THE U.S. SENATE, though divided over the possible relationship of smoking to cancer, yesterday passed legislation requiring health warning labels on cigarette packages. The vote was 72-5. The bill, which will now go to the House, would require this statement on each package and carton: "Caution: Cigarette smoking may be hazardous to your health." The House Commerce Committee approved a similar bill Tuesday and the House is expected to vote on it sometime next week.

Friday, June 18

THE STATE House of Representatives restored \$6.27 million to the University of Michigan 1965-66 budget which budget drafters had trimmed from Senate approved appropriations. The House also rescinded the House Ways and Means Committee's decision to give an extra \$2.5 million to Wayne State University and lesser amounts to other schools.

Saturday, June 19

REPUBLICAN NATIONAL CHAIRMAN Ray C. Bliss denounced Barry Goldwater and his new Free Society Association Friday. The FSA, which was cited as a "focus" for the bands of conservatives who gave support to Goldwater in the last election, was thought by Bliss to be "harmful to the long-range interests of the Republican Party." Bliss added, "If you believe in a free society, the best way is to work through the regular party system." Bliss further felt that the FSA, which hopes to raise a war chest of about \$2 million, would drain off contributions badly needed by the ailing party.

OUTSTED in a bloodless coup, President Ahmed Ben Bella, who came into power after Algerian independence was granted by France in 1962, was believed to be in military custody. Ben Bella was charged with a "morbid love of power," wasting money, mismanagement, and "criminal attempts" to discredit the army, by a communique issued by the new "Council of the Revolution." Indicating that Ben Bella would be tried on charges of treason, the communique stated that he would "have the fate reserved by history to all despots." Back in Washington, Senate Democratic leader Mike Mansfield saw Ben Bella's overthrow as a means of strengthening relations between Algeria and the outside world.

LACONIA, N. H., the scene of a riot lasting four hours Saturday night, was patrolled Sunday in hopes of preventing a recurrence. The estimated 2,000 rioters, leather-jacketed motorcyclists armed with bicycle chains, brass knuckles, knives, set fire to cars and tore up the resort town. A nearby motorcycle rally apparently attracted the cyclists who terrorized residents before police and National Guardsmen could stop them. Police said the riot began when a motorist attempted to drive through a line of Canadian cyclists about to start a drag race.

Tuesday, June 22

THE SENATE Armed Services Committee apparently heeded the warning of President Johnson that he might veto a \$2 billion military construction bill if they failed to confirm the right of President Johnson and Defense Secretary Robert S. McNamara to close military bases when they choose. The House-passed bill providing the funds for construction of new military facilities contained a clause that would have subjected the closing of military bases to congressional veto. The provision, written by Rep. L. Mendel Rivers, South Carolina Democrat, who is chairman of the House Armed Services Committee, was defeated by a vote of 10-3.

Represent Century And Half of Service

Five retiring members of the professional staff of the Grosse Pointe Public School System were photographed as they relinquished their duties at the close of school on Friday. Seated (left to right) are Miss

Anne Wallace, Mrs. Mae Fuller, and Mrs. Lucile Mullen. Standing (left to right) are Charles E. Saltzer and John E. Finch. The veteran educators have served the local schools for a total of 151½ years.

AAA Figures Cost of Car Ownership

Average Pointer Pays
\$3.22 Daily to Own and
Drive Vehicle 28 Miles,
Survey Reveals

The average Grosse Pointe motorist pays \$3.22 daily to own and drive a car 28 miles, according to research statistics released by Automobile Club of Michigan.

"Car owners in Wayne county spend approximately \$1.2 billion annually on their automobiles," says George Measel, manager of Auto Club's Grosse Pointe division office. "For many persons, a car is the largest daily expense after food and housing," he adds.

These facts are derived from information in AAA's pamphlet titled "Your Driving Costs," which is issued biennially. Information in the latest edition is based on the performance of a 1965 eight-cylinder standard car of the lower price class.

Costs Broken Down
Yearly cost for driving 10,000 miles is set at \$1,177. This is up \$15 as compared with 1963, according to figures compiled for Auto Club by two independent research firms.

Expenses for gas, oil, tire and routine maintenance remain unchanged since the last report at 3.7 cents per mile. Fix costs — depreciation, insurance and registration — are up slightly across the nation.

Auto Club separates car expenses into two categories, as follows:

1. Variable costs per mile (based on 10,000 miles yearly)

Total of Century and Half Of Service Accumulated By Five Retiring Teachers

Quintet of Dedicated Educators Terminate Careers
With Public School System; Purposeful
Leisure Looms Ahead

When the 1964-65 school year ended officially on Friday, five members of the professional staff of the Grosse Pointe Public School System, with a total of more than a century and one-half of service to this community closed their books. Among those looking forward to a future filled with purposeful leisure is Charles E. Saltzer, principal of Brownell High School.

Departing from the high school scene are John E. Finch, head of the music department and Mrs. Lucile Mullen of the English department. Leaving posts at Trombly Elementary School are Mrs. Mae Fuller and Miss Anne Wallace.

Mr. Saltzer, the principal of Brownell since it opened in 1958, has been a member of the staff of the public schools here since 1934. He is a graduate of Eastern Michigan University and the University of Michigan. The Saltzers, residents of Robert John road, plan to travel and

spend time pursuing their hobbies.

Directed Fine Concerts
John E. Finch is a graduate of the University of Michigan, where he obtained his bachelor's degree in music. He completed his MA at Wayne State University. He came to Grosse Pointe High School in 1924 following a year of experience as a teacher in Adrian. Mr. Finch has become known throughout the Detroit metropolitan area for the excellence of the vocal concerts he has directed in Grosse Pointe for many years.

Mrs. Mullen, a native of Six Lakes, Mich., taught in Sturgis before coming to Grosse Pointe. She has been a teacher of English from 1920 to 1942, and continuously since 1957. Mrs. Mullen holds two degrees from the University of Michigan and has continued her education there, as well as at Wayne State University.

Served 38½ Years
Mrs. Fuller is a graduate of Wayne State University. During her term in Grosse Pointe she has been a sponsor of the service girls' organization, has done a large share of intra-school committee work, and she has served on the curriculum council during her 38½ year career in the elementary schools of Grosse Pointe. The Fullers plan to divide their time between their Grayton road home and their farm home in Potteryville, Mich. Travel looms on the horizon with Hawaii, Florida and the Caribbean beckoning.

Miss Wallace, an elementary teacher here since 1944, is a native of Washington, where she received much of her training. She continued her education at Michigan State University and Wayne State University, as well as in England at the University of Manchester and the University of Bristol. She spent a year (1950-1960) teaching in Great Britain. Prior to coming to Grosse Pointe, Miss Wallace's teaching experience ranged from Washington to New York and Massachusetts.

With the freedom of retirement, Miss Wallace will have time to devote to her interest in traveling. She plans to spend her first year away from the classroom with her friends and relatives in her home state of Washington.

Recipients of Chrysler Corporation Fund Scholarships are Daniel Skubick, Ann Blakeslee, and Jane Peebles.

Diane Dillaman, Bonnie Burton, Barbara Rivard, James Stoetzer, and Elizabeth Shreve, have been granted Regents' Alumni Scholarships at the University of Michigan.

More winners are David Hoonkanson, Columbia; John Meskison, Kalamazoo College; Linda Bailey, Wellesley College; Grosse Pointe Nursing Scholarship; Richard Douglas Wright, (Continued on Page 6)

City Council Says Real Estate Signs Violate Ordinance

Lee Realty to Correct Situation Within Month; Parking Lots to Be Repaired During Summer

What could have been a decidedly routine matter turned into controversy at the June meeting of the Grosse Pointe City Council, Monday evening, June 21. The item on the agenda concerned a request for deviation from provisions of Ordinance No. 3, regulating signs and banners and the posting of cards and advertising.

Requesting deviation was the Lee Realty Company which painted signs covering three entire walls of its building at 18118 Mack avenue without requesting a permit or permission to depart from the provisions of the ordinance.

The ordinance prohibits signs or advertising in the City of Grosse Pointe to exceed the size of 5x7 feet. The theory behind the ordinance, as explained by Mayor David E. Burgess, is that many areas which might use signs or advertising are so restricted in space that anything over this limit would look garish. This not to say that some establishments could not employ signs three times this size without danger of destroying the character of the neighborhood, in which case the establishment may appeal to the Council for deviation.

25 Times Too Big
Estimates of the square footage of the Lee signs run to about 900 feet for the three walls. This is over 25 times the limit set down in the ordinance.

A representative from the Lee Co., James L. Hulet, who was asked to appear at the meeting and present their case, explained that they are new in the area and were unaware of the ordinance. Mr. Hulet, however, did tell his painter to check with the City before going ahead.

This is where the error apparently was made. In the first place, the painter went to the Woods Council, not the City. And then, because he was treated "discourteously" as Hulet said, and unable to obtain the information he needed, he proceeded to paint the sign, without the required permit.

Hulet continued to plead his case, arguing that this same building has previously carried signs for the last four years which exceeded the 5x7 limit. He supposed that the former administration had probably not enforced the restriction, adding

Valuable Sign Stolen on Hill

An iron sign, forged more than 260 years ago, was stolen from the side of the Dants Building, 98 Kercheval, on Tuesday, June 15, according to a complaint made by Mrs. W. M. Dant, owner of the store.

She told Farms police the sign was an antique, made in 1700, and forged in the shape of a sea shell. It measured 27 inches long and 18 inches wide.

The sign was painted a rust brown, with black lettering which spelled out "Antiques". Mrs. Dant said. The sign is valued at \$145, she added.

Principal in 1951 Slaying May Be Freed from Prison

Albert J. Daly, 37, might gain his freedom from Jackson Prison next month, after serving 14½ years of a life sentence for the murder of his wife, on February 7, 1951.

He was allowed to plead guilty to manslaughter, in the death of his wife, Mrs. Virginia Hebb Daly, 22, who at the time lived with her mother, Mrs. Pauline Hebb, at 17441 Maumee. The plea was accepted by Presiding Judge Thomas J. Murphy, who sentenced Daly to life imprisonment at hard labor in 1951.

Judge Murphy ordered a psychiatric examination of Daly, and a probation report before Daly comes before him on Thursday, July 8, a date, which in all probability might mean freedom for the man.

Pay Raises Being Given All Employees

Tax Rate Stays at \$17.25
Per Thousand Despite
Increase

The Shores Village board of trustees, at a public hearing held on Tuesday, June 15, approved a record fiscal budget for 1965-66, which includes substantial pay raises for all village employees, plus fringe benefits; equipment purchases for the Department of Public Docks; and funds for improvements at the municipal park.

In spite of the budget increase, however, the Village is holding the line on the tax rate.

The budget approved by the board amounts to \$596,864, as compared to \$551,872, for the 1964-65 fiscal year. The fiscal year in the Shores is from April 1 to March 31, under the village charter.

