**EX-SECRETARY OF THE NAVY** Joseph Daniels, dies at his home in Raleigh, N. C. at the age of 85. He was the Navy head during World War I at which time he was Franklin D. Roosevelt's chief of staff. He was the only man whom the late president called "boss." He was a political stormy petrel and his newspaper, the Raleigh News and Observer, was often referred to during his heyday in politics as the Views and Disturber. A fine citizen and conscientious public official, he tried to introduce prohibition into the Navy.

**GANDHI** is growing weaker in his hunger strike to force reconciliation between the warring peoples of Hindu India and Pakistan. Doctors fear his early death.

**TAFT ADHERENTS** cheered by the announcement that Dewey will soon come out in the open as a candidate for the Presidential nomination. They will then go to it to "smoke him out" on the major issues.

**UAW/CIO DELEGATES** FROM 100 General Motors plants meeting in Masonic Temple yesterday decide to seek a pension plan in their negotiations with the company which begin next month. They are willing that a portion of the 31c per hour increase which they demand shall be applied to this purpose but, pension or not, will insist on the 31c increase.

**IN A REPORT TO THE HOUSE - SENATE HOUSING COMMITTEE** Senator Flanders, Rep. Vermont, says that mass production in home construction offers the best antidote to the high-profit margins now prevalent in house building. He wants the government to encourage prefabricated house construction. Secretary of Commerce Harman says it would be "disruptive" for (Continued on Page 2)

Remember When You Complained About the Heat?

Dug out of the NEWS file is this hitherto unpublished picture, taken at the FARMS MUNICIPAL BEACH PARK last summer when the thermometer was blowing its top around the 100 mark. May it bring reassurance to those who think the protracted cold wave the Pointe has been experiencing is interminable. May it also stir into action the governing bodies of the various Pointe communities, to bring assurance that such scenes may be repeated in the summers to come. With pollution forcing the closing of all the beaches along the Lake St. Clair shore, the outlook for future swimming is a sorry one unless some concrete plans are made to provide for pools containing filtered water. Such a step would assure Pointe residents of safe, clean swimming all summer long.

## Police Commissioner Faces Prospect of Awarding Self Citation for Police Work

Homer Fritsch Spots Hit-Run Car and Helps Capture Driver Who Rammed Whole Row of Parked Vehicles in St. Clair Shores

Homer Fritsch, a member of the Board of Commissioners for Grosse Pointe Park and Police Commissioner of that village, who recently conferred citations on Patrolmen Arthur Conlan and Charles Slusser for capturing two hold-up men at the point of their guns, is in line for a citation on his own account. The story:

About noon on Saturday, Jan. 17, Patrolman Al Boone was giving the commissioner a lift in his scout car from the Park Municipal Building to a garage on Kercheval where Mr. Fritsch's personal car was waiting for him. They had just started when a warning came over the police radio to be on the lookout for a hit-run driver from St. Clair Shores headed for Grosse Pointe in a gray car.

Before Boone's car could turn into Beauchamp, the intended route, Commissioner Fritsch called out "There comes a gray car now."

It was headed towards them going west on Jefferson. Boone wheeled his car around and started chase. The gray car turned on St. Paul to Alton road, left again on Alton to Jefferson, where they overtook it and forced it to the curb. The front of the gray car was badly battered.

The Commissioner and his skillful driving companion took the culprit to the Park police station, where he gave his name as William Horvath, aged 30, of 1672 Gray St., Detroit. Phone communication with the St. Clair Shores police disclosed that the man had sideswiped a whole row of cars parked in front of Tom's Market on Jefferson avenue there. He had badly mangled several cars, the police report says. Horvath was drunk.

For good measure the Park police gave him two tickets as mementos of his brief passage through their streets; one for passing a red light while escaping arrest and the other for not having given notice to the authorities of a change of address. The address carried on his driver's license was 706 Lisbon street, Detroit.

As Police Commissioner Fritsch has every prospect of being the next President of Grosse Pointe Park, the pleasing if somewhat complicated prospect is held forth that "President" Fritsch will, in the course of his new duties, be called upon to commend the alert vigilance of former Police Commissioner Fritsch in running down and bringing to justice a fugitive from the law.

An hour later Horvath was turned over to the police of St. Clair Shores.

## Mrs. H. R. Boyer "Best-Dressed"

Detroit's best dressed woman is a Pointer, according to the current issue of Life magazine. She is Mrs. Harold R. Boyer of East Jefferson avenue, the former Frances Alger and sister of Secretary of State Frederick M. Alger.

The magazine conducted a survey in 10 of the country's representative cities, with society editors and fashion experts helping in the selections. Mrs. Alger is pictured with the best dressed women of the other cities in the January 19 issue of Life.

## Accident Epidemic Dictates Request for Traffic Light

The unusual number of traffic accidents occurring at the Charlevoix-Cadieux intersection recently caused Chief of Police Tom Trombly of the City to have a survey made of that point last week.

A 6 a. m. to 6 p. m. count by a city police officer disclosed that well over 5,000 cars passed that point on both highways in the 12-hour period. The chief said he was somewhat surprised to learn that the travel on the two highways was so nearly alike. The travel on Charlevoix exceeded that on Cadieux by only 72 cars in the 12 hours.

The abnormal traffic on Cadieux road is probably accounted for by the fact that most of that north-south route is protected by traffic lights. Thus, plus the fact that Cadieux is one of the oldest highways in the Pointe and travel habits become fixed with the traveling public.

He said he intended to urge upon council the installation of a signal light at the intersection. It would take it up at the next travel on Charlevoix exceeded that on Cadieux by only 72 cars in the 12 hours.

## Cops Rescue Walking Ad For Vitamins

City Police Play Host To Biggest Bunny Ever Seen In These Parts

He was the biggest rabbit, jack or otherwise, ever seen in Grosse Pointe, said Sergeant Logan of the Park police. And despite his size and formidable appearance he was loving and affectionate.

A call had come to the police from Miss Dee Dyer of 1324 Bedford, to please find her rabbit, a large white male, who had apparently succumbed to wanderlust and disappeared.

Patrolmen Barclay and Johnson spotted him at 2:45 o'clock in the morning and took him into police quarters. They found him only a few doors from his late home and had no difficulty in picking him up, as he was exceedingly tame and friendly.

His friendliness and good nature won the hearts of all the police officers who flocked in to admire and pet him. He would nuzzle them in the neck when they held him and seemed to attach himself particularly to Sergeant Logan.

When they picked him up by the ears he hung down like a dressed sheep. They estimated that he weighed more than twenty pounds.

They tried to keep him in the cat box but he was too large, so they gave him the run of the office and he was apparently content to remain there the rest of his life.

When his owners called for him the next morning the first thing they did before putting him in their car was to give him a vitamin pill. They said that was the cause of his gigantic growth.

Vitamin addicts take notice! If it did this for Mr. Buck, the possibilities for human development are limitless—or was that the reason he left home?

And he started as just a little Easter Bunny in the spring of 1946.

## Two Park Thefts Prove Identical

Early in the morning of January 12 identical thefts of property were reported to the police by residents in the Park.

Thieves entered the garage of Miss Edith Parker at 1407 Somerset and stole a radio and a spotlight from the car. Miss Parker said her car doors had been left unlocked.

Fred Sties, of 1265 Nottinghamson after reported the theft of a radio and a spotlight from his car in his garage.

## Karl Goddard Seeking Park Office Again

Revival of Move to Change Village to City Seen Behind Decision

Karl B. Goddard, a former Commissioner and president of Grosse Pointe Park, has filed for the nomination as a Village Commissioner.

Mr. Goddard had an excellent record as the Chief executive of the Park. He came into office immediately following the ousting of the Garska administration. So far as is known Mr. Goddard has made no public statement of his motives in returning to his old place on the Board of Village Commissioners, but as he has been known for some time to strongly favor a change in the status of the village from an incorporated village to a city, it is presumed this had something to do with his willingness to serve the municipality again.

## City Seeking Needed Cash

Faced With Imminent Possibility of Going in Red Without More Income

At the City Council meeting Jan. 19, City Clerk Neff stated that he and Mr. Blondell, the City Assessor, had been looking into the permit charges levied in the neighboring Pointe communities and also in Detroit, for building and sewer connections, and the general line of mercantile licenses common to all the communities.

Most of the other places had recently increased the average charges for such permits and the City had not. The purpose of the query is to determine whether or not the City can raise its average charges for this class of permits. When their information is more complete on the subject they will make some specific recommendation to the Council.

With the loss to the City of certain heretofore dependable revenues because of the State's recapture of them, the City is confronted with the imminent possibility of finding itself in the red next year, and it behooves it to explore every avenue of approach to larger income.

## Proposes War On Mosquitoes

Mayor Netting raised the question at the City Council meeting on Jan. 19 of the possible efficacy of using DDT to halt the mosquito nuisance in the Pointe. He said he had learned that in many Florida communities this method was employed with excellent results.

There are wide areas all along the East Coast where the mosquitoes are normally a great nuisance, but the new insecticide has been brought into play effectively.

There are many natural breeding places for mosquitoes in the Pointe, such as Milk river and other spots, and unless some method is applied on a general scale for meeting the problem, it promises to continue indefinitely. He thought the cost as reflected in the taxes would be negligible, and implied that the problem was of sufficient importance to warrant united action by all of the Pointe communities.

The suggestion precipitated a general discussion, and the City Clerk was instructed to get in touch with the Florida communities and learn the details of their meeting the problem, including costs and effectiveness.

## Grosse Pointe High To Graduate Class Of 130 January 29

Nineteen Veterans, Four Students Who Completed Work In Summer School Among Those Who Will Receive Diplomas

The traditional commencement exercises for the January '48 graduating class will begin at 8:15 o'clock, Thursday evening, January 29, in the Grosse Pointe High School auditorium. Nineteen veterans and four summer school graduates raise to 130 the number of candidates for diplomas.

"Living Together," is the subject that has been chosen by the student commencement speakers. Nancy Weed will speak on "Personal Relationships." Robert Trees has chosen "Civic Responsibilities" while "International Cooperation" will be discussed by Mary Waterfall. Lorne Norton is the alternate for these three speakers.

The Rev. Walton E. Cole, of Detroit's First Congregational Church, will deliver the Invocation and the Benediction. Reverend Cole is the father of Bryce Cole, one of the members of the class.

The A Cappella Choir, under the direction of John Finch, will sing two selections. Joyce Schmidt, 12A, will give a solo, "Through the Years."

John R. Barnes, superintendent of schools, will present the diplomas to the class, and Walter R. Clemenson, principal, will announce the class awards.

These awards include: The American Legion Awards for outstanding citizenship; the Bausch and Lomb award in science and mathematics; and the Trinity College Athletic Award. Mr. Clemenson will also announce the name of the boy and girl whose names will be inscribed on The Mothers' Club Cup.

Other awards for which both June and January graduates are eligible will be announced in June.

A reception, sponsored by the Mothers' Club, will be held in the Girls' Gym for graduates, their parents, and their friends, immediately following the exercises.

## Prank of Kids Perils Drivers

Just about the time the workmen on the big Detroit sewer job on Kercheval got the red warning lanterns placed on the excavations on the evening of Jan. 12, some mischievous boys started juggling them around and in some instances removing them entirely.

A nearby resident, knowing the trouble that might ensue to auto drivers, phoned the police, but by the time they arrived the boys were out of sight. The police threatened severe punishment for anybody caught tampering with these warning lights.

Another resident nearby, however, made a complaint that was not in defense of the contractors. He said they had left an air compressor parked on his lawn at 1170 Maryland.

## 44 Chickenpox Cases Reported

The December report of the Health Department of Grosse Pointe Township is headed by 44 cases of chicken pox. Other communicable diseases within the report included 14 cases of mumps, 10 of measles, one each of scarlet fever, pneumonia and pediculosis.

Also listed were one case of ring worm and three dog bites. Dr. Thomas S. Davis is commissioner of the department.

## This Sales Tax Applies Only to Property in City

City Attorney Albert E. Meder is getting an opinion from the State Attorney General as to the School District's liability to pay local taxes on property owned by it but not used for specific school purposes.

Mr. Neff, the City Clerk, stated at the Council meeting Monday night that the City came out second best in a somewhat similar case in 1928. The City Assessor, who has directly raised this question in connection with the Murray Sales property at Lincoln and Jefferson, which was given by Mr. Sales to the School District, said that the Legislature had passed a law in its 1947 session which clearly stated that such property must be taxed if not used for school purposes.

The information was also disclosed that the Board of Education had paid the taxes on the Sales property for 1947. The City taxes, amounting to \$1145.90 were paid on August 5, and the County and School taxes, amounting to \$1330.50 were paid early this year.

## Walks Into Path of Auto On Jefferson

Catherine Leonard Killed Just After Alighting From Eastbound Bus

Miss Catherine Leonard, a nurse at Bon Secours Hospital, was struck by a west bound automobile at the corner of Cadieux and Jefferson at 7:20 a. m. Tuesday morning, Jan. 20, and was dead when admitted into the hospital.

Miss Leonard, whose address is 199 E. Grand Boulevard, was reporting to the hospital for work and had just alighted from an east-bound Lake Shore bus on the south side of Jefferson. She started to walk across Jefferson towards Cadieux and had gotten to within seven feet of the north curb when she was struck by a car driven by John Vincent Corbett, aged 24, of 57 Merriweather road, Grosse Pointe Farms. Riding with Mr. Corbett was John H. Packer of 414 Rivard, Grosse Pointe.

The accident was witnessed by three persons, Packer, and Richard and Robert Tobin, both of 16900 Cranford Lane, who were standing on the curb at Cadieux waiting for a west bound bus.

They saw Miss Leonard as she alighted from the bus and started across Jefferson. Their testimony before the Prosecuting Attorney later in the morning was that they had seen another car, also westbound, south of the Corbett car and apparently a little ahead of it. This presumably interrupted Miss Leonard's vision of the Corbett car.

