TWO NEW INSTANCES of violence in public schools were reported to police Wednesday. Two students were stabbed at McMichael Junior High School and a Washington Trade School teacher was assaulted. These acts followed the beating of a Denby High School woman teacher and the stabbing of a 14-year-old student at Jacoby Elementary School on Tuesday. Meanwhile it was learned that a Denby librarian was injured six weeks ago by a student driver in a hit-run accident in the teachers' parking lot. There is no police report on the accident.

PRESIDENT EISENHOWER proposed Thursday an unexpected far-reaching reorganization of the Defense Department to provide for "one single concentrated effort" in case of war.

The main provisions of the plan, explained in a 7,000-word message to Congress (where it is expected to stir up a major battle), would: 1) Give the Joint Chiefs of Staff clear-cut operational as well as strategic planning responsibilities over global military forces in unified commands. 2) Give the Secretary of Defense full authority over the spending of appropriations voted by Congress, including the right to transfer funds from one service to another. 3) Relieve the secretaries of the Army, Navy and Air Force of combat operational responsibilities and downgrade the traditional military departments into administrative "agencies of the Department of Defense."

REBEL LEADER FIDEL CASTRO declared Friday that a state of "total, implacable war between the people of Cuba and the tyranny of Batista" will open Saturday at one minute past midnight.

Sunday, April 6

LANA TURNER'S 14-year-old daughter, a lonely, pathetic figure, was turned over to juvenile authorities Saturday after killing her actress mother's gangland boy friend. Cheryl Crane said she stabbed Johnny Stompanato, 32, in the stomach with an eight-inch carving knife late Friday night because she thought he was going to disfigure her mother.

A CAPITAL AIRLINES Viscount exploded in the air while coming in for a landing at Tri-City Airport near Midland, Mich., late Sunday night. Forty-four persons were killed. The crash was the worst air tragedy in the continental United States in 1958.

The Viscount crashed in a muddy field a half-mile south of the airport at which it was scheduled to land at 11:20 p.m. It had left Willow Run Airport about 10:15 p.m., which originates in New York, then goes to Detroit, Flint, Saginaw and Chicago.

THE LEGISLATURE turned thumbs down Monday night on a proposal to turn to sweepstakes to finance State needs. The Constitutional amendment offered by Rep. Edwin Fitzpatrick, Detroit Democrat, to exempt such undertakings from the lottery ban failed to pass the House.

Wednesday, April 9

ROBERT F. KENNEDY, chief counsel for the Senate labor racket committee, arrived in Detroit Tuesday to take personal charge of an investigation into activities here of the Teamsters juke box union. Also under investigation, Kennedy revealed, are other facets of the Teamsters not covered in previous hearings. "Some of these involve Teamster President James R. Hoffa and some do not," Kennedy declared.

Local Water Sports Site Shrinking

Meager snowfalls in the north country and an ice jam in the St. Clair River this past winter have caused Lake St. Clair's water level to drop to its second lowest point on record. Currently, the lake bottom can be seen at various points along Lakeshore drive as is evidenced in this picture which was taken at the boundary line between the Farms and Shores. The seawall which was constructed in 1929 appears to be of little

importance at this time but it nearly proved to be inadequate in March 1951 when the lake lapped to within two feet of the top and surging waves washed away nearly 50,000 tons of earth before the layers of concrete slabs, acquired when Mack avenue was torn up in 1953, could be put into place. The lowest lake level was recorded in 1934. The black arrow measures six feet of exposed lake bottom.

Symphony Concert Set For April 20

Mischa Mischakoff, of Detroit Symphony to Be Violin Soloist

Grosse Pointe Symphony Orchestra members, under the direction of Henri Nosco, are busy in rehearsal for their final concert at the school, which will be held Sunday, April 20, at 3 p.m. Parcells Junior High School that day will be violinist Mischa Mischakoff, the concertmaster with the Detroit Symphony Orchestra. He will be featured in a Beethoven Concerto in D Major. Mr. Mischakoff, in addition to having held the first chair with many prominent orchestras throughout the world, is also in great demand as concert soloist having first made his debut at the tender age of six.

Girl Scout Mariner Troop 385 will serve as ushers at the April 20 concert. Among the ushers are: Sue Carl, Lindsey Crooks, Carl Cummins, Nancy Easton, Karen Holvick, Edie Morris, Margaret Quigley, Lauren Remillet, Sue Tillitson, Fran Vaughn, Kathy Vestal. The Grosse Pointe Symphony Orchestra Society is anticipating a capacity crowd. (Continued on Page 2)

88 Men Work Full Time To Keep School Property In Tip-Top Condition

\$20,000,000 Worth of Buildings and 134 Acres of Land Require Constant Attention of Crew of Maintenance Workers

Keeping the Grosse Pointe Public Schools in tip-top shape is a big job, Superintendent James Bushong announced. "Eighty-eight men devote their full time to this important task," Bushong said. "The equivalent of 20 acres of floor space are cleaned every day."

At the present time the school system's buildings are valued at \$20,000,000 and school land amounts to 134 acres. Great care is exercised in

Four-Year-Old Struck by Car

Four-year-old Molly Patton was struck by a car Friday as she ran across the street near the home of her parents, Mr. and Mrs. Stanley R. Patton, of 1690 Bournmouth. Molly was taken to St. John Hospital, where Woods police were told she had suffered a minor skull fracture. She is expected to return home within a week.

The driver of the car was Martin Hoekstra, 37, of 21618 Prestwick. Witnesses said he was driving slowly, had no chance of avoiding the child, and no charges were placed against him.

Pedestrian Hit By Motorcyclist

A motorcyclist and a pedestrian were injured on Thursday, Wednesday, April 9, when the cyclist lost control of his two-wheeler in front of 240 Provencal.

Injured was Edward Lee Lardie of 22608 Liberty, St. Clair Shores, the pedestrian, who was taken to Bon Secours Hospital by firemen, for treatment of a possible fractured right leg.

Bruce E. Burnett of 1391 Oxford, the cyclist, was also taken to Bon Secours. He suffered a broken nose.

According to the accident report, Burnett was going south on Provencal on his cycle, when Lardie came out into the street from between parked cars.

Burnett stopped about four feet away, and then proceeded to go behind Lardie, who at the same time also stopped and then started to cross the street. Burnett lost control and hit the other man.

Police gave Burnett a ticket for not having his motorcyclist under control and causing an injury accident.

Incumbents Winners at Woods Polls

Sticker Candidates Beaten As Only 2,080 Qualified Electors Cast Ballots

The Grosse Pointe Woods Council will be presided over by Mayor Kenneth Koppin, of 1271 S. Renaud, for the next two years. This expectation became a reality Monday when the Woods went to the polls and voted their Mayor in for a third term, at \$600 token-salary a year.

A last-minute campaign by sticker candidate Charles Hanenman, former Detroit Lions player, failed to alter the results. Koppin was elected by an overwhelming 1,488 to 264 votes.

The real issue of the day was the contention between Judge Don J. Goodrow, aiming for a third term, and School Board member Frank D. Dougherty for the position which pays \$1,800 and insures a four-year tenure. Dougherty opposed Judge Goodrow for the third consecutive time and failed for as many attempts. Goodrow was re-elected 1,201 to 763.

Councilmen Re-seated

Councilmen re-elected were James J. Hunt, Harry C. Pratt and Kenneth R. McLeod, with votes of 1,273, 1,270 and 1,427 respectively. The three write-in candidates polled a total of less than 800 votes, with Marvin R. Boutin copping 268, Carl A. Toth, 201, and Arnold J. Liebold 85.

Because of a printing error on the ballot Liebold's name appeared as "Liebolt." That appellation seemed to appeal to voters more than the accurate spelling as 172 votes were cast for "Mr. Liebolt." Rex H. Johnston, Tom Bowling and Elsie Frederick will serve the remaining year of their two-year terms on the Council.

Though the polls closed officially at 8 p.m., due to the large number of write-ins the last votes weren't cast until 10:11. In addition to the write-ins for Boutin, Toth and Liebold, there were 46 miscellaneous votes.

Memorial Center Campaign Reports Show Slow Start

Drive Results \$2,000 Behind Comparable Date Last Year; 748 Donors have Contributed Total Of \$9,116 of Needed \$37,500

Receipts from the first week of the Grosse Pointe War Memorial's 1958 Annual Family Participation campaign showed donations coming in a little slowly. With many people still on vacation and others busy with Easter, funds received so far this year are over \$2,000 behind that of 1957. As of the 6th day of the campaign, \$9,116.11 has been received from 748 families. The goal this year is \$37,500, \$2,500 more than in 1957.

The War Memorial Center is asking for only one quarter of its operational budget to be contributed from the residents of the five Grosse Pointes. The rest of the needed funds come from generous special donors, dividends and interest from investments and receipts from activities and services rendered.

Charges Kept Down
Service charges have purposely been kept at the same low rates since the Center's inception in 1949 so as to allow as many community groups as possible to use the Center. Meal charges to accommodate the many Pointe organizations desiring such service with their meetings have been increased only sufficiently to prevent subsidization. More and more worthwhile programs have been presented to the public free of charge.

The Center gives a great deal: free blood in case of emergency, free hospital equipment on loan, free cancer center service, free classes in braille transcription, free exhibits, free educational and informational films, free use by scouting organizations, free use by military groups, free use by Pointe service men or veterans for weddings or receptions, many lectures and concerts without charge, and free room use up to \$10 maximum janitorial charge for all Pointe organizations needing space for up to 175 persons in a room.

Many Free Events
Also the Memorial offers many free occasions such as the Community Christmas program, the New Year's reception to the new residents, hobby shows, plays and children's entertainments to name but a few.

The War Memorial's increased attendance during the season just ended, (nearly 15,000 more than previously), has stretched the use of the Center to its limits. It has also necessitated more staff hours and greater upkeep. Increased parking facilities are sorely needed. The \$1,500,000 building, a gift to the community, must be kept in repair.

To continue to service and provide the facilities which Pointe groups and individuals have come to look to the Center for will cost \$135,455.00 in the fiscal year 1958-1959. It is hoped that every Grosse Pointe family will contribute to the Center's current drive to the extent they are able. No gift is too small and all are greatly appreciated. All gifts to the Center are income tax deductible.

Driver Flunks Trial By Jury

A Shores jury found William L. Donner, 20, of 30452 Krauter, Garden City, guilty of reckless driving after only five minutes deliberation.

The case was heard on Wednesday, April 2, before Shores Judge John Gillis, who fined the defendant \$100 and placed him on probation for one year, forbidding him to drive within that time.

Donner was arrested by Shores Patrolman Joseph Vitale at 2:20 a.m. on February 15, while driving on Lake Shore road. When charged, Donner demanded the jury trial.

Serving on the jury were: Paul Barker, Wilmer Krough, Gloria Crawford, Georgia Fuchs, Merita Babcock and Ben Beyer.

A trial by jury in the Shores is rare, according to Police Chief Fred Duemling, who said that he could only recall two other such trials during his 33 years with the police department.

