HEADLINES

of the
WEEK
As Compiled by the

FOLLOWING TUESDAY'S DEMOCRATIC landslide victory, the Republican party yesterday began to pick up the party's shattered pieces. The defeated Republican candidate for President, Senator Barry Goldwater, conceded defeat but indicated that he did not intend to give up his fight for the conservative philosophy either inside or outside the party. Meanwhile Gov. Robert Smylie of Idaho, chairman of the Republican governors, said that a caucus of the governors will be called within two or three weeks to discuss reviving the party. Observers generally agreed that an internal struggle for leadership within the Republican party is inevitable and not likely to be resolved for months.

CHOU EN-LAI, Premier of Communist China, has accepted an invitation to attend the celebration of the 47th anniversary of the Bolshevik Revolution in Moscow on Saturday. It was announced yesterday. He will head a seven-man delegation to the meeting which will be the first high level conference by the two feuding Communist powers in 15 months. It was made possible by the removal of Nikita S. Khrushchev from power. With the exception of Albania, the leaders of all Communist ruled countries will be represented in Moscow. The Soviet Union and Albania suspended relations in 1961 after Khrushchev denounced the Albanian regime.

IN ORDER TO AVERT a crisis in the North Atlantic Treaty Organization, the Johnson administration is said to be considering whether to send Vice-President-elect Hubert H. Humphrey to Western Europe this month. Such a mission would attempt to set in motion consultations within the Western alliance to postpone a crisis, which, it is thought, may develop at the NATO ministerial council meeting in Paris on December 15.

ALTHOUGH THE question of who is President of Bolivia is confused, there was no doubt yesterday that the Army seems to have gained control of that country's capital following a one-day military rebellion in which junta took over the reins of government and forced President Victor Paz Estenssoro into exile. An hour after Gen. Alfredo Ovando announced that he and former Vice President Rene Barrientos had been named co-presidents Gen. Barrientos said that Ovando had decided to resign in order to cooperate in the re-establishment of tranquility in Bolivia. Meanwhile, the U. S. State Department said it hoped that the new government would give Bolivia a political stability "within a constitutional framework."

NEGRO LEADERS, it is said, have decided against seeking further civil rights legislation next year. As explained yesterday, this decision is meant to show President Johnson gratitude for championing the civil rights cause throughout the recent campaign. This will allow the President to set his own schedule for legislation without pressure from Negro leaders.

BRITAIN'S NEW Labor government's proposal to nationalize iron and steel industries was challenged yesterday by the opposition Conservative party. The minority party said that it was "irrelevant to the modernization of Britain" and questioned Labor's ability to carry through its program without "imperiling the future well being of the people." The proposal is scheduled to be argued next week with the Conservative party putting up no-confidence motions. Prime Minister Wilson expressed confidence the motions could be beaten, however.

Kids Donate Halloween Candy to Charities

Some of 2,050 pounds of "Trick or Treat" candy collected from Pointe public schools is shown at Richard School. For the past five years the children have been donating their haul to the Junior Red Cross, which distributes it to settlement houses, orphanages, homes for the aged and servicemen's families during

the Christmas holidays. Shown left to right:—MISS MARY ELIZABETH EDWARDS, Richard teacher; MRS. ALICE SHEAFFER, district sponsor of the Red Cross activity; MRS. DORIS POWELL, Motor Corps driver; JAMES PEABODY and ELIZABETH RACE, Richard pupils.

Bishop Emrich Hails English Churchman's Missions; Cobo Hall Lectures to Follow

Canon Bryan Green, of Birmingham, England, one of the world's most widely known evangelists, will preach at the 9:30 a.m. service of Christ Church, Grosse Pointe, on Sunday, November 15.

Canon Green, who was invited to the United States by the Right Reverend Richard S. M. Emrich, Bishop of the Diocese of Michigan, will with his co-missioners preach in eight Michigan churches.

Home Invader Rips Out Phone

The intruder who entered the home of Algidine O'Neal, 37, on Tuesday, November 3, possibly did not like telephones, he pulled the one off the wall in the woman's house, 2160 Ridgmont.

The woman told Woods police that she left the house at about 3:15 p.m. and returned at about 7:50 p.m. She said she found the glass of the front door broken, and the door open.

The only thing disturbed, she said, was the telephone line that the invader ripped from the wall in the living room.

Nothing appeared to be missing, the woman said.

Pointes to Share \$78,546 From State Highway Fund

The five Pointes will share a total of \$78,546 from the Motor Vehicle Highway Fund, according to information released by the State Highway Department on Thursday, November 5. The third quarter distribution of the fund to incorporated cities and villages, has already started. State Highway Commissioner John C. Mackie said that net receipts of the Highway Fund during July, August and September of this year, amounted to \$49,059, 375, an increase of \$1,770,131, or 5.6 percent, compared to the same period last year.

All State gasoline and diesel fuel taxes and license plate fees go into the Motor Vehicle Fund. On receipt of their shares, the Woods will receive \$25,723; Park, \$21,332; Farms, \$18,168; City, \$9,845; and the Shores, \$3,480.

Park City Manager Named Two Await To Meet with Labor Board Sentence on Theft Charge

Authorized to Present Municipal Officials' Views on Request of Association

At its regular meeting held on Monday, November 9, the Park council authorized City Manager Robert Slone to represent the city at the next State Labor Mediation Board meeting, at which the Park Fire Fighters Association is seeking recognition from city officials.

The city manager was further authorized to discuss subjects that would be to the best interests of the Park.

On Tuesday, November 10, representatives of the Association disclosed that at the last Mediation Board meeting, held on October 27, no headway was made in recognition discussions between members of the Board, Association and city representatives. Fire Chief William Graul and City Attorney Richard Rohr.

The Association representatives said that the appointment of Slone was brought to their attention, and that it was hoped that at the next Labor Mediation meeting, date not yet set, the mayor or members of the council would take part in the discussions.

Firemen Accuse Officials
It was pointed out by the Association representatives, that the city officials seem to fear the unknown by not meeting with the Association.

At the October 27 meeting, it was disclosed by the Association representatives, a request was made to the city officials, that is, the council, to meet with the fire fighters. The city officials were asked to set the time and date available to suit

their convenience. Nothing has come of the request, the firemen said.

For more than 20 years the Park Fire Fighters Association has sought recognition from the city, but it was pointed out by Park officials, that this was contrary to city policy.

Not Allowed To Strike
Although Fire Fighters Associations are affiliated with the AFL-CIO, Michigan Law forbids them to strike for any reason. The purpose of the firemen's union is to seek State legislation and to better working conditions and wages for its members.

Last July, the Farms council, at a regular meeting, recognized the Farms Fire Fighters Association, when the members of the fire department petitioned for recognition.

William Hunt, president of the Park group, said that his Association is willing and anxious to meet with Park officials to discuss any differences, and are willing to meet at the convenience of the city officials.

Car Strikes Man Hidden in Smoke
John W. Coe, 40, of 63 Meadow lane, suffered lacerations of the left leg on Wednesday, November 4, when he was struck down by an automobile, while he was standing in the street in front of his house.

According to a Farms police report, Coe was burning leaves near the curb, when he was hit by a car driven by William F. Mulkey II, of 97 Meadow lane, who was going south on the street.

Mulkey told police that the dense smoke from the leaves enveloped Coe, and he did not see the man in the street until it was too late.

Coe was taken to Cottage Hospital by firemen, where x-rays showed he had no broken bones. He was treated for the leg injury and released.

Mulkey was given a violation ticket for not having his car under control and causing an injury accident.

Purse Snatchers Who Took \$1.50 from 81-Year-Old Woman Plaud Guilty in Court

Two purse snatchers, arrested by a Farms policeman on September 27, were arraigned before Wayne County Circuit Court Judge Thomas J. Murphy on Friday, November 6, and pleaded guilty as charged.

Judge Murphy set Thursday, December 3, as the date for sentencing of Billy Joe Pollard, 24, of 8838 St. Cyril, Detroit; and Jimmie E. Roberts, 20, of 7534 Yacht street, Warren. Both were released, and their bonds of \$1,000 each continued, until the date of sentencing.

An unnamed couple witnessed Roberts snatching a purse from an elderly man, walking on Maryland, near Goethe, on the September date. The couple saw the youth run toward a car parked in an alley on the south side of Mack avenue, with another man behind the wheel.

The couple followed the car long enough to learn the make and write down its license plate number, then went to the Park police station to give the information to authorities. A general broadcast was sent over the police radio.

Pollard and Roberts were arrested by Farms Patrolman Earl Field, who stopped the pair after a speed chase, and released the men to Park police.

The purse, snatched from an 81-year-old Park woman, netted the accused men only \$1.50. The purse, ripped apart in a search for money, was tossed out of the car by Roberts, while the chase was in progress.

Set Open House At St. Paul High

St. Paul High School will observe Catholic Education Week and National Education Week with Open House for parents, both grade and high, on Thursday, November 12.

Classes will begin in the evening at 7:30 and continue until 9:30. Periods three and eight will be presented for parents in the high school. In preparation for these night classes, students will be dismissed at noon on Thursday.

Park Makes Fifth Payment on Estate Purchased in 1960

Installment, Excluding Interest, Makes Total Paid Just 36 Pages—Two Sections—Section I

The Park council on Monday, November 9, authorized an installment payment of \$7,844.60 on the purchase of the McMillan estate property, Bedford and Essex, which eventually will become a part of the Three Mile Drive Park at the foot of Essex.

The council authorized a principal payment of \$6,430, with interest costs making the total \$7,844.60. This amount is budgeted for the fiscal year, and will come from the General Reserve Fund.

Under an agreement with representatives of the McMillan estate, a principal payment, and half of the interest is due in November, and the balance of the interest is due in May of each year.

On October 31, 1960, Park officials and McMillan estate representatives concluded an agreement, whereby the Park purchased the estate for the total price of \$64,300. The agreement called for a 10 percent down payment, and 10 percent plus interest on the unpaid balance each year for 10 years.

Now Half Paid
The payment, less interest, authorized at Monday night's meeting, is the fifth paid by the city, and makes half of the total purchase price.

A stipulation in the October 1960 agreement, is that although the Park holds title to the entire estate, Mrs. James McMillan will be permitted to remain on the property until her death. The city cannot take possession until 30 days later. It was also agreed that the property will remain on the tax rolls, and Mrs. McMillan will continue to pay taxes on the land and maintain the estate during her lifetime.

Seven and a Half Acres
The property involved comprises about seven and a half acres and is from the Lake St. Clair shoreline to Essex boulevard, and includes 127 feet at the side fronting on Bedford road.

Radar Indicator Traps Speeder

Eric G. Hatcher, 19, of 4620 East Ten Mile road, Warren, went through a radar signal at Vernier road and Fairway lane at high speed on Wednesday, November 4, and was arrested by a Woods police officer.

Patrolman Theodore Hinz, on radar watch, stated in his report that Hatcher sped past his radar set up at 50 miles an hour. The officer said he forced the youth to the curb at the Morningstar intersection.

The policeman said that Hatcher could not produce an operator's license, claiming that it had been lost. The youth was taken to the station.

At the station, a check with other police agencies revealed that Hatcher was wanted by Detroit or a traffic warrant, and he was released to them after he posted a bond of \$25 with the Woods authorities.

Pointe Symphony Ready To Open Season Sunday

The opening concert of the Grosse Pointe Symphony Orchestra will be held on Sunday afternoon, November 22, at the Parcels School Auditorium, at 3:30 o'clock.

The Grosse Pointe Symphony Society begins its 12th season and brings to its audiences as guest artist, cellist Mario DiFiore, who is a member of the Detroit Symphony Orchestra.

Mario DiFiore became a member of the Grosse Pointe Symphony Orchestra as a young student of the cello in 1953. He was then 15 years of age.

And now, 11 years later, Mr. DiFiore returns as guest soloist to the Grosse Pointe Symphony where he received his first experience in playing in an orchestra, to make his debut in solo performance with a symphony.

Mario DiFiore is a native of

Youngsters Are Targets Of Campaign

Shopkeepers and Public Pestured by Antics of Unruly Children; Ask Parents' Help

Grosse Pointe City Police Chief Andrew C. Teetaert told the NEWS Tuesday that the problem of loitering school children and strewn bicycles in the Village continues to improve.

The condition, however, is by no means licked, he pointed out. City police officers on November 4 of last week were forced to issue tickets for breaking the loitering ordinance to two Farms youths who failed to heed their warnings on loitering.

According to the officers, the boys were fighting and jumping on parked cars in front of the Kresge store when they were ticketed. The boys are scheduled to appear before the Wayne County Juvenile Court in the near future.

CONFISCATE BICYCLES
The City police are continuing to take bicycles, which they find lying in the paths of pedestrians and blocking store entrances, to police headquarters. The confiscated bicycles can only be reclaimed if the owners were accompanied by one of their parents.

A growing number of complaints from citizens and store owners forced the City to take drastic action to relieve the problem. They objected to being pushed and shoved by youngsters when they invade the Village in non-school hours, and to the sidewalks, cluttered with bicycles, which makes walking hazardous.

Two weeks ago City police began to warn children that they were breaking the loitering ordinance when they were found to be in the Village without a specific purpose and annoying the shoppers and store owners. Last week they began issuing tickets for breaking the ordinance in extreme cases.

Reaction Is Favorable
Chief Teetaert emphasized, as he did last week, that the general reaction of parents and other residents to the campaign has been favorable, in fact, "real good." He has had only a few complaints from citizens who said they felt the program was unnecessary.

Once again Chief Teetaert has asked the cooperation of parents in seeing that their children only visit the Village when they are on specific errands for themselves or their parents.

Bike Racks Available
The bike racks, he said which have been provided by the City, are placed at strategic points throughout the area. One is located on the St. Clair side of Kresge's, one at the rear entrance of that store, another on Notre Dame beside Notre Dame Pharmacy and a fourth on Notre Dame beside Cunningham Drug Store.

Authorities are hopeful that with the cooperation of parents, children and police, the problem of loitering and scattered bicycles can be solved without further drastic action.

The schools' buildings were recognized for their role in the community's total safety program.

Park Pays

(Continued from Page 1)

The McMillan Estate includes fast and submerged land, which the Park purchased from the State Conservation Department for \$6,800, shortly after concluding the agreement on the estate property. The submerged land is included in the seven and a half acres of the entire estate.

With the 13 acres which comprise the Three Mile Drive Park, the acreage of the estate will swell the size of the park to a little more than 20 acres of badly needed recreation area.

Approximately five acres of the Three Mile Drive Park have been developed for passive recreation, including two tennis courts which were completed in July.

City Manager Robert Slone disclosed that complete plans for the development of the entire park, have not yet been formulated.

The Three Mile Drive Park is approximately three-quarters of a mile from the Park's waterfront park at the foot of Alter road.

Symphony Concert Sunday

(Continued from Page 1)

ety's objectives is to provide talented young musicians an opportunity to experience orchestra work and performance with orchestra.

Presenting musicians at membership functions and social events of the Society also act as means of introducing musical talents.

Also heard have been musical groups formed by present and previous orchestra members, such as the String Quartet whose members are: John Cataldo, violinist; Vern Post, cellist; Stella Raicevich, violinist and Harold Smith, violinist. The quartet is under the direction of Mr. Cataldo, who until recently was concertmaster for Grosse Pointe Symphony.

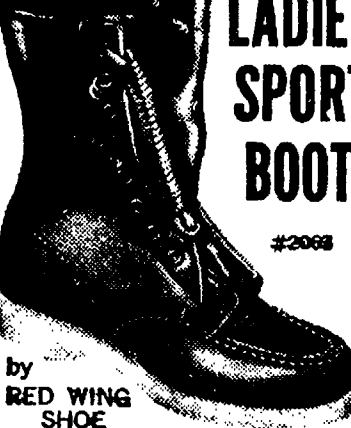

The string section of the orchestra made their debut as "Sinfonietta," under the direction of Felix Resnick, at the Fries Auditorium during its gala opening week of events.

A recent Reception and Musical at the Grosse Pointe Central Library for Society Members and their guests produced another Grosse Pointe debut. A duo piano program performed by Alice Ellison and Laurie Lindemulder was the outstanding musical treat for the guests.

The afternoon's program will include: Overture to "Egmont" by Beethoven; Symphony No. 40 in G Minor by Mozart; Serenade for Cello and Orchestra by Dohnanyi and Rhapsody No. 1, in

Bird Flies Coop; Cage Abandoned

Shores Patrolman Donald Fronczak, cruising on Lake Shore road on Friday, November 6, found a pink and chrome bird cage in a bus booth between Crestwood and Duval. The officer's report revealed the cage was unoccupied. The cage, with a 36-by-24-inch cloth cover, was apparently forgotten by the owner, Chief Fred Duemling said. The items were tagged and placed in the property room, to await a claimant.

"Wildcat" Wilkins is portrayed by Tom Present. His buddies are Joe, Rick Worrell and Vernon, Jim Graves. Chris Boyd is cast as Mother Wilkins while Liz Babcock is Gladys Wilkins, Willie's sister. Melody Sands carries the teacher's role of Miss Pratt. Mary Slattery is Angel and Betsy Todd is Darlene, a real witch.

Errant Motorist \$163 in Arrears

J. C. Jefferson, 27, of 3140 Concord, Detroit, was arrested by Shores police Saturday night, November 7, for driving his car without a rear license plate light.

The arresting officers, Sgt. Charles Wenrich and Patrolman Chester Painter, said they observed Jefferson going north on Lake Shore road, without the required light, and stopped him.

