PRESIDENT JOHNSON ordered U.S. Marines into the Dominican Republic to rescue about 1300 Americans who were caught amid the chaotic violence in Santo Domingo. The president said in a televised statement that 400 Marines had gone ashore because Dominican officials could no longer protect Americans. The island was in turmoil following a military junta which overthrew the civilian government and then continued the fight within its own ranks.

Friday, April 30

THE UNITED STATES, sending 3,700 more troops into the Dominican Republic, moved closer to a direct intervention in the bloody revolution, in an effort to halt an alleged Communist take-over of the Dominican government. Marines reportedly killed seven Dominican snipers as fighting between rebel factions, one of them supposedly led by pro-Castro Communist elements, steadily grew heavier.

THE SEVEREST earthquake in 16 years hit Seattle, Washington, and parts of four Pacific Northwest states, causing two deaths. Both deaths occurred in Seattle which was about 25 miles south of the quake center.

Saturday, May 1

THE U.S. AMBASSADOR to the civil-war-torn Dominican Republic, W. Tapley Bennett, announced that a cease-fire agreement to end the six-day street fighting in Santo Domingo, the republic's capital city, had been ordered into effect. All fighting between the allegedly Communist-led rebels and the military junta had not ceased, however, because the rebels had not spread the word to all their supporters.

THE UNITED STEELWORKERS announced that Secretary-Treasurer I. W. Abel had edged out incumbent David McDonald in a hotly contested race for the union presidency. At the same time McDonald declared his intention to appeal the decision before the union executive board. The legal entanglements of the appeal could hamper contract talks with the steel industry that were scheduled to begin May 18.

Sunday, May 2

NEIL STAEHLER moved himself back into the Democratic Party hierarchy today by clinching up an overwhelming victory in a battle for a seat on the Democratic National Committee. Staehler defeated four other candidates for the post vacated by former Governor John B. Swainson when he was elected to the Wayne Circuit Court last month. He received 54½ of the 82 votes on the first ballot.

Monday, May 3

THE TRIAL of the accused Ku Klux Klan slayer of Mrs. Viola Liuzzo, the first white woman killed in the civil rights struggle, began today with selection of an all white, all male jury. The selection took little over an hour, before the court was adjourned. On trial charged with premeditated murder is 21-year-old Klansman Collier Leroy Wilkins. The state will charge that Wilkins, one of three Klansmen indicted, fired the fatal bullet.

Tuesday, May 4

PRESIDENT JOHNSON announced last night that American troops will be withdrawn from the Dominican Republic as soon as the Organization of American States devises a plan that will bring peace and a stable, non-Communist government there. The president, speaking at a labor meeting, urged Latin American nations to send troops to join U.S. forces on the island. Heavy opposition has developed from Mexico, Chile, Ecuador, and Uruguay.

Business Group to Install Saturday

The Grosse Pointe Business Men's Association will hold its annual Installation Dinner Dance at the Hunt Club on May 8. Among those most interested in the event are left to right: DON LAFOREST, director; MRS. CYRIL VERBRUGGE, past president's wife; MRS. BUD WOOLDRIDGE and MR. WOOLDRIDGE, (he's

the president-elect); and MRS. CLAYTON ALANDT, wife of the present president. Purposes of the association are "to provide practical means for establishing a better community, to give better service to customers and clients, and to create and maintain sound public opinion."

Park's Proposed Budget Includes General Pay Hike

City's Operational Cost for Fiscal 1965-66 Year to Be \$21,647 More Than Current Year; Tax Rate To Remain Same

The Park's proposed fiscal 1965-66 budget, which will be \$21,647.12 higher than that of 1964-65, includes a six percent increase in pay for all full time city employees, according to City Manager Robert Slone.

The city manager said that the base pay of policemen and firemen will be raised from \$6,510 to \$7,000 a year, excluding fringe benefits.

The proposed new fiscal budget, which is expected to be approved by the Park council on Monday, May 10, is \$1,393,163.32, as compared to \$1,371,516.20, for the fiscal year 1964-65.

The present assessed local valuation of property in the Park is set at \$50,954,780, an increase of \$160,670 over that of 1964-65, due primarily to new construction, according to figures released by Slone. The planned real and personal property tax rate will remain the same as the current year, \$15.50 per \$1,000 assessed local valuation.

Two Fewer Employers

The total number of employees working for the city during 1965-66 will be 93, as compared to 95 for the current year, Slone stated.

The proposed budget also calls for an increase in the annual retainer paid to the city attorney, from \$5,500 to \$5,800 a year; plus \$100 wage adjustments for policemen and firemen through the rank of captain, who have successfully completed their probationary steps.

Among other highlights set in the budget, are: pay in lieu of a third week of vacation for policemen and firemen, if they

School Census About to Start

Residents of the school district are reminded that the annual school census required under Michigan law will take place as usual in May.

Besides collecting the standard information provided by all local residents the census takers also receive confidential information from parents of handicapped children in a special census also required by state statute.

Through the latter, efforts are made by school officials and others to provide special education services for handicapped boys and girls. The local census is supervised by Mrs. Betty Castle with 20 field workers operating out of the Department of Pupil Personnel, of the Grosse Pointe Public School, Dr. Paul E. Mawhinney, Director.

All census takers carry an identification card signed by him and will gladly present it if requested. The chief reason for carrying such identification is to prevent commercial concerns from posing as legal census takers.

The cooperation of all residents of the school district is solicited to complete the process as accurately as possible.

Pointe Lakefront Parks Get Ready for Openings

When the official opening day of the five municipal parks arrives on Memorial Day, May 30, Farms residents will be able to use their new swimming pool.

At a regular meeting held Monday night, May 3, an elated Farms council was informed by City Manager Andrew Bremer, Jr., that the contractors have promised that the pool and facilities will be ready by the opening day, as scheduled. The council was happy that there had been no "hitch" since the construction of the pool and bathhouse was begun last January.

The members of the city body were also happy to learn, from the city manager, that the pool and facilities, which were estimated to cost \$230,000, will be finished at a cost of \$222,000.

Councilmen Addressed by Employees

Firemen, Policemen and DPW Workers All Given Chance to State Desired Benefits

Representatives of the Police, Fire and Public Works Departments were granted an audience with the Farms council on Monday, May 3, to personally petition for wage increases and fringe benefits.

The council has been approached by representatives of the DPW in previous years, at budget time, but Monday night was the first time that Police and Fire Department representatives came before the city body.

It also marks the first time that the council invited spokesmen from any of the departments to appear before it, to air views and to make known their requests for wage adjustments and fringe benefits.

Mayor William Connolly, Jr., expressed the sentiments of his colleagues on the council, when he informed the departmental representatives that they were welcome, and that any time they have problems, or wish to discuss matters, they are free to come before the city body.

The Representatives

Representing the Police Department were, Sgt. Ignatius Backman, and Patrolmen Arnold Parsons and Donald Pilon. Patrolman Otto Glaneri, also a representative, was unable to be present.

Representing the Grosse Pointe Farms Fire Fighters Association, Local 1508, AFL-CIO, were Kenneth Watson, president; Arthur Turner, secretary; and Charles Backman, member.

Only two represented the DPW, Local 522, of the American Federation of State, County, and Municipal Employees, AFL-CIO, and they are, James Brown, president; and Walter Oliver, International representative, who was the spokesman.

When all had submitted their pleas for the pay hikes and fringe benefits, they were informed that the matter will be given serious study, while the 1965-66 budget is being prepared.

Public Hearing Set

A public hearing on the proposed 1965-66 fiscal budget will be held on Monday, May 24, at an adjourned meeting, postponed from the regular meeting date of Monday, May 17, because the latter date is Mayor Exchange Day.

The policemen petitioned for an increase in salary from \$6,450 to \$7,350 annually; an adjustment of longevity allowance.

St. Paul Teachers Receive Grants

By Sister Marie Jude, O.P.
Faculty members at St. Paul School plan to attend a variety of universities to broaden their professional background during the summer recess.

One faculty member, Dennis Pinkos, history teacher, plans to add a one-year leave of absence to the summer recess in order to complete his study for the master's degree. He has already begun his graduate study at Wayne State University but plans to complete his study in Europe.

Though undecided about his choice of a university, Mr.

Pinkos is considering one of three: Upsala University in Stockholm, Sweden; Berne University, Switzerland; Heidelberg University, Germany.

Sister Thomas Mary, head of the science department at St. Paul High School, has received a grant from the National Science Foundation to attend a six-week summer institute in modern physics at the University of California in Los Angeles.

This institute will cover in detail the post-1945 developments in physics. In the laboratory, design and methods of constructing apparatus will be presented. Those attending the institute will have an opportunity to actually build a number of pieces of equipment. Thus, there will be numerous opportunities to obtain a working knowledge of the latest developments in wood and metal working as well as in glass blowing.

Sister Margaret Philip, assistant principal of the high school and head of the English department, will attend an English Institute in Modern Linguistics at Ohio State University in Columbus, O. The institute will run for eight weeks, beginning June 21.

The grant is financed by the United States Office of Education under the National Defense Education Act. The institute will consist of a study of the principles and methods of linguistic analysis, principles of literary analysis, and structural analysis of English expository prose.

