

# WOODS BOND ISSUES REJECTED

## HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, March 28

**IRANIAN BANDITS** killed two American aid officials and kidnaped the wife of one of the dead men. The Americans were knifed to death when caught in an ambush. The ambush took place in the village of Khash, in a desolated region near the Pakistan border.

The Americans killed were Kevin M. Carroll, 37, of Issaquah, Wash., and Brewster A. Wilson, 35, of Portland, Ore. Kidnaped was Mrs. Carroll, 35. The United States State Department expressed deep concern over the murders.

Friday, March 29

**THE UNITED STATES** received a detailed memorandum from Egypt in which that country proposed that the Suez Canal be "operated and managed by the autonomous Suez Canal Authority established by the Egyptian Government on July 25, 1956." The Egyptian proposal runs counter to Washington's insistence that the canal be insulated from the national politics of any one country.

Saturday, March 30

**CLARK GREGORY**, director of the International Co-operation Administration Mission to Iran, said there is a 50-50 chance that Mrs. Anita Carroll of Issaquah, Wash., who was captured by bandits, is still alive. He said that she was either killed or abandoned to die in a vast mountainous wasteland between Iran and the Pakistan border.

Sunday, March 31

**U. S. EMBASSY OFFICIALS** in Iran said the Shah's police are closing in on two segments of the bandit gang that kidnaped Mrs. Anita Carroll six days ago. A doctor and nurse were rushed to the area 800 miles from Tehran to stand by. While the embassy remained noncommittal, it is said the woman's rescue looks hopeful. It was disclosed that the gang had split up after the ambush in which Mrs. Carroll's husband and three other men were killed.

Monday, April 1

**IRANIAN PATROLS** found the body of Mrs. Anita Carroll where it had been dumped in a desolate ravine by her bandit kidnapers. The American housewife had been stabbed and shot several times. She apparently had been dead all the while thousands of Iranian police had been combing the wilderness of Baluchistan.

Tuesday, April 2

**IN A FIGHTING SPEECH**, aimed at quelling a revolt in his government, British Prime Minister Harold Macmillan denied that he made any secret agreements with President Eisenhower while the two were in Bermuda. He told the House of Commons yesterday that there were no agreements made in secret, and that his talks with the President had no bearing on the release of Archbishop Makarios of Cyprus from his exile in the Seychelles Islands in the Indian Ocean. The growing opposition to the prime minister's Cyprus policy was sparked by the resignation of Lord Salisbury, who protested Macmillan's decision to free the clergyman. The prime minister said there were some points he and the President did not agree on, including an embargo on trade with Red China.

Wednesday, April 3

**SERIOUS WAR TALK** is sweeping through Cairo, with Jordan the center of attention and where King Hussein's fate hangs in the balance. Diplomats warned that if the Jordanian Government headed by Premier Nabulsi resigns as a result of the East-West issues, it could involve Jordan in a civil war which would enflame the entire Middle East. It was predicted that if this is the case, it would certainly touch off another war with Israel. The Nabulsi Cabinet, demanded that the outspoken anti-Communist Hussein approve the establishment of diplomatic relations with Russia, halt all American aid, reject the Eisenhower doctrine, and endorse an immediate federal union with Syria and Egypt.

Though of fine stock and easy to grow, Mrs. Lowe warns that the shrubs must be given proper planting and care like any new bush for satisfactory results. Last fall some purchasers were disappointed because the shrubs were slow growing or winter killed. The instructions are carefully enumerated by Mr. DePetris will be given to each purchaser.

This has been accomplished in less than half the time for which these obligations originally ran. The church will hold mortgage burning ceremonies at both morning services on Palm Sunday, April 14, at 9:30 and 11 o'clock.

Despite inclement weather, 3,620 Farms voters went to the polls Monday to cast their ballots in the general city election which selected four councilmen, reelected a justice of the peace, and saw an amendment to the city charter approved.

The turnout at the Farms' seven precincts represented 46.5 percent of the registered voters in the city. Almost 400 more persons went to the polls in Monday's rain, than voted in the election two years ago.

Two Incumbents Reelected In the race for Farms City Council, incumbents Richard L. Maxon and William F. Connolly, Jr., were re-elected. J. Lawrence Buell, Jr. and Henry E. Bodman II will fill the council seats vacated by George S. Lang and Neil S. McEachin. Incumbents Lang and McEachin were not re-elected.

A breakdown of the voting showed Buell leading the eight-candidate field, with 1821 votes. Maxon polled 1790; Connolly, 1702; Bodman, 1593; W. J. MacLeod, Jr., 1389; Henry L. Petri, 1388; Lang, 1325; and McEachin, 1291.

Armstrong Unopposed Candidate for Justice of the Peace, Grant E. Armstrong, was unopposed. He received 1624 votes.

Farms voters approved an amendment to the City Charter changing the deadline for filing of nomination petitions to candidates for City offices to 4 p.m.; Eastern Standard Time, in the afternoon of the seventh Monday preceding the city primary election; in order to conform with provisions of the Michigan election law relative to voting machines.

Challenger Ken A. Zimmerman defeated incumbent Stephen A. Walker by 1,646 to 1,115 votes.

Two other challengers, Peter J. Gallette and Homer J. Cudia, polled 1,433 and 1,058 votes, respectively.

For municipal judge, C. Joseph Belanger received 2,074 votes, overwhelming his opponent Fred J. Potvin, who got 755.

Judge Belanger will take his oath of office for another four years, on July 4 of this year, with an increase in salary of \$1,200, making it \$5,200 a year. The increase becomes effective with the new term.

## Heart Attack Fatal To Worker

A 56-year-old construction worker died on the job Monday afternoon, March 25, while working on the new Harrison-Fringle store on Kercheval avenue in the Village.

Carle Mueller, of 28771 Gratiot, in Roseville, was pronounced dead on arrival at Bon Secours Hospital. He died of a heart attack shortly after 1 p.m.

A foreman on the job said Mr. Mueller complained of pains in his left side and didn't eat his lunch. The foreman told Mueller to take the rest of the day off and go home, but Mueller insisted on staying on the job.

## Ignored Signal Cause of Crash

A local driver was issued a violation for ignoring a flashing red stop signal and causing an accident on Wednesday, March 27.

Benjamin H. Paddock III, of 83 Vendome, was driving south on Kerby road in his father's 1956 Oldsmobile Wednesday evening. He continued into the Chalfonte intersection without stopping for the red flasher, and his car struck a Buick driven by Fritz Ostwald, of a Detroit address.

Damage to the Olds was estimated at \$100; to the Buick, \$150.

## Incumbents Re-elected To Council

Voters Reject Municipal Building Bond Issue for Second Time

The almost monumental task of the Woods Citizens Advisory Committee to present to the voters and need of three bond issues, especially that for a new municipal building, was in vain as all the issues were turned down on election day, Monday, April 1.

The committee made every effort to enlighten the citizens of the community, on what it considered the dire need for a new municipal building; the acquisition of a new park site; and the development of recreational facilities of a park facing Mack avenue.

Rejected Second Time The turning down of a bond issue for a new city hall marks the second time the voters have rejected the idea, either because they are not aware of the crowded conditions in the present building, or did not care.

On February 21, 1955, during a special election, electors were asked to pass a bond issue for \$320,000. This was defeated by a vote of 1,015 to 688.

When the ballots were tabulated following the closing of the polls Monday, the issue, this time for \$475,000 because cost of materials and labor has gone up, the no votes were 2,390, as against 1,428 for yes.

These are the results of the other two bond issues: \$118,000 for the acquisition of a park site in Marter road—no, 2,719; yes, 1,179. Ghesquiere Park development bond for \$135,000—no, 2,371; yes, 1,457.

In the bid for council seats in the Woods, electors returned three incumbents.

Rex Johnston led with 2,369 votes; Tom Bowling, 2,299; and Elsie Friedrich, 2,255; and challenger Arnold Diesing, a former councilman, trailed with 2,205.

Although the candidates for office were unopposed in Grosse Pointe Township, the names and the number of votes cast for each are as follows:

How They Fared Supervisor, Ernest C. Putnam, 349; clerk, Thomas K. Jefferis, 368; treasurer, Adolph L. Damman, 357; trustees, Edmund M. Brady, 350; and Gilbert T. Jerome, 355; justice of the peace, Victor DeBaeke, 353; board of review, Robert A. Hackathorn, 349; a nd constables, Harold Michaux, 355; George LaForest, 351; Melvin Yacks, 346; and Fred Deumling, 342.

In tiny Lake Township, candidates, too, were alone. They are:

Supervisor, Harry Garland, 17; trustees, Jay Smith, 17, and H. Grant Iler, 16; clerk, Thomas Loughlin, 17; treasurer, J. L. Hammen, 16; justice of the peace, Ethel Loughlin, 17; justice of the peace (to fill vacancy for term running to December 31, 1959), Norman Smith, 17; constables, Charles Sperrick, 16, and Eleanor Sperrick, 16; and member of the board of review, John E. Canniff, 16.

In the City, where there were no local issues, 1,894 voters turned out to vote for state and county officials. There are 4,500 registered voters in the community.

## Builders' Show Opens Saturday

John W. Baker of Grosse Pointe's renowned Cox & Baker building firm is chairman of Detroit's 38th Annual Builders Home Show which opens Saturday, April 6, at the State Fair Grounds for a 9-day run.

This year's show accents Modern Living. Mr. Baker, along with other members of the Builders Association of Metropolitan Detroit, which sponsors this annual event, says it is by far the finest exposition of home equipment and homeowner education ever assembled for the people of the area.

One of the features, a refrigerator winks his eye at you. "Junior," the walking, talking and dancing refrigerator will be master of ceremonies at the "Live Better Electrically Caravan," which is a big attraction in this year's show.

## Bad Check Artists Having Field Day in Local Stores

The activity of bad check artists in the Pointe reached an all time high during the months of February and March. The City, Farms, and Woods were most heavily hit because of their business areas, where crooks passed their worthless checks on unsuspecting store clerks.

Police detectives said that in many cases the bad checks should never have been accepted. The local merchants did not demand proper identification before cashing the strangers' check.

The artists usually follow the same pattern of buying some of the store's merchandise and then presenting a check for a much larger sum. One man used the name "Thomas E. Mannix, Jr." on five checks cashed in two days. Their value ranged from \$50 to \$65. This same artist also used the alias, "Jerome Schuele." Another name which has appeared on several large checks is, "Fred McAvoy."

Police officials from the City, Farms, and Woods reported that about 50 bad checks have been turned over to them by local merchants during the past eight weeks.

The USS Holland, which became the first undersea craft to be commissioned by the U.S. Navy was accepted on April 11, 1900 for a price of \$150,000. Today's atomic submarine cost about \$30,000,000 exclusive of the power plant.

- The municipalities are planning to replace shade trees where elms have been removed due to Dutch Elm disease and new shrubs are being added elsewhere on public properties. This seems a fine time for home

owners to take stock as well by adding another bit of beauty to the Pointe. The Garden Club Council is proud to offer this service and hopes that many home owners will order Flowering Crabs or plan to come early to the open sale so they will be able to select the trees or shrubs of their choice.

