THE SENATE APPROVED an emergency bill to set up a billion-dollar loan fund for public works in cities Wednesday night, despite Republican protests that there was no evidence it was an anti-recession measure.

The roll call vote was 60 to 26. The action came a few hours after President Eisenhower reluctantly signed another Democratic anti-recession measure: the 5½ billion-dollar highway bill. Mr. Eisenhower said the bill had "grave defects" but these were overshadowed by the need to create jobs.

The public works bill was approved after the Senate beat down Republican attempts to chop the program in half and attach other strings.

THE VIOLENT DEATH of a Detroit sailor aboard his Navy ship in Puget Sound (Wash.) Naval Yard last February was officially termed a suicide Wednesday by a board of investigation.

In Detroit, the youth's mother angrily accused the Navy of covering up murder. The coroner who investigated the case made the same charge and announced he will forward his report to three United States Senators.

KING BAUDOUIN kindled a flame Thursday morning to officially open the 1958 World's Fair — the first since the New York World's Fair in 1939.

Leonard W. Hall, former chairman of the Republican National Committee represented President Eisenhower at the opening of the United States pavilion. Forty-one nations will be showing off their best until the Oct. 19 closing date.

A CIRCUIT COURT jury Thursday awarded Carl Renda damages totaling \$400,000 in his malicious prosecution suit against the UAW and four of its aides.

The jury of eight women and four men announced its verdict at 4:15 p.m., after eight hours of deliberation. The decision brought to an end a trial which was one of the longest and costliest civil cases in local court history. It had been in process since Nov. 13.

The jury said there was no cause for action against any defendant, retired State Police Lt. Joseph Sheridan.

THE LEGISLATURE'S probe into alleged brutality toward inmates of Coldwater home and training school broadened Thursday night into an inquiry into the conduct of all State mental hospitals.

House action followed a day devoted to hearing denials by officials of the Coldwater institution that they had repeatedly abused a patient over a period of several months, prior to his death.

The testimony convinced members of the Ways and Means Committee that there is probably cause for a more duct of all such State institutions.

THE DAUGHTERS of the American Revolution, after sharp debate, voted Thursday to urge United States withdrawal from the United Nations. The delegates also came out against mixed marriages among the races, called for a quick end to foreign aid and for withdrawal of recognition of Russia and its satellites.

AN ARMY ENGINEER spokesman testified Friday that a speedup in the building of the Great Lakes connecting channels would help ease Michigan unemployment. Maj. Gen. L. J. Rumagel, Chicago division engineer, added, however, the channel would be able to accommodate most seagoing traffic from the St. Lawrence Seaway by 1962

### Double Duty Performed By Firemen

Fretful Furnace Causes Smoke-eaters to Be Summoned to Same House Twice in Day

Grosse Pointe City firemen did double duty — doubly — last Wednesday, April 16, when they were called twice, within as many hours, to the same household.

The first call for help came at 11:46 a.m. from the residence of Dr. John Guyton, 402 University place. Mrs. Guyton reported excessive smoke throughout the house, which seemed to stem from the chimney.

#### In Furnace Pit

Investigation revealed that it was coming from trouble within the furnace, which was the result of an oil fire in the pit of the furnace. Firemen extinguished the flames and recommended a repair man be called.

### City Stops Dormant Elm Tree Spraying

The City will call a halt to its dormant spraying of elm trees, due to the rapidly advancing season and foliage of the trees, it was revealed by City Clerk Norbert P. Neff.

The dormant spraying, required by Ordinance 84, has been suspended, but the City will conduct its foliage spraying sometime in July.

### Farms Firemen Battle \$5,000 Residential Blaze

Farms firemen brought a \$5,000 house blaze under control within about five minutes after being called to the scene on Sunday, April 20.

The fire had started in the second-story front bedroom of the home of the C. V. Blackburns, 88 Touraine.

According to Fire Capt. Raymond Snay, a call came in over the police phone at 10:19 p.m., regarding the blaze, and in return it was relayed to the fire department. All available equipment was rushed to the house.

The fire was licking up the bedroom wall toward the ceiling when firemen arrived. Some of the bedroom furniture, the window frames and other items were destroyed. The fire was confined to the

### Pointe Has Full Program Observing Michigan Week Starting on Sunday, May 4

Visiting Mayors To Be Honored at Luncheon May 5; Churches, Schools and Service Clubs Taking Part

The five Grosse Pointe communities and the city of Harper Woods will soon join other Michigan municipalities in celebrating the annual state-wide observance of Michigan Week. This year, the week of May 4 through May 10 has been set aside to mark the 5th annual celebration of "It's Great to Live in Michigan Week."

The purpose of this observance is to awaken the people of the communities to the glorious past, the challenging present, and the promising future of the state on local, national and international levels. A complete program of activities has been planned for the city officials, as well as for the churches, schools and civic groups of this area.

#### To Honor Mayors

"Mayor's Exchange Day" on May 5 will be a highlight of the week's activities. On this day, the Pointe will be hosts to visiting mayors, while Pointe mayors exchange the day in another area. Among other activities, the visiting mayors and city officials will attend a luncheon given in their honor by the municipalities of Grosse Pointe and the city of Harper Woods.

Churches in this area will observe Michigan Week on Sunday, May 4, which has been selected as "Spiritual Foundations Day." Thursday, May 8 has been designated as "Education Day." The committee has suggested that public, private and parochial schools of the area recognize the importance of the state in appropriate class discussions and school displays. The ten service clubs of the Grosse Pointe-Harper Woods area have been asked to incorporate some observance of Michigan Week into their regular meetings during this period. Michigan books, authors and composers will be displayed in the Public Libraries during the week.

### Police Nab Car Thieves

Park police arrested two young Detroiters on Friday, April 18, and turned them over to Detroit authorities for investigation of car theft.

The youths, Edward Kos, 18, of 2227 McLellan; and John Lewis, 19, of 2264 Belvidere, were spotted by Cpl. Thomas Martin and Patrolman George Blair, shortly after midnight. The young men were sitting in a car parked in the 1000 block of Balfour road, with the car lights out.

The officers became suspicious while cruising the street on the second round of their beat, when they noticed the car still in the same spot.

As the policemen approached to investigate, Lewis, who was behind the wheel, started up the motor and tried to get away, but Martin and Blair cut them off.

At the station, the two youths admitted stealing the car from Detroit. They said they jumped the ignition wires to start the motor. They said they stole the automobile to make a trip to California.

Both were turned over to the Detroit Police Auto Squad and are being held for investigation of unlawfully driving away a motor vehicle.

#### WINDOW BROKEN

Raymond Ceilman of 1267 Lakepointe complained to Park police on Wednesday, April 16, that someone had broken a window of his garage.

### Hoodlums Try to Crash Park Party

Knife-Wielding Toughs Slash Host and Damage Two Cars After Being Ousted

Park police are still without clues to the identities of the young hoodlums who crashed a party at the home of the Ivan C. Dunlops, 15520 Windmill Pointe drive, on April 12, although a number of suspects have been questioned by Park and Detroit authorities.

Details of the incident were released by Park police on Thursday April 17, following an investigation, which is still being carried on.

According to Park Police Chief Arthur Louwers, two young toughs wearing leather jackets, entered the Dunlop home, while four others waited in the vestibule.

#### Maid Calls Host

One of the boys told the maid that his father was attending the party, and the maid called Dunlop.

Dunlop figured none of his some 200 guests were related to any of the youths, and he demanded that the boys leave. A brief scuffle followed, during which one of the youths pulled a switch-blade knife.

### Fire Damages Park Home

A short circuit in a radio started a fire in the kitchen of the home of John Malcolm, 578 Barrington, on Wednesday, April 16.

Park Fire Chief George DeCaussin said that the alarm was given at 9:25 a.m., and on arrival, firemen brought the blaze under control in about two minutes.

He said that Mrs. Malcolm was in the basement doing the washing, and when she came up, discovered the kitchen ablaze, and called in the alarm.

The fire charred the woodwork around the window and ate the paint on the kitchen walls. The heaviest damage was caused by dense smoke throughout the house, the chief said.

He said the smoke was so heavy, it was difficult to see anything in the building. The amount of fire and smoke damage was not known.

#### FINAL NOTICE

There will be no boys enrolled after Saturday, April 19. In the interest of encouraging more boys to participate in Little League baseball we extended the date several times.

However, we have approximately 575 boys and the try-outs are underway, so, if you don't play this year come out and see some fine and exciting ball games.

Trouble is, most of the things we wait for aren't worth the delay.

## Find Tom Boyd Dead in Home

Thomas Boyd, 69, of 20301 Morningside, was found hang-ing in a basement closet, an apparent suicide, on Thursday, April 17.

Woods police said that Boyd, a car dealer, took his life be-cause he was despondent over the death of his wife and be-cause he was in ill health.

Mrs. Boyd, 54, killed herself last December 14 by taking an overdose of sleeping pills.

Authorities said that they received a call from Dan J. Cunningham, 39, of 33400 E. Jefferson, St. Clair Shores, who stated that he had tried to reach Boyd by phone, but re-ceived no answer. No one an-swered the door when he went to the house on several occa-sions, he added.

Cunningham said that he was a close friend and a former employee of Boyd's.

Patrolman Jack Elbert went to the Boyd residence, and when he received no answer to his knocking and bell ringing, he broke the door lock to gain entrance. A search of the house disclosed the body hang-ing in the basement closet, a leather strap around the neck.

Police surmised that Boyd had been hanging in the closet for about 37 hours or more.

Boyd has no survivors. Fun-eral services were held on Monday, April 10. Burial was in Woodlawn cemetery.

## Hoodlums Crash Party

(Continued from Page 1)  
Guests, Dunlop threw the boys out without attracting the at-tention of others in the house.

About two hours later, Dun-lap's wife, Donna, noticed a cut in one of her husband's trouser legs, after which it was found that Dunlop had received a superficial cut on the leg, which had drawn a little blood. He did not need medical attention.

**Damage Two Cars**  
By the time Park police ar-rived at the scene, the toughs had fled, but not before slash-ing the top of a convertible and breaking the window of another car, belonging to two guests.

Chief Louvers said that the hoodlums slashed the top of a car owned by Lt. Col. Wil-

liam Dremen of 2925 W. Chi-cago boulevard, Detroit, and smashed the right front win-dow of a vehicle owned by Frederick LaFerte of 161 Tou-raine. This was probably done in revenge by the youths, the chief added.

The party was being held in honor of friends of the Dunlups who plan to be mar-ried. The affair featured a continuously flowing fountain of champagne.

**Costume Party**  
Each guest was attired in a costume of a country he wishes most to visit. At the front of the house, a public address system announced the "arri-val" of airliners and ships from "all over the world."

The investigation of the at-tempted party crashing is in the hands of Park Det. Lt. Arnold Hough, who said that suspects are still being rounded up and questioned.

## Firemen

(Continued from Page 1)  
called to take care of the dam-ages.

At 1:15 that afternoon, Mrs. Guyton called the fire depart-ment again and asked that both trucks be sent. The fur-nace had exploded and was on fire, and the entire house was filled with the smoke.

**Serviceman Burned**  
The serviceman, who was fixing the furnace at the time, was badly burned on his face and arms. City police took Guy Trent, of 4281 Bran-den avenue, Detroit, to Bon Secours Hospital for treat-ment of the burns.

