THE STRIKE against the Detroit Hotel Association spread this morning when members of four hotel employees struck the Statler-Hilton Hotel in downtown Detroit. Yesterday, the Whittier Hotel on Detroit's waterfront was struck by the locals at 5 a.m. The dispute is over a new contract agreement in which the unions are asking for a minimum hourly wage of \$1.50 for "nontipping jobs" such as maids and dishwashers and a \$1 minimum for employees who receive tips. The old contract between the hotel association and the locals expired at midnight on December 31 and until the Whittier was struck Wednesday, the strike has been on-again, off-again.

DESPITE A State Supreme Court decision, on Tuesday, upholding Detroit's right to fluoridate its water, plans for building a fluoridation plant have been delayed until a voters' referendum, which has been called by petition, is held on November 2. If the voters approve fluoridation of water then, it would take another year to construct the plant, according to Water Department General Manager Gerald Remus.

BOTH THE official Communist Party newspaper Pravda and the official government newspaper Izvestia yesterday called President Johnson's State of the Union message on Monday a "contradictory and inadequate" statement by the President to the two top Soviet leaders to come to the United States was not mentioned by either newspaper. Diplomatic circles said, however, that the two leaders would prefer that Western leaders visit Moscow.

FBI AGENTS in New York yesterday arrested a Detroit-born man and charged him with selling military secrets to a Russian diplomat. According to the FBI, Robert Glenn Thompson was paid approximately \$350 a week to furnish information about military equipment and installations, missile sites, code books and intelligence and counter-intelligence activities of the U. S. Government to the Russians. Three of Thompson's eight years as a spy were spent in Detroit. He also allegedly worked with operations in New York, Washington, Great Falls, Mont., and Berlin.

THE DETROIT LIONS have a new coach, Harry Gilmer, who for the past four years has been backfield coach for the Minnesota Vikings and who was once a Lions' quarterback. Gilmer was signed to a three-year contract by Lions owner William Clay Ford yesterday. It is expected that he will have a free reign in selecting his five assistant coaches. Gilmer will earn an estimated \$35,000 a year.

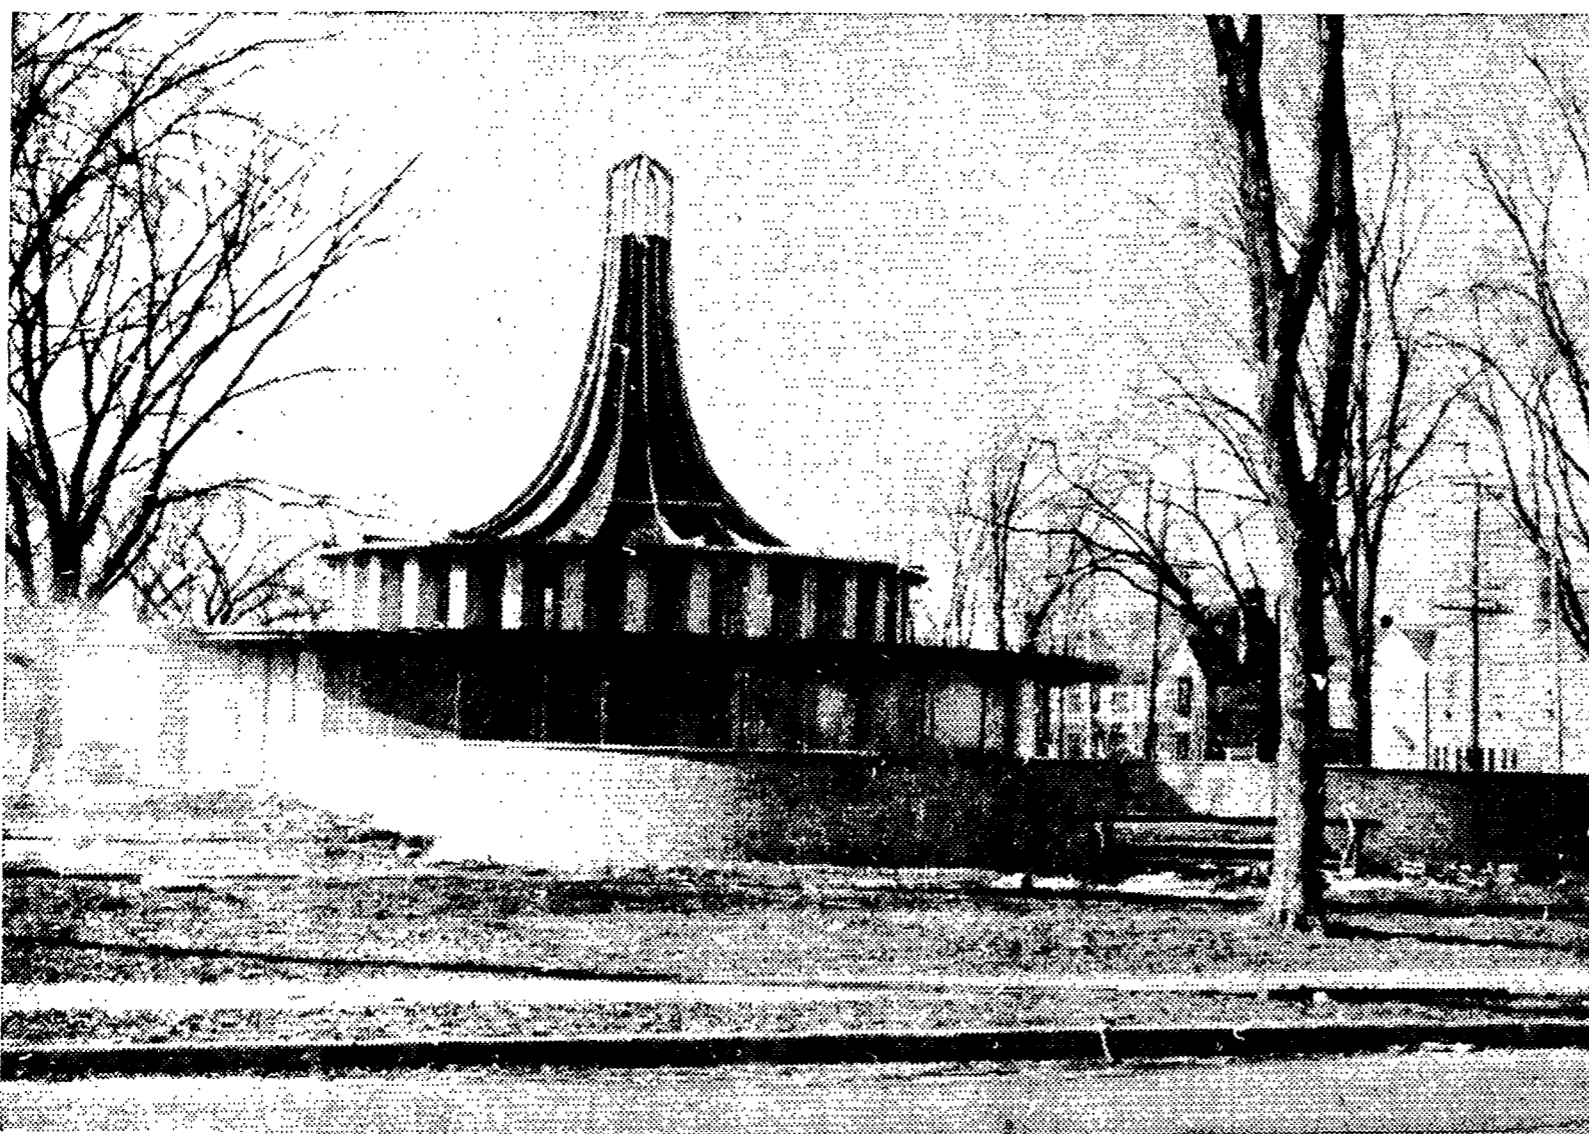

FOLLOWING STRIKES at the Whittier Hotel and the Statler-Hilton, seven Detroit hotels yesterday locked their doors, denying admission to non-striking union employees. A union leader immediately announced that unfair labor charges would be filed against the hotels. Both the strike and the lockout left about 2,000 persons idle and nine of the 19 major hotels in the city without employees to take care of the wants and needs of its guests. The strikes and resulting lockouts are due to a contract dispute.

A SUDDEN AND TEMPORARY END to the filibuster battle in the Senate was worked out yesterday by leaders of that body. A decision to send the problem to the Rules Committee for two months prevented a fight that could have tied up the Senate in debate indefinitely. Liberal Senators are seeking a way to modify the filibuster rule which requires a two-thirds majority of senators voting to cut off debate. More conservative

New Unitarian Church Takes Form in City

The structure being erected by the Grosse Pointe Unitarian Church is progressing according to schedule. It is being built on a site directly across Maumee avenue from the City of Grosse Pointe Municipal Building, which can be seen in the right background. The land was acquired in a swap with the City, which gave the municipality the church's former property in East Jefferson avenue at Rivard.

Woods Store Visited By Speedy Thief

Makes Considerable Haul in Few Minutes Proprietor Was Next Door to Obtain Change

Woods police were still without clues on Monday, January 11, in the course of their investigation of the daylight burglary of a Mack avenue business place that occurred on January 5.

Cornelius Isetts, 64, owner of the Ship's Wheel, 19605 Mack, told investigating officers on January 5, that he had gone next door to get some change. He was gone for only "a few minutes," he said.

The store owner said that he had left the front door open, but the rear door was locked. The cash register was also open, he added.

When he returned, Isetts said, he heard the rear door closing. He checked the store immediately.

He told police that after taking inventory, he discovered that whoever had been in the store had taken two Sony transistor television sets, one valued at \$200, and the other, \$150; two pairs of binoculars, valued at \$70 each; and \$50 in currency and change from the cash register.

Also taken, Isetts said, was a .45 caliber automatic pistol, belonging to him.

STOLEN WHEEL

A. R. Huntington told City police that while his car was parked at Bon Secours Hospital on January 7, a tire and wheel had been stolen from it. They were valued at \$20.

Neighborhood Club Holds Annual Meeting Jan. 21

The annual meeting of the Neighborhood Club will be held in the Terrace Room of the Grosse Pointe War Memorial next Thursday, January 21 at 10:30 a.m.