## Library Offers Swedish Film

The Grosse Pointe Public Library will present a motion picture of more than a routine interest tomorrow night, April 5 on its Family Film Series. It is the highly honored Swedish film, "The Great Adventure". On account of the length of the film, the program will begin at 7 o'clock rather than the customary 7:30. Patrons are urged to note this change in the time schedule.

"The Great Adventure" is a visually beguiling pastoral film made by Arne Sucksdorff, one of the few presently operating lone-wolf artists of the cinema world. The picture is concerned simply with life, wild and human, as it exists around a farm in central Sweden, and most especially with the bitter-sweet lessons which are brought home to two small boys through their expanding perceptions.

The "story" of the film, while entertaining, is secondary to the authentic portrayal of the animal life by the camera. Sucksdorff stalked the bogs and thickets around his Swedish farm, lying in wait day after day, often most of the night in hope of catching the real thing. He spent 72 nights in the field during three consecutive Aprils before he found the wood grouse fighting in a satisfactory light. He once waited beneath a tree 28 hours in order to capture a lynx when it came down.

"The Great Adventure" took three years to complete and cost \$120,000 to film. The result is a film almost unparalleled for its impact on family audiences.

Family groups are urged to attend the showing of "The Great Adventure" in the Meeting Room on the second floor of the Central Library, where upwards to one hundred persons may be seated. However, because of the unusual quality of the film, an extra showing for children of school age only, will be given at 4 p.m. This showing will replace the regular Story Hour for this week.

Eight seniors of Grosse Pointe High School, while not reaching the finalist stage on the National Merit Scholarship Qualifying Test, achieved outstanding records.

### Eight New Movies Added To Library

The Grosse Pointe Public Library has added eight films to its collection of 16 mm prints for the month of April. These may be checked out by patrons of the Library for use in clubs and organizations as well as for home viewing, upon presentation of an adult library card for a twenty-four hour period. The new films are described below:

"Ancient Greece" (11 min., color) shows surviving examples of the ancient Greek culture to illustrate its contributions to philosophy, science, mathematics, drama, and government. Includes scenes in Greece, dramatized incidents, and animated maps.

"Great Northern Tackle-Busters" (11 min., color). The rough, tough pike of northern Ontario make swift-moving sport for the fisherman. The

film begins with a pike-fishing lesson — overheard and back-hand casting, side cast and retrieving the line. Then, the actual fishing. In deep holes and thick weed-beds of a northern Ontario river two fishermen get many exciting strikes, with a side-trip into a marsh for variety. The pike are savage and cagey fighters, but the bag is filled after a day's rugged sport.

"The Kitimat Story" (34 min., color). The complete story of the survey and construction of the first phase of the Kitimat development, including the building of the Kenney Dam, driving the ten-mile tunnel, excavating the powerhouse cavern, erecting the transmission line, and the installation of the first two smelter units at Kitimat, home of Aluminum Company of Canada, Limited.

"Major Religions of the World" (20 min., color) presents the basic beliefs of Hinduism, Judaism, Christianity, and Mohammedanism, and explains their origins and development. Illustrates with animated diagrams the rise of new religions from older ones and portrays some important rituals of the group religions. Describes briefly the major sects of Christianity which have developed from the original group.

"Mighty Muskie" (10 min., color). Fighting for muskellunge, one of the gamest of fresh-water fish in Canada, is a sport that gets into a man's blood. On teeming waters in northwestern Ontario and southern Quebec the camera closes in for a ringside seat as two fishermen match their strength and skill with that of the mighty muskie. Fish after fish is pulled in after savage struggle. Small ones are returned to the lake, as there are fifty-pounders waiting to test the fisherman's technique with rod and reel.

"North to Hudson's Bay" (11 min., color). Setting out from Winnipeg on a comfortable excursion train, the camera carries us across wheatlands, past lakes, into famous mining towns and over muskeg to the port of Churchill. Here the modern explorer is introduced to local wildlife — ptarmigan caribou and white whale — and learns about the commercial and scientific activity in this most northerly of major Canadian ports.

"The Ugly Duckling" (12 min., color) is based on the fairy tale by Hans Christian Andersen. Shows in live photography a mother duck hatching little ducklings, one of which possesses a large body and a large bill. Depicts the experiences of this ugly duckling as it is chased from the farmyard by the other animals, finds refuge near a marsh, and after a winter of loneliness, develops into a beautiful white swan that becomes the envy of all the other birds.

"West Virginia and its Natural Resources" (33 min., color) shows how the natural resources of West Virginia, such as oil, natural gas, coal, and water power, contribute to its industries. Pictures the refineries, steel mills, chemical plants, and glass and pottery factories which are important to West Virginia's industries.

Patrons are urged to make reservations for any of these films either in person at the Central Library at Kercheval and Fisher, or by telephone, TUxedo 4-2200.

Safety-glass area in automobiles has increased more than 50 per cent in the last decade.

### Neighborhood Club Given Model Train

The Neighborhood Club was the recipient of this beautiful HO gauge model train layout donated by Richard Joy. Club employees "JEEP" DEL BABA and PAULINE MASAK are shown, explaining the

intricate details of the automatic electrical system to club members. The system will be the nucleus of a train club which will be formed next fall.

### More Hub Caps Reported Stolen

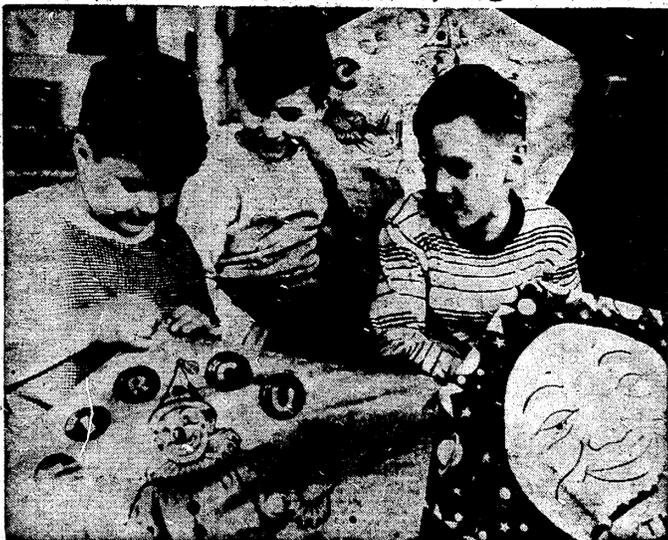

Eight more automobile hub-caps were reported stolen in the Farms last week.

Joseph C. Jablonski of 335 Kerby road, reported that all four caps were taken from his 1955 Dodge during the evening of March 25.

Mr. John Nelson of Dearborn, reported a similar theft of four hub caps from his car, which was parked in the Christ Church lot on March 26.

Holy Roman Emperor Charles V, who died in 1558, had 27 pairs of spectacles to match each of his costumes.

### Kites Beckon to Spring

There's fun in the wind as three members of the Boys' Club of Detroit get ready to fly their first kites of the 1957 season. Robert Bozyk of 6602 Moyes puts the finishing touches on his high flyer while Kenneth Mehl, 5931 Fletcher, and Glen Couch, 3600 Gilbert, look on. Learning to assemble kites and to fly them safely is one of many interesting activities offered by the club's Bloomer Branch at 3910 Livernois in Detroit.

Many centuries before the Christian Era, an air-borne kite became man's first link between sky and earth. Since that time, kites of many sizes, shapes and colors have played important religious, scientific and military roles in both primitive and highly advanced civilizations.

But, here in Michigan, kite-flying is best known as a fascinating pastime for the young in heart and is, traditionally, a welcome sign of forthcoming spring.

Hundreds of youngsters have already rigged and flown their first kites of the year, but before the season gets into full swing, Detroit Edison's Safety Department has a few suggestions for keeping the fun in and the danger out of kite flying. Here they are:

1. Always fly kites in open fields—away from overhead wires and away from streets and roads where traffic is an additional hazard.
2. Use a wooden kite frame; wood is non-conductor of electricity.
3. Use "plain" kite-string; avoid all finel wire or cord that has any appearance of being metallic. Metallic cord can carry electricity to your hand and

cause painful injury or fatal shock.

4. If the kite does catch on a pole or tree, leave it there. It's too bad to lose it but making a new kite is fun—and climbing for the old one might result in a fall or electric shock.

5. Never fly your kite during an electrical storm. Ben Franklin used a kite in his famous experiment with electricity. But he was lucky not to have been killed.

6. When you're running to raise your kite or keep it in the air, watch your step rather than your kite—it may save you a bad bump or tumble.

Kite flying can be lots of fun for young and old alike and it can be safe if these rules are observed.

### New Scholarship Offer Announced

A new scholarship was announced last week by Mrs. Ruth Flom, chairman of the scholarship committee.

Kenneth M. Lander of 2150 Van Arthrop, will present an outstanding girl or boy in the senior class in Grosse Pointe High School with a scholarship worth \$300 per year for four years.

The winner must plan to go to an accredited college, and must be outstanding in his or her class.

This scholarship, according to Mr. Lander, will be a permanent grant each year to the high school. He said it would help to express the gratitude he felt to the school for doing such a good job of educating his children.

Mr. Lander has had two daughters graduate from Grosse Pointe High. Mary, class of June '44, graduated from Ohio Wesleyan University. Her sister, Dorothy, June '47, also graduated from the same university, and was elected to Phi Beta Kappa.

Today the submarine serves as a guided missile platform, early warning station, killer of surface and underwater vessels, scout, coastal raider, troop transport, supply ship, minelayer, and sea-plane tender.

### Dominican High Dads To Elect Directors

The Dominican High Father's Club will hold its next meeting on April 10, at 8 p. m. in Buckingham Hall, 15917 Harper Avenue.

During the business meeting an election will be held to elect six new directors to the board of directors for terms ending in April, 1960. Chairman E. A. Healey of the Nominating Committee will present a slate of candidates for these offices, and additional nominees will be nominated from the floor.

As an entertainment feature, a color film, "The Eighth Sea" covering the St. Lawrence Waterway will be presented. All club members and fathers of Dominican High students are cordially invited to attend this meeting.

United States submarines destroyed a total of 214 Japanese naval ships during World War II, including: one battleship, eight aircraft carriers, 15 cruisers, 42 destroyers and 23 submarines. Against this score 52 U.S. submarines were lost.

### Cinema League To Show 'Best'

"The Top of the Ten Best"—a fairy doll—the doll comes to life and dances for her.

Two other movies are of the travelogue type, dealing with Nova Scotia and Switzerland.

Modern diesel powered submarines are equipped with a breathing device, known as a snorkel, which permits the vessel to draw fresh air from the surface while running submerged.

Of special interest will be "Nach Dem Spiel," an animated puppet film made by one of the League's own members, Alfred Rauer of Detroit. Rauer's film shows children dreaming and then puppets dancing.

