FOR THE FIRST TIME since he became Chief Executive, President Johnson took steps last night to invoke the Taft-Hartley law in an effort to bring a quick halt to the International Longshoremen's Association dock strike. The walkout became inevitable when negotiations broke off at 3 p.m. yesterday afternoon. He appointed a three-man fact-finding board to determine whether the strike would constitute a national emergency. When the report is made, the President can order the Department of Justice to seek the 80-day cooling-off period injunction provided by the law.

A FEDERAL COURT issued a restraining order yesterday halting the day-old International Longshoremen's dock strike. Judge Frederick vanPelt Bryan signed the order, effective for 10 days, after the Justice Department filed papers on the orders of President Johnson. At the hearing next week the court could order that any strike be delayed at least 70 more days. During the cooling-off period, mediators will continue to seek a solution to the bargaining points. Officials said the speed of the injunction action, made possible by the Taft-Hartley Act, was to their knowledge, unparalled.

"IN THE INTEREST of national security," the Federal government Friday dropped its case against Alexandre Sokolov and his wife, the Russian couple accused of spying. The trial would have revealed the names and addresses of witnesses, which included FBI men and counter-espionage agents. It is said the government felt that it would lose more than it would gain if it had to present this evidence to convict the pair.

ADDITIONAL LAYOFFS IN non-struck plants and an order for temporary cutoff of steel shipments were the new effects of the United Automobile Workers strike against General Motors. Bargaining efforts, however, continued but the progress was reported slow in clearing up the issues and grievances.

HURRICANE HILDA, sending off a tornado yesterday that killed 20 persons as it touched land, headed toward New Orleans, La., which was busy boarding and shoring up. The tornado, a side effect of the hurricane struck Larose, La. and other tornadoes ripped across the area bringing lesser damage. President Johnson telephoned Gov. John J. McKeithen of Louisiana and offered Federal assistance to the devastated areas.

IT WAS REPORTED yesterday that the United States believes the tide may have turned in favor of the Tshombe Government in the Congo in the war against leftist-led rebels. It is thought that the rule of Premief Moise Tshome, backed by the United States, was gradually gaining military superiority over the rebels. The Congolese Army, led by mercenaries, supported by United States aircraft and assisted by well-trained former Katanga soldiers, is not suffering the continuous defeats it had previously.

IT WAS LEARNED yesterday that during the weekend the largest mass escape from East Berlin to West Berlin occurred in a narrow tunnel dug from the west side. Twenty-three men, 31 women and three children crawled in groups of two and three through the route in the most massive escape since the Communists built the Berlin Wall in August, 1961. When the tunnel was discovered by East German guards Monday, several shots were fired and one East German guard was wounded. West Berlin officials said the tunnel was dug by several young West Berliners to get friends and family members to the West. They were not identified.

Farms Pays Schools for Building Use

Reimburses System for Increased Costs While Police Were Occupying Old Kerby

The Farms Council on Monday, October 5, approved the payment difference in the cost of the light, power and fuel incurred while police personnel and equipment were quartered in the Old Kerby School Building, during the remodeling of the police station.

The police used the school edifice, a supply building for the Grosse Pointe Public School System, from August 1, 1963, to September 10, 1964, when the remodeling and refurnishing of the station was completed.

The total difference paid by the Farms was $2,010. The School System did not charge the city rent for the building while it was being occupied.

The council read a letter from J. H. Husband, assistant superintendent of Administrative Services, in which he compared the costs of fuel and utilities from August 1, 1962 through August 1, 1963, while the building was being used by the System: and August 1, 1963 through August 1, 1964, during the police occupation.

During the 1962-63 period, it cost the System $274.67 for light and power, and $971.46 for fuel; whereas, during the 1963-64 period, the cost was

Citizens Committee Starts Work Entailed in Staging Annual Halloween Parties

Forrest Geary Again Chairman; Four Separate Gatherings Will Be Held In Four Schools On Saturday Night, October 31

A citizens committee representative of Grosse Pointe community organizations met Tuesday evening, September 29, in the High School annex to plan the details of the 1964 Community-wide Halloween parties.

Grosse Pointe's Annual All-Community Halloween parties for junior and senior high school young people have for 24 consecutive years attracted thousands in this area's schools to a holiday evening of top entertainment, dancing, movies and refreshments.

The committee under the chairmanship of Forrest Geary announced that four parties have been scheduled for Saturday, October 31, as follows: Grosse Pointe High School, 7:30 to 12 p.m.; Parcells, Pierce and Brownell Junior High Schools, 7:30 to 11 p.m.

Tickets for the festivities may be purchased in advance at all public, private and parochial schools in Grosse Pointe and will be 25 cents. Admission price at the door will be 50 cents. Contributions from local municipalities, organizations and individuals pay the major share of the cost of the parties.

Working with Mr. Geary will be Arthur E. Louwers, vice-chairman, Mrs. Kennard Jones, secretary, Arthur C. Dannecker, treasurer.

Those assisting in the planning session were: Mrs. Henry Vaughan and Mrs. William Newnan, Grosse Pointe University School; Mrs. Walter Griffith, food committee; Richard Robbins, Parcells; Mrs. William Westhoff, food committee; Pierce; Charles E. Saltzer, E. Erikson, Mrs. H. Donald Bliss, food committee, Brownell; Mrs. Lester Spitzley, food chairman Grosse Pointe High School Mothers Club; Henry Kinzie, Grosse Pointe High School Dad's Club; Sgt. I. A. Separate District Groups Struggle for GOP Victory

Two men who fought for the right to head the Republican organization in the Fourteenth Congressional District are commanding separate groups in the campaign to carry the district for GOP candidates in the November 3 election.

Richard Durant, long time boss of the official GOP organization, is in charge of the district's headquarters at 15316 East Warren.

Jack Matheus who was named district campaign chairman by GOP State Chairman Arthur G. Elliott, is running his operation from offices at 10711 Whittier. The same address is headquarters for Republican Citizens . . . Fourteenth District, the organization pledged to oust Durant and bring new leadership to the faction-ridden district.

Both sides say they are working for a "top-to-bottom" Republican victory in the election.

Among the Matheus group, however, there is suspicion that some of Durant's troops have little interest in the reelection of Gov. George Romney or the election of other so-called party moderates.

Some Duranters are equally skeptical that the Matheus-headed organization is doing all it can to attract votes for Senator Goldwater, the GOP presidential candidate.

"Our organization is working for the entire ticket, from Goldwater on down, and we are cooperating with Durant's people in a round-about way," said Matheus.

"Precinct delegates who back Durant and are working for the entire ticket receive our co-

Burglar Takes Stereo, TV Sets

A stereophonic set and a 21-inch television set were removed from the residence of Beau R. Moss at 477 St. Clair sometime during the period between September 27, when Mr. Moss entered a hospital, and October 4, when he returned home.

According to City police, there were no signs of forced entry. Although the front door was locked, the back had been left unlatched so that a friend could feed Mr. Moss' bird. Wires attached to the two sets were cut with a knife from the kitchen.

Nothing else was disturbed in the residence and the total value of the missing items was estimated at $525.

Woods to Extend Scope of Street Repair Program

Council Votes to Make Improvements in Five Areas; Recreation Proposals Referred to Parks Commission for Recommendations

The Woods City Council at its regular meeting Monday, October 5, voted to extend its street improvement and repair contracts in five different areas.

Concrete work will be done on Charlevoix between Hampton and Roslyn; Hawthorne between Goethe and Charlevoix and Eastbourne between Littlestone and Broadstone.

On Wedgewood south of Sunningdale and on the cul-de-sac of Virginia lane asphalt repairs will be made. Improvements also include the widening of Manchester, west of Mack to create angle parking for 17 automobiles.

The council gave the contract for the purchase of a tractor to International Harvester, and the Miller Equipment Company of Detroit received the contract for a brush chipper.

Action on additional ice skating rinks, three shuffle board courts at the lake front park and the planting of trees in Ghesquiere Park was referred to the Parks and Recreation Commission.

The council also approved emergency repairs to the swimming pool at the lakefront park. No bids were received, however, for the construction of tennis courts at the lakefront park.

7 Cases Heard In City Court

Judge Malcolm J. Sutherland heard five cases in City Justice Court on Tuesday, September 23.

In two cases, the defendants were found guilty of driving without due care and circumspection and fined $20. They were Mary Ilean Gagnon of 2100 Van Antwerp and Douglas Harmon of 346 Belanger. Both had been involved in separate accidents.

Adam Betleja of 927 Dickerson, Detroit, had his charge of violating the Drunk Motor Law reduced to guilty of reckless driving. He was fined $50.

Judge Sutherland also found Eruel James, Jr. of 1307 Lenox, Detroit, guilty of reckless driving and fined the defendant $50.

Arthur Waterfall II of 285 Kenwood court was found guilty of speeding in a 30 m.p.h. zone and fined $10.

On Monday evening, September 21 Judge Douglas L. Paterson heard two cases which had been delayed. George C. Mantho of 1067 Bedford pled not guilty to a charge of speeding 45 m.p.h. and was found not guilty.

Michael Martin of 4420 Courville, Detroit was also found not guilty. He had been charged with being a disorderly person.

INJURES SHOULDER

Farms fireman took Mrs. Virginia Brown, 58, of 261 Kerby road, to Bon Secours Hospital on Friday, October 2, for treatment of an injured shoulder. She suffered the injury when she tripped and fell in the garage on her property.

Bicycle Law Ignored by Many Riders

Enforcement Varies in Different Municipalities; Lights Required in All Five Pointes

Traffic ordinances governing the operation of bicycles are generally the same in all of the Pointes, but enforcement varies in each of the communities, with the City having no "teeth" in its laws.

The only "stiff" requirement, according to a City ordinance, is that no bicycle riding is permitted in the business area during business hours; and the purchase of a bicycle plate license is mandatory.

No violation tickets are issued to any cyclist who violates any law, such as riding two on a bike, or going through a red light or stop street, without stopping. The issuance of violation tickets is not set up in the present ordinance.

Ticket Means Little

In the Park, Woods, Farms and Shores, juvenile violators are given tickets, which they must take home to be read by their parents or legal guardians who must sign the ticket before it is returned to the respective police departments and filed.

In these four Pointes, chronic offenders can be charged in Juvenile Court. The 17-year-olds and over, if cited for an offense, can be tried in Municipal Court.

According to the ordinances of all of the four Pointes, cyclists must obey all traffic laws, if the cyclists are permitted the use of public streets and sidewalks, just as do drivers of motor vehicles. Failure to obey these laws is a misdemeanor.

Must Have Light

Every bicycle in use at night, in all the Pointes, must have a lamp on the front which shall emit a white light visible from a distance of at least 500 feet; and a red reflector visible from all distances from 50 feet to 300 feet.

No person shall operate a bicycle unless it is equipped with a bell, or other device capable of giving a signal audible for a distance of 100 feet. Sirens and whistles are prohibited. Brakes are required.

Recently, the Woods amended its ordinance to prohibit any juvenile to ride his or her bicycle after dusk, without first obtaining a permit from the Department of Public Safety. The permits will not be issued if it

Park Awarded Two NSC Achievement Certificates

The Park was presented two Certificates of Achievement, in a Traffic Inventory Analysis, sponsored by the National Safety Council of Chicago.

The presentation was made at the regular monthly meeting of the Grosse Pointe Traffic and Safety Committee meeting held at the War Memorial Center on Wednesday, September 30.

The Certificates of Achievements were for the Maintenance of Accident Records, and for School Traffic Safety Education.

Park City Manager Robert Slone accepted the awards on behalf of the city and the Police Department, in the absence of Mayor Matthew Patterson, who was out of the city.

Making the presentation was Sgt. Michael Sibal, of the Michigan State Police Traffic and Safety Division, and representative of the National Safety Council.

Also representing the Park were City Clerk-Treasurer Charles Heise, Police Chief Arthur Louwers, and Park Cpl. George Blair, school safety officer.

Representing the Grosse Pointe Board of Education, on the awarding of the School Traffic Safety Education certificate were Trombly School Principal Frank Welcenbach, and Dr. Glen Cooper, principal of Defer School.

The plaque will be on display a short time at both Trombly and Defer Schools, before it will be placed on permanent display among the many others in the Police Department, according to Chief Louwers.

He said that it was only fair

Registrants Gang Up in City Offices

Final Day for Registrations Sees More Activity in Preceding 30-Day Period

Last day registrants meeting the October 5 deadline for registration, to qualify as voters in the November 3 presidential election, swamped the Pointe municipal offices, it was disclosed by the various city clerks. The number of registrations for Monday alone, it was said, totaled 985.

The one day total nearly equaled the entire number of registrations in the 30 days prior to the September 1 primary election, which totaled more than 1,282. The Shores did not have any figures available for the 30 days before the primary.

The total number of persons in the Pointe on the rolls qualified to cast their ballots at the November 3 election, now stands at 36,240, it was disclosed.

Must Be Weeded Out

However, it was pointed out by each of the city clerks, that the number on the rolls in their communities include names of persons who have moved, died, or did not cast a ballot within the last two years.

According to State law, persons who have not voted within the last two years, must reregister if they wish to qualify to vote in any future election. The law requires each city clerk to "weed" out the names of persons who have lost the right to vote, by December of each year.

The following are the figures released by the city clerks in the Pointe:

Park — October 5 deadline, 395 persons registered; total registration 30 days prior to the September primary, 279; total number of qualified electors on the rolls, 9,371.

City — October 5 deadline, 173; prior to the primary, 95; total number of qualified voters, 4,518.

Farms — October 5 deadline, 134; prior to the primary, 350; total number of qualified voters, 8,320.

Woods — October 5 deadline, 258; prior to the primary, 548; total number of registered voters, 12,381.

Shores—October 5 deadline, 25; prior to the primary, figures not available; total number of registered voters, 1,650.

The city clerks and other Pointe officials, urge those who are eligible to vote, to exercise this precious franchise at the November 3 presidential election, regardless of who is their choice for the highest office in the land, and for state and federal offices.

They repeat an old familiar phrase, "Vote as you please, but please vote."

Errant Driver Fined in Court

Edward R. Thorpe, 19, of 2356 Pontiac road, Pontiac, was arraigned before Shores Judge John Gillis on Wednesday, September 30, on a charge of reckless driving and causing an accident, and was found guilty.

Judge Gillis imposed a fine of $75 against the motorist, who the arresting officer said, had been drinking.

In his report, and testimony in court, Patrolman Gordon Swartz stated that he observed Thorpe driving at a fast pace north on Lake Shore road, on the September date, and at number 984 he paced the driver at 50 miles an hour, and at number 1100, Thorpe was traveling at 70 miles an hour.

Near 1100 Lake Shore, Thorpe lost control of his car and it jumped the curb, running into and knocking down a curve direction sign. He was not injured.

The youth was taken to the station where he was issued a ticket for reckless driving (drinking), and held until the court hearing.

MISSING SIGN

City Police Officers Foster Mauck and Virgil Beaupre reported early Wednesday morning, September 30, that the City of Grosse Pointe signs at the corner of St. Paul and Fisher was missing.

"We are disappointing our own precinct captains in precincts where the delegates are not working for the entire ticket."

Matheus asserted that Fourteenth District Republicans stand "an excellent chance" of electing at least four legislative candidates this year. State Rep. Robert E. Waldron, who is running for reelection, is the district's only representative incumbent in the legislature.

The legal battle over the district chairmanship was before the State Supreme Court this week.

Durant asked the court to reverse a Wayne County Circuit Court decision clearing the way for the Republican State Central Committee to investigate the manner in which he was elected chairman at the district's convention September 12.

Elliott has yet to name members of an investigation committee. It was expected that no action would be taken before the election or before the Supreme Court rules on Durant's appeal.

Two Sailors Report To Command Ship

Bruce J. Strachan, seaman apprentice, USN, son of Mr. and Mrs. Donald H. Strachan of 734 Neff road, and Gregory H. Miller, seaman apprentice, USN, son of Mr. and Mrs. H. R. Miller of 793 Notre Dame, both of Grosse Pointe, Mich., recently reported aboard the command ship USS Wright, operating out of Norfolk, Va.

Wright contains specialized communication equipment designed to control Task Force and Fleet operations. She is conducting training operations off the Atlantic Coast to increase her combat readiness and efficiency.

No man can run up the hill of progress by running down his next door neighbor.

Belated Report Discloses Another Robbery in Shores

The number of burglaries that were reported to have occurred in the Shores on September 21 and 22, jumped to 14, when a Shores housewife made a belated report on Saturday, October 3, disclosing that a large sum of money was taken from a wallet in her purse.

Mrs. Edward Kuczynski of 75 Shorecrest circle, told police that $180 in the purse was not missed until several days later, when she looked into her purse and discovered the empty wallet.

She said that on one of the dates that the burglaries took place, her pet dog began barking, but she thought this was because the pet heard a neighbor coming home. When she arose in the morning, she found the east side door of her house slightly ajar.

She said that on October 1, she looked into the purse, which was in the dining room, and found $180 missing. There is a possibility that $5 in change had been taken from another purse, but she is not sure, Mrs. Kuczynski said.

Police Chief Fred Duemling said that there are no clues, so far, as to the identity of the two suspects reported to have been seen in the area of the burglaries. One suspect was shot at by two policemen, who were chasing him, but escaped.

