TWELVE MINERS were rescued from the Cumberland No. 2 mine in Springhill, Nova Scotia. Rescue workers broke through a barrier of rock at 13,000-foot level and reached the 12 men who were still alive after being trapped for six days.

Miner Gorley Kempf, in the group of 12, whispered, "There are 12 of us here. Come and get us," through a six-inch broken airline, and was heard by the rescuers, including his nephew, Percy Weatherbee. One mine official said that it is possible that others may still be alive in the mine.

The miners were trapped by a tremendous underground upheaval. Of 174 in the mine at the time, 81 reached safety. Then rescuers began recovering bodies by ones and twos.

LOS ANGELES, through Mayor Norris Poulson, set off a wave of indignation and apprehension, demanding that the Atomic Energy Commission stop its all-but-completed atomic weapons test in the Nevada Desert.

The Health Department of that city insisted that as a result of the two nuclear explosions in the desert yesterday, radioactivity in the air rose 20 percent above the accepted safe level for human consumption over a period of months.

Saturday, November 1

SEVEN MORE MEN were found alive today in Springhill's (Nova Scotia) Number Two mine which was buckled nine days ago by an earth movement. There was no immediate indication whether any more had survived the upheaval.

The seven men were found shortly after tapping sounds were heard behind the debris at the 13,000 foot level. Their discovery awoke fresh hopes in the mining towns of 7,000 which was beginning to lose hope again after the miraculous rescue Wednesday of 12 other miners who had survived for six days with almost no water or food.

A DETROIT MOTHER learned Saturday that her 22-year-old son had been sentenced to prison by the Communist judiciary in Czechoslovakia after a secret trial.

Mrs. Bernadette Youngert, a widow who lives at 12016 Longview, said she had been notified by a State Department official that her son, Pvt. Cole Joseph Youngert, had been sentenced to ten months in jail on charges of illegally crossing the border from Germany into Czechoslovakia.

Monday, November 3

A HI-JACKED AIRPLANE—its pilot flying with a pistol held at his head—crashed in Cuban rebel territory early Sunday, killing 17 persons, six of them Americans.

The Cubana Airline plane, a four-engine Viscount, was seized minutes after it took off from Miami for Havana with 20 aboard. Only three survived after the airliner plowed into the Bay of Nipe, just short of a darkened airfield in territory held by Fidel Castro's rebels.

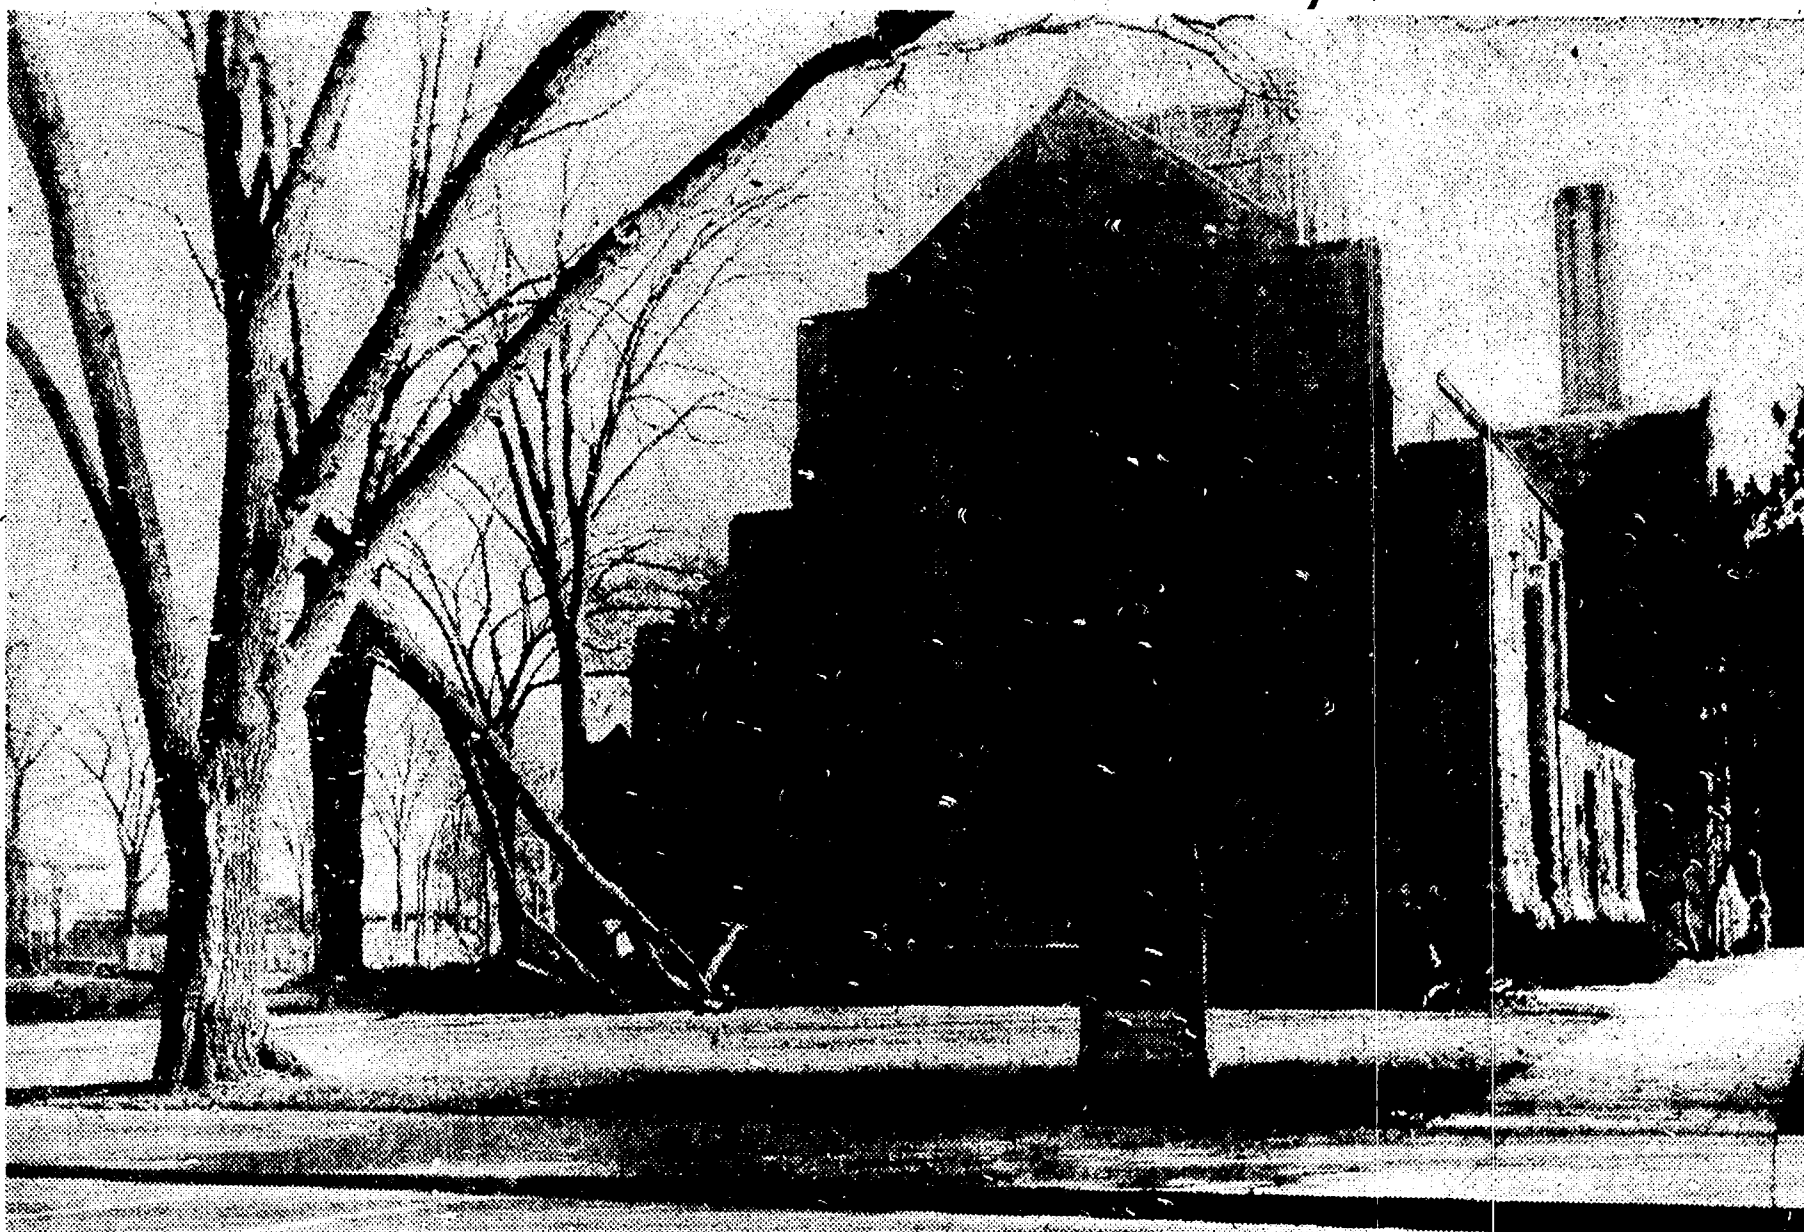

Tuesday, November 4

A POPULAR Birmingham High School senior died at 5 p.m. Monday from a head injury suffered in a football game with friends. Harry Klumshyn, Jr., 17, who was five-foot-six and weighed but 135 pounds, was hurt tackling a 200-pounder in the game at Pershing High School field Sunday afternoon.

Wednesday, November 5

POPE JOHN XXIII was crowned yesterday in glittering medieval ceremonies investing him as the 262nd spiritual ruler of the Roman Catholic Church. The coronation took place on the main balcony of St. Peter's Basilica with an estimated 500,000 persons gathered below in the great square.

Thank Heaven It Was Friday

Members of the Grosse Pointe Memorial Church congregation can thank their lucky stars that fate chose Friday instead of Sunday to send the huge 10

inch diameter tree branch crashing down and across the entrance of the church. Had it been Sunday many persons might have been injured.

Stores Offer Free Parking To Shoppers

Two More Attended Lots Where Merchants Can Validate Tickets

Once again, Grosse Pointe residents are benefiting from efforts on the part of their City Council and Village merchants on their behalf.

What has come to be known as "The Rosenfeld Plan", referring to its sponsor, Nathan Rosenfeld (who is president of Jacobson Stores Inc.), has been heartily endorsed by sixteen of "The Village" merchants who have agreed to go along with the independent validation of parking tickets to better service Pointe shoppers.

Specifically, Mr. Rosenfeld's plan, which has been on the fire since last May, has converted two lots, in addition to the existing one (No. 5) behind Jacobson's, into attended parking areas. They are lots No. 3 and No. 4, behind Himel-hoch's and behind The Camera Center, respectively. Lot Three has been operating, as attended parking, since the first of October, and Lot No. 4, recently completed, opened this past Saturday. The rate is the same at both, a nickel for each half hour.

The sixteen co-operating merchants have agreed to validate their customers' tickets, i.e. pay for their parking, for varying periods of two hours to half-an-hour. A shopper may extend this generous service by having their parking ticket validated in any of the member-stores in which they are doing business.

Double Identity Mystery Solved By Shores Police

Shores police cleared up the mystery of a motorist's double identity following his arrest for reckless driving on Lake Shore road on Sunday, November 2.

A teletype to the Secretary of State Office in Lansing, brought out that Gerald H. Russell was in reality, Gerald Russell Hodges, who under both names used the address of 995 Newport, Detroit.

Hodges was arrested while driving a car at an excessive rate of speed, going north on Lake Shore. Police said he had been drinking.

When stopped, Hodges was asked for his driver's license and car registration, and then taken to the Shores station. At the station, the mix-up of names was discovered when the registration showed that

Woods Council Gets Report Covering Summer Activity At Beach Recreation Site

Cool Weather Produced Drop in Attendance Figures As Compared with 1957; Swim Classes Show Increased Interest

The total attendance at the Woods lakefront park during the past summer, was several thousand less than that of last year, according to a report submitted to the Woods council on Monday, November 3, by Don Hallman, director of recreation.

Hallman attributed the decrease to the predominance of cool weather experienced during the summer.

Total attendance at the park this year is set in a round figure of 135,000, as compared

Club Asks Help In Yule Project

The Gold Hi Y service club of Grosse Pointe High School is looking for repairable used tricycles, wagons, and similar items. All contributions received will be repaired and reconditioned for the use of the retarded children at Lapeer State Training School, and will be presented to the children at Christmas.

