A CONSTITUTIONAL AMENDMENT was proposed in the State Senate Wednesday to lower the voting age in Michigan from 21 to 18. Senators John T. Bowman and William D. Ford of Taylor Township, made the proposal. The resolution must pass both houses by a two-thirds vote in order to get on the ballot. The resolution would affect about 310,000 persons.

THE UNITED STATES announced Wednesday that it is going to turn the Guantanamo Naval Base in Cuba into a strictly military garrison, with no wives, children or other dependents. The announcement was made by the Defense Department which said that families will be withdrawn gradually over the next two years.

THE CONFERENCE between President Johnson and Prime Minister Sir Alec Douglas-Home ended in no major decisions. They reaffirmed support for the defense of South Vietnam and Malaysia and expressed hope for successful East-West negotiations on arms control measures. However, a point of disagreement was about British terms of trade with the Soviet Union and Cuba.

Saturday, February 15

THE JACK RUBY TRIAL will begin Monday according to an order by Judge Joe B. Brown in Dallas. The defense and prosecution will attempt to pick an impartial jury. Ruby is being tried for the murder of Lee Harvey Oswald, the accused assassin of the late President Kennedy. A night club owner, Ruby shot Oswald before millions of television viewers as Oswald was being transported from a city to a county jail. The trial is considered one of the major ones of the century.

STAN (THE MAN) MUSIAL, retired baseball star, was selected by President Johnson to head the government's physical fitness program. Musial played for the St. Louis Cardinals, and retired last year at the age of 43. He succeeds Bud Wilkinson, former football coach at the University of Oklahoma who is seeking the Republican senatorial nomination in Oklahoma. The President made his announcement at a campus tree-planting ceremony at St. Louis University.

BLUE CROSS will ask for a rate increase about April 1. The prepaid hospital insurance plan has about 3.5 million members. The increase is expected to be on a flexible merit system, but it was not disclosed how much of a raise was to be requested or whether Blue Shield would join in seeking a boost. Blue Cross has always operated on a uniform rate for all subscribers, so the new merit system for figuring group insurance plan costs, would be a change.

THREE AMERICANS were killed in the bombing of a U.S. Army movie theater in Saigon. The bombing was done by Communist terrorists. Forty-nine others were injured, including American women and children. The explosion also killed and wounded a number of Vietnamese who were outside the theater. Anti-American terrorism had already taken three lives this month. Two Americans were killed and 23 others injured in a softball park last week.

Tuesday, February 18

A SUBPOENA ordering Bobby Baker to produce the records of his business dealings and turn them over to the Senate Rules Committee was served Friday. The subpoena was necessary because Baker has refused to submit the records voluntarily, as the other witnesses have done. Baker's attorney said he was not sure whether or not he would advise his client to respond to the orders. Baker is a defendant in a \$300,000 civil damage suit growing out of his operations in the vending machine business.

New High School Library's Exterior Completed

With the exterior virtually completed, work proceeds on finishing interior portions of the Bert H. Wicking Memorial Library at Grosse Pointe High School. It provides facilities for 240 students and will contain about 35,000 volumes. The new structure will

contain areas which can be enclosed for classroom purposes or other special group activities. The new library was necessitated by the growth of high school enrollment. The present library has a capacity of 120 students and was designed for a school of 1,500-1,700.

Terror Calls Reported to Farms Police

House Guest and Maid In James Verner Home Latest Victims of Mysterious Phone Messages

Death threats by a mysterious woman phone fanatic against a Farms house guest and a maid were disclosed this week by Farms police.

The terror calls, latest in a series that have plagued Pointe and Detroit police for more than a year, were made to the home of James Verner Davis, 10 Beacon Hill.

The calls were reported to police by Mrs. E. L. Dryden, a guest at the Davis' home.

Police said that Mrs. Dryden and Mrs. V. Webster, of Detroit, received threatening calls from a woman with a "foreign accent."

The first call, to Mrs. Webster was at 1 p.m. last Friday. The caller reportedly said she would "kill" Mrs. Webster.

At 3:35 p.m., the second threatening call was received by Mrs. Dryden.

Police said that at least half a dozen similar calls have been reported in the Farms alone in the past year. There is "no pattern and the threats are apparently made at random and at irregular intervals," the police added.

VANDALISM REPORTED

A report of vandalism was received by the City Police Department February 15. John Doyle of 410 Rivard boulevard reported that someone threw a chunk of ice through a window of his home breaking an 8'x12' piece of glass.

Farms Zoning Ordinance Amended by Creation of Recreational District

Increased Assessment on Private Club Properties Lead to Successful Move to Have Classification Changed From Residential

Farms Council, by unanimous vote at its meeting Monday, February 17, created a community recreational district by amending the Zoning Ordinance.

Included in the district are: the Country Club of Detroit, the Grosse Pointe Club, the Crescent Sail Yacht Club, the Harbor Hill Recreation Area, the Tennis House, Kerby Field and Pier Park.

Mayor William F. Connolly, Jr., who voted for the zone change, noted for the record:

"This is not a recommendation to the assessor or the Board of Review to use anything but their best judgment in assessing the Country Club and the other clubs in the area."

The mayor's position then was adopted by Council. Earlier, H. Gordon Wood, attorney for the Country Club, had informed Council:

"We intend to fight the assessment, (on the Country Club), before the Board of Review and farther, if necessary." Wood's reference was to an increased assessment on Country Club property under a Wayne County re-evaluation.

Had been Residential The private club properties, before the zone change, had been classified as residential. Wood thanked the council for its prompt action on the amendment. The proposal, on January 20, was "read, received and laid on the table for action and a public hearing set for February 17."

No one appeared at the public hearing in opposition to the amendment. On hand were officials of the Country Club and

Crescent Sail Yacht Club. Councilmen Ledyard Mitchell, Jr., and Henry E. Bodman, II, were assured by City Attorney George E. McKean that there was no conflict of interest involved despite a number of councilmen being members of one or more of the private clubs involved.

The zoning amendment becomes effective in 20 days from the council approval or upon publication.

Notice of the public hearing appeared in the Grosse Pointe News of January 30.

Had Filed Petition On January 6, Wood and Edward F. Lambrecht, Country Club vice-president, had petitioned council for the zone change.

It was noted that the recently revised City Zoning Ordinance provided that all clubs, churches and schools located in residential areas were considered to be "in conforming use." That is, regarded as residential property.

As residential properties, Wood argued, the Country Club would not have been able to develop or expand its recreation facilities.

Pointers Aboard Missing Plane

Harry E. Black, an executive of the S. S. Kresge Co., and his 12-year-old son, Edward, were among four passengers feared dead in an ill-fated charter plane flight from Detroit to Akron.

Last contact with the plane was 12 minutes after its takeoff from Detroit City Airport Saturday, February 15.

Military, Naval and Civil Air Patrol planes searched for the missing twin-engine aircraft for more than 72 hours.

Black, 49, of 1150 N. Renaud, had taken his son with him on a trip to inspect possible sites for Kresge operations. Others on the plane were George Drake, 60, of Wilton, Conn., a real estate developer, and the pilot, James Mixon, of Atlanta, Ga.

Mixon did not file a flight plan but a Kresge spokesman said the group was headed for the Akron-Canton airport. They were to return to Detroit Saturday night.

Black, and his wife, Betty, have two daughters, Caroline 21, and Sally, 15.

Bloodmobile Coming Here February 28

Day and Evening Collection Schedules Will Be Handled in Fries Auditorium at Center

Two eight bed units of the American Red Cross Bloodmobile Service will be set up in the Crystal Ballroom of the Grosse Pointe War Memorial's William Fries Auditorium on Thursday, February 28, from 8 a.m. to 11 a.m.; 12 noon to 1:45 p.m.; 3 to 6 p.m. and 6 to 9 p.m.

The Grosse Pointe Community Blood Council is sponsoring this event with the War Memorial Association. The Center maintains a community Blood Bank from which any Grosse Pointe may borrow free of charge in case of emergency. This supply is now very low and this is a chance for previous borrowers to pay back their indebtedness as well as for civic-minded citizens to donate.

Churches Join Drive

In addition to the Grosse Pointe Community Blood Bank all the churches in the Grosse Pointe area will be soliciting members of their congregations to replenish their church blood banks. Teachers will be asked to make appointments to donate to the faculty blood banks and postal employees, city employees and some of the larger stores in Grosse Pointe will be refilling their banks.

This is also an opportunity to contribute to any individual in need or for anyone who has large amounts of blood to pay back. Collections will also be made for open heart surgery.

Any healthy adult up to age 60 may donate blood and 18- to 20-year-olds may give with parents' permission. One may give every six weeks, but must wait (Continued on Page 3)

Old Car Flunks All Safety Tests

An unsafe car was observed by Officer Kenneth Carver of the Woods Police Department at 7 p.m. on February 14, on Fairholme road.

Raymond J. Patterson of 2203 Hampton road was driving the car with defective lights, no license plate light, no brake lights, no front license plate and the car had no hood or front fenders. Further, the headlights were mounted with tape and wire and the left one was out. Also, the brakes were unable to pass the safety test.

The defendant agreed to fix the car up at his home and was warned that he would be arrested if the car was driven again in its present condition.

Men Fleeing Store Robbery in Village Shoot Policeman

Detroit Officer Wounded When He Forced Car Into Alley After His Was Rammed on Expressway; \$3,600 Worth of Cigarets Stolen

Three men accused in the shooting of a Detroit policeman were linked this week to a \$3,600 cigarette robbery at Kroger's market, Kercheval avenue in The Village.

The robbery, according to City Police Chief Andrew C. Teetaert, was discovered shortly before Patrolman George King was gunned down in an alley off the Ford Expressway early on February 13.

Chief Teetaert said that at 2:49 a.m. last Thursday, Sgt. Douglass Allor and Patrolman Edward Behrend found a door forced and glass smashed at the rear of the market.

George Sassin, the Kroger manager, estimated the loss at 1,400 cartons of cigarettes. The loot, Chief Teetaert said, had been removed from the store in shopping carts. Several carts were found in the area still filled with cigarettes.

Radio Provides Link

Chief Teetaert said that a radio report of the King shooting at 3:30 a.m. provided the link between the robbery and the assault on the Detroit policeman.

The radio report noted that a stolen car driven by one of the suspects in the King shooting contained a "large quantity" of cigarettes.

Accused in the shooting and linked to the Kroger robbery, according to Chief Teetaert, were Jesse White Jr., a parolee, Augustus Jackson and George Douglas, all of Detroit.

King was shot after his car had been rammed on the Ford Expressway. He followed the hit-run car, forced it into an alley.

Shot With Own Gun

Two men leaped from the fugitive car when King tried to arrest them and knocked him down. At this point, a second car drove up. King's gun was wrested from him and the patrolman was shot in the right arm.

King, 42, of 19810 Anchester, said the shouts of a nearby householder who came out to investigate the shooting scared his assailants away.

White was arrested late last Thursday night at Garfield and Riopelle. Detroit police said King's gun was recovered beside a fence near the intersection.

Chief Teetaert said Detroit would be given initial jurisdiction over the suspects on an attempted murder charge.

BOTH DRIVERS TICKETED

Ardis June Jensen of 20870 Kenmore, Harper Woods, was issued a ticket February 15 for interfering with moving traffic and striking a car. She had pulled out of a parking space in front of 20741 Mack avenue and struck a car being driven by May Signorelli of 13879 Fairmont, Detroit. Both parties were ordered to appear in Traffic Court March 21. The accident occurred at 12:25 p.m.

Another charge of reckless driving was given to Bernice D. Yee of 53663 Nine Mile, Northville, Mich. She was weaving in and out of traffic on Lakeshore and had been drinking. She said she thought she was on Southfield. She was also driving with an expired operator's license. She was sent home in a cab without posting bond at 1:30 a.m. on February 16.

Course in Home Gardening To Feature Many Experts

With the first budding crocus, many Grosse Pointe families will virtually move to the great outdoors for the summer months — summer patios and gardens will replace the traditional living room, and the barbecue pit will become the center of epicurean delight.

Because of this, "Home Gardening" should be of special interest to all outdoor minded families — whether an experienced homeowner, one who has recently acquired the responsibilities of home ownership, or those anticipating such a move.

