DIPLOMATIC SOURCES said Wednesday night they expect Secretary of State, John Foster Dulles, to announce he has received an urgent request for military help from Jordan. Meanwhile, the United States rushed 1,600 crack Army airborne troops from Germany to the Middle East trouble zone as a rebel leader in Lebanon reportedly vowed to fight to the end to drive out American Marines. Eventually about 11,000 troops are expected to be airlifted into the Middle East, according to unofficial reports.

THE KREMLIN Wednesday night urged the United States to pull its Marines out of Lebanon. It declared Russia reserved the right to act "to halt a dangerous situation near our border."

Moscow Radio reported Wednesday night that Russia will hold military maneuvers on the Iranian and Transcaucasian borders, commencing Friday.

The Soviet Government's views were given at a Foreign Ministry news conference. Going on simultaneously was a conference between Foreign Minister Andrei Gromyko and Adlai Stevenson.

FOUR MORE AMERICAN servicemen, scrubbed and clean-shaven this time, were flown back to freedom Wednesday after being held 20 days by Cuban rebels. They joined seven set free by the rebels Tuesday. Eighteen American Marines and sailors still were in rebel hands in their mountain stronghold 40 miles northwest of the southeast Cuban-American Naval Base at Guantanamo Bay. The rebels apparently intend to continue freeing their captives in small batches, and the process might take from four days to a week.

BRITAIN RUSHED 2,000 paratroopers to Jordan Thursday to help young King Hussein face up to new threats to his throne. The British thus joined the United States in a massive military buildup in the smoldering Middle East.

King Hussein asked for the British aid, charging President Gamal Abdel Nasser's United Arab Republic had plotted to overthrow him. He feared a pro-Nasser coup such as the one which killed his cousin, King Faisal II, of Iraq, Monday.

The United States swiftly proclaimed its support of the British landings in Jordan, but ruled out sending American troops to join them—at least for the time being.

THE BRUISED and beaten body of an 11-year-old boy, bound hand and foot, was found Thursday night in a pond near his Pittsfield Township, south of Ann Arbor.

The body was found by his father lying face up in the pond, about 200 yards from the family home. The boy was badly beaten, and his face severely cut.

Washtenaw County Sheriff's deputies are conducting an investigation to solve the mysterious surrounding the untimely, heinous crime.

AMERICAN MOTORS CORP. last week paid off the last of its bank loans. It also racked up record sales in the first 10 days of July. AMC dealers sold 5,111 Ramblers, more than three times the number sold in the same period last year. The company apparently will wind up its current fiscal year Sept. 30 with its most profitable record since 1953. The firm will shut down auto production for three weeks, starting Aug. 4, for changeover, vacations and inventory.

THE SOVIET GOVERNMENT warned the United States and Great Britain Friday night it will not remain indifferent to what it calls acts

## Open Bids For Woods Pump Station

Costs Will Not Increase  
Total Expenditure of  
Grosse-Gratiot Drain

The Wayne County Drain Commission opened bids for work on the proposed construction of the pumping station for the Grosse-Gratiot Drain, at the Marter road site, it was disclosed at the Woods meeting on Monday, July 21.

Larry Pate, of the firm of Pate and Hirm, city engineers, said that it will take about a week to tabulate the bids, which are for the construction of the pumping station, pumps, electrical work, and so on.

Won't Jump Cost  
It was pointed out that the bids will not add to the total

## Infant First Polio Victim

The first polio case of the 1958 season in this area was reported on July 21, according to Dr. Thomas S. Davies, commissioner of the Grosse Pointe-Gratiot Health District.

The patient is a one-year-old boy and a resident of Grosse Pointe Farms. He became ill on July 17 and was taken to Herman Kiefer Hospital, where tests revealed he had infantile paralysis.

The first polio cases last year were reported in mid-August.

## Two Firemen and Policeman Assist in Delivering Baby

Two Park firemen and a policeman assisted in the birth of a pre-mature baby, born to a Park couple on Monday, July 14.

The mother, Mrs. Roy Pfeiffer of 866 Nottingham, and the baby, a boy, weighing in at three pounds, were transported to Bon Secours Hospital. At the last report, the mother and child were doing fine.

At 11:10 a.m., the woman's husband called the police department and asked for emergency transportation to the hospital. His wife was about to have a baby, he said.

Patrolman George McDowell, and Firemen Philip Costa and James Palmer were dispatched to the Nottingham address.

When the three men arrived, they took care of the preliminary delivery of the baby, and

## Woods Street Improvement Program To Be Completed Soon: Repair Eight Miles

Two and a Quarter Miles to Be Finished by End of Month, Terminating Part of Campaign Started Back in 1955

The Woods has almost completed another phase of its six-year street improvement and maintenance program, now in its fourth year, and at no cost to the city taxpayers, the officials say. This year's project will cost approximately \$50,000.

Yet to be completed are portions of Torrey and North Oxford roads, with the work scheduled to be finished by the end of this month, according to City Administrator William Lange.

Under this year's program, the City Administrator said, two and a quarter miles of the city's streets will be completely asphalt resurfaced when the job is through.

Fix Nearly Eight Miles  
Nearly eight miles of the Woods' streets, badly in need of improvements and repairs, have been done since the city instituted the program in 1955, Mr. Lange said. There are 45 miles of streets in the city.

These are the streets worked on this summer: Prestwick road from Mack avenue to Eastborne road; Torrey road (when finished), from Mack to Holiday road; Fairholme road, from Mack to the Milk River; Kenmore drive, from Mack to the west city limits; Oxford road, from Mack to the west city limits; and North Oxford (when done), from Holiday road to Morningside road.

Grades Restored  
The asphalt resurfacing restores the drainage grade, and keeps rain water and moisture

out of the bases of the streets, besides restoring the original smooth riding quality of the roads.

The entire cost of this program is being paid by the Woods from funds received through the State Gas and Weight Tax. The work includes repairing of curbs and "mud jacking" where necessary.

The latter job is done by drilling a series of holes through the pavement, filling the voids under the pavement through these holes with "mud" which is a mixture of cement, loam soil and water and allowing this to harden. The concrete pavement becomes more uniformly supported and is less likely to settle and crack. After it has been resurfaced, the street, with little maintenance, will last for years.

No Fires Permitted  
Mr. Lange issued this warning to residents living along the streets already resurfaced, or those that will be in the future:

"The petroleum base in asphalt is easily ruined by fire," he pointed out, "therefore, no fires of any kind are permitted on resurfaced streets. A city ordinance permits residents to burn leaves on their own driveways."

Graduated the Regatta  
The queen of the Regatta and her court of six, chosen by the Grosse Pointe Farms life guards, will occupy the first boat in the Review Parade.

This year's queen is Judy Jablonski, and her court includes Patti Berard, Carol Messacar, Jean Rogge, Diane Shannon, Betty Sheehan and Jeanne Worley.

The guards selecting the girls were George Denison,

## Farms Boat Review Set For Sunday

Sixth Annual Event Being Held At Municipal Pier; To Dedicate Furton Plaque

The Sixth Annual Boat Regatta and Review of the City of Grosse Pointe Farms will be held this Sunday, July 27, at the Farms Pier, foot of Moross road, following dedication services at 1:30 p.m. of a plaque honoring the late Harry A. Furton, by local city officials and dignitaries from the Farms and surrounding communities.

Furton, as pioneer resident of the Farms who served for many years as clerk of the village and later city manager of Grosse Pointe Farms, was largely responsible for planning and developing the present fine facilities of the Farms Pier-Park as it is today.

For the third consecutive year, the Grosse Pointe Farms Boat Owners Club under the direction of Commodore Neil McEachin, will conduct the Regatta in cooperation with Park Director Ed Lauer, also a member of the club.

Will Award Prizes  
A review of decorated craft of all types will open the festivities, with prizes being awarded for originality of theme and decorating skill.

Following will be races for various classes of inboard and outboard boats, a synchronized swimming exhibition, a demonstration of Vic Verhaeghe's radio-controlled model tugboat in action and other events.

Prizes will be awarded at 7:30 p.m. to be followed by outdoor dancing until 11 p.m. A highlight of the day will be the appearance of "Soupy" Sales, famous T.V. comic, who will officiate as chief judge in the reviewing stand at the end of the pier. His appearance at the 1956 Regatta brought swarms of his youthful admirers to the Park and necessitated him being transported to the reviewing stand in a jeep. "Soupy" will be assisted in judging the event by other well known celebrities, local dignitaries and officials.

Judy Jablonski Queen  
The queen of the Regatta and her court of six, chosen by the Grosse Pointe Farms life guards, will occupy the first boat in the Review Parade.

This year's queen is Judy Jablonski, and her court includes Patti Berard, Carol Messacar, Jean Rogge, Diane Shannon, Betty Sheehan and Jeanne Worley.

## Woods to Purchase Radar Unit to Aid In Traffic Control

Equipment Costing \$1,907 Can Also Be Used to Obtain Data; Woods and Shores Continue Fight On Vernier Speed Hikes

The Woods council approved the purchase of a radar unit to be used in traffic control and surveys and other purposes that will augment traffic safety in the city.

The council accepted a recommendation made by City Administrator William Lange and Public Safety Director Vern C. Bailey on Monday, July 21, to buy the unit at a cost of \$1,907.

It was pointed out to the council that communities the size of the Woods are turning to radar as the best means of controlling traffic on city streets.

Will Supply Data

The unit can also be used in obtaining fairly accurate traffic speed data, such as was recently conducted by the Woods and Shores in checking speed on Vernier road.

Several weeks ago, the State Highway Department announced that the speed limits on Vernier road will be increased from the present 30 miles an hour, to 35 miles an hour from Lake Shore road to Mack avenue, and from the present 35 miles an hour to 40 miles an hour, from Mack to Harper avenue.

The Highway Department justified the increase, it claims, because according to a survey it made, the higher speed is necessary to expedite traffic on the road.

Residents Protest

Residents along Vernier attended meetings of their respective councils to protest the proposed speed change. The Shores and Woods share a common boundary line just about at Ballantyne road.

At a meeting between officials of the Woods, Shores and Harper Woods on June 9, it was proposed that the three communities conduct their own surveys along Vernier.

