriate tunes. The best formation was a huge clock with the hands pointing to the correct time, 3:35. A whistle sounded, the drummer began tapping out the seconds and the minute hand, formed by

a line of Brownell band members, began marching around the face of the clock. They stopped at 3 o'clock and a bell tolled out the chime. The line continued around the face of the clock until it reached the correct time of 3:35. Much space could be devoted to the bands' performance but we will just offer congratulations to the persons responsible for such a wonderful show.

Highland Park put the Blue Devils in the hole beginning the second half when the kickoff got by Isbey and rolled to the 8-yard line. It was Johnny Rummel who came to the rescue again. Standing in his own end zone Rummel got off a beautiful kick which carried to the Highland Park 18-yard line, a boot of seventy yards. It was the same Rummel who set the stage for Grosse Pointe's second score when he intercepted a Parker pass at midfield and raced back to the Parkers' 43 before being stopped. On the second down Isbey faded back and tossed a long pass to Don Beck, on the Highland Park 12, who took the ball on a dead run and scored standing up. Flaughier's kick was good and the Devils held a 14 to 0 advantage.

Again the Parkers took to the air after the kickoff but after two first downs were forced to kick to Champagne who returned the ball from the 20 to the 27. Three plays netted nothing and this set the stage for Grosse Pointe's safety. Rummel, kicking from his own 17, sent a low punt down into the end zone where it was picked up by Romeo but before he could get out of danger Dan Beck nicked him with a flying tackle and knocked him to one knee and the officials ruled it a safety good for two points for the Devils.

Rummel put the Parkers deep in the hole at the close of the third quarter with another of his long punts which "carried" to the Parkers' goal line where Romeo took it and brought it out to the seventeen as the quarter ended. A five yard penalty and a 9 yard loss on the second down put the Polar Bears back on their own 3 where they were forced to kick from Isbey took the kick on the Parkers' 35 and was stopped cold. Highland Park received a 15-yard penalty for unnecessary roughness and the Blue Devils were in scoring position on the 20. Three line plays netted a first down but a fifteen yard penalty put the ball back on the Parkers' 23.

On fourth down Isbey skirted his own right end, did a tight rope act along the sideline to score the final touchdown of the game and put the Blue Devils far out in front, 22 to 0, as time was growing short in the last quarter.

Flaughier's try for the extra point was wide. Isbey and Rummel were by far the outstanding offensive players. Ed Isbey was the outstanding offensive player of the game, scoring three of Grosse Pointe's touchdowns and passing for the fourth.

Rummel's punting kept the Pointers out of trouble all afternoon and Earl Brabb, acting captain, Jerry Allen and Kidd were the standouts in the forward wall.

Hobby Termed Far Too Noisy

A citizen of the City living in the 800 block of Rivard boulevard, had installed a fairly well equipped small machine shop in the basement of his home, where he enjoyed many pleasant hours repairing parts on automobiles and trailers, "just as a hobby." The neighbors however were not in sympathy with the hobby and filed a complaint with the police on the score of noise at unholly hours.

Furton's Team Tops St. Paul's

The latest report on the standings in the St. Paul Bowling League shows that Harry Furton's team is still riding high in first place with 11 games won as against 6 lost for a total of 16 points.

Snapping right at Furton's heels is Billiet's squad with 12 won and 5 lost and a total of 15 points.

Furton's team also holds the distinction of having rolled the highest three game score of 2684 along with the high single game of 998.

C. Trombley broke the Furton monopoly by taking over the high individual three game score with a 604. Furton holds the high individual single game score with a 257.

Independent Loop In Mad Scramble

After another hectic week of bowling 14 of the 15 teams in the Independent Bowling League find themselves in a mad scramble for second place. Only four points separate the second place team from the cellar dwellers.

Merle retained first place by taking three from the S and M Bar squad, while Whittier Cleaners moved into a tie with Horn Fuel and Supply by taking 3 from Kuryla Motor Sales.

After dropping the first two games Springer Shoes busted out with a grand 976 which enabled it to split with Horn Fuel and Supply. This was the best match of the evening with William Ebling and Walt Springer leading their team with 570 and 566 respectively. Lewis Ritz rolled a 576 for Horn to lead both teams.

