THE UNITED STATES has decided on a temporary suspension of atomic weapons tests in hope that a permanent halt can be arranged under a firm international agreement, informed sources said Wednesday.

It was indicated a White House announcement might be forthcoming soon, perhaps today. The development coincided with an agreement at Geneva among Western and Russian scientists on methods of policing any future nuclear test ban.

The Geneva agreement did not bind either side to actually halt testing, but was at least an encouraging step which, it is hoped, might lead to further steps along the road to disarmament.

ALL TEN ARAB NATIONS in the United Nations announced with dramatic suddenness Wednesday night they had reached unanimous agreement on a Middle East peace plan.

The first reaction from diplomats was that the plan would with unanimous endorsement from the 81-nation UN Assembly, and end the emergency session within 48 hours.

It has been forwarded to Arab home capitals for approval. If this is forthcoming, it would be presented to the Assembly today, Thursday.

PRESIDENT EISENHOWER made it abundantly clear Wednesday that he again would use Federal troops to enforce court-ordered public-school integration if such action became necessary to avoid "anarchy."

The President told his news conference the Federal Government must and will enforce court integration rulings if the states fail to do so.

Friday, August 22

THE UNITED NATIONS approved unanimously Thursday night a plan to let the Arab nations work out their own peace in the Middle East.

The 81-nation General Assembly wound up a drama-packed two weeks' emergency session by voting 80-0 in favor of a plan presented by all 10 Arab nations to the UN. The Dominican Republic was absent.

In addition to giving the Arabs chief responsibility for maintaining peace with one another, the proposal assigns to Secretary General Dag Hammarskjöld the task of setting up arrangements for withdrawal of U.S. forces from Lebanon, and British troops from Jordan.

THE FULL FINANCIAL and numerical strength of organized American labor was ordered mobilized Thursday to support the UAW should that union strike against the Big Three of the automobile industry.

The history-making move was taken by the AFL-CIO Executive Council meeting in eastern Pennsylvania.

The governing body of the labor giant directed its president, George Meany, to create immediately a committee to raise funds and to give all financial and organization help needed by the UAW "in the event the continued refusal of the automobile corporations to bargain in good faith compels the UAW to strike."

CENTRAL HIGH SCHOOL, in Little Rock, Ark., torn by rioting and surrounded by troops during the integration crisis last fall, will open Sept. 2 as "an all-white school," Supt. Virgil Blossom said Thursday.

The School Board was granted a Federal court stay, which means the High School can avoid integration until the U.S. Supreme Court rules on the issue. The board must file its appeal within 30 days in order to make the stay effective but.

They Can Hardly Wait for School to Start

Ferry School students VIRGINIA AMBROSE, 2nd grade, and her sister, MARY ALICE, kindergarten, stop by to ask custodian ARTHUR COLBY when school starts. The girls, daughters of Dr. and Mrs. Robert Ambrose of Roslyn road, appeared to be eagerly awaiting the day, Thursday, September 4, when classes will begin in the Grosse Pointe public schools.

Park Favors Total or Part Merger Talk

Council Names Committee To Discuss Consolidation With City and Farms

The Park council appeared to favor a discussion of the merger of the Park, City and Farms, after reading a 54-page report of a study of the matter made by the Citizens Research Council of Michigan.

At a meeting held on Monday, August 25, the council approved a committee comprised of Mayor Kenneth Cunningham, Councilman Stanley Fildew, City Manager Robert Stone and City Attorney Pierre Heffler, to meet with any representatives from the other two Pointes to talk over the matter, if they are interested.

Given Authorization
The committee was authorized to discuss a complete merger of the three cities, or a possible merger of the police and fire departments or other public service departments, if it would be of any benefit to the people. It was pointed out that the meeting will be only to talk over the possibility of such a union.

Councilman Fildew presented a view of the issue when he stated that a test of a possible merger might be started with the police departments, where the greatest saving of the taxpayers' money might be effected.

He said the combining of the fire departments would only.

Curbstone Keeps Upset Car From Crushing Boy Driver

Ambrose Guilianni, 16, of 9417 Nottingham, Detroit, narrowly escaped death or serious injuries on Saturday, August 23, when his car almost tipped over on him following an accident at Pemberton and Korte, according to a Park police accident report.

The report disclosed that Guilianni and two other persons were hurt and taken to Bon Secours Hospital for treatment. Guilianni was held over night for observation, and the others released.

The youth is accused of running a stop street while traveling south on Pemberton, and hitting a car driven by Joseph White, 20, of 523 Manistiquie, Detroit, going west on Korte.

Doctors' Offices Are Visited By Crafty Thief Who Gets Cash But Ignores Gold Store

Burglar Was Wise Enough to Know Taking Precious Metal Used by Dentist Would Constitute Federal Violation

Dr. Allen R. Beach of 1660 Fairholm, opened his office Saturday morning, August 23, to find a thief had been in his file cabinet, taking a large amount of cash from a drawer that had been locked, but leaving a sizeable amount of gold untouched.

Dr. Beach, a dentist, told Woods authorities that the person who broke into the clinic building, at 19515 Mack avenue, took \$350 in cash, after ransacking his office, and two offices of medical doctors.

Visited Other Offices
The burglar went through the offices of the two doctors, and then into his office after rummaging through desk drawers, Dr. Beach said.

Det. Sgt. Walter O'Dell said the crafty thief did not touch \$150 worth of raw gold in the cabinet belonging to Dr. Beach, since it would involve a violation of Federal law which requires all such gold be registered with the Government. The doctor uses it for dental work.

Moved Large Cabinets
The sergeant said that the burglar moved two large cabinets from Dr. Beach's main office, into the doctor's consultation office, and after forcing open the drawers, found the money and the gold.

The offices were entered by breaking the basement window on the south side of the building and turning the window latch. The thief found the doctors' offices locked and forced the doors with a kitchen knife, Sgt. O'Dell said.

Church Helped By Tuxis Club
Continuing the interest of the Grosse Pointe Memorial Church in helping to re-establish the Faith Presbyterian in its new location in St. Clair Shores, the Tuxis Club of the Grosse Pointe Memorial Church presented a check for two thousand dollars this past May to the Board of Trustees of Faith Church.

The two thousand dollars included the net profit from the 1958 Tuxis Club Variety Show plus funds obtained from other raising projects of the Tuxis Club. The board of trustees of Faith Church felt that one of the most pressing needs was a driveway which at that time consisted of a road that was mud when it rained and full of ruts in dry weather.

The driveway was recently finished and in addition a covering was put on the parking lot in front of the church. The Tuxis Club plans to entertain the high school young people of Faith Church at a special occasion this fall.

Officers and cabinet members of the Tuxis Club for 1957-58 included: James Carne, president; Sue McKee, vice-president; Janet Collinson, secretary; Remington Purdy, Jr., treasurer; Ann Cronenweh, William Evenden, Thomas Finch, Mary Kohring, Charles Molyneux, David Roll, Nancy Tallman, Nancy Ruby, and John Thorne.

A passenger in his car, Frank Locichio, 16, suffered lacerations on the right leg; and White, an injured should-

Woods Explains Fund to Start New City Hall Building

Comptroller Gerald Lonergan Tells How Capital Improvement Fund Grew to Surprising Proportions During Audit of City Funds

A clearer picture of the monies "found" by the Woods city comptroller and city auditors, and transferred to the Woods' Municipal Improvement fund, was disclosed on Monday, August 25.

According to public records, approximately \$214,000 is in the fund to date, excluding \$50,000 in interests from bonds and bank savings accumulated over the past five years, which is expected to be transferred to the Improvement fund at a later date by the council.

The balance of the \$308,000 is in funds for allocation for other city uses, but can be transferred to the Improvement fund if the city council so desires.

\$200,000 earmarked
So far, \$138,693.50 garnered from different sources, have gone to swell the fund from \$75,306.20, to the \$214,000, of which the council has earmarked \$200,000 for two sections of the proposed new city hall which would be constructed in Ghesquiere Park, facing Mack between Kenmore drive and Huntington.

The council passed a resolution on Monday, August 18, to give the citizens of the city an opportunity to vote on whether to expend the \$200,000 for an administration wing and a council-court room wing. The voting will be held at the November 4 election and will be purely advisory. Balloting will be by paper.

A resolution to present the people with a bond issue for \$175,000 for a public safety department wing, was rejected at the same meeting.

Two New Polio Cases Reported

Two new cases of infantile paralysis reported during the week brought the total for this season in the Grosse Pointe-Harper Woods Health District to four.

Neither of the last two cases has been accompanied by any paralysis according to Dr. Thomas S. Davies, health commissioner. Slight paralysis accompanied the first two cases.

The two latest patients are a 39-year-old man from the Farms and a 7-year-old boy from the Woods. The boy had had three Salk vaccine shots, the man, none.

Last year at this same time there were also four reported cases of polio. The total for last season was seven cases.

Checking against the polio record in recent years the figures show a total of 24 cases in 1953 with 11 of them accompanied by paralysis; 38 cases in 1954 with 18 victims paralyzed; 17 cases in 1955, two in 1956 and seven last year, with only one paralytic case in each of the last three years.

All four of this year's victims are patients in Herman Kiefer Hospital.

GPHS Plans Orientation Meeting for New Students

For the instruction and guidance of students new to Grosse Pointe High School, school officials have announced a special orientation meeting to be held on Wednesday, September 3.

At 1 p.m., all new 10th grade students transferring from Pierce and Parcels Junior High Schools, and all new students (grades 10-12) transferring from other schools, who will be at Grosse Pointe High School this fall, will report to their home rooms.

Each has been mailed a card or informed personally concerning the number of the room to which he should report. It is exceedingly important that he have this card with him, or a memo of the home room number, when he comes for this meeting.