When he failed to produce an operator's license and a registration for his automobile, Jefferson was taken to the station, where he was given a ticket for not having a Michigan driver's license on his person, and another ticket for no car registration.

A check with Detroit authorities brought a request by the police of that community to hold the motorist, who is wanted on warrants for failing to pay traffic violation tickets totaling \$163.

Police officers from Detroit's Jefferson Station, Fifth Precinct, took custody of Jefferson, and locked him up at their station, pending disposition of the matter.

Men's Garden Club to Meet

A panel discussion on "Vegetative Propagation of Garden Materials" will be the featured program when Men's Garden Club of Grosse Pointe holds its regular meeting Thursday, November 19, at 8 p.m., at Grosse Pointe War Memorial Center.

Designed to aid the amateur gardener, rather than the professional, the program will demonstrate some relatively simple techniques that can be used with success in the average home garden.

Panelists will be estate gardeners David L. Swanney and Simon Schorer, and Leland J. Gilmour, director of the Detroit Garden Center. Among the topics to be discussed are hardwood cuttings, root division, layering, softwood cuttings, bud grafting and cleft grafting. The panelists will bring greenhouse material to demonstrate their talks.

Swanney served his apprenticeship at Kain Park Estate, West Lothian, Scotland, and was subsequently employed at Edinborough Botanical Gardens. In this country, he has served at Hillcrest Estate, Sewickley Heights, Pennsylvania; Hartwood Farms, Pittsburgh; Notch View Farms, Windsor, Massachusetts, and the Albert Spalding Estate at Great Barrington. He is presently superintendent for the Mrs. James S. Whitcomb Estate in Grosse Pointe Shores.

Schorer, a native of Munich, Germany, spent his early years on a large estate at Lake Como, Italy, and subsequently worked at Villa Rochebelle at Cap d'Antibes on the French Riviera. Since 1938, except for three years spent in the United States Air Forces, he has been superintendent for Mrs. Howard F. Smith in Grosse Pointe.

Gilmour's early years were spent with a commercial fertilizer company, as a student of chemical engineering at the University of Maryland, and as a field supervisor for a western land company. An accredited horticultural judge, on his recent retirement from the insurance field, he became Director of the Detroit Garden Center.

Harlan M. Holt, principal of Laura Osborne High School in Detroit, will introduce the speakers and act as moderator.

He started to sing as he tackled the thing that couldn't be done, and he did it.

Young Sculptor Back Home After Years Spent Abroad

A young and enthusiastic sculptor has returned to Grosse Pointe to practice his art after living and studying in Italy for almost four years.

Joseph Anthony McDonnell, the 28-year-old son of Mr. and Mrs. William F. McDonnell of Clairview road, made the decision to leave the city of Florence, distinguished for its art, and return home so that he could take advantage of the tremendous growth in the mid-west of modern architecture with which sculpture blends so magnificently.

Although he works in marble, stone and wood, Mr. McDonnell is presently concentrating on bronze. It was fortunate for him that one of the three foundries in the United States capable of pouring bronze for large sculptures is located right here in Detroit. The other two are in New York.

Just a month ago, work on a McDonnell piece was completed at the Racine Foundry on East Warren which was the largest ever poured at the foundry.

The seven foot tall sculpture of a little boy, a turtle and a fish was done for a shopping center in Rayward, Calif., a suburb of San Francisco. The piece, which weighs 620 pounds, was air freighted to the West Coast in a crate, weighing 250 pounds, in order to arrive in time for the official opening of the center.

The entire process of turning a welded steel armature into the finished piece of bronze sculpture took Mr. McDonnell six weeks to complete and involved a number of complicated and delicate steps. First, a model of the sculpture is molded on the armature and then plaster of Paris is splashed on the form. The latter took the artist two days. The plaster mold is removed next and wax is applied

to the inside of this mold to the thickness that the sculpture wants the bronze to be. In the case of this sculpture the required thickness was 3/4 of an inch.

The mold is then reassembled and a core of mixture of sand and plaster is poured until it fills the hollow area.

Next the specialists at the foundry build a kiln around the invested sculpture which is heated to 1,000 degrees so that the wax either runs or burns out leaving a negative impression. Again in the case of the California piece, it took a week of the intense heat to remove the wax.

Bronze, a combination of copper, zinc, tin and lead is poured into the opening at the top at a 1,950 degree temperature. After it cools, the mold is broken away, the core of sand and plaster is cleaned out and work begins on the sculpture to give it the desired patina or finish. This is done through the use of chemicals and the technique of polishing.

This method for creating bronze sculpture dates back at least 4,000 years. It originated in the Far East, possibly China, made its way through Asia Minor and finally reached the shores of the Mediterranean where the pre-Greek Etruscans used it.

Historians thought until recently that the art had been lost in the Middle Ages and not rediscovered until the Renaissance when the famous Donatello used the technique. Authorities, however, have discovered through a scientific process that the statue of St. Peter which stands in the Vatican was completed in the 12th century by this method.

Mr. McDonnell, who was born in Detroit in 1936, first studied commercial art and architecture at the University of Detroit. While studying at the University of Notre Dame under Jean Charlot, the well-known French-Mexican muralist, he became interested in Mexican art. After several trips to Mexico, he found himself more interested in pre-Columbian statues than paintings and so he directed his studies and talents toward sculpture.

For three years he continued his work at Notre Dame, working under and assisting the Croatian sculptor, Ivan Mestrovic.

Mr. McDonnell attended the Academy of Fine Arts in Florence in 1959-61. It was on the steps of the academy the first day of study that he met his wife, Ann. They were married in the Royal Petti Palace in Florence in December of 1962.

Following their marriage, the young couple made their home in a villa which they leased and which also housed Mr. McDonnell's studio. During their stay in Florence, Mr. and Mrs. McDonnell traveled to Spain, France and Ireland, where they enjoyed hunting, fishing and the major horse shows of the continent.

When the young sculpture and wife returned to Grosse Pointe this summer, they moved with their one-and-a-half-year-old daughter, Drew, into a coach house on Provencal road. They have furnished their home with antiques, but there are only about four or five pieces of Mr. McDonnell's work about the house. The rest are in collections which are scattered about the world, from Florence to San Antonio, Tex.

In true Italian spirit, he divides his work day by enjoying a long lunch break. He begins his day at 8 in the morning, and returns to work after his midday rest, because he finds, by doing this, he can cram two days' inspiration into one.

Mr. McDonnell, whose work was most recently exhibited in Detroit at the Arwin Gallery's fall show, says that his work is generally considered to have a joyful feeling. "Perhaps it is a reaction to the general trend which seems to ponder the suffering of man."

And indeed even to the most unsophisticated observer Mr. McDonnell's work has a strength and unity to relate to the world about one.

Grosse Pointe is more than fortunate to have a talented and rare young sculptor to call its own.

Don't expect free passes for travel on the road to success.

igan cities through November 22. Their missions are directed toward making firm the faith of nominal Episcopalians, with people from all denominations welcome to the services.

The focal point of Canon Green's mission in the United States will be a series of eight evening mission lectures at Cobo Hall, beginning at 8 o'clock Sunday, November 15, and continuing every night through Sunday, November 22.

"The Bishop's Mission, to which the public is invited, is the most outstanding event that has taken place in the Diocese of Michigan in many years," Bishop Emrich said. "It is providing the people of Michigan with a rare opportunity for spiritual renewal through a corporate effort of prayer and commitment under the leadership of one of the truly great Christian preachers of our day. The Bishop's Mission is working a miracle of renewal in all of us."

Bishop Emrich has called on the 100,000 Episcopal Church members of the Diocese of Michigan to unite in support of Canon Green's mission.

Canon Green began to preach when he was 17. In the 45 years that have followed, he has traveled throughout the world—to India, Africa, Australia, Canada, New Zealand, the United States and Great Britain—on preaching missions.

Educated at Merchant Tay-

lor's School and London University, he received his Bachelor of Divinity Degree in 1922. Two years later, when he was 23 years old, he was ordained. In 1948, he made his first visit to the United States—a week-long campaign in the Diocese of New York. That initial visit to American Episcopalians, under the auspices of an Episcopal group, was so successful that he has preached in the U.S. every year since.

During the seven evenings Canon Green spoke at the Ca-

thedral of St. John the Divine, New York City, approximately 42,000 people—an average of 6,000 per night—came to hear him. In the subsequent missions he has conducted here, in such cities as Boston, Philadelphia, San Francisco, Honolulu, Houston and Washington, the pattern has been repeated many times.

Pointer to Head Division of WSU

The Wayne State University Board of Governors has approved the establishment of an Urban Extension Division for the University, and appointed Dr. Hamilton Stillwell to serve as dean of the newly-created division.

Dr. Stillwell is currently director of the University Center for Adult Education which is co-sponsored by WSU, the University of Michigan and Eastern Michigan University. He will begin his new duties immediately but continue as director of the UCAE until January, 1965.

As dean of the Urban Extension Division, Dr. Stillwell will plan and direct credit courses to serve the needs of adults in Detroit and the urban areas of the state.

Dr. Clarence B. Hilberry, president of WSU, said: "The responsibility of Wayne State University to Metropolitan Detroit and the State of Michigan is an ever-growing one. Not only must it fulfill its obligation as an educator of an increasing youth population, but in the revolution of knowledge it must see and fulfill its role as an educator of adults."

"Wayne State is alone in Michigan among the major state-supported institutions in not having a unit and an administrative officer with the specific responsibility of exploring new ways to bring together in a credit program the resources of the University and the continuing educational needs of adults."

Dr. Stillwell came to WSU in September, 1957, as director of the UCAE, and currently serves as executive director of Detroit Adventure, a co-ordinating council for the cultural institutions of Metropolitan Detroit. He was previously director of the extension activities for Rutgers University at the Newark Center, Newark, N.J.

A graduate of the State Teachers College, Trenton, N.J., where he received a B.S. degree in education, Dr. Stillwell also holds an Ed.M. degree from Rutgers University and an Ed.D. degree from New York University.

He was president of the Adult Education Association of Michigan from 1960-61 and has been associate editor of Adult Leadership, a publication of the Adult Education Association of the U.S.A., since 1960. He is

also a member of the executive committee of the AEA of the U.S.A., and a member of Kappa Delta Pi and Phi Delta Kappa fraternities.

Inducted into the U.S. Army as a private in 1941, Dr. Stillwell rose to the rank of major and was commanding officer of the Counter Intelligence Corps Detachment, U.S. Army Air Force, when he was discharged in 1946.

Dr. Stillwell, who lives at 291 Mt. Vernon, Grosse Pointe, is married and the father of two children.

Speeder Crashes On Lake Shore

A motorist, racing his car at high speed on Lake Shore road on Friday, October 23, lost control of the vehicle and crashed into a telephone pole. A passenger in the car complained of pain and was conveyed to Cottage Hospital for observation.

Farms Patrolmen James Bliss and Robert Conn said they were cruising west on Lake Shore, when they observed Michael A. Baxter, 22, of 17422 Martin road, Roseville, traveling east at a fast clip.

The policemen pursued Baxter, and paced him at more than 90 miles an hour. The chase went into the Shores.

The officers said that at 900 Lake Shore, Baxter lost control of his car, which skidded sideways for approximately 340 feet, jumped the curb in front of number 910, and crashed into the pole.

A passenger in Baxter's car, Frederick H. Dirian, 25, of 21804 Normandy, East Detroit, complained of a pain in the back, and was taken to the hospital.

Shores Patrolmen James Jurcak and Ronald Klotz arrived at the scene, and assisted in taking Baxter to the Farms station, where the Farms policemen gave the motorist a violation ticket for reckless driving.

Resident Scares Burglar in Home

A prowler entered the home of the Murray Sales, Jr., 1033 Audubon, approximately 20 minutes after the family retired for the night. The burglar came into the house through an unlocked door.

Mr. Sales told Park police on Monday, November 2, that at about 11:35 p.m., he heard a

light switch flick in the hallway outside of his bedroom, but did not pay too much attention, assuming the light was being turned on by one of his children.

Suddenly he said, he saw a form silhouetted in his bedroom doorway. The door, which was slightly ajar, was opened

further by the intruder, who was just about to walk into the room, when Sales shouted to the man to get out of the house.

The burglar fled to the first floor and, through the same door he entered, and escaped.

Sales told investigating officers that he immediately got out of bed to check the house, but did not see or hear anyone. He phoned the police. He said he discovered that

the burglar had searched the first floor of the house and had stolen \$40 in cash, \$160 in travelers checks, and a mink stole belonging to Mrs. Sales, valued at \$500. The stole was draped over the bannister of the stairway leading to the second floor.

The rut of necessity has guided many people into eventual success.

Ensemble Giving Center Concert

The Baroque Ensemble is returning to Grosse Pointe for the first time in five years in a Candlelight Concert at the Fries Auditorium Crystal Ballroom of the Grosse Pointe War Memorial on Friday evening, November 20.

This ensemble of distinguished musicians presented the premiere performance of its career in the Great Hall of the Alger house of the Grosse Pointe War Memorial in May of 1959. The concert at that time was an all Handel program, commemorating the death of that great composer in 1759. The original ensemble consisted of: Alice Lungershausen, harpsichord; Arno Mariotti, oboe; Paul Olefsky, cello, and Faye Turner, soprano. Since 1959, the Ensemble has concertized extensively.

The program on November 20 will be performed by Clement Barone, flute; Alice Lungershausen, harpsichord; Arno Mariotti, oboe, and Valentyna Bykowitz, coloratura soprano. This will be Miss Bykowitz's Grosse Pointe debut. Mr. Barone and Mr. Mariotti are both well known as members of the Detroit Symphony and Mrs. Lungershausen is a recognized master of the harpsichord.

The glow of candles in the Crystal Ballroom will provide a proper setting for the Baroque music. Numbers to be performed include, beside compositions of the 17th and 18th centuries, a Trio for flute, oboe and harpsichord written in 1959 by the well known composer Kelsey Jones.

The concert is scheduled for 8:30 p.m.

Further information may be had by calling Valley 1-6922. Tickets may be purchased at Grinnell's Ticket Office or by mail.

Competition Set By Camera Club

The Grosse Pointe Camera Club meeting on Tuesday, November 17, will be held at the Grosse Pointe War Memorial Center, Fries Auditorium, Lakeshore drive, at 8 o'clock.

This is a competition session; three monochrome prints and three color slides with analyses on two of each. The judges and analysts, of course, are some of the top photographers from the membership of the club.

Guests and the public are invited.

At the Grosse Pointe War Memorial, Fries Auditorium, the Detroit International Salon will have a color slide show, sponsored by the Grosse Pointe War Memorial and the Grosse Pointe Camera Club, on Sunday, November 15, at 8 o'clock.

The show will last up to an hour and a half and will consist of pictorials, nature slides and stereos. This is a tremendous show with some of the best photography available.

The public is also invited to this outstanding Salon show.

Receives Thanks For ALSAC Aid

Maureen Meyer, a sophomore at St. Paul's has received special recognition from ALSAC (Aid for Lukemia-Stricken American Children) for her work last summer on a fund-raising committee to fight leukemia.

Maureen, as chairman of the Warren area, with four hundred helpers working with her, brought in \$4,270 — more money than that collected in any other Detroit area.

Her efforts did have one material reward: She attended the ALSAC convention in Cleveland as a guest of Danny Thomas.

her summer experience: "It was my marchers; without them nothing would have been possible."

Students Handle Election Chores

Election night 1964 saw the Seniors from Our Lady Star of the Sea High School making history by participating in an experiment to offer the American public the fastest vote tabulations. Other students participating were from the University of Detroit and Wayne State University.

Network Election Service as it was called was composed of NBC, CBS, ABC, UPI (United Press International), and AP (Associated Press). Each state had one main center, Detroit being the center in Michigan. To these centers all the precincts from that state called in the complete tabulations and these were transmitted to New York where they were broadcast nationally. The Star of the Sea girls served as operators taking the Presidential, gubernatorial, senatorial, congressional totals. For services rendered each girl received \$15. They found it most interesting and informative.

Completing their jobs at the Detroit Leland Hotel, some of the girls then went to a party at the Statler held in honor of Governor Romney. Here they had the experience of meeting their re-elected governor and of seeing other state party leaders.

Other Seniors went to the Sheraton Cadillac where they saw Senator Hart and Mr. Stuebner and other members of the Democratic Party.

Because of this active participation, these students have become more fully aware of the intricacies and importance of the American system of democracy.

Richard Council Plans Assembly

According to Elmer Lepp, advisor to the Richard Student Council, the next council all-school assembly, will be held, Thursday, November 19. The program will feature a patriotic theme, with Dr. A. C. Howe, of Grosse Pointe, conducting a memorial program in honor of the late President John F. Kennedy. Mrs. Patricia Birch, music teacher, will be in charge of the music for the program. The members recently voted on a name for their publication, "The Richard Student Voice," and the first edition will be on sale at the school store soon.

This year's slate of council officers consists of: Russell Ehrig, president; Chris Hughes, vice-president; Betty Luberto, secretary, and John Woodhouse, treasurer.

Thief Invades Woods Home

Miss Genevieve Lynch, 16, of 1061 Oxford road, left home for two hours and returned to find a burglar had ransacked the second floor of the house, on Sunday, November 8.

The girl told police that she left the house at 5 p.m. and returned at 7 p.m., but did not go upstairs immediately, therefore was not aware that anything was amiss.

At 10 p.m., she said, she went upstairs to find that the screen door from the roof den cut, and called police.