Jim's Bar was the only team to score a clean sweep when it took four from Abrasive and Supply. Jim Cragh rolled a nice 579 series for the winners.

Dillon and Form Rite split as did Town Pump Cafe and Kercheval Machine.

Al Long's took 3 from Hakini Pointe High School, was recently did the same to Star Bar. Falcon Recreation took it on the chin by losing 3 to Kubiak Jewelry while the Harper-Berkshire Service was losing three to Jack's Service.

The big idea in life is not to be "as good as the average," but to raise the average.

National Golf Meets Allocated

Plum Hollow was officially notified that the 1947 National PGA championship had been awarded it, and that the event is planned for June. The exact dates have not been set as yet.

The PGA expects the Ryder Cup series, involving teams of professionals from Great Britain and the United States, also will be renewed next year.

The National Open is slated for St. Louis Country Club, June 12-14. Fred Corcoran indicated that the Ryder Cup series may precede the Open. Then the PGA championship will be held after the Open, enabling the British professionals to compete in all three events.

There is a possibility of several other major changes regarding the 1947 PGA championship, Plum Hollow officials revealed. The tournament may be lengthened to eight days so that all matches will be 36 holes, with the championship final on Tuesday instead of Sunday as in recent years.

Veterans Council Given Support

The Park and Farms have both voted to pay their share of the budget set up by the Pointe Council of Veterans Affairs to extend its operations until next March 15.

Both of these villages had council meetings on November 21 and gave their approval for the appropriations. The Park will pay \$1081.22 and the Farms \$974.10.

The Woods and Shores and Gratiot Township are all expected to approve payment of their share as soon as their governing bodies meet. The City of Grosse Pointe, which refused to appropriate previously, was not asked to participate this time.

Second Stringers Conquer Royal Oak by 31-0 Score

Fake End Run Play Staged Successfully for Two Counts by Cal Purdy and Bob Hansen; Tom Follis Plays Well

Scoring twice in the first quarter, once in the second and twice more in the third, the Grosse Pointe reserve football squad swamped Royal Oak, 31 to 0, last Wednesday on the Acorns' home field, ending a two game losing streak.

Grosse Pointe lost little time breaking into the scoring column when right end Bill Beardslee took the opening kick off on his own 35 and ran it back to the 10. Three plays later, right half Don Miller scored standing up on a twenty yard end run.

Left half Tom Follis had previously put the ball in scoring position with a beautiful piece of running when he skirted right end for twenty yards. Quarterback Cal Purdy passed to left end Bob Hansen for the extra point and the Blue Devils were out in front, 7-0.

Center Johnny Corfield kicked off to the Acorns and the ball was carried back to the 34. On the first play Royal Oak tumbled and Miller recovered for the Devils. Eight plays put the ball on the Acorns' 20. A beautifully executed fake end run saw Purdy passing to Hansen on the opposite side of the field. Hansen caught the ball with not a man within twenty yards of him and had little trouble stepping off the remaining distance for Grosse Pointe's second score. Corfield's try for the extra point was low and the score read 13 to 0.

Royal Oak received the kick-off opening the second quarter and after making a first down was forced to kick. Captain Tommy Anton broke through the Acorns' forward wall, blocked the punt, picked it up and ran ten yards before he was brought down by three Acorn tacklers on the Royal Oak thirty yard marker. Two end runs netted twenty-nine of the necessary thirty yards when Ed Latimer swept around left end for fifteen and Tom Follis skirted the other end for fourteen before being brought down from behind on the one yard line. On a quarterback sneak Cal Purdy crashed through the seven man line for the Pointers' third score of the game. Follis dropped the pass for the extra point, but Grosse Pointe held a commanding 19 to 0 lead.

Although the Blue Devils didn't count again in the second period they did have the ball on the Acorns' one yard line as the half ended. Clark McPhail's interception and run accounted for this.

Grosse Pointe kicked off to the Acorns to start the second half and after Royal Oak had chalked up its second first down of the game Hansen recovered an Acorn fumble on the Royal Oak 35.