Farms Police Help Capture Berserk Man

Thanked by Piggins For Being First on Scene as Man Goes on Rampage

Five Farms police officers answered the first call to the home of a berserk man in Detroit, on Monday, August 25, and stood by until Detroit policemen arrived.

One Farms officer, Patrolman Otto Glanert, who lives at 4956 Lafontaine, near the crazed man, Lionel Kemp, 63, of 4977 Lafontaine, was off duty and at home when the commotion started. He grabbed his gun and stood by with the officers from his department.

First to answer the call were Patrolmen Arnold Parsons, William Fowler, Eugene Thomas and Earl Field, then Glanert came on the scene.

Find Kemp Barricaded
The policemen went to the Lafontaine address to investigate shots that were reported heard there, and found Kemp barricaded in the house. Kemp did not fire at the Farms (Continued on Page 2)

Burglar Breaks Into City Home

Irma S. Constantine of 738 Rivard boulevard, returned home on Wednesday, August 20, after a day's work, to find that a thief had entered her home and ransacked the dresser drawers of a bedroom.

The woman told City police that she left her house about 8 a.m. and returned about 11 p.m. and found the first floor, rear bedroom in a mess. She said all the dresser drawers had been pulled out and contents dumped on the floor.

All that was determined missing was about \$30 or \$40 in cash from one of the drawers, and a business envelope containing a list of bond numbers.

The burglar entered the house through the south basement window, after cutting the screen, and forcing the window open. It had been nailed shut, police said.

A portable TV set had been removed from its stand and placed on the floor, indicating the thief had intentions of taking it with him. It was found near the door leading to the back porch. The door was open and might have been the means of escape.

10,300 Pupils Expected at 14 Buildings

Enrollment Increase of About 500 Over Last Year Seen; 77 Teachers Hired

Over 10,000 students will begin classes when school opens next Thursday," Superintendent James W. Bushong of The Grosse Pointe Public School System, announced today. "Our expectation is that about 10,300 will finally be enrolled in our 14 schools. "This is approximately 500 more students than we had last year," he declared.

The Superintendent stated that the school system has had to employ 77 new full-time teachers and staff members to round out the professional staff. Most of these were to replace teachers who had retired or left teaching for many reasons. Only about 20 of the new staff members were additional personnel needed to take care of the increased enrollment.

Many Repairs Made

Extensive repair and maintenance work has gone on all through the summer to ready the school system's physical plant for another school year. This work includes painting, masonry repair, sidewalk replacement, roof repair, the filling and leveling of playgrounds, remodeling of rooms to fit new educational developments, and many, many more. Visitors to any of the buildings will see ample evidence of the excellent maintenance program carried on by the school system, the Superintendent said.

Brownell Junior High School on Chalfonte, the newest school in the Pointe, will open its doors on schedule to nearly 800 students. Dr. Bushong pointed out that members of the local Board of Education had worked long and hard to insure this. For over a year and a half several members of the board have devoted many hours a week to inspecting and expediting the work so that the various schedules would be met by the contractors.

On Wednesday afternoon approximately 250 seventh grade students will enter Brownell for a brief orientation program. Eighth and ninth grade students will come in at the regular hour on Thursday morning. Parsons and Pierce will have similar program for their students.

Change at High School

The senior high school on Fisher road will be returned once more to a three-year unit. The Superintendent indicated that this desirable state of affairs for the secondary students should continue for many years. A safe margin of room for the growth expected in the foreseeable future now exists in these buildings. The same cannot be said about space for elementary school age children, however. Additions to some elementary buildings may soon be needed, he stated, if undue crowding or half-day sessions are to be avoided.

Approximately 2,300 students will be in the three junior highs while over 2,000 tenth, eleventh, and twelfth graders will attend Grosse Pointe High School. About 6,000 elementary age students will be divided schools. All schools have been registering students this week and will continue doing so next week. Parents of school age children who are recently arrived in Grosse Pointe may obtain information as to where to enroll them by telephoning TU 5-2000.

Testing and selection of children for early admittance to kindergarten has been in progress all this month. This service will continue through September at the central offices located at 389 St. Clair. Children who will become five years of age after December 1 and before the end of January are eligible for testing.

TAX EXEMPTION

How to Profit Through Tax Exemption

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.
If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable yield from a 3.50% tax-free bond. It's something to think about!
Our New Booklet, "How to Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone.

lation of about 35,000 making the saving less than a dollar per person.
The union of the police departments would save about three times that amount, he said, and therefore would benefit the people more, money and service wise.

Permitted by Law
The councilman said that a State Law permits communities to merge if the citizens of these communities so desire.
Councilmen Peter Gallette and Kent Zimmerman brought up that if there is a merger, Park citizens might have to assume the debts of its two sister cities, and they were told that the State can establish special tax districts, enabling the residents of the Farms and City to pay off their own debts.

The Citizens Research report disclosed that if the three Pointes combine, the total area would be about 6.1 square miles. The Farms has an area of 2.8 square miles, the City, 1.1 square miles and the Park, 2.2 square miles.
The estimated population of the area is 34,700, with the City having 7,100; the Farms, 12,500; and the Park, 15,100. There is no industry in any of the three communities. The projected population total for the three cities by the end of 1980 is expected to be 43,200.

Lowest Taxes in Park
According to the study, the Park, which has the lowest tax rate of the three, and the lowest rate of per capita expenditure, would benefit the least.

The Park's outstanding debt is only \$222,786.71 (as of June 30 of this year); the City's \$336,000; and the Farms', \$1,063,000. The City would stand to gain the most in the consolidation since its capital expenditures are the highest in most instances and its tax rate is the highest, with prospects for future revenue increases limited.

Other points in the study indicated the three cities would benefit if the city hall was maintained in the Park Municipal Building, the police department on the second floor of the Farms Municipal Building and the single fire station in the cities would be maintained with the fire headquarters centered in the City.

Some other advantages of the merger are that the total 230 employees of the cities would be cut down to about 40 to 50 persons; and public works, such as sidewalk repairs, street paving, sewer installation and building repair, presently being done on a contract basis, could be undertaken by a combined public service department at a considerable savings.

Big Savings Seen
Savings to the taxpayers could be anywhere from \$300,000 to \$500,000 a year, the report showed, if consolidation is made.

For the past several years, all the five Pointes have cooperated on several municipal services, including a consolidated school system that serves the Pointe and part of Harper Woods; an inter-municipal police radio, with Harper Woods; a health and welfare council; sanitation operations and disaster control. This indicates that the communities recognize that by joint effort, a more effective method of dealing with governmental problems in the area can be reached through co-operative arrangements.

Woods Fund

(Continued from Page 1)
"find" presented to the council by City Comptroller Gerald Lonergan, and transferred to the Municipal Improvement Fund at a special council meeting held on June 28.
In the 1956-57 budget at the close of the fiscal year ending June 30, 1957, uncollected accounts receivable for the following—\$15,056.02, billings to Harper Woods for its share of the new Torrey Station sanitary sewer pumps, and \$23,722.53 due from the Special Highway Fund from the General Fund, a total of \$38,778.55. Inasmuch as this did not constitute cash on hand this could not be transferred at the close of the 1957 fiscal year.

On April 10 of this year, the council authorized the transfer of \$24,104.01, from Special Assessment Funds, to the General Fund. This sum was accumulated over a period of seven or eight years, or from the time the Woods incorporated as a city, and represents sums collected from estimates on special assessments. At the June meeting, the money was moved from the General Fund to the Improvement Fund since it constituted an un-

pended cash surplus.

Didn't Make Transfer
During previous years, monies received from the state from Gas and Weight Tax allocations were deposited in the Special Highway Fund.

Expenses, amounting to \$21,858.87, properly charged to this fund were taken out of the General Fund, and not transferred back. This was done at the meeting, and added to the Improvement Fund.
In the current 1957-58 budget, Lonergan found an unexpended cash surplus of \$29,101.74 for Capital Improvements in the General Fund and recommended this be transferred to the Improvement Fund. This was done.

He also found in the budget, revenues in excess of the general budget estimates amounting to \$18,087.15, which represented unexpended cash surplus in the General Fund. There was no trouble in transferring this.

Last, but not least, there was the sum of \$6,793.48, in the current Operating Budget in the General Fund and this was added to the swollen Improvement Fund.

Then there is the approximately \$50,000 from interest from bank savings and bonds and the various sums for other projects that can be transferred.

patrolmen, and the officers withheld their fire, but stood by on orders from their station.

Detroit Police Commissioner Edward Piggins, Police Supt. Louis Berg and Senior Inspector Fred Wright were among the top police officials who arrived to direct operations at the scene after relieving the Farms policemen.

The five Farms officers were warmly thanked by Commissioner Piggins for answering the call so promptly and for standing by until relieved.

Kemp was holed up with two shotguns and two rifles, and it took 20 Detroit policemen 90 minutes to dislodge him from his home.

Detroit Patrolman Robert Buyse and Herbert Katlz responded to a "sick person" call made by Kemp's wife, Loretta, 60, and Dr. Edward Salem, Detroit city physician.

Greeted by Blasts

The two policemen were greeted by two shotgun blasts by Kemp, and they put in a call for help.

Polio Increases in Wayne County

Paralytic polio is on the increase in Wayne County. Since January 1, 164 cases have been reported. One hundred eleven since August 1. More than 100 of this year's victims have paralysis compared to 18 during the entire year of 1957.

The age spread, from three months to 47 years, points out the need for immunization with Salk vaccine, according to William J. Young, Jr., chairman of the Wayne County Chapter of the National Foundation. There is plenty of vaccine, he said. In fact, some will have to be destroyed if not used very soon, then the manufacturers may cut production of the vaccine because of public apathy, and a shortage could develop.