The Harper Woods officials said that the speed limit on Vernier, from Harper avenue to Kelly road, in their city, is presently 45 miles an hour, and the State is planning to cut this to 40 miles an hour. They did not want a survey.

Make Joint Survey  
Following the meeting last month, the Woods and Shores conducted an exhaustive two-

## Empties Coin Box in Church

The thief who broke into the basement of the St. Paul Evangelical Lutheran Church, Lothrop and Chalfonte, on Monday, July 14, took only small change from a coin box.

Farms police said that entrance was gained through the basement window of the church and that the burglar forced a box near a telephone and stole an unknown amount of change.

The crime was committed between 3 p.m. Saturday, July 12 and the time the theft was discovered.

## Coast Guard Rescues 6 Pointers From Lake

Coast guardsmen rescued six Pointe teenagers, after their boat sank in Lake St. Clair on Tuesday, July 22, about a mile off Lakeland avenue. The boys were in the water 90 minutes before they were pulled out.

Rescued were Donald Messing, 19, of 1426 Nottingham; Thomas Moran, 18, of 1329 Buckingham; Michael Huminski, 18, of 1232 Devonshire; Robert Yaklin, 19, of 669 Rivard boulevard; Paul Kasper, 18, of 1953 Clairview; and Robert Baker, 18, of 8 Fairlake lane.

The youths were aboard a 25-foot, 17-square-meter, auxiliary sloop, the "Merry Aye," and headed downstream, bound for Memorial Park Marina at the foot of Burns, Detroit, when a sharp wind, combined with the wake of a passing ship, capsized their craft.

In a matter of seconds, the boat sank. The boys clung to a seven-foot portion of the broken mast of the sloop that protruded from the water. All six shouted for help.

The cries of the youths were heard by a passing freighter, the "Richard Rice," which notified the Coast Guard at Belle Isle.

A 40-foot rescue boat was ordered out for a search by Chief Boatswain's Mate George Stickles, and at 12:15

## Revisions Ordered on Original Plan

Councilmen Allen and Kenower to Work Out Details With Merchants

Approval in principle was granted by the council of the City of Grosse Pointe Monday night to a proposal to convert city-owned parking lots 3 and 4 in "The Village" shopping district into attendant areas.

This proposal was first discussed, publicly, at the May 19 Council meeting. It was followed up with a public hearing the following week, May 26, and another June 16 at the Neighborhood Club.

In essence, Nathan Rosenfeld, (who is president of Jacobson Stores Inc.), proposes to convert lots No. 3 and No. 4 (behind Himmelhoch's and behind Hickey's) into attendant parking areas, similar in operation to the present lot (No. 5) behind Jacobson's. Village merchants, if the plan is accepted, would have the option to validate parking tickets for their customers.

First Plan Altered

Mr. Rosenfeld has altered his original plan, somewhat, by increasing the number of parking spaces in lot No. 4 from 148 to 166, and expanding the driveway from 20 feet to 25 feet. Mayor Fred Parker moved that the Council accept the proposal in principle, for attendant parking in lots 3, 4 and 5—basing his motion on the necessity for a revision in the contract and the Council's ability to comply with all the provisions.

The Council passed the motion and voted to appoint Councilmen Allen and Kenower, parking specialists, to work out the details of the plan with Mr. Rosenfeld.

To Pay for Teletype

The Council also voted to approve a \$50-per-month contract with the Wayne County Police Teletype Network System. Heretofore, the City has paid nothing for the teletype service, but a recent survey revealed it costs the City of Detroit \$55,000 per annum to operate the extensive network. Hence, they are asking all member stations to contribute \$50 a month for their proposed expansion of the existing facilities. The annual income from all the member stations only amounts to \$16,000, a meager portion of the operating expenses.

The Council went on record as having no objection to the acquisition, by Mrs. Harold R. Boyer of the State-owned lake bottom lands in front of their 17700 East Jefferson avenue property.

Approve Fisher Project

The Council's last official action was acceptance of the Cook Construction Company's \$13,254.75 bid to resurface Fisher road, between Kercheval and Maumee avenue. The Farms will split the cost, with the City, and the work is expected to begin almost immediately, so as to be completed by the time school commences, in early September.

## Woman, Baby Injured in Fall

A woman and a baby were injured in a fall from the viewing dock at the Farms Pier-Park on Tuesday, July 15.

Mrs. Ila Kenny, 48, of Racine, Wisconsin, fell from the dock with Peggy Jensen, 2, daughter of Mr. and Mrs. Carl Jensen, also of Racine. All are guests of Mrs. Fran Beaupre of 340 Kerby road.

A police report revealed that Mrs. Kenny was carrying Peggy in her arms when she fell.

The woman suffered injuries to her left arm and both knees; the child suffered possible head injuries. Both were taken to Cottage Hospital by police, and held for observation. They were released after treatment.

Woods City Administrator William Lange said that today, July 24, bids will be opened in the City-Council Building for the sale of the drain bonds. As quickly as the bonds are sold and the money is banked, he said, then the Commission and contractors can complete the contract and the work on the drain will be started, he said.

### G.P.U.S. News Notes

Philip P. Perkins, Director of the Grosse Pointe University School summer session, has announced an enrollment of 62 students. This number represents a doubling of the enrollment four years ago.

Students attending range from the third grade through the senior year of high school. There is a faculty of nine, and class sizes go from one single student to six. This ideal situation makes it possible for the instructors to give maximum attention to the individual needs of students and not be bound by a confining syllabus of requirements which might

be used for a much larger group.

Except for the children in the earlier, elementary years (and THEY, too, eventually!) all students are doing college preparatory work, with additional work possible in typing and driver training. Many are taking new courses to strengthen for the work of the year ahead.

Students include not only regular G.P.U.S. pupils but others from local high schools and Eastern boarding schools. The summer school is of seven weeks duration and meets six days a week.

### Radar Unit

(Continued from Page 1)  
week speed survey of the road in their respective section. It was found that the average speed on the road was about 35 miles an hour, and not the faster rate claimed by the Highway Department.

Director Bailey said that throughout the speed check, an electric speed timer was used, except for one day, when a radar unit was borrowed from the Shores. The check was made every day of the two weeks from 8 a.m. to 10 p.m., he said, and with both the electrical and radar timers, the average speed showed the same, 35 miles an hour.

To Ask for Meeting  
The Woods council authorized Mr. Lange and Director Bailey to ask for a meeting with the representatives of the Highway Department, to present evidence of the local survey, in an effort to have the State retain the present speeds on Vernier.

Vernier is a state road. The state's authority supersedes that of towns, cities and villages, in controlling speed limits on state roads running through local communities.

## She Can't Miss Picking Winner

CHARMER KATHY HANNON reaches her four-year-old, not-so-very-long arm down to the bottom of the barrel which Grosse Pointe City Clerk NORBERT P. NEFF obligingly holds for her. She came up with a winning ticket stub for Eileen McKeever, of 11551 Duchess, in Detroit. The drawing marked the conclusion of the highly successful "America On Wheels"

automotive show. Local dealers had on exhibit various 1958 station wagon models, in "The Village", throughout the show—the culmination of which was the grand prize drawing held last Saturday, July 19. Miss McKeever was given the complete camping equipment, and accessories which were part of the nine-day exhibit.

## Shores Traffic Violators Pay

Shores Judge John Gillis on Monday, July 14, found Eddie J. Gaudy of 4195 Cadillac, Detroit, guilty of not having his car under control and causing an accident in front of 619 Lake Shore. Gaudy was ordered to pay a

fine and court costs of \$28, and was placed on six months probation, during which he must attend one session of driver's school.

Robert L. Harris of 3483 Riopelle, Detroit, was found guilty of speeding on Lake Shore and paid a fine of \$17.

Court costs of \$7.50 were levied against Thomas R. Jennings of 4170 Harvard, Detroit, who was found guilty of failing to drive to the right and impeding traffic on Lake Shore.

Homer W. Bond of 28845 Victor, Roseville, paid a fine and costs of \$17.50, after he was found guilty of speeding on Lake Shore.

Eight other traffic violators, scheduled to appear before Judge Gillis on Monday, failed to show up and warrants were signed for their arrests. Their names and offenses are:

John H. Howard of 14050 Twenty-one Mile road, Utica, speeding on Lake Shore and no tail light on his car; James H. Matthew of 659 Philip, Detroit, speeding on Vernier road and driving with an expired driver's license; Donald C. Warren of 23039 Gay lane, St. Clair Shores, speeding on Lake Shore; David P. Terry of 20793 Mendota, Ferndale, speeding on Lake Shore.

Walter M. Parenteau of 27087 Maywood, Roseville, speeding on Lake Shore and driving with an expired license; Leroy Davenport of 6418 Vinewood, Detroit, speeding on Vernier; Jimmy L. Lester of 5678 Linwood, Detroit, speeding on Lake Shore; Theophilus A. Dekeyser of 22512 Twelve Mile road, St. Clair Shores, speeding on Lake Shore.

## HUBCAPS STOLEN

Albert Rawlins of 939 Rosyn road, complained to Woods police on Friday, July 18, that while his car was parked in front of his home, someone stole two hubcaps.

## Jumps Signal; Causes Crash

A three-car accident occurred about 6 o'clock Sunday evening, July 20, at the corner of Jefferson and Fisher. John Pemberthy, of 8900 East Jefferson avenue, had stopped for the red light at that intersection and, over-anxious, he anticipated the signal's change, slamming into the car in front of him — which, in turn, smashed into the vehicle ahead of it.

Drivers of the other two cars were Frank Baca, of 11299 Hudson in Detroit, and William Carney, of 18191 Marx,

also in Detroit. All automobiles were able to move under their own power, damage being minor in each case, and Pemberthy was ticketed for not having his car under control.

## Who's Kidding Whom?

We note in a news story in this issue that the Woods city officials are enthusiastic over the fact that they are nearing the completion of an extensive street repair program. "At no expense to the city taxpayers."

That's a pretty naive statement and not a little bit insulting to the intelligence of the man in the street. The story goes on to explain that the repairs have been financed by receipts from the state in the form of refunds of a portion of the gasoline, and weights and measures taxes. No special tax levies were made by the City of Grosse Pointe Woods to pay for these repairs.

