

TWO ELECTED TO SCHOOL BOARD

HEADLINES

of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, June 4
FOLLOWING HIS TUESDAY VICTORY in the California primary, Senator Barry Goldwater urged New York Gov. Nelson A. Rockefeller to join him in trying to upset the Democrats in November. The Governor said that, according to present indications, Goldwater will be nominated for president on the first or second ballot of the Republican National Convention. He also said, however, that it is a long time between now and then and it's hard to tell what will happen.

PRESIDENT JOHNSON said Wednesday that the military strength of the United States exceeds the combined might of all the nations in world history. He emphasized that the strength was to save and not to destroy. The President spoke at the 78th commencement of the United States Coast Guard Academy.

Friday, June 5
FOLLOWING APPROVAL by its board of directors, Chrysler Corp. announced Thursday that it will purchase for \$34.5 million an interest in the British automobile firm of Rootes Motors, Ltd. Chrysler will acquire 30 percent of Rootes' ordinary voting stock and 50 percent of Rootes' non-voting ordinary shares. The Rootes firm is the producer of the Hillman, Sunbeam, Humber and Singer automobiles. It also produces two lines of trucks, diesel and marine engines and air conditioning equipment.

NEW YORK GOVERNOR Nelson Rockefeller told Republican leaders that he can no longer be responsible for leading the moderate campaign against Senator Barry Goldwater. This does not mean that he is pulling out of the presidential race but he reportedly feels that he has carried the fight at great personal and financial cost and it is time for someone else to pick up the torch.

Saturday, June 6
THE LABOR DEPARTMENT said Friday that unemployment dropped in May to the lowest point in four years. President Johnson said the \$11.6 billion tax cut enacted earlier this year has served as "an economic stimulus" that is being translated into new jobs. Employment in May reached an all-time high of 71 million workers. The unemployment rate for May dropped to 5.1 per cent, its lowest level since February of 1960. The unemployment rate in April was 5.4 per cent.

Sunday, June 7
AIDES OF GOV. WILLIAM W. Scranton said Saturday that the governor has agreed to be "available" for the Republican presidential nomination. They said that former President Dwight D. Eisenhower and Scranton had met for a 95 minutes conference Saturday morning at Eisenhower's Gettysburg office. The governor's press secretary added that the former President urged Scranton to make his availability more definite in his future public utterances.

Monday, June 8
GOV. ROMNEY SAID Sunday at the National Governor's Conference in Cleveland that he will try to block Senator Goldwater's nomination for president unless the senator can convince him that his statements on public issues have been misinterpreted. Observers said that although Romney's statement was the strongest public criticism of Goldwater yet among the 16 Republican chief executives at the conference, it probably came too late.

Tuesday, June 9
DAM - BURSTING FLOODS swept down Monday from Montana's northwestern mountains and caused the death of at least eight persons, left hundreds homeless and damage estimated in the millions of dollars. National Guardsmen directing search and rescue efforts called it Montana's worst natural disaster in memory. Entire towns were evacuated when water three to six feet deep ran through streets into homes and businesses.

Young Riders Prepare For Horse Show

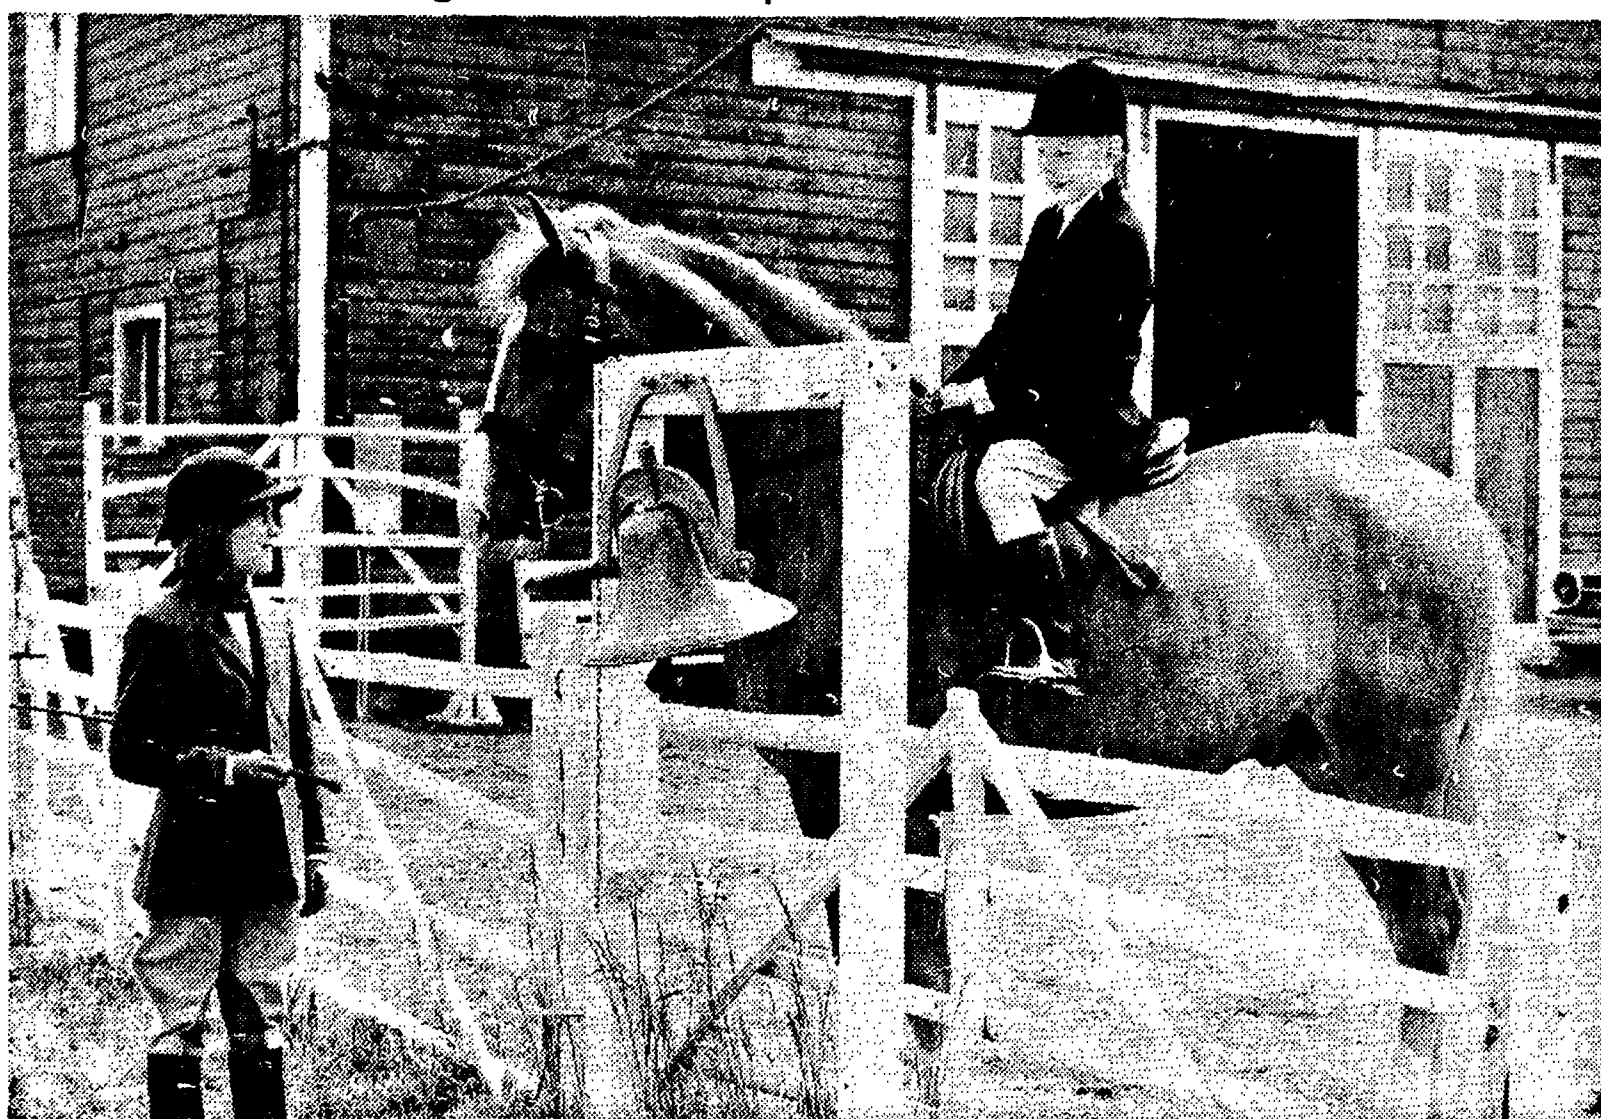

Photo by Bill Day

Plans for the 53rd annual Grosse Pointe Hunt Club Horse Show, to be held June 18 through 21, are now in the final stages. NINI HENKEL and TROY MASCHMEYER, on "Trigger," are pictured above, exchanging views on the show and discussing this year's new event, Shetland Pony classes. A special feature will be the Victor Six-Pony Hitch, matched Shetlands performing precision maneuvers while pulling a miniature fire engine. The four-day show, held on the Hunt Club grounds in Cook road, again has the American Horse Show Association Honor Rating. It is open to the public, with tickets available at the gate.

City Enjoys 10 Days Free Of Accidents

Police Book's Pages Blank
From Early Memorial
Day; Drivers, Police
Share Praise

The accident book in Grosse Pointe City's Police headquarters reveals something fairly remarkable—a series of blank pages, which are normally filled with tales of scratched fenders, bumped bumpers and smashed grills.

From 1:12 a.m. on Saturday, May 30, when the last accident occurred, until Monday afternoon, June 8, no accident had been noted by City Police or reported by residents.

The fact that this safety period began in the early part of a busy holiday weekend makes the empty pages of the accident book look even whiter.

Police Chief Andrew C. Teetart said that this is a fairly unusual record and one in which he and his staff of Police Officers take great pride.

He attributes the 10-day period of careful driving to co-operation of drivers in the City and the constant vigilance of the City Police.

DRIVER PENALIZED

Benedict A. Hopkins, 22, no known address, was arrested by Shores police while driving on Lake Shore road on Wednesday, June 4, when he committed a traffic violation. He pled guilty to never acquiring a valid operator's license and was fined \$25 by Snores Judge John Gillis, who heard the case on the date of Hopkins' arrest.

New Lots Will Improve Parking at High School

There will be 400 parking spaces on the Grosse Pointe High School lot by September 1, the Farms council was informed on Monday, June 1, by J. Harold Husband, assistant superintendent of Administrative Services.

In a letter to Mayor William Connolly, dated May 15, Husband stated the Fisher road and Grosse Pointe boulevard parking additions are under construction and should be completed before school adjourns for the summer.

He stated that he will keep the mayor and council informed on the exact number of spaces available after the rearranging of spaces on the present lot has been completed.