Tickets for the program may be obtained free of charge by calling the Grosse Pointe War Memorial Center. In addition to Rauer's movie, winning films expected to be on the program will include the top Gold Medal PSA Award, "Elyra"—a fantasy made by two Californians and concerning two people meeting on a beach. In addition to an interesting story, this film shows excellent technique, unusual sound, and good editing.

A double-prize-winner is a movie about the making of maple syrup in the Amish sections around Cleveland, Ohio.

Another delightful film story is a short movie about a little girl who had asked for a fairy princess for Christmas, but got

A class of 30 adults and children will be confirmed at Christ Church, Grosse Pointe April 7 at 4 p.m.

The class, numbering 15 adults and 15 children, is the second since last fall.

### Festival Choir to Perform Schubert Mass on April 14

The Festival Choir of Christ Church will perform the Schubert Mass in E Flat Major, April 14 at 4 p.m. in the church.

The choir, composed of members of all denominations from across the city and including membership from Canada will be accompanied by Richard Roecklein at the organ and 19 members of the Detroit Symphony Orchestra.

Asked why the Schubert Mass was chosen this year, the choir director said: "It has great simplicity with emphasis on melody. This makes it readily understood by the average listener on first hearing."

The Festival Choir has in other years performed the Requiems of Verdi, Mozart and Bellini and also the Bach Magnificat—all attended by the public.

Soloists for the Mass include Pearl Morgan, soprano; Judy Simonds, contralto; John Tinsley, tenor; Jack Moldovan, tenor; and Richard Webb, bass. Rehearsal accompanist is Audrey Jennings.

Officers of the choir are Roger Fitch, president; Frank Shelden, vice-president; Lowrey Scotten, secretary; and Anne Schuckmecht, treasurer.

### School Given Chevy Half Car

By Jane Horn  
GPMS Journalism Student

The automotive classes at Grosse Pointe High School now have seven engines which can be completely disassembled and reassembled. All are in operating order. By September 11 more are expected.

Four weeks ago the boys were given a 1956 Chevrolet "half car" by the Chevrolet Division of General Motors as a permanent gift. There are only three in existence.

This particular half-car was shown at auto shows in Chicago, Texas, Detroit, New York, and other cities around the country. Classes are able to see all parts in operation: engine, transmission, differential, and braking system in proper order and time.

This car was put together by hand and its cost was between sixty and seventy five thousand dollars to construct. The auto mechanics as well as driver training find this car an asset to their equipment.

The word "wake," a vigil around a corpse, stems from the Saxon word for "Watch" according to the Encyclopedia Britannica.

Delay Proving Costly

When the day arrives in the near future, when Woods citizens realize that the present municipal building is far too inadequate to carry out the proper functions of government, they might well find that the price of construction has spiraled.

Woods officials called for a special election on February 21, 1955, after pleading for a \$320,000 bond issue, to finance the construction of a new city hall. About that time, the city was beginning to feel the pinch of crowded quarters.

As the Woods, the fastest growing Pointe community, expanded, some of the municipal departments were forced to move from the building and were scattered to different parts of the city. To properly carry on the administrative functions of government, the council chambers had to be utilized. More desks and filing cabinets were placed in the chambers and personnel added.

As the city continued to grow, office quarters became more and more cramped, prompting city officials to make a second plea for another bond issue. This time for \$475,000, and for the second time, on Monday, April 1, Woods citizens said no.

The second issue topped the first by \$155,000, mostly because of the higher cost of labor and materials. There were a few changes made in the second building sketch, such as minor changes in the floor plans and one wing to house the public safety department. Too, the second plans called for a paved drive way and parking lot, and some landscaping.

The latter would not have added much to the price bill. Any one familiar with the economics of construction work, knows that as time passes, the cost of materials and labor continue to rise.

The cost of a new municipal building two years ago would have been \$320,000; this year it would have been \$475,000; next year or any time in the future, what?

As things now stand, the present city hall has become obsolete, and as a result, Woods residents are being deprived of many proper "on the spot" services to which they are entitled because of the lack of "elbow room."

(Written by James Njaim, who covers the Woods "beat" and has every opportunity to see how handicapped the city employees and officials are by the constriction of space in the existing building.)

Expert Says TV Boosts Reading

Worried because you child is glued to the TV set instead of to a good book?

You needn't be! "It's true TV viewing has cut into time that might have been spent reading, but in what time youngsters have left for reading it appears they're more selective and—judging by children's book sales—more enthusiastic," says Edward Stasheff, associate professor of speech at The University of Michigan.

He says, "It was first feared that the effect of TV on children's reading habits would be completely devastating but families calmed down after the set had been in the house six months or so, and then librarians found something very strange happening.

"Each week, after 'Mr. I-Magination', a program which dramatized children's classics, there was a run on the featured classic. TV was creating a new audience of readers, many of them children who had been classed as non-readers but who had suddenly discovered the excitement in good stories. It was also discovered that while children undoubtedly had less time to spend reading they were reading better books and reading more intently when they do read."

Says Professor Stasheff, "The clincher—if librarians had been in doubt—was the response to the TV presentation of Davey Crockett. When Disney first released Davey Crockett on Disneyland, publishers were caught napping. There weren't

enough biographies of this hero for children. The libraries had just one or two books about Davey.

"Within five months five different publishers rushed his life into press. Now the children's editors of the large publishing houses keep a wary eye on TV and try to anticipate not just specific titles but whole new areas of interest."

"Proof of the fact that TV has not killed children's interest in reading is that children's book sales have been going up and up while adult book sales have been going down. Across the country children's book sales have steadily mounted," he said.

According to the speech professor, TV presentations have brought about a marked change in both subject matter and style in children's books. "TV presents so much factual matter that even children are demanding fact rather than fiction in their books."

"As to style, the formula five years ago was to present factual material by having dear old Uncle Bob talk about it to Dick and Jane in the garden. It was thought that children required facts in a fictional framework and other little boys and girls with whom to identify."

"Today's TV-viewing kids want the straight stuff because they're used to the camera's direct approach. The camera says 'you are here' not 'you are there,' and today's fact-minded children are interested in reality."

Letters to the Editor

Dear Sirs: I am writing to your paper in hopes that other Grosse Pointe Woods readers, who may agree with the following suggestion, will write to the Grosse Pointe Woods Council.

A stop light is needed at the exit from the Grosse Pointe Woods Waterfront Park to help drivers in crossing Jefferson avenue. Now that many new homes are being built along upper Marter road, there will be an increasing number of

drivers emerging onto Jefferson from Marter just opposite to the Park exit.

In addition, the new shopping center for Lake Shore Village, which is at the corner of Marter and Jefferson, will increase the traffic turmoil at that corner. A traffic light would be a great help to St. Clair Shores residents in that vicinity as well as to the users of the Woods' Park.

Yours truly, J. G. White 1359 Hampton road

Boat Banter

By Fred Rummells

Dear Boss— After three weeks of the most beautiful racing and cruising in the Caribbean on Wilfred McGuire's 52-foot yawl "Merry Maiden" your wondering boy has finally tied his mooring lines to the dock.

A four-hour night plane flight on March 5 started our adventure to the land and sea of the sun. It was a miserable, wet, snowy night when we took off but all of a sudden it was summer as we departed at Miami. A fast auto trip to Fort Lauderdale and we were aboard the yacht and greeting the crew of Bob Neesley, his wife Merle, Bill Wagner, Meldrum McPetrie and Paul Smiley.

Thursday afternoon we pushed out into the Gulf Stream at Port Everglades, Florida for the trip around to St. Petersburg for the start of the St. Pete-Havana race. It was beautiful sail that night under a velvet black sky that looked like diamonds. Little specks of phosphorus danced along the lee rail as "Merry Maiden" charged along under a southwesterly reaching breeze as skipper Neesley and navigator Smiley checked off Fovey, Rock, Craystorf Reef and Molasses Reef lights. We didn't know it at the time but we were destined to see Molasses Reef light again the following night.

Friday morning, March 8, jolted us back to reality. It was a threatening sky and the wind shifted right on the nose from out of the west as we set our course for Key West some 120 miles away. Had we known at the time what was in store for us we would have ducked into the Hawk Channel and the lee of the Keys.

But full of the Viking spirit and our new found release from the hum drum of work-a-day city life we began our long beat to weather into the teeth of the rising westerly that piled up mountainous seas. It was on this day that author Harry Ethridge, a well known Bahama sailor lost his life when his ketch "Grabe" was driven on the rocks and a big charter fishing boat capsized off Miami.

All day long "Merry Maiden" smashed her way slowly against the Gulf Stream towards our destination but by 4 a.m. we were still 21 miles from Key West and 6 miles from Sombrero Reef light which would have afforded us a haven of refuge. Nine hours of torturous sailing that made the very fibers of our muscles scream for relief, forced us to turn tail and run before the full gale.

As the storm moderated we were abeam Molasses Reef light and at this point we once again set our course for Key West, which we made Saturday night as another westerly began to build. Luckily we made port at floodtide and moored behind a fleet of shrimp boats that had been forced from the shrimp beds three days earlier because of high winds and heavy seas.

A good supper and a night's rest did much to get the crew back in shape. Key West in the daylight didn't impress us. It's the end of the earth but the climate is wonderful. None of the houses have chimneys and the air is as pure as driven snow. The huge submarine base and the big shrimp fleet appear to be the life blood of this Key.

All day Sunday, March 10, yachts enroute to St. Pete stopped over the refueling and provisions. They weren't licking wounds like we were because they came, down the Hawk Channel in comfort.

Monday, March 11, dawned warm and sunny with a 12 knot northwesterly which danced the "Merry Maiden" out of the harbor bound to St. Pete some 280 miles to the north. A Navy helicopter swooped low over our mast as we departed and a flying boat dipped its wings in a parting salute. Both planes were returning from Fort Meyers where the day before a commercial plane had fallen in the sea.

Marine life was in abundance. Shark fins cut the water all around us and off in the distance we could see the conning tower of a submarine. At one point we were nearly forced to alter course to avoid hitting two huge sharks that were laying on the surface. But a flip of their tails sent them out of our path and one could imagine them eyeing us with their beady little eyes in anticipation of a man overboard.

A couple of bloody steaks, no longer fit for human consumption, provided plenty of action when, flung overboard. Within 10 seconds after they had hit the water there was the gold-darndest thrashing in the wake of the "Maiden" as these denizens of the deep fought for the morsels.

The cruise up the west coast of Florida was uneventful, and the cook had a ball with such dishes as fluted Dolphin, which we caught, and baked crawfish tails which a kindly shrimpman had given us. St. Petersburg Yacht Club is a beautiful place and its members are gracious hosts. Our most trifling desire was fulfilled while we awaited the start of the 24th annual St. Pete-Havana race on Saturday, March 16.

