Recorder's Judge Paul E. Krause said he will pass sentence December 4 on Mrs. Joyce Holt, 30 and her sister, Miss Helen Stock, 37, the owners, and Cymon Rieger, 41, the manager. They face a maximum of five years in prison on each of two counts.

The trio were convicted of conspiracy to commit gross frauds and cheats and conspiracy to obtain signatures under false pretenses. There were a total of 65 witnesses called in the spectacular 13-month-long trial.

THE RUSSIAN ARMY held a convoy of three American Army trucks for 8½ hours Friday. The trucks were stooped while seeking to leave isolated Berlin on a routine run to West Germany.

An Army spokesman said the Russians at a checkpoint outside West Berlin demanded a right to inspect the truck cargoes, contrary to established procedures.

THE UAW OFFERED Saturday to call off its five-day strike of 8,000 Chrysler Corp. office workers immediately if remaining issues were left to further negotiation and, if necessary, to arbitration.

Chrysler turned down the proposal but UAW and company negotiators agreed to continue the talks in an effort to re-establish production by Monday. Most of the discussions Saturday were on seniority and job security issues.

Monday, November 17

CHRYSLER CORP. and the UAW Sunday night reached a contract settlement ending a six-day strike which idled 61,000 workers. Company and union leaders signed a new three-year contract for 8,000 salaried employes at 9 p.m. Sunday after 35 hours of almost continuous bargaining.

The company immediately called back 44,000 hourly workers at 19 of its 26 Detroit-area plants for the first shift Monday. Officials expect full production to be resumed Tuesday—after parts shortages are corrected and the salaried employes ratify Sunday night's agreement.

A BARREL-CHESTED inter-continental Atlas soared off Monday night on a 3,100-mile flight aimed at clearing the way for a second attempt at a full, 6,300-mile shot.

The 80-foot Atlas, 14th fired in tests since last June, was visible for 4½ minutes. Toward the end of its powered flight the missile apparently hit a layer of cold air hundreds of miles up because a white glow surrounded the missile as it disappeared into the sky.

Second Polio Clinic Series Completed

Approximately 24,414 Receive Salk Vaccine Inoculations

Approximately 24,414 persons received their Salk vaccine shots in the second polio clinic series which ended Monday evening, November 17, it was announced by Dr. Thomas Davies, Pointe Health Commissioner.

The second series began on Wednesday, November 5, at Pierce Junior High School, where about 850 persons were given vaccine shots. This phase of the program was termed a success by Dr. Davies, despite the fact that this number is less than half of those inoculated at the school on September 30, during the first clinic.

Another Clinic Held

The drop in the number was attributed to the Detroit clinic which was held in nearby St. Ambrose School, to which many in the area went.

On November 6, 1,550 persons lined up at the Harper Woods Junior High School, for their shots. This number was just about the same as that of the clinic held at this school on September 30.

At Eastland Center on Saturday, November 15, doctors and nurses were kept busy

Community Chorus to Give Christmas Concert Dec. 7; Bell Choir to be Featured

Group of Six Highly Trained Girls Will Also Accompany Chorus at Yule Event to Be Held in Parcells School at 3:30

The Bell Choir of the Salem Memorial Lutheran Church will be the featured solo group of the sixth Christmas Concert of the Grosse Pointe Community Chorus, to be presented on Sunday afternoon, Dec. 7.

The program, to consist of choral Christmas selections ranging from the Bach Oratorio to the Fred Waring "Night Before Christmas", will be given in the auditorium of the Parcells Junior High School, Vernier and Mack, at 3:30.

Donald W. Simmons, conductor of the chorus, is vocal music teacher at Parcells and directs the youth choirs at the Grosse Pointe Congregational Church. Milton Setzer, who is on the staff of Wayne State University, accompanies the group and will be assisted at the organ by Kenneth Cook, science teacher at Grosse Pointe High School and organist at Grosse Pointe Methodist Church.

The Bell Choir, which is composed of six highly trained high school girls, is directed by Mrs. Olive Walker, who also teaches in the St. Clair Shores public schools.

Besides participating in their own worship services and church activities, the choir plays for services at other churches, at banquets, and recently was featured on the program of the Detroit Council of Churches Choir Festival. It has also traveled as far as Battle Creek and Columbus, Ohio, and hopes, next summer, to participate in a national festival of bell choirs at Boston.

To Accompany Chorus

In addition to the group solo performance in the concert, the Bell Choir will also accompany the Community Chorus and the audience in a carol sing, now a traditional portion of the program.

Tickets for the concert are available at the Grosse Pointe Book Store, 19459 Mack avenue, and from members of the Chorus. Today, November 20, they will be on sale at the "Mistletoe Mart" of the Grosse Pointe Congregational Church at Lothrop and Chalfonte. Admission is $1 for adults and fifty cents for children and students.

City Conducting Fire Inspection

George Coriden, Fire Commissioner for the City of Grosse Pointe, reports that a Fire Prevention Program is currently being carried on by the City.

Essentially a home inspection plan, it consists of a thorough inspection of the residences, with suggestions by the fire department as to how to improve safety precautions.

Mr. Coriden reports that, thus far, they have inspected 128 homes on Lincoln road. There were about 90 residents on that street whom they were unable to contact, despite a second call in all cases, and 28 refusals, due in most instances to an illness in the household. Most of these families promised to co-operate in the future.

Police Hold Teenage Boys Following Park Robberies

Two Park teen-age boys who were arrested by Park police late Monday night, November 17, confessed to breaking and entering into two Park homes and taking about $400 in loot.

The boys are being held for the burglary of the homes of Frank Bowden, 733 Middlesex; and E. O. Smith, 947 Berkshire, both of which were reported on Thursday, November 13.

The burglary of the Bowdan home,, according to Park Police Chief Arthur Lowers, took place sometime between October 31 and November 12.

The chief said there was no evidence of forcible entry, and that the thieves took a Polariod camera, worth $100, a transistor radio, valued at $75, and a pocket lighter, valued at $5.

The theft was discovered by Mr. Bowdan who had been out of town and returned to find the rear patio door open and the house ransacked.

The second burglary, at the Smith residence, took place on October 13. The thieves entered through a rear upstairs window, which was unlocked. The house was completely ransacked.

Taken were about 50 records, two antique type men's watches, a man's wrist watch, a clock radio an antique revolver, and a lady's pearl handle knife, worth a total value of $224.

Chief Louwers said that the loot taken from the Smith home has been recovered.

Annual Football Roundup Being Given by Dad's Club Tuesday Night

Plans are all set for the Grosse Pointe Dads' Club annual Football Roundup to be held at the High School, November 25, at 6:30 p.m.

It's hard to remember just what annual party this is but we can remember way back when Dan Beck organized the first one. That was the night gallons of cider and boxes of doughnuts went begging even though the youngsters and their dads stuffed themselves to the ears.

It wasn't a big turnout at that first party but it was a huge success, for it set the stage for future parties at which the dads got together to honor the football team. In those days Grosse Pointe's

Reveal Whittier Parking Change

Park police have been instructed to enforce a new ordinance which prohibits parking on the east side of Whittier, between Mack avenue and Charlevoix, it was announced by Park Police Chief Arthur Louwers.

It was disclosed that the 7 a.m. to 2 p.m. Sunday restrictions to parking on the west side of Whittier have been lifted, thereby providing additional parking at the curb without interfering with vehicular traffic movement.

The Chief said that Charles Verheyden, of the Verheyden Funeral Home, has offered the use of his newly developed parking lot, opposite St. Clare of Montefalco Church, to the parishoners of the church during Sunday services.

The chief expressed his appreciation to Mr. Verheyden for use of the parking privileges, which the chief said, "will certainly improve the parking problems in the Whittier area of St. Clare Church."

A letter to the pastor of the church, Rev. Fr. P. L. Colgan, from Chief Louwers, contained information about the new parking regulations and the offer of the Verheyden parking lot for Sunday worshipers. The chief asked that the members of the church be notified of the change.

BEER STOLEN

Lloyd Burnette of 1100 Elford court, complained to Woods police on Sunday, November 16, that someone broke into his garage and stole a case of beer.

Driver Dies Behind Wheel; Car Jumps Curb into Lake

Heart Attack Fatal to Motorist; Wife Rescued from Water by Four Men Who Saw the Accident

Lester Beeman, 73, of 588 Piper, Detroit, whose car went over the breakwall in front of 207 Lake Shore road, when he suffered a heart attack on Tuesday, November 18, was pronounced dead on arrival at Bon Secours Hospital.

His wife, Anna, 70, a passenger in the car, was also taken to the hospital, where she was treated for shock and minor leg injuries, and released.

When Farms police arrived at the scene, four men, who pulled Mrs. Beeman from the car, were on the breakwall with her.

Four in Rescue

The four who assisted Mrs. Beeman were Earl Allard of 26211 Bloomfield, and Frank Allard of 28210 Asmus, brothers and both of Roseville; and Hoover Murphy of 5961 Trumbull, Detroit, and Mel Schultz of 6109 Martin, Detroit.

The brothers were driving about 100 feet behind the Beemans, when the Beemans' car plunged over the breakwall. The other two men were sitting in their truck when the mishap took place, almost in front of them. All four men went into the water and aided Mrs. Beeman out of the car and onto the breakwall.

Farms Patrolman John Farley, first officer at the scene, went into the water, and tried to pull Mr. Beeman out from behind the wheel. At this time, Patrolman Marvin Krebs arrived, and he went to the other officer's assistance, and between them they carried Beeman to shore.

Rushed To Hospital

A Farms Fire Department ambulance arrived, and took the Beemans to Bon Secours.

Police said that the Beemans were traveling east on Lake Shore, headed for Mt. Clemens, when Mr. Beeman suffered the attack. The car went out of control and jumped the curb, going about 83 feet before plunging over the breakwall, and two feet out into the lake, to settle in about three feet of water.

Mrs. Beeman told police that when her husband suffered the attack, and the car jumped the curb, she tried unsuccessfully to pull his foot off of the accelerator. She said the car was traveling at about 15 or 20 miles an hour when her husband collapsed.

She said that the day previous, her husband underwent a physical check up, and was pronounced in good health by their family doctor.

The car, with a badly damaged under carriage, was hauled out of the water several hours later, and taken to a service station.

HUBCAPS STOLEN

Mrs. L. Marie Clancy of 1128 Lakepointe, informed Park police on Sunday, November 16, that someone had stolen four hubcaps from her car while it was parked in front of her home during the night.

Trespassers Pose Problem For Police

22 Arrests Made in Week As Juveniles Invade Ford Owned Estate

At Monday night's meeting of the Grosse Pointe City Council, it was revealed that a serious problem exists at 17620 East Jefferson avenue, formerly the old Fred T. Murphy estate, currently owned by William C. Ford.

Police Chief Tom Trombley submitted a report citing 28 calls the police department has received from local residents since the 27th of April, complaining of trespassers on the property. In the past week, alone, City officers have made 22 arrests, mostly juveniles, for trespassing.

Most of the tickets have been issued to Detroit youths who infiltrate the Pointe and hold beer drinking bouts on the abandoned property.

Besides the general nuisance problem the vandals are posing for the Pointe policeman, there is serious concern for the youths' safety because of an open well and elevator shaft on the estate, which constitute potential danger.

The police department has set up a barricade to the property, to halt access by automobile, and the Council voted to approach Mr. Ford with several suggestions as to how to alleviate the unhappy situation.

Churches Plan Joint Services

The annual joint Thanksgiving services, given by Christ Church and Grosse Pointe Memorial Church, will be held Thanksgiving morning at 10:30 o'clock at Christ Church.

Dr. Frank Fitt, recently retired minister of Memorial Church, will deliver the sermon, entitled "Seed and Sheaves."

A coffee hour will be held in the Undercroft, following the service, which will provide an opportunity for Pointers to visit with the Fitts, who have moved to Ann Arbor.

Two Residences in City Ransacked By Burglars

Two instances of breaking and entering private residences were reported in the City of Grosse Pointe last week. The first call came into the station Friday evening, November 14, from Margaret Layson, of 899 Neff road.

Miss Layson told police that she had come home at 6:50 p.m. and found the front door to her apartment, leading to an inner vestibule, jammed and forced open. Her bedroom, she discovered, had been completely ransacked and a small metal box had its lock forced open with the contents, all personal papers, scattered throughout the room. Police took the box to the station to test it for fingerprints.

The kitchen cabinets were all opened, but nothing appeared to be missing from them. Miss Layson did discover the loss of 10 silver dollars, which she had been saving, taken from her bureau drawer.

Another woman sharing the same apartment, Miss Parkinson, reported the theft of a mink stole, valued at $1,000, and 15 silver dollars. These items were stolen from her bedroom, near the front of the building.

It was not immediately known if anything else was missing. An inventory is being taken and an investigation pending.

On Sunday, November 16, police took the report of another pilfered housekeeper. Mrs. Olive H. Morton, of 17590 Mack avenue, apartment 19, told officers she had left her residence on Wednesday of last week, returning four days later to find it completely ransacked. Reported missing were a Philco portable, color TV set, valued at $153.47, and $10 in cash.

Will Ballot On Extending Tax Millage

9 Mill Levy Which Would Expire at End of School Year Now Essential

On December 2 the Grosse Pointe Board of Education will hold an election in The Grosse Pointe School District on an important school matter, Board President Franklin D. Dougherty stated. The Board will seek a 5-year extension of its present authority to levy 9 mills for operating expenses of the public school system.

Mr. Dougherty pointed out that authority to levy this tax will expire at the end of the current school year. These nine mills, he said, comprise more than one third of the funds provided for current expenses. The remainder comes from the Grosse Pointe Public Schools' share of the State authorized county taxes and state aid.

Renewal, Not Boost

"This proposition will not increase school taxes," Mr. Dougherty said, "but will just renew and continue what we have had. If the voters of Grosse Pointe want us to continue to have a fine public school system, and we are confident they do, then renewal of this tax authority is absolutely necessary.

The Board president went on to point out that the total school tax picture had improved. He said that the tax bills to be issued in December this year would reflect that the total school levy has been reduced by more than 2 mills from last year's levy. This is the result of a reduction in the amount of taxes levied to pay off indebtedness. Where it had been 5.77 mills in 1957-58, the rate is now 3.76 mills on state equalized valuations, a de-

Building Request Granted by City

The Council of the City of Grosse Pointe met Monday night with a full agenda resulting from the cancellation of the regular monthly meeting in October.

Following the approval of minutes from the meeting of September 15, the council appraised the application of Hilary H. Micou, Jr., building contractor, for development of a portion of the Harold R. Boyer property at 17500 East Jefferson avenue.

The proposed development calls for subdividing a piece of the property fronting on Jefferson, into two good-sized lots, one of which is to be built on by the family's daughter and son-in-law, the Victor H. Taylors.

Mr. Micou sought permission from the Council to delve sufficiently underground, in installing the new utilities, so as to meet the City's requirements in the eventuality of the property becoming available to the public, in future years. Inasmuch as the estate was large enough to meet all the City's zoning requirements, the Council granted the Boyer request.

Also granted was a request by Ernest Moeller, contractor, to erect a building on the rear end of the lot at the northeast corner of St. Clair at St. Paul. This location is now occupied by a two-family structure, which will be razed to make room for the new four-family building.

It was agreed to proceed with the re-surfacing of Loraine avenue, a two-block long street, with the job going to Cooke Contracting Co. for the sole bid of $10,452.50.

Councilmen Alonzo C. Allen and John L. Kenower submitted a report of the parking program and it was officially approved to accept the rates in the two new attended lots in The Village for 5 cents each half-hour and $5 per car per month.

In closing, the Council heard the reports on Civil Defense, Disaster Control and the Health Council, and approved the City Financial Statement for the period ending September 30, 1958.

Second Polio Clinic Series Completed

(Continued from Page 1)

from 11 a.m. to 8:30 p.m., giving shots to 10,714 persons, Dr. Davies said. On October 4, about 17,000 received shots at the Center.

Monday evening, the final clinic of the series was held at Brownell Junior High School, where about 1,300 were inoculated. On October 2, some 2,000 were given shots during the clinic at this same school.

Third Clinics in May

Dr. Davies repeated that the third and final polio shots will be administered next May, but, he pointed out, it is not necessary for those who have had their second shot to wait that long.

He said that the third shot may be had after three months, since it has been established that there need not be a six-month waiting period. But, he pointed out, the third shot should not be taken before the three months have lapsed.

There will be no special clinic held for those who wish to receive their final shot after the three-month wait, Dr. Davies said. Persons should get these from their family doctors.

He said there will be no more clinics in the Pointe Health District until May.

The doctor said that it has been recommended that all persons who have had their third shot, get a booster shot after a period of one year, to make the immunization complete.

football team wasn't much to write home about but the dads were proud of the lads who played so valiantly but seemed to lose to nearly every opponent.

Picture Changed

In recent years, since head coach Ed Wernet took over in 1946, the picture has changed and the Blue Devils' dads proudly attend the Football Roundup in ever increasing numbers to sing the praises of the Devil team which has become one of the foremost Class A powers in the state.

This year the team will be honored for tying with Royal Oak for the Border Cities League title and winning the Suburban "A" crown and for finishing fifth in the State Class A ratings.