Sister Joseph Ellen, mathematics teacher at St. Paul High School, and Sister Paul Marie, mathematics teacher for the junior high school, will both attend a summer institute for Teachers of Mathematics at Denison University in Grandville, O. The institute is supported by the National Science Foundation, and it runs from June 21 to July 30. The institute is designed to improve the teaching of mathematics at both the grade and high school level.

Sister Margaret Philip plans to incorporate into the St. Paul High School English program these new concepts of linguistics and resulting methods of teaching English.

Sister Joseph Ellen, mathematics teacher at St. Paul High School, and Sister Paul Marie, mathematics teacher for the junior high school, will both attend a summer institute for Teachers of Mathematics at Denison University in Grandville, O. The institute is supported by the National Science Foundation, and it runs from June 21 to July 30. The institute is designed to improve the teaching of mathematics at both the grade and high school level.

International Ball Planned

The 18th International Ball of the International Institute is scheduled for Cobo Hall's Riverside Ballroom on Friday evening, June 11.

As was the case last year, colorful nationality costumes will punctuate the evening attire of patrons and other guests. Dancing will be to the music of Al Navarro and his orchestra. A program of nationality folk dancing will intersperse the regular orchestra from 9 o'clock, the beginning hour, until 1 o'clock.

Tickets are now on sale at the Institute, located at 111 East Kirby avenue. Groups can qualify to be listed as sponsors by purchasing two patron tickets for \$20, or ten general tickets for \$25 by the May 21 program printing deadline.

Patron's tickets have again been designed to provide free admission for a foreign student.

Pointe Drivers Taken Off Road

Two Pointe motorists have been denied the privileges of the road when their operator's licenses were taken from them by the Secretary of State's Office in Lansing, according to the latest report, dated April 9.

The report, released by Secretary of State James M. Hare, revealed that Frank B. Brandon of 720 Vernier road, had his license "lifted," for violation of the Drunk Motor Law, as of February 24, which requires a financial responsibility suspension. There was no later report indicating he had complied with the Financial Responsibility law and had his license returned.

Harry G. Wedyke of 220 Country Club drive, whose license was suspended as of January 11, because of conviction of driving while his license was previously suspended, should have his license restored by May 10.

According to Hare, during the week of April 4-10, the drivers' licenses of 593 Michigan motorists were suspended and those of 24 were revoked by the Michigan Department of State.

Pay Hike Asked in Farms

(Continued from Page 1)
and 21 vacation days a year.

On the longevity adjustment, they ask that officers receive \$100 for each five years of service, to a maximum of \$400 for 20 years or more of service.

They pointed out that men with 10 to 15 years of service, have very little chance of winning promotions in a small department, and the longevity pay would be an inducement to stay.

Woods Pays More
Backman pointed out that at present, a patrolman in the Woods is paid more than a sergeant in the Farms.

In the matter of the vacation time, under the present setup, Farms officers are granted 10 vacation days a year, five of which must be taken in the summer, and five in the winter.

The firemen petitioned for a cut in working hours from 63 hours a week to 56 hours; a wage increase of \$550 a year, raising the base pay to \$7,000 a year; a \$50 clothing allowance for dress uniforms; and longevity pay of two percent for five years of service, four percent after 10 years of service;

and seven percent after 15 years of service. They have no clothing allowance now.

They also asked that after an accumulation of 100 sick days, any sick days thereafter be paid in cash to members of the department.

Under the present system, a fireman can accumulate only 100 sick leave days, any days accumulated thereafter are lost to the member.

Want Dues Deducted
The DPW members ask that union dues be deducted from their salaries; that Veterans Day be made a paid holiday; they be granted paid accumulated sick leave on retirement, or severance from the department, granted longevity pay of two percent for five years of service, and eight percent for 25 years of service.

They also ask for a 30 cents an hour increase across the board; and three weeks paid vacation after five years of service and four weeks vacation after 20 years of service.

All requests have been referred to City Manager Andrew Bremer, Jr., for study and recommendations to the council.

Commonwealth Bank Gets Bonds

At a special meeting Monday night, May 3, the Grosse Pointe City Council accepted a bid from the Bank of the Commonwealth to purchase the \$1.32 million bond issue to cover the cost of improving and updating the storm relief and sanitary sewer system.

Of 13 financial institutions bidding, the Bank of the Commonwealth was lowest with an effective percent of 2.996165. City Manager John Cantwell said that they had figured that the percent would be no higher than 3 1/4 percent. He explained that the interest cost over the life of the bonds would be \$469,112.07, which is "a very good interest."

Manager Cantwell said he thought that the AA rating received on the City's bonds by the rating services was a great aid in obtaining such a good interest percent.

The bid from the Bank of the Commonwealth was actually a combined bid of two banks and one firm. They are the Bank of the Commonwealth, Mellon National Bank and Trust Co., and Rheinholdt and Gardner.

In other business, Council authorized sale of \$130,000 tax anticipation notes for the incurrence fiscal year and tax period, April 1, 1965, through June 30, 1965, to the Bank of the Commonwealth, low bidder at 1.5 percent plus a premium of \$5. There were four bidders on this issue.

May 17 has been proclaimed Mayor's Exchange Day. City Mayor David E. Burgess will exchange duties for the day with the mayor of Buchanan, Mich.

As a result of the exchange day, the next City Council meeting is scheduled for May 24, at which time the budget for the fiscal year July 1, 1965 through June 30, 1966, will be up for adoption.

The Merit Scholars were selected from the Finalist Group and were chosen without regard to preferential criteria of any kind. In making their judgments, committee members evaluate test scores, high school grades and creative achievements outside the classroom.

In addition, the students were judged on qualities of leadership, school and community citizenship, extracurricular activities, high school officials' endorsements, and similar data.

Peter Solenberger will use his scholarship at Harvard. David Weiler his at the University of Michigan, and Roland Sherman his at Swarthmore College.

The tenth annual Merit Program began in March of 1964 when 807,000 students in 17,162 schools took the National Merit Scholarship Qualifying Test. The examination is a three-hour test of educational development, specially designed for the Merit Program by Science Research Associates.

The test, which is revised annually, covers five areas: English usage, social studies reading, natural sciences reading, mathematics usage, and word usage.

A student who is awarded a Merit Scholarship is not necessarily "better" than any other Finalist who does not receive an award. NMSC considers all Finalists to be highly qualified. Those chosen as Merit Scholars are the ones who appear to have, to a slightly higher degree, the qualifications sought by one or another of the various sponsoring groups.

 translated for broadcast in a number of other languages. Including indigenous produced programs in 30 languages, the Lutheran Hour is beamed in 40 languages into more than 120 lands. It has an estimated weekly audience of 30 million people. The broadcast is sponsored by the Lutheran Laymen's League, a 140,000-member affiliate of The Lutheran Church-Missouri Synod.

Widely recognized as an outstanding Protestant church leader, Dr. Hoffmann is a life member of the American Bible Society, and serves on its board of managers and translations committee. He is a director of the Foundation for Reformation Research, the Wheat Ridge Foundation, Aid Association for Lutherans, and Lutheran Hour. He is a member of the American Philological Association, the Lutheran Human Relations Association, and the Federal Civil Defense Administration religious advisory committee. He is past president of the Religious Public Relations Council, secretary of Lutheran Film Associates, and a former board member of Lutheran Television Productions.

Helped Make Movies

Dr. Hoffmann has assisted in the production of two award-winning feature movies, "Martin Luther" and "Question 7." He is the author of many magazine articles and two devotional booklets, a columnist for The Lutheran Layman, and a former editorial associate of The American Lutheran. A number of his sermons have been published in a book entitled, "Life Crucified, and in various periodicals.

Dr. Hoffmann is listed in Who's Who in America. He has appeared on various network and TV programs, such as "Today," "Face the Nation," etc. He has met with Presidents Dwight D. Eisenhower, the late John F. Kennedy, and Lyndon B. Johnson. In the interests of the church and the Lutheran Hour, he has visited Russia, Central Europe, England, Africa, Japan, Okinawa, the Philippines, Hawaii, and Alaska. He attended the fall 1964 session of the Vatican Council in Rome as a guest of the Secretariat.

Dr. Hoffmann has served as

instructor and dean of men at Bethany College, Mankato, Minn., and instructor at the University of Minnesota, where he also inaugurated Lutheran campus services. A recognized scholar in Greek and Latin, Dr. Hoffmann taught these languages at Concordia Collegiate Institute, Bronxville, N.Y., at which institution he also served as director of publicity and promotion.

When the Lutheran Church-Missouri Synod established its department of public relations in 1948, Professor Hoffmann was named to direct the effort. He established offices in New York City, Washington, D.C., and St. Louis, and supervised the activities of about 800 volunteer public relations representatives throughout the church.

Dr. Hoffmann was a summer guest speaker on The Lutheran Hour in 1948. He served as assistant pastor of America's oldest Lutheran church, St. Matthew of New York City, from 1948-63.

Dr. and Mrs. Hoffmann, who celebrate their twenty-fifth wedding anniversary this year, have three sons and a daughter.

Eberst and Podeszwick said that the crime must have occurred sometime after 4 a.m., because at that time, they cruised past the store and everything was in order.

The officers was turned over to the matter of the Detective Bureau for further investigation.