Firemen battled the blaze for one hour and 12 minutes before extinguishing the flash fire. The smoke damage was considerable, but fortunately the flames were limited to the immediate vicinity of the infernal furnace.

**Professor Killed In 12-Story Fall**  
A Wayne State University language professor was injured fatally Friday in a plunge from the 12th floor roof of the University's Student Center at 5050 Cass avenue, Detroit.

Dr. Arthur Camille Turgeon, 47, of 897 Fisher road, ac-cording to a witness's report, clung momentarily from a ledge just below the roof parapet before he crashed onto a truck in the alley below.

Turgeon had recently been cited for his work in translat-ing historical documents per-taining to the St. Lawrence Seaway. He received his Bach-elor's and Master's degrees at Wayne State and his Doctorate in Philosophy at the University of Michigan.

An associate professor in the University's French depart-ment, Turgeon had been de-pendent over a recent illness. He had been suffering from a respiratory disorder for the past two years and had only recently returned from a vaca-tion trip, sick and in a state of exhaustion.

Police listed the death as "apparent suicide," subject to a medical examiner's hearing. Dr. Turgeon is survived by his wife, Naomi, and eight-year-old daughter, Diane. He also leaves his mother, Mrs. Arthur Turgeon.

## Voters League to Continue Study of Park Government

The League of Women Voters of Grosse Pointe Park at their annual business meeting at the War Memorial on Friday, April 18, determined to extend for another year the study of the government of Grosse Pointe Park in comparison with that of the other Grosse Pointe municipalities.

This study has already been in progress for two years during which time extensive research and comparison have been made on the various charters and governmental structures. Among aspects which have been studied are the courts, the planning commissions, and the park and recreation boards. The League has also considered services performed by representatives on the County Board of Supervisors.

Information emerging from this study was presented and discussed at the March Unit meetings and further at the General Meeting in March. League meetings are open to the public and an increasing number of residents of the Pointe are finding attendance an excellent way to keep informed on issues vital to the well-being of their community.

During the coming year the study is expected to concern itself more fully with finance, the organization and services of the police and fire departments, and the civil defense organization and its possible relation to the Survival Plan for Michigan.

Upon completion of this study the League hopes to have available to interested citizens of the Grosse Pointe area, factual and informative material regarding the operation of government locally.

Important in the business of the meeting was the president's annual report with accompanying colored slides. Mrs. Frank W. Hausmann Jr., of 361 McMillan road, who is retiring after two years of vigorous and invaluable service, stated that action in the community during the past year included:

People who like to be waited on are the hardest ones to be cured of their ailments.

**High School Science Fair Refutes Teaching Critics**

A Science Fair was held at Grosse Pointe High School last Saturday in the big gym. About 500 persons viewed the exhibits.

Biology, physics, general science, and mathematics projects (about 150 in all), were entered in the Fair which was sponsored by Grosse Pointe High School's Science Club.

All of the entries were rated "superior," "excellent," or "good." In addition to these ratings the three top projects in each division were also chosen.

In the biology division, Ken Kurtz, 12A, received a first place award in paleontology (collection of fossils). Stewart Levander and Conrad Hohmann, 11As, were second with their project in micro photography. Third place honors were shared by Vicky Deneveth, 12A, with "The Silent World" (sea shells) and Philip Dulmage, 11A, with a bacteriology exhibit.

In first place in the physics division was Henry Burr, 12A, with a telescope. Ed De Hass, 12A, took second with a rocket. A tesla coil made by Rudy Liedtke, 10A, was the project that came in third.

Exhibits of eighth and ninth grade students in the general science classification were judged separately. Entries in this division were received from Pierce and Parcels Junior High as well as from Grosse Pointe High.

Jordan Jackson was awarded first place honors for his Van de Graff generator, and discharge tube in ninth grade general science. Second place was taken by Jack Edlen with his Wimshurst electrostatic generator. A robot was the third place winner entered by Bill Parsons.

In the eighth grade general science division, Cordell Walerych, who made a tesla coil, was first. Second place for his Hormone experiments with chickens, was taken by Dennis Fraser. Larry Critchfield received a third for his gieger counter and experiments. Joseph Devine, sponsor of the Science Club, said that although disappointed in the number of people who came to the Fair, he was "deeply impressed by the type of projects that were displayed."

"Next year, we're looking forward to something twice as big," Mr. Devine declared.

S. A. Shoemaker, head of the science department at Grosse Pointe High, said, "I think that Mr. Devine and his Science Club should be congratulated. This is the first time we have ever had a Science Fair, and in view of this, the tremendous number and quality of the entries are something Grosse Pointe can be proud of."

"The Detroit newspapers should take note of the excellence of both junior and senior high school entries before sounding off so much about the quality of public school science teaching," Mr. Shoemaker concluded.

The president of the Science Club, Ken German, 12A, said that he and his committee spent about five hours just setting up the exhibits. One of the biggest problems they faced, according to Ken, was finding enough tables to display the projects.

**Pointe Community Chorus To Give Family Program**

The Grosse Pointe Community Chorus will present a special family program at its sixth annual Spring Concert on Sunday, May 12, Mother's Day. Included will be selections ranging from Mozart to Brahms to Waring arrangements of modern popular classics. The concert will be held in the auditorium of the Parcels Junior High School at Vernier and Mack avenue. Curtain time is 3:30 p.m.

Members of the 100-voice chorus have been rehearsing since late January under the able direction of Donald W. Simmons, vocal music teacher at Parcels Junior High and accompanied by Milton Setzer, a member of the staff at Wayne State University and widely known in local music circles.

The Grosse Pointe Community Chorus was founded by

Malcolm MacLean Johns and his wife, Marion, and a group of their friends five years ago last January. Since then the chorus has been co-sponsored by the Department of Community Services, Grosse Pointe Board of Education, and a Board of Directors.

The chorus membership is made up of residents of Grosse Pointe and neighboring communities, including Detroit, Roseville and St. Clair Shores. Joined together in the production of pleasing musical sounds and experiences are housewives, teachers, doctors, lawyers, business people and students.

The chorus has established a lending library of music from former concerts which is available to school, church or other chorale organizations at the Grosse Pointe Main Library, Kercheval and Fisher.

Tickets for the concert are available now from members of the chorus and will be on sale at the door at the time of the concert. Admission is \$1 for adults and 50 cents for students.

Following the concert there

will be a reception in the gymnasium at Parcels and the entire audience is cordially invited to attend.

Forget the past—the future will give you plenty to worry about.

### Geary Michigan Week Chairman

Forrest Geary, Director of Community Services, has been named as Community Chairman for Grosse Pointe-Harper Woods to lead this area in the annual Michigan Week observances May 4-10. The announcement was made by Foster Winter, who is serving as Wayne County Michigan Week Chairman. There will be 22 community chairmen in all. Each chairman will designate committees to plan local events as part of the state-wide salute to Michigan. "Many community leaders throughout Wayne County already are hard at work on programs to spotlight the advantages of living and working in Michigan," Mr. Winter said. Highlights of the week-long program will include an exchange of mayors, and dramatic tributes to state and community progress in the fields of religion, education, industry, commerce and recreation.

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free bond. It's something to think about!

## Nationally Known Artists To Sing St. John Passion

The St. John Passion which is to be performed on Sunday, April 27, at 4 p.m., in Christ Church, 61 Grosse Pointe boulevard, will have as soloists several outstanding singers from various parts of the country. They will join with the Festival Choir in performing this major work of J. S. Bach under the direction of Richard Roeckelein, conductor.

Blake Stern, tenor, who will sing the important role of the Evangelist, is from Yale University and has done this part with the Robert Shaw Chorale on the R. C. A. recording. Peter Cavallo, bass, who is taking the part of Jesus, is an experienced oratorio singer from New York state. Betty Wells, soprano, is on the faculty of All Saints Junior College in Vicksburg, Miss. Other soloists will include Donald Bliss, baritone, who will portray Pilate; Shirley Love, contralto; and Donald Nelson, tenor.

Orchestra for the work will consist of Detroit Symphony

Musicians and the Christ Church Chamber ensemble. Instrumental soloists will be: Morris Hochberg, violin; Guyton Amato, viola; Thaddeus Markiewicz, cello; Irvin Gilman, flute; and Arno Mariotti, oboe. Philip Steinhaus, organist and choirmaster of All Saints Church, Pontiac, will be at the Harpsichord.

The Festival Choir, which is made up of volunteer singers of all denominations and faiths, is an organization sponsored by Christ Church. The singers travel from all parts of Detroit to rehearse weekly.

The Passion, which is a musical setting of the Gospel narrative, was first performed in Leipzig on Good Friday, 1723. It is a monumental work lasting two hours and fifteen minutes and should be a great religious experience for all, as the dramatic portrayal of the Passion and Crucifixion of our Lord unfolds through the narration of the Evangelist, the contemplative moods expressed in the arias, and the vivid reactions and responses of the people as sung by the chorus. The public is most cordially invited to attend.

## Cinema League Meets Tonight

The next meeting of the Grosse Pointe Cinema League will be held at the Grosse Pointe War Memorial, 32 Lake Shore road, at 8 o'clock on April 24.

This will be a Variety Film and Educational Night, featuring three motion pictures.

The first film, "Madame Hummer at Home" is a beautiful film in color describing the unusual life of the hummingbird. Mrs. Emma Seeley, APSA, FACI, of Cleveland, Ohio, well-known nature photographer, has effectively presented this story with excellent closeups of the activity in the tiny hummingbird's nest. The movie also illustrates the types of camera lenses and camouflaged perches and blinds used to obtain these striking shots.

The second film "Nantucket" is a documentary in color of an old Colonial town, showing the use of effective

descriptive subtitles.

The third film "Animation" is a sound, color film by Larry Sherwood, which was one of the features of the 1957 Photographic Society of America Convention. This motion picture illustrates the basic techniques in all types of animation.

A discussion and analysis of these films as to their photographic continuity and techniques will be held by Cinema League members following each showing.

## Symphony Gives Fine Concert

Those who were fortunate enough to be present for the third concert of the current season, given by the Grosse Pointe Symphony Orchestra on Sunday afternoon, in the Parcels School auditorium, enjoyed an afternoon of delightful music that will long be remembered. It was a performance that no lover of good music or aspiring young musician should have missed.

Several prominent Detroit musicians who attended the concert commented on the amazing growth and development of the orchestra since its formation and Sunday's inspiring performance under the baton of Henri Nosco is one more evidence that Grosse Pointe has an orchestra of which the community can be justly proud.

The concert opened with a thrilling performance of the Overture to "Semiramide" by Rossini followed by excerpts from Goldmark's charming "Rustic Wedding Symphony" in three movements and a lively and spirited rendition of the Polka and Fugue from "Schwanda" by Weinberger.

The orchestra provided excellent and sympathetic support under Henri Nosco's direction. Mr. Mischakoff responded to the prolonged and enthusiastic applause by a charming rendition of a Swiss Lullaby by Ribeauvierre which he played unaccompanied, bringing the concert to a close.

A reception in the gymnasium followed the performance. —By S.H.M.