Village Superintendent Thomas Jefferis disclosed that approximately \$80,000 a year is maintained in surplus funds, to keep the village operating from April 1 to July 1 each year, at which time village taxes are due. The surplus funds do away with borrowing money from sources on tax anticipation notes, he pointed out.

Boosts Start July 1

Pay increases and new fringe benefits, under the new budget, will start on July 1. Jefferis said. Actual pay increases for each employee amount to about \$500 a year.

Jefferis disclosed that the board, in spite of the big increase in the budget, has held the tax rate to \$17.25 per \$1,000 assessed local valuation.

The new fiscal budget includes a straight \$500 increase in the salary of public safety officers; plus, for the first time, paid up Blue Cross insurance for the officer and his dependents; and a fully paid annual premium on a \$5,000 life insurance policy, for the officers only. The hospitalization and life insurance also apply to all municipal employees.

Just Under W-oods

The actual pay increase of \$500 boosts the rank and file Public Safety Department officer's salary from \$6,800 to \$7,300 a year, just \$100 under the actual annual salary recently granted the Woods Department of Public Safety personnel. The Shores, like the Woods, has an integrated police and fire department.

Other fringe benefits enjoyed by the Shores department, granted in previous years, and still in effect, are longevity (Continued on Page 4)

Woods Winner Of Safety Award

Grosse Pointe Woods was one of seven Michigan cities to win a major award in the 26th AAA National Pedestrian Safety Program. Automobile Club of Michigan announces today (June 20).

Grosse Pointe Woods won the special citation for pedestrian program activities in competition with 628 cities in the 10,000 to 25,000 population class.

A special citation is equivalent of a fourth place award.

Kalamazoo won top Michigan honors. It received an award of excellence as the nation's second safest city for pedestrians, competing with 129 cities in the 50,000 to 100,000 population class.

Five other Michigan cities, besides Grosse Pointe Woods, won special citations for pedestrian program activities. They are: Detroit, Ann Arbor and Saginaw (tied); Ferndale; and Three Rivers.

Ninety-six municipalities from across the nation won major awards in the contest. Altogether, 1,871 cities from 34 states competed.

Twenty-six Michigan cities were given pedestrian safety citations for one or more years without a pedestrian fatality.

Grosse Pointe and Grosse Pointe Farms were among nine Michigan cities who have gone a year without a pedestrian fatality.

Automobile Club of Michigan will formally present plaques to each Michigan winner at a date to be announced later.

Enemies are friends in disguise—they keep us on our toes.

Costs of Cars

(Continued from Page 1)
— gas and oil, 2.53 cents; maintenance, 68 cents, and tires, 44 cents. This totals a little over \$1.01 daily or \$370 yearly.

2. Fixed costs per year — fire and theft insurance, \$31; property damage and liability, \$126; license and registration, \$24, and depreciation, \$626. This totals \$2.21 daily or \$807 yearly.

Depends on Mileage
Motorists who travel 10,000 miles yearly spend 11.8 cents per mile, according to Auto Club's pamphlet. Traveling less than 10,000 miles yearly ups the cost per mile, whereas an annual mileage of 20,000 lowers it to 7.7 cents per mile.

Michigan car owners, however, pay less than the national average for car operation due to lower insurance rates than those paid in many other states.

Auto Club, which insures 22 percent of all Michigan motorists, says that its average insured pays \$118 annually for liability, comprehensive fire and theft, plus \$100 deductible.

Much Higher Elsewhere
This same insurance package would cost about \$321 in New York City, \$175 in Chicago and \$248 in San Francisco.

In addition to the breakdown on operating costs for private passenger cars, the pamphlet — available free to Auto Club members at local division offices — has special sections on allowances for cars used on company business, vacation travel costs plus a special report on compact cars.

VANDALS SLASH AWNINGS
The manager of Best and Co. in the Village, reported two 13 inch slits in the east awning and a 10-inch slit in the center awning in the front of the store to City police Thursday morning, June 17.

City Council Says Real Estate Signs Violate Law

(Continued from Page 1)
that one of the reasons the company desired the Mack avenue near Lincoln road location was because of the availability of advertising space.

Cites Other Violators
The Lee representative cited two establishments, the Alger Beer Store, and the Grosse Pointe Poultry Market, which have signs of obviously larger size than prescribed by the ordinance.

Hulet also complained that during the four-day period when the sign was being painted, City police drove by and waved, never protesting what they saw. But the fact remains that the existing signs are way out of proportion and not in keeping with the nature of Grosse Pointe advertising. And as one Councilman pointed out, a Real Estate Co. should especially know the effect bawdy advertising has on property values.

Mayor Burgess explained also that the City has been receiving letters from irritated citizens protesting the Lee signs.

Mr. Hulet, obviously seeing that the Council would not accept the signs in their present form, said that maybe they could be toned down in color. They are now bright red, Councilman James M. Smith suggested that perhaps the Council would be a little more ready to listen if the signs were a dull grey instead.

Hulet then offered to come up

with a slight deviation or alteration of the sign, subject to the Council's approval, and said that he would submit a sketch within 10 days.

Request Denied
At this point it was moved by Councilman Smith and supported by Councilman Ernest B. Kelly, Jr. to deny the request for deviation. The motion passed unanimously.

Councilman Walter G. Huber then made a motion that the signs be removed forthwith. He was supported by Kelly.

The discussion which ensued showed the Council to be split. Councilman William L. Hurley said it was conceivable that part of the existing sign can be used. Councilman Smith and Councilman G. Gordon Cook agreed that waiting a month more would do no harm, with the understanding that the Council is serious in its thinking.

By waiting a month, until the next Council meeting, Hulet would have a chance to change the sign to suit the Council.

Huber's motion to remove the sign forthwith was still under consideration and a roll call vote failed to carry it.

The Council finally agreed that no violation would be issued against the Lee Co. at this time. However, if the sign is not acceptable at the July meeting, the Co. will be ordered to remove it immediately.

Request Approved
Another request for deviation from the provisions of Ordinance No. 6 was made by the Schettler Drug Company. In undergoing recent remodeling, Schettler's made certain alterations in the signs attached to the facing of their building at 337 Fisher road without security Council approval of deviation from the provisions of the sign ordinance.

Since this request had to do with the alteration of existing signs, and the completed signs are now substantially the same as have been previously approved by the Council, the Council voted to approve the request. John Cantwell, City Manager, further stated that no complaints have been received from citizens.

Council authorization was also requested for the approval of the extension of the existing land contract to December 31, 1966 (dated August 1, 1958, extended on October 5, 1959) now held by the James S. Holden Company in the amount of \$30,000, covering the purchase of certain property in the St. Clair Park Subdivision and presently being used as part of the municipal parking lot system.

To Repair All Lots
Funds for the payment of this contract will be available at present expiration date of the contract, December 31, 1965. However, the extension of the contract for one year would enable the City to undertake a program for the repair and resurfacing of all city parking lots this summer.

If the contract is paid at this time, this will make available only \$15-18,000 of the \$45-48,000 needed to make repairs on the eight city parking areas. If pay-

ment on the contract is deferred, all of the badly needed repairs may be done at one time.

Mayor Burgess had contacted the Holden Company and they have agreed to the one-year extension. The contract bears an interest rate of 3 percent.

The request for Council authorization was passed. With the funds made available, the City Manager requested Council authorization for the City Engineer to prepare detailed plans and specifications and to take bids covering the resurfacing and repairing of all municipal parking lots. The request was approved, and it is hoped that the contract will be awarded and the repairs will be made in July or August.

Purchases Approved
Two recommendations of purchase made by the City Manager were okayed by Council members. One awarded the bid to Riverview Dodge for the purchase of two 1965 Dodge Station Wagons for the Police Department at a net price of \$1,801.76. This price was the lowest of three bids offered by Don Ufford Ford, Colonial Dodge, Inc., and Riverview. The expenditure has been provided for in the 1965-66 budget, and delivery will be after July 1, 1965.

The second grant was for the purchase of one brush chipper from the R. G. Moeller Company at a net price of \$3,500. The expenditure will be made after July 1, 1965 and charged to the 1965-66 budget appropriation for public improvement.

The Council passed four additional items:

• A formal resolution appointing the Bank of the Commonwealth as the paying agent for the \$1,325,000 sewer system bond issue.

• Council authorization for entering into an agreement with the Bank of the Commonwealth for the cremation of bonds and coupons as related to the \$1,325,000 sewer system issue.

• Council permission to refund boat mooring permit fees totaling \$183.75. In each instance, the owner has changed his plans and will be unable to use the facilities this season.

• Approval of a resolution authorizing signatures for the Bank of the Commonwealth, City Bank, the Manufacturers National Bank, with which the City has purchased certificates of deposit, but with which it does not have an operating account at present.

Want Time to Check
A final issue which was

denied by the Council concerned a request by the State Highway Department for a plan of urban transportation. Approval of the plan was requested before July 1. The Council felt it should have more time to explore the issue, with opportunity to seek the advice of the City Manager and City Attorney.

Finally, two citizens had a chance to ask the Council about the Bon Secours Hospital case. William Thorpe, of 17100 East Jefferson wanted to know what had been done about the appeal. Charles Wright III, City Attorney, explained that no appeal can be filed until a judgment is rendered by the Court. Until the Council sees the order, it can make no determination. Frederick Hartwig, of 424

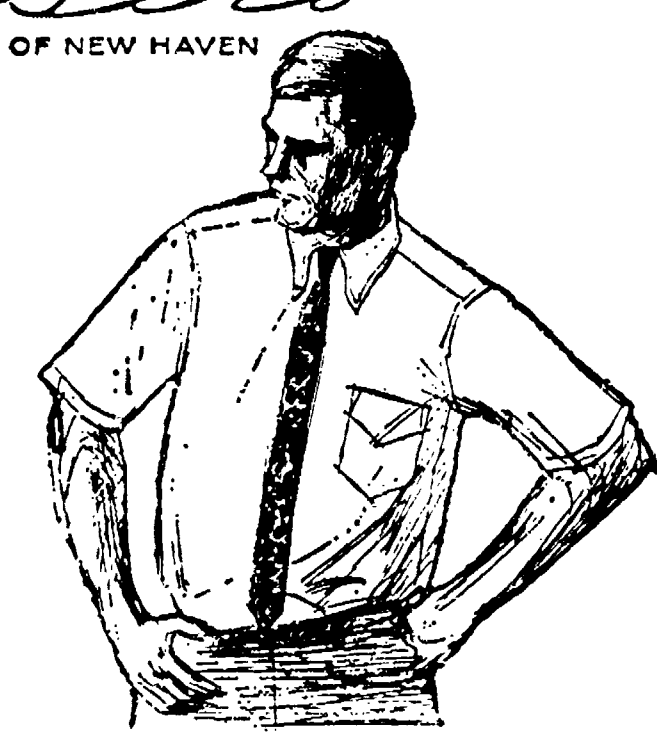

Cadeux, questioned how long the hospital would have after the appeal is made. City Attorney Wright explained that there is no time limit until after the order is issued.

