BUS RATE HIKE PLEA EXPLAINED

HEADLINES

of the WEEK

As Compiled by the
Grosse Pointe News

January 9

SOUTHERN DEMOCRATS joined Republicans in agreeing that President Johnson's budget will be difficult to accomplish. However, both parties praised the goals he set forth, for the most part. Certain members of Congress were disappointed that Johnson offered no solution for agricultural problems. He did discuss the budget, taxes, foreign policy, nuclear matters, poverty, civil rights and immigrations.

ROBERT KENNEDY, Attorney General of the United States, has come out of the depression he has been suffering from since the assassination of his brother and has announced that he will continue with President Johnson through the election. The president had asked Kennedy to stay on with his meetings with the National Security Council, the Central Intelligence Agency, and as an advisor on Cuba and Latin American problems.

January 10

RIOTING BROKE OUT in the Canal Zone in a dispute over the flying of the Panamanian flag. The Panamanian government recalled its ambassador to Washington and charged that American Canal Zone police had fired on unarmed Panamanian students. The radio reported that five students had been killed and at least 46 other persons were injured in rioting that broke out in Panama City and spread to other areas as much as 200 miles away.

Saturday, January 11

A BRAZILIAN SUGGESTION for a UN appeal to end the fighting in the Canal Zone was accepted by Panama Saturday. Settlement of the crisis will be left to the OAS (Organization of American States). Panamanian Ambassador Aquilino Boyd accused the United States of unprovoked, armed aggression. U.S. Ambassador Adlai E. Stevenson denied Boyd's charge at a night session of the Security Council.

Sunday, January 12

THE U.S. GOVERNMENT after a special Saturday session, reported that cigarette smoking is definitely a serious health hazard. The announcement was made as the result of a 14-month study by a panel of medical experts. The government promises to come up with remedial measures. Lung cancer killed 41,000 Americans in 1962, and other diseases have been traced to the use of tobacco. One of the possible remedial measures might be the labeling of cigarette packages to warn of the contents' health hazard.

Monday, January 13

Eleven persons were plucked from ice floes in Lake Erie which had broken loose from the Canadian shore by U.S. helicopters from Grosse Ile Naval Air station. The incident occurred between Pt. Pelee and Leamington, Ont. The rescued men were perch fishermen who abandoned their fishing equipment and hurried aboard the copters which carried them to safety. The pilots also brought back the body of a 79-year-old Dearborn man who apparently suffered a heart attack after the floes broke loose from the shore.

Tuesday, January 14

FORMER SENATE aide Robert G. Baker was accused by a surprise witness of engaging in a land venture in Florida with Senator George A. Smathers, a Democratic Senator from Florida. A management analyst for the Labor Department, Milton Rauff, testified that Baker netted \$8,000 in 1961 and 1962 in the Florida real estate deal. Rauff, who prepared Baker's income tax return, also said that Scott I. Peek, former administrative assistant to Smathers, also received a similar return. He stated further that Smathers' share was five times that of Baker and Peek.

Welcome Warm-Up for Safety Patrol Boys

Three thirsty safety patrol boys at Barnes School await their turn for a cup of hot chocolate following duty on a cold post recently. Accepting his cup from MRS. ROBERT SCHUELER is ERIK ERIKSON. Behind him are SCOTT MACDONALD and RALPH BLOHM. Mrs. Schueler, one of a group of 18 volunteer PTA members reports that the short hot chocolate break is provided the boys before they go to class

in the morning from approximately Thanksgiving to Easter, depending on the weather. The number of boys stopping by for chocolate varies, but Mrs. Schueler reports that it's generally about 24. Similar early-morning projects are carried on by PTA members in many other elementary schools of the Grosse Pointe Public School System.

Board Drops Pre-School Age Testing

Children To Be Admitted To Kindergarten Solely on Chronological Age Basis In Future

The Grosse Pointe Board of Education held its regular January meeting in the schools' administration building on Monday night at 389 St. Clair. Topic of the Board presentation was a discussion of computers by Edward McKinney of the mathematics department.

Repair Damage In GPHS Annex

During Christmas vacation a portion of the plaster in one of the Biology rooms at the Grosse Pointe High School loosened in the ceiling and dropped to the floor. The room is in the annex to the school in the main building of what used to be the Grosse Pointe Country Day School.

The plaster was repaired and new acoustical ceiling was installed, so that by the time the students returned to school after the holidays, all the damage had been repaired.

The Biology room is on the second floor and the damage was confined to the front third of the room. Most of the plaster fell on the teacher's demonstration desk.

Police-Fire Radio System Blasted by Harper Woods As Excessively Expensive

Would Like to Withdraw From Joint Operation With Pointes and Operate Own; Irked Over Difficulty in Obtaining License

Harper Woods' charges that the annual costs of operating the emergency police-fire radio system serving the Pointe and Harper Woods, has created a crisis, to the extent that that community has threatened to bolt the partnership.

The cost controversy regarding the Grosse Pointe Inter-City Municipal Radio System began last October, when Harper Woods Councilman George Scopas fired charges during a Harper Woods council meeting that the system's expenditures are excessive.

It was disclosed that the crisis developed to a degree where Harper Woods has applied to the Michigan Public Safety Allocating Commission, for approval of a radio frequency for a separately operated police-fire radio system.

Offered Comments
A Pointe official, who asked that his name be withheld for the present, said that such an approval must be given by the MPSC, before the Federal Communications Commission in Washington will consider any applications for a radio frequency license. Approval for a police radio has been rejected by the State Agency, and the request for the fire radio is still awaiting an answer.

The city managers of the five Pointes and Harper Woods, are expected to hold an annual meeting by the end of January, at which time the cost budget

for the calendar year 1964 will be discussed.

The unnamed Pointe official said that at this meeting, Harper Woods will have to decide, one way or the other, whether it wants to remain a partner in the joint operation of the system.

Farms Offered License
In another story in the NEWS, it has been disclosed that the FCC has granted the Farms, as the managing municipality, a license to operate the fire radio system on the same frequency as the police radio system, but on a different channel.

Harper Woods joined the Pointe Inter-City Municipal Radio System on April 1, 1951, after signing an agreement to share the cost of operations.

The Pointes organized the system on April 1, 1949, when they were incorporated as villages and cities, under the official name. Prior to this organization, the system was the Grosse Pointe Township Radio System, dating back to 1930.

At a regular meeting of the Harper Woods council on January 13, 1964.

Thief Ransacks Park Residence

The Dawnham residence was entered and ransacked by a burglar sometime during a two-week absence by the owners, it was disclosed by Park police on Wednesday, January 8.

Mrs. Maurice Dawnham told police that the family was out of town from December 21 to the evening of Tuesday, January 7. They returned to find the house ransacked.

The woman said that the burglar had gone through all the dresser drawers in the upstairs bedrooms, and left the drawers open. Cabinets in the kitchen were also gone through, she said.

Mrs. Dawnham said that the thief took some change from a piggy bank, and an unknown amount of English currency.

Det. Lt. Arnold Hough, who is investigating the case, said the burglar entered the house by breaking the glass of the French door of the rear porch, and then breaking the glass of another French door leading into the house.

Pointe Gives \$300,000 to Torch Drive

Final Figures of 1963 UF Announced At 15th Anniversary

Generous Grosse Pointers again exceeded \$300,000 in their contributions to the 1964 budgets of 197 health and community services through the residential and small business solicitations of the Torch Drive Community Campaigns, Mrs. Perry TeWalt, 623 Lincoln, Eastern Wayne unit chairman, disclosed today.

Mrs. TeWalt said that \$299,599 was contributed through the volunteer solicitors who made a door-to-door solicitation of residences under the leadership of Regional Chairman Mrs. Robert Aiken of 289 McKinley. Another \$5,688.50 was contributed by small business establishments solicited by a team headed by Roland Gray of Gray's Racquet and Sports Shop as chairman and Ed Hickey of Hickey's Men's Wear as co-chairman.

In Grosse Pointe Park, residential solicitation headed by Mrs. Pierce Smith, 543 Pemberton as divisional chairman brought in \$35,533 while Paul Short, chairman for business solicitation, and his co-chairman, W. A. Bailey Jr., led volunteers in raising \$524 from business establishments.

Grosse Pointe City gave \$55,334 through residential, \$1,958 through business solicitation. Chairmen were Mrs. Jack Harrison, 617 Lincoln and A. R. Sandt, Jr., respectively.

Grosse Pointe Farms residents contributed \$133,850 through Mrs. Lawrence D. Buhl Jr., 194 Stephens and her volunteers while business places gave \$1,960 to John G. Williams and his workers.

Grosse Pointe Shores came through with \$63,962.27, all in contributions from residents. Mrs. Douglas Adair, 80 Colonial road, was divisional chairman.

Grosse Pointe Woods residents gave \$10,819 in residential, \$1,196 was contributed by businesses.

Two Workers Divisions

Grosse Pointe Woods is divided into two divisions. Mrs. Kenneth Kopplin, chairman of Division Four, South of Vernier, and her workers, obtained \$8,074. Robert W. Brown headed the business solicitation in Division Four, which produced \$754. Mrs. Alvin Ruprecht, 657 Hawthorne led a canvass which

Schlesinger Gives Tuesday's Lecture On Center Series

Special Assistant to Late President Kennedy to Speak on Politics at National Level from Democratic Viewpoint

The third speaker in the series of lectures being given at the War Memorial Center called "Politics—1964" will be Arthur Schlesinger, Jr., who served as a special assistant to the late President Kennedy.

The two previous speakers have been Zoltan A. Ferency, State Democratic Chairman, and Arthur G. Elliott, State Republican Chairman. They discussed issues and candidates on a state level.

Mr. Schlesinger and the next speaker, Fred Clark Scribner, Jr., will discuss issues as involve the two parties but from a national point of view. Mr. Scribner is general counsel of the Republican National Committee.

Editors Close Series

The two final speakers in the series of lectures will be Lee Hills, vice president and publisher of the Detroit Free Press and executive editor of the Knight Newspapers, Inc. and Martin Hayden, editor of the Detroit News. These two men will attend the first four lectures and then comment on them from a journalistic point of view.

Arthur Meier Schlesinger, Jr. was born in Columbus, O. in 1917. He was educated at Harvard University, Muhlenberg College, Bethany College and the University of New Brunswick. He is married and has four children.

Mr. Schlesinger served on various political committees, was an associate professor of history at Harvard University, and served in the U.S. Army in 1945. He received the Pulitzer Prize for History in 1945.

Wrote Several Books

He is also the author of several books, probably the best known one being "The Age of Jackson." He lives in Washington, D.C.

The lecture will begin promptly at 8:15 with the invocation being given by The Reverend Charles W. Sandrock, pastor of St. Paul's Lutheran Church. Mr. Schlesinger will be introduced by George R. McMullen who organized the series under the sponsorship of the War Memorial Association.

After the talk, which will last about one half-hour, a question and answer period will be held. This will be followed by refreshments in the Ballroom at which time guests may meet Mr. Schlesinger.

Tickets are available at the War Memorial or at the door for \$1 apiece.

FALSE ALARM

A fire alarm at the Our Lady Star of the Sea School, 457 Fairford, on Wednesday, January 8, brought firefighters and equipment from the Woods and Shores, the latter responding under the Mutual Fire Aid Pact.

The alarm was set off by a short in the alarm system. Firemen and apparatus returned to their respective stations after checking the school building.

Police-Fire Radio System Going on Split Channels

The Pointe-Harper Woods Emergency Radio System will be on split channels by Monday, January 20, it was disclosed by the system's radio technician, Warren Carson, on Thursday, January 9.

Carson said that the Federal Communication Commission in Washington finally approved a tertiary channel license, the first in the State of Michigan, to permit the use of a separate channel for an intra-city fire radio system. A license for the police radio channel was recently granted by the Commission, he said.

A tertiary license permits the use of the same frequency, by the fire radio system, but on another channel.

All emergency police-fire radio systems throughout the country were ordered to revert to split channels by the FCC in

Park Council Informed By Lines Head

Walter Schweikart Feels Confident Public Service Commission Will Approve Request

The Park Council on Monday, January 13, accepted as good public relations, a verbal report from the president of the Lake Shore Coach Lines, Inc., outlining the reasons the bus firm is petitioning for an increase in fare rates.

The council, although appearing sympathetic, took no official action for or against the proposed increase, but filed the report for the records.

Walter Schweikart of 15700 Windmill Pointe drive, the bus line president, informed the council that its endorsement, or objection, would have no bearing on the fare increase petition now before the Michigan Public Service Commission in Lansing.