The Police departments of the five Grosse Pointes and Harper Woods are co-operating with public and parochial school systems in the area during the week of May 19-23, which has been designated for the annual Bicycle Safety Program.

Each police force will check the schools in the respective territories for brakes, tires and licenses (all bikes should have 1958 licenses). Prior to the campaign week police will speak to boys and girls in their classrooms, to re-acquaint them with the safety rules and traffic laws.

There will be drawings at all the schools for prizes, and some lucky bicycle owner may win a bell, new set of handlebars—or even a brand new bike.

It may be true that blood will tell and time will tell—but someone usually beats them to it.

**Fails to Report Injuring Child**

A motorist who was in a hurry to keep a business appointment, was ticketed by Shores police on Wednesday, April 16, for failing to report an injury accident in which he was involved. He was held blameless in the mishap.

An accident report revealed that Jonathon Crawford, 6, son of Mr. and Mrs. David C. Crawford of 21 Roslyn road, was hit by a car driven by Emil Knop of 874 Brys drive. The boy suffered a fractured collar bone and contusion of the right leg.

The lad was taken to a doctor by his mother for x-rays and treatment of possible injuries. The x-rays disclosed the fracture.

Mrs. Crawford said that she observed her son from a second-story window of her home, as he was watching a Village trash truck. The boy started across the street, and then re-crossed, not looking in either direction.

Knop's car hit young Jonathan, knocking him down and rolling him over on the road. Mrs. Crawford said that Knop stopped to render aid, and gave his name and address and telephone number. Knop was traveling about 20 miles an hour before the accident, she said.

Knop said that he was in a hurry for a business appointment, according to Patrolman Harry Hamilton, and did not make a report of the accident.

The officer issued Knop a ticket for not making a report of a personal injury accident, although he was exonerated of blame in the mishap itself.

**Library Offers Lassie Movie**

The Grosse Pointe Public Library will present two showings of the Technicolor film, "Lassie Come Home," on Friday, May 2. It will be shown at 4 p.m. for school children, and at 7:30 on the Family Film Night program.

Filmed in the early 'forties, "Lassie Come Home" gave America its first glimpse of two new performers who were destined to later stardom: Elizabeth Taylor and Lassie, the "wonder" dog. "Lassie Come Home" was also the first picture in a series of films about the canine heroine created by Eric Knight. It was followed by "Son of Lassie" and "Courage of Lassie," and was the basis of the popular television series.

In addition to the performers already noted, "Lassie Come Home" features Roddy McDowall, Edmund Gwenn, and Donald Crisp. The setting of the story is the Scottish highlands. The plot is very simply the story of a boy and his dog, the theft of the dog, and the dog's almost uncanny return home from a great distance and over almost insurmountable obstacles.

School-age children are invited to attend the 4 o'clock showing without adult chaperonage, but at the 7:30 showing children must be accompanied by a parent or other responsible adult. Both showings will take place in the second floor meeting room of the Central Library, Kercheval and Fisher. No admission will be charged.

Picture of my bank  
By Cindy

One day the third grade teacher at a local elementary school asked each of her students to draw a picture of the neighborhood store he or she liked best. And as you might expect, the heavy favorites turned out to be toy shops, soda bars and candy stores.

But there was one entry that surprised even the teacher. It was a carefully drawn picture of one of the National Bank of Detroit's neighborhood offices.

The artist was a nine-year-old girl named Cindy Murray. And when she was asked why she had chosen to draw our bank, she replied simply, "Because all the people there are so nice when I go in with my Mommy."

Pretty good reason, wouldn't you say?

We think Cindy's picture is one of the nicest compliments we've ever had, because it's tangible evidence of something that is very hard to put on paper: a warm and friendly spirit. Our sound management policies that provide solid strength and security, the customer convenience of 61 close-to-home offices—these specific facts are easy to express, but friendliness is rarely so well defined.

Won't you visit us soon yourself? There's a National Bank of Detroit office in your neighborhood. Open a savings or checking account there and get to know National Bank of Detroit. And we think you'll see what Cindy means.

More friends because we help more people

### Voters League Holds Parley

Michigan's hat is in the ring for the Hat Parade at the National Convention of the League of Women Voters, being held in Atlantic City, April 21-25!

The theme of the hat parade is foreign trade. In keeping with Atlantic City's beauty

contest tradition, a League member from each state models a hat depicting exports from, and imports to, her state. She also wears a sandwich board carrying a message to her state's Congressional delegation. Continued support of the Trade Agreements Act is urged by the League of Women Voters.

As Michigan provides 10 percent of the nation's exports, her hat is bountifully decorated. Beneath the brim, Michigan's imports are shown — lead, chrome, fine woods, rubber, aluminum — attractively shaped and draped. Exports are gaily arranged on the upper brim — cherries, peaches, celery, drugs and capsules, salt, tiny furniture, and a test tube denoting the chemical industry. The outer edge of the brim is, of course, to be decorated with a chair of cereals.

Mounted on the top of the hat crown, to give the season's classic style of height, is a world globe, and what better top for the "world" than an automobile from the automotive capital of the world?

Mrs. Berrien C. Ketchum of Birmingham, Michigan League President, modeled the hat on April 22 at the convention. Other state delegates are Mrs. Louis H. Eggleston of Grand Rapids, Editor of the Michigan Voter; and Mrs. Robert M. Tousey of Garden City, state Public Relations Chairman. Delegates from Grosse Pointe are Mrs. George J. Brown, president of the League of Grosse Pointe and Mrs. Harcourt L. Caverly, treasurer.

There are over 1,000 local Leagues, in all 48 states, Alaska, Hawaii, and the District of Columbia. State Leagues already exist in 45 states. By the time the Convention opens, state Leagues are expected to be officially recognized in two more, Delaware and Nevada. By June North Dakota will complete the roll of states.

There are approximately 128,000 members.

To reach the front many a man has to be kicked in the rear.

### Rotary Reads Antiques Show

Twenty exhibitors will display a variety of wares during the Grosse Pointe Rotary Club's third annual Antique Show to be held at the War Memorial Center from May 6 through 9.

Four of the exhibitors, all from the Detroit area, will show such antique collections as, primitive wood carvings, court glass, wall hangings, silhouettes, paintings, prints, lamps converted from antique objects, hand-made lamp shades and chinaware. In addition, a complete counter store of the early 1900 vintage will be open for business.

The show will be open on the May dates from 1 p.m. to 10 p.m. Visitors to the show will enjoy the added beauty of the formal gardens surrounding the Memorial Center.

As in previous years, Rotarian wives will operate a restaurant at the Center for the benefit of visitors and exhibitors. All the food will be prepared by the distaff side of Rotarians.

Many contributing sponsors are again supporting the show, a majority of whom are from the Grosse Pointe area. Their names will appear in the program for the show to indicate their approval of the many community services which Pointe Rotary maintains.

About 20,000 Pointe residents have received tickets through the mail. In answer to their inquiries as to how to pay for those, Edward Taube, Jr., assistant chairman, suggests that payment may be made to any Rotarian, or mailed directly in the return envelope provided.

### Law Violators Pay in Park

George D. Flatter of 2552 Philip, Detroit, chose 40 days in the Wayne County Jail rather than pay a fine totaling \$150, on two charges of traffic violations.

Flatter pled guilty before Park Judge C. Joseph Belanger on Wednesday, April 16, to reckless driving and causing an accident by running into a tree, for which the penalty was \$100 fine or 30 days; and driving without a valid Michigan operator's license, which brought an additional \$50 fine or 10 days.

John R. Hudock of 10401 E. Jefferson, pled guilty to speeding on Nottingham and paid a fine of \$25.

Dorothea Reschke of 1861 Severn road, failed to show up in court to answer for speeding on Charlevoix and forfeited a bond of \$17.50. John H. Driver of 2458 W. Grand boulevard, pled not guilty and was found guilty of pulling in front of moving traffic and causing an accident in front of 1958 Maryland, and paid \$15.

James E. Conahan of 524 Notre Dame, pled guilty to causing an accident at Jefferson and Cadieux, and was assessed a fine and court costs of \$21.10.

Clem Harris of 4597 Twenty-fourth street, Detroit, was found guilty of driving with a revoked license, and fined \$25 and sentenced to 10 days in the County Jail. In addition, he was fined \$20, after pleading guilty to speeding on Jefferson.

Richard K. Adams of 4652 Woodward, Detroit, stood mute to a charge of causing an accident at Mack and Audubon. He was found guilty and given a suspended sentence.

## Experiment Proves Success

Merchants On-The-Hill are glowing with pride at the success of their unique continuing clean-up campaign, instituted last December in the person of Lambert F. Kleinhardt, retired postman.

By now a familiar figure to shoppers On-The-Hill, in his spanking white overalls pushing his colorful cart painted in gold and black, Mr. Kleinhardt has far surpassed the highest expectations of his employers. He was hired at the end of last year by businessmen On-The-Hill to daily patrol the area from McMillan road to Hall place, to pick-up litter, tend lawns and gardens, and in general maintain a clean appearance for all the business premises.

He works from 8 a.m. to 11 a.m. and 1-4 p.m. on his clean-up chores, and during the noon hours runs errands on an independent basis for the merchants he services.

Our "Custodian of Cleanliness" was recently featured in a nationally-distributed home furnishing magazine. The article attracted the attention of the Chamber of Commerce in Granite City, Illinois, and they wrote for further information and particulars, in expectation of establishing a similar plan in their own city. It is this kind of originality, with the added element of good-neighborliness, that makes the Pointe a place of which we can be proud.

A. G. E.

More along the cleanliness line includes the report that all students at Grosse Pointe High School who drive their own cars, have been provided with Litter Bags in the campaign to rid the campus and surrounding neighborhood of unsightly rubbish.

This project was carried out on Monday by a group of members of the Garden Club of Michigan, all Pointe residents, aided by members of the Hi-Y clubs at the schools. Mrs. James McMillan addressed the entire student body over the PA system, then she was joined by Mrs. Andrew Barr, Mrs. Arthur H. Buhl, Jr., Mrs. Cameron Waterman, III, and Mrs. Alexander Wiener, to help with the actual distribution.

The women report a most polite and enthusiastic reception on the part of the students. When it was evident that the 140 bags given out were not enough to cover all the student cars, another 60 were left at the school office, where they can be picked up by those not receiving any on Monday.

The cost of the bags has been assumed by the Garden Club of Michigan and the Grosse Pointe News. It is to be hoped the students will use them for the purpose for which they were created by the Detroit League for the Handicapped, and that there will be a decided improvement in the appearance of the High School grounds.

## Letters to the Editor

Roberta Bedga  
Editor & General Manager  
Grosse Pointe News  
Grosse Pointe Farms 36,

Dear Madam:

It isn't important whether one gets credit or not for contributing to the Memorial Center Drive, but if you ever have occasion to print my name again please spell it correctly. I resent your listing me as, "Louise Clark"; my name is Louise E. (for Edmund) Clarke.

Very truly yours,  
Louis Edmund Clarke  
1302 Kensington Road

Dear Sir:

For the Board of Directors of the Grosse Pointe Babe Ruth League, we wish to acknowledge and thank you very much for giving our organization such excellent coverage during recent weeks. It was very helpful in letting the boys (13 to 15 years) know about the Rally Program we had at the high school auditorium last Friday evening, also in publicizing when and where they could register, and times and places of spring try-outs.