As usual the program will begin with a roast beef dinner in the cafeteria at 6:30 p.m. and will be followed by a sports movie program starting at 7 p.m. Between 7:30 and 9 President Milton Zuehlke will preside at a short business meeting after which Athletic Director Frank Banach will introduce the coaching staff. This will be followed by film highlights of the Devils' 1958 games which will be narrated by Head Coach Ed Wernet.

Plant Is Speaker

The guest speakers will be Marcus Plant, U of Michigan faculty representative to the Big Ten and John "Red" Cochran, backfield coach of the Detroit Lions who also will have with him some members of the Lions team.

The entire affair is financed through voluntary contributions from the dads. All dads who have sons in the high school are eligible for membership in the Dads' Club merely by mailing a contribution to Treasurer George Harding or turning it in the night of the party.

Other officers of the club are William Brown vice-president, and John Herrman, secretary. The board of directors is made up of Dr. Raymond Baer, Donald Graul, Charles Hanneman, Ralph Heikkinen, Dr. Albert Law, Donald Miller, Remington Purdy, Sr., Dr. Robert Swanson, Edward Taube, Robert Winter and James Zinn.

It certainly would be nice to see Dan Beck sitting on the stage with the rest of the dignitaries and we hope the Dad's Club officers show they haven't forgotten the man who first got this party off the ground, even if he did have cider and doughnuts left over.

To Hear Talk On Investing

George A. Nicholson, Jr., will discuss "Principles of Family Investing" at the meeting of the Friends of The Grosse Pointe Library, Tuesday, November 25, according to Lee Crooks, president of the Friends. The meeting will take place at the Central Library, 10 Kercheval, beginning at 8 p.m.

Mr. Nicholson currently is chairman of the advisory board of the National Association of Investment Clubs. He is a graduate of the University of Michigan, class of 1928 and Harvard School of Business Administration where he received his Master's degree in 1930.

According to Mr. Crooks, Mr. Nicholson will discuss three case studies covering people just married, people accumulating money after 40 for retirement, and persons living on investments after the age of 65.

Following a review of the problems, Mr. Nicholson will discuss investment principles and their application, and the development of the investment club movement.

If time permits, Mr. Nicholson will also speak on the accumulation of funds for the education of children, coordination of pension funds with social security, and the passing on of securities to the next generation.

"The public is invited to attend the meeting. There will be no charge for admission," said Mr. Crooks.

Students' Gifts Below Last Year

Students at Grosse Pointe High School contributed a total of $1,081.37 to the recent Torch Drive — some $396.20 less than last year's offerings. The eleventh grade homeroom, #222, was the most generous in the school, contributing $40.01 to the worthy cause.

Two Cars Tangle At Intersection

Cadieux and Waterloo was the scene of an accident on Saturday evening, November 8, about 6 o'clock. City police took the report of Euclid J. Gouin, 50, of 5157 Neff road, in Detroit.

Gouin claimed he was driving north on Cadieux when he hit the rear of a car stopped for the traffic signal at that intersection.

Driver of the other vehicle was Peter Thurber, of 16910 Village lane. He was released after questioning, but Gouin was ticketed for reckless driving and his car held until the next morning at the police station.

PURSE STOLEN

A purse containing $60 and personal papers was taken from her car while it was parked in the Country Club of Detroit parking lot on Tuesday, November 11, according to a complaint made to Farms police by Mrs. David Wormer of 80 Moran road.

Introducing Pointe's Newest Teachers

New teachers at Pierce Junior High School compare notes. Pictured from left to right are the six new staff members at Pierce this year:—HERBERT LADD, mathematics; DON RICHARDS, Industrial Arts and Publications; RICHARD FOLDEN, mathematics and science; ANNE SCHIERLOH, Latin; ALYNE BUTCHER, Homemaking; and GILBERT GRAY, English. Mainly these newcomers are replacements for former teachers who transferred to the new Brownell Junior High School when it opened this fall.

* * *

Herbert Ladd teaches mathematics at Pierce. A native of Michigan, he was born in Sault Ste. Marie and received his degree from Eastern Michigan College, Ypsilanti, Michigan. He also attended Michigan College of Mining and Technology at Houghton. His hobbies include boats and boat racing. Pierce is Mr. Ladd's first teaching assignment after having served in the U.S. Army for two years. He is unmarried.

Donald Richards was born in Port Huron and is a graduate of Michigan State. Four years military service in the Air Force carried him over much of southern and western U.S.A. and to Korea. Married, the Richards have two daughters, two and three and one half years of age respectively. While an undergraduate he was elected to membership in several honoraries: Kappa Delta Pi; Phi Eta Sigma; and Phi Kappa Phi. Center Offers Travel Movies

On Tuesday evening, November 25, at 8 o'clock at the Grosse Pointe War Memorial J. Leslie Berry will show some of the choicest pictures he took last year when he and Mrs. Berry made a world tour. Because he feels his best films are those of the Orient it is on that region and the troubled Middle East that he will concentrate in Tuesday night's showing.

Pointers seem destined to assume the role of world travellers. They seem to be on trips, returning from them, or planning them. It is this reason that the "Meet the Travellers" series was programmed monthly at the Center. Pointe citizens always seem eager to get tips from their neighbors on proposed trips, compare notes on places they've been, or just enjoy on the screen places they've been or dream of going. To prove this point while on their world tour Mr. and Mrs. Berry, in Istanbul, ran into their "over the back fence" neighbors the Ben Beyers who were also circling the globe.

The community is cordially invited to see Mr. Berry's films without charge and hear his interesting commentary.

Among the sites that the audience will see are the theatrical presentations of Tokyo, the shrines at Niko and the Jidai Metouri parade in Kyoto, moving south from Japan.

Mr. Berry will take his viewers through Hong Kong and the New Territories and into the temple of Bangkok.

In India the film will show the monkey temples along the Ganges and a multitude of fascinating sights along the road to Agra including snake charmers and dancing bears. In the Middle East the pictures will include the mosque of Damascus, refugee housing in Karachi and the race track and market scenes in Bierut.

Let us be Thankful

The "Festival of Gratitude" which is Thanksgiving was given its spiritual undergirding by a group of people who did not, according to material standards, have much for which to be grateful.

The deep gratitude of the Pilgrim Fathers was for the privilege of worshipping Almighty God according to the dictates of their own consciences.

This is the only sure basis for real and lasting gratitude, because our spiritual background, if properly nurtured, is something which can never be taken from us.

—Rev. Hugh C. White

ed to work in plain clothes, worked many hours in following leads that resulted in the arrest of the teenagers.

In custody and held for investigation of breaking and entering are, Lynn Lleyellyn, 17, of 727 Harcout, and a 16-year-old, both of whom were arrested at their homes.

It is not known if the two boys are involved in the breaking and entering of a gas station at 15246 Kercheval on Saturday, November 15. Entry into the station was made by breaking the window of a rest room at the rear of the building, but the thieves were thwarted when they could not enter the main part of the building because of a double-locked door.

The three officers recovered a number of watches, radios, jewelry, car accessories, binoculars, guns and other loot, from the home of the boys, said to have been taken in burglaries committed in Mt. Clemens. The total value of the loot is not yet known.

Another Pointe burglary took place at the home of Murrell Ernst, 580 Lochmoor, on Saturday, November 15, and is still being investigated by Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian.

The house was found completely ransacked by Charles Kreisie of 26789 Lawrence, Centerline, father of Mrs. Ernst, who is keeping an eye on the house in the absence of his son-in-law and daughter.

The two Woods policemen said that it will not be known if anything has been taken, until the Ernsts return from a hunting trip. In the meantime an investigation is underway.

WSU GETS GIFTS

Gifts and grants of about $396,300 were approved recently at the Wayne State University Board of Governors' October meeting. The U.S. Public Health Service, National Institutes of Health, awarded grants totaling $223,933. The largest grant was $112,644 to continue advanced training for professional nurses under the direction of Dean Katharine Faville, of the College of Nursing.

School Election Dec. 2

(Continued from Page 1)

crease of over 33% in the rate for debt.

The total to be levied for all school purposes this year is 21.71 mills. Of this, 3.76 mills is for debt as mentioned above. The balance, 17.95 mills, is used to pay current operating expenses, maintenance, utilities, and similar items. Mr. Dougherty said that approximately 83 percent of these funds went to pay the salaries of teachers and others of the school staff.

Determined Annually

Of the 17.95 operational mills, 9 are those to be voted upon. The rest, 8.95 mills, represents the school district's share of the millage authorized by the state constitution to be levied jointly by county and township governmental units and by the local school districts. The division of this levy, the total of which cannot exceed 15 mills for all units involved, is determined annually by the County Allocation Board.

Mr. Dougherty indicated that school enrollments have approximately doubled within the last decade and are continuing to grow. To meet that growth, five elementary school buildings have been built and put into operation; Kerby in 1949, Monteith and Poupard in 1951, Ferry in 1954, and Barnes in 1956. Parcells Junior High School was completed in 1951; the Country Day buildings were annexed to the High School in 1953; the High School Auditorium-Gymnasium was finished in 1955; and the Brownell Junior High School was completed and put into service this fall.

All of these, and in particular the more than 100 per cent increase in the number of teachers required to properly serve the enlarged student body, have more than doubled operating costs.

Only One Objective

"We have only one objective in our School Board and that is to provide the finest type of public education in conformance with the desires of the citizens of Grosse Pointe. Costs have gone up in all forms of living during the past five years and school costs are no exception. In addition we have doubled our number of pupils and we have had to increase teacher salaries in line with competitive public schools throughout the country.

"The answer, therefore, is obvious, and we are sure the people of Grosse Pointe want us to continue providing the kind of education they have have authorized before."

Holiday Liquor Sales Curbed

The chiefs of the five Pointe police departments have received directives from the Michigan Liquor Control Commission to enforce the law in regards to the selling of alcoholic beverages on Christmas and New Years.

The law stipulates that no licensee shall sell at retail, and no one can buy alcoholic beverages between the hours of 9 p.m. on December 24, and 7 a.m. on December 26.

On New Year's Eve, the Commission has ordered the suspension of a ruling prohibiting the sale or serving of liquor after 2 a.m., extending that time to 4 a.m. January 1, with a half hour additional permitted for clearance of the premises.

The rulings will be in effect throughout the state, unless prohibited by local ordinances.

The Commission ruling on the New Year time extension does not apply to dealers holding SDM and SDD licenses.

A REPORT TO DETROIT EDISON OWNERS, CUSTOMERS AND THE PUBLIC

On November 17, Detroit Edison was host once again to its stockholders at the Annual Informational Meeting held at the Henry and Edsel Ford Auditorium in Detroit. The company's management reported to its owners what progress has been made, what plans it has, and how it is continuing to help everyone in Southeastern Michigan to live better electrically. Here is part of the story:

Walker L. Cisler, *President* The Detroit Edison Company

"The continued prosperity of our communities, our State and our Nation depends upon productivity of all kinds resulting from the investment of money, the judicious use of natural resources and the application of the intelligence and skills of people. These have brought to our Nation the greatest industrial capacity and the highest standard of living in the world. We in Detroit Edison will always endeavor to do our part to bring an even brighter future to Southeastern Michigan."

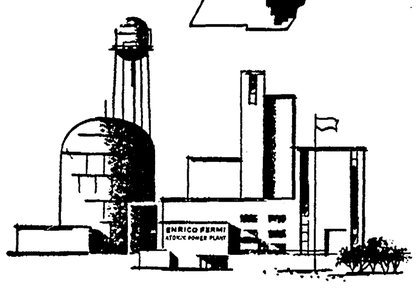

Detroit Edison builds for the future—To meet the demands for more and more electricity, Edison is continually expanding and improving its facilities. On October 20 the third steam turbine-generator at the River Rouge Power Plant went into operation. This new 321,500-kilowatt unit brings the capacity of Edison's electrical system to nearly 3½ million kilowatts. And there is more to come. Two new 325,000-kw. turbine-generators are being added to the St. Clair Power Plant—one in 1959 and the other in 1961. Both are forward-looking projects to permit Edison to supply power in any amount, large or small, to any of its one and a quarter million customers anywhere in its service area.

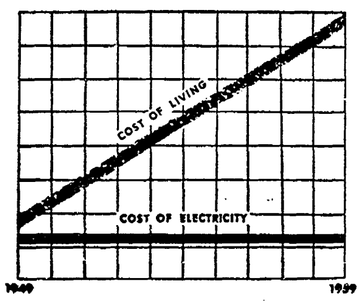

Modern living is electric living—Those things which make yesterday's dream home today's reality are electric. New comforts, conveniences, work savers are built right in when homes go up. For instance, the Gold Medallion homes—the ultimate in electric living—include electric space heating, the most significant advance in home comfort. Every day in many new ways electricity is proving more and more versatile in the home, in agriculture, in business and industry.

Area development—Detroit Edison will continue to promote broader recognition of our State's exceptional industrial advantages. By working closely with communities in its territory and through a national advertising program, new industry is being attracted to Southeastern Michigan. This means new jobs and increased commerce of all kinds.

Atoms for peace—Detroit Edison is a member of the Power Reactor Development Company which is building the reactor portion of the Enrico Fermi Atomic Power Plant. The 91-ton reactor vessel, heart of the project, was set into place during April and assembly of related equipment is progressing as planned. Each day the target date for nuclear operation, late in 1960, comes closer—the date when private industry will have made another big contribution to the nation's atomic leadership.

Electric dollars work hard—We will continue to plan for the future to provide even better service at the lowest possible cost. The rates for our service have not changed since January, 1949, except for metal melting and steam service. With continued increases in the cost of equipment, supplies and fuel, in payrolls, and in all other expenses, there may be limitations on our ability to offset rising costs with internal economies indefinitely. We will, however, endeavor to make every dollar work hard for the Company's owners, customers and employes.

Customer-Owners

Of the nearly 100,000 stockholders, 70% live in Michigan and 60% are customers of Edison service. Service is a big word at Edison; for in addition to adequate electric power, it means a complete electric service. Appliance repair, light bulb exchange, advice on industrial and commercial lighting, a new fast recovery hot water supply, tips for homemakers—these are only a few of the special services offered to Edison customers.

Sladen Helping School in East

Announcement has been made in Harrisburg, Pa., of plans to build a new $400,000 school for the Harrisburg Academy.

Pointers will recognize this as the Country Day School for which Frank J. Sladen, Jr. left here to become Headmaster. The announcement is a tribute to the success Mr. Sladen has had in building the enrollment of the Academy beyond its present capacity.

The school will be located on a four acre tract of land in East Pennsboro Township. Plans include a full-scale athletic field, nursery school, kindergarten, gymnasium-auditorium, library, two science laboratories, 13 class rooms, activity room, and parking lot.

The Harrisburg Academy was founded 175 years ago. It was among the first such schools and was opened before the U.S. Constitution was ratified.

Pierce Molding Evening of Plays

By Chris Ostergren, 9B

Paint cans are out and brushes are splashing as Pierce Junior High School prepares to present the annual Evening of Plays on Friday, November 21. Aspiring actors and actresses are busily learning lines so that they can "give their all" on the big night.

Miss Schmidt and Mr. Mason, the directors of the seventh and eighth and ninth grade plays and skits, have been working with the students for five weeks in order to perfect this dramatic effort.

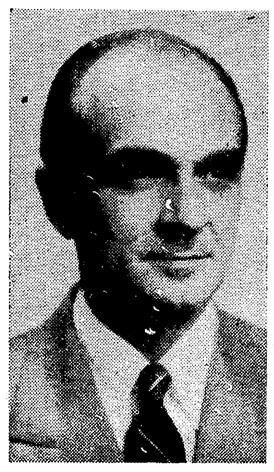

The seventh grade offering is "Wildcat Willy Gets Brain Fever" by Anna Martens. The characters are Willy played by Tim Moore, Mrs. Wilkins played by Carol Quinn, Gladys played by Susan O'Connell, Joe played by Don Law, Kathie played by Cynthia Wheeler, Vernon played by Bob Clark, Celia played by Anne Williamson and Miss Bond played by Joanna Swartz. The drama selected by the eighth and ninth graders is "Tommy in the Dark" by Joseph Carlton. In this play Chris Ostergren portrays Mr. Ballinger, Bill Wright portrays Tommy, Kay Steigler portrays Mrs. Ballinger, Kathy Maun portrays Mary, Maureen Clifton portrays Sally May, Marcia Lindley portrays Angie Petroni, Darlynn Russell portrays Suzie, Dick Freimuth portrays Bert, Dave Rosen and Ken Perry portray Mr. Gorden and Mr. Flint with Tom Carter playing the Communist agent. The prompters are Pat Millis and Del Hurd.

The skits between acts promise to be entertaining. Participating in them are Dick Kirsten, John McVickers, Robin Michael, Bob Kirsten, Linda Schairberger, Barbara Heels, Tom Eddy, Bonnie Bolden, Greg Tisdale, Yvonne Mertens, Ann Biasell, Dick Tipton, Bruce Klodt, Steve Verbrugge, Joan Warmbold, Carol Ketelhut, Mike Costa, Sandy Klaasen, Susan Bradshaw, Jane Maynard, Mike Prestini, Bob Wanke, Cathy Birdseye, Nancy Brennan and Claire Berteel.

Tickets are forty cents and there's plenty of room in the Pierce auditorium to hold all who come. Let's make it a full house this time.