Follis picked up six yards around right end and then Purdy and Hansen combined on the same fake end run that scored the Devils' first touchdown to

eat up the remaining 29 yards for the Pointers' fourth score of the game.

Captain Anton tried to drop kick for the extra point, but the kick was low and Grosse Pointe led 25 to 0.

A few plays later Tom Follis turned in the longest run of the day when he intercepted a pass intended for a Royal Oak end on the fifty yard line. Follis appeared to be stopped when he was hit by one tackler on the 45, but he spun away and went the remaining distance untouched.

Anton faked a drop kick and passed to McPhail in the end zone, but the referee ruled McPhail was outside the end zone and nullified the extra point and the score stood at 31 to 0 in favor of Grosse Pointe.

Royal Oak crossed into Grosse Pointe territory for the first time in the game at the start of the fourth quarter when it traveled to the Blue Devils' eight yard line with twenty-five yards of the advance coming through penalties.

The Blue Devils' offense looked sharper of any time this season and the blocking was crisp, but the tackling still looked a little on the weak side.

The final statistics showed that Grosse Pointe had to punt only once and gained an amazing 294 net yards from scrimmage.

Musical Arts Club To Meet November 7

The Musical Arts Club will hold its second meeting of the year on Thursday, November 7, at the home of Ardyth Thompson. Virginia Junker will be co-hostess.

The program will be presented by Edith Costley and Gertrude Perry, pianists; Lucile Schleicher, vocalist; Gertrude Kleiman, violinist; Ardyth Thompson and Allison Kirby, accompanists.

A book review of the "Life of Clara Schumann" will be given by Emily Haus. Mrs. Wayne Donaldson of Rivard boulevard is publicity chairman of the club.

Party to Benefit Crippled Children

The annual Games Party of the Junior Auxiliary of the Michigan League for Crippled Children is being held Friday, November 1, in the Grand Ballroom of the Hotel Statler.

All proceeds from this event are used to operate and maintain the Juniors' Cabin at Camp Grace Bentley, the largest cabin at the camp and used for the older crippled girls.

The party is open to the public and tickets may be obtained at the door.

Girl Scouts' Window Display at Jacobson's

Mrs. Sidney H. Morgan, heading a committee composed of Mrs. E. G. Klaver, Mrs. Howard Parfitt and Mrs. Gerald Schneider, have completed the dressing of a window donated to them by the Jacobson store on Kercheval for a most attractive display of the activities of the Girl Scouts of Grosse Pointe. The Grosse Pointe Girl Scout Council directs the work of this fine organization for womanhood development in this area.

The display is the Scouts' contribution to the advertisement of the Community Chest campaign this year.

Unwelcome Caller Goes His Way, Unmolested

A resident of Yorkshire road phoned the Park police headquarters on Saturday, October 19, that there was an unwanted solicitor at her door. The Park village, in common with other of the Pointe communities, attempts to prevent door-to-door soliciting for any purpose, as seems to be the desire of many of the residents.

Officers G. Boone and Kesteloot were hurried around to see who the unwelcome caller might be. It turned out to be an agent of the Jehovah Witnesses.

With U. S. Supreme Court decisions and all such embarrassing impediments against police action, no effort was made to get even a long ranged view of the late caller.

America chose bureaucracy instead of inflation and now has both. — Union-Banner, Clanton, Ala.

Jacobson's Plays Host to 'Teen Agers

A COKE PARTY given by Jacobson's Saturday morning attracted more than 200 students of Pointe high schools to the popular store on Kercheval avenue. A juke box was set up in the 'Teen Department and coke and potato chips were consumed with gusto and in great quantities. Three models showed the girls what the well-dressed, young lady is wearing this season. The party lasted from 9:30 a. m. to noon.

No happier bunch of young folks ever left the Pointe to go places and see things than the 18 who headed for the east with CHET SAMPSON in his enticing new station wagon. The hearts of Janice Skillman, Alice Corey, Janet Johnstone, Helen Schultz, Julie Bowman, and Joan Blanchard were agog Thursday noon at the thought of drinking in the sights of West Point, Niagara Falls and New York City. Kaye Kernkamp, Harriet Cotton, Mary Bauman, Janet Hobson, Eunice Jodan, Polly Wilton, Lesley Yeager, Pat Stewart, Martha Wetherbee, Jean Dowzer, Donna Scott and Marian Smith were more of the enthusiastic travelers whose topics for English composition this winter, will cover Rockefeller Center, radio broadcasts, highlights of New York, and memorable incidents along the way.