"Merry Maiden" was fourth over the starting line as the fleet of 28 of the world's finest racing yachts got away under ballooning spinakers and a light northerly breeze. A bad break in Tampa Bay as we approached the new bridge cost us dearly as the wind deserted us. We never quite made up the distance lost and we were the seventh yacht in the fleet to pass under the lee of Morro Castle at the entrance of Havana harbor. Our handicap gave us sixth in our class and tenth overall in the fleet.

Hugh Schadele's yawl "Hilaria" out of Grand Rapids representing the Macatawa Y.C. finished just ahead of us and took third in Class A. Grosse Pointe Toot Gmeiner was aboard and revealed over the fact "Hilaria" had gotten revenge for the beating "Merry Maiden" had given her in the Miami-Nassau race a month earlier.

Alex Carlin, Dave Kitz, Doc Wilson and Johnny Kuntz, all local boys, sailed on the scratch boat of the fleet. "Ticonderoga" which was third to finish, but dropped to eighth place in Class A final standings. Grosse Pointe Carter Sales blew the biggest horn when "Comanche" won Class C. Chuck Kotovic, Jr., was another Great Lakes sailor who gained a share of glory when Horace Binney's sloop "Chance" won Class B and second overall.

Havana was still under the tension of the short lived revolt that for a time threatened the running of the race. Armed military men crowded the streets which around the Palace were barricaded. We inspected the National Museum, which is directly across the park from the Palace and where the revolutionists made their stand. The entire face of the museum was pock-marked with bullets and was closed to the public.

The old section of Havana is a mass of organized confusion with some of the craziest driving in the world. Luckily we had Jose Alfaro for our cab driver and his vehicle had a good set of brakes and a big horn. That's all one needs to drive up to an intersection, blow your horn and keep going. It looks like a tie with another car that's where the brakes are important.

Streets are as narrow as our alleys and the buildings are dingy. However, west of the old section new Havana is beautiful and huge new hotels and apartments, some finished and others under construction, dot the landscape. Currently, Batista is building a tunnel under the harbor to Morro Castle. Upon its completion the palace will be moved across the harbor and the revolutionists will be forced to use boats to get to him.

There appeared to be no middle class in Havana. You're either rich or poor. People there take Batista for what he is. They don't admire him but take the attitude that all will change in time. You could feel the tension in the air. Buried in the heart of old Havana are two beautiful old cathedrals. Once inside the tension vanishes. All is peaceful and serene as the white robed priests softly go about their tasks. One would never realize that outside beggars vie for your attention as do the shopkeepers and disheveled mothers with babies in arm look at you with pleading eyes for coins.

Havana Yacht Club is a beautiful place as is Miramar Y.C. There you see the rich basking in the sun and enjoying life to the fullest. It seemed that men never work, just loll around like the idle rich that they are. Most are from old Cuban families with plantations or run factories.

"Merry Maiden" began her cruise back to Fort Lauderdale on Thursday, March 21, slipping her moorings at 3 a.m. and picked her way among the multitude of fishing nets outside the harbor in a calm sea. Twenty-seven hours later the crew checked in with the immigration and customs officer.

Two and a half days of lazily basking in the sunshine at Earl and Helen Meiningers home in Fort Lauderdale ended our adventure and Tuesday, March 26, we departed at Willow Run amid a wet, sloppy snow storm which jolted us back from our fairland sojourn in the beautiful Caribbean.

SPARE TIRE, WHEEL STOLEN Not satisfied with taking the usual hubcaps, a thief hoisted the spare tire and wheel from a 1951 Plymouth while it was parked on the south side of Mack near the Woods Theater. Edmund Nowak of 18055 Mt. Elliott, owner of the car reported the theft to Farms police Monday afternoon, April 1. Police didn't think it was a very funny April Fool joke.

What Goes On at Your Library

By Jean Taylor

We were midway through THE MAGSAYSAY STORY when we read in the news of the tragic plane crash in which Ramon Magsaysay, President of the Philippines, was killed on March 17.

Absorbed in the biography of this notable figure, the news item left us with a sense of immediate loss, although we had known little about the man until we read his amazing story by Carlos Romulo and Marvin M. Gray.

In the forward, the authors say "This book makes no pretense of being a dispassionate study of a life. That life is in full tide and the man looms large and very near. One cannot know the man and the Philippines and not have an affectionate attitude toward Ramon Magsaysay." "Life in full tide" bespeaks great hopes of his future so tragically cut off at forty-nine years.

The biography is unashamedly eulogistic, telling of the boy Ramon's early youth, during which he worked long and hard and had little or no time for play, of the bulldog tenacity which gained for him an education in the face of great odds, of his integrity and his lifelong belief in the dignity of labor, ideals which carried over from his father's teaching, of his fight against communism during the dark hour of Philippine history and of the restoration of democracy with a united people solidly behind him.

It is a human story of a man who went from log cabin to White House in the manner of Abraham Lincoln. We believe you will enjoy it.

Spring brings nominations for new officers in most organizations. New officers mean new politics to be made, new projects to be carried through and new programs to be planned for the coming year.

The library has numerous handbooks that offer suggestions on the duties of officers, the work of committees, parliamentary practice and program planning. Also available is material on publicity, group leadership, discussion techniques

Louisa St. Clair Chapter Juniors to Be Entertained

Mrs. Richard B. Armstrong will entertain the Junior Membership Committee of the Louisa St. Clair Chapter, Daughters of the American Revolution at her home April 9.

Mrs. Jack A. Doerr, Jr., vice-chairman, will conduct the business meeting, which will include nomination of officers and plans for the annual spring luncheon.

DEATH GRIP

Some men fail because they think they have to strangle the world to make it tough up.

and public speaking. ADULT LEADERSHIP, a magazine devoted entirely to the problem of group and organization work, may be obtained in the periodical section.

Clement Duran's THE PROGRAM ENCYCLOPEDIA, a 630 page manual outlines more than 5,000 program ideas for clubs and organizations. Chapters are included on where to get speakers, program methods, sources of films and other related topics.

Especially helpful too, is THE CLUBWOMAN'S BOOK by Helen Avery and Frank Nye. A chapter "Planning the Club Year" gives practical tips for planning interesting and worthwhile club programs the year around.

If you are interested in book reviews for your program, a member of the library staff is available to discuss a variety of books. Since our goal is to promote reading, it is the Library's policy to cover briefly a number of titles rather than to give a comprehensive talk on one book only.

Mrs. Donald Seifert has been the Library's book reviewer during the past year. She has been kept extremely busy but has enjoyed immensely the many interesting contacts. She appreciates knowing at least one month in advance of a proposed program. A minimum audience of fifteen is a requisite for these talks which include some twelve or fifteen books.

And don't forget our free 16 mm sound films which may be borrowed for your club. Informational films can be used to entertain your group or to give added punch to the subject you are studying. Take this opportunity to make your meetings more interesting and worthwhile.

Your library can help make your 1957-1958 club season the best you've ever had!

Rxs . . . or a Long Hospital Stay

By FRED M. KOPP, R. PH.

A prescription costs less — far less — than a single day's stay in the hospital. Today, in most cases, just one or two prescriptions are all that a patient needs to get well. But years ago, he would have had to go through a long, expensive session at the hospital. That's why we say:

Today's Prescription Is the Biggest Bargain in History

**Kids to Appear In Play on TV**

The Grosse Pointe Public Library will present members of the Grosse Pointe Children's Theater in a live 30-minute television plan, "The Sentimental Scarecrow," by Rachel Field, Wednesday, April 10, at 7:00 p.m. The program will be telecast over Station WTVS, Channel 56, Detroit's educational television station.

"The Sentimental Scarecrow" is a farce about a scarecrow who has a brain, a heart, and a fortune in his coat pocket, and who could turn into a real boy if the right girl would come along and marry him, and love him for what he is.

The role of the Scarecrow will be played by Bob Hunter. He will be supported by Susie Farr, Jo Wilson, Paulette Farr, Joe Quasaro, and Mary Margaret Murphy. Ann Hadley will narrate the story, and act as announcer. All are members of the Grosse Pointe Children's Theater, under the direction of Mrs. Syd Reynolds.

"The Sentimental Scarecrow" is being jointly directed by Mrs. Reynolds and Miss Carol Fischer. William J. Kimbrough, Film Counselor for the Grosse Pointe Public Library, is in charge of the production for television. Rachel Field, the author, will be remembered for her children's classic, "Hitty—Her First Hundred Years," the story of a doll, and such adult novels as "And Now Tomorrow" and "All This and Heaven Too."

For persons in the Grosse Pointe area who are desirous of seeing "The Sentimental Scarecrow," and who do not themselves have access to Channel 56, the Library at Kercheval and Fisher has a television set which is equipped to receive the program, and anyone is invited to attend the showing at 7:00 o'clock. "The Sentimental Scarecrow" will be followed by a color broadcast of Gilbert and Sullivan's "Yeoman of the Guard," over another network. The color showing of Rodgers and Hammerstein's "Cinderella," on Sunday night, March 31, played to an overflow audience, so that patrons are urged to be in their seats in the Meeting Room early.

**CHILD BITTEN BY DOG**

A two-year-old Park girl who went into a neighbor's back yard on Thursday, March 28, was bitten on the lower lip by the neighbor's dog. The animal was tied to a post. The animal is owned by Wilma Hockle of 1008 Wayburn.

Bitten was little Judy Ziemann, whose mother, Mrs. Ethel Ziemann, reported the incident. Judy was treated for the bite and the dog is being confined for the customary 10-day period.

**Nab 13-Year-Old With Stolen Car**

An alert City police officer apprehended four young boys in a stolen car even before the auto was reported missing by its owner.

Patrolman Edward Behrend was cruising on Kercheval near Washington, Saturday morning, March 30, when he noticed a car full of youngsters going west on Kercheval towards the Village. The officer thought the driver of the car looked too young to have an operator's license, so he turned around the following.

Behrend let the car drive through the Village then stopped the boys at Grayton. The driver was only 13-years-old. The oldest of his passengers was 15. All four youths live in Grosse Pointe. The driver told

the officer he had just taken the car from Moross and Mack avenue. He said he used a piece of tinfoil to jump the ignition and start the motor.

The driver was alone when he took the car, and then picked up his friends. He told them that the auto belonged to his older brother. Farms police will refer the youth to juvenile court for unlawful driving away of an automobile.

C. G. Katros of 1000 Devonshire, complained to Park police on Wednesday, March 27, that someone had stolen the two front hubcaps from his car while it was parked in front of his house during the night.

## Devils Trailing in Race For Border Cities Crown

Grosse Pointe High School, current holder of the coveted Border Cities League All Sports trophy, is awaiting the opening of the spring sports program in which it hopes to wrest the lead from the current leader Fordson.

Fordson holds a 10 point lead over the Devils in virtue of a first finish in football, a second place tie in basketball and a third place in swimming for a total of 72½ points. Grosse Pointe placed second in football tied for second in basketball and took fourth in swimming to annex its 62½ point total.

