WOODS ELECTION SET FOR MONDAY

HEADLINES

of the
WEEK

As Compiled by the
Grosse Pointe News

Thursday, March 25

PRESIDENT EISENHOWER stated that no man should be the judge of his own case, and therefore made it known that he thinks Senator McCarthy should step down in the cross examination of witnesses in the Senator's tiff with the Army. McCarthy asserted that the President was right, but the row with the Army was not his (McCarthy's) but that of his chief counsel, Ray Cohn. He said he did not see any issue here, because he was not sitting in judgment on himself.

Friday, March 26

THE DETROIT AREA was battered by a sixty-mile-an-hour wind with velocity up to 76 miles an hour reported in parts of Southern Michigan. Weather experts revealed that Detroit escaped the brunt of the storm.

Drivers by the hundreds could not start their cars or became stalled in watery stretches. Flint City Police reported the gale blew their 40-foot radio antennas crushing a small building.

Saturday, March 27

SEVENTEEN American republics attending the 10th Inter-American Conference at Caracas, Venezuela, approved a United States resolution calling for collective action in keeping communism from infiltrating into the Western Hemisphere. Guatemala voted against the measure, with Mexico and Argentina abstaining. The resolution calls on the Western Hemisphere to take steps in the event a member nation's sovereignty is threatened by international communism.

Sunday, March 28

DESPITE all the unfavorable publicity given to the March 1 H-bomb explosion, 22 congressional sources revealed that the United States will set off its biggest explosion in the Pacific on April 22. The sources said the published reports that there will be no more tests this year were not correct. The date set for the next H-bomb test will depend on the weather. Weather changes and miscalculations of the weapons caused a shower of "fallout" radio active dust to fall on several hundred persons in the Marshall Islands.

Monday, March 29

THE FIRST SIGN of opposition to the Tito regime was reported in Yugoslavia. A secret underground organization challenged President Tito's Communist Government and called on the people to overthrow it. A communique, bearing no signatures, outlining the new party's objectives, was circulated among foreign correspondents.

A Yugoslav official termed the organization "obscure, ridiculous, and insignificant, and unworthy of comment." High officials in Tito's Government called it sheer nonsense.

Tuesday, March 30

WITH THE APPROVAL of President Eisenhower, Secretary of State John Foster Dulles called on the free world to take united action to prevent Communist conquest of Indochina and Southern Asia. He said this may involve serious risks, but these will be far less than those which will have to be faced a few years from now, if action is not taken.

By speaking of "united action," Dulles made it clear he meant a move by the United States and its Allies. He said he spoke thus to clarify to the Communists in advance, "where his aggression will lead him."

Wednesday, March 31

THE GOVERNMENT announced that another H-bomb explosion has taken place in the mid-Pacific area. A brief announcement by the Atomic Energy Commission said that the second of a series of test explosions was successfully carried out on March 26.

Discuss Plans for Mammoth Scouting Exposition

HAROLD MARSH, 800 Pemberton road, outlines exposition ticket sales strategy to fellow Pointers at rally. Marsh, at left, is ticket manager for District Three. Left to right (after Marsh) are **WILLIAM BIRD**, sales manager of Plymouth Division of the Chrysler Corporation; **JOHN GARBESON** of 1097 Grayton; **JAMES G. MORRISON** of 66 Hall place, who heads ticket sales in Grosse Pointe; **CHARLES JOHNSON** of 571 Washington, and **NICHOLAS KELLY, JR.**, of 690 Rivard. Bird is General Ticket Sales Manager. Nick Kelley, Secretary of Chrysler Corporation, serves as General Chairman for the mammoth Scouting Exposition scheduled for May 13-14-15 at the State Fair Grounds.

Annual Drive Of Red Cross Extended

Another Week Added as Bad Weather Has Hampered Work of Collectors

The annual drive for funds by the American Red Cross has been extended to April 7, according to Red Cross Publicity Chairman George Damon.

He revealed that to date, the Grosse Pointe area has contributed a total of \$6,100, but stated that this figure might have been much larger but for the bad weather which has been keeping the fund collectors from doing a better job. That he said, is the reason for the week's extension.

Need \$150,000
He also disclosed that the overall total to be collected from the Detroit area, has been set at \$150,000. The Red Cross budget calls for \$1,531,000; the balance, raised in last fall's Torch Drive, will be made available through the United Foundation.

A final report will be made by the workers on April 7, in the Hotel Statler, Mr. Damon said, at a dinner which will feature William J. Norton as speaker.

Mr. Norton is a former chairman of the Detroit Chapter of the American Red Cross and has been active in the organization since World War I. He is still on the job.

Mr. Damon stated that with the close of the drive, it is expected that the membership of the Detroit Red Cross will have reached a total of 700,000.

Scouts Busy Making Plans For Mammoth Exposition at State Fairs Grounds in May

20,000 Expected To Take Part in Event Described as Greatest of Its Kind in the World; To Run Three Days

Just about every scout on Detroit's east side is neck-deep in plans to take part in the Scouting Exposition, scheduled for May 13, 14 and 15, at the Michigan State Fair Grounds. This mammoth Scouting show, described as the "Greatest Exposition of its kind in the World," will cover more than six acres of building space. Activities will involve 20,000 Scouts in 450 exhibit booths and a gigantic stage show.

This exposition is being presented to give members of the Detroit Area Council an opportunity to show their families, friends, and other people some of the many skills which Scouting offers. Consequently, Cub Scouts, and Explorers of District 3, have reserved booth space to show their varied skills.

To Have Many Exhibits
The exhibits cover many of the arts and crafts, recreational and educational activities which Scouting uses to develop better citizenship and character-building ideals. Abilities at three different age levels will be represented.

As most people know, Scouting starts with Cub Scouts at 8 years of age. At 11, the boys become full-fledged Boy Scouts, and at 14, automatically become Explorers—with emphasis on vocational guidance opportunities, advanced Scouting skills and service to the Community.

Advancement done in the Scout Troop includes merit badges which are awarded for excellence in more than 100 technical skills. The Exposition will demonstrate the variety of these skills.

Cubs, also, have their advancement program of home-centered skills, achievements, hobbies and crafts, and many of these will be

on display at the Exposition.

All of the 10 districts of the local Council's area will be represented. In one district alone, the exhibits will cover such wide variety of activities as coin collecting, aviation, gardening, leathercraft, canoeing, gun safety, history of the flag, automobile, and 30 other subjects.

Animal life includes several collections of pets and conservation animals also riding horses and pack burros from the D-Bar-A Ranch, Scouting's newest camp at Metamora, Michigan. Participation of two of Windsor's finest Scouting Groups will add a real international flavor to the affair, and many nearby Councils such as Ann Arbor, Pontiac, Port Huron, Flint and Monroe are sending large delegations to see the show.

With 51 units exhibiting in 51 booths, District 3 leads all in the

Farms to Go Ahead With Water Plans

Will Reactivate Contracts For Materials Needed to Increase Intake from Lake

Following the recommendation of Farms City Engineer Murray M. Smith, the Farms council on Monday, March 29, approved the reactivation of contracts for materials needed to construct the water intake facilities in the Municipal Park.

At a March 8 meeting, the council requested cancellation of six contracts totaling \$50,000, but at a March 15 meeting, the city body was informed that to cancel the contracts would cost the city about \$10,000.

To Accept Other Bids
The council also agreed to accept bids for the construction of a \$20,000 outlet from the water plant at Moross and Kercheval. Also needed, to bring the 24-year-old plant up to par, will be \$15,000 to replace the pumps and valves. However, bids cannot be taken for this work until fall, including bids for construction of an intake booster plant in the park, because Detroit must furnish standby service.

Mr. Smith stated that a total of \$225,000 will be needed to satisfy the requirements of the Water Department. Once constructed and brought up to par, the water plants will be sufficient to take care of the water demands of the Farms for all time.

Will Still Be Shortage
In spite of all this, he revealed, as long as the Farms supplies water to the City and Shores, there will be a water shortage in the summer, depending on a dry or wet season. He said that practically all of the city water problems are caused by peak demands.

He stressed that in fairness to all water consumers, in and out of the Farms, it should be clearly explained that the modernization and increasing the water intake plants, will not relieve periods of low water pressure during the summer. This may have to continue, with more or less restrictions, until Detroit is in a position to bring relief by taking over outside consumers.

MAKE ALBION DEAN'S LIST
Miss Marlene Ann Hesse, daughter of Mr. and Mrs. A. F. Hesse of 400 Chalfonte, and Miss Nancy C. Hoyt, daughter of Mr. and Mrs. B. S. Hoyt of 735 Lakepoint, have been named to the Dean's list at Albion in recognition of their high scholastic standing during the first semester of the college year.

Miss Hesse is a senior at Albion, and Miss Hoyt is a sophomore.

Parents Attending GPHS Open House Support Bond Plan

Approve Proposal To Provide More Classrooms After Hearing Details Explained By School Director Chet Sampson

Parents who attended the Open House at Grosse Pointe High School last Friday night went on record as supporting the proposals to be submitted to the electorate at the annual school election, June 14.

Following a room visitation period, during which time all teachers were in their rooms so that parents could discuss with them the work of their boys and girls, the parents gathered in the High School cafeteria for refreshments.

Sampson Introduced
At that time Chet Sampson, member of the Board of Education, was introduced by Mrs. Everett E. Roll, president of the Mothers' Club, to discuss the issues to be presented in the June school election.

Mr. Sampson pointed out that this year the elementary schools in the northern end of the school district are short some sixteen classrooms and the only way the children in these schools are being housed is through the use of emergency rooms, such as third floor locker rooms, pupil libraries, art rooms, etc.; by housing three sections of sixth graders from Mason School at Parcels; and by transporting four groups of fourth, fifth and sixth graders from the Vernier School to Trombly.

Still Short 14 Rooms
He further stated that next year, even with the new Ferry Elementary School which the Board plans to have open for use in September, the northern end of the district due to growth will still be short 14 classrooms.

This means, he said, that the first and second grades at Poupard will be placed on half-day sessions and that their sixth grade groups will be transported to some other school in the district; the sixth grade groups from both Mason and Monteith Schools will have to be transferred from these buildings to some other school in the district; the Vernier School will continue in operation for kindergarten and the first four grades; and there will be a continuation of many overcrowded classrooms.

Emergency Threatened
It was further pointed out by Mr. Sampson that unless new elementary classrooms are available by September, 1955, all emergency classrooms, including those in the Defer and Trombly Schools, will have to be used in order to care for the enrollment expected by that time.

Mr. Sampson stated that in view of these conditions the Board of Education will present proposals to the voters in June for authority to issue bonds so that (1) an elementary school can

Joseph M. Dodge To Resign Post

Joseph M. Dodge, U. S. budget director, has resigned his post to return to the banking business in Detroit.

He became the second top-ranking Michigan member of the Eisenhower team to announce his resignation this month.

On March 6, Roger M. Kyes said he will quit as deputy defense secretary effective May 1. Dodge's resignation will take effect on April 15, the White House announced. He will return to his old position as board chairman of the Detroit Bank. He lives at 375 Washington road, Grosse Pointe.

Burglars Ransack Residence While Owners Are in South

Burglars entered and ransacked the Park home of H. E. Nachtergaele, 1343 Three Mile road, sometime between March 18 and 25, in the absence of the owners who are on an extended stay in Florida.

Park Police Chief Arthur Louwers disclosed that the breaking and entering was discovered by John Martin of 1381 N. Renaud, a friend of the Nachtergaeles, when he made one of his periodic checks of the house.

He made his discovery, he told police, while checking the house

Candidates Invited to State Views

All Expected To Attend Town Hall Meeting Tonight At Parcels School

Candidates seeking office in the Woods' Municipal Government on Monday, April 5, will speak on their qualifications and air viewpoints on city problems, at a meeting which will be held tonight, April 1, in the Parcels Junior High School auditorium, under the sponsorship of the Citizens Association of Grosse Pointe Woods.

The Association has been newly formed and is an incorporated non-partisan organization. This group sent biographical questionnaires to all candidates seeking office, which included questions on what improvements or important measures each will promote if elected, and also asked that these candidates list their qualifications.

For the office of mayor, two of the three candidates, Councilman Wald McKnight whose term on the council expires April 5, and Candidate Louis C. Calcaterra, Jr., sent in their questionnaires fully answered. Councilman George Heckenroed, according to a report submitted by Mrs. D. W. Jennings, did not return his.

The six residents seeking councilmanic seats, Councilman Harry Pratt, former Councilman Arnold Dising, James Bowling, James Hunt, Kenneth McLeod and Arthur Kilson, returned their questionnaires, as did the two opponents for the municipal judgeship, Don Goodrow, incumbent, and Frank Dougherty of the Grosse Pointe Board of Education.

Woods voters will go to the polls on Monday, April 5, to vote for the men of their choice.

The office of mayor is for one year, and will pay a salary of \$15 for each regular and special meeting of the council attended, not to exceed \$400 a year, plus an added \$200 a year. To qualify for the post, a person must be a Woods resident for two years and be a registered elector.

A councilman's term is for two years, and will pay \$15 for each regular and special meeting attended, to a maximum of \$400 a year. To qualify, one must be a two year resident of the city and a registered elector.

The office of municipal judge is for four years with a compensation of \$1,800 a year. The qualifications in this respect are stiffer. A person must be a legal resident of the Woods for five years, be a registered elector, and be an attorney admitted to practice law in the Supreme Court of Michigan.

At the April 5 election, Woods voters will also be given an opportunity to determine whether their council shall be short of the power to amend or change any ordinance approved by the voters. At present, the council can amend or change an ordinance six months after it has been approved by the people.

Young Chemists Set Roof Afire

Two 13-year-old boys, playing with a chemical set, started a small fire on the porch roof of 33 Hendrie lane.

The boys, according to a report, were using an unknown amount of chemicals to build a "rocket" when the mixture started to burn.

Perhaps in a panic, one of the boys threw the mixture out of a second story window, and it landed on the porch roof.

Farms firemen put out the blaze without too much trouble, but the boys were taken to the police station, where Fire Lt. M. William Mason and Det. Sgt. Harold Seelow, gave them a stern lecture.

The boys were also told how to handle the chemicals in a safe way, before they were permitted to go home.

INJURES KNEE IN FALL

Mrs. Emily Hughes of 330 Lincoln, was taken to Cottage Hospital by City police on Saturday, March 27, when she fell and injured her knee. The knee was x-rayed for possible fracture.

YACHT FIREMAN STRICKEN

William Brostrum, a fireman aboard the Yacht Delphine, which is anchored on Lake St. Clair at the Dodge estate, was rushed to St. John Hospital by Farms firemen on Saturday, March 27, when he suffered a heart attack.

Door Window Broken
He said that entry was gained by forcing the rear storm door which leads into a glassed-in porch. The window of the door going into the house was broken, and the door opened.

The breaking and entering was discovered by Hattie Holt of 554 E. Alexandrine, Detroit, the Grissoms' maid.

The Grissoms had left for Kentucky on March 24 and returned on March 30.

The Frederick C. Espers Vacation at Las Vegas

Mr. and Mrs. Frederick C. Espers, of Whittier road, have been vacationing at the Sahara Hotel in Las Vegas, Nev. We hope Mr. Espers was fully recovered.

ARMY CATCHES UP

Park police arrested Frank E. House, who gave his address as the Roberts Hotel in Detroit, when he reported for work at the Toddle House, 15412 E. Jefferson, on Saturday, March 27. He was turned over to the Army Provost Marshall, and charged with being AWOL from Fort Dix, N. J., since February 25.

Must Raise Millage
In addition Mr. Sampson stated that the Board of Education will ask for the authority to increase the excess millage for operation by two mills which will raise the excess operational millage to a total of five mills.

Mr. Sampson said that such a program was necessary to provide funds for the additional personnel needed because of increased enrollments; to provide the necessary pupil desks and instructional materials; to provide for adequate maintenance of the buildings; and to make desirable salary adjustments for all employees so that their salaries can be brought into line with those throughout the metropolitan Detroit area.

Approved by Majority

At the conclusion of Mr. Sampson's talk Mrs. Roll asked for an expression of opinion by those present. The resulting show of hands indicated that a vast majority of those voting were favorable to the proposals.

Other groups which have thus far endorsed the Board of Education proposals are the Trombly PTA Executive Board, the Defer PTA executive Board, the Mason PTA Executive Board, the Montclair PTA Membership and the Poupard PTA Membership.