A phone call to TU 4-0037 will bring one of the boys to pick up any contribution.

The Gold Hi Y committee undertaking this project under the direction of William Schlegelmilch, consists of chairman Steve Trowbridge, Dave Allison, Greg Blank, Matt Houghton, Charlie Krebs, Dan Murphy and Dave Updegraff.

This is an opportunity for residents to share the Christmas spirit with those who have so little, and to encourage youthful citizens in a worthwhile enterprise.

to the 141,000 during 1957.

More Learn To Swim

Swimming instructions at the park were received by a larger number of residents than ever before, Hallman said, with both swimming instructors, Miss Millicent Rowe and John Auckland, holding 34 classes, in which 430 youngsters improved their aquatic abilities.

Based on both age and ability level, classes were held for pre-beginners, beginners, intermediates, and junior life savers, and included children from six years to 16 years of age. The classes were conducted according to Red Cross specifications, and tests were given to the youngsters at the end of the swimming season.

No Serious Accidents

No serious accidents occurred at the park this year, Hallman said, although several individuals were pulled out of the

Pointer Buys UP Landmark

H. Donald Bliss of 158 Merriweather, recently purchased the Sand Hill lighthouse, in Keweenaw County, one of the famed landmarks of Michigan's Upper Peninsula.

Bliss, who is interested in the history of the lighthouse, is gathering information from residents of Five Mile Point, where the building, described by the Daily Mining Gazette of Houghton, Mich., as "strangely castle-like," is located.

It is approximately four miles south of Eagle River, which shores border Lake Superior. It boasts 20 spacious rooms of modernistic design with no wasted space, with a wonderful view of the lake on one side, and a grand view of Keweenaw County's intensive forest on the other.

The construction of the lighthouse was started in 1918, and completed the following year, "the most beautiful and modernistic lighthouse on Lake Superior." The cost of the project was \$200,000.

Bliss became fascinated by the building and purchased it. Now he is engrossed in compiling its history.

Marcus Plant To Speak at Football Bust

Dads' Club of G. P. High Will Be Host at Annual Event on November 25

Big Ten athletics as viewed by Marcus L. Plant, University of Michigan faculty representative to the Big Ten will be a principal feature of the annual Grosse Pointe High School Dad's Club Football Bust on November 25 at the High School.

Plant, who has been a professor of law at the Ann Arbor institution since 1946, played an important role in shaping the Big Ten program for financial aid to athletes, now in its second year of operation.

Cuts Competition

The aid program, based on financial need, is designed to level off the competition for top-notch athletes among Big Ten schools.

As Michigan faculty representative to the Big Ten since 1954 and a member of the University's Board in Control of Inter-Collegiate Athletics since 1949, Plant has had a unique opportunity to help formulate the policies and practices of what is generally regarded as the most rugged conference in college football.

Requires Travel

During the past several years, Plant's work with the Big Ten has taken him throughout the country, addressing alumni groups and university administrators on the problems of big time college athletics.

The Ann Arbor professor is a native of New London, Wisconsin and a graduate of Lawrence College at Appleton, Wisconsin. He received his law degree from the University of Michigan in 1938 and spent six years practicing law in Milwaukee.

During the war, he was on leave for a period in Washington, D.C. with the enforcement division of the Office of Price Administration. He joined the University faculty in 1946.

Golf Clubs, Tire Stolen from Car

William O. Kronner, of 17505 East Jefferson avenue, reported to City police on Sunday, November 2, that a set of (12) Gorman golf clubs, along with ten golf balls and his spare tire, were stolen from the trunk of his car sometime between midnight and 9 a.m. of that day. The automobile was parked on Rivard, near Jefferson, during that time. An investigation is pending.

City Hall Building Proposal Passed By Woods Voters

Vote on Using \$200,000 of Improvement Fund Cast By Residents During Regular Election On Tuesday

Woods officials jubilantly prepared to set the ball rolling for the construction of a new municipal building, when the majority of the votes cast on Tuesday, November 4, showed that the citizens felt there was such a need for a bigger city hall.

When the votes were totaled, they showed that 4,229 favored a new building, and 2,868 opposed it. Voting was by paper ballot, and was open to all qualified Woods electors who chose to go to the polls, and was not merely restricted to vote of taxpayers.

The people were asked to permit the city council to appropriate \$200,000 from the Municipal Improvement Fund, for the construction of an administrative wing and a council-court room wing in Ghesquiere Park, facing Mack avenue between Huntington and Kenmore drive.

City Administrator William Lange said that plans for the building have already been prepared, and that bids will be taken and awarded in about 30 to 45 days, with construction to begin almost immediately after because of the urgent need for the edifice.

The new city hall vote was held in conjunction with the regular State and County elections, with the Woods being the only Pointe presenting a local issue to the people. It makes the fourth time the citizens of the Woods have been asked to approve a new building, with the Tuesday election being slightly different from that of the previous three, in that the latter were requests for bond issues.

Tuesday's request was for permission to expend \$200,000 of \$308,000 from the Municipal Improvement Fund.

The \$308,000 was "found" by City Comptroller Gerald Loneragan, over a period of several months, by gleaming accumulated interests from the city's bank savings, interests on bonds and so on. The money was put in the Municipal Improvement Fund.

On August 18, the Woods council approved a resolution to ask the people for an advisory vote, which would not be binding, on whether the council should appropriate the \$200,000 for the building.

On September 15, the majority of the council attempted to rescind the resolution, and met with strong opposition from the people and two of the councilmen.

On Monday, September 29, a 69-page petition bearing 1,470 signatures, of which later 1,312 proved to be of qualified voters, was filed with the city clerk.

Makes Vote Mandatory

The petition called for a mandatory vote on the city hall, and demand that the council adopt an ordinance which would put the issue on the ballot.

On October 6, the council bowed to the will of the people and approved the ordinance, but because of insufficient time to print the ballot (Continued on Page 2)

Halloween Party Pays Off With Decrease in Pranks

Reports from the five Pointe police stations bear out those of local parents who point with pride to the good behavior records of their offspring on Halloween. The past few years the local youngsters have, from all appearances, been well "treated", for the alternative "tricks" have dwindled down to nothingness.

There were only four minor offenses reported in the City of Grosse Pointe on the morning after the night before, November 1. Hervey C. Parke, of 364 University place, reported a "no parking" sign had been imbedded in his front lawn. Police transplanted it to the rear of their station.

Mrs. Leo W. Kerwin, of 667 Washington road, complained of some boys taking small pumpkins from the front of her house and smashing them on the sidewalks. A similar complaint was registered by a Mr. Taylor, who lives at 850 Loraine.

Most serious of the pranks was that which Mrs. R. L. Wilbur, of 17815 Maumee, reported. A pumpkin had been forcefully tossed at her parked car, badly damaging the vehicle's trunk.

Much of the credit for the decrease in pranks with resulting damage is given the community celebration sponsored by the schools and supported by businesses and individuals. There were four parties this year for youngsters of all ages, in the High School and all the junior high school buildings.

The parties were attended by 4150 young people, with 430 adults assisting in various capacities.

Farms Solons Vote Against Rezoning

Possible Agreement with Church Proposed at Open Hearing

A comparatively amicable "recess" has been reached by those parties involved in the, previously, hotly-contested issue of the War Memorial's proposed parking lot expansion versus a group of nettled neighbors.

The Grosse Pointe Farms City Council played the role of mediators in the Monday night meeting, which opened with a public hearing—as required by law—prior to their vote on a proposed zoning ordinance amendment. If passed, the amendment would have changed the War Memorial's present front yard to a back yard, and visa versa—thus affording the Center an opportunity to continue work on the parking lot expansion. (The work was halted, in midstream, when the Center was served with a temporary restraining order in early August.)

Order Obtained

The restraining order was obtained by James K. Watkins, the attorney representing Mrs. Julian P. Bowen of 40 Lake Shore road, directly next door to the Center. It was granted on the basis of a nuisance complaint registered by Mrs. Bowen, and several neighbors along the southeastern Lake Shore road line.

The public hearing, which commenced at 8 p.m. Monday, was attended by several interested Farms residents, members of the Board of the Grosse Pointe War Memorial Center, and the two attorneys representing the pertinent parties: Mr. Watkins, and Thomas Munson, attorney for the War Memorial Center.

Mr. Watkins presented his clients' case and questioned the legality of the proposed amendment, stating that it was "not quite fair" to the property owners involved. Mr. Munson countermanded with his case for the Center and, for a while, it looked as if a legal battleground had been established in the Council's chambers.

Church Enters Picture

Rockwell T. Gust, Jr., also an attorney, spoke from a resident-point-of-view and also, unofficially, represented the Grosse Pointe Memorial Church in an attempt to reach a solution which would satisfy all parties involved. Specifically, he proposed the possibility of working out an agreement with the Church, building the new lot on the west side of the Center, with reciprocal parking rights for both.

Following remarks by members of the Council it was moved by Councilman Roney, and supported by Councilman Butler, that the amendment to the existing ordinance be put up for adoption. A vote was taken, with Mayor William P. Connolly Jr. and Councilmen Edward C. Roney Jr. and William Butler voting yea, and Councilmen Richard Maxon, J. Lawrence Buel, Jr., Henry E. Bodman, III and William Kirby turning it down. Consequently, the motion was lost and the amendment with it.

See No Recourse

There would seem to be no immediate legal recourse for either side. Mr. Watkins has said that the restraining order will stand, for the time being, although he acknowledges that sooner or later it must either be removed from the court calendar or taken to court.

In the meantime, both parties concerned, sincerely interested in an amicable solution to the problem, will investigate thoroughly the possibility of an agreement with the Grosse Pointe Memorial Church's Planning Board.

TIRES FLATTENED

While his bicycle was standing in front of 256 Merriweather, Richard Hart of 942 Ridgmont, told Farms police on Wednesday, October 28, someone let out the air of both tires and twisted the bike seat.

Woods Council Gets Report

pol by the life guards, but none were serious.

Residents also took advantage of recreational facilities at both Ghesquiere and Sweeney Parks, Hallman pointed out. The recreational program at Ghesquiere fell into four categories: (a) Boys recreational hardball; (b) tennis instructions and tournaments; (c) arts and crafts; and (d) general recreational activities.

The most dominant of the four categories, Hallman said, was the arts and crafts program. Children attended sessions every morning throughout the summer. Each day was very busy. Children who started in June followed through to August.

Handy Play Site
The children who attended Sweeney Park, appeared to be those who lived on the streets directly adjacent to the park area. At the end of June, the average daily attendance was about 40 children; in July it was 30; and in August, 20.

With the exception of a small number of teenagers, most of the boys and girls who used the park facilities ranged in age from four to 10, with most of the activities centering around ball throwing and the use of the varied playground equipment.

The arts and craft program

at the Chene-Trombley Park proved to be quite a successful project this year. Hallman pointed out. A majority of the children, ranging in age from five to 14 years, came regularly every afternoon, five times a week, with new faces showing up in the classes each day.

Hallman said that he was well-pleased with the summer's parks and recreational program, and that 35 individuals were hired by his department in an endeavor to bring an outstanding and worthwhile program to the citizens of the community.

Diamond Ring Loss Reported

A valuable diamond engagement ring was lost in her front yard by Mrs. Paul Ruedemann of 364 Chalfonte, according to a belated report she gave to Farms police.

Mrs. Ruedemann said that she lost the ring, which contained five diamonds, two small ones on each side of a large diamond, sometime during the past summer, perhaps about August or September. She said the diamonds were on a white gold setting.
The value of the loss is \$600, she told authorities.

Jr. Red Cross Honors Pointers

Two students at Grosse Pointe High School have been elected to office in the Wayne County Junior Red Cross. Chosen parliamentarian was Chuck Chamberlain, in his senior year at the High School.

Chuck has been extremely active in the local council, contributing to the international art program, helping to pack a chest for distribution to an international disaster-struck school, and working on Teacher Appreciation Week.

At the recent Leadership Training Center, attended by seven other Grosse Pointe students, he was a member of a number of panels and was selected to give the inspirational talk at the chapel service.

The second local student to be honored with election in the Wayne County council is Harriet Howe, a tenth grade student. She was chosen to serve as editor of the "Junior Junta," the group's publication which releases several issues throughout the school year.

Harriet was a page editor on the paper's staff last year, contributing items from Parcels Junior High School. She has attended two Wayne County Council J. R. C. Leadership Training Centers and is on the planning committee for the 1958 session, leading one of the discussion groups.

GPHS Seniors Win Top Honors

In recognition of outstanding achievement, 14 seniors in the class of January 1959 of Grosse Pointe High School have been awarded membership in the National Honor Society.

