## CITY GOES TO POLLS MONDAY

### HEADLINES

of the  
**WEEK**

As Compiled by the  
Grosse Pointe News

Thursday, February 4

**REPORTS FROM SAIGON**  
Wednesday indicated that there is some reason to believe that the Soviet Union may attempt to mediate a truce in the war in South Vietnam and neighboring Laos. A direct connection between McGeorge Bundy's trip to Saigon and the scheduled visit of Soviet Premier Alexei Kosygin to Hanoi, Communist capital of North Vietnam was noted by observers. Although Bundy's trip is called an evaluation one, there is speculation that he wants to sound out South Vietnamese leaders and American officials there on their minimum requirements for a negotiated peace. Russia is said to want peace in Indochina in order to undercut Red Chinese influence in Southeast Asia and to prevent expansion of the war which could result in a major confrontation between the United States and Red China.

Friday, February 5

**PRESIDENT JOHNSON** at a news conference yesterday said that the United States will continue its "present policy to help the people of Vietnam help themselves to preserve their freedom." He repeatedly made this point in spite of the growing speculation that the United States was nearing the moment of truth on Vietnam—whether to continue or call a halt to its support of that country's war against North Vietnam. He also said he would give "due consideration" to French President Charles de Gaulle's suggestion that a five-power conference including Communist China be held to discuss possible changes in the UN Charter.

Saturday, February 6

**AFTER BEING RELEASED** on bond Friday from a Selma, Alabama jail, the Rev. Martin Luther King, Jr. said that he plans to fly to Washington Monday to ask President Johnson's help in the racial battle that has been in progress for the past three weeks. He also said that he would seek a constitutional amendment in Congress which would guarantee voting rights of Negroes by using Federal registrars if it were necessary. King, after his release, met with a congressional delegation which had come to Selma to get personal appraisal of the Dallas County situation. Two Detroit Congressmen, Charles W. Diggs and John Conyers, were among the group.

Sunday, February 7

**AS A RESULT** of a Vietcong assault on two American compounds last night in Pleiku, 240 miles south of the capital of South Vietnam, eight United States servicemen were killed and 109 wounded. It was the largest number of American casualties for any single engagement since the Vietnam war began in 1959. Officials said the Communists had attacked the two camps with head-on fire and infantry troops evidently rushed the two camps. It was the first major Vietcong initiative since the Lunar New Year holiday during which the Vietcong had called a cease-fire. The holiday ended last night.

Monday, February 8

**THE SETTLEMENT** of the Port of Philadelphia dock strike was announced last night by James J. Reynolds, assistant secretary of labor. It is hoped that the agreement will pave the way for a complete settlement of the crippling 28-day East and Gulf coast strike that has idled 60,000 longshoremen from Maine to Texas.

Tuesday, February 9

**THE NATIONAL Aeronautics and Space Administration** announced yesterday that astronaut Gordon Cooper and Lt. Charles Conrad have been chosen as the primary crew for America's two-man space flight, which is scheduled for seven days and to be made sometime this fall. Not only will the flight be the longest space trip ever planned but it will be the first time an American astronaut will move outside the ship and work in space itself.

### Farms Proud of Transformed Headquarters

The rejuvenated and enlarged Municipal Building is a source of great pride to the officials and employees of the City of Grosse Pointe Farms. All departments have more room in which to function and efficiency at the Kerby road structure has been greatly increased.

An open house is being held on April 11 to enable the residents to become fully acquainted with their City Hall. Begrow and Brown were the architects on this project.

### Wait Judge's Decision in Hospital Suit

Judge Joseph Moynihan Hears Oral Arguments in Bon Secours Plea for Expansion

Oral arguments in the civil suit of Bon Secours Hospital against the City of Grosse Pointe were heard Wednesday, February 3, in court.

Judge Joseph A. Moynihan heard the hospital's lawyer, Chris Youngjohn, and the City's legal representative, Alfred Lindbloom, summarize the contestants' cases. Oral arguments also give the presiding judge an opportunity to ask questions of either side.

Judge Moynihan, however, gave no indication, after listening to the arguments, as to when he would issue a decision in the case which began last December.

The hospital is attempting to prove that City Ordinance 96 is unconstitutional. The ordinance prohibits the construction of public buildings south of Kercheval and puts a limitation on the height of buildings.

Filed last March 10, the suit alleges that the zoning ordinance deprives the hospital of its property rights and is contrary to guarantees included in the constitutions of Michigan and the United States.

On November 19, 1961, the City Council turned down Bon Secours' petition to permit exception to the ordinance so that the hospital's facilities could be expanded.

### Panicky Youth With Bad Driving Record Wrecks Cars after Wild Chase

Crashes Into Woman Driver on Moross After trying to Outrace Police from Jefferson Avenue in City; Three Treated in Hospital

A wild chase in the early hours of Saturday morning, February 6, resulted in an accident at the corner of Moross road and Beaupre which sent three people to hospitals for treatment.

Charged with reckless driving by Grosse Pointe Farms police is Joseph M. Bommarito, 18, of 2077 Kenmore drive.

He, along with one of his passengers, Frank Burzynski, 17, of 21117 VanAntwerp, Harper Woods, were injured when the car struck another driven by Marie Stella Bertolina of 21604 Violet, St. Clair Shores. The impact threw Mrs. Bertolina from the driver's seat of her vehicle into the rear seat. She was taken to St. John Hospital for treatment by Woods police and later released.

Passenger Also Hurt  
Burzynski was also treated at St. John for severe lacerations of the face, a broken arm and minor cuts and bruises. Dennis R. Turner, 18, of 20951 VanAntwerp, Harper Woods, the other passenger in Bommarito's car was not injured.

Before Bommarito was placed in the City's jail overnight, he was treated at Bon Secours Hospital for injuries.

The hair-raising chase which led to the accident began on Jefferson avenue when City Patrolmen Edmond Benhuys and Richard Lanski noticed a car traveling east on the avenue at an excessive speed. As they attempted to follow and stop the car, the driver, Bommarito, increased his speed even more and led the scout car into and off Lakeshore onto Edgemere.

### Crosses Kercheval at 90

With the police in hot pursuit, Bommarito turned off his driving lights and continued right from Edgemere onto Grosse Pointe boulevard, through the stop sign on Moross, where he made a left turn, going north. He raced up Moross across Kercheval at what the patrolmen estimated to be 90 m.p.h. on the left side of the street and was stopped only when his car struck Mrs. Bertolina's vehicle. She was turning left from Beaupre onto Moross.

According to Bommarito, he had only had a "couple of beers" and had simply panicked when he realized that he was being chased by the City police. He decided to outrun the police if he could because he realized that were he caught he would in all probability lose his license because of a former accident and a bad traffic record.

Both cars were totally wrecked. (Continued on Page 4)

### Farms Submits Building Report

Three permits, for buildings valued at a total of \$57,500, and one permit for development of nonassessable property, valued at \$107,138, was approved by the Farms Building Department during the first month of 1965, according to a release by John DeFoe, head of the department.

The nonassessable development is the swimming pool, now under construction, at the Municipal Pier-Park at the foot of Moross road.

According to DeFoe's latest monthly report, one permit was issued for a commercial edifice valued at \$45,000; and two permits were approved for miscellaneous construction valued at a total of \$12,500.

By comparison, for the same period in 1964, there were no permits granted for building on residential, business, or nonassessable property; and only five miscellaneous construction permits, valued at a total of \$26,000.

### Bloodmobile Comes Here This Friday

Mobile Unit Will Be at Memorial Center from 3 to 9; Residents Urged to Donate

Grosse Pointers are asked to contribute blood at the American Red Cross on Friday afternoon and evening, February 12, between 3 and 9 o'clock when the Bloodmobile Unit makes its annual visit to the War Memorial Center.

Appointments are most helpful, and may be attained by calling the Center TU 1-7511. Any healthy adult who hasn't had a brush with hepatitis or the like is able to contribute. All this blood is used to meet needs resulting from accident, disaster, or operations which exhaust the resources of the family.

While everyone is urged to contribute to the Grosse Pointe Community Blood Bank which is empty and is jointly administered by the Grosse Pointe War Memorial Association and the Red Cross, this is an open bank where in one's own neighborhood one may conveniently contribute to any individual or organization's bank or needs.

The visit by the Bloodmobile receives the full cooperation of the Grosse Pointe Blood Council representing most of the churches, civic, and veteran groups in the Grosse Pointe area as well as The Junior League. The Grosse Pointe Woman's Club is providing the volunteers to register donors, serve in the recovery room, and act as drivers for people who need transportation.

Volunteers include Mrs. Shirley Craig, Blood Bank chairman, and her co-chairman Mrs. Fern Collett. Mrs. John Friesema is in charge of registration. Other volunteer workers include Mesdames Alexis, Anderson, Baum, Byers, Chambers, Erne, Hallenbeck, Kilwinski, King, Mulliken, Piper, Quinn, Schwind, and Wolf, all working under the leadership of Mrs. H. Groening.

### INJURED IN HOME

Michael Lynch, 22 months, son of Mr. and Mrs. Harold Lynch of 2080 Norwood, ran into a coffee table in his home and suffered a cut over his eyes and nose. He was transported to the office of the family doctor by Woods police. Two stitches were needed to close the wound.

