A PROPOSAL that President Eisenhower call for a one-year moratorium on wage and price increases was laid before the Commerce Department's Business Advisory Council Friday.

The Council, a group of top-flight industrialists, is holding its spring meeting with Secretary of Commerce Sinclair Weeks, Secretary of Defense Neil H. McElroy, and other Government officials. Committee members urged that all emergency anti - recession measures be considered in the light of inflationary risks. They were unanimous in holding that inflation is the No. 1 long-term problem of the economy.

UAW PRESIDENT Walter P. Reuther Saturday offered to submit all economic issues in current contract talks to arbitration by a panel of experts picked by the union and the auto companies.

The proposal was promptly rejected by the General Motors Corp. Reuther said the decision of the panels would be binding and that the UAW would agree that the total of any increase granted workers would not require raising the price of cars.

Reuther's bid for arbitration this far in advance of contract expiration is without precedent in UAW negotiations.

NIKITA KHRUSHCHEV has warned Yugoslav Communists to get into step with the rest of the Communist world, sources close to the Soviet Embassy said Sunday night.

The warning was reported to be in a letter brought by Soviet Ambassador Ivan Zamchevsky when he returned from Moscow Saturday. The ambassador also brought news that Russia has postponed indefinitely President Voroshilov's visit to Yugoslavia.

The Soviet premier is said to have written President Tito that the solidarity of the Communist world is at stake unless Yugoslavia aligns itself openly with the Kremlin-dominated bloc.

A HAZEL PARK cut-rate barber shop was bombed for the second time in eight days Monday night. It was the tenth bomb blast in a series of recent terrorist explosions, apparently aimed at cleaning shops, car washes and barbers who refuse to hew to a set price line.

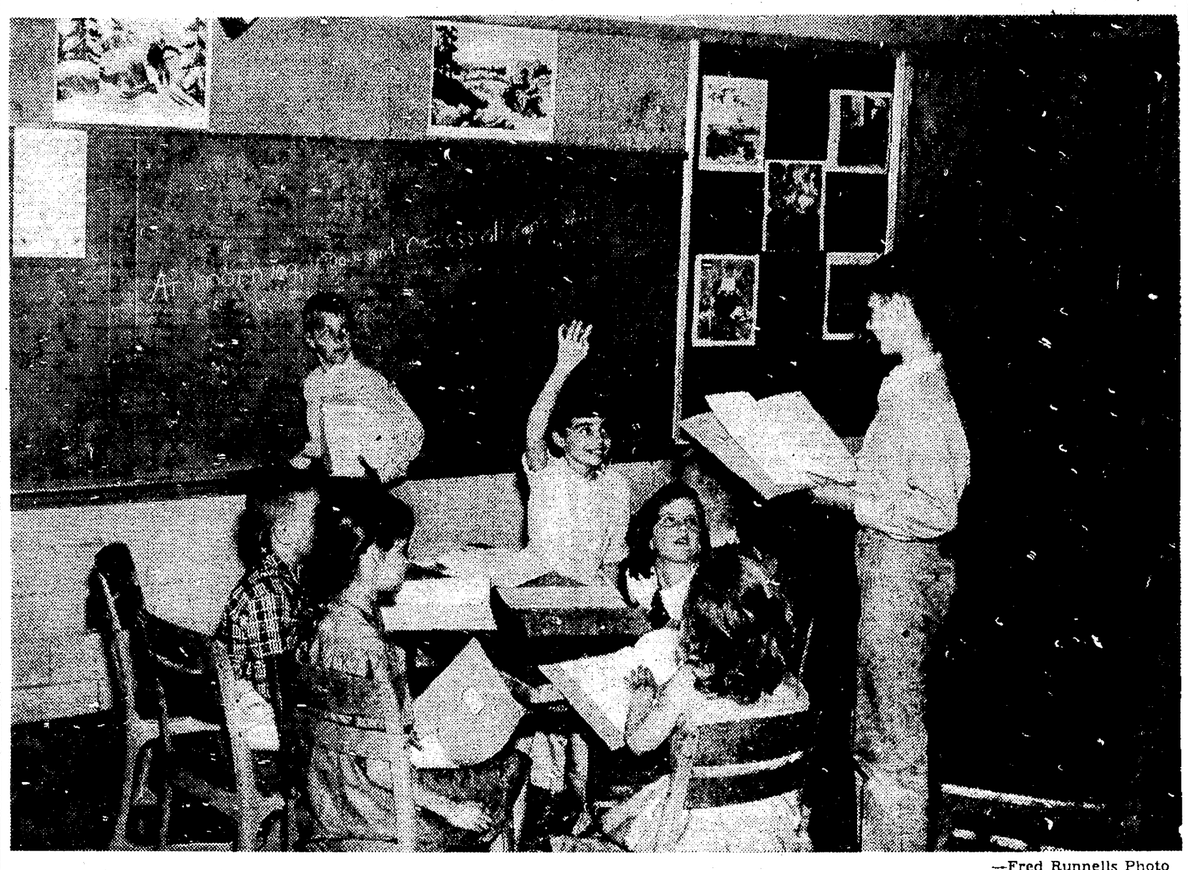

Latest victim, the Adams Barber Shop, advertised haircuts for one dollar. Prevailing price in union shops throughout the Detroit area is $1.75. The proprietor admitted he has had trouble with the barber's union.

VICE PRESIDENT NIXON shrugged off as "routine" intelligence reports that an assassin's bullet awaited him in Caracas, Venezuela where he appeared Tuesday for the final stop on his turbulent South American tour. He found that the plot rumors were serious ones and only fast action on the part of his Secret Service agents prevented him and his wife from grave consequences as stones were hurled at them during their tour of the city Tuesday afternoon.

Center Drive Needs $4,600 To Hit Goal

Total of $32,904 Contributed by 2,508 Families So Far in Campaign

The Grosse Pointe War Memorial Center still has $4,600 to go to reach the $37,500 total necessary to carry on the operations of the Center for their fiscal year beginning August 1.

The Center is very grateful for the many fine gifts both large and small which have al-Annual Family Participation ready come in in the 1958 Campaign. Now the board of directors is hoping that the remaining amount needed will come in the next two weeks so that it can announce the successful completion of the Campaign by Memorial Day—the drive's official target date.

Director Confident

The Memorial since its inception has enjoyed an ever-increasing support from the residents of the five Grosse Pointes and the directors are confident that the Center will continue to earn this backing this year just as it has in the past.

With only $330 needed in daily receipts between now and May 30, the Center is urging all givers of record and its many new friends who have not yet donated for 1958 to do so this month if possible.

The results of the campaign as of the 37th day of the drive stand at $32,904.48 received from 2,508 families as compared to $34,385.33 received

Public School Students' Governments Important In Operation of System

Training Afforded Called Vital Part of Educational Experience by Superintendent James W. Bushong

Student government plays an important part in the operation of the Grosse Pointe Public Schools, Superintendent James W. Bushong announced. "Training in self government is a vital part of our educational experience," Dr. Bushong stated, "and today it plays a key role in the general operation of our schools."

"The disciplining of students by students not only teaches the ultimate in responsibility but it develops a deep participating understanding of law and order."

"Working out their own necessary regulations is stimulating to students as well as preparing them for the many similar situations in which they may find themselves in the future."

"Student government in our Grosse Pointe Public Schools is naturally most highly developed on the senior high school level but it is also practiced in one way or another through our entire system.

To Meet at Monteith

"For instance, in a very few days, the student government in our Monteith Elementary School will have its fourth annual meeting and this year will discuss its school rules and policies. The first time this group met in 1954 it prepared a 12 page handbook on behavior in that school. This was written almost entirely by the 25 to 30 pupil-chosen representatives in the Monteith student government assembly."

"In the senior high school there is a very fully developed student government organization consisting of executive legislative, and judicial branches," he said.

The executive branch of the Student Association, the name of the student government, consists of a popularly elected president, vice-president, secretary and treasurer. All of the officers and representatives of the student government are chosen by the entire High School student body for one semester.

Two important committees, headed by members of the executive branch, are the Finance Committee and the Service Club. The former publishes and sells student activities tickets, the major source of revenue for the student government.

Duties of Committees

The latter, headed by the SA (Student Association) vice-president, is an organization of volunteers which staffs the Lost and Found Booth, helps supervise the cafeteria, patrols corridors, helps project noon movies, and assists the professional staff in many ways. All members of this committee must maintain scholarship averages of C or better.

The legislative branch, which considers and passes legislation applying to the whole student body, is composed of two bodies, the Senate and Forum. The Senate is composed of two members from each class and together with the four officers of the Student Association meets weekly to consider school and student affairs. Typical of their deliberations would be such as the confirmation of presidential appointments of debating the pros and cons of a proposed bill .

Forum is composed of approximately 75 members—one from each homeroom. At their first meeting each semester the body elects its own president, vice-president, and secretary. Recently the Forum reorganized into about 15 committees and each representative is a member of at least one committee.

Varied In Nature

The committees are varied in nature and wide in scope.

Police Nab Car Thief After Chase

Pursuit Clocked at 100 Miles an Hour; Patrolman Fires Three Shots

A 16-year-old escapee from the Boys Vocational School in Lansing was captured by police on Thursday, May 8, after a 100-mile-an-hour chase in which three shots were fired by the pursuing officer.

The youth, who lives in Detroit, was driving a car belonging to Dr. Galen B. Ohmart of 2150 Iroquois, Detroit, who reported the car stolen from Lakepointe and Kercheval at 15 minutes after midnight on Thursday. Park police took the report.

At about 6:30 a. m. the same day, Park Patrolman Thomas Fraser, while cruising on Mack avenue, spotted the stolen vehicle at Cadieux road, and observed a youth behind the wheel.

The officer pulled up alongside the car and motioned the driver to the curb, but instead of stopping, the youth sped away at a high rate of speed, according to Park Police Chief Arthur Louwers.

Reaching a speed of 100

Parade to Start Clean-Up Drive

The Woods will start its Clean Up, Paint Up, Fix Up week with a parade along Mack Mack avenue on Saturday, May 17, beginning at 10 a.m. sharp, according to Director of Public Safety Vern C. Bailey, parade marshal.

In the event of bad weather, Bailey said, the parade will be held the following Saturday, May 24.

The procession will start from Base Line and Mack and will follow a planned route, he added. Assembly will be at 9:45 a.m.

Participating in the parade will be Mayor Kenneth Koppin and other city officials; personnel of the Public Stfety Department, with the city's ambulance and fire trucks; the Detroit Edison company's caliope; Girl Scouts; Mack avenue businessmen, Grosse Pointe Woods Little League, the AAA music car; police cars, and personnel of the Woods' Highway, Building, and Water Departments.

Director Bailey said that there will be about 75 to 100 vehicles in the parade.

Little League Ball Nines Set to Open Season This Week

Hundreds of Youngsters Ready for Action; Park will Be First to Start Play this Saturday With Double Header

Three of Grosse Pointe's four Little Leagues will swing into the 1958 season this weekend. The Park will get underway first with a double header bill on Saturday, May 17, and will be followed by the big Woods-Shores league on Sunday, May 18.

The City Little Leaguers will kick off their season on Monday evening, May 19. From this time to the middle of July the familiar cry "Play Ball" will pierce the usually quiet Pointe evenings each weekday night Mondays through Thursdays. Friday evenings are held in reserve to play off rained out games in all of the leagues.

The Farms will open its season a week later on Saturday, May 24. Full particulars on the opening day ceremonies will appear on Thursday, May 22.

The News will carry complete results each week under the heading of Little League. Each league has appointed an official publicity man to compile the weekly results which will be carried in the News.

Alger's Hat In Political Ring Again

Announces Candidacy for Precinct Delegate; District Showdown Promised

Frederick M. Alger of Lincoln road, former Ambassador to Belgium, former Secretary of State of Michigan and gubernatorial nominee, has tossed his hat back in the political ring.

Mr. Alger will be a candidate for precinct delegate of the Republican party in the Second Precinct of the City of Grosse Pointe in the August election. The precinct delegates select from their membership those who go to the state convention to pick the state candidates, and also those who will attend the national convention in 1960.

Showdown Promised

The entrance of this ever-strong Republican political figure into the precinct fight promises a showdown among factions of the 14th Congressional District Republicans who have been at odds for some time. Mr. Alger withdrew from the district organization during the winter when some of the officers sent out a letter attacking the administration, and he sent a scathing answer denouncing their action.

As the newly-announced candidate puts it:—"I was distressed and dismayed at the attitude of some of the people in the district and decided to declare. I think good citizenship demands this course."

Strong for Administration

Mr. Alger is a strong supporter of Vice-President Nixon, as well as of President Eisenhower.

Another announcement came Tuesday from Mrs. William P. Bonbright of Touraine road, who will be a candidate for delegate from the Third Precinct of the City of Grosse Pointe Farms. Both Mr. and Mrs. Bonbright have been loyal supporters and hard-working helpers of Mr. Alger in all of his campaigns.

HUBCAPS STOLEN

Don Seiter of 1949 Severn, complained to Woods police on Wednesday, May 7, that someone had stolen two spinner-type hubcaps from his car while parked in front of his house.

Police Pool Efforts to Nab Thieves

Local Residences Broken Into Since Last Wednesday

The police departments of the Park, City, Farms, Woods and Detroit, are combining their talents in an effort to apprehend a fast moving burglar, or burglars, operating in this area.

In the Pointe alone, seven burglaries have taken place since Wednesday, May 2, and there is good reason to believe that it is the work of the same man, or men.

Detroit police have received a number of complaints of homes broken into and ransacked.

Park Visited First

The Park Police Department was the first to be notified of the activities of the burglars, when Mrs. Emil A. Wulz, of 1160 Audubon, and Mrs. Janet Howe, who rents an apartment at 15117 Vernor, called to report their homes had been forcibly entered and both places ransacked.

Mrs. Wulz lost a wild Canadian mink coat valued at $4,000, $115 in cash, various items of clothing and a small safe from the basement; Mrs. Howe lost several items of jewelry valued at a total of $295 and $1.25 in cash.

Det. Lt. Stanley Enders is working on this case for his department.

City Capt. Andrew Teetaert is investigating the breaking and entering of the home of Mr. and Mrs. John N. Marble of 564 Lincoln road, that took place on Wednesday, May 7. Entrance was gained by forcing the rear French doors.

Strong Box Taken

The Marbles said that as far as could be determined all that was taken was a metal strong box from the basement, containing some stocks, insurance papers and car title.

The Farms team of Det. Sgts. Jack Paisley and George Van Tiem are working on two breakings and enterings that took place in their city.

They said the first burglary was at the home of Mr. and Mrs. Leo Kennedy, Sr., 207 McKinley avenue, on Wednesday, May 7.

The Kennedys left their home at about 7 p.m., and their son, Leo, came home about 9:45 p.m., but did not notice anything amiss.

When the elder Kennedys arrived home about 15 minutes later, they noticed the dining room and terrace doors open. It was found that entrance into this house was gained by the use of a ladder to the second floor roof of the terrace. The burglars broke the window and screen of the rear bedroom.