Corbett, Packer and Richard Tobin were taken to the Prosecuting Attorney's office for statements by Detective Egan and Patrolman Moffat. All three of them were released by Assistant Prosecutor Francis Ciqui pending further investigation. Ciqui said there is one more witness whom he desires to interrogate.

## Delays Continue On New School

Use of the new Parcels School, Vernier at Mack, for upper elementary pupils in the Grosse Pointe Woods area, will be delayed until some time in March according to an announcement from the office of the Superintendent of Schools, John R. Barnes.

"We are greatly disappointed," Mr. Barnes said, "since we have completed all plans for pupil and staff assignments to the new school. This unavoidable postponement of our use of these badly needed new classrooms will necessitate continued transportation of nearly 175 children to the Defer and Trombly Schools. It will also delay the transfer to the new building of 65 children in Grade Four, now housed in the overcrowded Mason school, and of 20 children now enrolled in the Vernier School."

Work on the Parcels School was begun October 31, 1946. Progress of construction has been seriously hampered from the beginning by shortages of both labor and materials. The project was at a complete standstill for six weeks last spring because of area-wide carpenters' strike. Contractors have found it extremely difficult to keep full crews on the job because of the location of the building and the competition for labor by other contractors offering overtime pay opportunities.

When the new school opens it will have a staff of ten and a half teachers and will enroll children in Grades Four A, Five and Six. Marshall Jackson, now principal of the Vernier School, will be the principal of the Parcels School.

## Trolley Detour Just Temporary

The tracks of the DSR are being detoured to the south at Jefferson and Ashland. When first seen, Grosse Pointers feared the work might portend some definite change in routing which would affect Grosse Pointe travel.

On inquiry it was learned that the work is only of temporary character, necessitated by the big Detroit sewer which underlies the middle of Jefferson avenue at that point.

The loop to the south will be in operation for only about two months.

council meeting. As Cadioux is the boundary line between the City and the park, the division of the installation and maintenance costs will have to be thrashed out between the two municipalities if the plan is approved.

At the Council meeting Monday night the Council instructed Chief Trombly and Public Safety Commissioner Blessed to get in touch with the Park authorities and decide, if possible, on some general disposition of the signal lighting problem along all of Cadioux.

Cadioux, as the dividing line between the Park and City is a mutual responsibility of the two municipalities. So far the City has been pulling the laboring oar on the issue.

Any student who commits a major offense and is given an orange ticket by any member of the Civic Bureau is taken before the student council and tried. In this way, the students feel that they get a fair chance to prove their innocence.

There are six jurors selected from the student body who hear the case and decide whether the defendant is guilty, or not guilty. Lawyer for the defense was John Hutton and the prosecutor was Jim Furton. The judge was Harry Hammond. The culprits were found guilty and sentenced to wash three blackboards apiece for one week.

At the last S.T.S. meeting at St. Paul High School the Civic Bureau presided. They explained the duties of this organization. The highlight of the meeting was the case of St. Paul High School versus the Culprits.

## Fight Started by County To Make State Pay Share Of Hospital Maintenance

Two Pointers, Schweikart and McNally, Serving On Important Committee Under City Councilman Chester Carpenter

Chester F. Carpenter, of Grosse Pointe City and a member of the Board of County Supervisors, has been named by Chairman William A. Comstock of the County Board to head one of the most important special committees that has been named by the Board in many years.

For years Wayne County has been struggling to get the State to pay an adequate proportionate share of the cost of maintenance of its patients in the County hospitals. So far this struggle has been without success. The cost to the County of taking care of these patients in the present fiscal year of 1947-48 will be \$1,500,000.

As the resolution which started the ball rolling said: "The State now has ample funds to properly and adequately finance all state activities by reason of the continued high return of sales tax receipts, a large percentage of which is collected by the State of Michigan from the residents of Wayne County." But the state has remained obdurate.

Wayne county is now caring for more than 4,000 such patients of the state.

The resolution requested the

president of the Board of Supervisors to appoint a committee to be composed of three members of the Ways and Means Committee, in which another Grosse Pointer, Carl Schweikart, figures, along with Louis C. Miriani and Thomas D. Leadbetter.

In addition to these will be the chairman of the Legislative Committee, Mr. Carpenter, the entire Board of County Auditors, the presiding Judge of Probate, Dr. Thomas K. Gruber, superintendent of Wayne County General Hospital; the chairman of the Board of County Institutions, the Prosecuting Attorney, James McNally, another Grosse Pointer, and the Mayor of the City of Detroit.

This committee is to confer with the Governor of Michigan and to take any other steps necessary to secure an immediate solution of the inequitable situation that now exists and has existed for many years relative to the hospitalization of mental and feeble minded patients in Wayne County."

The County Board of Supervisors has been further spurred to this action by the fact that the State, which was recently compelled by a constitutional amendment voted by the people to part with a portion of its sales tax, on which it has held a rockribbed monopoly for years, has been recouping this loss by depriving local governments of a substantial share of revenues which it formerly derived from other sources.

An instance of how this has been gouging local governments is painfully illustrated in the case of the City of Grosse Pointe.

The intangible tax, which in 1946 brought the City \$13,168, is cut down in '47 to \$8,156, or a loss of \$5,012. The liquor tax, which was good for \$14,909 in '46, is cut down this year to only \$4,530, or a loss of \$10,379. The State attempted to do the same thing with the Gas and Weights Tax, but in this it was successfully opposed.

This committee will have a meeting in a few days, at which it will map out its strategy in preventing the issue to the State, and soon after that it will go to Lansing for a meeting with the Governor.

The matter is of deep concern to the taxpayers of Grosse Pointe as their proportionate contribution to the care of these strictly State cases is a substantial sum each year. In addition to that is the deprivation it has suffered in the State's juggling around of its accustomed revenues.

It is a matter of considerable satisfaction to Grosse Pointers that two leading officials of this community will have an important role in urging favorable action on the folks at Lansing.

The fact that it is generally understood that Carl Schweikart is slated to be chairman of the

Board of County Supervisors on its next reorganization should also lend weight to his presentations at Lansing.

## Rowdies Disturb Restaurant Peace

A phone message received at the City police station on Maumee at 11 p. m. on Jan. 9, reported that some rowdy boys were making a disturbance in the Francois restaurant.

Patrolmen Mauck and Allor brought in four boys. They were given a lecture by Lieut. Van Becelaere and warned to keep out of the restaurant hereafter.

This, however, did not end the trouble for Francois. Two hours and a half later, at 1:45 a. m., the police received another call for help. This time four boys had driven up in an old dark grey car and had smashed two panes of glass and then made a quick getaway.

The manager of the place said she was positive they were not the same boys who had been in the place earlier. She said she would be able to identify the window breakers but did not know them.

A gang of obnoxious boys dropped in on the Francois restaurant on Fisher road again on the night of Jan. 16 and after making a general nuisance of themselves either dropped or dumped a tray of candy suckers on floor. The police made them clean up the mess and also pay the restaurant \$1.80 for the soiled candy.

## Pointe Pioneer Taken by Death

Lawrence Brys, 70, of 86 Vernier road, Grosse Pointe Shores, died Tuesday, Jan. 20, in his home.

Mr. Brys, born in Grosse Pointe was the oldest of the five Brys brothers after which Brys Drive was named.

He is survived by a wife, Gertrude; seven children; Mrs. Bernice Boyer, Mrs. Violet Shepard, Mrs. Irene Sutton, Mr. Herman Brys, Bernard Brys, Mrs. Alice Stanton, and Mrs. Dorothy Healy; and fifteen grand children.

Funeral services will be held Friday morning, Jan. 23, in the Verheyden Funeral Home.

## ODOR'S SOURCE FOUND

A strong and unexplained odor of gasoline on Jan. 2 from both the Harrison Rug store and another nearby property led to an examination by City police. It was found to come from waste gasoline being run into a drain by the G. P. Garage a couple blocks to the east.

## HURT GETTING OFF BUS

Mrs. D. H. Goodrich, Jr., of 496 Lincoln road, injured herself in alighting from a bus at Lincoln and Kercheval at 1 o'clock in the afternoon of Jan. 13 and was taken to her home by Officers Rabaut and Johnston.

## Members of Motion Picture Council Hear Police Censor

"Motion pictures, next to the school and church, are the greatest outside influence on youth today, and parents must exercise care in selecting the proper movies for their children to see," Inspector Charles Snyder, Detroit Police censor, said in an address before the Grosse Pointe Motion Picture Council.

Forty-two members and guests of the Motion Picture Council attended the luncheon meeting Monday, Jan. 19, at the Village Manor. Mrs. Daniel Hembel, president of the Council, introduced the honor guests, including managers of several of the neighborhood theatres. Miss Florence Severs, of the Grosse Pointe Public Library, was presented as one of the founders of the organization.

"Children react toward movies by imitating the behavior of characters in them," said Inspector Snyder. "On the other hand, I do not agree that motion pictures

are great contributors to juvenile delinquency. Home influences are more important."

Inspector Snyder advocated amendments to the existing laws which provide only that movies may be censored if found to be indecent or immoral. He believes the law should permit banning movies if they "tend to corrupt the morals of youth, tend to instill class hatred or hatred of the existing government."

"Exhibitors have fought hard to present good pictures to the public," said Inspector Snyder, "but they are handicapped because they are forced to show certain pictures."

"Parents should not use motion picture theaters as 'wet-nurses' for their children, to get them out of the way on Saturday afternoons," he said. "If the children are going to a movie, it is up to the parents to select the best picture for them to see, rather than send them to the handiest theater."

"In addition to maintaining an interest in children's movies, let's get together as a united front and do something about certain radio programs. Some of them are the greatest causes of children's night mares," Inspector Snyder concluded.

**CARS DAMAGED**  
The side mirrors and radio aerials were broken off the cars of Mr. and Mrs. R. T. Herdgen of 60 Kenwood road while they were parked in front of 225 McMillan road on January 2, the Farms police were notified.

He was a member of the Detroit Y. and O. League, University, Grosse Pointe and Huron Mountain clubs, the Country Club of Detroit and the Canadian Club of St. Clair Plais.

He is survived by his wife, Christine, children, Christine R. Allen F. Jr., Mrs. Henry Ledyard, Mrs. George T. Thomas and Mrs. H. J. Gram, Jr.; two sisters and five grandchildren.

## Mrs. Mary Hally Dies at Age 78

Mrs. Mary G. Hally, 78, widow of the late Judge P.J.M. Hally, died Saturday, Jan. 17, in the family home, 16213 E. Jefferson.

A solemn high mass was said in St. Ambrose Church at 10:30 a.m., Wednesday, Jan. 21. Burial was in the Mt. Elliott Cemetery.

Mrs. Hally, long active in civic and charitable enterprises, was a native Detroit. She was a past president of the Catholic Women's Study Club and was a member of the Third Order of St. Francis and the Grosse Pointe Garden Club.

She is survived by four sons Patrick J. M. Hally, Francis M. M. Hally, Richard W. Hally, James T. Hally; and, sisters, Margaret Walsh and Mrs. Ursula Pilon.

## Blaze Damages L. A. Evans Home

A fire in the L. A. Evans home at 56 Colonial road, that started at 1 o'clock in the morning on Jan. 15, did considerable damage before it was extinguished by the Shores fire department.

Mr. Evans has a workshop in the basement and had been working there until midnight. He told the firemen he had been careful to clean things up before he closed it up for the night preparatory to leaving town the next morning.

There was a considerable quantity of paint in the workshop and this made a difficult fire for the firemen to control.

## The flames worked up into the kitchen overhead and then to the living room.

The total damage was considerable. The Evans firemen were requested to stand by but the flames got no farther than the kitchen and living room.

## Drug Store Charged With Liquor Violation

On a charge that one of its employees had sold liquor to a minor, the Miller Drug Store of 14945 Kercheval had a hearing before the State Liquor Control Commission in its offices in the Cadillac Square building on Jan. 14.

The finding of the Commission has not yet been announced.

## Loiterers Tell Plausible Story

Three men seen loitering about a garage at 613 Barrington on the midmorning of Jan. 14 caused one of the neighbors to phone the police, as the occupants of the residence were away.

The Park police brought in the men who were about 25 years old, but after questioning they were released, having satisfied the police of the legitimate purpose of their presence.

## NEIGHBORHOOD CLUB

The annual meeting and election of officers of the Neighborhood Club is being held today, Thursday, in the club building.

## Death Ends Long Career Of Albert Henry Clark

Albert Henry Clark, employee of the Grosse Pointe Board of Education for 25 years, died at his home at 3241 West Philadelphia, Detroit, during the night of December 26. Mr. Clark retired from active service with the Grosse Pointe Schools last June completing over 50 years of service in the Public Schools of the State of Michigan.

Mr. Clark started his teaching career in a rural school of Shiawassee County, Michigan, in 1895. From 1906 to 1913 he was Superintendent of Schools in Kingsley, Michigan. Following this he spent one year as Superintendent of Schools in McBain, Michigan. During the years of 1914 to 1918 he was Superintendent of Schools in New Baltimore, Michigan. From 1918 to 1922 he was Principal of the High School in Hamtramck, Michigan. In 1922 he came to Grosse Pointe and served as Principal of the Grosse Pointe High School through February 1928.

Following this he was Principal of the Cadieux Elementary School through June 1930. For a few years he worked in the Department of Pupil Personnel at the Board of Education Offices.

Mr. Clark received his Teacher's Certificate from the Central State Teachers' College in Mt. Pleasant, Michigan, and both his Bachelors and Masters Degree in education from the University of Michigan.

At the time of Mr. Clark's retirement from the Grosse Pointe Public Schools he was one of the few persons who had served this district since its consolidation in 1922. There are few persons who have held such an enviable record as his in giving more than 50 years in the development of character in boys and girls of the State of Michigan.

At a party given in Mr. Clark's honor at the time of his retirement, he stated that were he to live his life over, he would again choose teaching as a career. He said that while teaching may not be as remunerative as certain other occupations, he doubted

that any work could be a source of more personal satisfaction than this and that he only wished he could tell more young people about this great field of human endeavor and its many compensations.