In extra-special touches of glamor, there isn't a compact that can stack up to the American.

But you're entitled to a lot more than dazzle. So we give the American the good solid build, the quality feel, the beauty that is character-deep. Other compacts just don't have Double-Safety Brakes, Deep-Dip Rustproofing and the like.

1951 Slaying Shores Passes Record Budget; Pay Raises Being Given

(Continued from Page 1)
Also present at the hearing, besides the two City officers, Daly and Mullaney, who was appointed by the court, was Edward Ferris, chief of the Wayne County Prosecutor's Criminal Division.

After hearing testimony by Teetaert and Van Tiem, Judge Murphy postponed a decision on whether to permit Daly to plead guilty to second degree murder, or manslaughter, until Wednesday, June 16.

On the Wednesday date, Judge Murphy accepted Daly's plea of guilty of manslaughter, and set sentencing date for July 8.

Ferris said that the State might be able to prove second degree murder, but had a good manslaughter case. Proving first degree murder might be difficult, he said.

He said that an exhaustive examination of the transcript led to belief that recent changes and modifications and recent interpretations of applicable rules of law, would cause much of the evidence received at the original trial to be denied admittance.

It is quite possible we would have difficulty in showing premeditation," Ferris said. "The testimony of all police who broke into the room after the shooting is identical."

The defendant had his hands in the air. The shotgun was on the bed, and the words of the defendant were "Don't shoot, don't shoot. She grabbed the gun."

On February 7, 1951, Daly, on furlough from the U.S. Marine Corps, barricaded himself in a bedroom with his wife, after being allowed 15 minutes by City police to attempt to talk her into dropping divorce proceedings.

A shotgun blast sounded, and police officers broke into the room, and found Mrs. Daly slumped over the bed, fatally wounded.

Daly maintained at his trial, and at the rehearing on June 16, when he made his manslaughter plea, that his wife grabbed the barrel of the gun when he went to the door to resist arrest after police shouted they were coming in. The couple eloped to Angola, Ind., on January 28, 1950, and were married by a justice of the peace.

The other City officers who were at the scene, and who testified in the original trial, besides Teetaert and Van Tiem, were Patrolman George Moffat and Det. James Flannigan, who are no longer with the City Department; Chief Thomas Trombly, now retired; Sgt. Douglas Allor, and the late Sgt. Julius DeRaedt.

Last January, Daly petitioned for a retrial and a court-appointed attorney to represent him in a bid for freedom, and Judge Murphy appointed Mullaney.

Three weeks ago the judge granted a rehearing on the basis of the ruling of the Supreme Court, rendered on April 5.

He granted the new trial because during the original one, the prosecution introduced into evidence, bills of complaints detailing charges made by Mrs. Daly in two times she had filed for divorce.

Daly has a choice of two jobs awaiting him, if he is given his freedom next month.

LOSE WALLET
Robert Neveux of 609 Higbie place, called Farms police on Friday, June 18, and disclosed that he had lost his black leather wallet, which contained \$35 in currency and personal papers. It was lost somewhere in the city, he said.

(Continued from Page 1)
The village superintendent also said that approximately \$21,000 is included in the fiscal budget for a new pickup truck, and other equipment for the Department of Public Works.

Monies have also been appropriated for installation of steel sheet piling out into the lake, in front of the municipal swimming pool in the George Osirus Park, to straighten the shore line.

Recommended by Experts
Hydrology experts from the University of Michigan, hired by the Shores, recommended the straightening of the shore line, all the way to the park's pier. This was concurred with by the Michigan State Conservation Department.

Jefferis said that as soon as the contractor can obtain the necessary materials, the line will be straightened and the piles of dirt in the municipal park, removed from the new \$45,000 parking lot area, will be used for fill between the old edge of the park land and the new straight line.

BOY STEALS PAINT
The manager of the S. S. Kresge Co. in the Village, reported to City Police Monday, June 15, that a Grosse Pointe juvenile boy had stolen a can of spray paint from the store. After being taken to the station, he was warned and released to his mother.

He pointed out that the Shores has been able to hold its tax rate, and still give the residents the highest type of service, in spite of the fact that the Shores is strictly a residential community. There are no businesses, or other commercial property, in the Village, from which the Shores can derive extra tax monies, he said.

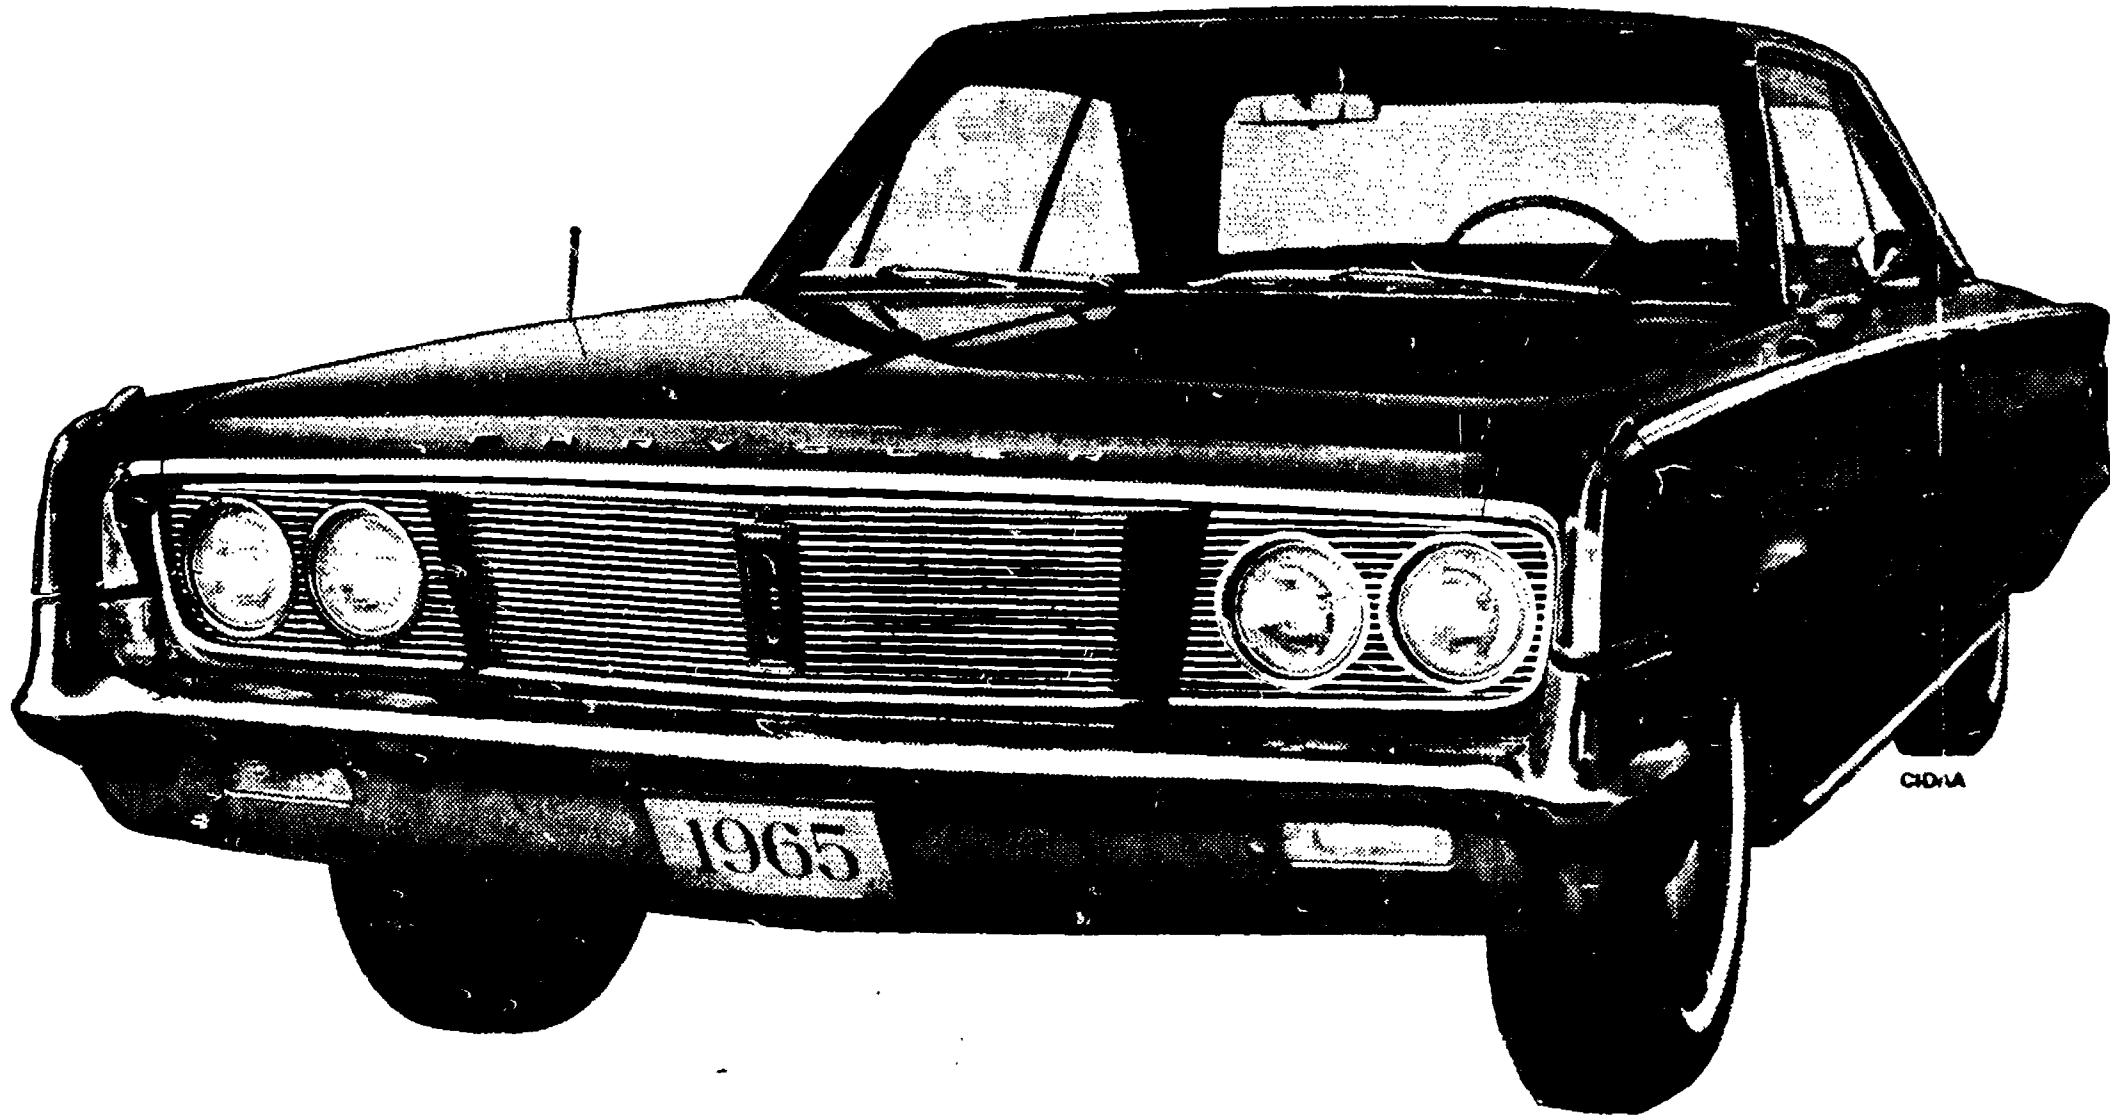

The assessed valuation of residential property in the Shores is approximately \$24,000,000. Jefferis added.