Farms Councilman Claims News Misinterpreted His Position in Pool Debate

Henry E. Bodman, II, Writes Own Explanation to Residents Who Berated Him for Appearing to Oppose Swimming Project

Farms Councilman Henry E. Bodman, II has claimed that the NEWS misinterpreted a number of his remarks made during a regular Farms council meeting on June 1, during discussion over the feasibility of constructing a swimming pool at the Pier-Park.

Mr. Bodman said he has received a number of phone calls from residents berating him for his alleged opposition to the pool, and asked that he be given the opportunity to untangle the misunderstanding. The NEWS asked the councilman to prepare his own story and is happy to print Mr. Bodman's own interpretation, which follows.

In the June 4th issue the Grosse Pointe News erroneously reported the following as statements made by Mr. Bodman at a Farms Council meeting on June 1, 1964:

(1) that Bodman "denounced the proposed swimming pool as something not necessary, and that the pool could be eliminated."

(2) that Bodman was "against both a revenue bond issue and a general obligation bond issue," and

(3) that Bodman was "against a referendum in the matter of the pool."

A correct summary of the statements made by Councilman Bodman is as follows:

(1) The pool would be a desirable community addition, but some method must be devised to finance the pool on a user basis rather than spreading the \$27,500 annual cost to all the taxpayers. Many taxpayers in the City of Grosse Pointe Farms will not use the pool and would be unwilling to pay for it. Furthermore, the pool has marginal utility as the season is only three months.

The amount of revenue a municipality can raise through taxes limits the services that can be provided. If all services people desired were provided, there obviously would not be sufficient revenues to pay for this. Therefore, in properly evaluating the addition of any new public service financed by the general tax levy, a responsible public official must place priorities according to the relative importance of all existing and contemplated services of the city and then make his choice.

GP Park Wins Safety Award

A telegram from the National Safety Council to Park Mayor Kenneth Cunningham, received on Monday, June 8, disclosed that the Park Police Department has qualified for two safety awards, to be presented at a date to be set.

The wire, sent by NSC President Howard Pyle, stated the Park will receive Outstanding Achievement Awards for the Maintenance of Traffic Accident Records, and for School Traffic Safety Education.

City Manager Robert Slone, on behalf of the mayor and members of the city council, congratulated Police Chief Arthur Lowers and personnel of his department on winning the two awards.

Park officials are awaiting an independent judgment by the International Association of Chiefs of Police, which works in conjunction with the National Safety Association, on a review of its Police Traffic Supervision.

Child Mental Health Clinic Help Sought

Doctors Group to Petition
For Financial Assistance
To Begin Badly
Needed Program

A financial contribution to start a child guidance clinic to serve the northeast Wayne County area, including the Pointes and Harper Woods, is being sought by doctors interested in the project. Assistance will be sought from the various city councils.

At a Park council meeting held Monday night, June 8, Dr. Callier H. Worrell of 1038 Audubon, a pediatrician, personally petitioned for assistance in initiating the clinic.

Dr. Worrell informed the council that the clinic will be located at 18424 Mack avenue, in a building donated by Dr. Rosemary Dykema of 294 Touraine, a psychiatrist, just for that purpose.

To Serve Large Area
Dr. Worrell said the clinic will be known as the Northeast Wayne County Child Guidance Clinic, for children with mental health problems, and will serve all of the Pointes and Harper Woods and communities in the northeast section of the county.

Present at the meeting, to back Dr. Worrell's petition, was Prof. Jesse Pitts of Wayne State University Sociology Department, who pointed out the need for such a clinic.

The need for financial assistance, Dr. Worrell said, will not be a continuing thing. All that is needed is help to get the clinic started, after which, Federal and State assistance will be sought.

The doctor explained to the members of the council, that all fees derived, after the clinic is started, will revert back to the clinic, to take care of financial and other obligations, and to improve services.

He said that eventually the clinic will be self-sufficient.

Work Started On City Garage

Work was started Monday, June 1, by the J. A. Broughton Company on the City's new Public Works garage.

The new facility is being constructed directly behind the administrative offices of the City. The garage was formerly on the property now owned by the Unitarian Church.

The structure will have sheltered areas on each side for parking trucks and the central part will be a repair shop.

The building is expected to be completed in the Fall.

Preserving Pointe For Ideal Living Calls for Planning

Planners' Report to City Follows Lengthy Study of
Necessary Steps to Guard Against
Deterioration of Area

(Editor's note: This is another in a series of articles on a report prepared by Scott Bagby and Associates of Grand Rapids, City Planners. The report pertains to the planning needs of the entire Grosse Pointe community, and a long range guide for present and future community action. This week's report is a continuation of the Planning Program.)

Community Facilities: It has been emphasized earlier that no home in the Pointe area, in spite of the high proportion of private and parochial school students, will continue to maintain its present resale value without adequate public schools and parks. School costs for operation and for new buildings will be a major factor which must be considered and coordinated with all other local tax factors, according to the Associates.

In May of 1963, there were 11,081 public school pupils out of a total population of 66,387 persons in 19,647 dwelling units, an average of only 56 pupils per 100 dwellings, it was stated. The School District based its taxes on a State Equalized Valuation of \$278,200, 167.

At a rate of \$20.71 on State Equalized Valuation, the firm continued, in all units except Grosse Pointe Shores and Harper Woods, which were \$19.71 and \$21.90 respectively, School Tax income was \$5,739,758 in 1963.

Fewer Students in City
In this same school census, the City of Grosse Pointe had a population of 7,018 living in 2,322 dwelling units, and an average of 41 children for each 100 dwelling units.

The State Equalized Valuation of the City paid \$669,219 in School taxes of which \$644,984 was for operation and \$24,235 was for building and debt retirement. Of this, \$363,521 came from the extra voted 11.25 operating millage, and only \$281,463 from the amount received from the annual county allocation. The recent school vote increased this extra millage to 14 mills.

In addition to tax funds of \$5,739,758, the School District received \$1,404,118 in State School Aid in 1963, a grand total of \$7,143,876. However, it must be remembered that since the District provides an operating budget of \$303,452 for the Library System, the actual costs of schools is \$6,840,424, an average of \$617 per pupil, and a tax-supported average of \$490.

One of the reasons that the ratio of school children per dwelling unit is so low, as it is (Continued on Page 2)

GPHS Graduat'n Set for Tonight

Seven hundred and eighty-three Grosse Pointe High School seniors will receive diplomas tonight, Thursday, at commencement exercises in the auditorium-gymnasium of the school. The ceremonies are scheduled to begin at 8:15 o'clock.

Jerry J. Gerich, GPHS principal will preside at the awarding of class honors and presentation of the class, following senior speakers Robert Brammer and Nancy Brown (James Hanna is the alternate speaker) who will deliver addresses, "Man's Purpose Is to Make a Difference."

There were six auto thefts reported during the first quarter of 1964; two hold ups; and 118 simple larcenies (thefts under \$100).

A total of 162 persons were arrested, of which 108 were adults, and 54 were juveniles, the chief stated in his report. Through April, 261 traffic accidents were recorded, 65 persons received varying degrees of injuries, and one person was killed.

Farms law enforcement officers issued a total of 3,282 violation tickets, of which 2,199 were for overtime meter parking; 722 were for traffic violations, 292 for other parking (Continued on Page 2)

City Officials Close Doors Of Woods Community Club

The doors of the Woods Community Club Building in Chene Trombly Memorial Park were closed recently for two reasons.

According to Chester E. Petersen, Woods City Manager, officials felt there was a needless duplication of activities at the building and a threat of constant vandalism was present because of a lack of close supervision.

Many of the activities once carried out at the Center will be carried on a Ghesquiere Park. For children who once pursued arts and crafts, there is the program offered at Mason school. A nursery, which once operated there, has been moved to a church. Students who took private ballet lessons in the building will find classes at the

War Memorial or from other private instructors. The Community building's operation and maintenance was eliminated from the Woods fiscal budget for 1964-65 but the amount allocated to the running of Ghesquiere Park was doubled. It is thought by the Woods officials that the money will be better spent in enlarging and expanding the facilities at Ghesquiere Park and in other recreational programs for long range development of community activities for Woods residents.

Chene Trombly Park will continue to be a neighborhood park in spite of the demise of the Community building. No plans have yet been made for the future use of the building.

Peebles Tops Candidates; Few Ballot

Mrs. Barbara Rickard Thompson Beats Calvin Sandberg for Second Spot; 3,728 Voted

Electors of the Grosse Pointe Public School District have voted Russell H. Peebles and Barbara Rickard Thompson (Mrs. Joseph P.), into four year terms as trustees on the Board of Education. In Monday's election incumbent Peebles led the race with a total of 2303 votes, while Mrs. Thompson received 2118.

Calvin J. Sandberg ran third with 1579 votes and Thomas J. Hammond earned 393 votes. Hammond, of 687 Sunningdale, Grosse Pointe Woods, withdrew from active candidacy shortly after his name was entered in the race, and did not campaign actively.

Only 3,728 votes were cast in this important election, with the Richard School Precinct attracting the greatest number of voters, 609. The Barnes Precinct was second with 510 and the Ferry Precinct third with 483.

In his victory statement Peebles, of 1241 Bedford road, Grosse Pointe Park, said, "The outcome of the election is an indication of popular support of the Board's position on the proposed high school."

Promises Hard Work
Mrs. Thompson of 54 Radnor circle, Grosse Pointe Farms, in commenting upon the outcome of the election, said, "The voters of this district have given me an awesome privilege in electing me to the Grosse Pointe Board of Education. I promise them four years of hard work and enthusiasm. The wonderful turnout in my home district, Richard, was certainly the most gratifying footnote to my victory."

Sandberg of 20661 Wedgewood drive, Grosse Pointe Woods, was backed by the Educational Vigilance Committee, a group of residents opposed to the construction of a second high school to serve the community on the Vanderburgh-Baker property in the vicinity of Wedgewood drive and Vernier road.

The terms of Franklin D. Dougherty and Russell H. Peebles expire June 30. Dougherty, on the Board since 1947, has served one or more years in each of the four offices. Peebles has served on the Board of Education for the past year, filling the unexpired term of C. Henry Haberkorn, III.

Quick Canvass Held

For the first time since the new State Constitution went into effect, the election canvass was held immediately after the results were known, instead of within the usual three-day period.

Four residents, registered members of the two major political parties, have volunteered their services to the Board of Canvassers. Democrats are Mrs. Helen Graves, 1304 Buckingham and Mrs. Esther Glasser, 837 Moorland. Republicans are Mrs. Mae K. Broderick, 164 Lakeview, and Kenneth Fox, 2073 Fleetwood.

Mrs. Glasser is president of the Board of Canvassers, while Mr. Fox has consented to serve as vice-president.

Burglars Visit Four Apartments

Four apartments in the Staelens Garden Terraces at 17610 Mack avenue were broken into and entered sometime during the day on Wednesday, June 3.

