THE UNITED STATES will send 75 Skyraider dive bombers to South Viet Nam to replace war-worn aircraft being flown by American and Vietnamese pilots. The announcement was made in Saigon Wednesday by Defense Secretary Robert McNamara. He also said that excellent progress had been made in the war program as a whole but added "It's going to be a long war and we should not delude ourselves into thinking it won't."

AN AGREEMENT was reached Wednesday by Attorney General Robert F. Kennedy and Senate leaders of both parties on a revised Civil Rights Bill which they said safeguards the objectives of the House-passed measure. The changes will be submitted to Republican and Democratic conferences Tuesday. The principal final revisions deal with the public accommodations, fair employment and Federal fund cut-off sections of the legislation.

THE SENATE THURSDAY, in a free-shouting battle, rejected a GOP move to expand the Bobby Baker investigation. The vote defeating the GOP move, which was offered by Senator John J. Williams (R., Del.), was 42 to 33. The late president's brother, Senator Edward M. Kennedy (D., Mass.) was presiding during the tempestuous session. All 42 votes against the Williams resolution were cast by Democrats and of the 33 senators voting against the move to table the proposal, nine were Democrats and 24 were Republicans.

NEW YORK GOV. Nelson A. Rockefeller scored a smashing victory in Oregon's Republican presidential primary Friday. He finished well ahead of the other big name candidates — South Vietnam Ambassador Henry Cabot Lodge, Arizona conservative Senator Barry Goldwater, former Vice-President Richard Nixon, Pennsylvania Gov. William W. Scranton and Maine's Senator Margaret Chase Smith. Observers said Rockefeller's smashing victory was a bitter blow to forces blacking Lodge and would help Rockefeller's chances against Goldwater in California.

IN AN ANNOUNCEMENT made at a routine press conference in the executive office in Lansing, Saturday, Gov. Romney said he would be a candidate for re-election next November. He also said that he would not start campaigning "for several months." The statement came as no surprise to political observers and had been expected for many weeks. Romney said the thunderous reception he received at the Republican State Convention last Saturday spurred him to reveal his decision this week.

THE LAOTIAN NEUTRALISTS' top general and an international inspection team were forced to flee when Communist forces launched a large-scale attack on neutralist positions in the strategic Plain of Jars Sunday. There was alarm in Washington at first but later reports indicated that the situation might not be as serious as feared. Secretary of State Dean Rusk met throughout the day with representatives of more than a dozen countries concerned with the Laos situation.

Red Carpet Tour Given To 'Visiting Firemen' On Mayor Exchange Day

Luncheon at Eastland and Boat Ride on Lake St. Clair Highlights of Program As Out-State Officials Are Entertained In Pointe

Routine administrative details in the city offices of the five Grosse Pointes slowed down a bit Monday, May 18, as officials took "visiting firemen" sightseeing about the area.

The "firemen" weren't really firemen, of course, but mayors and guests from surrounding towns, who were participating in the annual Mayor's Exchange Day.

The Park entertained Mayor W. E. Rowden and Councilman Joseph L. Gwinn of Lapeer while the City showed its sights to Mayor and Mrs. Jack Smit from St. Johns. Visiting the Shores were Webberville's President Howard Benfield and Mrs. Benfield.

Mayor and Mrs. Wilbur Johnson and Councilman and Mrs. Vernon Rounds of Milford received the grand tour in the Woods. Saginaw's Mayor G. Stewart Francke and Mrs. Francke and Councilman James W. Stenglein had the red carpet rolled out for them in the Farms.

After a morning of looking and learning about how our cities operate, the visiting dignitaries were entertained at a luncheon held in Stouffers, Eastland. Joining them for lunch were city officials from all the Pointes.

The guests rounded off their day by taking a boat ride on Lake St. Clair.

Meantime back in Lapeer, Mayor Kenneth W. Cunningham and Councilman William C. Oddy of the Park were enjoying the hospitality of that city as Woods Mayor pro-tem Kenneth Boerner and Mrs. Boerner were seeing the beauties of Milford.

Traveling to Saginaw for the day's exchange of civic leaders were Farms Mayor and Mrs. William F. Connolly, Jr. and Councilman and Mrs. William G. Kirby. The Shores President pro-tem John Huetteman, Jr. and Mrs. Huetteman and Trustee Gerald Schroeder and Mrs. Schroeder visited Webberville, while City Mayor David E. Burgess and Mrs. Burgess were welcomed by St. Johns.

And now the cities' administrations are back in business.

Public Hearing Slated in City

Grosse Pointe City's council will hold a public hearing Monday night, May 25 at 8 o'clock in the council room.

The Council will consider at that time proposed amendments to Ordinance No. 96, the zoning ordinance of the City. The amendments would repeal and eliminate the Special Use Districts designated on the amended building zone map and the special uses it provides. They would repeal in full, sections 2.4 and 2.5 of the ordinance.

Also under consideration will be an appeal to erect a private garage on the property at 17700 East Jefferson and an appeal for modification of a City Council resolution which permits the building of a medical-dental clinic on the southwest corner of Notre Dame and Mack avenue. The modification would eliminate the requirements of a 12½ foot side yard on the Notre Dame frontage.

Woods Council Approves Budget Totaling $1,262,712

At a public hearing meeting on Thursday, May 15, the Woods City Council passed the proposed budget for the 1964-65 fiscal year, beginning July 1. The total appropriation of $1,262,712 was approved with little delay.

According to City Administrator Chester E. Petersen, the budget places top priority upon service improvements that will continue the forward progress of the Woods and upon "the further development of the city's most valuable asset, its loyal, dedicated city employes."

The budget calls for the same tax levy of 14.55 mills ($14.55 per $1,000 assessed valuation), which has been the tax rate for a number of years. A pay increase of six percent for personnel of the Department of Public Safety and a two percent increase for other city employes are included in the budget.

Expenditures under the proposed budget are listed as follows: Department of Administration, $134,208; Department of Public Safety, $421,965; Department of Public Works, $381,685; Department of Parks and Recreation, $128,480; Debt Service, $49,160; Capital Improvements, $122,214; and Sewer, Loss, $25,000.

Revenues making up the funds for the fiscal budget are from these sources: City taxes, $880,275; State-shared taxes, $290,000; Permits, $45,200; Licenses, $4,700; Violation fines $25,537; and Miscellaneous, $17,000.

In other business, the Council voted to install a temporary parking lot beside the Old Public Safety Building, at 20775 Mack avenue. The area is to be hardtopped,, divided into parking spaces and have meters.

Symphony's Concert Set For Sunday

Pianist Mischa Kottler To Be Soloist At Final Program In Parcells School At 3:30

A capacity audience is expected to be on hand this Sunday afternoon to welcome Mischa Kottler, beloved Dean of Detroit pianists, who will appear as guest soloist with the Grosse Pointe Symphony Orchestra for its final concert of the season.

This will be Kottler's first performance with the Grosse Pointe orchestra, though his genius as a teacher and as pianist for the Detroit Symphony Orchestra has made him a familiar figure throughout the community.

The orchestra, which has developed, under the capable direction of Conductor Felix Resnick, into one of the outstanding orchestras in this area, will climax its eleventh successful season of Sunday afternoon concerts on May 24 at 3:30 p.m. in Parcells School Auditorium. A reception and coffee hour will follow the concert.

The scholarly atmosphere of the lobby will take on a festive air for the afternoon as gay balloons and colorful posters advise guests of the Grosse Pointe Symphony Society's funfest project of the season, a Theater Benefit Party on Sunday, June 7, for the evening performance of "Beyond The Fringe", the hilarious intimate revue at the Fisher Theater. Members of the Society will be taking orders for tickets and providing information about the party.

Russian-born Mischa Kottler started his musical career at the age of four as a violinist, changed to piano within a year and at seven years of age entered the Imperial Conservatory at Kiev. When he was nine he made a concert tour of the major cities of the Ukraine, continued his studies in Paris and Vienna, and has been hailed throughout America and Europe for his brilliant musicianship. He considers his wife, a talented musician in her own right, his "most severe critic."

For his first performance with the Grosse Pointe group, Kottler will play Schuman's "Concerto in A-Minor for Piano and Orchestra."

The afternoon's program will

Preserving Pointe For Ideal Living Calls for Planning

Planners' Report to City Follows Lengthy Study Of Necessary Steps to Guard Against Deterioration of Area

(Editor's note: This is another in a series of articles concerning a report prepared by Scott Bagby and Associates of Grand Rapids, City Planners, for the City of Grosse Pointe, in relation to the planning needs of the entire Grosse Pointe community, and a long range guide for community action, present and future. This week's report is a continuation of the Planning Program.)

The Street Plan: One of the fundamental steps in keeping the City a livable community is planning carefully to meet traffic needs on a few major streets, then planning to remove all through traffic from all remaining streets, according to the city planners' report.

Grosse Pointe City and Grosse Pointe Park, because of their location and geography, are carrying major traffic to and from Detroit on practically every east-west street. North-south demands, on the other hand, are much lighter, consisting largely of local traffic and traffic to such targets as Bon Secours Hospital, Maire School, the high school and library and the business districts.

Under the present street plan, Mack, Kercheval and Jefferson avenues will have to remain major streets as they are now. Cadieux and Fisher roads will be needed for the less intensive north-south traffic needs, and major streets will be required for circulation around the Kercheval Business area.

Suggests' Key Change

A key street change is suggested in the proposed extension of Chalfonte avenue through the block from Rivard to University at Mack, according to the planning firm. This will pick up the traffic now using Chalfonte and direct it to the major street system without forcing it through home neighborhoods within the City.

With these major streets, the

City Post Goes To Bendzinski

Robert Bendzinski has been appointed Grosse Pointe City's new treasurer, assessor and deputy city clerk by the City Council. He assumed his duties Monday, May 18.

Bendzinski, 24, came to his post in the City from East Detroit where he was senior accountant of its finance office. He began his career there four years ago as a junior accountant.

An East Detroiter for 18 years, Bendzinski attended St. Veronica Catholic school and was a member of the first class to graduate from Notre Dame High School in 1958. He is a member of the East Detroit Junior Chamber of Commerce and the Knights of Columbus.

Bendzinski is currently studying for a degree in business administration at the University of Detroit.

He is at present living at 17244 Wilson in East Detroit with his wife Patricia and their son, Robert.

Police Break Up Juvenile Theft Ring

Gang Operating Since Last August; Ring-Leaders Involved In Other Crimes

Cases against 10 youngsters, members of a bicycle theft ring, were marked closed by Park police on Friday, May 16, when the last boy turned in his essay on "Good Citizenship," it was disclosed by Det. Lt. Arnold Hough. Charges against two others, the ringleaders, were filed in Juvenile Court.

Lt. Hough said that 12 bicycles, valued at a total of $485, were recovered, but there were others that the boys admitted stealing that have not been found. One stripped down bike was salvaged from Fox Creek, along Alter road, where it had been tossed by the young thieves, the detective said.

Put on Probation

He said that the 10 juveniles have been placed on unofficial probation to his department, and have pledged to make restitution for all unrecovered bikes and parts, and several that had been maliciously damaged.

One youngster, Hough said, confessed to being alone in committing seven thefts.

The beginning of the end for the ring began with the arrest of two 14-year-old boys, the ringleaders, on Friday, May 1, by Patrolman Paul Roek, when it was reported that the boys were seen ransacking glove compartments of cars in the 900 block of Beaconsfield.

The boys were questioned by Hough and Patrolman Bobby McAlister, who was working the plainclothes detail. The youngsters confessed to ransacking between 30 to 40 automobiles on Beaconsfield and Nottingham, over a period of time. Most of the loot has been recovered.

After the boys had confessed, Hough and McAlister and other police officers began rounding up the gang, who have been operating in the area since August 1963. The gang members

Memorial Center's Drive For $60,000 Successful

Victory seems assured for the annual Family Participation Campaign for funds conducted by the Grosse Pointe War Memorial Association. The $60,000 goal of the drive has been achieved, it will be announced at the traditional Memorial Day ceremonies to be held on the Center grounds at 11 a.m. on May 30.

Drive workers are still making calls to donors of record who have not yet given this year, and it is hoped that no one will be deterred from contributing because success seems assured. The $60,000 is the minimum amount needed to absorb the deficit between income and the cost of maintaining and operating the Center for the coming year.

Among the most recent donors to the fund whose names have not been previously disclosed are:

Stickup Man Catches Fear From Teller

Her Inability to Hand Over Loot Causes Would-Be Bandit to Flee In Frustration

A nervous, would-be bandit, who attempted to hold up the Farms branch of the National Bank of Detroit, 93 Kercheval, on Monday, May 18, apparently became frightened when a teller delayed in bowing to his demands, and fled before getting any money.

Det. Sgts. Jack Paisley and George Van Tiem said that the holdup man entered the bank at about 2:29 p.m., approached the teller, Mary Frizzell and shoved a note into her cage.

The note read: "Don't press the alarm, or I'll shoot. Give me all the bills. No singles. Quick".

Teller Freezes

The teller-victim told police that she froze on reading the note, and the would-be bandit, who appeared extremely nervous, said, "Hurry" then ran out of the bank, toward the municipal parking lot.

The teller told police that the holdup man held his hand on his belt under his coat, as though he held a gun.

The man was described as being white, neat appearing, between 42 and 45 years old, between five feet ten inches to six feet tall, 165 pounds, dark brown hair with a bald spot on the back of the head, and having an average or medium complexion.

Paisley and Van Tiem said that the matter was turned over to the Federal Bureau of Investigation for investigation, and that they will assist special agents in every way possible to try to apprehend the criminal.

Police Arrive Quickly

Farms police car crews converged on the bank within less than two minutes after the alarm was given, but too late to apprehend the bandit.

FBI agents, estimated at about 25, came into the area, checking with and questioning store owners and other people regarding whether they had seen anyone fitting the robber's description.

It was disclosed that a bank employe, and a customer in the building at the time of the attempted holdup, informed the FBI agents and Farms police that the would-be holdup man fled out the rear door of the bank, and that they saw him enter a late model car and speed away. They gave authorities a description of the car, but were unable to give the license number.

Bank officials said that this was the first time that any attempt was made to hold up the Hill District branch.

Reporter Twists Facts on Crash

Apologies are proferred to Dr. George R. Dakoske of 23055 Gary lane, for some bad reporting which appeared in this paper last week, doing him an injustice.

The story was about a four-car crash which occurred on Moross road on Saturday evening, May 9. It started out all right, telling how a car driven by Stewart Warren Argo of 1676 Stanhope road, had crashed into a parked car in front of 36 Moross after turning north off Lakeshore road. Two additional parked cars were banged up in the general tangle which followed the initial impact.

The story correctly named the three owners of the damaged parked cars, one of which was Dr. Dakoske's, then stated that Dakoske was issued a ticket for driving without his car under control.

Dr. Dakoske wasn't even in his parked car and of course the recipient of the ticket was Argo, the driver of the car which caused all the trouble. The doctor says he has been badly inconvenienced by having to attempt to explain he was the victim of twisted facts. We're sorry Who did the bad reporting? The editor.

When an opportunity for kindness presents itself be ready to deliver the goods.

It's Pop who loses his balance when the rest of the family goes on a shopping spree.

Other Arrests Reported

Hough said that the two boys originally arrested, have since been involved with other law enforcement agencies in the area. One boy was arrested by Centerline police on a charge of disorderly conduct, and the other was arrested by Detroit police on two counts of boat theft.

One of the boys also has an extensive juvenile record, including burglary and shoplifting, Hough said.

The detective said that he ordered each 12-year-old gang member to write a 500-word essay on "Good Citizenship", and the others, 750-word essays, all to be submitted within one week from the date of their arrests. The last essay was turned in on May 16.

Reckless Driver Posts $100 Bond

Robert R. Poston, 28, of 25111 Dale, Roseville, was arrested by Woods police on Sunday, May 17, and charged with reckless driving. He was chased and stopped by an off-duty policeman.

According to a police report, Patrolman Jack Patterson, in street clothes and in his own automobile, observed Poston driving north on Mack avenue at an excessive rate of speed, cutting in front of moving traffic, and weaving from lane to lane.

The officer said he paced Poston at 50 miles an hour, and at Anita, Poston attempted to pass moving traffic and drove his car onto the island, then swerved back into the road, almost hitting two other cars.

Patterson said that the left rear tire of Poston's vehicle blew out, but the motorist continued north, driving 40 miles an hour. The policeman said he stopped the man at Aline and identified himself as a police officer, and ordered Poston to wait until a uniformed policeman arrived.

Patterson said that Poston told him that he did not want to wait and that he was leaving, and at that time, Patrolman Robert Lorenz came on the scene and took Poston to the station, where he issued the motorist a violation ticket for reckless driving.

Police said that Poston became violent while in the station and they were forced to lock him in the jail cell, and later released him after he posted a $100 bond, pending court on Saturday, May 23.

Woods Police Investigating Youth's Report of Assault

Woods police are investigating a reported fight in which a Park youth claimed he was attacked and cut with a knife by two boys Friday night, May 15, while he was sitting in his car at Lancaster and Helen.

At 10:50 p.m., Woods authorities received a call from Harper Woods police, in which it was disclosed that Rodney D. Luzi 19, of 842 Pemberton, was being treated for cuts on both wrists, and a cut on the cheek. The youth was conveyed to a hospital from Harper Hall; Lennon and Harper, in Harper Woods.

Woods Patrolman Everett Plumb was dispatched to the hospital to get a report of the alleged fight.

The officer said that Luzi told him that while at a dance at the Harper Hall, he had a slight disagreement with his girl friend, and he left the hall, got into his car and drove to Lancaster and Helen. He parked his car and smoked a cigaret, "while cooling off," the youth said.

While sitting in his car, Luzi said, two boys walking south on Helen, jumped into his car and began to fight with him. One boy pulled out a knife and slashed him on both wrists and cut his cheek, it was claimed.

Harper Woods Police Sgt. James Miglio, after Woods police were notified of the incident, said he checked Luzi's automobile while it was parked in the Harper Hall lot, but found no evidence of blood, or that a fight had taken place.

At the hospital, doctors applied a total of five stitches to the wrist cuts on Luzi's wrists. The cut on the cheek was not serious enough to need similar treatment, it was said.

Woods Dets. Albert Abend and Gaylord Golding said that an investigation is underway.

They said that Luzi described his alleged assaulters as both being five feet eleven inches tall, with long dark hair and wearing dark clothes.

Reckless Driving Cases Dismissed

Two cases involving charges of reckless driving were dismissed in City Justice Court Tuesday, May 12 by Judge Douglas Leo Paterson.

The cases of John Ramsay Anstey of 22 Devonshire, Pleasant Ridge and Donald George Grigg of 16830 Cranford Lane were dismissed because there were no eye witnesses at the scenes of their accidents.

In three other cases, Judge Paterson sentenced the defendants to sessions in traffic school.

Bernard Krause, Jr., of 1099 Van Dyke, Detroit, was found guilty of driving 80 m.p.h. on East Jefferson and fined $80, put on six months probation and permitted to drive for 30 days only to and from work, in addition to attending four sessions of traffic school.

A $10 fine was suspended in the case of James Harold Jennings, of 1026 Whittier, who was found guilty of driving 40 m.p.h, but he was assigned to four sessions in traffic school.

Pleading guilty to a charge of reckless driving, Irene Lijeiuski of 19181 Albion, Detroit, was sentenced to two sessions in traffic school and her $15 fine was suspended.

William H. Seymour, of 8162 East Jefferson, was found guilty of careless driving and fined $15.

Little League

FARMS

Monday, May 11, was a day of heavy hitting in the Farms Little League's major games. At the High School field the Phillies beat the Indians by a score of 13-4 behind the pitching of Bob Kulka. The Phillies heavy hitters were Mike Duika with a home run, Bob Kulka with a home run, Hank Chase, Joel Caskey and Kelly Farr, each with doubles. This game kept the Phillies in a tie for second place, having won three games and losing one.

At the other field on Monday the Giants beat the Tigers by a score of 20-2, with Ronnie Trefzer and Gary Beaufait doing the pitching for the winners. Heavy hitting for the Giants included a home run by Pep Perry, home run by Tom Reinman, triple by Chris Pendy, and doubles by Tim Allard, Reinman, Perry, and Don Fromm. The Giants' rookies, Jon Motschil, Chris Pendy and Charley Perry also hit well. John Fountain and Ed Moran pitched for the losers, and Jim Hoffman, Mark Tocco, and Dick Hudson hit well for the Tigers.

On Tuesday, May 12, the heavy hitting continued during the game between the Reds and the Pirates, the Reds winning that one by 13-4. Van Conway pitched for the Reds, and Max Gardener hit a home run with doubles by Jim Buda and Jim Parker. Singles were hit by Greg Messacar, Dave Newhouse, Johnny Keogh, Sandy Turner, and Bob Truba. For the Pirates Baron Munchausen hit a grand slam home run to score all their runs.

At the other field on Tuesday, May 12, the Red Sox held their lead in the League by a close one over the Yankees, 4-3, with Jim Van Eman and Charley Williams pitching for the Red Sox. Red Sox had hitting by Gordon Piche with a double and a home run by Bill Roberts in the early innings. The Yankees tied the game up in the fifth inning on hitting by Glen Hillger, who pitched the entire game. Bart Gmeiner and Jack Critchfield, plus a base on balls and passed balls. However, Bill Roberts broke the game open with a winning homer in the sixth inning.

On Thursday, May 14, the League leading Red Sox won another game, this time over the Pirates 7-2. Bill Roberts was the winning pitcher with Baron Munchausen pitching for the losers. Gordon Piche contributed a home run and Jim Van Eman batted three for four including a double. Pitcher Roberts had a home run in the 6th inning, his second solo home run in two games in the 6th inning. Mike Corbett of the Pirates hit a home run in the 5th inning after Tom Cameron had singled, scoring both the Pirates runs.

The remainder of the games last week were marked by considerable weakness in fielding, which often occurs early in the season. The Yanks beat the Phillies 7-3 with Jack Critchfield pitching for the Yanks, in a game where only five hits were contributed, the rest of the scores occuring on errors.

On Friday, May 15, the Reds beat the Tigers in another error-filled game with Jim Parker the winning pitcher and Bob Zurschmiede the loser. Hits were contributed on the winning team by Johnny Keogh and Lee Scott.

In another error-fraught game at Kirby field on Friday, May 15, the Giants were winners over the Indians by a score of 11-2. The Indians got off to an early start with Bill Wengel pitching, scoring two runs in the first inning on hits by Mike Pendy and Doug Schultz, scoring Gary Hicks who had been safe on first on an error. The Giants came back in the 2nd half of the inning on singles by Gary Beaufait, Danny Griffin, Tim Allard, Tom Reinman, a double by Pep Perry and a triple by Tim Wittstock to go ahead by a score of 7-2. The heavy hitting then subsided, except for a double by Timmy Allard in the fourth, but the Giants scored four more runs, largely on errors.

The second week ended with the Red Sox still undefeated, and still in the lead.

GPHS Athletes to Hear Olympic Star and Coach

"Sports Secrets" talks by Hayes Jones, Olympic star hurdler, and E. F. "Bud" Buyer, former head coach of the U. S. Olympic gymnastic team, will headline the Spring Sports Banquet honoring Grosse Pointe High athletes to be held at the school cafeteria next Tuesday evening, May 26, at 6:30 o'clock.

Speaker Bud Buyer will be at Grosse Point High School gym the same afternoon and evening conducting the Nissen Gym Clinic. He is currently director of promotion and advertising for the Nissen Corporation of Ceda: Rapids, Iowa. Mr. Buyer was formerly head coach of gymnastics and associate professor of physical education at the University of Chicago.

Hurdler Hayes Jones is the world-famous 24-year-old former Detroit school teacher who now lives in Pontiac. He has gathered a fantastic number of track wins including a third-place bronze medal at the 1960 Rome Olympics. Presently he is an outstanding U. S. contender for this year's Olympic Games in Tokyo.

Dads' Club president Minard Mumaw says that High School Coach of Varsity Track, Jim Curlett, and Baseball Coach Ernest Baner will award letters. Members of the Reserve Track and Baseball Squads have been invited to attend the sports banquet by Reserve Track Coach Tom Gauerke and Fred Woodhams, Reserve Baseball Coach. Tennis Coach Don Zysk will award Tennis Letters.

Recognition of Intra-Murial Sports Winners will be made. Cheerleaders and Sponsor Miss Jeri Mulson will also be honored guests next Tuesday evening.

Mr. Mumaw also pointed out that all expenses for the Spring Sports Banquet to honor Grosse Pointe High athletes are to be paid by donations from parents. Donations will be accepted at the door next Tuesday evening. Generous gifts are needed.

Grosse Pointe's Spring Sports Banquet is the third and final such event for the school year. All the gatherings have been sponsored by the active Dads' Club.