Michigan Band To Give Concert

The University of Michigan Symphony Band under the direction of Professor William Revelli will give a full evening concert at Rackham Auditorium, Detroit, on the evening of April 22 under the auspices of the University of Michigan Club of Detroit.

This group, the winter version of the famous Michigan Marching Band, is composed of 114 musicians, and adds the band instruments omitted in the Marching Band: flute, oboe, bassoon and French horn.

Under Professor Revelli who assumed the duties of conductor in 1935 the Michigan Bands have achieved recognition throughout the country. Their Detroit appearance follows an extensive tour through Michigan and neighboring states and should find the band at the top of its form.

Friends are people who know you well enough to talk to one another about your faults.

Pageant Planned By Thistle Club

The Thistle Club of the Grosse Pointe Woods Presbyterian Church is presenting an Easter pageant this coming Sunday night, April 4, at 7:30 o'clock in the Church.

The pageant is entitled "Release." And it is the story about Bar Abbas, whose place Christ took on the cross.

High school students partici-

ing in this pageant are: Dan Bauer, Dave Bryant, Steve Muliken, Karen Jacob, Jeanne Howell, Tel Jacob, Jack Goodhand and Ted Wybrecht.

The pageant is under the direction of the Reverend Robert H. Stanbery. Miss Mariene Schmidt is assistant director. Mrs. John Goodhand and Miss Diane McRae are in charge of costumes.

Dominican High Fathers To Hear Fr. Bresnahan

The Dominican Fathers Club will hold its next monthly meeting on Wednesday night, April 7, in the library of the High School, 9740 McKinney avenue.

After the business meeting, the Fathers' Club will join the Mothers' Club in the auditorium to hear Father Thomas Bresnahan of St. Aloysius present as his topic "The Christopher Movement." A film will also be shown

THE NEW LINCOLN FOR '54

You'll never be satisfied with old-fashioned driving

One drive in the new Lincoln for 1954 will show you the big change that has come to motoring.

Gone is the ride that sways on the slightest curve. Gone is the bulging hood, the swollen fenders which make parking a chore. Instead you have greater control and superb performance.

The new Lincoln has been built from the wheels up, from tail-lights to front grille, in a different way. It takes its functional lines from the new look of modern design; its colors and fabrics from the newest trends in home decoration. When you put this new

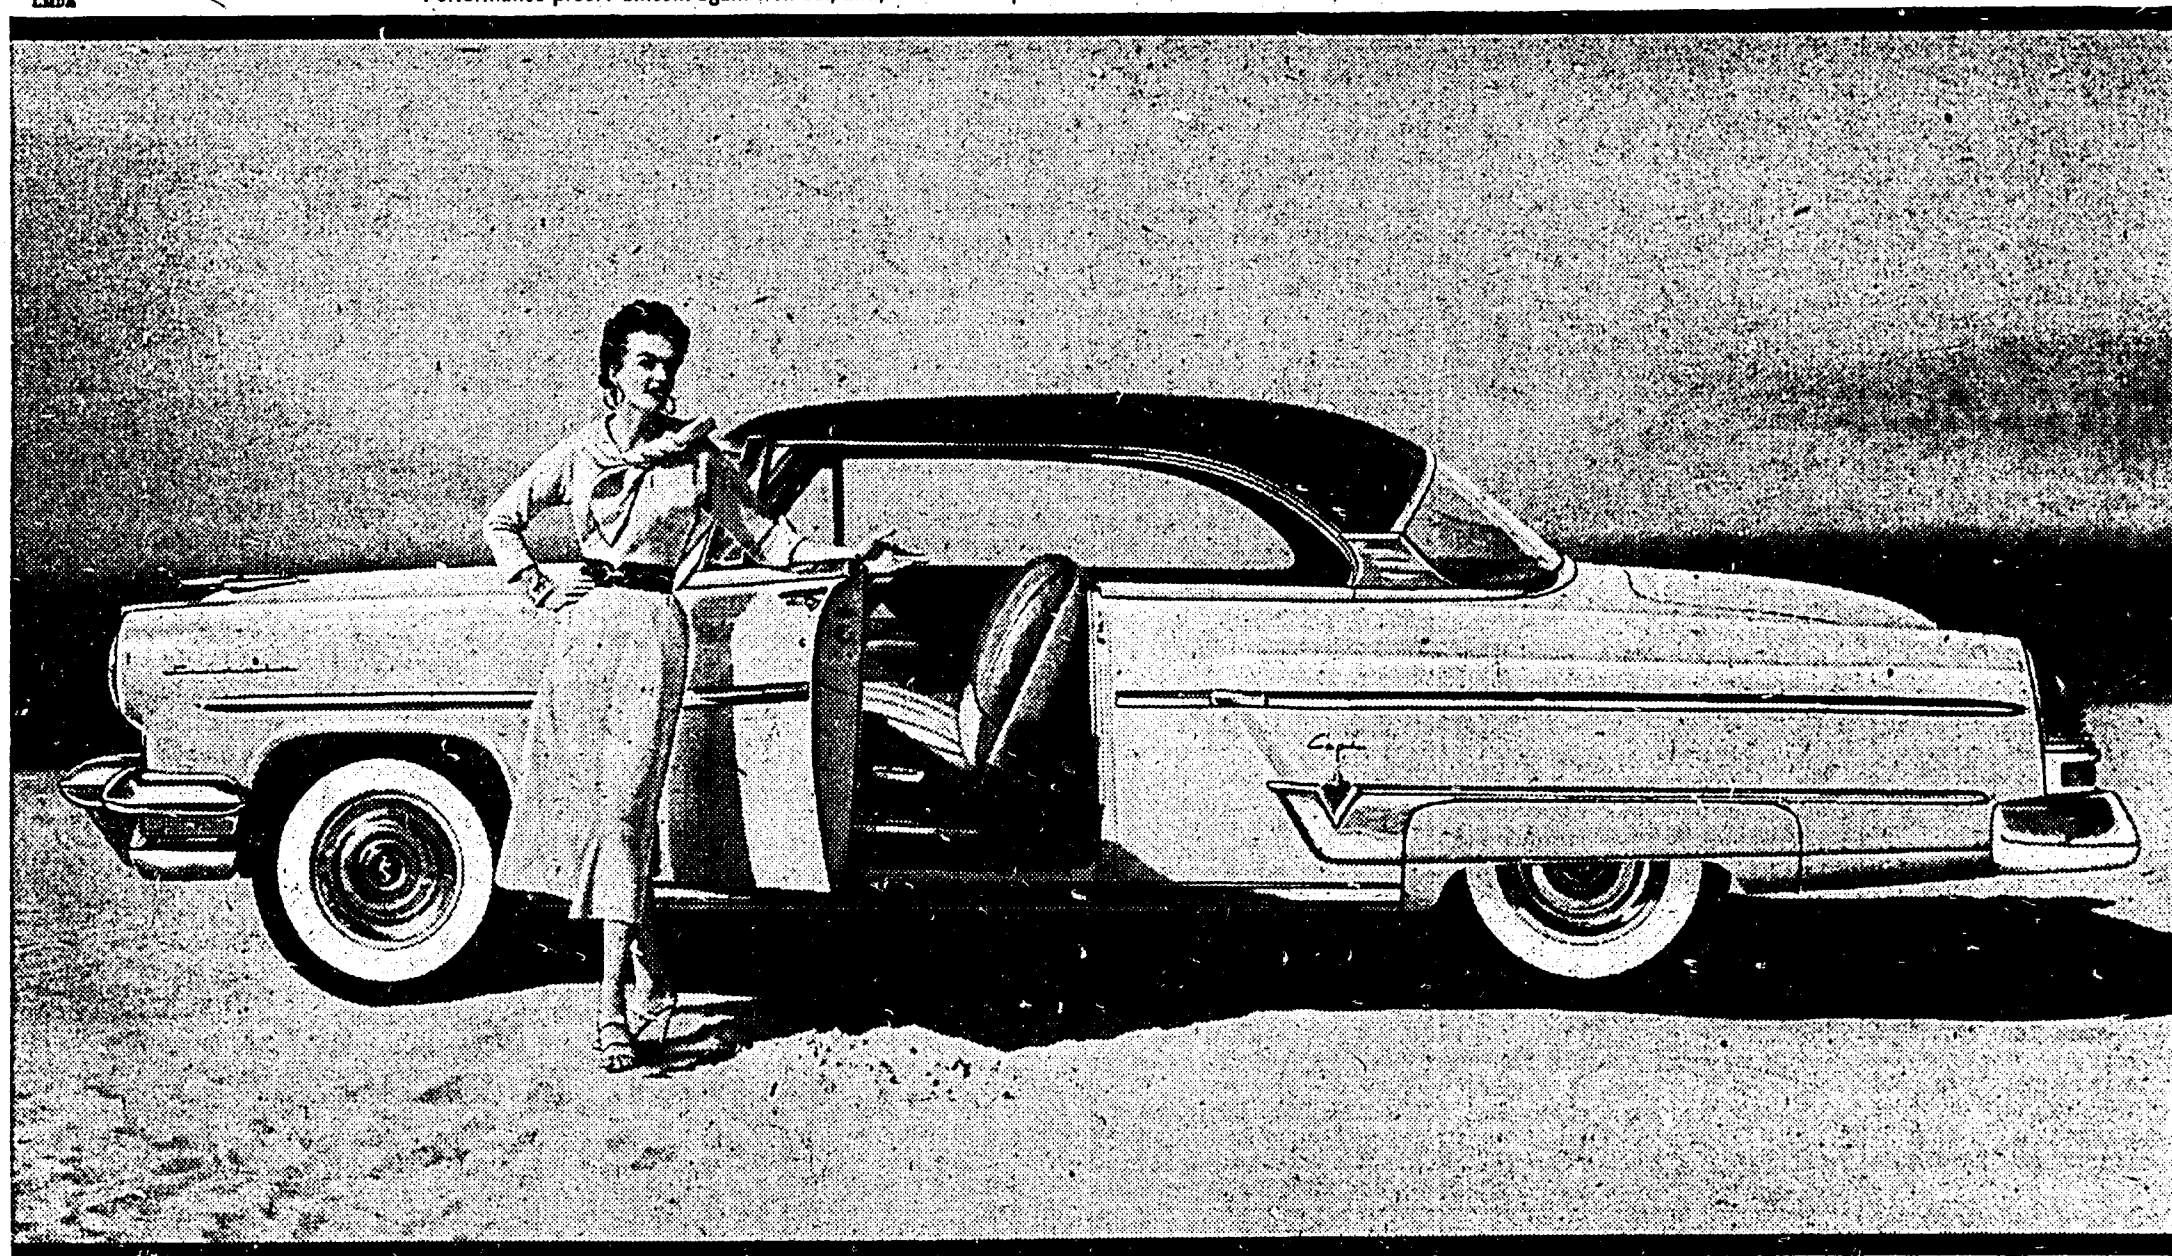

look in motoring in motion you discover an amazing difference.

First, there's supreme comfort. Even around curves you ride with cushioned ease and far less sway because of ball-joint front wheel suspension, exclusive with Lincoln among America's fine cars.

Then you'll find new liveliness in the new Lincoln. Its V-8 engine is more efficient than ever! And the new 4-barrel carburetor makes Lincoln's superb performance even smoother, more responsive.

Won't you come in, see and try the Lincoln or Lincoln Capri. In our opinion, you'll never be satisfied with old-fashioned driving again.

Performance proof: Lincoln again won 1st, 2nd, 3rd and 4th places over all stock cars in the 1,912-mile Mexican Pan-American Road Race.

Don't miss the big television hit, "TOAST OF THE TOWN" with Ed Sullivan, Sunday evening, 8:00 to 9:00, Station WJBK-TV—Channel 2

Prison Parole Candidates Hear Pointe Police Chiefs

Two Pointe Chiefs of Police, as representatives of the Michigan Association of Chiefs of Police, presented a three-hour lecture to parolees-to-be of Jackson Prison on Wednesday, March 24.

Park Police Chief Arthur Louwers and City Police Chief

Thomas Trombly, appeared on a program, at the prison's camp, in which a series of lectures are presented to the state prison's inmates who are expected to obtain paroles within a short time.

The chiefs, among other things, acquainted the parolees-to-be of the situation in the outside world and what to expect, and the how, what and where-fors of Michigan's motor laws and how to obtain a driver's license.

Fred Shea, director of the camp in which the prisoners are staying, and where they remain for about 12 weeks prior to release on parole, stated that there is nothing like the program anywhere in the state.

The camp is located directly across from the prison, and there are no bars to enforce prisoners to remain within the confines of the camp.

The camp and program was one of the reforms brought about following the recent riot in Jackson Prison.

Pointers Helping In JA Campaign

A. vanderZee, of 218 Provencal road, Grosse Pointe Farms, and Herbert J. Woodall, of 40 Oxford road, Grosse Pointe Shores, are among 14 top industrialists and businessmen serving on the advisory committee to this year's \$200,000 subscription drive for Junior Achievement of Southeastern Michigan.

The drive to make possible the 1954-55 program of J.A.—which puts teen-agers into business for themselves—will run from April 13 to May 13.

Messrs. vanderZee and Woodall, together with other members of the committee, will host the opening kick-off luncheon to be held at noon on Tuesday, April 13, at the Statler Hotel in Detroit for some 3,000 businessmen and industrialists.

General Chairman of the drive is Herbert F. Lange, vice-president and treasurer of the Michigan Bell Telephone Company.

Mr. vanderZee, vice-president of Chrysler Corporation, has been active as a member of the advisory council to J.A. in this area, and Mr. Woodall, president of Woodall Industries, has been on the board of the organization for 15 years. Both of their firms are active in sponsoring J.A. firms throughout Southeastern Michigan.

This year more than 3,000 teen-agers are operating 188 J.A. firms in Ann Arbor, Birmingham, Detroit, Dearborn, Monroe, Plymouth, Pontiac, Wayne, Wyandotte, and Ypsilanti.

Church Children Seek Old Paper

The children and staff of the Sunday School of St. James Lutheran Church are sponsoring a paper drive to benefit the building fund of the proposed new Youth Wing of the church.

A truck will be at the church, McMillan at Kercheval Friday evening, April 2, and Saturday morning, April 3, to collect newspapers, magazines and rags.

He was the guest of Mr. Roy.

Martin to Talk To Republicans

John B. Martin, Auditor General of the State of Michigan, will be the guest speaker at the 14th District Young Republican meeting on Thursday, April 1 at 8 p.m. in Buckingham Hall. "The Role and Purpose of a Young Republican in Politics" will be the subject of Mr. Martin's talk.

Regular business will be discussed prior to the guest speaker and preliminary plans will be formulated for the "New Year's Eve in May" party. An informal social gathering at the close of the meeting will afford young Republicans with the opportunity to discuss State affairs with Auditor General Martin.

Rhodes scholar and graduate of Dartmouth College and of the University of Michigan Law School, John B. Martin has an outstanding background.

Following his enlistment in the U. S. Navy, during which he

Camera Club Meets April 6

Lighting and making of good negatives will be discussed at length by Don Thomas and L. A. Longshore at the meeting of the Grosse Pointe Camera Club, on Tuesday evening, April 6.

Both speakers have had much experience in the world of photography and the need of having a good negative in order to get a good print and the need for proper lighting in order that the negative materials register the desired results.

They have arranged to cover their talks with illustrative material and display as to what the finished items are like.

Fred Heinjoh, president of the club, has included in the evening's program judging of members' prints with Dr. C. J. Marlinus acting as the critic.

The meeting will be held at the Neighborhood Club at 17145 Waterloo avenue commencing at 8 o'clock sharp.