The thief, however, got very little for his efforts. Only apartment dweller, Mae L. Jane discovered anything missing. Nine dollars was taken from a kitchen drawer and \$2 from a bureau drawer in the bedroom. Her jewelry was left untouched.

The apartment of Mrs. Francis Rood, who is on vacation, was entered but showed no sign of disturbance. Joyce Zellman and L. Maxon, who occupied the other two apartments, could find no evidence of robbery.

The thief evidently gained entrance to the apartment building by forcing open the electric front door with a screw driver.

So many ideas that look practical on paper are impractical when put into use.

Plans to Preserve Pointe

(Continued from Page 1)

in comparable communities, the city planners explained, is the large number of children who attend private or parochial schools in the area.

National and statewide birth trends indicate that enrollments in the Pointe Schools will increase more than additional population growth would suggest.

From 1919 to 1928, this country experienced the largest number of births in its history. From 1946 through 1957, these 1920 babies formed the marriage age and family formation group which is responsible for 95 percent of new births, so we had peak births in Michigan ranging from 153,667 in 1946, to 197,308 in 1957. The low birth rates of the depression period have caused a decline in births since 1957.

By applying these trends to anticipated population growth, and assuming that the proportion of private and parochial

school children will remain about the same as at present, the Pointe School System can expect its kindergarten through sixth grade totals to increase from 5,923 to 6,450 in the 1966-67 school year, then decrease to 5,920 by 1975.

This group will then increase slightly until the large 1946 birth group reaches marriage age and begins having its children. We can expect 6,859 K-6 pupils by 1982, and up to 9,000 by 1995.

Predict Big Jump

The Junior High total of 2,502 will increase sharply. It should reach 3,350 by 1971-72, then drop to 3,200 in 1980, after which it too will again increase. The Senior High totals will increase from 2,423 to 3,650 pupils by 1974, then drop back to 3,300 by 1982.

According to the Grand Rapids firm's report, it would be unwise and expensive to try to build for full peak needs when it is known that there will be an eight-year drop-off period following such peaks.

The Associates recommended that the Pointe School District agree upon an optimum number of pupils per room per teacher station, and build at the number of rooms necessary to house 5,900 K-6 pupils, 3,200 Junior High pupils and 3,300 Senior High pupils.

Assuming the N. E. A. (National Educational Association) standard of 25 pupils per teacher station is met as contrasted with current 27 pupils per room in the elementary schools for 1-6 grade rooms and the present 22 per room in kindergarten, an increase of 31 rooms is recommended at an early date, since there will be 6,450 pupils in the peak period rather than the 5,900 total.

Upper grade needs should be met by 1968 for 3,200 Junior High pupils and 3,300 Senior High pupils. Scott Bagby Associates stated. This will require an increase of 28 Junior High and 36 Senior High School rooms, so that the 1971-74 peaks can be met without too much overcrowding.

(Next week — Community Facilities continued.)

CAR RECOVERED

Mrs. Rockwell Gust of 55 Muskoka, called Farms police on Saturday, June 6, to report that her car had been stolen from the lot of the Country Club of Detroit at 10:30 a.m. At 4:04 p.m., the vehicle was recovered by Detroit police and returned to Mrs. Gust.

choice accordingly. In the City of Grosse Pointe Farms, police protection, fire protection, rubbish pickup, and sewer pumping are an absolute necessity as it is extremely impractical and undesirable for the people to provide these services for themselves. Additional money may be required in the future for police protection as breaking and entering has increased approximately 100% over the same period last year.

As a result of the discussion that followed Mr. Bodman's statements, the Council—at Mr. Bodman's suggestion—asked him and the City Clerk, Mr. Carol Lock, to make a 20-year forecast of revenues and expenses, taking into account necessary increases in salaries and wages of employees so that the impact of a taxpayer-financed public swimming pool can be evaluated properly.

(3) At the June 1 meeting a proposal for a general obligation bond issue to finance the pool was put before the Council. A general obligation bond issue pledges the faith and credit of the City and requires the costs of amortizing and servicing the bonds to be paid by the taxpayer. Mr. Bodman raised the question whether financing for the pool should be obtained from the sale of revenue bonds instead of general obligation bonds. The revenue bonds would require the swimming pool to be self-financing through charging of an admission fee. Mr. Bodman was told by the City Controller that the swimming pool could never finance itself because people would be unwilling to pay the necessary fees and would probably swim in the lake. After some discussion, Mr. Bodman agreed that a general obligation issue was the only practical means of public financing the pool. Mr. Bod-

man said that, "if the pool is built and the money raised by general obligation bonds, the council should commit themselves now to charge some fee to help cover the annual operating cost of the pool in order to relieve the burden on the Farms taxpayers."

(3) Mr. Bodman said that, "in light of the facts concerning the financing of the pool, it might be a questionable decision to put the swimming pool to a vote of the people at the primary election in September. The Councilmen as elected officials, have great responsibility in determining the extent and nature of services provided by the City because of their intimate knowledge of all phases of city operations and related costs. The responsibility for leadership should not be passed off to the people when the subject is controversial." This matter was discussed at some length, and it was agreed by the Council, including Mr. Bodman, that the matter should be put on the November ballot in order to secure the greatest popular expression on the issue. Furthermore, a complete analysis of costs and tax effects in the situation would be provided the people beforehand.

violations; and 59 were for infractions regarding the dog ordinance.

The chief's report showed that Judge Grant E. Armstrong heard 138 traffic violation matters in his court, and six other

matters, and ordered the suspension, or revocation of 11 operator's licenses.

Fifty-nine juveniles were arraigned in Juvenile Court on traffic offense charges, and 36 had their drivers' licenses suspended.

A total of 414 bicycle license plates were sold since the first of the year, Chief Furton added.

HIS THIRD CADILLAC... HIS FIRST NEW ONE

This man is enjoying his first brand-new Cadillac—after becoming acquainted with the car's unsurpassed value by twice buying used Cadillacs.

He learned that a late model used Cadillac gave him more standard equipment and engineering advancements than most new cars—and gave it to him on a budget he could easily afford.

First of all, while Cadillac's styling was continually refined, it never lost the clean,

dignified look that says Cadillac and Cadillac alone. The smooth, quiet performance and complete reliability of his used Cadillac was a constant source of enjoyment. Then, too, he and his family enjoyed luxury and comfort to a degree reserved exclusively for Cadillac owners.

The pride of ownership of so distinctive a car was a never-ending pleasure, for he had the satisfaction—always—of knowing he drove the finest.

When it came time to trade his previously owned Cadillac for a later model, he found its value had held remarkably high... and returned a substantial part of his original investment.

So what could be more natural—or wise—than to make the eventual move to a new Cadillac?

New or used, there is no finer motoring investment than a Cadillac. And your authorized dealer has one to fit any budget.

Police Checking Stabbing Story

Woods police investigated a stabbing alleged to have taken place in Detroit on Wednesday, June 3, and submitted their findings to Detroit authorities after turning the case over to them for further investigation.

According to Woods police, Patrolman Adrian Meeraeghe and Kenneth Carver were stopped at 2:22 a.m. by John D. Moran, Jr., of 50 Lake Shore road, who informed the officers that there was a man in the Toddle House, 20195 Mack avenue, who appeared to have been stabbed.

The policemen said they drove to the restaurant just as John Scott, 38, of 19655 McCormick, Detroit, emerged through the door. There was blood on the front of his shirt, the officers said. They took the man to St. John Hospital for treatment.

Police Sgt. Allen Selby went to the hospital to question the victim, and said Scott told him that he had left the Manor Bar, Mack and Manor, and drove to the Woods Lounge, Moross and Mack, in Detroit.

Scott said he tried to enter the lounge and discovered the door was locked. As he was returning to his car, he was confronted by a white male, about 28 years old, five feet seven inches, medium built, and wearing a light jacket.

Scott told Selby that the man demanded his money and threatened him with a knife. He and the hold up man scuffled, the victim said, and during the fight, his assailant stabbed him twice on the right side of his abdomen, and once on the left side.

After escaping, Scott said, he drove to the restaurant for coffee, but was leaving because a waitress insisted on calling police when she saw blood on his shirt. Meeraeghe and Carver stopped him at the door.

Scott was released to Detroit police for further questioning, and the information received by Selby was turned over to them.

Residents Reminded to Get Oral Polio Vaccine Doses

Grosse Pointers, both young and old, will receive their second and final dose of Trivalent oral polio vaccine on Sunday, June 14, between 11 and 4 o'clock.

As with the first distribution of the vaccine on April 19, clinics will be set up in eight elementary schools in the Pointe. They will be under the supervision of Mrs. Alberta Davis, R. M. and Paul E. Mahwinney, director of the Grosse Pointe School System's department of pupil personnel. Each clinic will be staffed by local doctors and nurses.

The "anti-polio" stations are scheduled for the following elementary schools: Barnes, Defer, Ferry, Kerby, Maire, Mason, Montith and Poupard. There will also be clinics in the Beacon elementary school in Detroit and at Eastland.

Medical authorities advise individuals to take this particular polio preventive even though they have already received injections of the Salk vaccine. The

Trivalent type vaccine is said to be far superior in immunizing against polio to the Salk, which uses dead virus.

The oral vaccine contains live virus but is so mild that its effects are not felt. Each person taking it will receive a lump of sugar containing two drops of the strawberry flavored vaccine which he will take by mouth.

Residents who take the vaccine at one of the local clinics

are asked to make a donation of 50¢ per person to help defray the cost of the undertaking. Authorities also request that insofar as possible families or individuals bring the amount of their contribution in exact change.

At the first polio clinics in April, 52,897 adults and children received the Trivalent

vaccine. There will be no make-up clinics in the Grosse Pointe area for those who miss out on Sunday's massive attack on polio.

clinic will become part of a State system. The clinic building donated by Dr. Dykema, is a good, modern building, and very little need be done to it to ready it for the purpose for which it will be converted, he added.

Dr. Worrell said that the need for such a clinic is fantastic. A clinic in downtown Detroit, he said, is so overcrowded that children sometimes have to wait a year before they can be accepted for treatment.

Dr. Worrell was informed by the council that before the council can act on the matter, the legality of financial assistance will have to be studied by City Attorney Richard Rohr. Also, the matter will have to be discussed with Dr. Thomas Davies, Pointe Health Commissioner.

The council voted to table the matter until the study is made by the city attorney and a discussion held with Dr. Davies. The issue will be revived at the next meeting of the council, it was said.

St. James Teens Stage Retreat

Nearly 50 teenagers from the Youth Groups of St. James Lutheran Church took part in their annual retreat recently. Buses took them to Camp Nahelu near Ortonville.

Youth Director John Allan and Vicar Richard Gerken were in charge of religious discussions, candlelight devotions and Sunday worship. A two session discussion on "A Christian Views Hollywood Films" proved thought provoking.

Parents who are members of the Youth Board acted as chaperones.

Would you like cool, clean air coming from this hot air register all summer long?