To Preach Here

The Grosse Pointe Memorial Church will have as guest preacher on Sunday, November 23, the **Reverend Elmer George Homrighausen, D.D.**, Dean of Princeton Theological Seminary. He will address the congregation at both the 9:30 and the 11 o'clock services. His sermon topic will be "The Heart of Christianity."

A graduate of the Princeton Theological Seminary, Dr. Homrighausen was the recipient of advanced degrees from Butler University and the University of Dubuque, and of two honorary degrees.

In 1938, after pastorates in Illinois and Indiana, he joined the faculty of the Seminary where he is now Dean and holds the Charles R. Erdman Chair of Pastoral Theology. In 1951-52, Dr. Homrighausen served the Presbyterian Church CSA as its Vice-Moderator. In the National Council of Churches he is chairman of the joint department of Evangelism and member of the general board.

He has worked fervently in the encumenical movement, going as preacher and lecturer to nine American churches abroad, to many foreign universities and theological schools in Prague and South Africa, and many Middle-Eastern and Far-Eastern areas. He is a board member of the Interntional University Foundation, Tokyo, and the World Council of Christian Education.

As an author, he is known for several theological books, and there is a forthcoming work "I Believe in the Church," and for his contribution to periodicals and books of reference. Members of the community are cordially invited.

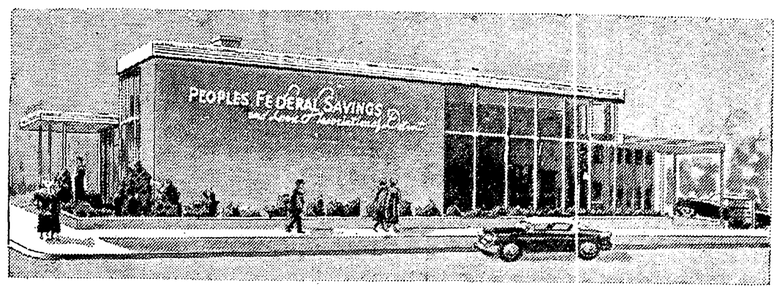

Washing Machine Smokes up House

A phone call at 9:15 last Wednesday evening, November 5, from the John Mazer homestead at 867 Loraine road, informed the City fire department that the house was full of smoke, seemingly stemming from the basement.

Both fire trucks answered the call, located the trouble in a defective washing machine. The fire troops pulled the switch—and recommended to the owners that they call their service man. Mr. Mazer is the City's Commisioner of Public Safety.

Offer Broad Language Program

Foreign Language teachers in the Grosse Pointe Public School System Adult Education classes are from left to right:—DR. JACK MOELLER, teacher of German in GPHS; VASILOS ANAGNOS who is teaching Greek; ROBERT LUSZAZYNSKI, a teacher of French; MRS. GERTRUDE JAMES, Spanish instructor; and MRS. MARY JENSEN, instructor in Russian. In each instance the language is being taught on a conversational basis.

* * *

The residents of Grosse Pointe are doing a fine job of promoting international understanding, if the interest shown by children and adults in the study of foreign languages is any criteria. Not only are many hundreds of students learning a language in school, both elementary and secondary, but many grown-ups are studying one as well in the Adult Education Classes of the Grosse Pointe Public School System.

"At the present time," stated Forrest Geary, Director of Community Services for the public schools, "we have a wealth of offerings in foreign languages. This fall we have sections in five languages, a most unusual circumstance in a program of this nature.

"The languages being taught, on a conversational basis only, are German, French, Spanish, Greek and Russian," Director Geary said. "The latter two are exceptional rare languages to be taught in an adult education program. We consider ourselves most fortunate to have found competent teachers to handle these and the other languages."

In discussing his staff, Mr. Geary related that Mrs. Mary Jensen, Russian instructor, was a British subject reared in Russia. She received her B.A. at Leningrad College of Foreign Languages. Mrs. Jensen served as interpreter and translator in Nuerenberg, Germany for the United States Department of State and the U.S. Information Centers in U.S. Occupied Germany. Her teaching background includes classes in Adult Education in Russia and Germany as well as tutoring in Grosse Pointe.

German conversation is being taught by Dr. Jack Moeller, who studied at Heidelberg College; Oberlin College, where he received his B.A.; and Princeton University, where he received his M.A. He spent the year of 1951-52 at the University of Basel in Switzerland, and returned to Princeton, where he received his Ph.D. Before coming to Grosse Pointe High School, Dr. Moeller taught at Princeton, the Peddie School and Oberlin College.

Vasilos Anagnos director of the Socrates Greek School at Assumption Greek Church, is the instructor in Greek. Mr. Anagnos is a graduate of the University of Athens, and was approved for teaching in this country by the Greek Archdiocese of North and South America. He has taught at Charlotte, North Carolina; Knoxville, Tennessee; and Roanoke, Virginia, where his classes were allowed credit at the University of Virginia.

Robert Luszczynski, who attended the Grenoble and Paris Universities in Paris, France, is the instructor for two classes in French. He is, at present, Graduate Assistant in the Language Department at Wayne State University, having completed his own studies at this University after coming to this country.

Spanish classes have been taught for some years by Mrs. Gertrude James. Mrs. James is a graduate of Northern State Normal College, and the School of Expression, Boston, Massachusetts, where she studied Latin and Dramatics. In addition, Mrs. James did post-graduate work at Lycemus Arts Conservatory, in Chicago, Illinois. Through extensive travel in the Latin-American countries, Mrs. James makes continued and practical use of the language which she so very competently directs.

"The total enrollment in the five foreign language classes totals 112; with French having 46, Spanish 26, German 15, Russian 14 and Greek 12," Mr. Geary stated. "We are very gratified at the fine reception these courses have had and hope that we will be able to keep them among our permanent offerings."

Movie Council Hears Bouwsma

Franklin G. Bouwsma, executive secretary of the Detroit Educational Television Foundation, spoke to the regular meeting of the Grosse Pointe Motion Picture and Television Council Monday, November 17, at the Central Grosse Pointe Public Library.

As executive secretary of the Detroit Educational Television Foundation, Mr. Bouwsma serves as a member of all Foundation committees responsible for the operation of Channel 56, the educational television station, WTVS.

Mr. Bouwsma presented the background of the organization of Channel 56 to the Motion Picture and Television Council, emphasizing its tremendous growth since the beginning in October 1955. The station now programs seventy hours of telecasting a week, forty-five of which are local-live programs, making WTVS the largest "local" station in Michigan and one of the three largest in the nation. The range of programs is all the way from elementary, high school, and college credit courses to symphony concerts, and discussions with leading scientists, economists, etc.

The Council was further informed by Mr. Bouwsma that every public school in the city of Detroit now has a converted TV set to receive the UHF station, WTVS, and that from 50,000 to 70,000 homes in the receiving area of Channel 56 have converted TV sets. Mr. Bouwsma gave credit to the member organizations of the Educational Television Foundation of the continued succsec of WTVS.

Before joining the Detroit Educational Television Foundation as Executive Secretary, Mr. Bouwsma was program director of television at Wayne State University.

Destined for 'The Village'

This 35-foot spruce, now growing 40 miles north of Pontiac, is destined for Christmas Street in "the Village". Next week it will be brought to the corner of Kercheval and St. Clair and placed in a park-like atmosphere, which will be created there. Officially it becomes The Village Christmas Tree, when Santa arrives, November 28 at 3 O'clock! He will come this year in a brand new Chrysler convertible. Accompanying him in a parade of cars will be choral groups and city officials. City Clerk Norbert Neff will be on hand to greet him. After Santa is seated on his throne beneath the Christmas tree and has given candy canes to all the children, he will select a child to light the tree and it will remain a bright and beautiful symbol for the yuletide season.

Students Hold Speech Parley

By Nancy Pastor, 11B
G.P.H.S. Journalism Student

"In My Opinion . . ."

This was the topic for the Border Cities League Speech Conference, held Friday, November 7, 1958, at Wyandotte.

The program consisted of a double assembly, each one containing nine speeches on controversial subjects. The topics, chosen by the speakers, ranged from "I Believe in Ghosts," to "Race Prejudice." Grosse Pointe High School was represented by 26 members of the Debating Club, sponsored by Mrs. Geraldine Bertovick, and four speakers.

Joy Taylor, from Highland Park, spoke on "Libraries Are Not Fulfilling Their Purpose." She pointed out that students are not allowed to read or check-out certain books that are considered "adult" literature. Joy said, "We don't need the aid of censors in choosing our reading matter. We should be able to determine for ourselves what we want to read."

"Discipline in schools is rapidly going to pot," said Gary LeBoe of Wyandotte in his talk on "Discipline in Schools." He said that some teachers are too lenient and let the students off too easily. A statement that caused a lot of controversy was Gary's declaration "Women teachers in high school should be abolished because they can't discipline"

A speech on "Race Prejudice" was given by Melvin Moss of Highland Park. His talk dealt with the conflicts between the negro and white, and the present segregation problems. Melvin stated, "I believe racial discrimination will never be abolished."

Beverly Smith, of Grosse Pointe, spoke on the topic "Schools Have Glaring Defects." She said that too much money and stress is being placed on sports. Beverly proposed a plan whereby students would receive diplomas in the specific subject they studied, similar to the system uesd in colleges. This would help differentiate between a college course and a commercial course.

A subject of current interest was chosen by Nancy Wilson of Monroe. Her topic was "American Schools Are Not Behind Russia." Nancy pointed out that Russia's educational system manufactures machines, but the United States creates individualists.

A discussion period followed where time was provided to debate the various ideas brought out in the speeches.

Richards Service Award Winner

Earle Richards Service, 20397 Mack, was honored Tuesday, November 11, by Automobile Club of Michigan for its service to Grosse Pointe-area motorists. Auto Club made the award to commemorate its 10 millionth emergency road service call since that service was established in 1922.

The citation was presented by George E. Measel, manager of Auto Club's Grosse Pointe division, to Earle Richards.

The station, affiliated with AAA since 1946, was among 372 in Michigan receiving an award for five or more years' service to 6,000,000 AAA members in the U.S. There are 110 stations with 15 or more years' service among 683 AAA-franchised garages in Michigan.

In 1922, Auto Club handled fewer than 1,000 road service calls. Most of them were for flat tires. Last year, the Club answered 667,000 calls, mostly for battery and ignition failure.

Auto Club aided its 10 millionth motorist November 6 in Detroit.

To Give Plays At Brownell

The dramatics department of Brownell Junior High School will present their first Evening of Plays at Brownell November 21, at 8 o'clock. The guests will be greeted by a dance routine made up of eighth grade girls: Teddy Argy, Sue Bradley, Helen Plopa, Dana Metzer, Barbara Wengel, Sue Stenhouse, and Donna Johnston.

Sally Eichenstien, Sybil Snay, Mike Daher, Larry Crum, Shirley Trentacosta, Debra Ferry, Jeanne Gerow, Tim Sinclair, Susan Ambach, and Nancy Crutz are included in the cast of the seventh grade play, "Easy As Pie" by Karin Ashland. The story concerns a group of teenagers who enter their mother's pie in a baking contest under a false name; this results in hilarious consequences. Jeff Christian, Sally Glaesner, Lisbeth Carson, and Cindy McDougall will serve as prompters and understudies. The play is under the direction of Mrs. Geraldine Meyer with Sue Brown serving as student assistant.

The eighth and ninth grades are presenting two plays under the direction of Miss Jo Clark and Thomas Quinlan. "Little Prison" by George Savage includes a cast of five ninth grade girls: Nancy Collins, Elizabeth Herndon, Penny Peterson, Kyp Pritzel, and Noreen Theuerkorn. These women of distinctly different personalities have been trapped in an elevator of an exclusive New York department store. Each character has her reason for a quick and safe trip, and each has pride enough not to reveal that reason. Deane Malchie, Kitty Snyder, and William Hope are assisting in the production. Make-up, hairstyling and wigs will be done through the courtesy of Coiffures by Leon at 18318 Mack avenue.

"Ile" by Eugene O'Neill is a thrilling drama which swiftly unfolds its story against a sea background. Captain Keeney, a New England whaler, is dominated by an unconquerable pride. At the end of the two years' period, his crew have signed up for, he has only a small part of his quota of "ile". The crew are mutinous and the captain's wife is distracted from loneliness and anxiety. Only the prospect of her breakdown alters the sail for home; but the instant whales are sighted, he reverses his decision. Mrs. Keeney breaks under the strain. The cast includes: Neil Bauer, Kenneth Baird, Cheryl Salomon, Robert Shellig, Carl Carlson, Fred Gerow, Ned Bunn, Paul Kluzak, Mike Parshall, John Randall, William Schaefer, and Richard Thoma. The play will be introduced by Gary Grenzke.

The public is cordially invited to attend, and tickets may be purchased at the door.

Wrong-Side Driver Tagged

David H. Black of 1225 Hampton, was ticketed by Farms police on Thursday, November 13, after he was arrested for driving on the wrong side of Fisher road. The charge is driving while under the influence of alcohol.

Patrolmen Peter LaPonsa and Earl Field were cruising south on Fisher road, when they noticed a car driving on their side of the street, after it turned off from Grosse Pointe boulevard.

The oficers pulled over to the curb and stopped, but the other car appeared about to collide "head-on" with the police car, despite the fact the flasher was on and the policemen were blowing their horn in warning.

Black, who was driving the wrong-side-of-the-street car, pulled away just as it seemed that a collision with the police was inevitable, and then swung back to the curb, still on the wrong side.

The two officers turned their scout car around and gave chase, stopping Black at Fisher and Ridge, but not before Black almost collided with an oncoming car and running a red light at the Fisher-Kercheval intersection.

Taken to the station, Black was given a chance to sober up, a police report disclosed, and then issued a ticket for driving under the influence.

Court date was scheduled for yesterday, November 19, before Judge Grant Armstrong.

Youth Council To Hold Dance

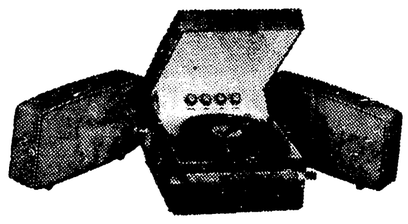

The Youth Council of the Grosse Pointe War Memorial is holding a special Thanksgiving dance Saturday evening, November 29, from 9 until 12 o'clock. As usual all public, private and parochial students in grades 9 through 12 are invited. It is a couples only dance and the dress is casual.

W.J.B.K. disc jockey, Clark Reed will spin the latest in dance platters throughout the evening and liven up the party with his pleasant patter. Also on hand will be live entertainers.

The dance will officially be known as the "Wishbone Whirl." Judy Poppin is chairman with Pat Hagland in charge of making decorations. Carol Karin is lining up the door committee and Mary Asmus has invited the chaperones. Julie Smith is in charge of entertainment together with Jill Tohy. The boys this time are limiting their activity to clean-up under Ron Schram.

Thanksgiving Day, 1958

The observance of Thanksgiving Day has undergone many changes since its birth in 1621 to celebrate with fervent gratitude the taking in of the first harvest by our Pilgrim fathers. As a matter of fact, according to various authorities there were actually three days of feasting and prayer in that first abundant fall.

About 10 years later some of the colonies occasionally set aside a day for prayers and thanks, until in 1680 in the Massachusetts Bay Colony it became a recognized annual holiday. The governors of these colonies named the day for thanksgiving and the Continental Congress made provision for the days of thanksgiving annually during the Revolutionary War, with the exception of 1777.

Then in 1789 Washington proclaimed a day for offering thanks, and again in 1795. Acting upon a resolution of Congress, President Madison set aside a day for thanks following the War of 1812. In 1817 New York adopted Thanksgiving Day as an annual holiday, and was followed by many other states. By 1858, by proclamations, Thanksgiving Day was observed in 25 states and two territories. President Lincoln designated the last Thursday in November for Thanksgiving, as Washington had done, and since that time each president has followed the precedent by an annual proclamation, with the governors of each state issuing their own proclamations. President Franklin D. Roosevelt juggled the dates around a bit, but the spirit of the observance remains the same in the hearts of those who take time to reflect on the solemnity of this great national holiday.

What blessings we have for which to be thankful! We should indeed be humble when we think back to that first Thanksgiving when this country's founders were offering up their prayers of gratitude for being allowed to live through the terrible ordeals of that first year of their subsistence on their newly-adopted soil, and expressing their appreciation for the crops which would allow them to carry on.

Inspired by the fortitude of these dedicated pilgrims, endowed with their blood, the inheritors of this hardy band and those who came from many lands to join them in their great undertaking, have created a nation which has come to be father and mother, brother and sister to the unfortunate, the handicapped and the backward in all corners of the earth.

A report issued in Washington Sunday by the Commerce Department announced that during the fiscal year ended June 30, 1958, the United States gave and loaned $4,661,000,000 to other countries. This is a figure that is staggering even to mathematicians, and the average layman gives it no thought at all other than as it is reflected in the personal taxes he must pay. He is completely incapable of even estimating what part he as an individual is playing in this great role of fostering right and equality of opportunity and the protection of liberties in the whole wide world.

It is the most monumental demonstration of human benefaction towards the living and future generations the world has ever known. It might be considered a year-round program of showing our thanksgiving to the Almighty for the many favors he has bestowed upon us.