25 High School Students Share Literary Awards

By Cindy Lippincott, 12B
Twenty-five Grosse Pointe High School students won 35 journalistic and literary awards in the annual Southeastern Michigan Scholastic Writing Awards contests. This put the school in fourth place among 58 schools placing in the senior division. Over one-fifth of the awards given to 25 schools in the journalism classifications went to Grosse Pointe, making it the undisputed winner in this field. The closest rival to Grosse Pointe's 25 journalism awards was Mumford High School, with 19.

Only one student exceeded the number of awards won by Sue Cumberworth, senior and managing editor of The Tower (the High School's weekly publication). Sue received gold

keys for an editorial, "Racial Understanding Key to World Goals," a group of poems, and for her column, "Puddle Jumping." She also won two honorable mentions for a critical review and an interview.

Dave Cook, 12A, took gold keys for his column, "From the Horse's Mouth," and a news story. He received an honorable mention for a write-up of last fall's Port Huron football game. Gold keys were also won by David Roll, 12A, for a sports story and a feature on basketball. Jim Arnold, June '57, has a key coming for a feature and a commendation for an editorial.

A critical analysis won a gold key for Pat Price, January '58. Nelson Smith, of the same (Continued on Page 2)

Trio Nabbed After Theft In St. Clair

Fourth Caught After Temporary Escape; Specialized in Robbing Bars, Gas Stations

The arrest of three men by St. Clair Shores police March 27 resulted in the breaking up of a 24-man burglary gang and the clearing of at least 22 burglaries in the Woods, Farms, Park, St. Clair Shores, Harper Woods and Detroit.

The gang specialized in the breaking and entering of saloons and gas stations, authorities said.

St. Clair Shores Patrolmen James Housey and John Diefenbach made the initial arrest, when they spotted four men leaving the scene of a burglary at Jefferson and Thirteen Mile road. Three were arrested and the fourth escaped, but was later arrested by Detroit police when he returned to his home in Detroit.

Those Arrested
Arrested in St. Clair Shores were Richard F. McDermott, 18, of 1545 Hillier; Lawrence Lautzenhiser, 20, of 2153 McEllan; and William Van Den Driesche, 27, of Springle, all of Detroit.

Arrested by Detroit police was Robert McDunn, 21, of 14610 Avondale.

Under questioning by St. Clair Shores detectives, the four admitted to the number of breakings and enterings. Woods police cleared up the burglary of the Roesch McKnight Furniture store, 19435 Mack, when Van Den Driesche confessed to that crime which he committed alone on March 26. He got away with \$14.26 in change. He will be tried in St. Clair Shores for the crimes he committed there.

Bar Robberies Solved
The Park cleared up burglaries of two bars, Champs Bar, 15007 Charlevoix, on February 12; and the Rustic Cabin, 15209 Kercheval, on February 24.

Involved in the Champ's Bar burglary were: McDunn, Donald Thomas, 23, of 1102 Lakeview, Detroit; Ralph Moore, 21, of 1441 Holcomb, Detroit; and James Eldredge, 17, of 1044 Concord, Detroit. They netted more than \$400 in cash and other loot.

Taking part in the Rustic Cabin crime were: McDunn, Thomas, Moore, McDermott, Robert Bays, 18, of 12617 E. Warren, Detroit; and Carl Hendricks, 23, of 2965 St. Jean, Detroit. They got 97 bottles of whiskey and more than \$85 in cash.

Warrants Obtained

A warrant was obtained against Eldredge and Bays by Park Det. Lt. Stanley Enders and Cpl. Charles French, charging them with breaking and entering in the night time.

Eldredge appeared before Park Judge C. Joseph Belanger on Tuesday, April 1, and pled guilty as charged. He was placed under \$5,000 bond, but when he could not meet this, he was remanded to the custody of the Wayne County Sheriff's Office.

Bays will be examined when he has finished a probation violation sentence of 60 days in the Detroit House of Correction. He was on probation for felonious assault.

Three youths were involved in the robbery that occurred March 4 at Gruber's Sunoco Service Station, Kercheval-on-the-Hill, in the Farms. Five tubes, six tires, some sunglasses and \$23 in silver were lifted at the time. Charles Leach, 23, of 2224 Pennsylvania, in Detroit, and his brother Richard, 20, of the same address, are two of the known culprits. A warrant for Charles' arrest has been issued but police are still trying to locate Richard.

The other men connected with the gang are being held by Detroit, St. Clair Shores, Harper Woods, the place of their incarceration depending on where their crimes were committed.

Besides the Pointe, Detroit cleared 13 burglaries, St. Clair Shores, four, and Harper Woods, one.

88 Men Work Full Time

(Continued from Page 1)
heating and ventilating, and
clocks and thermostats (main-
tenance), are typical of the
training they take."

The Grosse Pointe schools
operate a maintenance shop in
the Old Kerby School at 104
Kerby road. Here school work-
men repair and renovate
school equipment. They also
create teaching aids such as
Science or Art carts when the
occasion demands. At other
times these workmen can be
found in the school buildings
constructing or altering as the
need may be. Perhaps it is a
new bookcase that is needed,
a partition to be erected, cup-
boards to be built or some sim-
ilar task.

During the summer months
the maintenance men accom-
plish many necessary jobs
around and about the schools.
Roofs are repaired, fences are
moved, brickwork and mason-
ry are patched, and painting
and re-decorating is done.

Grounds Need Care
The extensive grounds re-
quire considerable attention
during the spring and summer
months. Playgrounds and ath-
letic fields are filled, seeded,
sodded, and kept mowed. Trees
are pruned, flower beds are
cared for and new plantings
of shrubs are made. Evidence
of the care and skill practiced
by the school staff is attested

to by the fact that usually one
or more of the public school
buildings rank highly in com-
munity contests for the best
kept grounds.

"Our maintenance Chief,
Klaas Jongens, is a good ex-
ample of the outstanding men
the Grosse Pointe Public School
System has," Husband con-
cluded. "Better known as
Nick, he came to work for
Superintendent Samuel M.
Brownell in 1928. Brownell
hired Nick for six days to fin-
ish some cabinets in the new
high school. He has worked
steadily ever since, progress-
ing in 1945 to the job he still
holds as my Chief Assistant."

"Harold Neff, the head en-
gineer at the High School, is
another fine example of the
high calibre employee who has
devoted most of his life to
school work," he said. "He has
been with the school system
since 1931."

Engineers Versatile
"The engineers of our schools
are highly trained and versa-
tile people. For instance, they
must know a good deal about
the State laws regarding health
and sanitation. Not only must
they know the law, as for ex-
ample the required chlorine
content of the water in the
pools, but they must know
how to maintain those condi-
tions."

"The engineers and cus-
todians are responsible for
many duties. One of our en-
gineers in describing his duties
at a meeting of the Board of
Education recently mentioned
a few of these. In his building
he said he had over 900 valves
to service; about 800 light
sockets; "innumerable electri-
cal outlets to maintain; up-
wards of 100 doors with their
locks, keys, latches, and door
closers; hundreds of children's
bicycles, some of which in-
evitably need additional atten-
tion to broken chains and re-
lated problems; and broken or
stuck zippers."

Unusual Accident
This same engineer related
an unusual accident which had
happened to the heating sys-
tem in his building. Finding
the building cold he checked
his thermostat and the ignition
system of the boiler and was
unable to find any trouble. He
executed an emergency pro-
cedure to start the boiler by a
manual process and succeeded
in warming the building. How-
ever, when he attempted to
put the furnace back on an
automatic basis the furnace
again refused to work.

Upon further checking he
finally located the trouble. An
Albino spider had inadver-
tently crept into one of the key
controls and as the thermostat,
calling for heat, closed the
electrical circuit some breaker
points snapped closed pinning
the spider between them. The
points were unable to make
contact and therefore the fur-
nace did not operate.

The pressure of the breaker
points closing was light enough
so that the spider was unin-
jured. The engineer released it,
the spider crawled away and
the furnace functioned.

It was in this latter capacity
that he was known so well.
He gave unselfishly and un-
stintingly of his time and
energy to children of all ages.

Many were the kiddies he char-
tered for the buses to attend
the football and baseball
games—and he could always
be counted on to scout up a
few extra ball game tickets at
the last minute for deserving
youngsters. Only a week ago
Saturday night he was honored
by the Alger Post No. 995,
Veterans of Foreign Wars
with a civic award for his out-
side contributions to the com-
munity.

Sgt. Deraedt was a member
of the Belgian-American Busi-
nessmen's Association, St.
Charles Society, Metropolitan
Club of Grosse Pointe, Boy
Scout Troop 455, and the
Wayne County Juvenile Offi-
cers' Association.

He is survived by his wife,
Priscilla Jane, and children,
John Sparks, 12B, was given
commendation for a critical
review, as were Sue McKee
and Linda Jolad, January '58,
for two more critical analyses,
also their English VIII term
papers. Another entrant in the
journalism division, Jack Da-
sef, 12A, received commenda-
tion for an editorial.

From the more than 9,000
manuscripts entered in the
contest, the judges chose 724
award winners: 162 of these
were gold keys. The award
winners will be honored at
ceremonies at the Detroit
Institute of Arts auditorium on
May 7. This is the third con-
secutive year Tower writers
have won more journalism
awards than any other school.

Whenever you admire a well-dressed man you notice that his clothes are different in a subtle, but unmistakable, way. He conforms to the same style standards, yet there is a distinction about everything he has on.

And you wonder where he gets them.

That's where we come in. Our Madison Clothes have just those slight but all important differences that achieve the effect you noticed...and they aren't expensive.

Theater Crew Doing Big Job

When the Grosse Pointe Community Theater wants to do a particular show badly enough, it takes a pretty big obstacle to stop them. In the case of "The Desperate Hours" by Joseph Hayes, the obstacle is a complicated set that must have gray-haired more than one technical committee since this well-known play left Broadway.

First of all the "Hilliard family" of the drama live in a two-story dwelling and the set must be built so that the actors on both levels can be seen simultaneously. As if this weren't enough, the audience must also know what is going on in the Sheriff's office at the same time, so another section of the set is built to accommodate the police officers.

Since the actors occupying different levels of the set cannot see what the others are doing, the audience is put in the most enviable but nerve-racking position of sensing what is going to happen to the "people upstairs."

Arnim Seilestad, young member of the group, designed the "Desperate Hours" set and Ronald Johnson is in charge of its construction. Assisting him are Al Bertel, Marrie La Joie, Alex Johnson, Glenn Kratzel, Lorine Reed, Sue Gibbs, Tom Stein, and Marcia Van Buren. The play will be presented in the Grosse Pointe High School Auditorium on Friday April 18 and Saturday April 19 at 8:30 p.m.

Directing the show is Rosemary Kleffman, producer is Ricky Girodat, and Sue Mason is the stage-manager. The lighting will be handled by John Butterfield, Dean Erskine and David Markle. Mariyn Borgman is in charge of properties, with assistance from Irene Suchy and John Sutton.

Heads of the sound department are Dave Girodat and Frank Alter, Jr. Lenore Scott is in charge of costumes and makeup will be done by Eileen McCabe, Lynn Girard, and Marrie LaJoie.