**No Other Contenders**  
None of the other four schools in the league have enough points to be considered a contender, therefore the battle for the battered trophy will be between the school on Fisher road and Fordson as the spring sports program swings in action on April 9.

Opening the Pointers' bid will be Coach Howard MacAdams' track team, which has five lettermen returning around which the 1957 squad will be built. Leading the lettermen is Todd Price who last year scored the greatest number of points of any individual in Pointe track history.

Price is slated for the role of "iron man." He will run the high and low hurdles and compete in the broad and high jump events. Other letter winners include three 440 men in Bruce Boardman, Kenny Gutow and Dan Boardman, who undoubtedly will be called upon for events other than their specialty. Bob Gilbert rounds out the list of veterans. Bob was a valuable point getter in the broad jump.

**Have Good Prospects**  
With such prospects as Terry Donovan, Hugh Delfs, Jim Carne, John Derbyshire, Dennis Hykes, John Leete, Fred "Clipper" Runnells and Chuck Harris, Paul Alcott and Pete Fitzpatrick, Coach MacAdams figures his Blue Devils should give favored Fordson and Monroe a run for the track title.

The only weak spot in the Devils' squad will show up in the distance events. To date none of the 60 candidates has shown promise in the mile event but MacAdams expects to find contenders once the weather breaks and the squad can move outdoors on the cinder path.  
Last year the Devils lost the league title to Royal Oak on a controversial disqualification in the 880 relay, the last event of the Grosse Pointe-Royal Oak meet on the Acorns' track. Stu MacDonald, the third man on the relay team was disqualified by a Royal Oak judge for what he termed cutting in too suddenly on a turn. As a result the Devils lost 55-54 and the title.

**Hopes Best in Tennis**  
In tennis the Devils expect to pick up their 10 point deficit, although the Pointe netters at this stage of the season do not appear strong enough to repeat

### Revere Keglers Close to Title

As the Grosse Pointe Business Men's League nears the end of the season, the City Glass team set a new record for team play. With the aid of a 60-pin spot, the boys rolled a single game of 1037, a season high.

This team effort gave them the deciding points, three and one, after splitting the first two games with G. P. Recreation. Dee Williams of City Glass rolled a 557, high series for the night. For the recreation, Len Johnston shot a 534.

Revere, by sweeping its match with Lochmoor, has just about clinched the second half championship. They now have a seven point lead on their nearest rival and only two nights remain in the regular schedule. All Revere must do is win one point to insure a tie and two points to win. Don Bayhan shot 540 for Revere. John Hall's 504 was not enough help for Lochmoor.

Belding knocked Cox and Baker out of contention by taking all four points. Fran Ferrand rolled 508 for the cleaners. C. Miller moved to the first division, shutting out Adam Simms.

Bruce Wigle had the edge over Marv Boutin by three to one.

**200 SCORES:** Dee Williams, 220; Sherman Corey, 216; Stan Small, 214; Jack Westfall, 211; John Payne, 211; Jack Grobbel, 211; Don Bayhan, 208; Ric Ricard, 206; Bill Kehrer, 203.

## Elect Cutler and Babcock Devils' Swim Co-Captains

Les "Clutch" Cutler and Chuck Babcock were elected co-captains of the 1957-58 Blue Devil swimming team by their teammates who attended a potluck supper at the Grosse Pointe Memorial Center on March 19.

The selection of these two boys to lead the Devils in their chase for the Border Cities League title next season met with the hearty approval of Head Coach Alex Canja and his assistant Bill Winkler. Said Canja: "Both Less and Chuck have proven themselves to be outstanding competitors and leaders over the past season and they should prove to be an inspiration to their teammates next season."

Cutler is an outstanding back-stroker who only suffered two defeats during the past dual meet season. He placed fourth in the State meet at East Lansing in March. Cutler holds the Grosse Pointe pool record plus records in the BCL in his specialty. He has one season of competition left.

**Starred in Free Style**  
Babcock, who will also be a senior next season, provided the necessary punch the Devils needed in the freestyle long distance events. His efforts were only over-shadowed by the fabulous Harry "Gahota" Huffaker who was far the outstanding freestyle swimmer in the league and the greatest swimmer produced by the Blue Devils to date. He holds every Grosse Pointe pool and school record in the freestyle events but one, that being the 200 yard freestyle pool mark which is held by an outsider.

**Little League Managers Meet**  
The first meeting of Grosse Pointe Woods-Shores Little League managers was held at Parcels School Tuesday, March 26. (See picture Page 9.)

The managers were addressed by Vice-President Albert F. Siegman, Players Agent W. W. Boyd and Don Zielke, representing the umpires.

Mr. Siegman emphasized the following: Objectives of Little League are good sportsmanship, honesty, loyalty, courage and fun for the boys. Managers must maintain a high standard of decorum and a friendly spirit with the umpires. He cited the obligation of sponsors to take good care of equipment, use of first aid kits, prevention of injuries and use of doctors.

Rules changes: managers will not be required to take boys 10-12 if they don't measure up. No try-outs for eight-year olds. Eight-year-olds are barred from major leagues but not from minors. Tryouts will be April 8 to 20.

Mr. Boyd outlined the 1957 draft system. The two new teams will draw for first and second choice, each team being allowed to select six 12-year-olds and five 11-year-olds. Each team will carry six 12-year-olds and four nine and 10-year-olds. The draft system is designed to give each team equal strength.

Don Zielke, representing the umpires, stressed that this year the managers would be required to stay out of disputes and all disputes between the boys would be settled by the umpires and the boys themselves.

eligible letter winners. A boy must garner 20 points during the dual meet season and be elected to the "select circle" by the coaches and team captain. Those winning letters this year are:—Pat Amneus, Paul Alcott, Charles Babcock, Les Cutler, Harry Huffaker, Neil Georgi, Jim Thomas, Jim Crane, Bill Ewald and Captain Dave Gauss.

**27 Scored Points**  
Assistant Coach Bill Winkler pointed out that 29 boys completed during the season with 27 scoring points.

Prospects for the 1957-58 season appear to be good as Coach Canja read off the list of returning boys which include Cutler, Babcock, Jim Thomas, Dick Adams, John Regan, Jim Carne, Dick Lau and Gerry Mehl plus an abundance of good reserve swimmers who should come into their own in another year.

Canja gleefully announced BCL champion Monroe will lose heavily and Royal Oak will lose its two state champions Ralph Nutter and Dave Gillanders through graduation this June.

### John Russell Touring With MSU Ball Team

John Russell, a former Grosse Pointe High School athlete, is a member of the Michigan State baseball team which is currently on its annual spring training trip to Florida.

The Spartans will return to East Lansing on April 7, after playing Florida State, Duke, Yale, Alabama, Amherst, and Rollins.

Russell is a sophomore and is playing the outfield for the Spartans nine.

ular Grunyons will give the community a free "pop" vocal concert tonight, Thursday, April 4, at 8:30 o'clock, at the War Memorial Center. These local Whiffenpoofs will sing a group of their old favorites for old times' sake but there'll be many more new songs on the program and some of those wonderful "rockin'" spirituals.

There'll be specialty acts aplenty. George Wilson, fresh from his leading role with Fine Arts in "Anything Goes" will sing favorite show tunes, including some from "My Fair Lady."

Murray Dodge, local Burl Ives, will be on deck with his guitar and a group of folk songs.

Al Bodycombe, Bud Lester, Alex MacDonald and Bill Gard now combine to form a quartet known as the "Kleen Kuts" which will quite literally give "Birth to the Blues."

And never reckon without the Grunyons' wives. This year they join their husbands for a medley that should be the talk of the town.

### Teens to Hear Former Dean

Special preacher at the Canterbury Church for Teens April 7 at 6 p.m. will be the Very Rev. Sidney Sweet, formerly Dean of the Episcopal Cathedral in St. Louis.

He will apply his nearly half-century of experience to one of the questions asked by the young people of Canterbury: "Are prayers always answered?" Dean Sweet, although years older than his young congregation, is spiritually in touch with them.

Last fall he retired as Dean of St. Louis. Next, he and Mrs. Sweet took a trip half way around the world—to the Holy Land and Europe.

When they returned, Dr. Sweet, who doesn't believe in retirement (for himself) came to Christ Church and now puts in a full day with his brother clergy under Dr. Maynard.

Last summer he stopped playing a hard, daily game of tennis. But he is not content with this retirement either, and plans some "easy games" with younger clergy of the community this spring.

Young people are planning to watch for "scorched" tennis balls.

### Scouts to Give Tree to School

On Tuesday, April 9, at 3:30 p.m., all the Girl Scouts of Richard School will gather together for an Arbor Day program. They will plant a Magnolia tree on the school grounds—their gift to the school in appreciation for all that has been done for them by the school and by the Parent-Teacher Association.

Each troop will be represented in the program, which will include a flag ceremony, poems, songs, and the planting of the Magnolia.

The troops are under the leadership of the following women:—Mrs. A. M. Bertel, Mrs. George Detwiler, Mrs. Paul Gilliland, Mrs. Gilfert Hatie, Mrs. Elden Jay, Mrs. William Kirby, Mrs. M. Madarasz, Mrs. Kenneth McDonald, Mrs. G. Mertens, Mrs. Bruce Miller, Mrs. W. D. Munro, Mrs. Henry Munson, Mrs. Darwin Nelson, Mrs. Julien Oyaas, Mrs. Robert Ruhven, Mrs. Cornelius Smith, Mrs. Samuel G. Thorne and Mrs. James Zinn.

### Teenage Episcopalians Elect Council Officers

Robert Whittaker and Betsy Buell, both students of the Grosse Pointe High School, were elected officers of a new Youth Council. Youth groups of the east side Episcopal Churches in Centerline, Detroit, East Detroit, Grosse Pointe, Mt. Clemens and St. Clair Shores, organized a Youth Council last Sunday evening. Thirteen parishes of the East Side Convocation of the Diocese of Michigan were represented by twenty-five teen age leaders whose decisions will guide activities of member churches and stimulate growth among more than six hundred young Episcopalians.

"The council studies spiritual needs of church youth groups requesting help in solving problems of program and organization," Robert said. "Teams of council representatives are active right now, visiting parishes and making recommendations," he continued.

Dean of convocation, the Very Rev. Edgar H. Yoeman, rector of St. Michael's, greeted the teenagers at supper Sunday in Northeastern Y.M.C.A. and presented a small check to the chairman to get started work of communication between the council and various youth groups. Youth advisor, the Rev. Ernest H. Priest, rector, Church of Our Saviour, Detroit, host parish for a splash party held before supper, introduced newly appointed assistant youth advisor, Jane French, director of religious education, St. Michael's. Mr. Whittaker introduced representatives previously appointed.

#### PARKED CAR LOOTED

Robert Ziegler of 20253 Kenosha, complained to Woods police on Sunday, March 31, that someone had stolen the hubcaps from the front wheels of his car while it was parked in front of a business place on Mack avenue.

### Car Theft Ends In Destruction

An unknown thief lost control of a car he had stolen and abandoned it after causing considerable property damage, then fled away on foot after smashing through a private garage.

