THE SENATE Wednesday night voted, 49-42, to accept President Eisenhower's proposal for a 5-cent stamp on non-local letters, but limited it to three years.

The permanent letter rate would be 4 cents as compared with the present 3-cent stamp, which has been in effect since 1932. The President has sought a permanent 5-cent rate on non-local letters, but nevertheless the decision constitutes a considerable victory for him and Postmaster General Arthur Summerfield.

The Administration bill would give the Postmaster General authority to decide what is a local letter. He has indicated that letters mailed between a city and its suburban area would be considered local.

Friday, February 28

RICHARD A. MACK denied under a barrage of questions Thursday that he has been influenced by anybody in his 2½ years on the Federal Communications Commission.

Mack emerged smiling, but obviously tired from a day-long session before the House subcommittee on legislative oversight, standing firm on a determination not to resign under fire.

Saturday, March 1

A SCHOOL bus loaded with terrified children slammed into an auto and wrecker near Prestonsburg, Ky., Friday and plunged over a 50-foot cliff into the rain-swollen Big Sandy River.

Fourteen youngsters escaped drowning by crawling out of the emergency door as the bus teetered half-in, half-out of the swirling water. Then the bus vanished, choking off the screams of the others.

Sunday, March 2

RUSSIA HAS proposed a foreign ministers conference of about 30 nations this spring, possibly in April, to arrange for a summit meeting on cold war issues, reliable sources said Saturday.

President Eisenhower called Secretary of State John Foster Dulles to the White House Saturday afternoon to discuss the Soviet note and "other matters."

Afterward, the State Department said the Russian plan "is now under study by this Government and will be discussed, as is customary, with our NATO allies."

Monday, March 3

A PALE, weary Irene Arzedi, who vanished five hours before her wedding, eight days ago, returned to her weeping Brooklyn family after a round-trip bus ride to California.

"I don't know myself, why I left," admitted the girl in a barely audible voice to the newspaper throng that crowded her tenement home. Relatives said the young woman locked herself in a bathroom to avoid further talk.

Tuesday, March 4

THE UAW MONDAY won its fight for a full 40-hour week for high-seniority Chrysler employees, and layoffs with unemployment compensation for the rest.

The victory was contained in a "memorandum of understanding," agreed to by L. L. Colbert, Chrysler president, and Walter P. Reuther, UAW president, after a 5½-hour nonstop conference.

Also in the memorandum was a provision that disputed work standards at Chrysler plants will be adjusted in a joint effort by the company and the union, with the help of industrial engineers from both organizations.

Wednesday, March 5

RICHARD A. MACK cracked under a torrent of half-pitying reproach from House investigators Friday. He promised he will "most seriously consider" resigning from the Federal Communications Commission.

### March's Lion May Have Roared His Last

—Picture by Fred Rumlins

Winter released its final licks, blew through the opening days of the month to deck the lakeshore with this wonderland of snow. If the legend remains true March has had its roar and the lamb, like days of spring, may not be far off. Over the week-end most of

the light snowfall dissolved to motorists' and pedestrians' worst winter hazard, slush and wet, slippery pavements, but during the first few hours of its fall the snow created this always enchanting scene at Seven Mile and Lakeshore roads.

### Arrests Halt Juveniles' Crime Spree

Woods Police Recover More than \$1,000 in Loot Found in Boys' Homes

Woods police arrested three Detroit juveniles, all boys, on Monday, February 24, and recovered more than \$1,000 worth of goods stolen from stores in the Woods and Detroit.

The boys, whose ages are 14, 13 and 10, admitted to Woods detectives, Sgt. Walter O'Dell and Leroy Tobian, that they had been shoplifting since last November, and that they had sold some of their loot.

However, the officers said, most of the stolen items had been recovered from the homes of the three boys.

#### Search Homes

Following the arrest of the lads and their confession, O'Dell, Tobian and Detroit Det. Ralph Sass searched the homes of the boys and found expensive clocks, radios, cameras, binoculars and other items taken from stores in the area.

O'Dell and Tobian said that they also found about 60 combination locks, 500 different types of keys, and about 5,000 gum balls, taken from gum machines, in the boys' homes.

In the home of the 10-year-old, the officers, said, they turned up a large number of pornographic pictures, which the boy kept in his room.

#### On Probation

Both the 10-year-old and the 14-year-old, were on probation, the younger boy for setting two fires in Detroit, one of which caused serious damage; (Continued on Page 2)

### Rotary International Honors Pointe Girl With Fellowship Award

Margaret Measel Among 114 Students From 30 Countries Selected for Study Abroad

Margaret A. Measel, 21, a senior at Michigan State University, has been awarded a Rotary Foundation Fellowship for advanced study in Australia, in a university of her choice, it was disclosed by Rotary International.

Miss Measel, daughter of the George E. Measels of 905 Pemberton, was one of 114 outstanding students from 30 countries to receive the honor. She was recommended for the fellowship by the Grosse Pointe Rotary Club.

She is a graduate of Grosse Pointe High School, and has made honor rolls at both Valparaiso University, where she studied for two years, and at MSU. She is a member of Kappa Tau Zeta, was on the inter-sorority council, and is a member of the Michigan State Club.

#### Summer Job

During summer vacations, Miss Measel was employed as a travel counselor for the Pointe branch of the Automobile Club of Michigan, which her father manages; as a typist for the Plymouth Motor company, and as a playground supervisor for the Pointe Board of Education.

When told of the award, Miss Measel expressed her delight, stating that she didn't think she had a chance in a million of going to Australia.

She said she plans to study English literature at either the University of Melbourne, or Sydney University. She has not made up her mind as to which, she said.

### Police Nab 3 Youthful Burglars

Confessions to Woods Police Clear Four Burglaries in that City

Woods police cleared four burglaries and one attempted burglary with the arrest and confession of three juveniles on Sunday, March 2.

The juveniles, two of them 16 years old and one 14, were arrested following the breaking and entering of Art's Market, 20915 Mack avenue, where they stole \$273 from a cash box and a counter register, and a bottle of wine.

The burglary was discovered by the store owner, Arthur Walege, 37, of 31911 St. Margaret, St. Clair Shores, when he arrived to open for business on March 1, and found the glass of the front door smashed, according to Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian.

The officers said that the glass was smashed with a large cinder block, and the door kicked open.

#### Most of Loot in Coins

Walege, on checking the store, reported to police that the burglars took a cash box containing \$15 in pennies, \$10 in nickels, \$85 in dimes, and \$80 in half dollars. He also said \$13 was missing from the cash register.

Police were told that the cash box was hidden behind a counter. The thieves missed (Continued on Page 2)

### Film-TV Panel At Richard

Another provocative panel discussion has been announced for the March 18 meeting of the Richard School PTA. Three experts will talk about "What Does Hollywood Think of Our Children?"

Mark Beltaire, Detroit Free Press Town Crier, will be moderator. On the panel will be Bill Kennedy, veteran movie actor and current television star; Robert Lubeck, former drama critic of the Detroit News and now that paper's feature editor, and Jean Kennedy, executive with Fox Theater.

PTA officers, John Boctanz, president, and Jack Stephenson, vice president, feel this will be a challenging subject of interest to all parents. Do the movies and television have a moral obligation to (Continued on Page 3)

### Icy Pavements Cause Collision

The icy pavements of early Monday morning, March 3, were blamed for causing a minor accident on St. Paul, between Fisher and Lincoln roads.

David H. Owen, 810 Barrington road, was headed east on St. Paul and stopped for a car which turned in front of him. Behind him, but unable to stop in time was Kenneth H. MacLean, Jr., of 778 Rivard blvd. He slid into the rear of Owen's vehicle. Damage was minor, and there was no trauma and/or ticket.

### Schools Cafeterias Serve 5,000,000 Meals in 30 Years

Future Homemakers Club Celebrates Anniversary at GPHS; Present Cake to Mrs Irene Anderson

The Future Homemakers Club of the Grosse Pointe High School honored the School System's Cafeterias on their thirtieth birthday, February 28, with special cake and ceremony in the High School Cafeteria.

Charles Saltzer, Acting Principal of the School, and Mrs. Irene Anderson, Cafeteria manager for the Cafeterias of the Grosse Pointe School System, received the tribute on behalf of all the Cafeterias.

"During the last 30 years," Mr. Saltzer said, "more than 5,000,000 meals have been served students in our School System, of which 2,500,000 have been in the last five years."

#### 3,000 a Day

"Today more than 3,000 are served each day," he stated. "Our Cafeterias perform a unique service to our schools and we are very proud of them. The School Board has always insisted on the highest quality at the lowest possible cost."

Presenting the cake on the part of the Future Homemakers Club were President Melva Boyd, Secretary Mary Lamont, and Treasurer Marilee VanAssche. Melva Boyd said, "When we heard that the Cafeterias would finish 30 (Continued on Page 4)

### 6 Cases Heard In Traffic Court

Grosse Pointe City Judge Douglas L. Paterson heard a single Justice Court case Tuesday, February 11. He found Sharon Spleet, 4665 Neff road in Detroit, guilty of interfering with moving traffic and fined her \$20 for the offense.

He gave her an additional sentence, requiring her to attend four sessions of Traffic School.

Judge Joseph P. Uvich handled Traffic Court last Tuesday, February 25. He heard a total of six cases.

Thomas E. Ford, of 2 Woodland place, was found guilty of driving at excessive speed and fined \$25. He was driving 35 miles an hour in a 25 mph zone.

Also found guilty of speeding was William A. Motschall, 824 Lakeshore road. He paid a fine of \$20.

Violet Isabel Kellogg, of 270 Lincoln road, was deemed guilty of not having her car under control, and fined \$10.

Not guilty was the verdict handed Barbara Wrigley, 1009 Bishop, and Raymond J. Hodgson, 570 Renaud. Both were accused, in separate situations, of not having their cars under control.

A fine of \$25 was imposed upon Jack M. Ashcroft, 22537 Mylly, in St. Clair Shores. He was found guilty of not having his car under control.

### Park Adds New Patrolman

Robert McAlister, 24, of 21825 Bon Heur, St. Clair Shores, became the newest member of the Park Police Department on Saturday, March 1.

He is a veteran of Korean service, serving with the Marines from July 17, 1953, to July 16, 1956, at which time he was honorably discharged with the rank of sergeant.

He attended schools in Detroit, Mt. Clemens and St. Clair Shores, and is a graduate of Lakeview High School, in the latter community.

McAlister is living with his parents, but will move to the Park as soon as possible, since his present residence is beyond residential requirements provided in the regulations.

The new patrolman replaces Charles Cloar, who resigned from the department when he moved from the Park to St. Clair Shores several weeks ago.

### Runaway Teenagers Stopped in Knoxville

The anxiety of two Pointe families ended on Monday, March 3, when their runaway children were reported found in Knoxville, Tenn., and returned home.

Home safe with their parents are Julie Van Gallow and Donald T. Hughes, Jr., both 17 and students at Grosse Pointe High School.

Julie is the daughter of the J. K. Van Gallowes of 259 Ridgmont road; and Donald is the son of the Donald Hughes of 588 Pennbenton.

An inter-state police teletype was sent out by the Farms and Park police departments on Saturday, March 1, when the parents of the young couple reported their children missing.

Julie and Donald decided to go to West Palm Beach, Fla., according to information released by Park Police Chief Arthur Louwers, where it was

believed the young couple planned to get married.