## Drivers Ticketed Following Crash

Charles Scarborough of 22500 Violet avenue, St. Clair Shores, driving east on Jefferson avenue at 3:55 p.m. on Jan. 13, struck a car at Grand Marais owned and driven by Jacob J. Betzner of 760 Grand Marais.

The police were generous in their distribution of tickets; Scarborough got two, one for having no operator's license on his person and the other for not having his car under control.

Betzner got his for entering an intersection without due caution. Ernest L. Scarborough, aged 49, a rider in No. 1 car, suffered lacerations on his head and was given first aid in the police station.

## Speech Improvement Course To Be Given

The Grosse Pointe Board of Education is sponsoring an afternoon class in speech improvement as part of its adult education program. Blanche Gordon Romm will be the teacher.

Those interested are urged to obtain further information by calling Niagara 200, Ext. 25.

## BLAZE EXTINGUISHED

A fire starting in a fireplace in the Detritary home at 1251 Beaconsfield on Jan. 14, was extinguished by the Park firemen before any considerable damage was done.

## CAR MIRROR STOLEN

Dr. W. D. Barrett of 103 Vendome, notified the Farms police that someone had stolen the rear view mirror from his car while it was parked in the lot at Kercheval and McMillan on the night of Dec. 30.

## Mail Obstructor Placed in Chains

Ray O'Keefe, the mail carrier who complained on Dec. 31 of a vicious dog at 845 Park lane, with the warning that he would no longer deliver mail at the house unless its owners kept the animal under cover when he made his rounds entered another complaint, same place and cause, on Jan. 13.

The Harry Smith family, owners of the big police dog, expressed regret and said they had made every effort to keep the animal in. He had broken his chain. They said they would get a heavier one guaranteed to hold any dog that ever barked.

## Offers to Buy Lot from City

Harry Cavanaugh, contractor and builder living at 808 Rivard, has made an offer of \$2050 to the City for its lot, No. 590, at the southeast corner of Washington road and Chalfonte.

The lot has been owned by the City for more than thirty years and was formerly a part of the old pumping station, long since abandoned.

City Assessor Neil Blondell recommended that the City sell the lot, after legal advertisement, to some person who would give binding promise to erect on it a dwelling of a character conformable to the surrounding neighborhood. He insisted that this was a most important condition. The City should not let it go to any party who might purchase it for mere speculation. The lot is wholly unproductive to the City as it is and there is no good reason why it should not manage to derive some substantial tax revenue from it; possibly as much as \$200 to \$300 per year.

Mr. Cavanaugh is now building a house on lot No. 591 immediately adjoining the lot on the south.

This lot is a part of the property, the sale of which was authorized by a vote of the people a couple years ago and it would not be necessary to seek further approval of its sale now.

It is carried on the assessment rolls of the city at \$1270.

## Reckless Drivers Pay Up in Court

In Park police court on Jan. 14, Judge Belanger presiding, the following cases were disposed of: Jerome H. Lepard, of 17450 Maumee, for speeding on Vernon Highway on Dec. 20, was fined \$5 and \$5 costs.

Marion Isobel Fonda of 5974 Courville, Detroit, for failure to stop at stop sign at Charlevoix, paid \$5 costs.

Gilbert Hulber of 5700 Balfour, for failure to stop at Charlevoix, \$5 fine and \$5 costs.

David Richard Schumann of 1281 Beniteau, for wrong turn on red light, paid \$5 costs.

Frank Xavier Martel of 987 Lakeshore, for speeding 42 m.p.h., paid \$15 and \$5.

Howard G. Brush of 1451 Oxford, for failure to stop at Charlevoix, paid \$5 and \$5.

## City Authorizes Purchase of Pipe

At the City council meeting on Jan. 19 City Clerk Norbert Neff recommended that he be authorized to place a tentative order for piping to be used for water service connections on Mack avenue.

When the pavement is laid on Mack avenue on its new width it will leave the water main in the middle of the street. This would mean that any subsequent house connections with the main would necessitate the tearing up of the pavement, always an expensive operation.

This pipe is now quoted at \$2.70 per foot and will probably go higher. The Council authorized the clerk to place the order, as recommended.

ing experience is necessary to become a member.

The Grosse Pointe Commission Board is composed of Joseph N. Martel, Institutional Representative and Arnold J. Leibold of 999 Roslyn, Commission Chairman. Committee members are: Cornelius J. Huysken, Russ Stankrauff of 1653 Hawthorne and Glenn M. Himmelsbaugh of 1796 Brys drive.

## The Beach Bathing Issue

Several months ago this paper urged that the Pointe communities proceed to provide safe beach bathing facilities for their citizens. It was suggested that this be done by constructing enclosed swimming pools in which the lake water would be admitted only after it had been filtered or chlorinated or otherwise scientifically treated to assure its purity.

It believed this was a much better way, and unquestionably quicker, than to await the distant day when deleterious matter would be excluded from the Great Lakes waters flowing past our doors.

When the proposal was first made the public officials of the five municipalities were interviewed for their reactions. The presidents of the Woods and Park were heartily in favor of the idea. The president of the Shores frankly said his small village was already confronted with such important problems calling for immediate settlement, meaning presumably its sewage problem, that it definitely could not undertake any further extensive projects at this time. The president of the Farms thought the proposition merited serious and careful study. The Mayor of the City dismissed it offhand as too expensive.

It is difficult to arouse any volume of public interest on the beach bathing issue when the thermometer hovers around the zero mark. All will think differently when late June comes if they are again faced with an edict of the health authorities forbidding public swimming.

The time to begin to think seriously on this matter is now. It is a major enterprise which cannot be planned and consummated in a few months. The cost would be considerable but not disproportionate to the benefits derived and the ability of these communities to pay.

The objection raised by one of the engineers of the Pointe municipalities that the maintenance cost would be too great because it would necessitate a complete staff of employees for supervision and maintenance is not taken too seriously. The bathing season at longest is not more than a quarter of the whole year and maintenance costs for the rest of the period would be negligible. As we observe it a considerable force of beach front employees is already engaged for most of the year anyway.

The water itself costs nothing. Some less favored places have to pay for every gallon of water used in their public pools. The variation between the high and low water level in the lake is so small as to offer no expensive construction problem to assure against the flooding of the pools.

The cost and engineering problems entailed in such an enterprise is a matter to be figured out by those familiar with these things. That the people who live along our beautiful and convenient water course have a natural desire and right to use these waters is beyond argument. Our public officials should give us an early answer on the matter.

If another swimming season rolls around and our people are again denied access to these waters and know moreover that no plans are in preparation which will permit their regular and safe use, they are not going to be happy about it. This question deserves more than a polite kiss-off by parsimonious or short sighted public officials.

## Getting in the Open

The pre-convention maneuvers in the Republican presidential nomination race have begun to coalesce and come out into the open where the plain citizen can start to make his own decisions.

Dewey, long recognized as a candidate, has at last formally thrown his hat in the ring, much to the delight of Taft and the other candidates who say he can now be smoked out on the national issues. Stassen, the first avowed candidate, is doing his best, handicapped possibly by a too early start. Taft, probably the least warm personally of any of the contenders, has commended himself to many citizens by his courage, and is credited by the addition experts with having the biggest single block of delegates, hobbled and tagged. Warren of California, who pursues the gesture of refusing to go out into the other states, consents for the moment to let his fellow Californians ballyhoo him in their own state.

Probably the biggest single enigma in the Republican ranks is the extent and seriousness of the Eisenhower candidacy, if such it be. The big unanswered question in this case is whether he is being pushed forward by Republicans who honestly believe he is the most likely winner at the polls, or by a group of politicians who have not been able to find an agreeable niche for themselves in any of the other camps.

A lot of these questions are going to clear up rapidly. With the Republican convention only five months away a lot of the personalities and issues heretofore only seen dimly through the political fog are going to assume recognizable form.

## Pushing Around

If the Russians really had contemplated making things so unpleasant for us in Berlin that we would shortly remove ourselves from the capital of Germany and leave it entirely to their own sweet will, they are even less informed than we had believed them to be.

If there is one thing that the American people do not like, it is to be pushed around by anybody. In fact we are inclined to be more patient with some two by four comic opera republic in South America or any other equally inconsequential country, than by some scolded great power.

Japan tried that game for twenty years in the Pacific and finally made one push too many at Pearl Harbor whereupon we pushed her back across five thousand miles of the Pacific right into Tokyo. Britain tried it twice in the days of our weakness and came out second best on each occasion. Germany also suffered two major disappointments pushing against the same stone wall.

The vigorous announcements by our military men that we are going to stay in Berlin as long as we desire to, i. e. until that city is again the recognized seat of government of a reunited Germany, should give the Russians pause. If the Russians have any hope that the Americans will abandon to their tender mercies the great capital which they occupied

## Grosse-Exaggerations

A. PRYOR

"Love seeketh not itself to please,  
Nor for itself hath any care,  
But for another gives its ease,  
And builds a heaven in hell's despair."  
(William Blake)

Well, our bete noire, Mrs. Emily Post, is with us again via one of the dailies. Mrs. Post's opening gun was fired for (or against) the scoundrel who takes a drink before dinner. A letter was allegedly written to Mrs. Post by a widow, asking what she should do about a son-in-law who insists upon drinking a cocktail before dinner . . . much to the widow's embarrassment. Mrs. Post sez that it is unfair to refuse the young man this item on the "menu" UNLESS he is addicted in any way to alcohol!

A picture accompanies this sage advice . . . a picture showing mother-in-law glaring in horrified silence as the young man accepts a cocktail from the waiter. What the picture cannot show of course, is the fact that the harrassed young husband has probably already had three or four straight ones before meeting his mother-in-law for dinner. ANYONE would . . . with that kind of mother-in-law.

Mrs. Post's second bit of advice dealt with a letter from a woman who wanted to know the correct time for leaving a formal dinner party. Emily answers this with the following: "At a very formal dinner where, after the guests return to the living room, they walk two and two, an hour is as long as courtesy requires one to stay after the meal. On the other hand, if the conversation is general and amusing, and everyone is having an especially good time, one naturally stays until interest lags."

Now then! If you find yourself walking "two and two" after dinner, what happens if ennuie overtakes you before it does the other half of your particular twosome? Do you just yawn it through, waiting for the hour to strike or what? And . . . do you keep on walking until the hour is up (along with your partner), or just hope that someone will blow a whistle, yell "squads right" . . . "at ease, ladies and gentlemen" . . . so maybe you can sit down for the required hour? The trouble with Mrs. Post is that she doesn't go far enough in her advice, but leaves too much to the imagination.

Your hostess is going to feel bad enough when you leave within an hour after dinner (especially if she's read this) . . . but she'll feel even worse if you stay an hour and a half or even two hours. THEN she'll know that the conversation STARTED to be stimulating enough to hold you over, but, alas, it died in the middle and caught you with your interest lagging . . . so of course, you went home. We don't know about YOUR guests . . . but ours never seem to think it's polite to leave before 2 or 3 a. m.

The other day while waiting for our dentist, we picked up a Radio Mirror magazine that undoubtedly someone had left in his reception room. We say "undoubtedly" because our dentist certainly isn't frivolous enough to pour over a radio magazine. In fact, he isn't frivolous at all. Anyway, we became interested in the thing, as compared to our interest in "Hygiene," "The Farmers' Guide to Better Crops," "Antiques and YOU" or "Asia and Its Problems."

Our eye fell on a series of pictures in color, depicting the radio life of Joan and Harry Davis, the principle characters in a soapy operette called . . . "When a Girl Marries." It seems some girl had written to Joan (the character) asking her advice about marriage. . . sooooo, Joan is telling her, along with pictures. What with the limited space, things were rushed a bit but the general idea was clear enough. One page showed pictures of Joan cutting her wedding cake and on the opposite page, she and Harry were bouncing two large youngsters on their respective knees. We didn't read Joan's advice about a happy marriage because we aren't troubled that way, but the pictures fascinated us. Having heard the sighs, cries, groans, screams, harangues, sobs and general misery on "When a Girl Marries" program, we were interested in getting a look at the perpetrators of this noisy sorrow.

Having been advised every other day by some member of the cast . . . what a beauty Joan was, we took a good scan. Well, this is a new year and we'd made a few resolutions about what we WOULDN'T do . . . so all we'll say is that it's a good thing soap operas haven't yet made television. All in all, we're kinda sorry we saw the magazine and wish our dentist would be more careful about what lays or lies around his reception room.

Oh yes! another thing. For years, we've been holding up to the light, our good radio friends, Dr. and Mrs. James Brent ("Road of Life") . . . as model married folk. They are kindly people who live simply, do good deeds and enjoy their child and each other with quiet devotion. We've often said to our boy friend, "Why can't WE be like the Brents?" Of course, Carol IS jealous of Jim but then she should be . . . he's a mighty attractive doctor.

Well, what do we see in this same fine magazine, but a picture of Carol Brent taken in the front yard of her estate, in a motherly pose with two small children. "TWO children?" we asked ourselves, amazed. Then we read the article which informed us that Carol Brent . . . our idol . . . is married to (of all people) SUPERMAN! WHAT a shattering of ideals . . . and all because we had to have a tooth filled.

only by our sufferance, they are merely exciting their own Muscovite stupidity.

Russia's dedication to communism on the whole world front automatically places all peoples and nations not in agreement with her on the other side. And since her announced purpose is to achieve it "by force if necessary," it places her followers beyond the pale in any contest involving civil rights. This fact should be a convenient vehicle for us in dealing with any in this country who plead civil rights in their attacks on our own institution, dedicated to human dignity and the freedom of the individual man.

We must not be too squeamish in defending our own temple.

## A President's Sons

An obscure newspaper item the other day carried the information that Mrs. Mary Garfield Stanley-Brown, the 80-year-old daughter of the late President James A. Garfield had died in Pasadena.

The death of Mrs. Stanley-Brown is a wholesome reminder that the children of illustrious parents are not always hopelessly overshadowed and handicapped by their famous progenitors.