Cinema League Plans Program

The Grosse Pointe Cinema League will entertain members and guests on May 13 with a program of beautiful and educational movie shorts.

D. A. Searle will show his 8 mm. film "Pot-pourri," colorful shots of his cottage at Mt. Clemens including the ducks that frequent the shore, the gardens and environs.

Carl Joyner, well-known professional photographer, will bring an educational film, explaining and illustrating "Mistakes We All Make," such as fade-ins and fade-outs, overzooming, etc., in 16 mm. color.

Rip Zwickey, world traveler and artist of the camera, will show "Horses and Cattle," 16 mm. color, interesting animal shots in widely varied locations in this country.

President Paul Kolwood will bring what sounds like a miracle film entitled "New York World's Fair in Six Minutes," taken last September. It shows the night lights and what can be done with outdoor film at night.

President Kolwood will also show "Making a Rose Garden," an interesting, educational and particularly timely film, taken last spring. Paul Kolwood is a member of the Grosse Pointe Rose Society, which is again making the rose garden at the new Grosse Pointe Library, the source of a fresh bouquet for the library every week all summer.

Mr. Kolwood helps plant this bed and illustrates in his filming how the roses are brought to full bloom in 8 weeks.

Members and friends are invited to this viewing at 8 o'clock May 13, in the library at the War Memorial Center.

Pointe Lakefront Parks

(Continued from Page 1)

In the other Pointes, Shores Village Superintendent Thomas Jeffers disclosed that the \$42,000 parking lot expansion and improvement, including drainage, at the George Osius Park, will be completed by Memorial Day.

The old parking lot only had space for 40 cars, Jeffers said, whereas, when completed, the new lot will be big enough for 140 automobiles. There will be four tiers at the north end of the park, and two tiers along the fence on Lake Shore.

This is the only project the Shores is undertaking in the park this year, he said.

Grosse Pointe City Manager John Cantwell revealed that the only project underway in the Norbert P. Neff Memorial Park is the dredging of the harbor, preparatory to opening of the boating season. The contractor is being paid on an hourly rate, therefore the cost is not known at the present time.

In the Park, City Manager Robert Slone said new playground equipment has been purchased for installation at the waterfront park, for the enjoyment of the small children.

At the Three Mile Drive Park, he said, workers are completing the installation of a sidewalk around the Magic Square, used as tennis courts, badminton courts, etc. Nothing else is contemplated at present, he said.

However, he pointed out, the Park Planning Commission is still engaged in studies of both parks, to constantly seek improvements.

In the Woods, Don Hallman, director of Parks and Recreation, said that two tennis courts and three additional shuffleboard alleys have been constructed at the Woods lakefront park, making a total of nine.

At Ghesquire Park, the city had five shuffleboard lanes and two badminton-volley ball courts installed. The courts will be lighted up at night, he said.

City Manager Chester Petersen said that sheet piling for more boat mooring wells at the lakefront park, will not be installed this summer. He said

that the project will not start until September, so that there will be no interference with the summer boating season.

new sign of new approaches to banking

This new symbol represents Bank of the Commonwealth's progressive attitude toward banking and finance. We're not afraid to break traditions to serve you better. For example, "The Commonwealth" was the first commercial bank in Detroit to make auto and installment loans—the first to make boat loans—first to offer a Pay-By-Check plan—first to promote a Christmas Club and to use a numerical checking account system. We don't keep "bankers' hours" either. All of our 33 offices are open until 5 P.M. Monday through Thursday, and until 6 P.M. on Friday. In addition, we are the only Detroit bank to offer 14 different patterns of High-Fashion Check sets. Our progressive thinking can help you when you want to borrow, save, or open a checking account. Coronary Fatal To Car Driver

Park police have lauded the action of a Richard Buick Company porter, Robert Buffer, of 6041 Rohms, Detroit, in his attempt to save the life of C. W. Schmid.

Mr. Schmid, of C. W. Schmid Auto Sales Inc., was driving with a customer west on Kercheval avenue last week when he suffered a coronary attack near Beaconsfield avenue. The car swerved across the street and halted.

As the customer got out of the car, Buffer, 28, ran over and found Mr. Schmid, of 19988 O'Mara court, unconscious. He stretched him out on the seat of the car and applied artificial respiration and brought him back to a conscious state.

Buffer flagged down a passing patrol car and requested an escort to the hospital. Between the attack and the time they reached Bon Secours Hospital, Buffer revived Mr. Schmid three times before he finally died in Mr. Buffer's arms.

In order to make his point a good speaker must drive it home.

Cottage Hospital Adopts Doctors-Clergy Program

Cottage Hospital of Grosse Pointe has announced a program to help doctors and clergy unite as a team to treat patients at the hospital.

A conference will be held May 26 during which the hospital's staff physicians and clergy from the Grosse Pointes, St. Clair Shores and nearby parts of Detroit will discuss how they can cooperate more closely.

In announcing plans for the day-long event, the president of the hospital medical staff, Dr. David H. Barker, said:

"The medical world is becoming more and more aware that illness often is deeply upsetting to a patient's total personality. This presents problems that can best be solved through close cooperation and understanding by the patient's doctor, his clergyman and the hospital staff."

"For this reason the medical staff of Cottage Hospital and the area clergy will meet in an informal atmosphere to share our experience on treating the total person."

Highlighting the event will be a panel discussion on the nature and demands of illness as they affect the patient, doctor, family and clergyman. The moderator will be Harrison Sadler, M.D., a psychiatrist of 17854 Maumee avenue, who also is an associate professor of psychiatry at Wayne State University.

Other panel members will be the Rev. Maynard W. Hammond, education director of Grosse Pointe Congregational Church; the Rev. Ralph V. Barton,

pastor of Our Lady Star of the Sea Roman Catholic Church, Grosse Pointe; and two Cottage Hospital staff physicians, Drs. Delmo A. Paris and Donald N. Sweeney, Jr.

The Rev. Mr. Hammond recently completed five years of service as chaplain at the Bangor State Hospital, Bangor, Me. He also had clinical training at Danvers State Hospital in Massachusetts.

Father Barton, who founded Our Lady Star of the Sea parish in 1954, was Roman Catholic chaplain at the Marine Hospital in Detroit from 1947 to 1952.

Dr. Paris, of 765 Lakeland avenue, was president of the Macomb County Medical Society last year and is on the pastoral relations committee of Grosse Pointe Methodist Church.

Dr. Sweeney, of 841 Three Mile drive, is on the Wayne County Medical Society's physician-clergy committee and aided the American Medical Association in setting up its department of medicine and religion. He is a member and vestryman of Christ Church (Episcopal), Grosse Pointe.

Serving as resource personnel during the discussions will be two Detroit hospital chaplains, the Rev. Vernon E. Kuehn, of Harper Hospital, and the Rev. Robert T. Pattie, of Receiving Hospital.

Money, Valuable Bracelet Vanish

The William L. Cooks of 1668 Littlestone, called on the Woods police for assistance on Monday, April 26, to try to locate a large sum of cash and a valuable bracelet, which somehow disappeared from their home.

Mr. Cook said that his wife's purse, containing \$600 in cash, and a platinum and diamond bracelet, valued at \$1,200, mysteriously vanished, and have not been located to date.

He said the purse, with the money, and the bracelet might have been in a large yellow cardboard box containing used clothing, which was placed at the curb for trash pickup.

Police officers were dispatched to the dump at Quinn and Fourteen and a Half Mile roads, between Gratiot and Harper, but neither they, nor the workers at the dump were able to find a box answering the description given by Cook.

Cook said that the money was in a black leather, medium-sized purse. He described the bracelet as being platinum, with 20 diamonds and 20 blue rhinestones in alternate rows, with a link chain.

Mr. and Mrs. Cook, and the police, have not given up the search.

Bicycle Safety Program Begins

The annual Bicycle Safety Inspection program is in full swing in all schools in the Pointe and Harper Woods, with specially-prepared literature given to all students during safety assemblies conducted by school safety officers of each community. The program began on Monday, May 3.

During the month of May, on days designated by the safety officers, safety inspection of bikes will be made at each school. On Monday pupil-cyclists were given lectures on the correct rules of bicycle safety, besides being given literature to take home.

The school safety officers of each community are, Patrolman George Blair, Park; Cpl. Duncan MacEachern, City; Patrolman Joseph Miller, Farms; Patrolman Jack Patterson, Woods; and Patrolman William Meier, Harper Woods. There are no schools in the Shores.

In the interest of safety, the five officers recently met to map out a program, not only for the month of May, but for the entire year.

These officers urge all parents to assist in this program by doing three things:

1. Make sure their child's bicycle is properly equipped and safe to ride; 2. Make sure that their child knows the rules for safe bicycling; and 3. Make sure their child obeys the law, both state and local.

Youth Accused Of Sex Offense

Park Patrolman Collin LaLonde, on his way home on Wednesday, April 28, after completing his shift duty, noticed a 17-year-old boy standing on the corner of Jefferson and Manistique, in Detroit, and recognized him as wanted by Detroit authorities.

LaLonde, according to information released by Park Police Chief Arthur Louwers, promptly placed the boy under arrest, and called Detroit's Jefferson Station, Fifth Precinct. The Park policeman released the boy to Detroit officers.