Officers of Grosse Pointe High Dads' Club, according to president Mumaw, are vice-president Ed Bunn, secretary Henry Kinzie, treasurer Frank Banach, who is also Director of Physical Education and Athletics at the High School. Club directors are Don Campbell, who is Assistant Principal; Fred Critchfield, Lane Donovan, Gerry Gerich, High School Principal; Fred Steiner and Dr. Robert Swanson. Five other directors, all new this year, are Warren Anderson, Dr. Robert Clarke, Paul Crook, Alfred Miller and Ellsworth Reynods.

Al fathers and sons in the Grosse Pointe High School area are cordially invited.

Fellows who go around looking for a snap usually get bit.

GPHS '39 Class To Hold Reunion

Where were you at 8:15 on the night of June 15, 1939?

If you were about to take part in commencement exercises at Grosse Pointe High School, a group of your former classmates are looking for you now.

They are members of a reunion committee who are making plans to hold a 25th reunion dinner dance for members of the class of June, 1939.

The committee, under the direction of E. J. Hickey, Pointe clothier, have located 120 members of the class to notify them of the reunion taking place June 27 at the University Club, 1411 East Jefferson.

However neither Hickey nor committee aides have been able to locate the remaining 90 members of the class—in its day the largest to be graduated from the high school.

Former students of the June, 1939 class who haven't learned of the reunion arrangements are asked to contact Hickey at his store, 17140 Kercheval, or other committee members who live in the Pointe. They include: Mrs. Jo Shepherd Batchelor Jr., Robert and Mary Fleming, Todd Fredericks, Robert Lubeck, Donald McConachie, Mrs. Dorothy Thompson Michael, and Mrs. Florence Jackman Zens.

The man who lacks confidence has two strikes against him.

Safety Group Keeps Officers

The present officers of the Grosse Pointe Safety and Traffic Committee were re-elected for another year at the committee's regular monthly meeting held Wednesday, April 29.

Continuing as chairman is Harper Woods Police Chief Allen M. Miglio. Shores Police Chief Fred Duemling is vice-chairman and George E. Measel of the Automobile Club of Michigan is secretary.

In other business, Jim Sendo of the Grosse Pointe High School Driver Training Department told members that his department is preparing for its summer program and expects to train 750 students at Brownell School this summer.

Cpl. F. Simoneau of the State Highway Police reported that the maps of the areas, which are being submitted by the local police chiefs, have been very helpful. These maps show the high accident rate in residential areas such as the exit from the expressway at Vernier road.

The Committee was shown a report that was compiled on traffic surveys on schools which is being sent to all safety officers.

THE SECRET THAT KEEPS YOUR GRASS GREEN LONGER
1. Nitrogen 2. Prill Coating 3. Moisture enters pores in coating, carries nitrogen out gradually, evenly.
It's the green timed-nitrogen "prill" only in Greenfield Measured-Release Lawn Food
These remarkable green timed-nitrogen prills actually feed your lawn every day for many weeks.
That's because these nitrogen particles have a special coating that protects the nitrogen and releases it slowly and evenly as the grass needs it. They keep your grass green and healthy longer.
You don't have to wait to see results, either. Greenfield Measured-Release Lawn Food also contains uncoated nitrogen for a quick greening—as well as phosphorus and potassium in a complete 20-10-5 formula.

Men's Chorus Ends Season

The Grosse Pointe Men's Chorus celebrated the end of its 1963-64 season with its Annual Spring Concert held Friday, May 6 in Fries Auditorium.

The Chorus reports a very satisfactory season under the leadership of Wilbur Bezeau. During this past season, the members entertained at the Annual Ladies' Night Card Party and the Children's Tree Party. In addition, concerts were given at the Salvation Army Eventide Home, Carmel Hall, Luther Haven and the St. James Presbyterian Church.

The organization has been meeting as a singing group for 20 years, rehearsing weekly during the season in the War Memorial building. The membership consists of 30 men but shopes to increase its number for the coming season.

Rehearsals will be resumed in the late summer and dates will be announced in the monthly War Memorial Center bulletin.

Any men in the Grosse Pointe area who are interested in joining the chorus are invited to join the group for the 1964-65 season. The requirements are knowledge of music and a sense of harmony. No audition is necessary.

The officers for the coming year are: president, William M. Watson; vice-president, Howard Lewis; treasurer, John Wadenstierna and secretary, Roy Marshall.

Garden Council Reveals Awards

Brownell Junior High School won first place in the "Cleanest Playground" Contest sponsored by the Grosse Pointe Garden Council during Clean-Up Week. Stevens T. Mason School placed second and Kerby School came in third.

Mrs. P. H. Sutherland, chairman of the contest, presented the winners with white lilac bushes.

The Mens Garden Club of Grosse Pointe were the judges with Harold A. Wiek of Fisher road, as chairman. Those on his committee were Gilbert Douglas, Arthur Shimmin, T. A. DeMaire and Ernie Graham.

Other Judges were Edward Gehrig, Edward Schutte, Alfred Tapert and Arthur Hirt.

Six merit ribbons were also awarded this year. The schools that won these were: Ferry, Pierce Junior High School, Barnes, Monteith and St. Clair de Montefalco. The sixth ribbon was given to the Poupard School because the judges noted that the greatest improvement had been made over last year at that playground.

The Academy of the Sacred Heart received honorable mention because the grounds of that school are an asset to the community and are always kept in perfect condition.

"In general we found all the grounds in better condition than in previous years," said Mr. Wiek. "The Men's Garden Club is happy to perform this service and we sincerely hope that these awards will inspire all the schools to make an effort to win in 1965."

Pierce School Concert May 27

The Pierce Junior High School Music Department will combine the efforts of three choruses, two glee clubs and the orchestra in presenting its annual Spring Concert next Wednesday, May 27, at 8 p.m. in the auditorium.

The orchestra, composed of 80 musically talented students from grades seven, eight and nine presents the first part of the evening's entertainment. Dr. Thomas Moore directs the orchestra in playing Bach's "Chorale-Fugue", "Tournament of Temperaments", "Sinfonia for Strings", "Symphony on Folk Songs", Goltermann's "Concerts in G. Major" and concluding with "The Happy Wanderer".

Herman Clein, vocal instructor, has trained over 300 students in the five choral groups. Dave Andersen will accompany the seventh grade on the bongos in the number "Fast Freight".

The Girls' Glee Club has three numbers on their agenda, "Think On Me", "He Loves Me" and "Lazy River". The 96 voices composing the eighth grade chorus join in presenting "Early in the Morning", "Softly as the Morning Sunrise" and "Somewhere".

The Boys' Glee Club of 45 will also be accompanied by Dave Andersen's bongos for the numbers "Jamaica Farewell" and "My Little Grass Shack". "After Dark" completes their portion of the concert.

The ninth grade group of 68 has included "If I Had a Hammer", "Ride the Chariot", "Love Makes the World Go Round" and "Liza". Elaine Haddad and Margaret Priest, ninth grade students will be the accompanists for the entire program.

All the choral groups will combine to present the final numbers, "The Lemon Tree" and "America the Beautiful".

Each member of a performing group has tickets to sell. The cost is 50 cents for adults and 25 for children. The tickets may be purchased at the box office on the evening of May 27 prior to the opening of the curtain at 8 p.m.

City to Mail Passes to Park

Starting Monday, May 25, passes to Grosse Pointe City's Norbert Neff Memorial Park will be mailed to City residents who have returned their order forms.

The forms were sent to City residents several weeks ago in an effort by City officials to simplify the distribution of passes.

Those in the City who have not as yet returned the order forms may still do so and the passes will be mailed directly to them.

The park passes may also be obtained by going to the City Police Station.

Name: dandelion. Looks ugly in a lawn. Spreads out. Chokes grass.
No more. Not since BONUS made the scene. Dandelions just can't live after BONUS is applied. (Neither can plantain, buckhorn and a raft of other weeds.) And unlike digging them out, BONUS gets the entire plant. Roots and all. Can't grow back.
Fertilizes too
That's why it's called BONUS. Each particle contains protein-building food elements. Just what grass needs this time of year to be greener, thicker. Lasts longer too, because BONUS is Trionized (a Scotts exclusive).

Announcement was made of the appointment of the James and Lynelle Holden Fellowship for 1964-1965 of Dr. Victor Parisien. Dr. Parisien will devote the year to study and research in Traumatic and Reconstructive Surgery at Bon Secours Hospital. He will be engaged in activities under direction of the Staff and at Wayne State University College of Medicine.

Mr. Holden and other members of the Advisory Board of the hospital joined the doctors for dinner and the evening Scientific Session. The guest speaker was Dr. V. K. Vaitkevicious, Clinical Director of the Detroit Institute of Cancer Research. Dr. Vaitkevicius discussed the results of his investigation of the "Role of White Blood Cells in Tumor Metastasis Formation."

At the afternoon Scientific Session an enthusiastic audience of over 200 doctors and nurses listened intently as members of the Attending Staff and House Staff presented 15 minute reports on their activities in clinical medicine and research.

Dr. A. Jackson Day in describing improved methods of treatment of "Congential Dysplasia of the Hip" urged early diagnosis, within the first four months of life, so that corrective measures could be instituted. He reviewed newer operations for those children who do not respond to conservative measures. The results of this treatment have been increasingly good, reducing the number of crippling deformities of the hip joint in later life.

Dr. Robert Larsen showed methods of repair of injuries on the hand, many of which resulted from accidents with rotary power mowers. He stressed the importance of preserving veins as well as arteries and nerves in reconstruction of the hand and fingers to obtain a useful hand.

Dr. Milton Hoffman presented an analysis of 1000 cases of hemoptysis, coughing up of blood, giving methods of examination and types of treatment of this symptom. He too pointed out the need for early diagnosis.

Dr. Guy Sewell described an interesting and effective procedure for creating a new urinary bladder from a segment of intestine in individuals in whom this structure had been destroyed by disease.

Young Writers' Work Published

"The Student Writer," an educational magazine for teachers and students of creative writing, have notified Anne Van Assche that her short story, "Then Came Kelly," has received second award and a cash prize in the magazine's annual Academy Award Contest.

The short story, first printed in the March issue of the magazine, will appear again in the yearbook edition to be issued in the latter part of May.

Anne, a senior at St. Paul High School, wrote the short story for a class assignment in senior English. Her teacher, Sister Marie Jude, O.P., sent the story to the Student Writer for judging.

Police Arrest Teen Drinkers

Ten Detroit teenage boys were arrested by Woods police on Friday, May 15, and charged with illegal possession of alcoholic beverages. All were released to their parents after posting bond of $50 each, pending a court hearing.

Authorities received a report that a drinking party was in progress at Brys Woods and Helen, in which a number of boys were involved.

Sgt. Jack Mast and Patrolmen Kenneth Carver, Peter Thomas, Robert Lorenz and Donald Schmaltz were sent to the scene, and arrested the youths just as the boys were about to drive away in two automobiles.

The officers said that they found a number of full and empty beer bottles, and two full bottles of wine in the youths' cars, and confiscated the beverages as evidence.

Two Concerts At Brownell

Due to the large number of students participating, Brownell Junior High School will present two vocal and orchestral concerts this week in the Parcells auditorium. Over 450 students will sing in the choruses under the direction of John Tousley, while 60 others will perform instrumental numbers under the baton of Dewey D. Kalember.

Beginning at eight o'clock on Thursday evening, May 21, and Friday, May 22, the choruses will combine with the orchestra to open the program each evening with "Highlights from West Side Story." Other numbers, which will be identical in both concerts, include Paul Weston's "Bells of Santa Ynez," to be accompanied by Lisa Bowers and the percussion division of the orchestra and the concluding feature, a new and inspiring version of "America the Beautiful," entitled "From Sea to Shining Sea" by Whitney.

The full orchestra will play several additional selections each evening, one of the most challenging being Corelli's "Concertata."

Monday, May 11, was a day of heavy hitting in the Farms Little League's major games. At the High School field the Phillies beat the Indians by a score of 13-4 behind the pitching of Bob Kulka. The Phillies heavy hitters were Mike Duika with a home run, Bob Kulka with a home run, Hank Chase, Joel Caskey and Kelly Farr, each with doubles. This game kept the Phillies in a tie for second place, having won three games and losing one.

Heavy hitting for the Giants included a home run by Pep Perry, home run by Tom Reinman, triple by Chris Pendy, and doubles by Tim Allard, Reinman, Perry, and Don Fromm. The Giants' rookies, Jon Motschll, Chris Pendy and Charley Perry also hit well. John Fountain and Ed Moran pitched for the losers, and Jim Hoffman, Mark Tocco, and Dick Hudson hit well for the Tigers.

On Tuesday, May 12, the heavy hitting continued during the game between the Reds and the Pirates, the Reds winning that one by 13-4. Van Conway pitched for the Reds, and Max Gardener hit a home run with doubles by Jim Buda and Jim Parker. Singles were hit by Greg Messacar, Dave Newhouse, Johnny Keogh, Sandy Turner, and Bob Truba. Red Sox had hitting by Gordon Piche with a double and a home run by Bill Roberts in the early innings. The Yankees tied the game up in the fifth inning on hitting by Glen Hillger, who pitched the entire game. Bart Gmeiner and Jack Critchfield, plus a base on balls and passed balls. However, Bill Roberts broke the game open with a winning homer in the sixth inning.

On Thursday, May 14, the League leading Red Sox won another game, this time over the Pirates 7-2. Bill Roberts was the winning pitcher with Baron Munchausen pitching for the losers. The remainder of the games last week were marked by considerable weakness in fielding, which often occurs early in the season. The Yanks beat the Phillies 7-3 with Jack Critchfield pitching for the Yanks, in a game where only five hits were contributed, the rest of the scores occuring on errors.

On Friday, May 15, the Reds beat the Tigers in another error-filled game with Jim Parker the winning pitcher and Bob Zurschmiede the loser. Hits were contributed on the winning team by Johnny Keogh and Lee Scott.

In another error-fraught game at Kirby field on Friday, May 15, the Giants were winners over the Indians by a score of 11-2. The Indians got off to an early start with Bill Wengel pitching, scoring two runs in the first inning on hits by Mike Pendy and Doug Schultz, scoring Gary Hicks who had been safe on first on an error. The Giants came back in the 2nd half of the inning on singles by Gary Beaufait, Danny Griffin, Tim Allard, Tom Reinman, a double by Pep Perry and a triple by Tim Wittstock to go ahead by a score of 7-2. The heavy hitting then subsided, except for a double by Timmy Allard in the fourth, but the Giants scored four more runs, largely on errors.

The second week ended with the Red Sox still undefeated, and still in the lead.

In a real good game Monday, May 11, Syracuse squeaked by Richmond as John Hyde bunted in the only run of the game with two out in the last half of the sixth inning. John Sandrock got the win while Randy Barker got a double for the losers.

Miami's losing streak continued Tuesday, May 12, as Buffalo outscored them 14 to 7, with Whims the winning pitcher. Buffalo got 2 homeruns from Thad Galvin and a double from John Truba while M. Ambrogio had a double for Miami.

In a real pitchers battle Thursday, May 14, Rochester remained undefeated and handed Syracuse their first defeat 2 to 0. Tom McGraw (3 innings) got the win as he and Bob Wiley (3 innings) gave up only one hit and struck out 17. The losing pitcher, Leo Merta, allowed 5 hits and struck out 16. Since these games are only six innings, this means only 3 outs of a possible 36 were not strikeouts. This is really some pitching. Reinman of Rochester got the only extra base hit — a homerun.

WOODS - SHORES
By Mel Snyder

The Woods - Shores Little League's biggest season got into full swing this week, with the largest roster of players in its history making up 46 full teams in five leagues. A few games were not played or were called off because of rain but almost every team made one or more starts.

Don Leahy, president of the Woods-Shores Little League, stated that the attendance was exceptionally good at all playing fields with parents, relatives, teachers and friends turning out for the fun and excitement of the opening week games.

Werner Lueckhoff, vice-president of the league, said, "We probably had our biggest opening day parade and ceremonies at Ghesquiere Park this year due to the outstanding planning and work of Don Wood and Dan O'Brien who handled all the arrangements."

Here are the standings at the end of this first week:

The Tigers downed the Indians 12-3 by virtue of 4 home runs by Tom Keller, Craig Brown, Webster Knight and Doug Perry and although the Tigers also topped the Yankees 10-8, the games outstanding star was the Yankees Dennis Piescke with his 2 home runs.

Miami got off to a good start in their opening game in a win over Rochester by the score of 9-4 as Ken Snyder lead the batting attack with a home run over the fence and a good double and Mike Stevens and Jim Stitzel also came through with timely hits while Bob Swor and David De Coster did a fine job hurling. Rochester's Bob Haas and Dan Holmes split the pitching duties. Later in the week Miami and Columbus played to a tie game after Mike Stevens had hit two home runs for Miami as Swor, Abbott and De Coster pitched and Jim Stitzel also had a long triple. Rick Walker pitched a good game for Columbus and it will all be played over as the umpire called the game on account of darkness after the regulation innings had been played. Pat Hughes helped keep Hollywood on top of the league with a fine shut out against Richmond.

The Cards continued their hitting spree with a convincing 14 to 0 victory over a highly rated Cub team at the Neighborhood Club field on Tuesday, May 12.

Dave Peterson pitched all the way for the Cardinals, allowing only two hits, while striking out eight and walking only one batter. Chris Thuman, Tom Reghanti and John Donnelly toiled on the mound for the Cubs, and a large number of walks combined with the Cards heavy hitting, especially by Sandy Sides, Ernie Schmatz, Keith Cunningham, Dave McLeod, and Dave Ricca, sealed the issue for the Cards. Dave McLeod and Ernie Schmatz in the field, turned in several sparkling plays to back up Peterson's fine performance. Kevin Dean and John Donnelly looked good in the field for the Cubs.

Thursday, May 14, the Cubs battered the Dodgers 12 to 2.

Both starting pitchers — Kevin Drean for the Cubs and Ralph Di Domenico for the Dodgers went the route, Drean allowing elght hits, striking out six and giving up three walks; Di Domenico allowed nine hits, struck out nine and walked four.

The Dodgers committed six errors afield, and this, coupled with Drean's effective clutch pitching, made the difference.

Gene Whitely, with three solid hits, and Tom Reghanti with two, were the mainstays of the Cub attack. The Dodgers, notwithstanding their momentary lapses of poor fielding, display signs of becoming an effective ball club. Ernie Calcat hit the first home run of the season and also contributed a single to the Dodger attack. Jack Chapel and Jack Spiess each had two hits.

Last year's champion Indians continue to lead the league with four victories this week. Opening day found the Indians defeating the second place Yankees 8-7 in the final inning. The win went to Dan O'Keefe as they came back in the sixth to win. Kevin Bolton, the Yankee pitcher contributed a home run and double and his brother Jimmy doubled.

Rick Mahon pitched a one hitter, the second win 2-1 over the Senators. Bill Hemovick received the only hit — a home run for the Senators. Doubles by Rick Mahon and Ed Albert accounted for the Indians' runs. Craig Pemberton of the Senators caught a ball at the fence and robbed Brian Kinsley of another Indian run.

The Indians next defeated the Athletics 7-3. Bill Ehrlich of the A's belted a home run and single and Dave Young a double but Indian Brian MacLean's double and single and Dave Woodrow's two singles and home run won another for the Indians.

Dannie O'Keefe led the Indians to their fourth victory 9-1 over the Orioles. He pitched a one hitter, and struck out 12. Hank Schmidt doubled to spoil his no-hitter. Rick Mahon got 3 hits, 3 runs. Tim Fradeneck and Dave Woodrow doubled and accounted for the Indians' runs.

The Yankees bounded back from their Indian defeat with 3 wins over the Orioles 3-1, White Sox, 10-9, and Athletics 16-4. Jim Bolton received the win over the Orioles and along with Jerry Sullivan, doubled to reinforce the win. Dale Hafer doubled for the Orioles but to no avail. The White Sox put up a valiant fight over the hard hitting Yankees with a home run by Chris Badger, triples by Mike O'Conell and Jim Wescott, and a double and 2 singles by pitcher Dave Wible, but could not beat a double play and doubles by Yankees Humphrey Abrignani, Jack Gardner, Jim Owens, and Kevin Bolton plus 2 singles. Charlie Howe pitched the winner for the Yankees.

The Yankees next met the A's with Kevin Bolton pitching a 16-4 win. Kevin doubled and homered for his team and Charlie Howe homered and Jim Owen doubled and singled to add up the score. Four pitchers for the A's walked 11 men in 4½ innings, when the game was called.

The A's opened the week with a 5-4 victory over the Senators with Bill Ehrlich on the mound. Steve Maun pitched the first three innings allowing no hits and hitting two home runs. Ehrlich scored the winning run on a home run in the fifth inning following Maun's 3-run homer. The A's next met the White Sox in a 9-3 victory for Bill Ehrlich. White Sox Dave Wible and Chris Badger homered but could not beat the rolling A's

The hard hitting White Sox defeated the Orioles 12-2 with Beattle Bailey pitching and homering with teammates Mike O'Connell and Gary Verkeyn doubling. Dave Kennel doubled and homered for the Orioles. The White Sox next defeated the Senators 11 to 9 with Gary Verkeyn pitching and getting two hits. Mike O'Connell received three hits, and Beattle Bailey two. Rick Anderman hit two for the Senators.

The Senators came back to defeat the Orioles 20 to 11 with Bruce Balck pitching the win and homering for his team. Bill Hemovich got three hits. Orioles Dale Hafer got two hits, Dave Kennel three, Ireland doubled, Schmidt hit two, M. Hafer hit three—two doubles and a single, Zakein singled and doubled and Schumaker homered but the Orioles could not pull a win this week—13 walks did not help their hitting spree.

American League Minors

Army won 7-5 over Wisconsin and 18-9 over Purdue to lead the minors this week. Bill Fountain of Army doubled as did Frank Soullier and Vern Cassin of Wisconsin. Their second game against Michigan ended in a tie—with Paul Oliver of Michigan homering for Michigan, reinforced by triples by Teddy Kurtz and W. Terrace. Against Purdue, J. Louisell led Army to a 18-9 victory, Jim Mann got four for four, Pete Morgan a home run and two singles, and a double by Eppinga. Tekelman of Purdue hit 4 for 4.

Wisconsin defeated Purdue 20-3 and MSU 4-3. Comlassy pitched the latter win and hit a double with Don Goldman of MSU also doubling.

Ohio State defeated Purdue 18-6 with Madison pitching the win. Ted Stedman of OSU got 3 hits and Rick Ripper of Purdue 3 hits.

Dave Oliver pitched the Michigan win over MSU 5-2 but MSU returned to win 11-3 over OSU later in the week. Chet Brown of MSU pitched and Bob Cone and Bill Horvath each got 2 hits. OSU's Nick Di Santi got 2 hits and Alan Werneken a double.

The first week of play in the National League finds the Red Legs leading the league with three wins and no losses. Opening day, Joe Jaglois pitched his team to a 8-2 victory over the Cards. Joe's double plus Ron La Courciere's single, double, and homerun, two hits by John Thomas, John Tompkins and Mark Jenkings, and two double plays started by Treanore assured his victory and provided an exciting game. Two doubles by Tom Stack and Doug Maxwell brought in the Cards' two runs.

Tuesday the Reds faced last year's Pennant winning Dodgers and Jim Treanore led his team to a 4-3 victory. A home run by Red Fred Rohn and Dodger Allan Russell brought a tied sixth inning. A double play by Red Ron La Courciere to Jaglois and an error by the Dodgers gave the game to the Reds as Joe Jaglois came in in the sixth with the winning run.

Joe Jaglois struck out thirteen men to lead the Reds to their third victory of the week over the Pirates. The game was sparked by a home run by John Thomas.

The Cards' two victories came after a bitter defeat by the Reds opening day. Doug Maxwell gets credit for the 12-3 win over the Giants plus credit for a double and home run — reinforced by his teammate's George Saad's double. George Saad pitched the second victory against the Braves with a score of 9-1. Mike Getz hit three for four and Marty Elmer two doubles to reinforce Maxwell's one hitter—a single by Doug Prinz in the fourth inning.

The Giants lined up their first victory 10-0 by Skip Lauth pitching a no-hitter opening day against the Braves. Lauth struck out sixteen batters and doubled with Don Palazola tripling for the Giants. The Giants second victory goes to Tom Dimond over the Dodgers 11-6. Although Dodgers Johnny Bell, and Alan Russell each got two good hits, Giants Tom Dimonds' three hits Lauth's three hits and Addison's double could not be matched by the Dodgers.

Rich, Rich Grosse Pointe--II

By LYNN ZWICKEY
Men's Garden Club of Grosse Pointe

"The first thing one notices about Grosse Pointe is its abundance of fine old trees." Stephen Birmingham: Rich, Rich Grosse Pointe, in Holiday Magazine, May, 1964.

Mr. Birmingham didn't enlarge very much on this point. He did mention "live oaks," which we do not have, but we do well enough without.

As a point about the Pointes, it is well taken, and can indeed stand a great deal of enlargement. We have a splendid lot of trees, of a vast variety of kinds, and a good many other riches besides.

In winter our streets are softened with the persistent green of pine and spruce and juniper and yew. Cardinal and bluejay, junco and chickadee, stay to cheer us through the white months. Christmas roses and snowdrops poke through the snow in our gardens.