He said that the Commission will approve, or disapprove, a request from a public utility on its own merits, and he felt confident that the petition submitted by his company will be approved.

Service Since 1932

Schweikart said that his firm was organized and has served the Pointes since 1932, giving the best of service, and that he felt that it is "good public relations, to present the bus firm's reasons for asking for a rate increase, to the various Pointe councils."

He said that a story carried in last week's issue of the NEWS, outlined clearly the reasons for the proposed rate increase. The accompanying editorial, he said, however, did have an error in it, which inferred that the coach lines was making a profit of 42.5 cents a mile.

It was later disclosed that in a comparison sheet submitted by Schweikart, showing the earnings of public carrier services, including the Lake Shore lines, the 42.5 cents should have been, but was not marked, as gross revenue per mile. The net profit for the lines, Schweikart said, is about one-quarter of a cent per mile.

2,000,000 Miles Per Year

He said that his bus drivers cover approximately two million miles a year, which at a net profit of one-quarter of a cent did not earn much to give stockholders a fair return.

He said that if the increase is granted, his firm will add several more buses to its fleet for better service to the Pointe and other communities the line serves. He said that approximately one million dollars is invested in his company.

He said that action on the request for the fare increase should be made by the State Commission within a few days.

Schweikart said that the rates would not be changed for local rates in the Pointe and St. Clair Shores, nor will the rates for school children.

The increases asked are for the runs from Detroit to the Pointes and beyond, with a flat five-cent boost for those from

Woman Robbed Of Mink Coat

Park police are investigating the theft of a valuable mink coat reported stolen from the office of the manager of the Esquire Theater, Jefferson and Beaconsfield, on Wednesday, January 8.

The coat was reported stolen by the owner, Mrs. Kay Porter of 23106 Edsel Ford, St. Clair Shores, assistant manager of the movie house. She said the garment is valued at \$7,700.

Det. Lt. Arnold Hough said that the door to the office, on the first floor of the foyer, was open, and the coat was in plain view. It was taken between 11:30 p.m. and 11:45 p.m. Wednesday, he said.

The detective said that a thorough search of the building and office was made, but without success.

Mrs. Porter told the detective that the coat was a natural brown, full length ranch mink coat. It is a one-of-a-kind type of coat, she added.

The investigation is still continuing, Hough said.

Bus Rate Hike Plea Explained

(Continued from Page 1) Terminal, Venice Beach and 25.4 miles from Downtown Detroit to Thirteen Mile road and East Jefferson. A 10-cent increase is asked for the runs from Detroit to the Dearhurst

Top Would Be 45 Cents
The maximum rates would be raised from 35 cents to 45

cents, and cover runs up to 25.4 miles from Downtown Detroit.

The present rate for the 7.3 miles from Downtown Detroit to the Park is 25 cents. The bus company would like to see this raised to 30 cents; and the present 30-cent rate to Lake Shore and Vernier, and Lake Shore and Nine Mile, raised to 35 cents.

Where 35 cents is now the maximum fare for any Lake Shore Coach lines run, this would be boosted to 40 cents for runs to Eleven, Twelve and Thirteen Mile roads and East Jefferson, and to 45 cents for those to Dearhurst Terminal, Venice Beach and Crocker Boulevard and East Jefferson. Schwaikart cited that another reason for the fare increase request, is that employees of the company have had no wage raises since September 1959, the last time the Public Service Commission approved a wage adjustment.

Employees Paid Less
The Lake Shore Lines employees are receiving less compensation than employees of other carriers performing the same service in the Metropolitan areas of Detroit.

The Lake Shore Lines require 41 buses to operate at peak schedules, 27 of which have been purchased and put into operation since the last rate adjustment. These buses traveled 1,978,896 miles last year, 8,000 bus miles more than in 1962.

Lake Shore's rates for comparable mileage distance, are the lowest per mile of any other carriers serving the Metropolitan Detroit area, although its frequency of service equals, and in certain instances, betters the frequency of such carriers.

being announced in Division Six, North of Vernier, while Thomas K. Jefferis and his volunteers raised \$442 among business places.

The figures were announced in connection with the observance of the 15th anniversary of the United Foundation. Completion of audits of money received during the Oct. 15 - Nov. 7, 1963 showed that a total of \$21,690,224 had been raised, bringing to more than \$234 million the amount made available during the past 15 years for operating worthwhile services.

The United Foundation was organized in January, 1949 in an effort to bring chaos out of the many overlapping and conflicting fund-raising efforts being put forth in the community. A goal of \$8,550,000 was set for the first Torch Drive in 1949, and exceeding, setting a pattern which has been followed each year.

ment of Grosse Pointe High School.

In his informative talk, McKinney described some of the activities currently carried out locally in the computer education program.

Superintendent of Schools Dr. Charles H. Wilson brought his monthly report to the attention of the members of the Board of Education. The Board acted on five routine personnel recommendations. Bills submitted for payment by the Department of Business and Finance were approved.

A recommendation to abandon pre-school age psychological testing was approved unanimously. Henceforth, children will be admitted to kindergarten solely on the basis of chronological age set by Michigan statute.

The action to drop pre-school testings was based upon an exhaustive and long-term study of the success of children involved in early admission. In addition, the school administration and the Board of Education cited the expense of the early entry program. The return to chronological admission dates for school admission, school officials reported, is in keeping with trends among the better schools throughout the country.

Thomas Candler, president of the Ferry School F-TA, appeared in behalf of his organization to alert the Board of Education to possible building needs in his section of the school district. He was informed by members of the Board that the future housing needs are under consideration at the present time.

Wealth will do wonders in most cases, but impoverished is the man who can buy every luxury except a clear conscience.

Radio System

(Continued from Page 1)

The second community was not named.

A license to operate a certain channel is generally not granted, if it is found that its use would interfere with the frequencies of emergency radios within a certain radius.

The Pointe-Harper Woods System has been operating on a Temporary Authorization license since the October 31 deadline, to permit the continued use of the one channel for emergency police and fire calls.

Carson said that with the license approved by the FCC, work has already begun on converting the local fire radio to a different channel. This project should be completed by January 20, he said.

ing the pawnshops in an attempt to recover the other timepieces, the detective said.

Osterman, at the time of the burglary, told police that a sum of money, a silver ornament and two packets of personal papers were stolen from his house. Considine claimed that these were not stolen by him, and steadfastly stuck to his story, Hough said.

Hough said that Considine stole checks and identification papers from homes and parked cars. He would use the checks to open a fraudulent checking account in a bank, then going to a branch of the bank in another area, attempt to draw out a sum equal to the amount "deposited" in the main bank.

One Detroit area branch bank refused to cash a \$900 check for Considine when it was found that he had "deposited" a check for that amount in the main bank only a few hours earlier.

Considine was positively identified in a police showup as the

man who cashed forged checks at the Farms branch of the National Bank of Detroit, Mack and Moross, by one of the tellers.

The Park, Harper Woods and Detroit, compiled their complaints with that of the Farms because if Considine is convicted on the uttering and publishing charge, he faces up to 14 years in prison.

GUESS WHO walks farthest in an average day:

- ☐ HOUSEWIFE ☐ POSTMAN
☐ HER HUSBAND ☐ SHOE TESTER

We really don't have figures on how many miles a "shoe tester" may be expected to pace off in a day. But a recent survey shows that, of the other three, the housewife is by far the champion hiker. She walks nine miles a day, which is five miles more than her husband averages, and three more than the postman. As an aid in saving steps—miles of 'em—nothing beats a handy extension phone. Why not call our Business Office and find out how little it costs to have an extension phone installed.

WHAT'RE THE PROSPECTS

of finding gold in your telephone? It's not so far-fetched as it sounds! Because of gold's rare ability to withstand corrosion, tiny amounts of it are used on certain telephone parts to prolong their usefulness. How much gold per set? About one penny's worth. It's hardly enough to dig for, but it's plenty to improve your "prospects" of trouble-free service for years to come!

Hilary Whittaker Heading New Republican Operation

Arthur G. Elliott, Jr., Repu-
blican state chairman, has an-
nounced the formation of "Op-
eration Recruit," a program de-
signed to develop Republican
precinct captains and grass-
roots leaders in all sections of
the state.

The program, to be headed
by Miss Hilary Whittaker, for-
mer director of the Romney Vol-
unteers, is statewide with
special emphasis in Wayne
County. "Over 1,000 precincts
throughout the state are with-
out delegate representation,"
Mr. Elliott reported. "More
than 500 of these are in the
Wayne County districts."

"Actually, 'Operation Re-
cruit' is a part of our continu-
ing efforts to rebuild the Re-
publican Party in Wayne
County, and in other areas
where we are not achieving
our maximum vote potential,"
said Mr. Elliott.

The GOP chairman pointed
out that expanded Republican
and Romney Volunteer organi-
zational efforts helped the
Party's gubernatorial candidate
pick up 39 per cent of the
Wayne County vote in 1962, a
high point in the Party's turn-
out in recent years.

"I'm confident," Mr. Elliott
said, "that a combination of
sound precinct organization,
manned by citizen volunteers,
plus an improving Party rep-
utation will enable Republicans
to poll at least 40 per cent of
the Wayne vote in 1964."

The same combination, he
added, will improve the Party's
vote totals statewide.
Miss Whittaker, the new di-
rector of "Operation Recruit,"

has played key roles in four
winning election campaigns in
two years.

In 1962 she directed the ef-
forts of the Romney Volun-
teers in support of Governor
Romney's successful gubernar-
torial bid. She also worked for
the passage of Michigan's new
constitution in 1963 and man-
aged the campaign of her fa-
ther, Republican Dr. Alfred H.
Whittaker, of East Jefferson
avenue, in his election to the
Wayne State University Board
of Governors.

Last fall Miss Whittaker was
executive secretary of the Citi-
zens for Schools Committee
which backed the successful
Detroit millage election.

Originally attracted to poli-
tics through Governor Rom-
ney's conviction that the Re-
publican Party offers the best
opportunity for real citizen par-
ticipation, Miss Whittaker said
that she's "delighted to under-

Hunt Club Show Gets Top Rating

Erbin Wattles, president of
the Grosse Pointe Hunt Club,
and Edwin N. Peabody, treas-
urer of the organization, re-
turned to Detroit Sunday from
Palm Beach where they had at-
tended the yearly meeting of
the American Horse Shows
Association and brought with
them word that for the second
year in a row, the Annual June
Horse Show held at the club
grounds on Cook road has been
awarded the "A" rating by that
governing body.

This recognition means that
the show held last June was in
strict compliance in every de-
tail with the rules and regula-
tions laid down by the national
organization, and it is an honor
accorded to only a small per-
centage of the horse shows held
throughout the United States.

Next Saturday will see the
running of the Second School-
ing Show of the 1963-64 Sea-
son under the guidance of W.
J. Lilley. The show starting
time has been set up as 9:30
a.m. and John Wallace of
Northville will judge. Lilley has
designated Kenneth Kahn and
Norm Werthman as announcers
with James Kahn wearing the
"Pink" coat of the Ringmaster.
Assisting as Gate Stewards
will be Carl Piltz, Ivan Dunlap,
Charles E. K. Brown, and Jack
Kirlin, while Mrs. Lilley, Mrs.
Clarence LaPearl, and Larry
Marantette will do the record-
ing in the secretary's stand.

Breakfast, luncheon, and din-
ner will be served in the club-
house for the benefit of the
participants and spectators at
the event.

Harper Woods Battles Radio

(Continued from Page 1)

uary 8, Scopas verbally berated Harper Woods City Manager Allan Kronbach and Harper Woods Police Chief Allen Miglio, for failing to represent the interests of the city at a state committee meeting on the allocation of police radio frequencies.

Criticizes Officials

Scopas charged that Kronbach, chairman of the committee, and Miglio, a committee member, failed to support the council's request for approval of a radio frequency for a separately operated police radio system.

Scopas, in his blast at the two officials, pointed out that the Farms was represented at the meeting in Lansing, "but we weren't."

"Every day we're coming closer to a crisis over the joint radio system, and I, for one,

won't vote to give one penny to Grosse Pointe Farms for operating the radio system until the costs are brought down to where they should be," he said.

At a meeting last November 28, between Farms and Harper Woods officials, the Harper Woods officials said they will prepare a list of 30 questions concerning expenditures, and another list for more economical operation of the system.

Answers Being Prepared

It was disclosed that the answers to the questions and suggestions are being prepared by the Farms officials and should be in the hands of the Harper Woods officials sometime this month.

Scopas charged that the MPSC's refusal to approve a recommendation that Harper Woods be permitted to operate its own radio system amounts to "helping the Farms blackmail us."