Bishop to Visit St. Michael's

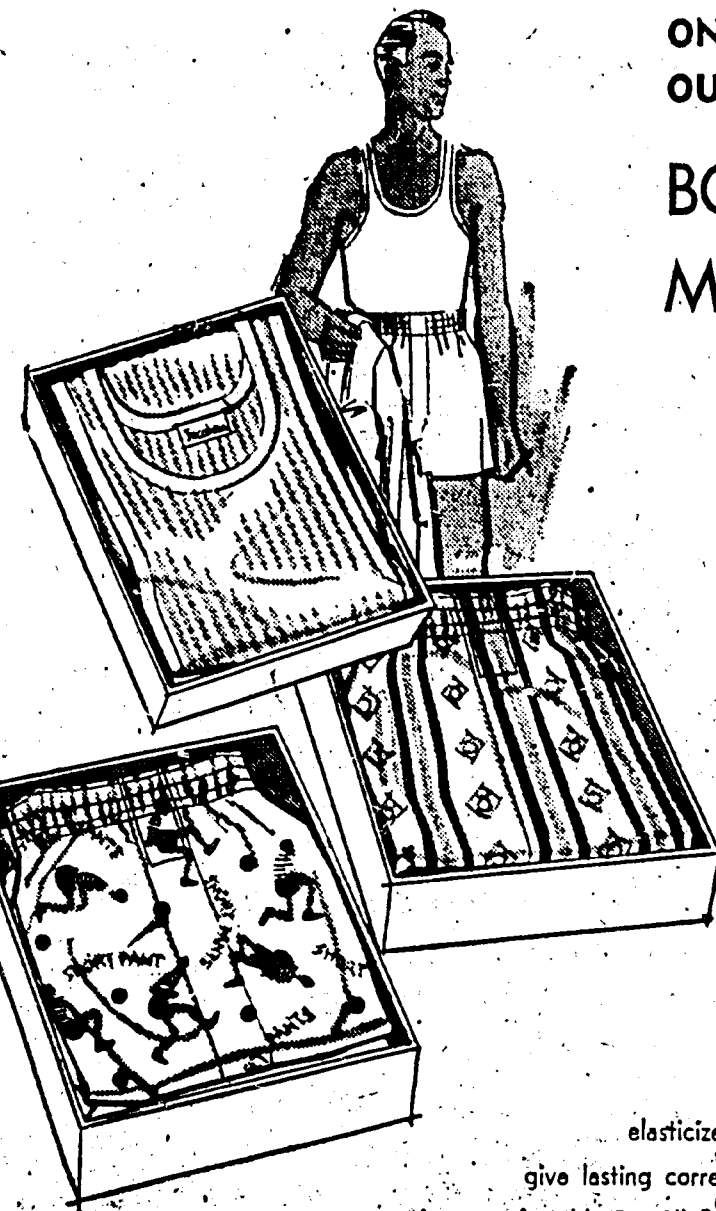

The Right Reverend Richard S. Emrich, Bishop of the Episcopal Diocese of Michigan, will make his annual visitation to St. Michael's Church, 20475 Suningdale Park (near Mack and Vernier) on Sunday, April 4, at 4 p.m. to confirm a large class of children and adults.

The class will be presented for confirmation by the Reverend Edgar H. Yeoman, Rector of St. Michael's, and Bishop Emrich will preach the sermon. The choir will be under the direction of William Gard, with Miss Jeanne D. Hurst at the organ.

On Friday, April 9, at 7:30 p.m. St. Michael's will again have the privilege of seeing the Technicolor Sound Film, "I Beheld His Glory," depicting the last days of the Lord's earthly life. Those who saw the film last year will remember it as an educational and spiritual experience well worth repeating before Holy Week and Good Friday.

The picture is strongly recommended for both adults and children, and the public is cordially invited. An offering will be received to defray the rental cost.

You're Invited TO THE GRAND OPENING

OF OUR NEW
GRATIOT-7 MILE BRANCH
THURSDAY, APRIL 1ST THRU
FRIDAY, APRIL 9TH

(THIS REPLACES OUR OFFICE ON 7 MILE ROAD NEAR GRATIOT)

First Federal Savings of Detroit welcomes you to its big new Gratiot-7 Mile Branch! During the Grand Opening Celebration, there'll be souvenir gifts for all who drop in, and special gifts for people who open insured savings accounts here.

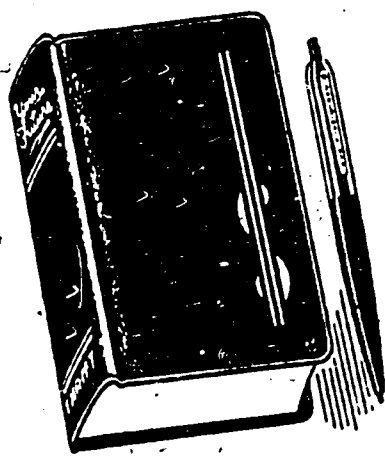

So—this is a wonderful time to join the 70,000 people who have their savings at First Federal. That includes 9,374 accounts totalling over 11 million dollars at our 7 Mile Road Branch, now replaced by this new and much larger office around the corner on Gratiot.

This new building has been designed and built especially for First Federal's use—and will allow us to give the best possible service to our savings customers.

Each saver's funds are insured to \$10,000 by Federal Savings and Loan Insurance Corporation, a government agency. Two per cent current rate is paid on the entire amount of your savings. There's convenient space for parking nearby.

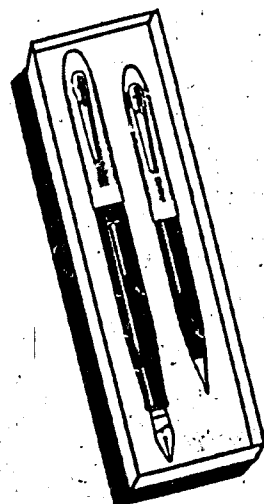

We'll be looking for you, during the Grand Opening!

When You Open a Savings Account . . . Get a Handsome, Useful, Grand Opening Gift

- When you open your account with \$5 or more, during our opening, you will have your choice of a Vinyl-covered Book Bank—or a Paper Mate Pen.
- The Book Bank is substantial and attractive, and will help save loose coins and bills.
- The Paper Mate Pen is a nationally known retractable pen, worth \$1.69 in the stores.

Visit our vault and see the new Safe Deposit Boxes available for rental.

- When you open a new savings account with \$10 or more, during our opening, you get:
- SHEAFFER FINELINE PEN AND PENCIL SET—nationally known, attractively styled and nicely packaged (a \$3.75 value). There is no advertising imprint on pen or pencil; you can use as a welcome gift or keep for your own use.
- If you're already a customer, why not bring one or more of your friends, neighbors or your own youngsters to open an account and get one or all of these gifts?

Party Chairman

Last week Charles Verheyden, president of the Grosse Pointe Business Men's Association announced the appointment of COL. WALTER ALLARD as general chairman of The Employe-Employer Dinner and installation of officers to be held at The Detroit Yacht Club on Wednesday, May 12.

Col. Allard has been working very hard with the following committee chairmen on preliminary arrangements: entertainment committee, William Dant, of the Dant's Gift Shop on the Hill; installation, S. Willard Hosking, immediate Past President; arrangements committee, President Charles Verheyden; publicity, John Hannan of Jacobson's; ticket committee, Matthew M. Goebel, vice-president; and traffic committee, C. D. Houston, of Houston Bros., Inc.

Under the supervision of Col. Allard and his chairmen, preliminary plans for an outstanding and entertaining evening are well under way. They are looking forward to a record-breaking attendance on May 12.

Pointe Students Elected To Offices at M.I.T.

Following a tradition of self-government, undergraduates at the Massachusetts Institute of Technology recently elected and installed the following class officers, representatives to the student government body (the Institute Committee), and officers of associated groups.

Robert E. Anslow has been elected permanent marshal of the Class of 1954, and Robert W. Morgan has been elected chairman of the Secretariat. Both are residents of the Pointe.

A genius nowadays is the man who always has enough money for whatever is necessary.

Exchange Club To Hear Pastor

Reverend Charles J. Melchior, Pastor of St. Augustine's Church, will give an illustrated lecture on his travels in Europe at the weekly meeting of the Grosse Pointe Exchange Club Tuesday, April 6, at the War Memorial Building.

Father Melchior's hobby is amateur photography, and in the course of several European trips he has accumulated some interesting pictures of life in the countries he has visited.

Wilbur J. B. Thomas of Colonial Court is program chairman.

Complete Cast For 'Harvey'

"Harvey" will be appearing on the east side along about the end of the first week in May. Mary Chase's wonderfully happy comedy about a six foot rabbit is just starting into rehearsal by the Grosse Pointe Community Theatre.

This group, which is only five years old, finished casting all parts last Tuesday evening.

Included in the cast are Dan Buell as Elwood P. Dowd, Betty Wells in the part of Vera Louise Simmons, his sister; and Barbara Allen will play Myrtle Mae, Vera's daughter. The two psychiatrists who study Elwood are Fred Lieneman as Dr. Sanderson and Robert Koebel in the part of Dr. Chumley, head of Chumley's Rest. Mr. Koebel's real-life wife, Mary, will have the part of his make-believe wife, Betty Chumley. There is another husband and wife combination in the cast with Betty Wells' husband, Clark Wells, doing the role of Judge Gaffney, an old family friend.

Others in the cast are: Louise Lehotsky as the nurse, Ruth Kelly; Bea Cook as Mrs. Chauvenet; Rodney Holdeman as the sanitarian strongarm, Wilson; and Lloyd Jewell as the world-wise and perceptive cab driver.

Evelyn Greenhouse is directing and Betty Cook will stage manage, with Barbara Roney assisting. Margery Bell will prompt while Evelyn and Gertrude Schwarz are in charge of props and stage setting.

Production dates are set for May 7 and 8 at Cannon Memorial Recreation Center Auditorium, just off E. Warren above Cadieux.

Donald Koebbe Finishes Pre-Flight at Lackland

Donald Howard Koebbe, 22, son of Mr. and Mrs. Clarence H. Koebbe of 543 Pemberton, Grosse Pointe Park, having successfully completed the initial phase of his aviation cadet training program, has been graduated from the USAF Pre-Flight School, Lackland Air Force Base, San Antonio, Texas.

The graduation was marked at a parade and assembly of the USAF Pre-Flight School. This organization conducts the introductory course for all students enrolled in both pilot or aircraft observer training. The program constitutes a major mission of Lackland, the Gateway to the Air Force base, commanded by Brig. Gen. Wycliffe E. Steele.

Having completed the twelve-week pre-flight course, he will enter the first flying training phase of the program at bases of the Flying Training Air Force. Many of the pre-flight graduates will receive delays enroute to their new assignments which will enable them to take a brief home leave.

The graduating class included a number of students enrolled as members of South American, European and Asiatic nations as well as United States cadets. They are engaged in the training either under agreements presently in force between their home countries and the United States.

To Confirm 162

The RT. REVEREND RICHARD S. M. EMRICH, Bishop of Michigan, will make his annual pastoral visit to Christ Church Parish to administer the Apostolic Rite of Confirmation on Sunday, April 4.

One hundred and sixty-two Grosse Pointe residents will be presented for Confirmation. This is the largest group that Bishop Emrich has even confirmed in one parish in a single year.

The young people to be confirmed, who are members of the junior and senior departments of the church school, will be presented at the 9:30 service, and the adults at 11:00 o'clock.

A reception for the bishop and those who have received the Laying on of Hands in Confirmation will follow the later service.

Simians to Hold Spring Meeting

The spring meeting of the Grosse Pointe Simians will be held Thursday, April 8, at 7:30 p.m. in the Grosse Pointe War Memorial Center.

A summer theatre group in its eighth year, the Simians have scheduled an ambitious program of three plays. The membership is open to all High School and College students interested in dramatics.

"Our aim," said President Don Kuhn, "is to provide good theatre for our audience and an outlet for the dramatic ambitions of our members."

Tentatively scheduled for the first production is Noel Coward's ethereal "BYTHE SPIRIT", a favorite of playgoers and actors alike. Possible candidates for the second performance are "THE BATH" and "A WILD WILDNESS", or "ANNA LUCASTA". Favored for the third production is "GEORGE WASHINGTON SLEPT HERE."

Past performances of the Simians have been, "MARY OF SCOTLAND", "THE CIRCLE", and "THE BEAUTIFUL PEOPLE", to name but a few.

Exchange Scouts Contest Winners

The Grosse Pointe Exchange Club Sea Explorer Unit won first prize for District No. 3 in the National Wild Life Week contest sponsored by the Detroit Sportsmen's Congress, according to Robert B. Wood of Hawthorne road, Scoutmaster for the Unit.

In the contest, scout units competed for the best display on conservation of wild life. The Exchange Club unit's display is at the Woods Theatre.

For winning the contest the members of the unit will receive a trophy and be guests of the Detroit Sportsmen's Congress at their annual show.

Nab Teenagers Drinking Beer

City police apprehended four teenagers who were drinking beer in a parked car on Friday, March 26, at Fisher and Maumee. Patrolman Robert Van Tiem, who made the arrest, stated that he was cruising on Maumee, when he spotted the teenagers, all boys, drinking the beer and tossing the empty containers out of the car.

Taken to the City police station, the boys revealed that one of their number had purchased the beverage from a store in East Detroit, after they all contributed toward the purchasing price.

East Detroit police will look into the matter. Meantime, the youths were given court notices to appear in court on Tuesday, April 13. The beer was held as evidence.

High School Students Hosts At New Type of Open House

By Elizabeth Henderson, 11A
G. P. H. S. Journalism Student
Grosse Pointe High School was buzzing with activity at 7:30 p.m. last Friday evening at the Open House.

Boys were stationed at all the entrances to greet the parents and hand out room directories and maps of the building.

From 7:30 until 8:00 the 10B reception was held in the library, with a good crowd of parents, teachers, and counselors busily engaged in conversation.

The tempting odor of baking

cookies drifted through the halls from the homemaking and foods rooms.

Typewriters were clicking away in the typing room, with students from typing I, II and III classes participating. On the bulletin board were papers produced by the typing pupils.

Down the hall in the office practice room other students were at work, demonstrating their skills to the parents.

On display in the sewing room were garments made by the girls. A few members of the sewing classes were busily working on unfinished projects. Others modeled their completed garments for visitors.

Music came from the swimming pool where the ninth grade class was performing its synchronized swimming acts.

Over in the industrial arts building, movies were being shown and tests being demonstrated by members of the driver-training course.

Boys in the print shop were setting type and working on programs for a coming event. In the wood and metal shops students were at work at the machines, and some finished projects were on display.

Members of the Mothers' Club were on hand in the main corridors of the main building to collect additional club memberships.

Parents ambled from room to room, viewing the various demonstrations as well as having consultations with the teachers.

The usual lengthy lines of parents waiting to see the individual teachers were missing as many of the visitors gathered in the cafeteria at 8:30 where coffee, tea, and cookies were served.

On view in the cafeteria also were displays of student-made arts and crafts work.

To give additional pleasure, orchestra members played musical selections.

At 9:30 when both teachers and parents were present in the cafeteria, board members spoke about the coming bond issue for additional classrooms.

When asked their opinion of the new type of open house, parents responded favorably, saying in particular that it was more interesting than any open house they had previously attended at the school.

Most everyone agreed that its informality made it altogether an enjoyable evening for parents, teachers, and the students who participated in the program.

Two to Attend University Day

University Day, the 12th annual University of Michigan open house for high school and junior college students, is scheduled for May 1.

Some 1,500 students are expected to be the University's guests for campus tours and interviews with representatives from different schools and colleges on requirements, curriculum and job opportunities. Libraries, classrooms and laboratories will be open, with demonstrations and mock lectures by the faculty lending an authentic atmosphere.

Greeting the guests will be U-M student-guides, who, whenever possible, will be graduates of the school whose students they are escorting. They will escort the prospective University students to luncheons at residence halls, fraternities and sororities. A mixer and coffee hour will complete the day.

Participating from Grosse Pointe High will be Jerry P. Goebel and Carol L. DeBruin.

Marshs Return From Long Trip

Mr. and Mrs. Ben R. Marsh have returned to their Irvine lane home after two months spent touring South America.

They cruised down on a boat out of New York, then went by air to the Chilean lake district, visited cities on the West Coast of South America and spent several weeks seeing the famous Inca ruins around Lima, Peru.

After a stop in Panama they went to Florida for a visit to Pompano Beach, but found the weather so cold they decided to shorten their vacation and come home.

Deborah Lynn is Born To the Cortland Larneds

Mr. and Mrs. Cortland Larned announce the birth of a daughter, Deborah Lynn, on March 23. Mr. Larned's mother, Mrs. Edwin B. Henry, now of Chicago, was the first Feature Page editor of the Grosse Pointe News.

Mrs. Henry was in the Pointe this week to see her new grandchild and was the guest of her sister and brother-in-law, Mr. and Mrs. William L. McGivern of Rivard boulevard.

Planning Expert To Give Lecture

Paul M. Reid, planning analyst for the Regional Planning Commission of Metropolitan Detroit, will present a lecture entitled "Shaping the Future", at 8 p.m. on Wednesday, April 14, in the War Memorial Center.

Mr. Reid was recently heard in Grosse Pointe when the League of Women Voters asked him to present a true picture of Grosse Pointe's place in the overall park and recreational picture of Metropolitan Detroit.