Dets. Albert Abend and Everett Plumb said that the burglar had made an unsuccessful attempt to break the glass of the den door, which was big and thick, and when this failed, climbed the side of the house to the roof and entered through a window.

Police found a pair of wire clippers, and a sledge hammer, both taken from the Lynch garage, at the rear of the building.

Miss Lynch said that her parents, Raymond and Celeste Lynch, had gone for the day. When the parents returned home, they checked the two upstairs bedrooms that were ransacked and discovered \$18 in cash and an electric razor missing. Nothing else appeared to have been disturbed, it was said.

AUDITORS PAID

On Monday, November 9, at its regular meeting, the Park council accepted a recommendation from City Comptroller Nunzio Ortisi, and authorized the payment of \$2,400 to Ernst and Ernst, auditors, for audit of the Park's financial books to June 30.

The sheriff asked that Stafford be held and returned to his jurisdiction, or that a bond of \$50 be posted, pending a hearing date, Stafford posted the bond.

Warrant Names Woods Resident

Roger D. Stafford, 18, of 1789 Prestwick, was arrested by Woods police on Sunday, November 8, on a warrant signed by a Prudenville Village, Mich., justice of the peace, charging the youth with illegal possession of alcoholic beverages.

Stafford was arrested at the request of Roscommon County Sheriff Oliver W. Britton, who dispatched a copy of the warrant to Woods authorities, with the request that the youth be apprehended.

The sheriff asked that Stafford be held and returned to his jurisdiction, or that a bond of \$50 be posted, pending a hearing date, Stafford posted the bond.

Cinema League To Show Film

A color sound movie entitled "Spectacular Spain and Pictorial Portugal," will be presented by the Grosse Pointe Cinema League in the Fries Auditorium of the Grosse Pointe War Memorial, on Thursday, November 19, at 8 p.m. The Grosse Pointe public is invited free of charge.

This is the premiere showing of the newest color creation in movie photography and sound by Dr. Richard E. Pear. The movie sound track has everything from church bells to flamenco dances to the excited crowds at the Plaza de Toros.

In Madrid all the famous points of interest are covered, including Plaza Espana, Royal Palace, Retiro Park, Plaza Mayor and the Plaza de Toros. At the bullfight there will be no killing of bulls in this movie. Only the colorful cape work and the ballet-like movements of the matadors will be shown.

From Madrid we will travel to Segovia with its Roman Aqueduct and Alcazar Palace. In Turegano the whole town turns out for folk dancing to the tune of the local musicians on the sound track. Avila's 13th century walls will be shown on the way to Toledo.

Toledo's Alcazar has an important part in the Spanish Civil War. The metal artisans of Toledo make gold embossed objects before your eyes. El Greco's home is also visited.

Granada has its Alhambra Moorish palace right out of Arabian nights complete with a harem room. The Generalife summer residence and gardens burst forth in a galaxy of brilliant colored flowers. At night a glimpse of the gypsy dancers in their Sacromonte caves will fascinate you.

On the way to Gibraltar with its free port shopping we will stop off for a relaxing visit at Malaga on the Costa la Sol.

Seville has its old picturesque Alfama quarters. Narrow streets, wrought iron gates and interlaced arches are seen on the way to a ceramic tile factory, where all the tiles are hand painted to order while you watch. A night club stop is made for Flamenco dancers with their whirling skirts and clicking castanets.

Reel two of the movie starts out in Lisbon, Portugal and con-

tinues north to Cascais. In Cascais you will witness the excitement of an eight man team meeting the full charge of a 2000 pound bull headon and wrestling the bull to a standstill with their bare hands. It is against the law to kill a bull in Portugal.

At Sintra the last King of Portugal, Manuel II built his famous Pena Palace. The countryside around Sintra abounds with Portuguese windmills for grinding wheat into flour. Beautiful wild flowers grow along the back roads.

The fishing village of Nazare is world famous because its people wear Scottish plaids. Well off the beaten track we will visit a little Portuguese ship building town. Every piece of wood for the ships is made by hand.

Coimbra has an unusual children's village built to scale of famous buildings from all over Portugal. We chance upon workmen assembling mosaic sidewalks out of various colored one inch square stone blocks. Truly a demonstration of old world craftsmanship.

The resort city of San Sebastian on the Bay of Biscay in Northern Spain is known for its bathing beauties and sunsets. Extensive coverage is given the Basque sheep herding country near the Pyrenees mountains.

The last photographic stop is at Burgos. Burgos was the home of the legendary Spanish hero El Cid. Burgos was also General Franco's military headquarters during the Spanish Civil War.

Cars in Tangle At Intersection

One car was demolished and \$500 damage done to another in an accident which occurred Monday, November 2, at the intersection of Waterloo and St. Clair.

A ticket for violating the Drunken Motor Law was issued

to Arthur Bateman of 523 E. Elizabeth, Detroit, after he struck the rear of a car driven by Elaine Catherine Navratil of 1233 St. Jean, Detroit. The Navratil car had stopped for a traffic light at the intersection and

was the car which received the \$500 damage.

Two days later in the City's Justice Court on November 4, Judge Douglas L. Paterson found Bateman guilty of violating the Drunken Motor Law and fined him \$100. Judge Paterson also put Bateman on one year probation which includes

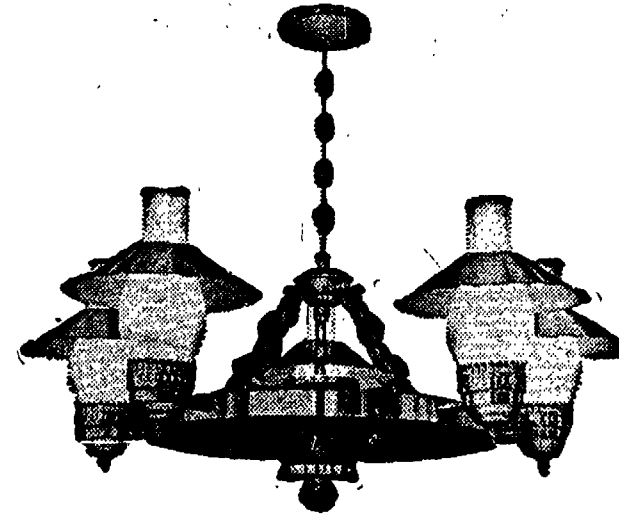

no drinking, no driving and making restitution.

**St. Paul High
Students Busy**

By Linda Keegan
Tuesday, October 27, marked the beginning of St. Paul High School's yearbook drive. Workers are trying to stir up sparks of enthusiasm in their fellow students—urging them to go out in pursuit of ads and patrons to support the PAULITE.

The PAULITE has become a medalist in the Columbia Scholastic Press Association's annual critical judging of the nation's yearbooks. "Medalist" is the highest honor in yearbook production, awarded annually to only a few of the top yearbooks in the country.

On Wednesday, October 28th, St. Paul's students were informed about the progress that the United States is making in the field of space exploration. The National Aeronautics and Space Administration (NASA) presented a Space Science demonstration to the students. The Student Body learned of the progress of modern science and space research, but also that they are the generation of "the" age of rocketry—not the youth of the "coming" age of rockets.

The result of the St. Paul's High School presidential "mock" election favored the Democratic Party. Lyndon B. Johnson and Hubert Humphrey were showered with 199 votes. Barry Goldwater and William Miller received 68 votes.

Mu Phi Epsilon Alumnae To Mark Founder's Day

Detroit Alumnae Chapter of Mu Phi Epsilon will commemorate its Founder's Day with a program and meeting at the Birmingham home of Mrs. Walter Ruffer on Monday, November 16, at 8 o'clock.

The program will be presented by Miss Linda Nager, guest pianist, who has been studying at the Julliard School of Music.

Too often good intentions are contaminated with bad habits.

Scouts Holding Court of Honor

Joseph H. Brinton, Scout Executive, Detroit Area Council, Boy Scouts of America, will be the featured speaker at the Court of Honor to be held for Troop #156 on Wednesday, November 18.

The meeting, at which many Scouts will receive awards, will be held at 7 p.m. in the Undercroft of Christ Church on Grosse Pointe boulevard.

The Eagle Scout Award will be presented that night to Bruce Kasi, 259 Mount Vernon, who is a neighborhood commissioner.

Mr. Brinton will speak on the subject of "Scouting—Preparation for Citizenship." He has been 30 years in Scouting, principally in New York City.

Merely to make it taste better! Imported O.F.C. is 8 years old. A full two years older than the other two leading Canadians. That's two years smoother, two years mellower. Yet ours sells for the same price as theirs. Isn't it marvelous? We also make O.F.C. at 12 years of age... it costs just a little more.

Slides to Show Tour of Europe

Those who "Meet the Travelers" at the Grosse Pointe War Memorial on Tuesday, November 24, at 8 o'clock will see the color slides and hear the story of the Prices of 139 Ridge road. Sam J. and "Billie" traveled to Germany by ship where they took delivery of their Volks-

wagen Westfalia Camper. After spending a few days in Bad Zwischenahn stocking and packing the camper and getting their land legs, they started their leisurely tour of Scandinavia, the Continent, and the British Isles which was to take them almost eight months and cover some 10 countries.

They found most of the European states as well or better organized for camping than we are here. Denmark was perhaps the best where one could hardly go fifty miles or a main. Highway without seeing one or more camps. Almost every town would have the international camping signs, the arrow with the tent and the word CAMPING pointing out the way to the camp. Copenhagen had eight well organized and equipped camps within the City Limits. Prices ranged from zero to six shillings or about sixty-four cents for a night's camping on the average.

Perhaps the most pleasant feature of a camping trip, the Prices said, was meeting other campers from all over the world. They met people of all levels of society and all had something in common. There was always the opportunity to exchange travel and camping information, and to get to know people themselves.

There were many campers from the United States and more from California than from any other state. The Prices were most surprised one rainy morning in Stockholm, Sweden when they found another VW camper parked next to them in the municipal camp. This one had a U. S. A. tag too and when they began to compare notes both were from the Detroit area, one from Dearborn and the other Grosse Pointe. One headed east for Copenhagen and the other east to Russia.

At the end of the Prices tour the VW was sent on ahead to be in New York when they arrived and continued their camping on to Grosse Pointe.

All Pointers and their guests are cordially invited to see the color slides of the Prices' European camping junket and hear the colonel's many amusing anecdotes of the adventure. There is no charge.

PROWLER FOILED

Eleanor Bobbett, a nurse at the office of Dr. John Hyland on Mack avenue, reported to City police on November 6 that someone had apparently attempted to break through the rear door of the office. Investigating officers found that the lock to the door had been damaged and pry marks were visible. No entry was gained, however.

Symphony Back From Fine Tour

The Detroit Symphony Orchestra returned triumphantly last Friday from a three-week tour of New England and Middle Atlantic states. The final concert of the Fall tour was given at Carnegie Hall in New York City last Thursday evening, Nov. 5. It was Ehrling's New York City debut.

The Carnegie Hall concert by Ehrling and the orchestra won superlative reviews in the New York press. Harold C. Schonberg, leading critic of the New York Times, wrote, "There could be nothing but praise for the way Ehrling and the orchestra handled the music... The Detroit Symphony by now is one of the country's superior symphonic organizations, ready to compete in any company... In short, it is as good an orchestra as one is likely to hear."

Alan Rich, critic of the New York Herald-Tribune, stated that the Orchestra "showed off its virtuosity in fine style." The next regular concert in Detroit will take place on Thursday and Saturday, November 12 and 14, at Ford Auditorium. Russian pianist Emil Gilels will be soloist, performing Beethoven's Concerto for Piano and Orchestra No. 3. Ehrling will conduct.

The orchestra will perform Verdi's overture, "La Forza del Destino" and Bartok's Concerto for Orchestra.

YOUTH SENTENCED

David Rinaldi, 17, of 19983 Country Club, Harper Woods, arraigned before Farms Judge Grant E. Armstrong on Wednesday, November 4, on a charge of reckless driving, pled guilty, and was fined \$25. The youth was also placed on probation for six months and forbidden to

drive during that period. Gilels, considered one of the

top Russian pianists, played a recital to a sold out house last week-end at Carnegie Hall. He has been called "a virtuoso in

the grand line" by Howard Taubman of the New York Times. The Boston Herald said recently that "the legendary Soviet pianist ranks among the

consummate master of the keyboard today." Good seats are still available at the Symphony box office and at all Grinnell stores.

Don't despair if you accidentally add too much milk to biscuit dough. Just drop it, as is, by spoonfuls onto an ungreased baking sheet and bake in a preheated 450 degree oven 10 to 12 minutes. Drop biscuits have crisper crusts than do kneaded and rolled biscuits.

Another Breakin Reported in City

City police report the fourth case of breaking and entering in a series which began a month ago in Grosse Pointe City.

The residence of Chester Greiling at 533 Lincoln road was broken into through the French doors off the patio at the rear of the house on Thursday, November 5. The intruder was frightened by the return of a member of the family and escaped without taking anything from the house. According to police, he had entered two bedrooms on the first floor and a drawer in one bedroom had been opened.

In the other breaking and entering cases, only one residence was robbed. The thief or thieves took \$70 in cash, \$50 in silver dollars and \$180 in traveler's checks from the home of Karl Ness in Lakeland avenue.

The intruders were eventually frightened by the returning family at the C. Roy Brooks residence in Lakeland and by the police at the home of Coleha Novetske in Cadieux.

The breakings and enterings are under investigation by City police.

Under the direction of Pathologist J. D. Langston, M. D., the laboratory is offering this service to the community without charge, in cooperation with the Michigan Diabetes Society.

Likely subjects for diabetes who should seek this test are among those with known diabetes in their families, the overweight, those who weighed nine or more pounds at birth and mothers of such children.

Only persons 21 years old and over will be checked. They should report to the laboratory at 159 Kercheval avenue, between 9:30 a.m. and 3 p.m. on the designated dates, Monday through Friday. The blood test used is best done two hours after eating.

Patients should be prepared to give the name and address of a physician to whom reports may be referred, if indicated.

Jay to Show New Ski Film

John Jay, a name that is synonymous with the world's best in ski adventure films, arrives in town on November 22 to personally narrate, with his dry Yankee humor, his latest color film masterpiece "Persian Powder."

It will be presented by the Grosse Pointe Ski Club at the Grosse Pointe War Memorial's Fries Auditorium. There will be two showings, one at 4 o'clock the other at 8 p.m. Both will be accompanied by ski style shows. Tickets are available at the Center's office but are going fast.

As its unusual name implies, the 90-minute motion picture features skiing by Swiss expert Fred Iselin in the deep powder snow of the Persian Alps, just outside of Iran's capital city, Teheran. Never before filmed by a ski photographer, these rugged mountains rise up to over 18,000 feet and provide fantastic powder snow conditions for thousands of Persian ski enthusiasts who flock there every Friday — the Moslem weekend.

You will roll with laughter at the hilarious scenes of Middle East beginners careening down in a mad melee of skis, sleds, and Persian carpets, against a background of mosques and camels. Also included in the fast moving film are shots of Iselin skiing in Arab headdress in the Cedars of Lebanon near Beirut, and showing his mogul technique at Kranjska Gora, Yugoslavia.

In this country, Jay shows us the delights of skiing at Taos, New Mexico; Mt. Snow, Vermont; Vail, Colorado; and Aspen Highlands, where the incomparable Stein Eriksen mambos down a four mile trail while the Jay husband wife team follows him on skis, cameras whirling.

There is comedy with Ralph Jackson, self-styled "King of the Ski Bums" performing acrobatics in top hat and fur coat at Aspen, and an unbelievably colorful collection of Easter hats on skiers at Buttermilk. There is excitement in a helicopter ascent of the Tetons at Jackson Hole, Wyoming, for a 4100 foot descent on skis, longest in America.

There is drama in Olympic

ski stars racing at the Nationals in Winter Park, Colorado and Innsbruck, Austria. The late Buddy Werner's final race is shown, along with highlights of his career in a film tribute to America's greatest skiing star.

DRIVER ARRESTED
Lonnie E. Turner of 3203 Fourth street, Detroit, stopped for a traffic violation by Woods police on Thursday, November 5, was released to Detroit police when it was found that they had a traffic warrant for his arrest.

HONEST FINDER
Bill Jones of 9160 Delmar, Detroit, found a wallet near his home, and personally turned it over to Woods police on Tuesday, November 3. It contained \$200 and papers. Police returned the wallet to its owner, Thomas Boos of 1971 Littlestone.

Today is when we build lots of tomorrows out of yesterdays.

Boy Critically Injured by Car

Mark Tomlinson, 4, son of Mr. and Mrs. J. Dana Tomlinson, Jr., of 1387 Hollywood, was struck and critically hurt by an automobile on Friday, November 6, when he darted from between parked vehicles in front of his house.

Mark was rushed, unconscious, to St. John Hospital by Woods police ambulance, and at the last report, was disclosed to be still in a coma.

Driver of the car that hit the boy, Richard K. Barry, 25, of 22933 Gary lane, St. Clair Shores, told police that he was traveling west on Hollywood at between 20 and 25 miles an hour, when young Mark ran into the street from between a big dump truck and a cement mixer. Barry said he was unable to stop to avoid hitting the boy.

In a statement made at the Woods station, Barry said he applied his brakes, and swerved to the left, but was unable to stop because his wheels skidded on wet leaves. Police said skid marks measured 28 feet to the point of impact.

