GOV. ROMNEY declared yesterday that he will balk at signing the proposed budget bills for 1965-66 unless the legislature promptly provides for a \$58 million two-year tax increase. He also assailed tax hike moves in the House last week as damaging to Michigan's "business climate" and unjust to the poor. He said he hasn't yet decided where he will cut down if the tax measures do not come through.

ASTRONAUT EDWARD H. WHITE took a historic walk in space yesterday, 103 miles up from earth. The launching was delayed for over an hour due to a malfunction in the service tower alongside the rocket, but since White and James McDivitt went up things have been fine. White's walk in space was also delayed when the ship could not rendezvous with another satellite. White never did touch any other satellites during his 20 minutes outside the spacecraft. Space officials expect the trip to last the full four days, ending with a plunge into the Atlantic ocean Monday afternoon.

PRESIDENT JOHNSON announced last night that he is withdrawing all remaining U.S. Marines from Santo Domingo. The withdrawal will leave 13,400 U.S. paratroopers on the island under the command of the OAS. The President coupled his announcement with a plea to the Russian people for peace, an unusual direct message over the heads of the Communist leaders.

Saturday, June 5

A BANK BANDIT shot and killed the president and two employees of the Farmer's State Bank in Big Springs, Neb., Friday. The three were shot as they lay spread-eagled face down on the floor. A fourth victim was severely wounded when shot in the back. The bandit entered the bank, asked for a loan, then whipped out a gun and ordered everyone to the floor, shooting them all in the back. He could have cleaned out the bank but left when a farmer approached. The amount of money stolen has not been determined.

Sunday, June 6

THE HOME of a Bogalusa, La., chief deputy sheriff was shot up last night by night-riding gunmen. They then telephoned the officer, who was not hurt, to brag about the attack. The intended victim was Doyle Holiday, chief criminal deputy of Washington Parish (county), who is second in command of an investigation of the slaying last week of a Negro deputy.

Monday, June 7

A FOOTBALL HERO from McPherson College, who graduated just six days ago, was charged Sunday by the FBI with the Friday bank robbery of the Farmers State Bank in Big Springs, Neb. Authorities have charged Duane Pope, of Roxbury, Kan., captain of his college football team, with the robbery. He will be charged today with first degree murder and murder while in commission of a felony. The announcement of the charges came after the operator of a car rental agency in Salina, Kan., found a rented car which was identified as the vehicle used in the robbery.

Tuesday, June 8

AFTER A 1-7 million mile journey through space, astronauts James McDivitt and Edward White splashed home yesterday, hot and hungry, but in excellent health. The two walked unsupported across the deck of the aircraft carrier Wasp with no indications of stiffness and still joking though they had spent four days together confined in an area about as large as two telephone booths. After medical examinations, it was announced that they had suffered no symptoms of cardio-vascular difficulties and there was no apparent dizziness in either after the grueling mission.

Rezoning Site In Woods for High School

Objections Heard From Residents as Only One Councilman Opposes Action

In a long, nearly six-hour drawn-out Grosse Pointe Woods Council meeting Monday night, June 7, the only thing of great consequence approved was the rezoning of the Baker and Vanderbush properties, at Vanier road and Morning-side drive, from residential to community facilities district. The property is scheduled to be used for the new senior high school.

As was to be expected, several Woods residents turned out for the occasion, protesting that other property is more suitable, beautiful, and away from their

Store in Village Devoid of Bombs

Officer Richard Clarke, of the Grosse Pointe City Police Department, received a call at the station at 6:26 p.m. Thursday, June 2, which caused a bomb scare.

A male voice stated, "There is a bomb in Hickey's." The "informant" then hung up. Sgt. Douglas Ailor and Officer Clarke proceeded to Hickey's and closed the store for an investigation. After a thorough search, no bomb was revealed, and the store was reopened at 7:10 p.m.

Farms to Open \$222,000 Swimming Pool This Week

The Farms' new \$222,000 swimming pool in the Municipal Pier Park will be ready for use by tomorrow, June 11, or the very latest, this weekend, the city council was informed on Monday, June 7, by City Manager Andrew Bremer, Jr.

Damp and rainy weather were the main factors in preventing contractors from putting the finishing touches to the pool, and having it ready by the Memorial Day weekend, as scheduled.

Disappointed Farms residents, who had planned to take a dip in the new pool last weekend, had to postpone this pleasure because the pool contractors were unable to apply a special type of finishing coat inside the pool.

Andrews informed the council that at least 48 hours of dry

Disposal Authority Leans Toward 'Contract Method' For New Incinerator Plant

Cites Growing Ranks of Communities Deciding to Offer Private Enterprise to Solve Solid Waste Disposal Problems

The decreasing availability of landfill sites has prompted the Grosse Pointe-Clinton Refuse Disposal Authority to seek a form of disposal which can be operated on a smaller amount of land, and obtain the maximum reduction of wastes in a manner not harmful to public health, it was revealed by Murray M. Smith, Authority manager, on Thursday, June 1.

He said that the Authority has joined the ranks of public bodies which are exploring the possibility of using private enterprise to solve their solid disposal problem. Smith pointed out that it was on this premise of seeking an outlet for disposal of their refuse, that the Park, Farms, City and Clinton Township formed the Authority in 1962, and purchased the 74-acre Hartman Property in Quinn road, in Clinton Township, to be operated as a sanitary landfill.

Current Trend Studied

"The decision to offer private enterprise the opportunity of handling the disposal problem was taken after the Authority investigated the current trend in this direction," Smith said. "Consideration was given to the agreement executed, after public bidding, between St. Petersburg, Fla., and the U.S. Incinerator Corporation of Detroit, under which the latter has contracted to build a 300-ton per day incinerator to incinerate that city's wastes at \$3.40 per ton for the next 20 years."

Smith said that the Authority has engaged as its consulting engineer, Harold Radcliffe of Glace Engineering Corporation

of St. Petersburg, to prepare performance specifications for private enterprise to bid on the design, financing, construction and operation of an incinerator plant on the Authority's Clinton Township site, for a period of 20 years.

Specific provisions are included, Smith said, for control of

One Jail Term Follows Another

John J. Auito, 22, of 3573 Nottingham, completed a 20-day sentence in the Wayne County Jail on Monday, May 31, and was returned to serve another 30 days on Wednesday, June 2, for contributing to the delinquency of a minor.

The contributing charge, heard by Park Judge C. Joseph Belanger, was an offshoot of charges for which Auito was sentenced to the 20 days by the judge.

Auito was arrested by Park Patrolmen William Crandall and Robert Warren on May 11, at 5:15 a.m., after a chase through Park streets, in which Auito ignored stop streets and signal lights to avoid capture. A 16-year-old boy was in his car at the time, which prompted the contributing charge.

The motorist and his young companion jumped out of the car in the 1400 block of Beaconsfield and fled on foot, but both were cornered and arrested. Later, on the date of the arrest, Judge Belanger found Auito guilty of reckless driving, and driving without an operator's license, and sentenced the driver to 20 days in the county jail, 10 days on each count. The contributing to the delinquency of a minor charge was held in abeyance, until Auito's release from jail.

The 16-year-old was released to his parents. Both he and Auito have records, according to police.

On completion of the 20-day term, Auito was promptly re-arrested and charged for contributing. At the May 11, and the June 2 hearing, Auito entered pleas of guilty.

Policemen Injured As Teeners Battle At GPUS Carnival

Six Separate Fights Reported; Officers of Three Pointes Join Forces to Quell Rowdies Disrupting Annual School Fair

Six fights involving teenage boys marred the festive Grosse Pointe University School Carnival on Saturday, June 5. Two Woods policemen were injured when rowdies sought to wrest their nightsticks from them.

Sgt. Jack Mast was struck in the neck with a bottle by an unknown assailant, as he fought for possession of his police club; Patrolman Lee Cochill suffered pulled ligaments in his ankle, while wrestling with his opponent. Both officers were treated at St. John Hospital.

Director of Public Safety Allen Andrews, Jr., who was at the carnival to help maintain order, said that police from the Farms and Shores were called to help disperse a large crowd that had gathered to watch, as the different battles were in progress.

200 Watch Water Fights

The director said that more than 2,000 persons, mostly teenagers, were on hand to participate in the Carnival, held on the GPUS grounds, in Cook road. About 200 persons gathered to watch the battles between the teenagers, and between the police officers and the youths attempting to wrest away the night sticks.

Andrews said that the policemen stood shoulder-to-shoulder to push back the crowd. However, he added, most of the people were cooperative and dispersed without any trouble.