Detroit police teletyped an all-points, asking all police agencies to be on the lookout for a 17-year-old Detroit boy wanted for investigation of indecent exposure. The teletype was sent out at 1:45 p.m.

LaLonde, who lives in Detroit, was on his way home, when he noticed the boy, at about 4:20 p.m., whose description tallied with the Detroit-sent teletype. The officer got out of his car, went up to the youth and placed him under arrest, and held him until Detroit police arrived.

Chief Louwers lauded the alertness and keen sight of LaLonde.

The boy is being held for further investigation of the charge against him.

Public School System Losing Dr. Mawhinney

Dr. Paul E. Mawhinney, Director of Pupil Personnel for the Grosse Pointe Public Schools, has resigned to become Chairman of The Department of Education and Psychology, Southeast Missouri State College.

Dr. Mawhinney said, "The opportunity to serve public education at the college level proved irresistible. I look forward to campus life and to teaching again. The college president, Mark F. Scully, is an extremely able educator and is nationally known. I am honored to have been selected by him personally to join his administrative staff."

"Naturally, I leave the community and its schools with mixed emotions. This has been our home for a decade. Our children grew up here. I have shared some wonderful times with colleagues and friends. Still, one rarely gets a chance like this. It is simply too good to turn down."

Dr. Mawhinney came to Grosse Pointe 10 years ago as Administrative Assistant to the Superintendent. Two years later he succeeded Dr. Lynn M. Bartlett when the latter was elected State Superintendent of Public Instruction.

Immediately before coming here, Dr. Mawhinney was Director of Elementary Schools in Troy, O. Prior to this he was with The Public Schools of Denver, Col. for seven years.

Dr. Mawhinney has written articles for several professional magazines including the State Educational Journal for Michigan, Ohio, and Pennsylvania; The Journal of the International Association of Pupil Personnel Workers; The Tri-State; church magazines; and the American School Board Journal. He has also written light verse and short stories and has edited numerous school publications in Ohio, Colorado, and Michigan.

He has been extremely active in professional and community circles. He is past president of the Tri-State Conference on Pupil Personnel, a director in

Pointers Win Scholarships

Five Grosse Pointers are among over 2,800 winners of 1965-66 state scholarships. They are: Steven R. Cerutti, of Lakepointe avenue, Jane Ann Joki, of Neff road, Kathy Mack-staller, of Manchester road, Ronald F. Torina, of Grand Marais, and Mary E. Martens, of Beaconsfield.

These winners were chosen from among 9,847 students who qualified for consideration of awards on the basis of their performance on the State Competitive Examination given in November, 1964. More than 16,500 individuals applied for the 1965-66 scholarships and 69 percent of the 752 participating high schools had at least one winner.

The average award was \$372 with a high of \$600, which is the maximum that can be granted. Awards cannot exceed tuition and fees for an academic year. Each award is determined on the basis of the cost at the institution which the applicant chooses to attend, and all awards are renewable upon annual application and maintenance of a "C" average.

Financial need is carefully determined and a detailed analysis of the income and assets of the student and his family is conducted with the assistance of persons from the colleges who are chosen for their knowledge and experience in the area of financial aids.

Grosse Pointe's winners will use their scholarships at three universities. Steven will attend Michigan State University in the fall, Mary, Wayne State University, and Jane, Kathy, and Ronald the University of Michigan.

The examination program for the 1965-67 scholarship date will be Saturday, November 20, 1965. Students desiring information about the state scholarship procedures for the examination should contact their high school counselor or principal.

Get Permission For Cooperative

For the first time in Grosse Pointe Woods history, permission has been given for the construction of multiple family residential cooperative.

Construction of the co-op by C. W. Babcock and Sons was approved at a Woods Council meeting Monday night, May 3, subject to filing of a surety bond for \$50,000.

Although the first of its kind in the Woods, Grosse Pointe Park has three apartment buildings and several four family flats and Grosse Pointe City has two apartment buildings and many terraces. Both the Farms and the Shores have only single family dwellings.

Plans call for the co-op to be built on Mack avenue at Base Line (Byrs drive). There will be three buildings in Grosse Pointe Woods of 16 units each; plans call for two other similar buildings in St. Clair Shores, subject to approval by that city's Council.

The apartments are designed primarily for people who no longer wish or are unable to maintain a single family dwelling but who want to remain in the Grosse Pointe area. The apartments will be handled as one's own home with individuals residing through their own broker, subject to approval by the cooperative board of executives.

A request for a public hearing on a proposed second multiple family dwelling in the Woods, to be constructed by Merrill Homes Inc., was deferred to a later council meeting due to a lack of necessary papers. This building is planned for the north side of Verrier road, east of Mack avenue.

2 out of 3 professional turfmen
use Agrico. Do they know something about grass feeding you should know?

Most of the Agrico we sell goes to professional turfmen—landscape gardeners, golf course superintendents, nurserymen. Even sod growers. These professionals rely on Agrico for one reason: it consistently gives them superior results. Do you have to be a "pro" to get professional results on your lawn? Definitely not. Agrico Grass Food is as easy to use as any fertilizer.

1. Agrico Grass Food contains a special combination of nutrients that actually enriches your soil. These nutrients build strong roots and produce hardy grass.

2. Ordinary fertilizers help make grass green for a while. But Agrico, with 60% organic nitrogen content, helps keep grass green all season.

3. Agrico's formula gives you more total plant foods per bag to build soil fertility over a longer period of time. \$4.95 bag nourishes 5300 sq. ft. Now you know what the professionals know. For a thick, green lawn, use Agrico Grass Food—the fertilizer that enriches your soil as it greens your grass. There's an Agrico Garden Dealer near you.

Rose Society Meets May 12
"The Unseen Life in the Garden through the eye of a Camera" will be the featured topic when the Grosse Pointe Rose Society meets on Wednesday, May 12, at 7:30 o'clock, on the second floor of the Grosse Pointe Library, Kercheval avenue at Fisher road.
Insects inhabited this earth long before man and their ability to survive under all conditions is almost unbelievable. In spite of all our modern chemicals and methods of application, man cannot claim any semblance of victory in his battle with them.
Elmore W. Frank, one of the organizers and first president of the Society, specializes in micro-photography and has many unusual slides of garden insects. He will discuss how they live and multiply, their life cycle and why they are such a problem to the gardener.
Now that a new growing season is here, the battle will be resumed. Some knowledge of insects' habits and life cycles should help to at least keep them under control.
All interested Pointers are welcome to attend the meeting.

Village Staging Old Time Fair
Fun for children of all ages will be the order of the day at Greenfield Village when the "Country Fair of Yesteryear" opens its three-day stand May 13-15.
Marching bands and a parade of transportation through the Village start the festivities each day at 10:30 a.m. The special games and races continue until 2:30 p.m. each day.
The 4-H Club will take an active part with a horse show, dog obedience trials and a girl's fashion parade. Competition will be in the cooking and baking, art and handicraft, and other special project sections. Blue ribbons will be presented to the winners in the various judging contests.
Reliving American history is a vital part of the Country Fair when Village craftsmen demonstrate many of the jobs that used to be commonplace in the home or shop. These skills have all but passed on except at historic locations such as Greenfield Village.
Butter churning in a century old style, furniture making, basket weaving, silversmithing and many more crafts are demonstrated daily for the children.
All of the special events, races and games are included in the regular admission charge to Greenfield Village, \$1.40 for adults and 50 cents for children. The Village is open 9 a.m. to 5:30 p.m. weekdays and 9 a.m. to 6 p.m. Saturdays and Sundays. The adjoining Henry Ford Museum is open 9 a.m. to 5 p.m. weekdays and 9 a.m. to 6 p.m. on Saturdays and Sundays.

Ernest P. Lamb Fund Established
The "Ernest P. Lamb Scholarship Fund" for engineering students at the Detroit Institute of Technology has been established by friends honoring the Chrysler Corporation engineer at a luncheon marking his retirement after 45 years in the automobile industry.
Lamb, a former D.I.T. student and presently co-chairman of its board of trustees, wrote a check matching the total amount contributed by the others. In addition, Chrysler Corporation, through its Matching Grants to Colleges Program, donated an amount equal to Lamb's contribution. The total amount of the fund is \$3,000.
"My personal pleasure in accepting your gift is equalled only by the satisfaction of knowing that funds such as these lend considerable encouragement to engineering students," Lamb said.
Lamb, executive engineer — administration for the Engineering Office, is retiring after 45 years in the automotive industry, the last 38 of them at Chrysler Corporation. He began work at the Packard Motor Car Company, and later worked as a draftsman for an automotive supplier of gears and axles. Lamb joined Chrysler as a chassis designer in 1927.
Holder of eight patents on automotive devices ranging from seat design to power train components, he is credited with piloting Chrysler's engineering leadership in building trucks on an individual, "job-rated" basis and with the development of the 3-ton 4x4 military truck. After joining Chrysler, he was assigned to truck engineering which culminated in his appointment as its executive engineer in 1953.
He was named executive engineer—administration in 1958, and also has served as vice-president of the Chrysler Institute of Engineering.
Lamb will remain active in the local area and continue as a member of several Society of Automotive Engineers committees and as a newly elected director of the Engineering Society of Detroit.
Lamb and his wife, Ceola, have a son, Dr. Thomas W. Lamb, a daughter Mrs. Donald S. Holm, and four grandchildren. He and his wife reside at 571 Lake Shore road, Grosse Pointe Shores.