"Home Gardening" will be offered by the Department of Community Services, Grosse Pointe Public School System, in co-operation with the Men's Garden Club of Grosse Pointe. Beginning March 4, this eight-

week course will be held on Wednesdays from 7:30 to 9:30 p.m. The course will consist of a series of lectures, each given by a recognized authority in his field; it is designed to instruct the homeowner, or prospective homeowner, in the basic principles of planning and caring for a garden. A list of lectures and their moderators follows:

1. "Planning Your Homegrounds," John William Brear. What to do and not to do in planning a garden; basic principles of good design; the use of color and composition in a garden. Board Asks Opinions of All Parents

Dividing Program Into Four Quarters Might Be Means of Avoiding Crowding

The Grosse Pointe Board of Education is conducting a poll to determine whether or not to operate the community's public schools on a four-quarter plan. The opinion of parents of all children now attending school is being sought to help reach a decision.

Details of the plan are fully explained in a letter which has been sent to all parents, asking for opinions. The letter follows, in full:

Dear Parents:

As many of you know, continued enrollment increases in the Grosse Pointe Public Schools has all but exhausted classroom space. While predictions for the future vary widely, there is no question that enrollment increases in the next decade or two will be substantial. Members of your Board of Education are quite aware of the enrollment growth, and have been studying various solutions to the school housing problem for over a year.

Invariably, however, whenever a bond issue is submitted for building purposes, many voices are heard to ask: "When are schools going to be built? When will the colleges, and take a day's time of the summer months?" Educators and school board members, too, often ask this question.

All who have tried to answer this question run up against some knotty problems. In the first place, colleges have long been on quarter or semester plans, in which most units of work are completed within a single term. Second, colleges, unlike public schools, require attendance of students only during class hours — usually 15 hours per week compared with 30 to 35 hours in a public school. Third, colleges are geared to the free elective system, where classes can vary in size, or enrollments in any single class that can be closed as the administration determines. Fourth, the same or similar courses can be offered three or four times a year in college. Finally, the college deals with a more mature student who can be expected to plan and arrange his own course of study.

At the same time, it is possible to conduct a public school on a four-quarter plan, providing there is widespread willingness among parents to have children attend school at different times. At the elementary school level, a four-quarter plan requires that pupils be divided into four groups, alphabetically or by age, and that one group remain out of school each of the four quarters. For instance, Group A would be on vacation during the fall quarter; Group B during the winter quarter; (Continued on Page 4)

Reckless Drivers Receive Tickets

A car being driven by Donald Sheehy of 5901 Farmbrook, Detroit, was travelling 68 miles per hour on Lake Shore at 5:30 p.m. February 15, cutting in and out of traffic.

Sheehy was arrested for reckless driving and released on \$100 bond. Also, his driving license had expired.

Another charge of reckless driving was given to Bernice D. Yee of 53663 Nine Mile, Northville, Mich. She was weaving in and out of traffic on Lakeshore and had been drinking. She said she thought she was on Southfield. She was also driving with an expired operator's license. She was sent home in a cab without posting bond at 1:30 a.m. on February 16.

Schools Report No Hoodlumism

In view of the concern lately over the crime rate among teenagers in Detroit, the Grosse Pointe News talked to Dr. Charles H. Wilson, Superintendent of Schools, and Donald Campbell, assistant principal of the High School, to determine if there had been any difficulty in the Grosse Pointe school system.

Both men reported that to their knowledge, Grosse Pointe students had been behaving themselves very well.

The main problem is smoking, which is prohibited within the vicinity of the schools, and students have been congregating at Moir's Service Station, among other places, for this purpose. However, an official of the school usually patrols the area after school, and issues warnings to students found smoking, or in the case of a second offense, calls the parents. Certain students who have the last hour of the day free, are allowed, with the permission of their parents, to leave school at 2:30. Occasionally some of these students are seen smoking in such places as the Grosse Pointe Library and on street corners.

Farms Zoning Ordinance

(Continued from Page 1) recreational facilities because of the zoning restrictions. Wood later told the Grosse Pointe News that the assessment on the Country Club had been increased under the Wayne County Bureau of Taxation evaluation "by about \$750,000 on the land alone." He said that "proportionately" the increase against the Crescent Sail property was "even greater."

Total increase on all Farms land, according to Wood, was about \$4,000,000.

Nacy Confirms

Dawson F. Nacy, Farms City Clerk and Assessor, said that in 1963, the Country Club land (some 214 acres representing about 16.5 per cent of the Farms) was assessed at \$535,900.

The assessment now, Nacy said, is \$1,286,160, an increase of \$750,260.

Wood's "fight" against the assessment will first be before the Farms Board of Review, scheduled to meet March 10 and March 24.

Nacy said that the current re-evaluation on Farms land was the first since 1940, and on buildings, the first since 1953. Building assessment changes, he said, were based on the State Tax Commission Manual. The county's Bureau of Taxation land appraisal was started in 1961 and completed in December, 1962. It became effective December 31, 1963.

In other actions at the February 17 meeting, the Council approved payment of \$15 a day for members of a four-member Board of Canvassers. A new state law requires Council to appoint two members from each political party to the board. A public notice seeking applications for the posts had, to date, brought only one application.

Approved were requests from retirement commissions for appropriations in the 1964-65 budget. The General Employees Retirement System Commission will receive \$29,510 for pensions, \$1,975 for expenses. The Policemen and Firemen System will receive \$53,413 for pensions, \$2,400 for expenses.

Put over for 60 days was a complaint of odor from the Sewer Pumping Station. This was done on written assurances from the Wayne County Road Commissioners of appropriate action.

The Commissioners reported that a fan to contain odororous gases even during "unusual atmospheric conditions" will be installed.

Advancement of Wendell Baker to rank of chief chemist at the Water Filtration Plant was approved. Baker will succeed Douglas Feben on April 1

when Feben leaves the post on reaching age 65.

Baker's salary, on recommendation of the City Manager, Sidney DeBoer, will start at \$7,400.

Series Offering Tahitian Films

"Tahiti... Gem of the South Seas," the fifth color film of the World Adventure Series, sponsored by the Grosse Pointe Community Services, will be held Wednesday, February 26, at the Parcels Junior High School, at 8 o'clock.

Karl Robinson, the producer, is one of the country's outstanding film-lecturer producers with an exceptionally broad international background. From New England forefathers, with a strong tradition for the sea in the family, came an understandable wanderlust.

"Tahiti... Gem of the South Seas" is a color-film interpretation of the fascinating island culture of the peoples of Central Polynesia.

Live with a typical Polynesian family... food gathering and preparation... canoe making and fishing... sit in on the Tahiti Fete with its javelin throwing contest and spirited Tahitian dances.

See the USA's stake in the South Pacific, American Samoa. Visit the village of Fitiuta on remote Tau Island which still preserves ancient Polynesian culture that has disappeared from most of the South Seas.

All the music one will hear with this film has been recorded on the spot.

Robert Orr, Director of the Grosse Pointe Library system, will introduce the speaker.

IF IT'S TOO QUIET—TURN ON THE RADIO

Some of the finest comments that come to us from owners of 1964 Cadillacs concern the car's extraordinary quietness of operation.

A Cadillac owner remains comfortably insulated from the distraction and din of the heaviest midtown traffic.

And we think that this remarkable characteristic tells a great deal about the quality and goodness of this extraordinary new Cadillac creation.

First of all, it indicates the car's high level

of craftsmanship. Every 1964 Cadillac, in fact, now undergoes more than 1400 separate inspections.

It indicates, too, how Cadillac's combination of functional styling, scientific sound-proofing and advanced new suspension have reduced to an almost unbelievable degree the sounds normally associated with travel.

And, even more importantly, it speaks of the car's great engineering. Cadillac's dynamic new engine operates with flawless

precision, despite its record power. Its new transmissions, both the Hydra-Matic and the Turbo Hydra-Matic, translate that power into smooth, hushed response... and combined with exclusive True-Center drive line, virtually eliminate vibration.

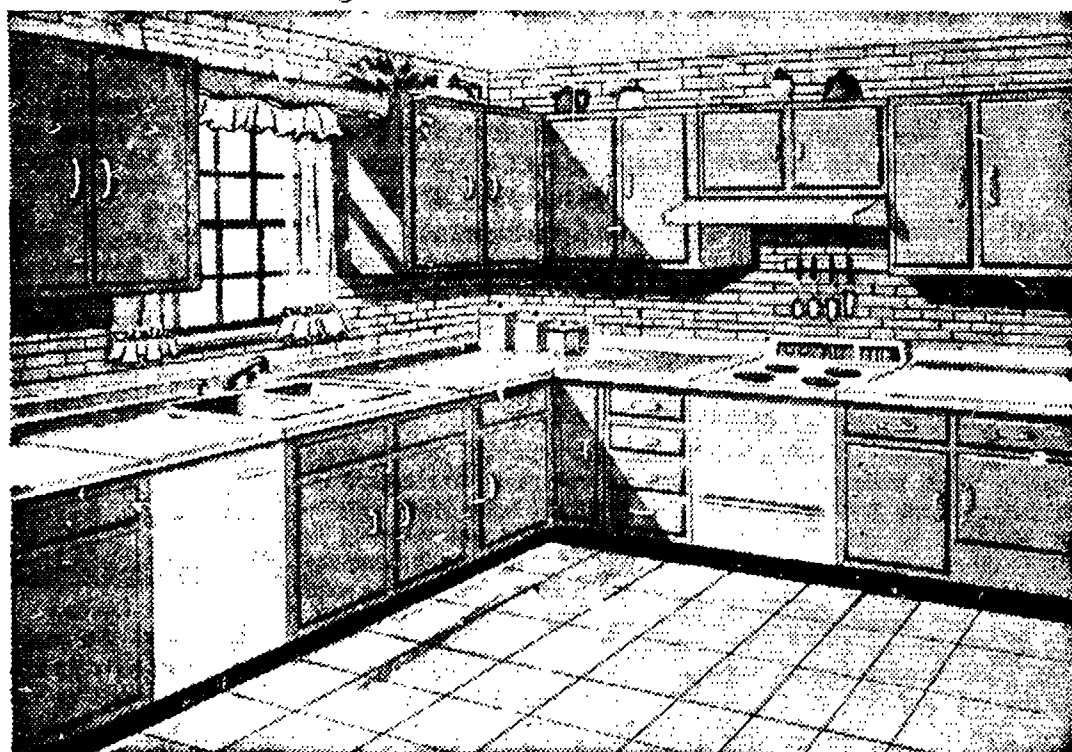

If you have not yet driven a 1964 Cadillac, you will find it a most revealing experience. Your dealer will have one ready any time that's convenient. Just let the car's amazing quiet do the talking.

OBITUARIES

CHESTER P. O'HARA

Circuit Judge Chester P. O'Hara, 73, died Friday, February 14, in Harper Hospital. He lived at 1107 Buckingham road, where he suffered a heart attack before being taken to the hospital.

A very popular figure, Judge O'Hara polled the largest number of votes in the Circuit bench's election in 1959 and became executive judge, a post he had to give up in 1962 when he was afflicted with cancer.

He first achieved popular recognition in 1939 as the prosecutor for the Judge Homer Ferguson one-man grand jury, a post he held until 1943. His investigations and prosecutions brought about the exposure of widespread graft in the Detroit Police Department and indictment of top police and civil officials. He succeeded Ferguson in 1943 by appointment to the Circuit bench and the two men's work led to the cleanup of the graft-ridden police department in 1944.

Before this, as assistant prosecutor, Judge O'Hara worked on the still unsolved murder of radio newscaster Jerry Buckley in 1931. That same year, he also conducted the American State Bank inquiry that resulted in the imprisonment of the bank's president and other officials.

In September, 1961, he began to lose his voice and a malignancy was found on his vocal cords. A laryngectomy was performed which necessitated his learning to talk a new way. It was a tremendous challenge for the Judge, but he was successful.

He was the husband of Louise; father of Mrs. Joseph C. Smith, and James P. He is also survived by six grandchildren.

The funeral service was held at the William R. Hamilton Company Tuesday, February 18, with burial in Woodlawn Cemetery. Memorial tributes may be made to the Michigan Cancer Society.

WILLIAM DAVIS STOCKARD

Mr. Stockard, formerly of Grosse Pointe, and more recently of Tryon, N.C. died February 15 in Tryon. A service was held there February 17, and a memorial service will be held in Grimsby, Ontario on Memorial Day, Mr. Stockard was 51.

Survivors include his four children, Mrs. Marjorie Stockard Croysdale, William, Jr., Lewis, and Arthur; and his mother, Mrs. Joel Stockard.

DR. WILLIAM C. QUINLAN

Dr. Quinlan of 378 Fisher road died suddenly at his residence February 15 at the age of 60. Born in Pembine, Wis., he had practiced dentistry in the Grosse Pointe area for 24 years. Previous to that, he had been associated with the Children's Fund of Michigan.