No charges were made against Mast's opponent, Richard Williams, 18, 22917 Violet, East Detroit, who became overly excited when Mast ordered a small crowd watching one of the fights to move on. Williams made a quick turn and attempted to grab the sergeant's club, and the battle for the stick was on.

Apologizes to Police Williams was taken to the station, where he apologized to the officer and to other police personnel for his part in the melee. He was released to his parents, without any further action.

Director Andrews, said, however, that a warrant will be sought against William A.

Officer Arrests Man on Warrant

A Park police officer, on his way to work Saturday evening, June 5, recognized a man wanted on an assault and battery warrant by Mt. Clemens police, and arrested him.

Park Police Chief Arthur Louwers said that Patrolman Robert Saiford, on his way to the station, at about 11:40 p.m., saw George Lozon, 22, of 15002 Mack avenue, standing on the corner of Alter road and Charlevoix avenue, and recognized him as a man wanted by Mt. Clemens authorities.

Lozon was arrested and taken to the Park station. Mt. Clemens police were notified and picked up Lozon and locked him in the Macomb County Jail, pending a hearing on the charge against him.

Association Pleased With Increase in Number of Contributors

The Grosse Pointe War Memorial's 1965 Family Participation Campaign is well over its goal this week with 4,743 contributors donating \$77,609.08 as of Monday, June 7.

This compares with last year's total of \$74,192 contributed by 4,472 people.

Campaign Chairman Mark A. Stevens said that the War Memorial Association is most pleased with the fact that more people are donating. The essential aspect of such an annual campaign is broadening the base of contributors so that in the event of the loss of one or two large donors, the base can still provide the necessary funds.

Again Stevens stresses the fact that gifts are gratefully received throughout the year, even though the campaign is over, and are always tax deductible. He suggested that the ultimate goal for this year could now possibly be \$80,000 donated by 5,000 contributors.

More Donors Listed Additional donors, whose names have not previously been published, are listed. All the names have been set in type and will appear as soon as possible.

Woods Inspects 1,550 Bicycles

Woods Patrolman Jack Patterson, school safety officer, disclosed that he completed inspection of 1,550 bicycles of students at six Woods schools, on Friday, June 4.

Patterson said that the inspection, begun last month, was one of the most successful ever held. The month of May of each year is designated as Bicycle Safety Month in the Pointes and Harper Woods.

The officer disclosed that besides the inspection of the 1,550 bicycles, the Department of Public Safety issued 190 bicycle licenses, resulting from the inspections, and 110 bike accessories, donated by civic organizations in the Woods.

Patterson said that bicycles were inspected at the following schools: Barnes, Monteith, Mason, Ferry, Grosse Pointe University School and Our Lady Star of the Sea.

The names of all the students who successfully passed the inspection were placed in a container, and then the names were drawn for the prizes, the safety officer said.

potential sources of public nuisance, such as smoke, noise and odors. Bids are to be received on June 29, on three alternate size plants, 250-ton, 300-ton and 600-ton per day capacity.
Size Not Determined
He said the Authority will select the desired size after determining the interest in the project on the part of adjacent communities with similar problems.
Smith pointed out that the Authority is interested in solving its own solid waste disposal problems at a reasonable cost, but recognizes that additional economies may be possible with a broader base of participation and larger incinerator.
On May 24, Authority partners, at their respective council meetings, unanimously approved an amendment to the Articles of Incorporation, which permits the Authority, if it so chooses, to raise monies through a bond issue to build an incinerator plant on the Hartman Property site, or have the plant built by a contracting firm, on the 20-year operation basis.
After the private firm operates the plant for the 20 years, the plant then reverts to the Authority, free and clear.
Bures 260 Days A Year
This method of operation is known as the "Contract Method", whereby the cities involved guarantee to pay the bid price per ton on a minimum daily tonnage of refuse to be burned five days a week, 260 days a year, for 20 years.
In turn, the contractors guarantee, under a performance bond, to build and operate the plant and serve the communities' daily disposal needs at the bid price per ton, and at the end of 20 years to release the plant to the communities, free and clear, and in good operating condition.

GPUS Fight

(Continued from Page 1)
Brown, 17, of 507 Lakepointe, on a charge of assault and resisting arrest, in the fracas with Cochill.
Brown fought Cochill and other officers who came to Cochill's assistance, so vigorously, that the policemen could only put the handcuffs on one of Brown's wrists, before they took him to the station.
In another incident, involving a fight, a 14-year-old Park boy was struck in the mouth by an older boy, and two of his front teeth were knocked out. The 14-year-old, name and address withheld, arrived at the station with his father, and expressed a desire to file a complaint against his assailant.
May Make Complaint
The Park teenager told police that his assailant struck him for no apparent reason. The complaint in this matter is still pending, Andrews said.
In one of the half dozen fights that occurred, auxiliary police were notified by a manager of one of the concessions, that a big teenager had another concessionaire on the ground and was beating him. The auxiliary officers called two regulars, but by the time the policemen arrived, the fight was over, and apparently the opponents shook hands and made up.
In only one incident, Andrews said, was a concession stand knocked over by rowdies, but it was righted, at the cost of two broken light bulbs. Nothing else was damaged.
Helped With Prisoners
The director said that Farms and Shores police, called to assist in keeping order at the carnival, also assisted in taking prisoners to the station. Two unknown teenagers, rounded up in the melee, escaped the police, Andrews said.
Those taken to the station were questioned and released, the director said.
No other incidents, other than the six fights, and the knocking over of the stand, were reported, Andrews said, but in the interest of order, the carnival was ordered closed earlier than scheduled, Saturday evening. The carnival re-opened without incident Sunday, June 6.

Bill Blasted

(Continued from Page 1)
Kirby said that at the rate the Legislature is enacting bills into laws, the local governments will lose their rights to home rule, and the control of the communities will be taken over by the State.
The councilman suggested that Farms officials, as well as other Pointe officials, should meet at least once a year with their State senator and representative, to express views on pending legislation, especially when the legislation involves the Pointes.
Representing the Pointe in the State Senate is Democrat George Fitzgerald, whose residence is in the Park.
Another bill, which may affect the Woods and the Shores, is that which will prohibit integration of police and fire departments. This bill, too, passed the House, and is awaiting action in the Senate, Kirby added.

Receiving an A.B. degree from Vassar College June 6 was LYNDIA DEMING, daughter of PAUL H. DEMING, of Neff lane. Lynda, a graduate of Miss Hall's School, Pittsfield, Mass., centered her studies in Political Science at Vassar. She spent her junior year at the University of Geneva, Switzerland.

Farms Pool Nearly Ready

(Continued from Page 1)
The official will give the pool a thorough inspection, and explain the operations of the mechanics of the facility, including the water heating plant and the chlorinating plant, Andrews told the council.
The heating system will only be used when, and if necessary, to heat the pool water to a comfortable temperature, for the better enjoyment of the residents, it was said.
At a meeting held on Monday, May 24, the Farms council assured a group of residents in the audience in the council chambers, that there will be no fee charged for the use of the new pool, as was rumored.
It was disclosed at this meeting, that the pool, at least this year, will have to be operated on "trial and error," to determine the approximate cost of an annual operation of the facility, for future fiscal budgets.

GPUS to Conduct Summer School

The 26th annual Summer School of Grosse Pointe University School, under the direction of Richard Trim, will begin classes on June 21. Registration is currently in progress and will terminate on June 21.
Classes will include remedial instruction in all college preparatory classes for grades 4-12, advanced credit courses in modern European and United States history and enrichment courses in nuclear science, music appreciation, typing, notebook, and developmental reading.

JOHN T. SHORT

GROSSE POINTE BOARD OF EDUCATION

The role of a trustee on the Board of Education is one of policy making judgment, administrative capacity, the ability to reflect the concerns of the community, communication to the community, plus an understanding of budget considerations. Mr. Short, because of his participation and leadership role on many boards and committees, is uniquely qualified to serve on the Grosse Pointe Board of Education.

As Chairman of the program committee and a member of the Board of Directors of the Grosse Pointe War Memorial, he has actively promoted the development of programs for Grosse Pointe teenagers. In addition, he conceived and developed Grosse Pointe's first community fair. A teenage Newsletter is being established through his concern and interest.

In the 1940's when fraternities were a problem at Grosse Pointe High School—the late Walter Clemenston, then principal, asked Mr. Short to develop Hi-Y's. These service clubs are still in existence today at the high school.