In March, following close of the last thaws of winter, patches of crocus and chionodoxa and snowdrop and winter aconite initiate the glorious kaleidoscope of Grosse Pointe spring. Mallards skirt our shores; early robins return, and migrant redwings whistle in our trees.

In April, the crowns of our elms turn olive with their millions of tiny flowers, and our maples sprout balls of chartreuse blossoms. Siberian squill brings the first blue to our borders; bloodroot and hepatica are chief delights of our wild-flower gardeners, and yellow flame of forsythia blazes everywhere. Teal and tern are back again at the lakeshore. Martins return to their apartments from a southern winter. Chimney swifts with their odd wobbling flight enliven the sky at dusk, and house sparrows are startled by influx of thousands of migrant white-throated and white-crowned cousins.

In May, the glory of our insect-pollinated trees is at its peak. Japanese cherry, pear and peach and crab, saucer and star magnolia, vie in exuberant succession for our dazed attention. The leguminous Judas tree presents its startling blue-pink masses of flowers. Narcissus and primrose, lilac and rhododendron and wisteria, hyacinth and tulip, the exquisitely-scented lily-of-the-valley, the lowly buttercup, hepatica, trillium, grape hyacinth — these are a meager sampling of the lush floral catalogue of May in Grosse Pointe.

May is the month, too, when migrant warblers of a dozen species stop in to visit our "rich, rich" villages. Nighthawks return to nest on the roofs of hospitals and theaters. And hummingbirds buzz over the red tubes of honeysuckle.

In June, there are roses and iris; in July, phlox and myriad annuals; in August, more annuals and Michaelmas daisies; in September, Japanese anemones and chrysanthemums.

In October, liquidamber, red maple, sugar maple and sour gum give red and orange complement to the gold of poplar and birch.

We are rich indeed in Grosse Pointe.

But not in our glorious array of plants and of birds only. We are rich in people, too: the people who design the gardens, who plant the trees, who turn the earth, who trim the lawns, who sell the tools and the annuals, and the fertilizers — who watch and feed the birds, who, in myriad small ways, share the job of making the Pointes a beautiful community.

Letters to the Editor

May 15, 1964
TO THE HONORABLE MAYOR AND COUNCILMEN OF THE CITY OF GROSSE POINTE:
cc. Grosse Pointe News.

I have in my possession a copy of the plan for development, redevelopment and improvement of the City of Grosse Pointe prepared by Scott Bagby and Associates. I have been giving the facts they list, the analyses they make, and the plans they propose serious study and careful consideration. Mr Cantwell City Manager, has informed me that the Council is now engaged in weighing the wisdom of enacting the ordinances necessary to give effect to the plan proposed.

I am primarily concerned, as most citizens should be, with the Zoning Map and the Planning Map contained in the Bagby Report, and the necessary amendments to the existing Zoning Ordinance.

The City of Grosse Pointe has employed a succession of Architects, Civil Engineers and City Planners and Consultants, beginning with Mr. Glen T. Phillips in 1927 when the first zoning ordinance was enacted by the Village of Grosse Pointe, followed by the employment of Mr. George G. Ross, Landscape Architect and City Planner, of Ann Arbor, in 1951, 1952 and 1953, Mason L. Brown and Son, of Detroit in 1956, and now, Scott Bagby and Associates. As a result of the plans they proposed, adopted by previous Village and City administrations through upwards of 21 amendments to Ordinance No. 12, originally enacted October 28, 1927, the City of Grosse Pointe has the only intermixture of two family and multiple dwelling units in its home areas found within the Grosse Pointes.

The district bounded by Cadieux, Jefferson, Neff and Mack Avenue has been made a problem child, the result of past and present patch-work planning to meet the needs of the moment with little or no evidence whatever of any genuine foresight or serious study having ever been exercised.

Each succeeding City Planner has proven barren of any actual lasting solution. None appear to have made any serious study of what has happened and what is actually happening in other cities such as neighboring Detroit, Chicago, Cleveland, New York, Philadelphia, Houston, Los Angeles and Honolulu, and the areas immediately adjacent to such cities, because of the pressures created by an ever growing urbanized population. They have made the City of Grosse Pointe a stagnant pool in an area of great activity and promise. The population of the City of Grosse Pointe has increased only 7% in 20 years compared with the Grosse Pointe community increase of 86%. Of its 2,294 dwelling units approximately 1,837 were built before World War II.

How have all of the aforesaid cities turned problem areas into beautiful, modern, attractive assets? They have adopted realistic policies which attract and encourage private capital to profitably undertake modern development of such problem areas.

The continued efforts of successive City Planners to retain outmoded zoning restrictions on the aforesaid district, and make it a distorted conglomeration of local business, municipal parking areas, two small one family districts, two family areas and terrace districts is of questionable validity. It is now well established that municipalities must hereafter avoid overzealous zoning and permit the least restricted use of land which is at all compatible with the interests of the neighborhood and the general public. No one knows how many "wrong" district cases have been resolved by zoning amendments without court action or how many rezonings were accomplished in the circuit courts, but an examination of the ten cases decided by the Supreme Court of the State of Michigan since October 10, 1961 shows nine were decided adversely to the zoning.

The entire Cadieux, Jefferson, Neff, Mack district should be realistically zoned for multiple dwellings and terraces. Private capital would then solve the problem of older homes and undersized lots in the district as in the case of the present attractive development at Cadieux, St. Paul and Notre Dame. The problem of future traffic congestion is negatived by the proposed street plan for new major streets

The location of the City of Grosse Pointe in relation to beautiful Lake St. Clair is a key advantage, which will unquestionably forever add to its prestige as a good place to live. There is something in the nature of men which responds with a thrill of pleasure to a view of a beautiful lake. Its convenient nearness to Detroit and its accessibility to other sections of the entire Detroit Metropolitan Area are other important assets. The survey recently completed by the Detroit Edison Company, the Michigan Bell Telephone Company and the Michigan Consolidated Gas Company is leading those companies to spend nearly one billion dollars on improvements and expansion of service facilities designed to serve an expected population of 8.5 million persons in the next five to six years.

The City of Grosse Pointe must realize that as the population of Detroit increases, more and more people will be demanding, and will be entitled to a place to live with its area. Sooner or later the City of Grosse Pointe will have to seriously consider the use of its limited land and the question of more multiple dwelling units or terraces in the aforesaid district, which is already mainly dedicated to that type of building. In our day, change is inevitable. As has happened in Detroit and the other cities mentioned, the City of Grosse Pointe may soon also be required to permit the introduction of high-rise apartments in certain areas near Lake St. Clair.

The City of Grosse Pointe must seriously consider the fact that the last decade has witnessed the development of a tremenduous interest in recreational problems, accompanied by a growing conviction that to most people the need for recreation is almost as important as the need for food and shelter.

Detroit extends eastward along Mack Avenue to Harper Woods, a point, which on Lake St. Clair is near the Grosse Pointe Shores westward boundary. Upwards of 500,000 people living in the Eastern reaches of Detroit alone are now effectively blocked away from Lake St. Clair by the shore homes of a relatively few individuals. Even the numerous residents themselves of all Grosse Pointe communities have extremely limited access to this beautiful lake. We all know this to be true, and we instinctively sense that it is wrong, and we also know that the few who now occupy the extended lake shore will not be permitted to forever retard the development and extension of this land and bar a great urban population from the unrestricted use of an adjacent lake shore.

It is a great mistake for the City of Grosse Pointe to permit the larger estate areas south of Jefferson Avenue to be subdivided into smaller homesites without purchasing, or reserving the lake frontage for municipal purposes. This is of paramount importance, because upwards of 1,100 acres of submerged land owned by the State of Michigan, now covered by water between one and six feet deep, now exists off its shore out to the U.S. Harbor Line, and the U.S. Government is presently in desperate need of an area to dump the soil it must continuously excavate from the ship channel a short distance away. How long is the creation of a new State Park on the shore of Lake St. Clair away?

Has our latest City Planning Consultant considered the aforesaid facts and their clear import? It does not appear from their Report that they have done so.

Yours sincerely,
August F. Brandt,
363 St. Clair Avenue

What Goes On at Your Library

By Virginia Leonard

Our Special Collections in the Friends Room of the Central Library holds many attractions. One of the most interesting, to me, is our constantly-growing group of books written by local authors. Let me give you a random sampling of some of the books and authors who are represented thus far.

The range of subject matter and types is great. We can start off, for example, with Henry Warren Dunham's two titles: THE CULTURE OF THE STATE MENTAL HOSPITAL (co-authored with S. K. Weinberg) and SOCIOLOGICAL THEORY AND MENTAL DISORDER, and then mention in almost the same breath the latest acquisition—a slim, paperbound volume of poems, in French, by Eleanor W. Mayer: CELA NE RIME A RIEN.

Another fairly new title is Candy Geer's SIX WHITE HORSES—a book which has gained its teen-ager author national fame, and has been a best seller here in Detroit.

Juvenile books are represented by writers such as Elizabeth Mizner, Mrs. Carolyn Lucas and Josephine Pease. I'm sure that most of our young fry are acquainted with THE COURAGE OF BETHEA, NORTH WINDS BLOW FREE or PEDDLER'S GIRL (to illustrate the writings of the first-named author). RHYMES FOR ROBIN and THIS IS OUR LAND are also favorites for children's fare. And let us not forget Josephine Wunsch's most enjoyable FLYING SKIS, which alphabetically is shelved last but is doubtless first for many a youngster.

The current president of the Friends of the Grosse Pointe Public Library has written a book—did you know? Yes indeed, we have a copy of William Newnan's ESCAPE IN ITALY on our Grosse Pointe Authors shelf. Another most eminent person of Grosse Point Pointe is represented by his A TEACHER IS A PERSON. We refer, of course, to Dr. Charles H. Wilson, our own Superintendent of the Grosse Pointe Public School System. We only hope you enjoyed reading it as much as we did.

Certain of our authors represented are, regretfully deceased. This is the case with Mrs. Marcelline Sanford, but we are so grateful to have her AT THE HEMINGWAYS as a sort of legacy and reminder of her personality and ability.

We also have a fine collection of almost all of Isabella Holt Finnie's works. Such titles as AUNT JESSIE, MIDPOINT, MY SON AND HEIR and RAMPOLE PLACE should strike a familiar note. She is also known as a children's author with her ADVENTURES OF RINALDO.

There are other notables to list. We have Marshall Jameson's HELPING YOUR CHILD SUCCEED IN ELEMENTARY SCHOOL; Dr. Alfred H. Whittaker's OCCUPATIONAL HEALTH IN AMERICA (with Henry B. Selleck as co-author); Alfred von Niezychowski's THE CRUISE OF THE KRONPRINZ WILHELM, Mrs. Helen Sherman's THE CHALLENGE OF BEING A WOMAN. Mrs. Elizabeth Herbert has two to her credit: SOLD FOR A SONG, and HAPPY SINNER.

Some time ago a phone call from Mr. Irvin Long informed us that he had just written a new book: EXPLORING THE LOIRE CHATEAUX, and so this new title was added. This illustration we use to point out the difficulty of reaching all Grosse Pointe authors. Sometimes it is a phone call, sometimes a newspaper clipping, sometimes the recollections of a friend; but we are well aware that not every local writer has been contacted or included on our shelf of books.

Also, sometimes, as in the case of Jay McCormick, it is impossible to obtain a certain author's books because they are out of print. And so we wish you would contact us if you know of a Grosse Pointe writer whom we have overlooked. It is certainly not intentional as we want our holdings to be as comprehensive as possible.

In most cases, the volumes we have obtained for our Collection are autographed. Also almost all of them are duplicated in the regular circulating books from the general collection of our Libraries. We invite you all to come in and see this material—it may even inspire you to write a book yourself!

Although we realize that by the time this appears in print, Michigan Week will be about half over, we do want to pay our respects to this period which began May 17. Michigan is a fine state—I'm sure we all know this, but it is always good to set aside one period of time to draw this fact to everyone's attention. And so all hail to our State—long may she prosper!

One up, but two down

By FRED KOPP, R.Ph.

When a brand new drug is introduced, its price is usually high. That's because initial sales may be low, and the price must cover production costs—which are generally as high for small quantities as for big quantities. But once many doctors begin writing prescriptions, the manufacturer steps up production . . . and is thus able to bring the price down. A survey in our own store shows that, in the past 10 years, for every drug that rose in price because raw materials or labor costs went up, two came down in price because demand increased. That's why we say . . . **Today's prescription is the biggest bargain in history.**

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Spring is The Pointe's most beautiful season, with full foliaged, newly-green trees arching the streets of our town and flowers glimmering in front lawns, back yards and gardens.

Nine of The Pointe's outstanding gardens will be opened to the public this Saturday and Sunday, May 23 and 24, from 1 to 6 o'clock, for the annual pilgrimage sponsored by the Detroit Garden Center.

Included in the tour, (gardens are listed in the order in which they should be visited), are the gardens of Mr. and Mrs. Harry Elkins, of Westchester road, featuring Spring bulbs, wild flowers, native orchids, ferns, primroses and unusual trillium, flowering trees of Kousa Dogwood, Amelanchier and Laburnum, and lovely tree peonies.

Bruce Winkworth, of Grand Marais boulevard, has added a terrace with seat-walls, pool, rose garden and paths, changing his yard into a garden; and Mr. and Mrs. B. F. Trail, of McKinley place, show how an ordinary shady back yard can be given old world charm with the addition of a few sections of wall, a raised terrace and other outside features.

Interesting grouping of brick and stone paving are used to create outside living space at the Lakeshore road home of Mr. and Mrs. Gerard R. Slattery, whose garden seems to "float" into Lake St. Clair.

* * *

The Kenwood road garden of Mr. and Mrs. Alvan Macauley, Jr., is delightfully informal, with its paved stone terrace and low ivy covered wall, featuring lovely lead figures of the Four Seasons, and a flagstone walk leading to a small, exquisite woodland path flanked by handsome rhododendrons and shrubs.

Mr. and Mrs. Lowrey Kammer's garden, in Lothrop road, is an all-inclusive outdoor living space, containing terraces, swimming pool, pool house, walls and fireplace. Mr. and Mrs. J. Gordon Hill, of Cloverly road, have a multi-level garden, with pools, fountains and waterfall, a raised terrace, roses and beautiful Spring bulbs.

A large glass walled living room opens onto a flagstone terrace and garden at the Oxford road home of Mr. and Mrs. Paul Marco, while Dr. and Mrs. Clifford D. Benson, of Renaud road, feature a vine covered sunken garden leading from their recreation room, plus a rear garden with a brick patio, open walls and small fountain.

Hostesses for the two day tour, all ladies belonging to local garden clubs, under the chairmanship of Mrs. Albert Law, include Mrs. J. E. McCaughey, general Pilgrimage chairman; Mrs. Elmore Frank, general Garden chairman; Mrs. C. L. Cardwell, Mrs. Charles Brownell, Mrs. William Nixon and Mrs. Reino Harkonen.

Others are Mrs. Charles Pollock, Mrs. Melvin Huffacker, Mrs. John Herrmann, Mrs. Leland Carter, Mrs.

Shift and swimsuit combinations are the key to fashion success this summer—and a wonderful way to cover up sun-sensitive skin, or to keep your suit under cover when away from the waterside. Our swimsuit selection is so varied that you will find just the style and fabric to suit your taste and shape. But, before you add it to your wardrobe let our expert custom fitter, Mrs. Louise Rice, personally mold the suit of your choice to your individual figure. As every cover girl knows —the secret of figure perfection is in the fit of her suit—even if she hides it under her shift.

Kaminski-Barlow Vows Exchanged

Trip To World's Fair Follows Saturday Ceremony In St. Paul's on The Lakeshore; Bride Wears White Peau de Soie Sheath

A reception at Alcomo Hall followed the Saturday wedding of Leonora Michol Barlow, daughter of Mr. and Mrs. Charles A. Barlow, of Stephens road, to James Lawrence Kaminski, son of Mr. and Mrs. Ignatius Kaminski, of Detroit.

Monsignor Frank McPhillips officiated at the 11 o'clock ceremony in St. Paul's on the Lakeshore.

For her marriage, the former Miss Barlow chose a peau de soie sheath gown, fashioned with a scoop neckline and three-quarter length sleeves, and accented with seed pearls.

A detachable train fell from her shoulders. Her headpiece, of lace and silk flowers, caught a bouffant illusion veil, and she carried roses, stephanotis and ivy.

Grace Dansbury was the honor attendant, and bridesmaids were Mrs. Jack Aeyott, Mrs. Lyn Bowers and junior bridesmaid Lenore Barlow.

They wore powder blue taffeta floor length gowns, with bell shaped skirts and detachable trains falling from their shoulders, and matching taffeta rose headpieces. Their flowers were white and yellow carnations with ivy.

David Barlow, brother of the bride, served as best man. Ushering were Jack Aeyott, Lyn Bowers, Mark Barlow and Kenneth Kaminski.

For her daughter's wedding, Mrs. Barlow chose a Navy blue suit. The mother of the bridegroom wore a beige lace dress. Both mothers wore corsages of carnations and white roses, with stephanotis.

When they return from a wedding trip to the World's Fair and a tour of the New England States, the newlyweds will make their home in East Outer drive, Detroit.

Single Parents Plan Workshop

The Grosse Pointe Parents Without Partners Chapter which meets at the War Memorial is sponsoring a Workshop Conference on May 24 at the Central Methodist Church, 12 East Adams, (on Woodward), Detroit, from 2:30 o'clock to 11 o'clock.

The Pointe PWP Chapter, (as one of the 12 participating Chapters of the Metropolitan Parents Without Partners), is taking an active part in the planning of this First Annual Workshop Conference.

This unique group has been formed in the Metropolitan Detroit area to aid in combating an increasing sociological phenomenon. Some 7,000,000 children in the United States, under the age of 18, are now living in one-parent homes — made incomplete by divorce, separation or death.

In each of these households there is a parent struggling alone with all the normal problems of rearing children plus a host of difficulties caused by singleness.

The single parent in our society is isolated to some degree. They don't seem to fit any of the normal social patterns. They are the self-styled Fifth Wheels of society.

This isolation increases the difficulties of providing a reasonable equivalent of normal life for both themselves and their children. Therefore in the conviction that they can achieve this, and through working together, through the exchange of ideas and through the mutual understanding, help and companionship which they find with one another, the Parents Without Partners organization has been established to further the common welfare of the single parent and the well being of their children.

Men who expect to live to a ripe old age find they must give up about everything that makes them want to.

Health Council Meets

The Mothers' Health Council of Grosse Pointe will hold its annual meeting on Monday, May 25, at 1 o'clock at the Hospitality Center in the Village. All members are urged to attend as the election of officers will be held, followed by a "Get Acquainted" tea for the new delegates and current members.

"The Merits of Sodium Fluoride versus Stannous Fluoride in the School Health Program" was the interesting topic of a recent panel presented to the Mothers' Health Council. This Council sponsors the fluoridation program in the local public and private schools.

The panel was moderated by Dr. J. W. Stone, chairman of the Department of Social Dentistry at the University of Detroit, who introduced Miss Dorothy Bedore, instructor in dental hygiene, and Dr. Harvey Beaver, graduate student in pedodontics, both from the University of Detroit.

Health Council Meets Monday

The Mothers' Health Council of Grosse Pointe will hold its annual meeting on Monday, May 25, at 1 o'clock at the Hospitality Center in the Village. All members are urged to attend as the election of officers will be held, followed by a "Get Acquainted" tea for the new delegates and current members.

"The Merits of Sodium Fluoride versus Stannous Fluoride in the School Health Program" was the interesting topic of a recent panel presented to the Mothers' Health Council. This Council sponsors the fluoridation program in the local public and private schools.

The panel was moderated by Dr. J. W. Stone, chairman of the Department of Social Dentistry at the University of Detroit, who introduced Miss Dorothy Bedore, instructor in dental hygiene, and Dr. Harvey Beaver, graduate student in pedodontics, both from the University of Detroit.

Dr. Stone said the Council was to be commended for having seen the community problem of dental hygiene and tackling it independently. The truest and best form of public health is the community meeting its own needs. As mothers, we are health and thus the community's health.

He also said that dental decay is the most universally distributed disease, ninety-five percent of the total population of the United States being affected. The process of decay is an involved problem, as men in the dental profession are the first to admit.

This decay can be prevented or inhibited by applications of fluoride which can render the surface of the tooth resistant to decay and reduce this decay by 40 percent. This isn't Utopia but it is better than no treatment at all. Michigan has the most expansive program of fluoride treatment of all the states.

Discussing the merits of sodium fluoride treatment, Miss Bedore explained that there must be four applications of fluoride, given about a week apart, and these must be applied, approximately, at the ages of three, seven, ten and thirteen years.

The obvious advantages are the lower decay rate, the bringing of the child in contact, pleasantly, with dental personnel, no unpleasant taste, no staining of the teeth and no solution preparation is required by the dental personnel. The disadvantages are the greater number of applications required and the fact that sodium fluoride doesn't stop decay already begun.

Dr. Beaver stated the merits of stannous fluoride as requiring only one application every six months and producing a 50 percent reduction in dental caries. The disadvantages are a peculiar taste and an occasional staining of the teeth.

He also mentioned a new treatment — phosphate fluoride —which is still in the experimental stage. This has a very pleasant taste to the child and does not stain the tooth or tissues. It renders the tooth enamel less soluble and thus less susceptible to decay.

This treatment has been available the past year in limited quantities, to the dental profession, but will require three to five years more of research before it can be accepted for public health use. Dental research is also experimenting with a plastic coating to be applied to the tooth as an invisible shield, against decay.

After discussion, it was decided that, at present, sodium fluoride still gives the maximum benefit to the individual child, for the maximum number of children involved in the school program. Dental Chairman Mrs. Russell Bradley said that since September, the Council has supervised the treatment of 1,317 children.

Preserving Pointe Calls for Planning

(Continued from Page 1)

City can handle all necessary through traffic movements. For local needs, the plan shows Charlevoix, from Fisher to Neff, Neff from St. Paul to Mack, St. Clair from Jefferson to Waterloo, Notre Dame from Maumee to Waterloo, Waterloo from Cadieux to Neff, St. Paul from Cadieux to Neff, and Maumee from Cadieux to St. Clair as additional major streets necessary for adequate traffic circulation, Bagby pointed out.

All other streets in the City can and must be designed or redesigned to serve only local neighborhood needs and to keep out all through traffic or by-pass traffic, it was added.

Would Build Divertors

This can be done, the report disclosed, by closing existing streets and by building traffic divertors at key locations. The following suggested street closings, are:

Charlevoix between Grosse Pointe Court to Neff; Waterloo between Neff and Lakeland; Charles between Roosevelt and Washington and later as part of park acquisition; and St. Clair between Charlevoix and Waterloo.

Recommended as street divertors, are: Goethe and Rivard; Goethe and Lincoln; Charlevoix and Notre Dame; Waterloo and University; St. Paul and Neff; St. Paul and Rivard; St. Paul and Lincoln; and Maumee and Lakeland.

In addition, the Associates suggested, the long through movement and by-pass traffic on Washington be eliminated by utilizing the wide right-of-way to develop a cul-de-sac south of Waterloo.

The firm further suggested the redesigning of existing neighborhood streets in order to compete on even terms with well-planned new subdivisions. No neighborhood can redesign its streets without City approval and cooperation, the firm added.

Suggests Two Plans

The Associates suggested that the City adopt either a uniform policy of paying for such changes, or offering a partnership arrangement to any group which petitions for street redesign.

Under such a partnership, the neighborhood which desires a street divertor, can petition the City to have the divertor installed. The City can plan and engineer the change, let bids on the job, and either finance the complete change or spread the payments over a period of five years against the benefitted district. It is recommended that the City-at-large pay for such changes, the firm stated.

City participation in such projects is eminently fair since any benefit derived, in terms of preserved home values and neighborhood desirability, is in a very real sense a direct benefit to every taxpayer in the community.

A street divertor, Bagby explained, is a simple, inexpensive yet positive protection against through traffic movements. By extending two curbs diagonally and planting the resulting center strip, there can be no through traffic.

No More Walking

There is no increase in walking distances, and at the most, houses on the protected street might be two blocks further from certain destinations by car. The results would be immediately beneficial. For example, the firm went on, in a much lower value neighborhood of 700 homes, where this has been done, the installation of three divertors at key locations, has so improved the neighborhood, that the mortgage value of each home increased $500, and sales values have increased an average of $2,000.

The entire neighborhood's value has increased over $1,500,000!

Of even greater benefit has been the change in neighborhood attitudes on maintenance. Before the divertor installation, the area was showing evidence of blight and defeat. Homes were not well maintained or painted, and practically every owner was planning to sell, at a loss, if necessary, and move away. Today, maintenance of that neighborhood is exemplary.

The average cost of making the changes necessary to develop a divertor should be approximately $2,000, according to the Associates. This would include relocation of utility poles, curbs, catch basins, and the landscaping of the center strip.

