A DEFENSE DEPARTMENT statement, yesterday disclosed that an F105 Thunderchief and F100 Supersabre, U.S. Air Force fighter bombers, had been shot down Wednesday while striking at a key road in Laos. The road is one over which supplies and men reach Communist Guerrillas in South Vietnam and central Laos. The announcement of their loss was the first indication that the United States has extended its military operations in Southeast Asia to attack Communist supply lines outside South Vietnam. Four other U.S. planes have been shot down since June, but the Defense Department has said that they were on reconnaissance missions only.

CONGRESS WAS ASKED yesterday by President Johnson to do away with the old quota system for immigration and pass a new law which would include consideration of immigrant skills and family unity. The new law would also be on a first-come, first-served basis. The President said the 40-year old quota system was "incompatible with our basic American tradition" of asking "not where a person comes from, but what are his personal qualities."

MICHIGAN'S 73RD LEGISLATURE opened Wednesday in Lansing. For the first time in 30 years, Democrats were in control of both the House and Senate. Rep. Joseph J. Kowalski (D., Detroit) was formally elected speaker of the House. The legislators will hear Gov. Romney's State of the State address today and then recess until January 25.

Friday, January 15
PRESIDENT JOHNSON and Canadian Prime Minister Lester B. Pearson are expected to sign a free-trade agreement for automobiles and parts today. State Department sources say the agreement would eventually eliminate all tariffs between the two countries on new passenger cars and parts for new vehicles. Tariffs are to remain unchanged for replacement since only the new car parts are involved. It is hoped the agreement will put an end to a two-year struggle between the two countries over a Canadian duty remission scheme which has reduced exports to Canada by some independent companies manufacturing replacement parts. The scheme, however, has boosted U.S. purchases of Canadian-made parts from \$8 million to \$60 million.

CONGRESS WAS ASKED yesterday by President Johnson for \$3.38 billion in foreign aid for next year. It is the lowest request for the program since it was started after World War II. The President also asked for a new kind of aid authorization for Vietnam and emphasized aid through international channels. He included in his message to Congress a general policy statement which said that developing countries "need to avoid spending their resources on unnecessary armaments and foreign adventures."

GGV. ROMNEY in his "State of the State" message to the legislature Thursday said that in this time of prosperity the state faces more money problems and that he is ready to work to reform Michigan's tax structure. Although the Democratic-controlled legislature must show it wants reform, he will make the first step by appointing a "task force, bipartisan" study commission to decide on the state's financial requirements for the next 10 years.

BRITAIN'S 90-year-old wartime leader, Sir Winston Churchill, lay near death today in London. He was stricken by a blood clot on the brain yesterday, after fighting a cold and a circulatory weakness. His doctors said he was slipping into "deeper sleep" but he was not suffering. Churchill has survived a number of major illnesses. (Continued on Page 19)

Liggett School's New Building Nears Completion

Man Reports Being Held Up in Home

Park Resident Says He Was Bound and Gagged Before Thief Took Cash and Old Watch

A Park resident told police on Thursday, January 14, that he was held up at knife point in his own house, and robbed of \$55, according to information released by Park Police Chief Arthur Louwers.

Victim of the holdup was William Schneider, 43, of 1036 Maryland, who told investigating officers that the crime occurred between 9:30 a.m. and 10:30 a.m. He did not call police until 3:30 p.m., Chief Louwers said.

Schneider told Det. Lt. Stanley Enders and Det. James LaPratt, that when he answered the front door bell, he was confronted by an extremely tall colored man in his thirties, and weighing about 230 pounds. The man flashed a push-button, six-inch blade knife, and forced his way into the house, saying "I want money."

Tied Up With Ties
Schneider said that he was forced to his first floor bedroom, where the assailant made him lay face down on the bed and bound his hands and ankles with several ties. The Park resident said that the man forced a gag into his mouth and tied it with another tie.

The Park resident said that the robber took \$51 from his wallet, then asked him where the rest of the money was kept. Schneider said that he was (Continued on Page 4)

Ground Broken for New Science Building at GPUS

Ground-breaking ceremonies will be held Friday, January 22, for a new \$450,000 Science Building on the campus of Grosse Pointe University School, 1945 Cook road, Hugh C. Riddleberger, Headmaster, announced today.

The new building, an important part of a \$2,650,000 building and endowment project entitled "Program for Excellence," will house four laboratories and a teaching amphitheater, and will contain the most advanced equipment for the teaching of chemistry, physics, biology and general science, Riddleberger said.

"This new building will enable us to meet the increasing demand being placed on the teaching of science, and it will also mean we can attract the finest teachers and give them

Liggett School to Move Into Fine New Building During Spring Vacation

Revered Institution Leaving Indian Village Site for Magnificent Plant in Woods; Cost of Land and Structure Placed at \$2,200,000

Moving day is just around the corner for Liggett School.

Come the beginning of the school's spring vacation on March 19, school officials will start the move which will bring the 87-year-old school to its new home east of Vernier road in Grosse Pointe Woods, from its present one in Burns avenue in Indian Village, Detroit.

According to Frank J. Sladen, headmaster of Liggett, the \$2,200,000 Georgian building will be ready for occupancy by the 240 enrolled students at the end of the spring recess.

The transfer of location from Detroit to Grosse Pointe climaxes a long struggle on the part of officials, alumnae and friends to bring the well-known girls' school to its location in the Woods.

Purse Snatcher Misses Target

A supermarket shopper almost lost her grocery money on Monday, January 18.

Mrs. Katherine Field of 4005 Hereford, Detroit, told City police that a young man attempted to take her purse as she left her car to enter Packers Store at Mack and St. Clair.

She had parked her car in the parking lot at the store when the youth with long, blond hair, tried to grab her handbag which contained \$23. She described him as 18 to 20 years old, tall and wearing a ¾ length dark coat.

According to police, he may have had a companion waiting for him in a car.

Sid Luckman Speaks Here Next Tuesday

Football Great to Give Second Lecture in Series in Fries Auditorium January 26

The second program in the third Annual Lecture Series of the Grosse Pointe War Memorial Association will feature Sid Luckman, former Columbia University star and professional football player.

Mr. Luckman's talk, which will be given in the Center's Fries Auditorium, is scheduled to begin at 8:15 o'clock on Tuesday evening, January 26.

The Commissioner of the National Football League, Pete Rozelle opened the series last Tuesday evening before a near-capacity audience.

During his two years, from 1936 to 1938, at Columbia, Mr. Luckman had a brilliant collegiate football career. He was All-American Quarterback and was elected to the Football Hall of Fame. He then played 12 seasons with the National Football League's Chicago Bears before retiring in 1951. In 1943 he won the most valuable player award.

Joins Chicago Bears
After his retirement Mr. Luckman joined the Bears as a vice-president and coach. He is also an outstanding figure in the business world and active in community and civic affairs, where his special interests lie with the youth of our country.

The invocation before his lecture will be given by Dr. Dale A. Ihrie, minister of the Grosse Pointe Baptist Church. As at the first lecture, the (Continued on Page 3)

Judge Forgives Young Essayist

Robert Goodenow, 18, of 1260 Maryland, knows the importance of laws enacted for the protection of citizens, especially for pedestrians.

The youth appeared before Park Judge C. Joseph Belanger on Wednesday, January 13, to answer a charge of jaywalking. Goodenow entered a plea of not guilty and was found guilty.

For punishment, Judge Belanger ordered the youth to write a 300-word essay on "What I Think of Law and Order," and to submit the work to the court.

Goodenow did not leave the courtroom, but promptly sat down and wrote an essay that apparently pleased the judge, who after reading the youth's masterpiece, dismissed the charge against him.

City Details Need Of Sewer System For Modernization

Open Meeting Held to Inform Residents of Reasons For Proposed Bond Issue of \$1.32 Million To Be Voted On Next Month

More than 140 interested citizens of Grosse Pointe City attended Monday night's open council meeting to hear and see a detailed description of the City's sanitary and storm sewage problems. The meeting was held in the gymnasium of the Mair School in Cadieux road.

Voters are being asked to approve at a special election, February 15, a 20-year General Obligation bond issue of \$1.32 million designed to correct and improve the sewage system of the City.

With the aid of color slides, Councilman G. Gordon Cook explained the four major areas of trouble and the necessary steps that must be taken, according to engineers of George Jerome and Company, to eliminate the existing troubles.

State Official Present
The City's complete description of the present problems was reinforced by the presence of Wally Benzie, a member of the Michigan Department of Health. Mr. Benzie pointed out that he was not there to scare people but to tell them it is a problem that must be overcome.

After the defeat of a similar bond issue last September the City council received a letter from the State Board of Health explaining that the health hazards created by inadequate sewage must be remedied or legal action against the City could be taken.

Councilman Cook, in his illustrated lecture, said the four problems that exist in the City are: flooded basements; inadequate sewer capacity; pollution of Lake St. Clair, and an out-moded pumping station. The colored slides graphically showed the audience the present network of sewers; the inside of the sanitary sewers, which in addition to being too small for their flow, are shifting, filled with deposits and penetrated by roots; the results of pollution of Lake St. Clair. Costly Necklace Reported Lost

Farms police received a letter from Boris Gaynes of 19186 Livernois, Detroit, on Saturday, January 16, asking for assistance in trying to locate a costly necklace his wife had lost.

In the letter, Gaynes stated that he and his wife had dined at the On-The-Hill Restaurant in Kercheval avenue on Tuesday, January 12, and when they returned home, Mrs. Gaynes discovered her necklace missing.

The necklace contained an 18-carat emerald and eight round diamonds, and is valued at \$2,500.

Police said that to date, no one has reported finding the necklace, or turned in such an item. Reports of the loss were teletyped to other police agencies in the Detroit area.

Shores Police Have Clue In LS Hit-Run Accident

Shores police have a clue to the make and color of a hit-and-run automobile that ran down and seriously injured John McKay, 62, of 6206 University, Detroit, a watchman at the Edsel Ford Estate, last December 10.

The watchman is still in Bon Secours Hospital, where he had been taken, suffering from a broken right hip and leg, and head injuries.

Doctors at the hospital had to amputate McKay's leg below the knee on December 30, when serious infection set in. McKay is reported in good condition.

McKay was crossing south-bound Lake Shore road, near the Ford Estate, when he was struck by the car. He was tossed 75 feet into the air by the force of the impact. Shores Police Chief Fred Duemling said that although the make and color of the hit-and-run car are known, the driver of the vehicle has yet to be identified. The driver is still being sought, and the help of citizens is asked in an effort to bring about his apprehension.

\$7,358,433 Sought for High School

Requested Figure Includes \$250,000 for Alterations to Present Building

By unanimous roll call vote at a special meeting held Thursday morning, the Board of Education of the Grosse Pointe School System passed a resolution calling for an election to be held Monday, March 22. Two separate proposals will be submitted to property-owning voters of the school district.

The first proposition seeks authority to issue bonds to cover the cost of constructing a badly needed second high school, plus renovation and remodeling of the present high school plant. The second proposition seeks permission to finance an auditorium connected with the new building to serve as a school and community Performing Arts Center.

Spread Over 30 Years
Long-term financing of the project has been planned to ease the tax burden and to spread the cost over a 30-year period among people who will eventually use the facility. It is estimated that the annual additional cost to the taxpayers for the new high school and renovation of the present building will be 1.5 mills, and for the auditorium proposition .16 mills.

Estimated breakdown of costs furnished by the architect include: \$5,561,433 for general construction, mechanical and electrical trades, and heating and ventilation; \$562,000 for site improvements, parking and landscaping; \$85,000 for sewers and utilities; \$700,000 for fixed and movable equipment; \$300,000 for professional fees; \$250,000 for alterations to existing high school.

The total estimate of \$7,358,433 also includes a contingency allowance in the amount of \$150,000. The alternate proposal for an 800-seat auditorium and Performing Arts Center is estimated to cost \$750,000. Both of these cost estimates are within the 1.5 and the .16 mills spread over a 30-year period.