Kenneth Reid of 1611 Oxford, parked his car in Al Green's parking lot, Beaconsfield and Jefferson, on Sunday, March 30, and went into the establishment to eat. About 12:45 a.m., he looked for his vehicle and found it gone.

In reconstructing the crime, Park police said the thief took the car out of the lot, and drove it north through the alley without lights. While driving through the alley, between the 1000 Beaconsfield - Lakepointe block, the thief failed to see a car parked there, which belonged to William J. Downey of 1019 Beaconsfield.

The unknown struck Downey's car, lost control; then struck a light pole at the rear of 1016 Lakepointe, careened and crashed through a fence at the rear of 1068 Lakepointe, and finally smashed through the side of a garage at the rear of the home of Seymour Jenks, 1074 Lakepointe.

The destruction did not end there. The stolen car smashed into Jenk's car in the garage, striking it broadside, pushing it from the point of impact to the other side of the garage.

The frightened thief left the scene and made good his escape on foot.

### Two Pointers Members Of Famed Swim Team

Richard Hale Wendin, son of Mr. and Mrs. Sigurd R. Wendin, of 291 Cloverly road, and Bradford Boyell of 1024 Harvard road are members of Williston Academy's famed swimming team, which won all but one of its 11 meets (Yale freshmen defeated them 39 to 38) and whose members hold several national records. They were awarded varsity letters for participation in the competitions.

During the last five years the Williston men have stacked up an impressive record: undefeated in secondary school competition; winners of the Trinity College Interscholastics five consecutive times; winners of the New England Interscholastics the three times they have entered; holders of the 10 of the 23 listed national preparatory school swimming records for 20 and 25 yard pools; placing 11 boys on the 1955 All-American Preparatory School list.

Dollar for dollar and man for man, the submarine is this country's most economical weapon. Comprising only 1.6 per cent of the Navy's World War II personnel, the submarine service accounted for 55 per cent of all enemy shipping destroyed.

### From Another Pointe of View

By Patricia Talbot

Concert patrons and lovers of classical music have envied the Bogdan Baynerts these past days for they have been entertaining famed pianist Severin Turel.

Mrs. Baynert gave a tea for the Polish artist last week-end before he departed to keep a concert date in Syracuse, N. Y. He will be back again, though, and his hostess hopes to entertain at a large June party for him with the guest list culled from the Women's Association of the Detroit Symphony Orchestra and the Tuesday Musicales.

Symphony fans will remember Mr. Turel when he played the Chopin Concerto here with our own orchestra in February. His background is an exciting one, great success in Europe, concerts at Carnegie Hall and five years in Stalag 13 as a PW before the American liberation in 1945. While a prisoner he practiced on a silent keyboard to keep his skill and finally played for the Nazi High Command at the insistence of the Red Cross. When he returns here in the early summer he will be looking about for a permanent home in our city.

#### Soprano to Star

More musical notes come from Mrs. Reginald T. Murphy and daughter, Lois. They will be traveling to Grand Rapids to spend Easter with Mr. and Mrs. Paul L. Greer and their family.

Mrs. Greer (Jacqueline Murphy) is scheduled to appear with the Duluth Symphony Orchestra on April 19 as the soprano soloist in Bach's "St. Matthew Passion."

After her performance with this concert she will return home to spend the holiday with her proud and admiring relatives.

#### Spring Recess

A covey of Pointe debutantes have returned from their studies at Bradford Junior College, Bradford, Mass., to spend the spring recess catching up on local doings.

Susan Gillis, who is a senior, and Annette Templeton, the Christmas deb with the solitaire showing her engaged status, have arrived at their respective homes. Another trio of Bradford co-eds have gone to join their parents in Florida.

Patricia Thomas is with Mr. and Mrs. Alfred J. Dalton in Ft. Lauderdale and Joan LeGro has joined her mother, Mrs. Emily Young LeGro, in Palm Beach. Sally McHenry is also at Ft. Lauderdale with Mr. and Mrs. Alan T. McHenry.

The spring hiatus from scholar's duties is also a great time for bridal parties. Mrs. Howard Pilbeam and Mrs. C. E. Daniel will be co-hostesses at a miscellaneous show.

## Republican Women Meeting April 11

Will Hear Norman Dodd, Government Investigator, At Session to Be Held In War Memorial Center

Norman Dodd, Director of Research for Special Committee to Investigate Tax Exempt Foundations of the House of Representatives in the 83rd Congress, popularly known as the Reece Committee, will be the guest speaker at the April meeting of the Women's Republican Club of Grosse Pointe on Thursday, April 11, at the Grosse Pointe War Memorial.

The Special Committee was appointed by House Resolution for the purpose of determining if tax exempt foundations are using their resources for purposes other than for which they were established; using their resources to run-American and subversive activities; for political purposes; propaganda or attempts to influence legislation.

Mr. Dodd will discuss the work of the Committee and its findings which are of the greatest importance to the nation since tax-exempt foundations have capital resources of approximately \$7,500,000,000 and make annual grants amounting to at least \$300,000,000.

Norman Dodd was born in South Orange, New Jersey in 1899 and was educated at Phillips Academy and Yale University, Sheffield Scientific School. He is an investment counselor for members of the New York Stock Exchange and took leave of absence to serve as director of research for the Reece Committee. He is a well known student of the Constitution as conceived and projected by the Founding Fathers and its underlying moral and social values and deeply concerned with the abridgement of the rights underlying individual freedom.

Mr. Dodd concluded his formal report to the Committee by stating, "It seems incredible that

the trustees of typically American fortune-created foundations should have permitted them to be used to finance ideas and practices incompatible with the fundamental concepts of our Constitution. Yet there seems evidence that this may have occurred."

Congressman Reece, speaking of the Committee findings has commented, "The evidence that had been gathered by the staff pointed to one simple underlying situation, namely, that the major foundations by subsidizing collectivist-minded educators, has financed a socialist trend in American government."

John O'Donnell wrote in the New York Daily News: "The incredible fact was that the huge fortunes piled up by such industrial giants as John D. Rockefeller, Andrew Carnegie, Henry Ford, etc., were today being used to discredit the free enterprise system which gave them birth."

Mrs. Irving Ingraham, president of the club, announces that luncheon will be served at 12:30 in the main reception room followed by the meeting at 1:30 in the library. Luncheon reservations must be made by Tuesday noon, April 9, by telephoning Mrs. Donald Coolidge at TU 2-5999 or Mrs. Fred Kaess at TU 4-5373. All Republican women are invited.

## Maire School Sale Set for April 6

Parents of Students Get Head Start on Spring House-cleaning By Searching for Articles To Be Sold at Big Event

Parents of Marie School children have a head start on their spring housecleaning; mothers have straightened drawers, closets and cupboards; fathers have organized neater basements and garages; children have cleaned out bookcases and toy shelves. All this has been done in the name of the Rummage Sale to be held Saturday, April 6 from 10 a.m. until 2 p.m. in the school gymnasium.

Household articles acceptable for sale were carefully described to the children in each classroom by Mrs. A. Dean Joki and Mrs. Wm. Smothers, and their committee is now sorting and marking each item in the large variety of china, silver and kitchen aids brought to the basement storeroom of the school as a result of their encouraging classroom talks.

Mrs. Henry Swartz and Mrs. Edward Devine head the committee titled "Bric-a-Bac" and are drawing a fine line between antiques for a price and cast-offs for a song. Mrs. Parker Stough is taking complete charge of the accessories. Mrs. James Parker's Men's Wear Department promises to display a selection of suits, raincoats and jackets with a fine stock of freshly cleaned neckties bearing the original labels of prominent Grosse Pointe and Detroit haberdashers. Mrs. Harold Brilmeyer and Mrs. Thomas Sage returned from the annual Maire sixth-grade trip to Washington, D.C., just in time to take charge of women's clothing and children's toys.

In the shoe department Mrs. Wilfred McLaughlin is pairing off galoshes, beach shoes and evening shoes to set off her tables of footwear. Cashiers for the sale will be Miss Jean Briers, Mrs. Burt Weyhing and Mrs. Larry Tisdale.

## Center Beckons Young Adults

What better chance to blossom forth in your new Easter outfits than at the Grosse Pointe War Memorial's Easter Parade for young single adults Friday evening, April 12 at 9 o'clock?

Bill Nicely's orchestra will be holding forth for this April "bunny hug" and Harvey, that celebrated king size rabbit, will be on hand to flop his ears in greeting.

Invitations are being mailed to all the Pointes' Post-college crowd who are on the mailing list but please come—invitation or not—the list is far from complete.

Especially if there are any folks in town from college for spring vacation, they are most cordially invited.

Probably the reason people lie about their age is because it is easier to say it than it is to look it.

## Special Groups Have Fun At Neighborhood Club

The members of the Guys and Dolls Dance Club at the Neighborhood Club have been striving for the weekly award given to the partners who exhibit outstanding ability in social dancing.

The following couples have been crowned King and Queen for the past four Friday nights: Susie DelBarba and Steve Miller, Norma DelBarba and Gary Burke, Susan Alfai and George Wilson, and Sheryl Alfai and Jim Montgomery.

All boys and girls in the Community interested in learning to dance or who just enjoy dancing are cordially invited to attend the Friday night Guys and Dolls Dance Club from 7 to 8 p. m. at the Neighborhood Club.

A more enthusiastic and fun loving group than the Play Mates would be hard to find. Activities are specially set up for their age group which includes boys and girls from 4 to 7 years old.

Last Saturday the children had a most interesting experience at the City Fire Station with Capt. Harold Rivard and his firemen explaining and showing the children the many details of their job and exactly what happens when a fire alarm comes in.

Other activities included in this program are a gym period, handcraft, cooking and games.

## To Send Patrol Boy to Capital

Grosse Pointe was named today by Automobile Club of Michigan as one of the cities selected to send a schoolboy representative to the 21st AAA National Safety Rally in Washington, D. C., May 4.

The Grosse Pointe delegate, to be selected from safety patrol ranks in the next two weeks, will join nearly 100 other Michigan patrolers in Detroit, May 2, for a four-day all-expense trip to the nation's capital as the guest of the Auto Club.

The Grosse Pointe school, judged by Auto Club to have the most effective overall safety program, will be invited to name its outstanding patrol boy as the city's official delegate.

The Washington trip is sponsored annually by Auto Club to honor outstanding members of Michigan's 50,000 safety patrolers. The youngsters will spend two full days in the Capital city meeting top government officials and seeing famous and historic sites.

Climax of the event is participation in the march down Constitution avenue of over 30,000 patrol members from across the country. The giant parade, which includes televi- sion and movie celebrities, is the largest held annually in Washington.

## Shrubs Demand Growing Space

If you are planning to plant some shrubs around your house, be sure to get them far enough away from the wall, advises Joe Cox, Michigan State University extension specialist in landscape architecture.

Two main problems arise from planting too close to the house. They are crowding of the plants, and lack of water.