The story of what happens when three desperate criminals invade a private home and threaten the lives of the children, is a well-written and excellent study in suspense.

Rotarians Get Ready for Big Project

Hard at work sending out announcements of their annual Antiques Show, these Rotarians and their wives did a big stuffing operation. Pictured left to right are: FARMS MAYOR WILLIAM CONNOLLY, ANTHONY

MANARDO, the REV. ANDREW RAUTH, MRS. WILLIAM STRAWBRIDGE, MRS. WILLIAM CONNOLLY, WILLIAM STRAWBRIDGE, MRS. AL DE RIEMACKER.

Operation "Stuffer" was completed Monday, March 31, by more than 40 Grosse Pointe Rotarians and their wives, the Rotary Annex. 25,000 envelopes were stuffed with announcements and tickets for the annual Antiques Show sponsored each year by Grosse Pointe Rotary.

The huge mailing project to Grosse Pointe residents was completed in record time by this enthusiastic group which met at Francois' Fireplace.

Participants included the Fran Lemmers, hosts for the affair, Mr. and Mrs. Remington Purdy, President and Mrs. Robert Orr, Mr. and Mrs. John Baker, Rev. Andrew Rauth, Mr. and Mrs. Al DeRiemacker, Mr. and Mrs. William Strawbridge, Mr. and Mrs. Stanley Smith, Mr. and Mrs. Kenneth Smith, Mr. and Mrs. Allan Walter, Mr. and Mrs. William McCourt, Mr. and Mrs. Hans

Lovisa, Mr. and Mrs. Dave McCarron, Mr. and Mrs. Cliff Ashton, Mr. and Mrs. Donald Bliss, Mr. and Mrs. Jack Washburn, Dr. and Mrs. Robert O'Neil, Mr. and Mrs. Ed Pongracz, Mr. and Mrs. James Alexis, Dr. and Mrs. Matthew Foughton, William Schroeder,

Anthony Mandardo, Mr. and Mrs. William Connolly, Robert Wilcox and Bruce Bockstanz.

This year's show, to be held May 6, 7, 8 and 9 at the War Memorial Center, will feature exhibits from 20 nationally known antique dealers. The individual mailing to Grosse Pointe residents is expected to bring a record turnout for the show in support of the many community projects which the Grosse Pointe Rotary Club sponsors.

The donation of one dollar per ticket admits a person to the show. All exhibits will be for sale during the four days of the show which will be open from 1 p.m. to 10 p.m. daily. Those wishing to pay for their tickets in advance may mail the money in the return envelope provided in the mailing. Otherwise, they may be paid for at the show. Additional tickets may be obtained from any Rotarian.

The next monthly meeting of the Grosse Pointe Park Garden Club will be held at the Detroit Yacht Club on Tuesday, April 15. Luncheon will be at 12:30. A visit to the Belle Isle Conservatory will follow the business meeting.

ACCIDENT BILL STAGGERING

How much are accidents costing the American people? The price tag for 1957 reached the staggering total of 11 billion, 800 million dollars, the amount of money estimated to be lost through wages not earned, medical fees and hospital expense, property destroyed and manufacturing production lost.

Honesty may be the best policy, but beware of the man who is continually preaching it.

Sleuth Solves Saucer Mystery

A weird-looking object that was swaying gently in the sky, and appearing to be casting off rays of light, was "arrested in flight" by Park police on Sunday, March 30.

Several residents in the area of Jefferson and Nottingham noticed the object over Lake St. Clair, and called police, reporting a "flying saucer" over the water. They said the "thingamabob" was lighted up, and could be plainly seen in the darkened sky.

Park Det. Lt. Arnold Hough was sent to investigate, and sure enough, there was something up in the air. He, too, noticed the light around the thing.

The lieutenant did not take long to identify the object, and it did not take long to realize that the reflection was nothing more than the object moving against the moon. The kite was hauled in and taken to police headquarters.

Young Speeder Gets in Scrape

A 15-year-old Park boy who confused his sense of direction while being chased for speeding, sideswiped a Park police car on Wednesday, April 2, before being stopped in Detroit.

The boy was spotted going at an excessive rate of speed at 9:40 p.m., by Cpl. Charles French, who was patrolling east on Mack avenue.

The officer trailed the lad at speeds up to about 50 miles an hour but because of the heavy traffic was unable to apprehend the youthful driver.

Continuing east on Mack, the boy signaled for a right turn, while traveling in the right hand lane, but then made a left turn onto Neff road in Detroit. By this time Cpl. French neared the errant driver and gave him the siren.

Pulling alongside the boy, the officer motioned him to the curb. The driver, instead of pulling over to the right, turned left and forced the police car into the left hand curb, in front of 3909 Neff. The two cars came together, and the cars scraped.

The corporal arrested the boy, who said he did not have a driver's license and that he never acquired one. He also said that he was driving his father's car which he had taken without permission.

Detroit police, called in on the accident, made a report of the mishap and turned the boy over to the Park officer, who then issued the boy two violation tickets, one for speeding and one for never acquiring a driver's license.

Charges have been filed against the teenager, and he will appear in Juvenile Court, authorities said.

The proper way to face the difficulties of life is to turn your back on them.

Vandals Disrupt Bus Services

The services of the Lake Shore Coach buses, chartered for students at Grosse Pointe High School, were cancelled recently following a vandalism spree by several of the pupils. The bus company said it would cancel its service until the vandals were apprehended.

Twenty-four hours after the ultimatum was issued, service was resumed. Seven boys were identified as the hoodlums who tore wooden panels off the interior of one of the buses.

They will be made to pay the damages, estimated at \$100. Bus company representatives warned, however, that should the unfortunate incident repeat itself, service would be cancelled to High School students immediately.

Park Home Hit by Fire

The floor of the library and the library of the home of John L. Hunt were destroyed by fire on Tuesday, April 1, according to Park Fire Chief George deCaussin.

The chief said that smoke caused some damage throughout the house. Firemen had to cut away the floor to get to the fire which started in the floor joist that ran into the chimney. The library was converted from a porch 18 years ago, and the joist was connected in that manner at the time, Chief deCaussin said.

He said most of the damage to the library floor was done in trying to reach the fire. The extent of the damage is not known.

Crash Blights Easter Sunday

Easter Sunday was somewhat blighted for Norman La-torre, of 18913 Woodside, in Harper Woods. He had two smashed cars and a ticket on his hands. It all was the result of his failing to see Audrey Lois Moss, of 534 Neff lane, when she stopped to allow traffic to clear before turning left onto Lakeland, off Kercheval avenue. Latorre, unable to stop in time, hit her from behind.

Library Offers Film of Paris

The Friends of the Grosse Pointe Public Library, in joint sponsorship with the Grosse Pointe Public Library, will present "Paris 1900" on the Film Forum series, on Friday, April 18, at 8 p.m.

"Paris 1900" is a lively and entertaining documentary film of Paris during the "belle époque," from the turn of the century to the beginning of the First World War, skillfully created from old newsreels, theatre programs, early silent movies, and the trick films of George Melies. Rare scenes of Sarah Bernhardt, Leo Tolstoy, Auguste Renoir, Leon Blum, Andre Gide, Auguste Rodin, Marcel Chevalier, and many others help to make the film a living history of the life and times of the period.

"Paris 1900" was written and directed by Nicole Vedres and adapted into English by John Mason Brown. It is outstandingly narrated in English by Monty Woolley, and French songs throughout the film are sung by Claude Dauphin.

"Paris 1900" will be shown in the upstairs meeting room of the Central Library at Kercheval and Fisher. Reservations are not necessary and admission is not charged. It is requested that children under high school age not be brought to the showing.

Marlene Bauer Hagge has one of the most unorthodox putting stances in golf. Yet her surprising skill on the greens will likely establish her as one of the favorites in the Women's Open at the Forest Lake Country Club in June.

Kerby Field Readied For Farms' Little Leaguers

Grosse Pointe Farms municipal employees work diligently on the Kerby Field Little League diamond in

preparation for opening drills due to start April 19, for all Farms boys who meet the age requirements.

Cub Pack 39 Holds Meeting

Cub Scout Pack 39 held an impressive meeting again on April 1, welcoming more recruits to Cub Scouting. This brings to a close the campaign begun recently, with an enthusiastic group of boys and parents, ready and willing to make the group active and interesting for all.

The boys inducted at this meeting are: Jackie Elias, John Geymann, Elmer Herschelman, Jere Hodges, Alan Kruse, Alex Pasquino, James Quasprano, James Schiessler, Bill Spitzley and Richard Trentacoste.

Mrs. Schiessler was introduced as den mother of another new Den No. 7. All Bobcats were presented with their pins and registration cards.

Mr. Stan Smith presented Pack 39 with their charter for the year and recognition was made of officers and den mothers. It was announced that the next committee meeting would be held on April 15, instead of April 8. At this meeting the plans for future activities are discussed, and any parent interested is invited to attend. At each meeting one father from each den is specifically asked to attend: Dens 1—Mr. Long, 2—Mr. Curl, 3—Mr. Stephens, 4—Mr. Wilk, 5—Mr. Maples, 6—Dr. Casper, 7—Dr. Hodges.

Cub Scout Gerald Walker furnished music for the march-

ing and played the accordion very well, showing one more achievement to be earned. The handiwork on display was a group of baskets woven by the boys, and Den 3 also added to this meeting with their Indians, gathered around to form the Friendship Circle.

A trip to Lansing, Michigan is planned on May 24th for the whole pack. Information has been sent to parents from their Den. This will be a big event in the year and an exciting introduction to Cub Scouting for our many new boys. It will be necessary for one mother to accompany every 4 boys, and a complete trip to the capitol, and the Michigan State University grounds can be made successfully.

The entertainment at this meeting was a very interesting movie on Australia, given by Art Tapert. The ways of boys and girls in that country are far removed from our own and the animals pictured were most interesting. However, children are alike everywhere in that they like to play. We have our slides on the playgrounds, and there they construct them of blue clay, sliding merrily down into a lake.

Some people don't believe half of what they hear, but don't hesitate to tell it all.

Burglars Ready For Golf Season

Farms police are investigating the theft of \$1,536 worth of golfing equipment from the Country Club of Detroit since January 1.

Joseph Belfore, golf professional at the club, told Det. Sgts. Jack Paisley and George Van Tiem that the thefts were 24 dozen golf balls, valued at a total of \$380; one set of eight irons, worth \$135; seven sets of clubs, value, \$300; eight pairs of golfing shoes, total value, \$225, and two yellow nylon pullover jackets, worth \$18.

No clues have been turned up as yet, the detectives said.

The season pricketh every gentle heart, and maketh him out of his sleep to start.

Bungler Burgles Home in Woods

A bungling prowler ransacked the home of Mr. and Mrs. Charles H. Spade, at 1798 Hawthorne road, sometime during the Spades' weekend trip to Lansing.

The thief's haul included a \$160 portable television set, a \$100 string of pearls, a \$30 set of earrings, three rings and a set of cufflinks. But, Mrs. Spade said, the prowler had overlooked several items of at least equal value.

The prowler gained entrance by smashing a glass panel in the rear door. Woods Detective Sgt. Roland Symons told the Spades that it appeared to have been the work of a youthful amateur.

