NEW YORK GOV. Nelson A. Rockefeller is back in the race for the Republican presidential nomination. In Washington yesterday for a conference with President Eisenhower, Rockefeller announced, following the completion of the conference, that he did not agree with Eisenhower on the arms program. He also criticized Vice-President Nixon, the leading candidate for the party's nomination for President, for not speaking up on the major issues right now but waiting until after the convention nominating is finished.

AN AMERICAN glider competing in a long distance flight, landed behind the Iron Curtain, yesterday. The pilot, Richard E. Schroder, one of a three-man American team in the Eighth World Championship Gliding competition, landed in the Soviet zone of East Germany, unintentionally. The landing was made near the village of Grevesmuhlen where the Air Force C-47 passengers and crew were detained for five days after the plane was forced down by Soviet fighters on May 20. Schroder apparently lost his bearings while over the Baltic Sea. No word has yet been received as to when he and the plane will be released.

FIFTEEN SECONDS is all it will take for a Nike missile to reach enemy planes, once they have come within the range of the Nike batteries at Selfridge Air Force base. A new 15 million dollar missile Master electronic brain has cut the time from minutes to seconds, giving Detroit nearly instantaneous defensive action.

VICE-PRESIDENT RICHARD NIXON, following the attack on him by New York Gov. Rockefeller, has offered to answer Rockefeller's political questions on nationwide TV. Rockefeller, after consideration, declined the offer. The N.Y. Gov. had accused Nixon of not airing his views and taking a stand on current political issues. "Once the Vice President has made clear his position on the special issues I have raised, I shall be glad to debate these issues with him," said Rockefeller.

THE ARGENTINE government has demanded the return of Adolf Eichmann, former Nazi, who was kidnapped from Buenos Aires last month by Israeli commandos. Argentina has threatened to take the matter to the United Nations, but in Israel, plans for Eichmann's trial continue. Eichmann was the Nazi leader responsible for the extermination of millions of Jews during World War II. Argentina says that Israel violated its sovereignty by using strongarm tactics to abduct Eichmann and take him out of the country.

WHITE HOUSE PRESS SECRETARY James Hagerty was greeted in Japan yesterday by a rock throwing anti-American mob. In Japan on a "dry run" preceding President Eisenhower's impending visit, of June 19, he and two other American officials were surrounded by 10,000 rioters while enroute, by automobile, from the airport to Tokyo, over the same route planned for the President. After 80 tense minutes, full of rock throwing, shouting, rocking the car and standing atop it, on the part of the demonstrators, a helicopter took Hagerty and his companions away. "I don't think the Japanese people will permit the President of the United States to be caught in the same bind we were," said Hagerty.

WALTER PECCO was released from Jackson Prison yesterday after proving that he was innocent of the murder of his wife six years ago. Pecco, 41, was convicted of the shotgun murder of Eleanor Pecco, in 1954. Investigation has disclosed that Mrs. Pecco shot herself. "This is a case of a miscarriage of justice," said Gov. Williams of Pecco's conviction. "I am convinced, on the basis of the findings, con-

Detroit Real Estate Board Backs Pointe

Blasts State Officials for Issuing Ultimatum to Eliminate Point System

State officials have been criticized by the Detroit Real Estate Board for banning the point system used by Grosse Pointe real estate brokers in rating prospective home buyers.

The action was termed a "punitive and discriminatory regulation," by William R. Leuders, DREB president. State Attorney General Paul Adams and Corporation and Securities Commissioner Lawrence Gubow proposed the regulation and ordered "complete abandonment" of the point screening system used by the Grosse Pointe Property Owners Association and the Grosse Pointe Brokers Association.

Farms Warns Dogs Owners

Farms police are issuing a final notice to citizens who own dogs and who have not yet purchased 1960 dog licenses which should have been obtained on May 1, according to Police Chief James Furton.

The chief said that persons living in the Farms who had a dog last year, but no longer have one, should notify his department so that the records can be kept up to date.

An enforcement of the City Dog Ordinance was ordered by Chief Furton, who stated that persons who have a dog, or dogs, and do not obtain licenses for them, will receive a summons to appear in Municipal Court, where they face a possibility of a fine.

Licenses may be obtained at the Clerk's Office, 90 Kerby road, during regular office hours, 8:30 a.m. to 4:30 p.m., Monday, Tuesday, Thursday and Friday, and to 6 p.m. on Wednesday.

Burglars Break Into Park Home; Find \$3,000 in Safe

Burglars who broke into the home of the Gaspard Mannones, 1177 Cadieux road, on Friday, June 10, went to the house prepared and made a successful escape with a considerable sum of cash.

Mannone told Park police that he had left the house before 9 a.m., and returned shortly after 1 p.m., and found a small safe he kept in a room closet ripped open and between \$2,500 and \$3,000 in cash gone. Nothing else appears to be missing, he said.

Police Chief Arthur Louwers said that the burglars apparently did not expect such a windfall, but they had a set of burglar tools just in case. The house was thoroughly ransacked before the thieves came upon the safe hidden in the closet, he said.

The safe was wheeled into

Program to Stop Creek Pollution Started by Park

Resolution Authorizes City Engineers to Draw Plans; City Attorney to Petition for Federal Grant to Help Pay Cost

The Park council took formal action on Monday, June 13, and approved a resolution authorizing the city engineers to prepare plans to carry out improvements that will lead to the elimination of the pollution of Fox Creek.

In the meantime, City Attorney Pierre Heffler will draw up a petition to the Federal Government, seeking a grant of funds to aid in the cost of the project. If the Park meets with the qualifications, it is possible it may receive as much as \$45,000 from the government.

The Park is under a directive from the State Water Resources Commission to cease pumping storm water and sewage into Fox Creek and contaminating the water.

Engineers Start Plans
George Hubbell, of the firm of Hubbell, Roth and Clark, the city engineers, told the council that plans will be started at once to make the improvements at the pumping station and for a sewer connection from the station to a Detroit sanitary sewer at Jefferson and Alter road.

City Manager Robert Stone told the council at a previous meeting that the estimated cost of the program is \$150,000, including payment to the city engineers.

Hubbell said that his firm's fee for drawing up plans and supervising the program would be a flat five percent of the total cost of the project, to be paid at three percent down at the start, and the balance when the work is completed.

State Agreement Read
Stone read a stipulation agreement between the Park and the Water Resources Commission for the official record, which stated that in view of the decision of the Park to

Voters Back Haberkorn, Dougherty

Election Attracts Record 4,526 to Polls Monday; Will Serve Four Years

Incumbents C. Henry Haberkorn and Franklin D. Dougherty were victorious in the Pointe School Board election, Monday, June 13, as 4,526 voters went to the polls.

This was a record turnout for a board member election, exceeding last year's election by some 200 voters. The turnout was not as great as for the millage proposal voted on last November. The Pointe has between 30,000 and 35,000 registered voters.

Two four-year seats on the Board of Education were up for election in Monday's balloting. Mr. Haberkorn and Mr. Dougherty were opposed by a third candidate George Wallace. Mr. Haberkorn polled the most votes with a total of 3,178. Mr. Dougherty was a close second with 3,044. Mr. Wallace's total was 1,732.

Has Served 13 Years

Mr. Dougherty has served on the school board for 13 years prior to this election, holding the positions of president, secretary and treasurer during that time. Mr. Haberkorn was elected a year ago to finish the unexpired term of James Lee, who moved to the East. Mr. Wallace was a candidate for the first time.

Here is the record of voting by schools: Trombly: Dougherty 227, Haberkorn 257, Wallace 150, total ballots 360; Defer: (Mr. Wallace's home district) Dougherty 339, Haberkorn 306, Wallace 168, total 473; Maire: (Mr. Haberkorn's home district) Dougherty 397, Haberkorn 471, Wallace 245, total 629; Richard: Dougherty 532, Haberkorn 608, Wallace 363, total 847; Kerby: Dougherty 406, Haberkorn 491, Wallace 372, total 747; Ferry: Dougherty 264, Haberkorn 250, Wallace 65, total 338; Mason: (Mr. Dougherty's home district) Dougherty 262, Haberkorn 239, Wallace 90, total 319; Monteith: Dougherty 261, Haberkorn 228, Wallace 88, total 326; Poupard: Dougherty 140, Haberkorn 104, Wallace 51, total 167; and Barnes: Dougherty 216, Haberkorn 224, Wallace 120, total 320.

Two Pointers Taken Off Road

During the week of May 22, according to the latest report submitted by the Michigan Department of State, the driving licenses of 459 State drivers were suspended and those of 79 revoked.

Among these numbers, one Pointe driver had his license revoked and another had his temporarily suspended, both because of unsatisfactory driving records.

The severest penalty was levied against Theodore T. Licavot of 1154 Balfour, whose driving privileges were taken away on May 23.

James D. Lindeman of 1618 Hollywood, was given a suspension from May 5 to August 5.

Citizens have a duty, in that they should inform police if any person they know or are acquainted with, drives a motor vehicle while that person's operator's license is revoked or suspended.

Suspensions, according to James M. Hare, Secretary of State, are temporary withdrawals of driving privileges up to a maximum of one year, with driving privileges automatically restored after the suspension period is up.

A revocation is a permanent termination, and there is no automatic re-instatement after the period of suspension is ended.

BICYCLE STRIPPED

Richard Aiken of 385 McKinley, informed Farms police on Wednesday, June 8, that someone stripped his bicycle while it was left in the Brownell School grounds. Taken, he said, were both fenders, front and rear hand brakes and cable and other parts. Total cost to replace these was set at \$25.

proceed voluntarily with the construction of sewer disposal facilities, the Commission has suspended any further hearings on the matter without date.

The agreement revealed that the Park accepted recommendations made by Hubbell, Roth and Clark, and subject to approvals by the State Commissioner of Health and Detroit, the Commission will also accept the recommendations when they are placed in effect by the Park.

The Park agreed to carry out the recommendations in accordance with the following schedule:
On or before January 1, 1961, submit complete construction plans and specifications for the recommended facilities to the State Health Commissioner and obtain his approval; on or before May 1, 1961, award contracts for the construction of the facilities in accordance with the plans and specifications; and on or before May 1, 1962, have the entire project finished.

Must Meet Schedule
If the Park completes the program on or before schedule, the Water Resources Commission will drop its Notice of Determination hearing action, but if the city fails, the Commission will set a date for a hearing, giving the Park 20 days prior notice. The hearing would then be carried out as though the stipulations have never been agreed upon.

Upon completion of the project, the Park has agreed to operate the improved facilities so that the pollution of the creek will be eliminated.

The agreement was signed by Mayor Kenneth W. Cunningham, City Clerk Charles D. Heise, Dr. Albert E. Heustis, chairman of the Water Resources Commission, and Milton P. Adams, executive secretary of the Commission.

Residents Protected
Detroit residents living alongside the creek, originated the anti-pollution action which brought the State into the matter. They charged that the contamination of the water was injurious to public health and also affected the use of the waters for recreational purposes.

Detroit was originally charged along with the Park, but at a hearing held in Lansing, that city proved it was no longer pumping into the creek, and the sole blame was placed on the Park, which accepted the blame and pledged to correct the matter.

Motorcycle Cop Gets Off Course

They call him "Snorkle" at the Detroit Police Motorcycle Training School.

Park Patrolman Robert McAllister, who is undergoing two weeks of training under Detroit police instructors, learning to operate a motorcycle, has been "tagged" with the nickname by his colleagues at the school.