S. A. Auxiliary To Hold Show

The Auxiliary to the Salvation Army held a meeting at the office of Mrs. Alfred G. Wilson to complete plans for a style show to be held at the beautiful estate of Mr. and Mrs. Alfred G. Wilson, "Meadowbrook Hall."

Walton Pierce will present the style show, which will be followed by tea. The event will be May 20.

WHILE WAITING FOR SPRING: Do go to see "Genevieve." It'll mean a trip w-a-y downtown because it's at the Telenews on Woodward, but it's worth it. An English picture full of technicolor fun and nonsense... Put a pinch of dill in your oil salad dressing to stir the jaded palate... Treat yourself to a bowl of mimosa to be set in some spot you pass many times during the day. It'll give you a lift though the hyacinths, which had been peeping, are under snow again... If you're over 30, invest in a slinky board and vow to spend at least a half hour a day on it, thirty contemplative minutes... a sort of modified Yoga treatment for your jangled nerves... Make a Springtime resolution and don't waste your precious moments in too long telephone conversations...

Oh, the Ladies!

One of our very global matrons last week remarked to a friend that she must dash, now... She was leaving that evening for Europe... the friend took her at her word and, like the pebble in the stream... the story gained circulation as this one told that one... The global lady merely had a slip of the tongue... meant to say "New York"... thus everyone was a shade dizzy when she turned up in the Pointe a few days later after what they must consider the quickest trip to Europe on record... And there's a Lady Bountiful in the Pointe who is gaining something of a reputation... a hat check girl observed her in a quandy the other afternoon at a wedding reception... in the gratuity plate she had carefully placed a dime... but when a friend, who was getting her wraps at the same time, explained there was no need to tip... Lady Bountiful became THAT frustrated because she didn't feel she could take back her dime... at least not while the checking girl stood there staring at her...

Helen Parker Engaged

That cute child, Helen Parker, paid the Pointe a visit last week-end... She and her parents, the Edward C. Parkers of Metamora... were at the home of Mrs. Parker's parents, the Paul H. Demings on Lake Shore road... the Demings home was scene of a Saturday afternoon cocktail party... at which time Helen's engagement to Peter Mead Detwiler was announced. Peter is the son of Mrs. Ward A. Detwiler of Three Mile drive, and the late Mr. Detwiler. Helen attended Grosse Pointe Country Day, Miss Hall's and Mt. Vernon Junior College. She was presented to society at a dance in the Little Club the season of 1949 and is a member of Tau Beta and The Junior League. Peter is a graduate of Detroit University School, St. Mark's Trinity College and Harvard Graduate School of Business Administration. He was a member of St. Anthony's Hall at Trinity.

Entertain English Friends

We came upon a very arty conversation at Al Green's last Friday evening... The Joseph de Grimme's entertaining their friends, Kenneth Gallop and Colin Tavener of Bristol, England... Mr. Gallop is president of one of England's oldest picture houses, Frost and Reed (est. 1803), and Mr. Tavener, a former Royal Air Force hero, is his assistant... It is the annual Springtime visit the gentlemen pay New York... And this time they kept a promise... and dashed out to the (Continued on Page 13)

Spring Tours Booked By Pointe Youngsters

First Chet Sampson Tour to Washington Left Pointe On Wednesday; Boys to Leave New York, Capitol and Niagara Falls on April 8

Comes Spring and in the Pointe the high school set dreams of one of those tours to Washington or New York, planned and supervised by Chet Sampson.

Yesterday (Wednesday) the first of a trio of Spring junkets left the Pointes in a fleet of seven shiny new station wagons. It was the Chet Sampson trip to Washington, D.C. and Annapolis and the travelers were all Pointe girls.

Until April 5 the youngsters will take in the sights of the nation's capital. The fun reads: Visit to Naval Academy at Annapolis; church services at the Academy; Capitol Building, Congress and the Supreme Court in session; Washington, Jefferson and Lincoln Memorials; Arlington Cemetery; Amphitheater; and Tomb of the Unknown Soldier; White House, Bureau of Engraving and Printing; Tour of the FBI; Smithsonian Museums; Library of Congress; Archives Building, Mt. Vernon, Lee Mansion, Washington Cathedral.

Among those in the party that left Wednesday were:

Patsy Langs, Barbara Henderson, Brenda Brown, Nancy Lauppe, Lisa Guensche, Merry Sharrer, Susan Langs, Sharon Kinney, Chloe Irvin, Marilyn Drettmann, Karin Kahn, Marcia Mower, Anna Svenson, Karen and Marilyn Baer, Caroline Bayless, Penny Eyles, Judy and Barbara Billingsley, Nancy Reik, Denise Carne.

Still others included Linda Bennett, Pat Zuehlke, Sandra Hoffman, Penny Nickels, Barbara Hammond, Carol Baude, Elizabeth Turrell, Toni Dauch, Sally Harding, Judy Andrews, Adelaide Eades and Karin Olson.

On April 8 the boys trip gets under way to Washington, Annapolis, New York City and Niagara Falls.

They'll visit Times Square, the Empire State Building, take a boat trip out to pay a call on the Statue of Liberty; ride through Central Park, do Park Avenue, the Cathedrals, Fifth Avenue and Rockefeller Center. Then they'll see the famous Rockettes at Radio City Music Hall, sight-see in Chinatown, Harlem and the Bowery and even drop in for a meal at the Automat.

The still incomplete list of masculine travelers for the April 8-14 junket includes:

Roland Austin, Phil Warren, Jim Book, Dick Zuehlke, Sandy MacMechan, Roy Sjoborg, Bill

St. Clare Church Holding Sale

Women of the Archconfraternity of St. Clare of Montefalco Church will hold a bake sale in the church auditorium on Saturday, April 10, from 9:30 a.m. to 4:30 p.m.

Mrs. Fred Potvin of Bedford road is chairman. Members plan to have many delicacies on display, from home made breads, rolls, cookies, brownies, special cakes and pies to special desserts.

Among the members assisting Mrs. Potvin are Mrs. John McGrath, Mrs. A. J. Christie, Jr., Mrs. E. J. Edwards, Mrs. J. C. Flowers, Mrs. Frank Trentanelli, and Mrs. Joseph Martin.

Teas to Honor Y-Teen Mothers

Mothers of the Alpha, Beta and Theta Y-Teens of Grosse Pointe High School will be invited to three YW teas given in Grosse Pointe.

Mrs. James B. Ogden, 603 Balfour will be hostess at her home Wednesday, March 31 from 3 to 5 p.m. to mothers of Alpha Y-Teens.

Mrs. Newton Seidel, 1110 So. Oxford Rd. will open her house to mothers of Beta Y-Teens April 1 from 3 to 5 p.m.

Mothers of Theta Y-Teens will be welcomed at the home of Mrs. S. L. Shenefield, 809 Grand Marais April 7 from 3 to 5 p.m.

Church Service Group to Meet

The Social Service Group of St. Paul Ev. Lutheran Church will hold its regular monthly meeting in the Fellowship Hall at 10:45 a.m. next Wednesday.

The members will fold bandages for Children's Hospital and sew pads for the American Cancer Society.

The newly nominated officers for this organization are: president, Mrs. Helen Kretschmar; vice-president, Mrs. Helen Hartman; secretary and treasurer, Mrs. Isabel Cornish; social secretary, Mrs. Polly DeBruin.

Tour of Ford Archives To be Taken by Society

Friday, April 2 will find the Historic Memorials Society meeting for luncheon at Dearborn Inn. Scheduled for 12:00 Noon, it will be followed by a tour of the Ford Motor Company's Archives at Fair Lane. Henry Edmunds, Chief Archivist, will welcome the group and explain the project.

Mrs. Frank Stones as chairman of hostesses will be assisted by Mrs. James W. Reid, Mrs. Edward H. Eichler, Mrs. Clarence E. Pratt, Mrs. H. E. DeWick, Mrs. Neil A. Cameron, and Mrs. Balfour Reid.

Reservations may be made with Mrs. E. Ben Lyons or Mrs. Walter W. Fleming.

AWWS Metropolitan Unit To Hold Meeting April 13

The American Women's Voluntary Services, Metropolitan Unit, will meet at the home of Mrs. G. Wrinn, 2171 Iquois avenue, for its monthly meeting on Tuesday, April 13.

Board Meeting will be held at 10 a.m., regular monthly meeting at 1 o'clock.

Don't let your success get you so stuck up that your friends have to turn you down.

Silver Spurs to be Featured at Party

March came in with such a roar that optimistic Detroit Boat Club square dancers are having woolie white lambs included in their decorating theme to commemorate the departure of that wintry month at their Umbrella-Stomp Square Dance on April 2. Clusters of bright-hued umbrellas and shining raindrops will carry out the April-in-Spring motif.

To make this a most outstanding and eventful square dance, the Grosse Pointe Silver Spurs, a group which enjoys square dancing and is most interested in the styling of the dance (so much so that the members meet twice monthly at the Grosse Pointe War Memorial with their regular caller—Bill Mitchner), will give an exhibition during intermission and will be on hand throughout the evening to help beginners and others who would wish the advice of very expert dancers.

Members of the Silver Spurs shown above include MARGE and HAROLD NOFTZ and "NA" and JACK STAPLETON.

Mr. and Mrs. Earl Meyer are chairmen of the party, and they will be assisted by Mr. and Mrs. Peter Fortune, the Hugh Flemings, the Leland Forsters and Mr. and Mrs. William Buchinger. Wes and Julie Rea will call.

Mrs. John Pear Receives Honor

Mrs. John Pear of Trombley road, immediate past chairman of the Fine Arts Section of the Michigan Academy of Science, Arts and Letters, was honored for her years of devotion and service. She was presented with a copy of "The Great Centuries of Roman Painting," published by Skira of Switzerland, by the Fine Arts Section. The presentation was made in the Michigan League in Ann Arbor during the annual conference of the Academy held on March 25, 26 and 27.

On the same occasion the Fine Arts Section bestowed its annual medal posthumously to the well-known artist and teacher, the late Carlos Lopez for his contribution in the field of Fine Arts teaching. Mrs. Carlos Lopez accepted the medal in his name.

It Was Nassau, Lauderdale For the Bruce N. Tappan

Mr. and Mrs. Bruce N. Tappan arrived at their Westchester road Friday evening after five and a half weeks in the South. The Tappans spent a fortnight in Nassau and the remainder of their vacation was enjoyed at the Surf Rider Hotel in Fort Lauderdale, Fla.

Early Spring Holidays Provide a New Look

Young Set Here for Vacations From Eastern Colleges With Vassar, Briarcliff Smith, Bennett Junior College and Mt. Vernon Giving Early Holidays

A late Easter and early Spring vacation in the Pointe's private schools as well as many Eastern schools are giving the local scene a different look as April pops into view.

It should be "full house" in the Pointe Easter parade this year with all the travelers home by April 15.

In the meantime, the debutantes who'll bow in June are well in evidence at the Pointe this early April.

From Mt. Vernon Junior College have arrived:

Susie Whitehead, daughter of the J. Frazer Whiteheads; Judy Jeeves, daughter of Mr. and Mrs. W. R. Jeeves; Ann Stock, daughter of the H. Thompson Stocks.

Another Mt. Vernon gal, post debutante Sandra Fitzpatrick, has joined her parents, Mr. and Mrs. Leo J. Fitzpatrick on their Miami Beach holiday this month.

Vassar students in the Pointe include:

Marian Ferry, daughter of Mr. and Mrs. Dexter M. Ferry, Sara Goddard, daughter of Mr. and Mrs. Wendell C. Goddard, Alice McIlvenny, daughter of Mr. and Mrs. Ralph T. McIlvenny, Judy Mann, daughter of Thomas B. Mann.

Ann Sherer, of the Sweetbrier contingent, is with her parents, Mr. and Mrs. Joseph S. Sherer, Jr.

Sally Schemm, daughter of Mr. and Mrs. George A. Schemm, Nan Maxwell, daughter of Mr. and Mrs. Edwin O. Bodkin and Joan FitzSimons, daughter of the Sherman J. FitzSimons have reported in for Spring vacations from Smith College.

A trio of Bennett students here on holiday include Helen Frost, daughter of Mr. and Mrs. Harry W. Frost, Jr., Elsie Fink, daughter of Mr. and Mrs. George R. Fink, and Jean Vance, daughter of Joseph A. Vance, Jr.

The Briarcliff belles are represented by Kittie Smith, spending her holiday with her parents, Mr. and Mrs. Guy Chester Smith of McKinley place. Her classmates, Julie Chapman and Terry Phelan have wandered down Florida way for their vacations.

Lillian McMath is vacationing from Mt. Holyoke with her parents, Mr. and Mrs. Trent McMath. Another of next June's buds, Sally Mitchell, left Smith for Sea Island, Ga., to be with her mother, Mrs. Thomas Evans of New York City.

The Edward S. Evans, Jr., family of Oldbrook lane headed for Sea Island and their Spring vacation this week, too, taking advantage of daughter, Virginia, and son, Ned's, holidays from school.

James Millers Visit Stoepels After a brief stay in the Pointe, Dr. and Mrs. James Miller have returned to their home in Hartford, Conn. Mrs. Miller was formerly Detroit's Elsa Wells.

Here they were the houseguests of Mr. and Mrs. Ralph Stoepel of Touraine road. Complimenting the visitors, Mr. and Mrs. Stoepel entertained at a dinner party in their home; Mrs. Joseph G. Standart, of Lincoln road, also gave a dinner for them; and Mrs. Richard P. Joy, of Lake Shore road, was their hostess at a luncheon.

Original Gowns, Fine Paintings Blend in Showing at Jacobson's

Painters will have an opportunity to view some rare and valuable paintings, many of which come from famous European collections, in the windows of Jacobson's store and in its better dress salon from April 1 through April 10.

Inspired by the fine paintings, Jacobsons have assembled a collection of beautiful original gowns which will be shown along with the paintings each afternoon from 1 to 4 p.m., except Saturday.

Some of the famous names of the designers are Ben Reig, Adele Simpson, Cecil Chapman, Gershel Rafi and Zagri.

The paintings have been loaned by the de Grimme Galleries and include 24 masterpieces. Among the more outstanding paintings will be four still lifes by the Austrian contemporary Josef Jost; "A Family of Ducks," by the English master J. F. Herby (1795-1865) and "The Earl of Sefton" by another renowned English artist, Richard Ansdell, R. A. (1815-1865), formerly in the collection of the late Joshua Milne Cheethara, Esq. of Eyford Park, Gloucestershire.

Other paintings will be "Master Wright," by the prominent English portrait painter of the 19th century, H. Wright. A very amusing "Moulin Rouge" painted in Lautrec's style by Eugene Lepivre, contemporary artist will also be shown, as well as an example of the inimitable Edouard Cortes' "Parisian Street Scene."

For the occasion, the Birthday Girl donned a bouffant pink organdie frock, its little organdie collar edged in lace and embroidered in seed pearls.

Diana Maiullo Birthday Girl

Diana Maiullo, daughter of Mr. and Mrs. Joseph A. Maiullo II, of Moran road, had a birthday party last Thursday evening marking her eleventh anniversary.

Games, a birthday supper and dancing were the party fare and the dinner table was centered with two colonial bouquets. The guests also played recordings Diana received for her birthday.

They were: her cousin, Lynn Ann Ternes; LaFray, Greiner, Susan Shaw, Carol Pucci, Sharon Barker, Kathy Thompson, Susan Gehrke, Pam Hattie and Barbara Barnes.

For the occasion, the Birthday Girl donned a bouffant pink organdie frock, its little organdie collar edged in lace and embroidered in seed pearls.

Alumni to Hear Dartmouth Coach

DeOrmond "Tuss" McLaughry, head coach of football at Dartmouth College will address a meeting on April 2 of the Dartmouth Club of Detroit at the University Club.

Robert J. Grow of Grosse Pointe, 1933 Dartmouth graduate, will preside at the meeting, which gets under way with a social hour at 5:30 p.m.

Mr. McLaughry has been head coach of football at Dartmouth since 1941, with the exception of two years during World War II when he served in the Marine Corps. One of the most popular and respected members of the coaching fraternity, he is secretary-treasurer of the American Football Coaches Association and New England representative to the football rules committee.

His first coaching job was at Westminster College, from which he graduated in 1915. In 1922 he was appointed head coach at Amherst, and in 1926 moved to Brown University, where he turned out one of the greatest Brown teams of all time. This team went undefeated in

nine games and used the same 11 men against Harvard, Yale and Dartmouth on successive Saturdays to earn the nickname of "The Eleven Iron Men."