As Chairman of the Board of Management of Hannan Y.M.C.A., Mr. Short was active in the development of Indian Guide programs. Today every Grosse Pointe elementary school has at least one tribe. A program that brings together father and son in a fun and learning experience.

In addition, through Mr. Short's many years of association with Maxon Brothers, a real estate firm specializing in Grosse Pointe properties, he is keenly aware of how an excellent school system enhances property values, yet at the same time he is conscious of the need for constant analysis of budget to eliminate unnecessary expenditures, thus avoiding an excessive tax picture. A college graduate, Mr. Short resides in Grosse Pointe Woods with his wife and two children.

When a Board of Deacons was first established at Grosse Pointe Memorial Church, Mr. Short was honored by being elected vice-moderator—its highest lay position.

Speeder Caught Following Chase

Woods Patrolmen Theodore Hinz and Thomas Kerving pursued a motorist into St. Clair Shores at 70 miles an hour on Wednesday, May 26, before they were able to stop him and place him under arrest.

Hinz and Kerving stated that they were patrolling east on Vernier, at 3 a.m., when they observed Alton M. Williams, 28, of 22948 Gary lane, St. Clair Shores, approaching at a high rate of speed.

The policemen said that Williams turned north onto Marter road, and they gave chase. Speeds reached as high as 70 miles an hour, the officers said. The road is a 25-mile zone.

Still heading north on Marter, Williams failed to stop for stop streets at Roslyn and Parkway, and on several occasions, crossed back and forth on the center line, the patrolmen said. Williams ignored the scout car

flasher and police siren, according to the officers.

The chase went into St. Clair Shores, where Williams narrowly missed a parked car at the Marter-California intersection. Hinz and Kerving said. Williams was stopped in front of 22575 Marter, and placed under arrest.

The policemen said when they approached to ask Williams for his operator's license and car registration, they detected an alcoholic odor on his breath. The motorist claimed he had only two drinks.

Williams' car was locked at the scene, and he was conveyed to the Woods station, where he was given a violation ticket for reckless driving, and released after he posted bond of \$100. His court date has been set for Saturday, June 12.

Cub Scouts Give Tree to Woods

To commemorate Arbor Day, Cub Scouts of Ferry School Pack 34 presented a Sun Burst Locust to the Grosse Pointe Woods Park at a planting ceremony held Saturday, May 22.

Take the time to think twice before you speak—it is your best source of power.

Registration for Summer School Being Carried On

With all classes in the summer school opening on Monday, June 21, registration will continue over the week-end wherever classes have not been closed by heavy enrollment.

For the elementary school classes scheduled to meet at either Richard or Mason Schools, registration can be made at the school building on Friday afternoon, June 18, from 1:30 to 4 o'clock.

Classes for grades 7-9 will meet at Brownell Junior High School where enrollment can be made on Saturday morning, June 19, from 9 a.m. to 12 noon.

In the Grosse Pointe High School students may enroll on Friday, June 18, from 10 to 11:30 in the morning and from 1 to 3 in the afternoon, and again on Saturday morning.

Hugh L. Dill, Jr. Has Fine Record

A considerable record of accomplishment has been chalked up by Hugh L. Dill, Jr., especially for a young man only 24 years old. The former Grosse Pointe High School tennis star has just been named assistant superintendent of schools of Bristol, Conn.

The son of Dr. Hugh L. Dill of Mary street, Grosse Pointe Farms, and Mrs. Horner R. Marson, of North Brys drive, went to Kalamazoo College after his graduation from high school here. He also starred in tennis at Kalamazoo.

After his graduation there he took his teacher's certificate at Wayne State University and a master's degree at Columbia University, in 1961.

He was assistant principal at a grade school in Northport, Long Island, and two years later was appointed principal of the Edgewood School in Bristol.

His progress in his chosen field is considered phenomenal by his former teachers here. While assuming his new duties he is continuing his studies by taking his doctorate at New York University.

Hugh is married to the former Pat Titcomb of Belmar, N.J. They have one daughter. And he is still playing his excellent brand of tennis.

Progress depends on teamwork for its greatest gains—not on individual action.

The June meeting of the Grosse Pointe Board of Education will be held Monday, June 14, in the schools' administration building at 389 St. Clair Avenue. Slated to begin at 7:30 p.m., it will be chaired by Edward J. Pongracz, president.

Dr. Charles H. Wilson, Superintendent of Schools, will present his monthly informational report on the functioning of the school system.

Park Announces Program For Summer Recreation

Grosse Pointe Park has announced its 1965 summer recreation program, which includes sports lessons as well as special events.

Swimming classes will be held every Tuesday, Wednesday, Thursday and Friday from 10 o'clock to 11 o'clock in the morning, in two sessions.

The first session will be registered between June 17 and June 20. Lessons begin Tuesday, June 24 and continue until July 11. Registration for the second session is from July 15 until July 18. These classes begin Tuesday, July 22 and last until August 8.

Categories for the lessons, according to proficiency, are Guppies (children 2 to 4) with parent; Polliwogs (Beginners); Minnows (can swim 15 yards); and Sharks (can swim 25 yards).

American Red Cross Junior and Senior Lifesaving classes will be held from 11 a.m. until noon. Adult classes are scheduled for 10 a.m. Saturdays. Swimming team practice, boys and girls ages 8 to 16, will be from 9 until 10 in the morning.

Would-Be Thief Eludes Police

An attempted burglary was reported to City Police officials Thursday, June 3, too late for them to apprehend the would-be burglar.

Mrs. Gerald Tolkmitt, of 912 Lincoln road, heard her front doorbell ring three different times. She went downstairs and heard a noise at the back door. A colored woman in a green skirt was standing there with the bathroom window pushed open six inches.

As Mrs. Tolkmitt started to open the door, the woman ran up Fisher road towards Mack avenue. A delay of 10 minutes in calling the police prevented capture of the suspect, according to Lt. Robert Van Tiem, of the City Police Department.

An investigation revealed that a colored woman made a telephone call from the Beaufre Service Station, located at the corner of Fisher road and Mack avenue, shortly after the time of the attempted breaking and entering. She had entered the station buttoning the front of a white nurse's uniform. Lt. Van Tiem said the police believe she was trying to disguise herself. She then walked out of the station and disappeared.

The police, who arrived minutes later, could not locate anyone in the area that fit her description.

Herman Lauer To Leave Woods

Herman A. Lauer, 65, will retire as superintendent of the Woods Building and Electrical Inspection Department and as head of the Woods Storm Water Pumping Station, after more than 15 years of service to the city. His retirement will become effective on Wednesday, June 30.

Lauer, who was born on the lower east side of Detroit on October 26, 1899, lives at 20522 Fleetwood, Harper Woods. He is married to the former Monica Kowalski of Detroit.

Mr. and Mrs. Lauer have two daughters, Monica, who is married to Col. Curtis S. Seebold of the Scott Air Force Base in Illinois; and Margaret, married to Charles F. George of Lewiston, Mich. There are seven grandchildren.

On Saturday, June 19, the Lauer family will travel to the Scott Air Force Base, to attend the wedding of their granddaughter, Barbara Seebold, to Ensign Boyd Knowles of Virginia. The marriage will take place in the Base chapel.

Ensign Knowles, who graduated from Annapolis Naval Academy this month, and Miss Seebold, met in Germany, when Col. Seebold and his family were stationed in that country, as was the ensign's family. His father is also a colonel in the Air Force.

After his retirement, Lauer and his wife will move to Lewiston where Lauer plans to operate an Antique and Country Store, to be known as "Monica's Cracker Barrel." The Lauer family will spend their winters in Palmetto, Fla.

Don't waste time criticizing conditions—try to improve them.

Young Speeder Pays \$50 Fine

Richard Keyes, 20, of 473 Manor, accused of speeding 75 miles an hour on Jefferson, avenue, stood mute at a hearing held before Park Judge C. Joseph Belanger on Wednesday, June 2.

Judge Belanger found Keyes guilty as charged and sentenced the youth to pay a fine of \$50, or serve 10 days in the Wayne County Jail. The youth paid the fine.

In addition to the fine, the judge placed Keyes on probation for three months, during which Keyes is forbidden to drive any type of motor vehicle, and to insure this, the youth was ordered to surrender his operator's license to the court.

Judge Belanger said that he has recommended that Keyes be re-examined by the Secretary of State's Office in Lansing, to determine if the motorist is qualified to keep his license.

Rodney F. Ryan To Be Ordained

Salem Memorial Lutheran Church, 21220 Moross road, will ordain its second son into the ministry of The American Lutheran Church on Sunday morning, June 13, at 11 o'clock.