The class was engaged in motorcycle operations at Belle Isle on Wednesday, June 8, undergoing maneuvers and tests, when the instructor called for a tight maneuver with increased acceleration.

McAllister joined the tight circle and stepped on the gas. He lost control of his two-wheeler, slightly, but it was enough to cause him to veer from the rest of the cyclists.

Before the officer could straighten out, he went over the bank and into a lagoon, motorcycle and all. Still sitting on the cycle, his head was above the water, which was four feet deep.

As McAllister and his vehicle were hauled out, after a good laugh by everyone, including the instructor, the others in the class began to call him "Snorkle."

Members of the class said since this constituted a sort of baptism, they gave him the nickname.

McAllister, and another Park patrolman, George McDowell, are doing extremely well in learning how to operate a motorcycle, outside of the mishap, according to Park Police Chief Arthur Louwers.

Patrolman John Carroll is the veteran motorcycle officer of the Park Department, the only Pointe department to have such a vehicle in use in traffic control.

Another officer, Cpl. Henry Coonce, gave up this job when he was recently elevated to his present rank and put in charge of a platoon.

Where Ten Miles are a Revelation!

As far as distance is concerned, it's but the briefest of journeys.

But even a short acquaintance with the "car of cars" constitutes a revelation in the wonders of modern motoring.

You sense this the instant you settle into the driver's seat. For comfort and spaciousness and luxury have never been more beautifully combined in a motor car.

And then you turn the key—press your toe to the accelerator—and the seat cushion presses gently against your shoulders to announce that you're off!

The car rolls into the city's traffic in extraordinary silence.

The wheel moves as if your hands had been blessed with a

magic touch. The pedals require only the gentlest pressure.

Then, as the city streets blend into more spacious boulevards and you accelerate your pace somewhat, Cadillac's magnificent riding qualities come more keenly to notice.

You seem almost to float over the highway. Any flaws in its surface are simply absorbed before they can be felt.

The car moves with a feeling of substance and solidity—and with an inbred sense of mastery over the roadway.

Why not visit your dealer this week—and see for yourself?

He'll be happy to lend you the keys for the ten most memorable driving miles you have ever experienced!

GOP Convention Delegates Named

The names of Delegates and Alternates from the 14th Congressional District to the Republican National Convention, where Republican candidates for President and Vice President will be nominated, have been announced by Stanley J. Baldwin, chairman.

After action at the recent Republican State Convention in Grand Rapids, the following east side residents will participate in the Convention in Chicago, July 25 to 28:

Stanley J. Baldwin (3674 Lakepointe, Detroit) and Richard Durant (425 Lincoln, Grosse Pointe), Delegates; Mrs. Byron J. Chambers (183 Lakeview, Grosse Pointe Farms) and Mrs. Jeannette Dains (3638 Bedford, Detroit), Alternates; and John Feikens (743 Pemberton, Grosse Pointe Park) and Mrs. C. A. Dean (221 Lewiston, Grosse Pointe Farms), Alternates-at-Large.

These Delegates and Alternates represent thousands of hours of volunteer work and a considerable backlog of political experience, holding now or in the past a wide variety of offices in the Republican Party.

Stanley J. Baldwin has been a member of the 14th District Committee and an elected Precinct Delegate since 1946, and has been elected Chairman of the Committee by the other Delegates for the last ten years.

Twice a candidate for Congress from this District, Richard Durant is currently Vice Chairman of the District Committee and has been Field Director for the last four of his 14 active years with the Party.

Since the District opened the first permanent Republican Headquarters in the State of Michigan four and a half years ago, Mrs. Chambers has been Executive Manager. She is also currently a member of the Republican State Central Committee.

Also a member of the State Central Committee, Mrs. Dains is an experienced Precinct worker and an elected Delegate in the 21st Ward.

Only 21 members of the Republican National Finance Committee are appointed from the entire United States in addition to each State's Finance Chairman, and Mrs. Dean has the distinction of being one of the appointees. The other Alternates-at-Large, chosen in Grand Rapids by the Convention as a whole, is John Feikens, former chairman of the Republican State Central Committee from 1952-1956.

The District Delegates to the State Convention elected William W. Crapo (254 Touraine, Grosse Pointe Farms) as their Presidential Elector. Mr. Crapo started his Republican activity in Genesee County, Michigan, back in the early 1920's. He has been Treasurer of the 14th District Committee since 1958 and an elected Precinct Delegate for many years.

The State Convention as a whole elects two Presidential-Electors-at-Large, from the entire State of Michigan, and Mrs. Thomas F. Willmore, (1704 Iroquois, Detroit) was honored with one of these appointments. She is also an elected Precinct Delegate and is in her second term as President of the Republican Women's Federation of Michigan. She worked for her first Republican candidate at the age of 11 and has been of invaluable assistance to the Party ever since.

Harmony Lions Elect John Koch

The Harmony Lions Club at its May 31 meeting elected two local men officers for the ensuing year. Elected president was John Koch, Jr., 1719 Manchester, Grosse Pointe Woods. Elected second vice-president was Joseph Mancuso, 20878 Hunt Club, Harper Woods.

The Harmony Lions Club maintains an eye clinic at Deaconess Hospital for which it has donated all equipment necessary for complete eye examinations. Member Lions Clubs send deserving patients to Deaconess Hospital for free eye examinations.

Continuing projects for 1960-61 include support for the Leader Dog School at Rochester, Michigan and provision of white canes and glasses for needy and deserving people in the area served by the Harmony Lions Club.

Revs. Ketchum and Tallman To Preach at Phelps Chapel

Charles A. Parcells Jr., President of the William Lyon Phelps Foundation, which maintains the Hubbard Phelps Memorial Chapel made famous by the preaching of Professor William Lyon Phelps of Yale during most of the summers of his lifetime at Huron City, has announced that Reverend Paul F. Ketchum, Pastor of Elliot Presbyterian Church, Lowell, Massachusetts, will preach at the Sunday afternoon services at the Chapel at 3:00 o'clock on July 10, 17 and 24 this summer. Reverend Ketchum was Associate Minister at the Grosse Pointe Memorial Church for many years prior to his going to Lowell, Massachusetts, in 1959. He and his mother will occupy the Minister's house next to "Seven Gables", Huron City during their three weeks visit.

The first preacher at the Hubbard Phelps Chapel on Sunday, July 3, will be Reverend John Rozewicz, of Flint, Michigan, Director of General Church School Work of the Detroit Conference of the Methodist Church.

Reverend Walter D. Wagoner, Hubbard Phelps Chaplain, and Executive-Secretary of the Rockefeller Brothers Religious Fellowship Program in Princeton, New Jersey, will preach at the services on August 7, 14 and 21. Reverend Wagoner will conduct a series of talks for ministers at Lake Tahoe, California, in July under the sponsorship of the San Francisco Theological Seminary. Reverend Ben L. Tallman, Associate Minister, Grosse Pointe Memorial Church will preach on August 28.

Doctor Harold E. Bremer, Educational Director of the Detroit Conference of the Methodist Church, which conducts a religious program for boys and girls at Camp Hubbard Woods, Huron City, in quarters provided by the Phelps Founda-

tion, states that they are looking forward to their most successful season this summer. During the camping period from July 3 to August 6 the services at the Hubbard Phelps Chapel are an integral part of the program.

The William Lyon Phelps Museum and the Log Cabin will be open to the public again during July and August on each afternoon from 3 p.m. to 5 p.m. with the exception of Monday. In addition, Mrs. Russell H. Lucas, who gave the Museum and the Log Cabin to the Foundation as public museums, plans to open the Community House, the old boarding house for men at the Hubbard Mill, as a museum completely equipped with 19th century furniture, sometime during the summer. The Huron City Life Saving Station which the Foundation purchased and moved to Huron City in 1959 in order to preserve it as an historical building will not be open to the public until the summer of 1961.

Music Festival Opens June 29

The opening concert of the Grosse Pointe Summer Music Festival, on Wednesday evening, June 29, will feature four of Detroit's most prominent musicians in a quartet of piano, violin, viola and cello.

The concert will be presented in the beautiful renaissance setting of the Grosse Pointe War Memorial, 32 Lakeshore road.

After this performance, which will be held outdoors in the War Memorial's Fountain Court, audience and artists will gather at a reception with refreshments in the Memorial's library—a traditional function at the opening and closing programs of this series.

Park to Add 4 Voting Machines

The Park council on Monday, June 13, approved the purchase of four additional voting machines, to be placed in four of the city's largest precincts.

The machines, which will cost \$1,950 each, will be used in Precincts 1, 2, 6 and 7, to expedite voting during local, state and federal elections. This will boost the total number of machines to 25.

Approval of the purchase was by a vote of 4 to 2, with one councilman, Victor Wehmeier, absent.

Mayor Kenneth Cunningham, and Councilmen Peter Gallette, William Oddy and Matthew Paterson favored buying the machines; and Councilmen Charles Ives and Kent Zimmerman opposed the action.

City Clerk Charles Heise informed the council that there are 8,848 registered voters on the city rolls, and that following the presidential election in November, he will start eliminating those who have not voted within the two-year limit set by State law.

He said that after the November election those who have not complied with the time limit set by law, will be sent cards asking if they wish to remain on the election registration rolls. If they do, they will have 30 days from the date the card is sent to notify him of their decision, otherwise, their names will be stricken.

Accoster Jailed By Park Judge

John P. Conner, 32, of 166 Dupont, Detroit, was sentenced to 10 days in the Wayne County Jail and placed on probation for six months, following a hearing before Park Judge C. Joseph Belanger on Wednesday, June 8.

Conner was arrested by police on Monday, June 6, and charged with accosting a 36-year-old Park woman, and using foul language.

During the hearing, it was brought to the attention of Judge Belanger that Conner was arrested by Detroit police in two separate accosting cases, one involving a 13-year-old girl and the other a 32-year-old woman. In each case, neither of the victims wanted to prosecute.

Judge Belanger commended the Park woman for her courage in notifying authorities in her case, and appearing in court to testify against Conner. If one or both of the other victims had pressed charges against the man, the judge said, Conner might not have had the audacity to try to accost again.

The woman told police, on the Monday date, that she was standing in front of her home, when Conner was driving by, he parked his car and got out, and approached her and made indecent proposals. She rebuffed him, she said, and the man drove off.

She tried to get the license number of Conner's car, the woman said, but Conner had a piece of cloth hanging from the trunk of his car, arranged so that it covered the plate.

She told police, who came to her home, about the incident and about the plate being covered.

The patrolman gave a general broadcast of the description of Conner and his car, and Conner was arrested by City police as he was driving on Jefferson, through the City.

Conner was returned to the Park station by the arresting City policemen, where he was identified by the woman.

The following day, a warrant charging Conner with accosting was obtained from the Wayne County Prosecutor's office.

At his trial, Conner entered a plea of guilty as charged, and was given the sentence and probation.

Lost Bracelet Awaits Owner

The Shores police are in possession of an expensive gold-diamond bracelet, which was recently found in the Village by a citizen and turned over to the authorities.

Police Chief Fred Duemling said the bracelet was appraised by a competent jeweler, who set its value at between \$600 and \$800.

The chief said that anyone claiming ownership can have the item, if they can describe the piece, and give the approximate location where it was lost.

Dran Family's Pet Cowbird Just Plain Takes to People

Not too well liked by the family parakeet, Eli, a two-month-old cowbird belonging to the Theodore Dran family of 1082 Hawthorne road, loves, and is loved by, people.