He was graduated from Marquette University College of Dental Surgery and from the University of Michigan where he received his Master of Science degree in public health administration. He was a member of the American Dental Association, the Detroit District Dental Society, Delta Sigma Delta dental fraternity, the Detroit Yacht Club and the Grosse Pointe Rotary Club.

He was the husband of Ellen

To Develop Arts Center On Campus of Oakland U.

The first stage in the development of a Detroit-area major performing arts center to serve the cultural needs of four million people was made public last Thursday by noted automotive industry leader Semon E. Knudsen.

Knudsen, a General Motors Corporation vice president and general manager of the Chevrolet Motor Division, has accepted the chairmanship of the project in response to suggestions of local civic, business, music and educational leaders.

"At the outset, the performing arts center program will consist of the Meadow Brook Music Festival, twelve summer outdoor concerts to be presented by the Detroit Symphony Orchestra under its new director Sixten Ehrling," Knudsen said.

The highest artistic standards, will be presented July 23 through August 15. "The initial step in the center's construction program calls for building an outdoor orchestra shell and audience 'shed' to accommodate 2,000 people," Knudsen stated.

"The performing arts center will be built on the Oakland University campus in Rochester, Michigan," Knudsen said. "With our new expressways, the location is within 40 minutes of more than 4 million people," he added. "Parking will be convenient and ample," he said.

In the beginning, the cultural center program will be patterned after the famed Tanglewood in the Berkshires. As soon as possible, it will be expanded to include schools and

(Schroeder); father of William C. Jr. and David; brother of Mrs. Mel Miller and Mrs. Arthur Radall.

The funeral was from the Verheyden Funeral Home Wednesday, February 19 and St. Paul's Church, with burial in Mt. Olivet Cemetery.

BEATRICE FLETCHER

Mrs. Fletcher died February 14 at Jennings Hospital at the age of 76. She lived at 393 Notre Dame. Born in Singapore, she was the wife of the late John F.

Mrs. Fletcher was at the Verheyden Funeral Home until February 17 when services were held at Christ Episcopal Church. The burial was in Woodlawn Cemetery.

JAMES LEONE

Mr. Leone died February 12 at Ford Hospital suddenly. He was 57 and lived at 477 Neff road. He was the husband of Rose; father of James A. and David A.; brother of Mrs. Frank Santos, Mrs. George McKeets, Antoinette, Mrs. Albert Andres and Mrs. Pete Ferrelli.

The funeral was from the Verheyden Funeral Home Saturday, February 15, and St. Paul's Church with burial in Mt. Olivet Cemetery.

SKIDS INTO POLE

A car being driven by Brian Arthur Schery of 21160 Lochmoor boulevard on February 16 at 12:35 a.m. struck a Detroit Edison pole when the driver lost control of the car on the icy pavement. There was minor injury to the driver but he declined medical attention.

Wayne State University's indoor track team, coached by Frank McBride, will compete in the Michigan State Relays Saturday, Feb. 8, at E. Lansing. The Wayne thinclads captured six places in Toronto Telegraph-Maple Leaf games.

May Revise School Year

(Continued from Page 1)

Group C during the spring; and Group D during the summer.

At the secondary level, there are different plans that could be developed. For instance, at the senior high, the school day could be extended to 6:00 or 8:00 P.M., and the students could be required to attend only regular classes. Or a unit system could be developed, much like college, where a student could spread out his work over a four-quarter year. Or, like the elementary schools, all classes could be divided in four groups, with one group remaining out of school one-quarter per year.

The advantage of the four-quarter system is that buildings could be put to full time use and one-fourth more students accommodated without building additional classrooms. Disadvantages are, first, that operating costs, particularly in the areas of administration, secretarial and maintenance personnel are substantially higher; second, that air conditioning of classrooms for the summer months would undoubtedly be essential; third, children from the same family could be out of school different seasons of the year.

For instance, it is possible that a family with four school age children could have one child at home during the fall, winter, spring and summer terms; fourth, half of the children would necessarily be required to be out of school in the middle of the year's work. For instance, in the chart below, Group B would start school in the fall, be on vacation during the winter, and complete the year's work in the spring and summer; Group C would be in school during fall and winter, out during the spring, and complete the year's work in summer.

For these reasons, public schools have been reluctant to experiment with four-quarter plans. Unless an overwhelming number of parents, at least two-thirds or three-fourths, would

support such experimentation, your Grosse Pointe Board of Education does not feel it should proceed in this direction.

On the other hand, if there is such wide-spread support of a four-quarter plan, we feel we are obliged to direct our administrators to develop programs around this concept.

Therefore, we are taking this means of obtaining an opinion poll among the parents of children enrolled in our public

schools. Would you please take the time to fill in the accompanying post-card questionnaire.

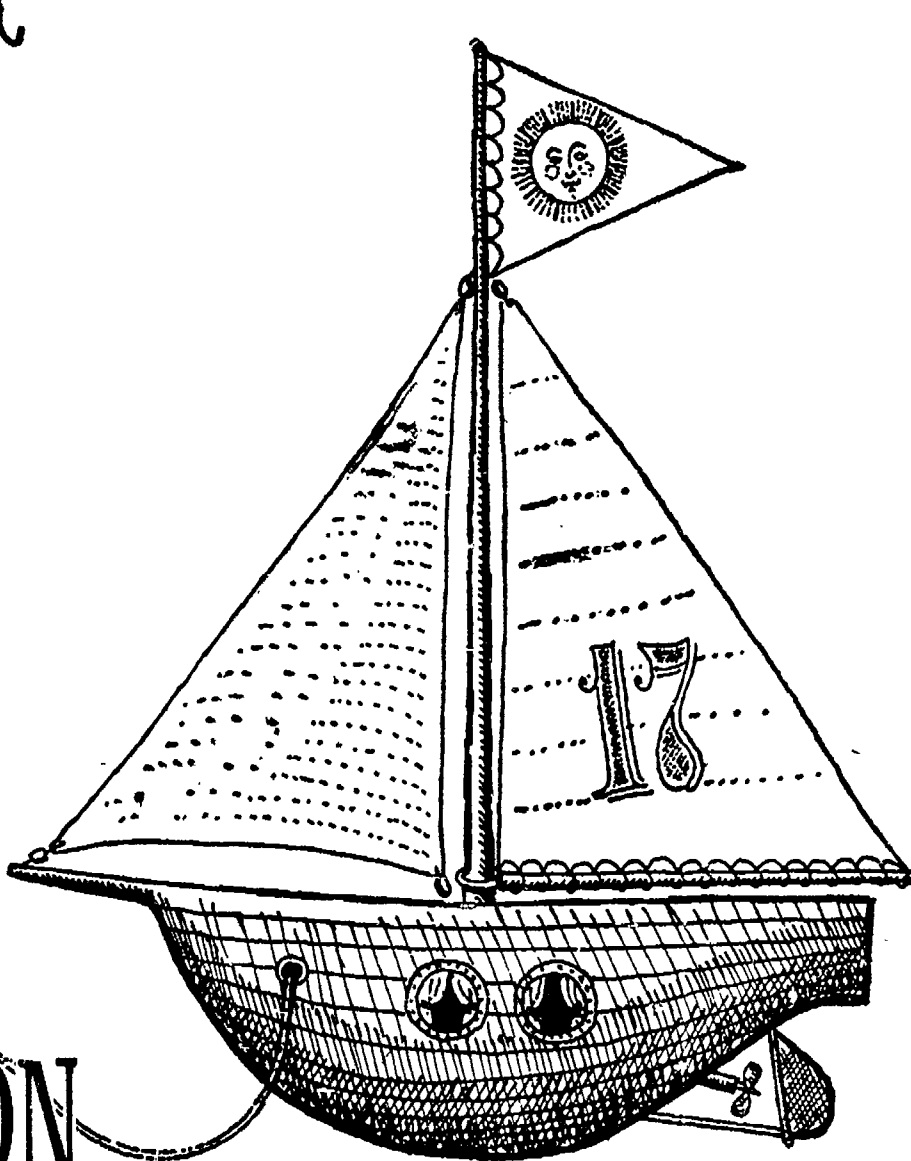

Thank you for your interest.
Sincerely yours,
THE GROSSE POINTE

Park Holding Police Exams

Recruit examinations to fill two impending patrolman vacancies and to create an eligibility list for the Park Police Department will be held today, February 20, in the Municipal Building, 15115 East Jefferson, it was disclosed by Police Chief Arthur Louwers.

One vacancy will be created when Patrolman George McDowell leaves the force. He submitted his resignation on Monday, February 10, and it will become effective on Saturday, February 29.

McDowell has been with the department since March 22, 1957. He is leaving to take a position with the Insurance Department of the Detroit Auto Inter-Insurance Exchange (AAI).

Chief Louwers also revealed that seven patrolmen participated in a written promotional examination for the rank of corporal, and of this number, three had high scores. Elevation of one of the three to corporal will create the second vacancy in the patrolman ranks.

The chief said that the three high scorers, Patrolmen Jack Carroll, George Blair and Bobby McAlister, were given oral examinations on Tuesday, February 11, the results of which will be disclosed soon.

PTA at Mason Meets Feb. 24

Good Literature Board Meets

Mrs. John S. Nash was hostess to the January meeting of the Executive Board of the Grosse Pointe Council of Better Literature for Youth in her Lannoo avenue home. Plans for the spring general meeting of the Council are being formulated.

Friends and supporters of the work of the Council are invited to the annual meeting which will be held at Hospitality House in Kercheval avenue, the date to be announced in the near future.

After all the current business had been concluded, the board members witnessed a demonstration of new mimeograph machines. The Council issues a quarterly newsletter and it is mailed to all Grosse Pointe merchants and the general membership of the Council. The Council welcomes the opportunity of mailing a copy to any Grosse Pointer interested in curtailing obscene literature sales to youth. You may receive your copy by telephoning Mrs. John Nash at TU 5-8967.

Mrs. Carl Nolte will hold the February meeting of the Executive Board of the Council in her home at 84 Clairview road on February 14, at 12:30 o'clock.

Standart Given Big Drive Job

Thomas F. Morrow, Torch Drive general chairman, Monday announced the appointment of Joseph G. Standart, Jr., as 1964 Drive Co-chairman for Promotion.

Standart, vice-president in charge of the Detroit office of Young and Rubicam, Inc. and a native Detroit, already is at work on his new assignment. He is presenting a proposed recruiting campaign before 1,000 women at a series of meetings in the J. L. Hudson Co. auditorium Tuesday and Wednesday mornings.

Morrow, Chrysler group vice-president, Space, Defense and Diversified Products, named Standart to head a group of advertising and public relations experts who will develop and carry out a gigantic program of public education. They will prepare and find sponsorship for 35 newspaper advertisements as well as advertisements in industrial, fraternal, and shopping publications.

Other members of the committee to be set up by Standart will prepare radio and television spot announcements, create and produce a moving picture and plan intensive newspaper publicity in four dailies and 100 weeklies in the three-county Torch Drive area.

Special events to be held in connection with the 1964 Torch Drive will be planned by the committee, who will be responsible for obtaining at no cost

services of celebrities to appear before campaign volunteers.

Also under Standart, a Speakers Bureau will enroll 250 public speakers to make over 2,000 talks before employee, civic and religious groups. A 30-minute television program will be created, as well as hundreds of posters, billboard ads, window displays, bus cards and Torch Drive literature.

One of the highlights of this year's promotion will be a campaign to enroll an additional 10,000 women volunteers to bring the number of doorbell-ringers to 50,000 by the time the Torch Drive starts next October 20.

The new promotion co-chairman is a graduate of Yale University. In the Air Force he served for 22 months on anti-submarine patrol off the East Coast as an observer, and as intelligence officer for the 307th Bombardment Group in the Pacific for 21 months during World War II. His decorations include the Purple Heart and Bronze Star.

Standart started in the advertising business in the production department of MacManus, John Adams. In 1950, he joined Kenyon and Eckhardt, Inc., Detroit advertising agency, as an account executive. In 1955, he resigned as a vice-president to form his own com-

Methodists Set Lenten Dinner

The second in a series of Lenten Dinners will find members of Grosse Pointe Methodist Church welcoming members of Grace Evangelical United Brethren Church on Wednesday, February 26 at 6:45 p.m. The event is a "carry-in" dinner at the Methodist Church, 211 Moross road.

The program will be presented jointly by the pastors of the two churches on the theme, "Our Mission - Some Unity Prospects." The Rev. Ray H. Kretschmer, pastor of Grace EUB Church on Chandler Park Drive will sketch the background and distinctive aspects of his denomination.