They are Joyce Andrews, Barbara Browne, Sue Cooper, Joanne Danna, Diana Egle, Carolyn Henning, Mary Elizabeth Leete, Cynthia Lippincott, Judith Poppen, Joyce Reuter, Carol Sagel, Sue Schutte, Sharon Irene Smith and Betty Veitch.

This is the highest honor bestowed on seniors by the high school.

They received gold pins at an all-school assembly last Friday. They also received a certificate of membership in the Cum Laude Chapter of the National Honor Society of Secondary Schools and a membership card.

Jerry J. Gerich, principal, said, "Election to membership in the National Honor Society is a unique achievement, and one which merits the highest commendation."

Membership in the society signifies that these students were outstanding not only in scholarship, but also in service, leadership, and character. This means they not only were superior in scholastic achievement but also prominent in extra-curricular activities.

To become eligible, these seniors had to maintain a B average in grades nine through twelve. They were then rated by the teachers who knew them.

Such as thy words are, such will thine affections be esteemed; and such as thine affections, will be thy deeds; and such as thy deeds will be thy life.—Socrates.

DR. OLIVER KENNEDY

The Reverend Oliver Kennedy, D.D., Secretary of Union Theological Seminary, New York City, will be guest minister and preacher at the Grosse Pointe Memorial Church on Sunday, November 8, at both the 9:30 and 11 o'clock services.

The subject of the sermon will be "Beyond Despair."

Dr. Kennedy, a native of New York City was graduated from Union College, Schenectady, and from Union Theological Seminary. He has been the recipient of honorary degrees from Carroll College, Wisconsin, and from Union College.

Civil Air Patrol Seeks Musicians

If you play an instrument, sing a little harmony or have any aspirations towards a musical hobby, you are invited to meet with Civil Air Patrol personnel from this area at Cannon Memorial Recreation, East Warren at Cadieux Road, on Monday, November 10, at 7:30 p.m., in the auditorium.

You do not have to be an accomplished musician, nor do you have to be a member of Civil Air Patrol—and if you do not possess an instrument, but can play one, it may even be possible for you to be supplied with one.

Come and join the "band wagon"—open to all from 14 to 84. So why not rescue your old violin from the dust of the attic, get out that squeeze box that Dad had to mortgage the house to buy, rub a little shine on that "Rudy Vallee" saxophone and meet with fellow music lovers to make plans for the formation of a musical group. For further information call TU. 2-7424 or TE. 1-4265.

With Thanks to All

Eighteen years ago tonight we were sitting before a beaten-up portable typewriter mounted on a rickety bridge table lighted by a wobbly floor lamp, in the throes of getting out the first edition of the Grosse Pointe News. It was quite a tussle and we shall be eternally grateful to the handful which made up that original staff, none of whom is with us now. We shall also be ever grateful to the staunch friends who rallied around to help us hand-deliver that first issue, bringing to a close some 64 hours of uninterrupted turmoil during which we had not closed our eyes.

The years since have been full of heart-warming experiences and the satisfaction of growth, helped by many while helping many grow. The Pointe has doubled in population and it has been our privilege through the years to lend a hand to many organizations and institutions and businesses which have made very large contributions to the Pointe as a community. They in turn have provided the news and the advertising which have enabled us to be both readable and prosperous. If we have served, we owe our ability to serve to all with whom we have been associated.

May the next 18 years be as full as the last. May they be devoid of the sorrows produced by war and full of the happiness of healthy progress.

Letters to the Editor

To the Editor:

To put it mildly, I was shocked and astounded at your straight-faced editorial endorsement in your last issue, before-election of the scurrilous pamphlet by Joseph K. Kamp.

Either you were shockingly ignorant of Mr. Kamp's sordid reputation as America's No. 1 hate-monger, or knowing that he has been exposed and denounced as an ex-convict panderer of vicious falsehoods, you deliberately overlooked his un-American activities in your anxiety to support his crackpot views.

You and your readers don't have to take my word for it. Look at what some of America's responsible newspapers have said about Mr. Kamp and his latest anti-Reuther pamphlet.

The Detroit Free Press, certainly no Reuther-lover, denounced "Mrs. William Knowland's endorsement of a defamatory political pamphlet prepared by Joseph P. Kamp, the rabble-rousing defier of Congress whose forte is hatred." "When the wife of the retiring Senator who is California's Republican candidate for Governor recommends the writings of a man nationally infamous for his bigotry, the GOP has got something on its hands that won't be easy to wash off," said the Detroit Free Press.

John W. Bugas, Ford Vice President, commenting on the Kamp booklet, said: "I think Joe Kamp is one of the worst men in the United States."

The Milwaukee Journal declared: "Kamp is a notorious anti-Semitic propagandist, long associated with the irresponsibles and the fascist right. He has been buddy-buddy for years with such questionable figures as Gerald L. K. Smith, Merwin Hart, Upton Close, George Deatherage, Gerald Winrod, George Van Horn Moseley, Allen Zoll and others. Hunt up the pro-fascists, the pro-Nazis, the anti-Semites, the stirrers of race hate and almost inevitably there will be a connection with Kamp."

The New York Times, which first exposed the fact that "a group of wealthy Eastern Republicans is financing the distribution in California" of thousands of the Kamp anti-Reuther pamphlets, reported that Kamp "has been cited twice for contempt of Congress" and has "served a four-month jail sentence for contempt in 1950."

Not only is Kamp himself an irresponsible bigot, but his writings bear little relationship to the truth. In his anti-

Reuther tract, for instance, he quotes from an alleged "letter from Russia" which has been exposed by the McClellan Committee as a fraud. He does not cite Mr. Reuther's long and effective fight against Communism at home and abroad.

As a target of Kamp, Mr. Reuther is in distinguished company. The Washington Post labeled Kamp as "the author of scurrilous attacks on President Eisenhower and Chief Justice Warren" and the New York Post commented that Kamp's "political sobriety has been demolished by numerous brochures picturing Dwight D. Eisenhower and Earl Warren as Kremlin captives." The Madison Capital Times quoted the late Senator Robert Taft as describing Kamp's writing as "disgusting."

Since Kamp has opposed every Democratic Presidential candidate and every Democratic Party platform in the last 30 years, your description of him as "life-long Democrat" must have been cut out of the same large piece of cloth that Kamp himself uses to fabricate fantasies.

The Nashville Tennessean declared that during World War II Kamp's "Educational League was named as an organization used as a tool by groups of persons indicted by Federal grand juries for conspiring to undermine morale in the armed forces. His works were praised in official Nazi news agency releases and Ku Klux Klan publications held him in high regard."

Being charitable, I can only hope that you were innocently unaware of Kamp's record and that when you learn the facts concerning this man whose "works were praised in official Nazi news agency releases and Ku Klux Klan publications," you will—even after election—withdraw your praise and support of Kamp's works.

In meeting the threat of Communist imperialism abroad and the many problems at home, our nation must be united behind the President and the Congress that is elected on Tues., Nov. 4. We cannot afford the destructive divisions of class hatred, racial and religious bigotry, and un-American slander perpetrated by the Kamp followers.

Sincerely yours,
SHIRLEY L. KRANZ,
898 Lakepointe.

Editor's Note: We plead guilty to being "innocently unaware" of Kamp's record. We are glad to be enlightened so charitably.

"Around the corner I have a friend
In this great City that has no end;
Yet days go by, and weeks rush on,
And before I know it a year is gone.
And I never see my old friend's face,
For Life is a swift and terrible race.
He knows I like him just as well
As in the days when I rang his bell
And he rang mine. We were younger then,
And now we are busy, tired men;
Tired with playing a foolish game,
Tired with trying to make a name.
'Tomorrow,' I say, 'I will call on Jim,
Just to show that I'm thinking of him.'
But tomorrow comes . . . and tomorrow goes,
And the distance between us grows and grows.
Around the corner! . . . yet miles away . . .
'Here's a telegram Str . . .
'Jim died today.'
And that's what we get, and deserve in the end:
Around the corner, a vanished friend."

We have advice for people in the Grosse Pointe area. DON'T, whatever you do, break a window pane on your house! We had two that were slightly cracked . . . when last week a favorite small nephew . . . really smashed another one . . . so there was nothing for it but to call a Glazier and have three panes replaced. That's what WE THOUGHT! The first thing we did was look through the classified ads in the G. P. News. NOTHING. All kinds of glass work, mirrors, repair jobs (except window panes) and NO Glazier.

Next we went through the classified telephone directory and there were MILLIONS of Glaziers advertised. Big deal. The first four we called would not trek to Grosse Pointe for so puny a job. We then called those whose phone numbers and addresses were near by. The first two said, "We don't do that kind of job . . . call Soandso's." We called a couple of Soandso's and were told that they didn't fuss around with small jobs like that and what we should do is to remove the entire window and take the frame to a hardware store, who in turn would fit it to a new piece of glass!

The twenty-fifth place we called said they would do it. This was Thursday . . . they couldn't come until the following Monday . . . a possible blizzard on our rug, notwithstanding. We settled for Monday. Tuesday came and still no man to fix the glass. We called again . . . this time the fire department! No help there either. The three panes are still busted wide open and if a Glazier should have TIME to read this column, we would appreciate his expert advice!!!

Vive la Mendicant

A friend of ours from San Francisco wrote to tell us the following true quicky. She spent a few weekends ago in Los Angeles and between the fog and the smog, got one of those miserable virus things in the throat department. She inquired at the Motel as to where she might find a good Doctor who could look at the throat. They advised her that most of their clientele had Dr. Goonboggle for their ailments . . . a very good man just a short distance from the Motel.

Our heroine dragged herself to his office which proved to be two flights UP . . . walk-wise . . . no elevator. After being closeted with the good Doctor and telling him of her complaint . . . she remarked: "My, one has to do a bit of climbing stairs to get to see you!" The medicine man glanced at her and said, cryptically: "If a body can't walk two flights of stairs I don't want them for patients." OUCH!

What Goes On at Your Library

By Jean Taylor

There are all sorts of doings for the small fry this week. A play given by the Children's Community Theatre, "The Emperor's Daughters," promises to be fun, and may be seen at the Central Library, Thursday, November 6, at 4 p.m.; the Park Branch, November 7, at 7:30 p.m., and at the Woods Branch, Saturday morning, November 8. There is no charge.

Also "The Elves and the Shoemaker," a performance by the Michigan State University Players, sponsored by the American Association of University Women, will be held in the Pierce Junior High auditorium, Saturday, November 8, in the morning and afternoon. The tickets for this are sixty cents.

And of course, no one should miss the Book Fair, now an annual event, at the Historical Museum. There are still ten days in which to plan a visit.

Next week begins the Story Hour at each of the three libraries. This is for children of school age only. Parents interested in programs for preschool children may inquire about these at their nearest library. The Story Hour at the Park Branch is arranged by Mrs. Mary Gaboda for Wednesdays at 4 p.m. Miss Harriet Helms has scheduled her Story Hour at the Woods Branch for Thursdays at 4 p.m., and Miss Jacqueline Hosking will tell the stories at the Central Library also on Thursdays at 4 p.m.

A pre-book Week tea especially for teachers in the elementary and junior high schools, was held last week at the Central Library. Dr. Moore Comper of the speech department of Michigan State University talked on the subject "How to Make Children Love Literature." Poetry is Dr. Comper's first love, and she shared with her listeners the experiences she has had in making verse come alive for her students.

Your library has an extensive poetry collection for children. Books of poetry, however, it seems to us, should be owned rather than borrowed.

They are at hand then, when the mood is right. We list a few titles which a child will enjoy having in his own library.

AN INHERITANCE OF POETRY by Gladys Adstead. An excellent anthology for a family library.

GAILY WE PARADE by John Brewton. A collection of poems about people, here, there and everywhere. Illustrated by Robert Lawson. This is a companion volume to two earlier collections, UNDER THE TENT OF THE SKY and BRIDLED WITH RAINBOWS.

I WENT TO THE ANIMAL FAIR by William Cole. A book of animal poems by authors as varied as John Keats, A. E. Milne, Vachel Lindsay and Edward Lear. Black and white illustrations.

RHYMES AND VERSES COLLECTED FOR CHILDREN by Walter De La Mare. All the poems which Mr. De La Mare has written for children and young people are brought together in this volume.

FAVORITE POEMS, OLD AND NEW by Helen Ferris. An anthology of more than seven hundred poems related to children's interests. Illustrated by Leonard Weisgard.

LITTLE LAUGHTER by Katherine Love. A delightful collection of humorous verses and rhymes. An earlier collection POCKETFUL OF RHYMES will give pleasure to small children.

