Memorial Center Asks for Support Of All Residents

Remarkable Program of Activities Deserves Financial
Aid; Annual Drive For \$75,000 Still
\$12,000 From Goal

The Grosse Pointe War Memorial Center is open to the Grosse Pointe public and their guests six days and six nights a week. It is also open on Sundays for church service, Sunday afternoons to the general public, and Sunday evenings according to schedule. Its doors are open for service to the community 100 hours a week.

Few facilities attempt such

a varied schedule of activities. As this article goes to press the day's work sheet for Tuesday, May 11 includes a meeting of the Service Guild for Children's Hospital, a meeting of the Junior League of Detroit, a conversational French class, a Senior Men's group, a basic drawing and painting class, an Exchange Club meeting and dinner, a Kiwanis dinner meeting, the Friends of the Grosse Pointe Public Library banquet, a Grosse Pointe Theatre rehearsal, a chess club match, an Optimist meeting, a water color class, the Toastmasters meeting, yoga instruction, an investment club gathering, a parents advisory group, and an evening painting class.

One room may start the day housing an antique show, be switched for a church dinner, and end up as a night club setting for a youth dance.

14 Persons on Staff

The 14-person War Memorial staff augmented by casual help when necessary does a remarkable job feeding groups often of four to 500 and staging lectures, concerts, discussions, films, dances, plays, etc. Key supervisory personnel endeavor to schedule their time to cover the two and one-half shift schedule in the best manner possible. The Center at the same time attempts to keep its grounds and gardens as a show place and the buildings as a fitting War Memorial, museum collection, and art gallery.

Some 150,000 people now annually use the Center where

Retiring

CHARLES E. SALTZER, Principal of Brownell Junior High School since it opened in 1958 will retire from the Grosse Pointe Public School System at the close of the current school year. Mr. Saltzer, who began his career in the public schools here in 1934, has held a variety of assignments in the system.

He served as teacher of mathematics at Grosse Pointe High School. He became Principal in 1939 and Acting Principal in 1957.

Prior to joining the staff of The Grosse Pointe Public School System, he was on the staff of Grosse Pointe Country Day School, and also in Decker-ville, Mich.

Mrs. Saltzer, a native of Birmingham, Mich., holds degrees from Eastern Michigan University and the University of Michigan, and has done additional graduate work at Wayne State University.

The Saltzers, residents of Robert John road in Grosse Pointe Woods, look forward to retirement as an opportunity to travel, to spend more time on hobbies, and to spend the winter in a more agreeable climate. Mr. and Mrs. Saltzer are the parents of one daughter, Mrs. Richard D. Barshaw.

Mr. Saltzer's service to the local schools was interrupted by two years of Naval Service in the Pacific Theater of Operations.

Of Mr. Saltzer's departure from the local school scene, Dr. Charles H. Wilson, Superintendent of Schools, has said, "We have been most fortunate to have had the services of Charles Saltzer for over three decades. He has been as dedicated a servant of public education as any man I have known."

Tax Rate to Remain Same;
Annual Donation to Bon
Secours Hospital
Restored

The Park council, at a public hearing held on Monday, May 10, approved the city's fiscal 1965-66 budget, following tactless and tactful comments from people in the audience.

The budget approved amounts to \$1,393,163, which is \$21,647 more than the 1964-65 fiscal budget. The tax rate, which is currently set at \$15.50 per \$1,000 assessed local valuation, is still the same as previous years.

It was pointed out by Councilman John Dooley, that the new budget not only includes a six percent increase in pay for all full time city employees, but it also includes restoration of a \$700 annual donation to Bon Secours Hospital.

To Help Defray Costs
The donation was discontinued by order of the council approximately four years ago. It was reestablished, it was said, because a number of emergency accident and sick cases from the Park, and taken care of at the hospital, are of people unable to pay for treatment. The donation will help defray those costs borne by the hospital.

Mayor Matthew Patterson, before asking the council to vote on the budget passage, invited comments from the audience. The council chambers were virtually empty.

Barry M. Quinn of 1245 Maryland, who was defeated in his bid for a seat on the council last month, respectfully asked the council to seriously consider the fact that more than 40 percent of the citizens who voted in April, favored cutting the firemen's work week from 63 hours a week to 56 hours a week.

Study Authorized
He was informed by the mayor, that although the issue was defeated by a majority of the voters, the council has authorized a study of a shorter work week for the firemen, and also a study on a better retirement and pension plan.

Most tactful was Szabolcs Mesterhazy of 1066 Weyburn, who announced himself as a Park Republican precinct delegate, and who demanded in the light of the more than 40 percent of the votes favoring the work week cut, that the council act on the matter. He persisted in his demands in spite of the fact he was informed the matter was presently under study.

Mesterhazy, although admitting to the council that he was not a city taxpayer, insisted that the council include in the new budget an additional \$13,200 for the hiring of two more firemen, which he said could be appropriated from the \$50,000, which was going to be used for the development of the civic center across from the Municipal Building.

Motion Plea Unheeded
The mayor asked for a motion regarding this matter, but it died for lack of a motion.

Earlier, in the discussion of the budget, the council agreed to discontinue any plans for the civic center, including architectural plans and specifications, at least for this year.

Police Warn Skateboarders

Skateboards are a lot of fun to children, but are considered a big nuisance by the Pointe Police Departments, it was disclosed on Thursday, May 6.

Police have been receiving complaints from motorists and pedestrians, of children riding the skateboards in driveways, high areas in streets and wherever, or whenever, they find a good spot to use the gadgets. Several motorists have called police to report narrowly missing skateboarders, who suddenly shoot out into the streets from driveways, and from pedestrians, who complain of almost being run down by the youngsters on the boards.

Not only is the new fad hazardous, to both motorists and pedestrians, but also to the children using the skateboards,

Break Comes When 13-
Year-Old Tries to Register
Stolen Bicycle with
Detroit Police

A 13-year-old Detroit boy was arrested by Detroit police when he attempted to register a bicycle stolen in the Park last December 29, according to information received from Park Police Chief Arthur Louwers on Monday, May 10.

The chief said that the boy was held by Detroit authorities, and released to his department. Park officers went to the boy's home after they finished questioning him.

At the boy's home, the officers recovered several complete bicycles, and a number of disassembled bikes, and cleared five Park complaints attributed to the boy.

The youngest implicated two other juveniles, one 15 years old, and the other 14 years old, as his companions in crime. The boys were arrested by Park police, Chief Louwers said.

The chief said that the three teenagers have been charged and filed against in Juvenile Court.

Daily Complaints

"We have been receiving complaints of stolen bicycles, averaging one or two almost daily," Chief Louwers said, and we have been fortunate enough to recover some of the stolen bikes. It is unfortunate that some of the bikes are stripped

Statewide Safe Driving Campaign Kickoff Revealed By Auto Club of Michigan

Most Far Reaching Safety Education Program in
State's History Is Designed to 'Bring 'Em Back Alive'

Michigan motorists will be the object of a program of "positive action to encourage more and safer motorist" in the remainder of 1965, through a \$100,000 statewide safe driving campaign announced Wednesday, May 12, by the Automobile Club of Michigan manager Fred Rehm.

Almost 500 Michigan leaders and city government, police, tourists and businessmen at meetings in Detroit (Wednesday, May 12) in Kalamazoo (Thursday, May 13) and in Bay City (Friday, May 14) heard Auto Club officials solicit support for the program from all groups and all drivers.

"Using the theme, 'Bring 'Em Back Alive', we have designed what we are sure will be the

most far reaching safety education program in Michigan's history," Rehm said.

Rehm noted that accidents are still rising and pointed out that Michigan will, for the first time in many years, have four long holiday week-ends this year, Memorial Day, Fourth of July and Labor Day. These will last from Friday through Monday for most Michiganders and Christmas falls on a Saturday.

"Michigan's Golden Year of Motoring—that's what 1965 will be called if accidents can be cut," Rehm said, "for not only have we more miles of completed freeways (766) than any other state, the auto industry is experiencing its greatest year in history."

Blood Drive Set For Tomorrow

The American Red Cross Bloodmobile will be set up at the First English Lutheran Church, 800 Vernier road, on Friday, May 14, between the hours of 2 p.m. to 8 p.m.

This special bloodmobile is open to the community, and donors are encouraged to give to whichever account they so choose. Individuals may want to open a self account, while others would rather participate in a group account of their choice or donate to replace blood used by a friend or relative.

Robert Hutton Appointed To GP Park City Council

Robert J. Hutton of 1033 Devonshire road, was sworn in as a Park councilman on Monday, May 10, to fill a vacancy created by the election of Matthew Patterson to the office of Mayor in his own right at the April general election. City Clerk Charles Hesse administered the oath of office to the new councilman.

Patterson's council seat was defeated vacant following the death of William Kessler at the polls last month. Kessler, who was appointed to fill Patterson's unexpired term last July, had sought a four-year term in his own right.

Under the Park City Charter, if Patterson had been defeated for his bid to the office of mayor, he could have returned to his seat on the council, and served the remainder of his

Men Gardeners To Stage Sale

The Men's Garden Club of Grosse Pointe will hold its eighth annual flower sale on Saturday, May 15, on the lot adjoining Nelson C. Frohnd's Garden Supply Shop at 1915 Mack avenue, commencing at 8 a.m.

For the fifth consecutive year six varieties of geraniums will be sold, all having proved immensely popular in past years. They are Irene (regular red); Pink Genie (apple-blossom pink); Mme. Landry (dark salmon); Springtime (light salmon); Enchantress (dainty pink); and Bartel Pink (slight reddish pink).

Prices of the plants are 75c each, 5 for \$3.50 or a flat of 14 for \$9.

Prior reservation orders may be placed with the Flower Sale Committee Chairman, J. Arthur Shimmitt at TU 5-8877.

Proceeds from these sales are used for projects which help keep the community beautiful.

BATTERY STOLEN

Frank Adam of 130 Kercheval avenue, informed Farms police on Saturday, May 8, that a battery was stolen from a 1965 Mercury parked in the lot adjacent to his car salesroom building, at the Kercheval address. Nothing else appeared to be missing, he said.