It can, you know.

All you do is add a Gas air conditioner to your hot air heating system... and you're all set. Cool, clean air will circulate throughout every room of your house... making your home a real retreat in summer.

A Gas air conditioner not only cools the air, it dehumidifies it and removes dust and pollen, too.

And Gas, of course, is economical to use. A Gas air conditioner operates at about half the cost of other central systems.

What's more, if your home is air conditioned by Gas, you get a reduced summer rate not only on your air conditioning but on all your Gas appliances during the summer period.

You really should consider Gas air conditioning for your home. It makes a world of difference to live in an atmosphere that's refreshing. Easy terms are available. See the latest Gas air conditioning at heating contractor's or Gas Company showrooms, or call us at 965-8000, Ext. 3375.

Theater Doing Guys and Dolls

From choir boy to big-time gambler may seem quite a switch, but Donald Bliss's fine singing voice has won him acclaim in many ways. Don will portray man-about-town "Sky Master" in the Grosse Pointe Theatre's coming production of "Guys and Dolls," and will sing

"I'll Know," "My Time of Day," "I've Never Been in Love Before," and "Luck Be a Lady Tonight."
The lead role in "Guys and Dolls" is his second for the local theatre group. Last year he performed in the musical "Kiss Me Kate." The former boy soprano is also the bass soloist at the Jefferson Avenue Presbyterian Church, and has appeared with the Detroit Symphony Orchestra.
In 1955 he won a singing contest sponsored by the Detroit News and was sent to New York to appear on television. A long-time resident of Grosse Pointe, he has performed in many musical productions for Fine Arts such as "Can Can," "Paint Your Wagon," "Silk Stockings," "Brigadoon," and "Annie Get Your Gun."

Last month Don sang with Jimmy Clark's orchestra for the Bar Association's "Law Day," appearing with Shirley Booth and Don DeFore.

After tending to his local decorating business, he also manages to find the time to sing with a barbershop quartet called the "Counter Pointes."

Attesting to the popularity of "Guys and Dolls" and its stars, the show at Fries Auditorium has sold out six out of its seven performances, some seats being available on opening night, Thursday, June 18. The seventh performance was added due to the demand for tickets.

Art Brownell of Washington road is directing the cast of 75 and Doris Brownell is the producer. John Pericin will conduct the orchestra.

Hear Sentences In Park Court

Shores Judge Victor DeBaeke, presiding in the Park court while Judge C. Joseph Belanger was on vacation, sentenced Lewis S. Porter III, 18, of 4650 Ashland, Detroit, to pay a total fine and court costs of \$35, for not having an operator's license or car registration on his person, and for illegal possession of alcoholic beverages.

Three other 18-year-old Detroit boys who were with Porter at the time of arrest, were found guilty of illegal possession of alcohol and ordered to pay a fine of \$10 and court costs of \$7.50 each. A fourth youth was found not guilty and his case was dismissed.

The five were arrested by Park police the evening of May 27, and spent the night in the Park jail cell, until their trial the following morning.

Found guilty on the illegal possession charge were, Ray Fitts of 3041 Ashland; Gary Allen of 4823 Manistique; and Jerry Biglone of 4645 Algonquin.

Judge DeBaeke placed the boys on four months probation, during which time they must not drink alcoholic beverages, and must be in bed by 10 p.m. every night, except Saturdays.

The alternative to the fines and costs was 10 days in the Wayne County Jail. The boys paid the penalties to the court.

Driver Ticketed For No License

Dobby E. Greenarch, 22, of 5039 of Gateshead, Detroit, was arrested on Friday, June 5, for driving while his operator's license was suspended.

According to Woods Patrolmen Adrian Meerhaeghe and Kenneth Carver, they were patrolling south on Mack avenue when they observed Greenarch approaching in their direction at what appeared to be excessive speed.

The officers said they saw Greenarch enter the Mack-Seven business parking lot, and pulled in along side of him. They asked him to present his operator's license, but he was unable to do so.

At the Woods station, the motorist explained the reason he was unable to produce his license was because it was suspended by Detroit Traffic Judge John D. Watts for a period of 90 days, ending July 15.

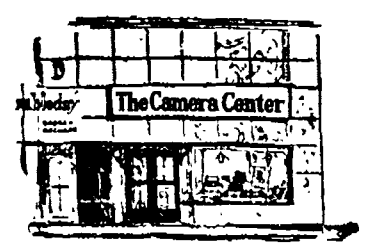

Greenarch was given a violation ticket after being charged with driving a motor vehicle without a valid operator's license. He was released on \$25 bond, pending a court hearing date.

Recreation Program Set To Get Started June 17

The Summer Recreation program for elementary school age youngsters is scheduled to begin at all elementary schools on Wednesday, June 17.

Designed as a nucleus for constructive summer recreation, the program is conducted by the Department of Community Services of the Grosse Pointe Public School System.

Activities at Barnes, Defer, Ferry, Kerby, Mason, Monteith, Poupard, Richard and Trombly begin on Wednesday, June 17, from 1 to 4 p.m., and Malre School will begin their program on Wednesday, June 17, from 9 a.m. to 12 noon each day, all schools continuing this schedule through August 7.

Handicraft and games, song and story periods, are among the regular program activities, with special events such as: picnics, costume parties, talent shows and treasure hunts included.

The instructional staff is composed of teachers, recreation workers and college students experienced in campcraft and trained in recreation. A two-day workshop is conducted for staff training previous to the opening of the program, which acquaints the supervisors with the program requirements and gives them an opportunity to exchange ideas and learn new craft techniques.

No enrollment fee is charged, and craft materials used by the Department of Community Services are available to the children at cost.

It is not necessary for parents to register children ahead of the opening date, nor are participants obligated to attend daily. To participate, youngsters MUST be of school age.

Policemen End Training Session

Twenty-five police officers, including eight from the Pointe, who participated in the Basic Training Program in the Park Municipal Building, passed their final examinations with an average of more than 85 percent, according to information released by Park Police Chief Arthur Louwers on Monday, June 8.

The chief, who is director of the training program for policemen in the area, said that six officers from his school have completed the required 132 hours of basic, and are eligible for diplomas. None are from the Pointe.

The school, sponsored by the Federal Bureau of Investigation and the Southeastern Michigan Association of Chiefs of Police, is designed to familiarize recruits, and other officers of various police agencies, with the duties of a policeman, and also to learn the best methods of law enforcement.

Successfully completing the last session, which ended May 29, were:

Park Patrolmen Charles A. Petrie, Robert D. Cory, Gary J. Mitchell and William M. Furtaw; City Patrolmen Gerard F. DeBoever and Edward H. Behrend; Farms Patrolman Donald O. Herbert; and Shores Patrolman Daniel T. Fronozak.

munities who also passed this current phase of training, are: St. Clair Shores—John H. Yoe, Harden S. Culbertson, Albert J. Young, Ronald J. Fett, Arthur DeBlauwe and Edward A. Socia; Warren—John T. Majcherek, Fred Homikov, Anthony J. Frankowski, Gerald J. Nor-kiewicz, Frank E. Zielinski, Thomas A. Rossman and Anthony F. DeLuca.

Mt. Clemens—Max N. M. N. Patrick; and East Detroit—Paul A. Raether, Andrew M. Ruzzin and Ronald J. Subject.

The officers from Mt. Clemens and East Detroit, and Warren Patrolmen Majcherek and Frankowiak, have completed their total 132 hours of training and will receive their diplomas at ceremonies on a date to be designated later, Chief Louwers said.

"All of us on the Training Committee are extremely proud of the work your men have been doing in these schools," the chief stated in letters to the various police chiefs. "They have been faced with a challenging program and they have successfully met the challenge. They are to be commended for their work."

There are similar police training schools in Royal Oak and Lincoln Park, under the direction of the respective police chiefs, and sponsored by the FBI and the SEMACP.

Cyclist's Foot Crushed by Bus

A nine-year-old Farms boy, whose right foot was crushed beneath the wheel of a Lake Shore Coach line bus on Wednesday, June 3, was given an excellent chance of walking on the foot again, by doctors at St. John Hospital.

Andrew Bacon of 380 Hillcrest, will have to undergo two major operations, plus foot plastic surgery, before it can be determined if he can use the foot again. Doctors have every reason to believe the boy will walk again.

According to a Farms police report, Andrew was pedaling his

bicycle on the sidewalk at Mack and Moross, and was coasting down the driveway of the gas station at the location, when the bus driver made a right turn from Moross onto Mack.

The boy, unable to stop or dismount from his bike, hit the side of the bus and fell to the pavement, and the right rear wheel of the vehicle crushed his foot.

The driver of the bus, Bobby Lee Criswell, 25, of 1245 Glover, Detroit, told police that he saw Andrew hit the bus, through his rear view mirror, and stopped the vehicle immediately. He backed the bus wheel off the boy's foot, he said, when he

saw the boy's position. The wheel was on the foot.

Several witnesses told police that the boy had coasted down the driveway, and hit the bus after Criswell made his turn.

Criswell was exonerated of blame, and released after making a statement to police.

The boy was transported to the hospital by Farms firemen.

Being weighed in on the social scale requires a cash balance.

One sure way to have a hard time is to take things easy.

Drivers Tagged For Violations

A Woods police officer issued a violation ticket to a motorist, on a signed complaint of another motorist on Saturday, May 30, and then gave the signer a violation ticket for disobeying a stop sign and nearly colliding with his scout car.

According to a traffic report, Patrolman Robert Lorenz was on routine patrol, when he noticed a car "slide" through the intersection at Marter and Vernier road.

Lorenz stated that he was forced to swerve to avoid a collision with the car, driven by Michael R. Secord of 1701 Prestwick.

Secord told the policeman that he was cut off by a car driven by Douglas L. Patterson of 2008 Country Club drive.

Patterson, in turn, told the officer that he was driving 25 miles an hour on Marter, and increased his speed to 45 miles in an attempt to pass Secord, but the try was not successful.

The matter will be threshed out in court on Saturday, June 13.

The Braves defeated the Dodgers 3 to 1 today, on the 2 hit pitching of Mike Ware and the solid hitting of Chris Marcupulos. Marcupulos had a home run, a double and a single to his credit. Tim Cornille, Monty Gage and Jim Bayes also had hits for the Braves. Vince McDonald pitched all the way for the Dodgers and got the only Dodger hit, a single and a home run.

Tuesday, June 2

The Cubs clinched the first half title tonight behind the two hit pitching of Kevin Dreaan, as the Cubs beat the Cardinals 5 to 0. Keith Cunningham pitched a good game for the Cards, al-

lowing only 4 hits, but poor fielding support allowed the Cubs to score 4 unearned runs. Peter Brodhead had a nice double, and Dreaan, Gannan and Chris Thuman got the other hits for the Cubs. Dave McLeod got 2 hits and added some sparkling play in center field to help the Cards. Dreaan struck out 14 batters in notching his 5th victory against no defeats.

