BRITAIN WAS JOINED yesterday by the United States in warning the government of Rhodesia against proclaiming independence without the consent of the majority of the black population. A day earlier the British warned Rhodesia, which is governed by white settlers, that an independence declaration which had not been approved by the British Parliament would result in a series of political and economic reprisals, including the ending of Commonwealth ties. It is thought, however, that Rhodesian Prime Minister, Ian D. Smith, is almost certain to win the independence referendum set for November 5 and to go ahead with the proclamation in defiance of the British warnings.

PREMIER CHOU EN-LAI said in an interview released yesterday that Khrushchev's replacement as premier of the Soviet Union and Communist Party leader was a "good thing" and he expressed hope that relations between Peking and Moscow will improve between the two countries. He also said that Peking's relations with the United States do not seem likely to improve in the near future.

THE UNITED AUTOMOBILE WORKERS UNION said yesterday that it will strike at all Ford Motor Company plants November 6 which lack local agreements. The union and the company could not agree, however, on the number of agreements needed. The union listed 18 and Ford 23. Meantime, General Motors Corporation struggled to get back into full production. The union called off the nationwide strike on October 25 but bargaining units without at-the-plant agreements stayed off the job in support of local demands. At last count 25 units had not yet reached settlement.

AN URGENT and searching re-examination of the church's teachings on marriage and birth control was asked for yesterday by three Roman Catholic prelates at the Ecumenical Council in Rome. Their request was greeted by prolonged loud applause from the more than 2,000 leaders attending the session. The approval of three such senior churchmen for study of these subjects was described by theologians as a "turning point" and "watershed" in church history.

THE NOBEL PRIZE for Physics was awarded yesterday to Prof. Charles Hard Townes of the Massachusetts Institute of Technology and two Russian professors of the Lebedev Institute for Physics in Moscow. The prize was awarded for research in quantum electronics that lead to the production of intricate oscillators and amplifiers behind the laser beam. Mrs. Dorothy Crowfoot Hodgkin, Wolfson Research professor of the Royal Society and a fellow of Somerville College, Oxford, England, received the prize for chemistry.

FOR THE FIRST TIME in almost two weeks, Nikita Khrushchev's name was mentioned Thursday in a Moscow newspaper. Pravda, the Soviet Communist Party paper, printed excerpts from a speech by Wladyslaw Gomulka, Polish Communist leader, which said that the Soviet leadership had "accepted the resignation offered by Comrade Khruschchev . . . for weighty reasons."

MICHIGAN DEMOCRATS received a boost yesterday in their campaign to capture posts in Tuesday's election when President Lyndon B. Johnson made a brief stop at Metropolitan Airport and put in a plug for state candidates. An estimated crowd of 5,000 heard the President say, "The vote you cast will be your own—and the world you save will be your own." He also told the crowd that one reckless finger could incinerate civilization "and 300

A Grosse Pointe Farms woman was killed Sunday, November 1 in a two-car collision at Utica and E. 12 Mile which also took the lives of two others and seriously injured two more.

The dead are Mrs. Cheryl Walker, 21, of 72 Lakeview avenue; Roger W. Rustman, 23, of 23301 Kelly, East Detroit and his 19-year-old wife, Kathleen. Mrs. Walker's husband John, 21, is in serious condition in St. Joseph Hospital in Mt. Clemens. All four were riding in a car owned by Rustman's father.

In serious condition in Mt. Clemens General Hospital is the driver of the second car, William Muscat, 18, of 26379 Woodmont, Roseville .

Roseville police have not yet determined who was driving the Rustman car. They will be unable to get full details of the accident until Walker is able to give them his account.

According to police, however, Muscat was traveling west on 12 Mile and the Rustman car was going south on Utica when the accident occurred in the intersection.

ROLLING CAR

Joyce G. Koch reported to City Police that on Friday, October 30, her car, which was parked in a lot in the Village rolled back and hit the rear of a car whose owner is unknown. Only damage done was to the trunk of Miss Koch's car.

Hold Cornerstone Laying Ceremony at Building Site Of New Unitarian Church

Unique Binocular-Shaped Structure Expected to be Completed in March; Two Past Ministers Take Part in Program

Twenty-five members and friends of the Grosse Pointe Unitarian Church took part in cornerstone laying ceremonies of the new church on Sunday, November 1 at 12:30 p.m.

The unique binocular-shaped church, on the corner of Maumee and St. Clair, is scheduled to be completed in March.

Participating in the brief ceremony were the two past ministers of the church, Rev. Merrill Bates and Rev. William D. Hammond.

The positioning of the box containing important church documents was done by Creighton Lederer, chairman of the building committee. The laying of the mortar was done by John Herrmann, church president, assisted by Charles Backus, the architect, and Blake Couse, the builder. A few closing words by Rev. Hammond ended the ceremony. Rev. Hammond resigned as minister of the church on October 1 to take up duties as the executive secretary of the newly-formed Michigan-Ohio Valley District of the Unitarian-Universalist Church.

Mrs. Decker Speaks

The opening prayer was given by Rev. Robert W. Lawson, followed by the speaker, Mrs. John Decker, a charter member of the church. John Herrman introduced her and the 20 persons who placed documents in the box before it was sealed.

Mrs. Decker put in a list of the charter members. Rev. Bates put in a letter. Mrs. Emil Leidich, charter member of the church, put in the church history. Mrs. Boynton Hartz of the building committee put in the building history. David Burgess, mayor of Grosse Pointe City, put in the pamphlet, "This is Your Grosse Pointe." Mrs. Richard Sowden, church historian, added a list of past presidents of the church. Mrs. Mack Monroe put in a list of members, friends and a directory of the church. Addison Iglehart, a member of the Board of Trustees, added the church constitution and by-laws.

Place Finance Data

Russell Peebles, treasurer of the building fund put in the Fund Drive pamphlet and estimate of the building costs. John Singley, ushering chairman, put in some Sunday leaflets. News Letter Chairman Robert Dupuis put in samples of newsletters.

Mrs. Roy Erickson, publicity chairman, added the local newspaper. Allan Friewald, building construction chairman, put in a micro film of the plans. Mrs. Stanley Smith from the building committee put in photographs

Burglar Robs Cleaning Shop

The thief, or thieves, who broke into the Imperial Cleaners, 15029 Kercheval, did not get much cash, but took the cash register and several items of clothing.

Burglary of the establishment was discovered by Park Police Sgt. Gordon Duncan and Patrolman Henry Wilson, when they were routinely checking doors of business places at about 1:47 a.m. Wednesday, October 28.

The owner of the shop, Mrs. Frances Mitchell, who lives in a flat above her place of business, told police that the cash register contained $1.50 in silver change. The missing register is valued at $400, she said.

She told Det. Lt. Arnold Hough that the thief also took a number of men's suits and coats from a clothing rack in the place, and several men's trousers, that had been set aside the previous evening to be pressed the following day. Total value of these items was not given.

The lieutenant said that entry into the establishment was gained by breaking the rear window glass of the building and reaching in and unlocking the window.

Parents to Test Selves At Back-to-School Night

Parents of Grosse Pointe High School students who wonder whether they are as knowledgeable and mobile as their sons and daughters will be at the School, Monday, November 9.

On this Back-To-School night, parents are asked to undergo a simulated Monday session at school, a thought-provoking project.

The staff of Grosse Pointe High School has planned the program of instruction for parents to follow each student's first through sixth periods of a Monday. Teachers will explain the course of study for the year, objectives, and show instructional matcrials and techniques in use.

Classes for parents begin at 7:30 p.m. sharp and are 18 minutes in length. Please be prompt, parents, and listen for the bell telling you to move. Eight minutes only is the time allowed parents to journey from class to class. Students get only six minutes. Here's where parents will find the test track requires some fast footwork. The wind may blow through the breezeway between the main building and the Annex; the fire escape stairs to the second floor of the annex may be scarey. But with proper walking shoes, parents of students will make it. There'll be little time for loitering in the halls.

If only one parent for each of the 2,680 students enrolled at the High School turn up on Back-To-School night, parents will experience a full-scale Monday session.

All parents should bring the

Vandals Busy In Pointe on Devil's Night

Farms Hardest Hit in Years According to Police Chief James Furton; Cars Targets

Three of the Pointes reported a comparatively quiet "Devils' Night", Friday, October 30, the evening before Halloween, and two of the Pointes had some vandalism. The reports were received from the various police departments.

The Park, City and Shores revealed a very quiet night, with a few calls received on such minor incidents as window soaping. The Shores also disclosed that several street signs at the south end of the Village had been reversed, but nothing damaged.

The hardest hit, and the worst incidents reported in many years occurred in the Farms, where Police Chief James Furton said he had not "seen anything like it in quite a long time".

Some of the incidents reported to his department, the chief said, are, window soaping, egg throwing, aerials broken off parked cars, ink thrown on cars, bright colored paint daubed on cars, buildings, fences and sheds, window breaking and pumpkins splattered on streets and sidewalks.

In the Woods, police said that several reports were received from citizens who complained that eggs had been thrown at their homes and cars. A car owner complained of bright red paint smeared on the right side and top of his car. This will cost him an estimated $150 to remove and have the auto repainted, he said.

Our First Issue Covered Election

As the NEWS goes to press on election night of 1964, memories return of the first issue of this paper, 24 years ago come November 7. The election then had been held several days before.

The front page carried a picture of the late Edsel Ford, casting his ballot in Grosse Pointe Shores. And there was another picture of the street sign marking Roosevelt place. Some of the residents of that venerable thoroughfare were so incensed at the political successes of the late Franklin D. that they wanted the name of the street changed and the public properly informed that it had taken its title from the revered Theodore and not his usurper.

Then, as in all the score and four years since, the Pointe went Republican. Then, as now, its national hopes were dashed.

Pointers Pile Up A Huge Margin For Gov. Romney

Senator Goldwater Trails Republican Ticket in Each of the Pointes; Farms Voters Approve Bond Issue for Pier Park

As he did across the state, Governor George Romney swept to an easy victory with Grosse Pointe voters Tuesday. He led the Republican slate in all five of the Pointes, while trampling his Democratic opponent, Rep. Neil Staebler, by a margin of more than five to one.

And as he was across the state, Republican presidential nominee Barry M. Goldwater proved to be no help to his ticket in the Pointes. He ran a dead last among Republicans campaigning for major offices in all the Pointes. Nearly one out of four voters split his ticket.

Goldwater, in fact, failed to run better than last among Republicans in any single Pointe. He did edge State Representative Robert Waldron in Grosse Pointe Park, 4,585 to 3,794, but Waldron's legislative district does not include that part of the Park on the Detroit River side of Jefferson. If the Park vote for Curtis Jacobson, running in the Third Legislative District, is added to Waldron's, Goldwater trailed the pair by more than 1,100 votes.

He ran behind his teammate, Albert J. Thorburn, who was campaigning for the First State Senate District seat, in the Park, the City and the Farms, and behind Herbert O. Steiger, candidate for the Second State Senate District seat, in the Woods and the Shores.

Other Republicans who ran ahead of Goldwater, though losing their races too, were Meyer Warshawsky, candidate for State Attorney - General; Allison Green, candidate for Secretary of State; Mrs. Elly Peterson, candidate for the Senate seat held by Philip A. Hart, and George Bashara, candidate for Congress from the 14th District.

Heavy Voting

Grosse Pointers flocked to the polls in what election officials said were near-record numbers. Of the 36,240 registered voters in the Pointes, more than 86 percent cast their ballots. This is a high percentage even in a Presidential election year.

Guerrillas Kill Pointe Soldier

Pfc. William Toth, the only child of Mrs. Helen Toth of Hidden Lane, and the late Carl A. Toth, was killed by Communist gunfire in South Viet Nam Tuesday, October 27.

The 22-year-old youth was shot by Viet Cong guerillas while acting as an adviser on a Vietnamese patrol. At the end of November he was to have been transferred to Okinawa.

A graduate of Grosse Pointe High School, Toth was sent to Viet Nam several months ago as a member of the United States advistory forces there. Before entering the Army, he had attended the University of Arizona for two years. He spoke three languages and during his academic career was an A student.

Military services for Pfc. Toth will be held Friday, November 6 at White Chapel Mausoleum.

Farms Solons Appoint New City Manager

Andrew Bremer, Jr., To Assume Post On November 23; Comes From Roosevelt Park

The Farms council, through Mayor William Connolly, Jr., at a regular meeting held on Monday, November 2, announced the appointment of a new city manager, to succeed retired City Manager Sidney DeBoer.

The mayor, who has been acting city manager since DeBoer retired on September 27, revealed that Andrew Bremer, Jr., 34, present city manager of Roosevelt Park, a Muskegon suburb, will take over in the Farms.

Bremer, who stands six feet four inches tall and weighs in at 210 pounds, has been city manager of Roosevelt Park, which has a population of 3,500, since 1960.

Before becoming chief administrative officer for that city, he was assistant city engineer, in charge of set up and inspection of various water, storm and sanitary sewers, from 1953 to 1956, during the summer months.

Also during the 1953-56 period, he was an instructor in the White Cloud High School, teaching national, state and local government classes.

From 1956 to 1960, he was an instructor in the Muskegon Public School System, heading the physical education department for Muskegon Community College, and also teaching national, state and local government classes.

Bremer is a 1953 graduate of Hope College, Holland, Mich., from where he received his bachelor's degree in Social Studies; and in 1954-56, he accumulated 10 hours of post graduate credit in Public Administration from the University of Michigan.

He is a member of the Muskegon County Board of Supervisors, Muskegon Supervisors Committee on Tax Equalization, Muskegon Supervisors Committee on Civil Defense, Muskegon Board of Harbor Commissioners, Michigan State Assessors Association.

City's Loitering Problem Cut As Police Get Tough

The problem of loitering school children and strewn bicycles in the Village has diminished noticeably during the past week, according to Grosse Pointe City Police Chief Andrew C. Teetaert.

City police recently began warning children that they are breaking the loitering ordinance when they are found wandering in the Village without a specific purpose or errand.

They have also picked up approximately 40 bicycles which were found lying in the paths of pedestrians and taken them to police headquarters. The bicycles could only be reclaimed if the owners were accompanied by one of their parents.

The police this week are continuing their vigilance over bicycles and the loitering problem. Neglected bicycles are still taken to headquarters and warnings for loitering given. In extreme cases of loitering, police are now issuing tickets to the offenders.

Children under the age of 17 who receive them must appear before the Wayne County Juvenile Court and those 17 or over in the Justice Court of the City.

This action on the part of the City police is the result of increasing complaints from citizens and shop owners who have been pushed and shoved by youngsters when they invade the Village in non-school hours and who find walking on the sidewalks hazardous because of the bicycles.

Chief Teetaert said that the general reaction of parents and

28,559 Pointe Voters Cast Their Ballots

Only 7,681 of the Persons Registered, Failed to Go to the Polls by Deadline Time

Farms voters overwhelmingly passed the three proposals on the ballot at the general election on Tuesday, November 3, including the proposal for a bond issue to raise $500,000 to construct a swimming pool and to make other improvements at the Municipal Pier-Park.

The bond issue was the one proposal voted on only by property owners and taxpayers residing in the city. The others were voted on by all qualified registered electors.

This is the way the votes were cast:

Proposition No. 1 — Proposed Amendment to Chapter 16 of the Charter affecting provisions of the General Employe Retirement System. Yes—4,330; No—1,594.

Proposition No. 2 — Proposed Amendment to Chapter 17 of the Charter affecting provisions of the Policemen and Firemen Retirement System. Yes—4,301; No—1,594.

Proposition No. 3 — Proposed Bond Issue of not to exceed $500,000 for the purpose of making certain improvements at the Municipal Pier-Park at the foot of Moross road. Yes—3,596; No—1,718.

According to an official count, a total of 28,559 Pointe voters, out of 38,240, went to the polls.

Of the 9,731 qualified registered voters in the Park, 8,049 cast their ballots; of the 4,518 in the City, 3,998 voted: of the 8,320 in the Farms, 7,134; of the 12,381 in the Woods, 10,837; and of the 1,650 in the Shores, 1,541, exercised their election franchise.

In the general election affecting all, or part of the Pointe, the results are as follows:

Rep. Robert E. Waldron, veteran member of the State Legislature, stood alone this week among Grosse Pointe Republicans who survived the Democratic landslide in Tuesday's election.

Despite the usual outpouring of GOP votes in the Pointes, Democrats easily captured the two Senate districts and the other House district whose boundaries include all or part of the five communities.

As expected, Democratic Rep. Lucien Nedzi had no trouble winning election to Congress from the 14th District, which embraces all of the Pointes. He beat his Republican opponent, George Bashara, Sr., of 711 Balfour, Grosse Pte. Park, by nearly a 2-1 margin.

Nedzi defeated Harold M. Ryan, who formerly represented the district, in the Democratic primary.

Waldron, Wayne County GOP chairman and the party's floor leader in the State House of Representatives, won re-election by trimming William B. Fitzgerald, Democrat, of 273 McKinley, Grosse Pte. Farms.

Fitzgerald's father, George S., of 1334 Buckingham, Grosse Pte. Park, had better luck. The elder Fitzgerald, a former assistant U.S. attorney and one-time leader of the State Democratic organization, trounced Albert J. Thorburn, of 521 Lakepointe, Grosse Pte. Park, in the 1st State Senate District.

Rep. William A. Ryan, of Detroit, made a run-away of his contest with Republican Curtis R. Jacobson in the 3rd House District. It extends into Grosse Pte. Park.

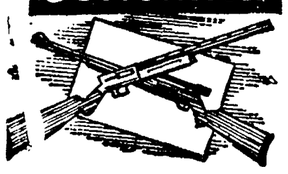

In the 2nd Senate District, which includes Grosse Pte. Woods, Senator Charles N. Youngblood, Jr., had little trouble outpolling Republican Herbert O. Steiger. Both men are Detroiters.