University Hospital Ann Arbor, will soon complete a \$2½ million remodeling of its food service plant.

A Privilege All Can Share

All Pointe residents are being asked once again to contribute to the annual fund-raising drive of the War Memorial Center. This is a plea that should not have to be repeated. The Center has given so much to the community that it should be considered a privilege to donate to its maintenance and expanded development.

More than 100,000, including repeats, passed through the doors of this magnificent building during the past year, to share in its varied programs and activities. For those not familiar with what it has to offer, we would suggest a glance at the weekly schedule printed on this page. There is something for everyone, no matter what age.

We have always maintained that every single resident of the Pointe should be a contributor in this annual drive. If the donations included but a dollar for each member of each family, the total would be sufficient to not only balance the budget but allow for additional events and expanded facilities.

Make it easy for the volunteers who give so much of their time and energy in this campaign. Get your gift in now. Any amount will be accepted with thanks and all donations are tax deductible. Checks should be made out to the Grosse Pointe War Memorial Association, and the address is 32 Lake Shore Road, Grosse Pointe 36.

Sad Object Lesson

The injury of a child in a traffic accident on Bourne-mouth road in Grosse Pointe Woods has intensified the fears of parents in that neighborhood who have long been clamoring for some special regulations which will safeguard their youngsters. It is reported there are some 75 young children in this short stretch extending north-west from Mack avenue to the Harper Woods city limits.

When asked whether the Woods has any plans for changing regulations on the street, Director of Public Safety Verne Bailey said he wished there was something that could be done, but he didn't know of any way to make changes in the traffic laws that would improve the situation. He said that on Bourne-mouth, as on every street in the city, parking was allowed on but one side of the street. "Fire Route" signs are posted on the other side, with parking prohibited.

Director Bailey pointed out that with the advent of spring, the hazard to young children is being augmented by the daily visit of ice cream vending trucks. While he termed them a nuisance and a menace to safety, Director Bailey said nothing could be done legally about barring them from the streets. As soon as they appear, the young children rush out and gather around. This week's accident occurred when a four year old girl, attracted by the ice cream vendor, dashed across the street towards her home to get some money. As she darted out between parked cars she was struck by a motorist. Skid marks indicated the driver was not going more than 20 miles per hour, but as Director Bailey noted: "He doubtless should have slowed down even more when he saw the children gathered around the ice cream truck."

Unless the parents can make some suggestions that are acceptable to the Woods officials, it appears that they are going to have to take measures of their own along the line of more rigid control of their children. It is to be hoped the accident suffered by one of their playmates will impress the youngsters with the necessity of paying strict attention to all safety rules. Parents should use the mishap as an object lesson in teaching their offspring the importance of avoiding all traffic whenever possible, and in looking in all directions when it is necessary to cross a street.

Farms Building Reflects Slump

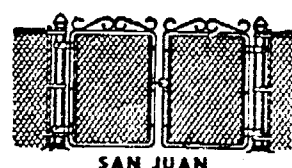

The recession was reflected locally in the monthly Building Report submitted by Murray M. Smith, City Engineer for Grosse Pointe Farms. During the month of March no building permits were issued for residences, business, or nonassessable structure. Indeed, only two permits were issued during the entire month, these in the miscellaneous category (which includes alterations, etc.) and the grand total involved: \$1,000.

The low ebb has existed since the beginning of the year. From January 1 through March 31 the value of Permits issued for residences totals only \$167,000, and "miscellaneous," \$165,000. No business permits and no nonassessable property permissions have been registered thus far this year—making the three-month total a paltry \$332,000.

A. PRYOR

"A word is dead
When it is said,
Some say.
I say it just
Begins to live
That day."
(Emily Dickinson)

Old Silky Sullivan Pryor's writings certainly get around! A few weeks ago, a local woman told us she sat next to a contemporary (from out of town) at some Civic luncheon business... she didn't catch the woman's name but related to US a story the stranger told about her mother. We thought it was pretty funny... so we went ahead and printed it, figuring the woman would never see it anyway.

Well, sir, last week, Ye olde Editore received a letter from the woman who lives in Buffalo, by the way, and in it she said that the next time she sat next to a stranger at a luncheon, she would be sure to find out if he or she wrote for a newspaper!

She went on to say "IMAGINE my surprise when I glanced through the Grosse Pointe News and saw the story I told about my mother printed in A. Pryor's column!" It seems the woman's daughter gets our paper from an old school friend who lives in the Pointe... and apparently the family in Buffalo reads the G.P. News as if it were their very own paper. We are flattered to say the least... but the next time we hear a story third EAR... we will check before using, or else hire a lawyer by the year.

As a matter of fact, the nice lady was very kind about it, but she is going to make sure that "grandma" doesn't see the item... or our heroine would no doubt have her ears boxed for telling it... as old as she is!

THIS true story we ARE permitted to print. Another local dowager told us her husband gave her a check for two thousand dollars before he left on a lengthy business trip. There were many bills coming up and he hadn't time to deposit it himself, so entrusted his wife with same and told her to be sure to stash it away in the bank as soon as possible.

Dear wife, who is a bit of a hare-brain, immediately endorsed the check, stuck it in an old envelope and left it on her desk. About four days later... She remembered it and when she looked on the desk... no envelope mit check. Frantically she searched every possible place... then in desperation called her "by the day maid" to ask if that worthy had seen it. Oh, yes, THAT she had... and she threw that old torn envelope in the waste basket. As Madame gave a dash for the waste basket, Maidie-me-girl yelled: "No use lookin' there... I took all the baskets out to the trash bin where they get burnt every day."

Ah, well, Madame shrugged, I can always call the bank and tell them about it and as long as it has been burned, that is that. But some little gremlin lurked in the back of her so-called mind. During an afternoon stroll, our gal walked by the outdoor incinerator (the do it yourself type)... lifted the top off and what did she see floating among the debris, right on TOP, but the envelope with the check still in it. The man in charge of burning didn't DO it that day... so any passerby with a flare for nosiness, could have found and cashed the two thousand dollar check with ease and daring.

Spring cleaning in the attic the other day led us to an old trunk we hadn't peered into for years. Among the faded and yellowed letters and clippings, we ran across what might be a museum piece for collectors of the macabre. The date was 1928... the picture... a large cover on the (N.Y.) Sunday News Rotogravure section... of Ruth Snyder in the electric chair... the picture having been taken just as the current ran through her body.

It was called the "most talked of picture ever taken." The caption reads (in part) "Due to the tremendous interest in the execution of Mrs. Ruth Snyder, the News today republishes what is perhaps the most remarkable, unofficial and exclusive death room picture ever taken. It shows Mrs. Snyder strapped to the Sing Sing chair, helmeted, an electrode strapped to bare leg, as lethal current surged through her."

We were living in New York at the time this paper came out and remember the story very well. It seems that all news reporters are searched before entering the room of execution to be sure they are not concealing any weapons, cameras, knives or cookies! Anyway, this one intrepid man, fastened a camera to his leg and had the bulb for snapping purposes... strained through a hole in his jacket pocket. Just as the current was turned on, he snapped the picture. When the newspaper came out on the streets the following day... all aich broke loose in state departments... so all papers not already sold, were called in off the streets. But WE GOT ONE... and a horror it is.

A veddy persnickity man who crosses his Tees and dots his IIIs in everything he does... received a refund check from a store and it was twenty-five cents short. Instead of letting it go to be applied on his next purchase, he wrote them on his T crossed stationery to tell them of their error and demanded a check for the missing quarter... so he could "keep his files in order." In due time, the check for twenty-five cents was mailed to him. He hastened to the bank to cash it... and the cashier... as he handed the quarter over... said: "How do you want it... heads or tails?"

What Goes On at Your Library

By Jean Taylor

Winners of the Newbery and Caldecott medals for 1957 have just been announced by the committee of the American Library Association which makes the selection. This is made up of children's, school and young people's librarians. The Newbery award is given to the most distinguished book written for boys and girls published the previous year.

The Caldecott award goes to the artist who has made the most distinguished pictures for a book for boys and girls published during the same period. Both author and artist must be citizens or long-time residents of the United States.

The 1957 Newbery goes to Harold Keith for his Civil War story, "Rifles for Watie." Jeff Bussey from a Kansas farm joins the union volunteers and becomes embroiled with Stand Watie's Cherokee Rebels.

This is a stirring, credible story which the high school age will enjoy, and many junior high boys and girls will read it with pleasure also. Mr. Keith is a native of Oklahoma, and grew up near the Cherokee country he describes so graphically.

While the book is a worthy one, we regret that the selection could not have been one with more appeal for the children of elementary school age.

Also for this age group are two runners-up for the Newbery, "The Horsecatcher" by Leo Gurko. The first is the story of a young Cheyenne set in the days after the white man's coming, but when herds of buffalo still roamed the western plains. The second is a vigorous biography of that apostle of freedom, Tom Paine.

"Gone Away Lake" by Elizabeth Enright and "The Great Wheel" by Robert Lawson, were also given honorable mention. Both authors are earlier award winners. Miss Enright won the Newbery medal in 1939 for "Thimble Summer." Robert Lawson, writer as well as illustrator of many books for children, won the Caldecott for his picture book, "They Were Strong and Good" in 1941, and the Newbery for "Rabbit Hill" in 1945.

The regular meeting of the Dominican High Fathers Club will be held Wednesday, April 16 at the School with the entertainment of the evening to be a concert by the US Royal Chordes, a choral group.

No Hit-or-Miss Rx's for You

By FRED M. KOPP, R. PH.

The prescription of years ago was largely a hit-or-miss affair. If one drug didn't work, the doctor tried another... then another. Often none of the drugs did much good. But the day of the hit-or-miss prescription is no more. Now, the doctor knows exactly what each drug can do. The first one he prescribes is usually the right one - the one drug that does a perfect job of curing. That's why...

APPRAISALS

WO 2-3411

In the annals of women's professional golf, only two holes in one have been recorded in tournament competition. Beverly Hanson, who is expected to be a strong contender in the Women's Open at Forest Lake Country Club in June, made both of them.

Honor Awards For Scholars

Four June 1956 graduates of Grosse Pointe High School have achieved outstanding recognition in Ann Arbor, where they are all second-semester sophomores at the University of Michigan.

Joanne Ortwein, of 468 Moran road; Lorna Maguire, of Lochmoor boulevard; Joyce Bushong, of Grosse Pointe boulevard; and Elsie Scheter, of 1130 Berkshire road have all been tapped for membership in the exclusive "Wyvern" (the Welsh word for Dragon).

Wyvern is a junior girls' honorary society, and the oldest on the Michigan campus. Its members are chosen because of leadership in both the academic and extra-curricular fields. To be eligible for membership a girl must maintain grades which are two full points above the campus average.

Only 24 women are tapped each year and Grosse Pointe can take justifiable pride in its one-sixth representation. Miss Bushong is the daughter of Dr. James Bushong, Superintendent of Grosse Pointe School System, and Mrs. Bushong.