This feathered friend, black and gray and six inches long, has shaken up the household, from Mr. Dran, to daughter Nancy, a school teacher in Roseville, to Chipper, the parakeet. Eli, given many opportunities for freedom, never strays but two backyards away. He prefers his new cage the discovered that he and Chipper were incompatible, and disdains bugs and worms in favor of more delectable items such as hamburger and chicken.

Eli joined the Dran family after one of Nancy's thoughtful third graders brought the hapless, featherless, stray bird into the classroom one morning two months ago. Nancy relieved the child of Eli before he could disrupt the class, (or the class disrupt him, as the case may be). But, becoming fond of the

tiny and very funny looking baby cowbird, she gave in and took him home. And there he has stayed.

Now, Eli is so fond of the Drans, he won't leave them. He's very friendly and tame and will light on anyone's shoulder. He just plain likes people. Of course, the Drans are worried because, should Eli ever decide to accept his freedom, he might light on some stranger's shoulder, frighten them, and be hurt or killed. "And he wouldn't hurt anyone," says his mistress.

He knows how to talk to people in order to get food. But his gift of gab just doesn't go over with Chipper. One day, and it was that day the Drans decided to get Eli his own cage, he walked nonchalantly into Chipper's domain. Chipper ignored him.

Now most people, (or birds), when ignored by other people, (or birds), forget it and go their own way. Not Eli. Being gregarious, he persisted. He hopped up on Chipper's swing and immediately fell off, not expecting the "thing" to move. It was his misfortune to fall on top of Chipper, frightening the smaller bird. And that was enough for the highstrung parakeet.

Eli, being very easygoing, hasn't let this snubbing from the bird world bother him too much. He still has people, after all, and he's really a very contented bird.

But should he decide to wander some day, and should a black and gray cowbird light upon YOUR shoulder, don't be frightened, and by all means don't snub him. Just give him a bit of hamburger and set him free again.

Project Funds Earn Interest

In the three years from December 1, 1956 to November 30, 1959, Wayne County Drain Commissioner Henry V. (Cap) Herrick has effected savings in the Drain Commission budget totaling \$111,249.66, it was reported this week by Lorell M. Ford of the Commission's office.

By regularizing the investment of surplus funds, Commissioner Herrick is also able to report, according to Mr. Ford, total earnings for such funds of \$555,397.70 for the period of January 1, 1957 to May 5, 1960.

"Where monies are being held because of litigation, or a lapse of time between the bond sale and payment to the contractors," said Mr. Ford, "Commissioner Herrick has ordered investment of these monies in Federal Reserve Notes. These earnings, of course, accrue to the draining districts and make their financial burden just that much less."

"For example, on the Girard project such investment will earn for the cities of Harper Woods and Grosse Pointe Woods a total of \$128,676.02. On the Milk River project—an inter-county project—it will earn for Grosse Pointe Woods and for St. Clair Shores a total of \$194,596.45. On what is known as the Livonia No. 1 project, safe investment will earn for the city of Livonia \$157,680.35. Several other city or township governments have been or will be benefited through such completely safe investment."

Mr. Ford said that Commissioner Herrick had been able to save on the drain commission's budget through intensified efficiency measures which while achieving economies, have improved the operations of the Drain Commission office.

The Grosse Pointe War Memorial Association is offering two Summer Art Camps this year for young people ages 7-13.

The Director, as last year, will be Margherita Loud who formerly taught in the National Cathedral School in Washington D.C. and is well known for her activities with both the Detroit Artists Market and the Grosse Pointe Artists Association.

The first Children's Art Camp will begin June 20 and continue through July 1. Session will be from 10:30 a.m. to noon Mondays through Fridays. In addition to art instruction there will be trips to the Detroit Art Institute.

The cost for Art Camp No. 1 is \$15.00 plus a \$2.00 fee for materials. Mrs. Loud allows the students to work in all kinds of media — producing wire sculpture, mobiles and the like along with two dimensional art forms.

Art Camp No. 2 will be three weeks long instead of two and will begin July 11 meeting

CFM Boosting Con-Con Drive

"Blitz Week," from June 10 through 19, which is highlighting the State-wide petition drive for the Constitutional Convention (Con-Con), is being spearheaded locally by the Grosse Pointe Chapter of George Romney's Citizens For Michigan (CFM).

The Grosse Pointe Chapter has an extra supply of CFM petitions on hand to expedite the "Blitz Week" assault on the remaining 231,000 signatures of legally qualified voters needed to place the question on the November ballot. Extra petitions may be obtained by calling the Petition Drive Chairman, Gerald L. Morin, Chapter Secretary, at TUxedo 5-1373.

Only one third of the 300,000 signatures required for filing by July 8 has been certified so far, since the start of the doorbell ringing campaign last February Mr. Romney, warned his "Citizens" at the May 21 general membership meeting in Lansing, that "if we should fail in this petition drive for Con-Con, it will be the death knell of Citizens For Michigan."

Petition circulators from the only active CFM Chapter in the Grosse Pointe area will canvass each member's neighborhood in a combined house-to-house campaign for Con-Con signatures and recruitment of 100 new members for the Grosse Pointe Chapter.

Although still in its early organizational stages, the fourth-month old first Grosse Pointe Chapter of CFM is intent on acquiring a reputation as a civic forum for public discussion of vital State problems. It will feature prominent speakers from either political party at each of its monthly meetings during the summer months. Each spokesman will be given an opportunity to express his opinions, suggest solutions, and answer members' and visitors' questions, in the best American tradition.

School Election Aftermath

One of the most spirited school board elections in Pointe history is now finished. It was gratifying that a record number of voters went to the polls despite abominable weather, but it is a rather sad commentary that even such a heated campaign could attract but 4,526 out of a total qualified electorate of between 30,000 and 35,000. This doesn't reflect a very healthy interest in our public school system on the part of the majority of voters.

The trustees of the Board of Education occupy some of the most important official posts in the community. Candidates for the office deserve at least enough consideration by the residents to send them to the polls to cast their ballot for those of their choice.

Considerable bitterness was engendered during the campaign and many allegations were hurled back and forth. As in every election the candidates were both praised and damned. The NEWS has received many letters airing all manner of views on the way school affairs are conducted in the Pointe. Last week the NEWS printed all the letters received. They took up so much room that much other news, of importance to individuals and organizations, was crowded out of the pages of that issue.

Another voluminous batch of correspondence has been received this week, many of them expressing purely personal opinions. These can have no bearing on the election just past, and in the interest of getting more local news into this issue, many of them will not be printed.

Attention is called once again to the fact that ample opportunity is afforded every resident to air his views on school matters, either at Parent-Teacher Association meetings which are held regularly during the school year at every building in the district, or at the regular meetings of the Board of Education. The trustees and administrators of the system have repeatedly urged the citizens to attend these meetings and make themselves heard.

Another school year is ending and a new one will be starting in the fall. The respite of the summer months should give us all time to resolve to take a keener interest in our school system, one of the finest in the country. Let's forget the bitterness and give the elected trustees the cooperation they deserve. Be constructive wherever possible, and critical when the need for criticism is honestly felt. And the next time an election is held, let's see many, many more at the polls.

Letters to the Editor

Dear Mr. Edgar:
 May I take this opportunity through your paper to express my appreciation to the voters of the Grosse Pointe School District for their fine support of our School System.

Based on this direction from the people, we must now press forward to ever higher levels of quality education so that our boys and girls of today may be better equipped as our leaders of tomorrow.

I would like to express my personal thanks to all of those who supported my candidacy. I am looking forward to the continuing privilege of serving our community in this vital work.

Yours very truly,
 C. Henry Haberkorn III

Gentlemen:
 I wish to thank the NEWS for the firm stand taken in the recent school election. I also wish to thank the many citizens of the community who gave of their time and worked so diligently in support of the incumbent candidates.

The important issue before the voters was not whether one or the other candidate should be elected to the Board of Education, but whether the citizens of Grosse Pointe want their school affairs dictated by a political machine controlled by a small group of persons whose interests are not compatible with the best interests of education in our community.

Should the machine tactics of this small group persist unabated, and be successful in the future, I can only envision one of the finest public school systems in the country falling into a debacle from which it will take many years to recover. I cannot believe that the thinking people of the community will allow that to happen.

Yours very truly,
 Franklin D. Dougherty.

Dear Sir:
 My wife and I are exchange teachers from England and last September, you were kind enough to publish our arrival. All too quickly the school year has sped by and as our departure is now imminent, may I ask you to allow me space in which to express our deep appreciation of the warm hospitality and many kindnesses

shown to us. The generous friendship we have received has far surpassed our expectations. The consideration shown to us by the Superintendent of the Grosse Pointe School Board, the friendly way in which we were accepted by our schools, Pierce and Defer, the way our respective principals and faculties quickly made us completely one with them, the extreme pleasure we derived from teaching our grades; these have all made our year really memorable. In addition the ready acceptance of us by the parents and the community, and particularly, the fine hand of friendship extended to us by the pastors and members of Christ Methodist Church have really been heart warming.

America is a great and wonderful country, but it is not her technical, scientific and engineering achievement alone which makes her such, but the warmth, the generosity and the graciousness of her people. These are her chief assets.

We came as strangers, knowing no one, we leave with the good wishes of a whole host of newly found friends.

Thank you, good people, for everything.
 Very sincerely yours,
 HARRY HUTTON

To the Editor:
 In last week's issue of the Grosse Pointe News my name was used in an advertisement supporting one of the candidates for election to the School Board. This was done without my authorization through what I am convinced was an honest mistake. Since I was actively supporting the incumbents and my name appeared in an advertisement in support of those candidates—with my permission—the net result was to make it appear that I was supporting three candidates when only two could be elected.

An apology has very graciously been made to me for the improper use of my name, and the offer of a public apology has been made, which I do not feel is necessary.

The whole incident points up these two facts, however, which I think all voters should keep in mind: First, candidates who

use names of endorsers in their advertising should be extremely careful that they have authorization for the use of such names. Second, while I realize fully that my endorsement would have no significant effect upon an election, all of us should be very careful to endorse a candidate only after mature reflection and an evaluation of the respective platform and principles of the candidates, rather than on the basis of acquaintance or friendship.

Sincerely,

 (Mrs. Willis C. Bullard)

Dear Editor:
 During the School Board Election I heard too much talk about private and parochial school children's parents keeping out of the fight for School Board.

It is about time that people in this community understand

that all property owners are taxed at the same rate whether or not their children go to public schools. They should further realize that enormous sums are saved the taxpayers for each child who goes to private school.

Only 58 per cent of the Grosse Pointe children between the ages of 5 and 18 go to public school. Think what the taxes would be if ALL of them were in public schools?

What concern is it of ours? Until some arrangement is made to reduce taxes for these people who have no children in the public schools, it is the duty of all citizens to know what is being taught and how our tax money is spent.

We have an obligation as citizens and taxpayers to see that we have a responsible School Board—one which represents all the people of Grosse Pointe.

What Goes On at Your Library

by Jean Taylor

This is the month that maps are scanned, luggage is dusted off, wardrobes are inspected, bank balances are checked — with one thought in mind—that long anticipated vacation.

In packing for it, whether yours is to be a mobile or a more or less stationary one, along with such essentials as bathing suits, cameras and fishing equipment, you'll do well to slip in a few books.

This is your chance to read. Some of the great books of all times which you have always wanted to read. Everyone has a few titles filed mentally away against the day when he has time to give to them.