There were hay rides and more hay rides this week-end. A group of fellows in the sophomore class at G.P.H.S. schemed up a Thursday evening of frolicsome entertainment. Marilyn Wroblews with Joe Fromm, Sallie Hoyt with Stuart Ward, Joyce Culehan with John Corfield, and Gloria James with Jerry Webster. Others on the wagon-load of hay were Lois Buck and Bob Coleman, Phyllis McRae and Tom Antom, Joanne Quandt and Bob Temple, and Bonnie Lee and Mike Bigley. After the ride they all went over to TOM ANTON'S house to roast hot dogs over his recreation room fireplace.

Friday and Saturday nights were full of gaiety for the Pierce gang. PAT SAVAGE and MOLLY MURPHY gathered their friends together for a hayride Friday, which was a wonderful opener for a busy week-end. Then on Saturday, ANN HOFFMAN did the entertaining for the same group with a scavenger hunt.

After the hayride Friday, the kids whiled away the rest of the evening at Pat Savage's with games, dancing and food. Among the lasses were Betty Hoyt, Alice James, Frannie Townsend, Ann Hoover, Ann Hoffman and Dona Hewitt. The lads included Jim Comins, Herb Larkins, Tom Dau, Eugene Halbrook, Dalles Kitchen, Don Courty and Winnie Likert.

The yard of Ann Hoffman's home in St. Clair Shores was decorated with pumpkins, cats, ghosts, and corn stalks. Following the scavenger hunt, hot dogs were roasted over the fire, and cider and donuts were served. The rest of the same crowd were Alice Robertson, Dona Steenrod, Elaine Brodeur, Pat Lee, Elaine Otto, Jim Daugherty, Burt Larkins, Eddie Anderson, Johnny Applegate, Bob Howe, Weldon Follin and Russell Greig.

There was lots of fun and excitement out at the Lazy-J Ranch Friday when TUXIS, threw a huge party. Dancing, a hay ride, and hot dog roast, plus many other amusements occupied the couples of fun-makers. There were Carol Howell, Carl Smith,

Bunny Shipton, Bill Schroeder, Dolores Deck, Bill Joop, Janie Leininger, Jim Trousdale, Tish Hosmer, Milt Setzer, Meeky Van Zanen and Gene Stebbins. Others were Sallie Hoyt and Stuart Ward, Jean Jorstad and Jack Flattery, Carol Hawksworth and Don Savage, Marilyn Hirt and Randy Zeeb, Vonnie Wegman and Don Floer, Dorothea Davis and Ron Dykstra, Marilee O'Brien and Dick Horseley, Mary Gratzler and Dick Nightingale, Joyce Hartung and Frank Reid, Jean Shortkroff and Jim Findlay, Helene Himmelstein and Bill Hooper, and Joy Heidrick and Dave Hunter.

Dancing at the GROSSE POINTE YACHT CLUB beckoned many teen-agers Friday. Doris Rempter was there with Skippy Villeneuve, Norma Steenrod was with Bob Peterson, Barbara Peterson with Bob Fosmoe, Joan Schmidt with Bob Beaupre, and Ellie Hewitt was with Earl Lapp.

Numbered among the Friday night slumber parties was that of PHYLLIS COBB who invited several of her girl friends over to roast wienies and marshmallows over the fireplace. Doris Sims, Lucy Hynds, Erma Hocking, Nancy Buswipka and Elizabeth Corr were there.

It was a long jaunt, but they made it! Marge Schulte, Bunny Shipton, Doris Willson, Elaine David, Shirley Davis and Virginia Becker hiked all the way from the Alger Theater Thursday to SHIRLEY DAVIS' Balfour road home to catch a wink of much needed sleep after taking in a double feature.

Cokes, potato chips, and a fashion show lured ever so many gals to JACOBSON'S Saturday. The three models, Marilyn Smith, Betty Lilgren, and Sallie Slocum, certainly were successful at modeling the latest in Vogue.