During the two-day September crime wave, 14 burglaries, including that reported by Mrs. Kuczynski, and five attempted burglaries were reported in the Shores, the worst outbreak at any one time in the Shores history, according to Chief Duemling.

The same burglars were also believed to be responsible for three breakins in the Woods on September 19, nothing taken; and two burglaries were reported in Harper Woods on September 21.

The Harper Woods homes were looted of a total of $9,000 in cash and jewelry, police said.

The loot from the Shores homes entered, totaled $476.40, according to police reports.

Farms Pays

(Continued from Page 1)

$849.77 for light and power, and $2,406.39 for fuel.

In deducting the costs normally paid by the School System, from the costs incurred by the Farms, the city must pay a difference of $575.10 for light and power; and $1,434.93 for fuel.

"I presume," Husband stated in the letter; "the differences are accounted for by the fact that during the past year the building was used seven days a week and 24 hours a day. We used the building approximately 20 hours a week and we kept the thermostat around 60 degrees."

In computing the difference, Husband stated, "we want to be fair to our neighbors."

The Farms council expressed its appreciation to the School System for the use of Old Kerby School, and voted to pay the total $2,010.03 difference.

Park Wins Safety Awards

At the Grosse Pointe Traffic and Safety meeting held at the War Memorial on Wednesday, September 30, the National Safety Council presented the Park with two awards, one for Maintenance of Accident Records, and the other for School Traffic Safety Education. Because of the fine cooperation received from the Pointe Board of Education, the Board was represented by Frank Welcenbach, principal of Trombly School (left), holding the School Traffic Safety Education plaque; and DR. GLEN COOPER, principal of Defer School (second from left). Holding the other plaque is Park City Manager ROBERT SLONE. Others in the picture are Park City Clerk CHARLES HEISE and SGT MICHAEL SIBAL of the Michigan State Police, who made the presentation on behalf of the NSC.

Pointe Theater Readies Farce

"See How They Run" is the title of the riotous farce-comedy set to open the Grosse Pointe Theater's season November 6 at Fries Auditorium. The fast-moving play under the direction of Mrs. Donald White will run for two weekends including performances on Sunday, November 8 and Thursday, November 12.

The word "Run" in the title is not figurative in this comedy by Philip King. It requires hardy actors and durable sets. Handling the execution of the difficult set designed by Tom Stein is Chuck Chrisman, technical director. Chuck's theatre background includes activities at Grosse Pointe High School and The College Players. Georgia Harrison, producer; and Ann Grindstaff, stage manager, complete the production staff.

Some of the "hardiest" actors in the Grosse Pointe area are cast in this refreshing comedy which had a successful run of over a year in London. Playing leading roles are Eileen McCabe as Penelope Toop, a former American actress married to an English vicar. Ron Friedrich of 394 Rivard boulevard is cast as Clive Winton, an old friend of Penelope's acting days, now an American G.I. stationed in England.

Other Grosse Pointers playing featured roles are George Wilson as The Bishop of Lax, and Tom Stein as Rev. Humphrey. Also in the cast are Donald White as Rev. Toop, Barbara Trudel as Ida, (a maid), Gigi Gaggini as Miss Skillon, Bob Blow as Sgt. Towers, and Larry Marco of G.P. Wds. as The Intruder.

The comedy to be presented November 6, 7, 8, 12, 13, and 14 will open the theater's third season at Fries Auditorium. Curtain time for Thursday, Friday, and Saturday performances is 8:30 p.m.; Sunday, 7:30 p.m. Ticket information is available through a 24-hour answering service, phone TU 4-2710.

Michigan Supreme Court To Hear Park Land Dispute

The Michigan State Supreme Court, after reviewing briefs prepared by opposing attorneys, agreed to hear the case on the rezoning of property in the Park's proposed civic center, from commercial to residential.

The Supreme Court decision pertained to an appeal made by the William J. McBrearty family, and the Brandau family both of Detroit, in which the families are seeking to upset a twice-ruled circuit court decision to deny the families' petition for the rezoning.

The court litigations were instituted by the McBrearty Family, which sought to have the lots in the Park's proposed civic center, directly opposite the Municipal Building in Jefferson avenue, rezoned from residential, to commercial. The family contended that the lots are in a commercial zone, and therefore, the Zoning Ordinance terming the lots residential was unconstitutional.

The McBreartys want to sell their property to a gasoline company, and had sought a permit in November 1961, to construct a gas station on their lots, known as Lots 623 and 624, at the southeast corner of Lakepointe, at Jefferson. The permit was denied by the Park Department of Public Works.

On January 8, 1962, William J. McBrearty, an attorney and co-owner of the lots, appealed to the Park council, sitting in as a Board of Appeals, to rezone the property, and to order the issuance of a permit for the construction of the gas station.

When the Board of Appeals refused to accede to the request, McBrearty announced that he would file suit, and did, on February 23, 1962.

On June 26, 1963, the matter was heard in the Ninth Judicial Circuit Court, in which Judge Raymond W. Fox of Kalamazoo, presided. After hearing presentations from both sides, the judge ruled in favor of the Park.

McBrearty asked for a rehearing, contending that he had not been completely heard. The case was again heard before Judge Fox, who on March 7, 1964, again ruled in favor of the Park.

The McBrearty family announced that they would appeal to the State Supreme Court.

Last July 24, Park City Attorney Richard Rohr filed a brief on behalf of the city, in which he presented reasons why the high court should not hear the petition of the McBreartys, and moved for a dismissal of the family's petition.

On September 3, the McBreartys presented their brief, asking the high court to reverse the decision of Judge Fox.

After studying the briefs presented by the principals, the Supreme Court justices determined that enough evidence had been presented to prove that a question was involved, and they agreed to review the case.

Park City Manager Robert Slone said that although there are a total of seven lots, all located in the Windmill Pointe drive subdivision, two of the lots are owned by the McBrearty family, and one owned by the Brandau family. The latter are awaiting the outcome of the suit, to determine what will be done with their property.

The city manager also said that three other lots, not a part of the disputed land in the civic center area, are owned by the McBreartys. These are located on the Southwest corner of Westchester and Nottingham, in Jefferson avenue.

On August 10, the Park council approved the purchase of Lot No. 482, owned by Shores Justice of the Peace John Gillis of 74 Vernier road, and two shareholders. All three are owners of and have offices in the Professional Building in Jefferson, near the lot. The purchase price was $19,500.

The Park, with the purchase of Lot No. 482, owns four of the lots in the proposed civic center area.

Two of the lots adjoin that owned by the Brandaus, at Pemberton and Jefferson, abutting the Michigan Bank Building, between Barrington and Pemberton.

Slone disclosed that he has been authorized by the city council to secure the services of Louis Redstone and Associates, an architectural and planning firm, to prepare preliminary plans for the development of Lots 481 and 482, located between Pemberton and Lakepointe.

The city manager said that plans call for the development of the lots for off-street parking and as a park area. The plans will be ready in a few weeks, he said. The city council recently approved the plans.

He said that the parking area and park were recommended by the Park City Planning Commission, and has the approval of the Windmill Pointe drive subdivision residents. The park will be heavily landscaped, he pointed out.

The development of the other lots, Slone said, will depend on the outcome of the McBrearty lawsuit.

Reports Robbery At Gas Station

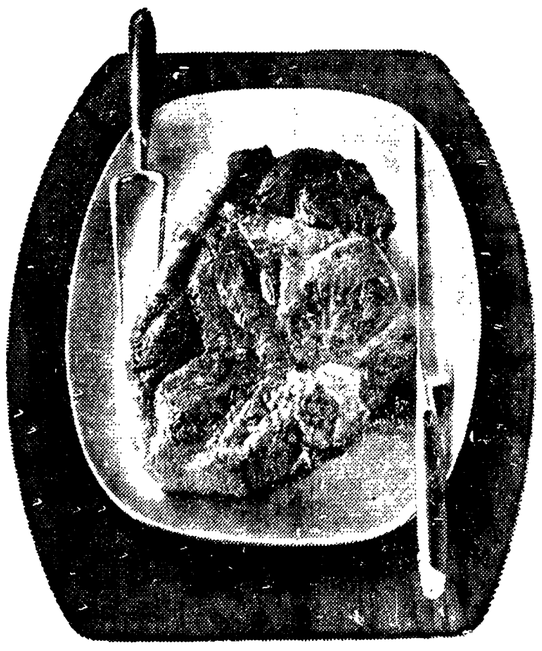

A robbery at Clark Gas Station, at Woodhall and Mack avenue, Detroit, was reported to City Police in the early morning hours of Friday, October 2.

Harold Tong, of 1215 Grey, Detroit, was working at the station during the holdup and ran to the residence of R. W. Crowther at 790 University place, screaming that he had been robbed.

He told Police that he went to the Crowther home because it was the only house with a front porch light on. Approximately $18 was taken.

REPORTS THEFT

E. W. Stekler of 221 McMillan, reported the theft of a man's nylon ski jacket from the front porch of his home. The jacket is valued at $25, he told Farms police on Monday, October 5, the date of the theft. He also said that a sterling silver identification bracelet, worth $20, was in the pocket of the jacket.

Fate and Honesty Team Up Make Wedding Day Happy

A wedding in St. Paul's Church this Saturday, October 10, will be a bit happier, a bit gayer than it might have been a week before.

And all because of the thoughtfulness, kindness and persistence of a Grosse Pointer and the police department of Grosse Pointe City.

Susan Munk, of Sunset road, went shopping with her fiance, Charles L. Howe, of Fisher road, last Friday night at Eastland for furnishings for the apartment they will occupy following their wedding trip.

As any busy, young bride-to-be is, Miss Munk was forgetful. She kept leaving her handbag at the various stops they made. And as any farsighted, responsible young bridegroom should, Mr. Howe worried.

In her handbag, after all, was her cashed pay check from Ford Motor Company. She was using some of it toward their mutual purchases.

He suggested, since she was so absent-minded, that he take the envelope containing the money and keep it in the inside pocket of his suit jacket.

Dutifully, Miss Munk followed the hint. They finished shopping, left for Mr. Howe's home for a visit with his parents, stopping for cigarets along the way.

They spent a happy evening admiring gifts and talking about their plans before Mr. Howe took his fiance home.

The next morning, however, both homes were covered with gloom when the carefully protected money was discovered missing. Although they kept repeating "it's only money," the new apartment, it would seem, would have less furniture than they hoped.

The couple contacted the Harper Woods police because it was a sure thing then that the money in the envelope had been lost in the Eastland area.

But the Harper Woods police had found no trace and the gloom thickened.

Meantime, on Saturday morning, Mrs. Mildred Donovan of Lincoln road stopped at the Farms Drug store at the corner of Fisher and Kercheval. There on Fisher road was an envelope, dirty and beat up from the many tires that had gone over it.

Mrs. Donovan says it's not her custom to pick things up from the street but something told her to this time. In it was $120 in small denominations and a slip of paper telling the earnings of one employe at the Ford Motor Co. The only identification on the paper was a social security number.

It's a lot of money to find but Mrs. Donovan knew what to do with it. She took it immediately to the Grosse Pointe City police department.

From that minute on, Sgt. Douglas Allor of the department took over. At the crack of dawn on Monday morning, Sgt. Allor began calling the Ford Motor Co. in search of a name that went with a number.

This is no small feat. For approximately six hours, he phoned plant after plant, department after department and supervisor after supervisor. But he never gave up. Finally in the middle of the afternoon he found a plant, with a department, with a supervisor who could give him a name to go with that social security number.

Susan Munk.

Remember that pack of cigarets the couple bought on the way home? They bought it at Farms Drug store.

That night the gloom lifted, Saturday seemed brighter. That apartment in Dearborn seemed more completely furnished and the goodness of Grosse Pointers more meaningful.

Guidance Clinic Reveals Staff

The Northeastern Wayne County Child Guidance Clinic, officially opened September 28 in a six-room suite of offices at 18424 Mack avenue, has a dedicated—if temporary—staff, borrowed from Wayne County's Children's Center.

Dr. Hunter Comly is the psychiatrist; Dr. James Benjamins, the psychologist. Alexander Campbell is the chief psychiatric social worker. Jean Beneker is the social worker, while Mona Adlan serves as secretary, (Miss Adlan is a permanent member of the staff).

It's impossible to find a good substitute for reliability.

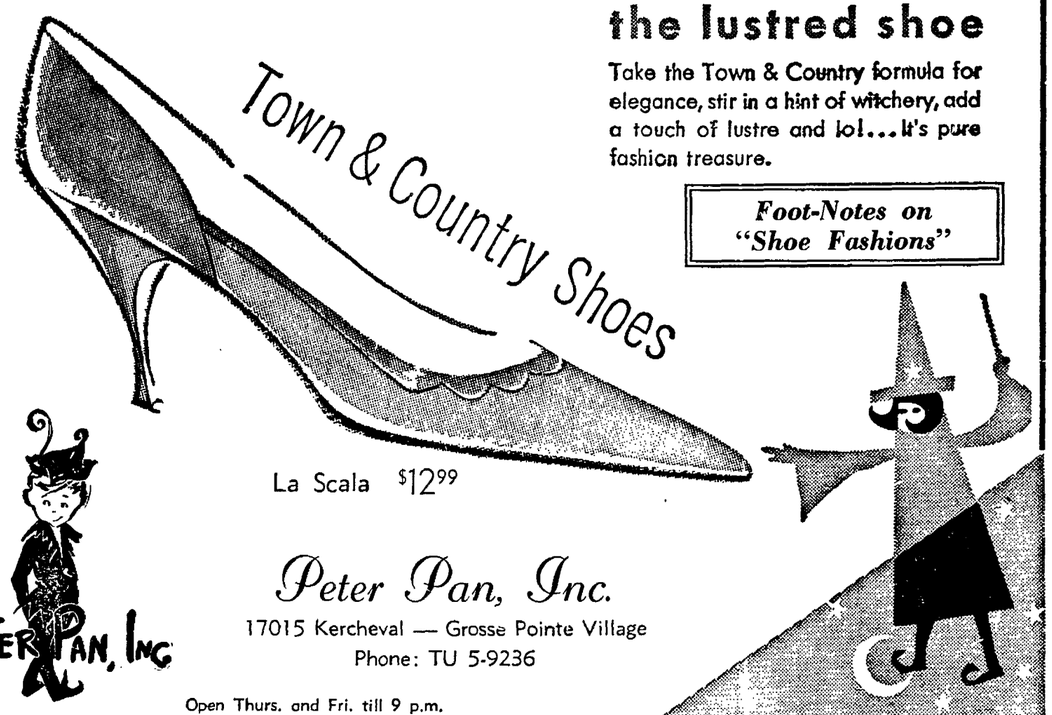

CAR DAMAGED

James Sendo, head of Driver Education at the Grosse Pointe High School, complained to Farms police on Tuesday, September 29, that the left rear fender and tail light of a car used in his training classes, was damaged at the Municipal Pier-Park, where it had been parked since 5 p.m. the previous evening.

Expert to Talk On Investments

The founder of the Investment Club movement, George A. Nicholson, Jr. will be the next speaker in the series "Your Guide to Wise Investing" being co-sponsored by the Grosse Pointe War Memorial Association in Fries Auditorium.

On Monday evening, October 12, at 8 oclock Mr. Nicholson will talk on the subject "Keeping Abreast of the Market," a presentation similar to the one he gave last year in Ford Auditorium on the occasion of the Detroit News' Investment Forum

Mr. Nicholson will present to each person in the audience a book put out by the New York Stock Exchange entitled "Understanding Financial Statements." He will then dwell on the use of the Wall Street Journal and Business Week stressing the necessity of reliable information.

He will point out where to get specialized information such as appraisals of the future in "Fortune" and the evaluation of world economic trends and foreign markets in the "London Economist." The influence of world events on the stock market will be discussed and Mr. Nicholson will familiarize everyone with the stock exchange quotations and columnists on the financial pages.

Immediately following his talk at the Grosse Pointe War Memorial Mr. Nicholson will fly to Barcelona, Spain, to address the International Investors Council, then it's on to Germany to arrange the Third World Investment Council. Mr. Nicholson is the research partner of Smith, Hague & Company. He is a graduate of the University of Michigan and the Harvard Business School.

LOOKING AHEAD

Make the best of the present — it may be exchangable for something better in the future.

Genesis Study Course Planned

An absorbing depth study course on the first three books of Genesis entitled, The Language of Faith in an Age of Science, and compressed into one week-end in October (16-18), will be held at St. James the Board of Christian Educa- Church under the auspices of tion, Dr. Armin Grams, chairman.

A prominent Lutheran tneologian and an expert on the Book of Genesis, the Reverend Richard Luecke, Ph.D., and Director of Studies at the Urban Training Center for Christian Mission in Chicago will present four lectures, scheduled for Friday, October 16, 8 p.m.; Saturday, October 17, 2:30 p.m.; Saturday, October 17, 8 p.m.; Sunday, October 18, 8 p.m.