Chief Louwers said that he received a call from Knoxville Policewoman Eleanor Watkins, asking for more information on the young lady and young man, both of whom were taken in custody in Knoxville, and held in the Juvenile Detention Home. They were arrested when Donald didn't have a nickel for a parking meter to park his MG sports car, and tried to hock his bowling ball.

When informed that the teenagers were only runaways, the policewoman said they would be held until the young couple's parents made arrangements for their return home.

Mr. Hughes went to Knoxville to drive his son home; Mrs. Van Gallow flew her daughter back.

The teletype on the couple was cancelled.

### FCC Grants Permission For Change

Plans Set for Base Station And Mobile Equipment In Pointe-Harper Woods

Plans are underway whereby citizens of the Pointe and Harper Woods will receive better police and fire protection through the modernization of emergency radio equipment, which should be installed and in operation by the latter part of July or early August.

On February 20, the Michigan Law enforcement Allocation Committee in Lansing, following a Federal Communication Commission decree ordering the cutting of band width of channels, for additional communication systems, approved 2 frequencies for the Grosse Pointe-Harper Woods police-fire radio system.

By splitting the channels, police and fire protection will be stepped up, according to Warren Carson, police radio technician. The channels have been ordered cut from 60 kilocycles to 30 kilocycles.

#### Present Radios Obsolete

The change means that present radio equipment in all mobile units in the Pointe and Harper Woods and equipment in the base station will become obsolete, Carson said.

He said that an application for a radio license from the FCC is forthcoming, since the change has been approved by the Allocation Committee.

Carson said with the spitting of the channels, transmitted power will jump from five watts to 25 watts, and that this will show up in greater liability range, and everything will be clear of interference.

#### One Big Party Line

The change will make the proposed modernization of radio equipment into "one big party line."

Carson explained this by pointing out that in the present set up, a call is made from a scout car to its home station, and the station dispatches the call to other units.

The new transmitters and radio equipment abolishes this method of communication. When a call is made by one unit, all units get the message at once. This speeds aid to units chasing a speeder, when emergencies arise, and so on, the radio technician said.

Two new transmitters will be used only for local police and fire calls. A third transmitter will be used for fast communication within a 35-city area. There will be no interference between the transmitters, and messages will come over clear and sharp.

#### Share Cost of Base Station

The six cities, Harper Woods and the five Pointes, will purchase their own radios and other equipment for their units, but the operational cost (Continued on Page 3)

### 2 Seek Judge Post in Woods

Seven persons met the Saturday, March 1, deadline for filing for municipal offices in the Woods, but one was disqualified because he did not meet residential requirements.

All candidates, except those for municipal judge, are unopposed for re-election on April 7.

Opposing Judge Don Goodrow, who lives at 20738 Wicks lane, is Frank Dougherty of 1851 Country Club drive. The term is for four years.

John M. Roche, of 20072 Balentine, an attorney, was disqualified in his bid to be the city's next judge. He did not meet a City Charter requirement that says candidates for that post must have resided in the city for five full years.

Mayor Kenneth Koppin, of 1271 S. Renaud road, finds himself without any opposition for another two-year term. Also finding themselves alone for another two-year term on the council, are: James Hunt, of 1856 Littlestone; Kenneth McLeod, of 20729 Wicks lane; and Harry Pratt, of 19232 Raymond.

and the older boy, for stealing a car. A small piece of candle was found on the younger boy when he was searched at the time of the arrest.

O'Dell and Tobian said that on the Monday date, the boys entered a hardware store owned by Norm Archer, at 20089 Mack, who was informed by a customer that one of the boys was seen taking a BB gun.

### Gun Recovered

Archer chased the boys when they left the store, and captured the 10 and 13-year-old. The oldest of the trio escaped, but was arrested later. The gun was recovered from a mud puddle where one of the boys had thrown it.

The two lads who were captured were turned over to police and taken to the station, where they made their confessions.

The trio were turned over to juvenile authorities. The Detroit police filed shoplifting charges against the boys, it was said, because most of the crimes were committed in Detroit.

Woods Director of Public Safety Vern C. Bailey ordered the parents of the youngsters to meet with him for a talk about their sons. The conference was to have taken place yesterday, March 5.

The University of Michigan was among the first to break with the prescribed classical curriculum by offering instruction in modern languages and introducing laboratory study of the sciences. In 1860, it was the first university in this country to offer organized instruction in political science.

## Christ Church Concert Set

The sixth in a series of special musical programs will be held on Sunday, March 9, 1958 at 4:00 p.m. in Christ Church, 61 Grosse Pointe Blvd. It will be an all-Mozart program beginning with the "Sonata in C" for organ and strings and ending with the great "Fantasia in F minor" for organ.

The choir of men and boys, assisted by a small string orchestra, will sing the "Missa Brevis in F" with Michael David, soprano, Douglas Morgan, counter-tenor, John Hopkins, tenor, and Richard Webb, bass.

This mass, which Mozart composed when he was but eighteen years old, is "one of the miracles of music—a miracle of brevity and of child-like simplicity of spirit."

It was probably first performed sometime in 1774 in the Cathedral of the Court of Salzburg where Mozart was then employed. As was the practice, it was sung by a choir of men and boys.

Richard Roecklein, organist and choirmaster, will conduct and Carl Stout, assistant organist, will be playing continuo. The public is most cordially invited to attend.

## Teachers Take Graduate Work

Members of the teaching staff in Grosse Pointe are constantly striving to better their own standards and broaden their training so as to afford even greater educational opportunities for their children.

In addition to four college credit courses taken by 95 Pointe teachers as a part of the local program for professional improvement, 36 others took courses during the first semester from Michigan, Wayne, Detroit, Michigan State and Eastern State.

During the present semester there are 25 teachers taking courses at the University of Michigan, Wayne State University, or by correspondence with some distant colleges. In addition, there are two college courses currently being taught in Grosse Pointe on the teaching of gifted children.

Dr. Rice, of Wayne University, is working with 28 teachers on the secondary field while Dr. Ketcham and a series of other fine men from the University of Michigan are working with 61 teachers on the elementary area.

Neither of these courses are regularly taught on the campus, but have been specially developed at the request of the Grosse Pointe Public School System.

## How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

\$52 that was near the box, O'Dell and Tobian said.

The officers said all of the loot, except the wine, was recovered. Part of the money was hidden in a radio in the garage of the home of the 14-year-old, and part was buried in the back yard.

Deciding to question the employees of the store, the two detectives picked the two older boys, to ask first, since they were employed by Walege on a part time basis.

### Found in Farms Home

Patrolmen Steve Petrik and Jack Patterson were assigned to pick up the youths. The three were found in the home of one of the boys who lives in the Farms.

At the station, the teenagers told O'Dell and Tobian that about 11:30 p.m. on March 1, they broke into the store and stole the money and the wine. They said they consumed the beverage in the home of the 14-year-old.

One of the older boys tossed the block that broke the glass and kicked in the door, the officers said.

The three youths also told the police, on further questioning, that they had attempted to break into the Grosse Pointe Community Center, 20883 Mack, the night they broke into the market, but were not successful. They said they broke a rear door window, but gave up when they could not unlatch the door lock.

### Tried 3 Others

The two older boys also admitted breaking into three other business places in the Woods: Phil's Barber Shop, 20750 Mack, about two months

## Arthur Schneider Wins Scouts Highest Award

Arthur Schneider, 14, son of Mr. and Mrs. Clarence Schneider, 273 McMillan, received the Eagle Badge, the highest award a boy can earn in Scouting, last Saturday afternoon, March 1, during a very impressive Court of Honor held at the Grosse Pointe Library (main branch on Kercheval).

Arthur is a patrol leader of the St. Paul's Troop No. 61 and the badge was presented by the Scoutmaster, John Gunn.

An orchid and miniature Eagle pin were presented to Mrs. Schneider by the court to show its appreciation for the great amount of effort a mother expends in assisting her son in his Scouting activities.

Arthur has been extremely active in all of the troop's activities since his transfer from St. Mathew's Troop No. 148 in September, 1955.

He also was a Cub Scout in St. Mathew's Pack No. 148. Some of the most outstanding impressions of his young life were made at Scout camps and working toward the 21 merit badges required to become an Eagle Scout.

He has been a very active boy in other fields also. Among them—he played second base in the Babe Ruth Baseball League, reserve guard on his junior high basketball team and is an altar boy at church.

Other awards presented: to

## Family Film Night Friday

The March Family Film Night at the Grosse Pointe Public Library will be a departure from the usual format, and will be a program of interest to all.

Entitled "The History of the Animated Film," this special program will be an illustrated talk on the development of cartoons. James Limbacher, head of the Audio-Visual Department of the Dearborn Public Library, and a student of the motion picture, will present the lecture, interspersing it with examples of different types of cartoons.

Approximately 10 cartoons will be shown, each pointing up some phase in the evolution of this popular entertainment medium. Families of the Grosse Pointe area are urged to attend the program as a group, school children being especially invited.

Family Film Night will be held in the upstairs meeting room of the Central Library, Kercheval and Fisher, on Friday night, March 7, at 7:30 p.m. No admission will be charged, nor are reservations necessary. The Meeting Room will accommodate 135 persons.

## Hospital Adds New Equipment

Patients and the nursing staff at Cottage Hospital are rejoicing. The reason—fifty new "do-it-yourself" beds which were recently installed.

Actually these beds are equipped with motors which enable the patients to raise and lower the backrest and also the footrest simply by pressing a button.

The springs and mattresses may also be lowered to normal bed height so that the ambulatory patient need no longer get in and out of an abnormally high bed.

When patients need bed care, or at bed-making time, the beds may be raised to a comfortable working height for the nurses.

These beds cost about three times as much as the old type hospital bed but are more than three times as convenient.

Monies from the Hospital's Memorial Fund, a contribution from the Welcome Wagon Club, and \$2,000.00 from the Women's Auxiliary to Cottage Hospital helped to pay the sizeable bill for this improvement in hospital facilities.

## DRIVER POSTS \$150

## Red Cross Enrolls Juniors

A brief, but heavily-concentrated, Fund and Membership Campaign is being held March 5-7 by the Junior Red Cross, an international organization consisting entirely of Juniors, by and for Juniors. Their fund is restricted, none of it allocated to the Senior Fund or for any administrative expenses.

Enrollment is on a group basis. The American Junior Red Cross requires no individual membership fee from its members. One dollar enrolls thirty students. Consequently, \$75 collected in the current campaign would enroll every pupil at Grosse Pointe High School.

Recently-elected officers of the JRC at the high school are, president, Pat Moran; vice-president, Carole Scherer; secretary, Nancy Pierson; and treasurer, Beth Ramsey.

Mrs. Rachael Fundingsland is serving her sixth year as sponsor of the group. Coordinator of the Junior Red Cross in all Grosse Pointe schools is Mrs. Alice M. Shaeffer. The campaign is being conducted by the Forum representatives in each homeroom at the high school.

Proceeds from the drive will aid the National Children's Fund, which sends help to unfortunate youngsters all over the world, and to the Local Service Fund, which pays for materials used by the schools in Wayne county in their various Red Cross projects.

The Farms is the managing municipality since the other cities signed an agreement to that effect, and by virtue of this, allocates the pro-rated share of costs among its partners. The base station is in the Farms police station.