According to doctors, the first shot of the vaccine provides about 30 per cent immunity against paralytic polio and it takes 3 weeks to develop this effect. The second immunization, 4 to 6 weeks after the first, and the third, 7 to 10 months after the second, provide high immunity. The level is so high that 80 out of every 100 persons will be safe from contracting polio.

The polio cases are scattered all over Wayne County: Dearborn, 2; South Dearborn Twp., 2; Garden City, 1; Grosse Pointe Farms, 3; Grosse Pointe Woods, 1; Lincoln Park 4; Livonia, 3; Redford Twp., 3; Rockwood, 1; Taylor Twp., 3; Wayne, 3; Wyandotte, 5; and Detroit, 133. Ten additional cases are awaiting confirmation of diagnosis.

LARCENY REPORTED
Mrs. Octavia Lockren of 1012 Beaconsfield, reported the theft of several pieces of lawn furniture, four aluminum chairs and a barbecue grill, from her garage on Saturday, August 23. Total loss value was set at \$29.

A Case Where Two Means Twice as Bad

—Picture by Robert H. Cooper

The above predicament resulted on Sunday, August 24, when Robert Birkenshaw of 19633 Woodcrest, Harper Woods, backed up his brand new pickup truck into the water at the foot of Lakeland avenue to hook his boat onto a trailer. The only thing that happened was that the trailer hit the boat with a bang and the truck became stuck in the muck and water up to "here." Birkenshaw waded to shore and put in a call to his wife,

who came to the scene with a brand new Cadillac and with their four children. With the children still in the car, Mrs. Birkenshaw backed up the car with the intention of hooking a chain to the truck and pulling it out of the water. She, too, became stuck. Her husband waded to the car and called for AAA help from the car's phone. It took all of three hours to haul both vehicles out.

District Dems In Key Roles

Fourteenth Congressional District Democrats played a key role last weekend as the State Democratic Convention rounded out its slate of statewide nominees and adopted a platform described as the most progressive one ever put forth by a Michigan political party.

The 14th delegation was the second largest in the state convention, representation to which is determined by the Democratic vote cast at the previous statewide election. The district cast 121 votes and was topped only by the heavily populated 16th District.

The party's state ticket in the November 4 election will include Governor G. Mennen Williams, John B. Swainson for Lieutenant Governor, Philip Hart for U. S. Senator, Secretary of State James Hare, Attorney General Paul Adams, Treasurer Sanford Brown, and Auditor General Frank Szymanski are from the 14th District.

Marvin Taormina, District Democratic party chairman, led the 14th delegation. Luther Campbell, 9342 Pryor, was delegation vice chairman, and Catherine Wagenlander, 1200 Ashland, served as secretary. On convention committees were Steve Vezmar, 5107 Marcellis, credentials; Ted Souris, 344 Fisher, Grosse Pointe, resolutions; William Coughlin,

Youngster Hurt Crossing Street

A three-year-old Woods boy who was anxious to greet his home-coming father, was hit by a car as he ran across the street near his home. He was not seriously injured.

Gregory Bertelsen, son of Mr. and Mrs. Bertelsen of 1425 Aline, was running to meet his father, and ran into the path of a car driven by Joseph J. Nuzback, 49, 1296 Aline, and was knocked to the pavement. The mishap took place on Thursday, August 21.

A police report disclosed that Nuzback, going west on Aline, was directly behind the car driven by Gregory's father, traveling about 15 miles an hour. Bertelsen pulled over to the curb across the street from his home, and Nuzback passed him and hit the boy.

The Gregory child was taken to Bon Secours Hospital. Mr. and Mrs. Bertelsen exonerated Nuzback of any blame, and the driver was released.

State Fair to Include Old Drug Store

Recreation of a drug store of the type that grandpa went to as a boy will highlight the exhibit of the Michigan State Pharmaceutical Association at the Michigan State Fair which opens a 10-day run on August 29, continuing through September 7.

The Association's theme for the Fair is "Careers in Pharmacy" with the thought in mind of showing the would-be student and his parents how pharmacy has progressed in the past 50 years.

The "drug store" will consist of Howard Mordue's medical arts apothecaria display, which represents a portion of the rich heritage of today's pharmacist.

It dates back to the late '90s with the actual date of production of the fixtures set a around 1885. The fixtures, all made of butternut wood and trimmed in mahogany, were actually in a drug store in the Thumb area.

The collection includes an array of drug bottles, pill rollers, konseal machines, capsule machines, tablet presses, mortars and pestles, balances and books of the time.

The exhibit is under the sponsorship of the Michigan State Pharmaceutical Association's state committee for Careers in Pharmacy. Chairman is Dr. Stephen Wilson, dean of the Wayne State University College of Pharmacy.

Others on the state committee include: Dr. Edward Claus, Dean of Pharmacy, Ferris Institute; Dr. Thomas Rowe, Dean of Pharmacy, University of Michigan; Stewart Steffy of Jackson, president, Michigan State Board of Pharmacy, and Bert Brennan, president of the Michigan State Pharmaceutical

Association from Saginaw. Members of the Greater Detroit Committee for Careers in Pharmacy include: Victor Hecker, president, Detroit Retail Druggists Association; Lloyd Hunter, Cunningham's;

Arthur Sorenson and Gordon Goyette, Parke-Davis; Earl Van Wassenhove, McKesson-Robbins; Nellie Davis, Edward Superstein, Henry Maicki, Raymond Moss and Mary Kelly Mullane.

A few centuries ago the kind of bread a baker sold his customers indicated the baker's standing. The degree of freshness was of great import, too. Freshly baked was for royalty, one-day old for nobility, two-day old for the gentry, three-day old for scholars and friars, and four-day old for the peasants.

Outspoken auto critic calls it

the finest car in America

Tom McCahill tests cars . . . in his own way and under his own belligerently honest set of rules. He writes about those tests with a conviction that leaves little room for tact. The first paragraph of his article in the July issue of Mechanix Illustrated states it with typical bluntness: "... the outstanding car built in America, bar none, is the 1958 Imperial." The story winds up with this equally unequivocal statement . . . "In four words—It's America's Finest Car." In between, there are approximately 600 words of straight, unadulterated excitement for this 1958 Imperial. Sample a few: "It's a big car in every way, but behind the wheel you feel it's small. That's because the steering is so light, accurate and positive." "... the suspension, best in the country, lets you maneuver as if it were 2000 pounds lighter and several feet shorter." "There is no car made in America (with the exception of the Chrysler 300) that can match it around a hard bend." "... there is no comparison—Chrysler Torsion-Aire suspension is miles ahead in every respect, particularly in safety and control." "With this Auto-Pilot, it would be conceivable to drive all the way from New York to Chicago and only have to touch the accelerator four or five times, after stopping for tolls." "In four words—It's America's Finest Car." If you want the complete rundown on Imperial, read Tom McCahill in the July issue of Mechanix Illustrated.

College Freshmen Conference Planned

The annual College Conference for
Freshmen, sponsored by the Grosse
Pointe Memorial Church, will be
held next Wednesday, September 3,
at 5:45 p.m. in the church house. Get-

ting ready for the event are, left to
right:—SUE McKEE, BOB PETER-
SON, JANET COLLINSON and TOM
FINCH.

—Picture by Fred Runnells

First held three years ago,
the conference provides an op-
portunity for freshmen to
learn about college life by
talking with upperclassmen. It
is also a chance to see many
friends for a last time.

The conference will begin
with registration in the wo-
men's parlor of the church. A
buffet dinner will follow in
the men's lounge. Presenters of
the colleges represented and a
huge "Class of '62" banner
will decorate the walls. A
record player will provide a
background of college
melodies.

After dinner, three speakers
will discuss the three sides of
college life: the scholastic, the
social, and the spiritual. Fol-
lowing each speaker, the
freshmen will have an oppor-
tunity to question a faculty
of upperclassmen representing
schools of varied size and loca-
tion. This faculty will include:
Lorna Maguire, Tom Kaser,
and Stu Smith, University of
Michigan; Stew McMillin and
Gail Schleicher, Michigan
State University; Dennis
Hykes, Purdue University; Virginia
Thompson, Duke University;
and Judy Morang, Wellesley
College.

Planning the conference is a
committee of six freshmen:
Janet Collinson, Oberlin Col-
lege; Tom Finch, Michigan
State University; Jim Kelly,
DePauw University; Sue Mc-
Kee, Northwestern University;
Bob Peterson, University of
Michigan; and Sally Whitting-
ham Smith.

The dinner is being handled
by a committee of mothers,
headed by Mrs. Eugene Kelly,
and assisted by Mrs. Melville
Collinson, Mrs. Manfred Whit-
tingham, and Mrs. John Finch.
Reservations may be made
by calling the Grosse Pointe
Memorial Church office (TU
5-3773). The cost is \$1.00 per
person.

All college freshmen are
invited.

Two Teenage Car Thieves Nabbed by Shores Police

Shores police arrested two
juveniles in a stolen car on
Thursday, August 21, before
the vehicle was reported miss-
ing.

The juveniles, both boys,
were 14 years old and 15
years old, and both are from
Detroit, according to Shores
Police Fred Duemling.

The car the teenagers were
in, was spotted near 22 Sun-

ningdale, by Patrolman Joseph
Vitale, with the 15-year-old
behind the wheel. The vehicle
was traveling on the wrong
side of the street.

When stopped, the older lad
could not produce a driver's
license, or car registration,
and they were taken to the
Shores station by Vitale,
Shores Police Sgt. Earl Wake-

ly and Woods Patrolman Ste-
phen Petrick.