Viewed selfishly, the progress and prosperity the centuries have brought have manifest themselves in a million ways. The comfort of our most modest homes makes them appear as palaces when compared with the crude cabins which those early ancestors constructed. Household duties, communications, transportation systems have been so simplified and improved that the push of a button eliminates hours or days of tedious labor. The sciences have made necessities of former luxuries, brought us longer life with myriad more methods to enjoy the added years.

Coupling talent with our abundant natural resources, our way of life has achieved a standard undreamed of not too many years ago. With these other things we have been rich in leadership. Too many countries have come upon hard ways and dark days because those with the power to lead have been unwilling to make the personal sacrifices which are so common in this nation, or because greed and corruption have been allowed to seep into high offices. This has happened here, but not for long. Our various forms of government of the people, by the people and for the people, may work slowly at times, but the unfit are discovered and turned out eventually.

Many of us are inclined to complain about the complexities of present day living, but we can scarcely view as a hardship the need to make a decision between watching a football game on TV or listening to the opera on the Hi-Fi. If there isn't a wild duck or pheasant in the freezer, (and thanks to sensible conservation practices there are just as many wild fowl flying today as there were when those first settlers depended on them for food,) we can pick up a ready-cooked turkey at the super market.

Give pause for a few moments on this day to the many, many blessings which surround us. Give thanks to the Great Creator for those blessings of this day and every day, and offer also a prayer for a real and everlasting peace throughout His entire universe. Pray for a peace based on His teachings, achieved through His guidance.

Grosse-Exaggerations

"Never a tear bedims the eye
That time and patience will not dry;
Never a lip is curved with pain
That can't be kissed into smiles again."

Thanksgiving

The approach of Thanksgiving reminds us of a story told by pals who once became embroiled in a turkey incident and left without any of the gravy. Driving across country in late October to visit friends, they were approaching the outskirts of the city which was their destination when they passed a turkey farm. The idea occurred to both simultaneously that it would be a nice gesture to give their friends the Bird as a "foot in the door" gift.

Pop picked out a nice healthy specimen and had the deal consummated before he was informed that the turkey farmer couldn't be bothered with the butchering business, and that he sold live birds only. The rest was up to the purchaser.

With the gobbler well trussed up as to wings and legs, our friends drove into town, made the rounds of various markets hoping to get someone to dispatch and dress their prisoner, but all to no avail. Time was awasting, so they went on to their hosts' home, fairly content in the knowledge that HE was a very competent guy who would handle all the details himself. The bird was accepted with great appreciation.

It was a fairly rugged visit, with sparsely scattered snatches at sustenance in the food line, and by the time Sunday arrived, the guests were looking forward rather eagerly to sitting down to a good turkey dinner. In fact they were drooling when the "Soup's On" call was heard.

They tumbled into the dining room and sat down before plates of miniature helpings of cold ham, a little potato salad and some dead looking greens. As soon as Pop could swallow his palate and find his voice he put the question, hopefully: — "What happened to the turkey?"

His hostess looked at him brightly and announced:— "Oh, he's out in the garage; we're fattening him up for Thanksgiving."

Out of the Mouths of —

A married couple with a small boy, got an amicable divorce and each parent married someone else eventually. The boy spent 6 months with Dad and his new wife and 6 with Mom and her new husband. While he was staying with the latter, his Mother came down with a cold so new Papa had to take Junior to his first Brownie meeting. It was a new group and no one seemed to know anyone . . . so the meeting got off to rather a stiff start. During one of the longer silences and for no reason whatsoever, Junior suddenly said in a loud voice "I have two Fathers." Everyone looked at him as though he had said he had two heads. Father number two wished he were someplace else . . . but the meeting went on notwithstanding.

About ten minutes later, another long pause ensued, when this time Junior rose to his feet and announced: "I have two mothers too!" No doubt this kid is going to be President some day. A one track mind President, that is.

Chic Pointer

A friend of ours brought some snapshots for our scanning pleasure, that she took of a batch of puppies belonging to her cousin. We got a great kick out of the pictures . . . especially when our eagle eye spied a Lowestoft bowl, containing the puppies' milk! Talk about "doggy"! The one small hunk of Lowestoft we own, we wrap in cotton every night and put it in the safe.

Television

Well, Jack Narz is finally back on TV emceeing "Top Dollar" . . . since his famed "Dotto" became defunct. Narz is good, but we hate to see poor Warren Hull pushed around the way he has been. When "Strike It Rich" went off the air, Warren was out of a job. Then they put him on "Top Dollar" while they searched around for someone else to do it.

Another "flip" in TV is that a really fun morning show "For Love or Money" (channel 2 at 10 a.m.) has suddenly been canceled JUST HERE in Michigan. We checked with the station and found a lot of people had telephoned to protest . . . but were informed that only letters count with ANY station. Soooooo, if you liked it and want it back . . . WRITE.

* * *

Thank You Note

We'd like to thank all the nice people who telephoned the office to give us the name and number of a Glazier. We now have ten phone numbers in our book . . . so if YOU get stuck for one, Madame . . . just let Aunty Pryor know.

Green-Eyed Dept.

There is a young bride in the Pointe who owns something we covet like mad and it isn't her youth or her looks (although both are terrific.) The object of our affection is a 1931 Ford . . . fire engine red with bright yellow wheels! It looks about the size of a large bridge table and it RUNS NOISILY, but it does run. The heater is a hole punched in the foot board, which no doubt has to be plugged up in the Summer because the heat emanates from the engine itself. Not in YEARS have we seen anything we want more, but she saw it first. Youth has all the luck!

What Goes On at Your Library

By Jean Taylor

Guest Columnist Mary Gaboda

The writing of children's books by authors distinguished in other fields of writing or learning, is no longer an uncommon event in literature. Among such writers we have Lewis Caroll, Kenneth Grahame, John Tolkien, Eric Linklater, E. B. White and Carl Sandburg.

In recent years, C. S. Lewis, a writer famous for his books of ethics, theology and literary critism has written his "Narnia" stories in which Christian philosohpy is expressed in terms of allegory for children.

Seven volumes, published in the years 1950-56, constitute the chronicle of Narnia. These books are heroic tales, told in excellent narrative style and filled with memorable animal and human characters who are involved in the continuous war between Good and Evil.

The fine hand of the craftsman is clearly evident, when we look at the chronicles as a whole, now that they have all been published. And we can see in what masterly fashion the seven volumes have been welded together. The following is a list of the Naria stories in chronnlogical order, with dates of publication:

THE MAGICIAN'S NEPHEW, 1955 — describes the creation of Narnia.

THE LION, THE WITCH AND THE WARDROBE, 1950 — some centuries have passed. The end of the reign of the White Witch, followed by the golden age of High King Peter, King Edmund, Queen Susan and Queen Lucy.

THE HORSE AND HIS BOY, 1954—an episode during the reign of High King Peter.

PRINCE CASPIAN, 1951 — after several hundred years, Narnia has been conquered by the Telmarines. War of Liberation.

THE VOYAGE OF THE DAWN TREADER, 1952 — three years later. In the reign of Caspian the Seafarer.

THE SILVER CHAIR, 1953 — about seventy years have passed. The end of the reign of Caspian.

THE LAST BATTLE, 1956 — several generations later. The days of the reign of King Tirian, and the destruction of Narnia.

However, it is important that these books be read in order of publication, for the first book THE LION, THE WITCH AND THE WARDROBE takes the reader into the midst of the action.

C. S. Lewis possesses the rare gift of making his points clear through the process of narrative rather then by direct statement. And these stories make it clear that it is only children who can understand most readily the great mysteries of sin and redemption, subjects which we have regarded as essentially worthy of treatment in adult books.

Children will read these books, as adventure stories filled with magic and invention, with perhaps a faint perception that there are certain moral lessons to be learned from them. It will be the rare child who will recognize the theological and ethical bases of the stories. But we all know that the best imaginative books for children are to be read on two planes, and that the good writer is able to allow his action to grow out of his ideas of courage, honor and loyalty as C. S. Lewis does.

And after the Last Battle has been fought(the chronicles come to a true fairy tale end, for they all lived happily ever after, only that it was the beginning of the real story in the life after death.

WAYNE REVEALS GIFTS

A total of $3,339,610 in gifts and grants was contributed to Wayne State University during the fiscal year 1957-58, Olin Thomas, vice president for finance, has announced. This is the largest amount in the University's history. Contracts with departments and agencies of the federal government accounted for $2,071,752 of the total. The remainder came from industry, private foundations, other private organizations and individuals.

Verheyden's Splendid Grounds Again Take Top Award

The Annual Merit Certificates for the best kept gardens and grounds in the business and professional category in Grosse Pointe were awarded at a presentation banquet last Saturday evening in which top honors again went to Chas. Verheyden, Inc., funeral directors, located at 16300 Mack, at Whittier road. It is the fifth successive win for Verheyden's. The Merit Placque was presented by R. Daniel Lutey of Pontiac, president of the Grosse Pointe and Eastern Michigan Horticultural Society, which conducts these year-long contests. The award came just a scant two weeks ahead of the establishment's fiftieth birthday, which according to Charles Verheyden, founder and president, will be celebrated next Tuesday, Nov. 25.

Public School Personnel Continues to Take Honors

Personnel of the Grosse Pointe Public School System continue to achieve recognition, the latest being announced by Superintendent James Bushong at the November School Board meeting Monday, November 10.

Mrs. Anne Loush, secretary to the Director of Administrative Services, has been elected president of the Wayne County Association of Educational Secretaries. She was elected at the workshop held in conjunction with the M.E.A.

Kenneth Clinard, science teacher at the High School has been elected president of the Detroit Biology Club for the coming year.

Dr. Jack Moeller, teacher of foreign languages at the High School, has been selected by the College Board section of the Educational Testing Service of Princeton, N.J., to assist in preparing an advanced placement test for students of German. He is one of two secondary teachers chosen to serve with three university professors from Harvard, Northwestern and Oberlin.

Mrs. Geraldine Bertovick, High School speech teacher, served as program chairman for the Michigan Speech Association conference at St. Mary's Lake on November 7 and 8. She is also vice-president of the association which is a department of the Michigan Education Association.

The League of Women Voters had as their guest speaker at a recent meeting, Miss Leona Weier, teacher of Social Studies at the High School. She spoke on "Foreign Policy as It Pertains to High School Social Studies."

Miss Weier took part in a workshop in International Relations at Northwestern University this past summer.

Detroit Ready For Auto Show

This year things look rather natural in the showing of the new motor cars, because for the first time in many years the major auto show of the United States will be held where automobiles are made —right here in Detroit.

The great Detroit Artillery Armory in West 8 Mile road, between Schaefer and Greenfield roads, will house this colossal show, with its vast swimming pool and other glamorous backdrops, running through two weeks — November 22-30, including Thanksgiving Day.

This first-run show will occupy the entire 7-acre Armory and will be about 10 percent greater than last year.

Seventeen American manufacturers, 27 foreign car and three truck manufacturers will exhibit. Actually this is a "show of shows" bringing top-level officials from thousands of allied industries from all over the world to witness the lead-off and to inspect the motor city first-hand.

Among the Foreign cars there are nine which have never been shown in Detroit before, two of which have never been shown before in America.

Miss America will be on hand, Emmett Kelly, the "King of Clowns," top entertainment acts with top entertainers are among the "accessories" to the show . . . the part that adds music and glamour to somewhat match the dazzle of the new cars themselves.

There are acres of hard-top parking space available which is sufficient to accommodate 4000 cars at a time.

The show is under the auspices of the Detroit Auto Dealers Association (D.A.D.A.) The admission fee is 90 cents, children under 12, only 45 cents.

Here's how to test house plants to see when they need watering. Hit the pot with your knuckles. If it makes a dull sound, the plant has enough water. If the pot rings, the plant is dry. And keep your house plants free of insects with a handy aerosol spray, the Antrol African Violet and House Plant Insect Bomb.

Children Hear Russian Artist

By Joyce Andrews
G.P.H.S. Journalism Student

"If you take a girl's head away, all she is is a dress."

With this comment Miss Esphyr Slobodkina, Russian-born illustrator, drew a laugh from a group of youthful school children recently at the Children's Book Fair.

Miss Slobodkina demonstrated her illustrating techniques before more than 100 children from 5 to 10 years old.

As a child, Miss Slobodkina explained, she lived in a small Russian town in the Ural Mountains. Because she was sickly and delicate, she spent much of her childhood in bed.

There she amused herself by drawing, cutting and pasting.

Miss Slobodkina said that she began illustrating children's books for Margaret Wise Brown, writer. After the death several years ago of Mrs. Brown, she began writing and illustrating her own books.

These books include "Caps for Sale," "Little Dog Lost, Little Dog Found," and her latest book, "The Little Dinghy."

Miss Slobodkina showed the children how to make doilies, paper dolls, and other cut-outs. Her magnetic personality and softly accented voice held the children spellbound as she cut out dolls and pasted different outfits made of small scraps of paper on them.

Miss Slobodkina also does oil paintings and collages in modern style. She has had five one-man shows in New York. Two more are now in progress.

Miss Slobodkina also teaches art in her studio in Rhode Island.

Miss Slobodkina studied at the National Academy of Design in the United States for five years.

In her books, she explained, she tries to capture the feeling of the states and cities she illustrates.

Miss Slobodkina has traveled in many states and abroad. In fact, she began her art lessons while she was living in Manchuria.

Miss Slobodkina was one of the writers visiting the Children's Book Fair at the Detroit Historical Museum.

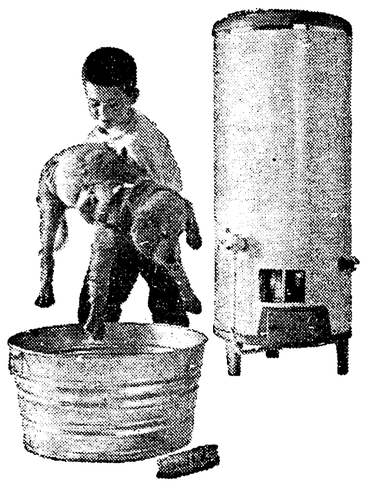

QUICK

a modern gas water heater supplies hot water faster—and at savings

It's a dog's life if you have to wait for the water to heat whenever you have a little chore to do. But there's no drudging along on lukewarm water once you own a modern gas water heater. It responds so fast it provides you with a continuous supply of hot water automatically. Set the temperature you like once, then forget it.

A gas water heater is a real economy, too, operating at big savings. So why not replace your old water heater with a new gas model from those displayed at Gas Company offices and dealer showrooms?

School System Honored Again

Additional recognition has been paid the Grosse Pointe Public School System. It has recently been asked to be one of five Michigan systems (the others being Ann Arbor, Jackson, Lansing and Pontiac) to work together for the trial and revision of special junior high school mathematics units, which have been written by a special national committee.

The headquarters of the program, known as School Mathematics Study, is in New Haven, Conn. at Yale University. Its operation is being financed by the National Science Foundation.

A special conference of the Grosse Pointe personnel involved, as well as those of the other cooperating schools, is being arranged in Ann Arbor.

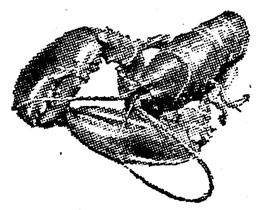

Next week, November 21 and 22, Messrs. Robert Lang and Humphrey Jackson, mathematics teachers at Brownell and Parcells Junior High Schools, respectively, will attend a special national meeting in Washington, D.C. to represent Grosse Pointe in this important study.

REPORTS CHANGER THEFT

Charles Haner of 664 Meldrum, Detroit, a DSR bus driver, complained to Park police on Monday, November 17, that someone, possibly a 15-year-old boy seen near Haner's bus, stole a money changer containing about $14 in change, that was hanging from the fare box. Haner said he was absent from his bus for only a few minutes.

Police Accuse Drunk Driver

Park police charged Herman J. Brown, 50, of 21624 Lakeview, Detroit, with violating the State Drunk Motor Law on Thursday, November 13, following an accident in which two persons received minor injuries.

A police report revealed that Brown struck a car driven by Mrs. Dorothy E. Hebert, 37, of 10302 Britain, Detroit, who was stopped behind that of Dennis Riemer, 17, of 709 Hidden lane, who in turn was stopped, facing east, waiting for traffic to clear to make a left turn onto Buckingham.

The impact slammed Mrs. Hebert's car into that of Riemer, causing considerable damage to all three cars.

Riemer suffered lacerations on the forehead and was taken to Bon Secours Hospital by police for treatment and then released.

A passenger in Mrs. Hebert's car, Mrs. Margaret Barile, 49, 10226 Balfour, Detroit, complained of neck injuries, but refused medical attention at the time.

Brown was taken to the police station where he was given a ticket charging him with driving while under the influence of alcohol and causing an accident.

The case is scheduled to be heard before Park Judge C. Joseph Belanger on December 10.

TIRE, WHEEL MISSING

Henry J. Smith of 1924 Rilard, told Woods police that a tire and wheel were stolen from the trunk of his car on Sunday, November 16. He said the theft took place either at a Mack avenue food market parking lot or while the car was in the driveway of his home.

Trombly PTA Meets Nov. 24

The Trombly P.T.A. meets in the school auditorium at 8:15 p.m. on Monday November 24. Program chairman, Irving Jorgenson has arranged a two part program of local significance and interest.