St. James Church cordially urges all Grosse Pointers, particularly fellow Lutherans, to save these dates and plan to attend the lectures. Because the content of the lectures will be sequential, participants should plan to attend all four of the lectures. Laymen and Pastors, alike, will have the delightful and disturbing experience of discovering the truth of these old 'Bible stories' and having them come alive in a way that makes them just as pertinent for twentieth century Americans engaged in a cold war and space exploration as they were for our fore-fathers living in far simpler days. Youth are particularly urged to attend since the Book of Genesis is a real source of conflict for many of them.

Parents Invited To High School

Parents of 890 10th Graders and new students at the Grosse Pointe High have a date for a "getting-to-know" conference, arranged by the High School Administration, on Monday, October 12, at 7:30 p.m.

The staff of the High School feels that early in the school year is the time for parents to know the educational opportunities available to their children.

Parents are to meet their child's counselor in small discussion groups. These groups, led by the counselor, will discuss topics such as high school curriculum, honors courses, college selection, college preparation, non-college courses, extracurricular opportunities, social activities, report cards. Counselors will get-to-know your child's plans, capabilities and interests almost as well as you do. So here's your hour to ask questions you wonder about and get the answers.

The counselors are: Miss Casteel and Miss Mutton, Mesdames Leslie, McClure and Pohlabel, and Messrs. Christenson, Thursby and Westerville.

Parents will report directly to the rooms assigned to the counselors for their child at 7:30 p.m. These rooms are listed on the form letter sent to every parent, October 1. Parents should bring along the letter in case they 'forget' the room number.

The scout car, driven by Officer James Cronin was going south on Lincoln at 20 mph. The officer made a sharp right turn in front of the residence to avoid hitting the youth who had darted into the street. The scout car had made a complete stop before the boy hit the headlight.

He was taken immediately to Bon Secours Hospital where he was found to have no injuries.

Grosse Pointers To Show Horses

Grosse Pointe will be well represented at the second Michigan International Horse Show at the Fair Grounds Coliseum this weekend, October 8-11.

The show starts today, Thursday, and runs through Sunday, October 11, with two performances daily at 1 and 7 p.m.

Mr. and Mrs. Tait Johnston will have five horses entered in a dozen events and should have a winner in several classes.

A. T. Bryer of 1363 Yorkshire has Red Chief in the show and he has been a star several times before in big horse spectaculars.

Dr. Robert J. Sillery has several entries which are rated among the pre-show favorites. Charles Record is another strong contender.

The Grosse Pointe Hunt Club, one of the best known in the land, will be well represented during the four days of competition and judging.

The Michigan International show, although one of the newest on the calendar, has become one of the biggest and best. With more than 600 horses entered, stiff competition is due in all classes.

Nab Motorist In Big Hurry

A Belleville, Mich., motorist, who appeared to be in too much of a hurry, was arrested by Shores police on Saturday, October 3, and charged with reckless driving. The motorist was released to Detroit authorities for investigation of a hit-and-run accident.

Sgt. Earl Wakely, while patroling Lake Shore road, observed Clarence E. Hampton, 24, of 19452 Sumpter, seemingly in a hurry. Hampton passed Wakely and drove halfway through a red light at Vernier road, before coming to a stop.

The officer said that when the light changed, Hampton stepped on the gas pedal and sped ahead. At Roslyn road, Hampton passed another car, forcing the driver to step hard on his brakes to avoid a collision.

The sergeant said that from North Edgewood to 1000 Lake Shore, he paced Hampton at 60 miles an hour. The officer stopped the motorist at the Milk River in St. Clair Shores.

Wakely said he motioned to Hampton to pull over to the right side of the road, but Hampton drove to the left and onto the island, where he stopped. The hood of Hampton's car was up and the front end was badly damaged, the policeman said. Steam was erupting from the radiator, the officer added.

Wakely took Hampton to the station, where he gave him a ticket for reckless driving.

Detroit police were called to find out if there had been a hit-and-run accident reported, and Wakely was informed that such an accident had occurred at Alter road and Kercheval avenue.

The Detroit police said that there were no witnesses to the accident, but they were interested in questioning Hampton in the matter, and requested that he be released to officers of the Accident Prevention Bureau.

Hampton was turned over to Detroit, after he posted a bond of $100, pending an appearance in Shores Court.

DRIVER SENTENCED

At a hearing held before Park Judge C. Joseph Belanger on Wednesday, September 30, Carl H. Wilson, 17, of 942 Pemberton, pled guilty to operating a motor vehicle without a valid driver's license. He was sentenced to pay a fine of $25, or serve five days in jail. He paid the fine. He was placed on probation for three months, during which he was ordered not to drive any motor vehicles and to observe all laws.

Shores Officer Wins Promotion

Joseph Vitale of 21913 Kramer, St. Clair Shores, a 10-year veteran of the Grosse Pointe Shores Public Safety Department, was promoted to the rank of sergeant, effective Thursday, October 1, according to information released by Chief Fred Duemling.

Vitale, 36, and a native of Detroit, was the top man of the four finalist who sought the position, the chief said. The score included a half-point for each year of service.

The written examination was given by the Michigan Municipal League, and the oral examination was under the direction of Gerald Schroeder, Shores councilman and police commissioner; Chief Duemling and Louis Berg, former superintendent of the Detroit Police Department. The scores were tabulated by Schroeder, a public accountant.

The new sergeant is a 1953 graduate of Detroit's Eastern High School. Prior to joining the Shores Department, he was an apprentice toolmaker with the Chrysler Corporation for two years.

He is a two-year veteran of the United States Army, serving one year in Greece and one year in Korea. He entered the service on November 6, 1950, and was honorably discharged on November 6, 1952, with the rating of sergeant.

Vitale's record in the Shores department shows that he had successfully completed all phases of police and fire training, offered by the different universities and colleges, and paid for by the Village. He also attended courses sponsored by the Federal Bureau of Investigation.

He fills a command post vacated by Police Lt. Harold Zeeb, who retired on June 1. The rank of lieutenant will not be filled, as the department already has a second in command, Lt. George LaForest, who had share equal rank and pay with Zeeb.

Vitale is married to the former Mary Jane Gallina of Detroit. There are three other Vitales, Vita, seven years old; Joseph, Jr., five years old; and Robert, who is only 18 months old.

National Bank Earnings Rise

Net operating earnings of National Bank of Detroit for the nine months ended Sept. 30, 1964, were $15,241,020, or $3.81 per share, it was reported today by Henry T. Bodman, chairman.

This compares with $13,457,206, or $3.36 per share, for the corresponding period of 1963, based on 4,000,000 shares outstanding since payment of an 11 1/9 percent stock dividend in January, 1964.

Total capital funds of the bank were $196,543,254 on Sept. 30, reflecting an increase of $9,282,080 in the last 12 months.

Total resources were $2,682,702,853, an increase of $322,370,231 over a year ago. Total deposits were $2,409,829,564 which is an increase of $275,784,324. Savings and time deposits totaled $949,460,768 and showed a gain of $156,547,819.

Loans and mortgages, at $1,074,529,126, were up $146,413,714. Holdings of U.S. securities, totaling $606,886,256, were $18,707,089 lower, while other securities, at $382,189,534, were $62,220,985 higher than the figure of Sept. 30 last year.

REPORTS VANDALISM

Mrs. Charles Goery of 104 Stephens, informed Farms police on Monday, September 28, that while the family was gone from home for four days, someone threw the outdoor furniture into a swimming pool on her property. A telephone line was also pulled down near the pool, she said.

Grosse Pointe SKI SHOP

Autumn . . . 1964

Dear Skier . . .
May we have the pleasure of showing you

The NEW Grosse Pointe Ski Shop

When we acquired Norm Archer's shop last June, we had several ideas of what a ski shop in Grosse Pointe should provide. In this election year, they might be called . . .

"OUR PLATFORM"

They Were and Are:

- A WIDE RANGE OF STYLES AND PRICES - - - but the best quality choice in each because not everyone wants to pay either $10 or $100 for their skis . . . or boots, or pants, or parka . . . but they do want to know they're buying quality, whatever the price.
- RENTALS FOR THE BEGINNER • CHARGE ACCOUNTS
- "PACKAGES" for both adults and (for the first time) children, with the privilege of substitution.
- TRADE-INS ON CHILDREN'S BOOTS
- COURTEOUS AND KNOWLEDGEABLE PERSONNEL who will make it pleasant and easy for you to outfit your entire family.
- DELIVERIES AND REPAIRS which you can depend upon to be correct and on time.

Some New Decorations . . . to make the shop more pleasant

Won't you drop in and see for yourself how we've carried out our "platform"?

French Lessons Provided for Young

The Grosse Pointe University School has made several changes in its curriculum, but perhaps the most interesting is the introduction of French in Grades three and four. Shown are three pupils and the teacher, left to right: BILL BRUCKER, TINA YOUNG, MRS. THERESE FLEMING and CHUCK CAULKINS.

Countless articles in the national press have been written recently on the subject of language study in the elementary years. In the September issue of SUBURBIA, the magazine section of this paper, there appeared an article on the subject written by Emily Kimbrough. More and more educators are recognizing that from six to ten years of age children learn to speak and understand a foreign language most readily. Grosse Pointe University School is taking advantage of this.

Instruction is given four days per week to these children and classes are 20 minutes in length. The teacher is Mrs. Therese Fleming, a native of France, whose husband, Theodore B. Fleming, Jr., is a Professor of Political Science at Wayne State University. It is hoped that this experiment will not only prove valuable to the students of Grosse Pointe University School, but to the Grosse Pointe community. The school will welcome questions and visits after an appropriate period of time has passed.

Merchants Plan Christmas Fair

A Christmas Fair awaits Grosse Pointers on October 30 and 31 as over 30 of the leading Grosse Pointe merchants present a decorative array of their Christmas merchandise at the Grosse Pointe War Memorial.

The event will be open to the public from 1 p.m. to 10 p.m. on Friday, October 30, and from 10 a.m. to 5 p.m. on Saturday, October 31. Admission is free.

Early Christmas shoppers will enjoy the convenience of finding the finest merchandise of leading Grosse Pointe stores housed under one roof.

Persons who enjoy the hustle and bustle of last minute Christmas shopping are invited to place orders for Christmas gifts at the show to expedite their shopping in December.

Visitors will find gay Christmas trappings complimenting the decorative displays of such stores as Jacobson's, Gray's Sport Shop, Studio Camera Shop, The Village Manor and many others.

The Grosse Pointe Christmas Fair presents you with the opportunity to get your Christmas shopping accomplished in one easy step, and at one location. Be sure to attend the Christmas Fair of October 30 and 31 at the Grosse Pointe war Memorial.

To Show Films Of Middle East

Pictures of the Middle East and Middle Europe will be shown in Fries Auditorium free of charge to Pointers and their guests the evening of Monday, October 19, at 8 o'clock.

Mr. and Mrs. Ben W. Beyer who took the film will give the commentary as a special feature on the Grosse Pointe War Memorial's "Meet the Travellers" series.

Mr. and Mrs. Beyer sampled at first hand the famous hospitality of the Israelis in their home country when Mr. Beyer was one of three Detroit delegates to an international real estate conference held in Tel Aviv in late May and early June of 1964. Not only were the sessions interesting (about 750 persons from 16 countries attended) but arrangements were made for those present to visit Elath on the Red Sea, King Solomon's Mines and a kibbutz.

Leaving Israel, crossing into Jordan through the Mandelbaum Gate, the travellers found themselves in lands of the Bible and among knowledgeable Arabs whose guides were familiar with chapter and verse of both the Old and New Testament.

A return visit to Beirut was made and then on to Athens and a cruise among the Greek Islands touching in Turkey for a look at the amazing ruins uncovered at Efessos. Beauties of the Dalmatian Coast of Jugoslavia were admired and culture played a part with a stop in Vienna during opera season where "Parsifal" and "The Masked Ball" were heard in the beautiful house.

Ancient Hobby To Be Taught

A hobby as old as the rocks on which it is based will be taught for the first time to Grosse Pointers through the Department of Community Services, Grosse Pointe Public School System.

The art of cutting, polishing, mounting, collecting and identifying the common gem stones—a hobby more technically known as "Lapidary" will be taught by Mr. George Holeman, and is scheduled to begin Monday, October 12, from 7:30 p.m. to 9:30 p.m.

According to Mr. Holeman, this is a fascinating lifelong hobby available to everyone; the most insignificant looking stone can be cut, polished and mounted into a beautiful setting for jewelry, or simply added to a rock collection for greater knowledge and appreciation of the natural beauty which it has.

One Bike Stolen, Two Recovered

Park police arrested two Detroit juveniles for stealing a bicycle on Thursday, October 1, recovering the bike, and another that had been stolen nearly a year ago, it was revealed by Park Police Chief Arthur Louwers.

Police received a call from Mrs. Leland Ward of 1076 Berkshire, who disclosed that she had witnessed the theft of her son's bicycle from the rear yard of her home. She gave a description of the young thieves, which was broadcast over the police radio.

One boy was arrested by Patrolmen William Furtaw and Bobby McAllister, and the other youngster was arrested by Patrolmen Donald DelPlace and Rodney Wedding. The boys were taken to the station for questioning.

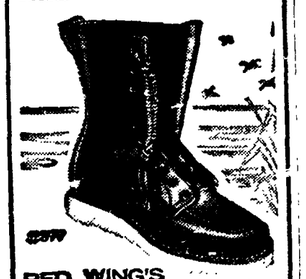

The officers said that when they tried to apprehend their respective suspects, the boys attempted to elude capture. One boy was taken into custody at Alter road and Brooks, and the other, at Kercheval and Ashland, both locations in Detroit.