At the station, both boys
admitted stealing the car,
owned by Jack C. Bramble of
2151 Beaufait drive, while it
was parked on Marquette
drive in Detroit.

Detroit authorities were no-
tified of the theft, and the
car was returned to the owner,
who had not missed it at the
time.

The 15-year-old was given a
ticket for driving without ob-
taining an operator's license,
and he and his companion were
turned over to Detroit police.

The two lads have been in-
volved in car thefts before,
Chief Duemling said.

Nearly 9,000 surgical opera-
tions were performed at Uni-
versity Hospital in Ann Arbor
last year.

In Pointe Memorial Church; In Bermuda
For Honeymoon

Donald Eugene Waggoner, son of Dr. and Mrs. C. Stanley Waggoner of Windmill Pointe drive, claimed Beverly Kay Spencer as his bride Saturday noon in Grosse Pointe Memorial Church.

The bride, daughter of the Gerald W. Spencers, of Flint, wore a white Italian silk gown accented with seed pearl appliques. Matching seed pearls trimmed her cap and veil, and she carried white orchids and stephanotis.

Gail Jo Higgins, of Flint, was her cousin's maid of honor. Bridesmaids included Jane Waggoner, sister of the bridegroom; Mary Schafer and Carol Gates, of Lansing, and Beverly Poore, of Flint.

The attendants donned orchid ballerina length frocks trimmed in lavender and lacy white picture hats. The honor maid carried lavender and white fuji mums, and the other attendants had white fuji mums.

For the wedding and garden reception which followed at the Waggoner home, Mrs. Spencer chose a golden beige silk shantung dress with matching shoes and green accessories.

The bridegroom's mother wore a dress of royal blue silk faille with matching accessories.

William A. Waggoner was his brother's best man. Ushers were Jay C. Beckenhauer, of St. Clair Shores; William A. Spencer, of Flint, brother of the bride; Lawrence T. Clark and John O. Walton.

After a Bermuda wedding trip, the couple will live in

Now, through National Bank of Detroit's College Education Plan, the broadening, enriching benefits of college are more easily and readily available to young people. Now, thousands of deserving high school students in the Metropolitan Detroit area who could not have gone to college can go. And many students already in college can be relieved of the threat of staggering financial difficulties! The plan in a nutshell: NBD advances payments, covering the student's major college expenses, to any accredited college or university.

The payments, which become a loan to the student's parents, guardian or sponsor, are repaid in installments over a period of up to 6 years. So by budgeting the cost of the education over a longer period of time, you never face a large cash outlay and the plan enables you to guarantee completion of the college program.

How do you get details? Just call the manager of your nearest NBD office or, better yet, drop by and talk with him. He'll be glad to show you how the National Bank of Detroit College Education Plan puts higher education within your reach right now—simply, inexpensively and conveniently.

SUMMARY OF MINUTES
AUGUST 18, 1958

Meeting was called to order at 8:00 P.M.

Present on roll call: Mayor William F. Connolly, Jr., Councilmen Henry E. Bodman, II, J. Lawrence Buell, Jr., William G. Butler, Richard L. Maxon and Edward C. Roney, Jr.

Absent: Councilman William G. Kirby.

Mayor William F. Connolly, Jr. presided.

Minutes of the regular meeting held on August 4, 1958, were approved with minor changes.

An application of the Grosse Pointe War Memorial Association for a permit to construct additional parking facilities was referred to the Board of Appeals at a meeting to be held September 15, 1958.

A petition from the Grosse Pointe Methodist Church appealing to the Council for temporary relief in complying with parts of the Zoning Ordinance, which require parking facilities, was ordered presented to the Board of Appeals at a meeting to be held September 15, 1958.

Permission was granted to Mr. A. H. Trowell of 319 Kercheval Avenue to erect a 6' high board fence along the Kercheval Avenue side of his property, provided that he agree in writing to screen the fence with proper planting and to properly maintain the plantings.

The following reports were received and ordered filed:

- Police Department for the year ending June 30, 1958.
- Police Department for July 1958.
- Fire Department for July 1958.
- Building Department for July 1958.

A petition signed by residents on Merriweather Road between Ridge and Charlevoix requesting that new curbs be installed in that block was received and the necessary work was ordered included with the regular curb work to be done in the near future.

The bid of George H. Souter and Company in the amount of \$6,381.00, being the low bid, for resurfacing Beaupre Lane, Municipal Building Courtyards and the Public Works Garage Courtyard was accepted.

The City Engineer was authorized to prepare plans and specifications and to take bids for resurfacing sections of Moran Road between Lakeshore and Grosse Pointe Boulevard.

The City Engineer was authorized to prepare plans and specifications and to take bids for replacement and repair of curbs and for repairing sidewalks at various street intersections.

Patrolman Glanert of the Police Department, having served his one year probationary period in a satisfactory manner, was confirmed as a regular employee.

Discussion of rules and regulations regarding the Police Department was deferred to the meeting of September 8, 1958.

A communication was received from Chief Walter R. Hoyt of the Police Department requesting that he be continued in the employ of the City after October 21, 1958, at which time he will have attained age 60.

The members of the Council were unanimous in the opinion that Chief Hoyt had performed an excellent service to the City during his employment and, especially, as Chief of the Police Department, but that under rules adopted by the Retirement Commission, they were of the opinion that no extension in service could be granted and, therefore, his request was denied.

Due to Labor Day falling on September 1, 1958, which would be the regular Council meeting date, the meeting was postponed to September 8, 1958.

Approval was given to enter into agreement with Wayne County whereby the City will pay a fee of \$50.00 per month for the use of the Wayne County Teletype machine installed in the Police Department.

The balance of various General Fund appropriations made in the 1957-58 budget were authorized transferred to the Reserve Fund.

The 1958 City tax of \$34.74, which was incorrectly assessed against the Estate of Antoinette O'Connor, was ordered cancelled.

The meeting adjourned at 9:45 P.M.

Thomas B. Mann Host At Party For His Son

Thomas B. Mann, of Chicago, Ill., and formerly of Meadow lane, gave a cocktail party Saturday for his son, David B. Mann, and Marlis Fasting, of Braunschweig, Germany, who is to become David's bride in December.

David's brother-in-law and sister, Mr. and Mrs. Henry Otis Chapman III (Judith Mann), of Northbrook, Ill., attended the party.

David, who has been stationed in Frankfurt with the army, expects to be released in November. The wedding is to take place in Braunschweig.

Red Cross Sets Canteen Class

Mrs. John F. Hering, Detroit Red Cross chapter Canteen Services chairman, has scheduled a training class for canteen volunteers to start at 10 a.m., Wednesday, September 17, in chapter headquarters, 153 E. Elizabeth. The class will continue until 3 p.m. during each of four sessions.

The schedule allows two additional Wednesdays when class members will have an opportunity for 'on the spot' experience. They will assist with canteen duties on a bloodmobile assignment or at the canteen counter in chapter headquarters. The final class will be held on October 22.

"We believe this procedure will be a better demonstration of the service canteen volunteers render than a strictly classroom situation has provided," Mrs. Hering said. "Although canteen volunteers are trained for duty in time of disaster, we are on the job day-by-day helping Red Cross serve the community, usually during the middle of the day. Some of us take late evening and early morning assignments on bloodmobiles which serve people who work in plants during those hours, or with community bloodmobile installations which are open evenings for the convenience of those who must come after the usual dinner hour. Although most of our volunteers are actually preparing and serving food, including the dinners for hospitalized veterans who are the chapter's guests following athletic events, some of us do desk work and serve as cashiers at the chapter canteen."

"Any woman who is interested in helping provide this service in the Red Cross, is invited to call WO 1-3900, Monday through Friday, from 10 a.m. to 3 p.m. to register for the class, although registration will remain open until the first session."

The former JANE ELIZABETH HAWLEY, daughter of Mr. and Mrs. Nelson Zimmer of Lakeshore road, was married on August 23 to the son of Mr. and Mrs. Ralph Patrick Barrett of Ferndale.

In a double ring ceremony at home before the immediate family, Jane Elizabeth Hawley, daughter of Mr. and Mrs. Nelson Zimmer of Lakeshore road, was united in marriage to Robert Dick Barrett, son of the Ralph Patrick Barretts of Ferndale on Saturday, August 23, at 2 o'clock.

The officiating clergyman was Reverend Richard H. Williams of Mount Clemens, who had married the bride's parents.

The bride chose a white ballerina length dress of silk organza over taffeta with an empire waist. A flat peau de soie bow held the shoulder length veil gathered at the back with a lovers knot of tiny seed pearls. She carried white cymbidium orchids and lily.

The bride's only attendant, Mrs. Paul Weston of Peckskill, New York, wore a short pink imported voile dress with a tucked bodice and a headband of pink velvet. She carried a nosegay of pink carnations and ivy.

Ralph Patrick Barrett, Jr., of Ann Arbor was his brother's best man.

Mrs. Zimmer chose an Alice blue lace sheath with blue accessories and wore a pink orchid.

Mrs. Barrett wore beige lace with beige accessories and a leopard orchid.