Residents who have paid the corporation dues of \$5 are eligible to attend the meeting and cast votes.

According to Mrs. Hal Smith, Jr., president of the Board of Trustees, corporation members will hear the reports of various committees and a year-end review of the various activities of the Neighborhood Club.

Since June 13, 1963, the club has been functioning without the use of its permanent building. The Board of Trustees at that time was forced to close the doors of the club house on Waterloo because of engineers' reports that the building was unsafe for use.

The reports revealed that an expanding and contracting substrata of clay on which the Club is built was causing the front wall of the Club to move an appreciable distance.

In the ensuing months, the Neighborhood Club's board has sought ways in which to raise money to make the necessary repairs to make the building safe.

City voters turned down one method last September when they failed to approve a \$200,000 bond issue which would have been used by the City to purchase the open area of the property owned by the Neighborhood Club. The club would then have used the money from

Mr. Patrick was twice elected to Detroit Common Council, placing third of the nine elected in his second election in 1961. In 1963 he was elected chairman of the Wayne County Board of Supervisors, the chief executive post in county government. He has also served as the chairman of the Ways and Means Committee of the County Board of Supervisors.

William Patrick is the son of a Detroit attorney, third of 10 children, married and has one little daughter. He attended Detroit public schools, Howard University in Washington, D.C. where he received the BA degree with magna cum laude honors in 1942. The University

Weary Speeder Gets in Trouble

Two Shores police officers were waiting for a red light to change at Vernier and Lake Shore roads, on Sunday, January 10, when a car sped by and went through the light. The officers gave chase.

Patrolman Donald Jacob and Stanley Otulakowski said that they were on Vernier, stopped for the light, when Herbert R. Schott, 34, of 12920 Brooks, Detroit, sped past and turned right on Lake Shore, ignoring the red signal light.

The officers said they got behind Schott and paced him at 45 miles an hour. The motorist's car was weaving from one lane to another and on several occasions it hit the curb on both sides of the road.

Schott was stopped at the Webber intersection and placed under arrest. At the station, he admitted he had been drinking, but claimed that he was more tired than drunk.

In a check of Schott's record, it was found that he had an outstanding traffic warrant against him in the Shores, and another in Detroit. He paid a fine of \$20 on the Shores warrant, and posted bond of \$100, pending an appearance in Shores court.

He was held for Detroit police on their warrant.

Study Group On Colleges Being Picked

Four Pointers Named to County-Wide Citizens' Committee to Probe Possibilities

At the regular January meeting of the Grosse Pointe Board of Education, held Monday evening in the schools' administrative offices at 389 St. Clair avenue, Edward J. Pongracz, board president, announced the names of four residents who have agreed to serve on the county-wide Citizens' Participatory Study Committee on Community Colleges.

They are Mrs. Minert Thompson, 662 University; Marshall V. Noecker, 109 Handy; R. R. Linden, 761 Fisher; and John B. Ross, 301 Touraine.

"The 184 member citizens' committee to study community college needs in Wayne County is a layman's committee. Their job is to provide information and be resource individuals when needed," President Pongracz stated.

"Dr. Wilson and the officers and trustees of the board, although not eligible for membership on the citizens' committee, will make available the necessary data for their work. Whenever possible, they will be ready to assist committee members in obtaining factual material essential to their assignment," he added.

Given Assignments

Subcommittee assignments for the four Grosse Pointe residents follow: Program Needs, Mrs. Thompson; Finance, Mr. Noecker; Site and Housing, Mr. Linden; Publicity, Mr. Ross.

In October the Wayne County Intermediate Board of Education passed a resolution to adopt a plan for community college districting. After completion of the current citizens' participatory study, in which the four Grosse Pointers will serve, a resolution for further action on the establishment of community colleges, will be forwarded to the State Superintendent of Public Instruction.

As the name implies, the community college is organized to meet community needs. A non-degree granting institution, it offers courses of study that are of one or two years' duration.

Mrs. Thompson is a native New Englander. She received her AB from Bates College in Lewiston, Me. An active member of the Grosse Pointe chapter of the League of Women

City Sets Meeting To Tell Residents About Bond Issue

Council Will Explain Urgency of Approval of Proposal to Improve Sewer System; State Has Issued Warning

A special invitation has been extended to residents of Grosse Pointe City to attend an open meeting of the City council next Monday night, January 18 at 8 o'clock. The meeting will be held in Maire School gymnasium in order to accommodate an expected large turnout.

The chief purpose of the open meeting, according to the council, is to discuss the City's proposed sewer bond issue which will be voted on at a special election Monday, February 15.

Residents have been reminded of the special meeting through post cards, which the council authorized mailed to all citizens.

Mayor David E. Burgess has asked the voters to give the sewer bond proposal full attention "because of the very critical nature of the problem."

Need \$1.32 Million

The council is asking the voters to approve, in the special election, a request for \$1.32 million to improve the City's storm and sanitary sewer system. This same bond issue was defeated in the November 1 election by only 89 votes.

Before the fall election, the Michigan Board of Health said the City's sewer system was a "critical hazard" to the health of the community. Immediately after the bond issue defeat, the board sent a letter to the council stating that the City must find some way to deal with its sewage and sanitary problems.

At that time Mayor Burgess pointed out that the City could well be taken into court if steps were not taken to remedy the situation.

Cheaper for Taxpayers

After studying other methods of obtaining the necessary funds to make the repairs, the council decided to try again with the General Obligation Bond issue, which must be approved by three-fifths of the electorate. Other methods were found to be more costly to the taxpayers.

Authorities believe that the bond issue's defeat in September was due in large part to lack of complete information on the critical need for sewer repairs in the City.

The special open meeting of the council, it is hoped, will clear up doubts in residents' minds and answer any questions that voters might have.

The \$1.32 million bond issue proposal calls for the installing of sanitary relief sewers, storm relief sewers and repair and automation of the sewer pump station at Charlevoix and Neff.

Stanley Rogers, 28, of 8075 Marcus, Detroit, lost a new 12-volt battery to a thief on Tuesday, January 5. He told Woods police that he had parked his car in the Woods Theater lot, and when he returned he discovered the battery missing, and an old one in its place.

State Commission Okays \$500,000 Farms Bond Issue

The Michigan Municipal Finance Commission approved the Farms' \$500,000 General Obligation Pier-Park Improvement Bonds, it was disclosed on Tuesday, January 5, by Attorney General Frank J. Kelly, chairman of the commission.

The bond issue, authorized by Farms voters on November 3, is necessary to raise monies, the proceeds of which will be used to acquire and construct additional recreational facilities by making needed improvements to the pier-park property, situated at the foot of Moross road.

The improvements include the construction of a swimming pool, providing of additional boat mooring facilities and additional picnic and recreational area.

The bonds are unlimited tax bonds and will run until 1980.

The additional picnic and recreational area was made possible by the generosity of Mrs. Vera B. Whitcomb of 383 Lake Shore, who recently deeded a 150-foot wide strip of her property, between the road and seawall, to the Farms. The property is north of the park.

In deeding the strip, Mrs. Whitcomb included all riparian rights, which has enabled the farms to file an application with the State Conservation Department to purchase lake bottom land to expand the park.

Mrs. Whitcomb donated the piece of property, including the riparian rights, in memory of her late husband, James S. Whitcomb.

If the State approves this purchase, and when the land is filed, the Farms council authorized

Joint Project of Three Pointes and Clinton Township Enjoying Good Business

The Grosse Pointe-Clinton Refuse Disposal Authority is financially in the black, business is good and the prospects of building a long-hoped-for incinerator appears to be a little closer than ever, according to information released by Murray M. Smith, authority manager, on Monday, January 11.

Smith, retired Farms city engineer, disclosed that representatives from the Park, Farms, City and Clinton Township, met in the Township Hall, 1129 South Gratiot, on Tuesday, January 5, to hear his, and Clinton Supervisor Robert Ryan's report of a study they made of disposal authorities in Florida.

Smith said that he and Ryan went to Florida two weeks ago and made a study of organizations, operations and costs charged members of the various authorities to which they had been invited.

Will Receive

As a result of the study report, the representatives of the Pointe-Clinton Authority have approved receiving tentative bids to determine fixed operating costs, as a selling point to prospective members of the local disposal authority.

At the Tuesday meeting besides Smith and Ryan, were Farms Councilman Ledyard Mitchell, authority chairman; Park Councilman John Doelle and City Councilman Gordon Cook, representing their respective cities.

The manager said that the Pointe-Clinton Authority has gone on record, and has committed itself, to build an incinerator on land owned by the Authority, and approved as an incinerator site.

According to an audit conducted by Touche, Ross Bailey and Smart, auditors for the Authority, operating revenue for the fiscal year ending September 30, 1964, amounted to \$91,563.66, and operating expenses, \$56,365.22, leaving a net of \$35,198.44.

Need 10 To 12 Cities

Smith said that present plans call for a 500 to 600-ton capacity incinerator, and in order to build such an incinerator, 10 or

Park Firemen Win Legal Fight

The Grosse Pointe Park Fire Fighters Association has won its battle to have a City Charter amendment placed on the ballot at the April 5 election, to change firemen's working hours and set a minimum vacation time.

City Clerk Charles Heise informed the Park council on Monday, January 11, that he had checked approximately 561 signatures, of 826 on 43 petitions, and found them to be valid and that he has certified them. He said it was not necessary to check all of the signatures because only 450 were needed to place the amendment on the ballot.

The council requested that City Attorney Richard Rohr put the certification in writing and present it to the council at its next regular meeting on Monday, January 25. This will not delay the issue, it was said, because the petitions have already been certified and the matter automatically goes on the ballot.

The Association had circulated previous petitions and obtained more than 1,400 names, but these were declared invalid by the city attorney, and the Association filed suit in Circuit Court.

On December 21, Judge John M. Wise took the matter under advisement, and directed that in the meantime the firemen recirculate another petition.

The firemen are asking that their work week be cut from 63 hours to 56 hours, and that they be granted a minimum vacation time of 20 days a year, and that these be made a part of the City Charter. These are not a part of the Charter, now.