Every traffic intrusion problem need not be met with divertors, however, the city planners stated. In several cases, streets with no houses facing upon them, can be vacated and sold to adjacent owners, or landscaped and redesigned into small neighborhood play spots.

(Next week: Neighborhood Conservation).

Maumee Beaten Twice by GPUS

By Mike Granger

Grosse Pointe University School's baseball team's undefeated record remained intact, as the Varsity swept a two-game weekend series at Maumee Valley in Ohio.

Marsh Mosher allowed seven scattered hits Friday afternoon as G.P.U.S. won 2-1. The winning run was scored in the top of the sixth on a throwing error by second baseman Bruce Sweeney. Dave Hadden had three hits to keep his average close to .400.

Saturday morning, Nels Olson won his fourth straight game 11-5. George Perrin collected three hits, one a home run, and drove in three runs. Olson struck out 14 batters, giving him a total of 59 strikeouts for 28 innings.

Nels Olson won his fifth game, G.P.U.S.'s seventh straight victory, Monday afternoon by defeating St. Paul, 6-?. G.P.U.S. jumped off to a quick 4-0 lead by scoring two runs in both the first and second innings. Olson helped his own cause by collecting 3 of the 9 G.P.U.S. hits. George Perrin drove in two more runs, raising his total for the season to six. Nels, who walked six batters and yielded two singles was strong in the clutch, fanning nine enemy batters.

Blue Devil Nine Captures Pair

By Jim Blackburn

The Grosse Pointe High School baseball team scored victories over Denby, 10-0, and Royal Oak, 5-3, last week to increase their record to seven wins and four losses.

On Thursday, May 14, the Devils met Denby, last year's City League champion, on the home field and received powerful hitting and great pitching. Dick Stricker, a junior, evened his record at one win and one loss as he allowed only four hits and struck out 15 batters. On three occasions, including the last two innings, Stricker made all three outs in the inning strike-outs.

Also Got 10 Hits

The Devils supported Stricker with a 10-hit attack. The Devils scored four runs in the opening inning when, with one out, Ron Irwin and John Reynolds reached base on errors. After Steve Davenport struck out, Sam Thompson, Bill Hermann, and Mike Ballew singled and the Devils had four runs on three hits and five Denby errors.

Three more runs came across in the second inning when Ter-Wright walked, and John Reynolds singled both runners home. Reynolds scored after Davenport was hit by a pitch. While Davenport was being tagged out in a rundown Reynolds crossed the plate with the Devil's seventh tally and third of the inning.

The Devils scored one more in the fifth on Davenport's walk, a fielder's choice, and a single by Ron Crampton.

The final two runs came in the sixth on a walk to Larry Kennedy. Stricker's single, another fielder's choice, a single by Reynolds and an error. The Devils had at least one hit in every inning. Reynolds led the attack with three hits in four trips to the plate.

More Good Pitching

Against Royal Oak at Royal Oak on Monday the Devils received another stout pitching performance from Bob Critchfield. Critchfield won his fifth game in seven decisions. He allowed only five hits, did not walk a batter and struck out four. Royal Oak scored all three runs in the third on three hits and four Devil errors.

The Devils scored all three runs immediately following the Royal Oak scores, in the top half of the fourth. With two Mike Johnson, Terry Kasiborski, and Bill Hermann walked, Mike Ballew was hit by a pitch, Sam Thompson came through with a two-run pinch-hit single, and Bob Critchfield walked. The Devils scored five runs on only two hits and four walks in the inning.

With the victory the Devils evened their Border Cities League record at three wins and three losses. The Devils avenged an earlier 5-2 defeat at the hands of Royal Oak.

The Devils will journey to Fordson this afternoon in an attempt to slow the league-standing Tractors. Fordson defeated the Devils 3-2 earlier

Devil Net Team Wins Five Tilts

By Jim Blackburn

After losing a tough non-league meet to Hamtramck, 5-2, the Grosse Pointe High School tennis team soundly defeated Monroe and Wyandotte on their way to the Border Cities League championship.

Against Monroe, on the Monroe courts, the Devils lost only one match. Senior Bob Weyhing, playing fourth singles, was defeated 9-7, 6-4. First singles player Mike Bielawski won in two straight sets 6-1, 8-6 as did Dudley Callahan 6-4, 6-3 and Tom Reed 6-0, 6-2 in second and third singles.

The doubles matches were somewhat tougher. Pete Short and Chris Lee triumphed 6-3, 2-6, 6-3. Bob Miller and Joe Reed took their doubles match 6-4, 6-3, and Chuck Keller and Fred Williams, after a long battle, won 3-6, 8-6, 6-3.

The Wyandotte meet was much easier as the Devils did not lose a set. Mike Bielawski swept over his opponent 6-1, 6-2. Dudley Callahan shut out his adversary 6-0, 6-0 and sophomore Ron Gutow won easily 6-3, 6-2. In fourth singles Ed Beyster came through with a 6-2, 6-4 triumph.

In doubles Joe Reed and Pete Short took a 6-2, 6-2 match. Fred Williams and Chuck Keller swept their match 6-2, 6-0 and Bob Miller and Mark Starr shut out their opponents 6-0, 6-0.

The Grosse Pointe High School tennis team swept three meets last week, losing only a single match, beating Cranbrook 7-0 on May 13, Ann Arbor 6-1 on May 15, and Royal Oak 7-0 on May 18.

Against Cranbrook the Devils won their second meet of the season over that team. In April the Devils triumphed 6-1.

Against Ann Arbor on Friday the Devils won their eighth meet of the season against only two losses, both to Hamtramck.

All three doubles teams; Pete Short and Chris Lee, Joe Reed and Bob Miller, and Rick Kendall and Dick Keller, triumphed as did singles players Mike Bielawski, Fred Williams, and Bob Weyhing. The only loss of the meet was suffered by fourth singles player Ed Beyster. Williams' match was the toughest. He battled to a 9-7, 6-8, 8-6 victory.

At Royal Oak on Monday the Devils won their sixth consecutive Border Cities League meet. First and fourth singles players Mike Bielawski and Bob Miller won by identical 6-3, 6-3 scores. Number two singles player Tom Reed won easily 6-0, 6-2 as did the third singles player Bob Weyhing 6-0, 6-1.

In doubles matches the Devils continued their sharp play, completing the meet without losing a set. Chris Lee and Pete Short won 6-2, 8-6 in number one doubles. Rick Kendall and Joe Reed swept their match 6-0, 6-3 in number two doubles. In the final doubles match Fred Williams and Dick Keller aso triumphed 6-4, 6-3.

This afternoon the Devils journey to Fordson in attempting to continue their string of victories. Tomorrow and Saturday regional tournaments will be held at the High School.

GPHS Thinclads Win and Lose

By Jim Blackburn

The Grosse Pointe High School track team lost a tough meet at Ann Arbor 62-47 on Tuesday, May 12, then came back two days later to swamp Austin 81-28.

In spite of Devil superiority in the relay events and long runs the Devils bowed to a strong Ann Arbor team. John Bonds, usually a sure bet in the Bruce Fox, usual winner in the mile, came in second.

Against Austin, Bonds came back to win the shot-put with a heave of 46 feet 10 inches. Fox swept the half-mile event in a time of two minutes one and two-tenths seconds, missing by two-tenths of a second the school record of George Thomas, set two years ago. John Ordon took over the running of the mile, winning with a time of 4 minutes, 53.9 seconds.

The Devils swept the pole vault, broad jump and high jump.

GPHS Thinclads Win and Lose

By Jim Blackburn

The Grosse Pointe High School track team lost a tough meet at Ann Arbor 62-47 on Tuesday, May 12, then came back two days later to swamp Austin 81-28.

In spite of Devil superiority in the relay events and long runs the Devils bowed to a strong Ann Arbor team. John Bonds usually a sure bet in the Bruce Fox usual winner in the mile, came in second.

Against Austin, Bonds came back to win the shot put with a heave of 46 feet 10 inches. Fox swept the half-mile event in a time of two minutes one and two-tenths seconds missing by two-tenths of a second the school record of George Thomas, set two years ago. John Ordon took over the running of the mile winning with a time of 4 minutes, 53.9 seconds.

The Devils swept the pole vault, broad jump and high jump.

13—REAL ESTATE FOR SALE

GET SERIOUS, and consider now the very realistic price of $39,500 on this white Farm colonial. The price includes carpeting and draperies. A library and a family room should be reason enough to see this one before all the others. Appeals to the family who wants that first floor bedroom and bath. Three more bedrooms and another bath up.

A HOUSE for all seasons, was the theme incorporated by the architect who designed this home located in the much desired Deeplands area. Each of the three bedrooms has its own bath, and the cozy den leads into a secluded patio garden. The glassed - walled living and dining area constantly affords a year 'round view of the same patio, which is a delightful backdrop banked in snow or flowers.

WE FULLY EXPECT our lines to be busy when the word gets out that the price of this center hall colonial is now $47,900. Of course, there is an enormous family room with its own Franklin stove. And we might add that the first floor also boasts a paneled library. Four bedrooms and two full baths up, and all on a dead end street in the Farms.

IF YOU MUST have four bedrooms and a den, but feel your pocketbook can't swing it, then let one of us swing you through this newer listing. So near two schools, bus lines, and the Farms Pier, that a second car in its two car garage would be an extravagance.

YES . . . You can buy a newer three bedroom home in the Farms for under twenty thousand dollars. We offer a quaint Cape Cod which has been well maintained. Just a minute's walk to Hill shopping, Richard School and bus stops.

TRADITION, condition, and your ambition might be the formula which will put you and your family in this six bedroom Georgian Colonial. If you appreciate the traditional architecture of the Georgian period, if you demand a home that's been kept in excellent condition, if you have the ambition to step up to a prestige home; then check this one before your neighbor does.

IF YOU are one of those people who have often stated you would never move again unless it would be to a home right on the water, then you must see this magnificent house with 144 feet of frontage on the lake. Not a really large home, but one easily adaptable to today's family living. Priced at a fraction of re-production cost.

IN THE CITY, and all you could want at a price far less than you would expect, can be found in this Cape Cod. Four bedrooms and a large, paneled family room, and this choice property is located close to schools, Village shopping, and bus lines. Should not last long at $23,000.

SEEING IS believing! And all you have to do is step inside this home on Fairford Road, and you will see how delightful ranch home living can be. Revel in the spaciousness of large proportioned dining, living, and family rooms. Two full baths, completely modern kitchen, and full basement.

CHARMED, we're sure you will be, when you see this French colonial on Baltour Road. If you demand four family bedrooms plus two more for stay in help, then this could be your solution. Priced for the buyer in the fifty thousand dollar bracket.

"HE WHO can't be counseled can't be helped."

who, where and whatnot

Most Pointe ladies plan to be "out" today, traveling to the six houses featured on Cottage Hospital Auxiliary's Kitchen Tour, and many will drop in at the Nurses' residence in Ridge road between 1 and 5 o'clock, for the traditional Kitchen Tour Tea Break. An additional attraction, offered this year in conjunction with the Tea, is a display of flower arrangements suitable for hospital patients. Mrs. Frederick J. Schumann and her excellent committee have developed floral arrangements in four different categories. The first two, "To the Mother and her New Baby" and "To 'My Lady' Following Surgery," promise traditional delights, but the last two, "To a Child in Traction" and "To a Crochety Gentleman," have a most intriguing sound. What in the world does one send, in the way of flowers, to "a child in traction?" And if the gentleman is "crochety," how can one be certain he won't throw the vase at one's head, (provided, of course, he has the strength to do so)? Mrs. Schumann and her committee have managed to devise four different arrangements in EACH of the categories, and all 16 will be displayed at the Tea.

Another stop many ladies will be making today is Christ Church, where women working on the November Fair have gathered samples and smatterings of articles—made-so-far, to display in the Undercroft from 11 to 3 o'clock. Patrons are advised to "come early" to this preview sale, as items usually go like hotcakes, with sales starting a few seconds after the doors open. One of many booths offering articles for sale and to order: The Knitting Concession, under the chairmanship of Mrs. William E. Tily, assisted by Mrs. Milton Henkel, featuring children's sweaters, (style and color may be specified on Christmas orders), and among the New Items—a mohair pullover just like the teenagers wear!

How many Pointers . . . identified the children in a school supply and stationery company's advertisement, featured in Time Magazine May 8? All of the youngsters pictured in the ad attend Trombly School, and most are members of the Jack Petz family, of Lakepointe avenue. The full page advertisement is headed by a black and white photograph, picturing a most determined Safety Boy sheltering two very young pupils, while at the right another boy whispers something in the ear of a huge but obviously friendly Saint Bernard, whose name and owner remain, so far, a mystery. Picture caption? "We make most everything the kids take to school—except the dog, of course . . ."

Nancy Wesner, daughter of Mr. and Mrs. Albert Wesner, of McKinley avenue, received the "Customer Comes First" award from her employer, American Airlines, last week. A ticket saleswoman, Nancy assisted an ill passenger at Metropolitan Airport, and the passenger's grateful wife wrote the Airline as follows: "This letter is written to you in order to commend Miss Nancy Wesner. My husband took sick at the airport and she was on duty. I would like to say that she was efficient, sympathetic, kind and, all in all, everything and more than one can expect. She took complete charge of the emergency and still managed to assure me that my 14-year-old son, whom we had to leave at the airport when the ambulance arrived, would be taken care of and put on his plane to Boston. It is a pleasure and a delight to do business with such people as Miss Wesner."

Program chairmen, drawing up plans for their next year's club agendas, might check the Detroit Institute of Arts' new museum program for women's club groups, "An Afternoon of Art," scheduled to begin next fall. The program will take place each Tuesday, October 13 through May 25, at 12:15 o'clock, and will include a luncheon served in the Institute's Riviera Court, followed by a special tour of the highlights of the museum's collection, given by experienced members of the Founders Society Docent Committee. This committee is making every effort to contact as many women's groups as possible. Any club interested in reserving An Afternoon of Art may request a letter and reservation form by contacting the museum's Education Department, 831-0360.

PILFERINGS

A mother of a teenager, after many months of being unable to use her own telephone because it was always in use, sought refuge by installing a new phone in the girl's name.

To her dismay, when trying to use the phone a few days later, she discovered her daughter in lengthy conversation with another girl.

"Susan!" she said with feeling. "What's the idea? Didn't I get you your own phone so you could call your friends?"

"Yes, mother," the girl replied, "but I can't call out on my phone because then if someone tries to reach me the line would be busy." —Spice Box

HENRY LEDYARD OF LEWISTON ROAD

By Janet Mueller

Two years ago, David Rust, organizer and general manager of the Detroit Grand Opera Association, died upexpectedly — leaving the Association is a very real sense "rudderless," with a single, guiding spirit, a man responsible for co-ordinating all facets of the Metropolitan Opera Company's annual visit to Detroit.

Somehow, the Grand Opera Association struggled through the remainder of that season. But the more they struggled, the more Association members realized they needed a good, dedicated general manager.

Eventually, Frank W. Donovan, chairman of the Association's Board of Directors, approached Henry Ledyard, asking if he would consider accepting the Association's general managership.

He Was Available

Mr. Ledyard had recently retired from his previous job with American Radiator, Standard Sanitary Corp. He was available . . and he told Mr. Donovan he would be very glad to take on responsibilities as general manager of the Detroit Grand Opera Association, because he felt the Association performed a very real service to the cultural life of Detroit, and that work with and for the Association is a civic responsibility.

"It has been a very happy combination since then," Mr. Ledyard says today. As vice-president and general manager of the Detroit Grand Opera Association, he has a "full" part-time job, is at his desk in the Association's Ford Auditorium office almost every day.

Although the Metropolitan Opera Company's visit to Detroit lasts only a week, the work of the Association goes on year 'round. Staff at the Association's office numbers two: Henry Ledyard, and Mrs. Samuel (Pauline) Peterson, who has worked to promote opera in Detroit for many years.

Was in Original Group

Mrs. Peterson, secretary, assistant, historian and general factotum, was a member of the original group which brought the New York City Opera to Detroit, prior to the Metropolitan Opera's first abbreviated season in the Motor City, in 1959. She worked with Reuben Ryding, one of the founders of the Detroit Grand Opera Association. Henry Ledyard terms her an invaluable assistant.

Between them, Mr. Ledyard and Mrs. Peterson co-ordinate the Detroit Opera Season, devoting themselves to the gigantic task of putting on opera here in Detroit. Extra workers are called in only twice a year, to assist in two general mailings; the rest of the time, (the Association office is open all year 'round), Henry Ledyard and Pauline Peterson are the sole occupants of the large, crowded, (with filing cabinets, boxes, promotion materials and general paraphernalia), Detroit Grand Opera Association headquarters behind the box office at Ford Auditorium.

Henry Ledyard's love for music, opera and symphony in particular, is of long duration; for 40 years he has had approximately the same seats for Detroit Symphony performances, following the Symphony from Orchestra Hall, to Masonic Temple, to Music Hall, to Ford Auditorium.

He was one of the civic leaders who first attempted, more than a decade ago, to persuade the Metropolitan Opera Company to include Detroit in its tour schedule; at that time, the Met was limited as to where it could go.

He gives a major part of the credit for bringing the Met to Detroit to Frank Donovan, a major part of the credit for organizing the Met's first appearances to the late David Rust, ("If it hadn't been for him, there would be no organization"), a major part of the credit for promoting opera in Detroit, making it such a fabulous success, to the dedicated ladies of the Women's Committee, in particular to Mrs. Anne McDonnell Ford, Mrs. George Romney and Mrs. Theodore Yntema.

High on the list of invaluable programs sponsored primarily by the Women's Committee is the Overture to Opera series, a selection of scenes to be performed by the Metropolitan Opera Company, featuring local singers and presented as a preview program in various locations throughout metropolitan Detroit prior to the Met's appearance.

Perhaps Mr. Ledyard's favorite local opera promotion is the annual "Supper With the Stars," scheduled this Sunday evening, at 7:30 o'clock, in the Crystal Ballroom of the Grosse Pointe War Memorial.

Metropolitan Opera singers appear informally at the Supper With the Stars, to talk and laugh and generally enjoy themselves. Flying in for the program this year are Regina Resnik, Richard Tucker, conductor Sylvio Varviso, and Robert Herman, artistic director of the Metropolitan Opera Company.

Is Fun Program

Donald M. D. Thurber will once again moderate the panel discussion following the supper. "The more people who go there, the happier they'll be," Henry Ledyard says, adding that if the program is anything like last year's, it will be "out of this world."

The Detroit Grand Opera Association is notified, by the Metropolitan Opera Company, what the program of operas will be for the current season. The Detroit Association absorbs all local costs, including local education programs, and subsidizes groups of tickets for college and high school students, (public, private and parochial), and local music school students, offered at an extremely nominal cost.

The Masonic Temple has about 200 restricted seats, behind posts, etc.; these are assigned to the high school students or reserved for the blind. Out of some 20 or 30 tickets per performance allotted high school students, an additional 10 tickets are offered, free of charge, to Inner City students who cannot afford even a nominal ticket fee.

Concerning the success of the Metropolitan Opera in Detroit, Henry Ledyard states: "Detroit has done in five or six years what it took Atlanta, (Ga.), 25 years to do. Detroit is selling out every performance — because Detroit is not mad AT opera, Detroit is mad FOR opera."

Mr. Ledyard emphasizes that the Association sells no block tickets. Tickets are offered, at the first general mailing in the fall, to those who have contributed to the success of the previous season; this group absorbs about one-third of all tickets, including many of the "preferred" $8.50 balcony seats.

Within a week after the general ticket sale begins, in January, the popular operas are generally sold out. This year, 8,000 ticket requests were received a mere three days after the general ticket sale began; donors and guarantors had already requested about 12,000 tickets; and the total number of tickets available is roughly 27,000.

"Everybody asks for Aida," Henry Ledyard notes. He—and the entire Association—is convinced that almost everyone who really wants to see an opera could be accommodated, if they only gave second or third choice seats for operas.

All ticket orders are stamped and dated when received, and orders are filled on a strict, first come, first served basis.

Henry Ledyard doubts if the Metropolitan will ever present more than a week of performances in Detroit, or will ever give more than one performance of any given opera. The stars must be signed in advance for the tour, and most stars spend their summers singing in Europe or at various music festivals throughout the world. They simply will not commit themselves to long spring tours.

Through the National Cultural Association, the Metropolitan is promoting the possibility of a touring company of young stars, sponsored by the Metropolitan but not necessarily members of the Metropolitan company, under the supervision of Rise Stevens and Richard Manuel, to cover some 60 to 70 cities in the United States with a smaller orchestra, chorus, ballet and less well-known leads.

Arrangements may be made for this group to visit Detroit in mid-1965, but Henry Ledyard does not expect it to be quite as successful as the large, well known Metropolitan Opera Company.

Like Big Names

"Detroit, and most musical audiences, go for Big Names," Mr. Ledyard says. Personally, as far as the symphony is concerned, Henry Ledyard would as soon hear completely symphonic programs all year long — but he recognizes that a Name sells tickets, that Van Cliburn's appearances, for example, are sell-outs, while less known but equally excellent artists play to empty seats.

Besides music, Henry Ledyard is very interested in the Children's Hospital of Michigan, currently in the midst of a $4 million fund-raising program. He terms it the leading hosoital in the Middle West in the treatment of children's ills, notes that all local medical schools send students there for extra-special work in child care, and says, "If any hospital needs help, this does."

Mr. Ledyard will have more time to devote to Children's Hospital after the week of May 25, when the Metropolitan Opera Company has completed its '64 Detroit season. As in the past, this opera season should be an outstanding success.

"People are crying for tickets," Henry Ledyard says, "but we are pleased that they are; we hope they will continue.

"I don't think we will have as easy a time selling the National Cultural Association, Metropolitan-sponsored National Opera Company — but still, I don't think we will have too much trouble.

"If the opera is good, people will go to it."

Carl's Corner

I would like to donate my column this week to Justice Eugene F. Black of the Michigan Supreme Court.

It has been a long time since I have read or seen or heard of a politician standing upon his own two legs and expressing an independent thought. May I quote from his letter to the Free Press Thursday, May the 14th. This quotation is in respect to a complaint by one of his constituents that he was not serving the Democratic Party properly . . .

"I shall be guided supremely by this cause (Oath of office) with respect especially to coming decisions on apportionment. Despite all the quarter-witted catterwallings of state legislatures."

Does this get through to you?

THE UNITED STATES will send 75 Skyraider dive bombers to South Viet Nam to replace war-worn aircraft being flown by American and Vietnamese pilots. The announcement was made in Saigon Wednesday by Defense Secretary Robert McNamara. He also said that excellent progress had been made in the war program as a whole but added "It's going to be a long war and we should not delude ourselves into thinking it won't."

AN AGREEMENT was reached Wednesday by Attorney General Robert F. Kennedy and Senate leaders of both parties on a revised Civil Rights Bill which they said safeguards the objectives of the House-passed measure. All 42 votes against the Williams resolution were cast by Democrats and of the 33 senators voting against the move to table the proposal, nine were Democrats and 24 were Republicans.

He finished well ahead of the other big name candidates — South Vietnam Ambassador Henry Cabot Lodge, Arizona conservative Senator Barry Goldwater, former Vice-President Richard Nixon, Pennsylvania Gov. Observers said Rockefeller's smashing victory was a bitter blow to forces olacking Lodge and would help Rockefeller's chances against Goldwater in California.

IN AN ANNOUNCEMENT made at a routine press conference in the executive office in Lansing, Saturday, Gov. Romney said he would be a candidate for re-election next November. He also said that he would not start campaigning "for several months." The statement came as no surprise to political observers and had been expected for many weeks. Romney said the thunderous reception he received at the Republican State Convention last Saturday spurred him to reveal his decision this week.

Red Carpet Tour Given To 'Visiting Firemen' On Mayor Exchange Day

Luncheon at Eastland and Boat Ride on Lake St. Clair Highlights of Program As Out-State Officials Are Entertained In Pointe

Routine administrative details in the city offices of the five Grosse Pointes slowed down a bit Monday, May 18, as officials took "visiting firemen" sightseeing about the area.

The "firemen" weren't really firemen, of course, but mayors and guests from surrounding towns, who were participating in the annual Mayor's Exchange Day.

The Park entertained Mayor W. E. Rowden and Councilman Joseph L. Gwinn of Lapeer while the City showed its sights to Mayor and Mrs. Jack Smit from St. Johns. Visiting the Shores were Webberville's President Howard Benfield and Mrs. Benfield.

Mayor and Mrs. Wilbur Johnson and Councilman and Mrs. Vernon Rounds of Milford received the grand tour in the Woods. Saginaw's Mayor G. Stewart Francke and Mrs. Francke and Councilman James W. Stenglein had the red carpet rolled out for them in the Farms.

After a morning of looking and learning about how our cities operate, the visiting dignitaries were entertained at a luncheon held in Stouffers, Eastland. Joining them for lunch were city officials from all the Pointes.

The guests rounded off their day by taking a boat ride on Lake St. Clair.