The Rev. Alfred T. Bamsey of Grosse Pointe Methodist Church will give a parallel description of Methodism.

The Rev. James D. Nixon, also a pastor at the Methodist Church will then outline the features of the proposed merger for the two denominations which will be presented to the Methodist General Conference in Pittsburgh in May.

"Our people are looking forward to this evening of fellowship and information," said the three pastors in announcing the meeting. "If there is a strong likelihood that we will merge into one denomination, we should be getting acquainted with the plan and with one another." Mr. Nixon noted, however, that it would take several years for ratification of the merger, even should the Methodist General Conference act favorably on the proposal this spring.

Noted Conductor Here Feb. 21

Detroit audiences will be privileged to watch one of the most rapidly rising of the younger generation of European conductors, Wolfgang Sawallisch, when he conducts the Vienna Symphony Orchestra in a single performance at the Masonic Auditorium Friday, February 21, at 8:20 p.m.

The son of an insurance director from Munich, Germany, Sawallisch studied briefly at the Munich Hochschule fuer Musik, learned the solid routine of conducting in provincial German opera theaters such as Augsburg, Aachen, Wiesbaden and, finally, Cologne, one of the best opera houses in Germany today.

As his reputation grew, he became increasingly in demand for guest engagements. In 1953, at the age of 30, he became the youngest conductor ever invited to lead the famed Berlin Philharmonic.

When he returned a few seasons later, the orchestra did not even bother to advertise his concerts as they were immediately sold out. In 1957, he became the youngest conductor to be engaged by the Bayreuth Festival, where he appeared for six seasons.

Time Magazine covered Sawallisch's debut at the Bayreuth Festival in 1957 when, at the age of 34, he conducted the opening-night new production of "Tristan and Isolde." The magazine hailed him as "perhaps the most gifted German conductor to emerge since Herbert von Karajan."

That same year, Sawallisch gave his first performances with the Vienna Symphony. He made a profound impression on both the audience and the men of the orchestra for his complete command of the craft of conducting, his profound insight into music and his youthful verve.

In 1960, at the age of 37, he was appointed the orchestra's permanent conductor.

Tickets for the performance are available at Masonic Auditorium box office and at Grinnell's downtown.

Hold Career Day At High School

"Very successful" is the way Mrs. Carolyn Scarborough of the home economics department of Grosse Pointe High School described Career Day, held recently.

The purpose of the afternoon's program was to give high school girls an idea of the career possibilities provided by the field of home economics. With this end in mind, six authorities representing varying areas of endeavor, met with groups of tenth, eleventh, and twelfth grade girls, on half-hour schedules throughout the afternoon.

Guest speakers included Mrs. Gladys Chalmers, Director of Nutrition for the Detroit Chapter of the American Red Cross; Mrs. George Walker, a local housewife; Mrs. Peggy Thompson, Director of the Home Service Department for the Michigan Consolidated Gas Co.; Mrs. Florence Lehmann, owner of the Village Manor restaurant; Mrs. Marion Williams, Dietitian at Bon Secours Hospital; Dr. Marion McMillan, head of the family life education department at Wayne State University.

"The main thought that all our speakers brought to the girls is that there are opportunities galore for a variety of careers in home economics," stated Mrs. Scarborough.

The idea for the Career Day program sprang from a discussion among the home economics staff during the Curriculum Day activities of December 6. Each of the guest speakers, major in home economics during their college days, gave the students factual reports of the various fields in which they have worked, and of others in which opportunities will exist in the future.

For example, Mrs. Walker, a local resident and homemaker with two children currently in school, reported how valuable her training in home economics has been throughout her life. She felt that major in home economics is of more value to the average woman than many areas, because the training offers an excellent foundation for managing a home and family.

Mrs. Williams reported in depth on her activities at the hospital. She mentioned working with many doctors and with patients whose needs vary greatly.

Dr. McMillan, who pointed out the requirements for teaching in high school and college, also outlined other possibilities for careers in related fields.

Mrs. Thompson detailed her activities in connection with her work with the gas company, and recounted many facets of a home economist's public contacts.

Mrs. Chalmers spoke on some of her more interesting recent assignments in the metropolitan Detroit area. She included her workshops and discussion classes for the underprivileged as she has attempted to instruct women in wise buying habits.

Mrs. Florence Lehmann discussed the food service industry during her section meetings.

In addition to their half-hour talks the various speakers distributed appropriate topical literature to the girls. Open to any high school girl during the afternoon, Mrs. Scarborough estimated the number of Career Day participants at 200.

Assisting Mrs. Scarborough with the arrangements for the program were Miss Dorothy Hosteller and Mrs. Bonnie Garr of the home economics department.

CAR BATTERY STOLEN

Sometime between 6:30 p.m. of February 15 and 4 p.m. of February 16, an unknown party entered the garage of John Steinger of 624 Hawthorne road and removed the auto battery from his car, valued at \$25.

Trombly PTA Meets Feb. 24

"When I grow up I will be a..." In the "between time" children change their choices and have much to do and to learn. How do children set their sights? What encourages them to reach for the next rung in the ladder of "growing up?"

These thoughts highlight a timely topic "Roots of Underachievement" at the meeting of the Trombly P.T.A. Monday, February 24, at 8:15 p.m. Speaker will be J. Clayton Laferty, Educational Consultant, Psychological Services, Wayne County Board of Education.

Parents are again cordially welcome to visit in the classrooms and to talk with teachers prior to the general meeting. Refreshments will be served in the gymnasium following the auditorium program.

The informal social hour will be hosted by Mrs. Alexander Black and Mrs. John Purcell, social chairmen, together with room mothers Mrs. Richard Havel and Mrs. Roy Oullette.

GPHS Orchestra Gets Invitation

The Grosse Pointe High School Symphony Orchestra has been invited by the Farmington Public Schools to present an afternoon assembly program and an evening concert on Friday, February 21. The evening concert will be held at North Farmington High School at 8 o'clock.

The Grosse Pointe High School Symphony Orchestra has been invited as one of the state's outstanding orchestras for the purpose of promoting interest in strings and orchestras as well as a demonstration of what is possible in the development of strings at the high school level. Director of the group is Mr. Richard H. Snook.

This marks the second invitational concert of the year for the Grosse Pointe Orchestra. It performed at the University of Michigan on January 18.

The orchestra program will open with the "Outdoor Overture" by Copland, followed by the "Romance" by Beethoven with Millard Golusin as violin soloist. The "Symphony in C Major" by Pleyel will close the first half of the program. Following the intermission, the orchestra will perform the tone poem, "Finlandia" by Sibelius.

tured role in this selection. The "Bacchanale" from "Samson and Delilah" will close the concert.

Report Reveals Park Police Undergo Extensive Training

Breakings and enterings in the Park during 1963 showed an increase of 54 percent over 1962, and department officers cleared 63 percent of the 70 burglaries committed in the city last year, according to an annual report submitted to City Manager Robert Stone by Police Chief Arthur Louwers.

Besides the percentage of clearance of the crimes committed in the Park, the chief stated, his department cleared 86 major crimes associated to other cities. These involved 16 dwelling, four garage and 39 business burglaries, 24 armed robbery cases and four unarmed robberies.

In 1963, traffic accidents increased 13 percent over 1962. Injury or non-fatal accidents increased four percent and property damage, 16 percent.

His department annually conducts two sessions (40 hours each), of the 120-hour Basic Training Program, in which two officers attended full sessions, the chief said.

One officer completed a Police Management Course at Michigan State University; seven officers completed a course in Homicide investigation; eight officers finished a course of instruction in Police Photography.

Selected officers were assigned to attend specialized in-service training classes in the Park Police Training School; and two officers attended Police Law Classes at Wayne State University.

Each year the department submits an annual report to the National Safety Council for evaluation of the department's activity in eight divisions of police operations. The inventory analysis is based on the top 30 percent of participating cities in the nation.

The Park, Chief Louwers stated, received a total program evaluation of 85 percent and was given national recognition and awarded plaques in three categories: Accident Records; School Traffic Safety and Education.

The average police department, unlike a much larger one, cannot maintain bureaus of specialization, and is therefore required to train personnel to participate in dual and multiple responsibilities, to meet the requirements of specialization.

The department's in-service training program requires that all command and selected patrolmen attend specialized courses of instruction.

Prior to January 1, 1960, the chief said, officers of his department attended class instruction.

5 Cases Heard In City Court

Five cases were heard in City Court February 11 before Judges Malcolm Sutherland and Douglas Paterson.

In the first case Thomas A. Meier of 2051 Oxford road, was accused of reckless driving causing an accident. The case was dismissed.

Robert Ebbeler of 2127 Fleetwood was accused of being a disorderly person and carrying beer in his car. He was found guilty and fined \$25, put on probation, and may do no pleasure driving for 30 days. He may not drink and must attend sessions of traffic school.

Forest Hudson of 449 Campbell, River Rouge, was found guilty under the Drunk Motor Law. He pled guilty and was fined \$50, plus a 90-day license suspension for 90 days.

David Cecil Fleck of 873 Balfour was accused of reckless driving leading to an accident and failure to have his car under control. He was fined \$25.

Vincent Stephen, MacMillan of 443 Philip, Detroit, was accused of being a disorderly person. He stood mute and the case was dismissed.

Extradited Thief Hears Sentence

Raymond E. Griggs, 21, no known addresses, was sentenced to six months in the Detroit House of Correction, placed on two years probation and assessed court costs of \$100 by Wayne Circuit Court Judge Joseph G. Rashid on Monday, February 10.

Griggs was found guilty of burglarizing the apartment of Mrs. Louise Kroh, 1107 Maryland, last April 23.

Judge Rashid also ordered Griggs to make restitution to Mrs. Kroh, in the amount of \$319.25, and also to Otto Glanert, Sr., of 1324 Lakepointe, in the amount of \$184. The latter's home was broken into and robbed last February 14, by Griggs.

Griggs was returned to the jurisdiction of Wayne County from Columbus, O., after an extradition battle, on January 31. He was brought back by Park Det. James La Pratt, the officer who cleared up the Kroh and Glanert burglaries.

When a report of the break in of Mrs. Kroh's home was made, LaPratt, acting on a hunch, went to a pawnshop in Jefferson, at St. Jean in Detroit, where it was found that Griggs had pawned several items, including a stolen radio from the woman's residence.

The detective traced Griggs to the address on the pawn ticket, and arrested him. Griggs was arraigned before Park Judge C. Joseph Belanger, who after an examination hearing, set bond at \$10,000, and remanded Griggs to the Wayne County Jail in default of the bond.

At a hearing before Circuit Judge Thomas Murphy, the bond was reduced to \$500, and Griggs was released. The youth fled Wayne County and a capias warrant was issued against him, calling for his immediate arrest and trial. An all points bulletin was sent to police agencies throughout the country.

On January 25, Columbus authorities notified Park police that Griggs, who had been arrested for a misdemeanor, was in their custody.

When Griggs disclosed intentions to fight his return to Wayne County, the Columbus police immediately took him before a county judge, who signed the extradition papers, and Griggs was released to LaPratt.

When arrested last April, Griggs confessed to six burglaries in the Park and Detroit. Detroit police believe he is responsible for an estimated 200 burglaries in that city.

CAR LICENSES STOLEN
Dorothy J. Garvin of 286 Lakewood, Detroit, reported to City Police that while her car was parked in the Bon Secours Hospital parking lot February 11, the license plates were stolen, sometime between 7:20 a.m. and 12:28 p.m. a teletype broadcast was made to all Wayne County police stations.

Tickets on Sale For Title Fight

United Detroit Theaters have announced that tickets are now available at the Michigan, Palms and Woods Theaters for the closed-circuit telecast of the Liston - Clay World's Heavyweight Championship Fight at 10 p.m. on Tuesday, Feb. 25.

Telephone and mail orders are being accepted for Cobo Arena's 11,000 seats, which also are being handled by United Detroit Theaters. Tickets went on sale at the Cobo Arena box-office on Feb. 12.

The Michigan, Palms and Woods theaters have contracted to carry the exclusive telecast of the long-awaited event, and with the addition of Cobo Arena's 11,000 seats, United Detroit alone has over 20,000 seats to offer local and area fight fans at admission prices of \$4 and \$5.

Other local theater outlets expected to join in the presentation will swell the total seating capacity to about 30,000, the all-time high for a closed-circuit event, and almost double that of any previous championship bout.