The Democratic tidal wave of votes carried several other prominent Pointers to defeat.

Paul D. Bagwell, of 1051 Devonshire, Grosse Pte. Woods, lost his bid to retain a seat on the Board of Trustees at Michigan State University. He was formerly a speech professor at th university and was the Re-

Gov. Romney Winner

(Continued from Page 1)

Jack Matheus, head of the dissident Republican Citizens-14th District, said that he could not account for the disparity in the Republican vote except as a measure of Romney's popularity. "Needless to say," he said, "we're delighted that the Governor did as well as he has done. Regardless of party, regardless of station in life, the people flock to him and support him. Democrats as well as Republicans supported him."

Despite trailing his ticket, Goldwater still beat President Johnson handily in the Pointes, but this, apparently, was about the only place in the state. Goldwater polled 18,914 votes to Johnson's 11,908. He carried each of the Pointes, by margins ranging from 3-1 in the Shores to 4-3 in the Woods.

Bond Passed

In a rare, strictly local election, voters in Grosse Pointe Farms approved overwhelmingly a proposed $500,000 bond issue to finance a swimming pool, additional marina facilities and an expansion of the Pier-Park itself. The vote was 4,309 Yes to 1,972 No.

Pool design specialties believe the pool can be open for swimming by next summer. It will have separate areas for diving, swimming and wading, and accommodate the projected population growth for 20 years. The sand beach will be maintained.

The required tax increase to retire the bonds within the 20-year life span is expected to run approximately 80 cents per $1,000 assessed valuation.

other residents to the campaign has been favorable. He has had only two complaints from parents who find the program unnecessary.

He also asks the continued cooperation of parents in seeing that their children only go to the Village when they are on specific errands for themselves or their parents. Bike racks, he points out, have been provided by the City for bicycles.

Authorities are hopeful that this current campaign will bring an end to the problem which has plagued stores, shoppers and police for a number of months.

SOME OF YOU HAVE ASKED why we don't somehow prevent annoying telephone sales calls from reaching our customers' homes. One reason is that the law requires us to provide service for any lawful purpose. And selling by phone is entirely legal. Another reason is that many sales-by-phone organizations really do offer outstanding bargains. We wouldn't want our customers to miss out on those.

We do try in many ways to encourage better telephone manners among business people. Gradual improvement can be expected as a result.

Meantime the law of self-defense certainly applies. When a telephone salesperson is rude or overly insistent on the phone . . . feel free to hang up.

THIS CHRISTMAS, GIVE YOUR PHONE AN EXTENSION—and give yourself the added convenience of two phones at a fraction more than the cost of the first one. What can say more at Christmas, and all year long! To order your Christmas extension phone, call our Business Office or ask your Telephone Man.

SHOP EARLY for the best buys at Christmas. Equally good advice: shop by phone, whenever the weather's too bad or you're too busy for shopping in person. You'll enjoy the season twice as much, because of all the time and trouble you save.

Chest X-Rays Offered Free

Free chest X-rays will be available at Eastland Shopping Center for five days beginning Monday, November 9.

The tests, available to anyone 21 years or older, are highly recommended by Dr. John J. Hanlon, new health director of Detroit and Wayne County.

A chest X-ray is a quick and easy way to find tuberculosis and other chest abnormalities early. Tuberculosis can be cured most quickly when found and treated early—before signs and symptoms appear.

The Wayne County and Michigan Health Departments, Eastland Shopping Center and the TB and Health Society (Wayne County's Christmas Seal organization) are co-sponsors of the survey.

The TB and Health Society announced the following schedule for the mobile screening unit which will be at the radio and special events building at the west end of Eastland Shopping Center:

Monday, Nov. 9—2 to 4 p.m. and 5 to 9 p.m.

Tuesday, Nov. 10—9 a.m. to 1 p.m. and 2 to 6 p.m.

Wednesday, Nov. 11—(Holiday, no survey).

Thursday, Nov. 12—12 noon to 4 p.m. and 5 to 9 p.m.

Friday, Nov. 13—10 a.m. to 1 p.m. and 2 to 6 p.m.

Monday, Nov. 16—1 to 4 p.m. and 5 to 9 p.m.

Additional information may be obtained from the TB and Health Society, WOodward 1-1697.

Alert Employe Thwarts Blaze

A possible serious fire at a Park restaurant was averted by a Park policeman on Wednesday, October 28, who called in an alarm.

Patrolman William Furtaw, cruising past the Toddle House, Jefferson and Westchester, was hailed by an employe of the restaurant, who told the officer that she smelled smoke in the back room of the place.

Furtaw checked the rear of the building, detected an odor of something burning, and radioed the station to relay an alarm to the Fire Department.

Firemen arrived and searched the back of the restaurant. They noticed smoke coming from between the walls, and disconnected the electrical circuit. Further investigation revealed that insulation of the wiring in the wall was defective, and had been burned off, leaving the wires exposed.

The firefighters said that the exposed wires could have touched off a fire.

Burglar Loots Park Home Of Jewelry Worth $11,000

A jewel thief ransacked the home of Edward D. Barrett, 805 Whittier road, in slightly more than one hour and escaped with more than $11,000 in jewelry on Wednesday, October 28, according to information released by Park Police Chief Arthur Louwers.

The burglary was reported to police the following day, when the jewels were discovered missing. The burglar also took $30 in cash.

Entrance into the house was gained through the rear door, between 3:15 p.m. and 4:30 p.m., during which time no one was in the house.

Some of the jewelry was taken from a jewel case in the master bedroom, and some was in a purse which the thief took with him, which also contained the money.

Chief Louwers said that a total of 11 items were stolen, including a two-carat diamond ring valued at $3,000; and an 80-point diamond ring valued at $1,300.

The theft is undergoing a thorough investigation, the chief said.

UNUSUAL BID

The Farms council on Monday, November 2, awarded the International Salt company the right to sell the city rock salt for winter use. The firm offered the low bid of $6.03 per ton delivered, and $6.40, if the city picks up salt with its own trucks.

Hawaiian Meeting Gives Young Editor Good Scoop

Tom Kaser, a Grosse Pointe High School graduate, met an old friend of the family in Honolulu recently, and wrote a fine story for the Honolulu Star-Bulletin, of which he is the education editor. The story pertains to the busing of New York school children from one neighborhood to another.

Several weeks ago, Kaser's mother, Mrs. Howard Kaser, formerly of the Pointe and now of Detroit, passed on a "tip" that Harold Husband, Assistant Superintendent, Administrative Services, for the Grosse Pointe School System, would be in Honolulu on October 22.

With him, she wrote her son, would be Dr. Frederick Hill, Deputy Superintendent of the New York City Schools, an old friend of Husband's.

Mrs. Kaser informed her son that Husband, a family friend of long standing, was in the Woods Branch Library, where she is in charge of book circulation, several weeks ago, and told her that he and Dr. Hill planned on spending a week's vacation in Honolulu, after attending a convention of the Association of School Business Officials of the United States and Canada in San Francisco.

Mrs. Kaser suggested to her son that there might be a story in the controversial New York City plan of busing pupils from one school to another.

Acting on the "tip" from his "correspondent," Kaser contacted Husband, and through him, met Dr. Hill, with whom he arranged an interview.

The New York City deputy superintendent of schools told Kaser that the blame of much of the controvery is "a lack of understanding of what the plan is all about."

Dr. Hill explained that the "community pairing plan," as it is called in New York, is a "very tiny fragment of a total effort to improve education opportunity for all the children."

The educator said that it involves less than 4,000 of New York City's school children, and only eight schools. This is a small fraction of the 1.2 million pupils who attend 900 schools in the community, he pointed out.

Kaser's story, which covered a full column in the Star-Bulletin, gave a detailed explanation by Dr. Hill, which is entirely different from the stories carried in newspapers throughout the country, and which the papers seemed to have distorted. Kaser, a native of the Pointe, was graduated from Grosse Pointe High School in 1956, and from the University of Michigan, where he majored in journalism, in 1961.

Prior to joining the editorial staff of the Star-Bulletin, he was a reporter for the Tucson Daily Citizen, Denver Post and the Toledo Blade. He has had articles published in 15 nationally known magazines, the latest story in the Saturday Review, in one of the November or December issues, whichever carries the Educational Supplement.

Kaser, 26, is married to the former Mary Helen Hayward of Royal Oak. They have one child.

He has a sister, Mrs. Thomas (Nancy) Holloell, of Greensburg, Ind.

TO THE DISCRIMINATING LISTENER:

Serving all of the people some of the time . . . not some of the people all of the time . . . is our basic programming concept at CBE. Of course there are other factors that must be considered like . . . objective programs in the areas of news and information. A license to broadcast implies the championing of freedom of worship, education, the creative arts and sport.

Thus, at CBE, we program to a complex of interests, tastes and capacities for enjoyment—the ingredients that give our society its character and civilization its richness.

To those of you who are already CBE listeners, we hope that you continue to listen and enjoy.

Newspaper Strike Unions Blasted by Bishop Emrich

Striking unions in the Detroit newspaper strike are "unjustly hurting the city, the newspapers, and the cause of all good unions," said the Rt. Rev. Richard S. Emrich, Bishop of the Episcopal Diocese of Michigan, in a statement issued at the Detroit Press Club on November 2.

Bishop Emrich's statement, which he termed personal conviction, was issued from a position of intimate knowledge of the situation as one of a commission of three members appointed by Governor George Romney to advise on procedures in settling the strike. The Bishop said he wrote in the realm of principle, "for, surely, it is only in the grasp of principle that we can form a moral judgment, or bring order to an unhappy situation."

"What we are witnessing in the present strike," wrote Bishop Emrich, "is two unions, with unlimited veto power, depriving an entire metropolitan area of its newspaper, after 12 other unions willingly and responsibly signed their contracts.

"The real issue is, ON THE UNION SIDE, a miserable organizational mess which has tempted a small minority to a scandalous misuse of power. They have closed down two papers, deprived a large metropolitan area of needed news before an election, put thousands out of work; and caused a big enough mess to bring in a mayor, a governor, and even the President, to no effect."

Likening all social groups to St. Paul's description of the Church as a body, Bishop Emrich drew two truths for the present newspaper strike:

1. If we act without due regard for the common good and the rights of the body, that is arrogance, presumption, and creates anarchy; and,

2. Within the social structure, as within the human body, there are distinctions of position and differences of function.

"It is an anarchic confusing of function which had led, in the great part to the tragedy of this long strike," the Bishop said.

"The City of Detroit must learn," he went on, "to recognize that any group can misuse power, and that even a union can say, The public be damned.' Remember (a) that 12 out of 14 unions, the vast majority, signed their contracts; (b) that, in the judgment of many, a considerable financial package was offered to the striking unions; and (c) that, compared with labor in general, with teachers, clergy, and public servants, these strikers are well paid men. The issue here is one of order of the responsible use of power, of management's right to be management."

The statement continued: "Just as the moral indignation of the people rose in the past against the misuse of power by the Church, government, and big business, so it will rise today against the misuse of power by unions. In history irresponsibility and excess are always punished.

"What I have written is really pro-union, for it is obvious that this strike hurts the legitimate cause of unionism. Actually, since organized labor is being hurt by this misuse of power, the strikers may be said to be members of two anti-union unions.

"Unions have a right to organize, but they do not have a right to foist an organizational mess upon an industry. They have a right to their place; they do not have a right to get out of place.

"If it (the strike) is caused by a personality problem within a union, let the union members correct that personality problem. Let the unions resolve this problem by themselves before the moral power of the people, or the government acting for the people, steps in with a less desirable solution. "If you agree with this analysis of the total situation, speak to the men who are striking, and ask them to exercise some statesmanship. Good union leaders are wise statesmen, loving the common good, and not destroyers. And, wherever you are placed, do what you can to end this shameful situation," the Bishop concluded.

Crashers Ruin Surprise Party

Farms police, called to the home of the Richard Kimbroughs, 187 Earl Court, on Friday, October 30, said they found a beer party going on, and the house in an "utter, unbelievable mess."

More than 30 of the "kids," none of whom were known by the family, had crashed what they thought was a surprise birthday party for the Kimbroughs' daughter, Lawrie, 17. The party crashers, it was said, brought their own beer and other alcoholic beverages.

Patrolmen Otto Glanert, Don Herbert, Robert Conn, James Bliss, and John Farley, said they were dispatched to the Kimbrough residence to break up a fight that was reported there, and arrived at the scene to find '50 kids, and several fights going." The "kids" were involved in a beer brawl, the officers asserted.

They said they found the glass of the front door broken, and the entire lower floor of the house an "utter, unbelievable mess." The several fights that were in progress were broken up and the gathered crowd dispersed, the policemen stated in their report.

Miss Kimbrough, and a friend, Richard McCarron, 18, of 311 Kerby road, were taken to the station for questioning, and later released to relatives, pending further disposition in the matter.

Miss Kimbrough, who was staying with her grandfather, Howard Lawrie of 222 McMillan, while her parents were out of the city, had gone home to get a change of clothing.

Word got around that several of her friends were planning a surprise birthday party for her, and it was assumed that it would be at her home. Her friends found her there.

The word spread, and the more than 30 party crashers arrived, with their own drinks. Miss Kimbrough ordered them out, but the crashers remained, things got out of hand, and neighbors complained to police.

Before the arrival of the police officers, Miss Kimbrough, who learned judo from her father, tossed two "big bruisers" out of the house, using judo holds, when things became worse. One of the boys she threw out, went through the storm door glass.

When asked why she had not called police when the party crashers arrived, and more so, when things got out of hand, the young woman said she was too upset by the entire matter to think of calling the authorities.

The five officers, in their report, said they found 236 full and empty bottles, 54 cans of beer, a pint and fifth of whiskey, a quart of wine, a quart of rum, and other alcoholic beverages in the house.

Parcells Pupils Split Ballots

A mock election held in social studies classes of Parcells Junior High School on Thursday, October 29, resulted in a Democratic victory in Federal Government offices and a Republican victory in most state offices.

On the national ticket the students cast their votes 641 for Johnson-Humphrey, 288 for Goldwater-Miller—over a 2 to 1 victory for the Democrats.

For state senator, Philip Hart won over Elly Peterson 573-351. Lucien Nedzi edged out George Bashara 495-418 for Congress (14th District).

On the state ticket, Romney-Milliken pulled a landslide 796-144 vote over Staebler-Derengonski. For state representative (1st District) Republican Robert Waldron won 578 to 325 over William Fitzgerald, Jr.

But for the state office of Senator (2nd District) the students voted in Democrat Charles Youngblood, Jr., by a narrow margin of 493 to 424 over his Republican opponent Herbert Steiger.

Atwood Booked On TV Series

The Reverend Bertram deH. Atwood of the Grosse Pointe Memorial Church has been invited by the Detroit Council of Churches to participate with Father Raymond Ellis of the Confraternity of Christian Doctrine of the Roman Catholic Diocese of Detroit in a television series over Channel 7 beginning this Sunday afternoon November 8, at 2 o'clock.

The Series, to be known as "Dialogue", will be heard weekly at that hour. Father Ellis and Mr. Atwood have been meeting together for several weeks to discuss their common Faith as Christians, and to seek to "hear" what the other Christian group is saying.

The new atmosphere, largely due to the ecumenical movement begun by non-Roman churches in 1910, together with the impetus for ecumenical conversations created by the present Vatican Council, finds Christians recognizing in a new way their common heritage and Source.

There is no attempt to convert one or the other parties to the other's position. Rather, it is to seek to bear witness to the vast area of agreement which already exists among what the Pope has called "separated brethren."

We wanted to show you how perfectly a Gas oven bakes holiday cookies but look what happened

When you bake with Gas, your cookies turn out just the way you planned them . . . and disappear almost as soon as you serve them! There's something about flame-baking that makes cookies extra tempting. Perhaps it's old-fashioned tastiness. But it's also the way they look. You never have to worry about their getting over-browned because air circulates in a Gas oven and cookies bake evenly.

Why not see the latest Gas ranges now on display at dealer or Gas Company showrooms? Low down payment. Easy terms arranged.

African Boys Pay Tribute To Their Pointe Teacher

Mr. and Mrs. John W. Stroh of Lakeshore road received a letter last week from a group of fourth grade students in Ganglota, Liberia.

The students who wrote the warm and interesting letter are members of the fourth grade class which the Stroh's son, Nicholas, teaches under the Peace Corps program.

Nicholas left for Ganglota in August and will spend two years there teaching and working with the young students. His influence and guidance is already being felt by his new charges as one can tell after reading their letter to the Strohs.

The entire letter, uncorrected and unchanged, follows:

Dear Mr. and Mrs. Stroh,

We like your son to be teaching us because he can teach us in a good way, but the government said he is only in Leberia for two years. We don't like this.

The town where he is teaching is Ganglota. There are about 250 people in Ganglota and 92 houses. We don't have good schools but in December the government is going to build us a new one.

Next Friday, October 23 our foot ball team will visit Goriu, a near by town for a game. Teacher Stroh will like us to win and We will try.

Some of us would like to come to America to study some day so We are trying very hard in school, however, We have difficulty reading and understanding english and We don't have story books so we can practice our english and please our teacher.

There are many tribes in our town. some of them are Loma, Vai, Gola, Kpelle and Maindingo. I am a Maindingo boy born in Guinea. Kpelle is most important Language in Ganglota. Teacher Stroh is trying to learn it and We will help hem.

Teacher Stroh is in school with us from 8 A.M. until noon. After school he sleep small and then We play foot ball. At night he help us with our english and reading and Arithmetic. Then he walks through the town talking Kpelle and dancing with us.