Meantime, back in Lapeer, Mayor Kenneth W. Cunningham and Councilman William C. Oddy of the Park were enjoying the hospitality of that city as Woods Mayor pro-tem Kenneth Boerner and Mrs. Boerner were seeing the beauties of Milford.

Traveling to Saginaw for the day's exchange of civic leaders were Farms Mayor and Mrs. William F. Connolly, Jr. and Councilman and Mrs. William G. Kirby. The Shores President pro-tem John Huetteman, Jr. and Mrs. Huetteman and Trustee Gerald Schroeder and Mrs. Schroeder visited Webberville, while City Mayor David E. Burgess and Mrs. Burgess were welcomed by St. Johns.

And now the cities' administrations are back in business.

Public Hearing Slated in City

Grosse Pointe City's council will hold a public hearing Monday night, May 25 at 8 o'clock in the council room.

The Council will consider at that time proposed amendments to Ordinance No. 96, the zoning ordinance of the City. The amendments would repeal and eliminate the Special Use Districts designated on the amended building zone map and the special uses it provides. They would repeal in full, sections 2.4 and 2.5 of the ordinance.

Also under consideration will be an appeal to erect a private garage on the property at 17700 East Jefferson and an appeal for modification of a City Council resolution which permits the building of a medical-dental clinic on the southwest corner of Notre Dame and Mack avenue. The modification would eliminate the requirements of a 12½ foot side yard on the Notre Dame frontage.

Woods Council Approves Budget Totaling $1,262,712

At a public hearing meeting on Thursday, May 15, the Woods City Council passed the proposed budget for the 1964-65 fiscal year, beginning July 1. The total appropriation of $1,262,712 was approved with little delay.

According to City Administrator Chester E. Petersen, the budget places top priority upon service improvements that will continue the forward progress of the Woods and upon "the further development of the city's most valuable asset, its loyal, dedicated city employes."

The budget calls for the same tax levy of 14.55 mills ($14.55 per $1,000 assessed valuation), which has been the tax rate for a number of years. A pay increase of six percent for personnel of the Department of Public Safety and a two percent increase for other city employes are included in the budget.

Expenditures under the proposed budget are listed as follows: Department of Administration, $134,208; Department of Public Safety, $421,965; Department of Public Works, $381,685; Department of Parks and Recreation, $128,480; Debt Service, $49,160; Capital Improvements, $122,214; and Sewer, Loss, $25,000.

Revenues making up the funds for the fiscal budget are from these sources: City taxes, $880,275; State-shared taxes, $290,000; Permits, $45,200; Licenses, $4,700; Violation fines $25,537; and Miscellaneous, $17,000.

In other business, the Council voted to install a temporary parking lot beside the Old Public Safety Building, at 20775 Mack avenue. The area is to be hardtopped,, divided into parking spaces and have meters.

Symphony's Concert Set For Sunday

Pianist Mischa Kottler To Be Soloist At Final Program In Parcells School At 3:30

A capacity audience is expected to be on hand this Sunday afternoon to welcome Mischa Kottler, beloved Dean of Detroit pianists, who will appear as guest soloist with the Grosse Pointe Symphony Orchestra for its final concert of the season.

This will be Kottler's first performance with the Grosse Pointe orchestra, though his genius as a teacher and as pianist for the Detroit Symphony Orchestra has made him a familiar figure throughout the community.

The orchestra, which has developed, under the capable direction of Conductor Felix Resnick, into one of the outstanding orchestras in this area, will climax its eleventh successful season of Sunday afternoon concerts on May 24 at 3:30 p.m. in Parcells School Auditorium. A reception and coffee hour will follow the concert.

The scholarly atmosphere of the lobby will take on a festive air for the afternoon as gay balloons and colorful posters advise guests of the Grosse Pointe Symphony Society's funfest project of the season, a Theater Benefit Party on Sunday, June 7, for the evening performance of "Beyond The Fringe", the hilarious intimate revue at the Fisher Theater. Members of the Society will be taking orders for tickets and providing information about the party.

Russian-born Mischa Kottler started his musical career at the age of four as a violinist, changed to piano within a year and at seven years of age entered the Imperial Conservatory at Kiev. When he was nine he made a concert tour of the major cities of the Ukraine, continued his studies in Paris and Vienna, and has been hailed throughout America and Europe for his brilliant musicianship. He considers his wife, a talented musician in her own right, his "most severe critic."

For his first performance with the Grosse Pointe group, Kottler will play Schuman's "Concerto in A-Minor for Piano and Orchestra."

The afternoon's program will

Preserving Pointe For Ideal Living Calls for Planning

Planners' Report to City Follows Lengthy Study Of Necessary Steps to Guard Against Deterioration of Area

(Editor's note: This is another in a series of articles concerning a report prepared by Scott Bagby and Associates of Grand Rapids, City Planners, for the City of Grosse Pointe, in relation to the planning needs of the entire Grosse Pointe community, and a long range guide for community action, present and future. This week's report is a continuation of the Planning Program.)

The Street Plan: One of the fundamental steps in keeping the City a livable community is planning carefully to meet traffic needs on a few major streets, then planning to remove all through traffic from all remaining streets, according to the city planners' report.

Grosse Pointe City and Grosse Pointe Park, because of their location and geography, are carrying major traffic to and from Detroit on practically every east-west street. North-south demands, on the other hand, are much lighter, consisting largely of local traffic and traffic to such targets as Bon Secours Hospital, Maire School, the high school and library and the business districts.

Under the present street plan, Mack, Kercheval and Jefferson avenues will have to remain major streets as they are now. Cadieux and Fisher roads will be needed for the less intensive north-south traffic needs, and major streets will be required for circulation around the Kercheval Business area.

Suggests Key Change

A key street change is suggested in the proposed extension of Chalfonte avenue through the block from Rivard to University at Mack, according to the planning firm. This will pick up the traffic now using Chalfonte and direct it to the major street system without forcing it through home neighborhoods within the City.

With these major streets, the

Robert Bendzinski has been appointed Grosse Pointe City's new treasurer, assessor and deputy city clerk by the City Council. He assumed his duties Monday, May 18.

Bendzinski, 24, came to his post in the City from East Detroit where he was senior accountant of its finance office. He began his career there four years ago as a junior accountant.

An East Detroiter for 18 years, Bendzinski attended St. Veronica Catholic school and was a member of the first class to graduate from Notre Dame High School in 1958. He is a member of the East Detroit Junior Chamber of Commerce and the Knights of Columbus.

Bendzinski is currently studying for a degree in business administration at the University of Detroit.

He is at present living at 17244 Wilson in East Detroit with his wife Patricia and their son, Robert.

Police Break Up Juvenile Theft Ring

Gang Operating Since Last August; Ring-Leaders Involved In Other Crimes

Cases against 10 youngsters, members of a bicycle theft ring, were marked closed by Park police on Friday, May 16, when the last boy turned in his essay on "Good Citizenship," it was disclosed by Det. Lt. Arnold Hough. Charges against two others, the ringleaders, were filed in Juvenile Court.

Lt. Hough said that 12 bicycles, valued at a total of $485, were recovered, but there were others that the boys admitted stealing that have not been found. One stripped down bike was salvaged from Fox Creek, along Alter road, where it had been tossed by the young thieves, the detective said.

Put on Probation

He said that the 10 juveniles have been placed on unofficial probation to his department, and have pledged to make restitution for all unrecovered bikes and parts, and several that had been maliciously damaged.

One youngster, Hough said, confessed to being alone in committing seven thefts.

The beginning of the end for the ring began with the arrest of two 14-year-old boys, the ringleaders, on Friday, May 1, by Patrolman Paul Roek, when it was reported that the boys were seen ransacking glove compartments of cars in the 900 block of Beaconsfield.

The boys were questioned by Hough and Patrolman Bobby McAlister, who was working the plainclothes detail. The youngsters confessed to ransacking between 30 to 40 automobiles on Beaconsfield and Nottingham, over a period of time. Most of the loot has been recovered.

After the boys had confessed, Hough and McAlister and other police officers began rounding up the gang, who have been operating in the area since August 1963. The gang members

Memorial Center's Drive For $60,000 Successful

Victory seems assured for the annual Family Participation Campaign for funds conducted by the Grosse Pointe War Memorial Association. The $60,000 goal of the drive has been achieved, it will be announced at the traditional Memorial Day ceremonies to be held on the Center grounds at 11 a.m. on May 30.

Drive workers are still making calls to donors of record who have not yet given this year, and it is hoped that no one will be deterred from contributing because success seems assured. The $60,000 is the minimum amount needed to absorb the deficit between income and the cost of maintaining and operating the Center for the coming year.

Among the most recent donors to the fund whose names have not been previously disclosed are:

Stickup Man Catches Fear From Teller

Her Inability to Hand Over Loot Causes Would-Be Bandit to Flee In Frustration

A nervous, would-be bandit, who attempted to hold up the Farms branch of the National Bank of Detroit, 93 Kercheval, on Monday, May 18, apparently became frightened when a teller delayed in bowing to his demands, and fled before getting any money.

Det. Sgts. Jack Paisley and George Van Tiem said that the holdup man entered the bank at about 2:29 p.m., approached the teller, Mary Frizzell and shoved a note into her cage.

The note read: "Don't press the alarm, or I'll shoot. Give me all the bills No singles. Quick".

Teller Freezes

The teller-victim told police that she froze on reading the note, and the would-be bandit, who appeared extremely nervous, said, "Hurry" then ran out of the bank, toward the municipal parking lot.

The teller told police that the holdup man held his hand on his belt under his coat, as though he held a gun.

The man was described as being white, neat appearing, between 42 and 45 years old, between five feet ten inches to six feet tall, 165 pounds, dark brown hair with a bald spot on the back of the head, and having an average or medium complexion.

Paisley and Van Tiem said that the matter was turned over to the Federal Bureau of Investigation for investigation, and that they will assist special agents in every way possible to try to apprehend the criminal.

Police Arrive Quickly

Farms police car crews converged on the bank within less than two minutes after the alarm was given, but too late to apprehend the bandit.

FBI agents, estimated at about 25, came into the area, checking with and questioning store owners and other people regarding whether they had seen anyone fitting the robber's description.

It was disclosed that a bank employe, and a customer in the building at the time of the attempted holdup, informed the FBI agents and Farms police that the would-be holdup man fled out the rear door of the bank, and that they saw him enter a late model car and speed away. They gave authorities a description of the car, but were unable to give the license number.

Bank officials said that this was the first time that any attempt was made to hold up the Hill District branch.

Reporter Twists Facts on Crash

Apologies are proferred to Dr. George R. Dakoske of 23055 Gary lane, for some bad reporting which appeared in this paper last week, doing him an injustice.

The story was about a four-car crash which occurred on Moross road on Saturday evening, May 9. It started out all right, telling how a car driven by Stewart Warren Argo of 1676 Stanhope road, had crashed into a parked car in front of 36 Moross after turning north off Lakeshore road. Two additional parked cars were banged up in the general tangle which followed the initial impact.

The story correctly named the three owners of the damaged parked cars, one of which was Dr. Dakoske's, then stated that Dakoske was issued a ticket for driving without his car under control.

Dr. Dakoske wasn't even in his parked car and of course the recipient of the ticket was Argo, the driver of the car which caused all the trouble. The doctor says he has been badly inconvenienced by having to attempt to explain he was the victim of twisted facts. We're sorry. Who did the bad reporting? The editor.

When an opportunity for kindness presents itself be ready to deliver the goods.

It's Pop who loses his balance when the rest of the family goes on a shopping spree.

Other Arrests Reported

Hough said that the two boys originally arrested, have since been involved with other law enforcement agencies in the area. One boy was arrested by Centerline police on a charge of disorderly conduct, and the other was arrested by Detroit police on two counts of boat theft.

One of the boys also has an extensive juvenile record, including burglary and shoplifting, Hough said.

The detective said that he ordered each 12-year-old gang member to write a 500-word essay on "Good Citizenship", and the others, 750-word essays, all to be submitted within one week from the date of their arrests. The last essay was turned in on May 16.

Reckless Driver Posts $100 Bond

Robert R. Poston, 28, of 25111 Dale, Roseville, was arrested by Woods police on Sunday, May 17, and charged with reckless driving. He was chased and stopped by an off-duty policeman.

According to a police report, Patrolman Jack Patterson, in street clothes and in his own automobile, observed Poston driving north on Mack avenue at an excessive rate of speed, cutting in front of moving traffic, and weaving from lane to lane.

The officer said he paced Poston at 50 miles an hour, and at Anita, Poston attempted to pass moving traffic and drove his car onto the island, then swerved back into the road, almost hitting two other cars.

Patterson said that the left rear tire of Poston's vehicle blew out, but the motorist continued north, driving 40 miles an hour. The policeman said he stopped the man at Aline and identified himself as a police officer, and ordered Poston to wait until a uniformed policeman arrived.

Patterson said that Poston told him that he did not want to wait and that he was leaving, and at that time, Patrolman Robert Lorenz came on the scene and took Poston to the station, where he issued the motorist a violation ticket for reckless driving.

Police said that Poston became violent while in the station and they were forced to lock him in the jail cell, and later released him after he posted a $100 bond, pending court on Saturday, May 23.

Council to Hear Walter Greene

Walter R. Greene, chief of the Equal Employment Opportunity Office of the United States Army Material Command, Detroit Procurement District, will speak to the Grosse Pointe Human Relations Council Thursday, May 28, at 8 p.m. in Christ Episcopal Church.

A former Circuit Court clerk and field representative for the Fair Employment Practices Commission, Greene will discuss "What is the Negro Mad About?"

Woods Police Investigating Youth's Report of Assault

Woods police are investigating a reported fight in which a Park youth claimed he was attacked and cut with a knife by two boys Friday night, May 15, while he was sitting in his car at Lancaster and Helen.

At 10:50 p.m., Woods authorities received a call from Harper Woods police, in which it was disclosed that Rodney D. Luzi 19, of 842 Pemberton, was being treated for cuts on both wrists, and a cut on the cheek. The youth was conveyed to a hospital from Harper Hall, Lennon and Harper, in Harper Woods.

Woods Patrolman Everett Plumb was dispatched to the hospital to get a report of the alleged fight.

The officer said that Luzi told him that while at a dance at the Harper Hall, he had a slight disagreement with his girl friend, and he left the hall, got into his car and drove to Lancaster and Helen. He parked his car and smoked a cigaret, "while cooling off," the youth said.

While sitting in his car, Luzi said, two boys walking south on Helen, jumped into his car and began to fight with him. One boy pulled out a knife and slashed him on both wrists and cut his cheek, it was claimed.

Harper Woods Police Sgt. James Miglio, after Woods police were notified of the incident, said he checked Luzi's automobile while it was parked in the Harper Hall lot, but found no evidence of blood, or that a fight had taken place.

At the hospital, doctors applied a total of five stitches to the wrist cuts on Luzi's wrists. The cut on the cheek was not serious enough to need similar treatment, it was said.

Woods Dets. Albert Abend and Gaylord Golding said that an investigation is underway.

They said that Luzi described his alleged assaulters as both being five feet eleven inches tall, with long dark hair and wearing dark clothes.

Reckless Driving Cases Dismissed

Two cases involving charges of reckless driving were dismissed in City Justice Court Tuesday, May 12 by Judge Douglas Leo Paterson.

The cases of John Ramsay Anstey of 22 Devonshire, Pleasant Ridge and Donald George Grigg of 16830 Cranford Lane were dismissed because there were no eye witnesses at the scenes of their accidents.

In three other cases, Judge Paterson sentenced the defendants to sessions in traffic school.

Bernard Krause, Jr., of 1099 Van Dyke, Detroit, was found guilty of driving 80 m.p.h. on East Jefferson and fined $80, put on six months probation and permitted to drive for 30 days only to and from work, in addition to attending four sessions of traffic school.

A $10 fine was suspended in the case of James Harold Jennings, of 1026 Whittier, who was found guilty of driving 40 m.p.h, but he was assigned to four sessions in traffic school.

Pleading guilty to a charge of reckless driving, Irene Lijeiuski of 19181 Albion, Detroit, was sentenced to two sessions in traffic school and her $15 fine was suspended.

William H. Seymour, of 8162 East Jefferson, was found guilty of careless driving and fined $15.

Little League R

FARMS

Monday, May 11, was a day of heavy hitting in the Farms Little League's major games. At the High School field the Phillies beat the Indians by a score of 13-4 behind the pitching of Bob Kulka. The Phillies heavy hitters were Mike Duika with a home run, Bob Kulka with a home run, Hank Chase, Joel Caskey and Kelly Farr, each with doubles. This game kept the Phillies in a tie for second place, having won three games and losing one.

At the other field on Monday the Giants beat the Tigers by a score of 20-2, with Ronnie Trefzer and Gary Beaufait doing the pitching for the winners. Heavy hitting for the Giants included a home run by Pep Perry, home run by Tom Reinman, triple by Chris Pendy, and doubles by Tim Allard, Reinman, Perry, and Don Fromm. The Giants' rookies, Jon Motschll, Chris Pendy and Charley Perry also hit well. John Fountain and Ed Moran pitched for the losers, and Jim Hoffman, Mark Tocco, and Dick Hudson hit well for the Tigers.

On Tuesday, May 12, the heavy hitting continued during the game between the Reds and the Pirates, the Reds winning that one by 13-4. Van Conway pitched for the Reds, and Max Gardener hit a home run with doubles by Jim Buda and Jim Parker. Singles were hit by Greg Messacar, Dave Newhouse, Johnny Keogh, Sandy Turner, and Bob Truba. For the Pirates Baron Munchausen hit a grand slam home run to score all their runs.

At the other field on Tuesday, May 12, the Red Sox held their lead in the League by a close one over the Yankees, 4-3, with Jim Van Eman and Charley Williams pitching for the Red Sox. Red Sox had hitting by Gordon Piche with a double and a home run by Bill Roberts in the early innings. The Yankees tied the game up in the fifth inning on hitting by Glen Hillger, who pitched the entire game, Bart Gmeiner and Jack Critchfield, plus a base on balls and passed balls. However, Bill Roberts broke the game open with a winning homer in the sixth inning.

On Thursday, May 14, the League leading Red Sox won another game, this time over the Pirates 7-2. Bill Roberts was the winning pitcher with Baron Munchausen pitching for the losers. Gordon Piche contributed a home run and Jim Van Eman batted three for four including a double. Pitcher Roberts had a home run in the 6th inning, his second solo home run in two games in the 6th inning. Mike Corbett of the Pirates hit a home run in the 5th inning after Tom Cameron had singled, scoring both the Pirates runs.

The remainder of the games last week were marked by considerable weakness in fielding, which often occurs early in the season. The Yanks beat the Phillies 7-3 with Jack Critchfield pitching for the Yanks, in a game where only five hits were contributed, the rest of the scores occuring on errors.

On Friday, May 15, the Reds beat the Tigers in another error-filled game with Jim Parker the winning pitcher and Bob Zurschmiede the loser. Hits were contributed on the winning team by Johnny Keogh and Lee Scott.

In another error-fraught game at Kirby field on Friday, May 15, the Giants were winners over the Indians by a score of 11-2. The Indians got off to an early start with Bill Wengel pitching, scoring two runs in the first inning on hits by Mike Pendy and Doug Schultz, scoring Gary Hicks who had been safe on first on an error. The Giants came back in the 2nd half of the inning on singles by Gary Beaufait, Danny Griffin, Tim Allard, Tom Reinman, a double by Pep Perry and a triple by Tim Wittstock to go ahead by a score of 7-2. The heavy hitting then subsided, except for a double by Timmy Allard in the fourth, but the Giants scored four more runs, largely on errors.

The second week ended with the Red Sox still undefeated, and still in the lead.

GPHS Athletes to Hear Olympic Star and Coach

"Sports Secrets" talks by Hayes Jones, Olympic star hurdler, and E. F. "Bud" Buyer, former head coach of the U. S. Olympic gymnastic team, will headline the Spring Sports Banquet honoring Grosse Pointe High athletes to be held at the school cafeteria next Tuesday evening, May 26, at 6:30 o'clock.

Speaker Bud Buyer will be at Grosse Point High School gym the same afternoon and evening conducting the Nissen Gym Clinic. He is currently director of promotion and advertising for the Nissen Corporation of Cedar Rapids, Iowa. Mr. Buyer was formerly head coach of gymnastics and associate professor of physical education at the University of Chicago.

Hurdler Hayes Jones is the world-famous 24-year-old former Detroit school teacher who now lives in Pontiac. He has gathered a fantastic number of track wins including a third-place bronze medal at the 1960 Rome Olympics. Presently he is an outstanding U. S. contender for this year's Olympic Games in Tokyo.

Dads' Club president Minard Mumaw says that High School Coach of Varsity Track, Jim Curlett, and Baseball Coach Ernest Baner will award letters. Members of the Reserve Track and Baseball Squads have been invited to attend the sports banquet by Reserve Track Coach Tom Gauerke and Fred Woodhams, Reserve Baseball Coach. Tennis Coach Don Zysk will award Tennis Letters.

Recognition of Intra-Murial Sports Winners will be made. Cheerleaders and Sponsor Miss Jeri Mulson will also be honored guests next Tuesday evening.

Mr. Mumaw also pointed out that all expenses for the Spring Sports Banquet to honor Grosse Pointe High athletes are to be paid by donations from parents. Donations will be accepted at the door next Tuesday evening. Generous gifts are needed.

Grosse Pointe's Spring Sports Banquet is the third and final such event for the school year. All the gatherings have been sponsored by the active Dads' Club.

Officers of Grosse Pointe High Dads' Club, according to president Mumaw, are vice-president Ed Bunn, secretary Henry Kinzie, treasurer Frank Banach, who is also Director of Physical Education and Athletics at the High School. Club directors are Don Campbell, who is Assistant Principal; Fred Critchfield, Lane Donovan, Gerry Gerich, High School Principal; Fred Steiner and Dr. Robert Swanson. Five other directors, all new this year, are Warren Anderson, Dr. Robert Clarke, Paul Crook, Alfred Miller and Ellsworth Reynods.

Al fathers and sons in the Grosse Pointe High School area are cordially invited.

Fellows who go around looking for a snap usually get bit.

GPHS '39 Class To Hold Reunion

Where were you at 8:15 on the night of June 15, 1939?

If you were about to take part in commencement exercises at Grosse Pointe High School, a group of your former classmates are looking for you now.

They are members of a reunion committee who are making plans to hold a 25th reunion dinner dance for members of the class of June, 1939.

The committee, under the direction of E. J. Hickey, Pointe clothier, have located 120 members of the class to notify them of the reunion taking place June 27 at the University Club, 1411 East Jefferson.

However neither Hickey nor committee aides have been able to locate the remaining 90 members of the class—in its day the largest to be graduated from the high school.

Former students of the June, 1939 class who haven't learned of the reunion arrangements are asked to contact Hickey at his store, 17140 Kercheval, or other committee members who live in the Pointe. They include: Mrs. Jo Shepherd Batchelor Jr., Robert and Mary Fleming, Todd Fredericks, Robert Lubeck, Donald McConachie, Mrs. Dorothy Thompson Michael, and Mrs. Florence Jackman Zens.

The man who lacks confidence has two strikes against him.

Safety Group Keeps Officers

The present officers of the Grosse Pointe Safety and Traffic Committee were re-elected for another year at the committee's regular monthly meeting held Wednesday, April 29.

Continuing as chairman is Harper Woods Police Chief Allen M. Miglio. Shores Police Chief Fred Duemling is vice-chairman and George E. Measel of the Automobile Club of Michigan is secretary.

In other business, Jim Sendo of the Grosse Pointe High School Driver Training Department told members that his department is preparing for its summer program and expects to train 750 students at Brownell School this summer.

Cpl. F. Simoneau of the State Highway Police reported that the maps of the areas, which are being submitted by the local police chiefs, have been very helpful. These maps show the high accident rate in residential areas such as the exit from the expressway at Vernier road.

The Committee was shown a report that was compiled on traffic surveys on schools which is being sent to all safety officers.

Members of the committee who attended the meeting were; Chief Duemling, Farms Police Chief James Furton; Park Police Chief Arthur Louwers; City Police Chief Andrew C. Teetaert; Russell E. Harrison, Mr. George Measel, Cpl. Simoneau, Joseph Sapgnoli, Leo Szpytek, John L. Trellay, and Chief Miglio.

Guests present were: Ross A. Brink, J. Miglio, Mr. Sendo, C. H. Glosser, Vern Sylvester and John Hinsberg.

Men's Chorus Ends Season

The Grosse Pointe Men's Chorus celebrated the end of its 1963-64 season with its Annual Spring Concert held Friday, May 6 in Fries Auditorium.

The Chorus reports a very satisfactory season under the leadership of Wilbur Bezeau. During this past season, the members entertained at the Annual Ladies' Night Card Party and the Children's Tree Party. In addition, concerts were given at the Salvation Army Eventide Home, Carmel Hall, Luther Haven and the St. James Presbyterian Church.

The organization has been meeting as a singing group for 20 years, rehearsing weekly during the season in the War Memorial building. The membership consists of 30 men but hopes to increase its number for the coming season.