President Garfield was a poor man when he was elected President in 1880. The story was even told that a friend, Cornelius B. Bliss, of New York City, knowing of his pecuniary embarrassments as his inauguration approached, insisted upon his accepting a loan of one thousand dollars to tide over his immediate needs on inauguration day. Neither did President Garfield have a background of family or social prestige to bequeath to his children when he was assassinated the following year and died at Elberton, N. J., on September 19.

Nevertheless his two young sons, James R., then fifteen years old, and Harry A., aged fourteen, went on their own to make a name for themselves. James became a distinguished lawyer in Cleveland, O., and served as Secretary of the Interior in the Cabinet of Theodore Roosevelt. Harry became President of Williams College and served most capably as the Federal Fuel Administrator in World War I.

The Garfield boys had the stuff that counted.

It was nice to hear Governor Kim Sigler's voice over the radio from Arizona last Sunday. His periodical talks on his state of the State broadcasts have a direct, homespun style which his fellow citizens understand and like. The Governor reports rapid convalescence from his recent operation and promises to be back on the job at the state capital very soon.

## Talley Rant

by Helen Talley

I heard the nicest thing the other day about Cissy PATTERSON, the Washington publisher. She made a very fine Christmas gesture in behalf of her friends. Having put up 5,000 dollars with C.A.R.E., she notified those to whom she wished to give gifts that they were entitled to so many parcels each, to be sent through C.A.R.E. to their own friends in Europe.

The recent blizz blizzard and big snow surely put us all on that thing called a common level. I was talking to the young glimmer puss wife of a well known actor who is making baskets full of money at this very moment on Broadway. SONYA was kind of wheezing on the phone and I asked her why. "I'm breathless because I've been doing the laundry," said SONYA. "You know with this snow the trucks aren't picking up and the baby simply refuses to turn off the faucet till the sun comes out. Somebody has to supply those dazzling white squares and I'm the somebody. I thought as long as I was over the tub anyhow, I might as well throw in a few other things and now I find I'm a full time laundress. Fortunately the BENDIX people have one of those community laundries a few blocks away. Picture me every morning trudging through the snow with the laundry on my back."

A friend of mine said she was talking to DALI recently and she asked him about the landscape that seems to always be the background for his pictures. She asked him where it was and what was its significance since it was the only one he used. DALI told her that the landscape was nowhere in the world—it was in his mind. He said that when he contemplated a new work, the same background came into his mind, over and over, and no other. He told her that he intended to withdraw from the outside world more and more and to draw in and in, into his mind. As everyone knows, who has seen his work, DALI is also preoccupied with the nude back of his wife. With a beloved vision and a handsome nude, certainly every man is entitled to make up his own picture.

At one of the Christmas Balls a friend of mine, who was dancing with a very precious young man straight out of a fairy tale, fell flat on her bustle. The others at her table said how on earth did you happen to do that? "It was nothing at all," she said, airily, "the lad is a little airborne—I was simply trying to fly with him."

A man I know, something of a poet—he'd have to be—belonged at one time to the SOCIETY OF GIPSY LORE. The Society, with only good in its heart, rounded up stray bands of the wanderers and tried to set them up in community business GIPSIES are kind of magical—they can make things disappear. They can also work wonders with copper pots and pans that need repairing. ELEANOR ROOSEVELT took an interest in the project and offered to send down from Hyde Park all the pots and pans that needed mending.

Sure enough, not long after, a station wagon arrived with the stuff. Hard on the heels of the wagon and almost before the pots were unloaded, there came a phone call. It was from ELEANOR'S mother-in-law, MRS. JAMES ROOSEVELT. She said the pots were her property and the GIPSIES were to lay no hand on them. After a few days the station wagon again appeared. The pots and pans were reloaded. The infant project was strangled almost before it was born. Since then, the GIPSIES have just gone on being GIPSIES.

### CROUP

By Fred M. Kopp, R.P.H.

There are two kinds of croup, the simple spasmodic type and the severe type. Both must be considered as serious, for in the early stages it is impossible to tell them apart.

When a child's voice becomes hoarse, weak or husky, the doctor should be consulted at once. Often during an attack a child will become frightened, causing the symptoms to increase. Spasmodic croup appears suddenly between bedtime and midnight, and the husky voice is accompanied by difficulty in breathing.

Illness in children should always be regarded as serious, and the best medical care obtained for them at once. Make sure of the finest medication by patronizing a druggist experienced and trusted in compounding medicine.

The PRINCESS EDMOND de POLIGNAC was in town for a fleeting visit during the holidays. She told me that when she arrived at the airport—on the French side—to plane to this country, she went inside to get change for the taxi driver and when she came out he had disappeared with all her luggage, including eight new evening gowns. QUELLE DOMMAGE! She arrived on this side, at the height of the season, with only her make-up box in her little party. The very pretty and very delightful PRINCESS departed these shores quite suddenly. CHOLLY KNICKERBOCKER reported in the Journal-American that the chic GIELE was hurried to a return plane by her irate hostess. It seems the host was entertaining GIELE over and above the limits of that position.

## Await New Bids On Mack Paving

It was reported at the City Council meeting on Jan. 19 that the County Road Commission will open bids for the paving of the widened Mack avenue on February 17.

Two previous bids were set aside by the Road Commission because of the high price of labor and materials. It is believed the one to be received on Feb. 17 will be the count's last try and that one of them will be accepted.

## Dads Get Mad When Cub Reporter Misreads Notes

A cub reporter's misinterpretation of notes on a police blotter led rightfully indignant fathers to call the NEWS and ask for a correction of a story printed in last week's issue.

The disputed item concerned an automobile accident which occurred in Fisher road on January 10. It related that Terry Thomas, 15, of 220 Fisher, had hit a car driven by Donald Landis, also 15, of 274 Fisher, while Terry was making a turn into a driveway. It further stated that both boys were driving with operators' licenses that had expired.

Byron R. Thomas, Terry's father, asked for the correction, in no uncertain terms. He was tired of being chided by his neighbors for his remissness in letting his

son drive with an expired license . . . especially when the story wasn't true.

The following day Donald's dad called and voiced the same kind of protest.

The police reports were checked, as were the cub's notes, and the mistake was quickly detected. The aspiring reporter had interpreted the "Driving Exp.", which means Driving Experience to an experienced police reporter, as "Driving License Expired."

The cub had made one more slight error. It was Terry's car that was hit instead of doing the hitting. Outside of that, the story was all right.

Our problems only grow when we don't.

THE BRIGHT YOUNG MAN HAD JUST PLANED INTO TOWN, LOOKING LIKE A FLACK FOR A FIRM of London Tailors. Also, he had that televisionary gleam in his eye. The past an open press book; the future an open bank book.

A Bright Young Man keeps both feet in the air—straddling radio and television. As a Junior Exec. he is easing from Radio to Video.

He is saying "Do you realize that by the end of 1948, there will be 1,000,000 television sets in American homes, and it will be a \$500,000,000 industry?"

"Hold it," we beg him. "Those high altitude figures make us so dizzy we want to jump. In fact, to be boorish about it, television itself makes us dizzy."

"We're fixing all that," he says. "Did you know that in Greater Detroit there are already over 6,000 sets now, and there will soon be 50,000 sets?"

"How many of these 6,000 sets are in public places, and how

many in homes," we quiz him. "Only about thirty per cent of those sets are in public places," he tells us, which comes as a revelation. In this case, television is already a home industry.

"The Big Thing about television," he goes on, "is that it's really going to revive genuine acting genius. You get a curtain-to-curtain performance. It can't be cut and canned, like movies films—"

"That aint the way we heard it in Hollywood," we tell him. "No? Well, of course, television is their most threatening competition. When talking pictures came in, actors had to learn to speak their parts, and now with television they'll have to learn to act their parts from start to finish. No more shooting of scenes with re-takes."

"The way we heard it in Hollywood," we say, "is that television needs sponsors—and what advertiser is going to pay for shooting a full length movie epic for one video show?"

"That's what they said about radio," he persists. "Now look at what the Theatre Guild is doing for the American theatre in radio—and The Guild is the first to put dramas in television today."

"Touche," we say. "That point is yours."

"The Big Thing is," went on the B. Y. M. "that television performers really have to be good. They can't blow up in their lines, or fluff them. And heaven knows radio has brought forth some of the funniest fluffs in the history of show business."

Whereupon The Bright Young man began spouting some of the beautiful boners of our best announcers. There was the time Milton J. Cross, in introducing a revival of the musical, "The Prince of Pilsen," announced it to his spellbound listeners as "The Pill of Princeton."

One of the most popular of the harried housewives pet announcers was probing husbands to help their wives with the housework, when out came this ama-

zing advice: "Don't let your wife do all the work at home. If she is mopping up the floor—mop up the floor with her."

The sports broadcasters are really the ones who get away with the most fabulous fluffs. One excitable sportscaster from a Pennsylvania radio station blurted out breathlessly, in introducing a famous sports authority: "And now, ladies and gentlemen, we bring you the Dope from the Ball Park, Doug Arthur!"

"But," beamed The Bright Young Man, "the prize fluff came from the celebrated baseball player who forgot what program he was on, and blithely announced, on the Grape Nuts show, that his favorite breakfast was Wheaties. In attempting to gloss over this glaring fluff, the announcer persisted in prompting him with the cue: 'We know you're only kidding—now tell us what is REALLY your favorite breakfast.' Whereupon the brutally honest ball player replied: 'Ham, eggs and a couple bottles of beer.'"

On and on went The Bright Young Man, proving that all the gags-to-riches lines aren't written in the script. For \$20,000 of his hard taxed money, a sponsor can sometimes listen in to the sort of gags that makes him wish all radio actors were bound-and-gagged in the broadcasting stations.

"But what can the sponsor do about it?" we ask. "Nothing, except cancel his contract, which a sponsor rarely does until the fluffs become downright deliberate. Then he cuts the purse strings and that really takes the wind out of their sails."

"Not to mention taking the sales out of their wind," we conclude.

"How revoltingly right you are," remarks the Bright Young Man. "If you haven't lunched yet, won't you join me in a Bowl of Weevils?"

### 1948 SOCIAL SECRETARY DUE

Maybe the mailman has beaten us to it . . . But if by the time we reach your home this week you HAVEN'T received the 1948 Social Secretary . . . society's bible . . . it'll just be a matter of hours till your anxious paddies open it to see Who's Who . . .

The editor of the oldest and first social secretary of Detroit society . . . tells us there are approximately the same number of names in the 1948 edition . . .

But there are many changes . . .

Many old Detroit and Grosse Pointe families . . . are changing their Michigan homes for warmer climes . . .

Michigan winters . . . (who was it used to say "Detroit has two seasons . . . July and Winter") . . . are proving too much for some of the top drawer folks . . .

However . . . the old names are being replaced by the young marrieds . . . who have the stamina it takes to live here on the breezy lake . . .

We're also anxious to see the new cover of the Social Secretary . . . it's still blue, we understand . . . but with a different and even handsomer design . . .

More about the contents . . . when we receive ours . . .

### BOUTELLS PLAN HOLIDAY

The Carroll Boutell family of Ridge road . . . are going to "stick it out" at the Pointe . . . despite the colth . . .

Until early March . . .

When they are planning a junket to Fort Lauderdale, Fla. . . new Winter playground for the social set . . .

Judging from the headlines . . . and the photos of six inch snow in Tenn. . . the Boutells Have Something . . .

### ANN WILL JOIN PARENTS

While they're at Lauderdale . . .

Their attractive young daughter . . . Ann Kemper . . .

Will have her Spring holidays from studies at the Westover School . . . in Middlebury, Conn. . .

And she's planning to join her parents at the Southern resort . . .

### GAY AHRENS TO BE FEBRUARY BRIDE

Feb. 7 is the date lovely young Gay Ahrens . . . daughter of Mr. and Mrs. Don Ahrens of Sherbourne road . . .

Has chosen . . . as the date of her wedding to Pointer Robert John Byrnes Jr. . . son of Mr. and Mrs. Robert J. Byrnes of Rivard boulevard . . .

There have been ever so many parties feasting this popular couple . . .

Who will speak their vows at a ceremony at high noon in Gesu Church . . . out there on the North side . . .

### GAY'S ATTENDANTS

Gay will be attended by Mary Higgins as maid of honor . . .

While the bridesmaids will include:

Mary Byrnes . . . sister of the bridegroom-elect . . . Ruth Ann Finneran . . . and Mrs. Thomas J. Brennan . . .

Luise Ahrens, younger sister of Gay, is to play the important role of junior bridesmaid . . .

### ASSISTING BOB BYRNES

James Byrnes will assist brother Bob as best man . . .

And guests will be seated by:

Stanley Day . . . Walter Fisher . . . Robert Fisher . . . William Risdon . . . and Jerry Gittre . . .

Parents of the bridegroom-elect . . . Mr. and Mrs. Byrnes . . . will be hosts to members of the immediate families and the wedding party . . . at the rehearsal dinner . . .

This will take place Feb. 5 . . . at the Detroit Athletic Club . . .

### MISS FOSTER'S PUPIL HONORED

Honors—honors—honors—

Grace and learning often go hand in hand . . .

For example . . . there's that cutie Buffy Wicking . . . who recently "made" the National Honor Society for excellence in her studies at Grosse Pointe High . . .

Was also chosen by members of her class as:

"The best dancer at Grosse Pointe High School" . . .

All of which makes her teacher . . . Miss Annie Ward Foster beam with pride . . .

## Short and to the Pointe

### Discloses Wedding Plans

By plane and automobile, the J. LESLIE BERRYS of Balfour road are making their vacation an exciting one. They left last week-end to drive to Lake Worth, Fla., with some gear for the house they've rented there, and planned to fly back this week. On Monday, Mr. B. is flying his own four-passenger Stinson plane down to Lake Worth, and Mrs. B. and her father, JOHN C. LOR-GION, will take off via commercial air-lines to have the house ready for his arrival.