### Approval of Plans Of Port Authority Withheld by Park

Council Expected to Take All of Allotted 180 Days Before Answering Request for Moral Support of State-Created Commission

Two representatives of the Detroit-Wayne County Port Authority Commission approached the Park council on Monday, February 8, for "moral support" for proposed plans for the development of port facilities along the Detroit waterfront. The council voted to table the matter for further study before giving its answer.

The representatives, Andrew F. Fleming, executive director of the Commission, and F. Clifton Lind, of the Wayne County Prosecutor's Office, informed the council that approval will not change the residential zoning status of property in the Park that will come under the jurisdiction of the Commission.

The Commission does not need, now or in the future, any land in the Park, to expand port facilities, already located in Detroit, Lind, as spokesman, said.

### Created by State

Lind said that under a state law adopted last September 4, which created the Port Authority Commission, it is required that the Commission must contact waterfront communities in the county for approval, or disapproval, of port plans, and for indication from the communities, that properties along the waterfront are zoned residential.

Each community along the waterfront in the county has received a map from the Commission, outlining property that would come under the port authority's jurisdiction, although the property, other than commercial zoned land and port facilities already developed in Detroit and Down River communities, will not be utilized.

The communities have 180 days to give a "yes" or "no" answer to the plans, from the date of receipt of the maps. The Park received its map last November 10.

### Farms Has Approved

Lind disclosed that the Farms council gave its approval of the port plans last December, indicating that its land has been zoned residential and that there is no commercial zoned property along its waterfront, and the Shores is expected to give its approval soon.

The City council reviewed the matter at its meeting held yesterday, February 10, too late for this week's issue of the NEWS. The meeting was advanced because of the election to be held Monday, February 15.

The Woods is not affected by the law because its lakefront park is located in St. Clair Shores, in Macomb County.

At Monday night's meeting, the Park council expressed deep concern regarding the Port Authority Commission's over-all plans because the map outlining the boundary over which the Commission will have jurisdiction, covers a half square mile of the Windmill Point Subdivision.

The subdivision is south of Jefferson, and the map outline covers a section bounded by

### Voters Asked To Approve Bond Issue

Need \$1.32 Million to Make Sewer System Improvements Demanded by State

Grosse Pointe City residents will go to the polls on Monday, February 15, to vote on a \$1.32 million General Obligation bond issue, which if passed, would improve the City's sanitary sewer system.

The election will be held in the gymnasium of Maire School. The polls will be open from 7 a.m. to 8 p.m.

The special election next Monday was called by the City Council because of the urgent need on the City's part to correct the dangerous unsanitary conditions that have existed for a number of years.

After the City voters turned down the same issue last September, the Council received a letter from the Michigan State Board of Health pointing out the hazards in the system and stating that unless something is done to correct them, the State would be forced to take legal action against the City.

### Best for Taxpayers

Following several months studying other methods of financing the needed changes and improvements, the Council returned to the General Obligation bond issue. It found that this way is cheaper and more economical for the taxpayers.

Mayor David E. Burgess said that if the voters turn down the \$1.32 million bond issue on Monday the City's problems will have only begun. The Council will be forced to find a way to raise the needed monies to make the improvements or face a costly legal battle with the State. "We have no alternative in this situation," he said. "Something must be done and the Council feels passage of Monday's bond issue is the only sensible and fiscally sound method."

The City's consulting engineers, George Jerome and Co., have proposed a three-section program which would correct and update the sanitary sewer system. First it has asked for construction of a sanitary relief sewer in Lakeland avenue with arms in Jefferson, Maumee, St. Paul, Kercheval, Waterloo, Charlevoix and Goethe to intercept the flow from the existing 8-inch sewers.

Secondly, it recommends construction of a storm relief sewer in Waterloo avenue to

### Resident Scares Away Burglar

A would-be burglar was frightened away by a Woods resident, who was aroused from slumber after hearing a noise at the rear of the house, according to Woods police. The burglar was trying to enter the house.

On Friday, February 5, Mrs. Goldia LeBeau of 1505 Huntington, called police and reported that an attempt was made to enter her house.

She said that she and her husband, had retired for the night when she heard a noise, but did not investigate on the assumption that the noise was caused by her husband walking in the darkened house and bumping into something.

A short time later, Mrs. LeBeau said, she heard the noise again, and this time got up to investigate. She said she went into the kitchen, but did not turn on the lights, and looked out through the kitchen window. She saw a figure dressed in dark clothing, standing at the back door leading into the family room, and yelled, "What are you doing back there?"

She said she saw the man raise his hand and motion as if waving to someone, and then he sped from the scene. It is not known in which direction the culprit ran, nor if a getaway car was nearby.

Investigating officers said that they found pry marks made by a half-inch screw driver, used to force open an aluminum storm door. The intruder was attempting to pry open the lock of the house door when he was frightened away by Mrs. LeBeau, the policemen said.

### High School Remodeling Plans Revealed by Officials

A question that may be asked in the near future by many Grosse Pointers has been answered by school officials. Residents, aware that the first proposition on the March 22 ballot seeks authority to sell bonds for the construction of a new high school, know that the bond issue also will provide funds for remodeling and renovating the existing high school.

While members of the Board of Education and the administrative staff are unable to give all the specifics of the proposed renovation program at Grosse Pointe High School, all indications show well advanced and carefully formulated plans for the structure, pending the successful outcome of the March 22 election.

A recently compiled nine-page summary, "Recommendations of Grosse Pointe South High School Building Needs Committee," includes a comprehensive department-by-department outline of tentative future plans as developed by representatives of all secondary departments.

When White saw the policeman, he panicked, threw down the gun and money and said, "I give up."

Meantime the waiting accomplice had become frightened when the car wouldn't start and escaped on foot through the lot at Jim Causley Pontiac, Inc. to Neff and Woodhall onto Warren.

Tentative plans for the social studies classrooms in the Annex call for the removal of several walls and replacement by folding partitions. Electrical wiring, the installation of chalkboards and window shades are also included in the Annex modernization project.

Business education areas are slated for their share of renovation, too. Recently-prepared sketches include provision for the use of instructional television.

Other plans call for the centralization of departments currently dispersed throughout the building. Music, foreign language, mathematics, effective living, art, driver education and physical education call for some changes. Room assignments as well as the modernization of facilities.

In other parts of the building, folding doors will be installed between the kitchen-serving and dining areas of the cafeteria. Rewiring and relighting of the stage area, as well as new lighting control equipment and new seats are scheduled for the auditorium.

**VANDALISM REPORTED**  
 Joseph Peters, 60, of 1573 Hollywood, informed Woods police on Tuesday, February 2, that an unknown person broke off the windshield wiper and arm of his automobile, while it was parked across the street from his house during the night.

 intercept flow from storm sewers running north to the present Fox Creek barrel. An arm of the sewer would run from Waterloo down St. Clair avenue and into Lake St. Clair.

Both of these improvements would remedy the overloaded sanitary sewers, which result in flooded basements, and relieve the load on the interceptor sewer parallel to the Fox Creek barrel. They would also eliminate the pollution of Lake St. Clair which is currently a major hazard and of great concern to the State Board of Health. When the sewers become overloaded now, the City is forced to pump excess sewage into the lake to help relieve back up in homes.

**Would Automate Pumps**  
 In addition, passage of Monday's bond issue would provide funds to automate the City pumping station in Charlevoix avenue to save the expense of keeping three salaried men on hand to run it. The automation is estimated to cost about \$58,000 and would allow the system to be monitored in the police and fire station in Mauve avenue.

## Southeastern Women Meeting on Feb. 15

The Southeastern Women's Club will meet on Monday, February 15, at 12:30 o'clock in St. James' Presbyterian Church, Parkgrove and Morang. Mrs. Robert Boltwood, of Wayne State University, will speak on "The Foreign Student on the Campus."

The cost of relieving the sanitary sewers is estimated to be \$559,900 and the storm sewers, \$706,800.

Any resident who finds that he will be out of town for the election may make an application for an absentee ballot at the

## Woods School Children To Map Safety Routes

Patrolman Jack Patterson, Woods school safety officer, took an old idea and gave it a new "twist," to instill safety into the minds of elementary school children living in the community. The children will soon receive a map on which they will trace their safe route from home to school, and vice versa.

Lt. Roland Symons, head of the School and Traffic Safety Division of the Woods Department of Public Safety, said on Friday, February 5, that the maps are being prepared and will soon be distributed to the principals of the schools, who in turn will distribute them to the children.

The idea of school children selecting their routes to and from school was originated by the Automobile Club of Michigan (AAA), a few years ago. With their parents, the children picked the safest route from home to school, and from school to home, with the parents pointing out the advantages of such practice to their offspring.

The idea of using a map was conceived by Patterson, who disclosed that tracing the route to and from school, on a chart, is more apt to instill safety in the mind of a child.

Each school will receive maps of its own area. The schools are: Barnes, Ferry, Mason, Monteth, Our Lady Star of the Sea, and St. Joan of Arc. The latter is located in St. Clair Shores and is near the Woods-St. Clair Shores boundary line. Many children residing in the Woods attend this school.

### Handweaver's Guild

The Detroit Handweaver's Guild will meet Friday, February 12, in the International Institute, 111 E. Kirby, at 1 o'clock.