About the places you will visit this summer. There are books about every corner of the globe, at your library. You may take your choice. If you are touring the United States, browse through the section numbered 917.3 through 917.8. Among the guide books recently received is the "Mobile Travel Guide" which discusses good lodging, food and sightseeing in New England and New York State. Harlan's "The Heart of the Southwest" by Thomas B. Lesure, is also recent. This gives brief practical information on vacations in Arizona, Colorado, New Mexico, Texas, Utah and Nevada: the best time to go, accommodations, festivals, sights to see, special sights for children, and other interesting items.

Two books about New York City are departures from the usual travel or guide book. "Meyer Berger's New York" consists of brief pieces taken from the late author's column in the New York Times. These disregard the obvious and well-known aspects of New York, concentrating instead on out-of-the-way, little known facts about this interesting city. "The World Beneath the City" is written by another New York Times journalist and native New Yorker, Robert Daley. This describes the vast, complicated system of steam lines, water and gas mains, subways, telephone wires and so forth, in an entertaining account with curious tales of hobos, bizarre accidents and spectacular engineering feats.

New York has many "firsts," "biggests" and "largests," but Boston has more "firsts" says Yee Chiang, a Chinese scholar and painter, in "The Silent Traveller in Boston." This gives a delightful picture of that city, and the paintings and line drawings add much to the appeal of the book. This au-

thor has written similar guides to other well-known cities.

On some hobby or subject of special interest to you. There are probably as many hobbies and interests represented in library books as there are library users. We cannot begin to mention all the recent hobby titles. One which we found enlightening, perhaps because we're particularly interested in the subject, was "Photography for Everyone" by Fritz Henle and H. M. Kinzer. Written by a freelance photographer and the managing editor of "Popular Photography" this stresses pictorial effects and how to achieve them rather than the technical aspects of photography.

The popular books you have missed in the past year or two. You may wish to catch up on such best sellers as "The Devil's Advocate" — Morris L. West, "Advise and Consent" — Allen Drury, "The Ugly American" — W. J. Lederer, "The Joy of Music" — Leonard Bernstein, or "Act One" — Moss Hart.

The library again offers the privilege of taking a number of books on vacation loan. This has been popular with vacationers in past years. If you are leaving the city for a period exceeding four weeks, you may request a vacation loan and your books will then be made due October 1. Only the recent books and those in great demand are excluded from this vacation privilege, but as has been said before any book is a new book until you have read it.

A Second Thought on First Aid

By Fred Kopp, R. Ph.

We're constantly amazed at the number of children who cut, scrape and bruise themselves within sight (and sound) of our pharmacy. We do a big business in antiseptics, bandages, and other first-aid items. Same everywhere, probably. But sometimes we wonder if people don't depend too much on first aid — neglect proper medical attention. If there's the slightest question in your mind following what appears to be minor injuries, see your physician. First aid has definite limitations. You can only be sure of proper medical care by seeing your doctor. A prompt visit can save a half dozen later.

This is the 912th of a series of Editorial advertisements appearing in this paper each week.

COPA TINT... The coat of tan you so carefully cultivated on your cruise has fast faded, no doubt, but June is officially known as "National Recreation Month," and perhaps you'll spend next week-end in the sun. If you want an immediate tan and at the same time protection from the burning rays of the sun... you should have a bottle of Copa Tint... it's available at Trail Pharmacy, on the hill, where they have a busy prescription department and several daily deliveries.

SUMMER TREAT... Usually not publicly visible are those charming wall treatments you find when you explore Denlens. Here are just a few of the pieces you can ferret out... brass and copper stencils... modern lithographic designs... one was framed and done in shades of blue... copy of an anchor, one in rich mahogany which can be used as a mobile... oriental scrolls for framing... unique wall sconces having both modern and traditional feelings... a long rectangular picture, matted and framed to show off seven old playing cards... as good as a gallery... all it takes is a little time.

COOLER DUFFEL... Tip: This week there's the new cooler duffel bags fashioned of white duck in red, white and blue trim. Perfect to tote on a boat... a picnic... beach party... or trip. It's found at one of the shopper's best friends... The Sign of the Mermaid.

ID BRACELETS... Some of the best bargains lurk in some of the most expensive looking shops... for example, here where you can buy some of the most beautiful diamonds in the world you can also pick up an Identification Bracelets from as little as six dollars and ninety cents to forty dollars. The finely engraved block letters makes this a really personalized gift. Pongracz Jeweler and Silversmith.

FASHIONS FORESHADOWED... Margaret Rice, just back from the New York fashion markets and fall fashion showings is full of new ideas... especially fashions that are foreshadowed for fall. She is ready to give you information that will be helpful come fall. Drop in and have a chat with Miss Rice. By the way, "pack a little black dress for your Eastern trip."

OF SPORTS... If you plan on bettering your backhand at tennis this summer make up your mind to see Gray... then play. For it's at Gray's Racquet and Sport Shop that you will discover a good collection of tennis racquets.

IF IT RAINS... Come rain or come shine, little girls and pre-teens will love to don these reversible raincoats... khaki on one side... and the bright hues of blue or rose colored flowers on the other. Puer hats to match make up the set. We were impressed with the fine detailing. Pick up these rain fashions at Young Clothes, on the hill.

PSALM 128:2 "Happy shalt thou be and it shall be well with thee" is just one of the sentiments for Father's Day. It appears on one of the many, many Father's Day cards in the Punch and Judy Toyland. Cards for every occasion... graduation... get well... birthday... silver wedding... anniversaries... weddings and announcements.

"WINES OF FRANCE" is a book written by Alexis Lichine, wine-grower, wine merchant, lecturer and writer on wines. His text is as entertaining as it is comprehensive, and his book as pleasant to read as it is useful. The recent introduction of estate bottling in Burgundy, resulting in labels giving the name of the grower, that of the district, and that of the vineyard is discussed. Ten comprehensive maps are included. Get your copy of "Wines of France" at Hamlin's.

BEST BEAU BET... Take an imported English goucho knit shirt... a good-looking pair of viscose cotton sport slacks... they go to-gether. There is good color co-ordination here, too. The shirts are light blue, navy, white, and red tagged at six ninety-five... and the slacks are navy, lighter blue, cinnamon, red and gold and seventeen-fifty. Perfect summer comfort. Carl Stern, men's shop.

ANTIQUE-ISH... These antique desks are ones that adjust themselves to many room decors. Right now, a handsome red lacquered one with mirror-break front is in Maurice Wood's window for you to see. The black lacquered one with the covered top is equally charming. Just ask to see it.

REAL LUXURY FOR DAD. To begin each day magnanimously... to set his mood for the daily rendezvous with success... a few well chosen luxuries will not be amiss. If he starts each day with Hagno Luxury Purpose Soap in the tub or shower he will survey the daily scene from the summit. He will love the ingredients... coconut oil... glycerine creaminess... lanolin... mineral salt water and its magnificent fragrance. Other gift ideas for Dad abound at the Dants. For example, "Gravel"... an after shave lotion... the colorful stones rest in the bottom of the bottle... two ties in one are tricky they are hand-made in Chester (formerly Flamstead) by Vermont Women.

IN THE GIFT DEPARTMENT at Kilgore and Hurd we found a Swizzle Power mixer. It's just swell to mix chocolate milk, fruit drinks, baby foods, salad dressings, bar drinks. Dad would love its gleaming chrome finish... stainless steel rod and safety motor. Crystal ash trays... washable cocktail sticks... thermos ice tubes... date books... carving sets... and a whole baker's dozen of hand-rolled handkerchiefs PLUS scads of sport clothes. Motorist Hurt In Smashup

A Farms motorist was seriously injured and a Farms boy, a pedestrian, suffered shock when he was hit by the motorist's car in an accident at Moran and Ridge roads on Monday, June 13.

William F. Briscoe, 42, of 315 Plche, suffered three broken ribs; and George Jergens, 14, of 254 Mt. Vernon, suffered the shock. Both were taken to Cottage Hospital by Farms Firemen Henry Riegler and Thomas Chappell.

Briscoe was detained at the hospital, and the boy was released after treatment.

Donald G. Davis, 17, of 72 South Duval, was ticketed by police for going through a stop street and causing an accident.

Police said that Davis was driving south on Moran when he skidded through the intersection hitting Briscoe, who was going east on Ridge, broadside.

Briscoe lost control of his car and it jumped the southeast curb on Ridge, and scraped against Jergens, who was walking on the sidewalk. Briscoe's car came to rest on the sidewalk.

Police estimated damage to both cars at about \$400 each. Both vehicles had to be towed away.

Court date is scheduled for Wednesday, June 22, when a hearing will be held before Judge Grant E. Armstrong.

Scale Insects Shrub Threat
Now is the time to begin examining your shrubs to determine if they are infested with scale insects. According to Don Juchartz Wayne County Extension Agent, Horticulture, this past winter has been an open winter which allowed a build-up of these insects.

Scale insects get their name because the insect is covered with a shell or scale that protects them from the weather, insecticides, etc. The scale is a waxy covering that usually prevents ordinary insecticides from penetrating but will allow oil materials to go through. For this reason, when a shrub has an infestation of scale insects, one of the easier ways to control them is to put on a dormant oil spray. However, now that plants have leaves out a dormant oil will injure the plant and the homeowner will have to use another control program.

Beneath the scale, the female insect lays many eggs, which eventually hatch. The time of the year when these eggs hatch depends mainly upon the species of scale and the weather. After the eggs have hatched the young emerge from beneath the scale as "crawlers" and move around from the branch or twig on to the leaves and new growth. It is when the crawlers are moving that the homeowner has the best opportunity to control them. By using an ordinary magnifying or reading glass it is very easy to see the crawlers moving around.

Generally this happens about June 20 in this area, but this can vary depending upon the weather. If the weather is hot and humid this date can be earlier but if it is cold and wet, the time of emergence will be delayed. It is not much use to start spraying until the crawlers are actually in motion.

Once the crawlers have started moving it usually takes about three weeks for all of them to hatch and move out from beneath the scale. Therefore,

Women's Federation Plans Cruise June 28

For entertainment of an expected 1,500 of the over 10,000 Detroit area members of the Federation of Women's Clubs of Metropolitan Detroit on their annual frolic June 28, to be held this year aboard the SS Aquarama, a complete hair styling, fashion and fur show is being planned. The club will cruise to the St. Clair Flats and return.

Two shows, at 10 and 2 o'clock, will take place. Other informal entertainment and a business meeting will also be held at this once-a-year fun together held to help members of the 109 affiliated clubs to get acquainted.

Memorial Center Drive Nears Goal

JOHN LAKE, right, Memorial Center director, smiles as he scans the latest returns of the annual Family Participation Fund Drive and points to the spot on the money thermometer for house maintenance man ANDREW McSKIMMING to fill in. The drive is

\$3,500 short of the anticipated \$50,000 goal but can be easily reached with contributions from those who haven't found the time during the busy spring season to sit down and write a check. Do it now!

Girl Scout News

Ninety Grosse Pointe District Girl Scouts and their leaders trekked home Sunday June 5th from Camp Metamora where they spent the week end on an all junior-high pioneer campout. Although each troop camped as a unit, all of the girls participated in a program which they had previously planned including hikes, games, a jungle breakfast, campfire ceremonies and a Scouts Own program. Living out in the open gave them ample opportunity to work on their Pioneer, Campcraft and Outdoor Cook badges.