Knife Toting Law Praised By Policemen

Police Chiefs May Ask
Local Council to Adopt
Ordinance Approved
By Detroit

In the light of the new ordinance enacted by Detroit, and which went into effect on Wednesday, May 5, making it illegal for anyone under the age of 21 to carry knives, it was disclosed by the Pointe police chiefs, that no such laws exist on the local level in their communities.

Enforcement against illegal knife carrying, and prosecution, is carried out under a Michigan State Law governing the carrying of concealed weapons, it was pointed out.

However, the chiefs revealed, it has been known for some time that Detroit authorities had sought such a law, because of the mounting number of stabbings by knife-carrying teenagers.

Had Information

The chiefs said that the Wayne County Association of Chiefs of Police, of which the Pointe department heads are members, knew that the Detroit law would be passed by the Detroit city council, and have asked Detroit for a copy of the ordinance, for study.

At present, Detroit is the only community in the county having a law controlling the carrying of any kind of knife by any person under 21 years of age.

At a recent meeting of the police chiefs of the county, it was said, the chiefs stated that if the Detroit law proves effective, they may approach their respective city councils and request the enactment of an ordinance similar to that of their big sister city.

The five Pointe chiefs stated that knives of various lengths have been confiscated from arrested minors, some of the weapons with wicked looking blades, but none of the knives have been used in fights or stabbings in the Pointe.

State Law Exists

Under the present setup, the chiefs said, minors and adults, arrested and charged with carrying knives, or other deadly weapons, are prosecuted under a State Law. The law reads:

Carrying firearms or dangerous weapons with unlawful intent; Any person, who, with intent to use same unlawfully against the person of another, goes armed with pistol, or other firearm, or dagger, dirk, razor, stiletto, or knife having a blade

To Fete Visiting Mayors During 'Michigan Week'

Throughout the state, the 11th annual "Michigan Week" observance will be celebrated beginning Sunday, May 16. The following day, city officials of the Grosse Pointe Communities will host visiting outstate mayors and officials from neighboring Michigan communities at a luncheon at Stouffers' Eastland restaurant.

In addition to the luncheon, a day of activities has been planned for the guests, including a boat ride down Lake St. Clair, to acquaint the visitors with community facilities and various points of interest.

Committee members for the day's activities are the city managers of the participating Grosse Pointe municipalities: John W. Cantwell, City of Grosse Pointe; Robert Stone, Grosse Pointe Park; Andrew

Bremer, Jr., Grosse Pointe Farms; Chester Petersen, Grosse Pointe Woods; and Thomas Jeffers of Grosse Pointe Shores. Forrest Geary, director of Community Services of the Grosse Pointe Public School System, is again serving as co-ordinator for the local planning committee.

Guests of Grosse Pointe Farms will be Mayor and Mrs. Carl Rauch and City Attorney and Mrs. Nichols Hile of Cheboygan; in turn, Mayor and Mrs. William F. Connolly, Jr. and Councilman William Kirby of the Farms will be entertained in Cheboygan.

Grosse Pointe Shores will host Mayor and Mrs. Bernie Magiera, Commissioner and Mrs. Russell Noble, and Chief of Police and Mrs. George Kaufman.

Council Approves Budget in Park

(Continued from Page 1)
This program would have cost the city \$50,000.

Mesterhazy also demanded that since policemen and firemen, through the rank of captain, will be given wage adjustments of up to \$200 a year,

that the police chief and fire chief be given adjustments of \$200 a year.

Both Chiefs Object

This statement brought an irate protest from Police Chief Arthur Louwers, who was president, who respectfully asked the

mayor and members of the council to disregard Mesterhazy's remarks. He said that Mesterhazy was commenting without his knowledge, and he (Louwers) protests the man's injection of his name into the issue.

Fire Chief William Graul, also present, told the council that Chief Louwers' protest also applied to himself. He, too, expressed resentment that his name was injected into the issue.

Mayor Patterson informed both chiefs that he understood, and the matter was dropped as far as he and the council was concerned.

Another demand that Mesterhazy made, was that the council authorize the printing of more copies of the annual budget, for citizens interested in reading them. He brushed aside the fact that the Park City Charter calls for printing of eight copies, one for each member of the council, and one to be posted.

Also Receive Praise
William Hunt, president of the Park Fire Fighters Association, sitting in the audience, and granted permission to speak, told the mayor and council, that they are to be commended for their action in authorizing a study of a shorter work week and for a better retirement and pension plan.

He expressed his thanks, and the thanks of the members of the Association, to the council, who, although the shorter work week was defeated at the polls last month, still went ahead and authorized the study.

Hunt said that although the firemen did not get what they asked for, and if the council decided not to cut the work week, the issue will be revived at the polls again next year.

He thanked the council for approving the new budget which gives the firemen, as well as the policemen, an increase in pay and more fringe benefits.

Mayor Patterson expressed the thanks of the council for Hunt's remarks, after which the council approved passage of the budget.

police said. Several children have been injured riding the boards, including two youngsters who suffered broken bones in falls from the gadgets.

Parents should insist that their children stop using drive-ways, hilly sidewalks and streets because of the danger involved, police said.

Farms police said that children have gone to the extreme of painting out the "No" of the "No Skating" sign at the War Memorial Center, and have been, and are using their skateboards on the Center property, in spite of the fact that they have been repeatedly warned against this practice.

The Farms "police blotter" has recorded in it, numerous complaints of children using sidewalks, streets, and drive-ways on private properties, for their new found pastime. The children have ignored demands of the property owners to cease using the skateboards on the driveways, Farms police said.

Police Chief James Furton said that he has instructed his officers to confiscate any skateboard from a youngster seen using them on streets and sidewalks, or on private property, if the children have no right to be there.

The chief said the skateboards are held at the station, and parents of the offending children must come to the station to claim the boards, and are then informed of the dangers involved, not only to the children, but to others as well.

"Skateboarding is a lot of fun," Chief Furton said, "but it should be done in a proper atmosphere, and under supervision, otherwise, someone might be seriously hurt, or killed, and that is something we do not want to happen."

Closing Season At Theatre Arts

The Theatre Arts Club of Detroit will close its season with a fun-packed evening of entertainment in honor of the men on Friday night, May 21, at the Players Playhouse.

Mrs. Murray Young, the director, will present 33 talented members in a revue of songs, dances and skits.

Featured in Vignettes are honorary members Mrs. G. Ogden Ellis and Mrs. William O. Merrill, and former presidents Mrs. Richard A. Forsyth, Mrs. William H. Hoey and Mrs. Russell McLaughlin.

The hostesses for the Supper following the performance are Mrs. Leslie W. Joy, chairman, Mrs. John Cooley, Mrs. John W. Kinsey and Mrs. Bernard Whitely.

of extra and valuable equipment before being recovered.

"This is the time of year, spring and summer, when most of the complaints of stolen bicycles are reported to police. The weather is warm, and children are out of doors, using their two-wheelers.

"The youngsters owning these bicycles, more often than not, become careless, leaving their bikes on the lawn in front of their homes, or at the waterfront park, where a number of

bikes are reported stolen each year. The bikes are without the proper safeguards, and are open invitations to bike thieves," Chief Louwers said.

Asks Parents' Help

He urges all parents to encourage their children to use a wheel lock, or a chain device, to discourage bicycle stealing. When a child is through using his, or her, bicycle, the bicycle should either be taken into the house, placed in a garage, or placed in a remote corner of the back yard, with a wheel, or

chain lock, the chief said.

The cost of a wheel lock, or chain, is nominal, he said, and using them will not only prevent the theft of a bike, but it will also make the policeman's job a lot easier.

If a bicycle is stolen, Chief Louwers said, there is no guarantee that it will be recovered, and if it is not recovered, then the money invested is also gone.

The cooperation of all parents in the matter is urgently requested, Chief Louwers said.

The emergence of the present day Imperial was a natural development. It signaled a desire for the custom-grade look and feel that was once associated only with costly, hand-made imports. The success of this shoe has brought home the truth that more men than are given credit are aware of the economy of quality. Woman Jailed In Drug Case

A 29-year-old Southgate woman, accused in a Woods warrant last January 6, with fraudulently obtaining narcotics, was sentenced to the Detroit House of Correction for from one to four years, after pleading guilty to a similar charge made against her by Detroit authorities.

Woods police disclosed on Thursday, May 6, that they had received information from Detroit police, that Barbara Jean Kehoe, also known as Barbara Jean Wilton, of 13815 Spruce, pled guilty to the Detroit charge, at a trial held in Detroit's Recorder's Court on April 27, and was sentenced to DelCoCo.

The Detroit Police Narcotics Bureau, the Woods department was informed, had dropped a second case against the woman, due to the conviction.

Woods Sgt. Jack Mast, who worked on the Woods case, while on a plainclothes detail with the Detective Bureau, said that also due to the fact that the woman had been sentenced in Detroit, the Woods warrant against her has been dropped.

Mrs. Wilton was arrested last January 6, on complaint of a Woods druggist, who told police that he had filled a legitimate prescription for the woman for 40 Dilaudid tablets, a highly sensitive and habit-forming drug.

The druggist, name and business place withheld, told Mast, at the time, that a short time after he filled the prescription, Mrs. Wilton returned and demanded that the tablets be exchanged, claiming they were not strong enough. The druggist said he gave the woman another order, which she claimed was for her brother.

Several days later, Mrs. Wilton presented the druggist with another legitimate prescription, this time, for 30 of the drug tablets. Shortly after, the woman called the druggist and insisted that the tablets were not helping her brother, and she wanted them exchanged.

The druggist called police, and Sgt. Mast took 20 of the returned tablets and placed them in a bottle and sealed and marked it.

The tablets were taken to the Detroit Police Scientific Laboratory for analysis. It was found that four of the tablets were Dilaudid, and 16 were non-narcotic.

On recommendation of Assistant Wayne County Prosecutor Dale Devlin, a warrant was issued and the woman arrested. She was held before Woods Judge Don Goodrow on January 13, and released on \$500 bond.

Police Recover Stolen Car

While on routine patrol at 1:07 a.m. on Sunday, May 2, two Park police officers recovered a car that had been reported stolen in Detroit.

Police Chief Arthur Louwers disclosed that Patrolmen Gary Mitchell and Richard Warren, while cruising on Pemberton, noticed a car parked in front of number 588. They checked their stolen cars sheet, and the license number of the vehicle tallied with one belonging to a car reported stolen from Detroit on May 1.