Tom W. Johnson, of 7717 Beaubien, Detroit, owner of the truck and mixer, told police that he had warned young Mark about going into the street, seconds before the accident.

M Poison Profs Help Save Lives

A half-dozen "poison professors"—zoologists and botanists at The University of Michigan—are on call 24-hours-a-day to assist physicians at University Hospital's Poison Control Center.

The University professors—authorities on rare plants, mushrooms and snakes—have volunteered to identify unknown specimens involved in medical emergencies.

Once a person has tasted a toxic substance, or has been bitten by a deadly snake, immediate identification of the particular poison is of top priority, according to Dr. George Lawrey, head of the Hospital's Poison Control Center. Although snake bite deaths in this area are rare, violent reactions may result in severe body damage, he adds.

The Poison Control Center, located in the emergency suite, has treated more than 2,500 patients since 1959. Among them were scores of children who ate toxic berries, weeds, and mushrooms.

The Center maintains an active file of known toxic items, but occasionally a rare plant or snake cannot be spotted immediately.

In such instances, one of the six professors will be called to the rescue. He expects to drop everything, no matter whether he's at home, at a meeting, or teaching a class.

He may rush to the Emergency Room or have the plant or snake brought directly to him by hospital ambulance.

The identification is usually made within five minutes, and the Hospital's physicians can prescribe a treatment accordingly.

The six currently serving "emergency duty" are: Professors Warren Wagner, Kenneth Jones, Alexander Smith, and Robert Shaffer, all of the department of botany; and Professors Reeve Bailey and Charles Walker of the department of zoology.

"In a particularly knotty matter of identification, we may call upon any one of the 76 U-M zoology and botany specialists for assistance," Professor Wagner notes.

University botanists and zoologists have "helped us out of many a tight spot," Dr. Lowrey says. "We are extremely fortunate to have their close cooperation."

HITS CAR

According to City Police, George Harding of 330 Rivard, who was driving a car east on Jefferson was hit by a car driven by Ann Travis of 20060 Lichfield, Detroit. The Travis car was coming from a driveway at 17150 East Jefferson when the accident occurred on November 4. Damages were minor.

City Prepares For Big Snows

The city manager of Grosse Pointe City, John M. Cantwell has announced the purchase of a second salt spreader for the Department of Public Works.

The addition of the spreader is part of the City effort to improve and speed up the removal of snow during the winter months. According to Cantwell, a heavier concentration of salt will be used at all major intersections and through side streets. With the use of two spreaders, the City's streets should be made safe for driving more quickly than in other years.

As part of the improved snow removal program, the City Council at its meeting on October 19 awarded the contract for clearing parking lots and sidewalks to Howell Snow Removal Service. Previously, the sidewalks have been cleared by members of the Department of Public Works. Under the new arrangement, snow will be cleared from the sidewalks when as little as one-half inch of snow has accumulated and the snow has stopped falling.

Park Dentist's Office Looted

A Park dentist's office was looted of a small sum of cash, an electric toothbrush, and gold fillings worth several hundreds of dollars, sometime between Saturday, November 7, and Sunday, November 8.

According to information released by Police Chief Arthur Louwers, the thief entered the dentist's office by forcing open a window at the east side of the building, and then escaped through the rear door.

Victim of the burglary is Dr. Edward Bober of 20126 Doyle court, and his office is at 15312 Kercheval avenue.

Dr. Bober, checking over his loss, told police that the thief took \$22 from a petty cash box, an electric tooth brush, valued at \$20, and gold crowns and inlays, from a denture display case in the office. The value of the gold amounts to about \$500, the dentist said.

Success has been defined as getting what you want—happily, as wanting what you have.

Introducing New Teachers

The new members of the professional staff at Defer School paused in the office of principal Glen Cooper as he explained the use of the building's intercommunication system. Pictured are (left to right) MRS. CAROL GASKIN, substitute in grade 1; MISS MARGARET HARTMAN, grade 3; MRS. CAROLYN J. RANTS, grade 5; DR. COOPER, principal; and PETER E. RUGINIS, music.

Featured in the seventh in our weekly series of brief biographies of professional staff members new to the Grosse Pointe Public School System are those at Defer Elementary School. There, for the 1964-1965 year, replacements number three: Miss Margaret M. Hartman, third grade; Mrs. Carolyn J. Rants, fifth grade; and Peter E. Ruginis, music. Also featured this week is Mrs. Carol F. Gaskin, a newcomer to the staff who began the year as a first-grade substitute at Defer.

Of his additions, Dr. Glen O. Cooper, the building's principal, has said, "They have a great deal to give to the Defer community. We were most fortunate to have had Miss Hartman, Mrs. Rants, and Mr. Ruginis join us. It is my hope that each of them will wish to remain here a long time," Dr. Cooper concluded.

Miss Margaret M. Hartman has joined the staff after three successful years in a similar teaching capacity in Muskegon. She attended Rosary Hill College in Buffalo, New York, and received her Associate Arts degree from Muskegon Community College before being awarded her BA from Western Michigan University. She is a member of Kappa Delta Pi and the Michigan Education Association.

Miss Hartman, who enjoys reading, bridge and bowling, has also found time for a summer tour of Europe. She is now a resident of St. Clair Shores. Mrs. Carolyn J. Rants received her diploma from Hastings High School in her native

state of Nebraska, then went on to the University of Omaha for her BA degree. She is currently at work on her MA at the University of Nebraska.

A teacher of experience in the upper elementary grades, Mrs. Rants taught previously in the public schools of Hastings, Omaha, and Ogaleala, Nebraska. Her memberships include the National Education Association, the Department of Classroom Teachers, and the International Reading Association.

Sewing, knitting, music and reading occupy part of Mrs. Rants' away-from-the-classroom hours. She and her husband reside in Grosse Pointe Park.

Peter E. Ruginis has been a student at the Detroit Institute of Musical Arts, the University of Michigan, Michigan State University, and Wayne State University. He received his Bachelor's degree at the University of Detroit.

A native of Sandusky, Michigan, Mr. Ruginis is a graduate of Chadsey High School. His music teaching experience in-

cludes recent assignments in both Grosse Ile and Allen Park. A veteran of military service, he spent two years in Japan and Korea.

The Ruginis family consists of seven-year-old daughter, Kris, a second grader, five-year-old son, Keith, and four-year-old Kurt. The older children attend Maple School in Dearborn, where the Ruginis make their home.

Although she is a new member of the school system's regular staff, Mrs. Carol F. Gaskin served as a substitute at Defer earlier in the school year.

Born in Lakewood, Ohio, she completed her secondary education there and did some work at Baldwin-Wallace College before receiving her BA degree from Michigan State University. During her days as a coed, she was a member of Kappa Delta, the State Singers, and an active participant in student government.

Prior to her assignment in Grosse Pointe, Mrs. Gaskin taught third grade at Waterford

Township, serving as art resource teacher and steering committee member. She is a member of the Michigan Education Association.

Out-of-school interests center on modern dance, classical music, and reading. Recent travels have taken her to the World's Fair and to the West Indies.

She is the wife of David M. Gaskin, a lifetime resident of Grosse Pointe Park.

A RECOGNITION OF RESPONSIBILITY

TO THE DISCRIMINATING LISTENER:

Serving all of the people some of the time . . . not some of the people all of the time . . . is our basic programming concept at CBE. Of course there are other factors that must be considered like . . . objective programs in the areas of news and information. They must be stalwart in the defense of democratic values and institutions, free speech, law and order and respect for the individual.

A license to broadcast implies the championing of freedom of worship, education, the creative arts and sport.

Thus, at CBE, we program to a complex of interests, tastes and capacities for enjoyment—the ingredients that give our society its character and civilization its richness.

To those of you who are already CBE listeners, we hope that you continue to listen and enjoy.

Millions witness Cape Horn-to-Fairbanks Durability Run

Comet roars from bottom to top of world to show it's still World's Durability Champion

Regular production show-room models run for 40 days and nights in historic 16,200-mile grind to "top." Like all famous durability feats of the past rolled into one: the Alcan Run, the Baja Run, the Over-the-Andes Run.

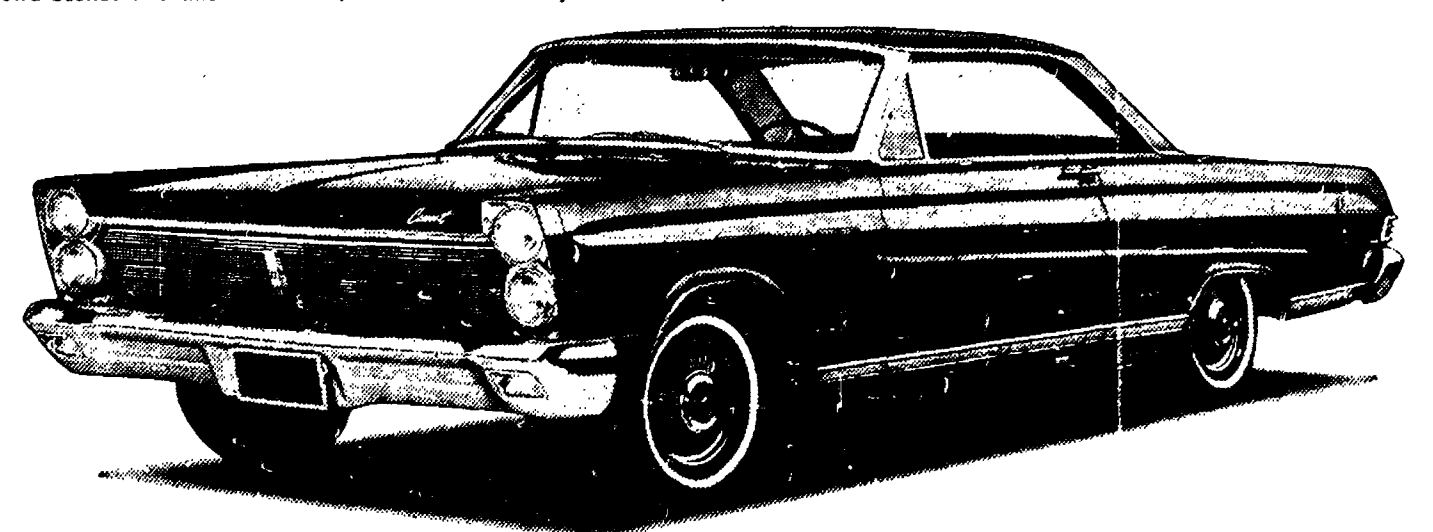

What's the sense of driving Comet through 16,200 miles of sleet, ice, snow, mire, mountains, etc.? To show you that Comet "can do." Don't you think it's time to come see the one that's not just lively and beautiful, but tough and powerful, too. Comet!

Comets started Sept. 12 from Ushuaia, Tierra del Fuego. First leg of long grind wound up and down tough, single-lane, snow-covered stretch of Andes Mountains.

Everyone seemed to know the Comets were coming. Mud, mire, jungle. Comets had it—and took it all without any mechanical repairs at all on the route. In Canada, Comets near goal. No other cars had ever tried to complete long run in so little time.

University School Notes

Participating in a recent conference at Michigan State University devoted to a discussion of "Special Opportunities for Superior Students" were two members of the Grosse Pointe University School faculty, Principal Gilder Jackson and Miss Elizabeth Ferguson. Mr. Jackson was a consultant in the sections that dealt with history. Miss Ferguson in those concerned with foreign languages and the classics. Representatives from all parts of the state took part in the day-long sessions, which took place at the Kellogg Center for Continuing Education.

Miss Ferguson also played a prominent part in the annual meeting of the Michigan Classical Conference at Calvin College, Grand Rapids. Miss Ferguson is the treasurer of the organization. Speaker was the distinguished classical archaeologist, Dr. Van Elderen, who spoke about the diggings at Dothan, north of Jerusalem, Israel.

Miss Clare Lockhart, head of the G.P.U.S. English Department, is a member of the advisory committee of the Detroit News-sponsored Southeastern Michigan Scholastic Writing Awards contest. The committee is presently planning procedures for the reading of manuscripts. \$11,000 were submitted last year, in this increasingly popular event.

Miss Mary K. Thorn and Mr. Bertram P. Shover report that the Lower-School visiting days for parents this fall were most successful. Practically every child in the grades from kindergarten through 6th grade was represented by at least one parent, and in many cases both mother and father attended.

Rotary Launches Be Square Drive

On October 26, the Grosse Pointe Rotary with some 150 in attendance heard an excellent talk by Dr. John A. Visser, Minister of Westminster Church, on "squaring off." Representatives from all the local Rotary Clubs as well as Kiwanis, Lions, and Exchange Clubs heard the renewal of Rotary's campaign to put ethics back in their proper perspective.

Dr. Visser discussed the new meaning that had come into being in recent years for the word "square." "It is a meaning not to be found in the dictionary," he said, "and one with the diabolical twist of meanings." In the past being square meant being honest, trustworthy, fair, and was a term of honor. Today it has a meaning which is apparently not desirable.

Rotary, in the past 3 years, has been emphasizing this campaign "Let's Be Square" and has implemented it by the Rotary 4 Way Test of the things we think, say or do:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

Veteran Pension Rates Boosted

The American Legion Auxiliary is informing wives and widows of war veterans about the provisions of new pension legislation which was passed by Congress just before adjournment and signed into law by President Johnson on October 13. Mrs. Elva Nielsen, President of Grosse Pointe Unit No. 303 of the Auxiliary, has announced.

The Auxiliary gave vigorous support to the Legion's endeavors in behalf of the legislation as it was considered by Congress, she said. The new law provides increases in the pensions of veterans suffering from non-service-connected disabilities and in widow's and children's pensions, and also opens the way for reinstatement of lapsed National Service Life Insurance for veterans with service-connected disabilities and others uninsurable with private companies.

Pension increases range from three to fifteen dollars per month for veterans in various categories, the amount being governed by annual income and number of dependents. The new provisions provide that a single veteran, totally and permanently disabled from non-service causes, receives \$100 per month if his other income is less than \$600 per year; \$75 per month if his income is less than \$1,200; or \$43 if his income is below \$1,800.

Qualified veterans with one dependent will receive \$105 per month if they have less than \$1,000 per year other income; \$80 if they have less than \$2,000 income; or \$48 if they have less than \$3,000 income.

Rates for widows without children are \$64 per month if other income is less than \$600 per year; \$48 with income of \$1,200 or less, and \$43 with less than \$3,000 income. The new rates become effective January 1st. Veterans 65 years of age or older are eligible for pensions if 10 per cent disabled.

The following news item was submitted by Miss Christina Zukowski of the 8th grade: "A Chess Club has recently been organized for and by the 8th graders. It is a continuation of the successful club organized last year by the present 8th grade."

"The club meets every Thursday in room 1 from 1:10 until the end of help period at 1:50."

The first meeting of the 56 8th grade girls' homeroom, November 5. It was considered successful by everyone involved.

"A refreshment committee is made up of Sheila Ford and Suzanne Tolleson. They plan to have something to eat in every period that the club meets. For the first meeting, Paquet Humphreys made cookies."

"This year, as last year, a tournament will be held. The winner's name will be engraved under that of Bebe McEvoy, last year's champion, on a large

silver cup that is kept in the 8th grade girls' homeroom.

"Perhaps this club will not profit anyone's power of mental concentration, as chess is supposed to do, but it will most likely be a great social function for the 8th graders."

A number of students and faculty from Grosse Pointe University School attended a Pre-Book-Week Program at the Grosse Pointe Central Library, October 28, to hear Miss Elizabeth Howard Mizner, a local

author, who writes stories for girls. She discussed her latest book, "Verity's Voyage," and the process involved in writing books in general. She told anecdotes about how some of her own books had been written and published. Attending from G.P.U.S. were Mrs. Anne Aaron, Mr. John Conley, Mrs. Donna Hodgman and Mrs. Kathryn Trim from the faculty and the following students: Miranda Herbert, Debbie Markey, Bebe McEvoy, Sally Steinhart and Susan Trim.

Trombly P.T.A. Meets November 16

The First R-Reading will be the general topic for discussion at the Trombly P.T.A. meeting Monday, November 16, at 8:15 p.m. in the school auditorium. Dr. Frank J. Estvan, Professor of Education, Wayne State University, will lead off the program elaborating on "The Foundations of Reading Instruction." Following his presentation, a faculty panel will entertain questions from the floor. An author of several books re-

lated to elementary education, Dr. Estvan has taught at the University of Southern California and the University of Wisconsin; prior to his university teaching, he taught for six years in public elementary schools.

Parents are cordially invited to visit in the classrooms to see the work of the children and to talk with the teachers prior to the general meeting. An informal social hour will again be

a closing meeting highlight. This occasion is under the direction of Mrs. Kenneth Goerke and Mrs. Kurt Hartlieb, social chairmen, together with Mrs. Louis Lazo, Mrs. David Ripper and Mrs. Duane Hefty.

MISSING COAT

City police report that a three-quarter length broadtail jacket with a mink collar was discovered missing from Jacobson's on Saturday, November 7, sometime between 7:30 and 8 p.m. It is value at \$448.

PTA at Mason To Hear Grams

The Mason School P.T.A. will meet at 8 o'clock Thursday evening, November 12.

Following a 30-minute room visitation period, the parents and teachers will assemble in the Auditorium for an address by Mr. Armand Grams of The Merrill-Palmer Institute. His topic, "The Parent's Role in the Education of the Child," should be of great interest to all parents.