Some times in school whe We aren't clever and We don't think Teacher Stroh is very vexed and raises his voice and knocks his fist on his desk. We are scared of hem when he is angry with us but We like hem because he teaches us good and doesn't beat us like our Liberia teacher.

Could you send some foot ball volley ball and soft ball because We want to learn these games. Could you also send us some picture of America, base ball and ice hockey. We will also like to see picture of your family and Detroit. Teacher Stroh has taking meny picture of us and will send some to you.

We want you to know that Teacher Stroh is healthy here and We are all trying to keep hem happy. We like hem very much and when he leaves We will be sad.

God bless you, your family and your country.

Sincerely yours,
Joseph president of the Ganglota school
David Beyar 12,
James Mulbah, 14
Jerry Super, 15,
Willie Johnson, 13,
Peter Kpanno, 15,

After reading this natural and ingenuous letter, is it any wonder that the Strohs are busy gathering softballs, footballs, volley ball, pictures, books and any items which would assist Nicholas in his work and the fourth graders in their quest for knowledge?

Anyone interested in contributing things to the boxes that Mrs. Stroh is preparing to send to Ganglota may call her at TU 5-1131.

Life and learning in the fourth grade at Ganglota will be richer and happier for those contributions. And Nicholas will be happy.

Are you looking at pennies...

and missing out on the dollars you can save with an electric dryer?

Perhaps an electric dryer does cost a couple of pennies more per load to operate than a gas dryer. But with an electric dryer you come out dollars ahead in the long run. Here's why:

Model for model, an electric dryer costs from $20 to $40 less than a gas dryer.

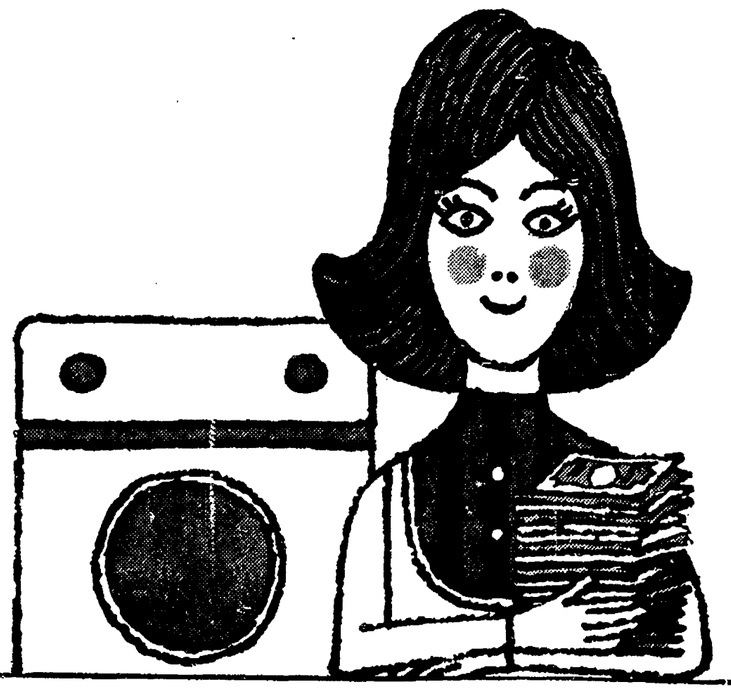

And you save more if you buy now because this low price includes installation.

You'll also save in the long run because an electric dryer costs you nothing for electrical parts (repair or replacement) or labor. Edison will come to your home, make repairs and leave without leaving you a bill. Based on manufacturers' repair policy premiums, this no-charge Edison service can save you up to $200 in 10 years' time.

It doesn't matter where you buy your electric dryer; the Edison no-charge service still applies.

Add it up and you'll see that electric dryers actually cost *less* to own.

Jenny Lind Club Meets Tuesday

Mrs. Henry Hopkes, III, will open her home for the monthly meeting of the Jenny Lind Club of Detroit on Tuesday, November 10.

Serving on the committee are Mrs. James Barker, Mrs. Gustav Dahlen and Mrs. Hara Harrington.

Following dessert, Mrs. Robert Peebles, who will be chairman for the Club Lucia Party, will give a preview of the annual Christmas party which will be on December 12.

Think before you speak and you'll have time to listen.

Christmas Fair Great Success

A bit of the Christmas spirit was brought to Grosse Pointe last weekend, as the annual Christmas Fair presented visitors with merchandise from Grosse Pointe shops, at the event held in the War Memorial Center.

"Our goal was to introduce the public to Grosse Pointe merchants," said Ervin A. Steiner, Jr., director of the show, "and I am pleased to report that we enjoyed a huge success."

Nearly 3,000 persons visited the Fair, viewed the merchandise and made Christmas gift selections. Even those who came only to see the decorated display tables found the merchandise irresistable and placed Christmas orders.

One exhibitor found that the large number of visitors posed a slight problem. "I received many compliments on my display," he said, "and I know the show was a success when visitors wanted to order my booth decorations."

Another exhibitor employed a model to demonstrate the attributes of a stylish evening gown. Drawing attentive glances, the model approached her booth to permit a closer inspection of the cut of the cloth.

As the show manager drew closer to the model, Dick Ackley, of Gray's Sport Shop which was exhibiting nearby, jokingly said, "Don't touch the merchandise!" Suddenly a startled visitor, standing behind Ackley, said, "I'm sorry and replaced a tennis racket he was examining.

Such was the mood at the Christmas Fair. Yuletide shopping was combined with a festive and jovial atmosphere which pleased both merchants and customers.

While the Fair at the War Memorial has ended, it is being continued by the merchants at their stores. They invite the public to stop in and view their Christmas merchandise, and learn of the reasonable prices offered at the shops of Grosse Pointe.

The true measure of a man is not by what he does, but by what he gives to others.

Rotarians Hear Park Police Chief Louwers

Few citizens realize the "backup" potential available through the Mutual Aid Pact which organizes police from various communities in an emergency. Art Louwers, chief of Park Police, stated in a speech before the Rotary Club, Monday, November 2.

Louwers, speaking on the problems faced by small communities with small staffs, said that the pact was formed to counteract the lack of flexibility and difficulty in mobilizing numbers of police quickly in case of disaster—such as the recent accident on Jefferson which claimed three lives.

Louwers, Park Chief since 1946, warned about the careless use of firearms which can result in the injury or death of a spouse, child or neighbor by accident.

"Don't shoot at a prowler unless you're sure that's what he is, or you can be subject to criminal prosecution," he said.

"The Park Police Department has 30 men, 3 women, and crossing guards, with four men patrolling on each shift," Chief Louwers said. "It is their function to protect life and property, suppress crime, detect and apprehend criminals, repress criminal activity, and offer preventive supervision of non-criminal conduct."

"Most arrests of criminals in the Park area are made during such routine activity as stopping a driver for a traffic violation, he said.

"The cat burglar has operated over the entire state—six or seven other cities—, in Detroit and all the Pointes. This involves a series of similar crimes, though not necessarily done by the same person."

"And don't forget that the blue uniform is the Thin Line between safety and death," he concluded. "Stand up for your police. Today the pendulum has swung in favor of the criminal and it is the police who are being prosecuted and assaulted."

BLINDED BY SUN

City Police said that a car driven by Ruth Ceaser of 14521 Wilshire, Detroit was struck in the rear by one driven by Eleanor Miller of 253 Mt. Vernon. Mrs. Ceaser had stopped to avoid hitting a child chasing a ball. Although she said she had been blinded by the sun, a reckless driving ticket was issued to Mrs. Miller. The accident occurred on Waterloo.

Rotary Observes Foundation Week

Rotary Clubs throughout the world, all 11,900 of them with a membership of over 600,000 in over 130 countries, have set the week of November 15 through 21 as Rotary Foundation Week.

The Rotary Foundation is a fund established some years ago in memory of the founder of Rotary, Paul Harris. It is continually growing through donations from clubs, from individual members, and from the ever appreciative and immense non-member group.

Its primary use is to aid each year 25 or more young men 21 to 29, who are graduate students, to develop their skills through a year of study abroad in almost any country or university of their choice

Since its inception in 1947 this program has aided over 1,900 young people from 70 countries to study in 58 other countries on Fellowships averaging over $2,600 each.

In addition this year for the first time some areas will be sending groups of six highly qualified young businessmen from 22 to 30 years of age to another country in exchange for another group.

In total these two programs will cost in 1964-1965 in excess of $700,000 and in the years through 1968 this will increase to over $1,300,000.

In the selection of the young men for these Foundation Fellowships the various districts are given a chance every other year to present nominees. This year the Detroit area, District 640 has an opportunity to nominate some young graduate student to this honor and opportunity of a life time.

Will Present Skiing Movies

'Adventures in Skiing," the American Youth Hostels' annual curtain-raiser for the local ski season, will be presented at Ford Auditorium Wednesday, evenings, November 18 and 25, at 8:20 o'clock.

The 18th annual movie series will bring the international ski photographers and lecturers, Dick Barrymore and Warren Miller to Detroit.

Barrymore's color film, "Snow Motion" features highlights of the 1964 Winter Olympics in Innsbruck. Viewers will be taken on a unique tour of Oriental ski resorts in Japan where they will visit the only indoor ski area in the world, and will tour numerous U. S. ski areas.

Known for his "humor on skis," Miller has captured some off-beat antics in his film sequence, "The Skiers," to be shown November 25. His cameras also recorded the skiing greats in action in The Silver Belt Giant Slalom and Buddy Werner Memorial Slalom at The Sugar Bowl in California, among the action at top-caliber tournaments.

Tickets are on sale at all local ski shops, Ford Auditorium and the American Youth Hostels office, TE 1-4800. Series tickets are $4.50; single tickets are $2.50 and children's admission $1.25.

The ski lecture series has been a unique project for the Detroit AYH which is a pioneer in the program of educating its members in the use of recreational facilities in its "learn how-to" programs in skiing, sailing, canoeing and bicycling, among other activities.

Young Speeder Nabbed in Chase

A 17-year-old Harper Woods driver, who refused to obey a Farms policeman's signal to pull over to the curb, was finally stopped, after a chase of 70 miles an hour.

Taken to the station and ticketed for reckless driving was David Rinaldi of 19983 Country Club.

Patrolman Otto Glanert, in his report, stated that he was cruising west on Grosse Pointe boulevard, when he saw a car passing on the curb lane, going east, at high speed. The officer said he made a U turn that brought him behind the youth's car.

Rinaldi stopped for a red light at St. Paul School, and when the light turned green, he sped away at about 65 to 70 miles an hour, the policeman said.

Glanert said he had his scout car flasher and siren on, but Rinaldi ignored them and also ignored his signal to pull over to the curb.

At Stephens road, the officer said, Rinaldi pulled to the curb lane, and was forced to a stop, placed under arrest and taken to the station, where he was charged and ticketed.

Spartan Alumni Invited to Game

Alumni of the Woods Spartan football team are cordially invited to attend the Homecoming Game on Saturday, November 7.

The meeting place will be at Mason School parking lot at 10 a.m., where the cars will be decorated and parade to the field with police escort.

The Homecoming Game will be played at Harper Woods High School on Beaconsfield in back of Eastland, starting at 12 noon.

There will be an unspecified admission charge at the game so whatever you donate will be greatly appreciated.

'The Village' Has Village-Type Store

An appropriate idea is a village-type store in Grosse Pointe Village. That is just what we found when we admired the quaint, Early American decor at Mr. McCourt's at 16849 Kercheval in the Village. The Early American theme is present in the warm tones of the wood panelling, the lamps and paintings and the family groupings of chairs . . . all combining to give a comfortable, home-like atmosphere.

Study Elections At St. Paul High

The students at St. Paul High School wished to learn as much as possible about the presidential election in order to prepare themselves for voting in the future.

Under the auspices of the government and United States history classes, upperclassmen staged a repeat performance of both conventions.

The Democratic convention was held on October 20, and the Republican on October 8. Judging from the enthusiasm, the experiment was a complete success. One student observer commented, "That convention was more exciting than the real thing."

Students were also allowed to visit two polling places set up on the first floor. There was a catch, however. Many disappointed voters were turned away from the polls. Reason: Many students failed to register during the registration drive held in early October. In this way, social studies teachers are pointing out to students the dangers of lethargy among American voters.

On Thursday, October 22, the United Nations Club of St. Paul High School presented a panel on the United Nations in honor of United Nations Day. Speakers Sue Lykins, Peter Jarmosevich, Michael Frank, and Larry Reha, presented a history of the UN, its organziation, and its critics.

Mr. McCourt is by no means a newcomer to the Village, where he has been greeting the children of Grosse Pointe and their parents for over 18 years. In fact, Mr. McCourt tells us that he is now saying hello to many second generation youngsters.

For his young friends, Mr. McCourt has installed a family bulletin board which is expected to be used extensively by girls looking for baby-sitting jobs and young men looking for lawns to mow or sidewalks to shovel.

Throughout the years Mr. McCourt has maintained a warm friendship with many of the boys who only a short while ago toddled into his department firmly clutching mama's hand, and now, definitely more sure footed, stop in during vacation from college, just to say hello.

Mr. McCourt proudly notes that he and his fine staff comprise an impressive total of over 80 years' experience in fitting children's shoes. He also adds that over the years he has handed out at least 160,000 helium filled balloons to his delighted young customers, which certainly can also be called an impressive total!

A resident of Grosse Pointe Woods and a member of Grosse Pointe Rotary for 10 years, Mr. McCourt has three sons; Larry, in high school; David, who attends Ferry School and Brian who will enter Ferry School next year.

Congratulations to Mr. McCourt and sincere good wishes for continued success in Grosse Pointe Village.

Introducing New Teachers

Shown reviewing the principles and procedures employed in the instruction of the "new math" are the six professional staff members new to the staff of John R. Barnes Elementary School, 20090 Morningside drive. The instructors are pictured in a third grade room as they examine a bulletin board display containing a number chart and are (left to right) MRS. KAREN L. WATSON, grade 1; MISS BETTY L. BRADY, grade 5; MISS CAROL A. DROEGE, kindergarten; MRS. CLAIRE A. LENSINK, grade 3; MRS. MARION F. ROSECRANCE, grade 3; MRS. JACKIE J. BOOTH, grade 2; and the building's principal, ROGER O'CONNOR.

"We feel we have done a good job in selecting teachers to fill the vacancies for the 1964-1965 years at Barnes School," Principal Roger D. O'Connor remarked recently. "Our six new women are personable and well-educated for their respective assignments," he concluded.

This week's column, the sixth in the Grosse Pointe News' weekly series introducing teachers new to the Grosse Pointe School System for the 1964-1965 school year, presents thumbnail biographies of Mrs. Jackie Booth, Miss Betty L. Brady, Miss Carol A. Droege, Mrs. Claire A. Lensink, Mrs. Maroin F. Rosecrance, and Mrs. Karen L. Watson.

Working For Her MA

Mrs. Jackie Booth, a second grade teacher, is an experienced early elementary teacher with a degree from the University of Michigan. She attended the University of California as an undergraduate, and is currently working part time on an MA at Michigan.

Sailing, snow skiing and water skiing, decorating and part-time modeling are among her "out of school" interests. The Booths (Dr. Booth is an oral surgeon) live in an apartment in Detroit's Lafayette Towers.

Miss Betty L. Brady, who has taught the early, middle, and later elementary grades during her career in Detroit, has as her major responsibility a group of fifth graders. Miss Brady is a graduate of the University of Michigan, where she was affiliated with Delta Delta Delta. With gardening and reading among her hobbies, Miss Brady makes her home in St. Clair Shores.

The background of Miss Carol A. Droege, kindergarten teacher, is varied in many respects. Although she was born in Detroit and is a graduate of Grosse Pointe High School, she received her degree from Valparaiso University in Indiana, and pursued a broad range of specialized studies at the Western Pennsylvania School for the Deaf, Purdue University, and Wayne State University.

Has Broad Experience

Her experience is as broad as her training. In the metropolitan area, she was a kindergarten teacher and instructor of the deaf in Ferndale. She has also served on schools' staffs in schools in Phoenix, Ariz., and Riverside, Calif., as a teacher of the deaf at the elementary level.

Hobbies include music, sewing, knitting and skiing. Interested in church work, she is a director of the intermediate choir. Miss Droege has made two trips to Europe, with an entire summer in Vienna. She makes her home in Grosse Pointe Woods.

A group of active third graders claim the working day's attention of Mrs. Claire A. Lensink, whose extracurricular interests range from sewing and cooking to travel and the theatre.

A native Detroiter, Mrs. Lensink completed her high school days in Mumford, then went to Wayne State University for her undergraduate degree and a start on an MA. "My eventual plans are to complete my MA degree in social work and later to work as a visiting teacher."

Prior to her current assignment with The Grosse Pointe Public School System, Mrs. Lensink taught in St. Clair Shores. She claims membership in the Michigan Education Association, the National Education Assocation, and during college days she was active in Delta Zeta sorority.

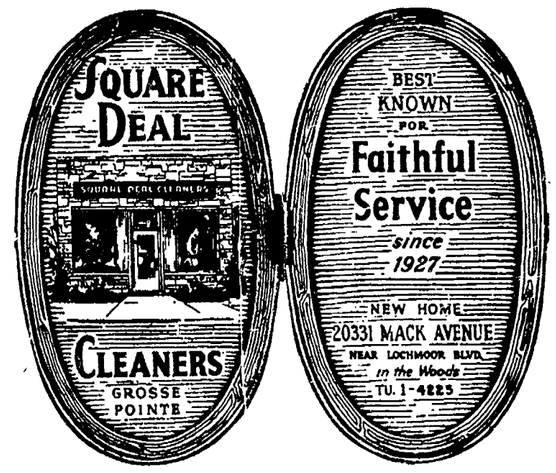

Studied To Be Nurse

Mrs. Marion F. Rosecrance, also a third grade instructor showed an interest in a career in nursing before she switched to study teaching. The change was wisely chosen, for she made the Dean's Honor List at Wayne State University, where she received her degree. Of her college days, she says, "I returned to Wayne after marriage and three children to obtain a degree and a teaching certificate." Mrs. Rosecrance adds, "My succes in achieving my goal was due to great understanding, encouragement, and help by my husband and children."