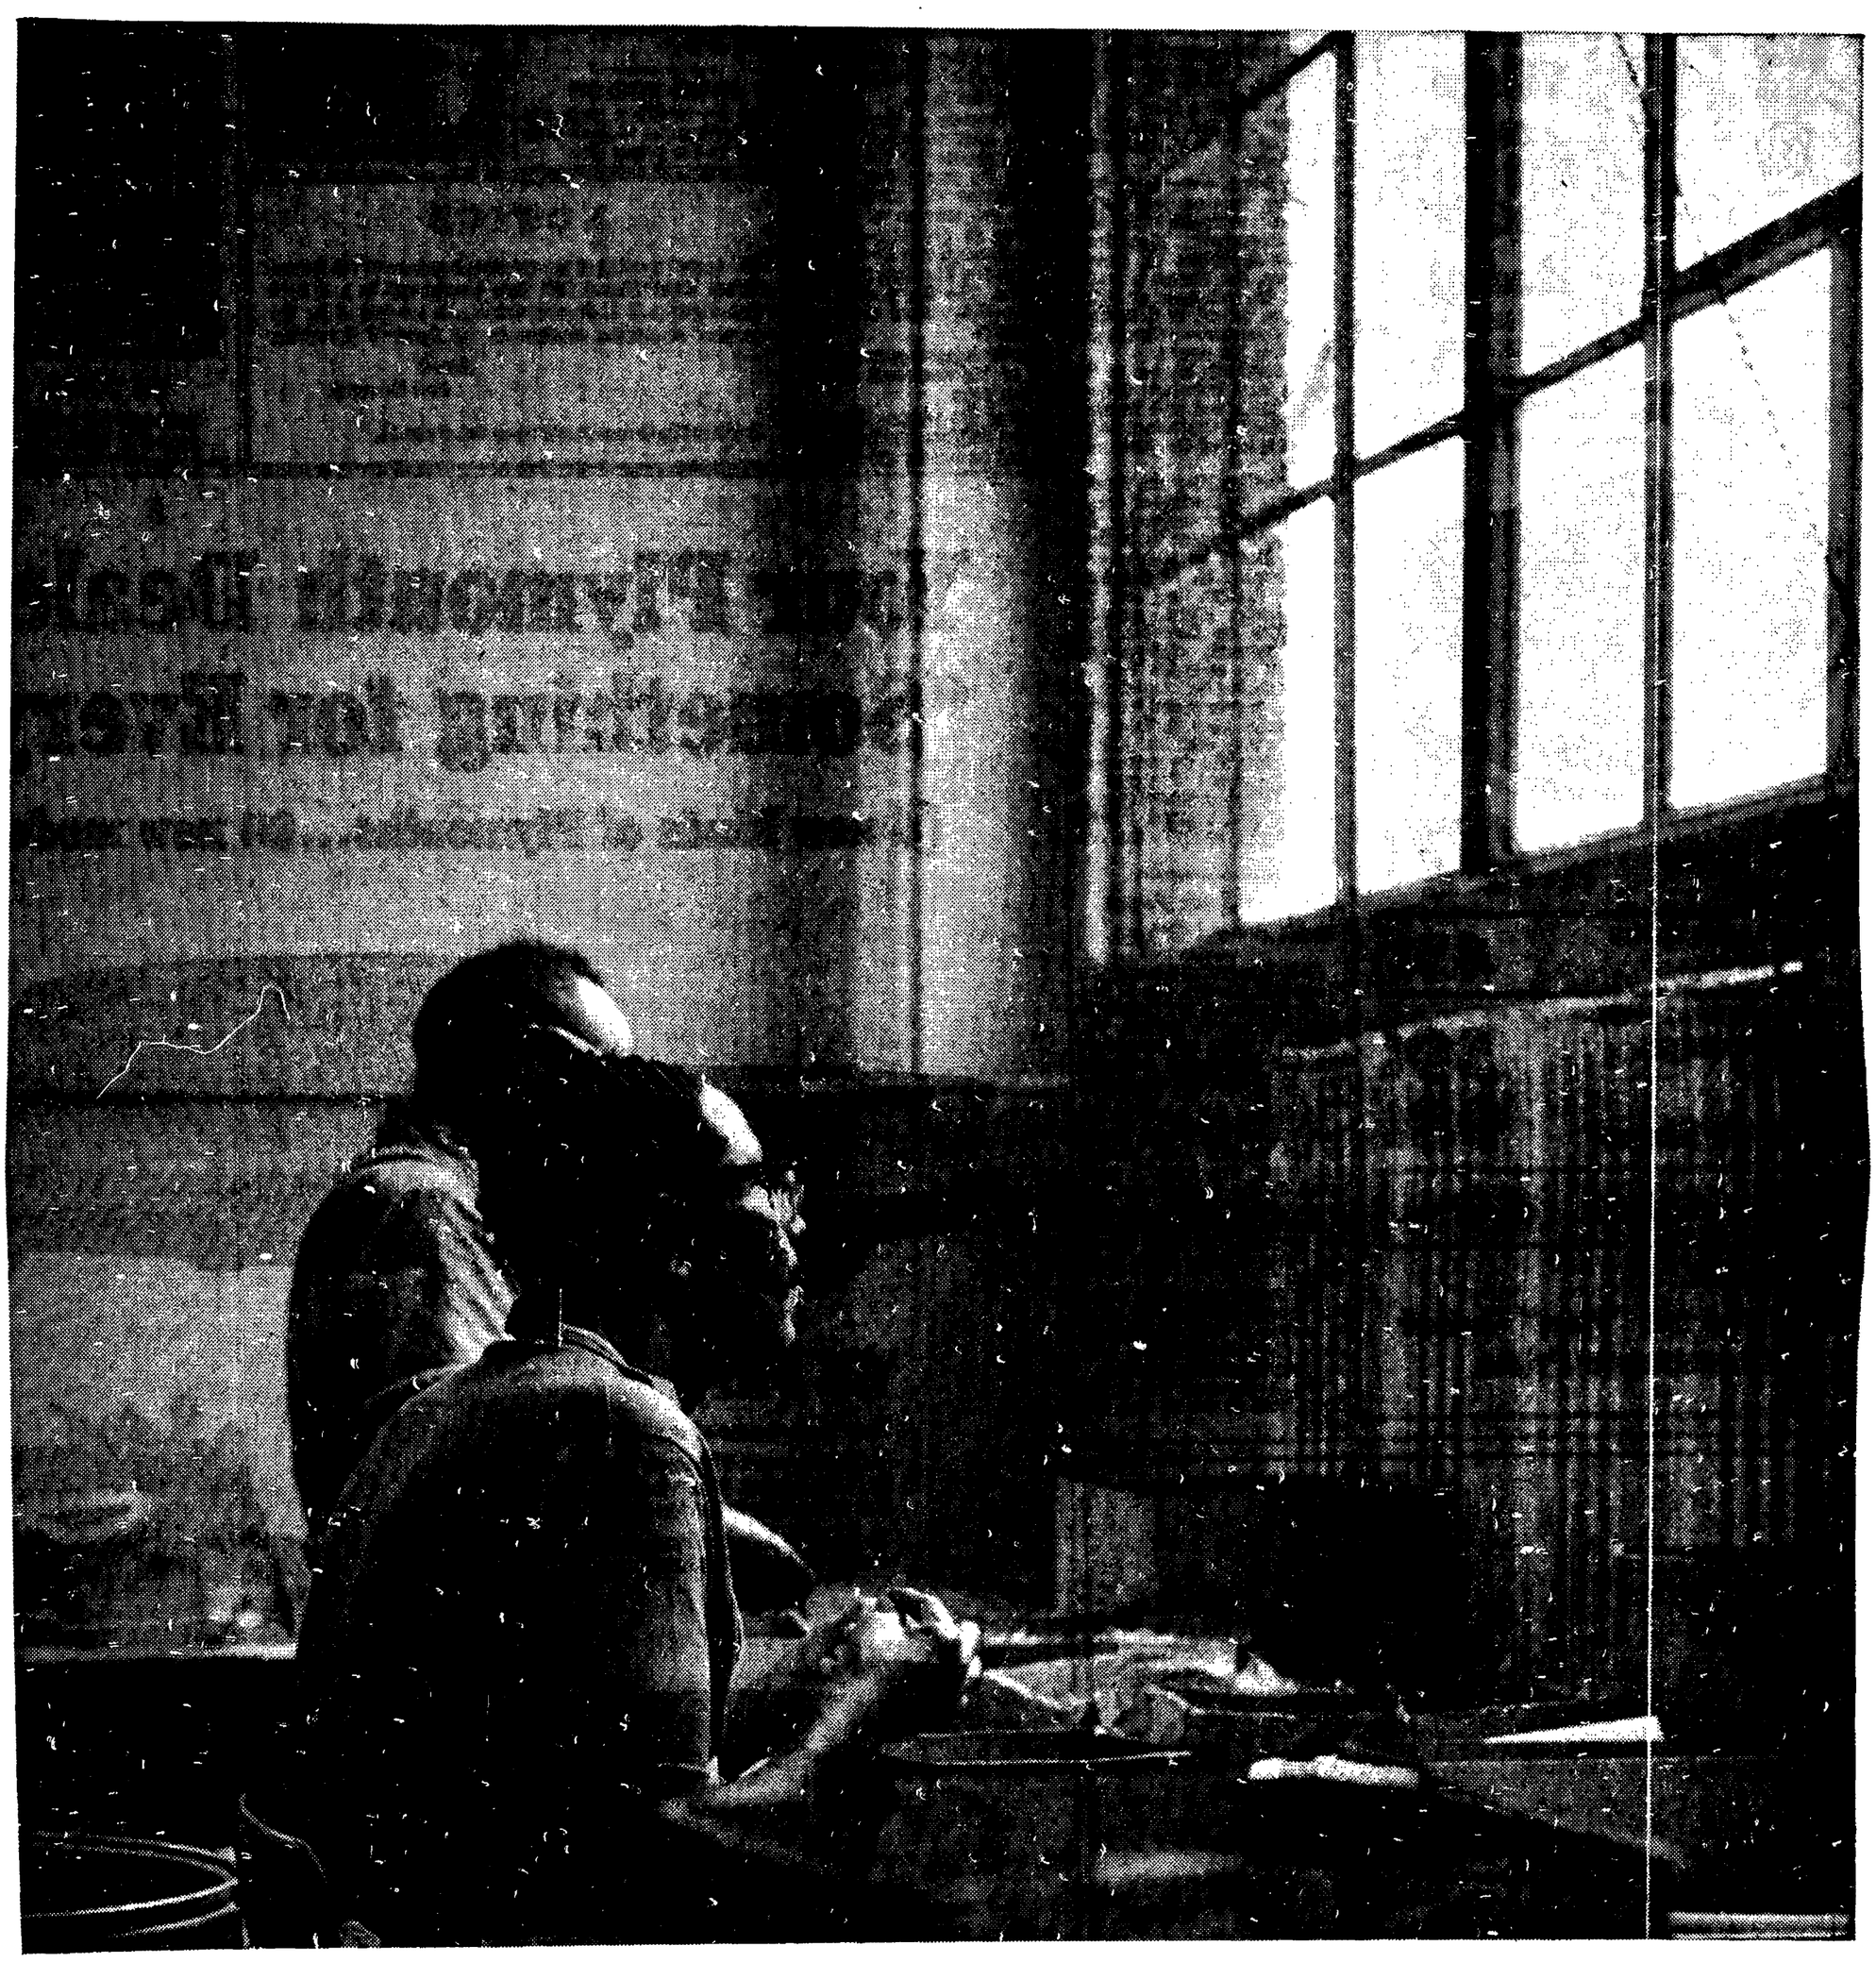

Chief Louwers said that the bike stolen from the Ward property was recovered, and so was a bicycle reported stolen by William Marshall, 15, of 1426 Beaconsfield, on October 28, 1963, and ridden by one of the juveniles. The lad claimed he purchased the bike from another boy several months ago.

The young thieves were taken to the Wayne County Juvenile Home, and charges have been filed against them in Juvenile Court, the chief said.

Faith-Politics Forum Slated

Britton Temby of the WWJ-TV news staff will act as moderator for the community forum, "Your Faith and Your Political Choices," to be held Monday, October 1, at 8 o'clock, at Grosse Pointe Methodist Church in Moross road. The forum is open to the public.

A panel of three Christian laymen from three denominations will explore the way in which their Christian commitment guides the decisions they make about political issues and candidates.

The panelists are: Mrs. Foster J. Braun, of St. Ambrose Catholic Church; Charles Wright, III, of Grosse Pointe Memorial Church; and Dr. David Claybrook, of Grosse Pointe Methodist Church.

Mrs. Braun, a war bride from Coventry, England, and mother of four, is chairman of the education subcommittee of the Archbishop's Committee on Human Relations. Mr. Wright, a graduate of the University of Michigan Law School, is a member of the Committee on Church and Society of his church.

Dr. Claybrook teaches at the Wayne State University College of Medicine and is a member of the Detroit Conference Board of Education of the Methodist Church.

Douglas Leo Paterson, Municipal Judge for the City of Grosse Pointe, will be moderator for the second program to be held at the church on Monday evening, October 19. At that time George Bashara, Sr., and the Hon. Lucien Nedzi, opposing candidates for Congress from the Fourteenth District, will speak on the campaign issues.

Each session will have a question and answer period followed by a coffee hour at which the audience may meet and talk to the speakers. The Commission on Christian Social Concerns of Grosse Pointe Methodist Church, of which Mrs. Willis C. Bullard is chairman, sponsors the programs.

Nuclear Task Force Ends World Cruise

Navy Lieutenant Commander Herbert G. Karsten, son of Mrs. H. E. Karsten of 201 Lakeshore road, returned to Norfolk, Va., October 3 while serving aboard the USS Enterprise following the completion of operation Sea Orbit.

"Operation Sea Orbit" is the first around the world cruise by the world's only nuclear task force. The force is composed of the nuclear powered attack aircraft carrier, the USS Enterprise, and the guided missile cruiser USS Long Beach and the frigate USS Bainbridge.

The cruise took Task Force One around the world on atomic power, a total distance of more than 30,000 miles, without refueling or replenishing.

The six thousand men in the force were at sea 58 days out of 65.

Plan to Relieve Airport Parking

The Wayne County Road Commission has taken steps to relieve parking inconveniences at Detroit Metropolitan Airport during a multi-million dollar construction program that will expand airport facilities.

The Commission has approved a valet parking contract for the airport. The contract was awarded to Airport Parking Company.

Valet service will permit motorists to leave their automobiles at the terminal entrance. The vehicle will be parked and then returned to the entrance upon request of the motorist.

The fee for the service will be $1.50 in addition to the regular parking rates.

The Commission also instructed its staff to obtain a bus shuttle service for the airport during the construction period. The service will provide continual bus service on airport property to deliver passengers to the terminal who have parked considerable distances from the building. The bus service will be provided without charge to the public.

The Commission estimated the cost of the service at $82,000 for one year.

During the construction period the existing parking facilities will be remote and walking distances will reach a maximum of one-half mile.

The Commission is planning a multi-level parking garage for the airport. It will be located near the terminal area, in order to keep walking distance at a minimum.

The Commission said that it will make every effort to keep inconveniences at a minimum during the construction period.

"We realize that the public is entitled to the best service possible," the commission said. "We hope the two new services we are providing will help meet the public needs."

Pat Reynolds admits she was wrong!

(She was sure electric dryers were more expensive. Then we showed her these money-saving facts.)

1 Gas dryers cost a couple of pennies less per load to operate; we'd be the first to admit it. But with electric dryers you still come out ahead. Read on.
2 Electric dryers cost less to buy. Model for model, prices run about $20 to $40 lower than gas dryers.
3 And now, for a limited time, this lower price includes installation and wiring, if needed. For details, see your dealer.
4 Electric dryers cost nothing for electrical repairs or labor. According to manufacturers' service policy premiums, the average dryer requires about $200 worth of repairs over a 10-year period. But, of course, if your dryer is electric, Edison comes out, repairs it, and leaves without leaving you a bill! (It's the only no-charge dryer repair service offered by a utility company in this area.)

Add up ALL the costs and you'll see what Pat Reynolds saw —electric dryers cost less to own.

University School News

Headmaster, Hugh C. Riddleberger, of Grosse Pointe University School has announced that five of the school's students, 10.6% of the senior class, have been named Semifinalists in the 1964-65 Merit Scholarship competition.

He said they became Semifinalists through their outstanding performance on the National Merit Scholarship Qualifying Test. This test of educational development was given in more than 17,000 high schools last March.

The students cited for their high achievement are Warren Finke, Norman James Levey, Samantha Rosner, Georgia Shreve and William Swan.

They are among 14,000 seniors throughout the country who attained Semifinalist status. The Semifinalist group is composed of the highest scoring students in each state and in United States terrirtories. Each Semifinalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice. Semifinalists must substantiate their qualifying test performance on a second examination, be endorsed by their schools, and fulfill certain routine requirements to become Finalists. All Merit Scholars are selected from the Finalist group.

Warren Finke of 666 Lincoln road entered in the ninth grade as did Norman James Levey of 2727 West Seven Mile road. Samantha Rosner of 34354 East Jefferson, Mt. Clemens, and Georgia Shreve of 1040 Iroquois avenue at the Grosse Pointe University School for all of his schooling.

A slightly longer school day has made possible a substantial revision of the daily schedule of classes this year at G.P.U.S., with real gains for large-lecture classes and for the chapel-and-assembly program. The former now constitute a part of the regular weekly load of all 9th and 10th graders, where previously only 11th and 12th graders had this opportunity. In this arrangement, one day each week, English and history classes assemble as a whole to hear a lecture, see an instructional film, listen to a panel discussion, or write an essay or an examination. The free time thus made available can be put to such good uses as conferences and study. With chapels and assemblies there is a longer period to be used now and the chance to schedule more than one student or faculty speech during the same period.

So far this fall student speakers have set a high standard of interest and performance in the presentation of their required senior speech. Charles Howards talked of zenon compounds; Ronald Roberts, who is already, a curator at the Detroit Institute of Arts in his field, described coin-collecting; and Rick Latos, with some very memorable slides, described the field of surgical skin-grafting. Faculty chapels have been given by Headmaster Hugh Riddleberger, Miss Elizabeth Ferguson, and Miss Margaret Harvey.

Seniors report having had a very pleasant visit with Headmaster and Mrs. Hugh Riddleberger on Thursday, October 1, when they were luncheon guests for a cook-out, the Headmaster serving as chef and acquitting himself with success in that non-academic role.

Miss Virginia Robb, of the University School faculty, attended a National Science Foundation Institute at Rutgers University, New Brunswick, N.J., this past summer. It was a six-weeks course, mainly a refresher course. It provided an opportunity to those involved to study new methods and to acquire new material and ideas. After the course was completed, Miss Robb attended the World's Fair, discovering that the best time to see it was at night. It was beautiful with the lights, colored fountains, and fireworks.

Mrs. Edward Lynch, of the French Department, conducted the usual study-and-travel tour through Europe. The group sailed on the S. S. Sylvania, had extended stays in London, Brussels, and Amsterdam, then toured Western Germany and Austria, thence to a fourteen-day sojourn in Italy, visiting Venice, Florence, Rome, Capri, Pisa, and Genoa. The end of the trip was capped by a visit to the Riviera, Avignon, Vichy, and Paris, where the girls had the opportunity to practice and perfect their French. The group sailed home on the S. S. Queen Mary.

Goodwill Adds To Services

The week of October 4-10, designated by the President as "National Employment of the Physically Handicapped Week," finds Goodwill Industries of Greater Detroit expanding not only its services to handicapped men and women in its employ but to the community as well.

During the past one and one-half years, Goodwill has opened a new retail outlet at 11401 Mack; 5200 E. McNichols; 37 S. Gratiot, Mt. Clemens; and on October 5 will open another at 3184 Twelve Mile in Berkley.

These make a total of 12 Goodwill Thrift Centers in the metropolitan Detroit area. They are geared to serve the needs and budgets of low income families.

The opening of each new store is a significant step toward the rehabilitation, training, employment and placement of a greater number of handicapped persons at the Goodwill plant.

It works this way. Discarded materials contributed by the public are cleaned and reconditioned by the workers at the Goodwill plant. The materials are then sent to the retail stores to be sold. They must be sold in order that the plant workers can be paid. So, the more stores Goodwill has, the more workers will be required to prepare the materials for sale.

Although Goodwill Industries is proud of its tremendous growth since its founding in 1921, it regrets that there are still hundreds of handicapped men and women in the community waiting for training and employment. Many of these are employable.

National Employment of the Physically Handicapped Week is observed once each year to bring the job need of the handicapped to potential employers.

If you or your company need additional help, why not call Goodwill Industries Placement Department at TRinity 3-3600. Give a handicapped person a chance.