Rehearsals will be resumed in the late summer and dates will be announced in the monthly War Memorial Center bulletin.

Any men in the Grosse Pointe area who are interested in joining the chorus are invited to join the group for the 1964-65 season. The requirements are knowledge of music and a sense of harmony. No audition is necessary.

The officers for the coming year are: president, William M. Watson; vice-president, Howard Lewis; treasurer, John Wadenstierna and secretary, Roy Marshall.

Garden Council Reveals Awards

Brownell Junior High School won first place in the "Cleanest Playground" Contest sponsored by the Grosse Pointe Garden Council during Clean-Up Week. Stevens T. Mason School placed second and Kerby School came in third.

Mrs. P. H. Sutherland, chairman of the contest, presented the winners with white lilac bushes.

The Mens Garden Club of Grosse Pointe were the judges with Harold A. Wiek of Fisher road, as chairman. Those on his committee were Gilbert Douglas, Arthur Shimmin, T. A. DeMaire and Ernie Graham.

Other Judges were Edward Gehrig, Edward Schutte, Alfred Tapert and Arthur Hirt.

Six merit ribbons were also awarded this year. The schools that won these were: Ferry, Pierce Junior High School, Barnes, Monteith and St. Clair de Montefalco. The sixth ribbon was given to the Poupard School because the judges noted that the greatest improvement had been made over last year at that playground.

The Academy of the Sacred Heart received honorable mention because the grounds of that school are an asset to the community and are always kept in perfect condition.

"In general we found all the grounds in better condition than in previous years," said Mr. Wiek. "The Men's Garden Club is happy to perform this service and we sincerely hope that these awards will inspire all the schools to make an effort to win in 1965."

Pierce School Concert May 27

The Pierce Junior High School Music Department will combine the efforts of three choruses, two glee clubs and the orchestra in presenting its annual Spring Concert next Wednesday, May 27, at 8 p.m. in the auditorium.

The orchestra, composed of 80 musically talented students from grades seven, eight and nine presents the first part of the evening's entertainment. Dr. Thomas Moore directs the orchestra in playing Bach's "Chorale-Fugue", "Tournament of Temperaments", "Sinfonia for Strings", "Symphony on Folk Songs'', Goltermann's "Concerts in G. Major" and concluding with "The Happy Wanderer".

Herman Clein, vocal instructor, has trained over 300 students in the five choral groups. Dave Andersen will accompany the seventh grade on the bongos in the number "Fast Freight".

The Girls' Glee Club has three numbers on their agenda, "Think On Me", "He Loves Me" and "Lazy River". The 96 voices composing the eighth grade chorus join in presenting "Early in the Morning", "Softly as the Morning Sunrise" and "Somewhere".

The Boys' Glee Club of 45 will also be accompanied by Dave Andersen's bongos for the numbers "Jamaica Farewell" and "My Little Grass Shack". "After Dark" completes their portion of the concert.

The ninth grade group of 68 has included "If I Had a Hammer", "Ride the Chariot", "Love Makes the World Go Round" and "Liza". Elaine Haddad and Margaret Priest, ninth grade students will be the accompanists for the entire program.

All the choral groups will combine to present the final numbers, "The Lemon Tree" and "America the Beautiful".

Each member of a performing group has tickets to sell. The cost is 50 cents for adults and 25 for children. The tickets may be purchased at the box office on the evening of May 27 prior to the opening of the curtain at 8 p.m.

City to Mail Passes to Park

Starting Monday, May 25, passes to Grosse Pointe City's Norbert Neff Memorial Park will be mailed to City residents who have returned their order forms.

The forms were sent to City residents several weeks ago in an effort by City officials to simplify the distribution of passes.

Those in the City who have not as yet returned the order forms may still do so and the passes will be mailed directly to them.

The park passes may also be obtained by going to the City Police Station.

No more. Not since BONUS made the scene. Dandelions just can't live after BONUS is applied. (Neither can plantain, buckhorn and a raft of other weeds.) And unlike digging them out, BONUS gets the entire plant. Roots and all. *Can't grow back.*

Fertilizes too

That's why it's called BONUS. Each particle contains protein-building food elements. Just what grass needs this time of year to be greener, thicker. Lasts longer too, because BONUS is *Trionized* (a Scotts exclusive).

Awards Revealed At Bon Secours

Three Holden Awards were distributed at the evening session of the Sixteenth Annual Clinic Day at Bon Secours Hospital. The Awards, donated by Mr. and Mrs. James S. Holden, of Washington road, were presented by Dr. Paul Chapman, chairman of the Judges Committee. The other Judges were Dr. Charles E. Lemmon and Dr. Alfred Whittaker.

The first Award of $100 was won by Dr. Glen Straatsma for his original paper "Electrical Conversion of Cardiac Arrhythmias." Dr. H. Roger Netzer was given the second Award of $50 for his paper, "Cardiac Resuscitation—When Should It Be Instituted." The third Award of $25 went to Dr. Victor Parisien for his paper entitled "Surgical Wound Infections."

Announcement was made of the appointment of the James and Lynelle Holden Fellowship for 1964-1965 of Dr. Victor Parisien. Dr. Parisien will devote the year to study and research in Traumatic and Reconstructive Surgery at Bon Secours Hospital. He will be engaged in activities under direction of the Staff and at Wayne State University College of Medicine.

Mr. Holden and other members of the Advisory Board of the hospital joined the doctors for dinner and the evening Scientific Session. The guest speaker was Dr. V. K. Vaitkevicious, Clinical Director of the Detroit Institute of Cancer Research. Dr. Vaitkevicius discussed the results of his investigation of the "Role of White Blood Cells in Tumor Metastasis Formation."

At the afternoon Scientific Session an enthusiastic audience of over 200 doctors and nurses listened intently as members of the Attending Staff and House Staff presented 15 minute reports on their activities in clinical medicine and research.

Dr. A. Jackson Day in describing improved methods of treatment of "Congential Dysplasia of the Hip" urged early diagnosis, within the first four months of life, so that corrective measures could be instituted. He reviewed newer operations for those children who do not respond to conservative measures. The results of this treatment have been increasingly good, reducing the number of crippling deformities of the hip joint in later life.

Dr. Robert Larsen showed methods of repair of injuries on the hand, many of which resulted from accidents with rotary power mowers. He stressed the importance of preserving veins as well as arteries and nerves in reconstruction of the hand and fingers to obtain a useful hand.

Dr. Milton Hoffman presented an analysis of 1000 cases of hemoptysis, coughing up of blood, giving methods of examination and types of treatment of this symptom. He too pointed out the need for early diagnosis.

Dr. Guy Sewell described an interesting and effective procedure for creating a new urinary bladder from a segment of intestine in individuals in whom this structure had been destroyed by disease.

Young Writers' Work Published

"The Student Writer," an educational magazine for teachers and students of creative writing, have notified Anne Van Assche that her short story, "Then Came Kelly," has received second award and a cash prize in the magazine's annual Academy Award Contest.

The short story, first printed in the March issue of the magazine, will appear again in the yearbook edition to be issued in the latter part of May.

Anne, a senior at St. Paul High School, wrote the short story for a class assignment in senior English. Her teacher, Sister Marie Jude, O.P., sent the story to the Student Writer for judging.

Police Arrest Teen Drinkers

Ten Detroit teenage boys were arrested by Woods police on Friday, May 15, and charged with illegal possession of alcoholic beverages. All were released to their parents after posting bond of $50 each, pending a court hearing.

Authorities received a report that a drinking party was in progress at Brys Woods and Helen, in which a number of boys were involved.

Sgt. Jack Mast and Patrolmen Kenneth Carver, Peter Thomas, Robert Lorenz and Donald Schmaltz were sent to the scene, and arrested the youths just as the boys were about to drive away in two automobiles.

The officers said that they found a number of full and empty beer bottles, and two full bottles of wine in the youths' cars, and confiscated the beverages as evidence.

Two Concerts At Brownell

Due to the large number of students participating, Brownell Junior High School will present two vocal and orchestral concerts this week in the Parcells auditorium. Over 450 students will sing in the choruses under the direction of John Tousley, while 60 others will perform instrumental numbers under the baton of Dewey D. Kalember.

Beginning at eight o'clock on Thursday evening, May 21, and Friday, May 22, the choruses will combine with the orchestra to open the program each evening with "Highlights from West Side Story." Other numbers, which will be identical in both concerts, include Paul Weston's "Bells of Santa Ynez," to be accompanied by Lisa Bowers and the percussion division of the orchestra and the concluding feature, a new and inspiring version of "America the Beautiful," entitled "From Sea to Shining Sea" by Whitney.

The full orchestra will play several additional selections each evening, one of the most challenging being Corelli's "Concertata."

Little League

FARMS

Monday, May 11, was a day of heavy hitting in the Farms Little League's major games. At the High School field the Phillies beat the Indians by a score of 13-4 behind the pitching of Bob Kulka. The Phillies heavy hitters were Mike Duika with a home run, Bob Kulka with a home run, Hank Chase, Joel Caskey and Kelly Farr, each with doubles. This game kept the Phillies in a tie for second place, having won three games and losing one.

At the other field on Monday the Giants beat the Tigers by a score of 20-2, with Ronnie Trefzer and Gary Beaufait doing the pitching for the winners. Heavy hitting for the Giants included a home run by Pep Perry, home run by Tom Reinman, triple by Chris Pendy, and doubles by Tim Allard, Reinman, Perry, and Don Fromm. The Giants' rookies, Jon Motschll, Chris Pendy and Charley Perry also hit well. John Fountain and Ed Moran pitched for the losers, and Jim Hoffman, Mark Tocco, and Dick Hudson hit well for the Tigers.

On Tuesday, May 12, the heavy hitting continued during the game between the Reds and the Pirates, the Reds winning that one by 13-4. Van Conway pitched for the Reds, and Max Gardener hit a home run with doubles by Jim Buda and Jim Parker. Singles were hit by Greg Messacar, Dave Newhouse, Johnny Keogh, Sandy Turner, and Bob Truba. For the Pirates Baron Munchausen hit a grand slam home run to score all their runs.

At the other field on Tuesday, May 12, the Red Sox held their lead in the League by a close one over the Yankees, 4-3, with Jim Van Eman and Charley Williams pitching for the Red Sox. Red Sox had hitting by Gordon Piche with a double and a home run by Bill Roberts in the early innings. The Yankees tied the game up in the fifth inning on hitting by Glen Hillger, who pitched the entire game, Bart Gmeiner and Jack Critchfield, plus a base on balls and passed balls. However, Bill Roberts broke the game open with a winning homer in the sixth inning.

On Thursday, May 14, the League leading Red Sox won another game, this time over the Pirates 7-2. Bill Roberts was the winning pitcher with Baron Munchausen pitching for the losers. Gordon Piche contributed a home run and Jim Van Eman batted three for four including a double. Pitcher Roberts had a home run in the 6th inning, his second solo home run in two games in the 6th inning. Mike Corbett of the Pirates hit a home run in the 5th inning after Tom Cameron had singled, scoring both the Pirates runs.

The remainder of the games last week were marked by considerable weakness in fielding, which often occurs early in the season. The Yanks beat the Phillies 7-3 with Jack Critchfield pitching for the Yanks, in a game where only five hits were contributed, the rest of the scores occuring on errors.

On Friday, May 15, the Reds beat the Tigers in another error-filled game with Jim Parker the winning pitcher and Bob Zurschmiede the loser. Hits were contributed on the winning team by Johnny Keogh and Lee Scott.

In another error-fraught game at Kirby field on Friday, May 15, the Giants were winners over the Indians by a score of 11-2. The Indians got off to an early start with Bill Wengel pitching, scoring two runs in the first inning on hits by Mike Pendy and Doug Schultz, scoring Gary Hicks who had been safe on first on an error. The Giants came back in the 2nd half of the inning on singles by Gary Beaufait, Danny Griffin, Tim Allard, Tom Reinman, a double by Pep Perry and a triple by Tim Wittstock to go ahead by a score of 7-2. The heavy hitting then subsided, except for a double by Timmy Allard in the fourth, but the Giants scored four more runs, largely on errors.

The second week ended with the Red Sox still undefeated, and still in the lead.

The Giants' rookies, Jon Motschll, Chris Pendy and Charley Perry also hit well. John Fountain and Ed Moran pitched for the losers, and Jim Hoffman, Mark Tocco, and Dick Hudson hit well for the Tigers.

On Tuesday, May 12, the heavy hitting continued during the game between the Reds and the Pirates, the Reds winning that one by 13-4. Van Conway pitched for the Reds, and Max Gardener hit a home run with doubles by Jim Buda and Jim Parker. Singles were hit by Greg Messacar, Dave Newhouse, Johnny Keogh, Sandy Turner, and Bob Truba. For the Pirates Baron Munchausen hit a grand slam home run to score all their runs.

At the other field on Tuesday, May 12, the Red Sox held their lead in the League by a close one over the Yankees, 4-3, with Jim Van Eman and Charley Williams pitching for the Red Sox. Red Sox had hitting by Gordon Piche with a double and a home run by Bill Roberts in the early innings. The Yankees tied the game up in the fifth inning on hitting by Glen Hillger, who pitched the entire game. Bart Gmeiner and Jack Critchfield, plus a base on balls and passed balls. However, Bill Roberts broke the game open with a winning homer in the sixth inning.

On Thursday, May 14, the League leading Red Sox won another game, this time over the Pirates 7-2. Bill Roberts was the winning pitcher with Baron Munchausen pitching for the losers. Gordon Piche contributed a home run and Jim Van Eman batted three for four including a double. Pitcher Roberts had a home run in the 6th inning, his second solo home run in two games in the 6th inning. Mike Corbett of the Pirates hit a home run in the 5th inning after Tom Cameron had singled, scoring both the Pirates runs.

The remainder of the games last week were marked by considerable weakness in fielding, which often occurs early in the season. The Yanks beat the Phillies 7-3 with Jack Critchfield pitching for the Yanks, in a game where only five hits were contributed, the rest of the scores occuring on errors.

On Friday, May 15, the Reds beat the Tigers in another error-filled game with Jim Parker the winning pitcher and Bob Zurschmiede the loser. Hits were contributed on the winning team by Johnny Keogh and Lee Scott.

In another error-fraught game at Kirby field on Friday, May 15, the Giants were winners over the Indians by a score of 11-2. The Indians got off to an early start with Bill Wengel pitching, scoring two runs in the first inning on hits by Mike Pendy and Doug Schultz, scoring Gary Hicks who had been safe on first on an error. The Giants came back in the 2nd half of the inning on singles by Gary Beaufait, Danny Griffin, Tim Allard, Tom Reinman, a double by Pep Perry and a triple by Tim Wittstock to go ahead by a score of 7-2. The heavy hitting then subsided, except for a double by Timmy Allard in the fourth, but the Giants scored four more runs, largely on errors.

The second week ended with the Red Sox still undefeated, and still in the lead.

San Diego's losing streak was extended one more game Tuesday, May 12, as Denver won 24 to 5. Tom Anton was the winning pitcher with hitting help from Tom Baggott, a homer; Bill Luchsinger, a home-run and a double, and Russ Wells, a double.

Portland lost their first game Friday in a "Comedy of Errors" to Seattle, 8 to 3, with all of Seattle's runs being unearned due to 17 errors by Portland. Moran pitched for Seattle. Mike Mageau got a triple and Doug Ruthven a double for the winners while Voight had a homer for the losers.

CLASS C

In a real good game Monday, May 11, Syracuse squeaked by Richmond as John Hyde bunted in the only run of the game with two out in the last half of the sixth inning. John Sandrock got the win while Randy Barker got a double for the losers.

Miami's losing streak continued Tuesday, May 12, as Buffalo outscored them 14 to 7, with Whims the winning pitcher. Buffalo got 2 homeruns from Thad Galvin and a double from John Truba while M. Ambrogio had a double for Miami.

In a real pitchers battle Thursday, May 14, Rochester remained undefeated and handed Syracuse their first defeat 2 to 0. Tom McGraw (3 innings) got the win as he and Bob Wiley (3 innings) gave up only one hit and struck out 17. The losing pitcher, Leo Merta, allowed 5 hits and struck out 16. Since these games are only six innings, this means only 3 outs of a possible 36 were not strikeouts. This is really some pitching. Reinman of Rochester got the only extra base hit — a homerun.

Rain and wet grounds cancelled games on Wednesday and Saturday.

WOODS - SHORES
By Mel Snyder

The Woods - Shores Little League's biggest season got into full swing this week, with the largest roster of players in its history making up 46 full teams in five leagues. A few games were not played or were called off because of rain but almost every team made one or more starts.

Don Leahy, president of the Woods-Shores Little League, stated that the attendance was exceptionally good at all playing fields with parents, relatives, teachers and friends turning out for the fun and excitement of the opening week games.

Werner Lueckhoff, vice-president of the league, said, "We probably had our biggest opening day parade and ceremonies at Ghesquiere Park this year due to the outstanding planning and work of Don Wood and Dar O'Brien who handled all the arrangements."

Here are the standings at the end of this first week:

The Braves got by the Giants 5-4 as Mike Pastor hit two home runs and pitcher Larry Griffin had three hits in three times at bat, while Giants outhit the Red Legs 11-8 with Bill Schleicher getting two home runs and batting six runs for the cause as Brian Walch and Gary Bennett handled the pitching chores.

The Phillies and the Reds helped open the 1964 season with the Phillies winning 8-5. Keith Sorgeloos pitched all the way for the Phils striking out 13 batters and walking none. Jm Shelton was the starting and losing pitcher and also hurling for the Reds were Stitzel, Jensen, and Mark Toolin. The Reds' Bertelsen really cleared the fence with a long home run. The Phillies won their second game as they defeated the Cubs 3-0 as they were paced by the batting of Terry Lynch and the pitching of Robert David, who held the Cubs to three hits while striking out 12 batters. Rick Woodbury and Keith Sorgeloos also delivered key Phillies hits. Mike Thompson and Rick Zaranek pitched for the Cubs as Todd Kaufman, Tom Herron and Bill Thompson collected the three Cubs hits.

Rochester's Bob Haas and Dan Holmes split the pitching duties. Later in the week Miami and Columbus played to a tie game after Mike Stevens had hit two home runs for Miami as Swor, Abbott and De Coster pitched and Jim Stitzel also had a long triple. Rick Walker pitched a good game for Columbus and it will all be played over as the umpire called the game on account of darkness after the regulation innings had been played. Pat Hughes helped keep Hollywood on top of the league with a fine shut out against Richmond.

Collegiate League

As the Collegiate League got under way this week with the youngest baseball players in the Woods-Shores Little League having fun while learning the game, Floyd Charley announced the roster of managers for the coming season; they are as follows: Buckeyes, Charles Frohman; Wildcats, Hazen VanVliet; Lions, Herb Stieger; Hawkeyes, Earl Vernier; Badgers, Joe Duster; Wolverines, Bob Scully; Hoosiers, Ralph Blohm; Bears, Jin Dixon; Gophers, Lee Elsey; Spartans, Jerry Brys.

The Cards continued their hitting spree with a convincing 14 to 0 victory over a highly rated Cub team at the Neighborhood Club field on Tuesday, May 12.

Dave Peterson pitched all the way for the Cardinals, allowing only two hits, while striking out eight and walking only one batter. Chris Thuman, Tom Reghanti and John Donnelly toiled on the mound for the Cubs, and a large number of walks combined with the Cards heavy hitting, especially by Sandy Sides, Ernie Schmatz, Keith Cunningham, Dave McLeod, and Dave Ricca, sealed the issue for the Cards. Dave McLeod and Ernie Schmatz in the field, turned in several sparkling plays to back up Peterson's fine performance. Kevin Dean and John Donnelly looked good in the field for the Cubs.

Thursday, May 14, the Cubs battered the Dodgers 12 to 2.

Both starting pitchers — Kevin Drean for the Cubs and Ralph Di Domenico for the Dodgers went the route, Drean allowing eight hits, striking out six and giving up three walks; Di Domenico allowed nine hits, struck out nine and walked four.

The Dodgers committed six errors afield, and this, coupled with Drean's effective clutch pitching, made the difference.

Gene Whitely, with three solid hits, and Tom Reghanti with two, were the mainstays of the Cub attack. The Dodgers, notwithstanding their momentary lapses of poor fielding, display signs of becoming an effective ball club. Ernie Calcat hit the first home run of the season and also contributed a single to the Dodger attack. Jack Chapel and Jack Spiess each had two hits.

Last year's champion Indians continue to lead the league with four victories this week. Opening day found the Indians defeating the second place Yankees 8-7 in the final inning. The win went to Dan O'Keefe as they came back in the sixth to win. Kevin Bolton, the Yankee pitcher contributed a home run and double and his brother Jimmy doubled.

Rick Mahon pitched a one hitter, the second win 2-1 over the Senators. Bill Hemovick received the only hit — a home run for the Senators. Doubles by Rick Mahon and Ed Albert accounted for the Indians' runs. Craig Pemberton of the Senators caught a ball at the fence and robbed Brian Kinsley of another Indian run.

The Indians next defeated the Athletics 7-3. Bill Ehrlich of the A's belted a home run and single and Dave Young a double but Indian Brian MacLean's double and single and Dave Woodrow's two singles and home run won another for the Indians.

Dannie O'Keefe led the Indians to their fourth victory 9-1 over the Orioles. He pitched a one hitter, and struck out 12. Hank Schmidt doubled to spoil his no-hitter. Rick Mahon got 3 hits, 3 runs. Tim Fradenock and Dave Woodrow doubled and accounted for the Indians' runs.

The Yankees bounded back from their Indian defeat with 3 wins over the Orioles 3-1, White Sox, 10-9, and Athletics 16-4. Jim Bolton received the win over the Orioles and along with Jerry Sullivan, doubled to reinforce the win. Dale Hafer doubled for the Orioles but to no avail. The White Sox put up a valiant fight over the hard hitting Yankees with a home run by Chris Badger, triples by Mike O'Conell and Jim Wescott, and a double and 2 singles by pitcher Dave Wible, but could not beat a double play and doubles by Yankees Humphrey Abrignani, Jack Gardner, Jim Owens, and Kevin Bolton plus 2 singles. Charlie Howe pitched the winner for the Yankees.

The Yankees next met the A's with Kevin Bolton pitching a 16-4 win. Kevin doubled and homered for his team and Charlie Howe homered and Jim Owen doubled and singled to add up the score. Four pitchers for the A's walked 11 men in 4½ innings, when the game was called.

The A's opened the week with a 5-4 victory over the Senators with Bill Ehrlich on the mound. Steve Maun pitched the first three innings allowing no hits and hitting two home runs. Ehrlich scored the winning run on a home run in the fifth inning following Maun's 3-run homer. The A's next met the White Sox in a 9-3 victory for Bill Ehrlich. White Sox Dave Wible and Chris Badger homered but could not beat the rolling A's.

The hard hitting White Sox defeated the Orioles 12-2 with Beattie Bailey pitching and homering with teammates Mike O'Connell and Gary Verkeyn doubling. Dave Kennel doubled and homered for the Orioles. The White Sox next defeated the Senators 11 to 9 with Gary Verkeyn pitching and getting two hits. Mike O'Connell received three hits, and Beattie Bailey two. Rick Anderman hit two for the Senators.

The Senators came back to defeat the Orioles 20 to 11 with Bruce Balck pitching the win and homering for his team. Bill Hemovich got three hits, Orioles Dale Hafer got two hits, Dave Kennel three, Ireland doubled, Schmidt hit two, M. Hafer hit three—two doubles and a single, Zakem singled and doubled and Schumaker homered but the Orioles could not pull a win this week—13 walks did not help their hitting spree.

American League Minors

Army won 7-5 over Wisconsin and 18-9 over Purdue to lead the minors this week. Bill Fountain of Army doubled as did Frank Soullier and Vern Cassin of Wisconsin. Their second game against Michigan ended in a tie—with Paul Oliver of Michigan homering for Michigan, reinforced by triples by Teddy Kurtz and W. Terrace. Against Purdue, J. Louisell led Army to a 18-9 victory, Jim Mann got four for four, Pete Morgan a home run and two singles, and a double by Eppinga. Tekelman of Purdue hit 4 for 4.

Wisconsin defeated Purdue 20-3 and MSU 4-3. Comlassy pitched the latter win and hit a double with Don Goldman of MSU also doubling.

Ohio State defeated Purdue 18-6 with Madison pitching the win. Ted Stedman of OSU got 3 hits and Rick Ripper of Purdue 3 hits.

Dave Oliver pitched the Michigan win over MSU 5-2 but MSU returned to win 11-3 over OSU later in the week. Chet Brown of MSU pitched and Bob Cone and Bill Horvath each got 2 hits. OSU's Nick Di Santi got 2 hits and Alan Werneken a double.

The first week of play in the National League finds the Red Legs leading the league with three wins and no losses. Opening day, Joe Jaglois pitched his team to a 8-2 victory over the Cards. Joe's double plus Ron La Courciere's single, double, and homerun, two hits by John Thomas, John Tompkins and Mark Jenkings, and two double plays started by Treanore assured his victory and provided an exciting game. Two doubles by Tom Stack and Doug Maxwell brought in the Cards' two runs.