The action climaxes a year and a half of intensive study by the Board of Education and members of the schools' staff in reaching a solution to the problem of enrollment growth. The latest statistics reveal that public schools enrollment have increased 464 pupils over December of 1963. Enrollment increases have averaged 250 for the past five years and show no sign of abating.

Many Plans Studied
Many plans were considered before the Board decided upon the construction of a second high school. These included the construction of additions on elementary and junior high schools, a plan for the operation of the schools on a four-quarter system, and several others.

In September, 1964 a 31-member Citizens' Advisory Committee, working with Dr. Felix McCormick, Columbia University building consultant, recommended as the best possible solution to the school housing dilemma the construction of a second high school on the Vandenberg-Baker site. This site, located near the intersection of Vernier road and Morningside drive in Grosse Pointe Woods, contains 31.7 acres. The present (Continued on Page 2)

Burglar Visits Home in City

The residence of Robert C. Douglas at 897 Lincoln road was broken into and robbed on January 11 sometime between the hours of 6:20 and 9:18 p.m.

The unknown thief or thieves escaped with \$500 in quarters, \$31 in other cash, \$20 in small change, from a change purse, and a wrist watch.

Entrance was gained, according to City police through a door on the north side of the home. The window above the door knob had been pushed out, but no implement was left at the scene of the robbery.

Police found evidence that the upstairs of the house had been ransacked but nothing was taken from the drawers of the bureau. Officers are investigating the case.

School Bond Issue of \$7,358,433 to Be Voted On

high school site at Grosse Pointe boulevard and Fisher has 22.5 acres.

The basic plan provides for a completely equipped and self-sufficient high school. It includes also a small creative theater, (with seating capacity of 350), that can be divided into several instructional areas for daily use. The Board of Education, however, would prefer to see the more adequate auditorium built, since the smaller facility is not adequate to offer a full instructional program in the performing arts nor to stage dramatic, vocal and instrumental productions.

Pongracz States Views
Edward J. Pongracz, president of the Board of Education, said, "I wish to reiterate the sentiments I expressed when I took office in July. This Board, our capable Superintendent and his able assistants are faced with the challenge of reorganizing the student body and planning a much needed second high school with all the advantages this offers our youth for the next decade and even for the next 20 or 30 years. Seldom has a community been given such a good opportunity to continue on its present high level of educational benefits so far into the future."

Dr. Frank H. Parcels, vice-president, has commented, "Teams from the administration and board visited many good new high schools so that we might capitalize upon others' successes and avoid their mistakes. Many ideas in education

have been evaluated and recommendations have been gathered from the most successful teachers on our staff.

"I feel that the architects have produced a fine basic plan for the building. I like the preliminary design, the size, the new ideas incorporated and I like the buildings' adaptability to additions when future generations are faced with similar enrollment challenges."

Look Into Future
Alice Mary Hykes, secretary of the Board of Education, commented, "We have endeavored to plan a building that will continue to provide the same high quality education that has characterized Grosse Pointe in the past, but with an awareness of the future. The proposal, hammered out in many meetings of the Board is a realistic but adequate school plan — classrooms, laboratories, athletic facilities — and represents the best current thinking available on educational construction. Grosse Pointe has always been sensitive and responsive to educational needs. I feel sure that this community will continue to meet the demands of increased enrollment and educational excellence."

Russell H. Peebles, treasurer of the Board of Education, said, "In the triumvirate of teaching, the necessary third is adequate buildings and equipment. I feel this proposed addition to our facilities is not only necessary but desirable. It appears to be wholly functional and a splendid addition to our community. I am also convinced that the cost is competitive in the list of good contemporary educational plants."

Robert F. Weber, long-time trustee and former president of the Board, has said, "For many years Grosse Pointe has been facing the problem of

population expansion which has seriously affected our school capacities. The addition of the second Grosse Pointe High School is not only the most economical means of providing the necessary space for the Grosse Pointe population, but it will also insure Grosse Pointe ample facilities and further expansion potential for years to come at all levels of education. I sincerely hope that the community will support this program and maintain the excellent position Grosse Pointe holds nationally for its outstanding educational program for boys and girls."

Need Must Be Met
Dr. Robert K. Whiteley, trustee, and recent President of the Board, said of the current plans, "The need for a second high school is apparent. It is a direct responsibility of the Board of Education to meet that need."

Barbara Thompson, newest trustee, stated, "The auditorium, which can be voted upon separately, would fill a need in the community not now met by any other facility. Dramatics, instrumental and vocal music, are an important part of our cultural life. Many of our students will enter these fields as a life vocation, just as some will enter law, medicine or business. A performing arts center would be available to students of both high schools and to the adult community."

"We of the Board will be eager to report details of the program as we go along, so that all Grosse Pointers can share our enthusiasm for what looks like a fine school plan. A new building brings us a big step closer to solving our educational problems."

Design Is Flexible
In planning the physical spaces, the building has been

designed with flexibility to accommodate different sized classes, ranging from the standard 25 to groups of over 100. Preliminary plans call for a building of 292,707 square feet. If the referendum is successful, bids will be accepted in the early fall, with the groundbreaking scheduled shortly thereafter. It is expected that Grosse Pointe High School North will open its doors in September, 1967.

After the proposed renovation and remodeling, the present Grosse Pointe High School will consist of 90 teaching stations, the same number as the projected secondary school plant. The two high schools will offer similar programs of instruction, and both will operate under the same Board of Education and Superintendent.

19 Cases in City Court Heard By Judge Paterson

Judge Douglas L. Paterson heard a long docket in City Justice Court on Tuesday, January 12.

In two cases of the 19 heard by Judge Paterson, charges were dismissed because of the failure of parties to prosecute. Both defendants were accused of reckless driving causing an accident. They were Walter James Ozark of 21504 L'Anse, St. Clair Shores, and Sir R. Cosio of 1160 Fairholme.

Four other cases were dismissed after the defendants were found not guilty of charges. Eric O. Philipp of 459 Touraine, Toni A. Chopp of 1179 Nottingham and Eileen Nilton of 11821 Carol, Warren, all had pled not guilty to the charges of reckless driving causing an accident. The fourth case involved Wilfred Brault of 2267 Jefferson who pled not guilty

to charges of being a disorderly person and larceny.

John W. MacKenzie of 281 McMillan, William Burke of 516 Notre Dame and Margaret Ashurst of 829 Trombley were all found guilty of interfering with moving traffic. Both MacKenzie and Burke had pled not guilty to reckless driving causing an accident. Each was fined \$15 but MacKenzie's sentence was suspended. Mrs. Ashurst pled guilty to the same charge but her fine was \$20.

Pleading not guilty to charges of reckless driving causing an accident were Justine M. Fisher of 2475 Iroquois, Detroit, and Thomas R. Hurst of 22412 Blackburn St. Clair Shores. Judge Paterson found them each guilty of driving without due care and caution and fines them \$15 and \$20 respectively.

William J. Burns of 1238 Beaconsfield pled guilty to leaving the scene of an accident. He was fined \$19, put on 30 days probation and required to attend four sessions of traffic school.

Two defendants pled not guilty to charges of being disorderly persons but were found guilty by Judge Paterson. L. Donald Suttle, Jr. of 19226 Rolandale, Harper Woods was fined \$10 and Charles Southernland of 22623 California, St. Clair Shores, was fined \$20 or three days. In a third case of being a disorderly person, William Peasley of 10531 Kercheval, Detroit pled guilty to the charge and was fined \$25.

Wayne Weiss of 28090 Garfield, Roseville, pled guilty before Judge Paterson to being a disorderly person and to larceny. He was found guilty and fined \$25.

In other cases, Johanna Martha Williams of 999 Nottingham stood mute to charges of traveling through a stop street. She was found guilty but Judge Paterson suspended sentence because she had been driving for 40 years and had no record.

A \$20 fine was levied against Gilbert B. Carrier of 2580 Alter. He had pled guilty to charges of reckless driving causing an accident but was found guilty of failing to stop for a stop light.

Although he pled not guilty to charges of reckless driving causing an accident, Judge Paterson found Howard Haskin of 22623 California, St. Clair Shores guilty. He was fined \$35 or five days, put on six months probation and told to attend four sessions of driving school.

Michael J. Celani Serves in Marines

Marine Private First Class Michael J. Celani, son of Michael A. Celani of 1960 Hawthorne, participated January 7-11 in Operation Reflex One, a joint Marine Corps-Air Force training exercise in the Far East.

During the exercise 1,000 men of the Third Marine Division, fully equipped and ready for combat, were airlifted 1,200 miles from Okinawa to an airfield in the Philippines.

The exercise demonstrated the quick response capability of U.S. Armed Forces in the Far East.

Lectures

(Continued from Page 1)
talk is expected to last for approximately one-half hour. Mr. Luckman will then answer questions from the audience until 9:20 p.m.

Patrons will adjourn to the ballroom of the auditorium to meet the guest speaker at a coffee reception.

The four lectures deal with football and are for the many young people in the area as well as the adults.

Two More Lectures
On the following two Tuesdays, the speakers for the series will be William Clay Ford, of Provençal road, owner of the Detroit Lions, and Harry Gilmer, newly appointed Lions coach.

Mr. Ford's talk on February 2 will be preceded by an invocation delivered by the Rev. Fr. George J. Scharuder, assistant pastor of Our Lady Star of the Sea Catholic Church.

The Rev. Andrew Rauth, minister of the Woods Presbyterian Church, will give the invocation before Mr. Gilmer's lecture on February 9. Mr. Gilmer is also expected to be accompanied by three Lions players, whose names will be announced at a future date.

Reception Following Easter
George R. McMullen, chairman of this year's series and creator of the Lecture Series idea, points out that all the programs begin at 8:15 p.m. Each will be followed by the question and answer session and the coffee reception.

Single lecture tickets, if available, cost \$1 and may be purchased at the War Memorial Center.

Radio station WWJ is broadcasting the lectures at 8:30 p.m. on the Wednesdays following each. A tape of the entire series will also be available at the Grosse Pointe Public Library.

GP Dems Seek New Members

A membership drive is being conducted during January and February by board members of the Grosse Pointe Democratic party of Michigan.

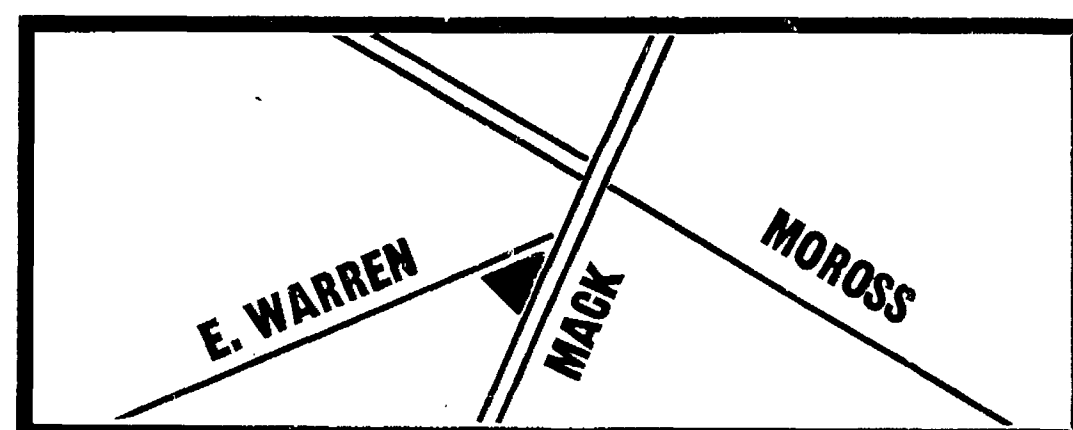

Mrs. Beverly Tarpinian, 1244 Bishop, membership chairman, has sent out a mailing to some 1500 Democrats in the Grosse Pointes, but said that her group hopes to contact many more potential members among the more than 8,000 Democrats in the area.