James Titterington, Audio-Visual Counselor for the Grosse Pointe Public School Libraries, will give an illustrated talk entitled "The Library — The Supermarket Of The Mind." This speaker will draw an interesting parallel between the modern day supermarket and the modern day public library.

Terrance M. Finn In Marine Training

Marine Private Terrance M. Finn, son of Mrs. Dorthy M. Finn of 888 Blairmoor court, completed recruit training September 17 at the Marine Corps Recruit Depot, San Diego, Calif.

Marine recruits undergo more than 100 hours of physical conditioning, spend more than 80 hours learning how to drill, and devote 3 weeks to rifle and pistol marksmanship in their 11-week training program.

Several hours are devoted to spiritual and character-building courses. Production of good basic Marines and responsible patriotic citizens are the two primary objectives of the program.

In the physical training, the recruits run, lift logs, climb ropes, conquer 3 difficult obstacle courses, progress through a variety of body-building exercises, swim and participate in organized games. To measure their progress they take four strength measuring tests.

Esprit de corps, teamwork and discipline are products of drill instruction.

Following graduation, Finn will report to Camp Pendleton, Calif. for advanced infantry training.

Young Driver Issued Ticket

Barbara Gauerke, 25, of 1600 Roslyn road, suffered a minor leg injury on Monday, September 28, when a car in which she was a passenger was struck at Ridge and Moran roads.

According to a Farms police report, the woman was a passenger in a car driven by Jacquelyn Ruth Stieler, 28, of 22925 St. Joan, St. Clair Shores, when the car was struck by another, driven by Charles L. Pappas, 17, of 52 Greenbriar.

Mrs. Stieler was going east on Ridge, when Pappas, who was traveling on Moran ran a stop sign and struck the woman's vehicle, police said. Skid marks made by Pappas' auto measured 66 feet, it was said.

The injured Woods woman, who complained of pain in her left leg, refused medical attention, stating that she would see her family physician for treatment.

Pappas was issued a violation ticket for ignoring a stop street sign and causing an accident. His court date was set for October 14.

Russian Submarines Offer Midshipmen Good Training

Robert Warren Long III of 1100 Balfour road, who was commissioned an Ensign in the U.S. Naval Reserve last February, was aboard the U.S.S. Intrepid (CVS-11) when the carrier and seven destroyers tracked and forced to the surface three Russian submarines.

The Intrepid, an anti-submarine aircraft carrier, was participating in a three-month midshipman cruise in the Mediterranean. Rear Adm. Donald M. White, who commands the U.S. Hunter-Killer Group, said that he couldn't recall when a cruise "had produced such fine training."

The three Russian submarines made the chief contribution to the 'real life" situation.

They were contacted while submerged, tracked and finally forced to the surface to recharge their batteries. The Inteprid blinkered the customary "Can we be of assistance?"

"It's sort of a way to begin a conversation at sea," Admiral White said.

Some of the sub commanders answered back and engaged in a few moments of friendly chitchat, White said, while others appeared reluctant to do so. "Those who answered us did so in English," White said.

It marks the first reported instance since the Cuban missile crisis of October and November 1962 in which U.S. warships have contacted, tracked and finally brought to the surface a Russian sub.

Ensign Long is serving as an engineering officer aboard the Intrepid, whose home port is Norfolk, Va.

Pierrot to Talk To Men's Club

George Pierrot, president and director of the World Adventure Series, will be speaker and guest of honor when Men's Garden Club of Grosse Pointe holds its Eleventh Anniversary Dinner, Thursday, October 15, at 6:30 p.m., at Stouffer's, Eastland. Recently returned from Australia and New Guinea, Pierrot will report on his six-week journey.

Pierrot's varied career has included a 12-year period as editor of American Boy and Youth's Companion magazines. He has been Michigan and International President of the Circumnavigator's Club and, in 1939, served as publicity director for the Ford Motor Company at the New York World's Fair.

He initiated the first television travelogue program, the World Adventure Series, on WXYZ-TV in 1948. His popular daily program, "George Pierrot Presents" began on WWJ-TV in 1953.

Matthew Millenbach Stationed in Germany

Army PFC Matthew N. Millenbach, son of Mr. and Mrs. Matthew K. Millenbach, 1350 Three Mile drive, and other members of the 3rd Armored Cavalry Regiment, participated in Exercise LUNDY LANE, in Germany, recently.

Exercise LUNDY LANE was a joint British-American field training exercise that stressed close support and liaison between the two military forces.

The 20-year-old soldier is a surveyor in Howitzer Battery of the regiment's 1st Reconnaissance Squadron, regularly stationed near Baumholder, Germany. He completed basic training in Fort Knox, Ky., and was last assigned at Fort Sill, Okla.

A 1961 graduate of Austin Catholic Preparatory School in Detroit, he attended the University of Detroit.

William A. Shives Orbits On Frigate

William A. Shives, chief machinist's mate, USN, son of Mr. and Mrs. Henry D. Shives of 1248 Maryland avenue, returned to Norfolk, Va., October 3 while serving aboard the USS Bainbridge following the completion of operation Sea Orbit.

"Operation Sea Orbit" is the first around the Globe cruise by the world's only nuclear task force. The force is composed of the nuclear powered attack aircraft carrier, the USS Enterprise, and the guided missile cruiser USS Long Beach and the frigate USS Bainbridge.

The cruise took Task Force One around the world on atomic power, a total distance of more than 30,000 miles, without refueling or replenishing.

The six thousand men in the force were at sea 58 days out of 65. The majority of the men have been away from home since February 8, when the Enterprise started a routine six month deployment in the Mediterranean.

Upon completion of the cruise, the ships still had enough supplies aboard to continue at least halfway around the world again if necessary.

Okay, so you hate Mondays

Well really, who could blame you? It's the beginning of another week of those daily chores it takes to be a good wife and mother. Mondays are also blue washdays. And what's fun about that? Toting a heavy load of wash out to the clothesline is enough to discourage a weight lifter. Then, too, the weather controls your washday schedule.

Why let it? Look at the brighter side. With a new automatic Gas dryer you just set the dial and forget it. AND, a Gas dryer will dry *five* loads of wash for the cost it takes to dry just *one* load with the other kind of dryer. So, forget about the weather. Find out for yourself how quickly you'll begin looking forward to Mondays.

Go on . . . get happy. See the latest Gas dryers now on display at dealer or Gas Company showrooms. You'll be glad you did. In fact, you'll wish you had yesterday. Easy terms arranged.

No Implication Intended

Richard C. Durant has informed us that he believes the editorial in the Grosse Pointe News of September 10 implied deliberate dishonesty or stupidity on his part. No such implication was intended.

The News reporter got much of his information on the GOP precinct delegates elected in the September 1 primary, including the information concerning Mr. Teetzel, from Mr. Durant. Whether the error concerning Mr. Teetzel was made by the reporter or Mr. Durant, the News is in no position to know, and no implication that it was anything but an honest error should be made.

Invitation to Tragedy

Some telephoned inquiries from readers plus personal observations prompted us to delve into the matter of what laws, if any, are on the books to govern the conduct of bicycle riders in the Pointe community. There are laws, but they appear to lack teeth, and police officers admittedly have little enthusiasm for attempting to enforce them. In practically all cases, an offender is simply issued a warning, which, more often than not, isn't taken seriously and the violation continues.

It has seemed to us (and the phone calls from readers indicate that we aren't wrong), that there has been a considerable increase in the number of cyclists who ply our streets after dark, without any lights or reflectors on their bikes. All of the Pointes have ordinances which state that any bicycle ridden after dark must have a front light which is visible from a distance of 500 feet and a reflector on the rear fender which will shine when a car is overtaking the cyclist.

Practicaly every time we drive at night we come across bicycle riders who are deliberately violating the law. Just a few evenings ago we were startled half out of our wits when a pair of cyclists, sans lights, came barreling out of a driveway and cut across the street directly in front of our car. It was as though they were playing a game to see how close they could come without being hit. We have seen whole families riding in the dark, without a single light or reflector on any of the bikes.

This is a dangerous practice that should be stopped. If stiffer laws are needed the various councils should see that they are passed and the police should have instructions to see that they are obeyed. Penalties for violations should be sufficiently severe to make the cyclist think twice before he sallied forth at night without the proper protection, senselessly courting tragedy.

Water Accidents Take 248 Lives

Michigan water accidents in the first eight and a half months this year have taken 248 lives, four more than 244 deaths for all of 1963, according to State Police provisional figures.

The accident total as of September 15 was 538, two less than 540 for all of last year.

In addition, 202 persons have been injured, 14 fewer than the 1963 total of 216.

The breakdown of deaths this year includes 128 swimmers or waders, 32 boat operators, 31 boat passengers, 25 who fell from bridges, banks or piers, etc., nine who fell through the ice, five who died attempting to rescue others, two skin or Scuba divers, one water skier, and one who fell into a caisson. Reports have not been received with official details involving 14 other fatalities.

Fewer water accident deaths are expected in the remainder of the year since water activities normally drop off sharply after the first part of September.

What Goes On at Your Library

By Virginia Leonard

Outside of the election and atomic warfare, one of the most crucial problems we face these days is the crisis in race relations. This, in turn, seems to have produced an increased output and demand for books on civil rights and the Negro problem. With the passage of the Civil Rights Bill and the constant racial conflict, we feel that you too may want to do some background reading; for this reason, we are listing some of the very recent books in our Libraries on this timely subject.

The name of Martin Luther King is certainly well-known. His WHY WE CAN'T WAIT spells out the reason for Negro demonstrations, and the frustrations of his people that breeds impatience. Another new one by Simeon Booker — BLACK MAN'S AMERICA—is a review of the Civil Rights movement by a Negro journalist. Nat Hentoff offers THE NEW EQUALITY — a broad-based survey of contemporary action and thinking on the racial problems, official and personal, Negro and white.

FIRE-BELL IN THE NIGHT, by Oscar Handlin, is another in this category. Here the author feels that the current crisis in race relations can be traced to a clouding or misinterpretation of the main issues in the Negroes' struggle. Samuel Lubell's WHITE AND BLACK questions whether events during the hundred years since the Civil War have paved the way for a final settlement of the racial question, or whether these events have instead made racial tension unsolvable.

William J. Brink's THE NEGRO REVOLUTION IN AMERICA, based on a nationwide survey conducted by NEWSWEEK, tells us what the Negroes want, why and how they are fighting, whom they support, what their demands are, and what the whites think of them. The history of the equal rights struggle is to be found in THE QUEST FOR THE DREAM by John Roche, covering the past fifty years.

Several other approaches and facets. *Harry Golden has written* MR. KENNEDY AND THE NEGROES, tracing the civil rights movement from the 1890's on, and through the Kennedy Administration And you surely remember BLACK LIKE ME, by John Griffin, in which the author told how he chemically darkened his skin and suffered the humiliations, hardships and perils of being a Negro in the South. C. Eric Lincoln's THE BLACK MUSLIMS IN AMERICA provides background on the most militant of all Negro groups.

Efforts by groups in the South and elsewhere to resist integration are described in such books as THE SEGREGATIONISTS by James Cook, and THE SOUTH STRIKES BACK by Hodding Carter.

And still we have not exhausted the current output. There is Kenneth Clark's THE NEGRO PROTEST, consisting of interviews conducted by a Negro psychologist with James Baldwin, Malcolm X and Martin Luther King. Whitney Young, in TO BE EQUAL, proposes realistic programs to lessen the economic, social, and educational gap which separates the majority of Negro citizens from other Americans. In FREEDOM RIDE by James Peck, the author, himself an active Freedom Rider, tells of the Negro's fight for acceptance by nonviolent means. In 1962 Louis Lomax wrote THE NEGRO REVOLT—a report on the nature of, and the reasons behind the upsurge of Negro militancy in the civil rights area. And finally, one of our most recent, by Bradford Daniel, BLACK, WHITE, AND GRAY, giving 21 points of view on the race question in New York. Here is an effort to clarify the racial question, with full awareness of all the issues and opinions available.

While this is not a complete coverage of our Library holdings on this burning issue, we think this will show you the scope and various angles that have been covered by these many authors. And there will, of course, be newer books constantly coming in over our cataloging desk. We hope you will drop by and sample a few.

A great deal of interest was centered on one of our recent exhibits at the Central Library in the large display cases, sponsored by the Elizabeth Cass Chapter of Grosse Pointe Farms of the Daughters of the American Revolution, and arranged by Mrs. Glenn D. Curtis, historian-librarian. Here was featured the Preamble to the Constitution of the United States.

Teens Invited On Bike Trip

Grosse Pointe teens—it's fun to be an international traveler! You can cycle along the Riverside drive in Canada with a group from the American Youth Hostels on Sunday, October 11.

The group will meet at the entrance to the Ambassador Bridge at 9 a.m. They will cycle about 30 miles round trip, stopping for lunch and to look at the Detroit skyline from the Canadian side of the river.

Trippers should take a lunch, the 10 cent trip fee, and bike title. (The title is needed to take a bike into Canada.) If you'd like further information on American Youth Hostel activities, call the Neighborhood Club at TU 5-4500 during office hours, 9-5 p.m. Monday-Friday.

Always the Heart of Our Business

By Fred Kopp, Ph.

Why do most drugstores sell everything from breakfast to dance wax . . .? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Many of our readers will be opening the NEWS a bit later than usual this Thursday . . . because many of our readers will have been "out" by the the time the postman arrives.

It's Celebrity Series Day in The Pointe. Martha Rountree starts the 1964-65 season at 11 o'clock this morning, on the lecture platform at the Esquire Theater, with her talk, "A Woman's Place in the World."

Fall suits in fall colors, brief fur stoles and jackets, perky hats and pleased expressions are traditions at the premier performance—and at the five suceeding Celebrity Series lectures. This year, the Bon Secours Assistance League-sponsored program promises something for everyone's taste. Lecturers include Ray Middleton, Harry Golden, Louis Untermeyer, Charles Gaupp, Fulton Lewis, III, and James Burkhard.

Among ladies gathered at the theater and afterwards, at luncheon tables in Al Green's (many women, dedicated Celebrity Series ticket holders, maintain the informal question-and-answer session over coffee doubles the fun of the lecture itself), were Mrs. Warren Haberkorn, Mrs. Frank Peslar, Mrs. Maurice German, Mrs. Robert Dawen, Mrs. Gerard R. Slattery, Mrs. Ralph C. Wilson, Sr., and Mrs. Cletus J. Welling.

More were the Mesdames John Brennan, Edwin Lennane, Thomas B. McCarthy, A. Stansell Bush and Henry VanderVoort, and League president Mrs. Charles D. LaFond, an exceptionaly busy person who sometime tonight or tomorrow morning must find a few minutes for packing—she and Mr. LaFond have a long-standing football jaunt, to Philadelphia, scheduled this weekend.

Jenkins-Hall Vows Exchanged Saturday

Pair to Live in Hillsville, Va., Upon Their Return From Northern Michigan; Bride Wears White Peau de Soie

A reception at the Grosse Pointe Yacht Club followed the Saturday wedding of Kathryn Frances Hall and James Payne Jenkins, V.

The Reverend James Nixon officiated at the 4:30 o'clock ceremony, in Grosse Pointe Methodist Church.

The bride is the daughter of Mr. and Mrs. Sheldon Franklin Hall, of Harbor Hill. Her husband's parents are Mr. and Mrs. James Payne Jenkins, of Locust Farm, Montross, Va.

For her marriage, the former Miss Hall chose a gown of white peau de soie, styled with a carriage train and a bodice of Alencon lace. Her veil was illusion, and she carried a prayer book covered with stephanotis and ivy.

Maid of honor Barbara Berry, of Colonial Beach, Va., and bridesmaids Carol Cooke, Mary J. Harrington, of Kalamazoo, and Anne Keller Leber, of Long Island, N. Y., wore floor length gowns of blue peau de soie, with floating back panels.

Their headpieces were fashioned of blue satin and illusion, and they carried cascade bouquets of pink carnations and ivy.

James Payne Jenkins served as his son's best man. Seating the guests were John H. Jenkins and William D. Jenkins, brothers of the bridegroom, Thomas Baker, the bridegroom's cousin, and Sheldon F. Hall, brother of the bride.

For her daughter's wedding, Mrs. Hall chose a light green brocade costume suit, with deep green accessories, and a white cymbidium orchid corsage. Mrs. Jenkins wore a blue brocade afternoon dress with matching accessories, and white cymbidium orchids.

Among the out-of-town guests were Mrs. Harry Reitz, of Norfolk, Va., the bride's maternal grandmother, and Mrs. David Davidson, of Rhoadsville, Va., the bridegroom's maternal grandmother.

The bride donned a Navy wool knit suit for traveling to Northern Michigan. The newlyweds will make their home in Hillsville, Va.

The mother of the bride wore a street length dress of coup de velour in oriental pink, with matching shoes and hat and a small seed pearl purse.

Mrs. Clark chose a frock of royal blue satin brocade, with matching accessories. Both mothers wore white orchid corsages.

After a short wedding trip, the bride will resume her studies at Michigan State University. The bridegroom, who is employed by Michigan State University, also is planning to resume his studies there.

This year's sale will be held Tuesday, November 18, in the reception room of the Grosse Pointe War Memorial Center.

"Our urgent need at the present is for the donation of books," stated Mrs. Edward Bunn, chairman. "Paperbacks, textbooks, records, and magazines would be appreciated."