But who is kidding whom about there being no cost to the taxpayers of the Woods? Every person who bought a gallon of gasoline has made a personal contribution to the cost of the street repairs, both here and in every other section of the state. That's one of the main reasons gasoline is so expensive. The portion of the receipts from this tax which the state divides between the cities, counties and villages and townships, is based on the population of each. The balance of the tax goes to the state highway department and helps create the great state road system and keep it in repair. But it all comes out of the pockets of the taxpayers. No government can give anything away until after it has made this primary extraction.

We're very happy that the Woods has completed this phase of its street repair program. Many of the streets should have been fixed long before this. Hampton road, among others, was in a deplorable state for far too long.

One delay, and an expensive one, came through one of those unforeseen boomerangs that sometimes occur. The Woods had advertised for asphalt covering for a portion of the program, and only one bid had been received when the time came to start the job. The council voted that it be rejected and new advertisements run to attract more bids. When the chips were down, there were additional bids, but the original low bidder had raised his price by \$3,000. However, he was still the low man and got the contract for \$3,000 more than he had bid in the first place.

This just might be cited as one refutation of the claim that the Woods has had its street repairs done "at no cost to the taxpayers." How silly can we be?

## A Justifiable Complaint

An injustice that should be corrected was brought to our attention this week when we were called upon by Mr. Lawrence K. Butler, of 401 Lincoln road. Mr. Butler was involved in a traffic accident on June 28 last and feels that the official records on the case cast an unfair reflection on his part in the tangle.

According to the Farms police report on the mishap, Mr. Butler, with his wife and a friend as passengers, was driving west on Kercheval, crossing Moross with the green light, when his car was struck by one driven by Joan Wallace of 207 Washington road, going north on Moross. Miss Wallace, according to the report and by her own admission, did not see the red light, and accepted blame for the accident. Fortunately no one was injured, but considerable damage resulted.

Mr. Butler estimated it was several minutes before a police officer arrived on the scene. In the meantime a man driving behind Mr. Butler offered himself as a witness, saying he was fortunate he was not the one hit. The policeman gave both drivers tickets. Miss Wallace for going through a red light, and Mr. Butler for not having his car under control. That is the part to which Mr. Butler strongly objects, insisting there is absolutely no evidence that his car was not under control. He was exonerated by the offending driver, the witness, and his passengers.

When the case was heard in Farms court, the police officer did not appear and Justice of the Peace Grant Armstrong dismissed the case. When Mr. Butler expressed concern over the fact that the record still indicated he was a driver who had let his car get out of control, and would like to have this blemish removed from his record, he was told that he shouldn't worry about that, as the case had been dismissed and nothing was to be done about it.

We think Mr. Butler has a justifiable complaint. Every driver is, or should be, proud of a good record. Great care should be exerted by the police in the writing up of a ticket in such a case, especially if it is difficult to get a mis-charge erased. These records are picked up by the papers, and once publicized, they can cause unearned embarrassment to an innocent person. It would appear in this case that the victim of the accident should have been issued a witness ticket, not one branding him as a driver whose car was out of control.

## Letters to the Editor

To the Editor:—

July 14, 1958  
Today I was parked in the lot at Mack and Seven Mile road when the rainstorm hit. I had not prepared for rain, and had left my car windows open. "What a mess that will be!" I thought to myself.

Lo, and behold! when I came out after the storm had subsided, there was my car with all the windows closed. That's the kind of neighbors we have here; and I truly wish that the person who did me this favor would read these words of thanks. Much obliged; that deed was very nice, and it was truly appreciated.

DK-3208 is all the better for your thoughtfulness.

Sincerely,  
Mrs. Philip J. Laux,

I wonder how many parents of students at Maize School know what a wonderful playground the students enjoy?

There is more dust, more pieces of glass, more holes and more bottle caps than any other playground in the area. Being right in the middle of a business district helps too. F. A. HARTWIG,

## Maben Directing MSU Institute

A former Grosse Pointe resident is playing a major role at the second annual summer Institute for High School Science and Mathematics Teachers at Michigan State University June 23-Aug. 1.

Jerrold W. Maben, resident staff member of the M. S. U. College of Education at Traverse City, is serving as co-director of this intensive six-week program. He is working with Dr. Frederic B. Dutton, director of the M. S. U. Science and Mathematics Teaching Center.

The summer program is designed to assist high school teachers in their role in developing our scientific manpower potential and in maintaining our nation's scientific and technical leadership, according to Mr. Maben.

"The Institute provides opportunities for science teachers to attend courses in the subject matter of science and

mathematics especially designed for him conducted by faculty members noted for competence in their fields and for skill in presentation," he adds.

Courses in mathematics, chemistry and physics include concepts in geometry and calculus, computer coding, advanced inorganic chemistry, chemical spectroscopy, electronics and introduction to radioactivity.

A native of Detroit, Mr. Maben received his B.A., B.S. and M. ED. degrees at Wayne State University in 1950, 1951 and 1954 respectively. Prior to his arrival at M. S. U. in 1956, Mr. Maben was a teacher at the Pere Gabriel, Richard School, Grosse Pointe, and a 1946 graduate of Grosse Pointe High School.

His parents still reside at 1800 Hampton road. Mrs. Maben is the former Dorothy Higbee, daughter of Mrs. Lillian Higbee and the late Dr. Higbee, of 1796 Anita avenue.

## What Goes On at Your Library

By Jean Taylor

W. J. KIMBROUGH,  
Guest Columnist

Through the interest and generosity of two of our favorite local organizations, The Friends of the Grosse Pointe Public Library and the Grosse Pointe Motion Picture and Television Council, our film collection is now richer by four fine, new films.

Following previously established patterns, both organizations donated money which was intended for the purchase of 16 mm sound films. The four newly acquired titles are JOURNEY IN FRANCE, MIKE MULLIGAN AND HIS STEAM SHOVEL, THE RED CARPET, and STONE SOUP.

The Grosse Pointe Public Library's film collection is growing ever more popular with local residents, especially in the areas of juvenile and family viewing. It was with this in mind that the particular four films were selected.

JOURNEY IN FRANCE, a 16-minute color film, tells of two French children who see their country with a barge family traveling from Marseille to Strasbourg. The barge travels through the canals and the Rhone, Soane, and Daub Rivers, passing farmlands, vineyards, and historic buildings and ruins. Adults will enjoy the film because of the excellence of the photography and the beauty of the French countryside. JOURNEY IN FRANCE is especially recommended for family viewing.

Patrons and film users who have delighted at MAKE WAY FOR DUCKLINGS, THE STORY ABOUT PING, and MADELINE will be glad to learn that the other three films are also taken directly from children's story books and filmed by the same group who made DUCKLINGS and PING—The Western Woods Studios of Weston, Connecticut.

Using illustrations from the book of the same title by

Marcia Brown, STONE SOUP tells the story of three hungry soldiers who are unable to persuade the townspeople to share food with them. They trick the people by brewing a large kettle of stone soup in the village square to which the villagers contribute their beef and vegetables and all sit down to a banquet. The story is based on an old French folk tale. The film runs 11 minutes and is in color.

THE RED CARPET is taken from the story by Rex Parkin and tells the story of the red carpet brought out of storage to receive the visiting Duke of Sylvania. The carpet unrolls at a speed and to an extent that throws the town into a turmoil. A squad of motorcycle police pursue the carpet so that when it arrives at the ferry there is an impressive array to greet the Duke, who is delighted with the ovation. The film, which is in color, runs nine minutes.

The illustrations from Virginia Lee Burton's book, MIKE MULLIGAN AND HIS STEAM SHOVEL, are used to tell the story of the old shovel that digs the foundation cellar for the new town hall. Unable to get out of the excavation, he is converted into a steam heating boiler for the new structure. Children, whose imaginations have a good deal of elasticity, find this a perfect solution to a troublesome problem. This color film runs eleven minutes.

We would like to publicly thank the Friends of the Grosse Pointe Public Library and the Grosse Pointe Motion Picture and Television Council for these welcome additions to our collection, which may be borrowed free of charge by local residents for a one-day period. For any film requests or reservations, call the Film Counselor at the Central Library, TU 4-2200.

## Hardship Pleas Granted by City

At Monday night's Grosse Pointe Council meeting, which began with a public hearing at 7:30 p.m. two hardship requests were granted.

First to be heard was Richard M. Kimbrough, building contractor, of 17850 Maumee avenue. He asked for relief from the zoning restrictions as they apply to the erection of two houses on Lot 4, situated on the westerly side of Fisher road, between Jefferson and Maumee avenue. The zoning ordinance for that specific block requires that the houses have two stories, and that the second floor area be not less than three-fourths the area of the first floor—which must have a minimum of 1000 square feet.

Mr. Kimbrough's houses meet the footage requirements, but fail to meet the distribution requirements. The Council, in consideration of the special character of Fisher road and the unique needs of the prospective home owners, (Lane Donovan and Howard N.

Girardin) unanimously agreed to waive the zoning restrictions.

The second hardship plea came from Lawrence Rudy, of 16326 St. Paul avenue. Mr. Rudy asked for relief from a restriction in the City zoning regulations which, if adhered to, would prevent the erection of a rear porch addition to his terrace home.

The proposed addition is 11½ feet within the restricted area. Members of the Council voted to grant Mr. Rudy's special request, inasmuch as there was no objection on the part of any of his neighbors.

## Big Water Show At Metro Beach

National champion water ski jumpers, kite riders and other trick performers will put on two free shows at 11 a.m. and 3 p.m. Sunday at Metropolitan Beach on Lake St. Clair. Headliners are No-reen Bardill of Ft. Lauderdale, Florida, and Joe Grimaldi, head of the Metro Beach Ski School, who won the National Mixed Doubles title together last year and various other titles for their tandem jump on one pair of skis.

Precision ski ballet by six "Aqua Maids," barefoot skiing, jitterboard riding, disc riding, single-ski tricks, slalom numbers and human tri-pod and other formations are on the program.

Fifteen are in the groups assembled by Grimaldi, many of them familiar here from previous Metro Beach shows.