Along with the regular membership mentioned previously, there are several other categories of membership available to those interested. An individual can join the Grosse Pointe group alone for \$1 yearly, or the state organization for \$3, annually.

A new category of sustaining membership has been set up this year by the state group as a part of their John F. Kennedy Memorial membership drive. Sustaining members pay a minimum of \$12 per year.

Those interested in membership who have not been contacted should get in touch with Mrs. Tarpinian at 886-0084 or other members of the Grosse Pointe Democratic Club's executive board, including Mrs. Helen Graves, Miss Suzanne Giddy or Mrs. Emily Sloane.

Man Held Up in Home

(Continued from Page 1)

able to tell the man, through his gag, which was loose, that there was no more money. The unbelieving intruder ransacked the room, then stuck the point of his knife against his victim's

throat and demanded more money.

The frightened resident told him there was some in the dresser drawer. The thief went to the dresser and removed four one dollar bills from a small bank, after which he left the bedroom and went out the front door.

Worked Hands Loose

Schneider said that he worked his hands loose and removed the gag, but the knots of the ties around his ankles were too tight, so he hopped to the front door and slammed it shut and locked it.

He said he saw two men walking back toward his house, both colored, and was of the opinion that they were returning to take a large combination hi-fi, and a 21-inch television set, removed from the living room and left near the front door. The men ran away.

Schneider said that he is also missing an old watch, valued at about \$40.

Chief Louwers said that the matter is still under investigation.

Public School Enrollment Up

The total number of students enrolled in the Grosse Pointe Public School System has increased by more than 400 from December, 1963 to December, 1964.

In the final month of 1963 there were 11,079 students attending schools in Grosse Pointe compared to 11,543 in 1964, an increase of 464 pupils.

The figures were made available in a report made by Dr. Charles H. Wilson, superintendent of schools.

The largest jump was recorded in the three junior high schools. Brownell, Parcels and Pierce. December, 1963 showed an enrollment of 2,553 students while 1964 showed 2,735. The increase totaled 182 pupils.

The figures for December, 1963 show that there were 5,980 elementary students attending the 10 schools and 146 in 1964. The December, 1964 elementary enrollment reached 6,126 pupils.

The Grosse Pointe High School's number of students was up 136 in December, 1964, when records showed that there were 2,692 students enrolled. December, 1963 figures revealed that there were 2,556.

Charles Coe Takes Cruise in Caribbean

Seaman Charles K. Coe, USN, son of Mr. Charles L. Coe of 121 Meadow lane, has returned to Newport, R.I. after completing an 18-day Caribbean cruise aboard the fleet oiler USS Calcosahatchee.

While on the cruise the Calcosahatchee participated in the refueling of the aircraft carriers USS Saratoga and Intrepid in addition to providing fuel to several destroyers.

When operating, the ship's mission is to provide petroleum products to units of the fleet enabling them to remain on patrol independent of permanent land bases.

Hit-Run Accident Clue

(Continued from Page 1)

showed that the hit-and-run car was a cinnamon-metallic colored 1957 Lincoln sedan.

A check with manufacturers, the chief said, disclosed that only 2,000 Lincoln sedans were sold in Michigan in 1957, and of this number, only two percent, or 40 such vehicles were cinnamon colored.

If persons owning cars of this make and color would contact Shores police it would help to shorten the search and save much time. Those wishing to volunteer this information can call the Shores station, TU 1-5500.

In the meantime, local police in the Detroit area, and other parts of the State, have been

asked to check local repair garages, to find out if a car answering the hit-run description was brought in for repairs to its front end.

The names of persons volunteering information leading to the arrest and conviction of the hit-and-run driver will be held in the strictest confidence, Chief Duemling said.

merger onto one campus, in 1954, of Grosse Pointe Country Day School and Detroit University School. The School's aim is to prepare its students for their later responsibilities through sound academic training based on a liberal arts program.

Seek Community Support
In announcing the "Program for Excellence" Riddleberger pointed out that, "The school relies for its support on members of the community with an interest in its well-being and a stake in its future. In short, we must appeal to the total school community — parents, friends and alumni for our support. We believe in private secondary education as a necessary and desirable supplement to our excellent public school system. This 'Program for Excellence' gives the members of our community the opportunity to help Grosse Pointe University School to develop and grow and to take its place in the front rank of private day schools."

To date, the "Program for Excellence" has raised more than \$1,280,000. Joseph L. Hudson, Jr., President, J. L. Hudson Company, is chairman of the drive. Walter B. Ford, II, Chairman of the Board, Ford-Earl Design Corporation, is special gifts chairman and Wendell W. Anderson, Jr., President, Bundy Tubing Company, Robert M. Goes to Jail
For Robberies

A 17-year-old suspect, who answered to a description of a person sought for investigation of purse snatching and stealing from poor boxes in St. Ambrose Church, Hampton and Maryland, was arrested by Park police on Saturday, January 13, when he was seen coming out of the church.

Arrested and held for investigation was Herbert T. Siedel of 762 Ashland, Detroit, who was taken into custody by Police Sgt. Gordon Duncan and Patrolman Collin LaLonde, as the youth emerged from the church at 7:25 p.m.

Siedel was taken to the Park station and turned over to Det. Lt. Stanley Enders and Det. James LaPratt for questioning.

The detectives said that after lengthy interrogation, the youth finally confessed to snatching the purse of Dianne Martin of 1348 Wayburn, on December 8; and on December 11, while in St. Ambrose Church, took a purse that was on a pew, belonging to Elaine Walsh of 926 Pemberton. The boy also confessed to taking money from the poor boxes on several occasions, the officers said.

Police Chief Arthur Louwers said that because Siedel had never been arrested before, a misdemeanor warrant was recommended by the Wayne County Prosecutor's Office, charging Siedel with petty larceny.

Siedel was arraigned before Park Judge C. Joseph Belanger on Saturday evening, and pled guilty as charged. The judge sentenced the youth to 10 days in the Wayne County Jail.

Work on Farms Pier-Park
Pool Project Gets Started

At a special meeting held on Tuesday, January 12, the Farms council awarded the Freeman Darling, Inc., of Detroit, the contract to build the bathhouse addition and install the equipment for the new swimming pool to be constructed at the Municipal Pier-Park at the foot of Moross road.

The firm entered its bid when the council agreed on December 23, to accept new bids after another firm misinterpreted plans and did not include the cost of a pool deck in its bid offer.

The Detroit company offered to do the general construction work for \$67,988, the lowest of four bids submitted.

City Manager Andrew Bremer, Jr., said that work on the bathhouse is scheduled to start this week, possibly today, January 21. Work on the actual construction of the swimming pool will begin sometime next week, he said.

The pool, which will have areas for diving, racing and for those learning to swim, will be built by the Paddock Pools of

Eastern Michigan, Inc. The firm slashed its original base bid of \$107,930 cost for the job, to \$102,150, to save time, so the project can be completed by the official opening day of the park, Memorial Day, May 30.

The cut was voluntarily made by the company when W. E. Edwards, professional engineer, who designed the pool and will have charge of the general supervision of its construction, informed city officials that new bids on this project would delay the pool's completion date.

At the December 23 meeting, the Farms council had accepted the bid of the Allen G. B. Brinkman company, to do the mechanical work for \$28,960; and the bid of the Maryland Electrical company, to do the electrical work for \$6,600.

The general contractor will have supervision over the mechanical and electrical phases of the project, so that Edwards will have to deal with only two firms, rather than four, thereby simplifying payments of bills as they fall due.

City Tells Sewer Needs

(Continued from Page 1)
and the needs of the present pumping station.

Costs Broken Down
Through a "before and after" technique, he showed the audience what the improvements the overhaul of the sewage system would do. The \$1.32 million needed to bring about the updating of the system was broken down into exact costs for each step in the program.

The long time need for the improvements was emphasized by a slide showing a portion of a letter written in 1946 by a City resident pointing the need for help in the sewage dilemma. A plan for improvement which was considered in 1959 was also shown. It was turned down at that time because it was considered inadequate to deal with the situation as it existed then.

Following Mr. Cook's presentation, Mayor David Burgess threw the meeting open for questions and answers. Approximately 20 people questioned the council, the engineers and Mr. Benzie on various aspects of financing, placement of sewers, the reason for state interest and excavation of the new lines.

Former councilman, John L. Kenower told the group that he thought Mr. Benzie had been very kind to the City in stating his case for the need for improvements.

Netting Changes Mind
The bond issue received endorsement, during the open discussion, from Ralph B. Netting, former Mayor of the City. He said that he had opposed the September bond issue because, he now felt, he had been misinformed. Mr. Netting lent his name last summer to the Taxpayers Information Committee, which worked hard to defeat the proposal. He said he now thought the plan was as good as an engineer could devise.

According to the council, if the voters approve the bond issue, the improvements to the sewer system would be completed by February 28, 1966. The council has no immediate plans for action if the issue is defeated.

In other action, the council approved an amendment to an existing ordinance which sets a schedule of payment of inspection fees as applied to new subdivision developments. It also authorized the City manager, John Cantwell to sign the canvas-backed map of the Richard M. Kimbrough Subdivision, which will be filed with the state.

Approval was given Fred Cody's request to construct a swimming pool on his property at 12 Stratford place, and a contract for treating Dutch elms was awarded to Shock Brothers Tree Service.

The council also set February 10 as the date the Board of Appeals will hear a request from Mrs. Jeanne Webb of 405 Rivard to permit an addition to her terrace dwelling.

FALLS OFF HORSE

Jane Kirlin, 8, daughter of Mr. and Mrs. John Kirlin of 306 Provenal, fell off her horse in a barn at the Hunt Club, on Saturday, and complained of pain in her left hip and leg. She was taken to St. John Hospital, accompanied by her father, by Woods police ambulance, for x-rays and treatment.

GETS TICKET

City police issued a ticket to John J. Roggelin of 45 E. Grove street, Monroe, for reckless driving after the car he was driving struck a vehicle driven by Barbara E. Knight of 603 Fairfield. Mrs. Knight was waiting to turn in a driveway at 17888 Mack when the accident happened.

Woods Police Step Up Patrols

Woods policemen have been instructed by Director of Public Safety Allen Andrews, Jr., to increase their patrols in the area around the Woods Theater, it was disclosed on Friday, January 8.

The director had become concerned by the number of assaults reported in that area in the past few weeks, and has ordered the stepped up patrol in an effort to stop this type of crime.

Several persons have complained of unprovoked beatings by young hoodlums, who assault innocent persons on the slightest pretext.

In most cases, the victims have never met, or seen, their assailants before, according to complaints filed in the records. Director Andrews said that

those responsible for the beatings will be arrested and charged, and prosecuted to the full extent of the law.

WOOD CARVER CUT
James Ouasarano, 15, of 19999 Williams court, was conveyed to Bon Secours Hospital on Wednesday, January 13, by Woods police, for treatment of a two-inch cut on the side of his left hand. He suffered the injury when a wood carving knife slipped off a model plane he was working on.

Brownell School To Give Concert

Weeks of daily practice will pay dividends for 140 members of Brownell Junior High School's Concert Band and Symphony Orchestra next Friday evening, when both instrumental groups will appear in concert in the school's auditorium-gym, beginning at 8 o'clock.

Under the baton of Dewey D. Kalember, the youngsters will make their first public appearance this year on January 29, presenting a group of selections varying from the classic to modern. Among the numbers to be played by the 75 members of the Concert Band are the majestic "Great Gate of Kiev" (from Moussorgsky's "Pictures at an Exhibition"), "Ballads for Winds," and a rousing march, "The Conquerors."

Orchestral selections will include "Tara" (the familiar theme from "Gone with the Wind"), Handel's "Song of Jupiter," and the melodic theme from Beethoven's Ninth Symphony.

Tickets will be sold at the door, or may be purchased from students participating in the program.

Principals Pay Visit to School

Secondary principals of the Grosse Pointe School System, accompanied by Dr. Leroy H. Selmeier, Assistant Superintendent-Instruction, held a meeting at Richard Elementary School on January 6.