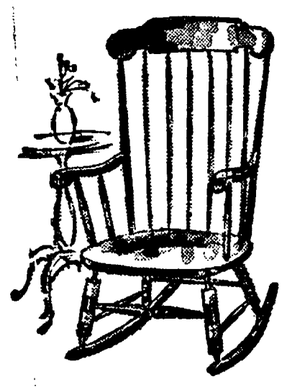

The Rosecrance children, who were so helpful while mother was a coed, are Ann Elizabeth, 8, John C., 7, and William E., 5, who attend Hampton School in Detroit. In spite of her busy life Mrs. Rosecrance has time for skiing, piano, and swimming.

Mrs. Karen L. Watson, an experienced first grade teacher, is a native of Waterloo, Iowa, and a graduate of Chesterton High School in Indiana. She received her college degree at Miami University of Ohio, and has completed some graduate study at Ohio State University.

William L. Kaake of 408 Belanger road, told Woods police on Saturday, October 31, that while his car was parked in front of 1181 Torrey road, vandals sprayed red paint on the right side and top of the vehicle. He said it will cost an estimated $150 to have the paint removed and the car repainted.

Maire School Sixth Graders Visit Nation's Capital

Sunday night, October 18, 104 tired and happy people returned from the Maire School's 12th annual sixth grade tour to Washington, D.C. This trip, sponsored by the Maire Elementary PTA, is the only one of its kind in the Grosse Pointe School system.

The group departed at 5:30 p.m. Thursday, October 15, from the Fort Street Station and arrived at Washington Friday morning, where they proceeded to the Capitol Building for the official picture taking, then toured the Capitol.

After lunch the group visited the Bureau of Printing and Engraving, where currency is printed, the Federal Bureau of Investigation, and the Archives Building, where they saw the Declaration of Independence, the Constitution, and other priceless historical documents.

The tour group stopped for dinner at the Manger Annapolis Hotel, then climaxed their first day with a night tour of Washington, which included a stop at the Lincoln Memorial and ascension of the Washington Monument where they saw the breathtaking sight of Washington at night.

Saturday began with a special conducted tour of the White House, prior to public visiting hours. This tour, arranged by George M. Cassidy, included the private library, the China Room, and other rooms not usually open to the public. The next stop was Arlington National Cemetery where four representatives of Maire School, Jane Beebe, Janis Marshall, Charles Greifenstein and Mrs. Ted Beebe honored the memory of the late John F. Kennedy by placing a wreath at the gravesite.

Next the group witnessed the changing of the guard at the Tomb of the Unknown Soldier. They finished a full morning with a bus tour through the streets of historic Alexandria, Va. and a visit to Mount Vernon. After lunch the group saw the Ford Theater, scene of the assassination of Abraham Lincoln, and visited the Smithsonian Institution, before boarding the train for the return trip.

The tour was organized and supervised enroute by co-chairmen Mrs. Robert Marshall and Mrs. Ted Beebe. Travel arrangements were made by G. W. Lindstrom, who accompanied the group and whose experience was an invaluable asset in making the trip a success.

The other adults accompanying the group were Mrs. Lee Bowsher, R.N. who graciously offered her services for this trip; the sixth grade teachers, Miss Mary Louise Hess, Mrs. Robert Bennett; and the following parents: Ralph Miller, Mrs. Durwood Newell, Mrs. D. Livingston, Mrs. Robert Farrell, Herbert Winkler, George Henry, Mrs. Walter Griffeth, Mrs. David Feryus, Geno Cioe, Mrs. Marvin Mead, Mrs. Aarron Rutledge, Mrs. Arthur Martin, Mrs. Robert Peterson, Jack King, Mrs. Lenore Barrows, Mrs. Robert Lawson, Mrs. Robert Williams, Mrs. Robert Cone, Mrs. Rodger Meier, Mrs. Peter Dixon, Harry Wheatley, J. P. Stanley, Mrs. Everette Davis, Mrs. Paul T. Shirar and Mrs. Harry Wheatley.

List 87 Centers In Sports Guide

A record number of winter sports centers are listed in the 10th annual edition of the Michigan Winter Sports Guide now being distributed by the Michigan Tourist Council.

The guide gives the location of 87 winter sports centers and a description of their facilities. Two additional areas announced openings too late for inclusion in the guide to bring the number of active Michigan winter sports centers to 89.

Council director William T. McGraw said that the steady increase in the development of winter recreation areas "demonstrates the confidence private industry has in the continued development of Michigan as a year-round vacation destination."

McGraw noted that the guide again shows an increase in facilities for night skiing and in snow-making equipment.

"Another important fact which stands out is the broad distribution of winter sports centers in Michigan," he said. "Every part of the midwest is within easy reach of a Michigan ski area."

Copies of the Michigan Winter Sports Guide are available free from the Michigan Tourist Council, Lansing, Michigan 48926.

Told to Attend Traffic School

Presiding over Grosse Pointe City's Justice Court on October 27, Judge Douglas L. Paterson sent two defendants in the eight cases heard to sessions of Traffic School.

In the first case Antonio Dante Terrana of Grosse Pointe, St Clair Shores, was found guilty of driving without due care and caution, fined $25 and ordered to attend four sessions of Traffic School. He had originally been charged with reckless driving causing an accident.

Another reckless driving charge was reduced in the case of Daniel Richard Scizak of 21195 Behrendt, Warren, Mich., to failure to stop for a stop street. In addition to four sessions at Traffic School, Scizak was fined $50 and put on three months probation.

Lee Herbert Johnston of East Jefferson, Detroit, was found not guilty of reckless driving and the case was dismissed. The case of Rozene Richards Moore of 46 Sunningdale, who was charged with reckless driving, was also dismissed because the complainant refused to prosecute.

Although the defendant Marie E. Neumann of 903 Lakepointe was found guilty of interfering with moving traffic, Judge Paterson suspended sentence. She had originally been charged with reckless driving causing an accident.

In other cases Celia Kasmewski of 11416 Gallagher, Hamtramck, was found guilty of going through a red light and fined $10. She had also originally been charged with reckless driving causing an accident.

Barbara Jean Gordon of 3441 Chatsworth, Detroit, was found guilty of speeding 60 m.p.h. and fined $35.

Judge Paterson also ruled that Nettie Jones of 2186 Lakeview, Detroit, must be re-examined by the Police Department for driving. The charge of reckless driving causing an accident was reduced to interfering with moving traffic.

Xmas Mailing Time Is Here

Postmaster Edward L. Baker advises mailers that the time is now at hand for sending Christmas gift parcels, via sea transportation, to relatives and friends in European, Central and South American countries.

Gift parcels should be mailed **no later than November 10 to** assure delivery in time for Christmas, particularly for, England, France, Poland, Germany, Belgium, Italy, Baltic and Scandinavian countries, Argentine, Brazil, Peru and Venezuela.

Because of the increased volume of mail, long sea voyage time, customs inspections and other formalities to which these parcels may be subjected at the country of destination, early mailing is necessary.

Mailing instructions as to size and weight limitations, necessary customs forms and items permissable may be obtained from your local post office. It is important that you use a strong corrugated carton, pack items tightly and cushion well. Address parcels on one side only and be certain that return address and that of addresses are complete and legible.

To insure a truly Merry Christmas for your loved ones in foreign lands, Mr. Baker advises "Shop and Mail This Week".

Five Pointers Taken Off Road

Four Pointe motorists had their operator's licenses suspended by the Secretary of State's Office in Lansing, and one driver had his license revoked, according to the latest report from Lansing, dated October 16.

James J. Hayes of 418 Hillcrest, had his license suspended from October 13 to November 12, because of an unsatisfactory driving record.

Charles L. Howe of 174 Fisher road, had his license suspended from October 13 to November 13, because of an unsatisfactory driving record.

Carl A. Limberg of 827 Fisher road, will be getting his license back by Sunday, November 8. It has been suspended since October 9, because of an unsatisfactory driving record.

William J. Raven of 1512 Hawthorne, whose license was suspended since July 30, because of an unsatisfactory driving record, will have the license returned on November 29. Additional suspension time was given to him when he was arrested for driving while his license was suspended.

Robert M. Lucas of 15220 Mack avenue, had his license revoked since September 24, under the Financial Responsibility Law. He had been charged with driving while under the influence of liquor.

During the week that the latest report was made out in Lansing, Secretary of State James M. Hare, disclosed that the driver's license of 548 Michigan motorists were suspended and those of 25 were revoked.

More Good Citizenship

Two weeks ago space in this column was devoted to a letter written by Woods residents who protested against a proposed Junior Rifle and Gun Club for boys nine years and up. The paper took no side in the argument, but published the letter as an example of healthy and intelligent interest in the affairs of the community. The letter, written by Mr. and Mrs Nicholas Kondak of Hawthorne, has been turned over to the Woods Recreation Commission for study and recommendation to the city council.

Now comes another letter, a copy of one sent to the Woods Council, taking the opposite side of the argument. Fair play would seem to indicate that equal exposure be given this letter, also a most intelligent expression of the same type of civic interest. It too, will doubtless be turned over to the Recreation Commission, and the Council will shortly receive advice from that group, to help guide whatever final action is taken on the proposal.

Dear Sirs:—

As parents of three boys, with a sense of the importance of self discipline and with respect for the sincere opinion of others, we read the articles published in the Grosse Pointe News and the Grosse Pointe Press relating to one family's opinion of the Junior Rifle Club now being organized in Grosse Pointe Woods.

After having sought out additional important information, we have decided that we are still whole heartedly in favor of such a club. We not only agree, but emphasize that there is no need for the careless handling of guns, by children or adults, in a densely populated area such as ours.

This is precisely why we need professional instruction with proper equipment in an environment conducive to insure future safe handling of rifles, pellet guns and even BB guns. The very strict discipline generated by this instruction is far more desirable and effective than that which is exercised by many parents when giving a son a Boy Scout knife, more or less as a reward, with only a few threatening words of possible confiscation.

It is, as a rule, more effective to be taught an operation, such as the care and use of a rifle, by a qualified stranger. The difficulties encountered when a husband teaches, or tries to teach his wife to drive an automobile is a valid analogy. Is not Driver Training in public high schools advocated because of the importance of a qualified stranger? At what better age to begin these instructions than to a boy nine years old? This is well before he has entered the age of rebellion so common to teen-agers. He is still being schooled in safety, learning respect, and has the strong desire to win the approval of adults.

The City of Grosse Pointe Woods is sponsoring this activity by providing facilities which would normally go unused during the time the classes would be in session. Namely, the police firing range and class rooms.

Do you remember all the clamor about the school swimming pools going unused during the summer months? We believe that the N.R.A. offers these classes in an urban area so that people will take advantage of their knowledge and skill, and not have to join a private club many miles from home.

The club will be administered by the National Rifle Association. This most safety and civic minded organization will supply the .22 Caliber Rifles and ammunition to be used at an extremely nominal fee to each student. In fact, this fee is less than some charged for a few of our other recreational activities. There will be no need for possession or transportation of weapons, concealed or otherwise. Instruction by five qualified instructors will be for only .22 Caliber Rifles. A rifle will not even be presented to a student for actual firing until several classes have been attended where SAFETY, as the main theme, is stressed.

You can be sure that the N.R.A. is well aware of the laws of all 50 States regarding possession, legal ages for hunting, penalties, etc. We feel that their many years of experience will point out the fact that when a "city boy" reaches the age of nine he is ready for proper instruction which he can retain and carry on into adulthood.

While the public ponders these facts, we wish the N.R.A. and City Fathers would seriously consider a class for mothers. Far too many mothers have a deep-seated fear of guns and say "No" to any instructions instead of they themselves gaining a healthy and learned respect for them.

We wish to make mention of a radio interview with Gary Anderson of Nebraska, the U.S. Olympic Gold Medalist in Free Rifle Firing. He is entering a theological seminary next year and stated that he has every intention of continuing in his sport while there. He also stated that far too many people think that guns must mean delinquency and war. Instead, they should think of this type of shooting as a most exacting sport which stresses the need for self-discipline, something for which we all strive.

Yours truly,
Mr. & Mrs. C. E. Rosiere

What Goes On at Your Library

By Virginia Leonard

Following hard upon the heels of his latest writing, THE WORDS was the announcement late last month that Jean-Paul Sartre had won the 1964 Nobel Prize for Literature—a distinction which thus far he has refused to acknowledge. He is the first winner to decline the honor. Boris Pasternak won the 1958 award, accepted it, but was pressured by the Russian government into refusing it. In 1925, George Bernard Shaw reversed a decision to turn it down on condition that the money go toward the translation of Swedish literature into English.

Jean-Paul Sartre—what do we know about him? A 59-year-old French intellectual and philosopher, dramatist, novelist and critic, whose name is almost synonymous with existentialism — a school of thought which preaches faith in man rather than in any God. And since man is alone responsible for is own actions through freedom his choice, he must bear the consequences, even if they involve anguish and guilt. Man is alone in an absurd and grim universe.

And Sartre has followed his tenet of choosing sides. During World War II he threw in his lot with the Resistance, publishing an underground newspaper with his friend and fellow existentialist, Albert Camus. Later he was opposed to the Soviet Union during the Hungarian Revolt. At one time he had pro-Russian leanings, but did not become a communist. He also championed independence for Algeria.

THE WORDS, quite a departure from his other works, is autobiographical, giving a warm but somewhat sad account of his childhood and very early teens. Here we find Sartre (who, incidentally, is a second cousin to Dr. Albert Schweitzer) as a fatherless boy, brought up in the household of his colorful grandfather, Charles Schweitzer, a strong patriarchal figure who almost dominates the book. At four, he taught himself to read, and then, dazzled by his own precocity, he would pretend to be reading the classics, (to impress those who watched him), hiding within their ponderous tomes hundreds of trashy boys' adventure stories! He also wrote supernatural horror stories, science fiction, tales of monsters—a kind of regurgitation of the sort of fiction he had been reading.

The style of this book is crisp and short—a departure from his later labored and lengthy works. But it is well worth reading, whether one is a Sartre follower or not.

Our Libraries have other holdings of this author. THREE PLAYS contains DIRTY HANDS, THE RESPECTFUL PROSTITUTE, and VICTORS. In 1963 he wrote SAINT GENET, a controversial study praising Jean Genet, an avant-garde author and dramatist. One if his earlier works is entitled: AGE OF REASON; another. TROUBLED SLEEP. In 1957, he published LITERARY ESSAYS; in 1960, his well-known THE CONDEMNED OF ALTONA. As might be expected, he has one work entitled: EXISTENTIALISM. (Parenthetically one might mention here our latest book on this subject by William Barrett, called: WHAT IS EXISTENTIALISM? —a 1964 publication).

But let us get back to the Nobel Prize. Just why did Sartre refuse this lofty literary plum? He claims he has always refused official distinctions. In his own wards, here is his creed:

"A writer who takes political, social or literary positions must act only with the means that are his. Those means are the written word.

"A writer must not accept official awards because he would be adding the influence of the institution that crowned his work to the power of his pen. That is not fair to the reader.

"It is not the same thing if I sign Jean-Paul Sartre or if I sign Jean-Paui Sartre, Nobel Prize winner."

In 1945, for the same reasons, Sartre turned down the French Legion of Honor, and has no desire to enter the College de France. Here is a man who is indeed wary of high scholarly distinction, and certainly practices what he preaches!

And so there is Jean-Paul Sartre—honest, pessimistic, intellectual, philosopher of despair, who has dominated the French Literary scene for a quarter-century. Whether he accepts his Prize or not, we salute him as one who certainly deserves it

What's New on THE HILL . . .

by Roberta

In November Kercheval On The Hill lights up like a Christmas tree. All this after months of planning . . . treks to New York . . . longer jaunts to the Continent, and lots of plain old fashioned drudgery. Here we are ready for the gala season. A few gala ideas are presented here this first week of a new month.

●

The amazing thing is . . . how did Young Clothes, Inc., do it? Do what? Get such an excellent variety of stocking stuffers under one roof . . . puzzles, games, toys, animals . . . AND, from just 25c? 110 Kercheval.

●

And while we sing of Yuletide treasures we want to praise the v-e-r-y French room sprays and perfumes by Rigaud at Trail Apothecary Shop. You will adore their faint stirrings of fragrance! We do!

●

Now that the votes are counted . . . let's count the Goodman girls; one, two, three, four, five, six, seven, eight, nine, ten. All selling Grosse Pointe houses . . . and good ones, too, says John S. Goodman. TU 6-3060.

●

Pongracz Jewelers were proud to present Susan Schwartz of Devonshire Road her prize, of a $105.00 14 kt. gold Omega watch, in their contest at the "Christmas Fair" at the War Memorial last Friday and Saturday. Miss Schwartz guessed five hundred dollars over the actual retail price including Federal Excise Tax. It was a ¼ carat under the actual 10.1 caret weight of the diamond. Over ¼ million dollars worth of rings and bracelets were checked and cleaned by Ted Pongracz, Certified Gemologist, at the booth. Mr. Pongracz says: we wish the ladies would check and clean their gems more often, and take advantage of the FREE SERVICE offered at Pongracz Jewelers EVERYDAY throughout the year." We go along with that.

●

You bet, the Dants and Christmas are synonomous. The tinsel look really glows on their beautifully costumed angels. Music is the theme . . . carolers, trumpets, and mandolins add to their potential in your home this Christmas. From 8.00. 98 Kercheval.