Over the years, your paper has performed a wonderful service for those interested in sports. Your paper has been outstandingly helpful to the various Grosse Pointe organizations who are endeavoring to provide organized competition for the youth of the community.

I speak also for Grosse Pointe Little Football, Inc. (City and Park), which a group of us started in 1955 for 9 to 12 year old boys. We worked with about 50 boys the first year, and by 1958, this had multiplied more than five times. The fine quality of reporting by your sports editor, Mr. Russell, has been a substantial factor contributing toward the success of Little Foot-

ball in Grosse Pointe. We of the board of directors wish to publicly express our appreciation to your paper and Mr. Russell.

We hope the Grosse Pointe News will continue its excellent coverage of local sports events and programs. We consider your approach to these things a public service. In appreciation, we also trust that Grosse Pointe residents will favor your paper with expanding circulation and advertising revenues.

Cordially yours,  
F. H. BROWN

April 19, 1958

To the Editor:  
We can sympathize with "A Resident in Grosse Pointe for More Than 40 Years" because we have the same problem with people who have no respect for their neighbor's lawns and shrubbery.

Our neighbors also allow their children and dogs to ruin our lawn, shrubbery and plants, and in fact, when we try to correct the children, the parents take exception to anyone doing so and encourage the youngsters to call us cranks.

The parents punish their children when any of their plants are stepped on, but when the same children do the same thing to us they are not corrected, but prompted to be even more destructive. This type of parent should stop and think that by teaching their children to disrespect others, that some day these youngsters will disrespect their own parents.

MUST KEEP HEAD

There will always be plenty of room at the top, but a man must be well balanced to stay there.

No man is fully educated until he learns to read himself.

## Grosse Exaggerations

A. PRYOR

"There is a time, we know not when,  
A point we know not where,  
That marks the destiny of men,  
For glory or despair."

"There is a line, by us unseen,  
That crosses every path;  
The hidden boundary between  
God's patience and His wrath."

(Joseph A. Alexander)

We received in the mail a handy "emergency" list of vital telephone numbers put out by a downtown concern, who concerns itself with City Directory lists of almost everything we house owners will want to refer to at one time or another. The services of this company, cover a multitude of things . . . but the one we were most fascinated with was the last item: on the list . . . to wit (or unwitting) . . . that of providing the telephone numbers of widows! Vive La Americana . . . AND how about WIDOWERS!

A friend of ours who shall remain nameless . . . except to call her and her husband Mr. and Mrs. McThing . . . and their thirty-year-old son Josh McThing . . . sent us a copy of a letter she received from a local store which we shall call "Fairmont." The letter was in answer to one of hers requesting that they clear up once and for all, some of the bills that she didn't understand. This is the letter she received . . . word for word . . . with the names changed.

Dear Mrs. McThing,

It seems as though there is some confusion concerning your account. We will attempt to explain your transactions with us since August, 1957. On August 7, 1957, there was a charge for Mr. McThing for \$2.75 for repairs to a suitcase. On October 8, 1957, we received payment in the amount of \$2.75 which cleared Mr. McThing's account.

On October 12, 1957, there was a charge in Mr. McThing's account for shorts, shirts, and hose, which came to \$72.31. Then on October 26, 1957, there was another payment for the original \$2.75, which evidently was for Mr. McThing's August balance . . . but which had already been paid on October 8. So we applied the \$2.75 to his October account of \$72.31 . . . leaving a balance of \$69.56 for October.

On November 21st, there was a charge for another suitcase repair for \$4.50 . . . thus leaving a balance in November of \$74.06.

In December, 1957, we were requested to transfer two purchases to your account from Mr. JOSH McThing's account. One bill was for two shirts for \$27.66 and the other for two shirts for \$18.44. So that the balance of your bill ending December, 1957, was \$120.16.

On January 11, 1958, we received a check for \$27.66 which apparently was your son's account for his purchase of November 1st, 1957. With THIS payment, your balance was down to \$92.50. We received another on account for \$46.10 on February 7, 1958. Apparently this amount was for both of your son's purchases . . . even though one had already been paid for . . . we applied the complete check to your account, thus leaving your present balance at \$46.40.

Mrs. McThing, if you have the time, we would appreciate your looking over the attached statements and sales slips and advising us if we are in error. Hoping this will clear up the matter, we remain,  
Etc., Etc., Etc.

Our friend Mrs. McThing sez that although the entire transaction makes HER look like an idiot . . . she still thinks the letter from the shop would make interesting reading. After receiving it, she took a sedative and a hot bath . . . but still had to call her Psychiatrist for an emergency appointment. She is now resting quietly in a hospital and Ernst and Ernst are looking into the bill department!

An old pal (???) . . . long time no hear from . . . sent us one of his usual vitriolic letters last week, which we hasten to print so as not to give him a complex! Apparently, this "fan" has been out of circulation for some time and resented the fact that we wrote about ANOTHER poison pen gent who used to write to us from a hidden address in Grosse Pointe Woods. Here is the letter:

Dear Pryor: I have been out of the country for several months, and when I returned recently, I hurried to catch up with the local news and such nonsense as columns, principally distinguished by a play on words in the title. Example: "Ham on Ryon" by a fellow named Ryon in California, and Grosse Exacerbations in the Grosse Pointe News.

I think it is about time somebody told you, Pryor, that you have been misspelling the word GROSS for years. You apparently think that when it rains in Grosse Pointe, it rains all over the world; so if it's Grosse Pointe, it's Grosse Exacerbations. This is a gross error!

I was interested in your memories of bygone columns . . . in particular I was interested and considerably hurt by your recollections of a letter-writer who formerly wrote you such nasty letters. You wondered what ever became of him. What hurt was, that you recalled this letter-writing as being from Grosse Pointe Woods. You recalled that he was the nastiest letter-writer you had ever encountered. I don't recall the guy from Grosse Pointe Woods, but I should like to jog your memory.

I live in Grosse Pointe Park . . . and NOBODY . . . positively NOBODY . . . is nastier than I am. I lay claim for the title. I started out around twenty years ago, pricking the balloon you inflate week after week, and week after week, my admiration for your efforts grew . . . as you outdid yourself in sinking to new depths in wit.

And my reward for this constancy is oblivion. Some third rate slob from Grosse Pointe Woods walks off with the Oscar. It's enough to make a guy pretty bitter!

P. S. We have told this character once before to go fly a kite . . . but he will no doubt be back again in a few weeks to see his "effort" in print!

## What Goes On at Your Library

By Jean Taylor

Nobody likes to be types, and perhaps authors are particularly vulnerable on this score. To escape being branded, they frequently take refuge behind a nom de plume. Rumor has had it for some time that Pearl Buck and John Sedges were one, and it is now officially acknowledged.

Miss Buck as "John Sedges" has five books to her credit, the first and perhaps the best of which is "The Townsman," published in 1945. This is a sturdy book of the opening of the American middle west, centering about a Kansas school teacher, as readable now as the year it was written.

Miss Buck is not the only woman to don a masculine mantle when writing. There have been notable examples all through literary history, George Sand, George Eliot, et al. The three Bronte sisters, Charlotte, Emily and Anne, averse to personal publicity, at one time veiled their names under those of Currer, Ellis and Acton Bell. Each one used a pseudonym beginning with the initial of her own first name, and these were masculine because they believed at that time that feminine authors were apt to be looked on with prejudice.

We recall some years ago, a gentleman speaking definitely of his reading preferences. "I never read a book by a woman," said he, and in the same breath . . . "E. M. Bowser is my favorite author." Clever Miss Bowser to hide behind two initials!

Writing incognito is done no doubt for various reasons. Perhaps the author who guards his literary reputation is not adverse to turning out an occasional pot boiler, and a change of name permits him to have his cake and eat it too. Bennett Cerf tells of one writer who had a very practical reason for dissembling; he was married to two women at the same time, and both of them were trying to track him down.

Writers through the ages have spoofed the public as to their identity. No wonder Manning Coles has had such a wide popularity. He is not one but two people. The labor that goes into each Manning Coles

book seems to be equally divided between Miss Adelaide Oke Manning and her next door neighbor, Cyril H. "Bill" Coles. They live in a quiet English village, and have collaborated on some twenty-five books.

Mystery writers seem particularly prone to a variety of pen names. The popular Leslie Ford and equally popular, David Frome are both pseudonyms for Mrs. Zenith (Jones) Brown. By turning his name about, another mystery writer of note, John Dickson Carr, is known sometimes as Carter Dickson, and sometimes as Carr Dickson.

Then there is "The Case of Earl Stanley Gardner," crime detector, lawyer and writer of numerous whodunits. This prolific author, although best known under his own name, has written under three pseudonyms as well, A. A. Fair, Carleton Kendrick and Charles J. Kenney.

The instances of a woman taking a man's name far outnumber those of a man taking a woman's. There is the occasional one, however. Edward Everett Tanner wrote his "House Party" under the pseudonym of Virginia Rowen, but when he penned his best seller, "Auntie Mame," he took the masculine pen name, "Patrick Dennis."

## WORST REMEDY

Henry Hazlitt writes in Newsweek: "The worst of all remedies for the recession is that proposed by Walter Reuther and the AFL-CIO. It is a further increase in wage rates to increase purchasing power . . . a further increase above present peak wage rates would simply increase costs of production, squeeze out more profit margins, price more goods and more labor out of the market, increase unemployment still more, reduce payrolls, reduce labor's total income, and turn recession into real depression."

53,000 Americans were injured in car-bicycle mishaps in 1957.

## Gallbladder Disease

By FRED M. KOPF, R. Ph.

Diseases of the gallbladder are quite common, and while there are no certain means of prevention, some interesting and enlightening facts have been compiled.

For instance, gallbladder diseases rarely occur in young people, and about four times as many women as men suffer from them. Where gallstones have formed an operation is necessary in many cases, while some cases will respond satisfactorily to treatment.

Obesity, too rapid reduction in weight, excessive fats in the diet, and digestive disturbances may cause gallbladder trouble.

The best way to guard against gallbladder diseases or any serious illness is to consult your doctor at regular intervals.

Buy only prescribed medicines. Get them from a skilled pharmacist.

## Nursery School Exhibit Set

A true behind the scenes look at the "Wonderful World of 2 to 5's", lies in store for visitors to the nursery school exhibit put on by the 200 schools in the Pre-School Association of Metropolitan Detroit, at the J. L. Hudson 12th floor auditorium, downtown store, Monday, April 28, to Saturday, May 3.

The exhibition will interpret the principles and objectives of

nursery school education showing how a school actually functions and how these principles can be applied at home.

Selected films on child care and education will be shown continuously in the Film Theater, except during speaker presentations at 11 a.m., 2:30 p.m., and 7 p.m. on Monday and Wednesday evenings.

There are two Grosse Pointe Nursery Schools sending classes to participate in the playroom. Grosse Pointe University Nursery School and the Grosse Pointe Methodist Nursery School children will be seen through panels of one-way glass.

Women and children from Grosse Pointe Dramatic groups will pantomime the Home Exhibit, including: Mrs. Mary Naz of Hawthorne road, Mrs. Esther Edwards of Bishop road, Mrs. Joan Hall, Washington road, Mrs. Peggy Mesretz of Lothrop road, Mrs. Margery VanEckout, Bellanger road, Mrs. Margery Hudson, Roland court, Mrs. Kathy Trim of Lochmoor road, and Mrs. Corinne Shigworth of Doyle place.