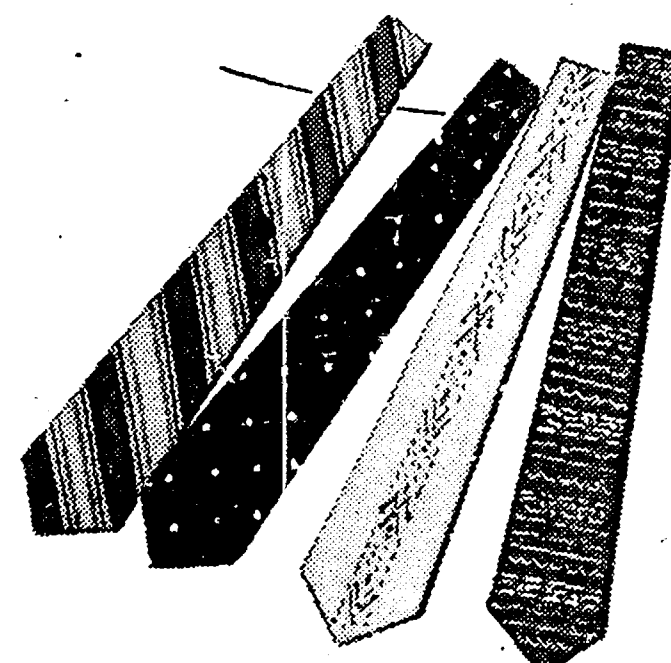

The fair share of cost is decided by a percentage of county real equalized valuation of property, according to each community.

**School Cafeterias**

(Continued from Page 1)  
years of service on the 28th,  
we thought we could have  
some fun by celebrating it."  
The Future Homemakers  
Club is made up of all the stu-  
dents of the High School who  
are studying Home Economics  
including cooking, sewing,  
child care, and many other  
allied skills.

**Brownell to Increase Servings**  
Mrs. Anderson said that "of  
the 3,000 students who now  
eat daily in the Cafeterias,  
about 1900 are at the High  
School, 700 at Pierce and 400  
at Parcell's. When the Brown-  
nell School opens next fall the  
daily servings will increase."  
"The cafeteria personnel  
total about 35 in the three  
schools," she said, "and the  
operations have grown about  
300 per cent since I came in  
1947. The High School splits  
the student body over two  
lunch periods and the junior  
high schools divide their lunch  
periods so that part of the stu-  
dent body eats early in the  
hour and the rest later."

Five of 22 employees at the  
high school cafeterias are full  
time workers while the others  
average about five hours per  
day, on the job. At each junior  
high school two employees  
are full time and there are  
four or five part-time workers.  
Mrs. Anderson was full of  
praise for the competent, loyal  
staff she has at present.  
Several, including the meat  
cook, have been employed in  
the school unit almost since it  
opened.

Every effort is made to give

the students a variety of  
wholesome and tastily pre-  
pared food. The Grosse Pointe  
Public School System does  
not participate in the Federal  
Lunch Program mainly be-  
cause one of the require-  
ments is that all students be  
served the same meal. School  
officials feel that Grosse  
Pointe students have suffi-  
ciently varied tastes and good  
judgment in choosing a re-  
stricted menu of this nature.

**Fresh Fruit Favorite**

At the high school fresh  
fruit is consumed in great  
quantities either in the form  
of juices, sauces, or in its  
natural state. Fresh fruit pies  
are a great favorite. 60 of  
which are baked and served  
twice a week. On at least two  
days a week a solid meat such  
as a roast, turkey, or chops  
is offered. The rest of the  
week other types of meat  
dishes are on the menu. About  
120 pounds of meat are nor-  
mally needed.

Sixteen layer cakes as well  
as several large sheet cakes  
are prepared each day as are  
over 2,000 sandwiches. Another  
great favorite is a dessert  
known as apple-betty served  
with a custard sauce. Two  
kinds of soup are offered daily,  
with about two gallons of each  
being consumed. Usually about  
120 pounds of meat are nor-  
served each noon in one of  
many forms. Similar statistics  
would apply to the junior high  
school cafeterias which follow  
menus prepared by Mrs. An-  
derson. Provisions are made  
for the ages and tastes of the  
individual student body.

The elementary schools do  
not provide a hot lunch for  
their students inasmuch as  
most students live close enough  
to school to go home for lunch.  
Some do carry their lunch to  
school, however. This is espe-  
cially true during inclement  
weather. During the recent  
cold wave most schools re-  
ported the largest numbers of  
students staying for lunch that  
they had ever experienced. A  
high of 135 was hit in one  
building.

**Third Grade Menu**

Sometimes individual teach-  
ers will arrange for the whole  
class to lunch together in their  
room or to picnic on the school  
grounds in the appropriate sea-  
son. Recently members of a  
third grade class planned a  
menu, prepared, and served a  
complete lunch for their group  
as part of their study of foods.

In order that the school staff  
may have a proper noon hour  
for themselves it has become a  
practice of the Board of Edu-  
cation to employ a lay person  
to supervise the lunch hour.  
One or more teachers are  
always on call in each ele-  
mentary school building to  
support or assist the noon hour  
supervisor if the need arises.

Pupils may purchase milk to  
supplement the lunch brought  
from home in the elementary  
schools. They may do the same  
at any of the secondary schools  
and many do. Each building  
orders enough half pints of  
milk each day to meet its own  
needs. The high school cafe-  
teria, for instance, estimates  
that 50,000 bottles of milk are  
sold there each month.

**Do-it-Yourself Show at Center**

Sunday afternoon, March 16,  
from 2 to 5 o'clock, every-  
one to see the Boydell bro-  
thers slapping paint over old  
wallpaper; Mrs. L. R. Mont-  
gomery turning kleenex into  
carnations, hearing K.L.A.'s  
latest stereophonic achieve-  
ments, watching Mrs. Marco  
over her own home kiln, see-  
ing Nelson Frolund growing  
grass on the Center's floor and  
watching and wondering  
whether the boat that's being  
put together on the Center's  
basement will go through the  
door.

It's just the time of year that  
everyone is itching to start  
some project of his own—dad  
to get the lawn and house in  
shape, mother to think of  
spring clothes and redecoration,  
son to dream of assem-  
bling his own boat and daugh-  
ter to get herself prettied for  
the spring rush.

The show will consist of  
actual demonstrations and  
practical explanations of hun-  
dreds of things you can do in  
and about your own homes.  
Among the many things you  
can learn about doing your-  
self will be woodworking,  
automotives, upholstery, mill-  
inery, leather carving, jewel-  
ry making, lawn installation  
and care, pruning, boat assem-  
bly, preparation to paint and  
painting, bait and spin casting,  
linoleum and tile laying,  
counter work, patio assem-  
blage, the art of make up, Hi-  
Fi assemblage, flower arrange-  
ment, knitting, wallpapering,  
sewing, smoking, furniture  
refinishing, needlepointe,  
enamelling, picture framing,  
etc.

It will be worth the price of

purchasing and storing the  
quantities of food consumed in  
the school lunch program are  
many. A great deal of atten-  
tion must be paid to market  
conditions and every opportu-  
nity seized that will effect a  
savings. The cafeteria is op-  
erated on the premise that it  
must pay its own way and Mrs.  
Anderson reports that it has  
been doing so.

Some idea of prices charged  
can be learned from the fol-  
lowing: Every day there is a  
40c special consisting of ham-  
burger and bun, a tuna cas-  
serole, or some other main  
meat dish, a green salad, a  
fruit or jello, and milk. There  
is available, too, a special din-  
ner plate for 45c with larger  
portions of meat and a vege-  
table. Other regular items  
bought individually are such  
as milk-3c, soup 10c, juices  
7c, sandwiches 15c, desserts  
15c, salads 20c, and many more.

### New Circles For Lutherans

Last week the women of Calvary Lutheran Church, Gateshead at Mack Avenue, Detroit, held a meeting to reorganize the women into the program of the Women's Missionary Federation.

This was their final reorganizational step. This new organization is affiliated with the National women's organization of the American Lutheran Church.

At this meeting an election of Executive Board officers was held. The following women were elected to respective offices: Mrs. Shirley Zuelch, president; Mrs. Eileen Francis, vice-president; Mrs. Ruth Buehler, secretary, and Mrs. Betty Gessert, treasurer.

The agenda of this gathering also included the distribution of women into four circles, i.e., two day circles and two evening circles. Each circle will meet monthly for Christian fellowship and study. In addition, work projects in the church and community have been assigned to each circle.

Mrs. Shirley Zuelch, the new president, expressed her hope that "The organizing of this new program at Calvary will present a challenge and give all the women an opportunity to further their spiritual growth."

## Joanne's first savings account

Opening her first savings account is a big event in the  
life of a little girl. It was a big enough event in the life of  
four-year-old Joanne Citron to bring her, in spite of  
bitter cold weather on Monday morning February 17,  
to the grand opening of the new Schaefer Road branch  
office of Standard Federal Savings.

When the important transaction had been completed,  
perky little Joanne proudly tucked passbook Number  
One into her tiny black purse. Soon her bright red cap

was lost in the crowd of business customers and the new  
branch at 16841 Schaefer Road busied itself providing a  
new savings service for Northwest Detroiters. Joanne  
Citron's account wasn't the largest opened that day in  
terms of dollars, but it meant a lot to her—and to  
Standard Federal. This was a big beginning for both of us!

Standard Federal Savings welcomes savings accounts  
both large and small. Open your account soon. You'll  
be glad you did.

## A Word for March's Lion

Our calendar says that spring is but a brief two weeks away, but our state of mind doesn't pay any attention to that March 21 date. It seems as though March's lion will roar forever. Spring promises all the tonic our dark dispositions need to regain their equilibrium. There will be crocuses and tulips, velvety green lawns and gloriously budding fruit trees along the lakeshore.

Boys will be sharpening up their pitching arms for baseball while their mamas and sisters have bright new bonnets to model with their new chemises. No boots and snowsuits, no cars stuck in the snow, no runny noses and hacking coughs. Days will grow longer, neighbors have time to lean on their rakes and chat a bit. Convertible tops will be down and laundry will wave on the line. Jump ropes will swing on the playground. Spring promises its special delights again.

It spring would only come now! But here are a few kind words for these last days of winter. When could there be a better time for those work-a-day ordinary jobs which have to be done? Spring is not the time to clean the closet, sort out the mess in the basement, run up the new kitchen curtains, pay your income tax. Now is the time for those dull gray tasks! They have to be done and when could be a better hour. As the days lengthen and warm, the whole family would want to be outdoors to enjoy the season's special benefits. In March's slush and cold, tots have lost the taste for building snowmen. It's no fun to shovel the driveway for the twentieth time. Most of the school age crowd seem to be down with chicken pox or a virus. The decks are cleared for those chores no one wants to do, but when they are done how good it feels.

Save a few kindly thoughts for the humdrum days when life seems to be a mountain of bills, groceries, cleaning, shopping, repairing, chauffeuring. The mechanics of living can be a bore. We want to escape, get away from it all. Spring is a fever, a tonic, a thrill, a boon to the downhearted in mind and body. But winter is a discipline, a housecleaning, a decision, a day of accomplishment. Never a bright, waving rose without the long hour in the cold dank earth. Take comfort in your weeks of achievement, the brief, rejuvenating, glowing springtime is almost here!