Principal Richard Kay, of Richard School, spoke briefly and conducted a tour of the building. Highlights of the tour consisted of the recent additions to the building and the future plans for Heritage Hall.

Principals attending the meeting included, Jerry Gerich of Grosse Pointe High School, Charles Leavitt of Pierce Junior High School, Vincent Peterson of Parcels Junior High School and Charles Salter of Brownell Junior High School.

AAUW Reveals Plans For 'Rumpelstiltskin'

Two Performances of Live Drama for Children Scheduled; Proceeds Earmarked for University Women's Fellowship Fund

For the fifth consecutive year the Grosse Pointe Branch of the American Association of University Women has arranged for The Traveling Playhouse of New York City to come to Grosse Pointe.

The professional company will present the famous fairy-tale "Rumpelstiltskin" at Pierce Junior High School on Saturday, February 27.

Mrs. Howell, Children's Theater Chairman, has announced there will be two performances at 1 and at 3 o'clock.

Single tickets are 75 cents and may be obtained through local PTA groups. AAUW members and the following area merchants: Peter Pan, Inc., Doubleday's; Punch and Judy Toyland; Harkness Pharmacy.

Group seats will be reserved for 11 or more children if Mrs. David Coolidge, TU 2-8978, is notified by February 25. (This is a wonderful way to entertain a birthday party, brownies, cub scouts or nursery school group.) The Traveling Playhouse is

an adult professional company, performing especially for children under the direction of Ken and Kay Kockefeller. It is now in its fifteenth year and travels throughout the Eastern half of the United States.

A grant from the Rockefeller Foundation originally enabled the Playhouse to inaugurate its program of presenting plays for children from five to 12 years of age.

The benefits of "Rumpelstiltskin" are two fold: The children of the community are given an opportunity to see a live professional theater production and the proceeds from the event go to aid the AAUW Fellowship Fund.

The Fellowship Fund gives financial assistance to college women for post graduate study and research.

Helpers Needed By Red Cross

"Spring recruitment for Detroit Chapter Red Cross Volunteers is underway with openings for at least 300 new workers," stated Mrs. Robert Busby, chairman of Volunteer Recruitment.

"Both men and women are needed for service to our metropolitan Detroit area. A typical request has come from Carmel Hall for Hospital Volunteers to serve the needs of many elderly people. Special requests for men to volunteer this year have come from the City Psychiatric Area, now located at Herman Kiefer Hospital and from Veterans Hospital in Dearborn," she continued.

The varied activities of Red Cross provide many openings

for anyone who has six hours of extra weekly time for volunteer service. A Hospital Volunteer spends time visiting with patients or writing their letters, or may be assigned to the Cerebral Palsy Center or the Rehabilitation Institute, for example. In Service to the Military Family, the Red Cross Volunteer becomes a liaison between the government, the serviceman overseas and his family at home. Blood Program Volunteers help register donors as well as escorting them to the Canteen. Transportation service may entail driving other volunteers to Bloodmobiles on location.

Blue Devil Swimmers Swamp Highland Park

By Ric Hendee

The old yet reliable Grosse Pointe swimming pool opened its 35th season last Friday as the Blue Devils swamped Highland Park 69-36, in the first home meet of 1965. Last week's victory gives the tankers an eight and one record; still undefeated in the BCL.

On Friday the Blue Devils will defend their position in a 4 o'clock home contest with Royal Oak Dondoro. Earlier this winter Grosse Pointe slid past the Acorns, winning the last relay to take a close meet.

Eight of the 11 events were snatched by the blue and gold in the Highland Park meet. The Devils took the first six events in a row. And for the first time this season, Coach Robert Kinnear can boast of having every swimmer wet.

Al Shellig Back
Al Shellig '65 rejoined the squad after spending the last month recovering from a ski injury. But since Al's mishap, Coach Kinnear has kept the accident slate clean with a simple rule: "no skiing, no skating, no injuries."

Everyone including the swimmers themselves was surprised to find Sandy MacDonald '65 in the individual medley and Kit Tennyson '65 in the breaststroke. Then tankers Steve Hendee '67, Wally Schmidt '66, and Phil Dixon '66 got their first chance at Varsity competition after leading the reserve squad since November. Hendee swam backstroke in the winning medley relay. Schmidt grabbed third in the 400 yard freestyle and Dixon finished the 60 yard freestyle on the sad side of a judge's decision.

But the big event of the afternoon was Grosse Pointe's exhibition freestyle relay; the diver's relay. Dick Green '65,

Two More Lost By Blue Devils

By Ric Hendee

Another busy week-end brought new headaches to the Grosse Pointe High School basketball squad as both Wyandotte and Kimball snatched victories from them.

The Wyandotte Bears gained their first victory of the BCL season by downing the Devils, 63-58, on the Grosse Pointe court Friday, Jan. 8. Last winter the Bears won the league title, an honor now sought by undefeated Fordson. (Highland Park beat Royal Oak Dondoro the same night to break a two-way tie for first place between Dondoro and Fordson.)

After leaving at the half on the sad side of the 34-25 score, the Devils managed in the second half to frequently get only a few points behind the leaders, but poor passing kept them from dominating the ball and taking the lead.

Jim Neversold, '65, dropped in 29 Blue Devil points for the home team high.

Saturday night Grosse Pointe visited the Royal Oak Kimball court for another ribbing. This time, 73-56. "We just aren't hitting," commented a discouraged Devil. "If one guy isn't in the dumps for each game, then someone else is. We still haven't snapped to."

Mark Gibson, Jim Wood, and Mike Dover, all '66, actually gave the Highland Park opponents a battle but were touched out at the finish. Never-the-less, the divers' display of unique flip turns and zig-zag strokes kept the meet light-hearted.

St. Florian Five Defeats Lakers

By Jim Brunson

The Lakers of St. Paul suffered their second defeat of the season last Friday at the hands of St. Florian's basketball team. The game was played on the Lakers' home court.

The Laker defense was punctured time and again by the alert Lakers who had previously beaten St. Paul in the league opener. The Lakers trailed throughout the first three periods by scores of 11-10, 22-18 and 33-27.

The game was close until about the last three minutes when the Florian five went on a scoring spree. The final score was 55-41.

The Lakers still remain in second place with a 6-2 record. They will play Sacred Heart of Roseville on Friday, January 22, in the St. Paul gym.

St. Paul Teams Win Three Tilts

By Jim Brunson

The Lakers of St. Paul won three sports contests in the week before last.

On Tuesday, January 5, the Laker basketball team walked over St. Clement. The game was played in the St. Clement gym. The final score was 56-40.

On Wednesday, January 6, the St. Paul swimming team defeated Detroit Cathedral. Both Rick Montmorency, an all-city swimmer last year, and Bob Kotz scored 10 points for the Lakers. The final score was 58-47.

Far the biggest victory of the week was the basketball game against the Bluestreaks of St. Thomas on Friday, January 8. St. Thomas led throughout the first three quarters by scores of 18-12, 34-30, and 51-47. St. Paul was having difficulty in sustaining a drive.

The Laker woes were further added to when their number one ballhandler, Bill Bigham, fouled out in the third quarter. Finally, with less than a minute remaining in the game and his team trailing by 1 point, Mike Hourigan sank two pressure free throws to give the Lakers their winning margin.

The Bluestreaks took the ball with about forty seconds remaining but were unable to score. With about five seconds remaining St. Paul got the ball and the buzzer sounded with the final score St. Paul 58, St. Thomas 57. Immediately following the game, delirious Laker fans swarmed onto the floor to congratulate the St. Paul players.

The St. Paul's first string consists of Dave Letscher, Don Amez, Rick Jablonski, Mike Hourigan and Bill Bigham. The two main backup men are Don Oliver and Mike Kerby.

This victory gave the Lakers sole possession of second place. The St. Paul five will play first place St. Florian Friday, January 15, on St. Florian's home court.

Suburban Women Golfers Plan Tuesday Luncheon

Suburban Women Golfers will enjoy their first get-together of the '65 season next Tuesday, January 26, when they gather for a 12:30 o'clock luncheon at the Golden Lion. Mrs. Richard A. Tate is the group's president.

Skis Worth \$220 Taken from Car

Henry J. Smith, Jr., 23, of 1924 Allard, lost \$220 worth of skis from his car, taken by a thief on Saturday, January 16, according to information given to Woods Police.

Smith said that he parked his car in the Howard Johnson Restaurant lot, Mack and Eight Mile road, and locked the car doors. When he returned, he

found that an unknown person had broken the left vent window to enter the vehicle.

Stolen, Smith said, were two pairs of skis, valued at \$200; a pair of Head skis, with his name engraved on them, valued at \$100; and another pair of skis, engraved with the name, "Thomas J. Asmus," valued at \$100.

Pierce School Giving Concert

The instrumental department of the Pierce Junior High School is presenting its band and symphonic string groups Friday evening, January 22, at 8 o'clock for a full evening program.

Dr. Thomas J. Moore, the conductor, states that having the symphonic strings carrying a portion of the program is an innovation for the annual winter band concert. Ronald Bradley and John Hamman are the student managers of the band composed of 105 members.

The sectional leaders are: flutes, Beth Johnson and Diane Hefty; oboe, Richard Comly; bassoon, Nancy Court; clarinets, Ted Templeton, Kenneth Badger, Lorraine P. Roberts, Nathaniel Greene, saxophones, Gary Louff, David Young; cornets, William Priest, David Jennings, Stephen Falk; horns, Stephan Marr; Richard Todd and Karen Pearsall in the percussion section.

The concert band will include "Fete Triumphant," "Seeds of Cadmus," "Waves of the Danube," "The Traveler," Tchaikovsky's "Russian Dance," "Allan-A-Dale," "Sentimental Journey" and "Steel King" by St. Clair in their repertoire. Diane Coptly has been chosen as reader for the above program.

The Pierce Symphonic String Orchestra is made up of the violins, violas, cellos and bass players from the orchestra. There are 41 performers in this special group. Two Youths Die in Crash

Two Grosse Pointe youths were killed early Sunday morning, January 17, when the car in which they were traveling struck a utility pole on Jefferson Avenue at Amherst in St. Clair Shores.

They were David A. Jennings, 20, of Hillcrest and Bruce G. Rodger, 20, of 2082 Brys Drive. Jennings was the son of Mr. and Mrs. Charles G. Jennings and the great-grandson of the founder of Jennings Memorial Hospital. Rodger is the son of Mr. and Mrs. Robert S. Rodger, Jr.

The two youths evidently were going at an estimated 70 to 80 m.p.h. when Jennings, the driver, lost control of the car. It jumped the west curb, struck the pole, shearing the vehicle in half.

A witness told police the rear section of the car struck a section of the pole, continuing another 75 feet. According to police the impact with the first pole threw the two young men from their car.

Jennings was dead on arrival at Ann Arbor Memorial hospital in St. Clair Shores and suffered multiple fractures and internal injuries. Rodger died of a skull fracture and other fractures at the same hospital about an hour later.

A 1962 graduate of Grosse Pointe High School, young Jennings was a Wayne State University junior, majoring in psychology. He was a member of the university swimming team.

In addition to his parents, he is survived by a sister, Mimi. Funeral services were held at the Verheyden Funeral Home yesterday, January 20, and burial was in Elmwood Cemetery.

Rodger attended Grosse Pointe High School and until the time of his death, was going to night classes at Denby High School. He also worked for a tile company.

Survivors include his parents; a brother, Michael J., and a sister, Mrs. Sharon Morkal. Services were also held yesterday, in the A. H. Peters Funeral Home with interment in Forest Lawn Cemetery.

LS Accidents Injure Three

Three persons were injured in two separate accidents on the same day on Lake Shore road when the drivers lost control and crashed into trees.