Another Box Taken

Dresser drawers and closets were ransacked. Missing was a metal strong box containing a marriage license, two wills, a birth certificate of the junior Kennedy, and the combination to a safe in the basement.

On Sunday, May 11, the home of Mrs. Elsa L. Saderback, 454 Shelbourne, was entered by burglars when they slit the back door screen and broke the door window. It is believed a screw driver was used.

The burglars entered only the master bedroom, of which they made a shambles when they ransacked it. All they got was $25 in cash and a yellow gold engagement ring valued at about $100.

In the Woods, Det. Sgt. Walter O'Dell and Det. Leroy Tobian revealed that the homes of Roy H. Sjoberg, 703 Lochmoor; and Robert Rodgers, 621 Lochmoor, were burglarized on Sunday, May 11.

Steal TV and Cash

After thoroughly ransacking the Sjoberg home and leaving everything piled on the floor, the burglars left the house with a portable television set worth about $125 and about $150 in cash.

Sjoberg told O'Dell and Tobian that he left the house with his wife at 1:30 p.m. and returned at 8:45 p.m. Entry was made by breaking the

Student Government

(Continued from Page 1)

The sports committee provides opportunity for discussion of athletic procedures or problems. It may establish rules for the use of buses to 'away' games or for desirable conduct at sporting events. Or the committee may serve as a sounding board for student opinions about intramural sports programs or physical education offerings.

Other Forum committees are the building and grounds maintenance, assemblies, locker distribution, social, and many more. The maintenance committee has been applying a great deal of time and effort to the litter problem besetting the High School and cooperating fully with faculty and community groups trying to solve this problem.

All legislation must pass both houses and be approved by the president of the Student Association and the school principal before becoming effective.

Typical of the bills considered and passed by the legislature is the one providing for the erection and maintenance of an athletic schedule board on the school grounds. Another bill gave authority to one of the Hi Y groups to issue tickets to litterbugs. Offenders must appear before the SA judiciary for sentencing.

Have Judicial Tribunal

The Honor Court is the judical tribunal in the Grosse Pointe High School student government. It is composed of one justice from each grade and a chief justice. All are appointed by the SA president and confirmed by the Senate.

The court meets weekly to hear cases brought before it and to assess penalties. It is not their function to determine guilt or innocence however. Guilt is deemed to have been established when a ticket or summons is issued.

The court passes sentence commensurate with the gravity of the offense. A litterbug, for instance, might be assigned clean-up duties in the parking lot for a few noon-hours or longer if considered a habitual offender.

Recourse to higher authority is available to convicted and sentenced offenders if they feel they have been treated unfairly. The higher authority is the school principal and as appeals are very rare it appears the court's reputation for fairness and honesty is well deserved.

Supervising and coordinating the work of the three branches of the Student Association, the Student Affairs Committee is the directing body of the entire organization. The committee is made up of five student members and several faculty members including the principal and deans. The student members are the four officers of the Student Association and the president of Forum.

Officials Well Pleased

School officials are well pleased with the student government and consider it important to the operation of the school. Where many such organizations never amount to more than a group of elected representatives meeting together in gripe sessions, reportedly the Grosse Pointe association is very different.

With many active committees observing and discussing every conceivable aspect of the school situation the students are often able to come up with concrete suggestions for improvement. Thus, they do not merely look for trouble spots, but they actively work on ways and means of correcting them.

Once they have agreed upon a solution it is then their responsibility to sell the idea to school officials. If successful in this it is reasonably certain that the major part of the student body will wholeheartedly and actively try to make the innovation work.

The ideals and attitudes for which the students strive are summed up well in the following extract from the official student code adopted in 1934. The code states: "Each student is an integral part of his school. The character of the school depends on the character of its student citizens. It is a privilege or duty of each individual, therefore, to hold for himself those ideals of citizenship, sportsmanship, and friendliness which he would have his school hold."

In Junior High Too

The junior high schools have student governments very much like that at the High School. Each homeroom elects its own officers as well as a representative to the school student government.

The legislative branch, numbering from 30-35 students, meets as a single body weekly to consider matters pertaining to the school and students. The executive branch is composed of the usual four officers each semester by the students at large and meets jointly with the homeroom representatives. The judiciary is to be found in the form of a traffic court where student offenders of safety rules are dealt with by student magistrates.

Considerable excitement prevails late in each semester for one of the four student government offices carry on their campaigns. Students are given an opportunity to observe all candidates in action at an assembly just prior to election day. Each aspirant to office delivers a short campaign speech to the whole student body. Placards and signs line the walls of the corridors throughout the building advising all of the qualifications and attributes of the candidates.

The president presides at the meetings of the student government and at all assembly programs. The vice-president heads the committees which make plans for the Teen-Hi parties and other social affairs.

Sell Tickets for Funds

The student government raises funds by selling Student Association tickets to all students. The tickets allow the holder certain benefits such as reduced cost on tickets to plays, concerts and parties as well as in other ways. Funds are used to help underwrite noon movie costs in addition to many other things.

At the elementary level most schools provide for participation in self-government by having individual rooms select their own set of officers. This is particularly true in the upper elementary grades and the students enter into considerable planning with their teachers in connection with school activities. Clubs such as those composed of Service Girls or Safety Boys also elect officers and plan much of their program under the supervision of faculty sponsors.

"Learning by doing has become an important phrase in modern school philosophy," Superintendent Bushong said. "When students take part in formulating rules and policies as they apply to themselves they are more apt to obey and assist in enforcing them."

"We feel good citizenship and an acute sense of social responsibility cannot help but result for most of our students as a result of this experience," he said. "And our faculty is very much sold on the system.

miles, and holding it there, the boy, with Fraser in pursuit, sped west on Mack to Guilford, north on Guilford to Munich, west on Munich to Bluehill, where Officer Fraser fired his first warning shot.

The still unheeding youth went south on Bluehill to Waveney, west on Waveney to Cadieux, north on Cadieux to Chandler Park drive, where the car sped through a signal light still at the 100-mile speed.

Jumps Out of Car

At Cadieux and Warren, it appeared the policeman was going to lose the chase. Both cars went east on Chandler Park drive to Bluehill, south on Bluehill, when suddenly the youth brought his car to a partial halt and leaped out and began to run.

Patrolman Fraser brought his car to a stop and jumped out at about the same time as the 16-year-old, firing another shot at the boy as he did so. The youth ran between the houses, and jumped a fence and headed for Guilford.

The policeman fired again, causing the boy to put an an extra burst of speed.

Anticipating the youth's movements, the Detroit officers, Harry Woof and John White, drove their scout car to a possible interception point and were waiting for the youth, who ran right into their arms.

Chief Louwers said that the youth escaped from the Boys Vocational School at 3 p.m., on Wednesday, May 7. The boy was placed, in the institution for previous car thefts. His arrest at the time cleared one theft in the Park and two in Detroit. He had escaped from the school several months ago and was captured.

The chief said a waiver will be sought from Juvenile Court to have the boy tried as an adult.

glass of the basement door.

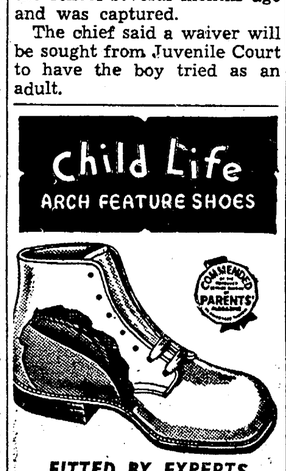

Rodger returned home about 9:30 p.m. after being out of town for several days to find that the burglars had broken into his house by breaking the glass of the rear door.

After completely ransacking the house, the burglars took the following items: a woman's wrist watch, a man's belt watch, a billfold with solid gold tips and $1.50 in cash. The value of the stolen items is not known.

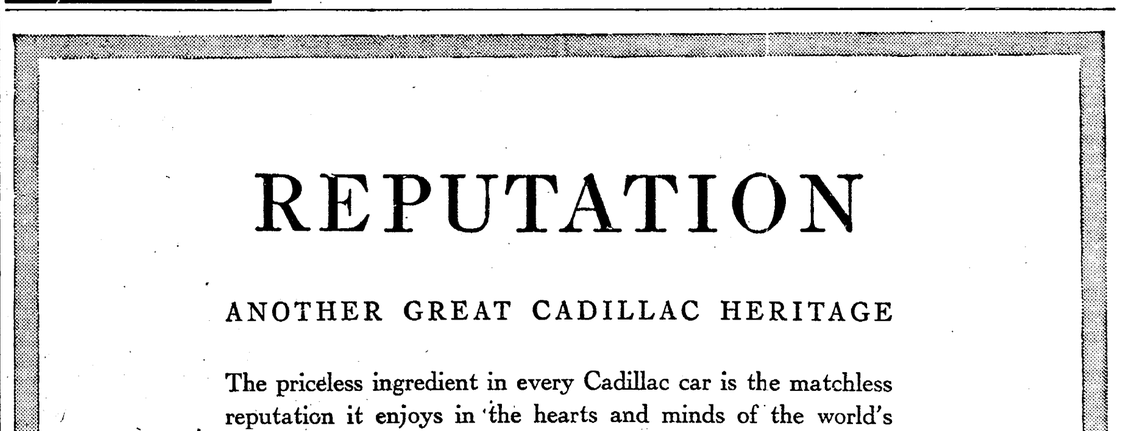

Because of the time element in each burglary, police are inclined to believe that more than one man is involved in the thefts. They said the work was done too fast for one man.

Vandals Break Car Windows

Vandals with a morbid sense of recreation, damaged four cars in a single day in the Woods, according to police reports.

On Thursday, May 8, Hazen P. Martin of 621 Oxford road, told authorities that someone had thrown a rock through the left rear window of his car while it was parked in front of his house.

Within several minutes of each other, the following also reported damage to their cars, all parked in front of their homes:

Don Marshall of 1109 Roslyn, who told police that his windshield and two left windows had been smashed.

Pat Donahue of 1427 Roslyn, said his windshield, rear window, and car aerial had been broken, and a hole punched in his car's right rear fender.

Jerry Heckendorn of 1010 Roslyn, reported two left windows and a rear window broken.

Pick Imposing Background for Picture of Trip

The 72 sixth grade students at Maire School, and the 16 adults who accompanied them, are still glowing with the wonderful memories retained from their recent week-end exodus to Washington, D. C. Every year the sixth graders at Maire take the trip, in the Spring, leaving on a Thursday afternoon and returning to Detroit early Sunday morning. This year Mrs. Francis H. Brown assumed General Leader responsibilities, and assisting her were Maire's sixth grade teachers and some willing parents—making 16 adults in all. The group entrained Thursday, April 24, and returned Sunday, April 27, filled with lasting memories of an exciting, and educational, experience.

The fellow who keeps his faults to himself lives in hopes that they will soon be forgotten.

A great many people who insist they are unlucky never worked long enough at one job to give luck a chance.

GPHS Band Plans Concert

The annual Spring Concert by the Grosse Pointe High School Band will be presented on Friday, May 16, at 8:15 in Parcells Auditorium. This will be a concert of particular significance for several reasons. It marks the final appearance of Dewey Kalember as bandmaster at the high school after 21 years of service. It is with a deep feeling of regret that the band members will respond to his lifted baton for the last time, but their sincere good wishes go with him to his new post as bandmaster at Brownell Junior High School.

For the first time a guest artist will be presented. William Mobley, well known teacher of clarinet and saxophone will play a clarinet solo. Formerly on the staff of the Grosse Pointe Conservatory of Music, Mr. Mobley has also introduced and developed a band program in the elementary Lutheran schools of Detroit. Mr. Mobley holds a Bachelor of Music degree from Wayne State University and numbers many former and present Grosse Pointe High School Band members among his private students.

A diversified program has been arranged to suit all tastes, including a novelty number by Le Roy Anderson entitled "The Type-writer," and featuring Greg Taubeneck and Pat Zuehlke.

Seven graduating seniors are playing the final concert of their high school careers.

Tickets may be obtained from any band member or at the door. Admission is 50 cents for adults and 25 cents for children.

My Doctor

This possessive phrase is familiar to all. It represents the profound confidence American people have in physicians. But do you really have a family physician?

Even though you may have been fortunate, not requiring medical care, it is stitch-in-time wisdom to establish a "family doctor" relationship.

Simply contact the physician of your choice, requesting that you would like him to serve your family should the need arise.

And if such a need arises, our prescription department is prepared to serve you and your family.

Dr. Boustany Visits Pointe

Two Pointers were on the committee that welcomed Dr. Fouad E. Boustany, president of the Lebanese University, Beirut, to Detroit on Thursday, May 1.

An official welcome was given to Dr. Boustany by George N. Bashara of 711 Balfour, Lebanese consul, who was host to the visitor during his week-long stay in the Detroit area.

Also on hand to greet the university president, was Dr. S. J. Moroun of 203 Lakeland.

Dr. Boustany is in the United States under the auspices of the State Department in Washington and is touring the cities in America and visiting universities and colleges. It is his hope that heads of the various American universities and colleges would be interested in student exchanges.

He is the founder of the university he heads and in the five years of its existence, it has been ranked with the other two great institutes of higher learning in Lebanon, the American University and the French University.

Dr. Boustany is interested in liberal education and deplores the modern trend in specialized education. He said too much emphasis is being placed in science education as a start. He believes that before students specialize in any field, they should obtain a solid foundation in liberal learning.

He said he had been invited to this country by the State Department for the purpose of improving already established friendly relations between the United States and Lebanon.

One way of improving these relations, he said, is through the exchange of students, whereby these students would learn the different customs, language and culture of the two countries.

Has New Store

CURTIS MOWER, whose name has long been synonymous with the last word in kitchens and electrical appliances of every description, has moved closer to home. The store on Harper near Cadieux which was so well known to thousands of Pointers, has been closed and a brand new one opened at 18538 Mack, at Touraine. Mr. Mower lives in Roosevelt place in the City of Grosse Pointe.

The grand opening for the new store is set for today, Friday and Saturday, May 15, 16 and 17. There will be gifts and door prizes and Mr. Mower hopes to see many of his old friends and customers.

Three ultra-modern kitchens will be featured in the displays, which will include every type of electrical and gas appliances. Don't forget to see the new Gramercy 17 in the Designer Series TV produced by General Electric, with its ultra-slim silhouette.

Trudy Richards, Capitol recording star, will be at the store from 3 to 5 this Saturday afternoon to get friends and autograph records.

Cinema League Party May 22

The annual meeting and banquet of the Grosse Pointe Cinema League will be held on May 22 at the Grosse Pointe War Memorial, 32 Lake Shore road.

Hors d'oeuvres will be served at 6:30, followed by dinner at 7 o'clock.

Annual reports will be read, and new officers for the 1958-1959 season will be elected.

Entertainment for the evening will be the Top of the Ten Best Films of 1957, chosen in international competition by the Photographic Society of America.

"Prelude to Spring," by John W. Ruddell of Toronto, Canada, was the winner of the George Cushman Sound Trophy. This most unusual film features time-lapse photography in the growth of flowers and plants set to music.