## Grosse Exaggerations

A. PRYOR

"When to flowers so beautiful  
The Father gave a name,  
Back came a little blue-eyed one  
(All timidly it came);  
And standing at its Father's feet  
And gazing in His face,  
It said, in low and trembling tone,  
"Dear God, the name Thou gavest me,  
Alas! I have forgot!"  
Kindly the Father looked Him down  
And said: "Forget-me-not."  
(Emily Roelofson)

Some local character suggested we write about people's idiosyncrasies... because some of them are so amusing. It brought to mind one of OUR'S... that of not being able to throw away pretty wrapping paper such as Christmas stuff or birthday paper and what have you.

We are also a ribbon saver. Once, we told a friend about it and she exclaimed: "What do you DO with it?" We replied that we undid a package carefully, saved the paper and ribbon, pressed it out and used it on packages WE were wrapping. She was horrified! However, we still do it.

Sometimes one's foibles make people think they are not quite right in the head. Ferinstance, we know a man who is a mad who-dun-it fan. He reads mystery stories (pocket editions) like peanut gormandizers eat peanuts. He has so many stored in his house that the only way he can be sure he has already read one, is to dog-ear the FIRST page. Not long ago, he loaned a batch of his treasures to a friend in the hospital. The sick pal, who is the type who dog-ears the page where he has ceased reading (temporarily) said to his friends: "How can you dog-ear the first page of a book? Can't you remember where you START?"

Another local woman saves Readers Digests. She has a load of them in the corner of her livingroom... about ten years' worth. When her children suggested she finally get rid of some of them... she replied: "NO... I want to refer to one sometime!"

The two worst we have heard (but true) is the young woman who for YEARS kept toe-nail clippings in an old hair receiver. She just wanted to see how they would look in a large collection after a number of years. For the YOUNG, who don't know what a "hair receiver is"... your grandmothers used to keep these little horrors on the dressing table... to save the hair that was retrieved from the comb!

The second, is the woman who had a gall bladder operation and saved the gall stones... which she kept in a jewel box!

That ought to take care of idiosyncrasies... in ANY language!

Some weeks ago, we wrote about how elegant and easy was (or were) the new "paste on" nail polish bits. We saw them, and being sold on them, bought a batch and used them for about a month. We raved about them in this column and now our neck is sticking way out to here! Someone told us they heard on the air that the Government is calling them all in because some 700 people have lost their nails from using the stuff. Our's are still intact... and grew beautifully while we wore them... but since we've stopped using them, we can't get anyplace with the breaking, chipping, etc.

This is a cutesy story about the most beautiful five-year-old child we have ever seen. Her name is Marguerite. When she first started to talk, she kept telling her parents that she wanted to "grow up" fast. Last week, she celebrated her fifth birthday with a small party. She said to the assembled group of relatives... "You said I'd be a big girl when I was five. Now I'm five and I'm not grown up YET... so what's the use?"

## Walker L. Cisler Reports On Traffic Safety Record

Traffic deaths, injuries and accidents are preventable and Detroit's record through the years attests to this, according to Walker L. Cisler, president of the Detroit Edison Co. and chairman of the board of the Traffic Safety Association.

Cisler told representatives of the 100-member companies of the Association and city and state safety officials at the Association's annual meeting, that accidents are not the price we pay for progress, as some might seem to believe.

"Accidents are prevented by unceasing, intelligent effort—effort on the part of officials and agencies entrusted with this task and effort on the part of a co-operative and aroused citizenry," he said. "Detroit has approached the traffic safety problem in this manner for many years and it has brought noteworthy results."

He asserted that the 1957 record was the finest Detroit has ever recorded in the 35 years complete accidents have been maintained.

"Here is one startling comparison to point this up," he said. "Thirty years ago, when there were only 400,000 automobiles registered in Wayne County, motor vehicle deaths on Detroit streets totaled 396—in other words approximately one death for every 1,000 cars. Last year, when automobile registrations had climbed to 1,100,000, the motor vehicle death toll was 179, or about one fatality for every 6,000 cars."

John C. Mackie, Michigan highway commissioner, said that the most "dangerous roads in Michigan today are four-lane divided highways without control of access, even more dangerous than our two-lane roads."

In a talk on the safety factors of Michigan's roads as well as the current highway construction plans, Mackie and his department was astonished by the results of a study now underway.

"The study of 187 miles of four-lane divided highways without control of access, on the dual state trunkline system indicated a fatality rate of 5 per 100,000,000 vehicle miles," he said. "This compared to a rate of 2.5 for the same type of highways with controlled access."

Mr. Cisler was re-elected chairman of the board of directors. Benson Ford, of the Ford Motor Company, was the only new director elected to the 11-man board. Four new trustees were elected. They were: Ross Roy, of Ross Roy, Inc.; Herbert D. Smith, of United States Rubber Company; Ralph E. Thomas, of Buhl Land Company, and Robert W. Weber, of Allstate Insurance Company.

## What Goes On at Your Library

By Jean Taylor

What constitutes a "notable" book? There is no pat answer, as we discovered when we put this question to several of our friends. According to Austin H. Parsons, Jr., director, Enoch Pratt Free Library, the notable books of the year are not necessarily the best books, but rather those which possess to a high degree qualities which make them stand out among all the books published during that time.

Using this criterion, a list of notable books is compiled each year by a committee of librarians with the aid of 37 public libraries in various parts of the country.

In the 1957 list which has just reached us, it is interesting to note that biography and history make up the lion's share, and of fiction there is only one, James Gould Cozzens' BY LOVE POSSESSED.

A few titles only are mentioned here, but the complete list of "Notable Books of 1957" will be available at the charging desk of all three libraries during National Library Week, March 17 through 22.

IN HIDDEN PERSUADERS Vance O. Packard writes of that aspect of mass communication concerned with the use and abuse of motivational fields of advertising and public relations. This is one of the most provocative and widely read books of 1957.

Also widely read and enjoyed is Margaret L. Coit's biography of a great American, MR. BRAUCH.

Gerald W. Johnson points up the destructibility of the democratic spirit in THE LUNATIC FRINGE. This contains

fourteen biographies of well-known figures whose ideas were unaccepted politically in their own day.

THE REFORMATION: a history of European civilization from Wycliff to Calvin, is the sixth volume in William J. Durant's Story of Civilization. It is written in the facile and lively style which makes this author's work extremely readable.

FACE TO FACE by Ved Mehta is a many-faceted life story of a young Hindu, totally sightless, who, through the Arkansas State School for the Blind, wins a courageous battle against his affliction. He was graduated from Pomona College as a Phi Beta Kappa, and is now on a scholarship at Oxford. A revealing biography of a blind person's ability to succeed in the world of sight.

INTERPLAY OF EAST AND WEST by Barbara Ward is comprised of three lectures which, taken together, make an integrated study. The author examines the past relationships between the civilizations of East and West, suggests policies in dealing with present policies, and ventures a few prophecies regarding the future.

IN AMERICA AS A CIVILIZATION Max Lerner discusses "the pattern and inner meaning of contemporary American civilization and its relation to the world of today."

THE WORLD'S GREAT RELIGIONS, based on a series of pictures and text that originally appeared in Life Magazine, gives insight into the great religions of today.

## Beyers to Show Travel Films

Wednesday evening, March 12, at eight o'clock at the Grosse Pointe War Memorial Mr. and Mrs. Ben W. Beyer will highlight their recent World Tour for the Grosse Pointe public with color slides and commentary.

Most interesting spot on the Beyer's itinerary was the great Barrier Reef off the coast of Australia where, when the towering tides recede, you see a continent rise before you and you can land and walk on what was, minutes before, the ocean floor.

The Beyers' pictures will take you from Turkey through Bierut to India where they spent the better part of a month. They will take you on visits to Agra, Jaipur and New Delhi. In Ceylon, they visited the famous Botanical Gardens at Peradeniya whose glories they will bring you in full color.

After Christmas in Thailand, the Beyers moved to Rangoon to take in the beauty of the Shwedagon Pagoda. Then to Australia and New Zealand. After a visit to the Thermal area in the Northern Island of New Zealand, they toured the Southern Land Mass which to them was the most beautiful part of the trip — a rugged land of mountains and fiords out-Norwaying Scandinavia.

### MASON

Mrs. Gordon Henderson and her committee, Mrs. Ellsworth Allison, Mrs. Wilfred Bingham, and Mrs. Warren Wensky, care for the sale of United States Savings Stamps in Mason School. They come every Wednesday and spend all morning and part of the afternoon.

There has been an average of approximately 300 children who purchase stamps each week. Receipts have averaged approximately \$225.00 a week. Since we started this program on October 30, 1957, stamps to the amount of over \$3435.30 have been sold.

On Tuesday of each week cards reading "Stamp Day Tomorrow" are conspicuous in the classrooms and in the corridors of the school. On Wednesday these cards are turned over and read "Stamp Day Today."

Teachers encourage the children to purchase stamps regularly and Mrs. Henderson recently gave a talk in each room regarding the purchase of savings stamps.

She has told them it isn't how much they save but that they save regularly. In order to stimulate this further she has made a chart for each room and each week shows on a graph how many have purchased stamps.

Luncheon is served! As a culmination of their social studies work on man and his foods, the children in Miss Helen Seymour's third grade planned, prepared, and served a luncheon for their group.

The menu was planned by the children in accordance with their information on balanced meals. Mrs. Lawrence Peck, room mother for the group, and Mrs. Donald Leahy assisted the children in preparing the food.

Courtesy and hospitality suitable for the occasion were considered by the group. Table conservation, listening habits and luncheon etiquette were all part of the planning. James Peck, John Leahy, Stephen Elliott, Jimmy Coe and Tom Bradley served as hosts. Sam DiGiuseppe gave thanks before the meal.

Decorations using the George Washington motif were used in the centerpiece and the place mats.

Later in an English lesson on letter-writing the children wrote thank you notes to mothers who had contributed food or had assisted.

It was a red-letter day for Mrs. Nancy Crosby's first grade at Mason School when

Patrolman Jack Mast of the Grosse Pointe Woods Police Department took the children on a tour of the police and fire departments.

To explain the work of policemen and to show the children how they can help Patrolman Mast first showed a film entitled "The Talking Car."

Then the first graders, including Patrolman Mast's son, Richard, were off to the police and fire departments. At Mack and Vernier they had an unexpected preview, for while they were waiting to cross, some of the fire trucks rushed by on their way to a fire.

At the station the children learned exactly what happens there from time to time. An initial fire alarm is sounded until the fire engine and trucks return with their work successfully finished.

Patrolman Mast explained to the children how the respiratory works. He had some of them try on oxygen masks, roll up the fire hose, and ring the fire engine bell.

Next the children saw the police department equipment and communication system. They met Director of Public Safety, Vern C. Bailey, visited the jail and even "tried out" some of the cells.

Most exciting of all, the children had their picture

taken beside a big red fire engine!

As a result of this trip, there are in Mrs. Crosby's first grade eight potential policemen-firemen and ten girls who wish they could be.

### BARNES

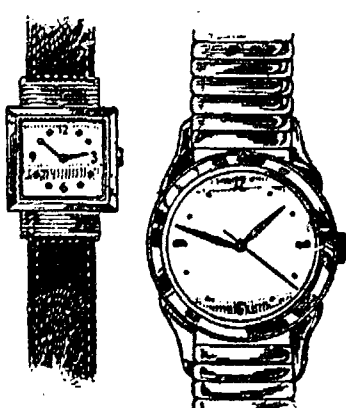

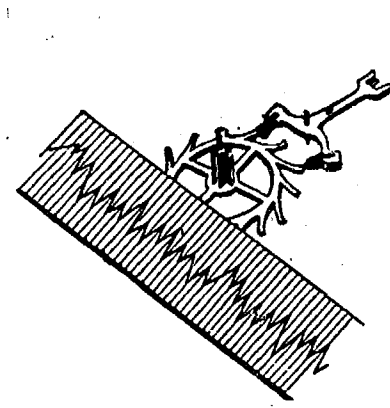

Barnes has not gone completely drama-happy, but this has been the chief extra-curricular activity in this eminent seat of learning recently. To salute Dental Health Week, Mrs. Renick's fifth grade presented "The Tooth, the Whole Tooth, and Nothing but the Tooth" for a gym assembly. It was a great hit.