●

Baked in old New Orleans are Patio Fruit Cakes featured at Hamlin's every holiday season. Each piece is individually wrapped for elegant serving. Typically New Orleans are the decorated tins . . . useable long after Christmas is passed. Just $4.95. 89 Kercheval. Boxed and ready to mail. TU. 5-8400 for immediate delivery.

●

So merry . . . so bright . . . Irish Coffees at the League Shop. Choose the delicate stemmed glass . . . or the tall thin glass cup on a saucer. Either style . . . one dollar a piece. The yummy recipe is included! 72 Kercheval.

●

Scene in the windows at 77 Kercheval . . . a Haitian hand-woven bedspread with a single bed, the head board of which is ivory inlaid . . . the design, light and elegantly bordered. Ditto the night table with an ivory top. Wm. Denler & Co.

●

At the Sign of the Mermaid . . . the new Mark Cross Shop featuring a collection of leather accessories . . . for example, handsome handbags and luggage. You are invited to come in and browse, and discover all the leather items available. 75 Kercheval. TU. 2-1610.

●

Is your Christmas angel a little girl from four to ten years old? Yes? Then please note. One piece red velvet lounging pajamas sparked with pink satin collars and cuffs are ready for her at Young Clothes, Inc., 110 Kercheval.

●

Avoid the quack, the charlatan, the "cure-all" type of doctor. Almost invariably they do more harm than good. Select your physician as you should your pharmacist . . . with care and confidence. We recommend highly the prescription specialists at Trail Apothecary Shop, 121 Kercheval. Call Tu. 1-5688 for immediate deliveries.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Topping The Pointe's busy-people list these days is Mrs. John W. Anderson, II, of East Jefferson avenue, whose schedule takes her here, there and everywhere, at a breathless pace.

Last week, Mrs. Anderson was here, making three trips a day—minimum—to the airport, to pick up representatives and their wives, from Australia, Japan, Brazil, Columbia, Mexico, the Common Market countries and Great Britain, arriving for the Bundy Tubing International Symposium.

She entertained 24 women at luncheon Monday. On Tuesday, the Andersons gave a dinner for 85 at the Little Club, and other weekday nights they entertained smaller groups, of six or eight, at smaller dinners.

Then there was the Founders Society, Detroit Institute of Arts, benefit premier of "My Fair Lady"—the Andersons took several of their guests to the film and Afterglow at the museum, to "show off" Detroit.

Days, Mrs. Anderson, a "working wife" whose assistance to her husband includes the ability to converse and take notes in six languages, attended as many of the Symposium meetings (conducted like United Nations sessions, with simultaneous translators) as she could manage.

* * *

In the midst of all this hustle and bustle came a telephone call from Paris, from decorator Maurice Carrere, who will transform the Little Club (into WHAT is still a secret) for Mrs. Anderson's daughter, Carole's debut party December 26.

It seems the only time M. Carrere could manage a visit to Detroit was Wednesday . . . so, on Wednesday, Mrs. Anderson was back at the airport to pick up another overseas arrival.

Carole will miss most of her pre-debut preparations. She attends the American School in Lugano, Switzerland, and is not expected home until December 24, in time for the maximum of fun with the minimum of fuss.

Christ Church Fair Only a Week Away

Thousands of Handmade Items Go On sale Next Thursday; Special Children's Features Plus Adults' Favorite Shops

In The Pointe's abundance of pre-Christmas sales, sponsored by the Church and charitable organizations, only one is known simply as "The Fair."

This year, The Fair will be conducted by the women of Christ Church, (odd years, Grosse Pointe Memorial Church Women tackle Fair duties — and pleasures).

Date is Thursday, November 12; time is 10 o'clock in the morning until 6 o'clock in the evening; place is, of course, Christ Church.

Heading the '64 list of Fair officers are Mrs. Erville B. Maynard, ex-officio chairman; Mrs. Paul P. Fischer, Mrs. Jeremiah V. Jenks and Mrs. Robert H. Kanzler, co-chairmen; Mrs. Robert F. Sullivan, treasurer; Mrs. Ronald W. Haughton, assistant treasurer; Mrs. H. Gordon Wood, recording secretary; Mrs. Ferdinand Cinelli, corresponding secretary; and Mrs Richard P. Joy, Jr., E.C.W.

Committee heads include Mrs. William C. Ford, hostesses; Mrs. Allen Campbell, door check; Mrs. David Rust, loud speaker; Mrs. J. D. Chapin, motor corps; Mrs. Warren Shelden, Mrs. Hugo Higbie and Mrs. John B. Ford, III, publicity.

Leaders of more committees are Mrs. E. Llwyd Ecclestone, Mrs. John Bayne and Mrs. Reginald MacArthur, staging; Mrs. Simpson Leonard, volunteers; Mrs. John E. Caulkins, Mrs. Hugh Riddleberger and Mrs. Peter Thurber, services; Mrs. Richard Garner and Mrs. Erwin Foersterling, supplies.

The women of Christ Church have been working for months, fashioning hundreds of handmade items. There will be many new features as well as those popular in the past.

Especially for Children is Santa's Sack, with gifts for boys and girls up to age 15, gathered by a committee headed by Mrs. Charles B. Johnson, Jr., and Mrs. Edwin Chamberlain.

Young Shoppers Only, under the aegis of Mrs. Henry E. Bodman, II, and Mrs. Richard Emerson, will admit no one over 12. Here, youngsters may purchase gifts for the whole family, from grandparents to baby sitters and brothers, at child-sized prices.

Barbie and Ken doll outfits are featured at Tots and Toddlers. Chairmen of this "shop" are Mrs. Aaron Evans and Mrs. Henry Kinzie.

Mrs. T. Jack McCullagh has organized a free sitter service, leaving mothers childless for an entire day of leisurely shopping. Mrs. Gordon T. Ford and Mrs. C. L. Mathews, III, head the committee ready to provide a 25c luncheon, guaranteed appealing to all the small set, at the Children's Snack Bar. There will be a Wandering Photographer waiting to snap shots of the young shoppers and their mothers.

While the boys and girls lunch in their own dining room, grown-up Fair goers can enjoy a grown-up Fair luncheon, provided by Mrs. James Harland's and Mrs. Donald Bliss' service committee. Mrs. W. E. Baubie, II, is in charge of the workers' luncheon, (after a morning on their feet, we predict the workers will DEFINITELY welcome their luncheon break).

Each Fair Shop has something special to offer. Decoupage, chairmanned by Mrs. Lawrence Gotfredson, Mrs. Wilber Mack and Mrs. Lowrey Kammer, features all sorts of items, from lamps and mirrors to every woman's dream gift: A portable filing cabinet.

Beautiful plywood and balsa wood handpainted decorations, in 51 different, colorful patterns, may be purchased at the Christmas Tree Ornaments Shop, (chairman: Mrs. Richard Bachman).

Collectors items — antiques, glassware, china and glass—have been gathered by Mrs. Edward S. Evans, Jr., and Mrs. Emory M. Ford for the Heirlooms Shop, while Mrs. J. Crawford Frost and Mrs. Jay W. Sorge have stocked Kitchen Corner shelves with all sorts of edible goodies.

Mrs. Arthur J. Smith's Paris Table will be piled high with beautiful bolster pillows, white or pink with lace, plus embroidered linen wedding handkerchief pillows.

Pine cone wreaths, to hang or use as table decorations, are just one of the items to be found at Mrs. John Lesesne's and Mrs. Chase Morsey's Garden Mart; Mrs. Harrison Watson has collected dozens of Fancy Aprons; Mrs. Douglas Campbell is in charge of Pressed Flower Trays.

Co-chairmen of Needlepoint Belts and Kits are Mrs. Rockwell Gust and Mrs. James Humphreys. Heading the Needle-

Sanders-Hetmanski Nuptials Celebrated

Reception at War Memorial Follows Family Ceremony Saturday; Pair to Live in New Jersey upon their Return from Florida

At an informal service in Immanuel Lutheran Church, Detroit, Saturday, Ruth Hetmanski spoke her wedding vows to Alton Franklin Sanders.

The Reverend Constantine Trued officiated at the 2:30 o'clock ceremony.

The bride is the daughter of Mrs. Virginia Hetmanski, of Ghesquiere court, and John Hetmanski, of Hampton road. Her husband's parents are Mr. and Mrs. Aaron F. Sanders, of Scotch Plains, N.J.

For her marriage, the former Miss Hetmanski chose a three-piece white wool suit. Her short veil was secured by a cut velvet headpiece, and she carried a cluster of white carnations, centered with a carnation corsage.

Suzanne Hetmanski served as her sister's maid of honor. Renee Miller, of West Orange, N.J., was the bridesmaid.

The attendants wore pastel wool dresses, the honor maid's a peach shade, Miss Miller's a turquoise shade. Their headpieces were net circlets, with short veils, dyed to match their frocks.

Their flowers were cymbodium orchids, carried at the ceremony, worn as corsages at the reception.

Aaron Sanders came from Columbus, O., to act as his brother's best man. Ushers were Harry Felty, of Wyandotte, and Mark Hetmanski, brother of the bride.

A reception at the Grosse Pointe War Memorial followed the double ring ceremony. Mrs. Hetmanski greeted her guests, wearing a brown crepe afternoon dress, with a white carnation corsage.

The bridegroom's mother chose a pink brocade costume, with a corsage of white carnations.

After a wedding trip to Florida, the new Mr. and Mrs. Sanders will make their home in Parsippany, N.J.

Antique Market To Open Sunday

The Junior Group of Goodwill Industries will present its 17th Annual Antiques Market at the Goodwill Building, Brush street at East Grand boulevard, on Sunday, November 8, at 2 o'clock. It will run through Wednesday, November 11.

Forerunner each year of festive holiday parties, this event has established itself in the community as an equal to any gala affair in the metropolitan area.

Each Antiques Market day is a "party" in itself. Antiques lovers browse and buy from 48 antiques dealers, chat and snack, and in the evening, dine at the show—all in the comfortable, pleasant atmosphere of the Goodwill Building. It is considered by connoisseurs to be the finest show of its kind in the mid-west.

The entire first floor and part of the second floor will be filled with exhibits of dealers from all over the country. And, on the second floor (take the elevator) a delightfully quaint "Goodwill Lane" and "Country Store" will entrance you.

Sixty years ago, Grandma bought her winter supply of apples, barrels of flour and sugar, dress goods and housewares at just such a store. The Junior Group will greet you here with a gourmet assortment of homemade pickles, chili sauce, jellies—both fruit and wine—, jam, old-time candies and cheeses.

The popular cookbook compiled and published by the Junior Group last year will be on sale again at the "Country Store." Every recipe is a treasure of the individual member who contributed it.

Proceeds of the show are used exclusively by the Junior Group for improving working facilities and rehabilitation services for Goodwill Industries' 450 handicapped employeees.

Hours for the show are: Sunday, 2 p.m. to 10 p.m.; Monday and Tuesday, 11 a.m. to 10 p.m.; Wednesday, 11 a.m. to 8 p.m.

Donation: Sunday, $2; Monday, Tuesday and Wednesday, $1.

Parking facilities are available in Goodwill's parking lot, corner of Milwaukee and Brush streets.

AAUW To Hold Sale of Books

Stacks of books are piling up in Grosse Pointe homes as the Grosse Pointe Branch of the American Association of University Women prepares for its annual Book Sale at the Grosse Pointe War Memorial Center.

Sale hours will be from 1 to 4 o'clock on Tuesday, November 17, and from 10 to 4 o'clock on Wednesday, November 18.

Book lovers and antique collectors will have a field day. "We have books covering the widest possible variety of subjects," stated Mrs. Edward R. Bunn, book sale chairman.

The massive collection of books includes such unusual volumes as a very old cookbook written in French, out-of-print books of interest to collectors, and many autographed books. Already marked and sorted are fiction and non-fiction paperbacks and children's books. Not only are there multi-volumned books, but also quaint Victorian novels and old treasures on many subjects. One table will be stacked with poetry, art and inspirational books.

Most books are bargain priced at 10 to 35c. The top price range is 50c to $1 for current fiction. Paperbacks and magazines will be as low 5c.

Donation of books are still needed. Anyone wishing to contribute books may call Mrs. Alex Domin, 886-1995; Mrs. Richard Edin, TU 4-7696; or Mrs. Allen Neef, TU 4-6974, to arrange for collection.

Proceeds for the sale will be used for graduate fellowships for women. The AAUW Fellowships Fund gives financial aid to college women from this country and abroad for post-graduate research and study.

Providing the community with good books at low prices also helps to further the goals of AAUW as an organization. AAUW's purpose is educational: to make use of college training by widening one's own horizons, helping to build better communities, and fostering an intelligent approach to world problems.

In other activities this month, The Detroit Branch of AAUW has invited members of the Grosse Pointe Branch to a meeting sponsored by its Occident and Orient Study Group. "Unity in Diversity" is the theme of the dinner meeting on Wednesday, November 11, at 6 p.m. at Victor Lim's Restaurant. Several Hindu guests will be present and the discussion will deal with the religions of the Middle East.

Anyone interested in attending should call Mrs. James P. Stuart Jr., TU 2-3863, by Friday, November 6, to make reservations. Dinner will be $3.85.

Several study groups will meet during the next week. Miss Irma Bielenberg will discuss "India in Transition" at the meeting of the International Relations group on Thursday, November 5 at 1 o'clock. The meeting is at the home of Mrs. Louis Duenweg, 1111 Devonshire. Miss Rose Barton is co-hostess.

Also on Thursday, November 5 the Studio Arts group will hold the first of three sessions to cut linoleum blocks and print Christmas cards. Mrs. Ralph Kimble, 557 Fisher, is hostess to the group for the meeting at 7:30 o'clock.

REPORTS VANDALISM

A large piece of cement was thrown through the glass of the front storm window and the inner sash window of his house at 1561 Oxford road, H. C. Wholihan told Woods police on Saturday, October 31. He said that the broken glass inflicted a cut on a dining room chair. Damage is estimated at $125, he said.

Spode Valencia

Throughout history the grapevine has been an important decorative motif. Nowhere has it been treated more delicately than in the work of the late 18th Century English silversmiths and Spode artists. In old Spode blue, painted with an early green, this grape border of Valencia adds interest to the flutings and basket weave embossing of the Chelsea Wicker shape. Valencia is an 18th Century design with modern simplicity and is correct for any period.

Pamela A. Koepplin Weds Alan Foraker

Bridal Gown Features Accents Of Scalloped Venise Lace; Pair Travel To Chicago; Will Live In Royal Oak

Wearing a floor length gown of peau de crepe, fashioned with a Chapel length train, Pamela Ann Koepplin, daughter of Mr. and Mrs. Clemens J. Koepplin, of Moran road, spoke her wedding vows to Alan Raymond Foraker, Saturday, in St. Paul Evangelical Lutheran Church.

The bride's two uncles, Reverend Walter Koepplin and Reverend Frederick Koepplin, and St. Paul Pastor, Reverend Charles Sandrock, officiated at the candlelight double ring ceremony.

Sculptured Venise lace accented the former Miss Koepplin's high scooped neckline, her two-tiered hem and the entire edge of her train.

Her elbow length veil of English silk illusion fell from a pillbox of matching lace, and she carried white baby orchids.

Orinda Koepplin served as her sister's maid of honor. Bridesmaids were Lynn Windsor, Karen Ardiel and Judith Downey.

They were dressed identically, in floor length sheaths of peacock blue peau de suede, styled with bateau necklines, three-quarter length sleeves and contrasting green bows and streamers.

The honor attendant wore a headpiece of peacock blue feathers and carried an arrangement of green Fuji mums. The bridesmaids' headpieces were fashioned of green feathers, and their flowers were blue Fuji mums.

The bridegroom, son of Mr. and Mrs. Walter E. Foraker, of Bloomfield Hills, asked Gerald Pioch to act as best man. In the usher corps were Wayne Wellman, Kenneth Gutow and Glenn Koepplin, brother of the bride.

Mrs. Koepplin greeted her guests at the Gourmet House reception following her daughter's wedding, wearing a floor length gown of jade green crepe. Mrs. Foraker's formal gown was fashioned of royal blue peau de soie. Both mothers pinned corsages of baby orchids to their purses.

When they return from Chicago, the newlyweds will make their home in Royal Oak.

Susan Burgess To Be Bride

The engagement of Susan Elizabeth Burgess to Alan S. Getz has been announced by her parents, Mr. and Mrs. David E. Burgess, of Washington road. Mr. Burgess is Mayor of the City of Grosse Pointe.

The bride-elect was graduated from Grosse Pointe High School and is presently a senior at Michigan State University.

Her fiance, son of Mr. and Mrs. Meyer Getz, of Long Beach, N.Y., was graduated from Long Beach High School and the Business Administration School of Michigan State University. He will receive his Masters Degree in Marketing from MSU next June.

A December 20 wedding is planned, at the bride-elect's home.

Mrs. Alan R. Foraker

At a candlelight ceremony Saturday, in St. Paul Evangelical Lutheran Church, PAMELA ANN KOEPPLIN, daughter of the Clemens J. Koepplins, of Moran road, was married to Mr. Foraker, son of the Walter E. Forakers, of Bloomfield Hills.

Single Adults Holding Party

The single set in Grosse Pointe is planning a millionaire's party and dance this Friday evening, November 6, in Alger House, 32 Lake Shore road. The library of the old mansion will be turned into a miniature casino where everyone is invited to try his skill and perhaps become a millionaire in the currency of the evening.

Roston Clark's orchestra will play for dancing in the Great Hall overlooking Lake St. Clair beginning at 9 o'clock and will continue to supply a steady flow of danceable rhythms throughout the evening.