Mrs. May Douglas, a member of the Michigan Weaver's Guild, will give an illustrated talk on weaving fabrics especially designed for decorator pillows and cushions. She will also display some of her hand-woven fabrics.

Visitors who wish to attend may call Mrs. Dorothy Pfeiderer at ED 1-5963.

On the reverse side of the map, a letter is addressed to the parents of the school children, informing them of the route selected by their children.

The parents are informed that this is a part of a safety project which has been organized to help children develop safe walking habits and to become aware of the potential dangers that exist in a seemingly innocent walk to school.

The parents are urged to teach their children about safety, and to go over the map with him, or her, to verify the choice of the route, and allow their children to explain why they picked this particular route, then talk with the children to verify their choice. The map can be used to trace a safe route to church, store, or playground, also, Symons and Patterson said.

The officers point out that policemen, adult crossing guards and school safety patrols are on duty guarding pupils on their way to school in the morning, noon and afternoon.

In order to utilize the protection they provide, Symons and Patterson beg parents not to start their children to school too early, or too late. They urge this in the interest of maximum safety.

The officers admonish parents to see that their children come home directly from school, so that they may make full use of all "safe walking helps."

Patterson also urges motorists to be extra careful at school crossing intersections, especially when children are crossing the street. Quoting an adage he said he read somewhere, the safety officer said, "Children should be seen and not hurt."

Parents will have the final say regarding safety routes for their children, Patterson said.

### Police Accuse Errant Driver

Donald C. Clement, 22, of 1737 Anita, was ticketed by Woods police on Thursday, February 4, for driving on an expired license.

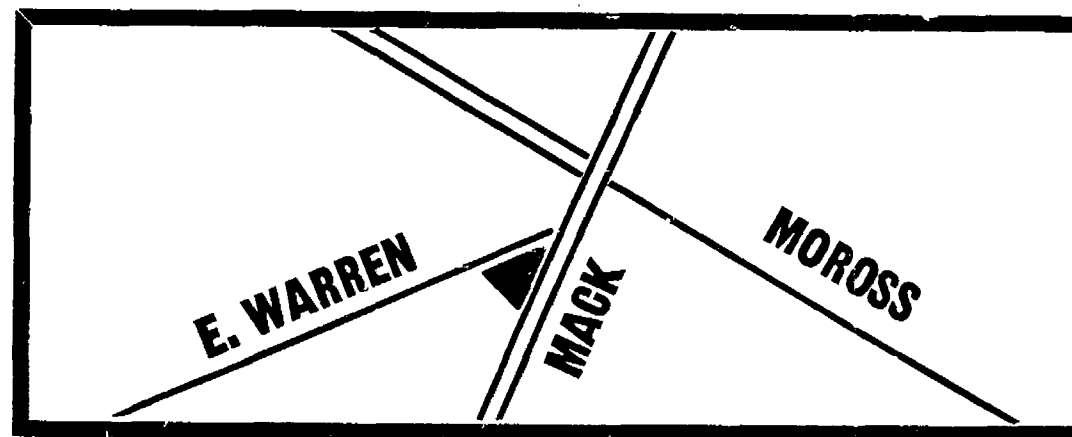

Patrolman Thomas Podeszwik was patrolling Mack avenue at about 12:30 a.m., when he observed a car with only one headlight. He stopped the car at Torrey. Clement was behind the wheel.

The officer asked the motorist for his operator's license, which was produced. It was found that Clement was driving on a license that had expired in May 1964.

Clement was taken to the station where he was issued a violation ticket for driving on an expired license, with court date set for March 13.

A teletype to the Secretary of State's Office in Lansing brought a return answer which disclosed that Clement was wanted on a traffic warrant by St. Clair Shores police. He was released to authorities of that city.

Port Plans

(Continued from Page 1)

Wayburn, Essex, to about Trombley, along Jefferson.

**Fearful of Condemnation**  
The council feared that once the boundaries of the port authority have been established, the Commission, with the broad powers granted by the State Law which created it, could step in at any time and condemn part of, or all, land under its jurisdiction, when and if it should determine future expansions or development of port facilities are needed.

Fleming told the council that expansions will be made, but only in Detroit and Down River communities, where port facilities are already established, or where property is zoned commercial.

He cited the fact that a large number of foreign ships have been forced to wait at anchor in the Detroit River, waiting to be moored at docks to unload their cargoes. This costs each ship thousands of dollars each day it waits to unload. This adds to the cost of products, which must be passed on to consumers, and this is not fair, he added.

After debating the matter, the council, by a 4-2 vote (one councilman was absent), decided to table the matter, to give City Attorney Richard Rohr an opportunity to study several legal aspects of the issue, and present them to the council at any meeting before the 180 days limitation expires. In the meantime, members of the council, too, will study the matter, before giving their answer.

AAA Pays Honor To 4 Pointers

A Grosse Pointe Woods resident is among Automobile Club of Michigan executives named to national committees of the American Automobile Association.

He is Bayard A. Clark, 1969 Van Antwerp, who was named to the Safety and Traffic Committee at the national level. Clark is assistant director of Auto Club's Safety and Traffic Division. A former member of the Detroit police department, Clark joined Auto Club in 1941 and six years later was named to his present position.

Directors of the Automobile Club of Michigan who were named AAA national directors included Mervyn G. Gaskin, 83 Oxford road, Raymond J. Hodgson, 570 Renaud road, and Ralph Thomas, 222 Merriweather road.

Elm Disease

(Continued from Page 1)

He said that beetles make two flights a year from the island, and two sprays are needed, at least at the present time, until the blight is brought under control in the Park.

Slone said that at one time the Park resorted to only a dormant spray, which was sufficient to control the beetle, but in 1962, the loss of public and private elms increased.

Herbert Heger, head of the Department of Public Service, informed the council that in 1962, the city's public and private elm loss numbered 98; in 1963, when a two-spray program was again started, the loss dropped to 73; and last year, the loss was 71. Slone said personnel of the Public Service Department spray the trees with public-owned equipment.

ed and Bommarito carried no insurance because, he said, of his bad record.

All the Detroit police departments were alerted during the chase and City officers were assisted by both the Farms and Woods.

Bommarito was released Saturday on a \$25 bond, pending a court hearing date in the Farms, where the accident occurred.

CAMERA STOLEN

Richard W. Champion of 4045 Hereford, Detroit, complained to Farms police on Tuesday, February 2, that someone broke into his car parked in a lot at Mack and Kerby, and stole his camera, valued at between \$75 and \$80.

**Cottage Hospital Honors Employees**

Recognition for the longest continuous service in the history of Cottage Hospital of Grosse Pointe was given to 35-year veteran employees during the institution's annual service awards dinner, February 3, at Stouffer's Eastland restaurant.

This unprecedented honor went to Mrs. Nan Tanner of Detroit and Bessie Milligan, Grosse Pointe Woods, both of the dietary department.

Ten other members of the staff received their first awards. Each has served the hospital on the hill for at least 10 years through 1964.

They are: Mrs. Fay Conley, Margaret Fairfield, and Betty St. Peter of the Grosse Pointe communities; Harlan Lacey, Mrs. Jessie Massey, and Mrs. Elizabeth Widmer, St. Clair Shores, and Mrs. Irene Green, Prentiss Jones, Mrs. Angela Kellehan, and Mrs. Opal Vandebussche, all of Detroit.

Mrs. Nelson Holland, Board of Trustees president, congratulated the 12 awardees and presented a service pin to each. They bring to 45 the growing list of employees with extended service records.

Department heads, trustees of the hospital, and earlier award winners also attended the event.

**HURT IN FALL**

**Men's Garden Club To Meet**

Symbolism of the Oriental Garden will be the title of Harry Whang's talk to the Men's Garden Club of Grosse Pointe at the Thursday, February 18, meeting at the Grosse Pointe War Memorial Center.

Mr. Whang, who for 30 years has been manager of the Indoor Gardens Department for the J. L. Hudson Company, came to this country from his native Korea in 1920.

He is a graduate of the University of Chicago and holds a master's degree from Columbia University.

During the Second World War Whang was lecturer in Far Eastern History and Culture at Selfridge Field. Currently he is vice president of the Detroit Philosophical Society and a Board Member of the International Institute of Metropolitan Detroit.

Mr. Whang will be introduced by Grosse Pointe Garden Club member Ed Luss.

The meeting starts at 8 o'clock and at its conclusion refreshments will be served. Male gardeners of the area are cordially invited to attend.

**Library Offers Family Movies**

The fourth program of the Friends Film Forum series, sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library, will be shown February 19, 1965 at 9:15 p.m. in the Main Reading Room of the Central Library, 10 Kercheval.

**OEDIPUS REX** (color, 88 minutes) 2400 year old drama, in the Yeats translation, is accorded a deeply moving, majestic and superbly sensitive reading by the Stratford, Ontario Shakespearean Festival Players, under the imaginative direction of versatile Tyrone Guthrie.

Upon an austere, hexagonal platform-stage, using many of the conventions of the ancient Greek Theatre, the actors, wearing larger-than-life masks, intone the cadenced verses of this most terrible of all tragedies of fate. It overflows with compassion and pity, grandeur and beauty and heartbreak.

**OEDIPUS REX** is majestic drama—perhaps not for general audiences, but certainly for all who love theater, poetry, and have a wish to see this play much as it was presented ages ago in the Athens Theater.