"Expedition BZ-56", by Tim and Delores Lawler, of Kenosha, Wis., won the Harris Tuttle Trophy for the Best Family Film. Decoded the title "BZ-56" stands for Brookfield Zoo 1956, scene of frequent "expeditions" by the Lawler family of 11.

"Ducky Lucky" by Frank Kallenberg, Long Beach, Calif., is an honorable mention film with animation which is very humorous.

"Arrow of Tiger," by Kazuo Nakamura, of Tokyo, Japan, was the winner for the Best Dramatic Picture. This is a unique film of an Oriental story well dramatized.

"Asturias Pintoresca," by Antonio Cernuda, of Havana, Cuba, is the Photographic Society of America Gold Medal winner. The life and ways of Cuba are presented in this motion picture with a different, out of the ordinary treatment.

"Shifting Whispering Sands" by O. L. Tapp, of Salt Lake City, Utah, is the final film to be shown, and is a series of moving scenes set to a popular melody.

Anyone interested in motion picture photography is cordially invited to attend the Cinema League banquet. However, dinner reservations are necessary for admittance to the program at $2.50 per person.

The War Memorial will accept reservations up to three days before the banquet.

Teachers Hold Annual Institute

The elementary teachers of Grosse Pointe met at Barnes School last Friday, May 9, for their 11th annual institute—at the same time presenting the kids with a bonus holiday.

Janis Laupmants, a refugee from communist Europe, addressed the morning section and in the afternoon General Motors presented a science demonstration entitled "Previews of Progress."

Following the formal presentations, teachers took part in one of four discussion groups dealing with art, science, music or audiovisual matter.

The secondary teachers of the Grosse Pointe School System attended a meeting of the Michigan Schoolmasters Club in Ann Arbor at the same time as the elementary program was held, last Friday. The theme of that conference was "Meeting the Challenge of Education in a Changing World."

Endorsement of PTA Requested by Council

The Grosse Pointe Council of Better Literature for Youth made an appeal to the Board of Education before the School Board at their meeting, May 7, for PTA endoresment of their organization.

While the Board pointed out it has no offical capacity to give or withhold such recognition, it did agree that the group could serve a worthwhile purpose in the community and that the Council merited serious consideration on the part of all Grosse Pointe parents.

Russian Language Course Proposed for High School

Ed. Note: The following is an excerpt from the monthly report of the superintendent of Grosse Pointe Public Schools, Dr. James. Bushong, as presented at the School Board meeting on Wednesday, May 7.

In accordance with Dr. Bushong's recommendation, the Board approved the addition to the High School's curriculum of a course in Russian —subject to the Board's approval of the course of study, textbooks to be used, and methods of teaching — all of which are to be presented at a later date. In the interim, a canvass will be taken at the High School to determine the extent of student interest in such a course.

"In recent years it has become more and more important for the American people to maintain lines of good communication with other peoples throughout the world. A great world power whose prestige rested solely on force might reasonably expect that other peoples would always come to her and speak her language. However a nation which expresses the ideals of freedom and equal rights to which we Americans subscribe must necessarily treat other peoples as equals in language and all other forms of communication.

"It is thus not surprising that there has been an increased concern over the need of more study of foreign languages by modern Americans. James B. Conant, the former President of Harvard and the former U.S. High Commissioner in Germany, has pointed out that Americans win more friends abroad by showing even a little ability in the foreign tongue than by the most skilled talent that is limited to communication in English alone.

"We are thus gratified to find that more and more of our Grosse Pointe students are enrolled in foreign language classes and that such a serious effort is being made for growth in the modern languages of French, German and Spanish (as well as the more classical Latin).

"However I believe that this program can and ought to be expanded by adding instruction in the Russian language to our high school program of studies. Perhaps other schools may not yet have recognized the potentialities in this area but I feel Grosse Pointe can and should accept such a responsibility of developing leadership among its citizens.

"Russia and the United States are probably the two mightiest world powers of this day. In Russia one finds that English is the most frequently studied foreign language. Will it be to our advantage to have a considerable number of Russians speak English but almost no Americans understand Russian? I do not think so.

"Indeed there are many advantages in inaugurating instruction in this area. Although many of us may see dire consequences to the many differences of opinion between the Russian government and our own, I hope that military conflict is not inevitable. However I do think that in an era in which there are billions spent on military defense and preparedness it would seem highly desirable that we be appropriately strong to meet the chailenges in communication which would be related to any such strife. It seems to me that some acquaintance with written and spoken Russian on the part of many of our young citizens would be of great service to our country.

"Yet there is still other ground for inaugurating instruction in the Russian language in our schools. Recently while a college chemistry professor was visiting in our schools he declared that more scientific material was appearing in this field in Russian periodcals today than in any other foreign language publications. It would thus seem that if we are to help our boys and girls to utilize all of the best sources of knowledge, the opportunity to study the Russian language should be available for them.

"We are fortunate to have a qualified instructor on our present staff who may have his certification extended to cover the teaching of Russian as a result of the training which he has taken at Wayne State University and Middlebury College. I am confident that if the members of the Board of Education will give their approval to the introduction of this additional foreign language program for the coming semester that it will be carried on with the same high standards which we currently have throughout the entire high school program.

"I therefore recommend that the Board of Education approve the addition of a course in Russian to our foreign language program and that this course be offered beginning with the first semester of the 1958-59 school year."

IMPERIAL

The Judge handed himself a decision

For more than a generation the Judge drove the same fine car. Bought a new model every so often . . . but always the same car. It was as much a part of Memorial Square as the Courthouse clock.

But then, along came Imperial for '58 . . .

The Judge examined the evidence. Carefully. Ran his hand along the curving side windows and saw how they meet the roof in a graceful arc. Walked deliberately around this stunning thing until he knew each surface and line was there for a purpose.

He drove it. Noticed how it cornered flat and true (the Torsion-Aire way). Liked the logical placement of the controls. Smiled as he imagined how his lady would respond to the well-bred interior.

He marveled at the new Auto-Pilot and how it protected him from speeding . . . or held highway speed safe and steady while his right foot rested.

Then he deliberated in his chambers . . . and reached a decision.

Today, a dark shimmering green Imperial occupies the same reserved Space 2 on Memorial Square.

And the Mayor seems a little miffed.

Talk by Gilani Postponed Week

Due to a conflict in engagements, Mr. B. S. Gilani, former personal secretary to the Minister for Defense of India who was to have appeared Monday, May 19th at the Grosse Pointe War Memorial Center under the joint auspices of the English Speaking Union of Detroit and the Grosse Pointe War Memorial Association will present his program on "India, Yesterday and Today" instead on the following Monday night, May 26 at 8 p.m. at the Center.

Mr. Gilani is in the United States for the next few months at the invitation of John Carroll University, Cleveland, Ohio. He has had wide experience in public speaking and is known as a publisher, editor, civil servant, student and writer on finance and economic problems. He is a graduate of the University of Allahabad, and has been awarded honorary degrees by Georgetown University and Loyola University.

Before the partition of India, he was publisher and editor of "The Social Order", a socio-economic weekly journal published in Allahabad (United Provinces) from 1934 to 1943. This weekly fought against international communism and offered a program for social reconstruction. For many years he supported Gandhi, Nehru, and other leaders of the Indian National-Congress in their fight for independence. Prior to the granting of that independence, Mr. Gilani was personal secretary to the Minister of Development in the Punjab for several years. After independence, which resulted in the partition of the sub-continent, he became personal secretary to the Minister of the Defense for the Government of India, a post he held from 1946 to 1952. Mr. Gilani was a member of the Indian delegation to the General Assembly of the U. N. in 1946.

Born in North India in 1893, Mr. Gilani comes from a family which orginaly embraced the Islamic faith. His father, however, became converted to Christianity, and in 1952 Mr. Gilani was created a Papal Privy Chamberlain by Pope Pius XII. He is the first Indian National to hold that honor.

Mr. Gilani is anxious to use his stay in this country to make a contribution to the understanding of India on the part of Americans. He is also desirous of furthering Indo-American friendship and helping people to the realization of the dangers of international communism.

Farms Submits Fire Report

Buildings valued at $150,000 and their $50,000 worth of contents were endangered by fire during the month of April, according to a report submitted to the Farms council on Monday, May 12, by Farms Fire Chief M. William Mason.

Fire damage to the buildings was kept at $3,000, and to the contents, $1,580, it was revealed.

The Fire Department answered 22 calls last month, four of them in response to residential fire alarms.

One call was answered for an automobile fire, in which $20 in damage was reported; and three alarms were for miscellaneous fires, at which there were no damages.

Fire Department personnel answered 10 emergency calls with the utility truck and three with the ambulance. There was only one false alarm.

The four residential fires were at 88 Touraine, where a blaze was extinguished in a second story bedroom; 274 Touraine, for a furnace motor; 177 Lakeview, a minor fire in a bedroom; and 328 Mt. Vernon, electric motor trouble.

Prisoners' Blood Honors Late Clarence V. McGuire

A copy of the April 25 edition of "The Spectator," 'The Nation's Leading Prison Weekly,' which is printed in Jackson, Michigan arrived at the NEWS office with a story of local interest. There was an article concerning the late Clarence V. McGuire, who used to live in Grosse Pointe and, indeed, had recently been a NEWS "Pointer of Interest."

It said, in part, "Clarence McGuire was a retired businessman who became interested in civic activities of prison inmates and came out of retirement to act as personal representative for prisoners in promoting good will between the inmates and the community. Predominantly active in Red Cross blood drive activities, Mr. McGuire also busied himself with any worthwhile enterprise if it would benefit prison inmates.

"Every bonus given at the present blood drives was first made possible by Mr. McGuire's efforts. He made personal visits to the cigaret manufacturer who provides the sample packs given to each donor, induced the Pepsi Cola people to contribute, and spoke to the local Borden's distributor about adding ice cream to the list.

"The acts of kindness and thoughtfulness shown by Mr. McGuire could be listed endlessly. It was in memory of a truly great man that the Clarence V. McGuire Award was created."

The Award which is referred to is given annually to the civilian "who shows an outstanding effort benefiting prison inmates." It was heartwarming to note that "The Spectator" uses a stock slogan: "This paper is published in the institution housing the "World's Champion Prison Blood Donors'—this claim being the result of a recent three day memorial blood drive honoring Mr. McGuire during which 1-476 inmates responded to the needy call.

The man who bubbles over with enthusiasm is bound to be a success if his enthusiasm isn't all bubbles.

Police Curb Hoodlums at Library

The hoodlums who had been gradually taking over the Central Library for the past few weeks, have left the scene and given back the library to those who want to make legitimate use of it.

Robert Orr, head of the Pointe Library System, said that the picture has changed for the better, and the situation is over the hump. Adult patrons of the library come into the building now and stay, he said.

The young hoodlums who have been the cause of all the trouble are staying away, with some of them "only sticking in their heads and then leaving," Mr. Orr said.

Police are making a constant check of the building and the parking lot, and have the situation in hand, the library head revealed. The authorities are cooperating wonderfully, checking the building and the lot about every 30 minutes during the open hours of the library, he said.

The law authorities began a crackdown on the hoodlums when library officials complained that the main library was being taken over as a meeting place by juvenile delinquents.

The young hoods, rather than take advantage of the library's facilities, seemed bent only on making themselves obnoxious by insulting patrons and staff members and making themselves general nuisances.

As a result of the juvenile delinquents' invasion, adult attendance at the main library fell off sharply. Now the situation has changed, and the people are using their building again.

As a result of the publicity of the matter in the NEWS last week, the public's wrath was aroused.

Everything is quiet and back to normal, it was said by Mr. Orr. He said he believes the matter will remain that way from now on.

Russel Kirk to Address Library Friends Dinner

Russel Kirk, internationally known author, lecturer and educator, will speak at the annual dinner meeting of the Friends of the Grosse Pointe Library, Thursday, May 15, according to Friend's president, Jay W. Sorge.

Dr. Kirk's outstanding work, "The Conservative Mind" has now gone through five American editors and has been published in England and Spain. Both its publication and that of his "Prospects for Conservatives" drew lengthy and highly favorable comment.

In addition to these two works Dr. Kirk has also authored "Randolph of Roanoke," "Program for Conservatives," "Academic Freedom," "St. Andrew," "Beyond the Dreams of Avarice," plus many magazine articles in such publications as "The New Yorker," "Wall Street Journal," "America," "Commonweal," and others.

Dr. Kirk has lectured at many colleges and universities including Harvard, Yale, Chicago, Fordham, Michigan, University of Detroit, Notre Dame, Illinois, and John Carroll. At present Dr. Kirk is research professor of political science at the C. W. Post College of Long Island University.

Sorge listed Dr. Kirk's degrees as a B. A. from Michigan State, Master of Arts from Duke University and a Doctor of Letters from St. Andrews University of Scotland. He is the only American to hold this, the highest of art degrees of the senior Scottish University.

For his talk at the Friends dinner, Dr. Kirk has selected the title "Literature and Norms'," Sorge said. The theme is the function of great literature in establishing in our minds the norm, or enduring standards of private and public conduct, which, according to Dr. Kirk, most twentieth century literature fails to do, Sorge added.

The dinner will be held at the Grosse Pointe War Memorial, and begins at 6:45 p. m. The charge is $2.75 per person.

Dog Licenses Due in Shores

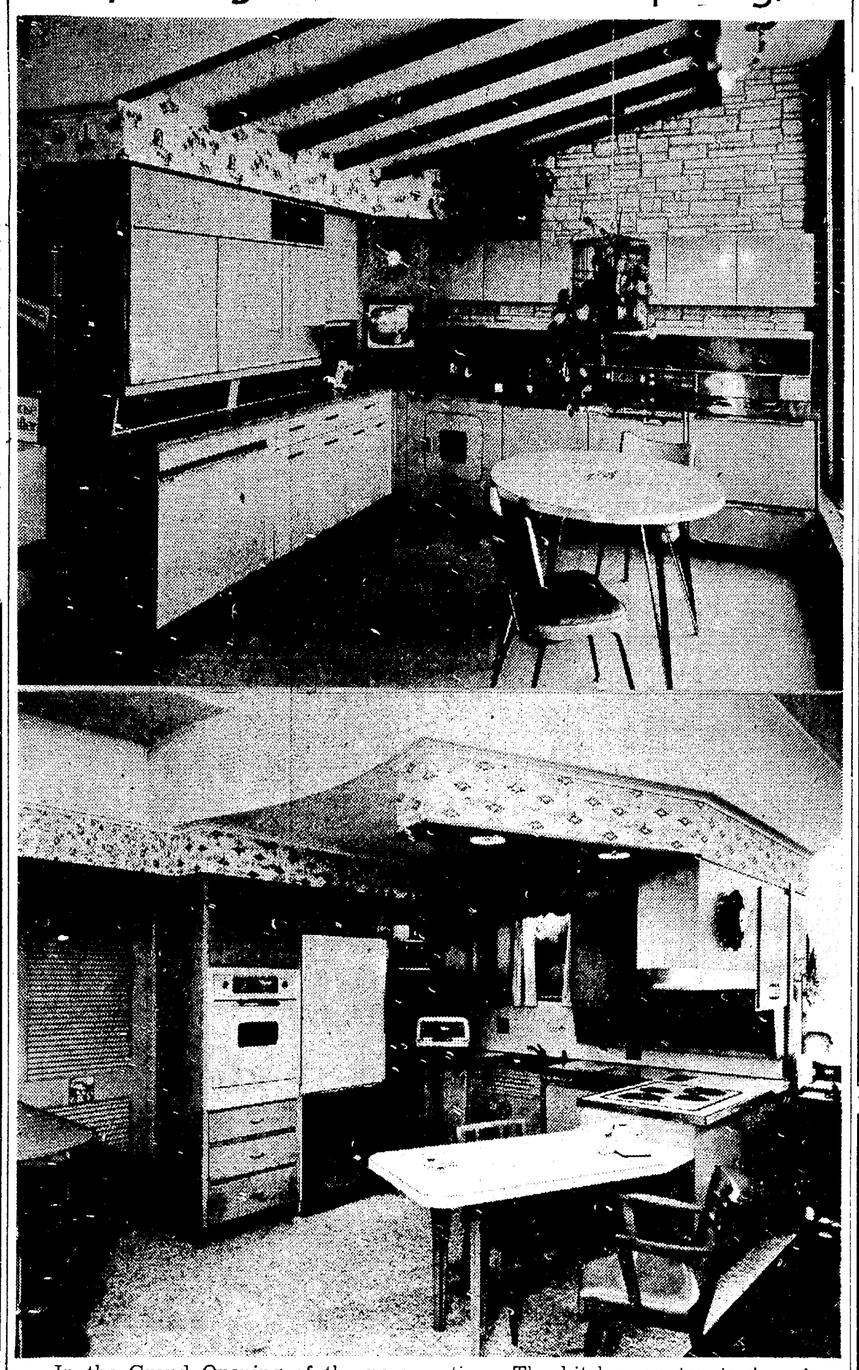

Shores Police Chief Fred Duemling issued a warning to dog owners in the Village, in which the owners are reminded that annual dog licenses are renewable as of May 1.