This will be the first Michigan appearance together by Grimaldi and Miss Bardill. In addition to the mixed doubles titles, Miss Bardill is Florida State Water Ski Champion, Midwest Western Champion, Women's National Jumping Champion and holder of numerous other crowns.

The Aqua Maids, performing singly and as a group, include: Miss Bardill, Sandy Swaneey Leckleider of Detroit; Laurie Ann Fohl Feely of Grand Rapids; Janet Grandel, Illinois State Champion from Chicago; Connie Chapman of East Lansing; and Harriet Arnold of New Baltimore, ski instructor at the beach.

In the male cast are James Hubbard, Cypress Gardens performer of Miami; Ralph Grandel, Midwestern Jumping Champion of Chicago; Ralph White, Florida State Champion of St. Petersburg; Jerry Chapman, beach water ski instructor of Grand Rapids; Dick Charles, Kentucky State Slalom Champion of Henderson, Ky.; Ed Meyers, bar stunt man of Evansville, Indiana; and Henry Brenkus, Harper Woods, beach ski instructor.

The kite flying number, in which the skier takes off at upward of 35 miles an hour

and soars into the air up to 80 feet on a 14 by 14 foot kite is expected to be the hit of the show. Always thrilling are the jumps where skiers race over a six foot ramp to sail 125 feet before hitting water again.

Matinee dancing from 2 to 5 p.m. to the music of Don Pablo's orchestra is scheduled for Sunday, July 27, in the open air pavilion at Metropolitan Beach. Pablo also plays for dancing each Saturday night from 9 to 12:30 a.m. All dances are free.

There is a parking charge of 50 cents a car at the 550-acre beach park.

## How about one of those Wonder Drugs?

By Fred Kopp, R. Ph.

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin fixed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when potent medication is required.

## How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

## Driver Reports Egg on Target

Shades of vaudeville days... Mrs. Ralph A. Dewey, of 607 Lakeland avenue, reported to Grosse Pointe City police on Monday, July 14, that while driving west on Charlevoix, about the corner of Lorraine avenue, a young boy hurled a raw egg at her car.

Right on target, the messy missile caused a near accident. Mrs. Dewey described the lad with the warped sense of humor as being about 12 years of age, dressed in a blue shirt and jeans. Police were unable to locate anyone answering the description in the given vicinity.

## Cadet Andrew H. Barr Trains at Fort Sill

FORT SILL, Okla. — Cadet Andrew H. Barr of Princeton University, son of Mr. and Mrs. Andrew Barr of 125 Merriweather road, Grosse Pointe, Mich., has completed his third week of intense field training at the 1958 ROTC Artillery Summer Camp being held at Fort Sill, Okla.

"Firepower" was the by word during this week of training. His unit was in the field practicing displacement of artillery units under combat conditions. He learned to protect his unit from hostile observation and fire by "digging in" and camouflaging the battery.

Finally during practical exercises where the cadet lives in the field, he actually carried out the duties of the artilleryman in locating targets, computing data, setting the data on the weapon, then loading and firing the weapon.

MR. MARX is a candidate for Representative in our State Legislature.

HIS PROGRAM, in entering the lists against Robert Waldron who is intimately identified with Richard Durant factionalism, is to give positive, unified leadership to the Republican Party in our Community.

He is independent of special interests, and he is neither paid by nor subservient to any self-seeking minority.

HIS RECORD grows out of a deep interest in public service, early instilled by his father, the late Mayor Oscar Marx of Detroit, and he is noted for his work in the field of better education.

He has served as President of the Grosse Pointe Parent-Teacher Council, President of the Pierce School PTA and was a delegate to the Michigan session of President Eisenhower's White House Conference on Education.

A life-long resident of the East Side, MR. MARX is a businessman, concerned with the problems of businessmen.

He is a graduate of Princeton, is married and the father of four children.

We urge you — for responsible representation of your best interests— VOTE FOR OSCAR B. MARX, JR. in the Primary Election August 5th.

## New State Law Will Take Licenses from Bad Drivers

Michigan motorists can lose their driving privileges through the accumulation of 12 points for bad driving within a period of two years, according to recently enacted State Law.

Previously, three serious violations within a one-year period was sufficient to cause a person's license to be revoked. If there were only two violations within a year, the driver started with a clean slate the following year.

The new law, which actually takes effect on September 13, is being enforced now, by the Secretary of State's Office in Lansing. It is designed to put more teeth into traffic law enforcement and keeping bad drivers off the road.

A booklet sent to all law enforcement agencies throughout Michigan outlined the point system, whereby the driver, if he is not careful, will have his license taken away. This is the law, taken verbatim from the booklet:

Act 180, P. A. 1958, Amendment of Section 320 addition of new Section 320a to Act 300 P. A. 1949.

Section 320 is being amended to provide that the commissioner (director of motor vehicle services in the Secretary of State Department) may after re-examination, recommend to the Department the suspension, or revocation of the license of a person who has charged against him within a period of two years, a total of 12 or more points, as provided in new Section 320a.

New Section 320a creates a point system to be used for the purpose of determining the record of a motorist, according to the following formula:

- (a) Manslaughter, negligible homicide, or felony, resulting from operation of a motor vehicle—six points.
- (b) Operation of a motor vehicle while under the influence of intoxicating liquors, or drugs—six points.
- (c) Failing to stop and disclose identity at the scene of an accident when required by law—six points.
- (d) Reckless operation in violation of Section 626 of the act as amended, or similar violation under the laws of any other state, or municipality, without the State of Michigan—six points.
- (e) Violation of any law or ordinance pertaining to speed by exceeding the lawful maximum by 15 miles per hour or more—four points.
- (f) Violation of any law or ordinance pertaining to speed by exceeding the lawful maximum by less than 15 miles per hour—three points.
- (g) Disobeying a traffic signal, stop sign, or improper passing—three points.
- (h) All other moving violations pertaining to the operation of motor vehicles reported in this Section.

No points shall be entered for bond forfeitures outside the State.

If a person has accumulated nine points, the director may call said person in for an interview as to his driving ability and record, after due notice as to the time and place of the interview. If a person fails to appear, the director shall add three points to his record.

## Good Drivers Get Tickets

Two Detroit police officers are cruising the street of Detroit on the lookout to give drivers tickets.

But they aren't the usual kind of tickets given to drivers for their traffic misdeeds. These are tickets given to drivers for their traffic good deeds and the tickets may qualify drivers to win the title of "Detroit's Good Driver for 1958."

Patrolman Alan Eichman, safety officer in the Central Precinct, and Patrolman Stanley Schroeder, safety officer in the Chene Precinct, are conducting the search as a part of the Good Driver Recognition program spearheaded by the Detroit Police Department and the Traffic Safety Association.

"There were more than 800,000 accident-free drivers in Detroit in 1957, who helped our city win the top traffic safety award in the country," said Donald Slutz, managing director of the Traffic Safety Association. "This Good Driver Recognition program is a way of commending those good drivers who maintained accident-free records and of encouraging safe driving practices among all motorists."

The records of approximately 30 candidates will be submitted to members of the Detroit Traffic Co-ordinating Committee, the overall sponsoring group. The Committee will select five finalists, who will compete in a road test on the streets and expressways of Detroit, given by a driver education instructor of Michigan State University.

The driver who scores the highest grade will receive a \$100 U. S. Government bond. A \$50 bond will go to the runnerup and three \$25 bonds to the other finalists. These awards are being made through the co-operation of the Acme Camera Exchange, Inc. In addition, all drivers stopped by the two officers will receive tickets for two free car washes through the co-operation of the Detroit Auto Wash Association.

## Police Seeking Hit-Run Driver

Granted, it was a minor hit-and-run offense—but it's the principle involved that turned Mrs. Marjorie Webster, of 15439 Windmill Pointe drive, sufficiently to inform City police of the incident.

On Monday, July 14, while stopped at Fisher and Jefferson avenue, for the red light at that corner, her car was hit from the rear by a blue Buick. The guilty driver sped away before Mrs. Webster could take down his license number. An investigation is pending.

Support an excellent record. Re-elect Bob Waldron, State Representative, Grosse Pointe and Harper Woods. Vote for Bob, August 5. Adv.

## Police Put Out Fire in Shores

A fire that started in the kitchen of the home of Mr. and Mrs. James A. Lafer, 53 Oxford road on Thursday, July 17, was put out by Shores police before it got out of hand.

Police Chief Fred Duemling said that the fire was started when an overheated deepfryer burst into flames, igniting a cupboard over the stove. The flames were put out by police with a hand fire extinguisher.

The only thing destroyed was the cupboard, the chief said, but there was extensive smoke damage to the kitchen, a breakfast nook in the kitchen and the rear hall way.

## Would Inspect All City Homes

Grosse Pointe City Councilman David E. Burgess, chairman of the City's Public Safety Commission, announces that the commission is contemplating a home inspection program, in the interest of public safety. If adopted, the project would get underway within the next few months.

The fire prevention plan would cover all City residents, by mail, giving them the option to have their homes inspected by members of the Fire Department and the Fire Marshal, George Coriden, who would, in turn, suggest ways and means of preventing home fires.

## Firemen Douse Blaze in Boat

While the owner sat peacefully unaware on his front porch, a neighbor turned in the fire alarm at the corner of St. Paul and St. Clair, summoning both City trucks to the home of Charles DeHooze, 584 St. Clair avenue.

Not only was Mr. DeHooze's boat aflame (the seat cushions had started the blaze), but the fire had spread to the lean-to shed in which it was kept.

The extensive smoke was what alerted the good neighbor, and aided by a booster line, City firefighters had 'he trouble under control in short order.

## BEER TRUCK ROBBED

Proprietors of the Alger Beer Store, at 17320 Mack avenue, reported to City police on Sunday, July 20, that two tires, one blackwall and one whitewall, a bumper jack and a hubcap were stolen from the store's delivery truck sometime between 11 p.m. Saturday, and 11 Sunday

### Police Arrest Young Thieves

Park police filed charges against four 15-year-old Detroit boys on Monday, July 21, all of whom are implicated in the theft of a motor scooter.

The juveniles are accused of stealing a scooter belonging to John Potter, 24, of 214 Cloverly, who reported the theft of the two-wheeler from the rear of 15318 Mack avenue, on Thursday, July 17.