Wednesday, June 3

Dave Peterson pitched another fine game for the Cardinals, as he set down the Braves on only 2 hits, and the Cards defeated the Braves 4 to 1. Sandy Sides again was the big hitter for the Cards, getting a single and his 4th home run of the season to drive in 3 Cardinals runs. Chris Marcupulos

spoiled Peterson's bid for a no-hitter, with a home run in the 5th inning. Tim Cornille got the Braves only other hit, a single, while Dave Ricca contributed a single and a double to the Cardinals' cause. John King made a sensational catch of Bayes long fly to right field to end a Brave threat in the 6th inning.

Thursday, June 4

The Cubs beat the Dodgers in 7 innings by the score of 9 to 5. The Dodgers jumped off to a 3 run lead on solid hits by Sachs, McDonald, Calcat and Spiess, but the Cubs got 2 back on walks and a hit by Ed MacKenzie in the second. The Cubs went ahead on a combination of Dodger errors, and hits by Orr and Hamann in the 3rd, and then Sachs and Calcat again hit solidly to tie it up. Sachs scored in the 5th, after hits by Di Domenico and Spiess, and going into the 6th, the Dodgers led the Cubs 5 to 4. Gannan singled and scored on passed balls to tie it up, and the Cubs won in the 7th on hits by Orr, Donnelly and Schmidt. Donnelly was the winning pitcher. Calcat the loser.

The White Sox captured the first half title in the American League Majors despite determined efforts by both the Indians and the Yankees to force them into a playoff.

The White Sox decisively ended the Indians' challenge by whipping them, 9 to 1. Solid pitching by Beetle Bailey combined with seven walks given up by the Indians gave assurance that the White Sox would not have to share first spot with the Indians. A home run by Gary Verkeyn added to the top-sided score.

It was a winning week for the White Sox in all ways, for they also edged the Senators, 8 to 7. The Senators earned more hits and walks, but a home run by Bob Page, not hitting by Mike O'Connell (four hits in four trips of which three were doubles) and doubles by winning pitcher Gary Verkeyn and Chris Badger made the difference.

The Indians' hope for a playoff had remained alive earlier in the week when they defeated the Orioles, 4 to 2. Winning pitcher was Rick Mahon.

Meanwhile, the Yankees saw their hopes for a playoff go flying along with their hopes for a win over the Athletics, 6 to 2. Yankee Kevin Bolton scored a home run, but two hits each by Athletics Robb Hummel, Steve Maun, Rick Worrell and winning pitcher Bill Ehrlich more than offset the round-tripper.

Kevin Bolton again starred for the Yankees later in the week when he not only pitched his team to a victory over the Senators, 7 to 2, but slammed one of two back-to-back home runs in the fifth inning. Charlie Howe of the Yankees smacked the other.

The A's racked up a perfect score for the week by lambasting the Orioles, 15 to 4, as well as stopping the Yankee's bid for top spot honors. Bill Ehrlich had another big day, hitting a home run, a double and a single. Winning pitcher Steve Mau held the Orioles to six hits and five walks.

Under the rules this year, a playoff will be held if different teams win the title in the first and second halves of the season. The winners of the American and National League titles will then meet in a best two out of three game series for the Grosse Pointe Park championship.

American League Minors
Two traditional rivals — Michigan State and Michigan — are at the top of the standings as the American League Minors enter the last week in the first half of the season.

Michigan State held on to top spot by winning two games during the week: squeezing by Ohio State, 5 to 4, and routing Wisconsin, 11 to 1. Michigan State took full advantage of seven hits and eight walks awarded them by Ohio State. Winning pitcher was Don Goldman, and Bob Cone totalled three hits for the day.

Winning pitcher Chet Brown struck out 13 Wisconsin players and allowed only two hits to pilot Michigan State to victory. Michigan beat Army, 15 to 13, in a regularly-scheduled game and went on to defeat them again, 3 to 2, in a one-inning playoff on May 12th. Dave Oliver was the winning pitcher in both games. Hits were the order of the day in the first game with Mike Vroom getting four for four for Michigan, and Jim

Mann getting four for five for Army.

Offsetting these two wins was Michigan's loss to Ohio State, 10 to 8. Phil Wettengill was the winning pitcher aided by Nick DiSante and Ted Stedman who chalked up two hits apiece.

Purdue pitcher Bill Tebelman paced his team in its greatest win of the season—an 11 to 5 victory over Army. Tebelman also picked up two hits in two trips to the plate. Earlier, Purdue lost to Wisconsin, 10 to 5, in a game marked by 16 walks for Wisconsin and 10 walks for Purdue. Winning pitcher was Frank Soullier.

The Cardinals smothered the Dodgers, 18 to 0, and defeated the Pirates, 6 to 3, to seize the first half championship in the National League Majors.

Pitcher Mike Getz pitched a no-hit game, got three hits and whalloped a home run for the Cardinals in their one-sided engagement with the Dodgers. Winning pitcher in the Cardinals-Pirates game was Doug Maxwell who helped his own cause nicely by getting two hits. Chuck Crandall picked up a double and a single in his trips to the plate.

The Red Legs insured themselves a firm hold on second place by conquering the Braves, 9 to 2, and by outdistancing the Giants, 4 to 2. Winning pitcher Fred Rohn yielded only one hit and was assisted ably by two teammates — John Tompkins and Ron Lacourciere — both of whom hit home runs.

Joe Jaglois was winning pitcher for the Red Legs in the Giant game in which the Red Legs struck out 12 and the Giants struck out 10 players.

Skip Lauth chalked up a home run and a double to lead the Giants to a 9 to 5 win over the Pirates. Gary Simon hit a triple and a double to earn three RBIs to help the cause. Winning pitcher was Steve Katsaros.

The Braves and the Dodgers traded home runs in their meet which was finally won by the Dodgers 7 to 6. John Miller got the four-bagger for the Braves, and Pete Schrage got the round-tripper for the Dodgers. Winning pitcher was Alan Russell.

National League Minors

Seemingly unbeatable Indiana enters the final week of the first half of the season for the National League minors with a still unblemished record. Wins over Iowa, 11 to 5, and Minnesota, 10 to 6, brought Indiana's total victories to 8.

Jan Sands was the winning pitcher in the Indiana-Iowa game and provided only two hits to his opponents. Paul Kennedy got credit for the victory over Minnesota with brother Bill Kennedy and Jan Sands both providing him with two hits.

Navy took over second place with a close contest with Illinois, 9 to 8, and another narrowly won game with Northwestern, 7 to 6. Steve Falk of Navy got 4 for 4 in the game with Illinois for which Navy

totalled eight runs on only six hits.

Illinois managed to achieve a 500 record by defeating Iowa, 10 to 7 with P. Pfackler getting credit for the win. Minnesota

outdistanced Northwestern, 13 to 11. Larry Meathe recording the win. Northwestern struck out 15 players, and Minnesota struck out 12.

Tom Reinman and Pep Perry also homered, while Tim Wittstock, Ron Trefzer, Jon Molschall, Chip Delsener, Gary Beaufait, Don Fromm and Mike Sankovich all hit heavily. For the Tigers, Jim Hoffman, John Moran hit heavily and Mark Boerner made excellent saves in center field. Jim Moran and Allen Backman pitched for the Tigers. Charlie Perry singled an RBI for the Giants.

By an almost identical score, the Reds beat the Pirates 17 to 3 on June 2 behind the pitching of Van Conway. Max Gardner and John Odbert homered for the winners, while Mike Corbett homered for the Pirates. Jimmy Hooper doubled for same.

At the other field the Red Sox took the Pirates 11-5 with Bill Roberts, Jim Van Eman and Bill Caulkins the winners' battery. Al Wilke homered, and Van Eman, Roberts, Mike Gofredson, Caulkins, Tom Edmondson and Lorne McConachie all hit heavily, while Baron Munchausen and Mike Corbett had hits for the Pirates.

The same day the Giants took the Indians 10 to 3. The Giants hit as usual but shortstop Gary Hicks of the Indians made many a save to keep grounders from going through. Gary Beaufait and Ron Trefzer were on the mound for the Giants, and each had hits, as did Chris Pandy, Tom Reinman, Terry Allard, Pep Perry and Tim Wittstock with a double. Jack Hendrie pitched for the Indians, and hit along with Nick Sloan, Mike Pandy, Skipper Scharff and Frank Kampfer. There were three double plays, two by the Indians and one by the Giants.

Saturday, June 6 was a day of double-headers, with the Tigers besting the Phillies 8 to 6 behind Dick Hudson's pitching. Jim Hoffman, Ed Moran each had doubles, while Bob Zurschmiede, Mark Tocco, Harold Siegel, Carl Oldani, Allen Backman and the pitcher all hit for the winners. Mike Duika, Bob Kulka, Joel Caskey, Greg Thoen, Dick Lehman, and Kelly Farr hit for the Phils.

The Giants kept ahead with a close one over the Reds, 11 to 9 in an extra inning. Tim Allard pitched and was relieved by Tom Reinman, both having homered in a big fifth inning to tie the score. Ronnie Trefzer, Tim Wittstock, Gary Beaufait and Pep Perry also hit for the Giants with RBIs by Don Fromm and Gary. Dave Newhouse, Van Conway, Rick Rankin and Greg Messacar hit behind Jim Parker's pitching for the Reds.

In Monday's games it was Red Sox 5 Indians 2 as Phil Dara pitched a fine game. At the other diamond it was the Dodgers who are rolling now 10 to 8 over the Phillies with Rick Scavarda the winning pitcher and Keith Foucher the loser.

On Tuesday the Yanks played the Tigers to a 4-4 tie which was settled Saturday in favor of the Yanks 5 to 4. Jim McFarlane was the winning pitcher and Bill Bockstanz the loser.

At the National diamond it was a good tight 4 to 3 game with the Braves taking the Cardinals.

On Wednesday in a real lopsided game the Red Sox took the White Sox 19 to 1. At the other diamond it rained. Saturday found the makeup game won by the Phillies 6 to 2 over the Giants. Don Thompson pitched a fine one hitter and the losing pitcher was Wally Marantette.

Thursday the Indians came back to win 3 to 1 over the Tigers with the winning pitcher being Don Pike and the loser Ron Volatic. In the National Division the Dodgers again won under Art Getz pitching 11 to 5 for the Braves.

Friday those Yankees won 7 to 4 over the White Sox with Mike Ferrell doing a nice pitching job and being declared winner. The Cards in a 5 run rally in the top of the 8th took the Giants 11 to 9. Phil Connor was the winner and Art Schroeder the losing pitcher.

Center Drive Hits \$74,410

The receipts of the Grosse Pointe War Memorial's annual Family Participation Campaign reached the \$74,410.31 mark on Tuesday, June 9. The number of donors jumped to 4,489, compared to 4,069 a year ago.

The figure is more than \$10,000 above the amount donated for the same period last year. In 1963 the gifts totaled \$63,914.