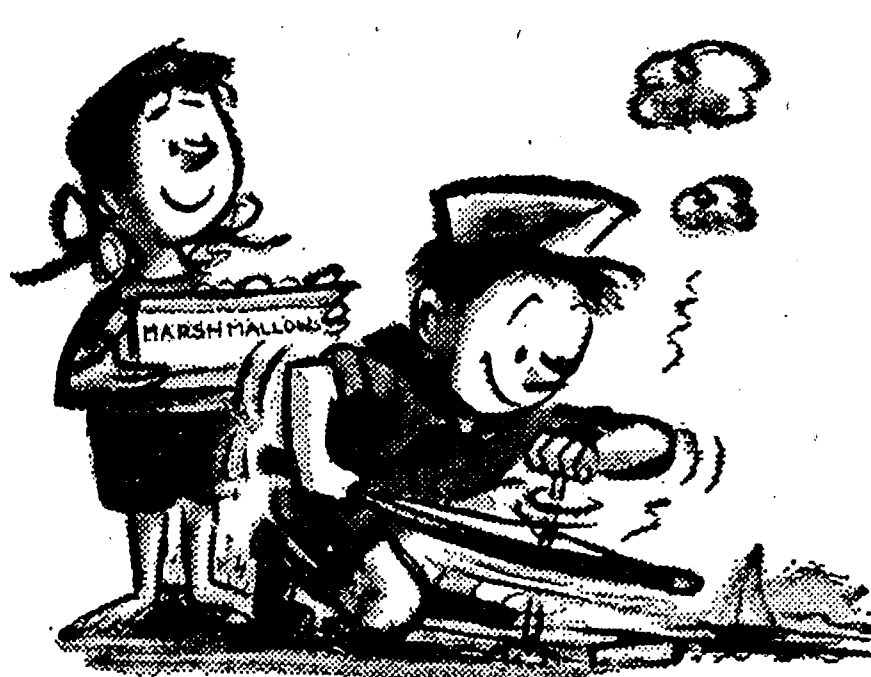

The ceremony took place in the living room decorated with pink roses and the silver candelabra held pink candles. A pink cloth covered the table which held the cake and tea service.

The bride's going away costume was a green silk suit with bronze accessories.

After a trip south they will be at home after September 1 in Indianapolis, Ind.

When buying your lemons for lemonade, the Detroit Consumer Marketing Information agent says you might compare the cost of a dozen medium sized lemons to 4 cans of frozen lemonade concentrate (sugar already added) or a pint of bottled lemon juice. They all produce about a gallon of lemonade.

Let's Get Going

Councilmen of the Park, Farms and City have had in their possession for more than a month now, the report on a survey made to determine the feasibility of consolidating the three municipalities. There has been little publicity on the report because the officials of the three cities requested that they be given a chance to study it and discuss it among themselves before being subjected to pressure from either proponents or opponents of the proposed merger. The newspapers were just supplied with copies of the report this week.

The survey was made by the Citizens Research Council of Michigan, at the specific request of the City of Grosse Pointe, with the knowledge of the Park and Farms. It has been no secret for some time that the City officials have evinced by far the most interest in such a consolidation plan, although the late Mayor Homer Fritsch of the Park was an avowed supporter of a merger proposition. The Farms has been the least tolerant towards the idea and at a recent meeting Farms Councilman Edward Roney remarked that he regretted that the original news story on the survey gave the impression that the Farms had joined in the request, thereby making it necessary for the council to take action.

This is a regrettable attitude. It is certainly to be hoped that some action will be forthcoming after the report has been thoroughly digested. The summer months always bring interruptions in the carrying on of official business, but now that this period is drawing to a close things should get back on their regular schedules. It is understood committees are being set up by each of the three cities to meet for discussion on the report.

There is nothing new about the consolidation proposal. It has been tossed back and forth for years, with nothing very concrete done about it. In the meantime it has become necessary for the various Pointes to get together for joint action on a good many projects. Much time has been wasted in many instances, one example being called to mind by the resurfacing of Fisher road from Maumee to Kercheval this week. For years the Farms and City argued over boundary lines in this street which separates the two. Even after the line was finally established, it was necessary to hold further meetings and discussions over the proposal to improve the paving, division of costs, etc.

In instances where the Pointes have gotten together on such projects as a joint police and fire radio communication system, they have worked out very well. The Farms and the City share the same water supply system. They were once a single municipality until they got in an argument over saloons which then existed in the City, but not in the Farms. Now the exact opposite is true.

The residents should be intensely interested in this survey made by experts who claim that savings of up to half a million dollars a year coupled with greater efficiency, could be accomplished by consolidating. If there is any tendency on the part of the various councils to procrastinate in taking action, the pressure should be applied by the citizenry.

We have been mystified for a week as to why all the big fat hush-hush on the DOTTO mess, as it is so fondly called on Madison Avenue. ALL DOTTO fans will know what we are talking about. One of the best quiz shows on the air, yanked off without a word of explanation from ANYONE. Don't know about Michiganders but it was estimated that Jack Narz, the Emcee of the show, had about six million viewers. Naturally they would be interested in its demise. When we first called the station that carries the program, we got a busy signal for fifteen minutes. Later we were simply told it was canceled. THAT, we knew!

No word appeared in any of the newspapers, so we telephoned a spy in New York, in the advertising business and asked him for the score. He called back to say he could get NO info... everything was a top drawer secret and that was that. The following day, while listening to Bill Kennedy's show on CKLW... he gave out the entire story... which he said was relayed to him from a New York newspaper! We then called the dailies here and asked WHY the local papers didn't carry this TV shaking event which will no doubt affect ALL quiz shows on the air. They said they could get no confirmation from New York about anything... and therefore could not print anything. Soooo, Pryor, not being as persnickety as most, decided to print the story in the column and New York brass on Madison Avenue be hanged. We wrote out the entire "mess" as we caught it from New York papers... when lo and be-what-not... the dailies FINALLY came out with it on the front pages of their papers last Monday night... SEVEN DAYS after the scandal broke in the East and was printed there.

Far be it from us to criticize the TV editors of the big newspapers... but maybe they ought to find out that Television happens to be a big industry that is here to stay. This story will rock the foundations of that industry no end and we have still not heard the end of it by any means... so WHY all the indifference on the part of the dailies???? Our hat is off to Bill Kennedy for starting the ball rolling on his program while the news was HOT as a pistol just fired and a small bow to our local papers for FINALLY seeing the light of day!

Incidentally, we read in a California paper, (BOY do we get around!) that the company who owns Dotto is also being sued for over three million dollars by a agent on the Coast who claims they stole his TV story idea called "Courtroom" and turned it into "The Verdict Is Yours." We'd hate to see that one go off the air... it is terrific.

We LOVE this true tale sent to us through the mail from Chicago. It seems a young engaged couple was planning the wedding invitations... as to script, type of ink etc... or rather the families of both youngsters were going through the pangs of choosing. We shall call the bridegroom-to-be, Charles... who had a brother, Henry. The families decided to have a "sample" invitation printed to see how they liked it. In due time the sample arrived at the bride-to-be's house. Her family looked it over and approved as did the daughter... then they carried it over to the boy's house to see if HIS family approved. Everyone in sight agreed that it was perfect, including a few odd relatives... so the order was put through for 900 invitations.

As soon as they had been mailed, the gal's mother began to receive startled telephone calls. Instead of putting CHARLES on the invitations, they read "HENRY." (This is the brother!) This in itself is not exactly the most hilarious thing that ever happened... it was too late to do anything about it so the families had to take some gentle ribbing. What WAS funny is that everyone was so embroiled in what kind of ink and type to use that not ONE of them caught the wrong name in the proof... including the boy in question!

Thank goodness some nice young American man who is against sack and balloon dresses is going to design something normal for this Winter and next Spring. Not since 1926 and 27 have we seen such ugly styles... nor have we seen anyone wearing them... but then we never go anywhere except to a dark movie theater. Skinny women might get away with it... but even a woman with a GOOD figure looks like aich. Well, anything to get the gals to spend money on new clothes. Reminds us of a time YEARS ago when we finally saved up enough money to buy a mink coat. (Working on ANOTHER paper at the time!) Anyways, we were so pleased with ourselves and took weeks to pick out just the right one. At that time, coats were down around the ankles... so naturally that's the kind we bought. The VERY following Winter, all new styles came in and coats were now only chic if they hit the middle calf.

With deep sorrow but young enough to want to be in style, we had the thing chopped off. So help us Hannah, two winters later, they were back down around the ankles again and we felt like a horse collar in our short job... so this time there was nothing to do but have a jacket made of it. Our present coat is LONG and LONG it will stay no matter what a freak we might look. Styles, UGH!

If you want to know where the young fry pick up some of their grown-up knowledge... here's an idea. A woman we know who has teen-aged children who are ALWAYS yakking on the phone... decided to have a private phone put in for herself. After she had had it about a week, her small nine-year-old son came to her one day and asked: "WHY do you call that phone in your room a private phone? Does that mean that when I pick up the phone I can't hear what you say anymore?" Well, that's tellin' you fat lady.

We picked up a painting at Joseph de Grimme's last week... PICKED UP that is, after we laid the money down! It is SO beautiful we just stare at it and drool. If you have an art collector on your list of pals... tell 'em about ANY paintings done by M. Rice. They are exquisite and we would give our eye teeth to own the entire collection.

And we cannot mention the Galleries de Grimme without paying homage to the beauteous Hildegarde, (Mrs. de G). Her magic hands have done restorations we would not have believed possible. Begrimed paintings become things of beauty again under her talented touch. A fine artist in her own right, she does a lot of work for New York museums and wealthy art patrons throughout the country. We think she can't be sufficiently appreciated in her own home town. That's all folks.

What Goes On at Your Library

By Jean Taylor

If you are a library user, you will miss some familiar faces at the library this fall, whether you use the Park or Woods Branch, or the Central Library. We are sorry to lose valued members of our staff, but extend a hearty welcome to our newcomers.

William J. Kimbrough—known to everyone as Joe—has been film counselor at Central for the past two years. He will take over his new duties as Librarian of the Sturgis Public Library, in September. Mr. Kimbrough has done much to promote the work of the audio-visual department of the library, which included a series of television programs presented last winter by the Dearborn and Grosse Pointe Public Libraries. The display cases and poster publicity also took on a "new look" under Mr. Kimbrough's skillful hand. We are happy that Mr. and Mrs. Kimbrough and son Charles will still be residents of Michigan.