The stolen car was released to Detroit police to be returned to the legal owner.

Safecrackers Frightened Before Completing Job

Expert safecrackers, who broke into the Riverview Dodge, Inc., 15205 East Jefferson, were apparently frightened away by Park police cars, before anything could be taken from an office safe.

Park Police Chief Arthur Louwers said that the safe robbers did not completely get into the safe. The break-in of the building occurred at approximately 3 a.m. on Monday, May 10. Entry was gained by breaking a 6x6-inch window of a rear garage door, and flipping the latch.

The chief said that the safe had been peeled and pried, and was apparently done by expert safecrackers, and was nearly entered when the robbers appeared to have been frightened away.

He said a cruising police car crew had discovered a broken window in a neighboring building and were investigating. Other police cars were dispatched to the area, in the event that the broken window might have been caused by burglars, who could have been in the building.

The chief said that it is possible that the knowledge of the scout cars in the area frightened the safe robbers away, before they could complete their crime.

A short time later, Chief Louwers said, Detroit police informed other police agencies of the breaking and entering of the Union Vending company, Jefferson and Hart, in which safecrackers peeled a company safe and stole \$8,000 in currency.

The robbers, who broke into the firm through the roof, left approximately \$10,000 worth of sacked coins on the roof, but escaped with the currency.

It is possible that these safecrackers are the same who broke into the Park business place, the chief said.

FLY THIS FLAG SET ON YOUR HOME . . . OFFERED AT COST AT OUR MACK-WARREN OFFICE, AS A PUBLIC SERVICE

THE FLAG SHOULD FLY ON THESE NATIONAL HOLIDAYS

January 1st—New Year's Day	June 14th—Flag Day
February 12th—Lincoln's Birthday	July 4th—Independence Day
February 22nd—Washington's Birthday	August 14th—V-J Day
April 13th—Jefferson Day	September, 1st Monday—Labor Day
May 1st—Law Day USA	November, 4th Thursday—Thanksgiving Day
May 1st—Loyalty Day	November 11th—Veteran's Day
May 3rd, Saturday—Armed Forces Day	December 7th—Pearl Harbor Day
May 30th—Memorial Day	December 25th—Christmas Day

We believe every home in town should fly the flag on national holidays. We also believe more homes would fly the flag if more people knew where to get one. Failure to fly the flag, it has been found, is not due to any lack of patriotism on the part of Americans who love Old Glory as much today as Americans did when the Spirit of '76 was first born. Because of this we make this flag set available as a public service at our cost. The set is top quality through and through. It meets every standard the government sets for a flag of this type. In addition, the stripes are double stitched, a hallmark of flag quality usually found only at higher prices. We include with the big 3 x 5-foot flag . . . all the equipment necessary for rigging according to the rules of flag etiquette. These flags are available to all . . . with no other requirement than that you pay our basic cost . . . and fly one on your home on holidays. Fly the flag on important national holidays to come . . . and especially on the Birthday of American Independence, July 4th. The stars and stripes on your home show the world that the Spirit of '76 is as warm in American hearts today as it was at its birth on the first 4th of July . . . nearly 200 years gone by.

THIS FLAG SET IS OFFERED AT COST AS A NOT-FOR-PROFIT SERVICE OF

Exhibit of Art Honors Pioneers

Outstanding paintings from Monsignor Edward J. Hickey's famous Art Guild-St. Mary's are spotlighted this month in a spring exhibit honoring the early settlers of Grosse Pointe.

"Art for the Home" is the title of the exhibit at Michigan Consolidated Gas Company's Hospitality Center, 18906 Kercheval, Grosse Pointe. The show is open to the public from 9 a.m. to noon daily, and all day Saturdays, through May 31.

Authenticated works from master painters are featured, as well as many beautifully executed small paintings for the home, all taken from Msgr. Hickey's main downtown gallery at 2101 Woodward. Among the more notable are: a signed "Landscape at Ville d'Avray" by Camille-Jean-Baptiste Corot, which formerly hung in the Denver Art Museum; a "Study of a Man's Head" signed in monogram G. C. and attributed to Gustave Courbet; a dynamic "Portrait of Captain J. Darrell" attributed to the American artist Mather Brown; a night view of "Heathside Meadows" by England's famous John Constable; and a rare "Wooded Landscape" from the hand of John (Old) Crome of England.

The Grosse Pointe exhibition, second in a series honoring pioneers and leaders of Metropolitan Detroit, is dedicated to early French settlers of Grosse Pointe—the Kerchevals, Cadieuxs, Morans, Moross, Tromblys, Verniers, St. Clairs.

Art lover, scholar and pastor of St. Mary of Redford Church, the 71-year-old Monsignor has, over the past 50 years, spiraled his hobby into the largest collection of its kind in the world, with over 2,500 paintings and sculptures and two church-run art galleries (the downtown gallery in the Palms Theater Building, and another at 19011 Livernois).

He purchased the collection with an inheritance from his parents (themselves former Grosse Pointers), and operates the art galleries as a non-profit cultural venture, with fine Old World paintings for the modest homeowner as well as the connoisseur.

Commenting on the exhibit, Msgr. Hickey said:

"I think it only right that we pay homage to some of the families who have helped build Grosse Pointe. They were men and women of character, integrity and intelligence—quick to perceive what a new country needed, inventive and strong in carrying out their purposes. For the most part, they were men of God—and so it seems fitting to honor them in this way—since beauty, too, is an attribute of God.

"The fine art of the Old World was art with meaning and truth—the kind of art they would appreciate and value. Because this kind of art is a timeless thing, with the same true meaning for our people today and the children yet to come that it had for generations before us, it seems worthwhile to present it to others for their appreciation and enjoyment."

LCC Accuses GP Park Bar

The owner of the Rustic Cabins, 15209 Kercheval, will be cited by the Liquor Control Commission for having gambling paraphernalia on the bar's premises, it was disclosed by Park Police Chief Arthur Louwers.

The chief said that his department was notified by the Commission that one of its agents entered the bar on Sunday, April 25, at 1 p.m., and discovered the paraphernalia.

The LCC did not elaborate on its charge against the bar, the chief said, but had notified his department as a matter of routine, as is done in all cases of this nature, that the bar owner was to be cited for the offense.

A date for the hearing on the charge was not disclosed.

Education Association Holds Banquet

Photographed at the annual banquet of the Grosse Pointe Education Association on May 5 at the Grosse Pointe Hunt Club are the organization's officers for the 1965-1966 year. They are (left to right) HOWARD LAWRENCE, past president; WILLIAM SASNOWSKY, president; MISS VIRGINIA DOWNS, president-elect; MISS KAY MULLANEY, secretary; JOHN SCHWAN, treasurer; and DONALD KEITH of the banquet committee. Featured speaker at the event was Hugh W. Brenneman, Executive Secretary of the Michigan Association of Professors.

Teachers Hold Annual Banquet

Hugh W. Brenneman, executive secretary of the Michigan Association of Professors, was the main speaker at the annual banquet of the Grosse Pointe Education Association, held May 5 at the Grosse Pointe Hunt Club.

In his address to the assemblage of 150 local educators and guests, Mr. Brenneman said, "A profession gets its

strength from its unique ability to serve; a union gets its strength from its ability to strike."

He said that all other segments of society have organized horizontally, into structures which represent their entire group. As examples, he cited the National Association of Manufacturers, the Chamber of Commerce, the AFL-CIO.

"Yet professionals have traditionally retained their own separate organizations. The Michigan Association of the Professors is attempting to overcome this by bringing the professional groups together in their common interests," Mr. Brenneman said. "Teachers can become the most important segment of a society if they maintain themselves as professionals and emphasize service," he added.

The invocation was led by Reverend Paul F. Keppler, of the First English Evangelical Lutheran Church.

A musical interlude was provided by Mrs. Lois Lawrence, violinist, and Mrs. Marjorie Connell, accompanist.

Officers of the Grosse Pointe Education Association for the 1965-1966 year were introduced. They are Howard Lawrence, past president; William P. Sosnowsky, president; Miss Virginia Downs, president-elect; Miss Kay Mullaney, secretary; and John Schwan, treasurer.

The banquet committee, headed by William Sosnowsky, numbered five. Miss Rita Flaherty and Mrs. Inez Mullaney were in charge of invitations and publicity. Mrs. Caryl Kerber was responsible for decorations and hospitality, while Donald Keith and David Ehler were in charge of tickets.

Special guests included Kenneth McLeod, Mayor of Grosse Pointe Woods; Arthur G. Sherman, Jr., past president of the Grosse Pointe PTA Council; Arthur Lusty, past president of Region II of the Michigan Education Association; and Dr. Charles H. Wilson, Superintendent of Schools.

Brownell Pupils To Give Concert

Promptly at 8 o'clock tomorrow evening in Brownell Junior High School's auditorium gym, Dewey D. Kalember, instrumental music teacher, will raise his baton, signaling the start of the school's seventh annual spring concert.

The sixty-five-member seventh grade band will present several numbers to show off the skills they have developed during their first year in an organized instrumental group. Among these will be Beethoven's "Larghetto," "Cathedral Chimes," and a group of popular Gay Nineties favorites.

Following this, the 75 piece Concert Band, (consisting of eighth and ninth grade students), will perform several new marches, as well as the March from Mahler's Second Symphony. Also included will be "Concertino for Percussion and Woodwinds" by J. Morissey, and Erickson's "Cameo."

A feature of the evening's concert will be that popular cornet trio, "Bugler's Holiday," played with a professional

polish by David Fernstrum, William Laitner and Steven

Kushman. "I consider this a varied and challenging program for junior high musicians," Mr. Kalember stated. Visitors are welcome.

**To Honor Father Galloway
At Event at Austin High**

Austin School parents, friends, and students will honor Father Galloway at a luncheon at Austin High School on May 22. The celebration of the Silver Jubilee of Father Galloway's ordination to the priesthood will follow at 11 o'clock.

Plans for the breakfast are under the chairmanship of Mrs. David C. Turner and decorations are being handled by Mr. and Mrs. Richard Shalla. Robert Schaible, president of the Dads Club, will officiate as toastmaster.