He said that it was strange that the MPSC refused to approve the city's request, when the chairman of the Midwestern Section of the International Municipal Signal Association, which deals with fire department radio frequencies, will approve Harper Woods' request to operate a separate fire department radio system on the same frequency with the Pointe communities.

He said it was mighty peculiar that one committee can approve "our request while another committee, which seems to be lined up with Grosse Pointe Farms, can reject our request, although the circumstances are identical."

Mayor Obtained Bids

Harper Woods Mayor William Huber claimed that bids from radio repair companies indicated that Harper Woods can obtain service and parts for police and fire radios for less than \$1,000 annually, compared to the \$4,000 a year assessed to the city by the joint radio system. Even doubling the \$1,000 would save the city \$2,000 a year, he added.

Harper Woods Councilman George Casari asserted that he thought the other Pointe cities were afraid "to buck Grosse Pointe Farms. The Farms has bled us enough."

Scopas said that he has prepared two radio transmitters, at a cost of \$50, to serve as a base station for the Harper Woods Police and Fire Departments, if the city cannot come to terms with the Farms and other cities in the joint radio system.

It was disclosed by an official source in the Pointe, that converting of base stations to put on the air is illegal. Stations of this type cannot be used for radios unless licensed by the Federal Communications Commission. It is not likely that licenses will be approved for such stations to operate on group channels, the source added.

Injured in LS Accident

(Continued from Page 1)

closed that witnesses to the accident told police that Lauve was driving west on Lake Shore, at an excessive rate of speed and passed through the Moross intersection just as the light turned green, without slackening his pace. He lost control of the vehicle, which struck an icy patch, jumped the curb of the island, crashed into and broke a tree, traveled 100 feet and hit another tree, uprooting it.

Car Flies in Pieces

The undercarriage of the car ripped off, as the vehicle continued onward, and 70 feet further, the rear end fell off.

As the automobile ploughed ahead, the roof came off, the passengers flew out and were thrown approximately 138 feet. The engine and dashboard then went in different directions.

Investigating officers at the scene, said the disintegration was "fantastic." They said that wheels and parts of the automobile were strewn on both sides of the road.

Youths Stop Parts

A witness told police that he observed two young men, about 16 or 18 years old, picking up the transmission of the Lauve car, and putting it in the trunk of their car, parked on Oldbrook lane.

The witness said he approached the car and saw a girl sitting in it. He said he also talked to one of the boys, but failed to obtain his name, before the youths drove away.

Van Tien and Paisley said that the witness gave a partial number of the license plate from the youths' car to police. An effort is being made to track down the owner of the vehicle, the detectives said.

Evans, Sr., is a Detroit Civic Center commissioner and head of several industrial firms.

Lauve is the son of Mr. and Mrs. Henry deS. Lauve. Mr. Lauve, a former General Motors Corporation automotive stylist and designer, and now head of his own business, was in Baltimore at the time of the accident, where he had been attending his father's funeral.

Scenic Highway

A scenic shoreline highway along Lake Superior and a national seashore park could be the greatest boon to the Upper Peninsula since the discovery of iron and copper, State Highway Commissioner John C. Mackie said recently.

Mackie was unexpectedly kept in Lansing but his speech was delivered for him at the opening of the \$17-million Marquette by-pass.

Teacher Hiring Method Changed

Beginning with the 1964-65 school year, it has been deemed advisable to alter slightly the current plan of granting professional staff members one-year, two-year, and five-year contracts.

The major reason for the change is that building principals have had to complete their evaluations and recommendations for the two-year contract within the first five months of an employee's first year with the system. The new approach will permit administrators to evaluate a teacher's work more adequately before recommending him for the long-term contract.

Upon completion of one year's satisfaction service, and following a written evaluation by the principal or other supervisory official, the employee will be recommended for a second one-year contract. Upon completion of a second year's satisfactory service, employees may be recommended for contracts ranging from one to five year duration. All contracts are to run their full term before being renewed except that five year contracts may be renewed for the same term at the end of the third year if the services are fully satisfactory.

It is expressly understood that the enactment of this

Nominated as Teacher of the Year

RALPH N. DEAL, 52 year old Grosse Pointe High School teacher, was Michigan's entry into the national project sponsored by Look Magazine, in cooperation with the Council of Chief State School Officers and the United States Office of Education to select the "National Teacher of the Year," announced Dr. Lynn M. Bartlett, State Superintendent of Public Instruction.

Dr. Bartlett said the purpose of the selection is to help en-

courage all teachers to aspire to greatness in their chosen profession and to help interest more young people in pursuing teaching careers.

A native of New Hampshire, Deal attended the University of Iowa, majoring in European History and Philosophy. While an undergraduate, he worked as staff pianist and assistant announcer for Radio Station WSUI, an educational station connected with the university. He received his master's degree from Wayne State University and has pursued further graduate studies at the University of Michigan and Middlebury College in the East.

Deal began his teaching career more than 25 years ago in the fall of 1938, in a rural school in the Conway Consolidated School District in Southwestern Iowa. From there, he went to Galena, Illinois, in 1941, where he became director and teacher of vocal and instrumental music for the entire school system.

Nineteen years ago, in the Fall of 1944, he accepted a position with the Grosse Pointe School System as a teacher of Civics, at the Pierce Junior High School. Later he moved on to the high school teaching World History.

With approval of the Board of Education and school administrators, Deal planned, outlined and initiated a course in Music

Literature that was then adopted by the board as a part of the high school curriculum. In 1955, he embarked on a study of the Russian language and is presently in his fourth year of teaching this language to Grosse Pointe students.

Through his efforts, concerts, operas and recitals have all now become an accepted part of "extra curricular" activities at Grosse Pointe High School, with a great many parents participating. Dr. Bartlett said, "I have known Ralph Deal for a great many years, as a professional colleague, as a citizen and community member, and as a personal friend. His devotion and dedication to his calling has been and is outstanding. He exemplifies in the truest and finest sense of the word 'teacher'. We were pleased and honored to place his name in nomination."

Of his work and profession, Deal had this to say, "Now, after more than twenty-five years of creative and intensive work in the classroom, I am still imbued with the convictions, enthusiasm and vitality which caused me to accept the sacred trust of teaching the youth of our great land. There is no finer profession."

Regarding the selection of the Grosse Pointe teacher for the honor, Dr. Charles H. Wilson,

Superintendent of Schools, has said, "Ralph Deal exemplifies the highest ideals of a teacher and the teaching profession. He is a 'Mr. Chips' in modern American attire—a selfless, devoted, warm human being and a natural teacher. This high honor could not come to a more deserving person."

Pointers New MSU Trustees

Two Grosse Pointers have been named trustees of the Michigan State University Board in Lansing. They are Paul D. Bagwell of 1051 Devonshire road and John S. Pingel of 582 Peach Tree lane.

Mr. Bagwell twice was the Republican nominee for governor. Mr. Pingel is a Detroit advertising executive and former Michigan State All-American and Detroit Lions football player.

The new State Constitution provides for an enlargement of the Board of Trustees of the University from six to eight members. The ratio of Republicans to Democrats now stands at 4-4.

The traffic lights on the road to ruin are always green.

PROGRESS REPORT

... The figures below reflect the progress of Manufacturers Bank in 1963. Here is evidence of the forward strides made by the 20 Metropolitan Detroit communities of which this Bank is an integral part, and an indication of the expanding activities of the Bank in Michigan, the nation and abroad.

Deposits increased; coming from a broad cross-section of large and small businesses—from individuals in all walks of life.

And, through loans and investments, these dollars were put to work ... helping business and industry produce vital goods and services ... creating jobs ... financing housing and consumer goods ... contributing to the growth and strength of the economy.

Unitarians Offer Lecture Series

An opportunity to take a fresh look at ourselves and the world around us is being offered in a series of programs which will begin next Thursday, January 22, at 8 p.m., at the Grosse Pointe Unitarian Church. Entitled "Your Window On The World," the series will use as its central theme the thought of Alfred Korzybski that "people do what they do because they see the world as they see it."

Giving first consideration to the concept each person has of

himself, the series will begin with a talk by J. Clayton Lafferty, Ph.D., on "The Tyranny of Irrationality." Dr. Lafferty has been president of both the Detroit and Michigan Psychological Associations and is president-elect of the Michigan Society of Consulting Psychologists.

He serves as Consultant to the Wayne County Board of Education and the Waterford Township Public Schools. He is on the part-time faculty at the University of Michigan and Wayne State University and conducts a private practice in Detroit.

The second program, on Sunday, February 2, at 8 p.m., will concern itself with our perceptions of things and persons around us. Douglas A. Sargent, M.D., will call his talk "Father To The Thought" and will employ an unusual demonstration device, the trapezoid window, as well as a film, "The Eye of the Beholder," to highlight his remarks.

Dr. Sargent is a resident of Grosse Pointe Park and conducts a private practice in psychiatry. He was formerly director of the Juvenile Court Psychiatric Clinic in Detroit and is now chairman of the Mental Health Committee for the Detroit Commission on Children and Youth. He is on the faculty at Wayne State University and is director of a demonstration project concerning emotionally disturbed children conducted through the Merrill-Palmer Institute.

On Sunday, Feb. 9, at 8 p.m., the third program will present Rev. William D. Hammond, Minister of the Grosse Pointe Unitarian Church, who will give his attention to the way language affects our perceptions. His talk, "In The Beginning—NOT The Word," will be a discussion of general semantics which Mr. Hammond describes as "a study of the behavior of people with and under the influence of language."

Mr. Hammond, once a student of the semantist Alfred Korzybski, has for several years taught a course in general semantics under the Grosse Pointe Community Services program. He has been minister of the Grosse Pointe Unitarian Church since 1950 and is a member of the Board of Directors of the Midwestern Unitarian-Universalist Conference and vice-president of the Unitarian-Universalist Council of Michigan.

The final program on Sunday, February 16, at 8 p.m., will deal with the problems of living with minority values. James G. Bond, Ph.D., Chief Psychologist of the Toledo State and Receiving Hospital, will call his presentation "Being Comfortably Different" and will be held at the Unitarian Church House, 17440 East Jefferson Ave., at Rivard, and there will be a charge of 50c for each program or a series ticket may be purchased for \$1.50.

The full program has been under the direction of Mrs. Wallace E. Clayton who has been assisted by Mrs. Robert R. Bridge, Mrs. Alfred E. Taylor, and Mrs. E. Allen Freiwald. Teen-agers as well as adults will find this series of value and the public is invited to attend. For information or reservations call 881-0338 or 885-0233.

Farms Proposes Charter Amendments on Pensions

Two proposed amendments to the Farms City Charter pertaining to plans that would make it possible for survivors of city personnel to receive pensions, were approved by the city council at a meeting Monday night, January 6.

It was pointed out, however, that amendments to the City Charter require a vote of the people, and since it was not sure that an election will be held in August to decide a Swimming Pool Bond issue, the charter changes will not be readied for balloting until a definite date has been set for the former election.

It was the consensus of the council that placing the bond issue on the ballot, along with the proposed charter amendments, would be a saving of time and money, to the city and the electorate.

At a meeting last November 4, the council directed City Clerk Dawson Nacy to obtain from A. G. Gabriel and company, the Farms consulting acturaries, the annual cost of financing the requirements to provide a plan that will make it possible for the widow of a policeman or fireman to receive a non-duty death benefit.

An annual cost plan benefiting survivors of general city employees, was also studied by the consultants.

The results of the study, pre-

sented to the city council Monday night, revealed that the former plan would cost the Farms \$1,400, and the latter, \$1,200 annually.

Under the present Policemen and Firemen Retirement System, covered in a section of the Farms City Charter, it is provided that if a policeman or fireman continues in the employ of the city on or after the date he can voluntarily retire, he can elect a pension option and name a beneficiary. If he dies while in the employ of the city, his beneficiary will receive a pension, under the option elected by the policeman or fireman, computed in the same manner as if the member retired the day before he died.

A policeman or fireman who was in the employ of the city prior to April 1, 1949, may retire upon completing 25 years of service, regardless of age, or at 55, regardless of years of service. If he entered employment after March 31, 1949, they may retire at 55, regardless of years of service.

The proposed amendment to this section of the charter would automatically provide the widow of a deceased policeman or fireman, who had 15 years or more of credited service, a pension of 1.5 percent of the deceased's final average salary, times the number of years of credited service not to

exceed 25 years.

If there are surviving children under 18 years of age, if the widow dies or remarries, or if there be no widow, the additional annual cost to the city would be slightly higher.