The Lindens are the parents of five children, three of whom are graduates of Grosse Pointe High School, and two of whom are still in the public schools. "As the father of five children, I feel that I must hold some sort of unofficial record for attendance at PTA meetings over the years," Mr. Linden said recently.

He is a former District Chairman of the Boy Scouts, and now serves as Council Representative from Lake Shore to the Detroit Area Council. Other affiliations include the Detroit Board of Commerce and the Public Relations Society of America.

(Continued from Page 1) 12 communities must join the Authority, to justify a building of this type.

Members of the Authority, at the present time, are the Park, Farms, City and Clinton Townships, The Woods, Shores and Harper Woods have expressed a desire to join the Authority.

Smith said that a meeting will be called with officials from St. Clair Shores, Roseville and East Detroit, to discuss their possible membership in the Authority. Other cities in Macomb County and northern Wayne County will be contacted, he said, in order to try to fill the limited membership.

He said that member-cities must approve a contract that they will guarantee so many tons per day.

Estimated Cost \$2 Million The proposed incinerator building will cost an estimated two million dollars to build, Smith said.

As far back as 1951 and 1952, the Pointe sought a site to construct an incinerator to burn its refuse and garbage. The initial step for such a project was started by the late Park City Manager Everitt B. Lane.

Over a period of years, the Pointe was frustrated when one community after another, including Clinton Township, dashed its hopes in the matter.

Early in 1961, a meeting was again called with Clinton Township officials, who after holding a public hearing, finally consented to allow an incinerator to be built within the township.

Took Option on Land

On July 25, 1962, The Park, Farms, City and Clinton signed articles of incorporation, and took an option to purchase the Hartman property, approximately 75 acres, located directly opposite the old dump that was being used by the three Pointes, on Quinn and Fourteen and a Half Mile roads, between Gratiot and Harper.

The cost of the Hartman property was set at \$205,000, including gravel mining rights, which yield a 25-cent a ton royalty, paid by the mining company working the pits.

On October 22, 1962, the Authority made a down payment of \$59,450 on the property.

On March 12, the Michigan Municipal Finance Commission, approved the Authority's request to float a bond to raise \$240,000, to pay for the property and to make certain improvements thereon. The land was paid for, and the Authority was in business.

Old Dump Closed

Shortly after the property was bought, the old dump, owned by the Park and Farms, and used by them and the City, was closed and the deed to this, turned over to Clinton Township to convert into a park for the community.

The incinerator will be constructed in a wooded area on

the Hartman property, with the trees hiding the plant, except for sub-stacks, which will be barely seen over the tree tops, according to an agreement with Clinton Township.

In the meantime, dumping will continue in one of the numerous pits on the property. Clinton Township, by virtue of its position, and because it will allow an incinerator to be constructed within its limits, does not pay for dumping, nor will it pay for the construction of the proposed incinerator.

He said that member-cities must approve a contract that they will guarantee so many tons per day.

Center Offers Dance Classes

The Grosse Pointe War Memorial is offering ballroom dancing classes for young people on Thursday afternoons and Friday evenings beginning January 14 and 15.

Classes are taught by Mr. and Mrs. Ted Forrest who also hold classes at Bloomfield Hills Country Club and the Grosse Pointe Hunt Club. They are a very attractive young couple and have four young sons of their own.

In this day of the strange, frenzied dances, the Center feels it is important for young people to be trained in the type of dancing and social behavior which is going to be expected of them as adults. This does not mean that the dancing classes at the Center will not be fun with specialty and current dance steps included, but natural good manners will be instilled as well as a knowledge of basic ballroom dance forms.

A big party will be given for students in the combined classes at the end of the season. It takes place in the Center's Crystal Ballroom complete with orchestra, refreshments and favors.

The fee for 15 one hour lessons of ballroom dancing instruction is just \$15 at the Center. Classes are held on Thursdays at 4:30 for fifth and sixth graders and on Fridays at 6:45 for seventh and eighth graders. A special class for older more advanced students is held from 8 to 10 on alternate Friday evenings.

Advance enrollment is requested at once so that classes may be properly balanced between boys and girls.

Contentment is the total of many things well done.

Accuse Woman of Forging Prescriptions to Get Drugs

A 29-year-old Southgate woman was arraigned for examination in Woods court yesterday, January 13, on a charge of forging prescriptions to obtain narcotics. The examination was heard by Judge Don Goodrow, who signed the arrest warrant.

Charged with the offense is Barbara Jean Wolton of 13815 Spruce street, who was arrested on January 6, on a warrant recommended by Assistant Wayne County Prosecutor Dale Devlin, and brought before Harper Woods Judge Robert P. VanWiemersch, who presided in the Woods court in the absence of Judge Goodrow.

Mrs. Wolton stood mute and Judge VanWiemersch entered a plea of innocent for her and set examination date for January 13. The judge released the woman on \$500 bond.

The woman was arrested in Detroit's Recorder's Court, where she had appeared at the trial of her husband, who was being tried on a Detroit narcotics charge.

Woods Det. Sgt. Jack Mast and Det. Donald Sabel, who checked with the Detroit Police Narcotics Bureau, were informed by officers of the Bureau that Mrs. Wolton was on two years probation for falsifying prescriptions to obtain narcotics in Detroit. The Detroit officers also told the Woods detectives that the woman was in the courtroom where her husband was being tried.

Mast said that the woman is an admitted dope addict, and has been forging prescriptions to obtain Dilaudid, a highly sensitive and habit forming drug.

The detective said that the Woods Public Safety Department received a complaint from a Woods druggist, name and place of business withheld, that a woman and an unknown man entered his drug store, and asked that a prescription be filled for 40 Dilaudid tablets. The prescription was over the supposed signature of a medical doctor whose office is in the Woods.

The druggist told Mast that a short time later, the woman, Mrs. Wolton, returned to the store, and demanded that the tablets be exchanged, claiming that they were not strong enough. Not wanting to argue, the druggist said, he gave the woman another order, which she claimed was for her brother, who had been in the store with her.

On December 11, the druggist received a call at his home from Mrs. Wolton at 2:15 a.m., stating that she needed an emergency prescription filled, and she was told to meet the druggist at the store.

The druggist owner stopped at the Woods station and requested that an officer accompany him to the store, where he filled out the prescription and gave it to the woman. This was for 30 tablets of Dilaudid.

Later in the day, the druggist said, the woman phoned and stated she wanted the tablets exchanged because her brother claimed they were not helping him. The druggist told the woman that he had filled both prescriptions correctly, and that he was going to inform the police and have the returned tablets checked to see if they had been replaced by some narcotic type tablets. The woman hung up.

The druggist called the Public Safety Department, and Sgt. Mast was assigned to the case. The officer took 20 of the returned tablets and placed them in a bottle and sealed and marked it.

Mast took the tablets to the Detroit Police Scientific Bureau, where they were analyzed. The analysis showed that four of the tablets were Dilaudid, and 16

 The land, which would have expanded the City's recreational facilities, was appraised by an independent firm at approximately \$200,000.
 At the present time the board has no plans to sell the property nor does it want at any time to sell the land for the purpose of subdividing it. It feels strongly that the area needs the recreation facilities that it provides.
 The board hopes to come to some decision this year on a way to solve the problem which will benefit all residents.
 In spite of its lack of permanent headquarters, the Neighborhood Club has managed to maintain both its schedule of activities and its membership, during the past year and a half. It has carried out its program at Brownell Junior High School, Richards School, Marie School and the Grosse Pointe War Memorial.

 Farms City Attorney George McKean disclosed on Thursday, January 7, that negotiations for the purchase of the bottom lands is still in progress, and that Conservation Department officials will not arrive at a price of the land until they have studied the matter thoroughly.
 At the present time, the Farms is the only Pointe that does not have a swimming pool in its municipal park.
 W. E. Edwards, professional engineer, who designed the pool, and who will supervise its construction, said the completion date for the pool will be prior to the official opening date of the pier-park on Memorial Day, May 30.
 Work on the pool, and pool site, will begin this month, according to Edwards.

Two Youths Held In Theft of Car

Two Shores officers stopped to investigate a youth waiting in a parked car, and arrested the youth and a companion, and released them to Detroit police for investigation of car theft.
 At 12:28 a.m. on Sunday, January 10, Patrolmen Donald Jacob and Stanley Otulakowski, while patrolling Lake Shore, saw a car parked at the Hawthorne intersection.
 In the car, the policemen said, was Carl Powell, 18, of 1426 Fischer, Detroit, who told the officers that he did not know who the car belonged to. He said the vehicle was out of gas, and a friend of his had gone to get some, but Powell said he did not know which direction his companion had taken.
 Powell said that he and his friend were going to "deliver the car to the owner who lives somewhere on Emerson."
 Powell was taken to the station.
 Powell's companion, Ronald Butler, 19, of 5925 Van Dyke, Detroit, was arrested when he returned to the stalled vehicle.
 A check of the license plate number disclosed that the car in the boys' possession belonged to Lulu Stewart of 932 Emerson, Detroit. The woman was called and she told the Shores officers that the car had been reported stolen to Detroit police on Saturday, January 9.
 A call to Detroit's Jefferson Station, Precinct 5, disclosed that Butler was wanted on a \$100 bond. He and Powell were released to Precinct 5 officers for further investigation.

March of Dimes Gets Underway

The traditional January March of Dimes opened last week in Wayne County under the leadership of Tiger baseball great, Charles L. Gehring. The campaign has a goal of 20 percent more than last year in an all-out campaign against the national tragedy of birth defects.
 The goal for 1965 is \$403,000.
 A mail appeal to individuals and business arrived the first week of January. The mail solicitation, the Mothers' March on January 26, a county wide bowling tournament, canisters in public places, and special events for teenagers are the campaign's fund-raising devices.
 "One out of 16 American babies born this year will have a serious birth defect," said Mr. Gehring. "This can cause partial or permanent disability for thousands of children, and years of anguish for their parents and families unless people become aroused about birth defects," he declared.
 "Polio wasn't conquered until we became alarmed enough to support the March of Dimes with enough volunteers and enough money," continued Gehring. "I'm convinced we can beat birth defects in the same way."
 Gehring pointed out that the March of Dimes has already made great strides in providing superior medical care and developing new techniques for birth defects victims. March of Dimes centers and clinics offering these services are already in operation in nearly 50 cities.