The day after the theft was disclosed, Park Police Cpl. Charles French, in running down leads, arrested two of the boys involved, and the others were taken into custody when the two talked.

The boys told police that they stole the scooter to strip it of items for their own motorbikes. The stolen scooter was found by police at Maryland and Harper, where the youths had ditched it. It was still intact.

Park Police Chief Arthur Louwers said that charges have been filed with juvenile authorities, and that the boys were released to their parents until the case is heard in court. A trial date is pending.

Optimism is only half the battle—it must be accompanied by a disposition to work.

## Mail Handling Changes Adopted by Post Office

Postmaster Edward L.  
Baker wishes to call to the at-  
tention of all mailers, some re-  
cent changes adopted by the  
Post Office Department in  
mail handling procedures.

(1) Effective July 1, 1958,  
the present restrictive size and  
weight limitations on air par-  
cels addressed to overseas Mil-  
itary Post Offices will be lib-  
eralized. Thereafter, such par-

cels may weigh up to 70  
pounds and measure not to ex-  
ceed 100 inches in length and  
girth combined in most in-  
stances.

(2) Effective July 1, 1958,  
all unpaid or insufficiently pre-  
paid mail will be rated for the  
amount of deficient postage  
plus a new short paid charge  
of 5 cents and dispatched for  
delivery. This will eliminate

delay in that unpaid or short  
paid mail will not be returned

## Cleveland Indians Winners Of Little League Crown

The Woods-Shores Little League American League champions for 1958 were determined earlier this week when the Cleveland Indians defeated the Kansas City Athletics 3-0 in a closely contested thriller. The stands at Ghesquiere Park No. 1 were packed with rooters as these two excellently coached teams played outstanding baseball.

Cleveland, winner of the second half of regular play, scored all of its runs in the sixth inning off losing pitcher John Gilmour who had twice defeated Cleveland in earlier games. Danny Paull pitched a three-hitter for the winners, walking seven and striking out eight Athletics. Gilmour also limited the opposition to three hits while walking four and striking out seven. The Athletics were winners of the first half of league play.

The A's threatened to score several times with two runners being thrown out at home on close plays. A perfect, rifle-like throw from the flagpole by Indian centerfielder John Knoch to catcher Jackie Tamblin standing on home plate, keeping runners from advancing, was typical of the many thrilling plays made by both sides during the game. The Indians bunched a walk, a sacrifice, a fielder's choice, a push-bunt single, an error, and another infield hit to score their runs in the top of

the sixth. In the bottom of the sixth the A's got two runners aboard but Indian pitcher Paull struck out one batter and got airtight support from his fielders to retire the side and preserve his victory.

The National League playoff Monday night resulted in a 5-5 tie between the Cubs and the Giants. Each team led at one time or another during the game but were tied up at the end of six innings and were unable to reach a decision at the end of seven when the game was called on account of darkness.

These two teams were to meet again Wednesday to replay the game and to establish a champion. The winner will meet Cleveland Friday July 25 at Ghesquiere Park to determine the champion of the Woods-Shores Little League. The winner of Friday's game will then compete in a tournament against the champions of the Farms, City, and Park beginning July 28.

## Little League Baseball

### PARK

The Orioles and the Giants, champions in their respective leagues, this week were locked in a three-game series in the grand finale to the fifth season of Grosse Pointe Park Little League baseball.

The winner of two of the three games on Monday, July 21, Wednesday, July 23, and Friday, July 25, will face the champion from the City's league on Tuesday, July 29, in the single game semi-final round for the championship of Grosse Pointe.

The National League race went right down to the last day of play before the Giants, leaders in this circuit since the second week of play, were able to wrap up the pennant.

The second place Pirates forced the Giants to win their last two games to avoid a tie by hanging a 15 to 2 loss on the champions, and then going on to defeat the Red Legs 30 to 5 and the Cardinals 11 to 7. The Giants countered with a 7 to 0 victory over the Braves, in which the decisive blow was a three-run homer by pitcher Durward Decavitte, and a 13 to 3 win over the Cardinals, in which Richard Van Horn, Giant pitcher, held the Cardinals hitless.

A second no-hitter was hurled by Pete Short, the Braves' left hander, who bested the Red Legs in a 10 to 0 game.

Besides Decavitte's home run against the Braves, Paul Beauregard, of the Pirates, and Ricky Locke, of the Dodgers, also contributed four-base wallop in National League play.

The Orioles snuffed out the Athletics' last hope for the American League title early in the week when Mitchell Simon hurled them to a 4 to 3 victory over the Senators.

The champions, who had held first position since displacing the Athletics in the third week of the season, finally won by two full games.

The Athletics, in a final bid for top honors, swept their three games in the last week, defeating the Indians, 8 to 1, the White Sox, 3 to 0, and the Athletics, 12 to 2.

Besides hurling a one-hit shutout against the White Sox, Tommy Thompson, of the Athletics, hit a home run in each of the three games, marking the second consecutive week in which he slugged out three homers and boosted his total for the season to 11.

A see-saw battle between the Senators and the White Sox for third place was finally won by the former when they were able to beat the fifth place Indians and the White Sox weren't.

The Indians trimmed the White Sox, 10 to 6, but two days later the Senators came from behind to defeat the Indians, 10 to 9.

The Indians had gone ahead on Tony Cimino's first home run. In the last of the sixth, however, Art Mossner, Senators' first baseman, tied the score with his two-run homer to set the stage for the victory in the first extra inning.

It was Mossner's second

### From Another Pointe of View

By Patricia Talbot

Faithful Tiger fans Mr. and Mrs. Henry S. Reynolds are more thrilled than most by pitcher Jim Bunning's no-hit game against the Boston Red Sox last Sunday and only wish they could have been in a box seat cheering.

Following the Tigers is their idea of the best vacation so when the Detroit team takes off next month after a long home stand the Reynolds will be traveling in their wake.

They hope to see several games in New York where they will also visit former Pointers, the James Finkenshaeds, of Bedford Village, N.Y., before going on to Boston to catch a few games there.

Mr. Reynolds has been managing a Little League team here on the home scene while son Charlie has been at Camp Kenwood. The Reynoldses picked him up last week-end just in time for his grandparents, Dr. and Mrs. Richard M. McKean, who have been vacationing on the West Coast, to give him a big welcome home.

### Visitors Are Honored

Another big welcome was delivered last week to returning career girl, Mary McKean, who has been working for a lawyers' firm in Denver, Colo.

Her parents, the Robert McKean, of Ridge road, gave a cocktail party Sunday for their daughter and on Saturday night she was guest of honor at a dinner given by Mr. and Mrs. William Dahling.

A bon voyage dinner was tendered Saturday night to Dr. and Mrs. Edwin Knights by the Allen Lomaxes, of (Continued on Page 15)

### Lois Ann Murphy Weds Mr. MacLaren

Pair Speak Vows Saturday in SS Peter and Paul Jesuit Church with Reception Following at Grosse Pointe Yacht Club; Honeymoon in Montreal

Lois Ann Murphy, daughter of Mrs. Reginald T. Murphy, of Balfour road, was married Saturday in SS Peter and Paul Church to Donald Ray MacLaren.

For the rites the bride chose an ivory silk taffeta gown fashioned with a bateau neckline applied with garlands of hand run Alencon lace. A bow accented the molded bodice and the dome shaped skirt had a bias fold of matching lace ending in a court train.

Her veil was a mantilla of heirloom Brussels lace and she carried a lace handkerchief made from her mother's wedding gown. With her heirloom prayer book she carried white gardenias and ivy.

Mrs. Paul L. Greer, the bride's sister, of Grand Rapids, was her matron of honor.

The bridesmaids wore white organdy over pink taffeta. The frocks had domed shaped skirts and molded bodices trimmed with Swiss embroidered daisies and burgundy grosgrain ribbon. Their matching horsehair hats were in white with burgundy straw braid accents and they carried American Beauty roses, shattered carnations and ivy.

The attendants included another sister of the bride, Mrs. Carl E. Sisk, of Valhalla, N.Y.; Janet Ann Jewell, of New York; Patricia F. Mooney, Mrs. William A. Fisher II and Mrs. William J. Kirchner, of Grand Rapids.

The bridegroom, son of Captain and Mrs. Charles E. Butler, of Frankfort, Mich., asked Harold F. Connell to be his best man.

In the usher corps were Paul L. Greer, of Grand Rapids; John W. Goff, of Kalamazoo; Donald G. Hicks, Russell W. Layland, and Arthur R. MacLaren, the bridegroom's brother, of New York.

For her daughter's wedding and the reception at the Grosse Pointe Yacht Club, Mrs. Murphy wore a rosedust shade of imported silk peau de soie with a bodice of re-embroidered Alencon lace and a flowered hat. Her flowers were white cymbidium orchids.

Mrs. Butler was in Dior blue silk organza and lace over taffeta with a matching flowered hat in shades of rose. Her flowers were white orchids.

When the pair left on a trip to Montreal, Quebec, and the Laurentian Highlands the bride was wearing a royal blue silk shantung costume with matching hat and shoes and white accessories.

A papal blessing was read at the ceremony by the Rev. Alfred E. Schwind, S.J. The bride was given in marriage by her brother-in-law, Carl Edward Sisk, of Valhalla, N.Y.

### FASHION ADVICE

Avoid horizontal cuts in color like sharp contrast between blouse and skirt, if you want to lose taller and slimmer. One-color dresses in fairly dark shades are usually more flattering, says Lola Belle Green, extension clothing specialist at Michigan State University.

### European Notes

From the Continental notebook comes an impressive list of late summer and early fall European sailings.

Mr. and Mrs. John Conway, of Pine court, will be off shortly on the Liberté for a tour. Mrs. Thomas P. Henry and Mrs. David Rust (the Rusts are the new owners of that lovely remodeled stable in the orchard on Fisher road) have set August 1 as a sailing date.

The George Muggletons, of Balfour road, were entertaining European visitors just a while back when some British guests arrived to view the Motor City.

Nigel Dattison and Kenneth Kneeshaw both of London had been very kind hosts to the Muggletons when they visited the British Isles a few years ago and now their American friends returned the favor.