The chief said that owners who fail to comply with the Village ordinance requiring that their animals be licensed, will first be given a warning. If this is not heeded, he said, violation tickets will be given out.

Before a license can be purchased, a certificate must be obtained to prove the animal had been vaccinated.

The chief said that a house to house check will be made after a reasonable length of time has lapsed, so that owners can obtain the tags, before warnings are handed out.

Sparkling Kitchens in Grand Opening!

Youth Injured in Car Crash

Thomas D. Lindsay, 19, of 1204 Manistique, Detroit, was given a ticket on Monday, May 5, by Shores police, following an accident at North Edgewood and Lake Shore road.

Lindsay told police he did not know what had happened. He said he was driving south on Lake Shore when he suddenly lost control of his car and it jumped the curb and hit a tree.

He was taken to Bon Secours Hospital by police ambulance when he complained of an injured back. X-rays disclosed no injuries, but he was kept at the hospital for about two days for observation.

The youth was charged with not having his car under control and causing an accident.

SCRAP METAL STOLEN

Al Foote reported to City police that at an undetermined hour between the mornings of May 1 and May 3 someone had stolen a considerable amount of scrap iron from the rear of his business establishment, at 16901 East Jefferson avenue. Missing were three hot water tanks, one heat register, and several heavy pieces of lumber. An investigation is currently underway to establish the identity of the culprit—or culprits.

Invite Parents To Club Parley

All parents interested in a pre-school program for the fall of 1958 making use of the facilities of the Grosse Pointe Woods Community Club are invited to a meeting at the Club on Wednesday evening, May 21, at 8 o'clock.

Mrs. Leon Englehart, chairman of the Pre-school Advisory Committee, is urging all those families formerly associated with the pre-school playgroup program of the club and all those who may be interested for the future to attend the meeting.

The basic question to be discussed will be whether the program can be continued. Under consideration will be methods whereby parents themselves might assume all or most of the responsibility for the organizing and running of the program.

All interested families of the Grosse Pointe School District are cordially urged to attend. You may receive more information about the meeting either by calling Mrs. Englehart, TUxedo 1-4809, or the Community Club, TUxedo 4-2050.

Youths Scolded For Beer Theft

Eight minors, four 16-year olds and four 17-year-olds, were severely reprimanded by Shores police on Friday, May 2, when beer was found in their possession while they were driving on Lake Shore road. They were turned over to their parents for proper punishment.

Shores Police Chief Fred Duemling said that the minors, boys and girls, attracted the attention of Patrolman Joseph Vitale, when the driver of the car in which they were riding, squealed the tires of the vehicle in pulling away from the curb. The officer took after them and stopped them at Lake Shore and Hampton.

A search of the car disclosed the beer, which the minors claimed was purchased for them by some man for four dollars, plus a two-dollar tip. It was later found that the beer was stolen from a garage at 845 Lake Shore.

Chief Duemling said that property owners should discontinue storing beer in garages for the simple reason that teenagers do considerable "garage hopping."

He explained this by stating that many teenagers make a point to go from garage to garage looking for alcoholic beverages that some people might store there. In some cases when garage doors are left open and beer is found, the chief said, the teenagers remove the full bottles and leave empties, so that the theft is not discovered at once.

He can be a man of his word and still be of little value.

Hatcher to Talk To Churchmen

Dr. Harlan H. Hatcher, president of the University of Michigan, will speak at the Men's Club of Grosse Pointe Methodist Church, 211 Moross, May 19. Dinner, preceeding Dr. Hatcher's address, will start at 6:30 p.m.

Although well known as the president of the University of Michigan, Dr. Hatcher has also been prominent for many years as an historian. His studies on "Why Michigan Is Great" will be the basis of his talk to the Grosse Pointe Methodist men.

Dr. Hatcher will discuss education with specific reference to the University, also treat of other historical factors that have made the state of Michigan great and he will tell why our state can continue to be great. Some of his address will relate to our developing waterways, especially the St. Lawrence Seaway.

The dinner meeting will be open to the public. Tickets are available from Tom Estes, PR 8-9413.

Kalember Graduated From Navy Pre-Flight

Duane Kalember, son of Mr. and Mrs. Dewey D. Kalember of Anita road, has recently graduated from the U. S. Naval School Pre-Flight, U. S. Naval Air Station in Pensacola, Fla. He will go into flight training at Saufley Field, also in Pensacola.

Duane is a graduate of Grosse Pointe High School, class of June 1955, and attended the University of Michigan. He left the University in January, as a Junior, to enter the Navy as a Naval Air Cadet.

A man feels put out when he discovers he has been taken in.

Leaky Gas Pipe Cause of Blaze

Grosse Pointe City firemen quickly snuffed out flames in the 295 Rivard boulevard residence of Mrs. Lee Castro last Saturday afternoon, May 10. Both trucks were checked out of the station at 3:03 p.m. and were back in service at 3:26.

The fire was caused by a leak in the pipe of the gas stove. Gas which had leaked out caught fire and ignited the walls of the kitchen. Firemen shut off the gas and extinguished the flames before much damage had been done.

Baseball for the Kids

The great annual baseball program for the kids, comprising the activities of the Little and Babe Ruth leagues, gets under way again this weekend. Thousands of youngsters and adults will once again thrill to the cry of "Play Ball" as the new season opens.

This movement which has swept the country during recent years is one which deserves the support of all. It offers not only a healthy recreational outlet for the younger set, but affords a completely desirable education in good sportsmanship, discipline and organized play. For the adults who give so unselfishly of their time and energy, it is more than a seasonal obligation. The detailed work of organizing the leagues, raising money to equip the teams, see that the playing fields are in shape, requires meetings and planning all through the year.

For those who have not witnessed one of these games, we urge attendance at the earliest possible date. We can guarantee that the first experience will make you another rabid fan.

Indonesian Police Expert Gets Pointers in Woods

The name is R. Bantammer Wangsadikusumah, and he is a "kind of J. Edgar Hoover" in Indonesia. He spent two days as the guest of the Woods, studying the community's combined police and fire department, and city manager form of government.

A letter of introduction to Woods City Administrator William Lange, from the Department of Political Science of Wayne State University, stated the Indonesian official could be called "Mr. Bantam" for short.

The Indonesian and 14 other officials of his country, are in the United States through the auspices of the International Co-operative Administration, learning about the American Government on the Federal, state and local levels, and all about different methods of police administration, civil and military.

Mr. Bantam and his colleagues are attending colleges and universities throughout the country, where they are learning about the different branches of governments, how they are run, and so on. They have been here since last September and will be leaving for their homeland in July.

Mr. Bantam, a very appropriate nickname, since he stands just a little over five feet tall, is attending Wayne State, and is learning about the American method of police work at all levels. He has visited the FBI in Washington, D.C., and various state and local police departments in the United States.

While at Wayne State, he heard about the Woods, its form of government, and especially about the combined departments, and requested he be sent there. He was taken in hand by Mr. Lange on Wednesday, April 23, and again on Friday, April 25, and given a tour of the city.

The foreign visitor liked what he had seen of the Woods. He liked the way the city is platted, the cleanliness of the streets and community in general, and its form of government.

"In my opinion," he said, "the city manager form of government is the best, and has a better chance of survival than a strong mayor government, as far as a small city is concerned. A strong mayor government is all right for large cities, such as Detroit."

Mr. Bantam, who has a very nice personality, is head of the Security Ministry of Home Affairs of the National Government of Indonesia, and has been a public official since 1938. He has served as a deputy mayor, and as a police chief in a small town.

He lives in Jakarta, capital of Indonesia. His duties include the sending of police, regular armed forces, or militia of security (national guard) to troubled spots in the nation, and to co-ordinate national, provincial and local police in time of trouble and strife.

He handles police problems, keeps records of criminals, crimes of violence, thefts, armed robberies and assaults, riots, and mass meetings held by agitational political groups, and is in charge of the training of police in all phases of police work.

The letter from WSU revealed that Mr. Bantam is an "old cop at heart."

Mr. Bantam said that police organization is the same all over the world, but the methods of administration differ. He said that he is in this country to learn the American way of police methods and take them back to his country.

He also said that among things Indonesia has learned from the United States, is the election of local officials. He said that at one time, the mayor of a town was appointed by the federal government, and was responsible to the government and not to the people of the town. The city council was elected and was responsible to the people.

Now, he pointed out, the mayor and council are elected by the people of a town. The election of mayors started just last year, he added.

Mr. Bantam, who smilingly said that his last name, "Wang sadikusumah," when translated, means "friend in battle," is the father of eight children. Personnel at the Woods municipal hall knew he was proud of his family because everyone he came in contact with was given a look at the small stack of photos he had with him.

What Goes On at Your Library

By Jean Taylor

In grandfather's day it was the trusty Baedeker which went along on the grand tour, but today, Temple Fielding's Travel Guide to Europe is as much a part of the European Traveler's standard equipment as his passport, currency guide or drip-dries.

Mr. and Mrs. Fielding have done an excellent job in directing the average tourist to good hotels, good pensions, good restaurants and good shops. A revision each year keeps this material up-to-date. The Fieldings also publish a Selective Shopping Guide to Europe.

These books both offer helpful service, and the authors lay no claim to giving the tourist much information about the people of the country, or of what goes on behind the facades exposed to the tourist view. There are, however, many books which provide background material and give the newcomer an understanding of the people, as well as highlighting the important things to see.

The spectacular upsurge in travel during the last few years has been paralleled by a correspondingly large increase in travel books. The titles we mention here have all been published in the last year or two, and are concerned only with European countries.

Eugene Fodor and Sydney A. Clark are both prolific authors who have written books on most of the favorite haunts of a European itinerary. A recent one of Mr. Clark's, All the Best in Belgium and Luxembourg will have special significance this year with Brussels a focal spot. This gives the usual guide book information plus background material, and suggests what to do and see in each country.

Also about this country, but a departure from the run-of-the-mill travel book is Roger Pilkington's Small Boat Through Belgium. This describes a tour on a 45-foot yacht through the waterways of Belgium and a corner of Holland. In this way one can, as Dr. Pilkington puts it, "discover the face that is turned away from the tourist, entering each town by its back door, and covering a countryside far from main roads."

Another of Sydney Clark's recent books, All the Best in Germany and Austria, covers a territory popular with the summer traveler. A British journalist, John A. Cole, in Germany Is My Host gives an account of the small town life in post-war Germany and of the differences in East and West Berlin life. Bernard Boehle's Handy Guide to Western Germany also has some helpful hints.

In his last book, Till I End My Song, Robert Gibbings tells of a year spent on the banks of the Thames and revisits the scenes depicted in his earlier volume, Sweet Thames Run Softly. These books will not tell you where in Britain you will find the best buy in cashmere sweaters, nor take you on an art gallery tour, but when you have finished them, you will have a warm feeling for this part of England that no guide book can give you.

We fell in love with Mr. Gibbings some years ago, when we first stumbled on his Lovely Is the Lee, that delightful picture of the Irish countryside, and we have followed his wanderings ever since. With his recent death, his song is ended, but we believe the echoes will be heard for a long, long time.

Each year Spain attracts more and more American tourists, and there are several books that offer you a peek behind the scenes. Cedric Salter, an English newspaperman in Madrid, gives his impressions of this country in an informal and informative account, Introduction to Spain, and Honor Tracy, in a witty, penetrating and altogether delightful book, Silk Hats and No Breakfast, shares with the reader her experiences in the small remote villages of the Spain she loves.

Italy, Switzerland, France, Scandinavia, all not mentioned here with space running out, but your library has many up-to-date books on these countries. Browse about the travel shelves and read before and after you take your trip.

Farms Submits Building Report

The 19 construction permits issued by the Farms during the month of April are worth $336,900, raising the total of permits granted since January 1 to 36, with an overall value of $668,900, according to a report submitted to the Farms council on Monday, May 12 by City Engineer Murray M. Smith.

The engineer's report showed that three residential permits were approved and that these are valued at $88,000. The one business construction permit given out is worth $210,000; and the 15 miscellaneous, $38,900.

Since the first of the year, seven residential building permits were issued and are valued at $255,000; and the 28 miscellaneous, $203,900.

The permit for the business building is the only one approved so far this year.

The residential construction permits granted last month are for these locations — 296 Lothrop and 161 Charlevoix, worth $29,000 each; and 495 Shelbourne, valued at $30,000.

The new business edifice will go up at 18920 Mack avenue.

As medical science increases is knowledge of diseases and their effects on the body, tests and instruments to detect disease are developed. Medical care of this type must be given in a hospital usually, where these instruments are utilized every hour of the day to benefit the most people.

At one time or another one or all members of your family may require such attention. Then the cost will be easier to stand if you have enrolled in a hospital or surgical group plan where the protection is provided by monthly contributions.

Ask your doctor about medical group plans.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can *keep*.

If you have a taxable income of $10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of $14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. *It's something to think about!*

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to *you*. There's no obligation. Send for copy today, or phone

From Another Pointe of View

By Patricia Talbot

Carnival time is here again and all the parents of Grosse Pointe University School are in a spring fever of activity preparing for the big event June 6 and 7 on the school grounds.

The new wrinkle this year is that the fair will be held two days instead of one, the opening Friday set for 4 o'clock with half price for the kiddies on all rides that afternoon.