On February 26, in the evening, the Barnes Brownie and Girl Scout troops gave a really "professional" musical presentation, the theme of which was an international pattern. Although this had no direct connection with school activities, so many of the female pupils—and so many hard working mothers—were involved that the school feels pleasure and a shade of pride in the success of the occasion. Bored with thespians—? We hope not—there's one more to come!

The next P.T.A. gathering is scheduled for March 21, and the mountain musical "On Top of Old Smokey" is to be "front and center." Credit where

credit is due within a week or two; cast, directors, etc. But for the present, let's just say "Mr. Wonderful" music teacher, Mr. Tousley the school's er, is a very busy person.

Here's how our professional watchmaker

## Grosse Pointe News

### From Another Pointe of View

By Jack Oliver

We've always thought we could get a whale of a column by just hanging around Wrigley's on a busy day but when we tried it, the carelessly arranged hid behind the detergents and didn't dimple even once.

So, via the more orthodox method, we present our findings of the week:

Eppa Hunton Heaton ("Bill" to his pals) is back in the Pointe following a two-week stay south of the border.

He joined his sister, Mrs. Stevens Woodruff, who now makes her home at Eaton's Ranch, Wyo., in Laredo, Tex., and together they motored on down to Guadalajara. There, in the section known as Colonia Chapalita, live their mother, Mrs. E. H. Heaton, and their brother, James.

Reunion with kin completed, our man took in Taxco, Cuernavaca, Acapulco AND a bullfight.

He emerged from the latter with mixed emotions and the need of a good, stiff drink.

#### Still on the Latin Kick

Pardon us if we're a little Latin around the edges but this goes on, geographically speaking:

The Henry deSegur Laues have also been dipping and darting around in Mexico.

From the terrace of the Continental Hilton in Mexico City, they saw some old Detroit residents—several of the Woodward avenue streetcars, now doing duty in heady altitude and looking just fine, thank you.

The travelers note their Mexican friends never seem to discuss the weather: just assume the sun will be shining.

(Possibly, the Laues have decided, that's why the Sun God is so important in Aztec Culture.)

#### Vital Trivia:

Simone Beck, the culinary queen who arrives this evening to visit the Harold B. Tyrees and fulfill a tremendous round of engagements, is called "Simca" by her Parisian friends who've named their tallest French friend after the smallest French car.

The Last Gasp at the local swank shops.

Those who've seen the Thomas James Morrison apartment on New York's Fifth ave., claim it's the most sumptuous setting ever... which is saying a good deal as the sybaritic and former Lydia Mendelssohn Buhl has always dwelt in complete luxury.

### Skiing Deluxe

By trans-Atlantic telephone, Mr. and Mrs. Henry de Munck Hopkes, Jr., assure Henry III et al they'll fly back to town about Monday, if all goes as planned.

Though their European paths have crossed only infrequently (Mr. Hopkes is abroad on business while his charming and vivacious wife concentrates on Having A Good Time), between them they've managed to hit St. Moritz, Arosa, Zurich, Stockholm, Copenhagen and spots in England and Germany.

Skiing, need we say, has been the number one diversion.

### Weddings Bells

We were to have been entrusted with the announcing of an engagement but it turns out to be a wedding item, instead, the happy pair having tripped down to Pensacola, Fla., and had the knot tied on Saturday.

Now, Mr. and Mrs. E. J. Walter, of East Grand Rapids, are releasing word their daughter, Claudia Louise, is the bride of David Edward Hulbert, son of the Edward A. Hulberts, of Rivard Blvd.

The bride attended the University of Michigan, the same seat of learning at which her bridegroom studied.

### Commuting Across the Ocean

Mr. and Mrs. Ernest Kanzler, currently in their handsome winter quarters at Hobe Sound, Fla., plan to make a quick trip to France the middle of April.

We understand that at about that time, ground for their villa at Cap d'Antibes will be broken.

They will return to this country the first of May and leave again the middle of June to occupy a villa they've leased at Cap Ferrat while their Mediterranean mansion takes shape.

Mrs. M. Butsch Lewis and her son, Eugene W. Lewis III, won't be going quite that far but they're very possibly just as anxious to be off.

Soon as GPUS comes forth with that spring vac., they'll dash down to The Cloister at Sea Island, Ga., to join the young man's grandmother, Mrs. Eugene W. Lewis, of "Elmsleigh".

## New England Colony to Meet

The president, Mrs. Edward J. Savage, of Yorkshire road, will conduct a brief board meeting before the luncheon,

and the business session following the luncheon, at which delegates and alternates will be elected to represent the Colony at the 45th annual Congress of the National Society to be held May 18-22 at the Curtis Hotel, Lenox, Massachusetts.

The report of the nominating committee will be presented by the chairman, Mrs. Edward D. Trowbridge, of Bishop road.

## GPYC Dons Green For St. Pat's Gala

It Will be a Great Day for the Irish Saturday, March 15 At the Club; Impersonator and Broadway Dancer Headline Floor Show at Dinner Dance

Grosse Pointe Yacht Club is back in the party swing with a gay and colorful St. Patrick's Party slated for Saturday evening, March 15. The fete, all done up in green, will be the red-letter event following GPYC's annual February vacation closing. Regular activities resumed this past Tuesday, March 4.

"Tis a pleasure and joy to be invitin' you to the St. Patrick's Party" is the word carried by the club's March "Log" of announcements, with its green lettering on green paper, complete with shamrocks, a miniature map of the Emerald Isle, and sketches of Paddy himself.

The festivity will be a dinner-dance presenting an all-star floor show. Local will be the ballroom-lounge decked with a canopy of green and white streamers. Favors will be sleek green Paddy hats for the men and coquettish colleen bonnets for the distaff side.

Light-hearted dancing for members and their guests will start after dinner is under way. The Fenby-Carr orchestra, with Belinda Blanchard, will play for dancing beginning at 8:30 p.m.

## Men's Fashions

### SPRING - TONIC TOPCOATS

I'm no physician, and I hope the American Medical Association doesn't clamp down on me, but I would like to prescribe a spring tonic for men.

You don't drink the spring tonic I have in mind—you wear it. It comes in the form of wearing a new spring topcoat.

Please don't call me "Doctor," but these springtime topcoat nifties will put a sparkle in any man's eye and help him cast off winter's mantle of gloom.

Tailored topcoats in a variety of smooth-finish fabrics still are the hallmark of good dress among men who take pride in how they look, either in the business world or in life's social whirl.

In recent seasons, they have been artfully slimmed down to conform with the general trim-line silhouette in suits and accessories. And topcoats have balanced construction without all that bulky weight of yesteryear.

Spring coats, in either the dressy set-in sleeve models, or the more sporty balmaceda raglans, are generally offered in the medium shades, with subtle overtones, faint-line window-pane plaids, or muted surface effects adding a bit of whimsy to the pleasant proceedings.

But, in the spring, men should also be ready for changeable weather conditions. If rain threatens when a man leaves home for the office, he would do well to wear an all-weather coat that doubles in brass as a protection against the rain, and as a smart-looking coat even when the sun is shining.

These practical garments are made of finely woven Egyptian cotton, treated for water repellency, or can be of the new, fast-drying dacron fiber in combination with cotton, which also sheds water.

Say ahhh. And you will, when you wear "Spring-tonic" topcoats.

## Girl Scout Cookie Sale Begins Friday

Cookies Will Be Sold in Many Pointe Stores as Well As Through Individual Scouts; This Is Main Source Of Income to Meet Many Scout Projects

It's Girl Scout Cookie time again! The Annual Girl Scout Cookie Sale starts March 7 and continues until March 15, with sales being made through orders from individual girl scouts in the area as well as at local stores.

Again, the Grosse Pointe Girl Scout organization is hoping for the whole-hearted support of the community to make possible a successful sale, since this project is the Girl Scouts' main source of income to meet the costs of troop programs, camping, and district projects.

Mrs. John Henderson is the Cookie Sale Chairman for the Grosse Pointe district, and with her committee of neighborhood chairmen will handle sales through individual girl scouts and troops.

The neighborhood cookie chairmen are as follows: Barnes, Mrs. Sam Kissweine; Defer, Mrs. George Bell; Ferry, Mrs. Wilmer Krogh; Kerby, Mrs. Frank Kotter; Maire, Mrs. W. G. Belanger; Mason, Mrs. T. H. Stahl; Monteith, Mrs. Fred Bohl; Farells, Mrs. Harold Nottz; Pierce, Mrs. Harold Brilmeyer and Richard, Mrs. Wesley J. Wicks.

St. Clare, Mrs. Woodrow Wilson; St. Paul, Mrs. Larry Gentile; Trombley, Mrs. Raymond Eddy; Our Lady Star of the Sea, Mrs. E. McNamara; G.P.U.S., Mrs. James French complete the list.