Troops participating were 1722 from Pierce Jr. High; 1595 and 1589, Our Lady Queen of Peace; 89, 892, and 2330, Harper Woods Jr. High; and 886 and 1767, St. Clare.

In a special service at St. Clare of Montefalco at 7:30 p.m. on June 9, 31 girls received the Marian Award—this honor is one by which the church gives recognition to Girl Scouts for growth in their knowledge and understanding of the Catholic faith and appreciation of their Catholic heritage. They have worked under the direction of Father VanSile and their leaders—Mrs. Wayne Blow, Mrs. Carl Rinsaldi, Mrs. John Cook and Mrs. Woodrow Wilson from St. Clare and Mrs. LaVerne Bissell from Pierce Jr. High.

All seventh and eighth graders, the girls receiving the Marian Award included: Mary Beth Blake, Virginia Blow, Mary Ray Brophy, Marina Comella, Ann Teres Cook, Christine Cosgrove, Patricia Ellis, Lynn Fitzgibbons, Terry Herz, Sharon Hurley, Jackie Kaley, Joan Lentine, Nancy Loosvelt, Kay Maliszewski, Mary Ellen Metzler, Christine Mutschall, Ann Ricci, Gloria Rinaldi, Christine Ruhl, Kathy Ryan, Kathy Scherer, Linda Schulte, Karen Smith, Kathy St. Amour, Gerry Stocker, Lynn Van Tornhout, and Jane Wilson all from St. Clare Troops. Girls from Pierce are Kathleen Bell, Dianne DeConinck, Mary Margaret Fortunski, and Pamela Rapalee.

Sixth grade girls who are

members of Troop 875 at Kerby School entertained their families at a "Troop Roundup" last Thursday at 7:30 p.m. at the school. Retiring leaders Mrs. Theo. Gundlach and Mrs. Martin McKee awarded honors and badges earned during the year. Feature of the evening was a film taken at the International Girl Scout Roundup near Colorado Springs last summer.

Four certificates of Appreciation have been awarded adults in the Grosse Pointe District during the past week. New this year, these certificates are given to individuals who have given generously of their time and effort to further Girl Scouting.

Warn Drivers About Licenses

State and local police stations in Michigan have a public notice posted to attract the attention of all motorists who enter the stations on any type of business.

The notice, from James M. Hare, Secretary of State, calls the motorists' attention to the possibility that their driver's licenses might have expired, when they can be renewed, and the new type of operator's license now being issued by the State.

Citizens are reminded to check their operator's licenses before leaving for summer motoring vacations, to determine whether they are valid or will be valid until they return from their trip.

Hare said that a recent study showed that nearly 50 percent of drivers renewing their licenses in one large Michigan city, had been driving illegally from one to 60 days before they discovered their licenses had expired. Licenses can be

renewed 90 days before birth-day expiration dates, and drivers should check to see if they have a right to be behind the wheel of a motor vehicle.

The Department of State in Lansing has discontinued issuing the old, hard-to-read white on black operator's license, replacing it with a more readable black on gray license printed on safety paper which cannot be successfully defaced or falsified. This new license should save the State Department more than \$10,000 a year.

In addition to all of this, the new process makes it possible to send each new or renewing driver a pocket-sized synopsis of the Traffic Violation Point System and a short resume of the Financial Responsibility Law.

Overestimate your ability and you'll sometimes lose—underestimate your ability and you'll never even start.

Computer Course Added at GPHS

The opportunity to study a Univac type machine as an extra-curricular course, will be available to senior math students at Grosse Pointe High School next fall, according to Edward McKinney, mathematics instructor.

The machine, called a digital computer, is capable of doing in one hour what it takes a man a year to do. In the course to be offered, the students will learn the fundamentals of a profession called programming, or setting up problems in code for the machine to solve. According to Mr. McKinney, programmers for these machines are very much in demand.

The course will be taught after school to students who have qualified by completing math through Algebra IV, and having maintained at least a B average.

The students must also be able to attend meetings every Thursday afternoon and have the time to do the necessary homework.

After they have learned to set up programs for the computer from Mr. McKinney, the students will go to Wayne State University Digital Computing Center to try their problems on an IBM 650 computer.

Already in the class for next fall are: Bill Briscoe, Pete Bumpus, Betsy Court, Geoffrey Crooks, Joyce Hancock, John Marsden, Don Mason, Richard Maun, Judy Maynard, Richard Moore, Don Reed, Diane Rosander, Douglas Taylor, Margaret Thomas, Julie Vanderpool, Don Walker, Pete Whitton and Wayne Wilner.

Commencement exercises for 38 seniors at Grosse Pointe University School were conducted last Friday, June 10, at 8 p.m. at Grosse Pointe Memorial Church. The speaker was William F. May, of Smith College. Professor May is a Princeton graduate, with a Bachelor of Divinity degree from Yale University. After going to Smith in 1952 to join its Department of Religion, he was appointed Secretary of the Faculty in 1957 and Chairman of the Department of Religion in 1959.

Professor May is a contributing editor of "Christianity and Crisis," a contributor to "Crossroads" and "Social Action," and a member of the committee on literature of the Commission on Worship and Fine Arts of the National Council of Churches.

Thursday, June 2, was a day of lamentation for many of the students of John McD. Graham, popular history instructor at G.P.U.S., when it was announced that Mr. Graham had resigned to accept the headmastership of the Latin School of Chicago. A graduate of Harvard College and a lawyer, with a degree from Columbia Law School, Mr. Graham has been at G.P.U.S. for four years.

Rejoining the G.P.U.S. faculty after an absence of five years will be the highly respected Earl L. Kimber, "Elk," who has been associate headmaster of the Park School, in Indianapolis, in the interval.

Appointed to succeed Mr. Graham as head of the History Department is Mary Joanna Perkins, who teaches history and geography and is director of the Problems of Democracy course.

The new director of the G.P.U.S. Summer School, appointed to succeed Mr. Graham, is Richard Trim, instructor in Spanish and varsity football coach.

The G.P.U.S. yearbook, the "Pericon" recently appeared and is a particularly handsome edition, for which its editors, Jeffrey Miro and Irving Smoker, may be congratulated, with faculty sponsor Miss Clare Lockhart.

Mr. Bertram Shover, head of the Intermediate School, has received a letter from Mr. Byron Armstrong, who has returned after a winter in Florida to his new home in Bay View, Michigan. Mr. Armstrong reports that he is in good health, and his letter indicates that he is, as ever, in good humor.

OPEN HOUSE TO MARK FISHER-RECORD 25TH ANNIVERSARY

Pioneer Auto Dealers Plan Anniversary Celebration

Two pioneers here in the motor car field, Nelson (Ned) Fisher and Charles Record, founders of the Fisher-Record Motor Sales Company, are holding Open House on Thursday (today); Friday and Saturday to properly mark the 25th Anniversary of the founding of their business.

Before establishing themselves as dealers for Chrysler automobiles, both of the celebrants had served another Detroit dealership as salesmen. Their first step was to open a used car lot on East Warren and Hurbit avenues in Detroit. "I had only three hundred dollars for the venture," Fisher related early this week, "but I was determined to give it a go." At this point Mr. Record, who also

had several hundred dollars and a few used cars of his own, suggested the partnership and in a wink of the eye they were shaking hands and the firm, destined to serve so many Grosse Pointers with fine automobiles, was born. They progressed for 15 years without a scratch of a pen between them. Later the partnership was incorporated to take on the Chrysler Agency and a few years later their present fine showrooms and service station was erected at 15000 Kercheval avenue, at Wayburn in Grosse Pointe Park.

Today, the two founders, happy with the friendships made over the years have set aside three days—an Open House—for celebrating the happy occasion with old and new friends and customers.

From 17 states exhibitors and their horses will turn up at the 49th annual Grosse Pointe Hunt Club Horse Show this week-end and for these out of town guests and officials of the show the club and its members are rolling out the red carpet.

New Year's Eve in June

The Buhls won't be at the Horse Show Saturday evening. They are giving a New Year's Eve in June dinner dance that night. In 1958 about 45 gathered in the George Johnston's Lothrop road home to toast the new year.

So successful was the 1958 party that the Buhls have decided to do it again with the identical couples on the guest list. Cocktails will be served in the pool house, which has undergone a transformation in aqua and white (even the pool which has always been dark blue was painted aqua this year). Dinner will be served in the house, buffet style, at small tables decked with frosted lemon candles surrounded by ivy, daisies and bachelor buttons.

Dancing will follow on the new terrace which overlooks the brilliantly lighted gardens. Music will be stereophonic, piped onto the terrace.

House Sitters

Mr. and Mrs. Robert Hutchison and six-month-old Shelley moved in from Birmingham on Wednesday to the Hillcrest road home of her parents, Mr. and Mrs. Frederick P. Hart.

The Harts are off by jet-for London and from there to Germany to visit son, Bill, who is stationed there with the army. Bill will have a month's leave to travel down the Rhine with his parents, who will come home about August 3. Meantime, the Hutchisons will look after the house and catch up on reunions with Pointe friends.

Bill's menagerie, which Mrs. Hart has been caring for since he went overseas, has been boarded out. It includes two cats, a dachshund and a monkey, once numbered many more pets.

DYC to Mark 92nd Birthday

The Detroit Yacht Club's 92nd Birthday Celebration will go on over a period of nine days starting Friday, June 17th.

The present and fourth Clubhouse, built on its own island was officially dedicated in 1923 as the "Finest Yacht Club In The World."

The natural harbor, splendid recreational facilities and an unmatched calendar of sporting and social activities have earned for the DYC that reputation.

Gar Wood was Club Commodore in 1923. He won the Harmsworth in 1920 and defended it for eight exciting years.

The DYC has been the scene of many thrilling Gold Cup, Harmsworth and Silver Cup Regattas and has won worldwide fame for its racing prowess.

The regattas require months of planning by experienced race committee members.

Commodore Alfred F. Steiner is the Club's 56th Commodore and has been an active member for 38 years. During the celebration his new yacht "Aloha" will be formally dressed.

There are 180 power boat and 76 sail boat owners who dock at the club. It is a family club—a second home for many of our 3,380 members.

The flag officers, board of directors, Club Manager Edw. E. Renegar together with the forty committees and over 200 members are in charge of the various activities.

Entertainment Committee members assisting chairman, Kenneth E. Gunsolus with arrangements are Otto Willis, Perry Deakin, C. W. Lopik, R. George Wood, John Ross, Ervin Steiner, Jr., Harold I. Tanner and Dr. John M. Tracey.

Ladies card chairman Mrs. Donald Burgess assistants are co-chairman Mrs. Del Chalmers and Mrs. Eric C. Irvine for the June 21st "Sun Fun" Bridge Luncheon and Fashion Show by "Demerys".

Nelson Bell, Jr. is the Sail Yacht Race Chairman for June 18 and June 19.

The first event in the nine day birthday celebration is the buffet dinner dance on Friday, June 17, beginning at 7 o'clock in the ballroom. Woody Herman and his band will play, with a special floor show from 9 to 1 o'clock in the Starlite Circle, weather permitting.

June 18 and 19 are the dates of the 14th annual Commodore Kendall Lightning Class race in Lake St. Clair. And DYCers may celebrate Father's Day with a family style dinner, Sunday, June 18, with organ music from 2 to 5.

A birthday bridge luncheon, featuring "Sun Fun" fashions by Demerys is scheduled for Tuesday, June 21. DYC members will model turn of the century sports fashions and "What Not to Wear on a Boat!" That same day, a grill party will feature a New England Clam Bake, with all the lobster and clams you can eat. Dancing that evening will be to the Phil Girard trio.