**Honors Earned
By Nancy Cary**

Grosse Pointe High School senior Nancy Cary has been named one of the Michigan finalists in the Achievement Awards Program of the National Council of Teachers of English.

Nominated last spring by a committee of honors English teachers, Nancy was one of the six Grosse Pointe High seniors competing for the award. Others were Tricia Brown, Sue Hinks, Barb Laitner, Peter Solenberger and Mary Zinn.

All six were given printed tests on language usage and grammar and reading comprehension, which were followed by 90-minute essays on subjects that had been assigned just before the writing period began.

As did the students who competed in the contest in other states, the Grosse Pointers also submitted an autobiographical sketch of 500 words and an essay which represented their best writing during their junior year.

Nancy's achievement as one of the best English students in the state will be reported to any colleges and universities where she may be interested in obtaining a scholarship.

**Popular Classes
Offered Adults**

Three of the most popular groups of Adult Education classes are scheduled again to be offered by the Department of Community Services, Grosse Pointe Public School System.

Language classes, one of the most popular and comprehensive groups of classes in the adult program, will include French, German, Spanish, Italian, Russian, English for New Americans, and Vocabulary Improvement. Following is a breakdown of the language classes, instructors, and starting dates. All of these classes are of 10 weeks' duration, and meet in the evenings from 7:30 to 9:30 o'clock.

French: Beginning, Henrietta LaCroix, Thursday January 21; Intermediate, Henrietta LaCroix, Wednesday, January 20; Advanced, Henrietta LaCroix and M. Lacroisiere — (2 sections) — Monday, January 18.

German: Continuing, Brigitte Rauer, Wednesday, January 20; Advanced, Brigitte Rauer, Monday, January 18.

Spanish: Beginning, Isolina Ramos, Tuesday, January 19; Intermediate, Isolina Ramos, Thursday, January 21; Advanced, Isolina Ramos, Wednesday, January 20.

Italian: Beginning, Paola Polidori, Wednesday, January 20; Intermediate, Paola Polidori, Monday, January 18.

Russian: Continuing, Jakob Jurich, Monday, January 18.

English for New Americans will again be taught by Carl Erickson. This is a course designed to teach conversational English to persons of all nationalities who are not yet familiar with the practical pattern of "American" speech. It will begin Tuesday, January 19.

Vocabulary Improvement will be taught by Francis Weskel. This ten-week course will begin Tuesday, at 7:30 p.m.

Three levels of Bridge will again be taught by Mrs. Carrie Kiley. All classes will be of ten weeks' duration and based on the Goren method of instruction. Class instruction, demonstration and actual playing will be included in all classes.

"Beginning Bridge" will meet in three sections, and cover the basic fundamentals of bidding and playing a hand. These sections will meet at the following times: Tuesday, January 19 from 1 to 3 p.m. or 7:45 to 9:45 p.m. and Thursday, January 21, from 7:45 to 9:45 p.m.

"Refresher Bridge," for the intermediate player, will emphasize the play of "called hands" — (leads, bidding and actual playing of the hand). These classes will meet Monday, January 18, from 1 to 3 p.m. or 7:45 to 9:45 p.m., and Wednesday, January 20 from 7:45 to 9:45 p.m.

"Players' Bridge," for the most advanced, will feature short lessons with emphasis on the finer points of the game (unusual signals, echoes, cue bids, etc.) This class will begin Wednesday, January 20 from 1 to 3 p.m.

Classes in Art include charcoal drawing, and three classes of oil and watercolor. Each of these are 10-week courses meeting in the evenings at 7:30 p.m. and beginning the week of January 18. The fundamentals of each media, as well as more advanced procedures, will be illustrated and taught by the instructors.

Persons interested in any of the above classes must contact the Department of Community Services as early as possible to insure enrollment in the class of their choice. Further information and enrollment procedures can be obtained by calling the Department of Community Services at TU 5-3808 or TU 5-0271.

**Library Film
Forum Jan. 15**

The third program of the Friends Film Forum series, co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library, for adults, will be shown January 15, at 9:15 p.m. in the Main Reading Room of the Central Library, 10 Kercheval.

AN AMERICAN IN PARIS (color, 113 minutes) stars Gene Kelly, Leslie Caron, Oscar Levant, and was directed by Vincente Minnelli, with music by George Gershwin. In the film Gene Kelly plays on ex-G.I. who stays in Paris after the war to pursue a career as an artist.

The score includes some of George and Ira Gershwin's best songs and a twenty-minute ballet staged by Gene Kelly to Gershwin's "An American in Paris" suite, which is notable also for its dramatic use of color. One of the very few musicals ever to win an Academy Award for "Best Motion Picture of the Year," this film is well worth seeing.

You are cordially invited to attend this showing. There is, of course, no charge.

for your savings**

You need look no further than the seal above or the shield below for the perfect place for your savings.

They are symbols not only of strength, stability and safety but of earnings, too.

They are symbols of a long standing policy of returning to all our savers the maximum amount of earnings consistent with safety. Every account at Standard Federal Savings earns a 4% dividend, paid and compounded quarterly and Standard Federal Savings has paid earnings, without exception, for seventy-one years.

They are symbols, too, of Standard Federal's concern with, and involvement in, the community in which it does business. The money you save here is invested primarily in first mortgage home loans in the metropolitan Detroit area. Thus, as a saver, you know your savings have been invested to help the progress of your city and state.

Finally, they are symbols of your participation in the progress of Detroit's oldest and one of the nation's largest savings and loan associations—Standard Federal Savings.

Pointe Chorus In Rehearsal
 Spring seems already on the way as the Grosse Pointe Community Chorus began rehearsing last week for its annual Spring Program. This community-sponsored mixed chorus is for all adults beyond high school age.
 Registrations are still open until January 19. The cost of registration is \$5 and this includes all music used. Registration and rehearsals are on Tuesdays at 8 p.m. at Parcels Junior High School, Mack at Vernier.
 This self-supporting chorus still maintains its original idea of providing people who like to sing with music they will enjoy. There are no auditions or tests of any kind as requirements for membership.
 For further information regarding the chorus, call TU 6-0710.
Meeting Slated By Garden Club
 The Grosse Pointe Garden Club will meet Tuesday, January 19, at the home of Mrs. Paul Fischer in Lakeland avenue.
 The luncheon meeting will be followed by a lecture given by Donald Juchart on "The Health of Your Garden."

Tax Exemption Forms Available
 City Treasurer Robert Bendzinski has announced that city property owners, who did not receive the Veterans' Homestead tax exemption last year but who are eligible to do so, may come to the City offices and fill out affidavits, requesting such exemptions on property.
 Property owners who are qualified to seek the tax exemption include: people presently in service; veterans of World War I, II and the Korean war, whose incomes does not exceed \$7,500, or those who earn more than \$7,500 annually and receive compensation for disabilities incurred while in service; unremarried widows of veterans; and veterans who own no taxable property, both real and personal, of a greater value than \$10,000 state equalized valuation. In the City of Grosse Pointe, the latter means having an assessment of less than \$8,546.
 The Homestead tax exemption is equal to a \$2,000 state equalized valuation.
 Those persons seeking the exemptions will need the veteran's discharge papers and proof of the ownership of property in which they are living and proof of disability, such as a monthly check. In the case of a veteran's widow, a death certificate is needed.
 Affidavits should be filed by February 15. This will insure proper processing of the affidavits before the filing of taxes.
JACKET STOLEN
 Mrs. Dolores Richardson of 68 Hampton, complained to Farms police on Tuesday, January 5, that an extra large ski jacket, valued at \$12.99, was stolen from the cloak room of the War Memorial Center.

Revenge Sweet for Devils In Conquering Wyandotte

By Ric Hendee '65

At three minutes before 4 o'clock last Friday, Grosse Pointe High School Swimming Coach Robert Kinnear stood before his group in the Wyandotte locker room. It wasn't anything new to the swimmers; he had stood much the same before the Ann Arbor and Lincoln Park meets and all the others.

For the seniors and juniors, Wyandotte brought back memories. Memories of high-heeled pre-meet attitudes, laughing and running around. Memories of losing a race and thinking, "It's OK, the next guy will make it up for us. Why worry?" And then the memories of everything going wrong: an injured diver, bad turns, no

spirit, and then no victory. Memories of the Wyandotte meet . . . one year ago.

Grosse Pointe went home then on the shy side of a 53-52 score. And for the first time since 1936, a Blue Devil swimming team was handed the anchor by Wyandotte.

The coach started to speak: "Well, gentlemen, there's nothing I can say that would startle you in the least. As we packed away our stuff last March, we thought ahead . . . of this season, this pool, this meet. We've thought about it a long time.

"This year I want the top and I don't want to share it with anyone. It's your choice, either we go home an awful sad bunch of guys or we walk out there today and make bear soup out of them from the first event on." And with that Coach Kinnear left the boys.

The first event, the medley relay, began. The Devils exhibited the same spirit they've shown all season, always at the edge of the pool, cheering the other guy on.

But things weren't grapefruit and honey at the finish. Wyandotte whopped 'em in a place

where they needed a win. It looked like a pretty tight meet.

Then Tom Hertz '66 and John Clarke '65 took the blocks for the 200-yard freestyle. Mertz shot away like a rocket and Clarke followed close behind, giving Grosse Pointe its first victory, a slam.

Working on a three point lead, this reporter and Craig Deever '65 chopped second and third in the 60-yard freestyle, as Bear John Burns took the first and set a new pool record.

Then the Devils went out of control, grabbing for more and more points and stacking up three slams in a row. And the tight meet with Wyandotte was suddenly a party.

John Swiggles '66 and Mike Neal '67 snatched the individual medley and then joined the rest of the squad to watch Dick Green '65 overcome his worst enemy, the Wyandotte diving board, and win the event. Mark Gibson '66 splashed in close behind for second place points.

Mr. Tamblin helped out in a little "chop, chop" from the bleachers as Sandy MacDonald and his son, Jack, both '65,

squirreled through for the third Grosse Pointe smash.