Joan Stefani, Mary Rooke, Jean Webb, Phyllis McRae, Marilyn Smith, Dona Lee Davenport, Doris Dising, Barbara Hall, Sally McNeff, Barbara Smith, Charlotte Simmons, Verna Roberts, Sally Stratton, and June Moffet were there. Others were Regina Luke, Marlene Nicholl, Gail Kidnie, Barbara Stoekel, Mary Manning, Dorothy Watrous, Sally Sullivan, Carol Grylls, Nancy Stevers, Lois Mehrling, Annie

AN ORDINANCE TO AMEND THE NUISANCE ORDINANCE OF THE City of Grosse Pointe

Section 1. The City of Grosse Pointe ordains: That Section 20 of an ordinance entitled "Nuisance" adopted February 18, 1921 and subsequently amended be amended to read in accord herewith:

Section 20. It is hereby declared to be a nuisance and it shall be unlawful for any person, firm or corporation to maintain, conduct or carry on, or assist in maintaining, conducting or carrying on in the City of Grosse Pointe any slaughter house used for any slaughtering purposes, including the slaughtering of fowl or any establishment or place of business for tanning, scouring or dressing hides or leather, or any fertilizer work.

This ordinance shall take effect 10 days after publication thereof.

Norbert P. Neff
City Clerk

Adopted Oct. 28, 1946.

Can you spot your state ... and how many more?

This page is framed by all 48 states. They're accurate in outline but not in relative size.

Without peeking into Junior's geography book, find your own state first. Then see how many more you can identify. (Answers listed below.) Ten right means you're bright. Twenty makes you an honor student. Thirty qualifies you as Secretary of States!

So what? So the folks who own America's business-managed electric companies live in every one of these states. They include a lot of your friends and neighbors—and probably you, too.

How come? Well, several million Americans have invested their savings in electric companies directly. Some 48 million more have invested indirectly—through savings bank accounts and life insurance policies. Banks and insurance companies, entrusted with your funds, like to put 'em to work in sound utility securities.

As a result, almost every American family has a stake in the self-supporting, tax-paying electric companies that provide most of America's power. Thanks largely to good business management, the price of electricity has come down while other prices have gone way up—and this country enjoys the best electric service in the world.

73 Veterans Now Enrolled In Classes of Institute At Grosse Pointe High

Assistance Given Servicemen in Furthering Their Education Enables 131 to Receive Diplomas Since January, 1944

The first classes in the Grosse Pointe Veterans' Institute began on October 7 in the high school building. A total of 73 veterans is now enrolled. The average veteran is attending classes three nights a week for either two or three hours per night. In addition, there are five veterans who are attending the regular day sessions of the high school.

The establishment of the Veterans' Institute by the Grosse Pointe Board of Education is an extension of the Board's policy of assisting men who have been in military service to continue their educational training. Many of the veterans are completing work in order to be eligible for high school graduation. Others desire to secure a more complete educational background for anticipated college work or specific vocational requirements.

Mr. Vincent Peterson, Field Counselor for the Board of Education, states that he is particularly impressed by the seriousness of purpose which has been shown by the 73 men who are in the Veterans' Institute. "Inasmuch as a veteran may enroll in a desired course at any time and is permitted to progress as rapidly as he is capable of doing, there is an emphasis on individual tutoring in addition to group instruction," commented Mr. Peterson.

Although the veteran may use his General Educational Benefits for the payment of instruction received, only 25% of those enrolled prefer this method. Seventy-five per cent of the men taking Institute work prefer to use the traditional "adult" education evening school plan offered by the Grosse Pointe Board of Education by paying the tuition cost themselves. This enables the veterans to use their GI money for later university and college education. All books, tests, slide rules and other instructional supplies are furnished to the veterans. The cost of such materials, in

addition to instructional costs, are included in the tuition which is paid either by the Veterans' Administration or by the veterans. This tuition rate is 50c per clock hour of enrollment. However, for the veterans who are enrolled in the regular day program of the high school, there is no tuition cost.