The pensions to be paid the children would be equal shares of the pension that would have been paid a widow, if there had been a surviving widow. The child's pension terminates upon adoption, marriage or death.

The section covering the General City Retirement System in the City Charter, now in force, provides that if a general city employee continues in service on or after the date he acquires 25 years of credited service, or the date he attains 55 years of age, and has 10 or more years of credited service, and dies while still working for the city, his widow will receive a pension computed as an age and service pension under the joint and survivor option.

The proposed amendment to this section would lower the service requirement from 25 to 15 years, so that a member would require either 15 years or more of credited service, or would have to attain age 55, and have 10 or more years of credited service.

Under the amendment, the widow's pension would be 75 percent of the retirement

allowance to which the deceased would have been entitled had he retired the day before he died, notwithstanding that he might not have attained the age of 60.

The consultants disclosed the children's pensions were not included in the study and annual cost plan because gen-

eral city employees have a survivors benefit coverage under the Federal Social Security Program.

Strength, Stability and Safety for Savings since 1893

WE INVITE YOU to share in the strength, safety and substantial earnings for your savings offered by Detroit's oldest and one of America's largest savings and loan associations. We are pleased to report that during 1963 Standard Federal Savings continued its strong, healthy growth in assets, savings, mortgages and reserves. Our total assets as of December 31, 1963, were \$273,708,000, an increase of \$41,276,000 over assets held as of the same date the previous year. Our savings increased \$35,204,000 for the year, and we added more than \$40,000,000 to our mortgage portfolio. Our already sizeable reserve funds were increased by \$1,502,000, and our present reserves total 7.88% of total savings—well above the requirements set by federal supervisory agencies. Our present liquid assets total over 17% of savings, a figure well in excess of supervisory requirements. We look forward to serving more people during the coming year and have expanded our facilities to help our savers enjoy the safety, convenience and profit of saving at Standard Federal Savings.

48th Annual Detroit Auto Show Will Open Saturday

The 48th Annual Detroit Auto Show—a family-type craftsman-
ship spectacular—opens Satur-
days, January 18, in the Detroit
Artillery Armory, 15000 West
Eight Mile Road near Green-
field.

The colorful show, covering a
gaily-decorated seven acres of
space, is expected to attract
more than 125,000 visitors dur-
ing the nine days ending Sun-
day, January 26. Show hours
will be 11 a.m. to 11 p.m. daily.

A gleaming array of over 30
new model automobiles (over
300 cars) and three lines of
trucks will epitomize the them-
e—"Progress On Wheels"—of the
Detroit Auto Dealers Associa-
tion-sponsored extravaganza.

The opening ceremonies Sat-
urday will be attended by Mayor
Jerome P. Cavanagh, other offi-
cials and civic leaders, plus
members of the sponsoring
D.A.D.A. Board of Directors and
Show Committee.

As with similar auto shows
presented here, this one will at-
tract a more critical audience
than that found elsewhere, it
was pointed out by Harold
Johns, Auto Show Committee
Chairman of the D.A.D.A.

"Here in the motor capital of
the world, where so many of the
cars are produced, the engi-
neers, artisans and assembly
line workers are provided by the
auto show with their best op-
portunity to compare their end
products with the craftsmanship
of others," Johns said.

"And, the families of all our
automotive workers have a
chance to look over the products
that dad and brother and uncle
have had a hand in manufac-
turing.

"Ours is more of a family
type show than auto shows
staged elsewhere and we try to
provide an exposition that is in-
teresting as well as colorful,
educational as well as entertain-
ing."

One exhibit in the gigantic
hall will be 12 makes of Ameri-
can-made passenger cars and
17 makes of foreign cars, plus
the three domestic truck dis-
plays—Chevrolet, Dodge and
Ford.

Accompanying the exhibits of
cars of many hues, nestled in
varied settings and myriad
colors, will be a number of
pretty girls, gaily gowned to
best complement the automotive
models.

Foremost among the beauties
will be the current Miss Ameri-
ca, Donna Axum, of Eldorado,
Arkansas, who will take her
place in the Oldsmobile exhibit
area, as did her predecessors.

Several "dream cars" and
other spectacular exhibits will
be shown. Included will be tur-
bine-powered passenger cars, on

display for the first time in an
auto show, ne will be in the
Chrysler-Plymouth display area,
the other in the Dodge Division
section.

The Datsun, a Japanese car,
will make its world premiere
here. Seven models will be pre-
sented in an area highlighted
by Oriental decor.

A Fiat No.1500 will be shown
for the first time in this Mid-
western United States area.

The Opel "Kadett" by Buick
Division, manufactured in Ger-
many, will have its first debut
at an Auto Show.

Another "first" at a public
showing will be the Checker
Motor "Limousine," of Kala-
mazoo, Michigan.

There will be such other fea-
tures as a cut-in-half Volks-
wagen Camper, mounted on a
turntable; a Grand Prix cut-
away model with narration by
taped script.

A certain crowd-pleaser will
be the first public showing of
the exploding car, in the Buick
area. The car is a 1964 White
LeSabre, animated so that the

WINDOWS BROKEN

Arlene Wilcox, 46, of 4336
Bedford, Detroit, informed
Woods police on Friday, Janu-
ary 10, that since December 25,
vandals have smashed nine
thermo windows of a home she
and her family had purchased
at 1507 Edmunton. She asked
that police watch the residence
until the family takes over oc-
cupancy. Damage is estimated
at \$200.

Thrifty people are those who
keep overhead expenses under
foot.

Parent-Teacher Parleys Slated

Of importance to the el-
fare of all the boys and girls
enrolled in the Grosse Pointe
Public School System is a con-
tinuing flow of information and
understanding between the
home and school.

With this in mind, the par-
ent-teacher conference has de-
veloped over the years into an
especially valuable means of
communication between parent
and teacher at the elementary
level.

The mid-year personal con-
ferences differ from most others
in that they occur while
classes are not in session. In
the elementary schools the
sessions have been scheduled
for the afternoons of January
10, 17, and 22, for the entire
days of the 23 and 24, with

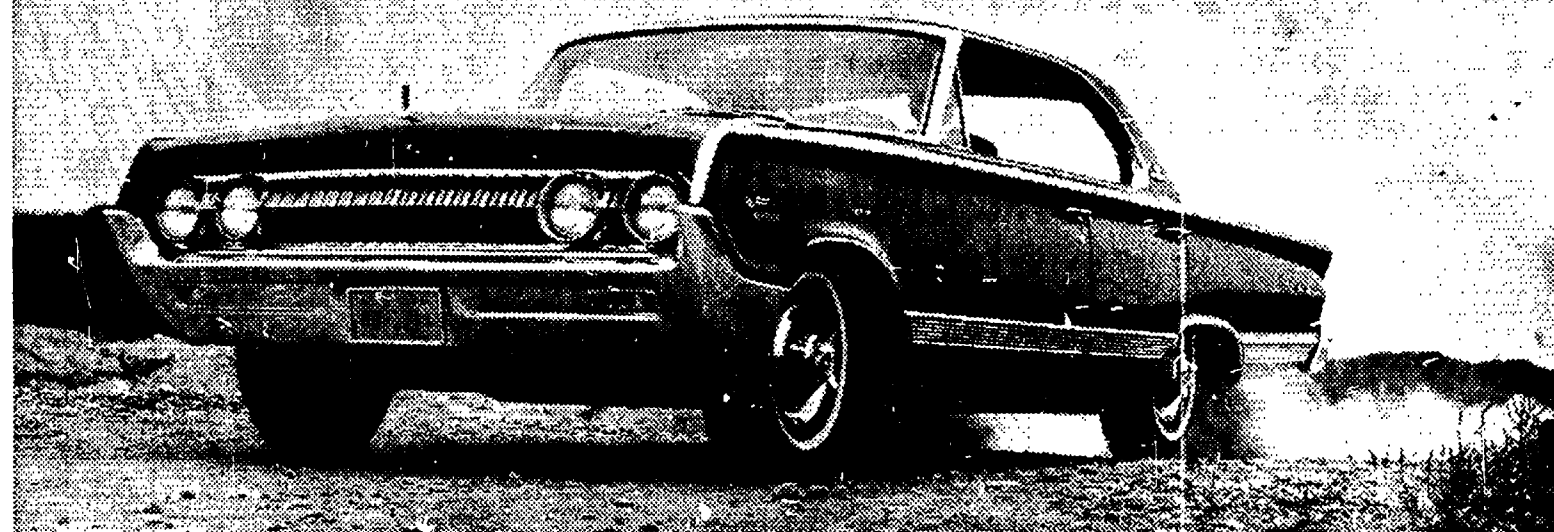

special provision for the morn-
ing kindergartners on January
14, 21 and 28.

On the designated conference
dates teachers will schedule
specific appointments with as
many parents as time permits.

Chorus Slates Registration

The Grosse Pointe Community Chorus will hold its first registration and rehearsal for the current season on Tuesday evening, January 28, at 7:30, in the Choral Music Room at Parcels Junior High School, Vernier at Mack.

The 100-voice mixed choir will begin preparations for their 12th Annual Spring Concert, to be presented on Sunday afternoon, April 26. The program is varied in style, period and difficulty, ranging from 16th century to contemporary, and oratorio choruses to folk songs and a musical comedy medley. Certain selections will commemorate specific current events or anniversaries.

The Grosse Pointe Chorus was founded in 1953 by Malcolm MacLean Johns, Professor of Music and Theory at Wayne State University and organist-choirmaster at Grosse Pointe Memorial Church. It is directed by Donald W. Simmons, who succeeded Mr. Johns in 1957. Dr. Simmons has been vocal music teacher at Parcels for ten years and is also Director of Music at Covenant Baptist Church and conductor of the Grosse Pointe Chamber Sing-

ers and the Grosse Pointe Summer Chorus. Jerry Hughes is accompanist for the group.

There are no auditions required for membership in the chorus and anyone over high school age with an urge to sing and work on fine choral music is welcome. There is a registration fee of \$5 for an individual and \$8 for a couple. Anyone wishing further information may call TU 4-5964.

Dodge to Show Complete Line

Dodge will display its complete line of 1964 cars — from the family-size compact Dart to the elegant medium-price Custom 880 — at the Detroit Auto Show.

Observing its 50th Anniversary, Dodge offers three separate lines in 1964, providing a selection of 40 different models designed to fit the varying needs of modern motorists.

"These exciting new cars are Dodge's birthday gift to the motoring public, which in 1963 bought Dodges in record-breaking numbers," said Byron J. Nichols, Dodge general manager.

"The five-year, 50,000-mile warranty on our engines and power train provide ample evidence of the dependability that has been a Dodge tradition and trade-mark for half a century.

"There have been many changes in the last 50 years but that same tradition of dependability has been handed down to the 1964 Dodge."

The three Dodge lines exhibited at this year's auto show are the family-size compact Dart; the standard-size, popular-price Dodge; and the luxurious, medium-price Dodge 880 and Custom 880.

Law Offenders Hear Sentences

Seven minors, including five New Year party participants, pled guilty to illegal possession of alcoholic beverages, at a hearing held before Park Judge C. Joseph Belanger on Wednesday, January 8. Three adults entered pleas of guilty to law infractions, and another stood mute, and his trial was postponed to January 22.

Standing mute was Luigi Renni, 21, of 4311 Springle, Detroit, who is accused of contributing to the delinquency of 12 minors, seven juveniles, and the five New Year party participants, by serving them liquor.

Another adult accused with Renni, Donald L. Agbay, 23, of 3057 Lenox, Detroit, pled guilty to the charge. His sentence was postponed until Renni's trial date.

Renni and Agbay and the 12 minors were arrested by Park police who broke up a party at Renni's Pizzeria, Wayburn and Mack, at about 3:30 a.m. on Wednesday, January 1. Some of the minors were so intoxicated, that on the way to the police station, they passed out.

Charges against the juveniles were filed with authorities of the Juvenile Court, and will be heard at the next session of the Court.

The five older minors entered pleas of guilty to illegal possession of liquor, and were sentenced to pay fines of \$50, or serve 10 days in the Wayne

THE SOLUTION

It would be a simple problem to disarm nations if a way could be found to disarm suspicion.

County Jail. They paid the fines. They are:

Marie Bednarz of 3023 Marlborough; Robert Hicks of 3487 Dickerson; James Kata of 6357

Newhall; Edward Daniels of 2981 Springle; and Nancy E. Rymal of 3474 Dickerson, all of Detroit.

Two other minors who also pled guilty to different charges of illegal possession of alcoholic beverages, were Robert J.