Annual elections will also be held by the club at this gathering. Mr. Grow will retire after serving two terms as president.

Scheduled to be elected are Tom Candler, '45, president; Bob Sumner, '33, vice-president; and Dick Dickson, '50, assistant secretary-treasurer. All are residents of the Pointe.

James Wallace Wins Culver Swim Letter

Thirty-five major awards were presented to members of the Culver Military Academy swimming team at the Academy this week by veteran coach Frank Walatits.

James H. Wallace was among those receiving the coveted varsity letter. He is the son of Newell B. Wallace, 1033 Kensington road, Grosse Pointe.

Returning to Government Service

WILLIAM KERBER, of Merriweather road, vice-president of the Great Lakes Steel Corp. and the Hanna Furnace Corp. of Detroit, is sworn in as Director of the Iron and Steel Division, Business and Defense Services Administration, U. S. Department of Commerce. Administering the oath of office is CHARLES F. HONEYWELL, Administrator of BDSA. Mr. Kerber will serve the Government for a period of six months without compensation.

Mr. Kerber is a native of Sandusky, Ohio, where he was born October 1, 1896.

He attended Kenyon College, Gambier, Ohio, and Stevens Institute of Technology, Hoboken, N. J., and was graduated from Ohio State University in 1919.

During World War I, he served in the United States Navy.

He has been affiliated with the National Steel Corporation since 1929, the year the corporation was established. His business career in the steel industry started with the Witherow Steel Company in Pittsburgh, Pa. He joined the M. H. Hanna Company in 1921, and remained with that firm until 1929.

Mr. Kerber has twice previously served the Government in Washington. From 1941 through April, 1945, he was with the Steel Division of the War Production Board. At the time he returned to his company from WPB, he was Assistant Director for Plant Facilities and Raw Materials in the Steel Division.

During 1951 and 1952, Mr. Kerber headed the Metals and Minerals Branch of the Office of Price Stabilization. When this unit was divided, he became Chief of the Iron and Steel Branch.

He is married and has no children.

Sympathy may be all right at times—but in most cases a good kick would be more effective.

Family Trying To Locate Kin

A Plymouth family has asked the News to aid in the search of a woman missing since November 11, 1919.

In a letter to this paper, Mrs. Annie Clara Lewis Wilmet and her son, Albert Joseph Wilmet of 555 Starkweather, Plymouth, Mich., stated they have been searching for their daughter and sister, Clara Margaret Wilmet, last name sometimes misspelled "Wilmot" ever since she left home at the age of 18. At the time the family lived at 6022 Hartwell, Dearborn, Mich.

During the summer months of 1951, sometime between June and September, friends of the family, read in the Detroit News and Detroit Free Press, the story of a Clara Wilmet, or Wilmot, who married a prominent Grosse Pointe.

The woman's age and the story of her life seemed to fit in with the Plymouth family's missing relative. However, at the time the story came out, the Wilmet family was out of town, and was not told of the woman and her marriage until much later. The woman's married name is not known.

Any one knowing this person, or her whereabouts, please contact Mrs. Annie Wilmet or her son, Albert, at Plymouth 2035J, or Plymouth 2120W.

Pointe Players Opening Tonight

Pointe Players of Grosse Pointe High School will present their spring production "Heaven Can Wait" on April 1, 2 and 3, at the Grosse Pointe High School Auditorium.

The play is a humorous story about a priest, Joe Pendleton, portrayed by Jim Blashill, playing opposite him will be Cynthia Darragh, as Bette Logan.

The cast will also include George Bell, Don Howdeshell, Mary Kent Zimmerman, Doug McBride and George De Vos.

For further information re-

garding the play, or about tickets and so on, please contact the High School, TU. 5-3052.

We call it the "Jumping Juvenile"

NEW KIND OF LIFE INSURANCE FOR CHILDREN

Jumps 5 times in face value at age 21 with no added cost

Have you a child or a grandchild between the ages of 1 and 15? If so, our new JUNIOR ESTATE BUILDER policy—nicknamed the "Jumping Juvenile" by our field men—will assure him \$5000 of life insurance at age 21 for every \$1000 you buy him now!... with no increase in cost and with no further proof of insurability.

You see, this saving-type life insurance automatically jumps to 5 times its original value when the youngster reaches 21, yet the annual premium does not change throughout the life of the policy.

Here's the ideal way to guaran-

tee your child or grandchild a substantial amount of life insurance protection as he takes on grown-up responsibilities, with important cash values available for earlier education or later emergencies. Liberal dividends add materially to these values.

Your youngster is now at the life insurance bargain counter. The sooner you buy, the less chance of his developing a health impairment that will later make him un-insurable.

Woods Election Important

Grosse Pointe Woods voters are expected to go to the polls in large numbers next Monday to cast their ballots in a very important municipal election. A new mayor, three councilmen and a justice of the peace are to be elected. There will also be a proposed charter amendment on the ballot, which would deprive the council of the right to abolish any city ordinance that has been approved by the voters at the polls.

The charter amendment was authored by Councilman Waid McKnight, who is now one of three candidates for mayor. It was the outgrowth of an effort by some members of council to lower the bars to allow the issuing of another Class C liquor license in the Woods after the voters had expressed their disapproval of such a plan.

Under present laws, the council has the right to do away with any ordinance it wants to, any time following six months after it has been passed. The proposed amendment would take this power away from the council in those cases where the issue had been put up to the people at the polls.

In voting for the men they want to govern their city, the electors should not be prejudiced by personal feelings, but should cast their ballots for those whose ability and experience best qualify them for the important work at hand. As the fastest growing of the Pointe municipalities, the Woods is faced with many vital problems. Sound judgment and a practical viewpoint are required in seeking solutions.

This paper has not always agreed with Councilman Waid McKnight, but in our opinion there can be no doubt that he is the best qualified for the post of mayor. In addition to his service as a council member, he served for five years on the Woods Planning Commission. He has been courageous in fighting selfish interests and insisting on upholding the provisions of the zoning ordinance. He was a member of the Woods City Charter Commission and has been a resident of the Woods for 27 years.

Harry C. Pratt, the only councilman seeking reelection, deserves the vote of the people. A practicing attorney, he has continually shown mature judgment and courage in facing issues. He also was a former member of the Planning Commission and is a director of the Woods Community Club. He favors collaboration with the other Pointes in finding a solution to the garbage and refuse disposal problem, and the appointment of a Citizens' Committee to aid the Woods council in solving its problems.

It is also the opinion of this paper that of the other candidates for council, the two best fitted for the post are Arthur H. Kitson and James J. Hunt.

Mr. Kitson has always been interested in civic affairs. He is a seasoned executive who operates his own business. He believes in letting the people know all the facts about municipal affairs and also favors collaboration with the other Pointes in matters of mutual interest. His interest in children and juvenile activities has been demonstrated by his participation in organizing Little League baseball for the youngsters.

Mr. Hunt has been president of his subdivision's property owners' association. He was a leader in the fight against the issuing of any more liquor licenses. He is a well known lawyer and has been an officer in the Country Club Woods Progressive Association. He also favors working with the other Pointes to find the solution to the refuse problem. As the father of three children, he is vitally interested in recreational facilities and activities to combat juvenile delinquency.

Be Smart About Cancer

April has been designated as Cancer Control Month. Here in the Greater Detroit Metropolitan Area the American Cancer Society Crusade is concentrating more on the educational angle than on the actual raising of funds.

The Cancer Society participates in the United Foundation campaign here and most of its budget was raised during the Torch Drive last October. It has permission to seek another \$125,000 this month, much as the American Red Cross was permitted to campaign for \$150,000 to fill out its needs not provided through Torch Drive funds.

The money is needed, to be sure. The vast amount of research which is being conducted in the battle to whip this great killer, takes vast sums of money and there are great needs for every dollar that can be obtained. All those who have not participated are urged to make some donation to the cause. This may be done by sending a contribution under the simple address: CANCER, Local Post Office.

The work to be done along educational lines in this battle against cancer is perhaps even more important than the research which is required. The top men in the medical field tell us that if every suspected danger signal was reported immediately by victims to competent doctors, a high percentage of the cases could be cured.

The sad statistics are that because of failure to detect these danger signals in their early stages, thousands upon thousands of persons who could be cured, are now dying.

A recent Gallup poll pointed out the great need for this educational campaign. A countrywide survey showed that one out of every two persons questioned was unaware that cancer can be cured, and 46 percent did not know any of cancer's most common symptoms.

Today 30 percent of the victims of uterine cancer are being saved. More frequent examinations with resulting earlier detection and treatment would result in the saving of 70 percent of these patients. Breast cancer is now claiming the lives of 65 percent of its victims. This could be cut to 25 percent. Lung cancer is now fatal in 95 percent of the discovered cases. This could be cut to 50 percent. percent of the victims of rectal cancer are now being saved. Early detection and prompt action could cure 70 percent of them.

Mouth cancer is proving fatal in 65 percent of the cases, but it should be only 35 percent. Cures in skin cancer cases are now running 85 percent. This figure could be boosted to 95 percent.

A great deal of progress has been made along educational lines, but it is imperative that much more be made. We have done much to alleviate the mistaken stigma that used to be attached to the word cancer. It was considered much in the same light as a social disease, or leprosy. Most of us have learned that cancer is nothing more than a disease which comes when a cell or cells in our body get out of control and keep on growing, stifling out the life of vital organs.

The dread fear of the disease has been another factor that has made it the great killer it is. Too many persons who have been afflicted, or even only think they are afflicted, have accepted as inevitable the conclusion that it was incurable and they were doomed.

The Cancer Society hopes that its campaign this month will teach many, many more persons the vital importance of frequent, regular examinations by their doctor. It hopes to get across the lesson that if one has any slight cause to suspect the presence of cancer, chances for a cure are tremendously enhanced if he or she will report to a doctor, immediately for treatment.

The field of research is being widened continually. There are many evidences that science is nearer the answer that will mean the conquering of this frightful disease. But even without any further research or any more progress towards cures, we ourselves can cut down these statistics simply by using common sense.

Everyone should memorize the seven danger signals of cancer and, if any of them appears, report it immediately to a doctor. They are:

1. Any sore that does not heal.
2. A lump or thickening in the breast or elsewhere.
3. Unusual bleeding or discharge.
4. Any change in a wart or mole.
5. Persistent indigestion or difficulty in swallowing.
6. Persistent hoarseness or coughing.
7. Any change in normal bowel habits.

None of these symptoms necessarily means that you have cancer, but any one of them should send you to your doctor. Cancer is usually curable when detected and treated early.

Grosse Exaggerations

A. PRYOR

"O beautiful is love and to be free
Is beautiful, and beautiful are friends,
Love, freedom, comrades, surely make amends
For all these thorns through which we walk to death."

(John Masfield)

We should like to have a talk with Judy Holliday (of stage and screen) and find out where she buys her clothes. In a recent news article Missy H. sez she is five feet seven and at one time weighed 170 pounds. Hollywood demanded that she lose weight before playing a certain role, so the actress went on a diet and got herself down to the required 127.

This is where WE come in. After losing this weight she is quoted as having said: "I went out and bought every size ten dress I could. When I got to Hollywood Columbia's dress designer took one look at me and went pale. He had made my wardrobe in size fourteen and here I was a size ten."

Now Miss Judy, . . . either you need glasses or you know a secret place to buy size ten clothes that will fit your size and weight. We have you here. . . because we are five feet seven and a half (in shoes) and weigh 125 pounds; nor do we have your admittedly large bone structure, yet WE can't get a size ten dress on with a shoe horn. In fact we can't even get our head in the opening, much less be able to zip the dress closed. And we'll bet you can't either!

Our guess is that you now take a size sixteen and can just get into it. Which reminds us that we have a bone to pick with dress houses, too. Why not a size fifteen dress or thirteen or seventeen? Most of our friends and a lot of folks who aren't our friends, have to have sixteen dresses taken in and fourteen let out. In fact, we don't know of anyone who can just "walk into" either size . . . so fifteen would be the perfect answer. But size ten on a five feet seven inch gal weighing 127? This we gotta see!

Fiddling with the radio dial in the dark the other a.m. we came upon a station whose identity is still unknown to us. A Suthin' voiced gent was playing records and doing commercials. As we tuned in he was saying: "And now to another sponsor." He then went on to talk about Tony's radio shop . . . and suggested we call them for repairs or records or needles, etc. He gave the address and phone number of the shop at least ten times and was so urgent about our calling Tony's that we thought of smashing the radio just so we could call them.

He ended the seemingly endless commercial with: "If you tell Tony you heard this program he will have a special gift for you . . . so be sure to call right away." He then added: "I don't mind telling you that Tony is my brother." For some reason or other it struck us pretty funny.

The to-do in the papers this week about Holland, Michigan (and a lovely sight it is) reminds us of the gentleman we met from the Netherlands who was appalled at the number of people over here who knew so little about Holland. He said he was fed up with people thinking that all Hollanders clomp around in wooden shoes, tilting at windmills and putting their fingers in dikes. He showed us some pictures to prove Holland is a veddy moddun spot as well as a beautiful country.

It IS surprising what our idea of a foreign country sometimes is . . . especially those of us who have never been abroad and whose information comes from travelogues. We can remember when we thought every woman in India wore a ruby on her forehead and that the men all wore bed sheets and beads. We supposed they probably lived in thatched huts and ate nothing but rice. We were quite surprised when a friend who had been there showed us some pictures of the magnificent modern buildings past which ran Cadillacs, Packards and Fords by the hundreds. We thought they were still traveling by ox cart!

Bill Kennedy fans might be glad to know that they can see him on the Burns and Allen TV show on April 5. We understand that the popular former member of the WWJ-TV staff here, has a very nice part.

This week's Pryor award goes to the police departments of the Pointes. Most of the "boys" on the force come from families that go way back in Pointe history and in spite of the growth of this fair community, they haven't lost that "village" touch with the populace. They do good deeds far and beyond the call of duty and they don't get (or expect) any publicity for it. We are fortunate indeed to have them . . . not only for protection but for their friendliness and good-neighborliness.

Detroit radio and t-v stations have certainly had their share of fluffs lately. Last week an announcer, urging listeners to attend some religious rally on a certain night . . . said that among the speakers would be Reverend Diggs. He later changed it to Senator Diggs.

The best one . . . and no doubt a surprise to Joseph Dodge . . . was the newscaster on a t-v station who announced Saturday night that "Horace" Dodge had resigned as budget director! Must have been a surprise to Horace too!

What Goes On at Your Library

By Jean Taylor

Among library users, an increasing number indicate an interest in the art of writing. If you are a would-be author, the "800" shelves in your library provide many books on the craft or writing, that serve as guide posts for the beginner.

There is advice for the short story writer, for the novelist, for the playwright and for those interested in the field of children's books, with helpful hints on the writing market. There are books too with suggestions for those who prefer the medium of radio or television.

For the scribbler just breaking into print, it is cheering to learn that rejection slips are not unknown to many of the professional writers. In a recent book, "The Flowers of Friendship: Letters to Gertrude Stein," we came upon an amusing rejection note. This was written in Miss Stein's own repetitious style by a London publisher of A. C. Fifield, after receipt of one of her manuscripts.

"Dear Madam, I am only one, only one, only one. Only one being, one at the same time. Not two, not three, only one. Only one life to live, only sixty minutes in one hour. Only one pair of eyes. Only one brain. Only one being. Being only one, having only one pair of eyes, having only one time, having only one life. I cannot read your M. S. three or four times. Not even one time. Only one look, only one look is enough. Hardly one copy would sell here. Hardly one."

"Many thanks. I am returning the M. S. by registered post. Only one M.S. by one post."

Sincerely yours,
A. C. Fifield.

And here is good news for the

teen age femme. Elizabeth Howard's new book, A STAR TO FOLLOW, has just been received at the library. Elizabeth Howard Mizner, of Harvard road, Grosse Pointe, proves the fallacy of the saying "A prophet is not without honor, save in his own country." The young people of this community are extremely vocal in their enthusiasm of Miss Mizner's books, all excellent period stories.

A STAR TO FOLLOW is laid in Arizona in the 1870's. Women who entered the field of medicine at that time had, as Ellen Stacey discovered, a hard road to hoe. In the face of friend's and family disapproval, she sets out to be Arizona's first woman doctor. The medical backdrop combined with romance, geared to teen age taste, gives the story an unmistakable appeal for girls 12 to 16.

There has been much speculation as to the function of a wooden structure installed between the adult and children's rooms of the Central Library. Complete now, with glass tank, sand, water and a variety of tropical fish, it stands revealed to everyone's satisfaction, an aquarium.