Teaches Kids To Love Art

Parents and children alike are cordially invited to the Grosse Pointe War Memorial Center free-of-charge to hear Mrs. Margherita Loud talk about and illustrate her ideas of "Teaching Children Art Creatively," on Monday evening, April 21 at 8 o'clock.

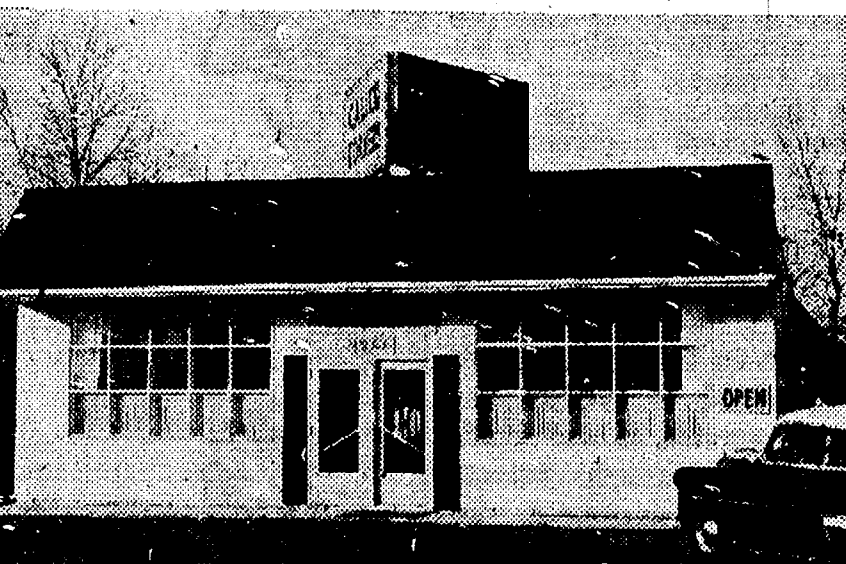

Mrs. Loud is a graduate in fine arts from Sarah Lawrence and George Washington University and continued her study at the Corcoran Art School and with the Art Students League. Currently teaching children "Art For Fun" at the Grosse Pointe War Memorial, she came to the Pointe from teaching art at the National Cathedral School in Washington, D.C.

An extremely busy Pointer, Mrs. Loud serves as chairman of the Junior League's Senior Center and is active in the Grosse Pointe Artists Association and the Detroit Artists Market as well as being mother to a large family.

Mrs. Loud in her conception of teaching art goes beyond the basic principles of drawing and perspective and stresses not just rules but the importance of capitalizing on each child's imagination and ideas. She tries too to teach a respect for others' ideas for she feels every one has some creative ability whether its an innate feeling for design or for color.

In teaching children, Mrs. Loud believes one should work with all sorts of materials showing them what line and color mean as absolutes without reference to nature.

Calico Corners' New Home

Calico Corners, Mary Faulman Millard's popular fabric store, has moved into a new building at 1933 South Telegraph road in Bloomfield Township, not far from the original location. Robert W. Davis is manager of the store which handles materials for draperies, slipcovers and upholstery. Mrs. Millard is a resident of Birmingham and has seven Calico Corners throughout the country.

Cottage Opening Emergency Room

With the opening of a new Emergency Room on April 3, Cottage Hospital announces the completion of the improvement and expansion of its hospital facilities made possible by the Ford Foundation grant.

In January, 1958, as the first step in the program, a new Laboratory Department and Waiting Room were opened.

Now an attractive, well-equipped Emergency Room is located on the ground floor in the area formerly occupied by the Laboratory Department.

Cost of the entire project was \$65,000. Of this amount, \$35,400 was received from the Ford Foundation. The Women's Auxiliary to Cottage Hospital also contributed toward the project. According to Mrs. Henry B. Joy, Jr., President of the Board of Trustees of the Hospital, these added facilities could not have been provided without the assistance from the Ford Foundation.

Holdens to Talk About Australia

Fullbright Professor and Mrs. W. Sprague Holden of Wayne State University, who have recently returned from a year and a half in Australia will bring pictures of their experiences and give "A Quick Look at Australian Life" at the Grosse Pointe War Memorial Center this Monday, April 14, at 8:30 p.m.

This illustrated lecture is presented to the public free of charge by the English Speaking Union of Detroit and the Grosse Pointe War Memorial Association. A coffee hour will follow.

The Holdens will take their audience not only to the principle cities of Australia but to the primitive areas out back as well. They will also take their listeners to the island state of Tasmania. They will show the Australians both at work and play and give a picture of all levels of life. The Holdens are wonderful emissaries for Australia which they came to thoroughly love during their stay.

Patty Berg, one of the great women golfers of any era, has compiled the astounding total of 79 major tournament victories. She'd like to make it an even 80 by winning the Forest Lake Country Club near Birmingham in June.

Six Cases Heard In Park Court

Judge C. Joseph Belanger, Municipal Judge of Grosse Pointe Park, heard a total of six cases in Justice Court last Wednesday, April 2.

First on the docket was Raymond J. Smith, of 4134 Beaconsfield. He was charged with speeding 40 mph on East Jefferson, found guilty and fined \$11.

Green L. Ledbetter, 5039 Canton, was found guilty of speeding on Kercheval avenue and rapped with a \$17.50 fine. Failure to respect a stop street resulted in the forfeiture of a \$10 bond for Thomas L. Dobbie, of 23037 Firwood, in East Detroit.

Henry J. Van Eskoute, of 310 Belanger road, forfeited the bond of \$17.50, which he put up when charged with speeding on Jefferson.

A thorough acquaintance with the interior of Wayne County Jail was what Judge

Belanger deemed appropriate for Richard Leatzau, of 4868 Cooper, in Detroit. Leatzau was sentenced to three days in jail for making an improper turn, to an additional 10 days

for driving with a revoked license, and to 10 more days when found guilty of using and displaying another person's operating license.

Teachers Given Special Honors

Dr. James Bushong, in his Superintendent's Report for the Board of Education's meeting, held Wednesday, April 2, gave especial recognition to deserving staff members.

Bruce Westling, Pierce Science teacher, has been awarded a National Science Foundation scholarship for study this summer. Mr. Westling will attend Brigham Young University in Provo, Utah, for a five

weeks summer institute dealing with Radiation Biology. The Atomic Energy Commission is furnishing all the supplies and materials needed for the course.

Ernest Bauer, mathematics teacher at Grosse Pointe High School, has been awarded a General Electric summer fellowship. He will participate in a program in mathematics for secondary school teachers to be conducted at Purdue University.

Glenn Bray, Science teacher at the High School, is returning to the University of Arkansas as a science teacher in the Science Institute Program. He was there last year and was invited to return.

The March issue of the "Wilson Library Bulletin" carried two articles written by members of the Grosse Pointe staff. Mrs. Dorothy Christian, Pierce Librarian, authored an article entitled "Library Club Tea," in which she described the purposes and values of such a function.

Robert Orr, Director of Public Libraries, wrote an article called "Pictorial Reporting." In this piece he described how the library staff prepared and presented a report, concerning the library program, to the Board of Education as part of our effort to keep the public well informed.

Psychologists Help Students

Editor's Note: The following is an excerpt from a recent report by Paul Mawhinney, Director of Pupil Personnel with the Board of Education, to Dr. James Bushong, Superintendent of Schools, regarding psychological services offered in the Grosse Pointe School System:

"The recent addition of a part-time psychologist Dr. Martha Dale has resulted in some changes in the extent and depth of the service we have been able to offer. The training and experience of Miss Doris Forsythe and Dr. Dale are complementary to each other, the former with elementary school children, the latter with junior and senior high school boys and girls.

"The assistant psychologist has had clinical experience with young adults, college students, and adults with clinical problems. This has meant that certain kinds of diagnostic services which formerly were available only through outside agencies have now been made available, notably to the junior and senior high schools.

Offer Better Service "Because of the special training of the assistant psy-

chologist, we have been able to give diagnostic service without waiting for facilities to become available through outside agencies. In the past, when a school emergency indicated the need for projective tests, these had to be arranged through outside agencies having long waiting lists.

"When an extremely urgent case seemed to require immediate service, it was available only through private agencies or personnel. To many Grosse Pointe families the cost of such service is prohibitive.

"The addition of a second psychologist has also enabled us to give more prompt service to requests for individual studies which originate in the schools, although there is still a longer time lapse than we would like. The addition of a psychologist with the Ph.D. degree has lent further professional prestige as our services are described to agencies throughout the state."

The toughest job in the world is to patch up a quarrel so the patches won't show.

I put the relation of a fine teacher to a student just below the relation of a mother to a son, and I don't think I Thomas Wolfe.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

Urbane and suave Cyril Ritchard completely enchanted audiences here a week or so ago when he appeared in his delightful Broadway comedy hit "A Visit to a Small Planet."

Unique and gracious was his curtain speech thanking his first night audience for being so kind. Although he was here for a brief week before "he pressed on to see the rest of our charming country," in his own words, he did have time to visit with some old friends in the Pointe.

Mrs. Robert Suczek and her son, Alex, our own folk balladeer, invited the English star for a quiet family dinner during his run at the Cass. Mrs. S. would love to have asked a crowd of friends to meet Mr. Ritchard but he was exhausted from his trouping, with both acting and directing chores on his shoulders.

The play went on to Chicago where Alex Suczek accompanied Mr. Ritchard to catch up on news. He has known the famed Captain Hook of "Peter Pan" glory since his school-boy days.

Grunyons Set Concert Date

The Grunyon's annual public concert for the Grosse Pointe community at the War Memorial Center will take place Wednesday evening, April 23, at 8:30. As usual, everyone is invited without charge.

The Grunyons, as is common knowledge, are the Pointe's Wiffenpoofs. The group has lent its talents to nearly every musical and charitable event with which Pointers have been concerned over the past few years.

The Grunyons sing for fun but their musical standards are tops. The members are mostly alumni of the best college glee clubs in the country and are easily some of the Pointe's most personable young gentlemen.

To augment their usual program of fun songs and college tunes the Grunyons this year have persuaded beautiful talented and popular young Mrs. Henry (Bonnie) Klein to join Grunyon George Wilson in singing selections from Can Can in which they both starred at Fine Arts this year. Here is a chance for all those unlucky folks who couldn't get in the packed house at Players to see this wonderful duo.

John Thompson came from Warren, Mich., to be Mr. Lowe's best man. The bridegroom is the son of the Melvin B. Lowes, of Amery, Miss.

Seating the guests were Dr. John Cannon, the bride's brother, and Terence Glynn. Following a reception at the Whittier the newlyweds left on a short trip. For traveling the bride wore a blue and white tulle suit with navy accessories. They will live in St. Clair Shores.

Mr. and Mrs. Joseph A. Vance, Jr., of South Deeplands Road, Will Be Hosts at a Reception for Dr. Harold Taylor on April 16

Dr. Harold Taylor, president of Sarah Lawrence College, will be the guest of honor at a reception given him by the Sarah Lawrence Alumnae and Parents' Committee of Detroit at the home of Mr. and Mrs. Joseph A. Vance, Jr. of South Deeplands road, on April 16.