Refreshments will be served following the meeting. Mrs. Joseph Juenemann, hospitality chairman and Mrs. Eugene Timm, assistant chairman, have asked the following mothers to assist them: Mrs. William Genematas, Mrs. Charles Woodbury, Mrs. Neil Suomela, Mrs. David Vigliotti, Mrs. T. Graham Harrison, Mrs. Raymond Christensen, Mrs. Girard Smith and Mrs. Walter Seyffert.

Travel Movies Cover England

Thayer Soule, New York world traveler, presented color movies of his automobile trip "3,500 Miles Through England" to open the 1964-65 World Adventure Series Grosse Pointe Course at 8 p.m. on Wednesday evening, November 11, at Parcels Junior High School.

As part of a lengthy tour of London, Soule pictures the Thames Embankment, Tower of Parliament, Trafalgar Square and other beloved landmarks. He shows Queen Elizabeth in closeup, presents the only color pictures ever filmed inside Westminster Palace, when the Queen presides over the glittering robed Opening of Parliament.

Thereafter, Soule covers England thoroughly, from the Channel north to the Lake Country. On his itinerary are Cornwall and Devon, Woburn Abbey, Stratford and the Shakespeare country, the booming Midlands, the Cotswolds, York, the rolling rural country. He films inns and thatched-roofed villages, and the everyday life within them. His is a complete new story of city and country life in today's England.

The Course is sponsored by the Department of Community Services of the Grosse Pointe Public Schools. For a free illustrated folder describing all coming shows, write or phone the Department at 43 Grosse Pointe Boulevard. Or, query the World Adventure Series at the Detroit Institute of Arts. Also, tickets and folders may be obtained at the door, beginning an hour before each performance.

"Mortals and Immortals" will be the subject of a Lesson-Sermon this Sunday in all Christian Science churches.

Golden Text: "Ye were sometimes darkness, but now are ye light in the Lord; walk as children of light" (Eph. 5:8). Scriptural readings will range from the story of Noah's ark in Genesis to Paul's letter to the Galatians (3:26)—"For ye are all the children of God by faith in Christ Jesus."

Related readings from the denominational textbook will include this statement: "The eternal Truth destroys what mortals seem to have learned from error, and man's real existence as a child of God come to light" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 288).

The 1965 Ford rides quieter than a Rolls-Royce!

To the 5 out of 10 people who didn't believe this ad... a sporting proposition

Take a no-obligation test drive in a 1965 Ford. Maybe you just couldn't believe the ad (reprinted above) which appeared in this paper a few weeks ago. After all, many consider Rolls-Royce to be one of the world's finest cars. But Ford does ride quieter. The world's leading acoustical experts (Bolt, Beranek and Newman, Inc.) made the tests. The U.S. Auto Club certified the results.

This year's Ford has the strongest body ever... a revolutionary new frame that "tunes out" vibrations... new ultrasoft coil-spring suspensions—all contributing to the new hushed ride. But the ride is only part of what's new.

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower than in competing cars for extra foot room. ■ Trunk has more usable space than ever—holds four 2-suiters standing upright.

■ New ultra-luxurious LTD series — unmatched by any other car in Ford's class. ■ Silent-Floventilation (standard on 4-door hardtops) removes stale air, provides fresh air even with all windows closed. ■ Exclusive new twin-edge key—works with either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models.

■ Smooth, thrifty all-new Big Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have 3 speeds, not 2 as in many competing cars. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears.

If all this sounds like a lot for one car to offer... take a test drive. See why more people are buying Fords than ever before in post-war history.

November 11

To a boy of 14, Armistice Day 1918 was a bit of something. Memory takes us back as Veterans' Day 1964 passes into the history which spawned this national holiday. A holiday it was in the beginning, as most of the civilized world celebrated the cessation of hostilities in the greatest war the earth had ever known. Now the observance of this anniversary has been renamed, and re-dedicated for the purpose of paying tribute to all those who have served their country in any of its wars... and particularly to those who died while fulfilling this duty.

There were two Armistice Days in that November of 1918. The first one was a false alarm, and communications then not being of quite the same quality as we enjoy today, it took a little while to correct the error. For the boy of 14, it was just a warmup for the real thing. Schools in his city were recessed because of the influenza epidemic and he had had his first real job, for six weeks... running a machine in a plant that manufactured parts for typewriters and draftsmanship. When the whistles began to blow and word spread that the war was over, everyone was sent home, to celebrate, or say prayers of thanks, or weep with frustration for those who would not come home.

And three days later, when the real Armistice was confirmed, joy was unconfined for the younger set, for they were supposed to return to classrooms that day... It was an edict that was completely ignored, as many a kitchen utensil was beaten into a useless mass, and parades were formed in every block.

One of the most popular books in the household of the 14-year-old was "Rhymes of a Red Cross Man" by Robert W. Service, a collection written with a pen dipped in pathos and humor and patriotism and religion and hero-worship... by the very same author of the famed epic of the Yukon, dealing with "The lady known as Lou..." But far deeper than the impression made by the reading of this lustrous verse, went the impact of a magic piece of writing created by Col. John McCrae of the Canadian Armed Forces, himself a Gold Star victim of that horrible holocaust.

In Flanders Fields

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.
We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.
Take up our quarrel with the foe;
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

Was Colonel McCrae asking the Living to crush the immediate enemy so that it might never again threaten the peace and freedom of the world? Or was he appealing to all men everywhere to heed the senselessness of war and to take every precaution to guard against its repetition. In whatever way his thoughts were directed, he and millions of others who fought and died have been betrayed countless times during the long march since 1918.

Many things have had a part in the breeding of a second, more horrendous war than the one in which Colonel McCrae gave his life, and succeeding periods of tragedy. Unbridled ambition to rule, failure to understand the unbearable travail of the oppressed and the underprivileged, rejection of the necessity of being ever-conscious of the fact that the less fortunate must be helped and elevated into a position of sharing the fruits and obligations of an organized, civilized society of nations, have all contributed to the seemingly never-ending succession of situations that produce wars or military commitments that spell death to so many who have caught the torch, willingly or by decree.

The stage that is the world has seen many sorry performances, and the heavy heap of accumulated shame must be the burden of us all.

Letters to the Editor

To The Editor:

Perhaps the poignancy has settled sufficiently by now to discuss the October 18 accident at Jefferson and Audubon. The police department took eight victims to the Emergency Room of Bon Secours Hospital. Three were dead on arrival—three teenagers.

The Hospital Disaster Plan was set in motion. All available hospital interns, sisters, nurses, and orderlies converged in the Emergency Department. Staff physicians arrived within minutes to attend the injured—chosen physicians to attend the shock cases, surgeons to insert airways into gasping throats, anesthesiologists for the operative cases, pathologists for immediate blood transfusions, orthopedic specialists for the fractures.

Into this milling jam came the onrush of hysterical relatives who had been told of injury but not of death. The three victims dead on arrival were finally located by their loved ones—at the other end

of the building in the Science Hall. The injured who were living when they reached the hospital are still alive—not well, but still living. The teenagers of tomorrow are in grammar school today. Adequate hospital emergency facilities will save the lives of tomorrow's teenagers—whatever grammar school they attend today. Safeguard them tomorrow with a boost for hospital expansion today—it does not cost a cent.

J. F. Wenzel, M. D.

To The Editor:

On behalf of the 1964 Grosse Pointe Halloween committee, I wish to say thank you for the fine cooperation which your newspaper gave in publicizing the annual community Halloween parties.

The community is grateful to you for this helping hand which contributed to another successful, safe Halloween celebration. The appreciation of the entire community goes to general chairman, Forrest Geary; Ar-

Dear Sir:

Regarding an article in your edition of October 22, 1964, headed "Farms Municipal Building Costs Additional \$116,000," we should like to again offer some pertinent information presented to the Council October 19, 1964, by Jack Brown, designer of the building and myself, supervisor of construction.

Base contracts for the building were \$358,295.55, at contract signing, August 22, 1963. Additional work authorized by the City during the course of construction amounted to \$7,796.48, an increase to the contract of only 2 per cent, which for a remodeling of this complexity is remarkably low. These additional contracts break down as follows: Architectural trades contractor (gen-

eral contractor, that is, this being referred to in your article as "architectural fees"); \$5,295.70, including additional work as requested by the Fire Department; as requested by the City; and some unforeseen contingencies in the demolition and remodeling. Mechanical contractor: \$138.00 (additional work as requested by the City). Electrical contractor: \$2,362.78 (additional work as requested by Fire Department and requested by the City). Normally, in complex remodelings, we recommend provision for a contingency allowance of 5 per cent, which covers unforeseen job problems. This was not done here to save money. Nevertheless, all additions to the contract totaled only 2 per cent, 90 per cent of which were additional requirements by the City, only 10 per cent being additions because of job requirements. This second figure, being 1-5 of 1 per cent of the contract, was kept to a minimum due to concerted effort on our part; and very close coordination by the City, namely John DeFoe, the Engineer, as well as the Council.

Thus, additions to the contract amounted to under \$8,000.00! Please provide for this information to be published, since the City's Engineer, the Council, as well as ourselves, devoted much time to keeping costs in line.

Respectfully,
PETER ELSE

What Goes On at Your Library

By Virginia Leonard

Is there a secret Walter Mitty in you? I'd be willing to bet there is; how else can we account for the tremendous success and popularity of James Thurber's famous story? I was surprised, in re-reading it recently, to discover how really short THE SECRET LIFE OF WALTER MITTY is. And yet, here we have an unforgettable character, superbly portrayed with consummate mastery of juxtapositioning on the part of the author.

Scratch the surface of any one of us, and inevitably come up with secret ambitions, hidden yearnings, concealed strivings. In books, especially novels, we tend to identify with a certain character—or possibly several characters—who exemplify to us the kind of person we might like to be. Think back—sa a child or adolescent, didn't you actually participate in Robinson Crusoe's adventures, fight right along with Dumas' musketeers, fall down the rabbit-hole with Alice? Of course you did, and you had a wonderful time doing it.

Weren't you secretly a nurse with Sue Barton, or handling a boat with Conrad? If you are of my generation, and read and re-read LITTLE WOMEN, you cried when Beth died, identified with Jo, and worried about her finding a husband. War stories, mysteries, treasure hunts, career books—there really is no end to the type of book where young people participate vicariously in the activities of the heroes and heroines.

As adults, I think we continue to identify, although not quite so forcefully perhaps, with protagonists (or possibly minor figures) in both fiction and non-fiction. One friend emphasizes completely with the heroine in TEA AND SYMPATHY; another sees herself variously as ARCHIE and MEHTABEL; still another suffers right along with the artist in Kipling's THE LIGHT THAT FAILED. A colleague of mine has always had a secret longing to be Elizabeth Bennet in PRIDE AND PREJUDICE.

How else can we explain the fantastic success of GONE WITH THE WIND without reader identification with Scarlett O'Hara, Rhett Butler or a score of other people in this novel? Have you honestly ever read a book, mystery or otherwise, which contained a lawyer or judge as protagonist, where you have not felt the case (with passion and brilliance)? Or perhaps you are the ever-clairvoyant police commissioner who solved the unsolvable case, Mitty.

Come clean! How many Sherlock Holmes do we have in our midst? And doctors! I think we have all performed brilliant operations, saved innumerable lives, cured many obscure diseases. And in the arts, we become great orchestra conductors, violinists, premiere danseuses whenever we encounter them in some volume we are reading.

Speaking personally, I found myself George Caldwell in person in THE CENTAUR, suffering, trying to teach against insuperable odds—the same thing happened in THE BLACKBOARD JUNGLE. I have just finished reading Paul Horgan's sensitive THINGS AS THEY ARE, in which a small boy experiences a number of unfortunate and unhappy situations. Everyone who has read this book has told me that her immediate reaction was one of relating to at least one of these episodes because the same thing has happened to her as a child.

And so the hero is wounded—the reader bleeds; he kills the dragon, crosses the castle moat and wins the princess—and so do you. The heroine is very successful in her career, catches her man, travels abroad to exciting countries; you follow right along after her. If you have never been abroad, what better way to see China than with Pearl Buck? We can explore Africa with Ruark, India with Kipling; even go back into countries historically and relive famous periods in historical novels or in books on history. So much is possible.

In this area also lies one of the strongest appeals of biographies. You may never be an Eleanor Roosevelt, but you can read the story of her life and vicariously be Mrs. Roosevelt. All of us obviously can't be president but we can read the lives of Washington, Kennedy, Roosevelt, etc. And for a little while we are lifted out of reality (good or bad) and can, like Walter Mitty, become someone we have always wanted to be. I'm sure the psychiatrists would approve—what better way to get rid of hidden aggressions harmlessly?

And so we may laugh at poor Mitty's "ta - pocketa - pocketa - pocketa - pocketa". He is a pathetic figure with his puppy biscuits, overshoes, domineering wife and high dreams of grandeur as a famous surgeon, crack-shot, war hero, and finally the grand, disdainful figure with his back to the wall, facing the firing squad. But we are with him all the way. We ARE Walter Mitty.

'Old World Market' Opens Nov. 19

Mrs. Frederick J. Schumann Chairman of '64 International Institute Bazaar; Food and Wares From Many Nations To Be Featured

"Doorways to Friendship," the 1964 theme of International Institute's Old World Market, will lend a provocative flavor to the "market" this year mainly because there will be many different kinds of doorways provided to peek through.

Always a component part of the Institute's mid-November program, the Old World Market is slated for November 19 through 22 to provide the round-the-world shopping spree hundreds of Detroiters anticipate each fall.

So, this fall season again, the Old World Market becomes a challenge to its chairman—in intent on a change of decor, a complete change of pace, and the something new and different as well as interesting to reflect the long, long weeks of planning to pique appetites of visitors during the four-day period.

And something new AND wonderful has happened to the market this year, for it will do a cloak of poesy and reflect the artistry dreamed up to offer many surprises to those who come to browse, buy, lunch or dine in an atmosphere surely transported from the "Old World."

This year there will be more room, too. The lobby will be transformed into a patio with a fountain and all of the nationally ability booths will be located on the main floor. The Hall of Nations will be

decked out for its role as the program center for the market. There will be music and dancing, slides and movies, as well as craft demonstrations with the wares for sale.

The International Institute booth will be sparkling with glassware from Sweden, Italy and Mexico and the enlarged pantry shop will be stocked with "Old World" gadgetry—lush and elegant—and foods and goodies from across the seas.

International menus in the food areas will be simplified to permit quicker services with Thursday geared to Italian, Hungarian and Romanian cookery; Friday, Armenian, Greek and Syrian foods; Saturday, Scandinavian, and Sunday, foods of middle European countries.

Mrs. Frederick J. Schumann, of Devonshire road, chairman of the 1964 Old World Market, promises many more revelations before the opening date. She and her co-chairman, Mrs. George R. Snider, of Gilchrist avenue, have many plans in the air.

Meantime, remember—International Institute's Old World Market at 111 East Kirby, November 19-22, from 12 noon to 10 o'clock daily.

afternoon. A student at Sacred Heart Academy, Grosse Pointe, Ruth is an endowed member of the Students League of the Tuesday Musical and has received honors for her performances at the Detroit Musicians League recitals.

MARGARET HOLLEY, daughter of MRS. ELIZABETH E. HOLLEY, of Shoreham road, a junior at Wellesley College, was co-chairman of lighting in the recent production of Garcia Lorca's "The Love of Don Perlimpin and Belissa in the Garden," staged by the Experimental Theater group at Wellesley. Margaret was stage manager of Wellesley's Junior Show this fall, and has directed and acted in several other dramatic presentations.

THE REV. and MRS. WIL-

LIAM MILLS FARNHAM, of Manistique, Mich., announce the birth of a daughter, CYNTHIA GAIL, on Thursday, November 5. Mrs. Farnham is the former GAIL FRIESEMA, of Renaud road.

Back in The Pointe, and staying with MRS. ANDREW L. MALOTT, of Oxford road, until their new home in South Edgewood drive is ready for occupancy, are MR. and MRS. CHARLES BERGER, and their five-year-old daughter, ANDREA LORNE BERGER. Mrs. Berger is the former Mary Andrea Lorne Malott. Young Andrea Lorne, named after her late maternal grandfather, is known informally as LORI. The Bergers had been living in White Plains, N.Y., prior to Mr. Berger's business transfer to Detroit.

Russian Ballet Here Next Week

Acclaimed by critics and audiences alike as the world's greatest ballet company, the legendary Leningrad-Kirov Ballet will be in Detroit on Thursday and Friday, November 19 and 20, for two performances at Masonic Auditorium.

One of the rare performances of "Swan Lake," in which two ballerinas perform the roles of the white and the black swan, will occur when the troupe presents the famous Tchaikovsky ballet on Friday evening, November 20.

Natalia Makarova will dance Odette, the white swan, and Olga Moiseyeva will dance Odile, the black swan. Traditionally, both of these roles are danced by one ballerina. Konstantin Sergeyev, artistic director of the ballet, has been experimenting with the change in the belief that it strengthens the impact of the ballet.

Such casting is not without precedent. In 1920, when Stanislavsky and Nemirovich-Danchenko, directors of the Moscow Art Theatre, they assigned Odette and Odile to two ballerinas.

Impresario S. Hurok recalls Pavlova telling him that she danced "Swan Lake" in the same manner with Vera Pokina at the Maryinsky Theatre in 1908. In recent years, in Leningrad, the roles were sometimes divided between Galina Ulanova and Natalia Dudinskaya.