The accidents, which occurred on Saturday, January 16, injured William G. Riddell, 35, of 14311 Jane, Detroit, who hit an island tree, at 535 Lake Shore, at 4:35 a.m.; and James A. Holbert, 17, of 29901 Twenty-four Mile road, St. Clair Shores, the driver, and Frank Escamille, Jr., 17, of 280 North Gratiot, Mt. Clemens, his passenger. The latter mishap occurred at 7 p.m.

No violation tickets were issued in either case because of lack of witnesses, according to Shores Police Chief Fred Duemling.

Riddell told investigating officers that he was on his way home from work, where he had reported sick, and when he neared number 535, he lost control of his car, just jumped the island curb and slammed into the tree.

The officers said that Riddell did not have any visible signs of injury, but he appeared to be in a state of shock, and complained of chest pains.

Riddell said that he lost control when he was forced off the road by another driver.

He was taken to Bon Secours Hospital for observation and treatment and released.

Holbert and Escamille were taken to Bon Secours for treatment of their injuries. Holbert, for cuts about the face and a possible broken arm, and Escamille, for a small cut behind the ear and cuts on both knees. They were released after treatment.

Holbert said that he was traveling south on Lake Shore, when he passed over a patch of ice, in front of number 1017. He said he applied his brakes, and then lost control and the vehicle went over the curb and hit the tree.

Both Riddell's and Holbert's cars had considerable damage, police said.

City Lays It On Line

All the Pointes could learn a lesson from last Monday night's open meeting of the Grosse Pointe City council meeting.

Faced with a major and immediate problem of improving its sewage system and knowing that the voters failed to approve a sewage bond issue last September, the council set about Monday to educate its citizenry on the whys, the wherefors and the ways of better sewage disposal for the City.

No one present at the meeting could possibly have left without a better understanding of the need for action. No one present could have left without knowing the precise steps that would be taken to remedy the problem. No one could have left without knowing exactly where the \$1.3 million General Obligation bond issue, which the council is asking the residents to approve, would go.

The council, knowing full well that some steps must be taken, approached the question of explaining the situation in depth and in openness. Illustrated slides, described by Councilman G. Gordon Cook, showed definitively areas of trouble and just as definitively the improvements that the bond issue would make possible.

It made sure that authorities in all fields of the problem were on hand to answer questions. The engineers, who analyzed the situation and planned the cure. Legal representatives. Bonding specialists. A representative from the Michigan State Board of Health, who presented the reasons for the state's interest in the bond issue.

After the background was presented, the council and the authorities answered questions from the floor directly and concisely. There was no rush to end the meeting. There was no hedging the questions.

The information was all there for the voters of Grosse Pointe City to study, understand or, as the case may be, disagree with.

No matter what the outcome of the bond issue is, the City council can rest assured that it has done and is doing an excellent job in giving its electorate all of the information it has at its finger tips on the pressing need on sewage improvement.

The officials should be congratulated and a lesson learned from this technique of education.

Woods Council Holds Meeting

The Woods Council at its regular meeting Monday night approved two charter amendments to be placed on the April 5 election ballot, after they receive the Governor's signature.

The first amendment calls for increasing employees' paid hospitalization to include their dependents. At the present time only employees are covered.

Compensation for the mayor and councilmen would be upped by approval of the second charter amendment. The mayor would receive \$40 a meeting instead of the present \$20 and councilmen \$30 rather than \$15. The council also listed the

25 streets in the Woods which will receive new street lights during the coming year. The action was taken in connection with the city's seven-year program to install new lights throughout the Woods. This is the fourth year of the program. Fourteen parking lots were granted licenses for 1965, by the council. According to a Woods ordinance, any establishment which has a lot for eight or more cars, must be licensed. In other action the council denied permission to Rose Garden Florists, Inc. to construct a circular drive and appointed Councilman Benjamin W. Pinkos to the Election Commission.

What Goes On at Your Library

By Virginia Leonard

What are many of our newspaper headlines shouting today? War on poverty! Aid to education! Medicare! Let us examine the first of these topics, for I have discovered that we have recently added a number of books to our Libraries which deal with this field, either directly or indirectly. It is indeed a timely and serious subject; countless articles in magazines and pamphlets are constantly being written about our poor—our underprivileged — our deprived. We cannot escape, nor should we, for it is our problem, and it is for us to solve.

Michael Harrington, in 1962, wrote *THE OTHER AMERICA* — a report of the subculture of poverty in the midst of America's plenty. Mr. Harrington focuses on poverty among industrial rejects, migrant workers, minorities, and the aged. This is a fine study, of enormous dimension, of want and desperation in spite of national plenty. And all of this may come as a shock to many, in spite of the recent publicity of this subject. The author has studied his source material quite thoroughly, backs up his theses with statistics, and evidences sound scholarship. And what are his suggested remedies? He feels that only the Federal Government can afford to tackle the problem. His thinking resembles Galbraith; he writes with sympathy, sensitivity and perception.

If Harrington presents a compelling sociological portrait of poverty, B. H. Bagdikian, with his *IN THE MIST OF PLENTY*, presents an even more compelling human portrait of the American poor in a journalistic style, which will be a "must" for those interested in the current war on poverty. This book represents an expansion of articles published in the *SATURDAY EVENING POST* under the title of "The Invisible Americans."

Bagdikian describes the plight of thirty-six million Americans who live in poverty in the slums and fapohouses in Chicago, on reservations in Appalachia, in migrant workers' camps and other areas. He points up the condition of the sickly aged, the displaced workers and the deprived children. The author has managed somehow to convey the varieties of attitudes of indifference which society prefers in order to avoid facing the problem of the poor.

A well-known figure is Hubert Humphrey who has written *WAR ON POVERTY*. He spells out suggestions for extensive mobilization of public resources and the know-how of free enter-

prise toward solving the basic problems of poverty, which is the lot of one out of every five Americans. Humphrey has always been concerned with both urban and rural poverty. Sincerity and authority are contained in his descriptions of causes, characteristics and practical steps to be taken to eradicate this evil from our country. Poverty should be everyone's business; unhappily, it is not. This book is not for the student but for the layman who can be moved to understanding and involvement. Our Vice-President represents this national blight as a challenge which the nation's economic resources and brain power can meet. Let us hope so.

In a more general economic vein we have Gunnar Myrdal's *CHALLENGE TO AFFLUENCE*. Here, the author of *An American Dilemma* turns his attention to the American economy. The book is an amended and enlarged version of three McEnervey lectures given at the University of California at Berkeley in 1963. It is written with clarity and simplicity. It is a short book that encompasses national policy, central planning, race relations, economic growth and foreign affairs. Myrdal's facts are indisputable; his book is wise. He has been concerned for some time with the anxiety inherent in our American economy, and feels that a continuation of this trend would frustrate our foreign policy.

A very recent book is Robert Weaver's *THE URBAN COMPLEX*. The author is chief advisor on urban affairs to President Johnson (and formerly to President Kennedy). In this book he examines the major problems of our cities, and analyzes the impact of urbanization on American society, the middle-class flight to the suburbs, the tragic failures of some of our urban renewal projects, the great shortage of low-income housing. And finally, he explains what the Federal, state and local governments are doing and are planning for the future to eradicate slums, blight, poverty, and crime. In other words, what can be done to make our cities better places in which to live.

And so in our affluent society, we have some 30 to 40 million Americans living in poverty. Our Federal Government is aroused by the enormity of the problem, and so are the authors of these books. Let us all be aware of its gravity, and do what we can to cope with it. At least, let us read about it and be informed!

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

If proper preparation assures excellence, the amount of woman-hours going into Detroit's annual spring Opera Week should make this year's Metropolitan "Season" in the Motor City an outstanding success.

Opening night at Masonic Temple is not until the end of May, but already Mrs. Thomas F. Morrow, of Vendome road, Pointe Opera chairman, has marshalled her forces, distributed committee assignments and begun to work in earnest.

First, there's the February 11 Opera Luncheon at Masonic Temple. Then there's the Grosse Pointe War Memorial Overture to Opera February 21, followed by a March 29 Overture at Grosse Pointe High School.

Chairman of the War Memorial Overture is Mrs. John Benfield, of Lakeshore road, assisted by Mrs. Rex Brophy, of Hampton road, Mrs. Daniel Callahan, of Berkshire road, Mrs. Charles Endicott, of Blairmoor court, Mrs. Frank Donovan, of East Jefferson avenue, Mrs. Wilber H. Mack, of Country Club drive, Mrs. William Tost, of Cloverly road, Mrs. Henry deS. Lauve, of Sunningdale drive, and Mrs. Joseph A. Vance, of South Deeplands.

The High School Overture committee is headed by Mrs. John Garlinghouse, of Merriweather road. Mrs. Garlinghouse's assistants are Mrs. Benjamin H. Paddock, III, of Lincoln road, and Mrs. John Lesesne, of Oxford road.

Posters are being handled by Mrs. John C. Griffen, of Cloverly road, assisted by Mrs. Charles Kotcher, of Stephens road, and Mrs. William Y. Gard, of Dean lane. Publicity is the responsibility of Mrs. Mark Ethridge, of Washington road, Mrs. Benjamin Long, of Country Club Drive, Mrs. Lee Hills and Mrs. Edgar Howbert, both of Detroit.

And looking far ahead: Another "Evening with the Stars," a relaxing, amusing, off-the-record session with Metropolitan Opera personalities, has been scheduled May 23 at the War Memorial. Mrs. Daniel Goodenough, of Lothrop road, is "Evening" chairman.

Annual Meeting

Sigma Gamma Association's annual meeting is scheduled this Saturday, in Fries Auditorium. There will be an election of officers and awards presentation, followed by a tea.

This is the session at which the Laura Butler Higbie Memorial Award, for distinguished service to the Association, is presented.

Traditionally, the name of the award recipient is kept secret until the actual presentation — so we'll wait 'til next week to let you know who the honoree is. (hint: She is one of The Pointe's "Great Ladies," a charming and esteemed member of our community).

Hail And Farewell

An hello-goodby cocktail party is Mr. and Mrs. Oliver Dewey Mack's answer to the problem of how to introduce two new members of Detroit's Consular Corps to their friends, at the same time bidding farewell to a

Vacationing in Delray, Fla., are MR. and MRS. HALE V. SATTLEY, of Tonnancour place.

PETER HYDE SWANSON, son of DR. and MRS. ROBERT G. SWANSON, of Beaupre road, plans to enroll in the University of Michigan Medical School next September. Peter, a '61 graduate of Grosse Pointe High School, is presently attending Williams College, Williamstown, Mass.

Junior League Plans 'Evening With Stars'

Proceeds from Event to be Used in Poison Control Project and School Enrichment Program; Mrs. Arthur Buhl Hudson is 'Evening' Chairman

At its general membership meeting in the Country Club last Tuesday, the Junior League of Detroit announced plans for "An Evening With the Stars," a fabulous program scheduled in Ford Auditorium April 30.

Entertainers will be Frank Fontaine, Jane Morgan and Les Troubadors de Espana, a singing and dancing group newly arrived in this country from Spain.

Project chairman is Mrs. Arthur Buhl Hudson. Mrs. Lawrence D. Buhl, Jr., serves as assistant chairman.

Program chairmen include Mrs. Palmer T. Heenan, Mrs. Albert C. Dickson, advertising, and Mrs. Norman A. MacColl, advertising assistant.

Ticket prices range from \$25, (Golden Circle Benefactor), to \$3, (general admission). Patron tickets are \$12.50, other general admission tickets, \$5.

Mrs. Henry M. Woodhouse is in charge of the patron tickets, while Mrs. John W. Coe oversees the general admission tickets. Benefactor tickets are in the hands of Mrs. J. P. McClelland and Mrs. Howard F. Smith, Jr.

Other committee assignments have been accepted by Mrs. William duPont Dahling, arrangements; Mrs. William D. Byron assisted by Mrs. Charles V. Hicks, publicity; Mrs. Edward T. Gushee, promotion; and Mrs. Howard M. Love, Afterglow Party.