Tuesday the Reds faced last year's Pennant winning Dodgers and Jim Treanore led his team to a 4-3 victory. A home run by Red Fred Rohn and Dodger Allan Russell brought a tied sixth inning. A double play by Red Ron La Courciere to Jaglois and an error by the Dodgers gave the game to the Reds as Joe Jaglois came in in the sixth with the winning run.

Joe Jaglois struck out thirteen men to lead the Reds to their third victory of the week over the Pirates. The game was sparked by a home run by John Thomas.

The Cards' two victories came after a bitter defeat by the Reds opening day. Doug Maxwell gets credit for the 12-3 win over the Giants plus credit for a double and home run — reinforced by his teammate's George Saad's double. George Saad pitched the second victory against the Braves with a score of 9-1. Mike Getz hit three for four and Marty Elmer two doubles to reinforce Maxwell's one hitter—a single by Doug Prinz in the fourth inning.

The Giants lined up their first victory 10-0 by Skip Lauth pitching a no-hitter opening day against the Braves. Lauth struck out sixteen batters and doubled with Don Palazola tripling for the Giants. The Giants second victory goes to Tom Dimond over the Dodgers 11-6. Although Dodgers Johnny Bell, and Alan Russell each got two good hits, Giants Tom Dimonds' three hits, Lauth's three hits and Addison's double could not be matched by the Dodgers.

Rich, Rich Grosse Pointe--II

By LYNN ZWICKEY
Men's Garden Club of Grosse Pointe

"The first thing one notices about Grosse Pointe is its abundance of fine old trees." Stephen Birmingham: Rich, Rich Grosse Pointe, in Holiday Magazine, May, 1964.

Mr. Birmingham didn't enlarge very much on this point. He did mention "live oaks," which we do not have, but we do well enough without.

As a point about the Pointes, it is well taken, and can indeed stand a great deal of enlargement. We have a splendid lot of trees, of a vast variety of kinds, and a good many other riches besides.

In winter our streets are softened with the persistent green of pine and spruce and juniper and yew. Cardinal and bluejay, junco and chickadee, stay to cheer us through the white months. Christmas roses and snowdrops poke through the snow in our gardens.

In March, following close of the last thaws of winter, patches of crocus and chionodoxa and snowdrop and winter aconite initiate the glorious kaleidoscope of Grosse Pointe spring. Mallards skirt our shores; early robins return, and migrant redwings whistle in our trees.

In April, the crowns of our elms turn olive with their millions of tiny flowers, and our maples sprout balls of chartreuse blossoms. Siberian squill brings the first blue to our borders; bloodroot and hepatica are chief delights of our wild-flower gardeners, and yellow flame of forsythia blazes everywhere. Teal and tern are back again at the lakeshore. Martins return to their apartments from a southern winter. Chimney swifts with their odd wobbling flight enliven the sky at dusk, and house sparrows are startled by influx of thousands of migrant white-throated and white-crowned cousins.

In May, the glory of our insect-pollinated trees is at its peak. Japanese cherry, pear and peach and crab, saucer and star magnolia, vie in exuberant succession for our dazed attention. The leguminous Judas tree presents its startling blue-pink masses of flowers. Narcissus and primrose, lilac and rhododendron and wisteria, hyacinth and tulip, the exquisitely-scented lily-of-the-valley, the lowly buttercup, hepatica, trillium, grape hyacinth — these are a meager sampling of the lush floral catalogue of May in Grosse Pointe.

May is the month, too, when migrant warblers of a dozen species stop in to visit our "rich, rich" villages. Nighthawks return to nest on the roofs of hospitals and theaters. And hummingbirds buzz over the red tubes of honeysuckle.

In June, there are roses and iris; in July, phlox and myriad annuals; in August more annuals and Michaelmas daisies; in September, Japanese anemones and chrysanthemums.

In October, liquidamber, red maple, sugar maple and sour gum give red and orange complement to the gold of poplar and birch.

We are rich indeed in Grosse Pointe.

But not in our glorious array of plants and of birds only. We are rich in people, too: the people who design the gardens, who plant the trees, who turn the earth, who trim the lawns, who sell the tools and the annuals, and the fertilizers — who watch and feed the birds, who, in myriad small ways, share the job of making the Pointes a beautiful community.

Letters to the Editor

May 15, 1964
TO THE HONORABLE MAYOR AND COUNCILMEN OF THE CITY OF GROSSE POINTE:
cc. Grosse Pointe News.

I have in my possession a copy of the plan for development, redevelopment and improvement of the City of Grosse Pointe prepared by Scott Bagby and Associates I have been giving the facts they list, the analyses they make, and the plans they propose serious study and careful consideration. Mr. Cantwell, City Manager, has informed me that the Council is now engaged in weighing the wisdom of enacting the ordinances necessary to give effect to the plan proposed.

I am primarily concerned, as most citizens should be, with the Zoning Map and the Planning Map contained in the Bagby Report, and the necessary amendments to the existing Zoning Ordinance.

The City of Grosse Pointe has employed a succession of Architects, Civil Engineers and City Planners and Consultants, beginning with Mr. Glen T. Phillips in 1927 when the first zoning ordinance was enacted by the Village of Grosse Pointe, followed by the employment of Mr. George G. Ross, Landscape Architect and City Planner, of Ann Arbor, in 1951, 1952 and 1953, Mason L. Brown and Son, of Detroit in 1956, and now, Scott Bagby and Associates. As a result of the plans they proposed, adopted by previous Village and City administrations through upwards of 21 amendments to Ordinance No. 12, originally enacted October 28, 1927, the City of Grosse Pointe has the only intermixture of two family and multiple dwelling units in its home areas found within the Grosse Pointes.

The district bounded by Cadieux, Jefferson, Neff and Mack Avenue has been made a problem child, the result of past and present patch-work planning to meet the needs of the moment with little or no evidence whatever of any genuine foresight or serious study having ever been exercised.

Each succeeding City Planner has proven barren of any actual lasting solution. None appear to have made any serious study of what has happened and what is actually happening in other cities such as neighboring Detroit, Chicago, Cleveland, New York, Philadelphia, Houston, Los Angeles and Honolulu, and the areas immediately adjacent to such cities, because of the pressures created by an ever growing urbanized population. They have made the City of Grosse Pointe a stagnant pool in an area of great activity and promise. The population of the City of Grosse Pointe has increased only 7% in 20 years compared with the Grosse Pointe community increase of 86%. Of its 2,294 dwelling units approximately 1,837 were built before World War II.

How have all of the aforesaid cities turned problem areas into beautiful, modern, attractive assets? They have adopted realistic policies which attract and encourage private capital to profitably undertake modern development of such problem areas.

The continued efforts of successive City Planners to retain outmoded zoning restrictions on the aforesaid district, and make it a distorted conglomeration of local business, municipal parking areas, two small one family districts, two family areas and terrace districts is of questionable validity. It is now well established that municipalities must hereafter avoid overzealous zoning and permit the least restricted use of land which is at all compatible with the interests of the neighborhood and the general public. No one knows how many "wrong" district cases have been resolved by zoning amendments without court action or how many rezonings were accomplished in the circuit courts, but an examination of the ten cases decided by the Supreme Court of the State of Michigan since October 10, 1961 shows nine were decided adversely to the zoning.

The entire Cadieux, Jefferson, Neff, Mack district should be realistically zoned for multiple dwellings and terraces. Private capital would then solve the problem of older homes and undersized lots in the district as in the case of the present attractive development at Cadieux, St. Paul and Notre Dame. The problem of future traffic congestion is negatived by the proposed street plan for new major streets

The location of the City of Grosse Pointe in relation to beautiful Lake St. Clair is a key advantage, which will unquestionably forever add to its prestige as a good place to live. There is something in the nature of men which responds with a thrill of pleasure to a view of a beautiful lake. Its convenient nearness to Detroit and its accessibility to other sections of the entire Detroit Metropolitan Area are other important assets. The survey recently completed by the Detroit Edison Company, the Michigan Bell Telephone Company and the Michigan Consolidated Gas Company is leading those companies to spend nearly one billion dollars on improvements and expansion of service facilities designed to serve an expected population of 8.5 million persons in the next five to six years.

The City of Grosse Pointe must realize that as the population of Detroit increases, more and more people will be demanding, and will be entitled to a place to live with its area. Sooner or later the City of Grosse Pointe will have to seriously consider the use of its limited land and the question of more multiple dwelling units or terraces in the aforesaid district, which is already mainly dedicated to that type of building. In our day, change is inevitable. As has happened in Detroit and the other cities mentioned, the City of Grosse Pointe may soon also be required to permit the introduction of high-rise apartments in certain areas near Lake St. Clair.

The City of Grosse Pointe must seriously consider the fact that the last decade has witnessed the development of a tremenduous interest in recreational problems, accompanied by a growing conviction that to most people the need for recreation is almost as important as the need for food and shelter.

Detroit extends eastward along Mack Avenue to Harper Woods, a point, which on Lake St. Clair is near the Grosse Pointe Shores westward boundary. Upwards of 500,000 people living in the Eastern reaches of Detroit alone are now effectively blocked away from Lake St. Clair by the shore homes of a relatively few individuals. Even the numerous residents themselves of all Grosse Pointe communities have extremely limited access to this beautiful lake. We all know this to be true, and we instinctively sense that it is wrong, and we also know that the few who now occupy the extended lake shore will not be permitted to forever retard the development and extension of this land and bar a great urban population from the unrestricted use of an adjacent lake shore.

It is a great mistake for the City of Grosse Pointe to permit the larger estate areas south of Jefferson Avenue to be subdivided into smaller homesites without purchasing, or reserving the lake frontage for municipal purposes. This is of paramount importance, because upwards of 1,100 acres of submerged land owned by the State of Michigan, now covered by water between one and six feet deep, now exists off its shore out to the U.S Harbor Line, and the U.S. Government is presently in desperate need of an area to dump the soil it must continuously excavate from the ship channel a short distance away. How long is the creation of a new State Park on the shore of Lake St. Clair away?

Has our latest City Planning Consultant considered the aforesaid facts and their clear import? It does not appear from their Report that they have done so.

Yours sincerely,
August F. Brandt,
363 St. Clair Avenue

What Goes On at Your Library

By Virginia Leonard

Our Special Collections in the Friends Room of the Central Library holds many attractions. One of the most interesting, to me, is our constantly-growing group of books written by local authors. Let me give you a random sampling of some of the books and authors who are represented thus far.

The range of subject matter and types is great. We can start off, for example, with Henry Warren Dunham's two titles: THE CULTURE OF THE STATE MENTAL HOSPITAL (co-authored with S. K. Weinberg) and SOCIOLOGICAL THEORY AND MENTAL DISORDER, and then mention in almost the same breath the latest acquisition—a slim, paper-bound volume of poems, in French, by Eleanor W. Mayer: CELA NE RIME A RIEN.

Another fairly new title is Candy Geer's SIX WHITE HORSES—a book which has gained its teen-ager author national fame, and has been a best seller here in Detroit.

Juvenile books are represented by writers such as Elizabeth Mizner, Mrs. Carolyn Lucas and Josephine Pease. I'm sure that most of our young fry are acquainted with THE COURAGE OF BETHEA, NORTH WINDS BLOW FREE or PEDDLER'S GIRL (to illustrate the writings of the first-named author). RHYMES FOR ROBIN and THIS IS OUR LAND are also favorites for children's fare. And let us not forget Josephine Wunsch's most enjoyable FLYING SKIS, which alphabetically is shelved last but is doubtless first for many a youngster.

The current president of the Friends of the Grosse Pointe Public Library has written a book—did you know? Yes indeed, we have a copy of William Newnan's ESCAPE IN ITALY on our Grosse Pointe Authors shelf. Another most eminent person of Grosse Point Pointe is represented by his A TEACHER IS A PERSON. We refer, of course, to Dr. Charles H. Wilson, our own Superintendent of the Grosse Pointe Public School System. We only hope you enjoyed reading it as much as we did.

Certain of our authors represented are, regretfully deceased. This is the case with Mrs. Marcelline Sanford, but we are so grateful to have her AT THE HEMINGWAYS as a sort of legacy and reminder of her personality and ability.

We also have a fine collection of almost all of Isabella Holt Finnie's works. Such titles as AUNT JESSIE, MIDPOINT, MY SON AND HEIR and RAMPOLE PLACE should strike a familiar note. She is also known as a children's author with her ADVENTURES OF RINALDO.

There are other notables to list. We have Marshall Jameson's HELPING YOUR CHILD SUCCEED IN ELEMENTARY SCHOOL; Dr. Alfred H. Whittaker's OCCUPATIONAL HEALTH IN AMERICA (with Henry B. Selleck as co-author); Alfred von Niezychowski's THE CRUISE OF THE KRONPRINZ WILHELM, Mrs. Helen Sherman's THE CHALLENGE OF BEING A WOMAN. Mrs. Elizabeth Herbert has two to her credit: SOLD FOR A SONG, and HAPPY SINNER.

Some time ago a phone call from Mr. Irvin Long informed us that he had just written a new book: EXPLORING THE LOIRE CHATEAUX, and so this new title was added. This illustration we use to point out the difficulty of reaching all Grosse Pointe authors. Sometimes it is a phone call, sometimes a newspaper clipping, sometimes the recollections of a friend; but we are well aware that not every local writer has been contacted or included on our shelf of books.

Also, sometimes, as in the case of Jay McCormick, it is impossible to obtain a certain author's books because they are out of print. And so we wish you would contact us if you know of a Grosse Pointe writer whom we have overlooked. It is certainly not intentional as we want our holdings to be as comprehensive as possible.

In most cases, the volumes we have obtained for our Collection are autographed. Also almost all of them are duplicated in the regular circulating books from the general collection of our Libraries. We invite you all to come in and see this material—it may even inspire you to write a book yourself!

Although we realize that by the time this appears in print, Michigan Week will be about half over, we do want to pay our respects to this period which began May 17. Michigan is a fine state—I'm sure we all know this, but it is always good to set aside one period of time to draw this fact to everyone's attention. And so all hail to our State—long may she prosper!

One up, but two down

By FRED KOPP, R.Ph.

When a brand new drug is introduced, its price is usually high. That's because initial sales may be low, and the price must cover production costs—which are generally as high for small quantities as for big quantities. But once many doctors begin writing prescriptions, the manufacturer steps up production . . . and is thus able to bring the price down. A survey in our own store shows that, in the past 10 years, for every drug that rose in price because raw materials or labor costs went up, two came down in price because demand increased. That's why we say . . . **Today's prescription is the biggest bargain in history**

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Spring is The Pointe's most beautiful season, with full foliaged, newly-green trees arching the streets of our town and flowers glimmering in front lawns, back yards and gardens.

Nine of The Pointe's outstanding gardens will be opened to the public this Saturday and Sunday, May 23 and 24, from 1 to 6 o'clock, for the annual pilgrimage sponsored by the Detroit Garden Center.

Included in the tour, (gardens are listed in the order in which they should be visited), are the gardens of Mr. and Mrs. Harry Elkins, of Westchester road, featuring Spring bulbs, wild flowers, native orchids, ferns, primroses and unusual trillium, flowering trees of Kousa Dogwood, Amelanchier and Laburnum, and lovely tree peonies.

Bruce Winkworth, of Grand Marais boulevard, has added a terrace with seat-walls, pool, rose garden and paths, changing his yard into a garden; and Mr. and Mrs. B. F. Trail, of McKinley place, show how an ordinary shady back yard can be given old world charm with the addition of a few sections of wall, a raised terrace and other outside features.

Interesting grouping of brick and stone paving are used to create outside living space at the Lakeshore road home of Mr. and Mrs. Gerard R. Slattery, whose garden seems to "float" into Lake St. Clair.

* * *

The Kenwood road garden of Mr. and Mrs. Alvan Macauley, Jr., is delightfully informal, with its paved stone terrace and low ivy covered wall, featuring lovely lead figures of the Four Seasons, and a flagstone walk leading to a small, exquisite woodland path flanked by handsome rhododendrons and shrubs.

Mr. and Mrs. Lowrey Kammer's garden, in Lothrop road, is an all-inclusive outdoor living space, containing terraces, swimming pool, pool house, walls and fireplace. Mr. and Mrs. J. Gordon Hill, of Cloverly road, have a multi-level garden, with pools, fountains and waterfall, a raised terrace, roses and beautiful Spring bulbs.

A large glass walled living room opens onto a flagstone terrace and garden at the Oxford road home of Mr. and Mrs. Paul Marco, while Dr. and Mrs. Clifford D. Benson, of Renaud road, feature a vine covered sunken garden leading from their recreation room, plus a rear garden with a brick patio, open walls and small fountain.

Hostesses for the two day tour, all ladies belonging to local garden clubs, under the chairmanship of Mrs. Albert Law, include Mrs. J. E. McCaughey, general Pilgrimage chairman; Mrs. Elmore Frank, general Garden chairman; Mrs. C. L. Cardwell, Mrs. Charles Brownell, Mrs. William Nixon and Mrs. Reino Harkonen.

Others are Mrs. Charles Pollock, Mrs. Melvin Huffacker, Mrs. John Herrmann, Mrs. Leland Carter, Mrs.

Thirty guests, the bride-elect's close friends, family and neighbors, gathered at "The Chimney," where all entertaining rooms were decorated with huge bouquets of purple and white French lilacs, with accents of pale yellow tulips.

There were smaller bouquets of purple, white and yellow pansies, and a floral centerpiece on the buffet table, fashioned of al, white flowers, French lilac, mock orange, lilies of the valley and tulips, flanked by tall silver candelabra.

A special decorative feature was the lovely table fountain in aqua and white porcelain, with a central figure, Cupid, in white bisque, echoing the sound of falling water from the fountain in the entry courtyard.

As always when the Callaways entertain, the handsome chimney, outstanding architectural feature of their house, towering into the tree tops, was dramatically spotlighted.

Linda Denton Says Vows To Mr. Cross

Reception At Country Club of Detroit Follows Saturday Ceremony In Christ Church; Pair To Live In Anita Avenue

Linda Louise Denton, daughter of Mr. and Mrs. Leet Mars Denton, of Oxford road, chose a gown of heirloom lace over antique ivory satin for her wedding Saturday, in Christ Church, Grosse Pointe, to Milton Osgood Cross, III.

The Reverend Erville Maynard officiated at the afternoon ceremony, which was followed by a reception at the Country Club of Detroit.

Mrs. Eugene F. Wambold, Jr., was her sister's matron of honor. Bridesmaids were Judith Baldwin, Donna Woodruff, Krystyn Glancy, Gail Cross, the bridegroom's sister, Mrs. C. Hazen Pingree and Mrs. W. Mott Hupfel, of Wilmington, Del.

They wore A line dresses of yellow silk shantung, trimmed with white embroidered lace and designed by Lilly Pulitzer of Palm Beach. The honor attendant wore the same dress, in pale green. Their flowers were gold and orange nasturtiums.

Mr. Cross, son of Mr. and Mrs. Milton Osgood Cross, Jr., of Oxford road, asked Edgar Bingham Lincoln, of Marshall, Mich., to serve as his best man.

Ushers were Leet E. Denton, brother of the bride. Eugene F. Wambold, Robert H. Ollison, Denis Burke, Timothy McDermott and C. Hazen Pingree.

tier Hotel, Mrs. Stotts chose a three piece street length silk suit in a dusty rose shade, with pink accessories. Mrs. Longfellow wore a two piece blue dress with pink accessories. Both mothers pinned cymbidium orchids to their handbags.

When the couple left on a wedding trip through Michigan and Ohio, the bride was wearing a dark green suit with beige accessories. The newlyweds will make their home in Harper Woods.

Single Parents Plan Workshop

The Grosse Pointe Parents Without Partners Chapter which meets at the War Memorial is sponsoring a Workshop Conference on May 24 at the Central Methodist Church, 12 East Adams, (on Woodward), Detroit, from 2:30 o'clock to 11 o'clock.

The Pointe PWP Chapter, (as one of the 12 participating Chapters of the Metropolitan Parents Without Partners), is taking an active part in the planning of this First Annual Workshop Conference.

This unique group has been formed in the Metropolitan Detroit area to aid in combating an increasing sociological phenomenon. Some 7,000,000 children in the United States, under the age of 18, are now living in one-parent homes — made incomplete by divorce, separation or death.

In each of these households there is a parent struggling alone with all the normal problems of rearing children plus a host of difficulties caused by singleness.

The single parent in our society is isolated to some degree. They don't seem to fit any of the normal social patterns. They are the self-styled Fifth Wheels of society.

This isolation increases the difficulties of providing a reasonable equivalent of normal life for both themselves and their children. Therefore in the conviction that they can achieve this, and through working together, through the exchange of ideas and through the mutual understanding, help and companionship which they find with one another, the Parents Without Partners organization has been established to further the common welfare of the single parent and the well being of their children.

Men who expect to live to a ripe old age find they must give up about everything that makes them want to.

Group to Hear Talk on India

The Women's Association of the Grosse Pointe Woods Presbyterian Church will meet on May 26 for a salad luncheon at 12:30 p.m. and a program under the direction of Mrs. Allan Bradbury. A short business meeting will precede the program.

Mrs. James R. Donaldson, from Miraj, India, will be the speaker. Mrs. Donaldson, an occupational therapist, and her husband, an orthopedic surgeon, are on the staff of Miraj Medical Center in India.

Born in Weiksien, China, the daughter of missionary parents, Mrs. Donaldson attended the Pyegyang Foreign School in Korea and was graduated from the College of Wooster, Ohio. She served as acting director of the occupational therapy department in the Rehabilitation Clinic of Cleveland.

The Donaldsons were appointed to the Miraj Center in 1951 by the former Board of Foreign Missions of the Presbyterian Church. Her special contribution to the Center has been in the training of occupational therapists, a new profession in India, which is helping to restore hope to many of the country's handicapped. Mrs. Donaldson, in addition to her professional work, is an authoress and has done special work in drama.

The Deborah and Elizabeth Circles will be in charge of the luncheon and reservations must be made before May 24 with Mrs. Kenneth Holsopple, TU 4-1532 or Mrs. Willam Hill, TU 1-0139.

Health Council Meets Monday

The Mothers' Health Council of Grosse Pointe will hold its annual meeting on Monday, May 25, at 1 o'clock at the Hospitality Center in the Village. All members are urged to attend as the election of officers will be held, followed by a "Get Acquainted" tea for the new delegates and current members.

"The Merits of Sodium Fluoride versus Stannous Fluoride in the School Health Program" was the interesting topic of a recent panel presented to the Mothers' Health Council. This Council sponsors the fluoridation program in the local public and private schools.

The panel was moderated by Dr. J. W. Stone, chairman of the Department of Social Dentistry at the University of Detroit, who introduced Miss Dorothy Bedore, instructor in dental hygiene, and Dr. Harvey Beaver, graduate student in pedodontics, both from the University of Detroit.

Dr. Stone said the Council was to be commended for having seen the community problem of dental hygiene and tackling it independently. The truest and best form of public health is the community meeting its own needs. As mothers, we are health and thus the community's health.

He also said that dental decay is the most universally distributed disease, ninety-five percent of the total population of the United States being affected. The process of decay is an involved problem, as men in the dental profession are the first to admit.

This decay can be prevented or inhibited by applications of fluoride which can render the surface of the tooth resistant to decay and reduce this decay by 40 percent. This isn't Utopia but it is better than no treatment at all. Michigan has the most expansive program of fluoride treatment of all the states.

Discussing the merits of sodium fluoride treatment, Miss Bedore explained that there must be four applications of fluoride, given about a week apart, and these must be applied, approximately, at the ages of three, seven, ten and thirteen years.

The obvious advantages are the lower decay rate, the bringing of the child in contact, pleasantly, with dental personnel, no unpleasant taste, no staining of the teeth and no solution preparation is required by the dental personnel. The disadvantages are the greater number of applications required and the fact that sodium fluoride doesn't stop decay already begun.

Dr. Beaver stated the merits of stannous fluoride as requiring only one application every six months and producing a 50 percent reduction in dental caries. The disadvantages are a peculiar taste and an occasional staining of the teeth.

He also mentioned a new treatment — phosphate fluoride —which is still in the experimental stage. This has a very pleasant taste to the child and does not stain the tooth or tissues. It renders the tooth enamel less soluble and thus less susceptible to decay.

This treatment has been available the past year in limited quantities, to the dental profession, but will require three to five years more of research before it can be accepted for public health use. Dental research is also experimenting with a plastic coating to be applied to the tooth as an invisible shield, against decay.

After discussion, it was decided that, at present, sodium fluoride still gives the maximum benefit to the individual child, for the maximum number of children involved in the school program. Dental Chairman Mrs. Russell Bradley said that since September, the Council has supervised the treatment of 1,317 children.