Mrs. William R. Stacy is the

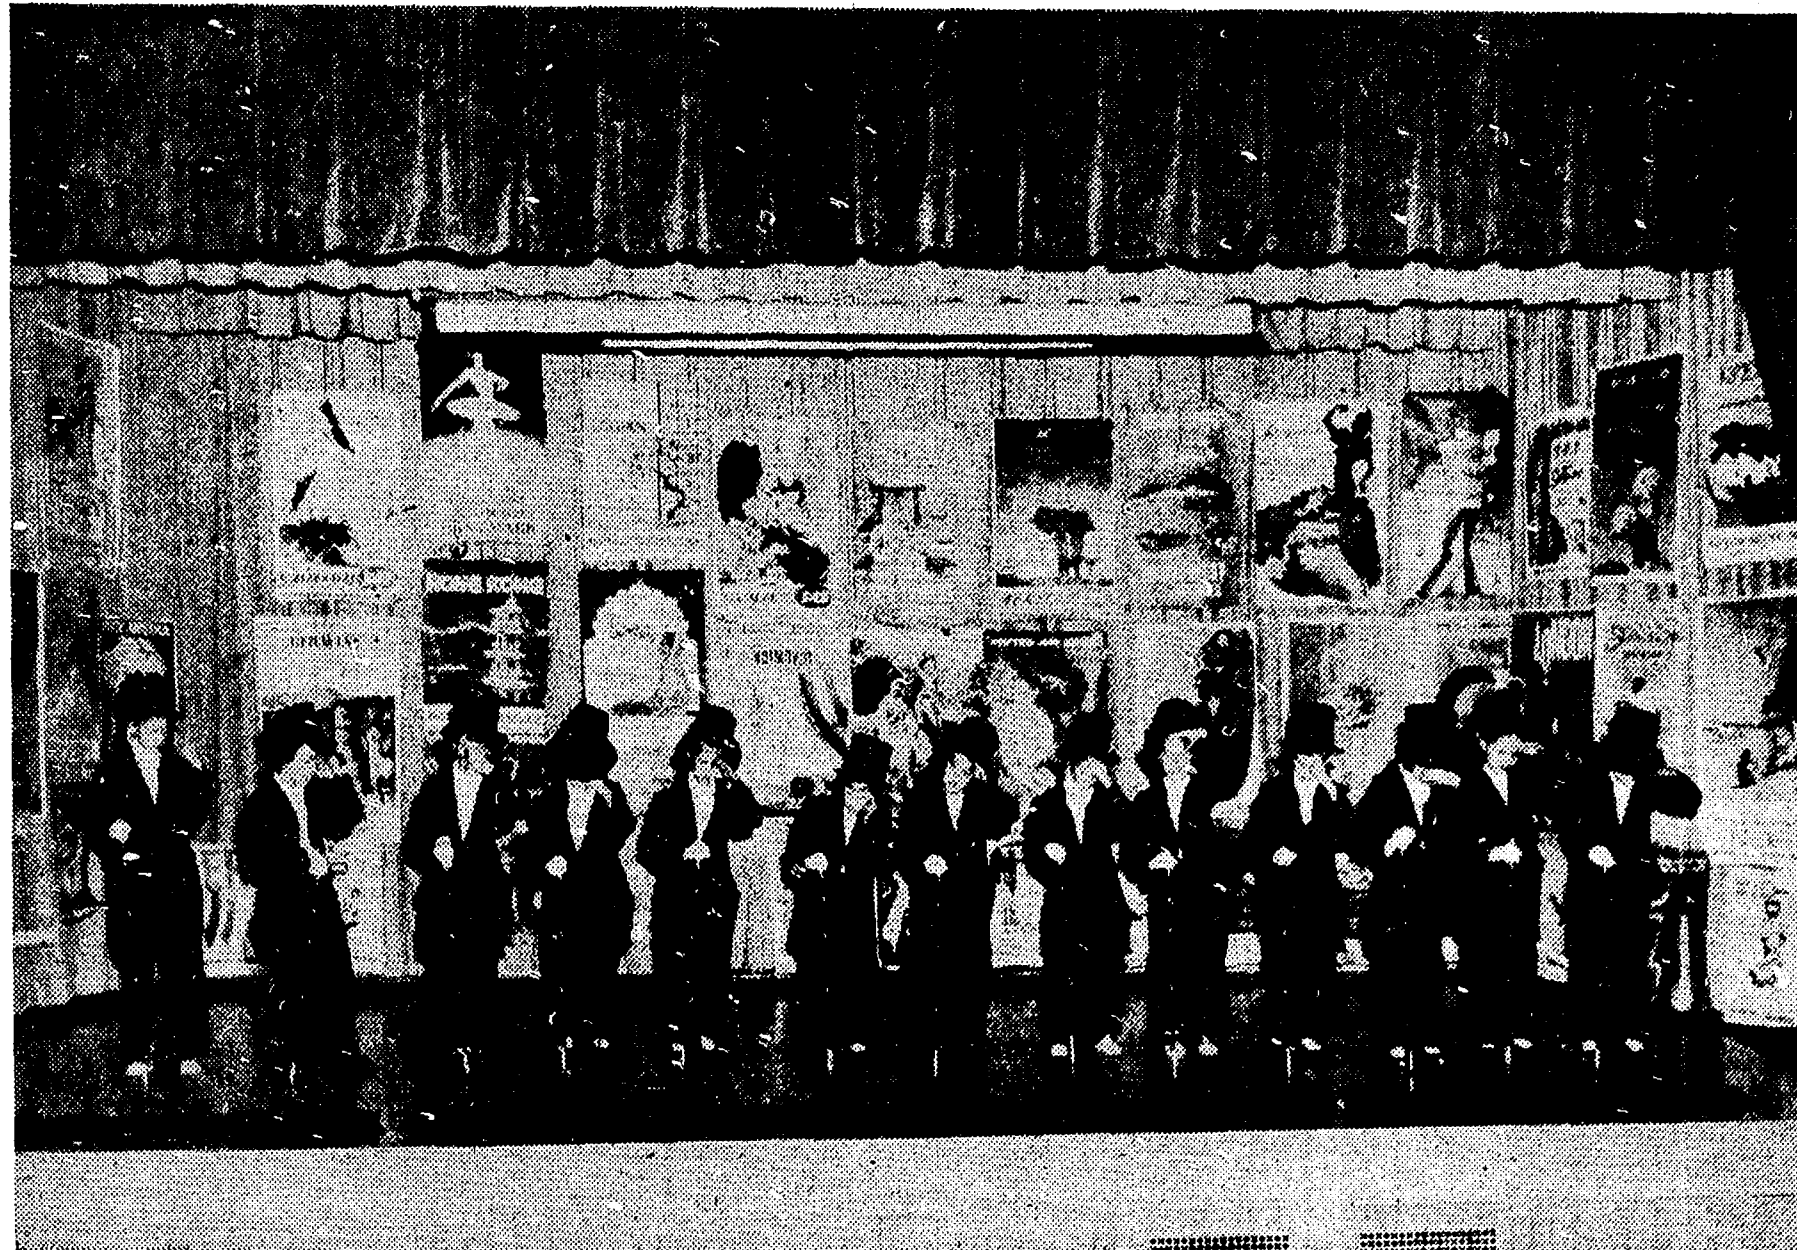

Cookie Store Chairman, handling sales through local stores. Mrs. Stacy entertained her committee of store captains at a luncheon at the Whittier Hotel on Fri. Feb. 21, at which time sales procedures were mapped out.

The following local stores will sell cookies: Wrigleys at 7 Mile and Mack, Wrigleys at Mack and St. Clair, and Wrigleys, Kercheval on the Hill; A & P in the Village; Krogers at 7 Mile and Mack and Krogers in the Village; the J. C. Penney Store at 7 Mile and Mack; Jacobson's in the Village; and the Food Fair on Mack near 8 Mile.

Store captains for these sales will be Mrs. William Smothers, Mrs. George Am-luxen, Mrs. Fred W. Adams, Mrs. Frank Senese, Mrs. Frederick Bohl, Mrs. Richard Huegli, Mrs. Paul J. Gerhard-stein, Mrs. Wayne Blow, Mrs. Harry Bradshaw, Mrs. Curt H. Hempel, Mrs. Robert Glaesner, Mrs. Donald Kammer, and Mrs. Henry F. Koll. The selling will be done by mothers of girl scouts, and by the girls themselves after school hours.

Two types of cookies are available, chocolate mint and sandwich cremes. Both types sell for 45¢ a box.

## Barnes Brownie Troop Revives Vaudeville

To mark the founding of the Girl Scouts in the United States 46 years ago by Juliette Low the Girl Scouts and Brownies of John R. Barnes School staged an international Friendship Rally, "Around the World in 80 Minutes" last week. Here Brownie Troop 2260, in top hat and tails, dance an old fashioned English

Vaudeville Act. MRS. DELL WAREHAM and MRS. JOHN SIMMONS are the troop leaders who rehearsed the chorus routine. The show was directed by MRS. CARL NOLTE and MRS. LEE VAUGHT did the announcing.

## Pointers to Pour At Symphony Teas

Past Presidents of Women's Association for the Detroit Symphony will Preside at Fashion Shows and Teas, March 11 and 12 at Hudson's

The Women's Association for the Detroit Symphony Orchestra is celebrating their 30th anniversary via fashion teas, March 11 and 12 at 2:30 p.m., at the J. L. Hudson Co.

This year, past presidents are being asked to pour and in this group are such Grosse Pointers as Mrs. J. Dwyer Kinnucan (1935-37), Mrs. Winfield Scott Jewell, Jr. (1947-49), Mrs. J. Leslie Berry (1954-56) and Mrs. Harold O. Love (1956-57).

Pointers on the board of directors include Mrs. David M. Sutter, Mrs. Alexander W. Blain, Mrs. Edward A. Bau-mann and Mrs. V. Everett Kinsey.

Mrs. David L. Gamble, as chairman of the Ways and Means committee, has asked Mrs. Henry R. Klein, Mrs. Milton W. Volkens and Mrs. Charles L. Jacobson to be in charge of the tickets . . . which are completely sold.

Mrs. Henry deSegur Lauve

is in charge of the hostesses and the tea. Among the many Pointers who will act as hostesses are:

Mrs. Edward J. Donovan, Mrs. James B. Webber, Jr., Mrs. John P. Mansfield, Mrs. Thornton E. Waterfall, Mrs. R. Alexander Wrigley, Mrs. Donald A. Martin and Mrs. Edward A. Smith, Jr.

Also, Mrs. W. Brace Krag, Mrs. Earl G. Myer, Mrs. Porter Strother, Mrs. Eugene Kon-stano, Mrs. Hansel Dwight Wilson, Mrs. J. Gordon Hill, Mrs. Walter Cavanaugh, Mrs. Robert Rodgers, Mrs. John W. Gaberson and Mrs. Philip C. Baker.

It seems to be that in the scheme of life the ideal husband and wife are two of a kind who never make a pair.

## Alistair Cooke Here March 13

Alistair Cooke will be the final speaker, March 13, of Grosse Pointe Celebrity Series. Often called "the man who knows more about Americans than Americans do," the transplanted Englishman (now an American citizen) explains this title thus:

"If you are a goldfish or if you swim with them long enough, it is impossible to say what are the characteristics of a goldfish. But if somebody slaps a mackerel into a goldfish bowl, you can see at once all sorts of things goldfish have and the other things they lack."

Although best known for his brilliant job of conducting the TV offering "Omnibus," Mr. Cooke is even more famous abroad for his unique interpretations of us to the British. He is Chief American Correspondent of The Manchester Guardian and since 1938 has broadcast regularly over BBC on U. S. affairs.

As usual, the program will be held at the Esquire Theatre and will be followed by a speaker's luncheon at Al Green's.

Mrs. Harther Keim has announced that next Fall's lecture schedule has been completed and will be made known in the near future.

## Nine Colleges Sponsor Talk

Alumnae from a group known as the Smaller Eastern Colleges for Women are making plans for their annual jointly-sponsored dinner meeting to be held March 18 at the Women's City Club of Detroit.

The Skidmore College Club members, who will act as hostesses this year, are also completing final arrangements for the evening speaker who will be Skidmore's president emeritus, Dr. Henry T. Moore.

Dr. Moore, who has recently retired after 32 years with

Skidmore, will be introduced by Mrs. Harry O. Hoyt of Birmingham, alumnae club president.

Dr. Moore, who has distinguished himself in the field of psychology, was chairman of that department at Dartmouth College before accepting the presidency at Skidmore.

An alumnus of the University of Missouri, he received a Master's degree from Yale and his Ph.D. degree from Harvard. Honorary degrees have been awarded to Dr. Moore from

Russell Sage, Dartmouth, Union, and Skidmore Colleges.

The clubs of Wells, Benning-ton, Wheaton, Sarah Lawrence, Simmons, Connecticut College for Women, Pembroke, Elmira, and Goucher are expected to be well represented at this dinner.

Invitations for this meeting are being extended to all alumnae from the above-named colleges and their parents, prospective students and their parents, and friends interested in the development and growth of women's colleges in the East.

## Milton O. Cross Feted at DAC

Milton O. Cross, Jr., of Hampton road, was feted on his birthday anniversary last Friday, with a dinner party at the Detroit Athletic Club. Plans had been kept so secret that the party was a perfect surprise to the honoree.