Once again Tom Mertz and this reporter took the blocks; this time for the 100-yard freestyle. Mertz edged out the same Burns who had picked up a record in the 60-yard free earlier, to put one of his own on the board. The writer finished third, raising the standing score to 46-20.

Jim Shirilla '66, dueling with a Bear who sprinted all the way in the 100 yard backstroke. The Wyandotte boy would take a lead on Shirilla with each turn and Jim would just manage to catch up before the next turn. Looks kinda like he's "turning" into a good swimmer.

The 400-yard freestyle meant more money for Grosse Pointe as John Barlow '65 and Tamblin placed one-two in the 20-length contest for the Devils' 51th slam.

Wyandotte's Larry Sprunk finally added a little color to the home team bench by winning the breast stroke with over half a length to spare and churning a time of 1:04.7, comparable to the best in the state.

Dale DeMeuemeester '67 and John Swiggles followed Sprunk in for second and third.

With a score of 61-32 before the last relay, Devil spirits boomed. The meet was already theirs but greedily, they wanted more. A team of Deever, Herb Bliss '65, Neal and John Rentenbach '66 provided that last-minute excitement with a relay victory. And, amid happy, splashing Devils, the final score was announced—69-36.

On Friday it will all start over again as Grosse Pointe meets Highland Park in the Devil pool. The meet will begin at 4:00, only three minutes after Coach Kinnear stands

ready with another one of his addresses. And, hopefully, it will be another one of those days . . . a victory day.

TACHOMETER GONE

David Kociemba, 18, of 16953 Carlisle, Detroit, lost a \$50 tachometer to a thief on Tuesday, January 5. He told Woods police that he had parked his car in the lot at the rear of the Woods Theater. When he returned to it, he found that the vent window had been forced open and the tachometer was gone.

What Goes On at Your Library

By Virginia Leonard

We are a nation of people who have been conditioned to read on the run. For this reason, the short story seems to have achieved great popularity. I, personally, like to keep a volume of short stories on my bedside table. Sometimes it will be a collection of various authors; sometimes a volume entirely by one author. Usually, one story, or perhaps two of same, will suffice to drive me straight into the arms of Morpheus. And how about the waiting room of the doctor or dentist? Unless you are addicted to rather old periodicals, a tome of novellas is usually preferable to a long novel while waiting your turn.

Our holdings in the area of short story anthologies by various authors is quite vast. We also have a number of collections by single authors. Many authors, interestingly enough, seem to be at home in both the novel and the shorter form. Let me give you some recent examples of titles of the latter type recently acquired by our Libraries.

John O'Hara is a man who is good, prolific, and at ease in both forms. It seems that almost every year he manages in one way or another to make the best seller list. Last year his HAT ON THE BED illustrated his precise craftsmanship and ability to entertain. He is able to tell so much through sheer power of suggestion. More recently we have enjoyed THE HORSE KNOWS THE WAY. Here is a copious collection of short, and very short, stories by suburbia's scribe, showing middle-aged ex- and sub-urbanites. The tales are told with dignity and sympathy—many are melancholy creations; husbands and wives falling away from each other; fathers and sons with no rapport. We are sure you recognize the types.

Another recent acquisition is Peter Taylor's MISS LEONORA WHEN LAST SEEN: and fifteen other stories. Some of these are reprinted from A LONG FOURTH; others have appeared in periodicals such as the NEW YORKER, ENCOUNTER and the SEWANE REVIEW.

A rather startling title is TEETH, DYING AND OTHER MATTERS, by Richard Stern. Here is a collection of the author's writings, including thirteen stories previously published in magazines such as PARTISAN REVIEW and ENCOUNTER. This author brings humorous perception and fantastic satire to the scene, and has an ability to portray without being too biting or vicious.

NOBODY has trouble defining a child. But what is a problem child? Most of us would rather not define him, because we would rather not think about it. The simplest definition, however, is that the problem child is an unhappy child. Most of us are fortunate; we can leave the thinking about him to the trained services of people like those who staff the Northeastern Wayne County Child Guidance Clinic. All they will need from us is our support, financial and moral.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

The children have flown back to school now, laden with guitars, hockey sticks, skis, typewriters and general paraphernalia; the parents are still in a state of shock.

"How," Mrs. Grosse Pointe asks Mr. Grosse Pointe, "can they bring so much STUFF with them for just a few weeks' visit?"

Well, every American boy NEEDS his guitar, of course . . . but the local teens and early twenties might do well to note how easily and efficiently Deborah and John Craig travel.

The son and daughter of British Consul L.J.P.J. Craig and Mrs. Craig, of Berkshire road, make the trip from England to The Pointe three times a year.

John, 16 last week, is at Rugby. Deborah, 14, attends Harrogate College, Harrogate, Yorkshire.

The English school year differs from the American in that it is divided into three terms, with lapses of six weeks or so between each term, (this makes the summer vacation short by U.S. standards, but oh! what heavenly spring and winter holidays!).

Deborah and John carry the absolute minimum on their trans-Atlantic flights. They leave most of their vacation clothes with their parents.

"They do bring a lot of books, though," their mother notes. They take three-yearly trips to the States as a matter of course.

"They've been doing it for three years, ever since we've been here," Mrs. Craig explains. She is American, and the children especially look forward to Christmas week in Boston with mother's family.

A talented pair, (they both play the piano—and enjoy it!), the young Craigs are completely unawed by their trans-oceanic commuting schedule. They know how to travel, and they enjoy traveling.

Last summer, before coming to The Pointe, John (Continued on Page 17)

Short and to The Pointe

Home for the holidays were ENSIGN and MRS. TERRY VAN DER TUUK, visiting Mrs. VAN DER TUUK's parents, the RUDOLPH F. RICHTERS, of Moran road, and Ensign Van Der Tuuk's parents, the ALBERT VAN DER TUUKS, of Lansing, Mich. After spending a few days in New York City, the couple will leave for Trinidad, where they will make their home for the next two years.

DR. and MRS. ROBERT SEALBY, of Hawthorne road, returned home Sunday after spending a week in Homestead, Fla., with their son and his family. DR. and MRS. ROBERT LEE SEALBY.

MR. and MRS. HENNING FREDEN of Barrington road have recently returned from a holiday visit to the West Coast where they visited their son and daughter-in-law, DR. and MRS. KARL FREDEN of Pasadena, Calif. and two children ERIC and SYLVIA. They also visited their daughter and son-in-law, MR. and MRS. RAYMOND KNOWLES and three children, SUSAN, JANET and JIMMY in San Diego. The Fredens were accompanied on the trip by their daughter, Irene. While on the coast, they attended the Rose Bowl parade and football game.

Recently elected recording secretary of the Advocates Auxiliary of Detroit was MRS. HENRY C. PYTELL, of Lothrop road.

The University of Detroit chapter of Blue Key national honor fraternity recently accepted two area residents for membership: KENNETH P. FRANKLAND, son of MR. and MRS. JOHN W. FRANKLAND, of Brys drive, and ALBERT F. NOLLET, son of MR. and MRS. MICHAEL NOLLET, also of Brys drive. Kenneth, a law student, is a member of Gamma Eta Gamma law fraternity, the Law Journal and the Student Bar Association. He is a 1958 graduate of St. Paul High School. Albert is a senior in the Evening College of Commerce and Finance. He is a senior class secretary, a member of Alpha Sigma Lambda national honor society and a member of Alpha Kappa Psi national professional business fraternity.

MRS. FRED W. ADAMS, of Rivard boulevard, who has served the first year of a two year term as chairman of the Downtown Branch of the YWCA of Metropolitan Detroit Board of Management, will report on the year's achievements at the Branch's first annual meeting next Thursday evening. Mrs. Adams will also introduce the 1965 officers and board members. Among those serving on the meeting committee is MRS. FREDERICK SCHUMANN, of Devonshire road.

JAMES R. FLOWERS, son of MR. and MRS. JAMES C. FLOWERS, of Yorkshire road, is home from the Naval Air Station, Pensacola, Fla. Jim's guests for the holidays were former John Carroll University classmates LT. JAMES EICHORN and LT. TERRY BLILA, of Erie, Pa. He also entertained JEAN RHODES, of Pittsburgh, Pa., and MARY

MR. and MRS. FRANK McDONALD, of Audubon road, honored their son, MICHAEL, and his fiancée, MARIA E. MELVIN, at a cocktail party on January 2. The couple will be married in Irvington, N. Y., on June 19. Miss Melvin's parents, MR. and MRS. WILLIAM O. MELVIN, of Westchester, N. Y., were also guests of Mr. and Mrs. McDonald at the party.

Mariners Club Names Officers

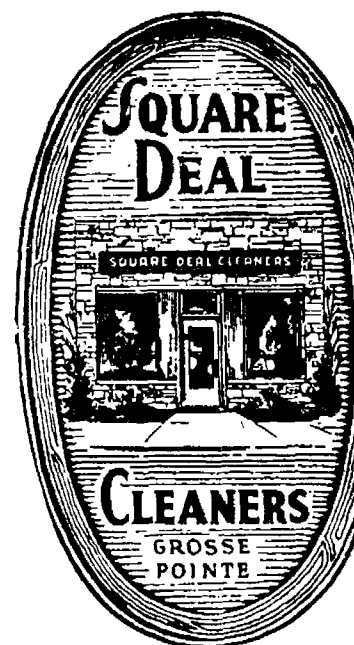

The Mariners Club of the Grosse Pointe Woods Presbyterian Church held its installation service on Friday, January 8, at the church. Officers installed were: Mr. and Mrs. Clarence Honkanen, 22484 Marter Rd., skippers; Mr. and Mrs. Frank Zinn, 1960 Kenmore, first mates; Mr. and Mrs. Jack Rowe, 5055 Lanoo, log keepers; Mr. and Mrs. Carol Lock, 188 Kerby, pursers; Mr. and Mrs. Richard Herbster, 3943 Courville, chaplains, and Mr. and Mrs. Robert Redd, 1315 Hampton, lookouts.

Mr. and Mrs. Donald Fowler of 645 Hawthorne, outgoing chaplains, officiated at this, the second installation service of the Mariners.

The Mariners, married couples of the Church interested in Christian fellowship, are planning an interesting 1965. There will be activities for the whole family, discussion, groups, service projects and fund raising activities. The group is also sponsoring a Book Fund at Alma College, Alma Mich.