Charles Helin, a member of the Trombly P.T.A. and a man of many parts, will show his color film "Brussels World Fair." With outstanding "shots" and vivid word pictures, Mr. Helin takes his viewers to this 1958 Wonder of the World.

Parents are cordially invited to visit in the classrooms to see the work of the children and to talk with the teachers prior to the general meeting. Refreshments will be served in the gymnasium following the general meeting.

This informal social hour is under the direction of Mrs. Henry Domzalski and Mrs. Richard Royer, social chairmen, together with Mrs. Andrew Patterson and Mrs. Teddy Theodore, Room Mothers.

Pointe Theater Tells Cast For Play Set for Dec. 5, 6

The Grosse Pointe Community Theater has announced the cast for "The Happy Time", a three-act comedy by Samuel Taylor, which will be the GPCT's second presentation of the 1958-59 season, to be presented Friday and Saturday, December 5 and 6, at 8:30 p.m.

Set in the 1920's in French-Canada, amid the warmth of the closely-knit Bonnard family, "The Happy Time" is the story of the coming of manhood to Bibi, the teen-age son of Papa and Maman Bonnard. The cast includes seven Grosse Pointe residents.

Cast in the leading role of Maman is Jan C. Mullen, 21200 Wedgewood drive, a newcomer to Grosse Pointe. Although she had had previous experience producing, directing, writing and acting in plays in Connecticut, Mrs. McMullen went to the GPCT's tryouts for "The Happy Time", hoping "to usher or handle props," but was pleasantly surprised to be chosen by Director Phyllis Reeve for the principal part.

Jean F. Mesritz, 222 Lothrop road, has been cast as Grandpere and George V. Wilson, 21137 Lancaster, has the role of Papa. Both appeared in the GPCT's 1958 season-opening production of "Caine Mutiny Court Martial" last month—Mesritz as a psychiatrist and Wilson as a ship-handling expert.

Richard Bauhof, 744 Rivard, and Sandra Marx, 954 Lakepointe, have been cast in the romantic roles of Uncle Desmonde and Mignonette. Bauhof was last seen as the defense attorney in "Caine Mutiny" and Miss Marx handled the lights for that production.

Three Grosse Pointe teenagers have roles in "The Happy Time". Bob Hunter, 88 Handy, plays the Bonnard son, "Bibi," while Patricia Ann Groehn, 1007 Bedford, plays his next-door girl friend, Sally. Richard C. Blackburn, 88 Touraine, has the comedy role of a suitor, Alfred. Hunter and Blackburn are students at Grosse Pointe High School, while Miss Groehn attends Pierce Junior High School. All three youths have had extensive experience with the Grosse Pointe Children's Theatre.

Two St. Clair Shores area residents and two east Detroiters have featured comedy roles in "The Happy Time".

Richard B. Watson, 21443 Willow Wisp, who drew laughter and applause in his brief appearance as an enlisted man in "Caine Mutiny", has the tippler's role of Uncle Louis, while Eileen McCabe, 28727 Hollywood, acclaimed last June for her part as the wisecracking photographer in "The Philadelphia Story", plays the shrewish wife, Aunt Felice, in "The Happy Time".

Charles Carson, 550 Parkview, Detroit, who produced "Caine Mutiny" and played the bride's brother in "Philadelphia Story", is Dr. Gagnon, and Lawrence B. Frazee, 741 Seward, Detroit, making his GPCT debut, fills the role of a school principal.

Mrs. Reeve, 23238 Doremus, St. Clair Shores, who won an award for her acting last year, is directing "The Happy Time". Pat Potthoff is producer and Mrs. Mesritz is stage manager.

At its regular monthly meeting last week, the GPCT membership viewed a workshop presentation of scenes from Faust by von Goethe. David Warthen wrote the special adaptation and produced and directed the production. Cast in principal roles were John Henderson as Faust, Sonia Henderson as Margharetа, and Allen Hayes as Mephistopheles.

Shakespearian Program Listed

The English Speaking Union of Detroit and the Grosse Pointe War Memorial Association are co-sponsoring a Shakespearean program to which the public is cordially invited without charge, Thursday, November 20, at 8:30 p.m. A coffee hour also without charge follows.

Mrs. George Nicholson, formerly of Scotland and Cape Town will lecture on and give character readings of, "Shakespeare's Heroines". Mrs. Nicholson, a graduate of George Watson's Ladies College in Edinburgh deserted the British stage to marry and go with her husband, a minister of the Church of Scotland, to Cape Town.

In South Africa Mrs. Nicholson continued her acting with the Cape Town Repertoire Theatre, but eventually switched to the lecture platform.

Mrs. Nicholson believes that a lecture should be good entertainment as well as being instructional, so she sprinkles her lecture with dramatic play readings and character portrayals for a most enjoyable evening.

The Nicholsons came to America when Rev. Nicholson was called a few years ago to a church on Long Island and since then Mrs. Nicholson has been lecturing and giving her character readings throughout the United States and Canada.

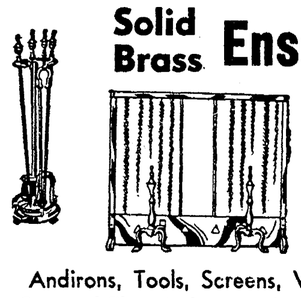

REPORTS BEER THEFT

Mrs. Henry Klein of 265 Touraine, disclosed the theft of four cases of beer from her garage on Friday, November 14, by four teenagers in a light green Buick. Farms police recorded the complaint.

"...We Need 'em Fast!"

THE SCENE IS the traffic department of any of the hundreds of manufacturing plants in Michigan. The time is 4:00 P.M. on any day of the week. The traffic manager is talking long distance to a supplier in another state about some parts needed for production.

"Send 'em by truck," he says, as he prepares to hang up, "we need 'em fast!"

He knows from exeperience that motor transport is the fastest link between shipping and receiving. He knows he can depend on it. in fact, he and thousands of his fellow traffic managers have been the men most responsible for the rapid growth of motor transport. Once they experienced the efficiency and speed of trucks, there was no satisfying them with anything less — and today their companies could not operate successfully without truck transport!

That's something for every wage earner in Michigan to think about.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

Would you believe it, Mrs. Thomas Petzold has done all her Christmas shopping for out of town friends, and what's more efficient has the gifts all handsomely wrapped?

She will stack the car with Yule presents when she and Mr. Petzold leave this week-end for the East. Delivery will take place in the Petzolds' Rye, N. H. home where there will be a Thanksgiving reunion. No standing in post office lines for Mrs. P.

The Petzolds will take with them for the Thanksgiving feast Janie Ecclestone, a student at Liggett, and daughter of the E. Llwyd Ecclestones, of Lincoln road. Also going will be Mrs. Bernard Clark, of Moross road, Mr. Petzold's sister.

In Boston the Petzolds will meet with daughters Ruth and Pattie Petzold, who are pupils at Sacred Heart Convent, Noroton, Conn. Daughter Ann, at Manhattanville, and son, Bill, at Georgetown, will spend the holiday in New York where they will attend the Gotham Ball, a highlight of the New York season.

Mr. and Mrs. William F. Harrington will drive to Rye from their home in Portsmouth, N. H., to join his brother-in-law and sister around the Thanksgiving table, and incidentally pick up their Christmas gifts. This is the third holiday reunion in Rye for the Petzolds.

Junior League Follies

The word is out: vivacious, red haired Mrs. William D. Byron, Jr., has been named general chairman of the Junior League Follies, that popular variety show which will be held again this spring.

The Byrons returned from a trip East and learned that in her absence the Junior League board, headed by Mrs. William C. Loud, Jr., had chosen her for the big chore. While they were away they saw the Joe Cobanes in New York for a night on the town and Mrs. Byron visited her father in Philadelphia.

More news about the Junior League concerns the transfer party coming up December 5 at the Hunt Club. That's the annual gala for all the members who have recently moved from another city and another Junior League to Detroit.

Sweet Sixteen

Sixteen-year-old Patricia Anne Kennedy will be celebrating that important birthday in the grand manner this Saturday night at a very fancy buffet supper and dancing party.

The daughter of television star, Bill Kennedy, will be honored by Mr. and Mrs. T. D. Buhl in their home in Ridge road. A three piece orchestra will play for dancing in the games room after supper for about 30 of Pattie's friends from Grosse Pointe High School.

But biggest treat of all is the expected visit of Emmett Kelly, the greatest circus clown of them all, whom the Buhls expect to have as their house guest this week-end.

Surprise Party Great Success

Amazing thing about Anthony R. Motschall's surprise birthday party for Mrs. Motschall November 12 was that, in all his long planning and with so many in on the secret, no word was ever dropped to give the show away.

He'd casually suggested a dinner threesome at Grosse Pointe Yacht Club with their brother-in-law, Ralph Lesher, to follow the birthday luncheon Mrs. David Thomas was giving in her Hawthorne road home.

With a January South American cruise filling her mind anyway, Mrs. Motschall thought the idea of a quiet little dinner wonderful.

The threesome was unflurried as they left the Motschalls' Lake Shore road home. Bombshell came when the unsuspecting honoree was led into the club's Lake Shore Room where 50 guests were waiting. Gay birthday greetings and the Art Quatro combo music revealed the surprise party—"and I was in a simple little black wool dress!" the honor guest said. (Her husband's gift corsage of green orchids gave it the party note, however.)

Mr. Motschall had planned decorations around their upcoming South American cruise—they'll leave from New York January 14 on the brand-new cruise ship, "Argentina", for 38 days of ocean travel and sightseeing at ports of call.

The club's Venetian Room, the dinner locale, was transformed with huge panels of South American scenes, and bird of paradise blooms. Conversation piece was a replica model of the "Argentina" centering the U-table in an arrangement of pineapples, tropical ferns and bird of paradise flowers. Another model ship with lighted portholes decked the fireplace mantel. At dinner's end, a huge tiered cake was wheeled in on a fancy cart.

Among the guests were the Motschall sons, Francis, and the twins, Tony and Bill (daughter Cissie is at Immaculata Junior College in Washington, D. C.); the David Thomases, Albert Camerons, James Hallys, Denis J. Brackens, Mrs. Mary Lou Mossner, Dr. Frederick Wirth, the Joseph Feists, V. R. Donnellys, and Mr. and Mrs. Raymond Valassis.

More: the Raymond Littleys, Hamilton Kotchers, George Horsfulls, Robert Wetzels, Mr. and Mrs. Fred B. Herz, Dr. and Mrs. Alex J. Szmigiel, the Charles Novetzkes, Mr. and Mrs. Robert B. Squires, and from Birmingham, the Kenneth Dickinsons and Jerrold A. Frosts.

The memories that seem to last the longest with a certain type of people are the shortcomings of their acquaintances.

Earls to Be Honored Before Florida Move

The Harold R. Boyers, the C. Hascall Blisses and the Thomas Morrisons to Fete Couple Who Will Be Leaving Next Month to Live in Palm Beach

The Harley J. Earls, who have been living at the Country Club this fall before they move permanently to their new home in Palm Beach, Fla., will be honored at a farewall party December 18.

Hosts at the dinner dance at the Grosse Pointe Club will be the Harold R. Boyers, the C. Hascall Blisses and the Thomas Morrisons.

One of the reasons delaying their departure is the benefit fashion show November 28 at the Grosse Pointe Yacht Club for the Starr Commonwealth of Boys. This is Mrs. Earl's favorite charity and she is again chairman of the benefit.

The Boyers and the Morrisons will be in Palm Beach at Thanksgiving time. Dr. and Mrs. Morrison will stay at the Colony as will Mrs. Boyer while her husband is shooting in Louisiana with David Wallace, of Lewiston road. Mrs. Wallace will entertain the Patrick Adamsons, of Touraine road, in her nearby Delray home and the whole group will be together for the holiday.

The Blisses spend much of the winter in Palm Beach on their yacht, the "Maid Marion."

The Grosse Pointe War Memorial Association in cooperation with the Grosse Pointe Garden Center is presenting Mrs. L. R. Montgomery in a Christmas greens lecture-demonstration in the Center's library Wednesday afternoon, December 3, at 2 o'clock. The public is cordially invited without charge.

Mrs. Meridith Randall, president of the Garden Center, will introduce Mrs. Montgomery, whose ideas in greens arrangements and Christmas accents for the house have attracted much attention.

Just in time for the holiday season, Mrs. Montgomery will show and explain to her audience a wide variety of novel effects which can be achieved inexpensively for the front door, the entrance hall, the mantelpiece, the buffet, the chandelier and the occasional table. Many of the items can also be used as Christmas gifts.

Mistletoe Mart Opens Doors Today

Pointe Congregational Church Holds Christmas Fair From 9 to 9 This Thursday; Bring Your Gift List to Bazaar and Stay for Dinner

All that glitters may not be gold, but it's pretty glamorous, and it's on sale today, November 20, at Grosse Pointe Congregational Church's "Mistletoe Mart" right up until 9:00 tonight!

What's on sale? What did you have in mind? There are three floors, and every nook and cranny of them is covered with a wide and winsome array of unusual and attractive gifts for anyone lucky enough to be on your Christmas list!

Generally speaking, the Mart has been divided into four general divisions: the "Children's Bazaar," gifts for all the family, gifts that say, "Merry Christmas, House!", and good things to eat.

The small fry (and the not-so-small) will be treated to their own Mart in miniature from 3:30 to 7:30 o'clock today featuring fun activities, games, a "coketail" bar, and gifts and cards to buy priced within an allowance-type budget.

Surprise packages from the "pick-apocket" apron will be 25 cents, and every child will receive a most unusual free gift — straight from Santa's stables at the North Pole!

The endless talents of the women of the church are displayed in gifts for all the family, including such booths as aprons, garden shop, linens, Knit-Wit Corner, and "this 'n' that" — (anything that doesn't seem to fit into an obvious category finds its way to this fascinating spot!), Christmas dolls, jewelry, and the Literary Lounge.

What better way to say Merry Christmas to the old homestead than by selecting from the festive decorations ready to add the holiday touch to the home.

Spread a sparkling Christmas tree skirt on the floor around your tree; swing a kissing ring from the doorway, or add a sparkly artificial tree and a fat Christmas candle to your mantel. It's easy to bring the Christmas look home when you shop at the Mistletoe Mart today.

The talented cooks of Grosse Pointe Congregational Church have set up a bake shop, candy store, delicatessen, pickle department, and a Christmas cookie center to tempt all comers. The heavenly fragrances drifting windward today will be all the advertising necessary!

The coffee shop will be open morning and afternoon to provide respite for the bundle-laden ladies, luncheon from 11:30 to 2 o'clock, and beef tenderloin dinner (by reservation only.)

It's not too late, so make the Mistletoe Mart, Grosse Pointe Congregational Church, 240 Chalfonte, a "must-see" on your list today!

Federated Garden Clubs' Exhibit Draws Big Crowds

In spite of an almost incessant downpour, last Saturday's attendance at the "Quest for Beauty" exhibition served to top the records of this annual four-day event. Designed as a public service by District 1 of the Federated Garden Clubs of Michigan, the theme chosen for the 1958 exhibition of table settings and flower arrangements proved a happy one indeed—judging from the artistry that resulted.

As in previous years, the project was sponsored by Charles W. Warren and Company at their store, 1520 Washington boulevard. An ideal setting for such an exhibition, its convenient location in the heart of downtown Detroit is without doubt an additional reason for the gratifying attendance.

Every federated garden club in the Grosse Pointe area was represented in the various classes. The table arranged by Mrs. William H. Denler of Cloverly road was done in the modern feeling. She used a table cloth shaded from light gray to charcoal black. At the left was a marble column, ivy twined around it. The Lyric china used was by Castleton and Hampton's flatware by Tiffany added distinction to this charming setting.

Mrs. Windsor S. Davies and Mrs. Frederick Gould, of the Grosse Pointe Park Club, did an appealing arrangement, "Color Harmony," that featured Autumn tones. Yellow 'mums and green and brown ivy in a silver bowl were flanked by a pair of candelabra with brown tapers.

Appropriately placed in John F. Hering's "Men of Detroit" permanent gallery at Warren's was an arrangement of orangey-brown 'mums and brown eucalyptus leaves, viewed through a 12-inch sterling silver frame. Designed by Mrs. Watson Beach of Kenwood road, a lettered caption bore the quotation "No beauty like the countenance of a friend."

Mrs. Bert C. Wicking's design, "Meditation," was among the arrangements which specially impressed representatives of Steuben who came from New York for the exhibition. Mrs. Wicking, of Trombley road, used white Eucharist lilies, "elegant, stately and pure—as symbolizing Love. The lilies, a candle in their center gave the feeling of a cathedral altar." There were figurines of two apostles in the foreground. As one woman remarked: "This is the sort of thing that makes one want to come back to it—again and again."

In representing Drama, Mrs. Longyear Palmer chose the title, "The Play's the Thing." She set the stage by placing a heavy green brocade square on top of a deep blue table cloth. An antique English castle and a juniper tree provided background for two figurines resembling court jesters. To further accent the drama theme, Mrs. Palmer placed two black masks on the wall.

There were unusual suggestions for the approaching holidays. Mrs. Frederick J. Schumann's Old English motif was reminiscent of a Dickens Christmas Carol theme. Her graceful bouquet of Christmas-red carnations with a few sprays of holly in an antique silver basket adorned a table festively set with an antique Cluny cloth, Bavarian china and Orrefors glassware. Figurines of two jolly legendary characters completed the picture, which did an excellent job of stirring up the Christmas spirit.