Toupin of 19665 Stotter, Detroit; and James Sabczak of 8038 Sirran, Detroit. Both paid fines of \$40, rather than spend five days in the County Jail.

Nicholas Consentino of 22937 Edgewood, Detroit, pled guilty to a charge of being drunk and

disorderly, and paid a fine of \$20. The alternative was two days in jail.

Also entering a plea of guilty to being drunk and disorderly was James Konar of 1013 Anita. His sentence was similar to that imposed on Consentino.

Walt Whitman Expert to Talk

One of the nation's foremost authorities on Walt Whitman will speak in Grosse Pointe Wednesday evening, January 22, when Charles E. Feinberg will talk to an open meeting of the Friends of the Grosse Pointe Public Library. The meeting will be at the Central Library at 8:30 o'clock.

Mr. Feinberg, a Detroit business man with a literary interest, has an outstanding collection of books, manuscripts, personal papers and other mementos of Whitman, gathered over a span of 45 years, and it is reputed to be the most complete Whitman collection in the world.

Since retiring in 1962, he has lectured frequently at colleges and universities on this American poet and, at the request of the United States State Department, he recently traveled to a number of world centers to arrange for exhibits and lectures on Whitman.

The topic of Mr. Feinberg's talk on Wednesday evening is "Whitman, Spokesman for America."

Dr. Alfred H. Whittaker, chairman of the Grosse Pointe Friends Rare Book Committee, will introduce the speaker. Following Mr. Feinberg's talk, a reception will be held to honor him. Mrs. Helen Braun Landrum and Dr. Hugh Stalker. Mrs. Landrum has presented the Grosse Pointe Library Special Collections with a wealth of Lewis Carroll material, plus fine examples of gauffering and fore-edge painting. Dr. Stalker is the donor of the most recent additions to the Friends' Special Collections, his exceptional John Masfield Collection.

Refreshments at the reception will be served by the Friends Social Committee, headed by Mrs. James French.

A cordial invitation to the Friends meeting and reception is extended to all interested people of the community.

Dr. Whaley Wins Double Honors

Dr. Randall M. Whaley, 921 Berkshire road, vice-president for Graduate Studies and Research at Wayne State University, has been appointed to the Commission on International Education of the American Council on Education for a three-year term.

The Commission on International Education is charged with leadership within higher education for planning and carrying out Council policies in the field of international education. It also assists American academic institutions and the federal government in developing and coordinating effective international educational programs.

Through its liaison and advisory services, it furnishes information to the academic community, the federal government and foundations about international education programs.

Dr. Whaley was also elected president of the International Scientific Film Association, headquartered in Paris, France.

The International Scientific Film Association was founded in 1947 as a non-governmental, non-profit organization. Its purpose is to promote and develop the production of scientific films for research and education.

Thirty countries currently are members, including representatives of the Iron Curtain nations. The association's annual international congresses and scientific film festivals held since 1947 are open to all observers. Films are critically evaluated at the festivals and judged from an international point of view.

Center Starts Yoga Classes

Enrollments are still being taken for a new series of Yoga classes which has started at the War Memorial Center. The instructor will be George Johnston, Jr., who received his training from the Self-Realization Fellowship and has been teaching Yoga in the Detroit area for the past several seasons.

Exercises and techniques will be taught which can easily be practiced by anyone for better health and well-being. The exercises are done very slowly, with concentration, and are followed by unique periods of complete relaxation. During the first few weeks, simple exercises are presented, more advanced ones being introduced only after the student's muscles and joints have had time to become limber. Anyone may join the classes, which are designed for men, women and children of all ages.

Many who have learned the exercises and techniques report that they feel better, and are able to perform their everyday tasks more cheerfully with less strain and tension. The explanation is that Yoga relaxes the tensions of body and mind, so that all one's potentials—physical, mental and spiritual—can develop more freely.

There will be 10 weekly sessions in the series offered at the War Memorial. Loose clothing should be worn, and an old blanket or exercise mat brought to class. The fee for the entire ten-week series is only \$10. Those wishing to enroll should call the War Memorial, TU 1-7511.

Tipsy Driver Gives Police Trouble

A Harper Woods woman gave Woods police officers a bad time before they had to resort to force to take her to the station where she was booked for drunk driving and released on bond.

On Saturday, January 11, Patrolmen Adrian Meerhaeghe and Kenneth Carver, while patrolling Mack avenue in a police car, observed a car approaching north on the avenue, and traveling at a high rate of speed. The officers gave chase.

They said that they paced the speeding vehicle at about 55 miles an hour, and as they maneuvered to pull up alongside, the driver of the other vehicle, Jean Louise Mallory, 30, of 21141 Vernier road, pulled toward the center lane, and then veered sharply to the right hand lane.

The officers said that the woman continued in the right lane and approached a bakery truck that was being unloaded at the curb.

Meerhaeghe said that he pressed the siren button of the cruiser "loud and long," which the woman apparently heard, and she swerved almost at the last minute, and missed the truck by scant inches.

The officers pulled up alongside and motioned the woman to the curb. She stopped and was about to get out of her car, when she changed her mind and started up and drove away.

Meerhaeghe said that he got back into the scout car and stopped the woman about 200 feet from where she had originally been stopped.

Both officers got out of the scout car. When the woman was asked if she had seen the truck, she replied that she had. They asked her for her operator's license and car registration.

When the woman was informed that she would not be permitted to drive, she attempted to put the car in gear and leave. Meerhaeghe reached into the car and turned off the

ignition key. The woman refused to be taken to the station. Meerhaeghe reached through the car window and removed the ignition key after turning off the motor. A call for assistance was put over the police radio and Police Sgt. Allen Selby arrived.

Before the arrival of the sergeant, Meerhaeghe said, the woman pulled out another ignition key that had been hidden on her person, inserted it into the ignition and started up the motor.

The policeman said he reached into the car to remove the sec-

ond key and the woman raised the electric-powered window, pinning the officer's arm. But he had already removed the key, which he gave to his partner.

Selby arrived, and he and Meerhaeghe and Carver had to use force to put the woman in a scout car to take her to the station.

At the station Mrs. Mallory was given a ticket for driving while under the influence of liquor, and later she was released after posting bond of \$150, pending a court appearance.

Let's Study the Lesson

Four young people who miraculously escaped death Saturday evening in one of the most spectacular automobile accidents ever seen in the Pointe, have provided a potent lesson in safety, if drivers of all ages, (and particularly the young), are smart enough to study the message.

The four, happily tooling down Lakeshore road in an expensive two passenger sports car, in one sickening flash had their lives turned topsy turvy as they were transformed into emergency hospital cases and the automobile was reduced to rubble. Excessive speed was clearly indicated by the complete disintegration of the car and the incredible amount of terrain over which the passengers and portions of the wreckage were spewed. The plausible theory on the cause of the crash is that a patch or patches of ice on the pavement sent the machine into a spin that precipitated its terrible tumble over the curbing, through trees and shrubbery, hurtling hum n beings and automobile debris over the landscape.

We know of a number of parents who took their children to the scene of the accident in the hope of imprinting indelibly on their memory the horror that can be created in one split second. It was the same graphic lesson, though more visibly packed with impact, as that offered in driver training classes when the students are shown films of terrible tragedies of the highways.

By some miracle, the three passengers in the car, (who were thrown clear), were making satisfactory progress toward recovery, according to reports just before going to press. The driver, critically injured, was still unconscious but there were hopeful signs. It was a blessing that no other cars were helplessly involved in the accident.

Today's traffic hazards are so plentiful that it is sheer folly to court them. It is to be hoped that the excruciating experience of these young Pointers will add another deterrent to the bad driving practices to which so many are addicted.

'64...good year for CAPITAL GAINS?

Statisticians and analysts across the nation appear optimistic about market growth in 1964. BUT... the purchase of growth issues for capital gains will require selective judgement. 1964 will be a year of more careful buying and selling... a year requiring professional portfolio development.

Whatever your investment objectives, a First of Michigan representative can help you to plan a sound investment program based on research and analysis. Stop in soon.

What Goes On at Your Library

By Virginia Leonard

1963 is ended; we have already taken a firm foothold in 1964. But before we move ahead any further, it is always interesting at this time to meditate a moment on some of the well-known people who have died during the past twelve months. And since we deal in books, our chief concern is with authors.

We have already devoted a column to the untimely, tragic passing of John F. Kennedy. He was a national figure, an international figure—and also an author. A nation—a world—is still recuperating from the shock of his assassination. His books, always popular in our library, are being sought out even more eagerly by young and old.

Another internationally known and universally loved person whom we lost in 1963 was Eleanor Roosevelt. She was known variously as a great humanitarian, writer, wife of Franklin D. Roosevelt, First Lady, tireless worker for the United Nations and the Democratic Party. In international polls she was often selected as "the world's most admired woman." Our material written by her ranges from the autobiographical (IT SEEMS TO ME: ON MY OWN; THIS I REMEMBER; THIS IS MY STORY) to the political (LADIES OF COURAGE; UN: TODAY AND TOMORROW), with a book on etiquette, ELEANOR ROOSEVELT'S BOOK OF COMMON SENSE ETIQUETTE — thrown in for good measure.

Another gracious lady lost in 1963 was the scholar and classicist, Edith Hamilton. Her enthusiasm for and great ability in her field enabled her to arouse an interest among general readers in the literature and ways of life of the Greeks and Romans. Among other titles, our library has THE GREEK WAY; THE ROMAN WAY; ECHO OF GREECE, and MYTHOLOGY.

Oliver La Farge died in August of this past year, the world thus losing a good author, anthropologist, and champion of welfare of the American Indian. In 1929 he won the Pulitzer Prize for his LAUGHING BOY, a novel about Navajo life. Titles such as A PICTORIAL HISTORY OF THE AMERICAN INDIAN AND THE AMERICAN INDIAN testify to his consuming interest in this subject.

Another Pulitzer Prize winner in history in 1937, Van Wyck Brooks, (for his THE FLOWERING OF NEW ENGLAND, 1815-1865) became a casualty in May. Critic and writer of literary history, he is represented in our Grosse Pointe Library by such other titles as: DREAM OF ARCADIA, dealing with American writers and artists in Italy; FENOLLOSA AND HIS CIRCLE; ON LITERATURE TODAY; OUR LITERARY HERITAGE, a pictorial history of the writer in America; and SCENES AND PORTRAITS. He has also written biographies of such notables as William Dean Howells, Helen Keller, John Sloan and Ralph Waldo Emerson.

5,089 New Cars Loaned by GM

General Motors automobile dealers loaned 5,089 new cars to high schools throughout the United States for use in driver education courses during the school year ending August 31, John F. Gordon, president of General Motors, reported.

During the twelve-month period approximately 400,000 young men and women received driving instructions in automobiles provided by GM dealers, a compilation of national statistics disclosed. The dealer allowance program, whereby participating dealers are paid a special allowance for each vehicle loaned to high schools, has been in effect for eight years, during which time more than 2,700,000 students have gained automobile driving knowledge.

"This tangible support of high school driver education by thousands of dealers is impressive evidence of their public spirited interest in highway safety," Mr. Gordon declared. "We are pleased to co-sponsor this training car loan program with our dealers by sharing the substantial cost they incur. We are convinced that the proper instruction of young people in sound driving skills and attitudes is one of the most productive of all traffic safety measures."

During the year, General Motors paid more than one and a quarter million dollars to Chevrolet, Pontiac, Oldsmobile and

A Sure Cure for Insomnia

By FRED KOPP, R.Ph.

You've heard the joke, "The best cure for insomnia is a good night's sleep." Not funny to someone suffering "white nights," but true, nonetheless. Too frequent use of sleeping pills can be bad. Even if they do not cause true addiction they may have a strong psychological effect. Users sometimes come to depend on them. So sleeping pills—any kind—should be taken only when a physician prescribes, and only in the amount directed.

What's New on THE HILL...

By Roberta

If you are not going some place sunny or sandy... or snow-y and ski-y place, it is conceivable that you will want to do something different around home... small enchantments... but the nicest things happen at home... like rock candy lamps... Ski cream... clothes lines... the very new Hunt Table... antique spice box... or the sparkling candelabra... all at home... and on the Hill.

This is news

Mrs. Maurice Wood has advised the clients of Maurice Wood, Inc. that she is continuing his interior design services with the assistance of Eleanor Rivard, AID, and Maxine Brydges, at 70 Kercheval. Expect the same fine service.

Did you know

that there are six beautiful offices over Pongraz Jewellers and The National Bank, on the Hill? There are... AND, one of them are for rent. Inquire within, Pongraz Jeweler and Silversmith.