How come Chrysler has almost tripled its sales so far this year?

DRIVE ONE!

Chrysler sales are up 191%* around Detroit.

That includes all of Wayne, Oakland and Macomb counties. And it's based on sales from Jan. 1 to March 20, 1965, against the same period last year.

How come? When you drive a Chrysler, you've got yourself a really big car. That's the only kind Chrysler builds. There are no jr. editions to compromise your investment.

But that's just part of the answer. Now consider price. This year there are seven Chrysler models (out of a total 17) priced just a few dollars a month more than the most popular smaller cars,

*Based on sales for 1965 through March 20, compared to the same period last year.

comparably equipped.

That small difference in price includes power steering, power brakes, a 383 cubic inch V-8 engine, radio, heater, automatic transmission and front seat belts.

And get this. With the hottest selling Chrysler in history on our hands, we're in a great spot to give you a great deal.

Right now!

This is your year to move up to Chrysler. Isn't it?

Police Seeking Couple For Questioning in Theft

A man and woman who made a purchase at the Grosse Pointe Electronics, 19755 Mack avenue, on Monday, June 14, are being sought for questioning regarding a missing portable television set and a transistor radio, valued at a total of \$249.95.

Mrs. Gladys VanDame, 47, of 1893 Brys, wife of the owner, Donald, told Woods police that the couple entered the store and after looking over some of the items for about an hour, purchased a loud speaker for about \$20.

After the purchase, Mrs. VanDame said, she went to the front of the store to wait on another customer. When she returned to the rear of the store, she said, the couple was gone, and so was an all-channel transistor portable television set from a shelf, valued at \$200.

Later, she also discovered a portable radio, valued at \$49.95, missing from a shelf behind the rear counter.

Mrs. VanDame said that the speaker purchased by the couple, was placed in a brown box, which had enough room at the top to hold the radio.

She told police that she did not see the couple take the items, since she was at the front of the store, but after the pair left, the television and radio sets were found to be missing.

While in the store, and paying for the speaker, Mrs. VanDame said, the male purchaser flashed a large roll of bills, and seemed to make sure that she saw the money.

She described the couple as being colored. The man is five feet seven and a half inches tall, between 35 and 40 years

old, weighing about 165 pounds, has a mustache, and wearing a hat and gray suit.

The woman was described as being about the same age as the man, five feet eight inches tall, wearing a black coat and apricot color suit and with brownish tan hair.

Woods police sent out an all-points bulletin describing the pair and asking law enforcement agencies to be on the lookout for the couple.

What method of transportation the suspects had, is not known. They left by the rear door, which was open, and disappeared, police said.

MEETING POSTPONED

We believe every home in town should fly the flag on national holidays. We also believe more homes would fly the flag if more people knew where to get one. Failure to fly the flag, it has been found, is not due to any lack of patriotism on the part of Americans who love Old Glory as much today as Americans did when the Spirit of '76 was first born. Because of this we make this flag set available as a public service at our cost. The set is top quality through and through. It meets every standard the government sets for a flag of this type. In addition, the stripes are double stitched, a hallmark of flag quality usually found only at higher prices. We include with the big 3 x 5-foot flag... all the equipment necessary for rigging according to the rules of flag etiquette. These flags are available to all... with no other requirement than that you pay our basic cost... and fly one on your home on holidays. Fly the flag on important national holidays to come... and especially on the Birthday of American Independence, July 4th. The stars and stripes on your home show the world that the Spirit of '76 is as warm in American hearts today as it was at its birth on the first 4th of July... nearly 200 years gone by.

Richard married Kathryn
Kurz in June 1964, the cere-
mony taking place at St. James.
Pastor Gerken was graduated
from Concordia Seminary, St.
Louis, on May 28. In 1959, dur-
ing his sophomore year at Con-

its members to form the nuclei

couple are leaving for their new
assignment in mid-August.

The newly-ordained Pastor and
Mrs. Gerken bring a strong an-

the ministry. In addition to his
father, Richard has four uncles

Park Bar Owner Fined by LCC

Park police authorities received information from the Michigan Liquor Control Commission on Thursday, June 17, that a charge against the owner of the Rustic Cabins, 15209-11 Kercheval, having gambling paraphernalia on the bar's premises, was sustained.

Police Chief Arthur Louwers said the Commission informed him that the owner has been fined \$100, to be paid on, or before, Monday, July 19. Failure to pay the fine, it was said, will result in confiscation of the bar's license for a period of 20 days, during which operations will be suspended.

The charge against the bar owner was brought by an agent of the Liquor Control Commission, on April 25. The agent said he walked into the bar, and found betting paraphernalia on one of the tables.

The LCC did not elaborate on the charge, and did not disclose the number, or the type of, paraphernalia found in the bar.

If the fine is not paid, the Park Police Department is instructed to pick up the bar's license and hold it during the 20-day suspension, the chief said.

Farms Approves Changes In City Manager Ordinance

The Farms council on Monday, June 21, approved two amendments to the City Manager, to give the city manager broader hiring and purchasing powers, and set Monday, July 19, as the date for a public hearing in the matter.

Under the present ordinance, the city manager must have the approval of the city council before hiring city personnel, and council approval for purchase of items totaling more than \$500 in cost.

The first amendment will give the city manager the authority to appoint, suspend, or remove all city employees, except administrative officers.

The city manager will have the power, subject to confirmation by the council, to appoint all administrative officers, and will have the authority to discharge these officers without the consent of the council. Appointments, suspensions and removals must be based upon the merits and qualifications, or disqualifications of such officers, or employees.

The second amendment provides for the purchase of all materials, supplies, or equipment, by the city manager, for which funds are provided in the budget, but he may not purchase any item which exceeds any budget appropriation until the council has increased the appropriation.

Purchases of more than \$1,000 must be received by sealed bids, and must be approved, or

rejected, by the council. However, under the amendment, the city manager is authorized to make purchases for the city, provided the cost of the items do not total more than \$1,000, without consent of the council.

The amendments will become effective 20 days after enactment, or after publication, whichever time is later.

The changes in the ordinance were recommended by City Manager Andrew Bremer, Jr., to expedite administrative matters and for smoother operation, without having to wait for a bi-weekly council meeting to obtain council approval.

Farms Approves Bill Payments

At its regular meeting held on Monday, June 21, the Farms council authorized payment of bills totaling \$37,235.80, and gave its approval to City Manager Andrew Bremer, Jr., to prepare plans and specifications to take bids on asphalt recapping of city streets.

The council consented to give \$7,222.40 as partial payment to the Alban G. Brinkman company, for mechanical work completed on the new swimming pool, bathroom addition and equipment building in the municipal park.

The Maryland Electric company will receive \$1,253 as payment in full for electrical work done on the swimming pool, bathroom addition and equipment building.

Paddock Pools will receive \$2,800 as partial payment for the construction of the swimming pool.

Freeman - Darling, Incorporated, will receive \$25,878.40 as partial payment for the construction of the bathroom addition and new equipment in the Pier-Park.

Bremer was authorized to prepare plans and specifications preparatory to taking bids for the recapping of city streets, for which \$84,000 has been set aside in the 1965-66 fiscal budget.

Educators Honor Robert F. Weber

The June meeting of the Grosse Pointe Board of Education was held Monday evening in the schools' administration building at 389 St. Clair avenue. Chaired by Edward J. Pongracz, president, the major portion of the session was spent in reviewing the monthly report of Dr. Charles H. Wilson, Superintendent of Schools.

Retiring trustee Robert F. Weber, a member of the Board since 1954, was presented with a plaque commending him for his service to the schools and the community. Signed by the other school trustees, the document commented upon his numerous activities in connection with the schools, and ended, "We therefore present with respect and affection this citation for excellence in school boardmanship."

In his remarks to the group, Mr. Weber said, "For over 11 years it has been a great privilege and a great honor to serve with the distinguished citizens whom the school district put on the school board over a period of years."

"I would challenge those who are coming on this Board to continue this outstanding leadership and to keep Grosse Pointe in the front in education."

PARK

By Don Martin

The second round of three in the minor league season of the Grosse Pointe Park Little League ended last week with Michigan in the American Division and Iowa in the National Division repeating their first round triumphs. The results through last Friday:

MINOR LEAGUES

| Team | W | L | Pct. |
|-------------|---|---|-------|
| Michigan | 6 | 0 | 1.000 |
| Marines | 5 | 1 | .833 |
| Orioles | 4 | 2 | .667 |
| Army | 3 | 3 | .500 |
| Discosin | 2 | 3 | .400 |
| Mich. State | 1 | 6 | .143 |
| Purdue | 0 | 6 | .000 |

Michigan encountered little difficulty in remaining undefeated in the second of three

rounds which make up this year's season. The top team first repulsed an Army attack, 16 to 9. Winning pitcher Craig Pemberton also recorded the game's solitary home run. Other strong sluggers for Michigan included the DeClercq twins — Alex and Bob — with 2 triples and 1 double and single, respectively. Jon Worrell was Army's best batsman with 2 hits.

Later in the week, Michigan handed Wisconsin a 10 to 8 defeat. Three victories moved the Marines from 4th to 2nd place in the final standings for the second round.

The Leathernecks began their trio of wins by whipping Michigan, 19 to 4. John Bodeau led the Marines at bat with 4 hits. Bob Fitzgibbons tallied 3 hits, and teammates Tim Finan and Ford Wheatley recorded 2 hits each. John Wrubbe was winning pitcher, Michigan State's hottest hitter was Bob Schrage.

Ohio State proved a tougher opponent for the Marines but finally fell in a tightly-contested 12 to 10 game. Best men at bat for the Marines were Tim Finan (4 for 4) and Nick Licata (1 triple and 1 double). Tom Wheatley got credit for the victory.