Mrs. Hansel Dwight Wilson, (Pointe Garden Club), of Oxford road evolved her Christmas arrangement from the lines of that familiar carol "We Three Kings of the Orient Are." They appeared in the arrangement as figurines looking at a Eucharist lily which represented the Babe in the manger. Her oblong table was stunning—covered with a golden cloth trimmed in narrow champagne-color silk braid. It was set for a service with gold band Lenox china dinner plates, gold band goblets and Tiffany vermeil flatware.

The wall niches at Warren's should have a chapter exclusively. When Mrs. Benson Ford selected her niche she named it "The Balloon Man." He rode round and round in the miniature model of a Detroit-made motor car never once bumping into her pretty arrangement of shaggy orange and yellow 'mums. . . . Mrs. William R. Hamilton II chose a niche to carry out a Design for Beauty, using a jewelry motif.

Mrs. Robert A. Vander Pyl, of Suburbia Garden Club depicted "Something old and something new"—an attractive combination of fresh and dried flowers in an antique vase. The remainder of that old saying — "Something borrowed and something blue"—was a clever piece by Mrs. Vincent DePetris. She used a Belgian-French imported vase of heaven-blue ware, and those unusual flowers that resembled a little white sail were spathiphyllum! She borrowed a pretty blue garter.

Mrs. Henry P. Williams' cleverly contrived, coordinated place setting for a dinner was much admired. A lapel favor clipped to a goblet was a suggestion for use as a place card . . . Diminutives—delightful arrangements in miniature—were a contribution of Mrs. William C. Beckenhauer, Jr., of Lochmoor boulevard.

"Do not open 'til Christmas" boxes were cleverly dreamed-up ideas for wrapping holiday packages, by Mrs. John O. Warren, Mrs. Wilson Mills and Mrs. George Bethune Duffield.

For the closing day of the exhibition, hostesses were members of the Business and Professional group of the Women's City Club. They included Grosse Pointers Miss Gertrude L. Gerloch of Grayton road, Mrs. Gilmore S. Van Hamm of Nottingham road and Miss D. Lois Verner of Harcourt road.

Everybody was interested in the Awards table, on which were displayed the various gifts presented to District One of the Federated Garden Clubs of Michigan by the Warren company since 1955, instead of individual prizes. When the new national headquarters of the federation is dedicated next spring, this beautiful gift will be a part of its permanent equipment.

Cookies For Children

It's easy for children to help decorate Christmas cookies when they apply colored frosting with small paint brushes. Bake a batch of crisp, flavorful oatmeal cookies early in the day so they will be cool, ready for decorating. Prepare red and green confectioner's frosting of a consistency that is easy to spread with a brush, but will not run off the cooky. Provide several kinds of decorating candies for extra touches.

Each child needs two paint brushes and small cups of red and green frosting. Be sure to allow enough space between each "artist" so elbows will not be poggled and creations marred. There are bound to be some fatalities in the decorating process. Perhaps the decorating party could be planned at the end of the evening meal. Then the imperfectly decorated cookies could be used as dessert. These wholesome oatmeal cookies are just packed full of good nutrients so necessary for growing boys and girls. Breakfast cereals, when used as an ingredient, not only improve the flavor and texture, but they contribute portein, valuable B vitamins, essential minerals, and food energy.

G.P.U.S. News Notes

An interesting sequel can be reported to what was the final item in the "News Notes" last week from Grosse Pointe University School. The paragraph described the school-wide drive that was being made to put the United Foundation drive over the top. It ended by pointing out that competitions were proceeding among the classes "with one night free of homework promised to the class that wins by giving the most to the United Foundation."

This week in an announcement to be read in all homerooms Headmaster John Chandler, Jr., congratulated the whole school family for its achievement in more than doubling its contributions to the U.F., but he went on to say the following:

"At the Student Council meeting yesterday it was reported that the majority of students had expressed disapproval of the idea of having a competition and a prize in connection with the Torch Drive. It was noted that the Junior girls had declined to take advantage of a day free from homework, even though their per capita record entitled them to it.

"The Council voted approval of a recommendation that this device not be repeated another year. This I feel is a wise decision, and I heartily approve of your reaction and the Council's recommendation. We certainly should be able to give as generously without any artificial incentive. It will be interesting to see if we can."

The Monday evening parent-teacher meetings which began early in October have now been completed. Each session included two grades, such as 7-8, then 9-10, and so on. Parents had a chance to talk informally with the teachers as well as to hear a general discussion (from the headmaster or one of the principals) of topic and difficulties that particularly confront the grades involved.

Miss Margaret Harvey and her PERICON staff were busy last week scheduling and completing the actual taking of the small group pictures that are to appear in next spring's school year book. Clubs, teams, and councils, as well as the teachers in the various academic departments, were photographed. The job was a fairly precise one, with ten-minute "shots" going on through much of the day, but it was finished smoothly.

Chapel services of last week were student-directed. One was given by John Webster, '59. The other was given by a group of 7th grade girls: Marcia Whitney, Quinton Hallett, Karen Van Riper, Cecily Smith and Anne Leach.

In covering the study unit devoted to Howard Pyle's novel, "Men of Iron," Mrs. Welcenbach, who teaches 7th grade English, was able to put her summer of travel in Great Britian to good use. Since the book has as its background she found it very appropriate the 15th century and castles, to show the slides she had taken of a number of 15th castles, among them Kenilworth, Sterling, Edinburgh, Corfe, and Carlisle.

On Saturday, November 1, was "Play Day," as they call it, for six girls' field hockey teams. Host school was Grosse Pointe University School, the place the playing fields in Cook road. Participating, besides G.P.U.S., were the Grosse Pointe Convent of the Sacred Heart, Liggett, Kingswood, Bloomfield Hills High School, and the Bloomfield Hills Convent. The day is one on which all-star selections are made by judging the individual play of the various competitors, who, on this occasion do not play as a team. That is, the forward line of Liggett may find itself playing with a defensive line from G.P.U.S. against some of its own players and girls from still other schools.

Representatives of the Detroit Field Hockey Association pick the All-Stars. They, in turn, will play the D.F.H.A. team next Sunday on the Kingswood grounds at 2:30 p.m. The latter team is made up of teachers and college girls, who have made field hockey a long-time hobby.

Chosen as All-Stars from G.P.U.S. were Gay Racon, '60 and Anne Wood, '62. Picked for the 2nd All-Star team were Carolyn Jacobson, '59, and twin sisters, Gladys and Martha Menge, '60. Chosen for the Reserve team was Marana Tost, '61.

Grosse Pointe University School students played a leading role in the 10th Annual Institute for Democratic Living, sponsored by the Junior Round Table of Metropolitan Detroit. This group is the high school-age affiliate of the Detroit Conference of Christians and Jews.

Attending from G.P.U.S. were Glynn Conley, secretary of the city-wide young people's organization; Darcy Chandler, Jeanne Worley and Irving Smolker. Glynn was discussion leader of one of the morning sessions. His group discussed the topic "How Can Teen-Agers Initiate and/or Support Activities Which Create Good Will and Harmony?"

Darcy Chandler was on the general hospitality committee. Jeanne Worley had the interesting distinction of being one of the students whose remarks, being overheard by a Detroit News reporter, were deemed worthy of inclusion in his rather lengthy account of the day-long sessions at the Rackham Building in Detroit, which were attended by public, private, and parochial school students of high school age from all over the metropolitan area.

Irving Smokler was a host in his discussion group. The principal speaker at the luncheon session was Dr. Robert Syme, Rabbi, Temple Israel, Detroit. Others among the adult "resource people" were Alfred A. May, Detroit attorney and the vice-president of the Detroit Round Table; Dr. Mel Ravitz, Detroit City Plan Commission; Father Edward Lovely, S.J., University of Detroit; Mrs. Sara Colvin and Mrs. Gladys Canty, both of the Detroit Round Table staff; Ben Nathanson, editor, East Side Shopper; and Dr. Paul Rankin, assistant superintendent, Detroit Public Schools.

The G.P.U.S. delegates were enthusiastic in their description of the worthwhileness and interest of the day's activities.

Tea Time's Cake Time!

Quick—quick! People coming for tea . . . make a pretty cake in "jig time". A cake mix is the fastest way we know to get that done . . . then beat up this fabulous frosting and decorate generously with snowy coconut flakes. It's best to store completed cake uncovered at room temperature or in refrigerator. After cutting, press waxed paper against cut sides to prevent drying. Variation: substitute a teaspoon dissolved instant coffee for vanilla.

Coconut Marshmallow Frosting

10 marshmallows	¼ teaspoon cream of tartar
2 teaspoons water	1 teaspoon vanilla
1 egg white, unbeaten	¼ cup boiling water
¾ cup sugar	1 can Angel Flake Coconut

Melt marshmallows with water over hot water. Combine egg white, sugar, cream of tartar, and vanilla in small deep bowl; mix well. Add boiling water and beat with sturdy egg beater (or at high speed of electric beater) until mixture will stand in stiff peaks—about 4 minutes. Add melted marshmallows, and beat about 1 minute longer to blend. Makes about 4 cups frosting, or enough to cover tops and sides of two 8-inch layers, generously. Sprinkle top and sides of cake with flaked coconut.

BARNES SCHOOL

We are off to another fine year at Barnes School. Registration is presently 493 as compared with 466 when school closed last June. Those figures do not tell the real story, however.

We have 110 children in kindergarten this fall—a sharp increase over last year. Kindergarten excepted, our new registrations are mostly from other schools in Grosse Pointe, Detroit, St. Clair Shores, Harper Woods and Dearborn. We have two out-of-state families, however, to whom we would like to grant special recognition. The Tantlingers—from Mobile, Alabama, have Susan in one of our Third Grades, and the Piersons, from Greenfield, Massachusetts, have daughter Catherine in Third Grade and son William in Fourth Grade. We would like to sincerely welcome both of these families to Grosse Pointe generally, and to Barnes School specifically.

To some veteran readers this may seem like a rather seasonal statement, but honestly, it's not—the boys' Safety Patrol Squad, and the Girls' Service Squad again have excellent leadership. Mr. Bassett has Bruce Zink as Captain, and Howard Jacobsen and Rickey White as lieutenants on the former group. Mrs. Goulding has Robyn Ranney as Captain of the Service Squad. Karen Thoma and Marty Brown are her two lieutenants. The school also welcomes four new, but experienced, full-time teachers in addition to having the popular Dr. Fenton as Music Teacher, and a new member of our community Mr. Donald Schrom as Art teacher to be shared with Defer and Trombly.

Party Chicken Tetrazzini

New Year's Eve and a crowd to feed? Evaporated milk and low-cost chicken come to the rescue in the perfect basis for a buffet supper—Party Chicken Tetrazzini. Creamy in texture and rich in taste thanks to double-strength evaporated milk, this casserole dish is a thrifty way to have a party. For a really gala New Year's Eve buffet, the recipe can be doubled to serve 24.

Party Chicken Tetrazzini

- 1 teaspoon salt
- ⅛ teaspoon pepper
- 4 cups coarsely diced cooked chicken
- 3 tablespoons sherry, optional
- 1 package (8 ounces) fine noodles, cooked
- 1½ cups soft bread cubes
- 1 can (6 ounces) sliced mushrooms
- Chicken broth
- 1 tall can (1⅔ cups) evaporated milk
- ½ cup butter or margarine, divided
- ¼ cup flour

Drain mushrooms; reserve liquid. Add enough chicken broth to liquid to make 2⅓ cups. Combine with evaporated milk. Melt ¼ cup of the butter in large saucepan. Remove from heat and blend in flour, salt and pepper. Gradually add evaporated milk mixture thickens and comes to a boil. Add chicken, mushrooms, sherry and noodles and heat to serving temperature. Turn into greased 3½-quart casserole (or 2 smaller casseroles). Melt 2 tablespoons of the remaining butter in saucepan; add bread cubes and toss gently until coated. Arrange buttered bread cubes around edge of casserole. Dot uncovered portion of casserole with remaining 1 tablespoon of the butter. Bake in moderate oven (375°F.) 15 to 20 minutes or until browned. YIELD: 10 to 12 servings.

Cubs Collecting Cancer Cloths

The American Cancer Society has again requested the Cub Scouts of this area to assist in collecting scrap white cloth materials which can be processed into handbags and dressing pads for thousands of needy cancer patients.

Known as the Cub Scout "Christmas Good Turn," the project is a "must," according to local Cancer Chapter officials. Without this annual collection, by the Cubs, Cancer Society volunteers would soon run short of materials needed to produce hundreds of thousands of pads and dressings required to treat this disease.

Ordinances in many municipalities prohibit boys under 12 from making area-wide, house-to-house visits at any time for any purpose. Thus, Cub Scouts are permitted to canvas only their own homes and the homes of nearby friends and relatives.

White cotton goods such as towels, pillowslips, sheets, curtains, napkins, shirts and other personal or household items are needed. Silks, rayons, dacrons are not practical. Donated materials need not be starched or ironed, but should be laundered clean.

Individual Cub collections are given to the Den Mother at weekly Den meetings. Den bundles are gathered together on a Pack basis for delivery to any one of the official collection depots. Most of the Detroit Edison Company branch offices are again serving as collection depots. In some municipalities collected items may be taken to local Chapter Centers for immediate use by their volunteer cancer workers.

American Cancer Society headquarters for the Southeastern Michigan Division are located at 4811 John R., in Detroit. Branches in the metropolitan Detroit Scout area include 21921 Morley, Dearborn; 821 Penniman, Plymouth; 1739 Coolidge, Berkley; and 1669 Fort Highway, Wyandotte. Deliveries may be made by Cub leaders direct to these branches, if more convenient than an Edison office.

This Annual White Cloth Drive is the only Council-approved project in which local Cub Scouts participate independently of Boy Scouts or Explorers. While regarded as a "Christmas" good turn, it is hoped that all collections are made, and deliveries completed, to collection depots during the week ending December 6 or during the week of December 8 at the latest.

Cub Scout groups are welcome to visit the Division headquarters at 4811 John R. and Hancock. Arrangements may be made by calling TEmple 3-5628.

Estimated Fire Losses

Estimated fire losses in the United States during September amounted to $73,303,000, the National Board of Fire Underwriters has reported. This loss represents an increase of 1.4 percent from losses of $72,264,000 reported for September, 1957, and a decrease of 2.9 percent from losses of $75,491,000 for last August (1958). Losses for the first nine months of 1958 now total $810,811,000, an increase of 4.1 percent over the first nine months of 1957, when they amounted to $778,597,000.

GPUS Operetta Set for Friday

The seventh and eighth grades of Grosse Pointe University School are eagerly awaiting the opening of their annual operetta on Friday, November 21 at 8 p.m.

This year's operetta, entitled "The Singing Freshman," stars Wendell Goddard as the singing freshman and Margaret VanDeGraaf as the princess of Magonia, and is under the direction of the heads of the music and art departments, Mr. David Arner and Mrs. Eleanor Munger.

Friday night's performance will climax several weeks of hard work not only on the part of the seventh and eighth graders themselves who actually appear in it, but many of the upper grade students who have put in long hours on set design and other behind the scenes work.

This year's performance promises to be every bit as good as in past years.

Mrs. Carr to Open Home For Auxiliary's Drive

The Women's Auxiliary of the Detroit Memorial Hospital, 1420 St. Antoine street, extends an invitation to all women of the Greater Detroit area to attend a Membership Tea on Thursday, November 20 from 2 to 4 o'clock at the home of Mrs. Franklin D. Carr, of Grosse Pointe boulevard.

The purpose of the tea is to present the hospital's volunteer program in which each woman may participate. By contributing a few hours each month, volunteers may assist in such ways as working in the Gift Shop, taking the gift cart around to the bed-ridden patients, working on projects in the Pediatric Department, and visiting patients.

These are but a few of the many opportunities for women interested in contributing a little time each month.

Futher information and details may be obtained by calling Miss Joan Rudold at the hospital, WOodward 1-4461.

Y-Teens Clubs Plan Assembly

By Beverly Bay
G.P.H.S. Journalism Student

In observance of the Thanksgiving holiday, a special Y-Teens assembly will be held Friday morning, November 21, at Grosse Pointe High School.

Although it will be a religious service, it will be undenominational.

Dr. James W. Bushong, superintendent of schools, will be guest speaker.

Liz Leete, 12A, will give the call to worship; Sue Hykes, 11B, the scripture; Bev Bay, 12B, the prayer; and Sue Cooper, 12A, the benediction.

The Y-Teens choir, composed of 45 girls will sing "Bless This House," under the direction of Mr. John Finch. Mr. Finch will also lead the student body in two Thanksgiving songs.

Nancy Ruby, 12B, is general chairman of the assembly. Sandra Craig, 12B, has charge of programs; Trudy Proefke, 12B, publicity; Carol Bankerd, 12B, and Sue Schutte, 12A, the service; Beth Ramsey, 12B, ushers; and Ginny Pear, 12B, the staging.

The assembly is being sponsored by all five Y-Teens clubs, Alpha, Beta, Delta, Kappa, and Theta.

Editorial Wins Freedom Award

Grosse Pointe High School has added another laurel to its list of many, the most recent being an Honor Certificate from the Freedom Foundation.