Rodney F. Ryan, a recent graduate of the Evangelical Lutheran Seminary in Columbus, Ohio, will be ordained by his home pastors, the Rev. Reginald H. Holle and the Rev. Alan T. Heggen.

Mr. Ryan is a 1957 graduate of Grosse Pointe High School and is the son of Sheldon Ryan and the late Mrs. Lydia Ryan, 1525 Hollywood.

Following graduation from Capital University in 1961, the candidate for ordination entered the Evangelical Lutheran Seminary from which he was graduated on June 5. He and his wife, the former Joan Daniels of Whiteford Center, Mich., spent a year of internship at St. John Lutheran Church, Beatrice, Neb. Mr. Ryan also served as Director of Religious Activity for the Franklin County Children's Home in Grove City, during his seminary years.

The ordination service on Sunday morning will be performed by Pastor Reginald H. Holle who confirmed Mr. Ryan in 1953. A special dinner for members of the family of Pastor Ryan will follow the service. Members of the Salem Memorial Lutheran Church Women, directed by Mrs. George Nemeth, are making these preparations.

Pastor Ryan will be installed as the Associate Pastor of Zion Lutheran Church in Gibsonburg, O., on June 20. He, his wife, and son, David, will be welcomed by the Gibsonburg congregation at a special reception at that time.

High School and community friends of Pastor Ryan are invited to attend the ordination service at 11 o'clock on June 13 at Salem Memorial.

Thieves Remove Cash Register

Ray Smith, owner of Mel-drum and Smith Nursery, 17250 Mack avenue, reported to City police officials Friday morning, June 4, that a National Cash register, manually operated, had been stolen sometime during the night.

The cash register, described as tan, fairly new, with the serial number 806298, is valued at \$207.48.

Smith said he believes the register was stolen around 2 a.m. by two males, as neighbors saw a car there about that time. The car was bluish-green with a white top.

The register had been located in the fruit stand. The thieves jumped the protective fence to get at it. There was no money inside.

THE SHOWDOWN

It takes a real storm in the average man's life to make him realize how much worrying he has done over squalls.

You can wait for a train of thought, but don't depend on it getting there in time.

Albert E. O'Neal II, of 826 University place, reported to City police Saturday, June 5, that a car had driven over his front lawn sometime during the night. The car was believed to have been a red or maroon Tempest and the incident timed at about 2:30 a.m.

Burglar Scared Away From Job

The early return home of a Farms resident is believed to have scared away a burglar who apparently was preparing to take away a projector, camera and some slides, from the resident's house.

Farms police received a phone call from Jack Petzoldt, 29, of 242 Hillcrest, in which he disclosed that his home had been broken into. Entry was gained by breaking the glass of the rear door of the house. The breaking and entering report was made on Monday, May 31.

Petzoldt told investigating officers that he had left the house at 8 p.m. and returned at 9:30 p.m. to discover the burglary. He took the policemen to his garage where he showed them a slide projector, four cameras and a box of slides, on the garage floor.

Det. Sgt. Jack Paisley, who was assigned to the case, said that the thief apparently placed the items on the garage floor with the intention of taking them away in a car, or other vehicle, but Petzoldt's early return home frightened the burglar away.

Nothing else appeared to have been touched, or taken, the detective said.

St. Paul Graduating Class Having Busy Senior Week

The 93 seniors of Saint Paul High School who will graduate Sunday, June 13, have a busy week ahead of them.

The events began last Sunday at a Baccalaureate Mass offered at St. Paul's Church at 9:15 a.m. The sermon was preached by the pastor, Monsignor Frank McPhillips. Following the Mass, the seniors attended a breakfast in the school cafeteria presented to them by the freshmen class.

On Monday, June 7, at 7:30 p.m. Torch Night ceremonies took place in an open air theater in front of the school. The theme of the program: "A Christian's Guide to Fulfillment: Courage, Involvement, and Faith" was explored by members of the senior class.

After the transfer of offices and the exchange of torches with the juniors, honors were conferred on the senior class. John Mienstedt, Student Council president and member of the National Honor Society, was named Paulite of the Year, a distinction which had not been earned by a Paulite for the past three years. Kathleen Sullivan was named first in her class, an honor which helped her to gain admittance into the honors program at Rosary College in River Forest, Ill.

Following the conferring of honors, the classes listened to an address by the Very Reverend Monsignor Charles J. Mal-

loy, J.C.L. Sunday, June 13, at 7:30 p.m. the seniors will graduate. The graduation address will be delivered by Father Robert E. Kavanaugh, Pastor of St. John's Student Center at Michigan State University, Lansing, Michigan.

Approximately 80 percent of the graduating class will be going on to college in the fall. College choices range from as far East as Vermont to as far West as the University of Arizona. However, the largest area of college choice will still be Michigan's colleges.

House Intruder Escapes Police

Miss Pam Frodenek of 1024 Nottingham, heard a noise at the side door of her house at 4:20 a.m. on Sunday, June 6, and immediately called Park police.

Patrolman Donald DelPlace revealed that as he approached the Frodenek residence, he caught a glimpse of a young man leaving the side of the house, and fleeing through the back yard of the property and disappearing.

A search of the area by DelPlace and other policemen failed to locate the intruder, according to information released by Police Chief Arthur Louwers.

He said the would-be thief apparently was deterred from entering the house, when he was frightened by the barking of the family dog.

DelPlace said the intruder was approximately 22 years old, about five feet eight inches tall, medium build, and wearing a blue shirt and dark trousers.

The first place Tigers showed their outstanding ability last week, winning both of their weekly games. The Athletic Tiger game was the thriller of the week. Gregg Hartmeyer had a no-hitter going for him. Suddenly his luck disappeared. Ernie Ney walked, then his brother Jim belted a double and Ernie came in on a passed ball.

The third place Senators also showed their skill by defeating both of their opponents. Their Monday game saw the Senators pinch the Athletics 8-6. Mike Dauer was the winning pitcher, and his teammate Robert Montmorency slammed a homerun. In their second game, the Senators crept by the Yanks 7-6. Mike Bauer was the winning pitcher, and Tim Hosse belted a three-run homer for the winners.

Another exciting game saw the Indians defeat the Orioles 10-5. Ed Ahee pitched for the win, other Indian hitters included Ken Rice, Craig Henderson and Chris Knapp.

The Cardinals proved themselves to be worthy of first place as they swept past both of their weekly opponents. The Cards beat the Braves 5-3, Clem pitched for the win, and the Cards whipped the Red Legs 10-3. In this game, Johnny Tye of the Reds made a double play all by himself.

The second place Cubs also won both games they played last week. In their Tuesday game, the Cubs edged past the Phillies 2-1. Jim Bery was the winning pitcher, and his teammate Bob DeBacker hit a double to win the game. The Cubs trounced the Pirates 7-0. Both Emmet (Junior) Baratta and Todd Kaufman whacked home runs for the winners.

The fourth place Giants are picking up steam as they won both of their weekly games. Their Tuesday game saw the Giants defeat the Pirates 6-9. Gary Bennett pitched for the win, and his teammate Steve Schleicher slammed two home runs.

The Dodgers played a good game and defeated the Red Legs 7-4. Jon Tallero was the winning pitcher and strong fielders for the winners were Kenny Zavela, Bob Friedhoff and Billy Robertson.

As is characteristic of first place teams, Indianapolis beat both opponents this week. To start with, they inched past Minneapolis 6-4. Bob Arthur pitched for the win. The Indianapolis team ended the week by slaughtering Charleston 19-0. Duane Bender was the winning pitcher, and Gary Klann was the outstanding fielder.

Wichita seems to be showing some strength as they won over both opponents. Wichita scattered Denver 9-4. Rick Padilla was the winning pitcher, and Doug Brown was the outstanding fielder. Wichita also defeated Dallas 8-4.

Third place Minneapolis scrambled Omaha 11-6. Bob Straemans was the winning pitcher, and Jeff Potter and Mike Straemans were outstanding in the field.

Fourth place Denver skipped by St. Paul 8-4. Chip DeLama was the hero batting in six runs. Louisville also took an easy game from St. Paul 11-5. Jerry Johnston was the winning pitcher, and Mike Gille hit in 3 runs.

The big news in the American Division of the majors was less the Indians' upset victory over the White Sox than the two victories scored by the Orioles which gave them a share of second place.