Just the right height for the small fry to view easily, it will, we are sure, be of interest to the moppet who, faced with the problem of deciding between two books about fish, selected the smaller and simpler one. She said "I'll take this one. That one tells me more about fish than I care to know."

We are grateful to the Junior League of Detroit which generously donated the money for this fine aquarium. It will be enjoyed by both young and old.

State's Beaver Population Rises

Michigan's beaver population, now at its highest point in 60 years, really is busy this year—constantly building lodges, dams and even canals, according to a University of Michigan scientist.

William Lawrence, research associate in the U-M school of Natural Resources, points out that the animal's rise from near extinction is in part due to legal protection and also to environmental changes. An example of the latter is the aspen stands taking over land formerly occupied by pine forests.

This aspen is not only the animal's favorite food, but also is used as building material, especially in constructing his dams and lodges. These dams then form the ponds where the colony eventually will settle. Once he has selected the dam site, the beaver begins construction of his lodge, which he can build overnight if time demands.

Trees which supply bark for eating and wood for building are found on solid ground, Lawrence says. "To get across the boggy lands to the aspen, the beaver cuts himself ditches and swims across. On the return trip he tows the branches and tree trunks through the canal."

Liver spots appear more often in women than in men, and more in dark-complexioned persons than in blondes. Outside of the effect they have on appearance, these spots are apparently harmless. Don't consider treating them in any manner unless you consult a doctor, you may harm your skin.

The trusted pharmacist is always ready to compound your medical needs quickly and courteously.

DYC Dinner Dance

We've been hearing ecstatic reports about Detroit Yacht Club's boating and beach tog fashion show and dinner dance held at the Belle Isle clubhouse last Saturday evening...

Milwaukee Bridal News

Pointe friends of Mr. and Mrs. William Dickerman Vogel (Virginia Booth) will be interested to learn of the engagement of their daughter, Grace Dickerman Vogel, to Michael Finnell of Calgary, Can. The Vogels make their home in Milwaukee, where the engagement was announced this past week. Mr. Finnell is the son of Mr. and Mrs. Jules Finnell of Pasadena, Calif.

Center Holding College Reunion

From 5 to 7 p.m., Saturday, April 3, the Grosse Pointe War Memorial is having a "grunch" group lunch to welcome home all spring vacationers.

In an informal rathskeller atmosphere, sloppy joes and cokes will be served. The Grunions (local Yale students), will be on hand to entertain and there will be dancing and cards if desired.

Mostly it will be a chance to see old friends, catch up on the gossip of various campuses and just relax in a friendly atmosphere. Dates aren't necessary but they are very welcome.

Guests of collegians from out of town will certainly be made to feel at home. The local committee of Wayne and U. of D. students hopes everyone will drop by.

Ninth Graders Holding Frolic

All ninth grades from public, private and parochial schools are invited to the Grosse Pointe War Memorial to an informal evening, April 2 from 8 to 11 p.m.

Movies of the Detroit Lions in action will be followed by a torch singer, Susie Simmon appearing in person. Dancing to the Hi Hatters Orchestra will wind up the evening.

Dates aren't necessary—you can come stag, hag or drag for \$1. You'll be a F.O.O.L not to come even though April 1 is past.

Falcons Squeeze Into Giant Basketball League's Crown

It was a tight fit but Johnny Diccio's Falcon basketball team managed to squeeze past an upset-minded Eagles quintet last Saturday night, March 27, in a nip and tuck 28 to 26 thriller and captured the Giant League crown at the Neighborhood Club.

The Falcons jumped into a two-point lead after the teams had battled on scoreless terms through the first four minutes of the first period. Once the ice was broken, both teams began to hit the nets and the Falcons held a one-point 7 to 6 edge at the end of the period, which they were able to maintain until the half-time intermission, which left the Falcons out in front, 16 to 15.

Bitter Battle to End
The outcome of the contest wasn't settled until one minute and twenty seconds remained in the final stanza when Bill Rohloff broke a 24 to 24 tie with a successful layup shot on which he was fouled.

Bill netted the free throw to give the Falcons a three-point bulge, 27 to 24. Gary Near collected another free throw to clinch the Falcons' scoring with 40 seconds remaining, which was just enough time for the Eagles to make their last bid which closed the gap to a mere two points.

Neither team had more than a three-point lead at any time and the score was tied four times and the lead changed hands on six occasions.

Lost at Foul Line

Actually coaches Bill Kerby's and Forrest Piche's Eagles lost the game at the free throw line. The Falcons collected six free throws in 13 attempts while the Eagles were failing eight times in 12 tries. Both teams scored 11 field goals.

Jerry Lewandowski, formerly with the Celtics earlier in the season, was the game's individual star, notching 11 points in the Eagles' losing cause. Runnerup honors went to Dick Zuehlke of the Falcons with 9 points.

Coach Was Absent
Coach Johnny Diccio didn't have the pleasure of seeing his Falcons with the title because he had to leave for spring training with one of the Cleveland Indians' farm clubs. Before he left he turned his smooth working quintet over to his good friend Rod Haldeman, who was Johnny's teammate when they played together on the Grosse Pointe Varsity basketball team last year.

Rod did a swell job in steering the Falcons into the title and was exceptionally sharp in picking out the opponent's weak points and directing his attack at the vulnerable spots.

Neighborhood Club 1953-54 Giant League Cage Champions

Coach Johnny Diccio's Falcons captured the first cage crown awarded in the newly formed Giant League at the Neighborhood Club last Saturday, March 27, by downing the Eagles, 28 to 26, in a nip and tuck contest. The Falcons finished the regular season in second place behind the Celtics who were upset by the Eagles in the first game of the championship playoff tournament. Left to right, front row: JACK MEDLEY, GIL COX, GARY NEAR, BOB GILBERT and BILL ROHLOFF. Back row: NORM FORRESTER, BRUCE BOARDMAN, COACH JOHN DICICCO, DICK ZUEHLKE and BILL WALDECK.

Mills Race Ignored As D.R.Y.A. Sets Regatta Dates

For the first time since its revival in 1932, Toledo Yacht Club's Mills Trophy Race will be massing from the Detroit River Yachting Association's 1954 race schedule. That was the decision of the DRYA delegates at the Spring meeting held at the Edison Boat Club last Friday, March 26, presided over by Commodore Frank Martin and assisted by Vice Commodore Murray Knapp and Rear Commodore Bruce Tappan.

Toledo Yacht Club has no one to blame but itself for being scratched from the 1954 calendar. The first hint that TYC would test the strength of the DRYA came at the pre-Spring meeting held at Edison the middle of January when its representative announced they were going to hold their race on June 26. They arrived at that date for two reasons; it was exactly six months from Christmas, as though that makes any difference to a sail boat race and that they didn't want to interfere with regatta the Cleveland boats will sail in the Saturday before. They figured by holding the Mills race a week later than usual more Cleveland boats would enter the race.

Well, from where we sit we don't believe TYC will draw enough Cleveland boats to make a boat race even if they held it four months from the Fourth of July.

Could it be TYC is getting a

little tired of the Detroit boats coming down and dominating the affairs and carrying off all the hardware? We say that with our tongue in our cheek because Commodore Frank told us that most of the Toledo boys would like to have the Detroit Fleet as their guests but it seems the present commodore wants it the other way so that's that.

Commodore Art Summerlee, never one to pull punches, hit the nail on the head and voiced the opinion of all of the delegates when he said "Those guys at Toledo came up here and told us when they were going to hold their race. We don't like the date jammed down our throats." He continued, "Besides it conflicts with one of our oldest member clubs (the Detroit Boat Club) who have always had the date TYC has chosen and I believe the Boat Club should have priority." That's the way the delegates voted and that's the date the Boat Club will hold its annual regatta and commodore's ball to which all the contestants are invited.

With June 26 filled, the DRYA voted June 19 to Crescent Sail Yacht Club which requested the switch from its usual late August date for one year only. Crescent felt it could put on a much better regatta at the earlier date because it will be all tied up in knots handling the Lightning Internationals on September 1 to 3.

Grosse Ile Yacht Club tried to

get July 31 for its regatta but St. Clair yachtsmen wouldn't stand still for that. When Grosse Ile's representative Milo Orr sensed the delegates were for St. Clair he switched to August 14 and ran smack dab into rear commodore Earl Harding representing Windsor Y.C. Harding stated his club had been awarded the August 14 date last year and that inasmuch as this year is Windsor Yacht Club's Centennial they wouldn't let go of their date either because they had made long range plans.

Finally both dates went to a vote of the delegates and St. Clair and Windsor won out. Orr then stated they were going ahead with plans to hold their regatta on August 14 regardless and extended an invitation to the local tars.

We were curious and asked Milo why his club didn't pick up the August 28 date which formerly was Crescent's. Orr stated that is the week a big L-16 regatta is being held in Chicago and that six of their skippers are L-16 owners and are going to participate in Chicago.

Windmill Pointe Yacht Club, formerly known as Detroit River Racing Association, was voted into the DRYA as an associate member. Other applications were tabled.

Commodore Martin is to be commended for having one of the smoothest running Spring meetings we have ever had the pleasure of attending. Oh, yes, the boys got a little noisy at times until someone handed the Commodore a ping pong paddle as a substitute for a gavel.

St. Paul Girls' Basketball Team Loses in City Tourney

St. Paul's girls basketball team hit the end of the 1953-54 basketball trail last Sunday, March 28, when they lost to unbeaten St. Anthony, 36 to 27, in the semifinal game of the C.Y.O. City tournament.

Coach Mary Allor's sextet made a terrific contest of it, battling the unbeaten leaders and pre-tourney favorite, St. Anthony, tooth and nail right up to the start of the final period. The Flyers held an 8 to 6 advantage at the end of the first quarter, and led 21 to 19 at the close of the third period after the score became knotted at 21-all at the half-time intermission.

Van Tiem Loss Is Blow

The damaging blow came in the early seconds of the final stanza when Lynn Van Tiem was evicted from the contest after collecting her limit of personal fouls. In the first second of the final period Lynn fouled a St. Anthony player, who cashed in on both charity tosses to knot the count at 21-all. From that point on the loss of Lynn was sadly felt and eventually meant the elimination of the Flyers from the tourney.

Lynn who stands 5 feet, six inches, did a terrific job in stopping Carol Kirovna, St. Anthony's star who is five feet, 10 inches tall and sported a 20-point

game average prior to meeting the Flyers. Lynn held her to one field goal and two foul shots. Five feet, three inch, Nancy Zimmers was no match for Carol who collected six points in the final seven and a half minutes of play which swelled the St. Anthony final score to 36 points.

Offense Bogs Down

St. Paul's offense bogged down badly, throwing away 21 passes and being called no less than 15 times for steps which gave their opponents the ball. Actually, despite its poor offensive effort the Flyers lost the game at the foul line. The final point spread was nine points and St. Anthony collected 40 points on 14 free throw attempts as compared to the Flyers who could find the range from the free throw line only three times in 11 tries.

The game was played at the C.Y.O. Center where the entire tourney has been played and where the finals will be held next Sunday, April 3, in which St. Anthony will be a top heavy favorite to take the City Championship.

Babe Ruth Baseball League Ready to Field Eight Teams

The chartered Babe Ruth League of Grosse Pointe has completed preliminary details of its organization and two four-team divisions will be fully equipped and ready to go into action when the season officially opens on the Memorial Day weekend.

Plans have been formulated for a split season which will produce winners in each division for each half-season. A big Grosse Pointe "World Series" between the division champs will be played off as a climax to this project which offers organized baseball to 13, 14, and 15-year old boys in Grosse Pointe Park, City, Farms, and Shores.

The Woods division will not be activated this year. It is hoped that sufficient interest will be forthcoming next year, after the Little League in the Woods has played its first season, to bring the Woods group into the League. Scores of civic-minded individuals and business firms in the Pointe area have contributed generously to the Babe Ruth League. The funds thus obtained will make it possible to carry this season's play to a successful termination. Fred Kross, chairman of the League Finance Committee has headed the fund-raising campaign, and reports

sufficient funds and pledges on hand "to just barely get by." The workers are still in the field and further contributions will be welcomed. To quote Kross, "We must have more money."

Anthony Manardo, vice-president of the League, addressed a mass meeting of boys in the 13, 14, 15-year old group, at Pierce Junior Auditorium last Monday morning and application blanks were given to all interested boys. Manardo, outlining the plan, explained the practice procedures and answered questions from the boys. A similar meeting is planned for the High School.

The schedule for the season may be ready for publication in the near future. One of the outstanding features of this summer's play will be the regularly scheduled games between teams of the different divisions which will, no doubt, lead to some healthy rivalry. Bill Brown, manager of one of the Park-City teams is already making plans to be in the Pointe "World Series" but is being heckled by John Pingle who will manage a team in the Farms-Shores division and is making plans of his own along the same lines.

Some teen-agers are mighty good kids in spite of the company they keep—at home.

The "Woods" needs a vigorous leader, a man who is progressive and believes in better representation of the people.

Girls to Meet In Title Game

Mighty East Side Sport showed the St. Paul Seniors that they were still the team to beat by defeating them last Thursday, March 25, in the Girls' Basketball Playoffs at the Neighborhood Club by the score of 41 to 33. Mary Taylor led the victors with 23 points, while her team-

mate, Peppy, Peplinski had 11. St. Paul's Carole Doren racked up 12 points, and Mary Allor had 10. Half time score was 24 to 11 favoring East Side. The referees Laurie Kaitz and Edith Glusac called 18 fouls on East Side and 9 on St. Paul.

CITY OF Grosse Pointe Park

Ordinance No. 15 AN ORDINANCE TO AMEND THE TAXICAB ORDINANCE.

THE CITY OF GROSSE POINTE PARK ORDAINS:

Section 1.—Section 9 of Ordinance No. 137 entitled—"An Ordinance to Regulate the Licensing and Operation of Taxicabs and Public Vehicles for Hire on the Streets of the Village of Grosse Pointe Park and to Provide Penalties for the Violation Thereof", adopted by the Village of Grosse Pointe Park and continued by the City of Grosse Pointe Park, as amended by Ordinance No. 142 of the Village of Grosse Pointe Park, is amended to read as follows:

Section 9. Rates for Taxicabs

The rates to be charged and collected for service by taxicabs shall be the following: for the first 1/5 mile or fraction thereof, forty cents and for each additional 1/5 mile or fraction thereof, five cents. The City Council may increase or decrease the rates herein established and no charge shall be made except as established by the City Council. No charge shall be made for extra passengers. For each one and one-half minutes of waiting time or fraction thereof a charge may be made of five cents. Waiting time shall include the time when the taxicab is not in motion, beginning with the arrival at the place to which it has been called, or the time consumed while standing at the direction of the passenger, but no charge shall be made for time lost for inefficiency of the taxicab or its operator, or time consumed by premature response to a call or for traffic delays. There shall be posted in conspicuous place on the inside of the taxicab a card on which shall be printed plain, legible type the rates of fare provided for in this ordinance, the meter rate of the taxicab and reference to this ordinance by number.

Section 2.—This ordinance shall take effect April 1, 1954.

Boat Banter

By Fred Runnells

The Detroit Lightning Squadron held its annual banquet at Bayview last Sunday, March 27, and what a party it was. Fifty-eight skippers, crews and guests were on hand to welcome the 1954 Fleet captain Jack Siekmann and secretary-treasurer George Davis to their respective offices. The entire affair was under the direction of Warren Jones, retiring fleet captain, but before Warren stepped down he awarded the DRYA Championship trophy to Wes Weidrick, Bayview skipper, with the remark "if you win this trophy many more times I guess we will have to give it to you permanently. It marked the sixth consecutive time Wes had carried the handsome trophy home. If the crowd would have been a trifle smaller everyone would have received a door prize, there were that many of them donated by various businessmen. The prizes ranged from paint brushes to life preserver cushions and chafe guard tape. Ted Goebel donated three cases of you know what kind and as luck would have it young Pete Goebel won one. He didn't get to take it home, however. Someone put it outside to cool and didn't tell Pete. He went home empty handed.

Harry Macfarlane told of the plans for holding the 1954 Lightning Internationals at Crescent September 1 to 3 and the President's Cup. To raise funds the fleet will publish a 28 page program with ads. That's what the boys are busy selling now. Ed and Jean Bodkin just got back from a fishing trip in the Florida Keys sporting beautiful tans. Jean tells us they went for snailfish and hooked one but didn't have the luck to boat it. However, they caught a wide variety of other fish.