Third Marine victim was Army. The picture brightened greatly for Ohio State — one of the Marine survivors — when it met Purdue. Behind the pitching of Norb Madison, Ohio State converted 11 hits and 5 walks into 11 runs while holding their opposition to a lowly 2 hits. Hitting hero of the day was Warren Terrace with 2 triples and 2 singles.

Wisconsin scored a 6 to 3 victory over Purdue. Kevin Milano — Wisconsin's winning pitcher — also was tops in the hitting department with 3 hits. Teammate Mark Neely duplicated his feat. Tony Buffa, Bill Craparotta and Mike Orzell each got 2 hits for an increasingly improved Purdue team.

A home run by P. Andes and 3 hits by Dick Tidswell were not quite enough to enable Purdue to conquer Michigan State. The final score: 12 for Michigan State, 8 for Purdue. Winning pitcher was Chris Dakoske.

National Division

| Team | W | L | Pct. |
|-----------|---|---|------|
| Cardinals | 3 | 1 | .750 |
| Pirates | 3 | 1 | .750 |
| Dodgers | 2 | 2 | .500 |
| Giants | 2 | 2 | .500 |
| Braves | 1 | 3 | .250 |
| Red Legs | 1 | 3 | .250 |

The Cardinals regained a share of first place in the National Division of the majors by winning 2 games during the week, but they had to content themselves to sharing the top spot with the surprising Pirates.

Neither Cardinal victory was an easy one with the Cards gaining a 2-run edge over the Braves and a 1-run win over the Dodgers. Scores for the games: 5 to 3 and 3 to 2.

Tom Stack was the hero of the earlier game both on the mound and with a bat in his hand. Chris Gauthier got 3 for 3 for the Braves.

It was Tom Stack again as he hit a homer (plus a single and double) in the Cardinals-Dodgers contest. Mike Getz pitched the entire 6 innings for the winners. Best man at the bat for the Dodgers was Win Knight with 3 hits.

A win and a loss were sufficient to keep the crusading Pirate team's hold on at least a portion of the number one spot in the National Division.

The Pirates victory came with an encounter with the Red Legs which resulted in a narrow 4 to 3 win. Winning pitcher Don Hammond pitched to only 24 Red Leg players (18 would be the minimum). Fielding honors went to Dale Johnson of the Pirates who made a tremendous running catch of a strong fly ball.

The Giants shut out the Pirates, 3 to 0, for the one loss of the week. Although Don Hammond earned 2 of the Pirates' 4 hits, it was not enough. Steve Katsorsos was number one of the hit parade for the Giants with a triple.

Earlier in the week, the Giants lost a close 8 to 7 victory to the Dodgers. Once again, the pitcher proved to be the star of the game as Tom Court hit a homer while receiving credit for the win. Greg Sison supplied strong help as relief pitcher. Tom DuFour got 2 homeruns for the Dodgers, and Steve Katsorsos got 1 for the Giants. Mario Coraci, Gary Simon and Mike Torlone added 1 single and 1 double each to their hitting records.

The Braves snapped back with an 11 to 7 defeat of the Red Legs later in the week. John Woodcock was winning pitcher. Scott Feringa earned 2 hits for the losers as did Tim Schaafsma for the victors.

Lt. James S. Delesie

In Fighter Squadron

Navy Lieutenant (junior grade) James C. Delesie, son of Mr. and Mrs. James D. Delesie of 505 Saddle lane, returned to the Naval Air Station, at LeMoor, Calif., recently, with Fighter Squadron 56, following deployment to the Naval Auxiliary Air Station at Fallon, Nev.

During the deployment, the squadron conducted extensive weapons delivery training. At the same time, the squadron conducted extensive tests with Joint Task Force Two (JTF-2).

JTF-2 is a military test organization headquartered at San Diego Base in Albuquerque, N.M. Combat aircraft of all armed services are participating in the flight test program, expected to last until the end of July.

RECKLESSNESS

Matthew E. Pollard, of 926 University Place, driving a '65 Ford Mustang, was traveling north on Washington road Saturday, June 19. He fell asleep and struck a parked car in front of 408 Washington. Owned by Frank B. Ware of 400 Washington, the '63 Volkswagen was towed to Village Service. Police issued Pollard a ticket for reckless driving.

caught the ball while running backwards. Rick Mahon also took hitting honors with a homer.

The Yankees rose from bottom to third place with 2 victories also. Winning pitcher Jim Bolton struck out 11 White Sox players and yielded only 2 hits in a 12 to 6 Yankee victory. Jim Owen was leading hitter with 3 hits.

The Yankee-Athletic game was a less one-sided affair with the final score 4 to 2 in the Yanks' favor. Pitcher Dennis Setter got credit for the win as teammates Pete Hinks and Jack Gardner joined him in adding 2 hits apiece to their records.

Bill Hemovich struck out 13 batters and allowed 2 scant walks (one intentional) in the game with the Orioles. Hemovich also starred at the plate with 3 hits in 3 trips. Dave Kennel and Mark Smaha got doubles for the Orioles.

Two double plays — both involving Gary Verkeyn with Dave Wible, first, and Dick McLaughlin, second — contributed to the White Sox win over the Senators. Louie Bruno was winning pitcher.

National Division

| Team | W | L | Pct. |
|-----------|---|---|------|
| Cardinals | 3 | 1 | .750 |
| Pirates | 3 | 1 | .750 |
| Dodgers | 2 | 2 | .500 |
| Giants | 2 | 2 | .500 |
| Braves | 1 | 3 | .250 |
| Red Legs | 1 | 3 | .250 |

The Cardinals regained a share of first place in the National Division of the majors by winning 2 games during the week, but they had to content themselves to sharing the top spot with the surprising Pirates.

Neither Cardinal victory was an easy one with the Cards gaining a 2-run edge over the Braves and a 1-run win over the Dodgers. Scores for the games: 5 to 3 and 3 to 2.

Tom Stack was the hero of the earlier game both on the mound and with a bat in his hand. Chris Gauthier got 3 for 3 for the Braves.

It was Tom Stack again as he hit a homer (plus a single and double) in the Cardinals-Dodgers contest. Mike Getz pitched the entire 6 innings for the winners. Best man at the bat for the Dodgers was Win Knight with 3 hits.

A win and a loss were sufficient to keep the crusading Pirate team's hold on at least a portion of the number one spot in the National Division.

The Pirates victory came with an encounter with the Red Legs which resulted in a narrow 4 to 3 win. Winning pitcher Don Hammond pitched to only 24 Red Leg players (18 would be the minimum). Fielding honors went to Dale Johnson of the Pirates who made a tremendous running catch of a strong fly ball.

Club Swimmers To Open Season

The Grosse Pointe Yacht Club will open the 1965 swimming season, this evening, Thursday, June 24, at the Detroit Yacht Club, against the defending Michigan Inter-Club Swimming champions.

This meet will mark the Grosse Pointe Yacht Club coaching debut of John Klang, the third G.P.Y.C. coach in as many years. Klang has directed the Warren High School Tankers for six years, producing one of the nation's finest freestylers, Darriye Kifer, presently an All-American at Michigan State.

Klang, who guided the Detroit Golf Club to an Inter-Club championship in 1962, hopes to lead the G.P.Y.C. back to respectability. In 1962, the Yacht Club finished third in the 12 team league. But since then it has been down, down, down! Two years ago, the Yacht Club finished ninth, while last year . . . well the good old Country Club of Detroit saved the Yacht Club from a last place finish.

The prospects for this season are few. Klang's major problem is filling the 26 events. Thirteen-year-old Bruce Black, a double winner in last year's finals at LeMoor, is again expected to carry the load. Bruce's brothers, Jim and Jeff, will score valuable points for Klang. Steve Mason, a versatile 16-year-old, swims freestyle, backstroke, and butterfly with equal ability.

Klang's foremost interest is to build for the coming years. Several young swimmers with potential are Patty Ray, Mary and Kathy Beck, Benny, Juanita, and Debbie Storms, Kevin Granger, Tommy Monahan and Holly Pierce.

While the Grosse Pointe Yacht Club is looking to the future, LeMoor Golf Club, which finished second last year (behind the D.Y.C.), has another strong team, as only a year separates LeMoor from the Inter-Club championship.

Overall depth and versatility is the key to this club, particularly in the 11-12 age group. In addition to Lisa Beckenhauer, and Thomas Heholt, both double winners in last year's final, Coach Roy Pouliot looks for Mary Ambrose, Laurie Simon, Ken Godin and Mike O'Berski to score points.

In contrast to previous years, Pouliot is optimistic when speaking about his older boys, ages 13-16. Max Gardner, Jim Godin, Mitch Simon, and John Walters are the leading male swimmers.

Red Run will be LeMoor's guest Sunday at 2:30 when both teams open their 1965 campaign. Red Run is considered among the four or five teams that will challenge the 64 champions. Detroit Yacht Club. But, the guess here is that the D.Y.C. is stronger than last year, and come August, it will again reign supreme.

Michael Whyte

Very Busy Lad

By Ed Bonneau

Michael Whyte, son of Mr. and Mrs. W. P. Whyte of 759 Berkshire road, has little idle time on his hands these days.

Mike, in addition to being a full time student at Michigan State University, has taken on two equally demanding jobs this spring. He was assisting the varsity football coaching staff and holding down a job as Recreation Supervisor for Pattonville Junior High School in Lansing.

Mike began his football career at Austin Catholic High School, where he received all-city and all-state honors for the fine job he did as an end for the 1961 Austin team. After his graduation in June of 1961 he enrolled in Staunton Military Academy in Staunton, Virginia.

He prepared there for a year before entering Michigan State in the spring of 1962.

While he was at Staunton he played defensive end on a team which took the championship in Virginia's tough Military League.

Since his enrollment at State he has put in two seasons as a defensive end for the Spartan varsity, and just last fall it was decided to make him an end coach for the Spartan freshman team.

During the spring Mike's job was to assist the varsity end coach in preparing next year's squad. This meant that he must be on the field from 3:30 to 6 p.m., five days a week, for a four-week span.

His other job requires him to put in a minimum of two hours a day at Pattonville. He supervises the boys' recreational activities there.

In spite of his extra-curricular activities, Mike still finds time to study. He is a Social Science major and has a C plus average.

Mike plans to graduate in the spring of 1966. He has not yet decided what he will do after graduation.

As Mike said, "I haven't really had time to think much about the future, because the 'Today's' have been keeping me pretty busy."

Men who are afraid to risk failure can never attain success.

Gene Baratta got two triples and a single driving in 4 runs. Bill Updyke hit a triple and Marc Ranney hit a double. Mike Pastor was the losing pitcher.