After the installation service the group met in the recreation room of the church where they heard officers of the church present facts about the church's expansion program. The resolution presented by these men will be acted upon by the entire congregation at the annual meeting on January 29.

Remember—the best way to help others is to help yourself.

Club to Hear V. R. DePetris

Vincent R. DePetris, nationally known hybridizer of chrysanthemums, will speak on and present a display of "The Best in House Plants" when Men's Garden Club of Grosse Pointe holds its regular meeting, Thursday, January 21, at 8 p.m., at the Grosse Pointe War Memorial Center.

A graduate of Rhode Island State and Harvard Universities, DePetris is a past president of the American Chrysanthemum Society and an honorary life member of the National Chrysanthemum Society. He was awarded national gold medals by the Massachusetts Horticultural Society in 1941, and by Garden Clubs of America in 1948. In 1961, he was cited by the American Association for the Advancement of Science as one of the leaders in his field.

Locally, DePetris is a past president of Grosse Pointe Rotary Club, first president of Men's Garden Club of Grosse Pointe, and a founder of Men's Garden Club of Detroit.

His talk will stress those plants which can be grown most successfully in the home. He will also discuss and display "patio plants," such as tree geraniums and tree myrtle, which can be grown both indoors and outdoors.

DePetris will be introduced by R. Frederick Shepherd, vice-president and program chairman of the Club. All male gardeners in the area are invited to attend.

Tea Is Planned
By St. Raphael's

St. Raphael's Guild will sponsor a tea Sunday, January 24, from 2 until 6 o'clock, at the Monastery of St. Theresa of the Child Jesus in Wyoming avenue.

Mrs. Earl Vance, Guild president, has appointed Mrs. Joseph DuMouchelle, of Lakeland avenue, tea chairman.

Assisting Mrs. DuMouchelle will be co-chairman Mrs. Edgar Haydon and Mrs. William Finnegan. Mrs. John Huguette, Mrs. John Cooley, Mrs. Sam Morganroth, Mrs. Harry Collins, Mrs. Hellmuth Hicke, Mrs. Pete Montagne, Mrs. Arthur Hathaway and Mrs. Bernard Bray.

The purpose of St. Raphael's Guild is to promote and develop an interested and effective lay group to assist financially and materially in carrying out the spiritual and charitable objectives of the Discalced Carmelite Nuns.

The nuns work in solitude, sewing vestments and baking Communion breads, their only means of support other than alms people send or leave after making a visit.

As a general rule most any man is unreliable when talking about his side of the case.

spent two weeks in Malta with his Rugby classmates. He returns to England next Monday.

Deborah has already gone back; she left last Tuesday, but was happily on hand for the cocktail party her parents hosted Monday evening.

Of Notre Dame — And The Tree That Wasn't

The beautiful sketch of Notre Dame at night, white on blue with the Seine throwing back the Cathedral's reflection, wishing Mr. and Mrs. Henry deSegur Lauve's friends "Joyeux Noel" is the talented Mr. Lauve's own work.

Notre Dame has a special spot in the Lauves' hearts and lives. Mrs. Lauve's father first kissed her mother atop one of its towers.

Mr. and Mrs. Lauve often rendezvoused near the Cathedral during their courting days in Paris; later, the Lauves' two sons returned to visit the Cathedral with their parents.

Through the years, Notre Dame has come to mean a great deal to Mr. and Mrs. Lauve—which is why they chose to depict the Cathedral on their 1964 Christmas card.

And speaking of '64 Christmas cards... Mrs. William S. Turner, of Newberry place, was reading the "Who, Where and Whatnot" holiday column devoted to Christmas cards in the December 31 issue of this paper when she came across a description of Mr. and Mrs. Donald O'Brien's "Christmas tree in the snow."

Mrs. Turner blinked — and went to check her card from the O'Briens. It was most definitely NOT a Christmas tree in the snow.

Luckily, Mrs. Turner and Mrs. O'Brien are good enough friends to be able to ask each other, "What happened?" Seems the O'Briens' Christmas card list grew during the year but their Christmas card order did not, (sound familiar?).

Mrs. O'Brien was in the middle of the "T's" when she ran out of cards. She bought some new, resurrected some old and managed to complete her holiday correspondence patchwork-fashion.

Most of these "last-minute" cards went out of town, but a few, (like the Turners'), reached local residents, many of whom must be wondering who the other Donald — with no "d" on the end of their name — O'Briens are!

Annual Breakfast Club Meeting

Anyone up and about at 7:30 o'clock next Wednesday morning is most cordially invited to drop in at the Farms Grill in Mack avenue for the 1964 annual meeting of the Farms Grill Breakfast Club, (yes, 1964 is correct — the meeting was originally scheduled in December, but was postponed due to the absence of several directors).

The Breakfast Club is comprised of business executives residing in The Pointe who have been meeting for breakfast each morning for the past several years. Only membership requirement is reasonable attendance.

Few of the members were acquainted prior to the inception of the club, but the daily, friendly meetings have developed a sense of camaraderie among the men, (camraderie? — at BREAKFAST?).

These members maintain that relaxation and frivolity is the by-word at their breakfasts, adding that many delightful social activities have resulted from the formation of this unique club.

Current Breakfast Club members are Al Baumann, Bob Cunningham, Hugh Delfs, Ralph Disser, Mel Duffy, Carl Fromm, Chuck Herrick, Bob Koebel, Ray Snay, Clarence Tibbits, Jeff Welscher and Mark Yeager.

There will be a special presentation to the Chairman of the Board immediately following the annual meeting.

Girl Scouts Give Christmas Skits

An international flavor permeated the club room at Our Lady Star of the Sea School on the Feast of the Epiphany, January 6.

Each patrol of Girl Scout Troop 1614 produced a skit to meet the requirements for the Achievement Badge for the sign of the star.

The skits represented customs of various countries during the Christmas season.

Some of the skits enacted were Lady Bafanta of Italy, who brought gifts as did Christ-kindle from Germany.

Sweden's Santa Lucia day was celebrated and the children sang her song as they do to the "shut-ins" in Sweden.

Mexico's "Pinata," a bag which holds all the goodies of Christmas, was opened and gifts given to each girl in the Troop.

The traditional cheese fondue from Switzerland was prepared by Mrs. John Corbett who contributed her prized recipe to the festivities of the day.

Mrs. William Clapp baked the "King's Cake" which conceals a bean — making the respective finder "King" of the feast.

Mrs. Robert Opdyke, the troop leader, was proud of her girls as were Mrs. Charles Bolton, Mrs. Daniel Brown and Mrs. Thomas Black, who helped with this satisfying project.

"Suzanne Labin, who has visited Vietnam many times, was in Saigon before, during, and after the assassination of President Diem. A brilliant writer and a keen analyst, Mme. Labin is highly esteemed by members of Congress, irrespective of party, who have worked with her in the past. In these days of managed news and slanted reporting, this eye-witness account by an experienced, independent observer gives the American people the first full picture of what has been going on in Southeast Asia — and an indication of what is required if disaster is to be averted."

To receive this book, send \$1, your name and address to: Education Committee, 54 Touraine, Grosse Pointe Farms.

The Education Committee of the Women's Republican Club of Grosse Pointe recommends for your reading the paperback, "VIETNAM, AN EYE-WITNESS ACCOUNT" by Suzanne Labin.

Bride-Elect

The engagement of SUSAN P. KEECH, daughter of Mr. and Mrs. Calvin Keech, of Hampton road, to Jose Ignacio Calleja, of Mexico City, has been announced by the bride-elect's parents.

Miss Keech attended Grosse Pointe High School and Michigan State University. Her fiancé, son of Mrs. John M. Sayre, of Fort Lauderdale, Fla., and Jose Calleja, of Mexico City, Mexico, attended Villanova University.

An April wedding is planned.

Sorority Offers Help to Student

Announcement has been made that Alpha Xi Delta, national social sorority for college women, is again offering a graduate fellowship for advanced study in the field of Social Service, the grant to be \$1,500.

This annual award is part of the national philanthropic program of the sorority and was first made in 1959. Alpha Xi Delta is continuing to offer this Fellowship because it concurs with the thinking of most civic authorities and juvenile court officials that there is an increasing need for trained personnel to work with young people.

The history of Alpha Xi Delta's first national philanthropy began in the early twenties. However, it was not until 1948 that a definite trend was established and the decision made to support the American child through local and national philanthropic projects. Following this decision, a National Philanthropic goal was approved and established by the sorority's National Council in 1958—that of Preventing Juvenile Delinquency in the United States.

Through a national philanthropy, it was hoped to supplement local efforts and give unity and identity to Alpha Xi Delta's program of service to others. Also, it was felt this type of goal offered unusual opportunities, nationally and locally, for college and alumnae members to accomplish rewarding philanthropic work.

It was further hoped that by having a specific national philanthropic goal and encouraging local chapters to pursue a related program, the result would be greater strength and accomplishment through unity. Since then, through funds collected each year and raised by special projects, support has been given to diversified services based on timeliness and urgent need in the field of juvenile delinquency prevention.

The Grosse Pointe Alumnae chapter supplies funds to a Visiting Teacher that she may meet some special needs of underprivileged children on her roster of handicapped and retarded pupils. Other area alumnae chapters maintain separate programs—Detroit (Westside), Dearborn (West Suburban), and Birmingham (North Suburban). This is true also of the college chapters.

To be eligible for this fellowship award, an applicant must be a graduate of an accredited college or university, have an outstanding scholastic record, and be interested in pursuing a career of working with children or youth to prevent delinquency in the United States. The award may be used at any appropriate school of the successful applicant's selection.

Interested persons may obtain an application for the Fellowship from Mrs. Arthur Bersey, 14362 Harbor Island, Detroit 15 or from Mrs. David Leach, 51 Colonial Rd., Grosse Pointe 36. Completed applications must reach the National Philanthropy Committee by March 1.

Dr. Grams is the leader of the Human Development Program at the Merrill Palmer Institute of Human Development and Family Life. In this position he teaches and does research in parent-child relationships and is coordinator in parent-education activities.