Anyone in the area who has old books he wishes to discard and would like to donate them to the AAUW sale should call Mrs. Alex Domin, 886-1995, Mrs. Richard Edin, TU 4-7696, or Mrs. Allen Neef, TU 4-6974, to arrange for collection service.

Fiction and non-fiction books will be handled, including children's books, travel, gardening, mystery, history, and humor books.

Proceeds from the sale will be used for graduate fellowships for women. The AAUW Fellowships Fund gives financial aid to women from this country and abroad for post graduate research and study.

The committee includes Mrs. Eugene Bahn, sales; Mrs. Edin, collections; Mrs. Paul Hykes, handling; Mrs. Neef, publicity; Mrs. William Krebs, finance; Mrs. Harold Mistele, salvage; Mrs. Edward Sandell, promotion; Mrs. James Stuart, marking; and Mrs. Paul Zavell, setup.

Wintergreen Fair

Sights are set on Christmas these days, as the women of St. James Lutheran Church take aim on December 3, date of their traditional Wintergreen Fair.

Weekly sewing bees are scheduled each Wednesday, at 10 o'clock in the Church green room. The ladies gather to talk and work together on gift articles for the various booths, aprons and linens, knitting, children's articles, Christmas decorations and Boutique.

Noon time finds the portable sewing machines quiet, scissors and needles laid aside as box lunches are brough out and coffee is served before the afternoon working session starts.

According to Fair co-chairmen Mrs. Carl Carlson and Mrs. Erwin Stoetzer, a cookie bake sale is planned for a future workshop, and preparations for other booths —Attic Treasures, Book Stall and General Store—are well under way.

Sure-to-be-popular features this year are pastel portraits by Elliott and David Skinner, scheduled this month as a pre-Fair item. Mrs. Cyril Tyer is in charge of arranging appointments for the portrait sittings.

Water Problem On LWV Agenda

The problems of low water levels in the Great Lakes region and of water pollution will be discussed at the Grosse Pointe League of Women Voters' luncheon meeting Wednesday, October 14.

Thomas E. Leah, safety engineer for U.S' Rubber Company and a member of the Grosse Pointe Woods Council, and Andrew Dempster, director of the bureau of sanitary engineering of the Detroit Board of Health, will speak on these issues at the meeting at the Grosse pointe War Memorial Center.

Mr. Leah will explain why the Grosse Pointe Woods Council appealed to the federal government to assist in solving the low water level problem. The Council sent a resolution to all officials of the federal government on July 20, urging them to do something about alleviating the low water levels. Mr. Dempster will discuss the seriousness of the water pollution problem.

Water resources is one of the national issues being studied this year by the League of Women Voters. The League supports national policies and procedures which promote comprehensive long-range planning for conservation and development of water resources.

Anyone interested in the water resources problem is invited to attend the League's meeting. Reservations for the luncheon may be made by calling Mrs. Leslie Pressel, TU 6-2274, by noon Monday, October 12.

New members of the League include Mrs. John May, of Oxford road; Mrs. David R. Jones, of Candieux road; Mrs. J. W. Schwartz, of Blairmoor court; Mrs. John Guyol, of Washington road; Mrs. Edna Jolliff, of Washington road; and Mrs. William R. Phillips, of East Emory court.

Offer Courses In Decorating

Two courses in Home Decorating for the non-professional will be sponsored by the Department of Community Services, Grosse Pointe Public School System, under the auspices of the American Institute of Interior Designers.

Both Beginning and Advanced courses will take the form of a lecture series, with each class period devoted to a specific decorating problem. Each lecture will be moderated by a well-known Detroit decorator especially well versed in the particular topic being discussed. Beginning Home Decorating will meet on Tuesdays from 7:30 to 9:30 p.m. starting October 13, and Advanced Home Decorating, on Wednesdays from 7:30 to 9:30 p.m., beginning October 14.

In the beginning course, such topics as color and design, window treatment, floor coverings, furniture (periods, woods and fabrics), room planning, lighting and accessories will be discussed. This course is designed to acquaint the student with simple elements of color and design as applied to home interiors, by exploring the available materials, furnishings, styles and trends in interior design, and how to use or avoid them. During the course, certain suggested floor plans and furniture arrangements will be discussed in an attempt to foster good taste in home planning and furnishings.

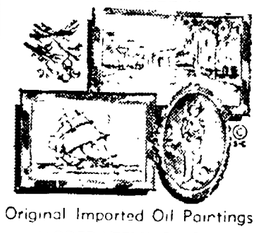

Students in Advanced Home Decorating will more closely examine the periods and styles of furniture design, covering such topics as the "Eastern Influence from Greece and Italy to Spain and Marco Polo," "Grecian Architecture to the Italian Renaissance to Present," English styles, and French styles from Louis IV to the present. The last class in the lecture series will be a visit to the Art Museum.

All those interested in either of the above classes are asked to contact the Department of Community Services at TU 5-3808 or TU 5-0271, as advanced registration is necessary.

A message of importance for men and women who are concerned about their health

If you're over 40, Kidney and Bladder ailments strike far more often

Now is the time to do something about it!

After 40, you're reaching the age when you're more susceptible to illnesses which are common to middle age. Among the most distressing are kidney-bladder disorders. If you've ever suffered them, you well know the pain and embarrassment involved. To help relieve kidney-bladder conditions, many doctors suggest drinking 6-8 glasses daily of spring-pure Mountain Valley Water. That's because its diuretic (kidney-flushing) effect steps up kidney action, helps you eliminate body wastes faster. Mildly alkaline, it gently soothes bladder irritation, at the same time helps neutralize excess urine acids (thus reduces that "burning" sensation). What's more Mountain Valley Water is "light," non-filling, non-laxative... and *tastes* wonderful! Regular daily use can make a positive contribution to continued good health. Costs only pennies a glass ... *less* than a soft drink.

Plain-Jane name for an elegant wine

Sweet Red is the name. Cask Sweet Red. And the taste is anything but plain. Call it elegant. Once the first sip of Sweet Red passes your lips, we know you will be surprised and quietly delighted with its sweet, smooth, mellow flavor. We know, because Sweet Red has long headed the popularity list of the many wines (with much fancier names) that carry the Cask label. Garden Group Has Luncheon

The Grosse Pointe Shores Branch of the Woman's National Farm and Garden Association (Michigan Division), met at the home of Mrs. Carson Wallace of Eastland Village drive on Friday, October 2.

SELF-DECEPTION

Most fault-finders carry a microscope with them, but they seldom look in the mirror.

Custom Collection Shown Press at Walton-Pierce

Mrs. William Rust Pierce introduced the fortieth Custom Collection in her salon on Kercheval in the Village by saying it marked a milestone in her career. The beautiful designs by Clara Ray take a lady from daytime through evening with an air of youthful elegance.

The romance and contrast of Spain influenced the collection. A Goya rose ensemble was accented with black passementiere braiding and ball fringe. Roseate tweeds were used for a dashing coat and for a versatile three piece costume.

Even basic black has a "look-again" quality. A waffle black wool coat swept with flair from narrow shoulders and was ornamented wtih large frog closings. A precisely cut three tiered black silk dress and a multi-tiered Chantilly lace confection interpreted the romantic Castilian feeling in two delightfully different ways.

Black moire was used in the collection. It first appeared as a sleek tunic. The transition from black to white was seen in a black silk theater suit etched heavily with white lace. Crystal beading emphasized the line of a white brocade dress and its jacket.

Heralding a group of long evening ensembles was a crimson coat that covered a slender dress, uniquely encircled by two rows of box pleating. This attractive innovation was seen for the first time in this collection. Emeraude moire met the audience with understated simplicity but with dramatic impact. Emerald beading in a floral theme enhanced the shaping of a gold brocade ballgown. Florals were used in two charming dresses. A traditional pink was enlightened by gold and silver threads among the soft blossoms. Its counterpart was fashioned from a contemporary sun-drenched bouquet of color.

The motif of the Walton Pierce Custom Collection is design that enhances the feminine figure through a graceful and flattering silhouette. The use of exquisite imported fabrics, the artistic play of colors and the imaginative embellishments give the entire collection the fashion authority and infinite variety recognized and worn by three generations of distinguished Detroiters.

Austin To Hold Homecoming

The week of October 5 is Homecoming Week at Austin Catholic Prep. Thomas E. Bailey, vice-principal of Student Affairs, stated that this annual week will be one of the busiest weeks of the school year.

Candidates for Homecoming Queen have already been submitted by senior sponsors. On Thursday, October 8, the senior and junior classes will vote for this year's queen.

This young lady and her court will reign over the Homecoming Parade, the game and the dance. To accquaint the student body with the candidates, sponsors have submitted pictures of the girls for display in the school.

Friday, October 9, is the day for the judging of the Poster Contest. Each section of the school has designed and displayed a large poster to promote school spirit. These posters are displayed and will be judged for prizes by a committee of faculty judges.

Homecoming Day is Saturday, October 10. A parade with decorated cars and a Queen's float will leave Austin at 1:15 en route to Grosse Pointe field. Along the parade route, judges will be stationed to select the best decorated car.

The Homecoming Game is at 2:30 o'clock against DeLaSalle High. The crowning of the Queen will take place during the half time. Crowning the Queen will be Diane Sansone, a graduate of Dominican High, and presently the Queen of the United Fund Foundation. Her title is Miss Torchy of 1964.

The annual Alumni-Faculty dinner will be held after the game at Austin at 6:30 o'clock. Tickets for the dinner, which includes the dance afterwards, are $3 for singles and $5 for couples. Reservations may be made by calling TU 4-1580.

The Homecoming Dance, featuring Al Navarro and his orchestra, begins at 8 and continues until 1:30 o'clock on Saturday. This semi-formal dance will play host to the football team and the Queen.

Presentation of the Queen and her court as well as the winners of the Poster Contest and the Best Decorated Car will take place at 10 o'clock.

Present Awards At Flower Show

September 18 was a day of great excitement at Fries Auditorium—judging day at the annual Flower Show, presented by the Grosse Pointe Garden Center for the pleasure and education of the community.

This year the show was directed by the Grosse Pointe Shores Garden Club, a branch of the Woman's National Farm and Garden Club. Mrs. Bernard Whitley served as chairman.

Two "travelling awards" are presented each year, engraved with the winner's name and kept by the winner until the next flower show. In the artistic division, Mrs. E. P. Erickson won the silver tray. Mrs. Harley G. Higbie received the washed copper planter for the highest number of blue ribbon points in the horticulture division.

In the artistic division, blue ribbons were awarded to Mrs. Abram Vanderzee, "Thankfulness"; Mrs. Edward K. Heglin, "Foliage and Weathered Wood"; Mrs. Warren Trafton, "Thoughts of Winter"; Mrs. Harold Smith and Mrs. Scheide, "In the Fall"; Mrs. Sherwood Reekie, "Corsage"; Mrs. Paul Machuga and Mrs. Erickson, "Flowery Fall Fun."

Junior blue ribbon winners were Dibbie Mason, Alison Holland and Beth Ballantyne, "Animal Fair"; Hadley Mack and Janis Boland, "In a Top Shop"; Tom Mercier, "Thanksgiving."

Awards for "Beauty in Small Things" were presented to Mrs. Anthony Clark, Mrs. Erickson, Mrs. John Herrmann, Mrs. Emil Leidich, Miss Louise Owens and Mrs. Hansel D. Wilson.

Table settings are always Flower Show focal points. Blue ribbon winners in this area were Mrs. William C. Beckenhauer, Jr., "Football Brunch"; Mrs. William Denler, "After the Symphony"; Mrs. Victor Breidenbach, "Halloween," and Mrs. Valentine Guenther, "Formal Dinner."

Seven talented arrangers were invited to create special displays, placed on pedestals and used at vantage points around the auditorium. These ladies were Mrs. William C. Breckenhauer, Jr., Suburbia Garden Club; Mrs. Vincent R. DePetris, Grosse Pointe Farm and Garden Club; Mrs. C. Leslie Mitchell, The Grosse Pointe Garden Club; Mrs. Longyear Palmer, The Garden Club of Michigan; Mrs. Frederick J. Schumann, The Grosse Pointe Park Garden Club; Mrs. Taylor Seeber, The Pointe Garden Club; Mrs. Kenneth Strang, Grosse Pointe Shores Branch, Woman's National Farm and Garden Association.

In spite of what many gardeners considered a poor growing season, over 160 horticulture specimens were entered. They included annuals, perennials, house plants, vegetables and fruits.

Highest blue ribbon point of the show was won in this section by Mrs. John H. French, Jr., for her magnificent "Angel-Wing Begonia Plant."

Blue Devils Take Third In Row; Defeat Parkers

The Grosse Pointe High School Blue Devils crushed their Highland Park gridiron opponents 33-0 last Friday, October 2.

Only minutes after the Parkers kicked off, Lou Curl flipped a short pass to Jim Nevergold for the Devils' first touchdown. The extra point attempt failed.

With five minutes left in the half, Grosse Pointe started a drive and Dick Green carried the ball deep into Parker territory. John Reynolds made the touchdown then ran for the extra point and at half-time the Devils led 13-0.

In the second half the Parkers launched a drive but were held at the Devils' 35-yard line. Then Reynolds and Green alternately carried the ball to Highland Park's 37. After throwing to Nevergold for a first down on the 22, Lou turned the end for 14 yards.

Reynolds Scores Again

Reynolds scored the touchdown and Tom Mahoney booted the extra point to make it 20-0 with four minutes left in the third quarter.

After the kick-off the Devils' defense again held Highland Park and Grosse Pointe took over on its own 32.

Reynolds, Green and Jim Conley ran through huge holes in the Parker defense for large gains before Green scored from five yards out. The extra point attempt failed.

Intercept Pass

The fourth quarter was even until the Devils intercepted a pass on the Parkers' 30-yard line. With only seconds remaining Sammy Thompson carried the ball to the 12 where he passed to Paul Wold in the end zone. With one second left in the game Mahoney kicked the extra point that made the score 33-0.

This is the third straight win for the Blue Devils, who are scheduled to play Royal Oak away this Friday, October 9.

Reserves Also Win

The Grosse Pointe High Reserves took advantage of nine first downs and three fumbles to defeat St. Ambrose 26-7 last Thursday, October 1, and break last season's no-win curse.

The Devils recovered a fumble on the opening kickoff, then Jon Staryk carried the ball 28 yards to score. Richard Gonzales made the extra point.

Later in the first period quarterback Jack Ducsay and Staryk combined efforts for the second Devil touchdown.

Late in the quarter St. Ambrose scored seven points—which they were held to for the rest of the game.

With two minutes left in the half a hand-off to Staryk brought the score to 20-7.

Second half action saw Staryk score his fourth touchdown which brought the game to 26-7.

Coach Donald Zyzsk said, "They did a good job as a team but they still have a long way to go."

1,000 Expected To Hear Shriver

R. Sargent Shriver, director of the just created Office of Economic Opportunity, will present the plans for President Johnson's anti-poverty campaign here Friday, October 9.

It will be Shriver's first such address since passage of the Anti-Poverty Act.

At least 1,000 civic and local government leaders from the six Southeastern Michigan counties are expected at the all-day session at Cobo Hall.

The Metropolitan Fund, Inc., non-profit organization devoted to research and action on metropolitan problems, is sponsoring the session.

"Pockets of poverty" have been found in all six of the counties to be represented at the meeting, Kent Mathewson, president of the fund said. The counties are Wayne, Oakland, Macomb, Monroe, Washtenaw and St. Clair.

On the program Friday morning with Shriver will be Governor George Romney, who will outline the role of the state in implementing the vast program designed to help people work their way of "the trap of poverty," and Mayor Jerome P. Cavanagh who will describe the Community Action Program prepared for the core city of Detroit.

Delos Hamlin, chairman of the Oakland County Board of Supervisors and vice-president of the Metropolitan Fund, will speak from the standpoint of communities surrounding Detroit.

Shriver will speak at 10:45, flying to Detroit for the address.

Anyone interested is welcome to attend, Mathewson said, but such visitors must register at Cobo Hall by 8:45 a.m., there is no charge.

A series of afternoon sessions, organized by function, with experts in such fields as adult education, job training and counseling, health, vocational rehabilitation, home management, and housing will be held during the day.

The specialists are prepared to suggest specific programs fitted to the needs of the various communities and to answer questions of the conferees.

The experts on the subjects under discussion will include William Patrick, Carl Marburger, Hugh Johnson, Jack Howard, Dr. Stephen Lewis, Brendon Sexton and Stanley Salett. All are members of the President's Task Force on Poverty.

Topics to be discussed in the sessions will be "Job Corps and Work Study Programs," "Work Training Programs," Community Actions Programs," 'Research Training and Demonstration Grants," and "Adult Basic Education."

Metropolitan Fund is an urban affairs foundation providing assistance for research studies and informational programs concerning metropolitan problems in Southeastern Michigan.

The Fund receives its support from contributions from local business, industry, and labor, supplemented by a Ford Foundation grant.

The Fund is concerned with the general question of poverty and seeks to stimulate action which will assure that available federal funds are allocated on an equitable basis to Southeastern Michigan communities.

Currently the Fund is designing approaches to the eradication of poverty in some of the suburban pockets.