In the panelled Josephine Gregory Room a self service snack and drink bar will be set up with candle-lit tables placed informally about the fireplace for relaxation between games and dancing.

All young single adult Pointers and their guests in their twenties and thirties are invited to this party. Dress is informal—business suits for the men and wool sheaths for the young ladies. Couples are welcome, but dates are in no way necessary.

Saving time is nice — but would be nicer, if we could store it up for future use.

St. James Guild Plans Bus Tour

Welfare Talk Slated for LVW

The need for citizens to be concerned and interested in public welfare programs will be discussed at the general meeting of the Grosse Pointe League of Women Voters on Thursday, November 11.

The League this year is conducting a study of public welfare, with emphasis on the relationship between federal, state, and local programs, and the meeting is related to this study. The subject will receive further consideration at unit meetings later in the month.

Mrs. Jack Still, 886-2828, is chairman of the study and anyone interested in serving on her committee is urged to call her for additional information.

In January the members of the League will be asked to vote on certain recommendations relating to public welfare programs and the meetings this month are designed to provide background essential to voting on the issues

A message of importance for men and women who are concerned about their health.

If you're over 40 . . . Let's face facts

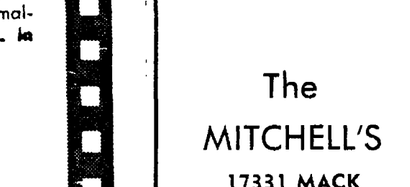

Kidney-Bladder ailments strike far more often

Now is the time to do something about it!

After 40, you're reaching the age when you're more susceptible to the illnesses common to middle age. Among the most distressing are kidney-bladder disorders. If you've ever suffered them, you know the pain and embarrassment involved.

To help relieve kidney-bladder conditions, many doctors suggest drinking 6-8 glasses daily of spring-pure Mountain Valley Water. That's because its "diuretic" (kidney-flushing) effect steps up kidney action, helps you eliminate body wastes faster. Mildly alkaline, it gently soothes bladder irritation, at the same time helps neutralize excess urine acids (thus reduces that "burning" sensation). What's more, refreshing Mountain Valley Water is "light," non-filling, non-laxative. *Regular daily use can make a positive contribution to your health.* Costs only pennies a glass . . . actually *less* than a soft drink. And tastes wonderful!

Phone or write today for refreshing Mountain Valley Water. Ask for complimentary literature. Satisfaction guaranteed or your money refunded.

Advance Notice

The monks of St. Bede's-in-the-Weeds do not arrive in town until after Christmas, but preparations for their visit, Tuesday, December 29, at the Scottish Rite Auditorium of the Masonic Temple in Detroit, have already begun.

Working for a sell-out performance of "Grape Expectations," 76th annual production of The Princeton University Triangle Club, are members of the Princeton Club of Michigan, including Pointers Gaylord W. Gillis, Jr., Ronald N. Friedrich, John B. Watkins, Howard H. Robinson, Jr., James B. Blackburn, Jr., G. W. Duffield and Joseph L. Fromm.

Plot line of this year's musical comedy centers around a group of monks who finding the rent overdue on their World's Fair pavilion, decide to sell some "specially" brewed wine.

"Grape Expectations" features 11 new songs, numerous new dances, a multitude of new jokes—and, of course, Triangle's fabulous "fe-male" kick-line (now, how are they going to work THAT into a story about a monastic order?).

Reception For Vice-Rector

The Alumni Association of St. Paul's School, Concord, N.H., will be entertaining Vice-Rector Bill Oates and Mrs. Oates this Monday. A small reception for interested parents and sons is scheduled at 5 o'clock, in Miller Hall, Christ Church.

Among those who plan to greet the Oatses and view the new 20-minute school movie are parents of current St. Paul's students John Chapin, Jr., Jim French, Jan Rieveschl and Butch Wardwell.

Handling details of the Vice-Rector's visit are Peter W. Stroh (WO 1-5840) and Selden "Ben" Daume, Jr. (WO 5-1900).

World Tourists

Before they move into their new home in St. Clair, Mich., Dr. and Mrs. Clarence L. Candler (Dr. Candler, a past Pointer of Interest, recently retired as Grosse Pointe Woods City Doctor) are enjoying a long-planned world tour.

Itinerary stops include San Francisco; Honolulu; Toklo Nikko, Osaka, Nara and Kyoto, Japan; Taiwan; Hong Kong; Bangkok; Calcutta; Benares, Agra, Taj Mahal and New Delhi; Cairo; Bethlehem, Jerusalem and Beirut, Lebanon; Athens, Paris and London.

A post card from the traveling Candlers describes Japan as "very interesting—we have only seen two American cars."

Interests In Common

It's startling enough to find two treasurers in one family, but when one of the treasurers is also a president . . . well, that strikes us as downright amazing!

Mr. and Mrs. Russell Peebles, of Bedford road, are the couple who juggle three offices between two people. Russ, an engineer, is currently treasurer of the Grosse Pointe Board of Education.

Carrie Peebles is a treasurer too, for the Grosse Pointe Unitarian Church Holly Fair to be held next year (a Sampler Sale is scheduled at the Church next Tuesday) and president, for the third consecutive year, of the Receiving Hospital Service League.

Pre-Schoolers' Class Popular

The Grosse Pointe War Memorial's highly successful "Cultural Program for Pre-Schoolers" is going to be continued due to popular demand. It has even received the attention of a group at Cornell University.

The second session of the Pre-School Cultural Program will begin on November 18 and continue on Wednesday mornings from 9:30 to 11 o'clock through February 3 with two weeks off for the holidays.

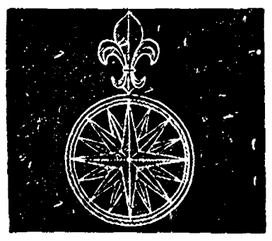

The accent will continue to be on the development in the very young of an appreciation of art, music and literature. There will be no repetition in the lesson plans from those of the first session. Children will paint in class and be encouraged in line, color and design by playing with and assembling various rickrack varying from buttons to brightly colored construction paper. In the field of music they will continue to learn more about different instruments, will listen to records and will learn songs.

Story telling will continue with the children acting out the stories. They will also learn verses of simple poetry.

STILL NO NEON

Not that neon may not have its place in the general scheme of things, but here at Sea Pines Plantation we are celebrating another neon-free year. Nature and neon don't mix . . . we concentrate on mixing nature and people.

Our food still comes from the teeming local bays and sounds . . . Signs only whisper directions. All the colors here are soothing . . . deep greens of palm and pine and the lush Tifton fairways, pastels of bright sky and frothy surf.

For diversion you still have to depend on such hallowed pastimes as championship golf, spirited saddle horses and fishing for blues and kings. Somehow — night clubs, snow cones and souvenir shops don't fit on this subtropical island paradise.

Folks who have bought our large, wooded homesites are doing wonders for our public relations. They know we stick to our long-range planning which includes conservation of the natural beauty — and excludes honky tonks. The American Society of Landscape Architects thinks the Sea Pines plan is so good they gave us a gold medal!

The cost of building a home at Sea Pines is surprisingly reasonable. But you may have trouble deciding which site is best—along the golf course, oceanfront, ocean-forest, or overlooking Calibogue Sound and the Intracoastal Waterway.

Come to our oceanfront William Hilton Inn and sample a few days of this no-neon, nature-rich plantation.

Farm And Gardens Set International Tea

Michigan Division, Woman's National Farm and Garden Association, Plans Benefit for International Farm Youth Exchange Program

Grosse Pointe is a gardening community. Both the honorary national president of the Woman's National Farm and Garden Association, Mrs. Lynn McNaughton and the president of WNF&GA Michigan Division, Mrs. Clarence E. Maguire, make their homes here.

These two ladies, and many more green-thumb Pointers, will journey to Ann Arbor next Wednesday afternoon, for WNF&GA's International Tea at the home of Mrs. Harlan Hatcher, wife of the president of the University of Michigan.

This is an annual project of all 90 Michigan Branches of Farm and Garden, with proceeds going to the International Farm Youth Exchange Program, the only rural adult exchange program in existence.

The program was inaugurated in 1950 to promote friendship and understanding between peoples. Most of the delegates are in college at the time of the exchange, and all must have been leaders of 4-H groups.

It is a two-way exchange program. Michigan farm families have been hosts to many foreign "IFYE's." Several IFYE students will be present at the tea; Mrs. W. K. Goss, of Ann Arbor, International Cooperation chairman of the Michigan Division, has invited wives of foreign students and faculty at the University of Michigan as guests.

To add to the international flavor, members of the Ann Arbor Branch will be in foreign dress.

Receiving guests with Mrs. Hatcher will be Mrs. McNaughton, Mrs. Maguire, Mrs. Alfred G. Wilson, of Rochester, WNF & GA national president, and Mrs. Frederic G. Garrison, Detroit, Farm and Garden national international chairman.

Mrs. David Lowe, of Merriweather road, is assisting Mrs. Goss in planning the afternoon program, which is to begin at 1 and end at 4 o'clock.

Among those presiding at the tea table will be Pointers Mrs. Elton F. MacDonald, Mrs. Benjamin Young, Mrs. Bert Lindzay, Mrs. J. Crawford Frost, Jr., Mrs. Maguire and Mrs. McNaughton

Former Pointer Wed Saturday

In St. Matthew Church Saturday, Suzanne Cavanaugh, daughter of Mrs. Ruth Cavanaugh, of Detroit, formerly of Lincoln road, and Joseph Edward Cavanaugh, of East Detroit, spoke her wedding vows to Jack Roncka, son of Mr. and Mrs. John Joseph Roncka, of Omaha, Neb.

A reception at Lochmoor Club followed the ceremony.

The bride wore a gown of brocaded satin, styled with a Chapel train. A matching crown of fabric flowers caught her bouffant illusion veil, and she carried an arrangement of lilacs.

In floor-length frocks of red and pink brocade, carrying sprays of red and pink roses, were the attendants, matron of honor Mrs. Tom Blovits, and bridesmaids Judy Roncka, sister of the bridegroom, and Karen Krieger.

Dudley O. Klain, of Springfield, O., served as best man. Ushering were Fred Koch, Tom Hendricks and Laurene Dite, all of St. Louis, Mo.; Robert Bellaire, of Fairborne, O., and Joseph Edward Cavanaugh, Jr., the bride's brother.

The mothers of the bride and bridegroom both chose formal dresses and orchid corsages. Mrs. Cavanaugh wore a gown of beige chiffon and jersey, with a brocaded bodice. Mrs. Roncka's gown was fashioned of pink chiffon.

Following a wedding trip to West Palm Beach, Fla., the new Mr. and Mrs. Roncka will be at home in Lakeshore Village.

Scouts Helping Goodwill Drive

Girl Scouts and leaders of the Metropolitan Detroit Council are currently engaged in a clothing drive for Goodwill Industries of Greater Detroit. The Scouts have distributed 14,000 special clothing bags to friends and neighbors. These bags, filled with clothing, will be collected by the girls and turned over to Goodwill Industries on Saturday, November 14.

The purpose of the clothing drive is to provide a supply of material for training and employment opportunities for 450 physically handicapped workers at the Goodwill Industries plant. Goodwill workers will repair the donated articles which will later be sold in Goodwill stores to furnish the funds to pay wages to handicapped workers.

Mrs. George T. Odenbreit, program chairman of the Metropolitan Girl Scout Council, is in charge of the service project. According to Mrs. Odenbreit, Girl Scouts look upon the Goodwill clothing drive as an opportunity to learn community responsibility.

"Many of our girls have toured the Goodwill plant in recent months and realize the need for clothing and other repairable materials which make it possible for handicapped men and women to become self-supporting, tax-paying citizens," said Mrs. Odenbreit. "We urge everyone with a Girl Scout-Goodwill Industries clothing bag to have it filled and ready for collection on Saturday, November 14."

Dr. John E. Hoskins, executive director of Goodwill Industries of Greater Detroit, is providing a fleet of trucks to be stationed in each Girl Scout district to receive the bags on November 14 from the Scouts. Each leader will be notified where her troop should take their filled bags for collection.

Mr. Fitzgerald Claims Bride

Gerald Fitzgerald, Jr., and Carol Eveslage were married October 10, at Sacred Heart Church in Dearborn. Reverend David Boileau, of Little Rock, Ark., the bridegroom's cousin, officiated at the ceremony.

The bride is the daughter of Mrs. John Harter, of Dearborn, and the late Anthony Eveslage. Her husband's parents are Mr. and Mrs. Gerald F. Fitzgerald, of Moran road.

The bride wore a dress of ivory satin with an Alencon lace bodice. Her shoulder length, silk illusion veil fell from a lace pillbox, and she carried a spray of white orchids.

Mrs. Robert Doyle, of California, was her sister's maid of honor, in a floor length gown of aqua silk linen with a matching bow headpiece.

Bridesmaids Mrs. Richard Layman, Mrs. John Schubenek, Mary Ann Anderson and Mrs. Richard Finch, of Charlotte, N.C., the bridegroom's sister, wore a floor length green silk dresses, with aqua trimming. The attendants carried long-stemmed dark red roses.

John Sheridan served as the bridegroom's best man. Guests were seated by Richard Finch, John Bergman, Richard David, Michael Sheean and Karl Kiefer.

For her daughter's wedding, Mrs. Harter wore a champagne silk and lace ensemble with a matching feathered hat. She pinned green orchids to her handbag.

Mrs. Fitzgerald chose an autumn brown silk costume suit with a beige and brown satin hat. Her flowers were yellow orchids.

For traveling to the Virgin Islands, the bride donned an American Beauty wool suit with black accessories. The newlyweds will make their home in Vernier road.

Wyandotte, League Champs, Conquered by Blue Devils

By Ric Hendee

Grosse Pointe destroyed the Wyandotte Bears' perfect record last Saturday 19-12 in their last league game of the season. This weekend the Devils finish up with a home game against Lincoln Park. The Rail-splitters are 6 and 1 going into the game; Grosse Pointe stands 5-1-1. The game will start at 2 o'clock on Saturday.

The Devil victory over Wyandotte pulled them out of a down-hill plunge which, before it was stopped, cost Grosse Pointe not only its position in ratings but also the BCL league title.

Two weeks ago the Grosse Pointe boys tripped in their homecoming game and, only in the last seconds, managed to pull out a tie. Then, the next week at Monroe, they played sloppy ball until late . . . too late in the game when they tied ends together for a drive that ended on a Monroe's six-inch line.

Meanwhile Wyandotte was on its way to a perfect season. And with a loss and a tie, Grosse Pointe had no way of overcoming the Bears to win the league crown . . . not even by crushing them.

Return Kick To Score

Yet crush them, they did. After kicking off to Wyandotte, the Devil defense forced the Bears to punt. John Reynolds made a side-line run from the G.P. 30 to bring the kick all the way back. The extra point attempt failed and the Devils led 6-0.

The two teams punted back and forth until Grosse Pointe mounted another threat. Wyandotte held up though and took the ball on their own 8. First down brought them back 5 yards and on the next play a Bear broke loose for an 87-yard run. The kick deflected off the goal post and the half time score was 6-6.

Coming back strong in the third quarter, Grosse Pointe received and the recovered offense charged down field in a series of plays to put the pigskin in a scoring position. With five minutes left in the quarter, Reynolds dove across for the goal. The extra point made it 13-6.

Four plays later Wyandotte's offense was again foiled and the Blue Devils took over. From 10 yards out Reynolds carried for his third TD of the afternoon. The score was 19-6 after a blocked kick.

The Bears closed the gap with a short-run touchdown but when the kick was blocked and the clock read 1:54 in the fourth quarter their chances of retaining a perfect season vanished. Grosse Pointe won the game, 19-12; Wyandotte won the league title, 4-1.

At the same time Fordson was enjoying an easy rout of Highland Park to give them a second place tie with the Devils in the BCL.

The Blue Devil Reserves racked up another victory to put their season record at five wins and one tie.

Knights Beaten By Country Day

By Ric Hendee

In a Halloween day dedication, Detroit Country Day School opened their new football field as they slid past GPUS, 14-13. The game was the Knights' last of the season and gives them a record of 3-4 for the year.

Nearly 1000 people were at the dedication to watch DCDS come from behind in the fourth quarter to win on an extra point kick.

In the first quarter, Country Day returned the kickoff to within 10 yards of scoring. The Knights defense made two goal-stands to lock out the invaders, but then Country Day scored on a pass play to give them a 7-0 lead.

Harris Brown snatched several of quarterback Arthur Getz's quick passes to move the ball down-field. Halfback Tim Martin skipped across the line from one yard to tie things up at the half.

In the third quarter, GPUS took the lead on a 20 yard pass . . . Getz to Brown. The kick was blocked and the score was 13-7.

Then the Knights held their shaky lead until a fourth quarter end-run tied the score. The all-important extra point proved successful and the game went to Country Day.

Harris Brown caught eight passes for GPUS.

The sell-out crowd of 78,234 that saw Michigan beat Michigan State this fall at East Lansing was the seventeenth consecutive capacity house to sit in on the renewal of the great intra-state football rivalry.

Michigan State's football squad held Northwestern to a minus 16 yards rushing in 1964, the best rushing defense mark ever compiled by the Spartans in a Big Ten game.

St. Paul Whipped By St. Thomas

The Lakers of St. Paul ended the football season with an away game with the Bluestreaks of St. Thomas on Sunday, November 1. The final score was 35-0 in favor of St. Thomas.

The Lakers have been short of manpower all year, but the finale came when Dan Wright, junior quarterback, was injured. He was replaced by Tom Handlos, who, having no previous experience at quarterback, was called on to direct the team. Wright also played on defense, along with Seniors Dave Letscher, Guy Pinche, Pete Hoffman, Vince Famularo and Jim Bezy, who played the last game of their high school careers.