The fine cast includes Douglas Campbell, Eleanor Stuart, Robert Goodier, Eric House and Donald Davis, speaking through masks designed by Moisewitsch and Cundall to Cedric Davies' music, and the color camera work is most outstanding.

Thornton Wilder said "a distinguished production and a revelation of new possibilities in the motion picture." You are cordially invited to attend this outstanding showing.

**Rotarians Offer 11 Fellowships**

The Rotary Clubs in District 640, are accepting applications for a Fellowship during the 1966-67 school year, it was disclosed by William B. Stuck, publicity chairman for the Grosse Pointe Rotary Club.

The last day that applications will be accepted is Thursday, April 15, it was announced.

District 640 includes clubs in all areas in Michigan in that portion of the southern boundaries of Macomb, Oakland, and Washtenaw Counties, and east of the western boundary of Lenawee County, and clubs in Essex County, Ontario, comprising more than 40 different groups.

Albert D. Thomas, president of Pointe Rotary, stated that applicants need not live in, or be studying in the area of these clubs, so long as his permanent residence is within the territory covered by District 640.

He said that eligible candidates must be male, but applicants for 10 additional Fellowships may be male or female, and must select a school in any of 50 countries designated under the Fellowships. These Fellowships have the same features and requirements as do the regular Fellowships.

The Rotary Foundation engages in activities designed to further understanding and friendly relations between peoples of different nations, ac-

cording to information released in an official Rotary organ.

Rotary Foundation Fellowships are awarded to young men for a year's graduate study abroad, to provide them with the opportunity to interpret their home countries within the country of study, and upon return home to foster an understanding of their country of study.

The Rotary Foundation Fellowship has a dual role: "Ambassa-

**If you're going to enter something like the Pure Oil Performance Trials, you might as well do it to win.**

**So we did, Class IV—won by Buick Special.**  
Down at Daytona Beach, we gave everyone another look at Buick's "Win Policy". A V-8 Buick Special won over stiff competition (sorry, boys!) in Class IV—in the 1965 Pure Oil Performance Trials. The winning Special was equipped with our 300 cubic inch Wildcat 310 V-8 and Super Turbine Transmission.

Remember that the drivers in the Performance Trials are skilled professionals, and the cars finely tuned standard production models. (If it can be said that the Special is "Standard" anything.) Also remember that the trials are an exhaustive, carefully graded test of a car's all-around ability. In economy, acceleration and braking. Small wonder the Special came out on top. Handsomely.

(The specific detail: Our hero averaged 20.689 mpg in economy, to score second among 10 cars. It accomplished the acceleration test—from 25 to 70 mph—in 9.315 seconds, for a fifth. And took another second in braking: from 65 to 0 mph in 172.0 feet. The cumulative result: we won all the marbles in Class IV.)

Now then. If you're going to enter something—like a car—you might as well do it to win, too. Your Buick dealer can introduce you to the driver's seat of a Buick Special.

### Hard Luck Tale Told Too Often

Richard G. Hillebold, 24, of 8317 South Cottage, Chicago, Ill., had a hard luck story, and it brought him a trial in Farms court on Tuesday, February 2.

Hillebold was arrested by Detroit police when a Catholic priest at St. Philomena, Marcellines and Mack, called the authorities, when Hillebold gave him a hard luck story.

The story told by Hillebold sounded familiar to the clergyman, who remembered that the man told the same fable to the Rev. Father Hubert Roberge of 186 Grosse Pointe boulevard, chaplain of the Sacred Heart Convent in Lake Shore road.

Hillebold had approached Father Roberge on January 28, and after telling the priest his troubles, asked for financial help. The priest gave the man a \$10 bill.

On Monday, February 1, Hillebold approached an assistant pastor at St. Philomena, and told him the same story given to Father Roberge, which moved this priest to give the man five dollars.

Not satisfied with this, Hillebold went to the church rectory, where he gave the second priest the hard luck story, which the clergyman had heard before.

Hillebold was released to Farms police, as Detroit authorities had no complaint against him. The man was arraigned in Farms court on complaint of the Pointe priest.

On Tuesday, Hillebold was arraigned before City Judge Douglas Paterson on a charge of being a disorderly person. The judge presided in the absence of Judge Grant E. Armstrong.

The man was found guilty and the judge sentenced him to pay a fine of \$15, and placed him on probation for six months. Hillebold was also ordered to repay the \$10 to Father Roberge.

### Rescue Woman In Park Blaze

A Park woman was rescued from the first floor of a two-family flat, in a two-alarm fire on Thursday, January 28, as black smoke billowed around her. The smoke was caused by a fire that destroyed most of the basement, and inner walls of the lower flat.

Rescued was Mrs. T. H. Cameron of 1022 Maryland, who was assisted through a window by firemen. She was unharmed.

Fire Chief William Gaul said that Mr. Cameron detected the odor of smoke in the lower flat, in which the Camerons live, but was unable to reach the phone to call in an alarm because of the density of the smoke where the phone was located. Mr. Cameron ran to the fire station nearly a block away to give the alarm.

The chief said when firemen and equipment arrived, Mrs. Cameron was trying to climb out of a window, and was assisted by firemen. Fire Lt. James Sullivan called in a second alarm, and the City dispatched a pumper truck and four men, as stipulated in the Mutual Fire Aid Pact. The fire-fighters battled the blaze for more than 50 minutes before bringing it under control.

The entire house, including the vacant second floor, was heavily damaged by smoke, Chief Gaul said.

He said that the fire, believed to have been started by faulty wiring in the basement, destroyed the basement ceiling joists, partitions and furnishings.

The fire was confined to the basement and the walls of the lower flat only, the chief said. An investigation to determine the actual cause of the conflagration, is still under way, he added.

The amount of damage is not known.

### Student Failure Subject of Talk

Dr. James H. Robertson, Associate Dean of the College of Literature, Science, and the Arts, Associate Professor of English, University of Michigan, presented a talk in the Grosse Pointe High School Auditorium on "Why Students Fail," Tuesday evening, February 9, at 8 o'clock.

This subject was selected for Parents Night by the Mothers Club of the High School.

Dean Robertson has had considerable experience in watching students at the University of Michigan where he served as a student, a teaching fellow, an instructor, Assistant Professor and Assistant Dean through to his present position as Associate Dean.

Dr. Robertson was in the U.S. Army from 1941 to 1945 and was awarded five battle stars, the Bronze Star, and the Belgian Croix de Guerre avec Palme. He was a member of Governor Williams' State Committee on Veterans Affairs in 1950 and received a Carnegie Corporation Travel Grant in 1957.

At the present time Dean Robertson is a member of the American Association of University Professors, Phi Kappa Phi, Beta Gamma Sigma, Michigan Academy of Arts, Science and Letters, the Inter-University Committee on the Superior Student and the Board of Directors of the Cranbrook School.

Recently, Dr. Robertson did research in the field of student failures. His findings were published in the New York Times Magazine.

The Department of Education, State University of New York, has approved Dean Robertson's efforts to bring the student failures to light, and has inaugurated a program to help prevent students from becoming "flunk-outs."

Mrs. James Laird was Mothers Club program chairman for Parents Night and her assistants for the evening were Mrs. Jan Nyboer, Mrs. Marshall Collins, Mrs. John L. Thompson and Mrs. E. N. Langbauer.

N. Thompson of University place, vice-chairman.

Approximately 16 percent of Scouting's income comes from Sustaining Memberships, additional contributions above and beyond Torch Drive gifts.

Community chairmen who are assisting the enrollment program, representing 5680 boys in the Lakeshore District are: R. R. Linden, William Dahling, R. M. Peabody, H. J. Bidigare Jr., Dr. Robert Everett, Warren Plichta, Howard Kessel and Thomas E. Ward.

Lovers of Austria will have an opportunity to see the latest color films from this fascinating Alpine and music-drenched European country at the Parcels Auditorium, on Wednesday, February 17, at 8 p.m., when Willis Butler shows "Beautiful Austria."

This color film takes one to all of the fascinating centers of Austria through all four seasons. It has glimpses of the Danube, the Vienna Opera and the smart shops.

The photographer will give the audience a vicarious opportunity to drive over the 12,000-foot-high-Grossglockner Road. The tour also takes one to Salzburg with its merrymaking and the music, to the beautiful lakes and the Graz area, and ties in some unusual shots of the Vienna Boys Choir, autumn in the Wienerwald, and spectacular winter skiing shots.

For ticket information, call the World Adventure Office, Detroit Institute of Arts, Temple 2-7676.

### St. Paul Students Attend Retreats

While other students were still recuperating from mid-semester ills, the seniors at St. Paul High School attended closed retreats at two locations in Michigan.

The senior girls embarked for a three-day seclusion at St. Mary's Retreat House in Oxford, Mich.

The Senior Boys visited the retreat house of the Jesuits, Manresa, in Bloomfield Hills, with Father Paul Cavanaugh acting as retreat master.

Father Raymond Ellis, a noted speaker, served as the retreat master for the underclassmen. Father Ellis has appeared on television as an informed speaker on religious questions.

## GP Dems Hear Medical Experts

Medical care for the aged was discussed by two representatives of the medical profession at the Wednesday night (Feb. 3) meeting of the Grosse Pointe Democratic Club, held in the annex of Grosse Pointe High School.