GPHS Debaters Win in Tourney

Grosse Pointe High School debaters won the district debating tournament held last week at the Rackham Building. Local students on the team that won five out of the six debates included juniors David Weiler, Tom Morron, and Peter Solenberger, and senior Nancy Brown.

The High School team is now preparing for the regional debate tournament scheduled for Ann Arbor in early March.

Nancy Brown was named the best debater in the tournament and will compete in the Detroit Free Press Debate Scholarship Contest to be held in Ann Arbor in the spring.

GYC Appoints Athletic Head
The Detroit Yacht Club Board of Directors has approved the appointment of Howard Allen Scarborough as Athletic Director of the Club. This is a first step in an all-out effort to renew interest in competitive swimming and diving events at the GYC and to give this sport an important place in the Club activities.
Scarborough, although only 26, has gained considerable attention through his successful efforts at the Osborn Swim Club on Detroit's East Side, where he has developed a team of 66 swimmers who have had surprisingly good records in Amateur Athletic Union sanctioned events sponsored by Midwest Swim Clubs.
Scarborough is a former All-American freestyler from Bowling Green. He has served as an assistant coach at the San Diego Athletic Club, and coached in a school program in National City, California.
The Detroit Yacht Club prepared for a renewal of interest in swimming two years ago by construction of a new Junior Olympic pool on the Club property. This gives the GYC both an indoor and outdoor pool, and with Scarborough's enthusiasm the GYC is looking forward to a prominent place in competitive swim events.

Chiefs Winners In Ice Tourney
The Grosse Pointe Bantam Chiefs walloped Lansing in the first game of the one-game knockout state tournament at the Spartan Stadium Rink in a spirited ice hockey tilt Saturday, winning by a 6-0 score. The large crowd, to which the Chiefs are not accustomed, was rewarded by a well-played contest.
Capt. Rob Zink, big center, scored twice for the winners, as did Randy Neil. Pat Gage and Doug Kavelade got the other goals.
Bill Koecker stopped 15 shots while the Lansing goalie was peppered with a barrage coming at him from all angles.
This week the Chiefs travel to Leamington, Ont. for a game with Windsor, then back to Gordie Howe for another tune-up game before taking on the very strong team from St. Clair Shores Radke Hardware.

St. Paul Winner In Cage Tourney

The opening round of the
Catholic League First Division
championship basketball play-
offs were held Sunday at the
U-D Memorial.

All four of the winners had
to fight their way from five to
13 point deficits to take vic-
tories and advances to the semi-
final round held Wednesday.

Grosse Pointe St. Paul, the
defending champion and favor-
ite, had its hands full with a
spirited team from Lourdes, but
finally won with a 64-58 victory.
Lourdes, especially anxious
to win for the sake of their
coach, Ed Blair, who was hospi-
talized, took a 24-17 point lead
as they entered the final quar-
ter.

However, St. Paul outscored
Lourdes 12-2 in the first four
minutes of the fourth quarter.
Baskets by Bill and Jim Bigham
in the closing seconds assured
St. Paul the victory.

Little League Reveals Dates

The very popular Grosse
Pointe Farms Little League
will kick off the 1964 season
with early registration dates
this year.

All boys, over age 9 and
under 13 as of July 31, 1963,
accompanied by an interested
parent, and each bearing his
birth certificate, will register
at Brownell Junior High
School, Touraine and Chalfonte
avenues, the evenings of either
Wednesday, March 4 or Thurs-
day, March 5 from 7 to 9.

The early registration dates
will afford the advantage of
concluding the regular playing
season on July 5th, thus allow-
ing time for play-off games,
regional and national champion-
ship games to be played in
July without the usual con-
flicts in scheduling that have
occurred in the past.

It is extremely important
that all parents register their
boys on these dates.

The Little League Board of
Directors has ruled that no boy
can be registered to play after
the last day of Try-Outs, which
is April 5, regardless of cir-
cumstances.

Parents participation is need-
ed both during registration and
try-outs, and will be greatly ap-
preciated.

For registration information,
contact either J. C. DuCharme,
TU 5-0632 or C. R. Scharff, Jr.,
TU 2-3636.

Wyandotte Cagers Defeat Devils in Close Contest

By Jim Blackburn

The Wyandotte Bears beat the Grosse Pointe Blue
Devils 69-64 in a see-saw basketball game Friday to take
over a share of the Border Cities League lead. With the
score 64-62 in favor of Grosse Pointe the Bears ripped
off seven straight points to put the game away. Prior
to that streak the lead changed hands 12 times and the
score was tied on eight occasions.

The teams played even bas-
ketball for the first few min-
utes. With the score tied 11-11
seniors Rod Luzi and Mike
Bielawski each scored to make
the first-quarter score 15-11.
Three more points by Luzi to
open the second stanza made
the lead 18-11. But the Bears
climbed back to take a 35-34
half-time lead.

In the third quarter the
Devils, fell behind 54-45 but
two free throws by Bielawski
and a field goal by senior Jeff
Vonschwarz, one by Luzi, and
another by Bielawski cut the
lead to one point, 54-53. Wy-
andotte scored to take a 56-53
lead at the end of three quar-
ters, but the Devils tied it 56
all on Bielawski's free throw
and Vonschwarz's field goal. The
score was tied again 58-58, 60-
60, 62-62, and 64-64 before the
Bears could grab the lead for
good.

Luzi and Larry Gudith of
Wyandotte each scored 28
points. Bielawski scored 13 for
the Devils.

League-leader Fordson lost
their second league contest in
a row, 71-68 to Monroe. Thus,
Fordson and Wyandotte are tied
for the lead with 4-2 records,
with Monroe a half game be-
hind at 4-3. This week Monroe
and Wyandotte will tangle,
while Fordson plays Royal Oak
Dondero, idle last week. Fri-
day night the Devils will travel
to Highland Park for a re-match
of a previous encounter which
the Devils won 65-63.

Letters to the Editor

February 14

To the Editor:

I'm writing this letter in hopes of getting someone to help in a situation which I feel needs immediate attention. I live on Muir road and my child attends Richard School. She must cross Kercheval at the light, which sounds safe enough but I know from personal experience it is more dangerous at that light than crossing without one. I have asked for help for a year now and last year I did get safety boys put on the corner for about one month but not at all this year. I was satisfied to let things go until about two months ago I walked to the store and on the way home, the children and I were ready to cross at the light when I saw a car coming and knew it wasn't going to stop for the light. The man driving the car didn't even glance at the light and I'm sure he didn't see it but he did stop at Hall place. I was very angry and when I got home, I called the police department. The officer told me he would have his superior officer call me back. He never did. This happened on a Saturday.

On Monday, I called the school and talked to the principal whereas he advised me to call the police station and talk to Officer Miller, the safety officer. I did this on Tuesday and was told it would be looked into. He said he would have a scout car I listed at the light in the morning and at the lunch hour to observe for a week, and then would call me back and let me know if he thought there was a problem. I have never heard from him and to my knowledge, a police car was never there. I also feel that the alley that the children cross by the gas station at Hall place is also very dangerous. The cars are allowed a right turn after stopping and very few watch for kids but just turn because the sign says they can. The walk and don't walk signs that are up are senseless as adults don't observe them so how can we expect our children to? The big trucks which turn there are more concerned with getting to their destination than our children. I think we have been very lucky that a bad accident has not occurred before now. I feel that more lights should be put up or a sign saying double light. At night, coming from Seven Mile road towards Muir road it actually looks like there are two lights but one street.

Please, someone let me know if there is something being done or that can be done as I am quite concerned and I know other parents are too. Thank you.

Mrs. William Tott
112 Muir road

To The Editor:

With all respect to Judge Moynihan and the NAACP, I am shocked to find that neither the Judge nor the NAACP have as yet acquired the insight into what open housing legislation could and undoubtedly would, do to our society.

How have they remained so blind to the obvious, natural factor of racial affinity? This factor lies basically behind all opposition to open housing legislation. Down through the centuries, races have by personal preference chosen to live with and among their own. Why? Because they have a common culture and a racial pride. The situation here in America is undeniably different. The American Negro has never had the opportunity to experience a true racial pride or culture of his own. Through no fault of his he has remained a member of a so-called "slave race." By all means let us, without delay, offer the Negro the opportunity for racial betterment by opening the doors of our schools, our cultural institutions and our businesses and in so doing give him solid ground upon which he can generate a true racial pride. In taking such measures now the housing problem will in time resolve itself.

But I submit that forcing an open housing law on an ill-prepared society, which promises to remain so because of the natural factor of racial affinity, which cannot be eradicated by law, is inviting racial

suicide for both the White and the Negro! Let not the Negro be fooled into thinking that neighborly proximity is the equivalent of equality.

I submit further the fact that, a Negro who would seek out isolation among members of a foreign race, is indeed a victim of a very basic emotional and social maladjustment. Color and culture differentials are NATURAL deterrents to complete assimilation. This is not to say that members of different races cannot work together, eat together and study together, amicably. But at the end of a day, each should want to go home to his own racial element. It is for this mutual desire and this alone that we should be striving. Until every Negro is satisfied to live in his own racial environment, not ours, we have failed in our efforts for true equality. But let him bend his own back too, toward this end, for we whites cannot do it all.

With Mr. Poindexter, founder and vice-president of the Homeowners Council, whose ordinance Judge Moynihan short-sightedly saw fit to bar from the August Ballot, I singularly reiterate, "I am not an extremist nor am I a bigot." I am simply, within the realm of feasibility, speaking up for what I believe to be realistically right for the Negro as well as the Caucasian and an open housing law at this stage of emotional and cultural ill-preparedness is not normal nor is it right from any race's standpoint.

Let us not in our zeal to prove that we are democratic, Christian nation give to our colored brothers, through the long overdue Civil Rights Bill, the hidden potential of the loss of racial identity, which presumably both races are fighting to preserve.

482 Washington Road

What Goes On at Your Library

By Virginia Leonard

This is random sampling day—a potpourri of new books on the shelves back of my desk; titles which are being cataloged this week. There are fat ones, thin ones—some with orange dust covers, and many with provocative blurbs. Shall we dip in!

LET'S KILL UNCLE, by Rohan O'Grady, shouts one title, and who could resist such a gory suggestion? I took the book home and read most of it; it's very good and certainly holds your attention. It has been compared with HIGH WIND IN JAMAICA in its treatment of children and their reactions to the adult world. Nor shall I tell you how it turns out—you'll have to read it to see!

THE BLIGHT ON THE IVY, by Richard and Katherine Gordon (authors of THE SPLIT-LEVEL TRAP) here deals with student problems and dropouts, certainly a front-page issue these days. Interspersed with case studies are the authors' advisory comments, addressed variously to the parents, students and administrators. With my own time schedule running short, I turned this volume over to my husband for an evening. With two teen-age sons, we find this topic a very timely one.

With winter still with us, you might like to know that we have a new book on skiing, entitled IF YOU CAN WALK YOU CAN SKI, by Frank Day. The blurb tells us that all you have to do is stand erect, then take a few steps forward. The automatic shifting of weight from one foot to the other in walking is the basic technique in skiing, and so you are ready for your first lesson. The author feels that most ski accidents stem from a fear—a feeling of insecurity on skis. Since this insecurity comes from a lack of knowledge, this book is written to give you this knowledge, thus giving you the needed confidence.

Back to the academic again. Clark Kerr, President of the University of California, gives us THE USES OF THE UNIVERSITY and describes today's emerging American "multiversity" as something important and new in the world. He also gives us an historical view of the growth of universities through the years.

The fifth book in the "American Trails Series" is WESTWARD VISION: THE STORY OF THE OREGON TRAIL by David Lavender. The author is

well qualified in the field and writes interestingly of this colorful period of American history, giving a panoramic review of the opening of the Pacific Northwest.

Do the vast expanses of the oceans and seas fascinate you? Then try Alan Villiers' THE OCEAN: MAN'S CONQUEST OF THE SEA. The author, who has a fine reputation for the sea and sailing, writes not of oceanography and geography, but rather of the conquest of the ocean and of man's continuing quest to make himself master of it. He gives a fascinating account of the six months he spent aboard a dhow as it made its way from Arabia down the African Coast. Why not sail the ocean under the guidance of an expert?

HEY? I'M ALIVE writes Helen Klaben, recalling to everyone the exciting rescue a year ago of this Brooklyn girl and her pilot who were missing for 49 days before their daring rescue made front-page reading. We all remember the newspaper accounts and details; now you can read Miss Klaben's stirring account.