The undertaking involves planning, research, citizen understanding, and cooperative government implementation.

A new all-time Detroit Lions attendance record of 59,203 was set in the 1964 home opener against the Green Bay Packers, smashing the 58,431 record established in 1954 against the San Francisco 49ers.

Skiers Invited To See Movie

Teen age skiers are invited to see a free showing of exciting films of Aspen at the opening meeting of the Ski Hi Club at the Grosse Pointe War Memorial's Fries Auditorium Sunday afternoon, October 11, at 3 o'clock.

Mr. and Mrs. Charles Brinkman, owners of The Lodge at Aspen, Colo., will be showing and commenting on their excellent color films of America's favorite ski resort at 3 o'clock for the Ski Hi Club and again at 7 o'clock for the Memorial's adult Grosse Pointe Ski Club.

At the opening meeting of Ski Hi, all skiers and potential skiers in the public, private, and parochial senior high schools of Grosse Pointe will be invited to join. Dues for the season are $3.

Members are eligible for Saturday trips to ski areas in southeastern Michigan, weekend trips to northern Michigan and a 10-day trip to the Rocky Mountains to ski during spring vacation. All trips are chaperoned, covered by insurance and are by chartered bus or train. Special group rates are available for lessons, tows and accommodations. There are also pleasant social affairs and movies along the line.

At the opening meeting Sunday afternoon, October 11, the Ski Hi group will also see ski styles and equipment displayed and explained by the Grosse Pointe Ski Shop.

Leverenz Wins Sailing Crown

The BB-11 Class Midwest Sailing championship was decided October 3 at Grosse Pointe Yacht Club in winds of 25 to 30 mph.

Going into the final race three local skippers were tied for first place, Jack Leverenz of Grayton road, Dame Martin of Colonial road and Jack Wood of Ridgemont road.

The start of the deciding race was close, but Leverenz soon developed a short lead which he held to the weather mark. Wood rounded the first mark about 30 seconds behind Leverenz, with Martin close behind.

The second leg was a run and due to his superior spinnaker handling, Wood quickly closed the gap so that he and Leverenz arrived at the second mark in a virtual tie for the lead. Leverenz, however, was on the inside and rounded the mark first.

The third leg, a reach to the finish line, found Leverenz carrying Wood high off the course. The ensuing luffirg match enabled Martin to sail a direct course to the finish line. Wood was not able to overtake Leverenz and as these two boats finally laid away to the finish line, it became apparent that this would be an extremely close race—with the winner taking the championship.

As the three boats whisked over the finish line the judges declared Leverenz the winner, Martin second and Wood third. The time for all three boats was the same—1:12:03.

Thrilled spectators said they had never seen such a close finish in such an important race. Contestants and crews were in accord with their praise for the way in which the 20-ft. Norwegian sloops handled the heavy weather.

Success can't be met halfway —hustle and overtake it.

Woods Spartans Beat Jets 18-13

By Jim Lynch

The Woods Varsity Spartans won a real thriller from the East Detroit Jets under the lights at Memorial Stadium last Saturday night, 18 to 13.

The Spartans' first two touchdowns were scored in the first quarter, resulting from two pass interceptions by Don Blomquist. The first touchdown was made by Terry Buda on a 5-yard end run. The Spartans missed the point after touchdown. Allen Tunis scored the second touchdown from the one yard line on a quarterback sneak. The point after touchdown was missed again.

East Detroit scored two touchdowns in the second period and led at half time 13 to 12.

Terry Buda broke the game open late in the fourth quarter on a 30-yard off-tackle run to give the Spartan Varsity their second consecutive win over the Jets.

The entire Spartan Varsity team played an inspired game, led by the great efforts of Kris Warner, Tom Gates, Bud Sheele and Greg Davis.

By winning this game, the Spartans also won the "Water Can" which is the annual trophy between these two teams.

The East Detroit Jr. Varsity downed the Spartans Jr. Varsity 26-0, scoring one touchdown in each quarter. The final score did not indicate the closeness of the game. The entire Spartans Jr. Varsity team played a fine, hard game, led by quarterback Ed Chase, Gary Shaw, Bill Crawford, Ron Whateley, Pat Costello and Tom Fabbri.

The Spartan Pony Team had an open date and did not play this week.

The Woods Spartans play the North Redford Raiders at home Saturday, October 10, the first game beginning at 12 o'clock noon.

Both economy and charity should begin at home.

New Invention Aids Ball Fans

Ernie Harwell, Detroit Tiger baseball announcer, has invented a World Series Spin-a-Fact Wheel. By using this device, baseball fans can dial to instant information about the history of the Series.

The Wheel — available at Chrysler, Plymouth and Dodge dealers at no charge — can answer World Series questions quicker than it takes Maury Wills to steal second base.

For each year of World Series history from 1903 through 1963, Harwell has listed results, highlights, pitching leaders (victories and losses) and batting leaders (percentage and home runs).

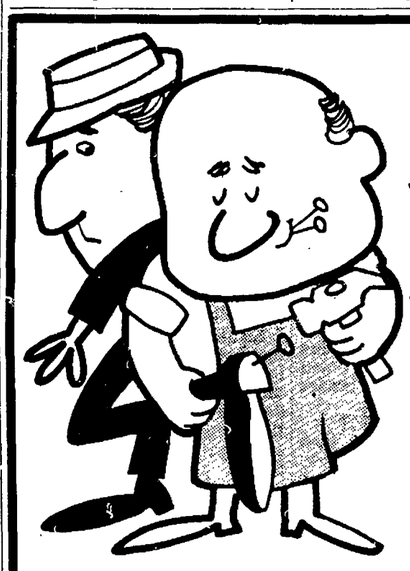

Attractively designed in colored cardboard, Harwell's Spin-a-Fact Wheel is sturdy and long wearing. It can settle lots of baseball arguments and may even start a few.

March to Honor Mrs. Roosevelt

Detroit's 2,500 postmen will be joining their fellow mail carriers around the country in an unusual nationwide "Mailmen's March" on October 9 and 10 commemorating the 80th birthdaie of the late Eleanor Roosevelt.

Postmaster Edward L. Baker said that on those two days the mailmen will deliver to every home served by the Detroit Post Office—about 520,000 in all—a printed tribute to Mrs. Roosevelt, describing the work of the Eleanor Roosevelt Memorial Foundation. The mailing piece converts into a return envelope for remembrances in any amount from those who wish to add their support to enable the Foundation to go forward in the cause to which the First Lady devoted her life.

Nationally, the "Mailmen's March" will total over one million miles, roughly four times the distance to the moon. About 175,000 letter carriers in 6,000 hities and towns in every state of the union will deliver 24,000,000 of the envelopes inscribed "Your mailman rings in memory of Eleanor Roosevelt."

The gigantic "Mailmen's March" is a one-time fund-raising project. The "March" is believed to be unprecedented in terms of scope and was made possible by the voluntary action of the National Association of Letter Carriers and the cooperation of the Post Office Department.

The nation's mailmen, led by President Jerome B. Keating, unanimously passed a resolution at their August 19th convention in Miami Beach to undertake the 80th Anniversary March as a posthumous tribute to Mrs. Roosevelt.

Joseph L. Kelsch, President of Detroit's Branch #1 of the National Association of Letter Carriers said, "The Detroit mailmen are pleased to pledge their support to this worthwhile appeal in memory of Eleanor Roosevelt."

Adlai E. Stevenson, U.S. Ambassador to the United Nations, is Chairman of the Foundation, and Bob Hope is National Chairman of the "Mailmen's March."

Club to Hear Talk on Mums

The Grand Marais Garden Club will meet Monday, October 12 at the home of Mrs. W. E. Fish on Bishop road. Hostesses for the meeting are Mrs. Cecil Shuert and Mrs. Wilbur Landis.

Speaker for the meeting will be Ray Ponky, whose hobby is raising prize mums.

Members may bring a guest to this meeting.

Introducing New Pointe Teachers

Shown in the Library of Poupard School are the newcomers to the building's professional staff for the 1964-65 year. Examining books with PRINCIPAL JACK McMAHON are (left to right) MRS. SANDRA FRAUENHEIM, grade 1; MRS. JUDIE BAILEY, grade 6; MRS. DOROTHY KENNEL, kindergarten; MISS MARY ANN SCHUBERT, reserve teacher; MISS JO-ANN H. JERGER, grade 2; MISS CAROL L. SHARPE, grade 1 (seated); STAN SMITH, grade 5; and BILL RAUPAGH, instructional specialist and first assistant.

The third in our weekly series highlighting the new professional staff members of The Grosse Pointe Public School System focuses on Poupard Elementary School. There, seven newcomers will work with Principal Jack McMahon and the rest of his staff to provide a high quality instructional program for some 710 children in kindergarten through grade six.

Mrs. Sandra J. Frauenheim, first grade teacher, holds a degree from Eastern Michigan University, and has taken courses at Wayne State and Michigan State Universities. Ultimately she plans to finish her graduate degree specializing in remedial reading.

TAUGHT IN GERMANY

Her prior teaching experience has ranged from the Lakeview Schools in St. Clair Shores, where her responsibilities included kindergarten and first grade, to the U.S. Army Dependent Schools in Frankfurt, Germany where she taught kindergarten for a year during her husband's tour of duty.

The Fraunheims, residents of Grosse Pointe Woods, are the parents of three children. Twins Billy and Bobby attend the Mason kindergarten, while Danny is a pre-schooler.

Mrs. Fraunheim claims membership in Sigma Nu Phi and served as sorority president. She holds membership in the Michigan Education Association as well as in the National Education Association. Hobbies include bridge, tennis, and reading.

The second newcomer is sixth grade teacher Mrs. Judie Bailey. A native of Detroit, she completed her high school training at Liggett Girl's School, then attended the University of Michigan and Hillsdale College before receiving her BS at Wayne State University. She has taken graduate work in educational sociology at Wayne State.

A member of Chi Omega, Mrs. Bailey was president of her sorority pledge class and vice-president of the Junior Pan-Hellenic Association. Mrs. Bailey is a member of the Wayne University Alumnae Association, the Liggett Alumnae Association, and the Michigan Education Association.

LIKES NEW ENGLAND

The Baileys, residents of Lincoln Road, favor the New England area for vacations, especially Nantucket. Mr. Bailey's Boston background is one reason for drawing the family to New England.

Musically-inclined, Mrs. Bailey has studied piano for 10 years. In sports, she favors sailing and swimming.

The third newcomer reported by Principal McMahon is Jo Ann H. Jerger, a second grade instructor. A graduate of Grosse Pointe High School, Miss Jerger was born in Detroit, received her BA from Eastern Michigan University and completed graduate courses at Wayne State. A resident of Grosse Pointe Woods, she is interested in sewing, sailing and sportcars.

Mrs. Dorothy M. Kennel, kindergarten teacher, holds an undergraduate degree from Harris Teachers College and an MA from the University of Wisconsin. She had prior teaching experience in Normandy and St. Louis, Missouri, in grades 1, 4, 5, 7 and 8.

HUSBAND IS ENGINEER

Residents of Middlesex boulevard in Grosse Pointe Park, the Kennels are the parents of Joan, 14, a ninth grader at Pierce Junior High School; David, 11, a sixth grader and captain of the safety patrol at Trombly; 10-year-old Steve is in the fifth grade. Mr. Kennel is a mechanical engineer employed by the Budd Company.

Mrs. Kennel's professional memberships have included the Grade Teachers' Association of St. Louis, the National Education Association, and the American Association of University Women.

Her list of activities is practically endless. She likes sailing, volleyball and most sports; she scores Little League baseball games and plays the piano. Mrs. Kennel has been active in the PTA, in church work, including a stint as past director of the youth division, Sunday School teacher and superintendent, and choir guild chairman.

Although she was photogarphed with the Poupard staff, Miss Mary Anne Schubert has not been permanently assigned there. She generally serves as an upper grade substitute throughout the system.

She received her BA from Michigan State University, where she also earned graduate credits in psychology, sociology and education. She is at work on an MA. Throughout her four years on the East Lansing campus, Miss Schubert held an honors scholarship, and for two of her years of residence, a Hinman Scholarship. In college she was a member of Alpha Lambda Delta Honorary, Tower Board Honorary and Mortar Board Honorary.

WORKED IN MEXICO

A native of Detroit, Miss Schubert was graduated from Denby High School. She spent the past summer in Iguala, Mexico, working on a church project. She enjoys sports, both as spectator and participant.

Stanley W. Smith, fifth grade instructor, is a product of Michigan State University, with both undergraduate and graduate degrees as well as his educational specialist's certificate in school administration from there.

Mr. Smith taught eight years in the schools of Madison Heights.

He claims professional membership in the Michigan Education Association, in the National Education Association and in the Michigan Reading Association. He is a district past president of the MEA.

Hobbies and extracurricular interests include skiing, bowling, painting, photography and lapidary work. The Smiths are residents of Warren. Their family consists of Curt, a kindergartner at Shadywood Elementary School and two-year-old Karen.

BORN IN CANADA

Miss Carol L. Sharpe, assigned to a first grade class, was born in Edmonton, Alberta, Canada. She completed her secondary education at Amherst Central in Buffalo, New York and received her college degree from the State University of Education in the same city. She has completed additional graduate work at Wayne State University, where she is working toward an MA in English.

During her college days she was Student Congress Representative, a class officer for three years, and a member of the Women's Glee Club.

Miss Sharpe is not exactly a newcomer to the Grosse Pointe schools, having taught as a substitute at Trombly in a fifth grade last year. Prior to that, she taught first and third grade classes in Buffalo, New York.

She has been a member of the New York State Teachers Association and the Erie County Education Association. Miss Sharpe's hobbies are tennis, bowling, ice skating and reading.

Mr. McMahon has expressed great initial satisfaction with the newcomers to his staff. He feels he has been most fortunate in securing such excellent teachers to fill vacancies.

Free Star Show Friday, Saturday

Satellites, both planetary and man-made, will be "brought down to earth" this Friday and Saturday evenings, October 9 and 10 for all to see.

A free Star Show will be held at the top of Derby Hill in Dorais Park, on E. Outer drive at Mound road between the hours of 7:30 and 11 o'clock.

At that time 15 or more high-powered telescopes will be focused on the planets Jupiter (400 million miles away) and Saturn (a billion miles from earth).

Besides catching a glimpse of orbiting man-made satellites, star gazers will be able to see the star Alberio in the constellation Cygnus, which when viewed through powerful lenses is revealed to be a pair of stars one a brilliant aquamarine, the other, a sparkling topaz.

This, astronomers agree, is one of the most beautiful sights which can be viewed through a telescope.

After moon-set, weather permitting, it will be possible to see many outer-space galaxies, such as the Andromeda.

The Star Show is sponsored by the Detroit Astronomical Society and the Department of Parks and Recreation. The viewing spot is in the northwest corner of the park. There are parking facilities at the bottom of the hill. Cars should enter from Outer drive.

Book Willsons At Town Hall

Meredith Willson, who wrote the delightful Broadway hits "Here's Love," "The Unsinkable Molly Brown," and "The Music Man," will appear at Detroit Town Hall Wednesday, Oct. 14.

He will be accompanied by his wife, Rini, a concert singer in her own right, who accompanied him on his four television specials this past summer. The program, "An Hour of Mirth and Music," will be held at 11 a.m. in the Fisher Theatre, followed by luncheon at the Rathskeller.

They will include songs from the Willson hits as well as refreshing comment about the theatre.

Prior to turning out musicals Willson played the flute for John Philip Sousa and also for Toscanini and the New York Philharmonic. He starred in his own radio shows and was a general music director for NBC. His song, "May the Good Lord Bless and Keep You," was a long-time hit parade favorite.

Tickets may be purchased at the Town Hall office, 405 Fisher Bldg., or at the theatre box office the day of the show.

Dahlias Bloom On Belle Isle

There's no better time than now for a family excursion to Belle Isle.

Man's favorite flower, the dahlia, in every size and color is in bloom in a special outdoor exhibit, prepared by the Belle Isle gardeners.

Two dahlia beds, each 200 feet long and 60 feet wide, have a profusion of blooms in white, yellow, vermillion, cherry, cream, all the lavender to plum shades and all the corals from salmon pink to bronze.

They range in height from the low bushy types with miniature flowers to the very tall plants which produce flowers the size of dinner plates. There are singles, doubles and multi-doubles in solid color or a combination of colors.

This exhibit as well as neighboring ones (formal and perennial gardens) outside the conservatory are open to the public from 9 a.m. to dark every weekday, Saturday and Sunday from now until frost.

Children, all of whom are born naturalists, will especially enjoy a trip through the conservatory at this time of the year. They can see how cotton grows. A number of cotton-bearing plants are now at their peak.

Also in the conservatory are numerous tropical trees, plants and flowers. Bananas, figs, pomegranates, oranges, guavas and tropical apple trees are bearing fruit and coffee trees are putting out a crop of coffee beans.

Superior Quality Natural Aging

What natural aging does for fine cheese and fine wines, it also does for the fine beef you get at Wrigley. It mellows and enhances the flavor of our U.S. Choice and Prime Beef and increases its tenderness without destroying its fine beef texture as hurry up artificial tenderizing so often does.