The music is unusually lovely especially as played by Mrs. Irene Cooper, Miss Cooper's talented concert pianist mother, who will furnish the accompaniment for the evening.

The part of the princess will be danced by Phyllis Pall. Other principle solo dancers will include Anne Howe, Dawn Williams, Anna Lee Harrison, Carla Schnell, Diane Larson and Kathleen Nolan.

This entire ballet production has been conceived and executed by Mary Ellen Cooper. She is a member of the Imperial Society of the Teachers of the Dance of London, England, a music graduate of the

Children's Theater To Present Wizard

Famed Tale Has Been Set to Original Music by Bob Hunter; Will Give Two Performances June 24 in Pierce Junior High School at 2 and 7 O'clock

The June 24 performance of the Grosse Pointe Children's Theater "Wizard of Oz," an original musical version, has quite a history behind it.

A former member of the theater, Bob Hunter, who wrote the score and lyrics, is coming from California to play for the two performances at 2 and 7 o'clock in Pierce Junior High School.

He first became interested in the classic tale when he played the Scarecrow in a Richard School production

years ago. He even formed a fan club for the wicked witch in the play.

Last fall the theater raised money to bring Bob back from California, where his family had just moved, in order to stage the "Wizard." While he is here he will be the guest of Dick Blackburn, of Touraine road, who will play the Scarecrow. Mrs. Ruth Ann Justice will accompany Bob's piano on the organ.

Tickets for the two performances are 50 cents for students, \$1.00 for adults. The play is sponsored by the Grosse Pointe War Memorial, where the theater rehearses. Tickets may be purchased there or at the door.

The Grosse Pointe Rotary Club has bought tickets for charitable groups to see the performance. Attending will be groups from The Protestant Children's Home, The Baptist's Children's Home, The C.Y.O. Boys Home, The St. Peter's Home for Boys, The Methodist Children's Home, The Sarah Fisher Home, The Casa Maria, the Vista Maria, The William and Barst Houses.

Among the members of the cast are Laurie Wigle and Kathy Henderson, who share the role of Dorothy, Dick Blackburn, Patsy Groehn, Karen Lena, Marty Burke, Sterling Johnson, Greg Watkins, Betty Freedman and John Shaeffer, who have lead roles.

Others in the cast are Kit Dahl, Steve Schaefer, Bill Delsener, Carroll Goodhart, Anne Gillis, Cissy Abbs, Chris Lena, Brad Lena, Marty and Teddy Pishalski, Carol Verbrughe, Mary Kirby and Julie Ore-

the house
where
You
live

By Patricia Talbot

Elegance in decorating seems to have definite French tones . . . and such is the Carroll M. Boutell's formal Tonnancour place home . . . they are in Europe now collecting additional objets d'arts. The dining room is especially interesting with soft green walls and painted green Venetian chairs and table . . . the centerpiece Mrs. Boutell often uses is of Chinese jade and in place of mats are silk runners made from antique silk obis.

Also in Europe collecting gems for their house were the Joseph Hesters . . . they hoped to find old paneling, doors and fireplace for the house they are building . . . in the Donald Flintermann's Lakeshore road home is a most interesting combination of woods, especially in the library and old world curved stairway.

And another word about kitchens . . . the heart of the house. In the Alfred Marks home, which is set in the apple orchard of the estate of her mother, Mrs. Standish Backus, framed pictures of family life, dogs, children, skiing, flying . . . all these memories are recorded and hung on the kitchen walls where they may be seen most often . . . the James Harlands, of Radnor circle, have just redone their kitchen and talented Mr. H. contributed a bright free-hand mural over the walls, copied from "The Fireside Book of Cooking."

Early American is a style that is a years-spanning favorite with certain decorators . . . the Russell P. Livermores' tidy McKinley avenue colonial has a thistle glass collection, kept in a pine breakfront, which has survived the Johnstown flood . . . and they have cradles, spinning wheels and dough tables to blend . . . Mr. Livermore is the collector and refinisher and his tip is that farm auctions in Ohio offer the best

Another patient refinisher is Tom ZurSchmeide, who did a terrific job on some red velvet tufted Victorian chairs for their Whitcomb drive home . . . he also antiqued a massive brass chandelier and an old mahogany rimmed mirror.

Scones are a wall decoration which can be an accent no matter what the period of the room . . . Mrs. Dan Bowen uses effective gold ones against champagne walls which also highlight her framed traditional oil paintings . . . Mrs. Robert Lubeck's choice is a pair of antique white scones with aqua candles to match the walls . . . Mrs. C. Henry Buhl's small fruit and flower scones in her bedroom hold tiny violet candles.

Mary Caroline Mohr's Truth Told in Dearborn

Mr. and Mrs. Harold W. Mohr, of Dearborn, formerly of Grosse Pointe, announce the engagement of their daughter, Mary Caroline, to Roger V. Mulier, son of the Omer Muliers, of Lakepointe avenue.

The bride-elect is an alumna of Michigan State University and her fiancé is an alumnus of the University of Michigan. They plan an October wedding.

Janet Carlson Speaks Vows

(Continued from Page 19)

The bride's maid of honor was Karen Jocz. The bridesmaids were Cynthia Grosscup, the bride's cousin, and Rosanne Rambush, the bride's college classmate. The flower girl was Jane Johnson.

The maid of honor and the bridesmaids wore blue print taffeta dresses with matching organdy head bands. They carried blue and white carnations.

James Gaden was his brother's best man. Carl Carlson, the bride's brother, Michael McKee, and Allen Abke seated the guests.

For her daughter's wedding and reception, Mrs. Carlson wore a two-toned beige sheath with a lace trim and matching accessories. Mrs. Gaden chose a moss green silk sheath.

The couple will honeymoon in the Poconos Mountains followed by a tour of New England. They will live in Beaufort road.

On hand to assist at the meeting and tea will be Mrs. John R. O'Dell and Mrs. S. Wells Utley.

On June 17 members of the Shores Garden Club will tour six members gardens. They will meet at 1 o'clock in the Audubon road home of Mrs. Ernest Lamb and will take a peek at her flowers first.

Then they will see Mrs. Bernard Whitley's garden in Radnor circle; Mrs. Hansel Dwight Wilson's in South Oxford road; Mrs. Paul Sutherland's in Colonial road; Mrs. Kenneth Strang's in Hidden lane, and end up in the Hampton road gardens of Mrs. Robert Patterson where they will unpack their box lunches. GPYC to Sponsor Field Day Cruise

Club to Give Old Fashioned Field Day at Old Club on June 29; Last Saturday Members Danced at Boat Hop Party after Tour of Boats

When Grosse Pointe Yacht Club's Old Fashioned Field Day Cruise to the Old Club comes up June 29, it's safe to predict that plenty of GPYC members will be boat-minded and rarin' to go. The prediction follows the huge success of GPYC's Boat Hop last Saturday, June 11.

The boat open house section of the Boat Hop party, slated for 6:30 to 8 o'clock, proved so popular that the hours became 6 to 9 o'clock and after; the dinner dance in the club's ballroom really didn't get well under way until 9:30 p.m.

Of course there were a few delays such as some men having to don ties with their smart sports shirts and jackets before going to the dinner dance, and the distasteful side's wish to change from flat-soled footwear to high-heeled slippers for dancing.

Casual dress had been decreed for the party by the committee chairmaned by John A. Bott and it was particularly stipulated that no high heels be worn for visiting boats or dock-strolling.

Pretty cotton and linen frocks, all on the casual side, came to the Boat Hop's dinner dance part of the party, and the masculine contingent was chic and sleek in plaid or conservatively figured sports jackets with dark or light slacks.

Joseph E. Bejin, George M. Brooks, Emmett McNamara and Rex Regan, as members of the assisting committee, were early at the club. They had done a major job in clever signs posted near cruiser berths — "Can you chalk a straight line?" for instance, and "Planks for the memory," "Stand by for repelling boarders," "A 'hull' of a good party," to mention a few.

Noble Wilson's Caribbean Calypso group played on the docks for boat visitors, and Arthur Quatro's orchestra for the dinner-dance.

Como and Mrs. William A. Ternes were aboard their cruiser Madlyn III and their guests included the John Deniers, Mrs. James Markley and the Donald J. Terneses. The Edward J. Schoenherr received visitors on their 35-foot cruiser, Our Sweetie, Mrs. Schoenherr in a sheath-type dress of Chinese silk in blue, green and purple tones.

With the Mervyn G. Gaskins aboard their 55-footer, Margaret G. were Sir James and Lady Easton, Duncan King of Palo Alto, Calif., who was the Gaskins' house guest; the hosts' daughter Vicki and son David Gaskin. Noted on their way to the Margaret G but hailed by friends on every side were the Stark Hickeys and the Russell

D. VanHoutens.

Dr. and Mrs. C. J. Williams were on their Choo Choo V with their guests, the E. D. Barretts, Rex Regans and F. B. Van Dusen. Mrs. David Gamble was charming in a Tina Leser cotton frock which featured a stylized floral design and blocks of turquoise color on a white background. The Gambles were on their cruiser, Water Wheels, and their guests were Don

Giles of Louisville, Ky., and the Carter Mullalys Jr.

On Micuti, the 30-foot boat of the Harold L. Leiningers were these hosts, their son-in-law and daughter, the Carl Schultes, and their other daughter, Rose Ann Leininger.

Of course every one who boat-hopped eventually went to the ballroom for dinner and dancing, but they stretched out the time on cruisers and docks in the delightful early evening weather.

Among them were Dr. and Mrs. Stanley Dolega together with Dr. and Mrs. Clifford Lorange; Mr. and Mrs. Tom Fox and the Rex Brophys; the J. J. Gormans Jr.; the E. A. Ericksons, Fred Hillgers and Frank Frontiers, with the John Botts; the Lee Radkes and Don Radkes and the Bryan Chaplows.

This modern well appointed funeral home embraces the latest facilities and conveniences, even to parking. It is the fulfillment of plans by two families who have long been engaged in funeral directing and who have joined together to serve this great community.

Here we will conscientiously continue the same personal service which distinguished our respective homes through the years.

The car that holds 14 worlds records is dandy for driving kids to school, too.

In fact, Simca cars are built exclusively for family use. The 14 records just show how well-built they happen to be. Each Simca has 4 doors and plenty of room for 5 adults. The car drives more solidly than any other in its class; handles more easily than any car in its price class. The world's records? A Simca set them at the Montlhery test track in France, by driving 62,137 consecutive miles in 887 hours. See this endurance champion at your nearest Simca dealer.

Bayview Regatta Attracts Record Number of Sailors

The addition of several new boats to the local wind-van fleet this year and the fact it was a heck of a nice day for sailing enabled Bayview Yacht Club to set the all-time attendance record for a regatta sailed on Lake St. Clair.

One hundred and eighty-five skippers answered race chairman Frank McBride's starting guns in fifteen classes last Saturday, June 11. This turnout eclipsed the former 179-boat record set last year.

Karl Ness' Pilot sloop "Happy-Ness" out of the host club carried off the overall honors in the cruising classes when she nipped Marvin Marsh's "Albino," of the Detroit Yacht Club, by four seconds on corrected time. Bill Bremer's "Balquhider," of Bayview, was a distant third in Class C.