Henry Dunlap, past commodore of Bayview, was elected fleet captain of the L class Association.

Bruce Tappan, rear commodore of the DRYA, just returned from a five week vacation in Florida. Bruce stopped in and saw our old friend Chick Stodgell and says he is recovering nicely from the heart attack in January and expects to return to Detroit in the near future. Chick wants Bruce to thank all you fellows for the wonderful cards and letters you sent him and said they were terrific cheer uppers. From this corner we would like to express our appreciation for taking the time to send those cards and letters to Chick.

Commodore Al Grundy has set Saturday, April 10 as the date for the I.L.Y.A. Spring meeting to be held at the Whittier Hotel in Detroit. The business meeting will start at 3:30 p.m.

Pat Collins, owner-skipper of "Vitesse," a New York 32, is all business this year. Pat wants to win his share of races and has lined up a bunch of good boys to help him do it. The crew includes Howard Girardin, Lee Wardrip, Jimmy Grant, Bob Lawrence Carter Sales and Fran Brown will act as den mother.

George Van had his catboat, which he so often refers to as "the beautiful thing," put in the water last Monday, March 29, in an attempt to be the first of the local tars. In past years George earned this distinction but this year he got beat by Bill Calder. Calder not only was the first one in the water with his fiber glass Rebel class sloop but was the first to be seen sailing on the river.

Neighborhood Club News

Girls Volleyball

An unusually fine response to the girls volleyball resulted in the possibility of 8 teams entering the league. The plans up to date are to run a Junior Division and a Senior Division with four teams each.

The gymnasium will now be available on Thursday night for team practice. All girls interested are requested to come out on Thursday night since some of the teams are expected to have openings for players.

Mixed Volleyball

On Tuesday nights in the gym the Neighborhood Club is sponsoring mixed volleyball for teen agers and over—So fellows and girls who like to play—here's your opportunity!!

Badminton Club

Results of the singles tourna-

ment held last Wednesday evening are as follows:

Boys Singles, first round: Steve Barnes defeated Dan Pascoe; Norman Latorre defeated Mike Keenan. Second round: Ed Pongracz defeated Steve Barnes; Norman Latorre defeated Walter Carrier and for the championship Ed Pongracz defeated Norman Latorre.

In the Girls Singles: Pat Carrier defeated Janet Carlson and Sue D'Hooge defeated Barbara C. Dier and for the Championship Pat Carrier defeated Sue D'Hooge.

Mixed Doubles will be played this Wednesday evening and results will be published next week. Presentation of trophies will be made at a special party to be held this Wednesday evening.

Dan Reaume on Winning Swimming Aggregation

Daniel Reaume, son of Mr. and Mrs. W. J. Reaume of Madison road, attending The College of St. Thomas in St. Paul, Minnesota, was a competitor in the State Minnesota Athletic Conference recently.

Dan was a three-medal winner in swimming. He won the 200 back stroke, was on the winning 400-yard free-style relay, and on the medley-relay team, taking second. St. Thomas College won the Conference.

Faculty Teams Beat Students

History teachers' swishing baskets from mid-court, Spanish teachers dribbling the ball the length of the court was what Grosse Pointe High students saw Wednesday, March 24, when faculty teams defeated their Hi-Y and Y-Teen opponents.

The men teachers beat a boy's team from the Hi-Y 8 to 4 in overtime while the feminine members whipped a girl's Y-Teen quintet 4 to 3.

Coach Edward Wernet, Mr. Arthur Dowell, Coach Frank Banach, Mr. John Fox, Mr. Robert Kurvich, and Coach Howard McAdam played for the faculty with Coach Wernet and Mr. Dowell each scoring 4 points. The Hi-Y quintet included Larry Scoville, Ron Cutler, Don Chamberlain and Hugh O'Neill among others. Chamberlain and Cutler collected the four points for the boys.

Miss Louise Karpinski, Miss Amy Pierce, Miss Margaret Casteel, Miss Leona Weier, Miss Frances French, Miss Mary Sue Barnett and Mrs. Eleanor Lasca proved the athletic prowess of the women teachers when their combination edged out their Y-Teen adversaries 4 to 3. Miss Pierce and Miss Casteel collected a basket each to account for the four points.

After these two contests there followed a free-for-all with a mixed faculty team standing a Hi-Y-Y-Teen quintet, Mr. James Kaloger's two baskets sparked the faculty to a easy victory. Another contest between the men and a group of boys concluded the afternoon's entertainment.

The chief purpose of the program was to provide a good time and a lot of laughs for both players and spectators.

Seldon Keglers Take Over Lead

The Seldon Team edged into first place in the Grosse Pointe Business Men's League at Motor City last Thursday night as they won three points from Art Young's while Kennelly was losing three to Pete Moor's.

The action was highlighted by an exceptional third game of 1064 by Boutin's to take first place in that standing. They were inspired by Marv Boutin's 258 game. Marv has been improving considerably since he has retired from active labor.

Only team to take four points was Adam-Simms over Revere. High scores for the evening were: Boutin 258-622, J. Bosco 246-669 and A. Bosco 236-647.

Kopp's Pinmen Still Hold Lead

Kopp's Pharmacy bowlers slipped a little in last week's competition by dropping two points to Holzbaugh but managed to hang on to the lead in the Grosse Pointe's Bowling League.

Village Wine Shop took DeKeyser for three points which enabled it to move up to second place in the standings two points behind the leaders.

Last place Rightenburt TV grabbed two points but still stayed in the cellar when Blit Rite Tool took two points also to maintain its one point margin over the tailenders.

CAMERAS CATCH PICTORIAL NEWS OF INTEREST FROM ALL OVER THE WORLD

ACADEMY AWARD "WINNER"—Don't tell anybody, but the actress in this picture is the winner of the best performance "Oscar" award to be announced by the Motion Picture Academy of Arts and Sciences on March 25. Don't jump to conclusions, however. True, that's the head and neck of Audrey Hepburn, but the rest of the picture is made of parts of the other nominees: the shoulders and bust of Ava Gardner, the arms of Maggie McNamara, the gams of Deborah Kerr, and the shoes and luggage of Leslie Caron.

CLASSROOM OF TOMORROW—Functional design and modern patterns mark this attractive "classroom of tomorrow," which permits greater freedom of activity and more comfort than most schoolchildren have ever known. Important feature of the room is the uniformity of natural lighting. Desks and chairs are portable and can be arranged in either formal or informal groups.

STRAIGHT UP-AND-DOWN PLANE—The U. S. Navy's Convair XFV-1 vertical take-off delta-wing fighter rests on its tail in a vertical position. The plane is designed to take off and land in this position.

TEARFUL PLEA—Han Chi-tung, a six-year-old Korean lad, stands before a microphone in Seoul and tearfully reads to the crowd a letter written to his uncle, who is being held by the Communists in North Korea. Some 600 families of South Korean nationals, mostly women and children, staged a demonstration in Seoul recently, demanding that the Republic of Korea and the United Nations take steps to have kidnaped relatives returned by the Reds.

CANADA'S NEWEST MILLIONAIRES—Toasting their good fortune are Canada's three newest millionaires who "made their stake" in the current copper rush at Lake Manitowadge, near Geraldton in northern Ontario. From one claim which they staked in the new copper country, each recently received a tidy little "nest egg" of \$1,059,000. They are, left to right, Jack Forster, 44, auto salesman; Bill Dawidowich, 42, a Canadian National Railways construction worker; and Roy Barker, 52, who calls himself a "Sunday prospector," meaning he has "prospected" week ends for the past 20 years.

WATCHING... AND WAITING—Taking up his post at the third sack, Walter Alston, new manager of the Brooklyn Dodgers, supervises the training of the Bums at their Vero Beach, Fla., camp. After a strangeness that was to be expected upon his leap into the major leagues and after his team began to win exhibition games following a slow start, Alston is now looking forward to the opening of the season. And he's highly flattered and delighted with being given the manager's role of the National League team in the '54 All-Star game.

HAIR AND NOW—The 42-inch tresses of pretty Helen Korovoff (left) fall prey to the scissors of Charles Lavon, barber in a San Francisco beauty salon. Miss Korovoff, a White Russian who emigrated to the U. S. four years ago from Harbin, China, works as a Frisco file clerk and goes to night school to learn English and office procedures. At right, her new short hairdo makes Miss Korovoff look like a real American debutante.

GRAND PRIX, JUNIOR—A group of small fans shows great interest in a small "racer" which seems made to order for the small fry. Actually, the car is a full-fledged racer, fit for competition in such events as the Grand Prix. Nicknamed the "Grand Prix," the small car is built by Piero Patria of San Remo, Italy, and is priced at about \$900.

TURNING THE TIDE—Even the tide turns to admire pretty Loretta Annis of Miami Beach as she edges into the churning waters for a morning swim.

SAFETY PIN-UP—Pretty pin-up Jeal Hauer has been crowned "Miss Safety of 1954" by the National Safety Council. It's a safe bet that Miss Hauer slows traffic as drivers ease off the gas for a second look.

COVER JOB—Betty Johnson, CBS-Radio vocalist, showed up "barrely" dressed for the St. Patrick's Day parade in New York. Betty blamed it on the income-tax deadline just two days earlier!

SILENT STAR ON TOUR—Ramon Navarro, motion-picture idol of the silent films, poses while touring the fabulous Isle of Capri during a recent visit to Italy. The beret-topped Navarro, Mexico's gift to filmland, was a rival of the late Rudolf Valentino for millions of feminine movie viewers when the celluloid industry was still in its infancy.

SPLASHY SLALOM—Comin' right at you is Skillman Suydam of Orlando, Fla., who is aiming for top honors in the 1954 Dixie Ski Tournament, April 2-4, at Cypress Gardens. He's shown taking a practice run on the slalom course.

ALL CUTE CHICKS—Spring is in the air in Central Europe, and at chicken farms throughout Germany this seems to be the rule. These six-hour-old chicks seem quite content in the arms of a young Hamburg miss, as incubators are at a priority.

ANTI-SUB WHIRLWINDS—A formation of Squadron 845 anti-submarine helicopters flies over ships in the Solent River at Gosport, England, after being inaugurated into operational service. The British Royal Navy planes are American-built Sikorsky S-55s. Part of their anti-sub equipment is known as the "dipping asdic," a device for detection of underwater craft. The squadron is expected to be based at Malta in the early summer.

PICK-SWINGING NUN—A past Mother Superior of the Carmelite Order wields a pick to break the ground for a new chapel at Presteign, England. Every morning 18 nuns don aprons over their habits and pitch into the construction of their convent. With technique learned from textbooks the sisters plan to erect their own chapel, cloisters, choir and cells. They hope to complete the work in 18 months.

**Flower Show
Closes April 4**
There are only a few more
days left in which to view
Detroit's most beautiful show for
1954, the Michigan Flower and
Garden Exhibition at the Michi-
gan State Fair Grounds. The show
is open daily 10 a.m. to 10 p.m.
through April 4.
The public has shown most
interest in the six gardens of
"Take Home Ideas". Here they
can view how the average home
owner can have a nicely land-
scaped lawn and a lovely garden
at a minimum of cost and main-
tenance. Advisors are available
to explain how any one of the
gardens may be duplicated.
Of course, all who attend are
awed by the beauty of the
Chrysler Corporation's "Dutch
Fantasy" garden. There are many
varieties of tulips to be seen in
the 25,000 plants. This garden
also has 35 Camellia plants with
300 to 400 blooms in white, red,
orange and variegated colors. It
is the largest and most specta-
cular Camellia exhibit in Flower
Show history. This garden has a
river running the length of the
building with typical Dutch
bridges and a windmill.
Other spectacular displays that
have gained considerable atten-
tion are the 25th Anniversary
Fountain; the Tower of Roses,
the Michigan Botanical Club's
wildflower garden, the Audubon
Society's lakeshore habitat, Mrs.
John S. Newberry's formal tulip
garden, "Westside Greenhouses"
African Violet exhibit, and the
Detroit Garden Center's arrange-
ments section.

who, where and whatnot

by wboozit

Just as the season for fur coats is passing, we've seen a beauty... the platinum beaver worn by the very good looking Mrs. L. S. Thompson of Fairholme road...

Red pumps are popular at the Pointe... love the cute little ones worn by Mrs. Miles N. Culehan of St. Clair avenue.

It was Mrs. Ray M. Whyte's beau geste... Just before leaving for the South she sent a huge pot of orchids... over a dozen blossoms... to Anthony's... so they could be enjoyed... They were magnificent... and they WERE enjoyed...

Mrs. William Zeder Breer wears knock-out gold and pearl guard rings on either side of her wedding ring...

Springier than March 21: Mrs. A. Frederick Kammer in a pink cashmere sweater combined with shell pink tweed skirt... fringed pockets on the slim skirt...

Mrs. M. Robert Olp might just as well have made the awards out in Hollywood the night when Oscars were being passed around... She announced the ones SHE thought should be winners before the official announcement... And now is worried that she's psychic.

Kites are taking to Grosse Pointe's Spring skies... In case you're puzzled that the silvery one you've seen is a Flying Saucer be hereby reassured... It is "The Song Bird"... a very elegant affair and sent to the heavens by John N. Held, Jr....

Love the fascinating gray saki cups Mrs. James M. Fisher uses in her living room... Dr. Fisher brought them home from Japan when he was in the air force medical corps...

PILFERINGS

Speaking of April... Didjuno: April gets its name, some say, from the latin... aperire... which means, to open... now the buds unfold and color and fragrance are to abound once again... The birthstone of April people is the diamond...

That in Nevada, and New Mexico, fishermen seek black bass in April... in Connecticut, Massachusetts, Minnesota, Vermont and Nevada the season opens for salmon fishing...

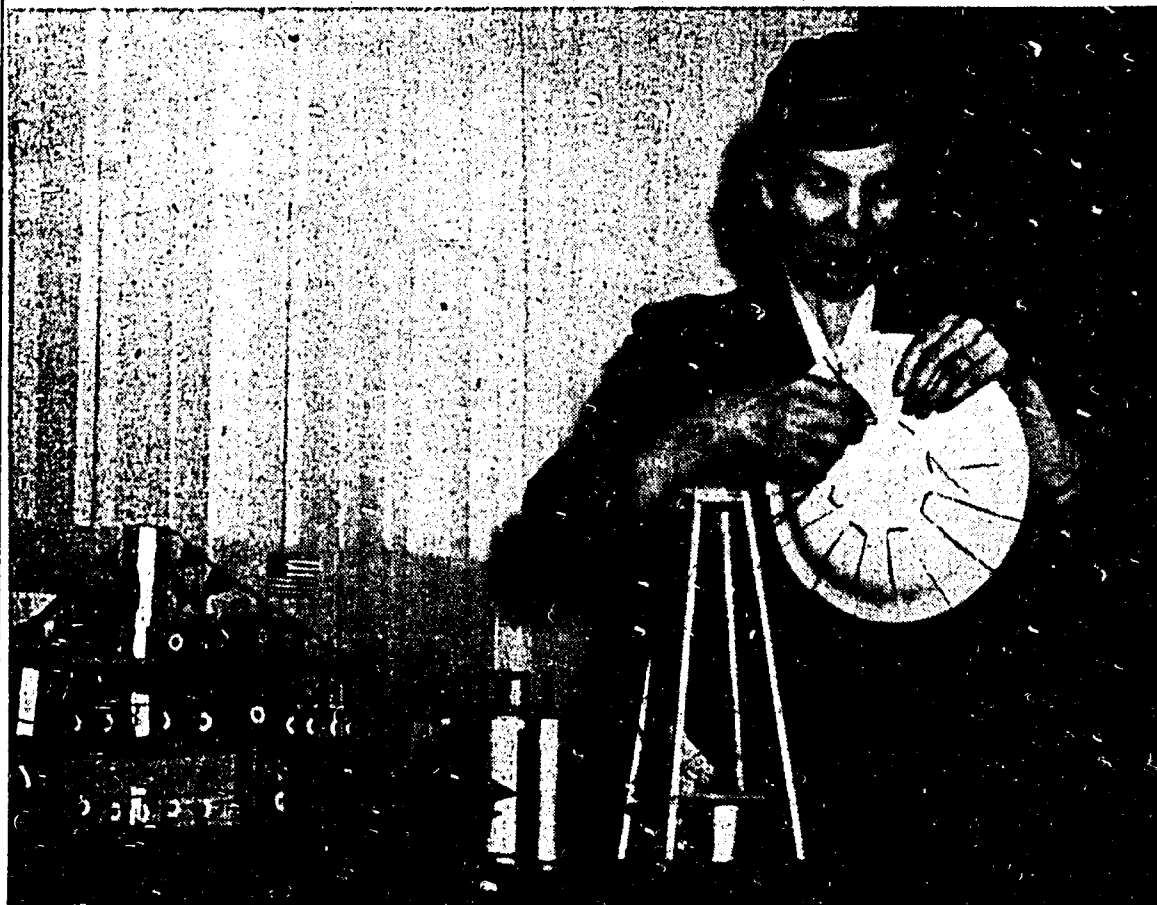

Gardeners are urged in April to give a thorough dusting to check red spiders on Junipers and Arborvitae... If you prize your evergreens spray them for protection against bagworms... Work the fine mulch that's left into the soil and put the rest at the bottom of the compost pile... Decide which annuals you're going to plant and where... Get ready for a busy May...