Suzanne Souder, who worked for a time at Central, and more recently at the Woods Branch, is moving farther afield. She has accepted the appointment of Librarian of Monterey Junior College, and is now at work on a four-week course to obtain her California certificate. With a new building in the offing, Miss Souder's natural enthusiasm is given full rein. Plans and blueprints are her chief concern at the moment.

Patricia Grobbel resigned from the Circulation Department at the Central Library in August. Specially skilled in various types of art, Miss Grobbel's plans are not definite yet, but she hopes to continue her studies in this field for which she has unusual talent.

Joan Krausmann's recent appointments will also be of interest to her many library friends. Miss Krausmann resigned from the Circulation Department of the Central Library a year ago to attend the University of Indiana Library School. Now, full-fledged, she has accepted a position in the library of the engineering division of the Chrysler Corporation in Highland Park, beginning September second.

We welcome two new assistants in the Central Library's Circulation Department, Mrs.

Walter Clemenson and Mrs. George Lowrie. Both have been borrowers here for many years, and need no introduction to most of our library users.

We are delighted, too, that Mrs. William Niemetta, who has substituted from time to time at all three libraries, is to be, as of next month, full time assistant at Central.

There will be a change or two in the Branches, also. Mrs. Anne Carpenter, also a resident of Grosse Pointe, and a former library user, will replace Barbara Goulette at the Park Branch. Miss Goulette will return to her home base, the Woods Branch.

Mrs. Lorne Knister has accepted a temporary appointment, working half-time at the Woods Branch. Mrs. Knister was a children's librarian in the Detroit Public Library for a time, and has had valuable experience also in the children's department of the Cleveland Public Library.

The news of library staff members would not be complete without mention of an important newcomer, John Lutton Schmitz, not yet two months old. His mother, Mrs. Donald Schmitz, nee Peggy Lutton, was formerly a member of our library staff.

Also, Kenneth Trevena, Assistant Custodian at Central, boasts a new daughter, Kimberley, born this month.

Park Approves Pool Project

The Park council on Monday, August 25, approved a bid of \$44,230, for improvements to the swimming pool in the waterfront park. The project will start some time in the fall.

The city has already spent \$3,135 for the installation of a fence and other minor improvements in the park.

The work awarded Monday is for the base construction of the pool, such as a cement floor and tiling.

The present cement flooring was poured in 1931.

"A second thought on first aid"

by Fred Kopp, R.Ph.

We're constantly amazed at the number of children who cut, scrape and bruise themselves within sight (and sound) of our pharmacy. We do a big business in antiseptics, bandages, and other first-aid items. Same everywhere, probably. But sometimes we wonder if people don't depend too much on first aid—neglect proper medical attention. If there's the slightest question in your mind following what appears to be minor injuries, see your physician. First aid has definite limitations. You can only be sure of proper medical care by seeing your doctor. A prompt visit can save a half dozen later.

It's been three years since Col. and Mrs. Arthur Pfannenschmidt left Hunt Club drive for a stint in Europe . . . Heidelberg, Germany, was mainly their headquarters . . . and they have just returned to the Pointe. This is good news for the many local organizations of which Mrs. Pfannenschmidt is a member. They recently completed the move into a home in Virginia lane.

Center Group Helps Hospital

Every Tuesday between 10 a.m. and 3 p.m. a group of dedicated women meet in the recreation room of the Grosse Pointe War Memorial to make the hospital supplies always urgently needed by the Children's Hospital.

These are many and varied including burn dressing, anesthesia masks, prep sponges, throat cultures, tongue depressors and bronchoscopes as well as ordinary surgical dressings and bandages.

The Children's Hospital staff is far too busy to keep up with providing the supplies needed so, that the Hospital Auxiliary organized the Guilding at the Center to meet the demand. Volunteers receive a shoulder patch for the first 100 hours

of work and a stripe for each additional 100 hours. Also a cap is given for 200 hours service.

Many more volunteers are needed and are always welcomed. It is not necessary to stay from 10 a.m. to 3 p.m. every Tuesday — just come during those hours whenever you can for as long as you can. Many workers bring sandwiches and fix themselves a noontime snack in the Center's basement kitchen.

In addition to their labors the women of the Guild raised money last year for an incubator which they donated to the hospital.

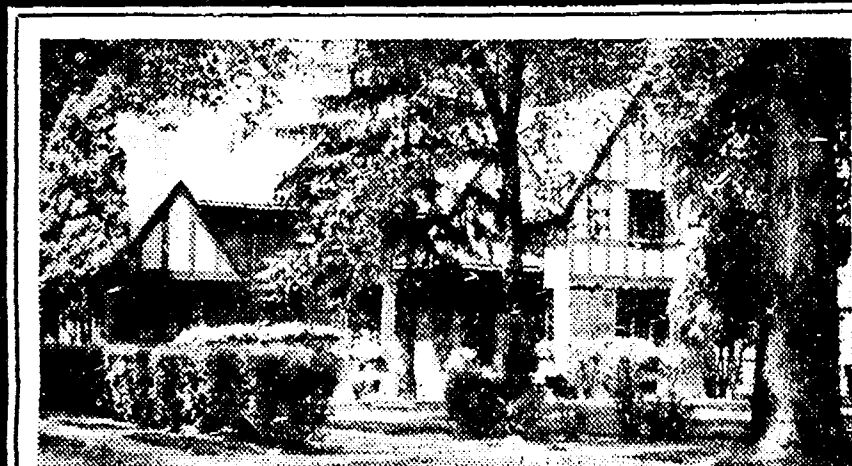

To become a champion, fight one more round.

Mrs. Liebold's brother, Elmer Gieser of Lochmoor boulevard, attended as did Mr. Liebold's two sisters, Mrs. Clara Bauer, of Detroit, and Mrs. Minnie Green, of Warren.

The Liebolds were married half a century ago in the Detroit home of her mother, Mrs. Ella Monnier.

The first newspaper ever printed on a train was issued by Thomas A. Edison when he was between twelve and thirteen years old. As a newsboy on a Grand Trunk local between Port Huron and Detroit, he set up a second-hand printing press in the baggage car to print his "Weekly Herald."

Exchange Vows Saturday Morning in St. Ambrose Church; to live in Nottingham road Following Eastern Honeymoon

After greeting guests at the Grosse Pointe Hunt Club, the Kenneth J. Solterischs, (Diane Martin), left on their honeymoon to motor to Cape Cod and New York City.

The daughter of the Donald A. Martins of Berkshire road and the son of the Otto J. Solterischs of Maryland avenue were married at 11 o'clock Saturday at St. Ambrose Church.

Diane's dress was of white Italian silk, with delicately frosted lace and seed pearls at the neckline. A matching lace and beaded crown held her fine illusion veil. She carried a cascade of white roses and stephanotis.

Wearing ice blue silk organza gowns, and carrying matching silk parasols with pink roses were matron of honor Mrs. Jerry J. Everard of Menominee, Mich., and bridesmaids Barbara Billingsly and Mary Ann Lambrecht.

Kenneth was assisted by Thomas H. Martin, brother of the bride, as best man.

Ushers were Renaud Solterisch and John Lawrence with junior ushers Ray Solterisch and Timothy Martin.

The newlyweds will live in Nottingham roads.

HOUSEHOLD HINT

Some like it white; some like it green. According to the Detroit Consumer Marketing Information agent you may find celery of both colors on the market these days. The difference is principally one of variety and the "blanching" needed by the white varieties. Michigan celery is coming to market in heavy volume now and is plentiful.

Yacht Club to Pay Honor to Young Swimmers

Boys and girls of Grosse Pointe Yacht Club's junior swimming team will be guests of honor at the Sports Committee's Presentation of Awards dinner slated for next Wednesday, September 3. All parents and children of the club are invited to attend.

The GPYC swim team took second place with 112 points in the Michigan Inter-Club Association's championship contest held August 23-24 at Western Golf and Country Club to climax the past summer's competitions.

By the time of the awards dinner, GPYC's own club championship will have been determined—there'll be an intra-club meet at the home pool on Labor Day, Sept. 1. It's for the special interest of those team members who did not participate in the Inter-Club competitions.

The 1958 team, co-captained by Jack Bannister and Eileen Cross, is comprised of 51 boys

and girls between the ages of eight and 16 years.

Como, Charles L. Jacobson, the club's top officer, and Dr. Harold E. Cross, sports committee chairman, will confer the awards, one for each team member.

The dinner gala at 7 p.m. will be staged around the outdoor pool, if the weather is fine. Otherwise it's to be in the ballroom lounge.

Edward J. Schoenherr will

be master of ceremonies and special guests at the speakers' table will be Clarence and Betty Pinkston, the team's coaches.

Top flight feature of the fiesta will be a big aquatic exhibition, including trampoline acts, by a galaxy of stars headed by U. of M.'s diving coach, Bruce Harlan, former Olympic diving champion, and Hoagy Billingsly, former national intercollegiate champion.

1,044 Pointers Belong to YWCA

The Young Women's Christian Association, a youth-serving agency made possible in Detroit and 39 suburban communities by the Torch Drive, listed 1,044 Grosse Pointe residents among its 1957 membership.

They were among 28,709 children, teen-agers, young adults, homemakers, wives, and mothers, who found recreation and education in the youth-serving program of the YW as members.

Activities of the YW include clubs, such as the Y-teens, Coed, After-dinner, Couples, Homemakers, and Neighborhood Mothers; informal recreation, including Saturday recreation for children and for mothers and daughters together, dances, picnics, camp week-ends for all ages, and drop-in and TV lounges; hundreds of classes in subjects ranging from Judo to quilting—from "Know Your Sock Market" to cooking; nurseries for children of members participating in the program; interest groups such as swimming, dancing, badminton, tennis, handicraft, child care, personality development, religion, and philosophy.