At the present time there is a total of five instructors who are teaching the classes in the Veterans' Institute. However, in order to provide the veterans with an even greater amount of individualized instruction, it is planned to add four more members to the teaching staff of the Institute.

It is interesting to review the steps which have been taken from time to time by the Grosse Pointe Board of Education in order to be of assistance to our veterans. In January 1943 a policy was approved which enabled young men who entered military service before they finished high school to continue their education. Under this policy, there was an acceleration and intensification of the summer school program. This permitted a young man to carry 15 hours of class work during summer school, practically a full half year's work. Previous to this time, the maximum class load allowed in summer school was 10 hours. In addition to this, there was a special session in the afternoons during the summer school period at which time students enrolled in 15 hours of work could receive special coaching and teacher help.

During his recent Detroit visit, model man JOHN ROBERT POWERS chatted with Detroit student director FRANCES HUFFMAN about some of his school's graduates as they enjoyed a late luncheon at THE LONDON CHOP HOUSE.

the satisfactory completion of specialists' courses completed under military direction. The amount of credit granted was based largely on the recommendation of the American Council of Education.

Under this plan which was adopted over three years ago, the maximum credit which could be secured by a man in service was 40 hours, which was the equivalent of one full year of high school work.

On November 7, 1945, the Board of Education approved the extension of the educational opportunities for veterans. Accordingly, credit in excess of 40 hours could be granted if such credit could be established through:

1. Examinations administered by the Grosse Pointe public schools.

2. Evaluation by the Grosse Pointe public schools of satisfactory completion of study and/or achievement on standard tests, such as the tests of General Educational Development.

By December 1945, it was evident that still further provisions would have to be made in order to assist veterans who were being discharged from service and returned to civilian life. Accordingly, from January to June 1946, special tutoring classes were established under the supervision of Mr. Charles Salitzer, who had returned from military service. Classes in English, History, Mathematics and Physics were set up,

which enabled veterans to secure tutoring work either for credit or as refresher work in these areas.

By June of 1946, it was felt that there was a sufficient demand to extend these tutoring classes by forming a Veterans' Institute. A resolution to this effect was adopted by the Board of Education on August 7. From time to time veterans have been informed by the High School and the Board of Education as to the available means for the continuation of educational training. This information has been supplied to the veterans by personal correspondence, the school paper, "The Tower," and the Grosse Pointe News. As a result of the Board of Education's desire to be of assistance to veterans, 131 servicemen have received their diplomas from Grosse Pointe High School. This covers the period from January 1944 through and including the June class of 1946.

Previous to each Commencement, veterans who are eligible for graduation are contacted by Mr. W. R. Clemenson, High School Principal, and invited to attend Commencement exercises, if they care to do so.

Any veteran who is interested in securing additional high school training is urged to contact Mr. Peterson at the High School by calling Niagara 2000.

Everybody would like to turn the clock back a couple of decades. Register, Point Pleasant, W. Va.

"Cinderella" Set to Music

When Leonard Sillman's "If the Shoe Fits," opened at the Lafayette Theatre on Thursday, October 24, it was the first time Cinderella had been gaily set to music. Mr. Sillman, producer of the well remembered "New Faces" series which brought so many now famous theatrical names to prominence, promised to unveil a production filled not only with talented purveyors of song, dance and music, but with great imagination and charm.

Florence Desmond, who is starred, is the scintillating British performer who worked behind footlights shortly after cutting her first teeth. She came to this country to appear with Noel Coward and Gertrude Lawrence in "This Year of Grace" and signed with Eddie Cantor for a personal appearance tour after making a great hit on Rudy Vallee's radio show. She has interspersed her subsequent appearances in London and New York with Hollywood picture assignments.

Joe Besser, famous for his star appearances on the Jack Benny and Fred Allen air shows; Lella Ernst, who won Broadway kudos for her hit performances in "Pal Joey" and "Best Foot Forward"; Edward Dew, late of Hollywood and a leading player in the New York smash hit revival of "The Red Mill"; Ethel Levey, Eddie

Lambert, Jack Williams, Allen Kearns, Barbara Perry and Adrienne are featured in the large cast. A supporting company of 50, including some very beautiful girls, make up the on stage performers.

It is far easier to despair generally than to change specifically.