Pierce P.T.A. Sets Meeting
The Pierce Junior High School P.T.A. will have its final meeting for the 1964-65 school year on Friday, May 7, at 7:30 p.m. Mr. Don Kipka, the president, will preside at the business meeting, which consists of brief annual reports being given by the chairmen of the standing committees.
The nominating committee, composed of Mrs. Philip Dickinson, Mrs. Richard Royer, Mrs. William Bowerman and Mrs. William Coddington as chairman, will present the slate of officers for 1965-1966 for the group's approval.
Parents are asked to notice that the auditorium program begins at 7:30 p.m. instead of the usual 8 p.m. hour, in order to provide ample time for the evening's entertainment. The annual, highly popular, ninth grade talent show will be presented. The coordinator and ring master, Mr. Robert Rutbun, states that the circus theme will be used throughout the program.
The ninth grade art students are already busy making appropriate decorations to create the atmosphere of the "big top" in the auditorium. Mr. Herman Clein is assisting Mr. Rutbun in programming the musical elements of the show.
The boys' gym will be converted into a science museum. This will be opened at the conclusion of the auditorium performance. Pierce students of grades seven, eight and nine will display science projects which they have planned and created this school year in science classes.
Social hour arrangements have been planned in the cafeteria by Mrs. William Westhoff and her committee composed of Mrs. Gomer Evans, Mrs. Frank Huster and Mrs. Delmo Paris to conclude the evening's entertainment.

Water Fantasy Party Scheduled
The past presidents of the Detroit Yacht Club "Sea Gulls" will be honored at an Underwater Fantasy luncheon May 11. Some of the Past Presidents who will attend this annual May party are Mrs. George Jay, Mrs. Earle McIntosh, Mrs. Clyde Centers, Mrs. Don McLean, Mrs. Robert DuChane, Mrs. Don Burgess, Mrs. Norbert Markert, Mrs. C. Joseph Belanger, Mrs. Charles Fargo, Mrs. Kenneth Koppitz and Mrs. W. H. Grinnell.
The "Sea Gulls" is a group of Detroit Yacht Club women who swim every Tuesday morning in the Club's indoor pool and then gather for luncheon and cards.
On this special occasion, all members will be served a complimentary lunch and will be given orchids to wear. Decorations will carry out an underwater theme with netting, schools of fish and pirate chests.
A large dolphin carrying a mermaid will dominate the dining room.
Mrs. Robert Winckler, of Bal-four road, is chairman of the party. She is being assisted by Mrs. Fred Jean, Mrs. John Leverenz, Mrs. Lester McIntosh, Mrs. James McKittrick, Mrs. Thomas Pearcall, Mrs. George Sherman and Mrs. George Peterson, all of Grosse Pointe.

Raising Funds For Retarded
The members of the Grosse Pointe Association for Retarded Children are graciously donating their time and energy by helping the Foundation for Exceptional Children of Grosse Pointe in their fund raising drive now under way.
Many parents of children in the Foundation's program are members of the GPARC. The GPARC has been extremely active in promoting and obtaining better facilities and legislation to improve the retarded child's position in the community.
For over 10 years, the Foundation has conducted a training program for mentally retarded and physically handicapped children in Grosse Pointe.
David Hyde, president of the GPARC, said: "We have always cooperated with the Foundation and we are again happy to lend a hand in this campaign to help continue this fine work."
In his letter, now being mailed to Grosse Pointers, Dr. Joseph E. Tapert, President of the Foundation, pointed out that this is the first time the Foundation has found it necessary to plead the cause of these youngsters in a financial sense. "income."

JOIN THE 1965 FAMILY PARTICIPATION CAMPAIGN

THE DOORS of the Grosse Pointe War Memorial Center open wide on a world of opportunity. Those who enter them explore many realms of interest and satisfaction.

In these community buildings we enrich our understanding of our world, our culture and ourselves. We share a chance to learn more of life, enjoy more of its pleasures, experience more of its satisfactions.

The very vitality of the Center itself provides about three-fourths of its budgetary needs. But an appreciable share of the Center's financial support necessarily must come from gifts in the annual fund drive. Our 1965 goal is \$75,000.

Last year the Center was generously supported and the goal was met—by one-fourth of the families in the Grosse Pointes. The amount raised, \$76,000, and the percent who gave are most gratifying. However, we are sure more families will want to share this year in support of an activity that serves all.

Please enlist your family in the 1965 Family Participation Campaign and *help us keep the doors open wide.*

Blue Devils Baseball Team Drops Two After Fast Start

By Rog Teetzel

It looked as though the Blue Devils would tear up the B.C.L. this spring on the baseball diamond when they whopped Monroe 10-0. However, two successive defeats at the hands of Wyandotte, 8-2 and Highland Park, 7-5 late last week dimmed Grosse Pointe's chance of bettering their second place finish or last year.

During spring vacation the Devils warmed up for their B.C.L. opener by defeating East Detroit, 5-1 and Notre Dame, 6-4.

A large home crowd saw the Shamrocks from East Detroit score their lone run in the third inning on a walk, a fielders choice, and a double.

Grosse Pointe exploded in the fifth inning for five runs to defeat the Shamrocks. The rally was started by Gary Johns '65 with a single. He was followed by a walk to Chuck Bruce '65 and a single by Dick Stricker '65. Doug Wright '65 walked, forcing across the first of the Devils five runs.

Mike Van DeGinse '66 drove in the winning runs by lacing a bases-loaded single to center field. All three runners scored. The final run came when catcher John Reynolds '65 singled across Van DeGinse.

Beat Notre Dame

In another non-league encounter, the baseballers slipped by Notre Dame 6-4. The Irish took the lead with a run in the first inning. The Grosse Pointe "Come-from-behinders" rallied in the second inning to take the lead 3-1.

Notre Dame tied the score 3-3 in the third only to have the Devils regain the lead in the fourth inning with two runs. Left fielder Sam Thompson '65 blasted a tremendous home run over the 10-foot fence in right field in the fifth inning to end the Blue Devils' scoring, giving them a 6-4 victory.

A magnificent pitching performance and powerful bats gave Grosse Pointe a 10-0 victory over the Monroe Trojans in their B.C.L. opener last Tuesday.

Rob Critchfield '65 pitched the full seven innings allowing just two hits while striking out 14 bewildered Trojan batsmen.

Take Early Lead

The Devils started their scoring spree in the first inning with three runs. Van DeGinse singled and was followed by walks

to Reynolds and Thompson. Mike Johnson '65 sacrificed in the first run by sending a fly ball deep into left field. Two more runs came across on Johns' blop single to right field.

Grosse Pointe added a run in the second on a triple by second baseman Wright and a Monroe error. The diamondmen scored two more in the fourth on Reynolds' single, a walk to Thompson and Johnson's long double to center.

The score was upped to 7-0 in the fifth inning by another Trojan error and a sacrifice fly by Bill Blakeslee '65.

The Blue Devils wrapped up their resounding victory with three more runs in the sixth inning. Wright beat out a ground-er and advanced to second on an error. Van DeGinse smashed a home run over the fence in deep center field which drove in two runs. Another error put Reynolds on base. He scored on Johns' double to center field.

Errors Prove Costly

On Thursday the Blue Devils went to Wyandotte and suffered their first loss of the season 8-2. Gudith, Wyandotte's star pitcher, held Grosse Pointe to two runs on just three hits. Wyandotte batsmen combined good power and hitting ability with many timely Grosse Pointe errors to take their second B.C.L. victory.

The next afternoon the diamondmen entertained Highland Park at home. Grosse Pointe led in the baseball game two times only to have the Parkers rebound to take the lead each time. Highland Park scored three runs in the sixth inning to put them in the lead to stay. The final score was 7-5. Gary Johns and Mike Van DeGinse led the Devils in their losing cause with two hits apiece.

The baseballers are now 4-2 overall and 1-2 in league competition. Thursday they travel to Royal Oak Dondro for another B.C.L. encounter.

GPHS Netters Win and Lose

By Ric Hendee

A 5-2 loss to the Monroe tennis team last Tuesday was enough to offset whatever good the week's other two contests, decisive victories for Grosse Pointe, could do for the Devil players.

On Thursday and again on Friday the Grosse Pointe fuzzies garbed their opponents, Wyandotte and Highland Park, 7 matches to none. Yet Monroe, righting the Blue Devils for possession of the BCL All-Sports trophy this season, flashed by with a 5-2 win to hand the Devils their first league tennis loss in almost two years.

Things looked good early in the home court Monroe match. All six spectators watched the opening action as Pete Short, playing number two singles, quickly swept his Trojan opponent from the court, 6-1. Dick Keller, the only other Devil winner, also began well, taking his first set, 7-5; but then sluffed in the second, 3-6; and struggled to a third set victory.

Meanwhile on the doubles courts the start was also optimistic. Jim Kendall, defending the number one doubles position with Mark Starr, whispered through the fence, "These guys aren't bad," then turned back to the game and promptly served an ace to win the set. Unfortunately it was only an exception and the first doubles, as well as the second and the third, went to the Monroe squad.