Ladies' Day Out and Homemakers' Holiday groups provide an informal educational and recreational program for young wives and mothers. Special activity groups provide trips to Washington, New York, Stratford, and college campuses; leadership training for youth and adults; Opera Night; production of The Messiah; worship services, camping, and world festivals; Town Hall series; travelogues; hobby displays; and training for babysitters.

There are many family groups organized within the YWCA, including swimming and square-dancing groups. All of these activities, under YW sponsorship, are made available to residents of the Torch Drive solicitation area.

Funds raised in the Tenth Annual Torch Drive, to be held October 14 through November 6, will be allocated to the two YWCA organizations - The YWCA of Metropolitan Detroit and the Dearborn YWCA - which together make the activities of the YW available to residents of the entire area.

Fair to Feature Hobby Festival

Detroit's first Hobby Demonstration Festival originally scheduled to be held at the Light Guard Armory, will be held in the Commercial Exhibits Building on the Michigan State Fair Grounds on September 18, 19, 20 and 21.

The show is being sponsored by Arts and Crafts Monthly magazine, and is believed to be the first show of its kind to be held anywhere. Exhibitors in the show will represent all the popular hobbies. The main purpose of the show is to prove, by actual demonstrations, that many hobbies which may seem difficult can actually be enjoyed by almost anyone. Exhibitors will strive to encourage people to adopt a hobby for the fun, relaxation and profit it can provide. Ceramics, weaving, jewelry making, woodworking, Photography, leathercraft, lapidary and model making are a few of the many hobbies that will be represented at the show.

A special feature of the show will be display of unusual hobby collections. Persons who own such collections are invited to contact Ernie Scott, Broadway 3-9000, to make arrangements to exhibit their collections at the show.

Elizabeth F. Mandel of 710 Rivard boulevard, was found guilty of not having her car under control and causing an accident while driving on Vernier road. The case was heard by Shores Judge John Gillis on Monday, August 18, who suspended sentence.

Lawrence H. Polkey of 27100 Jefferson, St. Clair Shores, was found guilty of running a red light at Lake Shore and Vernier and paid a fine of \$15.

Theophilus A. Dekeyser of 22512 Twelve Mile road, St. Clair Shores, paid a fine of \$25 for speeding on Lake Shore and driving with an expired driver's license.

Raps Williams For Sly Attack

Paul D. Bagwell, Republican nominee for governor, this week snapped back at Governor Williams' allegations linking James R. Hoffa to the Republican party.

"Intellectual dishonesty," he snorted, "Williams used Hoffa and his Teamsters union until they were no longer of any political value and then accused the Republican party of harboring them."

"In the 1952 election Williams campaigned in one of Hoffa's Cadillacs. Accompanying our chief executive in this donated automobile were Hoffa's nephew and his most trusted aide."

"And this isn't just hearsay," Bagwell said. "I have the licensed number of the Cadillac and the names of the two teamsters who accompanied Williams during that campaign. The car even bore Hoffa's name on the radiator."

"But now Hoffa's name and reputation are such that his support are no longer an asset. And so he has been magnanimously willed to the Republican party by the governor."

"It's an insult to the intelligence of the voting public to presume that the people will swallow such propaganda," Bagwell said.

"Williams had admitted he had erred in judgment. I believe the people would have forgiven him," he said, "but this blatant attempt to discredit the Republican party by such absurd claims is, to me, a political maneuver which will backfire."

"I expect this to become a major issue in the 1958 campaign," he said. "The governor set the table... now let him eat what he prepared."

THE UNITED STATES and Great Britain offered to suspend nuclear weapon tests for one year, and will join with Russia provided that country will begin negotiating on an international control network. President Eisenhower stressed such a ban would be significant only if it leads to limiting manufacturing of atomic, hydrogen bombs and other far-reaching disarmament steps. Britain's Prime Minister Harold Macmillan's Government announced that it will go ahead with its tests in the Pacific, confident that they will be finished by the end of October. John A. McCone, chairman of the American Atomic Energy Commission backed the President. He also said that the United States will complete its plans for atomic tests by October 31.

A RECORDED VOICE gave Scotland Yard one of its biggest scares in its 236-year-old history, when it boomed "Intruders have entered the jewel house at the Tower of London."

The Tower houses the priceless crown jewels. The voice was from a master burglar alarm set off by a broken beam, setting off one of the most spectacular alerts since Capt. Peter Blood stole the royal gems in 1671. Within minutes, squad cars loaded with bobbies drew up to the Tower with screaming tires. Scots Guards jumped to posts and scores of yeoman warders lumbered to emergency stations. The alarm was set off by Brig. Frederick Ethelbert Wieler, resident governor of the Tower, who wanted to see how well the jewels were being guarded. He was delighted at the results, but Scotland Yard did not share his joy.

The Reverend George H. Hann, Rector of All Saints' Episcopal Church, Saugatuck, Mich., and formerly director of Church Youth Service in the city of Detroit, will on September 1 become Assistant Minister of St. Michael's Church.

Mr. Hann is a native of New Jersey. He was graduated from the University of the South, Sewanee, Tennessee, and from the General Theological Seminary in New York City. He is well known in the community, having assisted the rector of St. Michael's on many occasions. He and Mrs. Hann, a native of Rome, Georgia, have

ALGERIAN REBELS seized a young American missionary, the Rev. Lester E. Griffith, the first Yank to be captured by Nationalists since their revolt against France began in 1954. The missionary, who is 33 years old, disappeared on a motor trip in eastern Algeria, where he has his mission post. The mission superintendent, M. Aurbucken, said Mr. Griffith was seized by the rebels last Monday. The French car in which he was riding was found burned on the highway between Fort National, about 87 miles east of Algiers, and Tizi-Ouzou, the departmental capital. The missionary came to Algeria in 1953 and was assigned to the village of Il Maten. For the last two years he has been working in the Grand Kabylie.

THE UNITED STATES, Britain and France delivered identical notes to the Soviet Foreign Office, in a move to revive the deadlocked negotiations for a possible summit conference. The notes were delivered as Russia assailed the American-British decision to continue their nuclear tests until October 31. The Soviet also accused the United States of failing to disclose that it had staged 33 such tests in the Pacific earlier this year. A Tass statement broadcast by Moscow Radio, said Soviet monitoring stations recorded the blasts between the end of April and July 26. American officials in Washington predicted that Russia would accept the Western Big Three offer after it made sufficient propaganda noise.

JAMES HOFFA, Teamsters Union boss, named retired Circuit Judge Ira W. Jayne and two others to an "anti-racketeering commission" to police his union. He made this move in a dramatic effort to purge his giant union of charges it is dominated by gangsters. Members of the Senate Rackets Committee, which exposed past criminal records of some of the Teamsters officials, jeered Hoffa's announcement as a new attempt to whitewash union corruption.

A BIG FIGHT raged between Chinese Nationalists and Chinese Communists when the latter attempted to invade one of the Quemoy Islands. The Nationalists said their sea patrols intercepted and drove back two Red flotillas, and following a third engagement, sank two Red torpedo boats and captured many sailors. A Nationalist Defense Ministry communique said the sea engagement took place after dark on Sunday, after the Reds bombarded the Quemoy Islands throughout the day. This morning the Reds opened up an artillery barrage for the third straight day. At least 229 Nationalists are reported dead on the island.

Smatterings

Mrs. Max B. McKee of Lake Shore road expects her son-in-law and daughter, Mr. and Mrs. John Groat, of LaJolla, Calif., to pay her a brief visit en route to New York early in September. Newcomers to Anita avenue and to Grosse Pointe are Mr. and Mrs. Randle DeHart, of Westport, Conn. They are at Pine Row, near Rochester, the farm belonging to Carol's parents, the Greene Fenleys Jr., of University place.

Most of the legislators are setting their sights on the November 4 election in which 35 Senate seats and 435 House seats are at stake. Senate proponents of a slash of the huge bill, fought for hours and lost. The foreign aid bill requested by President Eisenhower was 652 million dollars less than what he asked for, but it was still far above the total that some of the legislators wanted.

ALGERIAN NATIONALISTS brought new terrorism to France by shooting up police stations in Paris and setting fire to oil depots in the south of France, in 16 separate incidents. Police estimated 17 injured and say the explosion was heard for miles. This was the worst day of Moslem violence in France since the start of the Algerian rebellion four years ago.

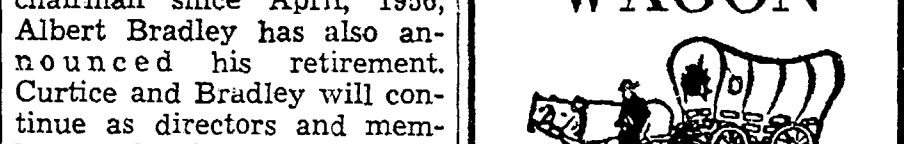

Officials feared it might be the beginning of a campaign that would increase until the Sept. 28 referendum on Premier Charles de Gaulle's new constitution, which is bitterly opposed by Nationalists.

By PAT TALBOT

When the railroad began to cover Michigan with its efficient network of transportation, more primitive modes of travel, the horse and buggy, the steamboat, the birchbark canoe disappeared from the Great Lakes scene.

For years in the Pointe the early settlers had gone to christenings, weddings and wakes in their "charrettes," paddled from Gaulker's Point to Connor's Creek in flat bottomed boats and canoes. Before the interurban made the daily trips to Mt. Clemens the favored transportation for long trips was the stagecoach.