If a shrub is planted too close to the house when it's small, it will crowd up to the walls when it is mature. It should be far enough away from the wall that it will not have to be pruned and trimmed away when it matures.

The other problem, lack of water, is a result of the eaves on the house taking moisture away from the plants. The building protects the shrubs from much of the rain from which they might otherwise benefit.

Many persons like to plant their shrubs one and one-half times as far away from the building as their mature diameter. In other words, if a plant will mature to four feet in diameter, it should be planted six feet from the wall.

The size that a plant will be when mature can be determined from a foundation plant key prepared by Cox, and available from the department of landscape architecture at Michigan State University, East Lansing.

Usually there is fire where there is smoke, but occasionally the smoke comes from a pipe dream.

## Blains to Sail Home April 10

They will arrive on the SS United States in New York where the Major will go on to Fort Hamilton to be discharged from the Army Medical Corps.

Then the family will stop over in Glen More, Pa., to visit Mrs. Blain's sister, Miss Ann Murray Bowen and they will arrive here Easter Sunday.

Until their Vendome road home is ready to be occupied they will stay with the major's parents, Dr. and Mrs. Alexander W. Blain, of Berkshire road. Son Bruce will stay with Dr. and Mrs. Laurie C. Dickson, Jr., of Lincoln road.

This summer the Blains will vacation at the Huron Mountain Club where Bonny expects to entertain fellow students from her school, La Chatelaine in Switzerland.

## Egg Decorating Art to be Seen

All Grosse Pointe families, adults and children alike, are urged to go to the Grosse Pointe War Memorial Center this Sunday afternoon, April 7, from 2 to 4:30 o'clock to get ready for Easter and to be entertained.

Those two charming Ukrainian young ladies, Miss Joanna Vom Draginda and Miss Rose Sushinsky, will display prize-winning Ukrainian decorated eggs, and twice during the afternoon Mrs. Michael Wochorek of the International Institute has arranged classes to teach adults and children to decorate eggs in the Ukrainian manner.

The eggs and supplies needed to decorate them will all be available at the Center including dyes, beeswax and styhuses. Everyone can do a Krashanky—an egg dyed a solid color but the real challenge will be the Pysanky, a multi-colored egg on which designs are first written in wax.

To entertain the Center's younger visitors and to alternate with the egg-decorating classes Mr. and Mrs. Harold Ramm will give two "puppet shows" presenting the most bewitching talking animals and dancers you ever saw.

## Plan Devotional Meal at Church

The Women's Association of the Grosse Pointe Congregational Church will forego its regular business meeting on Tuesday, April 9.

Instead, one of the most impressive services of the pre-Easter season, "The Meal in the Upper Room," a commemoration of the Last Supper which Christ ate with His Disciples on the evening before His Crucifixion has been planned.

The meal, conducted in absolute silence, with the exception of the music and the reading of Scriptural passages, will begin promptly at 12 noon, when a few preliminary explanations and instructions will be given in the Lounge. The service will follow promptly at 12:15, after which time, no one may be admitted.

Every attempt will be made to recreate the food and serving utensils used in the time of Christ. Dr. James Bushong and Harold Husband will read the Scriptural passages. Mrs. Wayne Smith will be soloist and Mrs. Clarence Parshall, the church organist, will supply the music. Others taking part in this service are Reverend and Mrs.

## Girl Scouts Hosts to 3,000 At Birthday Gathering

Nearly 3,000 visitors were on hand Saturday, March 30, in Grosse Pointe High school gymnasium-auditorium for an afternoon of "Girl Scouts in Action."

The open house, observing Girl Scouting's 45th birthday, afforded visitors a first-hand look at the activities that keep the Girl Scouts and Brownies so well occupied throughout the year.

The youngsters keep busy—no question about that—and the spacious building was a beehive of activity as the various troops carried on their own special projects—which ranged from sewing buttons and hems to making an Easter Egg tree.

Interspersed with all this activity was an "on stage" show, which included French, Sicilian, Dutch and other dance routines, and various other acts.

The Grosse Pointe district has 1624 girls and 537 adults making up the Girl Scout family. This large family is divided into 91 troops, which are sponsored by the schools, Neighborhood Club, and the Grosse Pointe Congregational Church.

It's easy enough to fill another person's shoes—it's filling his hat that presents the problem.

Keep your advice to yourself and people will thank you for it.

## Cancer Society Invites Guests

The American Cancer Society today extended an invitation to all Detroit residents to attend Open House being held daily April 8 to 12, at the Detroit Cancer Center, the city's unique headquarters for cancer research, service and education activities. The Open House will be held every afternoon from 1:30 to 3:30 p.m., and evening from 7 to 9 p.m.

The Detroit Cancer Center, located at 4811 John R., corner of Hancock, is the only building in the United States where all three phases of the nation-wide cancer control program, research, education and service are carried on under one roof.

The Center is the home of the American Cancer Society's Southeastern Michigan Division, which supports the other three agencies also housed there: the Detroit Institute of Cancer Research, the Yates Memorial Cancer Detection Clinic, and the Michigan Tumor Registry.

The Open House chairman, Mrs. Alfred R. Giancy, Jr., said lectured tours will be conducted throughout the afternoon and evening programs. Tea will be served by American Cancer Society volunteers throughout the day.

The Detroit Cancer Center was opened in the summer of 1947. It was converted from an automobile service station and storage plant into the attractive, dignified, modern building which it is today.

The Cancer Center was built with funds contributed by the people of Detroit in a drive spearheaded by the Variety Club of Michigan and a large group representing the motion picture industry in Wayne, Oakland and Macomb counties. A bronze plaque which has been placed in the lobby of the Cancer Center reads, "Our Lasting Tribute to the Variety Club of Michigan and the Motion Picture Fraternity of our state for their inspiring leadership in the fund raising campaigns which financed this edifice dedicated to final victory over cancer."

The Open House is one of several major projects being carried on by the American Cancer Society during its annual Cancer Crusade this month. The Society is also sponsoring three mobile theatres, called Movie-Mobiles, which are touring the city this month and in which is shown a 10-minute, education motion picture on cancer. From April 24 to 30, a unique Neighbor-to-Neighbor educational project involving thousands of householders will be conducted, in an effort to put an educational leaflet on cancer into every home.

## Navy to Form Brodhead Unit

Chief Aviation Machinist's Mate G. P. Nemeth, USN of the Navy Recruiting Station's Public Information Office in Detroit, announced today the Navy is opening a drive to enlist an all Michigan Unit during April. The Unit will be named "The R. Thornton Brodhead Unit," in honor of the late Captain R. Thornton Brodhead.

The Unit will be sworn into the Navy in an impressive ceremony to be held at the Brodhead Naval Armory on April 26, after which they will depart for basic training at the Naval Training Center, Great Lakes, Illinois.

These men will come into the Navy under the Navy's Special Recruit Groups and "Buddy" programs. The larger the group, the more assurance the men will have that they will undergo training together. It is felt that these programs benefits young men during the transition from civilians to navymen.

Young men who join the Navy will find that the oceans and nations of the world are open gateways to new adventures. The seas and sky are broad highways of travel for Navy ships and planes. The Navy offers an extensive opportunity for careers, education and travel.

Any young man 17 to 31 years of age who meets the mental and physical qualifications is eligible to join the R. Thornton Brodhead group. See your local navy recruiter for additional information.

retroactive from the social security date to January 1, 1955, to the extent required, shall be paid from their respective individual accounts in the members savings fund unless such payment is otherwise provided for.

**Effective Date of 1957 Amendments**  
Section 29. The 1957 amendments to Chapter XI of the Village Charter shall become effective as of the social security date, defined in section 2(22) hereof.

## Two Teams Tie In Bowling Loop

Roy Ashfield's Ash-cans and Jack Mills' Mill-stones share the lead in the Grosse Pointe Presbyterian Bowling League. Ashfield's team took all four points from Bockstanz' Block-busters and jumped from fourth place to gain the tie.

## Ontario Girl to Wed Mr. Stafford in May

Mr. and Mrs. Joseph L. Shields, of Oscoda, Ont., announce the engagement of their daughter, Mary, to Douglas Stafford.

He is the son of the W. R. Staffords, of Anita avenue. The couple will exchange their vows on May 11 in St. Pius V Church in Oscoda.

## Lead Widened By Fox Team

A strong Fox Steel team continued to widen its margin over the second-place Ajax club in the Grosse Pointers Bowling League. Fox took two from Piche's with Holmes rolling a 203 for 560.

Ajax maintained their hold on second place by taking two from Custom.

DeBusscher's 210 for 573 was instrumental in Jim's Team's win over Five X's. It should be mentioned that Don Piche registered a 235 for 578.

McCarter and Kulcar rolled 209 and 204 respectively, to help win the one point victory of Heidi III's over Stewart.

Cowell's 205 salvaged one point for Lusch's, after Schoof rolled a 202 for Kopp's.

## Request Sailors To Register Now

With good weather just around the corner and the first sailing regatta less than two months away, now is the time for all local sailors to come to the aid of their sailing organization—namely the Detroit River Yachting Association.

The aid that is requested is your sustaining membership fee and for boat owners to register their boats for the coming racing season. Sustaining membership applications have been mailed out and all that need be done is to fill them out and return to William P. Connolly, secretary of the DRYA, at 16738 East Warren, Detroit 24, Michigan, along with three bucks. This fee covers the cost of mailing regatta programs direct to the member.

Boat owners this year MUST register their yachts if they hope to compete in the races. To register a yacht the registration blank must be filled out completely and returned to the secretary along with five bucks. The five dollars includes the owner's sustaining membership fee.

In the past the DRYA officials have been lenient with those who failed to register BUT not so this year. If your yacht is not registered with the DRYA you will not be allowed to race in the weekly interclub

## who, where and whatnot

by whoozit

Among the myriad stories concerning "My Fair Lady" tickets is this wistful one about new mama, Mrs. Phillips B. Van Dusen who went to Harper Hospital on March 26 (opening night for the long-heralded musical), to produce Van Dusen heir, Thoren McKean.

The Van Dusens had been carefully guarding two ducats to the Broadway hit now here at the Riviera, and Mrs. Van Dusen found her joy at producing the scion slightly jaundiced when she realized she would miss "My Fair Lady." From her hospital bed she called friends frantically trying to exchange seats. This tale has a sad ending, alas, for THEY HAD TO GIVE AWAY THE TICKETS!

Mrs. John R. Lee (Lydia Kerr) will be receiving an early Christmas gift or late baby present in the mail soon at her San Francisco home. Mrs. James Harland is busily knitting one of her famous Yuletide stockings embroidered with Cathy's name. The young miss was born the end of January and for her first Christmas will be able to hang up one of these unique sox.

Visitors to the Flower Show are impressed particularly with the antique shop display in the Chrysler Japanese gardens. Conversation pieces are the rare bronzes from the Charles B. Warren collection gathered by the late Mr. Warren when he was Ambassador to Japan.