And when it was all over, the bustling crowd of six had shrunk to one faithful diehard.

At Wyandotte on Thursday, the Blue Devil racketmen had a party. Doug Brown, in competition for the first time, came back after a 3-6 first set loss to win his match.

Playing to the tune of train whistles and skateboards, the Grosse Pointe squad had Wyandotte fumbling on every court. Doug Busbey and Jack Healy, third doubles, put together a well-balanced variety of shots to win theirs. Dick Keller, profiting from his strong serve, took an early lead against the number one Bear and never fell behind. Ed Beyer, though nervous in the Monroe match, stayed calm and collected his victory.

Once against Short had his opponent scrambling all over the court. And, in much the same manner the doubles one and two, Kendall-Starr, and Bob Miller-Fred Williams lost only one game out of 25.

One day later Highland Park provided an even easier excuse for victory and pushed the Blue Devil totals to three wins and one loss (the other victory was a before-vacation demolition of East Detroit, 7-0).

This week the Devils go against Cranbrook, a team which always gives Grosse Pointe a battle, in a home contest on Wednesday and then an away league match with Royal Oak Dondro on Thursday.

Although last Tuesday's home crowd was estimated at six, it was not capacity. There's always room for a few more . . . or so.

Miss Babe Ruth To Be Picked

By Dave Marsteller

Thursday evening, May 6, is the Big Night for 12 of our area's loveliest teen age girls as the Woods-Shores Babe Ruth League is again holding its annual Miss Babe Ruth Contest.

The contest is being held in the City Council Chambers of the Woods City Hall at 7:30 p.m. and we hope to have a big crowd on hand to encourage the girls and the Woods Councilmen, as they have the almost impossible task of picking the right girl.

Last year's Miss Babe Ruth, Sue Palombit, will be on hand to crown her successor and to pass on the crown.

Each team selects a girl from the community to serve as its queen, and the girls ride in the Opening Day Parade and lend their beauty to the parade and opening day ceremonies as the representatives of their teams.

This year's queens are: Miss Richard Buick—Linda Boerner; Miss Roy O'Brien—Nancy Wood; Miss Dick Shalla Chevrolet—Mary Phillips; Miss Dick Green Chrysler—Plymouth—Linda Theuerkorn; Miss Grosse Pointe Rambler—Jan Taylor; Miss Jim Causley Pontiac—Gretchen Klein.

The All-American League queens are: Miss Cox & Baker Builders—Polly Ann McKinley; Miss Grosse Pointe No. 2—Linda Uhalik; Miss Marv Boutin Realty—Joan Healy; Miss Grosse Pointe No. 1—Sally Eichelberger; Miss Midland Mutual Life—Pat Rabaut; Miss City Messenger—Cheryl Mamer.

While you're circling your calendar, circle Sunday, May 16, because that's Opening Day.

Wayne State's track team, under David Holmes and Frank McBride, has won four Presidents Athletic Conference titles since 1956.

Parcells P.T.A. Meets May 12

Young scientists, artists, homemakers, and craftsmen will be featured in the final program of the Parcells Junior High School Parent-Teacher Association, to be held on Wednesday evening, May 12. A wide range of activities is planned for the evening, to give parents a better understanding of the total scope and variety in the educational program of the junior high school.

At 8 o'clock in the school auditorium a short business meeting will be conducted. At this time the officers for next year will be elected.

Then the curtains will open on a fashion show presented by ninth grade Clothing I students and their teacher, Mrs. Graham. The girls will model their own dresses, made as a culmination of a year's study of fashions and fabrics. A view of a boat deck will serve as a setting for their display of vacation fashions. The fashion commentary will be prepared and presented by student narrators.

Following this popular annual feature there will be a musical interlude. Under the direction of Mr. McNew a clarinet quartet will perform "Andante and Minuetto" by Bocca. The student musicians are Mark DeGaetano, Tom Geyer, David Lapeza and Lynne Steink.

After these events in the auditorium all of the classroom doors will swing open so parents can see samples of student work, confer with teachers, and watch students at work on typical activities. Drafting students have prepared a special display of drawings to demonstrate the range of the year's course.

In the art rooms student artists will be working intently on a variety of projects. The potters' wheel will be spinning, model buildings will be under

construction, model rooms will be decorated, and a kiln will be firing a load of ceramic pieces. The work which was recently on display at the Annual Grosse Pointe Schools Student Art Show in the War Memorial will be exhibited.

Seventh and ninth grade students in the wood shop will be working with wood, plastics, electricity and sketching projects. Many types of completed projects and the shop equipment will be displayed for inspection.

Ninth grade foods classes will conduct a comparison study of a convenience food product for the benefit of parent consumer education. Eighth grade science students' projects for the early science unit and for the structure of matter unit will be on exhibition. Ninth grade biology students will be on hand to display and explain their award-winning projects.

WOODS-SHORES

By Cindy Tew

The Woods-Shores Little League season officially opened on May 2, with the annual parade. A special feature in the parade was the Clan MacRae Pipe Band, under the leadership of Ken Jones, Pipe Major. Following the flag raising, and the Little League Pledge read by Steve Schleicher, Floyd Charley, president of the league, introduced the civic leaders and the im-

portant persons connected with Little League baseball. Soon after, the nine opening day games were played.

In the American League, four games were played. The Yanks beat the Tigers, 4-3. Pitcher Jack Downing was awarded the win.

The Senators defeated the Red Sox 9-7 in a seven inning thriller. After a tied score, 7-7, at the end of the sixth inning, Bauer started a seventh inning rally that won the game for the Senators.

The Orioles bested the Athletics in another seven inning game. Even though Cocheil pitched a terrific game for six innings, Don Eugenio got the win.

The White Sox-Indian game was the run-away game of the day. The White Sox won 7-1. There were only two Indian hits off the White Sox pitchers, Rob Palmer and Mark Zink. The big hitters for the White Sox were C. Micheles with a triple and Lynch with a home run.

In the National League, four games were played. The Red Legs beat the Phillies, 5-2, aided by the strong pitching of Bill Jenzen. John Stitzel was the big hitter with a home run with one on in the first inning, and a double. Jenzen also homered.

The Cards edged the Giants, 4-3. The pitcher and main hitter was Danny Clem. He hit a long home run with one on in the third inning.

The Braves won easily over the Pirates 5-1, with Russ Schnurr pitching for the win and chalking up ten strikeouts.

The Dodgers took a 4-1 beating from the Cubs, Herron and Berry were the pitchers for the Cubs.

In the Minor League, International Division, only one game was played. Tampa defeated Buffalo 13-12 in seven innings, with R. Browning as the winning pitcher.

In the only Minor League, American Association game, Denver beat Wichita 12-8. Denver's big slugger, Jim Whipple, hit a home run with two on in the third inning.

All the teams that didn't get a chance to play today will play next week when the season gets into full swing.

All Should Participate

Memorial Day will be here before we know it, and it is to be hoped that at that time it will be announced that the annual Family Participation Campaign conducted by the Grosse Pointe War Memorial Association has been a success. The goal of the drive is \$75,000 and as of now contributions have just passed the two-thirds mark. The homestretch is the difficult portion of the race and directors of the association are expressing apprehension because they report that nearly all of the usual larger donors to the drive have already been heard from.

All residents should contribute to this campaign. It is a source of annual wonderment to us that only about a quarter of the Pointe population feels moved to support this magnificent property which is a living memorial to those who served, and especially to those who died, in World War II and the Korean War. The Center was the gift of the Russell Alger family to the community. It has been largely developed and maintained ever since through the generosity of a comparatively small group of citizens. It serves, or has the potential to serve all residents of all ages. The varied program of activities, being constantly expanded, offers something for everyone from toddler to senior citizen.

As the name of the drive indicates, one of its chief purposes is to get more families interested in supporting the Center, which gets nothing from the United Foundation or taxes. It is wholly dependent upon the willingness of individuals to share in its upkeep and continued development. No gift is too small to be appreciated. We urge all who have not yet donated, to send a contribution to the Grosse Pointe War Memorial Association, 32 Lakeshore Road, Grosse Pointe, Mich. 48236. All gifts are tax deductible.

Pointe Theater Doing Classic

When Rodgers and Hammerstein wrote about "corn as high as an elephant's eye," their lyrics were imaginative and picturesque. This is descriptive of their beloved musical play "Oklahoma!" which the Grosse Pointe Theater is staging at the Fries Auditorium for nine performances beginning May 13.

Indicative of the play's popularity, all performances have been sold out for several weeks and there is a waiting list for ticket cancellations.

"Oklahoma!" is a big show. There are 56 actors, singers and dancers, a large orchestra and backstage technical crews. It is also a warm and tuneful show. Some of the best remembered numbers are: "Oh What A Beautiful Morning," "Surrey With The Fringe On Top," "People Will Say We're In Love," and the rousing "Oklahoma!"

The production is directed by Robert McKenna, and the producer is Mary Franklin. Dr. John Percin of Ballantyne road is the musical director.

Grosse Pointers in the cast include: Art Brownell of Washington road, Jim Fielding of Three Mile drive, John Diebel of Wellington place, Jack Petz of Lakepointe, and Barbara Bliss of Ridgemont.