Two Queens Win

Two former ocean queens, Moon Baker's and Jerry Clements' "Touche II" of DYC and Carter Sales' "Comanche" of GPVY shook up the local freshwater tars when they sailed off with top honors in their respective classes. "Touche II" captured Class A honors beating Norbert Taylor's "Vitesse II" by better than two minutes. John Nicol's and Fred Runnells' "Last Straw" chased "Vitesse over the line by fifty seconds for third place. "Touche II" has been showing promise in her first two races and found the 14-18 mile an hour south-west wind to her liking especially on the last weather leg of the fifteen mile triangular course.

"Comanche" wasted no time after dipping her bow into the drinking water for the first time Thursday, June 9, since being launched from the trailer that hauled her up here from Miami, Florida. Sales with a host of veterans aboard nipped Bill Hanson's "Fleetwood" by 57 seconds on corrected time. She was the minute behind "Fleetwood" was Lloyd Ecclestone's "Pikini" for third place.

The biggest turnout was in the Cruising D (Performance Handicap) class in which 26 yachts answered the starting gun. George Stahl's "Second Wind" was the first to finish and saved her time to nip Bob Drea's "Squash Blossom" by a bit over a minute and a half on correct time. Third went to Don Holka's "Seeker."

Cawthra Wins Again

In the Lightning Class Henry Cawthra had a comfortable margin over second place Jim Kohls and third place Chuck Grant.

Al Bortolotti's "Nauti-gal" stretched her victory string to three straight DRYA regatta wins when she outdistanced the rest of the Raven class. Boyd Benkert was second and Bob Kerr was third.

Bobby Roadstrum brought Sid Marsh's victory string to a grinding halt with a two minute win in the Privateer class. Oscar Carlson was third, Guy McNaron, 1959 L Class champion, got on the winning track by edging Arnold Fuchs by a minute and Fred Jensen was 9 seconds behind in third place.

Veteran Pat Clancy, Bob Greening and Emmett Kelly placed first, third and fifth to give the Edison Boat Club the Flying Scot team honors with 21 points. Detroit Yacht Club picked up 17 points on Connie Ott's second. Jerry Jordan's fourth and George E. Van's seventh place finishes.

Threatened by Rain

Three hours before the start of the regatta it appeared the record fleet would be hampered by a steady downpour of rain. But by the time the first gun was fired the sky had cleared and the breeze had settled down to a light and variable south-west breeze, which during the course of the day increased to give the boats a fast passage.

The big cruising boats will forego the local lake and travel to Toledo to take part in the annual Mills Trophy race on Lake Erie next Saturday, June 18. A week later the Detroit Boat Club will take a crack at breaking the all-time record when it stages its inter-regatta on Lake St. Clair, Saturday, June 25.

highest scoring battle of the season to date. Both teams featured a parade of pitchers from dugout to mound and back with Art Waters who was removed in the 3rd inning getting credit for the victory. Bases on balls accounted for more runs than hits in the game that was finally called in the end of the 5th inning because of darkness.

CITY

June 6
Dodgers 11 runs, 14 hits
Braves 3 runs, 5 hits
The Dodgers overpowered the Braves today with a 14-hit attack which included 3 home runs and 2 doubles. Dave Letscher, who was also the winning pitcher, blasted his second and third round trippers of the season and Dave Nagel clouted his first homer. Ricky Stander and Dennis Kelley collected the doubles. Art Waters pitched the distance for the Braves and was charged with the loss.

June 7
Cards 17 runs, 15 hits.
Cubs 4 runs, 2 hits
The Cards posted the most lopsided score of the season to date as they trounced the Cubs 17-4. The Cardinals 15 hits included doubles by Christman, Bohn, Pike, Gage and two by Dunwoody. Todd Pike, winning pitcher, also belted his first home run.

Larry Kennedy, losing pitcher, undoubtedly would have fared better by a little tighter defensive play by his teammates.

Great Lakes Recreational Shore Survey Urges Preservation of Scenic Areas

Pictured rocks stretch for some 15 miles along Lake Superior's south shore.

By H. D. CRAWFORD

Central Press Association Correspondent

WASHINGTON—Great Lakes shorelines totaling 5,480 miles belong to the United States. During the last two years, National Park service teams, financed by private foundations, have conducted the first intensive survey ever made to determine Great Lakes areas most desirable to preserve for public recreational use.

Their two reports have just been released. *Our Fourth Shore* is a 50-page report summing up recreational facts and potentials of the Great Lakes region and making recommendations. *Remaining Shoreline Opportunities* is a 191-page detailed report covering Great Lakes recreational potentials in the eight lake-frontage states: Minnesota, Wisconsin, Illinois, Indiana, Ohio, Michigan, Pennsylvania and New York.

This significant Great Lakes shoreline now takes its place with previous surveys of Atlantic, Gulf and Pacific Coasts for consideration of areas worthy of preservation by the federal government for public recreational use.

Fred A. Seaton, secretary of the Interior, points out that publication of the Great Lakes survey "should not be construed either as approval or disapproval of any recommendations contained herein." He believes, however, that the survey and its recommendations will have great value to federal, state and local agencies in trying to meet the urgent problems of recreation for the public and preservation of resources.

LEGISLATION now before Congress proposes to designate three National Shoreline recreation areas. Great Lakes areas will be considered along with Atlantic, Gulf and Pacific coast regions.

Sleeping Bear dunes, Huron mountains and Pictured rocks, all in Michigan, have been recommended by the National Parks advisory board as worthy of consideration as National Park system units. Most of the Great Lakes shoreline is already

privately owned. The survey found that 428 miles of this private-area possess "important remaining opportunities for recreation and other public benefits."

The survey contains this significant warning: "Like the shores of our Atlantic, Gulf and Pacific coasts, those of the Great Lakes are being threatened by the encroaching rumble of bulldozers; bulldozers designed to level, to scar and to alter forever our national heritage." Construction obliterated many natural values while the survey was under way.

Offshore islands encompass 1,480 of the 5,480 miles of Great Lakes shoreline in the United States. More than half of the 265,000 acres now preserved for natural and recreational use are in Isle Royale National Park. This wilderness

back to Lake Superior and Perry's Victory National Monument on an island in Lake Erie together have 197 miles of shoreline. This leaves 497 additional miles of Great Lakes shoreline now devoted to recreation.

These include only one mile of national park area, Grand Portage National monument. The rest consist of national forests, state parks, state forests, state game preserves and county, township and municipal parks.

MICHIGAN has 3,222 miles of Great Lakes frontage, including the St. Marys, St. Clair and Detroit rivers. Other states' mainland and island frontages in miles are: Wisconsin, 820; New York, 563; Ohio, 248; Minnesota, 185; Illinois, 63; Pennsylvania, 51; and Indiana, 46. Each of the eight states has at least one major state park on the Great Lakes — Michigan leading with 33 and New York next with 24.

Among 13 recommendations, the survey warned that pollution is a major menace to the fresh water of the Great Lakes. Rapid population growth makes it urgent that future public recreation areas be preserved soon.

Forest and marshlands are needed for wildlife habitat and for research. Prehistoric and pioneer historic sites require preservation. Port, highway and industrial planners need to design future construction so major scenic and natural recreational resources will be spared.

SMACKING OFF TO BUENOS AIRES—Tony Santoro, that 21-year-old lad who's been squiring 27-year-old Mamie Van Doren around, gives the actress a smackeroo at Los Angeles airport as he sees her off to Argentina, where she'll make "The Blonde from Buenos Aires."

GARDEN VARIETY—Barbara Nelson models a garden variety bikini, one with flowers, in New York. Hyacinth petals are set everywhere but where Barbara sits.

COOP RECUPERATING—Gary Cooper leaves Cedars of Lebanon hospital in Hollywood to take a two-month rest after his May 30 abdominal surgery. With him is wife Rocky.

ELECTROCUTION JUNE 17—Unsub Gov. Michael V. DiSalle again demonstrates his opposition to capital punishment. Mrs. Edythe Klump will become the fourth woman to be executed in Ohio's electric chair June 17. Mrs. Klump, convicted of murdering the wife of her lover, is shown awaiting word. Two others who exited via the hot seat were Mrs. Anna Marie Hahn (upper right), convicted in the late 1930s of poisoning an elderly man, and Mrs. Dovie Dean (lower right), who rat poisoned husband to death for his estate.

SAME LIKE FOR IKE, MAYBE—This was the unfriendly tangle at Tokyo airport as White House press secretary James Hagerty and U. S. Ambassador Douglas MacArthur II were trapped in that limousine for an hour, with sign-carrying Japanese Leftists screaming all around. It took a U. S. Marine helicopter to get Hagerty and MacArthur away. The Leftists promise the same "welcome" for President Eisenhower. Hagerty is preceding the President, seeing to arrangements.

LIGHTING UP BROADWAY—With a three-way handshake, officials mark end of the Broadway blackout. They are (from left) Angus Duncan of Actors Equity, New York Labor Commissioner Harold Felix and Louis Lolito of the League of New York Theaters. Before this, the actors voted on the pay-pension settlement, and here are Vivien Leigh and Rex Harrison about to do same.

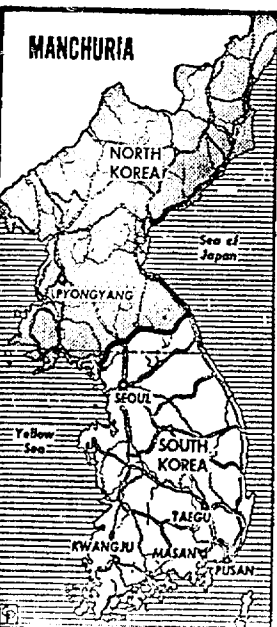

MUST BE A BEAUTIFUL BABY—Lee Ann Meriweather, "Miss America" in 1955, proudly shows off new daughter Kyle Kathleen as husband Frank Aletter looks on in Los Angeles.

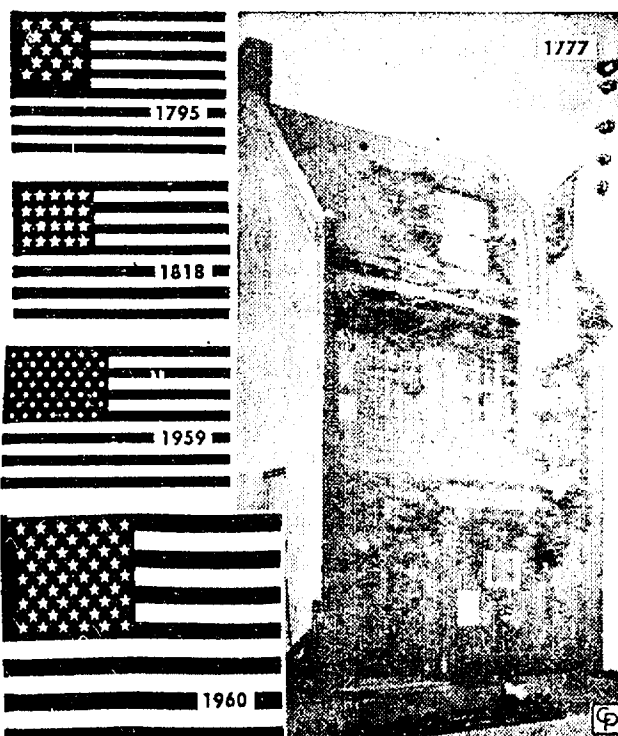

'MANY DIE'—Dr. Barbara Moulton, who quit the Pure Food and Drug administration's bureau of medicine in February, tells the Senate anti-trust and monopoly subcommittee in Washington that "hundreds suffer daily and many die" because the agency fails to police new drugs adequately.