April 1 is All Fool's Day

April is the month that saw the birth of: Bismarck... Hans Christian Anderson... Rachmaninoff... Washington Irving... John Burroughs... Swinburne... Booker T. Washington... William Wordsworth... Charles Evans Hughes... Lily Pons... Henry Clay... Thomas Jefferson... Anatole France... Wilbur Wright... J. Pierpont Morgan... Clarence Darrow... Leopold Stokowski... Chauncey Depew... Shakespeare... Anthony Trollope... Sir Stafford Cripps... Tony Sarg... John James Audubon... John C. Ridpath... Cromwell... Marconi...

World famous Events of other Aprils: The Pony Express was established (1860)... The Coast Guard was established (1790)... Peary discovered the North Pole (1909)... United States entered World War I (1917)... Ponce de Leon discovered Florida (1513)... Society for the Prevention of Cruelty to Animals was chartered (1866)... The Civil War began (1861)... Webster's first dictionary was published (1866)... Lincoln was assassinated (1865)... The first demonstration of the auto (1893)...

Pointer of Interest

MRS. DANIEL W. HEMBEL OF NEWCASTLE ROAD

By Jane Schermerhorn

There was scarcely time for Mrs. Daniel W. Hembel to take off her hat (she had been to New York) before we arrived. Well, she really had had time, because when she opened the door of her cheerful home on Newcastle road she was wearing a headband of Indian beading. Complete with tall red feather at the back.

If we hadn't reviewed Mrs. Hembel's long and wonderful history as chairman of the Den Mothers workshop, we might have thought the bit of millinery something new for Spring.

As it was, it sort of led the way to the dining room table where there was an endless array of handcraft projects Mrs. Hembel has helped plan. These in turn help make all little boys in Metropolitan Detroit and Grosse Pointe anxious as anxious to become Cub Scouts.

For many years, in fact since her own sons' interest in Scouting, Mrs. Hembel was a Den Mother and her singular ability with the cubs made her a natural to become chairman of the Den Mothers workshop. Now she is a den mother just on a pinch-hitting occasion (when the regular leader is ill, etc.) and her know-how is devoted to instructing and working with the large committee of volunteers who help other den mothers train for the job ahead.

Wonderful Leader Locomotives out of old Quakers' Oats boxes... a pot of flowers made from scrap (the tulips painted egg shells)... leather gauntlets... woven baskets... hammered metal ash trays (from tin can tops)... a corsage for a Spring costume (from old nylons, newly dyed and shirred)... show boats from old paper... key cases... sewing cases... walky-talkies...

All these were on that fascinating table... They had been made by the cubs... and the hours of companionship, creative effort and fun that the table represented... inestimable!

We had a perfect demonstration of how the Pointer fires enthusiasm. She led us into her kitchen and pointed out a long ribbon of crepe paper tied to one heater of her electric mixer. Mrs. Hembel knew we'd never let the subject drop there. She turned on the mixer (had us holding it) while she took the length of crepe paper, pulling it until it became a strong, and twisted, slim strand used for fashioning woven baskets and other Cub wares.

Soon we were emptying a cup of cut-up little pieces of bright crepe paper into a paste she had stirred. It formed a plaster of paris like mixture (called mishmush by the cubs) and is used to cover the outside of tin cans (making them pencil holders, flower containers, etc.)

Scout Family Mrs. Hembel's family consists of her husband and sons, Bob, aged 16, and Bill, now 15. The boys have gone from Cubs to Eagle Scouts and Bob is junior assistant scout master of troop 74 at Richard School as well as being an explorer scout.

On the blouse of her trim navy frock, Mrs. Hembel had pinned her two sons' eagle emblems and there also was a green ribbon decoration she received for three years of leadership in the Scout program.

Bullet Makers Her menfolk kept house while she was in New York. When she returned they gathered in the kitchen for a chat, her housewifely eye taking in the scene of stove and working areas.

"Well, boys, what have you been doing?" she wanted to know.

They had been making bullets. This entailed bricks piled on the electric stove, melting lead and pouring it into bullet molds; filling the pellets with gun powder when they hardened.

It didn't phase Mrs. Hembel a whit. After all, their father had been working right along with them and danger? Well, many things men enjoy are dangerous. Hunting, for instance. All her men like hunting.

And they are very good. Mr. Hembel and Bob (it was his first trip) went deer hunting last fall and each got a buck.

Their Trophies

The gentlemen decided they'd like to have the heads stuffed and get an immediate go-ahead from Mrs. Hembel who suggested they place them in the house wherever they'd like.

"After all, a house doesn't belong just to the womenfolk," was the way she told it to us.

Well, Mr. Hembel liked the living room wall but Mrs. Hembel was a little relieved when himrod son decided he'd like to have his deer head right on his own bedroom wall.

Both Mr. and Mrs. Hembel grew up on farms. He in Wisconsin and she on a farm in Alsace-Lorraine. Her father was French and her mother was of Russian birth. When Mrs. Hembel, upon the death of her parents, came to America (along with a sister and brother) to live with relatives in Illinois she could speak French, and German and had been carefully trained in Greek and Latin. All that remained was to learn to speak English!

Campus Romance

The Hembels met when they were students at the University of Wisconsin (in their philosophy class, no less). When they married and their boys came along they moved to Grosse Pointe, where Mr. Hembel's business brought him.

They didn't want their children to have only the city kind of life nor did they want them to be as disciplined as they had been with the eternal chores of the farm after school hours.

That's when scouting came along and presented its attractive program. The whole family jumped into Scouting (Mr. Hembel is an explorer adviser) and in it find added warmth in their family life. Theirs is not a family where the boys are raised by the maid while the parents socialize. They have their fun together.

But we've wanted to tell you, briefly, about the Pointer's New York trip. She is president of the Greater Detroit Motion Picture Council and a member of the Grosse Pointe Motion Picture Council, groups that endeavor to

keep the standards of motion picture entertainment high.

The New York junket was in line of duty with the Greater Detroit Council. Delegates from all over the country met to pool ideas, tell of progress, preview some of the films coming up (Executive Suite, Elephant Walk, Night People).

Motion Picture Work

Her interest in this work started when she lived in Baraboo, Wis. (home of the Ringling Brothers). A new branch of the American Association of University Women was started while she was there and she was a member. The group asked Henry Ringling (who owned the movie but didn't run it on a regular schedule) if they could borrow the house to show movies for children, charge a small admission and thus aid their treasury. He agreed.

So, naturally, with this background, she was attentive when Miss Florence Severs asked for volunteers to assist the local motion picture council she had founded in Grosse Pointe.

Mrs. Hembel doesn't hold with too much censorship of films. She feels good and bad films are pretty much a matter of personal taste and responsibility. She feels, certainly, that movies seen by children should be carefully screened and recommends the list of approved movies issued monthly by Grosse Pointe Motion Picture and Television Council. These lists are provided free of charge in all Grosse Pointe schools and churches and may also be seen at the public libraries.

She was instrumental in bringing about the theater ordinance in effect in all the Pointes with the exception of Grosse Pointe Farms. This ordinance regulates the admission of minors to theaters. Children under 16 years of age, unaccompanied by parents or guardian, are not permitted in the theaters after 10:30 p.m. Children, 10 years or younger, are not permitted in the theaters, unaccompanied, after 7 p.m.

The Mouths of Babies

Most of the pictures saw in the council members saw in New York were "scope" variety. She was greatly interested by a panel of school children who appeared before the councillors one after-

1 c. pitted sour cherries
1/4 c. butter
1/2 c. sugar
1 egg
1/2 c. milk
1 1/2 c. flour
2 tsp. baking powder
Cream butter and sugar, add beaten egg. Sift dry ingredients and add alternately with the milk to creamed mixture. Drain cherries and stir into batter. Bake in a square pan in 350 degree oven.

Serve with:

SAUCE

1/2 c. sugar
2 Tbsp. butter
1 Tbsp. cornstarch
1/2 c. water
1/2 c. cherry juice
1 tsp. almond flavoring

Blend the dry ingredients and add juice and water. Cook until thickened and smooth. Serve warm over squares of cherry cake.

Judith Russell Capped At College of Nursing

Judith Russell, 1186 Anita, Grosse Pointe, was one of 24 students capped at Wayne University College of Nursing's traditional capping ceremony recently.

The annual ceremony signifies the beginning of the student's professional nursing courses and laboratory periods in hospitals which are part of the College's basic program in clinical nursing. It is also the first occasion at which they wear their Wayne nurse uniforms. Each girl is capped by an advanced nursing student. Dean Victor A. Rappert of the College of Liberal Arts addressed the students.

Wayne's basic degree program of nursing is the only one in Michigan which is accredited to prepare its graduates for positions in both institutional and public health nursing. The 44-month program leads to a bachelor of science degree in nursing.

DOG WARDEN NIPPED

A dog is no respecter of authority; it seems. Earl Trombley, Farms Dog Warden, picked up a dog on McMillan and Charlevoix on Wednesday, March 24, and the ungrateful pup bit him on the hand. Trombley was treated at the Farms police station, and the Board of Health was notified.

noon. The discussion was on the merits of the three D types of motion picture.

"Their conclusions pointed up the fact that children, like adults, want a good story and don't mind it in black and white, at all. As for three D, the youngsters said they didn't like to wear the glasses; they didn't like the long intermissions; they weren't interested in all the gimmicks. Just give them a good rip snorting story!"

Mrs. Hembel saw her own first movie after she was fourteen years old, here in America. It was "The White Sister" with Ronald Colman and Lillian Gish, and she can remember she couldn't read the old subtitles that flashed on the screen to tell the story before the days of the Talkies and the Scopes.

Pointe Counter Points

by Roberta Isley

It's like a fable... yet it's true. Right now there is a show in G.P. at Jacobson's that could conceivably take you to New York, Miami, and California. Yet in any port it would steal the show. Against a background of original paintings loaned by the Je Grimme Galleries of Grosse Pointe are the best creative fashions in all America. The glorious originals of Ben Reig, Cecil Chapman, Adele Simpson, Zagari, Ben Gershel, Raffi, Fred Block, Tallmack and Bellicano are blended, oh so subtly, against a background of twenty-four masterpieces. (\$10,000 worth). Many are from famous European collections. Four exquisite still life paintings by the Austrian contemporary Josef Jost, "A Family of Four Ducks" by the English master J. F. Herring, Sr., 1795-1865, are in this show. The very amusing "Moulin Rouge" painted in Lautree's style by Eugene Lelievre plus the inimitable Edouard Cortes' "Parisien Streetscene," is represented. Don't miss Ben Reig's ballerina gown of pure silk organza, in Champagne, fashioned of two complete circles. The underneath bodice is made of faille and under it all is crepe-de-chine. The bodice is trimmed with luscious iridescent paillettes imported from France. Simply heart melting... four hundred and fifty dollars. Don't miss Adele Simpson's ingenious sheath of pure silk in purple grape tones or Casper Davis great natural straw sailor. The facing and the crown is red velvet, if you please. Then for a real fairy tale ending own just a portion of this collection... either the fashions or the great masterpieces... yourself... and live happily ever after. Jacobson's... this week... and next.

Young feet sure take a shine to patent. Licorice black and mirror slick are the dainty black shoes we saw this week. And the navies, reds, blues, fashioned of fine leather are spiced with white to complement the colors. Your girl's feet will not only be the prettiest little feet in the Easter Parade... looking wonderful... but feeling wonderful, too... because they're been properly fitted. At Clyde Hornung's, on the hill, they ALWAYS leave plenty of room for little toes to grow in.

Whether you are crossing Kercheval or the continent you won't find a service quite like this. You see it didn't just happen. It took months of preparation for the Queen Cleaners to establish this new shirt laundry and cleaning store. If you plan to shop at Northland take advantage of their Shopper's Special. Leave your shirts and pick them up on your way home. Or if you desire call Queen Cleaners for pick up and delivery service in the Grosse Pointe area. Five shirts run \$1.15 cash and carry. Delivered \$1.35. For this "Queenly" service call, Wo. 6-6100. Or leave them at 17140 Kercheval, in the village.

Week-end revelation. It's yours free. The Camera Center, in the village, wants you to see for yourself, with your own pictures the magic of 3-dimensional photography in FULL COLOR. Try the incomparable stereo realist camera without a deposit or obligation, for the week-end. You keep the pictures you take. Fair enough, isn't it? 17114 Kercheval in the village, or call TU. 1-4096. Remember your 3D shots also make sharp black and white enlargements.

For her shower... her wedding... give her a set of glasses that are real conversational pieces. These Presidential Glass Sets are outstanding because you'll find all the Presidents from Washington to Eisenhower represented, with their dates of office. Done in gold on black they are sold in sets of eight for seven dollars. Choose from double old fashioned and tall highball ones. Stunning. At the Sign of the Mermaid, 75 Kercheval, on the hill.

Just one of the new Metalle Toll Trays would make an impressive gift... Some are oblong, some round, and some are individual trays which means they are considerably smaller. The round ones make perfect wall hangings in addition to being serviceable. Birds adorn white, pink, black or olive green backgrounds. And while you are in Jacobson's Home Decorative Shop, in the village take a look see at pieces made of high-fire art enamel on hand wrought copper. Also their original creations in hand-made pewter by Serge Nekassoff.

The elfin hands of a young Spring have been busy. Here at Trail's Pharmacy this week they have their own little flower show. Fake flowers like rosebuds and lilies have burst into lush blooms... gay birds and butterflies... want to adorn your gift packages. Spring-like and very forward looking are their new sunglasses by Robert. Flowers and jewels trim white frames. Some are pale blue shot through with silver. Trail's Pharmacy, on the hill.

Dorothy Layne, buyer of suits and coats, told us this week that the costume look is the important thing this Spring. Then she showed us what she meant. It was a navy wool worsted soft dressmaker suit with tab details on the bodice and pockets. The stark-slim skirt had two pleats in back. Completing the costume was a cape stole trimmed with white and blue silk braid. Very chic chic. \$119. Jacobson's Better Suit Department.

Marvelous shelf paper is marvelous for shelf use. Because it is made of Vinyl Plastic, you can wash it and it won't crack. Coral and candy pink are new shades. There's a host of heavenly colors in Fromm's, in the village.

What it it about the washable slacks at Denny's that men find so hard to resist? Perhaps it is the texture of the cloth... denim... butcher linen. Or the cloudy colors with their depth and charm. Brown, blue, gray, rust, and yellow. Or it may be the fact that the price is so low for quality so high. Because you see these slacks begin at around five dollars. Wonderful, uh? For Southern Wear or puttering around the yard they're perfect. Denny's Men's Wear, 92 Kercheval, on the hill.

This is the jacket... that jacket in a million. It is all soft, washable, capeskin. Striking around the cardigan neckline and down the front is a delicious amount of pearl and rhinestone trim. Obviously, it's not a lot of jacket... just enough to steal the show at Paris openings. (This copy wasn't made in France... but who's to know?) Heavenly pastels... pink, light, light blue, beige 'n white. Thirty-five dollars. Margaret Rice's, 76 Kercheval, on the hill.

Do you HAVE to wear specs? And do you want sunglasses ground to your prescription? Then you should visit Johnston's Optical Co., on the hill. For it is here they grind them in Orthogon single vision or Orthogon bifocal types. Along with regular models, they have ones that are especially intriguing... pared down specs. They are the first glasses to come out of the hands of a fashion designer. Claire McCordell is the gal who designed these. They have more subtle nose shaping for the necessary cling and balance over the bridge of the nose. Summer plaids, black frost, white and monk tortoise are the colors that make us want more than one pair. How about you?

Impressionistic Silk Print...

Velvet-banded neck-line, laced Empire waist for a striking impression after-five... shadowy Black or Navy and White 1954 print. Sizes 10 to 18.