If you remember THE WHITE NILE and THE BLUE NILE of Alan Moorehead, you will be interested to know that the author has a new book out: COOPER'S CREEK, a suspenseful recapitulation of a nineteenth century occurrence in Australia, mingling adventure and tragedy. Mr. Moorehead is an Australian himself and knows the Australian bush; he puts together a narrative worth telling.

And now let's polish this off with two more fiction titles. TAKE HEED OF LOVING ME, by Elizabeth Vining (a novel about John Donne and Anne More, who defied her father and risked losing her inheritance to marry the man she loved. The other is Elizabeth Bowen's THE LITTLE GIRLS which is somewhat of a comedy; the blurb suggests we call it a cautionary tale. It brings together three women who have not met since school days and shows how each reacts to a reminder of a long-forgotten childhood prank.

As you can see, there is no rhyme nor reason to the sequence of my sampling. But with such diversity, it is apparent that a cataloger's life is not as dull as many would seem to think it is! At worst, it occasionally produces frustration at not being able to find everything that looks interesting!

What's New on THE HILL

By Roberta

New method of merchandising homes . . .

Johnstone and Johnstone, Realtors, one of the oldest and largest real estate concerns specializing in the Grosse Pointe area, has recently opened a new and modern office On-The-Hill, in the building formerly occupied by Irving. Here, for your inspection are over 200 illuminated photographic transparencies of "Home for Sale" which prospective home owners can view at their leisure. Only when they see something of interest and want more information, will a salesman come to their assistance. In 15 minutes of leisurely browsing, prospects can see more home listings than through a day's shopping in the old manner. Owners and prospects are invited to stop in and view this new modern method of merchandising homes. 82 Kercheval.

Why All the Red Tape?

by Fred Kopp, R.Ph.

You can understand why we don't sell narcotics without a physician's prescription. But maybe you've wondered why we're so fussy about other things . . . like penicillin, sleeping pills, the new tranquilizers. These potent medications are called "legend drugs" and you have to have a prescription to get them. Reason: Uncontrolled use may do more harm than good. Only your physician knows whether you should use them or not—and, if so, how much. So we require a prescription. It's a matter of professional ethics and the law. Always it's the common sense.

Some Pointers read books, some Pointers weave rugs, some Pointers finally catch up on the sleep they lost over the Christmas holidays, but by far the most popular local prescription for end-of-winter languor is the simple, time-tested Change of Scene.

Headed East, to vibrant, exciting New York City, are the David L. Gambles, of Renaud road.

Mr. and Mrs. Gamble leave Sunday for a crowded week, which includes the wedding of Mr. Gamble's sister, Dr. Anne Gamble, interrupting her internship at University Hospital in Minneapolis long enough to be married "at home."

"The Amorous Flea," an off-Broadway adaptation of The School For Wives, opens next week, and the Gambles, "angels" for the production, will be among the first-night audience.

Finally, at the end of their visit, Mr. and Mrs. Gamble plan a rendezvous with Mrs. Gamble's parents, the Philip C. Bakers, of Oxford road, returning on the Franconia after a month's cruise of the Caribbean. The four will return to the Pointe together.

North And South . . .

. . . according to their interests and dispositions, go the travelers. Mrs. Augustin G. Nutter, of Moran road, will be at the Beach Hotel, Ft. Myers Beach, Fla., until after Easter.

The Paul D. Bagwells, of Devonshire road, are combining business with pleasure during a month's Florida vacation, and plan to attend Detroit Athletic Club's annual expatriates' reunion at Indian Creek Country Club, Miami Beach, March 2.

Musically-minded Mrs. Frank W. Coolidge is back in McKinley avenue after a flying trip to Ottawa, Canada, where she was guest of honor at a concert given by the new "Pro Musica of Ottawa."

Mrs. Coolidge, houseguest of Ottawa's Pro Musica president, Mrs. G. E. Beament, and her husband, spoke before the Pro Musica Board at a luncheon and special dinner, and attended eminent pianist Mieczyslaw Horszowski's concert, sponsored by the newly-organized Canadian musical society.

"Our Pro Musica in Detroit is 37 years old," this charming lady who has devoted herself to the cause of good music performed by good artists, reports, "and it is gratifying to find new such music groups forming with success."

Staying Home . . .

. . . need not mean going into hibernation; ours is a four-season town now, with activities scheduled every month of the year.

Reservations for the Junior Women's Association for the Detroit Symphony Orchestra's benefit theater party next Monday, February 24, are pouring in, according to co-chairmen Mrs. Arthur Johnson, of Pemberton road, and Mrs. Herbert Graebner, of Birmingham.

The play, "Never Too Late," stars William Bendix and Nancy Carroll; curtain time at the Fisher Theater is 8:30 o'clock; and to round out the "First Nighter" evening (Continued on Page 12)

"Many of us talk about the problems of the 'inner city,' but the Hannan YMCA is doing something about them—every day, seven days a week," Mrs. Gorey says. The drive runs through February 29.

MARGARET HOLLEY was a member of the student committee of the Wellesley College Chapel Association which presented the annual Religious Forum Friday, February 14, through Sunday, February 16. A Captain in the Naval Reserve, Mr. Ambrosini is on his annual two weeks active duty training, and is quartered on the Naval Air Station, North Island, where Naval Aviation began.

Miss Kaselitz Weds Richard G. Metry

Bride Wears White Peau de Soie Gown Trimmed With Lace and Pearls for Rites Saturday in St. George Syrian Orthodox Church

Dianna Louise Kaselitz and Richard George Metry exchanged marriage vows Saturday evening in St. George Syrian Orthodox Church. A reception at the Hillcrest Country Club followed the ceremony.

The bride is the daughter of Mr. and Mrs. Elmer L. Kaselitz, of Kensington road. Her husband is the son of Mr. and Mrs. Oscar B. Metry, of Balfour road.

For her marriage, the new Mrs. Metry chose a gown of white peau de soie, fashioned with long sleeves. Delicate clusters of sugar beads decorated the Alencon lace bodice, which featured a Sabrina neckline, and the lace and pearl trimmed A-line skirt ended in a chapel train.

An original pillbox of lace and pearls caught the bride's illusion veil. She carried gardenias and stephanotis.

Mrs. Robert Kynaston was her sister's matron of honor, in a floor length gown of pink velvet and peau de soie with a portrait neckline, gathered skirt and garnet Swiss velvet bows defining the high-rise waist.

Bridesmaids were Karen Schmitt, Bonnie Kaselitz, Genesee Metry, Lorraine Metry and Kathy Cooper. Their headpieces were pink Spanish lace mantillas, and they carried pink carnations with garnet rosebuds.

The bridegroom asked his cousin, Greg Gabriel, to serve as best man. Ushers were Philip Grieve, Dennis de Manigault, George VanVoories, Donald Harants and Douglas Kaselitz, brother of the bride.

The mother of the bride wore a floor length gown of beige French brocade and georgette chiffon. Mrs. Metry chose a long dress of turquoise satin with three-quarter sleeves.

The newlyweds will make their home in the Pointe.

Maureen Cotter Wed in Chicago

Maureen Alane Cotter and Edgar Faust exchanged marriage vows Saturday in Dixon Chapel, Chicago, Ill.

The bride is the daughter of Mr. and Mrs. Thomas H. Cotter, of Neff road. Her husband is the son of Mrs. George Faust, of Chicago, and the late Mr. Faust.

Colleen Cotter served as her twin sister's only attendant, and the best man was William Dismuke, of Albuquerque, N.M.

After a reception at the Lakeshore Club of Chicago, the newlyweds left for Mexico City and Acapulco. They will live in Chicago.

A bluff will win a battle now and then, but to be consistent it must have good backing.

Mrs. Brossy's daughter, Mrs. Bryce Wellington Russell, who with her husband and four children lives in London, England, was unable to attend.

The bride is the former Agnes Louise Brandon, daughter of Mrs. Walter C. Brandon, who came from Columbia, S.C., for the wedding, and the late Mr. Brandon, founder of the Bankers Trust Co. which eventually merged with Detroit Bank and Trust Co.

She was graduated from Wellesley College, and made her debut at a tea in her parents' home. For more than 10 years, she has been the arbiter of Detroit society, supervising weddings, debuts and receptions in the tradition of her mentor, Miss Sara E. Burnham.

Mrs. Cadwell retired as director of research and development for the U.S. Rubber Co., served as professor of chemical and metallurgical engineering at Wayne State University, and is now semi-retired, acting as research consultant in chemistry.

He is a member of Torch Club, the Country Club, the Hillsboro Club and the Engineering Society.

For her wedding, the former Mrs. Brossy chose a navy silk afternoon dress with a matching coat, and a pale blue straw hat. She wore a gardenia corsage.

After a reception at the Little Club, the newlyweds, who met less than a year ago at Hillsboro Club, Pompano Beach, Fla., left for Washington and Florida. They plan to reside in Mr. Cadwell's home in Washington road.

The new Mrs. Cadwell does not intend to give up her work immediately, but has picked an assistant, Mrs. Henry B. Kinzie, of Beaupre road, who has been helping her for several years.

MRS. RICHARD CORBRIDGE of Casper, Wyo., and her two daughters will be spending a week with her parents, Mr. and Mrs. RICHARD K. BALLENTINE of Hillcrest road.

Disclose Wedding Plans

Following a solemn engagement at St. Aloysius Church Sunday, Mr. and Mrs. Donald B. Coats, of Hunt Club drive, announced the engagement of their daughter, NANCY JEANNE, to THOMAS EDWARD ERVIN, son of Mr. and Mrs. Robert Ervin, of Kensington road, at a family dinner. The bride-elect is in her senior year at Marygrove College. Her fiancé was graduated from the University of Detroit, where he affiliated with Phi Sigma Epsilon.

Party Cookery Class Offered

A new course in party cookery is being offered at the Grosse Pointe War Memorial, taught by Mme. Charly Sucek, gourmet lecturer and food consultant. The course will consist of three Monday evening sessions.

The first two, held on February 23 and March 2 at 8 o'clock, will cover the Wine Lovers Cookbook and Chafing Dish Cookbook with a coffee and nibble hour following. On March 9, there will be a buffet supper served in cooperation with Little Harry's Restaurant, which will feature the dishes to be demonstrated that evening — galantines, poissons, saads and pastries.

The fee for this gourmet course is \$7.50. It will be given in the Crystal Ballroom of Fries Auditorium. Advanced paid enrollments are requested.

Mme. Sucek will take her group into new adventures of

cooking with wine. She will introduce the better known wines by name and explain the use of white wines and red wines in the kitchen.

Her demonstrations will feature preparations of choice selections of dishes, such as onion soup chablis. She will also describe and give recipes for other outstanding dishes. Among these will be Coquille Saint Jacques Sole Normande, etc.

Known as a world traveler, she has collected recipes and secrets of the culinary arts in many corners of the world. Some of these discoveries she will reveal in the class are "Escalope Zingara or Veal Scallopini in Gypsy sauce of minced mushrooms, ham, and laced with Oloroso type sherry. This recipe she brought from Seville.

As an example of a dessert prepared with liqueur, she will offer orange ice Curacao, served in scooped orange shell. She will speak of many other combinations of liqueurs with fruit as well.

A final flourish will be an explanation of the use of champagne in the kitchen, in addition to its usual role on the table.

In her discourse on food and wine Mme. Sucek has a great stock of anecdotes which she gleaned from her experiences with food throughout the world. She uses them liberally to spice her informal talks.

Reed-Murphy Rites Revealed

Mrs. N. J. Frost, of Bedford road, announces the marriage of her daughter, Elaine F. Murphy, to Clyde L. Reed.

Mrs. Murphy, Executive Director of the Employee's Consultation Bureau of the J. L. Hudson Co., is also a winner of the Woman of the Year Award. Mr. Reed has been identified for many years with Detroit's Economical Research Development Activities.

Following a brief wedding trip, Mr. and Mrs. Reed will reside in the Grosse Pointe area.

To Give Dinner To Aid Church

A spaghetti dinner is being given on Sunday, February 23, in St. Philomena's school hall, located on Versailles and Mack starting at 2 p.m. by members of the parish with the proceeds going to St. Boniface Church.

St. Boniface, located in the inner city on Twelfth street, is more or less a victim of changing times and progress. Many old Detroiters lived on its shaded streets, but now with age deterioration and the coming of the expressways, the once comfortable homes remaining house people who are able to provide in most instances only a marginal existence for themselves.

Father Raymond Maiburger, pastor of St. Boniface, says that their school is part of a pilot project and through government surpluses they are able to supply a hot lunch to their students. It is, he stated, usually the only well-balanced, adequate meal of their day.