Father Galloway, the principal of Austin Catholic Prep School, was born in Dunbar, Scotland on July 7, 1914. He attended school there for several years, but at the age of 11, came to the United States with his family in 1926.

His parents, who are still living, were married 53 years last December 28th. Father comes from a fairly large family. He has a married brother, several married sisters, and another brother, Father Norman Galloway, who is also an Augustinian priest.

Father Galloway spent his boyhood days in the Bronx in New York City. He attended an Augustinian Preparatory Seminary in Staten Island, New York, in 1931 and spent his final year of high school there. He was received as a novice into the Order in the fall of 1932 and spent one year at the Novitiate in New Hamburg, New York.

At the end of his novitiate year, Father Galloway took his vows and majored in philosophy at Villanova from 1933 until 1937. He spent the following four years, until 1941, at Augustinian College, Washington, D. C., studying Theology. During these years he also majored in Chemistry at Catholic University. He was ordained to the Holy Priesthood at the shrine of the Immaculate Conception by Bishop McNamara in 1940.

Upon the completion of his studies in 1941, Father Galloway was assigned to St. Rita's, a large Augustinian Technical High School in Chicago. Here Father's many intellectual talents were utilized to the fullest extent, teaching mathematics, Physics, Chemistry, Radio and Electricity. He also operated his own HAM radio set at St. Rita's.

Approximately 12 years ago Father Galloway was transferred from Chicago and assigned to Austin Catholic High School. About a year after his arrival, the principal, Father Filzmaurice, died and Father Galloway was promoted to the office of principal or headmaster, which position he still holds.

During his early years at Austin the Augustinian Fathers were pioneering and were forced to live in various parishes because of inadequate and insufficient living accommodations at school. It was largely through the initiative of Father Galloway that a drive was promoted to finance and build living accommodations for the Fathers. The end result of those labors is the beautiful Austin Friary which graces E. Warren avenue, adjoining Austin High School.

This noted, talented and dedicated educator, who holds a Masters Degree in Education, will celebrate his Silver Jubilee of his ordination to the Sacred Priesthood on May 23.

use Agrico. Do they know
something about grass feeding
you should know?

Most of the Agrico we sell goes to professional turfmen—landscape gardeners, golf course superintendents, nurserymen. Even sod growers. These professionals rely on Agrico for one reason: it consistently gives them superior results.

Do you have to be a "pro" to get professional results on your lawn? Definitely not. Agrico Grass Food is as easy to use as any fertilizer.

1. Agrico Grass Food contains a special combination of nutrients that actually enriches your soil. These nutrients build strong roots and produce hardy grass.

2. Ordinary fertilizers help make grass green for a while. But Agrico, with 60% organic nitrogen content, helps keep grass green all season.
3. Agrico's formula gives you more total plant foods per bag to build soil fertility over a longer period of time. \$4.95 bag nourishes 5300 sq. ft. Now you know what the professionals know. For a thick, green lawn, use Agrico Grass Food—the fertilizer that enriches your soil as it greens your grass. There's an Agrico Garden Dealer near you.

Report Jewelry
Items Missing

Two valuable jewelry pieces in a jewelry box were reported stolen from the home of Mr. and Mrs. Homer B. Pharis, 1155 Country Club drive. The loss was disclosed to Woods police on Monday, May 10.

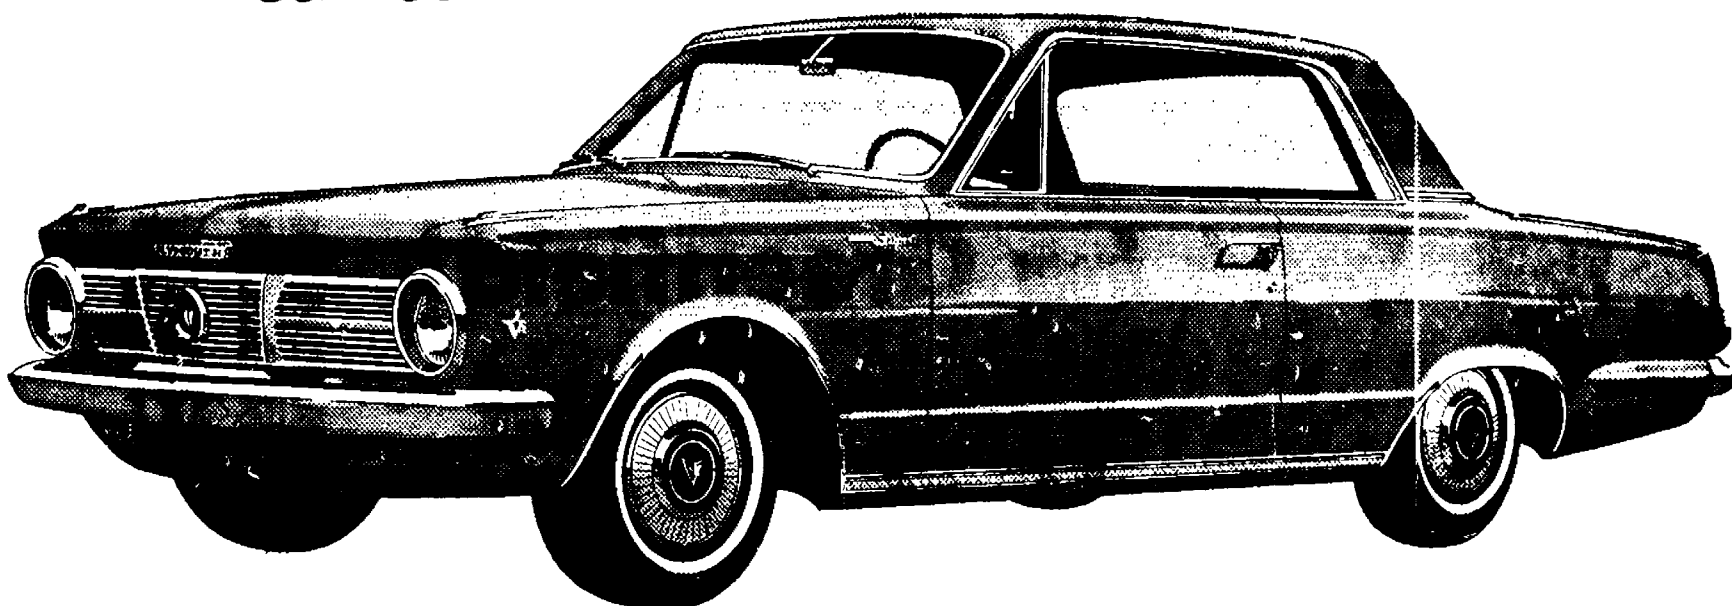

Mrs. Pharis told investigating officers that the box and the jewelry have been missing since April 28, and were last seen on the dresser in their first floor bedroom.

Missing, she said, was an open faced watch surrounded by small diamonds, valued at \$850, and a diamond dinner ring, platinum with a cluster of 54 chipped diamonds, valued at \$350. Her name is engraved on the back of the watch, Mrs. Pharis said.

She said that nothing else seemed to be missing in the house.

Men make their own enemies, but very few are ever satisfied with their handiwork.

Babe Ruth League

FARMS CITY PARK
By Bill Stuck

Babe Ruth in the Farms-City Park League got underway last Saturday with five games in

gorgeous weather. Last year the National Division took all five but this year they were able to take only four from the American Division.

In the GIANTS against the WHITE SOX it was Larry Schmidt pitching a no hitter (but with 17 walks) to take the WHITE SOX. Final score, GIANTS 21 and the SOX 6, with Glen Hilliger being the losing pitcher.

The INDIANS took the BRAVES 13 to 7 in about the longest game of all. It started at 10 a.m. and finally wound up at 12:45 p.m. Byron Stuck pitched the entire game for the INDIANS and was a mighty tired boy at the end. The losing pitcher was Rick Roth.

In the TIGERS versus the DODGERS it was 8 to 2 in favor of the DODGERS as Gerry Richardson was named winning pitcher. The losing pitcher was Bill Bockstanz relieved by Pete Wittstock.

In the YANKEES-PHILLIES, those PHILLIES got 16 runs to 0 for the YANKS under winning pitcher "Beetle" Bailey while Ferrell was named losing pitcher.

In the CARDINAL versus RED SOX it was the CARDS 8 and the RED SOX 4. Bruce Hohlfieldt was the winning pitcher.

This year as in past years the "loyal fans" showed but not many others. What's the matter parents? Your boys really like to have you rooting for them. Or was it just too much lawn work? The Neighborhood Club diamond and the High School Diamond were in real good shape. However, for some reason the Farms City operated diamond at Kerby was in mighty sad shape. Fortunately the boys and some of the fathers were able to pitch in and help a little. Usually this diamond is the best in the area by far.

Rally Sponsored

Teens who would like to get a head start on summer fun are urged by the Neighborhood Club to take part in the American Youth Hostel rally at Saline May 22-23. Boating, volleyball, hiking, and biking are possible activities, and there will be a Square Dance Saturday night. The weekend cost is \$4, and non-AHY members are welcome to participate. Guest privileges are not extended to former members. Registration and payment must be made by Monday, May 17 at the Neighborhood Club office, 710 Notre Dame, 9 to 5 p.m.

Devil Net Team Wins Matches

By Ric Hendee

Tennis matches with Cranbrook and Royal Oak Dondero last week both went in the Devil fuzzie winning column as Grosse Pointe High pushed its total to five wins and one defeat.

Monroe, the only squad thus far to by-pass the Blue Devil racquetball, will host Grosse Pointe this Thursday in what looks like the biggest battle of the season.

A victory against the Trojans is necessary to tie for the lead in the BCL in tennis this season. Other matches this week include an away league duel with Fordson, (yesterday), and a contest here against Ann Arbor on Wednesday.

The seemingly more important bout last week, the league match with Dondero, was another party. Two of the six Acorn courts are located in the parking lot and play was considerably slowed down due to parked cars. But the Devils overcame any hazards of the course to grab all seven matches for a perfect afternoon.

A 5-2 victory over Cranbrook one day earlier was more exciting. This time more than 20 rooters made it and some even rambled over to the far courts to view the doubles.

Mark (The Kid) Starr and Jim Kendall romped to a 6-4, 6-2 victory while the other two doubles squads stumbled against Cranbrook.