With the first week of the second half underway — just who said those BRAVES couldn't get to the top of their division? From the bottom in first half to top in second half in one week.
Monday found the INDIANS at Kerby in error troubles and the YANKS taking advantage to win 8 to 5 over them. Keith Cunningham was losing pitcher and Mike Ferrell the winner. Doug Dzuiba had a HR with one on. At the other diamond the DODGERS under winning pitcher Walter Cytacki II took the CARDS 8 to 3. Losing pitcher was Tom Hummel, 13. Walter was aided by a nice clean HR (there are other kinds?) by Rick Scavarda.
Tuesday the RED SOX were headed for victory to the tune of 10 to 3 until the roof fell and they lost 13 to 10 to the TIGERS. Winning pitcher was Mike Ware and losing pitcher was Tompkins, relieved by Bill Roberts. At the other diamond it was the BRAVES over the PHILLIES 9 to 7. Winning pitcher was Bob Hayes and the loser was Thompson. No other details.

Wednesday found the INDIANS taking the WHITE SOX 11 to 2 under pitching by Doug DZUIBA. Losing pitcher was Danny Sutherland relieved by Bob Ritter. At the other diamond it was the GIANTS over the first round winning DODGERS 7 to 5. Wally Marantette pitched a right nice game we understand and the losing pitcher was Gary Richardson.
Thursday those YANKS aided by two triples by Mike Ferrell and one by Bill Neoecker took the RED SOX 15 to 2. Losing pitcher was Phil Dara relieved by Ronnie Sass. At the Neighborhood Club it was the PHILLIES over the CARDS 6 to 2 as Dave Schnurr pitched very well.
Friday those BRAVES won by a forfeit and onward to the top in their division. At the other diamond the INDIANS took the GIANTS in a thriller as the lead went back and forth. Final score INDIANS 8, GIANTS 4. Byron Stuck was winning pitcher aided by a super "belly-smasher" catch by Jim Lipski, two special catches by Kip Oldani, a HR by Ben Hubbard — and a jump-up-in-the-air stab by Johnny Moran to catch the final fly and end the game. Losing pitcher was Wally Cox or Leon Nahat as the lead changed so fast our record isn't clear.

Saturday saw three games — TIGERS took the PHILLIES under winning pitcher Bill Bockstanz. Score — 4 to 1. Losing pitcher Bill Bailey. Those never quit CARDS took the YANKS 5 to 3 with Bill

Letters to the Editor

To Whom It May Concern:—
The driver of the black Falcon station wagon that hit my Basset Hound Tuesday, June 1, at the corner of Country Club lane and Moross road:—

Looking back, I think what should I have expected of you—in this Age of Apathy, why should I have expected you to offer any assistance? How did you know I had a car available? Quite frankly, if you had been driving the 25 miles as the sign indicates, you could have stopped without hitting my dog. Your attitude certainly set a fine example for the children you had in the car!

My dog weighs 60 pounds—just think how fortunate that 60 pounds wasn't a youngster!

Abby P. Franccombe

To the Editor:

I feel I must write a public letter of praise to all the patrolmen, and one in particular, who guide children across the streets to school. I have personally seen this patrolman, whose station is at Cadieux and Waterloo, twice this month, save the lives of little children by pushing them out of the way of irresponsible drivers sailing through red lights. I wonder how many parents really appreciate the fine work these people do in caring for our most prized possessions—our children.

Sincerely,
Mrs. Allan Holmes.

After the Grosse Pointe Woods authorities contrived last year to make a Mad, Mad, Mad World of their initial, and commendable, elm tree spraying program, it was difficult to imagine they could confuse taxpayers for the second successive year. But the gnomes we elect to City Hall are at it again.

Last April when I was a resident on Roslyn Rd. I received a notice from City Hall to have elm trees on the property sprayed by May 1. The nine elms involved in my case were sprayed and neighbors co-operated by having their trees treated at the same time.

On June 1 I moved to a residence four blocks away which has one elm tree. One week later (June 8) I received a mimeographed letter (undated) warning that I had not completed the spraying in respect of that lone tree.

It was an interesting letter. It said I had been previously notified to spray that elm by May 15. (Apparently the May 1 had by this time been switched backward two weeks.) I had, incidentally NOT been so notified for the simple reason I neither owned nor occupied the premises on May 15.

The letter further said I must now have the tree sprayed by June 15. (The deadline on this spraying swishes around like a roulette wheel at City Hall. It beats Las Vegas.)

I phoned City hall next morning. A most courteous clerk tried to help me, with a singular exasperation. I wanted to know which was truly the operative date by which the spraying was mandatory. Obviously, the previous owner of my new, occupied house might be responsible for the spraying. In the absence of an operative date—which was all the information I sought at City Hall—one could tell.

Two return calls later I wound up with a fat blank. The date

was a mystery. I asked that the city administrator provide the date. No, explained the clerk. The city administrator wouldn't talk.

Well, either he didn't know what the date was (which means he was falling down on the job) or he wouldn't tell (which is no service to a taxpayer whose servant he is) or there has to be some other mysterious reason I can't fathom.

Because the Mad Hatters at City Hall were acting this way, I ordered the elm sprayed, at my expense, which means accepting responsibility for spraying two residences within weeks.

This is known as being a good citizen, which the City Hall letter expects every taxpayer to be.

Finally, there is, of course, one solution for dealing with these characters who promulgate and enforce our local ordinances and, particularly, these elm spraying regulations. In the words of the unlamented and now departed Nikita Khrushchev, "Bury Them." Or, perhaps, more appropriately, Spray Them—with a jet of cold, cold water. They just might wake up.

AUSTIN WHEATLEY

Dear Mr. Edgar:—

In six issues the Grosse Pointe News published and encouraged the Clean-up and Beautification Projects that the Grosse Pointe Garden Club Council has been sponsoring. We wish to thank you and your staff for the excellent articles and the space given to improving the appearance of the Grosse Pointes.

We are sure we speak for our community also in thanking your readers for keeping their neighborhoods pleasant vistas for all to enjoy, and in thanking the shop keepers and municipal staffs who battle a continual rain of paper wrappers in public places. Many coupons have been returned to the Council and they are being worked on. Again the Scout Troops and Service Clubs at the High School have been vital parts of the Clean-up Drive. Girl Scouts from Troops 156 and 1409 Brownell cadets, and 1241 Our Lady Queen of Peace, distributed clean-up posters. Boy Scouts from Troops 19 Maire School, 39 Barnes, 61 St. Paul's, 74 Richard, 85 Monteith, 86 Trombley, 96 Memorial Church, 147 Defer School, 156 Christ Church, 399 and 639 St. Clare de Montefalco, and the Hi-Y's and Key Club picked up vacant lots and street corners school grounds. Pacells Troop 1241 helped to put the Woods lake front park in order.

Sincerely yours,
CHRISTINE R. EDWARDS
For the Grosse Pointe Garden Club Council.

WOODS MAN HURT
Ralph Daigle, 64, was cleaning an awning on the second floor of his house, 1675 Fairholme, when the rung of the ladder on which he was standing broke, and he fell to the ground. He suffered leg scratches, a bloody nose, and back injuries. He was conveyed to St. John Hospital by Woods police. The accident occurred on Saturday, June 19.

It costs very little to be courteous, but few people seem willing to pay the price.

What Goes On at Your Library

By Virginia Leonard

I fully intended writing this column several months ago. When one takes over a new job, such as I did last November 1, (as Chief of the Processing Department of the Grosse Pointe Public Library), one waits, judiciously, for a period of time before trying to analyze reactions. And then, somehow, after a suitable trial period (or more honestly, a trial and error period) I found myself each week either so involved in other businesses, or with some other much more suitable and timely subject to "air" in my newspaper space, that I have allowed almost eight months to flow by without carrying out my intended evaluation.

So here goes! First of all, let me establish the fact that I am still afloat! I have made some errors, false starts and murky decisions. But I have also learned a great deal, have watched both humility and self-assurance develop, and have found this particular administrative position challenging, exciting and immensely rewarding.

Let me tell you about the many things that are done in a Processing Department. Someone once coined the catch phrase "from publisher to public" to describe briefly our functions.

The beginning of our action, I suppose, resides in the Book Selection Committee, composed of the Chief of the Central Library, the Chief of Children's Services, Head of the Circulation Department, the two Branch Librarians, representatives from the Grosse Pointe High School, the Grosse Pointe University School and Saint Paul's School—plus the Chief of Processing acting as Chairman.

At these meetings, held bi-monthly, books for the entire Public Library System are considered and ordered. Upon their receipt, they are stamped with identification marks, priced, and sent on to the cataloger (the position which I held prior to my present one). Here they are professionally classified, analyzed—in short, cataloged—and passed on to a clerk who prepares the book pockets, cards and other necessary records.

When the volumes have been lettered, the pockets pasted, and the jackets, in some instances, laminated, they are revised and

counted by the cataloger, and, at long last, are ready for the public. Then there still remains the typing and filing of catalog cards. Not only books, but records, tapes and sheet music are prepared for our patrons.

Since this is a column and not a rule book, let me now abandon my sequential enumeration, and list, at random, some of the other work done in our Department. We receive, for example, many gift books, which must be evaluated and then processed much the same as a new book. We are constantly receiving more and more memorial book orders, and the handling of these is a part of our duties.

Periodicals for all three agencies are ordered through the Processing Department. The cataloging and maintenance of the Special Collections in the Friends Room is allotted to our Staff. We also carry on a perpetual three-year inventory of books for the entire Library system. If books are added, they are also subtracted. When they wear out or become outmoded, they must be discarded, and we keep a record of all this.

So now you know what goes on behind the scenes, to some degree. To me, the diversity of procedures, the ordering (which involves the reading of book reviews) of new materials, the handling of new books, the decisions to make—all combine to make this work immensely interesting and stimulating. There is always something new to learn, and this in itself is inspiring. Just to be made aware (and this is an insistent corollary) of the vast scope of man's knowledge as encompassed within the pages of books makes for greater insight and appreciation.

To get back to my eight months' survey—I could not have survived this period without the help and cooperation of a wonderful and competent staff, both in the Processing Department and in the entire Library System. And finally, I want to extend kudos to the Director of the Grosse Pointe Public Libraries, Mr. Robert M. Orr, who has shown infinite patience, insight, forbearance and understanding in helping a neophyte administrator over the first year's hurdles.

Brown began playing string bass only four years ago when he was a student at Grosse Pointe High School.

"Some fellows were forming a dance band," he relates. "They needed a bass player, and they told me to pick it up—so I did."

From Another Pointe of View

Life in Grosse Pointe seems to have taken on a definite French flavor in the past few weeks.

Local ladies and gentlemen, back from France, are regaling their friends with tales of Paris and the Provinces, visitors are coming from France, Pointers are going to France.

Madame Jean Le Direach, wife of Detroit's new French Consul General, and the three Le Direach children have arrived at their new home in Sunningdale drive.

Dinner For The Le Direachs

Monsieur Le Direach has been local for several months, but Madame was delayed in Paris until a few days ago.