Many minor injuries cropped up during the game, but most of these injuries were not serious enough to cause the removal of any players from the contest. The Bluestreaks scored but once in the second half, but the Lakers offence could not get started.

St. Paul will play its first basketball game of the season at home on November 27, against St. Florian.

Junior B Hockey Game on Sunday

Five local boys, Jack Hilbert, Jack Bockstanz, David Neil, John Stoetrer and Fred Sigmund will be in the starting lineup for the first home game of the St. Clair Shores Junior B Hockey team.

The game will be at Gordie Howe Hockey Land, 33101 Harper in St. Clair Shores. First game is at 7 p.m. November 8. Also three other games. General admission one dollar.

Central Michigan University junior quarterback Pat Boyd stands in second place in Chippewa passing annals with 103 completions in 226 tries.

Club Starting Hockey League

The City of Grosse Pointe, in cooperation with the Neighborhood Club, plans a hockey league for boys from all the Points—8 to 12 years old—with games to be played Saturday mornings and Sunday afternoons at a rink the city is putting up behind the Club at Waterloo and St. Clair.

Play will start November 28, weather permitting, and continue to March 1.

Boys who can skate the length of a rink and want to have some fun and learn hockey will be accepted and assigned to balanced teams for league play in two groups—8 and 9 year olds in one and 10 to 12 years old in the other.

Cost per boy is $2 for the season. Each will be furnished a team jersey. Players must wear helmets, hockey skates and shin guards.

Coaching is being furnished by the Grosse Pointe Hockey Association. Older boys and fathers who know the game and would like to help are invited to call Jack Hoag, 884-2708.

Register and pay your fee at the temporary office of the Club. Phone TU 5-4600, 710 Notre Dame, Monday thru Friday, 9 a.m. to 5 p.m. Players will be notified when to report for tryouts.

Round up your friends and sign up for a winter of fun! Time has also been arranged for several games to be played at Olympia in December.

This is a wonderful chance for boys to learn an exciting game where size means nothing.

Muskegon Darts Down Spartans

By Jim Lynch

The Woods Spartan Varsity team played host to the Muskegon Darts here last Saturday and were beaten 32 to 0. The Darts dominated the game from the opening kickoff.

In the first quarter Jeff Martin scored on a 30-yard run around left end to take an early lead 6 to 0. In the same period Mike Lampkin scored on a 5-yard end run and Dan Morgan scored point after touchdown.

In the second quarter Dan Morgan ran 40 yards for another score; point after touchdown was missed. Muskegon's next score came on a 50-yard romp by Tom Mosher. The point after touchdown was scored by Ron Anderegg, ending the scoring for the first half with the Darts leading 26 to 0.

The only other score came in the third period on a 35-yard run by Otto Hopma for 6 points. This ended the scoring for the afternoon.

The Muskegon Darts arrived here by bus late Friday afternoon and were met by the Spartan team at Mason School and were taken by the Spartan players to their homes for the night. After the game on Saturday the Spartans gave a dinner for the Muskegon team as a send-off back home to show their appreciation for their long trip here.

Next year the Woods' Spartan Varsity team will travel to Muskegon, hoping to bring a victory back home with them.

This Saturday, November 7, is the Woods Spartan Homecoming Game with Hazel Park. The first game starts at 12 noon with the Varsity, followed by the Ponies and Junior Varsity. All the parents of the players should be there Saturday, as all the Woods' Spartan players will be introduced on the field with one of their parents.

Central Michigan University senior tackle Glenn Foldie of Bay City received a rare thrill against Illinois State as he made his first collegiate pass interception.

Hockey Chiefs Defeat Frazer

The Grosse Pointe Chiefs Midget Hockey team started the season with a 10-4 victory over Fraser at Windsor Arena.

By the second period of this opening game the Chiefs led four to three. Then they turned on the steam and scored six more times.

Scoring were Jack Reed, Doug Monforton, and Jerry Schindler with two points each, and Perkowski, Neil Thursand, and Gill with single goals.

The next league game is Sunday, November 8, against Royal Oak.

Club Forming Court Leagues

The Neighborhood Club basketball leagues are getting ready to roll for the 1965 season. The Midget League will hold try-outs at Brownell Junior High School, Saturday, December 5th.

Registration forms will be distributed in all the schools during the first week of November. A new aspect of the midget league has been added this year, a Collegiate League. This will assure every boy who trys out a chance to be on a team and play every game. So all boys between 9-12 watch for the registration forms at your school.

The Giant League for boys between 13-15 years of age, is accepting registrations of teams. All you have to do is form a team of seven or more boys and call the Club before December 5, to register your team.

The Major League for boys between 16-19 years of age is also accepting team registrations. Again all that is necessary is to form a team and register at the Club before December 5.

The Club would also like to try to start a men's basketball league, for men 20 years of age on up. If you can form a team, let the Club know so it can make plans for this season. For further information call the Neighborhood Club, TU 5-4600, any week day 9 a.m.-5 p.m. There is a Neighborhood Club membership required to be on any team.

DAMAGED DOOR

June E. Neiman of 528 Cadieux reported to City Police that the left door of ther car, which was parked in front of her residence on October 30, was damaged.

St. Catherine Beats St. Paul

St. Catherine played St. Paul at Grosse Pointe High Field on Sunday, October 25. The injury-riddled Laker squad was snowed under by the score of 45 to 13. But the score in this game, like that of many Laker games, believed the effort of the coaches and players.

Outnumbered by St. Catherine by almost 2 to 1, the tired Laker defense stopped the offensive of the Warriors and held them to only one score in the second quarter. Dave Letscher stopped a last minute drive by St. Catherine's when he intercepted at the 10-yard line.

Led by Dan Wright, who completed almost 60 per cent of his passes, the Lakers scored more points against St. Catherine's than any other team with the exception of St. Clement.

Another bright year is predicted for the Lakers in basketball. Riding on the crest of their championship team, the Lakers will be shooting for state champs once again. Coach Lauer is preparing his boys for the Home opener against St. Florian on November 27.

Its always the idle rumor that's busier than any other kind.

Thieves Steal Four Typewriters

Two new and two old portable typewriters were stolen from a Woods office supply shop, during the weekend of Saturday and Sunday, October 24 and 25, according to information given to Woods police.

Police received a phone call from an employe of a cleaning establishment adjacent to the Zero Office Machine Shop, 20129 Mack avenue, to report that the glass of the front door had been smashed.

Investigating officers waited until the owner of the place arrived to open for the day's business.

The owner, Nicholas Ziriada of 30666 Lebanon, Warren, took inventory, and discovered that thieves had stolen two brand new portable typewriters, valued at $100 each, and two rebuilt portable typewriters, values not known.

Ziriada told police that the new typewriters were still in their carton boxes.

Police said that the thieves entered the building by kicking in the glass of the front door.

To Erect Lights In Hidden Lane

The Woods City Council, at its regular meeting Monday night, November 2, decided to reject a petition seeking to stop the installation of street lights in Hidden Lane.

The petition, submitted by Jack M. Thorpe, 640 Hidden Lane, and containing 43 signatures, was presented to reverse a previous Council ruling authorizing the installation during 1964.

After considering the health and safety factors, the Council unanimously passed a motion to stay with the original street lighting program.

A letter from Thorpe regarding the completion of Wedgewood Drive was referred to the Planning Commission.

Referred to the city administrator, city attorney and the building department was a petition from Mrs. Julia Schulte, 1669 Stanhope, with 24 signatures, regarding a painted "billboard" on the back wall of the Clothes Closet Cleaners, Mack and Stanhope. No permit has been issued for this sign which was called by the residents — who submitted color snapshots — an invader of privacy and a destroyer of real estate values.

Letters regarding the Junior Rifle and Gun Club, a planned activity of the city recreation program, were forwarded to the Parks and Recreation Commission to be discussed at its next meeting, when the objections of Woods residents will be heard.

Troop 74 Holds Court of Honor

The annual banquet of Richard Boy Scout Troop 74 was held Monday, October 26, at Grosse Pointe Congregational Church. This banquet and Court of Honor was the setting for the formal presentation of Scouting's highest award to two members of the troop.

The Eagle Award was presented by Scoutmaster Jack Beever to Steven Mihalik and Byron Stuck. Both of these young men have had their entire scouting experiences through the Cub Pack and Troop 74 sponsored by the P.T.A. of Gabriel Richard School.

The enthusiasm at Richard for scouting has long been notable. The Scoutmaster, Jack Beever of Fairholme road, has been working with this troop for many years. The Assistant Scoutmasters are Gerald Webster of Bournemouth road and George Lewis of Lincoln road. Mr. Webster's interest in scouting is also a product of Troop 74 activities. He was a member of the Troop as a scout.

Steven, the son of the Andrew Mihaliks of Beaupre, is a student in the 10th grade at Grosse Pointe High School. He hopes to continue his scouting in an Explorer Troop or as a Sea Scout. Mathematics and Science hold his interest in school and will doubtless determine his choice of a profession. His first merit badge was earned in Astronomy under the tutelage of "Doc" Marshall of the Detroit Astronomical Society.

Steven earned and received his Eagle Award several months prior to this official recognition. He attended the National Scout Jamboree at Valley Forge last summer. He has been inducted into the highly prized Order of the Arrow. He has worked in the past as a caddy at Country Club of Detroit. Steven's church membership is at St. Paul's.

Byron is the son of the William Stucks of Fisher road. He is one of several holders of the Eagle Award in his family. His older brother, Barton, now a student at M.I.T., received his award during his scouting days in Troop 74. Their father also holds this coveted award. Byron attends Brownell Junior High where he is in the 9th grade. He is working on additional merit badges already. He plans to work toward a bronze palm which requires five more than the 21 he earned for his Eagle Award.

Prior to attending the Jamboree last summer a German Band was organized by 10 scouts under the direction of Donald McNew of Oxford road. This has been a source of pleasure to the participants as well as the audiences where they have played. Byron plays clarinet and saxophone with this group.

Yougsters Take Meter Money

Two young boys, who took money out of a container used to hold parking meter fines, were apprehended by Farms police before they could spend their loot—50 cents.

Police said they received a call from a citizen on Friday, October 30, that the boys, one 10 years old, and the other, 11 years old, were seen pilfering a fine box in the municipal parking lot behind the Hill District.

When police arrived at the lot, they were told that the boys were seen going into Wrigley's. The officers entered the store, just in time to prevent the lads from paying for some candy.

The youngsters said that they "fished" out an envelope from the box, took out the 50 cents, and dropped the empty envelope back into the container, then went to the store.

The boys' parents were notified, and the boys sent home to receive their sentences.

City Treasurer Goes to School

Robert Bendzinski, Grosse Pointe City's treasurer, attended a school for assessing officers on October 26, 27 and 28 at the University of Michigan in Ann Arbor.

The school, sponsored by the International Association of Assessing Officers, reviewed the changes that have taken place this past year in the Veteran's Homestead Tax Exemption Act. It also dealt with the assessment cycle and legal due dates.

This particular section of the school was valuable to Bendzinski because in the coming year the City will change the start of its fiscal year to July 1, which is more commonly used than the March 1 date the City now uses. The change was approved by the voters in the September 1 election.

The chairman of the State Tax Commission, Robert Purnell, also spoke before the school on changes in State regu-

The panelists include: Alan P. Thal, M.D., Penberthy professor of surgery and chairman of the department of surgery at Wayne State University School of Medicine; Keith S. Henley, M.D., assistant professor of internal medicine at the University of Michigan School of Medicine, and James M. Kennary, Jr., M.D., clinical instructor of internal medicine at Wayne State University School of Medicine.

The materialistic view of man contrasted with the perfectibility of man in Christ will be the theme at Christian Science churches this Sunday. The subject is "Adam and Fallen Man."

Golden Text: "As in Adam all die, even so in Christ shall all be made alive" (I Cor. 15:22).

References from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include: "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretations of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off" (p. 265).

Rose Society Sets Meeting

"Putting our roses to bed" will be the theme of the discussion when the Grosse Pointe Rose Society meets on the second floor of the Grosse Pointe Library, Kercheval at Fisher road on Wednesday, Nov. 11 at 8 o'clock.

Winter protection of roses is a very controversial subject. Confusion is compounded when each author or lecturer expounds his own pet theory. All methods have some merit, but some create other problems. The answer everyone wants is, what is best in this area. What kind of protection, how much, when to apply and how successful has it been previously.

Many of our members have tried various methods and each will be asked their own. This should help clear up some of the confusion.

All Pointers interested in roses are invited.

Mayflower Descendants To Hear Col. Eisenhower

Lieutenant Colonel John S. D. Eisenhower will be the speaker at the annual dinner of the Society of Mayflower Descendants in Michigan. The dinner will be held at 7 p.m. on Friday, November 20, at the McGregor Memorial Center of Wayne State University.

Mrs. William W. Innes, 266 Kenwood court, is chairman of the Entertainment Committee in charge of reservations.

The Speakers Committee which invited Colonel Eisenhower to address the meeting is headed by Dr. Samuel Miller Brownell, formerly Superintendent of Schools of Grosse Pointe, and now Superintendent of Schools of Detroit.

Other members of the Committee who reside in Grosse Pointe are William G. Butler, Russell H. Lucas and Robert F. Taylor. Other Grosse Pointe officers of the Society include Miss Wilma L. Wilcox, treasurer; Miss Mary C. Wilcox, assistant treasurer; Mrs. John F. Klein, assistant historian; Mrs. Herbert W. Mandel, member of the Board of Assistants; and Glenn Warner, Past Deputy Governor.

There are over 30 members of the Society who live in Grosse Pointe. A few years ago they presented a copy of the Mayflower Index which contains names of all known descendants of the Mayflower passengers, those of past generations as well as those living, to the Grosse Pointe Library. There are 50,000 known living Mayflower Descendants.

Fort Pontchartrain DAR Sets First Fall Meeting

The Service Committee of Fort Pontchartrain Chapter, Daughters of the American Revolution plan to hold the first Fall meeting at the Highland Park Y.W.C.A. on Friday, November 6.

New officers of this committee include Mrs. Robert M. Jamison, chairman; Miss Agnes Krick, recording secretary; Mrs. Ralph E. Thomas, corresponding secretary and Mrs. Rollin G. Wagner, treasurer.

Luncheon is planned for 12 o'clock noon with a meeting and an afternoon of bridge at 1 o'clock.

Hostesses for the afternoon include Mrs. Joseph Grinder, Mrs. Neil A. Cameron, Mrs. Allen W. Barron, Regent of the Chapter, Mrs. James R. Flickinger, Miss Agnes Krick, and Mrs. John Rulketter.

This group has an interesting background. It formed originally as a War Service Committee—doing work for the Red Cross, the Grey ladies, and other branches of the Service, and after the War became the Service Committee of Fort Pontchartrain Chapter.

The members have many worthwhile projects in Highland Park, Detroit and Washington, D.C. This Committee has a membership of about 50 Daughters of the American Revolution of Fort Pontchartrain Chapter.

Boy Builds Up Police Record

The boy arrested by Park Police Sgt. Henry Coonce on Thursday, October 29, was only 14 years old, but he had built himself quite a juvenile police record.

The sergeant said that he arrested the lad at 15414 Mack avenue, on a charge of bicycle theft. The boy was taken to the station for questioning.

Det. James LaPratt, who interrogated the teenager, said the boy confessed to trying to enter an apartment at 15410 Mack, by climbing the roof, and opening a window of the second floor. He was frightened away by a dog in the apartment, the youngster said.

The boy told LaPratt that he had attempted to break into a home in the 12000 block of Jefferson, and again in the 14500 block of Jefferson.

The boy confessed to breaking into a garage in Alter road, (he did not give the location), and stealing several items from there. The juvenile has a long history of doing this sort of thing, LaPratt said.

Charges against the boy, for stealing a bicycle from the lot of the St. Clare de Montefalco School grounds, were filed with Wayne County Juvenile authorities, after which he was released to officers of the Youth Bureau of Detroit's Jefferson Station, Fifth Precinct, for further questioning in the Detroit crimes.

Ten New Cubs Become Bobcats

Cub Scout Pack 74 held its first meeting in the Richard School gymnasium on October 26.

In an impressive ceremony put on by Cub Scouts from Dens one, six and seven, 10 new boys were inducted into the rank of Bobcat. They were Stephen Abbott, Doug Donald, Thomas Montgomery, Scott McCaig, Chris Tuttle, George Champane, Robert Best, John Fennessey, James Talmage, Norman Whaler, and Fred Bowman.

New officers and Den Mothers for Pack 74 were also introduced. Following the serious events of the evening, the meeting concluded with activities which were strictly "for fun."

The boys of Dens ten and three made wooden turtles which they raced in a contest which proved not only to be fun but a test of skill. In another game Dan Bracken won first prize in a competition to see who could hold a note the longest.

Any boy in grades 3, 4 or 5 at Richard School who is interested in joining the new pack should call Cub Master Keith Leibbrand at TU 4-9036.

The Grosse Pointe Public School System

FINANCIAL REPORT

For Fiscal Year Ending June 30, 1964

The following report for the 1963-64 fiscal year is a condensed summary (in cash receipts and disbursements form) of the financial transactions authorized by your Board of Education in support of the total educational program of the Grosse Pointe Public School System.

The Board of Education wishes to supplement the financial data with a few brief comments:

In accordance with State Law, all funds received and disbursed by The Grosse Pointe Public School System are maintained under three major classifications, or Funds, which broadly indicate the function. These are:

GENERAL OPERATING FUND
BUILDING AND SITE FUND
DEBT RETIREMENT FUND

GENERAL OPERATING FUND:

As indicated by the title, this fund provides for all activities of the School System, other than those specifically designated as Building and Site or Debt Retirement.