Guests of MRS. WILLIAM H. HERBERT of Beverly road these days are her son-in-law and daughter, MR. AND MRS. JOHN J. CARSON of Toronto, and their children, ELIZABETH, JOHN and FAITH.

Until the house they're building on Elm Court is ready, MR. AND MRS. RICHARD S. BARROWS and their children, DAVID and RICHARD, will be staying with Mrs. Barrows' father, DAVID O. HAMILTON of Beverly road. The Barrows are coming from Cambridge, Mass., to make their permanent home in the Pointe.

More moving news—the REYNOLD W. SEMMLERS JR. moved on Saturday into their new apartment in the Windmill Pointe Manor. They've been staying with the senior Semmlers on Berkshire.

Extremes in temperature are nothing to MRS. PAUL WEADOCK of Lewiston road, she no sooner returned from Lake Placid than she was off again, this time bound for Naples, Fla., where she will be the guest of MR. AND MRS. WALTER BUHL FORD at their winter home there.

MR. AND MRS. FREDERICK SLOANE FORD JR. of Balfour road announce the birth of a son, FREDERICK BRIER, Jan. 12. Mrs. Ford is the former NANCY BRIER.

The waiting game is being played these days by MRS. RALPH H. ROWLAND JR. and her small daughter, LIBBY. They've come from their former home in Toledo to stay with Mrs. Rowland's parents, MR. AND MRS. SIDNEY R. SMALL of East Jefferson avenue, until Mr. Rowland, who is out in Fresno, Calif., has their new home ready.

MRS. HARRY N. TORREY of Lake Shore road will leave early next month for her home at Ossabaw, Ga., accompanied by her son, WILLIAM FORD TORREY. Later in the season, she'll be joined by her brother-in-law and sister, MR. AND MRS. JOSEPH B. SCHLOTMAN, and still later by her daughter, MRS. JOHN SHALLCROSS, with MICHAEL, GILLIAN and JOHN.

MRS. ROBERT S. PLANTZ, who, with her sons, PETER and BOBBIE, has been visiting her mother, MRS. LESLIE L. ALEXANDER of Bishop road, has returned to her home in Ohio.

A wedding—OLIVER NEW-BERRY BROOKS—will take MR. AND MRS. WILLIAM P.

CELIA LOUISE CHRISTIANSEN, daughter of Dr. and Mrs. George Walsh Christiansen of Middlesex road, who will be married on March 6 to David Grover Wormer, son of Mrs. Clarkson Wormer, Jr. of Ridge road, and the late Mr. Wormer. Plans for the wedding were told at a dinner party Saturday night in the DAC. Picture by Moffett

BONBRIGHT II away from Touraine road around the first of February. The ceremony will take place in Palm Beach.

MRS. HORACE E. DODGE is occupying her apartment in the Everglades Club at Palm Beach for the winter season.

MR. AND MRS. CHESLIE E. PARRISH of Hillcrest road are making THEIR trip to Florida a broken one—they're stopping en route in Columbus, Ohio, to spend a few days with Mrs. Parrish's brother-in-law and sister, MR. AND MRS. RALPH C. HAAS.

## Foreign and Domestic Travel Lures Pointers

### South and West Beckon Local Residents While Merrill McClintock Skis in Switzerland; Coming Home on Queen Mary

Travel news this week has two sides—foreign and domestic. While most traveling Pointers are seeking sun, word comes from James I. McClintock of Beverly road that his daughter, Merrill, has been catching some of the very special Swiss skiing lately.

Merrill has been studying sculpture in Geneva for the last 18 months, but has set a date of departure from Europe. On March 19 she'll embark on the Queen Mary at Southampton to come home.

Her winter vacation she's been spending at Villars, Switzerland, and she planned to return to Geneva Feb. 1 to continue some sculpture classes. Before she sails, Merrill will go to London to visit friends for awhile.

The junket Mr. and Mrs. Lee M. Biggs of Bedford road are planning has a definite 1948 or Air Age sound. On Tuesday they'll take off in their own plane, (piloted by Douglas Bell) for Miami Beach, where they will make a short stay.

From there, it's on to Cali, Colombia, and a month in the sun as the guests of Mr. and Mrs. Frank J. Kennedy of Ann Arbor.

Since they prefer to make their flight in easy stages, they'll stop over in Colon, Panama, for a few days enroute. Mrs. Biggs will scarcely have time to draw a deep breath when she returns, for she'll go East immediately to pick up sub deb Phyllis at Pine Manor, Wellesley. The two then will go down to Bermuda to spend Phyllis' spring vacation from school.

The South is calling Mr. and Mrs. Arthur H. Buhl Jr. of Provancal road. Their day of departure is Feb. 12, and the itinerary reads like this: Asheville, N. C.; Delray Beach, Fla.; Miami; Nassau.

Add travel notes: MR. AND CARL BREER of Windmill Pointe drive are home again after a stay in Rochester, Minn.

MRS. JAMES R. MILLER is back in Hartford, Conn. She was in the Pointe briefly last week visiting her mother, MRS. WILLIAM H. WELLS of Maumee road.

MR. AND MRS. CHARLES H. FLETCHER of Vendome road welcome a visitor from Elmira, N. Y. last week—Mrs. Fletcher's mother, MRS. JOHN R. VAN (Continued on Page 12)

## Red Cross Now Organizing Classes in Home Nursing

The first home nursing classes of the new year are now being formed at Detroit Red Cross and all Detroit housewives are urged to enroll today in one of the classes which teach the valued lessons of how to care properly for the sick at home.

There is still a critical shortage of nurses and bed space in hospitals making the home nursing courses extra essential to the homemaker. Miss Margaret Geiermann, R. N., director of Home Nursing Service announced that again three courses will be offered.

## Workers Needed By Gray Ladies

Once again the Red Cross is appealing to the women of Grosse Pointe to volunteer as Gray Ladies to serve at the U. S. Veterans Administration Hospital, Dearborn. With the opening of two new wings at the hospital, more and more Gray Ladies are needed to help augment the regular nursing staff. Gray Ladies do not do nursing work but assist in many ways in making the veterans more comfortable and happy.

Red Cross is planning an evening training course in the month of February. The course is open for day workers as well. Recruiting will take place at Chapter House, 153 East Elizabeth from now until Jan. 31.

The office will be open Monday through Friday from 11 a. m. to 3:30 p. m. and for the convenience of volunteers, there will be evenings when enrollments will be taken from 5:30 to 7 p. m. The evening dates are Jan. 23 and 28.

Women interested are asked to call CA. 3900 to make an appointment for a personal interview with a member of the Gray Lady Recruiting Staff.

## Gloria Rewoldt To Wed in June

A birthday party at the DAC last week turned into an announcement gala when Mr. and Mrs. William J. Rewoldt of Sunningdale drive revealed the engagement of their daughter, Gloria Ann, to Dr. Joseph Lee Whelan.

(It was Mrs. Rewoldt's birthday celebration.) Gloria is a graduate of the University of Michigan, where she was a member of Pi Beta Phi, and is now doing graduate work at the U. of M. School of Social Work in Detroit.

Her fiancé is the son of Mr. and Mrs. James Gorman Whelan of Chisholm, Minn. He was graduated from the University of Minnesota Medical School and was affiliated with Phi Chi medical fraternity.

## Pre-War Custom Revived by Club

The Grosse Pointe Club made news last week with the revival of a pleasant pre-war custom—the Tuesday afternoon bridge sessions and lessons.

Mrs. Charles Symington acted as entertainment chairman. On hand for the first day's play were Mrs. Robert C. Martin, Mrs. J. Stewart Hudson, Mrs. D. Dwight Douglas, Mrs. Charles H. Hodges, Jr., Mrs. Yates G. Smith, Mrs. John T. Woodhouse and Mrs. Charles C. Creedon.

Others included Mrs. Louis J. Groch, Mrs. Hamilton D. James, Mrs. W. Dean Robinson, Mrs. Harold Raymond Boyer, Mrs. Phelps Newberry and Mrs. William L. McGiverin.

Still more were Mrs. Harley J. Earl, Mrs. Thomas F. Paddock, Mrs. George O. Johnston, Mrs. Chisholm N. Macdonald, Mrs. Ernest Brier, Mrs. George Krapfel, Mrs. Lynn McNaughton, and Mrs. Albert A. Griffiths.

## Alpha Xi Delta Alumnae To Meet in Barlow Home

She will be assisted by Mrs. Wendell Faulk of Bedford road, Mrs. Maurice Strong of Maryland avenue, Mrs. Lowell McConnell of St. Clair Shores, and Mrs. William Bartram of Seminole avenue.

Instead of learning from unpopularity and changing, some of us are glad to learn that others are unpopular too.

## Planning Summer Wedding

Dr. and Mrs. Terrell D. Lewis of Rivard Blvd. announce the engagement of their daughter, GWEN, to Roland B. Mayne, son of Mr. and Mrs. Walter P. Mayne of Benecia, California, formerly of Colorado. Mr. Mayne received his B.A. in economics at the University of Colorado in June, 1947, and will receive his master's degree in public administration in June of this year. His fraternity is Phi Delta Theta, and he is also a member of Phi Gamma Mu, National Social Science Honorary. They plan to be married some time next summer.

## Monroe Trojans Conquered For 24th Straight Victory

Bob Jenks Takes Two Events to Remain Undefeated In Present Season; Final Score of Lopsided Meet is 60-24

Coach Frank Banach's powerhouse swimming team dropped three of seven individual events in its meet against the Monroe Trojans last Friday afternoon, January 16, but still wound up on the long end of a lopsided, 60-24 score.

The victory marked the twenty-fourth consecutive meet the Blue Devils have won. Only the Wyandotte Bears stand in the way of the Pointers making it a clean sweep for the first half of the schedule.

Monroe's Coach Dick Walters, a veteran of 24 years, employed an unusual maneuver in an attempt to break the Pointers' winning streak when he instructed his boys to take their marks slowly and forced the Blue Devil tankmen to jump the gun. This strategy might have worked but for the alertness of Coach Banach, who spotted the unorthodox maneuver and instructed his boys to hold their marks until the gun sounded.

The highlight of the meet was Bob Jenks' double victory in the 100 yard breast stroke and the 120 yard individual medley events. These victories enabled Jenks to remain undefeated this season.

Scogg of Monroe chalked up the only other double victory in

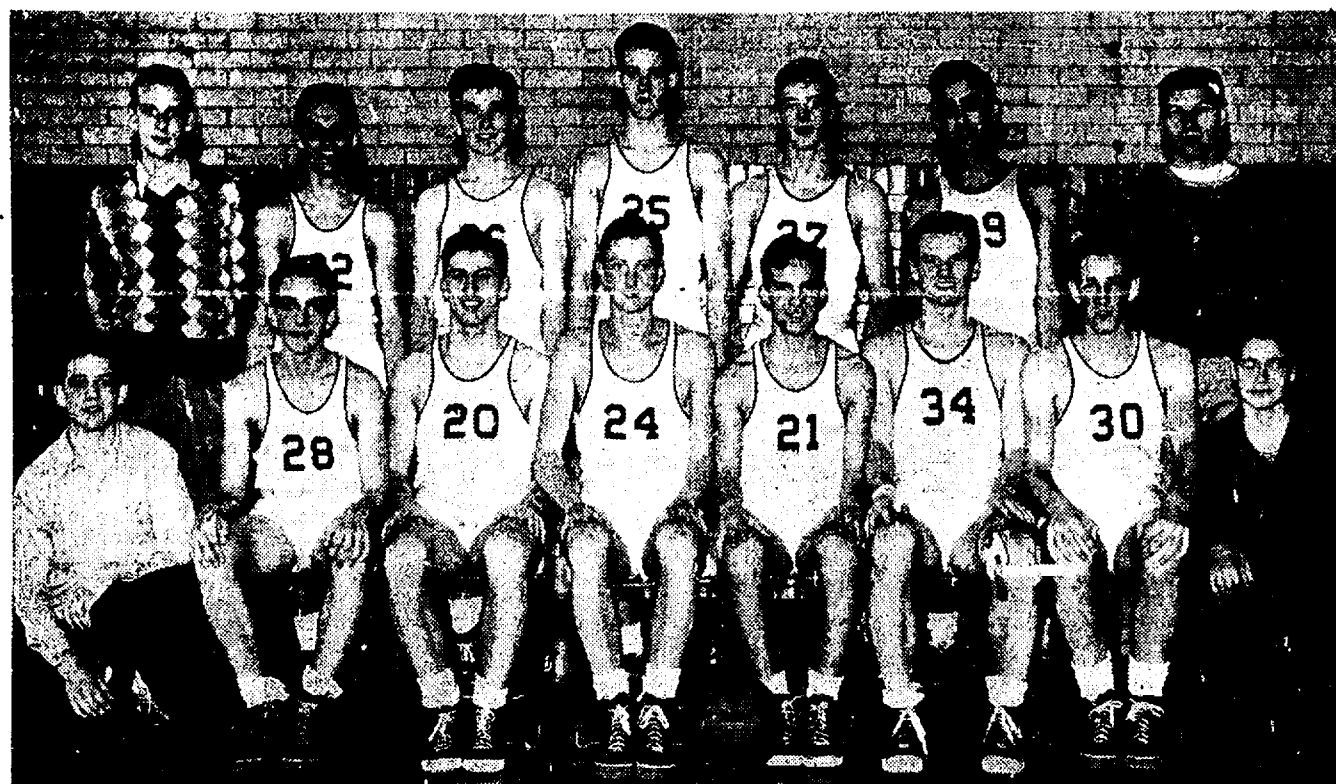

the 40 yard and 100 yard freestyle events.

Trailing, 34 to 20, going into the diving event the Trojans had an outside chance of victory by winning the diving and two relay events, but the Blue Devils had other ideas and made a clean sweep of all three.