The Leningrad-Kirov Ballet, with its company of 150 and its full symphony orchestra, will appear at Masonic Auditorium for two performances only, beginning at 8:20 o'clock each evening. The other performance, on Thursday, November 19, will be a Gala Performance which will include the most popular highlights from the company's repertoire, such as "Bayerka," "The Corsair" and "Taras Bulba."

The mother of the bride wore a costume suit of heavy brown silk, while the bridegroom's mother chose a suit of emerald green brocade. Both mothers pinned orchid corsages to their handbags.

Following a reception at the Saginaw Club, the newlyweds left for Harbor Island, in the Bahamas. Upon their return, they will make their home in a carriage house, in Maumee avenue.

Among Pointers who traveled north for the ceremony were the John B. Fords, Mr. and Mrs. Hal H. Smith, Jr., Mr. and Mrs. Hugh Chalmers, the Andrew Barrs, Mr. and Mrs. John Garlinghouse, the William Hoys, the Arthur Buhls, Mr. and Mrs. Bruce Chalmers, Mrs. Richard Weber, the Joseph L. Hudsons, the William Tosts and Mr. and Mrs. Ross Wilkins.

CALVIN J. GAUSS, III, son of MR. and MRS. CALVIN J. GAUSS, of Bishop road, has been named to Denison University's 16th annual Denison List. A junior at Denison, Calvin maintained at least a 3.0 average for the entire 1963-64 academic year in order to qualify for the honor.

The subtle blue-gray of the Lowestoft body is reminiscent of the 18th Century when the best homes in England and America were supplied with dinnerware imported from China. In the early 1800's, to make replacements for these sets, Spode produced this body and engraved in copper hundreds of the patterns from the Chinese. The delicate shading of the blue of this pattern, together with the authentic shapes, carries all of the 18th Century dignity of the original Gloucester is particularly well suited to the Traditional styles.

Public Welfare Is LWV Topic

Questions relating to public welfare programs will be discussed at the Grosse Pointe League of Women Voters' unit meetings this month.

How the objectives set forth in establishing public assistance programs are being met, how welfare programs are supported, who is eligible for public welfare, and how the needy obtain public assistance will be discussed.

The objectives of public welfare which will be examined include:

- 1.—That the national interest requires that all people should have sufficient income to maintain a living standard conducive to health and well-being.
- 2.—That all people should have the opportunity to meet their basic needs for living through their efforts, with the Federal government helping when necessary, to make it possible for them to do so.
- 3.—That for people who are unable to maintain a minimum

standard of health and well-being through their own efforts, the Federal Government should provide grants to the states for public assistance and social services.

4.—That public programs of assistance and social services should be carried out in such a way as to strengthen family life, since the nation's welfare is closely bound up with the social and economic status of its families.

The League this year, in Grosse Pointe and throughout Michigan, is studying public welfare, with emphasis on the relationship between federal, state, and local programs.

In January, League members will vote on certain recommendations pertaining to public welfare programs in the state. The meetings this month are designed to provide background information essential to voting on the recommendations.

The unit meetings are scheduled as follows: Tuesday, November 17, 8 o'clock, at the home of Mrs. Harold Jinks, in Lakepointe avenue; Wednesday, November 18, at 1 o'clock at the home of Mrs. Henry Evjen, in South Brys drive; and Monday, November 23, at 8:30 o'clock, at the home of Mrs. A. C. Fortunski, in Berkshire road.

Mrs. Jack Still is chairman of the Grosse Pointe League's public welfare study committee. Anyone interested in working with the committee may call Mrs. Still at 886-2828.

Especially designed for the Blind Service Center by talented artists, the purchaser will find the variety of choice enables him to express individual taste in either social or business use of these cards.

Two of the cards are of modern design in contemporary studio style, using colors of orange, black and white on a dark green background, single folded to 4 1/4" x 5 1/2". The cover

design of one of the contemporary cards features a Christmas tree, the other has a Madonna and Child.

The two traditional cards present themes in the conventional style and are single-folded to 3 3/4" x 7 1/4". One of them has a cover design of a silhouette view of Detroit's skyline from the waterfront on Christmas eve, with illuminated tree.

STILL NO NEON

Not that neon may not have its place in the general scheme of things, but here at Sea Pines Plantation we are celebrating another neon-free year. Nature and neon don't mix — we concentrate on mixing nature and people.

Our food still comes from the teeming local bays and sounds... Signs only whisper directions. All the colors here are soothing... deep greens of palm and pine and the lush Tifton fairways, pastels of bright sky and frothy surf.

For diversion you still have to depend on such hallowed pastimes as championship golf, spirited saddle horses and fishing for blues and kings. Somehow — night clubs, snow cones and souvenir shops don't fit on this subtropical island paradise.

Folks who have bought our large, wooded homesites are doing wonders for our public relations. They know we stick to our long-range planning which includes conservation of the natural beauty — and excludes honky tonks. The American Society of Landscape Architects thinks the Sea Pines plan is so good they gave us a gold medal!

The cost of building a home at Sea Pines is surprisingly reasonable. But you may have trouble deciding which site is best — along the golf course, overlooking ocean-forest, or overlooking Calibogue Sound and the Intracoastal Waterway.

Come to our oceanfront William Hilton Inn and sample a few days of this no-neon, nature-rich plantation.

Austin Prep Players Prepare 'Teahouse'

Boys Join Forces with Girls from Our Lady Star of the Sea to Cast and Stage Broadway Hit During Thanksgiving Vacation

The Austin Prep Players, in their seventh year of dramatic productions, are in rehearsal for their fall show, "Teahouse of the August Moon."

Production dates are Saturday, November 28, and Sunday, November 29, at 8 o'clock. The staging is at Pierce Junior High in Kercheval avenue, corner of Balfour road.

Since the production is scheduled during Thanksgiving vaca-

Stephens Grads Hold Meeting

Mrs. William Stetson, president of the Lakeshore Stephens Alumnae Club, presented highlights of her recent trip to the Stephens College campus, Columbia, Mo., at the club's meeting on Tuesday, November 10, at 8 o'clock, in Mrs. Gerald Haney's Westchester road home. Mrs. Victor Baculis was the co-hostess.

Officers for the 1964-65 meeting year include Mrs. Jack Wheeler, vice president; Mrs. Louis Cerre, secretary; and Marilyn Schwartz, treasurer.

tion time for the colleges, the Players' alumni and alumnae will be honored at the Saturday evening performance.

There are 250 students who have participated in the Austin shows and have now graduated from high school. These young men and women will have a coffee hour backstage after the performance.

"Teahouse of the August Moon" is a well known Broadway production as well as a successful movie. The plot concerns the occupation of Okinawa after World War II by American troops.

Under the awkward hand of Captain Fisby, the city of Tobiki is to be taught the American democratic way of life. However, the charm of the villagers wins out in their struggle to retain the traditions of the past.

Once again Austin shares the stage and casting with Our Lady Star of the Sea High School. This year about 150 men of Austin tried out for roles, and 76 women read from Star of the Sea.

Filling the male roles are Dave Toelle, Steve Poissant, Joe Prinzi, Tom Ryan and 27 others. Among the 17 female roles cast are Shirley Hanna and Sue Palombit.

One of the advantages of mixed casts from two schools is that the labors of set construction, ticket sales, make-up and costumes are shared by both groups.

Director of the Austin Players is Thomas Bailey. Production designer is Patrick Chester. The director has planned the annual musical production for spring.

Schedule Three Tuxis Tryouts

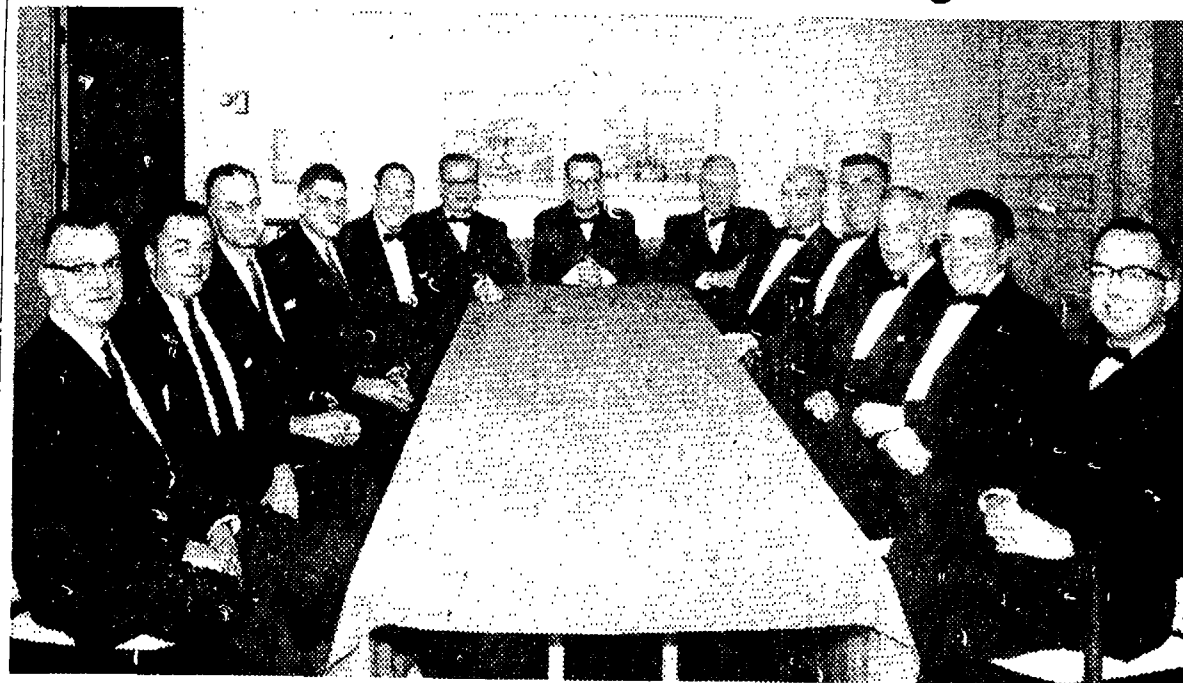

Tuxis Show tryouts are scheduled November 20, 21 and 22, at Fellowship Hall, Grosse Pointe Memorial Church.

The Friday, November 20, tryout is slated to begin at 7:30 o'clock in the evening. Saturday morning tryout time is 9 o'clock. The final tryout will be Sunday afternoon, at 2 o'clock.

The show itself is scheduled for February 25, 26 and 27, at 8 o'clock, in Parcels Auditorium.

All proceeds from Tuxis Shows are donated to charity.

GPYC Leaders For The Coming Year

New officers at Grosse Pointe Yacht Club who were elected November 4 at the Club's 35th annual meeting are (left to right): JAMES A. ZINN, J. ALFRED GROW, JR., RALPH J. KLIBER, JAMES O. GAGNE, Secretary JOHN F. DeHAYES, Vice Commodore JOHN W.

Inside The Mothers' Club

Nineteen members of the Mothers' Club board of the Grosse Pointe High School gathered in Room 238 on November 2. In one and one-half hours the board cut through an agenda of curriculum, committees, Christmas Tea and coming events.

The school was not in session as it was Curriculum Planning Day, and Mrs. Robert Clarke who called the meeting to order asked Jerry Gerich to tell the board about this special day.

Jerry Gerich, Faculty Advisor, outlined a series of meetings being held by teachers in and around the Grosse Pointe area for curriculum study. Mr. Gerich pointed out that ever-changing curriculum courses and the attempts of the teaching staffs to keep up-to-date the high school programs.

Mrs. Thomas Petty, Play Tickets chairman, announced "Arsenic and Old Lace" is being produced on November 19, 20, 21 at the high school. Proceeds from the sale of tickets to parents goes into the scholarship fund. There are at least 30 women making phone calls to sell tickets.

Mrs. William Pankhurst, chairman of the Christmas Tea, has plans well underway for this major event of the season on December 1. This event is open to all in the community.

Back-to-School Night letters and enclosures mailed to parents recently were the work of Mrs. Charles Zentgraf and her mailing crew. These ladies were: Mesdames Connor, Steele, Sherman, Teague, Ladendorf, Thom, Bamberger, Grenke, Steiner and Cumberworth.

Mrs. Raymond Mellinger reported on the success of the 10th Grade Party and received thanks for a well-handled job. The Halloween chairman, Mrs. R. Lester Spitzley, submitted a report on this activity, expressing satisfaction with the success of the affair. Her committee helpers were Mesdames Peggy Danforth and Delores Fralick.

Mrs. C. A. Nolte received the consent of the Mothers' Club Board to purchase plates and cups for the Wicking Library.

Four hundred and fifty parents were served refreshments after the discussion period at the 10th Grade Parents night,

reported Mrs. Richard C. Mertz. The mothers helping that evening were: Mesdames Ashton, Quinlan, Chase, Schonenberg, Martin, Vance, Killebrew, Goodheart, Unti, Riddle, Marshall and Gajewski.

The Bus Chaperones chairman, Mrs. Robert Brines, arranged for four buses to each of the October "away" football games. This brings a total of 17 buses for four away games in the season, carrying 850 Blue Devil fans and cheer leaders, without a single unpleasant incident. Chaperones for the October games were: Mr. and Mrs. Robert O. Brines, Charles A. Scott, Graham Dick, Jr., William C. Hahn, M. S. Duletsky, Helmut Gronbach and Robert Ungewitter.

Mrs. Robert Christian rendered a comprehensive survey of the Board of Education's regular October meeting. Enrollment at the high school is up 123 students. Fourteen National Merit semifinalists representing Grosse Pointe High School were commended, also 21 seniors in the qualifying test.

Saint Clair Shores Jr. Chamber of Commerce and the Saint Clair Shores Symphony will hold an Art Exhibit and Sale in the ballroom of the Shores Recreation Center, Monday and Tuesday, November 16 and 17, from 6 to 10 p.m.

The proceeds will be distributed to the Symphony and the proposed Youth and Community Center Project.

The paintings are imported from Europe and represent impressionist, abstracts, moderns and realists. They will range in price from \$20 to \$200.

"This is our second show in the Shores and far outshines the success of last year, and we certainly welcome the Symphony in this joint fund raising project," said Dick Lotz, chairman of the Youth and Community Center.

"There will be 300 paintings on exhibit and all are framed for the convenience of the viewer," Jay Kain, chairman of the show, stated.

Mum Society Has Big Show

Huge, beautiful blooms of gorgeous chrysanthemums graced the lobby of the Statler-Hilton Hotel in downtown Detroit at the 4th Annual Flower Show of the Detroit Chrysanthemum Society on October 17 and 18.

The theme of the show was "Autumn into Winter," which was very artfully depicted in the Artistic Division of arrangements.

Judging in this division were Mrs. Elmore Frank, Mrs. Bernard Murray and Mrs. Wilson McClellan. Interesting and cleverly executed flower arrangements were entered by skillful arrangers, and drew much admiration from appreciative viewers.

Competition was keen in this division for the newly presented Paul E. Machuga Sweepstakes Award, presented in honor of Mrs. Machuga for having won the highest scores and most blue ribbons in each of the Society's past three shows.

This award was claimed by Mrs. Fred Gasko of East Detroit, with a very fine interpretation of "Thanksgiving." Mrs. Gasko also won the Huger Trophy for the highest score on an arrangement. Others winning blue ribbons were Mrs. Mack Norwood, Mrs. O. K. Duncan, and Mrs. Nevin Christman.

Judging in the Horticulture Division of prize specimens were Elmore W. Frank, Leland Gilmour, Irvin Johnson, E. J. Boell and Roy French.

Heading the list of winners in this division was Charles Mishakis of Detroit, who claimed 25 blue ribbons to win the Sweepstakes Trophy. He also won the Marcus Baker Memorial trophy for three exquisite blooms of "Silver Sheen," plus the Elizabeth Hicks Memorial Trophy for the best Garden Variety.

Richard M. Kress of St. Clair Shores, again won the Queen of Show Trophy for the highest scoring single entry, "Yellow Knight." The second highest scoring entry was "September Song," entered by Miss Ella Bade of Detroit, which won the King of Show Trophy. Other blue ribbon winners in this division were Paul E. Machuga, Mrs. Fred Gasko, Henry C. Simons, Mr. and Mrs. John Redinger, Mrs. O. K. Duncan, and Mr. and Mrs. Roy Scheve of Wisconsin. Other ribbons went to Harry C. Simons, Oscar Tech, Louis Merlo and Ludien Welles.

President Harry C. Simons, general chairman of the show, was assisted by Don Huey and Oscar in the Horticulture Division and Mrs. O. K. Duncan in the Artistic Division. Mrs. Harry C. Simons was chairman of awards, which were presented at a gala evening dinner in the Trophy Room of the hotel.

Attending the dinner were Vincent dePetris, widely known chrysanthemum hybridizer, and Miss June Hicks, Garden Editor of the Detroit News, both members of the Society, who were presented with Honorary Life Memberships in the Detroit Chrysanthemum Society, a chapter of the National Chrysanthemum Society, in recognition and appreciation of their interest in Horticulture, especially in the cultivation and improvement of the standard of excellence of the chrysanthemum.

Many prominent guests attended the highlight dinner affair, including Mrs. George Huger, first president of the Detroit Chapter, Mr. and Mrs. William Favinger, president of the Michigan Horticultural Society, Leland J. Gilmour, horticulture consultant at the Detroit Garden Center, Elmore W. Blue Devil Gridders Drop Final Tilt to Lincoln Park

By Ric Hendee

Short, quick passes crossed-up the Blue Devil gridders' defense as Lincoln Park sneaked past Grosse Pointe, 7-0, in their final game last Saturday. The loss gives the Devils a 5-2-1 season record which compares favorably to their 1-6 finish of last year.