Her first Public Appearance, (she requested time for rest and orientation before plunging into local activities), will be at The Alliance Francaise of Detroit's subscription dinner, an official welcome for herself and her husband, next Tuesday evening at The Whittier Hotel.

Mrs. Oliver Dewey Mareks, of Three Mile drive, is chairman of the informal party, which will begin with a reception and cocktail hour at 6 o'clock.

Committee members include Mrs. Peter C. Tainsh, Mrs. Michel Rasich, Donat Gauthier, Mr. and Mrs. William A. Bostick, Mrs. Charles Blessing, Mrs. E. T. Bedford, Mrs. James Merriam Barnes, and Alliance Francaise of Detroit president and Mrs. Bernard Walker.

Among those with early reservations are the Marco Nobilis, the Matthew Hudsons, the A. D. Wilkinsons, Mr. and Mrs. Robert B. Powers, Mrs. M. J. Forish, Mrs. Donald M. Woodruff, Mrs. Harry J. Mack and General and Mrs. L. S. Bork.

Although Mme. Le Direach has been here only a short while, she confesses she is "delighted" with her home and as much of the Detroit area as she has been able to see, and looks forward with pleasure to the time

Visitor From Limoges

Mrs. Kenneth E. McMillin, of Rivard boulevard, and her family are entertaining a delightful visitor, Mlle. Nicole Bregeros, daughter of M. and Mme. Henri Bregeros, of Limoges, France.

The McMillins were touring in Europe, and Nicole invited them to visit her in Limoges—which they did, and had a marvelous time!

Now, Nicole is paying a reciprocal visit, and it is her turn to have a marvelous time. She has been in and around Detroit, is impressed by the fact that "People are so happy here; they smile and they don't seem to have a care in the world!" Flappers Frolic At Skae Party

In flapper dresses and striped blazers of 40 years past, guests at Susan Barry Skae's June 15 coming-out party danced the frug, monkey watusi, and swim, very much 1925.

Guests first dined at the home of her parents, Mr. and Mrs. Edward Askin Skae, and then proceeded to the Little Club in costume for the Roaring 20's party.

Susan, a willowy blond, looked tanned and vibrant in a low-waisted, fringed gown of hot pink satin. Long beads and headband completed her costume.

Mrs. Skae greeted guests in a low-slung black frock which featured mink tails.

Co-hostess Mrs. James J. Phelan, the former Ellen Skae, reminisced in a silver lame gown, designed by Lanvin of Paris, which she wore at her own debutante party, a Snow Ball, held New Year's Eve 1924 at the Statler Hotel.

James Candler was Susan's head usher. Others were her brother, Ned Skae, and Frederick Bourke, Charles McFeeley, Robert Evans, John Lambrecht, Lance Gottfredson, and David Fuger.

Jack Qualey's orchestra played the gambit from Charleston to Cha-Cha in the Pine Room of the Club.

MRS. PETER G. WODTKE has returned to her home in Hong Kong after a visit with her parents, MR. and MRS. RALPH CROSS, of Roslyn road.

Bridesmaids, dressed identically, were Maureen Wright, a cousin of the bride, and Margaret and Jane Addison, sisters of the bride. They carried arrangements of pink Sweetheart roses and stephanotis.

Ushering were Dale Neuman, Dr. Edward Gallagher, Thomas Mular, Thomas Grace, of Jackson, and John Addison, Jr., brother of the bride.

St. Paul Sew-Set Sponsors Show

St. Paul High School's sewing class sponsored its annual Style Show recently.

This year the fashion trend followed the "Pop" fad in America and the "Mod" and "Picadilly" styles from England. "Ye-ye, mad, kicky, zingy, swiny, zany, splashy, and 'with it'" were the terms used to describe the variety in new creations shown off by the sewing class.

Instructed by Sister Marie Lucy, O.P. of the "Sew-Set," as the girls call themselves, produced a professional display of self-made clothing. As the theme of the program suggested, these clothing designs could easily span the seasons from "September to June." The outfits ranged from tastefully finished three-piece ensembles and dressy sheaths to simply styled shifts.

Looking as if they had just stepped out of a page from "Ingenue" or "Seventeen" magazine the girls received oohs and ahs of approval from their parents and friends as they glided down the runway set up in the school's All-Purpose Room.

The show began with the girls modeling three-piece suits of wool, cotton and taffeta of the first project of the clothing class. Tailored A-line or fitted skirts, box jackets and brightly colored print blouses constituted real wearability and "mix and match" possibilities in these separates.

The Mod look stole the scene with its simple lines, scooped and scalloped necklines, peek-a-boo shoes, refreshing color appeal. The Picadilly or "little girl" look was popular because of its youthful pattern of wide collars, wild mixtures of checks, polka dots and stripes and an abundance of feminine ruffles and bows. Both the Mod and Picadilly styles favored the empire waistline or no waistline at all.

Bangles, beads and a contrast between loud and delicate colors made America's "Pop" look both attractive and flirty.

The appearance of two semi-formal dresses and a full-length, quilted, print skirt graced the closing minutes of the 1965 program.

French Garden Blooms at Ball

A visit to Versailles sparked the idea for the theme of Christy Wilson's June 16 coming out party which transformed the Country Club of Detroit into a French garden which took three days to assemble. Walls were blanketed with fresh blue irises, Italian lights, and yellow plastic flowers. Then there were, of course, the mirrors, a la Louis XIV.

Christy is the daughter of Mr. and Mrs. Ralph C. Wilson. Mr. Wilson is an insurance man and owner of the Buffalo Bills, a professional football team.

Under starlit skies of swathed blue and green fabric, the 700 to 1,000 guests danced to the music of Peter Duchin, a personal friend of the Wilsons, who flew in from California. Additional entertainment was provided by the Supremes, Detroit's own top-ranking rock and roll group.

A smaller version of the Ford extravaganza of a few years back, the decor of the party featured a wrought iron gateway similar to those at Versailles, white trellises wound with yellow marigolds, a grass-carpeted entrance hall complete with fountain, and a main arch flanked by two huge French flags.

The debutante appeared radiant in a bejeweled ballgown of white chiffon made Empire style with multi-colored flowers embroidered on the bodice. Her short brown hair, styled by Marc Sinclair, flown in from Manhattan, was piled up into a crown of curls.

Mrs. Wilson wore a strapless gown of aqua peau de soie and chiffon, designed especially for her by Sarmi. She wore with it an emerald necklace.

The 18-year-old Christy, who is the oldest of the Wilsons and three daughters, danced first with her father and grandfather, a former Mississippian who founded the family insurance business.

Other parties were given before the ball itself for the debutante. Her maternal grandmother, Mrs. Brown McGregor, was hostess at a luncheon at the Country Club.

Later, Mrs. Wall Breer gave a dinner for Christy and her friends at the Little Club. The color scheme for the party was pink and white and Mrs. Breer fit right in with a Sarmi gown.

The day before, Mr. and Mrs. Jack A. Tompkins hosted 110 guests at a supper dance.

Navy Lt. Ziolkowski Awarded AF Medal

Navy Lieutenant (junior grade) Gerald J. Ziolkowski, son of Mr. and Mrs. Casimir Ziolkowski of 697 St. Clair avenue has been awarded the Armed Forces Expeditionary Medal, while serving aboard the attack aircraft carrier USS Midway, currently operating off the coast of Viet Nam.

He received this award for having served 30 or more consecutive days as a crew member aboard the Midway in a designated combat area.

MARTHA JANE HERDEGEN, daughter of MR. and MRS. ROBERT T. HERDEGEN, JR., of Merriweather road, was graduated from Rockford College, Rockford, Ill., during its 111th commencement June 6. Martha majored in Child Development at Rockford, and was a member of the Rockford College Chorus and the women's swimming team.

Good News

FOR antique lovers, collectors, do it yourself decorators. Because of the many requests from our shows and decorating service customers, "Coach House Antiques" unique and hard to find items which have been sold exclusively; to dealers and decorators from the "Barn" will now be available to the public at our new show "The Chicken Coop", 20876 Harper between 8 and 9 mile Rd. At this time "The Coop" will be open on Mondays only from 9 to 9 because we still have the "Barn" and decorating service plus numerous shows to do. So try to come out on Mondays and get the Bargains. We'll just toss the "Ruff Stuff" outside and you'll have as much fun as you would at an auction or Flea market. Be sure and wear your old buds 'cause the "Ruff Stuff" is pretty dirty that's why it's DIRT CHEAP. For information call Woodward 2-9040.

who, where and whatnot

by wboozit

Lovely in yellow . . . is Mrs. Edmund M. Brady, of Sunningdale drive, looking particularly fetching in a yellow brocaded summer suit, twin yellow flowers pinned at the back of her simple coiffure.

It was a double celebration . . . for the Michael Schneiders, of Broadstone road, when the Schneider twins, Pamela Anne and Michael Allan, were graduated from Grosse Pointe High School last Thursday. In town for the festivities was the graduates' oldest sister, Mrs. D. F. Webb, of Northbrook, Ill., her husband and HER twins, Jennifer Lohle and Daniel Lawson Webb. And enjoying both sets of "doubles" were Jennifer and Daniel's great-grandparents, Mr. and Mrs. Otto Millat, who came from their home in Zephyr Hills, Fla., for the graduation-family reunion.

"I hope you will find room . . . to make mention of the hospitality of Mr. and Mrs. Robert Hannah to my son, James P. House," read the note from Mrs. C. H. House, James, son of Mr. and Mrs. House, of Fisher road, has been a guest of the Hannahs, former Pointers now living in Seattle, Wash., while trying to find a place to live in the area. He and Robert Hannah are engineers; James is presently in a training program, continuing his graduate studies in mechanical engineering in Washington until he returns to the University of Michigan, to study for his Masters degree, in the fall. He asked his mother to send a note to the NEWS, (the Hannahs are still subscribers, "way out on the West Coast," because the Hannahs have been so kind to me," Mrs. House was glad to comply, and added a P.S. of her own: "The Hannahs were very hospitable to our whole family when we first came to Grosse Pointe in the early 1950's." Isn't it nice to hear about nice people doing nice things for other nice people?

Milton Setzer, of New York City . . . son of Mr. and Mrs. Milton Setzer, of Dorthen road, celebrated an unusual anniversary this month. Monday evening, June 7, Milton conducted his 350th performance of "How to Succeed in Business Without Really Trying," at Detroit's Fisher Theater. "I have learned professional discipline; I can completely shed my own personal thoughts as I enter the pit to conduct. I try to give every performance the same enthusiasm I would give on opening night because for all the patrons it is 'their' opening night to see the show," is Mr. Setzer's comment on his record. Guests of the conductor for the performance and an after-theater party were several of his associates during his student days at Wayne State University. Incidentally, many Grosse Pointe Community Chorus members "remember Milton when" he was chorus accompanist and piano soloist for the local group.