The festivity was given by Mr. Cross' brother and sister-in-law, Mr. and Mrs. Ralph E. Cross, and the surprise was achieved by the Ralph Crosses casually inviting the Milton Crosses to attend the DAC's dinner-floor show week opener that evening. Of course Mrs. Milton Cross was in on the secret.

Guests already were seated at a long flower-decked table when the foursome arrived. Then "Happy Birthday" by the Dick Barlow Orchestra greeted the amazed honoree. It was an evening of dining, dancing, the floor show entertainment by Rolly Rolls, pianist-comedian, a birthday cake and more dancing.

## Devils Co-Champions In Border Cities League

As expected the Grosse Pointe Blue Devils and Highland Park Polar Bears wound up their Border Cities League basketball campaigns with identical 9-1 records to become co-champions. It marks the second time Highland Park has been forced to share the title over the past nine seasons. The only loss either team suffered was to each other.

Grosse Pointe tripped Wyandotte, 55-44, in the final game last Friday, February 28, and on the same night Highland Park found a soft touch in Royal Oak winning 85-42.

The Devils had plenty of hustle in the Wyandotte game which was sparked by co-captain "Torrid" Tommy Woodruff who notched 19 points for individual honors and continue his bid for an All-State berth. Pete Wade, subbing for the injured co-captain Bruce Boardman, turned in a creditable performance. It was his two quick baskets early in the game that kept the Devils a lead they never relinquished. Wade wound up with 11 points which gave him runner-up honors with Wyandotte's Hardin.

Actually Wyandotte had a better shooting average from the floor but it was the Devils accuracy from the foul line that paid off big dividends. The Pointers hit on 11 of 17 charities while Wyandotte was making 10 of 20.

The Devils played it close to the vest going into the last period, stalling away the clock and contenting themselves with only sure shots to keep Wyandotte from getting control of the ball.

**Lose to Ferndale**

Just four nights before the Devils dropped their second game of the season when they bumped into once beaten Ferndale and lost a thriller 69-56 before a 2,500 partisan Riallitter crowd.

The loss cost the Devils a chance for the Suburban title

## Double Win Ends Season

Grosse Pointe's three beaten reserve basketball team ended its season on a winning note and Wyandotte last week. The double win enabled the Devils to lock up the 1957-58 season with a 13-3 record. This is a creditable performance for a team that is composed entirely of tenth graders. It also is a feather in coach George VanderWeyden's hat in his first year as reserve game mentor.

Once beaten Ferndale felt the sting of the Devils on Tuesday, February 25, and dropped a thrilling 50-43 decision. The Devils jumped off to a two point 13-11 first quarter lead after trailing 11-2 at the outset. Once ahead the Devils were not to be denied and continued to set the pace behind the sharpshooting of Ron Schram who notched 16 points for individual honors and Ron Harper who collected 12. Jim Howard annexed runner-up scoring honors with 13.

Schram paced the Devils in the first half with 13 points and when he eased off Harper took over to score 10 of his 12 points in the final two periods. Holding a 39-35 edge going into the final period the Devils went into a stall which forced Ferndale to foul repeatedly giving the Devils 13 charity tosses of which they cashed in on 9.

Against Wyandotte the Devils experienced little trouble as Ron Schram posted 25 points for individual honors. The Pointers jumped into an 18-7 first period lead and boosted it to 40-20 at halftime.

## Church Cage League in Tie

By Judy Renke

Grosse Pointe Congregational was able to tie Christ Church for the 'A' League leadership when Ken Stanley tossed in a last-minute basket.

The two teams got off to a very slow start, but the third quarter found them to be at an 18-18 deadlock.

Defensively the game was quite tense and extremely close.

It wasn't until the fourth quarter, with Ken Stanley doing all the scoring for Grosse Pointe Congregational, that they were able to pull away from St. Paul's with a much needed 26-22 victory.

Christ Church, unwilling to relinquish their hold on the number one spot, squeezed out a 33 to 32 win over Grosse Pointe Woods Presbyterian.

Christ Church's 9 point lead in the last two minutes of game time rapidly dwindled to one as the result of sloppy ball handling and over excitement.

However, on the foul line Christ Church was pure poison making good 13 out of 20 fouls.

Another failure to field five men at game time resulted in Grosse Pointe Memorial's forfeit to St. Michaels, which sent them spinning into last place in their division.

### Senior Division

Christ Church	4	1	
G. P. Congregational	4	1	
St. Paul	3	2	
G. P. Woods	2	3	
St. Michaels	1	4	
G. P. Memorial	1	4	

In the junior division, Grosse Pointe Methodist downed St. James 18 to 15.

Grosse Pointe Methodist has now won more games than any team in all three leagues with a total of five.

Christ Church suffered defeat at the hands of Grosse Pointe Memorial; they were beaten by the score of 32 to 22.

Grosse Pointe Memorial enjoyed a relaxing lead from the beginning with Carry Critchfield netting 11 points in the first quarter.

Our Lady Star of the Sea has now lost all five of their games when they were forced to forfeit to St. Pauls in last Saturday's game.

### Junior Division

G. P. Methodist	5	0	
St. James	3	1	
G. P. Memorial	3	2	
St. Clare	2	2	
St. Paul	2	2	
Christ Church	0	3	
Our Lady S. of S.	0	5	

There is a three-team deadlock in the Freshmen division with all three teams having won four and lost none.

St. James, one of the top three, set back Our Lady Star of the Sea when they defeated them 24-10.

St. James' biggest scoring quarter came in the first when they scored 10 points while Our Lady of the Sea did most of the scoring in the third when they tabulated 6 points.

The score was 19 to 9 in the Grosse Pointe Congregational-Grosse Pointe Methodist game with Grosse Pointe Congregational on the upper end of the score.

G. P. Congregational scored 9 points in the first quarter, did not score in the second, added 4 more in the third, and finally ended up with a 19-point total. G. P. Methodist had very light scoring throughout the contest. St. Paul evened out their record in the win-loss column when they knocked St. Clare 29 to 13.

St. Clare did not prove much of a challenge after a very slow first half.

Grosse Pointe Memorial became the third forfeit of the day when they ceded the game to Grosse Pointe Woods.

At the outset the Friars were cold and De Busschere carried the team by scoring 13 points to lead the Friars to an 18-10 first quarter lead. In the second period he scored 8 of the Friars 10 points to give Austin a 28-21 halftime margin. Had it not been for Ed Stewart, Northeastern would

have been out of the ball game at the end of the second quarter. Stewart, who caged 28 points for runner-up honors behind DeBusschere's 32 points, notched 12 points in the first half and continued to duel De Busschere throughout the rest of the game in a losing cause.

**Schoenherr Shoots 14**

As DeBusschere eased off in the scoring in the final two periods Russ Schoenherr picked up the slack when he banged home 14 points, eight in the third quarter, to become the Friars' second highest point getter. The final period saw the Austin reserves take over after Coach Chuck Hollosy withdrew his star DeBusschere in the fading minutes of the game amid a thunderous standing ovation led by the impressive white shirted all boy Austin cheering section. The game was held up fully two minutes while De Busschere received his richly deserved tribute.

The defeated Northeastern was better in two departmentals, free throws and personal fouls. They caged 8 of

14 charity tosses as compared to Austin's 13 of 23 attempts and they had 13 personal fouls called against them to Austin's 15. However, in the field goal department the Friars were better by a country mile getting 25 to Northeastern's 16.

**Star Receives Award**

At the conclusion of the game the Metropolitan championship trophy was awarded. Usually this honor is reserved for the winning coach but Chuck Hollosy, in this instance, stepped back and proudly watched his star receive the award.

As the team tramped toward the locker room De Busschere, clutching the beautiful trophy, probably took more of a physical beating from his congratulating teammates than he did during the rough melees under the boards during the contest. It was a great tribute to the greatest local player and possibly the greatest prep player in the state today.

## Large Crowd See Austin Cagers Capture City Title

Austin's magnificent Friars walloped Detroit City champion Northeastern 63-40 before the second largest crowd to ever jam the beautiful U of Detroit Fieldhouse last Friday, February 28.

The win enabled the Friars to extend their 1957-58 victory streak to 17 during which time they have captured the Catholic Central division crown; the Metropolitan title and the number one spot in the State Class A ratings.

All that remains for Chuck Hollosy's crew is the BIG ONE the coveted and elusive State Class A crown — which is the pinnacle all schoolboy teams hope to reach. If the Friars are successful in their drive to the State title they will also add a regional trophy to their already bulging trophy case in the school which is located on the Grosse Pointe-Detroit borderline.

### Class A Finals Ahead

With "Devastating Dave" DeBusschere in the lineup many local sports writers are picking the Friars to go all the way and capture the Class A crown in the March 22 finals at East Lansing. The Friars just missed the coveted crown last year when beaten in the finals by Muskegon Heights.

Why De Busschere is a "MUST" in the Friar lineup is reflected in the manner in which he performed in leading Austin to its championships. To say De Busschere was the whole show would not be correct, BUT if he had not been in the Friar lineup Austin would have been just another good team instead of the great one it is today.

For example: in the Catholic tournament De Busschere set a new individual tournament scoring record with 88 points on games of 37-33-18. Against the once beaten Detroit City champion, Northeastern, Dave notched 32 of the Friars' 63 points. True in all of these games the rest of the Friars had to come up with the necessary points to insure victory, but if it hadn't have been for DeBusschere's outstanding scoring performances Austin would have wound up on the short end of the score in all but two of the post-league games.

**De Busschere Tops**

Probably De Busschere's most impressive performance came in the game against Northeastern who had the advantage in height over the Friars. Despite the double teaming the Falcons used to stop DeBusschere, it was to no avail. Dave not only paced the scoring but led both teams in rebounding under both backboards.

**DEBUSSCHERE**

14 charity tosses as compared to Austin's 13 of 23 attempts and they had 13 personal fouls called against them to Austin's 15. However, in the field goal department the Friars were better by a country mile getting 25 to Northeastern's 16.

### Pfc. James Kinville With 4th Division Art.

FORT LEWIS, Wash.—Pfc. James E. Kinville, son of Mr. and Mrs. John P. Kinville, 953 Westchester road, is training for artillery battalion tests that

will involve the firing of simulated atomic shells. Pfc. Kinville is serving as weather observer of the 4th Division Artillery's Headquarters Battery. Army training tests of the division's artillery battalions are scheduled here in April.

### Blue Devils Clip Wyandotte

Two swimming records were wiped from the Grosse Pointe High record book Friday, February 28, as the twice-beaten (once in league) Blue Devils swamped Wyandotte 63-29 in the last home meet of the season.

Co-captain Chuck Babcock erased Eddie Pongrac's 200-yard school and pool record from the books with a blazing 2:01.0. The new mark was a full one and four-tenths of a second faster than the old one set by Pongrac last season. Bill Black, a state champion from Fordson, held the pool record for three years before Pongrac cracked it.

Babcock, preparing for the State meet at East Lansing, March 14-15, marked the second week in succession he cracked school and pool records. Just a week ago he erased Harry Huffaker's 100-yard freestyle mark. Both Pongrac and Huffaker are currently swimming for the University of Michigan.

The other mark to fall was the 160-yard medley relay in which Co-captains Les "Clutch" Cutler, Chuck Babcock and John Nicholson and Mike Grow chalked up a new mark of 1:24.0.