Anthony's

usually has a sale in January... that's when the dreamy slips... gowns... sweaters... robes, silk dresses and jewelry prices move democratically down. It will be worth your time to browse... coffee and tea while you look. 115 Kercheval.

Church Revives Litany Practice

The ancient practice of the Litany has been revived at Christ Church, Grosse Pointe on the second Sunday of Advent for the past two years. The word Litany means prayer or supplication. The practice is appealing to parishioners because it involves singing, responses by the congregation, while at the same time telling in a dramatic form the biography of Jesus Christ.

The Litany denotes a special type of prayer pronounced or sung by the minister in alternation with brief responses by the congregation. At Christ Church, the minister, reading or singing the Litany, marches through the aisles followed by the entire choir, singing the responses along with the congregation.

The use of Litany forms in Christian worship was first developed in the churches of Syria during the fourth century. Not only were they familiar to pagan worship but they appear to have had some use in Judaism.

Litany forms were not confined to the Eucharist liturgy, however, for St. Basil of Cappadocia and St. Chrysostom at Antioch tell of the custom of singing litanies in public processions, often in rivalry with similar processions sponsored by the heretics.

Wearing a full-skirted gown of peau de soie with an Alencon lace bodice, Jane Preston Evans, daughter of Mr. and Mrs. Robert Beverley Evans, of Lakeshore drive, was married to Ridgely Manning Foster Saturday in Christ Church, Grosse Pointe.

The Reverend Erville B. Maynard officiated at the late afternoon ceremony.

The bride's gown featured a fitted bodice of Alencon lace with a square neckline and lace sleeves ending just below the elbow. Her cathedral length train, falling from a high waist, was fashioned of peau de soie covered with lace and pearl appliques.

Elise Kelsey, of Greenwich, Conn., was maid of honor, and bridesmaids were Ann Griffith, of London, England; Toni Gardner, of New Canaan, Conn.; Judith Standish; Key Watts, of Forest, Va.; Cornelia Daley, of Boston, Mass.; and Frances Farrar, of Palm Beach, Fla.

They wore floor length gowns of green velvet trimmed in white lace. Their headpieces were green bows, and their flowers were nosegays of white Roman hyacinth.

The bridegroom, son of Mr. and Mrs. Gray Foster, of Palm Beach, Fla., asked Kilman Steele, of Boston, Mass., to serve as his best man.

Ushering were Gene Foster and Robert Hasler, both of New York City; Peter Townsend, of Long Island, N.Y.; Duncan Sterling, also of Long Island; Robert Evans, Jr., brother of the bride; and Monroe Williams, of Palm Beach, Fla.

\$2,500 Award For Best Essay

The Soroptimist Club of Grosse Pointe announces the Soroptimist Citizenship Essay Contest, open to young men and women who will be graduated from public or private schools not later than the close of the school year in June.

There are no limitations of race, creed or color, nor is there any limitation to the number of persons who may apply.

The \$2,500 cash award, which is paid in a lump sum to the winning student, is not a scholarship but an "award of merit." The award may be used at the discretion of the recipient, in any way he may decide, which will best further his aims and purposes in achieving his goal.

If he elects to use the award as a basis for further study, he is free to select the institution of his choice.

Though most applicants wish to pursue a program of higher education in order to achieve their goals, it is conceivable that some might wish to spend the money on travel if such a course would enable them to further their aims.

Essays must not exceed 250 words. Topic is "My Responsibility As A Citizen — in the Family, in the Community, and in the World."

Essays must be in the hands of the Grosse Pointe Soroptimist Club, 32 Lakeshore drive, not later than February 19.

On the following Friday, January 24, two galas are scheduled, the one being the opening of the club's January floor show, and the other being the annual formal stag dinner of past and present directors.

Jean Fenn, statuesque blonde Metropolitan Opera singer, will make a return appearance at the DAC, where she is a great favorite. She'll come directly from the Metropolitan Opera and her scheduled role of "Rosalinda" in "Die Fledermaus."

Marvyn Roy, known as "Mr. Electric," and his wife, Carol, international stars, will present a display of electrical magic described as fascinating by DAC'ers who saw the performance in Europe.

She wore a mantilla veil of heirloom lace, and carried a bouquet of Eucharis lilies and stephanotis.

Maid of honor Suzanne Caton, of Winnetka, was dressed in royal blue satin. Her flowers were white sweetheart roses and carnations.

David Nelson, of Kenilworth, Ill., served as best man. In the usher corps were David Lippincott, brother of the bride, and Michael Rains and Gordon Rains, of Belleville, Ill., cousins of the bridegroom.

The newlyweds will make their home in Evanston, Ill.

Legion Ladies Face Full Year

Special emphasis on different activities during each month of the coming year is provided in the American Legion Auxiliary's calendar of activities for 1964, announced today by Mrs. Arlene Dalton, president of Grosse Pointe Unit No. 303.

"While a number of the Auxiliary's national activities require year around attention," explained Mrs. Dalton, "we concentrate our efforts on certain parts of our program during the different months."

"In January emphasis will be placed on legislative work, which calls for efforts to win public support for Legion endorsed bills before Congress. Also in January we will emphasize our endeavors to keep American women informed about and in favor of measures essential to the nation's security from attack."

"In February, the birthday of two great Americans, we will place our emphasis on Americanism, which is our program for maintaining patriotism based on understanding and appreciation of free America."

"In March we give special attention to the work of our 14,000 local units for the communities in which they are located."

"On April, our work for the welfare of veterans' children and to improve conditions for all children receives the spotlight of our interest, along with our study of other American republics."

"Our activities during May are centered about Poppy Day, when we distribute veteran-made memorial poppies to be worn in honor of the nation's war dead."

"June is the month when the work of our nearly 100,000 Junior members is emphasized, and in July we give special attention to our Girls' States at which more than 17,000 high school girls operate states of their own each year."

"State conventions held during the summer occupy attention during August, as does the coming national convention, usually held during September."

"September is the Auxiliary's Month of Music, when music activities in the units will be emphasized, and the national music contests held at the national convention."

"October will see the Auxiliary attention centered on its education and scholarship activities, in which we endeavor to bring opportunities for high education to young people needing aid."

"In November we will again concentrate upon enrollment of our membership strength for the year ahead."

"Two activities will hold the spotlight in December—our work for the disabled veterans, and our support of civil defense training and preparations."

Party Planned By Newcomers

The Grosse Pointe Newcomers Club will hold a progressive bridge party, Saturday, January 18, at 8 o'clock.

The committee is headed by Mr. and Mrs. Howard Hush, assisted by Mr. and Mrs. Peter Gilezan, Mr. and Mrs. H. O. McCracken, Dr. and Mrs. Ray Henry, Mr. and Mrs. James Frawley, and Mr. and Mrs. David Frayne.

The group will play in the homes of the committee members and then meet at the Golden Lion for a late supper.

Couples who have recently moved to Grosse Pointe from outside the Detroit area and are interested in the club, may contact Mrs. William Peeler at TU 1-2885.

Cancer Group Requests Help

The Crusaders, the volunteer group at the Grosse Pointe War Memorial who aid the fight against cancer, is sorely in need of white material from which to make cancer pads. They also could use more volunteer help.

This group meets each Monday at the Grosse Pointe War Memorial, 32 Lake Shore road. They make cancer pads of all sizes to meet the needs of a variety of patients. They also process raw material which is distributed to various other groups in and about Grosse Pointe which work on cancer pads.

In addition, these hard-working ladies distribute cancer pads to patients in the area and service them with information as to where they could get additional help.

Rod Luzi scored on a "three-point play" late in the fourth quarter to send his team into the lead 58-57 for the last time, and from there the Grosse Pointe Blue Devils went on to a hard-fought 65-63 victory Friday night in a patented Grosse Pointe-Highland Park basketball game.

Luzi and Bob Miller each scored 18 points, leading their team in this latest in a long series of traditionally exciting basketball games. High for the Parkers was Tom Bridges with 17 points.

The Devils were behind throughout the first three quarters starting at the outset when the Parkers charged to an early 6-1 lead. The home team came back to forge an 8-8 tie and the teams traded baskets until, with the score tied 15-15, the Parkers scored eight straight points, two at the end of the first quarter and six to start the second period, to take a 23-15 lead.

Then, with Highland Park ahead 31-23, the Devils outscored the visitors 9-3 to go into the half trailing by only two, 34-32. In the second quarter the two teams each scored 17 points.

As the second half opened the Parkers moved ahead 42-35, but the Devils reeled off nine straight points to take a 44-42 lead. The score at the end of three quarters was 48-47 Highland Park.

Club Launches New Program

The Neighborhood Club's Winter Recreation Program went into full swing last Saturday at Brownell Jr. High. There are a few openings in the following activities: Boys' and Girls' Gym classes, Tumbling, Gymnastics, and Adult, Teen, Beginning and Advanced Judo. If sufficient numbers sign up for modern dance and baton twirling, these classes will be held in the near future.

The games area at Brownell Jr. High on Saturday proved to be very popular with Junior Intermediate members who participated in shooting pool, playing ping pong, and competing in chess, checkers and many other popular table games. All members of the Neighborhood Club are welcome to enjoy this combination games and lounge area.

Because of another commitment, the gym at Brownell Jr. High will not be available to the Teens for open gym this Friday, Jan. 17.

Babe Ruth Loop Slates Meeting

At an initial meeting held January 11, it was decided to continue Babe Ruth baseball in the Park-City-Farms. The kick-off meeting will be held Saturday, January 18 at 2 p.m. sharp at the Central Library, Kercheval and Fisher, for all interested parents or adults.

At the meeting, according to Al Entenman, League immediate past president, necessary plans and decisions will be made to place the League in operation. This League includes all boys in the three cities between the ages of 13 and 15 inclusive.

As a matter of information, the three cities have banded together to form a league for the older boys simply because, while there are ample boys, there is a lack of large diamonds available in all three communities to handle three separate Leagues properly.

The diamonds, which are regulation 90-foot diamonds, are located in the Farms at Kerby and Chalfonte and behind the High School, and in the City adjacent to the Neighborhood Club. There are no diamonds of this size in the Park. In the past years, the number of boys participating has varied all the way from 150 to 250. In recent years, the size has been diminishing principally because of the competition for the time of the boys in other summer activity areas.

Youth Council Holding Party

For the first dance of the New Year, teens will enjoy a dress-up record hop in the Crystal Ballroom of the Grosse Pointe War Memorial at 32 Lake Shore Road.

Boys will wear coats and ties and girls either wool sheaths or cocktail dresses.

The admission charge per couple is \$1.50 which will also cover refreshments of various soft drinks, potato chips and dip and pretzels.

This dance, the "Snowball," is sponsored by the Center's Youth Council for all Grosse Pointe teenagers in grades 9 through 12 of the Pointe's public, private and parochial schools.

The chairman is Karen Beeby with the decorating in the hands of Barbara Kimball. Hugh Vestal is chairman of publicity and Jane Publis is inviting the chaperones. The music will be both single records and albums with Bob Bunselner acting as M.C. Ordering refreshments is Dick Sheer.

Hockey League Gets Fine Start

League hockey sponsored by the City of Grosse Pointe, the Neighborhood Club and Grosse Pointe Hockey Association got off to a rousing start last Saturday and Sunday, January 11 and 12 at the club rink, with initial practice games and a lot of enthusiastic players.

There are four teams in the 9 to 12 or Pee-wee section and two in the 12 to 14 Bantam group. Games will be played each Saturday at noon and at 1 and 2:30 p.m. with practice scheduled week days at 4 to 5:30 p.m.

Coaches are older boys with excellent hockey experience. In the younger division the Leafs are coached by Chuck Miller and Joe O'Brien. The Bruins have Dave Andersen and Keith Foucher. Mike Praught and Ron Bourne guide the Wings, while the Hawks are coached by Mike Giffier and Paul Schwikert. Dave Miller is the division director.

The Bantam director is Bill Canfield, ex-Michigan star. The Comets have Pete Divine and Tom Kleene coaching and the Stars are handled by Tom Beitz, John Montgomery and Jerry Hancock.

Babe Parsons of the Farms police, an ex-professional player, is acting as referee and assisting the coaches.

With this able set-up and 100 boys assigned to teams the League appears to be off to a running start and the City of Grosse Pointe and the Club are to be congratulated on another job well done in the recreation field.

Chiefs Winners In Two Games

The Grosse Pointe Chiefs, skating as a travel team, won their second straight Bantam Division game, on Wednesday, at Gordie Howe Hockey Land. Ron Nomura, getting the hat trick (three goals in one game), was the big star for the Chiefs and helped them to a 4 to 2 win over the St. Clair Shores Silver Streaks.