Al Navarro is responsible for music and direction. Party purpose, other than fun, (and much fun is expected at this "Evening With the Stars"), is to raise dollars for the Junior League Community Fund, which pays for Junior League community projects.

All monies in the fund are returned to the community in the form of services. This year, the League has two major projects: Poison Control and School Enrichment.

Aim of the Poison Control project is to establish a clearing house for poisonings and treatment by extending the existing facilities in the Poison Control Center of Children's Hospital through Junior League financial support and volunteers, and to help prevent through a sound education program, serious illness and possible deaths of children by accidental poisoning.

The League voted in September, 1963, to sponsor the Poison Control Project for a period of five years, matching funds with Children's Hospital of Michigan.

Total cost of the five-year plan is \$104,000. The League intends to contribute \$10,000 each year for the five-year period.

The School Enrichment Program, chosen by Junior League membership in June, 1963, was initiated in Detroit's Cooper Elementary School.

A committee of Junior League members works closely with Cooper School's administrative staff to plan a program geared to provide teaching assistance to any of the school faculty who desire assistance. Some of the areas in which League members are working to provide tutoring for individuals, Grilling for small groups or clerical assistance for teachers, are remedial reading, reading readiness, fifth and sixth grade arithmetic and second grade science.

These volunteers try to make themselves "extra pairs of hands," freeing teachers to cope more fully with the problem of overcrowded classrooms. Some volunteers are certified, experienced teachers themselves; others attended a training session provided by the school and receive further training as needed, by the teachers with whom they are working.

The Junior League plans to use more of its members to conduct or accompany field trips, and to bring their own talents and community resources into the classroom to supplement various areas of the school faculty and administration.

Gretchen Wollenzin Wed to Mr. Gregory

Reception at Grosse Pointe Yacht Club Follows Rites; Newlyweds to Live in Philadelphia, Pa., Upon Their Return from South

At a January 9 ceremony in St. Paul's on the Lakeshore, Gretchen Charla Wollenzin spoke her marriage vows to Robert Frederick Gregory, II.

The Reverend Paul Hickey, executive director of Catholic Social Services of Wayne County, officiated at the 11 o'clock rites and the Nuptial Mass.

The bride, daughter of Mr. and Mrs. Charles A. Wollenzin, Jr., of Kenwood court, wore a gown of cameo ivory court satin accented with beaded embroidery.

A French bow defined her raised waistline, and her skirt, which ended in a full Court train, featured two narrow, contoured, beaded panels.

Her headpiece was an Alencon lace mantilla. She carried white camellias, combined with ivy clusters.

Classmates from Manhattanville College, Purchase, N.Y., served as the bride's attendants. Honor Uelving was maid of honor, and bridesmaids were Sarah Conolly, of South Braintree, Mass., and Debra Carroll, of Northampton, Mass.

Two more classmates, from the Academy of the Sacred Heart in Lakeshore road, Maureen Crowley and Harold Nixon, also served as bridesmaids.

They wore toe-length frocks of shocking pink peau de sude, styled with Empire waistlines accented with pale pink cording and shaded pink camellias.

Their headpieces were double-

Garden Clubs Call Meeting

An event of interest to all garden club members of metropolitan Detroit will take place Tuesday, January 26, at the Women's City Club. This will be the mid-year meeting of District I of the Federated Garden Clubs of Michigan, beginning at 9:30 o'clock.

After luncheon, Mary C. Takahashi, of New York City, will lecture and demonstrate Japanese Flower Arranging of the Ikenobo School.

Miss Takahashi, a native of Berkeley, Cal., has just returned from a seven-week trip to Japan. While there she did concentrated research in two of the foremost contemporary schools of Japanese Flower Arranging—Sogetsu and Ohara. These two schools, in addition to the Ikenobo school comprise "The best of Ikebana."

Miss Takahashi is a graduate of the University of California, and studied flower arranging privately 10 years prior to World War II. During World War II she went to Chicago where she entered the Academy of Fine Arts and became a lecturer of flower arranging at the Y.W.C.A. and the Y.M.C.A.

In 1954 and 1960, she returned to Japan for further study on the original Ikenobo school. Her lecture itinerary has included the New York Federated Garden Clubs, the Metropolitan Museum of Art, State Convention of Garden Clubs, Birmingham Art Festival and the Atlantic Art Association. She is the founder of the Chicago chapter of Ikenobo International.

Mrs. Keith Willoughby, of Farmington, Director of District I, is very enthusiastic about this fine program. Reservations can be made by contacting Mrs. John A. Secrist, of Beaverland.

Mrs. Frederick Schumann, Mrs. F. F. Steteluh, Mrs. Raymond Hodgson, Mrs. Frederick Condit and Mrs. Charles J. Pollock are members of the steering committee from this area.

ANCHOR
Experience teaches a man to use reason as a guide, but principle is his safeguard.

In St. Paul's on the Lakeshore January 9, GRETCHEN CHARLA WOLLENZIN, daughter of Mr. and Mrs. Charles A. Wollenzin, Jr., of Kenwood court, was married to Mr. Gregory, son of the Robert Gregorys, of Port Washington, Long Island.

Center Plans Greek Evening

The Grosse Pointe War Memorial is planning a Greek dinner and evening in the Greek Isles for its patrons on Monday night, January 25, at 7 o'clock in the Crystal Ballroom.

Those wishing to attend should make paid reservations for dinner and the evening at once. The cost is \$4.50 per person, including tax, service, and parking. Parties will be seated at reserved tables, except that small parties of just two will be asked to join another couple at a table for four.

The dinner will feature dolmades (stuffed vine leaves), peristeri kolopoulo (roast chicken with rice) potatoes melies (whole tiny potatoes with olives and celery) fasolaki (string beans) salata (mixed greens with cheese and artichokes) and baklava (sweet cakes). Pericles couldn't have ordered better.

In the Fries Theater following dinner, will be featured unusual instrumentalists and lithe dancers from Detroit's Greek Town. Beautiful color movies of Greece and the Aegean Islands will follow.

CLEAN SLATE

Broken resolutions don't count — it's the ones you keep that show up on the record.

DAC to Stage Dad-Son Party

Many father and son combinations from the Grosse Pointes will be among close to 700 expected to attend the traditional get-together slated each January for members of the Detroit Athletic Club and their sons and set in this 50th Anniversary Year of the DAC for Saturday, January 23.

The day's events will get underway at 12 noon at pool side with a swimming and diving exhibition scheduled in addition to water games in which the boys will participate.

Then, it will be a "man-type" luncheon served in the gymnasium to the tune of masculine banter among party-goers representing sons and fathers of all ages.

Because Gordon MacRae and his wife, Sheila, an entertainment bonanza to kick-off the Golden Anniversary, will open the January floor show the preceding evening, fathers and sons will enjoy the extra dividend of some fine entertainment by MacRae following the luncheon.

On radio and television, in night clubs and as a recording star, MacRae's singing talent and exuberance have made him a nation-wide headliner and gilded his career with a Midas touch. Needless to say, Mrs. MacRae won't be seen—or heard—at the SRO very stag event.

Garden Groups Slate Meeting

The Garden Groups of the Grosse Pointe Woman's Club will hold their meeting January 27, at 11 o'clock, at the Crestwood drive home of Mrs. Vene Whims. It will be a pot-luck luncheon.

The program will feature color movies by Dr. Hugh Stalker on "Gardens of Europe."

UCS Women Mark Thirtieth Anniversary

Some Seven Hundred Men and Women Expected to Attend Committee's February 1 Birthday Party Luncheon at Masonic Temple

When the Women's Committee of United Community Services (UCS) celebrates its 30th anniversary on Monday, February 1, several well-known Grosse Pointers will have key roles.

Presiding at the noon luncheon, to be held at Detroit's Masonic Temple, will be Mrs. Frank W. Wylie, of Washington road, the organization's president.

Mrs. Boyd Horne, of Handy road, one of three chairmen heading program plans, will participate in a presentation of historical committee highlights with Mrs. Carl B. Grawn, of Yorkshire road. Mrs. Grawn served as president of the group in 1949 and 1950.

Other Grosse Pointe women serving on the Anniversary Committee are Mrs. William Adams, of University place, Mrs. David Coolidge, of McMillan road, Mrs. Andrew Maloit, of Oxford road, and Mrs. Harry Theison, of Moran road.

With the theme, "From Home to Humanity," the luncheon is

expected to attract some 700 men and women from the metropolitan area. Featured as principal speaker will be Mrs. Leon Keyserling, Director of the Women's Bureau, U.S. Department of Labor, in Washington, D.C.

The national reputation enjoyed for three decades by the UCS Women's Committee has been a result of successful efforts year after year, to educate the community about the work and value of social agencies and to encourage women in accepting volunteer responsibilities.

The original purpose of the committee, founded in 1935, was to help raise desperately needed funds for the Detroit Community Fund (a forerunner of UCS), so that social services could be continued for the thou-

sands of Detroit-area families tragically victimized by the depression.

Participating in this founding group were twenty-five prominent women, including such well-known Grosse Pointers as Mrs. Standish Backus, Mrs. Charles T. Fisher, Mrs. Edsel Ford, Mrs. J. Dwyer Kinnucan, Mrs. Longyear Palmer, Mrs. Joseph Schlotman, Mrs. Gerard R. Slattery and Mrs. James Watkins. Many of the founders are still active with the committee.

As the women solicited donations, they repeatedly told how social agencies were trying to meet the overwhelming needs of Detroiters. Despite their success at fund-raising, the women were disturbed by what they found—general apathy, ignorance and indifference.

Community understanding is a "must," they decided, and efforts went into establishing a permanent, year-round operation geared to public education. As time passed, word of the committee's work spread to other parts of the country and similar groups began to organize.

The UCS Women's Committee grew steadily, in both purpose and membership, as it reached out into all segments of the community for more and more participation. Today, among its ranks, are women representing every race, creed and age group as well as every social and economic level.

They work together, pooling talents and effort, in a common cause—to interpret, to educate, and to inspire citizens into supporting and using facilities established to meet human needs and to enrich individual lives.

Through the years, the committee's activities have included agency tours, films, program aids, speakers, special seminars for school administrators and clergymen, and institutes for family living. Its Tribute Fund, a small treasury of contributions usually made in memory of or in honor of someone, has been used for helping people faced with emergencies when no other aid is available.

Another widely-known program is its Presidents' Day which annually draws more than a thousand women leaders who come to learn about community developments.

The group, now numbering 5,000, is an important arm of United Community Services, the organization responsible for the planning and coordination of social services and for the budgeting of Torch Drive dollars for local health and welfare agencies.

Indian Guides Plan Campout

The Black Hawk tribe of Kerby School will be host at the annual winter campout of the Y.M.C.A.'s Grosse Pointe Indian Guides.

One hundred and twenty-five fathers and sons are expected to attend the campout on January 23 and 24 at Camp Ohiyesa. The Guides will participate in winter sports during the weekend. The deadline for reservations is today, January 21.

June Bride

The engagement of LANIER GORHAM GRAY, of Beaconsfield avenue, to Frederick Arthur Harrison, Jr., has been announced by the bride-elect's parents, Mr. and Mrs. John Barbour Gray, of Parkersburg, W.Va., formerly of Grosse Pointe Farms.

Miss Gray attended the University of Michigan and Wayne State University. Mr. Harrison, son of Mrs. Zinnbauer Harrison, of Detroit, and Frederick A. Harrison, of Rochester, Mich., is currently attending the Detroit Institute of Technology.

The couple plans a June 12 wedding, in Christ Church, Grosse Pointe.

Newcomers To See Game

A "Face-Off" party has been planned by the Grosse Pointe Newcomers Club for Saturday, January 30.

Members and guests will see the Detroit Red Wings play the Chicago Black Hawks at Olympia Stadium.

Following the hockey game, the Newcomers have reserved the Olympia room for refreshments.