Although the active campaign is officially over, Center leaders expect to continue receiving additional gifts. Donations, of course, are appreciated at any time.

Donors to the drive whose names have not been previously published include:

What Goes On at Your Library

By Virginia Leonard

June seems to be bustin' out all over—a bit coolly, we'll admit, but it's here, and with it comes a multitude of events, ranging from weddings to wieners roasts. Are you ready to handle Father's Day, picnics, vacations, graduations, the march down the aisle? If not, perhaps we can help you.

You might be surprised at some of our subject headings in our card catalog. For example, we have one for FATHERS; we doubt if the books suggested would necessarily help you out for gifts for Dad, but at least he has books written about him! As for a present, why not a book? Has he read Gene Smith's WHEN THE CHEERING STOPPED (the last years of Woodrow Wilson)? If he's a cloak-and-dagger buff, how about John Le Carre's THE SPY WHO CAME IN FROM THE COLD? And if foreign affairs is his meat, he might like Robert Murphy's DIPLOMAT AMONG WARRIORS.

As for cook-outs, we again respectfully direct you to our card catalog under both PICNIC and BARBECUES, where we have material both on cooking, recipes and building suggestions. We have a very large collection of 641 (COOKERY) material, so if you burn the steaks or ruin the shish kebabs, don't blame us!

If you've drawn a June vacation, and plan to spend it touring some part of the United States, we can offer Norman Ford's AMERICA BY CAR; the 7th edition is dated 1963. An interesting 3 volume set is Jane Norman's WONDERFUL PLACES TO TAKE CHILDREN, which covers the West (volume I), the Midwest and south (volume II), and the northeast and middle Atlantic states (volume III). As for European travel, the range is vast. There are many of the annual favorites such as Olson's ABOARD AND ABOARD, the Ford guides (both for Europe and separate countries), and Fielding's TRAVEL GUIDE TO EUROPE. W. J. Dunn provides ENJOY EUROPE BY CAR. If you want a dollop of humor, we'll suggest Kenneth Morgan's BED, BREAKFAST, AND BOTTLED WATER, which he subtitled: A cautionary travel guide to Europe. For the frugal student who must stretch each penny (like my nineteen year old son who is bicycling in Europe right now) we must

include Arthur Frommer's EUROPE ON 5 DOLLARS A DAY, Howard Stein's THE BUDGET GUIDE TO EUROPE, and F. E. Tyark's EUROPE ON A SHOESTRING. And bon voyage!

Do you have a June graduate on your list—either high school or college? Once again, we can suggest a book. One safe bet is always a dictionary—I should know as the aforesaid son received four at his high school graduation. And if this graduate is looking for a job or a career, once again our Libraries can possibly help him out. We have a vast and varied collection of books in our 371.42 category all dealing with these fields; this material, plus our pamphlet holdings are in constant demand by our high school patrons.

As for books on colleges and universities, we have quite a wide selection. It's a bit too late to use some of these, with most students already accepted by the college of their choice. However, you might want to know of their existence for future reference. S. C. Brownstein has HOW TO PREPARE FOR COLLEGE ENTRANCE EXAMINATIONS; D. R. Turner, HOW TO PASS HIGH ON COLLEGE ENTRANCE TESTS. The United States Department of Health, Education and Welfare offers FINANCIAL ASSISTANCE FOR COLLEGE STUDENTS. For overseas study we can suggest UNESCO's STUDY ABROAD, and Pan American World Airway's NEW HORIZONS IN EDUCATION: THE BENEFITS OF STUDY ABROAD. In general, there are always the varied offerings of Lovejoy and the COLLEGE BLUE BOOK, among others. And the best of luck to all of you come next September!

We still have all those June weddings to consider. For a gift—how about a cook book? As for etiquette, why not try E. A. Cole's THE MODERN BRIDE BOOK OF ETIQUETTE AND ENTERTAINING, as well as the old stand-bys such as Emily Post and Amy Vanderbilt? So—parents of the bride take heart—there is help awaiting!

So that is June—in a nutshell. I'm sure there are those of you who will remind me of annual banquets, scout outings, and other important events, but I do not aim at being definite—only suggestive.

June seems to be bustin' out all over—a bit coolly, we'll admit, but it's here, and with it comes a multitude of events, ranging from weddings to wieners roasts. Are you ready to handle Father's Day, picnics, vacations, graduations, the march down the aisle? If not, perhaps we can help you.

You might be surprised at some of our subject headings in our card catalog. For example, we have one for FATHERS; we doubt if the books suggested would necessarily help you out for gifts for Dad, but at least he has books written about him!

As for a present, why not a book? Has he read Gene Smith's WHEN THE CHEERING STOPPED (the last years of Woodrow Wilson)? If he's a cloak-and-dagger buff, how about John Le Carre's THE SPY WHO CAME IN FROM THE COLD? And if foreign affairs is his meat, he might like Robert Murphy's DIPLOMAT AMONG WARRIORS.

As for cook-outs, we again respectfully direct you to our card catalog under both PICNIC and BARBECUES, where we have material both on cooking, recipes and building suggestions. We have a very large collection of 641 (COOKERY) material, so if you burn the steaks or ruin the shish kebabs, don't blame us!

If you've drawn a June vacation, and plan to spend it touring some part of the United States, we can offer Norman Ford's AMERICA BY CAR; the 7th edition is dated 1963. An interesting 3 volume set is Jane Norman's WONDERFUL PLACES TO TAKE CHILDREN, which covers the West (volume I), the Midwest and south (volume II), and the northeast and middle Atlantic states (volume III). As for European travel, the range is vast. There are many of the annual favorites such as Olson's ABOARD AND ABOARD, the Ford guides (both for Europe and separate countries), and Fielding's TRAVEL GUIDE TO EUROPE. W. J. Dunn provides ENJOY EUROPE BY CAR. If you want a dollop of humor, we'll suggest Kenneth Morgan's BED, BREAKFAST, AND BOTTLED WATER, which he subtitled: A cautionary travel guide to Europe. For the frugal student who must stretch each penny (like my nineteen year old son who is bicycling in Europe right now) we must

include Arthur Frommer's EUROPE ON 5 DOLLARS A DAY, Howard Stein's THE BUDGET GUIDE TO EUROPE, and F. E. Tyark's EUROPE ON A SHOESTRING. And bon voyage!

Do you have a June graduate on your list—either high school or college? Once again, we can suggest a book. One safe bet is always a dictionary—I should know as the aforesaid son received four at his high school graduation. And if this graduate is looking for a job or a career, once again our Libraries can possibly help him out. We have a vast and varied collection of books in our 371.42 category all dealing with these fields; this material, plus our pamphlet holdings are in constant demand by our high school patrons.

How food fads

can fool you

By FRED KOPP, R. Ph.

We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitations—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

A pretty, pretty place for a tea is the Lakeshore road home of Dr. and Mrs. Clifford B. P. Loranger, with gardens stretching from the rear of the house all the way to the water's edge.

Next Thursday, Mrs. Loranger will open her home for an afternoon party, honoring new members of the Women's Auxiliary to Cottage Hospital. The Auxiliary's Executive Board will act as co-hostesses.

These ladies who work for Cottage have just completed a very busy and successful year, culminating in the general meeting held yesterday at the Grosse Pointe Yacht Club and the recent, always delightful, Spring Kitchen Tours.

Typical of the busy matrons who somehow-or-other find time to devote to a hospital or similar charitable cause is Mrs. Brent M. Smith, of Mt. Vernon road.

After helping to usher 586 women through her Country Kitchen on tour day, Mrs. Smith packed at 11:30 that night for Florida—then she and her husband missed their plane because of President Johnson's arrival ("We couldn't get off the expressway, into the airport!").

The Smiths finally made it to Florida, via a "local" flight, returned, spent a weekend opening their summer home in Canada, caught their breath in The Pointe for a few days, then headed for Albion College to pick up daughter Pamela. On Sunday, they celebrated their 23rd wedding anniversary.

Yesterday afternoon, they said good-by to Pam, off with the Albion European Study Group for a summer of Continental touring and classes at the University of Neuchatel, Switzerland.

Two of Pam's junior classmates from The Pointe, Mary Boccaccio, daughter of Dr. and Mrs. John L. Boccaccio, of Harbor Hill, and Susan Needham, daughter of the Charles Needhams, of Norwood drive, are also making the Grand Tour under Albion's aegis.

The girls boarded their plane at 4 o'clock and settled down for a peaceful flight over the ocean, but for the Smiths there was still no rest—they had to dash back to a 7:30 o'clock ceremony that evening, in Christ Church, and watch their 14-year-old son, Brad, receive his Eagle Award in Scouting.

Summer Theater Party

Sigma Gamma Association is sponsoring the Michigan premiere of "Becket" at the United Artists Theater July 1, at 8:30 o'clock. Proceeds will benefit the Education and Research Department of the Detroit Orthopaedic Clinic, a United Foundation agency, established in 1920 by Sigma Gamma.

Chairman of the film party ("Becket's" advance reviews, incidentally, have been raves), is Mrs. Lowry Kammer, of Lothrop road.

Committee members include Mrs. Elliott H. Phillips, Mrs. John B. Warren, Mrs. H. Gordon Wood, Mrs. James Humphreys, Miss Carole Williams and Mrs. Gordon Weller. The ladies plan to sell considerable tickets at the Association's June party, scheduled Wednesday, June 24, at 6:30 o'clock, in the Lakeland avenue home of Mrs. Charles R. Whitney.

Patron tickets are \$10 each, other tickets are \$5, (Continued on Page 17)

St. Ambrose Benefit Slated

A benefit card party is scheduled Tuesday evening, June 16, in St. Ambrose Parish Hall, Maryland and Hampton roads, for the Adrian Dominican Auxiliary, (Maria Hall Fund).

Center Offering Bridge Courses

Both beginning and refresher bridge courses will be taught at the Grosse Pointe War Memorial this summer. Classes will be under the direction of Mrs. Carrie Kiley who has conducted these courses for many summers at the Center, in addition to teaching in the Grosse Pointe Board of Education's Adult Program, in the "Y" Organizations, and many schools around the metropolitan Detroit area.

The Beginner's Bridge Course will be taught on Monday evenings from 8 until 10:30 beginning June 8 and continuing through July 27. In this series of eight two-and-one-half hour lessons Mrs. Kiley will teach the students the basic rules of the Goren System. The series is offered for a fee of \$8 per person. However, married couples may take it for a total of \$14. Advance enrollment is requested.

The Refresher Bridge Course is offered on Tuesday evenings also from 8 until 10:30 beginning June 9 and ending July 28. This series of classes is for people who have done some bridge playing before but would like to perfect their game and become familiar with the latest revisions of the Goren System. The price for this course is the same as that for the beginning and again advance enrollment is requested so that an even number of people are enrolled in the classes and so that the class remains of the size that every individual may get the attention he deserves.

Mrs. Kiley is extremely generous with her time and often comes to the Center a half hour early to help any students who are having special difficulties.