Attending the cocktail party will be parents of both present students and alumnae, educators from the Detroit area, and other guests particularly interested in education and the arts.

ideas in education and through his books, his articles, speeches and television appearances, has contributed widely to current educational theory and practice.

Before coming to Sarah Lawrence, President Taylor taught philosophy for six years at the University of Wisconsin. He is the author of "On Education and Freedom" and editor of "Essays in Teaching."

Yale Offering Forum to Grads

Yale University will stage another of its unusual annual "branch" classrooms this month—this time in Detroit, for Yale alumni living in the area and their wives.

A group of 14 top faculty members and administrative men for Yale, headed by President and Mrs. A. Whitney Griswold, will arrive in Detroit on Friday evening, April 18, and the meetings will be in session all day Saturday, April 19.

The Detroit gathering is being sponsored jointly by Yale's Alumni Board and the Yale Alumni Association of Michigan. Wendell W. Anderson, Detroit industrialist and member of the Yale Class of 1922, is Chairman of the Alumni Board Committee on Regional Meetings. Chairman of the Detroit meeting is B. Courtney Rankin, Detroit attorney, Yale Class of 1936.

The idea of "branch" classrooms for regional alumni meetings originated in 1954 with a highly successful meet-

ing in Cleveland, Ohio. In 1955, the Yale "caravan" went all the way to Los Angeles and San Francisco. In 1956 Chicago was visited and last year "twin" meetings were held in Philadelphia and Washington.

The Detroit version of the annual "caravan" has been titled "The Yale Exposition" and all meetings will be held in Detroit's Sheraton-Cadillac Hotel. General theme of the meeting is "Education for an Industrial Society in a Changing World."

During the morning session five Yale professors will speak on "What contributions do the skills we teach make to an industrial society, and what is our challenge?" During the afternoon a panel discussion will highlight the processes of selection and education of students at Yale.

Charles M. O'Hearn, Assistant to the President of Yale, will speak at a luncheon and President Griswold will address the Yale Alumni after a dinner in the evening.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

Babe Ruth Baseball Loop Staging Kick-Off Rally

The 1958 Babe Ruth Baseball League season will get underway with a giant kick-off rally Friday, April 11, with the special showing of the sound movies "Big Leaguers" and "Swing King" featuring the Chicago Cubs and Ted Williams. The rally will be held in the Grosse Pointe High School auditorium and commence at 7:30 p.m.

All Grosse Pointe boys from 13 to 15 years old from the Park, Farms and City are invited to attend. Over 400 invitations along with Player Questionnaires have been mailed to eligible boys who played last season on Babe Ruth teams and graduates from the Little League teams in the Park, City and Farms.

"Even if you haven't received an invitation you and your dad are welcome and urged to attend."

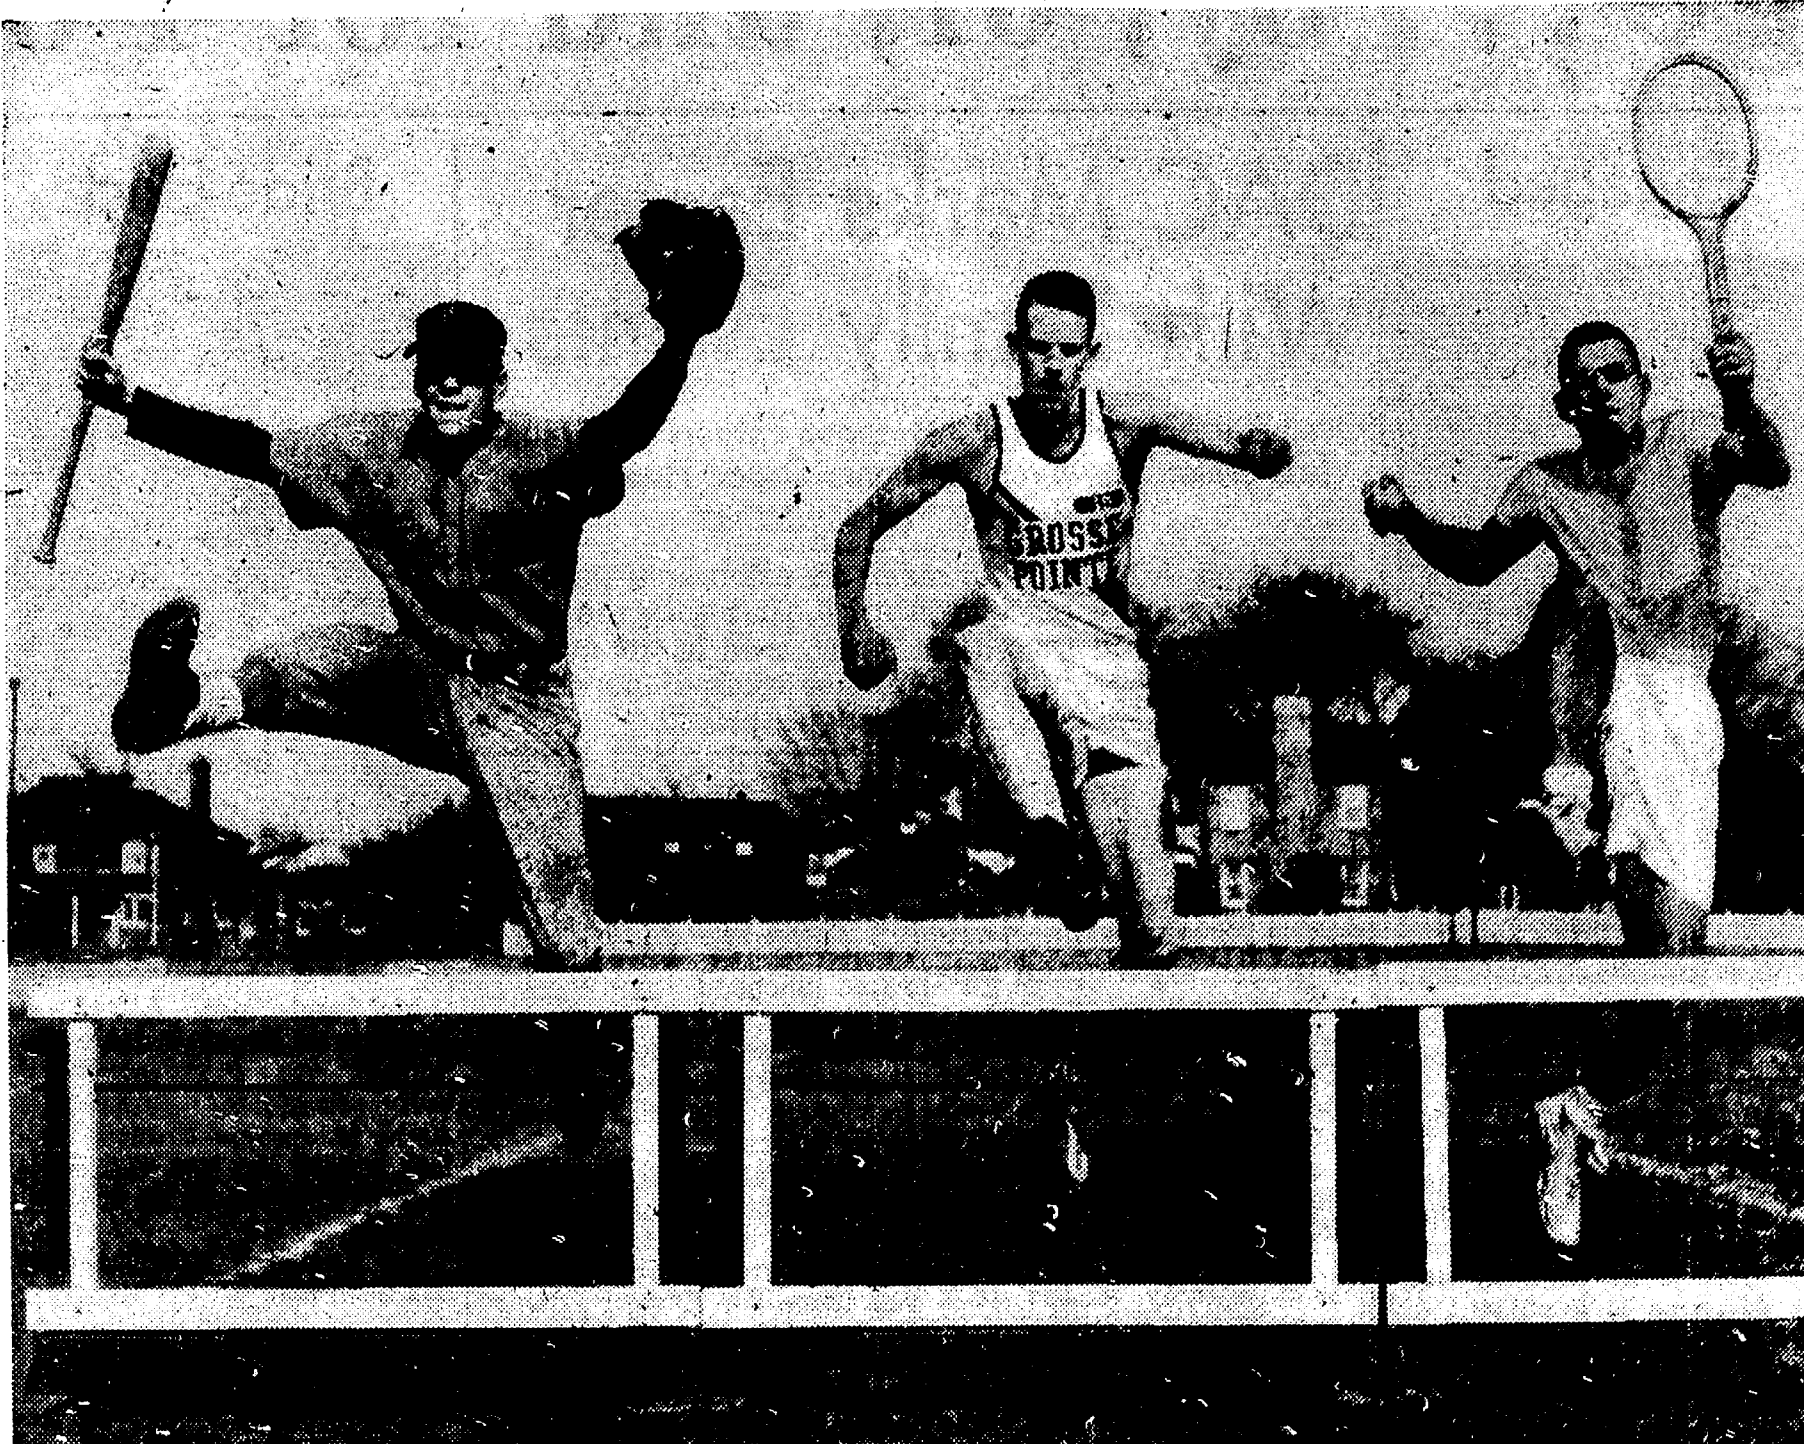

All boys must register by filling out the Player Questionnaire. Boys who received the Questionnaire are urged to fill it out and bring it along to the April 11th Rally. Those who did not receive a Player Questionnaire in the mail can complete one Friday night at the Rally.