Children from Grosse Pointe Children's Theater under the direction of Mrs. Sally Reynolds, at the Grosse Pointe War Memorial are: Linda Shaitberger, Patricia Fleming, Sharlene Kranz, Timothy Moore, Mary Quilker and Karen Lena.

Mrs. Jane Bacon, director of Grosse Pointe University Nursery School, coordinator of the exhibit, reports that she has had wonderful cooperation from schools throughout Grosse Pointe and Metropolitan Detroit in sending photographs, children's art materials and fascinating play equipment.

Too many people who save for a rainy day work on the assumption that it will be a light shower.

## Manager

EDWARD R. BUNN, of 346 Fisher road, will manage the new Sears, Roebuck & Co. store at Mack avenue and Moross road, which officially opens on May 1. Mr. Bunn, first Sears employee to enter World War II, serving five years in the Air Force, has held several other important posts with the company. He also taught merchandising at the University of Michigan.

A past president of the Southeast Exchange Club and Richard School PTA, Mr. Bunn has also been active in Boy Scout and Little League work.

## Season Opened At Lakepointe

The Green Terrace of Lakepointe Country Club was the setting for the first dinner dance of the season on Saturday, April 19.

Members and their guests were greeted by Mr. and Mrs. Louis Palmer, Mr. and Mrs. William Bickel and Mr. and Mrs. Gene Charles.

Gathered around the punch bowl discussing the wonderful improvements on the golf course were the club champion Gene Woodward and his wife, and Mr. and Mrs. Herbert Epstein and Mr. and Mrs. George Bell, golf chairmen.

One of the new members, Gordie Howe, National Hockey League Hart trophy, winner for the past years was looking at the president's cup with interest. Gordie not only is an outstanding hockey player but he also plays an excellent game of golf. His first round on Saturday was a 74.

Mr. and Mrs. Jerome Friesema returned from San Diego where they attended their son's wedding in time to greet the new members. Mr. Friesema is the chairman of the new board of directors.

## Marygrove Alumnae Plan Annual Scholarship Party

Marygrove College Alumnae Association announces that its annual scholarship card party will take place on Saturday, May 3.

The affair will start at 1 p.m. in Madame Cadillac Hall on the Marygrove campus, W. McNichols road. Plans include cards, prizes and refreshments. Tickets may be obtained at the door.

Highlight of the afternoon will be a style show.

Among Marygrove alumnae working on final arrangements with other committee members is Mrs. John E. Flannery of 1226 Whittier road.

The serious note behind the festivities will be scholarships. Because of the increased cost of education, many families are finding it difficult to send their children to college.

Marygrove College alumnae are conscious of the need to help those families. Through their annual scholarship benefit, they provide scholarship aid to young women entering college, and to those already in college who need financial help to continue their education.

## Albion Alums Sponsor Dance

Albion College Detroit Alumni Association will hold a spring dance May 17 at the Glen Oaks Country Club on 13 mile road.

Among the Grosse Pointe members working on the dance committee are Wendell Birdsell, William E. Churchill, and Mrs. Calier Worrell.

Habitual worry simply puts the headlight on the tail-end.

## Jr. Goodwill To Hold Dance

May is a time for dancing and the members of the Junior Group of Goodwill Industries are planning to do just that.

On Saturday, May 3, the group will forget work schedules and money-raising schemes to don the most glamorous clothes for a dinner-dance at the Bloomfield Hills Country Club.

Mrs. Thomas C. Fox will wear a formal beige lace cocktail dress, featuring a fitted bodice and short, full skirt.

Mrs. Bill O. Brink plans to wear the new chemise style. The dress, however, will be one of another era. It was chosen from the racks of the Goodwill store, for her, by the president of the Goodwill Industries, Mr. Robert Weber, at the suggestion of Mrs. Weber who is the dance chairman.

Mrs. Charles W. Gauss II, Mrs. Harry J. Allick and Mrs. Robert N. Greene, the decorators for the occasion, will endeavor to bring the May outdoors indoors with the use of many greens throughout the ballroom, and will heighten the feeling of spring with accents of pink.

The fun will begin early for the East-siders who at 6 o'clock will board a bus which has been chartered for the trek to Bloomfield, from Grosse Pointe.

## Organic Garden Club To Meet on April 30

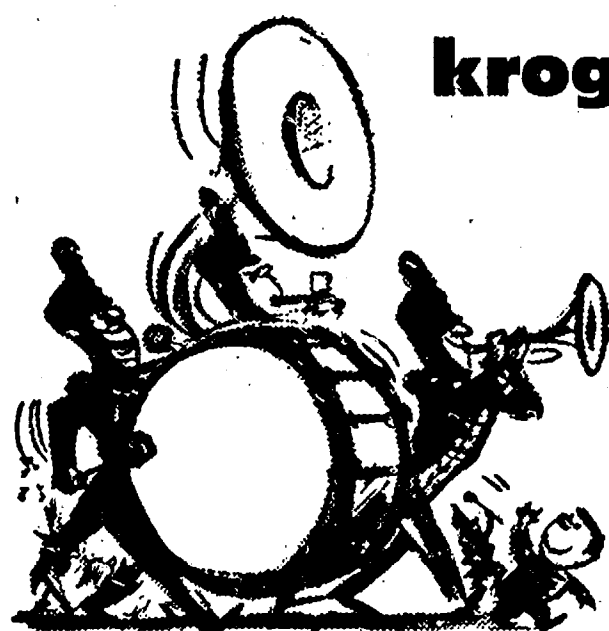

The next monthly meeting of the Motor City Organic Farm and Garden Club will be held at the Cannon Recreation Memorial Center, Cadieux and Warren, on April 30 at 7:30 p.m.

Following the election of officers there will be a film shown "The Great Story of Corn." This is a classic among agricultural films.

even if spending continues at the present rate.

President Eisenhower origi-nally budgeted 18 million dol-lars to continue in the fiscal year beginning July 1 work on the project designed to link the midwest with the Atlantic Ocean. He later asked 23½ million.

**GOV. WILLIAMS** told the Legislature Friday night that this year's deficit will reach 22 to 23 million dollars. His revised estimate of revenue reached the lawmakers min-utes before the day's session ended.

It is the first time during this session that Williams has backed down from his predic-tion that there might be a \$700,000 surplus. He told House Speaker Van Perusem that there has been a big shrinkage in income since the Governor's emergency appeals in January.

Williams did not attempt to delineate revenue expectations for 1958-59, on which the Legislature is working.

**RUSSIA ACCUSED** the United States Friday of court-ing global atomic war by send-ing planes with nuclear bombs across the Arctic toward Soviet frontiers. It demanded an urgent United Nations Secu-rity Council meeting.

Soviet Foreign Minister Andrei Gromyko made the accusation in a news confer-ence called amid exploratory diplomatic talks about a sum-mit meeting. A few hours later the Soviet UN delegation lodged a formal complaint in New York.

(The United States wel-come the opportunity to chal-lenge the Kremlin in a council debate. U. S. Ambassador Henry Cabot Lodge, the body's president for April, planned to take up the issue Monday afternoon).

**A BERSERK TEEN-AGER** shot three nuns and a man Saturday night, then broke into a parochial school and held off police armed with sub-machine-guns and tear gas for hours, in Trenton, N. J.

More than 50 policemen sur-rounded the school, playing searchlights over the walls and firing blasts after blast into the building as the youth darted from room to room occasionally returning the fire. Later the youth left the school, eluding the trap.

None of those shot by the youth was killed, but two of nuns are in serious condition.

**SOME 700 GIRLS** attend-ing a young people's state con-vention known as the Sun-shine Society, were stricken with food poisoning Saturday in Crawfordsville, Ind., after eating ham salad sandwiches at the group's luncheon.

State Police said the illness struck most of the girls while they were riding buses from Crawfordsville to their homes throughout the state after the meeting.

None was believed seriously ill. Most of the girls had recovered later Saturday night, police said, but a few were being kept at the hospital for ob-servation.

**THE UAW IS** operating in the red and may have to bor-row money not only to meet day-to-day operating expenses but to build its strike fund. The deficit in the union's General Fund totaled \$428,385 for January and February. March figures have not yet been compiled but further losses are certain.

Hard-hit by the recession, with an estimated 450,000 members out of work, and not paying dues, the union already has launched an econ-omy drive. Further efforts to cut costs, possibly including staff cuts, will be discussed at a meeting next week of the U A W International Executive Board.

**Monday, April 21**

**A MOTHER OF THREE** told police she shot her hus-band to death Sunday night after he called her a lousy cook and dumped his food on the floor. Dead was James William Syme, 28, a gas sta-tion mechanic. Held for in-vestigation of murder is his wife, Dorothy, 23.

The shooting at their home, 8685 Schaefer, culminated a long-standing argument dat-ing back to last July, when they moved to Detroit from Kalamazoo, she said.

**THE ATOMIC ENERGY COMMISSION** said Sunday that this country would test major parts of its Rover atom-powered rocket engine this fall in Nevada. The Rover, which needs no air, could be used as a light-weight, long-range motor for space ships.

Air Force Col. Jack L. Arm-strong, deputy director of the AEC's office of Aircraft Nu-clear Propulsion, said the nu-clear reactor and "necessary parts" of the Rover would be tested at the atomic proving ground in Nevada.

**A SUSPENDED** Detroit in-come tax collector embezzled

about \$30,000 in taxpayers' money in the last five years, Assistant United States At-torney Robert E. DeMasco said Sunday.

DeMasco said he will file a criminal information against Stanley J. Mardeusz, 50, of 5891 Lonyo, possibly this week. Mardeusz also forged tax forms involving about \$100,000, DeMasco said.

Mardeusz, father of 11 and veteran collector with the In-ternal Revenue Service, could be charged either with embez-zlement, misapplication of funds or filing false infor-mation, DeMasco said.

**AN AIR FORCE** jet fighter-trainer plunged from a cloud-less sky to ram a New York-bound United Air Lines DC-7 Monday in a "one-in-a-mil-lion" air collision which killed 49 persons.

All 42 passengers and five crew members aboard the air-liner died in the crash. Just before the flaming four-engine DC-7 hurtled to the Nevada desert, the pilot was heard shouting an emergency radio message: "May Day. Mid-air collision of Las Vegas 738."

An Air Force spokesman said it was possible the F-100F jet, carrying an instruc-tor-pilot and a student-pilot on a routine instrument train-ing mission, came down di-rectly onto the passenger craft not knowing the DC-7 was flying at 21,000 feet. The jet had permission to let down from 28,000 feet.

**RUSSIA WITHDREW** Monday night a resolution under which the United Nations Security Council would have called on the United States to stop flights of military aircraft toward the frontiers of other countries.

The resolution said that flights of U.S. aircraft, armed with atomic and hydrogen bombs, could lead to "the be-ginning of a destructive atom-ic war."

All members of the 11-na-tion Security Council, except Russia and Sweden, which did not speak, had served notice during the debate that they would either abstain or vote against the Soviet resolution.