The classes include people of all ages from teens who are interested in acquiring a social skill and asset to older people who are interested in taking up a hobby which will be a challenge to their minds.

Clothing Drive Nets 7,450 lbs.

Forrest Geary, director of community services of the Grosse Pointe School System, reported that the "Save the Children Clothing Drive," which was conducted during May in the elementary schools fell 50 pounds short of the amount collected in last year's drive.

This year, 7,450 pounds of clothing were collected compared to 7,500 pounds last year. The slight drop was attributed to collections made for the benefit of victims in the recent local tornado disaster.

MARY McLEOD, of Norwood drive, was recently elected third vice president of Detroit Chapter, National Secretaries Association, for 1964-65.

Honors Granted To Nancy Coats

Miss Nancy J. Coats was honored at two ceremonies in which she was presented awards for outstanding achievements, one in orphanage group work and the other in business education.

Miss Coats, who was graduated from Marygrove College, Sunday, June 7, where she majored in Business Education, was cited Wednesday, May 27, by the Detroit Chapter of the American Red Cross for orphanage group work.

She was presented a Certificate of Recognition, under the Social Action Program sponsored by the ARC, for her three years of "outstanding service in the activities of Orphanage Group chairman."

The second presentation was an Award of Merit for outstanding achievement as a student in Business Education, given by the National Business Education Association and the National Association of Business Education Teachers. She received this award on Thursday, May 28.

The ARC award was for her work in connection with orphans and boys from broken homes at St. Francis Home for Boys, 2701 Fenkell avenue, Detroit.

Each week, Miss Coats took charge of one boy from the Home and became his "big sister," took him to her home for the week-end, treated him to movies and games, fed him and gave him the complete atmosphere of family life.

The youngster was made to feel that he was a part of the family, and given the run of the house, and taken everywhere. Each week, Miss Coats "adopted" a different "little brother."

Miss Coats, daughter of Woods Public Safety Captain and Mrs. Donald Coats, of Hunt Club drive, had the complete cooperation of her parents in this project.

In the matter of the second award, this was given to her for her services as a substitute teacher during her senior year in college. As part of her training, she taught Business Education classes in public, private and parochial schools in Detroit on Fridays, when regular teachers were unable to teach classes for any reason. As a "sub," she gained a great deal of experience.

This fall, she will teach Business Education in the Henry Ford High School, Evergreen and Seven Mile road, Detroit.

This Trading Technique Could Add To Investors' Income And Possibly Increase Capital Gains

Extra income can be gained by investors who place certain of their holdings with their brokers for custody and then sell through the broker Put or Call options against those securities. A premium is paid the seller by the purchaser of an option in return for the seller agreeing to buy (if a "put") or sell (if a "call") stated securities during the option's life. The broker, as an NYSE member, guarantees the contract.

If you are interested in utilizing your securities in this way your Option Department will be glad to explain how this technique may serve to protect present profits, increase future capital gains and, at the same time, provide extra income through the payment to you of the option premium.

Pointers stopping for polio sugar cubes at Barnes School on Sunday June 14 will find an extra added attraction—an old-fashioned ice cream social.

Members of the Barnes PTA, wearing straw hats and striped vests, will serve cake and ice cream, strawberries and chocolate syrup on the front lawn from 1 to 5 p.m. The cost will be 50 cents a person.

Chairman of the event is Leon Sehoyan, and members of his committee are: Bill Kokram, Dick O'Connell, and Frank Kaufman.

Sehoyan has asked that anyone interested in donating a sheet cake for the occasion call him at 894-8823 or O'Connell at 894-3046.

To Attend Convention in Colorado Springs

Two Pointers have earned a trip to Colorado Springs beginning June 14. They are Mrs. Samuel Ulmer and Mrs. W. James Mast. They are to attend the 45th Biennial International Alpha Phi Convention at the Broadmoor Hotel. Mrs. Ulmer is president of the local area alumnae and Mrs. Mast is the State Alumnae chairman.

They will be reporting on their groups' successful contribution to Cardiac Aid, the national Philanthropic project of Alpha Phi, as well as participating in the international election of officers and discussing other business matters and planning social events. Representatives from all over the United States and Canada will attend the convention.

Macomb Hospitals Ass'n. Installs New Officers

Mrs. Eugene F. McCafferty, of Nottingham road, turned over the gavel to incoming president, Mrs. Harold F. Jarvis, of Moross road, at the annual Auxiliary meeting of the Detroit-Macomb Hospital Association, held at Lochmoor Golf Club on Wednesday, May 13.

The DMHA Auxiliary is made up of two groups: the Detroit Memorial Hospital unit and the South Macomb Hospital unit.

New officers serving on the Executive Board for 1964-65 with Mrs. Jarvis will be the following: vice president, Mrs. Forrest Harwood, of Somerset road; treasurer, Mrs. Vincent O'Shea, of Warren; recording secretary, Mrs. Richard O'Donnell, of Warren; corresponding secretary, Mrs. Maurice Karlstad, of Warren; historian, Mrs. Archibald L. Selterlein, of Devonshire road.

Officers of the respective units are as follows: Detroit Memorial—chairman, Mrs. Eugene F. McCafferty; vice chairman, Mrs. George Peggs, Dearborn; secretary-treasurer, Mrs. George Herr, of Lathrop Village.

South Macomb unit—chairman, Mrs. Malcolm McLellan, of Warren; vice chairman, Mrs. Charles Kessler, of Huntington Woods; secretary-treasurer, Mrs. Lewis Marcetti, Jr., of Utica. Detroit Macomb Hospitals Association is currently constructing the 200-bed South Macomb Hospital, 12 Mile and Hoover Roads, and operates Detroit Memorial Hospital, 1420 San Antoine, Detroit.

It's poor business to jump at conclusions unless you're sure the conclusions are there.

Ladies Gather at Garden Party

Three distinguished guests, very active in garden association circles, were among ladies who gathered in Mrs. William M. Day's Lakeland avenue home Monday afternoon, for the Grosse Pointe Farm and Garden Club's annual June flower show and garden party.

Mrs. Lynn McNaghton, new honorary president of the Women's National Farm and Garden Association, brought with her Mrs. Alfred G. Wilson, of Rochester, recently elected president of the National Association, (first Michigan lady to head the national group in years).

Also present was Mrs. Clarence E. Maguire, of Lochmoor boulevard, new president of the Michigan Division of the Woman's National Farm and Garden Association.

The ladies were entranced by exquisite flower arrangement entries, beautifully displayed in Mrs. Day's hall, and the weather cooperated for a perfect party.

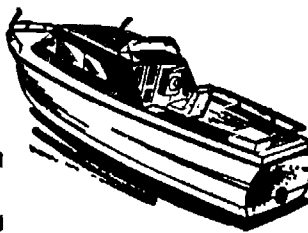

Sharing responsibilities with the hostess were co-hostesses Mrs. Ellis B. Merry and Mrs. George A. Bigley.

The fellow who claims he's not getting enough out of life is probably not giving enough.

13—REAL ESTATE FOR SALE

ANITA 20348, 3 bedroom, 2 car garage. Block to schools and churches. TUXedo 4-9818.

ATTORNEY'S Lakefront home, 3 bedroom, furnished, at Colchester, Canada, \$15,000. Zone 519-738-4783.

THIS IS THE FIRST and undoubtedly the last time this home will be mentioned in this column. We believe it to be the best four bedroom offered in the Pointe today, at this price. \$29,900 will whisk you into all the comforts you've desired in your next home. . . Family room, separate dining room, first floor lav., modernized kitchen, magnificent basement, and all on a large lot.

BE OUR GUEST, come Sunday—and stop by between 2:30 and 5 to personally inspect these homes. At #268 McMillan, we will show you an excellent example of a farm colonial which boasts three bedrooms and one and a half baths. When you see how the house "rests" comfortably on its 80' lot you'll understand why we call this one of the better buys in the Farms. Mr. Borland will be your host at #768 Fairfield Road. We are sure you will want him to explain the easy financing which has already been arranged for an effortless purchase. This single story residence is ready to move into. It has three bedrooms and two full baths, and that much desired family room.

YOU HAVE BEEN TEMPTED to call because this gem on Moross Place "shows" charm. But you only have seen the half of this house if you haven't been inside. Three gigantic family bedrooms and a paneled family room are sure to make this more than just an interesting house. When you realize that Kerby and Brown's schools and the Farms Pier Park are only minutes away, we believe you will know that this house is one to seriously consider.

IT'S FUN TO BE POPULAR, and this center hall colonial is the most popular type home today. If you have the family that must have at least four bedrooms on the second floor, and could even use a fifth bedroom, then this house on Grand Marais could be the answer. The kitchen is spacious and has all modern conveniences, plus a large breakfast room. Enclosed yard with plenty of space for the kids and/or dog. Truly this is realistically priced at \$42,500.

SITUATED ON WASHINGTON Road, a larger home with four bedrooms, re-done kitchen and that important extra room on the first floor. Priced to please at \$28,000.

YES, ANOTHER THREE bedroom in the Farms, and this one is on Merriweather Road. Now vacant and ready to be shown at a moment's notice. The charming detail in this colonial makes it stand out above all the rest in its price range.

IF YOU HAVE a penchant for contemporary and want to be tucked away on a quiet, dead-end street, then give this one some serious thought. Laid out in the tri-level plan, with two master bedrooms on the upper level and another large bedroom and cozy den just a few steps down from the tremendous living area. Only the most modern gadgetry and materials have gone into this home. Even if you don't like contemporary you might . . . after seeing this choice offering.

THE FRENCH have a flair for many things and their architecture is very much in evidence in this beautiful family home on Balfour Road. Four family bedrooms and two more for kids, maid's or hobbies. Large kitchen and breakfast room, and that all important library. Priced for a quick sale.

A tale of the Machine Age . . . one night last week, Mrs. Paul Marco settled down to watch the gardens of her Oxford road home, featured on a local television program, broadcast in color and black-and-white. The Marcos have a color TV set, and Mrs. Marco had looked forward to seeing her gardens reproduced in rainbow hues — until she suddenly realized that she had no idea how to "work" the color apparatus! Mr. Marco is the one who always adjusts the color control, and Mr. Marco was not home. Eventually, Mrs. Elmer Benzin, who had come to visit, intending to watch the show with Mrs. Marco, were able to see color programs for the rest of the evening. But by the time The Set had been "set" to everyone's satisfaction — the Marco garden TV segment was, (sigh!), long gone.

Glimpsed "on the Hill" . . . Mrs. James A. Remick, of University place, personification of High Summer, in bright red slacks, a white blouse tipped with red, and a vivid Navy blue sweater.

Idea for families of Brides-to-Be . . . Mary Lou Cody, who will wed Daniel August Miller next Saturday in St. Paul's on the Lakeshore, has a COMPLETE record of all her pre-wedding fuss and fun — thanks to Mrs. Frederick Kip Cody, of Stratford place, who followed her daughter about, to stores and showers and bridal parties, with a color picture-in-a-minute camera, snapping shots of every event at every opportunity.