**Summaries**  
40 yd. freestyle—Scogg (M), Machris, Mumford. Time—1:18.9.  
100 yd. breast—Jenks, Essert, McKenzie (M). Time—1:09.3.  
200 yd. freestyle—Nay, Beardslee, Wallin (M). Time—2:15.6.  
100 yd. backstroke—Soncrant (M), Beck, Flom. Time—1:08.2.  
100 yd. freestyle—Scogg (M), Spurrier, O'Connell. Time—1:05.8.  
120 yd. medley—Jenks, Soncrant (M), Fismoe. Time—1:23.4.

Diving—Baganz, Flanders.  
180 yd. Medley relay—Grosse Pointe (Flom, Lang, Spurrier).  
160 Freestyle relay—Grosse Pointe (Machris, Beardslee, Mumford, O'Connell).

They are the only boys lost to the squad which is in the thick of the Border Cities League title chase.

## Pointe High Cagers Jump Back Into BCL Title Race

Blue Devil Basketball Team Easily Whips Aggressive But Untalented Monroe Quintet in 44-31 Contest

By Fred Runnells

The Grosse Pointe Blue Devil basketball team jumped back into the Border Cities League title race when it easily whipped the aggressive but talentless Monroe High School quintet, 44 to 31, on the latter's home court last Friday night January 16.

Led by veteran Leroy Guaresimo and the ever-improving Bayard Johnson, who tied for individual scoring honors at 10 points each, the Blue Devils jumped into the lead at the opening whistle of the rough game which saw 40 personal and one technical fouls called.

The Pointers, unaccustomed to the unorthodox style of play employed by the Trojans, were unable to make their plays work smoothly in the early stages of the game but still enjoyed a comfortable 18 to 10 margin at the half time intermission.

It was in the last quarter that the Blue Devils chalked up 19 points to put the game on ice and give the school on Fisher road a 500 percentage in league competition with two wins and two losses.

The victory also moved the Pointers into a four way tie for second place in the league standings. Royal Oak, Highland Park and Fordson share the second place spot with the Blue Devils behind the league leading Wyandotte Bears, who have won all four league starts behind the brilliant play of their star, Joe Caterino.

Caterino will play his last high school game this week as will Royal Oaks' Norm Zauchin. The

passing of these two athletes will bust the basketball picture wide open and make for a wild scramble for the B.C.L. title.

Caterino holds the distinction of winning 15 varsity monograms in his high school career. He won five in basketball, four in football, four in baseball and two in track. He has been visited by or had correspondence with a half dozen schools including, Michigan, Michigan State, Illinois, Alma and Central Michigan.

Zauchin set an all-time league scoring record against Monroe last week with 42 points. He holds the reputation of being the greatest natural athlete ever trained at Royal Oak. Aside from his basketball prowess he is a stand-out baseball player and is promised a tryout with the Detroit Tigers. He reportedly is asking for a \$15,000 bonus for signing.

In the Monroe contest the Trojans had a slightly better foul shooting average, making good on 11 out of 18 tries. Grosse Pointe connected on 12 of 23 tries.

Dick Fulkerson and Joe Pitcock of Monroe shared scoring honors with Guaresimo and Johnson. Veteran Tom Willson missed the select group by one point.

## An Open Letter to the Grosse Pointe High Swimming Team

Dear Team Members:

Congratulations on having been chosen by Don Watrick as the outstanding favorite to win the 1948 Michigan State swimming title. This in itself is an honor that many high school teams seek, but let me remind you that you have a long, hard row to hoe before you can take the bow of champions.

By being chosen as the team most likely to win the state title you definitely have been put on the spot, and as has been true in the past, teams elected to the favorite's role have most generally become also-rans because they have become over confident and figured they had won the title even before the event takes place.

Just because you have gone through the first half of your schedule undefeated don't think for one minute you will be able to complete the remainder of the season easily, without a defeat. From here on in you will be on the spot and every team you meet will be after your scalp because it is so nice to knock over the favorite.

Let me point out one instance that befell a former Blue Devil swimming team which in my books was a better all around team than the one you are a member of today.

It was back in the season 1945-46 that the Blue Devils were riding high on a winning streak and had bowled over their opponents during the first half of the season by landslide scores, and were figured by many to win the Border Cities League title easily. That was before the Blue Devils had met the unpublished Monroe Trojans.

The Trojans, during the first half of the season, had defeated all of their opponents, but the scores were unimpressive and it appeared to the members of the Blue Devil squad that they would just have to go through the formalities of going down river to win the meet.

The meet was close from the opening gun but the Blue Devils figured that in later events they would pick up enough points to insure victory. As the meet progressed it became apparent that the Trojans were not impressed by the Blue Devils' advance publicity and were determined to win. They did, by a 43-41 score.

The victory enabled the Trojans to share the Border Cities League title despite the fact that the Blue Devils defeated them by the same score in the return engagement of the home-and-home series.

Don't be misled by publicity of how good you are, because a sports writer or radio commentator is always looking for a good story and in some instances will pick a likely looking team to publicize just to make copy to fill a column or time on the air.

In the majority of cases this type of publicity harms the team rather than helps it, because it gives the team a false security and makes it overconfident which in turn makes it ripe for defeat by an unsuspected "dark horse." Don't let this happen to you. You have a good team but not good enough to figure you have won the league and state titles YET.

If just one member of your team becomes over confident he can wreck all the glory that can be yours if you don't mind your P's and Q's until the 1947-48 season is over and all the records

are compiled in the book. Then and only then will you have the right to take the bow of a champion.

You have a good team, not a great team yet. You have a chance to attain the pinnacle of success. You also have an excellent coach who has worked hard to mould a winning team. DON'T let him and your school down because someone has said you are good.

Best of luck—Fred Runnells, Sports Editor.

## Bad Projection Spoils Movies

By Fred Runnells

It was like a preview of the radio program "Duffy's Tavern" last Monday night at the Pierce auditorium, where the Michigan-Southern California Rose Bowl pictures were shown to a capacity crowd.

Wally Weber, assistant football coach at the University of Michigan and undoubtedly one of the most humorous "lettuce league" speakers, rolled the crowd in the aisles with his hilarious talk preceding the show.

Bad projection spoiled the pictures, which appeared very dull and dark on the screen due to inadequate equipment. The same films were shown by Weber at the Downtown Quarterback's Club that afternoon and were beautiful, according to those who attended.

The University of Michigan Alumni Club of Grosse Pointe should in no way be held responsible.

According to officials of the Alumni Club three times as many tickets could have been sold if there had been room to seat the crowd. Which only goes to prove that Grosse Pointe is sorely in need of a larger auditorium to accommodate gatherings of this nature.

## Loop Lead Taken By Turner-Buick

The Turner-Buick team has taken over the lead in the Grosse Pointe Business Men's Bowling League. Heger's 186 is individual high average for the loop, but he has bowled in but six games. Pety's 181 in 45 games gives him second place in the standings.

J. Lendzion's 254 is high game for the season, with DeSchynck's 248 in second place.

## Piche Rolls 593 In Rotary League

Piche Barber Shop, captained by Forrest Piche, won over Martin Outboard Motors 4-0, in the Rotary Bowling League last week. Forrest himself blazed away with 218-229 in 593. Piche Barbers also established themselves in the record book, placing second in high team single with 955, one pin shy of Houston's 956. Gene Groth's 562 for Martins counted for nil when the "Rolling Tars" fell apart.

Motor City Tires, with John Barber and Dave McCarron rolling 543 and 552 respectively, ran over Harrison Carpets 4-0, to win the "Cellar Series".

Middle Atl. Transp. Co., won three close games from Monday Cleaners, thereby taking four points to bolster their runnerup position.

Houston Bros. Inc., added to their lead by winning over Farms Market, 3-1. Irv Schoof had 544 for Houston and Ed Taube 520 for Farms.

Punch and Judy Cocktail Lounge sparked by Miner Wynn's 553, reversed its defeat earlier in the season, by Holzbaugh Motors, to slam back and take four points and even the series between them.

## St. Paul Girls Get Two Wins

St. Paul Varsity Girls met and defeated their first opponent, Blessed Sacrament, in a practice game on January 9. The score was 29-8.

The girls' varsity consists of Rita Leitbauer, Joan Krehn, Wink, Joan Beaupre, Rosemary Wrubel, Peggie Worley, Betty Huettman and John Whyte. Elgin Kelly is their student manager.

The team also met St. Ambrose in their own gym January 15, in another non-league game. Since these two are rival Dominican schools there is much interest shown in the contest. The game was a very exciting one. The final score was 35-21. St. Paul winning. The reserve girls also came out in the lead with the score of 14-13.

## St. Paul Quintet Captures First Court Game of Year

By JOE FROMM

St. Paul, paced by center Harry Hammond, captured its first basketball game of the season by downing a weak St. Philip quintet, 36-22, Sunday night at the St. Charles gym.

Hammond led both teams in scoring with 13 points. St. Paul and St. Philip played on fairly even terms for three periods before St. Paul got going and scored 15 points in the final period to St. Philip's 5.

St. Philip scored first and held a 2-0 lead for approximately four minutes before John Hoyer scored. From this point on St. Paul was never behind. Hammond and Chuck Wylie scored baskets before the period ended with St. Paul in front, 6-5.

In the first half St. Paul threw away 13 passes. After they threw away three or four had passes Coach Ed Laurier assigned a player on the bench to count them.

Hammond and guard Jim Law paced the Grosse Pointe quintet in the second half. The score at the end of the third period read St. Paul 21, St. Philip 17. It was after this point that St. Paul began to live up and ended the game, winning 36-22.

Law trailed Hammond in scoring with eight points. The remaining scoring was done by Pete Belanger 6, Paul DuRocher 4, Hoyer 3, Wylie 2. Hammond, high scorer, was taken out of the game midway through the final period to give some of the other players a chance.

The game was exceedingly rough. Three St. Philip players were taken out of the game in the final period because of fouls. Two St. Paul players each had four fouls called on them.

St. Paul made good on 12 free throws in 30 attempts, while St. Philip could connect on only 6 out of 18.

The reserves had little trouble in winning their second game of the season, 28-10. They led at the half, 16-5. Tom Backman led the scorers with 10 points.

**From Joe To You**

by Joe Fromm

Border Cities League basketball standings became shuffled around over last weekend and now four teams, Grosse Pointe, Highland Park, Fordson, and Royal Oak, are tied for second place. Wyandotte leads the league with four wins and no defeats.

In games last weekend Wyandotte downed Royal Oak, 51-32, and Fordson upset Highland Park, 52-45. In the Wyandotte-Royal Oak game Norm Zauchin, Acorns high scoring ace, was held to eight points while Joe Caterino racked up 21. Both players will graduate in January.

The standings are:

**Standings**  
Wyandotte ..... 4 0  
GROSSE POINTE ..... 2 2  
Highland Park ..... 2 2  
Royal Oak ..... 2 2  
Fordson ..... 2 2  
Monroe ..... 0 4

Marv "Evil Eye" Weaver, a member of Grosse Pointe High's basketball team, takes credit for Grosse Pointe's 43-41 win over Royal Oak early in the season. It seems he threw a "double whammy jinx" on Norm Zauchin, Royal Oak's star center, from the bench in the second half. Zauchin scored 14 points in the first half but was held to 6 in the second.

Speaking of Zauchin, he seems to be waiting to sign a Detroit Tiger baseball contract after graduation in January. It was reported in a Detroit daily paper that he is asking for a \$15,000 bonus for signing.

Two of the most earnest followers of Grosse Pointe's basketball team are Frank Webb and Bill Halley, bus drivers for Lake Shore Coach Lines. Mr. Webb takes the team to all the games and is the unofficial mascot of the team. He buys gum for the players before every game. Mr. Halley drives a bus chartered by some of the girls of the school and lends his support to the team.

## Steiner's Leads In Hockey League

By JOE FROMM

A late goal by George Bolton gave Fisher Record a 1-0 victory Sunday night over Grandale in a Michigan A.A.U. Hockey League game at Mack Park. Fisher Record and Turner Buick are the Grosse Pointe members in the league.

In other games last week Turner's lost to undefeated Steiner Ford in the last five seconds Friday night, 4-3, and Fisher lost to Amboy Dukes, 3-2, Tuesday night.

Bolton, Fisher's leading scorer with three goals and two assists, scored the lone goal of the night Sunday in its 1-0 victory. Bolton shot the puck from a big scramble in front of the net. This victory puts Fisher into a three way tie for third place.

Bob Hansen continued to stay in the top scoring of the league with two goals in Turner's loss Friday night to league leading Steiner Ford. Hansen, who now has 12 points on eight goals and four assists, was assisted by right wing Wally Joachim on both goals, and also by left wing Ted Laitner on one.

Turner's led, 3-2, with two and a half minutes remaining in the game. A goal with two minutes to go tied the teams at 3-3 and a goal in the last five seconds provided Steiner's its margin of victory.

Wing John Jervis got Turner's other goal unassisted. Turner's is now tied for seventh place, but has played one less game than four of the higher teams.

Fisher lost in the only other game of the week to Amboy Dukes Tuesday night, 3-2. Fisher's goals were made by Dale Goodman and Walter Bell.

The game that was scheduled between Turner's and Fisher was canceled because of bad ice, along with another game apiece for each team last week.

The League has only two more weeks to run before the season is over. In games this week, Fisher will meet the last place Hawks Thursday night at 8:15, Turner will meet Lathe Turning Saturday night at 9:30, and Fisher will tangle with Steiner Tuesday at 7:00.

## DUS Basketball Five Splits Pair

The Detroit University School basketball team split a pair of games last week, winning from Lakeview High School, 30-24, on January 13 and losing to New Baltimore High, 35-26 on January 16.

Lakeview had won the first game between the two schools earlier in the season, by a 38-37 score in an overtime battle, so the victory was doubly sweet.

Bill Fisher was the star of the Lakeview game, scoring 15 points, getting 5 counters at the close of the first half to even the half-time score, 15-15.

The New Baltimore game was played in St. Mary's gymnasium before a capacity crowd. Bill Fisher again was high man for the DUS team, getting nine points. The red and blue outfit is now battling 500 with three wins and three losses.