This was the last meet for 12 seniors who were introduced to the overflow partisan crowd before the start of the meet by athletic director Frank Banach. Coach Paul Wheeler gave them all a chance to perform before the home audience for the last time. The seniors were divers Paul Alcott and Pat Amneus, co-captains Les Cutler and Chuck Babcock, Mike Grow, Frank Erbecker, Bob Hackathorne, Henry Hey, Mike Kroeyer, John Thorne, Steve Vander Voort and John Whitton. All but two scored points in the lopsided victory. The two that didn't just missed by an eyelash when the Devils 160-yard speed relay team was barely touched out in the final event.

A school monogram has been evading tenacious Mike Grow all through his high school career but he made sure he would get one this time when coach Wheeler entered him in the 100-yard butterfly event. Staging a whirlwind finish over the last 20 yards Mike came from behind to take the event and score the necessary points needed for the monogram. There wasn't a happier guy than his dad, Skip, who hasn't missed a meet this year.

The Devils took no chances of being upset and slammed the first four events to take a comfortable 32-4 lead. From there on it was a downhill slide. The victory gave the Devils a brief sole leadership in the BCL race as Fordson didn't swim its meet until that night against Monroe.

The Devils were hoping the Trojans could turn the Tractors back and if they did the swim crown would belong to the Blue Devils. Fordson wouldn't cooperate and beat the Trojans 50-46 to remain in a two-way deadlock with the Devils for first place.

### Goebel Leads In Pin Loop

The Goebel team made a clean sweep of its match with last place Belding last Friday, February 28, and took over sole possession of first place in the Grosse Pointe Businessmen's Bowling league. Goebel set a new team series mark of 2735 as every man on the team posted three game series over the 500 mark.

John Hall set a new single game record of 246 as he paced Larry's to a three point win over ninth place Adam Simms. The victory created a two-way deadlock for second place with the Wigle team which lost three points to Cramer. The win enabled Cramer to move out of the basement and into a two-way tie for ninth place.

G.P. Recreation took over sole possession of sixth place with a three point win over Revere.

Woods jumped into a tie for fourth place by beating Cox and Baker for three points.

Two-hundred plus scores were a dime a dozen with just that many being posted by John Hall 246; Ray Regner 239; Swede Janson 236; Herb Miller 234; Dick Griebie 214;

Jerry Fredricks 213; Ernie Borg 210; Mel Young 209; Jack Baker 208; Ray McDonnell and Zap Aalto 202's and Fran Ferrand 201.

Slate gray clapboard, bowed windows, and white trim has completely modernized the old grocery on Fisher and Grosse Pointe boulevard which has one of the oldest histories of any site in the Pointe. Soon to be a professional office this building has been a store, our first pool hall, and a farm.

In 1808 Batiste Ambrose swore in a court of law that this land claim No. 300 had belonged to Michel Rivard since 1796. Mr. Rivard the claimant signed his mark at that time to a law deed, being unable to write. His land was measured in arpents back in the years before the War of 1812, and stretched to the lake, bounded on the northeast by lands owned by Louise St. Bernard, and on the southwest by the farmland of his relative Charles Rivard.

When Michel died his son, Oliver, inherited the farm on the condition that he support his brother Maguire as long as the latter lived and as long as Maguire "shall" conduct himself in a quiet, orderly and brotherly manner as he has heretofore done. Evidently the rest of Michel Rivard is prodigious family pleased him little for in his will dated July 8, 1943, he left young Michel, Antoine, Abraham, Francois, Louis, Eulalie, Cecile, Agnes and Genevieve the sum of one dollar. What could they have done?

Oliver in his turn died, and left the property in the care of his son, Charles. Their was no will and Charles did not qualify as an executor, for reasons not named, so the property fell to David Trombly, a son-in-law. The huge tract was then divided up into six parts, the plot on Fisher and Maumee sold to William B. Moran, executor of the A. J. DuCharme estate by Charles Rivard and his wife Philomena.

By 1879 the corner lot known as parcel 4 had passed from the Rivard hands into those of Rolin Amsden for \$100. The land was sold at public auction in 1886 to Caroline V. Cadieux for \$2,000 so property had begun to boom in the new resort. The area was becoming the first shopping center. There was a florist shop, a plumbing office and an express office which carried freight and passengers once a day to the city by horse and wagon already located on Fisher road. The merchant Joseph Berry had a big barn on the road, too.

Caroline Cadieux sold the lot to a Trombly who in turn sold it to Philip Drouillard, a single man, who resold it for \$1.00 and "other considerations" back to the Tromblys. Sometime during this period the pool hall building was erected and many Rivard, Tromblys and Cadieux shot their first game of billiards on tables here.

For the past score of years a grocer, Nick Musmansk, has sold food and sundries, entertained the lunch crowd from the High School here. On his death last year his widow sold the land to architect Dick Kimbrough who is remodeling the building for professional offices. Another family homestead has passed into history.

DICK ROECKELEIN, OF CHRIST CHURCH

—Picture by Fred Runnells

By PATRICIA TALBOT

It's hard to believe that youthful Dick Roeckelein with his Ivy League air has written a scholarly Mass which was presented at Cambridge University last summer. He doesn't look much more mature than the choir boys he directs at Christ Church where he is also organist.

Mr. Roeckelein, not too many seasons past, was a music student himself, at Syracuse University. He studied and played at the Washington National Cathedral while putting in his service with the Army. While still in uniform he came here to apply for his present position. After graduation from college and before his Army duty he had taught at Drake University but his position at Christ Church was his first big opportunity.

As organist and choirmaster he has quite a schedule. In his small office lined with filled music off the choir room he plans all the church music about six weeks in advance according to the scripture for that week then the program is checked by the Rev. Erville Maynard, rector of Christ Church. His choir of 30 boys, 7 altos and 8 men rehearse twice a week. In the Episcopal Church the choir boys are paid for their time. This means a lot of bookkeeping for the choirmaster, who docks them if they are absent or late. With his boys choir which sings at the 11 o'clock service, Mr. Roeckelein also has a girls choir which takes the earlier Sunday morning service.

### Festival Choir

At this season, with his other duties, young Mr. R. is also in the midst of preparing for the spring concert of the Festival Choir, a community group. This chorus will present the St. John Passion on April 27. In his spare hours the choir-master teaches voice, piano and organ to a number of promising pupils. He also plans several Evensong concerts at the church during the year.

Mr. Roeckelein began studying the piano when he was eight years old in Syracuse. His sister, Joyce, shares his interest and talent, and she plays the violin. On a visit here during Christmas she played with her brother. At 16 Mr. R. began his studies at the organ and went to

Syracuse U on a music scholarship. He realized that his musical interests were liturgical and although a Lutheran he decided that Episcopal music was to be the main theme of his career. Since both the Lutheran and Episcopal Churches are liturgical he did not find it difficult to change. He was confirmed in his new faith by the Bishop of Maryland.

### Studied at Cambridge

Last summer the young musician went to Cambridge to continue his studies and also to begin Italian. While he was there he wrote his Mass. He loved Europe and found the scholastic atmosphere at traditional Cambridge extremely sympathetic to dedicated study. He can't wait to return and is now working on his master's degree at the University of Michigan along lines that he began in Cambridge. In looking ahead to the climax of his musical career he hopes, modestly, to conduct someday, when he is ready for this new challenge.

Looking not much older than his choir boys creates a problem in discipline with his angelic voiced (and hoediously behaved) crew. Latest prank of the lads was to sign up their choirmaster for a drivers training course at GPHS and also give him a subscription

to the latest USSR magazine.

### Has Harpsicord

Not content with spending every hour of a very full day with chords and chorals Mr. R.'s favorite off duty recreation is music. He has a rare harpsicord in his apartment above the Maynards' rectory. He likes evenings of music following one of his bachelor dinners. His best menu is pork chops baked in cream with apples and brown sugar. Like many Easterners he loves to ski and this has been a fine winter here for that sport. Last summer he began taking flying lessons from the father of one of his choir boys in his instructor's sea plane anchored nearby on the lakeshore.

Yearning to return to Europe and the creative opportunities it offers Dick Roeckelein is inspired to create the best church music possible for his parish members, to instill in his choir boys a real love and understanding of the music they sing, to learn and prepare for a musical future which promises to be brilliant.

## Puppets to Act With Concert

After a year of preparation, "Billy the Kid" will be presented March 15, at 11:00 a.m. in the Ford Auditorium by the Detroit Puppet Theatre and the Detroit Symphony Orchestra, under the baton of Valter Poole.

This is a culmination of a dream born some three years ago when symphony officials, Edgar P. Richardson, director of the Detroit Institute of Arts and Gil Oden, Curator of Theatre Arts, first considered combining their efforts. The puppet production is based on the life and times of Billy the Kid, written in the florid style of the period. George Latshaw, who designed as well as directed the production, visited the southwest where Billy's career with a gun became legend. The town with dirt sidewalks and adobe buildings seemed remote from our modern world and as Latshaw says "It looked as if it might have been waiting for Billy the Kid to ride into town once again."

The production will give Detroit audiences the opportunity to see something unusual in the field of puppetry. Specially designed puppets, some of which range from eight to nine feet tall, will be manipulated by figures creating a special "cloak of invisibility" by dressing in black and wearing black hoods.

Tickets are on sale at the Ford Auditorium and Grinnells. The program will be repeated April 5.

The flowers that bloom in the spring... are now blossoming in the lovely new Boutique Fleures at Jacobson's Home Decorative Shop. Gardens full and fragrant! These delightful plastic frauds look so real you'll want to water them. Hardly believe your nose BUT they are scented... authentically! By the way, the new chintz spreads and curtains... reflect the floral motif... the bright sparkle of yellows and blue-greens... forecast spring.

*Tweed transcends all the seasons! When suddenly it's spring... you'll meet it in a light, breezy manner wearing the debonaire coat D. J. Healy offers. Woven of blue and white tweed... or beige. Straight of line... buttoned almost to the hem and touched with a white collar... misses sizes... about seventy dollars.*

Get in the swim... for southern sands we suggest an Empire style bathing suit from Margaret Rice. Pretty and packable it is a printed member of the sea-toned family. Made of fine imported fabric... hand embroidered to emphasize detail and line... about twenty-three dollars. Other swim suits... either sheath or skirted are now in at Margaret Rice.

Travel far and wide... with a sufficient supply of film from The Camera Center. Here is a unique plan! You take as much motion picture, color, polaroid film as you feel you need with you. If you don't use it, bring it back to The Camera Center for a refund. You can't go wrong... and you won't miss anything, pictorially speaking!

*Sale-ing along... the excellent values at Wanamaker's Studio... Mack Avenue. Everything on the floor is marked down. Included are upholstered pieces, coffee tables... (one sunburst mosaic tile is pure drama). French, Early American, English and modern are featured.*

Travel well organized... via Elizabeth Arden's fitted cases. Take along a balanced supply of beauty aids... carefully chosen to cover every glamour need. A particularly handsome one is of black and white check with patent leather. Elizabeth Arden cosmetic cases... from twelve dollars... at Trail Pharmacy.

Springboard... to a better figure! You have your choice at Ann-Louise of two methods of slenderizing... hand massage AND the Figurama table. Both are excellent for hip-nipping, figure smoothing or relaxation. A fine staff featuring Adelaid Crocker and Mary Henshell are just part of the beauty picture... call TUXedo 2-7511... for the entire story.

*Hand in glove with spring... ladylike and pretty... Crescendo puts fashion at our fingertips with their beautifully designed style-conscious gloves... see them at Jacobson's.*