Pretty Mother-Daughter Duo . . . Mrs. Howard A. Shaw, of Harbor Hill, and daughter, Bonnie, enjoying a Birthday Luncheon (Bonnie's), June 3. Dark-haired Betty Shaw wore a shocking pink suit flecked with white, while Bonnie, of the red, RED hair (a Shaw family characteristic; three out of five offspring have it), chose a suit in a sun yellow, bright-as-noon shade.

And speaking of Suits . . . Mrs. John M. Murphy, of Fair Acres drive, was seen last week wearing a spring-summer costume in a Kelly green shade, so bright it actually REFLECTED light!

McGuffey's Readers . . . taught pioneer generations of Americans their ABC's and the William Nienmetta family, of University place, is pleased as punch to be related, by marriage, to the McGuffey clan. Daughter Margaret Sarah Nienmetta was married to Robert McGuffey, of Marquette, on Memorial Day; the bridegroom's parents have a complete set of the famous Readers in their Northern Michigan home.

Spotted shopping last week . . . a "returned native," Mrs. Thomas L. Orr, Jr., in the Pointe for a brief visit with her parents, the Raymond Clark Leonards, of Merriweather road, deeply tanned from a trip to the Caribbean followed by sun bathing at her home in Connecticut. Young Timmy Orr, a blond like his mother, is just discovering how much fun one can have when one can walk about on one's own two feet.

PILFERINGS

"Another woman driver!" the husband growled as a car cut him off on a busy freeway. His wife just smiled. Later, as they drew abreast of the offender, it became evident that the roadhog was a man.

Unrepentant, the husband glanced at his now broadly grinning wife and growled, "His mother probably taught him to drive!"

Quiet reigned when the next-door neighbors, a family of ten, went on vacation. A few days later the stay-at-homes received a postcard from the travelers, asking: "How are YOU enjoying OUR vacation?"

City Offering Swim Lessons

The staff of Grosse Pointe City's Norbert Neff Memorial Park has announced plans for its first series of swimming lessons for residents of the City.

Taught by the guards of the park, the lessons will begin Monday, June 22, and are designed to cover the full range of swimming skills. The program will be set up on a graduated fish scale system similar to that used by the YMCA Swimmers will start as "tadpoles" and work up through "sunfish" and several other groups until they become "torpedoes" and competitors.

Efforts have been made to reduce the size of classes in order to assure closer student-teacher relationships and provide an atmosphere conducive to rapid learning.

Registration for this first session of swimming lessons began June 10 and will end on June 19.

The classification and schedule for the swimming program are as follows: Non-swimmers for those who have never been in the water and for those familiar with the water but with no knowledge of swimming skills) T, Th, Sat, 10-11 a.m.; Beginners (for those familiar with the water and with some knowledge of basic swimming skills) T, Th, Sat, 10-11 a.m.; Intermediate swimmers (for those who can propel themselves for a limited distance) Mon, Wed, Fri, 10-11 a.m.; Advanced swimmers (advanced skills will be taught such as back stroke, breast stroke and butterfly) T, Th, Sat, 10-11 a.m. and Competitive swimming, Monday through Saturday, 11-12 a.m.

Nursery Moving To New Home

Plans have been completed for the Grosse Pointe Woods Nursery Play group to use the facilities of the Grosse Pointe Woods Presbyterian Church when classes resume in the fall. A get acquainted tea was held at the home of Nancy Fife the evening of May 19, for new mothers and those returning to the group.

Openings are available for three year olds. Interested mothers should contact Barbara Zizzi, TU 1-5447.

The following officers from the Grosse Pointe area were elected at the final parents' meeting in March: Kay Bock, president; Margaret MacLeod, recording secretary; Marilyn Newa, corresponding secretary; Pat Antonelli, treasurer; Barbara Zizzi, membership; Rose Nickoloff, health; and Nancy Fife, delegate to the Greater Detroit Council of Cooperative Nursery Schools.

Pointers of Interest

Angela Fowler, Elsemia Nault, Dorothy Tomb and Florence Gobrecht, all leaving the Kelly, Martha Ream, Delma Champion, Rosalie Grosse Pointe Public School System.

By Janet Mueller

The Grosse Pointe Public School System is losing a lot of womanpower this June, and just about everyone concerned feels a bit "blue" about it (even, though some hesitate to admit it, the departing ladies themselves).

Among those on the School System's professional staff who are leaving or retiring after long service are the nurses and teachers pictured above—good-looking as a group, well-traveled and VERY articulate, each with special interests and accomplishments enough to fill an entire article.

Time and space make separate articles impossible, however; school is over and the staff is scattering fast, so in a few paragraphs, an attempt has been made to catch the essence of each lady, to give something of her background, her interests, her ideas, and her feelings at this time of ending-and-beginning.

Started Career In 1929
Angela Fowler began her teaching career in The Pointe in 1929, first at Cadieux, then at Tromly School, moved to Mair when it opened in 1936, and has been there ever since.

She received her Michigan Life Certificate from Michigan State Normal College, her B.S. degree from Wayne University and her M.A. from the University of Michigan, has traveled throughout the country, spent a week in 1956 at the Conservation Camp at Higgins Lake, and is staying in Detroit this summer.

"I have tripped all my life in the summer," she says. Now, with time available, she plans to enjoy Michigan's pleasant months in Michigan, to travel in the fall and winter, returning first to Mexico, (just about her favorite place in the whole world), later, perhaps, to visit the Orient.

Has Second Generation
A truly "professional" woman with a marvelous sense of humor, Angela Fowler is proud of all her pupils, many of whom have made their niche in business and the professions, and delighted to find in her third and fourth grade classes, boys and girls whose mothers and fathers she taught years before.

"I have always felt toward a child in loco parentis," she says, "and I have always had splendid support from parents, children, superiors and peers."

As a teacher, she has striven to instill in her pupils a sense of self-discipline and self-direction, to make them think for themselves and listen attentively, to stress character building, creating worthwhile citizens now and for the future, and to make learning an enjoyable experience.

She feels strongly that every child has talents to be developed, and that the poor or mediocre student is as worthy of a teacher's help and attention as the straight-A scholar. ("Who knows? The guy who rates a C may be your boss in '83" is one of her favorite quotations).

Many Outside Interests
And for those who think the teacher's day ends at 3:30, here follows a partial list of Angela Fowler's "extra-curricular" activities: Director of Grosse Pointe Teachers' Credit Union and member for years; member of Detroit Teachers' Credit Union; sponsor of Safety Patrol Boys and Service Girls; charter member of the Friends of the Grosse Pointe Library; charter member of the Grosse Pointe University of Michigan Club; Red Cross volunteer, (she earned a citation for hours of service during World War II).

Elsemia Nault, granted a Life Certificate by Northern State Normal School, Marquette, started teaching in Ironwood, Mich. (second and third grades), taught in Christopher, Minn., and Muskegon, Mich., before moving South, to The Pointe's

orchestras, has had many articles published in educational journals, has directed a number of orchestras, played for patients in several hospitals as a Gray Lady in Chicago, and served as a volunteer neuro-psychiatric center in Chicago.

Delma Champion, of Montclair School, is not retiring, merely moving—to the vacation home just outside of Harbor Springs where she and her husband, Cecil, have summered and enjoyed snatched weekends for 10 years.

Mrs. Champion will teach second grade in Petoskey. This is a return north for her; she was born in Iron River, Mich., received her B.S. degree from Northwestern University, and taught in Wisconsin and Wauwatosa, Wis., before coming to The Pointe, where she did some substitute teaching before she joined the Public Schools' staff on a regular basis.

Took Many Courses
She has also studied at Northern Michigan University, Wayne University, the University of Colorado, Hollywood Theater Community School and the University of Southern California at Los Angeles.

Excited at the prospect of a new "permanent" address and a new school, Mrs. Champion will regret leaving her friends here and the Pointe School System, which she describes as "one big family."

Rosalie Tomb makes her home in Notre Dame avenue and intends to stay in Grosse Pointe, the community she loves. She expects to thoroughly enjoy her retirement and looks forward to "seeing a lot of people I haven't seen in years."

She received her Teaching Certificate from Indiana State Teachers College, in Pennsylvania, was granted her Life Certificate in Michigan and earned her B.S. from Wayne University.

Additional study has taken her to the Universities of Michigan, Detroit, California, Wisconsin and Pittsburgh. She had substituted in Detroit and taught in Hermosa Beach, Calif., before coming to the Pointe in 1928.

She Follows Sports
High on her list of favorite pastimes is reading — "I take an awful lot of books out of the library." She likes to follow baseball and golf, (Arnold Palmer was born near her Pennsylvania home); loves good plays and is interested in nature study; and looks forward to planning and enjoying trips on a wherever-my-fancy-takes-me basis.

Florence Gobrecht's long standing "dream trip," to Egypt and the Holy Land, where her husband, Robert, was stationed during World War II, is expected to materialize "soon"—and Mr. and Mrs. Gobrecht are considering a return via Switzerland, with a few months' stop-over in the Alps.

Mrs. Gobrecht, of Kerby School, is resigning after 11 years with the Pointe School System. She received her B.S. from Wayne State, but also attended Western and Eastern Michigan Universities, and taught in Eaton County, Owasco and Lincoln Park prior to coming here.

She spent four years tutoring locally to teach first and second grade at Kerby.

Not included in the photograph, but deserving a special mention, is Violet (Mrs. Vernon) Cleverdon, on leave last year, who has decided to retire.

Mrs. Cleverdon earned her B.S. at Wayne State and came to The Pointe in 1927 as a grade school teacher, (second and third), at Defer, Mason, Montclair and Poupard. She has been the audio-visual coordinator for Poupard, her most recent school.

Table Setting Display Slated

Where table setting is concerned, there is always something new under the sun to stimulate the homemaker's creative instinct.

And the group of 17 table settings to be exhibited at the Charles W. Warren Company, 1520 Washington Boulevard, in Detroit, in honor of the American Home Economics Association Convention being held in Detroit, June 22 through 26, will offer no exception to the rule. Tables may be viewed from 9:30 a.m. to 5 p.m. Monday through Friday, in the galleries opposite the Statler-Hilton Hotel.

Exhibits will be displayed on the three levels of the store as well as in the center front window and will provide a wide variety of table settings for all hours of the day and the many occasions occurring in the daily life of the average family.

The Warren exhibition, presented in cooperation with the Detroit Dietetic Association, Detroit Home Economics Association and Detroit Home Economists in Business, joins the national table setting contest sponsored by the Gorman Silver Company in ten major cities. With the contest dates coinciding with local convention dates, the three groups were invited to participate in the event.

Viewers will be asked to vote on nine of the tables, prepared by club representatives with the help of the Warren staff. The winning table and its representatives will be sent to New York in October to enter in competition with other winning tables from nine other cities in the United States. The winning award will be \$1,000.