The leather-bound scroll was awarded for an editorial which appeared last spring in the school's weekly publication "The Tower." It was written by its editor at that time, Sue Cumberworth, who was graduated with honors in June. She is now attending the University of Michigan as the holder of the John L. Brumm Memorial Scholarship in Journalism.

The Freedom Foundation, a non-political, non-sectarian organization, exists to foster and promote the American way of life.

A new King and Queen were selected for the month of November on Friday night, November 7, with a record crowd of 100 boys and girls ages 7-12 attending. Chosen for queen was Marianne Miller, and king, Greg Wheeler.

Goodwill Needs Clothes Discards

The basic reason a person contributes usable discards to Goodwill Industries is to give handicapped persons an opportunity for jobs and physical training and rehabilitation.

There is a secondary purpose. It is to offer high quality clothing and other merchandise to low income families at minimum cost.

Families whose children would otherwise be without adequate clothing or whose homes would otherwise be sparsely furnished are able to have these necessities without asking for charity.

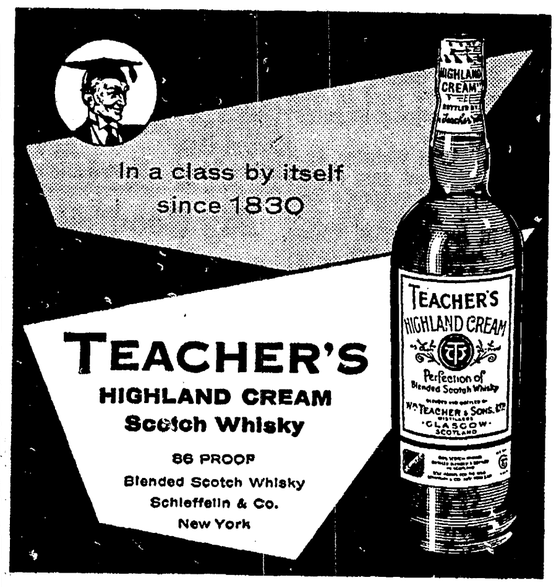

At no time of the year is it more important for Goodwill stores to have an adequate supply of children's and teenage clothing in its stores than during the first weeks of school.

An unusual rush this year on the eight Goodwill stores has left the store racks depleted. This is due in a large measure to economic conditions. Contributions are down, and because of high unemployment, the demand for Goodwill clothing is great. In an appeal to those who have for those who don't have, Harold H. McKinnon, executive secretary of Detroit, said: "Help."

Local Educators Take Part In Cooperative Conference

The Grosse Pointe Public School System was well-represented at the Cooperative Conference on Instructional Materials, held at the Rackham Building last week-end, November 14 and 15. The Conference was sponsored by the Michigan Association of School Librarians and the Michigan Audio-Visual Association, with the cooperation of the Michigan Association for Supervision and Curriculum Development.

Dr. H. Leroy Selmeier, Director of Instruction for the Grosse Pointe School System, was a member of the planning committee for the conference. Participating in the program were Helvi Walkonen, Librarian at Grosse Pointe High School; and Sarah Alexander, Curriculum Assistant in Charge of Instructional Materials Center. Miss Alexander gave a demonstration in a How-To-Do-It session on Selection and Use of Learning Materials.

Friday night, November 14, was the second annual presentation of awards for the Arthur S. Stenius competition for school-made audio-visual materials—held in memory of one of Michigan's outstanding leaders in that field. This annual recognition is open to all educators in Michigan schools, colleges and universities.

Again Grosse Pointe was well-represented. They matched their own record of five awards received last year. And, as last year, a Grosse Pointer took the "Best-of-Show": Mrs. Charles E. Sweet, Jr., an elementary teacher at the Dexter M. Ferry School, was chosen by the 29 Award Judges for having the best of both individual and group entries. Her winning display featured an electric question board.

Deserving of "outstanding" recognition were Howard Poe, teacher at Pierce Junior High School, for his electric model of the solar system; and Mrs. Letrice Petree, teacher at Richard School, for her mural on "First Grade Day Camp Experience."

"Excellent" merit was rated by another Richard School teacher, Mrs. Gladys Gies for her 2" x 2" color slide, sound set on "Thinking About Bulletin Boards." Mrs. Olga M. Doherty, who teaches at Trombly School, was also given an "Excellent" rating for her 3-D montage on "Shelter." These recognition awards were made to encourage and recognize school production of audio-visual materials.

Other Grosse Pointe teachers attending sessions of the two-day conference were Illeen Kennedy, Mason School; Mrs. Elizabeth Kenny, Poupard School; Mrs. Dorothy Christian, Pierce Junior High School; Mrs. Mary Jane Better, Ferry School; Martha Hoke, Defer School; Elsema Nault, Richard School; Mrs. Leone Bennett, Maire School; and Edwin Wendt, Ferry School.

SPORTS POINTES

Blue Devil Basketballers Start Practice Sessions

The Grosse Pointe Blue Devil basketball team swung into practice in preparation for defense of its Border Cities League championship which it shares with Highland Park.

Leading the lively practice sessions are returning lettermen Rem Purdy, Lars Anderson, Larry Bruzzese and Bob Hunt.

Seeking the fifth starter, Coach Howard MacAdam is taking a close look at Jerry Gerich, a transfer student, Ron Schram of last year's reserve team and Ted Stanley, who is the tallest player at six feet four inches.

These three boys will hold the key to the Devils' starting lineup and if any one of the trio shows he can handle the center position then Rem Purdy will be moved to forward, which will give the Pointers added scoring strength and height under the boards. Of those seven boys all are seniors except Schram who is a junior.

Meet Dearborn First

Although Coach MacAdam feels this group will get the call in the opening non-league game against Dearborn on Friday, December 5, at Grosse Pointe's beautiful gymnasium, he still is looking for strength for his bench crew which will be made up of Tom Andris, Jim Howard, Al Lang, Bill Hooth, Ron Harper, Jon Rice, Ron Linclau and Dave Veenendaal, who is the only sophomore on the squad and stands an even six feet.

This is the first time Veenendaal has been seen in the Devils' athletic picture because way back when he was in the eighth grade a heart murmur was detected and he was forbidden to participate in any athletics. However, a recent check has given Dave a clean bill of health and already this early in practice he has shown promise that forced Coach MacAdam to name him to the varsity squad.

Hunt Recuperating

Bob Hunt may be a doubtful starter in the first four games as he fractured his wrist and currently is wearing a cast during practice. But despite this handicap Bob has been showing up well and if a suitable replacement cannot be found by the time of the season opener he will play.

Tom Andris will be playing varsity for the first time this year. In previous years Tom was forced to the sidelines due to broken bones. He first came into prominence last spring when he set the Grosse Pointe school record in the shot put event as a member of the Devil track team.

This fall Tom was outstanding as a fullback on the Devils' football team in early games but suffered a head injury in the Royal Oak game and was out of action until the final two games. In those games he proved to be a valuable team player and a tremendous third down fullback despite his short stature of five feet eight inches.

Normally a senior, who has not previously played on the varsity cage team, isn't invited out for practice as the coaches prefer to work with sophomores and juniors for future seasons. But Andris, determined to make the grade after sitting on the sideline with a broken wrist as a tenth grader, played basketball all summer long and has convinced Coach MacAdam he needs him on the 1958-59 Devil squad.

Meet Pontiac Dec. 9

After tackling Dearborn in the opener, the Pointers will tackle another non-league opponent when they entertain the new Pontiac Northern school on December 9.

Only two league games will be played before the Christmas holidays. Fordson will entertain the Devils on December 12 and non-League Mount Clemens will play host to the Devils on December 16 before the Pointers entertain the Monroe Trojans on December 19.

How the rest of the league stacks up at this time is a big question mark. Highland Park is sure to once again be strong and Fordson should be a dark horse in the race.

Coach MacAdam had hoped to have a Junior Varsity team this year. This team would have been made up of eleventh grade reserve players who did not make the varsity grade this season but who, with more organized competition, might develop into varsity material.

Need More Coaches

Lack of coaching talent is the reason there will be no Junior Varsity team this year, not the lack of playing facilities. Principal Gerich has indicated that possibly next year a JV team can be formed. Next year may be too late. This year's varsity is primarily made up of seniors and if the present reserve players don't come through as expected the Blue Devils' basketball fortunes may well go down the drain through lack of inadequate personnel.

If playing facilities are available and all that is needed is a coach for the JV team then why can't the Blue Devils have a JV team THIS YEAR. It would be better to have too much talent to draw from next year rather than be forced to struggle through a season with the best of a possible inferior crop of reserves.

Now is the time to act. Grosse Pointe's athletic prestige is too great to let a little matter of finding a JV coach for THIS YEAR jeopardize it. If it is red tape that is denying the eleventh grade players from having a JV team—then cut it and let's get on with the job at hand—and that is to keep Grosse Pointe teams on the winning side of the ledger.

WSU ENROLLMENT

Enrollment at Wayne State University totaled 20,430 this semester with all but one college showing an increase over a year ago. Figures released by the University's Division of Admissions and Records show 18,535 students enrolled in on-campus credit programs while another 1,895 are taking off-campus credit classes in the Detroit metropolitan area. The number of full time students at the University also increased from 8,535 to 9,253, a rise of 8.4 percent.

Boat Banter

Something new hit the local yachting picture last Spring — it was the new Cruising D class. At the time, some laughingly called it the class of "have nots" and predicted it would skyrocket briefly and then disappear. But this was not the case. It was the biggest class to sail in local Detroit River Yachting Association regattas and was the reason every regatta this past summer set a new entry record.

Sure, the yachts were of various shapes and sizes, but they all fit into the same rating category and the 22 skippers who made up the class had a "ball" sailing under the Performance Handicap system.

This system produced nine different winners in 10 regattas and it wasn't until the last race that the season champion could be named, it was that close.

Aaron Evans' Oxford 400 sloop "Alady V" was declcared the winner which gave the Grosse Pointe Yacht Club a season champion for the first time in more years than we care to remember. Bob Dodd's "Winlassie" of Bayview Yacht Club was second; Harold Dushane's "Bellatrix" of the Detroit Boat Club was third; Frank Taylor's "Mitzi" and Paul Goecheus' "Gracie" was fourth and fifth, respectively, for Crescent Sail Yacht Club.

These skippers were honored at the D Class winners dinner last Saturday, November 15, at Bayview and beautiful keeper trophies were carried off by the winners. Evans captured the Cruising D season championship perpetual trophy which was artfully designed and constructed by Bob Dodd.

The other Cruising classes could take a quick peek at this new class and get some very good pointers to buoy up the interest in the A, B and C classes.

This was the first time in memory that a Cruising class had ever held an award dinner and the efficient work of the board of directors of Lynn Stedman, Gerd Schneider, Aaron Evans, Woody Warrick and Bob Dodd came up with the final standings within a week after the final race had been completed. This is unlike the Detroit Cruising Club which year after year seems to get later and later and later with the final season standings.

So, here's hats off to a bunch of guys who sail the "Have Nots" and have proved that sailing can be fun as well as competitive.

Bayview Yacht Club will hold its annual Winners' Dinner at the club, Saturday, November 29. At that time the membership will honor those skippers who brought honor to the club through sailing championships won during the 1958 season.

Highlighting the event will be the Preview showing of the 1958 Bayview-Mackinac film and presented by the race committee. The film was under the direction of Norman Werthmann and takes the viewer from early spring when the winter covers are being removed from the yachts up to the awards on the dock on Mackinac Island.

Fred Ford, Jr., Grosse Pointe's own naval architect, who designed his own yacht "Quintet" which won Class C honors, has been working closely with the BYC race committee in producing this beautiful color-sound documentary film of the July classic. A production such as this has never before been attempted of the Bayview-Mackinac race.

The preview will be for ONLY dinner guests. Afterwards the race committee will present the film to Commodore John Pottle who will then establish the dates for future showings.

GPUS Knights Win Final Tilt

The Grosse Pointe University School Knights closed out their season last Friday by running over the Harper Woods Pioneers, 41-13.

For Dave Templeton, the Knights' senior left halfback, the game was not only his last for G.P.U.S. but also his best. Going into the Harper Woods game, Templeton had scored three touchdowns in the first six games of the season.

He got three more Friday against the Pioneers to double his first six games' output. Templeton scored the first TD of the day on a two-yard dive over left guard. His other two tallies came on reverses around the left end of sprints of 42 and 38 yards.

Jack Pingel threw a touchdown pass to each one of the team's co-captains. Pingel hit slotback Dick Johnson for the first one. Johnson caught the pass on the dead run over his right shoulder. The play covered 35 yards and led one spectator to remark, "This is G.P.U.S.'s version of Bobby Lane to Cloyce Box."

Pingel threw his second touchdown pass to fullback Glynn Conley. Conley caught the safety valve pass in the left flat and carried it 32 yards to the goal line.

Halfback John Webster, another senior, had just about given up hope of scoring a TD for G.P.U.S. During his career with the Knights, Webster had carried the ball over many yard lines, but the goal line just didn't happen to be one of them. He got his score Friday when he cracked through the Harper Woods line for four yards and his long-awaited six points.

Pingel added five points by kicking five of six conversions.

The following seniors played their last game for G. P. U. S.: Gordon O'Brien, (end); Billy Walker, (tackle); Paul Sparre, Andy Court, Pete Kross, Bob Dumke, (guards); and John Barry (center); back Jack Pingel, (quarterback); Dave Tampleton, John Webster, and co-captain Dick Johnson (halfbacks); and co-captain Glynn Conley (fullback).

The scores of the G.P.U.S. season were

G.P.U.S. 34—Madison, Lamphere 6
G.P.U.S. 20—L'Anse Creuse 24
G.P.U.S. 6—Maumee Valley Country Day (Toledo, O.) 22
G.P.U.S. 30—Detroit Country Day School 18.
G.P.U.S. 31—Oak Park 29.
G.P.U.S. 33—Lutheran East 20
G.P.U.S. 41—Harper Woods 13.

Big Goodfellows Game Nov. 21

"BIG" is the word that describes the 1958 Old Newsboys Goodfellows Championship Football Game to be played at Brigg's Stadium Friday, November 21, at 8 p.m.

The BIG game matches the winners of the City's Metropolitan League with the winners of the Parochial League for the BIG City title.

"The Goodfellows Game has increased greatly in stature during the past decades," says I. A. Capizzi, Chairman of the Old Newsboys Goodfellows Sports Committee, "and now that it has reached its 21st birthday, we think it has really grown up in a BIG way, and attendance figures prove it.

"BIG sales are expected by the Detroit Police Department, who have again volunteered to handle ticket sales," Capizzi added. Make Friday, November 21, a BIG family and employe outing night. Stop a policeman for your tickets or call WOodward 2-5700, Extension 141, and ask for Lt. Charles Schwartz and your tickets will be delivered to you. Reserved seats are priced at $2.00, $3.00 and $4.00. Student tickets are $.75

Because of the importance of this BIG game and the BIG cause whose goal is "No Kiddie Without A Christmas," all media in Greater Detroit, including newspapers, radio, television, bill boards and buses are again generously contributing space and time to its promotion.

Dinah Shore again contributes to the support of this BIG game with her special recording of the Goodfellows Football Song written and composed by Doris Fisher Gershenson. "This combination of talent of one of America's most popular singers and one of the country's song writers is a BIG tribute to Detroit's own BIG game," says Larry Michelson, Advertising - Publicity Chairman of the Sports Committee. "As the song urges . . . 'Let's Go' . . . and let's pack Brigg's Stadium."

St. Paul Lakers Get Ready For Another Court Season

Coach Eddie Lauer and his St. Paul athletes made like quick change artists when they switched from the gridiron to the hardwood court in a matter of days after the final football game.

Hardly taking time to recall the Lakers' outstanding success on the gridiron, Coach Lauer had his cage team hard at work preparing for its first season in the Catholic League East Side First Division which will open December 4 against St. Stanlislaus.

The Lakers first taste of Class A competition was a generous bite and a tasty one too. The St. Paul team chalked up a third place finish with a 4-2-1 record. One of the losses was a one point deficit to St. Ambrose, 13-12, who tackled U of D in the semi-final Catholic League City Football Playoffs.

The other came early in the campaign before the Lakers got their feet on the ground. Following those first two losses and a tie the Lakers swept through the balance of the campaign unbeaten and climaxed the season with a resounding non-league victory over second place St. Catherine.

Coach Is Silent

Coach Lauer was non-commital as to the Lakers' chances in the 1958-59 basketball race, but was quick to point out that he has veterans Dave Ayrault, Joe Lauer and Tommy Kolojeski returning from last year's team which captured the East Side Second Division title, lost to Austin in the Catholic League City finals and dropped a close decision to Richmond in the semi-finals of the Regional tournament to post a creditable 17-2 record.

Backing up his returning lettermen are Tim Hutton, Jon Jantz, Bob Bigham, Miles Dean and Ray Martin. All are seniors except Bigham and Martin who are juniors.

Ayrault and Jantz will be the big boys of the team. Both stand six feet three inches. Coach Lauer pointed out that the Lakers will be hurt a bit because of the lack of height despite these two boys. The rest of the team are a bunch of shorties headed by Hutton at six feet and followed by Bigham at five feet eleven, Lauer at five feet ten and Kolojeski at five feet seven.

Although Kolojeski is the shortest on the squad he will be the Lakers' outstanding candidate for league honors when it comes time to pick all-star teams. Tommy was named to one of the guard positions on last year's Catholic All City team.