**A UNITED STATES** com-missioner held Mark Zborow-ski, 50, a Russian-born Har-vard researcher, in \$20,000 bail Monday on perjury charges linked with the Jack Soble espionage ring. FBI agents took Zborowski into custody at his suburban Brook-lyne home a few hours earlier on a New York indictment.

They said it was the result of "clandestine activities" by Zborowski with Vassili Zub-hin, former secretary of the Soviet Embassy who was men-tioned in charges against Soble.

**Wednesday, April 23**

**A BROAD RECOVERY** pro-gram, topped by a huge public works plan was urged in Washington Tuesday afternoon by Gov. Williams, testifying before the House banking com-mittee which is holding hear-ings on unemployment. Wil-liams believes a public works program will provide immedi-ate jobs.

The year-end calendar in-cludes the annual scholarship benefit card party, scheduled for May 3 on the college campus; a day of recollection, May 14; and homecoming weekend, May 23-24. The latter will be highlighted by the alumnae's annual meeting and visit with faculty members.

Among those Marygrove College alumnae from this area who are at work on future plans is Mrs. John E. Young, 1440 Grayton, co-chair-man of Homecoming Weekend.

Members of the board of di-rectors are Mrs. John Mois-sall, 1168 Three Mile drive, and Mrs. Thomas Burns, Jr., 421 Rivard boulevard.

**NEW WAYNE BUILDING**

Plans are underway at Wayne State University to begin construction of a \$1,500,000 Life Sciences Re-search Building this summer. The University has announced. Arthur Neef, University vice president and provost, said that construction is expected to start in August.

quartering with some British friends, and no doubt enjoying some fabulous English week-ends. They hope to see the Brussels Fair and also have a few days in Paris.

This will be Mrs. V's first trip abroad although her husband is quite a seasoned Continental traveler. Before they sailed from New York they had a day's reunion with her parents, the Otto Kerns, who stopped en route home from Florida to bid them bon voyage.

Left behind are Cathy and Susan, studying at GPUS, David, who is at Kent School in Connecticut, and pre-schooler, Peter.

## Men's Fashions

### GOLF APPAREL

I play golf—although it's stretching the imagination for me to call it play. All that work, honest now! Why I've qualified for several Boy Scout woodman merit badges, and have been in more water holes than a Labrador Retriever!

But I can say this as a fairly long-ball hitter in the realm of men's wear: golf never had so many participants as today, and this increased interest in the sport has brought about many changes in men's golfing apparel.

Down through the years, golfers wore almost anything. Today, however they look for comfort in their clothes. And many have helped their game by wearing colorful, non-bulky garments that have been designed for action and comfort.

Take golf jackets, for example. In cool weather, golfers want something light that will resist wind and rain while giving them freedom of arm action. These jacket shells are of cotton poplins and twills, closely woven in a technique developed by Swiss textile technicians.

Then, there are trimly-tailored slacks of crease-retaining, lightweight fabrics, and colorful sweater shirts. These are topped off with eye-catching headgear, and bottomed off (if I may be permitted the expression) with light, ground-grabbing golf shoes.

And as for those knitted La Coste shirts that come in a variety of color treatments, the backs are considerably longer than the fronts. This solves that age-old problem of the shirts riding up out of the trousers when golfers flail away at the ball.

Men's knickers used to be a major style note in golf. In fact, these cascading, abbreviated pants were actually synonymous with the sport. I'm prompted to ask: Can a man without plus-fours be described as being non-plussed?

## Mothers' Club Sets Date for Big Party

Annual Scholarship Tea and Bridge Will Be Held In Gymnasium on Friday, May 9; Mrs. Lippincott is Chairman

Friday, May 9, is the chosen date for the Spring Scholarship Bridge and Tea which is held annually by the Mothers' Club of Grosse Pointe High School.

Many women have been earnestly at work for several weeks to assure this year's party its deserved success. Because it has such a splendid motive—the raising of funds for scholarships for deserving high school graduates—this project has always had great appeal for those who participate in any way.

The prize committee is co-chaired by Mrs. Paul S. Mathewson and Mrs. Daniel Carne and their hard working committee consists of Mesdames William M. Talliaferro, Lawrence Ruby, Robert Weber, David Bures, Harry Chapman, Daniel Webb, H. B. Leonard, E. C. Hodges, Minard Mumaw, Howard Simon, L. B. Gascoigne, Carl Hovick, Don Barton, Jack Smith, Morris Sessaman, Edward Lang, Lyle Waggoner and John Blair.

The decorating committee, headed by Mrs. Daniel Webb and Mrs. James H. Dodge, has planned a decor emphasizing the Arts. The music, drama and art teachers at the High School are cooperating with them as well as a capable committee including Mrs. Watson Beach, Mrs. Hardee Bethea, Mrs. Fred J. Schumann, Mrs. Robert A. Smart and Mrs. Raymond B. Baer.

Tickets have been distributed to the Mothers' Club Neighborhood groups and Home Room Mothers, who in turn will contact every mother of a High School student. Mrs. Sheldon Drennan heads this committee and announces that tickets will be \$1.25 as they have been in the past. Tickets also will be on sale at the door.

Mrs. Hall Lippincott is general chairman of this party which will be held in the large gymnasium, with cards starting at 1 o'clock and tea served from 2:30 o'clock for the rest of the afternoon.

## Golfers Ready At Lochmoor

Lochmoor Club golfers have taken advantage of the warm, sunny days in April to frequent the fairways, polishing up the rough edges in their game, preparatory to the official season opening.

The first scheduled ladies day is Friday, May 2, and the men's season begins the following day, Saturday, May 3.

The first Friday of May is traditionally designated as the beginning of the ladies golf season. Preferring to regard the soaring temperatures in April as unseasonal and remembering how many opening days in years past have been gloomy, cold and wet, the women's board of directors will be fully prepared this year.

They are planning to have ready an adequate supply of steaming cups of coffee and heaps of doughnuts to serve to the lady golfers before tee-off time.

The directors who will act as hostesses are Mrs. Paul Ackerman, golf chairman; Mrs. Paul Jerome; Mrs. Jack W. Hooper; Mrs. Kenneth Moore; Mrs. C. T. Masenich; Mrs. Albert Bowles; Mrs. John Chandler; Mrs. John Pival; Mrs. T. H. Schneider; Mrs. David R. Hill; Mrs. Robert Gaskill and Mrs. Joseph Brisson.

Starting at noon a buffet luncheon will be served in the club's California Room.

## Powerboaters Party at NYC

Powerboat owners at the Detroit Yacht Club will hold their "fitting out" party Monday at 6:30 o'clock in the grill with dinner, dancing, a fashion show and equipment display on the program.

Frank W. Houghton, powerboat chairman, has named Howard E. Stoneback and Earl Totz co-chairmen of the party. NYC burgees will be presented to new board members by Mr. Stoneback.

Among those attending will be Commodore and Mrs. Charles S. Tompkins, Fred C. Jensen and Roesmary Erdman, Rear Commodore and Mrs. Alfred F. Steiner, the Edgar M. Gregorys, Jr., the E. O. Bodkins, the Edward H. Zerbies, the Russell G. Marrs and Dr. and Mrs. Edwin Fenton.

Others are the Fred W. Ryssams, the Thomas A. Beavers, the Bernard F. Farnells, the William C. Harrises, the John V. Davises, the Albert W. Bebes, the Harry Benfords, the Thomas J. Douglasses, the Richard S. Gmeiners and the Reider Thoresons.

## Dem Women Attend Parley

Planes, cars and buses carried local and state Democratic women leaders to Washington last weekend for the 1958 National Democratic Women's Campaign Conference.

Michigan's First Lady, Mrs. G. Mennen Williams, of the 14th District, Grosse Pointe, headed the large delegation which attended the three-day conference at the Sheraton Park Hotel.

Sunday afternoon, after a busy day of registration and sightseeing, Speaker of the House, the Honorable Sam Rayburn and all Democratic congressmen and congresswomen, were honored at a reception at the Sheraton Park Hotel.

Among those attending from this area were: Mrs. Frank S. Szymanski, wife of the Auditor General, 4250 Audubon; Mrs. Joseph Wirth, 1237 Hampton road; and Mrs. Joseph Waggoner, 1200 Ashland.

Highlighting the conference were talks by Mrs. Eleanor Roosevelt, former President Harry S. Truman, and Governor Averell Harriman at the luncheon on Monday April 21. Another outstanding affair was the Senatorial Dinner that evening in Sheraton Hall. Among the guests of honor were Senate Majority Leader Lyndon Johnson and Senator Patrick McNamara.

Campaign workshops and discussions were again conducted on Tuesday morning, followed by the Democratic Committee Luncheon at which Governor G. Mennen Williams was honored as well as National Committee women from all the states.

For her marriage the bride wore a white taffeta princessline gown drawn into a bustle back. Rows of imported Swiss embroidered lace applique in seed pearls outlined the rounded neckline and short sleeves.

The bride was given in marriage by her brother, Richard S. Naragon, who came from his Army post in Alameda, Calif., for the ceremony which was performed by the grandfather of the bridegroom, the Rev. Maurice Grigsby, of Kissimmee, Fla.

Marilyn Grigsby was the bride's only attendant in pale blue chiffon trimmed in satin. She carried a bouquet of mixed flowers which blended with her gown.

That's for the senior keggers—the juniors, who bowl Saturday mornings, will have a dinner party two days before, on April 24 to be exact, to celebrate their wind-up and receive their awards. Both will be mixed parties.

Arrangements for the Jamboree are in the hands of Edgar M. Gregory, Jr., bowling chairman, and committee aides.

Inaugurating the evening will be a cocktail hour and a ceremony at which trophies will be awarded to the season's man and woman champions, the league winners, and the champion league.

Then the keggers will move to the ballroom-lounge for the 8:30 p.m. dinner dance. On the bandstand will be Art Quatro and his orchestra.

Committee members assisting Chairman Gregory include Edward J. Schoenherr, vice chairman; Forrest R. Old,

Mrs. Richard J. Martin, Rex L. Brophy, Mrs. Robert F. Weber, Walter S. Clark, Kent A. Zimmerman, Morley E. Keyes, Mrs. Melvin S. Huffaker, and Fred A. Hood, Jr.

The Junior Bowlers' dinner on the 24th will take place in the Commodore's Room. Some 30 or more boys and girls are expected.

Brief talks by Hans Gehrke, Jr., junior bowlers' counselor, and Edward Gregory, the general bowling chairman, as well as music entertainment, are on the program.

Highlight will be the presentation of the Forrest R. Old Perpetual Trophy, a junior bowler's high point award, and prizes to the boy and girl with highest averages, and to the boy and girl in the "most improved" category.

Passenger cars were involved in over 78 percent of traffic injuries.

## Christ Child To Hold Parley

The 14th biennial convention of the National Christ Child Society will be held in Detroit, Mich. May 5-7 at the Statler Hilton Hotel. Presiding will be Mrs. Lawrence J. Kroha, national president, with the aid of local chapter president Mrs. T. J. McCarthy, Jr., and convention committee chairman, Mrs. Frank J. MacDonell, all three of Detroit.

The theme of this year's convention is "How the Christ Child Society Can Best Serve the Needs of the Community," and the three full days of meetings, workshops and panel discussions will be keyed to this subject. The convention will provide much-anticipated opportunities for exchanges of ideas and solutions to problems of local chapters for the more than 400 presidents and delegates expected to attend from 38 chapters all over the United States.