VERY YOUNG VERSES by Barbara Geisner. Two nursery school teachers have compiled this anthology out of their own experience.

MOON IS SHINING BRIGHT! AS DAY by Ogden Nash. "An anthology of good-humored verse, ranging from Mother Goose to the moderns."

THE FIRST BOOK OF POETRY by Isabel Peterson. Almost one hundred tested poems that children really love.

ORGAN RECITAL

The Grosse Pointe Hammond Organ Society is giving a recital at the WWJ Studio on the November 11, at 8 p.m.

One American in four has this disease

by Fred Kopp, R.Ph.

Physicians call it obesity, but it's just as unhealthy if we call it **pounds—too many pounds.** In some places a chief cause of early death is malnutrition but in this country the Grim Reaper's number one helper is overeating. Overweight people subject their heart and blood vessels to undue stresses and strains. Every ounce of excess flesh is a menace to health. Which is why so many of us diet today. And those of us who are wise see a physician first. We, as professional pharmacists, know how effective a doctor's advice can be.

Police Ticket
Errant Driver

A station wagon came out
second best in a collision with
a Lake Shore Coach Line bus
on Monday, October 27, at Mc-
Millan and Charlevoix.

The driver of the smaller
vehicle, Leonard A. Baun of
333 Moran road, was given a
ticket for failing to stop for a
stop street and causing an ac-
cident.

A Farms police report dis-
closed that the bus, driven by
Robert J. Frisby of 897 Manis-
tique, Detroit, was going west
on Charlevoix, when Baun,
going south on McMillan, ran
into his right side.

Police estimated damage to
the bus at \$200, and to Baun's
vehicle, about \$300. The bus
was able to proceed on its
way, but the smaller vehicle
was not drivable and had to
be towed to a service station.
No one was hurt, police said.
Court date was scheduled for
yesterday, November 5.

Pastor to Tour Mission Fields

Rev. E. Arthur McAsh, pastor of the Ebenezer Baptist Church, Moross road near Harper, conducts his last service at the church this coming Sunday evening, November 9, at 7:30, before he leaves on a 3½-month tour of the Mission Fields in Africa.

His church is enabling him to spend this time this winter to visit the various mission fields in which the church is interested and to which it gives support. He will visit on his tour the countries of Liberia; Ivory Coast, Nigeria; British Cameroons; The Sudan and Ethiopia. On his way home he will come by way of Palestine, Greece, Italy and Spain.

Ebenezer Baptist Church now has 11 of its own members as active missionaries and has an interest in the support of many more. The Foreign Missionary program of the church has steadily grown over recent years. A number of ministers will speak at the church in the absence of Pastor McAsh. He will return to his pulpit on March 1, 1959.

P-T-A at Kerby Meets Monday

The Kerby Parent-Teacher Association will hold its second meeting of the school year on Monday evening, November 10. This meeting promises to be one of the most interesting held in recent years.

In observation of American Education Week, November 9-15, the Kerby Staff has extended a special invitation to all parents to visit classrooms on Monday evening, November 10.

It is planned at this meeting to give parents an opportunity to learn of the work being done at each grade level. Parents will meet in the child's room at 7:30 p.m. where the teacher will explain the work that is to be covered during the school year. Mothers and fathers also will have an opportunity to become acquainted with the pupils' textbooks and other teaching materials in the room and to ask questions concerning the curriculum.

Success in life depends upon persistent effort, upon the improvement of moments more than upon any other one thing. —Mary Baker Eddy.

Letters Praise Woods Police

Two letters sent to the Woods Police Department and read at the Woods council meeting on Monday, November 3, highly complimented the department and its personnel for the fine police work done in recovering property stolen from out of town visitors.

Special praise was given to Det. Sgt. Walter O'Dell and Det. Leroy Tobian, both of whom worked on the case until it was cleared up.

Mr. and Mrs. Harry F. Fante of Hinsdale, Ill., two of the three victims, and the Fantes' daughter, Mrs. Donald McPhail of 919 Vernier road, from whose back porch four suitcases were stolen, praised the work by police in apprehension of the thieves and the recovery of the stolen goods.

Over \$5,000 in Loot
The four suitcases, containing an Argentine mink coat, valued at \$2,000, a lady's diamond wrist watch worth \$2,000 and wearing apparel having a total value of \$1,167, belonged to the Fantes, and Mrs. Fante's sister, Mrs. William Gressell of Western Springs, Ill.

The suitcases were stolen from the back porch of the McPhail residence on October 8, when the Fantes and Mrs. Gressell arrived at the McPhail home to stay until funeral services for Mr. Fante's mother, Mrs. Anna Fante of St. Clair Shores.

The four pieces of luggage was put on the rear porch until accommodations could be arranged for the visitors, and when the owners returned for them, they were gone.

Nabbed in Macomb
The following day, the Macomb County Sheriff's office notified Woods authorities that they were holding Gerald N. Lord, 18, of 24821 Ursuline, Detroit, and a 16-year-old, as suspects in the theft.

Another 18-year-old involved, Ronald Paine of Detroit, was arrested by Roseville police. All three boys admitted stealing the suitcases.

The 16-year-old was turned over to Juvenile authorities, and Lord and Paine were arraigned before Woods Judge Don Goodrow for examination on October 22.

The two older boys were found guilty and when they could not meet their bonds, were bound over to circuit court until trial date.

Bought Coat for \$12
Charles Amara of 12760 Maiden, Detroit, was arrested by Detroit police on October 10, and charged with receiving stolen property. The teenagers sold him the mink coat for \$12, after which Amara removed the label and serial number from the piece.

Amara is awaiting trial in circuit court for receiving of stolen property charge. In her letter, Mrs. McPhail

said of herself and her husband:

"It made us extremely proud to be residents of Grosse Pointe Woods, when my family's possessions were located within 48 hours after being stolen from our back porch, and it, also, gave us a tremendous feeling of security for the future."

"I could not omit from this message, our appreciation to Dets. O'Dell and Tobian, whose sincere interest and congenial manner are truly a credit to our city's law enforcement agency."

Scooter Rider Struck By Car

Paul R. Sheridan, 14, of 1383 Bishop road, was slightly injured on Saturday, November 1, when he was struck by a car and knocked from his motor scooter at Kensington and Charlevoix.

The driver of the car, Mrs. Cornelia Rabaut, 47, of 1303 Kensington, was ticketed by Park police for driving into moving traffic and causing an accident.

Mrs. Rabaut, according to a police report, was driving south on Kensington, and had come to a complete stop before crossing Charlevoix.

Paul, the son of the James Sheridans of the Bishop road

address, was going west on Charlevoix, and was directly behind a car going the same direction, when he was hit.

The woman said that she did not see the boy, because of the other car, and when she started to cross Charlevoix, the boy was suddenly in front of her vehicle and she could not stop in time to avoid hitting him.

Paul was taken to Bon Secours Hospital by police ambulance where he was treated for lacerations on the left upper arm and both knees.

The case will be heard in the Park court on Wednesday, November 19.

FOP Distributes Safety 'Rules'

The Grosse Pointe Fraternal Order of Police, Lodge No. 102, recently distributed 11,000 foot-long rulers to the various private, parochial and Pointe church Sunday Schools, after the rulers were rejected by the Pointe Board of Education.

The cost of the rulers was paid by Lodge # 102, when the manufacture of the measures were approved by Harold Hubbard, director of Administrative Services for the Pointe School System. However, when the rulers were delivered, Mr. Hubbard rejected them as not being according to standard. Each ruler measures a full

12 inches, excluding a quarter-inch white border at each end, believed reason for rejection, and has a 1959 calendar on its face. Also printed is the slogan: "Play Safe — Rule Out Accidents" underneath which is printed the name and lodge number of the organization.

Members of the Pointe FOP had these rulers made, so that the Pointe children, while making use of them, will be constantly reminded of the never ending battle against traffic accidents, and that the children must be ever alert to safety.

Pointers to Star In Severo Ballet

Local girls dancing in the classic ballet will be Barbara Ducey, Beth Dwyer, Carol Chapman, Charlotte Sustrich, Kay Susich, Victoria Markovitch and Marian Polizzi.

The students will continue to practice after this big week end for their appearance in March with the Detroit Symphony Orchestra in the Ford Auditorium.

SILENCE ISN'T GOLDEN

It takes a certain amount of horn-blowing to sell a town, and if it seems as though one day long ago somebody put away the horn and it has been forgotten, let's get it out and join the parade. Otherwise we stand aside and watch the parade go by.

If a town wants new industry it must talk up its advantages so industry can hear. Towns too must sell if they are to stay in business, and no town ever sold itself sitting silently by the side of the road.

New industry means more work for people of the community, more dollars in circulation all over the town, more prosperity for you and your neighbors. Your town has a selling message; help make it heard.

If your town is to attract industry, it needs every citizen as a salesman, and in this business there's no such thing as silent selling.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

By Patricia Talbot

Ivy League alumni yield to no Big Ten fans in their championship of their favorite teams and they will go to all lengths to cheer the gridiron eleven of their choice.

For some seasons past Yalemen have been gathering to listen to the Saturday classics and make a party of it and now alumni of two other Eastern colleges have taken up the plan.

On November 15 Williams and Amherst college men will gather with their wives at the University Club to lunch and then settle down to hear the game between the two teams which will be specially beamed to the club.

Some of the group listening in will be the Richard Gushees, the Richard Speers, the George E. Bushnells, Jr., the John Worcesters and the Peter Thurburs.

Lions Fans to Gather

The Bushnells are avid football fans and will be attending the Lions-Bears game at Briggs Stadium on November 23. They will be the guests of the Frank B. Wares, Jr., of Washington road.

The Wares have also asked the J. L. Hudsons and the Les Grubers for cocktails before brunch at Al Green's and boarding the bus which takes a huge group to the game.

To Film a Western

That score or more of couples known as "the Doremus group" dating from their early married days in St. Clair Shores where they were all neighbors on one small street, are always up to something farcical and their latest effort tops them all.

Jack Sturtevant is in charge of the production of a Western film which will roll in the Robert Bacons' basement in Whittier road on November 25. The crowd will come in Western dress, each couple prepared to act out a two minute script to the musical accompaniment of an old fashioned melodion. The Bacons' basement was chosen for the filming because they have a gay 90s' Western saloon type mahogany bar to lend the right atmosphere. The films will then be run at future "Doremus parties" for general jollification.

Ibex Calendar

Ibex, as usual is in a fever of activity. On Thursday, November 13 the club will hold its second general meeting of the season at the new building of the Society of Arts and Crafts in Kirby avenue.

Preceding the tour, members will lunch at the International Institute with Mrs. Jay Sorge in charge of arrangements. This year Ibex has begun a new feature, a book review study group, which will meet for the first time on November 18 in the Meadow lane home of Mrs. John Churchill.

On the calendar, too, is an exciting theater night when Julie Harris premieres here at the Shubert on December 2. Ibex will turn out in full force to see the Pointe's own actress in her new comedy slated for Broadway. They will all dine together first at the University Club and then bus to the theater in a bloc.

Memorial Women To Hear Mrs. Guiney

Soroptimist's Woman of the Year Will Speak to Women's Association at Church on November 11 Following Luncheon at 12:30 o'clock

Mrs. Mary K. Guiney will be the guest speaker at the monthly program meeting of the Women's Association of Grosse Pointe-Memorial Church Tuesday, November 11 at 1:30.

Mrs. Guiney was named Soroptimist Club's Woman of the Year at a dinner at the Women's City Club May 28. Mrs. Guiney was singled out for her contribution to the health and welfare of Detroit's aged. She is planning director for Services to Aging of United Community Services.

Mrs. Guiney, a small woman with a warm delightful personality, explains her interest in older people began in her farm home in upper New York State where she was reared with three generations.

She came to Detroit in 1919 to take a home economics job for the Visiting Housekeeper Association following her graduation from the Rochester Institute of Technology. A year later she joined the welfare department a division of old couples' support and she became its director.

Mrs. Guiney discovered that frequently the aged were left out of community activities and planning, so she set up a program to study problems of the aging.

Mrs. Guiney was the first director of the Wayne County Bureau of Social Aid. She has also worked for the federal and state programs of Old Age Assistance, Aid to Dependent Children, and Aid to Blind and Disabled.

A lecturer on public welfare at Wayne State University 1940-1945, she has also served as president of the Detroit Chapter National Association of Social Workers.

Preceding the program luncheon will be served at 12:30. Residents of Presbyterian Village have been invited to be honored guests. Mrs. Walter H. Pfauwer will be in charge of devotions for the day.