Making arrangements for the evening are Mr. and Mrs. Gene Nuziari, chairmen, assisted by Mr. and Mrs. Don Schrom, Mr. and Mrs. John Rillo, Mr. and Mrs. Lindsey Hobbs, Mr. and Mrs. Edward Moon and Mr. and Mrs. Charles Jacoby.

Tickets are limited so reservations should be made as soon as possible.

Party to Pay Scholarships

Is there anything more fun and exciting than a telephone bridge party?

The members of the Grosse Pointe Woman's Club don't think so. For the fourth consecutive year, the committees are hard at work planning the telephone bridge to help swell the scholarship fund they present to a worthy boy or girl each year.

The party is to be held on Wednesday, February 3, at 12 o'clock noon in various members' homes.

Mrs. Harry Speelman, general chairman, announces that tickets are selling very rapidly for the event.

Ticket chairmen are Mrs. Henry Quinn and Mrs. Bruce Regan.

Dessert and coffee will be served by the hostesses after which cards will be dealt at 1 o'clock promptly.

Hostesses are Mesdames William H. Cook, George Funk, Walter L. Griffith, Harold W. Harden, V. B. Hudson, John Kelly, J. E. McCaughey, Richard Murvay, Richard Piper, Fred T. Roberts, John G. Scales, Norman Summers, Arthur Wible, Henry J. Quinn, Robert Whiteley and Bewley D. Priestman.

Church Circles Slate Sessions

The Women's Guild of St. James Lutheran Church will hold its next circle meetings on Monday, January 25.

The afternoon circles will meet at the homes of the following hostesses at 12:30 o'clock:

Martha—Mrs. Franklin Quale, of Harvard road; Sarah—Mrs. Thomas Ketchum, of Grayton road; Mary—Mrs. Erwin Stoetzer, of McKinley avenue; Esther—Mrs. Bernard Beierla, of Radnor circle; Ruth—Mrs. Kenneth Michel, of Touraine road.

The following evening circles will meet at 8 o'clock on Monday:

Lydia—at the church with Miss Anna Horvath as hostess; Miriam—Mrs. Albert Schweitzer, of Bedford road; Dorcas—at the church with Mrs. Douglas Graham as hostess.

Tuesday evening, January 26, at 8 o'clock, the Elizabeth Circle will meet at the home of Mrs. John Collins, in Neff road.

The topic of discussion for most of the groups will be a resume of the booklet, "The True Function of a Christian Church," authored by John Heuss.

Church Guilds Plan Meetings

The night guilds of St. Michael's Episcopal church will meet at 8 o'clock Monday, January 25.

Mrs. John Wilson will invite members of St. Agnes guild to her home in Brents court. Her co-hostess is Mrs. Peter Groschner.

The day guilds meet Tuesday, January 26, at 12:30 o'clock.

P.E.O. to Mark Founders' Day

The Metropolitan Detroit Chapters of the P.E.O. Sisterhood will observe their 96th Founders' Day at a luncheon and program Saturday, January 30, at 12 o'clock noon in the Fries Auditorium of the Grosse Pointe War Memorial.

Mrs. B. V. Kirk, chairman of the sponsoring group, will introduce Mrs. Robert Harvey Bodine, who will speak on "The Magic Number is One."

Grosse Pointe members on the committee are: Mrs. S. L. Drennan, Mrs. P. L. Nagel, Mrs. J. M. Ludwig, Mrs. K. E. King and Mrs. D. A. Hoerner.

Mrs. J. N. Livermore, chairman of the Supreme Chapter Finance Committee, will give the tribute to the Founders. John Finch will direct the Grosse Pointe High School Choraleers.

The Sisterhood was founded January 21, 1869, at Iowa Wesleyan College, Mount Pleasant, Iowa, by seven college girls. It is now an international organization with more than 135,000 members.

P.E.O. is a charitable and educational organization interested principally in bringing to women greatly increased opportunities for higher education.

This is accomplished through three educational philanthropies with which the entire membership is concerned: The P.E.O. Educational Fund, The P.E.O. International Peace Scholarship Fund, and the Cottey College for Women.

At the present time, there are 81 P.E.O.-sponsored foreign students from 18 countries at 47 different colleges in this country—three are enrolled at the University of Michigan and one at Wayne State University. These students' programs are all made possible through our P.E.O. International Peace Scholarship Fund.

Parents Night Slated At GPHS February 9

"Why Students Fail" Will Be Subject of Speaker's Talk to Senior High School Students' Mothers and Fathers

Dr. James H. Robertson, Associate Dean of the College of Literature, Science and the Arts, and Associate Professor of English, University of Michigan, will be guest speaker for Parents Night, sponsored by the Mothers Club of the Grosse Pointe High School.

The event will be held on February 9 at 8 o'clock in the High School Auditorium.

The subject of Dr. Robertson's talk, "Why Students Fail," is expected to bring parents of Grosse Pointe High School students and elsewhere out in hundreds.

Dr. Robertson, a Bachelor of Science from New York University with a Master of Arts and a Doctor of Philosophy degree from the University of Michigan, has researched this subject area. Some of his findings have already been published in the East.

Parents trying to help their children compete in today's educated society will be especially interested in this evening program.

Mrs. James Laird of the Mothers Club is chairman for the program.

ANN McCracken, a freshman at Hanover College, Hanover, Ind., has been pledged to Kappa Alpha Theta sorority. She is the daughter of Mr. and Mrs. H.O. McCracken, of Goethe avenue.

Meet to Plan DBC Luncheon

Spring is in the air... at least, it's in the minds of a Detroit Boat Club committee who meet today in the Tonnacour place home of Mrs. Earl G. Meyer to begin planning for the club's annual Mother-Daughter luncheon.

Thinking in terms of May-poles and spring flowers are chairman Mrs. Meyer, assisted by Mrs. Roy Jenkins, Mrs. Alan A. Neef and Mrs. Frank W. Hausmann, Jr.

Fashion show arrangements are being handled by Mrs. Robert Palmer and Mrs. John M. Fitzgerald.

Working on decorations and favors are Mrs. Emil Traum, Mrs. Oliver Frey, Mrs. Fred Flom, Mrs. Kenneth Locke, Mrs. Henry Ruitrok and Mrs. William H. Bundesen.

Millinery, Fur Classes Slated

An opportunity to create her own chapeau under the expert guidance of a well known milliner is offered to women of the Grosse Pointe area.

Mrs. Jenny Carradus will instruct two classes in millinery for the Department of Community Services of the Grosse Pointe Public School System. Mrs. Carradus has been a custom designer in New York and Detroit for many years, and has conducted classes in Detroit and the metropolitan area as well as Grosse Pointe for the past 10 years. Under her guidance and instruction her students complete stylized millinery which would do credit to any of the finer salons.

A morning class will meet on Wednesdays, and an evening class on Thursdays. Reservations must be made in advance.

Another course for the style conscious woman is Fur Styling and Remodeling. With an old fur coat and the know-how of Mrs. Reggy Wyatt, the instructor, students turn out jackets, stoles, boas, handbags, hats — you name it! Mrs. Wyatt has been instructing this course in Grosse Pointe and Detroit to hundreds of women who find it not only practical but fun to create a new fur from a previously unusable fur.

Two classes are scheduled, one to meet in the morning and the second in the afternoon, both on Fridays. Advance reservation for this class, too, Call the Department of Community Services at TUxedo 5-3808 or TUxedo 5-0271.

Men who know when to keep still should be credited with having a fine command of language.

Installation of officers will be on the agenda for the 8 o'clock January 26 meeting of the Evening Group of Grosse Pointe Memorial Church Women's Association.

Speaker for the evening will be Glenn Coulter, who will show his outstanding slides on "Stained Glass Windows."

Hostesses will be Miss Alta Gray, Miss Lucy Seeley and Miss Anne Seeley.

Benefits from the annual dinner-dance will be used for the St. Paul School athletic programs, both grade and high school.

Tickets are \$10 per person, and attendance is limited to 200 couples. Tickets may be obtained by calling Chauncey DiLaura, at TU 2-7277, and table reservations may be made by calling Dr. John Koerber, at TU 5-2350.

Anyone wishing to go on either of these trips should contact the Grosse Pointe War Memorial immediately.

Sixteen Ehrling, the present regular conductor of the Orchestra, will spend the month making guest appearances in the United States and abroad while Paray is conducting in Detroit. Ehrling will also conduct the London Symphony in recording sessions during that time.

COME BY SUNDAY

THAT'S YOUR DAY to roam thru this enchanting town house at 333 Rivard Boulevard. See how much "house" can be purchased, and for less than thirty thousand dollars. The center hall plan places the large living room and library on one side, and the dining room to the other, with the kitchen and its eating area across the rear of the building. Upstairs are five bedrooms and three full baths. See for yourself between 2:30 and 5 Sunday.

BY APPOINTMENT

THIS FOUR bedroom colonial on Duval has been lovely for a new owner ever since its recent inhabitants moved. The large, empty living room is waiting for warmth in its fireplace, and to be filled with your furniture. There is also a well proportioned dining room and a paneled family room. The kitchen has almost everything which can be built in it, and that includes a fireplace for winter barbecuing. Most of the house is carpeted and will sell with curtains and draperies. Why not see this one today? It may be the beginning of a wonderful friendship.

TOO LATE AGAIN? Could be that you will be if you wait until tomorrow to check on this one. We are offering this home, two bath colonial on Lincoln Road, Left of the center hall is a living room running the full depth of the house. On the right is the dining room and kitchen, and in the rear is a cozy, stepdown library. Priced at \$35,000.

MAY WE BE A BIT presumptuous in asking if you like to revel in the luxury of large rooms which have been masterfully decorated; to lounge in your large bedroom or before a crackling fire in your sitting room? Do you insist on the privacy of a secluded terrace which is large enough to handle a cocktail party? Do you like to bury yourself within the confines of a richly paneled library? Must you have quarters for stay-in-help or just the rooms which you know are there? If you can project yourself into this picture, then let us start the ball rolling by showing this listing today.

HERE'S A GEM of a house on Lake Shore Road at Provençal. Situated with the Lake as a backdrop for your view from the living room, dining room and breakfast room. The master suite is on the first floor, with three more bedrooms and two other baths upstairs.

SUMPTUOUSLY SITUATED on a large lot which affords the ultimate in privacy and is serviced by underground sprinklers. When summer arrives the comfort of complete air conditioning is at your command, or you can "escape" to the backyard swimming pool with its pool house-guest house. This intriguing house actually is built on four levels, which allows for a stepdown living room and kitchen rooms at the entrance grade. The master suite is on another level just a half dozen steps from the foyer. Another few steps brings you to the upstairs, with four bedrooms and three baths. Give us a call and we may help you to convince yourself that you deserve this kind of living.

who, where and whatnot

by whoozit

A certain local lady . . . as a favor to a sick friend, agreed at-the-very-last-minute to oversee one of the Trial Gardens at the War Memorial Center. She took on the job at a moment's notice, dashed about to florists to select plants and flowers, (all the best ones had already been appropriated by other Trial Gardeners), collected a group of acquaintances willing to help with designing, pruning and weeding, and managed, all in all, to produce what she considered a very creditable garden. Came time for judges to descend and view the Trial plots. Mrs. X expected no blue ribbon — but she DID think her garden could hold its own with the others . . . until she received a typed resume of the judges' comments on her outdoor handiwork:

Maintenance: Bricks unswept, dead plants, soil lumpy, uncontrolled growth.

Appearance: Cornflower foliage sick, Lobelia spotty, plants unstaked.

Basic Plan: Too busy.

Mrs. X has decided to devote ALL her spare time from now on to decoupage.

Standing next to . . . a mother and child at a neighborhood bakery center recently, we overheard the youngster ask her parent what the pretty little pastries with cream filling and colored frosting were called. "Those are Napoleons," mama answered absently. "O-o-oh!" the child exclaimed, "You mean they named them after Napoleon Solo?"