The Orioles began the week in a tight struggle with the Indians. Both teams chalked up 9 hits and 2 home runs each. Final score: 8 for the Orioles and 6 for the Indians. Hitting homers for the victors were Mark Hafer and Steve Kennel; scoring round-trippers for the losers were Bill Eppings and John Renaud. Winning pitcher was Chet Brown with relief aid from Steve Kennel in the 5th inning.

Two runs again made the difference when the Orioles met the Athletics later in the week. This time, the Orioles shut out their opponents, 2 to 0. Winning pitcher Dale Hafer and second baseman Mark Smaha robbed the A's of what seemed to be certain hits in the last inning of the game.

Meanwhile, the White Sox began the week with their customary win—a 13 to 6 victory over the Senators. Despite a home run by Pete Berdayes which brought in 2 runs for the Senators in the 1st inning, the White Sox made the most of 15 hits and 9 walks to decisively defeat their opponents. Tom Bailey, Bob Hoffman and Gary Verkeyz were the top hitters for the division leaders. Ted Kurtz, George Massu and Craig Pemberton each tallied a double for the Senators.

Still smarting from their loss to the Orioles, the Indians pulled an upset of their own in defeating the White Sox later in the week. Mike Torina pitched the 9 to 2 win with hitting help from Mark Metya (a home run) and Bill Eppings (2 hits). Tom Bailey clouted a round-the-circuit hit for the White Sox.

The Yankees followed the Orioles' lead and recorded two victories also last week: an 8 to 5 conquest of the Athletics and a narrow 2 to 1 triumph over the Senators.

Bob Tebelman was winning pitcher in the Yankee-A's meet, and teammates Jack Gardner, Jim Bolton and Mike Maloof supplied some expert batting. Two Athletic players—Alex Donnell and Bob Hummel—smacked homers for the losing team.

Jim Bolton was winning pitcher in the Yankees' duel with the Senators, but Pete Berdayes was top hitter with a double in a game with few hits and few bases on ball.

Dodgers	6	4	.600
Red Legs	5	5	.500
Braves	4	6	.400

Despite an 8 to 5 upset given them by the second place Dodgers, the Cardinals managed to stay two full games ahead of their rivals in the National Division of the major leagues.

Two home runs by John Knight—including one in the critical 7th inning—made him the hero of the day for the Dodgers. Tom DuFour was winning pitcher. Chuck Crandall was top Cardinal man at the bat with 3 hits.

The Cardinals bounced beautifully on Wednesday by bombarding the Pirates, 15 to 9. Mike Getz hit a grand slam home run for the Cards as his teammates—winning pitcher Tom Stack and Tim Slusser—racked up three hits each. Larry Meathe hit a homer for the Pirates, and Pirate Paul Addy took fielding honors with a sensational catch in the 4th inning.

Following their defeat of the Cardinals, the Dodgers lost a 4-3 heart-breaker to the rampaging Braves. Tim Scasama was the winning pitcher in the close contest, but John Knight was hitting hero with another homer added to his season record. John Woodcock led the Braves' hitting attack with a

triple and a double.

The Braves continued on the war path with a 13 to 1 massacre of the Red Legs. John Woodcock pitched all 6 innings to get credit for the win—yielding only 4 hits. Vito Tocco was number one warrior in the hitting tribe with 4 hits in 4 times at bat. Ping McKay notched 3 hits for the Braves as well.

The Pirates outpaced the Giants, 4 to 2. Larry Meathe swatted two home runs, and teammate Tom Dulapa took pitching honors. Mike Torlone was top batsman for the Giants with 2 hits.

Later in the week, it was the Red Legs' turn to cut the Giants down to size in an 8 to 4 match. Winning pitcher Fred Rohn hit a full-circuit clout, bringing in 2 runners and then went on, later, to hit a double which—once more—brought two men on base home.

Michigan—winner in the first of three rounds in the minor leagues' American Division—got off to a fine start in the second round with two victories.

Michigan first outgated the Marines, 15 to 5. Bob DeClercq was winning pitcher with brother Alex DeClercq, Dan Caramagno, Mike Tracy and Brad Veroute each getting 2 hits apiece for Michigan.

Dan Caramagno, Mike Tracy and Brad Veroute repeated their hot hitting as Michigan routed Purdue 13 to 2.

Ohio State developed as a strong contender in the second round by duplicating Michigan's record of two victories. Michigan State and Wisconsin were the losers. In the first game, Tom Connell, Norb Madison and Warren Terrace were tops in hitting with Dan Groat getting the nod for his work on the mound. Chris Dakoske was Michigan State's top man at the plate.

With Norb Madison on the mound, Ohio State defeated Wisconsin—a strong contender to the bitter end for top spot in the first round—12 to 6. Warren Terrace, who tallied two triples, was top batsman for the day.

Army won a hit-happy contest with Michigan State, 19 to 10. Winning pitcher was Jon Worrell. The Martin brothers—Deni and Chris—each contributed a triple to the winner's cause as did Paul Caramitaro. Top hitter for Michigan State was Mark Simon with 3 hits in 4 times at the plate.

Army and Wisconsin battled to a 7-7 tie earlier in the week when the game was called in the 8th inning because of rain.

With bases loaded, Rick Laudyt caught a hard-hit ball in left field to end an inning and earn the fielding laurels of the game in the Indiana-Northwestern contest. Bruce Kaseltz tallied a triple to lead the parade of Indiana hitters.

Iowa shut out Northwestern, 9 to 0. Don Briggs, winning pitcher, struck out 13 players, walked only 1 man and yielded no hits for a spectacular day on the mound. Bill Tocco was top hitter for the game.

School Board Election

The polls will be open Monday and, hopefully, every qualified elector will make a sincere effort to get there and exercise the precious privilege of casting a vote in the annual election of the Grosse Pointe Public School System. Six candidates will be running for the two vacancies on the Board of Education. Fortunately we have a number of very well qualified aspirants in the field seeking the trusteeships. The fact that so many talented men are willing to make the sacrifices involved in such service, should bring out a large vote, even if it only involves the personal friends of the candidates. But every thinking resident should get to the polls and evince his interest in this important event.

The Grosse Pointe Public School System not only plays the leading role in the real-life drama in which 11,608 of our young people are involved, but it is big business, which has to be managed with skill, astuteness, understanding. The School Board hires the administrators who carry out this most important assignment. The State Equalized Valuation of our Public School System property is \$282,854,915. The operating budget is \$7,957,765. There are 743 employees, including a professional staff of 570. The present plant of the school system is worth \$23,000,000, and last March the voters overwhelmingly approved a new \$8,000,000 high school and auditorium complex.

The members of the Board of Education have to be completely familiar with all the aspects of its most complicated operation. They hold regular monthly meetings, (which all residents are most cordially and urgently invited to attend), but the additional hours they devote to special committee meetings, personal research, visits to the many school buildings, interviews with personnel, etc., are beyond the comprehension of the average citizen. It is a completely dedicated acceptance of civic duty. The members of the Board of Education pool their talents and their intestinal fortitude to wage a never-ending battle to insure the preservation of the standards of our educational system and a constant search for ways to improve it. Their efforts are far more often damned than praised. Their pay is \$400 per year, which falls far short of qualifying the post for the political plum category. In some cases this stipend is refused. We are particularly reminded of the case of a former trustee, Chet Sampson, who not only refused the pay, but added his personal donation to provide scholarships for worthy high school students, to help them pursue higher education.

Extend to these candidates the courtesy of casting your vote for your choices. A condensed summary of their qualifications will be found in the news story which provides the lead for Page One in this issue. A large turnout at the polls will not only thank those who are running in this election, but will tell those who have served before and are still serving, that you appreciate the very great contribution they make to the good of the community.

What Goes On at Your Library

By Virginia Leonard

It has been estimated that probably half of the motion pictures produced are inspired by novels, plays and short stories. Some stand the test, some are an improvement over the original, some lack the nuances and meaning the author intended, and some are so changed that the source is hardly recognizable. I'm sure you have all had, at one time or another, applied your own personal measuring stick while viewing cinematic offerings inspired by books.

I can remember going to see LORD OF THE FLIES (by William Golding) with great trepidation; I had enjoyed the book so much and I didn't want the net impression spoiled. Luckily, the picture, to me, was done with perception and understanding, and I was satisfied. Now I anticipate HIGH WIND IN JAMICA (the book by Richard Hughes) with the same fear, for I found this a fine, powerful novel.