The General Fund receives the bulk of its revenue from two main sources. The first and largest source is from tax levies on real and personal property within the school district. The second is from State Aid.

Expenditures from the General Fund are made in accordance with a budget prepared by the Superintendent of Schools and as reviewed and adopted by the Board of Education.

The Board of Education wishes to report to you that your School System was operated within the budget adopted in June 1963.

The Revolving Fund receipts and disbursements represent transactions within the System and consist principally of escrow funds for several activities as indicated in the "NOTE" shown below.

Funds may be realized from the sale of general obligation bonds, by a special voted tax levy specifically designated for the purposes mentioned above, or by appropriation from the General Fund.

This fund reflects the receipts and disbursements of the three-quarter mill special voted tax levy for building and site purposes approved by the electorate in October 1959 for a four-year period. This is the fourth year of this program.

During the fiscal year under review a new school library building was constructed at the High School and an eight room addition was made to Ferry Elementary School. A two room addition was made at Brownell Junior High. A construction contract was let for an addition and alterations to Maire Elementary School. During the past two years a total of 12 classrooms have been added to the System.

83 KERCHEVAL TU 2-6000

REGARDLESS HOW your candidate fared this week our house candidate is a shoo-in if you demand prime location, five family bedrooms and a couple more for maids, superb condition, walking distance to most schools and Hill Shopping, and is priced within your budget . . . we hope. Register now for an appointment and we're sure this house will get your vote.

OUR POST ELECTION special is a non-partisan nominee which is sure to please either party, whether you be seeking a single story or two story house. The first floor includes two bedrooms, but there are two more upstairs with another bath. The enclosed staircase makes it easy to forget all the "house" above, which is always available if required. Located on a cul-de-sac near GPUS, Barnes, and Star of the Sea.

THIS ONE SHOULD head your list if you must have four bedrooms and desire the quiet of a dead-end street. If you want prime location and a newer house, with forced air heat and a large kitchen with all the trimmings: if your family must have that additional room on the first floor, besides the living room and separate dining room; if you demand four bedrooms and a finished basement, and would like the convenience of an attached garage; if you want to move right in your next house which comes complete with good carpeting and draperies throughout . . . better call us . . . if you like the low tag of $49,000.

WITHOUT A DOUBT the best single story home offered in its price category today. Three honest-sized bedrooms with one and a half baths. Family-sized leisure room and full basement with play-room for the kids. We defy you to compare this with any other house listed at $35,500.

NONE OTHER LIKE it in the Farms. Check these features: Two full baths, four bedrooms, divided basement, two car garage. Now check your pocketbook. Chances are you can afford all this house, because it's priced in the mid thirties . . . and on Handy Place.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

IMPROBABLE, but not impossible. A magnificent English manor house located on one of the Farm's best streets, which has been meticulously maintained by its present owner. Fabulous kitchen with complete built-ins. Six bedrooms at last count, five bathrooms which we have located and two powder rooms rumored. Call us for an appointment . . . and bring a lunch for two.

RAMBLE ABOUT in the luxury of gigantic rooms with fireplaces greeting you in most of the bedrooms and in living room, and dining room. This is truly one of the Pointe's fine houses. Immense foyer and a magnificent staircase leads up to five family bedrooms, each with its own bath. Plenty of additional rooms for help or family, if required. Ready and waiting to be appreciated and sold.

COULD IT BE that you actually would make a move if you could "trade" that larger house you now rattle about in for a petite mansion with just the roo myou really need, but not giving up the larger rooms to which you have become accustomed? Allow us to show you this little big French house that could be the logical house for you. Just a block to the Lake Shore . . . Call and we'll tell you more.

"The Reward of a thing well done—is to have it done."

million people would die before you could say 'scat'."

SPEAKING IN LAS VEGAS Friday, Senator Barry Goldwater joked before a crowd of several thousand about the odds currently posted by Las Vegas gamblers which are 8 to 1 against his election. He told his cheering fans "You're looking at the most 'under' underdog ever seen in this country." He said, however, that he would fool the pollsters who have shown him running far behind President Johnson and will pull off the "biggest upset of this century."

* * *

ALTHOUGH THERE HAS BEEN "deterioration and loss of momentum" in the South Viet Nam war, Ambassador Maxwell D. Taylor said that he saw no need for drastic changes" in the United States policy in Viet Nam. Taylor said that as a result of governmental instability in the country there had been "no opportunity to carry forward methodically and systematically the programs laid out at this time last year."

Sunday, November 1

MICHIGAN ATTORNEY General Frank J. Kelly said Saturday that the three Michigan National Guard officers, fired October 8 by Gov. George Romney, were ousted illegally. He said that the three should be reinstated at once and could only be dismissed through court martial proceedings. The Governor immediately issued a statement in which he said that not a single significant step in the National Guard matter had been taken in the last year and a half without consulting fully with the attorney general's department. He also said that Kelley's timing "is obviously to create political repercussions."

FOLLOWING PRESIDENT Charles de Gaulle's message to Communist China on nuclear disarmament, informed observers saw, Saturday, signs of coming large-scale changes in French foreign policy. The de Gaulle message repeated France's desire to take part in any serious discussions on nuclear disarmament. At the same time in Peking, the President of Communist China, Liu Shao-Chi, declared his country in favor of an international conference on prohibition of nuclear arms.

Monday, November 2

POLITICAL OBSERVORS on the eve of the 1964 Presidential election believe that President Johnson will definitely carry 27 states with a total of 369 electoral votes. Only 270 are needed to assure his victory. The experts believe the Republican nominee, Senator Barry Goldwater, is certain to carry only two states, Alabama and Mississippi, which total 17 electoral votes. These particular predictions were based on surveys by correspondents of The New Times in each of the 50 states.

* * *

Tuesday, November 3

MORE THAN 70 MILLION voters are expected to go to the polls today to elect a president for the coming four years. Yesterday, Senator Barry Goldwater wound up his campaign in San Francisco, the scene of his nomination last July by Republicans. President Johnson, democratic nominee, returned to his native state of Texas where he made three speeches in Houston and one from the State Capitol steps in Austin.

THERE WERE INDICATIONS by the new Soviet leaders yesterday that they plan to hold the controversial preparatory conference of 26 Communist parties that had been scheduled earlier to convene in Moscow on December 15. The conference will prepare for a world Communist meeting next year. It is thought that the character of the conference may be changed by the new leaders from that conceived by the ousted Khrushchev. He had intended to make the foreign leaders take a stand on the Kremlin's ideological dispute with Communist Chinese. The new Soviet leaders, however, hope to have the discussion go beyond the Chinese issue.

Do you have . . . a lonely doll, an unplayed game, or an abandoned toy at your house? The Neighborhood Thrift Shop hopes so—and hopes that you will donate such items to the Shop's Toy Drive. All this month, Mrs. Charles W. Morris, Jr., heading the '64 Drive, and her assistant, Mrs. Hilary H. Micou, Jr., will be busy, rounding up as many donated toys as possible. Among those working on the project are Mrs. Kenneth F. Robertson, Jr., Mrs. John Vanderzee, Mrs. John T. Woodhouse, Jr., Mrs. Norman A. MacColl, Jr., Mrs. William E. Kohr, Jr., Mrs. Willard Hagenmeyer, Jr., Mrs. Leonard W. Smith, Mrs. William B. Krag, Jr., Mrs. Harrington K. Mason, Mrs. Dwight P. Black, Mrs. Hal H. Smith, III, Mrs. George M. Fern, Mrs. Gordon R. From toy dolls to real ones . . . Dr. and Mrs. James S. Owens, of Radnor circle, have something to shout about: A new granddaughter, Lauran Elizabeth, born October 11 to Mr. and Mrs. James C. Owens, of Boulder, Colo. Why are grandmother and grandfather so happy? Lauran is the first girl to be born into the Owens family in 100 years!

Another "living doll" . . . Julie Blake, debuted October 7. Proud parents are Dr. and Mrs. Francis P. Blake, of Trombley road (Mrs Blake is the former Sally Smith, daughter of the J. Henry Smiths, of Bournemouth road, and proud grandmother is Mrs. John Blake, of Somerset road, as pleased over her FIFTY-FOURTH grandchild as she was over her first.

Still in the "living doll" department . . . Did you ever see fairer ladies in fairer frocks, than those at the Founders Society, Detroit Institute of Arts, benefit premier of "My Fair Lady?" Two quick snapshots, to refresh your memories . . . Mrs. Henry T. Ewald, Jr., in a floor-length, slim peach sheath, accented with printed gold medallion motifs . . . Mrs. J. Home is the sailor . . . or ALMOST home—he's back in the United States, at least, and his parents, the W. Brace Krags, of Merriweather road, expect Ensign Michael T. The young Naval officer is currently in Long Beach, Calif., and, after eight months aboard a destroyer cruising off the Formosa coast, will undoubtedly have tales to tell his family during the holidays.

Mailed early . . . (to avoid the Christmas rush?), invitations to the Richard J. Martins' holiday party next month arrived in guests' homes last week—with so much advance notice, none of the Martins' friends would DARE usurp the Martins' party date . . . and, with everyone wanting to play host and hostess at once during The Pointe's Christmas season, determined party givers have GOT to choose and broadcast their dates far, far in advance . . .

RALPH T. McELVENNY, OF CLOVERLY ROAD

By Janet Mueller

Ralph McElvenny is racing time. As a businessman, chairman and/or president of several companies, he has a heavy work load. As a civic leader, interested in community development, in cultural and sociological affairs, he donates days to his city, state and nation.

As a private individual, fond of active sports, anxious to spend as many hours as possible with his family, he snatches a week or two for a fishing trip, a morning for tennis, an afternoon for duck hunting.

He admires men with woodworking shops in their basements — but even if he HAD a wood-working shop in his basement, it is doubtful if he could find a few minutes to dash downstairs and build a cabinet.

Lots of Homework

"I have to do a lot of work at home," he explains. This homework usually involves two or three hours of reading, scanning memoranda, per night, (he finds it easier to do this sort of keeping-up away from the office —and the office telephones).

When he travels, he uses his in-flight time for reading and working.

"The only times I'm not working are when I'm fishing or hunting, when I'm out in the sticks where there are no telephone calls, nothing but the weather and the game."

He has loved the out-of-doors as long as he can remember. Born in Washington, (the State, not the City — the City came later), as a youngster he traveled all over the west. His father, mining engineer Robert F. McElvenny, who retired in 1949 as vice-president and general manager, American Smelting and Refining Company, managed various plants in the Pacific Northwest, Utah and Nebraska.

When Ralph was 14, the McElvennys settled in California — and Ralph discovered tennis.

Top Tennis Player

Today, he plays twice a week at the Tennis House here, and at the River House when he is in New York. His winning record at the River House is impressive . . . but he laughs and quotes a remark overheard in the River House locker rooms after one of his winning matches:

"I'll tell you how smart McElvenny is: He chooses Billy Talbert as a partner!"

Actually, the former Davis Cup Team captain has no cause to complain about HIS partner: Ralph McElvenny won the national inter-collegiate tennis doubles championship for Stanford in 1928, and played first doubles for the United States in the Men's Senior Competition with Canada in 1953, in the Gordon Cup Matches.

He is as much at home with a hunting rifle as a tennis racket, has made several expeditions to British Columbia, shooting moose, goats, two black bear and a grizzly, goes deer hunting in Northern Michigan every year and duck hunting in Canada when he has the chance.

His hides and trophies are preserved in a Michigan hunting lodge: "My wife won't let me put them in the living room at home."

Betsy Loves to Fish

Betsy McElvenny's tastes run to gardening, painting — and fishing. "Betsy likes to fish ANYWHERE," her husband explains.

The McElvennys try to get up north for a week of fishing every year, they have been to Newfoundland for salmon three times, to Iceland three times, to Europe, and almost made it to Norway this year, (the Gas Company strike wrote finis to this Scandinavian angling expedition).

Daughter of United States Senator Frederick Steiwer, Republican Keynoter at Cleveland in 1936, Betsy McElvenny married Ralph while he was working for the government, on the staff of the Securities and Exchange Commission.

Mr McElvenny earned his A.B. degree from Stanford University, and his J.D. degree from Stanford University Law School, (he added a third degree, an honorary J.D., Detroit College of Law, in June, 1956), worked for the Guaranty Trust Company of New York, and went to Washington, D.C., in 1933, as a Conservator in the office of the controller of the currency.

Supervised Closed Banks

In this capacity, he supervised the affairs of various banks which had been closed during the Bank Holiday, until the banks could either be reopened and returned to their management, or placed in receivership.

In 1934, he joined the staff of the Securities and Exchange Commission, where he worked for 11 years as an attorney and administrative officer in the offices of the General Counsel, the Registration Division and the Public Utilities Division.

"I enjoyed the Public Service very much, particularly as an opportunity to get a broad training in business and financial affairs," he says. "But there was one handicap, from the point of view of a person raising a family: The financial remuneration was rather small."

The McElvennys have three children, Alice, (now Mrs. Theodore Oldham, mother of two), living in Ann Arbor where her husband is a freshman in the University of Michigan Law School), Elisabeth, (Mrs. Frank E. Nardine, teaching sixth grade works toward his doctorate, and in Cambridge while her husband Ralph, Jr., in his second year at Harvard Business School.

Came Here In 1950

In 1945, Mr McElvenny returned to private business and became associated with the United Light and Power System, specializing, as an officer and director, in financial and regulatory matters. In 1950, he moved from Chicago, where the principal offices of the system had been, to Detroit, to work with the companies in the system of American Natural Gas Company, previously a subsidiary of United Light and Power.

He was elected President of the American Natural Gas Company in 1953, and following the death, in April, 1954, of William G. Woolfolk, became executive head of the American Natural system.

He is Chairman and President of Michigan Wisconsin Pipe Line Company and American Louisiana Pipe Line Company, Chairman of American Natural Gas Production Company, and President of Michigan Consolidated Gas Company and of the American Natural Gas Service Company.

Office Is Dream Suite

Ralph McElvenny's office, on the 25th floor of the Gas Company Building at One Woodward avenue, is a sort of Executive Dream Suite, with narrow, floor-to-ceiling windows overlooking the river and the city, and a wood-burning fireplace. A connecting door leads to the Board Room, with a fireplace outlet of its own, (Yes, the Board members DO gather before blazing logs in the winter).

The building itself has caused considerable favorable comment, and has been featured in several national magazines. Mr. McElvenny loves his new "home," the exterior designed by Minoru Yamasaki — who presented the company president with a large "Complaints Ignored" sign, signifying the architect's intention to reign supreme in his own field—interiors designed by W. B. Ford — who gave the company's chief executive a monstrous silver bird mounted on an ivory block, signifying the same thing as Mr. Yamasaki's sign.

"You have to trust your architects and interior designers," Mr. McElvenny says. The executives were permitted to voice their own color preferences; then, using and modifying these preferences, the entire interior of the building was stylistically integrated.

Paintings and sculpture have prominent places in rooms and halls. Many Michigan artists are represented; Mr. McElvenny is particularly fond of two textured balls by the sculptor Bertoia that "sing" when they are touched.

In his own office, Ralph McElvenny has added his own accents. Duck decoys rest on his desk and files, and a cabinet, designed especially for his collection of "knick-knacks"—a key to the City of Detroit jostles a whale's tooth from Iceland — stands against one wall.

This month, he will add another honor to his collection: The Knight of Charity Award. He is one of four Detroiters to be cited this year at the annual interfaith dinner and award presentation, sponsored by the trustees of Maryglade College, for "philanthropic work and humanitarian interests."

These interests range from the Advisory Board of Woman's Hospital to the Detroit Round Table of Catholics, Jews and Protestants, from the Arts Commission of Detroit to the Citizens Committee for Equal Opportunity, from the Mayor's Waterfront Development Committee to the Detroit Symphony.

Mr. McElvenny serves as vice-president of the Founders Society, Detroit Institute of Arts, (he is also on the Executive Committee). He presided over the '64 International Freedom Festival, is chairman of the Detroit Tomorrow Committee and vice chairman of the Board, the Executive Committee and chairman of the Capital Fund Division of the United Foundation.

Sold On Detroit

He believes firmly in Detroit's future: "I've lived in 11 different states and many, many cities, in Chicago, Washington, New York, Philadelphia, San Francisco, and based on this rather extensive experience, I can say that I am completely sold on Michigan and on the City of Detroit."

He recently accepted an appointment to President Johnson's Fair Employment Practices Committee, a citizens group created to conciliate and advise on problems arising under the new Civil Rights Law, in local communities.

And there are other committees, charitable organizations, civic duties . . . all of them important, vital to the community, justifying time and energy . . . and, always the business commitments.

"I HAVEN'T any more time!" Mr. EcElvenny exclaims. He has always liked the old saying about Hawaii: "The first week, you sit on the beach and think. After that, you just sit . . ."

Some day, Mr. McElvenny may reach the "just sitting" stage. Meanwhile, in the race for hours, Ralph McElvenny and time are neck and neck.

Carl's Corner

This beautiful ad was written this week by Mr. Harry Hauschild, as his opening speech to the Grosse Pointe Cinema League . . .

"Good evening ladies and gentlemen;

To use cameras you neither have to be gifted nor talented and if you have good tools they can capture the beauty and preserve the sights to enjoy again and again, and also to enrich our days when we wish to remember. The pictures we take will speak for themselves and would have been forgotten but for our cameras. There will come a day when we will sit down and reminisce about the times we went here and there. Then is the time to bring out our stored away pictures and each scene will rekindle memories hidden in our minds. So this is why we have this club to help bring together people and enable them to become better amateurs." The club welcomes visitors and new members. The next show is November 19th at the War Memorial, by Richard Pear on Spain and Portugal.