Jerome C. DuCharme will again preside over the charcoal pit, serving up hamburgers and such, Mrs. Henry Klein has the job of lining up the manpower, Mrs. John S. Pingel and Mrs. Gillis will organize the gourmets to produce for the baked goods booth and Mrs. Max O. Wolfe has the white elephant stall.

Gordon Wood, Mrs. J. Burgess Book III, Mrs. William W. Bryan, Frederick Kross, Mrs. Allan M. Lomax and Theodore R. Buttrick, Jr.

Summer Suit Comfort

MEN'S FASHIONS

Heard a good quote recently—"Most men lead lives of quiet desperation." Whoever first mouthed those words said a bucketful.

But, in men's wear there should be no "desperation," either quiet or raucous-pitched. So many individuals have been working backstage at various levels of the men's wear industry—and in fact, there has been some toiling by sheep, silk worms, etc.—all for the betterment of man's clothing appearance.

Comfort, too, has been achieved as textile technicians and scientists, along with textile spinners, weavers and finishers, build comfort into men's apparel.

A peak into Kilgore and Hurd today is like opening up an entirely new world to anyone who hasn't been among the faithful in recent years. There is a new concept of lightweight comfort and smart apearance that is startling.

How men just didn't melt away from the heat in the hot summers of yesteryear is very puzzling, indeed. The former heavyweight fabrics, the excessive padding and the droopy styling of clothing were enough to grind a man to his knees—particularly in the heat of summer.

But today there's comfort, neatness of appearance, and the look of success embodied in men's wear garments. They're light and comfortable, whether they're the new lightweight tropical suits, sport coats and slacks, or zephyr-weight business shirts or sportshirts.

The concluding meeting in the 1957-58 season of the East-side Stephens Alumnae Group was held Monday at the home of Mrs. Frank S. Tular in Detroit.

Hostess was Mrs. Tullar's daughter, Mrs. Vernon Beitel of St. Clair Shores. She was assisted by Mrs. Thomas E. Coulter and Mrs. Robert Knapp, both of Grosse Pointe Woods.

After dinner, Chairman Mrs. Beitel installed the new officers, elected at the last meeting. Mrs. Coulter was installed as president; Mrs. Knapp, vice president; Mrs. Frank Ogan, of Detroit, secretary, and Mrs. W. W. Lee of Mount Clemens, treasurer.

Mrs. Coulter announced the steering committee would consist of Mrs. R. C. Sheridan, of Harper Woods, membership chairman; Mrs. Thomas E. Candler, of St. Clair Shores, special events chairman; Mrs. F. M. Leist of St. Clair Shores, publicity chairman.

Also, Mrs. J. E. Danta, of St. Clair Shores and Mrs. Alexander Bacon, of Harper Woods will be members-at-large on the steering committee.

Dance to Send Kids to Camp

The second Annual May Dance sponsored by Pilot Club of Detroit, international classified service group of business and professional women, will be held at the Latin Quarter, Friday, May 23.

A cocktail hour will precede the buffet dinner which will be served at 7:30 p.m. and dancing to Warney Ruhl's orchestra will begin at 9 p.m.

Through proceeds from the first May dance, Pilot was able to send 41 children afflicted with muscular dystrophy to Camp Rankin near Lexington last year for a one-week stay. This year the goal is to send 50 children for a 10-day stay at camp. The children are from Wayne, Oakland and Macomb Counties.

Muscular dystrophy children are all in wheel chairs or braces. At Camp Rankin a program geared to the limited abilities of the children will include games played from wheelchairs, even baseball! They will be able to play in the swimming pool and on the sandy beaches. There will be cook-outs and camp fires and other pleasures that all children enjoy.

Each child requires an attendant. These are vounteers, as are the nurses who serve their theraputic and special needs.

Miss Joyce Vanderpyl is chairman of the May dance. Serving on her committee are Mrs. Uhland S. Young, publicity; Miss Kay Dodd, tickets; Miss June Taylor and Mrs. Russell Troutman, group sales; Mrs. Lenore Upton, Miss Mary Louise Downing, Miss Regina Weipert and Miss Shirley West, souvenir book; Mrs. Sarah Warner, arrangements.

Tickets may be obtained from the following Pointe members: Mrs. Norman Linnewerth, 821 Neff road, TU 5-0740; Mrs. Carl Myler, 883 Lakepointe, VA 1-9171; and Dr. Alice Palmer, 15621 Windmill Pointe drive, VA 1-3219.

Like charity, the taking of advice should begin at home.

Saving the world is easier than convincing it that it is lost.

Many Working On Book Fair

Word has gotten out through Mrs. Miles McKee who is assisting Mrs. Taylor Seeber as chairman of the coming League of Women Voters Book Fair that husbands are working as hard as their wives.

The men are diligently constructing replicas of Paris book stalls on the Seine. These will be found on the "Left Bank" of Lake St. Clair in the gardens of the War Memorial Center on Saturday, May 24, from 10 to 3 p.m.

The scene will be one of gaiety and color as people gather to choose interesting books to purchase for their libraries and for summer reading.

Books have been coming in so fast that cars have had to give up garage space to make way for storage. Young sons, of a size and brawn for carrying books, are becoming wary of gathering with their friends at home when a new load of books arrives. Children are saving their allowances and canceling other plans in order to be on the scene early to have first choice of the numerous children's books, many of which will be on sale for as little as one cent.

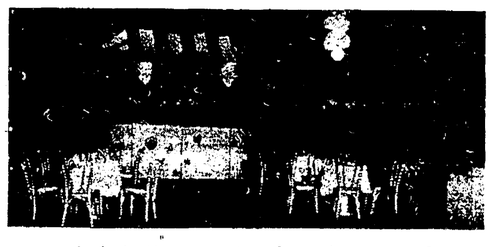

People who have specific collections or favorite authors may find just the books they've been looking for to round out those collections. This is the chance to pick up those books your neighbor has finally decided to part with.

You may even be able to buy back that favorite you lent to a good friend last winter. The possibilities for a real spree at bargain prices are endless, at the League of Women Voters Book Fair.

The man who's afraid of being spoiled by success should get a job with the weather bureau.

Artists of Pointe To Give 21st Show

About 70 Oils and Water Colors Will Be on Display May 17-June 2 at War Memorial; Chairman of Display is Mrs. E. C. Bowen

The Grosse Pointe Artists Association will bring new lovliness to a beautiful setting when they open their twenty-first annual exhibition, May 17-June 2, at the Grosse Pointe War Memorial Building.

About seventy oil paintings and water colors will cover every available wall space in the second floor rooms and first floor library. Sculpture and drawings will also be featured.

Jury Chairman, Mrs. E. C. Bowen, informs us that the show will be judged by Evelyn Brackett and John Coppin and hung by Edgar Yeager, all well known Detroit artists.

Local interest in the exhibition's high and the trip over Lakeshore drive in its spring bloom, a tour of Grosse Pointe War Memorial Building and its lovely grounds, plus viewing the art show, is an annual treat for many visitors. Sunday hours: 12-5. Weekdays: 9 a.m. - 9 p.m.

Exhibition arrangements are chairmanned by Mrs. Jack Sinekmann with the assistance of Mrs. Guy Durgan, Mrs. Frank Lindemann, Mrs. Louis Hyde, Mrs. Frank Peslar and Mrs. Robert Isbell.

Mrs. Thomas Jefferis and Mrs. Dulmage have charge of arrangements for the tea to be served at the invitational preview on Saturday, May 17. Mrs. Durgan will make one of her distinctive flower centerpieces for the table where the following hostesses will pour: Mesdames Augustin Nutter, Douglas Smart, Clark Bassett, William Modrack, Ferris Fitch, Stanley Dolega, R. E. Thibodeau and John Pear.

This year the Grosse Pointe Artists Association "comes of age," looks back over 20 years of effort and accomplishment and thanks the original 20 charter members for their inspiration.

About ten years ago the association established a studio in the War Memorial Building and held painting classes for their own members. Becoming more civic minded, they opened the classes to all potential artists interested in professional guidance and uncovered a local art enthusiasm far exceeding anybody's expectation.

The Grosse Pointe War Memorial Association now conducts these classes, taught by Hugie Lee Smith, for an ever-increasing number of students.

Another of the Artists Association's civic enterprises is the annual September Fair, when art objects and hand crafts are exhibited in an outdoor sale.

interested in the seven eastern colleges.

Mt. Holyoke alumna Mrs. M. Paul Sloan, Jr. will give details of the enlarged College Information Day program, held annually at the Women's City Club, which was attended this year on January 18 by high school principals, counsellors and students from the entire Michigan area.

The newly-elected chairman, Mrs. E. Osborne Coates, Jr. of Bryn Mawr, will introduce the new slate of officers: Mrs. Wilber M. Brucker, Jr., Wellesley College, vice chairman along with retiring chairman Mrs. McLaughlin; Mrs. John J. Bradley, Vassar, corresponding secretary; Mrs. Kenneth L. McCoy, Mt. Holyoke, recording secretary: Mrs. Henry E. Swartz, Radcliffe, treasurer.

Chairmen of committees are: Mrs. George J. Wilson, Smith, special events; Mrs. Garvin Bawden, Wellesley, and Mrs. George Ritchie, Smith, Birmingham and Detroit ticket chairmen; Mrs. Parbury Schmidt, Bernard College Information Day; Mrs. George N. Hilfinger and Miss Janet Gallaudet, Smith, public relations and program chairmen; Mrs. Leonard J. Grabow, Radcliffe, publicity.

Mrs. John C. Chapin, new chairman of patronesses and a Smith graduate, will be carrying on the interest and work of her mother-in-law, the late Mrs. Roy D. Chapin, Sr., who was actively interested in the Seven Eastern Women's Colleges Committee and whose Lake Shore home in Grosse Pointe was the scene of the annual meeting and tea for many years.

The Eastern Colleges alumnae first gathered as a social group in 1927 to discuss their common interest in promoting the ideals and purposes of liberal arts colleges for women and to provide information about the colleges to local high school students.

In the belief that joint projects would increase an annual scholarship fund, the "Detroit Committee for Seven Eastern Women's Colleges" was formed in 1938 and in April of 1957 the Committee became incorporated.

In 1946, the Committee inauguarated an annual College Information Day at the Women's City Club of Detroit. High school students and their parents were invited from Michigan communities to learn from alumnae about the seven colleges and the opportunities they offer. In the expanded program this year, high school principals and counsellors were also invited to attend.

Silent Auction Planned By East Side Kappas

The last meeting of the East Side Kappa Kappa Gammas will be held on Tuesday, May 20, at the home of Mrs. Clarence Campbell, 1031 Harvard road.

There will be cancer pad sewing at 11 and luncheon will be served at 12:30.

To forgive and forget is a good plan, but some folks see to it that you don't forget.

Patriotic Theme At GPYC Luncheon

Margaret Rice Fashions will Be Shown at "Fun in the Sun" Party Next Tuesday; Mrs. Paul L. Barker In Charge of the Gayety

There couldn't be a more appropriate theme than "Fun in the Sun", which is to set the mood for Grosse Pointe Yacht Club's bridge luncheon and fashion show next Tuesday, May 20. Inspiration stemmed from two facets, i.e., the club members spend so much of summertime outdoors; next Tuesday's fete ends this form of GYPC party until autumn.

The fashion show to be presented by Margaret Rice, after 12:30 o'clock luncheon, will consist of outstanding summer styles from sports and daytime clothes to evening wear.

Mrs. Paul L. Barker, head of the GPYC women's committee, asked Mrs. Calvin J. Gauss, Jr., to take charge as party chairman, and Mrs. Bill O. Brink as chief aide.

Keyed to the upcoming patriotic Memorial Day, decor colors will stress red, white and blue. The club's highlighted activity, yachting, will be exemplified in the use of signal flags as decorations—lines of the red, white, blue and yellow flags will flutter high in the ballroom, locale of the fete.

More signal flags will outline the style parade runway, and the huge white trellis

Gourmet Corner At Flower Show

Garden Club of Michigan Flower Show May 21 and 22 Will Feature Food as well as Flowers at Grosse Pointe War Memorial

When the Garden Club of Michigan puts on the Flower Show, May 21 and 22 for the Grosse Pointe Garden Center at the War Memorial, down stairs off the lower terrace, thirteen garden clubs have banded together to put on a Food Fair of mouth-watering delicacies, baked by the hundreds of wonderful cooks in their groups.

The Garden Center board president, Mrs. J. Crawford Frost, has appointed Mrs. Frederick P. Hart as chairman of this project, and she has received marvelous help from the garden clubs.

Mrs. Douglas Campbell, Jr., and the Junior League Garden Club will be responsible for the decorations and Mrs. Alexander Blain, Mrs. Wood Williams and Mrs. Hansel D. Wilson are arranging for the hostesses.

Other committee members include Mrs. C. Bayard Johnson, Mrs. Valentine Guenther, Miss Marie Louise Anderson, Miss Christine Edwards, Mrs. Donald C. Stevenson, Mrs. John A. Dodds, Mrs. Stanley Dolega, Mrs. Robert Barie, Mrs. Ivan Taylor, Mrs. Meredith Randall, Mrs. Mark Stevens, Mrs. Harold Bailey and Mrs. Carroll Boutell.

Mrs. Harold Noftz of the Grosse Pointe Women's club represents her club, Mrs. Ben Beyer of the Shores Farm and Garden club will dream up the calorie filled cookies, while Mrs. Claire Briggs of the newformed Grand Marais Farm and Garden Club will sell you pies and tarts.

Mrs. Bert Wicking of the Windmill Pointe Farm and Garden club will see that her group bring in intriguing cocktail spreads. Home made breads come from the ovens of the Grosse Pointe Woods Garden club, with Mrs. Ivan Taylor as chairman, and Mrs. C. Bayard Johnson of Pointe Garden club along with Mrs. William Beckenhauer Jr. of Suburbia Club will bring in fudge, and a few copies of that club's own cook-book which should be a gem, knowing how talented the group is.

Cocktail biscuits, originated by Mrs. Carroll Boutell and her Village Garden club should sell quickly. Brownies and Coffee cakes are on the agenda for the Grosse Pointe Park group with Mrs. Howard Poppen as chairman.

One of the Pointe's outstanding gourmets, Mrs. Harold Tyree will see that her club, Grosse Pointe Garden Club, has cheese molds to tempt the buyers, and the Little Garden club with Mrs. George Goodheart, chairman, will bake cakes.

If all this sounds like the Fat Girl's Delight one booth will be helpful.

The Grosse Pointe Farm and Garden Club with its hundred members, is doing all manner of salad dressings, and 10 women headed by Mrs. Harold R. Smith will be responsible for such teasers as "Charlie" of the Detroit Club's French Dressing, and so on.

The Garden Center has had several Fairs on the Green in Junes gone by to raise money for the Trial Gardens and the Horticulturist in the office but this year, with a change of timing and a Flower Show now rather than in fall, it seemed wise to add this sale to the festivities.

Legion Ladies Plan Luncheon

Ragan-Lide Unite No. 13 American Legion Auxiliary will meet at the home of Mrs. Carl Sterr for luncheon on Monday, May 19.