In the singles, Ed Beyster fought a human backboard, who played a completely defensive game and returned almost everything Beyster could give him, and won it 6-4, 6-4. One point went across the net 31 times before either player faulted.

Fred Williams, usually on the doubles courts, made use of a good day and a spitfire serve in downing his opponent, 6-1, 6-4. And Ron Gutow, Grosse Pointe's number three singles, also edged a Cranbrook man for victory points.

But once again Dick Keller, as the top singles, was the match to watch. Keller went tug-and-pull with Cranbrook's Kuglik for three sets before grabbing the win. Both boys played controlled tennis, stressing the place shots rather than the put-away smashes and the bout continued for more than an hour longer than any of the others.

This year's domination of Cranbrook is more impressive than usual because Hamtramck, usually considered the high

school master in tennis, fell to the Birmingham boys recently.

Unfortunately Grosse Pointe, held by league rules to 14 matches, can't find room for a test with Hamtramck this year.

"Darn it," reflected Coach Donald Zysk, "this is THE year to play those fellas and we're filled up."

The team didn't seem to mind. They're all sighting on Thursday's Monroe match . . . and so is Monroe.

Set Movie-TV Council Session

WOODS-SHORE

By Cindy Tew

Despite rain and the brave Little League players most of their games this week. Two courageous teams, the Wolves and the Indians, even played through the torrential rain of May 10. The Wolves were the only team to be played that night actually was played.

In the Major League Division, the Sox taking a fast lead with two games they've played, 2, and 9-7. The Orioles Sox and Yankees are second place winning and losing one.

The Orioles nabbed one from the White Sox with Kevin Killebrew triple.

The White Sox beat Yankees 6-4, aided by the pitching of Rob Paul. Yankees played a terrific game Friday, aided by the pitching of Danny E. fielding of Randy Sh. the hitting of Dave Bel.

The Tigers got out two-game losing streak walloping the Indians Tommy Keller, the Sox hit THREE homers a game, for a perfect day. The Athletics are in for last place, having 13 games.

In the National Division the Major League, four of the eight games were rained out, or called on of bad grounds. The Cardinals, who were winning both of the two they played, Saturday over the Braves 1-0, even the Braves out hit them one. Second place is the Cardinals, who have the only game they played. The Giants are in third place, having won two, lost one. Their Saturday game Red Legs was a runaway score of 12-2. Bill hit a homerun for the while his teammates Ba. Parise were both three.

In the Minor League Division, two have been played by teams. A battle for first is raging among C. Montreal, and Syracuse teams have won the two they have played.

Columbus ran all over 14-5, with Ricky Walker 14 strikeouts out 18 outs. Montreal Rochester 15-5 with P. as the winning pitcher. He beat Hollywood 2-0, hit by R. Preitz 2-0.

Sharing the second slot are Buffalo, Toronto, and Rochester, one and losing one. But scored Miami 9-2. Joe was the winning pitcher hit a homerun. Jim Fer three for three in hits. Nehra was the out. fielder. Toronto squared Hollywood 12-1 aided winning pitcher, T. Rich. Rochester defeated Toronto 4-0. Spoor hit a double triple, and Bill Faber winning pitcher. He Miami and Richmond at place, losing both games.

In the Minor League Division, seven of nine games this week were called because of weather. However, on May three of these games made up. Denver snatched Omaha 13-8 in a slow played game. Indians out to St. Paul 7-5, and won over Minneapolis. The other two games, forfeited by Charl. Louisville, while in the Indianapolis out hit apolis 12-3.

The Collegiate League for this week are slipping the astronomical side. Badgers and Illini tied for first place. The ers beat the Hawkeyes and the Illini beat the 37-25. The reason for phenomenal scores is the boys use a bat. This is something like, ee, all the boys have. So, however, the boys will have to pitched balls.

Little League Results

WOODS-SHOES
By Cindy Tew
Despite rain and wet fields, the brave Little Leaguers have played most of their scheduled games this week. Two especially courageous teams, the Collegiate Wolverines and Spartans, even played through the torrential rain of May 4. This was the only game scheduled to be played that night which actually was played.

In the Major League, American Division, the Senators are taking a fast lead, winning the two games they've played, 12-2 and 9-7. The Orioles, White Sox and Yankees are tied for second place winning two games and losing one.

The Orioles nabbed a close one from the White Sox 12-11 with Kevin Kirk hitting a triple.

The White Sox bested the Yankees 6-4, aided by the strong pitching of Rob Palmer. The Yankees played a terrific game, beating the Red Sox 6-4 with Chris D'Horst as pitcher, and Terry Budka smacking a long homerun.

The Indians, Red Sox and Tigers are tied for third place, having won one and losing two. The Red Sox played a splendid game Friday, aided by the pitching of Danny Ellis, the fielding of Randy Snick, and the hitting of Dave Belinger. The Tigers got out of their two-game losing streak Friday, walloping the Indians 10-0. Tommy Keller, the shortstop, hit THREE homeruns and a single, for a perfect day at bat. The Athletics are in fourth and last place, having lost two games.

In the National Division of the Major League, four out of the eight games were either rained out, or called on account of bad grounds. The Cubs are ahead of the league so far, winning both of the two games they played. Saturday they won over the Braves 1-0, even though the Braves out hit them two to one. Second place is taken by the Cardinals, who have won the only game they played. The Giants are in third place, having a win two, lost one record. Their Saturday game with the Red Sox was a runaway, with a score of 12-2. Bill Ireland hit a homerun for the winners, while his teammates Ballew and Parise were both three for three.

In the Minor League, International Division, two games have been played by all the teams. A battle for first place is raging among Columbus, Montreal, and Syracuse. These teams have won the two games they have played.

Columbus ran all over Miami 14-5, with Ricky Walker getting 14 strikeouts out of the 18 outs. Montreal whipped Rochester 15-3 with P. Nehra as the winning pitcher. Syracuse beat Hollywood in a one-hitter by R. Preitz 2-0.

Sharing the second place slot are Buffalo, Tampa, Toronto, and Rochester, winning one and losing one. Buffalo outscored Miami 9-2. Joe Oskin was the winning pitcher, and hit a homerun. Jim Fenton was three for three in hits, and M. Nehra was the outstanding fielder. Toronto squeaked by Hollywood 12-11 aided by the winning pitcher, T. Richardson. Rochester defeated Toronto 14-4. G. Spoor hit a double and a triple, and Bill Faber was the winning pitcher. Hollywood, Miami and Richmond are in last place, losing both of their games.

In the Minor League, American Division, seven out of the nine games this week were cancelled because of the bad weather. However, on Saturday three of these games were made up. Denver smothered past Omaha 13-8 in a slow, loosely played game. Indianapolis lost out to St. Paul 7-5, and Dallas won over Minneapolis 9-2. Of the other two games, one was forfeited by Charleston to Louisville, while in the other, Indianapolis out hit Minneapolis 12-3.

The Collegiate League scores for this week are slightly on the astronomical side. The Badgers and Illinois teams are tied for first place. The Badgers beat the Hawkeyes 22-15, and the Illinois beat the Lions 47-25. The reason for these phenomenal scores is because the boys use a batting tee. This is something like a golf tee, all the boys have to do is swing. Soon, however, these tees will be abandoned, and the boys will have to swing at pitched balls.

CITY

By BOB KLUMPP
Saturday, May 8, was a magnificent day for a parade and for baseball. The City of Grosse Pointe enjoyed both for it was opening day for the 1965 Little League season.
In the morning President Bill Wesine, ably assisted by Police Chief Andy Teetart, led off festivities in a parade through the City of converts filled with happy boys (around 200 of them, ages 8 to 12) and their apprehensive managers and coaches.
In the afternoon Mayor Dave Burgess uncorked some of his fast ones which City Manager John Cantwell had a bit of trouble handling. After that it was "play ball."
A doubleheader featured the

four major league teams; the six minor league teams start play this coming Friday and Saturday. The Braves under Dave Wightman got some strong pitching from Chris Marcopoulos and took the first one from John Donnelly's Cub's, 4 to 1. Muggsy Stephenson helped the cause in a big way with a tremendous homer over the fence in center with two on.

In the second game Jack Spiess looked as if he had found the winning formula when he led the Braves racked up 4 to 0 leads in the first two innings, only to have Randy Side's Cardinals rally for eight big runs in the third. The final score was 10 to 4.

Bob Lawson survived a shaky start to score his first win. Paul Shirar had the big blow in the game, a solid triple in the fifth. Gary Ohlsson was the defensive star, choking off a Dodger rally in the fifth with some solid first base play.

PARK

By DAK Martin
Grosse Pointe Park Little League launched its 12th season with opening day ceremonies sandwiched between 12 games Saturday.

More than 300 boys — between the ages of 9 and 12 and garbed in colorful uniforms — marched onto Diamond No. 3 behind Defer School to see the season inaugurated. They were joined by hundreds of parents, sisters, brothers and friends as well as Park city officials and team sponsors.

For the first time in the GPPLL history, not all boys were able to play on opening day. The addition of two new minor league teams to meet the mushrooming enrollment in the League made it impossible to schedule games for each team.

Results of debut day were:

A new season brought a new look to the standings in the American Division as the Indians — last year's champions — lost their opener to the Yankees in a closely-fought 8 to 4 contest.

Dennis Setter was the winning pitcher for the Yankees with teammates Jim Bolton tallying a home run and Jim O'Leary recording two singles. Doug Mann duplicated young Bolton's feat with a homer of his own for the Indians, and Rich Mahon scored two hits for the losers.

With the newcomer Pete Berdayes yielding only one hit, the Senators racked up a 5 to 1 victory over the Athletics.

Four home runs marked the Oriole-White Sox meet which ended in a 10 to 8 conquest for the White Sox. Three of the homers went on the White Sox ledger in the names of Mark Hefer and brothers Dave and Steve Kennel. The first two were back-to-back full-circuit clouts in the sixth inning. Dick McLaughlin smacked the White Sox's only round-tripper. Gary Verkeyn received credit for the win.

Top hitters for the Braves were Vito Tocco and J. Thomas.