Kenneth P. Zosel, president, and Athletic Directors Bill Brown and Chuck Herrick will outline times and places of try-outs, and complete plans for the 1958 Babe Ruth League season.

Movies will demonstrate techniques of various team positions, including slow motion analyses of three basic pitches, and important batting tips that will help each boy build up his own batting average.

Boys who can't make it Friday are urged to register by completing a Player Questionnaire at the Grosse Pointe Neighborhood Club (Waterloo and St. Clair), on Saturday, April 12, 1-3 p.m.

Blue Devils Leap Into Spring Sports Season

Riding the crest of successful football, basketball and swimming seasons in which Grosse Pointe High either won or shared titles, the Blue Devils will commence their campaigns in baseball, track and tennis after returning from Easter vacation. Currently, the

Devils hold the lead for the coveted All Sports Trophy and a winning Spring campaign will enable them to retain the award. Shown left to right are veterans, outfielder BILL HOOTH, miler REM PURDY and tennis star DICK GRANSE.

Girls Threaten To Grab Badminton Tourney Stage

If Pointe boys don't get busy pretty quick and file their entries, the second annual Grosse Pointe Junior Badminton tournament could be dominated by the fairer sex.

The tourney is scheduled to get underway at Grosse Pointe High Friday, April 19 and run for three days. It will feature competition in singles and doubles for boys and girls and mixed doubles in all three divisions. These divisions are: Midgets; Under 15 and Over 15. The maximum age limit is nineteen and a half years old.

Ages are figured from the first day of the badminton season which starts on October 1. For example, if a youngster was 19 years old on October 2, 1957 he would be considered 18 until October 1, 1958. Consequently he could be nineteen and a half by tournament time and still be eligible. It works the same way for the 15 and Under division. A boy or girl could be sixteen and a half and still qualify for this division.

Tournament chairman W. Robert Bryant requests all entries be mailed to 687 University Place, Grosse Pointe 30, accompanied by the 50 cent entry fee for each event entered. For this entry fee the players will be provided with shuttlecocks for all games played and the winners will receive trophies in each division. The deadline for entries is Monday, April 14.

Singles competition will get underway at 7 p.m. April 18 and the doubles will start at 11 a.m., Saturday, April 19, in the Boy's and Girl's Gymnasium at the High School. The finals will begin at 1 p.m. and be played in the new gymnasium. There will be no charge for admission and snacks will be available at nominal prices.

Come on, you guys, don't let the girls show you up. There's plenty of room for all so let's get those entries filed and make this second annual tourney a huge success. Just think of the prestige you can bring to your school if you can win one of the championships. Here's a chance to be a champion among your fellow classmates and Pointe neighbors.

Hockey League Club Basketball Teams Crowned

The Woods Celtics and Rotary were crowned champions in their respective leagues at the Neighborhood Club last Tuesday, April 1, as the 1957-58 season drew to a close.

Rotary ended the two year Midget League reign of the Optimists with a lopsided 39-19 victory in the final game behind the sharpshooting of leading scorer Sam McKnight and runner-up Vic D'Hooge who notched 12 and 10 points respectively in dousing the Optimists. Mike Bielawski topped the losers with 8 points.

The Park Celtics had the four time champion Woods Falcons and were forced to go two overtime periods before winning 37-34 and taking the Giant League title.

The Falcons appeared to be on their way to their fifth title when they held a 21-11 halftime lead. But the Celtics never gave up, and coming back in the final two stanzas, halted the vaunted Falcons' scoring machine with two field goals to throw the game into overtime.

The first three minute overtime was scoreless but in the second overtime Mike Miller cashed in a field goal and a free throw for the Celtic victory and the Championship.

All Midget and Giant League players and league champions will be awarded their emblems and trophies at the Neighborhood Club on Monday, April 21. Local basketball personalities and professional basketball movies will make up part of the program. Refreshments will be served. Parents are urged to attend.

The first game of the final series will be played Thursday, April 11.

Eight out of every ten students who enter The University of Michigan eventually receive a college degree.

Boat Banter

By Fred Runnells

Probably the most asked question among local boaters is "Do I or don't I have to register my boat with the Michigan Secretary of State this year?"

Well, this has been bothering us too, so we called Mr. Keith Wilson, director of the Michigan Waterways Commission and got the following information:

The controversial "bill 528" which, if passed, would make it mandatory for all boats, regardless of size, if they are to be propelled by motor on either Michigan's inland lakes or the Great Lakes, must register with the secretary of state. The cost is two bucks.

But don't go out and register yet—the bill hasn't passed. Currently, it has been referred to a Conference Committee which is trying to work out differences of opinions between the House and Senate. The committee is comprised of Representatives James P. Mielock, chairman of the Marine Affairs Committee, Adolph Blanchard of Bay City, John J. Fitzpatrick of Detroit and Senators Carlton Morris of Kalamazoo, Edward Hutchinson of Fenwick and Basil Brown of Detroit.

The most controversial part of the bill is the Great Lakes. The House of Representatives wants the bill to include the Great Lakes and the Senate wants it to just cover the inland lakes of Michigan.

There are other parts of the bill the two bodies don't agree on. Director Wilson said that "If an agreement isn't reached by the April 11 deadline the bill would not come up for a vote." However, he was quick to point out that, "There is a possibility it may be carried over until May when both the House and Senate go back into session." Mr. Wilson pointed out that, "In most cases when a bill is referred to the Conference Committee an agreement is reached."

Both Mr. Wilson and Len Thompson, chairman of the Waterways Commission, feel that the bill should be enacted but they don't think it is perfect and some changes could be made. But as Mr. Thompson stated "This boating problem is becoming overwhelming and some laws must be enacted if the water-borne hot rods are to be controlled and the safety maintained on Michigan's inland lakes." He felt that the Great Lakes could not be excluded because "If the law only applied to the inland lakes then the hot rods would plague boatmen and swimmers on the Great Lakes with their crazy antics."

The Waterways Commission doesn't feel non-resident boat owners using Great Lakes ports along the Michigan shore should be compelled to register their boats, as it would tend to drive away water-borne visitors instead of welcoming them to our Water Wonderland.

The question of the Waterways Commission being required to sanction all regattas sponsored by yacht clubs, was asked. Mr. Wilson said "That is something we didn't want but the bill puts the responsibility in our laps." He said, however, "Actually this part of the bill would be advantageous to the yacht clubs because when the Waterways Commission sanctioned a regatta it would permit a non-resident boat owner to participate without first having to register his boat with the state."

We informed Mr. Wilson that all DRYA weekly inter-club regattas are now sailed entirely on the Canadian side of Lake St. Clair. We asked if the Waterways Commission's permission would be required before a regatta of this type could be held. To this Mr. Wilson said "No, we have no control of Canadian waters."

Mr. Wilson informed us that, "The only reason for the proposed registration was for identification purposes and to gain revenue for hiring sheriffs whose sole duty would be to enforce the laws governing motorboat safety as set down in the controversial 'bill 528.'"

Actually "bill 528" is almost a duplicate of the proposed federal boating law (Bonner Bill) which is scheduled to be placed on the U.S. House docket by mid April. If this bill passes it would set up a state-administered numbering system for the nation's four million recreational motorboats.

So if "bill 528" doesn't pass and the Bonner bill does, you will still be required to register your boat in your own state.

My own personal observation is if the state of Michigan doesn't get the U.S. government will so what are we arguing about?

Fritz DeFries and Bruce Conlan are boatless. They sold their six meter yacht "Cutty Sark" to Arthur Van Suetendael, III, of Bronxville, N.Y., March 29. The yacht will be sailed from Bayview Yacht Club to New York about the middle of May. Both Fritz and Bruce are up to their collective ears in race committee work at their club and we know for sure Bruce intends to devote his time to this work instead of sailing. It takes guys like that, someone who will give up yacht racing for a season or two, who make it possible for others to enjoy the wonderful sport of yacht racing.

Nine year old boys will play from 1 to 2 p.m., 10 year olds, 2 to 3 p.m., and 11 and 12 year olds report for tryouts from 3 to 4 p.m. on each of the three tryout dates.

The league board of directors has been active during the winter months preparing for what will be a very successful season with the whole-hearted support of the community.

WOODS-SHORES

The following dates are the tryout times for all boys playing in the Grosse Pointe Woods-Shores Little League.

Eight year olds are to report to the Montclair School, May 5, at 5:30 p.m. for assembly and assignment to a team.

All boys, before starting practice at each tryout session MUST report to the check-in station at each field and have their name checked off. Failure to comply may result in a boy not making a team this season.

The National League tryouts will be held at Parcels Junior High School field. American League players will report to the Mason School field.

Those boys who are already on a major league team will not tryout at this time but will be notified by their manager of their first practice.

Larry's Nears Bowling Title

League-leading Larry's practically locked up the championship in the Grosse Pointe Businessmen's bowling league last Friday, April 4, with a four point sweep over fifth place Reverse.

The victory gave Larry's a three point bulge over second place Goebel, who dropped three points to third place Wigle. With only one night remaining in the regular season, Larry's need only to pick up one point on the last night to take the crown.

In assisting Larry's the Wigle team posted a new second high three game team series of 2758 which erased Goebel's 2748 which has withstood challenges throughout most of the season. Captain Chuck Nash paced the Wigle keggers with a 557 three game series.

Belding moved into a two day sixth place tie with Woods with a four point sweep over Adam Simms while G.P. Recreation was nipping Woods for three points. Cramer stayed two jumps ahead of last place by turning back ninth place Cox and Baker with a three point victory.

Jim DeSmedt paced the two hundred-plus bowlers with a 228 and was followed by Mel Young 220, Bob Kehrer 217, Hap Aalt 212, Clarence Miller 208, Charlie Nash 205 and 200, Ange Peracci, Norm Boardman and Stan Smaci 204's, Len Johnston, Ray Regner 203's, Carl Lentry 202 and Herb Miller and Al Bell 201's.

Minor league teams will be organized on Saturday, May 10, under the direction of Charles Greene, Minor League commissioner.

Mr. Bradley emphasized that the major or minor league, and who did not play on a major league team last year, must register on April 12.

Opening game for the Grosse Pointe City Little League is scheduled for Monday, May 9, at 6:15 p.m.

when the POINTE
was growing up...

By Pat Talbot

Wound about with fragrant purple wisteria, an old steel windmill, once the life giving force on an early French farm, is now all that remains, a landmark to the past on Mack avenue. Another family homestead has become a modern subdivision, this one a terrace development named after the owners, Staelen Gardens.

Back at the turn of the century Henry Staelen came to the Pointe and purchased this land off the old rutted wagon trail, which was to become Mack avenue, near Lakeland. He paid an old French settler Meglor Guoin about \$3,500 for his acreage which was kept intact until 1955 when it was estimated to be worth \$50,000. Land in the Pointe back in 1900 that far from the lake was not considered too valuable.