Before the two Londoners sailed home on the Queen Mary (they were headquartered here at Dearborn Inn), the Muggletons gave a dinner party for them at London East.

### Junior Miss Travelogue

A junior miss who is really having a summer is Sally Granger, daughter of the Theodore Grangers, of Mapleton road. She is currently on a five week visit to her uncle and aunt, the Gus Wrights, in Woodside, Calif., just outside San Francisco, where she is riding every day and enjoying the Wrights' pool.

When she returns toward the end of the month she will just have time to unpack and then pack up again, for the Grangers with Sally and her sister, Lois, will be driving East.

They plan to visit his parents, the E. R. Grangers, of Rivard boulevard, who are summering in Middlebury, Vt., and Mrs. Granger's brother-in-law and sister, Mr. and Mrs. Andrew Creamer, of Hartford, Conn.

### Newlyweds Here From Coast

More news from California concerns the newlywed Mr. and Mrs. Keith Scripps, who have just arrived in the Pointe en route East.

Mrs. Scripps is the former Mary Martin Semmes who met her former Bloomfield hills husband in Los Angeles where they were both working. They are here until August 1 staying with her parents, the Samuel Prewitt Semmeses, of Lakeshore road, until they leave for Sanford, Me., where they will make their new home.

The new Mrs. Scripps is an alumna of Grosse Pointe Country Day School, Vassar College and a member of Tau Beta and Junior League.

### Nancy MacDonald's Plans

Nancy MacDonald, daughter of Mrs. Robert MacDonald, of Radnor circle, and the late Dr. MacDonald, is winding up her pre-wedding parties these lovely July days.

She will marry Michael Delaney, son of the M. John Delaneys, of Detroit, on August 23 in Grosse Pointe Memorial Church with a reception to follow in the church parlors.

She has already been honored in Ann Arbor with a shower given by Mrs. Robert Weaver and Mrs. William McClenahan gave a party for the bride-elect at the Detroit Boat Club.

Mr. and Mrs. Louis J. J. Smith, of Kenwood court, will give a dinner for Nancy and her fiancé.

The rehearsal dinner, to be given by the Delaneys, will be preceded by a cocktail party in the Bishop road home of the Frederick D. Evertses.

Nancy's three sisters will be her attendants with Judith Gail maid of honor and Susan Elaine and Kathryn Jane bridesmaids. The prospective bridegroom has asked his brother James to be his best man.

Ushering will be Eugene Helveston, Dr. Robert Knox, of Saginaw; and Richard Courtney.

## Postal Clerks To Hold Picnic

Detroit area postal clerks are planning a Picnic and Field Day at Jefferson Beach Park, on Sunday, August 3, to raise funds for their Benevolent Fund. This fund provides benefits to members in case of death of either husband or wife. It provides benefits to those who are retiring. It provides free polio shots for all members and their families and other benefits.

The committee appointed by Local 295, National Federation of Post Office Clerks, have almost completed the necessary arrangements for this 2nd Annual outing. This will be a yearly affair to help augment the funds necessary to maintain and support this union welfare action.

An old-fashioned picnic with games for young and old have been scheduled. Many picnic games awards will be made. Free rides will be featured in the park from 1 p.m. to 3 p.m. Food and refreshments will be available.

The public is being cordially invited to join these postal workers for a day of enjoyment and relaxation at Jefferson Beach Park, Nine Mile road and East Jefferson, on Sunday, August 3, from 9 a.m. to 7 p.m.

An honest man may have a clear conscience, but he's apt to have some lonesome days.

## IMPERIAL

A yacht designer can be excused for a little exuberance

When you work in the satisfying world of sweeping lines and clean, lithe hull designs . . . it's very easy to feel your pulse race a little at your first sighting of Imperial.

You'll have to drive it . . . to see if it can possibly live up to the teasing, beckoning promise of its hull. But look for more than a smooth sail on well-paved highways and eager power for passing and magnificent interiors. Imperial's excellences go deeper.

Look for twisted roads that test the flat, sure cornering of Imperial's torsion bar suspension. Guide it along choppy trails

and know its long-muscle competence. Reach for controls and instruments and find them where logic and your own sure instinct say they belong.

Set Auto-Pilot to warn you of the speed limit or to hold you at a steady turnpike pace while you let your right foot rest.

And above all, expect to be surprised. Even your best imaginings may fall far short of the grand realities an Imperial has for you.

## Movie Stars Play Hosts To Pointe Girls on Tour

Ninety-four Grosse Pointe young people have just returned from Chet Sampson's first Western tour of the summer, full of exciting reports on their experiences. Having driven eight thousand miles and covered fourteen states and eight national parks, they were certain to have many things to report.

Hollywood again provided its share of interesting activities, as many of the studios and the motion picture personalities took turns in entertaining the group.

Will "Sugarfoot" Hutchins was their host at Warner Brothers studios and showed them around the lot, giving them an opportunity to watch one of the TV shows being filmed, this particular one starring Will and Efrim Zimbalist, Jr. On the "Rio Bravo" movie set, Ricky Nelson and John Wayne met the group and told them about this particular film in which both are co-starred.

On another day, Jeff Hunter arranged for the group to visit Twentieth Century Fox Studios and drive through the miles of permanent outdoor sets, which are reactivated for any picture in which they might be needed. There, Barry Coe, a star of "Peyton Place", served as their guide.

On still another day, Don Murray invited the group to go on "location" with him to watch his latest film being shot. Co-starring with Don, and also serving as a host that day was Richard Egan. The group had spent an evening with the latter, while he and his recent bride were honeymooning in the Colorado Rockies.

Debbie Reynolds and Eddie Fisher met the group this year in Las Vegas, where Eddie is appearing at the Tropicana. They introduced their

children to the girls on this occasion.

Many local residents saw the group on the Art Linkletter show, where they appear each year as part of their Hollywood stay.

Pat Boone and Tony Perkins were planning to meet the group, but neither had as yet arrived from the East, and so they have agreed to meet the next group which is leaving Grosse Pointe this week. Tony has expressed an interest in camping out with the group while they are in Hollywood.

The groups find Hollywood exciting, their favorite days are those spent in the beautiful national parks. The Tetons, Zion, and Yosemite continue to be the three favorites, although Grand Canyon, Bryce, Yellowstone, Mesa Verde and Rocky Mountain all contribute their share toward the success of the tours. The girls spend many a day climbing the trails in these parks, the highlight being the 16-mile hike to the top of Half Dome in Yosemite.

Each year, the staff members select the outstanding girl of the trip, and she is crowned "Miss Sleeping Bag". This year's winner was Stevie Gregory, and the runners-up, known as the "Zippers", were Kingsley Roney and Cindy Shaw. All three girls were enthusiastic mountain climbers on the trip.

On Saturday, July 26, Chet Sampson will leave Grosse Pointe with another group of ninety-four young people, in what will be his final Western tour.

## Lutheran Night Set for Aug. 1

In pre-game ceremonies, special honors will be paid to the Tiger team: Harvey Kuenn, Billy Hoelt, "Red" Wilson, Tito Francona, Bill Fischer and Mell Ott, radio broadcaster.

Ten thousand seats have been obtained for the game between the Tigers and the Baltimore Orioles. Lutheran Churches are taking reservations now, as the deadline for placing orders is set at July 28.

## Farms to Hold Swimming Meet

Just a week remains for Farms mermen and mermaids to turn in their entries for the annual Grosse Pointe Farms swimming meet. The big event gets underway at the Pier at 2:30 p.m. on Saturday, August 2.

First and second place winners in this local affair will form the nucleus of the team which will help the Farms Pier attempt to defend its title on the following Saturday in the Grosse Pointe Junior Chamber of Commerce swimming meet.

Some of the last year's winners who went on to win their events in the intercity meet will be back this year, including Sue Cooper, Les Roddis and Rick Schoenherr. But many challengers indicate that they intend to make the old titles about as safe as a mosquito at an exterminators' convention.

All indications point to a record entry. There are races for all age groups, including a Mother's Race and Father's Race. Entry forms can be obtained at the check room or gatehouse at the Pier.

## Headlines of the Week

(Continued from Page 1)

of unprovoked aggression against Lebanon and Jordan. A special declaration issued by the Russian Foreign Ministry said the Soviet Union will have to take "necessary measures dictated by the interests of the security of the Soviet Union and preservation of general peace."

The declaration did not specify what those measures might be.

THE UNITED STATES and Russia made separate proposals Friday night for an emergency session of the 81-nation United Nations General Assembly, on the Middle East crisis.

Both urgently asked the UN Security Council, for drastically different reasons, to have the full membership try to cope with the deepening crisis. American Ambassador Henry Cabot Lodge made his proposal immediately after the Soviet veto knocked off the United States resolution to send an international military force to Lebanon.

A MASSIVE MOB of Russians smashed 275 windows in the American Embassy Friday and splashed its walls with blue and green ink in a rowdy three-hour protest against United States troop landings in Lebanon.

More than 100,000 Muscovites packed the 10-lane boulevard running past the Embassy. A raucous human sea stretched for half a mile on each side of the building, in the biggest Moscow demonstration since the victory celebrations of World War II.

A Soviet network televised the demonstrations, live. No Americans were reported injured.

Sunday, July 20  
THE UNITED STATES completed its ground force build-up in Beirut, amid shooting and violence. A Marine-loaded transport plane was winged by snipers, and an American Navy fighter pilot was killed in a flaming crash.

Navy spokesmen said the plane's engine quit. There appeared no possibility that the plane was shot down. However, two other Navy planes, flying over Lebanon, came back to their carrier with bullet holes in them. The crews were not injured.

Lebanese rebels also attacked Lebanese Government headquarters in downtown Beirut, Saturday, while another contingent invaded the American Presbyterian Mission School.

SOVIET PREMIER Nikita Khrushchev Saturday night proposed a five-power summit conference by Tuesday to head off war in the Middle East. The United States promised prompt consideration of the proposal.

Khrushchev suggested Geneva as the site, but said he would go anywhere—even to Washington.