Singers in the show are: Jacqueline Ellis of St. Clair, Rita Flaherty of Ridgemont, Pearl

Morgan of Colonial Court, Carole and Diane Peters of Hollywood, Ann Young of St. Clair, Ted Olen of Prestwick, Bob Potthoff of Somerset, and Clarke Scholes of Lakeshore.

Dancing in the chorus are: Li Miller of Mt. Vernon, Sue Yeager of Yorkshire, Art Mailoux of Vernier, Larry Marco of E. Emory Court, and Tom Stein of Kenmore.

Betty Kinney of Belanger is the stage manager. Chuck Chrisman of Anita is the technical director, and Bob Kriem of El-lair place is his assistant. Dave Hadden is the co-stage manager. Sue Yeager is in charge of costumes.

Mary Lou Beaufait of Oxford is the prop chairman. Carole Kennedy of McKinley is doing the set dressing, and co-make-up chairmen are Margaret Reed of Ridge road and Jean Schrader of South Oxford.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

Spring in The Pointe just wouldn't be "right" without the traditional Kitchen Tour, sponsored annually by the Women's Auxiliary to Cottage Hospital.

This year's tour date is May 20, when six new or re-modeled kitchens will be opened from 1 until 5 o'clock, and, as always, there will be a bake sale and tea at the Nurses' Residence in Ridge road, also from 1 until 5 o'clock.

Tour co-chairmen are Mrs. William M. Schnell and Mrs. David T. Roney. Co-chairmen of the bake sale are Mrs. Walter H. Remter and Mrs. Sherburne C. Brown.

Chairman of the Flower Show, last year's successful innovation being repeated by popular demand, is Mrs. Donald E. Bamberger. The show features arrangements suitable for hospital patients. Judges for best of class arrangement are Mrs. Elmore Frank and Mrs. Robert Palmer.

Mrs. C. Lloyd Yohe is lining up hostesses, Mrs. James B. Ogden is patroness chairman and Mrs. Beatrice Block will supervise the tea table, while Mrs. Marcel A. Salive has the most "athletic" committee assignment — placing the flags to point out the kitchens.

Preview Glimpses

And now for a brief preview of the kitchens to be shown on the tour . . .

Mrs. Keith F. Shreve's kitchen in Westchester road is small. Early American in decor, features bowls of strawberries in the window area . . . Mrs. William Riddell's Bishop road kitchen has a beamed ceiling and "every conceivable appliance for entertaining" . . .

There is a built-in barbecue pit in Mrs. Justin Giltner's aqua, white and gold kitchen in Renaud road . . .

The dinette area in Mrs. George P. Johnson, Jr.'s Willow Tree place kitchen has a pegged, oak floor, a gay, braided rug, and a hanging antique converted oil lamp fixture with hobnail globes . . .

He is the son of Mrs. Emmett Culligan, of Walnut Creek, Calif., and the late Mr. Culligan.

For her marriage, the former Miss Farnam chose an Italian silk gown, styled with an overblouse of Pointe de Venise lace. A lace bow held her shoulder length veil of silk illusion, and her flowers were white roses and lilies of the valley.

In a floor length ciel blue Italian silk frock, with a matching bow headpiece, was the bride's only attendant, maid of honor Suzanne Williams, of San Francisco. She carried a bouquet of spring flowers.

James Plutt, of Milwaukee, Wis., acted as best man, and

Pointers View French Movie

It was all enthusiasm for the Grand Prix winning film, "The Umbrellas of Cherbourg" at the preview party given Monday evening by Mrs. Harold B. Tyree, of St. Clair Avenue.

"Umbrellas," importer, Ely Landau, hit upon the happy thought of asking Mrs. Tyree, one of Detroit's real Francophiles, to invite a group of her friends to see the movie privately before it opens Wednesday at Studio 8.

Most of the guests have traveled extensively in France and that made the movie particularly attractive to them.

The guests included Mr. and Mrs. Robert L. Biggers, Mr. and

Mrs. Warren S. Booth, Mr. and Mrs. Harry W. Frost, Jr., Mrs. Richard M. McKean, Dr. Angus G. Goetz, Mr. and Mrs. Robert E. McKean and Mr. and Mrs. Douglas F. Roby, Jr.

Also in Mrs. Tyree's party were Mrs. John O. Huse, Mr. and Mrs. Frederick S. Ford, Mr. and Mrs. Philip I. Worcester, Mr. and Mrs. Willard J. Worcester, Mrs. Stephen J. Stackpole, Raymond C. Smith, Mrs. Charity Suezek and Mr. and Mrs. Herbert B. Trix.

He is the son of Mr. and Mrs. Marshall Pixley, of Trenton, Mich.

The bride chose a gown of silk organza over taffeta, trimmed with Alencon lace. Her controlled skirt featured a high-rise waistline, and her Watteau train was bordered with Alencon lace.

Her bouffant veil of silk illusion fell from a floral headpiece, and she carried white roses.

In Empire gowns of silk, men, fashioned with pale blue skirts and contrasting aqua bodices, were the attendants. In honor of Lynn Schulz, of Canfield, O., and bridesmaids Margaret Salinsky, of Youngs-

May Day At Liggett

The merriest of all May Days will be celebrated this Friday, in the Ford Gymnasium of the new Liggett School, just completed at the corner of Briarcliff and Wedgewood roads.

Alumnae, parents and friends of Liggett are returning by the hundreds, not only to view the traditional May Day ceremony, the crowning of the May Queen and presentation of her court. (1965's queen is pretty, brown-haired Mary Wood), but to take their first tour through the handsome Georgian brick building.

At the close of the program, alumnae will adjourn to the Country Club for the annual Founders' Day luncheon.

Mrs. B. Courtney Rankin, president of the Associate Alumnae, will preside over the meeting, assisted at the Speakers' Table by members of the Alumnae Board, the Mesdames Charles W. Adams, Robert J. Mauck, Edward N. Hartwick, Hazen H. Carroll, Frank Cotter, John L. Kenower, William E. Lane and Jeremy D. Webster.

Memorial Tribute

A memorial tribute to Mrs. Alma B. Cockburn will be read by one of her former pupils, Adelaide Lodge. Mrs. Cockburn, who taught mathematics at Liggett for 24 years, retiring in 1960, died March 7. A group of her friends and contemporaries, retired Liggett teachers, will be special guests at the luncheon.

Topic of the keynote address, to be delivered by Headmaster Frank Sladen, is "The Future of Liggett School."

A special welcome will be given to two Reunion Classes, the Class of 1915, celebrating its 50th Reunion, and the Class of 1940, celebrating its 25th Reunion.

Fiftieth Reunion

Nineteen members of the Class of '15 are expected to get together on this important occasion, according to Mrs. Norman Preble, who has been instrumental in contacting the out-of-towners.

Mrs. Renville Wheat is planning a Friday night dinner in her Touraine road home for members of the class and their husbands.

The group will meet again Saturday morning in the home of the Headmaster for a coffee hour and a private showing of the school by Mrs. Sladen, and then will proceed to the Provencal road home of Mrs. Charles B. Crouse for a class luncheon.

As a fitting memorial to the new school, they will leave behind a red oak tree to be planted and marked with the class plaque.

Twenty-Fifth Reunion

The Class of 1940, celebrating its 25th Reunion, will present the new school with a gift in memory of Patricia Possellus Fitzgerald.

Mrs. Robert Snow, of Hawthorne road, class secretary, who is in charge of reunion plans, will make the presentation.

Highlight of '40's reunion weekend will be the party given by Mrs. Raymond H. Berry, of Lakeview court, who is welcoming home her daughter, Mrs. Edward A. Silliere, Bronxville, N.Y.

KAREN STOKELY, of Roslyn road, had as her houseguest ELIZABETH WILBERDING, of Mt. Pleasant, during the past weekend. The girls are roommates at Ferris State College.

HOMES FOR SALE in "The Pointes"

offered by MEMBERS OF GROSSE POINTE BROKERS ASSOCIATION

GROSSE POINTE

FIRST AND LAST time offered is quite possible for these two new listings. The best bet for the bargain hunter who requires a house with three bedrooms with a bath and a half. We have priced this offering at \$23,900, which is approximately \$10,000 less than the average sale in this block of Grosse Pointe City.

ON STEPHENS ROAD between Kercheval and the Boulevard. Could be your family's ultimate home? Majestically situated on 120 feet of frontage, and looking every inch the custom built residence which it is. As an opener, we'll just mention that it has a library and a family room, and upstairs are six bedrooms and a full bath.

BY APPOINTMENT

THE ONLY STEP you'll have to take is the one to your phone, if it results in seeing, buying, and buying this story and a half house on O'Mara Court. Two bedrooms and a bath and a half on the first floor, and of course a living room and the gigantic combination kitchen and family room. An enclosed stairway leads to two more bedrooms and a bath. This house is on a dead-end street, yet just a few blocks from G.P.S., Barnes, and Star of the Sea schools.

THE MOST POPULAR

tops our request list... we're sure you will agree with us that this new house in the Shores and containing those four bedrooms with two full second floor baths... Could be the ideal solution to your shopping problem. This colonial has a center family room with a view into one of the best undeveloped acreage in the Pointes. Tremendous kitchen with built-ins and a barbeque for year round enjoyment. Promise Mom anything but give her a house.