## Hanson Chevrolet Leading Neighborhood Club League

By FRED RUNNELLS

The Francois Bulldogs, defending champions, in the Neighborhood Club Basketball League, fell before the reserve strength of Hanson Chevrolet, 50 to 34, on January 19 in the first game of a twin bill. It marked the second game in a row in which the Bulldogs wound up on the short end of the score due to lack of reserves.

The victory kept Hanson on top of the league standings with three wins and no losses. The Bulldogs dropped deep in the cellar spot.

Bob Messmer of Hanson took over scoring honors with 18 points. Wood Giest was high for the losers with 13 points.

The second game of the night saw Gabriel Richard whip St. Paul, 42 to 34, and move into undisputed possession of third place in the standings. The play of Bretz and Curran around the backboard and the shooting of Verdonck, who captured scoring honors with 12 points, were the deciding factors in Richard's victory. Don Piche was high for the losers with 10 points.

On Friday, January 16, St. Clair CYO opened its season against the Amvets and figured in the highest scoring game of the season to date. The Amvets won out, 60 to 53, but the victory wasn't assured until the closing minutes of the game as the lead continually changed hands throughout the contest.

Scoring honors went to Bill Coddie of St. Clair, with 22 points. Joe Doerner led the Amvets attack with 19 points, missing by two points equalling his performance in his team's opening game.

The Minor League saw plenty of action during the past week and on Friday, January 16 the Apaches racked up their third straight win by defeating St. Clair.

No. 2, 65 to 26, to remain undefeated.

Teammates Bryant and Connell thrilled the spectators with a nip and tuck scoring duel. Connell won out by swishing through 25 points while his teammate collected 24 points.

St. Clair No. 1 made its second league start and scored an upset victory over the Huns, 36 to 29. The Huns rallied in the last quarter but were unable to overcome the commanding lead held by the St. Clair aggregation.

Mann annexed scoring honors with 14 points. Edsel was high for the losers with 13 points.

## Bands and Glee Club Ready For Annual Winter Concert

The Brownell Band, the Boys' Glee Club and the Grosse Pointe High School Band will present the annual winter concert Friday evening at 8:15 o'clock in the Grosse Pointe High School auditorium.

Under the direction of Dewey D. Klemmer, the Brownell Band will open the program with the National Anthem and the march "Laurel" by Harold Bennett. John Quackenbush, 8A, will present "Serenade Badine" as a tenor sax solo and the entire junior band will play as their concluding number the "Overture Militaire" by Hayden.

The Boys' Glee Club directed by John Furch will present such popular favorites as "Slout Hearted Men" by Romberg and the western favorite "Ole Faithful." Paul Lane, 10B, will be the soloist in the Glee Club's presentation of "On the Road to Mandalay," "The Shadow March," "Hawaiian Serenade," and Kennedy's ever popular "South of the Border," are other selections to be sung by the Glee Club. Piano accompanists for the group will be Joseph Henk, 11B, and Ken Venderbush, 12B.

A stirring march "Under the

Double Eagle" will be the opening selection of the Grosse Pointe High School Band. Following the march, the band will play the rhapsody "King O'ry" and a novel selection of "Three Blind Mice" at the "Night Club Floor Show." Next will come a composition designed to suggest the moods of the picturesque Sierras, "Scenes from the Sierras," "Pavanne" by the modern composer Fortin Gould, and "Skyrockets," a descriptive march, will be followed by "Song of the Bayou," a selection which depicts the varied moods of the southern swampland.

The final number to be played by the band will be "Knights-bridge March" by Eric Coates. Because of graduation, the concert will be the last in which nine band members will appear. The graduating musicians will include Ken Christianson, Ann Will, Elaine Severin, Tom Willson, Lorne Norton, Lucy Hynds, Gordon and Gerald Taube, and Walter Jachim.

Many of these seniors have participated in the Southeastern Band and Orchestra Festival, playing in ensembles or playing solos. Those who have participated have received "excellent" ratings for their musicianship at these festivals.

Adult tickets at 74 cents and tickets for children under 12 at 50 cents will be on sale at the door.

## Short and to The Pointe

(Continued from Page 8)

CAMPEN. She'll stay about a month.

When MRS. JOHN PALMER FRAZER left Washington road for Florida last week, she planned a stop in Miami Beach before settling down in Naples for the winter. MR. FRAZER and JACK will join her in February.

The HENRY E. CANDLERS of Lake Shore road are another couple who are adding to the Pointe Florida colony—they're at The Breakers in Palm Beach.

The Pointe was a delay en route for MRS. ARTHUR E. POWELL and her son, JOHN, who have been visiting Mr. Powell's parents, MR. AND MRS. ARTHUR T. POWELL of McKinley road. The junior Powells left on Friday for Boston, to where they're moving from Chicago.

MR. AND MRS. W. ROBERT BRYANT were hosts at a cocktail party on Sunday evening in celebration of the fact that they're now settled in their new house in University place, after moving recently from Maumee road.

This stork note comes from Battle Creek, where MR. AND MRS. JULIAN M. KINZIE announce the birth of a daughter on Jan. 10. Mrs. Kinzie is the former GERALDINE HIGBIE, daughter of MRS. BUTLER HIGBIE of East Jefferson avenue.

Before his lecture to the Metropolitan Art Association at Art Institute last week, CHRISTOPHER TUNNARD and MRS. TUNNARD were the guests of W. HAWKINS FERRY of East Jefferson avenue at a dinner at the University Club.

Others included Mrs. James H. Barnes, Mrs. Victor Sincere, Mrs. Paul Sutherland, Mrs. Roy Fruhauf, Mrs. George A. Bigley, Mrs. A. F. Marschner and Mrs. J. E. Duncan.

### Announce Betrothal Of Joan Stivason

Mr. and Mrs. John Stivason of Lochmoor boulevard announce the engagement of their daughter, Joan, to William Beever, son of Mr. and Mrs. Albert Beever of Hunt Club drive.

The engagement was announced at an open house during the holiday season. The young couple attended Grosse Pointe High School together and the decorations at the party were in the school colors of blue and gold. Wedding plans will be announced later.

### To Make Survey On Lincoln Rd.

Police Chief Tom Trombly, of the City, was instructed at the Council meeting on Jan. 19 to make a survey of conditions along Lincoln road with respect to making it a one side parking street, with the exception of Cadieux, Lincoln and Rivard are the most travelled north and south highways in the City and the narrowness of the roadway on Lincoln makes parking on both sides a hazard to through travel.

The first block of Lincoln in from Jefferson is already a designated fire route where parking is prohibited on the east side. The purpose of the survey is to ascertain whether present hazards on the rest of the street cannot be minimized by new parking regulations.

Mayor Netting raised the question that it was his experience that where parking was limited to one side of a street it encouraged travel and largely offset the advantage of one-side parking.

## One of Thousands

The Christmas season is over, but the joy spread by the Goodfellows lingers on in thousands of hospital beds and homes of the poor. This little fellow in Receiving Hospital is one of many there made happy by toys which were the gift of Milner Hotels, Inc. Herman J. Daldin of the Pointe, executive head of Milner, distributed a van load of brand new toys to 14 Detroit Police precinct stations for redistribution by the Goodfellows on Christmas morning. Daldin also visited the convalescent wards at Receiving Hospital and handed out toys to the kids.

Mrs. Mark K. Edgar of Lincoln road has been presented with a 30-year pin by the Grosse Pointe Girl Scout Council. This pin, rarely given, is the only one in the whole Detroit area.

A friend of Juliette Low, founder of Scouting in America, Mrs. Edgar began Scout work in Scranton, Pa., when she was that cities first Girl Scout Commissioner, 32 years ago. She has served in various capacities ever since. Last year she was made an honorary member of the Grosse Pointe Scout Council. She was a member of the Detroit Girl Scout Council in 1942-43.

Though not active in Scout work at present, Mrs. Edgar maintains her interest and attends Scout functions regularly. Also, Grosse Pointe's camp trailer, which was homeless due to the camp chairman's impending departure for California, is graciously being housed in Mrs. Edgar's garage.

About a year ago Troop 538, Richard School, adopted 3 extremely needy foreign families; one French and two Greek. Throughout 1947 packages of food, clothing, school supplies, and toys were sent to each family. A carnival was held to raise money to pay for these items and for cost of shipping. Mrs. A. J. White and Mrs. Gayer worked closely with the girls to make the project a success.

Troop 377, Richard, is collecting used fat . . . proceeds to go to the Juliette Low fund.

Dr. and Mrs. L. M. Sa'di of Balfour entertained girls of Troop 324, Defer, at a Christmas party held in their home. Their daughter, Laila Sa'di, is a member of the troop.

Brownie Troop 708, Richard, has shipped a box of "Treasures for Pleasure" to France.

The Wings held a Christmas party in Miller Hall. Tea and cookies were served; gifts exchanged.

Girl Scouts will try to send abroad 100,000 clothing kits for young people by December 1, 1948. The endeavor is nationwide, and the largest clothing project ever undertaken by U. S. Girl Scouts.

The Honorable Herbert Hoover, speaking at the National Girl Scout Convention last November, praised the clothing project as one that will alleviate suffering and will help build international friendship and understanding. "There are no enemies among children," Mr. Hoover said.

Troop 539 enjoyed a skating party December 29. Hot cocoa and cookies were served afterwards at Paula Mathewson's home on Lakeland. More outdoor activities are planned for this troop . . . an evening skating party in the near future . . . Troop Camping, already arranged for next June.

While eagerly awaiting the fun in store, the girls are working on clothes pin dolls for the Children's Hospital.

"Ali Baba and the Forty Thieves" is coming January 31. Get your tickets from a Girl Scout, or Girl Scout leader.

## Kid Bits

By Mary Prevo

Paper hats and noisemakers—lights dimmed by yards of paper streamers—formally dressed couples dancing to sentimental strains of music floating from a bandstand at one end of the large room—the fragrance of fresh flowers—multi-colored balloons drifting down at the stroke of midnight and folks gayly shouting "happy new year" to those around them—all added to the delightful setting in the gymnasium of Grosse Pointe high school on that EXTRA SPECIAL night—New Year's Eve.

This most festive occasion of the year brought forth a mixture of gaiety and romance.

Couples seen at the dance were Mary Boyer and Steve Hosmer, Annie Davis and Ed Isby, Minnie Hewitt and Dave Bull, Charlyn Salmon and Jack Swan, Sally Hubbard and Lester Bauer, Sally Ferney and Dave Ramsey, Gretchen Kleehammer and Jim Hearst, Marge Simon and Dan Beck, Barbara Hart and Bob Buslepp, Dona Lee Davenport and Duane Krause, Nancy Blough and Leroy Peplinski, Polly Wilton and Milt Setzer.

Others—Barbara Goodrich and Loren Miller, Joan Ghesquiere and Bob VanHalteren, Nancy Maynard and Dick Elkin, Sallie Hoyt and Stuart Ward, Marcia Olens and Ray Bolo, Joanne Russell and Doug Krieger, Judy Richardson and Dave VanOstenburg, Barbara Sulton and Bob King, Kathy Strek and Robert Phillips, Meeky VanZanen and Lee Kanzer.

Many chose to welcome the new year at parties and clubs. Merry making in the Pointe lasted until on into the wee hours!

"Hope you haven't completely forgotten 1947—especially the social side of that year, for a tremendous amount of entertaining took place which has not yet been mentioned—Such as PEGGY HATCH'S party at the Hunt Club.

"Hear that the hostess ordered that food be brought out, rugs be pushed aside and the music begin playing for Mary Ellen Antrim, Elaine Buher, Don Florin, Janet Dalrymple, Paul Fries, Dan Beck, Alan Kidd, Chuck Nevin, Don Drader, Marge Simon, Satsy Erskine, Joy Heidrich, Nan Pierrot, Tom Dewey, Don Savage, Dodo Guimond, Marvin Weaver, Bob Armstrong, Janie Bundy, Gerry Johnson, Blount Slade and Cobby Bartlett.

Another event of the past is the progressive dinner which JANET JOHNSTONE, BETSY WALD, BOTT, GAIL WRIGHT and NORMA NEEB put on for their crowd.

The girls went on to PAT PERONE'S house to finish the evening with chatter and an exchange of gifts.

AND then there was the pot luck dinner in the WALKER house which also featured the opening of Yuletide gifts.

Gals greeted by their hostess, JAN, were Nancy Doherty, Jeanne Smith, Cathy Gieg, Gretchen Kleehammer, Margo Gessler, Alice Sichter, Nancy Voorhees, Joyce Giller, Joan Rollings, Peggy Dicken, Alice Savage and Barbara Otto.

Grosse Pointe high school seniors met at MARY WATERFALL'S recently to sip punch and chat with classmates. FLORENCE BERRINGER and BUFFY WICKING welcomed guests with Mary.

Seemed as though the whole class turned out at this Sunday afternoon gathering, and the party was a terrific success just as all parties held in 430 Lincoln!

SARRRON GATES and JEANNE WEBB were other holiday hostesses.

Hal Garber dated SHARRON for her party on the 29th. Fellows arriving at the GATES home with their dates were Ted Likert, Dick King, Jim Donahue, Tom Alvarez, Don Beaumont and Joe Manning.

Guests of JEANNE WEBB met their hostess at the Hawthorne House for lunch on December 30. Sheila MacRae, Nancy Georgi, Barbara Orphal, Sally Andrus, Anne Candler, Barbara Bauman, Norma Neeb, Jean Dewore, Polly Wilton, Virginia Granze, Doris Diesing, Mary Waterberg, Janet Hobson, Merry Bauman and Susie Johnson were there.

The BLASHILL home was a busy one on the 29th and 30th! JOYCE began by inviting "the gals" over for lunch and bingo

afterwards. Mary Lou Stefani, Betsy Chesborough, Diane Retzlaff, Laura Lou Smith, Pat Barrett, Anne Schriber, Janet Hoffmann, Carol Lundgren and Sally Schemm were there.