The organization is the only auxiliary to a Woman's Post and is named in memory of the Misses Ragan and Lide, two American nurses who lost their lives in France in World War I. They were both members of Harper Hospital Unit at Base Hospital No. 17 in Dijon, France. Mrs. Henrich Picket and the late Mrs. Fred Murphy founded the Unit 26 years ago.

In former years Ragan-Lide members have raised funds (to aid veterans and their families) by giving card parties—the last of which celebrated their 25th anniversary, last spring at the War Memorial Center. This year the women will be selling poppies to aid their worthwhile projects.

Officers for 1957-58 are president, Mrs. Frank Kuhn; treasurer, Mrs. Roy Schott; and secretary, Mrs. Ralph J. Rosselle. Thus far this year members have donated a wheel chair to the Veteran's Hospital and given a scholarship to the Orthopedic Clinic to be used for the child of a veteran.

The hardest work in the world to do is that which should have been done yesterday.

250 Women Hear Bishop's Talk on Power of Prayer

Three necessary strands to the spiritual life of a Christian were described recently by the Rt. Rev. Richard Emrich, Bishop of Michigan to a conference on the Life of Prayer attended by more than 250 women at Christ Church, Grosse Pointe.

The strands, which he said should be "equally strong and interwoven" were described as active participation in the institutional life of the church; raional understanding of the teachings of the faith and a sense of mystical reality in one's own private and corporate prayer life.

Dr. Emrich, whose address concerned the "Prayer Group" movement which has risen in recent years in the Episcopal church, was heard by representatives of 30 churches, half from the Detroit area and the remainder from scattered parishes throughout the diocese.

Bishop Emrich commented on the "tremendous stress" of our society on the "outer life." He said he did not feel that our culture "particularly disapproved of the inner life" but that "we have neglected it." He said he felt even the corporate worship of the Christion church was in danger of becoming a "spectacle" rather than an act in which people are spiritually involved. He pointed to the penchant of modern advertisers recommend all kinds of sensual pleasures available from their products. "It has become ludicrous," he charged. "How can you be joyous over a soap product?"

He said he was greatly interested in the grass roots movement in the Michigan diocese to make the inner life and its development known and understood.

He warned representatives from the prayer groups of eight experiences common to those who learn about the inner life.

"Do not expect simplicity," he said. "God is ultimate reality, and knowledge of him will be "shrouded in mystery." Because the inner life has to do with God and the things of God, there will be real diffiwhat has happened. "You will culty conveying knowledge of know many things you will be unable ot articulte."

"Furthermore," he continued, "just as people have outer differences, so are they different within." Since souls are different they have different rates of growth, he said.

He emphasized that the real alternatives in life are a life with depth, purpose, meaning and faith contrasted with a restless, hectic and superficial existence. He pointed out that the religious life is no icing on the cake. "You must expect to grow inwardly from the ordinary experiences of daily life." He pointed out however that most people don't grow because they are not especially watching what happens to them.

In conclusion Bishop Emrich said that the great sin is self-sufficiency or pride. He said that this sin has taken the form of "prayerlessness" and that worst of all, "not to pray has become respectable in our time."

"Every desire to pray," he concluded," comes itself from God. And a disciplined prayer life must depend on this Divine source and also upon the great tradition of Christianity, its doctrine and practice."

The conference was arranged under the auspices of the prayer groups of Christ Church, numbering more than 100 women. In charge were Mrs. Alexander Wiener, Chairman for Worship of the Diocese; Mrs. J. Jenness Newcomb, Christ Church coordinator of prayer groups; Mrs. W. Warren Shelden, President of the Christ Church Woman's Auxiliary and Mrs. Charles Trapp, Diocesan Chairman of Christian Education.

A discussion group was led by the Rev. Erville B. Maynard, rector of the parish, in the afternoon.

Hags Holding Center Dance

Saturday evening, May 24, at 9 o'clock has been set aside for the Youth Council's Annual Hag Dance at the Grosse Pointe War Memorial Center.

This dance is timed right after the proms so that many young ladies can say thank you to the boys who escorted them to the proms by treating them to an evening

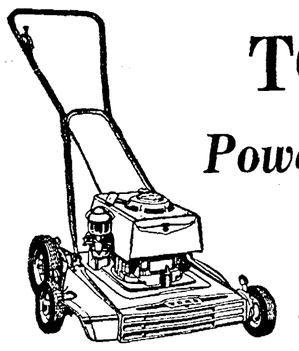

It is hoped that the weather will permit dancing on the lakeside terrace as well as indoors. The orchestra will be a favorite—Don Barber's.

Polly Kammer of Grosse Pointe University School and John Nicholson of Grosse Pointe High School are general chairmen of the affair. Barbara Linden is in charge of decorations, Keith Helms is arranging for refreshments and Kit Skeen and Chuck Harris will be heading the door committee.

State Flag Presented to High School

In observance of Michigan Week a state flag was presented by REMINGTON PURDY, vice-president of the Grosse Pointe Rotary Club, to DAVID ROLL, president of the Grosse Pointe High School Student Association. Dave will pass the flag on to the student body at the next general assembly of the school.

League to Hear Bert Wicking

The League of Women Voters of Grosse Pointe will hold a general meeting on Friday, May 16, from 1 to 3 p.m. at the War Memorial Center. Bert Wicking, president of the Grosse Pointe Board of Education, will speak to the group about the schools of Grosse Pointe. Mr. Wicking is a candidate to succeed himself as a trustee in the coming school board election. There will be an opportunity to ask questions.

Mrs. George Brown, league president, and Mrs. Harcourt Caverly, who represented the local league at the recent national convention at Atlantic City, will present their report.

This will be made particularly interesting by the use of selected slides from over 80 taken during the convention by Mrs. Brown.

Tea will be served by a committee headed by Mrs. Edgar B. Cooper, membership chairman. The public is invited.

Mrs. Burns Henry, Jr. Lands Two Big Fish

NASSAU, BAHAMAS — Citations in two divisions of the Bahamas Winter Fishing Tournament were the reward of one day's busy angling for a Grosse Pointe, Mich, woman.

The successful fisherwoman is Mrs. Burns Henry, Jr., of 956 Lakeshore road, Grosse Pointe Shores, who was a guest at the Lighthouse Club, Andros Town, during her Bahamas fishing expedition. The Lighthouse Club is a fine resort center about 40 miles to the south and west of this Bahamas capital city.

Heavier of Mrs. Henry's two citation-winning fish was a 40 pound wahoo, mastered on medium 24 thread tackle while trolling the fish-rich waters not far from Andros Town.

The Michigan angler also employed the same gear to subdue a 35 pound dolphin to qualify for the other citation. The fish were almost identical in length — the wahoo measured 4 feet 3 and the Dolphin was only an inch shorter.

Chapter AO of P.E.O. To Hold Final Meeting

Chapter AO, P. E. O. Sisterhood, will hold its final meeting of the organizational year on Monday, May 19. The group will meet that evening at the home of Mrs. Sheldon Drennan, 26 Lakecrest.

The program, to follow the business meeting, will be a white elephant sale. Each member is asked to bring one article to be sold for the benefit of chapter contributions to scholarship funds.

Pointe Garden Club to Picnic

Pointe Garden Club members will meet in the Garden Room of the War Memorial on Monday at 10 o'clock for an annual meeting.

Then they will board a bus, to picnic enroute and to visit the Westcroft Gardens in Grosse Ile.

Hostesses for the meeting will be Mrs. R. Gervys Grylls, Mrs. Arthur C. Beaumont, and Mrs. Clarence E. Maguire.

Opera Workshop Plans Program at St. Columba

300 Attend Play at Club

The Neighborhood Club played host to about 300 parents and friends last Friday night when the Junior Clubs and Classes presented the Spring Finale in the form of a "Gypsy Play."

As part of the performance a King and Queen were crowned, both of whom had earned the most points in the Achievement Program. Shari Strachan was the Queen with 435 points, and Steve Miller the King with 196 points. In second place in the Girl's division was Mikkee Marten with 422 points, and third Susan Alfei with 318 points.

In second place in the Boy's division was Steven Downs with 105 points and third Bob Gonas with 95 points. These scores were accumulated since last October with points being earned for attendance, service, and bringing in new members.

The success of the play can be accounted for by the fine direction of Mrs. Ethel Drake assisted by Marian Campbell, Pat Sutton and Mrs. John Marten. The mothers responsible for make-up were Mrs. M. Alfei and Mrs. A. O'Neal, and the pianist was Mrs. Lucie Banta.

Blue Devil Track Team Close to Championship

Grosse Pointe's Blue Devil track team moved to within one game of repeating as Border Cities League champions when they swamped the Fordson Tractors 75-34 on Tuesday, May 6, on the local track.

All that remains in the Blue Devils' path to the title is Highland Park, who will be attempting to snap the Pointers' 1958 unbeaten league streak at four. The only loss suffered by Coach Howard MacAdam's thinclads was to Pontiac, the State Class A champions for the past three years and top heavy favorites to make it four championships in the coming State meet at Ann Arbor, May 24.

Purdy Breaks Record

Highlighting the Fordson meet was Rem "Skinny" Purdy's record shattering performance in the 880 in which he cracked Bob Schaller's six-year-old mark of 2:03.6 with a sparkling 2:01.9. Purdy passed up a chance to lower his own school mile record for a crack at the 880 mark. It was the first time he had run the distance in competition and won it handily. His best time in practice was 2:04.6 three weeks prior to his record breaking attempt.

As Purdy stepped aside in the mile run it gave his shadow Howard Harrison a chance to capture his first first place of the season. Although Harrison didn't approach Purdy's mile record he did run a beautiful race and was far out in front of his teammate Bill Halbert who placed second with a thrilling kick in the final 100 yards.

Halbert was as happy as a clam in the sand with his second place and was heard to remark "Maybe I'll get my name in the paper."

Gives His All

Halbert's second place enabled the Devils to clinch the meet and push the Pointers' margin to 59-18. Bill's final kick was one of plain guts and he gave out with everything he had in his short stocky frame. He was completely spent as he hit the tape and fell into the waiting arms of his joyous teammates.

Grosse Pointe captured all of the field events with John Derbyshire taking the shot put, Art Cornwall the high jump, Chuck Harris the pole vault and Chuck Hanneman, Jr., the broad jump. The Devils took first place in five of the seven individual track events and split in the two relay events.

Speedster Terry Donovan and Fordson's Jim Kwasney were the only double winners of the meet. Donovan took the 100 and 220 dashes while Kwasney captured the low and high hurdles.

Slam Shot Put

Grosse Pointe's strongmen John Derbyshire, Rolf Lagerfeldt and Tom Andris scored one of the two slams of the meet by placing in that order in the shot put event. The other slam came in the 220 with Terry Donovan, Dick Knapp and Neil Delfs in that order.

The meet was the last of the season on the Devils' track and all records established this season will stand until the lads get out in their BVD's next Spring to run again.

Remington Purdy Breaks Mile Record At Relays

Remington "Skinny" Purdy stamped himself as one of the outstanding milers in prep circles this spring when he captured the mile run in the second annual Dick Waters Relays held at Monroe last Saturday, May 10, under the lights.

Purdy met and defeated his most feared rival in Bashaw of Lincoln Park and in so doing chalked up the new record of 4:27, which is the best time posted in the state this season. "Skinny's" performance stamped him as one of the outstanding candidates for an individual championship in the State Class A meet to be held at Ann Arbor on Saturday, May 24.

Purdy and Bashaw matched step for step for the first three quarters and it was anybody's race. That is until Purdy started his steady kick going into the last quarter mile and gradually pulled away from Bashaw who tried to kick in the last stages of the race but his tired legs wouldn't answer the command. He finished three and four tenths of a second behind Grosse Pointe's speedster.

Rem's new record clipped twelve and eight tenths of a second off the old mark held by Wehmer of Monroe, who set the track record of 4:39.8 way back in 1942.

Chuck Hanneman, Jr., set a Grosse Pointe High School record in the board jump with a leap of 21 feet one inch to eclipse Albert Berre's sixteen year old school mark of 20 feet 11 inches, but was forced to settle for fourth place in the stiff competition he encountered. This is the first year Grosse Pointe has allowed its thinclads to count record performances against Blue Devil school records.

The Devils picked up enough points for third place in the 33-school meet when its mile relay team of Dave Mawhinney, Mel Vanderbrug, Ronnie Harper and Bruce Boardman finished second to Dearborn, who also set a new relay record of 3:34.6 which cracked the old mark of 3:37.4 set by Fordson a year ago in this same meet.

In all eight records went by the boards in the twelve event meet. New marks were written into the books in the Pole Vault; Mile run; Shuttle Relay; 120 yard high hurdles; 880 Relay; Distance Medley relay; Sprint Medley relay and the Mile relay.

Pontiac replaced Highland Park as the Dick Waters Relay champions, followed by Birmingham and Grosse Pointe and Redford Union who tied for third.

The Devils will swing into Regional competition at Van Dyke Fitzgerald this Saturday, May 17, when they meet East Detroit, Port Huron, Ferndale, Warren, Roseville, Mount Clemens, Royal Oak Kimball and Dondero and Notre Dame.

East Detroit, as defending champion, poses the biggest threat to the Devils' Regional title hopes.

Coach Howard MacAdam feels his team can qualify at least 12 lads for the State finals but points out that the Devils' depth makes them a good dual meet team which isn't a factor in Regional competition as the Regionals are run in heats in each event and against time.

Preliminaries will get underway at 9:30 a.m. with the finals starting at 1:30 p.m.

Boat Banter

By Fred Runnells

The University of Michigan Sailing team captured the fourth annual Intercollegiate Invitational, sponsored by the Detroit Yacht Club, and sailed on the Detroit River over the weekend of May 10-11.

U of M skippers Dexter Thede, Bruce Goldsmith, Ron Sisson and Otto Scherer, Jr., fought off determined challenges of Notre Dame, University of Detroit and Wayne State University who finished in that order in the ten race round robin to become the first school to win the Commodore Arthur J. Summerlee perpetual trophy.

In all there were ten schools represented which included, besides those already mentioned, Ohio State, Oberlin, College of Wooster, University of Cincinnati, and Xavier.

The late Commodore Summerlee inaugurated the series and his widow, Margo, presented the trophy in honor of her husband.

Five races were sailed each day and only in the second race on Saturday was the series marred by mishaps. In ten minutes time two of the club-owned catboats were capsized in puffy 18 to 20 mile an hour wind and one man was tossed overboard from another boat. No injuries were suffered but the capsizing held up the Saturday racing for nearly two hours while the boats were being retrieved.

Numerous protests on the second day delayed the prize awards for almost an hour beyond the scheduled time. Race chairman Sidney Warner presented the fourth place plaque to Tom Johnstone of Wayne; Rear Commodore Alfred Steiner the third place, to Arnie Neumeier of U. of Detroit; Vice Commodore Fred Jensen second place to Ron Messner of Notre Dame and Commodore Charles "Tommy" Tompkins first place to Dexter Thede of Michigan.

The 1955 inaugural series was won by Ohio State. Michigan followed in 1956 and Notre Dame in 1957. Michigan nearly won last year when it tied with Notre Dame on points but lost on a "horse race" tie breaker.