After the luncheon, and preceding the program a group of songs will be presented by contralto Martha Temple Boyce, accompanied by Mrs. Arnold Lungenhausen. Mrs. Raymond Wertz will introduce Mrs. Guiney.

Reservations by Association members and interested women of the parish may be made now by calling the church office, TU 5-3773.

Gourmet Pleasers Stocked for Fair

The women of Grosse Pointe Congregational Church have marked Tuesday, November 11, on their calendars for a special luncheon and "members' eye" view on the Mistletoe Mart, the Christmas fair staged at the church. Thursday, November 20, is the eagerly-awaited date the Mart opens to the public, from 9 to 10 o'clock.

Figuring that "seeing is believing," the church women will be shown a tantalizing preview next Tuesday of the good things to come at the Mart.

And speaking of good things—what's more Christmas-y than fruitcake? "Congregational Fruitcake," in this instance, this recipe has been a favorite for more years than Mrs. Wayne Osborn, the chairman of this committee, cares to remember!

Anyone entering the church within the last month would have been magnetically attracted to the kitchen by that heavenly fragrance of baking fruitcakes.

The demand is always so great for these fruitcakes that Mrs. Osborn's committee numbers 34 faithful bakers plus her two co-chairmen, Mrs. Stanley Lindow and Mrs. Hubert Northrup, 2 pound tins of either light or dark variety can be purchased at the Mistletoe Mart.

Do you like real corned beef? Navy bean relish, beet relish, cole slaw, homemade pickles, or applesauce? The Delicatessen Shoppe headed by Mrs. Adam Cook and Mrs. Edward Cooper, will have these

favorites plus others at the Mart November 20.

Recommended note: how about celery seed dressing on your salad for Thanksgiving dinner? — a gourmet touch! You'll find it at the Mistletoe Mart.

If you like to eat (and who doesn't?), you can make a day of it at the Mart! Good food, lots of it, and in interesting variety has always been the specialty of the House. Take a "coffee break" while you shop in the morning. Make up a foursome—you're invited for lunch!

Stock your refrigerator with the tempting items from the Delicatessen Shoppe; replenish your cookie jar, and pick out one of the delicious home-baked cakes to go home with you.

The welcome mat's out for teenagers to drop in at the "cocktail bar" and have a hot dog! And at the end of a rewarding shopping tour, plan to have dinner (Beef Tenderloin) at the Mistletoe Mart. (Please let us know if you're coming by calling Mrs. Paul Krivovod, ED. 1-1517 or TU 1-5630, Mrs. William Hulswit).

We always have time enough, if we will but use it aright.—Goethe.

Baking a Batch of Fruitcakes for Mart

In the giant church ovens the ladies of the Grosse Pointe Congregational Church are baking loaves of fruitcakes from a special recipe to be sold at the Mistletoe Mart November 20. Mrs. Charles T. Walker, kneeling, is putting in a choice trayful while bak-

ers, Mrs. Wayne Osborn, left, Mrs. Stanley Lindow, Mrs. Hubert Northrup and Mrs. Lyndon Babcock watch the final results of their culinary efforts. These will be just a few of the delicacies on sale at the Mart.

Devils Take 'Must' Game And Share of League Title

The once beaten Grosse Pointe Blue Devils chalked up the ONE victory they needed most last Friday, October 31, when they tumbled winless Highland Park 19-6 on the latter's home field under the lights. The win assured the Devils at least a share of the Border Cities League title which they won outright last year.

At the end of the game Devil fans rushed to their cars to hear the results of the Royal Oak-Fordson game which was played the same night. As the announcer rattled off the prep scores players and fans alike hoped against hope that Fordson and the Acorns had played a tie game. But this was not to be. Royal Oak turned back the Tractors 14-0 and gained a share of the title with the Devils. A tie game would have given the Pointers the crown outright. An Acorn defeat would have forced the Devils to share the championship with Fordson. That's how close the race was this year in one of the hottest leagues in the state.

Score After Fumble

The Devils wasted little time in getting out in front of the Polar Bears. With just about four minutes gone in the game Highland Park obligingly fumbled and Chuck Hanneman recovered on the Bear 28. Eight plays later halfback Butch Hoye smashed over from the one-yard line for the first of three Grosse Pointe touchdowns. A 17-yard pass from quarterback Ron Linclau, substituting for the injured Johnny Nicholson, to end Larry Bruzese set up Hoye's scoring play.

Highland Park appeared determined to knock off the Devils for their first and only win of the season and stopped the Pointers' attack throughout the entire second period and halfway through the third quarter.

Midway in the third quarter the Polar Bears forced the Devils to punt from their own 40. On the play, a Highland Park player was detected participating in unsportsmanship-like play and the Parkers were penalized 15 yards and the ball was given to the Devils on the Highland Park 45 and an automatic first down. Linclau flipped a pass to Bruzese who rambled to the Parker 9 and halfback Ron Harper raced around right end behind beautiful blocking and into the end zone for the second touchdown. Chuck Hanneman missed his second conversion kick and the Devils held a 12-0 lead.

Parkers Score One

Highland Park came back to make the situation a bit binding when quarterback Pat Chaffin rifled a pass to halfback Manuel Taylor who stepped 34 yards to the Pointer 41 to set a 75-yard sustained Highland Park touchdown drive in motion. Halfback Chuck Wood climaxed the drive with a two-yard plunge over center with a minute and a half left in the period. Chaffin's kick was wide and the Devils held an uncomfortable 12-6 lead in this "bluechip" game for the title.

Halfback Bill Hooth relieved the tension when he intercepted a Chaffin pass on the Highland Park 40 and raced back to the Parker 7. Three plays later Butch Hoye charged over from the one-yard line and Hanneman converted to give the Devils a 13-point margin with less than eight minutes remaining in the game.

Grosse Pointe's offense and defense suffered when line-backer-guard Mike Carrier was removed from the game with a severely injured hand. Halfback Ronnie Harper probably missed him the most.

because all season long it has been Carrier who has thrown the key blocks that have shaken Harper loose on long runs that have paved the way to Devil touchdowns.

Called Best Backer

Many loyal Devil fans believed that Highland Park would have never scored had Carrier been at his regular post for all of the game. It is a popular consensus that Mike Carrier, pound for pound, is the best line-backer in the state this season. Mike only stands about five feet five inches but in that compact frame of 172 pounds beats the heart of a champion and an unquenchable desire to win. If anyone should be named to the 1958 All State team then Carrier is the last most deserving of the honor.

The most satisfying substitution Coach Ed Wernet has made this season was Ron Linclau, who took over the quarterback duties last Friday when the Devils regular signal caller John Nicholson was sidelined with a painful ankle injury sustained midway in the Wyandotte game a week earlier. This was a ticklish spot for the Junior quarterback to take over as the game was a MUST win if the Devils were to retain their BCL title.

Linclau's work drew high praise from his coaches. Only once was he replaced during the Highland Park game. Ron looked at three plays from the bench early in the last period when the Devils needed their third touchdown and were within seven yards of pay dirt. Coach Wernet called on his veteran quarterback Nicholson who called three plays which put the Pointers into the end zone and 13 points out in front.

Tom Andris Stars

Fullback Tom Andris was another lad who performed admirably. This was Tom's first game since being injured in the Royal Oak contest. He showed plenty of his old hard driving, bone crushing power in smashes up the middle for that all important third down yardage. With Andris back in yardage, the Devils will be at full strength when they meet Port Huron on the local gridiron in the last game of the season next Saturday, November 8.

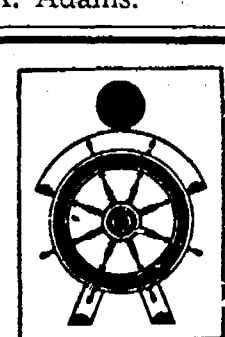

Port Huron, currently leading the Eastern Michigan League race with three wins and tie. The Big Reds always have been a formidable foe for the Devils in this series that has produced some of the best and highest scoring games in the Pointers history. Game time is 2:30 p.m.

Badminton Club Launches Season

The 29th consecutive season of the Grosse Pointe Badminton Ass'n. began last Saturday, November 1, with play to continue each Sunday from 11 to 3 p.m., Tuesday, Wednesday and Friday from 8 to 10 p.m. and Saturdays from 2 to 5 p.m. until April 15.

Officers for the season are: Jim Howard, president; Bob Bryant, vice president; Bob Petz, secretary; and directors: Ruth Reindel, Wes Thompson, Dick Ralph, Jack Lavis, Hans Rogind and Harold Tanner.

To give real service you must add something which cannot be bought or measured with money, and that is sincerity and integrity.—Donald A. Adams.

Reserves Beat Wyandotte, 25-6

Grosse Pointe's reserve football team chalked up its fourth win in five starts last Thursday, October 30, with an impressive 25 to 6 victory over Wyandotte on the Bears' home field.

Hidden in the shadow of the varsity exploits the reserves, under the guidance of Coach Ole Olson, have tripped Hazel Park, 25-0; Highland Park, 27-0; Royal Oak, 18-0; and Wyandotte, 25-6; in that order while losing only to Fordson. The Devils have scored 101 points while holding the opposition to a mere 27 points which is a record near the equal of the 1957 Blue Devil varsity which allowed only seven points in an eight game season.

Ross Kogel Hurt

The reserves' win over Wyandotte was an expensive one. Halfback Ross Kogel, Jr., broke his ankle in the second quarter and will be sorely missed when the Devils tackle Pontiac on the local gridiron on Wednesday, November 5, in the last game of the season. Coach Olson regards Kogel as one of the best reserve prospects to move up to varsity level next season.

The Devils struck for the first of four touchdowns early in the second quarter when Randy Allardyce hit halfback Andrews with a perfect pass on the Bears' 15 from where he scampered in for the score. Lou Ewald was stopped short of the goal line on the try for the extra point.

Wyandotte, with the aid of a 60-yard pass play, came right back to knot the count at 6-all. The pass and run carried the ball to the Devil 10-yard line from where the Bears swept the end for the score. The extra point kick was blocked. Kogel suffered his injury on this play.

Sparked by Ewald, the hard running of Lou Ewald the Devils racked up two touchdowns in the third period and one in the final stanza.

Ewald scored on a 10-yard off-tackle slant and Foster was short as he tried to run for the extra point. Ewald chalked up his second touchdown of the period when he slammed in from the two-yard line. Lou missed the extra point from placement.

Halfback Gutow climaxed the scoring for the day when he bulled his way over from the three-yard line and Ewald added the extra point from placement to clinch the victory.

The Devils completely outplayed their opponents, running up a total of 278 yards (44 by passing) as compared to the Bears' 100 yards.

Defensively the standouts were end Mike Miller, line-backer Gil Steiner, guard Jim Kolp, tackle Jim Foster, quarterback Randy Allardyce, fullback Ewald and halfback Gutow.

GAS CONSUMPTION JUMPS

Michigan consumers used 97,897,000 gallons of liquefied petroleum gas in 1957. The Wolverine State ranked 20th among all states in LP-Gas sales. National consumption last year was 6,939,121,000 gallons. Total consumption of all LP-Gas produced in the United States, including fuel sold for export, was 7,129,724,000 gallons, an increase of 5 percent over 1956.

Race Stays Hot In Bowling Loop

Last Friday, October 31, was position night in the Grosse Pointe Business Men's Bowling League and it played havoc with team standings. The first six teams are separated by only three points.

Goebel One is holding down first place by one point over Maple Lanes who in turn holds a two point edge over the four-point deadlock for third place between G. P. Pharmacy, Goebel Two, Larry's and Wigle. Two two-way ties exist for sixth and seventh places.

Goebel Two jumped into the four-way scramble for third with a four point win over Atwell.

Jim De Smedt posted the high three game individual series of 603 to help Larry's take three points over G. P. Pharmacy and a share of third place.

Although Kennelly dropped three points to Barrett's they broke through in the last game to establish a new high team single game score of 988.

Fourteen 200-plus games were posted by: Jim De Smedt, 238; Roy Barrett, 234; Jerry Fredricks, 234; Dick Stehlin, 223; Jack Baker, 221-205; Ernie Nierath, 213; Russ Blauer, 208; Ralph Shelby, 207; Ange Petracci, 205; Sam Kunath, 202; Ken King, 202; Bruce Warren, 201; John Kotia, 200.

Child Struck by Car Only Slightly Injured

An accident that might well have had serious consequences, fortunately turned out to be a relatively minor affair.

Last Thursday, October 30, Vera Thelma Ray, of 825 University place, was driving south on St. Clair avenue, traveling about 15 miles-an-hour as she approached the intersection at Kercheval. It was here that she hit 6-year-old Henry Schmidt, crossing St. Clair, headed east on Kercheval. Young Schmidt, who lives at 408 Neff road, was taken to Bon Secours Hospital where he was treated for an injury of his right leg, and released shortly thereafter.