Two crescent moons, a sampan and a fisherman are among the eye catching rarities and there are also a silk brocade tapestry, a carved teakwood table, urns and two Sumari swords which delight the eye of the beholder.

Also in the display are two unusual porcelain fans on teakwood stands, donated by Mrs. Joseph Dodge. Dr. Hugh Stalker loaned a sword with a carved ivory handle and matching scabbard which is put together in sections. All these priceless items are the envy of Oriental art lovers.

Happy additions to our growing international colony are Dr. Sang Whay Koo, and Dr. Rakhay Kim, husband and wife team interning at St. John Hospital. They are headquartered on Vernier road before going on to Chicago for further work in pediatrics. Some capsule impressions of our society from the Koreans . . . the high standard of living, the tremendous working knowledge of politics of the man on the street, the amazing number of cars, democracy in action. All these pleasurable impressions they will report to their countrymen in Korea . . . one of the Pointe's many contributions to world understanding.

### PILFERINGS

In Sunday School the teacher told the children that God made the nose to smell and the feet to run, which brought a prompt raising of the hand by little Johnny.

"Yes, John, do you wish to say something?" asked the teacher.

"Teacher," said Johnny, "I think God must have made a mistake as far as my little brother is concerned. His nose runs and his feet smell."

Bride—"Of all the selfish things! You get a life insurance policy and here you take it out on your life instead of mine!"

Mozart was once asked by a young man for advice on the best way to go about writing a symphony. Not wishing to be discourteous or discouraging, the composer suggested tactfully, "You are quite young. Why not begin with a simpler form—ballads?"

"But," persisted the young man, "you composed symphonies when you were ten years old."

"Yes," answered Mozart, "but I didn't ask 'how!'"

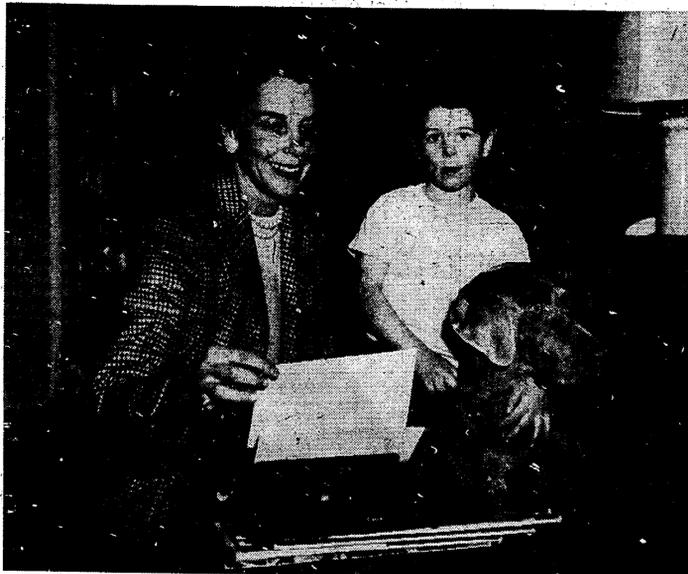

Sometimes a neighbor whom we have disliked a lifetime for his arrogance and conceit lets fall a single commonplace remark that shows us another side, another man, really, a man uncertain, and puzzled and in the dark like ourselves. . . . Willa Cather.

The head waiter of the Ritz Carlton was justly famous for his politeness on all occasions. Recently he noticed one of his guests standing in a corner surreptitiously pocketing several knives and forks. "Won't you have a chair?" he said with a grandiloquent gesture.

Two ears and but a single tongue  
By nature's laws to man belong;  
The lesson she would teach is clear:  
Repeat but half of what you hear.

## Pointer of Interest

MRS. C. V. BLACKBURN, JR., OF TOURAIN ROAD

Newcomers to the Pointe add spice and interest to the community but few combine the charm, artistic talents and sense of civic responsibility of Mrs. Blackburn.

In just one brief year this unusual New Englander has so impressed her Touraine road neighbors that they wanted all of the Pointe to know about this affable, attractive and energetic recent resident.

The Blackburns, with Richard 14, Robert 11, Stuart 9, Marjorie 8, and Michael 4, moved into their comfortable colonial home about a year ago and already have made their interest and congeniality felt by everyone who meets them.

In her hometown of Providence, R. I., Mrs. B. was a power in amateur theatricals and her first move here was to join Theater Arts. She and her husband joined several other couples in their Rhode Island home to produce a charades program for a local television station.

Brother On Broadway This was not her first, dramatic contact. Her brother was the late Richard Hart, a star on Broadway and the road in such hits as "Dark of the Moon" and "Goodbye My Fancy." He also made many movies before his career was cut short by a heart attack.

As a college girl at Smith Mrs. Blackburn had followed in her brother's theatrical footsteps. She played summer stock in New Hampshire and haunted community theaters. After her marriage to Mr. Blackburn, a steel executive, and the birth of her five children she turned her dramatic efforts toward amateur groups.

The Blackburns journey to New York often for the Broadway offerings and when there enjoy their contacts with theater folk. Leonard Bernstein, that extraordinary musician

Lived In Germany In her junior year at Smith she took a sabbatical to live for a year in Munich with a family whom she ruefully admits were quite pro-Hitler. Her understanding and interest in international happenings was heightened then and her German experiences have been of great benefit in understanding post-war European problems and explaining them to her children.

She still corresponds with the Munich matron who was her hostess and wishes she could brush up on her once fluent German. One of her chief delights is a rare Weimaraner dog, "Pretty Girl," who is an integral part of this exciting family.

Her eldest son Richard shows great dramatic talents and although she doesn't regret relinquishing her possible star roles on stage for motherhood she has dreams that he may follow in his uncle's path to Broadway.

The Pointe is happily blessed with many charming hostesses, warm-hearted mothers, civic workers, and talented artists, but few indeed are the women with the tremendous personal magnetism, the wealth of cultural gifts, the delightful domestic adaptabilities and world-wide interests of this lovely New Englander who has now wholeheartedly become a Pointer.

## Home Accidents Kill 866 Persons

Home accidents kill 11 times more people in Michigan than do industrial accidents such as the recent River Rouge explosion.

Provisional 1956 vital statistics announced today by the Michigan Department of Health show that 866 persons died in home accidents last year and 73 others died in industrial accidents. The health department described 1956 as a typical year for distribution of accidental deaths between home and industry.

Among persons in the 20-65 age bracket, which includes most industrial workers, home accidents in 1956 caused 216 deaths, or slightly more than three times the 71 deaths caused by industrial accidents.

But this does not mean, the health department pointed out, that the factory is three times safer than the home. Accurate comparison are difficult to make because of differences in the numbers of people involved and time spent in the two places.

The department added that deaths from industrial accidents dropped from 79 in 1955 to 73 in 1956 despite an increase in the industrial work force. In the same years, deaths from home accidents rose from 856 to 866.

Other information disclosed by state health department figures on accidental deaths in 1956 included the following: Accidental deaths from all causes dropped from 4,213 in 1955 to 3,817 last year.

Farm accidents during 1956 took 89 lives, or one more than in 1955. Sixty-eight per cent, or 581, of last year's home accident victims were under five or over 64 years of age.

A breakdown of home accident deaths in 1956 by causes: Falls, 423; fires and explosions, 192; suffocation, 106; poisoning, 48; firearms, 25; drowning, 12; others, 60.

## Ford Freighters Set for Season

Ford Motor Company's ore carrying freighter, the Benson Ford, left the Rouge plant dock in Dearborn April 1 to begin the Ford fleet's 1957 Great Lakes shipping season. K. D. Cassidy, company group executive, announced today.

The Benson Ford's initial trip was to Rogers City, Mich., for a cargo of limestone.

The Henry Ford II will sail April 8 and the Ford fleet's newest and largest ship, the William Clay Ford, will depart from the Rouge plant April 16. The Henry Ford's initial cargo also will be limestone loaded at Rogers City. The William Clay Ford's destination will be Duluth, Minn., for a cargo of iron ore.

The three Ford raw material carriers transported 2,262,946 net tons of iron ore, limestone and coal to the Rouge plant in Dearborn, during the 1956 shipping season. The three Ford ships traveled a total of 159,000 miles last season, completing 150 round trips between the Rouge plant and Great Lakes ports.

## Pointe Counter Points

By Tess Canja  
Young and fresh and romantic as Spring are Healy's designs for the half-size. See the print dress, lustrous as silk . . . its jacket as sheer as chiffon. Then feel it to believe it's cotton . . . sprayed all over with tiny floral bouquets. Around thirty dollars. Youthful styles and trim figuring are the half-size fashion at D. J. Healy's, in the village. Cottons, packables, two-piece silks. And sizes from 12 1/2 to 22 1/2 give a custom fit.

Ask any woman . . . it's always a problem, shopping for a man. Unless, of course, she's made her selections at Higgins and Frank. Here, on the bill, is a man's shop where women ENJOY shopping for men. They like the service, can trust the advice . . . and know that anything they choose—from designer ties to imports in every line—will be furnishings he's proud to possess!

One of the finest painting collections from the old established English dealers in art, Frost and Reed Ltd., has just been acquired by Joseph de Grimme. Landscapes and genres by renowned artists of the nineteenth century . . . as well as French contemporaries are included in this selection . . . now being shown at the de Grimme Galleries, 7 Kercheval.

Tally-ho! You're off on a hunt in riding coat, britches, and bright yellow flannel or Tattersall vest . . . all from Margaret Rice's, on the hill. These by Brittany are wonderfully tailored . . . made for saddle comfort. You'll want them to wear at show or park, too. Choose your jacket from tweeds, checks, herringbones, worsteds . . . proper topping for britches that feature buttoned legs, zipper closings. Some have leather strapping at the knees.

Even a coiffurist needs relief from the chore of nightly pin-ups. Still, it came as a surprise at the Marie Bird Salon, atop the hill—to find Marie herself in the chair . . . enjoying an intra-curl cut and custom permanent by her beautifully trained staff. We assumed her curls were NATURALLY that way . . . and so they look when the hair style's built right into the permanent.

Scent-mentally . . . it's their way of greeting Spring at Trall Pharmacy, on the hill . . . with special offerings of your favorite colognes. There's a free purse-size vial of the companion perfume when you buy Elizabeth Arden's "Memoire Cherie" or "Shocking" de Schiaparelli. Lanvin adds a Spring-only selling . . . travel kits of "Arpege" and "My Sin." From Carven comes "ma griffe" at a very special price. Delightful fragrances . . . and doesn't it make sense to treat yourself to them while they're all so attractively priced?

Featherstitched wisps of lace and batiste are creating a stir at the League Shop, on the hill. These are baby dresses and bonnets, delicately hand-fashioned . . . they'll be cherished for a lifetime. Gowns, soft flannel blankets, edged with lace, much more . . . everything hand-made for the League Shop alone. Gifting for the new mother, or ANYONE else, elbow pillows would be a welcome thought. Here available with covers that zip, in pastels or dark colors.