Just for fun, let us consider some of the recent films which have a book as their basis. The best-selling THE SPY WHO CAME IN FROM THE COLD, by John Le Carre, is one; another is SHIP OF FOOLS, by Katherine Anne Porter; ZORBA THE GREEK, by Nikos Kazantzakis; the wonderfully satiric THE LOVED ONE, by Evelyn Waugh; Herman Wouk's well-known YOUNGBLOOD HAWKE, Fletcher Knebel's SEVEN DAYS IN MAY, Eugene Burdick's FAIL-SAFE. The civil rights issue is represented by John Griffin's BLACK LIKE ME. James Jones has two to his credit; THE THIN RED LINE and FROM HERE TO ETERNITY.

Among the literary classics, we hope you will all remember either the book or the movie (or both) for the following: LORD JIM, by Joseph Conrad; TOM JONES, by Henry Fielding; MUTINY ON THE BOUNTY, by Nordhoff and Hall; BEN HUR, by Lew Wallace; GONE WITH THE WIND (which we'll bet you've all seen more than once!) by Margaret Mitchell; MOBY DICK by Herman Melville; WAR AND PEACE, by Leo Tolstoy. And, of course, there is always Shakespeare! Most of us have thrilled both visually and imaginatively to various performances of plays such as JULIUS CAESAR and RICHARD III.

And speaking of the theater, it is interesting to note how many plays have been converted into films, (or at least have been the basis for them). An early one I have never forgotten was THE MAN WHO CAME TO DINNER, by George Kaufman, which I found wildly hilarious even in reading. A recent unforgettable movie is MY FAIR LADY, by A. J. Lerner; another, THE SOUND OF MUSIC by Howard Lindsay. One I've been trying to see for months is THE NIGHT OF THE IGUANA, by Tennessee Williams, the man who also wrote the zesty CAT ON A HOT TIN ROOF. A few weeks ago I caught a television rerun of THE MIRACLE WORKER by William Gibson, which delighted me as I had missed it at all my local theaters.

Another old one I've never forgotten was SEVEN YEAR ITCH, by George Axelrod. I'll wager I'll have you humming "Seventy-six trombones" when

I mention THE MUSIC MAN by Meredith Willson. And what of the powerful LONG DAY'S JOURNEY INTO NIGHT, by Eugene O'Neill? Another we can remind you of is Gore Vidal's THE BEST MAN.

And still random thoughts float to the surface. I can see several scenes taken directly from TEAHOUSE OF THE AUGUST MOON, by J. P. Goggin. This is followed by Rosalind Russell as she captivates her audience, all the way from the novel by Patrick Dennis, through the play by Jerome Lawrence, and on into the motion picture, AUNTIE NAME. And the one I'm really waiting for is WHO'S AFRAID OF VIRGINIA WOOLF? by Edward Albee—that should be quite a picture!

To bring you completely up-to-date, the June 4 issue of TIME tells us of two other motion picture, AUNTIE MAME, well-known novel—one a recent one; the other a classic. THE AMOROUS ADVENTURES OF MOLL FLANDERS, described in TIME as "a telescoped, tidied-up version of Daniel Defoe's . . . 18th century classic" is the first. The other, based on the Rumor Godden best-seller, is THE BATTLE OF THE VILLAGES (a book which I read and enjoyed).

We suggest that you come in and read the original novel, play or story of one of your favorite motion pictures. They might conceivably give you an extra dimension of perception—make the story come more strongly alive—show you how, in some cases, the original and the film are different.

With June bustin' out in many directions, some of our thoughts should be turning to vacation reading. With this in mind, our three libraries will have large, attractive posters reading: "Vacation readers have more fun than anyone", plus a gay, light mobile, complete with tennis racket, flowers, birds, boat and trees. And this caption goes one step further: "Vacation readers have more fun than anyone . . . except other vacation readers!" This is a wonderful time for children to get caught up on their reading, explore new authors, fields—possibly reread some old favorites. Please remind them that our libraries are always ready to welcome and help them.

From Another Pointe of View

From Paris came invitations to tea next Wednesday, at Mrs. Charles T. Fisher, Jr.'s home in Lake court, addressed to members of the Grosse Pointe Committee for the Meadowbrook Music Festival.

The letters were posted by committee chairman Mrs. Henry deSegur Lauve, vacationing in her favorite City of Lights.

Mrs. Lauve will be home for the tea, however, and managed to do a good deal of Meadowbrook "groundwork" before she left for France. With her co-chairmen, Mrs. Paul D. Bagwell, Mrs. Winfield Jewell, Jr., and Mrs. V. Everett Kinsey, she spent several spring weeks contacting season ticket holders of last year for their advance renewals.

The June 16 tea officially launches the drive for Festival ticket sales in The Pointe. Special invited guests are Mrs. Alfred G. Wilson, Oakland University Chancellor Durward Varner and Festival Director James Hicks.

Back from The Balkans

Dr. and Mrs. John R. Birch have returned to their Vendome road home after a fascinating excursion through Cairo, the Holy Land, and Yugoslavia, (among other places).

Mrs. Birch was especially enchanted by Yugoslavia, which she describes as a "very rugged country—but very, very beautiful."

This year's Meadowbrook program will begin on Thursday, July 8, and continue for six weeks through August 14. The programs are given on Thursday, Friday and Saturday nights only.

The 1965 weekly guest stars, who appear on each of the three nights, are Isaac Stern, Phyllis Curtin, Claudio Arrau, Robert Shaw, Sylvia Lin and Jerome Hines.

Committee members invited to sip tea and discuss Festival plans at Mrs. Fisher's include the Mesdames Wendell W. Anderson, Jr., Bert Cremers, Sidney Hall, Philip C. Baker, William M. Day, Charles A. Dean, Jr., Walter A. Crow, C. Henry Buhl, Ferdinand Cinelli, Frank

GROSSE POINTE

Lansing Letter

LOCAL CONTROL OF GROSSE POINTE SCHOOLS IN JEOPARDY!

Did you know that two bills have already passed the State House of Representatives, and are now being considered in the Senate, that can:

MAKE THIRD CLASS SCHOOL DISTRICTS (i.e., Grosse Pointe) NO LONGER EXEMPT FROM MERGER WITH OTHER SCHOOL DISTRICTS IN THE INTERMEDIATE SCHOOL DISTRICT OF WAYNE COUNTY (HR 2326)?

FORCE A POPULAR VOTE IN ALL WAYNE COUNTY ON THE SELECTION OF THE INTERMEDIATE SCHOOL BOARD IF ANY DISTRICT (i.e., Detroit) HAVING MORE THAN HALF THE SCHOOL CENSUS DESIRES IT (HR 2139)?

HR 2326 removes the present restrictions which exclude third class school districts from intermediate school district reorganization plans. Grosse Pointe is a third class school district. Final approval of the plan would be by popular vote in the proposed merged districts as a unit.

HR 2139 changes the method of electing intermediate school board members so that any district with more than half the school census may place the issue of selecting these board members by popular vote on the ballot. Presently, such a proposal must also be approved by a majority of all the school boards in the intermediate district.

Contact your State Senator (George S. Fitzgerald or Charles N. Youngblood, Jr., State Capitol, Lansing) immediately. Urge them to work for the defeat of these bills.

Martha Cook Alums Discuss Anniversary

University of Michigan Dormitory to Celebrate its
50th Year This Fall; Many Pointers are Former
Residents of the Building

Golden spring flowers centered the tea table, but
talk was of a golden autumn at the home of Mrs. Adele
Huebner on Saturday, June 5.

The subject was the Fiftieth Anniversary of The
Martha Cook Building at
The University of Michigan,
and plans for a weekend of
festivities next October 22
and 23.

Miss Huebner, general chair-
man of the Martha Cook Fiftieth
Anniversary, noted that,
over the last half century, some
3,500 women have lived in The
Martha Cook Building during
their college years at The Uni-
versity of Michigan.

Although many reside in the
Grosse Pointe area, invitations
have gone out to alumnae in
all 50 states and as far away as
Europe, Latin America, and the
Orient.

Discussing plans over tea
were Mrs. John A. Ross, Mrs.
Harold R. Smith, Mrs. Delos P.
Heath and Miss Ann Cook of
Grosse Pointe, Mrs. Heath and
Miss Cook are the niece and
grand-niece of the Building's
donor, William Cook.

Mrs. Edward D. Maure was
present to comment on prepara-
tions for the banquet to be held
at the Michigan League on Sat-
urday, October 23. University
of Michigan President Harlan
Hatcher will be featured
speaker at the banquet, which

is expected to draw about 500
returning alumnae.

Mrs. Calvin Patterson will be
chairman of a reception preced-
ing the banquet.