Within the last few weeks Salem Memorial Lutheran Church has seen much activity with the formation of new organizations and meetings of the established ones.

Among the new organizations formed were the Usher's Club, the Men's Club and the Senior Choir. Officers for the Usher's Club were elected at a special meeting held on the 7th of October. They are Harry Koehn, president; Raymond Herz, vice-president; Melvin Neuman, secretary; Herbert Taube, treasurer.

The Men's Club will elect its officers at the regular meeting to be held on Nov. 10. The Senior choir met for its first meeting on October 16 and will meet each Friday beginning October 25.

The Sunday School has added eight new teachers to its staff, making a total of 16 teachers. The new teachers are, regular: Mrs. H. Scott, Mrs. Porrett, Mrs. Frank Parry, Miss Culeta Ide, Miss Diane Wuerker and Miss Mary Ann Provencher. The substitute teachers are Mrs. Sievers and Mrs. L. Knop. Also added to our staff was a superintendent, Mr. Louis Knop. Mr. Knop took over his duties on October 27.

Two new organizations will begin very shortly. They are a Senior Luther League and a Junior Choir. Much enthusiasm has been shown toward these two organizations.

The Ladies' Guild is planning for its bazaar on November 15, from 1-8 p.m. This bazaar will be held in the basement of the church and is the first that the ladies will have given. It will be an annual affair. Many lovely items will be available.

Festival to Be Held By De La Salle Alumni.

The De La Salle Alumni Association is conducting the De La Salle Alumni Festival at the school gymnasium on November 8, 9 and 10.

The institution is located on Glenfield avenue, and Conner avenue, across from the City Airport. The feature of the affair is the Grand Prize, a 1946 DeLuxe Ford Tudor Sedan, which will be given away on the closing night. Various merchandise and prizes and refreshments constitute the program directed by the graduates of the school and ably assisted by the members of the Ladies' Auxiliary and the newly-formed Father's Club.

The entire proceeds are to be utilized in the construction and furnishing of the new Christian Brothers' Home, which is now undergoing the final stages of building. The home will conveniently house 24 Brothers, in comfortable, modern quarters, permitting the expansion of the school to accommodate more of the many students desiring to enroll.

Maid Suspected In Farms Theft

A theft that is believed to have been perpetrated last March and discovered in June was not reported to Farms police until October 28.

Mrs. Theodore H. Fuger of 252 Cloverly road said she had missed four dozen percale sheets, three and a half dozen percale pillow cases, 10 maids' uniforms, some of silk and some of poplin, and eight aprons. She valued them all at about \$250 and said they were all fully covered by insurance.

Mrs. Fuger told the police she suspected a maid who had left her employ last March, and said she had discovered the loss in June.

Child Injured Crossing Street

Honore Ferket, of 3104 Manistique, driving north on Maryland Wednesday morning, Oct. 30, struck a little girl, Mary Haver, aged 6, who darted in front of his car to join her mother on the other side of the street.

The child suffered abrasions on her right leg below the knee and on her forehead. She was taken to Dr. Fred O. Lepley's office for treatment and then to her home at 13302 Kercheval by Sergeant Snay and Patrolman Kesteloot. No charge was entered against Ferket.

Molester Sought By City Police

The police of the city are on the hunt for a man "in a cream colored coupe" who accosted the nine-year-old daughter of a Grosse Pointe city family on the night of October 25 on two different occasions within 15 minutes.

The man tried to get the little girl to enter his car on the promise of giving her a lollipop. This happened first in front of the Rivard school and a few minutes later on Kercheval between Fisher and Lincoln. The child was frightened and ran away.

Happening between 6:30 and 6:45 in the evening there were too many people on the street for the man to persist farther and the child escaped home.

A Big Vote of Confidence for Senator Vandenberg

We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride.

We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan. He should be re-elected to the U. S. Senate with an extra big vote of confidence.

And remember this — no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in Washington.

Let's get out and on Nov. 5 let's "tell the world" that we support our Senior Senator from Michigan.

This message is published in behalf of 100,000 citizens from all 83 Counties of Michigan who placed Senator Vandenberg in nomination in June.

Re-elect SENATOR VANDENBERG