Ever since the founding of the Society in 1886 by Miss Mary Merrick in Washington, D.C., the Christ Child Society has been dedicated to the finding of community needs and the wholehearted efforts of its hard-working members in fulfilling those needs.

Highlights of the convention days will be visits to the new Christ Child House (a temporary shelter for children of all races and religions to be opened in April), and a tour of the Clothes Closet, a re-sale shop also operated by the Detroit chapter.

Keynote speaker at a brunch immediately following registration will be Mrs. John Hagerty, first vice president of the Society, who will talk on the aims and purposes of the Christ Child Society in relation to the ideals of its founder. At lunch, May 6, the invocation will be given by Msgr. Walter Hardy, head of the deanery in which the new Christ Child House is located. The convention will be welcomed by the Most Reverend Henry E. Donnelly, D.D., Auxiliary Bishop of Detroit, and by Mayor Louis

C. Miriani of Detroit, and addressed by Reverend Wilbur E. Suedkamp, Secretary of Catholic Charities for the Archdiocese of Detroit and spiritual director of the Detroit Chapter. At Wednesday's luncheon the group will hear Father John R. Hogan, director of Catholic social services for St. Clair County at Port Huron, Mich., on "How to Spiritualize Our Work for the Christ Child Society." The main speaker at the closing banquet will be Mrs. Robert Mahoney, president of the National Council of Catholic Women, and active member of the Washington, D. C. Society chapter.

The convention will officially begin with Mass at St. Aloysius on Tuesday, May 6. On the day preceding, Mrs. Kroha has called a meeting of the executive board and chapter presidents, to be followed by a buffet dinner given by the Birmingham Unit at one of their member's homes to get the convention well under way.

## To Sell Peanuts To Help League

The Woods-Shores Little League will hold its annual peanut sale on Saturday, May 24, between the hours of 1 and 4 p.m., it was announced by vice-president Robert Kefauver at a meeting on April 14.

Plans for the sale are in the formative stage at present but it already has been agreed that the boys from the major and minor league teams, wearing their caps and jerseys, will conduct a door to door canvass during the hours of the sale.

It is hoped Woods-Shores residents will be generous in their donations as all funds raised from the sale will be used to buy equipment for the youngsters in the league.

It costs about 15 dollars to equip each youngster with a uniform and provide bats and balls for games.

The last report shows that about 580 boys are raring to get started and each has already paid an enrollment fee of two dollars. Team sponsors carry the lion's share of the financial load but there still is a need for more sponsors in order that more teams can take the field in the great American sport.

Boys planning to play with the Collegiate League are asked to report to Monteth School on May 5 at 5:30 p.m.

## College Club 25 Years Old

Twenty-five years of accomplishment in educational, civic, and social activities will be celebrated by the College Women's Club at its Silver Anniversary Tea to be held on Friday, April 18, from 3:00 to 5:30 p.m. at the home of Mrs. John R. Pear, 707 Trembley road.

Mrs. Ivan Kirilov of 26 Renaud road, general chairman of the tea, is assisted by Miss Helen Armstrong, Mrs. Elizabeth Clark, and Miss Dorothy Goodson of Detroit, and Mrs. Montague Clark, Mrs. Albert Conkey, and Mrs. William T. Kriehoff of Grosse Pointe.

Mrs. Fred Schumann, Mrs. Emil Leich, and Mrs. Edgar B. Cooper are in charge of the tea table arrangements, which will have an all silver setting accented by white flowers and white tapers on an exquisite gray-blue imported cloth. The soft strains of music amid the general air of festivity will complete the setting for this gala event.

Among those presiding at the tea will be Mrs. John Aselin, first president of the College Women's Club and Mrs. Kenneth Patton, Bedford lane, its current president.

DETROIT'S OLDEST AND BEST-KNOWN SCREENERS

**MONSTERPIECE** — A celebrated villain in Scandinavian folklore, this troll turns a snaggle-toothed grin to its owner, Mrs. Hans Stackgard of Oconomowoc, Wis. The doll was sent by her mother, Mrs. Ingeborg Pihl, of Hangfors, Sweden. Equipped with long white hair, a black-tufted tail and furry feet, the doll is a perfect representation of the mythical figures from many stories, including Ibsen's play, "Peer Gynt." Mrs. Stackgard and her husband came to the U. S. last year.

**SPACE LOVER** — Singer and harpist Sue Evans, who recently sent Dr. James Killian Jr. her application to make the first flight to or around the moon, is shown on arrival at Idlewild Airport, New York, from the West Coast.

**CHILD OF THE DESERT** — One of some 12,000 Arabs and Berbers reported to have fled from the Spanish Sahara, this mother carries her sleeping baby on her back as she sets up the family tent across the border at Goulmine, Morocco. As the refugees stream out of the bleak land where Spain faces new pressure from the Saharan Liberation Army, Madrid has announced it hopes to help some 30,000 colonists emigrate to its North African possession.

**SKY-BRIDGE STAMP** — An airplane and an arch, bearing the Arabic words "United Arab Republic," symbolically link the politically joined but geographically separated territory of Egypt and Syria in this new stamp. Dated Feb. 1, 1958, the date of the proclamation of the union, the United Arab Republic stamp omits Israel and Jordan, parts of which lie between Egypt and Syria. The stamp is priced at 15 mills, about three cents.

**DOG-IN-BOOTS** — The story of Puss-in-Boots is a well-known fairy tale, but here's a real live Dog-in-Boots in the form of Sue, a seven-month-old pooch in Southampton, England. Suffering from sore feet, Sue was taken to a firm of surgical boot makers by owner Mary Smith. In no time at all, the footsore canine was fitted with a set of soft, calf leather boots, with laces and tongues at the back and tiny rubber-lined replaceable soles. Now Sue can trot around the streets to her heart's content without discomfort.

**WAY OF THE CROSS** — Noted for his portraits of Queen Elizabeth II and Princess Margaret, artist Pietro Annigoni displays his latest work, a painting of the Crucifixion. He is creating the mural in the Church of Castagno, Italy.

**SHORT CUT** — Striking a compromise between sack and sheath, Castillo of Lanvin cuts this pink crepe afternoon dress short enough to let the kneecaps peep beneath the hem. The dress has a pair of buttons set just below the easy waist.

**FOR FELINE FANCIERS** — Displaying the latest in feline finery, Sammy the tiger cat and his mistress, Mrs. Lois Munroe, wear matching necklaces. Mrs. Munroe, a New York decorator and home furnishings expert who loves cats, went into the business of designing necklaces for cats on a spare-time basis. She called the creation "Puss 'n' Purri Collar." It's an adjustable "kitty-tested" 12-inch strand of pearls with a fake stone pendant set in gold plate. Stones come in different colors to serve as birthstones or to match the cat's eyes.

**CHANEL '58** — The famed Chanel suit remains unchanged this spring, as the grand old lady of Paris fashion continues to advocate the straight, free-swinging jacket atop a slim skirt. This version is done in an interesting tweed that combines stripes of black on an off-white background. The jacket is framed and cuffed in wide black braid, and the overblouse is done in dark silk jersey.

**PRINCESS CHARMING** — A picture of glamour in a filmy off-the-shoulder gown of cream tulle and gold lace, Britain's Princess Margaret poses for a new official photo. The 27-year-old Princess wears a necklace and earrings of turquoise for the portrait, made by Cecil Beaton at Clarence House, London, residence of Margaret and Queen Mother Elizabeth.

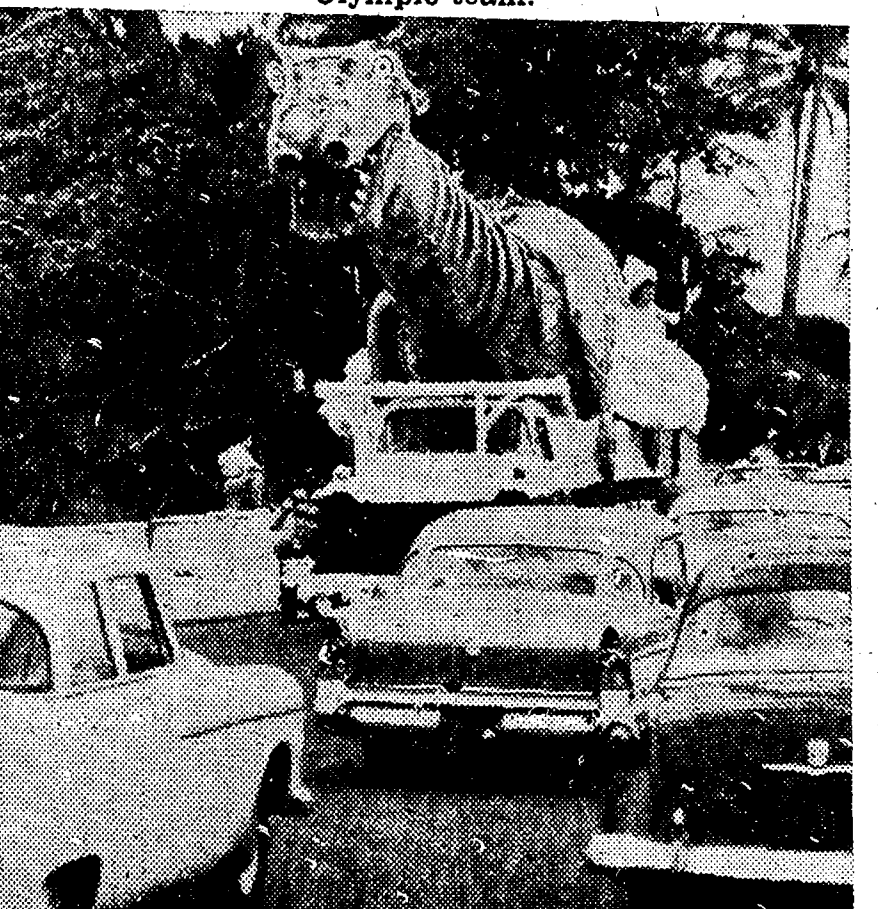

**INTERIOR DECORATION** — Although she seems in the height of fashion, model Brenda Sullivan lacks one item—a dress. What she's wearing at a London fashion show is actually the last word in foundations.

**FRENCH CHAMP** — Vice-President Richard M. Nixon greets young Alain Sevestre of Evreux, France, "France's ambassador of youth athletics to the United States." The 16-year-old French youth visited Mr. Nixon on a two-week tour of the U. S. which he won in a France-wide sports competition run by Gillette of France. Sevestre is national junior javelin champion of France and provincial junior shot put and discus record holder. He's aiming for France's next Olympic team.

**WHALE OF A TROUT** — As big as most fishermen's imaginations, this spotted sea trout is hoisted by marine taxidermist J. W. Sewell at St. Petersburg, Fla. A near world record, the fish weighs 14 pounds 13 ounces, and was caught at Cocoa, Fla., by an unidentified angler who sent it to Sewell for mounting. It's reportedly the largest fish of its kind ever seen in Florida waters.