Approximately 60 persons attended the public meeting, conducted by Mrs. Helen Graves, acting chairman of the group. Her husband, Dr. James Graves, a Detroit psychiatrist, introduced the speakers. They were Dr. Ralph Cooper, past president of the Wayne County Medical Society and Dr. Caldwell B. Esselstyn, executive director of the Community Health Association.

The speakers' topic was "Merits of the King-Anderson Versus the American Medical Association's Plan."

Dr. Cooper, who spoke in favor of the A.M.A. proposals, stated that he felt the King-Anderson bill offered "too little, too late," and that all of the medical care proposals offered to date were "politically motivated."

Dr. Esselstyn said that "Medical care for the aged is a human and moral issue, not a political one," and stated that although the current bills do not fulfill all needed requirements, they are a step in the right direction.

Both men backed up their discussions with many pertinent figures about the numbers of people needing medical care, and cost of such care to the individual, under Social Security, and through the various plans being proposed today.

## Albion Campaign Leaders Named

Barbara D. Hyde, 746 Neff road, and Frederic W. Steiner, 1931 Beaufait, have been named co-chairmen of the Albion College Alumni APEX program in Grosse Pointe.

Miss Hyde and Steiner will be working with 143 area alumni in behalf of projects included in the college's 10-year, \$20 million development program known as the "Action Program for Excellence."

All undesignated gifts from Grosse Pointe alumni will be earmarked for support of a \$1,250,000 fund-raising effort for a new student center. The Albion Alumni Association endorsed the student center project last June and announced it would conduct the campaign during the next two years to take advantage of matching funds offered by a Ford Foundation challenge grant. Terms of the grant require Albion to match a \$2 million award with \$4 million in new funds by June 30, 1966.

## Parcells Offers Concert Feb. 12

Almost 200 instrumental music students of Parcells Junior High School will present their annual Winter Concert at 8 o'clock on Friday evening, February 12. Donald McNew, teacher of instrumental music, will be the conductor for the program.

The first group to appear will be the Cadet Band, composed of 90 seventh graders. They will open the concert with "The Star Spangled Banner." Their other selections will include "The Thunderer," by Sousa; "Waltz Suite from Espana," Charbrier; "Jolly Coppersmith," Peters; "Selections from Carmen," Bizet; "Toyland," Herbert; and "Little Giant March," Moon.

As a special feature of the Cadet concert seventh grader Dan Ellis will step to the conductor's podium and wield the baton for a number by Liszt, "Liebestraum."

The second portion of the evening will be presented by the 95 musicians of the Concert Band. These are the eighth and ninth grade instrumental students. They will start with a lively march, the "Colonel Bogey," by Alfred.

A variety of other selections will be played. These include: "Enchanted Lake," Johnson; "Deep River Rhapsody," arranged by Walters; "Roco Acapulco," by Eymons; and "Joshua," arranged by Yoder.

A special group of students have formed a woodwind quintet. They will perform the "Minuet from String Quartet in D Minor," by Mozart. The performers include Marilyn Hanson, flute; Allen Singer, oboe; David Lapeza, clarinet; Diane Kummerfeld, bassoon; and Gail Godfrey, French horn.

For their concluding number the Concert Band will set feet to tapping with a polished rendition of the popular Block "M" March, by Bilik.

# RAW SEWAGE FLOWING INTO LAKE AT FOOT OF LAKELAND

Do You Live in the City of Grosse Pointe?

if so,

# ARE YOU WELL INFORMED ON THE SEWER SITUATION?

The City of Grosse Pointe is the only community in this area that empties raw sewage into Lake St. Clair. THIS IS A DANGEROUS HEALTH SITUATION.

It has been determined by your Council and the City engineers that, if you vote YES, you are voting for the LEAST EXPENSIVE method of accomplishing what MUST be done.

If the bond issue is defeated in the February 15th election, the State of Michigan has the authority to, and undoubtedly will, FORCE the City to install an adequate sewer system.

### Gets Jail Term For Bad Checks

Reginald Warnford Michie,  
49, of 2021 Vernier road, was  
sentenced to 10 days in the  
Wayne County Jail by Woods  
Judge Don Goodrow on Thurs-  
day, February 4, who found the  
man guilty of uttering and pub-  
lishing.

Michie was assessed \$50 court  
costs and placed on six months  
probation by Judge Goodrow,  
who also ordered Michie to  
make restitution on all checks  
he passed in the Woods.

According to Woods Det. Sgt.  
Jack Mast, the convicted man  
was arrested on a warrant charg-  
ing him with passing seven bad  
checks, ranging from \$15 to \$20,  
about the middle of January.  
The checks were passed within  
six days to drug stores, cleaning  
establishments and beer stores,  
the detective said.

The detective said that Michie  
had passed a number of checks  
in Detroit, but had made resti-  
tution on all of them.

Mast said that Michie had been  
sought for some time on the  
Woods warrant, that he had  
given different addresses, in  
presenting identification, but  
was finally traced to the Vernier  
residence and arrested.

## Voters Get Second Chance

Voters of the City of Grosse Pointe will be given a second chance Monday to approve a proposed bond issue which should have received their endorsement in the election held last September. Defeat of the proposal then was doubtless largely attributable to the last minute dissemination of a letter opposing the bond issue and signed by a considerable number of prominent citizens. Many of these signers have since stated they were not sufficiently familiar with the existing situation and having become enlightened they will now support the proposition.

It is difficult to see how the bond issue can be turned down a second time. The City has been guilty for a long time of dumping raw sewage into Lake St. Clair, and this is an unforgivable sin, especially when committed by one of the most favored communities in the entire country. We well remember how, some years back, all of the Pointes squawked like wounded eagles when pollution being allowed to enter the lake from points east and north, caused the closing of our municipal beaches. Grosse Pointe Shores itself was forced by the state to build an adequate sewer system and eliminate the septic tanks which were the source of much of the pollution. All construction was halted in the Shores until the state's demands were met.

The state authorities have now made it perfectly clear to the City that it will no longer tolerate the situation that exists there. If the City voters fail to approve the \$132 million bond issue it does not mean that the improvements will not be made. There would be a costly legal battle with the state, which the City could not hope to win, nor should it. With the hue and cry for the preservation and restoration of our pure water resources having assumed national proportions, it is both criminal and exceedingly stupid for us to be guilty of such a crime.

The proposed improvements will be made. If we approve the bond issue the increased taxes to retire the debt can be deducted. Otherwise the cost will be met by increased water and sewage treatment bills. The choice should be obvious.

The special election necessitated by the defeat of the proposal in September is costing the taxpayers a minimum of \$1200. Let's not make the mistake again. Vote for approval of the bond issue on Monday.

## Letters to the Editor

To the Editor:—

The Woods City Council on February 1 agreed to survey the property lines and costs involved in removing the recreation building from the Chene-Trombly park. This is to provide a parking lot on park land in the Mack-Ridgmont area. A public hearing will precede any final decision on the matter.

In May of 1964 the building was officially closed when funds for maintenance and program there were omitted from the budget.

On June 15, 281 citizens protested by petition. Others in person asked that the total recreation needs, present and future, be studied and fully discussed before any recreation land or facility be lost.

On July 9 citizens met with the Recreation Commission to ask their support and to express reasons for their fear that the building might be removed or sold for parking. This Commission, on July 27, met with the Council. Reports from the Woods Recreation Director and neighbors of the park were discussed. The citizens had presented possible directions for park and program development there and had volunteered many adult hours to help supplement and supervise the program if restored there.

On November 11 the Citizens Traffic Safety Commission stated that due to recent City improvements, (parking wells, an additional parking lot, and the moving of all Public Safety traffic to a new location), the parking and traffic congestion in the Chene-Trombly and Hollywood ellipse area might not be as critical as a year ago. They proceeded to conduct a 6-day parking turnover survey which confirmed this and which indicated there is ample parking in the area now, for all but unusual circumstances. This report was not received by the Council or Planning Commission until December.

November 12:—The Recreation Commission was asked to approve a tentative sketch showing about half of the Chene-Trombly Park converted to parking. This includes the area where the disputed building now stands. After considerable discussion a motion passed unanimously that the entire parcel of

Chene-Trombly Park remain as a recreational facility.

November 24:—The Planning Commission, shown a similar sketch, voted its approval of the plan for parking.

Now the Council is talking not of recreation study, or parking turnover surveys, but of costs of razing the building and property lines involved in the parking area.

The park in question is the only playground available to children of the area unless they cross Mack or Vernier.

Part of this same land was given to the city solely for recreation purposes, and a clause in the deed stipulates that it is to revert to Chene-Trombly heirs if at any time it is not used for children's play.

The above dates given concerning these proceedings should facilitate confirming these facts.

Respectfully,  
Mrs. Dwight Hendricks

## What Goes On at Your Library

By Virginia Leonard

1964 is past. What authors have we lost during this past year? How have we become literarily and culturally poorer during the last 12 months? Let us take a quick look—the list is varied; its range is quite vast.

We shall use no chronological, alphabetical or scholarly measuring stick. Let us just mention some names and works as they come to us. Our first entry will be Donald Culross Peattie, naturalist and author, and one familiar, I'm sure, to many of you. His books in our Libraries include such titles as: ALMA-NAC FOR MODERNS, A CUP OF SKY, JOURNEY INTO AMERICA, and SPORTSMAN'S COUNTRY.