Mrs. Ray was subsequently ticketed for reckless driving and given a court date.

GPUS Knights Beat Oak Park

In as exciting a football game as old-timers can remember, the Grosse Pointe University School Knights held on to an early lead to win by a slim, two-point margin over a gallant Oak Park foe, which managed to bounce back to a near win after trailing by 31-7 at one point in the game.

Things looked pretty easy for G.P.U.S. in the first half, and the Knights seemed to be doing everything right, but in the second half the Oak Park team came from behind and, at a point when many teams would have been overwhelmed by the odds against them, began ripping off yardage and scoring touchdowns.

Oak Park's TD's were made by Dan Barnard and Steve Wolf; each boy made two. Barnard caught long passes from Bill Bailey for his tallies. Steve Wolf got his two on running plays of 10 and 25 yards.

The GPUS Knights' co-captains, Glynn Conley and Dick Johnson, did a lot of fancy running between them. Conley scored three times on runs of 2, 6, and 55 yards. Johnson went over on a 45-yard jaunt; he did a lot of other fine running, too.

The Knights' other touchdown came on a brilliantly executed pass from quarterback Jack Pingel to left and Dick Baron for 15 yards. Pingel was sidelined for some of the game with injuries. Conley did the kicking for the extra point; he missed one, made one, and had three blocked.

Much of the team's success came from its facility in recovering Oak Park fumbles.

Defensively the GPUS right tackle, 130-pound Billy Walker, was a standout and made some really rocking tackles. Bruce Gillis shown in his first appearance as a defensive halfback. Paul Sperre played his usual stable, solid defensive game, as did John Webster who was knifing through to upset many an Oak Park running maneuver. Substitute Noel Savignac also showed to advantage as a lineman.

Coach Dick Trim's Knights now have three wins and two losses. Their opponents tomorrow, November 7, will be Lutheran East at 3:30 at Cook road.

Little Footballers Beat GPUS Grade '11'

The Grosse Pointe Little Footballers, a team made up of Freshman and Junior Varsity players of the Grosse Pointe Little Football League, tripped the Grosse Pointe University School grade school team 7-6, last Saturday, November 1, at GPUS gridiron.

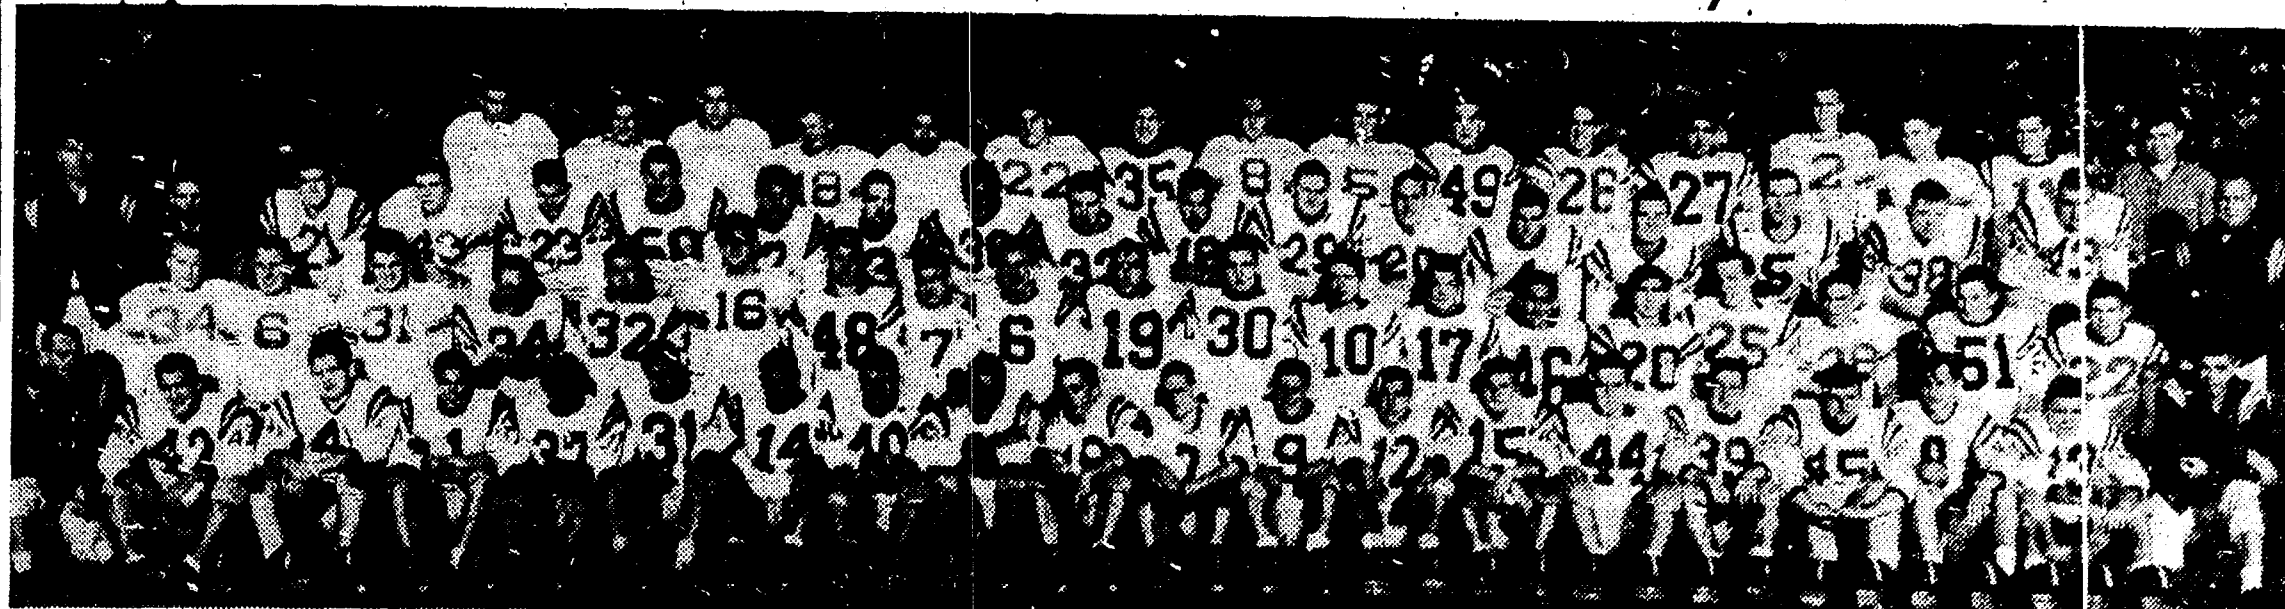

This was a post-season game for both teams which ended the season. The Little Footballers will be feted at a players-coaches and rooters banquet to be held at Assumption Community Hall, 11000 Charlevoix, Thursday, November 20, at 6 p.m.

Austin Takes Second Place

Once beaten Austin clinched second place outright in the Central Division of the Parochial League last Sunday, November 2, with a 26-14 victory over Cathedral Central on Jayne Field.

The victory gave the Friars a 5-1 league record for the season with the only defeat coming at the hands of champion U. of D., who will meet St. Ambrose champions of the East Side Division on Sunday, November 9, at U. of D. stadium.

The Friars scored first but were on the short end of a 7-6 count at halftime. A second half rally overcame a 14-6 Cathedral lead and produced the victory.

Austin's first touchdown came midway in the first quarter when end Terry Brouillard snatched a 17-yard pass from halfback Ken Scherer in the end zone. Two plays earlier Brouillard had grabbed a 35-yard pass from quarterback Dan LaVerdiere and raced to the Cathedral 12. The Friars' attempt to score the extra point on a running play failed.

Springer Goes Over Cathedral bounced back to take the lead when halfback Tim Springer smashed over center from the one-yard line for the touchdown and then circled his own left end for the extra point that gave Cathedral a 7-6 lead at halftime.

Austin fell eight points behind when Cathedral pulled the old moth eaten Statue of Liberty play out of the bag and went 53 yards for the score. Springer passed for the extra point.

Thoroughly incensed at their inability to contain the Wildcats the Friars buckled down to business and turned the tables on their foes with two touchdowns before the end of the third quarter.

Cathedral gambled on a fourth down and eight and the Friars took over on the Wildcat 30. On the first play LaVerdiere rifled a pass to Brouillard in the end zone for the second Austin touchdown. LaVerdiere's pass for the extra point missed and the Friars trailed 14-12.

Recovers Fumble

Austin kicked off to the Cathedral 20 where the ball carrier fumbled and Austin end Dave Miller recovered. LaVerdiere flipped two passes which put the ball on the eight and Bob Miller crashed to the three from where quarterback LaVerdiere bowled his way to the two and then Ken Scherer hit the middle for the score. Halfback Tom Elow went around his own right end for the extra point to put the Friars out in front 19-14.

Midway in the final period Cathedral got off a bad kick and Austin took over on the Wildcat 35. Dan LaVerdiere through the line and found running room and went to the Wildcat three. Halfback Tom Smith crashed over left guard for the final touchdown of the day. Dan LaVerdiere passed to Dave Miller for the extra point to complete the magnificent comeback rally.

Lakers Upset St. Catherine

The St. Paul Lakers surprised the once beaten favored Warriors of St. Catherine with a 13-7 upset victory on Mack Inter-parish Field under the lights last Friday, Oct. 31.

This victory was a great feather in the Lakers' cap as St. Catherine was the pre-season favorite to take the East Side First Division title but was beaten by unbeaten St. Ambrose for its only loss six starts up to the St. Paul game.

By winning, the Lakers took a strangle hold on third place, a half a game behind the Warriors who finished the season with a 5-2 record. The Lakers' record was 4-2-1 which was outstanding for the first season in the First Division.

Score on Long Drive

St. Catherine cracked the scoring column early in the second quarter with a 60-yard sustained drive that was climaxed by Jim Oden's scoring plunge. The extra point attempt was good to put the Warriors out in front 7-0.

Trailing by a single touchdown the Lakers stormed back in the third quarter when halfback Joe Lauer took a handoff from quarterback Marty Peters and raced around end for 50 yards and went to the five before being pulled down from behind. As he fell the ball squirted away into the end zone and alert Ray Martin pounced on it for the touchdown. Marty Peters whipped a bullet-like pass to Lauer in the end zone for the extra point and the game was tied up 7-all.

In the fourth quarter the Lakers marched 80 yards for the winning touchdown. The drive appeared to stall on the Warrior 10. The Lakers were faced with a fourth down and two yards to go for a first down at this point. Joe Lauer skirted his own left end for the final 10 yards to score. The extra point failed and the Lakers were vulnerable as there was still four minutes left in the game.

Hold on Desperately

Faced with defeat the Warriors began banging away at the Laker line, which reluctantly gave ground little by little before the bigger Warrior line. When it appeared St. Catherine would push over the tying touchdown and a possible win, the Lakers dug in on their own 15 to halt the drive. There were only 30 seconds remaining when Joe Lauer intercepted a Warrior pass to nail shut the door to the Laker goal line.

It was a magnificent victory for the little school on Grosse Pointe Boulevard and a wonderful tribute to Coach Eddie Lauer who, year after year, seems to find the bare necessities to patch together a winning combination from the small enrollment which is the smallest of all the schools playing in the First Division.

Largest Dog Show To Be Held Sunday

The largest combined specialty dog show in the country will be presented Sunday, November 9, at the Detroit Artillery Armory, 15000 W. Eight Mile road, Oak Park. This event is staged annually by the Motor City Specialty Clubs Association. It is limited to just eight breeds and obedience, still it outranks most of the allbred events held in the state.

The show this year has a total entry of 715 dogs. Great Danes top the list with 138 dogs. The balance of the list is made up of 83 German Shepherds, 80 Boxers, 30 Chihuahuas, 64 Collies, 52 Doberman Pinschers, 42 Toy Manchester, 38 Boston Terriers, 137 dogs are entered in the obedience trials.

St. Ambrose Cavaliers, champions of the East Side First Division Parochial League, will meet U. of D. champions of the Central Division in the first game of the Catholic League playoffs next Sunday, November 9, at University of Detroit stadium. Kickoff time is 2:30 p.m.

The winner of this game will meet St. Mary's of Redford for the City title. The winner of that game will qualify to meet the Detroit Metropolitan champions in the annual Goodfellow game at Briggs Stadium.

Play to Provide Scholarships

There will be an added incentive to fill the houses for the opening of the Points Players production of "The Torch Bearers," on Thursday, November 13, in the High School auditorium.