THEN, the other Blashill girl—Ann entertained her date—Chuck Sweet, and Marleen Nichol and Bill Palm at dinner in her home before the Strasburg ball in the Country club.

JOHN CORFIELD'S 17th birthday anniversary was celebrated recently. After a skating party, couples trekked over to PAT MARTIN'S home for food. Kids wishing John a "happy birthday" were Mike Bigley and Barbara O'Leary, Stuart Ward and Sallie Hoyt, Gloria James and Jerry Webster, Carol Stewart and Dick Wardrip, Ted Laitner and Marion Rennie, Tom Anton and Marilyn Smith, Lois Buck and Bob Coleman, Carroll Grylls and Bob Hansen, Randy Zeeb and Susie Martin.

BARBARA HARLING and ELAINE CABOT celebrated birthday anniversaries recently. On January 17, Barbara's crowd gathered in her home for games and chatter. Helen Maiden, Marion Orloff, Joan Abrash, Lorraine Asmus, Irene Brisson, Sally Shepler, Ginny Keller, Judy Richardson, Carolyn Smith, Lilah Binney, Janet Gregory, Toscia Chronski, Mary Ellen Heiner, Katy Nebel, Harriett Goodrich, Janet Weinheimer, Diane Schleicher, Sally Mehrer and Beverly Martin were there.

In the Cabot home after the G. P. H. S. game, Elaine was surprised when Gloria James, Marion Rennie, Joyce Schriber, Marilyn Wrobles, Nancy Byrum, Pat Martin, Joyce Culehan and Ann Barker gathered to wish her a happy birthday.

Sallie Hoyt, Carol Stewart, Lois Buck, Joann Lyons, Marilyn Smith and Pat Barnes were there playing bridge and ping pong with Betty Pesamosta, Sally Ferney, Joanne Quandt, Nancy Gabriel and Harriet Hunt.

Before a recent formal dance, five Grosse Pointe high school couples dined together at a progressive dinner. The affair began at the home of POLLY WILTON where the crowd was served cocktails and canapés. Milton Setzer escorted Polly.

### Backing Driver Silences Alarms

The combination fire and police box at Berkshire and Essex was knocked down about 2:30 a.m. on Jan. 17. Quick work by the Park's repair crew placed it back in commission again by 3:30 o'clock that morning.

Examination of the auto tracks nearby indicated the box had been knocked down by someone backing an automobile into it.

## Town Hall Books Dramatic Critic

The popular and well known author, lecturer and dramatic critic John Mason Brown, will give his annual "Review of Current Plays and Books" at the Detroit Town Hall in the Cass Theatre, on Friday morning, January 23, at eleven o'clock.

For 14 years theatre lovers throughout this country have known Mr. Brown as a dramatic critic, first of the New York Post and then later of The World-Telegram; since serving as a lieutenant for 25 months in the navy he has been considered through his books "To All Hands" and "Many A Watchful Night" as having written two of the most distinguished books to have come out of the war.

## Ellis Zacharias To Give Lecture

Rear Admiral Ellis M. Zacharias, veteran of 25 years in the naval intelligence service, will speak at Detroit Town Hall, Wednesday morning, January 28, at 11 o'clock in the Fisher Theatre. Admiral Zacharias, author of "Secret Missions" has served on or operated with all types of ships. During the war he commanded the heavy cruiser Salt Lake City, leading his ship on the famous Tokyo-bound bombing trip to Shangri-La. Later he commanded the battleship New Mexico.

## Seat Sale Starts For Civic Opera

With general sale of Civic Light Opera tickets for the 1948 season started, Barrie O'Daniels, managing director, announced that casting for all ten operettas was near complete.

Allan Jones and Andzia Kuzak will star in "Rose Marie," the season's opener, on February 2. Civic Opera fans will remember Miss Kuzak for her role as Margot in "Desert Song," last year. This will be Jones second straight year as the opera's opening star. Sue Ryan and comedian Pinky Lee will be other principals in "Rose Marie."

O'Daniels reported that Fritz Scheff, the "Kiss Me Quick" girl will appear here in "Roberta," while Dick Smart will have the role of Prince Danilo in "Merry Widow." The opera favorite, Evelyn Wyckoff, will team with Ira Petina, the Metropolitan Opera star in "Music In The Air." Other headlines for the Civic Light Opera season, which runs from February 2 to April 11, includes Al Shean, Helen George, last seen in Detroit with the La Scala Opera Company, Richard Charles, Billy Linn, and Norma Terris.

O'Daniels is still trying to get Betty Grable, Guy Kibee, Gracie Fields and Suzanne Foster to come to Detroit for the Opera's fifth anniversary season.

## Boy's Republic Has Many Needs

At a meeting held in the University Club on January 12, the many needs of the boys who live at Boy Republic Farmington, Michigan, were enumerated by Mrs. Sidney S. Small and Mrs. J. Taylor Maxwell who serve on the Board of Directors of this Red Feather Agency.

Those attending the meeting included the members of the Boy's Republic Women's Committee, which was organized two years ago for the purpose of supplying the many extra needs of teen age boys. Much gratitude was expressed to the members of the committee and the Garden Club of Michigan for their joint efforts in supplying Christmas Gifts for each boy.

In order that many of these needs may be met as soon as possible, various members of the committee assumed the responsibility for the collections of the articles as follows:

Clothing and Books: Mrs. Joseph B. Schlotman, Mrs. Harry N. Torrey and Mrs. John S. Newberry; athletic equipment such as ice skates, hockey sticks, pucks, baseballs, bats, footballs, etc., Mrs. Jackson Bingham and Mrs. Henry H. Hubbard; juke box, records, piano, ping pong tables and equipment: Mrs. William M. Joy and Mrs. M. R. Morris; tickets to operettas, and to games: such as hockey, baseball, etc., Mrs. Frederick C. Ford and Mrs. Alfred Whittaker; and wall decorations such as pictures and pennants, and added nicknacks for bedrooms: Mrs. Howard Shaw, Miss Clarence Lefebvre, and Mrs. Robert Henderson.

Subscriptions for magazines are always welcome and contributions for these will be handled by Mrs. Small.

Anyone having donations as listed above may leave them at the home of Mrs. Joy, 204 Cloverly road, any day until February when the drive will close. If you wish articles collected, please call one of the committee members who will gladly pick them up.

## PERSONAL APPEARANCES

Saw MRS. WILLIAM R. CLARK looking very well tailored and youthful in an accordion pleated skirt of a pretty plaid, combining raspberry and green with black. With this, went a 3/4 length black wool coat with a scarf to match the plaid. She had on her head a cute black felt, mushroom shaped with a little question mark feather.

Gray is most becoming to MRS. RAY JOHNSON, and one of her "latest word" costumes is a suit of gray wool with a box pleated skirt and a 3/4 length coat. Her gray knitted wool cloche has silver threads interwoven and seems to match her striking hair.

## PILFERINGS

## Lyons Lost and Found Department

A Fox screenwriter phoned George Jessel and said that she was arriving to work on his forthcoming burlesque story. "I'll send my assistant to meet you at the station," Jessel told her. "He's baldish and he'll be wearing a gray suit." "There are thousands of baldish men who wear gray suits," she reminded him. "How will I recognize him?" "Well, he'll also wear a green tie and red handkerchief," Jessel replied. "That's no help," the lady insisted. Jessel conferred with his assistant, then told her: "It's okay. You'll spot him. He'll be barefoot."

## Sign of the Times

The Citizen's Food Committee had just ended a long session at the White House, and the various members were leaving the Executive Mansion. As one well-known tycoon stepped into a glistening Cadillac, he called out, "Hey, Charlie, can I give you a lift?" "Charlie" accepted with thanks and as he settled himself comfortably he murmured: "A fine thing . . . I'm an executive of an auto plant and I have to hitch rides from friends." "Is the auto situation still as tight as it was?" asked Charlie's friend. "Tight? Why, some friends of ours were wondering whether they should have a baby or get a new car, and they finally decided on the baby because they could get it quicker."

## PLEASANT RUMORS

The dining room in the home of the junior Arthur H. Buhls of Provincial road is most attractive. One wall is papered with Chinese paper with a white background, patterned with figures in light and dark green. The other three walls and woodwork are painted to match the light green tone. The carpet is gray and the furniture is mahogany, the dining table, Duncan Phyffe and the chairs of Chippendale design. There is a rare tureen on the table and a beautiful Lowestoft platter on the buffet. An old Colonial brass mirror hangs above this. The fireplace is painted black; the mantel, green, and holds a pair of Blackamoors with gold cord turbans, belts, and leg decorations. One of the most unusual pieces in the room is a wooden screen, which is beautifully carved. This has been painted an off white shade and it gives the appearance of Pointe de Venise lace. The room makes a perfect setting for the charming dinners given by the owners.

ADULT DRESSMAKING CLASS AT GROSSE POINTE HIGH SCHOOL

Left to right: Yvonne Kerbrat, Marie Kerbrat, Mrs. Leon Casper and Miss Charlotte Lonyo.

By Olive H. Henry

The Adult Education Program of the Grosse Pointe Board of Education offers many and varied courses. One of the most popular among the feminine contingent is the dressmaking class, which numbers among its members, women from the age of 19 to 60 years. At the last enrollment there were 65 in the four classes and five instructors.

Members of the class pictured above were instructed by Mrs. Westerville and all who were contacted spoke highly of her patience, courtesy and the benefits derived from her excellent instruction.

Mrs. Leon Casper of University Place, said that prior to last year, she had not known anything about sewing and that she had enjoyed the course so much she was continuing with it, this year. Her class meets Wednesday nights from 7:30. She added that practically individual attention is given each member of the class. She learned many new methods and short cuts in sewing, such as the elimination of basting, due to a trick of placing pins.

Mrs. Casper said that before she had taken the course she couldn't even thread a machine properly, and that as a result of the training, she had made summer and sport dresses last year, which inspired several friends to take the course. This year she is concentrating on blouses, and says that she has found sewing no longer a chore, but a great pleasure.

Mrs. J. Allen Good of Neff road, had taken a short course in sewing, previous to her course at the Grosse Pointe High School last year, and is continuing this year due to her enjoyment of the instruction received and the congeniality of the members of the

class. She made a woolen skirt with bolero jacket, and a grey crepe dress.

She said that she learned how to sew invisible hems, and was given pressing hints, among other interesting information. One member of the class made doll clothes for her grandchild, which were so modern, Mrs. Good said they could have served as models for the adult members.

Miss Charlotte Lonyo of Pemberton road, stated that she enjoyed the class very much, and is continuing this year. She made a dress last year and is working on a blouse at the present time.

Mrs. John Champine enrolled in the class because of her desire to learn how to make clothes for her year-old baby. She took the 10 weeks course last spring and is continuing this year. She thought if she learned first, to make clothes for herself, the baby clothes would be very easily made, so she made a skirt for herself, and is working on a blouse at the present time.

She said that not only did she learn how to solve her individual sewing problems, but also from watching the teacher instruct others with different problems. She learned correct color combinations, how to construct shoulder pads, and the alteration of patterns as a part of her instruction, which she enjoyed tremendously.

Miss Yvonne and Marie Kerbrat spent most of their time producing clothes for their niece. Marie made skirts and a bolero suit for the little girl and Yvonne made dresses, though she did find time to make a skating skirt for herself. She said that she much preferred making children's clothes. She loves hand work and smocked all of the clothes and learned to do "cut-out" work on guest towels.

Mrs. Florabelle O'Neill was able to procure an electric sewing machine when they came on the market after the war and she was anxious to learn to make clothes for her six year old daughter. She attended the classes last year and is continuing this year, and has extended her sewing to produce for her nine year old son and herself.

She attended the class in slipcovers three years ago at the High School, and made slipcovers and draperies at that time. Mrs. O'Neill spoke of the excellent instruction received in all of the classes and thinks the teachers deserve great credit. She has made dresses for her daughter and play suits, wool shirts, corduroy slacks and pajamas for herself. For herself, she has fashioned a few skirts and blouses. This semester she is going to be taught tailoring, which she is anticipating with a great deal of pleasure.

It is obvious from these comments what a practicable and pleasurable course the dressmaking one is, but if one is not interested in sewing, there are any number of other courses, bound to be of interest to all tastes. For further information call the Grosse Pointe Board of Education at Niagara 2000.

"The sight of a robin isn't the only harbinger of Spring. One look at the brightly-bued, fresh tulips, daffodils and iris at DEPETRIS FLORISTS will give you the general idea; and one sniff of their fragrance will instill Spring in your heart no matter how freezing the weather. Mr. DePetris also leads the flower parade with heavenly Camellias which are in bloom NOW. Yes sir, no better way to give a sagging winter an uplift, than to fill your house with Spring flowers . . . flowers from DEPETRIS, that is."

'Tis a far cry from flowers to fish, but each is important in its own way . . . and the way to head for your fresh fish is toward the GROSSE POINTE FISH and SEAFOOD MART on Mack Avenue in Grosse Pointe Woods. There isn't anything glamorous to say about fish . . . especially after they've been caught . . . but there is something plenty satisfying about a fresh seafood dinner; so don't wait for Lent to arrive before going to the GROSSE POINTE FISH AND SEAFOOD emporium.

BIG NEWS for the gals (and maybe a few men too) . . . SCHEITLER'S has a m-a-r-v-e-l-o-u-s preparation called "Salene" which is a general cosmetic remover. If you MUST pull that white evening dress on over your head after you've put your make-up on, Selene will whisk away the mess you've made, in two seconds. It will also remove nail polish spots with equal vigor and without harm to your frock. Aint that wonderful? The tired business man might also carry a bottle of it in the glove compartment of his car . . . just in case!

Been looking for those indispensible rubber-lined bags? SCHEITLER'S now has them in plaids, roman stripes and plain black satin, priced at \$1.50, \$2.00 and \$3.50. AND on the bargain side, you can buy a \$3.50 size bottle of that super smooth "Bath Damask" (Reta Terrell) for \$1.75 or the \$2.00 size for \$1.00! Aren't we lucky to have SCHEITLER'S in our midst?