Dr. Grams has been a teacher and principal of elementary schools, an instructor and assistant professor of education and psychology at DePaul University, and head psychologist at the Dyslexia Memorial Institute in Chicago for the study and treatment of children of normal and above average intelligence who have reading disabilities.

He served as associate professor of psychology at Wisconsin State College and associate professor in the Institute of Child Development at the University of Minneapolis.

He received his B.S. degree in education at Concordia College, River Forest, Ill., in 1945; his M.A. degree from DePaul University in 1947; and his Ph.D. degree from Northwestern University in 1952. Dr. Grams is a certified consulting psychologist for the State of Michigan and his book, "Children and Their Parents," was published in 1963.

In other AAUW activities this week Miss Virginia Hoelzel will present "An Evening of Travel in India" for the Tuesday Evening Group at her home, in University place at 7:45 o'clock on Tuesday, January 19.

A Grosse Pointe elementary school mathematics teacher will discuss the new mathematics at a meeting of the Education Group on Wednesday, January 20 at 8 o'clock at the home of Mrs. Edward Bunn, in Balfour road.

It takes sudden poverty or riches to reveal true character.

Play Producer At Town Hall

"What Makes Broadway Tick?" will be Kermit Bloomgarden's subject at Detroit Town Hall Wednesday morning, January 20 at 11 o'clock in Fisher Theater.

Bloomgarden is the Broadway producer who has put on such award-winning hits as "Music Man," "The Diary of Anne Frank," "The Most Happy Fella," and "Death of a Salesman."

In "What Makes Broadway Tick?" Bloomgarden will discuss what it's like to work in the theater, why the American musical theater is the nation's biggest contribution to international culture; what makes success or failure at the box office, the influx of foreign plays, and the off Broadway theater.

Tickets will be available at the Fisher Box office the day of performance.

Strike back when adversity hits you—it's a winning policy.

It takes more than sunlight to brighten a shady reputation.

DYC Schedules Dinner Dances

Entertainment chairman Warren Lapham has started a new series of Saturday night dinner dances at the Detroit Yacht Club.

Instead of having a different band each Saturday beginning at 9 o'clock, he has engaged the Eddie Krupa brothers to play in the Main Dining Room regularly. Beginning at 7, three musicians stroll throughout the dining room, stopping at the various tables to play special requests.

Later in the evening a fourth musician joins the others, and dance music is played until midnight.

The new policy started January 9, and met with immediate acceptance. It is expected that many members who make dining at the DYC a regular Saturday evening affair will enjoy knowing the regular band members, and somewhat the same relation that the regular Phil Girard band has developed over the years in the Grill will take place between the Krupa brothers and the Saturday night diners.

INITIATIVE
Set the pace—don't follow in the footsteps of others if you wish to be a leader.

OUTER CIRCLE
High society gets some people out of their orbit and many are lost in space.

Power Squadron Offers Course

All present and future skippers can gain practical knowledge in safe boating by enrolling in a free Pilot Course.

Anyone interested in safe boating can join others with similar interests in one of the most complete and comprehensive courses presented by the members of the Grosse Pointe Power Squadron, a unit of the United States Power Squadrons, the largest public service boating education organization in the world.

The 13-week course covers nautical subjects pertaining to outdoor, inboard and sail—from a dinghy to a large cruiser and is essential to people who navigate the crowded waters in this area.

Registration for classes began January 11 at Grosse Pointe High School. Anyone interested in taking the course please phone Lt. Nelson MacKenzie, LA 7-7828 or Lt. Edward Osbold, TU 1-8014.

To Participate In Twins Study

By Ellen Kennedy
Two seniors from St. Paul High School will participate in a government study on twins, next summer, in Bethesda, Md.

The girls, Jeanette and Janice Jammerino, will be under extensive observation, and will be administered various tests to survey the environmental and hereditary factors in personality relationships.

The tests, which will be conducted at the Clinical Center of the National Health Institute, will span a two-week period, during which time the girls will be given an opportunity to tour Maryland and the Washington area.

The twins, who are identical, will stay at the Center with their parents, who are an integral part of the experiment. All expenses plus room and board for the family, will be covered by the project.

School President Plans Reception

Dr. Howard L. Jones, president of Northfield and Mount Hermon Schools, East Northfield, Mass. has scheduled a parents' reception at Cobo Hall on Saturday, January 16, from 4:15 to 5:30 p.m. for all those who are interested in the possibility of enrolling their children, as well as those whose youngsters are now enrolled.

President of the largest independent secondary school system in the United States, Dr. Jones will visit the Detroit area this month to talk to all prospective students and their parents. Before becoming president of the Schools in 1961, he was vice-president of Colgate University.

All questions on admissions, tuition, scholarships, curriculum and placement will be answered at the reception. A new color motion picture, which depicts life at the schools today, will be shown.

The schools are comprised of Northfield School, enrolling 573 girls, and Mount Hermon School, five miles away, enrolling 605 boys. Both schools, under a single board of trustees, are on the college preparatory level.

TIRES TAKEN
According to City Police, two front tires and wheels were taken from a car which was at the rear of O'Leary's Cadillac on Jefferson. The car was left resting on a milk crate.

Adult Education Classes Slated

Vocational and avocational courses for adults will soon begin again under the auspices of the Department of Community Services, Grosse Pointe Public School System.

Classes in Copper Enamelling and Silver will be offered starting Tuesday, January 19, (taught by Mrs. Eva Klein), Wednesday, January 20, and Thursday, January 21, (both of these classes, instructed by Sonja P. Couthum). All three classes will be of 10 weeks' duration and will meet at 7:30 p.m. Students will be taught various methods of working with copper and silver in making jewelry and small decorative items.

Two courses which should be of special interest to anyone involved in "redoing" valued pieces of furniture are Chair Caning and Upholstery. Chair Caning, a 10-week course taught by Thomas Avey, will begin Wednesday, January 20, at 7 p.m. Mr. Avey, who is associated with Goodwill Industries, Inc., is one of the very few people skilled in this craft. He will work with the individual students to restore antique and newer chairs in need of caning. Ora Russell will instruct the four Upholstery classes for 10 weeks, beginning Monday, January 18, through Thursday, January 21, at 7 p.m.

Driver Training for Adults is a four week class consisting of eight class lessons. This course will introduce non-drivers to the rules and techniques of driving through both lectures and practical road experience, in preparation for earning a driver's license.

"Investment Procedures" on both the beginning and advanced levels, will again be taught by Peter Logan. Mr. Logan brings to his students much practical experience in the investment world. He has been a member of both the Graduate School of Business Administration at Wayne State University and the School of Business Administration at the University of Michigan. Logan's classes will meet on Monday, February 1, (Beginning), and Wednesday, February 3, (Advanced). Both sections will be eight-week classes meeting at 7:30 p.m.

Commercial classes, whether for personal use or as a preparation for job training, have long been popular with Grosse Pointe residents. For this reason, many classes in Typing, Shorthand, Transcription, Bookkeeping and Electric Typing will be offered during the winter semester. Information as to the schedules of these classes may be obtained by calling the Department of Community Services.

Advanced registration for any of the above classes must be made by calling the Department of Community Services at TU 5-3808 or TU 5-0271. Interested persons are advised to call as soon as possible, as all classes are limited in size.

The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

Bonds maturing in the years 1977 through 1980 will be subject to redemption by the City prior to maturity, in inverse numerical order, on any one or more interest payment dates on and after September 1, 1976, at par and accrued interest plus a premium of 1/2 of 1% on each bond. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the City. No proposal for the purchase of less than all of the bonds or at a price less than their par value, will be considered.

A certified or cashier's check in the amount of \$10,000.00 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the City must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Dickinson, Wright, McKean & Cudlip, attorneys, Detroit, Michigan, approving the legality of the bonds. research specific subjects, such as taxes, race relations, economic problems and education, then report to the other members, with a general discussion following.

The January 13 meeting was an analysis of the poverty bill and Detroit's plan for imple-

At the next meeting, January 20, medical care for the aged will be discussed by Mrs. Lee Hennes and Mrs. Esther Glasser.

Purpose of the group is to enlarge understanding of public problems and issues, to learn to develop and evaluate data from all means of communication available, and, by a meth-

od of inquiry and information, to think through the complexities of public problems, subsequently to reach decisions on such problems, then, if possible, take judicious action through letter writing and contacting other citizens and legislators.

With three daughters . . . ages 18, 20 and 22, Mrs. Clinton Amluxen, of Whittier road, is a busy, busy woman—but through it all, she manages to maintain her sanity and her sense of humor. Snatching time. (HOW, we wonder?), from her frantic schedule recently, she penned several rhythmic dissertations on situations every mother knows only TOO well. The verses were written for Mrs. Amluxen's and her daughters' amusement . . . but the Amluxens have no objection to sharing them with other mothers and daughters:

She is home from college with her laundry bag in tow. "I'll wash and iron it all myself, but now I've got to go. Home for just a week-end, so many 'kids' to see." Someone's got to do it, and I know who THAT will be.

Shrieks and giggles fill the air and records play full blast. Chips 'n cokes and sloppy Joes are going awfully fast. Dancing going all the while—my, these girls are hearty! It's five A.M. and they're awake at Chris's slumber party.

Karen wants the car tonight, only until nine. "If you're not prompt—no car again!"—we lay it on the line.

At nine, she calls and "May I stay to hear the Brothers Four?"

Eleven o'clock. "Oh mom," she says. "We're going out the door."

We've starved and now are Pizza bound, I'll be home when that is done."

And I am turning purple as the clock points out, "It's one."

"Oh, let us keep this Poodle that Uncle Bob is giving. Every home should have a dog—it's all a part of living. We'll feed him—bathe him—walk him, too. Won't you please say yes?"

Now who feeds and bathes and walks him—I'll give you one good guess.

You can always hear me asking, Friday after school. "Get your homework finished—you know that is the rule."

"I haven't any" I hear then, or, "I haven't very much." Saturday and Sunday—not a schoolbook does she touch. Then, Sunday night 'round eight o'clock—Chris's face is filled with doubt.

"A theme is due tomorrow—what SHALL I write about?"

There ARE two items I should buy—simply by the gross. Clips and Kleenex make me play my budget mighty close. Where lost clips go, I'll never know—my girls upon their date.