The hat trick is nothing new to Ron, as he bagged three goals twice last season. Bill Acker added an insurance goal in the last period.

The Chiefs travel to Essex, Ontario, Sunday for a game with the Dearborn Sunnyside Market Club.

University School News

An honored visitor at Grosse Pointe University School was Miss Blanche Richardson, who retired in 1960 after serving as a teacher and then principal of girls since 1924, first at the old Grosse Pointe Country Day School and then, when it joined with Detroit University School, as Grosse Pointe University School. Miss Richardson now lives in Massachusetts and is presently visiting briefly with her colleague Mlle Beatrix Goubet, who is also a retired G.P.U.S. teacher. When Miss Richardson appeared in the faculty dining room during the morning recess, the teachers stood up to applaud.

Pointe Theater Going on Road

The Grosse Pointe Community Theatre's newest production, "Detective Story," is going on the road. The complete show, with a cast and crew of over 46 people, will be touring up to Pontiac on February 15 for that city's Second Annual Living Theater Series sponsored by the Pontiac Junior Chamber of Commerce.

This series was instituted in 1963 in an effort to bring "live" stage productions to Pontiac. The opener that year in January was a bill of one act plays by the Grosse Pointe Community Theatre. That first series closed in May with a concert by the Don Cossak Chorus.

The director of "Detective Story," George Wilson of Woods Lane was also a director of one of the plays the Grosse Pointe Community Theatre took to Pontiac last year. "To be part of this exciting series, in which I understand, there are seven other groups participating, again, is a challenging venture for a director. The show is a good one and I am more than pleased with the way the rehearsals are going," Mr. Wilson said.

To transport scenery, cast and crew last year the Grosse Pointe Community Theatre used a truck and station wagons. This year the load will be carried by charter bus. As soon as the lights go out on the last performance of "Detective Story" at the Fries Theatre, February 1, the scenery, props, makeup and costumes will have to be packed and made ready to go while work starts on "Come Blow Your Horn," the Grosse Pointe Community Theatre's next production.

ger and Mrs. Jean Harris of the Lower School faculty will be visiting and observing procedures at the Hawkin School, Cleveland, Ohio, this week. Also within the current week Principal Wellington D.C. will be in Washington, D.C., in his role as chairman of the Academic Standards Committee of the National Association of Independent Schools. Mr. Grimes' committee will be meeting with people from the federal Office of Education and the National Education Association to examine and compare recent academic trends, studies, and projects in public and private schools.

Miss Jean Dedenhoff, a G.P.U.S. graduate in 1956 and of Smith College in 1960, was the guest speaker at the Cum Laude Society of G.P.U.S. meeting last week. The school's chapter of the honor group is part of a national organization to which the top twenty percent in academic achievement of each class is elected during their junior or senior years. This year's new members were Miss Marcia Bicknell, and Mr. Adamant Georgeson. Miss Dedenhoff, who is on the education staff of the Detroit Institute of Arts, spoke to the students about the opportunities for study and interest at the museum.

Albert Blix, a G.P.U.S. graduate of 1963, visited his alma mater last week and met informally with a group of juniors and seniors to describe life as he was experiencing it at the University of Michigan.

Tentative plans are under way for the teaching of French in one or two of the lower grades next year, possibly the third or fourth. Similarly, the new math will probably be making its appearance in some of the Lower School grades next year.

Last Friday Officer Albert Abend of the Grosse Pointe Woods Police Department addressed a special assembly of the Driver Education classes taught by Mr. Samuel Shreehan. Officer Abend showed a film called "Death on the Highway."

Grades 8, 10, and 12 at the University School will be participating soon in a study conducted by Merrill-Palmer Institute of Detroit on student reaction to the assassination of President Kennedy. The survey, nation-wide in scope, is under the direction of Irving and Roberta Sigel.

FIRST OFFERINGS

HERE TODAY GONE tomorrow! Could be that this will be the case if you wait until tomorrow to call. We are offering a four bedroom center hall colonial with a library and a family room. Two first floor fireplaces, large, modern kitchen. All this on a dead end street in the Farms.

THE DECORATOR has just moved out, so why not you move in... into the sharpest three bedroom colonial for sale on today's market. A company transfer will separate this family from their dream home within weeks after it has been completely "gone over." Nothing for you to do but move in your own furniture. Priced at \$27,000, surprisingly low, but this one must go.

ALSO BY APPOINTMENT

ARE YOU ONE of those people who have often stated you would never move again unless it be a home right on the water? If so, then you must see this magnificent house with 144 feet of frontage on the lake. Not a really large home, but one readily adaptable to family living. Priced at a fraction of reproduction cost.

DON'T DESPAIR. We can show you two houses with four bedrooms and two and a half baths which will sell around thirty thousand dollars. Both are in the City, just off Kercheval, and a couple blocks to Hill Shopping. Generous mortgage commitments make both an easy buy with a minimum down payment.

SCRUTINIZE the competition then get serious when you allow us to make an appointment for you to inspect this well maintained colonial on Roslyn Road. Three family bedrooms, and that first floor den. Estate sized yard. Under twenty-five thousand.

COULD IT BE that you overlooked this newer farm colonial when you thought you had seen every four bedroom on the market? Certainly the price tag (\$40,500) didn't keep you away, because this is less than comparable listings. Large leisure room with access to spacious modern kitchen.

"He who tries to buy something for nothing, is usually the first to complain about the quality."

Grosse Pointe Farms**SUMMARY OF MINUTES**

January 6, 1964
The meeting was called to order at 8:00 p.m.

Present on roll call: Mayor William F. Connolly, Jr., Councilmen William G. Butler, William G. Kirby, Ledyard Mitchell, Jr. and Benjamin S. Warren, Jr.

Absent: Councilmen Henry E. Bodman, II and Thomas K. Fisher.
Mayor William F. Connolly, Jr., presided.

Councilmen Bodman and Fisher were excused from attending the meeting.

The minutes of the regular meeting of December 16, 1963, were approved as submitted.

Acting on a petition of the Country Club of Detroit, the City Attorney was requested to prepare a proposed amendment to the Zoning Ordinance which will create a recreational district, which district would include such properties as the Country Club of Detroit, Grosse Pointe Club, Crescent Sail Yacht Club, Kerby Field and the Pier Park and to submit the proposed amendment to the Council for consideration at its meeting to be held January 20, 1964.

Mr. Paul Franseth was appointed a member of the Board of Review for a term of three years.

Mr. William G. Kirby was appointed Legislative Contact Man to work with the Michigan Municipal League on matters presented to the State Legislature which are of municipal interest.

The City Manager was authorized to prepare specifications and to take bids for painting the steel sheeting at the Pier Park.

The City Manager was authorized to prepare specifications and to take bids for the dormant spraying of trees for Dutch Elm Disease and for making a survey of the number of trees to be sprayed.

Approval was given to pay the Northwestern National Life Insurance Company the sum of \$5,944.46 for the annual premium on group life insurance.

Communications received from Mr. Vernor Davis and Mr. Bruce N. Tappan expressing appreciation to and complimenting the Fire Department, were received and ordered filed.

A communication was received from Mr. John F. Boyle of 424 McKinley inquiring as to the possibility of passing an ordinance which would prohibit parking on the City streets from 2:00 a.m. to 6:00 a.m. No action was taken on the matter as the members of the Council were of the opinion that such an ordinance could not be fully enforced.

The City Manager was authorized to prepare specifications and to take bids for furnishing the City with five police scout cars.

A communication was received from A. G. Gabriel & Company indicating the annual cost to the City of financing a plan which would make it possible for the widow of a member of the Police or Fire Department to receive a non-duty death benefit after the member had attained a minimum of 15 years of service.

Action on the matter was deferred to a later date. It having been determined that no advantage would be had in obtaining competitive bids, the City Manager was authorized to employ Henry Salvatore to dredge the harbor at the Pier Park on the basis of cost plus 10%.

The report of the Controller of Receipts and Disbursements for the month of December, 1963, was received and ordered filed.

Approval was given to pay William T. Kriehoff Company, the sum of \$18,886.41 as part payment for architectural work completed on the additions and alterations to the Municipal Building.

Approval was given to install a new roof over the Police Department at a cost of \$533.00.

On proper motion made, supported and carried, the meeting adjourned at 9:00 P.M.

Said bonds will be dated January 1, 1964, will be coupon bonds in the denomination of either \$1,000.00 each or \$5,000.00 each, at the option of the purchaser, will be numbered consecutively in direct order of their maturities from 1 upwards, and will mature serially as follows:

\$10,000.00 October 1st of each year from 1966 to 1972 inclusive;
\$20,000.00 October 1st of each year from 1973 to 1976 inclusive;
\$25,000.00 October 1st of each year from 1977 to 1979, inclusive.

Bonds maturing in the years 1966 to 1977, inclusive, shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1978 and 1979, may be redeemed at the option of the Village in inverse numerical order, on any interest payment date on or after October 1, 1977, at par and accrued interest, plus a premium as follows:

2% of par value on each bond called for redemption in the year 1977;
1% of par value on each bond called for redemption in the year 1978;

No premium shall be paid on bonds called for redemption in the year 1979.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the Village has money available for such redemption with the paying agent.

Said bonds will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of 1/4 of 1%, said interest to be payable on October 1, 1964, and semi-annually thereafter on April 1st and October 1st of each year. The interest rate for each coupon period on any one bond shall be at one rate only and represented by one interest coupon. Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the statutes of the State of Michigan or of the Federal Government. Accrued interest to date of delivery must be paid by the purchaser at time of delivery.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds herein offered from February 1, 1964 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Village. No proposal for the purchase of less than all of the bonds herein offered, or at a price less than their par value, will be considered.

Said bonds will be general obligation bonds of the Village of Grosse Pointe Shores, and the Village is authorized and required by law to levy upon all taxable property in the Village such ad valorem taxes as may be necessary to pay the bonds and interest thereon without limitation as to rate or amount.

A certified or cashier's check in the amount of \$4,500.00, drawn upon an incorporated bank or trust company, payable to the order of the Village Treasurer of the Village of Grosse Pointe Shores, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Padonick and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds. The cost of such opinion shall be paid by the Village. The Village shall pay the cost of printing the bonds. Bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids. Envelopes containing the bids should be marked plainly "Proposal for Bonds."

who, where and whatnot

by whoozit

For sheer — and sometimes brutal — truth, nothing matches the innocent (?) observations of children. A recent exchange in Donna Stypinski's second grade class at Poupard School will serve to illustrate our point: The boys and girls had been discussing, apropos of "science," all the changes that occur with age. From withering trees and various decrepit members of the animal kingdom, the lesson led naturally enough into what happens to humans as they grow older. One child noted, "As men grow older, grey hair comes." Another added quickly, "For ladies it sometimes turns red!"

New Year's Resolutions may not be as popular in the grown-up world as they once were, but the question heard in many elementary classrooms when the students returned from the Holidays was, "What resolutions did you make?" James N. Bowen, fifth grade teacher at Ferry Elementary School, asked his students to put their resolutions in writing. After reading their papers, he resolved never to make that assignment again. Here are some of the resolutions that caused Mr. Bowen to make HIS resolution:

- I will stop laughing when I salute the flag.
- I will not throw rocks or dirt at my brother.
- This year I'll eat the yellow part of the egg and the white part, too.
- I will shovel the doorway so my mom doesn't get stuck.
- I resolve to make my friends clean up the mess before they go home.
- I will not be so nervous when I do the dishes.
- I will make my bed in the morning so I don't have to hurry with my lunch.
- I think I should stop fighting with my brother because he is bigger than I am.
- I think I'd better stop throwing water balloons out my bedroom window.
- I will make my bed on the weekends if it needs it.
- This year when I wash the dishes I will try to get the food off.
- I decided to brush my teeth and make my bed after every meal.
- I will shovel snow if I can't get my little brother to do it.
- I will try not to tip over my desk if the teacher is talking.
- During this year I will be a better speller for serton.

If the students live up to these resolutions, 1964 should be a year of noteworthy change.

The "knock-knock" craze regularly takes the younger set by storm. First grader John Brosnan recently bested a Trombly kindergarten teacher with this variation on a well known theme . . . John: "Miss Marianne, do you think you'll still remember me next year?" Teacher: "Johnny, do you think you'll look the same next year?" John: "Yes, I think so." Teacher: "Then I think I'll remember you." John: "Knock, knock." Teacher: "Who's there?" John: "See, you forgot who I am already!"