Michigan never finished worse than fourth in the ten races except for a breakdown in the second race. Places were annexed by the Michigan skippers in the following manner: Scherer 1-2-4; Sisson 1-4; Goldsmith breakdown—3 and Thede 1-1-3.

Notre Dame's places were won by skippers Lou Morgan and Ron Meissner and were 2-2-2-breakdown-6-1-5-2-4-1. U of D's skippers Arnie Neumeier and Bill O'Reilly placed 3-5-1-DNF-1-3-2-1-3-2. Wayne's Tom Johnstone, commodore of the sailing club, sailed all of the races and placed 5-capsized-6-2-2-4-4-4-2-DNF.

Final point standings are as follows: U of Michigan 96; Notre Dame 90; U of Detroit 88; Wayne State 70; Michigan State 64; College of Wooster 60; Ohio State 54; Oberlin 46; Xavier 46 and U of Cincinnati 28.

Members of the Detroit International Regatta Association are going all out in the sale of Booster Buttons, the funds from which will help defray expenses for the Detroit Memorial regatta, June 14 and the Silver Cup regatta late in August.

Edwin O. Bodkin, commodore of the DIRA, has stated that over 6,000,000 people have witnessed unlimited power boat races on the Detroit River without paying a cent of admission and feels the Booster Button campaign will give them an opportunity to show their appreciation this year.

All skippers who have not regitsered their boats with Detroit River Yachting Association secretary William Patrick Connolly had better get on the ball because now is the time. The DRYA will carry 1957 sustaining members until the Bayview Yacht Club regatta, June 14.

After that time those not paid up will be scratched from the mailing list and no regatta programs will be forthcoming. Sustaining membership is three bucks and boat registration is two bucks. Secretary Connolly's mailing address is: 16738 East Warren Ave., Detroit, Michigan.

GPUS Nine Again Wins and Loses

The Black Knights of Grosse Pointe University School again split the decisions in two baseball games played last week. GPUS dropped a 3-1 game to the St. Paul Lakers on Thursday, May 8, at Kerby Field, the Lakers' home diamond. Two days later the Knights tripped Maumee Valley 7-2 on Saturday, May 10, on the GPUS field.

GPUS got off to a one run lead in the top of the first inning on a walk, a hit and a St. Paul error. The Lakers came right back in their half of the first to score three unearned runs on two singles, two walks, a wild pitch and a two run error. From that point on the contest was scoreless.

Glynn Cross was the winning pitcher and Joel Gershenson was the loser.

The game with Maumee was part of the Grosse Pointe University School Day celebration. Maumee jumped off to a two run lead in the first inning on three hits, one of which was a double.

GPUS pecked away for seven innings and piled up a 7-2 lead while holding the visitors scoreless.

Gregg Dodds was the winning pitcher, giving up two runs on seven hits while striking out 10. Pete Handwork was the loser giving up seven runs on seven hits while striking out six.

Gary Rembachi paced the GPUS attack with a triple which drove in two runs.

Bill Hotchkiss Stars On MSU Tennis Team

EAST LANSING, Mich. — The most impressive sophomore on Michigan State's tennis team in recent years is a former Grosse Pointe High athlete, Bill Hotchkiss.

On the spring training trip in Florida, Hotchkiss started out as State's No. 6 man in singles, but after several impressive victories, he was moved up to the No. 2 spot by Coach Stan Drobac.

In doubles, Hotchkiss will team with Mike Zaremba, of Monroe, to form State's No. 2 duo.

Hotchkiss lettered three years on Blue Devil net squads coached by Bud Kurvink and was also a member of the basketball team.

Ronald RolleyMember Of Wooster Net Team

WOOSTER, O. — Ronald Rolley, a junior at The College of Wooster, from Grosse Pointe, Mich., is one of three lettermen on the Wooster tennis squad this spring.

Wooster opens the season April 19 against Capital University at Columbus.

Rolley is the son of Mr. and Mrs. Elmer A. Rolley, 559 Lincoln road and was graduated from Grosse Pointe High School in June 1955.

At Wooster he is taking the pre-medicine course and is majoring in economics. Rolley is also a letterman in swimming at Wooster.

"tightest race in the six-year history of the Grosse Pointe Little League."

"In spite of the fact that the 1957 season ended in a three-way tie for the championship among the Cubs, Braves and Cardinals," Bradley said, "I feel that all four teams are more evenly matched this year than ever before."

Andrew C. Teetaert, player agent for the league and leading force in getting the Charlevoix-Neff diamond in perfect playing condition, backs up Bradley in his appraisal of the competition in store for the coming season.

"The teams should run closer than a teenager's first shave," Andy says, "and I don't think anyone, except for the managers and coaches, would care to guess just which team will be on top when the 36-game schedule is completed on July 17."

The four teams, their managers, coaches and players are as follows:

BRAVES—Manager A. P. Bartholomew; Coach, E. C. Moser; and Players, Buzz Bartholomew, Chris Curran, Bill and Mike Connolly, Peter Frame, Greg Miller, Dave Collins, Jim Green, Bruce Harper, Barry Trombly, Sheldon Smith, Neal Westmacott, Greg Hykes, Roger Teetzel, and Bill Bradley.

Officers of the Grosse Pointe City Little League beside president Bradley include vice president John Montgomery, treasurer Pat Mullen, secretary Warren Jollymore and Franklin Smith, minor league commissioner.

Smith announced, "Minor league competition for 1958 will get under way on Friday, May 23, on the Little League diamond, Charlevoix and Neff."

With four new teams added to the two major leagues, the Grosse Pointe Park Little League baseball season opens its 180-game schedule at 12:30 p.m. Saturday, May 17, on Diamond No. 2 at Defer Field.

Approximately 330 youngsters have been working out for several weeks as members of the 12 major league teams and the 10 Northern and Southern conference teams.

The entire Little League roster will participate in the traditional opening day ceremonies and flag-raising along with city officials, team sponsors and league directors.

The double-header which will follow will give fans their first indication of the strength of two of the new teams in the major leagues.

The newly-formed Red Legs, managed by Jerry Welleritter, will meet the Braves of John Schaible in the curtain-raiser on the National League schedule, and the Indians of Fred Metry will make their debut against the White Sox, managed by Jack Griffith, in the first American League game.

The 20-game schedules of the major league teams and the 12-game schedules of the Northern and Southern Conference teams continue through July 18.

Invited to participate in the opening game ceremonies are Mayor Kenneth W. Cunningham, of Grosse Pointe Park, City Manager Robert A. Slone, City Clerk-Treasurer Charles Heise, James W. Bushong, superintendent of Grosse Pointe public schools, and J. Harold Husband, director of administrative services for the schools.

Husband will introduce the guests and Edward J. Scallen, president of the Grosse Pointe Park Little League, who will present members of the league's board of directors.

Scallen urged all parents and friends of Little Leaguers to attend the opening ceremonies to get the teams off to a good start in what is expected to be the league's most successful season. He pointed out that there will be plenty of bleacher seats.

All of the other teams will swing into action next week.

Besides the Red Legs and the Braves in the National League, there will be the Cardinals, a new team, Dodgers, Giants and Pirates. The American League teams, in addition to the White Sox and Indians, will be the newly-formed Yankees, Athletics, Orioles and Senators.

Northern Conference teams are Great Lakes, Evansville, Harvard, Fordham and Illinois. Southern Conference teams include Baylor, Kentucky, Alabama, Duke and Carolina.

WOODS-SHORES

The Grosse Pointe Woods-Shores Little League will hold its Opening Day Ceremony Sunday, May 18, at Ghesquiere Park in Grosse Pointe Woods. The minor league games are pitting Omaha vs. Wichita and

The major league games feature the Cubs vs. Braves and the Indians vs. Athletics at 4 p.m.

The pre-game opening ceremony will commence with a parade starting at Kenmore and Mack avenue about 12:30 p.m.

Fred Wolf, sportscaster, will serve as master of ceremonies. Dr. James W. Bushong, Superintendent of the Grosse Pointe Public School System; Bert Wicking, President of the Grosse Pointe Board of Education; Kenneth H. Koppin, Mayor of Grosse Pointe Woods; Jack Williams, President of Grosse Pointe Shores, as well as other government officials of both communities will be in attendance.

It is expected that sports notables, both baseball and football, will also be on hand.

Two Pointers Playing Lacrosse at Colgate

Bradford Boydell and Daniel Goodnow, both of Grosse Pointe, are members of the Colgate University freshman lacrosse team. Boydell is an attackman and Goodnow plays defense for Coach Dick Frantz' stickmen.

The Red Raiders opened their season with victories over Cornell and Syracuse. They are scheduled for return matches with Cornell and Syracuse, in addition to meeting Penn State, Hobart, and R. P. I.

Circus Staged By Cub Scouts

The regular monthly meeting of Cub Scout Pack 39 was really a "circus," for entertainment for both parents and Cubs was presented to climax many weeks of preparation by all of the dens.

The ringmaster, Burke Fossee, announced to all the Circus of the Year — as the music played and a parade began filing into the gaily decorated auditorium. Bright posters on the wall announced events to be continued on.

Den 3 had a pack of Indians, beating on Tom-Toms made out of potato chip cans, and black wigs, braided from corduroy, ceremoniously dancing past to arrive at their tee-pee. Freaks were to be seen everywhere. The fat man, the strong man with a 500 pound weight lightly lifted with one finger. Even a fat lady with no legs, her dress touching the ground.

Den 4 had all become unrecognizable. Den 5 was the band in white uniform and glistening hats.

To the surprise of all, including herself, Tina, a St. Bernard dog, led the caged animals of Den 5 through the parade. Acrobats from Den 7 nimbly skipped along, eager to show their skill to the audience. Den 1 presented a peep show, including the "Fall of China"— as a cup was dropped to the floor.

Last but not least were the most originally dressed clowns from Den 6. They distributed bags of popcorn and a wonderful time was had by all.

Awards were given at this meeting and badges earned and the Webelos Den is proud to announce that all boys have earned their Webelos Badge and are ready to carry on in scouting.

These boys include: Howard Jacobson, Tom Ryan Read Johnson, Roger Koll, Jerry Walker, Fred Williams, Larry Olesko, and Michael Prendergast.

Forum Offering Oil Well Movie

With the showing of Robert Flaherty's "Louisiana Story" tomorrow night, Friday, May 16, the Grosse Pointe Public Library and the Friends of the Grosse Pointe Public Library will bring to a close their second series of Friends' Film Forums.

With its release in 1948 "Louisiana Story" won an immediate and enthusiastic response from the critics and the public alike, and has been compared in greatness with Flaherty's "Nanook of the North, "Moana," and "Man of Aran."

"Louisiana Story" concerns the construction of an oil well in the Louisiana bayous, the drilling crew, and the impact of the machine age on the Cajun natives, particularly on a thirteen-year-old-boy.

"Louisiana Story" will be shown at 8 o'clock in the second floor meeting room of the Central Library, located at the corner of Kercheval avenue and Fisher road. No admission will be charged, nor are advance reservations necessary.

Fail to Locate Local Guardsman

As of press time, late Tuesday afternoon, there was still no sign of the body of Robert J. Gullickson, 21, of 2066 Brys drive, although Coast Guard dragging efforts have continued tirelessly since the boy's disappearance last Wednesday, May 7.

Gullickson and another Coast Guardsman, Vincent Visch, 20, of Jamesville, Wis., were aboard a 20-foot inboard launch when it capsized near Port Huron on the 7th. Visch was rescued and is currently recuperating in a local hospital but endless efforts on the part of the Coast Guard have failed to locate Gullickson's body.

He joined the service in July of 1955, shortly after graduation from Grosse Pointe High School. He is the son of Mr. and Mrs. Harvey Gullickson, and has two sisters, Mrs. Marilyn Sims, of Mt. Clemens, and Carol, 17.

Gullickson had been stationed at Belle Isle and at the Coast Guard headquarters at the foot of Mt. Elliott until his recent transfer to Port Huron.

FIRE BOX—The latest word in fire escapes, a compactly folding ladder, is displayed at the Second Annual International Gadget Show in New York. Designed for homes or apartments without a normal fire escape, the invention, called a "ladder scape," is unfolded and hooked over a windowsill to provide a quick emergency exit. The model shown is for a two-story building.

TAKE ME TO YOUR LEADER, MAN!—These real cool cats seem to be way out of this world, but they're not musical Martians. They're robots, swinging in Paris, and they are capable of playing any tune requested by an audience, according to their inventor, engineer Didier Jouas Poutrel.

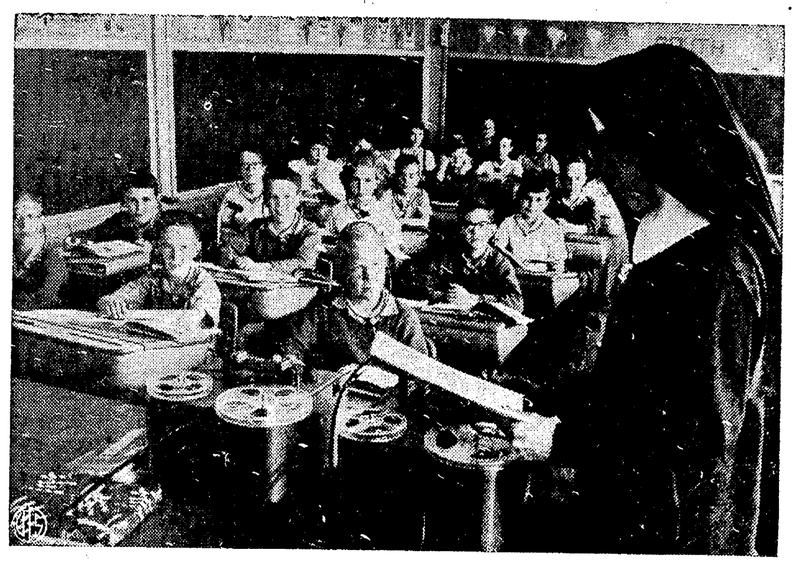

POLE SHAPED — If it's any comfort, fashion is making women shapeless on the other side of the Iron Curtain, as this sack dress from Poland illustrates. It's displayed at the First Egyptian International Fair in Cairo, Egypt.

NAME CHANGE—A new name in metal (and in chemicals and electronics, too, for that matter) is held aloft by President Charles J. Haines and technician Henry Howell of National Cylinder Gas Co. The company has outgrown its 24-year-old name, so Chemetron was chosen, embodying syllables of chemicals, metals and electronics, three basic fields among the many served by the diversified company. The firm has 81 plants in the U. S. and 14 in foreign countries.