Other Martha Cook alumnae
working on the Fiftieth Ann-
iversary are Mrs. George J.
Huebner, Jr., Miss Thelma
James, Mrs. Winfield L. Holden,
Mrs. Frederic B. Lowrie, Mrs.
John W. Edwards, Jr., and Mrs.
Dan Krouse.

Also attending the meeting
were Mrs. Stewart Smith, Mrs.
Robert Waldeck, Mrs. Joseph
Giamalva, Miss Marion Galton,
Mrs. Stanley D. Bielby and Mrs.
Robert Amick.

Mrs. Harry Benford is ar-
ranging for bus tours of the
Ann Arbor campus for return-
ing alumnae. Other activities
will include a luncheon at the
Martha Cook Building and a
tea for University faculty and
friends.

Built by lawyer and philan-
thropist William Cook in mem-
ory of his mother, the Martha
Cook Building is noted for
maintaining the standards of
scholastic excellence and tradi-
tions of gracious living which
Mr. Cook felt important in an
increasingly fast-paced world.

Note from New York

A note from former Pointer Mrs. Reginald T. Murphy, who now makes her home in Chappaqua, N.Y., brings news of an enjoyable, impromptu reunion aboard the SS France.

The Clark W. Pearsons, of Fair Acres drive, were sailing for Europe and invited Mrs. Murphy and her daughter and son-in-law, Mr. and Mrs. Carl E. Sisk, to a Bon Voyage party. There, they met several old friends, including Mrs. Claude Greiner, of Lakeshore road.

"It was so nice to see someone from Grosse Pointe," Mrs. Murphy writes, adding that the Pearsons' schedule, including a motor tour of the British Isles, promised a "most interesting" trip.

A Most Romantic Story

Sunday is a BIG day for members of Diana Pantel's Maire School kindergarten class, who have been specially invited to the wedding of their teacher.

Miss Pantel speaks her marriage vows to Richard Haywood Cox, Jr., in Assumption Greek Orthodox Church at 5 o'clock, and the tale of their courtship is a Most Romantic Story.

Diana's mother was born in Kavalla, in northern Greece. She came to the States 26 years ago, married, had children, finally decided to return to her homeland last summer for a visit, bringing along her two daughters, Sophie and Diana.

The girls were enchanted by Greece, charmed by their relatives. They tried to blend themselves into the Greek countryside, to speak Greek and to understand it, but there were occasional difficulties.

One day, Diana and Sophie went out driving with a cousin. He told them to turn left; they misunderstood and turned right. The "wrong" turning brought them to the foot of a large building.

"That is where the Americans live," the Kavalla cousin told his visiting relatives. Both girls were delighted. They loved Greece, but it would be nice to speak to an American again.

They saw a young man leaning against a window and called up to him: "Are you an American?" He shook his head—"No"—but signalled them to wait a minute.

Sophie and Diana waited... until Richard Cox, Jr., an American working in Greece, walked out of the building and up to the car.

He talked to the girls, invited them to join him and some friends for swimming and dinner that evening. The Pantel sisters took him up on the invitation—much to the horror of their relatives. In Greece, young girls only go out alone with their fiancés.

But Sophie and Diana insisted on their American Rights. They met Mr. Cox, swam and had dinner... while their cousins patrolled the street outside the house where the party was being held, ready to "move in" at the first sign of an emergency.

That was the start of The Story. The first chapter comes to an end Sunday, when Richard and Diana marry. Chapter Two opens this summer, when the Coxes return to Kavalla, where they will live for the next two years.

Tricia Brown Wins Contest

Tricia Brown, co-editor of Grosse Pointe High School's paper The Tower, is the first Grosse Pointe High School student to win first place in the Michigan Interscholastic Press Association speech report writing contest.

At the 38th annual MIPA convocation, held at the University of Michigan on Friday, April 30, Tricia won first prize from among 19 entries in the contest, sponsored by Sigma Delta Chi journalism fraternity at the U of M. The convocation is attended by high school journalism students from all over the state.

Tricia reported the keynote speech of Fred J. Hechinger, Jr., co-author of Teenage Tyranny. The speech, entitled "Clash of Generations," talked about teenagers and the fact that parents and advertisers were responsible for the deviant behavior of today's youth. The prize-winning speech report took a little over an hour to complete.

Only one student from each school represented is allowed to participate in the contest. Bob Wells, a 1963 graduate of Grosse Pointe High School, is the only other High School member to place in the contest. He won second prize in 1961.

For Tricia's efforts, she received copies of "Teenage Tyranny," "Excellence," by John Crowl, by David Riesman. All were autographed by Mr. W. Gardner, and "The Lonely Hechinger."

THOMAS DAVID LESTER, son of MR. and MRS. DAVID R. LESTER, of Park lane, was among 260 seniors who received Bachelor degrees in ceremonies marking the close of Washington and Lee University's 216th academic year.

who, where and whatnot

by wboozit

Pretty things . . . include Mrs. Henry H. Hubbard, III, of Lothrop road, in a multi-colored flower-embroidered sweater, sent from The Orient.

A man among (women) . . . is George Lang, of Kerby road, who thoroughly enjoyed his distinction as the only male to receive honors when members of Pilot Club of Detroit, international organization for executive business and professional women, recently received 100-hour service pins from the Michigan Cancer Foundation. The awards were made during the annual President's Party and installation of new officers for the 1965-66 year, (Pointer Barbara Ogden is the incoming president). Mr. Lang, husband of a Club member and therefore designated a "Co-Pilot," accumulated his service hours for the driving he put in picking up and delivering cancer pad sewing materials for the women to work on. During the past three years, he has answered most of the requests phoned by citizens of Metropolitan Detroit to his wife, Ruth, donating sheets and white cotton goods for the cancer pad sewing project. He also delivered the finished pads to the Michigan Cancer Foundation, donor of the 100-hour service pins to Club members.

Latest chuckle-fad . . . among the teenage set: Racing stripes, taped on Volkswagens, (almost as good a status symbol as a Honda, we understand).

We're charmed by . . . the dancing legs, banjos and straw hats that grace invitations to the Junior Women's Association for the Detroit Symphony Orchestra's June 18 River Boat Party.

And we must mention . . . the VERY handsome green and blue advance announcements for Fashion-scope, Fall '65, sponsored by the Junior League of Detroit, Inc. Be sure to look on the back of these folders and note the League's current projects and activities: School Enrichment Program, Art to the Schools, Poison Control Center, Glee Club and Young People's Concerts.

Bursting with delight . . . is Susan Becker, daughter of Dr. and Mrs. J. W. Becker, who moved from Edgemere road to East Jefferson avenue, St. Clair Shores, last year, and wants all her Pointe friends to know that she will be leaving Monday for a six and one-half month tour of the world. Susan and a friend, Barbara Wibbelmann, of Mt. Clemens, are taking the east-west round around the globe, flying directly from Detroit to London, then will go on to Scandinavia, Poland, Russia, eventually making their way to Australia and the South Pacific before they come home again.

And another young former Pointer . . . Lynne Alcott, daughter of Mr. and Mrs. William De Milt Alcott, Jr., now of Corona del Mar, Calif., has a fabulous summer ahead of her. Lynne has been selected as one of 14 students from the University of California to represent the Department of State and the University Religious Conference at UCLA on "Project India." She will spend three months in India, meeting university and college students and participating in civic service projects in Indian communities. Currently in her junior year at the University of California at Los Angeles, where she is majoring in Sociology, Lynne is a graduate of Grosse Pointe High School, where she was active in Student Government, the A Capella Choir, worked for the student paper and the yearbook, and was a recipient of the Good Citizenship award.

PILFERINGS

A professor at an Eastern university driving to the West Coast one summer had been invited to stop en route at the homes of half a dozen of his former students. A methodical gentleman who prided himself on efficiency, he wrote all his thank-you notes beforehand. He sealed, addressed and stamped the letters, bundled them up with a rubber band and put them in his overnight bag.

His first stop was in Buffalo. The following night, unpacking in a hotel room about 300 miles farther west, he discovered the thank-you notes were missing. Telephoning his Buffalo host, he asked with studied casualness, "Did you by any chance find a bundle of letters in the guestroom?"

"Why, yes," said his friend. "I mailed them for you this morning."

When Dizzy Dean became a radio sportscaster, he did an effective job of beanballing the king's English. In an exciting game, the visiting team loaded the bases in the ninth with one out and the score tied. "This could be disastrous," Dizzy told his listeners, then added, "but it could be COODASTROUS, too."