I told you our gamut was great; we can even include a former president (our thirty-first, to be exact) — Herbert Hoover. His interests were somewhat diversified as shown by his titles: AN AMERICAN EPIC, BASIS OF LASTING PEACE, FISHING FOR FUN, and his MEMOIRS. Here was a man who witnessed and participated in much of our American history and politics, and who was an author, to boot.

In a lighter vein there is Ben Hecht to consider. Many of you may know him through LETTERS FROM BOHEMIA, or perhaps 1001 AFTERNOONS IN NEW YORK, CHARLIE, OR CHILD OF THE CENTURY. His latest, GAILY, GAILY (1963) consisted of reminiscences of Chicago from 1910 to 1915, where he began his career as a journalist and writer.

Our roster must include a Texas author and university professor — a chronicler of the history and folklore of his native state. We refer to J. Frank Dobie, whose TALKS OF OLD-TIME TEXAS, ILL TELL YOU A TALE, THE LONGHORNS, and THE MUSTANGS are among his works included in our Libraries.

In the field of history there is the name of the late Carlton J. Hayes — historian, lecturer at Columbia University, United States Ambassador to Spain (1942-45), and author of 27 books on the history of modern Europe and the Atlantic Community. Two representative titles would be: THE UNITED STATES AND SPAIN AND POLITICAL AND SOCIAL HISTORY OF MODERN EUROPE.

An Irish playwright is among our fallen heroes for 1964. The name? Sean O'Casey. Here is a man who poured proletarian anger, a compassion for humanity, and an exuberant sense of humor into his plays. Have you read his BEHIND THE GREEN CURTAINS, DRUMS UNDER THE WINDOWS, GREEN CROW, or UNDER A COLORED CAP? The latter, published in 1963, consists of 12 essays

with the explanatory subtitle: "articles merry and mournful with comments and a song."

The late President Kennedy's favorite is also represented: Ian Fleming. Have you queued up lately, with the teen-agers, to see (possibly for the fourth time) GOLDFINGER? Our titles here are numerous and well-known. DOCTOR NO, ON HER MAJESTY'S SECRET SERVICE, THRILLING CITIES, THE SPY WHO LOVED ME, YOU ONLY LIVE TWICE, to mention only a few. Those who were aficionados of James Bond were saddened by the demise of this well-known British novelist.

The necrology continues; we now add the name of Rachel Carson. Here was a writer, scientist — author of THE SEA AROUND US, EDGE OF THE SEA, UNDER THE SEA WIND, and the famous SILENT SPRING, which touched off an international controversy over the effects of pesticides.

Another colorful name is that of the roistering, hard-drinking Brendan Behan. This Irish author wrote the autobiographical BORSTAL BOY as well as BRENDAN BEHAN'S ISLAND, and in 1964, THE SCARPER — a novel first published in 1963 as a serial in the IRISH TIMES under the pen name of Emmet Street.

The fourth estate will miss Frank Luther Mott, historian of journalism and educator, author of: AMERICAN JOURNALISM, HISTORY OF AMERICAN MAGAZINES, and THE NEWS IN AMERICA. Another writer in this field was Nora Wain, American journalist and author, who reported on her world-wide travels in magazine articles and books. Two titles in our catalog are HOUSE OF EXILE and REACHING FOR THE STARS.

A free-lance writer of radio scripts, historical novelist, and short story writer was Howard Breslin. A partial biography of his works would include: AUTUMN COMES EARLY, CONCERT GRAND, SHAD RUN, and TAMARACK TREE. And finally, there is Arthur Upfield, Australian author, better known for his mystery and adventure stories with an Australian bush background. Entries for him would include THE BODY AT MADMAN'S BEND, BUSH-RANGER OF THE SKIES and SANDS OF WINDEE.

We are, as John Donne would put it, diminished by the loss of these writers; however they have left a fine legacy to us — their books. Through these volumes they will continue to live and exert influence on generations to come — and who could ask for a better form of immortality than that?

Quester members recently enjoyed a program at their January meeting in which Margot Pearsall presented "One Hundred Years of Hats." After each hat was described and passed around for the Questers to admire, it was then modeled by a member. Mrs. John Pear photographed the members in their quaint chapeaux.

On February 11, the Pear Tree Chapter of the Questers will meet at the Balfour road home of Mrs. Robert Brooks. The co-hostess will be Mrs. Oscar Teeg.

The program, by Mrs. Edward Heglin, will feature Russian antiques, emphasizing "niello." Mrs. Heglin will illustrate her talk by family antiques brought from Russia at the time of the Revolution, and by a beautiful samovar, loaned by Mitchell's Antique Shop.

Also new members will each bring an antique for "Show and Tell."

## Weaver's Guild

The Michigan Weavers' Guild will meet at the Women's City Club next Thursday, February 18, at 1 o'clock, to hear Glen Kaufman, head of the weaving department of Cranbrook Institute of Arts, discuss "Tapestry—2,000 Years of Fabric Art." Members may invite guests.

## Krause-Lister Rites Celebrated Saturday

Pair to Live in Granville, O., Upon Their Return from Laurentians; Reception at War Memorial Follows Rites

At a late afternoon ceremony Saturday, in Grosse Pointe Memorial Church, Cynthia Jane Lister became the bride of Walter Edward Krause, Jr.

Parents of the couple are Mr. and Mrs. Frank Pierce Lister, of Loraine avenue, and Mr. and Mrs. Walter Edward Krause, of Granville, O.

The Reverend Ben L. Tallman officiated at the rites, which were followed by a candlelight

A calotte of layered silk and lace petals, centered with a double fleur de lis of pearls, held her shoulder length illusion veil, and she carried white roses.

Maid of honor Roberta Rehner, of Ann Arbor, and bridesmaids Jan K. Krause, of Washington, D.C., and Jeanne C. Krause, of New York City, sisters of the bridegroom, wore identical afternoon-length gowns of plum Italian velvet.

The bride's gown of crystal white peau de sole featured accents of Alencon lace. Lace medallions circled her bell skirt and were scattered on her Watteau paneled Court train.

Robert J. Dold, of Evanston, Ill., served as the bridegroom's best man. Guests were seated by Barry S. Porter, of Cincinnati, O., Peter B. Halliday, of Columbus, O., and Warren Swift Weiant, III, of Newark, O.

The mother of the bride chose a sapphire blue wool costume suit with matching accessories, while the bridegroom's mother wore a dress of navy blue matelasse and a shaded blue flowered hat.

For traveling to the Laurentians, the bride chose a tailored jonquil yellow wool dress and a white coat with moss green accessories.

## U. of M. Club Slates Meeting at Library

Pointe U. of M. Club President Carl Carlson Invites Everyone to Attend Open Session Monday Evening

Handling today's and tomorrow's growth explosions on the campus of the University of Michigan forms the subject for an illustrated talk to be given at the season's first open meeting of the Grosse Pointe University of Michigan Club next Monday, February 15, at 8 o'clock, in the Pointe Central Library.

Dr. William Stegath, national field secretary of the Alumni Association, will use color slides to point up the major changes in campus life, the new buildings and projected plans for expansion.

Among experiments being tested today is the use of the "Oxford Plan," in which a group of students live and attend all their classes under one roof.

The 30,000 students on campus today, (enrollment is expected to reach 50,000 by 1975), present a challenge to the University Administration.

Dr. Stegath reports: "The University jealously guards its high academic position, and a

## John Sanders To Claim Bride

Mr. and Mrs. Harold A. Meininger, of Royal Oak, have announced the engagement of their daughter, Aileen Mary, to John W. Sanders, son of Mr. and Mrs. George E. Sanders, of Torrey road.

The bride-elect, a graduate of Shrine of the Little Flower High School, is presently a senior at St. Louis University, St. Louis, Mo.

Her fiancé was graduated from Austin Catholic Prep School and is now a senior in the College of Engineering, University of Detroit.

A September wedding is planned.

might effort will be made to keep the quality of education at a top level."

To buttress its plans, the University believes an informed alumni body and citizenry is vital. An "Alumni-in-Action" program has been initiated, with talks being given all over the country, from New York to California.

Dr. Stegath, who earned all his degrees at U. of M., served as production director of the U. of M. broadcasting service, which won eight national awards for excellence under his guidance.

His was "the voice of the Wolverines" as broadcaster of University sports events from 1954 to 1962.

He rates as one of his most interesting experiences the directing of Camp Michigan, the Alumni Association Family Camp in its first summer of operation at Walloon Lake in 1963.

Carl Carlson, president of the Grosse Pointe U. of M. Club, states: "We are extending our invitation for this meeting particularly to parents of students at the University, and to prospective students. Anyone interested in our great University is welcome."

Dr. Stegath's 45-minute talk will be followed by a question-and-answer period.

People who stop to argue seldom have time enough left to accomplish anything.

## Will Marry

Mr. and Mrs. Henry Barnard, of Loraine road, have announced the engagement of their daughter, DIAN, to Allen Smith, son of Mr. and Mrs. Cornelius Smith, of Fisher road.

Both the bride-elect and her fiancé are graduates of Grosse Pointe High School and are now attending the University of Michigan.

An August 7 wedding is planned.

## Birthday Galas Begin At DBC

The birthday parties at the Detroit Boat Club start on February 17 with the Ladies' Bridge Luncheon.