Dramatic color combinations . . . are a trademark of the lovely, blond Mrs. Earl G. Meyer, of Tonnancour place, absolutely stunning in a full-skirted cotton frock with a stark black skirt and chalk white bodice, accented by a vivid, VIVID pink wool stole.

Best way we can think of to visit the Detroit Zoo . . . is as a member of tonight's "Sunset Party," sponsored by the Detroit Zoological Society. Between 6 and 8 o'clock, new and prospective Founders members of the Detroit Zoological Park, at the suggestion of Mrs. Emory Moran Ford, will ride the Zoo train, take leisurely, behind-the-scenes tours of the exhibits, enjoy cocktails and hors d'oeuvres . . . Sure beats a high-noon visit to the Monkey House with several small relatives in tow, and a lunch of hot dogs and packaged potato chips, doesn't it?

Mrs. Robert Vost and Mrs. Herman Noormann, recently motored north for a weekend trip to Mackinac Island. The girls worked diligently throughout the year earning the money through cookies and calendar sales.

Indian River Catholic Shrine was visited enroute. The group stayed at Hotel Iroquois on the beach and enjoyed such activities as biking nine miles around the island, carriage rides and shopping. Fort Mackinac, Grand Hotel and Beaumont House were also on the agenda.

The girls held Court of Awards Saturday Night June 12 after enacting three short stories before the group. Such badges as Troop Dramatics, Camera and Sign of the Star were completed while on the island.

Sunday before departure the girls viewed a wonderful and colorful parade which was the feature program for the celebration of Lilac Festival Time on the island. Pointer of Interest

CLIFF LUNDGREN, OF SHOREHAM ROAD

By Janet Mueller

Prestdigitor Cliff Lundgren has amazed and delighted audiences all over the world, on boats, trains and planes, in hotels, cafes and night clubs, but he has never lost his "amateur" status.

"I've never taken a dime for a performance," he claims proudly (a friend once offered him a dime, but Cliff refused it). The measure of his magical success is not money, but the pleasure he brings to people.

But magic — prestidigitation — is only one facet of the many-sided Mr. Lundgren. He is an ex-actor, ex-banker, successful insurance executive, world traveler, dedicated photographer (slides AND moving pictures), gardener, shell collector, husband, father . . .

Just about the only thing Mr. Lundgren is NOT, is dull.

Cliff and Ruth Lundgren are the parents of two daughters, both graduates of Michigan State University. Jane (Mrs. Lawrence Grady, who makes her home in Milwaukee, Wis., is the mother of three — Steven, Janice and Philip, who just celebrated his third birthday.

Carol, (Mrs. Robert Lewis), lives only a few miles away, in Broadstone road. She, too, has three children — Douglas, David and Susan Ruth (Mrs. Lundgren is very proud of the "Ruth"). "At last," she says, "I had a grandchild named after me!"

Travel Chief Hobby

The Lundgrens consider travel their chief hobby, but they have many other interests. Cliff has been in the life insurance business for 37 years. He likes to cook, both outdoors and indoors. "My specialty used to be bran bread," he says, "but I can't get real bran flour any more." He always mixes his own barbecue sauce outdoors.

He has "more slides than I'll ever be able to show anybody," and just bought a new movie camera. He keeps his cameras and equipment in a basement darkroom, laughingly recalls the first time he and Ruth went to Europe together.

"I tried to take slides AND movies — it was quite a job!" In later travels, he concentrated on the slides.

Mr. Lundgren is a native Midwesterner, born and brought up in Marshfield, Wis. ("We used to call it The Hub — You put your finger right in the middle of the state, and that's Marshfield").

He was graduated from Marshfield High School in 1918, then entered the University of Wisconsin, where, as a member of the Students Army Training Corps, he lived in a girls' dormitory, converted into barracks for the duration of World War I.

His "service record" consisted largely in battling the flu epidemic at the University; by Christmas, the war was over.

Worked in Home Bank

During his high school vacations, Cliff had worked at Marshfield's First National Bank. A new bank was being formed at Marshfield just as Cliff was mustered out of the service; bank officials approached the young college student and asked if he would accept a position as assistant cashier.

"I thought about it, figured college graduates were getting \$100 a month and the job they were offering me paid \$125. I decided to stay at the bank instead of going back to school." His only problem, a small one, was in signing contracts as a bank officer: He was not yet 21 years old!

Resident of a small town, always interested in the theater, he began to participate in amateur theatricals, appeared in every hometown play. He concentrated on comedy parts.

"Everybody in town said I was better than Charlie Chaplin or Chick Sales. I figured I could be really good if I had some training. Around 1920, my dad asked me if I wanted to go back to the university or follow

the theatrical deal. I chose the theater."

He went to New York, enrolled in the American Academy of Dramatic Art, completed a six months' course and presented himself to the Theatre Guild, which had promised to place all American Academy graduates.

Very Minor Role

He was placed with Helen Hayes, appearing in "Golden Days" at the Gaiety Theater, 46th street and Broadway, after months of training, his "role" was a bit of a come-down: He and several other aspiring actors marched back and forth behind a window, impersonating a "whole regiment" of soldiers.

He also had one line to speak: "I forget what it was now . . . but I remember that I got \$25 for marching, and \$10 for the line."

When "Golden Days" closed, he found work with Tyrone Power, Sr., who was appearing in a production of "The Wandering Jew" at the old Knickerbocker Theater in 39th street. "I was one of the supernumeraries carrying a torch in the mob scene. Friends came to the play and said they couldn't even see me!"

Tired of not talking, Cliff Lundgren decided to try vaudeville. He eventually landed a part in a one-act vaudeville play, developed a callous on his foot a few days before he was to open, went to a chiropodist at the Astor Hotel who "cut off the bottom of my foot," passed out from pain and lost the part. "They got back the boy who had appeared in the play before — He could walk."

After joining a comedy sketch that played Sacred Concerts in "every burlesque house in New York" (regular burlesque performances were cancelled on Sundays; vaudeville acts were allowed to appear in the hope that they would be seen and booked — these Sunday vaudeville shows in burlesque houses were known as "Sacred Concerts"). Cliff finally went out on tour with a regular act.

Well Shared Apartment

After the tour, he came back to New York, to a "home base" apartment he shared with several other aspiring artists. "We would take in anybody who didn't have any money and put them up for the night. It's amazing how many people could sleep in that place!"

One of these overnight guests was an accountant who had been out of a job for six months. He knew Cliff Lundgren was looking for work, knew he had banking experience, asked, "Why not come down to the employment agency with me?"

Cliff, broke, thought "Why not indeed?" He registered at the agency, was contacted by a man from Chase National Bank, accepted a job in Chase's Customer's Securities Department. It was the end of Cliff Lundgren, professional actor, the beginning of Cliff Lundgren, businessman.

He was graduated from the American Institute of Banking in 1924 and moved to Brooklyn, where he met his wife, Ruth. She was with the Bank of Manhattan. In 1928, the Lundgrens were married. "Chase and the Bank of Manhattan merged," is the way they express it.

Free Honeymoon Cruise

They had planned to marry in September, but moved the wedding date up to April when Cliff, by then Assistant Personnel Director of Chase, was invited to cruise to Jamaica on a fruit company boat and told to "Bring your wife along." He switched from banking to life insurance at the end of '28, joining Equitable Life January 1, 1929. He has been with the

company ever since, turned down a job as Executive Secretary of the American Institute of Banking in the mid-'30s to work out of his company's home office in New York, installing and teaching Estate Planning and writing a few manuals along the way.

The Lundgrens moved to Grosse Pointe in 1944, when Cliff was named Equitable Life Associate Manager for Michigan.

In 1945 they noticed an article in the Grosse Pointe NEWS asking any newcomers in the area who were interested in forming a Newcomers Club to meet at the Bennett Burgonne home. The Lundgrens and the other five couples who attended this first meeting are the Charter Members of the present Grosse Pointe Newcomers Club.

"At first, we thought we would have a hard time getting members, but the club grew and grew."

Mr. Lundgren wrote the Constitution and By-Laws, including the famous rule that forbids membership renewal after three years: "If you haven't made friends by then, there's no hope for you!"

Planning Anniversary

There is a very active Newcomers Alumni Association, however, and the alumni are taking an important part in Newcomers' 20th anniversary celebrations, to be climaxed by a dance next October.

Mr. and Mrs. Lundgren estimate there must be more than 1,000 couples who are Pointe Newcomers' alumni, and Cliff points out that the club, through the years, has been an important factor in Pointe community life.

But the Lundgrens are not "bound" to Grosse Pointe. They began to travel over a decade ago, have journeyed all over Europe (Russia included), been around the world, through the Caribbean, visited Hawaii twice, covered North America.

The Bennett Burgonnes, who now make their home in Pennsylvania, introduced the Lundgrens to Sanibel Island, a shell collector's paradise off the west coast of Florida, where Ruth and Cliff now have a winter house, "The Coral Sea."

After talking to many people about retirement, Cliff decided some three years ago to "start taking my own medicine." He gave up management, limits himself to conducting personal business for old clients, does "what I want to do" and remains active but relaxed.

His retirement philosophy is simple: Have enough money to do the things you want to do; have a plan for doing those things; maintain an interest in life, so that life will remain important to you.

Retains Theater Love

He still has a great personal interest in the theater — "I suppose there's a bit of ham in me" — which he satisfies through his magic tricks. At first, he learned a few feats of prestidigitation "to enliven a dull party," later he picked up more "pocket" tricks and card tricks.

A professional magician, down on his luck, once offered to teach Cliff "a trick a week for \$50 for five weeks, with a bonus trick at the end." Mr. Lundgren turned the magician down, but gave him the names of five friends.

The magician "paid" Cliff by teaching him a trick for every friend who "bought" a trick. Mr. Lundgren learned his tricks — then went to his friends and persuaded them to show him the tricks they had learned!

He loves to perform, knows about 100 different tricks but concentrates on 10, believing it is better to give a good show to a new audience than to bore or give a second-rate show to an old audience: "It's the same as my selling philosophy — Have a good presentation, but don't give it to them twice!"

Yellow Daisies Picked by Deb

A color scheme keyed to Sharon Lightbody's dress of white organza embroidered with yellow centered daisies leant added interest to her debut party at the Grosse Pointe Yacht Club, Wednesday, June 16. Her frock had an inset of pale yellow satin which cascaded into a streamer in back.

The Venetian Room, in which the deb received guests, was decorated with yellow and white daisies. Yellow birds and yellow and white daisies nestled in a large birdcage which adorned the tea table.

The motif was repeated in Sharon's bouquet which was enhanced by a small yellow bird.

The debutante's mother, Mrs. W. Harold Lightbody, chose a worsted silk and lace dress of mint green. Her corsage was of yellow throat orchids.

Sharon's sister, Nancy Jane, assisted in an aqua dress.