Both the Dodgers and Pirates made the most of their hits with the former transforming their successful trips to the plate into 8 runs but losing to the Pirates who chalked up 10 runs. Don Hammond led the Pirates' hitters with a 4 for 4 record. Larry Meathe slammed the two doubles as Peter Bird pitched the Pirates to victory.
Strong sluggers on the Dodgers included Tom Court and Jim Ruble who each got two hits.

A home by Rick Stein and three hits by J. Thomas helped the Red Legs beat the Cardinals, 5 to 1. Winning pitcher was Fred Rohn, and George Saad picked up two hits for the Cardinals.

By DAVE MARSTILLER
The Woods City Council, after much deliberation, selected the 1965 Miss Babe Ruth from among 12 of the area's prettiest teen age girls last Thursday. Blue Devils Score Win Over Royal Oak Dondero

By Rog Teetzel
Despite their worst batting performance this season, the Blue Devils squeaked by Royal Oak Dondero, 1-0, in an extra inning ball game last Thursday at the Acorns' home field.

Grosse Pointe could muster only three hits in nine innings off the starting Royal Oak hurler. The most disappointing aspect of this ineptness was that fifteen Blue Devil batsmen struck out and most of them took a called third strike. In two innings the paunchy Dondero pitcher retired the side on three consecutive strike outs.
Only a sterling pitching performance by Bob Critchfield saved the Devils from their third straight B.C.L. defeat. Going the full nine innings, Critchfield allowed only five hits while striking out 10 opposing batters.

Also Good Fielder
Not only did Critchfield pitch well, but he also was outstanding in the field. He hustled off the mound many times to field Dondero bunts and throw out their fleet runners. At the plate he drew two walks in four trips. This was undoubtedly the best individual performance of the year and it was Bob's second B.C.L. shut out.

The Blue Devils also had trouble on the base paths. Two runners were picked off first base by the Acorns' left handed pitcher, whose pick-off move to first, to quote coach Ernie Bauer, "was as bad as in Babe Ruth."

Grosse Pointe threatened in the first inning when Mike Van DeGinste walked. "Speedy" stole second on the first pitch to John Reynolds. Mike made a valiant effort to score from second base on a passed ball.

Jim Russman, Bob Staffel, Craig Brown, Dick Staffel, Ken Snyder and Bill Schleicher.
4. Grosse Pointe Rambler: Mgr: Norm Blohm; Coach: Mark Blohm; Gene Baratta, Marve Larivee, Mark Pohnl, Marc Ranney, Gary Veitch, Mike Boruta, Jeff Matheus, Paul Naz, Denny Alfes, Bill Opydyke, Bob Richards, Brian Walch and Dan Wilk.

5. Richard Buick: Mgr: Stan Loeffler; Coaches: R. Hutchinson and Dan Loeffler; Brian Berlenbach, Gerry O'Meara, Larry Reiningher, Bob Koch, Bob Zink, Bob Hutchinson, Bob Ihrie, Tim Luty, Dennis Lynch, Ed Shelton, Paul Riemer, Jim Montmorency and Paul Shirilla.
6. Jim Causley Pontiac: Mgr: Jim Law; Coach: Ron Kefgen; Jeff Graybiel, Mark Hodgeman, Gary Pagota, Tim Unger, Tony Girardi, Mike Cordne, Mike Leu, Dave Reiske, Bill David, Don Blomquist, Larry Briski and Rick Zaranek.

home run. Other hot hitters were Tony Bologna, Steve Fink and Paul Perkony.
Tom Van Lokeren allowed a solitary hit in the Iowa-Northwestern game which ended in a 7 to 2 win for Iowa. Chip Gauthier of Northwestern picked up his team's lone hit. Young Van Lokeren matched his fine pitching with two hits as fellow players Dick Joseph (2 hits) and Peter Marshall (a triple) had successful trips to the plate.

A Pox on Careless Cyclists

With the annual Bicycle Safety Inspection Program being carried on through the month of May, we repeat a gripe printed here some time ago about the alarming number of careless persons who court tragedy on our streets. We refer to the riders who prowl the pavements at night without lights or reflectors. Twice within three blocks, while driving on Ridge road last Friday evening, we were forced to slam on our brakes to avoid hitting clusters of cyclists who came darting past. Stop signs out of side streets, directly into our path. Not one of the six or seven bicycles involved had either a light or a reflector.

Police officers of the Pointe and Harper Woods are engaged in their annual campaign to enlighten the school children on the subject of safe cycling. Specially prepared literature is being distributed during safety assemblies, lectures on the rules of safety are being heard, and inspections are being made of the young pupils' bikes. This is all to the good, but the offenders we have in mind are in the age bracket that isn't exposed to this program. Most of them appear to be late-teens or young adults who probably only use their bicycles at night.

The police who constantly patrol our streets must spot any number of these inadequately equipped bikes. We beg them to stop the riders and stay on their backs until the offense is corrected. It is a wonder that no one has been killed to date... either a blacked-out cyclist or a driver who has been scared into a fatal heart attack by being exposed to such a witless and harrowing experience.

Letters to the Editor

To The Editor:
I would like to add to the discussion of school exchanges per your editorial April 15.

Martin Buber wrote "Community is where community happens."

For many a youth this never happens—or only within that segment of society he calls his neighborhood. He meets only those families who have the same socio-economic base as his own, belongs to the approved clubs, drives a GM car and goes to church on Sunday.

We frequently read of "advantaged" children in the suburbs. Parents have been telling themselves that their children will have everything in a material way, and in their passion to give them everything have neglected them in a spiritual way, denying them the opportunity to be "people" and to know the community.

To some parents this is fine, but those parents who really face reality, see values other than those with price tags. They realize that the so-called disadvantaged have a real contribution to make to suburban children in helping them to see life as it really is in the total Community. We should, therefore, encourage our children to use opportunities set up to get to know and communicate with those of other cultures within the community.

Young suburbanites could volunteer to tutor some inner city children during their summer vacation. Parents and teachers have the obligation to provide intercultural and interracial opportunities so as to contribute

to the total development of their children. Could this be the depth you spoke of?

Sincerely,
Mrs. Thomas Bolton.

To the Editor:
To the gentleman in the Cadillac who hit my dog on Charlevoix and Lakepointe Wednesday, April 28. I want to set your mind at ease. After spending 2½ days in the veterinary hospital, he will recover. I know it wasn't your fault. I also had no intentions of holding you responsible in any way. He ran in front of your car, just as little children do at times. Perhaps you were tired, or on your way home, or had an important engagement. I realize it was just a dog, but would you have stopped if it had been a child?

Remember, pets are loved also. So if anything like this should happen again to you, or any other driver, would you "please" take that few seconds to stop, if only "to relieve your mind."

What Goes On at Your Library

By Virginia Leonard

Washington, D.C. in the spring—what a beautiful, busy and stimulating place to visit! Our nation's capital during cherry blossom time—and on a warm, sunny day; there's not much to equal it. The first day home, I felt I never wanted to see another museum, stand in another line, drive through any more city traffic, walk one more step. But now, a week or so later, in retrospect, it was fun, it was exhilarating, it was educational, it was extremely rewarding, and as soon as I stop soaking my feet, I might be persuaded to return.

With this background, it is no small wonder that my thoughts this week turn to recent books on Washington which may be found in our libraries. First, there is AN AMERICAN IN WASHINGTON, by R. W. Baker. Here, an urbane Washington Correspondent writes to supply some practical information for survival in this city. The book is witty and informative, exploring such aspects as cocktail parties, White House news conferences, etc. Another general one is WASHINGTON: A MODERN GUIDE TO THE NATION, by Michael Frome. The author explores "everyday city" through its history, weather and seasonal happenings; the book is breezy and informative. THE STORY OF CAPITOL HILL, by Paul Herron, is a combined history and guidebook to Washington, concentrating on the capitol building and the surrounding area. A Meriman Smith, in THE GOOD NEW DAYS, gives us a clue in his subtitle: "a not entirely reverent study of native habits and customs in modern Washington." Here this White House correspondent for the United Press International draws on over 20 years of Washington, D.C. acquaintance to make some pungent observations on the character and mores of the inhabitants.

Several personal accounts might be of interest to some of our readers. RED CARPET AT THE WHITE HOUSE by W. T. Buchanan also has a revealing subtitle: "four years as chief of protocol in the Eisenhower Administration." Mr. Buchanan discusses his diplomatic responsibilities in connection with the state visits of foreign dignitaries and rulers. An entertaining book with a Washington background is G. H. Dixon's LEANING ON A COLUMN. The author is Toronto-born but Washington-based—known by many for his syndicated column.

Alonzo Fields was formerly chief butler and maître d'hôtel for Hoover, Roosevelt, Truman and Eisenhower. In MY 21 YEARS IN THE WHITE HOUSE he tells of the families, dispositions, likes and dislikes, and personality contrasts of these Presidents. Robert Gray served as special assistant to Sherman Adams, as President Eisenhower's appointment secretary, and later as his cabinet secretary. In 18 ACRES UNDER GLASS he describes his own years in and around the White House, the historical significance of the same, and the social life in Washington. He also delineates many well-known person-

alities. In ONE FOOT IN WASHINGTON, Ellen Proxmire, wife of Senator Proxmire of Wisconsin, describes her life in this great city with its unpredictable meal-times, many phone calls, visitors, entertaining and glitter.

Two older reminiscences include Ellen Maury Slayden's WASHINGTON WIFE. In 1897 the author accompanied her newly-elected Congressman husband, James Luther Slayden, to Washington where he served as a member of the House of Representatives for the succeeding 22 years. His wife kept a diary of the social, political and historical events of her time—a diary which was finally published in 1963 by her nephew, CARP'S WASHINGTON by Frank George Carpenter is set in the 1880's during the administration of Arthur, Cleveland and Harrison. The author had come to Washington from Ohio to write for the CLEVELAND LEADER; this book is his scrapbook.

Books more specifically dealing with the White House include IN AND OUT OF THE WHITE HOUSE by O. G. Jeffries, giving an intimate glimpse, from Washington to the Eisenhowers, of the social and domestic aspects of the presidential life. Here can be found details about people, furnishings, food, balls, etc. Another of this category, THE WHITE HOUSE, by the White House Historical Association, has many photographs, and presents more historical material than A TOUR OF THE WHITE HOUSE WITH MRS. JOHN F. KENNEDY by P. S. Wolff. This latter contains the script of a 1962 television program, with additional information on the reconstruction of the White House, the decorating over the years under various Presidents, etc.