One of the past holiday season's prettiest weddings . . . took place in Maple Heights, O., where former Pointer Andrew Paul Bratton claimed Mary Elizabeth Conrad as his bride in the Church of St. Martin of Tours, a 'chapel in the round,' with a free-standing altar in its center, designed by the bride's father. Colors in the attendants' gowns repeated the colors of the stained glass in the church's rotunda.

A most attractive visitor . . . dropped in at the NEWS office last week to see how a suburban weekly operates in the United States. Margo Pulgarin lives in Bogota, Colombia, works in the Women's Department of "El Espectador," one of Bogota's biggest daily newspapers. She arrived here before Christmas, traveling under the auspices of the United States-Colombian Cultural Exchange Program, sponsored in Detroit by the Christian Family Movement, and has been making her home with the Charles Reynolds family in Lochmoor boulevard while she observes U.S. metropolitan life. It is her first visit to North America, her first experience with cold, snowy weather. She tells us that the Women's Department of her Bogota paper is much the same as ours, dealing with engagements, weddings, babies, parties. She finds people in the United States very friendly, but: "All the time is hurry up, hurry up! Here, if someone asks you to come at 6 o'clock, you come at 6 o'clock. In Bogota, 6 o'clock means 6:30, 6:45 . . ." Nearing the end of her stay in the States, she is worried about overweight luggage on her plane trip home — she fell in love with our sports clothes, (the lightweight wool sweaters and skirts we take for granted and wear almost as a uniform she considers "perfect" for Bogota's perpetual-springtime climate).

We nominate as The Pointe's Ballantyne head . . . Jeanne (Mrs. Don R.) Pointe of Ballantyne road, who looked absolutely smashing in a slim black coat, perfect foil for her flaming locks, as she dashed off to catch a plane for a weekend in the South. (don't we wish we all could go along with her?).

Pointer of Interest

GERALD C. SCHOEDER OF SHOREHAM ROAD
By Janet Mueller

Gerald C. Schroeder thrives on activity. He enjoys his work, he enjoys his play, he enjoys tackling civic and charitable projects. He believes a man should be well-rounded, developed in many ways, with many interests. He believes in devoting himself wholeheartedly to any project he undertakes.

A certified public accountant, his busy season is just beginning, and the days between now and April 15 seem all too short. But in his heaviest "work" period he still finds time to serve on the Grosse Pointe Shores Village Board of Trustees, on the Board of Directors of the Presbyterian Village, as trustee of the Goodwill Industries of Greater Detroit, as trustee of The Howard Home.

He is a confirmed "quotation collector," fond of clipping and keeping sentences that strike him as particularly true and profound. Among his favorites are these two short, revealing axioms: "He is best educated who is most useful" (Elbert Hubbard) and "A man wrapped up in himself makes a mighty small package."

Became Leader Early
Jerry Schroeder has always been a worker, dedicated, energetic and enthusiastic. Born in Detroit, he was president of his graduating class at the High School of Commerce, (East side branch).

He studied bookkeeping and accounting at Commerce, went on to study advanced accounting, economics and business administration at Walsh Institute of Accountancy.

Graduated from Walsh Institute in 1938, (he is a past president of the Walsh Alumni Association), he served as assistant registrar and an instructor in accounting at Walsh from 1939 to 1945.

He started out teaching at Walsh before he was certified as a public accountant. His schedule was hectic, (when hasn't it been?). He taught from 9:30 to 12:30 o'clock, worked as an auditor from 1 to 6 o'clock in the afternoon, then came back to teach from 6 to 10 o'clock at night.

These were World War II years, and his night students were mainly Armed Forces Ordnance men, almost all of them older than their 23-year-old instructor.

Starts Women's Class
In 1942, he began a comprehensive course in accounting for women only—quite a switch, from his earlier classes, where the ratio of men to women has been a coed's dream. (two girls to 30 boys for example).

He has worked consistently to improve his profession and to educate the public regarding his profession. He was a member of the Board of Directors of the Michigan Association of Certified Public Accountants for nine years and served as president from July, 1957, through June, 1958.

While serving as chairman of the Public Relations Committee of the Michigan Association of CPAs, he authored a pamphlet on CPAs that is now available in nearly all banks in the state.

He engineered the first television program in Michigan on Income Tax Preparation, a panel show featuring such guest speakers as the District Director of Internal Revenue.

"It was a nightmare," Mr. Schroeder recalls. "We had a program once a week for six weeks: there were practices and rehearsals, all in our busiest period, when our private work reaches its peak."

Even Used 'Cheesecake'
But he enjoyed the experience. "We even had 'cheesecake,'" he notes proudly. "Our 'glamour girl' was the 'taxpayer,' and we solved all her problems."

He was made a member of Beta Alpha Psi, national accounting fraternity, by the University of Colorado in 1954, and is a member of the American Accounting Association and the American Institute of Certified Public Accountants, (he presides as a member of the Council of the Board of Directors of

the national CPA society).

On July 28, 1964, he was appointed by Governor George Romney to a four-year term on the Michigan State Board of Accountancy.

The Board is composed of three CPAs and one attorney. It is responsible for the enforcement of the Michigan Accountancy law including the registration of CPAs, conducting of the professional examinations and granting of the CPA certificates. Mr. Schroeder currently is secretary of the Board.

Serving on the State Board of Accountancy, Mr. Schroeder is again involved with young people. This involvement with the young is somewhat of a Schroeder trademark, beginning with his years as a teacher, continuing through his years as a father—and as a man interested in the future welfare of his community.

Oldest Son Pilot

Jerry, the oldest of the two Schroeder boys, is a senior at Michigan Technological University in Houghton, majoring in Applied Physics and Engineering Administration.

A student pilot, (he has his single-engine plane license), Jerry is group Commander of his college AFROTC. He became a colonel in December, 1964, finally attaining the same rank as his father, who was made honorary cadet colonel of the 400th AFROTC of Mich. Tech. in 1963.

Bob, the younger boy, is a sophomore at Hope College, Holland, Mich., majoring in Business Administration — and devoting his spare hours to work as promotion manager and disc jockey at the college radio station.

While the boys were growing up, their father served as president of two school parent-teacher organizations, at Vernier School and at Ferry School, (he was the first P-TA president of Ferry School when it opened in 1954.)

He served as treasurer of the Grosse Pointe High School Band and Orchestra Parents' Club. With both his boys in college, he is still an active supporter of the Pointe Public Schools, ready to ring doorbells on behalf of school bond issues.

Active in DeMolay
He has been very active as a member of the Order of DeMolay, a youth organization sponsored by the Masonic Order, serving Detroit-Zion Chapter as its Master Councilor in 1938.

He eventually received the Chevalier Degree, highest award for distinguished service to the Order of DeMolay, and the Legion of Honor Degree, highest obtainable by a DeMolay for outstanding service in his profession.

He is a Mason, served in 1955 as Worshipful Master of Zion Lodge No. 1, F. & A.M.—he is presently chairman of the Lodge's Board of Trustees—and also belongs to King Cyrus Chapter Royal Arch Masons and is a member of Detroit Commandery No. 1, Knights Templar.

Gerald Schroeder is interested, above all, in people. He would like to take men and women who begin to feel sorry for themselves on a visit to Goodwill Industries, to see how the handicapped train to become gainfully employed.

Treasurer of Goodwill for the past four years, he points out that Goodwill is big, if not-profit, business, paying out about \$1 million in wages to employees yearly, taking in about \$1½ million in sales. Other monies are used for operating expenses and expansion.

He also seeks to serve people through participation in local government; he has been a member of the Council of the

Village of Grosse Pointe Shores since 1955, currently serves as chairman of The Shores' Planning Commission.

He is a member of the Detroit Board of Commerce, Lochmoor Club, The Harmonie Club, (his term as president of Harmonie ended last year), and the Economic Club of Detroit.

He confesses he is irked by the prevalent image of the CPA as strictly a "treasurer."

"A CPA is just as qualified to be president as anyone else," Gerald Schroeder points out. "He should have the opportunity to show his leadership ability."

Proving his point, Mr. Schroeder recently completed a successful term as president of the Grosse Pointe War Memorial Association. He served three years on the War Memorial's Board of Directors, was treasurer in 1962 and 1963 during the Fries Auditorium construction period, was chairman of the Family Participation Campaign in 1963, and stepped down as president last September 30.

Memorial Center Booster
"I think the War Memorial is the finest community center in the United States," he says. "I can't speak too highly of it. The members of the Board of Directors are all outstanding citizens who render a fine service to their community."

Church work also occupies his time. He is a former chairman of the Board of Trustees and Clerk of the Session of the Grosse Pointe Woods Presbyterian Church. He was elected to the Board of Directors of Presbyterian Village, a facility for senior citizens, in January, 1964, and just recently, at the December, 1964 meeting, was elected treasurer for 1965. (He is also a member of Presbyterian Village's finance and operations committees.)

The Village in his newest project, and he is "very enthusiastic" about its current building program, involving a just-finished medical center, a new residence hall and a group of studio apartments. (This building program, in turn, involves a huge amount of work for the new treasurer—but the new treasurer believes "Work is life and good work is good life.")

Youth Group Sponsors

Like her husband, Eleanor Schroeder is involved with her community. Most of her outside-the-house involvements center about her church.

The Schroeders both served three years as adult sponsors of the Thristle Club, Grosse Pointe Woods Presbyterian's senior high youth group. Eleanor is a past president of the Church Women's Association, and present Youth Budget Director. (Translation: Treasurer), of the Church Sunday School.

Surrounding themselves with activity in The Pointe, The Schroeders none the less like to get away, bundle themselves, the family dog, "Ginger," and any son who happens to be around into the car, and head for their summer home on Russell Island, opposite Algonac. Cars are taboo on Russell Island. Days are devoted to swimming, boating and watching freighters from all over the world go up and down the river. But even in this Lotus Land, Gerald C. Schroeder has managed to involve himself in group activity. He is one of six members of the Russell Island Boat Club, an incorporated non-profit organization.

The group meets twice a year, the members take turns being Commodore. Since moving to the island in 1954, Mr. Schroeder has served his stint as Club leader. But his permanent job is Rear Commodore, (in the Russell Island Boat Club, it is possible to be both Commodore and Rear Commodore at the same time).

What are the Rear Commodore's duties? They approximate the duties of a secretary-treasurer in any other organization . . .

LWV Considers 2nd High School

The Grosse Pointe League of Women Voters will hold meetings this week to explore the need for a second Grosse Pointe High School and will sponsor informal coffee hours to acquaint prospective members with the League's activities.

The League has been making a study of the facilities which would be desirable in a new high school and the financing that will be required for its construction.

At the final meetings of this study will be discussed so League members will be better prepared to vote on the school bond issue in the March 22 election.

This is the second year of a League survey which reads: "A study of the Grosse Pointe public schools, including financing, use of land and buildings, and an exploration of needs for local education beyond high school."

In June 1964, at the end of the first year of the study, the League reached agreement on the following points regarding Grosse Pointe school needs:

(1) There should be continued effort toward keeping maximum classroom size around 25 pupils in grade school and academic classes.

(2) There should be a reduction in the size of physical education classes to a more manageable number or a small ratio of pupils to teacher.

(3) Funds should be voted to build a school to serve future needs.

(4) No consensus was reached on Michigan school tax laws, regarding bonding, terminal millage, and voting eligibility.

Also at the January unit meetings members will be asked to vote on questions concerning the state public welfare study. Mrs. Jack Still, chairman of the study, asks members to review their workbooks on this subject prior to the meetings.

The unit meetings will be held as follows: Tuesday, January 19, at 8 o'clock at the home of Mrs. Harold Jinks in Lakepointe avenue; Monday, January 25, at 9:30 o'clock at the home of Mrs. A. C. Fortinski in Berkshire road; and Wednesday, January 27, at 1 o'clock at the home of Mrs. Henry Evjen, in South Brys drive.

In addition to providing its members with background material on the school problem so they will be able to vote intelligently, the League in the next few weeks will sponsor public events aimed at helping all Grosse Pointe residents become better informed on the questions they will be asked to vote on in March.