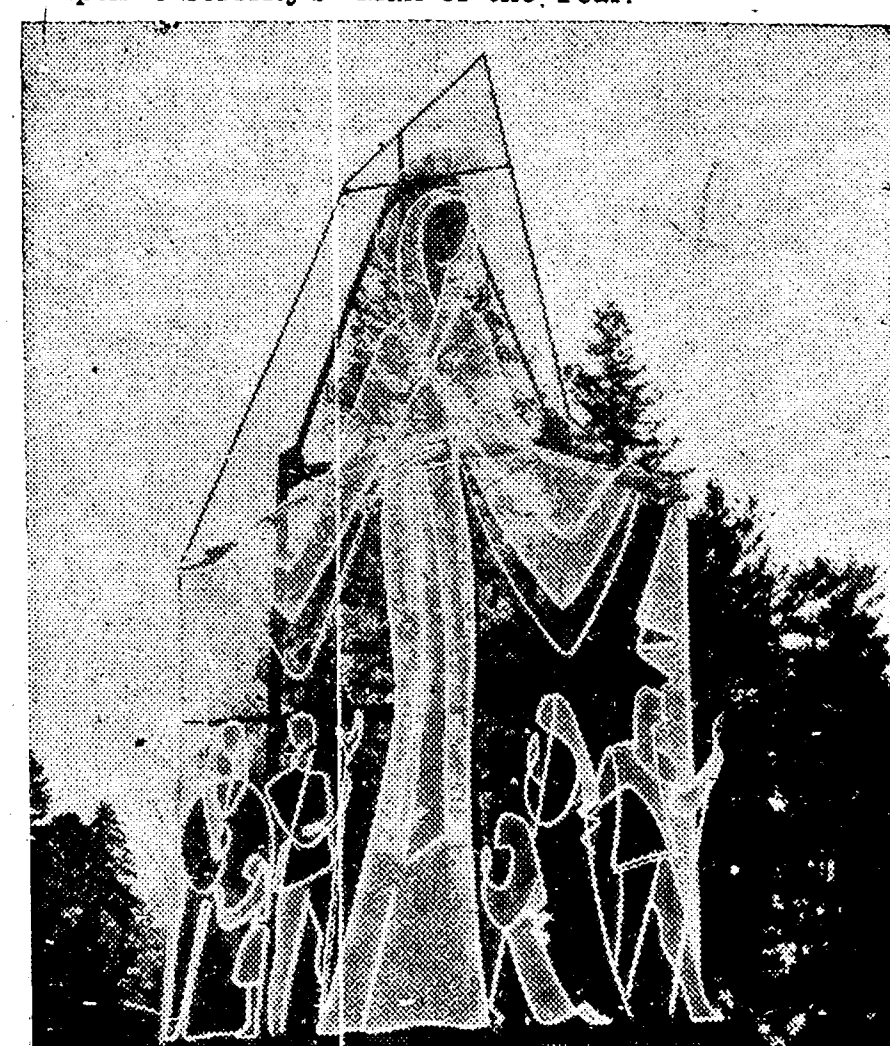

**DRAGON WHEELS** — A back seat driver that tied up traffic for blocks, this dragon plays road hog in San Juan, Puerto Rico. Actually, the monster is part of a truck-mounted float on its way to the Ponce de Leon Carnival.

**STRAIGHT FROM CHANEL** — Mme. Chanel, grand old lady of Paris fashion, continues to follow the straight and narrow path this spring. Her slim green wool coat takes color contrast from dark green shantung binding on pocket flaps and collar. There's a companion dress of dark green shantung below.

**STEVENSON HONORED** — "Cited for exciting the imagination of our American youth through participating in the true democratic political progress," Gov. Adlai E. Stevenson is awarded a plaque as Delta Phi Epsilon Sorority's "Man of the Year."

**LIGHT OF FAITH** — Modern lighting techniques combine with traditional religious art in this work erected at Lourdes, France, for the centennial observance of the visions of St. Bernadette. The group study, showing the Virgin Mary and children, is outlined with neon tubes, to gleam brightly at night.

Easter Holiday Spoiled By Man's Best Friend Russell Brocissi, 12½, of 266 Grosse Pointe boulevard, had his Easter somewhat spoiled—but not because the Bunny failed him. Rather it was the fault of man's (and boys') best friend, a dog.

While on his vacation on Friday morning, down in the village in front of 17037 Kercheval, Russell was bitten on his left thigh. The bite went through his pant leg and broke the skin. He was rushed to Bon Secours Hospital for treatment.

Jeff Chamberlin, of 430 Lakeland avenue, was notified and took his dog to the veterinary's for the required 10-day confinement.

Village shoppers who park in the lot behind Best's may not realize it, but they are treading on the original wagon track which, but for a surveyor's rule, would be Kercheval road today, not a by-passed lane.

Those frame houses, the few that are left, on Kercheval place, were the nucleus of the first shopping center the Pointe had. Until 1913 this busy thoroughfare was just a rutted road, paved with wooden blocks to Cadieux and then wandering off into a country lane. Next to the parking lot today stands one of the old frame houses, about 70 years old, which was once in the midst of this small shopping center. Where the parking lot is today there was a small home with a grocery in the front parlor; its other neighbor was a popular livery stable.

The house until recently belong to Odill Beels, who was born in it 48 years ago on Kensington road. All of Kensington before 1900 belonged to John Wallace, who made his fortune in the sailing ship trade on the Great Lakes. This frame house, with two additional wings, and his own brick mansion were the only homes on Kensington. Mr. Wallace bought the land from the Stephens estate. It had once been a land grant, a huge farm. When he decided to subdivide the Beels moved the house to Kercheval place, and built the timbered and plastered barn that still stands there.

The barn, with its beams now showing through the crumbling plaster, housed Mr. Beels' horses and building equipment. He was a contractor. The house had to be remodeled because it had two unconnected stairways, one in the back and one for family use. The back stairway led to the upper floor, which was used to house farm laborers when the house was on Kensington. The farmer had a large sliding panel built, which he could slide back to call the workers to the fields.

The Beels lived in this house until a year ago when they sold it. The home will be torn down and a modern clinic built on the site. Mr. Beels remembers his father speaking of the difficulty they had moving the old house from Kensington, because in those days Fox Creek wound through the street and the house had to be ferried across the turbulent water. When Kercheval was straightened about the time of World War I the busy lane was by-passed and the main road built half a block to its left.

Soon this country lane with its few remaining frame cottages will be a complete parking lot and office site with nothing to remind residents of its once important role in the early Pointe's trading center.

Fine Arts' production of Somerset Maugham's drawing room comedy "The Constant Wife" at the Players last weekend was a very skilled and professional offering and the actresses' frocks had the very dressy ladies in the audience gasping.

Mrs. Bernard Pearce wore a very fetching flowered gown in the last act, bouffant and gathered at the knees into the new hobble. The colors were exciting green and pink blooms on a white background.

In the lobby glimpsed Mrs. William D. Byron, Jr., her titian hair beautifully complimented by a green silk frock, Mrs. Edwin Knights in a luscious rose, the very full skirt belled and gathered up at the hemline, Mrs. C. V. Blackburn, Jr. (who was playing her first Fine Arts role), after the last act curtain changed into a full black chiffon cleverly dotted in the front in white.

The star, Mrs. George Taubeneck, was receiving plaudits for her performance, in a white Grecian sheath accented in Kelly green. Her husband, noted author and editor, left the next afternoon for Sydney, Australia, to begin a 'round the world lecture tour which will be a 50 day whirlwind trip.

Delighted to learn from the Detroit Boat Club that the old fashioned cribbage game is still most popular. The club will be awarding prizes next Tuesday with Donald A. MacDonald well in the lead for first honors.

Jean Pearson, reporter and aviatrix, does quite a bit of traveling for her newspaper and must leave her husband, Merv, to fend for himself in the kitchen. Kindly neighbors take pity and often send him a tasty casserole.

Last week his next door resident on Three Mile drive brought him a mysterious Italian dish which he promptly gobbled up at his solitary dinner. The next evening she appeared at his door with another. He explained that he still had plenty of the first offering for a tasty meal. His neighborly cook looked aghast. That dish had been a cheese and chocolate affair for dessert! Who says modern men are at home in the kitchen?

Bicycling is the favorite sport these balmy days with many local lads and lasses wheeling about the Pointe. Spied Mrs. Bill Brink in chic tan couettes (do they still call them that?) pedaling along Lakeshore. Mrs. Woodruff B. Crouse bikes to market almost every day and engaged twosome Stephanie Fink and Buzz Potter are out on their bikes most week-ends. Incidentally theirs will be an August wedding in Grand Bend, site of the Fink's summer home, in a picturesque country church.

### PILFERINGS

The way to get a woman is with your hat. Grab it and run . . . John Barrymore.

Running into debt doesn't bother me; it's running into my creditors that's so upsetting.

I guess you'd call us friends—we have the same enemies.

A windblown banner in London's Trafalgar Square in the summer of 1932 read: "Let's be pleasant to each other. We are all having a dreadful time."

"Murderer! Coward! Liar!" a stranger once wrote Winston Churchill, enclosing savagely sarcastic verses. "I am very sorry to receive your letter with the evidence it gives of your distress of mind," replied Mr. Churchill. "The fact that you do me the greatest injustice does not deprive you of my sympathy, since you have obviously suffered so much."

## Pointer of Interest

MISS ETHEL M. TUCKER, OF MASON SCHOOL

by Patricia Talbot

For 29 years Miss Ethel M. Tucker has expressed her love for children, her interest in their inquiring minds and special talents as principal of Mason School. This spring she is retiring. Her long career in the Grosse Pointe schools has been a rewarding one both for her and the two generations of children in her care.

With a sense of a lifetime job well done this graceful gray haired lady with the ready smile, the calm confidence and steady patience can turn to her garden and her perserverance with the knowledge that she has done one of the most important jobs in the world with competence, devotion and skill.

Miss Tucker is from a pioneer Pointe family, whose land grant in Kerby road descends from the early nineteenth century. Her grandfather, one of our first city fathers, (one of our first city fathers), were brother and sister. She lives in a home with her sister, a retired teacher, in Kerby road which has been in her family for years. She attended grammar school classes in a two room school on the site of the old Kerby School, which is now a maintenance building for the Board of Education.

**Old Brush Home**  
The Tucker girls, all destined to be teachers, grew up in a home which was one of the landmarks of early Pointe history. Toward the end of the last century Mr. Tucker bought the Alfred E. Brush home (The Pines), the first of those frame castles which Detroit families built for summer living, and moved it to Kerby and Kercheval. His family grew up there and then he built his own home farther down the block. He sold the Pines to Carl Schmidt who moved it to the lake block on Kerby and changed it into a three car garage with living quarters for a chauffeur above. This historic building was demolished in a gasoline explosion which was seen for miles around. The Pines was the first of the great houses to disappear before the residential boom.

**To City High School**  
Mr. Tucker was determined that his children should have a better education. He was the first graduate of the Pointe country schools to send his daughters to high school. The Pointe had none of its own so the Tuckers boarded the street cars for an hour's trip to the city to attend Detroit City High School (now part of Wayne State University). When Ethel M. Tucker graduated she went to Eastern Michigan College, then a state normal school, for her teaching certificate. She came back to teach at Kerby School and Defer, and was then named principal of small Vernier school in Eight Mile road.