Cocktails will be at 12 o'clock and luncheon at 12:30.

There is to be a master point game for the Duplicate Bridge Players and also tables of Party Bridge, Canasta and gin rummy. The huge 126th birthday cake will be the focal point in the dining room and red, white and blue decorations and flowers will be used throughout the club.

Chairman for this year's affair is Mrs. Bernard Doetsch, assisted by Mrs. Milton Osgood, Mrs. Leland Foster, Mrs. Parker Stough, Mrs. Robert Marr, Mrs. Henry Ruffrok, Mrs. William MacLeod, Jr., Mrs. George Derr, Mrs. Ralph Durke and Mrs. Curtis Mower.

## Bride-Elect

An August wedding is planned.

## V of A Ladies Having Benefit

Mrs. Stewart D. Schweizer, of Berkshire road, president of Women's Auxiliary, is active in the good works accomplished by Volunteers of America, Detroit Post.

Today, February 11, the group is holding its Annual Benefit Tea and Card Party in the J. L. Hudson Auditorium, for Camp American Youth, near Oscoda, Mich., for underprivileged children.

The committee includes Mrs. Harold S. Davis, of Harcourt road, chairman and Mrs. Edward F. Gehrig, of Balfour road, co-chairman. Members are: Mrs. George Matthews, Ruth Rutzen, Mrs. Henry Eckfeld, of Pemberton road, Mrs. H. Lloyd Patterson, Mrs. Ralph Chrysler and Mrs. C. J. Burgess, of Beaconsfield road.

Major Ellen Mooney, who is a Registered Nurse, will be in charge of Camp American Youth.

Over-confidence is a firm belief that eventually the impossible is going to happen.

## Luncheon Scheduled By Lawyers' Wives

The Grosse Pointe Branch of Lawyers' Wives of Michigan is planning a benefit luncheon Thursday, February 25, at the Grosse Pointe Yacht Club.

The party will begin at 11:30 o'clock.

## Plan U. of D. High Party

Looking over decorations to be used at the University of Detroit High School Gala Night Saturday, February 20, are MRS. OSCAR TORINA, (left), of Grand Marais boulevard, and MRS. ARTHUR McFAWN, of Moorland drive. Proceeds from the annual party, sponsored by the U. of D. High Mothers' Club, will be used to assure continued education there for any enrolled student at the school who is unable to continue his education there due to family tragedy. Theme of this year's party is The World's Fair.

—the latest "Dramatis Personae." They include "Daniel Boone — the Opening of the Wilderness," "The Modern Theater in Revolt," and "Letters from Greenroom Ghosts."

He is also a Book-of-the-Month Club judge, editor-at-

large for Saturday Review, and a frequent guest on television. At Town Hall Brown will discuss the world of the arts.

Most men don't mind getting the worst of it—they dislike seeing others get the best of it.

## Korean Pianist With Symphony

Pianist Tong Il Han will be soloist with The Detroit Symphony Orchestra at 8:30 o'clock on Thursday, February 11, at Ford Auditorium. Paul Paray will conduct; it will be his final performance with the Orchestra this season.

Han will perform Liszt's Concerto for Piano and Orchestra No. 1 in E Flat Major. The orchestral portions of the program will include Ravel's Bolero and Beethoven's Symphony No. 3 in E Flat Major.

Han, the internationally-acclaimed young Korean pianist, has appeared with most of the major orchestras of the United States. He was discovered during the Korean conflict and was sponsored through contributions of thousands of airmen of the Fifth Air Force.

He began study as a child prodigy at Juilliard School of Music at the age of eleven. He has appeared many times of national American television programs, and performed on Mrs. John F. Kennedy's Musical Program before a distinguished assemblage of guests in the East Room of the White House.

Tickets at all prices are available at the Ford Auditorium Box Office and at all Grinnell's stores.

## Pistol Shoot

Won by Point

The Woods Public Safety Pistol Team won an invitational shooting match from the Highland Park Police Pistol Team on Friday, February 5.

The shoot was held in the Woods police pistol range in the new Public Safety wing.

The Woods team bested the Highland Park team—by one point. The score stood 2,659 to 2,658, in a double match of slow, timed and rapid fire, with a possible perfect score of 600.

A perfect score in a single match is 300.

The match was held to promote better relations between the two departments. Invitations were sent to other police department teams, in the interest of better relations, according to Woods Police Sgt. Thomas Kane, chairman of the shoot.

No trophies were awarded to the winning team; the losers pay for the targets, it was said.

The following are the scores shot by the Woods team: Kane, 655; Patrolman Martin Trombley, 534; Bernard Kelly, 531; Donald Schmalz, 518; and Robert Lorenz, 511. Total score, 2,695.

The Highland Park team: Police Sgt. Richard Elledge, 499; Patrolman James Ashcroft, 515; Francis Kalish, 572; Det. Peter Keliher, 519; and Patrolman John Husa, 553. Total score, 2,658.

After searching his head for awhile and wishing he wasn't the one who had to decide the referee chose Poholski as the winner with a time of 31.3.

Shirilla Repeats Win  
Jim Shirilla, who grabbed first place in the earlier meet, revolted against change and scooped out another win. Fordson's Johnson then duplicated Shirilla's feat by duplicating his victory in the 400 yard freestyle.

Another "I wish I didn't have to decide" finish in the 100-yard breaststroke found Fordson on top, followed by Swigates and Dale DeMeulemeester '67. But never-the-less, the runner-up points gave the Devils a 54-39 lead... a sure meet victory.

The Devils are in a second place tie with the St. Thomas. The St. Paul team has one league game remaining on the regular schedule. They will play St. David on Friday, February 12, in the St. Paul gym.

**Lakers Defeat St. Ladislaus**

By Jim Brunson  
The St. Paul Lakers defeated St. Ladislaus last Friday night in a game played in the St. Ladislaus gym.

The Lakers led throughout the first three periods with scores of 17-8, 32-22 and 48-40. The LADS threatened late in the fourth quarter, but the Lakers held on to win by a final score of 63-55.

Bill Bigham led the Lakers with 22 points.

The Lakers are in a second place tie with the St. Thomas. The St. Paul team has one league game remaining on the regular schedule. They will play St. David on Friday, February 12, in the St. Paul gym.

Congratulations to . . . Mrs. Thomas Baumgarten, of Lexington road, whose recipe for charcoal broiled duck breasts was Grand Prize Winner in the 1965 "Michigan Outdoors" Championship Wild Game Recipe Contest.

It's National Boy Scout Week . . . and we'd like to take this opportunity to eulogize all Pointe fathers and sons involved in Scouting, citing, (as an example only), Troop 156, headquartered at Christ Church, its Scoutmasters John and Leslie Marhoff, involved in Scout programs since their boyhoods; W. R. Ludwig, of Rivard boulevard, his Eagle Scout son Rick and his working-to-be an Eagle Scout son Tom; Dan Wood, of Fisher road, and his "twin Eagles," Jim and Dan; Dr. Warren Moore, of Belanger road, and Don Moore; James Kasl, of Mount Vernon road, and Bruce Kasl; Robert Sutton, of Mt. Vernon road, and Bill Sutton, (the men are all active in Scouting; their sons are all Eagle Scouts).

Add to the ranks . . . of Pointe authors John D. McGrae, of Moran road, whose book "Optical Tooling in Industry" was recently acquired by the Grosse Pointe Public Library. Mr. McGrae decided to write his opus at Redstone Arsenal, Huntsville, Ala., where under Doctor Werner Von Braun's direction he was assigned the task of preparing and establishing an optical tooling dock, for the assembly and alignment of the Jupiter Ballistic Missile.

We happily present . . . Carolyn Hubbard Lucas' tribute to the season of hearts and flowers, a charming acrostic entitled:

### CUPID'S VALENTINE

Adam could not write a word,  
Beauty wanted letters.  
Cupid said, "This is absurd—  
Darndest thing I've ever heard—  
Eyes tell love much better.  
For when ardent glances meet  
Gazing in a rapture  
Happiness tho' short and sweet  
In the ways of youth repeat  
Joys they would recapture.  
Kisses shared in love's delight  
Learn no rhyme nor reason—  
Men and maids reserve the right,  
Need no timing day or night  
Or no tide or season.  
Proudly Cupid's arrow flies  
Quarries never waver—  
Rosy lips and sparkling eyes  
Smiles and tears and tender sighs  
These will set the flavor.  
Use the pen? (A gentle dart)  
Vex the soul to do it.  
Writing is at best an art—  
Nra trouble to it.  
Yet the wise prefer the heart—  
Zealously pursue it."

### PILFERINGS

No one stirred up so much controversy in 19th-century England as Charles Darwin with his theory of evolution. At his death, however, Britain acknowledged his genius and buried him with much pomp in Westminster Abbey. After the ceremony, pallbearer Thomas Huxley was asked by a worried-looking peer, "Do you believe that Darwin was right?"

"Of course he was right," replied Huxley.

His lordship surveyed the Abbey with a pained expression, then observed in a low tone, "Couldn't he have kept it to himself?"

Mother was bathing the new baby. Four-year-old Janie, a neighbor, watched with interest as she clutched a doll that had lost an arm and a leg.

"How long have you had your baby?" Janie asked.

"Three months," was the reply.

The little visitor commented, "My, but you've kept her nice!"