A charming grandmother, who also happens to be an organist of professional caliber, is one of the NEWS' most popular part-time staff members. The lady's love of music is legendary, and she has placed a bust of Ludwig van Beethoven in a prominent position in her home. Her 18-month-old grandson, Todd, "seeing" the long-haired composer for the first time one afternoon, stared in utter astonishment at Ludwig's rather unusual countenance for a few minutes before turning toward his grandmother to ask seriously, "Wha' happen?"

Hors d'oeuvres have always a pathetic interest for me: they remind me of one's childhood that one goes through, wondering what the next course is going to be like — and during the rest of the menu one wishes one had eaten more of the hors d'oeuvres.

Canteen Conversation

Rick Mills

"It's as different as black is from white." We sometimes use this phrase to indicate how utterly unrelated two things can be. But actually how different is black from white? The only difference is color.

Putting this idea in popular terms; what is the difference between the black and the white people of the earth. The only difference is color. The question discussed by Grosse Pointe teenagers this week was: "What would be your reaction if a Negro family moved next door to you?" Here are some of the replies.

Carol Gundlach: "If a Negro family moved next door to me I don't think I would mind. I really can't say definitely whether I would do as because I've never had an experience anything like it. I think I would try to treat them as I would any other human beings and try not to judge them by the color of their skin."

Jeff Pfleumer: "If the family is respectable and able to buy a home in Grosse Pointe, then I think they have just as much right to live here as any one else. I would try to be friendly and help them in any way I could."

Joyce Huegli: "If the Negro family were of the same social standing as the rest of the neighborhood, I don't think I would object to their moving in. I would try to be as friendly to them as I would be to any

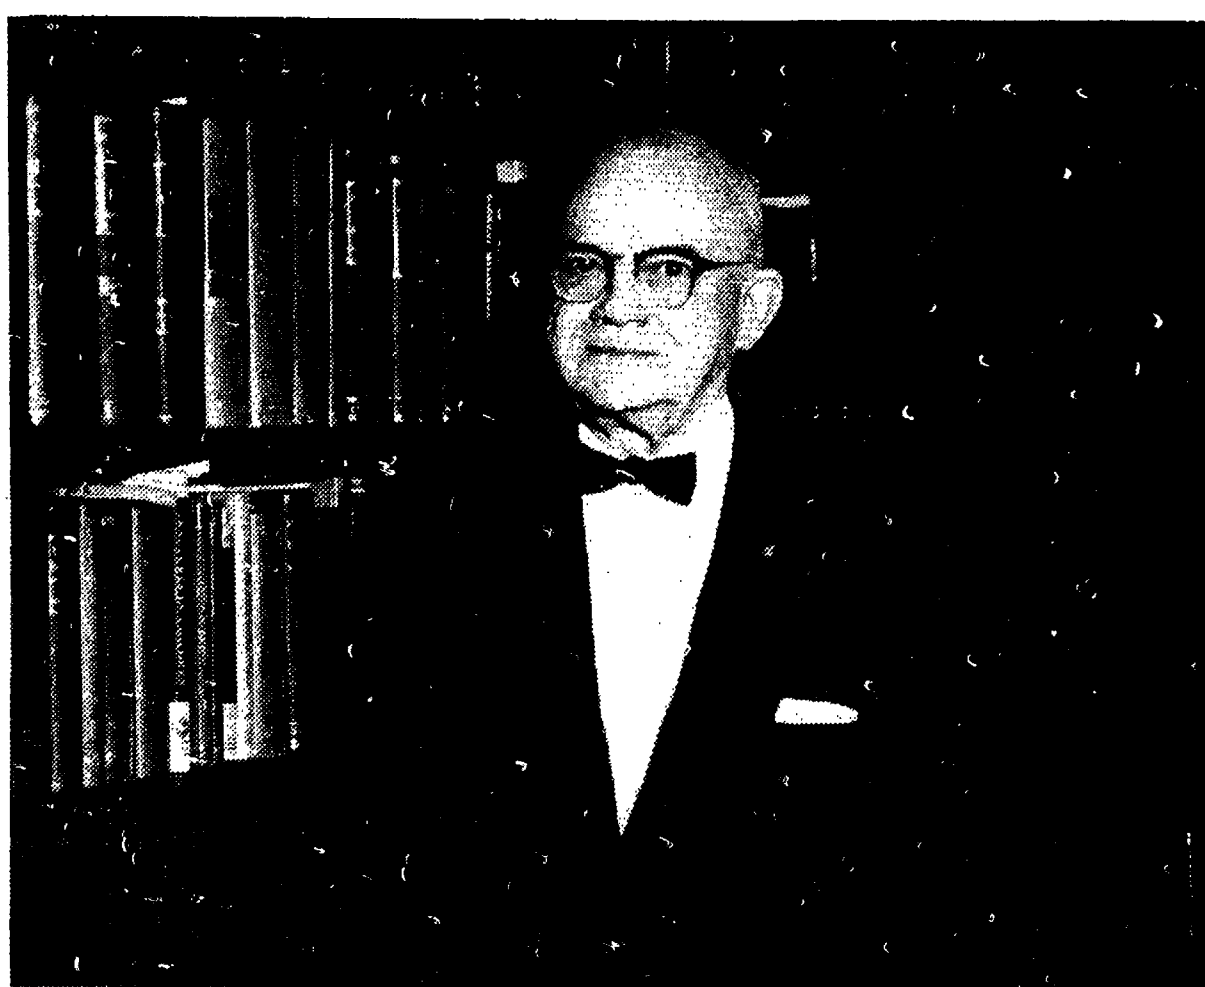

new neighbor and not let color influence my behavior. If a Negro boy asked me out I would refuse but I would still try to be friendly toward him. If the family were not of the same social standing as the rest of the neighborhood, I would object to them as I would object to any one else under the same circumstances."

Barb Ruthven: "I wouldn't mind if the family had the same standards we have. However, if an organized group placed a family who couldn't afford to be there in our neighborhood, then I would object."

Jim Blackburn: "I would want to meet the family and try not to form any opinion of them before I met them. I would strive to base my ideas of these people on my experience with them as individuals and not to let the color of their skin influence my decisions. If they proved to be out of place in our neighborhood I would try to talk to them and explain the problem. I realize that we don't really know what our actions will be until after it has actually happened to us."

You may agree or disagree with what these teens have said. The race problems all over the world are of serious concern to all mankind. During our lifetime these problems have come to a boil. How we behave in this crisis will affect the future of the entire world. The question is: "What will you do about it?"

Pointer of Interest

CLARENCE L. CANDLER, M.D., OF MACK AVENUE

By Janet Mueller

Rise early every morning, get into a warm bath, fill your waking hours with interesting, absorbing activity — this is Dr. Clarence L. Candler's prescription for the good and useful life.

Dr. Candler has practiced medicine for more than 50 years. He has also been a successful businessman, a crusading politician, a dedicated fundraiser, a world traveler, a mighty hunter, and a first-class amateur photographer . . . among other things.

His wife, Edythe, calls him "a remarkable man." When your wife says you are remarkable, it generally means you ARE!

Native Detroiter

Born in Detroit, Clarence Candler was graduated from Detroit University School in 1908, and obtained his M.D. degree from the Detroit College of Medicine, now Wayne State University College of Medicine, in 1912.

He came from a prominent family. His maternal grandfather, W. W. Wheaton, served as Mayor of Detroit in 1872, when the old City Hall at Campus Martius was built, and his mother set the City Hall clock in motion.

His father, James DeForest Candler, founded the roofing company which still bears the family name, in 1879. At 12, Dr. Candler had his first job, driving a horse and wagon for Candler Roofing.

He worked for one day, came home to find a policeman waiting on his front porch, was informed he could not work without papers, (which he was too young to obtain), and abandoned teamstering without regrets: "I didn't like horses, anyway."

From Bottom to Top
His first job was as a boy at the Builders and Traders Exchange in 1904. In 1941, he was president of the Exchange.

Dr. Candler interned at New York City, then spent six months abroad, doing post graduate work in Vienna, Austria, and Bern, Switzerland.

He served as a Captain in the Medical Corps during World War I. One of the first Detroit physicians to volunteer, he was posted to France, where he remained for two years.

Returning to the States, he became interested in veterans' activities and, in 1924, organized the Veterans of Foreign Wars National Home for Widows and Orphans in Eaton Rapids, Mich.

The Home is now a \$2,000,000 installation, run on a house plan, with 10 to 12 children and a housemother, sometimes the mother of one of the children involved, sometimes a hired employee, per unit. Veterans' poppies, sold each spring, finance the institution.

Has 200 Children
Two hundred children are currently in residence on the 600-acre campus. They attend public school in Eaton Rapids, something the Home's founder, who wanted to make sure these children were not isolated from normal community life, insisted upon at the outset of the project.

Dr. Candler served as vice-president of the Eaton Rapids Home for 10 years, as president for one year. Busy with his Detroit practice, he devoted much of his spare time to doctoring Veterans' Home residents — quite a mileage feat in pre-expressway days.

About 50 graduates of the Home served in World War II. During The Depression, Dr. Candler was State Commander of the VFW for three years, 1923 through 1925. Money was scarce, and the Doctor recalls he would often have to pay postage on meeting notices out of his own pocket. Today, the State VFW, with some 75,000 members, furnishes its Commander with an automobile as well as expense money.

ler says. "During the past 14 years, we have furnished emergency service 24 hours a day. There are two nurses, but they are not on duty after 9 p.m., Sundays or holidays."

Dr. and Mrs. Candler were married September 14, 1926. They have traveled the world together, touring the United States via house trailer, journeying in Mexico and Canada, crossing the ocean to visit Europe.

Like her husband, Mrs. Candler is an active person. President of the Junior Women's Association for the Detroit Symphony Orchestra in 1942, she worked with the USO in World War II, has served as publicity chairman of the Women's Auxiliary to the Wayne County Medical Society, as delegate to the State Medical Society, and is still active on the General Practice committee of the County Auxiliary.

She often crosses the door to help out in her husband's office. On the "home" side of the dividing wall, she has arranged part of her collection of more than 100 China cups and placed, in an honored position, the doctor's favorite China piece, a Meissen coach and four, carrying a bejeweled, delicately boned damoiselle, bought in Munich.

The Candler's basement is a showcase for the doctor's hobbies. He has a tool shop, and built their recreation room bar himself. His movie and sound equipment occupies a good portion of the recreation room.

Dr. and Mrs. Candler travel every year and the doctor takes pictures wherever he goes, synchronizing a sound track to the film. His commentary when showing 3-D slides is extemporaneous.

Hunts and Fishes
Hunting and fishing are among Dr. Candler's other pastimes. He would not miss his annual fall expedition to northern Michigan. A stage head mounted on the basement wall attests to his prowess with a rifle, and a mounted sailfish brings memories of angling off the coast of Florida.

"It took me 10 years to get that Florida fish," Dr. Candler notes. "Then we went to Acapulco, and they practically jumped into the boat!"

A man of tremendous vitality, Dr. Candler enjoys his full-time practice and busy life. "He never thinks about himself," is the phrase Edythe Candler uses to pinpoint the source of her husband's boundless energy.

The doctor has an easier answer. "I've seen a lot of changes," he says simply, "but I've had a lot of fun!" That about sums it up.

Yoga Pageant At Institute

Yoga instructors of the Self-Realization Fellowship of Detroit will present a new Pageant of Yoga on Thursday evening, January 16, at the Lecture Hall of the Detroit Institute of Arts at 8 o'clock. The Pageant will depict six of the more important paths to Yoga and the Yoga postures that will aid in progress along the individual paths.

Those methods of Yoga to be presented are Hatha Yoga which is the practice of physical exercises and controlled breathing to assure physical well-being. Mantra Yoga, the method of rhythmic repetition of chants or symbolic words, Karma Yoga, the path of duty, right action and good deeds, Jnana Yoga, the path of intellect, understanding and discrimination, Bhakti Yoga, the way of love and devotion, and lastly Raja Yoga or the Royal

Path, where the Absolute is realized through meditation.

Raja is the path of realization, for which all other Yogas are only a preparation. Each of these paths will be presented in tableaux, while the postures applicable to the path are demonstrated.

The Pageant, written and directed by Mrs. Helen Swan of Royal Oak, is planned to introduce Detroiters to the meaning of Yoga and to familiarize them with the Yoga postures being taught all over the city. George Johnston, Jr. who is teaching Yoga classes at the Grosse Pointe War Memorial will demonstrate postures in the Pageant, and his wife Vivienne will appear in the Mantra Yoga tableaux.