The Staelens produced very fine beets, carrots, beans, onions and corn on their farm and drove wagon loads full to the old Eastern Market downtown to sell to the city folk. But one dark dawn in 1917 they returned with their new motor truck, (one of the first hereabouts), still full of produce. They couldn't sell an ear of corn or a half peck of beans. Determined his fine vegetables would not spoil Mr. Staelen spread the produce on a trestle table along the roadside and within a few hours it was all sold. The Staelens believe theirs was the first roadside stand in Michigan to sell vegetables.

As the years went on the truck farm grew and so did sales. Their neighbors, the Machleits, across the street, sold their small holding. Down the road, the Allemons, now florists, gave up their prosperous dairy herd, which once supplied milk to most of the Pointe, but the Staelens continued to sell their famous vegetables.

The wagon trail had become a black macadam road, and then a paved highway, but the farm flourished. Now this May it will all be gone. The first terraces will be ready for occupancy and the Albert Staelens, third generation of their family to farm the land, have moved to Lakeland avenue.

All that will remain to mark one of the Pointe's most noted and prosperous farms will be the old windmill, twined with wisteria. No doubt one of the terrace units will be named Wisteria.

Newlyweds, Mr. and Mrs. William Hickey, are still so enamored that they cannot be separated even when enjoying their spring cycling. The pair, wed last fall, have been seen wheeling away from their Rathbone place home in gay abandon this spring, on a tandem bicycle.

Jazz fans have a new mecca on Saturday nights. Cranes, out St. Clair Shores way, has amateur night that evening and the young with musical tendencies that way have been gathering to play whatever instrument suits their fancy. The Warren Babcocks came all the way from Ann Arbor to attend the jazz session last week, reunioining with their friends, too.

Another of our talented local misses has made a big success on Madison avenue in the Big City. Muriel Gillette, merchandising editor for a slick decorating mag, arrived last week to set up decorating centers in Detroit stores and visit her family. Looking very chic in the basic New York uniform, black with pearls, she confessed that her career has narrowed her hobby interests. Politiking and silversmithing are two of her current raves.

Pierre, the E. Llywd Ecclestons' poodle, is well protected when he takes an outing. On his pink and blue leather collar is a St. Christopher medal (to protect travelers, you know).

And of course a word about the Easter parade. The sun shone on all our lovely ladies in their spring finery and few indeed were the startling new hats. Half caps and bands were definitely favored by the young matrons... Mrs. Henry T. Ewald, Jr., buttoned into stunning long lined gray flannel coat wore a white cap of lilies of the valley, very becoming with her Western tan... Mrs. John Keogh chose a half hat of glowing red roses with her gray suit... Mrs. Harry S. Stahl's cap was of soft green leaves and grapes, most fetching with her navy ensemble... More fruit was Mrs. Clinton R. Scharff, Jr.'s choice, we red crabapples on a lush green velvet band. Mrs. Anthony Darr was most daring in a brimmed cloche pulled way down... this was of natural straw and covered with daisies, a gay complement to her beige glen plaid suit.

Quite a delightful Easter party for the pig tailed set was held Sunday by the William Days in their Lakeland avenue home. Eight little misses in their new bonnets gathered to hunt colored eggs, (six dozen), and enjoy the lavish baskets the bunny left for them. Lynn O'Day found the most eggs and for her prize cuddled a big yellow stuffed bunny. But chief delight to the guests were the antics of the Days' poodle, Lily and her pal, Nuba, who spent the afternoon gaily dashing after brightly dyed tennis balls, their Easter presents.

PILFERINGS

An English university professor was waiting in the bitter cold for a train to London when the non-stop Cornish express astonishingly stopped at the station. The professor promptly got on board. He had one foot in the carriage when the railway official called out: "You can't get on here, sir. The train does not stop."

"That's all right," said the professor. "If it doesn't stop, then I'm not on it."

THE FIREMEN OF THE CITY OF GROSSE POINTE

By Patricia Talbot

—Picture by Fred Runnells

The next time the fire bell rings in the station on Maumee and St. Clair the five firemen on duty may have to leave a delicious mess of Pipeman and Chef Servin Bliss' barbecued spare ribs in the oven and dash off to put out the blaze.

Many a housewife would envy the tidy kitchen the City firemen keep and most cooks would covet Mr. Bliss' recipes for spareribs, oven fried chicken and chop suey. These firemen are tremendous housekeepers. You could eat from their scrubbed cement floors. But their big black iron stove is the real delight.

That stove has six burners, a huge grill (for pancakes), two ovens and a broiler. It wasn't always in the firehall and many a lavish banquet dinner was served up from it in the days when it graced the late Mrs. Fred T. Murphy's kitchen in East Jefferson avenue.

Inherited Stove

The stove was left to the firemen, who finally picked it up from the mansion some months back. Gone was its splendor. It was rusted, scarred and filthy. The days when that stove had bubbled and simmered with succulent pheasant, twenty pound roast beefs and fancy pies and cakes were only a memory. But the firemen installed the stove in their newly refurbished kitchen and went to work with sanders, scouring brushes and paint. Now the giant stove looks right at home with the new long formica topped table and counters, the gleaming white sink, the two iceboxes.

There are 12 firemen working in two shifts at the firehall and each shift has its own chef and its own icebox, (no raiding allowed). Actually

there are only five to cook for at a time because there is always one man on his Kelly day. After a stretch of twenty four hours on and twenty four off for a week, each man gets an extra day named for Kelly. On the first and 16th of each month every fireman contributes to the food budget and the chef does the shopping at a nearby super market. Pipeman Parnell D'Hooghe is the chef for the other shift.

Breakfast at Home

The firemen all eat breakfast at home and have their big meal at the station at noon, with a light supper at night. The day of our visit there was a big ham and a casserole of scalloped potatoes on the menu. The chef doesn't have to wash the dishes (housewives, please note) for the rest of them are on the cleanup squad. The firemen don't want an automatic dishwasher. They'd rather have automatic doors so they can get to that fire even faster.

Every so often the fire bell rings when they are about to eat and back goes the dinner into the stove to keep warm. This happened not too long ago when wild duck was the featured bill of fare!

Firemen favorites are chicken just about any way and beef. They eat lots of potatoes, almost a bag a day for five men. They are not great on desserts: jello seems to be a standby, but Frank Dansbury bakes up an apple pie on rare occasions. The apples come from the firemen's own tree right behind the station.

Here's The Roster

The staff, headed by Capt. George Poupard, includes besides those already mentioned, Sgt. Arthur Brisson, Sgt. Albert Yaklin, Inspector George Coridan, Pipeman Archie McEachern, John Rea, Robert Marshall, John Ostwedder and Timothy Champine. Lots of old Grosse Pointe names in that roster.

Firemen don't play much pinocle in their off hours around the station. They watch television and seem to do a lot of cleaning. The dormitory in the attic is immaculate (all hardwood floors that are constantly washed and waxed). Such polishing and scouring goes on every day. There wasn't a speck of lint or a wisp of dust. Not only are they good cooks but they are expert cleaners.

Most of them admit these capabilities shyly. They don't want their wives to know what

housekeeping know-how they have. But they are generous with their recipes. Here's the favorite, barbecued spare ribs:

2 1/2 lbs. spareribs, trimmed of fat
juice of 1 lemon
1 onion, sliced
1 cup catsup
1/2 cup worchestershire sauce
1 ts. chili powder
2 ts. salt
2 dashed tabasco
2 cups water

Roast spareribs in 450 degree oven for 30 minutes, then in a 350 degree oven until tender, basting with the sauce every 15 minutes.

From all this it would seem that fires, their chief business, aren't getting much attention. On the contrary, they can slide down the pole, into their rubber boots and race off on their their gleaming red trucks in the good old tradition. The City force is the smallest in the Pointe, but yields to none of them in efficiency and devotion to duty. Even when the chef is marketing he has a radio in his pickup truck in case the alarm rings. He then drops problems of financing a steak, pinching a cabbage, or weighing the merits of two kinds of flour and hot foots it after the fire bell.

The off duty firemen are always on call, in their own territory or to aid their neighbors. They are proud of their duty record and proud of the community they serve. They had only two false alarms last year. Capt. Poupard agrees that it's always wise to call the firemen even if the blaze seems to be the householder can handle. That stew can be turned off. Firemen never burn their dinners!

When the Women's Open gets under way at the Forest Lake Country Club in June, Louise Suggs' putter might be worth a second glance. She has been using it "15 or 17 years" and would not part with it for anything.

A fashionable beginning to Spring starts with the Ole Borden showing on April eighteenth at Jacobson's. Caught and held in line is the NEW feeling running through fashion... Chemiserie... for day time wear. "At Eventide"... shadow and substance claim dramatic attention... with printed chiffon going over a clinging underslip. Sheer coats of organza top simple straight cuts of fabric. Borden clothes are distinctive and well groomed... priced right... made even better!

Passport to everywhere in the world... practically indispensable in any home-bound wardrobe! An all weather coat in cherry red jersey... also in navy, beige and light blue... authoritatively shaped and utterly classic. It's treated with Cravenette (a super-silicone repellent). Delightfully crease resistant. Flattering traveler in sunshine or storm... about thirty-five dollars at D. H. Healy.

Pacesetter with slenderness built in... these are the slacks at Margaret Rice that take casual living in their stylish stride. The collection includes Ernst Engel and Evan Piccone slacks... featuring fine linen and subtle color... with emphasis on the FIT. At Margaret Rice you can find sizes eight to eighteen... cut to give you a perfectly poised look. Pair them with a cool, trim McMillen sleeveless blouse plus a pair of Bernardo Sandals from The Outdoor Sport Shop.

Pick "Pink Violets"... for your lipstick wardrobe! This new and delightful cosmetic color is by Elizabeth Arden. Your tone key should change with the seasons, your state of tan, your moods and fashion's favorite themes. This year blue-green dominates the fashion picture and is a perfect foil for Pink Violets. Experiment with this flattering shade and remember only experience will lead you to your full bloom. Nail polish, rouge and handy click-change lipstick make beautiful harmony and are now available at Trail Pharmacy.

Decoratively speaking... from blue prints to new prints... Wanamaker's Studio on Mack Avenue can help you achieve the effects you want. Whether you're starting from scratch to build a room... or looking for a few appropriate accessories to complete your home... you're likely to find what you want... there... including a new look for your old furniture. Upholstering, refinishing and custom designing are skillfully handled in the Studio's workrooms.

Facts and figures... It's a fact that improving your looks can improve your life! There are few women who have no beauty problems and there are few beauty problems that have no solution. Ann-Louis salon... Fisher Road gives you a positive approach to facts and figures... and a choice of method into the bargain... the Figurama table... or hand massage. Call TUXEDO 2-7511... for the entire story.

Antique heaven for the collector... that's The League Shop... with its newly acquired rare china, silver and furniture. You'll really appreciate the antique silver serving pieces... chambersticks... the bronze holders, Lily strew (circa 1815).

There's a breath of Spring... perhaps at your home it's due to the early blooming indoors of the tulip plants you selected at Charvat the Florist... or did you choose azaleas and hydrangeas to set the calendar ahead... all take to the garden later!

A helping hand in the current buy-a-car campaign, was graciously offered by Boutique of Furs by Robert on-the-Hill when they incorporated cunning miniature automobile models in their always attractive window display.