Proceeds from this performance of the George Kelly satire on amateur theatrical groups will go to the Scholarship Fund of the Mothers' Club. Friends of the High School throughout the community will support this project.

At present there are twelve students at various colleges who are receiving grants of varying amounts from this fund which make their further education possible. All graduates of the current school year, both January and June, are eligible to apply for financial assistance to make their enrollment in the school of their choice possible.

A committee of Home Room mothers under Mrs. Howard Gandelot has been contacting parents of High School students urging their attendance on this opening night. The performance is open to the public and tickets will be available at the door at a charge of 75 cents. Curtain time is 8:15.

A man of integrity will never listen to any plea against conscience.—Henry Home.

Federated Garden Clubs Have Exhibit

Many Pointers Represented in Annual Four Day Presentation Opening Next Wednesday at the C. W. Warren Company in Washington Blvd.

"Quest for Beauty"—theme of the four-day exhibition of table settings and flower arrangements staged by District One of the Federated Garden clubs of Michigan—quite evidently has captured the imaginations of countless devotees of gracious living.

There are clear indications that men as well as women will flock to this fourth annual exhibition at Charles W. Warren and Company's store on Washington boulevard in downtown Detroit, November 12 through 15. Hours are from 10 a.m. to 5 p.m. and the public is invited. There is no admission charge.

An exquisite background for certain of the arrangements and table settings will be the Steuben glass salon, new since last year's exhibition.

This unique event is never judged. Instead of individual awards, Charles W. Warren and Company will present District One with a companion piece to the silver tea service, candelabras, punch bowl and tray previously given by them to the organization.

This 1958 gift will be a silver coffee urn and tray. It will be inscribed and with its companion pieces will adorn the permanent home soon to be completed, of the National Council of State Garden Clubs in St. Louis, Mo.

Before the exhibition opens there will be a preview and reception to which invited guests will include the committee, arrangers, hostesses, officers of the various participating clubs, and the press.

As usual, Grosse Pointe will be well represented. Below is a partial list of the women from this area who are actively associated with the project—either as officers, exhibitors or hostesses—and have been instrumental in helping to

bring to thousands who love beauty, the splendid results of their efforts.

Heading the exhibition as general chairman is Mrs. Donald B. Smith of Grosse Ile. While practically all of the 49 garden clubs in District One are represented by one or more members, it is impossible, of course, to list them, because of space limitations.

Alphabetically speaking, Pointers include: Mrs. Standish Backus, Lake Shore Road; Mrs. Watson Beach, Kenwood court; Mrs. Julian P. Bowen, Jr., Cloverly road; Mrs. Edward B. Caulkins, Jr., Beverly road; Mrs. William H. Denler, Cloverly road; Mrs. Vincent R. DePetris, Hampton road; Mrs. George Bethune Duffield, Morris road; Mrs. Benson Ford, Kenwood road; Mrs. William R. Hamilton II, Lake Shore road; Mrs. Bert C. Livo, Seminole avenue; Mrs. Longyear Palmer, Washington road; Mrs. Frederick J. Schumann, Devonshire road; Mrs. Lewis S. Robinson, Dyer Lane; Mrs. John B. Warren, Edgemere road; Mrs. Bert H. Wicking, Trombley road; Mrs. Henry P. Williams, Tonnacour road; Mrs. Hansel Dwight Wilson, Oxford road.

The Trowel Garden Club of Detroit has two members now living in Grosse Pointe—Mrs. R. J. Hodgson, Renaud road and Mrs. G. E. Manser, Hampton road.

Symphony Ends Eastern Tour

A triumphant Detroit Symphony Orchestra arrived home Friday noon in chartered planes after making a spectacular debut as official orchestra for the 99th annual music festival at Worcester, Mass., America's oldest presentation.

Replacing the Philadelphia Orchestra after 14 seasons in this New England music center 36 miles from Boston, the Detroit Symphony received unprecedented ovations and rave reviews for each of its six festival concerts.

Before flying to Detroit, the orchestra played additional concerts in Greenwich, Conn., Stamford, Conn., New Britain, Conn., and Schenectady, N.Y.

The orchestra's next Detroit performance will be tonight, Thursday, at 8:30 o'clock in Ford Auditorium featuring Paul Olesky, cellist, and Nathan Gordon, violist, in the solo lines of the Richard Strauss Tone Poem "Don Quixote."

The program will include Webber's Overture to "Oberon" and Tchaikovsky's Symphony No. 4 in F minor.

Saturday morning at 11, Valtier Poole will conduct the first of four Young People's Concert of the Season with Oscar LaGasse, tuba player, featured in Kleinsinger's "Tubby and Tuba." Shields Dierkes will narrate the work.

The program will include a complete demonstration of orchestra instruments, Wagner's Introduction to Act III of "Lohengrin," Carpenter's "Hurdy-Gurdy" from "Adventures in a Perambulator" and the March from Tchaikovsky's Symphony No. 6 ("Pathe-tique.")

The Young People's Concerts are sponsored by the Junior League of Birmingham and Detroit, the Women's Association and the Junior Women's Association.

To Tell Story of Foundation

The Grosse Pointe Alumnae Group of Pi Beta Phi will devote their evening program this coming Monday, November 10, to the Foundation for Exceptional Children.

The alumnae group has for years been raising money for scholarships at Wayne to further the education of teachers in this field.

Mrs. John Bockstanz will address the group and show, with the help of slides, what is being done for the children in our area who are handicapped.

The meeting will be at the home of Mrs. Burton Warner, of Trombley road at 8 o'clock. Members in the area wishing to attend should contact the president, Mrs. Albert Teezel, TU 2-5543.

Boat Banter

By Fred Rummels

Skippers and crews of the Mackinac racers will gather Friday night, November 7, at Bayview Yacht Club for the annual Awards Dinner sponsored by Bayview Yacht Club.

Out of town guests will include Clayton Ewing and his crew from "Dyna", the overall and Class A winner; Dave Hatcher and his "Nimbus" crew that won Class B honors.

Freddie Ford, Jr., will be there with bells on to accept his Class C awards and his crew will be there to help him carry away the perpetual trophies. This is a new and well deserved experience for Freddie and it will put him on an even keel with his dad, Fred, Sr., who many years ago was the recipient of a Mackinac award.

Jimmy Carlin's "Glory Be II" crew will be on hand and Bayview is thankful for this Scotch skipper for he was the only Bayview member to salvage a victory in this year's race. Jim captured the Class D honors.

Many high ranking officers of the United States Coast Guard will be on hand and will receive sincere thanks from the sailors for the wonderful way in which they protected the race and insured

the safety of the fleet as they have for several years in the past.

DYRA club delegates and the Executive Committee got together at Edison Boat Club last Friday, October 31, for the annual nomination meeting to select the Flag Officer candidates for 1959. Robert L. Benkert, past Commodore of Bayview Yacht Club, and Sidney Warner, past Commodore of the Detroit Yacht Club, were nominated for the post of rear commodore. Vice Commodore John Detwiler and Rear Commodore Arthur Rautenberg will be unopposed and will automatically move up to Commodore and Vice Commodore respectively at the annual Winter meeting to be held at the Detroit Yacht Club, December 5.

The Collegiate sailors of State, Michigan State, University of Michigan, University of Detroit and Oberlin College will wind up the 1958 season with their annual series to be held off Bayview Yacht Club on the week end of November 7-8.

The collegians will sail MIT dinghies which are all fiberglass and cat rigged. Wayne State will be the host and Tom Johnstone is the commodore of the Wayne Sailing Club.

DAR Announces Month's Events

The service group of Fort Pontchartrain Chapter, Daughters of the American Revolution, will meet this Friday at the Grosse Pointe War Memorial for luncheon and bridge.

A short business meeting will be conducted by Mrs. Kephart N. Walker, of Dearborn, the new chairman. Hostesses will be Mrs. C. Edward Putnam, Mrs. H. Sanford Brown, Jr., Mrs. William H. Arbaugh, Mrs. Henry G. McCabe, Mrs. Harry E. Barnard, Mrs. Albert E. Cooney and Mrs. Gilbert W. Hanna.

The executive board of the chapter will meet following luncheon on Friday, November 14 at the home of Mrs. Richard F. Lang, Mrs. Carl D. Macpherson, regent, will preside, and Mrs. Colin T. Bain will assist the hostess.

The chapter will hold its regular meeting on Friday, November 21 at the Women's City Club with Mrs. Macpherson presiding.

Mrs. Roy E. Riddle will give a book review on "The Berry School of Georgia", one of the schools supported by the national chapter.

DAR Chapter to Observe Thanksgiving with Tea

The Central Josiah Harmar Grosse Pointe Chapter, Daughters of the American Revolution, will mark the Thanksgiving season with a tea Saturday, November 15 at 1:30 o'clock in the Tracey avenue home of Mrs. Gale J. Menold. Assistant hostesses will be Yvonne Menold, Helen and Mary Hale, and Mrs. Darwin Labadie. Mrs. John S. Buchanan will direct the program, "The Pilgrims and Thanksgiving."

Lewis F. Brown of Lothrop road, whose Ford dealership is among the largest in Michigan, has announced that Joseph N. Carbarino, DSR commissioner and former member of his staff, is once again with the Lewis F. Brown Agency.

Public School Curriculum Council Conducts Session

For several years a number of the Grosse Pointe Public School System's staff, called the Curriculum Council, have met periodically to consider the schools' educational program. The council had its first meeting of the year recently under the chairmanship of Dr. H. Leroy Selmeier, Director of Instruction for the public schools.

The Curriculum Council is composed of secondary school department heads, first assistant principals of the elementary schools, and several representatives of the administrative staff. It usually meets in an all-day session twice a year and on at least two other occasions in the evening.

Part of the day was spent in analyzing at the close of the last school year. Within the discussion it was apparent that achievement test scores were much higher than usual in several of the test areas. However, several instances demonstrated that a need for special alertness and study of local procedures existed.

The Council checked the status of production of various pieces of curriculum material for which a desire was known to exist. Plans were also made for the revision of certain other materials wherein the course content or points of emphasis were modified. Policies and procedures with regard to textbook changes were considered,

especially in relation to the possible change in editions of textbooks already approved for use in the system.

Members of the Council spent an hour visiting classes in a building other than the one in which they normally taught. By this visitation it is felt all gain a better appreciation of their responsibilities as teachers in relation to the work being performed by others. At the same time a better understanding is achieved of the contributions being made at all grade levels to the pupil's development and progress.

Much of the day was spent by the Curriculum Council in a discussion of recent developments in the local program for gifted students, an area in which a great deal of progress has recently been made.

A discussion of the changes being made in the secondary schools for a more efficient year-long program was also part of the agenda. With the approaching graduation of the last mid-year class it will soon be possible to have more realistic use of time and materials when students and teachers are no longer confronted with the need of finishing up at the end of the first semester. The Council feels everyone will benefit from this change when it is put into effect.

GPHS Students Hear Novelist

By Pegi Jeffs, IIB
GPHS Journalism Student

If you're planning to write a novel, better reserve two or three years to do it.

That's how long it takes, Miss Elizabeth Howard, author of "North Winds Blow Free" and other books for teenage girls, told Grosse Pointe High School Journalism students in an interview at the high school.

"First of all," said Miss Howard, who lives at 1153 Harvard, "you must think about your theme. Let your characters grow in your mind. With me, the plot develops as I write. Sometimes when I start writing a book, I have no idea how it will end."

After Miss Howard has completely finished a book and revised it, she sends it to her publishers. If they like it, they keep it about a year, during which time they send her several proofs to check and recheck.

With few exceptions Elizabeth Howard's novels are set in the Middle West during the pioneering period. She sets her books in a historical background not only because she has always been interested in history, but also to give youth a feeling of familiarity with the past.

Miss Howard was born and reared in Detroit, where she attended Central High School. After graduating from the University of Michigan, she did post graduate work there and at Wayne.

Among her novels are: "Sabina," "North Winds Blow Free," "Peddler's Girl," and "A Star to Follow." She is working now on a new manuscript which she hopes will be published by next fall.

Miss Howard's visit to the high school was arranged by Mrs. Aaron E. Wilcox, publicity chairman of the Children's Book Fair, now in progress at the Detroit Historical Museum.

Miss Howard is one of the participating novelists in the Book Fair program.

Brownell Holds Open House

Over 400 mothers and fathers of students at Brownell Junior High School were in attendance each night of the two Open Houses at the school on October 30 and November 4.

To eliminate confusion and crowded hall traffic in locating the respective teachers of the students a trial system was put into effect.

In both gymnasiums teachers were assembled in alphabetical order where the parents were able to easily locate the teachers with whom they wished to confer. From the favorable comments by the parents regarding that system, all future parent-teacher conferences on such a large scale will be held on much the same order.