Preserving Pointe Calls for Planning

(Continued from Page 1)

City can handle all necessary through traffic movements. For local needs, the plan shows Charlevoix, from Fisher to Neff, Neff from St. Paul to Mack, St. Clair from Jefferson to Waterloo, Notre Dame from Maumee to Waterloo, Waterloo from Cadieux to Neff, St. Paul from Cadieux to Neff, and Maumee from Cadieux to St. Clair as additional major streets necessary for adequate traffic circulation, Bagby pointed out.

All other streets in the City can and must be designed or redesigned to serve only local neighborhood needs and to keep out all through traffic or by-pass traffic, it was added.

Would Build Divertors

This can be done, the report disclosed, by closing existing streets and by building traffic divertors at key locations. The following suggested street closings, are:

Charlevoix between Grosse Pointe Court to Neff; Waterloo between Neff and Lakeland; Charles between Roosevelt and Washington and later as part of park acquisition; and St. Clair between Charlevoix and Waterloo.

Recommended as street divertors, are: Goethe and Rivard; Goethe and Lincoln; Charlevoix and Notre Dame; Waterloo and University; St. Paul and Neff; St. Paul and Rivard; St. Paul and Lincoln; and Maumee and Lakeland.

In addition, the Associates suggested, the long through movement and by-pass traffic on Washington be eliminated by utilizing the wide right-of-way to develop a 'cul-de-sac south of Waterloo.

The firm further suggested the redesigning of existing neighborhood streets in order to compete on even terms with well-planned new subdivisions. No neighborhood can redesign its streets without City approval and cooperation, the firm added.

Suggests Two Plans

The Associates suggested that the City adopt either a uniform policy of paying for such changes, or offering a partnership arrangement to any group which petitions for street redesign.

Under such a partnership, the neighborhood which desires a street divertor, can petition the City to have the divertor installed. The City can plan and engineer the change, let bids on the job, and either finance the complete change or spread the payments over a period of five years against the benefitted district. It is recommended that the City-at-large pay for such changes, the firm stated.

City participation in such projects is eminently fair since any benefit derived, in terms of preserved home values and neighborhood desirability, is in a very real sense a direct benefit to every taxpayer in the community.

A street divertor, Bagby explained, is a simple, inexpensive yet positive protection against through traffic movements. By extending two curbs diagonally and planting the resulting center strip, there can be no through traffic.

No More Walking

There is no increase in walking distances, and at the most, houses on the protected street might be two blocks further from certain destinations by car. The results would be immediately beneficial. For example, the firm went on in a much lower value neighborhood of 700 homes, where this has been done, the installation of three divertors at key locations, has so improved the neighborhood, that the mortgage value of each home increased $500, and sales values have increased an average of $2,000.

The entire neighborhood's value has increased over $1,500,000!

Of even greater benefit has been the change in neighborhood attitudes on maintenance. Before the divertor installation, the area was showing evidence of blight and defeat. Homes were not well maintained or painted, and practically every owner was planning to sell, at a loss, if necessary, and move away. Today, maintenance of that neighborhood is exemplary.

The average cost of making the changes necessary to develop a divertor should be approximately $2,000, according to the Associates. This would include relocation of utility poles, curbs, catch basins, and the landscaping of the center strip.

Every traffic intrusion problem need not be met with divertors, however, the city planners stated. In several cases, streets with no houses facing upon them, can be vacated and sold to adjacent owners, or landscaped and redesigned into small neighborhood play spots. (Next week: Neighborhood Conservation).

Maumee Beaten Twice by GPUS

By Mike Granger

Grosse Pointe University School's baseball team's undefeated record remained intact, as the Varsity swept a two-game weekend series at Maumee Valley in Ohio.

Marsh Mosher allowed seven scattered hits Friday afternoon as G.P.U.S. won 2-1. The winning run was scored in the top of the sixth on a throwing error by second baseman Bruce Sweeney. Dave Hadden had three hits to keep his average close to .400.

Saturday morning, Nels Olson won his fourth straight game 11-5. George Perrin collected three hits, one a home run, and drove in three runs. Olson struck out 14 batters, giving him a total of 59 strikeouts for 28 innings.

Nels Olson won his fifth game, G.P.U.S.'s seventh straight victory, Monday afternoon by defeating St. Paul, 6-3. G.P.U.S. jumped off to a quick 4-0 lead by scoring two runs in both the first and second innings. Olson helped his own cause by collecting 3 of the 9 G.P.U.S. hits. George Perrin drove in two more runs, raising his total for the season to six. Nels, who walked six batters and yielded two singles was strong in the clutch, fanning nine enemy batters.

Blue Devil Nine Captures Pair

By Jim Blackburn

The Grosse Pointe High School baseball team scored victories over Denby, 10-0, and Royal Oak, 5-3, last week to increase their record to seven wins and four losses.

On Thursday, May 14, the Devils met Denby, last year's City League champion, on the home field and received powerful hitting and great pitching. Dick Stricker, a junior, evened his record at one win and one loss as he allowed only four hits and struck out 15 batters. On three occasions, including the last two innings, Stricker made all three outs in the inning strike-outs.

Also Got 10 Hits

The Devils supported Stricker with a 10-hit attack. The Devils scored four runs in the opening inning when, with one out, Ron Irwin and John Reynolds reached base on errors. After Steve Davenport struck out, Sam Thompson, Bill Hermann, and Mike Ballew singled and the Devils had four runs on three hits and five Denby errors.

Three more runs came across in the second inning when Ter-Wright walked, and John Reynolds singled both runners home. Reynolds scored after Davenport was hit by a pitch. While Davenport was being tagged out in a rundown Reynolds crossed the plate with the Devil's seventh tally and third of the inning.

The Devils scored one more in the fifth on Davenport's walk, a fielder's choice, and a single by Ron Crampton.

The final two runs came in the sixth on a walk to Larry Kennedy. Stricker's single, another fielder's choice, a single by Reynolds and an error. The Devils had at least one hit in every inning. Reynolds led the attack with three hits in four trips to the plate.

More Good Pitching

Against Royal Oak at Royal Oak on Monday the Devils received another stout pitching performance from Bob Critchfield. Critchfield won his fifth game in seven decisions. He allowed only five hits, did not walk a batter and struck out four. Royal Oak scored all three runs in the third on three hits and four Devil errors.

The Devils scored all three runs immediately following the Royal Oak scores, in the top half of the fourth. With two Mike Johnson, Terry Kasiborski, and Bill Hermann walked, Mike Ballew was hit by a pitch, Sam Thompson came through with a two-run pinch-hit single, and Bob Critchfield walked. The Devils scored five runs on only two hits and four walks in the inning.

With the victory the Devils evened their Border Cities League record at three wins and three losses. The Devils avenged an earlier 5-2 defeat at the hands of Royal Oak.

The Devils will journey to Fordson this afternoon in an attempt to slow the league-standing Tractors. Fordson defeated the Devils 3-2 earlier

Club Sets Up Tennis Rules

The Neighborhood Club has established tennis court rules for the coming season.

Since the building is closed memberships may be obtained at the Club's temporary office at 710 Notre Dame. Also a 50-cent guest fee may be paid at the Club office.

Rubber soled shoes must be worn. Adults (21 and over) have rights to use courts occupied by children. Doubles matches have priority over singles. Sorry—no reservations will be made this year.

Devil Net Team Wins Five Tilts

By Jim Blackburn

After losing a tough non-league meet to Hamtramck, 5-2, the Grosse Pointe High School tennis team soundly defeated Monroe and Wyandotte on their way to the Border Cities League championship.

Against Monroe, on the Monroe courts, the Devils lost only one match. Senior Bob Weyhing, playing fourth singles, was defeated 9-7, 6-4. First singles player Mike Bielawski won in two straight sets 6-1, 8-6 as did Dudley Callahan 6-4, 6-3 and Tom Reed 6-0, 6-2 in second and third singles.

The doubles matches were somewhat tougher. Pete Short and Chris Lee triumphed 6-3, 2-6, 6-3. Bob Miller and Joe Reed took their doubles match 6-4, 6-3, and Chuck Keller and Fred Williams, after a long battle, won 3-6, 8-6, 6-3.

The Wyandotte meet was much easier as the Devils did not lose a set. Mike Bielawski swept over his opponent 6-1, 6-2. Dudley Callahan shut out his adversary 6-0, 6-0 and sophomore Ron Gutow won easily 6-3, 6-2. In fourth singles Ed Beyster came through with a 6-2, 6-4 triumph.

In doubles Joe Reed and Pete Short took a 6-2, 6-2 match. Fred Williams and Chuck Keller swept their match 6-2, 6-0 and Bob Miller and Mark Starr shut out their opponents 6-0, 6-0.

The Grosse Pointe High School tennis team swept three meets last week, losing only a single match, beating Cranbrook 7-0 on May 13, Ann Arbor 6-1 on May 15, and Royal Oak 7-0 on May 18.

Against Cranbrook the Devils won their second meet of the season over that team. In April the Devils triumphed 6-1.

Against Ann Arbor on Friday the Devils won their eighth meet of the season against only two losses, both to Hamtramck.

All three doubles teams; Pete Short and Chris Lee, Joe Reed and Bob Miller, and Rick Kendall and Dick Keller, triumphed as did singles players Mike Bielawski, Fred Williams, and Bob Weyhing. The only loss of the meet was suffered by fourth singles player Ed Beyster. Williams' match was the toughest. He battled to a 9-7, 6-8, 8-6 victory.

At Royal Oak on Monday the Devils won their sixth consecutive Border Cities League meet. First and fourth singles players Mike Bielawski and Bob Miller won by identical 6-3, 6-3 scores. Number two singles player Tom Reed won easily 6-0, 6-2 as did the third singles player Bob Weyhing 6-0, 6-1.

In doubles matches the Devils continued their sharp play, completing the meet without losing a set. Chris Lee and Pete Short won 6-2, 8-6 in number one doubles. Rick Kendall and Joe Reed swept their match 6-0, 6-3 in number two doubles. In the final doubles match Fred Williams and Dick Keller aso triumphed 6-4, 6-3.

This afternoon the Devils journey to Fordson in attempting to continue their string of victories. Tomorrow and Saturday regional tournaments will be held at the High School.

GPHS Thinclads Win and Lose

By Jim Blackburn

The Grosse Pointe High School track team lost a tough meet at Ann Arbor 62-47 on Tuesday, May 12, then came back two days later to swamp Austin 81-28.

In spite of Devil superiority in the relay events and long runs the Devils bowed to a strong Ann Arbor team. John Bonds, usually a sure bet in the Bruce Fox, usual winner in the mile, came in second.

Against Austin, Bonds came back to win the shot-put with a heave of 46 feet 10 inches. Fox swept the half-mile event in a time of two minutes one and two-tenths seconds, missing by two-tenths of a second the school record of George Thomas, set two years ago. John Ordon took over the running of the mile, winning with a time of 4 minutes, 53.9 seconds.

The Devils swept the pole vault, broad jump and high jump.

13—REAL ESTATE FOR SALE

GET SERIOUS, and consider now the very realistic price of $39,500 on this white Farm colonial. The price includes carpeting and draperies. A library and a family room should be reason enough to see this one before all the others. Appeals to the family who wants that first floor bedroom and bath. Three more bedrooms and another bath up.

A HOUSE for all seasons, was the theme incorporated by the architect who designed this home located in the much desired Deeplands area. Each of the three bedrooms has its own bath, and the cozy den leads into a secluded patio garden. The glassed - walled living and dining area constantly affords a year 'round view of the same patio, which is a delightful backdrop banked in snow or flowers.

WE FULLY EXPECT our lines to be busy when the word gets out that the price of this center hall colonial is now $47,900. Of course, there is an enormous family room with its own Franklin stove. And we might add that the first floor also boasts a paneled library. Four bedrooms and two full baths up, and all on a dead end street in the Farms.

IF YOU MUST have four bedrooms and a den, but feel your pocketbook can't swing it, then let ore of us swing you through this newer listing. So near two schools, bus lines, and the Farms Pier, that a second car in its two car garage would be an extravagance.

YES . . . You can buy a newer three bedroom home in the Farms for under twenty thousand dollars. We offer a quaint Cape Cod which has been well maintained. Just a minute's walk to Hill shopping, Richard School and bus stops.

TRADITION, condition, and your ambition might be the formula which will put you and your family in this six bedroom Georgian Colonial. If you appreciate the traditional architecture of the Georgian period, if you demand a home that's been kept in excellent condition, if you have the ambition to step up to a prestige home; then check this one before your neighbor does.

IF YOU are one of those people who have often stated you would never move again unless it would be to a home right on the water, then you must see this magnificent house with 144 feet of frontage on the lake. Not a really large home, but one easily adaptable to today's family living. Priced at a fraction of re-production cost.

IN THE CITY, and all you could want at a price far less than you would expect, can be found in this Cape Cod. Four bedrooms and a large, paneled family room, and this choice property is located close to schools, Village shopping, and bus lines. Should not last long at $23,000.

SEEING IS believing! And all you have to do is step inside this home on Fairford Road, and you will see how delightful ranch home living can be. Revel in the spaciousness of large proportioned dining, living, and family rooms. Two full baths, completely modern kitchen, and full basement.

CHARMED, we're sure you will be, when you see this French colonial on Balfour Road. If you demand four family bedrooms plus two more for stay in help, then this could be your solution. Priced for the buyer in the fifty thousand dollar bracket.

"HE WHO can't be counseled can't be helped."

who, where and whatnot

Most Pointe ladies plan to be "out" today, traveling to the six houses featured on Cottage Hospital Auxiliary's Kitchen Tour, and many will drop in at the Nurses' residence in Ridge road between 1 and 5 o'clock, for the traditional Kitchen Tour Tea Break. An additional attraction, offered this year in conjunction with the Tea, is a display of flower arrangements suitable for hospital patients. Mrs. Frederick J. Schumann and her excellent committee have developed floral arrangements in four different categories. The first two, "To the Mother and her New Baby" and "To 'My Lady' Following Surgery," promise traditional delights, but the last two, "To a Child in Traction" and "To a Crochety Gentleman," have a most intriguing sound. What in the world does one send, in the way of flowers, to "a child in traction?" And if the gentleman is "crochety," how can one be certain he won't throw the vase at one's head, (provided, of course, he has the strength to do so)? Mrs. Schumann and her committee have managed to devise four different arrangements in EACH of the categories, and all 16 will be displayed at the Tea.

Another stop many ladies will be making today is Christ Church, where women working on the November Fair have gathered samples and smatterings of articles—made-so-far, to display in the Undercroft from 11 to 3 o'clock. Patrons are advised to "come early" to this preview sale, as items usually go like hotcakes, with sales starting a few seconds after the doors open. One of many booths offering articles for sale and to order: The Knitting Concession, under the chairmanship of Mrs. William E. Tily, assisted by Mrs. Milton Henkel, featuring children's sweaters, (style and color may be specified on Christmas orders), and among the New Items—a mohair pullover just like the teenagers wear!

How many Pointers . . . identified the children in a school supply and stationery company's advertisement, featured in Time Magazine May 8? All of the youngsters pictured in the ad attend Trombly School, and most are members of the Jack Petz family, of Lakepointe avenue. The full page advertisement is headed by a black and white photograph, picturing a most determined Safety Boy sheltering two very young pupils, while at the right another boy whispers something in the ear of a huge but obviously friendly Saint Bernard, whose name and owner remain, so far, a mystery. Picture caption? "We make most everything the kids take to school—except the dog, of course . . ."

Nancy Wesner, daughter of Mr. and Mrs. Albert Wesner, of McKinley avenue, received the "Customer Comes First" award from her employer, American Airlines, last week. A ticket saleswoman, Nancy assisted an ill passenger at Metropolitan Airport, and the passenger's grateful wife wrote the Airline as follows: "This letter is written to you in order to commend Miss Nancy Wesner. My husband took sick at the airport and she was on duty. I would like to say that she was efficient, sympathetic, kind and, all in all, everything and more than one can expect. She took complete charge of the emergency and still managed to assure me that my 14-year-old son, whom we had to leave at the airport when the ambulance arrived, would be taken care of and put on his plane to Boston. It is a pleasure and a delight to do business with such people as Miss Wesner."

Program chairmen, drawing up plans for their next year's club agendas, might check the Detroit Institute of Arts' new museum program for women's club groups, "An Afternoon of Art," scheduled to begin next fall. The program will take place each Tuesday, October 13 through May 25, at 12:15 o'clock, and will include a luncheon served in the Institute's Riviera Court, followed by a special tour of the highlights of the museum's collection, given by experienced members of the Founders Society Docent Committee. This committee is making every effort to contact as many women's groups as possible. Any club interested in reserving An Afternoon of Art may request a letter and reservation form by contacting the museum's Education Department, 831-0360.

PILFERINGS

A mother of a teenager, after many months of being unable to use her own telephone because it was always in use, sought refuge by installing a new phone in the girl's name.

To her dismay, when trying to use the phone a few days later, she discovered her daughter in lengthy conversation with another girl.

"Susan!" she said with feeling. "What's the idea? Didn't I get you your own phone so you could call your friends?"

"Yes, mother," the girl replied, "but I can't call out on my phone because then if someone tries to reach me the line would be busy."

HENRY LEDYARD OF LEWISTON ROAD

By Janet Mueller

Two years ago, David Rust, organizer and general manager of the Detroit Grand Opera Association, died unexpectedly — leaving the Association is a very real sense "rudderless," with a single, guiding spirit, a man responsible for co-ordinating all facets of the Metropolitan Opera Company's annual visit to Detroit.

Somehow, the Grand Opera Association struggled through the remainder of that season. But the more they struggled, the more Association members realized they needed a good, dedicated general manager.

Eventually, Frank W. Donovan, chairman of the Association's Board of Directors, approached Henry Ledyard, asking if he would consider accepting the Association's general managership.

He Was Available

Mr. Ledyard had recently retired from his previous job with American Radiator, Standard Sanitary Corp. He was available . . . and he told Mr. Donovan he would be very glad to take on responsibilities as general manager of the Detroit Grand Opera Association, because he felt the Association performed a very real service to the cultural life of Detroit, and that work with and for the Association is a civic responsibility.

"It has been a very happy combination since then," Mr. Ledyard says today. As vice-president and general manager of the Detroit Grand Opera Association, he has a "full" part-time job, is at his desk in the Association's Ford Auditorium office almost every day.

Although the Metropolitan Opera Company's visit to Detroit lasts only a week, the work of the Association goes on year 'round. Staff at the Association's office numbers two: Henry Ledyard, and Mrs. Samuel (Pauline) Peterson, who has worked to promote opera in Detroit for many years.

Was in Original Group

Mrs. Peterson, secretary, assistant, historian and general factotum, was a member of the original group which brought the New York City Opera to Detroit, prior to the Metropolitan Opera's first abbreviated season in the Motor City, in 1959. She worked with Reuben Ryding, one of the founders of the Detroit Grand Opera Association. Henry Ledyard terms her an invaluable assistant.

Between them, Mr. Ledyard and Mrs. Peterson co-ordinate the Detroit Opera Season, devoting themselves to the gigantic task of putting on opera here in Detroit. Extra workers are called in only twice a year, to assist in two general mailings; the rest of the time, (the Association office is open all year 'round), Henry Ledyard and Pauline Peterson are the sole occupants of the large, crowded, (with filing cabinets, boxes, promotion materials and general paraphernalia), Detroit Grand Opera Association headquarters behind the box office at Ford Auditorium.

Henry Ledyard's love for music, opera and symphony in particular, is of long duration; for 40 years he has had approximately the same seats for Detroit Symphony performances, following the Symphony from Orchestra Hall, to Masonic Temple, to Music Hall, to Ford Auditorium.

He was one of the civic leaders who first attempted, more than a decade ago, to persuade the Metropolitan Opera Company to include Detroit in its tour schedule; at that time, the Met was limited as to where it could go.

He gives a major part of the credit for bringing the Met to Detroit to Frank Donovan, a major part of the credit for organizing the Met's first appearances to the late David Rust, ("If it hadn't been for him, there would be no organization"), a major part of the credit for promoting opera in Detroit, making it such a fabulous success, to the dedicated ladies of the Women's Committee, in particular to Mrs. Anne McDonnell Ford, Mrs. George Romney and Mrs. Theodore Yntema.

High on the list of invaluable programs sponsored primarily by the Women's Committee is the Overture to Opera series, a selection of scenes to be performed by the Metropolitan Opera Company, featuring local singers and presented as a preview program in various locations throughout metropolitan Detroit prior to the Met's appearance.

Perhaps Mr. Ledyard's favorite local opera promotion is the annual "Supper With the Stars," scheduled this Sunday evening, at 7:30 o'clock, in the Crystal Ballroom of the Grosse Pointe War Memorial.

Metropolitan Opera singers appear informally at the Supper With the Stars, to talk and laugh and generally enjoy themselves. Flying in for the program this year are Regina Resnik, Richard Tucker, conductor Sylvio Varviso, and Robert Herman, artistic director of the Metropolitan Opera Company.

Is Fun Program

Donald M. D. Thurber will once again moderate the panel discussion following the supper. "The more people who go there, the happier they'll be," Henry Ledyard says, adding that if the program is anything like last year's, it will be "out of this world."

The Detroit Grand Opera Association is notified, by the Metropolitan Opera Company, what the program of operas will be for the current season. The Detroit Association absorbs all local costs, including local education programs, and subsidizes groups of tickets for college and high school students, (public, private and parochial), and local music school students, offered at an extremely nominal cost.

The Masonic Temple has about 200 restricted seats, behind posts, etc.; these are assigned to the high school students or reserved for the blind. Out of some 20 or 30 tickets per performance allotted high school students, an additional 10 tickets are offered, free of charge, to Inner City students who cannot afford even a nominal ticket fee.

Concerning the success of the Metropolitan Opera in Detroit, Henry Ledyard states: "Detroit has done in five or six years what it took Atlanta, (Ga.), 25 years to do. Detroit is selling out every performance — because Detroit is not mad AT opera, Detroit is mad FOR opera."

Mr. Ledyard emphasizes that the Association sells no block tickets. Tickets are offered, at the first general mailing in the fall, to those who have contributed to the success of the previous season; this group absorbs about one-third of all tickets, including many of the "preferred" $8.50 balcony seats.

Within a week after the general ticket sale begins, in January, the popular operas are generally sold out. This year, 8,000 ticket requests were received a mere three days after the general ticket sale began; donors and guarantors had already requested about 12,000 tickets; and the total number of tickets available is roughly 27,000.

"Everybody asks for Aida," Henry Ledyard notes. He—and the entire Association—is convinced that almost everyone who really wants to see an opera could be accommodated, if they only gave second or third choice seats for operas.

All ticket orders are stamped and dated when received, and orders are filled on a strict, first come, first served basis.

Henry Ledyard doubts if the Metropolitan will ever present more than a week of performances in Detroit, or will ever give more than one performance of any given opera. The stars must be signed in advance for the tour, and most stars spend their summers singing in Europe or at various music festivals throughout the world. They simply will not commit themselves to long spring tours.

Through the National Cultural Association, the Metropolitan is promoting the possibility of a touring company of young stars, sponsored by the Metropolitan but not necessarily members of the Metropolitan company, under the supervision of Rise Stevens and Richard Manuel, to cover some 60 to 70 cities in the United States with a smaller orchestra, chorus, ballet and less well-known leads.

Arrangements may be made for this group to visit Detroit in mid-1965, but Henry Ledyard does not expect it to be quite as successful as the large, well known Metropolitan Opera Company.

Like Big Names

"Detroit, and most musical audiences, go for Big Names," Mr. Ledyard says. Personally, as far as the symphony is concerned, Henry Ledyard would as soon hear completely symphonic programs all year long — but he recognizes that a Name sells tickets, that Van Cliburn's appearances, for example, are sell-outs, while less known but equally excellent artists play to empty seats.

Besides music, Henry Ledyard is very interested in the Children's Hospital of Michigan, currently in the midst of a $4 million fund-raising program. He terms it the leading hospital in the Middle West in the treatment of children's ills, notes that all local medical schools send students there for extra-special work in child care, and says, "If any hospital needs help, this does."

Mr. Ledyard will have more time to devote to Children's Hospital after the week of May 25, when the Metropolitan Opera Company has completed its '64 Detroit season. As in the past, this opera season should be an outstanding success.

"People are crying for tickets," Henry Ledyard says, "but we are pleased that they are; we hope they will continue.

"I don't think we will have as easy a time selling the National Cultural Association, Metropolitan-sponsored National Opera Company — but still, I don't think we will have too much trouble.

"If the opera is good, people will go to it."

Carl's Corner

I would like to donate my column this week to Justice Eugene F. Black of the Michigan Supreme Court.

It has been a long time since I have read or seen or heard of a politician standing upon his own two legs and expressing an independent thought. May I quote from his letter to the Free Press Thursday, May the 14th. This quotation is in respect to a complaint by one of his constituents that he was not serving the Democratic Party properly . . .

"I shall be guided supremely by this cause (Oath of office) with respect especially to coming decisions on apportionment. Despite all the quarter-witted catterwallings of state legislatures."

Does this get through to you?

Signed,
Carl Joyner