Lincoln Park added the game to a long string of victories which gives them a 7-1 total record.

The big moments of the afternoon came early in the fourth quarter when the Rail-splitters put together twin tosses for the only points of the day. Until then both teams were playing fairly tight ball. Lincoln Park taking advantage of an alert offensive line and precise passing for most of their yardage; and the Devils excelling in their defense, which destroyed several Rail-splitter threats.

In the first quarter the Devil offense seemed over-powered by crushing opponents. But they did push forward on the ground for several first-downs. The Lincoln Park boys, on the other hand, discovered the strength of Grosse Pointe's defensive line and decided to go by air. And with Grosse Pointe crawling along on the ground, and Lincoln Park hopping through the sky, the teams offset each other and no one actually got anywhere.

Drops Sure Score
About five minutes into the 2nd quarter, the L.P. quarterback sighted his left-end in clear territory and released a long bomb with touchdown written all over it. The end momentarily held the ball, then it bloomed from his fingers.

The Devils took possession of the pigskin for a short while and then, on an interception, Lincoln Park had first and 10. Their time was short too as John Reynolds brought back G.P. possession with another interception. On Reynolds' run-back, a seemingly beautiful block thrown by Roger Bohn turned into a clipping penalty.

Then, 15 yards back, Loy Curl unleashed a long shot to Ron Crampton who was stationed well in enemy territory. The pass was complete... with a flag. Curl's next pass was intercepted, but also with a flag and Grosse Pointe held the ball. Reynolds ran for ground

yardage behind a good block on a hand-off from Curl.

Lincoln Park's defense finally woke up and broke through to down Curl and thus end the Devil attack. The Rail-splitters took over and completed another pass which was, once again, awarded a penalty. Then they went for big yardage with a long throw... this time complete. And there were 35 seconds left in the half. Lincoln Park plastered another TD pass downfield into the Grosse Pointe end-zone but Mike Vandeginste and Reynolds were there to break things up.

Long Passes Thwarted
Lincoln Park kept trying the long ones, though, as time ran out. Another big chug was knocked away by Vandeginste; the next by Doug York '65 and Green. Then the Devils took over with about four seconds left in the 1st half and found time for only one play.

After a slow and actionless third quarter, the final 12 minutes brought new life to both squads. Lincoln Park began unraveling more quick passes and Grosse Pointe kept pushing it back on the ground. At 7:40 the Rail-splitters finally squeezed through. A complete pass brought the points and Grosse Pointe took over, 7 points behind.

The Devil men slowly marched forward on the ground. Small plays... the hand-offs to Green and Reynolds were going through for 3 to 5 yard gains. Curl tried another pass, this time complete to Jim Batte. And once again Grosse Pointe looked the stronger team as they scratched up first-down after first down.

But then, suddenly as in the 2nd quarter, Lincoln Park woke up. They held back the Devils on the next two plays and, on the third, the Rail-splitters charged in to down Curl for a loss. And with that the Blue Devil's final threat ended and, only minutes later, so did the '65 season.

Schmidt Speaker At Lakers' Bust

Varsity letters were awarded to 25 St. Paul High School Varsity football players at the annual football bust, held in the new St. Paul High Cafeteria Wednesday evening, November 4, with more than 100 parents, school patrons and guests in attendance.

Capt. Joe Schmidt of the Detroit Lions addressed the gridders, recalling incidents from his own college and professional career, and conducting an informal "open forum" discussion on the current football season at the conclusion of his formal remarks.

Danny Wright, quarterback, and Paul Thoen, tackle, were elected co-captains to lead the Lakers in their Class A Division Catholic League Championship season next year.

The banquet, presented and sponsored by the St. Paul Athletic Association, was arranged under the general chairmanship of Edward P. Letscher.

Athletic Director Ed Lauer presented varsity letters to Chris Terry, Gary Piche, Rick

Jablonski, Danny Wright, Pete Hoffman, Tom Miller, Jim Bezy, Capt. Dave Letscher, Rick Fromm, Bill Gough, Jim Kotz, Mike Bellard, Capt. Guy Piche, Jack O'Leary, Marv Reili, Paul Kerby, Rick Stevens, Paul Thoen, Dennis Barry, George Wilson, Jim Snyder, Mark Smolenski, Dan Sutherland, Vince Famularo, and Tom Handlos.

Service stripes were awarded to Dennis Babel, Rick Niensstedt and Paul Truba. Student manager awards were presented to Mike Carly and Charles Wilson.

Varsity Coaches Martin Thomas and William Schade made a special presentation of inscribed gold footballs to each squad member, assisted by reserve coach Tom Bentley. A football autographed by Joe Schmidt was awarded to Dennis Barry in a prize drawing. Dave Letscher made a special presentation to Dr. Larry Farnam, team physician.

Color movies of the 1964 season were presented to close the testimonial dinner.

St. Paul's Cage Team at Work

St. Paul school, defending State Class "C" Champions in basketball, will open practice this week and begin another season of tough competition.

Coach Ed Lauer has his work cut out for him, as the heart of last year's team has graduated into the college ranks. Jim Bigham is now attending Notre Dame; Bob Martin, Loyola of New Orleans; Ken Smolorek, Michigan Tech.; and Mike Barry, St. Florian, on November 27.

St. Bernard's in Alabama. Because of this great loss of talent, Coach Lauer is carefully looking over the J.V.'s and last year's second string varsity in hopes of attaining another winning team.

The first two weeks of practice will be spent in conditioning which means much running and many calisthenics for the players. The Laker squad will open the season at home against St. Florian, on November 27.

Spartans Close Football Season

By JIM LYNCH

The Woods' Spartans closed out the football season last Saturday against the Hazel Park teams before the largest crowd of the season. It was Homecoming Day for the Spartans and many former players were present to help celebrate.

The Hazel Park Varsity, displaying a strong single wing attack, took the Spartans' measure with a 26-7 win. The Spartans scored their only touchdown in the fourth period when Allen Tunis scampered 50 yards for the touchdown. The extra point was added by Tom Gates.

The Junior Varsity dropped a 19-0 decision to Hazel Park, in a game which featured strong defensive play by both teams. Two of the Hazel Park touchdowns came as a result of pass interceptions.

In the most exciting game of the season, the Woods' Pony team came from behind to tie Hazel Park 6-6 in the last 15 seconds of play. These two teams fought each other to a standstill for three quarters, and then in the 4th period, a Hazel Park defensive player stole the football from a Spartan back and ran 60 yards for the score.

Things looked pretty bleak for the Spartans at this point with time running out. Then, with only 15 seconds remaining, Johnny Mindelli took a pass in the left flat and pushed the entire Hazel Park team, going 50 yards to score the tying touchdown. The extra point attempt failed and the final score was 6-6.

Much of the credit for this game must go to Randy Blomquist, who filled in as quarterback for the injured Ernie Ney. Randy, with only two days practice at this position, played like a veteran and sparked his team's efforts.

Weaver's Guild To See Pictures About Design

The Michigan Weaver's Guild will meet Thursday, November 19 at the Women's City Club auditorium at one o'clock.

A series of slides entitled "Design Your Weaving" will be shown. The program will also include a discussion on different points in weaving.

Beginning weavers from the 1964 workshop are invited and members may bring guests.

'Dr. Kildare' to Give Talk To Help Crippled Children

Richard Chamberlain, idol of America's young people and "favorite doctor" to tens of millions of Americans in his role as "Dr. Kildare," will champion the cause of crippled children in real life Sunday, November 15, in Detroit at the first national Careers in Rehabilitation Conference.

The handsome young star will address 3,000 high school and college students in a trail-blazing giant conference-demonstration that will initiate a nationwide series of similar events designed to interest young people in entering the rehabilitation professions and relieve critical shortages.

The conference, highlight of the national convention of the National Society for Crippled Children and Adults, will be held in Cobo Hall in Detroit's Civic Center. Some 1,500 professional persons including doctors, nurses, dentists, physical and occupational therapists, speech pathologists, audiologists and others will also be present to hold personal conferences with the students.

"Dick Chamberlain's personal interest in this important cause and his identification in the public's mind as the dedicated young doctor is the greatest impetus the cause of rehabilitation of the crippled could have. Young people seeing his deep sincerity and exposed to his outstanding personableness, are bound to be influenced to consider seriously the opportunities for careers in the professional fields and for service to humanity."

"It is a tremendous privilege to have 'Dr. Kildare' speak."

Library Offers Kennedy Movie

The Grosse Pointe Public Library is featuring a film of special interest this month. It is one of tribute to the late President Kennedy, and will be shown within a few days of the first anniversary of his death.

The film is entitled: "One Thousand Days: A Tribute to John F. Kennedy," and follows President Kennedy through his daily activities, his foreign trips, his family life and other events in his life as Chief Executive. It was produced as a memorial to the late President, and all who attend should find it a truly great experience.

The feature is 45 minutes in length and will be shown at 7:30 p.m., on Wednesday, November 18, in the Meeting Room of the Central Library, 10 Kercheval.

Your support of this new service, "Films of Special Interest" will be appreciated.

heading our nation-wide effort to arouse interest in this rapidly expanding and vital field," said the Hon. Joe Foss, of New York, Medal of Honor holder and trustee and former president of National Society for Crippled Children and Adults.

The conference at which Chamberlain will be the stellar attraction is sponsored jointly by the National Society, the National Health Council, the Federal Vocational Rehabilitation Administration and thirty other professional and voluntary agencies.

A modest and likeable young man both on and off the screen, Chamberlain is now in his fourth year as the star of the award-winning "Dr. Kildare" series. He also starred in a recent Metro-Goldwyn-Mayer motion picture, "Joy in the Morning," based on the Betty Smith novel.

In accepting the invitation to address the youth careers conference, Chamberlain said that playing the role of "Dr. Kildare" so often, and "living the life" has given him a "special feeling" for handicapped people.

"If my appearance at the conference will help even a little to interest youngsters in making a career of helping crippled children and adults, then I am grateful for the opportunity," he said.

Landscaping Awards Made

The Grosse Pointe and Eastern Michigan Horticultural Society held their 48th anniversary banquet Saturday, November 7 at the V.F.W. Hall in St. Paul avenue.

Among the awards presented by the organizations at the banquet was first place to the National Bank of Detroit, at Jefferson and Rivard, for the best landscaped and maintained business grounds in the class A division. Albert J. DeRiemacker received the award in behalf of the bank.

In class B, first place went to the Grosse Pointe Branch of the Automobile Club of Michigan on East Jefferson. Mrs. Paul Robinson represented the Automobile Club at the ceremonies.

The Verheyden Funeral Home has been awarded first place in class A for the past ten years but this year it was not in competition. Charles Verheyden was present at the banquet and received an honorable mention certificate for his continued excellence in landscaping and maintenance.

Roy Berry was named the outstanding member for the year 1964.

Summer Travel Records Broken

Approximately 3.5 million Michigan residents set a new summer travel record in 1964 by taking four per cent more automobile trips than a year ago, according to Automobile Club of Michigan.

"At the same time, state residents took fewer trips in Michigan than during last June,

July and August," says Jerry E. Fisher, Auto Club's touring manager, "but motorists from other states visiting here have more than equalized this loss."

Automotive travel by Michigan residents in the Lower Peninsula is down 17 percent and down six percent in Upper Michigan, Auto Club states.

Yet, an unprecedented \$5 million total summer tourists spent about \$610 million in this state last summer, surpassing 1963's total number of summer tourists, and the amount of money they spent by 12 percent.

"We have entered the inter-

state tourists exchange era because of freeways," says Fisher, "and so far this exchange has helped to touch off the recent boom in Michigan's summer vacation industry."

"Freeways alone are not responsible for the inter-state travel increases," he adds. "Our prosperity is also showing, because more people are finding it economically possible to take longer automobile trips than ever before."

For instance, Auto Club estimates that 76,000 more persons from Michigan toured Northeastern United States this summer than last — including the New York World's Fair — a jump of about 18 percent. This shows the greatest numerical increase by state motorists to any section of the nation for summer travel.

The greatest percentage increase by Michigan motorists was due to Mexico, up 21 percent or 1,000 persons, over the summer of 1963.

George Measel, manager of Auto Club's Grosse Pointe Division, reports that approximately 111,000 residents in his area, based upon Auto Club travel records, have taken auto trips during June, July and August. This is about 1,862 more persons than last summer.

"Grosse Pointe-area residents have taken two percent fewer trips out of state than last summer," said Measel, "and have taken about two percent fewer trips into the Upper Peninsula and 16 percent fewer trips into the Lower Peninsula, as compared with the summer of 1963."

Airlines Lists Contest Winners

Students and teachers at Parcels and Pierce Junior High Schools were among the winners in a haiku contest sponsored last June by Japan Airlines and WDTM and WDTM-FM.

Winning awards at Parcels were Diane Laquere, haiku for the day; Karen Kuish, finalist, and Mr. Roger McCraig, haiku for the day, adult competition. At Pierce, Mr. Charles Jorgensen won second prize in the Detroit area in his category.

More than 10,000 entries were received from the Detroit area in the contest which was conducted throughout the country.

Jeffries X-way Plans Announced

State Highway Commissioner John C. Mackie announced October 28 that agreement has been reached on the general location of the \$215 million Jeffries Freeway in Detroit.

Mackie, speaking at dedication ceremonies marking completion of Michigan's 1,200th mile of freeway, said construction will start within three years and the 26-mile superhighway will be completed by late 1971.

The Jeffries Freeway (I-96) will extend from the Ambassador Bridge to existing I-96 at I-696 near Novi.

Mackie said the 1.5-mile section of the Lodge freeway opened October 29 is one of the "most significant" freeway completions in the Detroit area in the last five years.

"We now have all-freeway connections complete and open to traffic from downtown Detroit to Lansing, Grand Rapids and Muskegon on the west, and to Flint, Saginaw, Bay City, the Mackinac Bridge and Sault Ste. Marie on the north," he said.

Mackie recalled that seven years ago—on November 7 of 1957—the dedication of another 1.5-mile section of the Lodge Freeway was used to announce the State Highway Department's 10-year freeway program for the Detroit Metropolitan Area.

"In the seven years since that announcement, freeway mileage in the Detroit Metropolitan Area has increased from 80 miles to 342, with an additional 49 miles currently under construction," Mackie said.

"By 1972, we will have a freeway network consisting of 503 miles of limited access highway open to traffic in the Detroit area."

Mackie said the general location and design of the Jeffries Freeway was approved at a meeting of members of the Administrative Committee of the Tri-Party Agreement. Members of the Committee include Mackie, Detroit Mayor Jerome Cavanagh, Managing Director James Davey of the Wayne County Road Commission and Deputy State Highway Commissioner Howard Hill.

"The morning of October 29 we sent to the Detroit Common Council a request that it approve the necessary changes in the Tri-Party Agreement, and that it schedule a time for an informal discussion of the Jeffries project," Mackie said.

"That afternoon, representatives of our Route Location Division met with representatives of the Cities of Livonia and Novi, and Farmington and Redford Townships to discuss the section of the Jeffries Freeway within their communities."

"The Jeffries Freeway will provide service to a major traffic corridor which is among the fastest growing in the entire Detroit Metropolitan Area. It will cost nearly \$215 million, and truly represents an investment in the future."

New Mail Box Put Under Test

What may be tomorrow's mail box was unveiled in Detroit at the General Post Office, 1401 W. Fort Street, on October 28.

Present were Neil Staebler, Congressman at large, Jerome P. Cavanagh, Mayor, City of Detroit, Edward M. Kriz, Bureau of Operations, Post Office Department, Buford L. Knowles Jr., Bureau of Operations, Post Office Department, and members of the Mail User Council-Sub-committee on Parcel Post.

The committee attended a breakfast to discuss improved postal techniques of handling parcel post and participated in the unveiling of the experimental mail box.

The modern mail box is constructed from stainless steel. It is shorter, yet bigger overall and better protected against rain and vandalism than the present red, white and blue boxes.

Because stainless steel can withstand weather with virtually no effect, the boxes are expected to be considerably cheaper to maintain than the present models which require an average of five dollars per year in upkeep, Postmaster Edward L. Baker said.

Mail pickup schedules will be easier to read on the new model.

Canteen Conversation

By RICK MILLS

Conformity plays a large part in the lives of many people. Teenagers more than others, seem to have the distinction of being called conformists. We are said to wear the same clothes, listen to the same music, do the same type of things, wear our hair the same way, etc.

Do teenagers really conform? What about adults? Conform? To act in accord or harmony, comply, to become similar in form or character. Conformity: this is the subject discussed here by Grosse Pointe teenagers. These are their ideas.

Do teens today have to conform to be popular?

Judy Via: "You can always tell the so-called popular kids around school. They always start the new trends. The results of this depends on you and to what extent you carry your conformity either way. You do, however, have to go along with others somewhat to be popular. This should not be true, but it almost always is."

Jim Marquardt: "Yes, generally you do have to conform to be a member of a crowd. If you don't conform to one crowd, you will find other people with your own ideas and conform to these."

Peggy Smothers: "It depends on the group you want to be a part of. Some think conformity is important, others don't."

Gail Thomas: "Conformity seemed to be more prominent in junior high than in high school. At the high school level you have more opportunity to be an individual."

Should you conform at a party if all the others there are drinking and/or smoking? What are the risks involved?

Judy: "If the kids really like you, they will respect you for your own beliefs. You shouldn't drink or smoke just to go along with the others. I don't think there is any risk in doing what you believe is right."