"Diz," whispered a fellow announcer, "there's no such word as goodastrous."

"There is now," replied Dean, unperturbed.

Pointer of Interest

MRS. J. STEWART HUDSON, OF LOTHROP ROAD

By Janet Mueller

"Home" is the pleasantest of words as far as Julie Hudson is concerned; "Family" means a large, diverse, delightful group of people who enjoy each other's company.

"We're home a great deal," she maintains—then adds, with a soft chuckle, "It doesn't sound that way, but we really are!" At first hearing, it certainly DOESN'T sound that way. One is as likely to meet Dr. and Mrs. J. Stewart Hudson in Baden-Baden, Kashmir or Antigua as in Grosse Pointe . . . but Grosse Pointe is the Hudson family headquarters, and when Dr. and Mrs. Hudson speak of "home," they are speaking of Lothrop road.

Here, Julie Hudson lives, surrounded by family pictures, well-read books, mementos of her travels with her husband. There are many mementos, many books, many family pictures. Born into a large family, Julia Buhl Hudson is herself the mother of five children, grandmother of eight—so far.

Her daughter, Julie (Mrs. Sigmund E.) Freund, who lives in St. Louis, has two children, Clara Hudson lives outside of Philadelphia. Arthur (Bud) Hudson and his wife make their home only a few blocks away, in Merriweather road; their three children frequently "come to call" in Lothrop road.

Jim Hudson, (his wife is a Julia, too . . . the name seems to be a Hudson trademark), also son of three, resides in Pontiac.

Wedding Coming Up
Jeffery Hudson is still home—until July 10, when he will marry Polly Kammer, daughter of A. Frederick Kammer, Jr., of Cloverly road, and Mrs. B. Holton Kammer, of Kerby road.

The wedding is Number One Big Event in the Hudson household this summer.

"It's all very exciting," Mrs. Hudson says. She has been Mother of the Bride and Mother of the Groom, can't decide which she likes best, but admits, "It's slightly easier being Mother of the Bridegroom than Mother of the Bride."

The Hudsons are delighted with Jeff's prospective bride. "He's marrying a girl we've known and loved for years," Julie explains. She considers herself "very lucky" in her Acquired Daughters: "They are all different, they are all wonderful, and they all get along well."

The "family" will be gathered en masse for the wedding. Family gatherings are no novelty at the Hudson home, however. "We have always had a family get-together," Mrs. Hudson remarks.

Family Yule Dinner
The Buhl-Hudson clan traditionally sits down to Christmas dinner together. There are usually between 30 and 48 at the holiday table, and the family members alternate as dinner hosts and hostesses.

It's Julie's turn to entertain this Christmas. She is looking forward to the festivities, even though she knows from past experience that the dinner preparations are "hard work"—but she couldn't imagine sitting down to Christmas dinner with just Dr. Hudson as her table companion.

Their home is very large; "We rattle around usually," Mrs. Hudson admits. She is enjoying having Jeff home. "It's the longest he's been here in 10 years," she explains, and is always delighted when the Merriweather grand children pay a call.

She even has a special "Grandchild's Chair" for the tiniest visitors, a small seat nestled comfortably near the library fireplace. Jeff's Christmas gift to his mother the year 'Phair, Arthur's oldest daughter, was born.

When the house is crowded for the holidays, and the tree

and decorations are up, the Hudson home in Lothrop road truly comes alive. "We have great fun on Christmas morning," Julie says, and her eyes shine in remembrance—and anticipation.

Decoupage Expert

Alone, she likes to keep her hands busy. Decoupage is her favorite pastime. She has probably, over the years, done more decoupage than any other woman in the Pointe, helped to introduce the now-fantastically popular art locally, taught today's teachers of decoupage how to rub and polish their pieces to perfection.

She does a great deal of needlepoint, too. "I like anything I can do with my hands," she notes.

Her decoupage workshop is in the basement, but lately she has been forced to do most of her work on the porch, overlooking the garden.

Jeff's things are occupying a goodly amount of basement space for the time being, and Dr. Hudson, who recently moved into new offices at the corner of Grosse Pointe boulevard and Fisher road, has stored some of his "Moving Day" overflow below-stairs in Lothrop road.

Julie, well-organized worker that she is, has set up a porch decoupage working-table for the duration; it takes more than an over-crowded basement to make her stop rubbing those surfaces!

Cut Down Activities
Several of her new pieces are already promised to the Grosse Pointe Memorial Church Fair.

"I used to be in a great number of things," she explains, "but now, we are out of town so much that I'm not terribly active in local organizations."

She recently resigned from the Women's Committee of the Detroit Institute of Arts because she felt she was not in town enough to do the committee justice; however, she is still active in the Garden Club of America, still involved in Memorial Church projects, often takes on "short jobs" for special causes, as her time permits.

Dr. and Mrs. Hudson do a considerable amount of traveling. They have been around the world several times, and go to Europe just about every year.

Julie Hudson finds it difficult to pick a particular part of the world as her "favorite" spot. "I like so many places for so many different reasons," she laughs.

"We've spent much time in The Orient, and I enjoy that . . . We LOVE Ireland and Scotland . . . I am very fond of Baden-Baden, Germany."

Partial to Antigua

"I suppose my favorite spot in all the world is Antigua. We have a little house there, and we go there every year—I wouldn't miss that!"

Dr. Hudson's special place is his farm, in Ortonville, Mich.; he and Julie and the family spent many weekends there over the years. It is a working farm; Dr. Hudson has been raising Angus cattle.

Mrs. Hudson still accompanies her husband to Ortonville, and enjoys the farm well enough, but she admits, "Dr. Hudson likes it more than I do!"

The Hudsons may be gone a good deal, but they always come back to Lothrop road. Julie likes The Pointe in summer; she and the doctor usually stay here during the hot months, relaxing and enjoying their home and their garden.

guests can spread comfortably over the lawn.

On Garden Tour

She wants the garden to be at its best that night . . . and she hopes it will be at its best this weekend, too, when it is opened to the public as part of the Detroit Garden Center's Tour of Grosse Pointe Gardens, this Saturday and Sunday, between 1 and 6 o'clock.

Mrs. Hudson insists, "I am not a great gardener. I am not at all knowledgeable. I like going out at certain times, and digging; I know what I like and what I don't like; but I am not REALLY a gardener."

Still, she loves to look at her garden, and to walk in it. She couldn't imagine living in an apartment, without a garden, without trees.

"We changed the garden about five years ago, eliminating a great deal," she explains. The present garden includes a large, open rose terrace, directly off the porch. ("I'm old-fashioned," Julie says, referring to the glass-enclosed all-weather room at the side of her house, "I call a porch a porch.")

At the other side of a wide expanse of lawn is a small flower garden, ("Please don't call it a 'formal' garden—I hate the word 'formal'"), and running alongside the far garden wall is a little "wild" path, a Spring Walk, leading through trees and flanked by azaleas and spring flowers.

Loaded With Trees

"We can't grow so much because we have so many trees," Mrs. Hudson notes. The trees are old, and big, and wonderfully shady; they combine with the broad lawn to make the Hudson garden at once spacious and welcoming.

The Hudsons opened their home for a House Tour a few years ago, but managed to be in Kashmir on the Tour date. This weekend will be Julie Hudson's first experience of living in a house while a Tour is being conducted around it—but Detroit Garden Center tours are so beautifully managed, we predict she'll never know that hundreds of people are passing through her property, providing she stays indoors, works at her decoupage or needlepoint, or rearranges her collection of China houses.

She has been collecting the houses, displayed on several lower bookshelves in the library, for "a good 45 years." She picks them up wherever she finds them.

Some are old, and relatively valuable, ("But not terribly valuable; they were never Great Pieces—most were made as souvenirs, copies of buildings in the neighborhood," she explains). Many are Staffordshire, others are Rockingham and Derby pieces.

She started her collection in this country, bought more houses in Scotland and England, received some as presents from friends.

Cottages to Castles

Her present large group ranges from cottages to castles, includes modern copies that she likes as well as originals. "It's hard to get originals now, there are so many copies being made," Mrs. Hudson says.

The copies are usually mere replicas of a building. The originals all have some purpose; they were made to serve as inkwells, night lights, incense burners, banks, candy jars . . .

It is an international collection including a few Dutch Delft houses as well as the more usual English pieces. Perhaps, when the Hudsons go off to Julie's "favorite Baden-Baden" in the fall, after the wedding, she will be able to find a German China cottage, another tiny "home" to bring Back Home, to Lothrop road.