A professional caterer and member of the Parish, Felix Tonin, and his crew are donating their time in the preparing and serving of the dinner which will consist of spaghetti, salad, rolls, butter, coffee and dessert. The tickets are \$1.00 for adults, 65c for children and they may be purchased only at the door on the day of the dinner. Guests are requested to bring bibs for their toddlers.

Further information may be obtained from Mrs. John McNulty, chairman, TU, 5-3796, or from co-chairman, Mrs. Jasper Devaney, TU, 2-0915. People unable to attend the dinner who may wish to contribute something for St. Boniface, may do so by mailing their donation directly to St. Boniface, 2343 Twelfth, or to Mrs. William Moore, 425 Calvin, Grosse Pointe.

Charles Baum To Claim Bride

Announcement is made of the engagement of Patricia Laine Hicks, daughter of Harold Hicks, of St. Clair Shores, and the late Mrs. Pauline Young, of Newark, Del., to Charles Stephen Baum, son of Mr. and Mrs. R. E. Baum, of Moran road. The bride-elect was graduated from Newark, (Del.), High School. Her fiancé, a graduate of Michigan State University, is employed by General Motors. They plan a March 20 wedding.

From Another Pointe of View

Continued from Page 11
ning, a dinner party has been planned before the performance at the Recess Club, with cocktails at 6 and dinner at 6:45 o'clock.

Among those working for a successful evening are Mrs. Carl R. Kamhout, of Washington road; Mrs. Kenneth I. MacLeod, of Brys drive; Mrs. George F. Renaud, of Harvard road; Mrs. Richard E. Rosin, of Prestwick road; Mrs. W. Pierce Smith, of Pemberton road; and Mrs. Willard S. Smith, of Colonial road.

Coming Here . . .

. . . for the very briefest of visits—literally a "one-night stand"—is Mrs. Julien Caestecker.

Mrs. Caestecker arrives from Chicago tomorrow morning, and will be guest of honor at a 5 to 7 o'clock party given by Mrs. Richard A. Wiggins in her Clairview road home Friday evening.

Mrs. Caestecker, who returns to Illinois Saturday, and Mrs. Wiggins are very old friends; they met in Florida many years ago, and hope to sandwich in at least a few minutes of quiet conversation during the brief visit.

A Sure Sign Of Spring . . .

. . . the Spring Lectures sponsored by the Grosse Pointe War Memorial Association and the Grosse Pointe Garden Center, begin tomorrow, at 11 o'clock, in Fries Auditorium. Paul DeTatis opens this three-lecture series with a talk on "Flower Arranging."

The lectures are complimentary to Garden Center members and guests, who may stay on for a subscription luncheon, at \$1.75 per person, in the Crystal Ballroom. Luncheon reservations may be made by calling TUXedo 5-3965, or Valley 1-4069.

Dr. Warren Stoutamire, of the Cranbrook Institute of Science, will discuss "Orchids, Native and Cultivated," on February 28, and Mrs. Louis Dibble closes the series with her March 6 talk on "Design and Planting of a Small Garden or Terrace."

Luncheon reservations must be made by the Wednesday before the lecture.

February 29th . . .

. . . comes only once every four years, and Chapter F, Michigan T.T.T., part of a national society to help underprivileged girls, is not about to let the day pass unobserved.

A Sadie Hawkins Party has been scheduled that evening in the South Renaud road home of Mr. and Mrs. Kenneth Koppin. Members and guests are advised to dress "Dog Patch" style for square dancing, a Hootenanny and buffet supper.

Among the first to accept invitations for the Leap Year were Mr. and Mrs. James Hoyt, Mr. and Mrs. Marvin Dowhan, Mr. and Mrs. Allan Mitchell, Mr. and Mrs. Steve IVdmich and Mr. and Mrs. James Stuart.

Chapter president Mrs. Gerald Hunwick announces that proceeds from the party will help to support summer camps maintained by the society.

Recruit Helpers For Torch Drive

Leaders of women's organizations got a preview Tuesday and Wednesday, February 18 and 19, of a full-scale advertising campaign designed to recruit 10,000 women volunteers for next fall's Torch Drive.

Among local women who attended the presentation at J. L. Hudson Co.'s downtown auditorium were: Mrs. Louise Faust, 922 Lakepointe; Mrs. Peter Down, 294 Hillcrest; Mrs. Richard Dykstra, 1136 Balfour; Mrs. Robert Thibodeau, 122 Moran Rd.; Mrs. William T. Wills, 454 Cloverly; Mrs. Pierce Smith, 543 Pemberton; Mrs. White Tootle, 49 Edgemere; Mrs. William H. Coddington, 646 Lincoln; Mrs. John Gould, 1122 Bishop road; Mrs. George Reindel, III, 564 Lincoln road; Mrs. T. H. Mecke Jr., 497 Lincoln road.

The campaign was outlined by Joseph G. Standart, Jr., Vice President of Young & Rubicam, Inc. The world-renowned advertising firm is donating its services to help the United Foundation Women's Organization launch the campaign.

Scheduled March 1 through April 15, it will be boosted by 20 billboards and 1500 bus cards, as well as newspaper, radio and TV advertising.

Mrs. Harold J. Schachern, chairman of the UWFO Recruitment Promotion Committee, asked presidents and other representatives of the women's organizations to take word of the campaign back to their members.

"We must replace a large number of UF volunteers who have moved away or retired after many years of service," said Mrs. Schachern. "New recruits are also needed for new subdivision blocks."

The leaders of church, service, PTA and other organizations were guests of J. L. Hudson Co. for lunch and heard a talk by 1964 Torch Drive General Chairman Thomas F. Morrow. He emphasized the importance of the doorbell-ringers' work in the campaign. He said their main contribution is in telling their neighbors how the 197 Torch Drive agencies meet every community health and service need.

The guests viewed a skit in which typical volunteer doorbell-ringers turned over their collections to a United Foundation representative. He removed 43 per cent, representing the cost of the Torch Drive campaign and administration.

The funds were turned over to the Visiting Nurse Association, Detroit Orthopaedic Clinic and the Michigan Cancer Foundation. Each Torch Drive agency dramatized how it used the money to provide care for the ailing, to conduct research, or to help the handicapped.

Narrating the skit was Joan (Mrs. George T.) Hall of Grosse Pointe, a member of the UWFO steering committee. She was assisted by Mrs. R. Alex Wrigley, of Grosse Pointe.

Mrs. Dennis Raleigh

SHIRLEY JANE PAGEL, daughter of Norman Pagel, of Detroit, formerly of Ida lane west, and the late Mrs. Pagel, spoke her marriage vows to Mr. Raleigh, son of Mr. and Mrs. Harold W. Raleigh, of Mt. Clemens, at a candlelight ceremony Saturday in St. Paul's Lutheran Church.

Symbolic of the earlier days of American pharmacy was the lighted lamp in the drugstore window. All through the night it glowed, a beacon of hope, a symbol of unselfish service.

Although the historic lamp is now practically extinct, the fundamentals of pharmaceutical practice have changed but little. The responsibilities of the pharmacist are greater today than ever before—he is a vital factor in medical care.

Jet Age Miracle Courage, Faith, Men Of Good Will Bring About An Amazing Reunion

Pretty Dina Futersack, 21, arrived in New York's Kennedy International Airport recently on a SABENA Belgian World Airlines flight from Warsaw to Brussels to New York for an almost unbelievable reunion. Dina, as an infant of eight weeks, was left on a doorstep when her parents fled the Nazi invasion to hide in the forests of Poland. She was raised by Catholic nuns until her eighth birthday, then adopted by Mrs. Wladyslaw Benedyk. "Children's Salvation," a Jewish organization in New York that works for the reunification of families separated by the war, found Dina living under the name Maria Benedyk. But her attachment to Mrs. Benedyk was so great that she did not want to leave. The organization decided to bring both Dina and Mrs. Benedyk to the United States. Those who witnessed the reunion saw both mothers and the child embrace, from left, Mrs. Salma Futersack, Dina, and Mrs. Wladyslaw Benedyk.

LET US SPRAY—Postman James H. McNamara, Arlington, Va., receives the first capsule of anti-dog bite spray from Postmaster General John A. Gronowski in Washington. This is the leadoff to equipping letter carriers in 6,000 U. S. cities by summer. The spray is pepper extract and mineral oil. Dog bites cost the Postoffice Department about a million dollars annually. The spray and equipment will cost \$90,000.

He was scheduled to go on trial Feb. 13.

FORD IN HER FUTURE? She is shown leaving a Metropolitan Opera performance in New York.

DEFENDS \$275,000—Rep. Harry R. Sheppard, D-Calif., denies to reporters in Washington that there is "any thing irregular or improper" about his sudden deposit of \$275,000 in Washington banks and savings and loan associations. The 79-year-old Sheppard said the money had been lying idle in a safe deposit box for years and that he had not invested it because he did not have time to watch investments and because he did not want income which would have put him in a higher income tax bracket.

Their three children were found wrapped in towels in the bathtub, stabbed to death. Cochran told police his wife admitted killing the children, and laughed about it.

FOLDED HIS TENT—Capt. Mahmoud Hilmi Abbas, 26, U. A. R. air force pilot, sits quietly at an undisclosed site in Israel as reporters ask him about his defection and request for political asylum. SUNNINGDALE, 1239 — If you treasure Originals in Art, you will love this "Richard Kimbrough" Original. He built this 4 bedroom, many bath masterpiece for exquisite tastes. No "bowling alley" cellar to clean, daringly he added the basement to the 1st floor. Come see it Saturday or Sunday afternoon.

MARTER, 20720 — So Early American, brand new and not one inch of wasted space! Paneled dining room, in its spare time, serves dual purpose. Formal living room with fireplace. Carpeted, storms and screens, Merion blue. Open Sunday, 2-5.

WESTCHESTER — These 12 rooms of perfection are extremely deceptive on the exterior. Advantageously, 4 levels permit luxury areas for formal and informal entertaining, each with its own kitchen. Words do no justice to the interior. By appointment only.

FIRST OFFERING

TOO LATE AGAIN? Could be that you will be if you wait until tomorrow to check on this. We are offering... while it lasts, an almost new colonial in the Farms. Four family bedrooms, that large library opening onto a secluded patio, spacious kitchen with all trimmings, and ready to move into tomorrow.

BY APPOINTMENT

YOU ARE CORDIALLY invited to tour this well planned home at 768 Fairfield Road, when we hold an open house Sunday afternoon. Stop by between 2:30 and 5, then you'll see why we call this one of the better ranch homes offered in the Pointe today. If you desire three bedrooms and two full baths in your next home this one is a must see.

GONE! Several thousand dollars from the price on this white colonial in the popular Radnor Circle area. Now priced to attract that buyer in the thirty thousand range, who must have four bedrooms. We might mention this house also has a library, family room, and paneled basement room. You wouldn't want to be any closer to shopping, school, and transportation.

IMPOSSIBLE? Almost in this location, but we now have for your inspection, a three bedroom home in the Farms, which is just three minutes walk to Richard School and Hill Shopping. \$21,500 is the amazingly low tag on this rare offering, on a street where most of the homes sell for thousands more.

THE FRENCH architects of yesteryear have shown their influence in the quaint design of this charming four-bedroom home in the Farms. A smaller house placed on a lot with plenty of elbow room. Should be attractive to you who want something "different from the rest" and still in the mid-thirties.

"Politeness is an easy virtue, costs little, and has great selling power."

"Togetherness" in the Milton H. Wehmeier family reached a new peak recently when Mr. Wehmeier and his wife, Eunice, retired from their jobs at Detroit Edison on the same day. The Wehmeiers first met more than 20 years ago in Edison's general offices building in Second avenue. Each was married to another, but they did become friends and through the years worked together in the engineering design and services department. A period of sadness entered their lives when she was widowed and he lost his wife; it was only last May that he proposed and she accepted: Mr. Wehmeier's four grown children attended the wedding at All Saints Episcopal Church, his oldest son, Robert, serving as best man. Mrs. Wehmeier shares her husband's love and interest in his six grandchildren. Now that both are "at home" in University place during the day, Mr. Wehmeier after 42 years of service with Detroit Edison, (Mrs. W. took an early retirement after 24 years), they plan to do some traveling if and when the wanderlust strikes. "My biggest concern now is that the name of Wehmeier may be running out," says Grandfather Wehmeier. "My sons have three daughters and my daughters have three sons!"

That was no 'possum, that was . . . Mrs. Robert H. Kanzler, in a cocoon coat of grey and white 'possum fur, looking chic, fetching and ready for anything—even Sergeant Renfrew of the Royal Mounted Police.