Jim: "No, don't join in just to conform. Do your own thing, use your own judgment and decide for yourself. If the crowd doesn't like what you do, then you should drop those friends and find ones that feel the way you do."

Peggy: "No, you have to live with yourself and what you do. If you think it is wrong, don't do it. You may lose a few friends but they really are not worth having anyway."

Gail: "Don't go along with the others. Think for yourself!"

Do teens really like popular music or do they just conform with the ones who do?

Judy: "The majority of teens who seem to like it really do. If they don't like a record they say so. Teens are not afraid to say what they really feel about pop music."

Jim: "Teens use their individual taste and say what they really feel."

Peggy: "Many teens just go along with what their friends like. They are expected to like the music so they say they do."

Gail: "I think teens really like what they listen to and they are not afraid to say so."

Can conformity do any good or any harm?

Judy: "It could be bad for your mental attitude, always going along with others. In high school you need to conform to stay with the group. When you're mature, you are more of an individual."

Jim: "If you conform with the wrong type of people, it can be harmful."

Peggy: "Conformity makes people stop thinking for themselves. This can be harmful. If you are always different and argumentative, you can't keep many friends."

Gail: "Your personality doesn't have a chance to develop if you always conform. However, conforming to laws and principles is necessary and helpful in today's society."

Conformity can be good, or bad. It can lead to social order and understanding or, it can lead to a race of non-thinking, non-questioning human beings. The individual choice is ours, and the result of this choice is also ours.

Peace Lutheran Church

To Have Xmas Bazaar

The Women's Guild of Peace Lutheran Church, East Warren Avenue at Balfour road, has scheduled a Christmas Bazaar next Wednesday, November 18, from 10 until 5 o'clock, at the Church.

Booths will feature delicious homemade baked goods, cone decorations, children's clothes, doll clothes, fancy aprons and many more gifts for everyone on a shopper's Christmas list. Lunch is scheduled from 11 until 2 o'clock, and free baby sitting service is available.

THIEF TAKES WALLET

Farms police received a report from Charles P. Russell of 925 Nottingham, on Tuesday, November 3, in which he stated that someone broke into his locker at the Grosse Pointe High School and stole his black leather wallet, containing \$10 cash, his driver's license and personal papers.

To Hold Dance At Teen Center

The Neighborhood Club Teen Center will be the place to dance Saturday night, November 14, from 8 to 11 o'clock. All high school students, (10 through 12th grades) are invited to join the fun and get in the swing with the outstanding rhythms presented by "The Misfits."

Abandoned Car Problem Eased

Abandoned vehicles... long a major headache to Michigan's law enforcement officials... have now become much easier to handle, thanks to a pair of new laws and cooperation from the Michigan's Secretary of State's office.

According to Secretary of State James M. Hare, enforcement agencies previously had to pick up abandoned vehicles, send out registered notices to owners, and conduct public sales. The police also had to arrange getting cars towed in for storage.

The new procedures have the Department of State doing much of the bookwork. Police officials now have to publish only one public notice if the vehicle is not registered and may tow a vehicle off private property after 48 hours if permission to leave the vehicle there has been revoked by the owner. The police may also turn an abandoned vehicle over to a garagekeeper to be disposed of if it is appraised at less than \$100.

Hare noted that about 5,000 abandoned vehicles are reported every year, but he expected the total to increase with the new, easier procedures. Usually the abandoned vehicles are "old cars, worth little except for scrap." Once in a while, Hare said, newer cars are found and they are usually "gone over with a fine tooth comb" by police officials to see if they are stolen or may have been used in committing a crime.

League To See Camp Movies

The Michigan League for Crippled Children will hold its November Board Meeting at 11 o'clock tomorrow, at the Grosse Pointe War Memorial.

Following the meeting, the League will have its Club Representatives and Past Presidents' Tea in the Fries Auditorium. Mrs. Charles Hersch, president, will introduce James Tatlock, who will narrate movies taken at the League's Grace Bentley Camp for orthopedic and cardiac children. The club representatives will be able to report to their group the work which is performed by the League through their generosity. Mr. Tatlock, Camp Director, will be pleased to answer all questions relative to Camp Bentley, as will the Officers and Board Members.

Tea will be served in the Library. Mrs. E. J. Bitters at TU, 2-6145 and Mrs. Arnold Eddy at WE 3-4486 will be pleased to accept reservations.

To Impersonate Justice Holmes

William Paterson, in his one-man show, "A Profile of Holmes," will appear at Detroit Town Hall just 10 days after his Broadway debut.

His dramatic impersonation of the great Supreme Court Justice Oliver Wendell Holmes Jr. is a flawless compilation of material from Holmes' speeches, letters and diaries. It is liberally sprinkled with wit for the great judge held the reins in the field of anecdote and repartee for most of his 94 years.

Twenty-five years of professional theater background have gone into Paterson's portrayal. He is currently taking a leave of absence from the Cleveland Playhouse where he is a director.

The program will be at 11 a.m. in Fisher Theater, November 18. Student tickets as well as regular seats are available through the Town Hall office in the Fisher Building. The celebrity luncheon following the performance will be at the Rathskeller.

Goodfellow Grid Game Date Set

Detroit's best high school football teams will play on Thursday night instead of their usual Friday date this year.

Because of a conflict with a National Football League rule which forbids a game being played on an NFL gridiron 48 hours before a home contest, the 27th annual Old Newsboys' Championship Goodfellow game between the Public and Catholic leagues has been moved back a day from November 20 to Thursday, November 19, in Tiger Stadium.

The time of the game also has been changed from 8 o'clock to 7:30. "The earlier time was set because Friday is a school day," explained game chairman J. A. Capizzi.

"Heads of both leagues have approved the changes," Capizzi added.

Teams in the city title game will be determined by the Catholic League's Soup Bowl game in U. of D.'s Titan Stadium, Saturday, November 7, and the Public School League's championship game, also in Titan Stadium, Friday, November 13.

Tickets for the Goodfellow game may be obtained at any Detroit police station or by calling WO 5-4200, extension 7355.

Proceeds of the game help the Old Newsboys live up to their slogan: "No Kiddie Without a Christmas."

Denby defeated Cooley for the Public School League title last year, beating Notre Dame in Tiger Stadium.

Time to Mail To Servicemen

Postmaster Edward L. Baker, announced today that the period between November 1 and November 20 has been designated for the mailing of Christmas gift parcels, cards and letters, via sea transportation, to members of our "Armed Forces" overseas.

The Postmaster advises that anyone intending to send a gift parcel to Military Personnel overseas, should check at the post office for information relative to contents permissible, size and weight restrictions and Custom Declarations required for certain APO's and FPO's.

All boxes should be completely filled, contents tightly packed and well cushioned. A slip listing contents of the parcel and a complete address should be enclosed.

You can assure your friend and loved one's a Merry Christmas if you follow the Postmaster's overseas Christmas mail suggestions.

This is the number of agency representatives who would have to ring your doorbell and ask for your help this year...

if the United Foundation didn't

Or, to put it another way, there are more than enough UF agencies so that you could have one at the front door of your home or office *every other day, all year long*. That's why the United Foundation was started in the first place. Not by the charitable organizations themselves, but by people like you, who wanted, first, to make sure the organizations they contributed to were legitimately and efficiently solving our health and community problems. And second, to put an end to the ceaseless series of doorbell-ringing

fund-raising campaigns that demanded so much time of so many people.

So this year when a Torch Drive volunteer asks for your personal contribution, remember that what you give will be divided among 204 splendid agencies. And keep in mind that, for all the different people with all the different problems your dollars will be helping, you only have to give just once—for all.

That should be worth something, too.

45 S. DUVAL.
THIS ONE SHOULD head your list if you must have four bedrooms and desire the quiet of a limited access circle street. If you want prime location and a newer house with kitchen with all the trimmings; if your family must have that additional room on the first floor, besides the living room and separate dining room; if you demand four bedrooms and a finished basement, and would like the convenience of an attached garage; if you want to move right in your next house which comes complete with good carpeting and draperies throughout . . . better see this one which will be open 2:30-5, Sunday . . . if you like the low tag of \$49,000.

NONE OTHER LIKE it in the Farms. Check these features: Two full baths, four bedrooms, divided basement, two car garage. Now check your pocketbook. Chances are you can afford all this house, because it's priced in the mid thirties . . . and on Handy Place.

JUST OFF Windmill Pointe Drive on Middlesex, is the location for this attractive English house. The kitchen has been completely redone, which will please mother. Five family bedrooms serviced by two and a half baths.

PAMPED OVER by its particular owner, and looks every inch a prima donna. This contemporary is in the Deeplands area. Could be that this is that small house with the large rooms you've been seeking? All three bedrooms have their own bath and there is a cozy den which also opens onto a secluded patio.

ANOTHER English house with the perfect layout for a growing family, is offered on 1027 Bishop Road. Six bedrooms, with almost as many baths on the second floor. Generous proportioned rooms throughout, yet not overwhelming to maintain. Priced in the low forties.

who, where and whatnot

by wboozit

Our own preview . . . of the exquisite decoupage wares on sale today at Christ Church Fair, took place one morning last week, in Mrs. Lawrence Gotfredson, Jr.'s Grosse Pointe boulevard basement, where the last of the hand-decorated, hand-rubbed (and hand-rubbed, AND hand-rubbed) files, frames and tables were "drying out." We fell in love with a child's chair—antique ivory, blue needlepoint seat, Bearix Potter animals perching politely on the frame. We thought the telephone boxes were a fabulous idea, and mentally accented our library with twin lamps, bases wrapped in warm, old wildlife prints. We lifted the lid of an antique mailbox and found a bird singing silently inside; we touched a table top and felt its heavy gloss, achieved by applying and polishing coat after coat of varnish. Eventually, we tore ourselves away and went upstairs, where Mrs. Gotfredson's "Morning Group" (the decoupage) were resting before departure, and the "Afternoon Group" (scheduled to address invitations for the Junior League of Detroit, Inc.'s 50th Anniversary Ball) had just begun to arrive.

A Halloween "ghost" . . . we won't forget for a while is the James E. Gibsons' young son, who added an up-to-the-minute 20th century twist to the age-old October spooking night: While out trick-or-treating, he kept in touch with his family, at home in Lincoln road, via Walkie-Talkie!

We are pleased to print without comment . . . (it speaks for itself) "Why Grandfathers Are So Nice," a tribute to her grandfather on his 78th birthday, written by 13-year-old Mollie Maynard, of Bedford road: "Grandfathers remind me of old oak trees that have strong, heavy trunks and green, healthy leaves. They make me think of a rocking chair and a pipe, of an old, soft sofa with a stool beside its strong, wooden legs. They remind me of worn books with yellowed pages but with the words of each withered page as meaningful and dear as they had been many years before. My grandfather is so nice because he is quiet and reserved, but still humorous and fun. He is understanding and very, very sweet. Most of all, compared to any other grandfather in the United States, I bet you that mine is the best and the greatest!"

A startling statistic . . . volunteered by Mrs. Donald Blomquist, of Canterbury road, to her tablemates at last Thursday's luncheon-fashion show benefitting the Northeastern Wayne County Child Guidance Clinic: Since last December, the Clinic has been publicized in SEVENTY-TWO separate newspaper articles (we suppose this makes 73). Mrs. Blomquist hastens to add that, despite this extensive exposure, the Clinic still needs funds and more funds . . .

Something new . . . in the way of pre-wedding parties (actually, it is something old, but new to this century), was the New England "Homing Bee" honoring Rosemary Reedy and her fiancé Robert Brinkman. The invitation, an authentic early American "Notice," bid "select men and their ladies" to the Detroit Golf Club Halloween night. "There will be Refreshments at Six o'clock, a Supper later," the Notice read. "A Fiddler Has been Hired. Ladies will Please bring a gift for Rosemary. It is not Necessary to crochet an antimacassar or Embroider a Pillow Case. Store-bought Linen is Acceptable. Gentlemen will Please bring Bob equipage suitable for a Youth to be Wed. No livestock Needed but Household tools acceptable."

PILFERINGS

An anxious father had been pacing throughout the night in a little waiting room just outside the maternity ward of a hospital. At long last, his wife's doctor appeared.

"Everything went just fine," he said reassuringly. "I know you wanted a boy, but I'm sure your wife will be just as happy when you see your beautiful new daughter."

The new father flashed a weak smile and replied, "Oh, sure, doctor! That's perfectly OK by me. As a matter of fact, a girl was my second choice."

MRS. WILLIAM E. LANE, OF HALL PLACE

By Janet Mueller

Pat Lane lives in a helter-skelter world of puppies, people and appointments. "This week looks like it has measles!" is one of her favorite sayings. The "this week" referred to could be any week in the year—Mrs. Lane is that sort of a Busy Person.

Pat and Bill Lane have lived in The Pointe, in their present Hall place home, for 12 years. (their house is right next door to the house built by Pat's English teacher at Liggett). During that time, the address is just about the only thing that hasn't changed at 90 Hall place.

This year, they pushed back their living room wall. "I don't know what the builders thought a dining ell was," Pat exclaims. "I couldn't fit a CARD TABLE into that space!"

So the Lanes extended their living and dining areas, adding a fireplace for cooking and heating, bricked into their new wall, plus built-in shelves and closets. The Lanes love to entertain, with Bill as chief chef, and they like summer parties . . . but Bill, after many solitary experiences outdoors in the rain, turning steaks while his guests waited comfortably in the living room for their food, is a firm advocate of indoor barbecue facilities.

Opens onto Garden

The new portion of the room features French doors, opening directly into the garden, so Bill can still enjoy fresh air and sunshine when he cooks — always providing the air is fresh and the skies ARE sunny. On damp days, he just closes the doors.

Pat Lane pretty much knew what to expect while her house was being renovated. The year before this, the Lanes completely redid their kitchen. But the living room extension came at rather an awkward time: "We lived for four months with a temporary wall—and I had seven sick puppies in the basement. They had to be fed every two hours."

And how did Pat Lane come to have seven sick puppies in her basement while her house was being torn down and put together again? It all started in 1956, with Waveaway . . .

For generations, Pat's family has enjoyed the out-of-doors, fishing and hunting at Wilderness, their lodge-camp in Northern Michigan. Wilderness has always been a primitive place — it took 10 years for the women in Mrs. Lane's family to convince her grandfather that they COULD survive under rustic conditions, and all attempts to bring civilization to Wilderness, when women finally were permitted there for brief periods, on sufferance, were doomed from the start.

Will Stay Primitive

There are still no electric lights and no telephone at Wilderness—"There won't be while any of us is alive," Pat says firmly—and Mrs. Lane's family still loves it there, especially during the hunting season.

In 1956, Pat wanted to give Bill an especially nice birthday gift, a Field-Bred English Springer. In the United States, Field-Bred English Springers are about as plentiful as uranium mines; the English like to keep their dogs.

But Pat was fortunate. She located and bought Waveaway, (known to intimates as "Tess"). After a few months with Tess, the Lanes knew they had something special.

At this point, Pat's knowledge of Field-Bred English Springers was minimal. She had heard they were pheasant specialists. Field trials? She didn't even know what they involved, where they were held. She contacted her local Field Trial Club, and began to learn. She made mistakes . . . and

ters went out of experts in the Senior Citizen field, all over North America.

The League felt strongly that the Center's emphasis should be on creative activity. "We had a marvelous steering committee," Pat Lane reminisces. "We met at least twice a week for six months. In the beginning, volunteers did everything."

The Center opened in the middle of a blizzard, in December, 1953—and Pat Lane met for the first time a lady who was destined to be her best friend, Mrs. H. Ripley Schemm, who arrived late for the opening because a litter of setters had just been born in her basement.

(The week after the latest Lane litter made its appearance, another Schemm litter arrived).

After a slow start—"We were grabbing people off the streets, telling them to come in"—the Center boomed. Frieda Gorrecht, who left last June to take a position as coordinator of all UAW Senior Centers, devoted 10 professional years to developing the League Center.

The Mack avenue headquarters became too crowded, the Center moved to East Grand boulevard. "Now," Pat Lane says, "I would call it one of the most outstanding Centers for Seniors in the country."

Stands on Own Feet

The Center is so healthy, in fact, that it stands on its own two feet today; the Junior League no longer guides the project. But many Junior League members, active in the project's development, still work for "their" Center.

Mrs. Stirling Loud, past president of the Center, (she started the Crafts program there), and past president of the Junior League, was engaged, four days after she received her Masters degree in Social Work, to replace Frieda Gorrecht.

The Christmas Bazaar is as old as the Center itself. "Seniors have a lot of wisdom, a lot of brains," Pat Lane explains. "They are not likely to stick to things without a goal; they must have a reason for achieving and learning."

"The great majority of our seniors are living on old age and survivors' insurance, or on very small pensions. NOBODY enjoys something for nothing. The bazaar gives the seniors a chance to make their own contribution, something that can be turned into cash, to help support the Center . . ."

Pat Lane points out that hand-made items for the Bazaar are not the seniors' sole activity. The Bazaar is a once-a-year affair, important but not all-important. The Seniors have organized their own visitors committee; they check on their own sick and shut-ins. A large number are volunteer Torch Drive workers. Discussion groups meet several times a month; the subjects under discussion are not "dilettante-y."

Pat Lane is proud of the Senior Center. She worked hard for it. She is proud of her college degrees. She worked hard for them. She is proud of her champion dogs. She worked hard to raise and train them.

She just wishes that every week didn't look as if it had measles.