Dr. Harry Emerson Fosdick tells the story of two men who were watching their church burn down. One said, "Bill, I haven't seen you at church for a long time. Why don't you come more often?" To which Bill replied, "This is the first time I've seen the church on fire."

## Pointers of Interest

ISABELLE M. POHLBEL, JAMES E. (left to right), of THE GROSSE POINTE IRETON and ALAN E. SCHAEFER, PUBLIC SCHOOL SYSTEM.

By Janet Mueller

Today's teachers must also be students, constantly replenishing their own knowledge. They must keep abreast of new techniques, keep assimilating new information. They can never stop learning.

Isabelle M. Pohlbel, James E. Ireton and Alan E. Schaefer are three Grosse Pointe School System teachers who suspended their careers for one year to become full-time students. They feel their experiences on leave in 1963-64 have helped them to become better teachers in 1964-65.

Mrs. Pohlbel, counselor in Effective Living and English at Grosse Pointe High School, spent 13 months abroad, in Europe.

### Covered British Isles

She was in England for nine months, studying at the University of London for six months. She spent her free time in the British Isles traveling, covering the countryside from Scotland to Land's End, Wales to East Anglia, visiting friends she had made, including two former exchange teachers at GPHS.

Before settling down in England, she journeyed through Greece, the mainland and the islands, and toured Italy briefly.

She spent four months on the Continent prior to her return home, going "all over" but saving one full, final month for Scandinavia.

In London, she lived in Crosby Hall, a residence operated by the British Federation of University Women.

"It is a meeting place for women from all parts of the world," Mrs. Pohlbel explains. She was thrilled this past holiday season to receive Christmas mail from the four corners of the globe, notes from friends she had met at the Hall.

Ninety-six women lived there, mostly doctors and professional people.

**Room Overlooked Thames**  
Crosby Hall, once Sir Thomas More's home, is located in Chelsea. Mrs. Pohlbel's room overlooked the Thames; she enjoyed watching boats and swans go up and down the river.

A short walk in one direction brought her to James McNeill Whistler's home, a few steps in another direction, and she was walking by George Eliot's house, Dante Rossetti's residence, Thomas Carlyle's rooms.

Mrs. Pohlbel's program at the University of London did not lead to a degree, but she met many people in the University who were engaged in doctoral studies.

Very impressed by British scholarship — "I feel the British cover a subject in great depth" — she nonetheless maintains scholarship in the United States by and large results in a greater breadth of knowledge.

She describes pressure, on students and parents, regarding the "11-plus" exams, (standard tests which determine how much and what sort of a higher education a boy or girl shall receive), as "so great that people suffered."

Back now in The States, Isabelle Pohlbel has only to pull out slides and photographs to recall her year abroad. She is interested in and enjoys photography, although she classifies herself as a "rank amateur."

She also enjoys keeping house ("a necessity, but it can be fun"), sewing and knitting ("if I have time), the theater, concerts and bridge — and her work at the high school.

### He Stayed Near Home

James Ireton, who teaches seventh and eighth grade science at Brownell Junior High School, spent his "year off" closer to home.

Mr. Ireton applied for and received a National Science Foundation Academic Year Scholarship, to study physical sciences and mathematics at Michigan State University.

His program led to a Master's degree (his second Master's; he

earned his first at Wayne State University in 1957). There were 47 students in Mr. Ireton's Institute at MSU.

Classes were held at the Science and Math Teaching Center, a new complex at Michigan State, not part of the School of Education. Mr. Ireton describes the subject matter as "quite rigorous."

His courses included elementary mathematics, physics, chemistry and geology. Part of the program involved seminar discussions, with students required to take the subject matter they had learned and think of ways to apply it to the grade levels they taught.

At the end of the year, oral and written exams were given. James Ireton admits the work, and the examinations were not easy, but the results justified the toil: "I learned a heck of a lot by attending."

### Took Geology Trip

Highlight of his program was an Easter geology field trip to Sudbury, Ont. Geology is one of Mr. Ireton's favorite subjects.

He had had three previous NSF (National Science Foundation) Institutes, all summer programs, including one Colorado Institute that kept him "outdoors all the time," studying geology in the Rockies.

The Sudbury basin is a geologist's paradise. James Ireton, an outdoor enthusiast whose hobbies include bow and arrow hunting for deer and motion picture photography, had a "field day" on his field trip.

Donna Ireton and the five Ireton children, Mark, 12, Marsha, 10, Matthew, 5, Martin, 3½, and Mitchell, 1½, remained at home in Mt. Vernon road while the head of the family commuted from Lansing on weekends.

Eddie Schaefer and the three little Schaefers, Judy, 8, Ronnie, 4, and Debbie, 3, headed west with Alan Schaefer last year — California is too far for commuting.

Mr. Schaefer, who teaches mathematics, geometry and algebra at the high school, received word that he had been granted a National Science Foundation Fellowship for four months before the family set out.

He was told to report to San Jose State College for a four-week end-of-summer course before the regular institute began.

### Camped Way Across

The Schaefers filled a station wagon, the carrier on top of the station wagon and an especially-purchased trailer with their worldly goods and motored across the country, camping out along the way (they spent one night in a motel — "to clean up").

Their timetable called for a VERY quick trip, without much time for sight-seeing, because Mr. Schaefer's assignment as a summer school teacher in Michigan ended only a few days before he was due to enroll as a summer school student on the West Coast.

There were 23 students in his Institute. Eighteen had been summoned early for the four-week preparation course, which ended two weeks before the Institute formally began.

The Schaefer family arrived in California with no idea of where they were going to make their home during the year. They checked into a motel, and Mr. and Mrs. Schaefer proceeded to break the world's house-hunting record, concentrating on the problem of living quarters until it was solved (in less than a week).

Visited Disneyland By the time the break be-

tween the summer program and the regular Institute had rolled around, the Schaefers were recovered from their cross-country trek and ready for a quick trip, to Los Angeles via Disneyland, including an overnight camp-out on the Pacific shore.

Alan Schaefer's Institute differed in form and content from James Ireton's. The program at San Jose did not lead to a degree. Classes were held in three rooms in the college's Math Building. Everyone in the San Jose Institute took the same courses; everyone had the same hours.

"We worked hard—kept busy a good share of the time," Mr. Schaefer attended classes in the mornings, studied in the afternoons, usually put in extra hours of study at night, "after the kids were in bed."

Alan Schaefer probably survived the Institute's difficult work schedule better than most; his regular program includes GPHS assignments, a Modern Math adult education course Tuesday evenings in Roseville and a Wednesday evening adult education (Algebra) course in The Pointe.

He began his career teaching elementary classes at Mason School. He now has taught at every level from fifth grade through adult.

### Toured West and South

The Schaefers took advantage of school breaks to "see the country." They spent the Christmas holidays in San Diego and Mexico, went to Seattle and Portland at Easter time. They visited Yosemite, Sequoia, Carmel . . .

During their second semester, the San Jose Institute members collaborated on booklets, a guide to teaching in-service courses for teachers of elementary mathematics and a pamphlet on enriching elementary mathematics courses.

Mr. Schaefer enjoyed the Mathematics Institute so much he stayed on in the summer, on his own time and at his own expense, for a further six-week course. He was the only one in his Institute who decided to plunge immediately into further study at San Jose.

The Schaefer family made up for their hurried trip across the country by their leisurely trip back. They took three weeks, touring slowly through the Southwest and stopping at the Grand Canyon on their way home to Michigan.

### Agree on Values

Mrs. Pohlbel, Mr. Ireton and Mr. Schaefer all feel sabbatical years are tremendously important in teaching.

"After a certain length of time, it does anybody good to be jolted out of a routine," Isabelle Pohlbel maintains. "You meet new people, you get fresh ideas and a new approach."

"I wanted to improve my background in mathematics," Alan Schaefer explains. "Even though I had a Minor in mathematics in college, I felt I wanted more."

"If you are teaching general science, you should take courses as often as possible, at least every two years," James Ireton believes. "In the field of science, things are changing so fast you MUST study to keep up."

In every field, things are changing. Today's good teachers cannot afford to stop being students.

### QUICK YEAST BREAD

Margaret Burns

2 cakes compressed yeast  
¾ cup lukewarm water  
2 cups scalded milk,  
cooled to lukewarm  
3 tablespoons sugar  
1 tablespoon salt  
2 tablespoons soft butter  
6½ cups sifted flour

Dissolve the yeast in the lukewarm water. Add the milk, sugar, salt, butter and 3 cups of the flour. Beat until smooth. Add the remaining flour and beat well. Cover bowl and let rise in a warm place (80 to 85 degrees) until double in bulk—30 to 40 minutes. Stir down the batter by beating hard for a minute. Pour into 2 buttered 8½ inch by 4½ inch by 2½ inch pans, spreading evenly. The batter should half fill the pans. Let rise in a warm place until edges of batter reach tops of pans — about 30 minutes. Brush with melted butter. Bake in a preheated oven for 40 to 50 minutes at 375 degrees.

The Crew, under Commodore and Mrs. Harold E. Cross, is Captained by Charles D. LaFond, assisted by First Mate Mrs. LaFond.

Captain LaFond has arranged for the ladies and gentlemen to receive old-fashioned dance tallies, with a "surprise" partner's name written in after two dance numbers.