The proposal was also made to Britain's Prime Minister Harold Macmillan, Premier Charles de Gaulle, of France; and Prime Minister Nehru, of India; and also suggested participation of UN Secretary-General Dag Hammarskjöld.

H. MAXWELL GOLDFINE, son of industrialist Bernard Goldfine, slashed himself with a razor blade "80 or 100" times, in a suicide attempt Saturday in Sarasota, Florida.

He was reportedly upset over his father's difficulties with a Congressional subcommittee investigating the senior Goldfine's relations with Presidential Aide Sherman Adams; and was also having marital difficulties.

Monday, July 21  
THE UNITED STATES and Britain co-ordinated their Middle Eastern policies Sunday for what looks like an August summit meeting with Russia.

Secretary of State John Foster Dulles and British Foreign Secretary Selwyn Lloyd concluded 3½ days of talks Sunday with an agreement for joint action in defense of all

Western economic interests in the Mideast.

They did not agree to accept Soviet Prime Minister Khrushchev's offer of a five-power summit meeting on the Middle East. But it is understood that they agreed to recommend such a meeting after the current Middle Eastern debate in the UN Security Council.

The SOVIET UNION Sunday night called for an East-West "treaty of friendship and co-operation" that would in effect dissolve the Iron Curtain in Europe.

The treaty, binding Eastern and Western European nations and the United States, called in part for a broad disarmament plan, including the setting up of a controlled and inspected nuclear-free zone in Central Europe.

It also called for increased trade and economic co-operation between Eastern Europe and Western Europe and the United States; and a pledge to develop scientific and cultural contacts between the East and West.

TIGER HURLER, Jim Bunting, pitched the team's first no-hit pitching performance since 1952 Sunday, in Boston, to turn back the Boston Red Sox 3 to 0, and break the Tigers' four-game losing streak.

Tuesday, July 22  
RUSSIA ASSAILED as unacceptable Monday night and later vetoed a Middle East compromise aimed at safeguarding Lebanon's independence and making it possible for American Marines to withdraw.

The proposal was advanced by Japan and endorsed by a majority of the Security Council, including the United States and Britain. If passed, it would give Secretary-General Dag Hammarskjöld full authority to strengthen the UN observer group in Lebanon in whatever way he deems necessary to protect that country's independence.

THE ALLIES drafted a note to Soviet Premier Nikita Khrushchev Monday, challenging him to complain in person to the UN Security Council if he believes Anglo-American military action endangers world peace.

This was their joint answer to Khrushchev's dramatic bid for an immediate Big Five summit conference to consider the Middle East crisis.

The Big Three (France, Britain, and the United States) indicated, however, that they are ready to resume confidential talks with Russia in Moscow to prepare for an over-all summit conference on world issues.

JAMES R. HOFFA has been subpoenaed to appear again before his critics in the Senate Rackets Committee investigation August 4. The investigators want to question the president of the scandal-stained International Brotherhood of Teamsters about a long list of charges they have developed in the year since his last appearance.

It had been expected that public hearings involving the Teamsters chief would not be held until September or October. The hearings will be held before the Senate committee in Washington.

Wednesday, July 23  
REBEL PICKETS, reinforced by wives and children, stoned and paint-gouged cars Tuesday at the Keystone gate of the Aurora Gasoline Co., Dix and Schaefer. Six police cars and an ambulance were rushed to the plant. The picket line was broken—then reformed at another gate, at Toronto and South Fort St. The outbreak came as the international union moved to take over the striking local.

SERIOUS CRACKS appeared in the unity recently displayed by Congress. A Senate group prepared to tell President Eisenhower to "get tough" in the Middle East. The Chief Executive faced pressure from two directions, from a Republican bloc, which urges the get tough policy, and the other from a Democratic group, which urged the President not to dismiss a Soviet proposal for a summit meeting if it might contribute the slightest chance for peace. A small, but potent bloc of Republicans was prepared to tell the President to take stronger measures in the Middle East, even to sending troops to Iraq.

## American Legion Convening Here

The American Legion and its offshoot organizations—the Auxiliary, Forty and Eight, Eight and Forty and the Twenty and Four—will convene on Detroit 6,000 strong the weekend of July 24-27. The occasion is the 40th Annual State Convention of the largest veterans group in the state and in the nation.

At the same time, the 16th Annual National Waves Reunion will be held in the city.

The last time the State Convention of the Legion was held in Detroit was in August 1955.

Paul H. Carnahan is the honorary chairman of the convention and will officially welcome the delegates at the opening Convention Session on Friday afternoon, July 25.

The Honorable Wilbur M. Brucker, Secretary of the Army and a former Governor of Michigan, will address the convention delegates on Saturday morning, July 26, at 10 o'clock. In view of the present international crisis, the nature of Secretary Brucker's talk has not yet been revealed.

Actually it will be five conventions in one with each of the other Legion organizations conducting meetings in its own respective headquarters hotel.

The Legion's standing committees will meet on Thursday afternoon, July 24, and the Department (State) Executive Committee will convene in the evening of the same day.

Friday afternoon, July 25, will mark the opening session of the Convention at the Veterans Memorial Building. The Convention sessions will be continued through Saturday, July 26, morning and again on Sunday, July 27.

The annual Convention parade will march down Woodward avenue on Saturday afternoon in a dazzling display of colorful drill and musical units and 40/8 boxcars. Detroit Mayor Louis C. Mirani is Grand Marshal of the parade. The parade will be led by the Detroit Police Mounted Patrol and followed by the Detroit Firemen's Band and pieces of the city's fire fighting equipment.

The election of new state officers will take place at the Sunday session of the convention. John M. Carey of Grand Blanc is the only announced candidate for the office of State Commander. It is one of the few times in the 40-year history of the Legion in Michigan that there has been no contest for the top office. The big election battle appears to be that for the office of Department Finance Officer. Three candidates are running: Joseph Fowler of River Rouge, Alden Stoner of Holland and Miles Ansbaugh of Reading.

Majorette, color guard and firing squad contests will be held on Friday afternoon, July 25, at Mackenzie High Field. Class A and B Drum and Bugle Corps contests will be held at the same field on Friday evening. The band contest will be held on Saturday evening in the ballroom of the Veterans Memorial Building.

Some thirty resolutions will be considered by the Legion delegates for adoption during the convention sessions. These deal with internal organizational, chiropractic care for veterans, a united veterans program, a World War II and Korean Veteran's federal bonus, a revision of the federal unemployment compensation program for veterans, a continued national reforestation program, a withdrawal of all foreign aid, and an unemployment pay-adjustment plan for World War II and Korean veterans.

State Commander Giles A. Reeve of Ecorse will conduct all of the official convention sessions. George Frederick, Detroit Districts Commander,

is president of the Convention Corporation and in charge of all the various Convention Committees.

In spite of the current recession in Detroit and Michigan, registration is already well ahead of the 1955 registrations according to Convention Headquarters. The convention delegates and their families will occupy five of the city's larger hotels and many of the motels will house the musical and drill units from all over the state.

## Litter

(Continued from Page 10)

Park, for example, has a weekly cleanup tab of \$250, which in the past has been increased by 30 per cent over Memorial Day, July 4 and Labor Day week-ends. In Illinois' Cook County forest preserves, steel barrels are provided for disposal of garbage and trash but, after every Sunday and holiday during the picnic season, about 250 men must devote two days or more to picking up and hauling away tons of refuse.

Fortunately, however, many Americans are now accepting an individual responsibility for maintaining the clean, attractive appearance of their highways and recreation areas. W. F. Babcock, North Carolina Director of Highways, states that the public is using the more than 400 travel-trash receptacles the Highway Department placed at strategic points along the major highways last fall. It is expected that these facilities will bring about an improvement in the litter situation over 1957's peak season.

California reports encouraging response to its anti-litter program. Cleanup costs in the three-county area of Los Angeles, Orange and Ventura were \$25,000 less during the first four months of this year than during the same period of 1957. District Engineer A. L. Himmelhoch says that enforcement of the laws requiring trash and garbage to be properly covered has reduced the volume of trash considerably. Los Angeles Beautiful also reports that the war on litter helped cut that area's rubbish fires by 57 per cent.

Keep America Beautiful, Inc. believes education and enforcement are getting results but points out that unless everyone cooperates, highway cleanup costs will continue to be exorbitant, litter will continue to be a fire and safety hazard, and litterbugs will continue treating the countryside as a trash heap.

KAB suggests you carry a litterbag, use trash receptacles and ask your friends to join the fight against litter.

### BIKE TIRES SLASHED

A disheartened summer school student was Mary Jane Kummer, of 854 Cadieux road, last Saturday, July 19. She skipped out of her Maure School classes to find that both her bicycle tires had been maliciously slashed. The little girl figures and foul prank was played sometime between 11:15 and 12 noon, but there are no clues as to by whom, or why.

Miss Doris Dadsen, Miss Margaret Cantalop, Donald McLeod and Jack Graham have been honored at Western Michigan University, Kalamazoo, by having their names placed on the high scholarship list for the spring semester. Jack Graham was one of 48 students receiving all-A grades.

Miss Dadsen is the daughter of Mrs. Debra Dadsen, 2000 VanAntwerp. She graduated from Grosse Pointe high school and attended Albion College.

Miss Cantalop, a graduate of Grosse Pointe High School, is the daughter of Mr. and Mrs. Nick Cantalop, 916 Hawthorne road.

Donald, son of Mr. and Mrs. Kenneth Ross, 20729 Wicks lane, was also graduated from Grosse Pointe High School.

Jack is the son of Mr. and Mrs. William J. Graham, 20605 Vernier circle. He also was graduated from Grosse Pointe High School.

### ESTIMATED FIRE LOSSES

Estimated fire losses in the United States during June amounted to \$90,048,000, the National Board of Fire Underwriters has reported. This loss represents an increase of 29.2 percent over losses of \$69,710,000 reported for June, 1957, and an increase of 5.2 percent over losses of \$85,633,000 for last May (1958). Losses for the first six months of 1958 now total \$531,235,000, an increase of 5.6 percent over the first six months of 1957, when they amounted to \$550,155,000.

Most people think that a man won't listen to reason just because he doesn't agree with them.