Opponents Are Mystery

Being new in the East Side First Division this year Coach Lauer is handicapped by not knowing what the other teams in the league have returning. However, he does know that St. Florian, last year's champion, has its entire team returning and should be pegged as the preseason favorite. St. Stanislaus and St. Ladislaus are figured to be the strongest challengers.

The Lakers wil determine their chances early when they tackle St. Stanislaus in the first game of the season on December 4 which will be played at Grosse Pointe High where all Laker home games will be played this year.

Coach Lauer will get his first real look at his team in competition when it meets Lakeview in a pre-season scrimmage on November 28 at the latter school.

Little Football Banquet Planned

Players from the teams in the Grosse Pointe Little Football, Inc., will receive their awards at the annual Awards Banquet to be held at the Assumption Community Center on Thursday, November 20 at 6:30 p.m.

Each boy who played on one of the various teams will receive his letter for achievement and a squad picture as a memento of the successful 1958 season.

John Nagely, president, will preside and direct the awards program. Other officers of the organization are:—William L. Brown, vice president; James Marquardt, secretary; Arthur P. Bartholomew, treasurer; Dr. E. Bert McCallum, team physician; Walter Auch, vice president and Murray F.

The Board of Directors is comprised of:—Walter Auch, Arthur Bartholomew, Richard B. Boyle, Francis Brown, William L. Brown, Jack Geirman, Don MacKenzie, James Marquardt, Dr. McCallum, John Nagely, Edmund Oldani, Hugh J. Phillips, Dr. Joseph O. Reed, Murray Robertson and Andrew Teeteart.

It is through the efforts of these men and the fathers who voluntarily give their time to coach and assist that Grosse Pointe City and Park youngsters have the opportunity to compete in organized football with lads from other suburban areas.

Hugh Wichert Talks to Rotary

At its regular Monday luncheon meeting recently Grosse Pointe Rotary Club had as guest speaker, Hugh Wichert, who chose as his subject "Rotary Influential and Its Effects on Shaping Careers for Men."

Mr. Wichert is a nationally known management, sales and executive counsel with General Motors. He was the youngest international president in the 30-year history of the National Office Management Ass'n, at the time of his election to that office in 1949.

He was subsequently given that organization's Leadership Award for "unusual services rendered in a position demanding the ultimate in effort, foresight, statesmanship and integrity."

List Available Library Films

The following 16 mm sound films will be available from the Grosse Pointe Library until January 9, 1959. Patrons are invited to reserve the films for showing to organizations, clubs, church groups, etc. Further information concerning these and other films, which will be available in succeeding months, may be obtained by calling the Film Counselor, Central Library, TU 4--2200.

"From Ten to Twelve" (26 min.). Ten- to twelve-year-olds are no longer little boys and girls, but independent young individuals with deep currents of feeling often hidden from view. Problems of discipline, guidance, and understanding that confront most parents are observed through the Jones family and emphasize conflicting behavior as a normal part of their growth and development.

"The Holy Land" (11 min., color). Presents scenes of the typical geographic features of the Holy Land, historic ruins, religious buildings of the three historic religons, and present-day peoples engaged in activities of these scenes to events in religious history.

"Hunters of the North Pole" (10 min.). How Eskimos live and their great dependence on the seal and the dog for survival are the topics covered by this film. It is an illustration of man's complete dependence on nature and his adaptation to his environment.

"Java: Tropical Mountain Island" (20 min.). To know the people of Java is to know the land and all it has given them. The story is focused upon four men of a train crew. Their route is from costal plain to mountain slope — from urban to rural scenes — from industrial activities to simple farmers dependent upon the soil. At the end you have a little better understanding of how 50 million people can earn a living on an island the size of New York state.

"Leaving It to the Experts" (8 min.). In order to be an effective member of a community, it is an individual's responsibility to keep informed of events beyond his immediate concern. Two farmers in a country store argue the point when one of them is invited to join a group studying international politics. The invitation is rejected on the grounds that a farmer has enough to do with his own problems, and that the running of the world can best be left to the experts.

"Man and His Culture" (17 min.). This film explains, from the unique viewpoint of a visitor to earth, how cultures are studied, their similarities and differences, how they are handed down, and how they are changed.

"What Is Modern Art?" (21 min., color). Pictures a young woman who is confused by some of the paintings she is photographing in New York's Museum of Modern Art. A modern painter answers her questions and points out some examples. Presents the work of such artists as Picasso, Miro, Klee, Chagall, Blume, and Dali. Points out the fact that the design of furniture and appliances has been influenced by the modern art movement. Emphasizes that the one enemy of art is ignorance.

"YOSEMITE" (18 min., color) Portrays much of the splendor of gigantic valleys and cliffs, shining waterfalls, and the dark forests in Yosemite National Park. Reviews geologic history in showing the steps of its development. Features views of scenic attractions, such as the Merced River, El Capitan, and Half-Dome.

The Grosse Pointe Library and the Friends of the Grosse Pointe Library announce the third in the new series of Friends' Film Forums for Friday night, November 21.

"Red Badge of Courage" is based on Stephen Crane's powerful novel of the War between the States and the young man who loses, then regains his courage in the heat of battle.

The Friends' Film Forum will be held in the main reading room of the Central Library at Kercheval and Fisher, at 9:15 a.m. No reservations are necessary, no admission is charged, and no tickets are required.

Although Governor Bradford set aside only one day, December 13, 1621, as Thanksgiving Day, three days were spent in feasting and prayer.

Mrs. Helen Leuzinger, Organ

Sunday: 10 a.m. Adult Forum. Dr. Edward Heubel, Wayne State University Department of Political Science, will discuss: "Trends in Latin America." Dr. Huebel received his Ph.D. from the U. of Minnesota, taught at the University of Buenos Aires, and has headed a special training program set up by the U.S. government to train a group of Brazilian officials in Public Administration.

11 a.m. Morning service. Reverend Hammond will speak on "Our Debt to Plymouth Plantation." The original Plymouth colony church has been a Unitarian church for many years, so we particularly rejoice in recognizing the contribution of the Pilgrim fathers to the ideas and institutions that make up the American Way of Life.

CHRISTIAN SCIENCE

Spontaneous expressions of gratitude for God's goodness will be featured at the Thanksgiving service announced by First Church of Christ, Scientist, 285 Kerby road, for 10:30 a.m. on Thanksgiving Day.

A Lesson-Sermon for the day entitled "Thanksgiving" will emphasize the importance of living one's gratitude to God. To be read in all Christian Science churches, the Lesson-Sermon will consist of selections from the King James Version of the Bible and from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

Testimonies from the floor will include gratitude for spiritual growth, physical healings and other blessings.

Fires Damages Park Building

Flames were shooting out of the windows of the Shock Brothers Landscaping Building, 15120 Charlevoix, on Tuesday, November 11, when Park firemen arrived in answer to an alarm from a call box.

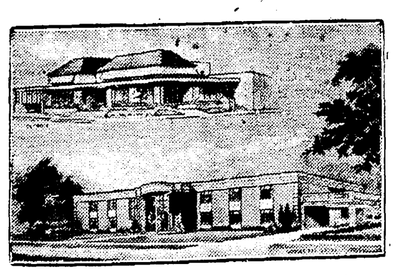

The firefighters had the fire under control within five minutes, but not before an explosion blew out the front windows of the building, and knocked some of the fiberglass insulation from the walls.

One fireman, William Hiner, was taken to Bon Secours Hospital by police ambulance, when some of the insulation material flew into his eyes. He returned to the fire after the particles were removed.

Fire Chief George deCaussin said it took 45 minutes before his men put out the fire and returned to the station house. There was extensive damage to the landscaping building and its contents.

The chief said that he believed the fire was caused by a carelessly tossed cigaret that landed in a waste paper basket, although this is not certain. An investigation is being conducted to determine the cause.

The building and its contents are insured. The insurance agency lauded the fire department personnel for their speed in answering the alarm and the manner in which the fire was put out. The damage could have been much worse, otherwise, the agency said.

By PAT TALBOT

Until G. Mennan Williams came along there wasn't a Democrat in Michigan political life to wield such influence since the days (over 100 years ago) of Lewis Cass, governor of Michigan and United States Ambassador to France.

The Cass name penetrated to the Pointe, too, for his daughter, Matilda, married Henry Ledyard, a New Yorker the Casses met on the boat going to France. The couple were married in the Embassy in Paris. Another daughter married a Goddard and General and Mrs. Cass entertained lavishly for both couples at the mansion.

From a packet of old papers belonging to the Hendrie family comes this letter of a gay evening there almost 100 years ago when the Civil War was raging and many of the young ladies of society had sweethearts at the front. They are all names the Pointe has come to know well. The writer was Maria Wilkins, later Mrs. George D. Tracy, and her two friends were Sallie Trowbridge, later Mrs. George Hendrie, and Mollie Trowbridge, who never married because her swain was in the Confederate Army.

"The entertainment was for Mrs. Goddard (Lizzie Ledyard) who arrived here the Saturday previous. . . . On Monday morning went to call on the bride at Mrs. Canfield's. After paying our visit we returned home and prepared our costumes for the dinner party. You humble servant was arrayed in her blue lawn with white ribbons instead of a bow at her hair she had a bunch of all white flowers and myrtle leaves. How she looked I cannot say but she tried to behave herself well so that it might be said 'pretty is as pretty does.'"

The Trowbridge girls were daughters of the Charles Trowbridges from whom many Pointers are descended including Sidney T. Miller and the Hendrie clan. When the Trowbridges were married they built a house on Russell Street near Jefferson with glass windows from Boston and hinges and locks from New York. Total cost, $2,500. Governor Cass came to tea and remarked. "It's too much money for a young man to spend in a home." Mrs. Trowbridge was first president of the Protestant Orphan Aslyum in 1836 (now the Protestant Children's Home in Cook road) and a devoted member of old Christ Church.

Miss Mollie, the spinster daughter who never married after the Civil War, often took care of the younger children when the Trowbridges entertained their enormous family at supper on Sunday. Little Nellie Newberry, who lived across the street, always named her best paper dolls, "Miss Mollie Trowbridge" in honor of her great admiration for the maiden daughter of the house.

Christ Church had a drizzling day for its Fair last week but it didn't dampen the spirits of the workers. Mrs. Charles Potter set a gay note in the Children's Wonderland, dressed as a court jester in red tights and colorful pointed jerkin. She was a balloon man.

Special thanks should go to Mrs. Jerome C. DuCharme and Mrs. Richard H. Turner who manned the cotton candy booth. Even when the fuses blew and the hungry customers were clamoring, they didn't lose their composure.

At the surprise package booth in the church basement Mrs. Walter B. Ford, in a luscious lavendar wool frock, and her sister-in-law, Mrs. William Clay Ford, did a landoffice business. Mrs. J. Crawford Frost and Mrs. Ezra Lockwood had sold all their delectable goodies from the Country Kitchen long before closing hour. A most successful day for the church mission and cathedral funds.

Those inveterate travelers, the J. Leslie Berrys, have made marine news in clearwater, Fla. On a recent deep sea fishing trip they caught record big bull kingfish, rare specimens in gulf waters. So impressed were the locals that the Berrys were snapped with their catch (some weighing over 20 pounds) and recorded in the Clearwater Sun.

MRS. JOHN JENSEN, OF NOTTINGHAM ROAD
—Picture by Fred Runnells

By Patricia Talbot

Secure in her warm, comfortable apartment with her school teacher husband and two daughters, the terror of living in wartime Soviet Russia, cold hungry and fearful is still very real to Mrs. John Jensen.

Honest books, good music, free speech, plentiful food and attractive clothes, not luxuries but the amenities we take for granted, all these Mrs. Jensen is grateful for every day of her new existence in the Pointe.

She spent her childhood, school days and young married years in Russia, escaping during a night of horror during the war, leaving everything she had ever known behind.

Born in Ireland

Mary Jensen was born in Belfast and spent the first few years of her life in Liverpool where her father was an iron molder. After the General Strike in Great Britain, life was hard and the great experiment in Russia looked attractive to some of the British unemployed.

Mrs. Jensen's father was among those workers. He decided to take his family to the Soviet. He was warmly welcomed in the late twenties when the Russians were eager to attract foreigners and show them how the first Five Year plan was developing. He quickly found a job in an iron works near Leningrad and his family settled down in an apartment which they had all to themselves during this period of conciliatory policy to foreigners by the Soviet government. He didn't know it but he was an ill man and died in a few months. His family was offered a pension by the Russian government and decided they must make their life in the new country as Great Britain held no future for them.

Classmates Excited

Young Mary and her brother were sent to a Russian school where they attracted much excitement, Mary in her school clothes (pleated skirt and knee sox). Soon they spoke the language fluently and made many friends. They had scores of English speaking Russian friends and made a fine life for themselves. Russian classes were strict, the curriculum broad, but all history and literature, (even the Tsarist authors), was slanted.

Foreigners were held in special respect until the great party purges of the early 1930's. Mrs. Jensen remembers how shocked her mother was by the assassination of Kirov, and the sudden disappearance of their liberal friends. One day a man would just disappear, not return from work. His family never knew whether it was banishment or death. Soon Mrs. Jensen's family was avoided by all their former friends. To speak to them might mean trouble.

Debt to Her Mother

Through all these troubling days until the outbreak of the war, Mrs. Jensen's mother kept her faith in democracy, taught her children its true meaning. They realized that government policy was not always the desire of the people.

At the beginning of the war Mary married a Russian national after graduating from the Leningrad College of Foreign Languages. Andre Jacobsen was half Norwegian and an engineer, very valuable to the government. Soon a son was born to the couple and then it was too late to leave the country. The Soviet could claim the child as a citizen.

By now the Russians, disappointed in successive Five Year plans, realized that a great war effort meant more work for machinery and war tools, little hope of additional clothing, better food, but they were still hopeful, Mrs. Jensen felt.

War Brought Terror

When the Nazis attacked Russia her own situation became perilous. Her husband was killed in the siege of Leningrad. Her brother volunteered for the Russian army and disappeared. With her mother and small son she survived the incredible winter of the siege, cut off from all contact with the outside world, unable to see the British consulate.

The siege caused incredible hardships. They were without heat, light, or water in their apartment. Food, which had been rationed even before the war, became almost impossible to obtain, warm clothing was a medium of barter for bread. Leningrad's citizens died by the scores; often the corpses remained where they dropped in the squares to be covered by snow. The survivors were too weak to bury them decently. It was one of Leningrad's coldest winters.

Fears Are Realized

By April the ring of German steel about the city seemed to be lifting but Mrs. Jensen's plight became worse. She was afraid of enforced evacuation. One day the slip came. She was to report to an evacuation center. When she arrived she discovered most of the dreary, dispirited people waiting in the long line were foreigners.

She was frightened, rushed home and told her mother to pack. She obtained permission to leave, but there were no vehicles to take the family away. Only the Army had fuel for trucks and tanks. She stood in the street all day, finally bribing the driver of an Army delousing truck to carry her family out of the city over the ice bound Ladoga Lake.

Frantic Refugees

They waited until almost midnight before the soldier arrived to help them. Wrapping a few valuables in bundles the trio, (Mrs. Jensen, her mother and five year old son, James), huddled in the back of the truck for a long, tortuous ride over the lake, with the ice cracking beneath the wheels as they rode.

Once beyond the German lines they boarded a train for the Caucasus. Theirs was the last train to leave Stalingrad before it fell. A trip that now would take a few days took a month and more terror awaited the refugees at the end of the line. They had barely arrived at the Caucasus Mountains, where they hoped to find friends when the area was overrun by the Nazi armored units. Mrs. Jensen was captured, spent a night in prison, put under town arrest and then deported to Germany. She was discovered because her mother, in all those years, had never learned to speak Russian.

American Liberation

In Germany she was eventually liberated by the Allied Forces and worked for a time for the United States Military government near Neurenberg. There she met her husband, John Jensen, who was attached to the State Department. They returned to England to be married and left her mother there to resume her almost forgotten life in Liverpool.

With her son and new husband she came to Windsor to make a home. Her husband resigned from the State Department and studied for his teacher's degree at Columbia University. Several years ago Mr. Jensen came to work for the Grosse Pointe School System. He is now teaching at Pierce Junior High School and last June the Jensens moved with their two daughters, Nancy 5, and Christine, 7, to Nottingham road.

Teaches Russian

Mrs. Jensen is teaching Russian in the Adult Education program and reads continually in a language that is as familiar to her as English. Her son is studying at college in Ontario.

Her incredible experiences have not made her bitter. She still loves the Russian people, although the government and the terror it inspires, she loathes. It has been difficult for her to put her Soviet existence behind her, but she feels welcome in this community and is grateful for the opportunities it offers her to build a rewarding life in freedom and security. All the everyday happenings we take for granted she finds especially precious. She almost died for them.

St. Clare Club Holding Dance

The St. Clare Young Adult Club (Jolis Coeurs) has planned another of its famous holiday dances for Friday, November 21. This time the theme will be that of Harvest time.

The Church Auditorium at Mack and Whittier will be set in a scene similar to that of the corn fields and there'll be lots of fun for all.

The Tru Tones will begin playing at 9 and of course there'll be refreshments. All single young adults between 18 and 30 are urged to attend. The donation is $1.00.