The long arm of coincidence: Mrs. Edward J. Hickey, III, of University place, and Arthur "Bud" Summerfield, Jr., of Flint, met for the first time recently at the Howard A. Shaws' A-line vacation home near Otsego, and discovered they shared an unusual distinction. Ann Hickey is the daughter of James A. Farley, "Bud" the son of Arthur Summerfield, Sr. Both men served as Postmaster General of the United States.

Lochmoor Club members, intrigued and perplexed, are asking each other, "What's GOONL?" Mailed invitations, in vivid green and acid yellow, with a question mark and a question mark—what's new at Lochmoor?—invite everyone to come and see GOONL February 29. "Very good," say the ladies and gentlemen of the club, "but what's GOONL?" Is it a new dance, new party game, a visitor from another planet? Whoozit knows. But Whoozit isn't telling . . . yet.

The youngest king in the world has invited Michigan's youngest State Senator, Charles M. Youngblood, Jr., whose district includes The Pointe, to a reception at the United Nations Building in New York next Tuesday, February 25. Senator Youngblood is the only Michigan legislator bid to help his Highness Abdulla Al-Salem Sabak, Amir of the State of Kuwait, (and Kuwait's representative in the UN), celebrate the anniversary of his Ascension Day.

The long arm of coincidence . . . again: Grosse Pointe High School student Fran Voorwerk happened to mention the name of a classmate, Marsha Wertz, at home; Mrs. Frank L. Voorwerk did a quick double-take. Wasn't Marsha the name her roommate in Henry Ford Hospital's maternity ward when Fran was born had given HER baby girl? And hadn't her roommate been a Mrs. Wertz? Yes to both questions. Mrs. Lynn Wertz and Mrs. Voorwerk, ex-maternity roommates, meeting for the first time since their concurring Blessed Events, were delighted to find their daughters, born two days apart, had become fast friends.

TUXIS SHOW. Three frantic days in another world. People rushing through the final preparations. Make up, props and scenery all receiving finishing touches. Last minute changes in lines and staging. Months of planning and rehearsing brought to a focal point on this first performance night.

One minute to show time. Actors quickly take their places as the music starts. The curtains open and the lights go up. The actors take the stage and another year's Tuxis Show is under way.

What about the people behind the scenes? What are they doing to keep the show running smoothly? How do they feel when that first curtain goes up? These are questions asked of the cast and crew in this year's Tuxis Show.

Judy Via, the energetic girl who played the part of Miss Gymwhistle, eager recreation leader: "I can sum up how I felt before I went on stage in one word: petrified! One of my worries was whether I could walk because I had made-up caked all over my legs. I remember wishing I was at home watching 'Saturday Night At The Movies.' When I did get on stage I was in a complete daze. I can't remember much about what I said or did. I could only recognize one person I knew in the audience because the lights were so blinding. My nerves calmed down a little while I was on."

"During most of the rehearsal I was really worried about how the show would go over. It was amazing though, how things took shape at the end! I enjoyed taking part in the Tuxis Show this year and I think it's a wonderful opportunity for teens to show other people their talents."

Mike Scovel, an indispensable back stage hand: "Staging, lighting, sound, and managing curtains are some of the jobs accomplished by the people working back stage. We started our first planning in December when the others began working on their acts. We tried to cover all the problems which might arise. Our real work started about four weeks ago when we began painting flats and recording the music and sound effects."

"On the Monday before the show we set up the flats and other stage equipment. At the final rehearsal on Tuesday we set up the lights and went over all the last minute changes. Just before the show I was worried as much as everyone was. When I heard the applause at the end of the show I felt proud because I knew I had done my best to help make the Tuxis Show the success it was."

To sum up, the show was a ball for all who took part. The most important function however, was to contribute financial support to various philanthropic projects. The time, the effort, the fun, and the love put in by everyone involved was all given to reach this goal.

"I love to travel," she says emphatically. Through the years, Mr. and Mrs. Wertz have built up a backlog of friends in cities across America, and Lucille thinks one of the nicest things about her life now is that she knows "so many nice people" everywhere she goes.

The Wertz family has no children, but "Bootsie"—world's largest, friendliest, most even-tempered French Poodle—has logged a considerable amount of mileage "on the road" with her master and mistress, and is a seasoned air traveler.

Mrs. Wertz remembers times in restaurants when her husband ran into a bit of difficulty trying to eat while surrounded by fans . . . but she remembers these times with equanimity. "They never bothered me," she says, "and Vic has rather an even-keel disposition."

Victor Wertz, officially retired from baseball, is now a Macomb County businessman. Last year's trip to Japan with the Detroit Ball Club, co-sponsored by the U.S. State Department and Mianchi Newspapers, climaxed a 20-year career in the major leagues.

Mrs. Victor Wertz, of Moross Road

By Janet Mueller

The bells ring constantly for dark-haired, dark-eyed Lucille Wertz . . . telephone bells, heralding ticket requests, answers to invitations, the latest information on her latest project . . . and Mrs. Wertz stays cool in the midst of chaos, a perfect example of the difference between "hurried" and "harried."

As patroness ticket chairman for Fashionscope, the annual preview of spring and summer styles sponsored by the Women's Association for the Detroit Symphony Orchestra, Mrs. Wertz is responsible for contacting ladies all over town, addressing envelopes, maintaining files, checking lists, collecting and cataloging invitation replies.

When the bells began to ring a bit too loudly and too long—"My husband complained that he could never get me"—the Symphony obligingly installed an extra telephone line into the Wertz household.

She's No Novice

Luckily, Lucille Wertz is no novice as far as committee work is concerned. In 1962, she served as general chairman of the White Christmas Ball, sponsored by the Friends of the Sisters of St. Joseph, who maintain St. John Hospital. She has devoted time, talent and energy to the TB and Health Society and the Michigan Association for Emotionally Disturbed Children, a group of dedicated volunteers whose efforts were capped last year by their Association's acceptance into the United Foundation program.

She wishes she had more time for herself but "couldn't stand not having something to do," considers inactivity deteriorating and thoroughly enjoys a busy, constructive rewarding schedule. She is a "worker" rather than a "waiter," efficient, vivacious and willing to be involved in projects rather than simply to watch them develop.

As wife of former Detroit Tiger first baseman Vic Wertz, she has learned how to combine a gracious, well-run home with a demanding public life.

Born in Detroit, Lucille Wertz has two brothers, both of whom are doctors—which perhaps explains her interest in St. John Hospital affairs. She was working in an advertising agency when she met her husband; the agency handled sports personalities. Vic Wertz came in to do a TV show. They were married in 1952.

They moved to the Pointe in '54, and to their present home in Moross road two years ago. Lucille traveled with her husband during the summers, going wherever he was playing.

Loves to Travel

"I love to travel," she says emphatically. Through the years, Mr. and Mrs. Wertz have built up a backlog of friends in cities across America, and Lucille thinks one of the nicest things about her life now is that she knows "so many nice people" everywhere she goes.

The Wertz family has no children, but "Bootsie"—world's largest, friendliest, most even-tempered French Poodle—has logged a considerable amount of mileage "on the road" with her master and mistress, and is a seasoned air traveler.

Mrs. Wertz remembers times in restaurants when her husband ran into a bit of difficulty trying to eat while surrounded by fans . . . but she remembers these times with equanimity. "They never bothered me," she says, "and Vic has rather an even-keel disposition."

Victor Wertz, officially retired from baseball, is now a Macomb County businessman. Last year's trip to Japan with the Detroit Ball Club, co-sponsored by the U.S. State Department and Mianchi Newspapers, climaxed a 20-year career in the major leagues.

Fascinated by Japan

Land of the Rising Sun. She stared in fascination at bamboo scaffolding where workers toiled 24 hours a day, building and remodeling Tokyo for this summer's Olympic games.

Construction was going on everywhere, she reports; streets were being widened, tremendous buildings moved back, stadiums erected. The Japanese have "adopted" baseball as their favorite sport, and the Tigers traveled up and down the islands, sight-seeing between games.

Mrs. Wertz admits she never mastered the rudiments of the language, but her husband picked up enough words and phrases to make himself understood. He still corresponds with several Japanese players he met on the tour.

Fascinated by Japan, anxious to return to Hawaii, Lucille Wertz is drawn toward the sun. She prefers warm weather, considers Scottsdale and Palm Springs two favorite vacation spots.

Her living room is decorated in "sun" colors, bright yellow and warm white, its floor-to-ceiling glass doors overlooking the Country Club golf course. A lemon tree in a white pot stands on a white brick ledge beside a fireplace dividing the living from the dining area, and last week a vase of yellow carnations, birthday gift from Mrs. Wertz to Mr. Wertz, graced a low coffee table.

Is Recipe Snipper

She has no all-consuming hobbies, enjoys playing "a little golf, a little tennis . . . a little of everything," confesses to one secret compulsion: snipping out recipes from newspapers and magazines.

Pond of experimenting in the kitchen, she has little opportunity to indulge her penchant for creative cookery. The time element is against her—and so is her husband, who loves to grill steaks himself! The Wertz family modeled their kitchen before they moved into Moross road; Mr. Wertz insisted upon a central charcoal grill; and one of his favorite pastimes is standing beside his grill, watching his steaks sizzle.

With Fashionscope scheduled in Hudson's downtown auditorium March 3 and 4, Mrs. Wertz has even less time than usual to herself.

The Women's Association for the Detroit Symphony Orchestra hopes to raise \$10,000 via this benefit fashion show; most profits are realized through the sale of patroness tickets, at \$10 each; the response has been good so far, but every ticket counts.

Started Last October

Mrs. Wertz began thinking about possible committee workers last October, started phoning in November, "catching people at home and getting them to say, 'Yes.'"

Following the Fashionscope kick-off tea, she collected 1,600 patroness tickets and began sending invitations through the mail. Within days, the response started pouring in; Lucille Wertz began the dogged, unglamorous work of listing requests, keeping up-to-date files, preparing patroness names for the program.

Some days, from lunch until 5 o'clock, Mrs. Wertz and various ladies of her committee worked on the mail; other days the committee chairman spent her entire afternoon at the telephone.

Fashionscope's two showings, on the first Tuesday and Wednesday of March, present an over-all preview of spring and summer styles in all price

ranges. Symphony Women's Association members act as hostesses at the tea which traditionally follows the show, under the general chairmanship this year of Mrs. William Scripps.

A green and white color theme, symbolic of the spring season, has been chosen for the decorations, and Hudson's Madelyn Coe will commentate the show.

By Easter, Lucille Wertz' life should be back to its busy, (as opposed to hectic), normality. She is looking forward to this summer, the first "free" summer she and her husband have had since they were married.

May Drive West

Fourth of July means a double header to a baseball player; Sundays and holidays mean a harder day's work. Vic Wertz, who signed with the Detroit Tigers when he was 17, would like to get into a car this year and head West.

He wants to go to all the places he hasn't been, to visit the National Parks, Yosemite, Yellowstone, Glacier, to end up eventually in San Francisco, a city he and his wife both love.

If this "dream trip" materializes, Lucille Wertz will be where she always been, in the seat beside the driver. "Bootsie" will probably be stretched out in back. There will be no telephones . . . for a while.

But Lucille Wertz' friends are willing to bet bells begin to ring again as soon as this animated lady returns to the Pointe. Women who can, will and do work well—in an organization capacity—are as highly prized here as the Star of India. Bells ring constantly for them.

Richard Rose of 5099 Grayton, Detroit, was stopped at Mack and Kenmore road for speeding February 15.

Police officers discovered three partially filled bottles of beer and 18 more bottles in the trunk.

Tickets were issued to the seven occupants of the car for possession of alcoholic beverages. All were juveniles.

Beauty

Moments of Madness have always been a part of the beauty and fashion picture . . . from the short square "Buster Brown Bobs," circa 1914 . . . on to the "Boysish Bobs" of the Roaring Twenties . . . and the "Beagle Bobs" of today . . . fads have swept the country. It makes one ask "Why do girls that could be attractive as such want to look like boys?"

My personal preference is for girls to look like girls . . . pretty and feminine. This spring the Big News in fashion (not fads) is that hair will be short and very flattering . . . with almost every style enhanced by the artful use of color . . . supported by a permanent wave . . . not just any permanent wave . . . but one that becomes an integral part of the hair design, firm and curly or merely a foundation for smooth, flowing lines.

It takes a specialist with a combination of talent and experience to achieve perfect results. Drop in at 117 Kercheval and discuss your hair problems with me or call TUxedo 1-6833 for an appointment. Our salon is always open Mondays for your convenience.