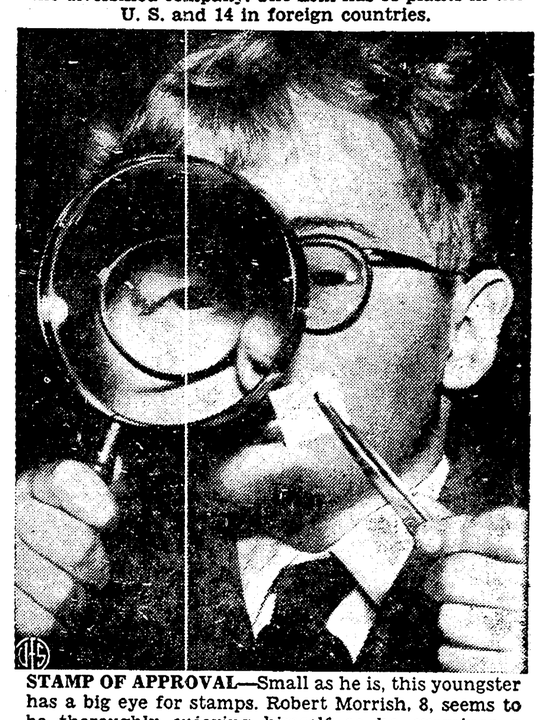

"OH, SACK THAT I SEE"—By the dawn's early light, with bleary, sleep-fogged eyes, this example of the latest trend in fashions might look as good as any other sack, dress that is. Bruce Hinds, 13, wore the burlap sack to school in Dallas, Texas, to illustrate his opinion of the ladies' fashions. He asked Gretchen Phillips, 12, "Does it do anything for me?" Judging from the look on her face, Gretchen's reply was most uncomplimentary.

LEARNING BY LISTENING — Teaching via tape is proving a novel and popular method of education for students and teachers alike at the Immaculate Conception School in Grand Prairie, Texas. The school is one of the few in the country using tape recorders to transmit learning. With the use of the pre-recorded tapes — each one geared to the different learning levels of the students — youngsters receive instruction according to their abilities. Each child hears only the lesson recording designed for the level of understanding of his own particular academic grouping. The youngsters do not know to which ability group they belong. Here, a sister plays a recording as the students listen with the aid of head sets.

PEAK PERFORMANCE — A towering needle of granite provides a precarious perch for two recruits of Italy's crack Alpini Corps, which does much of its hiking straight up. The soldiers are taking part in a 40-day rigorous training course at Corvara in the Dolomite Alps. Italy has five brigades of the mountain troops, two of which are assigned to NATO.

STAMP OF APPROVAL—Small as he is, this youngster has a big eye for stamps. Robert Morrish, 8, seems to be thoroughly enjoying himself as he examines a stamp at the "Story of Stamps" exhibition in London. The exhibition was designed to show children the history and usage of stamps.

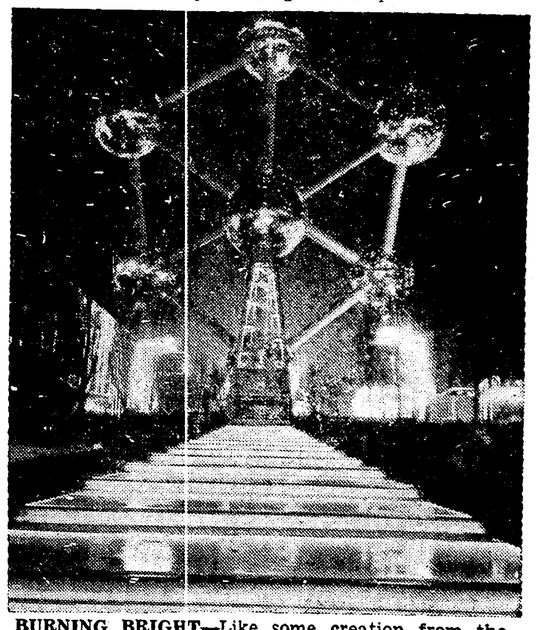

LUXURY LOUNGER—Valued at a cool $10,000, this fabulous Belgian lace negligee will be heavily guarded as it tours the United States, exhibited by the International Latex Corporation as a salute to the Brussels World's Fair. Pat Bell models the precious antique, which is fashioned of white Bruges lace mounted on pale apricot silk chiffon.

FAITH AND HOPE — Resting on wheeled stretchers, pilgrims throng the famed Grotto of Lourdes, France, praying for divine intercession to heal their afflictions. Crowds of up to 70,000 persons in a single day have filled the Roman Catholic shrine, credited with many miraculous cures since a vision of the Virgin Mary appeared to peasant girl Bernadette Soubirous there a hundred years ago.

SACKS APPEAL — Although her pet poodle doesn't seem to care of the style, three-year-old Linda Bruhl of The Bronx, N. Y., is firmly in favor of the new chemise look. She wears her sack at a children's fashion show held in the lobby of the Manhattan Savings Bank in New York. The show was staged jointly by the bank and a department store.

BURNING BRIGHT—Like some creation from the erector set of an imaginative giant, the Atomium, symbol of the Atomic Age World's Fair in Brussels, Belgium, gleams brightly in the night. Designed to simulate a molecule of metal, the giant structure houses a restaurant, bar, and exhibits inside its shiny spheres, which are connected by elevators and escalators.

WRITE IN STYLE—Designed to be signed, these new shirts for teen-agers come equipped with a special ball-point pen used to write autographs, sayings, or drawings all over them. Styled to double as a jacket, the Skribble shirt is guaranteed not to lose its scribbling even through repeated washings.

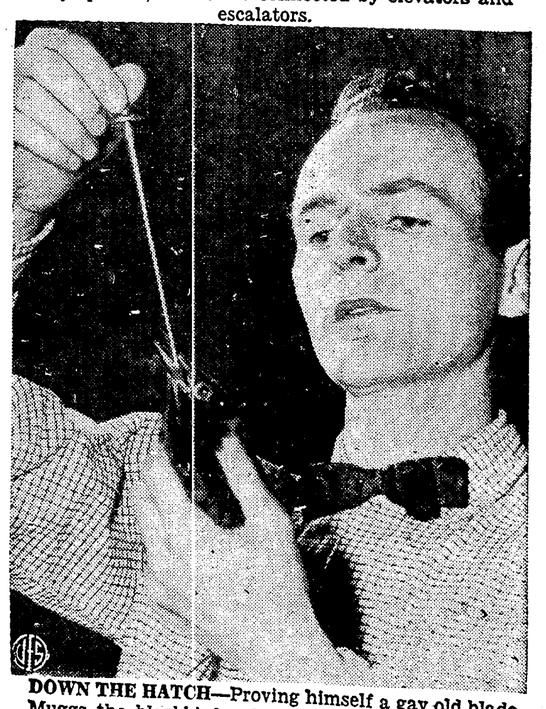

INTERCONTINENTAL MISS—East meets West in this evening gown worn by its designer, Anne Osmena, a student from the Philippines, at International House in New York City. With detachable pouf sleeves in place (left), the geranium chiffon dress has a traditional Philippine look. The sleeves come off for a sleekly "Westernized" viewpoint (right). Miss Osmena, in the U.S. to learn fashion designing, is one of the students from more than 70 countries using International House as a residence and program center.

OUTDOOR ELEGANCE — The last word in outfits for sophisticated gentlemen going on a hunt, this button-belted beige jacket by Rome's Angelo Litrico is cut for ease and comfort. Done in hand-woven material, it features vertical slip pockets, trimmed with deerskin arrow-points, on the breast, and flapped patch pockets below. Cuffed sleeves and slits in the back add a final fillip.

DOWN THE HATCH—Proving himself a gay old blade, Muggs the blackbird gulps down a miniature sword with the assistance of owner Walter Riddle, in Topeka, Kan. Muggs, who swallows swords as easily as he does worms, has been performing the feat for the past 12 years.

Editorial note: for the following information we are indebted to Lt. James Furton, of the Grosse Pointe Farms Police Department.

* * *

One marshall to enforce the law, a highway commissioner to maintain the roads, a clerk to manage the taxes, this was the Village of Grosse Pointe Farms government in 1893 when it was incorporated, separating from the Village of Grosse Pointe. The reason for the separation was the Farms' residents objection to the many saloons which dotted the environs.

Fisher road was largely farm land beyond Kercheval, there was no fire fighting equipment and no street lights. A few years later gas lamps were installed on Lakeshore drive, which was still a mud lane as were Fisher, Moran, Kerby and Moross, the only important streets in the Village. Only the very wealthy families along the shore could afford water steam pumped from the lake by a private company.

The highway department was the first established and the most important. From 50 to 70 cents in the tax dollar was spent by E. G. Moran, the commissioner, in keeping up the roads. The first piece of equipment bought was a road builder.

Joseph H. Berry was president of the first Board of Trustees with Truman Newberry, treasurer. Collected that first year from a population of less than 800 was $745.03.

For the first few years there was not much work for the Village clerk to do. H. G. Sherrard only wrote three or four checks a year. He would often walk knee deep through snow to arrive at the meeting hall and not find enough councilmen present to make a quorum. His busiest time was during elections.

Archibald Michie was appointed the first marshal but was soon succeeded by William Fisher. At this time he collected the taxes and received a percentage of them for this duty. There was no police station and prisoners had to be taken to the county jail by street car which ran from Moran road down Ridge to Fisher and then downtown. The present town hall was built in 1912 and two policemen were hired.

Fire fighting in 1893 was even more primitive. There were 27 hydrants on lakeshore drive and that was it. Two hose reels were purchased and kept in small barns on the estate of Joseph Berry and the waterworks. There were no water mains off the drive. When a fire was discovered a steam mocking bird whistle was blown at the waterworks and the whole population turned out to fight the fire. There was no modern fire department until 1913.

Only 50 years ago the Farms was just that, mostly a collection of French ribbon farms, country lanes, meadows, the new Country Club and a few spacious estates on the lakeshore. There were more vacant areas than populated ones but those early city fathers planned well for the fire, police, water and government departments we have today.

Pointers of Interest

MRS. FREDERICK S. FORD, JR., OF RENAUD ROAD

—Fred Runnells Photo

by Patricia Talbot

For three generations the Protestant Childrens' Home has been one of the chief interests of the women of Mrs. Frderick S. Ford Jr.'s family. She is continuing a tradition begun by her grandmother, Mrs. James Hawks, and her mother, Mrs. Ernest Brier, in heading the board of the Home which is located in Cook road.

This Thursday afternoon Mrs. Ford and some 30 other members of the board of trustees will be receiving guests for tea at the home which is marking its 122nd anniversary. Mrs. Ford has been on the board since the home was moved in 1951 from its previous site on East Jefferson avenue.

When it first opened its doors to waifs in 1836 the Protestant Children's Home was known as the Ladies Orphan Association of Detroit and was housed on Antoine Street. The girls were dressed in uniforms of blue calico with white caps (Shaker bonnets for Sunday), and the boys in "jackets and trousers of brown fustian."

The purpose of the founding was to help care for children orphaned by the recent cholera epidemic which had claimed many victims in Detroit. "Eleven helpless ignorant little children have been rescued from abodes of wretchedness and now exhibit most pleasing evidence of care and discipline," reads the report after the first few months.

The Protestant Childrens' Home has come a long way since the days when it was principally an asylum and housed in a rather grim brick building in Jefferson avenue. This was the last of three old fashioned edifices designed to house the orphans and when it was built in 1891 was the best available and in pleasant country surroundings.

Modern Methods

When Mrs. Standish Backus helped the Home to move to Grosse Pointe seven years ago, great strides had been made both in housing and education and assistance to destitute children.

Mrs. Ford, who drops in to visit the 70 children housed in the attractive modern cottages on Cook road, several times a week, says the board believes that institution life is not the best for children and they try to make other plans for them after they have helped them adjust to their social and family problems.

Not Orphanage Now

The Home is not an orphanage today. Most of the children come from broken homes and are helped to adjust to their difficult life situation under the eye of the Home's director, Herbert Shanks. The children, largely wards of the court, range from five to 14 years, and live in five cottages on the grounds. The majority go to Grosse Pointe schools by bus after breakfast in their cottages with their own house mother. They eat dinner in the main recreation hall where their leisure time activity mainly centers.

Mrs. Ford, who is a ravishing sun streaked blond, devoted mother to three children, Susan, Robbie and Ricky, finds the Home the most rewarding volunteer job she has tackled. She spends a great deal of time going over the admission cases, planning hobbies and entertainment for the children and seeing to their general welfare.

One at a Time

One important volunteer job is all she feels she can handle successfully and still have time for her own home and children. She does do some work for the Tribute Fund and the District Nursing Association, but the Home is her chief interest.

She believes volunteer work is most important, but the worker must find the job that is most suited to her capabilities and not divide her time so many ways she has little to give.

With her yacht designer husband this attractive young matron skiis in Sun Valley and summers at Harbor Pointe. She recently began golf, which she finds most frustrating but this summer will be spending most of her time on their new boat, which is docked at the Little Club.

Care of disturbed and destitute children is one of the most important responsibilities any community can assume. With women like Mrs. Ford helping to their utmost to see that these children receive the best care possible, the community as well as its wards will gain the benefit. Good citizens are trained not born and they are the greatest boon a town can have.

Choirs to Give Vesper Service

The choirs of Grosse Pointe Memorial Church will be heard in a spring Vesper Service on Sunday, May 18, at 5 p.m.

Beginning at 4:30, James S. Vaughan, carillonneur, will play a recital from the baton keyboard in the Memorial Tower. The carillon, consisting of 47 bells, is one of the ten largest in the country.

Under the direction of Malcolm Johns, organist and choirmaster, the Chancel Choir will present a contemporary cantata, "Praise to the Risen Lord," composed by Louie White of New York City.

The Youth Choirs of the church, directed by Marian Johns, will be heard in four anthems, including the "Sanctus" from Gounod's St. Cecilia Mass. In this work they will be joined by the Chancel Choir with Norman Ballmer, tenor soloist.

An instrumental portion of the service will feature a woodwind ensemble of Grosse Pointe High School students. Kay Wunsch, flute, Judie Henderson and Mary Bunselmeier, oboe, David Kalember, clarinet, Glenn Kalember, horn, Elizabeth Zinn, alto saxaphone, and Beth Perry, bassoon, will perform "Six Marches" by C.P.E. Bach, and "Minuet," by Schubert.

Misses Wunsch, Henderson and Zinn will play the "Musette" of Caix D'hervelois.

The public is cordially invited to attend the Vesper Service.

Alpha Xi Deltas Set May 19 Date for Report

It will be a dessert meeting beginning at 8 o'clock. Installation of new officers will also take place. Hostess for the evening will be Mrs. Norman Cummings, of Anita road; and she will be assisted by Mrs. C. J. Huysken, and Mrs. H. A. Camburn.

Center Club Holding Dance

The Center Club of the Grosse Pointe War Memorial which welcomes all the Pointe's young single adults in their twenties and thirties as well as their guests, is holding the last ballroom dancing party of the season for this group on Friday evening, May 23, which date is a postponement from their usual second Friday of the month schedule.

Since the dance is going to be so late in May the Center Clubbers are hoping that it will be a balmy night and that dancing may be on the lakeside terrace as well as indoors.

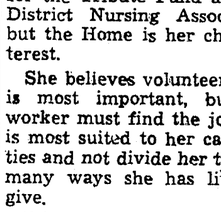

Roston Clark's orchestra will play throughout the evening.

Refreshments will be served on the pergola between the lake and the formal gardens, weather permitting, and the gardens will be floodlit for strolling.