Thomas Munson, P-TA president, announced that the next regularly scheduled Parent-Teacher Association meeting will be held on Wednesday, November 19 at 8 p.m.

Offer Classes For Mothers

Cottage Hospital is announcing a new series of Mothercraft classes for expectant mothers. These classes, in a series of six, will be held every Wednesday afternoon from 2 until 3:30 o'clock starting November 5 at the hospital.

Those attending classes will not be obliged to go to Cottage Hospital as patients, neither is it required that their physicians be on the medical staff at Cottage Hospital. There is no fee.

The last class of the series will be repeated in the evening from 7:30 to 9 o'clock for the benefit of husbands.

Jacobson's in the Pointe will furnish a layette for demonstration purposes.

Miss Jerry Lou Davidson, R. N., on the staff of the hospital, will be in charge of the Mothercraft classes.

Reservation is not necessary. For further information, call Cottage Hospital, TU. 5-4500.

Driver Abandons His Car After Tangling with Bus

A hit-and-run mystery was solved Monday morning, November 3, when the guilty party appeared at the Grosse Pointe City police station to present the missing pieces of the puzzle.

It all began on Thursday, October 30, about 9:10 in the evening when the manager of a local drugstore phoned the station to report an accident that had occurred at the corner of Notre Dame and Kercheval avenues.

Officers arriving at the

scene took the report of Arthur Reed Frank, who lives at 22225 Ardmore park, in St. Clair Shores. Frank was the driver of a Lakeshore bus. According to his testimony, he was driving west on Kercheval and had stopped for a red light at that intersection when his coach was struck on the left side.

The automobile, a 1956 Pontiac Sedan, continued across Notre Dame, pulled over at the north curb of Kercheval, and the driver, with a passenger, slid out a door, leaving the car stranded a few feet from the scene of the crime.

The police had the vehicle towed to the rear of the station and then sat back, awaiting the inevitable call. The next morning Captain Andrew Teetaert was on board when it came. A man, who identified himself as William Richardson, giving his address as 17015 Maumee, claimed possession of the car in question. Captain Teetaert told him to come into the station to make out an accident report, in person.

Three days later, on Monday morning, Richardson appeared. He was promptly ticketed for leaving the scene of an accident, and was given a November 18 court date.

When questioned about his traveling companion, he said he only knew him as "John" and he had no knowledge of his whereabouts. In lieu of the expected \$50 bond, Captain Teetaert said the police are holding Richardson's car, pending his appearance in court.

Senior Scouts Holding Sale

Our Ladies of the Lantern-Paks are Senior Girl Scouts who from November 8 through 18 will be taking orders for Lantern-Paks to be delivered December 6 through 15. And they believe the Lantern-Pak will have enormous appeal to you. It consists of one can of large salted Virginia peanuts and one can of salted mix nuts attractively, handily packaged to resemble a lantern. As the dates for delivery are so timely you may want Paks for your own Christmas entertaining and for gift giving.

Only Senior Scouts and affiliated adults will be handling this sale. Reason: Senior Roundup 1959. Perhaps you recall Roundup 1956, the first of its kind, held at Highland State Recreation Area. Pontiac. There almost 5,000 girls and 1,000 leaders from the forty-eight states and six foreign countries established a tent encampment and for 12 days exemplified their camping skill, mature resourcefulness and open-minded desire to meet others and exchange local culture for that of afar.

Now they are on the threshold of the second of its kind, Roundup 1959, to be held July 3 to 12, twelve miles from Garden of the Gods in the royal shadow of Pike's Peak, Colorado. This time leaders plan to round up 7,500 girls—broadened scope, broadened reach.

Girl Scouts of Metropolitan Detroit are eligible to send 96 representatives of which 5 are from the Grosse Pointe District. And so to aid our five in transportation costs, camp fees and patrol equipment every Scout of our two Senior Troops will move under full steam during order taking time. However, should you not be contacted or should you prefer ordering early, please call Mrs. Harold Nofz, TU. 4-5165 or Mrs. Edward H. Kay, VA. 2-3302.

Rambler sales in the Detroit zone of American Motors Corporation climbed 78.9 per cent in the 1958 model year to establish a new record, according to R. J. Goodyear, zone manager. The Detroit zone covers Michigan and northern Ohio.

By PAT TALBOT

Although she was the only daughter of the Rev. and Mrs. George Duffield, whose sons made such a mark on Detroit history, Isabella Duffield Stewart showed that a mere Victorian lady had a great heritage to leave, possibly greater than the legacy of business success and civic endeavors her brothers gave to the city.

Harper Hospital, Michigan's Children's Home Society, Thompson Home, the Woman's Christian Association, the Detroit Institute of Art all owe a debt to this highly spiritual and intelligent woman.

She married Dr. Morse Stewart in 1852 and ten years later the young couple bought a home in the country, at the corner of Moran road and the "front road" (Lakeshore). Her husband being the old fashioned type of country physician, she was often left alone with her four small children in the practically isolated Grosse Pointe of the mid-nineteenth century.

One evening from an upstairs window she caught four ruffians trying to break in and holding a metal boot jack to resemble a pistol ordered them to step out in the moonlight. She talked very sternly to them and ordered them to leave, which they meekly did. She was a resourceful and courageous woman.

During the Civil War she organized the first Ladies Soldiers Aid Society in the country and from her Pointe home shipped supplies and gifts to Michigan soldiers at the front. At her home the first knitting machine was used to make quantities of stockings for the Union boys. Her brother, General Henry Duffield, kept many of her amusing letters to share around the campfire with his men.

Her letters must have been unusual for she corresponded regularly with Robert Browning for 15 years. She wrote him a complimentary letter when "Pippa Passes" was published and this began the long correspondence. She knew about publishing, having edited The Home Messenger, a favorite magazine in the Detroit area. Miss Cornelia Campbell helped her with the spelling and punctuation for she said "her punctuation was always dashes."

When Mr. Harper, one of her father's wealthy parishioners spoke about leaving his money to the Presbyterian Church, she spoke up for the poor, who desperately needed a hospital. His money was not enough, but Mrs. Stewart went to Nancy Martin, a shrewd and thrifty old market woman, who she persuaded to assist with her fortune.

Grosse Pointe was a self contained community in those days and the Stewarts' daughter Isabella married a Pointer, Charles Lothrop. Their daughter, another Isabella, married Henry Monroe Campbell.

Mrs. Stewart helped found the Protestant Church here which is now Memorial. When she died her husband was bereft and for 18 years after church on Sunday he ordered his carriage to drive to Elmwood Cemetery where he placed flowers on her grave.

who, where and whatnot

by whoozit

There couldn't be more excitement over the delectables from food to rare treasures which the Christ Church Fair workers have assembled for the big bazaar on November 13.

Mrs. William R. Hamilton packed a picnic lunch and went hunting in the country for unusual old containers for the over 100 casseroles which Mrs. J. Crawford Frost and Mrs. Ezra Lockwood have inspired their committee to prepare for the Kitchen Corner.

There will be a luscious cold lobster in a burnished copper mold... toothsome sweet rolls in a Bennington pie plate... an old fashioned covered dish holding a cheese appetizer... mountain pottery hiding tempting casseroles for supper.

Mrs. Roy Chapin Jr., has collected gifts for the men in your life... a prize item being denim covered toilet articles... and there will be those chic knitted vests for the daring male.

For months Mrs. Robert Kanzler has had her crew working away at needlepoint in all kinds of designs... even chairs for tots done in nursery rhymes.

Mrs. James French promises there will be elegant satin evening bags embellished with vari colored satin flowers... But Mrs. Simpson Leonard and Mrs. Benjamin Paddock have really come up with the most ultra surprises for their Treasures of Tomorrow... a teakwood desk, a 200 year old silver basket, rare tapestries and fine china.

Visitors to the homes on the recent Garden Center sponsored House Tours are still ohing and ahing about the Allan Shelden III menage in Provencal road. The living room done in luscious shades of pink and turquoise (the chairs beautifully covered in quilted chintz) was highlighted by the lovely arrangements of rose carnations Mrs. Shelden herself arranged with great talent.

Four year old Jonathan Reynolds takes a very dim view of being shunted off to Sunday School while his parents are attending church. Last Sunday he delighted worshippers at Memorial Church by meeting his father in the narthex and pointing determinedly to the sanctuary saying in a loud, carrying voice, "Is that where God is?"

The elegant collection of Italian Renaissance art which will be shown at the Art Institute November 24 is attracting not only the attention of the Pointe's artistically inclined but the nation's great collectors. Jerome Strauss is so careful of his Venetian glass collection that he will escort the choice items to Detroit himself from State College, Pa., and see the glass properly placed.

Housewives bored with the weekly grocery shopping routine can take heart from this vignette... Count Cyril Tolstoi is not above haggling over a cut of beef at the local supermarket and our spies tell us he can pick a fine melon, too.

Pointer of Interest

MRS. RAY DENNY, OF NOTRE DAME AVENUE

After enjoying a star's spotlight in New York's television world it's a little discouraging to have as an audience only your own year old son, but that's Mrs. Ray Denny's story.

As Peggy Pulliam she won the Artists of the Future award in California when 17 years old. Her golden soprano voice attracted the attention of veteran singer James Melton and she toured with him for several years. For 72 weeks she was featured on TV on the Ford Festival; she sang leads in musical comedies all over the country, played night clubs from Las Vegas to Montreal, starred in her own television show for the Mutual network, hobnobbed with such theater personages as Sarah Churchill, Patrice Munsel and Arthur Treacher to name just a few.

Kentucky Girl

Mrs. Denny is a small town girl at heart, her home near Louisville, Ky., across the river in New Albany, Ind. Southern tradition is bred in her and she loves returning to the old South. On a trip home after a wearing concert season she met her future husband in the approved way, her father brought him home for dinner. Now she's no longer Peggy Pulliam, glittering artist, but Mrs. Ray Denny, housewife and mother.

The attractive brunette with the peaches and cream complexion admits she misses her days in the limelight and her position in New Albany as the home town girl who made good in the big time. The Denny's moved to the Pointe last March, but Mrs. D. hasn't spent much time here yet. She visited New York during the summer for voice lessons and returned home for a long summer stay.

Sang on Belle Isle

But she did sing one concert on Belle Isle this July with Leonard Smith. She wants to do more professionally in Detroit now that she has settled here to make a home. Currently she is singing with the First Presbyterian Church downtown every Sunday but "singing is my life" she says and she needs more concert work to keep her happy. Devoted as she is to small son Robert she admits it takes more patience to raise children than to sing.

But Mrs. Denny is a good homemaker. Her terrace home with its white walls and red carpeting is a spotless foil for the antiques she cherishes. Above the mantel is a gold framed portrait of a young Robert E. Lee which she found in an old Kentucky barn. Good Southerner that she is she says proudly, "It's much more difficult to find pictures of Lee than Grant. He's everywhere."

Antique Collector

In her dining room is a priceless Hepplewhite chest and four lovely cherry chairs. The living room, boasts some handsome tufted velvet parlor chairs and pie crust tables. Along with the care of her antiques she cherishes.

As "A Dancer's World" begins, Miss Graham is found in her dressing room. It is here, says Miss Graham, that as a dancer makes up he becomes one with the part. In portraying a part, the dancer is as much aware of his head and throat as he is of his body and limbs.

It is Miss Graham's famous troupe who danced "Clytemnestra" in New York last spring to such favorable critical acclaim that will appear in her picture.

Martha Graham regards the human body as the dancer's instrument. Miss Graham feels that only through years of discipline can the body be brought to the point where it can follow and interpret the mind with true freedom. She feels that it takes at least ten years to develop the body so that it can faithfully express the spirit. In a dancer's training he is in competition with no one except himself.

Martha Graham believes that a dancer must learn to conform to all the movements of which the body is capable in order to be free as a soloist. Spontaneity, she feels, is arrived at only over the years and is recognized in terms of true simplicity.

this went on while she was recuperating from illness after Robert's birth and while her husband was on frequent business trips.

She has, along with her talent, the friendly warmth of a small town girl and is looking forward to making a place for herself and her family in our community. This comes first with the former star, who said she knew what she was doing when she gave up her promising career to become a housewife and mother.

But Mrs. Denny wants to go on singing, if not before the television camera, at least an occasional concert. She is firmly convinced that a career and home can successfully be combined if her marriage and son remain her paramount interest. A stage life has its drawbacks, too, she says. But someday soon she will stop singing just to Robert, a sink full of dishes and the picture of Robert E. Lee and return, if even just for an evening, behind the footlights to charm Detroit audiences with her lilted voice.