'NEIGH' TO PRODUCERS—Athos, the horse that appears in the play "La Plume De Ma Tante," looks a bit morose outside the Majestic theater in New York. Athos is out of work in the Actors Equity strike, so the horse laugh is on him. It is believed Athos was one of those who said neigh to the producers' strike-eve offers.

THE OLD AND THE NEW blend in this scene from Seoul, capital of South Korea, the only point on the Asian land mass which is on President Eisenhower's Far East itinerary. A new eight-story building is at left, and nearer in foreground is the old south gate of the city. President Eisenhower's host: Huh Chung, shown with his daughter. Huh took over as acting president after the bloody post-election uprising, after which Syngman Rhee and his wife left the country. Map shows the peninsula, divided into Communist North Korea and the free Republic of South Korea.

OUR FLAG has changed its looks from time to time, but the spirit is the same in 1960 as it was in 1777.

LO, THE POOR REDSKIN—Benny Bearskin, 40, an American Indian, and his family are being evicted from their apartment in Chicago because neighbors do not think the family is American enough. Shown with their parents are (from left) Mona, 9, Barbara, 5, Benny, Jr., 7, and Nona, 9. Norma, 16, is in school in South Dakota. Bearskin, former head of the Chicago American Indian center, is a nominee for this year's "Outstanding Indian of the Year."

BOMB VICTIMS—Mrs. Francis Tate (upper) is near death and her two daughters, Charlotte, 10, and (right) Becky, 8, are suffering injuries in explosion of a "gift package" bomb the mother opened at door of their Nashville, Tenn., home. The blast tore off both Mrs. Tate's hands at the wrists. Her husband, Travis, 32, was arrested.

Headlines Of the Week

(Continued from Page 1)
clusions and transcript of testimony presented me by the Parole Board that in this case an innocent man was convicted."

A CONFIDENTIAL DISCUSSION was held yesterday between President Eisenhower and Democratic leaders in Congress, Senate Majority Leader Lyndon Johnson and Speaker of the House, Sam Rayburn, both of Texas. The meeting lasted for over an hour and was kept "hush hush," according to sources.

Sunday, June 12
JAMES BENSON WEBBER, 74, a director and former vice-president of the J. L. Hudson company, died Saturday, in his home at 1490 Seminole. He was one of the four Webber brothers who built J. L. Hudson company into one of the greatest department stores in the world. His twin brother, Joseph L. is still a director. A brother, Richard H., 80, is chairman of the board and another brother, Oscar, 70, is president. James B. Webber and his twin brother were recognized as retailing geniuses. It was their idea that changed the store into modern scientific merchandising operation.

THE OFFICERS of the Airline Pilots Association, yesterday, ordered the Miami based Eastern Airlines pilots to end the wildcat strike 15 hours after it was begun. Passengers were stranded by the hundreds, bound into or out of Miami. They were forced to cancel plans or fly other airlines. The strike, which began at 12:01 a.m. Saturday, affected Detroit as well as Miami, and then spread to other cities. Eastern was taking reservations for today, however, in hopes that the strike will be officially ended.

THE BULLETPROOF LIMOUSINE used by the late President Franklin Delano Roosevelt, was offered for the use of President Eisenhower in Japan later this week, by a museum in Colorado Springs, Colo. Mr. and Mrs. Byron L. Akers, owners of a tourist attraction, Pikes Peak Ghost Town, made the offer.

Monday, June 13
DENNIS ROSS WEST, 17, died Saturday night after a beating suffered at the hands of three men outside a Flint restaurant. West, who was just graduated from Rochester High School, was beaten and kicked to death in a vicious, unprovoked attack. The three, Billy Joe Housley, 21, Clinton J. Harris, 23, and Frederick C. Brown, 20, are all being held for investigation of murder. Customers in the restaurant said that West was attacked the minute he stepped from the door, leaving no time for an argument to have started. The attack was termed wanted.

ALASKA WELCOMED President Eisenhower with smiles and cheers Sunday as he flew in from Washington on the first leg of his journey that will take him to the Far East. His route from Elmendorf Air Force base to Anchorage was lined with inhabitants of our second newest state of the Union. He said that his journey was essential to "improve the climate of international understanding." He leaves Alaska today.

FORMER BRITISH PRIME MINISTER Earl Clement Attlee and Lady Attlee were involved in a three-car collision yesterday, but escaped injury. Lady Attlee was driving, as the Earl has never learned how. All of the cars involved were damaged, but no one was injured.

Barbara Moore, who is hiking from San Francisco to New York, was struck by a car yesterday while she was walking in Indiana. "I was admiring Indiana's beautiful landscape when I was struck," she said. "I would like that woman not to drive any more." Rushed to Clay County Hospital, the doctors said that Dr. Moore was suffering from minor abrasions on her right arm and left ankle, and from first, second and third degree sunburn. The driver of the car who struck her was Mrs. Elizabeth M. Kline of Shamokin, Pa. Mrs. Kline swerved to the passing lane and at that moment Dr. Moore did the same.

THE STATE DEPARTMENT has been accused of improperly buying \$89,400 worth of office furniture from the son of Secretary of Commerce Frederick H. Mueller. Senator William Proxmire (D., Wis.) made the charge. Himself accused by the Eisenhower Administration, of spendthrift practices, Proxmire termed the deal "seriously irregular and spendthrift waste." Mueller's son, Frederick E., said that Proxmire was "playing partisan politics with half facts and innuendoes."

One of the few great figures of the early eighteenth century who comes down the decades as a real personality was Commodore Alexander Grant, British subject, friend of the Indian, father of 11 daughters and the first to build a mansion in the Pointe.

So civilized was Commodore Grant that his home had a harpsicord. Interesting correspondence has come to light about this musical instrument which was set down in this log palace in the forest (on Moran road) in 1799.

The harpsicord belonged to Dr. William Harffy, a surgeon in the British garrison, who moved to Malden after the Americans took over Detroit following the Revolution. (Many of the British, including Grant, thought this a temporary condition, that the States would quarrel among themselves and Britain could step in again.)

Among the doctor's friends in Detroit were Grant and John Askin, (the father of Mrs. Elijah Brush). Grant held a life position as a member of the executive council for Upper Canada, was an important figure on the Great Lakes. Askin was a trader and Grant's brother-in-law. Dr. Harffy was worried about his musical instrument and wrote to Askin in October, 1799 "Curse the music. I wish it were sold... You will favor me if it could be in any way disposed of."

Harffy and Askin decided that the harpsicord should be in Grant's castle where his 11 daughters could play it. So one day when one of Grant's boats was in Malden the doctor's harpsicord was shipped aboard. It apparently was very old and dilapidated and not hailed with much enthusiasm at the castle. Grant complained to the doctor and asked him to take it away. Evidently he kept after Harffy, who finally wrote to Askin later in the month. "I am really sorry that the harpsicord was put in Mr. Grant's boat for he talks about it—God, how he talks about it."

Grant did not think the situation amusing and insisted that it be removed so Askin, the middleman in this musical situation, sent a wagon and team out to the Pointe to pick up the offending harpsicord.

It was taken to one of his outbuildings on his farm at the intersection of Randolph and Atwater streets. The last heard of the harpsicord was yet another letter from the doctor to Askin in November, 1799. "I thank you for the care of the harpsicord. I wish it could be sold."

This same year, when Grant was such a titan on the lakes, some of Detroit's future tycoons had little or nothing. In 1799 Solomon Sibley, then a young attorney, applied for election to the legislature. A record was kept of some of the people who voted for him with appropriate comments.

Antoine Dequindre: "Has given his creditors all he has; the farm on which he lives is the property of his wife."

Christian Clemens, the founder of Mt. Clemens: "Has no property known."

Elijah Brush: "Lately arrived; has no property known". But Commodore Grant and his 11 daughters were living in magnificence on the present Moran road.

For 35 or 40 years an iron dog guarded the home of Mrs. Theodore Hinchman, first on the doorstep of her Vendome road residence, then on Stephens road, where she now lives. Last week some vandal stole the dog, whose greatest value is a sentimental one to Mrs. Hinchman. Naturally she offers a reward for this treasured family keepsake. She hopes whoever took the dog will return it. So attached to her watchdog is Mrs. Hinchman that when she discovered similar ones in a Detroit antique store, she gave several for wedding presents.

MRS. JOSEPH G. STANDART, JR., OF RIDGE ROAD

By Patricia Talbot

With the sun shining through the bright windows into her large lemon and lime living room, her son preparing to go swimming, surrounded by friends drinking coffee Mrs. Joseph G. Standart, Jr., might find it difficult to realize this gracious life of hers could be threatened.

She might, but she is well aware that this could all be shattered. So she has accepted the job of Grosse Pointe deputy director of women's activities for Civil Defense. She will be working with George Elworthy, director of the Neighborhood Club, and director of Civil Defense in the Pointe for the past eight years.

Summit Raised Question

Civil Defense is just a word to most Pointers although the recent U-2 spy plane incident and the crisis at the summit reminded many that all was not secure in their world. The downtown office of the Civil Defense received floods of calls for information on how to build a bomb shelter.

But Mrs. Standart says, "Will they build them? Most people are apathetic toward bomb disaster. It is extremely important that they be educated."

She accepted this assignment before the spy plane scare and has been at work only three weeks, but already has made progress. Pamphlets on air raid instructions, the fallout problem, the family food sheet for emergencies, and tornado safety rules are stacked in her living room.

International Background

The dark haired, fine boned Mrs. Standart speaks with a slight British accent. She was born in Chile and educated in England and Switzerland, spent many years in Denmark. A real internationalist because her family was in the import-export business and the diplomatic service she understands the dangers of the "it can't happen here" attitude.

On a visit to Denmark she noticed that the women over there are prepared. In case of

Hawaiian Luau Given For Convent Graduates

An Hawaiian Luau was given by Judy Huminski and Deanna Schrage in the garden of the Schrage's Touraine road home, June 11, for the graduating seniors of the Convent of the Sacred Heart and their escorts.

The guests arrived to find decorations carried out in traditional Hawaiian style. The punch was served from a large urn carved in ice, with hula girls, palm trees and orchids.

Dinner was served at a long low table with cushions to sit upon and dancing was to the Miller boys on a dance floor lighted by torches and blue flood lights.

Accenting the evening was a surprise, orchid leis that had been flown in that day from Hawaii, for all of the girls.

now sending out to homes.

By autumn when most residents are home from vacations the Civil Defense plans will be formulated. Mrs. Standart will announce a definite program. If the bomb fell or a natural disaster such as a tornado occurs in the interval she fears we would all be at a loss as to what to do to save our lives. Natural disasters are the province of Civil Defense as well as a future bomb explosion.

Chile's Disaster

In Chile, where she spent her childhood, scenes of tragedy and horror have been a daily occurrence since the earthquake. Training in Civil Defense could have saved some lives. There are many organizations to provide disaster relief, food, clothing, shelter, such as the Red Cross, but only Civil Defense is alert to preventive measures.

In Denmark women wear uniforms, are trained like soldiers for this important duty. In England the Women's Land Army is prepared. "If a disaster happened here in the next hour what would you do?" This is the question which worries Mrs. Standart.

Because she realizes this will be a full time volunteer job, she has given up any other activities. Devoted to her family, she has not attempted any all-engrossing volunteer work in the past few years when they have needed her. She felt she couldn't refuse this Civil Defense request, which might not only save her family but her neighbors.