In 1832 an advertisement ran in the "Detroit Gazette": "Judge Clemens (proprietor of a tavern), has recently established a stage to leave this city (Detroit) weekly after the arrival of the steamboat from Buffalo, and arrive at the seat of Justice of Macomb county on the same day."

This was the first stage route in the state and very popular with travelers. The stage ran until late in the 19th century when the railroad made it a losing financial venture.

In 1830 only three roads ran from Detroit East, near or through, Grosse Pointe. One was Jefferson avenue, which led into the "Avenue" or Lakeshore drive and was by far the most pretentious. The other was the present Mack avenue, (named for John Mack, an early settler), but then called Clinton road (after the Clinton river). It was little more than a dirt track.

The route the stage followed was Gratiot avenue, a road developed from an old trail traveled by the Moravian Indians. Capt. Charles Gratiot had been an engineer in General Harrison's Army when that doughty warrior had defeated the British in 1812. His engineer drew the plans for the original Fort Gratiot which became Fort Huron, and the road which led from it to Detroit.

It was to the barracks on Gratiot avenue, on the city's outskirts, and not far from Grosse Pointe that young Captain Grant came to an early command, long before he conquered Richmond. The soldiers he commanded and the barracks quarters were the first permanent army post in the area.

Along most of the stage route in the 1830's lay the famous "French ribbon farms" owned by Rivards, Beaupres, Cadieux and Verniers, which stretched all the way from the lake to the Gratiot boundary. Many were a bare two acres in width but many miles long. It was by these isolated farms that the weekly stage lumbered carrying passengers and mail to Mt. Clemens, Algonac and finally Port Huron.

You don't need to put the top up on your convertible or lock the doors while you shop... IF you just leave a watchdog in the car... We noticed no one ventured too close to the sleek black open convertible in the parking lot On the Hill... the one with the very determined-looking boxer sitting upright in the middle of the front seat!

Mrs. L. Gaylord Hulbert attended a recent party in a slim-jacketed yellow linen highlighted by tiny green and white lace fans.

Noted blonde Mrs. William C. Hunter at Grosse Pointe Yacht Club, pretty as a picture in an exquisite short-length evening dress of white chiffon, the bodice distinguished by solid vertical tucking and an off-shoulder neckline, and the skirt fullness controlled by fine, pleat pleating.

The always smartly dressed Mrs. Clement A. Pennell was in cream-hued taffeta with scattered, daub-like warp-print in brown. The V-necked bodice was sashed in slightly high-waisted effect with brown velvet ribbon. Fullness of the short skirt was released from unpressed pleats.

Mrs. Charles H. Wainman wore an ice blue brocade sheath, short length, most becoming to her blonde coloring. Tiny scattered sequins twinkled on the V-necked bodice.

And out on the dock, petite Mrs. Emmett McNamara stepped from the McNamara boat "Sun Bum", very smart in gray shorts of fine plaided wool, and a turtle neck gray sweater which looked for all the world like pullover sweater and cardigan separates.

Became a real conversation piece when a compliment on the matching set brought out the fact that it was all one trickily-knitted piece. Completing the stunning sports costume was a big white straw handbag.

Checking the holiday weekend plans of various local laddies, we came across one refreshingly honest matron. "No, dear," said she. "We have no travel plans, but all it would take is an invitation to just anywhere. I'm packed and ready to leave!"

PILFERINGS

A bright new convertible ran a red light and crashed into another car. Before the cop on the corner could reach the scene, a sportily clad character climbed out of the convertible and accosted the other driver.

"Why don't you fellows watch where you're going?" he demanded furiously. "You're the fourth car I've hit this morning."

A certain father's lack of hair greatly concerns his young daughter, who always has a word of sympathy whenever the subject arises.

One day when her mother was combing out a new permanent, the lassie stood by watching and commented, "What beautiful curls!"

"No, darling," said the mama. "They're waves."

"Poor daddy," lamented the youngster. "I'm afraid he's all beach."

Bennett Cerf's "A to Zoo" mentions that C is for the clams (steamed) that Steve Allen dined happily on a visit to Cape Cod. After six platters full, he knew he had had enough. A little burp told him.

MR. FRED A. SMALL OF MAUMEE AVENUE

By Kitty Marriott

—Picture by Fred Runnells

Alaska, whose approaching statehood has focused all eyes in her direction, is familiar territory to Fred A. Small. For eight years Mr. Small toured Arctic areas as a geology student and glaciologist.

After finishing high school in his native New England, Mr. Small took a job with the U. S. Weather Bureau, working at weather stations at Resolute Bay in Northwest Canada and Thule, Greenland.

In 1948, he recalls, there were nine Danes and nine Americans in Thule. He watched in amazement as it grew through the years to become the present giant U. S. air base.

Returning to school, Mr. Small majored in geology at Lehigh University and Goddard College. Upon graduation, he betook himself to Montreal's famed McGill University for graduate study in glaciology.

Alaskan Expeditions
After completing that first year of college, he had contacted the Department of Exploration and Field Research of the American Geographic Society. That summer, he found himself joining an expedition to Alaska under Dr. Maynard Miller, Doctor of Glaciology. Mr. Small subsequently served as Dr. Miller's assistant until 1953.

Among their projects were a series of trips, ranging in length from two to five months, to Juneau, the Alaskan capital. There is a 1,000 square mile icefield east of the city, Mr. Small explains, and their project was nicknamed "JIRP" for Juneau Icefield Research Project.

From 1952-55, Mr. Small worked for the U. S. Corps of Engineers in the Snow, Ice, Permafrost Research Establishment. Home base was Wilmette, Ill., but travel to cold regions was again involved.

In Sierra Mountains
His first assignment entailed participating in a weather study at Donner Summit, in the crest of the Sierra Mountains near Lake Tahoe, California. One of the best features of this job was that his wife, Midge, and their two children accompanied him.

Living conditions were unique; with 42 feet of snow outside their two-story cabin, they could use only the upper story door to reach the frosty outdoors.

In all, Mr. Small has gone on 15 expeditions, ranging in length from a fortnight to almost a year. From 1949 to 1955, he visited Thule annually, even if only for a single day.

Few people realize that Alaska has beautiful summer weather, he asserts, and

Glaciology is a hazardous business—for Mr. Small, it brings back such memories as a dunking in the 36-degrees-below zero Arctic Ocean while wearing heavy duty equipment, and the fateful time a crevasse opened beneath the spot on which they had pitched their tents.

On the first occasion, Mr. Small explains, he was hauled from the water speedily, but that brief submersion gave him time to think what might have happened if the current had swept him under the ice. In the latter incident, the tent floor saved Small and his two companions from plunging into the crevasse.

The Smalls are starting their second year with the Newcomers Club here in the Pointe. They joined with a bang last year, winning first prize at the fall costume ball.—Mr. Small went as a glaciologist complete with fur parka and ice ax, and his wife dressed as his IBM machine, wearing a large cardboard box trimmed with flashing Christmas tree lights and a small movie projector which showed slides of Alaska.

Glaciology is now Mr. Small's hobby rather than a career (his being away for long periods of time wasn't too nice an arrangement for the family), and he finds analyzing the results of an electronic computer brain make a fascinating study too.

A community commissioner for Detroit area Boy Scouts of America, Mr. Small will again tie in his glacial hobby when he shows "The Ice Men," a two-hour color movie from the High Adventure Series in September at the Scout Commissioner's Conference at Howell, Mich.

Mr. Small is justly proud of his membership in The Explorers' Club, that exclusive international fraternity which

Tennis anyone? The sport spotlight will be on the matches coming up... with many an admiring glance for the "Tan-line Dress"... featured at Margaret Rice. Designed by a veteran player, Mrs. George Dickey of Hall Place, Grosse Pointe. It's a real champion in action. The crease resistant pique is cut with a knowing hand... the wide neck line... lets you tan becomingly and for a touch of color and chic... your monogram on the pocket.

Here's quite a yarn... and it's all about sweaters! The kind mothers look for and find at Young Clothes. For example... there's the good looking bulky knit... button down sweater of Tycora. Just the thing to take the edge off a cool fall breeze. Also takes the edge off maintenance problems... just dunk in suds and rinse... it will resume its original shape without blocking.

Designed with a woman in mind! A brand new product called "Plinkies"... resembles a miniature pliers, but is glamorous enough for Milady's dressing table, where it is destined to loosen hard to open tops on nail polish and perfume bottles. Made of plastic... encrusted with pearls and rhinestones... it sets a shining example of helpfulness. Found at Trail Pharmacy... just three dollars.

Rising to any occasion... the coat collection at D. J. Healy. You'll find wonderfully styled coats that cover everything. Cashmere... in black, soft as a bird's wing... and high flying colors too... red, beige, blue, green, amber. Or if you prefer... Kashmir... with the same careful workmanship and wide color range. Tweeds are handsome in dark red tones and gray... these are lined in soft black fleece... some are cut in the new worthy three quarter length. Healy's has the coat for your fashionable appearance and weather wise comfort.

"Good Housekeeping"... is even better, when you have beautiful home grooming aids. Trust The League Shop in this department. The latest offering is a large handsome metal hamper... in pastel with a lovely painted floral spray... thirty-eight dollars.

Decoratively speaking... from blue prints to new prints... Wanamaker's Studio on Mack Avenue can help you achieve the effects you want. Whether you are starting from scratch to build a room... or just looking for a few appropriate accessories to complete your home... you're likely to find what you want there. Including a new look for your old furniture. Upholstering, refinishing and custom designing are skillfully handled in the studio's workrooms. Don't miss the value of the week... as it might be just the piece you want... at a very attractive price.

Hold on to fashion this fall! The elegant new bags, now on display at Jacobson's put style... right in your hands.