## Passenger Hurt As Cars Crash

Failure to duly respect a stop sign resulted in a violation ticket, two severely-damaged automobiles, and hospitalization for an innocent passenger, last Friday, July 18, at 12:02 in the morning.

Mrs. Charlotte Mesmer, of 926 University place, was headed north on Fisher road, and though she hesitated at the Charlevoix stop sign, she failed to wait long enough for traffic to clear, and pulled out into the path of Flora Lee Dixon, of Pasadena.

Mrs. Margaret DeLuyck, a passenger in the Dixon car, was taken to Bon Secours Hospital for head injuries, and Mrs. Mesmer was ticketed for not having her car under control and causing an accident.

By PAT TALBOT

Early French settlers must have been influenced by the white pillared plantations of the deep South if the Harry S. Bartlett home is any indication.

This gracious white frame home on the corner of St. Clair and Jefferson has served many purposes in its over 100 years. It was built by the Guoin family down by the lake and served as the main farmhouse for the famous French ribbon farm before 1850.

The Bartletts have lovingly restored the house which was moved from its original lakefront site some 50 years ago. Hand hewn pegs hold beams in the basement and the old pine floors slant in the five bedrooms.

The Bartletts have kept the charm of their heirloom house by furnishing it with a rosewood piano, empire chairs covered in plush, a grandfather clock and horsehair sofas. In the bedroom are giant four posters, one dating back to New England forebears. The first Bishop of the Episcopal Church of Vermont slept in the present guest bed.

The Guoin homestead has quite a past. When it served the family there was a small front parlor and a big farm kitchen. The steep stairs lead up to bedrooms which opened into one another and the large house was heated entirely by small pot bellied stoves.

When Dexter Ferry bought the land from the Guoin estate he sold the old house, which had been used for some years as a schoolhouse, to W. C. Bishop. "Papa Bishie" was a former English groom who had come to the Pointe about the turn of the century to make his fortune. He bought some land on St. Clair and had the house moved for rental purposes. By 1919 the old wooden beams had been covered with yellow oak and much of the charm of the house was lost.

The Bishops themselves converted a cupolaed barn for a feed store and hay loft where they ran a small business. The barn is now the Bartletts' garage on St. Clair with the horse box stalls still there and the opening to pitch the hay under the eaves. The rest of the former feed store has been made into a lovely apartment. The Bishops built another home on the other side of the barn for their own residence which is still standing.

In 1921 when the Bartletts acquired the house there was much to be done and they have carefully modernized it, removing inside walls, adding a dining room and porches, installing bathrooms but still keeping the charm of this pillared landmark which is a reminder of the century old heritage the Pointe has from those early French pioneers.

## who, where and whatnot

by whoozit

Supporters of author Robert Smith's ("Where Did You Go? Out; What Did You Do? Nothing.") campaign to disorganize our children would be delighted with recent evidence that the young are co-operating. Mr. Smith's premise is that kids never just while away the summer hours anymore, they are strictly regimented in their leisure. Last week Kenny Dansbury was caught kicking a tin can down his street for an hour or more; (one of Mr. Smith's cherished memories of a Huck Finn childhood along with mumble peg and a tree houses.) Parents and PTA's take note, the young are rebelling!

Tina Beebe, daughter of the Alan Beebes, of Merriweather road, is a dead ringer for cinemastress Gene Tierney in her spine tingling "Laura" role.

A new newspaper is giving us competition. Mary Thorne, with a big aid from her mother on the mimeograph machine, is editing the Fisher Road Gazette, published every Saturday. Last week we read about: all the housewives' favorite meals, that Gary Stephenson slipped on the stars and had eight stitches taken and that a lightning struck a sheep fold in France killing all the white lambs and leaving the black ones untouched (moral?).

Mrs. Frank W. Coolidge, looking very chic and summery in white and black lace, thanked all the patrons of the Grosse Pointe Music Festival at the War Memorial last week for their large attendance. The Festival, first of its kind, drew more than half again over the expected quota, due in great part to music lovers and sponsor Mrs. C.

In this week's slick sports mag there is quite a candid shot of "Quintet's" sailing crew, Frederick S. Ford, Ted Buttrick, John B. Ford III, Kirk Walsh and Ledyard Mitchell, Jr., all wearing black jerseys with the sloop's name in white. On the same page Horace Caulkins Ford's crew is shown aboard the "Fleetwood". They are in Bermuda shorts and white shirts.

### PILFERINGS

Here are some weather proverbs:—  
When the dew is on the grass,  
Rain will never come to pass.

Evening red and morning gray  
Sets the traveler on his way;  
Evening gray and morning red  
Brings down rain upon his head.

## Pointer of Interest

PENNY WEADOCK, OF RIDGE ROAD

by Patricia Talbot

The eyes of the world are on the Near East where history is being made. Penny Weadock lived in the midst of the formulating Iraq trouble for six months while digging into history which went back to 3200 B.C.

Penny is an archeologist with a doctorate from the University of Chicago to prove her scholarship in a field where few women excel.

Two winters ago she traveled to Iraq as a guest of a German digging expedition delving into a temple near Warka. Many archeological expeditions have been closed recently because of troubled political conditions. Americans are not allowed in Nasser's stronghold, Egypt, or in Syria. Iraq is among the few Near Eastern countries which has welcomed scholars and shares the historical finds with them.

Penny's interest in archeology began back in school days. She was graduated from Concord Academy in Massachusetts and then went on to Smith College where she majored in history, boning up on ancient civilizations.

Our Debt to Near East

Penny is not a utilitarian, believing in knowledge for its own sake, although she says much of our present civilization is rooted in the Near Eastern past. She wrote her doctor's thesis on Mesopotamia and Archeology, Iraq, for the most part, includes the old boundaries of Mesopotamia. In spite of recent interest in the Biblical Dead Sea Scrolls and the ancient Greek culture Penny wants to go back far-

ther in the shrouded mists of time.

### With German Expedition

She was impressed with the painstaking and thoroughness of the German diggers. Her contact with the Iraqis was limited although the government sent a representative from its antiquities department to oversee the expedition. There is little nationalism or politics in the scholar's world.

Penny spent some time in Baghdad, a very dirty city, building fast to approach its modern neighbors. She was mostly impressed with the Cadillac and Coca Cola signs she saw everywhere. There are few veiled women left in Iraq, mostly of the older generation. Many of the city dwellers wear western clothes, the women cover up-to-date fashions with a long black cloak.

### They Live in 3200 B.C.

In the villages peasants are living in reed huts, building boats and tending their flocks much as they did in 3200 B.C., the period Penny finds so fascinating. There was unrest in Iraq but she personally experienced little of the current animosity toward Americans.

All expeditions take a leave of absence in March through

October when the heat in Iraq makes work impossible. Penny returned to Chicago then and worked on her thesis. But the country attracts her and she longs to return to dig in a new temple.

This fall she will be working in the Oriental Institute in Chicago, which is attached to the University, as a "docent," which she describes as a glorified museum guide. She will be assisting grade schools with exhibits and take tours through the Museum which has displays of ancient civilizations including Egypt, Iraq, Iran, Turkey, Syria and Jordan, all the countries so involved in the current political rebellion.

### Summer Sabbatical

This summer she is taking a sabbatical from potteries (pieces of pottery found in the digs and deciphered) and manuscripts while she vacations at the summer cottage of her family near Sarnia.

On August 1 she reports for her job and fortunate she is to have found one in this specialized field where there are few opportunities for women. Teaching positions are rare, only two universities having courses in her field, Chicago and the University of Pennsylvania.

The University has a permanent site in the historic Tigris and Euphrates River valley which scholars have been digging in for years.

In spite of troubled world conditions the University hopes to return in the fall to its work. To scholars recording life over 3,000 years ago this flare-up in the Near East is a temporary trouble in a long chain of history.

Penny shares their view and wants to return to Iraq. Discovering ancient households is a great aid to understanding current cultures. Scholars draw no boundary lines and Penny believes their attitude would help statesmen in the present Near East crisis.

## Wee Motorists Given Warning

Park Police Chief Arthur Louwers ordered the members of his department to crack down on minors operating miniature autos on the city sidewalks and streets. Parents will be cited for court along with their children, he warned.

"Recent observations, along with a number of complaints, reveal that some parents are permitting their children to operate miniature autos on the sidewalks and streets of the Park," the chief said. "These vehicles, run with gasoline or electrical power, are required to have a State of Michigan vehicle license, and the operator is required to have a driver's license."

To operate any type of motor-driven vehicle on a public right of way, the chief pointed out, the juvenile must be 16 years old, and must have completed behind the wheel driver's training.

Parents are warned by Chief Louwers, that the driving of the miniature autos by their children, is illegal, and patrol officers have been instructed to issue a violation ticket to the juvenile operator and to the parent who permits the operation.

The juvenile must appear in Juvenile Court with a parent; the parent's violation is heard in Municipal Court.

## Boy Ballplayer Hurt in Traffic

Nine-year-old John Johnson suffered serious head injuries when he was struck down by a car at Mack avenue and Harvard road on Saturday, July 19.

He was taken to Bon Secours hospital by Park police, where doctors said his injuries were not critical.

The driver of the vehicle that hit the boy, Mrs. Joyce E. Eppinga, 25, of 22710 Colony, St. Clair Shores, was exonerated of blame, but nevertheless was given a ticket by police when it was found her car had defective brakes. Even with good brakes, she could not have avoided the accident, officers said.

John, son of Mr. and Mrs. Raymond C. Johnson of 3455 Harvard, Detroit, was playing ball with a group of his friends, when one of his playmates tossed the ball out into the street. The boy ran into the street and narrowly escaped being hit by another car.

The driver of this vehicle then motioned to John to proceed back to the curb with his retrieved ball.

Mrs. Eppinga did not see the boy because her view was blocked by the stopped car, and when John came in front of her vehicle, she could not stop and the boy was knocked to the pavement.

At the hospital, Park Police Lt. Gerard Kesteloot questioned the boy in the presence of the boy's father and the attending physician. John gave the same story as witnesses told police.

In a routine check of Mrs. Eppinga's car, police found the brakes to be defective and warned the woman not to drive the car. She accepted the advice, and was driven home by a friend of the family—in her (Mrs. Eppinga's) car.