WAY WE BE A BIT

presumptuous in asking if you like to revel in the luxury of large rooms which have been masterfully decorated; to lounge in your large bedroom or before a crackling fire? Do you insist on the privacy of a secluded terrace which is large enough to handle a cocktail party? Do you like to bury yourself within the confines of a richly paneled library? Must you have quarters for stay-in-help or just the rooms which you know are there for visiting family and brood? If you can project yourself into this picture, then let us start the ball rolling by showing you this listing today.

IF YOU PREFER the comforts

of one floor living let us show you our new listing on CLARVIEW Road. Custom built for an electrical engineer executive. Zoned sprinkler system, heated bathroom floor, radiant heat, central air conditioning. Three bedrooms, two and one half baths, library, family room.

JUST A SHORT block out of

the Pointe on Outer Drive, sit this three-bedroom house with a large tile bath with tub and stall shower. There is a first floor laundry, eating space in the kitchen, and separate dining room. The home is all brick and has a fenced yard and two-car garage.

who, where and whatnot

by u'boozit

We agree with the hairdressers . . . wigs and wiglets ARE a boon to today's busy women, but we're still chuckling over the plight of a friend of ours, a young lady who lives in The Pointe, and who takes a bus to work in downtown Detroit every weekday . . . Seems Miss X arose one morning, having gotten to bed a bit later than usual the night before, dressed and arranged her coiffure, pinning a chignon wiglet on top of her own sleek locks, boarded her bus and promptly dozed off. When she awoke, the bus was halfway down Woodward avenue—and Miss X, whose head, resting on the back of her seat, had been joggled a bit during the trip along Jefferson, was wearing her chignon as an earmuff!

A young Grosse Pointe Woods matron . . . inexperienced in the ways of puppies, brought home a six weeks' old pet recently. Her mother visited her the next day, and from what she saw was inspired to prepare some "dog-gone good advice" verses for her daughter. We offer the following excerpts, and advise every woman contemplating a puppy addition to her household to read these words of wisdom carefully:

When you bring home that pup, so dear to your heart,
Be sure you are ready for changes to start
In your orderly household — now neat and trim,
But which changes in seconds when you get her or him.
With a few sheets of cardboard you stake out a space,
You think is just right for its "own little place."
No so, my dear people, it won't hold puppy long,
You will soon find your baby is indeed very strong.
So give it the kitchen — put a gate at the door,
A box in a corner — newsprint on the floor . . .
Cancel appointments — don't plan any sleep,
Don't try to cook meals — there's a dog on your feet.
It will chew on your shoes — take a nip at your shin,
And though it is small, it will always win.
With a cock of its head and a soulful stare,
You're its slave evermore — you're caught in its lair.
Oh nonsense, you say—it's master am I,
But it doesn't work out, how much you might try . . .

Did you know that . . . the 22 girls who will be honored at the traditional Laurel Ball June 5, following their graduation from the Academy of the Sacred Heart in Lakeshore road, automatically become members of a world-wide alumnae group? And did you know that like their fellow alumnae, graduates of the 197 Academies and Colleges of the Sacred Heart scattered around the globe, they may, upon request, receive an international "passport," identifying them as graduates of the Lakeshore Academy. The girls use the passports when they travel, presenting them at "Houses" of the Sacred Heart in Europe, Australia, Japan, South America . . . and they are always welcomed at the Houses, as members of the international alumnae family.

We are pleased to report . . . that Mrs. R. H. Some years ago the doctor who edited a health column for a New York newspaper died, but the column went on and on. One day there appeared, among the usual polite requests for medical advice, a letter from a very indignant female.

"I happen to know that the doctor passed away some time ago," she wrote, "yet you continue to receive and answer questions addressed to him. I want to know just how can you do this?"

Pointers of Interest

Vernus Weot (left) and Ted Vernier, of Grosse Pointe City

By Janet Mueller

The City of Grosse Pointe loses two of its most valued, long term employees this spring. Vern Weot and Ted Vernier are retiring, the former leaving his job as head of the City's Department of Parks and Recreation, the latter resigning his post as the City's Superintendent of Public Works.

Mr. Weot's official retirement date was April 1 and Mr. Vernier's was May 1, but both men had accumulated unused leave time during their years of service with the City, so both retired "unofficially" several weeks before their formal severance dates.

Neither man plans to really leave the City, however. Mr. Weot will continue to make his home in St. Clair avenue and Mr. Vernier will continue to reside in Rivard boulevard; and both, although they are "happy retirees," prepared to take full advantage of their new leisure, will probably continue to be interested in the way the City's streets and park are maintained.

Famous Squirrel Back

Vernus Weot, for example, has already been down to the waterfront park, where he noted the return of the City's famous bob-tailed squirrel, a steady spring-summer-fall user of the park's facilities for about 10 years.

The City's waterfront park, formally known as the Norbert C. Neff Memorial Park, has changed a great deal since Vernus Weot first came to work for the municipality.

Born in Tiffin, O., he was a railroad man during World War I, a fireman for the New York Central's Cleveland Division.

He started working for the City, then known as "The Village," at the beginning of one of the most severe winters of this century. The winter began with a gigantic snow storm in November, 1929.

Vern Weot recalls the tunnels that were dug through the snow drifts in Cadieux road, (and we thought this winter was bad!).

In summers, City residents relaxed at their park, swimming in the lake and sunning themselves on the natural lakefront beach. Only one man was needed to maintain the park facilities, to take care of the clothes' rooms and oversee the grounds.

Earns Promotion

Mr. Weot soon was promoted to City Highway Superintendent. He stayed with the City through the Depression, and the era of the "letters" (NRA, TVA, etc.).

One project, organized, approved and carried out during his first years with the City, of which he became very proud, was removal of the troublesome or soot wood paving blocks from Jefferson avenue.

"That winter (the winter after the wood blocks were removed)," Mr. Weot recalls, "many a family kept warm by using these blocks as fuel in their homes."

Mr. Weot went into a war plant to work shortly after Pearl Harbor, returning to the City of Grosse Pointe during the construction of a new pier and other facilities at the lakefront park.

The last major park improvement carried out during his tenure with the City was installation of the new swimming and wading pools, currently being readied for another summer's use.

Vernus Weot always enjoyed working for the City. "I want to thank my many friends, the citizens of Grosse Pointe, the people I've worked with and for, my fellow City employees, for making my work here a pleasure," he says.

Those Wonderful Children
"I will never forget my wonderful association with the citizens of Grosse Pointe City — and most of all, I will never forget the wonderful children." Shortly after he arrived in The Pointe following World War I, Mr. Weot married a local girl, the late Blanche C. Reaume.

Their seven children, four

girls and three boys, were all educated in Pointe schools. They are all now married, with large families of their own, and most are still residing locally.

Vern Weot is a Pointer by choice, a man who came here, married here, liked it here and stayed.

Ted Vernier is a Pointer by birth, member of one of the oldest and largest families in the area.

There are Verniers scattered up and down the lower Eastern Michigan coast, from Detroit to Port Huron. Ted was born here; his parents lived between Eight and Nine Mile road, Jefferson and Mack avenue, in what is now the lower tip of Macomb county.

Started Job in 1940

He came to work for the City in 1940, as a night watchman at the waterfront park, stayed to become head of the Department of Public Works.

The DPW Department is responsible for keeping the community clean and tidy; its duties include rubbish pick-up and snow removal. The City's present DPW force includes some 16 men, (unsung heroes, but just imagine what would happen if there were no DPW Department!).

After 25 years with the City, Mr. Vernier can honestly say, "It seems good to rest up a little bit."

Like Vern Weot, he enjoyed working for the City. He encountered no major problems on the job, can recall no particularly amusing or horrifying incidents. He simply did his work well, took care of situations as they arose, kept the streets clear and the City moving.

Hardest in Winter

"Winter is the hardest season," he maintains. Snow and ice conditions are always difficult to cope with, but "the people cooperate pretty well." In addition to cleaning the streets for vehicular traffic, the City plows ice and snow off the sidewalks.

About the only outside jobs the DPW Department is not responsible for are park maintenance, (the parks do their own cleaning) and elm spraying, (contracted out to a private firm).

Mr. Vernier was still on the job when the Blizzard of '65 struck, remained working during a part of the clean-up operations.

"This was one of the hardest winters I can remember," he says. "It makes me glad I'm retiring now!"

Ted and Evelyn Vernier do not plan to leave their Rivard boulevard home. Their four children are all married. Three of the young Verniers and their families make their homes in the immediate area; the fourth is living in California.

"I have no definite plans," Mr. Vernier says. "I'll just take it easy for a while."

He's sure of one thing, however: "I'll stay in Grosse Pointe City. I like the community."

Getting Homework Done
So far, Mr. Vernier reports, his wife likes his retirement as much as he does, is pleased with his tendency to "tinker around in my spare time." (a lot of things are getting fixed up at the Vernier house).

Vern Weot and Ted Vernier have known each other a long time. They form a sort of mutual admiration society, say very little about each other personally when they are together, but get one of them alone! "Ted's a good man," Vern maintains. "I've worked with him; he's a good man." And Ted says the same thing