FIRST OFFERING
TUCKED AWAY on a dead end street in the heart of the Farms, and just a few minutes walk to schools and the Pier park. This newer house is in the colonial architecture with four bedrooms and two baths on the second floor. Naturally there is a family room and two car attached garage. You know this won't last at the low price of $49,500.

ALSO in the Farms we are offering for the first time, a larger stone house which has been up-dated in most respects. Plenty of bedrooms for that large family and tremendous proportions throughout. This home is within easy walking distance to Kerby and Brownell schools. Offered at $54,500, which is a fraction of reproduction cost.

PRICE REDUCED
WITHOUT A DOUBT the best single story home offered in its price category today. Three honest-sized bedrooms with one and a half baths. Family-sized leisure room and full basement with play-room for the kids. We defy you to compare this with any other house listed at $35,500.

BY APPOINTMENT
ON BEAUTIFUL Lewiston Road we proudly offer this five family bedroom house which is ideal for the family that requires easy accessibility to St. Paul's and Grosse Pointe High. On 212 feet of frontage, the house actually has an "extra" lot. We might add that there are two maid's rooms and a bath over the three car attached garage with access to the main house. First floor "opens up" with library, living room and dining room each leading off from the entrance hall. Ready for early occupancy.

WITH THREE bedrooms and two full baths you would certainly expect this house would be priced higher than $28,500. The owner is serious about "moving" this colonial this week. You would be amazed to find a family room and separate dining room in this home, which appears compact from the curb. The immense master bedroom and bath upstairs challenges comparison with any other in this price range.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

NOTHING COULD BE FINER and we can't find a rhyme 'er reason why this four bedroom home in the Shores hasn't been snapped up. Consider this newer colonial with so complete a kitchen it even has a built-in barbecue. Center hall plan has living room, dining room, and the family room each leading from the hall. Additional plus is the sensibly placed utility room between the kitchen and garage.

NONE OTHER LIKE it in the Farms. Check these features: Two full baths, four bedrooms, divided basement, two car garage. Now check your pocketbook. Chances are you can afford all this house, because it's priced in the mid thirties . . . and on Handy Place.

IMPROBABLE, but not impossible. A magnificent English manor house located on one of the Farm's best streets, which has been meticulously maintained by its present owner. Fabulous kitchen with complete built-ins. Six bedrooms at last count, five bathrooms which we have located and two powder rooms rumored. Call us for an appointment . . . and bring a lunch for two.

Janet Zapala To Spend Year Abroad In Study

The experience of study abroad at the University of Freiburg in Germany is to belong to Miss Janet Zapala, a German major and a student of the University of Michigan. She is a daughter of Mr. and Mrs. Frank J. Zapala, S. Renaud road.

Having sailed from New York on Friday, September 18, on the SS Rotterdam, she was scheduled to disembark in Rotterdam, Holland, on Saturday, September 16. After spending a few days in Holland touring with other students, she continued with them to Cologne and then southward along the beautiful Rhine, steamer.

Janet was to arrive in Freiburg October 2 with adequate time to prepare for classes which begin in November.

During the course of the year tours have been planned which will take Janet throughout Europe.

Wit the completion of her Junior year Janet will return to the States just in time for her Senior year at the University of Michigan.

Sunday Morning
September 13, 1964

Dear Folksies:

It's almost noon now, Sunday School is officially open, (and will remain so if I can pick up all the pieces between now and next Sunday!), and I'm on my way to a long autumn's nap. My head is spinning too fast to fall asleep just now, however. Early this morning, I lived the proudest moments of my life. I want so to share it with you and Evy and Jack—completely, I mean, not just on paper.

* * *

Tinosa and our men went to sea at 6:30 a.m. under a cold, blue-black sky. Somewhere, the sun had just risen, but not so far that we could see it. To say that the first few seconds after she cast off were exciting would hardly be adequate. Having never ever witnessed a towing operation into or out of drydock, to or from the sound basin, it was the first time I'd ever seen her move a foot from the dock. Just watching the tug guiding her slowly to the middle of the river was a thrill in itself. Aboard, topside, were Bob, Zack, Walt Coakley, and a handful of the crew—the Admirals too, but it was the faces of our own men that we watched. One collective expression that no one will ever find words to describe. I kept thinking how long we wives had waited for this moment, and knowing how we felt, what in God's name must this moment mean to our husbands whose very lives have been passed into that shiny black throbbing mass of mechanical and electronic wonders? I hadn't long to dwell on it, however; our next rendezvous, once she'd passed the first bend in the Piscataqua, was Newcastle, and our caravan of four cars roared back across the bridge and through the sleeping streets of downtown Portsmouth to make it in time.

* * *

Here our vantage point was very close, but very brief. Admiral Rickover spotted us and waved—I didn't catch it—too busy fumbling with camera settings. Then we were back in our cars. the caravan now heading once again across the bridge, this time skirting the base on out to Kittery Point and Cutts Island where we'd take up our last vigil of the morning. Susie and Bob Morrison, recently "evicted" from their Kittery home, (landlord moving back to town), have taken up temporary residence in Admiral Gallatin's beach house, set high on a rocky shore of the island.

* * *

The house itself is something right out of an architect's dream of 197? Casual living and the side overlooking the water, glassed from floor to ceiling, all but brings the ocean right into your lap. When we arrived, around 7:00, Tinosa was just leaving the mouth of the river and coming into view. The air was still bitterly cold, the sun just beginning to cut through the morning haze, and Susie had pots of coffee and hot rolls waiting for us. But even more wonderful and welcoming than this — Admiral Gallatin's own telescope in the living room, bringing the ship, now about 10 miles distant, so close that her numerals came across plain as day. Atmospheric "ripples" caused by vapors rising from the water, obliterated the faces of the few men still atop the sail, but we watched them intently as though imagining that a profile or the familiar cock of a hat would suddenly identify the owner. I'd give so much, even now to relive that one precious hour.

* * *

We sat, stood, milled about, took turns seated before the telescope, joked and laughed a bit, speculated about just what was going on when, after stopping briefly to transfer a river pilot to a launch that had tailed her halfway to the Isles of Shoals, a member of the crew crawled out into one of the sail planes. Whatever was wrong, if anything, couldn't have amounted to much, for a few minutes later, she was back on the move, white water again washing over the bow and kicking up astern. She didn't knife through the water gracefully, as an old fleet boat. but rather plowed, like a mighty black fist clenched and daring.

* * *

It was so beautiful, and through it all, we communicated, with smiles and occasionally tear-brimmed eyes. the things we all felt together, none of which needed saying. At last, Tinosa was too far from us, too close to disappearing even from the telescope's range, to watch any longer. She turned her stern to us, and with her sail and out-spread sail planes, made the perfect sign of a cross on the horizon. Then it was time to come home. At church, this morning, I hated so to face people, almost knowing that they'd take these eyes, reddened from lack of sleep and tears of triumph, for something altogether different I'm not afraid. I can say this to you and know that you'll believe me, for you know Dick, and through him, you've come to know Tinosa, her family, and what she's come to mean to all of us in these three years fraught with crises, and a thousand and one discouraging setbacks. They don't, and they never will.

* * *

So how can I ever convince them that I'm not the least bit worried for Dick's safety—that I LOOK like this simply because I'm about to burst with pride? and that this one morning has suddenly made the last three years worth living? I think you know what I mean. I hope and pray the Scales will. Please share this with them. I want them to know, but I'll never make it through another letter without some sleep—which begins NOW!

Love and Kisses,
TINSEY

Pointer of Interest

MRS. WILLIAM SCRIPPS OF LAKESHORE ROAD
Photo by Eddie McGrath, Jr.

By Janet Mueller

Houses are said to reflect the personalities of their owners. Descriptive adjectives—words one instinctively uses to "explain" the atmosphere of the Robert W. Scrippses' home in Lakeshore road—might be: Exquisite . . . Friendly . . . Unpretentious . . . Warm . . . Tasteful . . . Comfortable . . . Colorful . . . Happy.

The same adjectives could be applied to Barbara Scripps.

To "do" Mrs. Scripps as a Pointer of Interest is particularly satisfying. Her connection with the NEWS goes 'way back, to the beginnings of our paper and of her marriage, when Mr. Scripps worked in our advertising department and Mrs. Scripps, pregnant with her first child, helped deliver our first issues. That was November 7, 1940.

Kit (Robert Kittredge Scripps, the 'Grosse Pointe NEWS baby,' was married last June, in Florida, His parents coped magnificently with the exigencies involved in their status as parents - of - the - bridegroom - when - the - bride - lives - in - another - city, even though Bobbie Scripps maintains Kit picked "the worst possible wedding day . . . there were weddings everywhere."

Too Many Weddings

Mr. and Mrs. Scripps had hoped to head a representative contingent of Pointers, traveling South for the wedding; unfortunately, most of their friends were involved in family weddings here and in the East and West on June 13.

But the bridegroom and his parents made it to Florida, and "their" wedding was beautiful. Barbara Scripps has definite plans for her daughter, Kitty, on her marriage day, however; the center hall staircase in the Scripps home sweeps to a high cupola shaft, extending 40 feet upward through the house, and Mrs. Scripps can see Kitty standing at the head of the stairs, dressed in white, with a long veil: "I've told her she CAN'T elope!"

Currently, Kitty is at Finch. She was in Europe last year, studying under a Junior Year Abroad program, loving every minute of her 10 months on the Continent.

"She made the Dean's List," her mother notes proudly. "I told her to cut it out and save it; she's the first person in our family to be so bright."

Christmas in Rome

Mr. and Mrs. Scripps flew to Rome last winter, to spend Christmas with their daughter, (it was Mrs. Scripps' first trip to Europe since her marriage). The family traveled to Southern Italy, visiting Naples, Sorrento and Capri, but "the weather was awful; we all caught colds."

They flew home a week early. Barbara Scripps would like to return to Italy, especially to visit Florence. She also wants a trip to the Orient—"that depends on business."

Mr. Scripps is a Naval Architect, with his specially designed office attached to his home. He and his wife, and their two poodles, "Demi" (short for Demitasse) and "Poozy" (short for Poubelle — check your French dictionaries for translation), make up the permanent Family-in-Residence in Lakeshore road, although everybody comes home at holiday time, to talk and play and enjoy each other's company.

Three Worked Together

The Scripps house is a lovely place to come home to. New — "We moved in last year, on Labor Day weekend"—, it was built to Mr. and Mrs. Scripps' specifications, by Richard Kimbrough — "All three of us worked together."

In general, the Scrippses asked only two things of their new home: That it conform to no special period, so they could do what they wanted to over the years, change furniture or accessories, if they desired; and that everything possible overlook the water.

The lot they considered absolutely perfect. Mr. Scripps had tried to buy the property originally in 1946, He was unsuccessful, and the family moved to the country, to an Early American residence near Lake Orion, surrounded by acres of grassland.

After 12 years in the hills, Mr. and Mrs. Scripps moved back to The Pointe, buying a home in Vendome court. They saw that the Lakeshore property was still vacant, asked if it was available, found that it was, made an offer, and bought the land.

"It was just fate," Bobbie Scripps maintains. "The day we signed the papers, a neighbor made an offer for the property."

Found Lot Deceiving

They found the appearance of the lot very deceiving; the property is actually much longer than it looks. "After living in the country, with yards of lawn, we wanted something with very little upkeep," Mrs. Scripps explains.

The front of the house, facing Lakeshore, looks over a paved courtyard. On the lake side, there is a swimming pool, a short expanse of velvet lawn, a breakwater — and waves all the way to Canada.

Freighters and small craft provide a constantly changing panorama through the glass wall of the living room. Often, at night, there are foghorns . . . but Mrs. Scripps loves the sound of the ships.

"I used to live in Touraine road before I was married; I could hear them there just about as clearly."

Mr. Scripps, who had always admired the Sherer home in Ridge road, insisted that his house be built of the same material: Mica-Shist stone from Gettysburg, Pa. Outside, the house is rather Pennsylvania Dutch in appearance; the entrance hall is Williamsburg style; the whole is pure Scripps.

Last winter, Mrs. Scripps opend her home for the annual Christmas Walk, sponsored by the Junior Women's Association for the Detroit Symphony Orchestra. This year, she is opening it again, October 17 and 18, for the Grosse Pointe Garden Center's 1964 Tour of Houses.

Was Beautifully Done

"The Christmas Walk was done beautifully," she notes. "I couldn't believe the number of people who had been through the house."

And so this summer, when an "old, old friend" called and asked if she would please show her house again, Barbara Scripps said yes. Unfortunately, she did not know at the time that the Garden Center's Tour dates would coincide with the visit of Kit and his bride, returning from their European wedding trip.

"They'll only be here that one weekend," Mrs. Scripps says. She still has to make plans for their visit; she still doesn't know quite what she'll do, but she's not worried she can 'cope.'

If worse comes to worse, Mr. and Mrs. Robert K. Scripps and Mr. and Mrs. Robert W. Scripps can simply retire upstairs. The second floor rooms will not be shown for obvious reasons, (how could the flow of traffic up and down stairs be efficiently controlled?), but the three bedrooms and Barbara Scripps' "inner sanctum," (more about that later), are quite big enough and pleasant enough for a family gathering.

Often Eat Off Trays

In fact, as Mrs. Scripps explains, "It's the first house we've ever lived in, where we sort of live 'all over'." When they are alone, Mr. and Mrs. Scripps often eat off trays in the library as they watch the television news.

This is the warmest room of the house, a good "winter" room, with panelled walls and a fireplace surmounted by a painting of a slate blue, stormy sea, originally the property of Mr. Scripps' father. There are touches of the sea in every room, but especially here, where a Scandinavian ship figurehead has been made into a table lamp base.

Mr. and Mrs. Scripps both hunt ducks and pheasants; their guns are in a library rack.

Each room of the house is individual; everywhere one looks there is something to see. The "conversation pit" in the living room, its fireplace flanked by shelves holding a collection of miniature soldiers and a collection of carved ivory . . . the dining room with its pale aqua walls, beamed ceiling and formal chandelier . . . the brick-walled, small breakfast room, (described by Mrs. Scripps as "sort of a hangover from the farm")—everything demands a second look.

Surrounded by so many lovely things, it seems impossible that Bobbie Scripps would ever want to leave her home. But she does love to travel.

She looks forward to a winter cruise in The Bahamas aboard the "Galatea," two years old last June, (Mr. Scripps is the yacht's Pygmalion).

She and her husband are still talking about their first visit to Haiti, during a revolution. "Just as we were about to board our plane we read in the papers that they were having a revolution; we flew down anyway."

Due probably to Mr. Scripps' family connection with the Detroit News, both he and his wife were "tailed" all the while they were on the island. The His-and-Her detectives did not spoil their trip, however. Both the Scrippses speak French; they are both interested in Haitian Primitive art; they ran into neighbors, the Robert Powerses, also vacationing during the revolution—and all in all, they had a very good time.

Even when she is at home, Bobbie Scripps tries to be by herself for a while each day, in her own upstairs drawing, (in the literal sense), room, with her easel and her oil paints. This is the room she "never brings anybody into." There is a skylight in the ceiling. The walls are pale beige, catching the sunshine. One wall is covered with photographs, all family pictures.

Propped on the easel is Mrs. Scripps' latest "lesson." She is in the second year of a Famous Artists' correspondence course, working her way to portraiture.

The room is bright and relaxed, welcoming and full of color. It reflects the personality of its owner.

Tomlinson-Sage Rites Revealed

Mrs. Thomas Sage, of Mapleton road, and Harry John Tomlinson, of McKinley avenue, exchanged marriage vows September 5, in Old Christ Church, Detroit.

The Reverend William Butler Sperry officiated at the ceremony. Attendants were Mrs. Sage's daughter, Gwen Elizabeth Sage, and Mr. Tomlinson's son, Robert John Tomlinson.

The couple is at home in McKinley avenue.

Marie Bird's Beauty ByLine

"The straight, blunt-cut hair style makes women over thirty look like middle-aged beatniks," declared **Eileen Ford** in a revealing interview with the editor of **American Hairdresser Beauty Fair.**

"Straight hair is **too severe**—it calls for a **young, glowing face** to carry it off and in the fashion world it's on the way out. **Vogue, Glamour** and **McCall's** are all asking for models with softer, curlier styles. The truth is, I feel so strongly about straight hair because I wore my own in the straight blunt style. It **has been** quite the fashion for a **few years** and I supposed becoming. Evidently I didn't look at myself as carefully as I do at my roster of famous models."

"One evening recently my mother turned to me and said, 'You look just like a middle-aged beatnik with your hair hanging down like that!' I took a good look and discovered she was right. The **down lines of the hair** made my features look **tired** and **older.** I went out the next day and had it **properly cut** in a **soft casual sort of do** — and loved it!"

Other beauty tips from the owner of the largest modeling agency in the world — **hair must be conditioned often** — and **enhanced with color** to replace the loss of pigmentation and lustre.

So it's hats off to Eileen Ford from everyone in our salon at **117 Kercheval.** For a lovelier you the number to call is **TUxedo 1-6833** — our salon is **always open Mondays** for your convenience.

You Can . . . take it with you! A fiberglass tote tray is removable from a decorator vanity by Mutschler. Carry from bath to bedroom or laundry for replenishing.