Even the historic burning of the White House merits two recent volumes. THE DARKEST DAY: 1814: THE WASHINGTON-BALTIMORE CAMPAIGN by C. G. Muller reconstructs the campaign of the War of 1812, especially the burning of this famous building, and the writing of THE STAR SPANGLED BANNER by Francis Scott Key. The other is Andrew Tully's WHEN THEY BURNED THE WHITE HOUSE, where dialogue and gestures of characters have been invented to give life to this well-known historical incident.

The Juvenile Collection contains such material as J. V. Terrell's THE KEY TO WASHINGTON, Irene Smith's WASHINGTON, D.C., THE FIRST BOOK OF WASHINGTON, D.C. by Samuel Epstein and B. F. Bailey's OUR NATION'S CAPITAL, WASHINGTON, D.C. Fiction must also be briefly noted. Do you remember Andrew Tully's CAPITOL HILL—or Allen Drury's ADVISE AND CONSENT—or I. R. Blacker's THE KILROY GAMBIT? All have Washington backgrounds and are quite recent.

Have I re-whetted your appetite—re-kindled your interest in our country's capital? I hope so, for there is no other city like it, as far as I am concerned.

What's New on THE HILL

by SIBYL

DON'T WAIT to inherit Spode. How can you after viewing the fabulous museum collection at the Dants, 98 Kercheval? Today, reproductions of the Eighteenth Century designs lead in popularity... both the naturalistic floral patterns and the English Regency style. The latter is being used with fine modern design.

IT'S WORTH a trip to the Mermaid just to see the newly arrived, Williamsburg reproductions in pewter (with a subtle patina) by Stieff. TUXedo 2-1610.

TO ACHIEVE the natural, glowing look that's the focus of fashion these days, start with Flowing Velvet to moisturize your skin before you touch a make-up brush. Very good advice from Trail Apothecary Shop, 121 Kercheval.

PROUD POSSESSION for a bride... the beautiful sterling silver after-dinner coffee service. The Eighteenth Century, Georgian design is lined with vermeil. Two hundred nine dollars (Fed. tax included)... at The League Shop, 72 Kercheval.

SOMETHING NEW on the Hill! Mr. Sam Sheridan, formerly of The Book Shelf, will be ready to serve his many friends at 81 Kercheval (upstairs) within ten days. Come see this new shop... "Mr. Sheridan—Books."

HAVE YOU checked your linen closet lately? Replenish your needs with MAY SALE prices on Wamsutta sheets, cases and towels. Monogramming our specialty. Top 'O the Hill, 104 Kercheval.

HELP WANTED for the office... decorative help, that is! An original metal sculpture, a handsome lamp and a few good suggestions from Denier, 77 Kercheval, will make Dad's office distinctive.

THE BRONZE DOOR, 123 Kercheval is the most convenient oasis on warm, humid days. Delightful salads and tall cool ones refresh and relax. Call 886-1932 for reservations.

GROSSE POINTERS flock to Trail Apothecary Shop, 121 Kercheval to have their prescriptions filled, because Trail is noted for their quality and reliability. TUXedo 1-5688 for immediate delivery.

Club to Hear Book Reviewed

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

A delightful experience is in store for those attending "Supper With the Stars of the Metropolitan Opera" Sunday evening, May 23, in the Crystal Ballroom of the Grosse Pointe War Memorial Center.

Those who have been to these "Suppers" before know what to expect: newcomers should arrive prepared to be charmed, amused and enthralled by what is billed, (rather drily), as An Informal but Informative Discussion with Met Personalities.

The Informal Informative discussion is anything but dry. Moderated by Donald M. D. Thurber, vice-president, Detroit Grand Opera Association, the after-Supper "chat" tends to turn into a revealing and often hilarious expose, as the Met stars "let down their hair" to tell what happens behind the scenes at the opera.

Appearing at the "Supper" this year will be Francis Robinson, assistant manager of the Metropolitan Opera, Roberta Peters and one more star, whose name is still to be announced.

Co-sponsor, (with the War Memorial Association), of this annual event is the Detroit Grand Opera Association, of which Frank W. Donovan is chairman and Wilber E. Mack is president.

Mrs. Thomas Morrow, '65 Opera Season chairman in the Grosse Pointe area, Mrs. Daniel W. Goodenough, "Supper" chairman, Mrs. John G. Garlinghouse and Mrs. Hugh C. Daly are just a few of the local ladies who wouldn't miss the Sunday Supper, perfect prelude to Monday evening, Opening Night at the Met.

Speaking of Gardens

The day was dull, gray skies and gray lake almost blending together, but the talk was all of bright things, of flowers and sunny June days, as Mrs. Ivor Harris, Mrs. Benjamin Young, Mrs. Ralph McElvenny and Mrs. Frank Donovan gathered for luncheon last week at the

The National Spring Council Meeting and Annual Meeting of the Woman's National Farm and Garden Association is being held in Washington, D.C., from May 17 through May 20.

Michigan carries much of the responsibility of guiding this nation-wide organization at this time since many of the national officers and council are members of the Michigan Division. Mrs. Lynn McNaughton, of Kenwood road, is the Honorary National President and Mrs. Alfred G. Wilson, of Rochester, is the National President.

Others from this area who plan to make the trip to Washington include Mrs. J. Crawford Frost, of Fair Acres drive, and Mrs. Clarence E. Maguire, of Lochmoor boulevard, both members of the National Executive Committee; and Mrs. Benjamin Young, Mrs. James B. Ogden, and Mrs. I. D. Harris, II, all Pointers and all members of the National Council.

This four day conference will draw women from many areas of the United States, all interested in the original objectives of the national association—conservation, education in agriculture and horticulture, a closer relationship between women on the farm and city women, and international cooperation with women of other countries having similar interests.

No sooner will these ladies return from Washington than they'll be on their way to Flint for the Michigan Division Annual Meeting. The Flint Branch is being assisted in preparations for this meeting by branches from Fenton, Grand Blanc and Holly.

Members attending this conference will have an opportunity to visit Flint's renowned Cultural Center, enjoying one luncheon right in the Art Institute, surrounded by beautiful works of art which will be discussed by the Director of the Art Institute, Dr. G. Stuart Hodge. After the business session, a program in the Longway Planetarium has been planned. The speaker at the banquet will be Dr. Ralph Lee, of Birmingham.

Mrs. Clarence E. Maguire, who is the president of the Michigan Division, will preside at this two day meeting, of which Mrs. Thomas Wolcott, of Flint, is the general chairman.

Six Pointe Kitchens On View May 20

Cottage Hospital Women's Auxiliary Sponsoring Tour; Flower Show and Bake Sale Are Also Scheduled

The popular Kitchen Tour, sponsored by the Women's Auxiliary to Cottage Hospital, is again on the calendar. Six new or remodeled kitchens will be open on May 20 from 1 to 5 o'clock.

A Bake Sale and Tea will be held at the Nurses' Residence in Ridge Road, also from 1 to 5 o'clock.

Tickets may be obtained at \$1.25 from Mrs. Arnold Davidson, ticket chairman, by phoning 886-4788.

Once again, a Flower Show will be presented, featuring arrangements suitable for hospital patients. The chairman of this feature is Mrs. Donald E. Bamberger. The judges for best of class arrangement are Mrs. Elmer Frank and Mrs. Robert Palmer.

The Tour co-chairmen are Mrs. William M. Schnell and Mrs. David T. Roney. Co-chairmen of the Bake Sale are Mrs. Walter H. Remter and Mrs. Sherburne C. Brown.

Arranging for hostesses is Mrs. C. Lloyd Yohe, and patroness chairman is Mrs. James B. Ogden.

The tea table will be supervised by Mrs. Beatrice Block. Chairman Mrs. Marcel A. Salive will place the flags to point out the Kitchens.

The following Kitchens will be open for the tour:

Mrs. Keith F. Shreve, Westchester Road

A small, remodeled, Early American kitchen in blue and white decor, with provincial print paper in the dinette area. The cabinets are fruitwood and the appliances are copper-toned.

Old time ads and an interesting cuckoo clock decorate the walls. Red brick, silicone plastic treated, lines the wall in back of the cooking area. Bowls of strawberries brighten the Kitchen window area.

Mrs. William Riddell, Bishop Road

A large kitchen with dinette area, butler's pantry and family sitting room. The ceiling is beamed, the cabinets are of fruitwood, and the color scheme is yellow and white.

Every conceivable appliance can be found here for entertaining, with a freezer, two refrigerator-freezers, two dishwashers, counter top chopping boards, double built-in oven, plus an electronic (hi-speed)

oven. There is a Thermidor unit for keeping food either crisp or moist, and a Quartz lamp unit to keep hors d'oeuvres hot.

On the wall, the original bell call system is still in use. (Mrs. Riddell is associated with Opera Overture, has been associated with Vanguard, was with the Grosse Pointe Symphony as soloist last year, gave a concert recently at M.S.U. Oakland, and, next year, plans a radio recital series of art songs with CBC).

Mrs. Justin Giltner, Renaud Road

This remodeled kitchen is in aqua, white and gold. The cabinets are fruitwood and feature a lazy susan corner, plus a baking center cabinet. The soffit is decorated with several different styled black trivets. A built-in barbecue pit, backed with silicone plastic treated red brick, is another feature.

Go up two steps to a long walk-in closet where "company" china and serving trays are stored, all prettily covered in yellow and white jackets. The dinette paper is a Federal design, as are the drapes at the windows.

The glass shelves in the windows are filled with flowers or plants, arranged and watered by Mrs. Giltner in the adjoining walk-in closet with sink, built for this purpose.

Mrs. George P. Johnson, Jr., Willow Tree Place

A kitchen, dinette, family room grouping. The cabinets are finished in light patina, the counter tops are white formica. The Kitchen floor is of quarry-tile red squares that need just soap and water to keep clean and shining.

The peninsula, separating the kitchen from the dinette area, has overhead cabinets and a newel post at the end. The ceiling is beamed. In one corner hangs an interesting town crier lamp converted to FM radio. The adjoining family room is in barnyard red and avocado green, with beamed ceiling and knotty pine paneled walls. A brick fireplace with raised hearth, and open bookshelves on either side, dominates one end of the room.