The Kleenex ends as flowers—upon the High School float.

Sue and Karen were not speaking, (a sister's spat you see).

An ominous silence filled the house, which startled even me.

Then, Sue was VERY friendly and soon I heard her holler—

"Karen, may I wear your coat—the one with the raccoon collar?"

All is quiet 'round our house and with this comes the knowledge: The reason for this noiseless state—the girls are back at college.

PILFERINGS

A post office clerk in Carmel-by-the-Sea, Calif., was helping an elderly woman, who was going away for a few months, fill out the usual form for directions on forwarding mail. Ali went fairly well until they came to the place where you check the proper square to say which classes of mail you want forwarded.

The old lady pondered the point while the clerk waited and a growing line of customers fidgeted. Finally the decision came. "Just send along," the lady instructed, "anything that looks interesting."

Ah, if the rich were rich as the poor fancy riches! —Emerson

During the after-dinner conversation, my wife couldn't resist showing our guests her new mink coat. The women were ecstatic, but one of the husbands took me to one side and remarked, "That looks like a very expensive fur. Must have set you back quiet a few dollars."

"Oh, you might say we got it on a trade-in," I hedged.

"Trade-in?" he asked. "What did you trade for it?"

"Our old bank account!" I replied.

KATHY JENS, OF BALFOUR ROAD

By Janet Mueller

Kathy Jens' biggest problem right now is remembering which way to look before she crosses the street. After 11 months in New Zealand, where cars drive on the "wrong" side of the road, she is inclined to glance right when she should glance left, left when she should glance right.

So far, she has managed to avoid an accident. And chances are, by the time this article appears, Kathy will have adjusted again to traffic patterns in the States. Kathy is a very adjustable sort of girl.

She was only 16 when she left last January for Christchurch, New Zealand, to begin an 11 months' stay with the Trevor D. Down family. Her year abroad was sponsored by the American Field Service student exchange program. Eleven months is a long time to be away from home, but Kathy loved every minute of her New Zealand year.

Back now at Grosse Pointe High School, she finds GPHS "pretty busy" compared to Girls' High School, Christchurch.

Kathy found out she would be leaving for New Zealand in December, 1963. "It was the best Christmas present I ever could have asked for."

Whole Family Thrilled
Her parents, Dr. and Mrs. Wayne H. Jens, were almost as excited as she was; her sisters, Martha, 14, and Emily, 10, and seven-year-old brother, Andy, were equally thrilled.

"At the beginning, and for the first month or so after I left, my mother was very, very proud," Kathy laughs. "Then all of a sudden it sort of hit her: My poor little girl, all alone down there, why did I ever let her GO?" (Now that Kathy is safely home, Mrs. Jens is once again very, very proud, and very pleased with herself for letting Kathy go.)

It was "one mad rush the whole month" before Kathy finally joined her fellow AFS travelers in San Francisco. The group, 34 in all, (11 headed for Australia, 23 for New Zealand), flew first to Honolulu, then to Fiji.

First stop in their new "homeland" for the New Zealand contingent was Auckland, where 14 AFS students met their North Island families.

"One lady got me mixed up," Kathy giggles. "She was sure I was her 'Susan'." Eventually the real "Susan" turned up. Kathy escaped, and the nine AFSers bound for the South Island went out to lunch together.

All Very Confusing
Fatigue and excitement combined to make them a little giddy. "We saw cars going down the 'wrong' side of the street, people eating the 'wrong' way . . . when the cash register started to pop up shilling signs, we all began to laugh."

They were still laughing as they boarded their plane for Christchurch. Anne Tenney, of New York City, was the only other American student scheduled to remain in Christchurch; she and Kathy looked at each other, sleepy and bedraggled after days of traveling, and wondered if their New Zealand families might decide to send two such unprepossessing examples of America's teenagers back home on the next flight.

They needn't have worried. The plane taxied to a stop, the door opened, Kathy found herself first in the line of debarking passengers, facing television cameras, reporters and a friendly crowd gathered to give the arriving Americans a rousing welcome.

She met the Down family, her new parents, her new sisters, Susan, her own age, and Gay, a few years older, her new young brother, Christopher. Everybody liked everybody on sight.

"At first we drove around, we looked at the school and at the city. Then we drove home,

where I opened my suitcase, pulled out the presents I had brought for the Downs and grabbed some Bermudas. Then we went to the beach."

Started With Vacation

Kathy arrived in New Zealand at the end of "summer" vacation. In the two weeks before school re-opened, she lived in a caravan and tent on the beach at South Brighton with her new family.

"It was away from things, but it was still close enough to the city so that dad (Mr. Down) could go back and forth to work every day."

She was really frightened when a porpoise came swimming up to her air mattress, but enjoyed learning to surfboard and participating in barbecues, hootenanny sings and motorcycling.

School began: the routine was familiar and unfamiliar. From a fairly large, coed American high, Kathy went to a 700-pupil all girl school, where "everybody knew everybody."

But there were always new faces: "There are about 20 high school in Christchurch, and they often do things together."

She wore a uniform: "I loved my uniform. It gave the school a kind of unity, and it is really much handier, it saves clothes competition." Her school shoes were brown oxfords, her school hat a Panama. ("You wear it with the brim up in back and down in front, and an elastic under your chin so that it doesn't fly off.")

Hats Become Souvenirs
Traditionally, at graduation, Girls' High School students remove the headbands from their hats, fray the brims and have all their friends sign their names on the straw crowns. One of Kathy's best loved souvenirs is her signed, frayed "graduation hat."

She bicycled to school: "Everybody rides a bicycle in Christchurch, because it's flat . . . you see students, men going to work, old ladies going shopping, all on bikes."

Kathy took the same type subjects she was taking at Grosse Pointe High — English, Math, Geography, History and French.

She found herself accepted by the other students easily and quickly, and was soon responding to a nickname, the "Peewee Kiwi," (she stands about five feet tall "in shoes").

In mid-May she faced another adjustability test. Mr. Down, a banker, was transferred to Auckland in the North Island, and the Down family was forced to move. (It was a mobile year for the Downs; before Kathy left, Mr. Down had been transferred again, to Waitara.)

Gets Second Family
Rather than switch schools, Kathy looked around for another family. Many Girls' High School classmates offered their homes to the visiting American. She eventually moved in with the Pat Barrers and their four children, Diana, 18, Bridget, 16, John, 12 and Jane, 6.

Mr. Barrer is an agricultural advisor for the New Zealand government, and there is a farm in the Barrer family. Now, Kathy jumps out of her bed in Grosse Pointe and lands on a thick, white New Zealand sheepskin Mr. Barrer obtained for her — "It's wonderful to feel it under your feet first thing in the morning."

During her 11 months in New Zealand, Kathy took many side trips. "Every holiday, we tried

to do something," she reminisces.

The New Zealand school year is divided into three terms, with several weeks' vacation between each term. At Easter time, before the Downs left, Kathy and her "first family" toured the west coast of the South Island, traveling through every type of terrain imaginable, from tropical forests to glaciers and mountains.

She returned to Christchurch with Gay Down, who is studying to become a school dental nurse, moving in with her "second family" just as school began again.

In the first week of the August holidays, Kathy and Bridget Barrer were invited to visit an AFS friend of Kathy's, a girl from Maine spending the year with a family in Invercargill, at the south end of the South Island.

Visited Sheep Station
The "sisters" left Invercargill after a few days to spend some time on a sheep station in the back country before returning to Christchurch, where they joined a group of teenagers in an expedition to a Ski Hut in the mountains.

Kathy skied on a glacier. She devoted one day to touring ice caves; "I really loved that!"

An AFS bus tour occupied the last week of the August holidays and the first week of their final school term. Students stationed on the North Island traveled through the South Island; South Island students visited the North Island.

Kathy was especially impressed by her visit to the capital city, Wellington, where she met the American Ambassador to New Zealand and the Prime Minister, and looked in on Parliament.

Kathy's third and final school term ended December 11. She spent a few days packing, loading her luggage with gifts for her family and friends, arranging for other things, (mostly clothes), to be shipped back to the States.

She went to the North Island for one last visit with the Downs, then boarded the plane for home and Christmas in Balfour road.

"Leaving was very sad. I kept remembering things: The Labor Day weekend when we all went to an uncle's 'batch' (cabin), in the north part of the South Island, up in the 'sounds,' (deep, narrow bays between mountains, rather like the Norwegian fjords) . . . The first day of school, when everyone was so kind . . .

100 See Her Off
"I was very lucky, because I had about 100 people at the airport to see me off. I said three good-bys, actually: Good-by to my first family, good-by to my second family, and good-by, in San Francisco, to all my AFS friends."

At home, now, Kathy has many souvenirs of her sojourn in New Zealand, "pois," pebble filled balls Maoris twirl in their hands when they dance, (the Maoris, Polynesians, are the original inhabitants of New Zealand), a banner bidding everyone "Haere Mai," ("welcome," in the Maori tongue), carvings and keepsakes.

But she found something more important in New Zealand:

"The first few months we were there, we were settling in. Everything was exciting. Then, after a while, it seemed so like America, we wondered why we WERE there. In the last months we realized what our purpose was: To show the people Americans as they really are."

"The biggest thing I learned all year is that countries may have little differences, but people everywhere are just about the same."

Marie Bird's Beauty ByLine

My fondest wish for '65 is that women all over this wide, wide world will be Pretty — Witty — and Wise.

Pretty in the eyes of their families from dawn to dusk — Witty enough to accept the day's joys and problems with a light feminine touch — Wise enough to possess a true sense of values — Fashion-wise in preferring coiffures and fashions that beautify rather than atrocious fads.

Why don't you firmly resolve to be the individual that you have the potential to be? Take time for Organic Protein Treatments to revitalize your hair — for frequent shapings — or a few Perm Curls on the neckline to offset the way hair straightens in cold weather.

A hairdo should suit you and your way of life — look well from one salon visit to the next. Not every gal can be an Inger Stevens and take her hairdresser with her on vacations and TV assignments to Europe, South America, etc.

Your beauty is our only business — so call TUxedo 1-6833 or drop in at 117 Kercheval. Our salon is always open Mondays for your convenience.