A modern touch is the built-in bar, with sink, hidden behind folding cabinet doors. However, the old time ads on the wall, a dry sink, maple table and chairs, antique fixtures, all lend to an Early American atmosphere.

Mrs. Warren Trafton, Lakeshore Road

The red, white and blue color scheme leads a charming background to the dark walnut cabinets and white appliances in this new home. There is a beamed ceiling, the walls are lined in blue and white Kaleidoscope paper, and the floor is of red quarry tile.

The cooking center is of the island type, with white counter top, and a huge walnut range hood overhead. Red and white checked curtains are at the windows.

The dinette has a braided rug, the chairs are painted blue with cane seats, and a red accent is found in the appointments. French doors lead to an interesting patio, made with wooden rings cut from a 90 year old tree that formerly stood on the property.

Mrs. Joel Bremer, Warner Road

This Dutch colonial is a new home. Dark wood cabinets line the walls, counter tops are white, and the appliances are stainless steel. White curtains are at the windows. For this background, Mrs. Bremer has chosen paper, china, and some appointments, all in the Delft-tile pattern.

The cooking unit is in the peninsula which divides the kitchen and dinette areas. At one end of the room is the galley with sink, washer and dryer. The dinette has a parquet floor, the meal and activities planning desk is at a side wall.

Taking Symphony Ticket Orders

The telephones are already ringing for season tickets for the 1965-66 Detroit Symphony Orchestra program. Women's Association members MRS. WALTER R. CAVANUGH, of Earl court; MRS. H. LEROY SELMEIER, of Oxford road, and

MRS. GRAYDON WALKER, of York-shire road (left to right) are pictured as they take new season ticket orders in the Green Room of Ford Auditorium, home of the orchestra.

This week's "Good Taste" recipe has won for its creator, Mrs. Robert S. Miles, of Fisher road, a first prize in a contest for convenient foods conducted by Better Homes and Gardens magazine. Mrs. Miles, who divides her time between homemaking and working as a special representative for Michigan Consolidated Gas Company at its Hospitality Center in Kercheval avenue, developed the shrimp curry as an elegant but quickly prepared dish when she and her husband, product manager for Bundy Tubing Company, were boating enthusiasts. "We like to entertain," she explains, "and since I work, quick foods are a necessity in our home. This is one of my favorite original recipes. The ingredients can all be kept on hand. I like the prepared rarebit better than my old curry sauce recipe, and I serve the dish with pride." Mr. and Mrs. Miles have a daughter at Western Michigan University and a son who is a senior at Cornell University; Mrs. Miles entered the business world a year ago, after both her children had gone off to college.

Trombley road residents are wondering what "their" duck will do when her pond dries up. Seems Madame Duck has made her home in what she thinks is a pond, but the "pond" is actually only a surface pool of water, collected in a depression at a vacant lot near the foot of Trombley road. Luckily, 1965's spring rains so far have managed to keep the water supply replenished, but when the long, hot summer finally arrives the duck's neighbors think she will be forced to move across Windmill Pointe drive, into the lake.

And speaking of wildlife... the Ralph W. McKennys, of Newberry place, have acquired a new little puppy, eight inches long, a Cairn Terrier who flew all the way from Boston to his new home. (a group of the McKennys' neighbors made up a "Welcoming Committee" party to go to the airport to greet the tiny arrival). Called "Scoopy" by Mr. McKenny, "Tupenny" by Mrs. McKenny, the dog has already made himself master of the household, much to the disgust of "Nijinsky," the family's Siamese cat. But as soon as Scoopy, Tupenny settles down, Nijinsky will receive a reinforcement. The McKennys plan to add another Siamese cat to their menagerie, already have a name picked out for the prospective feline: Nureyev, (naturally).

An ambitious and unique plan to send the entire religious faculty of Marygrove College all over the world for their continuing studies is the brainchild of Bert Emanuele, of Piche avenue, whose Hundred Club, in cooperation with the Marygrove Dads' Club, is offering Marygrove's 46 Sister-Educators "the world as their classroom." Since "Wings for Wisdom" was initiated in 1962, Marygrove Sisters have travelled and studied in Australia, Rome, London, Scotland, France, Peru and Spain. This year, four Sisters will go to Austria and Sweden. The traditional Dads' Club Bon Voyage dance, honoring the Sisters selected to study at foreign universities, is scheduled this Saturday, at Madame Cadillac Hall on the Marygrove campus. Among members of the Marygrove 100, whose subscription contributions totaling \$25,000 are used to finance the faculty flights abroad, are Ralph Disser, of Merriweather road, Jack Paisley, of Belanger road, Jack Niendstedt, of Mount Vernon road, Matthew Rumora, of Moran road, Frank Tonsley, of Hamilton court, William J. Glynn, of East Emory court, Elliott Shumaker, of Buckingham road, Louis Palombit, of Oxford road, Thomas Burns, of Cranford lane, James J. Kearney, of Touraine road, Mrs. Andrew Malott, of Oxford road, Peter Wayne, of Woods lane, and Mrs. George Zimmerman, of Kenwood road.

Pointer of Interest

FRANCES FRENCH, OF GROSSE POINTE HIGH SCHOOL

By Janet Mueller

Frances French's biggest problem right now is "buttons." In her television studio at Grosse Pointe High, improvised in one corner of a small room used as the Business Education Department headquarters, Miss French is completely surrounded by gadgets—a camera, microphones, lights, a tape recorder...

"I have too many buttons to operate," she confesses ruefully, dashing over to the tape recorder to cut off a record, giving a quick pat to her hair as she crosses back to her desk, sitting down, flicking a switch to turn on the "mike" around her neck, flicking another switch to go "on camera."

In the room across the hall, some 30 students look up from their typewriters, focus on the nearest TV screen, (there are two television receivers in the room, set on high platforms for easy viewing), listen and watch as Miss French gives them instructions for a 15-minute assignment.

Teacher Available

Mrs. Suzanne Wolf, the in-classroom teacher, remains seated at her desk in the front of the room, between the cameras. If a boy or girl has any difficulty with the assignment, Mrs. Wolf is there to be consulted; occasionally, she circulates through the room, making sure everyone understands and does the work correctly.

"We used to circulate a good deal," she explains, "but we found that the students were relying too heavily on the classroom teacher."

"Now we stay more at the desk; the students can come to us if they have problems."

Mrs. Wolf spends most of her classroom time at her desk, keeping records up to date. "This (television teaching) is an experiment," she notes, "and any experiment involves record-keeping."

Meanwhile, back in the "studio," Miss French is ready to flip the tape recorder switch, sending a music signal across the hall, cue for the students to complete their papers and prepare to receive instructions, via television, for their next assignment.

Lots of Hard Work

"Never in my teaching career have I worked so hard on lesson plans, visual aids and methods of presentation," Frances French claims.

Business Education Department head at Grosse Pointe High School and one of the local public schools' most energetic curriculum innovators, she is a teacher with a reputation for enjoying hard work.

Last summer, invited to teach at Michigan State University, she found time to take a type-writing workshop and do some experimentation and study on her own. It was during this workshop that the topic of closed-circuit television teaching came up, and Miss French, fired with enthusiasm for this new approach after several sessions with Dr. Bob Poland of the East Lansing faculty, came back to The Pointe determined to give TV a try at the High School.

"It was not until February that we were able to lay the proper groundwork for television instruction in two beginning courses, one-semester offerings designed primarily for college-bound students," she explains.

Equipment Comes Late

The television experiment was due to begin the first day of the new semester, unfortunately, semester opening day arrived but the equipment did not. "We had to start off in the classroom," Miss French recalls.

The equipment finally arrived that night, and the teacher stayed very late after school, learning how to operate her camera and microphone and rehearsing her lessons.

the positioning of the receiving sets around the room enables the staff to plan better demonstrations than are generally available under the traditional arrangement.

To Change Approach

"We shall change our individual approach to our students. The use of television will improve our pupil contacts by affording teachers more time to work with individuals."

"This will enable us to teach the mechanics of typewriting faster, so that the students may move into problem-solving activities."

The experimental classes will be continued through the six week summer session, June 21 through July 30, when more students than ever before are expected to learn how to type at the High School.

Current plans call for removal of a partition, making one large room out of two average-size classrooms. Five receiver sets will be placed in this "new" classroom, where between 80 and 85 students can be accommodated during a single period.

Mrs. Wolf, just graduated from Wayne State University and working on an hourly basis in the GPHS television experiment during the present semester, is scheduled to teach in the project this summer as the "on camera" instructor.

Frances French, born in a small town in Michigan's "Thumb" district, earned her BA at Western Michigan University, her MA at the University of Michigan, and has done advanced work at Wayne State, Michigan State and the U of M.

Happy To Be Pointer

She makes her home in The Pointe now—"I came here in 1952, with former School Superintendent Dr. James Bushong"—and is extremely happy with the community and the school.

"I can't say enough nice things about Grosse Pointe High. I like the students—but then I like all students. I like young people—and I like and respect my associates."

She is not as inveterate a traveler as many of her fellow teachers at the High, but "I have traveled some during vacations." She terms a journey to Hawaii three summers ago her "nicest" trip, often goes south in the spring, and has traveled through Canada and the Eastern United States.

She considers Grosse Pointe delightful during the summers, when she can indulge her passion for golf, ("I begin to play as soon as the weather and my schedule permit").

She oversees the 12 members of the Public Schools' Business Education Department, (nine at GPHS, three others at the Junior Highs), is particularly pleased with the Bus. Ed.'s two co-operative training programs, in which students attend classes in the mornings and work on-the-job in the afternoons.

Praises Businessmen

"We have received good co-operation in placing our students. The local businessmen have been VERY good."

Besides Mrs. Wolf, Mrs. Kathleen Herschmann and Maynard Leigh, members of the High School's Business Education Department, have assisted Miss French in supervising the television class groups.

"The members of the Business Education Department and I work constantly in an atmosphere of constructive criticism with the sole desire of improving the course as we go along. Everyone has been most helpful," Frances French says.

"It is our general consensus that the typing students have made much better progress under this new method than

technique, we have done quite
a bit of experimentation with
